

## Ancient 4561

Chapter 4561 The cruel young man

And while everyone was discussing, Ye Feng also felt a feeling of exhaustion while fighting the evil dark giant.

Because this evil dark giant can actually extract endless dark power from the void to continuously strengthen his own strength.

But Ye Feng was fighting a war of attrition at this time.

Even though Ye Feng's skill reserve is very strong, the Immortal Body of the God is also very powerful.

But fighting against such a powerful dark giant was quite difficult for Ye Feng.

This made Ye Feng couldn't help but sigh in his heart. Sure enough, this young man in black robe, who was two realms higher than himself, was indeed very powerful. He was worthy of being a core member of the Green Goblin Gang, and his combat power was truly terrifying.

But at this time, Ye Feng would not give in easily.

During the battle, Ye Feng realized that continuing to consume like this was not the answer.

So at this moment, Ye Feng did not hesitate and directly released his trump card, the Gate of Heaven.

The Gate of Heaven is the legendary magic weapon of the Lord of Heaven.

In the Wan Yao interface, a high-level cultivation interface that is not ranked too high, few people know the identity of Heaven's Gate.

So at this time, Ye Feng naturally released a powerful treasure like Heaven's Gate without any hesitation.

Boom!

At this moment, Ye Feng released the Gate of Heaven, and the entire Gate of Heaven suddenly burst out with a bright white divine light.

This white divine light naturally suppresses the power of dark attributes.

So at this moment, when Ye Feng released the Gate of Heaven, the huge dark giant in front of him was directly illuminated and his entire body almost dissolved.

"What? How is this possible? How is it possible that your kid possesses such a high-level magic weapon with light attributes? It can actually dissolve the magic giant condensed by my dark will of death in an instant??"

\u003e

At this time, the young man in black robe immediately let out an incredible roar, obviously extremely shocked.

He didn't seem to expect that such a young boy like Ye Feng would have such an extremely advanced magic weapon with light attributes, which could restrain his dark cultivation attribute power.

"no, do not want!!"

At this moment, the young man in black robe was finally completely frightened.

Because the gate to heaven above Ye Feng's head exudes infinite divine light, the white divine light emitted made the entire body of the dark giant condensed by the young man in black robes shine until it almost dissolved.

At this time, the young man in black robe could clearly sense that the huge evil dark giant power that he had condensed was rapidly and continuously declining, and it seemed that it would be completely shattered in the next moment.

At this time, the young man in black robe immediately screamed in fear, and then rushed towards Ye Feng, as if he wanted to use his last strength to kill Ye Feng completely.

In this case, Ye Feng's Gate of Light would completely lose all its power without the maintenance of its master.

But Ye Feng had long expected that this young man in black robe had such thoughts.

Buzz!

So at this moment, Ye Feng directly used the power of the void and quickly transferred to another space.

Then Ye Feng controlled the Gate of Heaven above his head and collided directly with the young man in black robe who rushed over.

The Gate of Heaven is very advanced, very terrifying, and has the power of supreme light.

So at this time, the evil dark giant condensed by the young man in black robe collided with the gate of heaven, and immediately became like an ice cube.

It was like touching a red-hot iron block, and it was instantly dissolved into pieces.

"ah!!"

The young man in black robe also screamed at this moment, and immediately fell from the body of the dark giant.

Uh-huh!

After seeing this scene, Ye Feng didn't waste any time. He rushed to the young man in black robe who fell from the dark giant's body and punched him hard.

"Pfft!"

Accompanied by a huge sound of flesh and blood being broken, Ye Feng's fist blasted a blood hole out of the black-robed young man's entire chest and shattered his heart.

"ah!"

At this moment, the young man in black robe immediately let out an earth-shattering scream.

He felt severe pain, spreading from his heart to his whole body, stimulating his senses and nerves.

"you you....."

The young man in black robe wanted to roar angrily, but it was of no use.

His life force has completely dissipated.

Before he died, the young man in black robe still looked in disbelief, with an incredible expression on his face.

Obviously, he never expected that a young man whom he regarded as an ant would eventually kill him completely.

"What? This boy in white really killed the first leader of the Green Goblin Gang??"

"It's incredible! How did he do it??"

"This kind of fighting power is simply terrifying and unbelievable!"

At this moment, countless people around him let out deep exclamations of exclamation.

Because this young man in black robe, as the first leader of the Green Devil Gang, has very strong cultivation and various methods.

It's so terrifying that it's simply not something ordinary people can fight against.

But Ye Feng, a boy two levels below this young man in black robe, actually killed this young man in black robe completely.

This scene naturally made everyone feel a sharp contrast, and naturally made everyone feel shocked.

Even the official members of the Green Goblin Gang who were surrounding them were so frightened that they abandoned their armor and fled frantically.

Ye Feng didn't hesitate at this moment and directly stretched out his hand to attack the surroundings.

Ye Feng's golden hands were like the irresistible hands of gods, possessing terrifying oppressive power, completely killing all the dozens of ordinary regular members of the Green Goblin Gang who surrounded them. .

Now Ye Feng's combat power has been raised to a very terrifying level. Although these official members of the Green Goblin Gang are very powerful in the eyes of ordinary people, they are nothing in Ye Feng's eyes. All of them were wiped out.

At this moment, Ye Feng naturally would not let go of these official members of the Green Goblin Gang, and killed them all.

These members of the Green Goblin Gang have been provoking him, so Ye Feng will naturally not be polite. Naturally, he will kill them all without leaving any one behind.

"hiss!"

"What a cruel young man!"

After seeing Ye Feng's brutal scene, all the people in the surrounding black market who were attracted to watch showed deep horror in their eyes.

Everyone couldn't help but take a breath of cold air, and there was a burst of sounds.

They knew exactly what Ye Feng meant by doing this.

That means that he and the entire Green Goblin Gang have completely broken up with each other.

But Ye Feng still did it, showing such a ferocious state, which naturally made everyone horrified. This young man in white was so bold!

Chapter 4562 Inheritance Secrets

At this moment, Ye Feng didn't care what the people around him thought.

Because Ye Feng has now completely broken up with the Green Goblin Gang.

The Green Goblin Gang wanted to cause trouble for him again and again and wanted to kill him, so Ye Feng would naturally not be polite.

At this time, after Ye Feng killed the young man in black robes and a group of dozens of official members of the Green Goblin Gang, he directly released his Devouring Domain without any hesitation.

Buzz!

Suddenly, the extremely dark Devouring Realm spread from Ye Feng's body, covering all the young men in black robes and the dozens of official members of the Green Goblin Gang.

Whether it was the young man in black robe himself or the dozens of official members of the Green Goblin Gang, they all provided Ye Feng with tremendous energy at this moment.

In particular, the super powerful existence of the young man in black robe provided Ye Feng with the most powerful blood energy and skill.

Of course, the dozens of official members of the Green Goblin Gang are not weak, and the energy they provide is also very good.

So at this moment, Ye Feng immediately absorbed extremely powerful energy, causing Ye Feng's skill and cultivation to rapidly and continuously break through.

boom!

Divine Water Realm Sixth Heaven!

boom!

The Seventh Heaven of Divine Water Realm!

boom!

Divine Water Realm Eighth Heaven!

boom!

Divine Water Realm Ninth Heaven!

boom!

The tenth heavenly perfection of the divine water realm! !

At this time, in just a few moments, Ye Feng's cultivation level made breakthroughs one after another, and he simply couldn't stop.

He actually broke through the entire fifth heaven in one fell swoop!

Directly from the fifth heaven of the divine water realm, he broke through and stepped into the tenth heaven of the divine water realm and reached the Great Perfection!

In this way, Ye Feng's eyes suddenly showed deep joy and unexpected surprise.

Because Ye Feng never thought that he would

Being able to break through so much at once.

However, this young man in black robe was, after all, two realms stronger than Ye Feng.

It is not so strange that the majestic skill that has swallowed up such a powerful being can break through so many heavens at once.

Not to mention, there are dozens of regular regular members of the Green Goblin Gang to assist with their skills.

At this time, after Ye Feng's cultivation reached the tenth level of Divine Water Realm, he clenched his fists and felt infinite energy surging through his entire limbs.

Ye Feng only felt that his combat power had improved by an unknown amount at this moment.

After all, you must know that Ye Feng is not an ordinary practitioner, but a super genius, the top super genius.

Every breakthrough that Ye Feng makes can bring about earth-shaking changes in Ye Feng's strength.

You know, if some ordinary practitioners have only broken through a few levels of cultivation, they may not have changed that much from before.

But for Ye Feng, even if he only breaks through a few levels of a realm, it can bring about earth-shaking changes in Ye Feng's combat effectiveness.

At this moment, Ye Feng could feel that his fighting power was much stronger than when he was fighting with this young man in black robe.

If Ye Feng fights this young man in black robe again, Ye Feng feels that with his current cultivation aura and strength of the tenth level of Divine Water Realm, he will definitely be able to kill this young man in black robe very easily.

At this time, Ye Feng also took off the storage ring from the finger of the young man in black robe.

After Ye Feng investigated, he immediately discovered some special cultivation methods.

It is precisely the two powerful inheritances displayed by this young man in black robes before, the "Field of Ten Thousand Weapons" and the "Dark Giant Dharma Appearance".

".

Ye Feng had already seen these two powerful inheritances just now, and they were very powerful.

When the young man in black robe used it just now, he almost killed Ye Feng.

Therefore, Ye Feng deeply understands how powerful and magical these two sets of inheritance are.

Now that Ye Feng has obtained these two sets of inheritance, he is naturally very surprised.

Unexpectedly, this young man in black robe carried these two sets of powerful inheritances with him in a storage ring.

However, Ye Feng also knew very well that it was probably that this young man in black robe had not yet understood the true level of Dzogchen through these two sets of inheritance.

Therefore, carry these two sets of inheritance secrets with you at all times and put them in the storage ring so that they can be understood at any time.

After all, not everyone has the incomparable power of understanding like Ye Feng, who can comprehend various powerful inheritances to the level of Dzogchen in a short time at any time.

At this moment, Ye Feng directly opened these two inheritance secret books and imprinted the secrets of the inheritance of Ten Thousand Weapons Domain and Dark Giant Dharma into his mind, so that he could understand them anytime and anywhere.

Soon, Ye Feng was able to use these two sets of inheritance.

The Ten Thousand Weapons Domain allows the user to use his own original power to condense thousands of powerful weapons in an instant to carry out all-round attacks on the enemy.

The Dark Giant Dharma allows you to fuse yourself with the Dark Giant and become an evil Dark Giant with super combat power. It has extremely powerful combat power.

This is much more magical than the Phoenix Immortality Technique that Ye Feng used before.

Because the Dharma that Ye Feng had condensed before was independent of his own body and could only assist in fighting.

But this method of cultivating the Dark Giant's Dharma allows Ye Feng to directly merge with the Dark Giant's Dharma.

In this case, Ye Feng can make himself

Become a dark giant with super combat power and mobility.

At this time, after Ye Feng finished searching for everything, he immediately looked at the female demon not far away, smiled and said, "Sister Xia, let's just leave here."

The female demon looked at Ye Feng at this time, and her eyes were also filled with deep amazement.

Originally, she planned to see something was wrong and directly rescue Ye Feng. After all, the gap in cultivation between Ye Feng and the young man in black robe was really too big.

Unexpectedly, Ye Feng relied on his strong fighting power and tenacious fighting will to defeat the young man in black robe, which is really incredible.

This kind of super fighting power may only be achieved by Ye Feng.

At this moment, under the shocked eyes of countless people around them, Ye Feng and the female demon left the scene.

At this time, many people couldn't help but say: "This young man in white was able to kill the extremely powerful first leader of the Green Devil Gang. It seems that our previous speculations were wrong. This young man in white It is difficult for a young man to be completely killed by the Green Goblin Gang, because the fighting power of this young man in white is really terrifying."

At this time, I heard someone say this, and some people couldn't help but sarcastically said: "This boy in white will die after all. This time he kills the first leader of the Green Goblin Gang, which will definitely completely anger the entire Green Goblin Gang. , and this young man in white also showed his unparalleled fighting power in this battle. Next time the Green Devil Gang will probably come out in force, and even the leader of the Green Devil Gang will personally kill this young man in white. I It is estimated that this young man in white will definitely give up and flee the black market. "

And just when everyone was speculating, Ye Feng did not leave the black market, but returned directly to his place of residence with the female demon.

Because next, Ye Feng and the female demon decided to use the various good things they had obtained before to quickly continue to improve their cultivation strength.

Chapter 4563 Swallowed directly

Ye Feng and the female demon have no fear at all towards the so-called Green Goblin Gang.

After they left the scene, they returned directly to their place of residence.

At this moment in the room, Ye Feng and the female demon sat opposite each other.

At this time, Ye Feng and the female demon took out all the good things they had bought from the black market.

They are a great demon inner elixir, a dragon soul jade pendant, and a bottle containing a drop of blood suspected of being a god.

Finally, there was the very ordinary-looking stone Buddha statue that Ye Feng bought later.

At this moment, the female demon took out the great demon inner elixir and said with a smile: "Brother Ye Feng, let's first absorb the power of the ancient demon in this great demon inner elixir."

Ye Feng immediately nodded expectantly and said, "Okay, I've been looking forward to it for a long time."

At this moment, the female demon directly threw the great demon inner elixir high into the sky.

Buzz!

The next moment, the Great Demon's inner elixir was directly suspended in the void.

At this moment, the female demon immediately started breathing and exhaling.

Every time she breathes out, she is able to absorb the very powerful power of the Great Demon from the Great Demon's inner elixir and absorb it into her body.

The female demon's cultivation aura immediately began to rise.

However, the female demon will not break through in her cultivation. She is just recovering the strength she has lost over the past tens of millions of years.

At this time, Ye Feng was also very simple. He directly released the Devouring Domain and began to devour the energy in the great demon's inner elixir.

It has to be said that this great demon inner elixir is indeed the inner elixir of the ancient great demon among the female demons and their clan, and it contains very rich essence energy of the demon clan.

Don't look at this big monster

The inner alchemy is only the size of a human head, but the energy contained in it is comparable to that of a vast ocean.

So at this time, both the female demon and Ye Feng had absorbed enough great demon energy from it.

At this moment, Ye Feng was able to convert these big demon energies into his own power, allowing his own skills to continue to accumulate extremely quickly.

Ye Feng's cultivation is now at the tenth level of Divine Water Realm, and he is at the bottleneck stage of a great realm.

Therefore, Ye Feng's absorption of the power of the ancient demon clan in the Great Demon's inner elixir at this time can help him quickly accumulate his own power.

Boom! !

Finally, at a certain moment, Ye Feng accumulated enough energy to directly break through the bottleneck of his cultivation of the tenth level of the Divine Water Realm and step directly into the Half-Step Saint above the Divine Water Realm. Springland!

At this time, after Ye Feng's cultivation broke through to the half-step holy spring realm above the divine water realm, he immediately felt that his power reserves were many times more powerful than before.

Although it is only a breakthrough of half a realm, you must know that this is a breakthrough of an entire bottleneck.

Therefore, even if Ye Feng only steps into the Holy Spring Realm with one foot, he is still many times more powerful than he was before in the Tenth Heaven of Divine Water Realm.

At this time, the female demon opposite looked much rosier.

Apparently, after absorbing enough demon energy from the Great Demon's inner elixir, the female demon's strength has also recovered a lot.

At this moment, I saw that the great demon inner elixir high in the sky had completely shriveled up, and it had obviously been drained of all its energy.

However, the result made both of them very satisfied.

Ye Feng's cultivation level broke through to the half-step Holy Spring realm.

The female demon has regained a lot of her former strength.

At this moment, the female demon continued to bring out the second good thing.

That is a piece of dragon soul jade pendant.

At this time, the female demon input some mana into the jade pendant.

Ye Feng immediately saw that inside this small jade pendant, there was a golden dragon roaring up to the sky.

This giant golden dragon is the ancient dragon soul contained in this jade pendant.

At this time, the two of them continued to absorb the power of the ancient dragon soul in this dragon soul jade pendant as before.

It can be seen that the ancient dragon soul in this jade pendant seems to want to resist, but it is unable to stop the two from absorbing the power of his dragon soul.

So at this moment, the dragon soul of the ancient dragon sealed in the dragon soul jade pendant could only watch as it was sucked dry of all the dragon soul power and completely dissipated.

After Ye Feng got half of the dragon soul energy, an extremely powerful cultivation aura erupted from his body again.

At this moment, his cultivation level went from half a step to the Holy Spring Realm to the first level of the Holy Spring Realm!

At this moment, Ye Feng truly stepped into the holy spring realm, which naturally made Ye Feng's eyes extremely happy.

Ye Feng never thought that these things purchased from the black market at a very small price would actually have such a huge value.

At this moment, after Ye Fengxiu broke through to the first level of the Holy Spring Realm, he broke through to a completely new level of the Holy Spring Realm. He could immediately feel that his combat effectiveness had undergone earth-shaking changes.

Variety.

Now that Ye Feng has entered the first level of the Holy Spring Realm, he has huge self-confidence. If he encounters a strong man like the young man in black robe again, Ye Feng will not have to fight so hard at all. It will be very simple. Killed the opponent.

Therefore, every time Ye Feng breaks through, his combat effectiveness can undergo earth-shaking changes.

At this time, the Dragon Soul Jade Pendant was also drained of energy and completely scrapped.

At this moment, Ye Feng took out the third good thing.

That's a small bottle.

The small bottle contained a drop of blood that was suspected to be from a god, exuding a terrifying breath of life.

At this time, the female demon's eyes showed deep surprise. She stared at the small bottle and couldn't help but said: "The drop of blood contained in this small bottle may really be the blood of the legendary god. , otherwise it would be impossible to emit such a majestic breath of life, which made me even have the illusion that what is contained in this small bottle is not a drop of blood at all, but an ancient beast. It feels really incredible. "

Ye Feng couldn't help but nodded at this time, and said with a smile: "In any case, this drop of blood contains majestic life energy, and it will definitely be of great benefit to me."

After finishing speaking, Ye Feng opened the cap of the bottle, and then swallowed the drop of suspected god's blood in the bottle.

"Forehead?"

Seeing this scene, the female demon couldn't help but said teasingly: "Brother Ye Feng, you are really ferocious. If you were an ordinary practitioner, you would swallow this drop of blood that is suspected of being a god." , I will probably explode and die instantly. Even I can't refine this kind of advanced blood, but brother Ye Feng, you just swallowed it!"

Chapter 4564 Not here yet

"Boom!"

The moment Ye Feng swallowed this drop of suspected god's blood from a small bottle.

Ye Feng immediately felt a terrifying energy, which exploded in his entire stomach.

Then the infinite power surged directly towards every part of Ye Feng's entire body.

Infinite energy, crazy like hairs, took root in Ye Feng's flesh and bones.

Ye Feng immediately felt a very terrifying energy, which was growing rapidly in his Dantian.

Ye Feng's cultivation aura immediately surged crazily.

And the moment Ye Feng swallowed this drop of blood, an ancient shadow like an ancient nine-headed dragon appeared in the void around Ye Feng, roaring and roaring in the void around Ye Feng.

Seeing this scene, the female demon standing aside suddenly showed deep shock in her eyes, and couldn't help but said: "Brother Ye Feng, this drop of blood you swallowed is probably not an ancient god. The blood is a drop of blood of the ancient divine beast Nine-headed Dragon. Otherwise, the shadow of the ancient Nine-headed Dragon's will would not appear in the void around you." .??.

Hearing what the female demon said, Ye Feng immediately nodded, and then said loudly: "Sister Xia helps me protect the law. I no longer have the ability to talk to you. I must hurry up and refine the energy contained in this drop of blood. The energy is really huge."

When the female demon heard what Ye Feng said, she immediately nodded very solemnly and said, "Ye Feng, don't worry, I'm here and I won't let anyone disturb your practice."

After saying that, the female demon stood directly around Ye Feng, alert to all kinds of enemies that might appear around her.

After all, now that they are in the black market, they are likely to encounter attacks from strong men from the Green Goblin Gang.

At this moment, Ye Feng saw the female demon personally protecting him, and he immediately felt relieved.

After all, the female demon's cultivation strength is very terrifying.

So at this moment, Ye Feng began to concentrate on refining this drop of blood.

It has to be said that this drop of blood is indeed a drop of blood from the ancient nine-headed dragon.

So the energy contained in this drop of blood

, was naturally majestic and terrifying to the extreme, causing Ye Feng's skill to increase tremendously in an instant.

Ye Feng's cultivation momentum immediately began to rise.

boom!

The second level of the Holy Spring Realm!

boom!

Holy Spring Realm Third Heaven!

boom!

The fourth level of the Holy Spring Realm!

boom!

The fifth level of the Holy Spring Realm!

At this time, Ye Feng's cultivation suddenly broke through the fourth level.

From the first level of the Holy Spring Realm, the direct growth breakthrough to the fifth level of the Holy Spring Realm made Ye Feng's skill increase many times immediately.

This made Ye Feng's eyes immediately show deep excitement.

I didn't expect that a small drop of blood would contain such a huge amount of energy, which would improve my cultivation so much at once.

At this time, Ye Feng had a look of disbelief in his eyes.

Because this is just a small drop of blood, but it contains such terrifying energy, which is really shocking.

The female demon next to her saw a trace of surprise in her eyes when she saw Ye Feng continuously breaking through so many auras at this moment. It seemed that she did not expect that Ye Feng could convert energy so efficiently, almost turning this blood into energy. All the power of the great demon was directly transformed into his own skill, so he was able to break through so much.

At this moment, Ye Feng opened his eyes, looked at the female demon in front of him, his eyes showed a trace of excitement, and said loudly: "The energy in this drop of blood is really huge."

When the female demon heard what Ye Feng said, she immediately smiled and said: "Of course, this is a drop of blood of the legendary ancient nine-headed dragon. Although the ancient nine-headed dragon cannot compete with the real gods, it is also a divine beast. The existence of this level was also a powerful existence that could fight with the gods. A drop of blood of a divine beast of this level naturally contains the monstrous power of the demon clan. However, if this drop of blood is used by ordinary people, there is simply no way.

Use, because it requires a very strong physique to withstand the devastation of this blood. I am afraid that only when I am at my peak can I refine this blood, but now I am relatively weak. If I directly refine this drop of blood, He will probably explode and die, but brother Ye Feng, you are so awesome. Brother Ye Feng, you really impress my sister and me. "

After the female demon finished speaking, Ye Feng smiled slightly and said nothing more, because Ye Feng has always had a very strong physical strength.

Moreover, Ye Feng's skill attribute can completely convert other energy into his own energy without any conflict.

In addition, Ye Feng's swallowing ability can also quickly swallow the energy of the outside world and convert it into his own power.

Therefore, Ye Feng will not explode and die.

At this moment, Ye Feng's cultivation level was supported by this drop of ancient nine-headed dragon's blood energy, and he directly broke through to the fifth level of the Holy Spring Realm.

At this time, Ye Feng finally took out the last good thing, which was the stone Buddha statue that Ye Feng finally bought.

It seems that this Buddha statue is made of ordinary stone and is unremarkable.

But Ye Feng knew very well that this seemingly ordinary stone Buddha statue contained a very majestic power of ancient Buddhism.

However, this kind of Buddhist power is not the most original energy. Ye Feng feels that if it is swallowed, it will not be of any special use.

At that time, Ye Feng bought the stone Buddha statue because he thought it might represent some special meaning.

At this moment, Ye Feng held the stone Buddha statue and exerted a slight force.

Click! Click!

The stone on the surface of this stone Buddha statue immediately shattered, and cracks appeared.

Then as Ye Feng continued to squeeze hard, all the stones on the surface of the stone Buddha statue suddenly shattered.

Then a pure golden Buddha statue was revealed inside.

Seeing this pure golden Buddha statue, the female demon couldn't help but take a few steps back, and said with some fear: "This golden Buddha statue makes me feel so terrifying, as if it can restrain all the monsters and monsters in the world."

hear the succubus

Saying this, Ye Feng's eyes suddenly lit up.

Even an ancient demon clan like the female demon can restrain itself, which shows how extraordinary this stone Buddha statue is. Oh no, it can no longer be called a stone Buddha statue because the stones on the surface have been crushed by Ye Feng. The actual golden Buddha statue inside was revealed.

At this moment, Ye Feng sensed a very deep Buddhist energy from this golden Buddha statue.

However, Ye Feng had no way to extract the energy and devour it.

Because Ye Feng had already tested it just now, secretly using the power of devouring to absorb the energy in the golden Buddha statue, but there was no way to absorb it.

Perhaps this golden Buddha statue has other wonderful uses.

Ye Feng couldn't help but said: "This golden Buddha statue may itself be a very ancient Buddhist magic weapon that can restrain any evil creature in the world."

After saying that, Ye Feng directly input his magic power and entered the golden Buddha statue.

Buzz!

At this moment, a bright divine light suddenly emitted from the golden Buddha statue.

This bright divine light is golden and gives people a very sacred feeling.

But Ye Feng discovered that this golden Buddha statue had no other function besides emitting golden Buddha light.

This made Ye Feng's eyes look suspicious.

But at this time, the female demon said loudly: "Brother Ye Feng, you should hurry up and put this golden Buddha statue away. I feel that if I am standing here and illuminated by the golden Buddha light, I will be damaged."

Hearing what the female demon said, Ye Feng's eyes moved, then nodded, and put away the golden Buddha statue.

In any case, this golden Buddha statue must be very extraordinary. Ye Feng would like to look through the royal library of the Blood Demon Dynasty when he has time in the future to see if he can find any records about this golden Buddha statue.

Or Ye Feng can explore the secrets inside this golden Buddha statue by himself.

At this time, Ye Feng took back the golden Buddha statue and said, "Sister Xia, during my cultivation process, haven't the strong men from the Green Devil Gang come to trouble us yet?"

Chapter 4565 Gang Leader

"You haven't come to trouble us yet?"

When the female demon heard what Ye Feng said, she couldn't help but smiled in astonishment and said: "Brother Ye Feng, what you said is really fierce. Now you still hope that the strong men of the Green Devil Gang will Are you looking for trouble with us? Brother Ye Feng, you are really not afraid of trouble."

Hearing what the female demon said, Ye Feng just smiled slightly and said: "Those strong men from the Green Goblin Gang are nothing in my eyes now, and even if the super strong men from the Green Goblin Gang arrive, With Sister Xia here, they won't be a problem. If those strong men from the Green Goblin Gang continue to cause trouble for me, I can continue to kill and devour them to improve my own skills."

Hearing what Ye Feng said, the female demon couldn't help but look at Ye Feng in surprise.

At this time, she finally realized that Ye Feng wanted the strong men from the Green Goblin Gang to cause trouble for him, not because he liked to seek abuse, but because Ye Feng had now seen all the strong men from the Green Goblin Gang. It has become the nourishment for one's own cultivation.

If the strong men of the Green Goblin Gang continue to cause trouble for Ye Feng, Ye Feng can continue to kill them and gain the skills and blood energy of each strong man. Ye Feng will definitely be able to continue to gain cultivation. promote.

Thinking of this at this moment, the female demon immediately understood what Ye Feng was thinking, and said with a smile: "I guess those strong men from the Green Goblin Gang may have been afraid, and they came to look for brother Ye Feng one after another. All your troubles were caused by you, brother Ye Feng, so they may be brewing a bigger conspiracy now and want to assassinate you secretly instead of making a big show of trouble. "

Ye Feng couldn't help but shook his head and said loudly: "The strong men of the Green Goblin Gang should not assassinate me. After all, the strong men of the Green Goblin Gang that I killed were not that powerful, and they were just the black ones." A young man in a robe is the first leader

of the Green Devil Gang, so I think the Green Devil Gang, as the largest gang in the black market, was killed by me twice in a row.

I guess they will be furious now and may gather all the strong men to besiege me, but they may not be able to find where I live yet. "

When he said this, Ye Feng immediately stood up, looked at the female demon in front of him, smiled and said: "Sister Xia, let's just go out and walk around, let the strong men of the Green Devil Gang find out Where are we?"

Hearing Ye Feng's rather simple and direct words, the female demon not only did not feel any strangeness, but was a little eager to give it a try, and said: "Okay, I just want to take a look at what level my current strength has returned to, and see if I can He can beat the so-called powerful leader of the Green Goblin Gang."

After saying that, both of them walked out of the house.

Ye Feng took the female demon and prepared to go directly to the most prosperous trading market in the black market, because that was where there were the most people and where the Green Goblin Gang had the most spies.

If he and the female demon appear there, they will definitely be discovered by the Green Goblin Gang's spies, which will allow the strong men of the Green Goblin Gang to descend.

Just when Ye Feng took the female demon out, a middle-aged man in armor walked over immediately.

When the middle-aged man saw Ye Feng, he immediately clasped his fists and said, "Your Excellency, you must be Lord Ye Feng, right?"

Ye Feng glanced at the middle-aged man wearing armor. The armor he wore seemed to be the armor of the royal family of the Blood Demon Dynasty.

This made Ye Feng's eyes look puzzled. He couldn't help but nodded and asked, "What's wrong? I'm Ye Feng."

When the middle-aged man in armor heard Ye Feng confirm his identity, he immediately clasped his fists more respectfully and said: "Master Ye Feng,

His Highness the Seventh Prince has now gathered a lot of powerful people. In the place where the Seventh Prince lives, His Highness the Seventh Prince asked me to come to Lord Ye Feng to inform Lord Ye Feng to cooperate with the black market lady to develop ancient ruins in advance. , the departure date is tomorrow. I hope Lord Ye Feng can meet everyone at the gate of the black market on time tomorrow. "

Hearing what the middle-aged man in armor said, Ye Feng suddenly realized that it was the seventh prince who came to inform him that he was going to develop the ancient ruins discovered on the black market.

Ye Feng had been fighting with the strong men of the Green Goblin Gang these days and almost forgot about this matter.

Ye Feng immediately nodded at this moment, smiled and said: "Okay, you go tell the Seventh Prince that I will definitely arrive on time, and I will wait for them at the entrance tomorrow morning."

"Yes, Lord Ye Feng."

At this time, the middle-aged man in armor nodded immediately, then left with his fists clasped.

At this moment, Ye Feng took the female demon to the black market.

Today's black market trading market is still bustling with people coming and going.

Ye Feng saw many warriors from the Blood Demon Dynasty, as well as wandering warriors from various places, all gathered in the black market.

After all, in the entire Northern Territory of the Ten Thousand Demons Interface, this black market in the Blood Demon Dynasty is probably the place where transactions are most prosperous.

Therefore, many powerful men from major forces may come here incognito and secretly trade all kinds of good things.

I am afraid that even the old rivals of the Blood Demon Dynasty, the strong men of the Demonic Demon Sect, sometimes come to this black market to quietly hide their identities and trade what they want.

After all, there are so many good things in the black market. There are cultivation resources from various places, and there are many different types of things, which is enough.

to meet the needs of all.

In the entire Northern Territory of the Ten Thousand Demons Interface, it is difficult to find a special place like the black market.

Therefore, many people from major forces will come here anonymously and conduct transactions secretly.

And just when Ye Feng was wandering around the trading market with the female demon, a very terrifying aura descended.

Buzz!

Ye Feng sensed this terrifying and killing aura, and immediately grinned, "It's indeed here."

Ye Feng was not afraid, but glanced at the female demon beside him, smiled and said: "It seems that the fish has taken the bait."

Hearing what Ye Feng said, the female demon nodded quite relaxedly and said, "Then let us see who are the strong men of the Green Goblin Gang who came this time."

At this moment, Ye Feng and the female demon turned around.

Uh-huh! Uh-huh! Uh-huh!

And the moment they turned around, powerful men with terrifying auras appeared in front of them, wearing green armor specially made by the Green Goblin Gang.

Standing at the front was an old man with a scar on his face.

This old man with a scar on his face was wearing a black robe and holding a huge red sword in his hand. He looked decisive and very powerful.

At this time, many people around were shocked by the arrival of countless powerful men.

Someone saw the old man in black robe, and immediately couldn't help but said in horror: "Oh my God! That turned out to be the leader of the Green Devil Gang, the largest gang in our black market, the old man Red Sword! This A big shot like this has actually arrived? Did you see the red giant sword in his hand? It is said that it is the legendary ancient weapon 'Sacred Blood Sword'. It once drank the blood of a divine beast. It is very terrifying!"

Chapter 4566 A powerful and magnificent woman

At this moment, everyone present was shocked.

Because they never expected that the high-ranking leader of the Green Devil Gang, Old Man Red Sword, would actually arrive under the spotlight.

Everyone knows the crimson giant sword that Old Man Chijian holds in his hand, because this crimson giant sword is a very famous sword called the Divine Blood Sword, which once killed ancient mythical beasts. , contaminated with the blood of the mythical beast, became more powerful.

The old man with the red sword was able to kill many well-known figures by relying on this sacred blood sword, thereby establishing his position as the largest gang in the black market.

So at this time, this legendary figure came again and revealed his true identity under the spotlight. Naturally, everyone in the black market was deeply shocked.

At this time, everyone also discovered that standing opposite the old man Red Sword and a group of strong men from the Green Goblin Gang were the young man in white and the stunningly beautiful woman from before.

Everyone remembers that this pair was once hunted down by the core members of the Green Goblin Gang.

But in the end, the core members of the Green Goblin Gang were all killed by the boy in white. Everyone remembered this boy who had strong combat power and a very cruel and decisive behavior.

So at this moment, everyone immediately understood that the leader of the Green Devil Gang, Old Man Red Sword, came here with many top powerhouses from the Green Devil Gang, probably to completely obliterate Ye Feng and the female demon.

At this moment, Ye Feng and the female demon saw that the old man Red Sword really led all the strong men of the Green Devil Gang out, and their eyes suddenly revealed a strange look.

Ye Feng couldn't help but smile and said: "Sister Xia, it seems that my guess is right. All the strong men of the Green Goblin Gang have mobilized."

The female demon couldn't help but nodded at this time, smiled and said: "It's really

Brother Ye Feng, you are right. They will not assassinate you because it is too inconsistent with their style of doing things. They will come to kill you with great fanfare. This time, even the leader of the Green Goblin Gang personally went out. "

Ye Feng nodded. He could feel that the leader of the Green Devil Gang, Old Man Chijian, was an extremely unfathomable senior figure. His cultivation was very powerful and was definitely higher than his current cultivation level. a lot of.

Ye Feng didn't even have to think about it. It was impossible for him to fight against an older figure like Old Man Chijian, the leader of the Green Devil Gang.

So at this time, Ye Feng looked at the female demon beside him and asked aloud: "Sister Xia, can you beat the old man Chi Jian, the leader of the Green Devil Gang?"

Hearing Ye Feng's question, the female demon felt it slightly, and then said loudly: "The Green Devil Gang is indeed the largest gang in the black market. The leader of the gang, Old Man Chijian, is indeed very powerful and unfathomable, but Your sister and I are not vegetarians. I have recovered a lot of my strength before, so there shouldn't be any big problem."

When Ye Feng heard what the female demon said, his eyes immediately showed a look of joy, and then he said loudly: "Then the leader of the Green Devil Gang, Old Man Chijian, will be left to you, and the other top strong men of the Green Devil Gang will be left to you. , just let me deal with it all by myself."

Hearing what Ye Feng said, the female demon's eyes suddenly showed a look of surprise, and she couldn't help but say: "The nine top powerhouses of the Green Devil Gang brought behind Old Man Red Sword are all saints who are better than you now. The Spring Realm is two or three more powerful realms. These nine top experts are much more powerful than the black-robed young man you dealt with before. Are you sure you can handle these nine on your own?"

A top powerhouse? "

Seeing that the female demon seemed a little worried and doubtful about her own strength, Ye Feng immediately grinned and said: "Don't worry, I can try to see if I can deal with it. If not, I will seek help from you, Sister Xia, but I think there should be no problem. My cultivation and strength have improved a lot during this period, and I have also cultivated several extremely powerful peerless inheritances."

Seeing Ye Feng's confident look, the female demon immediately nodded and said, "Then give it a try. After I defeat the old man Chi Jian, the leader of the Green Devil Gang, I will come over to help Ye Feng." Brother Feng, you."

When Ye Feng heard what the female demon said, he immediately nodded. Then without any hesitation, he looked at the old man Chi Jian not far away and said loudly: "Leader of the Green Devil Gang, it seems that we are really immortal today." No rest."

Hearing what Ye Feng said, the leader of the Green Devil Gang, Old Man Red Sword, suddenly showed a cold smile on his face, holding the red giant sword in his hand, and said loudly: "Boy, you will definitely have no way to go to heaven today. , there is no way to go to the ground, I must cut you into pieces to commemorate the core member of our Green Goblin gang who was killed by you. Do you know that the young man in black robe you killed is our Green Goblin? The first leader of the gang is also my nephew. I have no children, so I will train him as my heir in the future."

Hearing what the leader of the Green Goblin Gang said, Ye Feng immediately grinned and said, "It seems I killed the right person."

"you.....!"

Hearing Ye Feng's words, the leader of the Green Devil Gang immediately couldn't help but show deep anger on his face, and said loudly: "Boy, you are really sharp-tongued! But I will tell you later. When your body is broken into pieces, you won't smile so happily. You will definitely be desperate and beg for mercy in front of me. It's a pity that I won't let you go!

You, I will crush your bones one by one and make you suffer endless pain and die. "

Boom!

At this moment, the leader of the Green Devil Gang held the red giant sword in his hand and rushed towards Ye Feng.

The moment he acted, the aura that erupted from his body was like a terrifying beast in the abyss. It felt very terrifying, as if it could break through everything.

But at this moment, Ye Feng didn't make a move, and the female demon next to him erupted with a terrifying demonic aura that soared to the sky, and then she and the leader of the Green Goblin Gang immediately started fighting together.

Boom!

The leader of the Green Goblin Gang held the red giant sword in his hand and slashed hard.

But a pagoda also appeared in the hands of the female demon. It was thrown out by the female demon and turned into a towering tower with a height of tens of thousands of meters. It actually directly blocked the red giant sword in the hands of the leader of the Green Devil Gang.

"What?"

Seeing this scene at this moment, the leader of the Green Devil Gang also had a look of deep surprise in his eyes. It seemed that he did not expect that the beautiful and cold woman standing next to Ye Feng could be such a powerful woman. By.

At this moment, everyone watching around was shocked. They couldn't help but exclaimed: "The beautiful and cold woman standing next to the young man in white is so powerful. I thought that before. She is just an ordinary woman. I didn't expect that this woman not only has peerless beauty and appearance, but also is so powerful. She is much stronger than the boy in white. She can actually compete with the leader of the Green Devil Gang who has been famous for a long time. It's really unexpected to see an older figure fighting, it's so shocking! This is actually a powerful woman with extraordinary grace!"

Chapter 4567 How is it done?

No one at the scene expected that the stunningly beautiful woman standing next to Ye Feng was not a vase, but a strong woman with tremendous strength.

Everyone was shocked at this moment, because the contrast was so great.

After all, the female demon has never taken action before. It was Ye Feng who took action against the strong men of the Green Goblin Gang. Therefore, everyone naturally felt that the cold and beautiful woman next to Ye Feng was just Ye Feng. It's just a vassal vase next to it.

But now when the female demon takes action, she bursts out with such earth-shattering power. It is really incredible to be able to fight against a long-established big shot like the leader of the Green Goblin Gang.

So at this time, when the female demon took action, the audience naturally burst into exclamations one after another, as well as shocking sounds.

It was obvious that the female demon's incomparable strength made everyone dumbfounded at this moment.

At this time, the leader of the Green Goblin Gang saw how powerful the female demon was, and knew that he would not be able to defeat the female demon in a short while.

So at this time, he spoke out to the nine top men of the Green Goblin Gang behind him: "Nine of you, unite together and quickly kill that boy in white, and then help me deal with this abominable guy. woman!"

Hearing what the leader of the Green Devil Gang said, the nine top experts of the Green Devil Gang nodded immediately, and then they all burst out with their extremely powerful cultivation aura, which was a full two or three times higher than Ye Feng's current cultivation level. A big realm.

They all joined together, naturally very terrifying, and rushed towards Ye Feng.

At this moment, the leader of the Green Goblin Gang looked at the female demon, and immediately let out a cruel laugh and said: "Damn woman, although you are so powerful, you can't protect the boy next to you, you Now that I'm holding him back, I can't spare any effort to protect him. Each of the nine top experts in our Green Goblin Gang is two or three levels stronger than that kid. The nine of them are united together.

, can definitely kill the boy in white instantly! "

When the female demon heard what the leader of the Green Devil Gang said, she just smiled indifferently and said, "My brother Ye Feng is not as weak as you think."

The leader of the Green Goblin Gang immediately laughed out loud: "Then we will wait and see!"

While the two were talking, the nine top experts from the Green Devil Gang had already rushed in front of Ye Feng.

At this moment, nine top experts from the Green Goblin Gang surrounded Ye Feng in a small space, making it impossible for him to escape.

Ye Feng actually didn't even think about escaping at this time.

At this moment, Ye Feng directly burst out with the power of the immortal body of the god.

Boom! !

Ye Feng's body suddenly burst into brilliant golden light, making Ye Feng seem to have turned into a young God of War at this moment, with soaring fighting power.

At this time, Ye Feng completely inspired the immortal body of the gods. The power of the gods burst out from Ye Feng's original skills, turning Ye Feng's whole body into the color of pure gold.

Whether it is the skin or the bones, they are all made of pure gold, possessing extremely terrifying solid properties.

So at this time, although the nine top powerhouses of the Green Devil Gang are two or three levels higher than Ye Feng's current level of cultivation, it is difficult for them to cause harm to Ye Feng's body.

In addition, Ye Feng directly used the extremely powerful inheritance he had received from the young man in black robes, the Ten Thousand Weapons Domain.

At this moment, Ye Feng's original power burst out, and the golden divine light burst out from Ye Feng's body, directly condensing into different types of weapons, swords and guns.

Swords and halberds, axes and hooks, as well as pagodas, golden scissors and other weapons of various forms, all in pure gold color, rushed towards the nine top powerhouses of the Green Goblin Gang around them, and terror erupted. An incomparable crashing sound.

Boom! !

At this moment, the eyes of the nine top powerhouses who were attacked crazily by thousands of golden weapons suddenly showed deep horror.

They never thought that Ye Feng could actually learn the secrets of their Green Goblin Gang.

Because the young man in black robe before was the nephew of the leader of the Green Devil Gang, it can be said that the powerful inheritance of the young man in black robe was personally taught to him by the leader of the Green Devil Gang.

Even the nine top experts of the Green Goblin Gang are not qualified to learn these extremely powerful inheritances.

So at this time, Ye Feng gathered countless weapons from the Ten Thousand Weapon Domain and attacked the nine top powerhouses crazily, making these nine top powerhouses of the Green Devil Gang completely unable to resist and were defeated. The attack was somewhat embarrassing.

After seeing this scene, the leader of the Green Goblin Gang who was fighting the female demon not far away immediately couldn't help but said in horror: "How is this possible? How can my nephew's powerful inheritance be... Is this impossible for a kid like you to learn it in just one day?"

The leader of the Green Goblin Gang was screaming at this moment, but everyone around him was extremely shocked.

Because they didn't expect that Ye Feng would actually learn the methods that the young man in black robe had used before.

And judging from the performance at this time, the Ten Thousand Soldiers Field released by Ye Feng seemed to have more powerful attack power than the Ten Thousand Soldiers Field unleashed by the young man in black robes before.

At this time, Ye Feng smiled coldly and said: "There is nothing impossible in this world.

On, everything is possible. "

The field of ten thousand soldiers!

At this moment, Ye Feng continued to use Ten Thousand Weapons Domain, condensing more golden weapons.

You must know that Ye Feng's original power is the power of the Celestial Clan, so it is much more powerful and advanced than the dark power cultivated by the young man in black robe.

Therefore, when Ye Feng used Ten Thousand Weapons Domain, the golden weapons he condensed were more powerful and sharper than the black weapons condensed by the young man in black robes.

So at this time, the thousands of golden weapons that Ye Feng had condensed possessed the terrifying power of the Celestial Clan. They were very strong and very sharp. In an instant, they could kill all the top experts of the nine Green Devil Gangs. There were wounds all over the body that had been attacked, and even blood was flowing out, making the nine top powerhouses somewhat unable to resist at this moment, and their eyes suddenly revealed a look of deep horror.

They originally thought that all nine top powerhouses united together and could kill Ye Feng, a junior, in an instant.

But now they discovered that the Ten Thousand Weapon Domain displayed by Ye Feng was so terrifying that they had no way to resist it.

Even though Ye Feng was two or three levels lower than them, the thousands of golden weapons that Ye Feng had condensed at this moment were difficult for them to fight against. It was really too scary.

A top man from the Green Goblin Gang couldn't help but said in horror: "This young man in white is so powerful. No wonder the young men in black robes can't beat this young man in white, and now this young man in white seems to be His cultivation strength is even more terrifying than before. How did he cultivate? Not only did his cultivation improve so quickly, but he was also able to comprehend various powerful inheritance methods very quickly. This is really incredible. What is he? How did you do it? Is there really such a monster-like genius in this world?"

Chapter 4568 A lot of kills

Obviously at this time, the nine top powerhouses of the Green Devil Gang who were attacked by Ye Feng's Ten Thousand Weapons Domain were all somewhat doubtful about life.

They couldn't help but admire Ye Feng's methods from the bottom of their hearts, they were really powerful.

But praise is praise, they are enemies with Ye Feng after all.

At this moment, the nine top experts immediately joined forces and performed an extremely powerful combination technique: the curse of death!

"Uh-huh!"

"Uh-huh!"

"Uh-huh!"

At this moment, the power of curses burst out from the nine top experts of the Green Devil Gang, forming a formation formed by the curses, surrounding Ye Feng.

The Ten Thousand Weapons Domain and the thousands of weapons condensed by Ye Feng were unable to break through the formation formed by the power of the curse at this moment. They were all sealed in a small space.

"good!" ??

Seeing this scene, the nine top powerhouses suddenly showed joy in their eyes, and couldn't help but said: "Boy, no matter how amazing you are, you will eventually die in our hands. We, the nine top powerhouses, will die in our hands." There are very few people in the entire black market who can fight against us, so boy, you are dead today. Although you are an amazing and brilliant genius, it is a pity to die, but it is a pity that you have offended our Green Goblin Gang. , the final outcome is to be completely killed by us."

At this time, Ye Feng saw the formation formed by the condensed curse power around him. It really blocked his Ten Thousand Weapon Domain. The golden weapons he had condensed could not break through the formation formed by the curse power. Formation.

At this moment, Ye Feng naturally did not hesitate at all, and directly used another set of more powerful inheritance that he had received from the young man in black robe.

This set of inheritance is called the Dark Giant Dharma.

boom!

At this moment, infinite power suddenly burst out from Ye Feng, and a dark giant once again condensed.

This time, Ye Feng's whole person directly merged into

Among the dark giants.

Then Ye Feng took control of the entire dark giant's power.

At this moment, Ye Feng's body merged with the Dark Giant's Dharma, turning into a Dark Giant with extremely terrifying combat power and destructive power.

At this time, Ye Feng turned into a dark giant, full of unparalleled and incredible power, and punched the surroundings fiercely.

Boom! !

Accompanied by a terrifying and earth-shattering roar, the dark giant that Ye Feng turned into completely shattered the formation formed by the condensed power of the curse.

"What a powerful destructive power!"

This made Ye Feng's eyes suddenly reveal a look of deep horror.

Even Ye Feng himself was shocked by the power of the dark giant's punch.

Because Ye Feng never thought that the dark giant he merged into would have such terrifying power, dozens of times more powerful than Ye Feng himself.

At this time, Ye Feng was very grateful that he could get this powerful inheritance from the young man in black robe.

"What??"

"How can this be??"

At this moment, seeing the dark giant Ye Feng had turned into possessing such terrifying power, the leader of the Green Goblin Gang not far away once again lost his guard and couldn't help shouting: "This kid It's simply weird! How can I successfully cultivate the two sets of extremely powerful inheritances in just one day? This is impossible!"

At this moment, the nine top powerhouses also had horror in their eyes.

Because the dark giant that Ye Feng transformed into shattered the curse formation cast by the nine of them together in an instant.

this is enough

This shows that the dark giant Ye Feng has transformed into can easily deal with them.

At this moment, the nine powerful men of the Green Goblin Gang realized that something was wrong and quickly tried to escape into the distance.

But at this moment, Ye Feng didn't hesitate at all. He turned into a fused dark giant and rushed forward in an instant. The terrifying black fist blasted forward, killing a Green Goblin who was about to escape. The top strong men of the gang were shattered to pieces.

"ah!"

Along with a scream, the top powerhouse of the Green Goblin Gang was instantly killed by Ye Feng, and the scene was stained with blood.

"What a terrifying power!"

At this moment, everyone watching around was shocked by Ye Feng's powerful fist.

They stared at the dark giant with deep horror in their eyes.

Because no one thought that an ordinary young man in white could cause such a bloody storm in the black market and beat the Green Goblin Gang, the largest gang in the black market, so badly.

At this time, one of the nine top experts of the Green Devil Gang was instantly killed by Ye Feng. The leader of the Green Devil Gang, who was fighting the female demon not far away, suddenly felt a little pain.

After all, these nine top experts are all masters he has trained so hard and are the foundation of the entire Green Goblin Gang.

Now that one of them is killed by Ye Feng, it will naturally make the foundation of the Green Goblin Gang unstable and cause huge losses.

At this time, the leader of the Green Goblin Gang immediately yelled angrily and said: "Boy, you are so bold. After I kill this hateful woman, I will definitely kill you."

After saying that, the leader of the Green Goblin Gang no longer hesitated, and actually spit out a mouthful of blood, and then let the divine blood sword in his hand absorb it.

Buzz!

At this moment, a bright crimson light suddenly bloomed from the divine blood sword.

Then the entire divine blood sword actually

The shadow of a god condensed in the sword body.

Obviously, the divine blood sword at this moment has completely stimulated the power of the gods in it, becoming extremely heavy and terrifying, making the female demon unable to resist it for a while.

At this time, the female demon showed a cold expression on her face and said loudly: "You want to kill me, but you are still far away."

After saying that, the female demon opened her mouth and spat out a huge inner elixir.

That should be the inner elixir of the female demon.

It was obvious that the female demon at this moment was also ready to fight for her life.

At this moment, the inner elixir released by the female demon directly appeared as the phantom of an ancient demon with a towering height of tens of thousands of meters.

This is the essence of the female demon, and it is also the most powerful and powerful method of the female demon.

That is to use the original power in the inner elixir to condense the shadow of the ancient demon to attack the enemy.

Boom!

At this moment, the shadow of the ancient demon's will collided with the will of the god in the divine blood sword, and an extremely terrifying power fluctuation suddenly occurred in the entire sky.

The terrifying and chaotic battle waves spread towards the surroundings, destroying every inch of the ground in the surrounding black market.

At this moment, Ye Feng did not hesitate at all. While the female demon was still able to fight against the leader of the Green Devil Gang, Ye Feng turned into a dark giant and continued to charge forward.

Boom!

At this moment, the dark giant transformed by Ye Feng once again stretched out a big black hand and directly grabbed the second top powerhouse of the Green Goblin Gang.

"Pfft!"

Then under the horrified gaze of the other party, he completely crushed the other party.

At this moment, Ye Feng did not hesitate and continued to charge towards the third top powerhouse, killing as many of these top powerhouses of the Green Devil Gang as possible.

Chapter 4569 Mentality breaks defense

The third top powerhouse of the Green Goblin Gang was a woman, and a very antique-looking flower umbrella actually appeared in her hand.

But the moment this top powerhouse opened the umbrella, an energy shield formed, surrounding her.

"boom!"

The dark giant Ye Feng turned into at this time attacked the energy shield formed by the flower umbrella, but was unable to break through the energy shield.

"Um?"

"So strong?"

This made Ye Feng's eyes suddenly show surprise.

But at this moment, Ye Feng didn't hesitate and directly used the Celestial Clan's token, the Celestial Ring.

The God's Ring can be transformed into any form of weapon along with Ye Feng's thoughts.

At this moment, the dark giant Ye Feng turned into was in urgent need of an extremely powerful and sharp weapon.

So at this time, Ye Feng turned the God's Ring directly into a golden machete with a length of tens of thousands of meters. It was held by Ye Feng's dark giant, which looked very visually impactful.

Boom!

The next moment, Ye Feng transformed into a dark giant, holding a tens of thousands of meters long golden machete in his hand, and slashed hard at the third strong female member of the Green Devil Gang in front of him.

Boom!

At this moment, this golden machete, which is tens of thousands of meters long, has extremely terrifying destructive power. It suddenly kills the third top female powerhouse of the Green Goblin Gang with very arrogant and violent power. The flower umbrella was completely broken into pieces.

The energy mask was also completely chopped into pieces.

"don't want!!"

In the frightened gaze of this third strong woman, Ye Feng cut the machete in his hand into two halves, killing him completely.

The third top powerhouse of the Green Goblin Gang, pawn!

"hiss!"

Seeing this scene at this moment, the entire surrounding field suddenly

There was a burst of gasping sounds.

Because no one thought that Ye Feng, a young man in white, could burst out with such powerful power.

Ye Feng was able to kill the young man in black robe from the Green Devil Gang before, which shocked everyone to the extreme.

But now, it is really incredible that Ye Feng can fight against the nine most powerful top players in the Green Goblin Gang.

After all, you must know that the nine top experts of the Green Devil Gang are two or three levels higher than Ye Feng's level of cultivation.

But in front of the dark giant that Ye Feng transformed into at this time, he was as fragile as tofu, and he was smashed into pieces by Ye Feng's punch after punch.

Uh-huh!

At this time, Ye Feng did not hesitate and continued to attack the fourth top powerhouse.

For Ye Feng now, he has underestimated the strength of the leader of the Green Devil Gang.

Such a powerful ancient figure as the Banshee is currently unable to kill the leader of the Green Goblin Gang.

It shows that the leader of the Green Goblin Gang is indeed very powerful.

However, it is also because the female demon's current strength has not recovered much, so it is naturally a bit difficult to deal with the leader of the Green Goblin Gang, Old Man Red Sword.

But at this time, Ye Feng was somewhat fortunate that these nine top experts were not as powerful as Ye Feng imagined.

Ye Feng understood something at this time. It seems that the reason why the Green Devil Gang is so powerful and can become the largest gang in the black market is mainly due to the leader of the Green Devil Gang and the reputation of the extremely powerful old man Red Sword.

At this moment, the dark giant that Ye Feng transformed into has unparalleled power. Ye Feng does not need to use any powerful means at all.

Holding the tens of thousands of meters long golden machete turned into the god's ring in his hand, it is enough to kill everyone.

The remaining top experts from the Green Goblin Gang all wanted to use their own life-saving methods to fight against Ye Feng.

But under the attack of Ye Feng's terrifying machete, there was no blocking force at all.

After all, the majestic dark giant, which is more than 20,000 meters long, holds a golden machete that is more than 10,000 meters long. It is really a combination of strength and aesthetics, full of extremely terrifying destructive power.

It can be said that the nine top experts of the Green Goblin Gang were beaten very miserably by the attack of Ye Feng's machete, and they were all chopped into pieces by Ye Feng.

At this time, the leader of the Green Devil Gang not far away watched helplessly as Ye Feng killed all nine of the top powerhouses he had trained so hard, leaving none behind.

The leader of the Green Goblin Gang suddenly became extremely angry. He roared crazily and wildly activated the power of the divine blood sword in his hand. The terrifying sword light made the female monsters retreat after being attacked.

The leader of the Green Goblin Gang just stared at Ye Feng at this moment and yelled like crazy: "Boy, you are dead! You are definitely dead! I will crush your bones into ashes and cut your body into thousands of pieces. , I will make you suffer endless pain and die."

It can be said that Ye Feng destroyed the top core experts of the Green Devil Gang that the leader of the Green Devil Gang had worked so hard to cultivate one by one. Naturally, the mentality of the leader of the Green Devil Gang was completely broken.

At this time, Ye Feng's eyes did not show any fear, but he smiled coldly and said: "Nine top experts have been completely killed, and now it's your turn, old man."

At this time, Ye Feng spoke without the slightest politeness or sympathy, because the strong men of the Green Goblin Gang repeatedly caused trouble for him and wanted to kill him, so naturally Ye Feng would not Any courtesy.

At this moment, Ye Feng did not directly deal with the leader of the Green Devil Gang, but

While the female demon continued to entangle the leader of the Green Devil Gang, Ye Feng quickly released the Devouring Domain, devouring the skills and vitality of the nine top powerhouses of the Green Devil Gang who were killed by him at an extremely fast speed. energy.

As Ye Feng swallowed it at this moment, his skill suddenly increased rapidly.

After all, you must know that the nine top experts of the Green Devil Gang are all core members of the Green Devil Gang. They are the nine most powerful experts in the Green Devil Gang besides the gang leader.

Therefore, their blood energy skills are very powerful.

After all, they are two or three realms higher than Ye Feng's current realm.

The skills provided by the nine super strong men to Ye Feng naturally made Ye Feng's power unparalleled in this moment.

At this time, Ye Feng's cultivation momentum immediately began to break through rapidly.

"boom!"

The sixth level of the Holy Spring Realm!

"boom!"

The seventh heaven of the Holy Spring Realm!

"boom!"

The eighth level of the Holy Spring Realm!

"boom!"

Holy Spring Realm Ninth Heaven!

"boom!"

Great Perfection in the Tenth Level of the Holy Spring Realm! !

"boom!"

Half step to the Holy Pulse Realm! !

At this time, Ye Feng's skill had increased unparalleledly, and his cultivation realm had also made continuous breakthroughs.

He actually broke through directly from the fifth level of the Holy Spring Realm to the Half-step Holy Vein Realm.

Ye Feng's eyes suddenly revealed a look of deep surprise.

Ye Feng never thought that after devouring nine top powerhouses from the Green Devil Gang, his cultivation skills would be able to break through so much and directly step into a new level of Holy Vein Realm above the Holy Spring Realm!

Chapter 4570 It's not over yet

Although he only broke through to the half-step of the Holy Vein Realm, it also allowed Ye Feng to touch the edge of a new and powerful level of the Holy Vein Realm.

Therefore, Ye Feng's combat power also increased unparalleledly at this moment.

At this time, Ye Feng suddenly looked at the old man Red Sword, the leader of the Green Devil Gang who was fighting the female demon not far away, with a ferocious look in his eyes.

Boom!

At this moment, Ye Feng did not hesitate and continued to explode his extremely powerful new level of cultivation power.

The mana of the Half-Step Saint Pulse Realm surged through Ye Feng's body, turning Ye Feng into this dark giant, becoming even more ferocious and terrifying.

Ye Feng held the more than 10,000-meter-long golden machete in his hand and charged toward the leader of the Green Devil Gang in front of him crazily.

Boom!

At this moment, Ye Feng kept slashing with the golden machete.

The golden machete, which is more than 10,000 meters long, has infinite sharpness. After all, it was made with the help of the Celestial Clan.

So at this time, Ye Feng's attack was still very terrifying, and the leader of the Green Devil Gang was hit hard at this moment and was unable to withstand it.

The leader of the Green Goblin Gang immediately spoke out in horror: "How is this possible? How could your kid's cultivation level suddenly improve so much? What kind of evil skills did your kid practice?"

Hearing what the leader of the Green Devil Gang said, Ye Feng just smiled coldly and said: "There are no evil techniques in this world, only evil people."

After saying that, Ye Feng continued to attack crazily.

The leader of the Green Goblin Gang, at this moment, was quickly running the divine blood sword and colliding with Ye Feng's golden machete.

Boom!

The collision of the two magical weapons immediately produced an extremely terrifying sound wave, shaking the surrounding earth into pieces.

This terrifying collision made countless people watching in the surrounding black market unable to help but quickly retreat, for fear of harming Chi Yu.

After all, Ye Feng's current collision with the leader of the Green Devil Gang is really terrifying.

At this time, the female demon showed surprise in her eyes when she saw Ye Feng's powerful attack.

at this time,

The female demon would not waste any opportunity. Taking advantage of Ye Feng's struggle with the help of the Green Goblin Gang, she quickly used her own trick: "The Heavenly Demon Destroying God Technique!"

The Heavenly Demon Destroying God Technique is the first time that the female demon has used her real trick.

It can be seen from this that the demon clan to which the female demon belongs is the most advanced clan of heavenly demons in the legend. No wonder it possesses such powerful strength.

At this moment, as the female demon performed this set of Heavenly Demon-Destroying God Techniques, a terrifying and terrifying light of destruction suddenly erupted from the female demon's body, directly condensing into a huge and majestic figure of the ancient sky demon. Directly bombarded the leader of the Green Goblin Gang ahead.

Boom!

The moment the huge phantom of the sky demon bombarded the leader of the Green Devil Gang, the entire phantom of the sky demon exploded, like a time bomb, directly hitting the leader of the Green Devil Gang. It exploded around the leader of the Green Goblin Gang, producing extremely terrifying destructive power.

At this moment, the leader of the Green Goblin Gang was struck by the destructive power generated by the self-destruction of the Sky Demon. His entire body was shattered by the explosion, and in the end, only his head was left, suspended high in the sky.

However, the leader of the Green Goblin Gang is an extremely powerful being after all. Even if there is only one head left, he is not completely dead at this time and actually wants to escape.

Uh-huh!

But at this moment, Ye Feng immediately held the golden machete in his hand and slashed down with a bang, directly splitting the head of the Green Devil Gang leader in half.

"ah!!"

At this moment, the head of the Green Goblin Gang leader immediately let out an earth-shattering scream, and then died completely.

Seeing this scene at this moment, Ye Feng immediately breathed a sigh of relief, and the female demon also breathed a sigh of relief.

At this time, the two of them looked at each other and saw the joy in each other's eyes.

This time, all the powerful men in the entire Green Goblin Gang were finally wiped out, and there was no more trouble.

At this time, seeing that the leader of the Green Goblin Gang finally died under the joint efforts of Ye Feng and the female demon, countless people watching in the surrounding black market showed deep horror in their eyes, with unparalleled expressions on their faces. The shocking color.

Because they never expected that the Green Goblin Gang, the largest gang in the black market, would die tragically at the hands of a young man in white.

All the strong men were wiped out.

Even the long-famous old man, Red Sword Old Man, the leader of the Green Goblin Gang, eventually died in the hands of Ye Feng and the female demon.

At this time, Ye Feng suddenly snatched the storage ring from the finger of the leader of the Green Devil Gang.

After careful investigation, Ye Feng suddenly showed a look of deep surprise in his eyes and said loudly: "Sister Xia, the storage ring of the leader of the Green Devil Gang contains many good things and is very rich. The training resources, as well as the endless spiritual crystals, will be divided equally between the two of us."

When the female demon heard what Ye Feng said, she also showed a happy look on her face and said, "Okay." ??

At this time, Ye Feng looked at the divine blood sword not far away and asked: "Sister Xia, do you need this weapon?"

The female demon shook her head and said aloud: "I'm not good at using weapons, and I don't need this kind of weapon."

Ye Feng said aloud: "Then I will hold this sacred blood sword."

After saying that, Ye Feng stretched out his hand and grabbed the sacred blood sword in his hand.

You know, this divine blood sword is very powerful and very advanced.

After all, Ye Feng had just seen this sacred blood sword. It burst out with unparalleled power in the hands of the leader of the Green Devil Gang, and it could also collide with the golden machete turned into by his god ring. It was enough not to fall behind. It proves that this divine blood sword is indeed very advanced.

After Ye Feng obtained this divine blood sword, he was able to greatly enhance his strength.

At this moment, Ye Feng carried the red divine blood sword on his back.

Then without any hesitation, Ye Feng released his Devouring Domain and killed the leader of the Green Devil Gang who had just been killed.

All the skills and energy of this senior figure were swallowed up.

"Rumble..."

The terrifying energy was immediately injected into Ye Feng's body.

The leader of the Green Goblin Gang's skills were extremely powerful, causing Ye Feng's cultivation aura to skyrocket crazily at this moment.

Even though Ye Feng had just broken through to the Half-Step Saint Pulse Realm, at this time, Ye Feng had no obstacles in this big bottleneck. He directly broke through the big bottleneck of the Half-Step Saint Pulse Realm and stepped into the real first level of the Holy Pulse Realm!

And it goes far beyond that.

The energy provided by the leader of the Green Devil Gang to Ye Feng has not been completely consumed, and it is still strengthening Ye Feng's skills.

The cultivation aura on Ye Feng's body is still making continuous breakthroughs.

"boom!"

The second level of the Holy Pulse Realm!

"boom!"

The third level of the Holy Pulse Realm!

"boom!"

The fourth level of the Holy Pulse Realm!

"boom!"

The fifth level of the Holy Pulse Realm!

"boom!"

The sixth level of the Holy Pulse Realm! !

At this time, Ye Feng's cultivation aura finally stopped completely.

The female demons were all shocked and couldn't help but say: "This leader of the Green Devil Gang has really helped Brother Ye Feng in improving your skills. He has allowed you to break through so many things at once. It is simply unbelievable. Even if Sister, I have never seen such a monster like Brother Ye Feng in ancient times."

Ye Feng's eyes lit up at this time and he said loudly: "Sister Xia, our feud with the Green Goblin Gang is not over yet."

The female demon looked confused and asked: "What do you mean? The leader of the Green Goblin Gang is dead, why is it not over yet?"

Ye Feng suddenly grinned and said aloud: "I didn't find much wealth from the storage ring of the Green Devil Gang leader. I'm afraid most of the Green Devil Gang's wealth is stored in the Green Devil Gang's headquarters. "We still need to go to the Green Goblin gang to ransack the house."

When the female demon heard this, she stared at Ye Feng and her eyes suddenly lit up.
