

## Ancient 4511

### Chapter 4511 Top Ten Trialists

At this time, seeing the soul of the evil dragon in front of him lowering his head in front of him, Ye Feng suddenly showed a trace of satisfaction in his eyes.

Ye Feng immediately nodded and said: "You will work under me from now on, and I will definitely not treat you badly."

Hearing what Ye Feng said, although the soul of this evil dragon was unwilling to be controlled by Ye Feng, it could only listen to Ye Feng at this time.

Because Ye Feng's soul actually entangled it, and Ye Feng took this opportunity to completely refine the entire evil dragon sword.

Therefore, the soul of this evil dragon, as the weapon spirit of this evil dragon sword, naturally can only surrender to Ye Feng.

At this moment, Ye Feng was holding the evil dragon sword in his hand, and he could feel the terrifying power contained in this weapon.

Once it breaks out, it will definitely be able to kill with extremely terrifying destructive power.

At this time, Ye Feng was very satisfied and carried the evil dragon sword, which was more than ten meters long, behind his back.

The entire shape of this evil dragon sword is very ferocious and domineering.

After Ye Feng carried this evil dragon sword on his back, it gave Ye Feng a rather fierce temperament.

At this time, Ye Feng quickly walked towards the other direction of the Hidden Soldier Valley, wanting to continue looking for other opportunities.

But just at the moment Ye Feng turned around.

Uh-huh! Uh-huh!

Not far away from a certain direction, two trialists from the Shadow Clan suddenly flew over.

These two trialists from the Shadow Clan are the two trialists who just escaped.

But at this moment, behind these two shadow clan testers, there was also a young man wearing a silver gown, who looked very noble.

Seeing this scene, Ye Feng immediately understood. Obviously, these two trialists of the Shadow Clan were forced to escape just now.

After that, they seemed not to be reconciled to not being able to get the Evil Dragon Sword, so they invited a noble figure like the young man in a silver gown who was following them over, as if he wanted to subdue the Evil Dragon Sword.

At this time, Ye Feng immediately stopped.

The two trialists of the Shadow Clan not far away also stopped.

They immediately saw Ye Feng with stunned eyes.

Then their eyes were fixed on the evil dragon sword behind Ye Feng, and a very horrified expression appeared on their faces.

A trial member of the Shadow Clan immediately couldn't help but said: "How is this possible? How could such a powerful evil dragon sword, such a vicious weapon from the Western Queen Mother Kingdom, appear in the hands of such a boy."

Another trial member of the Shadow Clan couldn't help but stare at Ye Feng at this time, and said in disbelief: "This guy's cultivation level is even lower than ours. He can actually How is this possible with the approval of the Evil Dragon Blade?"

At this moment, while the two Shadow Clan trialists were talking, the young man wearing a silver gown following behind them looked at Ye Feng indifferently, with a feeling of indifference to the common people in his eyes. .

The next moment, the young man said calmly: "Don't make a fuss, what kind of behavior are you doing? Since this kid got the evil dragon sword in advance, let's kill this kid and kill the evil dragon." Just bring the sword back."

overbearing!

Extremely domineering!

At this time, the young man wearing a silver gown just said a word casually, but it revealed his infinite domineering power.

At this moment, Ye Feng's eyes immediately turned cold.

However, Ye Feng also knew that the cultivation aura of this young man wearing a silver gown was two or three levels higher than Ye Feng's current level.

It is estimated that the Shadow Clan is a very core figure in the experience this time, otherwise it would not be possible to have such a powerful cultivation level.

Ye Feng did not run away at this time, but just said indifferently: "I don't want to be an enemy of your shadow clan, but if you want to rob me of the treasures, then don't blame me for being rude later."

"Hahaha!"

Hearing what Ye Feng said, the two Shadow Clan trialists immediately burst into laughter.

A trialist immediately spoke out rather mockingly: "Boy, this time don't mention that we invited one of the top ten trialists among our trialists, Senior Brother Wang, even if Senior Brother Wang is not here, the two of us will Each one is a whole level higher than you in cultivation, so he can naturally suppress you in an instant. Although I don't know what special means you used to obtain this evil dragon sword, but Now that you have met us, we can only blame you for being unlucky. We can

only listen to Senior Brother Wang and catch you and kill you, and then snatch your evil dragon sword."

At this moment, Ye Feng was about to say something when he heard these trial members of the Shadow Clan say this.

But at this time, the young man wearing a silver gown standing at the back not far away, who was called Senior Brother Wang by the two Shadow Clan trialists and one of the top ten trialists, immediately became a little impatient. He spoke out: "You two hurry up and suppress this kid, and then grab the evil dragon sword. I have other things to do and don't want to waste time here."

Hearing what Senior Brother Wang said, the two Shadow Clan trialists immediately said respectfully: "Yes, Senior Brother Wang, wait a moment, the two of us will take action immediately, catch this kid, and use the Evil Dragon Sword to

Grab it. "

boom!

boom!

At this moment, after the two shadow clan trialists finished speaking, they immediately burst out with their own powerful cultivation auras and charged towards Ye Feng.

It has to be said that these trialists of the Shadow Clan are indeed very powerful.

At this moment, the cultivation aura erupted from these two Shadow Clan trialists was a whole level higher than Ye Feng's current seventh-level Lifeline Realm.

He is a super master at the Tianhe level above the Lifeline level!

Moreover, the power they operate is still the very special shadow power of the shadow clan, so their speed is very fast. In the blink of an eye, they shuttle through the void and flash in front of Ye Feng.

At this moment, the two men had ferocious smiles on their faces and wanted to kill Ye Feng instantly.

But at this moment, Ye Feng did not hesitate at all, and immediately burst out with the powerful physical power of his immortal body.

"boom!"

Ye Feng's entire body suddenly burst into brilliant golden light.

At this moment, his entire body turned into pure gold, just like a body made of golden divine iron, possessing indestructible power.

This moment.

Boom!

Boom!

Two Shadow Clan trialists attacked Ye Feng's body, but they only made a huge roar and were unable to destroy Ye Feng's body.

"What??"

Seeing this scene, the two Shadow Trialists suddenly showed deep horror in their eyes.

Because their attacks couldn't even break through Ye Feng's defense, how could they fight?

Chapter 4512 Senior Brother Wang

At this time, the two shadow clan trialists were naturally shocked to the extreme.

Because they discovered that Ye Feng was not as simple as they thought.

Although Ye Feng's cultivation was a whole level lower than theirs, Ye Feng's defense was simply terrifying to the extreme.

At this time, Ye Feng's entire body turned into pure gold, even his skin turned into gold, as if it was made of steel, indestructible.

The two shadow clan trialists couldn't help but exclaimed: "Boy, you actually have the legendary special physique? And it is a very powerful and ancient physique, otherwise it would be impossible to have such a defensive power. It's so strong that even the skin looks like it's made of golden divine iron, indestructible."

Hearing what the two trialists of the Shadow Clan said, Ye Feng immediately grinned and said, "So you guys die!"

boom!

After saying that, Ye Feng stretched out his hands.

Ye Feng's two hands immediately turned into two big golden hands, and they directly and fiercely attacked the two Shadow Clan testers.

Boom! ! .???.??

At this moment, Ye Feng's two golden hands were like ancient mountains. They were boundlessly majestic and heavy, and also possessed extremely terrifying and violent destructive power. All of a sudden, they directly destroyed the two shadows in front of him. The heads of the trial members of the clan were crushed to pieces.

At this moment, Ye Feng immediately showed a cold smile on his face, with no mercy in his eyes.

Originally, Ye Feng did not intend to become an enemy of this shadow clan.

But since the other party dared to snatch his treasure directly and wanted to kill himself, Ye Feng would naturally retaliate in kind.

"boom!"

At this time, Ye Feng directly released the Devouring Domain, and immediately devoured the two Shadow Clan trialists.

You must know that although these two shadow clan trialists are ordinary trialists, their cultivation levels are higher than Ye Feng's current lifeline level.

A whole big realm.

It is an existence at the Tianhe realm above the Lifeline realm.

So at this time, Ye Feng devoured these two shadow clan trialers, which naturally provided Ye Feng with a lot of energy, which immediately greatly increased Ye Feng's skills.

Boom!

Ye Feng's cultivation aura immediately burst out.

At this moment, Ye Feng's cultivation level actually broke through.

From the seventh level of the Lifeline Realm, he broke through to the eighth level of the Lifeline Realm directly on the spot!

At this time, the moment Ye Feng had just broken through, Senior Brother Wang, one of the top ten trialists of the Shadow Clan who was watching not far away, suddenly showed a look of surprise in his eyes.

Although the two companions of Senior Brother Wang, the two trialists of the Shadow Clan, were killed by Ye Feng on the spot.

But in the eyes of Senior Brother Wang, there was no joy, anger, sorrow, or any mood swings.

Obviously, this Senior Brother Wang is a very indifferent person.

At this moment, Senior Brother Wang just stared at Ye Feng, and suddenly there was a smile of interest on his face, and even a kind of greed, and said loudly: "You, a humble boy, can cultivate to the current state, I am afraid that Relying on the method you just used to devour other people's energy, or a supreme inheritance, it's great that you have encountered such a heaven-defying inheritance here, humble boy, as long as I kill you , then I can get the inheritance of your weird devouring ability, and then the entire Shadow Clan will be my world."

At this moment, Senior Brother Wang suddenly saw the extremely terrifying potential of Ye Feng's powerful and even weird devouring ability.

At this moment, when Ye Feng heard what Senior Brother Wang said, he immediately smiled coldly.

Although this Senior Brother Wang's cultivation is two or three levels higher than Ye Feng, Ye Feng is not afraid now.

At this moment, Ye Feng just said coldly: "Along the way, many people have opposed me, but in the end it was others who died, and I survived."

Hearing what Ye Feng said, Senior Brother Wang immediately laughed out loud and said: "That's because they are too weak, and I am extremely powerful, and a humble and weak existence like you cannot fight against them." .? ?..??

At this moment, after Senior Brother Wang finished speaking, a terrifying aura suddenly erupted from his body.

Boom! !

That terrifying cultivation aura was like a vast ocean, like boundless waves, it burst out directly from Senior Brother Wang's body and spread towards the surroundings.

Even Ye Feng couldn't help but take several steps back.

At this time, Ye Feng's eyes suddenly showed surprise.

This Senior Brother Wang is indeed an extremely terrifying guy. His cultivation level is so terrifying that he is two or three realms higher than himself.

It has to be said that this shadow clan is definitely a race from the advanced cultivation interface and came here for trials, otherwise it would be impossible to give birth to such a powerful cultivator.

At this moment, Ye Feng did not hesitate at all, and immediately burst out with the cultivation aura of the eighth level of the Lifeline Realm that he had just broken through.

At this time, Senior Brother Wang just said sarcastically: "Boy, with your humble cultivation, you dare to compete with me? You are simply seeking death!"

Shadow Hand!

At this moment, Senior Brother Wang directly used an extremely powerful inheritance from the Shadow Clan, called the Shadow Hand.

I saw him stretching out one of his hands, and his hand burst out with infinite shadow power. The condensed shadow power formed a big hand with the ability to instantly cut through the void, directly The bombardment hit the top of Ye Feng's head.

Not as good as hiding.

Boom!

At this moment, Ye Feng immediately felt the extremely terrifying power burst out from this big shadow hand, destroying his entire body.

At this moment, Ye Feng didn't hesitate at all, and directly used the Jun family's peerless inheritance, the Ice Dragon Tyrant Body Technique, which he had obtained before.

Buzz!

The next moment, Ye Feng's entire body immediately turned into a body of ice, and there were ice dragons surrounding him, and he directly withstood the attack of this big shadow hand.

Then Ye Feng didn't hesitate at all, and immediately rushed towards Senior Brother Wang in front of him.

Then Ye Feng instantly displayed the peerless weapon he had just obtained from the Hidden Soldier Valley, the Evil Dragon Sword.

Uh-huh!

At this moment, the extremely ferocious evil dragon sword was pulled out from behind by Ye Feng, held in his hand, and then slashed forward fiercely.

"boom!!"

This evil dragon sword was a peerless weapon of the Western Queen's Motherland back then, and it was also an extremely evil weapon.

So at this time, Ye Feng unleashed the power of this evil dragon sword, which was extremely terrifying.

boom!

The soul of an evil dragon roared out from the blade of the evil dragon's sword and merged into Ye Feng's sword.

"boom!!"

At this moment, a terrifying sword light with a length of tens of thousands of meters tore through the sky and the earth, and was killed by Ye Feng in an instant.

At this moment, even Senior Brother Wang, who had just ridiculed Ye Feng and looked down on Ye Feng, could not help but change his face suddenly, and said in shock: "What?? You, a humble boy,

can actually Controlling this peerless magic weapon, the Evil Dragon Sword? How is this possible! You actually control this legendary most powerful weapon?"

Chapter 4513 Caught off guard

At this time, Senior Brother Wang, one of the top ten trialists from the Shadow Clan, was extremely shocked by Ye Feng.

Because the power released by Ye Feng was really terrifying.

Especially after Ye Feng took control of this evil dragon sword, the shocking power of the sword was indeed able to tear everything apart.

Senior Brother Wang felt a palpitation-like feeling, and felt a shadow of death shrouding his heart.

For this Senior Brother Wang, he has always been an extremely powerful practitioner of the Shadow Clan.

So he naturally didn't pay attention to a weak young man like Ye Feng, thinking that he could kill Ye Feng with just one hand.

But at this time, Senior Brother Wang suddenly discovered that his judgment was completely wrong. ??

The power of the evil dragon sword in Ye Feng's hand at this moment frightened Senior Brother Wang to the extreme.

Because at that moment, Senior Brother Wang didn't have the strength to resist the terrifying sword light that Ye Feng killed.

At this time, Senior Brother Wang retreated crazily and avoided the frontal attack of Ye Feng's evil dragon sword.

At this time, Senior Brother Wang's face became very gloomy and he stared at Ye Feng with his eyes twinkling.

In fact, Ye Feng didn't take senior brother Wang seriously at all.

Because Ye Feng's current cultivation strength has improved a lot.

Even though this senior brother Wang was several levels stronger than his own, Ye Feng was not afraid at all.

Because Ye Feng has many more methods than before.

Especially the peerless weapon that Ye Feng had just obtained, the evil dragon sword, the power it unleashed was terrifying.

So this gave Ye Feng very strong confidence.

At this time, Ye Feng looked not far away

That Senior Brother Wang suddenly said coldly: "You must die today too."

"Hahaha!"

At this moment, Senior Brother Wang immediately showed a sneer on his face, stared at Ye Feng, and said loudly: "Boy, don't think that just because you control the Evil Dragon Sword, you think you can fight me. This is impossible. Yes, your current cultivation level is so low. Every time you activate this evil dragon sword, it requires very majestic mana. Your cultivation level is weak and you cannot sustain it for a few times. Moreover, even if you can continuously activate the evil dragon sword, The power of the dragon sword is of no use. Don't I have a peerless weapon? I come from the huge shadow clan and am one of the top ten trialers. My strength and background are not like yours. What a humble boy can imagine."

Boom!

Almost at the moment that Senior Brother Wang finished speaking, an extremely powerful aura of cultivation suddenly erupted from his body.

Then I saw Senior Brother Wang, who immediately took out a metal disc-like magic weapon from his storage ring.

On the edge of this metal disc, there are actually huge teeth that look like they are made of steel, and they have very terrifying cutting capabilities.

At this moment, Senior Brother Wang immediately showed a ferocious smile on his face and said loudly: "This magic weapon is a peerless weapon that my master personally refined for me. The jagged material around this disc is It is made from the teeth of ancient poisonous dragons. Once you are scratched by my poisonous gears, you will be killed instantly. "

Boom!

Almost as soon as Senior Brother Wang finished speaking, he immediately activated the magic weapon he took out.

This poisonous gear immediately rotated rapidly and rushed towards Ye Feng, as if it could tear everything into pieces.

At this moment, Ye Feng immediately picked up the evil dragon sword in his hand and quickly resisted.

Boom! !

At this time, with a very terrifying roar, Ye Feng's evil dragon sword and the poisonous gear released by Senior Brother Wang suddenly collided together, and a terrifying energy wave burst out. Let the entire surrounding land be shattered inch by inch.

It must be said that the aftermath of the collision of these two peerless weapons was truly astonishingly destructive.

At this moment, Ye Feng couldn't help but retreat quickly.

This Senior Brother Wang is worthy of being a powerful being that is two realms higher than Ye Feng.

The power of the peerless weapons he released was also very terrifying.

But at this moment, Ye Feng continued to crazily activate the power of the evil dragon sword in his hand.

In addition, Ye Feng also directly used the soul weapon he had obtained before, the ancient flag.

"Uh-huh!"

At this moment, a very ancient flag flew out from Ye Feng's head, like an indestructible spear, and immediately bombarded in the direction of Senior Brother Wang in front.

Senior Brother Wang is a member of the Shadow Clan, and the Shadow Clan has almost no resistance to attacks at the soul level.

So at this moment, when the ancient banner released by Ye Feng hit, Senior Brother Wang was like a mouse seeing a cat, his face changed drastically, and he couldn't help but exclaimed: "What? ? You are actually a legendary soul master, and you also have a soul-level attack weapon? ? How is this possible? "

But at this time, Senior Brother Wang's shock was of no use, because the ancient banner released by Ye Feng had instantly bombarded Senior Brother Wang's head.

Boom!

At this moment, Senior Brother Wang felt as if his whole soul had been hit hard.

The next moment, Ye Feng could immediately feel the soul power of Senior Brother Wang, and he suddenly became sluggish.

Moreover, this poisonous gear became much less powerful after the owner, Senior Brother Wang, suffered a heavy blow.

"It's now!"

At this moment, Ye Feng seized the opportunity at this moment. It was the right time and the right place, and he suddenly wildly aroused the violent power in the evil dragon sword.

Red girl! !

A sword light with a length of hundreds of thousands of meters suddenly burst out from the blade of the evil dragon sword. In an instant, the entire poisonous gear was bombarded and flew backwards, and then it was directly bombarded to the front. Senior Brother Wang's soul suffered a heavy blow.

"ah!!"

Accompanied by an earth-shaking scream, Senior Brother Wang could no longer resist the evil dragon sword at this time. He was directly hit by the hundreds of thousands of meters long sword light, and his whole body was split in an instant. It broke into two halves and died tragically on the spot, completely killed!

Without the poisonous gear controlled by its master, this peerless weapon also fell from the sky and fell to the ground with a bang, completely losing its power.

At this moment, Ye Feng also breathed a sigh of relief.

Finally, he completely killed Brother Wang, one of the ten most powerful trialists of the Shadow Clan.

It seems that soul attack at critical moments is still a very effective tactic and can catch the opponent off guard.

Chapter 4514 Token Sound Transmission

At this moment, after Ye Feng breathed a sigh of relief, he directly released his Devouring Domain and began to devour all the skills of Senior Brother Wang.

You know, this Senior Brother Wang is one of the top ten trialists among the Shadow Clan, and his cultivation skills are very powerful and powerful.

So at this time, after Ye Feng devoured the power of Senior Brother Wang, he immediately felt a very terrifying energy, which was immediately injected into his body.

Ye Feng's own skill immediately increased extremely rapidly.

At this moment, Ye Feng's cultivation aura immediately began to rise steadily.

boom!

Lifeline Realm Ninth Level!

boom!

The tenth level of lifeline realm is perfect! ! .??.

At this moment, Ye Feng's cultivation was rapidly and continuously breaking through two heavenly disciples.

The previous eighth level of Lifeline Realm broke through to the tenth level of Lifeline Realm.

And what makes Ye Feng very pleasantly surprised is that at this moment, after he broke through to the tenth level of the Lifeline Realm, his cultivation momentum is still growing.

Because the skill of Senior Brother Wang that Ye Feng swallowed just now has not been fully utilized yet.

So at this time, Ye Feng's cultivation was still growing rapidly.

boom!

At this moment, Ye Feng's body once again erupted with a terrifying aura of cultivation.

It actually allowed Ye Feng to directly break through the bottleneck of a large realm.

From the tenth level of the Lifeline Realm to the Great Perfection, he broke through to the half-step Tianhe Realm above the Lifeline Realm!

Although it was only half a step into the Tianhe realm and did not step into the real first level of the Tianhe realm, Ye Feng was very satisfied that he had touched the Tianhe realm with one foot.

At this moment, after Ye Feng entered the half-step Tianhe realm, he could immediately feel that his skills had grown unparalleled.

His combat power is also infinitely stronger than before.

At this time, Ye Feng immediately showed deep excitement in his eyes.

These practitioners of the Shadow Clan are indeed very powerful, and they are indeed from a super powerful clan.

At this moment, seeing the whole process of Ye Feng devouring the soul of the evil dragon in the evil dragon sword, there was deep shock in his eyes.

It seems that he did not expect that a young boy like Ye Feng would practice such a weird and domineering devouring inheritance. It was really terrifying.

Even the weapon spirit among the peerless weapons like the Evil Dragon Broadsword felt deeply shocked and frightened.

At this moment, after Ye Feng absorbed the power of Senior Brother Wang, his cultivation level reached an unprecedented breakthrough, reaching a new half-step Tianhe realm.

At this time, Ye Feng didn't hesitate at all and just picked up the poisonous gear, the peerless weapon used by Senior Brother Wang before, from a place not far away.

At this moment, Ye Feng immediately started refining this poisonous gear.

This poisonous gear is a weapon used by Senior Brother Wang, one of the top ten trialists of the Shadow Clan, so it is still very advanced, almost comparable to the evil dragon sword in Ye Feng's hand.

And there is another advantage of the poisonous gear, that is, the edges of the poisonous gear have serrations, which are very

It is extremely sharp and highly poisonous. As long as it scratches a layer of the enemy's skin, the enemy will be instantly poisoned and die.

So at this time, Ye Feng naturally would not let go of this peerless weapon. He directly refined the poisonous gear and put it into his body.

At this moment, Ye Feng didn't hesitate at all and wanted to leave here immediately.

But at this time, suddenly a token slipped from the clothes of Senior Brother Wang's corpse.

A voice actually came out of this token at this moment: "Junior Brother Wang, where are you now? Hurry up and come to the place where the Valley Master of the Hidden Soldier Valley sleeps. We are ready to open the Sleeping Place of the Valley Master of the Hidden Soldier Valley. , hoping to get the treasure of the Valley Owner of the Hidden Soldier Valley of the Western Queen's Motherland."

At this time, Ye Feng was stunned when he heard the voice coming from the token.

The place where the owner of the Hidden Soldier Valley sleeps?

At this moment, Ye Feng's eyes suddenly showed interest.

After all, the Hidden Weapon Valley in the Mother Kingdom of the West is a place that specializes in refining magical weapons.

The master of the Hidden Soldier Valley, the sleeping place of the Valley Master, must have a huge treasure, which is absolutely very precious and priceless.

At this time, Ye Feng also noticed a detail, that is, the voice in the token actually called Senior Brother Wang Junior Brother.

It is enough to show that the person who notified Senior Brother Wang was definitely an extremely powerful being.

Otherwise, it would be impossible to call Senior Brother Wang Junior Brother Wang.

Ye Feng guessed that it was a super master among the other ten trialists of the Shadow Clan who transmitted the message to Senior Brother Wang.

At this time, Ye Feng didn't hesitate at all and just took the token into his hands.

At this moment, Ye Feng could immediately sense through his soul power that this token application was guiding a certain direction.

Ye Feng immediately took the token in his hand and flew quickly in that direction according to the guidance of the token.

Because Ye Feng knew very well that the direction pointed by this token was definitely the sleeping place of the Valley Master of the Hidden Soldier Valley.

Ye Feng felt that it should be the top ten trialists of the Shadow Clan who discovered the sleeping place of the Valley Master of the Hidden Soldier Valley, so he wanted to gather all the experts to open the sleeping place of the Valley Master of the Hidden Soldier Valley. .

Because this sleeping place of the Valley Master of the Hidden Soldier Valley may contain huge dangers.

Therefore, many masters of the shadow clan need to enter together to help each other.

Ye Feng was directly using his skills on the road at this time, and then turned his skills into the void power of the Shadow Clan.

Then Ye Feng also used the disguise technique to change his appearance and body into that of Senior Brother Wang just now.

In this case, Ye Feng can perfectly disguise himself as Senior Brother Wang of this shadow clan and blend in.

When the time comes, if you act according to the opportunity, you might be able to get priceless goodies from the sleeping place of the Valley Master of the Hidden Soldier Valley.

At this moment, Ye Feng directly disguised himself as Senior Brother Wang and quickly flew towards the place where the owner of the Hidden Soldier Valley slept.

With Ye Feng's current disguise, no one can discover Ye Feng's true identity.

Because Ye Feng has completely transformed his skills and aura into the shadow clan, no one can see through Ye Feng's disguise. At this moment, after Ye Feng breathed a sigh of relief, he directly released his Devouring Domain and began to devour all the skills of Senior Brother Wang.

With Ye Feng's current disguise, no one can discover Ye Feng's true identity.

Because Ye Feng has completely transformed his skills and aura into the shadow clan, no one can see through Ye Feng's disguise.

## Chapter 4515 Stone Tablet Formation

You know, Ye Feng's disguise is not a simple disguise, but directly changes his life level into the shadow clan.

Therefore, Ye Feng has now become a creature of the Shadow Clan. Naturally, no one can see through his disguise.

Uh-huh!

At this moment, Ye Feng hurried on according to the guidance of the token in his hand, and soon Ye Feng arrived at the place guided by the token.

This is already a very deep place in the Valley of Hidden Soldiers in the Mother Kingdom of the West.

In the deepest area of the Hidden Soldier Valley, Ye Feng immediately saw more than a dozen ancient stone monuments standing on the ground in front of him.

These dozen ancient stone tablets give the impression that they are like giant swords stuck on the ground, like a formation composed of weapons.

Ye Feng's eyes flashed immediately.

It seems that this is the sleeping place of the Valley Master, sealed here by these ancient stone tablets.

At this time, Ye Feng had already seen that many masters of the Shadow Clan had gathered around this ancient stone monument.

At a rough glance, there should be dozens.

Standing at the front were a total of seven young people who looked very distinguished.

There are men and women. The men are all very handsome, and the women are very beautiful and charming.

Ye Feng immediately understood that these seven extraordinary characters should be members of the top ten trialists of the Shadow Clan.

However, there should be other members of the top ten trialists who have not come, so there are only seven people present.

Ye Feng was considered the eighth person at this moment, and he flew over directly.

Seeing Ye Feng flying over, many other ordinary Shadow Clan trialists around them couldn't help but clasped their fists and said respectfully: "I've met Senior Brother Wang!"

The Senior Brother Wang that Ye Feng is pretending to be at this moment is the top ten

He is the ninth among the cultivators, so the ordinary cultivators of the Shadow Clan are naturally very respectful when they see Senior Brother Wang.

Ye Feng nodded immediately at this moment, and then imitated Senior Brother Wang's arrogant look and walked to the front.

At this moment, a woman who was one of the top ten trialists of the Shadow Clan immediately looked at Ye Feng and said with a smile: "Junior Brother Wang, I didn't expect you to come here so quickly."

When Ye Feng heard this voice at this moment, he immediately reacted.

This voice was exactly the voice of the woman that sounded from the sound transmission token before.

She should be a senior sister among the top ten trialists of the Shadow Clan.

Ye Feng didn't say much at this moment. After all, he didn't know these trialists of the Shadow Clan.

Therefore, it is useless to say more, and it may expose the secret and expose one's disguised identity.

So Ye Feng tried not to speak at this time, but nodded slightly, trying to change the subject: "The sleeping place of the Valley Master of the Hidden Soldier Valley must contain huge treasures. Naturally, I can't miss it. I heard the legend from my senior sister. Yin, I'll hurry up and rush over."

Hearing what Ye Feng said, the female senior sister among the top ten trialists of the Shadow Clan immediately nodded, and then her attention was attracted by the sleeping power of the Valley Master of the Hidden Soldier Valley in front of her.

She smiled and said aloud: "Then let's open this sleeping place now. Anyway, we have waited for so long, and no other junior brothers and sisters have come. Only eight of our top ten trialists have gathered, but That's enough."

At this moment, after the female senior sister of the Shadow Clan finished speaking, she directly looked at the other Shadow Clan members around her.

The trialer of the clan spoke out: "Let's all use the power of the void of our shadow clan to break the sealing formation formed by this ancient stone tablet."

"Yes, Senior Sister Gu!"

At this moment, all the trialists of the Shadow Clan present nodded.

Then he used his shadow power and quickly attacked an ancient stone tablet in front of him.

Ye Feng naturally did not hesitate at this moment, using the void power of the Shadow Clan.

boom!

Suddenly, a very majestic force of void burst out directly from Ye Feng's body and attacked forward.

Ye Feng's current cultivation level has broken through to the half-step Tianhe realm, but Ye Feng is hiding his cultivation level at this time, so no one can see what level Ye Feng's cultivation level is, so Ye Feng can hide it easily Your identity will not be revealed.

These trialists of the shadow clan could only sense the power of the shadow void released by Ye Feng. It was so powerful and majestic that several members of the top ten trialists around them couldn't help but stare. A look of surprise appeared.

Senior Sister Gu, who had been talking to Ye Feng before, couldn't help but said with surprise in her eyes at this moment: "Junior Brother Wang, I didn't expect that your power is so powerful now. The power of the void you released, give me It feels like a vast ocean. It seems that Junior Brother Wang has gained a lot of benefits from his experience in other ancient ruins of the Western Queen Mother Kingdom during this period, and his cultivation has increased a lot. "

Although Ye Feng's current cultivation level is at the half-step Tianhe level, he is not as powerful as the previous Senior Brother Wang.

But Ye Feng's skill was much more powerful than that of Senior Brother Wang.

So at this time, everyone was surprised.

In response, Ye Feng just smiled slightly.

Chang said calmly: "Recently, I have been testing in the ancient ruins of the Western Queen Mother Kingdom, and I have indeed gained a lot of benefits."

And just when Ye Feng was talking.

Boom!

The sealing formation composed of more than a dozen ancient stone tablets in front was about to be shattered by the attack of the shadow void power released by everyone.

At this time, Ye Feng still had some surprise in his eyes.

The void power of these shadow clan is much more powerful than I imagined.

It actually has such special damage to the formation.

But it's normal.

The strength of ordinary people cannot break through the outer protection of the sealing formation.

However, the shadow clan's void power can roam in the void and directly attack the core of the formation.

Therefore, the damage caused by the formation is very large.

The outer protective shield of the formation cannot defend against the void power of the Shadow Clan.

At this moment, under the attack of everyone, the formation composed of more than a dozen ancient stone tablets in front of them was finally shattered inch by inch.

Boom! !

Then in a huge roar, this formation was completely shattered.

The ground in front of him suddenly collapsed, and a golden gate appeared.

The golden door slowly opened at this moment, and an underground dark space appeared.

At this time, Senior Sister Gu among the crowd immediately said happily: "The formation has been broken by us, and the underground space has been opened. The underground space under the golden gate is where the soldiers were hidden back then. Let's hurry in and take a look at the sleeping place of the Valley Master!"

Chapter 4516 See through

At this moment, after Senior Sister Gu finished speaking, the many trialists of the Shadow Clan around them all had very excited eyes and flew quickly towards the underground space under the golden gate.

Because they are very interested in the sleeping place of the Valley Master of the Hidden Soldier Valley.

Because the sleeping place of the Valley Master of the Hidden Soldier Valley may contain huge treasures left by the Valley Master back then, which are priceless.

So at this time, everyone entered the underground space under the golden gate.

Ye Feng naturally did not hesitate at this time. Following the crowd, he quickly jumped into the underground space under the golden gate.

For Ye Feng, this time he blended in among the Shadow Clan's trialists. He didn't want to have any conflicts with these Shadow Clan masters. He just wanted to blend in among the crowd and secretly get some resources for repair. ??

After all, there are so many extremely powerful trialists of the Shadow Clan together, and if their identities are exposed, they will probably end up in disastrous situations.

Ye Feng alone is still unable to deal with so many super masters of the Shadow Clan.

Not to mention, there are seven of the top ten strongest trialists of the Shadow Clan this time, and they are all naturally very powerful.

In fact, Ye Feng and the Shadow Clan have no grudges.

It's just that several masters of the Shadow Clan wanted to kill him before, so Ye Feng could only treat them in his own way.

So as long as no one messes with him, Ye Feng will naturally be happy and peaceful.

At this moment, while Ye Feng was thinking in his heart, everyone had jumped from the ground to the underground space under the golden gate, and finally landed on the ground in the space below.

At this time, the moment everyone landed on the ground of this underground space, they immediately saw that the entire underground was not as dark as they imagined.

this underground space

On the land, there are many trees that radiate light.

These radiant trees feel very magical, like a very special plant from ancient times, emitting a faint light that can illuminate the entire dark underground space.

At this moment, Ye Feng stood among the crowd and was observing the surroundings.

At this time, I saw that the entire underground space in front of me was covered with such radiant plants.

Senior Sister Gu, the leader of the Shadow Clan, immediately couldn't help but said in surprise: "I didn't expect that there are such strange plants growing in this underground space, which can emit light and guide all the dark spaces around it. "

Hearing Senior Sister Gu say this, a group of other Shadow Clan trialists around them all nodded.

At this moment, among the ten trialists, a tall young man wearing a white gown suddenly said in a rather expectant tone: "We should spread out and look for the place where the master of the Hidden Soldier Valley sleeps. It's a treasure, because I just sensed it and found that this underground space is very large. It's too inefficient for us to gather together. If you encounter any danger, you can call for help at any time."

Hearing what this tall young man said, many of the dark tribe's trialists present nodded their heads and dispersed.

Several members of the top ten trialists also flew quickly in a certain direction, obviously not wanting to waste time.

Ye Feng was also ready to leave directly at this time.

But at this time, the tall young man who had just spoken suddenly looked at Ye Feng, with a slight smile on his face, and said loudly: "Junior brother Wang, are you here with me?"

We are relatively weak in cultivation among the top ten trialists. You should follow me to find opportunities in this underground space, lest you encounter any particularly big danger and lose your life. "

Hearing what this tall young man said, Ye Feng's eyes suddenly flashed slightly.

Unexpectedly, this tall young man would actually invite me.

Originally, Ye Feng wanted to find opportunities by himself. ??

So at this moment, Ye Feng immediately said: "I think it is better for me to look for opportunities alone. As for dangers and the like, if you want to get good things, how can you not encounter some dangers."

After saying that, Ye Feng ignored the tall young man's sudden concern and flew quickly towards a certain direction in the underground space, disappearing in the blink of an eye.

At this time, seeing Ye Feng leaving immediately, the tall young man who had just spoken looked at Ye Feng's leaving back, his eyes suddenly flickered slightly, with an inexplicable look in his eyes.

Obviously, he asked Ye Feng to follow him not for Ye Feng's sake, but for other reasons.

But at this time, Ye Feng had already left the place alone and flew quickly towards a certain direction in this underground space.

Ye Feng chose to be alone at this moment, looking for opportunities, of course in order not to reveal his identity.

And if you are looking for it by yourself, you can use your soul power to detect it at any time without making anyone suspicious.

The direction in which Ye Feng was flying at this moment was the direction from which the energy wave that Ye Feng sensed when he just entered this underground space came from.

Ye Feng naturally wanted to go over and take a quick look.

At this time, Ye Feng moved very quickly, moving towards what he felt

It flew quickly in the direction of the energy fluctuation it should have reached.

But just when Ye Feng was flying halfway, Ye Feng suddenly stopped in place, then his eyes flickered, and he suddenly turned around to look at the surrounding dark jungle, and said slowly: "Senior brother has already followed me, so let's just come out and see him. I don't know what the purpose of senior brother is following me like this."

The moment Ye Feng finished speaking, a tall young man wearing a white gown suddenly walked out of the dark jungle around him.

This tall young man wearing a white gown was one of the top ten trialists of the Shadow Clan who wanted Ye Feng to follow him in search of opportunity.

At this moment, this tall young man came out and stared at Ye Feng. His eyes seemed to be confused, but there was also a hint of coldness in his eyes. He said slowly: "You are indeed not Junior Brother Wang. If you are Junior Brother Wang, if so, there is no way he would have discovered that I was following him behind his back. Your perception is so terrifying. Who are you? How did you disguise yourself as Junior Brother Wang? And you disguised yourself so perfectly that even I couldn't detect your power? The aura is from an outsider, but the life energy emanating from you is indeed from our Shadow Clan. Are you an enemy of Junior Brother Wang among our Shadow Clan?"

Hearing what this tall young man said at this moment, Ye Feng's eyes suddenly showed a look of surprise, as if he did not expect that his identity would be discovered by this tall young man.

After all, Ye Feng's own disguise was very flawless.

Even Senior Sister Gu, the most powerful among the ten trialists, did not see through Ye Feng's disguise.

But this tall young man saw it.

At this time, Ye Feng just smiled faintly and said, "Before I answer you, can you tell me how you figured out my identity so quickly?"

Chapter 4517 Greedy and Monopoly

At this moment, when Ye Feng asked this question, this tall young man suddenly showed a hint of sneer in his eyes and said loudly: "Because I am born with very special perception, and I can sense your breath very well." It's not normal. Although the life energy and skill in you are indeed that of our Shadow Clan, I can feel that you are no longer the former Junior Brother Wang."

At this time, when Ye Feng heard what this tall young man said, his eyes suddenly showed surprise. It seemed that he did not expect that this tall young man from the Shadow Clan was actually born with such a magical ability.

At this moment, Ye Feng said aloud: "Yes, I am no longer the senior brother Wang before, but I have no enmity with your shadow clan. Before, this senior brother Wang wanted to rob me of the treasures, but he also If you want to kill me, then I will naturally kill him."

When he said this, there was a trace of coldness in Ye Feng's eyes. Looking at the tall young man not far away, he immediately sneered and said: "I advise you not to mind your own business, otherwise If so, don't blame me for being rude to you."

Hearing what Ye Feng said, this tall young man from the Shadow Clan immediately smiled coldly and said, "You killed our junior brother from the Shadow Clan, I will definitely not let you go."

Hearing this, Ye Feng just smiled faintly and said: "If you really want to kill me, you have already seen through my identity. Why don't you expose my identity in front of other trialists of the Shadow Clan? I Do you think you want to take advantage of my wealth?"

Hearing what Ye Feng said, this tall young man from the Shadow Clan, one of the top ten trialists, immediately showed a deep look of greed on his face.

He stared at Ye Feng and immediately said with a sneer: "Boy, you are very smart. You have such magical means and you killed Junior Brother Wang. Your wealth is absolutely astonishing. I don't want to be with you." If others share your wealth, I will naturally keep it to myself."

Ye Feng immediately said: "Since you are as greedy as that Senior Brother Wang and want to plunder my wealth, then I can only take action and kill you too!"

"Hahaha!"

At this moment, when Ye Feng said this, the tall young man burst out laughing, his tone full of ridicule, and said: "Boy, you think you killed that good-for-nothing Junior Brother Wang? Can you fight me? Then I can only say that you are too naive. Junior Brother Wang can only rank ninth among our top ten trialists, and I am the top three powerful beings. Junior Brother Wang is too powerful."

boom! !

Almost at the moment the tall young man finished speaking, a terrifying and boundless cultivation aura suddenly erupted from his body.

That is a terrifying existence that has surpassed three realms of Tianhe Realm!

"Um?"

At this moment, Ye Feng sensed the terrifying and huge cultivation aura, and Ye Feng suddenly showed deep shock in his eyes.

Even Ye Feng was a little shaken at this moment.

The cultivation aura of this tall young man is indeed very terrifying.

It turned out to be a terrifying existence that surpassed the entire three realms of Tianhe Realm.

After all, you must know that Ye Feng's current cultivation level is only half a step to the Tianhe realm.

The cultivation level of this tall young man from the Shadow Clan is three and a half realms higher than Ye Feng's current cultivation level!

\u003e This gap is really too huge.

Even if Ye Feng possesses a very unique soul master method, it is estimated that it will be difficult to compete with such a powerful being.

This tall young man is worthy of being the third most powerful being among the top ten trialists. He is indeed much more powerful than that Senior Brother Wang.

At this time, Ye Feng had almost no hesitation and directly pulled out the evil dragon sword from his back. The power of the evil dragon sword exploded in an instant, and he went straight forward to kill.

Now that he knew that this tall young man was very powerful, Ye Feng naturally did not hesitate any more and was directly prepared to strike first.

Now Ye Feng's cultivation is more powerful than before, so Ye Feng activates the evil dragon sword at this moment, and the sword light released is even more terrifying and earth-shattering, with a length of hundreds of thousands of meters.

"boom!!"

The light of the evil dragon sword, which was hundreds of thousands meters long, seemed to be able to tear the sky and shatter the earth. It suddenly hit the head of the tall young man hard.

"Shadow Armor!"

But at this moment, a set of black and blue armor automatically appeared on this tall young man.

This set of armor was very magical and extraordinary, the moment Ye Feng's terrifying huge sword struck the armor.

"Buzz!"

On the surface of this shadow armor, patches of void power actually appeared. Several void cracks were opened directly around the shadow armor. The power of the huge sword light that killed Ye Feng was directly transmitted into the void cracks. In the void turbulence, Ye Feng's attack was instantly disintegrated.

"What?"

Seeing this scene, Ye Feng suddenly showed deep surprise in his eyes.

This practitioner of the shadow clan has indeed taken the power of the shadow void to its extreme, and can disintegrate and dodge attacks from any entity.

At this time, Ye Feng did not directly use his soul master method, because Ye Feng felt that his current soul power could not completely kill this tall young man.

If his soul master method is exposed in advance, it will be very detrimental to Ye Feng in the future.

If Ye Feng really wants to use the soul master's method, he must kill him with one blow, but Ye Feng is not sure about this now and still needs to find an opportunity.

At this moment, seeing Ye Feng being silent, the tall young man thought that Ye Feng was scared and desperate.

The tall young man immediately smiled arrogantly and said: "My grasp of the power of the void has long been superb, and my set of shadow armor is one of the most mysterious armors of our shadow clan, which is enough to make me Invincible, so you know why I am confident enough to kill you alone and then take all the wealth from you. Boy, just accept your death and I will give you a Happy, if you dare to resist, then don't blame me for letting you suffer to death. "

Shadow Prison!

Almost at the moment the tall young man finished speaking, he stretched out a hand and pressed it in the direction of Ye Feng.

"Buzz!"

The next moment, I saw the void around Ye Feng, and immediately a series of space cracks appeared. These space cracks were all arranged together, directly forming a space prison composed of space cracks, instantly trapping Ye Feng. In it! At this moment, when Ye Feng asked this question, this tall young man suddenly showed a hint of sneer in his eyes and said loudly: "Because I am born with very special perception, and I can sense your breath very well." At this moment, Ye Feng said aloud: "Yes, I am no longer the Senior Brother Wang before, but I have no enmity with your Shadow Clan. Before, this Senior Brother Wang wanted to rob me of the treasures, but he also If you want to kill me, then I will naturally kill him."

When he said this, there was a trace of coldness in Ye Feng's eyes. Looking at the tall young man not far away, he immediately sneered and said: "I advise you not to mind your own business, otherwise If so, don't blame me for being rude to you."

"Buzz!"

The next moment, I saw the void around Ye Feng, and immediately a series of space cracks appeared. These space cracks were all arranged together, directly forming a space prison composed of space cracks, instantly trapping Ye Feng. In it!

Chapter 4518 Death from poison

At this time, the space prison composed of space cracks directly controlled Ye Feng in a small space, making it impossible for Ye Feng to escape.

At this time, the tall young man not far away who was one of the top ten trialists of the Shadow Clan who was very greedy for Ye Feng, suddenly showed a trace of cynicism in his eyes, and said loudly: "Boy, you are dead. , has been locked by my shadow space prison, and now you can't escape from this area. "

Hearing what this tall young man said, Ye Feng's eyes suddenly showed a thoughtful look.

At this time, Ye Feng did not directly use the mysteries of his space attributes, but pretended to be very frightened and horrified, and said loudly: "You actually master such an advanced space prison inheritance? It's really too much. incredible!" ??

At this moment, when he heard what Ye Feng said, the tall young man thought that Ye Feng was really scared, and immediately laughed loudly and said: "Boy, I said you will die in my hands sooner or later, you are like this This humble boy cannot possibly be my opponent."

At this time, after the tall young man finished speaking, he flew quickly towards the spatial prison where Ye Feng was trapped.

At this time, this tall young man was very arrogant and relaxed his vigilance, and soon came to Ye Feng.

At this time, the tall young man stood directly outside the space prison that trapped Ye Feng.

He did not enter the prison directly because he knew that as long as Ye Feng was in the prison, it would be impossible to cause any harm to him.

At this time, the tall young man stared at Ye Feng condescendingly, smiled very arrogantly and said: "Boy, hurry up and tell the secret about you, maybe you can still save your life."

Hearing what this tall young man said, Ye Feng's eyes suddenly showed a hint of sneer, and he said loudly: "Kill or behead, it's up to you. If you want me to tell you what I am,

It's impossible to keep your own secret. "

Hearing what Ye Feng said, the tall young man didn't seem to care. He just smiled coldly and said, "If you don't tell me, forget it. I will kill you directly and take away all the good things from you."

After saying that, the tall young man flew directly in the direction of Ye Feng.

At this time, the tall young man felt that Ye Feng had been trapped in this spatial prison, so his vigilance towards Ye Feng had been relaxed to the extreme.

So at this time, Ye Feng's plan was immediately successful.

The reason why Ye Feng showed a fearful and helpless look was naturally to make this tall young man feel relaxed about him and not be so wary of him.

In this case, if Ye Feng seizes the best opportunity when the time comes, he will be able to use his soul master skills instantly and catch this tall young man off guard.

After all, the cultivation strength of this tall young man is too strong, so Ye Feng must seize the best opportunity to attack the soul of this tall young man.

So at this moment, seeing the tall young man's relaxed look, Ye Feng didn't hesitate at all, and directly burst out his extremely powerful soul power crazily.

Boom!

At this moment, Ye Feng still used his huge soul power to activate the soul weapon of the Western Queen Mother Kingdom, the ancient flag, that he had obtained before.

"Uh-huh!"

At this moment, a red flag suddenly burst out from Ye Feng's head.

Like an indestructible divine spear, it penetrates directly

He entered the void and instantly attacked the head of the tall young man in front of him.

"boom!!"

At this moment, the tall young man had no time to react, because he felt that Ye Feng was completely trapped in this shadowy space prison, and any attack could not cause any harm to him, because any physical attack, None of them can penetrate this space prison of shadow attributes.

But what he never expected was that Ye Feng had such powerful means in terms of soul power, and he also had a very special soul weapon.

That ancient flag had no obstruction at all. It penetrated the void and instantly attacked the tall young man's head.

"ah!!"

At this moment, the tall young man suddenly let out an earth-shattering scream.

His soul immediately suffered a huge trauma, and his entire soul was directly penetrated by this ancient banner.

At this moment, the entire face of this tall young man suddenly became extremely pale.

Moreover, this tall young man started to bleed from all his orifices at this moment.

Because his soul force suffered huge trauma, it would naturally cause huge chain reaction damage to his entire body.

At this time, the tall young man immediately yelled like crazy: "Boy! How dare you plot against me! It's so abominable!"

At this time, Ye Feng didn't hesitate at all and was too lazy to talk nonsense with this tall young man.

Taking advantage of the fact that this tall young man's soul force had been severely damaged and he was temporarily unable to display his true combat effectiveness.

Ye Feng directly passed through the space prison in front of him, holding the evil dragon sword in his hand, and immediately moved toward

The tall young man in front of him attacked and left.

Boom!

But at this moment, this tall young man was the most powerful being among the top ten trialers of the Shadow Clan, so he immediately activated his armor and directly blocked the knife.

But at this moment, before the tall young man could be happy, a poisonous gear flew out of Ye Feng's body and directly attacked one of the tall young man's arms.

The armor on this tall young man did not cover his entire body.

There are some gaps at the junction of the armor he is wearing.

Ye Feng released the poisonous gear at this moment, which directly cut off a layer of skin on the tall young man's arm.

And at the next moment, a violent poison suddenly invaded the body of this tall young man.

This tall young man's face was originally very pale, but now it started to turn black, and his body was filled with a terrifying poisonous gas.

The tall young man immediately screamed in horror and said: "Junior Brother Wang was indeed killed by you! His poisonous gears are actually in your hands, no!!!"

At this moment, the tall young man suffered repeated blows, and finally suffered serious injuries. He was also poisoned. He suddenly fell from the sky to the earth, and was completely killed!

When Ye Feng saw this scene, his eyes suddenly showed a hint of surprise.

It seems that he did not expect that the poison contained in Senior Brother Wang's poisonous gear would be so poisonous.

A tall young man with such a high level of cultivation was unable to withstand the terrifying poison even if his skin was scratched. In just a short moment, he died from the poison!

Chapter 4519 I simply can't stop

At this moment, Ye Feng did not hesitate, and directly released his devouring domain, and began to devour the tall young man who had fallen to the ground dead.

You must know that this tall young man is not an ordinary trialer of the Shadow Clan, but one who ranks third among the ten strongest trialers of the Shadow Clan.

Therefore, his cultivation strength is very high, and his skill is naturally very powerful. He is several realms higher than Ye Feng.

So at this time, after Ye Feng devoured this tall young man, he immediately felt a huge amount of skill energy, which was immediately injected into his body.

What makes Ye Feng very happy is that the skills and energy contained in this tall young man's body are very advanced, much higher than ordinary ones.

So at this time, Ye Feng obtained such advanced skills and very good quality energy, which naturally caused Ye Feng's cultivation aura to skyrocket rapidly and continuously.

Ye Feng's current cultivation level is at the half-step Tianhe level, which is the bottleneck of a large level.

But under the accumulation of this tall young man's huge advanced skills, Ye Feng's bottleneck was instantly broken through.

"boom!"

The first level of Tianhe Realm!

At this moment, Ye Feng's cultivation level directly broke through to the real first level of Tianhe realm.

And what surprised Ye Feng was that after his cultivation reached the first level of Tianhe Realm, he had only used about one-fifth of this tall young man's power.

There are still nearly four-fifths of the skill left, and Ye Feng is still devouring and refining it.

So at this time, Ye Feng broke through to the real first level of Tianhe Realm. His cultivation aura was still exploding rapidly, and he continued to break through.

Just can't stop!

Because the skills this tall young man provided Ye Feng were too powerful, too advanced, and too huge.

"boom!"

Tianhe Realm Second Heaven!

"boom!"

Tianhe Realm Third Heaven!

"boom!"

The fourth level of Tianhe Realm!

"boom!"

Tianhe Realm Fifth Heaven! !

At this moment, Ye Feng's cultivation level

It directly broke through to the fifth level of Tianhe Realm.

This is simply a huge breakthrough!

It has to be said that this tall young man is indeed one of the top ten strongest testers of the Shadow Clan, and he is indeed very terrifying.

At this moment, Ye Feng didn't hesitate at all. After breaking through, he immediately began to test his own strength.

Boom!

When Ye Feng smashed a tens of thousands of meters tall mountain in the distance with his fist, Ye Feng's eyes suddenly showed deep excitement.

His current combat power is estimated to be nearly ten times stronger than before.

Ye Feng was naturally very happy at this time.

At this moment, Ye Feng continued to search for the storage ring on this tall young man.

Soon, Ye Feng discovered that the storage ring on this tall young man contained many good things.

These good things are basically treasures and some special things refined by the Shadow Clan, which are of great help to Ye Feng.

At this time, Ye Feng quickly searched out all these things, put them into his storage ring, and then left here directly.

For Ye Feng, this tall young man offended him and was killed by him, so he naturally had to leave immediately.

Otherwise, it would be very detrimental to Ye Feng if he was discovered by other trialists of the Shadow Clan.

At this moment, on the way to leave, Ye Feng carefully understood the inheritance of the Shadow Space Prison that was found in the storage ring of this tall young man.

This kind of shadow space prison is not a prison condensed by ordinary space mysteries, but a shadow space prison created by combining the power of the shadow void of the shadow clan. It is very special and is much better than ordinary space prisons. Much more magical.

Because now many practitioners have mastered the mysteries of space attributes and can release the prison of space.

But this kind of space prison that combines the special and incomparable power of the shadow void of the shadow clan is a very magical shadow space prison. Ordinary practitioners are trapped in it and cannot do anything at all.

Escape.

Moreover, there is no way for physical attacks to break through this layer of shadow space prison.

So at this time, Ye Feng was still very interested in the inheritance of the shadow space prison that this tall young man had released before.

At this moment, Ye Feng naturally took out the training method of this shadow space prison from the storage ring and began to practice.

In addition, the shadow armor worn by this tall young man is also very magical and can withstand any physical attack.

Ye Feng naturally refined it directly at this moment and can use it at any time.

At this time, Ye Feng got so many good things, and his cultivation level also increased dramatically, which naturally made Ye Feng very happy.

Ye Feng was even humming a tune happily at this moment, and continued to explore other opportunities in the place where the owner of the Hidden Soldier Valley slept.

Soon, Ye Feng noticed the place where the energy fluctuated before based on the coverage of his soul power, and Ye Feng quickly rushed in that direction. ??

When Ye Feng arrived at his destination, he immediately saw a golden temple that looked very ancient and noble on the black ground here.

This made Ye Feng's eyes suddenly show surprise.

Unexpectedly, there would be such a disharmonious-looking golden temple in the place where the Valley Master slept in the Hidden Soldier Valley.

Previously, Ye Feng also encountered some temples among the ancient ruins of the Mother Kingdom of the West.

This made Ye Feng couldn't help but guess in his heart that there must have been many Buddhist and Taoist practitioners in the Kingdom of the Western Queen back then, which is why so many ancient temples were built.

At this time, Ye Feng didn't think much and walked quickly towards the golden temple.

The moment Ye Feng entered the golden temple, he immediately saw a Bodhi tree growing in the golden temple.

The energy Ye Feng noticed before was the energy fluctuation emitted by the Bodhi tree growing in this golden temple.

At this time, Ye Feng suddenly saw a golden Bodhi fruit growing on the Bodhi tree.

This made Ye Feng's eyes immediately reveal

A look of surprise.

According to records in ancient books, the Bodhi fruit grown on the Bodhi tree is an excellent tool for enlightenment and practice.

After eating the Bodhi fruit, people can suddenly realize the way of heaven and the secrets of the universe on the spot, and penetrate into the realm of cultivation.

But for Ye Feng, this is actually a bit useless.

Because Ye Feng's breakthrough in cultivation level does not require him to suddenly realize the way of heaven.

As long as Ye Feng can devour huge amounts of energy, he will be able to increase his cultivation and his martial arts realm will continue to skyrocket.

But this is good stuff after all.

Ye Feng directly put the bodhi tree and the bodhi fruit into his storage ring.

Although Ye Feng doesn't use these things very much, he can use them to exchange for money and buy things he needs after taking them out.

At this moment, Ye Feng continued to explore this golden temple.

"Click! Click..."

But suddenly at this moment, the ground of the golden temple suddenly cracked.

A terrifying and huge demonic aura suddenly emerged from the cracks under the golden temple.

It was like an ancient demon with infinite terror, sealed under this golden temple.

"not good!"

At this moment, Ye Feng's expression immediately changed, and he couldn't help but say: "The Bodhi tree and Bodhi fruit I just collected are probably the core of the sealing barrier of this golden temple. I took the Bodhi tree Take it away, an ancient demon suppressed under this golden temple is coming out! "

At this time, Ye Feng could sense that the infinite demonic energy emanating from the cracks in the ground was definitely not a terrifying demon that he could resist.

Uh-huh!

At this moment, Ye Feng did not hesitate and rushed out of the golden temple quickly, wanting to escape from here.

Boom! !

But at this moment, a huge black hand, shrouded in infinite majestic demonic energy, suddenly stretched out from the cracks in the ground. It had a great visual impact and was directly grabbing Ye Feng. If you take it away, it will cover the sky and the sun, and it will be endless.

Chapter 4520 Sister Xia

Boom!

At this time, the big black hand stretched out from under the crack in the ground was filled with infinite power, covering the sky and the sun, as if it could control the entire sky, and suddenly covered the top of Ye Feng's head. Ye Feng must be suppressed on the ground and completely killed.

But at this moment, Ye Feng did not hesitate and directly activated the power of his immortal body.

"boom!"

Ye Feng's whole body suddenly burst into brilliant golden light.

His whole body seemed to have turned into a golden god of war, possessing boundless power.

Every move contains unparalleled attack power!

Ye Feng's golden fist struck towards the sky and directly collided with the big black hand.

"Boom!!"

A terrifying vibration sound suddenly resounded throughout the world.

The terrifying sound waves shook the entire surrounding ground and shattered it into pieces.

At this moment, Ye Feng immediately felt a terrifying and majestic power from this big black hand, which was transmitted to his entire body, causing Ye Feng to fly backwards.

But what surprised Ye Feng was that his immortal body of the god had now transformed to a very advanced level, so it was enough to withstand the attack of this big black hand.

At this moment, Ye Feng did not dare to fight and continued to escape quickly towards the distance.

But at this moment, a very ancient voice came from under the earth: "Young man, don't run away yet. I'm going to attack you. I just want to test your strength. I don't really want to kill you. It has been tens of millions of years since I was sealed under the ground. If you can rescue me, I can help you fulfill your wish, as long as I can."

Hearing this ancient voice coming from beneath the ground, Ye Feng's eyes suddenly revealed a look of surprise.

But Ye Feng did not stop his escape, because Ye Feng wanted to judge whether what this ancient voice said was true, and whether it was to lure him back and kill him.

Seeing Ye Feng continue to run away, the ancient voice under the ground continued to sound: "I can first give you part of my own dark source energy as a meeting gift to show my sincerity. "

Buzz!

At this moment, the moment this ancient voice fell, I saw a very terrifying dark energy, suddenly coming from

It flew out from the ground and flew in front of Ye Feng.

At this moment, Ye Feng released the Devouring Domain without any hesitation and swallowed up all the dark energy.

"Rumble..."

At this moment, a terrifying energy was immediately injected into Ye Feng's entire body, flowing and surging through Ye Feng's limbs.

Ye Feng's eyes suddenly showed surprise.

Because this dark source energy is very advanced, it is simply the most advanced energy Ye Feng has ever seen.

Ye Feng's skill immediately received a huge improvement at this moment.

Boom!

At this moment, Ye Feng's body suddenly burst out with a new and powerful aura of cultivation.

Ye Feng's cultivation at this moment actually made a breakthrough on the spot.

From the previous fifth level of Tianhe Realm, he directly broke through to the sixth level of Tianhe Realm!

An extremely powerful momentum surged through Ye Feng's body.

At this moment, Ye Feng's eyes suddenly revealed a look of deep surprise, as if he did not expect that the owner of this ancient voice was so sincere.

Directly giving yourself such a very high-level dark source energy, your cultivation level can directly break through the first level of heaven on the spot.

At this time, Ye Feng's footsteps of escaping suddenly stopped.

At this moment, Ye Feng turned around, looked at the cracked ground not far away, and then slowly asked: "What is the identity of the senior, and why was he sealed here by the strong man of the Western Queen's Mother Kingdom?" Under the ground, are the seniors an ancient and vicious clan of demons?"

Hearing Ye Feng's question, the ancient existence under the cracks in the ground seemed to think of some distant memories.

There was a moment of silence, and then the ancient voice continued: "Yes, I was indeed an extremely powerful demon in this small world back then, but I was not a vicious person. I was sealed here back then, but I was just I made a bet with the Queen Mother of the West, and I lost the bet, so I was forced to seal it here."

Hearing this ancient voice say this, Ye Feng's eyes flickered slightly.

Although I don't know whether what the other party said is true or false, since the other party said this

If he is sincere, then Ye Feng naturally feels that he can cooperate with the other party.

At this moment, Ye Feng flew directly towards the crack in the ground in front of him.

When Ye Feng came to the crack, he immediately saw the dark abyss under the entire crack. It was so huge that it felt like there was another dark country hidden under the ground.

This made Ye Feng's eyes suddenly show surprise.

It seems that this ancient demon must have been a very powerful being back then, otherwise it would be impossible for him to create such a dark kingdom underground alone.

At this moment, Ye Feng directly asked: "How can I save my senior?"

Hearing what Ye Feng said, the ancient demon said directly: "You took away the ancient Bodhi tree just now, and you have loosened my seal a little bit. What you have to do now is very simple. , that is to destroy all the golden temples. As long as I can destroy all the golden temples, I can escape from the underground seal by my own strength. "

Hearing what this ancient demon said, Ye Feng hesitated for a moment, then nodded.

At this moment, Ye Feng took out the evil dragon sword he had obtained before and slashed forward in an instant.

boom!

The terrifying sword light seemed to be able to tear the sky apart, and it struck directly on the golden temple in front of it, making an earth-shattering roar.

But the next moment, what made Ye Feng stunned was that his evil dragon sword did not destroy the golden temple in front of him at all. Instead, the scream of the evil dragon soul came from his evil dragon sword.

Obviously, the materials made of this golden temple were very high-end and terrifying, and could not be destroyed by ordinary people at all.

Even the evil dragon sword in Ye Feng's hand, such a peerless weapon, could not destroy this golden temple at all.

At this moment, Ye Feng couldn't help but said: "Senior, with my power, there is no way to destroy this golden temple. What should I do?"

At this time, when Ye Feng heard what the ancient demon in the dark abyss under the crack immediately spoke out: "This golden temple was created by the Queen Mother of the West, who was a peerless master, that is, this Tibetan temple." The temple was forged by the owner of Bing Valley. If you want to save me, you must break open this golden temple. If you

If it can't be broken, then I can only wait for the next person who is destined, and there is no way to trade with you. "

Hearing what this ancient demon said, Ye Feng's eyes suddenly flickered.

Ye Feng is still very much looking forward to this ancient demon helping him realize a wish in the future.

After all, this ancient demon is a very powerful and ancient existence at first glance.

Back then, the owner of the Hidden Soldier Valley in the Western Queen Mother Kingdom personally took action to seal this ancient demon, which was enough to show how powerful this ancient demon was.

At this time, Ye Feng no longer hesitated and directly used the God's Sword transformed from the God's Ring on his finger.

Ye Feng originally did not intend to expose his ring from the Celestial Clan.

But there is nothing we can do now.

At this moment, the golden ring on Ye Feng's finger turned into a golden sword. In an instant, Ye Feng held it in his hand and slashed towards the golden temple in front of him.

"Crack! Click!"

The Sword of the Gods lived up to expectations and soon chopped the entire golden temple in front of him into pieces.

At this time, along with the shattering of the golden temple, the entire surrounding seal was completely destroyed.

Boom!

Almost at this moment, the whole earth immediately shook.

A very terrifying demonic energy suddenly surged out from under the cracks in the earth.

Then a figure condensed in front of Ye Feng.

Seeing this figure, Ye Feng's eyes suddenly froze.

This figure turned out to be a cold and elegant woman wearing a black robe.

At this moment, Ye Feng couldn't help but asked: "Senior, is that the ancient demon that just talked to me?"

Ye Feng never expected that this ancient demon would turn out to be such a beautiful woman who looked noble and cold. It was really unexpected.

At this moment, when Ye Feng heard this question, the noble and cold and beautiful woman in front of him, this female demon, immediately showed a cold smile on his face and said loudly: "Yes, I just talked to you. The ancient demon you are talking to. Of course, please don't call me the ancient demon in the future. It's too unpleasant. My surname is Xia. Call me Sister Xia. Young brother, you are very good. What's your name?"
