

## Ancient 4491

Chapter 4491 The Great Demon's Inner Alchemy

At this time, Ye Feng and the Bone Demon Saint walked directly into this dilapidated ancient battlefield.

They immediately saw that there were several undead in broken armor around them, walking directly towards the two of them.

At this time, Ye Feng did not take action.

Because he discovered that these undead wearing broken armor were not aggressive.

Because these undead wearing broken armor walk aimlessly.

Ye Feng did not take action to deal with these undead wearing broken armor, because there was no need at all.

At this moment, Ye Feng and the Bone Demon Saint were just walking in this ruined ancient battlefield, looking for the good things that might have been left behind by some ancient demons and demon saints.

Suddenly, Ye Feng discovered a shriveled corpse among the ruins of a battlefield.

Judging from the shape of this shriveled corpse, it should be a great demon belonging to the tiger clan.

But the body was in pieces.

Moreover, in the endless years, all the vitality has been lost, so it is shriveled and without any vitality.

But at this time, Ye Feng sensed an energy fluctuation from the shriveled corpse of this ancient demon.

"Huh? Could it be that there is something hidden in the body of this ancient demon?"

Uh-huh!

At this time, Ye Feng directly stretched out his hand, trying to tear apart the corpse of this ancient demon.

But the next moment.

when!

The moment Ye Feng's fingers touched the shriveled corpse of the ancient demon, there was a crisp sound like a metal collision.

The shriveled corpse of this ancient demon was as if it were made of steel and was indestructible.

With Ye Feng's current cultivation strength, there was no way he could destroy the shriveled corpse of this ancient demon.

This made Ye Feng's eyes suddenly reveal a look of deep surprise.

He couldn't help but sigh, this ancient demon was worthy of being a powerful demon clan in ancient times.

Even though he has been dead for so many years, even Ye Feng's current cultivation level cannot destroy his body.

At this time, Ye Feng could only transform the god's ring on his finger into the god's sword, and then directly cut open the shriveled body of the ancient demon.

"This is....."

Suddenly, at this moment, Ye Feng saw a round bead emitting a faint golden light appearing in the shriveled corpse of the ancient demon that he had cut open.

This made Ye Feng's eyes suddenly reveal a look of deep surprise.

This round bead must be the inner elixir of the great demon that was condensed by this ancient great demon back then!

This is the energy crystal of a strong demon clan man.

It is the most precious thing for a demon cultivator and the thing that contains the most energy.

Ye Feng's eyes suddenly revealed a look of deep surprise. He did not expect that there were inner elixirs among the corpses of these shriveled ancient monsters.

In other words, all the fallen demon saints in this dilapidated ancient battlefield, or the corpses of ancient demons, may have this inner elixir.

Although many years have passed, these great demon inner elixirs still contain a lot of energy.

At this time, the White Bone Demon Saint could not help but speak out: "This ruined ancient battlefield, since that tragic war, it is estimated that no one has come here for hundreds of thousands of years, so it is also No one has cleaned up this ancient battlefield. We are the first people to arrive here. The corpses of these ancient demons

If no one handles the body, naturally no one can obtain the inner elixir. "

Ye Feng immediately nodded, looked at the entire vast ruined ancient battlefield, and immediately said excitedly: "Quickly, let's find all the corpses of the ancient demons that are still intact. I want to use If you cut them all with the God's Sword, you might be able to find a lot of the ancient demon's inner elixir."

"good."

Hearing what Ye Feng said, the Bone Demon Saint immediately nodded.

The White Bone Demon Saint knew that Ye Feng's cultivation strength improved so quickly because he could continuously devour external cultivation resources to improve himself.

So at this time, the White Bone Demon Saint knew very well how helpful these great demon inner elixirs were to Ye Feng.

At this moment, the Bone Demon Saint did not hesitate at all, and immediately split up with Ye Fengbing to search for every corpse of the ancient demon in the entire ruined ancient battlefield.

The Bone Demon Saint is naturally working very hard at this time.

Because he has now completely become Ye Feng's subordinate, so he will work under Ye Feng honestly.

Although Ye Feng is a young man, the Bone Demon Saint has seen Ye Feng's terrifying monster and talent along the way.

Therefore, the White Bone Demon Saint feels that Ye Feng will definitely become an unparalleled existence in the future, the most powerful person in the northern region of the Ten Thousand Monsters Interface, and even become a transcendent existence in the entire Ten Thousand Demons Interface.

Therefore, the Bone Demon Saint felt that he would not lose anything by following Ye Feng. Even the more he helped Ye Feng, the more Ye Feng could give him in the future.

For the next two or three days, Ye Feng and the Bone Demon Saint worked separately to search for the corpses of all the ancient demons in this dilapidated ancient battlefield.

But I have to say that the tragic war that year was too vast and too overwhelming.

It was terrifying, so there were not as many intact corpses of the great demon left behind as the two of them had imagined.

In the end, Ye Feng and the Bone Demon Saint found a total of thirty-six corpses of the great demon that were relatively well preserved.

These monster corpses include various races, including the tiger clan, the dragon clan, the rhinoceros clan and other monster clans.

Back then, they were definitely the dominant ones in this Holy Mountain of Ten Thousand Demons.

But in the end he fell into this tragic war.

At this moment, Ye Feng looked at the thirty-six great demon corpses in front of him. Without any hesitation, he took out his God's Sword and sliced open the thirty great demon corpses smoothly.

What surprised Ye Feng was that among the thirty-six great demon corpses, a total of twenty great demon corpses contained a great demon inner elixir.

This already made Ye Feng very happy.

After all, these things are all available for free.

At this time, Ye Feng directly swallowed the twenty great demon inner elixirs in front of him, as well as the first great demon inner elixir he had obtained before, a total of twenty-one great demon inner elixirs. Entered into his belly.

Boom! !

Almost at this moment, extremely huge amounts of ancient monster energy exploded in Ye Feng's stomach.

Then it surged towards every part of Ye Feng's body, wildly increasing Ye Feng's power.

After all, you must know that these are the inner elixirs of twenty-one ancient great demons. They are all very advanced inner elixirs.

Even though many years have passed, the energy in the inner elixir has been lost a lot, but it is still enough to make Ye Feng's current cultivation level skyrocket. After all, these are things that are not available to the outside world.

Chapter 4492 A new level of cultivation

At this time, along with Ye Feng's devouring, huge amounts of energy were immediately injected into Ye Feng's body.

Because the inner elixirs of the twenty-one ancient demons that Ye Feng has swallowed now, all the energy contained in them are the most powerful ancient demons in the Ten Thousand Demons Holy Mountain.

Although countless years have passed and a lot of energy has been lost, the remaining inner elixir energy is enough to greatly improve Ye Feng's skills.

At this moment, Ye Feng's cultivation momentum immediately increased at an incredible speed.

boom!

The Sixth Heaven of Time Realm!

boom!

The Seventh Heaven of Time Realm!

boom!

The eighth level of the Time Realm!

boom!

The Ninth Heaven of Time Realm!

boom! !

Great Perfection in the Tenth Heavenly Realm of Time! !

At this time, Ye Feng's cultivation suddenly reached the tenth level of the Time Realm, Great Perfection.

After breaking through so many days in a row, Ye Feng naturally showed deep excitement in his eyes.

After all, Ye Feng never thought that there were so many inner elixirs in the shriveled corpses of these ancient demons, allowing Ye Feng to obtain so much energy.

At this time, Ye Feng immediately looked at the Bone Demon Saint beside him and found that the Bone Demon Saint was staring at him with a very amazed and incredible look.

Ye Feng immediately understood that he had devoured so many inner elixirs of the ancient demon, which must have frightened and shocked the White Bone Demon Saint.

Because it would take an extremely long time for ordinary practitioners to refine the inner elixirs of so many ancient demons, and they might even go crazy.

But in just a short moment, Ye Feng had completely devoured and refined the inner elixirs of so many ancient demons, which was really incredible.

this

Ye Feng smiled at this moment and didn't seem to care, as if he had done a trivial thing and didn't bother to mention it at all.

Ye Feng just said aloud at this moment: "We will continue to look for other opportunities left behind by this dilapidated ancient battlefield."

The Bone Demon Saint immediately nodded at this time, and then said aloud: "Ye Feng, just now when you were devouring these ancient demon inner elixirs to break through, I saw a bright divine light in a certain direction not far away. , There should be something good in that place."

Hearing what the White Bone Demon Saint said, Ye Feng immediately showed surprise in his eyes and nodded.

The White Bone Demon Saint is a majestic and tall white bone skeleton that is several thousand meters tall. The place he can see is indeed much farther.

At this time, Ye Feng directly followed the White Bone Demon Saint and flew quickly towards the place where the White Bone Demon Saint was found.

Soon, Ye Feng followed the Bone Demon Saint to the place where the divine light shined that the Bone Demon Saint had seen before.

Almost at the next moment, both of them were shocked by the scene in front of them.

I saw that this area turned out to be an ancient mineral vein.

In this mineral vein, there are densely packed ores shining with colorful light.

The energy contained in these ores is very high-level energy of heaven and earth.

At this moment, Ye Feng immediately showed deep surprise in his eyes, and couldn't help but said: "How could such a mine appear in this dilapidated ancient battlefield? And there are so many energy ores? "

Hearing what Ye Feng said, the Bone Demon Saint thought for a moment, and then said seriously: "Perhaps in the war that happened that year, too many strong men were buried in this place.

, the bodies of these powerful men underwent degradation and evolution by nature over hundreds of thousands of years, and finally settled in the earth, forming these energy ores. "

After hearing the Bone Demon Saint's analysis, Ye Feng immediately nodded and said, "What you said makes sense."

At this time, Ye Feng didn't care why these mineral veins appeared in this dilapidated ancient battlefield.

Ye Feng directly released his Devouring Domain and began to devour the energy in all the ores in this vein.

Wow!

At this moment, Ye Feng immediately absorbed a lot of energy from these colorful ores and injected it into his body.

Then Ye Feng's cultivation momentum suddenly began to grow rapidly again.

At this time, the White Bone Demon Saint was not idle at the side, continuing to absorb the death aura in this area.

The aura of death left behind by the death of these ancient demons allowed the White Bone Demon Saint to reap huge benefits.

There are even ancient demon symbols and words appearing on the surface of the bones of his body, which can enhance the strength of the White Bone Demon Saint.

At this time, with Ye Feng's absorption, Ye Feng's skill suddenly improved rapidly again.

Ye Feng's cultivation aura that he just broke through has once again achieved a breakthrough. He has directly broken through to the level of cultivation that Ye Feng is currently at, the tenth level of the years and years, and has broken through to half a step above the tenth level of the years and years. Annual ring realm.

The annual ring realm is a more powerful cultivation realm above the years realm.

You know, if it is normal times, if Ye Feng wants to break through the current biggest cultivation bottleneck, I am afraid it will take a long time to accumulate.

But at this moment, the energy contained in all the ores in this vein directly caused Ye Feng's cultivation to break through.

The bottleneck of the current large economy has directly broken through to the half-step annual ring realm above the years realm.

At this time, Ye Feng could feel that he had stepped into a new level of cultivation, the annual ring realm, and felt that he could even control some power about time.

You must know that after a practitioner steps into the realm of time, he has slowly been able to capture the breath and power of time and control some of the power of the mysteries of time.

When a practitioner transcends the realm of years and breaks through to the realm of annual rings above the realm of years, he can directly imprint the power of time into his body.

Just like trees with their own growth rings.

At this time, Ye Feng only felt that he could control some of the power of time.

This made Ye Feng's eyes suddenly reveal a look of deep surprise.

Sure enough, the annual ring realm is a new and powerful level of cultivation, which is very magical.

At this time, Ye Feng looked at the entire mineral vein in front of him and found that all the ores in the mineral vein had been drained of all their energy.

The ores in the veins that originally exuded colorful colors have completely lost all their light at this time.

Obviously, all the energy among them has been exhausted, and naturally they have lost their light and color.

At this time, Ye Feng looked at the Bone Demon Saint beside him and found that the Bone Demon Saint was shrouded in countless black lights, and seemed to be undergoing an inexplicable transformation.

Ye Feng knew that the White Bone Demon Saint must have absorbed enough of the death energy of this extremely advanced ancient demon and was undergoing an unimaginable transformation.

At this time, Ye Feng was not in a hurry to find other opportunities. Instead, he stood next to the White Bone Demon Saint and helped the White Bone Demon Saint protect the law.

Because the White Bone Demon Saint's cultivation strength can be continuously improved, it is of great help and significance to Ye Feng.

Chapter 4493 The big golden hand in the crack

At this time, as the White Bone Demon Saint continued to absorb the air of death, the black symbols and lines on the bones of the White Bone Demon Saint's body became deeper and deeper.

In the end, the two eyes of the skull of the White Bone Demon Saint were originally burning with green flames, but in the end they turned into pitch black flames.

The Bone Demon Saint changed from the original ghostly aura to the current demonic aura.

At this time, the Bone Demon Saint could immediately feel that his power had undergone earth-shaking transformation.

At this moment, the Bone Demon Saint simply opened his eyes, looked at Ye Feng beside him, and immediately said: "My strength is several times stronger than before, and I can use a very special and advanced weapon. The breath of death can instantly corrode living creatures into bodies of death."

Hearing what the Bone Demon Saint said, Ye Feng immediately nodded, smiled and said: "It's good that your strength has improved."

After finishing speaking, Ye Feng looked around, and then said aloud: "There seems to be no other good things in this dilapidated ancient battlefield. Let's leave here."

At this time, Ye Feng was ready to leave this dilapidated ancient battlefield, because Ye Feng was now in the Holy Mountain of Ten Thousand Demons, and his cultivation level had been greatly improved and changed dramatically, and he had already reached the half-step annual ring level.

At this time, Ye Feng was already capable of dealing with the thousand-year-old tree demon.

Hearing what Ye Feng said at this moment, the Bone Demon Saint immediately nodded, one person and one skeleton, and he was ready to leave here directly at this moment.

But at this time, almost at the moment when the two were about to leave here.

Boom!

Suddenly, in a certain direction not far away, there was a huge vibration and roar from the entire earth.

Sensing the vibration and roar, Ye Feng and the Bone Demon Saint immediately moved their eyes and quickly looked in that direction.

The Bone Demon Saint couldn't help but said: "Should we go directly to see the situation now? But there may be huge dangers."

Ye Feng thought for a moment at this time, and then said aloud: "Go and take a look, it's here."

At this moment, the Bone Demon Saint naturally had no objection and simply followed Ye Feng to fly quickly in the direction of the shaking earth not far away.

When they arrived at the location where the shaking sound came from, they immediately saw a rather incredible scene.

I saw that the entire ground in front of me was cracked open, and a huge underground crack appeared.

In this underground crack, a big golden hand stretched out and grasped the edge of the ground above the crack.

This big golden hand was grabbed out from the abyss under the endless cracks and held on the ground, giving people a very shocking visual impact.

But at this moment, there was no movement in the entire surrounding area.

This big golden hand just grabbed it from under the abyss, grabbed it on the ground next to the crack, and then there was no movement.

Seeing this scene at this moment, Ye Feng's eyes suddenly showed deep surprise.

It seems that there is an extremely terrifying existence living under this crack in the earth.

But now I don't know whether I am alive or dead.

Because this mysterious existence is just a big golden hand stretched out, which is thousands of meters tall.

From this, we can imagine how majestic the owner of this golden hand is.

At this time, the White Bone Demon Saint couldn't help but said in surprise: "Ye Feng, the owner of this big golden hand is definitely an extremely terrifying existence. How could anyone survive in the abyss under the cracks in the earth? There is an extremely terrifying existence that is not dead yet."

When Ye Feng heard what the White Bone Demon Saint said, he did have other guesses in his mind, and couldn't help but say: "Maybe

The owner of Xu's big golden hand was the terrifying existence that destroyed the entire Holy Mountain of Ten Thousand Demons. "

Hearing what Ye Feng said, the White Bone Demon Saint suddenly showed a look of horror in his eyes, and then said loudly: "This is very possible."

At this time, looking at the big golden hand in front of them that was grabbed from the abyss, Ye Feng and the White Bone Demon Saint were silent for a moment, and then flew directly under the abyss.

At this time, Ye Feng felt that he still needed to go down into the abyss to explore.

If the owner of this golden hand is really dead, then it will definitely be a great thing for him.

Because just this big golden hand made Ye Feng feel the endless majestic energy contained in this big golden hand, not to mention the owner of this golden snake, what exactly existed in his body  
What terrifying energy.

At this time, the Bone Demon Saint also seemed to know Ye Feng's thoughts. Without any hesitation, he directly followed Ye Feng and jumped into the abyss.

At this moment, when the two people fell rapidly, they soon reached the bottom of the abyss.

At the bottom of the abyss, the two of them suddenly saw a very shocking scene.

I saw that this big golden hand was not connected to a majestic body, but just a single big golden hand.

In other words, there is just a big golden hand here, and there is no imaginary owner of the big golden hand here.

This is a broken palm!

At this time, Ye Feng immediately showed a look of surprise in his eyes, and couldn't help but said: "Perhaps the owner of this big golden hand has completely died in that battle, and only the one left is here. This big golden hand."

Hearing what Ye Feng said, the White Bone Demon Saint couldn't help but said: "Is there such a possibility? That is, in the entire Ten Thousand Demons Holy Mountain, thousands of demon saints

Or, there were countless ancient great demons. They fought together against the master of this big golden hand. In the end, at the cost of the death of countless ancient great demons and demon saints, they only cut off the owner of this big golden hand. One of his palms is left here. "

Hearing what the White Bone Demon Saint said, Ye Feng suddenly showed a look of deep surprise in his eyes, and couldn't help but said: "If this is really the case, then the owner of this big golden hand should have had something like this back then. How terrifying? It's unimaginable."

At this moment, Ye Feng felt that what the White Bone Demon Saint said made sense.

Maybe the owner of this big golden hand back then was a powerful being from a higher spiritual dimension who came here and was attacked by countless demon saints and ancient demons.

In the end, the owner of this golden hand killed countless demon saints and ancient demons, but one of his palms was cut off and fell here.

At this time, Ye Feng suddenly saw that there was a broken sword on the big golden hand.

This broken sword has no hilt, only the tip is left.

At this time, Ye Feng looked familiar and couldn't help but fly over.

Immediately, he was surprised to find that the broken sword inserted in the big golden hand was actually the other half of the broken black sword that he had discovered before, with only the hilt and half of the sword body left.

Seeing this scene at this time, Ye Feng immediately understood. It was probably the owner of this black broken sword back then. He was probably the most powerful demon saint practicing swordsmanship in the Ten Thousand Demons Holy Mountain. He finally cut off the sword. A palm of the owner of this big golden hand.

At this moment, Ye Feng didn't hesitate at all. He immediately pulled out the sword tip and put it into his storage ring.

When he returns to the Blood Demon Dynasty in the future, if there is a chance, Ye Feng plans to see if he can invite some powerful weapon training masters from the Blood Demon Dynasty to see if he can restore this ancient black broken sword. Resurrect this peerless sword weapon.

Chapter 4494 Returning

At this time, Ye Feng still attached great importance to this black broken sword.

After all, this was a peerless sword left by a very terrifying demon clan strongman in the Wan Yao Holy Mountain.

Although it has been broken into two pieces now, it can still burst out with a very terrifying sword weapon power.

Ye Feng didn't even dare to imagine that if the two broken swords could be combined into one and revived as a whole, then this peerless weapon would definitely be able to re-exert its most powerful power in the past.

At this time, Ye Feng did not hesitate at all, and directly released the devouring field to start devouring this broken golden hand.

According to the guess of the White Bone Demon Saint, this golden hand must have been the one that destroyed the Wan Yao Holy Mountain.

That terrifying existence, with such terrifying strength, must have come from a higher level of cultivation dimension or a higher level of cultivation interface, so it has such a powerful force.

At this time, Ye Feng did not hesitate at all, and began to frantically devour the energy in this golden hand.

The energy in this golden hand was very high-level. After Ye Feng swallowed it, he immediately felt a very terrifying energy, which was directly and quickly injected into his Dantian.

At this time, Ye Feng could immediately feel that his skills were improving at an incredible speed, and what surprised Ye Feng was that this golden hand actually contained very rare divine substances.

This made Ye Feng more certain that the owner of this golden hand must have come from a very high-level cultivation interface, otherwise, it would be impossible for such a huge amount of divine substances in his body.

At this time, Ye Feng's cultivation immediately began to break through rapidly.

And his immortal body of the gods was also constantly training and improving.

"Boom!"

At this moment, the energy contained in this golden hand was so magnificent and terrifying that it directly broke through the bottleneck of Ye Feng's cultivation, and directly broke through the current super bottleneck, and directly broke through to the first level of the annual ring realm above the half-step annual ring realm.

At this moment, when Ye Feng broke through to the real annual ring realm, he immediately felt that his all-round abilities had been incomparably improved.

His own power reserves were many times larger than before.

In addition, Ye Feng's combat effectiveness was also incomparably improved.

At this time, what surprised Ye Feng was that the energy in the golden hand had not been completely swallowed up.

At this time, Ye Feng continued to swallow, and the aura of his cultivation on his body immediately continued to burst out crazily again.

Boom!

Annual Ring Realm Second Heaven!

Boom!

Annual Ring Realm Third Heaven!

At this time, when Ye Feng's cultivation level soared to the third heaven of the annual ring realm, it finally stopped completely.

At this moment, Ye Feng's eyes suddenly showed a deep surprise.

Unexpectedly, the energy contained in this golden hand was so terrifying that it could actually improve his cultivation level so much at once.

In addition, Ye Feng's current cultivation has broken through to the third level of the annual ring realm. After that, Ye Feng could feel the divine substance contained in this golden hand, which also allowed his immortal body to be directly upgraded from the fifth level of the third stage to the ninth level of the third stage. This breakthrough speed is already very fast. What makes Ye Feng feel very incredible is that the reserves of divine substances contained in this golden hand are so amazing that the physical strength of his immortal body has been greatly improved, directly upgraded to the ninth level of the third stage. At this time, Ye Feng is more certain that the owner of this golden hand must have come from a very high cultivation dimension, otherwise, it is impossible to have such a huge energy and this very rare divine substance. Because Ye Feng once heard Chu Huang say that in the world of high-level cultivation latitude, those powerful creatures can draw eternal and immortal divine substances from between heaven and earth and from the natural universe for cultivation. So these powerful creatures have divine substances in their bodies. This makes Ye Feng look forward to entering the world of high-level cultivation dimensions even more. Because in the world of advanced cultivation dimensions, many powerful creatures have divine substances in their bodies, which will definitely have great benefits for the improvement of their immortal bodies.

However, at this time, Ye Feng knew that he was still far away from that time. Ye Feng felt that only when he became the strongest existence in the universe of the Origin World, would Ye Feng go to the end of the Origin World and enter the extraterritorial world connected to the end of the world, that is, a world of advanced cultivation dimensions.

At this time, Ye Feng threw away some unrealistic ideas in his mind, and a happy smile suddenly appeared on his face.

This golden hand really brought him a huge improvement.

At this moment, Ye Feng looked at the White Bone Demon Saint beside him, and his eyes suddenly showed a trace of confidence, and he said aloud: "Let's go, let's deal with that thousand-year-old tree demon."

The White Bone Demon Saint also nodded instantly at this time.

Because in the eyes of the White Bone Demonic Voice, Ye Feng has simply become a peerless monster.

During the time he spent with Ye Feng, the White Bone Demon Saint saw each of Ye Feng's incredible methods, which were truly astonishing.

Even an older person like the White Bone Demon Saint from the Northern Territory of the Ten Thousand Monsters Interface felt deeply shocked and amazed.

At this time, Ye Feng took the Bone Demon Saint and flew directly towards the center of the small world inherited by the Murong family.

Soon, Ye Feng returned to the center of this small world.

Ye Feng immediately saw a huge black tree in front of him, which seemed to be practicing in the area where the first generation ancestor of the Murong family was buried.

Seeing this scene, Ye Feng's eyes suddenly showed a cold look, and he flew quickly towards the front.

And the aura of Ye Feng's arrival instantly attracted the attention of the thousand-year-old tree demon.

The thousand-year-old tree demon immediately opened his eyes.

The pair of eyes hidden in the trees, exuding red light, suddenly showed a deep sneer, and said loudly: "Boy, you are here to die. I haven't seen you in just a few days." , Your cultivation aura seems to have increased a lot, but it is of no use. If you want to deal with me, you are still far away. You are just looking for death!" At this time, Ye Feng was worried about this. The Black Broken Sword is still taken very seriously.

After all, this is a peerless sword left behind by a very terrifying monster master in the Holy Mountain of Ten Thousand Monsters.

Although it has been broken into two pieces, it can still explode with terrifying sword power.

Ye Feng couldn't even imagine that if the two broken swords could be combined into one and resurrected into a whole, then this peerless weapon would definitely be able to regain its most powerful power.

At this time, Ye Feng did not hesitate at all, and directly released the Devouring Domain and began to devour the broken golden hand.

This big golden hand, according to the White Bone Demon Saint's guess, must have been the one that destroyed the Ten Thousand Demons Sacred Mountain back then.

That terrifying existence has such terrifying strength. It definitely comes from a more advanced cultivation dimension or advanced cultivation interface, so it has such powerful power.

At this time, Ye Feng did not hesitate and began to crazily devour the energy in this golden hand.

The energy in this big golden hand was very high-level. After Ye Feng swallowed it, he immediately felt a very terrifying energy, which was quickly injected into his Dantian.

At this time, Ye Feng could immediately feel that his skill was improving at an incredible speed. What surprised Ye Feng was that this big golden hand actually contained a very rare divine substance.

This made Ye Feng even more certain that the owner of this big golden hand must have come from a very high level of cultivation. Otherwise, it would have been impossible for him to have such a huge amount of divine material in his body.

At this time, Ye Feng's cultivation base immediately began to break through quickly.

Moreover, his Immortal Body of God is also undergoing continuous training and improvement.

"boom!"

At this moment, the energy contained in this big golden hand was so majestic and terrifying that it caused Ye Feng's cultivation bottleneck to break through the current super bottleneck in an instant, reaching half a step. The first level of the annual ring realm is above the annual ring realm.

At this moment, when Ye Feng broke through to the true growth ring realm, he immediately felt that his abilities in all aspects had been improved unparalleled.

My own skill reserve is many times greater than before.

In addition, Ye Feng's combat effectiveness has also been unparalleledly improved.

At this time, Ye Feng was very surprised that the energy in the golden hand was still not completely swallowed up.

At this time, Ye Feng continued to devour, and Ye Feng's cultivation aura immediately continued to explode crazily again.

Boom!

The Second Heaven of the Annual Ring Realm!

Boom!

The Third Heaven of the Annual Ring Realm!

At this time, when Ye Feng's cultivation skyrocketed crazily to the third level of the Annual Ring Realm, it finally stopped completely.

At this moment, Ye Feng's eyes suddenly revealed a look of deep surprise.

I didn't expect that the energy contained in this big golden hand was simply terrifying to the extreme, and it could actually improve my cultivation so much in one go.

In addition, Ye Feng's current cultivation has broken through to the third level of the annual ring realm.

After that, Ye Feng could feel the divine substance contained in this golden hand, which also allowed his immortal body to be directly upgraded from the fifth level of the third stage to the ninth level of the third stage.

The speed of this breakthrough is already very fast.

What makes Ye Feng very incredible is that the reserve of divine material contained in this golden hand is so amazing, which greatly improves the physical strength of his Immortal Body of God, directly raising it to the third level of the third stage. Nine floors.

At this time, Ye Feng was even more certain that the owner of this big golden hand definitely came from a very high spiritual dimension. Otherwise, it would be impossible to possess such huge energy and this very rare divine substance.

Because Ye Feng once heard Emperor Chu say that in the world of higher cultivation latitudes, those powerful beings can absorb eternal and immortal divine substances from between heaven and earth, from the natural universe, and use them for cultivation.

Therefore, the bodies of these powerful creatures contain divine substances.

This made Ye Feng even more looking forward to entering the world of advanced cultivation dimensions.

Because in the world of advanced cultivation dimensions, the bodies of many powerful creatures contain divine substances, which will definitely be of great benefit to the improvement of one's immortal body.

But at this time, Ye Feng knew that he was still relatively far away from that time. Ye Feng felt that only if he became the strongest existence in the world of origin, Ye Feng would probably go to the world of origin. At the end, enter the extraterrestrial world connected to the end of the world, which is a world of higher cultivation dimensions.

At this time, Ye Feng threw away some unrealistic thoughts in his mind, and a happy smile suddenly appeared on his face.

This big golden hand really brought me a huge improvement.

At this moment, Ye Feng looked at the Bone Demon Saint beside him, and his eyes suddenly showed a hint of confidence, and he said loudly: "Let's go, let's deal with that thousand-year-old tree demon."

The Bone Demon Saint also nodded instantly at this time.

Because in the eyes of the White Bone Demonic Voice, Ye Feng has simply become a peerless monster.

During the time he spent with Ye Feng, the White Bone Demon Saint saw each of Ye Feng's incredible methods, which were truly astonishing.

Even an older person like the White Bone Demon Saint from the Northern Territory of the Ten Thousand Monsters Interface felt deeply shocked and amazed.

At this time, Ye Feng took the Bone Demon Saint and flew directly towards the center of the Murong family's small world.

Soon, Ye Feng returned to the center of this small world.

Ye Feng immediately saw a huge black tree in front of him, which seemed to be practicing in the area where the first generation ancestor of the Murong family was buried.

Seeing this scene, Ye Feng's eyes suddenly showed a cold look, and he flew quickly towards the front.

And the aura of Ye Feng's arrival instantly attracted the attention of the thousand-year-old tree demon.

The thousand-year-old tree demon immediately opened his eyes.

The pair of eyes hidden in the trees, exuding red light, suddenly showed a deep sneer, and said loudly: "Boy, you are here to die. I haven't seen you in just a few days." , Your cultivation aura seems to have increased a lot, but it is of no use. You are still far from ready to deal with me. You are just looking for death!"

Chapter 4495 Must avenge past shame

At this time, it was obvious that this thousand-year-old tree demon did not take Ye Feng seriously.

He had beaten Ye Feng to a pulp before, so when he saw Ye Feng coming back again, he naturally felt that Ye Feng could not be his opponent at all.

Even if Ye Feng's current cultivation level has indeed improved a lot, this thousand-year-old tree demon does not take Ye Feng seriously.

After all, only a few days had passed since Ye Feng escaped in embarrassment.

In the past few days, the thousand-year-old tree demon thinks, what improvement can Ye Feng make?

At this moment, when Ye Feng heard the thousand-year-old tree demon's ridicule, he just smiled coldly, and then said, "I will kill you today."

After finishing speaking, Ye Feng didn't hesitate at all and just asked the Bone Demon Saint to charge forward.

boom!

At this moment, the White Bone Demon transformed into a majestic skeleton giant several kilometers away, and charged directly towards the thousand-year-old tree demon in front of him, frantically charging away. ??

At this time, the White Bone Demon Saint possesses an incomparably powerful body. After being tempered by the advanced death energy in the Ten Thousand Demons Holy Mountain, the bones have become even stronger. They are simply indestructible, as if they were made of divine iron. The same.

Therefore, at this time, it is the best choice to let the Bone Demon Saint directly take the lead.

At this time, the thousand-year-old tree demon saw a towering skeleton giant with a height of several thousand meters next to Ye Feng, rushing towards him. He immediately laughed out loud: "Even if you find a helper, It's of no use."

boom! !

After finishing speaking, the entire body of this thousand-year-old tree demon began to expand rapidly, and then finally expanded directly into a majestic black tree tens of thousands of meters long.

He directly released tree trunks. These tree trunks were all dark in color, giving the impression that they were made of black steel. They had extremely terrifying penetrating and destructive power.

Swish, swish, swish!

At this moment, the big black tree suddenly shot forward, with thousands of branches like thousands of spears.

In this way, it pierced forward crazily, and instantly bombarded the body of the Bone Demon Saint.

"Boom!"

At this moment, the White Bone Demon Saint immediately felt a very terrifying force attacking his body, causing his entire majestic skeleton giant body of several kilometers to take several steps back.

At this time, the White Bone Demon Saint also showed deep surprise in his eyes. It seemed that he did not expect that the thousand-year-old tree demon Ye Feng dealt with was indeed much more powerful than imagined.

Ye Feng naturally knew at this time that this thousand-year-old tree demon was very powerful.

But now, Ye Feng is much more powerful than before.

Boom! !

At this moment, Ye Feng directly burst out with the power of a new and powerful level of cultivation that he had just broken through.

The terrifying magic power of the third level of the annual ring realm surged out from Ye Feng's body in an instant and spread towards the surroundings.

Then at this moment, Ye Feng directly used the extremely powerful inheritance he had received before, the Azure Dragon Sky-Destroying Claw.

This is a set of peerless inheritance of ancient demons that Ye Feng obtained from the Holy Mountain of Ten Thousand Demons.

Boom!

At this moment, Ye Feng directly stretched out a hand without any hesitation.

His hand immediately turned into a huge cyan dragon claw, which was thousands of meters tall, vast and majestic, as if it could tear the entire sky, and directly bombarded towards the thousand-year-old tree demon.

Boom!

At this moment, Ye Feng's green dragon claw had extremely terrifying destructive and oppressive power. It directly hit the top of the thousand-year-old tree demon's head and immediately knocked the thousand-year-old tree demon upside down. go out.

"What??"

At this moment, the thousand-year-old tree demon climbed up from the ruins, with a look of deep horror in his eyes.

He stared at Ye Feng in disbelief, shouted and said: "Boy, this is impossible!! How could it be possible that your strength has improved so much in just a few days? You met me before They all ran away in panic, and now you can blow me away? This is absolutely impossible! There is no such chance in this small world that can make you undergo such a big transformation? Have you gone to the most terrifying and mysterious place in our little world, the Holy Mountain of Ten Thousand Demons?"

At this time, it was obvious that the thousand-year-old tree demon was very familiar with this small world. He instantly guessed that the reason why Ye Feng's strength grew so fast and so strong must have gone to a very terrifying and mysterious place. A place made by chance.

In this small world, only a mysterious and unpredictable place like the Holy Mountain of Ten Thousand Demons can allow a person to transform into such a powerful level in such a short period of time.

At this time, seeing the unbelievable gaze of the thousand-year-old tree demon, Ye Feng just smiled slightly and said loudly: "You don't need to know so much, you only need to know that you will definitely die today. You killed me and I ran away in embarrassment. Today I will avenge my shame!"

Hearing what Ye Feng said, the face of the thousand-year-old tree demon suddenly became a little uncertain, because he admitted that he had underestimated Ye Feng, and Ye Feng had indeed become much stronger now.

At this time, the thousand-year-old tree demon seemed to have thought of something, and immediately frantically displayed his extremely powerful bloodline power.

That's right!

Although this thousand-year-old tree demon is a plant creature, it also has very ancient tree god blood flowing in its body.

At this moment, the thousand-year-old tree demon activated the tree god blood in his body.

His entire dark tree body quickly changed its form again, and finally turned into a dark giant.

This dark giant is more than 100,000 meters tall and looks very visually impactful.

And on his head, he is wearing a crown like a tree crown.

At this moment, the dark giant transformed by the thousand-year-old tree demon directly burst out with extremely terrifying power, and instantly rushed towards Ye Feng, trying to kill Ye Feng instantly.

Because he couldn't maintain this state for too long.

At this time, Ye Feng also knew that it was the critical moment of the battle.

Ye Feng didn't hesitate at all, and directly took out the extremely powerful black broken sword he had obtained before.

Ye Feng did not use the Sword of the God directly at this time, because Ye Feng could not use the power of the weapon in the Sword of the God, and could only use its sharpness, so he could not fight against the crazy thousand-year-old tree demon.

Swish!

At this time, Ye Feng did not hesitate at all and took out the black broken sword on his back.

Although this black broken sword had been broken, Ye Feng input his huge mana into the black broken sword at this time, and was able to stimulate the tremendous power of the peerless weapon remaining in the black broken sword.

At this moment.

Boom! !

After the black broken sword in Ye Feng's hand was blessed by Ye Feng's huge mana, a dazzling dark sword light burst out directly from the broken sword body, which was tens of thousands of meters long, as if it could penetrate the sky and tear in all directions, and suddenly chopped fiercely at the thousand-year-old tree demon rushing forward.

This sword was extremely terrifying.

The thousand-year-old tree demon was immediately horrified and exclaimed, "This is the Dark Sword of the Dark Sword Master! It was the sword of the strongest sword master in our small world! This sword should have been destroyed in the terrible turmoil in the small world that year. How could it appear in your hands?"

Chapter 4496 Successfully succeeded

The thousand-year-old tree demon was really shocked at this time.

Because he saw the legendary black broken sword in Ye Feng's hand.

This black broken sword had caused countless bloody storms in this small world back then. It was an earth-shaking peerless weapon.

Although this sword of darkness is now broken, this broken black sword can still burst out with super power.

Even an ancient figure like the thousand-year-old tree demon was unable to resist him for a while.

At this time, Ye Feng held the black broken sword in his hand and said with a cold smile: "So I said, you will definitely die today. Although it has only been a few days, to me, it is equivalent to After countless years of practice, my cultivation strength has risen to a very terrifying level."

At this time, Ye Feng continued to input his huge mana into the black broken sword in his hand.

Boom!

At this moment, a black sword light that was several kilometers long erupted from the small black broken sword. It had the power to tear the heavens and the earth apart, and it was directed towards the thousand-year-old tree demon ahead. Continue to attack.

For Ye Feng, this thousand-year-old tree demon no longer poses any threat, so he naturally tries his best to kill this thousand-year-old tree demon.

At this moment, Ye Feng was holding the black broken sword in his hand. The powerful magic power would not stop at all. He poured it crazily into the black broken sword in his hand and slashed forward crazily.

Even if the thousand-year-old tree demon has turned into a dark giant at this time and activated the blood of his dark tree god, it will be of no use.

Because Ye Feng's current mana has been raised to a very terrifying level.

Moreover, the black broken sword in his hand was the natal magic weapon of an ancient big shot in this small world, so it was very powerful.

At this time, Ye Feng held the tens of thousands of meters long black sword light in his hand and slashed crazily forward.

r\u003e

Even for an incomparably powerful existence like the thousand-year-old tree demon, at this time, the black branches on his body were chopped off by the black broken sword in Ye Feng's hand, and fell to the ground. .

Then all the power of this thousand-year-old tree demon is rapidly declining.

Because as each branch of his body was cut off, the aura of power on his body became weaker.

Ye Feng clearly felt this change, and his eyes suddenly revealed a look of deep surprise.

It seems that the attack of his black broken sword is still very effective, causing this thousand-year-old tree demon to rapidly lose strength.

At this time, the face of the thousand-year-old tree demon suddenly became extremely ugly.

Originally, he thought Ye Feng came here just looking for death, but now the thousand-year-old tree demon discovered that it was him who was looking for death.

At this time, the thousand-year-old tree demon regretted very much that he had underestimated Ye Feng.

At that time, the thousand-year-old tree demon should have left here before Ye Feng came back, so Ye Feng would not be able to find him.

But I didn't expect that Ye Feng would become so powerful in just a few days. This was something that the thousand-year-old tree demon could never have imagined.

Because this is so incredible.

It was simply impossible, but it really happened to Ye Feng.

At this time, the thousand-year-old tree suddenly stared at Ye Feng, his eyes filled with deep shock and anger, and he couldn't help shouting: "Young man, who are you? What on earth are you doing?" "What kind of bloodline and what kind of physique is it possible to have such an incredible talent?"

At this time, the thousand-year-old tree demon was Ye Feng's enemy, but he was also shocked by Ye Feng's terrifying progress and breakthroughs.

Shocked.

Because this kind of talent is really terrifying to the extreme.

It is even impossible for humans to do it.

Even the descendants of ancient gods cannot do this!

In just a few days, the strength has undergone earth-shaking changes.

At this time, Ye Feng heard the roar of the thousand-year-old tree demon. His face was very indifferent, and there was no change at all. Instead, he said loudly: "No matter what, you must die today."

Boom!

At this moment, Ye Feng held the black broken sword in his hand and slashed wildly, creating terrifying sword rays.

The terrifying sword energy tears apart the world, and the huge sword light can pierce through the eight wastelands.

In the end, even the thousand-year-old tree demon couldn't resist it. He could only watch helplessly and desperately as his branches were gradually cut off by Ye Feng.

boom!

The thousand-year-old tree demon collapsed and turned into a corpse, lying on the ground!

At this time, Ye Feng finally breathed a sigh of relief and finally killed this thousand-year-old tree demon.

Ye Feng's strength was almost exhausted at this time.

After all, the mana required to activate an ancient treasure like the Black Broken Sword is too huge.

Even Ye Feng was a little overwhelmed for a while.

But in the end, he killed this thousand-year-old tree demon.

Ye Feng naturally showed a deep look of joy on his face.

After all, this thousand-year-old tree demon can be regarded as a formidable enemy to Ye Feng.

So at this time, Ye Feng got rid of this big enemy, which naturally made Ye Feng very happy.

At this moment, Ye Feng didn't hesitate at all. He rushed forward and sensed it, but he didn't sense the blood energy in the branches of this thousand-year-old tree demon.

However, Ye Feng dug out a black crystal from the branch of this thousand-year-old tree demon.

This black crystal contains a very large amount of energy from the ancient tree demon.

This should be the core of this thousand-year-old tree demon.

At this time, Ye Feng did not hesitate and immediately released his Devouring Domain and began to devour the thousand-year-old tree demon's monster energy contained in this black crystal.

"Buzz!"

At this moment, Ye Feng immediately felt a very majestic energy, which was immediately injected into his body.

The skill in Ye Feng's dantian immediately increased rapidly and continuously.

Buzz!

At this moment, Ye Feng's cultivation aura suddenly continued to rise and began to break through.

boom!

The Fourth Heaven of the Annual Ring Realm!

boom!

The fifth level of the annual ring realm!

boom!

The Sixth Heaven of the Annual Ring Realm!

boom!

The Seventh Heaven of the Annual Ring Realm!

At this time, after swallowing the energy crystal of this thousand-year-old tree demon, Ye Feng's cultivation level suddenly broke through the fourth level.

He had made so many breakthroughs at once, and Ye Feng's eyes suddenly revealed a look of deep surprise.

It seems that he did not expect that the energy core bred by this thousand-year-old tree demon actually possesses such huge energy.

At this time, Ye Feng didn't hesitate at all, and directly took the true dragon's lair on the branch of the dead thousand-year-old tree demon and put it into his own hands.

Then Ye Feng put the corpse of the ancient flame dragon in the true dragon's lair into the storage ring.

Ye Feng promised to find the blood of the True Flame Dragon for Murong Changming, and finally succeeded!

Chapter 4497 Insignificant

At this time, Ye Feng was still very happy.

After all, in this small world of the Murong family's ancestral land, although Ye Feng also experienced a lot of risks, he got a lot of good things in the end.

For example, there are many cultivation resources that allow Ye Feng to improve his cultivation skills, as well as the extremely powerful peerless inheritance, and the peerless treasures left by the demon saints. The power of the black broken sword is really terrifying.

Ye Feng knew that even if he really didn't have the ability to restore this black broken sword, it would still be able to exert a terrifying power beyond ordinary peerless weapons.

At this time, Ye Feng didn't hesitate at all. He looked directly at the Bone Demon Saint beside him and said, "Let's leave now. Things here have been completely completed."

Hearing what Ye Feng said, the Bone Demon Saint immediately nodded, and then flew directly into Ye Feng's storage ring.

Uh-huh!

Ye Feng was alone at this time, flying quickly in a certain direction in the distance. .??.

For Ye Feng, his mission here has now been completely completed.

And now that one month is almost here, Ye Feng naturally wants to leave this small world as soon as possible.

At this moment, Ye Feng quickly flew towards the initial direction of this small world.

But just at the moment when Ye Feng flew halfway.

Boom!

Suddenly, a huge roar came from a certain direction not far away.

There seemed to be a lot of terrifying energy surging not far away.

At this time, Ye Feng sensed this terrifying energy fluctuation. Without any hesitation, his eyes immediately lit up and he flew quickly in that direction.

When Ye Feng flew to the place where the roar came from, he immediately saw the young geniuses of the Murong family attacking a man who crawled out from the ground.

Fire giant.

This flame giant seems to be an ancient Balrog clan, possessing very terrifying flame power. Every attack can erupt with monstrous flame energy, and has extremely terrifying melting and burning power.

At this time, Ye Feng flew over and immediately saw the three top geniuses of the Murong family, Murong Xixi, Murong Tianjun and Murong Ba. Among this group of geniuses of the Murong family, they were attacking the flame giant.

At this time, the situation on the field was very intense, and everyone was frantically attacking the flame giant.

But the attacks of the many young geniuses from the Murong family did little harm to the flame giant.

So this flame giant has killed several young geniuses from the Murong family.

This deeply shocked many of the young people of the Murong family.

It seems that he did not expect that such an extremely powerful ancient creature would appear here.

At this time, she saw Ye Feng flying over. Murong Xixi knew Ye Feng, and she immediately said: "Ye Feng, come join us and deal with this flame giant together."

When Ye Feng heard what Murong Xixi said, he nodded slightly and flew over.

At this moment, Murong Tianjun and Murong Ba, two top geniuses, glanced at Ye Feng suspiciously and said: "Murong Xixi, are you sure this outsider can help us? Or let him leave here. Well, lest this flame giant is too powerful and inadvertently hurts Ye Feng, the elder Murong Changming will be angry. After all, Ye Feng is the young descendant brought by Murong Changming. "

At this moment, it is obvious that Murong Tianjun and Murong Ba have no hostility toward Ye Feng, and even want to protect Ye Feng's safety and let him escape as soon as possible.

leave.

But between words, he seemed to be very contemptuous of Ye Feng's strength.

At this time, when Ye Feng heard what these people said, he immediately smiled and said: "It's just a flame giant. It's nothing. It's a weak creature."

"What?"

"So arrogant??"

Many young geniuses from the Murong family couldn't help but speak out.

At this time, before anyone could say anything else, Ye Feng suddenly flew high into the sky.

The broken black sword in his hand was slashed down with a bang.

boom! !

A black sword light tens of thousands of meters long burst out from the black broken sword and slashed forward in an instant.

He actually split the flame giant in half in one go, who was arrogantly killing the young geniuses of the Murong family.

Then.

Rumble...

The flame giant fell to the ground and died instantly.

Seeing this scene at this time, everyone suddenly showed deep horror in their eyes.

"What??"

At this moment, countless young geniuses from the Murong family, including Murong Xixi and the two top geniuses Murong Tianjun and Murong Ba who had just been very contemptuous of Ye Feng's strength, suddenly showed deep horror in their eyes. .

Including the hundreds of other young geniuses from the Murong family around them, all of them were staring at Ye Feng, the young man in white clothes and snow, with endless shock in their eyes!

quiet!

Deadly quiet!

At this moment, countless people present fell into a deep silence.

At this moment, Ye Feng didn't hesitate at all, and said with a smile: "The danger has been lifted, I said, it's just a weak creature."

At this time, Ye Feng naturally saw everyone's horrified eyes.

But Ye Feng acted as if he had done something trivial.

After all, this flame giant is nothing in front of Ye Feng.

Perhaps to these so-called top young geniuses of the Murong family, this flame giant of the ancient Balrog clan who crawled out from under the ground is a very terrifying and powerful creature.

Even if they unite together, there is no way to fight against this flame giant.

But in Ye Feng's eyes now, this flame giant is just a weak creature.

Because this flame giant is simply weak compared to the weird and powerful real ancient creatures that Ye Feng entered in the Ten Thousand Demons Holy Mountain area before.

So at this time, Ye Feng's strength had undergone tremendous changes compared to before, and he was naturally able to kill the flame giant with one sword.

After all, Ye Feng's current cultivation strength is much higher than that of the younger generation of these big blood demon dynasty families.

After passing the test of inheriting the ancestral land of the Murong family, Ye Feng has transformed into a true super master.

At this moment, Ye Feng didn't hesitate at all, and immediately swallowed the two halves of the corpse that the flame giant turned into after his death.

But the energy of this flame giant only increased Ye Feng's skill a little, and did not directly break through even the first level.

However, those who can be killed by Ye Feng's sword will naturally not be able to bring much increase in Ye Feng's skill.

At this moment, Ye Feng looked at Murong Xixi in front of him, looking at his former guide.

Ye Feng had a good attitude toward Murong Xixi. He immediately smiled and said: "Miss Xixi, I would like to ask how long it will take for this trial of Murong family's inherited ancestral land small world. Is it over?"

Chapter 4498 The mysterious place of creation

Murong Xixi was stunned for a moment when she heard Ye Feng ask this question. After all, the strength that Ye Feng had just exploded was too amazing.

At this moment, Murong Xixi calmed down and said immediately: "There should be three or four days left before the one-month trial of inheriting the ancestral land."

When Ye Feng heard what Murong Xixi said, he immediately nodded. It seemed that he would have to wait for three or four days in this small world.

Because only when one month is up will there be a teleportation formation that will automatically teleport everyone out.

At this time, Murong Xixi seemed to have thought of something, and immediately stared at Ye Feng, with a trace of wonder in her beautiful eyes, and said loudly: "Ye Feng, I didn't expect that in a small dynasty back then, The young man has now grown to such an extent that he has completely surpassed the young geniuses among the top families like us."

Hearing what Murong Xixi said, Ye Feng just smiled and said, "I'm just lucky."

"Is it really just luck?"

Murong Xixi naturally shook her head and smiled at this time. She knew that the reason why Ye Feng was able to achieve his current achievements was that in addition to good luck, he also needed to have very strong spiritual talent to be able to do all this.

In a short period of time, it is simply unbelievable that one's own cultivation has been raised to such a terrifying level.

At this moment, Murong Xixi seemed to have thought of something special, and immediately couldn't help but said: "By the way, Ye Feng, in the small world of our Murong family, there is a very mysterious place of chance and creation. However, our cultivation was not strong enough and we didn't go in the end, but I think Ye Feng might be able to help us explore that mysterious destiny together."

Hearing Murong Xixi say this at this moment, Ye Feng's eyes revealed a look of surprise.

He did not look down on the mysterious place of chance that Murong Xixi and others were looking for.

Because in this Murong family's ancestral land, this small world still contains a lot of very high-level things.

of good fortune.

For example, the Holy Mountain of Ten Thousand Demons that Ye Feng went to before was a very shocking place.

So at this time, Ye Feng was very interested. He couldn't help but laugh and asked: "What is that mysterious chance creation? Where is it specifically?"

Hearing Ye Feng's question at this moment, Murong Xixi immediately glanced at the two other top geniuses not far away, namely Murong Tianjun and Murong Ba.

At this time, Murong Xixi immediately said: "The three of us found this secret together, so we need to discuss it with them and obtain their consent."

Ye Feng nodded, smiled and said, "Then let them come directly to talk."

Murong Xixi immediately nodded, then looked at Murong Tianjun and Murong Ba who were not far away, and said loudly: "You two come here, I have something important to tell you."

Hearing what Murong Xixi said, Murong Tianjun and Murong Ba, who were not far away, both came over.

But at this time, they came here and stood in front of Ye Feng. They looked at Ye Feng with nervousness in their eyes.

Originally, they looked down on Ye Feng and felt that Ye Feng's strength was too low.

But at this time, they had just witnessed Ye Feng's terrifying and shocking sword, and naturally they had great respect and awe for Ye Feng's true strength.

At this time, seeing the two top geniuses Murong Tianjun and Murong Ba being submissive in front of Ye Feng, they seemed very nervous, just like children meeting adults.

Seeing this scene, Murong Xixi couldn't help but have an inexplicable smile on her face.

She knew very well that Murong Tianjun and Murong Ba, as members of the Murong family,

The top genius among them, let alone the Murong family, even if they are walking sideways in the entire Blood Demon Dynasty, they are very arrogant existences everywhere.

Even young geniuses from other top families, including those from the royal family, were in awe of Murong Tianjun and Murong Ba when they saw them.

Therefore, this also caused Murong Tianjun and Murong Ba to look arrogant and arrogant wherever they went.

But now, these two young geniuses who were extremely arrogant in the imperial city of the Blood Demon Dynasty seemed to have become juniors in front of Ye Feng. They stood submissively and seemed to be very easy to bully.

At this time, a faint smile suddenly appeared on Murong Xixi's beautiful face, and then she said aloud: "Murong Tianjun, Murong Ba, I am going to share what the three of us know about the mysterious creature who was created by chance. A special place, so I would like to ask your opinion. Are you willing to share this mysterious place created by chance with Ye Feng, and let Ye Feng take us to find the good things in that mysterious place? We can count as cooperation. "

Hearing what Murong Xixi said, Murong Tianjun and Murong Ba were stunned at first, as if they did not expect that Murong Xixi would take Ye Feng to that mysterious place of creation.

At this time, Murong Tianjun and Murong Ba hesitated for a moment, then nodded and said loudly: "Brother Ye Feng is so powerful. Going to that mysterious land of creation, maybe we can really get some incredible things." Everything, including us, will benefit."

At this moment, Murong Tianjun and Murong Ba naturally would not refuse.

After all, Ye Feng was so powerful that they really wanted to give it a try.

Originally, the three of them knew about this mysterious place of creation and did not dare to go there.

Because that mysterious place of creation is very dangerous. If you are not careful, you may die and die directly there.

But now, Ye Feng has proven that he is extremely powerful and is simply a level higher than them.

So at this time, Murong Tianjun and Murong Ba were also looking forward to it. If they took Ye Feng to go to that mysterious place of creation with them, they might really be able to get some very precious things from that mysterious place of creation. .

Including the three of them, there will be huge benefits.

After all, Ye Feng is so powerful, and everyone's safety will be guaranteed.

At this time, Murong Xixi heard that Murong Tianjun and Murong Ba agreed, and immediately nodded, then looked at Ye Feng beside him, and said loudly: "Then the four of us will go together, and the others from our family will Geniuses can't go together, that place is too dangerous, even if Ye Feng is so powerful, you will probably encounter a terrible crisis, so I can't let most of the geniuses in the family take risks."

Hearing what Murong Xixi said, Ye Feng nodded.

Ye Feng didn't care about this.

At this moment, Murong Xixi looked at the large group of other young geniuses from the Murong family around him, and then said loudly: "You all should disperse and wait for the final teleportation out of this small trial world. I am now He, Ye Feng, Murong Tianjun, and Murong Ba have other important things to do."

After saying that, Murong Xixi flew forward directly.

Murong Tianjun and Murong Ba also followed.

Now the three of them are going directly to the mysterious place of creation that they did not dare to go to before.

At this time, Ye Feng's eyes also showed a trace of curiosity and expectation, and he directly followed these three top geniuses of the Murong family and flew quickly in a certain direction of this small world that inherited the ancestral land.

Before leaving this small world, Ye Feng would naturally be very happy if he could really get some good luck. It would be an unexpected surprise.

## Chapter 4499 Legendary Character

At this time, on the way forward, Murong Tianjun and Murong Ba, two of the three top geniuses of the Murong family, stared at Ye Feng who was following them with a look of uncertainty in their eyes.

Finally, Murong Tianjun couldn't help it anymore, and he couldn't help but asked: "Brother Ye, I wonder if I can ask you a question?"

Hearing Murong Tianjun suddenly say this, Ye Feng had a look of doubt in his eyes and said, "If you have anything, feel free to ask."

Hearing what Ye Feng said, Murong Tianjun immediately nodded, and then immediately asked: "I wonder why Brother Ye is practicing so fast? I have never seen you practice as fast as Ye Feng." It is impossible for extremely fast geniuses, even the top geniuses in our Blood Demon Dynasty, to have such an incredible speed and be able to grow to this point in such a short period of time. There is nothing so terrifying in this world. The inheritance of cultivation, could it be that Brother Ye hid his cultivation before and deliberately pretended to be a pig to eat the tiger? "

Hearing Murong Tianjun ask such a question, Ye Feng's eyes suddenly showed a look of helplessness.

I didn't expect that the other party would ask such unnutritious questions.

But Ye Feng also knew that the other party might be really curious.

After all, my breakthrough speed during this period was really too fast.

At this time, Ye Feng immediately nodded and said: "The reason why I can break through so quickly is because my inheritance is quite special."

After finishing speaking, Ye Feng looked directly at Murong Tianjun in front of him and asked: "Is there anything in your storage ring that contains any energy?"

Hearing what Ye Feng said, Murong Tianjun immediately nodded and said loudly: "There is an ancient dragon ball in my storage ring. It was when I won the first place as a young genius in our

Murong family. The upper class of the family A treasure given to me, but I haven't found a better way to use this ancient dragon ball, so it has been kept in my storage ring, even a little unused. "

At this moment, after Murong Tianjun finished speaking, he immediately took out his storage ring

A golden round bead was taken out from inside.

It was his ancient dragon ball.

It was a very valuable thing that he got back then.

At this time, Ye Feng's eyes suddenly lit up when he saw the ancient dragon ball taken out by Murong Tianjun.

I didn't expect that Murong Tianjun actually had such a good treasure hidden in him.

At this time, Ye Feng couldn't help but said: "I will show you my cultivation method later. I hope you don't mind if I damage this ancient dragon ball of yours."

Hearing what Ye Feng said, Murong Tianjun immediately nodded very generously and said loudly: "Anyway, I won't be able to use this ancient dragon ball for the time being, so just use it to show your cultivation method. Even if it's damaged, there's no problem."

Hearing what Murong Tianjun said, Ye Feng immediately became interested and said, "Okay, watch carefully."

Uh-huh!

After saying that, Ye Feng directly took the ancient dragon ball in his hands.

Then, a dark vortex suddenly appeared in Ye Feng's hand.

It is the swallowing vortex!

"Buzz!"

At this moment, Ye Feng directly used his devouring power, slowly devouring and absorbing the huge dragon essence in this ancient dragon ball into his body, and then quickly increased his power.

It has to be said that Murong Tianjun is one of the three top geniuses of the Murong family after all, and the treasures on his body are very precious.

Murong Tianjun may not know how to use this ancient dragon ball. He doesn't know whether to refine it into an elixir or to inlay it on a treasure to increase the power of the magic weapon.

But at this moment, Ye Feng directly

He can absorb all the energy in this ancient dragon ball and then strengthen his own power.

At this moment, Ye Feng immediately swallowed up all the energy in this ancient dragon ball.

The three people watched beside them. Visible to the naked eye, this ancient dragon ball originally exuded a faint golden light, but suddenly all the golden light disappeared.

Because all the energy in the ancient dragon balls was swallowed up by Ye Feng.

At this time, accompanied by Ye Feng's devouring.

Boom!

Ye Feng's body suddenly burst out with a powerful aura of cultivation.

Ye Feng actually broke through from the seventh heaven of the annual ring realm to the eighth heaven of the annual ring realm directly on the spot!

At this time, when they saw what was happening at the scene, Murong Tianjun, Murong Xixi and Murong Ba standing around all had deep shock in their eyes.

At this time, Murong Tianjun immediately realized something and couldn't help but said: "You can actually absorb the energy contained in these treasures from the outside world directly into your own body and transform it into your own skill. Come and improve your cultivation. No wonder your cultivation has improved so quickly. This ability is really incredible. I have never seen such a terrifying talent."

At this time, Murong Tianjun didn't care at all that the ancient dragon ball was damaged, because it involved something even more shocking.

That is, Ye Feng's cultivation ability is really weird, even a little scary.

At this time, Ye Feng smiled slightly and said: "Yes, this is why I can break through so fast. Others can't learn it at all, because this is my innate talent for awakening."

Hearing what Ye Feng said, Murong Tianjun, including Murong Ba, couldn't help but show deep amazement in their eyes.

It seemed that Ye Feng had not expected that Ye Feng would awaken such a terrifying devouring talent.

.

Murong Xixi also understood at this time why Ye Feng was able to grow from a young man in a small dynasty to being so powerful now in a short period of time.

At this time, the three of them didn't say much because they knew that Ye Feng's ability was too special and unique to Ye Feng, and it was impossible for others to learn it successfully.

Next, the four people continued to rush on their way with full concentration.

Time passes quickly, like running water without leaving a trace.

Three days passed in the blink of an eye.

The small world trial is one month away, and there is only the last day left.

But at this time, Murong Xixi, Murong Tianjun and Murong Ba, the three top geniuses of the Murong family, finally brought Ye Feng to the mysterious place of creation they said.

At this moment, Ye Feng suddenly saw a barren desert appearing in front of him.

Ye Feng's eyes suddenly revealed a look of surprise, and he said, "Is the very dangerous and mysterious place of creation that you explored before located in this desert?"

Murong Xixi nodded immediately at this moment, with a deep look of solemnity on her beautiful little face at this moment, staring at the endless barren desert in front of her, and said aloud: "We accidentally discovered The mysterious place of creation is in the center of this desert. It is the relics of a lost ancient civilization. It seems to be the relics of the legendary Western Queen Mother Kingdom in the ancient era of gods, because we start from the edge of this desert. , the search found a metal fragment with three ancient characters written on it, "The Queen Mother of the West."

"The remains of the Western Queen's Motherland in ancient times?"

Hearing what Murong Xixi said at this time, Ye Feng also showed deep surprise in his eyes.

Ye Feng has also heard of the legend of the Kingdom of the Queen Mother of the West. The Queen Mother of the West is the legendary fairy spirit above the nine heavens. She is a legendary figure, mysterious and far away, untouchable by mortals.

Chapter 4500 Make a good profit

At this time, Ye Feng's eyes showed a trace of surprise, and he couldn't help but said: "Since you have found the three characters of Queen Mother of the West at the edge of the desert, it shows that there are ancient ruins contained in this desert. , maybe it is really an ancient relic left by the legendary Western Queen Mother Kingdom. In this way, this is a relic that is suspected of being a god. If we can really find something good from it, it will be no less than a game for us. The tremendous opportunity has given us a qualitative transformation in our strength."

Hearing what Ye Feng said, several people present nodded.

At this time, Murong Xixi's beautiful little face also showed a look of expectation, and she said loudly: "If it were the three of us, we would definitely not dare to come here to explore the ruins of this kind of god. After all, the legendary god This clan must be very terrifying and dangerous. Although it contains huge opportunities, it often means that it may fall at any time. But now that Ye

Feng has joined you, Ye Feng, your strength is higher than ours. On a whole level, your fighting power is so strong, maybe you can protect our safety in this ancient ruins that are suspected of being gods."

Ye Feng immediately nodded. Since these three people were willing to share this ancient ruins of the Mother Kingdom of the West with him and brought him here, then he indeed has the obligation to do his best to protect the safety of the three people.

At this time, Murong Tianjun suddenly said: "Ordinary dangers do not require your energy to protect us, Ye Feng. After all, the three of us are not weak beings. We are also considered the top geniuses in the Blood Demon Dynasty. one."

Obviously, Murong Tianjun has admitted that Ye Feng is very powerful, but what Murong Xixi just said about letting Ye Feng protect them did make this proud young genius feel a little embarrassed, so at this time he said this talk.

Ye Feng didn't care at this time, just smiled and said: "Then let's move on, look

Let's see if the ancient ruins left in the middle of the desert are the ruins of the legendary Western Queen Mother Kingdom. "

"good."

Everyone immediately nodded and got on the road, flying quickly towards the center of this desolate desert.

When they came to the middle of this desolate desert, they immediately saw many ancient and tall dilapidated buildings standing in the center area.

This area of ancient and tall dilapidated buildings seems to have architectural styles from a very long time ago.

Seeing this scene, Ye Feng immediately understood that this place might really be an ancient ruin left over from the age of ancient gods.

Soon they walked into this group of buildings and immediately saw four large characters on a huge stone tablet at the entrance of this group of buildings, which was "The Mother Kingdom of the Western Queen".

Seeing this scene, the four people present couldn't help but their eyes were shocked.

Murong Tianjun couldn't help but say at this time: "I didn't expect that this place is really the ancient ruins left behind by the legendary Chinese and Western Queen Mother Kingdom."

Murong Xixi couldn't help but nodded at this time, with a look of deep shock and expectation on her beautiful little face.

Murong Ba, the tallest man, although relatively silent, could not help but exclaimed in amazement at this time: "If we can really get some of the chance fortunes left by the Western Queen Mother Kingdom from the ancient ruins of the Western Queen Mother Kingdom, , then we are all developed."

Everyone present knew that although the Blood Demon Dynasty was in the Northern Territory on the interface of Ten Thousand Demons,

China is the top hegemonic force, but compared with the legendary Motherland of the West, it pales into insignificance and is simply not worth watching.

Therefore, if they can really get something good from the ancient ruins of the Mother Kingdom of the West, when they return to the Blood Demon Dynasty, they will become the most amazing and talented beings in the Blood Demon Dynasty.

At this time, Ye Feng did not hesitate at all and said directly: "Then let's go in directly."

Murong Xixi nodded and said, "Although Ye Feng is very powerful in combat, you still have to be careful."

Ye Feng nodded immediately, smiled and said, "I know this."

After saying that, Ye Feng walked directly to the front.

Murong Xixi, Murong Tianjun and Murong Ba, the three top geniuses of the Murong family, were walking slowly behind Ye Feng.

Several people are always mobilizing their own strength to prevent danger and can take action instantly.

At this time, Ye Feng also held the black broken sword on his back in his hands, ready to unleash an extremely powerful killing power at any time.

Buzz!

Then Ye Feng didn't hesitate at all, and directly emitted his soul power, spreading towards the surroundings.

But before Ye Feng's soul power could find anything, suddenly there were some noises from the surrounding buildings.

"Um?"

Hearing this noise, several people present couldn't help but have deep doubts in their eyes, and immediately looked quickly towards the surrounding buildings.

"This is....."

And almost at the next moment, they suddenly saw something that made people feel a little...

A scalp-tingling scene.

I saw that there were densely packed snake nests among these buildings.

In every snake nest, there are densely packed black pythons.

These black pythons have ancient red lines on their skins, making them look very ferocious.

"A lot of scary and ferocious black pythons."

At this time, Murong Xixi couldn't help but show a hint of fear in her eyes. She didn't seem to have expected that there would be so many terrifying black pythons among the ancient ruins left behind by the Mother Kingdom of the West.

At this moment, Murong Tianjun who was standing aside seemed to have thought of something, and he couldn't help but said: "According to legend, the ruler of the West Queen Mother Kingdom, the Queen Mother of the West, is a god who likes to raise snakes. It is said that the Queen Mother of the West was The most powerful one is a black python that can travel through all the interfaces, but it is hundreds of thousands of meters long. I don't know if there is such a big python in the world. "

At this time, Ye Feng said aloud: "I sensed the snakes in these snake nests, and they are not very powerful. Don't worry about them. If they come to interfere with us, just kill them directly."

Hearing what Ye Feng said, several people around him nodded.

Murong Ba was very tall at this time. He took out a big knife that was more than ten meters long. He said with a ferocious expression: "Now that you have come to the ruins of the Western Queen Mother Kingdom, don't think so much. Find The most important thing is the good fortune left over from the Western Queen's Motherland."

Hearing what Murong Ba said, Ye Feng also nodded and said: "Continue to delve deeper into the ancient ruins of the Western Queen Mother Kingdom, try to find the good things in them as soon as possible, and try to make a good profit before the danger comes. "
