

Ancient 4601

Chapter 4601 Panlong Hall

Hearing what the ancient demon said at this moment, Ye Feng suddenly showed deep surprise in his eyes.

It seems that the water in this divine dragon pond has not dried up yet, which will definitely help me a lot.

So at this moment, Ye Feng didn't hesitate at all, and immediately followed the ancient demon and quickly flew towards the front.

When Ye Feng followed the ancient demon to the Shenlong Pond, he immediately saw a huge river bed.

However, this river has dried up quite a lot, and only a small stream of water is still flowing.

But Ye Feng was already satisfied.

After all, after so many years, there is still so much water left in the Shenlong Pond, which is already very good. ??

At this time, Ye Feng had already sensed that every drop of water in this divine dragon pond contained very rich dragon source essence from the ancient wilderness dragon clan.

Uh-huh!

At this moment, the ancient demon hadn't said anything. Ye Feng couldn't bear it anymore and jumped directly into the water of the Divine Dragon Pond in front of him, and then quickly released the Devouring Domain.

"Buzz!"

At this moment, Ye Feng's body suddenly erupted into an extremely dark field, directly covering the entire surrounding Shenlong Pond water, and then began to quickly absorb the energy in the entire Shenlong Pond water.

At this time, Ye Feng could feel that the energy contained in the water of the Divine Dragon Pond was the very pure dragon essence of the Great Wilderness Dragon Clan, so it was very high-grade and very mellow, making Ye Feng's power suddenly increase at this moment. It just continued to grow.

At this moment, looking at the Devouring Domain released by Ye Feng in the Shenlong Pond, even this ancient demon felt a rather surprising feeling.

Because this ancient evil is a

He is a very ancient character. He has seen all kinds of unusual abilities, but he has never seen such a magical devouring ability as Ye Feng.

And he felt that Ye Feng's physique was also very incredible. It could actually accommodate various attributes of power. It could not only accommodate the skills of practitioners in the Southern Barbarian Land, but also the ancient demon's own demonic origin energy. Now it can accommodate The dragon essence energy of the Great Wild Dragon Clan in the water of Shenlong Pond.

So this shocked the ancient demon very much, because the talent displayed by Ye Feng's various abilities was really amazing.

While the ancient demon was thinking in his mind, Ye Feng had already absorbed all the remaining Dragon Essence energy contained in the water of the Divine Dragon Pond.

At this moment, Ye Feng felt it immediately, and a very terrifying energy exploded in his body.

Then Ye Feng completely broke through the cultivation bottleneck of the tenth level of the Heavenly Soul Realm and reached the half-step Yuanxin state above the Heavenly Soul Realm!

The Yuanxin state above the Heavenly Soul Realm is a new and powerful realm of cultivation. When a warrior enters the Yuanxin state, his strength will increase unparalleled, and the power of his spiritual thoughts will also increase dramatically.

But it doesn't matter to Ye Feng, because Ye Feng is originally a soul master, so Ye Feng's soul power is strong, which makes Ye Feng's spiritual power also very powerful.

At this moment, although Ye Feng has only entered the half-step Yuan state of mind, it still makes Ye Feng very satisfied.

After all, you must know that the water in this Shenlong Pond was left behind tens of millions of years ago. It has not dried up yet and can be used by yourself to break through the current one.

The big bottleneck has already made Ye Feng feel very lucky.

At this time, after Ye Feng's cultivation had reached the half-step Yuan state of mind, he clenched his fists and felt that his combat power had increased by nearly hundreds of times at this moment.

It can be seen that as the realm of cultivation continues to improve, the gap between each major realm is getting wider and wider.

Therefore, it is very incredible that Ye Feng can still fight beyond the level in such a high realm.

Uh-huh!

At this moment, Ye Feng stood up from the completely dry Shenlong Pond, then walked outside, came to the ancient demon, and said with interest: "Senior, this Panlong Divine Sect still had Is there any other special place like this? "

The ancient demon immediately smiled, nodded and said: "There really is a place that may have a huge effect on you and me. I have wanted to take a look for a long time, but I just brought you to this dragon along the way. Pool water, see if there is any pool water that can be used. It just so happens that you have achieved a breakthrough in cultivation. Let's go to another place to take a look. "

Hearing what the ancient demon said, Ye Feng suddenly showed deep surprise in his eyes.

Unexpectedly, the ancient demon would take him to another good place in the Panlong Divine Sect, which naturally made Ye Feng very happy.

Because a place that can be favored by this ancient demon must be a very good place.

Next, Ye Feng followed the ancient demon and quickly continued to fly in a certain direction of the ancient ruins of the Panlong Shen Sect.

Soon, Ye Feng followed the ancient demon and arrived at his destination.

At this time, Ye Feng

Immediately, he saw a gleaming golden hall standing among the ruins in front of him.

The surface of this hall was engraved with many totems and symbols of the ancient dragon clan, making Ye Feng immediately feel that this hall must be very extraordinary.

At this time, the ancient demon stared at the golden hall, and immediately smiled slightly, and said loudly: "This hall is called Panlong Hall. It was the place where many top powerhouses of the Panlong Divine Sect specialized in practicing and enlightening. It is said that under the Panlong Hall, buried with the corpse of an ancient coiled dragon, this is why this hall has a very extraordinary ability. When people practice in it, they can absorb the energy of the ancient coiled dragon, and they can also comprehend higher-level realms. "

"oh?"

Hearing what the ancient demon said, Ye Feng immediately showed a look of surprise in his eyes, as if he didn't expect that this seemingly small hall would have such a special function.

Uh-huh!

At this time, Ye Feng didn't hesitate at all and just followed the ancient demon and flew quickly towards the Panlong Hall.

Soon they arrived at the door of the hall and walked straight in.

Ye Feng immediately saw that the entire Panlong Hall was empty and there was nothing else.

But the moment Ye Feng walked into this hall, he immediately sensed a very surging energy from the ancient coiled dragon. It was indeed radiating from the ground of the entire hall and dispersed in the air, making Ye Feng breathe. With one mouthful, it felt like the energy of the ancient coiled dragon was injected into his body, which increased his power. This made Ye Feng's eyes suddenly reveal a look of deep surprise.

Could it be that there really is an ancient coiled dragon buried underground in this Coiling Dragon Hall?

Chapter 4602 Panlong Clone

At this time, Ye Feng immediately asked: "Senior, is there really an ancient coiled dragon buried under the Coiling Dragon Hall?"

Hearing Ye Feng's question, the ancient demon's eyes suddenly showed a trace of interest, and he said: "If you want to know whether there is an ancient coiled dragon buried under this hall, dig it up directly." Just open it."

After saying that, Ye Feng's eyes were stunned for a moment, as if he didn't expect that this ancient demon would be so casual and without taboos.

After all, for Ye Feng, this Panlong Temple is a relatively sacred place of the Panlong Divine Sect. Ye Feng still wants to practice silently in this Panlong Temple.

Unexpectedly, the ancient demon was directly preparing to dig up the ground under the hall.

Before Ye Feng could say anything at this moment, the ancient demon immediately spoke out: "Back then, the Panlong Hall was regarded as the most sacred place by the entire Panlong Divine Sect. It was the only place where the top powerful ones among the Panlong Divine Sect Only those who can enter this Panlong Hall to practice and understand the inheritance and mysteries, but now so many years have passed, and I am not a member of the Panlong Shen Sect, and even a big shot of the Panlong Shen Sect back then still took advantage of me. When I was at my weakest, I was sealed in an altar, so there are no restrictions on what I do in the Panlong Divine Sect."

After saying that, the ancient demon directly inspired his power. He stretched out a huge demon claw. The dark claw immediately stretched out from the black robe and turned into a foot. It is thousands of meters tall.

Each of the huge claws seemed to be made of black steel. They had extremely terrifying sharpness and cutting ability, and they could directly scratch the entire ground of the Panlong Hall.

Then, like an excavator, the claws of the ancient devil frantically excavated the entire ground.

Finally, there was a "dang" sound!

The ancient demon's claws seemed to have touched something very solid, and they stopped immediately.

Come.

"Um?"

This made Ye Feng's eyes suddenly show surprise.

You know, this ancient demon is a very terrifying existence. His demonic claws are extremely sharp and can break anything.

When Ye Feng was in the giant tower before, he saw with his own eyes that those powerful practitioners from the Southern Barbarian Land, who were several levels of super masters higher than himself, were easily torn apart by the claws of this demon. , the armor on his body was unable to withstand the tearing of this demon's claws.

So this devil's claw is a very terrifying existence.

But now the devil's claws actually grabbed something from under the ground, something comparable in hardness to it.

At this moment, Ye Feng suddenly looked towards the ruins and potholes below, and immediately saw a huge golden scale, blocking the claws of this ancient demon.

This golden scale looks very ancient and is very strong, even the devil's claws of ancient demons can withstand it.

At this time, the ancient demon also showed a look of surprise in his eyes, and said in surprise: "It seems that the legend is true. There is really an ancient coiled dragon buried under the Panlong Hall. I What the devil's claw touched just now should be a scale on this dragon's body."

"What?"

Hearing what the ancient demon said, Ye Feng suddenly showed deep surprise in his eyes.

The huge golden scales he saw turned out to be just a scale on the ancient Coiling Dragon.

If you put it this way, the entire ancient coiled dragon must be so majestic and vast that Ye Feng didn't even dare to

Imagine.

At this time, the ancient demon became interested and quickly emptied all the soil around the golden scales.

As the ancient demon emptied all the surrounding soil, Ye Feng immediately saw it. Sure enough, there were golden scales next to the golden scales.

Then after the entire underground was hollowed out, a huge golden dragon suddenly appeared in the entire underground.

However, this huge golden dragon has obviously been dead for endless years, but its body has not decayed yet, and its scales are so strong that even the devil's claws have not torn it into pieces, and there is no way it can even be destroyed by this golden dragon. Leave no trace on the scales.

This shows how terrifying this ancient dragon is.

"Amazing."

When the ancient demon saw this scene, there was a trace of wonder in his eyes, and he couldn't help but said: "This ancient coiled dragon is indeed buried here, and it has not decayed for endless years. I guess this one The ancient Panlong, when he was still alive, was probably close to reaching the level of a legendary beast."

Hearing what the ancient demon said, Ye Feng showed a hint of excitement on his face, and said loudly: "If you say so, let's do it! Let's just share the blood energy in the body of this ancient coiled dragon equally."

The ancient demon thought for a moment, and then said aloud: "Actually, I don't recommend that you devour this ancient coiled dragon directly, because the immortal body of this ancient coiled dragon is really too rare and rare. I'm afraid you can't find a few complete ancient coiled dragon bodies in the world, so I suggest you refine this ancient coiled dragon into your clone. In this case, when you fight, you can directly release it. This clone of an ancient coiled dragon will definitely be able to suppress an extremely terrifying powerhouse."

"Refining

Become my Panlong clone? "

Hearing what the ancient demon said, Ye Feng's eyes suddenly showed a hint of surprise, as if he didn't expect that the ancient demon would give him such a suggestion.

At this time, Ye Feng couldn't help but said: "Then how should I refine this Coiling Dragon's body and turn it into my Coiling Dragon clone?"

At this moment, Ye Feng was still very interested in the ancient demon's suggestions, because Ye Feng could indeed sense the majestic power of the ancient coiled dragon's body buried underground.

If you can really refine the body of this Coiling Dragon into your own Coiling Dragon clone, then when the clone is released, this Coiling Dragon clone will definitely be able to explode with extremely terrifying power, and it will definitely be devastating to the enemy. A devastating blow.

Hearing what Ye Feng said at this moment, the ancient demon immediately smiled and said: "If you want to refine this Coiling Dragon corpse and become your clone, it is actually very simple, that is, you must separate one of your elements. God, just enter the corpse of this dragon."

"Um?"

Hearing what the ancient demon said, Ye Feng's eyes suddenly showed a look of astonishment, as if he didn't expect it to be so simple.

The ancient demon seemed to have seen the confusion and astonishment in Ye Feng's eyes, and immediately smiled and said: "Because this ancient coiled dragon has been buried here for countless years, so this ancient coiled dragon has been buried here for countless years. The dragon has long lost its independent will, and only a simple dragon corpse is left, so you can just use your soul to move in. "

Hearing what the ancient demon said, Ye Feng immediately nodded, and then couldn't help but say: "Thank you, senior, for your guidance."

Ye Feng knew that the ancient demon was able to give him this extremely rare ancient coiled dragon, which was enough to show his sincerity in cooperating with him.

Chapter 4603 Asking for help

At this time, following the guidance of the ancient demon, Ye Feng quickly released his soul body from his head, and then directly began to live in the golden dragon in front of him.

This giant golden dragon is the corpse of the ancient Coiling Dragon.

Ye Feng now naturally wants to refine this ancient coiled dragon into his own clone according to what the ancient demon said.

Because Ye Feng could clearly sense that once this ancient coiled dragon became his clone, it would definitely be able to explode with extremely terrifying power. .??.

Although there may be no way to use the ancient dragon's magical powers or other special methods, the body of this ancient coiled dragon alone is enough to burst out the power of destroying the world.

After all, the ancient demon's claws could not break even a golden scale on this ancient coiled dragon, and could not even leave any traces, which is enough to show how terrifying this ancient coiled dragon was.

At this time, Ye Feng did not hesitate and immediately released a piece of his soul body and entered the head of this ancient dragon.

Buzz!

Almost the moment Ye Feng's soul power entered the head of this ancient coiling dragon, Ye Feng immediately felt that he had a very clear control over the entire majestic and boundless ancient coiling dragon.

This made Ye Feng's eyes suddenly show joy.

It seems that the ancient demon did not lie to him. This ancient coiled dragon can be controlled by him in an instant.

Just take in a soul body and enter it. It can be said to be very simple.

At this moment, the ancient demon standing on the side immediately asked: "Ye Feng, how are you? Did you succeed?"

Ye Feng nodded, and then directly controlled this ancient coiled dragon.

Buzz!

I saw that the entire ancient Coiling Dragon's body had been buried under the earth for countless years, but at this moment it started to shake.

"Rumble..."

The whole earth was shaking violently.

This ancient coiled dragon, whose entire body was tens of thousands of meters tall, seemed to be escaping from the ground at this moment, and suddenly rushed to the sky.

Under the illumination of the sun, this ancient coiled dragon seems to have really come alive. The golden scales on its body are still flowing with immortal light, as if they were made of pure gold, exuding a cold metallic luster and possessing a unique Terrifyingly solid.

At this time, Ye Feng tried to use the ancient coiled dragon clone and stretched out a huge dragon claw.

Boom!

The huge golden dragon claws covering several kilometers could smash a mountain in the distance into pieces.

You know, that mountain was tens of thousands of meters high, but it was directly scratched to pieces by the ancient Panlong's claws.

And you must know that this is just the power of the ancient Coiling Dragon clone, and it is already so terrifying without displaying any dragon magical powers.

So the ancient devil's suggestion was right. Ye Feng refined the ancient Coiling Dragon's corpse and became his own Coiling Dragon clone. Even if he only exerted the power of his body, it could explode.

Outrageous power and destructive power.

At this time, Ye Feng did not hesitate at all, and immediately laughed out loud and said: "This ancient coiled dragon clone is indeed very terrifying, it is really awesome."

Seeing this scene, the ancient demon nodded with satisfaction and said with a smile: "Boy Ye Feng, with this ancient coiled dragon clone, your overall strength will definitely increase a lot. This ancient demon will definitely increase your strength a lot." Once the Panlong clone is released, the power it exerts will not be much worse than your current self. In a sense, it may even be much more powerful than your current self, because this is the immortal body of the ancient Coiling Dragon. , a body that is almost comparable to that of ancient mythical beasts, and naturally contains tremendous power."

Hearing what the ancient demon said, Ye Feng's eyes showed a hint of excitement.

When Ye Feng controlled this ancient Coiling Dragon clone just now, he did sense that this ancient Coiling Dragon clone had unparalleled super power and would be an absolutely devastating blow to ordinary practitioners.

At this moment, Ye Feng was very happy to put this towering and boundless dragon clone into his storage ring, so that he could release it to fight against the enemy at any time.

At this time, the ancient demon suddenly stretched out his hand and captured the Panlong Hall in front of him into his storage space.

Obviously, the Panlong Hall itself is also a very extraordinary treasure. Otherwise, this ancient demon would not be able to store the Panlong Hall into its own storage space.

At this moment, Ye Feng asked aloud: "Senior, are there any other good places among the ancient ruins of the Panlong Divine Sect?"

The ancient demon shook his head and said loudly: "All I know are these two good places. I don't know much about the others. Let's go directly to find the fragments of the world's rules now."

Hearing what the ancient demon said, Ye Feng immediately said: "I want to tell my friend first."

The ancient demon nodded, and then stood beside Ye Feng, obviously following Ye Feng's plan first.

At this time, Ye Feng immediately radiated his soul power and spread it around, trying to find other people in the team in the ancient ruins of the Panlong Shen Sect.

Ye Feng wants to go alone with this ancient demon to find the fragments of the world's rules and enter the cemetery of gods and demons, so Ye Feng feels that this trip may take a long time, so he still needs to inform his teammates, otherwise if so, they thought they might have died in it.

But just when Ye Feng was emitting soul power to explore, suddenly a signal bomb exploded high in the sky not far away.

"Um?"

Seeing this scene, Ye Feng's eyes suddenly moved.

This is a distress signal. It should be a small group in the team asking for help.

"Did someone encounter the danger in this ruins? Or encountered a powerful practitioner from the southern barbarian land?"

At this moment, Ye Feng was thinking in his heart, and without any hesitation, he immediately flew towards the direction where the distress signal exploded.

The ancient demon, whose tall figure was wrapped in a black robe and whose true face could not be seen clearly, was following behind Ye Feng and flying in that direction. At this time, following the guidance of the ancient demon, Ye Feng quickly released his soul body from his head, and then directly began to live in the golden dragon in front of him.

This giant golden dragon is the corpse of the ancient Coiling Dragon.

The ancient demon, whose tall figure was wrapped in a black robe and could not see his true face clearly, was following behind Ye Feng and flying in that direction.

Chapter 4604 The power of one claw

At this time, Ye Feng quickly flew towards the direction where the distress signal exploded before.

The ancient demon, wrapped in a black robe, followed Ye Feng.

The ancient demon originally wanted to go with Ye Feng to the most dangerous place in this small world, the cemetery of gods and demons, to find the fragments of the world rules left by the world master of this small world.

So at this time, Ye Feng wanted to save his partner first, and the ancient demon naturally followed Ye Feng, otherwise the two of them would be separated by then and they would not be able to get together.

At this moment, both of them were very fast. Both Ye Feng and the ancient demon were very powerful beings. In less than a moment, they had arrived at the place where they had signaled for help.

The next moment, Ye Feng suddenly saw that the Seventh Prince and a group of senior members of the royal family fell into a small valley.

Gates appeared on the inner wall of this valley.

From every gate, very ancient-looking puppets flew out and were attacking them crazily.

Many of the elders and powerful men in the royal family are somewhat unable to resist these powerful puppets.

Dozens of puppets surrounded the seventh prince and a group of senior members of the royal family, making it impossible for them to escape.

Moreover, these puppets are extremely powerful and their bodies are indestructible.

Even the extremely sharp flying swords or magic weapons of the elders and powerful men in the royal family were unable to crush these puppets that suddenly appeared.

At this time, Ye Feng suddenly saw that the seventh prince was holding a radiant scroll in his hand.

Ye Feng immediately understood. It was estimated that the Seventh Prince and a group of elders from the royal family came to this valley. The glowing scroll they found should be some kind of treasure, so he mobilized the people who guarded this glowing scroll in the valley. Many puppets, and then they fell into the siege of dozens of puppets, and they would not be able to escape for a while, so

Only a distress signal can be sent.

Ye Feng thought that someone in his team had encountered a powerful practitioner from the southern barbarian land. Unexpectedly, he encountered the protection methods left by some ancient forces in this ancient ruins.

Those dozens of puppets are all made of special materials. They are indestructible and indeed difficult to deal with.

Even the flying swords of the elders of the royal family were unable to harm those puppets.

At this moment, Ye Feng did not hesitate and directly used the Coiling Dragon clone he had just obtained.

Because there were so many puppets, even if Ye Feng rushed out, it would be difficult to crush them all in a short while.

So at this time, Ye Feng directly used the Coiling Dragon clone that he had just refined.

You know, Ye Feng's Coiling Dragon clone is the body of a real ancient Coiling Dragon, so it is very majestic and huge.

At this time, after Ye Feng displayed the Coiling Dragon clone, an unparalleled huge golden dragon rushed out of Ye Feng's storage ring.

Then, with a towering body of tens of thousands of meters, it fiercely bombarded the front in an instant.

Boom!

At this moment, dozens of puppets in the valley were besieging the seventh prince and the elders of the royal family, but they were frightened by a sudden golden dragon.

Because this giant golden dragon stretched out a golden dragon claw that covered several kilometers. It had extremely terrifying power. It suddenly grabbed it from high in the sky and killed dozens of indestructible puppets in an instant. Shot directly into pieces.

The power of one claw is so terrifying!

At this moment, in the valley

The Seventh Prince and a group of senior members of the royal family who were being besieged immediately widened their eyes.

They stared at the golden dragon that was tens of thousands of meters tall, exuding the majesty of an ancient dragon god, and their eyes suddenly showed deep horror.

At this time, the seventh prince even dared to ask aloud with some trembling: "Why does this senior dragon clan want to save us?"

Hearing the seventh prince's words, Ye Feng suddenly laughed and said, "Seventh prince, I am saving you."

Uh-huh!

After saying that, Ye Feng jumped directly and jumped down from the head of the Coiling Dragon clone.

It was Ye Feng who was controlling this Coiling Dragon clone just now, saving everyone, and smashing many puppets to pieces with one claw.

It has to be said that the corpse of this Coiling Dragon has not decayed after countless years. Now it was dug out by the ancient demon and refined by Ye Feng into his own clone. The power it unleashed was truly terrifying.

Seeing Ye Feng appear at this moment, the Seventh Prince immediately showed deep excitement in his eyes, and quickly asked: "Brother Ye, is this your new method? How did you deal with this one?" Become a friend of the Dragon Clan and make him willing to help you? "

Ye Feng immediately laughed out loud and said: "This coiled dragon is not a living creature, but a dead corpse. I have refined this coiled dragon into my clone, so this coiled dragon can be used at any time. Fight for me."

"What?"

Hearing what Ye Feng said, not to mention the Seventh Prince, even a group of elders and powerful men from the royal family standing around the Seventh Prince couldn't help but have deep horror in their eyes.

They never thought that Ye Feng was so powerful and so lucky that in such a short period of time, he found an ancient plate from somewhere in this ruins.

The dragon's corpse was directly refined into his own external incarnation, which could be controlled by Ye Feng himself, erupting with terrifying destructive power.

This is really incredible.

At this time, an elder member of the royal family stared at the majestic golden dragon, his eyes suddenly showed a look of surprise, and said loudly: "Indeed, this golden dragon does not have any life breath on it. It gives me a lifeless feeling, but this is an immortal dragon body. No wonder it has such powerful power. It is actually a high-level race among the legendary dragons. The Coiling Dragon is a very rare dragon. "

After finishing speaking, Ye Feng smiled slightly and put the Coiling Dragon clone into his storage ring.

At this time, an ancient demon suddenly appeared next to Ye Feng.

However, although the ancient demon was tall, it was shrouded in black robes. Everyone did not pay attention, thinking that the person standing next to Ye Feng was the female demon that Ye Feng had released before.

At this moment, the seventh prince immediately said excitedly: "Ye Feng, since you are here, it would be great. There is a peerless inheritance of ancient power hidden in this valley, but we have just broken into it. When I entered the first level, I was already beaten by dozens of extremely advanced puppets and was unable to fight back. "

After finishing speaking, the Seventh Prince immediately placed the glowing scroll in his hand in front of Ye Feng and said loudly: "Look at what is recorded in this scroll. If you want to get the peerless ancient power in this valley, To inherit, you need to pass three levels. The first level is to resist these dozens of indestructible puppets. "

At this moment, Ye Feng immediately saw the glowing scroll. It was not a treasure, but a guiding map. It was probably brought secretly by the seventh prince from the library of the Blood Demon Dynasty.

It seems that all forces are well prepared when they come to this ancient ruins.

Chapter 4605 Crystal Coffin

At this time, Ye Feng looked at the glowing picture scroll in his hand and couldn't help but asked: "Seventh Prince, the peerless inheritance of the ancient power you are looking for is one of the ancient ruins in this small world. A super strong person?"

The seventh prince immediately nodded and said loudly: "Yes, this glowing scroll was something I found in the library of our Blood Demon Dynasty. It guides the inheritance of a super strong man from ancient ruins. , it's just that I haven't had time to explore which small world this superpower is located in, but I didn't expect that the small world of ancient ruins we are entering now. After arriving here, I suddenly discovered that here and the glowing thing in my hand The map terrains in the scrolls are all very similar, and I finally found this place, so I didn't know about this place at the beginning, otherwise I would have invited Brother Ye to explore it together."

Hearing what the Seventh Prince said, Ye Feng immediately nodded.

It seems that the other party does not want to steal this super powerful man's peerless inheritance, but just happened to pass by here and found that the terrain here is exactly the same as the one on the map. It can be said that this is a very coincidence.

At this moment, the seventh prince looked at the surrounding valley and said aloud: "Brother Ye, you now have the clone of such a peerless ancient coiled dragon, so let's explore the inheritance of this peerless powerful man together. The wealth will be divided equally."

When Ye Feng heard this, he immediately nodded without any hesitation. He was naturally quite interested in the inheritance of this peerless powerhouse.

After all, a peerless man who could cast so many powerful puppets must have been very powerful back then.

At this time, the ancient demon followed Ye Feng without saying a word. .??.

Obviously the ancient demon has no interest at all in the inheritance of this so-called peerless powerhouse.

It's just that Ye Feng is interested now, so he just follows Ye Feng without saying anything or taking action.

At this time, the seventh prince said: "Brother Ye, control your ancient coiled dragon clone now and smash this valley to pieces. The second level should be in the area behind the gate of this valley."

r\u003e

"good."

Ye Feng nodded and directly released the clone of the ancient Panlong again.

At this moment, a huge and majestic golden dragon appeared next to Ye Feng, possessing terrifying pressure.

At this time, Ye Feng directly controlled the clone of the ancient coiled dragon next to him and immediately bombarded towards the door in front.

The dozens of puppets just ran out of these gates.

Boom!

At this moment, the huge Coiling Dragon clone stretched out a majestic and boundless golden dragon claw and struck forward fiercely.

Boom!

The gate in front was immediately collapsed by the bombardment.

Even the entire valley was shaking and shaking violently.

I have to say that this Coiling Dragon clone is indeed very terrifying.

The body scales of the golden dragon, which was tens of thousands of meters long, seemed to be made of the strongest divine iron in the world, which shocked everyone.

An elder member of the royal family standing next to the Seventh Prince couldn't help but sigh and said: "Now if little friend Ye Feng cooperates with his powerful Coiling Dragon clone, maybe we seniors and strong men will not be like him. It seems that everything Tang Youyou said has come true."

When the seventh prince heard what the elders and powerful men of the royal family said, he nodded in admiration, and then he couldn't help but said happily: "Anyway, Brother Ye is in my camp now. After this investigation is completed, After the ancient ruins, I will no longer be afraid of the other princes when I return to the Blood Demon Dynasty."

While the Seventh Prince was speaking, Ye Feng controlled the huge Coiling Dragon clone to open a path ahead.

Boom!

Boom!

The huge Coiling Dragon attacked wildly from the front, destroying one piece of terrain after another.

At this moment, everyone suddenly saw that they had relied on the attack of the Panlong clone to rush to the core area of this peerless powerhouse.

The so-called three tests on the road were all destroyed by the Panlong clone.

Those so-called tests were as fragile as tofu in front of the majestic golden dragon body of the Panlong clone, and they were all crushed.

At this time, everyone immediately saw that in the deepest area of the valley, a long mercury-silver river appeared.

A golden square appeared above this long river.

On the square, there is a crystal coffin.

This crystal coffin looks very precious and strange. It feels like a crystal coffin cast from the legendary crystal stone.

And everyone immediately saw that there was an extremely tall corpse lying inside the crystal coffin at this moment.

However, this corpse was completely shriveled up. It was obvious that it had lost all its blood and energy over the endless years and turned into a mummy.

At this time, everyone immediately saw that there was an ancient storage ring next to the crystal coffin.

Seeing this scene, the Seventh Prince's eyes suddenly lit up and he said loudly: "All the wealth of this peerless powerful man must be contained in that storage ring, including the inheritance of this peerless powerful man."

Hearing what the Seventh Prince said, a powerful elder from the royal family immediately flew towards the crystal coffin water, hoping to get the storage ring back, and then everyone would share the wealth equally.

Boom!

But just when this powerful elder of the royal family was approaching the crystal coffin.

The peerless strong man lying in the crystal coffin

The body suddenly stood up from the coffin.

The two eyes opened, revealing the shriveled eyeballs inside, but the eyeballs did exude a strange green light, which gave people a very strange feeling.

The seventh prince immediately couldn't help but said: "This peerless powerful man seems to have transformed into a corpse!"

Hearing what the Seventh Prince said, everyone present couldn't help but have deep surprises in their eyes.

After all, no one thought that such a powerful man could transform into a corpse after countless years. His strength was absolutely terrifying.

But at this time, everyone felt very safe, because in front of everyone, Ye Feng's ancient coiled dragon clone was blocking the front.

Boom!

At this moment, the powerful elder of the royal family immediately retreated quickly.

Because he felt a very terrifying aura from the corpse of this peerless strong man, and he couldn't resist it at all.

At this time, the corpse of this peerless powerful man suddenly stared at the most conspicuous ancient Coiling Dragon clone present, and then charged directly towards the Coiling Dragon clone.

Boom!

Almost at the next moment, the body of this peerless strong man stretched out a palm that had turned into a green color and struck the ancient Coiling Dragon.

"Boom!!"

Accompanied by a huge roar, what made everyone present's expressions change was that the corpse of this peerless strong man actually had terrifying power, and it could kill the majestic and boundless ancient coiled dragon in one fell swoop. With a slap, it flew to the ground not far away and hit the ruins.

"What??"

Seeing this scene, not to mention the Seventh Prince and a group of powerful elders from the royal family, even Ye Feng himself, his eyelids twitched slightly.

I didn't expect that the transformed corpse of this peerless strong man would have such terrifying power. It was simply terrifying to the extreme!

Chapter 4606 Not satisfied anymore

At this time, everyone was extremely shocked, even Ye Feng himself was very shocked.

Because the ancient Coiling Dragon clone was so terrifying and majestic that it could crush everything.

But the corpse of this peerless strong man had already sent this ancient coiled dragon flying backwards with a casual slap. What a terrifying power it was.

At this moment, the Seventh Prince, including a group of senior powerful men from the royal family around him, immediately couldn't help but said: "Let's run quickly, there is no way to deal with the body of this peerless powerful man."

Hearing what this group of powerful men from the royal family said, Ye Feng immediately looked at the ancient demon beside him and said loudly: "Senior, can you take action to deal with the corpse turned by this peerless strong man?"

The ancient demon nodded slightly and said loudly: "I'll give it a try."

Uh-huh!

After saying that, the ancient demon rushed forward, and then stretched out a demon claw.

At this moment, the body of the peerless strong man seemed to have discovered the danger, but he still stretched out his green palm and attacked the ancient demon.

Boom! !

Almost at the next moment, the ancient demon's demon claws and the green palm of the peerless strong man's body collided directly, making a huge roar.

Almost at the next moment, the ancient demon's claws collided extremely horribly with the palm of the corpse of this peerless strong man. The strong sound waves were transmitted to the surroundings, shaking and shattering the surrounding earth.

At this time, when Ye Feng saw this scene, his eyes suddenly showed surprise.

The corpse transformed by this peerless strong man is really powerful. It can even resist the claws of ancient demons.

At this moment, Ye Feng didn't hesitate at all. He directly turned his God's Ring into a God's Sword, and then lurked in the surrounding void. Then he found the right moment and flashed to this peerless powerhouse in an instant. In front of a corpse.

\u003e

Uh-huh!

At this moment, Ye Feng did not hesitate and used the sword of the gods in his hand to attack the ancient corpse fiercely.

"Puch" sound!

Accompanied by the sound of flesh and blood being broken, Ye Feng's God's Sword was still very sharp, and there was no way to resist it. It directly cut off one of the palms of the corpse of this peerless strong man.

"What?"

Seeing this scene, even the ancient demon showed surprise in his eyes.

You know, the ancient demon can only fight with the corpse of this peerless strong man.

In other words, if Ye Feng slashes himself with the magical golden sword in his hand, he can also cut off his demon claws directly.

At this time, the ancient demon paid more and more attention to Ye Feng. He knew that Ye Feng was definitely an extraordinary being, and he actually had such a sharp treasure in his hands.

At this moment, the peerless strong man turned into a corpse and seemed to look at Ye Feng in surprise.

But he was already a corpse, so he couldn't feel the pain at all.

Uh-huh!

At this moment, this peerless strong man turned into a corpse and just rushed towards Ye Feng, trying to kill Ye Feng.

But the ancient demon had long been in front of Ye Feng, and once again collided with the body of this peerless powerhouse.

At this time, Ye Feng continued to control the Panlong clone and pressed towards the body of this peerless strong man, hoping to completely suppress the body of this peerless strong man under the combined oppression of the ancient demon and the Panlong clone. .

The body of this peerless strong man was finally defeated step by step, and then Ye Feng was still hiding in the void, waiting for an opportunity to move,

Shi flashed out, using the extremely sharp sword of the gods in his hand to continuously injure the body of this peerless strong man.

In the end, the body of this peerless strong man was not only cut off by Ye Feng with the sword of the gods, but even his legs were cut off.

At this time, the corpse turned into by this peerless strong man finally completely lost its combat effectiveness.

At this moment, the ancient demon rushed in front of the corpse of this peerless strong man and crushed the head of the corpse of this peerless strong man with its devil's claws.

Then at the next moment, the ancient demon swiped his claws and pulled out a round bead emitting a dark green light from the corpse of this peerless powerful man.

The ancient demon immediately smiled and said: "After this peerless strong man transformed into a corpse, he indeed condensed the core of his corpse, which seems to contain a lot of energy."

Uh-huh!

After saying that, the ancient demon directly threw the corpse core, which exuded a dark green light, to Ye Feng.

At this time, Ye Feng quickly put away the core of the corpse. This was a good thing.

At this moment, Ye Feng did not hesitate at all. He immediately reached out and grabbed the storage ring next to the crystal coffin where the body of this peerless powerhouse was lying just now, and caught it in his own hand.

At this moment, the Seventh Prince and a group of powerful elders from the royal family immediately breathed a sigh of relief.

They couldn't help but sigh, Ye Feng was really powerful. With the cooperation of his partners and clones, he actually killed the corpse of this extremely powerful and peerless man.

After all, the Seventh Prince and a group of elders from the royal family were even planning to escape from here just now, because after the transformation of the corpse of this peerless powerful man, it was so brutal that there was no way to resist it, but Ye Feng had a way to kill it. Its kill.

At this moment, Ye Feng directly opened the storage ring.

A book was found among them, which was the inheritance of this peerless powerful man, called "Ten Thousand Blood Satin Body Technique".

Seeing the inheritance obtained from the storage ring in Ye Feng's hand, the ancient demon couldn't help but show a look of surprise in his eyes, and said loudly: "It turns out that he is a cultivator of such a special inheritance, no wonder his body is so strong." The power is so strong that even my

devil claws cannot break the body of this peerless strong man. It turns out that he practiced such a powerful body training inheritance before his death. "

At this time, Ye Feng nodded slightly. The secret of this inheritance is actually very simple. It is to collect various high-level blood and integrate it into his body to continuously strengthen his physical strength.

At this time, Ye Feng imprinted the secret of this inheritance into his mind, and then handed the inheritance book to the seventh prince.

The Seventh Prince is naturally very happy, because being able to obtain such a high-level inheritance is definitely no less than a huge opportunity for the Seventh Prince.

But to Ye Feng, this is just an appetizer.

After all, what Ye Feng really wants is the fragments of the world's rules that the ancient demon said before.

At this time, Ye Feng immediately looked at the Seventh Prince in front of him and said loudly: "Seventh Prince, I am going to follow a friend of mine to a very dangerous place in this small world to look for something special. I'm afraid I have to leave. You guys have been there for a while."

Hearing what Ye Feng said, the seventh prince immediately nodded. He also understood that Ye Feng had different things from what they needed.

Perhaps the seventh prince and a group of elders and powerful men from the royal family were very satisfied with searching for all kinds of wealth in the ancient ruins of the Panlong Shen Sect, but Ye Feng was no longer satisfied.

At this moment, the Seventh Prince naturally understood Ye Feng very well. He couldn't help but patted Ye Feng's shoulder and said loudly: "Brother Ye, I will wait for your return. Be careful and safe!"

Chapter 4607 Repeated Admonitions

For the Seventh Prince, Ye Feng has already become his life-saving straw.

Because the seventh prince's status in the Blood Demon Dynasty has always been very low, he cannot compete with other powerful princes.

But if Ye Feng can join the Seventh Prince's camp in the future and successfully serve the Seventh Prince, it will naturally be a huge help to the Seventh Prince.

And during the trial in this small world of ancient ruins, the Seventh Prince also saw Ye Feng's terrifying talent.

Even the elders and powerful men in the royal family even told the seventh prince privately that he must keep Ye Feng firmly by his side. In the future, Ye Feng may not only make you the emperor of the Blood Demon Dynasty, but even become the emperor of the entire Wanwan Dynasty. The number one person in the Northern Territory in the demon interface.

After hearing the words of these powerful elders from the royal family, the Seventh Prince naturally paid more attention to Ye Feng, and even regarded Ye Feng as his hope.

At this moment, seeing the Seventh Prince patting his shoulders and telling him to be careful and safe, Ye Feng immediately smiled and nodded, and said loudly: "Don't worry, if there is really an irresistible crisis, I will Will come back as soon as possible."

After finishing speaking, Ye Feng looked directly at the ancient demon beside him and said, "Senior, let's just leave here."

Now that Ye Feng has explained to the Seventh Prince what he is going to do next, Tang Youyou, including Nie Qianqian, should understand that he did not fall into the ruins of the Panlong Divine Sect, but went to another one. Just looking for good stuff somewhere.

At this time, Ye Feng can naturally leave with peace of mind.

At this time, the ancient demon immediately nodded and took Ye Feng directly to fly quickly in a certain direction.

Ye Feng did not hesitate at this moment and quickly followed behind the ancient demon, his eyes filled with deep anticipation.

Ye Feng was naturally very interested in the fragments of that world's rules.

Because according to what the ancient demon said, if you can really successfully integrate the fragments of world rules left by the world master of this small world, then you can use the entire world rules even if you return to the interface of ten thousand demons. The power is used against the enemy.

For Ye Feng, it is definitely an unparalleled enhancement of strength, because it is scary to think about it. If your attacks carry the power of the rules of heaven and earth, it is equivalent to enchanting all your attacks, which is naturally very terrifying. .

At this time, looking at the retreating figures of Ye Feng and the ancient demon, the Seventh Prince who was standing there couldn't help but sigh and said: "It may be my greatest luck to meet Brother Ye in this life. Bar."

Several senior members of the royal family standing beside them all nodded their heads at this moment, with deep amazement in their eyes. They stared at Ye Feng's back and said loudly: "This Ye Feng My dear friend, you are indeed a rare genius throughout the ages. Even in the hundreds of thousands of years of our Blood Demon Dynasty's history, there is absolutely no one like you before."

Hearing the powerful elders from the royal family around him commenting on Ye Feng, the seventh prince couldn't help but nod his head with excitement in his eyes.

At this moment, Ye Feng followed the ancient demon and completely left

Found this ancient relic of the Panlong Shen Sect.

Perhaps there are still many opportunities for good fortune in the ancient ruins of the Panlong Divine Sect. After all, the Seventh Prince Nie Qianqian, Tang Youyou and others are still looking for them.

But for Ye Feng, there is no longer much interest.

Because the two best places in the ancient ruins of the Panlong Shen Sect, the Shenlong Pond and the Panlong Hall, have been explored by Ye Feng and the ancient demon.

Therefore, other ordinary chance creations are nothing in Ye Feng's eyes now. Even if he gets them, they are of little use. There is no way to increase Ye Feng's cultivation.

So at this time, Ye Feng naturally didn't want to waste time and flew directly with the ancient demon towards the most dangerous area in this small world, the cemetery of gods and demons.

On the way, the ancient demon reminded Ye Feng very solemnly and said: "Ye Feng, boy, don't be too excited. The cemetery of gods and demons is a very dangerous place. Even when I was in my heyday, I entered the cemetery of gods and demons. There are huge risks. When I was in my heyday, I encountered a terrible crisis in the cemetery of gods and demons, so I was seriously injured in the end, and then sealed by a strong man from the Panlong Divine Sect, so we must be careful. "

When Ye Feng heard what the ancient demon said, he naturally nodded quickly and said loudly: "I know this. Senior, you have also said it before. The cemetery of gods and demons is a place where gods and demons are buried. It is very terrifying. Even if He is the world lord of this small world. He died in the cemetery of gods and demons, so I naturally know that the place is very dangerous. "

The ancient demon nodded, and then said aloud: "But you don't need to be too nervous or worried. After all, when I was at my peak, I had already entered the Gods and Demons Cemetery once, so I am quite familiar with the Gods and Demons Cemetery. This time we slowly look for a safe path and enter the depths of the Gods and Demons Cemetery. As long as we can find the fragments of the world rules left by the Lord of the World in this small world, other information about the Gods and Demons Cemetery We must not touch things out of curiosity, otherwise, we may face a big crisis."

Hearing what the ancient demon said, Ye Feng immediately understood. It seemed that the ancient demon was afraid that he would rashly explore something about the entire God and Demon Cemetery itself out of curiosity, thus causing huge disaster.

Ye Feng immediately couldn't help but nodded and said loudly: "Senior, don't worry, when we get to the Gods and Demons Cemetery, I will obey senior's arrangements in everything. I will do whatever senior tells me to do."

Hearing Ye Feng's assurance, the ancient demon immediately nodded with satisfaction, and then said with a smile: "Okay, I feel relieved with your words. I am really afraid that you are young and energetic. At that time, casually wandering into the cemetery of gods and demons may lead to a huge life crisis. "

Because the cemetery of gods and demons is indeed a very scary place, full of all kinds of taboos and ancient terrifying powers.

Therefore, even the ancient demons were very afraid of them, and repeatedly told Ye Feng not to cause trouble when the time came. He only needed to follow the path he explored during his peak period to safely enter the depths of the Gods and Demons Cemetery. Here, just see if you can find the fragments of world rules left by the Lord of the World.

Ye Feng naturally made 10,000 guarantees about this, and he would definitely listen to the ancient devil's words. For the Seventh Prince, Ye Feng has already become his life-saving straw.

Chapter 4608 Take another look

At this time, Ye Feng followed the ancient demon and had traveled across a large area of land, finally arriving at the end of this small world.

According to the ancient demons, the cemetery of gods and demons exists at the end of this small world.

At this moment, Ye Feng followed the ancient demon and soon saw an extremely desolate red land in front of him.

And every once in a while, there is a lonely tomb standing on the ground, looking very desolate and desolate, full of an aura of death.

The ancient demon immediately spoke out at this time: "Boy Ye Feng, we have arrived within the scope of the Gods and Demons Cemetery, but these tombs in the periphery of the Gods and Demons Cemetery are all the tombs of ordinary powerful people. What's the value? But even if you enter the inner area of the cemetery of gods and demons and encounter the tombs of real ancient gods and demons, you must not go there to explore, otherwise, you may be left by the weird things left by the ancient gods and demons. Things kill."

Hearing what the ancient demon said, Ye Feng immediately nodded.

Ye Feng and the Seventh Prince also encountered a lesson when they were exploring the crystal coffin.

The corpse transformed by the peerless powerhouse's corpse transformation was so terrifying that even his own Coiling Dragon clone couldn't resist it.

At this time, Ye Feng was naturally very cautious and followed the ancient demon.

At this moment, the ancient demon followed the path he took to enter the cemetery of gods and demons when he was at his peak, and slowly and quickly walked towards the depths of the cemetery of gods and demons. .??.

Along the way, Ye Feng did sense a lot of terrifying crises lurking around him, but by following the ancient demon, he could successfully avoid these dangers and crises.

Soon, the two of them had entered a very deep area in the cemetery of gods and demons.

At this time, Ye Feng suddenly saw a beautiful woman with white hair sitting on the mound of a tomb in the distance. She looked very strange, but full of a strange beauty.

At this time, Ye Feng couldn't help but said: "Senior, there is a woman with white hair sitting on a tomb not far away. Is there anyone else who has entered it?"

When the ancient demon heard what Ye Feng said, his expression suddenly changed. He quickly covered Ye Feng's eyes and said, "Don't look! That's not a human being!"

Hearing what the ancient demon said, Ye Feng's expression suddenly changed and he quickly turned his head.

But the moment Ye Feng turned his head, he felt a little itchy on his face.

Almost at the next moment, Ye Feng was shocked to discover that the beautiful woman had a head of white hair hanging down on his face.

Face to face was the pale face of that beautiful woman.

However, when Ye Feng got closer and looked closer, he realized that the face of the woman so close to her was not beautiful at all. Instead, her face was covered with rot, and she looked very disgusting and terrifying.

At this moment, Ye Feng immediately shouted: "Don't come over!"

boom!

At this moment, Ye Feng's body suddenly erupted with bright golden light, fully stimulating the power of the immortal body of the god, trying to get rid of the entanglement of this white-haired woman with a rotten face.

Ye Feng never thought about it, he just looked more

After a quick glance, this white-haired woman with a rotten face had appeared in front of him, making Ye Feng feel very strange and frightened.

At this time, the ancient demon pulled Ye Feng and ran away without any hesitation.

But at this time, Ye Feng was shocked to find that this white-haired woman with a rotten face was still hanging in front of him, just like a tarsal insect, just following him.

This made Ye Feng feel extremely sick, and he wildly inspired his huge soul power, even asking Emperor Chu to take action.

"boom!"

Finally, Emperor Chu released his soul power and successfully drove away the white-haired woman with a rotten face.

At this time, Ye Feng breathed a sigh of relief.

Just by taking one more look, he summoned the other person in front of him like a spirit summoner. It was really terrifying.

At this moment, the ancient demon's eyes showed a look of surprise, and he couldn't help but said: "Young man Ye Feng, you can do it, you can actually dispel this terrible residual thought of the gods directly attached to your body, and you can dispel it in an instant. , it seems that I underestimate you."

When Ye Feng heard what the ancient demon said, his eyes suddenly showed a look of surprise.

It turns out that the white-haired woman with a rotten face is really not a human being. She is the remnant of the ancient gods left behind. It is a very terrifying deity.

At this time, Ye Feng no longer dared to look around randomly, because even one glance could attract such terrifying and weird things.

If he hadn't had Emperor Chu in his head, he would probably have been attached to his body by this white-haired woman with a rotten face, and he would never be able to get rid of her.

At this moment, Ye Feng concentrated on following the ancient demon and walking throughout the entire cemetery of gods and demons.

The ancient demon looked around at this moment and said loudly: "Now we should not be far from the place where the world master of this small world fell."

At this time, Ye Feng also saw that there were more and more tombs around, and each tomb exuded a heavy pressure, giving people the feeling that this was not a tomb, but an ancient god. As if the devil was sitting here, Ye Feng's eyes suddenly showed surprise.

I didn't expect that in such a small world, there would be such a strange place. There would be a magical and weird cemetery of gods and demons. It can be said to be very incredible.

At this time, Ye Feng didn't hesitate at all, just followed the ancient demon and continued on his way with concentration.

Soon, they finally arrived at the place where the ancient demon came.

At this moment, the ancient demon couldn't help but say: "I came here when I was at my peak. In fact, I was almost reaching the place where the Lord of the World of this small world fell. But because of my greed, I sensed the surroundings. An ancient tomb of gods and demons radiated a bright light. I thought there was a treasure in that tomb, so I went to look for the treasure out of greed. As a result, the thing that shined in that ancient tomb of gods and demons was not the treasure, but a The whole body looks like a puppet made of crystal. It should be the skeleton of a god. I was almost killed by that skeleton of a god. "

When he said this, the ancient demon sighed, obviously feeling sorry for the huge price he had paid for his greed. At this time, Ye Feng followed the ancient demon and had traveled across a large area of land, finally arriving at the end of this small world.

According to the ancient demons, the cemetery of gods and demons exists at the end of this small world.

Things kill."

Hearing what the ancient demon said, Ye Feng immediately nodded.

Ye Feng and the Seventh Prince also encountered a lesson when they were exploring the crystal coffin.

The corpse transformed by the peerless powerhouse's corpse transformation was so terrifying that even his own Coiling Dragon clone couldn't resist it.

At this time, Ye Feng was naturally very cautious and followed the ancient demon.

At this moment, the ancient demon followed the path he took to enter the cemetery of gods and demons when he was at his peak, and slowly and quickly walked towards the depths of the cemetery of gods and demons.

Along the way, Ye Feng did sense a lot of terrifying crises lurking around him, but by following the ancient demon, he could successfully avoid these dangers and crises.

Soon, the two of them had entered a very deep area in the cemetery of gods and demons.

At this time, Ye Feng suddenly saw a beautiful woman with white hair sitting on the mound of a tomb in the distance. She looked very strange, but full of a strange beauty.

At this time, Ye Feng couldn't help but said: "Senior, there is a woman with white hair sitting on a tomb not far away. Is there anyone else who has entered it?"

When the ancient demon heard what Ye Feng said, his expression suddenly changed. He quickly covered Ye Feng's eyes and said, "Don't look! That's not a human being!"

Hearing what the ancient demon said, Ye Feng's expression suddenly changed and he quickly turned his head.

But the moment Ye Feng turned his head, he felt a little itchy on his face.

Almost at the next moment, Ye Feng was shocked to discover that the beautiful woman had a head of white hair hanging down on his face.

Face to face was the pale face of that beautiful woman.

However, when Ye Feng got closer and looked closer, he realized that the face of the woman so close to her was not beautiful at all. Instead, her face was covered with rot, and she looked very disgusting and terrifying.

At this moment, Ye Feng immediately shouted: "Don't come over!"

boom!

At this moment, Ye Feng's body suddenly erupted with bright golden light, fully stimulating the power of the immortal body of the god, trying to get rid of the entanglement of this white-haired woman with a rotten face.

Ye Feng never thought about it, he just looked more

After a quick glance, this white-haired woman with a rotten face had appeared in front of him, making Ye Feng feel very strange and frightened.

At this time, the ancient demon pulled Ye Feng and ran away without any hesitation.

But at this time, Ye Feng was shocked to find that this white-haired woman with a rotten face was still hanging in front of him, just like a tarsal insect, just following him.

This made Ye Feng feel extremely sick, and he wildly inspired his huge soul power, even asking Emperor Chu to take action.

"boom!"

Finally, Emperor Chu released his soul power and successfully drove away the white-haired woman with a rotten face.

At this time, Ye Feng breathed a sigh of relief.

Just by taking one more look, he summoned the other person in front of him like a spirit summoner. It was really terrifying.

At this moment, the ancient demon's eyes showed a look of surprise, and he couldn't help but said: "Young man Ye Feng, you can do it. This terrible residual thought of the gods is directly attached to the body, and it can be dispelled in an instant. , it seems that I underestimate you."

When Ye Feng heard what the ancient demon said, his eyes suddenly showed a look of surprise.

It turns out that the white-haired woman with a rotten face is really not a human being. She is the remnant of the ancient gods left behind. It is a very terrifying deity.

At this time, Ye Feng no longer dared to look around randomly, because even one glance could attract such terrifying and weird things.

If it weren't for the Emperor Chu in his head, he would have been attached to this white-haired woman with a rotten face, and he would never be able to get rid of it.

At this moment, Ye Feng concentrated on following the ancient demon and walking throughout the entire cemetery of gods and demons.

The ancient demon looked around at this moment and said loudly: "Now we should not be far from the place where the world master of this small world fell."

At this time, Ye Feng also saw that there were more and more tombs around, and each tomb exuded a heavy pressure, giving people the feeling that this was not a tomb, but an ancient god. As if the devil was sitting here, Ye Feng's eyes suddenly showed surprise.

I didn't expect that in such a small world, there would be such a strange place. There would be a magical and weird cemetery of gods and demons. It can be said to be very incredible.

At this time, Ye Feng didn't hesitate at all, just followed the ancient demon and continued on his way with concentration.

Soon, they finally arrived at the place where the ancient demon came.

At this moment, the ancient demon couldn't help but say: "I came here when I was at my peak. In fact, I was almost reaching the place where the Lord of the World of this small world fell. But because of my greed, I sensed the surroundings. An ancient tomb of gods and demons radiated a bright light. I thought there was a treasure in that tomb, so I went to look for the treasure out of greed. As a result, the thing that shined in that ancient tomb of gods and demons was not the treasure, but a The whole body looks like a puppet made of crystal. It should be the skeleton of a god. I was almost killed by that skeleton of a god. "

When he said this, the ancient demon sighed, obviously feeling sorry for the huge price he had paid for his greed.

Chapter 4609 Fragments of World Rules

At this time, the ancient demon obviously felt very sorry for the greedy behavior he had done before, because it wasted so many years of his time in vain, and also caused a huge damage to his cultivation skills, making him now His strength is no longer one-tenth of what he was at his peak.

At this time, the ancient demon returned to the Gods and Demons Cemetery again. Naturally, he learned the lessons of the past and reminded Ye Feng not to provoke the strange existences in other tombs in the Gods and Demons Cemetery.

At this time, Ye Feng had experienced the strange incident of the white-haired woman, and he had restrained himself a lot. He did not dare to look around anymore, and followed the ancient demon honestly, moving forward in the cemetery of gods and demons.

At this time, the ancient demon spoke up and said: "We have now arrived at the place where I came from when I was at my peak, so the road ahead may be very dangerous. I don't know much about it and can't control it."

Ye Feng nodded and said aloud: "No matter what, if we really encounter any danger that we cannot resist, we will just give up and withdraw immediately."

Hearing what Ye Feng said, the ancient demon immediately nodded, then looked at Ye Feng with approval, and said loudly: "Boy Ye Feng, you are a person who knows how to advance and retreat. You are single-minded with me." The greed is different."

When Ye Feng heard the ancient demon's praise, he immediately grinned and said: "Indeed, although I am also very interested in the rich cultivation resources and quite greedy, I also know

that sometimes people have to understand It's always good to be content, but it's not good to demand too much of yourself." .??.

When he said this, Ye Feng suddenly looked in a certain direction not far away and said loudly: "Senior, there seems to be a ruined place in front of you. Could it be that it was caused by the battle between the world masters in this small world? Ruins?"

Hearing what Ye Feng said, the ancient demon's eyes suddenly lit up and he said: "It should be so. In this cemetery of gods and demons, there are ruins left by the battle. It is very likely that this small world was there back then." Let's go over and take a look at the ruins of the battle left by the Lord of the World."

Uh-huh! Uh-huh!

After saying that, the ancient demon and Ye Feng rushed quickly in that direction.

When they came to the ruins of the war, they immediately saw a lot of corpse fragments among the ruins, which looked very scary.

The ancient demon couldn't help but said: "These should be the body fragments left by the world master of the small world."

When Ye Feng saw this scene, he couldn't help but said in admiration: "I didn't expect that the Lord of this small world would be torn into pieces in that battle. From this, we can imagine that That battle was miserable."

When he said this, Ye Feng suddenly couldn't help but asked: "Senior, how can we find the fragments of world rules from the fragments of the world master of this small world?"

Hearing Ye Feng's question, the ancient demon thought for a moment, and then said: "I have a special magic weapon that can extract fragments of the world's rules from the body of the world lord of the small world. Let me try it. "

Hearing what the ancient demon said, Ye Feng immediately looked at the ancient demon in surprise. He didn't expect that he had such a magical weapon that could forcibly extract the fragments of the world's rules from the bodies of living creatures in the outside world. come out.

You know, the world master of this small world should

When Nian became the Lord of the World, he absorbed many fragments of the world's rules in the entire small world, and they have been deeply integrated into his body.

Therefore, even if the Lord of the World of this small world is torn into pieces and thrown here, it will be difficult to find the fragments of the rules of the world from the body of the Lord of the World of this small world.

Unexpectedly, the ancient demon actually possesses such a magical weapon. It can directly forcibly extract the fragments of the world's rules from the corpse of the lord of this small world. It is very miraculous.

At this time, Ye Feng immediately nodded and quietly watched the ancient demon operate.

Because Ye Feng can't help much now.

At this moment, I saw this ancient demon taking out a pipe-like magic weapon directly from his storage space.

Then this ancient demon inserted the pipe directly into the body fragments of the Lord of the Small World on the ground.

Almost at the next moment, Ye Feng immediately discovered an incredible scene.

I saw that these tube-like magic weapons actually extracted pieces of the world's rules from the fragments of the body of the World Lord in this small world.

Each fragment of the world rules emits a different light and should represent the power of the world rules with different attributes.

This made Ye Feng's eyes suddenly show surprise. He didn't expect that the ancient demon had such a magical weapon.

At this moment, after sucking out the fragments of these world rules, the ancient demon immediately smiled and said: "Finally succeeded."

After saying that, the ancient demon was very honest and gave half of the fragments of world rules obtained from the corpse to Ye Feng.

At this time, Ye Feng was holding six fragments of world rules, and he could sense the power of a very huge world rule from these fragments.

Ye Feng immediately understood that if he absorbed all the fragments of these world rules and integrated them into his body, his overall strength would be enhanced unparalleledly.

Even when the time comes to fight, he can activate the power of rules throughout the world at any time.

At this moment, Ye Feng did not hesitate and started to merge the fragments of these world rules.

At this moment, seeing that Ye Feng was directly trying to fuse the fragments of these world rules, the ancient demon did not hesitate and began to swallow the fragments of these world rules, and then began to merge.

At this time, both of them began to meditate and practice on the spot, concentrating on integrating the fragments of these world rules.

Because you must immediately absorb and integrate these fragments of the world's rules into your own body. Otherwise, over time, these fragments of the world's rules will re-integrate into the nature of heaven, earth, and nature. Only by integrating with yourself quickly can you be able to keep these fragments of the world's rules in one's body permanently.

At this moment, Ye Feng is concentrating on integrating the fragments of his own world rules.

Ye Feng can sense that as he slowly integrates these fragments of world rules, his various abilities have been greatly improved.

And Ye Feng can feel that his whole person, the whole world, and the whole world have a feeling of harmony between heaven and man! At this time, the ancient demon obviously felt very sorry for the

And Ye Feng can feel that his whole person, the whole world, and the whole world have a feeling of harmony between heaven and man!

Chapter 4610 Can it be dug out?

The unity of man and nature is a very magical state, and ordinary people simply cannot achieve this.

But at this time, when Ye Feng merges the fragments of world rules, he can indeed easily enter the state of unity between heaven and man.

In other words, once Ye Feng successfully integrates these world fragments, he can adjust his state to the unity of heaven and man at any time, that is, he can merge himself with the entire universe, breathing and breathing together, , echoing each other.

This magical state can quickly improve Ye Feng's cultivation realm. Moreover, when Ye Feng is studying other cultivation inheritances or recovering from injuries, if he can enter the state of unity

between heaven and man, he will be able to integrate with the whole world. The mutual breathing of heaven, earth and the universe can greatly improve Ye Feng's abilities. Ye Feng's body will recover faster and he will comprehend the inheritance faster.

At this time, Ye Feng spent a full half an hour to finally integrate all the fragments of the world's rules into his body.

At this moment, Ye Feng opened his eyes and suddenly stretched out a hand in the distance.

Buzz!

As Ye Feng stretched out his hand, Ye Feng immediately saw that above the sky, there were actually world rules echoing his hand, which could bring down terrifying thunder energy, sky fire energy, etc. at any time.

Seeing this scene, Ye Feng suddenly showed deep excitement in his eyes.

Sure enough, after fusing the fragments of these world rules, all of his abilities have been unparalleledly improved.

At this moment, Ye Feng did not hesitate and immediately looked at the ancient demon not far away.

Ye Feng discovered that after the ancient demon swallowed up all the fragments of the world's rules at this moment, it also merged into his body.

At this moment, Ye Feng immediately smiled and said: "Senior, it seems that everything is going well for us."

The ancient demon nodded, with a hint of surprise in his eyes, and said loudly: "These fragments of world rules are indeed much more powerful than I imagined. After I fused them, I can feel my injuries. I have recovered tremendously, and my attacks also carry the power of the rules of heaven and earth."

When he said this, the ancient demon suddenly asked: "Ye Feng, did you just enter the state of unity between heaven and man?"

Ye Feng nodded.

Seeing Ye Feng nod, the ancient demon couldn't help but smile and said: "This state of unity between heaven and man is a very rare state. Most people have no way to enter this state of unity. But after merging the fragments of the world's rules, we both have the qualifications to instantly enter the state of unity between heaven and man. As long as we enter the state of unity between heaven and man, our whole beings will seem to be united with the entire universe. Likewise, you can use the various forces of nature and the universe to heal yourself."

After finishing speaking, the ancient demon suddenly looked at other areas of the surrounding gods and demons cemetery, with a hint of eagerness in his eyes, and said aloud: "Ye Feng, I don't know if you have heard of it, you want to become an ancient god. To exist, we must thoroughly understand the power of world rules. Although we have only integrated some fragments of world rules now,

It can be regarded as comprehending the power of some world rules, so we are now half gods. Of course, our cultivation level is definitely not as powerful as gods, but in terms of controlling the world rules, we are already half gods, and we have transcended the world. An ordinary mortal practitioner. "

Hearing what the ancient demon said, Ye Feng couldn't help but nodded and said, "Senior, do you want to continue exploring this tomb of gods and demons?"

The ancient demon nodded and said loudly: "Yes, I think we have now integrated the fragments of the world's rules. Some of the threats in this cemetery of gods and demons are no longer too big for us. We can use The power of the world's rules allows us to explore some good opportunities in this cemetery of gods and demons."

After finishing speaking, the ancient demon looked around and said loudly: "The reason why the cemetery of gods and demons was very dangerous before is because the gods and demons buried here have mastered the power of the rules of the world, so ordinary practice When someone gets close, it is impossible to resist the power of the terrifying and supreme world rules. But now we have integrated many fragments of world rules, so the means of protection left behind by these gods and demons after their death are of great significance to us. It's not such a big threat anymore."

When he said this, the ancient demon walked quickly towards a huge tomb next to him.

Seeing this scene at this time, Ye Feng also quickly followed.

When the two came to this huge tomb, they immediately sensed a very strong power of world rules, covering this huge tomb.

If an ordinary cultivator had approached this place, he would have been instantly disintegrated by the power of the world's rules shrouded in this tomb.

But Ye Feng and the ancient demon have now integrated many fragments of world rules, so they will not be harmed by the power of world rules shrouded in this tomb.

After all, according to the ancient demon, the biggest difference between gods and ordinary practitioners is whether they have mastered the power of the rules of the world.

At this moment, the ancient demon saw the power of the world rules on this tomb and really did not attack him. He immediately laughed out loud: "This extremely dangerous tomb of gods and demons is now simply a dangerous place for us. A huge treasure house!"

When he said this, the ancient demon did not hesitate at all. Under Ye Feng's surprised gaze, the ancient demon directly stretched out a demon claw and bombarded the huge tomb in front of him.

Click!

But at the next moment, what made the ancient demon scream in surprise was that the moment his demon claws touched the huge tomb, it did not scratch the entire tomb into pieces, but instead tore the ancient demon's claws into pieces. The devil's claws were shattered by the shock, and one of the claws was broken off.

This made the ancient demon immediately scream in pain and couldn't help but say: "The material of these tombs is too strong and cannot be broken open at all."

When he said this, the ancient demon seemed to have thought of something. He stared at Ye Feng beside him and said loudly: "Ye Feng, take out that very sharp golden sword you used before. Use it and see if you can dig up this ancient tomb of gods and demons! "The unity of heaven and man is a very magical state, and ordinary people have no way to achieve this.

But at this time, when Ye Feng merges the fragments of world rules, he can indeed easily enter the state of unity between heaven and man.
