Chapter 4551 Small Tower

At this moment, hearing Ye Feng's bold words, the female demon was naturally very happy. She quickly hugged Ye Feng and said loudly: "Brother Ye Feng is still kind to my sister."

After saying that, the female demon walked quickly in a certain direction, and Ye Feng quickly followed.

In less than a moment, they were standing in front of a stall.

This stall is a private stall in the black market trading market.

At this moment, there was an old man standing behind the stall, looking quite serious.

However, when the old man saw Ye Feng and the female demon approaching, his eyes immediately lit up, and he quickly said in a very familiar voice: "Two young heroes and heroines, when you come to my stall, you are definitely here. By the way, all the things in my stall are good things. They are all high-end treasures that I have collected from traveling around the world over the years. Each one is of infinite value. Whatever you buy, you will definitely make a lot of money. "

Hearing what the old man behind the stall said, Ye Feng's eyes suddenly twitched. This old man really knew how to praise the things on his stall. ??

Ye Feng could tell at first glance that most of the things in this stall were very ordinary gadgets.

But the thing that the female demon is interested in should be very good.

At this time, Ye Feng immediately asked: "Sister Xia, what is that thing you want?"

The female demon pointed at a magic weapon that looked like a small tower on the stall and said, "I want this small tower."

At this time, Ye Feng's eyes immediately focused on this small tower.

This small tower looks like a very ordinary tower, there is nothing special about it.

Moreover, Ye Feng also used his soul power to investigate and found nothing special.

But since the female demon said it, it means that this small tower must be very extraordinary.

Ye Feng immediately looked at the old man in front of him, smiled and said: "Old senior, this little tower

How much? "

Hearing what Ye Feng said, the old man immediately grinned, showing his big yellow teeth, and said loudly: "This small tower is worth a hundred thousand spiritual crystals in total."

"What?"

Hearing what the old man said, Ye Feng immediately showed a speechless look in his eyes, then stretched out a finger and said loudly: "At most ten thousand spiritual crystals, it is just a broken tower."

Hearing what Ye Feng said, the old man couldn't help but glance at the female demon standing next to Ye Feng, and said loudly: "Young hero, this small tower is very extraordinary, how can it be worth only 10,000 spirit crystals? ?"

When Ye Feng heard what the old man said, he immediately smiled and said, "It's just ten thousand spiritual crystals. You can sell them or not. If Sister Xia doesn't need them, I won't even look at them."

Seeing Ye Feng being so determined, and then seeing that the female demon didn't seem to say much.

The old man could only nod his head and said, "Okay, let's make the deal for 10,000 spiritual crystals."

Hearing that the old man actually sold 10,000 spiritual crystals to Ye Feng, a look of astonishment suddenly appeared in the beautiful and cold eyes of the female demon.

Obviously, she never thought that Ye Feng could bargain so hard, and the old man even agreed.

At this moment, the female demon couldn't help but shook her head. She really didn't understand this kind of human fireworks.

At this time, Ye Feng took out ten thousand spiritual crystals directly from the storage ring and handed it to the old man. Then he took the small tower into his hand and handed it into the hands of the female demon. He smiled and said: "Sister Xia, what's the special use of this small tower? You've actually taken a fancy to it."

At this time, the female demon couldn't help but said: "This small tower is the treasure of our clan back then. It is not just a magic weapon. The space inside the small tower,

Maybe there is still a lot of wealth from our clan stored there. "

"What?"

Hearing what the female demon said at this moment, Ye Feng suddenly showed a look of astonishment on his face. It seemed that he did not expect that such a small tower that looked very ordinary was actually from the powerful demon race of the female demon.

No wonder the female demon attaches so much importance to this small tower that looks very ordinary.

At this moment, the female demon did not hesitate at all, and directly released some of her original demonic power on the spot, directly injecting it into the small tower in her hand.

Buzz!

Almost at this moment, the small tower, which was very dilapidated, suddenly burst into brilliant light.

Seeing this scene, Ye Feng's eyes suddenly showed surprise. .??.

This small tower is really magical, and even I can't find out the secrets in it. Unexpectedly, the female demon inputs her original demonic power and instantly activates the small tower.

At this moment, the old man standing behind the stall saw this scene and the small tower emitting thousands of miles of divine light. His eyes widened suddenly, and then he showed an expression of extreme pain on his face.

Obviously, the old man understood that this small tower was not an ordinary thing, but a truly very precious treasure.

At this moment, the old man grinned in pain, showing his big yellow teeth. He immediately looked at Ye Feng and couldn't help but said: "Young hero, can you give me some money?"

Ye Feng rolled his eyes at the old man and said, "Of course not, the deal is over."

When the old man heard what Ye Feng said, he felt a little downcast.

Because he knew that now that the deal had been completed, it would indeed be too shameless to ask for money from Ye Feng.

At this time, the old man with yellow teeth could only sigh and admit his failure.

Such a small tower of infinite value was sold for 10,000 spiritual crystals.

At this moment, after the female demon activated the small tower in her hand, she immediately took out a blood-colored bead the size of a human head from the small tower.

The female demon's eyes immediately lit up and she said loudly: "This is the great demon inner elixir of our demon clan back then. Brother Ye Feng, it seems that we can practice together, absorb the energy from this great demon inner elixir, and improve our cultivation together." "

Hearing what the female demon said, Ye Feng's eyes suddenly lit up, he nodded quickly, and said loudly: "Okay, that's great, I really need this ancient and huge energy now."

Hearing what Ye Feng said, the female demon immediately smiled and put the small tower into her storage ring.

At this moment, Ye Feng said aloud: "Sister Xia, let's continue to visit this trading market. There must be other things that you can like. I just want to take a look to see if there are any good things. I will do it soon. We went to explore the ancient ruins. Now we can improve our cultivation strength as much as possible, which will definitely be of great help when we enter the dangerous ancient ruins next."

The female demon immediately nodded and followed Ye Feng to continue walking around in this huge trading market.

At this moment, the old man with big yellow teeth glanced at the back of Ye Feng and the female demon as they left. His eyes flashed slightly, revealing a look of interest. He couldn't help but murmured, "I didn't expect that in such a I am really surprised that I can meet the inheritors of the Celestial Clan who have disappeared in the long history for countless years on the small interface of Ten Thousand Demons..."

If Ye Feng were here and heard the old man's murmur, he would definitely be shocked.

But after the old man murmured, he closed the stall and left, as if preparing to go somewhere.

At this moment, Ye Feng and the female demon continued to wander around the trading market, trying to find other good things.

Chapter 4552 Ordinary Jade Pendant

Ye Feng continued to wander around with the female demon in the black market.

For Ye Feng, the most important thing now is to find some good things in this trading market that can improve his cultivation skills or increase his overall strength.

After all, Ye Feng's current wealth is still very huge, enough to support Ye Feng in buying various things.

Soon, the female demon suddenly noticed something and immediately said: "Brother Ye Feng, at another stall not far away, I felt a very strong fluctuation again." .??.

When Ye Feng heard the female demon say this, his eyes suddenly showed deep joy.

This time, taking the female demon out to visit the black market was really a very good choice.

Because Ye Feng found that his soul exploration was not as powerful as the female demon's perception.

But it's normal to think about it. After all, the female demon was a powerful existence tens of millions of years ago, and her perception is naturally very terrifying.

At this moment, Ye Feng nodded immediately and followed the female demon to the stall.

The owner of this stall is a middle-aged man who looks very serious.

But at this time, when he saw Ye Feng and the female demon walking over, the middle-aged man naturally showed a very polite look and said quickly: "What do you want to buy from my stall?" , all these things I have are good things."

Hearing this, Ye Feng couldn't help but nodded with interest.

After all, no matter which stall you go to, the owner of that stall will definitely say that everything in his stall is good.

At this moment, Ye Feng looked at the female demon beside him and asked: "Sister Xia, which unusual thing is that you sensed?"

At this moment, the female demon stretched out her white fingers and tapped something on the stall.

Ye Feng immediately looked over, with a look of surprise in his eyes.

The object chosen by the female demon is a very simple-looking jade pendant.

r\u003e

This jade pendant is pure white in color, not jade, so it looks quite ordinary and ordinary.

At this moment, seeing the female demon directly choose this piece of jade pendant, the middle-aged man in the stall also showed a look of astonishment in his eyes.

Because this jade pendant was something he accidentally found in the dirt on the roadside when he was training in an ancient ruins.

He felt that this piece of jade pendant might just be a commemorative jade pendant left by a strong man. It was not a good thing, so it was placed at the very side of the stall by the owner of this stall.

Unexpectedly, the woman in front of him actually chose this very ordinary jade pendant.

But since this woman chose this jade pendant, the owner of this stall naturally introduced it forcefully and said: "This jade pendant is a peerless jade pendant that I got from a very high-level ancient ruins. It is said that that ancient ruins were The personal jade pendant left by the master contains the heaven-reaching magic power of the ancient power.."

At this moment, the owner of the stall was talking non-stop. Ye Feng just shook his head and smiled, and then said aloud: "Buy this jade pendant with a thousand spiritual crystals."

Hearing what Ye Feng said, the female demon immediately showed a look of astonishment in her eyes, as if she wanted to say something, and seemed to think that Ye Feng positioned this jade pendant too cheaply.

But the next moment, what made the female demon even more unexpected was that the owner of the stall immediately laughed and said loudly: "Okay, the deal is done, the deal is done immediately! Don't regret it!"

Obviously, the stall owner's praise for this piece of jade pendant was just casual.

The stall owner even put this piece of jade pendant on the stall just for decoration.

But he didn't expect that someone would be willing to spend a thousand spirit crystals to buy it. The owner of this stall naturally felt that

You have to make a lot of money yourself.

After all, he also inspected this jade pendant and found nothing special.

At this moment, the stall owner hurriedly delivered the jade pendant to Ye Feng's hands.

Then Ye Feng took out a thousand spiritual crystals from his storage ring, handed it to the stall owner, and then said with a smile: "Sister Xia, let's go."

After saying that, the two people left the stall directly.

The owner of the stall happily accepted the thousand spiritual crystals, feeling that he had made a big profit.

After all, he felt that this jade pendant was just an ordinary jade pendant and had no value at all.

After leaving the stall, the female demon looked at Ye Feng beside her, and couldn't help but smiled bitterly and said: "Ye Feng, going shopping with you is really a good deal. All these things are available." They are all good things, I didn't expect you can buy them with just a little money."

Ye Feng smiled and said aloud: "Sister Xia, you have to know that the good things you can sense cannot be sensed in the eyes of others, so they think those things are just ordinary things. You only need to use a very small If you pay too much, people will wonder if you have ulterior motives and may not sell it. "

When he said this, Ye Feng looked at the pure white jade pendant in his hand and couldn't help but asked curiously: "Sister Xia, what kind of treasure is this jade pendant? That you value it so much?"

At this moment, the female demon's eyes suddenly showed a look of expectation. She took the pure white jade pendant in Ye Feng's hand and said loudly: "This jade pendant is a real good thing. This piece of jade pendant is really good." The jade pendant, if I am not wrong, should be the dragon soul jade pendant left by the ancient dragon clan. This jade pendant should contain the dragon soul

of an ancient dragon clan. However, many years have passed, and the dragon soul sealed in this jade pendant. The soul is completely asleep, so this jade pendant appears very ordinary."

Hearing what the female demon said, Ye Feng's eyes also showed surprise.

I didn't expect that this small piece of jade pendant would have such an extraordinary status.

But since the female demon said so, it must be true.

Ye Feng immediately said: "How can we confirm that this jade pendant is the legendary Dragon Soul Jade Pendant?"

The female demon smiled and said, "Just input some mana and you'll find out."

After saying that, the female demon directly input some of her mana into the jade pendant.

Buzz!

Almost at the next moment, the surface of this jade pendant was originally pure white, but now golden dragon lines suddenly appeared, which looked very extraordinary.

Seeing this scene, Ye Feng's eyes suddenly lit up.

It seems that what the female demon said is true. This pure white jade pendant is really the legendary dragon soul jade pendant.

No wonder the female demons take it very seriously.

Because the jade pendant that seals a dragon soul must also contain a very large amount of dragon soul energy, which is of huge benefit to practitioners.

If an ordinary person keeps wearing this kind of dragon soul jade pendant, they can even slowly transform and refine their ordinary physique into the legendary dragon physique under the nourishment of dragon soul energy, becoming infinitely powerful.

However, Ye Feng and the female demon are both powerful practitioners, so they don't need to go through such slow means.

At that time, they can simply absorb the dragon soul energy stored in this jade pendant.

Ye Feng was very happy at this time. Unexpectedly, in just a short moment, they had harvested a great demon's inner elixir and a very high-end dragon soul jade pendant for a very small price.

Ye Feng and the female demon did not practice for the time being, but continued to visit the trading market, preparing to sweep away all the good things in today's trading market.

Chapter 4553 Extremely unlucky

While the two were strolling around, Ye Feng's soul power also spread out, covering the surroundings to detect unusual auras.

Because Ye Feng's soul power is very huge, he can instantly detect the energy fluctuations emitted by some unusual things.

Although Ye Feng's perception is not as good as that of the female demon, he is still very keen on the energy fluctuations of real treasures.

At this time, Ye Feng exuded his soul power, covering the surrounding stalls with very high efficiency.

Soon Ye Feng sensed some kind of special energy fluctuation and immediately walked quickly in a certain direction.

"Um?"

The female demon showed surprise in her eyes. She knew that the reason why Ye Feng suddenly walked so fast was that he must have discovered something special.

But the female demon didn't find any good things in the surrounding stalls, which meant that Ye Feng found the good things before she did this time.

This made the female demon think highly of Ye Feng's detection ability.

However, the female demon also guessed that maybe Ye Feng wanted something different from what she wanted.

It's possible that what Ye Feng is interested in may not be of interest to the female demon herself.

At this time, Ye Feng had already walked to a stall.

There is a very ordinary looking large stone placed on top of this stall.

This stone is the size of a human head.

It seems very ordinary and unremarkable.

When the female demon saw this scene, she couldn't help but asked in surprise: "Brother Ye Feng, is what you want is this big stone that looks extremely ordinary?"

When Ye Feng heard what the female demon said, he immediately nodded, smiled and said, "Yes, what I want is this big stone."

Seeing Ye Feng's rather confident look, the female demon's beautiful and cold face showed a look of doubt. She didn't understand why Ye Feng was so confident about this ordinary-looking big stone. Stone is a treasure worth acquiring.

Because the female demon herself can't feel what good things are hidden in this big stone.

While the female demon was thinking about it, Ye Feng had already looked at a rather ordinary-looking woman behind the stall, smiled slightly, and said, "I want this big stone, how much is it worth?"

When the woman behind the stall heard what Ye Feng said, she quickly stood up and began to introduce: "This stone was dug from the deepest part of the legendary dark mountain. It is said that this stone can be cut out and is extremely precious. It's a treasure, but it's possible that nothing can

be cut out, so the price is very affordable. One stone of this kind only costs a hundred spiritual crystals.”

After finishing speaking, the woman looked at the other stones on her stall and said loudly: "Young hero, I suggest you buy all the stones. You will definitely be able to cut out good things."

Ye Feng shook his head, smiled and said, "I only want this stone."

After saying that, Ye Feng took out a hundred spiritual crystals from the storage ring and handed them to the owner of the stall.

Then Ye Feng took the stone directly into his hands and prepared to leave here.

But at this moment, the owner of this stall, that ordinary woman, immediately said: "Young hero, why don't you just cut it open on the spot?"

At this moment, the owner of this stall suddenly felt that Ye Feng was so determined to ask for this stone, maybe he could find something good hidden in this stone.

This shocked the owner of this stall because she had never seen anyone able to see through this special strange stone.

At this time, the female demons beside Ye Feng couldn't help but look at Ye Feng curiously, and said loudly: "Brother Ye Feng, just cut it open. I am also very curious about what is stored in this stone." What."

When Ye Feng heard what the female demon said, he looked at the owner of the stall with expectant eyes. He immediately smiled and said, "Okay, then I will satisfy you, and I will cut him open on the spot."

Click!

Almost at this moment, Ye Feng took out his own

The God's Ring that he had obtained before transformed into the God's Sword, cutting the big stone in front of him in one fell swoop.

As Ye Feng cut the stone open, a bright divine light suddenly bloomed from inside the stone.

Buzz!

These brilliant divine lights almost blinded the eyes of everyone around them.

"What is that?? It emits such a bright light?"

"This stone definitely contains extremely terrifying treasures!"

At this moment, many people watching around suddenly showed deep horror in their eyes.

The light emitted by Ye Feng's cut stone immediately attracted the attention of countless people around him.

Everyone was exclaiming.

The owner of this stall, the ordinary-looking woman, suddenly widened her eyes at this moment. It seemed that she had never expected that the very ordinary-looking big stone that Ye Feng chose actually contained something. A peerless treasure came out, otherwise it would be impossible to emit such a bright light.

At this moment, the female demon standing next to Ye Feng suddenly stared at the inner area of the stone cut in Ye Feng's hand.

She immediately saw that there was a small bottle hidden in the stone that Ye Feng cut.

This small bottle contains a drop of liquid.

This drop of liquid is like a ruby, bright red and feels very precious.

The immense divine light that was emitted just now was the light emitted by this drop of liquid.

Seeing this scene, many people around them couldn't help but exclaimed: "Is the drop of liquid in this small bottle a drop of blood of the legendary god? Otherwise, it would be impossible to emit such a dazzling light. It's radiant and exudes such terrifying energy fluctuations!"

At this time, everyone could feel that the drop of blood in this small bottle actually exuded a terrifying breath of life, giving people the feeling of an ancient evil beast that was stored in

in this bottle.

This terrifying feeling is indeed emanated from a drop of blood, so everyone is guessing, is this the legendary drop of the blood of a god?

At this moment, Ye Feng saw this scene, and his eyes showed a look of surprise.

Ye Feng didn't know what was inside the stone. He just sensed that the stone exuded a vague aura of life.

This kind of life breath cannot even be sensed by an ancient figure like the female demon, but only Ye Feng's huge soul power can be keenly aware of it.

So at this time, after Ye Feng cut it open, he found that it was a drop of blood in the bottle. Naturally, Ye Feng was very surprised, but Ye Feng was also very happy.

Even though this is just a small drop of blood, the life breath contained in it is almost comparable to that of an ancient beast.

So Ye Feng knew that the energy contained in this drop of blood was probably as majestic and terrifying as the vast ocean.

At this time, Ye Feng immediately put the bottle into his storage ring under the envious eyes of everyone, with a happy look on his face.

For just one hundred spiritual crystals, Ye Feng made a lot of money by directly buying a drop of blood that was suspected to be from a god.

But at this moment, several big men with unkind expressions suddenly walked towards Ye Feng's direction.

They all wore uniform green armor and seemed to be masters of a special force.

These big men stared at Ye Feng's storage ring, smiled coldly, with greedy eyes, and said loudly: "Young man, this kind of peerless treasure is not something that young people like you can control. It is the most valuable thing to put it here." It's OK, hand it over quickly to avoid getting into trouble."

"Oops! It's the strongest gang in our black market, the Green Goblin Gang!"

"This boy in white is really unlucky. He was targeted by the Green Goblin Gang. I guess he will either hand over the small bottle honestly or die miserably."

When many people around saw this scene, they couldn't help but sigh, feeling that Ye Feng was extremely unlucky.

Chapter 4554: Dumbfounded

At this time, many people couldn't help but sigh, thinking that Ye Feng had just spent a very small price to get such a precious little bottle, which contained a drop of blood that seemed to be from a god.

But unexpectedly, in the blink of an eye, Ye Feng had been targeted by the vicious Green Demon Gang in the black market.

This made everyone sigh for Ye Feng.

Because they knew very well that the Green Demon Gang was the largest gang in the black market.

Usually, they did evil in the black market, and basically no one dared to resist.

Moreover, the Green Demon Gang was also very smart and never provoked those people with noble status.

They only plundered those ordinary or wandering practitioners who just passed by the black market.

Now they didn't know Ye Feng and the female demon, so they naturally thought that Ye Feng and the female demon had no status and wanted to plunder Ye Feng's wealth.

At this moment, Ye Feng's eyes showed a hint of interest. He stared at the big men in green armor in front of him and couldn't help laughing and saying, "You want to plunder my wealth?" Hearing what Ye Feng said, the big men in armor from the Green Demon Gang couldn't help laughing and saying, "That's right, kid, hurry up and hand over the good things you just cut out of the stone. Maybe you can still save your life. Otherwise, you will die if we take action. Maybe you just came to the black market and don't know what kind of existence our Green Demon Gang is. You can find out by asking people around you." Ye Feng smiled and said, "No need to ask, just come and rob." "What?" Hearing what Ye Feng said at this moment, the strong men of the Green Demon Gang were stunned, as if they didn't expect Ye Feng to say such arrogant words. And at this time, many people watching around couldn't help showing shock on their faces. They didn't seem to expect that Ye Feng was so bold that he dared to directly provoke these strong men of the Green Demon Gang in public. Many people couldn't help but say: "If it was the small bottle I got, I would definitely hand it over to the Green Demon Gang's strong men respectfully, otherwise, I would definitely die miserably. I didn't expect this kid to dare to resist. I guess he must be dead."

At this time, the female demon standing next to Ye Feng wanted to do something, and seemed to want to take action directly.

After all, the cultivation strength of these Green Demon Gang's strong men is still very strong.

It is worthy of being the first gang in the black market, and it is really very powerful.

These big men of the Green Demon Gang wearing green armor, their cultivation aura is actually all the cultivation aura of the tenth level of the Divine Water Realm, which is much stronger than Ye Feng's current Divine Water Realm Three Levels.

So these members of the Green Demon Gang dared to rob Ye Feng.

As for the female demon standing next to Ye Feng, because the cultivation aura is so unfathomable, everyone can't sense how powerful the female demon's cultivation aura is, so naturally they think

that the female demon is not a powerful person, because they can't find out how powerful the female demon is.

At this moment, Ye Feng looked at the fierce-looking Green Demon Gang warriors and immediately said with a smile: "Since you have already determined to rob the treasures on me, then I have no choice but to kill you all. This is called giving someone a taste of their own medicine."

"What? You want to deal with so many of us warriors by yourself? Hahaha, it's really funny!"

At this time, the Green Demon Gang warriors wearing green armor laughed out loud, and their tone did not hide their ridicule for Ye Feng at all.

Because they felt that Ye Feng had no strength to deal with them. After all, Ye Feng looked like an ordinary teenager, and they didn't know Ye Feng at all, so it meant that Ye Feng had just arrived at the black market and was not an important figure in the black market.

At this moment, a strong man from the Green Demon Gang wearing green armor immediately said, "Let me deal with this kid alone. It just so happens that my Blood Shadow Knife hasn't drunk fresh blood for a long time. Today, I can use this kid to feed my big knife." After saying that, the strong man from the Green Demon Gang directly took out his own knife. There were grooves on this knife, and there seemed to be bright red blood flowing in each groove. This knife was obviously a very terrifying magic knife. At this moment, the strong man from the Green Demon Gang held the Blood Shadow Knife in his hand and rushed towards Ye Feng. A dazzling knife light burst out from the blade, as if it could tear the sky and split the earth, and shatter the universe. But in the next moment, a scene that shocked countless people happened. Facing this terrifying knife, Ye Feng just punched out a normal punch. But Ye Feng's fist turned golden at this moment, and it was Ye Feng who stimulated the power of the immortal body of the god. Ye Feng's fist turned into a golden fist, with incomparable strength, and directly hit the countless sword lights of the Green Demon Gang's strongman.

Crack! Crack!

Almost in the next moment, countless people around were shocked, and even the strongman of the Green Demon Gang was horrified.

Ye Feng's golden fist actually shattered all the sword lights he had chopped out.

Ye Feng's one

The golden fist was as if it was made of the strongest divine iron in the world. It had extremely terrifying power and could shatter all the sword lights in the sky into pieces.

"What??"

"How can this be??"

At this moment, the strong man from the Green Goblin Gang suddenly widened his eyes.

Countless people around him were also dumbfounded.

Unexpectedly, Ye Feng, a seemingly ordinary young man, could possess such terrifying strength.

And before the Green Goblin Gang strongman could react, Ye Feng smiled coldly and grabbed it with one hand.

Ye Feng's golden palm was like the sharpest sword in the world. It turned into a sword and directly pierced the green armor of the strong man of the Green Devil Gang, then took out his heart and directly Crushed.

"ah!!"

At this moment, the strong man from the Green Goblin Gang screamed and fell to the ground dead.

"What??"

"In an instant, he killed this powerful man from the Green Goblin Gang who was in the tenth level of the divine water realm??"

"This young man is only at the third level of the Divine Water Realm, right? How could he have such a powerful fighting power?"

"This is incredible!!"

At this moment, countless people were shocked.

Because they have never seen a young man with such strong fighting power.

With such terrifying fighting power, even the peerless geniuses from those ancient families probably cannot achieve this.

So easily and casually, he killed a strong man who was seven heavens taller than him!

It's simply unbelievable!

The whole place fell into dead silence!

Chapter 4555 I'm not afraid

At this moment, Ye Feng's expression did not waver at all. He was as casual as killing a chicken. He just looked at the remaining strong men of the Green Goblin Gang indifferently, grinned, and said: "I have already said that if you want to rob me of the treasures, you will definitely end up dead, so you have to provoke me."

Hearing what Ye Feng said, the few remaining strong men of the Green Devil Gang could no longer maintain their previous arrogance and indifference. Instead, their faces suddenly became extremely frightened, and there was a deeply terrifying look in their eyes.

Because they suddenly discovered that Ye Feng, an ordinary-looking young man, was like a big devil. He had very terrifying strength and ruthless methods, and he could kill the hearts of their companions in one fell swoop. Take it out and crush it.

This terrifying killing method naturally frightened the other strong men of the Green Goblin Gang to the extreme.

"Hurry up and run!"

Uh-huh! Uh-huh! Uh-huh!

At this moment, these strong men from the Green Goblin Gang didn't hesitate at all. They immediately turned around and ran away into the distance, trying to escape from here.

Because they feel deep fear. .??.

Their companions, who were similar in cultivation level to them, were killed by Ye Feng with just one punch and one palm.

Therefore, these Green Goblin Gang strong men know very well that even if the remaining few of them unite together, they will definitely not be Ye Feng's opponents and will be killed by Ye Feng one by one.

At this time, they all realized that Ye Feng was definitely a terrifying existence that should not be provoked, and it was not something they could deal with anyway.

These strong men from the Green Goblin Gang are ready to return to their gang and seek help from more powerful men.

At this moment, these strong men of the Green Goblin Gang did not dare to stay here at all. They wanted to escape back to the gang and seek help from the more powerful members of the gang.

Because they have realized that Ye Feng is simply not something they can fight against.

Ye Feng, a seemingly ordinary young man, is actually a hidden superpower.

\u003c

br\u003e At this moment, these strong men from the Green Goblin Gang were naturally running away crazily into the distance.

"this....."

Many people around saw this scene with deep shock in their eyes.

They all looked at Ye Feng and found that the young man in white was really too powerful. With a flip of his hand, he killed an extremely powerful Green Goblin gang member instantly without any hindrance.

Even if the strong man from the Green Goblin Gang was seven heavens higher than Ye Feng, he still couldn't resist Ye Feng's fist and slap.

After all, you must know that the green armor worn by these strong men of the Green Goblin Gang is all armor specially cast by the Green Goblin Gang, the largest gang in the black market. It is very strong, just like the armor of a magic weapon.

But Ye Feng didn't use any weapons at all. He just smashed the armor with one hand.

At this moment, everyone was staring at Ye Feng's golden palm, their eyes filled with deep shock and curiosity.

They were all guessing that Ye Feng must have some kind of very powerful physique, otherwise, he would not have such terrifying physical power.

Just one hand completely shattered such a strong armor.

At this time, Ye Feng looked at the strong men of the Green Devil Gang who were escaping in the distance, with a hint of sneer in his eyes, and said loudly: "You have provoked me, and you still want to escape? You guys have provoked me? If you can't escape, no matter if this is your base camp or anywhere else, you will die!"

Boom! !

At this moment, Ye Feng continued to stretch out a hand, still attacking in a very unpretentious manner.

But the moment Ye Feng stretched out his hand, his hand directly

It quickly grew in size and expanded directly into a big golden hand covering several kilometers.

This big golden hand is like the palm of the ancient Buddha, possessing heavy and majestic power.

Like a golden ancient mountain, it possesses terrifying destructive power and suppressive force. It bombards directly from high altitude towards the distance, as if it can suppress everything and shatter the universe.

Boom!

At this moment, Ye Feng's towering golden hand, which was thousands of meters tall, was vast and majestic, directly covering the heads of the powerful men of the Green Devil Gang who were escaping.

Buzz!

At this moment, these powerful men of the Green Goblin Gang suddenly sensed a very terrifying force covering them.

They only felt that the movements of their entire bodies had slowed down.

Then they saw a horrifying scene.

I saw a towering golden hand several thousand meters high in the sky, like an ancient mountain, with terrifying and boundless suppressive power, bombarding it from high in the sky.

They raised their palms one after another and released various magic weapons to resist.

Boom!

But at this moment, nothing had any effect.

Ye Feng's big golden hand is simply indestructible and indestructible. There is no way to destroy this big golden hand.

The big golden hand, like a heavy mountain, finally suppressed it, suppressing all the fleeing strong men of the Green Goblin Gang on the ground, forcing them to kneel on the ground. There was no way to move.

"What a scary big hand!!"

"Why is this kid so powerful in combat??"

At this moment, the faces of these strong men from the Green Goblin Gang were extremely frightened, and blood began to spurt from their mouths.

Because this big golden hand was so heavy, they felt as if all the bones in their bodies were being crushed and broken.

At this moment, a strong man from the Green Goblin Gang couldn't help but screamed in horror: "Boy, you can't kill us on the spot. If you kill us all, then fight with us." The Green Goblin Gang is completely torn apart. Our Green Goblin Gang is the largest gang in the black market. There are countless strong people in the gang. If you kill us all, you will completely make our Green Goblin Gang furious. Then we will All the super strong men of the Green Goblin Gang will be dispatched, and they will definitely chase you to the ends of the earth, making it impossible to escape."

Hearing these strong men from the Green Goblin Gang say this, some people around him couldn't help but persuade Ye Feng and said: "This young hero, it's enough to teach these strong men from the Green Goblin Gang a lesson. , there is no need to form such a life-and-death feud with them, otherwise, the Green Goblin Gang is the largest gang in the black market. In order to maintain its majesty and face, the super masters in the gang will definitely be dispatched and will indeed chase you. There is no way to go up to heaven and no way down to earth."

Hearing what a passerby said, Ye Feng just smiled and said, "Thank you for your kind reminder, but I'm not afraid of these so-called gangs."

boom!

Almost at the moment Ye Feng's words fell, Ye Feng continued to use his power, and his golden hands became even heavier. He crushed all the strong men of the Green Devil Gang into pieces, and the armor on his body was all broken. It was suppressed and shattered, instantly staining the entire ground red.

"hiss!"

Seeing this brutal scene, countless people watching around immediately showed deep shock in their eyes.

Obviously, they never expected that Ye Feng did not choose to compromise at the critical moment, but directly suppressed and killed all the powerful men of the Green Goblin Gang.

In the eyes of everyone, Ye Feng's move was really too arbitrary and too impulsive.

Chapter 4556 Continue to wander around

At this moment, many people present could not help but shake their heads and sigh.

They were not surprised by Ye Feng's iron-blooded killing.

Instead, I felt it was a pity.

Ye Feng, such a young super genius, actually wanted to form such a grudge against a super gang like the Green Goblin Gang.

Everyone understands that this boy in white will definitely be hunted down in the black market in the future, and he may even die.

Many people couldn't help but sigh: "Our Blood Demon Dynasty has given birth to such an amazing and talented young man, and I am afraid that he will die completely in the future."

Obviously, although Ye Feng has shown very strong fighting power just now, no one believes that Ye Feng can fight against the Green Goblin Gang, the largest gang in the black market. .??.

After all, although the members of the Green Goblin Gang that Ye Feng killed just now were very powerful, they were not considered to be very powerful among the Green Goblin Gang.

The Green Goblin Gang is the largest gang in the black market, and each member is stronger than the last.

It is even said that the leader of the Green Goblin Gang is an extremely ancient and powerful man. Even many noble members of the royal family are in awe of such a local leader of the Green Goblin Gang and do not dare to offend him too much. Green Goblin Gang.

But now, Ye Feng has completely offended the entire Green Goblin Gang, and he will probably die miserably.

Some people couldn't help but said: "I'm afraid this young man in white will die miserably. The beautiful and cold cultivation partner next to him will also end up miserable. He may be forcibly plundered by the Green Goblin Gang. But... What a pity for such a great beauty."

Many people couldn't help but shook their heads and sighed, and then dispersed. They were afraid that the city gate would catch fire and harm Chiyu.

At this moment, Ye Feng killed these powerful men from the Green Goblin Gang without any fear at all.

Not to mention Ye Feng's current strength, he is already very powerful.

Even if Ye Feng is not strong and has an unfathomable ancient demon like the female demon next to him, Ye Feng is not afraid of the so-called Green Goblin Gang.

At this moment, seeing that Ye Feng was silent, the female demon walked to Ye Feng's side, smiled and said: "Brother Ye Feng, don't worry, I will kill anyone who dares to offend you. If the green devil If the older members of the gang dare to stand up for them, I will let them know the ferocity of our demon clan."

The female demon may act quite close and gentle in front of Ye Feng, just like the big sister next door.

But in front of the enemy, the female demon can reveal the extremely ferocious killing power of her ferocious demon clan at any time.

At this time, hearing what the female demon said, Ye Feng immediately showed a warm smile on his face and said, "Thank you, Sister Xia."

When the female demon heard what Ye Feng said, she immediately couldn't help but smile and hugged Ye Feng very close, and then said loudly: "We are dependent on each other now, so we should help each other. Brother Ye Feng, how about you?" Today, thousands of years later, you are the only person I know, and I treat you like my own brother."

Ye Feng immediately smiled and said: "I also treat Sister Xia as my own sister."

In fact, during this period of time, the two of them have experienced a lot together, and they trust each other to the extreme. They are no longer just friends, but they are not considered spiritual partners, but a feeling of mutual dependence, like Like relatives.

At this time, Ye Feng did not hesitate and walked directly in front of the Green Goblin Gang members who were killed by him and collected their storage rings.

Then Ye Feng investigated and found that the storage rings of these Green Goblin Gang members still contained many good things.

Ye Feng smiled and said: "My financial resources have increased a lot."

After saying this, Ye Feng directly released the Devouring Domain and began to devour the blood energy and skills of these Green Devil Gang members.

You know, although these Green Goblin Gang members were killed by Ye Feng in a few strokes, in fact, these Green Goblin Gang members are all quite powerful, and they are all in the Tenth Level of the Divine Water Realm. The state of cultivation.

So after Ye Feng swallowed it at this time, he immediately felt huge amounts of energy injected into his body.

Although Ye Feng is now improving with his realm, the energy required for each breakthrough is getting larger and larger.

However, the cultivation skills of these Green Devil Gang members were still very strong, and Ye Feng's cultivation immediately began to increase at this moment.

boom!

The fourth level of Divine Water Realm!

boom!

The fifth level of Divine Water Realm!

At this moment, Ye Feng's cultivation, along with the skills of devouring these Green Devil Gang members, directly broke through two heavens in a row, from the third heaven of the Divine Water Realm to the fifth heaven of the Divine Water Realm. Ye Feng was still very happy. of.

After all, Ye Feng's cultivation, skill, and combat effectiveness have increased a lot since he broke through the two heavens at once.

And you must know that these Green Goblin Gang members were killed so easily by Ye Feng, and they were able to provide Ye Feng with so much energy, which naturally surprised Ye Feng.

I have to say that these members of the Green Goblin Gang in the Black Market of the Blood Demon Dynasty are quite useful.

At this time, Ye Feng even hoped that the members of the Green Goblin Gang would hurry up and cause trouble for him.

However, Ye Feng waited for a while and did not find the strong men from the Green Goblin Gang coming. He probably had not received the news yet.

In this regard, Ye Feng could only shake his head helplessly.

At this time, Ye Feng continued to wander around the black market with the female demon.

Many people saw Ye Feng killing several members of the Green Goblin Gang, but instead of running away, he continued to wander around the black market as if nothing had happened, as if he wanted to buy other things.

Many people couldn't help but shake their heads when they saw this scene, and some said with a wry smile: "I don't know if this young man in white is really powerful, or if he doesn't know how high the sky is, he killed the Green Goblin Gang in public. A member of the Green Goblin Gang, the largest gang in the black market, has such a grudge. He doesn't even think about running away, but he is still shopping here. He is really a role model for our generation. However, he will probably be killed by the Green Goblin Gang next time. The members hunted him down fiercely."

At this time, many people were talking, shaking their heads and sighing, feeling that Ye Feng was really a little too arrogant.

After all, although Ye Feng had shown tremendous strength just now, many people knew very well how terrifying the Green Goblin Gang was in the black market.

Although the few members of the Green Goblin Gang were killed by Ye Feng in a few strikes, this does not mean that Ye Feng has the ability to fight against the entire Green Goblin Gang.

After all, the Green Goblin Gang has been standing in the black market for so many years, so it naturally has a very strong foundation of strength. There are many super strong people among them, but they haven't come to them yet. At this moment, many people present could not help but shake their heads and sigh.

After all, the Green Goblin Gang has been standing in the black market for so many years, so it naturally has a very strong foundation of strength. There are many super strong people among them, but they haven't come to them yet.

Chapter 4557 The gap in background

At this time, many people couldn't help but say: "I guess when the real strong men from the Green Goblin Gang come to visit, this boy in white will know what cruelty is."

But while everyone was talking about it, Ye Feng didn't care about the cynicism of the people around him.

Because Ye Feng felt that even if the super strong men from the Green Devil Gang came over, he would probably be able to deal with them.

Even if I can't deal with it myself, Sister Xia, this female demon, is enough to deal with her.

What's more, Ye Feng still has the inheritance token given to him by the black market leader, and he can ask the powerful people at the top of the black market for help at any time.

At this moment, Ye Feng and the female demon continue to look for good things in the black market.

These are the main reasons why they came out today.

As for the people from the Green Goblin Gang who dare to provoke them, then Ye Feng will definitely let this so-called Green Goblin Gang know how difficult he is to provoke.

Next, Ye Feng and the female demon continued to wander around the black market, wanting to see if there were any other good things.

So far, Ye Feng and the female demon have discovered a lot of good things together.

Including a big demon inner elixir, a dragon soul jade pendant, and a small bottle that Ye Feng cut out of the stone, which contained a drop of blood suspected of being a god.

At this time, Ye Feng and the female demon did not return directly to practice, but were ready to continue to see if there were any other good things.

Soon, the female demon seemed to have discovered something. She couldn't help showing a look of interest on her face, and said loudly: "Brother Ye Feng, I just found a very good thing, but other people probably don't know it at all." Knowing the value of that thing, throwing it away in a place where discarded things are piled up is really a waste of money."

Hearing what the female demon said, Ye Feng became interested and couldn't help but smile and said, "Okay, let's go over and take a look."

r\u003e

At this moment, Ye Feng followed the female demon and walked quickly towards a certain direction of the black market trading market.

Soon, Ye Feng followed the female demon and arrived at an abandoned place in this black market.

This is the place where everyone in the trading market uses it to pile up unnecessary things.

Most of the discarded things are piled here in a haphazard manner.

This is a place no one cares about.

But at this time, the female demon came here, squatted down, and took out a small disk-like stone from the ruins.

This disc, which looks like it is made of stone, looks like a very ordinary ancient decoration, discarded here.

Apparently, no one knew the value of this stone disk.

But at this moment, the female demon looked at the disc made of stone and said with a smile: "This is a good thing."

Ye Feng also showed a look of surprise in his eyes, and said aloud: "Is there anything special about this disc made of stone?"

Obviously, Ye Feng himself did not find out what special function this disc made of stone had.

But at this time, the female demon smiled slightly and said aloud: "This disc made of stone is a disc of heaven and earth made by a very ancient race. The inside of this disc is definitely engraved with something. A very ancient formation pattern. Once this heaven and earth disk is activated, it can release different types of power. However, I don't know yet what kind of formation is imprinted inside this heaven and earth disk. It may be an attack. Formation can also be

It can be a formation that assists cultivation. "

After finishing speaking, Ye Feng smiled and asked: "Then how to identify what kind of formation is imprinted inside this heaven and earth disk?"

The female demon smiled and said aloud: "You will know after you try it."

At this time, the female demon said that without any hesitation, she directly input some of her mana and entered the stone disk.

Buzz!

Almost in the next moment, this ordinary stone disk suddenly burst into brilliant light.

Ye Feng immediately saw that a small formation appeared inside the stone disk. ??

The moment this formation was revealed, all the surrounding spiritual energy from heaven and earth quickly gathered together.

In an instant, Ye Feng felt that the concentration of the energy of heaven and earth around him was nearly dozens of times denser than in other places.

After sensing all this, Ye Feng suddenly showed deep surprise in his eyes and said loudly: "Sister Xia, the formation imprinted in this stone disk seems to be a very advanced spirit gathering. The formation can gather all the surrounding spiritual energy of heaven and earth, making the concentration of heaven and earth energy in the area around the disk nearly dozens of times denser than in other places. This is definitely a spiritual accelerator for practitioners. The same existence."

Hearing what Ye Feng said, the female demon also showed a look of surprise in her eyes, and said in surprise: "We can turn waste into treasure."

After finishing speaking, the female demon directly put the heaven and earth disk into her storage ring, and then said aloud: "After we finish visiting the entire black market, we will go back to practice directly and use our previous Those cultivation resources obtained, and this stone disk

The activation of the spirit-gathering tactics will definitely increase our cultivation level by leaps and bounds. "

Hearing what the female demon said, Ye Feng immediately nodded happily.

This time in this black market trading market, I really got a lot of good things at a very small price.

Next, the two of them continued to wander around the trading market.

Soon, Ye Feng discovered another good thing that others could not discover through his powerful soul power.

It was a stone-like Buddha statue placed on a stall.

This Buddha statue is very small, only about the size of a palm, and it looks like it is carved from the most ordinary stone. There is nothing magical about it, but Ye Feng is able to sense the magic from this ordinary little stone Buddha statue. To a very huge ancient Buddha power.

Ye Feng didn't hesitate at this moment and bought this very ordinary-looking Buddha statue.

For Ye Feng, this kind of thing containing ancient power is of great benefit to Ye Feng's cultivation.

On the contrary, Ye Feng is currently not that interested in weapons, armors, and some special inheritances that can assist in cultivation.

After all, what Ye Feng wants most now is to improve his cultivation strength as much as possible.

Whether in the black market, the entire Blood Demon Dynasty, or the entire Northern Territory of the Ten Thousand Demons interface, Ye Feng is deeply aware that although his current cultivation strength is already top-notch among his generation, even some older figures are not their opponents.

But in the eyes of the truly top-notch superpowers in the Northern Territory, who stand at the top of the pyramid, I am still very small.

This is the gap in accumulated foundation and cannot be made up in a short time.

Chapter 4558 Very contemptuous

Ye Feng knew that there was still a huge gap between him and the leaders of the black market, including the emperor of the Blood Demon Dynasty and the masters of the major forces.

Therefore, Ye Feng naturally wants to improve his cultivation base as much as possible, so that his base can be increased quickly, and his cultivation level can be improved quickly. In this way, he can catch up with those top experts.

After all, in the black market before, Ye Feng met with the person in charge of the black market, and he deeply realized how powerful these super strong men standing at the top of the pyramid in the northern region of the Ten Thousand Monsters Interface were. It was simply unfathomable.

At this moment, after Ye Feng bought the Buddha statue, he looked around and found that they had arrived at the end of the black market.

At this time, the female demon immediately smiled and said: "Brother Ye Feng, we can go back directly. We have finished shopping in the entire trading market, and there are no other good things left."

"good."

Ye Feng nodded and prepared to leave here and go back to practice. ??

They have bought a lot of good things in this black market, but they have not used them yet.

Now go back and use it, you can quickly improve your cultivation strength in a short period of time.

Ye Feng needs to improve his cultivation, while the female demon wants to restore her strength. They both need to make full use of the good things they bought before.

But just at the moment they were about to leave the trading market.

Wow!

Wow!

Suddenly, teams of strong men wearing green armor appeared in the surrounding trading markets and major streets.

These strong men in green armor, like well-trained soldiers, surrounded and blocked the entire trading market.

Then a young man wearing a black robe slowly walked over from a short distance away.

Behind him were two ancient beasts that looked like unicorns, which seemed to be his pets in captivity to help him fight.

This young man in black robe is so angry

With extraordinary momentum, he walked over and stared at Ye Feng and the female demon, especially Ye Feng. There was a cold air in his eyes, and he said: "Boy, you are the one who dares to kill us on the spot in the black market. Core member of the Green Goblin Gang, what you did is simply daring! You have completely provoked our Green Goblin Gang."

Hearing what this young man in black robe said, Ye Feng didn't show any fear in his eyes. Instead, he smiled faintly and said, "I provoked you, so what happened to the Green Devil Gang? It's those of you Green Devil Gang." Members are doing evil things and want to rob me of my wealth and treasures. I am just treating them the way they are treated. "

Hearing what Ye Feng said, the young man in black robe standing in the middle of the group suddenly showed a sneer in his eyes, and said loudly: "Boy, I admire your courage, but the Shenshui realm If you dare to be so arrogant in front of me, then I will let you know what cruelty is. If you offend our Green Goblin Gang, you must pay death in the black market."

After saying that, the young man in black robe took a step forward.

Boom! !

As the young man in black robe took a step forward, a terrifying aura of cultivation suddenly erupted from his body.

At this moment, this young man in black robe revealed his cultivation power, and he turned out to be a Saint Pulse Realm level existence that surpassed the Divine Water Realm by two entire realms!

Above the divine water realm is the holy spring realm.

And above the Holy Spring Realm is the Holy Pulse Realm.

The current cultivation level of this young man in black robe is at the Holy Pulse Realm, which is two realms stronger than Ye Feng's current fifth level Divine Water Realm.

And you must know that the higher the level of cultivation, the greater the gap.

Perhaps in a relatively low level of cultivation realm, ordinary geniuses can leapfrog and kill enemies.

But when one reaches a very high level of cultivation, not to mention the gap of a whole realm, even the gap of one heaven, the combat effectiveness will be very different.

So at this time, when this young man in black robe looked at Ye Feng, a boy who was two realms below him, he naturally felt that he was just an ant-like existence.

At this moment, Ye Feng also felt a huge pressure, covering himself.

It has to be said that this young man in black robe must have a very high status among the Green Goblin Gang, otherwise he would not be so powerful.

Not only does he have two staff beasts in his captivity, but he is also able to command dozens of official members of the Green Goblin gang wearing green armor. ??

At this moment, dozens of Green Devil Gang members wearing green armor, like soldiers forming a formation, surrounded Ye Feng and the female demon in a small circle.

Then this young man in black robe exuded an extremely powerful aura of cultivation, two levels higher than Ye Feng, and slowly walked towards Ye Feng.

The young man in black robe did not make a move or speak. He just walked slowly towards Ye Feng, very quietly, but the pressure on him was getting stronger and stronger.

At this moment, the female demon was about to take action, but Ye Feng suddenly said: "Sister Xia, don't rush to take action yet. I want to test what level my current combat power is."

After saying that.

Boom! !

Ye Feng also burst out with his own cultivation aura.

The young man in black robe opposite saw Ye Feng's burst of cultivation aura, and immediately laughed out loud, and said in a very sarcastic tone: "Boy, you are only at the fifth level of the Divine Water Realm, and you are lower than me. A whole two realms, you dare to explode your cultivation momentum in front of me? Do you want to fight with me? I think you are too naive. You have no ability to fight with me. I can crush an ant like you who is two levels lower than me. To be honest,

In my eyes, you are really as weak as an ant. If it were not for the majesty of our Green Goblin Gang, I would not even bother to take action against a weakling like you. Killing you would not give me any sense of accomplishment. "

Boom!

Almost at that moment, the moment after the young man in black robe finished speaking, he actually extended a finger with contempt.

That finger suddenly turned into a huge black finger, like the finger of a dark god, and suddenly struck towards Ye Feng, as if it could crush everything.

It has to be said that the attack of this young man in black robe is indeed very contemptuous. He wants to crush the ant Ye Feng to death with an absolutely condescending attitude.

At this moment, Ye Feng looked at the huge black finger, his eyes showed no fear, but were full of boiling fighting spirit.

Boom!

At this moment, Ye Feng did not hesitate and directly burst out the power of his Celestial Clan.

Ye Feng's whole body suddenly burst into brilliant light.

Ye Feng's entire body turned into the color of pure gold.

Boom!

At this moment, Ye Feng frantically mobilized all his strength, waving his golden fist, like a young golden god of war, and struck towards the dark finger that was crushed down from high in the sky. He wanted to be alone and fight against this powerful Green Goblin Gang who was two realms higher than himself, a young man in black robe.

Because Ye Feng wanted to try to see what level his current strength had reached.

After all, until Ye Feng's breakthrough, he has yet to truly exert his most powerful combat power.

It just so happened that this young man in black robe from the Green Goblin Gang was looking for trouble for him. It was just a good time to test Ye Feng's true and most powerful fighting power, to what level it had reached, and whether it could fight against such a powerful young man in black robe. exist.

Chapter 4559: Brutal as an ancient beast

Boom! !

At this time, Ye Feng directly exploded with the power of his immortal body, and his whole body burst into brilliant divine light.

The whole person is like a golden god of war, full of unparalleled vast power, charging towards the black finger high in the sky.

The two immediately collided together.

"Boom!"

At this moment, Ye Feng immediately felt that this huge black finger had extremely terrifying power.

The terrifying power of shock seemed to be able to shake and shatter his entire body.

But Ye Feng has finally activated the power of his immortal body, so at this time, Ye Feng used the power of his body to resist this black finger.

Then Ye Feng continued to wave his golden fist.

boom! boom! boom!

Ye Feng's golden fist bloomed with bright golden light, as if it had just been forged from the divine furnace. It had terrifying destructive power, and it continuously bombarded the black finger.

Under Ye Feng's continuous bombardment, this black finger was finally completely shattered by Ye Feng.

At this moment, when the young man in black robe, the core member of the Green Goblin Gang not far ahead, saw this scene, his eyes showed a look of surprise, and he couldn't help but said with interest: "Oh ? I didn't expect that a kid like you, who is so much lower than me, could actually explode with such strong fighting power. It seems that you are indeed a talent, but this does not mean that you can fight against me. I just said It's just a random finger, it just releases a little bit of my power."

After finishing speaking, the young man in black robe looked at Ye Feng, his eyes were filled with deep ferocity, and he said loudly: "I will not hold back anymore, you will be captured by me in an instant.

Kill. "

Almost at the moment when the young man in black robe finished speaking, he stretched out a palm towards Ye Feng.

His palm suddenly erupted with rays of extremely dark light.

These dark lights condensed into thousands of different types of weapons in an instant, including swords, guns, swords, halberds, axes, axes, hooks and forks.

All these weapons were condensed by the black divine light, exuding an extremely terrifying killing aura, and rushed towards Ye Feng in an instant.

At this moment, the young man in black robe smiled coldly and said: "This is one of my unique skills. The Ten Thousand Weapons Domain. These tens of thousands of weapons are all condensed from my original power. They have indestructible properties." Its power can surround you from all directions, attacking and killing you. You can't resist it, so just wait for death, hahaha!"

Boom!

At this moment, thousands of weapons condensed by the black divine light rushed in front of Ye Feng and bombarded Ye Feng. They were really facing Ye Feng in all directions at 360 degrees with no blind spots. attack.

Ye Feng wanted to retreat, but he couldn't.

Ye Feng could feel that although these weapons were all condensed from black divine light, they were indeed as sharp as divine weapons.

At this moment, Ye Feng didn't hesitate at all and just frantically inspired the power of the immortal body of the god.

Buzz!

Every area of Ye Feng's entire body immediately turned into a piece of gold.

The skin is as if it has been turned into pure gold and is indestructible.

The moment those weapons condensed with black light struck Ye Feng, they were all blocked by Ye Feng's golden skin and shattered.

"Um?"

Seeing this scene, the young man in black robe not far away suddenly showed a look of astonishment in his eyes, and said quickly: "This is impossible! How can you, a boy who is two levels lower than me, have the ability to Such a powerful body? Even if you have a special physique, it is impossible to have such a terrifying physical strength. This is impossible! "

At this time, the young man in black robe did not hesitate and continued to release the extremely powerful inheritance method.

"Death Scythe!"

At this moment, the young man in black robe took out a palm-sized sickle from the storage ring.

But the moment he injected his magic power, the palm-sized scythe immediately expanded into a huge black scythe tens of thousands of meters long in his hand, and then rushed high into the sky, heading towards Ye Feng. In the past, it seemed that Ye Feng's life would be cut off.

Ye Feng immediately felt an aura of death envelope him.

Obviously, this Death Scythe is not just an ordinary magic weapon, but also a weapon with the nature of the law of death.

Therefore, it not only has the sharpness and sharpness of weapons, but also the power of laws, making it impossible for Ye Feng to avoid it.

At this moment, Ye Feng was naturally unable to retreat, and could only use his extremely powerful method: "Phoenix Immortality Technique!"

This is an extremely powerful inheritance that Ye Feng has practiced before.

At this moment, Ye Feng felt it immediately, and endless phoenix power surged out of his body.

\u003c

br\u003e Behind Ye Feng, a fiery red phoenix with a length of tens of thousands of meters appeared directly, possessing extremely terrifying power of fire.

Boom! !

The Phoenix Immortality Technique released by Ye Feng and the condensed phoenix image successfully blocked the death sickle attacked by the young man in black robe.

At this moment, Ye Feng immediately rushed towards the young man in black robe.

Because Ye Feng knew very well that if he just used various means to fight, he would probably not be the opponent of this young man in black robe by then.

Because the cultivation realm of the two is quite different after all, so their mana reserves are also quite different.

So Ye Feng now knows that the only way is to quickly approach the young man in black robe while fighting.

Because Ye Feng sensed that the body of this young man in black robe was not very powerful, but he possessed the extremely powerful Immortal Body of God, and his body was indestructible and could destroy everything.

So as long as Ye Feng is allowed to get close to the young man in black robe, Ye Feng will definitely be able to kill the young man in black robe directly.

When the young man in black robe saw Ye Feng approaching him quickly, his eyes suddenly showed surprise and he quickly backed away.

He knew that Ye Feng definitely wanted to fight him in close combat, so that he could bring out Ye Feng's extremely powerful physique.

At this time, the young man in black robe was also very shocked, because he had never seen someone as ridiculously powerful as Ye Feng, who was simply indestructible and as ferocious as an ancient beast.

Moreover, the powerful inheritance of the Phoenix Immortality Technique that Ye Feng released just now made the young man in black robe understand that this young man was definitely not as simple as he thought.

Chapter 4560 The First Hall Master

At this time, the young man in black robe knew that Ye Feng was not easy to deal with. He finally took it seriously and was ready to unleash his unique skills.

At this moment, the young man in black robe immediately shouted: "The Dark Giant of Death!"

At this moment, the young man in black robe suddenly burst out with an extremely bright black divine light.

These black divine lights, directly condensed behind the young man in black robes, formed the phantom of the will of a dark god that was thousands of meters tall.

Buzz!

And what's weird is that the young man in black robes actually integrated into the body of the dark dharma that was thousands of meters tall, directly condensed with the dark dharma he released, and turned into a majestic figure with a height of tens of thousands of meters. The dark giant.

This dark giant, after merging with the black-robed young man himself, opened his eyes directly.

A blood-red light emitted from the two eyes, giving people a very evil feeling, just like the evil dark giant in the legends of ancient times.

"boom!"

This evil dark giant, with unparalleled power, charged directly towards Ye Feng and punched him hard.

Boom!

Ye Feng instantly raised his golden fist and collided with it. He immediately felt the terrifying power bursting out from the dark giant's fist.

The next moment, Ye Feng felt as if he had collided with an ancient mountain. The terrifying impact caused Ye Feng to be blown away and fell to the ground not far away, breaking a large piece of ruins.

"Um?"

Seeing this scene, the female demon not far away was about to take action.

But Ye Feng among the ruins suddenly got up.

Although the white clothes were a little torn, Ye Feng looked a little embarrassed.

But Ye Feng immediately spoke out at this time: "Sister Xia, there is no need to rush to take action. I still have to fight with this young man in black robe."

I will fight until the end to see where my limit is. "

At this moment, Ye Feng was actually quite satisfied with his fighting power.

After all, this young man in black robe is two realms higher than himself, and he is also a core member of the Green Devil Gang in the black market. His methods, strength, and combat effectiveness are all very powerful, and he is not an ordinary strong man.

But Ye Feng was still able to fight him until now.

It is enough to show that Ye Feng's current combat power has exceeded his expectations.

But Ye Feng wanted to see where his ultimate combat power was.

So at this time, Ye Feng asked the female demon not to take action for the time being, and just keep an eye on the other official members of the Green Goblin Gang and stay away from the battlefield here.

When the female demon heard what Ye Feng said, she looked at Ye Feng's firm eyes and nodded.

But there was a trace of love and affection in her eyes.

At this time, the female demon finally understood that Ye Feng, who usually looked quite delicate and gentle, turned out to be so crazy when fighting.

She also knew that Ye Feng did this to quickly improve his combat experience.

Because just relying on arrogant improvement of cultivation, sometimes the combat effectiveness will not be improved that obviously.

Only by experiencing the battle of life and death, and being tempered by blood and fire, can we become stronger and gain more and more experience when fighting.

Therefore, the female demon understands that the reason why Ye Feng has such a strong fighting power, and the reason why he has been able to rise from a small place and a small person to the current level, must have suffered countless hardships.

This made the female demon feel a deep affection for Ye Feng.

Wow!

Ye Feng stood up from the ruins. The clothes on his body were

Some of his hair was broken, and his hair was even hanging over his shoulders, making him look quite embarrassed.

But Ye Feng's eyes at this moment were full of unparalleled determination, and a soaring fighting spirit burst out from his body.

The female demon not far away saw this scene and stopped taking action.

Ye Feng just stared at the dark giant transformed into the young man in black robe not far away, with an extremely terrifying fighting intent in his eyes.

"kill!"

At this moment, Ye Feng did not choose to retreat, but continued to burst out with super strong will to fight. The whole body bloomed with bright golden divine light, fully stimulating the power of the immortal body of the god, and charged towards the evil dark giant in front of him. .

Boom!

At this moment, the evil dark giant transformed by the young man in black robes showed deep ridicule in his eyes. He stared at Ye Feng and said loudly: "An existence like an ant can persist until now. This is your maximum, and then you will be completely crushed to pieces by me!"

Boom!

At this moment, the evil dark giant transformed by the young man in black robes erupted with a terrifying dark light of death, causing his entire dark giant's body to rapidly grow in size again, and to a large extent. Tens of thousands of meters.

The majestic and boundless dark giant of more than 20,000 meters rushed towards Ye Feng, and they immediately started fighting with Ye Feng at high altitude.

Boom!

The terrifying fluctuations in the battle caused many official members of the Green Goblin Gang who were surrounding them to retreat quickly.

And this battle also attracted the attention of countless people in the black market.

Countless people gathered around.

Among these people, there are local residents in the black market, wandering warriors who come to the black market from other areas of the Blood Demon Dynasty to trade, and some core members of big families or other forces.

\u003c

br\u003e They felt very frightened as they watched the battle between the two in front.

Because the destructive power produced by the battle between the two would almost destroy the entire black market.

Even the black upper-level law enforcement teams were attracted here by this terrifying battle.

But the one they saw fighting was Ye Feng, and they immediately didn't dare to stop him.

Because they had just seen the inheritance token on Ye Feng, they knew that Ye Feng was likely to be the next generation successor trained by the superior black market leader.

Therefore, these black market law enforcement teams only dared to watch from a distance, letting Ye Feng and the young men in black robes fight without daring to stop them.

Many people present saw this terrifying battle and couldn't help but exclaimed, "It turned out to be the boy in white who killed a formal member of the Green Goblin Gang just now. Sure enough, the Green Goblin Gang sent a more powerful being to come." To kill this young man in white, I didn't expect that this young man in white is so terrifying, able to fight like this with the core powerhouse of the Green Goblin Gang."

Hearing someone say this, others couldn't help but said: "I know the young man in black robe who turned into a dark giant. He seems to be the strongest young man in the Green Goblin Gang. Now he is the Green Goblin." The existence that ranks first among the top ten hall masters in the Green Devil Gang, I didn't expect that the first hall master of the Green Devil Gang, such a big shot, would not be able to immediately kill the young man in white. Who is this young man in white, and he actually has such a great power? Powerful fighting force!"

At this moment, countless people around him couldn't help but exclaim in surprise.

They marveled at Ye Feng's strength, which was really incredible and incredibly powerful.

They have never encountered such a powerful person in the Blood Demon Dynasty.

Because even some powerful princes in the Blood Demon Dynasty, or so-called top geniuses trained in some top families, cannot be as powerful as Ye Feng, and they all pale in front of Ye Feng.
