Chapter 4531 Mysterious Place

At this time, when Ye Feng asked, the Queen Mother of the West was silent for a moment, and then said: "I will tell you the details of that supreme chance creation when the time comes. I don't want to reveal it at the moment."

Hearing this, Ye Feng's eyes flickered, and then he said solemnly: "Senior, rebuilding the body of a peerless figure like you is a heavy and long task. If the conditions of the senior cannot satisfy the junior, then The juniors may not be able to cooperate with you, seniors."

When Ye Feng said this, the Queen Mother of the West suddenly showed a trace of surprise in her eyes, as if she didn't expect Ye Feng to speak so directly.

At this time, the Queen Mother of the West nodded immediately and said: "Well, since you want to know, then I will tell you that this supreme chance creation is related to our Kingdom of the West Queen and even the various big forces in this small world. The destruction of that year has something to do with it."

"What?"

Hearing Queen Mother Xi say this at this moment, Ye Feng suddenly showed deep astonishment in his eyes.

Unexpectedly, the supreme chance of creation that the Queen Mother of the West talked about would actually be involved in the destruction of the Queen Mother of the West.

In fact, when Ye Feng first entered this small world, he had already guessed that the destruction of many major forces in this small world must be related to a very terrifying force back then.

Ye Feng had already guessed before that the reason why many big forces in this small world were destroyed back then was definitely due to some mysterious power from the advanced cultivation interface.

So at this time, when he heard that the Queen Mother of the West said that the supreme opportunity was related to the destruction of the Queen Mother of the West, Ye Feng's eyes suddenly became solemn, and at the same time, there was a look of deep expectation in his eyes.

Because if it was just a matter of chance in this small world, Ye Feng was actually not very interested.

After all, many opportunities in this small world are very low-level, and Ye Feng doesn't like them at all.

But as long as it is related to the mysterious existence from the advanced cultivation interface, then Ye Feng feels that the supreme chance creation mentioned by the Queen Mother of the West must be very advanced and must be of great help to him.

Ye Feng naturally stared at the Queen Mother of the West in front of him with deep anticipation in his eyes at this time.

At this moment, the Queen Mother of the West thought for a moment, and then said slowly: "The supreme chance creation I am talking about is the mysterious force that destroyed our Kingdom of the Queen Mother of the West. That mysterious force came from a The advanced cultivation interface, that advanced cultivation interface, I don't know what it is. It doesn't seem to belong to our universe. It seems to be a high cultivation dimension. I don't know if you have heard of the legendary advanced cultivation dimension. "

When Ye Feng heard what Queen Mother Xi said, he immediately nodded and said: "Of course I know that there are many advanced cultivation interfaces in the world where we are, but these so-called advanced cultivation interfaces are not as good as those in those advanced realms. In front of the cultivation dimension, it is nothing at all, because the advanced cultivation interface of our world still belongs to our latitude of the universe, but the more advanced advanced cultivation dimension is another whole new world. "

Hearing what Ye Feng said, Queen Mother Xi nodded immediately, with a hint of surprise in her eyes. She seemed not to have thought that a young man like Ye Feng knew so much.

After all, in the eyes of Queen Mother Xi, Ye Feng seemed to be just an ordinary young man.

If Ye Feng didn't have Emperor Chu in his mind, Queen Mother Xi might not even take Ye Feng into consideration.

But she also knew that Ye Feng was able to come here by accident, and that was the destined person she was waiting for.

So this

At that time, the Queen Mother of the West naturally did not hide anything and said directly: "Back then, our Kingdom of the Queen Mother of the West discovered a very mysterious passage. That passage led to a very mysterious place. That place was like a place of gods from ancient times. The ground is the same, and there are many good things stored in it, such as some ancient artifacts, some ancient god-level elixirs, and even the corpses of mythical beasts as big as mountains, etc. But that place, I just discovered, attracted the attention of a big force in the higher cultivation dimension, and instantly destroyed our entire Western Queen Mother Kingdom, but I have deeply remembered that passage in my heart, just in this small world of ours. Somewhere, as long as you master that passage, you can lead to a place filled with countless advanced cultivation resources. I think that place filled with countless advanced cultivation resources should be a very special mysterious place in the advanced cultivation dimension. Earth, it's just that place. Even the cultivation forces in the higher cultivation dimension have no way to get close to it. They can only guard that place and prevent outsiders from approaching. There seems to be some taboo, but those of us in the lower cultivation dimension Living beings can enter that mysterious place, but it's a pity that when we, the Mother Kingdom of the West, were instantly noticed when we entered that mysterious place, we did not take any concealment measures. "

At this moment, the Queen Mother of the West was speaking, with a hint of resentment in her tone. Obviously, had it not been for a mysterious force in the world of higher cultivation dimensions that destroyed the Kingdom of the Queen Mother of the West, I am afraid that the Queen Mother of the West would have brought the entire Kingdom of the West Queen Mother with her, occupying the mysterious land connected by the mysterious passage, and using the countless high-level cultivation resources in that mysterious land, the entire Western Queen Mother Kingdom can definitely become a huge force that is first-class among all the heavens and worlds.

Hearing what Queen Mother Xi said at this moment, Ye Feng suddenly showed deep surprise in his eyes.

Unexpectedly, Queen Mother Xi would discover such a mysterious place filled with countless advanced cultivation resources from ancient times.

Ye Feng knew that this mysterious place might be a place created by chance in a higher latitude of cultivation.

It's just that I don't know who it is, so powerful that it was able to create a passage from such a small world to that mysterious place.

At this moment, Ye Feng was naturally yearning for that mysterious place.

Because what Ye Feng lacks most now is advanced cultivation resources.

If you can really enter that mysterious place and obtain countless advanced cultivation resources, it will definitely be of unparalleled help to you.

Because that mysterious place is like a huge treasure.

At this time, Ye Feng immediately nodded, looked at the Queen Mother of the West in front of him, and said loudly: "Okay, I understand, I guess this mysterious place you mentioned should be in the advanced cultivation dimension, but... I don't know who had such great ability back then, and was able to secretly open a passage from this small world to that mysterious place, and secretly steal the high-level cultivation resources in that mysterious place. It's really amazing."

At this time, after Ye Feng finished speaking, he immediately said: "Senior Queen Mother Xi, you will take me directly to that passage later. I will go to that mysterious place to see if it is true."

Hearing what Ye Feng said, Queen Mother Xi immediately nodded and said, "I can take you there, but before that, you must promise me one thing, that is, swear to help me and rebuild me." body, resurrect me."

Ye Feng immediately nodded and said with a smile: "Okay, I swear, I will help you, Senior Queen Mother Xi, to reshape your body and resurrect yourself. Senior Queen Mother Xi, don't worry. I am a person who keeps my promises. As long as you If you give me benefits, I will definitely not treat you badly."

Chapter 4532 Passage

At this time, after hearing Ye Feng's assurance, Queen Mother Xi naturally nodded and said: "Martial arts practitioners, as long as they swear, it means that they must complete it, otherwise they will become their own inner demons in the future and let their If you stop cultivating and cannot realize the new realm of cultivation, you will become obsessed. Since you have sworn, I can completely believe you."

Ye Feng asked aloud: "Then after I exit your daughter's mind, how should we contact you?"

Queen Mother Xi immediately smiled and said: "I can communicate with each other after I enter your mind, but I hope you don't say that I am still alive for the time being, because the female demon outside had some grudges with me back then, and I don't want to do that for the time being. Argue with her, and as for my daughter, you can help me settle down when the time comes."

Hearing what Queen Mother Xi said, Ye Feng didn't hesitate at all. He nodded directly and said with a smile: "Since I have cooperated with you, Senior Queen Mother Xi, I will naturally take care of your daughter. My daughter can just follow us. I will place her in a very safe place when the time comes. It will be safest for her to stay in my storage ring space. "

Hearing what Ye Feng said, Queen Mother Xi immediately nodded, with a look of deep relief in her eyes.

After all, for Queen Mother Xi, she was very happy that her daughter could live to this day.

So at this time, since Ye Feng has promised Queen Mother Xi to take care of her daughter, Ye Feng will naturally do all this.

At this time, Ye Feng simply exited the Zi Ling's mind space and returned to his own body.

At this moment, Ye Feng opened his eyes, looked at Queen Mother Xi's daughter in front of him, and said loudly: "You can follow us from now on, I will take good care of you."

At this time, the female demon beside him glanced at Ye Feng, seeming to be thinking about why Ye Feng suddenly had such a good attitude towards the daughter of Queen Mother of the West.

After all, for the female demon, she

Although she had a grudge with the Queen Mother of the West before, the reason why she said she wanted to take care of this purple spirit was because she had some other involvements with the Queen Mother of the West, not just grudges, so she took special care of the daughter of the King of the West.

But Ye Feng and Zi Ling had almost never met, so Ye Feng's sudden change of attitude at this time made the female demon a little confused.

But she didn't know why Ye Feng suddenly took care of Queen Mother Xi's daughter.

But at this moment, the female demon didn't say much, she just said: "Then let's just leave here."

For the female demon, now that she has helped Ye Feng find the peerless inheritance left by the Queen Mother of the West, she has fulfilled her promise to Ye Feng.

Ye Feng nodded, and flew out quickly with the female demon and Zi Ling, the daughter of the Queen Mother of the West.

Soon, they left the central area of the Western Kingdom and came to the outer area.

At this time, Ye Feng glanced around and estimated that the one-month trial time was almost here.

Ye Feng immediately said: "Sister Xia, if you have nothing else to do, then let's leave this small world directly after I finish the last thing. My mission here can be said to be almost completed. There's just one last thing left."

The female demon also nodded at this time and asked aloud: "Then how will you leave this small world?"

Ye Feng immediately said aloud: "The reason why I was able to come to this small world is because I entered this small world together with the young geniuses from an ancient big family.

Small world, let's go through the trial. As long as Sister Xia, you and Queen Mother Xi's daughter enter my storage ring, I can take you out directly. "

Ye Feng knew very well that when the time was up, a month later, he would be able to teleport out of this small world instantly.

As long as the female demon and the Queen Mother of the West's daughter are in his storage ring, they can follow Ye Feng's body and leave this small world.

The female demon did not hesitate at this time, nodded, and directly followed Queen Mother Xi's daughter into Ye Feng's storage ring.

At this time, Ye Feng spread out his soul power and wanted to find the young geniuses of the Murong family who had contacted him before. He wanted to ask how much time was left before teleporting out of this small world, and see if he could still You can't follow the Queen Mother of the West to see the passage that connects the mysterious place of that advanced cultivation latitude.

Now, with the improvement of Ye Feng's cultivation level, his soul power has become very huge, so at this moment, Ye Feng exudes his soul power, which is enough to cover a radius of several kilometers in an instant.

At this time, Ye Feng quickly sensed the Western Queen Mother Kingdom and several young geniuses from the Murong family in the fringe areas. ??

Ye Feng directly sent a message to them, asking them to come and gather as soon as possible.

When the young geniuses of the Murong family came to Ye Feng again, their eyes suddenly showed deep shock.

Because they have discovered that they can no longer perceive the specific state of the aura exuded by Ye Feng.

This is enough to show that Ye Feng's strength and cultivation have reached an extremely terrifying level.

So even though they were the top geniuses in the Murong family, they felt deep awe in front of Ye Feng at this time.

They are facing Ye Feng

When you are there, it's like facing the elders in the family.

The pressure that Ye Feng exerted on them was as terrifying as an abyss, impossible to fathom.

At this time, all the young geniuses of the Murong family have understood that Ye Feng has already raised his cultivation to a new and terrifying level during this period of experience.

At this moment, Ye Feng didn't say much. He just smiled and said, "I'm looking for you to ask how long it will take until the trial ends?"

Hearing Ye Feng's question, several young geniuses from the Murong family immediately said: "There is still about half a day."

When Ye Feng heard what the young genius from the Murong family said, his eyes flickered, and then he said, "Half a day should be enough."

After saying that, Ye Feng flew quickly in a certain direction in the distance.

At this moment, Ye Feng turned his head, looked at the young geniuses of the Murong family, and said loudly: "I still have some personal matters to deal with. I should be able to teleport out automatically by then, right?"

A young genius from the Murong family immediately nodded and said, "Okay."

After Ye Feng got the confirmation from these young geniuses of the Murong family, he naturally felt completely relieved.

The place where Ye Feng wants to go at this time is naturally the passage to the mysterious place of advanced cultivation dimension discovered by the Queen Mother of the West.

Ye Feng wanted to go to that mysterious place to take a look in person.

As for Zi Ling, the daughter of the female demon and Queen Mother of the West, she is already staying in Ye Feng's storage ring at this moment.

So at this time, Ye Feng was alone, following the guidance of the Queen Mother of the West in his mind, and quickly flew towards a certain direction in this small world.

Chapter 4533 Cross-domain teleportation formation

Time is running out now, and you will be automatically transported out of this small world soon.

Although time was running out, Ye Feng still wanted to personally confirm that everything the Queen Mother of the West said was true.

As for entering that passage and entering that mysterious place at any time, it is naturally very simple.

As long as Ye Feng gets approval from the Murong family, he can enter this small world at any time.

This is still very simple.

Because Ye Feng's current cultivation level has been greatly improved after the experience of this small world. It can be said that Ye Feng's current cultivation level is already comparable to the level of the super powerful senior figures in the North Territory of the Ten Thousand Monsters Interface.

Therefore, Ye Feng feels that after he goes out, the weight of his words will become very heavy in front of such a big family.

Not to mention, Ye Feng also has an old brother Murong who is like a close friend in the Murong family, Murong Changming.

This time in this small world, Ye Feng helped Murong Changming find the blood of the ancient flame dragon left by the first generation ancestor of the Murong family. This will definitely make the relationship between Murong Changming and himself better.

Swish, swish, swish!

Ye Feng's speed was very fast. Following the guidance of the Queen Mother of the West in his mind, he arrived in the southwest of this small world in a blink of an eye.

This is already the deepest point in the southwest.

It is also the area where this small world is almost reaching the edge of the interface.

At this time, Ye Feng suddenly saw an endless desert appearing on the land in front of him.

This desert gives people the feeling of being full of lifelessness, as if entering it will consume all the vitality in an instant and die instantly.

At this moment, the Queen Mother of the West immediately spoke out in her mind: "This desert is called the Desert of Death. It is said that ancient gods once fell here. When I was exploring the ruins of ancient gods here, I accidentally discovered that passage. To the mysterious place in the higher cultivation dimension, I don't know exactly who created that passage, but we can all use it."

Hearing what Queen Mother Xi said in his mind, Ye Feng's eyes showed a more expectant look.

Because for Ye Feng, things in this small world are no longer of much use to Ye Feng.

The only way Ye Feng can quickly improve his cultivation strength now is to obtain more advanced cultivation resources.

And the things contained in this mysterious place located in the advanced dimension of cultivation must be very high-level and very noble.

Ye Feng is naturally looking forward to it.

At this time, the Queen Mother of the West in her mind suddenly said: "Ye Feng, your current cultivation level is not too high yet. When entering this desert of death, you must be careful that there are ancient undead wandering in it."

When she said this, Queen Mother Xi seemed to have thought of something. She immediately couldn't help but shake her head and smile, and said loudly: "But with that great god in your mind, you are not afraid of these wandering undead."

Obviously, the Queen Mother of the West exists in Ye Feng's mind, and it is obvious that there is another mysterious existence in Ye Feng's mind.

That is, Emperor Chu.

This is an extremely scary guy.

Even the Queen Mother of the West did not dare to easily communicate with Emperor Chu or explore the depth of Emperor Chu.

Because the kitchen gave her the feeling of being in an ancient legend

Like the spirit of the gods, they are high, unpredictable, and majestic.

At this time, Ye Feng heard what Queen Mother Xi said and just grinned.

Ye Feng naturally trusted Emperor Chu to the extreme.

At this moment, Ye Feng did not hesitate and jumped directly into the desert of death in front of him.

This desert of death stretches as far as the eye can see.

According to the Queen Mother of the West, the space passage leading to the mysterious land is hidden at the end of this desert of death.

Ye Feng naturally did not hesitate at this moment and rushed towards the nearest area of the desert of death.

Ye Feng didn't want to waste time, because there was still half a day before Ye Feng would be automatically teleported out of this small world.

So at this time, Ye Feng naturally didn't waste any time, and didn't care about what was going on around him on the way. He just flew towards the end of the death desert.

However, Ye Feng didn't want to care about things around him, but trouble always came to his door.

When Ye Feng was flying nearly halfway, groups of souls wearing skeleton armor appeared around him, holding soul-state weapons in their hands.

Like an army of undead, they besieged the flying Ye Feng.

After all, Ye Feng is a living creature, and the blood energy emanating from his body is very strong, just like the vast ocean, so it can naturally attract these undead armies wandering in this desert of death.

So at this time, Ye Feng found himself, seemingly surrounded by a large army of undead unknowingly.

"Everyone get out of here!"

At this time, Ye Feng did not want to waste time with these weak undead army, because time was limited.

Therefore, Ye Feng directly manifested his huge soul power, directly condensing a majestic dark soul giant tens of thousands of meters above his head, full of unparalleled soul pressure.

For these undead armies, Ye Feng didn't even need to ask Emperor Chu to take action. The soul giant condensed by his own majestic soul power was enough to severely frighten these undead armies.

Buzz!

Almost at the moment when Ye Feng condensed his soul giant, the undead army around him, who had been eyeing Ye Feng covetously, suddenly showed fear in their eyes.

Because Ye Feng's soul power is now very large, the soul giant he has condensed naturally suppresses these ordinary soul bodies.

So at this time, the surrounding undead army immediately retreated quickly in fear.

Ye Feng didn't want to waste time at this moment. After scaring away these undead armies, he continued to rush towards the end of the death desert.

In just one or two hours, Ye Feng had already rushed to the end of the desert of death.

The next moment, Ye Feng suddenly saw an ancient altar appearing on the desolate land ahead.

The Queen Mother of the West in her mind seemed to be a little excited, and said aloud: "Ye Feng, the passage to the mysterious place in the higher latitudes that our Kingdom of the West discovered back then is hidden in this ancient altar. It is a The cross-domain teleportation formation is engraved on the altar. Go over and take a look. Tens of millions of years have passed. I wonder if that channel can be re-activated. "Time is running out now, it will be soon." Was automatically transported out of this small world.

Although time was running out, Ye Feng still wanted to personally confirm that everything the Queen Mother of the West said was true.

As for entering that passage and entering that mysterious place at any time, it is naturally very simple.

This is still very simple.

It is a The cross-domain teleportation formation is engraved on the altar. Go over and take a look. Tens of millions of years have passed. I wonder if that channel can be re-activated."

Chapter 4534: Check it out carefully

At this time, Queen Mother Xi continued to speak in her mind: "Ye Feng, you can walk directly into this ancient altar and see if there is a formation engraved on the wall inside the altar? "

"Okay, let me take a look."

Hearing what the Queen Mother of the West said, Ye Feng immediately nodded and walked up to the ancient altar.

At this time, Ye Feng lowered his head slightly and looked towards the ancient altar.

Sure enough, the next moment, Ye Feng saw ancient totems on the walls inside the ancient altar.

A look of surprise suddenly appeared in Ye Feng's eyes, and he said loudly: "Senior Queen Mother of the West, is the ancient formation you are talking about the formation condensed by these totems?" .??.

"That's right."

Queen Mother Xi nodded in her mind, and then said aloud: "I didn't expect that tens of millions of years have passed, and this place is still exactly the same as when I discovered it. It's as if there is no passage of time here."

At this moment, after receiving confirmation from the Queen Mother of the West, Ye Feng's eyes were naturally full of deep expectations, and he immediately asked aloud in his mind: "Senior Queen Mother of the West, how should we activate this ancient formation? Create a passage leading to that mysterious place in the advanced spiritual dimension?"

Hearing Ye Feng's question, the Queen Mother of the West in his mind immediately said: "It's very simple to activate this channel. You just need to output your own space power. Ye Feng, you are a soul master and you should be very knowledgeable about the mysteries of space." It's familiar."

When Ye Feng heard what Queen Mother Xi said, he immediately nodded and said with a smile: "Back then, when I first started practicing, I had already mastered the power of space."

At this time, after Ye Feng finished speaking, he directly used his own magic power, turning it into a special space power with the mysterious attribute of space, and input it into the ancient altar in front of him.

Buzz!

Almost the moment Ye Feng's huge mana was input into this ancient altar, the formation totems engraved on the walls inside the altar immediately emitted a bright light.

With the continuous input of Ye Feng's spatial power, the light emitted by the ancient totem on the wall became stronger and stronger.

In the end, a space channel was condensed directly on this ancient altar, directly connecting the entire sky, with no end in sight.

It was like a huge pillar of light, bursting out from the ground and connecting the entire sky.

Seeing this quite shocking scene, Ye Feng's eyes also showed wonder, and he couldn't help but say: "The mysterious being who created this passage back then is probably also a very powerful ancient figure. , Otherwise, it would be impossible to secretly open a space passage to a higher dimension from this small world. "

Hearing what Ye Feng said at this moment, the Queen Mother of the West nodded immediately, and then said loudly: "If we directly enter this space channel, we can instantly teleport to the mysterious place in the higher dimension, but this time we must Be careful and hide your aura when entering that mysterious place. Otherwise, if we are discovered by the guardians around that mysterious place, the two of us will be hunted down by superpowers from the higher-dimensional cultivation world."

Ye Feng immediately nodded, without any hesitation, directly activated his soul power, and activated his void power

, an aura that covers his entire body and can hide himself deeply in the void without being detected by anyone.

At this time, Ye Feng's eyes were filled with expectation and a hint of nervousness, because he was about to go to a new higher dimension.

Although this mysterious place is a taboo place in the higher-dimensional world of cultivation.

There is no way for strong people in the advanced cultivation dimension to enter this mysterious place.

On the contrary, only creatures from the lower world can enter this mysterious place.

But even so, Ye Feng did not dare to be careless.

After all, according to the Queen Mother of the West, although those practitioners of higher cultivation dimensions cannot enter this mysterious place, they have placed many guardians around this mysterious place.

Once they sense that there are outside practitioners in this mysterious place, they will launch various terrifying attacks to kill these outside practitioners instantly.

At this moment, Ye Feng hid his entire aura, and even lurked into the surrounding void. Then Ye Feng directly took the current step and stepped into the atmosphere inspired by the ancient altar in front of him. in the passage.

Uh-huh!

Almost at the next moment, accompanied by a very violent space fluctuation, Ye Feng immediately felt that his whole body was rising rapidly and continuously in the space channel in the altar, towards the nine heavens of this small world. , quickly leaped away.

Soon, Ye Feng actually passed through this space channel directly, passed through the entire interface barrier, and entered a new world of advanced cultivation dimensions.

At this moment, when Ye Feng walked out of the other end of the space passage, he immediately discovered that there were continuous mountains and mountains around him, standing on the earth, looking majestic and spectacular.

This place is like an ancient primitive jungle, giving people a sense of wilderness.

At this time, Ye Feng looked around and saw this primitive wilderness-like place. He couldn't help but ask in his mind: "Senior Queen Mother of the West, is this the mysterious place you mentioned?"

The Queen Mother of the West in her mind immediately nodded excitedly and said aloud: "Yes, we have now arrived at this mysterious place through the space passage. At this moment, the place we are in is a certain high-level place." Latitude, there are many opportunities hidden in it. You need to explore the surroundings, but there are also huge dangers. I remember that I took many powerful people from the Western Queen Mother Kingdom through this passage and entered this mysterious place. , I encountered a fiery red centipede that was tens of thousands of meters long. The flames released in an instant burned nearly half of the superpowers in our Western Queen Mother Kingdom to ashes. Although there are huge Opportunities are created by chance, but there are also very

terrifying dangers and crises, so Ye Feng, you must be careful. This time you can just explore it casually. It doesn't matter if you don't get any opportunities, because we can enter this higher level through this channel at any time. A mysterious place for spiritual practice."

Hearing the reminder from Queen Mother of the West in his mind, Ye Feng immediately nodded, but his eyes still had a hint of expectation, looking at the surrounding mountains, he said aloud: "No matter what, we are here now. , Naturally, I need to investigate it carefully, but don't worry, Senior Queen Mother Xi, if I encounter any irresistible danger, I will definitely escape in an instant and return to that small world through this passage. "

Chapter 4535 Nine Colorful Flowers

At this time, after Ye Feng finished speaking, he quickly walked towards a certain direction of this mysterious place without any hesitation.

For Ye Feng, if he could really get some good luck from this mysterious place in a higher dimension, it would definitely be very precious.

Because this is a higher-dimensional world of cultivation, which is much higher than the dimension of cultivation in the heavens and worlds where Ye Feng currently lives.

Therefore, the opportunities and creations contained in this mysterious place are naturally unimaginable by practitioners from lower cultivation dimensions.

At this time, Ye Feng was walking quickly around.

Buzz!

Suddenly at this moment, Ye Feng sensed a very terrifying aura.

Uh-huh!

At this moment, Ye Feng immediately lay down slightly and hid behind a patch of grass.

Ye Feng looked through the grass and immediately saw a giant with a height of more than 100,000 meters walking out of the mountains in front of him.

This extremely tall giant actually had three heads.

Each head has only one eye, and it holds a mace with a length of tens of thousands of meters in its hand. It looks like an ancient golden giant clan, full of the ultimate visual impact and shock.

At this moment, Ye Feng sensed it and discovered that the life energy emitted by this golden giant with three heads and three eyes was thousands, even tens of thousands, times greater than his own.

This made Ye Feng's eyes suddenly reveal a look of deep horror.

It is simply unimaginable for a creature to be so many times more powerful than one's own life fluctuations.

Because you must know that Ye Feng's current cultivation level is already very strong, but he did not expect that in this higher dimension, there would be so many creatures stronger than himself.

Ye Feng suddenly had a basic understanding of the higher-dimensional world.

These beings living in the advanced cultivation dimension are truly terrifying and much more powerful than I imagined.

After all, if you know Ye Feng's current cultivation strength, he is probably considered to be a very powerful existence in the Northern Territory of the Ten Thousand Demons Interface.

But in this advanced spiritual world, Ye Feng felt that he was as weak as an ant.

Ye Feng has no doubt that as long as he faces the three-headed golden giant, he will probably be crushed by the opponent in an instant, without even the strength to resist.

At this time, Ye Feng's eyes suddenly revealed a look of deep amazement.

This mysterious place is indeed a place in the world of advanced cultivation dimensions. The creatures living in it are really terrifying.

Ye Feng naturally did not dare to face the three-headed golden giant at this time, and continued walking in another direction, avoiding the path of the three-headed golden giant.

But soon, Ye Feng discovered another large silver snake that was tens of thousands of meters long in a swamp.

This big silver snake has scales that look like dragon scales all over its body. It looks like it will soon completely transform into a snow-white silver dragon. Its life breath is also very terrifying.

Ye Feng didn't dare to provoke him at all.

At this time, Ye Feng naturally bypassed the swamp in an instant and continued walking in another direction.

Finally, Ye Feng traveled through the mountains and discovered a flower that was more than ten meters tall growing on a cliff in front of him.

This flower, which is more than ten meters long, has nine petals in total, and each petal emits a different kind of light.

Seeing this scene, Ye Feng's eyes suddenly lit up and he couldn't help but said: "This seems to be

I saw the legendary nine-color flower in an ancient book. It is the legendary advanced lotus flower, which contains very rich medicinal power. It is also said to have special effects that can bring people back to life. Of course, it can Bringing people back to life must be an exaggeration of the effect of this nine-color flower, but this kind of nine-color flower is still very rare. "

Ye Feng saw it at this time. Naturally, he would not waste anything. He just wanted to pick off the nine-color flower and then devour it.

Because Ye Feng knew very well that the medicinal power contained in this legendary high-level spiritual flower was very rich, enough to greatly improve Ye Feng's current skills.

Uh-huh!

So at this time, Ye Feng didn't hesitate at all, and immediately flew towards the cliff quickly.

When Ye Feng flew not far away from this nine-color flower.

Click!

Suddenly, a hole opened on the edge of the cliff where the nine-colored flowers grew.

A black snake several hundred meters long suddenly emerged from it.

This black snake opened its bloody mouth and swallowed Ye Feng with a "Gulu" sound.

At this moment, the eyes of this black snake suddenly showed a look of satisfaction.

Obviously, this nine-color flower has been guarded here to lure other creatures to come here and then serve as its food.

But before the joy could show in the black snake's eyes, his expression suddenly changed.

"Puch!"

Almost at the next moment, a golden sword pierced directly from the belly of the black snake.

Then with a huge roar, Ye Feng held the God's Sword in his hand and burst out of the black snake's belly.

At this moment, the black snake whose belly was disemboweled by Ye Feng immediately screamed and was completely killed.

At this time, Ye Feng suddenly showed a hint of fear in his eyes.

Although Ye Feng disemboweled the black snake, Ye Feng did not react for a moment and was swallowed by the black snake.

If it weren't for the fact that Ye Feng's body is extremely powerful and is the Immortal Body of a God, with extremely terrifying sturdiness, it is estimated that the moment Ye Feng was swallowed by the black snake's belly, he would have been completely digested by the black snake's stomach acid. .

So Ye Feng was naturally a little scared at this time.

But in the end, Ye Feng's body was very strong and could withstand the digestion of the black snake's stomach acid, and directly disemboweled the black snake.

You must know that the cultivation level of this black snake is still very terrifying, and it is actually two realms higher than Ye Feng.

But now this black snake can be said to be very unlucky. It was attacked from the inside by Ye Feng. It had almost no resistance and was directly killed by Ye Feng.

If Ye Feng faced off against this black snake, it might be very difficult.

At this time, Ye Feng naturally did not waste anything, and instantly released the Devouring Domain. While devouring the blood and energy left after the death of the black snake, he also began to devour the medicinal power of the nine-color flower. Absorb it and strengthen your own power.

These things, whether it is this black snake or this flower, are advanced existences and are extremely helpful to the growth of Ye Feng's power.

Because the energy contained in them, whether it is the blood energy or the medicinal power of flowers, is much more advanced and powerful than those in lower cultivation dimensions.

"Buzz!"

Ye Feng's skill at this moment immediately began to increase at an incredible speed!

Chapter 4536 Pierced

Boom!

At this moment, waves of very majestic energy suddenly surged through Ye Feng's body.

You know, what Ye Feng is devouring now is not ordinary things, but extremely high-level things.

Whether it is the nine-colored flowers or this black snake, the energy contained is very high-level and very huge.

Especially the energy contained in these creatures in the higher cultivation dimension is much higher than that in the lower cultivation interface.

Therefore, after Ye Feng devoured it at this time, his skill and cultivation level naturally increased tremendously.

Ye Feng's current cultivation level is at the tenth level of Tianhe Realm. .??.

After devouring so much energy at this time.

Boom!

Ye Feng's body suddenly burst out with an extremely powerful aura of cultivation.

At this moment, Ye Feng actually broke through this big bottleneck and rushed into the half-step divine water realm above the tenth level of Tianhe Realm!

At this time, Ye Feng's eyes suddenly showed deep excitement.

Unexpectedly, the energy provided by the nine-colored flowers and this black snake to him was so huge.

Letting yourself reach the bottleneck of cultivation level directly broke through a super bottleneck and stepped into the legendary half-step divine water realm!

The Divine Water Realm is a brand new realm of cultivation.

After Ye Feng broke through to the Half-Step Divine Water Realm, his cultivation skills naturally increased tremendously, and his combat effectiveness also became much stronger.

At this moment, Ye Feng's eyes revealed a look of deep amazement, and he couldn't help but say: "It is indeed a high-level cultivation dimension. It is just a flower, a black snake, and the energy of two simple creatures. It's really incredible that my cultivation has broken through a big bottleneck and entered the half-step Divine Water Realm."

At this time, Ye Feng finally understood that the gap between the higher cultivation dimension and the lower cultivation world was really huge.

This gap is not only reflected in the level of cultivation level, but also reflected in the gap in the essence of life contained in the bodies of living beings in each world.

At this time, Ye Feng did not hesitate and continued to explore the surroundings of this mysterious place.

\u003e

Because for Ye Feng, now that he has arrived at this mysterious place in the advanced cultivation dimension, Ye Feng naturally wants to explore it carefully.

Although it only took half a day to return to the small world, otherwise, Ye Feng would not be able to be automatically teleported out of the small world and return to the interface of ten thousand monsters.

But Ye Feng naturally wanted to seize this short half-day and try his best to find more good things in this mysterious place in the advanced cultivation dimension.

Ye Feng is still looking forward to this.

After all, Ye Fengzheng had just entered this mysterious place and had already swallowed an extremely high-end nine-color flower and a black snake, which greatly increased his cultivation skills.

At this time, Ye Feng continued to fly towards the surroundings, and then radiated his soul power.

Soon, Ye Feng suddenly discovered an inexplicable energy fluctuation in an ancient mountain.

This kind of energy fluctuation is very ancient and very huge, making Ye Feng's eyes suddenly reveal a look of deep surprise.

At this moment, Ye Feng was naturally looking forward to it, feeling that there must be something good hidden in this mountain.

Uh-huh!

At this moment, Ye Feng was flying directly in the direction of the mountain.

When Ye Feng came to the foot of the mountain, his eyes showed deep shock.

He saw a huge bird's nest appearing among the mountains.

This bird's nest occupies several kilometers of land.

And what surprised Ye Feng was that there was a huge golden egg hidden in this huge bird's nest.

At this moment, Ye Feng sensed a very huge fluctuation of life energy from this golden beast egg.

At this moment, Ye Feng did not hesitate and flew quickly in the direction of the golden beast egg.

But just at the moment when Ye Feng approached the golden beast egg.

"boom!!"

A huge golden claw immediately grabbed Ye Feng from high in the sky, filled with the power to destroy the world.

Ye Feng raised his head and immediately saw a golden eagle that covered hundreds of thousands of square kilometers, covering the entire sky and blocking out the sun. It was like an ancient mythical beast that came out of the ancient wilderness, and was extremely terrifying.

At this moment, Ye Feng suddenly understood that the huge golden egg in the bird's nest should be the descendant of this golden goshawk.

At this time, Ye Feng didn't hesitate at all and just ran away quickly in a certain direction in the distance.

Because Ye Feng knew very well that compared with this golden eagle, he was nothing at all, just like an ant.

Although Ye Feng's cultivation level is strong, he may be very powerful now in the Northern Territory of the Ten Thousand Monsters interface.

But in this advanced cultivation dimension, it is impossible to resist these high-level creatures.

So at this time, Ye Feng didn't even have the ability to covet the golden eggs in the bird's nest. He just flew quickly in a certain direction in the distance, trying to escape from here.

Boom!

But at this moment, the golden eagle's talons covered a distance of tens of thousands of meters, and directly bombarded it like a golden mountain. It had very violent destructive power and impact. Ye Feng's whole body was shattered.

At this moment, Ye Feng immediately felt that he was under a very terrifying pressure, and he could not escape from this place.

This made Ye Feng's eyes suddenly reveal a look of deep horror.

Because the golden eagle stretched out its golden talons casually and attacked, it was able to activate the power of the rules of heaven and earth and imprison the space from which it escaped.

At this moment, Ye Feng didn't hesitate at all, and just turned the god ring on his finger, transforming his god ring into a golden sword.

this

At this moment, he seemed to see a golden sword appearing in Ye Feng's hand, and the golden eagle suddenly showed deep contempt in his eyes.

Because he also felt that Ye Feng's life aura fluctuated very weakly, and it was likely that he was a creature from a lower cultivation dimension.

Therefore, in the eyes of this golden eagle, this kind of low-level human race is nothing more than an ant.

So at this moment, the golden eagle showed great contempt and continued to bombard, trying to break the golden sword in Ye Feng's hand.

"Pfft!"

But in the next moment, what made the golden eagle extremely painful was that the golden sword in Ye Feng's hand actually pierced his claws instantly.

You know, the golden eagle is a high-level spiritual beast that lives in this mysterious place. Its golden claws are as strong as if they were made of divine iron.

However, he was instantly pierced by the golden long sword weapon in the hand of Ye Feng, a small human race in the low-level cultivation dimension.

It's like piercing a tofu!

Very casual and convenient.

This made the Golden Eagle unable to believe what was happening in front of him.

At this moment, Ye Feng didn't hesitate at all. He immediately used a fierce force and cut off one of the golden eagle's claws with a "pop".

After all, the God's Sword in Ye Feng's hand is still very sharp. Even the creatures in this advanced cultivation dimension cannot withstand the sharpness of the God's Sword.

After all, the Celestial Clan comes from a mysterious and advanced latitude of cultivation.

At this time, Ye Feng naturally cut off one of the golden eagle's claws instantly and put it directly into his storage ring.

The next moment, Ye Feng didn't hesitate at all, he gave up when he saw the opportunity, used the power of the void, and ran away like crazy.

Because he knows that this golden eagle will definitely release endless anger later, which may destroy the world and destroy the world, and he has no way to resist it.

Chapter 4537 Take it away directly

"Roar!!"

At this time, the golden eagle suddenly let out an earth-shattering roar.

There was pain and anger in this roar.

Apparently, Ye Feng used the God's Sword to cut off one of the golden talons of this golden eagle. Naturally, it felt great pain and deep shame at the same time.

Because in his eyes, Ye Feng was like an ant. This human boy from a lower cultivation dimension actually cut off one of his golden claws.

This naturally made this golden eagle extremely angry and humiliated.

At this moment, the golden eagle immediately rushed towards Ye Feng's escape direction, roaring loudly: "Human ants! You can't escape! How dare you cut off one of my claws?" ? You are a great offense to me! I will cut you into pieces! There is no way you can escape!"

Boom!

At this moment, the golden eagle's body suddenly began to burn with blazing golden flames. It was obvious that it was extremely angry and began to use its true power.

Before, he casually stretched out a golden claw and attacked Ye Feng very casually.

But now that one of the golden claws was cut off by Ye Feng, the golden eagle was naturally extremely angry and began to use all his power at an extremely fast speed. It even collided with the air, creating a sonic boom.

At this moment, Ye Feng did not hesitate at all, and continued to use the power of the void crazily, quickly rushing towards the passage he came from before.

At this time, Ye Feng had no way to continue exploring this mysterious place.

Because he got into trouble with such a terrifying golden eagle.

At this moment, Ye Feng's only way is to escape, quickly return to the space passage area where he entered this mysterious place of advanced cultivation dimension, and leave here completely through that space passage.

At this moment, Ye Feng did not hesitate and continued to fly quickly towards the entrance of the passage into this mysterious place according to the guidance of Queen Mother of the West in his mind.

Soon, Ye Feng came to the space passage, and the whole person rushed directly into the passage in the void.

Buzz!

Then when Ye Feng appeared in the small world the next moment and returned to the end of the passage of the small world, Ye Feng immediately completely closed the formation in this ancient altar.

Buzz!

At this moment, this passage connecting to the mysterious place in the advanced cultivation dimension disappeared in an instant.

The golden eagle at the other end has no way to enter the small world where Ye Feng is now from the advanced cultivation dimension. It can only roar like crazy, resounding throughout the mysterious land.

At this moment, Ye Feng looked at the disappearing passage, and his eyes suddenly showed a deep look of joy.

Fortunately, I was fast enough and quickly returned to the small world to close this passage.

Otherwise, he would really be killed instantly by that crazy golden eagle.

Because that golden eagle was an extremely advanced spiritual beast in higher dimensions, Ye Feng had no way to fight against it for the time being. But in the end, he happened to cut off a golden claw with the sword of the god in his hand.

This golden claw is absolutely very precious.

Thinking of this, Ye Feng immediately took out the golden eagle's claw that he had cut off before from the storage ring.

Bang!

The next moment, a golden claw with a length of tens of thousands of meters was taken out by Ye Feng from Ye Feng's storage ring, and then was taken out by Ye Feng.

The wind threw it to the ground in front of me.

At this time, Ye Feng looked at the huge golden claw in front of him, and his eyes suddenly showed deep excitement.

Ye Feng knew very well that this golden eagle was an extremely terrifying advanced spiritual beast from a higher spiritual dimension, possessing extremely terrifying life energy.

At this time, Ye Feng could clearly feel a very huge life energy stored in this golden claw that was tens of thousands of meters long.

Just a claw, Ye Feng felt, was comparable to the terrifying training resources.

So at this moment, Ye Feng didn't hesitate at all, and directly released the Devouring Domain, and began to instantly devour the tens of thousands of meters long golden claws.

"Boom!"

At this moment, a huge amount of life energy, emitting golden light, was sucked out of the golden claws by Ye Feng and injected into Ye Feng's body, rapidly increasing Ye Feng's power.

At this moment, Ye Feng's whole body even began to emit a golden light, giving people a very sacred feeling. ??

At this moment, Ye Feng suddenly burst out with a terrifying cultivation aura.

Boom!

At this moment, Ye Feng's cultivation continued to break through the bottleneck of the Half-Step Divine Water Realm, completely allowing Ye Feng's cultivation to step into the true first level of the Divine Water Realm!

At this time, after Ye Feng achieved a breakthrough in his cultivation, he entered the true first level of Divine Water Realm.

Ye Feng clenched his fists and felt infinite power surging through his body.

At this moment, Ye Feng's eyes suddenly revealed a look of deep surprise.

I didn't expect that such a simple golden eagle's talons could contain such

This much life energy allowed Ye Feng's cultivation to break through so much, directly breaking through an entire bottleneck.

At this time, Ye Feng's eyes suddenly revealed a look of deep amazement. That mysterious place is indeed located in a high-level cultivation dimension. The things that grow in it or the living creatures are all very advanced, and the contents contained in the body are The energy is naturally very advanced and of very high quality, allowing Ye Feng to achieve great growth.

At this time, after Ye Feng made a breakthrough in cultivation, the golden claw in front of him had been drained of all life energy by Ye Feng and completely shriveled up.

At this moment, Ye Feng looked at the ancient altar in front of him with a deep and bright look in his eyes.

As long as you can control this ancient altar, you can open the passage to that mysterious place.

At this moment, Ye Feng suddenly thought of something, and immediately couldn't help but said aloud in his mind: "Senior Queen Mother of the West, can I just take this ancient altar away directly? In this case, I can activate it at any time. The formations in this ancient altar are condensed into a cross-domain space passage leading to the mysterious place in the advanced cultivation dimension."

Hearing Ye Feng's question, Queen Mother Xi's eyes suddenly froze in her mind, as if she didn't expect Ye Feng to have such a shocking idea.

After all, what the two people planned before was that if they wanted to enter that mysterious place again in the future, they could first enter this small world, and then come to this ancient altar to open the cross-domain space channel.

Unexpectedly, Ye Feng actually wanted to take away this ancient altar directly, so that he could open the passage to the mysterious place at any time.

At this moment, Queen Mother Xi in her mind couldn't help but said: "I don't know much about this, after all, I have never tried it."

Hearing Queen Mother Xi's answer, Ye Feng nodded slightly and asked directly in his mind: "Emperor Chu, what do you think?"

Chapter 4538 Automatic transmission

At this time, Emperor Chu in his mind heard Ye Feng's question. He was silent for a moment, and then said aloud: "Logically speaking, this ancient altar can be taken away directly. After all, this passage formation is , should be on this ancient altar, not engraved on the earth under this ancient altar, so as long as you take this ancient altar away, there should be no problem and you can activate this at any time. The formations engraved on the ancient altar open up the space passage to that mysterious place."

Hearing what Emperor Chu said, Ye Feng immediately nodded, then without hesitation, he stretched out his hands and grabbed the ancient altar.

Click!

Then Ye Feng pulled it out hard.

At this moment, this ancient altar was pulled out from the ground by Ye Feng, and then put into his storage ring.

At this moment, Ye Feng left here and flew a thousand meters away.

When Ye Feng came a thousand meters away, Ye Feng took out the altar in his hand instantly, and then activated the teleportation formation imprinted on the ancient altar.

Boom!

At this moment, it was exactly what Emperor Chu had expected.

If this ancient altar is taken far away alone, the passage in it can also be activated, leading to that mysterious place.

Seeing this scene at this moment, Ye Feng immediately showed deep joy in his eyes and directly put the ancient altar back into his storage ring.

In this case, I don't have to put so much effort into entering this small world and then entering that mysterious place.

Taking this ancient altar with him, he could activate the formation in it anytime and anywhere, create a passage, and enter that mysterious place.

At this time, Ye Feng was trying to find other young geniuses from the Murong family in this small world, and was preparing to return to the North of the Ten Thousand Demons Interface with them.

Among the Murong family of the blood demon dynasty in the domain.

But before Ye Feng could find other young geniuses from the Murong family.

suddenly.

A very strong spatial fluctuation occurred between the entire heaven and earth.

Buzz!

Then the next moment, a space vortex suddenly appeared around Ye Feng.

The whole person was directly enveloped by this space vortex.

At this moment, Ye Feng did not resist.

Because he knew that when one month was up, he would be automatically transported out of this small world.

At this moment, Ye Feng did not resist, but was directly enveloped by the space vortex, and then the whole person disappeared instantly and was directly transported out of this small trial world.

Buzz!

When Ye Feng opened his eyes again, he found that he was already standing in the square of the Murong family.

At this moment, many elders of the Murong family, including Murong Changming, the head of Ye Feng's scavenger department, were standing around the square, seemingly waiting for the return of many young geniuses. .

After all, a month is not that long, and the entire Murong family attaches great importance to this trial in the small world, so they stay here day and night, waiting for everyone to return.

At this time, not only Ye Feng was teleported back, but also many young geniuses from the Murong family who participated in the trial were teleported out.

Of course, there is no way for a dead genius to be transported out, and can only be buried in that cold and unfamiliar little world.

In due place

When some of the young geniuses from the Murong family were teleported out one by one, many elders of the Murong family breathed a sigh of relief.

This time it seems that not much was lost, just a small loss.

As for the young geniuses of the Murong family who came out alive, their cultivation strength has increased tremendously, which naturally makes the Murong family feel very happy.

At this time, everyone unanimously noticed Ye Feng.

Because the aura of cultivation exuding from Ye Feng at this moment was really frightening to the extreme.

"This seems to be a powerful cultivation level in the divine water realm..."

At this moment, an elder of the Murong family couldn't help but exclaimed: "How could this Ye Feng suddenly become so much stronger? I remember that when he first entered the small world, his cultivation level was definitely higher than it is now. How could he reach so many realms in one fell swoop? In just one month, what happened to him in that small world? How could he reach the same level as older people like us? It's incredible to realize such a huge leap in just one month!"

At this time, everyone's eyes were fixed on Ye Feng, and they all showed deep shock. ??

Because they could sense that the aura of cultivation exuding from Ye Feng was as majestic and huge as the ancient wilderness, making people fearful and depressing.

Uh-huh!

At this time, Murong Changming also came to Ye Feng all of a sudden, his eyes filled with deep amazement, and he couldn't help but said: "Brother Ye Feng, you have made too many breakthroughs in your cultivation. You actually broke through to the divine water realm, which is the same level as my current cultivation level. You have caught up with me in just one month. "

At this moment, Murong Changming said,

This was not a deliberate compliment to Ye Feng, but a heartfelt admiration.

Because the speed of breakthrough of Ye Feng's strength is really amazing.

At this moment, Ye Feng smiled slightly, then glanced at Murong Changming in front of him, and said with a smile: "Brother Murong, let's go directly, I have something personal to tell you."

"Um?"

Hearing what Ye Feng said, Murong Changming's eyes flashed fiercely. He knew that Ye Feng must have succeeded and got the ancient flame true dragon left by the first generation ancestor of their Murong family in that small world. of blood.

This is of great help to the strongest bloodline awakened by Murong Changming, the ancient flame nine-headed dragon bloodline. It can help Murong Changming completely awaken his strongest bloodline talent and make his strength undergo a qualitative transformation.

At this moment, Murong Changming was naturally looking forward to it. He didn't want to waste time at all and just wanted to take Ye Feng away from here.

At this time, many elders of the Murong family around wanted to come over and ask Ye Feng what happened.

But at this time, Murong Changming rejected them all on behalf of Ye Feng.

Murong Changming's status in the Murong family was very special, so no one dared to say anything and just let Murong Changming take Ye Feng and leave here directly.

Next, Ye Feng followed Murong Changming and completely left the central square and came to a relatively remote large house of the Murong family.

This is the residence of Murong Changming among his family members.

There was no one around, it was very quiet.

At this moment, Ye Feng smiled slightly and threw out the corpse of the ancient flame dragon that he had obtained before from the storage ring. Murong Changming's eyes suddenly lit up.

Chapter 4539 Magical Character

Buzz!

At this moment, although the corpse of the ancient flame dragon that Ye Feng took out was completely shriveled and had lost all its life energy, as if it had been sucked dry, it still contained some The true blood of the ancient flame dragon.

At this moment, Murong Changming naturally sensed this, and immediately walked to the body of the flame dragon very excitedly, and then couldn't help but said: "Brother Ye Feng, I didn't expect you to really help me find it." I found the corpse of the ancient flame dragon left behind by the first generation of ancestors. Although this corpse has been completely shriveled, I can sense that there is still a lot of blood of the real flame dragon in this world. I feel My current bloodline power is all agitated when I get close to the corpse of this true flame dragon."

Hearing what Murong Changming said, Ye Feng immediately smiled and said: "Brother Murong, you can directly refine the blood remaining in the corpse of this ancient flame dragon now. I will protect the law for you. No People will disturb you, my current cultivation level is almost the same as yours."

Hearing what Ye Feng said, Murong Changming's eyes immediately showed deep admiration, and he couldn't help but said: "Brother Ye Feng, your cultivation strength is improving so fast. The moment you teleported out of the central square of our Murong Family, I almost wondered if I had sensed the wrong aura of cultivation on your body. You simply surprised all of us."

At this time, Murong Changming couldn't help but patted Ye Feng's shoulder, and said with a sigh: "I knew back then that you would become an extremely powerful being in our Blood Demon Dynasty, but now I feel, It's not impossible for you to become a giant in our Blood Demon Dynasty in the future."

Hearing what Murong Changming said, Ye Feng immediately couldn't help but smile and said: "Brother Murong, no one knows what the future will be like. We'd better activate your bloodline as soon as possible."

For Ye Feng, if Murong Changming can really use the blood of this ancient flame dragon,

Completely activating the power of his bloodline will definitely be of great help to Ye Feng.

Because the stronger Murong Changming is, the stronger Ye Feng's connections are in the entire Blood Demon Dynasty.

Moreover, Murong Changming is a very special being in the Murong family.

If Murong Changming can really fully awaken the strongest bloodline talent he has awakened, the ancient flame nine-headed dragon bloodline, then it is not impossible for Murong Changming to become the controller of the entire Murong family in the future.

At this moment, Murong Changming didn't say anything more, but nodded instantly, and then directly stretched out his hand and pressed it on the corpse of the ancient flame dragon in front of him.

Wow!

At this moment, a stream of blood exuding the power of fire was immediately extracted from the corpse by Murong Changming, and then directly integrated into his own body.

In fact, if Murong Changming wanted to awaken his bloodline talent, he didn't need much blood of the Ancient Flame True Dragon.

Just a part of the blood is enough to activate his bloodline.

The power of his bloodline lacks a primer to ignite it.

At this moment, Murong Changming absorbed the blood from the corpse of the ancient flame dragon, and immediately felt that all the blood vessels in his entire body were agitated.

Boom!

At this moment, Murong Changming's body was suddenly burning with blazing red flames.

All of Murong Changming's bloodlines were undergoing rapid transformation.

It has to be said that the blood of the ancient flame dragon brought back by Ye Feng was of great help to Murong Changming, and it completely ignited his blood.

The power of his pulse put him in a very terrifying transformation.

At this time, the pure and incomparable power of the nine-headed dragon bloodline of ancient flames emanating from Murong Changming's body suddenly spread towards the surroundings, igniting the entire surrounding mansions and starting to burn. Raging fire.

Ye Feng remained unmoved at this time and just stood around Murong Changming, guarding Murong Changming quietly.

Because Ye Feng is not afraid of these flames at all.

Perhaps for others, the power of the flames generated by the ancient flame nine-headed dragon bloodline is enough to burn an extremely powerful creature to ashes in an instant.

But Ye Feng's current cultivation strength has been upgraded to the extremely powerful divine water realm.

Moreover, Ye Feng's Immortal Body of God has also grown completely.

Therefore, Ye Feng's physical strength and cultivation level are enough for him to easily resist part of the flame power generated by the ancient flame nine-headed dragon bloodline.

At this moment, that powerful and terrifying aura immediately attracted the attention of everyone in the Murong family.

Uh-huh! Uh-huh! Uh-huh!

At this moment, many powerful members of the Murong family, including some senior figures, flew quickly towards the large mansion where Murong Changming lived.

When they came here, they immediately saw an incredible scene.

boom! !

I saw Murong Changming's body burning with blazing fire, and there was also a shadow of the will of a nine-headed ancient flame dragon with a towering tens of thousands of meters, roaring and roaring above Murong Changming's head, covering the entire sky.

This visually shocking scene immediately made many strong men of the Murong family around them feel deeply horrified.

Among the crowd, there was an old man with gray hair. This person was a member of the Murong family.

The current head of the family.

He stared at the strange phenomenon that occurred on Murong Changming's body at this time, and immediately couldn't help but said in shock: "Murong Changming is the bloodline of the ancient flame nine-headed dragon, the strongest talent he has awakened. Completely activated, he will definitely become the strongest being in our entire Murong family in the future."

Originally, Murong Changming had awakened the strongest bloodline talent in the Murong family, and now Murong Changming had completely activated his bloodline talent through certain means.

In other words, Murong Changming will soon have the strongest cultivation talent in the entire Murong family.

At this moment, the eyes of many of the powerful elders of the Murong family did not show jealousy, but were filled with deep relief.

Because the Murong family has not produced any very powerful figures over the years, and they are all on the verge of decline.

Now if Murong Changming can completely activate his strongest bloodline talent, the ancient flame nine-headed dragon bloodline, then for the entire Murong family, it will be no less than God rewarding their family with a future big shot with amazing talents.

At this time, even the head of the Murong family could not help but show deep excitement in his eyes.

But at this time, everyone's eyes invariably focused on Ye Feng, who was protecting the law beside Murong Changming.

These elders of the Murong family are all very smart, and they are all old foxes.

They immediately guessed that the reason why Murong Changming was able to completely activate his bloodline must be because Ye Feng brought something back from that small world, so that Murong Changming became what he is now. .

At this time, everyone looked at Ye Feng with eyes full of deep amazement.

At this time, they finally understood why Murong Changming was so partial to a young junior like Ye Feng. It turned out that this young junior was an incredible and magical person.

Chapter 4540 Walk around

Boom!

At this time, the cultivation aura exuded by Murong Changming became more and more powerful, and the fluctuations in his bloodline became more and more fierce.

Because the blood of the ancient flame true dragon brought back by Ye Feng completely detonated the blood of the nine-headed ancient flame dragon contained in the deepest part of Murong Changming's body.

At this time, you can even see that Murong Changming's white hair has slowly turned into black, and his old face has become younger, turning into a young man in his prime.

Seeing this scene, many of the powerful elders of the Murong family around them had deep astonishment in their eyes.

This ancient flame nine-headed dragon bloodline is indeed the strongest bloodline in the history of their Murong family.

Once it is fully activated, the benefits it will bring to the bloodline owner are simply unimaginable.

Among the crowd, many young geniuses from the Murong family were also watching.

At this time, their eyes looked at Ye Feng with deep awe.

Originally, when Murong Changming brought Ye Feng, an outsider, to the Murong family to participate in the small world training, many young geniuses from the Murong family did not take Ye Feng seriously at all.

They felt that Ye Feng was just relying on Murong Changming's relationship to gain some benefits in the small world.

But what I didn't expect now is that Ye Feng's strength is so powerful, and he has brought so much help to the entire Murong family, directly transforming Murong Changming completely.

You must know that Murong Changming is a member of the Murong family after all. Ye Feng must have brought something back from the small world, so he was able to fully activate Murong Changming's bloodline.

After activating Murong Changming's strongest bloodline, Murong Changming will grow into an extremely powerful figure in the entire Blood Demon Dynasty, which will naturally be of great help to the entire Murong family's position in the imperial city.

At this time, many elders of the Murong family looked at Ye Feng's

The look in his eyes turned out to be pleasing to the eye.

Because they knew very well that if it weren't for Ye Feng, Murong Changming would never have been able to fully activate his bloodline.

At this time, Murong Changming suddenly opened his eyes, and the aura of power on his body completely subsided.

At this moment, Ye Feng couldn't help but asked: "Brother Murong, how is your bloodline activation?"

At this moment, Murong Changming had transformed from an old man into a young man in his prime.

He had black hair like a waterfall and looked very majestic and tall.

At this time, Murong Changming immediately smiled and said: "Brother Ye Feng, thanks to you, my ancient flame nine-headed dragon bloodline can be fully activated. From then on, my body has the power of endless life." With the energy of my bloodline, every move I make in the future will contain the power of the Ancient Flame Nine-Headed Dragon. I am much stronger now than before."

Hearing what Murong Changming said, Ye Feng immediately nodded and said happily: "As long as Brother Murong completely activates his bloodline, he will definitely be able to reach the top with his slow cultivation in the future."

When Murong Changming heard what Ye Feng said, he couldn't help but nodded immediately. Apparently he was quite confident in himself.

In fact, Murong Changming didn't have high hopes for the complete activation of his bloodline before.

After all, it is a difficult task to obtain the blood of the ancient flame dragon from that small world, from the burial place of the first generation ancestor.

But Ye Feng did it and successfully brought back the blood of the ancient flame dragon.

At this time, Murong Changming glanced at the many strong men from the Murong family who were staring at him, but he didn't say much.

What, just preparing to take Ye Feng away from the Murong family and go to the imperial city of the Blood Demon Dynasty.

"Wait a moment."

But at this time, the head of the Murong family, an old man with gray hair, came over immediately.

The head of the Murong family looked at Murong Changming with a hint of complexity in his eyes.

But at this time, his eyes were full of pleading, and he said aloud: "Murong Changming, although there have been some conflicts and grievances between you and your family in the past, you are still a member of our Murong family, and our family has been in these recent times. I will also give you a huge compensation, Murong Changming, and I hope you can return to the family, fully utilize the abilities of our Murong family's strongest bloodline that you have awakened, and lead our family to glory again."

Hearing what the head of the Murong family said, Murong Changming hesitated for a moment, then shook his head and said loudly: "I don't have time now, the scavenger department, there are still important things to do."

After saying that, Murong Changming took Ye Feng and left here directly.

Seeing the retreating figures of Murong Changming and Ye Feng, the head of the Murong family, including some other elders of the Murong family around them, showed a trace of disappointment in their eyes.

But at this time, an older person suddenly spoke up and said: "Although Murong Changming is still somewhat repulsive towards our family, I can feel that he still has some sense of belonging to our family. As long as he continues to walk around with him in the future, By moving around, Murong Changming should be able to inherit our entire Murong family in the future."

When the head of the Murong family heard what this elder said, he immediately nodded.

At this time, the head of the Murong family seemed to have thought of something, and he couldn't help but said: "By the way, Ye Feng, the junior figure who came and went with Murong Changming, you can pay close attention to him. He Relationship with Murong Changming

Very extraordinary, almost like a brother. Maybe we can pay more attention to Ye Feng and let him speak good words to our family and let Murong Changming return to our family. As long as Murong Changming is willing to return to the family, I, The position of the head of the family can be given to him at any time. "

At this moment, the head of the Murong family was talking, and a group of other elders of the Murong family around him nodded.

An older person seemed to have thought of something, and immediately couldn't help but look at a young and beautiful woman in the crowd, and then said aloud: "I remember that girl Murong Xixi seemed to have a very good relationship with Ye Feng. Back then, Ye Feng When he entered the Blood Demon Dynasty, it seems that Murong Xixi was the guide who guided him to participate in the Great War of Ten Thousand Dynasties. We entered the Blood Demon Dynasty. With this relationship, we can make Murong Xixi and Ye Feng duo more Walk around, this Ye Feng is also a very powerful person. If he can marry into our Murong family, it will be of great help to our entire family. "

At this moment, hearing this senior figure say this, Murong Xixi, the top genius of the Murong family, this beautiful female genius, suddenly showed a trace of shyness in her eyes.

She never seemed to have thought that these upper-class figures in the Murong family would actually want her to get close to Ye Feng, and seemed to want to drag Ye Feng into the Murong family.

For Murong Xixi, this was something that she was looking forward to but a little nervous about.

At this time, when a group of senior figures in the Murong family were planning.

Ye Feng and Murong Changming had left the Murong family and returned to the imperial city of the Blood Demon Dynasty, flying quickly towards the palace.

At this moment, Murong Changming looked at Ye Feng beside him, smiled and asked: "Brother Ye Feng, are you following me to the scavenger department to have a good chat about your experiences this month? Or are you going to go back to the Royal Training Academy in the palace?"
