

Ancient 4611

Chapter 4611 Gravekeeper

Hearing what the ancient demon said, Ye Feng immediately nodded and said, "Then let me give it a try."

After saying that, Ye Feng directly transformed the God's ring on his finger into the God's Sword.

Ye Feng held the golden sword in his hand and slowly walked towards the tomb in front of him.

Click!

At this moment, Ye Feng used the golden sword in his hand to pierce directly into the tomb in front of him without any hindrance.

The tomb of the ancient gods and demons, which the ancient demons could not leave any traces with their claws just now, was directly pierced through a hole by the golden sword in Ye Feng's hand.

Seeing this scene, the ancient demon Devour showed a trace of excitement in his eyes, and said loudly: "Great, Ye Feng, your golden sword is really powerful, it is extremely sharp. "

When he said this, the ancient demon immediately looked around and said excitedly: "Ye Feng, hurry up and split open the entire tomb. All the ancient things buried in these tombs are... We may be able to obtain the things left by the ancient gods and demons."

Hearing what the ancient demon said, Ye Feng also became interested. He nodded quickly and quickly dug the grave with the sword of the gods in his hand. ??

It has to be said that the Sword of the Gods is indeed something that comes from a higher spiritual dimension, and the God Clan is also a race that comes from a higher spiritual dimension.

The token they left behind, the God's Ring, turned into a weapon that was extremely sharp. Even the tombs of ancient gods and demons, which were extremely solid and guarded by the power of the

Dao rules, could not withstand Ye Feng's hands. With the sharpness of the God's Sword, Ye Feng quickly dug up the entire tomb of gods and demons.

At this moment, Ye Feng and the ancient demon looked inside, and immediately saw that it was empty inside.

\u003c

br\u003e “What?”

Seeing this scene, the ancient demon and Ye Feng couldn't help but have a look of astonishment in their eyes. It seemed that they never expected that the tomb of such an ancient god and demon was actually empty.

At this moment, the ancient demon seemed to have thought of something, and immediately slapped his forehead and said loudly: "Yes, why didn't I consider this? The ancient gods and demons have completely mastered the rules of the world. Power is actually part of the rules of the world, so after their death, their entire bodies will slowly turn into the power of the rules of the world over a long period of time and reintegrate into the universe. "

When he said this, the ancient demon said in frustration: "It seems that the gods and demons in the tombs in this cemetery of gods and demons have been completely transformed into the rules of the world and integrated into the nature of heaven and earth. What? None stayed.”

Hearing what the ancient demon said, Ye Feng couldn't help but said: "Look at the other tombs to see if there are any things left by gods and demons. I don't believe that all gods and demons are... It turned into the rules of the world. Even if they turned into the rules of the world, there are always some gods and demons who left behind their weapons or magic weapons, or their peerless inheritance, etc. "

Hearing what Ye Feng said, the ancient demon immediately nodded and said, "Then let's continue digging the tombs of other gods and demons to see if there is anything good."

This time, the original purpose of the ancient demon and Ye Feng in coming to the Gods and Demons Cemetery has actually been achieved. They have successfully found the world master of this small world and the fragments of the world rules left behind by that time.

But now that I'm here, I naturally want to explore more.

Some other strokes of chance.

So at this time, Ye Feng and the ancient demon continued to prepare to dig other graves.

But just when they were about to dig up the tomb of the second god and demon.

Buzz!

Suddenly, an old man with white hair appeared in front of the two of them.

This old man suddenly appeared, giving people a very unfathomable feeling.

Even the ancient demon couldn't help but scream: "Who are you?"

This old man with white hair is very old, but he gives people a very scary feeling.

At this moment, he just stared at Ye Feng and the ancient demon, and then said aloud: "Hurry up and leave the cemetery of gods and demons. Don't offend the majesty of ancient gods and demons. You have destroyed a tomb of gods and demons. It's a huge sin, but since you are young and ignorant, you should leave here quickly and don't let me take action."

When he said this, Ye Feng was about to say something, but the ancient demon suddenly grabbed Ye Feng's hand and said quickly: "Let's start now!"

The ancient demon directly took Ye Feng's hand, quickly left the Gods and Demons Cemetery, and flew outside.

On the way, Ye Feng was a little confused and asked: "Maybe we can fight with this old man."

The ancient demon instantly shook his head and said: "It is rumored that in the cemetery of gods and demons, there is a tombkeeper who has lived from the era of gods to today. I am afraid it is that old man."

"What?"

Hearing what the ancient demon said, Ye Feng's eyes suddenly showed surprise.

To be able to live from the ancient age of gods to today shows how terrifying and terrible this tombkeeper is.

\u003e

At this time, Ye Feng finally understood why the ancient demon had pulled him away from here in an instant. It turned out that the ancient demon had already guessed that the white-haired old man who suddenly appeared was the legendary figure in the cemetery of gods and demons. The gravekeeper is an extremely terrifying ancient existence.

At this moment, Ye Feng was also a little scared, and he quickly followed the ancient demon and left this cemetery of gods and demons.

After all, they never expected that they would meet the legendary mysterious tombkeeper.

At this time, Ye Feng and the ancient demon were very fast and had left the Gods and Demons Cemetery in the blink of an eye.

At this moment, the two of them were standing on the edge of the cemetery of gods and demons, looking at the vast cemetery of gods and demons in front of them, with a trace of pity in their eyes.

After all, if there were no tombkeepers, they might still be digging the tombs of these ancient gods and demons, and maybe they would be able to dig up something good.

But with the tombkeepers here, they have no way to continue digging the tombs of those ancient gods and demons for the time being.

At this time, the ancient demon seemed a little unwilling and couldn't help but said: "When we reach a stronger realm and level, we will come back and continue to dig the graves of these gods and demons."

Hearing what the ancient demon said, Ye Feng's eyes suddenly twitched slightly. He didn't expect the ancient demon to be so obsessed with this cemetery of gods and demons.

However, Ye Feng was also looking forward to this cemetery of gods and demons. He immediately nodded and said: "Okay, in the future, when our cultivation level reaches a certain powerful level, we will continue to dig. Then we will not be afraid of the guardian." Grave man."

After saying that, the two of them turned around and left. After all, the tombkeeper of the Gods and Demons Cemetery gave them a too terrifying and terrible feeling, so they had better stay away from this area.

Chapter 4612 There is no way to resist

Not long after leaving the Gods and Demons Cemetery, Ye Feng looked at the ancient demon beside him and asked, "What are your plans for the future?"

"What do you plan to do?"

Hearing Ye Feng's question, the ancient demon immediately couldn't help grinning and said loudly: "I originally wanted to be with you, Ye Feng. After all, you are very popular with me, but the world outside the small world, I don't know him, he's very unfamiliar, so I decided to practice in this small world for a while longer, so that my strength can return to its peak state as soon as possible, and with the fragments of world rules that I have integrated now, I might have a chance to get a glimpse of this world. The qualifications of the next generation of world masters of the small world."

"Um?"

Hearing what the ancient demon said, Ye Feng showed a hint of surprise in his eyes.

Ye Feng never expected that the ancient demon still had such a high goal in his heart, to become the next generation world master of this small world.

In response, Ye Feng immediately stretched out a hand, patted the ancient demon on the shoulder, smiled and said: "As long as you work hard, you can definitely do it. If you really become the world of this small world, Lord, I come to this small world again, and with you here, I can do whatever I want."

Hearing what Ye Feng said, the ancient demon immediately laughed out loud and said: "Of course, if I become the master of this small world, and Ye Feng comes, I will definitely take you to a delicious drink. It's spicy, you can do whatever you want."

Perhaps in the eyes of this ancient demon, Ye Feng has now become his only friend.

At this time, Ye Feng nodded slightly, and then said aloud: "But I should leave this small world. I want to go back to find my friends."

Hearing what Ye Feng said, the ancient demon showed a trace of hesitation in his eyes, and then said aloud: "I originally wanted to invite you to practice with me in this small world and control this small world together. , but you have

For a broader prospect, you should leave this small world and should not be bound by this small world. If I become the world master of this small world, I will go to the Ten Thousand Demons interface to find you. "

During the previous relationship between the two, Ye Feng had already told this ancient demon that he was currently practicing in the advanced cultivation interface of Ten Thousand Demons Interface.

At this moment, Ye Feng nodded slightly, then said with a smile: "Then I will wait for your arrival."

Uh-huh!

After saying that, Ye Feng left the ancient demon and flew quickly towards the ancient ruins before the Panlong Shen Sect.

Ye Feng's former partners should still be looking for opportunities in the ancient ruins of the Panlong Shen Sect. Ye Feng will rush over to join them now.

After calculating the time, they should be leaving this small world of ancient ruins soon.

Uh-huh!

Ye Feng's speed was very fast, and in a blink of an eye he arrived at the area of ancient ruins where the Panlong Divine Sect was located.

But at this time, Ye Feng suddenly sensed that very powerful energy fluctuations were emitting not far away.

"Um?"

Ye Feng's face suddenly changed slightly when he sensed this kind of energy fluctuation, because this kind of energy fluctuation was the fluctuation of battle.

In other words, someone is fighting not far away.

This made Ye Feng's eyes suddenly reveal a look of deep surprise. Could it be that the group of people in his team were in danger again?

Uh-huh!

When he thought of this, Ye Feng immediately moved quickly towards the direction of the energy wave.

Fly away.

For Ye Feng, his cultivation strength has now been improved unparalleled.

At this time, Ye Feng's cultivation strength, Ye Feng felt, was probably comparable to those of the elders brought by the Seventh Prince, Nie Qianqian or Tang Youyou.

So at this time, even if he met the so-called powerful practitioners from the southern barbarian land, Ye Feng was not as afraid as before.

At this time, Ye Feng quickly flew in the direction of the battle wave he sensed.

When Ye Feng arrived at his destination, he immediately saw that there was indeed a large group of practitioners from the Southern Barbarian Land, wearing special clothes from the Southern Barbarian Land, attacking a group of people in the middle.

The group of people in the middle who were attacked were Tang Youyou and other black market masters who had entered this small world of ancient ruins with Ye Feng.

At this moment, there were several strong men from the black market standing around Tang Youyou, protecting Tang Youyou.

However, their strength is far behind the practitioners in the southern barbarian land, so it is very difficult to resist.

Even the elders in the black market could not help but retreat under the attack of the powerful practitioners in the Southern Barbarian Land.

Tang Youyou looked very ugly at this time.

The daughter of the leader of the black market, the eldest lady of the black market, has always been pampered.

Unexpectedly, at this time, here, I would be surrounded by a group of powerful practitioners from the southern barbarian land.

So at this time, Tang Youyou suddenly felt that he was in a situation that he couldn't control.

This is a very uncomfortable thing for Tang Youyou.

Because she has always been

As the eldest lady of the black market, she is in charge of the entire huge black market. She has always been subordinate to one person and above ten thousand people. Whatever she says will be followed and executed by others, and everything is under her control.

But now she has encountered the attacks of more than a dozen powerful practitioners from the Southern Barbarians. Even if she brought many senior experts from the black market, she was unable to withstand them.

So at this time, Tang Youyou felt uncontrollable for the first time.

This caused an inexplicable panic in Tang Youyou's heart.

Boom!

At this time, a practitioner from the southern barbarian land, a tall middle-aged man wearing golden armor, held a golden ax in his hand, like a golden god of war, and chopped hard with one axe. Go down.

boom!

An earth-shaking ax light suddenly seemed to split the whole world, and it struck directly on the head of an old and powerful man in the black market.

The old man in the black market quickly used a special shield made of mithril.

"boom!!"

At this moment, the golden ax struck the shield, and it suddenly shattered the shield made of mithril into pieces.

Then this old man from the black market was immediately knocked upside down by the terrifying golden axe, spitting out a mouthful of blood, and fell next to Tang Youyou.

"Elder Gu, are you okay?"

Tang Youyou couldn't help but exclaimed at this moment.

This old black market expert who spurted blood immediately couldn't help but said: "Miss, please leave quickly. We are risking our lives to escort you out. These practitioners in the southern barbarian land are really too powerful." It's so powerful that there's no way to resist it!"

Chapter 4613 It's not too late

Looking at the old black market expert spouting blood in front of him, Tang Youyou showed a panicked look in his eyes for the first time.

In the past, she was the black eldest lady, in charge of countless people, and no one dared to disobey her orders.

But at this time, Tang Youyou suddenly discovered that he was surrounded by countless powerful enemies and had no way to control his own destiny.

At this moment, Tang Youyou felt deeply powerless. ??

At this moment, Tang Youyou suddenly remembered a figure in his mind, it was Ye Feng.

But Tang Youyou sighed, because even Ye Feng, a top genius, was of no use by his side at this moment.

Because this group of practitioners from the southern barbarian land is so powerful, even the elders in the black market beside her are unable to fight against these powerful practitioners from the southern barbarian land, let alone a young man like Ye Feng.

Although Ye Feng's strength has far surpassed that of ordinary young geniuses and is almost comparable to that of the older generation, Ye Feng is not as powerful as the older generation after all.

So even if Ye Feng is here now, there is no way to reverse the current predicament.

At this time, Tang Youyou couldn't help but feel very powerless. Do you really want to sacrifice all the old black market experts around you to escort you away?

At this moment, the powerful practitioner from the southern barbarian land wearing golden armor standing high in the sky suddenly smiled coldly and said: "Is this the so-called powerful elder of the big force in your northern region? Why are you so weak? I am just a small centurion in our

Southern Barbarian Empire, but you can't stop my axe. You are too weak. If you follow what I said, our Southern Barbarian Empire should directly Let's march into the entire Northern Territory and wipe out all the so-called big forces in the Northern Territory. In this way, we can have a wider land and a more fertile environment to practice.”

Hearing what the centurion of the Southern Barbarian Empire said, a group of old and powerful men in the black market couldn't help but have deep expressions in their eyes.

A deep look of anger.

But they all also know that the general cultivation level of the practitioners in the Southern Barbarian Land is indeed much higher than that of the strong ones in the Northern Territory.

Because the Southern Barbarian Land is a unified and powerful force, the Southern Barbarian Empire has cultivated countless super strong men, and its overall strength is indeed much stronger than that of the Northern Territory.

At this moment, this middle-aged man wearing golden armor, although he is just an ordinary centurion in the Southern Barbarian Empire, his cultivation strength is indeed much stronger than that of the elders in the black market.

The ax just now knocked an old man from the black market upside down, and even spurted out a mouthful of blood. This shows how powerful this Centurion of the Southern Barbarian Empire, who was wearing golden armor, was.

At this moment, there were a group of other practitioners from the Southern Barbarians around. They immediately looked at the middle-aged man wearing golden armor, with a sarcastic smile in his eyes, and said loudly: "Brother, don't fight with these people." You are talking nonsense, just kill all those old guys, and then snatch that beautiful Northern woman!”

At this moment, when Tang Youyou heard this group of people say this, his face suddenly became much pale.

Because she suddenly realized that she was powerless to change everything.

"good."

At this moment, the middle-aged man wearing golden armor looked at Tang Youyou, a stunningly beautiful woman, with deep greed in his eyes.

Uh-huh!

He immediately rushed towards the group of black market elders around Tang Youyou, wanting to kill all the black market elders around Tang Youyou first.

At this time, a group of senior figures in the black market were already struggling with the difficult resistance just now.

All the power was exhausted.

As a young man, Tang Youyou was naturally unable to burst out with any powerful force at this moment.

So at this time, Tang Youyou and a group of senior experts in the black market all had a look of despair in their eyes.

boom!

But suddenly at this moment, an extremely huge dragon claw suddenly bombarded down from high in the sky, and all of a sudden the extremely powerful centurion of the so-called southern barbarian land was sent flying backwards. , directly smashed into a large piece of land and was buried in ruins.

"what's the situation??"

Seeing this scene, everyone present suddenly widened their eyes. ??

Whether it was a group of powerful practitioners from the southern barbarian land opposite, or Tang Youyou and a group of senior experts from the black market, their eyes widened suddenly, as if they had never thought that such a thing would suddenly happen.

A huge golden dragon claw bombarded down from high in the sky and blew away the centurion of the Southern Barbarian Empire. From this, one can imagine how terrifying this golden dragon claw is.

And at the next moment, everyone saw a very shocking scene.

I saw a majestic and boundless golden dragon with a length of more than 100,000 meters, descending from the sky, filled with an unparalleled sense of oppression.

What's even more shocking is that a young man in white clothes is standing on top of the golden dragon's head, with his hands behind his back, looking full of unparalleled momentum and majesty.

This scene is extremely visually shocking.

"That is....."

At this moment, a group of practitioners from the Southern Barbarian Land saw this scene, with deep horror in their eyes.

They don't understand this

Why did the young man in white clothes suddenly come here to help this group of weak practitioners in the Northern Territory?

According to their thinking, a powerful existence like this young man in white should be some kind of very mysterious and noble existence, and it is impossible for him to interfere in the battle between ordinary practitioners like them.

At this moment, Tang Youyou saw the young man in white clothes standing on top of the golden dragon's head, and immediately couldn't help but said in surprise: "That's Ye Feng! I didn't expect Ye Feng He actually got help from a strong man from the ancient dragon clan!"

At this time, a group of senior black market experts standing next to Tang Youyou suddenly showed deep horror in their eyes. It seemed that they did not expect that Ye Feng actually got something in the short period of time he left. Such a great opportunity.

At this moment, an old man from the black market suddenly said: "Why does this giant golden dragon look like the legendary Coiling Dragon? Have you ever heard of a legend? We are now looking for it. This ancient ruins was the territory of the Panlong Divine Sect. It is said that there is an immortal body of an extremely noble ancient coiled dragon in the Panlong Divine Sect. Could it be that little friend Ye Feng got it? "

Uh-huh!

At this time, Ye Feng jumped down from the head of the ancient coiled dragon clone, came to Tang Youyou's side, smiled slightly, and said loudly: "It seems that I am not too late."

At this time, it was confirmed that the young man in white clothes in front of him was really Ye Feng. Both Tang Youyou and a group of senior experts from the black market were staring at Ye Feng with deep shock in their eyes.

Tang Youyou, in particular, felt the changes in Ye Feng's cultivation aura, and immediately couldn't help but said in shock: "Ye Feng, you have actually broken through to the half-step Yuan state of mind? You are still one level away from being able to You have completely caught up with the cultivation level of our elders in the black market, you are really making a breakthrough too fast!"

Chapter 4614 So casual

At this time, Tang Youyou was obviously shocked to the extreme, because she never expected that when Ye Feng appeared again, his cultivation strength would become so terrifying, and he would also possess an extremely powerful ancient coiled dragon.

At this time, an old man from the black market standing aside stared at the towering golden dragon next to Ye Feng, which was more than 100,000 meters tall. He couldn't help but said: "Young friend Ye Feng, this golden dragon is The giant dragon, it should be the legendary Coiling Dragon, was actually refined into your own clone by you, little friend Ye Feng?"

It has to be said that these old and powerful people in the black market are still very discerning. In an instant, they can tell that the golden dragon under Ye Feng's feet just now is the ancient Coiling Dragon, and it is Ye Feng's clone.

At this moment, when he heard the old man from the black market say this, Ye Feng immediately smiled and said: "That's right, this ancient coiled dragon is already my clone, so I can control it to do anything. matter."

When Ye Feng said this, Tang Youyou's eyes widened slightly.

Even this young lady from the black market was shocked by Ye Feng's incredible method. .??.

Because it is very difficult to control such an extremely powerful coiled dragon clone at once.

Uh-huh!

At this moment, the Centurion of the Southern Barbarian Empire suddenly flew out from the ruins not far away.

At this moment, more than half of his armor was broken, but he did not suffer too many serious injuries.

Obviously, one of the ancient dragon's claws just shattered his armor, so the centurion of the Southern Barbarian Empire was not completely dead yet.

At this time, the centurion of the Southern Barbarian Empire stared at Ye Feng, who was not far away, especially the ancient coiled dragon next to Ye Feng, and suddenly there was a deep and incredible look in his eyes.

He seemed to have never imagined that a small human boy could control the immortal body of such a powerful Coiling Dragon.

At this moment, this Nanman

The centurion of the empire immediately looked at the group of other practitioners from the southern barbarian land beside him, and said loudly: "You hold back the clone of the ancient coiled dragon. I will personally destroy this boy in white. As long as I destroy this The boy in white, this immortal body of an ancient coiled dragon belongs to me."

Boom!

Almost at the moment when the Centurion of the Southern Barbarian Empire finished speaking, he held the golden ax in his hand and charged towards Ye Feng in an instant.

The dozen or so other practitioners from the Southern Barbarian Empire beside him were also very powerful. They all nodded and rushed towards the ancient Coiling Dragon.

At this time, Tang Youyou beside Ye Feng couldn't help but said: "Ye Feng, they are going to join forces to deal with you!"

Ye Feng nodded slightly at this time, and then said loudly: "These people are not worth fearing at all."

After saying that, Ye Feng didn't even use the power of the Coiling Dragon clone and flew directly to the sky alone.

He actually had to face a dozen practitioners from the Southern Barbarian Empire on his own.

Seeing this scene, both Tang Youyou and a group of practitioners from the southern barbarian land opposite had deep astonishment in their eyes.

Especially the centurion from the Southern Barbarian Empire who was leading it couldn't help but said: "Boy, what are you doing? Are you so arrogant? You don't even use the Coiling Dragon clone and you want to deal with a dozen of us by yourself? You are really You are too bold, boy, you are too young and energetic!"

Ye Feng immediately smiled slightly and said loudly: "Can you call me a young man if you are not angry?"

Boom!

After saying that, Ye Feng directly burst out the powerful cultivation momentum of his half-step Yuan state of mind alone.

Ye Feng's cultivation aura is majestic

Incomparably, much more powerful than the elders of the black market beside Tang Youyou.

At this moment, Ye Feng stretched out his hand and attacked forward.

Seeing this scene, the centurion of the Southern Barbarian Empire who took the lead immediately smiled coldly and said: "Boy, although your cultivation is indeed very strong, it is still inferior to us. It's not a small realm, you can't be the opponent of more than a dozen of us. If you don't use your ancient coiled dragon clone, it is simply the biggest mistake you have ever made. You will die instantly."

But the moment the centurion of the Southern Barbarian Empire finished speaking, Ye Feng's hand suddenly triggered the power of thunder above the nine heavens.

Ye Feng's hand fell suddenly, and the thunder from the nine heavens also fell suddenly, all of which hit the dozens of powerful practitioners in the southern barbarian land in front.

"Boom!"

The terrifying power of thunder made their whole bodies crackle with electricity and burnt to a crisp.

"What?"

Seeing this scene, not to mention the powerful practitioners in the southern barbarian land, even a group of strong men from the black market on Tang Youyou's side, their eyes widened all of a sudden, as if they had never thought that Ye Feng casually stretched out a One hand can actually activate the power of thunder above the nine heavens.

An elder figure in the black market immediately couldn't help but said in horror: "This is simply a feeling of being able to follow your words? Could it be that little friend Ye Feng has already controlled part of the power of the rules of heaven and earth? It's incredible, it's really It's incredible!"

At this time, Ye Feng's attack automatically triggered the power of thunder above the nine heavens, naturally because Ye Feng had just merged the fragments of the world's rules.

Therefore, Ye Feng's every move can trigger the regular power of nature.

At this time, a group of practitioners in the southern barbarian land who were continuously bombarded by thunder suddenly began to scream in agony.

Because no matter how powerful they are, they cannot fight against the entire rules of heaven and earth.

Although Ye Feng only partially controls the rules of the world now, it has also caused this group of practitioners in the Southern Barbarian Land to feel great pain.

At this moment, Ye Feng did not hesitate and directly released the Ice Emperor Mirror that he had obtained before.

Uh-huh!

At this moment, a huge mirror flew out from Ye Feng's body and floated above Ye Feng's head.

In this mirror, a terrifying cold air suddenly burst out, covering the front, and even froze more than a dozen powerful practitioners from the southern barbarian land in the ice sculptures.

boom!

The next moment, the ice sculpture shattered.

More than a dozen powerful practitioners in the southern barbarian land were all killed when the ice sculptures were shattered, and their entire bodies were shattered into countless fragments.

"What??"

Seeing this scene, a group of senior black market experts not far away suddenly widened their eyes, as if they had never thought that Ye Feng's strength had now reached such a level.

Alone, he killed more than a dozen powerful practitioners in the southern barbarian land in an instant, so easily and casually!

These dozen or so powerful practitioners from the southern barbarian land were killed by Ye Feng using various means before they even got close to Ye Feng.

This kind of powerful strength is really incredible.

Even Tang Youyou stared at Ye Feng at this moment, with a deep and incredulous look in his eyes.

This young lady from the black market is really attracted by Ye Feng.

Because all of Ye Feng's methods are so shocking and stunning, he is naturally very attractive to strong women like Tang Youyou.

Chapter 4615 Completely realized

At this time, Ye Feng also had a look of surprise in his eyes.

Because Ye Feng didn't expect that his current various strengths and methods would be so powerful.

Originally, Ye Feng thought that he would have to use some means to kill these dozen powerful immortal cultivators from the southern barbarian land.

But when Ye Feng used various methods and abilities, Ye Feng discovered that these dozen powerful practitioners from the southern barbarian land were not as powerful as he imagined. In just a short moment, he was defeated by him. solved.

At this time, Ye Feng looked at his hands, with deep surprise in his eyes. Even Ye Feng himself was shocked by his powerful strength.

At this time, Ye Feng did not hesitate and directly released the Devouring Domain and began to devour the cultivation skills of more than a dozen powerful practitioners in the Southern Barbarians.

These dozen or so cultivators in the Southern Barbarian Land all come from the Southern Barbarian Empire in the Southern Barbarian Land, so their cultivation levels are still very terrifying.

After Ye Feng swallowed it, he could immediately feel huge amounts of blood energy being injected into his Dantian.

Ye Feng's skill immediately grew at an incredible speed. ??

Although the cultivation strength of these dozen or so practitioners in the southern barbarian land is far inferior to that of Ye Feng, their cultivation level is still much stronger than that of Ye Feng.

Therefore, the blood energy and skills contained in their bodies can be regarded as a great supplement to Ye Feng in his current state.

Devouring a dozen powerful practitioners from the southern barbarian land at once, Ye Feng's current cultivation bottleneck immediately began to loosen and he suddenly broke through.

"boom!"

At this moment, Ye Feng's body suddenly burst out with a huge and majestic momentum.

That is the momentum of breakthrough.

At this moment, powerful cultivators in more than a dozen southern barbarian lands

With the accumulation of the practitioner's skill and blood energy, Ye Feng's cultivation level has successfully broken through from the previous half-step Yuanxin state to the real Yuanxin first level!

This made Ye Feng's eyes suddenly brighten. It seems that these practitioners from the southern barbarian land are indeed much more powerful than those super strong men in the northern region. They can make his own cultivation level unexpectedly. Zi broke through an entire realm and reached the first level of the true Yuanxin state.

At this moment, Ye Feng looked around at Tang Youyou and a group of senior experts from the black market, and said with a smile: "The danger has been resolved."

Seeing Ye Feng's casual and relaxed look, even these senior figures in the black market, these seniors who have experienced many ups and downs, can't help but marvel at Ye Feng's cultivation strength. Zhongdu showed a deeply complicated look.

Originally, they thought that what Tang Youyou said when he first entered this small world of ancient ruins was a joke, saying that Ye Feng would soon be able to surpass the powerful elders like them.

But now they discovered that what Tang Youyou said had completely come true.

At this time, Tang Youyou stared at Ye Feng, her beautiful and cold eyes filled with a deep brilliance, and said loudly: "Ye Feng, I really didn't make a mistake, and neither did your father." , he handed over all our black inheritance tokens to you, and he must have already seen that you will be amazing in the future. "

Hearing what Tang Youyou said, Ye Feng suddenly smiled helplessly and said loudly: "Your father gave me the inheritance token from the black market. I really don't know why, because I just saw him. When I was with your father, my cultivation level was also relatively weak. I thought the token he gave me was just an ordinary identity token so that I could be more convenient in the black market. Unexpectedly

It is the inheritance token of your black market. "

When he said this, Ye Feng suddenly took out the token from his storage ring, and then said loudly: "Miss Tang, if you need this inheritance token, I can give it to you directly. Leave it to you. I won't have such a close relationship with your black market anyway, and I may not always be in the black market in the future."

Hearing what Ye Feng said, Tang Youyou quickly refused and said, "This is my father's decision. No one can interfere, including me."

After finishing speaking, Tang Youyou turned his head slightly, and then said aloud: "Don't take out this inheritance token in the future. It is too conspicuous and may bring you some trouble. After all, many people are very Covet this inheritance token."

Hearing what Tang Youyou said, Ye Feng nodded helplessly, and then put the inheritance token back into his storage ring.

At this moment, Ye Feng looked around and said loudly: "In recent times, you have been looking for opportunities in the ancient ruins of the Panlong Shen Sect. Have you met other people in our team, such as the Seventh Prince and a group of royal families? Where are they now, as well as Nie Qianqian and a group of senior experts from the Demonic Sect?"

When Tang Youyou heard Ye Feng's question, he immediately shook his head and said, "I don't know much about this either. We have been searching the ancient ruins of the Panlong Shen Sect for many days, and we have found a lot of opportunities. We have never seen their figures before. After all, the ancient ruins of the Panlong Divine Sect are too large. Our three small teams walked in different directions just to avoid bumping into each other. , we can explore all the ancient ruins as much as possible."

When he said this, Tang Youyou couldn't help but smile and said, "Ye Feng, are you worried about Nie Qianqian?"

listen

When Tang Youyou said this, a look of surprise suddenly appeared in Ye Feng's eyes and he said, "Why do you ask that?"

Tang Youyou seemed to have an inexplicable look on her face, and said aloud: "I remember Nie Qianqian, the core disciple of the Demonic Sect, but she has a different kind of feeling for you. Isn't she your confidante? I heard that she is also introducing you to the Seventh Prince."

When Ye Feng heard what Tang Youyou said, he immediately smiled helplessly and said: "Of course Nie Qianqian is not my confidante, but we have known each other for a long time. Back then, I was on the border of the Blood Demon Dynasty, killing demons. When I was a demon, I met Nie Qianqian accidentally. The two of us went through some things and became very good friends. The relationship is not as close as you think. "

Hearing what Ye Feng said, Tang Youyou's beautiful and cold face showed an inexplicable smile. She seemed to be very happy that there was no special relationship between Ye Feng and Nie Qianqian.

boom!

While the two were talking, suddenly a distress signal exploded from a certain direction not far away from high in the sky.

But this distress signal was a black light.

Seeing this scene, Ye Feng's eyes suddenly moved and he said loudly: "This is a distress signal from the Demonic Sect. It should be Nie Qianqian and the others who are in danger. Let's go to find them together. I also want to gather the team again. , I think it's time to leave this small world of ancient ruins, after all, we've been here for a long time."

Hearing what Ye Feng said, Tang Youyou nodded immediately and said loudly: "It's almost time, it's time to go out, and there are so many powerful practitioners from the Southern Barbarians coming in this time, I'm afraid to protect this The core experts of our black market at the entrance to the ancient ruins were attacked by the powerful practitioners of the Southern Barbarians. When we gather with the Seventh Prince Nie Qianqian and his team, I will go out and take a look. "

Chapter 4616 A claw

At this time, everyone did not hesitate at all, and immediately followed Ye Feng and flew quickly in the direction where the distress signal was sent.

Ye Feng's speed was very fast, and in a blink of an eye he was in the direction where the distress signal exploded.

At this time, everyone suddenly saw the front. Sure enough, Nie Qianqian and a group of senior strong men from the Demonic Sect were in danger.

Because they were being attacked crazily by an ancient behemoth that was tens of thousands of meters tall.

This ancient behemoth, which is tens of thousands of meters tall, looks like a huge rhinoceros, but its body is covered with dense green scales, and there is a pair of huge wings on its back that can cover the sky. It feels very nondescript, but this is indeed a very terrifying ancient behemoth. It should be some unknown powerful race.

At this moment, this terrifying ancient behemoth stepped down hard with a hoof, like an ancient sky pillar bombarding it, full of terrifying and destructive power.

Nie Qianqian, including a group of elders and powerful men from the Demonic Sect, instantly used various methods to resist, but to no avail. They were defeated steadily by the attacks of this ancient giant beast.

Even if some of the older figures in the Demonic Sect used extremely powerful magic weapons, they could not break the green scales on this ancient beast.

The green scales looked like they were cast from the strongest metal in the world. Their hardness was extremely terrifying. Even the powerful magic weapons carefully refined by the elders of the Demonic Sect could not break through this ancient behemoth's scales, so they were beaten badly. After all, they couldn't even break through the scale defense of this ancient behemoth, so how could they fight against this ancient behemoth.

So at this time, Nie Qianqian and a group of senior strong men from the Demonic Sect were at an extreme disadvantage.

At this time, Nie Qianqian looked at the group of senior strong men from the Demonic Sect beside her, with a wry smile in her eyes.

Because they had not even found anything good in the ancient ruins of the Coiling Dragon Seat, but they were attacked by such a terrifying ancient behemoth. Even now, they have escaped from the attack range of this ancient behemoth.

At this moment, several senior strong men from the Demonic Sect immediately spoke out: "Let's escape from here completely, and stop coveting the opportunity we found. That opportunity was destroyed by this ancient giant beast. I'm afraid it's not something we can get if we keep it under guard."

Hearing what this strong man from the Demonic Sect said, Nie Qianqian could only smile and nodded.

It turns out that the reason why they held on until now and did not completely escape was mainly because they wanted to obtain a chance blessing in the mountain they had discovered before.

However, this opportunity was guarded by this ancient beast that looked like a huge rhinoceros, so they have been hesitant until now and have not completely escaped from here.

But just when they were about to escape.

"Nie Qianqian!"

Suddenly Ye Feng's shouts rang out not far away.

"Um?"

Hearing this voice at this moment, Nie Qianqian immediately looked over not far away, and immediately saw Ye Feng's figure, which made Nie Qianqian's eyes immediately reveal a look of deep surprise.

But then, Nie Qianqian hurriedly said: "Ye Feng, don't come over yet, this ancient beast is too

It's scary. Your life will be in danger if you come here. It's better to escape from here as soon as possible. "

But the moment Nie Qianqian finished speaking, an ancient coiled dragon with a towering height of more than 100,000 meters suddenly appeared next to Ye Feng.

This ancient dragon is covered with golden scales, and it looks full of terrifying visual shock.

At this moment, when Ye Feng rushed over, this majestic and boundless ancient dragon stretched out a huge golden dragon claw and grabbed it forward.

Boom!

The golden dragon claws were filled with terrifying power, covering the entire sky. With one claw, they directly bombarded the ancient behemoth that was chasing Nie Qianqian and a group of senior strong men from the Demonic Sect, and directly bombarded the huge green scaly rhinoceros. It reached the surface and buried it in ruins.

This ancient behemoth, which was so ferocious just now, was instantly clawed by the golden dragon claw of the ancient coiling dragon, and was directly caught to death!

"What??"

Seeing this scene, both Nie Qianqian and the elders and powerful men of the Demonic Sect beside him suddenly widened their eyes, with a look of deep disbelief in their eyes.

They never thought that the golden dragon that appeared next to Ye Feng would have such terrifying strength.

If the ancient giant beast just now was very powerful, then the golden dragon next to Ye Feng was simply terrifying to the extreme.

At this moment, an older and powerful man from the Demonic Sect couldn't help but exclaimed: "This is the ancient Coiling Dragon! Young friend Ye Feng has refined this ancient Coiling Dragon into his own clone? No wonder he can let this ancient coiled dragon fight for him!"

At this time, when Nie Qianqian heard the powerful elder beside her say this, her eyes suddenly showed deep surprise.

She never imagined that Ye Feng would receive such great opportunities in just a few days.

At this moment, Ye Feng used the clone of the ancient Coiling Dragon to directly crush the ancient behemoth.

At this time, Ye Feng, as if he had done something trivial, jumped down from the sky, came to Nie Qianqian, smiled and said: "Are you okay? I was watching not far away just now. When I heard your distress signal, I rushed over."

Hearing what Ye Feng said, several senior experts from the Demonic Sect immediately clasped their fists and said, "Thank you, little friend Ye Feng, for your help."

At this moment, Nie Qianqian nodded quickly and couldn't help but stare at Ye Feng with her beautiful eyes in front of her, with deep brilliance, and said loudly: "Ye Feng, you are really amazing. Originally, I said that after this trial in the small world of ancient ruins, I might be able to catch up with you in cultivation, but now the gap between us is getting farther and farther."

While Nie Qianqian was speaking, Tang Youyou and a group of senior black market experts also flew over not far away.

At this time, Nie Qianqian glanced at Tang Youyou and then at Ye Feng. There seemed to be a slight sense of loss in her eyes, because she suddenly discovered that Ye Feng seemed to have been with Tang Youyou before.

At this moment, Ye Feng did not see the change in Nie Qianqian's eyes. Ye Feng just asked: "You suddenly provoked this powerful ancient beast. Did you find some chance? Otherwise? , this ancient beast shouldn't have been chasing you for so long."

Chapter 4617 Already surpassed

After Ye Feng finished speaking, several elders and powerful men from the Demonic Sect present had a wry smile on their faces.

Nie Qianqian had no intention of hiding anything and said directly: "Ye Feng, you guessed it right. Several seniors from the teaching and I discovered a cave that was suspected of hiding ruins under the mountains not far away. We just Entering the cave, we found many ancient magic weapons, but before we could properly search the cave, a terrifying roar came from the depths of the cave, and then, this ancient giant beast ran out. , possesses terrifying power."

Nie Qianqian said at this time, she couldn't help but glance at the corpse of the ancient giant beast not far away, and she was a little scared, but then she thought of this ancient giant beast, which was casually crushed by Ye Feng's Coiling Dragon clone. As he died, there was another wave of wonder in his heart.

Nie Qianqian stared at the young man in white clothes in front of her, with a complex look in her beautiful eyes. It seemed that she had never thought that the young man who still needed her protection back then had grown into such a powerful being.

Even the senior figures from the Demonic Sect beside her looked a little weak in front of Ye Feng.

"Ye Feng, we can go to that cave and take another look. Maybe there is a great opportunity." .??.

Tang Youyou came to Ye Feng's side and said aloud.

She looked at Nie Qianqian in front of Ye Feng and seemed to deliberately move her perfect posture.

When Nie Qianqian saw this scene, she just showed a look of disappointment on her face and didn't say much. She was very sensitive and knew that Tang Youyou was telling her that Ye Feng was closer to her.

But Nie Qianqian then thought about it, she was the first person to know Ye Feng, and her relationship with Ye Feng should be closer.

This aroused Nie Qianqian's competitive spirit. She came directly to Ye Feng's left side. Regardless of the comments of everyone present, she directly stretched out a hand, took Ye Feng's arm, and said in a rather affectionate voice: "Ye Feng Wind, let's go, I'll take you there and we'll discover

In that cave, with a talented person like you, Ye Feng, we will be able to thoroughly search for the chance creation in that cave. "

"Um?"

Seeing Nie Qianqian suddenly become so proactive, a look of astonishment suddenly appeared in Tang Youyou's cold and beautiful eyes. It seemed that she did not expect that Nie Qianqian, a witch from the Demonic Sect, would be so bold and proactive.

But Tang Youyou is the eldest lady of the black market after all. Although she has a good impression of Ye Feng, she can't take the initiative to hold Ye Feng's arm for the time being. At this time, she can only snort and look at Nie Qianqian rather hostilely. After all, nothing more was said.

At this time, Ye Feng did not waste anything and directly released his Devouring Domain, swallowing up all the blood and energy of the ancient giant beast that had been crushed to death by the clone of the ancient Coiling Dragon. .

"boom!"

A very huge amount of energy was directly injected into Ye Feng's body, causing Ye Feng's skill to increase tremendously immediately.

At this time, Ye Feng could feel that his skill had been greatly increased, but it did not directly break through Ye Feng's cultivation realm.

After all, this ancient beast may be a very terrifying beast to Nie Qianqian and the others, but to Ye Feng, it is nothing.

Therefore, after Ye Feng swallowed it, his cultivation level only increased a little, but it did not allow Ye Feng to break through the current first level of Yuanxinjing.

However, the increase in skill has made Ye Feng quite happy.

After all, breakthroughs in the realm of cultivation are usually accumulated over time. Only quantitative changes can lead to breakthroughs.

Cause qualitative change.

Next, under the leadership of Nie Qianqian, the group quickly arrived at the cave that a group of strong men from the Demonic Sect had previously explored.

Ye Feng could see at this time that there was a lot of black light emitting from this cave, which seemed to have a magical nature.

Ye Feng's eyes became slightly serious, he looked at Nie Qianqian beside him, and asked aloud: "When you entered this cave before, did you find that there are some demonic powers with the same attributes as your Demonic Cult in this cave?"

After hearing this, Nie Qianqian thought for a moment and said: "It seems not. When we entered the cave, we only found some ancient magic weapons. Before we could properly explore the cave, we already discovered the ancient giant. The beast is coming towards us."

Hearing what Nie Qianqian said, Ye Feng nodded slightly, thought for a moment, and said aloud: "In that case, the black light emitting from this cave, this kind of power with demonic attributes, should be your It was emitted after entering the cave. Maybe you entered the cave and caused some ancient seals to loosen, so some very terrifying existence sealed in the cave awakened, so this black light was emitted. "

Hearing Ye Feng's analysis, many people present became quite nervous.

Even Tang Youyou, the eldest lady of the black market, couldn't help but said with some uncertainty: "Then we still enter this cave?"

Although Ye Feng's current track-building ability is very powerful, everyone also understands that there are too many terrifying creatures in this small world of ancient ruins.

There are some terrifying creatures that even the top experts from the big forces behind them may not be able to resist.

r\u003e

At this time, Ye Feng smiled slightly and said loudly: "You are already here, of course you have to go in, otherwise, your trip will be in vain."

Nie Qianqian was holding Ye Feng's arm at this moment and said in a very supportive voice: "I will always support Ye Feng in whatever you do."

Hearing what Nie Qianqian said, Ye Feng had a look of surprise in his eyes, as if he was thinking about when Nie Qianqian, the core female disciple of the Demonic Sect, suddenly became so passionate about her.

At this time, Tang Youyou saw this scene and immediately snorted, seeming to be very dissatisfied with Nie Qianqian's enthusiasm and initiative towards Ye Feng, but Tang Youyou couldn't do this himself, so he could only use a cold snort. Express your dissatisfaction.

Ye Feng didn't pay attention to the secret rivalry between the two women.

At this moment, Ye Feng was just concentrating on sensing the danger in the cave.

After a moment, Ye Feng said: "Let's go directly into it, but let me stand in front. In this way, if we really encounter any huge risks, my Coiling Dragon clone can instantly withstand those terrible dangers. Protect everyone."

Hearing what Ye Feng said, everyone nodded.

At this time, even the group of senior experts from the black market next to Tang Youyou, or the group of senior experts from the Demonic Sect next to Nie Qianqian, no longer tried to be brave and wanted to lead the battle, but stood on both sides of Ye Feng. A little further back.

After all, at this time, Ye Feng should be the strongest among everyone.

Although Ye Feng's cultivation realm is one or two realms lower than those of these elders, Ye Feng's comprehensive combat power, as well as various methods such as the Panlong clone, have surpassed these elders in overall strength. .

Chapter 4618 Rampage

Uh-huh!

To be on the safe side, Ye Feng directly released the Coiling Dragon clone that he had refined before from the storage ring and placed it in front of him.

The majestic and boundless Coiling Dragon avatar has an extremely terrifying visual impact. The scales on its body seem to be made of pure gold, giving people a very shocking feeling.

At this time, Ye Feng released the towering golden dragon, the Panlong clone, and placed it at the front to lead the attack.

The moment Panlong's clone appeared, everyone present felt an inexplicable sense of security for no reason.

It seems that with the presence of such a majestic golden dragon, Panlong Clone, everyone feels a lot safer.

At this moment, Ye Feng did not hesitate and started to move quickly towards the deep area of the cave.

Along the way, everyone did see many ancient magic weapons scattered on the ground, but most of the magic weapons had been damaged. It seemed that a very terrible battle had been encountered here, and many magic weapons were destroyed during the battle. It was smashed directly, but a lot of intact magic weapons were left behind. These things were naturally divided equally among everyone.

Ye Feng is actually not very interested in these things, because they are all very common and ordinary magic weapons, which are nothing to Ye Feng's current level. ??

At this time, Ye Feng just exuded his huge soul power and wanted to explore other good things around him.

Boom!

Suddenly at this moment, when everyone came to the middle area deep in the cave, the surrounding walls suddenly cracked open.

The next moment, to everyone's horror, sinister white skeletons rushed out from inside the wall and attacked everyone.

"These are skeleton warriors!"

Seeing these white bones and skeletons rushing out from the inside of the wall, an elder from the Demonic Sect couldn't help but said in shock: "So many skeleton warriors can be born here. Is it possible that in this mountain? Was it a place where corpses were buried? Or was it a place where corpses were raised?"

"A place to raise corpses?"

At this time, hearing this senior member of the Demonic Sect say this, everyone present could not help but show a trace of surprise and nervousness in their eyes.

After all, if a place becomes a place to raise corpses, it will definitely be a very strange place. It is very likely that very powerful zombies will be born, and even the terrifying creatures of the underworld will be born. They are even weirder than these skeleton warriors that just appeared. How many times.

So at this time, everyone felt like retreating.

God knows what other weird underworld creatures are hiding in the deep areas of this cave?

But Ye Feng's eyes were very firm at this moment and he said: "Attack directly!"

Boom!

At this moment, the Coiling Dragon clone next to Ye Feng immediately stretched out two huge golden dragon claws, possessing terrifying power and destructive power, and instantly attacked the group of skeleton warriors rushing forward. And go.

Boom!

The huge golden dragon claws, with the power to destroy almost everything, attacked these little skeleton warriors.

At that time, the skeletons of the skeleton warriors were directly blown to pieces.

It has to be said that when the majestic golden dragon, which is more than 100,000 meters tall, attacks these small skeleton warriors, it is like a dimensionality reduction attack, and it is not an existence of the same size at all.

Therefore, these skeleton warriors seemed to be densely packed together, very strange and terrifying, but under the attack of the Coiling Dragon clone, they were all crushed to pieces.

And at the moment when these skeleton warriors were broken, cores of bright light suddenly fell out from the skeletons of each skeleton warrior.

These are all the core of the underworld energy condensed by the skeleton warriors. Normal people have no way to use these things, but Ye Feng's eyes lit up, and he reached out directly to grab the fallen ones from the skeleton warriors. All the falling cores of underworld energy were sucked into the palm of his hand.

At this moment, Ye Feng directly activated the Devouring Domain and began to devour the underworld energy contained in the cores of these skeleton warriors.

These things allowed Ye Feng's skill to increase again. Coupled with the blood energy of the ancient beast that Ye Feng had absorbed before, Ye Feng's cultivation suddenly broke through at this moment, directly breaking through to the second level of Yuanxinjing. , which made Ye Feng's eyes suddenly show a look of satisfaction.

At this moment, all the skeleton warriors were crushed by the Panlong clones.

Everyone was very shocked when they saw this scene.

Whether it was Nie Qianqian, Tang Youyou, or a group of senior experts, they all looked at the young man in white with deep amazement in their eyes.

At this moment, Ye Feng, standing on top of the Coiling Dragon clone, looked like the legendary Dragon God Knight, controlling the most powerful dragon clan in the world, capable of crushing everything.

Everyone was originally very afraid of this kind of corpse-raising place, but now that they saw the brave Coiling Dragon clone next to Ye Feng, it gave everyone an absolute sense of security, and everyone was not as afraid as before.

At this time, Ye Feng was quite happy. He did not expect that the skeletons of these skeleton warriors would also condense this kind of core, which contained very advanced and huge underworld energy, which could greatly increase his cultivation skills. .

At this time, Ye Feng became more and more interested in this so-called place for raising corpses, and he said directly: "Let's move on."

After finishing speaking, Ye Feng drove the Coiling Dragon clone and continued to rampage deep in the cave.

And everyone who followed Ye Feng couldn't help but look at Ye Feng's ferocious look with deep astonishment in their eyes.

An old strong man from the Demonic Sect couldn't help but smile bitterly, shook his head, and said loudly: "Even if we old-timers are walking in this corpse-raising place, we must always pay attention to the dangers around us, because there are many dangers around us. He may be attacked by very weird underworld creatures, but little friend Ye Feng is so rampant and gives people a very stable sense of security, which really makes us older people feel very amazed. "

At this time, when everyone heard what this old and powerful man from the Demonic Sect said, they all nodded, obviously agreeing with what this old and powerful man from the Demonic Sect said, because Ye Feng is indeed too powerful now, and he has a lot of potential. With the help of

such a heaven-defying existence as the dragon clone, it is natural for gods to block gods and kill gods, and demons to block demons! Uh-huh!

To be on the safe side, Ye Feng directly released the Coiling Dragon clone that he had refined before from the storage ring and placed it in front of him.

The majestic and boundless Coiling Dragon avatar has an extremely terrifying visual impact. The scales on its body seem to be made of pure gold, giving people a very shocking feeling.

At this time, Ye Feng released the towering golden dragon, the Panlong clone, and placed it at the front to lead the attack.

The moment Panlong's clone appeared, everyone present felt an inexplicable sense of security for no reason.

It seems that with the presence of such a majestic golden dragon, Panlong Clone, everyone feels a lot safer.

At this moment, Ye Feng did not hesitate and started to move quickly towards the deep area of the cave.

Along the way, everyone did see many ancient magic weapons scattered on the ground, but most of the magic weapons had been damaged. It seemed that a very terrible battle had been encountered here, and many magic weapons were destroyed during the battle. It was smashed directly, but a lot of intact magic weapons were left behind. These things were naturally divided equally among everyone.

Ye Feng is actually not very interested in these things, because they are all very common and ordinary magic weapons, which are nothing to Ye Feng's current level.

At this time, Ye Feng just exuded his huge soul power and wanted to explore other good things around him.

Boom!

Suddenly at this moment, when everyone came to the middle area deep in the cave, the surrounding walls suddenly cracked open.

An old strong man from the Demonic Sect couldn't help but smile bitterly, shook his head, and said loudly: "Even if we old-timers are walking in this corpse-raising place, we must always pay attention to the dangers around us, because there are many dangers around us. He may be attacked by very weird underworld creatures, but little friend Ye Feng is so rampant and gives people a very stable sense of security, which really makes us older people feel very amazed. "

At this time, when everyone heard what this old and powerful man from the Demonic Sect said, they all nodded, obviously agreeing with what this old and powerful man from the Demonic Sect said, because Ye Feng is indeed too powerful now, and he has a lot of potential. With the help of such a heaven-defying existence as the dragon clone, it is natural for gods to block gods and kill gods, and demons to block demons!

Chapter 4619 It's not that simple

Boom!

At this moment, Ye Feng was simply extremely ferocious. He was standing on top of the Coiling Dragon clone, driving this huge golden dragon, rampaging through the entire interior space of the cave, almost unstoppable.

Whether it is the large group of skeleton warriors that just appeared or any weird creatures that may appear next, there is simply no resistance in front of Ye Feng's combination. They are directly hit by the golden dragon under Ye Feng's feet. Crushed to pieces.

Everyone following Ye Feng felt an ultimate sense of security.

Because Ye Feng's acting style and fighting ability really make people feel reliable.

Boom!

Finally, with the rampage, they reached the deepest area of the cave.

At this moment, everyone immediately saw that on the ground in front of them, there was a huge coffin that looked like it was made of bronze.

At this time, everyone immediately saw that inside the bronze coffin, there was a tall, middle-aged man wearing golden armor lying.

This tall, middle-aged man wearing golden armor was obviously a strong man from ancient times, and he was probably a decisive and decisive general back then. After all, he was wearing golden armor and looked mighty.

However, it seems that someone was specially buried here, and the endless breath of the underworld in the entire mountain seems to be constantly nourishing the body of this tall, middle-aged man wearing golden armor.

At this time, many people could see that the skin of the tall middle-aged man lying in the coffin was dark blue under the golden armor. What was strange was that the skin of the tall middle-aged man was dark blue. Black scales actually grew out, and each scale shone with a cold metallic luster, giving the impression that this tall middle-aged man was about to become a monster that was neither human nor demonic.

Seeing this scene at this moment, an older figure from the Demonic Sect seemed to have a lot of research on this aspect. He immediately said: "This man is wearing golden armor."

I feel like the tall middle-aged man A is about to transform into the legendary zombie king. You can see that his skin is beginning to grow special zombie scales. "

"Zombie King?"

At this moment, hearing this senior member of the Demonic Sect say this, everyone present could not help but show a hint of nervousness in their eyes.

Because they all know very well that this kind of zombie king with zombie scales is simply invulnerable to lightning and is very terrifying.

But at this time, Ye Feng stood above the head of Panlong's clone. His eyes did not show much fear. Instead, with a hint of eagerness, he rushed forward and wanted to take the storage ring next to the coffin. Take it away.

The first thing everyone saw was probably this tall, strange, middle-aged man lying in the coffin.

But the first thing Ye Feng saw was an ancient storage ring placed next to the bronze coffin.

It should be that all the wealth left by this tall middle-aged man before his death was included.

Ye Feng guessed that someone had specially crafted such a corpse raising place in this mountain in order to resurrect this tall middle-aged man wearing golden armor.

Therefore, the person who created this place for raising corpses even placed the storage ring of this tall, middle-aged man in golden armor next to his coffin before leaving, as if waiting for this tall, middle-aged man. Man's own awakening.

But at this time, Ye Feng didn't care about so much. He just wanted to get the ancient storage ring and rushed forward without caring about any taboos.

Seeing this scene, everyone behind them couldn't help but sweat for Ye Feng.

Although they are all

Knowing that Ye Feng is now extremely powerful and has the help of the Coiling Dragon clone, but this kind of zombie king covered with zombie scales, once he wakes up, it will be extremely terrifying. Even if Ye Feng has many methods now, and there are still Coiling Dragon clones, It may not be able to fight against such a terrifying zombie king.

But now that Ye Fengchong has already rushed over, everyone can't do anything to stop him. They can only fly in the direction of Ye Feng.

If this zombie king really wakes up, everyone can still give Ye Feng some auxiliary attacks by the side.

And sure enough, as everyone expected, when Ye Feng had just approached the area where the bronze coffin was, the tall middle-aged man lying in the coffin suddenly opened his eyes, and both of his eyes were filled with tears. There was a green light coming out.

Obviously, this tall middle-aged man wearing golden armor has now completely woken up, and was awakened by the approach of Ye Feng and others.

At this time, an older and powerful member of the Demonic Sect immediately couldn't help but remind him: "Everyone, be careful! This zombie king has completely awakened!"

Everyone's eyes immediately fell on the bronze coffin.

Uh-huh!

Almost at the next moment, this tall, middle-aged man wearing blue armor stood up from the coffin.

His entire skin was covered in black and green, and the surface was covered with dense black scales. It was obvious that he had completely become a zombie king.

At this moment, the first person this zombie king wanted to attack was Ye Feng, who was the first to rush over.

Uh-huh!

The next moment, the Zombie King rushed out of the bronze coffin and charged towards Ye Feng, who was standing above the Panlong clone. He wanted to kill Ye Feng first.

At this moment, Ye Feng directly let the Panlong clone stand in front of him, and collided fiercely with the zombie king.

boom! !

Accompanied by a

There was a huge roar, and what surprised Ye Feng was that the zombie king's palms covered with black scales actually blocked the golden dragon claws of the Coiling Dragon clone on the spot.

The two are evenly matched.

"What?"

Seeing this scene, everyone's eyes suddenly widened. It seemed that they had never imagined that this zombie king had such terrifying power that even the Coiling Dragon clone could block it in an instant.

Uh-huh!

At this moment, Ye Feng did not hesitate at all. He jumped directly from the top of the Panlong clone's head, flew into the air, and then instantly activated the powerful magic weapon he had obtained before, the Ice Emperor Mirror.

Buzz!

A mirror flew out from Ye Feng's body and floated above Ye Feng's head.

A terrifying cold air suddenly blasted out from the mirror, attacking directly in front of the Zombie King, freezing the Zombie King in a sheet of ice and freezing it into an ice sculpture on the spot.

This is a new tactic that Ye Feng has recently explored, which is to use the Coiling Dragon clone to entangle the enemy, and then use a powerful ice attribute magic weapon such as the Ice Emperor's Mirror to carry out long-range attacks. In this way, he can attack from a distance. Kill the enemy without taking any damage.

"Is this zombie king frozen to death?"

At this moment, Nie Qianqian couldn't help but say something out loud.

However, an elder figure from the Demonic Sect next to him looked at the zombie king who was frozen into an ice sculpture very solemnly, and said slowly: "It's not that simple."

Click! Click!

And sure enough, the moment this senior figure from the Demonic Cult finished speaking, cracks appeared on the ice sculpture on the surface of the Zombie King, and it seemed that it would completely shatter in the next moment.

Obviously, the cold air in the Ice Emperor's Mirror did not freeze the Zombie King to death, and the Zombie King will soon escape from the trap.

Chapter 4620 Extremely abundant

I saw cracks appearing in the ice on the surface of the ice sculpture, and the zombie king was about to escape.

There was no panic in Ye Feng's eyes.

Because Ye Feng also knows that his set of tactics may cause huge damage to ordinary strong men, but for such a tall middle-aged man who has become a zombie king, the damage is not likely to be that great.

After all, the skin of this tall middle-aged man is covered with dense zombie king scales. Therefore, this zombie king level creature is extremely terrifying, has no sense of pain, and is difficult to hurt him.

So at this time, Ye Feng didn't think that he could kill the zombie king with just one attack. Ye Feng just wanted to slow down the zombie king. In this case, Ye Feng would have enough opportunities to use his other skills. means.

At this moment, he saw that the cold air released by the Ice Emperor Mirror made the zombie king fall into a slow rhythm. Ye Feng immediately without any hesitation, seized this opportunity and rushed directly in front of the zombie king.

Uh-huh!

Then the God's Ring on Ye Feng's finger directly turned into the God's Sword. .??.

Ye Feng held the God's Sword in his hand and stabbed the zombie king above his head fiercely.

"Pfft!"

Almost at this moment, the Sword of the Gods still did not disappoint Ye Feng. The extremely sharp sword tip pierced directly into the head of the Zombie King, penetrating his skull and piercing his throat. .

"ah!!"

At this moment, even if the zombie king didn't feel any pain, he was completely angered by Ye Feng's sword of heaven that suddenly penetrated his head.

He let out a ferocious roar, but he did not die. Instead, he stretched out two zombie palms covered with dense scales and tore towards Ye Feng fiercely, trying to tear Ye Feng into pieces. .

But at this moment, Ye Feng simply

Instead of retreating, he chose to directly release the Heaven's Gate, which has a natural suppressive power against such evil creatures.

The Gate of Heaven is the legendary treasure of the Lord of Heaven. It contains extremely advanced power of light and can suppress any dark and evil creatures in the world.

At this moment, a huge portal bursting with bright light suddenly appeared above Ye Feng's head, which was the Gate of Heaven.

Buzz!

At this time, the Gate of Heaven emitted a bright white divine light, which suddenly shone on the zombie king in front of him.

The Zombie King's head had just been penetrated by Ye Feng with the Sword of the Gods, and he had suffered huge damage. Now the white divine light erupting from the Gate of Heaven shines on the Zombie King, making this Zombie King even more... The entire surface of the body was corroded by the power of light.

At this moment, the Zombie King immediately covered his head in pain and lay on the ground. He could not stand up because the Gate of Heaven was suppressing him very hard now.

Uh-huh!

At this moment, Ye Feng rushed forward without any hesitation. He held the sword of the gods in his hand. It was extremely sharp and cut off the head of the zombie king, killing him instantly.

It has to be said that this zombie king is quite unlucky. Originally, he was a very terrifying peerless strongman. The zombie king was formed in the place where corpses are raised. However, he encountered the extremely evil Ye Feng and was finally killed. Ye Feng was completely suppressed and killed.

But at this moment, when they saw that Ye Feng actually killed all the zombie kings, everyone watching from behind suddenly widened their eyes, with deep shock in their eyes.

Because they never thought that Ye Feng would actually

You can kill this terrifying zombie king by yourself.

Just now they were worried that Ye Feng might be killed by this zombie king, but now it seems that they are really worrying too much. They don't even need to help Ye Feng to assist in the attack. Ye Feng alone can deal with such a terrifying zombie king.

An older figure in the black market couldn't help but exclaimed in admiration: "If I were to face this zombie king alone, I would definitely be killed by this zombie king without using a hundred moves. But I didn't expect that Ye Feng Xiaoyou has so many tricks up his sleeve that he managed to kill this zombie king all by himself. It's really shocking and stunning!"

At this moment, everyone was deeply shocked by Ye Feng's strength. Even the older people were full of praise for Ye Feng and attached great importance to the young man Ye Feng.

At this moment, Ye Feng found a fist-sized core from the zombie king's body.

This core is the same as the core that fell from the skeleton warrior before. It exudes a faint green light and contains very advanced underworld energy.

However, the underworld core that fell from the zombie king's body was dozens of times larger than the cores of those skeleton warriors, so this also means that the fist-sized core that Ye Feng obtained at this time was The energy stored is dozens of times the energy reserve of the previous skeleton warrior's core energy.

At this time, Ye Feng naturally did not hesitate and immediately started to devour this huge zombie core.

"Rumble..." ???

At this moment, Ye Feng's guess was correct. The core of the Zombie King was indeed extremely powerful. After Ye Feng devoured it, he immediately felt waves of terrifying energy, which was immediately injected into his Dantian.

Although such an energy is the energy of the underworld,

It was very weird and cold, but Ye Feng's physique could contain thousands of attribute energies in the world, so after Ye Feng swallowed it, there was no problem at all, and the cultivation aura on his body immediately began to grow rapidly and continuously.

When a group of people around saw Ye Feng swallowing the core of the Zombie King directly, their eyes suddenly revealed a hint of horror.

An elder figure from the Demonic Sect couldn't help but smiled bitterly, shook his head, and said loudly: "Young friend Ye Feng's inheritance and his physique are really incredible. They are higher than many of our Demonic Cult members." The inheritance is much more domineering and magical. Even some top powerhouses may not dare to swallow the core of this zombie king directly. Even if it is refined into some special elixirs, they must be swallowed carefully, and Supplementing various masculine materials to neutralize the underworld energy in this core can absorb and utilize the power of the Zombie King. But I didn't expect that little friend Ye Feng didn't need to be so complicated at all. He could just swallow it directly. It's incredible! "

And just when the old strong man of the Demonic Sect was shocked, after Ye Feng absorbed the core energy of the entire Zombie King, the aura of his cultivation suddenly broke through the two heavens.

Directly breaking through from the second level of Yuanxinjing to the fourth level of Yuanxinjing was a huge surprise for Ye Feng.

"It is indeed the core of a zombie king. It is indeed full of energy."

Ye Feng couldn't help but admire him at this time.

Then Ye Feng quickly flew towards the storage ring next to the bronze coffin, which must contain the huge wealth left by the zombie king during his lifetime.

I don't know who, with such evil intentions, created such a place for raising corpses here and cultivated such a ferocious zombie king.

If Ye Feng hadn't happened to pass by here and solved this disaster, when the zombie king completely wakes up, it would bring disaster to the world and cause disaster to all living beings.
