

Ancient 4591

Chapter 4591 I want to ask you something

At this time, the moment the shadow of the Ice Emperor's will appeared, Ye Feng immediately felt the terrifying coercion of the ancient powerful descending on him.

Ye Feng felt that he was facing a god. However, this Ice Emperor was not the legendary god. He should be just some ancient powerful man. However, the pressure caused by it was also very terrifying, making Ye Feng feel uncomfortable now. I felt unparalleled pressure.

At this moment, Ye Feng did not hesitate and directly released his huge soul power.

Buzz!

Above Ye Feng's head, a dark soul giant suddenly appeared, confronting the shadow of the Ice Emperor's will.

"Um?"

At this moment, the phantom of the Ice Emperor's will saw the soul giant emerging from Ye Feng's body, and his eyes suddenly revealed a look of deep surprise, and he said aloud: "I didn't expect that after so many years, it would still be there. To be able to see a young junior who is a fellow soul martial artist is really a gift."

When Ye Feng heard the Ice Emperor say this, there was a look of surprise in Ye Feng's eyes. Unexpectedly, the Ice Emperor did not attack him directly, but started talking to him.

At this time, Ye Feng immediately breathed a sigh of relief, then nodded and said loudly: "Senior Ice Emperor, I don't know why you fell here back then. I didn't come here to be your enemy. It was just that I suddenly I suddenly sensed the fluctuations of the Ice Emperor Mirror and wanted to get this magic weapon."

Hearing Ye Feng's honest words, the phantom of the Ice Emperor's will suddenly showed a look of surprise in his eyes, and then smiled and said: "Young man, you are very good and very sincere. Martial arts practice requires a lot of time." With a sincere heart, I have no particular hostility towards you, it's just that you just woke me up from my deep sleep."

After saying that, the phantom of the Ice Emperor's will suddenly stretched out a hand, and then sent the Ice Emperor Mirror behind him directly in front of Ye Feng, and said with a smile: "This mirror is It was made of special ice that I found from the magical place above the Nine Heavens. It has an extremely terrifying ice-bound energy. I even suspected that the magical place I found from the Nine Heavens was very It may be the legendary higher-dimensional practice world, so the material used to create this mirror is a material in the higher-dimensional practice world. For the creatures in the middle-lower latitude practice world we live in, it is naturally like a descendant. The cold energy contained in this mirror is so terrifying that even the most powerful beings in our world can hardly resist it."

Hearing what the phantom of the Ice Emperor's will said, Ye Feng's eyes suddenly revealed a look of deep surprise.

Ye Feng never thought that the material made of this mirror might be a magic weapon from a high level of cultivation, and was given directly to him.

There was also a trace of surprise in Ye Feng's eyes, as if he didn't expect that the other party would be so polite and generous.

After all, he and the other party have never met before, it was just their first meeting, and the other party gave him such a great gift.

While Ye Feng was thinking in his heart, the Ice Emperor's will suddenly spoke out: "I can give you this extremely high-end magical mirror for free, but I want to ask you for something."

Hearing the Ice Emperor's Will Shadow say this, Ye Feng's eyes suddenly flashed slightly.

really,

The reason why the shadow of the Ice Emperor's will is so generous to him must be because he wants it from him.

At this moment, Ye Feng nodded and said loudly: "Senior Ice Emperor, if you have anything, you can tell me directly. If this junior can do it, he will definitely help Senior Ice Emperor."

Now that Ye Feng has obtained the Ice Emperor's Mirror from the Ice Emperor, it has greatly enhanced Ye Feng's strength, so Ye Feng naturally feels that if he has the ability to help the Ice Emperor do something, he will You can do it.

Hearing what Ye Feng said at this time, the Ice Emperor's Will Shadow immediately nodded, and then said loudly: "I hope you can find the descendant I left in this small world, that is my daughter, She is born with extremely powerful ice attributes. If you can find her, I hope you can hand over my peerless inheritance to her, which will fulfill one of my wishes."

After finishing speaking, the shadow of the Ice Emperor's will suddenly stretched out a finger and touched Ye Feng's head.

boom! !

Almost at the next moment, a very huge amount of inheritance secrets was immediately injected into Ye Feng's head.

The next moment, Ye Feng immediately felt that the inheritance of this Ice Emperor was very terrifying, which was called the "Immortal Art of the Ice Emperor".

This is a very terrifying inheritance of ice attributes. If practiced successfully, it can condense endless ice energy to fight against the enemy.

According to what is recorded in the secret, if you practice to the end, you can even transform yourself into an ancient ice giant, with the power to destroy everything.

At this time, Ye Feng sensed this huge inheritance secret, and his eyes suddenly revealed a look of deep surprise. He did not expect that he had accidentally obtained such an ancient and advanced inheritance.

At this moment, the shadow of the Ice Emperor's will that injected this huge set of inherited secrets into Ye Feng's head seemed to have consumed almost all its power.

At this moment, the shadow of the Ice Emperor's will became weaker and weaker, and also became dim.

The shadow of the Ice Emperor's will immediately spoke to Ye Feng: "My daughter is called Qianqian. I hope you can find her and help her unlock her cultivation talent."

After saying that, the shadow of the Ice Emperor's will immediately disappeared and completely dissipated.

In the entire ice river, only that mirror was left, still suspended in the river water.

Seeing this scene, Ye Feng nodded silently, and then said loudly: "Senior Ice Emperor, I will definitely help you find your daughter."

After finishing speaking, Ye Feng directly took the Ice Emperor Mirror in front of him in his hands, then input his own mana and started refining it.

This Ice Emperor's treasure mirror is the Ice Emperor's natal magic weapon, and the Ice Emperor has just given this mirror to Ye Feng on his own initiative, so there is almost no obstacle to Ye Feng's refining, and the refining is a success.

Buzz!

At this moment, the entire mirror turned into a small spot of light and disappeared into the center of Ye Feng's eyebrows.

As long as Ye Feng activates it, the Ice Emperor Mirror can instantly fly out from the space between Ye Feng's eyebrows, releasing the terrifying ice energy that is frozen thousands of miles away, and can freeze everything into ice sculptures. The power is very terrifying!

Chapter 4592 It's already done

This time Ye Feng entered the ice river and gained a huge harvest.

Not only did he gain an extremely advanced weapon, the Ice Emperor Mirror could instantly allow Ye Feng to activate the extreme cold power in it, freezing everything into ice sculptures.

In addition, Ye Feng also received the peerless inheritance left by the shadow of the Ice Emperor's will, the Ice Emperor's Immortal Art.

However, although Ye Feng had such a huge harvest, he also promised the Ice Emperor one thing, that is, to find his daughter left in this small world, which seems to be called Qianqian.

At this time, Ye Feng had no idea where to find the Ice Emperor's daughter.

But Ye Feng felt that since the Ice Emperor entrusted this matter to him, he must believe in his ability to find his daughter.

Ye Feng suddenly thought of the Ice Emperor Mirror that the Ice Emperor left for him. This magic weapon was very special and was the Ice Emperor's natal magic weapon.

Maybe then we can use the Ice Emperor's treasured mirror to sense where the Ice Emperor's daughter Qianqian is.

After all, the Ice Emperor had said before that his daughter had the same extremely powerful ice blood talent as him.

Therefore, the Ice Emperor's Mirror, a super magical weapon with ice attributes, would definitely be able to sense the fluctuations in his daughter's bloodline.

Thinking of this, Ye Feng immediately left this long river of ice.

Of course, the current Long River of Ice can no longer be called the Long River of Ice, because Ye Feng took away the Ice Emperor's Mirror and refined it, and stored it in his body. The entire river no longer has the Ice Emperor's Mirror. With the cold air emanating, all the ice melted and the cold air disappeared, becoming a very ordinary long river.

Uh-huh!

At this time, when Ye Feng flew out of the long river, everyone waiting outside had deep expectations in their eyes, as if they wanted to know what Ye Feng had discovered in the long river of ice.

and

How did Ye Feng do it, turning the entire ice river into an ordinary river.

After all, they had just seen outside that the entire long river, which was originally filled with ice, suddenly all the cold air disappeared, including all the ice condensed on the surface of the river, all melted.

This scene that suddenly changed the entire natural environment really shocked everyone waiting outside.

So at this time, when they saw Ye Feng flying out of the ice river, they were naturally very curious as to what Ye Feng had done to cause such a huge movement.

At this moment, looking at the very curious eyes of everyone in front of him, Ye Feng suddenly smiled and said loudly: "I encountered something incredible in this long river of ice, and there is actually the will of an ancient strong man in it. The shadow is called Ice Emperor."

"What?"

Hearing what Ye Feng said, everyone present showed deep surprise in their eyes.

Even the older people couldn't help but look at Ye Feng in surprise.

Because no one thought that in this long river of ice, the shadow of the will of an ancient powerful man would actually appear.

Tang Youyou, the eldest lady of the black market, couldn't help but asked: "Ye Feng, are you in any danger?"

Obviously, Tang Youyou, the eldest lady of the black market, is becoming more and more concerned about Ye Feng.

Ye Feng did not notice this change at this time. He just smiled and said: "Of course there is no problem. That senior has no hostility towards me. He just wants me to help him do something."

Hearing what Ye Feng said, Tang

Youyou's eyes flashed, and she couldn't help but ask: "What does he want you to do for him?"

Ye Feng said with a smile: "He wants me to help him find his daughter left in this small world, named Qianqian, but I don't have a clue at the moment. It seems that I can only wait to continue exploring this ancient ruins. World, try another way to see if you can find the daughter of that senior Ice Emperor."

Hearing what Ye Feng said, many people present showed surprise in their eyes. It seemed that they did not expect that Ye Feng would experience such a magical thing in the frozen river.

At this moment, the seventh prince couldn't help but said: "By the way, Brother Ye, what did you do in the ice river to make all the cold air and ice in the entire ice river dissipate?"

Ye Feng smiled, and then directly activated his Ice Emperor Mirror.

Uh-huh!

At this moment, another mirror flew out from between Ye Feng's eyebrows.

This mirror, suspended above Ye Feng's head at this moment, exudes an extremely terrifying cold air, as if it can freeze everyone around him into ice sculptures in an instant.

"It's that kind of special, advanced cold air!"

At this moment, many of the elders present couldn't help showing horror in their eyes, and they quickly stared at the Ice Emperor Mirror above Ye Feng's head, with deep fear in their eyes.

Because they have all experienced it just now, the cold air emanating from this long river of ice is very terrifying, enough to instantly freeze the entire bodies of these powerful elders, and even freeze their vitality.

So at this time, the Ice Emperor Mirror brought out by Ye Feng contained the same cold air as the previous Ice River, which naturally made these elders and powerful men very afraid.

Even

The cold air in the Ice Emperor Mirror that Ye Feng displayed was much more severe than the cold air they had encountered in the Ice River before.

At this time, everyone looked at Ye Feng with deep surprise. It seemed that they did not expect that Ye Feng not only resisted such a terrifying cold air in a short period of time, but also entered the long river of ice. Among them, you can also get such a very powerful high-level magic weapon.

Because everyone knows very well that if Ye Feng exerts all his strength to activate the cold air in this Ice Emperor Mirror, it is estimated that the entire earth will be frozen, and even the powerful elders may not be able to resist it.

At this time, everyone suddenly discovered that Ye Feng had more and more methods, and he even began to surpass the strength of these older people.

At this time, everyone suddenly thought of what the black market lady Tang Youyou said before.

She had said before that if Ye Feng could continue to grow quickly in the ancient ruins, he might be able to surpass the powerful elders they brought.

Now everyone suddenly discovered that Ye Feng had almost accomplished what Tang Youyou said before.

At this moment, Ye Feng put the Ice Emperor Mirror back into his head, and then said with a smile: "We have finished searching for the good fortune here, let's just leave here."

At this moment, Ye Feng has another task, which is to find the daughter of the ancient powerful Ice Emperor. After all, he has received so many benefits from the Ice Emperor, so naturally he wants to help the Ice Emperor fulfill his last wish.

At this time, everyone saw Ye Feng leaving directly, with envy in their eyes.

Although Ye Feng got the good things in this cold river by himself, no one would think that Ye Feng should share them with them, because Ye Feng got it by relying on his own ability.

Chapter 4593 God-Suppressing Monument

At this time, the group of people continued to fly quickly in a certain direction of this glacier and snowfield.

Many people looked at Ye Feng with eyes full of deep envy.

Because they never thought that in the long river of ice, there would be inheritance and treasures left by an ancient powerful man.

So at this time, everyone was very envious of Ye Feng.

But everyone knows that this is what Ye Feng deserves.

Because only Ye Feng has the ability to enter this ice river.

And even if there are people who are practitioners of the flame attribute like Ye Feng, they probably don't have the courage like Ye Feng to dare to be alone in the long river of ice.

Because the cold air outside the Ice River is already so terrifying, let alone the freezing power inside the Ice River, it is definitely even more terrifying.

Therefore, under the circumstances at that time, I am afraid that even if others possess Ye Feng's ability, they may not have Ye Feng's firm martial arts will and courage to enter the ice river to explore the situation.

For Ye Feng, it is naturally a huge harvest to obtain the inheritance and treasures of the ancient powerful Ice Emperor from the long river of ice.

This makes Ye Feng look forward to this small world where this ancient ruins are located even more.

Because this small world where ancient ruins are located has so many opportunities, Ye Feng is naturally very interested.

At this moment, Ye Feng continued to fly with everyone in other directions of the glacier and snowfield, hoping to find other opportunities.

At this time, Tang Youyou, the eldest lady of the black market, immediately looked at Ye Feng and asked: "Ye Feng, have you noticed other energy fluctuations now?"

When Ye Feng heard what Tang Youyou said, he immediately shook his head and said loudly: "In fact, I have always released my soul power, covering the surroundings, but this time I was within a radius of several kilometers, and No other energy fluctuations have been found, so we can only look for them slowly."

Hearing what Ye Feng said, Tang

Youyou immediately nodded, and everyone spread out one after another, making the entire team's exploration range wider. In this case, they would be more likely to be able to discover the hidden opportunities around them.

"Look, what is this?"

Suddenly, half a day later, a voice came from the Seventh Prince.

At this moment, everyone immediately gathered in the area where the seventh prince was, and Ye Feng also hurried over.

At this time, everyone saw that the Seventh Prince and several powerful elders from the royal family were observing a stone tablet on the ground.

This stone tablet is all golden, giving people a very noble and ancient feeling.

At this moment, everyone gathered over, and Tang Youyou couldn't help but asked: "Seventh Prince, do you find anything unusual about this stone tablet?"

The seventh prince immediately nodded and said, "This golden stone tablet has ancient characters engraved on it."

Everyone looked over and found ancient characters engraved on the golden stone tablet, but they didn't recognize it. It seemed to be a special kind of characters.

At this moment, the seventh prince immediately smiled and said: "I have an uncle next to me who likes to study these special ancient texts when he has nothing to do in the Blood Demon Dynasty. Therefore, I, the emperor, Uncle knows the words on this stone tablet."

After hearing what the Seventh Prince said, everyone became interested.

Tang Youyou immediately looked at this senior member of the royal family and couldn't help but ask: "Senior, what are the words written on this golden stone tablet?"

Ye Feng's eyes were also quite expectant at this time, because this golden stone tablet standing here in the ice and snow must be very extraordinary, and there are ancient words on it, which must contain a lot of secrets.

At this moment, everyone was staring at this senior member of the royal family.

Ma just nodded slightly and said loudly: "There are three characters on this stone tablet, which is called 'Suppressing God Tablet'."

"What?"

"The God-Calling Monument?"

At this moment, hearing this senior member of the royal family say this, everyone present couldn't help but have deep surprises in their eyes.

These three words written on this stone tablet are really domineering.

Tang Youyou couldn't help but said slowly: "Is there an ancient god buried under this golden stone tablet? Otherwise, how could it be called the God-Suppressing Tablet?"

Hearing what Tang Youyou said, this senior member of the royal family immediately couldn't help shaking his head, smiled, and said aloud: "I'm not sure about this."

After hearing the words of this senior member of the royal family, everyone not only did not lose interest, but became more and more interested.

Because if there is really some kind of ancient god buried under this golden stone tablet, to everyone, it would be no less than discovering a huge treasure in situ.

At this moment, an older figure in the black market immediately made a suggestion and said: 'Let's dig up the ground under this golden stone monument to see if there is anything special under the earth's crust. '

Several senior members of the Demonic Sect showed quite worried expressions and said aloud: "But if the ancient god suppressed under this golden stone tablet is an extremely evil demon god, or has not died completely, Then if we dig open this seal, a terrifying existence may be released. Not only will we die, but the entire small world will die, and all living beings will be destroyed."

Hearing these senior figures from the Demonic Sect say this, Tang Youyou's eyes revealed a look of surprise. It seemed that he did not expect that these senior figures in the Demonic Sect would actually have such a level of consideration.

However, what they considered is reasonable. After all, no one knows now whether the ancient god suppressed under this golden stone tablet is still alive or not completely dead.

At this moment, the scene suddenly fell into silence.

At this time, Ye Feng was also thinking, after all, if there was really an ancient god suppressed here, and after the seal was dug, that ancient god did not die, maybe they would all die.

Even the female demon in Ye Feng's storage ring is absolutely impossible to be an opponent of an ancient god.

So at this moment, everyone didn't know what to do.

Tang Youyou suddenly said: "Let's vote by a show of hands."

After finishing speaking, Tang Youyou continued to speak: "If you agree to dig up the ground under this golden stone monument, please raise your hands."

After finishing speaking, Tang Youyou actually raised his hand.

Obviously, as the eldest lady of the black market, Tang Youyou has great courage and a very adventurous spirit.

At this moment, Ye Feng also raised his hand. After all, in Ye Feng's eyes, if an adventure can bring great benefits, then Ye Feng will definitely take the risk without hesitation.

At this moment, several older figures also raised their hands.

However, the Seventh Prince and Nie Qianqian did not raise their hands. It was obvious that both of them were worried and thinking more.

But just when everyone is voting on their opinions.

Boom!

The whole ground started to shake.

And at the next moment, everyone saw a very terrifying scene.

I saw cracks appearing on the ground where they were standing at this time.

From every crack, dense black tentacles stretched out. These black tentacles exuded a terrifying evil aura, giving people a very scary feeling.

At this moment, everyone suddenly showed deep horror in their eyes.

The Seventh Prince couldn't help but exclaimed: "Could it be that the evil being suppressed under this golden stone tablet woke up early?"

Chapter 4594 The Land of the Southern Barbarians

When they heard what the Seventh Prince said, everyone present couldn't help but have deep horror in their eyes, and quickly flew into the air, away from the ground.

Because there are more and more cracks in the ground, and dense black tentacles emerge from each crack, looking very evil.

At this time, Tang Youyou couldn't help but said: "Is what is suppressed under this golden stone tablet really an ancient god? Why does it feel so evil? Are gods so evil?"

The seventh prince couldn't help but said: "It's probably an evil god."

"An evil god?"

Hearing what the Seventh Prince said, everyone present fell silent slightly, and their faces became a little ugly.

Because they had not yet excavated the ground under the golden stone monument, they did not expect that the ancient evil god suppressed under the golden stone monument had awakened in advance.

At this time, an elder member of the royal family immediately said: "Let's get out of here quickly. I feel that the god suppressed under this golden stone monument is definitely an extremely evil god. It is too terrifying and gives people a very... It's so terrifying. I feel that if I were touched by these black tentacles, I would be pulled into the endless abyss under the ground in an instant, and then die without a burial place."

Hearing this powerful elder from the royal family say this, everyone present nodded.

Even Ye Feng couldn't help but nodded at this time.

Because Ye Feng also sensed that the dense black tentacles that came out of the cracks were very evil and terrifying, and they were not able to fight against them at their current level.

At this time, Ye Feng also chose to follow everyone and leave here directly.

The entire team quickly moved away from the area where the golden stone monument was located. Finally, they were completely out of the area. Everyone breathed a sigh of relief.

r\u003e

After all, cracks suddenly appeared under the ground just now, and dense black tentacles grew out of the cracks. This scene was really scary and scary.

Even the many old and powerful men who had experienced hundreds of battles felt the terrible feeling, so everyone fled here.

At this time, they were completely away from the area where the golden stone tablet was, and they finally breathed a sigh of relief.

Ye Feng looked around and said aloud: "This is the end of the glacier and snowfield. We are about to pass through this glacier and snowfield."

Hearing what Ye Feng said, everyone looked towards the distance and immediately discovered a surprising scene.

A barren desert appeared in the area connected to the end of the glacier and snowfield.

In this barren desert, the air is very dry, and the breeze blows over, giving people a very hot feeling.

This feeling is very strange.

Everyone was clearly standing in a glacier and snowfield area full of ice and snow, but a hot wind was blowing from the desert ahead.

At this moment, an elder from the royal family immediately said: "I hope we can find good opportunities in the desert ahead."

This time, the entire team did not find anything good in the glacier and snowfield, so Ye Feng gained the most from the inheritance and magic weapon of the ancient powerful Ice Emperor.

At this moment, Tang Youyou glanced at the area where the golden stone tablet was located behind him, and said slowly: "If we still return along the original route, we will go and take a look at the suppression of the golden stone tablet.

What happened to the evil god? "

When everyone heard what Tang Youyou said, their eyes were filled with astonishment. It seemed that they did not expect that this young lady from the black market was so bold and wanted to see what happened to the evil god suppressed by the golden stone tablet. So done.

But no one said much.

At this moment, a group of people flew directly towards the end of the glacier and snowfield, and soon completely left the glacier and snowfield area, arriving at an endless desert.

In this desert, everyone saw that the entire desert was bare, with nothing, not even green plants, including all kinds of creatures.

Seeing this scene, everyone was a little stunned.

An old man from the black market couldn't help but said: "It is unlikely that there will be any good fortune in this desert."

At this moment, Tang Youyou smiled and said: "There are many ancient ruins in this small world, and desert areas are often the places where ancient ruins are most likely to appear."

When the seventh prince heard what Tang Youyou said, he immediately asked in surprise: "Why is it that the desert has the highest probability of encountering ancient ruins?" .??.

Tang Youyou just smiled slightly and said aloud: "I don't know, this is a woman's intuition."

Everyone: "..."

At this moment, Ye Feng said aloud: "I seem to see some ancient buildings in a certain direction in the distance, right in this desert, let's go and take a look."

Hearing what Ye Feng said, everyone nodded, and a group of people flew directly in the direction of the ancient buildings that Ye Feng saw.

Soon, they came to the middle area of the desert, and sure enough, there was

Huge buildings appeared one after another, but most of them have collapsed, and in front of many buildings are towering clay sculptures that are several kilometers tall.

These clay sculptures seem to have been eroded by wind and rain and have become somewhat unrecognizable, but it can be seen that these sculptures must have been very majestic at the time.

And everyone also saw that in front of each sculpture, there was an altar dedicated to offering incense.

Maybe the original owners of these sculptures were super powerful beings in this small world, who were regarded as gods by ordinary creatures, and then specially built sculptures for them were placed here to receive incense.

At this time, an elder from the royal family seemed to have discovered something, and immediately said: "Come over and take a look!"

Upon hearing this, everyone flew over one after another.

The next moment, everyone saw that what this powerful elder of the royal family found was actually a corpse.

Moreover, this corpse is still very fresh. It should have been dead not long ago. The blood on the body has not completely dried up. The clothes it is wearing are not clothes from the ancient times, but clothes from the current cultivation era. They are just the same as those from the Northern Territory. The practitioners are different.

At this moment, an old strong man from the Demonic Sect standing next to Nie Qianqian couldn't help but said: "This kind of clothes does not seem to be the clothes of our Northern Territory, but the Southern Barbarians who are adjacent to our Northern Territory." The clothes of a spiritual practitioner."

"What?"

Hearing what the old and powerful man from the Demonic Sect said, everyone present couldn't help but said with ugly expressions: "Could it be that the practitioners from the Southern Barbarians had already entered this ancient ruins world before we entered it? It is very possible that in this world of ancient ruins, there is another group of people looking for ancient opportunities!"

Chapter 4595 Small Group

At this time, everyone on the field looked at the body of the Southern Barbarian cultivator on the ground, with deep solemn expressions in their eyes.

Originally, they thought they were the only ones entering this small world of ancient ruins.

Unexpectedly, there were practitioners from the Southern Barbarian Land outside the Northern Territory coming in.

In this case, the danger they may encounter in this ancient ruins will be greater.

Not only are there dangers from the small world of ancient ruins themselves, but there are also threats from practitioners in the southern barbarian lands outside the northern region.

After all, when practitioners from the two areas meet, they will basically not look good on each other, and will basically fight.

After all, the Northern Territory and the Southern Barbarians are two different areas in the interface of Ten Thousand Demons. They are inherently enemies, let alone competing for training resources in this small world of ancient ruins. If they encounter each other, in order to snatch resources, both parties need not. If there is any doubt, there will definitely be a fight.

At this moment, seeing everyone's solemn expressions, Tang Youyou said quite relaxedly: "If we really encounter people from the Southern Barbarians seeking death, then we will work together to kill them. "

Hearing Tang Youyou's speech as if he was a newborn calf, even the senior figures from the black market standing behind Tang Youyou couldn't help but shake their heads with a wry smile.

An elder figure in the black market immediately said: "Miss, you don't know that the comprehensive strength of the Southern Barbarians is much stronger than our Northern Territory, so if we meet the practitioners of the Southern Barbarians, they may be stronger than us. A lot taller, because Miss, you have never met a practitioner from the Southern Barbarian Land, so you don't know much about the Southern Barbarian Land. Among the major areas in the Ten Thousand Monsters interface, our Northern Territory's overall strength ranks first. The one at the bottom is ranked first from the bottom, while the Southern Barbarians are above us, ranked second from the bottom, but they are still one level higher than us."

At this time, the powerful elder in the black market said this, and another elder from the royal family standing next to the Seventh Prince also nodded helplessly and sighed,

He said aloud: "Yes, the comprehensive strength of the Southern Barbarians is indeed a higher level than that of our Northern Territory. Moreover, the Southern Barbarians have a unified force called the Southern Barbarian Empire, so they can control the entire Southern Barbarians. All the training resources are integrated together to cultivate more powerful super geniuses and top experts. However, our entire Northern Territory originally has a poor overall foundation, not to mention the internal fighting among the major forces in the entire Northern Territory. , so the strength of our Northern Territory is getting worse every year, so we can't stop the oppression of the big forces in the Southern Barbarian Land. Even many big forces in our Northern Territory have to give up to the Southern Barbarian Land every year. The Southern Barbarian Empire must pay its resources, otherwise, the powerful ones from the Southern Barbarian Empire may come to cause trouble and even suppress our major forces. "

Hearing what the elders of the royal family said, several young people present, including the Seventh Prince Nie Qianqian and Tang Youyou, had astonishment in their eyes, as if they did not expect that the real situation would be like this.

After all, they are too young and have not been exposed to this kind of real upper-class situation.

Ye Feng's eyes flashed slightly at this moment.

In fact, Ye Feng already knew this. When Ye Feng first came to the Blood Demon Dynasty, he had already heard Murong Changming talk about this kind of thing.

At that time, Ye Feng was still thinking that if he could really climb to the top of the Blood Demon Dynasty, in addition to allowing the Blood Demon Dynasty to continuously provide him with various training resources, Ye Feng also wanted to lead the entire Blood Demon Dynasty. Unify all the major forces in the entire Northern Territory.

In this way, all the cultivation resources in the entire Northern Territory can be integrated and the Northern Territory becomes monolithic. In this case, there is no need to fear the strong men and powerful forces in other major regions.

However, Ye Feng never thought that the top forces in the Northern Territory would secretly pay various fees every year.

It is really sad to provide cultivation resources to the Southern Barbarian Empire in the Southern Barbarian Land in exchange for stability.

And when everyone was silent, the senior member of the royal family immediately looked at Ye Feng among the young people, with a hint of expectation in his eyes, and said loudly: "But now I see hope. , if little friend Ye Feng can still make rapid progress in the future like today, our northern region will definitely have a peerless powerhouse that shocks other major regions in the future. By then, our northern region may be able to rise to the top because of the appearance of little friend Ye Feng. It has become the most powerful region among all major regions, because the gold content of a super-top peerless strongman is so high that it is enough to elevate a weak region to the level of a strong region, and one person can intimidate the other four major regions. "

"What?"

Hearing what this senior member of the royal family said, everyone present couldn't help but look deeply shocked in their eyes.

Even the Seventh Prince's eyes widened, as if he did not expect that his uncle would value Ye Feng so much and speak so highly of Ye Feng, which was really shocking.

But at this time, Ye Feng just smiled slightly and said: "Anyway, I will work hard."

After finishing speaking, Ye Feng looked around and said loudly: "Let's hurry up and explore the ancient ruins in this desert. Now that practitioners from the Southern Barbarians have appeared, we must be more careful, and we We have to be fast, otherwise we will be too unlucky if we are overtaken by those cultivators from the southern barbarian land and all the cultivation resources are collected in advance. "

Hearing what Ye Feng said, the Seventh Prince also hurriedly said: "Yes, Brother Ye is right. We can't waste time now. We can't be afraid just because the practitioners in the Southern Barbarians may be stronger than us. Dare to steal wealth, warriors like us cannot be so cowardly."

After the Seventh Prince finished speaking, everyone nodded.

Tang Youyou said aloud: "Originally, I thought that we would spread out in this ancient ruins and search for wealth, but now I think we should join forces to search together, otherwise, we will encounter the cultivation of the Southern Barbarians. Or, if we can't beat him, a group of us can hold each other together to keep warm."

Ye Feng shook his head at this time and said aloud: "If we all search together, the speed will be too slow and the efficiency will be too low, but it is indeed too dangerous to disperse individually. After all, there are still There is a threat from the practitioners of the Southern Barbarians, so the best way is to divide us into several small groups to search. If we really meet the powerful practitioners of the Southern Barbarians, even if we cannot defeat them, we can protect ourselves and then attack others. Small groups sent out calls for help."

Nie Qianqian nodded at this time and said aloud: "I agree with Ye Feng."

After finishing speaking, Tang Youyou also nodded slightly, and then said loudly: "Me and a group of senior experts from our black market are enough to form a small group."

The Seventh Prince also said: "Me and the uncles behind me are enough to form a small group."

Nie Qianqian also nodded slightly at this time. It was obvious that Nie Qianqian and several senior figures from the Demonic Sect behind her could form a small group that was not weak.

Moreover, the three small groups, each coming from the same major force, act independently and are more cooperative.

At this moment, the entire team can be divided into three small groups. In this case, the search efficiency will be higher.

At this time, Tang Youyou first sent an invitation to Ye Feng and said: "Master Ye Feng, please come with us in the black market. When the time comes, we will let you, Master Ye Feng, give you priority if we find any lucky fortunes in the desert building ruins." Pick."

It must be said that Tang Youyou understood Ye Feng's needs very well, and the conditions he offered were also very generous.

But at this time, Ye Feng smiled slightly and said, "I still want to act alone."

Chapter 4596 Southern Barbarians

"What? You actually want to act alone?"

At this time, everyone present was shocked when they heard what Ye Feng said.

Because they never thought that Ye Feng's idea was to act alone in this desert ruins.

This is a very dangerous thing.

Even the elders among the major forces choose to form a small group, which will be safer.

After all, among the building ruins in this desert now, there is not only the danger of the building ruins themselves, but also the threat from the powerful practitioners from the southern barbarian land.

At this time, Tang Youyou couldn't help but said: "Ye Feng, it is too dangerous for you to act alone like this. Although your current cultivation strength is indeed very strong, almost as good as the elders, but you know, each of our small groups has more than a dozen strong seniors, so we dare to act together. It's too dangerous for you to do this alone, right?"

At this moment, the Seventh Prince and Nie Qianqian couldn't help but persuade Ye Feng not to act alone.

Obviously, since the senior figure in the royal family said that if Ye Feng continues to grow rapidly in the future, he might be able to elevate the entire Northern Territory to a new level.

Everyone's attitude and mentality towards Ye Feng are different. They even treat Ye Feng as the future of the entire Northern Territory.

Moreover, they have experienced together. This team has experienced so much, and they have long regarded each other as good friends and partners.

So naturally they didn't want Ye Feng, a partner with such a promising future, to put himself in danger.

At this moment, seeing everyone's worries, Ye Feng felt a warmth flowing in his heart, but he still said firmly: "In this desert building ruins, I still want to move alone, it is more convenient, and I have all kinds of life-saving means, so you don't have to worry. What's more, I am also protected by super strong people.

"

After saying that, Ye Feng directly released the female demon from his storage ring.

Ye Feng smiled and said: "Sister Xia, release your cultivation aura."

Boom!

Almost at the moment Ye Feng finished speaking, the female demon burst out her extremely powerful demonic aura.

That kind of terrifying demonic energy was so terrifying and majestic that it was like a vast ocean. A large group of older people standing around couldn't help but change their expressions, and quickly retreated, even a little unable to resist it. That kind of terrifying demonic aura.

"It's such a powerful existence!"

At this moment, everyone present suddenly showed deep horror in their eyes.

They never thought that Ye Feng's storage ring actually contained such a powerful mysterious existence.

At this moment, Tang Youyou was staring at the noble and cold face of the female demon, with an inexplicable look in her eyes.

The seventh prince was very happy and said: "Brother Ye, you can do it. I didn't expect that such a powerful senior would be with me."

At this moment, the Seventh Prince, including Nie Qianqian, even came in front of the female demon and clasped their fists in awe.

Obviously they all knew that the female demon released by Ye Feng was definitely an extremely terrifying and powerful person.

At this moment, many older people also understood why Ye Feng dared to act alone. It turned out that there was such a powerful demon-like person in Ye Feng's storage ring.

At this time, everyone nodded and said nothing more.

They each acted.

Ye Feng, on the other hand, put the female demon into his storage ring again.

Because Ye Feng acts alone, he can better train his ability to respond to situations.

When his life is really in danger, Ye Feng might let the female demon come out to help him.

At this moment, Ye Feng and several other small groups left completely.

Ye Feng traveled alone among the ruins of buildings in this desert.

Buzz!

At this time, Ye Feng did not hesitate and directly released his soul power and spread it around, trying to find various things emitting energy fluctuations in the ruins of the building.

It has to be said that this piece of building ruins in the middle of the desert is very vast.

Ye Feng released his soul power, covering a radius of several kilometers, and only occupied a very small part of the building ruins.

Therefore, Ye Feng did not sense any special energy fluctuations for a while, and could only continuously shuttle between major buildings.

While using his soul power to detect energy fluctuations, he used his own eyes to look for various signs that might contain chance creation, or special places left behind by this ancient ruin.

Because soul power cannot detect everything, soul power can only detect special energy fluctuations.

For example, in the glacier and snowfield, the Seventh Prince and a group of royal powerful men discovered the golden stone tablet.

The golden stone tablet itself could not emit any energy fluctuations, so Ye Feng's soul power could not detect it from a distance.

Only human eyes can see such special things.

Uh-huh! Uh-huh! Uh-huh!

at this moment

, Ye Feng quickly shuttled among the buildings.

Suddenly Ye Feng came to a collapsed tower.

This huge tower is very tall, reaching into the clouds and into the sky, but more than half of it has collapsed, leaving only half of the tower standing on the earth.

But even so, Ye Feng still saw that there seemed to be light shining in the collapsed tower.

Ye Feng's eyes lit up and he immediately rushed towards the collapsed tower.

When Ye Feng came to the collapsed tower, he sensed an unusual energy fluctuation in the giant tower.

But Ye Feng's soul power just now was not detected.

In other words, there seems to be a special material on the surface of this giant tower that can block the detection of soul power.

This made Ye Feng's eyes suddenly show surprise.

It seems that many of the great forces in this ancient ruins have very deep foundations.

At this moment, Ye Feng slowly walked towards the collapsed tower.

"This is....."

But when Ye Feng came to the door of this giant tower, he immediately saw that there were several figures in green robes, looking for something in this giant tower.

These figures in green robes are all very tall and burly. They don't look like people from the Northern Territory, but like barbarians from the Southern Barbarian Land.

This made Ye Feng's eyes suddenly reveal a look of deep astonishment. He did not expect that he would meet a practitioner from the southern barbarian land so quickly.

Ye Feng immediately understood at this moment. It is estimated that this small world of ancient ruins not only has the entrance guarded by the black market, but also must have other entrances so that practitioners from the Southern Barbarians can enter it in advance.

Chapter 4597 A Trap

At this time, Ye Feng did not alert the snake, but deeply hid his aura and silently followed behind these practitioners from the southern barbarian land.

These southern barbarians are all very tall, just like barbarians, but they are indeed human races, but they are different from the human races in the northern region.

At this moment, Ye Feng could see that these practitioners in the southern barbarian land were holding a map in their hands, and they seemed to be searching for something according to the instructions on the map.

Seeing this scene, Ye Feng's eyes suddenly flashed. Could it be that these practitioners from the Southern Barbarians came to this small world of ancient ruins and actually mastered the map in advance?

No wonder these practitioners from the Southern Barbarian Land were able to come here in advance to search. They really have many methods.

But at this time, Ye Feng showed a trace of happiness on his face.

If these practitioners in the southern barbarian land really hold the map of this ancient ruins, then as long as they follow them silently, they can get a lot of opportunities. .??.

While Ye Feng was thinking in his mind, the practitioners from the southern barbarian land in front took out pieces of crystal stones that shone with black light from their respective storage rings.

Then they were placed on an altar inside the collapsed tower in a very special arrangement.

Seeing this scene, Ye Feng's eyes flashed fiercely.

These practitioners from the southern barbarian land came here, and they were really well prepared. They were able to take out this special black crystal stone and place it on the altar, as if they wanted to open something.

At this moment, Ye Feng saw that the faces of these practitioners in the southern barbarian land showed deep expectations. It seemed that they could use this altar to open a very rich treasure.

At this time, Ye Feng was behind and secretly observing.

If there is really something good, then Ye Feng also wants to fight for it.

However, Ye Feng could feel that the cultivation aura of these cultivators from the southern barbarian land was very powerful, and they were probably several realms higher than Ye Feng's current level.

This makes Ye Feng very surprised. After all, Ye Feng's current cultivation level is already very high and he is considered a first-class master in the entire Northern Territory. However, he did not expect that these practitioners from the southern barbarian land are so powerful. So terrifying.

No wonder the elders and powerful men of the royal family behind the Seventh Prince said that the cultivation foundation of the Southern Barbarians is a level higher than that of the entire Northern Territory, and many big forces in the Northern Territory give up to the unified forces of the Southern Barbarians every year. The empire must pay various tributes and resources in exchange for stability.

It seems that the practitioners in the Southern Barbarian Land are indeed very powerful, and their overall strength is indeed much stronger than that in the Northern Territory.

So at this time, Ye Feng did not act rashly, but silently observed from behind.

If the treasure they opened was really very rich, then Ye Feng wouldn't mind letting the female demon in the storage ring fight for it.

And just when Ye Feng was thinking secretly in his heart.

Suddenly there was a "boom"!

These practitioners from the southern barbarian land had just placed the black crystal stones on the altar, and the entire altar suddenly erupted with a bright light.

But just when these few practitioners from the southern barbarian land looked at the entire altar with joy.

Click!

Suddenly the entire altar opened with a crack

, a jet-black claw protruded from the crack. Each claw seemed to be made of metal. It was very ferocious and terrifying. It actually instantly killed a cultivator from the Southern Barbarian Land in front of him. The whole body was torn apart.

"What??"

Seeing this scene, the remaining practitioners in the southern barbarian land suddenly turned pale with shock.

They never expected that they came here as directed on the map and wanted to use this altar to unlock the treasure. Unexpectedly, what was hidden in this altar was not a treasure, but an extremely vicious person. demon.

The jet-black claws that protruded from the cracks in the altar just now were obviously a very terrifying demonic creature, otherwise it would not have such evil power and terrifying cutting capabilities.

So at this moment, these practitioners in the southern barbarian land immediately wanted to retreat and stay away from here.

But in the next moment, a dark claw once again stretched out from the dark crack.

A total of two terrifying pitch-black demon claws killed several remaining practitioners in the Southern Barbarian Land instantly.

Although these practitioners in the southern barbarian land have powerful treasures on their bodies, and their cultivation is several levels stronger than Ye Feng, they are as fragile as tofu in front of this devil's claws. There was no way to resist, and he was scratched to pieces in an instant.

So at this time, Ye Feng was lurking in the dark and was deeply shocked when he saw that these practitioners in the southern barbarian land were all torn apart by the devil's claws in the crack. ??

I didn't expect that such an evil and terrifying existence was hidden in this altar, but it was released by these practitioners from the southern barbarian land.

Ye Feng immediately understood. It was probably that someone deliberately spread the news and attracted these practitioners from the Southern Barbarians to come here, just to open the seal.

In other words, the map in the hands of these practitioners in the southern barbarian land is completely a trap.

At this moment, after Ye Feng realized this, he immediately felt a little lucky.

Fortunately, I didn't come here in advance to open this altar, otherwise, I might be the one who died.

After all, at that moment, two demonic claws stretched out from the crack. Ye Feng felt that his immortal body, which was probably his current state, was unable to withstand the tearing and cutting of the terrifying demonic claws.

At this time, Ye Feng did not hesitate and continued to observe.

Because the cultivation strength of these dead Southern Barbarian practitioners was several levels higher than his own, their blood energy must also be very rich, and Ye Feng did not want to waste it.

Ye Feng wanted to observe whether all the terrifying demons in the altar could escape.

At this moment, Ye Feng discovered that the two demon claws stretched out and tore apart the few practitioners in the southern barbarian land, and then retracted directly. He didn't know if there was no way to get out of trouble for the time being.

But the seal of this altar has been opened, so the devil hidden in the altar will come out later.

But Ye Feng discovered at this time that this demon had no way to come out yet.

Uh-huh!

Therefore, Ye Feng did not hesitate at this time and rushed forward, wanting to release the Devouring Domain as soon as possible and devour the skills of these practitioners from the Southern Barbarians who died unexpectedly.

Chapter 4598 The risk is very high

"Sure enough, there's a kid hiding in the secret, and you're dead too!"

But suddenly at this moment, a hoarse old voice came out from the crack in the already calm altar.

Uh-huh!

Then a huge devil's claw stretched out all of a sudden, grabbing Ye Feng like lightning.

Obviously, although the demon was temporarily sealed in the altar, it had sensed Ye Feng's hidden aura outside, so he deliberately retracted the demon's claws in order to lure Ye Feng over and kill him.

It can be said that this demon is indeed very evil and ferocious, and he is very well-intentioned and very deep.

At this moment, Ye Feng was actually already prepared.

Because Ye Feng knew very well that this demon killed several practitioners from the southern barbarian land in front of him in an instant, which proved that this demon was very terrifying, and Ye Feng was naturally always on guard against it.

Although Ye Feng is now rushing forward, wanting to devour the skills of those southern barbarian practitioners, Ye Feng has also been guarding against the demon hidden in the cracks of the altar.

So at this moment, when a black devil's claw stretched out again, Ye Feng almost didn't hesitate at all. He quickly moved his void power and instantly transferred to other places.

Uh-huh!

At this moment, the devil's claw protruding from the crack was very fast, like a black lightning, but it was missed and Ye Feng successfully dodged it.

At this moment, Ye Feng flashed to the edge, stretched out his hand and directly put the dead Southern Barbarian practitioners on the ground into his storage ring.

In this case, Ye Feng can devour it at any time.

At this moment, Ye Feng dodged the attack, allowing the ancient and evil evil spirit in the altar to

The demon immediately made a surprised voice: "Oh? I didn't expect that you kid could dodge so quickly. You actually have such a powerful power of the void and can flash in an instant. You are quite a good human kid. Young man, look. You are not a creature in this small world. Like these barbarians, you probably come from outside this small world."

Hearing what the demon in the altar said, Ye Feng didn't bother to respond at all, because Ye Feng didn't want to talk nonsense with him at all.

At this moment, Ye Feng quickly devoured the skills of the practitioners from the Southern Barbarians in his storage ring, otherwise Ye Feng was afraid that he would forget them in the future.

So at this time, Ye Feng just swallowed it on the spot.

Boom!

At this moment, streams of extremely majestic blood energy were immediately swallowed up by Ye Feng and injected into Ye Feng's dantian.

Ye Feng immediately sensed that his skills were growing rapidly.

At this moment, Ye Feng could feel that his cultivation momentum was beginning to rise.

Because the cultivation strength of these practitioners in the southern barbarian land is much higher than that of Ye Feng, even Ye Feng did not dare to fight against them just now.

If it weren't for this demon, Ye Feng would never have been able to devour the skills of these practitioners in the southern barbarian land.

It has to be said that these practitioners in the southern barbarian land were so unlucky. They originally wanted to find treasures, but ended up coming here all the way, but it turned out to be just a trap, and they were instantly attacked by the demon sealed in this altar. Killed him, and in the end, by accident, he became the nourishment for Ye Fengxiu's strength.

It can be said that these practitioners in the southern barbarian land are simply unlucky.

His mother opened the door for him, and he came home.

At this moment, Ye Feng followed the swallowing, and the cultivation aura on his body immediately began to break through quickly and continuously.

boom! .??.

The second level of Heavenly Soul Realm!

boom! .??.

The third level of Heavenly Soul Realm!

boom! .??.

The fourth level of Heavenly Soul Realm!

boom! .??.

The fifth level of Heavenly Soul Realm!

At this moment, Ye Feng's cultivation finally stopped.

What surprised Ye Feng was that after devouring these practitioners from the Southern Barbarian Land, the rich skill and energy allowed Ye Feng to directly break through the fourth heaven in a

row. He directly broke through from the previous first heaven of the Heavenly Soul Realm. Reaching the fifth level of the Heavenly Soul Realm is a huge breakthrough and improvement.

At this moment, Ye Feng was naturally very happy, because this was a bargain. He did not waste any money at all, and he directly obtained these fresh and incomparable practitioners from the southern barbarian land. The blood energy and skill made his cultivation level improve so much all at once.

Ye Feng even wanted to thank the devil in this altar.

But at this time, Ye Feng knew very well that the demon in this altar was a very evil existence.

So after Ye Feng made a breakthrough in cultivation at this time, he directly chose to leave here, not wanting to deal with this demon.

But at this moment, the demon in the altar suddenly spoke: "Young man, you are very good, and you have also practiced the same very evil inheritance of devouring other people's blood like me. It seems that you are in the outside world. He's also a demonic figure."

When Ye Feng heard what the demon in the altar said, he paused slightly, and then said aloud: "I am not a demonic figure. I am not as good as you."

Evil and cruel. "

Hearing what Ye Feng said, the demon in the altar immediately burst into laughter and said loudly: "Boy, I don't care who you are, you have my approval now."

Ye Feng said in surprise: "What's the use of getting your approval?"

The demon in this altar immediately spoke out: "My seal has begun to loosen, and even cracked. If you can help me and completely come out of the seal of this altar, I can promise you , take you to find the most precious creation in this small world. "

Hearing what the demon in the altar said, Ye Feng couldn't help but show a look of surprise in his eyes, as if he didn't expect that this demon actually took a fancy to him and wanted to cooperate with him.

However, the risk of cooperating with such an extremely vicious existence is very high. Ye Feng is thinking about whether to do this or not.

However, Ye Feng was very interested in what this demon said was the greatest chance creation in this small world.

At this moment, seeing Ye Feng's hesitation, the demon suddenly said: "To show my sincerity, I can give you a ball of my demon's original energy in advance, which will be of great benefit to the improvement of your cultivation. Of course, the premise is Yes, you can refine my very unique and advanced demonic energy. Don't be carried away by this demonic energy."

Uh-huh!

After saying that, a black ball of light suddenly flew out from the altar.

This black light group contains very evil energy.

But this evil energy was so huge that it floated directly in front of Ye Feng.

Ye Feng's eyes suddenly lit up. Without any hesitation, he directly released the Devouring Domain and began to absorb the high-level demonic energy in this demonic origin light group.

Chapter 4599 The supreme good thing

Boom!

At this moment, Ye Feng absorbed the demonic energy in this demonic origin light group, and immediately sensed this energy. It was simply too advanced and terrifying, and Ye Feng's skills immediately increased unparalleledly. .

Ye Feng even felt that this mass of demonic energy was much larger and more advanced than the skills of the practitioners from the Southern Barbarians that he had absorbed just now.

Because this is the original energy light group of the ancient demon!

I have to say that this ancient demon is quite sincere.

At this moment, Ye Feng's cultivation aura was rising rapidly and continuously again, making Ye Feng extremely excited.

boom!

The sixth level of Heavenly Soul Realm!

boom!

The seventh level of Heavenly Soul Realm!

boom!

The eighth level of Heavenly Soul Realm!

boom!

The ninth level of Heavenly Soul Realm!

boom!

The tenth level of the Heavenly Soul Realm is complete! !

At this moment, Ye Feng's cultivation suddenly soared directly to the state of Perfection, the tenth level of the Heavenly Soul Realm.

In just a short moment, Ye Feng's cultivation level had broken through so much, which made Ye Feng naturally feel happy inside.

Coming to this giant tower this time, I really gained a huge amount, which made Ye Feng's skill level improve so much all at once.

At this time, Ye Feng looked at the dark space in the crack of the altar not far away and said, "It seems that the senior is really sincere."

Hearing that Ye Feng actually called himself senior, the ancient demon immediately laughed out loud: "You are very fond of me. If it were anyone else, they would probably not cooperate with me even to death, but But you kid can do it. It seems that you are really very courageous and have no taboos in your behavior. Compared with those

It is much better for a hypocritical person who maintains his own dignity. "

Hearing what the ancient demon in the altar said, Ye Feng immediately smiled lightly and said loudly: "The people that senior killed were all practitioners from the Southern Barbarians, and they have nothing to do with me. Senior and I have no grievances." , if we can reach a cooperation, there is nothing bad, and the senior is so sincere that he directly gave me a ball of devil's origin energy light, which suddenly improved my cultivation so much. I believe in cooperating with the senior. , it will definitely improve my cultivation level faster in the future."

Hearing what Ye Feng said, the ancient demon immediately laughed and said: "Of course, if you help me, I will definitely help you. Although I am a demon, I am very vicious, but as long as you help me, I will definitely help you." I will definitely not treat my partners badly if they can help each other."

When he said this, the ancient demon immediately said to Ye Feng: "Now that you believe me, then you can come directly and completely smash this altar. In this way, I can completely get out of trouble." And out."

Hearing what the ancient demon said at this time, Ye Feng immediately nodded and said: "Okay, then I will help senior get out of trouble."

Uh-huh!

After finishing speaking, Ye Feng's figure flashed and flew to the ancient altar.

At this time, the ancient demon did not continue to deal with Ye Feng because the two had already reached cooperation.

Ye Feng also breathed a sigh of relief.

In fact, Ye Feng is very happy to see such a result, because it is beneficial to both parties.

When he thought of this, Ye Feng no longer hesitated, and directly waved his fists to stimulate the power of the gods. Ye Feng's two golden fists immediately hit hard.

On top of this ancient altar.

Click! Click!

At this moment, with the crazy attack of Ye Feng's two golden fists, the ancient altar in front of him that had cracked cracks appeared again, and it looked like it was about to be completely broken.

Seeing this scene, the ancient demon who was sealed in the altar showed a hint of surprise in his eyes, and couldn't help but said: "Young man, you can do it. Your physique and strength are very strong. Although I can't tell what kind of physique this golden physique belongs to, but it feels very noble to me, even more powerful than the royal physique of our demon clan, which is a bit incredible."

Obviously, the power of Ye Fengtian's immortal body made this ancient demon feel a kind of nobility from its origin.

Ye Feng just smiled slightly at this time and didn't say anything at all, because there was no need to explain anything to this ancient demon.

After all, the two of them just have a cooperative relationship. There is no need to reveal all their trump cards. This is not a good thing for Ye Feng. The two only need to maintain a basic cooperative relationship. There is no need to act like the closest friends. Like my friends, I confide in you.

At this moment, Ye Feng just quickly used his two golden fists to beat the ancient altar in front of him crazily. .

Boom! !

Finally, when Ye Feng beat it ninety-eight times, the entire ancient altar in front of him suddenly shattered.

boom!

Almost at this moment, a terrifying demonic energy suddenly surged out.

Then in the dark space under the altar, a tall and towering demon figure slowly emerged.

Ye Feng was surprised to find out,

This ancient demon is not as vicious and ferocious looking as imagined.

This ancient demon is as tall as two people, very burly, and its skin is purple-black in color, but its face does not look so ferocious, but has a very handsome face.

Seeing this scene, Ye Feng couldn't help but said: "Senior is a little different from what I imagined."

When the ancient demon heard what Ye Feng said, he immediately grinned and said, "We demons also pay great attention to appearance."

After finishing speaking, the ancient demon stared at Ye Feng carefully, and then said in amazement: "You are the most amazing human race I have ever seen, and also the most extraordinary human race. You are so mysterious."

Hearing this ancient demon's evaluation of himself, Ye Feng just grinned and said aloud: "Now that senior has completely escaped from trouble, can you take me directly to find what senior said before? The most precious chance creation in this small world, I wonder what that chance creation is?"

The ancient demon immediately said: "The most precious chance creation of this small world is the fragments of world rules left by the master of the world in this small world. If we can find the fragments of the world rules left by the master of this small world in those days, The fragments of world rules allow us to directly absorb the fragments of world rules and understand the power of world rules. In the future, even if we are no longer in this small world, we can still use the power of world rules in other cultivation interfaces. "

"What?"

Hearing what this ancient demon said, Ye Feng's eyes suddenly showed deep shock.

This ancient demon can actually lead him to find fragments of the legendary world rules?

This is a supremely good thing!

Chapter 4600 Divine Dragon Pond Water

At this time, Ye Feng was naturally extremely excited when he heard that the ancient demon was actually taking him to find the fragments of the legendary world rules.

Because if you can really successfully fuse a few fragments of world rules, it will have unparalleled benefits for Ye Feng's subsequent improvement in cultivation and strength.

Not only can it help Ye Feng continuously understand the secrets of various realms, but it can also help Ye Feng improve his overall strength.

You know, when fighting, if you can use the power of the world's rules, that is to say, you can change the surrounding environment and the rules of the world at any time, which will have a huge auxiliary effect during the battle.

Anyway, fragments of this kind of world rules are extremely rare. Even Ye Feng only heard about them in legends, but he didn't expect to actually find them.

So at this time, Ye Feng immediately stared at the ancient demon in front of him, his eyes were quite fiery and said loudly: "Then please ask senior to take me to find this kind of fragment of world rules. It is really too rare. , It's so precious, if it can be found, it will definitely be a priceless treasure."

Seeing Ye Feng's expectant and enthusiastic look, the ancient demon immediately smiled and said: "Sure enough, you and I are like-minded people, but it is very dangerous to get the fragments of that world's rules. , because we want to go deep into the place where the Lord of the World of this small world died. "

Hearing the ancient demon use the word "fall", Ye Feng's eyes flashed slightly, and then he said loudly: "The death of the world master of this small world was not due to death, but because of something very terrible. The reason?"

The ancient demon nodded and said loudly: "The master of this small world back then was also the son of destiny of this small world. After cultivating to the final powerful state, he angered a mysterious person in the world of advanced cultivation dimensions. force, so the mysterious force sent a very terrifying strong man to kill him in the most dangerous place in this small world, the cemetery of gods and demons. "

"Cemetery of Gods and Demons?"

When Ye Feng heard what this ancient demon said, his eyes suddenly showed a look of surprise.

A place that can be called the cemetery of gods and demons sounds very scary and contains huge risks.

Unexpectedly, the world master of this small world would fall in such an ancient and dangerous place as the Cemetery of Gods and Demons.

Seeing a trace of hesitation in Ye Feng's eyes at this moment, the ancient demon immediately smiled and said, "Are you afraid?"

Ye Feng immediately laughed and said aloud: "I am not afraid of anything by nature. As long as it can greatly improve my overall strength, I am willing to take any danger."

After finishing speaking, Ye Feng looked around and said loudly: "But first I have to search for the chance creation in this ancient building ruins. After all, I have come here, and I can't just leave like this. And if I can get something good from this ancient building ruins, my cultivation strength will continue to grow. When the time comes to the cemetery of gods and demons where the Lord of the Small World fell, my self-protection ability will also be Get promoted."

Hearing what Ye Feng said, the ancient demon immediately nodded and said: "I have just escaped from the seal on that altar, and it will take some time for me to recover my strength. After all, I want to get that

The fragments of world rules left by the Lord of the Small World must go deep into the cemetery of gods and demons. I once went deep into the cemetery of gods and demons and almost died, so we still have to be cautious. "

After saying that, the ancient demon took out a set of black robes from the storage ring and wrapped himself up so that no one would be able to recognize the identity of the ancient demon.

Seeing this scene, Ye Feng breathed a sigh of relief. He was really afraid that this ancient demon would follow him and casually reveal his identity as an evil demon. It would be difficult to explain to others at that time.

At this time, Ye Feng asked aloud: "Senior, you are sealed in the altar in the ruins of this ancient building. You should be very familiar with the ruins of this ancient building, right?"

The ancient demon immediately nodded and said loudly: "Back then, this ruins was a very prosperous sect in the small world, called the Panlong Shen Sect. However, due to some changes, the Panlong Shen Sect's territory became Now in such a ruined land, I encountered a terrible crisis when I entered the cemetery of gods and demons. I almost died in the cemetery of gods and demons. In the end, I escaped to the territory of Panlong Divine Sect, and one of the big shots took advantage of me. When I was at my weakest, he sealed me, but he couldn't kill me."

When he said this, the ancient demon looked around and suddenly said: "Boy Ye Feng, I will take you directly to a very special place in the Panlong Shen Sect. That place was specially used by the Panlong Shen Sect in the past. The place where super geniuses are cultivated is called Shenlong Chishui. If Shenlong Chishui has not dried up after so many years, then your kid will definitely like that place very much, because Shenlong Chishui was the first founder of the Panlong Shen Sect, and he killed the entire The pool water cast by tens of thousands of wild evil dragons contains endless dragon essence of the wild dragon clan. It has unparalleled benefits for improving the physique and skill of your human race. It may even improve your kid's physique. Become the legendary body of ten thousand dragons, but your current physique is already very strong. Of course, if you can temper your physique into the body of ten thousand dragons at the same time, it will help your physique to reach a higher level. "

"Shenlong Pond Water?"

"The body of ten thousand dragons?"

At this time, when he heard the ancient demon say such words, Ye Feng's eyes suddenly lit up, and he quickly said: "Then senior, please take me to that place quickly. I think that place can definitely make people... My cultivation strength has been greatly improved."

The ancient demon immediately nodded, and then said loudly: "But the premise is that the water in the Shenlong Pond has not dried up after so many years. If it dries up by then, don't blame me for lying to you."

Ye Feng immediately smiled and said: "Of course not, senior is very kind to me, I will keep this in mind."

Hearing what Ye Feng said, the ancient demon immediately nodded, and then flew quickly in a certain direction with Ye Feng.

Soon, the ancient demon led Ye Feng to the deeper area of the building ruins.

At this time, the ancient demon immediately pointed in a certain direction not far away, smiled and said: "It seems that we are lucky. The water in the dragon pond has not completely dried up. I have already heard the sound of water flowing. I guess Since the demise of the Panlong Shen Sect, no one has arrived here, otherwise, the water in the Shenlong Pond would have been robbed long ago. "At this time, I heard that the ancient demon was actually taking me to find the fragments of the legendary world rules. , Ye Feng was naturally looking forward to it.

Because if you can really successfully fuse a few fragments of world rules, it will have unparalleled benefits for Ye Feng's subsequent improvement in cultivation and strength.

Not only can it help Ye Feng continuously understand the secrets of various realms, but it can also help Ye Feng improve his overall strength.

You know, when fighting, if you can use the power of the world's rules, that is to say, you can change the surrounding environment and the rules of the world at any time, which will have a huge auxiliary effect during the battle.

Anyway, fragments of this kind of world rules are extremely rare. Even Ye Feng only heard about them in legends, but he didn't expect to actually find them.

So at this time, Ye Feng immediately stared at the ancient demon in front of him, his eyes were quite fiery and said loudly: "Then please ask senior to take me to find this kind of fragment of world rules. It is really too rare. , It's so precious, if it can be found, it will definitely be a priceless treasure."

Seeing Ye Feng's expectant and enthusiastic look, the ancient demon immediately smiled and said: "Sure enough, you and I are like-minded people, but it is very dangerous to get the fragments of that world's rules. , because we want to go deep into the place where the Lord of the World of this small world fell."

Hearing the ancient demon use the word "fall", Ye Feng's eyes flashed slightly, and then he said loudly: "The death of the world master of this small world was not due to death, but because of something very terrible. The reason?"

The ancient demon nodded and said loudly: "The master of this small world back then was also the son of destiny of this small world. After cultivating to the final powerful state, he angered a mysterious person in the world of advanced cultivation dimensions. force, so the mysterious force sent a very terrifying strong man to kill him in the most dangerous place in this small world, the cemetery of gods and demons. "

"Cemetery of Gods and Demons?"

When Ye Feng heard what this ancient demon said, his eyes suddenly showed a look of surprise.

A place that can be called the cemetery of gods and demons sounds very scary and contains huge risks.

Unexpectedly, the world master of this small world would fall in such an ancient and dangerous place as the Cemetery of Gods and Demons.

Seeing a trace of hesitation in Ye Feng's eyes at this moment, the ancient demon immediately smiled and said, "Are you afraid?"

Ye Feng immediately laughed and said aloud: "I am not afraid of anything by nature. As long as it can greatly improve my overall strength, I am willing to take any danger."

After finishing speaking, Ye Feng looked around and said loudly: "But first I have to search for the chance creation in this ancient building ruins. After all, I have come here, and I can't just leave like this. And if I can get something good from this ancient building ruins, my cultivation strength will continue to grow. When the time comes to the cemetery of gods and demons where the Lord of the Small World fell, my self-protection ability will also be Get promoted."

Hearing what Ye Feng said, the ancient demon immediately nodded and said: "I have just escaped from the seal on that altar, and it will take some time for me to recover my strength. After all, I want to get that

The fragments of world rules left by the Lord of the Small World must go deep into the cemetery of gods and demons. I once went deep into the cemetery of gods and demons and almost died, so we still have to be cautious. "

After saying that, the ancient demon took out a set of black robes from the storage ring and wrapped himself up so that no one would be able to recognize the identity of the ancient demon.

Seeing this scene, Ye Feng breathed a sigh of relief. He was really afraid that this ancient demon would follow him and casually reveal his identity as an evil demon. It would be difficult to explain to others at that time.

At this time, Ye Feng asked aloud: "Senior, you are sealed in the altar in the ruins of this ancient building. You should be very familiar with the ruins of this ancient building, right?"

The ancient demon immediately nodded and said loudly: "Back then, this ruins was a very prosperous sect in the small world, called the Panlong Shen Sect. However, due to some changes, the Panlong Shen Sect's territory became Now in such a ruined land, I encountered a terrible crisis when I entered the cemetery of gods and demons. I almost died in the cemetery of gods and demons. In the end, I escaped to the territory of Panlong Divine Sect, and one of the big shots took advantage of me. When I was at my weakest, he sealed me, but he couldn't kill me."

When he said this, the ancient demon looked around and suddenly said: "Boy Ye Feng, I will take you directly to a very special place in the Panlong Shen Sect. That place was specially used by the Panlong Shen Sect in the past. The place where super geniuses are cultivated is called Shenlong Chishui. If Shenlong Chishui has not dried up after so many years, then your kid will definitely like that place very much, because Shenlong Chishui was the first founder of the Panlong Shen Sect, and he killed the entire The pool water cast by tens of thousands of wild evil dragons contains endless dragon essence of the wild dragon clan. It has unparalleled benefits for improving the physique and skill of your human race. It may even improve your kid's physique. Become the legendary body of

ten thousand dragons, but your current physique is already very strong. Of course, if you can temper your physique into the body of ten thousand dragons at the same time, it will help your physique to reach a higher level. ”

"Shenlong Pond Water?"

"The body of ten thousand dragons?"

At this time, when he heard the ancient demon say such words, Ye Feng's eyes suddenly lit up, and he quickly said: "Then senior, please take me to that place quickly. I think that place can definitely make people... My cultivation strength has been greatly improved."

The ancient demon immediately nodded, and then said loudly: "But the premise is that the water in the Shenlong Pond has not dried up after so many years. If it dries up by then, don't blame me for lying to you."

Ye Feng immediately smiled and said: "Of course not, senior is very kind to me, I will keep this in mind."

Hearing what Ye Feng said, the ancient demon immediately nodded, and then flew quickly in a certain direction with Ye Feng.

Soon, the ancient demon led Ye Feng to the deeper area of the building ruins.

At this time, the ancient demon immediately pointed in a certain direction not far away, smiled and said: "It seems that we are lucky. The water in the dragon pond has not completely dried up. I have already heard the sound of water flowing.
