

Ancient 4501

Chapter 4501 Another group of people

At this time, Ye Feng said, and walked quickly towards the depths of the ancient ruins of the Western Queen's Motherland.

Murong Xixi, Murong Tianjun and Murong Ba, the three top geniuses of the Murong family, all agreed with Ye Feng's idea and did not care about the python nests hidden in the surrounding dilapidated buildings. Instead, they followed Ye Feng. Behind his back, he continued to walk quickly towards the deep area of this ancient ruins.

Buzz!

At this moment, Ye Feng's soul power was emitted, and he could explore anything around him at any time.

At this time, Ye Feng seemed to have thought of something. He immediately looked at Murong Xixi beside him and said loudly: "If we really encounter a very big opportunity later, how should we share it equally?"

Murong Xixi was about to say something when she heard Ye Feng ask such a sensitive topic.

But at this time, Murong Tianjun, the most powerful among the three, immediately said: "As for the issue of distribution of chance and creation, I have already thought about it, that is, we take what we need from each other, such as Ye Feng You really need to devour energy-containing things from the outside world to improve your own skills. You will give priority to the chance creation of these attributes. And if you get some extremely powerful inheritance, we can understand and practice together. If you get some powerful inheritance, we can understand and practice together. Magic weapons and the like..."

"Most of the powerful magic weapons are of little use to me anymore."

At this time, Ye Feng suddenly interrupted Murong Tianjun and said with a smile: "If you come across some good ancient weapons and magic weapons, you can just take them. However, if you come across some treasures that can improve your skills, Give me as much energy as possible."

Hearing what Ye Feng said, Murong Tianjun immediately nodded and said with a smile: "Okay, okay."

Murong Xixi and Murong Ba naturally wouldn't say much.

Although this place was the first they found, they did not have the ability to investigate.

Now I rely on Ye Feng to cooperate with them

, to explore the fate of this, so Ye Feng's words are still very heavy.

At this time, after a discussion, the four people reached an agreement and continued to delve into the ancient ruins of the Mother Kingdom of the West.

Soon, they arrived at the center of this ancient ruins.

There are more and more dilapidated buildings here.

It feels like a very tragic war happened here.

This made Ye Feng's eyes suddenly reveal a look of deep surprise.

When Ye Feng was in the Holy Mountain of Ten Thousand Demons before, he also saw the entire Holy Mountain of Ten Thousand Demons. It experienced terrible turmoil and battles, and finally turned into an endless ruins.

Therefore, the Kingdom of the West Queen must have been a very large cultivation force in this small world just like the Holy Mountain of Ten Thousand Monsters.

Unexpectedly, it was completely destroyed in the inexplicable turmoil.

At this time, Ye Feng suddenly had a guess, that is, the force that destroyed the Holy Mountain of Ten Thousand Demons must be the same force that destroyed the Mother Kingdom of the West.

This kind of power, Ye Feng guessed, may come from the advanced cultivation interface outside the small world. Otherwise, it may have such terrifying power that it can directly destroy the two strongest groups and forces in this small world. , turned into ruins.

And just when Ye Feng was thinking about it, Murong Xixi beside him seemed to have seen something, and immediately couldn't help but exclaimed: "Look, look, there is a huge tower not far away. Once the giant tower seemed to be very complete, I saw some figures flickering through the windows of the giant tower. "

"What?"

at this moment

Hearing what Murong Xixi said, the eyes of Murong Tianjun and Murong Ba who were standing nearby changed slightly, and they couldn't help but say: "Is there anyone else who came here earlier than us? The figure you saw, What kind of figure is it?"

Murong Xixi immediately shook her head and said, "I didn't see clearly. The distance was too far."

Ye Feng just said aloud at this time: "Let's go directly to that place and take a look."

Everyone nodded, and then flew directly towards the giant tower that Murong Xixi saw.

They soon arrived in front of this huge tower, and then walked directly inside.

But the next moment, they suddenly saw that this huge tower was empty, and there was no figure.

Murong Tianjun couldn't help but asked: "Murong Xixi, did you see it wrong?"

Murong Xixi immediately said aloud: "I saw it right. I saw several figures flying past the windows of this huge tower."

Hearing what Murong Xixi said, Murong Tianjun wanted to say something else, but Ye Feng immediately said: "Don't worry about so much for now, let's see if there is anything good in this giant tower."

Hearing what Ye Feng said, everyone nodded, and then flew quickly towards the top of this giant tower, wanting to see if there was anything good left by the Queen Mother of the West in this giant tower.

But after searching around, several people met again, with rather gloomy expressions on their faces.

Because they found nothing.

At this time, Murong Xixi immediately said aloud: "I'm just saying that I saw it right. Those figures exist. Someone must have come here one step ahead and used all the resources in this giant tower to plasticize the light." Got it

. "

Hearing what Murong Xixi said, Murong Tianjun did not object this time, because many things in this giant tower had indeed been looted.

If no one comes here in advance, there must be good things in the giant tower.

At this time, Ye Feng's eyes flickered and he said loudly: "In other words, there are other groups of people competing with us in this ancient ruins of the Western Queen's Mother Kingdom, searching for the chance fortunes in the entire Western Queen's Mother Kingdom. Do you know if this other group of people knows about our arrival?"

At this time, Murong Ba's eyes suddenly showed a murderous look. He held the big knife in his hand and said loudly: "People die for wealth, and birds die for food. Whether these people know about our arrival or not, they plundered the wealth here in advance. , then we will find them, kill them all, and get the wealth they plundered in advance."

After hearing what Murong Ba said, Murong Tianjun and Murong Xixi didn't say much.

After all, in the world of spiritual practice, most people put interests first and do not distinguish between first come and last served.

At this time, Ye Feng did not comment too much, but just said: "We should go to other places to look for training resources. As for whether we can meet those people in the end, it all depends on fate."

Hearing what Ye Feng said at this time, Murong Xixi and the three top geniuses of the Murong family immediately nodded.

At this time, Ye Feng's soul power seemed to sense something, and he immediately said aloud: "Now we are flying six hundred meters southwest of us. I sensed some energy fluctuations. There may be treasures hidden there. We Go over and take a look."

At this time, Ye Feng was also speaking in a hurry. After all, everyone thought that they were the only treasure hunters who entered the ancient ruins of the Western Kingdom. However, they did not expect that another group of mysterious people came here and were secretly competing with them. , naturally a few people did not dare to waste any more time.

Chapter 4502 Snake Man Golden Body

You know, a group of young people such as Ye Feng and Murong Xixi are top geniuses, so they are very fast.

In the blink of an eye, they arrived at the location of the energy fluctuations that Ye Feng had discovered before.

At this time, the first thing that came into view was a very dilapidated looking temple.

"Um?"

Seeing this scene, several people present showed surprise in their eyes.

It seems that he did not expect that such a dilapidated temple would appear among the ancient ruins of the Western Queen's Motherland.

After all, according to what everyone knows about the things recorded in the legends, the Kingdom of the Western Queen is a country with no Buddhist practitioners at all.

What they believe in is the legendary divine snake. .??.

At this moment, Ye Feng didn't care so much, but said with a smile: "Let's go directly into this temple to explore."

Several people present nodded and followed Ye Feng into the dilapidated temple.

The moment they walked into the temple, they immediately saw a golden body of a snake man, standing on the middle platform of the temple.

"Um?"

Seeing this scene, everyone else, including Ye Feng, had surprised expressions in their eyes.

Murong Xixi's beautiful little face suddenly showed a look of surprise, and she couldn't help but said aloud: "I didn't expect that what is enshrined in this Buddhist temple is not the golden body of the Buddha, but a golden snake-man with a snake head and a human body. Body, could it be said that in this Western Queen Mother Kingdom, there was a snake man who successfully understood Buddhism and turned into the golden body of the snake man in Taoism? "

Hearing what Murong Xixi said, Murong Ba who was standing aside said directly: "Don't worry so much, don't waste time, we are still competing with another group of mysterious people in the dark, let's search this temple Is there anything good?"

The people immediately nodded, spread out, and searched quickly in the temple.

At this time, Ye Feng did not leave for the time being, but stared closely at the golden body of the snake man placed on the table in front of him, with a trace of doubt in his eyes.

color.

Because Ye Feng sensed a kind of energy fluctuation from this snake man's golden body.

The energy fluctuations that Ye Feng sensed were emanating from Snake Man Jin.

At this time, Ye Feng didn't hesitate at all. He directly stretched out his hand and touched the golden body of the snake man in front of him, wanting to feel it carefully.

Boom!

But at this moment, there was a huge roar in Ye Feng's mind.

I saw that the golden body of this snake man actually radiated bright golden light, and then a golden Buddhist dharma image with a snake head and human body instantly condensed, appeared directly in Ye Feng's head, and attacked Ye Feng.

Ye Feng didn't even react at this time, but Emperor Chu in his mind had already burst out with terrifying soul power in an instant.

A crimson light burst out from Emperor Chu's body, instantly shattering the Buddhist and Taoist images condensed in the golden body of the snake man.

"ah!"

Almost at the next moment, Ye Feng could hear a huge scream from the golden snake-man sculpture in front of him.

Obviously, there is an ancient shadow of will in this snake man's golden body. He is waiting for Ye Feng's arrival, and then wants to kill Ye Feng's spirit. But he didn't expect that Ye Feng has the great god Emperor Chu in his mind. , so it is of no use at all.

At this time, Ye Feng did not hesitate at all. He directly activated the devouring domain and began to devour the energy in the golden body of the snake man in front of him.

In ancient times, this snake-man golden body should have been a sculpture similar to that of a god, which was provided to the world for people to worship and contribute to their faith.

Therefore, this snake-man golden sculpture contains a lot of power of faith, and it is also ancient.

The power of faith in the era.

So after Ye Feng swallowed it at this time, he could immediately feel the very pure energy injected into his Dantian.

It has to be said that the power of faith contained in this ancient god sculpture is a very pure and high-level energy, which can greatly increase Ye Feng's skills.

At this time, Ye Feng could immediately feel that his skill and cultivation momentum immediately began to make continuous breakthroughs.

"boom!"

Ninth Heaven of the Annual Ring Realm!

"boom!"

The tenth heavenly realm of the annual cycle is complete! !

At this time, Ye Feng absorbed the power of faith in the snake-man golden sculpture, and his cultivation level suddenly reached two levels.

It is a direct breakthrough from the eighth heaven of the annual ring realm to the tenth heaven of the annual ring realm. ??

At this time, Ye Feng suddenly showed a look of deep surprise in his eyes.

"ah!"

But at this moment, Ye Feng suddenly heard a scream, coming quickly from a certain direction not far from the temple.

Ye Feng's eyes immediately changed slightly, and he quickly rushed in the direction of the screams.

When Ye Feng came to a certain wing of this dilapidated temple, he immediately saw Murong Ba's tall body lying on the ground, and the big knife in his hand was broken.

At this moment, around Ye Feng, Murong Tianjun and Murong Xixi, two other top geniuses from the Murong family, also flew over quickly.

They immediately couldn't help but asked: "What's wrong?"

Ye Feng pointed at Murong Ba in the wing and said, "He should have died."

"What?"

Hearing what Ye Feng said at this moment, Murong Xixi and Murong Tianjun suddenly showed shock and anger in their eyes.

At this moment, the three people

He immediately rushed into the side room and came to Murong Ba.

At this time, Murong Tianjun immediately squatted down and examined Murong Ba's cause of death.

He immediately saw ancient black symbols appearing on Murong Ba's body.

These black symbols sucked all the life force out of Murong Ba.

Murong Tianjun immediately couldn't help but retreat quickly, and said in shock: "Murong Ba seems to have been cursed and died. The black symbols on his body that emit black light are part of an ancient and terrible curse. force."

At this moment, Murong Xixi also quickly retreated.

Because this terrible curse power, if it is passed on to others, it is very likely that others will also suffer.

Ye Feng did not retreat at this moment.

Because Ye Feng is not afraid of this kind of curse power at all.

Ye Feng himself once mastered this terrible curse power.

At this moment, Ye Feng was just checking Murong Ba's body, and then couldn't help but say: "It should be the curse imposed by the other group of people that Murong Xixi saw before, which killed Murong Ba, because I didn't sense any curse power in this ancient temple, so it couldn't have been the temple itself that killed Murong Ba."

"What??"

Hearing what Ye Feng said, Murong Xixi and Murong Tianjun immediately showed nervousness in their eyes, and said loudly: "The enemy is in the dark, we are in the open, and they can also use such strange curses. Our situation It's dangerous."

Ye Feng's eyes were very cold at this moment, and he said loudly: "Since that group of people took the initiative to attack us and killed Murong Ba, we must find them out."

After finishing speaking, Ye Feng suddenly looked at Murong Xixi and Murong Tianjun, and said loudly: "You are all around me, protecting me. I want to use my soul detection ability to detect the mysterious people around me who are sneaking up on us. Find it and bring it out!"

Chapter 4503 Shadow Art

At this time, Ye Feng asked Murong Xixi and Murong Tianjun to protect him and protect his safety.

Then Ye Feng quickly circulated his soul power.

Because Ye Feng wanted to find the group of mysterious people who secretly attacked them.

Before, Ye Feng didn't care about this other group of people at all.

But now the other party dared to carry out a secret attack and even killed Murong Ba among them, which naturally made Ye Feng's eyes become very cold.

At this time, Murong Xixi and Murong Tianjun stood on both sides of Ye Feng, using their own power to hold up a protective light shield, covering Ye Feng's entire body.

At this time, they suddenly saw that a soul body suddenly jumped out of Ye Feng's body, and then flew high into the sky.

Seeing this scene at this time, Murong Xixi couldn't help but exclaimed: "This is the soul leaving the body! I didn't expect that Ye Feng was actually a legendary soul master, proficient in the soul method, and could actually The method of letting one's soul jump out of one's body and enter the sky is really shocking." .??.

At this moment, Murong Tianjun couldn't help but nodded in amazement, and said aloud: "I have met several soul masters before, but there has never been any soul master as powerful as Ye Feng, who can turn the soul into something." The body instantly jumped out of his body and jumped directly into the sky. It was amazing. "

At this moment, while the two of them were admiring, Ye Feng's soul body jumped out and flew high into the sky, observing the surroundings.

At this moment, Ye Feng's soul body cannot be seen by others at all, but Ye Feng's soul eyes can see through any building.

Because Ye Feng's current soul body has become a soul state, any physical obstruction cannot hinder Ye Feng's sight.

At this moment, Ye Feng suddenly saw a figure wrapped in a black robe, standing in this temple.

There was a handprint in a dilapidated building not far from the temple, and it seemed that he had just succeeded.

Seeing this scene at this moment, Ye Feng immediately understood that Murong Ba was indeed framed by this group of mysterious people.

This man in black robes should be one of that group of people. He happened to see Ye Feng and others looking for treasures in this dilapidated temple, so he hid in a dilapidated building in the distance. Some kind of evil and ancient curse was run, and Murong Ba was cursed to death.

At this moment, Ye Feng found this person, and instantly his soul returned to his body, and his body suddenly opened his eyes.

At this moment, seeing Ye Feng open his eyes, Murong Xixi and Murong Tianjun both had expectant looks in their eyes, and they couldn't help but ask: "Ye Feng, have you found the murderer?"

Ye Feng nodded at this moment, pointed to a building outside the dilapidated temple, and said loudly: "The murderer is in that building. He hasn't left yet. He seems to have just succeeded and is resting. Let's hurry up and get there."

"good!"

Hearing what Ye Feng said, Murong Xixi and Murong Tianjun immediately nodded, with cold murderous intent in their eyes.

In fact, the relationship between Murong Ba and Ye Feng was just that of partners.

But Murong Ba, Murong Xixi and Murong Tianjun were really from the same clan.

So now Murong Xixi and Murong Tianjun actually have the strongest murderous intention in their hearts.

At this time, Ye Feng and the others immediately rushed towards the dilapidated building in front of them, and soon arrived in front of the dilapidated building.

At this moment, Ye Feng didn't hesitate and just stretched out his hand.

hand.

boom! !

This hand suddenly turned into a majestic and heavy golden hand, and suddenly bombarded forward.

Boom!

The dilapidated building in front of him was immediately shattered by the bombardment of Ye Feng's big golden hand.

At this moment, Ye Feng immediately saw a mysterious man in black robes rushing out of the broken building.

This mysterious man in black robes rushed out of the ruins at this moment, with deep shock and anger in his eyes, and said loudly: "How did you find me? This is impossible!"

At this time, Ye Feng just smiled coldly and said: "You don't care how we found you, as long as you know, answer my questions obediently."

At this moment, the mysterious man in black robe immediately smiled coldly and said: "What if you find out? Although I am not the opponent of the three of you, but if you want to catch me, it's not that difficult." Simple."

The art of shadow!

Almost at this moment, this mysterious black-robed man directly performed a very mysterious technique.

It seems to be a kind of shadow magic.

His whole body suddenly turned into a shadow, flickering directly in the void, quickly flickering to a certain direction in the distance, and disappeared in the blink of an eye.

At this moment, Murong Xixi and Murong Tianjun were already blocking the front.

A fiery red sword appeared in Murong Xixi's hand, and he slashed out with one strike. A large river of flames suddenly appeared on the blade, with terrifying burning and destructive power.

Murong Tianjun, on the other hand, burst out with a bright divine light.

This bright divine light seemed to be the starlight emitted by the stars in the sky. It was directly a river of stars. It burst out from Murong Tianjun's body and instantly merged with Murong Xixi's long river of flames. The path of the mysterious man in black robes was blocked.

At this moment, the mysterious man in black robes flashed out of the river of attack power from the two men.

"What??"

Seeing this scene, Murong Xixi and Murong Tianjun suddenly showed deep astonishment in their eyes.

Murong Tianjun immediately couldn't help but said in shock and anger: "The shadow technique practiced by this mysterious man in black robe is so amazing that it can make our attacks completely unable to touch him. It flashed out directly from our attack, what should we do?"

At this moment, Ye Feng's eyes also revealed a look of surprise. This was the first time he had seen such a magical technique that could make his entire body ignore any physical attacks.

At this moment, Ye Feng knew that he could only use the soul master's methods, otherwise he would not be able to catch this mysterious man in black robes.

At this time, Ye Feng immediately started to use his soul power.

Uh-huh!

I saw a huge soul giant flying out of Ye Feng's head and bombarding directly forward.

This time, the mysterious man in black robes could no longer hide and was blasted out of the shadows, bleeding from all his orifices.

This mysterious black-robed man immediately couldn't help but exclaimed: "He is the most mysterious soul master in all the worlds! And his soul power is so powerful that he can condense such a huge soul giant. How is this possible?? So How could such a powerful soul master appear in such a small interface and be able to break the unique shadow technique of our shadow clan! Boy, who are you?"

Chapter 4504 Map Annotation

At this time, this black-robed man from the mysterious Shadow Clan was obviously extremely shocked by Ye Feng's abilities.

Because she never thought that such a powerful soul master would appear in this small world.

After all, soul masters are simply the natural nemesis for their shadow clan.

Their shadow clan operates a very special shadow technique that can evade attacks from any entity, but they cannot evade attacks at the soul level.

So at this moment, this mysterious black-robed man from the shadow clan, who was originally very aloof, suddenly felt deep despair in his heart.

At this time, Ye Feng immediately rushed forward and used his soul to suppress this mysterious black-robed man from the Shadow Clan.

Then Ye Feng directly lifted the opponent's mask.

At this time, a very cold face suddenly appeared in everyone's field of vision.

This is not a man, but a very cold-looking woman.

At this moment, Ye Feng was unmoved, his eyes were very cold, and he said loudly: "Why do you want to plot against our companions?"

Hearing Ye Feng's question, this cold and charming woman from the Shadow Clan suddenly showed an indifferent smile in her eyes and said loudly: "This ancient ruins of the Queen Mother of

the West is a trial point for our Shadow Clan. As long as they appear in the trial point of our Shadow Clan, they are our enemies and must be killed. This is the rule of our Shadow Clan. "

Hearing what the cold and charming woman in front of him said, Ye Feng, including Murong Xixi and Murong Tianjun standing next to him, all showed deep surprise in their eyes.

It seems that they did not expect that such a mysterious and unpredictable Western Queen's Motherland would be such a place of trial for the Shadow Clan, which is really shocking.

After all, this is a very dangerous place.

This shadow clan actually allows the young geniuses under its command to be tested here, which is very shocking.

At this moment, everyone is also

Understand, this shadow clan is definitely a huge race.

Otherwise, it would be impossible to choose such a very dangerous ancient ruins as a place of trial.

At this moment, Ye Feng seemed to have thought of something, and immediately asked: "How many people from your Shadow Clan are here for training this time?"

Hearing Ye Feng's question, the glamorous woman from the Shadow Clan in front of him immediately said coldly: "It's enough to kill you all anyway."

"Arrogant!"

At this time, Murong Tianjun immediately appeared with a sword in his hand, pointed it directly at the cold and beautiful woman from the Shadow Clan in front of him, and said loudly: "You are under our control, just answer our questions honestly. question."

This glamorous woman from the Shadow Clan immediately sneered and said, "If I kill your companions, you will definitely kill me eventually. Why should I cooperate with you?"

"you....."

At this time, when he heard this cold and charming woman from the Shadow Clan say this, Murong Tianjun's face suddenly became very ugly.

The reason why Ye Feng did not kill this cold and charming woman in an instant was to obtain more information.

At this time, Ye Feng did not ask any other questions, but said slowly: "Do you, the shadow clan, come from a higher level of cultivation?"

Hearing Ye Feng's question, this cold and charming woman from the Shadow Clan immediately stared at Ye Feng. There seemed to be no hatred in her eyes, but a very solemn expression, and she said loudly: "You are very strong, very strong, and extremely talented. , even in the place where our Shadow Clan lives, there has never been a young man as amazing and talented as you. The grudge between you and me is just personal. I hope you will not rise to the racial level in the future. "

Obviously, this comes from

The cold and charming women of the Shadow Clan did not pay any attention to Murong Xixi and Murong Tianjun who were standing next to Ye Feng.

She just paid great attention to Ye Feng.

At this time, Ye Feng wanted to ask something else.

"Pfft!"

But at this moment, this cold and charming woman from the Shadow Clan had secretly pierced her neck with a dagger, killing her completely and falling to the ground.

"What?"

Seeing this scene, both Murong Xixi and Murong Tianjun's expressions changed.

Ye Feng's eyes were also a little solemn at this time.

I didn't expect that these young people from the Shadow Clan would be so cruel to me, and they would just commit suicide.

But Ye Feng also knows that this cold and charming woman from the Shadow Clan knows that she will definitely not be able to escape today. Even if she does not commit suicide, she will be killed by Ye Feng and others, so she might as well commit suicide directly and give Enjoy yourself.

At this time, Ye Feng looked around and said loudly: "These trialists of the shadow clan are all very powerful, and they have mastered the mysterious shadow technique and curse technique. They can... Killing people thousands of miles away, we must be careful next time."

Hearing what Ye Feng said, Murong Xixi and Murong Tianjun both nodded, their expressions very solemn.

Because they have just seen the abilities of these shadow clans. Not only can they curse people to death from a long distance away, but also when using the shadow technique, physical attacks cannot cause any harm to them.

At this time, both Murong Xixi and Murong Tianjun looked very ugly.

Because they never expected that after finally arriving in this ancient ruins of the Western Queen Mother Kingdom, they would encounter such a difficult and advanced cultivation interface race as the Shadow Clan.

But at this time, none of the three people planned to back down.

Because you have come, you cannot leave empty-handed.

At this time, Murong Xixi and Murong Tianjun returned to the temple and buried the body of Murong Ba's companion nearby.

At this time, Ye Feng directly swallowed the previous trialer of the Shadow Clan.

This Shadow Clan trialist's skill is still very strong, and Ye Feng felt a very advanced energy.

This further proves that this shadow clan is definitely a creature from the advanced cultivation interface, otherwise it would be impossible to have such advanced skills and energy, and it is likely to come from the heaven above the ten thousand demon interface.

At this time, after Ye Feng devoured this shadow clan trialer, his advanced skills immediately increased Ye Feng's skills a lot.

But it did not allow Ye Feng to directly break through to the current tenth level of the annual ring realm.

After all, this is a huge bottleneck.

We still need to continue to accumulate before we can transform and make breakthroughs.

At this time, Ye Feng suddenly discovered an ancient map from the storage ring of this cold and charming woman from the Shadow Clan.

There are markings on this ancient map.

Seeing these marks, Ye Feng's eyes suddenly lit up.

Because this map seems to be the map of the Western Queen Mother Kingdom during its heyday.

The points marked on the map should be the places where chance and good fortune are contained.

At this time, Ye Feng suddenly understood why these shadow clan could get ahead every time and get good luck.

It turns out that they all have a map of the Western Queen's Motherland in their hands.

They just need to follow the points marked on the map to explore.

As expected of the Shadow Clan who can use the ruins of the Western Queen's Motherland as a place of trial, they indeed have a strong foundation.

At this time, Ye Feng got this map, his face showed deep surprise, as if he had found a treasure.

Chapter 4505 Colosseum

Ye Feng knew very well that obtaining this map of the ancient ruins of the Western Queen Mother Kingdom would be of great significance to their subsequent exploration of the chance creation in the ancient ruins of the Western Queen Mother Kingdom.

Because Ye Feng and others no longer have to bump around like headless flies, nor do they have to radiate their soul power to explore a small area.

You can directly follow the points marked on the map to explore one by one.

Although in this case, it is very likely that he will encounter other trialists of the Shadow Clan soon.

After all, the other trialists of the Shadow Clan also used the marked points on this map to explore opportunities.

But Ye Feng is not afraid.

Originally, Ye Feng was a little afraid of this shadow clan trialer.

But ever since I got to know this trial member of the Shadow Clan, I have been very afraid of my own soul power.

My soul master method has natural suppression and restraint against these shadow clan.

Ye Feng is no longer afraid.

At this time, Ye Feng took this map and flew quickly towards the dilapidated temple not far away.

In the temple, Ye Feng saw that Murong Xixi and Murong Tianjun had just buried Murong Ba's body.

At this time, Ye Feng walked up to the two of them with the map in his hand, smiled and said, "Look what I found."

"This is....."

At this moment, seeing the map in Ye Feng's hand, Murong Xixi and Murong Tianjun seemed to understand something immediately.

Murong Xixi's beautiful little face suddenly showed a look of deep surprise, and she said aloud: "Ye Feng, you got this map of the ancient ruins of the Western Queen Mother Kingdom. You searched it from the trialist of the Shadow Clan. Arrived right?"

Ye Feng immediately nodded and said with a smile: "There are also locations marked with these marks on this map. They should be the places where the Western Queen Mother Kingdom stored chance creations. Although the Western Queen Mother Kingdom has been completely shattered now, These marked points can still guide us in the right direction."

Hearing what Ye Feng said, Murong Xixi's face suddenly showed a look of deep surprise.

But at this time, Ye Feng said aloud: "But Murong Xixi and Murong Tianjun, are you sure you want to continue to explore the ancient ruins of the Mother Kingdom of the West with me? After all, if you follow the points marked on the map In terms of detection, our efficiency is indeed much higher, but you must know that other trialists of the Shadow Clan all detect according to the points marked on this map, so we may mark it on a certain map At the location, you will soon encounter other trialists of the Shadow Clan, and it is very likely that you will encounter not just one, but several, or even a dozen people together. In this case, it will probably be very dangerous. , After all, you two have no defense at all against the Shadow Clan's attacks. These Shadow Clan's methods are really too weird."

Hearing what Ye Feng said at this moment, Murong Xixi immediately fell silent.

Murong Tianjun also looked a little ugly at this time.

After all, the methods of these Shadow Trialists are indeed very elusive.

Except for Ye Feng, the soul master, if the two of them were really attacked suddenly, they might really die just like Murong Ba.

At this time, the two of them thought about it

At this time, Murong Tianjun suddenly said: "Then we will not participate. Murong Xixi and I will search the outskirts of the ancient ruins of the Mother Kingdom of the West to see if there are any good opportunities. We will not Go deep into the ancient ruins of the Mother Kingdom of the West."

At this moment, Murong Xixi also nodded, obviously agreeing with Murong Tianjun's decision.

Ye Feng also nodded at this time and said loudly: "This is a wise choice."

Ye Feng knew very well that what he had to face next was not just the ancient dangers that might be contained in the ancient ruins of the Western Queen's Motherland itself.

There is also the threat from the trialists of the shadow clan in the advanced practice interface.

Therefore, even a soul master like myself is probably quite dangerous.

Not to mention taking Murong Xixi and Murong Tianjun with him.

Therefore, at this time, Murong Xixi and Murong Tianjun chose not to go deep into the ancient ruins of the Western Queen's Mother Kingdom, but only searched in the safe outer areas, which was a very correct choice.

At this time, Ye Feng nodded, directly took the map in his hand, and quickly flew towards the deepest area of the ancient ruins of the Western Queen Mother Kingdom.

At this time, Murong Xixi and Murong Tianjun were watching Ye Feng leave, and their backs disappeared.

Murong Tianjun couldn't help but shook his head and smiled, and said loudly: "I thought I was the most amazing genius in the entire Blood Demon Dynasty, and I would definitely rule the world in

the future, but now I learned from Ye Feng Seeing an extremely brilliant future, Ye Feng is the most amazing and talented person."

Hearing what Murong Tianjun said, Murong Xixi also showed a hint of approval in her eyes, and a hint of expectation in her beautiful eyes, and said loudly: "I am looking forward to seeing how Ye Feng can grow up in the future. What level."

At this time, while the two were talking, Ye Feng first came to the first place marked on the map based on the map in his hand.

This location is a Colosseum in the ancient ruins of the Western Queen Mother Kingdom.

This ancient Colosseum should have been a place used by the Western Queen Mother Kingdom for slave battles and a place specifically used for entertainment and betting by the nobles of the Western Queen Mother Kingdom.

At this time, Ye Feng didn't hesitate at all, and soon came to the outskirts of the Colosseum, where the Western Queen Mother Kingdom used to be.

At this moment, Ye Feng saw that the Colosseum was completely dilapidated, but the outline of that year was vaguely visible.

At this time, Ye Feng discovered that the Colosseum was very huge and there were many ancient sculptures built around it.

Many sculptures have collapsed, but there are still several sculptures that still stand between heaven and earth. They look very majestic and tell the story of the glorious scene here back then.

At this time, Ye Feng did not rush directly into the Colosseum, because Ye Feng knew that there was a high probability that there would be trialists from the Shadow Clan here.

At this time, Ye Feng was just using his soul power to cover the surroundings. He could detect whether the shadow clan's aura was lurking around at any time.

In addition, Ye Feng is still running his own skills at any time and can launch violent attacks at any time.

After making all the preparations at this moment, Ye Feng began to slowly approach this ancient and huge Colosseum, wanting to find the opportunities and good fortune contained in this Colosseum.

Since this ancient Colosseum is specially marked on the map, it means that there must be good things in it. Ye Feng knew very well that obtaining this map of the ancient ruins of the Western Queen Mother Kingdom would be of great significance to their subsequent exploration of the chance creation in the ancient ruins of the Western Queen Mother Kingdom.

Because Ye Feng and others no longer have to bump around like headless flies, nor do they have to radiate their soul power to explore a small area.

You can directly follow the points marked on the map to explore one by one.

Although in this case, it is very likely that he will encounter other trialists of the Shadow Clan soon.

After all, the other trialists of the Shadow Clan also used the marked points on this map to explore opportunities.

But Ye Feng is not afraid.

Originally, Ye Feng was a little afraid of this shadow clan trialer.

But ever since I got to know this trial member of the Shadow Clan, I have been very afraid of my own soul power.

My soul master method has natural suppression and restraint against these shadow clan.

Ye Feng is no longer afraid.

At this time, Ye Feng took this map and flew quickly towards the dilapidated temple not far away.

In the temple, Ye Feng saw that Murong Xixi and Murong Tianjun had just buried Murong Ba's body.

At this time, Ye Feng walked directly in front of the two of them with the map in his hand, smiled and said: "Look what I found."

"This is....."

At this moment, seeing the map in Ye Feng's hand, Murong Xixi and Murong Tianjun seemed to understand something immediately.

Murong Xixi's beautiful little face suddenly showed a look of deep surprise, and she said aloud: "Ye Feng, you got this map of the ancient ruins of the Western Queen Mother Kingdom. You searched it from the trialist of the Shadow Clan. Arrived right?"

Ye Feng immediately nodded and said with a smile: "There are also locations marked with these marks on this map. They should be the places where the Western Queen Mother Kingdom stored chance creations. Although the Western Queen Mother Kingdom has been completely shattered now, These marked points can still guide us in the right direction."

Hearing what Ye Feng said, Murong Xixi's face suddenly showed a look of deep surprise.

But at this time, Ye Feng said aloud: "But Murong Xixi and Murong Tianjun, are you sure you want to continue to explore the ancient ruins of the Mother Kingdom of the West with me? After all, if you follow the points marked on the map In terms of detection, our efficiency is indeed much higher, but you must know that other trialists of the Shadow Clan all detect according to the points marked on this map, so we may mark it on a certain map At the location, you will soon encounter other trialists of the Shadow Clan, and it is very likely that you will encounter not just one, but several, or even a dozen people together. In this case, it will probably be very dangerous. , After all, you two have no defense at all against the Shadow Clan's attacks. These Shadow Clan's methods are really too weird."

Hearing what Ye Feng said at this moment, Murong Xixi immediately fell silent.

Murong Tianjun also looked a little ugly at this time.

After all, the methods of these Shadow Trialists are indeed very elusive.

Except for Ye Feng, the soul master, if the two of them were really attacked suddenly, they might really die just like Murong Ba.

At this time, the two of them thought about it

At this time, Murong Tianjun suddenly said: "Then we will not participate. Murong Xixi and I will search the outskirts of the ancient ruins of the Mother Kingdom of the West to see if there are any good opportunities. We will not Go deep into the ancient ruins of the Mother Kingdom of the West."

At this moment, Murong Xixi also nodded, obviously agreeing with Murong Tianjun's decision.

Ye Feng also nodded at this time and said loudly: "This is a wise choice."

Ye Feng knew very well that what he had to face next was not just the ancient dangers that might be contained in the ancient ruins of the Western Queen's Motherland itself.

There is also the threat from the trialists of the shadow clan in the advanced practice interface.

Therefore, even a soul master like myself is probably quite dangerous.

Not to mention taking Murong Xixi and Murong Tianjun with him.

Therefore, at this time, Murong Xixi and Murong Tianjun chose not to go deep into the ancient ruins of the Western Queen's Mother Kingdom, but only searched in the safe outer areas, which was a very correct choice.

At this time, Ye Feng nodded, took the map in his hand, and quickly flew towards the deepest area of the ancient ruins of the Western Queen Mother Kingdom.

At this time, Murong Xixi and Murong Tianjun were watching Ye Feng leave, and their backs disappeared.

Murong Tianjun couldn't help but shook his head and smiled, and said loudly: "I thought I was the most amazing genius in the entire Blood Demon Dynasty, and I would definitely rule the world in

the future, but now I learned from Ye Feng Seeing the extremely brilliant future, Ye Feng is the most amazing and talented person."

Hearing what Murong Tianjun said, Murong Xixi also showed a hint of approval in her eyes, and a hint of expectation in her beautiful eyes, and said loudly: "I am looking forward to seeing how Ye Feng can grow up in the future. What level."

At this time, while the two were talking, Ye Feng first came to the first place marked on the map based on the map in his hand.

This location is a Colosseum in the ancient ruins of the Western Queen Mother Kingdom.

This ancient Colosseum should have been a place used by the Western Queen Mother Kingdom for slave battles and a place specifically used for entertainment and betting by the nobles of the Western Queen Mother Kingdom.

At this time, Ye Feng didn't hesitate at all, and soon came to the outskirts of the Colosseum, where the Western Queen Mother Kingdom used to be.

At this moment, Ye Feng saw that the Colosseum was completely dilapidated, but the outline of that year was vaguely visible.

At this time, Ye Feng discovered that the Colosseum was very huge and there were many ancient sculptures built around it.

Many sculptures have collapsed, but there are still several sculptures that still stand between heaven and earth. They look very majestic and tell the story of the glorious scene here back then.

In addition, Ye Feng is still running his own skills at any time and can launch violent attacks at any time.

After making all the preparations at this moment, Ye Feng began to slowly approach this ancient and huge Colosseum, wanting to find the opportunities and good fortune contained in this Colosseum.

Since this ancient Colosseum is specially marked on the map, it means that there must be good things in it.

Chapter 4506 Continuous Reorganization

When Ye Feng approached this huge and ancient Colosseum, Ye Feng did not sense the cultivation aura of the Shadow Clan.

This made Ye Feng's eyes suddenly show surprise.

Unexpectedly, the Shadow Clan has not yet reached the Colosseum of the ancient Mother Kingdom of the West.

At this time, Ye Feng was naturally very happy.

Because although Ye Feng's soul power has a natural suppression on these shadow clans, Ye Feng also knows that the origins of these shadow clans are very mysterious and very terrifying, so their methods must be stronger than the last one.

At this time, Ye Feng was naturally very lucky that he could not meet the trial members of the Shadow Clan. ??

Because if you are looking for opportunities and have to be wary of the shadow tribe's trialists that may exist around you, it will consume Ye Feng's energy very much.

So Ye Feng didn't have time to concentrate on looking for opportunities.

At this time, since he discovered that there were no trial members of the Shadow Clan in this ancient Colosseum, Ye Feng was naturally very happy. He rushed directly into the ancient Colosseum of the Mother Kingdom of the West and quickly searched for it. It's a matter of chance.

But the moment Ye Feng just walked into this ancient colosseum.

Boom!

The entire ancient Colosseum began to shake.

Ancient totems appeared on the walls surrounding the entire huge Colosseum.

These totems are engraved with very terrifying evil beasts.

Each evil beast has a different shape, and should be different types of powerful beasts from ancient times.

At this moment, the totems of these powerful beasts began to glow.

Then, among these ancient totems, the light actually condensed into the shapes of ancient beasts, charging towards Ye Feng crazily, possessing very terrifying power.

Even Ye Feng didn't react at this moment. He was pictured by several people.

The ferocious beast formed by the light condensed in the sky was directly hit and flew backwards, falling to the ground of the Colosseum.

At this time, Ye Feng immediately felt that the power just now was very terrifying, enough to crush a powerful practitioner in an instant.

If it weren't for Ye Feng's extremely powerful physical strength, Ye Feng would have been shattered by the bombardment of the ancient beasts composed of the light rushing out of these ancient totems in just a moment.

At this time, Ye Feng suddenly saw some scattered corpses and skeletons around.

These corpses and bones are still very fresh.

This made Ye Feng's eyes suddenly tremble.

Ye Feng knew that it was not that there were no trialists from the Shadow Clan who came here, but that all the trialists from the Shadow Clan who came here had probably died in this ancient Colosseum.

Ye Feng immediately understood that there was ancient totem power in this ancient Colosseum.

There is no reaction when you are not close.

But once they enter the scope of this ancient Colosseum, these ancient totems engraved on the walls around the ancient Colosseum will emit an extremely powerful light, forming ancient beasts that will instantly enter the ancient times. The creatures in the Colosseum were directly killed.

At this time, after Ye Feng understood this, he immediately paid great attention to the ancient beasts that emerged from these ancient totems.

Because the trialists of the Shadow Clan all fell here and were killed by the ancient beasts among these ancient totems, it is enough to show that the ancient beasts that rushed out of these ancient totems must be very powerful. The destructive power is astonishing.

At this time, Ye Feng didn't hesitate at all and immediately inspired his genius.

The power of God's immortal body.

"boom!"

Ye Feng's whole body suddenly burst into bright golden light.

Then Ye Feng rushed forward and immediately fought with these ancient beasts.

You know, Ye Feng's immortal manifestation of the gods has been greatly improved after absorbing a lot of divine substances.

So at this time, Ye Feng's physical strength is still very terrifying.

At this moment, Ye Feng frantically attacked these ancient beasts that rushed out from the ancient totems, almost beating them to the same level.

It has to be said that Ye Feng's physique is so powerful that he can fight with these ancient beasts like war machines without falling behind at all. It is a head-to-head fight.

At this time, Ye Feng seized the opportunity and directly used the Azure Dragon Sky-Destroying Claw that he had practiced before.

Uh-huh!

I saw one of Ye Feng's palms immediately transformed into a huge cyan dragon claw, and directly grabbed the ancient beast that rushed over first into pieces.

Then Ye Feng pulled out the black broken sword from behind, and the ancient weapon power in the black broken sword exploded.

An earth-shaking black sword light suddenly burst out from the black broken sword, as if it could tear the sky, shatter the earth, and suddenly split another ancient beast in half.

But before Ye Feng could be happy, the ancient beasts crushed by Ye Feng gathered together again and re-formed into the appearance of the ancient beasts.

These ancient beasts are all condensed from the light in ancient totems.

But after being shattered by Ye Feng, it was still able to continue to reorganize.

This made Ye Feng's eyes suddenly darken.

If you continue like this, even if your skills become stronger,

It is huge and will be consumed by these ancient beasts sooner or later.

Because these ancient beasts are condensed from the light of power in the totem, they cannot die at all and can be constantly reorganized.

At this time, Ye Feng suddenly understood why those powerful trialists of the Shadow Clan also died here.

Because the ancient beasts rushed out from these ancient totems in this ancient Colosseum are so weird that they can constantly reorganize and cannot be killed at all.

"Buzz!"

At this time, Ye Feng did not hesitate and directly released his most powerful devouring domain.

At this moment, a dark devouring realm erupted directly from Ye Feng's body and spread towards the surroundings.

Then at this moment, Ye Feng did not hesitate and immediately enveloped these ancient beasts with the Devouring Domain.

At this moment, all around, the ancient beasts that rushed over entered the devouring realm, and the power on their bodies suddenly began to drain away.

After all, you must know that these ancient beasts are condensed from the light of power in ancient totems, so the light emanating from their bodies is pure energy.

After Ye Feng's devouring domain enveloped these ancient beasts, he could continuously absorb the power of these ancient beasts.

As Ye Feng fights, the power of these ancient beasts will become increasingly exhausted.

When the power in them is lost to the end, it will completely dissipate.

This made Ye Feng's eyes suddenly show joy.

It seems that my idea is right.

It is very useful to use the Devouring Domain to deal with these ancient beasts that are composed entirely of light of power.

At this time, Ye Feng looked at the ancient beasts composed of rays of light that were attacking crazily around him. He immediately grinned and said, "Let's see who can outlast whom!"

Chapter 4507 The second location

Buzz!

At this time, while Ye Feng was fighting the ancient beasts composed of these lights, he was using the devouring fields around him to slowly absorb the energy contained in the bodies of these ancient beasts.

The energy contained in the bodies of these ancient beasts was provided by the ancient totems in the surrounding Colosseum, so it was very high-level and was the special energy of the Mother Kingdom of the West.

After Ye Feng absorbed it, he could immediately feel that his power was slowly increasing.

Along with the battle, there was a sudden "boom"!

Ye Feng's body unexpectedly burst out with an extremely powerful aura of cultivation. .??.

That turned out to be a breakthrough momentum!

At this moment of Ye Feng's cultivation, he directly broke through the current bottleneck, reached the tenth level of the annual ring realm, and directly broke through to the half-step lifeline realm above the annual ring realm!

At this time, Ye Feng's eyes suddenly revealed a look of deep surprise.

Unexpectedly, by subtly absorbing the energy contained in the bodies of these ancient beasts, I was able to achieve a complete breakthrough in my cultivation by accumulating energy, reaching the half-step lifeline realm above the annual ring realm.

This was an unexpected surprise for Ye Feng.

At this moment, Ye Feng had entered the Half-Step Lifeline Realm, an extremely powerful new level of cultivation, and he could immediately feel that his combat effectiveness had been unparalleledly improved.

Even if he only broke through half a level, Ye Feng's combat power skyrocketed.

Because it is a breakthrough in a big realm.

Therefore, Ye Feng's combat effectiveness has skyrocketed.

At this moment, Ye Feng looked at the two ancient beasts composed of two rays of light that were already weak in front of him. He suddenly stretched out his hand, and then struck out with two golden fists.

Ye Feng's two fists suddenly burst out with brilliant divine light, possessing terrifying destructive power, which instantly shattered the two weak ancient beasts that had been subtly swallowed up.

After these ancient beasts were broken, they once again wanted to regroup.

But this time, Ye Feng directly activated the Devouring Domain, swallowing up all the energy fragments transformed by these two ancient beasts, causing Ye Feng's skill to gain another huge increase.

"boom!"

The next moment, with the help of these energy fragments, Ye Feng once again burst out with a powerful cultivation momentum. At this moment, Ye Feng's cultivation once again broke through to the first level of the Lifeline Realm.

This made Ye Feng's eyes suddenly reveal a look of deep surprise.

These two ancient beasts may be like death to other trialists, and they can only wait to die if they encounter them.

But for Ye Feng, it has simply become the best nourishment, allowing Ye Feng's cultivation to directly break through the entire bottleneck and step into the real lifeline realm, allowing Ye Feng to gain both skill and combat effectiveness. An unparalleled improvement.

At this moment, Ye Feng didn't hesitate at all. He immediately looked around and found that the light of the ancient totem on the wall of the ancient Colosseum had completely disappeared.

Obviously, all the remaining energy in these ancient totems was transformed into the energy of the two ancient beasts.

So now that the two ancient beasts were killed by Ye Feng, these ancient totems on the wall naturally lost their light.

At this moment, Ye Feng successfully broke through the methods left behind by the Western Queen Mother Kingdom in this ancient Colosseum and directly entered the internal area of this ancient Colosseum.

In the inner area of this ancient Colosseum, Ye Feng immediately saw a scene of shining light.

I saw a huge palace in the inner area of this ancient Colosseum.

This space is actually filled with densely packed crystals that emit bright light.

Seeing this scene, Ye Feng's eyes suddenly lit up.

It seems that the map marked

is still very correct.

In this ancient Colosseum, there is indeed a wealth of resources hidden in creation. In the space inside this ancient Colosseum, there are actually so many densely packed crystals that emit bright light.

These things must be the wealth of this ancient Colosseum, accumulated here.

After all, in the era of the Western Queen Mother Kingdom, this crystal stone containing the energy of heaven and earth should be something of a monetary nature.

At this time, Ye Feng didn't hesitate at all, and immediately rushed forward, and then directly released his Devouring Domain, and began to madly devour the energy crystals piled up in the hall.

These energy crystals are all the energy crystals of the Western Queen Mother Kingdom back then. They are very high-grade. The energy contained in them is the high-grade energy in the Western Queen Mother Kingdom.

So after Ye Feng swallowed it at this time, he could immediately feel a very huge energy, which was immediately injected into his Dantian, quickly strengthening Ye Feng's power.

At this moment, Ye Feng's cultivation aura began to break through rapidly again.

"boom!"

Lifeline Realm Second Heaven!

"boom!"

The third level of Lifeline Realm!

"boom!"

The fourth level of Lifeline Realm!

"boom!"

The fifth level of Lifeline Realm!

At this time, Ye Feng's cultivation level suddenly broke through so much, which naturally made Ye Feng extremely happy.

These energy crystals are indeed the wealth left over from the ancient Colosseum. The energy contained in them is the high-level energy of the Western Queen's Motherland back then. That's why Ye Feng's cultivation level suddenly broke through so much.

At this time, Ye Feng did not hesitate and continued to explore the inner area of the Yuangu Colosseum.

Soon, Ye Feng saw a golden ax from a wall of the palace.

This golden ax gave Ye Feng a sense of

Jue, like the weapon of the ancient God of War, contains very terrifying power.

At this time, Ye Feng stretched out his hand and tried to take down the golden axe.

But just at the moment Ye Feng touched the golden axe.

Boom! !

A terrifying force immediately shook Ye Feng's whole body and flew him backwards, falling hard to the ground.

However, Ye Feng was not injured.

At this moment, Ye Feng's eyes showed deep curiosity, staring at the golden axe.

Because Ye Feng can feel that the power in this golden ax is too powerful and cannot be controlled by him now.

Ye Feng immediately understood that this golden ax must have been an extremely terrifying weapon back then.

At this moment, Ye Feng did not touch the golden ax again, but directly released the storage ring and put the golden ax into his own storage ring.

When you continue to become stronger after your cultivation, you can explore carefully what kind of powerful weapon this golden ax is.

At this moment, Ye Feng continued to explore the ancient Colosseum, but found that there was nothing else.

But Ye Feng was already very satisfied.

After all, coming to this ancient Colosseum greatly improved Ye Feng's cultivation. He broke through to the fifth level of the Lifeline Realm and got a golden ax that was suspected to be the natal weapon of the God of War.

At this time, Ye Feng simply left the ancient Colosseum.

At this moment, Ye Feng continued to look at the map in his hand, with deep excitement in his eyes.

The points marked on this map are indeed very rich in supplies.

At this moment, Ye Feng flew quickly towards the second location marked on the map.

The second location is a place of great opportunity in the southwest of the Kingdom of the West, called the "Valley of Hidden Soldiers".

Chapter 4508 Ancient Flag

At this time, Ye Feng didn't hesitate and started to hurry up, flying quickly towards the second location marked on the map, Hidden Soldier Valley.

For Ye Feng, a place like the Hidden Soldier Valley should be understood literally as a place where the Western Queen Mother Kingdom used to store weapons. It may have magical weapons.

For Ye Feng, this is actually not as attractive as a place that specifically stores chance creations that can improve his cultivation skills.

But since it has been specially marked on this map, Ye Feng naturally does not have any hesitation and goes directly to take a look.

Although Ye Feng now has no shortage of weapons in his hands, after all, the black broken sword that Ye Feng obtained before is extremely powerful, comparable to ordinary peerless magic weapons.

At this time, Ye Feng quickly flew towards the direction of the Hidden Soldier Valley.

Along the way, Ye Feng saw many collapsed buildings, all of which exuded a tragic atmosphere.

This made Ye Feng's eyes suddenly reveal a look of deep surprise.

It seems that the huge area of the Western Queen's Motherland indeed encountered very terrible battles.

Otherwise, such a cruel and shabby scene would not have been possible.

At this time, Ye Feng quickly came to the second location marked on the map, which was the location of the Hidden Soldier Valley.

At this moment, Ye Feng suddenly saw that on the ground not far ahead, the entire ground was sunken, forming a valley.

Uh-huh!

Without any hesitation, Ye Feng flew over immediately.

When Ye Feng flew to the entire Hidden Soldier Valley, he immediately sensed some inexplicable aura.

Ye Feng immediately lay down on the spot and lurked in the grass.

At this time, Ye Feng pushed aside the grass in front of him and looked in the direction of the Hidden Soldier Valley. He immediately saw several Shadow Clan trialists looking for good things in the Hidden Soldier Valley.

"Um?"

Seeing this scene, Ye Feng immediately showed a look of surprise in his eyes.

It seemed that he was finally face to face with these trialists of the Shadow Clan.

But this is also very normal.

After all, the map in Ye Feng's hand was obtained from a trialer of the Shadow Clan.

Therefore, this map is estimated to be in the hands of every trialist of the Shadow Clan.

Therefore, these trialists of the Shadow Clan must have followed the locations marked on this map to explore opportunities.

At this time, Ye Feng did not hesitate and sneaked into the hidden soldier valley.

Ye Feng is not ready to fight against those Shadow Trialists for the time being, because Ye Feng can sense that the cultivation auras of the Shadow Trialists who appear in the Hidden Soldier Valley are very powerful. , even stronger than Ye Feng's current cultivation level.

Moreover, the methods of these Shadow Trialists are very mysterious, so Ye Feng naturally has no intention of directly confronting these Shadow Trialists at this time.

Ye Feng was going to sneakily look for the good things in the Hidden Soldier Valley first.

After all, now that Ye Feng is fighting against several trialists of the Shadow Clan at once, he doesn't have much confidence for the time being.

The trialist from the Shadow Clan that Ye Feng met before was probably the weaker one among these trialists.

Now that he met these very powerful people, Ye Feng naturally did not want to conflict with them for the time being.

After all, Ye Feng has no hatred or grudge against the entire Shadow Clan.

So I honestly searched for the good things in the Hidden Soldier Valley, and then secretly

Sliding away is Ye Feng's best choice at the moment.

Of course, if he was discovered by these shadow tribe trialists and they wanted to kill him, Ye Feng would naturally not be polite.

At this moment, Ye Feng silently lurked into the Weapon Hidden Valley, exuding his soul power and searching for the most powerful weapon fluctuations around him.

Ye Feng has long been disdainful of ordinary weapons.

So what Ye Feng wants to look for now is naturally a powerful ancient weapon.

At this time, Ye Feng had no doubt that this Weapon Hidden Valley was the place where the Western Kingdom's weapons were stored. It must have ancient weapons and peerless weapons.

At this moment, when Ye Feng exuded his soul power, he immediately sensed a very strong weapon fluctuation.

This made Ye Feng's eyes suddenly light up, and he flew quickly in that direction.

Soon, Ye Feng shuttled through the entire valley, surrounded by weapons stuck on the ground, but Ye Feng was no longer interested in ordinary weapons.

At this time, Ye Fengkuai came to the place where his soul power sensed the most powerful energy fluctuations of the weapon.

At this time, Ye Feng immediately saw that there was an ancient altar in the southwest of the valley.

On top of this altar, there was actually a large flag that was more than ten meters long.

This large flag looks very ancient, with ancient patterns engraved on its surface, giving people a very scary feeling.

At this moment, Ye Feng could immediately see countless souls surging above this big flag.

At this moment, Ye Feng immediately showed deep surprise in his eyes.

Because this big flag should not be an ordinary weapon, but a weapon at the soul level.

this moment

Suddenly, Ye Feng's eyes suddenly showed deep joy, and he did not expect that he had encountered a weapon at the soul level.

Moreover, this weapon inserted on this altar must have been the soul weapon of some very mysterious and powerful existence.

At this time, Ye Feng directly grabbed this ancient flag in his hands.

This moment.

Boom!

Ye Feng felt it immediately. Countless souls immediately rushed out from the big flag crazily, forming a river of souls that wanted to crush his entire head.

But at this moment, Ye Feng directly used his huge soul power to suppress these countless souls.

Then Ye Feng immediately opened and refined the soul weapon in his hand.

Ye Feng did not kill and devour all these souls, because Ye Feng knew very well that the reason why this banner was so powerful must be that many souls of living beings were sacrificed on this altar. That's why this big flag has a very powerful power.

At this moment, Ye Feng immediately began to use his huge soul power and began to quickly refine this banner.

The next moment, Ye Feng felt it immediately. He quickly refined and controlled this big flag, and then quickly put it into his mind.

Ye Feng could feel that this ancient flag was definitely a very terrifying soul weapon that could explode with super power.

This made Ye Feng very happy.

Because Ye Feng knows very well that if he really encounters a trialist of the Shadow Clan next, he will definitely need to rely on soul-level means to suppress them.

Now that he has obtained this ancient soul weapon and this ancient banner, Ye Feng's soul skills have naturally improved a lot, making Ye Feng even more confident.

Chapter 4509 Evil Dragon Sword

At this time, after Ye Feng obtained this powerful ancient soul weapon "Ancient Banner", he continued to exude his soul power without any hesitation and continued to explore other opportunities or divine weapons hidden in the Hidden Weapon Valley. Sharp weapon.

At this time, Ye Feng suddenly sensed another very strong energy fluctuation.

Ye Feng's eyes suddenly lit up and he continued to fly quickly in that direction.

At this time, Ye Feng was still very excited.

Unexpectedly, there are so many ancient and advanced weapons hidden in this Hidden Weapons Valley. ??

At this moment, Ye Feng didn't hesitate at all, and soon came to the place where he sensed the second energy fluctuation.

But at this moment, Ye Feng immediately showed deep surprise in his eyes.

Because he saw that at the place in front where the weapons were emitting fluctuations, six trialists from the Shadow Clan actually appeared.

This made Ye Feng's eyes suddenly reveal a trace of solemnity.

Unexpectedly, the second powerful weapon he was looking for had already been obtained by the trialists of the Shadow Clan.

Ye Feng immediately understood at this time that although the trialists of the Shadow Clan did not have the means to detect soul power as he did, they definitely had special means that could detect the location of powerful weapons around them.

At this moment, Ye Feng did not take action rashly, but lurked around and watched carefully.

Because Ye Feng saw that the weapons placed on the gold-paved square in front looked very strange.

It was an extremely black dragon-headed sword.

This extremely black dragon-headed sword has blood grooves on the blade and is dripping with bright red blood. It feels very weird, like an ancient evil magic weapon.

At this moment, Ye Feng naturally lurked around to check the situation.

At this moment, while Ye Feng was observing, the six trialists of the Shadow Clan had already walked in front of the extremely dark dragon-headed sword.

At this time, the eyes of the six Shadow Clan trialists were filled with deep excitement.

Because they recognized this extremely black dragon-headed sword. There were blood grooves on the blade, dripping with bright red blood.

This seems to be a very terrifying evil weapon in the Western Queen Mother Kingdom back then, called the Evil Dragon Sword.

At this moment, a shadow clan trialer couldn't help but said: "This seems to be the natal weapon refined by a very evil practitioner in the Western Kingdom. It's called the evil dragon sword. This evil weapon The Dragon Broadsword was a terrifying weapon that killed millions of creatures back then. It is said that the soul of an ancient evil dragon is sealed in this sword. Every time it is killed with a sword, it can inspire that evil dragon. The power of the soul has very terrifying destructive power. We are really lucky to have encountered such an advanced and powerful weapon with astonishing destructive power. "

At this moment, the trialer of the Shadow Clan said that he stepped forward to get this evil dragon's avenue in his hand.

But the moment he stretched out his hand and touched the evil dragon sword.

Boom! !

An extremely terrifying evil force suddenly burst out from this big knife.

this moment

In the meantime, I saw the soul of a majestic and boundless evil dragon rushing out of this evil dragon sword.

He actually opened his mouth and instantly bit off the head of the shadow clan trialer who touched the evil dragon sword.

This trialer of the Shadow Clan didn't even scream. The whole headless body fell to the ground in an instant, and died with a bang.

"What??"

Seeing this scene at this time, the few remaining trialists of the Shadow Clan immediately showed deep horror in their eyes.

They never thought that this evil dragon sword, which had been dormant for countless years, could burst out with such terrifying power the moment someone touched it.

At this moment, everyone immediately saw that after the soul of the evil dragon in the evil dragon sword bit off the head of the shadow clan trialer, the blood on the evil sword was actually thicker. A lot thicker.

Moreover, the terrifying aura exuded by this evil dragon sword is becoming more and more powerful and larger.

At this moment, the remaining few trialists of the Shadow Clan present had deep horror in their eyes.

They immediately understood why this evil dragon sword was sealed here in the Mother Kingdom of the West.

Because this evil dragon sword is so evil. It is an evil sword. The more creatures it kills, the more powerful it becomes. It is really a very terrifying weapon.

At this time, the remaining five trialists of the Shadow Clan had not yet reacted. They saw the soul of the evil dragon in the evil dragon sword once again moving towards the remaining five trialists of the Shadow Clan. It charged away, roaring and roaring with its mouth open, possessing the edge of a knife and the terrifying power of an evil dragon.

Even the five trialists of the Shadow Clan could not help but retreat at this moment.

Because the power of this evil dragon sword is really terrifying.

But at this moment, the soul of the evil dragon in the evil dragon sword was chasing after them, frantically attacking the five trialists of the shadow clan.

In the blink of an eye, two more trialists of the Shadow Clan were killed.

"No, the soul of the evil dragon in this evil dragon sword has been completely awakened. Now we have no way to resist the power of this evil weapon. Let's get out of here quickly. This is not something we can covet. arms."

At this time, the last three trialists of the Shadow Clan were unable to withstand the soul power of the evil dragon in the evil dragon sword.

Because this is not an attack from the entity, but an attack from the soul level.

The weakest thing of the Shadow Clan is attacks at the soul level.

They simply couldn't resist.

So at this moment, the few remaining trialists of the Shadow Clan could only leave here unwillingly, leaving only the corpses of a few companions lying on the ground.

They were very unwilling and felt that they were unlucky to have encountered such an evil weapon. No one could control such an evil weapon.

At this moment, the few remaining trialists of the Shadow Clan shook their heads and sighed, and quickly left here.

But at this time, Ye Feng's eyes lit up, he walked out from the lurking around, and slowly and quickly walked in the direction of the evil dragon sword. Ye Feng felt that he might be able to give it a try. At this time, after Ye Feng obtained this powerful ancient soul weapon "Ancient Banner", he continued to exude his soul power without any hesitation and continued to explore other opportunities or divine weapons hidden in the Hidden Weapon Valley. Sharp weapon.

At this time, Ye Feng suddenly sensed another very strong energy fluctuation.

Ye Feng's eyes suddenly lit up and he continued to fly quickly in that direction.

At this time, Ye Feng was still very excited.

Unexpectedly, there are so many ancient and advanced weapons hidden in this Hidden Weapons Valley.

At this moment, Ye Feng didn't hesitate at all, and soon came to the place where he sensed the second energy fluctuation.

But at this moment, Ye Feng immediately showed deep surprise in his eyes.

Because he saw that at the place in front where the weapons were emitting fluctuations, six trialists from the Shadow Clan actually appeared.

This made Ye Feng's eyes suddenly reveal a trace of solemnity.

Unexpectedly, the second powerful weapon he was looking for had already been obtained by the trialists of the Shadow Clan.

Ye Feng immediately understood at this time that although the trialists of the Shadow Clan did not have the means to detect soul power as he did, they definitely had special means that could detect the location of powerful weapons around them.

At this moment, Ye Feng did not take action rashly, but lurked around and watched carefully.

Because Ye Feng saw that the weapons placed on the gold-paved square in front looked very strange.

It was an extremely black dragon-headed sword.

This extremely black dragon-headed sword has blood grooves on the blade and is dripping with bright red blood. It feels very weird, like an ancient evil magic weapon.

At this moment, Ye Feng naturally lurked around to check the situation.

At this moment, while Ye Feng was observing, the six trialists of the Shadow Clan had already walked in front of the extremely dark dragon-headed sword.

At this time, the eyes of the six Shadow Clan trialists were filled with deep excitement.

Because they recognized this extremely black dragon-headed sword. There were blood grooves on the blade, dripping with bright red blood.

This seems to be a very terrifying evil weapon in the Western Queen Mother Kingdom back then, called the Evil Dragon Sword.

At this moment, a shadow clan trialer couldn't help but said: "This seems to be the natal weapon refined by a very evil practitioner in the Western Kingdom. It's called the evil dragon sword. This evil weapon The Dragon Broadsword was a terrifying weapon that killed millions of creatures back then. It is said that the soul of an ancient evil dragon is sealed in this sword. Every time it is killed with a sword, it can inspire that evil dragon. The power of the soul has very terrifying destructive power. We are really lucky to have encountered such an advanced and powerful weapon with astonishing destructive power."

At this moment, the trialer of the Shadow Clan said that he stepped forward to get this evil dragon's avenue in his hand.

But the moment he stretched out his hand and touched the evil dragon sword.

Boom! !

An extremely terrifying evil force suddenly burst out from this big sword.

this moment

In the meantime, I saw the soul of a majestic and boundless evil dragon rushing out of this evil dragon sword.

He actually opened his mouth and instantly bit off the head of the shadow clan trialer who touched the evil dragon sword.

This trialer of the Shadow Clan didn't even scream. The whole headless body fell to the ground in an instant, and died with a bang.

"What??"

Seeing this scene at this time, the few remaining trialists of the Shadow Clan immediately showed deep horror in their eyes.

They never thought that this evil dragon sword, which had been dormant for countless years, could burst out with such terrifying power the moment someone touched it.

At this moment, everyone immediately saw that after the soul of the evil dragon in the evil dragon sword bit off the head of the shadow clan trialer, the blood on the evil sword was actually thicker. A lot thicker.

Moreover, the terrifying aura exuded by this evil dragon sword is becoming more and more powerful and larger.

At this moment, the remaining trialists of the Shadow Clan present all had deep horror in their eyes.

They immediately understood why this evil dragon sword was sealed here in the Mother Kingdom of the West.

Because this evil dragon sword is so evil. It is an evil sword. The more creatures it kills, the more powerful it becomes. It is really a very terrifying weapon.

At this time, the remaining five trialists of the Shadow Clan had not yet reacted. They saw the soul of the evil dragon in the evil dragon sword once again moving towards the remaining five trialists of the Shadow Clan. It charged away, roaring and roaring with its mouth open, possessing the edge of a knife and the terrifying power of an evil dragon.

Even the five trialists of the Shadow Clan could not help but retreat at this moment.

Because the power of this evil dragon sword is really terrifying.

But at this moment, the soul of the evil dragon in the evil dragon sword was chasing after them, frantically attacking the five trialists of the shadow clan.

In the blink of an eye, two more trialists of the Shadow Clan were killed.

"No, the soul of the evil dragon in this evil dragon sword has been completely awakened. Now we have no way to resist the power of this evil weapon. Let's get out of here quickly. This is not something we can covet. arms."

At this time, the last three trialists of the Shadow Clan were unable to withstand the soul power of the evil dragon in the evil dragon sword.

Because this is not an attack from the entity, but an attack from the soul level.

The weakest thing of the Shadow Clan is attacks at the soul level.

They simply couldn't resist.

So at this moment, the few remaining trialists of the Shadow Clan could only leave here unwillingly, leaving only the corpses of a few companions lying on the ground.

They were very unwilling and felt that they were unlucky to have encountered such an evil weapon. No one could control such an evil weapon.

At this moment, the few remaining trialists of the Shadow Clan shook their heads and sighed, and quickly left here.

But at this time, Ye Feng's eyes lit up, he walked out from the lurking around, and slowly and quickly walked in the direction of the evil dragon sword. Ye Feng felt that he might be able to give it a try.

Chapter 4510 Weapon Master

At this time, Ye Feng didn't hesitate at all. He immediately walked out of the place where he was hiding and flew quickly towards the place where the big knife was placed.

This evil dragon sword was inserted into a golden square not far away. The blade was more than ten meters long. The shape of the dragon head was very ferocious, and it looked inexplicably shocking.

At this time, Ye Feng walked directly to the golden square and walked in front of the evil dragon sword.

At this moment, the few trialists of the Shadow Clan had escaped, so there was no one else here.

Ye Feng came here again, and the soul of the evil dragon that surged out of the evil dragon sword just now has entered the blade again.

At this moment, as long as Ye Feng does not touch this evil dragon sword, he will not activate the soul of the evil dragon in it.

But if you want to refine this evil dragon sword and make it your own, you must fight against the soul of the evil dragon contained in the blade.

At this moment, Ye Feng did not directly touch the evil dragon sword, but directly released the Devouring Domain, killing the few shadow clan members who had just been killed by the evil dragon soul in the evil dragon sword. The skill in the trialist's corpse was simply devoured.

"Buzz!"

At this moment, Ye Feng immediately felt waves of very majestic energy injected into his Dantian.

You must know that the trialists of the Shadow Clan who can come here to practice are all very powerful.

Therefore, even if they lost their lives, the energy and skill contained in their corpses were still very powerful and huge.

After Ye Feng swallowed it at this time, he could directly feel his own power, and it immediately grew rapidly and continuously.

You know, when Ye Feng was lurking here before, he didn't dare to confront these trialists of the Shadow Clan.

Because the cultivation skills of these shadow clan trialists are very terrifying.

At this moment, after Ye Feng swallowed it, he naturally received a huge supplement of strength.

At this moment, Ye Feng immediately felt that his power was growing rapidly.

My own cultivation aura is also making breakthroughs step by step.

Ye Feng's cultivation momentum immediately began to grow.

"Boom!"

The sixth level of Lifeline Realm!

"Boom!"

The seventh level of Lifeline Realm!

At this moment, Ye Feng's eyes suddenly revealed a look of deep surprise.

Unexpectedly, his own cultivation level, after devouring the skills of the killed Shadow Clan testers at this moment, would break through two heavens in a row, allowing him to break through to the seventh heaven of the Lifeline Realm!

This made Ye Feng naturally look deeply happy on his face.

At this moment, Ye Feng was somewhat grateful to this evil dragon sword.

It was the soul of the extremely powerful evil dragon in this evil dragon sword that took the initiative to attack and killed the few trialists of the Shadow Clan.

Otherwise, I wouldn't be able to catch the leak.

At this moment, Ye Feng picked up the leak and made a breakthrough in his cultivation. Naturally, he was very happy, because this was simply a free lunch.

At this time, Ye Feng didn't hesitate at all. He directly stretched out his hand and started to touch the evil dragon sword.

Because Ye Feng now decided to see if he could refine this evil dragon sword.

Because the power of this evil dragon sword is so terrifying, Ye Feng has already seen it just now. It was a very evil but very powerful weapon in the Mother Kingdom of the West.

At this moment, when Ye Feng stretched out his hand and touched the evil dragon sword.

Boom! !

Sure enough, just like what Ye Feng had seen before, a terrifying wave of power immediately erupted from the evil dragon sword, condensing the soul of an evil dragon, and immediately opened its bloody mouth and faced it. Attacked by Ye Feng and left.

The situation that the trialists of the Shadow Clan encountered before is

Exactly the same.

However, the trialists of the Shadow Clan do not have such powerful soul power as Ye Feng.

So at this moment, Ye Feng didn't hesitate at all, and directly released his huge soul power, condensing a towering and boundless soul giant on top of his head, and immediately fought with this evil dragon. together.

Boom! !

The two behemoths in soul state collided with each other at this moment, and the fight between them was very terrifying.

At this moment, Ye Feng immediately felt that his soul power was being consumed rapidly. .???.??

Because this soul giant condensed by Ye Feng represents all his soul power.

Therefore, the soul giant and the evil dragon soul fighting together naturally quickly consumed Ye Feng's soul power.

But Ye Feng's current soul power has already been raised to a full 70 million level through continuous training.

A total of 70 million levels of huge soul power is naturally enough to support Ye Feng's soul giant and fight for a long time.

At this time, Ye Feng had no way to get Emperor Chu to take action.

After all, if you want Emperor Chu to exert his true power, you need an external soul body to enter Ye Feng's mind.

But this evil dragon soul did not enter Ye Feng's mind.

So at this time, Ye Feng could only use his soul power to condense his soul giant to fight with the soul of this evil dragon.

Boom!

At this moment, the two soul bodies were engaged in a crazy battle, causing extremely terrifying soul fluctuations.

If there are ordinary creatures standing around the two at this time, their soul power will be affected by this terrifying battle, and their souls may be completely broken.

At this moment, the soul giant condensed by Ye Feng fought with the soul of this evil dragon.

Ye Feng took advantage of this time to quickly input his magic power and enter the scene in front of him.

Among the evil dragon swords, I want to quickly refine this evil weapon.

Because Ye Feng now knows very well that the greatest defense of this evil dragon sword is the soul of this sealed evil dragon.

Now the soul of this evil dragon is entangled by the soul giant condensed by Ye Feng.

So at this time, Ye Feng could naturally refine the weapon in front of him without any hindrance.

Boom!

Ye Feng's magic power is also very pure and powerful, and it is a very special magic power of the Celestial Clan, so it is supreme.

At this moment, Ye Feng quickly refined the evil dragon sword in front of him.

The moment Ye Feng succeeded in completely refining this evil dragon sword.

Boom!

Almost at the next moment, the soul of the evil dragon who was fighting Ye Feng's soul giant was shocked all over.

Then he stared at Ye Feng in disbelief, and shouted in horror: "You, a humble human boy, have refined this magic sword so quickly? This is impossible!"

At this time, seeing the horrified expression of the soul of the evil dragon in front of him, Ye Feng just smiled indifferently, and with a "clang" sound, he pulled out the evil dragon sword in front of him from the ground and held it in his hand. .

Then, Ye Feng stared at the soul of the evil dragon that was tens of thousands of meters high in the sky in front of him, and said with a smile: "I have completely refined this evil dragon sword, you, this evil dragon sword" Dragon soul, even if you don't recognize me now, you must surrender to me, because I am now the master of this evil dragon sword, and I can also be regarded as your master."

At this moment, when Ye Feng's words fell, the soul of the extremely ferocious evil dragon in front of him had a look of resistance on his face, but he had to lower his head directly in front of Ye Feng.

Because Ye Feng is right.

As long as Ye Feng controls this weapon, then the soul of this evil dragon, as the sealed soul in this weapon, is equivalent to the weapon spirit in the weapon, and it must surrender to Ye Feng, the master of the weapon.
