Chapter 4541 An acquaintance

Hearing Murong Changming's question, Ye Feng was silent for a moment, and then said aloud: "I'd better go back to the Royal Martial Arts Academy first, because this time I tried in the Murong family's small world and got a lot of good things. , I can't use these good things myself, but in the Royal Cultivation Academy, I can exchange these things for the cultivation resources I need."

When Murong Changming heard what Ye Feng said, he immediately nodded and said: "Okay, if you have time next time, you can go to the scavenger department at any time. Then we two brothers will have a good chat. I But I am very curious about what you have experienced during this period of trial in our Murong family's small world. What exactly have you gone through to make you transform so much all at once? Of course, if you don't want to tell me, Brother Ye Feng, If so, then I won't ask any more questions. After all, everyone has different secrets, and I will respect your secrets."

Hearing Murong Changming's words, Ye Feng just grinned and said loudly: "There is nothing that can't be said. I will definitely have a good talk with you, Brother Murong, when we meet next time."

Murong Changming immediately nodded and prepared to leave.

But at this time, Ye Feng thought about something and couldn't help but said: "Brother Murong, do you really not plan to return to the Murong family and continue to stay in the scavenger department? After all, with your current status and identity , and you have fully activated the strongest blood talent of the Murong family, after you return to the Murong family, you can directly become the head of the Murong family and control the entire Murong family, such a huge top family. "

After hearing what Ye Feng said, the smile on Murong Changming's face suddenly became unnatural.

But then, Murong Changming's expression showed a trace of bitterness and helplessness, and he said loudly: "After all, I had a lot of grievances with the upper management of the family back then. This is something that is very close to my heart, as well as to the entire family." The thorn, even if many years have passed afterwards, it will be difficult to completely resolve this thorn, so I am not sure yet whether I will return to the family or not. I will wait until later, because I am now

There is no need to return to the family now. My strongest bloodline has been fully activated. If the family has something to do, I will do my best to help. As for returning directly to the family and becoming the head of the family, I am actually not very interested. , some people are keen on pursuing this feeling of control, but I don't care, I am not interested in this, power to me is as unattractive as a piece of waste paper. "

Hearing Murong Changming's words, Ye Feng immediately nodded. He knew that Murong Changming had no interest in this kind of power.

At this moment, Ye Feng just said something and asked Murong Changming to do something without saying anything.

Ye Feng glanced at Murong Changming at this time, smiled and said: "Okay, I hope that Brother Murong can make good use of his strong bloodline to make great progress in his cultivation strength. By then, the two of us will Each of them can become an extremely powerful being in the Blood Demon Dynasty."

The reason why Ye Feng practices in the Blood Demon Dynasty is actually because he wants to control the entire Blood Demon Dynasty, which will provide huge help to improve his cultivation strength, so that he can escape from the low cultivation latitude where he is now and enter a higher level. The higher cultivation latitude is the outer world connected to the end of the world of the origin world.

After all, his parents may have strayed into that extraterrestrial world now and don't know whether they will live or die.

At this moment, after hearing what Ye Feng said, Murong Changming immediately smiled.

He knew that Ye Feng still had some ambitions in the Blood Demon Dynasty.

But Murong Changming didn't say much about this. After all, everyone has different goals and dreams.

So at this time, Murong

Chang Ming just patted Ye Feng on the shoulder, smiled and said, "Come on, whatever happens to you, brother Ye Feng, I will support you without hesitation."

Uh-huh!

At this time, after Murong Changming finished speaking, he flew quickly towards a certain direction in the palace, obviously wanting to return to the scavenger department as soon as possible. After all, Murong Changming is the head of a department, and among the scavenger department There are still many things that he needs to deal with.

At this time, Ye Feng looked at Murong Changming's retreating figure and flew quickly towards the Royal Training Academy of the Blood Demon Dynasty where he was previously.

The Royal Training Academy of the Blood Demon Dynasty can be said to be the core place of the entire Blood Demon Dynasty.

When Ye Feng came here, he still sensed a very powerful aura, floating throughout the Royal Training Academy of the Blood Demon Dynasty.

But this feeling is completely different from when Ye Feng came here for the first time.

When Ye Feng came to the Royal Training Academy for the first time, he felt a sense of fear and panic. .???.??

But this time, although Ye Feng sensed a lot of powerful cultivation auras, he was no longer afraid.

Therefore, Ye Feng was naturally more relaxed at this time.

At this time, Ye Feng entered the Royal Training Academy and went directly to the black market of the Royal Training Academy without any hesitation.

The black market of the Royal Academy of Cultivation was established by a mysterious being whose background should be very deep in the Blood Demon Dynasty, so it was possible to establish a black market for free transactions.

In the black market of the Royal Academy of Cultivation, no matter what good things you have or treasures of unknown origin, you can trade and sell them, and no one will trace you.

So Ye Feng has a lot of good things on his body at this time, which are sold on the black market of the Royal Academy of Cultivation.

is the best choice.

Therefore, after Ye Feng entered the Royal Training Academy, he did not return directly to his place of residence, but flew directly towards the black market.

Because Ye Feng wants to exchange all the things he can't use, such as various armors, weapons and treasures collected from the small world, into the training resources he needs as soon as possible.

"This is....."

But when Ye Feng came to the black market, he saw an acquaintance, which made Ye Feng's eyes very surprised.

That turned out to be Nie Qianqian, one of the top ten core disciples of the Demonic Sect whom Ye Feng knew before.

At that time, after Ye Feng came to the Blood Demon Dynasty, the most important thing was to participate in the border areas and track the hunting missions of various powerful demon cultivators supported by the Demonic Sect.

At that time, Ye Feng happened to meet Nie Qianqian, a core disciple of the Demonic Sect, one of the three top forces in the northern region of the Ten Thousand Demons Interface.

Ye Feng never expected that Nie Qianqian, as a core disciple of the Demonic Sect, would suddenly appear in the Royal Training Academy, the core of the Bloody Demon Dynasty, the mortal enemy of the Demonic Sect.

However, although the two major forces are mortal enemies, Ye Feng and Nie Qianqian are good friends who know each other personally.

At this time, Ye Feng did not hesitate and flew forward directly, arriving in front of Nie Qianqian. He couldn't help but asked in a low voice: "Miss Qianqian, why did you appear here at the core of our Blood Demon Dynasty? ? Aren't you afraid of being discovered and killed by the super strong men in our Blood Demon Dynasty?"

Ye Feng is still very concerned about Nie Qianqian, one of the ten core disciples of the Demonic Sect, a proud woman in the Demonic Way.

After all, the two of them had worked together and supported each other back then, and they were considered very good friends, so Ye Feng naturally wanted to ask about the situation at this time.

Chapter 4542 Want to see you

At this moment, Ye Feng walked directly in front of Nie Qianqian.

For Ye Feng, although this Nie Qianqian is the core disciple of the Demonic Sect, Ye Feng has known this Nie Qianqian before, so the two can be regarded as friends.

At this time, Ye Feng said directly: "Nie Qianqian, why are you here?"

Hearing Ye Feng's voice, Nie Qianqian immediately turned around slightly, with a hint of surprise in her beautiful eyes, as if she didn't expect to meet Ye Feng, a former acquaintance here.

And what surprised Nie Qianqian was that she felt the aura emanating from Ye Feng's body, which was so unfathomable that Nie Qianqian, one of the ten core disciples of the Demonic Sect, could not feel Ye Feng's true cultivation. What powerful level is the breath at?

This made Nie Qianqian's eyes suddenly reveal a look of deep horror.

She immediately understood that the Ye Feng of today was no longer the Ye Feng of the past.

Ye Feng has become an extremely powerful being.

At this moment, Nie Qianqian couldn't help but said in surprise: "Ye Feng, I didn't expect that your cultivation strength is now so strong. It's really shocking."

Hearing what Nie Qianqian said at this time, Ye Feng just smiled slightly and said: "Since returning from the border, I have indeed received a lot of opportunities, which has allowed my cultivation strength to increase so much. However, I'm curious why you are here?"

When he said this, Ye Feng looked around cautiously, and then said aloud: "Nie Qianqian, you have to know that this is the Royal Training Academy at the core of our Blood Demon Dynasty. How did you come to our Royal Training School? Are you lurking in the black market of the academy? This is a very dangerous matter. Once your identity is revealed, you will probably be killed on the spot by countless powerful people from the Blood Demon Dynasty."

When Nie Qianqian heard what Ye Feng said, she immediately smiled, with a slight smile on her beautiful face, and said:

"I was invited here fair and square, but my true identity has not been exposed. My current identity is that of a distinguished guest invited by the seventh prince of your Blood Demon Dynasty."

"A distinguished guest invited by the Seventh Prince?"

Hearing what Nie Qianqian said, Ye Feng's eyes suddenly froze.

Ye Feng never thought that such a core disciple of the Demonic Sect would be invited by a prince of the Blood Demon Dynasty as a distinguished guest?

Could it be that he was helping the seventh prince achieve some ulterior purpose?

After all, Ye Feng also knew that in a huge dynasty like the Blood Demon Dynasty, many princes were secretly fighting each other to win the final right to inherit the throne.

At this time, Ye Feng figured it out in his mind. It is estimated that the seventh prince took such a big risk and invited a young master like Nie Qianqian from the Demonic Sect, the mortal enemy of the Blood Demon Dynasty, in order to complete some very secret things.

In this regard, Ye Feng didn't know what to ask.

After all, this is Nie Qianqian's secret.

Ye Feng felt that if there was some chatting between friends, just click on it.

At this moment, Ye Feng didn't say much, he just smiled and changed the subject: "Then you should be careful, as long as your true identity is not discovered by the top experts in the Blood Demon Dynasty."

Nie Qianqian immediately smiled and said: "Ye Feng, don't worry, His Highness the Seventh Prince has given me a new identity, allowing me to travel freely in the Blood Demon Dynasty's imperial city, including the palace, As long as I don't go close to some heavily guarded places in the Blood Demon Dynasty, there won't be any problem."

Hearing what Nie Qianqian said, Ye Feng nodded, and then asked aloud: "You came to the black market today to sell something in the black market.

West? "

Nie Qianqian shook her head and said loudly: "The Seventh Prince asked me to go to the black market to negotiate a matter with a mysterious person. I am about to go there now."

Hearing what Nie Qianqian said, Ye Feng nodded and said, "Then you go and do your work first. I want to go to the black market trading place to sell some of my treasures."

Nie Qianqian nodded, then smiled and said: "I will be in the palace of your Blood Demon Dynasty for a while. If I have time, I will talk to you alone."

Uh-huh!

After saying that, Nie Qianqian's beautiful figure had disappeared into the distance.

Ye Feng looked at Nie Qianqian's disappearing back, shook his head slightly, and then walked into the deep area of the black market.

Ye Feng knew that he had inadvertently come into contact with the open and secret fights at the level of a prince like the Seventh Prince, which was not a good thing for Ye Feng.

Because Ye Feng just wanted to practice peacefully in the Blood Demon Dynasty and improve his strength, and did not want to get involved in the battles between the princes in the dynasty.

That's why Ye Feng didn't ask Nie Qianqian more about these things just now.

At this moment, after Ye Feng saw Nie Qianqian leaving, he quickly walked towards the black market trading place.

Soon, Ye Feng came to the specialized trading place of the black market.

At this time, Ye Feng took out a set of black robes from his storage ring and put them on himself.

The black hood covered Ye Feng's entire face.

In this case, no one would know Ye Feng's identity.

After all, Ye Feng had caused quite a stir in the Royal Training Academy before, and many people knew Ye Feng.

Ye Feng now wants to sell a lot of good things on his body, including the treasures of some enemies he has killed before, so it is better to keep a low profile and not be known to others.

If you reveal your identity, you may attract the attention of some powerful people in the royal family of the Blood Demon Dynasty.

At this moment, Ye Feng came to the trading place and took the various treasures he had obtained from killing the enemies before, including magic weapons and some inherited secrets, including the ancient relics that Ye Feng had obtained from the small world. Everything was taken out.

These things no longer have much use value for Ye Feng, but they can be sold and exchanged for the cultivation resources he needs, such as some high-end elixirs, or very precious spiritual materials, etc., Ye Swallowed by the wind, you can improve your skills.

Ye Feng was very fast. In less than a moment, he had exchanged all the things he didn't need, and exchanged them for the cultivation resources he needed.

In the end, Ye Feng got dozens of energy crystals, more than a dozen fist-sized golden elixirs, and many genius treasures. These were obtained by exchanging his magic weapons with others for equivalent training. resource.

After Ye Feng obtained these training resources, he devoured them on the spot without any hesitation.

Ye Feng immediately gained a lot of energy cultivation and broke through directly from the previous first level of Divine Water Realm to the third level of Divine Water Realm.

This made Ye Feng's eyes suddenly show a look of joy.

It seems that my choice is correct. I came to the black market of the Royal Academy of Training and exchanged it for the training resources I need. It can indeed increase my skill and cultivation level a lot again.

After breaking through the cultivation level, Ye Feng was very satisfied and prepared to leave the black market of the Royal Academy of Cultivation directly.

But just when Ye Feng left, Nie Qianqian's figure suddenly appeared in front of Ye Feng again.

Nie Qianqian looked at Ye Feng at this time and couldn't help but said: "Ye Feng, His Highness the Seventh Prince wants to see you. I wonder if you have time to meet him with me?"

Chapter 4543 Super Top Genius

"His Royal Highness the Seventh Prince wants to see me?"

At this time, when Ye Feng heard what Nie Qianqian said, a look of surprise appeared on his face.

It seems that he did not expect that the seventh prince of the Blood Demon Dynasty would invite him personally without even seeing him?

But Ye Feng also knew that it was probably Nie Qianqian who told the Seventh Prince about her affairs.

Although Ye Feng did not make a name for himself in the entire Blood Demon Dynasty's imperial city, he only caused a lot of commotion in the Royal Training Academy at that time, but it should not be enough to attract such a noble royal disciple as the Seventh Prince. , to invite yourself to meet in person.

For others, this is a great honor.

But Ye Feng is actually not very interested.

But since Nie Qianqian said so, Ye Feng felt that it would not be a bad thing to go and meet the seventh prince.

After all, Ye Feng felt that maybe he could control the entire Blood Demon Dynasty in the future and break through from the Seventh Prince.

At this moment, Ye Feng had his own little thoughts in his heart. Then he looked at Nie Qianqian in front of him, smiled and said, "Okay, then I will follow you to meet the Seventh Prince."

Hearing what Ye Feng said, Nie Qianqian's beautiful eyes suddenly showed a hint of joy.

Because she originally thought that Ye Feng might not go with her, she just said it casually, but Ye Feng actually agreed directly, which naturally made Nie Qianqian very happy.

Because Nie Qianqian knew very well that Ye Feng was not an ordinary young genius, but an extremely terrifying super genius with extremely powerful strength.

Therefore, Nie Qianqian knew very well that if she could win Ye Feng under the command of His Highness the Seventh Prince, it would naturally be of great benefit to her status with the Seventh Prince.

After all, Nie Qianqian, as one of the top ten core disciples of the Demonic Sect, actually has many competitors in the Demonic Sect.

If she can get a lot of benefits from the Seventh Prince, it will also be of great help to her own status in the Demonic Sect.

That's why Nie Qianqian was recruited by the Seventh Prince

In the past, he did not represent the entire Demonic Sect, but only represented Nie Qianqian personally.

It can be said that the Seventh Prince and Nie Qianqian just cooperated with each other to get what they both wanted.

The Seventh Prince wanted to get help from the combat power of Nie Qianqian, the top young prodigy of the Demonic Sect, and Nie Qianqian needed to get a lot of training resources from the Seventh Prince to improve her cultivation strength, so that she could be a leader in the Demonic Sect. The status among them has been improved.

At this time, Nie Qianqian nodded immediately and took Ye Feng to quickly walk in a certain direction of the black market.

Ye Feng was a little surprised and couldn't help but ask: "Is the Seventh Prince in the black market now?"

Nie Qianqian nodded, smiled and said loudly: "This time, the Seventh Prince and I are here to negotiate with a mysterious figure in the black market. Naturally, the Seventh Prince is here."

Hearing this, Ye Feng couldn't help but asked curiously: "Who is the mysterious figure you are negotiating with in the black market? Is he an important figure in this black market?"

Nie Qianqian nodded, smiled and said: "Perhaps I wanted to hide it from you before, but now that you are willing to follow me to meet the Seventh Prince, maybe you can also serve under the Seventh Prince in the future, so I will just tell you. Tell me, the mysterious figure that the Seventh Prince and I are negotiating with in this black market this time is the daughter of the person in charge of this black market. Her name is Tang Youyou. She is a resolute and resolute woman, but her appearance is very beautiful. Ye Feng, are you there? Being able to keep in touch with Tang Youyou, the daughter of the black market leader, will be of great benefit to your future training in the entire imperial city of the Blood Demon Dynasty. After all, it is said that the black market leader

is a very mysterious big shot. His daughter is here to temporarily manage various transactions and businesses in the entire black market, so if you can have a good relationship with Tang Youyou, it will naturally be of great help. "

Hearing what Nie Qianqian said, Ye Feng's eyes revealed a hint of surprise. He seemed to have never thought that such a thing would happen.

The current real manager of a large black market is actually a young woman.

It seems that as the daughter of a black market leader, Tang Youyou must have outstanding abilities.

While Ye Feng was thinking in his heart, Nie Qianqian took Ye Feng to a certain house in the black market.

In this house, Ye Feng saw a young man wearing a python robe.

This young man looks very tall, giving off the noble aura of a superior.

This person should be the seventh prince of the Blood Demon Dynasty.

At this time, Nie Qianqian led Ye Feng into the house. She looked at the young man wearing a python robe in front of her and immediately said with a smile: "Your Highness, the Seventh Prince, I have brought Mr. Ye Feng to you."

The moment Nie Qianqian finished speaking, before Ye Feng could say anything, the Seventh Prince suddenly turned around and came in front of Ye Feng. He was very polite and said: "I have been in the Royal Cultivation Academy for a long time. Listen to Having seen Brother Ye's legendary deeds, I didn't expect to see him in person today. When I saw Brother Ye today, his temperament was indeed extraordinary, and his cultivation was so powerful that I couldn't even feel the depth. He was truly one of the pillars of my Blood Demon Dynasty. Talent."

Ye Feng was stunned when he heard what the Seventh Prince said, as if he didn't expect that such a precious prince would be so polite to him.

It seems that the commotion he caused in the Royal Training Academy was noticed by some people and attracted a lot of attention.

However, Ye Feng also knew that the royal members of the Blood Demon Dynasty would be horrified by the fact that he had defeated the so-called top geniuses in the Royal Training Academy.

After all, the Royal Training Academy represents the gathering place for the core young geniuses of the entire school dynasty.

The top geniuses in the Royal Training Academy represent the most powerful existences of the Blood Demon Dynasty in the future.

But he was still beaten by Ye Feng.

Naturally, it made everyone take Ye Feng's potential seriously.

only

After Ye Feng caused some commotion in the Royal Cultivation Academy, he left the Royal Cultivation Academy directly, went to the Murong family, and entered the small world trial, so many people wanted to contact Ye Feng proactively, but they could not find Ye Feng. this person.

At this time, the seventh prince, with the help of Nie Qianqian, directly met Ye Feng himself. Naturally, he was very polite to Ye Feng and did not dare to show any slight.

Although the seventh prince knew that he was a member of the royal family, he also knew very well that a top genius among top talents like Ye Feng was a super top genius and would not take the so-called royal status into consideration at all.

In the eyes of such a top genius, only by being very polite and respectful will he feel valued.

So at this time, the Seventh Prince was naturally very polite to Ye Feng, for fear of neglecting Ye Feng and making Ye Feng, a top genius, dissatisfied.

At this time, Ye Feng saw the seventh prince looking so polite, and he felt a little fond of him.

After all, a noble prince treated him so politely, as if he were a brother, so naturally Ye Feng would not look down upon him.

Ye Feng immediately smiled and said aloud: "Does the Seventh Prince have anything specific to do with me? I heard from Nie Qianqian that the Seventh Prince came to the black market this time to negotiate with Tang Youyou, the daughter of the black market leader. Is it related to this matter? "

Ye Feng actually knew very well at this time that the reason why the seventh prince met him must be because he needed his help and seemed to want to cooperate with him.

After all, Ye Feng is quite familiar with the overt and secret struggles between the royal family's children.

Every royal child wants to attract the top talents from the major forces to work for him.

It is estimated that this seventh prince also has this intention for him.

However, Ye Feng does not help others or work for others for no reason. He must always give himself enough benefits.

So at this time, Ye Feng's question was naturally reminding the seventh prince that he can cooperate with you, but what benefits can you bring to me.

Chapter 4544 Advance Development

Hearing Ye Feng say this at this moment, the seventh prince's eyes suddenly lit up.

He knew that since Ye Feng took the initiative to ask himself what specific things happened in this black market, it meant that Ye Feng might already be looking forward to cooperating with him.

At this moment, the Seventh Prince naturally did not hesitate and said directly: "If Brother Ye is willing to help me, then my negotiation with the black market will be more confident this time."

When Ye Feng heard what the Seventh Prince said, his eyes revealed a look of surprise, and he couldn't help but ask: "Seventh Prince, what exactly are you going to negotiate with Tang Youyou, the daughter of the person in charge of the black market?" What? You, the prince of the Blood Demon Dynasty, pay so much attention to you. It seems that the identity of the person who controls this black market is very unusual, and the royal family is so serious. "

Hearing what Ye Feng said, the Seventh Prince immediately couldn't help but smiled bitterly, shook his head, and said loudly: "The person in charge behind the black market is a very mysterious big man. Even His Majesty the Emperor, who we need from the dynasty, is very solemnly, it is said that the person in charge of the black market, Tang Youyou's father, is one of the top superpowers in the northern region of our Ten Thousand Demons Interface, and has a very close relationship with some of the ancestors of the royal family of our Blood Demon Dynasty. It is so close that we can establish such a free trading black market at the core of our Royal Training Academy. Otherwise, our royal family will never allow a black market like this to stand in the Royal Training Academy. "

Hearing what the Seventh Prince said, Ye Feng suddenly showed deep surprise in his eyes. ??

I didn't expect that the person in charge of this black market would be so powerful, with such a mysterious and powerful identity.

At this time, Ye Feng finally understood why even royal children like the Seventh Prince paid so much attention to the black market.

At this moment, Ye Feng immediately nodded and said: "Seventh Prince, you should tell me what you want to negotiate with Tang Youyou, the daughter of the black market leader? If I can help if so, I can definitely help the Seventh Prince."

For Ye Feng, there is no problem in cooperating with the seventh prince.

But the premise is that this seventh prince can bring good benefits to himself.

So at this time, Ye Feng directly asked the seventh prince about this negotiation.

At this moment, hearing Ye Feng's initiative to ask, the Seventh Prince was naturally very happy, and quickly said: "This time I brought Nie Qianqian here mainly to discuss the black market with Tang Youyou, the daughter of the black market leader. In the southwest of our northern region, we discovered the development of an ancient ruin. The black market was the first to discover this ancient ruin. Many strong men have been sent to guard the ancient ruin. However, if you want to develop everything in the entire ancient ruin, you need to have huge manpower, no one knows the news now, so I came here in advance just to discuss cooperation with Tang Youyou about entering this ancient ruins in advance. I can provide many strong people, including myself, who will also go there in person, and discuss with the black market. The current manager, Tang Youyou, entered the ancient ruins in advance to find the most precious things in the ancient ruins. "

Hearing what the Seventh Prince said, Ye Feng's eyes suddenly showed a look of surprise.

It turned out that the reason why the seventh prince came to the black market so solemnly and came to discuss matters with Tang Youyou in person was to discuss the development of an ancient ruins.

I have to say that this kind of thing is really worthy of a prince personally going there, because on the land of the North Territory in the interface of ten thousand demons, any ancient relics have appeared.

The traces must be very precious, left behind by the powerful cultivation civilization that passed its old age.

Maybe they don't have the ability to explore the entire ancient ruins, but whoever can enter the ancient ruins in advance means who can get the most precious things in the ancient ruins.

Therefore, the seventh prince naturally wanted to take the initiative, enter this ancient ruins one step ahead of others, and first obtain the most precious things in this ancient ruins.

Ye Feng was also very interested in this matter at this moment, and immediately said: "I can help the seventh prince negotiate with you, as long as the seventh prince agrees to take me into the ancient ruins and explore the ancient ruins in advance. Just the good stuff from the ancient ruins will do."

Hearing what Ye Feng said, the seventh prince's eyes suddenly lit up and he said quickly: "Of course, if Brother Ye can help me, I will give Brother Ye a special place to live in the palace. If anything happens then, I can discuss it with you, Brother Ye."

Ye Feng nodded, smiled and said, "Okay, no problem."

At this time, the Seventh Prince was very happy to get help from a top genius like Ye Feng.

Uh-huh!

At this time, the seventh prince immediately stood up, looked at Nie Qianqian on the other side, and said loudly: "Then let's go directly to Tang Youyou. With Brother Ye by my side, I feel more confident."

Hearing what the Seventh Prince said, Nie Qianqian smiled slightly and said, "Congratulations to Your Highness, the Seventh Prince, for getting the help of a super-top genius like Mr. Ye Feng. He will achieve great things in the future."

Hearing what Nie Qianqian said, the Seventh Prince immediately laughed out loud, obviously very happy.

Ye Feng also smiled slightly at this time and didn't say much.

He knew very well that the reason why the Seventh Prince recruited young geniuses from various major forces was to compete for the throne of the future Blood Demon Dynasty. This did not conflict with Ye Feng's purpose.

Ye Feng might really be able to rely on this seventh prince to get help from the entire Blood Demon Dynasty, and thus secretly control the entire Blood Demon Dynasty.

After all, what the Seventh Prince wants is the throne of the entire Blood Demon Dynasty, and Ye Feng can become the top powerhouse in the Blood Demon Dynasty in the future, thus linking up with the Seventh Prince and controlling the entire Blood Demon Dynasty.

Then the Blood Demon Dynasty, a huge force in the northern region of the Ten Thousand Demons Interface, is used for its own benefit.

This is a good choice.

You don't have to go through so much trouble to get promoted.

At this time, Ye Feng didn't hesitate at all. He followed Nie Qianqian and the Seventh Prince and walked quickly towards the deepest part of the black market.

Along the way, they passed through most of the downtown area and finally came to a heavily guarded place.

All the strong men here are wearing special armor, and their cultivation aura is very strong. It is obviously the core area of the black market, and the security is very tight.

At this time, Nie Qianqian came to Ye Feng's side and whispered: "Ye Feng, this is where Tang Youyou, the daughter of the black market leader, lives. I hope this negotiation can be successful, but we may encounter other ideas. The person who wants to cooperate exclusively with Tang Youyou, but with a top genius like you Ye Feng, I think Tang Youyou will consider us more. After all, the black market is not capable of developing that ancient ruins alone. She needs to find a reliable partner to work together. Develop that ancient ruins in advance."

Chapter 4545 Stay Alone

The next three people did not encounter any obstacles. After all, with the seventh prince taking the lead, they walked directly into the core area of this black area.

The moment they entered the depths of this core area, they immediately saw a black hall, standing on the ground in front of them. It looked majestic and vast, and was filled with an unfathomable feeling.

Nie Qianqian's eyes were solemn, and she immediately said: "Tang Youyou, the daughter of the black market leader, this mysterious woman lives in the black hall in front. It is this Tang Youyou we are going to see later."

Ye Feng nodded slightly, becoming a little curious about Tang Youyou, the daughter of the black market leader.

After all, a young woman can actually control the entire black market, which is enough to show that her abilities, including her cultivation, must be unfathomable. Otherwise, the person in charge of the black market would not be able to trust his daughter to manage the entire black market.

And Ye Feng feels that this time, the reason why the black market wants to hand over the development of ancient ruins to Tang Youyou is probably to cultivate the abilities of Tang Youyou, the eldest lady of the black market.

Therefore, everyone must come to Tang Youyou to discuss this matter.

And the real superpower, the black market leader himself, is probably observing all this in secret.

Ye Feng could sense that in the deepest part of the black market, there was a very terrifying aura that even he could not detect. It should be a super powerful person in the black market, or the person in charge of the black market himself.

However, Ye Feng did not deliberately investigate, otherwise it would be bad to arouse the other party's hostility.

At this moment, Ye Feng just slowly walked around the seventh prince, walking side by side with Nie Qianqian.

Soon, the three of them arrived at the door of the black hall.

The seventh prince faced the guards at the door and immediately said with a smile: "I am the seventh prince of the Blood Demon Dynasty. I came here this time to find Tang Youyou, the eldest lady of your black market, to discuss the development of ancient times. Please inform me about the ruins."

Even

Even for a son of the royal family like the Seventh Prince, he did not dare to show his aloofness in a core area like the black market, but behaved very gently.

This shows how high the status of the black market is among the entire Blood Demon Dynasty royal family.

At this time, there were several guards standing at the door. They immediately smiled and said: "It turns out to be His Highness the Seventh Prince, so there is no need to inform. His Highness the Seventh Prince can go in directly."

When the Seventh Prince heard what these guards said, he immediately nodded with satisfaction, and then led Ye Feng and Nie Qianqian into the black hall in front of him.

At this moment, after the three people left, the guards at the door shook their heads and couldn't help but said: "Several groups of people have come today, but none of them can satisfy the eldest lady. I don't think the seventh prince can negotiate with the eldest lady about the development of ancient ruins, and I don't know what kind of existence the eldest lady wants to find and develop that precious ancient ruins with her in advance."

And just when these guards finished speaking, the Seventh Prince, Ye Feng and Ye Qianqian who walked into the main hall had already seen a beautiful woman wearing a black dress. She looked very young, but there was something about her. The cold aura was sitting on a black seat at the top of the hall.

This beautiful woman wearing a black shirt has a cool aura. She is the eldest lady of the black market. Tang Youyou, the daughter of the leader of the black market, is an extremely noble being. She currently manages the entire black market and has With his father supporting him, Tang Youyou could be said to have a noble status, even more powerful than most of the princes in the Blood Demon Dynasty who had no real power.

At this time, the Seventh Prince came in with Ye Feng and Nie Qianqian. He looked directly at Tang Youyou above the main hall, smiled slightly, and said loudly: "Miss Tang, I came here in person today to discuss with you the opening date in advance. Develop that ancient ruins

Regarding the matter, I don't know what Miss Tang requires of us. As long as I can do it, I can satisfy you, as long as you agree to work with me to develop the ancient ruins in advance. "

Hearing the Seventh Prince's straight-to-the-point words, Tang Youyou seemed to have a look of surprise in his eyes, then smiled slightly and said aloud: "His Royal Highness the Seventh Prince wants to develop the ancient ruins in advance, but it requires talents with a lot of abilities to enter. I checked in advance, but I heard that the Seventh Prince doesn't seem to have any special talents."

When talking about this, Tang Youyou glanced at Nie Qianqian next to the Seventh Prince, then a hint of smile appeared in his cold eyes, and said loudly: "However, His Highness the Seventh Prince has some tricks, and he can actually Nie Qianqian, one of the top ten core disciples of Mosha Cult, was invited."

Hearing what Tang Youyou said, Nie Qianqian's face was a little unnatural. After all, her identity was recognized at a glance. This also shows how powerful Tang Youyou is as the eldest lady of the black market, and how many methods she can control. All information.

At this time, the seventh prince saw that Tang Youyou gave him a warning from the beginning and directly revealed the identity of Nie Qianqian next to him. There was nothing unnatural about it, but he was still very calm and said: "I want to To develop ancient ruins in advance, the most important thing is to have strong masters. Not only do I have a lot of young geniuses gathered around me, but behind me there are also elders and strong men from the royal family, and I just talked to the top of

our Blood Demon Dynasty. The super-top genius, Brother Ye Feng, has agreed to cooperate. Next, Brother Ye Feng will cooperate with me and help me. "

"Ye Feng?"

Hearing what the Seventh Prince said at this moment, Tang Youyou looked at Ye Feng on the other side of the Seventh Prince in surprise.

Tang Youyou looked at the young man in white with a trace of doubt in his eyes.

She couldn't even see through the depth of this boy in white.

And I don't know the origin of this boy in white.

.

This was the first time that Tang Youyou met such a mysterious boy.

At this moment, Tang Youyou immediately showed a look of interest in his eyes and said loudly: "Your Highness, the Seventh Prince, I am quite surprised and surprised by the Young Master Ye Feng you brought. As for whether to cooperate with you and develop ancient ruins in advance, I will reply to you tomorrow, but this Mr. Ye Feng will stay tonight, because I am very interested in people I don't know at all, and this Mr. Ye Feng The feeling about Young Master to me is full of mystery and fog. I am very interested in Young Master Ye Feng, and I want to have a good chat with him. "

When she heard what Tang Youyou said, Nie Qianqian's face looked a little ugly, as if she didn't expect that Tang Youyou would leave Ye Feng alone.

The seventh prince also had a look of surprise in his eyes. He didn't expect that Tang Youyou, a young lady from the black market, would be so curious about Ye Feng, who had just joined his lineup, and even leave Ye Feng alone.

However, at this time, the seventh prince did not directly agree to Tang Youyou, because the seventh prince knew very well that he and Ye Feng were only in a cooperative relationship, and there was no way for him to make a top genius like Ye Feng his subordinate.

So at this time, the Seventh Prince immediately spoke out: "Miss Tang, if you want Brother Ye to stay, I can't make the decision. I need to ask for Brother Ye's own consent."

It has to be said that the seventh prince positioned himself very correctly and did not directly agree for Ye Feng, otherwise Ye Feng might be disgusted with his arbitrary behavior.

At this moment, Ye Feng smiled slightly and said, "If Miss Tang is interested in me, then I can stay alone."

When he said this, Ye Feng looked at the Seventh Prince and Nie Qianqian and said loudly: "Seventh Prince, Nie Qianqian, please leave here first and come back early tomorrow morning. Tonight, I will do my best to help the Seventh Prince." The prince gets this opportunity to cooperate with Miss Tang."

Chapter 4546 Black market leader

Hearing what Ye Feng said at this time, the Seventh Prince smiled slightly, then couldn't help but patted Ye Feng's shoulder and said, "Then it's up to you, Brother Ye."

After saying that, the Seventh Prince left here directly with Nie Qianqian.

At this moment, only Ye Feng and Tang Youyou, the eldest lady of the black market, were left in the entire hall.

At this moment, Ye Feng stared at the black market lady Tang Youyou, with a trace of doubt in his eyes, and asked aloud: "Miss Tang doesn't know whether to leave me alone. Is there anything special that needs to be discussed?" ?"

Hearing what Ye Feng said, Tang Youyou immediately showed a cold expression on his face, showing a deep and inexplicable smile, and said loudly: "I am very curious about Mr. Ye Feng, and I just want to keep Mr. Ye Feng. Can't we just talk about romance here?"

Hearing what Tang Youyou said, Ye Feng's eyes were slightly stunned, and then he couldn't help but shook his head dumbly, and said: "Of course, since I choose to stay, then whatever Miss Tang wants to do, she can do it." of."

Hearing what Ye Feng said, Tang Youyou showed an inexplicable look in his cold eyes, and then said with a smile: "Master Ye Feng's entry into the Blood Demon Dynasty seems to have been very short, but in such a short time Within, he was able to grow to the current powerful level, and he was able to be so valued by the princes of the Blood Demon Dynasty. This shows the charm of Young Master Ye Feng, so I am very curious about Young Master Ye Feng. I don't know what Young Master Ye Feng is like. "

When Ye Feng heard this, he just smiled slightly and said: "My past is not worth mentioning. I just climbed up slowly from a small place. I am not the descendant of some super big shot."

When Ye Feng said this, he naturally felt that Tang Youyou might think that he was the descendant of a super big man, or a child of a super big family. Otherwise, he would not have such a powerful talent.

But what Ye Feng said at this time is absolutely true. Ye Feng did slowly climb up from a small place, and there was no so-called super scary background.

\u003c

br\u003e But when he heard Ye Feng say this, the daughter of the black market leader, Tang Youyou immediately showed a look of surprise in his eyes.

She left Ye Feng alone. Naturally, she wanted to test Ye Feng's reality and find out what kind of existence stood behind Ye Feng.

But now that he heard what Ye Feng said, Tang Youyou's eyes showed a look of astonishment, as if he didn't expect that Ye Feng actually climbed up from a small place.

But thinking of Ye Feng's unfathomable cultivation aura and the mysterious and infinite feeling it gave him, Tang Youyou immediately smiled slightly and said aloud: "Since Mr. Ye Feng is unwilling to tell the truth to me, then forget it. , the most important thing for both parties to cooperate is mutual trust, otherwise how can I safely cooperate with you and develop that ancient ruins together."

Hearing what Tang Youyou said, Ye Feng just spread his hands helplessly, and then said loudly: "I really climbed up slowly from a small place, and there is no so-called backstage. Since Miss Tang doesn't believe it, , then there is no other way, I really told Miss Tang everything, if you don't believe me, then I can only leave here directly. "

After saying that, Ye Feng turned around and prepared to leave the core of the black market.

After all, I probably let this Tang Youyou down.

I am not the descendant of any so-called big shot.

When Ye Feng said this, Tang Youyou immediately smiled and said, "Master Ye Feng, wait a moment."

After finishing speaking, Tang Youyou's cold figure walked directly in front of Ye Feng.

She stared at Ye Feng carefully, and then said with a smile: "No matter whether Mr. Ye Feng is the descendant of some big shot, or from some super family, or really just like Ye Feng,

Mr. Feng, as you said yourself, you climbed up from a small place. Your current ability is enough for me to value you very much. And the reason why I keep you here is because my father just secretly conveyed Give me the message and let me keep you. He wants to see you in person. "

"Um?"

Hearing Tang Youyou say this at this moment, Ye Feng's eyes suddenly showed surprise. He did not expect that the person in charge of the black market, Tang Youyou's father, would take the initiative to see him.

This made Ye Feng very surprised.

After all, there seems to be no intersection between him and the black market leader, the top figure in the northern region of the Ten Thousand Demons Interface.

I don't know why the other party suddenly wants to stay with me and have a talk with me.

Ye Feng understood at this time that Tang Youyou was not really curious about him, but just wanted to test his own reality. The real purpose was to keep him and meet his father.

Ye Feng nodded slightly at this time and said loudly: "Miss Tang's father is the top figure in the northern region of our Ten Thousand Monsters Interface. If he wants to see me, then I will naturally give him face."

Tang Youyou nodded slightly, and then said aloud: "My father is deep in the hall behind. Mr. Ye Feng, just walk over by yourself. I won't follow you."

Ye Feng nodded, and then walked quickly towards the depths of the hall.

At this moment, Tang Youyou, who was standing there, looked at Ye Feng's retreating back, with a look of surprise in her beautiful and cold eyes.

She also didn't expect that just now, her father sent a message to her, asking Ye Feng to stay and see him.

Tang Youyou also couldn't figure out why his own father, a super big shot who usually never saw the beginning or end of the dragon, suddenly became so interested in a junior figure like Ye Feng.

While Tang Youyou was thinking secretly in his heart, Ye Feng

Already alone, he walked through the hall and came to the depths of the hall.

An ancient pavilion appeared here.

In the pavilion, there was a tall middle-aged man standing with his hands behind his back.

This tall, middle-aged man feels very unfathomable and boundless.

Ye Feng stepped forward, looked at the tall middle-aged man with his back turned to him, and immediately clasped his fists slightly and said loudly: "Junior Ye Feng, I have met the senior who is in charge of the black market."

Facing this extremely powerful black market leader, Ye Feng naturally behaved very politely.

At this moment, the black market leader heard Ye Feng's voice behind him and turned slightly, revealing a rather majestic face.

This black leader is very tall and majestic. Although his face is that of a middle-aged man, he is very handsome. His face is as sharp as a knife, and his eyes are deep and towering, giving people an unfathomable and boundless sense of oppression. .

At this moment, after Ye Feng was stared at by the black market leader, he felt that all the secrets in his body were about to be seen through in an instant.

But Ye Feng knew that this was just an illusion, indicating that the other party was an extremely terrifying superpower.

Ye Feng was immediately amazed in his heart at this time. This black market leader was indeed one of the top figures in the Northern Territory. Even the royal family was very afraid of him.

Sure enough, seeing it in person, it was indeed extraordinary.

At this moment, Ye Feng immediately clasped his fists slightly, and then said loudly: "I wonder if there is anything special about senior coming to see me alone? It seems that I have never met senior."

Hearing what Ye Feng said, the black market leader, this tall and majestic middle-aged man, immediately smiled, stared at Ye Feng, and then said loudly: "I asked you to come here just because you want to be with me. Meet an old friend, it seems like we haven't seen each other for tens of millions of years."

Chapter 4547 Special Token

"What?"

At this time, when Ye Feng heard the black market leader say this, his eyes suddenly showed a look of surprise.

Ye Feng understood immediately. It is estimated that the person in charge of the black market has seen the soul body of Queen Mother Xi existing in his mind.

Because the Queen Mother of the West is an ancient figure from tens of millions of years ago.

At this moment, Ye Feng's expression did not show any big fluctuations, because he knew that the cultivation strength of this black market leader was very terrifying.

If it was really detrimental to him, he would probably have taken action against him long ago.

The reason why up to now is that I definitely still feel that I am a person worthy of being taken seriously. Otherwise, it would be impossible to be so polite to myself.

Ye Feng nodded slightly at this moment and had not said anything yet, but the soul body of the Queen Mother of the West in Ye Feng's mind had completely flown out of Ye Feng's mind.

At this time, the Queen Mother of the West had a very noble temperament. She condensed her form beside Ye Feng. Then she looked at the person in charge of the black market and said immediately: "I didn't expect that after so many years, you haven't completely fallen."

The person in charge of the black market saw the Queen Mother of the West next to Ye Feng, and her eyes seemed to show a hint of complexity. Then she nodded slightly and said loudly: "I didn't expect you to be able to escape from that place. It seems that you are able to escape from that place." Thanks to the young man beside you."

Queen Mother Xi glanced at Ye Feng beside her, nodded immediately, and then said, "If it weren't for Ye Feng, I might have been sealed in that place forever."

When Ye Feng heard the conversation between the two at this moment, he immediately understood that the person in charge of the black market was probably a friend of Queen Mother Xi back then.

The two of them met tens of millions of years ago.

This made Ye Feng's eyes even more horrified.

I didn't expect that such a mysterious big figure as the leader of the black market would have such a long history, probably even older than the history of the Blood Demon Dynasty.

Ye Feng immediately understood that this black market leader was probably much more powerful than he imagined. He was an ancient figure who could travel through so many years of history.

At this moment, Ye Feng was a little confused. He didn't know why the daughter of such an ancient figure, Tang Youyou, was so young, and she didn't seem to know that his father was a very ancient figure.

Ye Feng didn't ask much about this. After all, Ye Feng wasn't very interested in this and it didn't have much to do with him.

What Ye Feng is thinking about now is to cooperate with Tang Youyou and the Seventh Prince to develop the black market in advance.

An ancient ruins.

At this moment, Ye Feng saw that Queen Mother Xi and the person in charge of the black market were old friends, and felt that he should be more confident that he could cooperate with the black market. After all, everyone knew each other.

At this time, Ye Feng immediately said: "Senior, the leader of the black market, I came here specifically to discuss the development of an ancient ruins with your daughter Tang Youyou. I hope that senior can think that I am a reliable person. I can definitely help your black market fully develop that ancient ruins."

Hearing what Ye Feng said, the black market leader just waved his hand casually, and then said with a smile: "You can just discuss this with my daughter. I don't care much about such trivial matters."

After finishing speaking, the person in charge of the black market looked at the Queen Mother of the West who was in a state of soul in front of her and said, "There are many special materials in our black market that should be able to help you reshape your body."

Hearing what the leader of the black market said at this moment, the soul body of the Queen Mother of the West just smiled slightly, shook her head and said loudly: "I don't need you to do this, because I don't want to owe other people's favors, especially your favors. And Ye Feng has promised me that he will help me reshape my body in the future, so there is no need to trouble you."

"

After saying that, Queen Mother Xi's soul body turned into a ray of light and entered Ye Feng's head.

At this moment, the person in charge of the black market looked at the Queen Mother of the West who had disappeared into Ye Feng's mind, with a deeply complicated look in her eyes, and at the same time, she also had a rather infatuated look.

When Ye Feng saw this scene, his eyes suddenly flashed.

At this moment, Ye Feng suddenly understood. It was estimated that the person in charge of the black market was a suitor of the Queen Mother of the West.

After all, you must know that the Queen Mother of the West was a queen-level figure in the Kingdom of the Queen Mother of the West.

At that time, the Queen Mother of the West was definitely a peerless woman who was popular all over the world.

Therefore, in that ancient era, the Queen Mother of the West must have attracted the admiration of countless heroes and geniuses of that era.

It is estimated that the person in charge of the black market was an admirer of the Queen Mother of the West back then.

Ye Feng didn't say much at this moment, because this kind of thing happened at that time, and Ye Feng didn't want to get involved.

At this time, the black market leader glanced at Ye Feng, smiled and said: "You are very good, a young man with unlimited potential, I don't know what you think about me.

What does your daughter Tang Youyou think? "

Ye Feng immediately said: "Miss Tang is so young and can manage the entire black market in an orderly manner. Her abilities are absolutely outstanding. Moreover, Miss Tang is so beautiful and stunning. She is simply a perfect person. "

Hearing Ye Feng's praise and praise for Tang Youyou, the black market leader seemed quite happy. He walked up to Ye Feng and asked loudly: "Since you admire my daughter so much, I wonder if you are interested." Join our black market, become my daughter's right shoulder, and help her manage the entire black market. And if you can make my daughter fall in love with you in the future, I, as a father, will definitely approve of you becoming a spiritual partner. "

"What?"

Hearing the words of the black market leader at this moment, Ye Feng suddenly showed a look of astonishment in his eyes.

But then, Ye Feng immediately shook his head with a wry smile and said loudly: "Senior Black Market Leader, this kind of thing is still too far away for me. I came here mainly to help the Seventh Prince. I have to work with Miss Tang to develop ancient ruins in advance. As for what the senior said, I guess Miss Tang herself would not agree. After all, we don't know each other at all."

Hearing what Ye Feng said, the black market leader immediately laughed loudly, patted Ye Feng's shoulder, and said loudly: "You are a young man with a very stable mentality, and you are not upset because of what I said. You are ecstatic, respectful to me, and begging to join the black market. You have a good mentality and are a young man with unlimited potential."

"Forehead?"

Hearing what the black market leader said, Ye Feng's eyes suddenly froze.

It turns out that what the black market leader said just now was to test his mentality.

In this regard, Ye Feng could only shake his head helplessly.

Sure enough, these old foxes are very knowledgeable and can judge a person's humanity in just a few words.

Ye Feng didn't have much to say about this. He just said, "If there's nothing else, I'll leave first."

Ye Feng knew that the reason why the black market leader was quite gentle towards him was probably because he had the Queen Mother of the West in his mind.

Ye Feng thought in his mind that after leaving here later, he would ask the Queen Mother of the West what kind of relationship she had with the person in charge of the black market. Is it true that he had guessed that the person in charge of the black market was one of the Queen Mother of the West? Suitors.

Just when Ye Feng was thinking in his heart, the black person in charge suddenly took out a dark token from the storage ring, put it in Ye Feng's hand, and said loudly: "This token, is a special token from our black market. If you have any difficulties in the future, or if you want to enjoy any privileges in our black market in the future, just take out this token."

Hearing what the black market leader said, Ye Feng immediately refused and said, "I know that the reason why senior treats me so well must be because of Queen Mother Xi in my mind, but I don't want to enjoy the special treatment senior gives me because of Queen Mother Xi. Queen Mother Xi doesn't want to owe you any favors, and I respect her choice."

Hearing what Ye Feng said, the black man in charge was stunned for a moment, and then he burst out laughing. He put the black token in Ye Feng's hand, and said with a smile: "It's rare to meet such a noble and upright person like you." Young man, don't worry. The reason why I'm quite nice to you is not because of the relationship between me and the Queen Mother of the West in your mind back then. It's just because I think you are a very good young man, with both cultivation strength and potential. Very good, and I also tested your mentality and character just now, and they are all very good. This has nothing to do with Queen Mother Xi, I just value you as a junior. "

After saying that, the black market leader no longer waited for Ye Feng to say anything, and simply disappeared from the spot.

Seeing this scene, Ye Feng's eyes suddenly moved.

The black market leader in front of him turned out to be just a clone, and he disappeared in an instant.

Ye Feng estimated that the person in charge of the black market was never in the black market.

At this moment, Ye Feng looked at the special token from the black market in his hand, with a rather happy look in his eyes.

In any case, with this special token handed to him personally by the black master, it will definitely be much more convenient for him in the black market in the future.

At this moment, Ye Feng did not stay for too long. He left the deep area of the black hall and returned to the hall of the hall.

When Ye Feng came out, Tang Youyou saw the special black token in Ye Feng's hand. A look of deep astonishment suddenly appeared on his beautiful and cold face, and he couldn't help but said: "This is ...How is this possible? How come the black market inheritance token is in your hands? What did you do to my father?"

"What the hell? Is this a black market inheritance token??"

When Ye Feng heard Tang Youyou say this, a look of deep astonishment suddenly appeared in his eyes.

Chapter 4548 Active cooperation

When he heard Tang Youyou say this, Ye Feng was actually a little confused inside.

After all, Ye Feng never thought that such a token casually handed to him by the black market leader would turn out to be the legendary black market inheritance token.

Ye Feng knew very well that whoever could obtain the inheritance token in the black market would be qualified to become the next master of the black market.

So at this time, Ye Feng was very surprised. He didn't expect that a token randomly thrown to him by the black market leader would be so special and precious.

Ye Feng originally thought that this special token was just a token with some privileges, but he didn't expect it to be the most precious black market inheritance token. No wonder Tang Youyou had such a surprised look on his face.

At this moment, Ye Feng held the black token in his hand, shook his head helplessly, and said: "Miss Tang, I didn't do anything to your father, I just discussed some other things with him. , and then he thought that I, a young man, was pretty good, so he gave me this token. I didn't know that this was your black market's inheritance token. I thought it was just a fairly ordinary token that

would only allow me to It's a little easier to move in the black market, but I didn't expect it to be the legendary black market inheritance token."

Hearing what Ye Feng said, Tang Youyou's eyes immediately flickered slightly, and then he said loudly: "It seems that my father values you very much."

At this moment, Tang Youyou took a good look at Ye Feng. Before, she thought that Ye Feng was just an ordinary young man, but she did not expect that Ye Feng would receive such attention from his father.

Originally, Tang Youyou didn't pay much attention to the Seventh Prince, but now Ye Feng was so valued by his father that he even gave the inheritance token to Ye Feng. This naturally made Tang Youyou very surprised.

In fact, Tang Youyou didn't have much communication with her father. She only knew that her father was a mysterious and big man who founded the entire

The black market, so Tang Youyou has always shown her ability and managed the entire black market in an orderly manner, just to make her father satisfied with her.

So now her father actually handed over all the inheritance tokens on the black market to Ye Feng. This naturally made Tang Youyou very surprised, and she also paid more attention to Ye Feng.

At this moment, before Ye Feng said anything, Tang Youyou immediately came to Ye Feng and said loudly: "Ye Feng, since you are working with the Seventh Prince now, then I will work with the Seventh Prince next time." Let's develop that ancient ruins together, and you'll come together when the time comes."

Hearing what Tang Youyou said, Ye Feng's eyes showed a look of surprise. He didn't expect that Tang Youyou would take the initiative to cooperate with the Seventh Prince.

Ye Feng immediately nodded and said with a smile: "If the Seventh Prince knows this news, he will probably be very happy."

When Tang Youyou heard what Ye Feng said, he immediately looked at Ye Feng solemnly and said: "The reason why I chose to cooperate with the Seventh Prince is mainly because of you. It was you who made me cooperate with the Seventh Prince. , this seventh prince, actually has a poor strength

among many princes and princesses. However, since he has cooperated with the seventh prince, I hope that the seventh prince can bring more powerful elders from the royal family, after all, develop a brand new ancient ruin that has never been entered is very dangerous, and I don't have that many people."

Hearing what Tang Youyou said, Ye Feng immediately nodded and said with a smile: "When I go back, I will truthfully tell the seventh prince what Miss Tang said."

Hearing what Ye Feng said, Tang Youyou immediately

He nodded, but then Tang Youyou seemed to have thought of something, and immediately couldn't help but asked: "By the way, Ye Feng, what on earth did you say to my father? Let my father give up all the inheritance tokens." I gave it to you, although I don't know what his intention is, but this inheritance token is indeed the most precious thing in our black market?"

Hearing Tang Youyou ask himself this question, Ye Feng just smiled helplessly and said: "The content of my discussion with your father is very secret, and I don't think your father is willing to let you know. So I can only keep it secret."

When Tang Youyou heard Ye Feng's words, he was silent for a moment, then nodded and said, "Okay, then I won't ask any more questions."

Seeing Tang Youyou's reaction, Ye Feng's eyes revealed a look of surprise.

It seems that Tang Youyou is still in awe of his father and the black market controller. It is not the feeling of fatherly kindness and filial piety that Ye Feng imagined, but a kind of awe from subordinates to superiors.

Ye Feng didn't comment much at this moment, he just nodded slightly and left here.

At this moment, looking at Ye Feng's retreating back, Tang Youyou, a young lady from the black market, had a look of deep curiosity in her beautiful eyes.

She was very curious as to why her father suddenly fell in love with such a strange young man as Ye Feng.

But if Tang Youyou knew that her father even wanted to betroth her to Ye Feng, he would probably be even more shocked.

At this time, Ye Feng left the black market hall and returned to other ordinary areas of the black market.

In the black ordinary area, there are many buildings, most of which were ordered by important members of the royal family.

at this moment leaf

The place where Feng wanted to go was where Nie Qianqian took him to the temporary residence of the Seventh Prince in the black market.

When Ye Feng saw the Seventh Prince again, the Seventh Prince was very much looking forward to Ye Feng telling him some good news.

Ye Feng saw the expectant look of the Seventh Prince. Ye Feng just smiled indifferently and said: "Seventh Prince, I have some good news for you. I have already made an agreement with Tang Youyou, the eldest lady of the black market. Let's work together to develop that ancient ruin."

"Really?"

Hearing what Ye Feng said, the seventh prince's face suddenly showed an ecstatic look.

Because for the Seventh Prince, if they can cooperate with Miss Tang in the black market to develop the ancient ruins, the first batch of people who enter the ancient ruins will definitely get more precious things.

The Seventh Prince can then use these precious training resources to improve his own strength and train various masters under his command.

This is definitely a very happy thing for the seventh prince.

At this moment, Nie Qianqian also walked over from not far away, looked at Ye Feng, and couldn't help but asked playfully: "Ye Feng, could it be that you did something that went against your heart to achieve this goal?" Don't you want this opportunity to cooperate with Miss Tang?"

Hearing Nie Qianqian's meaningful question, Ye Feng just smiled helplessly and said: "Of course not, it is the black market leader who values me as a young man, that's why Miss Tang is willing to cooperate with me. "

"What?"

Hearing what Ye Feng said, the Seventh Prince immediately widened his eyes slightly and said loudly: "Brother Ye, you actually met that mysterious black market leader? Is it true? He is in our Blood Demon Dynasty. But he is a legendary figure."

Chapter 4549 Brother

At this time, Ye Feng saw the exaggerated expression of the Seventh Prince, and immediately couldn't help but smile, and said loudly: "Does the Seventh Prince also admire this black market leader so much? Why do you feel that the Seventh Prince just takes care of this black market?" The person in charge regards him as his idol."

Hearing Ye Feng's rather teasing words, the Seventh Prince couldn't help but smiled bitterly, shook his head, and said loudly: "Ye Feng, you have not been in our Blood Demon Dynasty for a long time. You are probably in our Ten Thousand Monsters interface." In the Northern Territory, you have no specific contact with the real upper-level people, so you don't know what kind of weight the black market leader has in the entire Northern Territory, not to mention in our Blood Demon Dynasty, in the entire vast Northern Territory Among them, the person in charge of the black market is also a mysterious figure, and no force from all sides dares to offend him. "

Hearing what the Seventh Prince said, Ye Feng's eyes suddenly showed deep surprise. He didn't expect that the person in charge of the black market was so powerful.

But thinking that the black market leader and ancient figures like the Queen Mother of the West existed in the same era, Ye Feng also felt that it was normal.

After all, old monsters that can live for tens of millions of years must be extremely powerful.

Although practitioners can achieve immortality after practicing to a certain level, immortality only means infinite lifespan, but it does not mean that they will not die.

If you encounter turmoil or are pursued by some powerful enemies, you will also be killed.

Therefore, the person in charge of the black market has been able to survive for tens of millions of years without completely dying, which is enough to show that his methods and strength must be very terrifying and cannot be guessed by ordinary people.

At this moment, Ye Feng nodded and said: "Seventh Prince, no matter what, now that I have helped you get the opportunity to cooperate with the black market eldest lady Tang Youyou, then we can work together to develop the ancient ruins in advance. Yes, but there is one thing I want to tell Miss Tang. That is Miss Tang hopes that the Seventh Prince can bring more powerful elders from the royal family. After all, developing such ancient ruins must be very dangerous, and Miss Tang Although the young lady is the current manager of the black market,

She is a manager, but she is a younger generation after all, and there are not many particularly powerful masters under her. I guess this is also a test for his daughter by the leader of the black market. He will not arrange many super strong men for her. In that case, everything will be So relaxing. "

Hearing what Ye Feng said, the Seventh Prince immediately said with great assurance: "Brother Ye, don't worry about this. This time I got the opportunity to cooperate with Tang Youyou, and my father will definitely be very happy. When the time comes, I will borrow some superpowers from my father. They are all senior figures in our royal family. They are absolutely very powerful and there will be no problems at all. "

Hearing what the Seventh Prince said, Ye Feng immediately nodded and said with a smile: "With the Seventh Prince's personal guarantee, I feel relieved."

After finishing speaking, Ye Feng glanced at Nie Qianqian, and then said: "Then I will temporarily live here in the black market until the day of departure."

Nie Qianqian nodded and said with a smile: "Ye Feng, you are really amazing. You have conquered the most cold and aloof Miss Tang in the black market."

"surrender?"

Hearing Nie Qianqian's words, Ye Feng couldn't help but shake his head and smile, and said loudly: "You think too highly of me. I'm just cooperating with her. Both parties get what they need, and surrender is definitely out of the question."

After finishing speaking, Ye Feng didn't say anything more, but walked directly into the house in front of him and found a room to live in temporarily.

The Seventh Prince and Nie Qianqian quickly went to prepare.

You know, when the Seventh Prince cooperates with Nie Qianqian, Nie Qianqian is not the only one. Nie Qianqian can also recruit some strong men from the older generation in the Demonic Sect behind her to develop the ancient ruins together.

and

At this moment, Ye Feng was alone in the room and asked in his mind: "Senior Queen Mother Xi, what is your relationship with the black market leader?"

Ye Feng was still very curious about this, so he started asking in his mind.

Queen Mother Xi did not fail to answer Ye Feng, because the relationship between Ye Feng and her was very unusual, and she still relied on Ye Feng to help her reshape her body.

So at this time, Queen Mother Xi immediately said aloud in her mind: "The black market leader you saw is my brother."

"What??"

Hearing Queen Mother Xi say this at this moment, Ye Feng's eyes widened slightly, as if he couldn't believe what Queen Mother Xi said.

Immediately, Ye Feng couldn't help but said in astonishment: "Since he is your brother, Senior Queen Mother Xi, why does this black market leader treat you as a friend, and you are not willing to accept his help? You are relatives. Brothers and sisters, even if there is some grudge, there is nothing that cannot be resolved."

When the Queen Mother of the West heard what Ye Feng said, she immediately snorted coldly, and then said aloud: "It was because of his desperate departure that year that the foundation of our entire Kingdom of the West Queen was greatly reduced, because you must know that our father was , that is, the original emperor of our Western Queen Mother Kingdom, cultivated my brother as the future successor, so many of the Western Queen Mother Kingdom's cultivation resources were accumulated on my brother. My brother is indeed very extraordinary. He was very powerful, but in the end he rashly left the Western Queen Mother Country because of a woman. He did not want to take on the responsibility as the future successor of the Western Queen Mother Country and left that small world. As a result, not long after he left, our Western Queen Mother Country encountered The attack from the powerful people in the higher cultivation dimension was why it was destroyed. If my brother had been there at that time, even if he could not fight against the powerful people in the higher cultivation dimension, he would have been able to calmly allow our entire Western Kingdom to move collectively and quickly away from that small world. "

I heard the Queen Mother of the West say this

Said, Ye Feng suddenly showed a look of surprise in his eyes.

It turns out that there was such a grudge back then.

No wonder Queen Mother Xi refused to forgive her brother.

Moreover, the person in charge of the black market did not dare to rashly say that the Queen Mother of the West was his sister, because he did owe his sister, his family, and the countless innocent souls who died tragically in the entire Kingdom of the Queen Mother of the West.

Therefore, when the black market leader met the Queen Mother of the West, he could only treat her as a friend and did not dare to admit that he was the Queen Mother of the West's biological brother.

The person in charge of the black market was indeed a bit irresponsible as the first generation prince of the Western Kingdom.

But everyone has different choices.

As an outsider, Ye Feng couldn't comment much.

Ye Feng could only nodded slightly and didn't ask any more questions.

At this moment, Ye Feng released the female demon from the storage ring.

The female demon is an extremely terrifying strong woman. She entered Ye Feng's storage ring in the small world before and was brought out by Ye Feng.

At this time, Ye Feng released the female demon and immediately said: "Sister Xia, next I will cooperate with some friends to develop an ancient ruins, but we are the first batch of people to enter that ancient ruins. I hope that by then Xia My sister can be by my side and protect me."

When the female demon heard what Ye Feng said, she immediately smiled, with a trace of confidence on her beautiful and cold face, and said: "Brother Ye Feng, don't worry, even though I have been sealed. Over the years, my strength has weakened a lot, but I still have no problem protecting you."

Hearing the female demon's assurance, Ye Feng was immediately relieved.

With an ancient and terrifying figure like the female demon by his side as a bodyguard, Ye Feng naturally felt that he was much safer.

Chapter 4550 Even if you choose

Ye Feng knew very well that the ancient ruins discovered by the black market must be very large, very ancient, and contained great dangers.

Moreover, he, the Seventh Prince, Tang Youyou and others entered it to investigate, and they were also the first ones to enter it.

So Ye Feng naturally wanted to improve his safety.

Tang Youyou was protected by senior figures from the black market, and the seventh prince was protected by senior figures from the royal family. Ye Feng was alone.

Although Ye Feng entered it as a team with them, they may also be protected by the elders in the black market and the royal family.

But Ye Feng is an outsider after all.

If he really encounters any particularly terrifying danger, Ye Feng knows very well that the senior figures in the black market and the powerful seniors in the royal family will definitely not protect him wholeheartedly.

They must give priority to protecting the younger generations of their respective factions. ??

They will definitely give priority to protecting Tang Youyou and the Seventh Prince.

So Ye Feng naturally wanted to find a powerful bodyguard for himself.

And the succubus is a suitable candidate.

At this moment, Ye Feng seemed to have thought of something. He immediately looked at the female demon in front of him and said: "By the way, Sister Xia, if you want to continue to recover your current strength, what special training resources do you need? I can do it." Help you get it. I currently have pretty good financial resources, and I am now in the black market, the largest trading market in the Blood Demon Dynasty. In the black market, most of the special materials and various cultivation resources should be available. If Sister Xia needs something, I can help Sister Xia browse the black market these days to see if I can find what Sister Xia needs. "

Hearing what Ye Feng said, the female demon in front of her became a little interested, and then said: "Okay, then I will accompany brother Ye Feng to go shopping in the black market. If I really encounter something If I need anything, please ask brother Ye Feng to buy it for me."

Ye Feng immediately smiled and said, "That's for sure. If Sister Xia is willing to stay with me to protect me, then I will definitely buy good things for Sister Xia."

Hearing what Ye Feng said, the female demon stretched out her slender white palms, hugged Ye Feng and said happily: "Brother Ye Feng, you are so kind."

Being so close to the female demon at this moment, Ye Feng couldn't help but smile helplessly.

This female demon doesn't look like an ancient dark evil demon at all, she really looks like a big sister next door.

At this moment, Ye Feng led the female demon out of the room.

Outside, the figures of the Seventh Prince and Nie Qianqian had disappeared, and they were obviously actively preparing.

After all, the ancient ruins to be developed next are very dangerous, so all forces must be fully prepared.

At this time, Ye Feng was walking directly in the black market with the female demon.

But the moment they walked out, the female demon's proud figure, cold temperament, and beautiful face were like an angel among devils. She was extremely lethal to everyone around her. It just attracted the attention of countless people.

Whether they are men or women, they are all amazed by the perfect face and perfect figure of the female demon.

At this time, there were actually a few wandering warriors who did not know how to live or die. They walked directly towards the female demon next to Ye Feng and said very arrogant words: "This fairy-like girl is really... It's intoxicating."

At this time, these wandering warriors were talking, and they were about to stretch out their hands and grab the female demon.

Ye Feng did not take action at this time.

Because Ye Feng knew that there was no need to take action himself.

And sure enough, these wandering warriors had just approached the female demon, not within three meters.

Uh-huh! Uh-huh!

In the eyes of the female demon, two black lights suddenly flashed out, which were directly shaped like

It turned into several beams of light, instantly piercing the heads of these wandering warriors.

These rude wandering warriors dared to flirt with the female demon in words. Naturally, they died miserably. Their heads were penetrated directly, and they fell to the ground with stiff faces, staining the entire ground red.

"hiss!"

Seeing this scene, many people around them couldn't help but gasped.

They never thought that this beautiful woman who looked like a fairy would have such terrifying strength, and she calmly killed those wandering warriors in an instant.

This kind of strength is really terrifying. ??

However, at this time, reckless killings in the black market also attracted the attention of black market law enforcers.

Immediately, a group of black market law enforcers wearing black armor came over with murderous intent, immediately surrounding Ye Feng and the female demon.

But at this time, Ye Feng just smiled and took out the special black token that the black market leader had given to him before.

"Um?"

After seeing this special black token, a group of black market law enforcers who were originally murderous immediately became frightened and looked horrified.

They hurriedly knelt down on one knee in front of Ye Feng, clasped their fists and said loudly: "My subordinates are ignorant of Mount Tai, damn it!"

At this time, Ye Feng just waved his hand quite casually and said loudly: "Go, just ignore the things here."

"yes!"

At this moment, these black market law enforcers immediately and respectfully retreated.

"What??"

"what is happening?"

"Who is that young man in white? How could he just wave his hand and make all these ruthless law enforcers in the black market flee in despair? This is really unbelievable!"

At this time, there were countless people around who were ready to watch the show.

His eyes widened all of a sudden, as if he couldn't believe what was happening in front of him.

At this moment, the female demon also glanced at Ye Feng in surprise, then smiled slightly, with an inexplicable smile on her beautiful and cold face, and said aloud: "Brother Ye Feng, I didn't expect it to happen so soon. You can already enjoy such great privileges in the black market."

When Ye Feng heard what the female demon said, he just shook his head and said: "Sister Xia, I think you should find a black robe to cover your whole body, otherwise your beautiful face will be too much." Although we are not afraid of attracting other men, there are always people coming to look for trouble, which is quite troublesome and wastes our precious time. "

Hearing what Ye Feng said, the female demon immediately showed a beautiful smile and said: "I didn't expect that brother Ye Feng also recognized my sister's appearance very much. This makes me very happy, okay. , Sister, I will listen to you and don't show it to anyone else. My face will only be shown to you, brother Ye Feng."

After saying that, Ye Feng's eyes suddenly froze. That's not what he meant. It wasn't that he wanted to have the female demon all to himself.

But at this time, the female demon had taken out a set of black robes from the storage ring and covered her body, covering her entire body in the black robes, including her beautiful face.

Seeing this, Ye Feng immediately nodded and said with a smile: "This is much better. It can also conceal your identity, Sister Xia. After all, there are many people we have to meet next, including powerful people in the royal family. , there are also powerful people in the black market."

After Ye Feng finished speaking, he took the female demon directly to the trading market in the black market.

At this time, the female demon seemed to have seen something, and she couldn't help but said: "Brother Ye Feng, I really came across something that I need very much. It seems that it will cost Brother Ye Feng a lot of money."

When Ye Feng heard this, he immediately smiled boldly, waved his hand, and said loudly: "As long as it is useful for Sister Xia to restore your strength, Sister Xia, you can choose it, and I will pay for it!"
