

Ancient 4621

Chapter 4621 My name is Xiaobei

At this time, Ye Feng did not hesitate. He directly picked up the storage ring on the ground and opened the storage ring.

Ye Feng immediately saw that this storage ring space contained many rich cultivation resources.

In addition to some ancient crystal stones, there are also some inherited books that existed in ancient times, as well as some armor weapons.

Of course, there are also some resources that even Ye Feng doesn't know much about.

Ye Feng took out all these things and prepared to share them with everyone.

After all, this place can be regarded as a place discovered by Nie Qianqian and a group of senior strong men from the Demonic Sect, so it is appropriate to share it with them.

Moreover, the core of this Zombie King, which is the greatest good thing, has been devoured by Ye Feng.

Therefore, it is best to share the cultivation resources in this storage ring with others.

At this moment, seeing Ye Feng sharing his wealth with everyone, a group of friends, including Tang Youyou and Nie Qianqian, all had deep surprises in their eyes. They seemed not to have thought that Ye Feng could actually do this. a little.

After all, they knew very well that if Ye Feng wanted to monopolize all the resources now, others would not dare to say anything. After all, the opponent was too powerful now.

But Ye Feng still chose to share his cultivation resources with everyone, which made everyone look high on Ye Feng and felt that Ye Feng was a well-organized person.

At this moment, a group of senior figures from the Demonic Sect began to allocate training resources.

Ye Feng, on the other hand, directly obtained the resources he needed to improve his cultivation skills.

Ye Feng gave other things directly to them to share.

Then Ye Feng directly began to devour the training resources he had obtained that could improve his cultivation skills.

For example, some energy crystals from ancient times can

In order to let Ye Feng absorb the very majestic energy and use it to improve his own skills.

At this moment, Ye Feng immediately felt that his skill had increased again.

Boom!

Ye Feng's body once again burst out with an extremely powerful momentum at this moment.

Ye Feng's cultivation level once again broke through, from the fourth level of Yuanxin Realm to the fifth level of Yuanxin Realm!

After Ye Feng broke through at this time, he could immediately feel that his skill had been greatly improved.

At this time, Ye Feng saw that everyone else had allocated all their training resources and was about to leave.

But suddenly at this time, Ye Feng turned around fiercely, looked in a certain direction of the cave, and said loudly: "I didn't expect that you have been hiding for so long, but now you are still discovered by me. Do you want me to directly Find you out, or come out to see me? "

"what's the situation?"

Ye Feng said this suddenly, causing everyone present to become silent instantly.

Everyone looked in the direction Ye Feng was looking.

They saw that the direction Ye Feng was looking at was a wall of the cave with nothing on it.

Everyone was very confused as to why Ye Feng suddenly said such words.

Tang Youyou came to Ye Feng's side at this time and couldn't help but asked: "Ye Feng, what did you find?"

At this moment, Ye Feng looked at the wall not far away and said with a smile: "There is a mysterious existence that has been hiding here. He watched the whole process just now, but he did not come out. Maybe it was

Afraid of the methods I just used, otherwise, he would probably have come out to help the zombie king long ago. "

Hearing what Ye Feng said, everyone present couldn't help but show surprise in their eyes.

An old black market expert next to Tang Youyou couldn't help but said: "Young friend Ye Feng, do you mean that this mysterious existence hidden in the wall is in the same group as the Zombie King?"

Ye Feng smiled and said: "Yes, the mysterious existence hidden in the wall now, if my guess is correct, should be the mastermind behind the creation of this corpse-raising place. I guess he wants to A zombie king was cultivated here and then went out to do evil. Unfortunately, we encountered him and disrupted his plan. "

When he said this, Ye Feng's eyes immediately burst out with two rays of soul light, staring at the wall not far away, and said loudly: "Aren't you coming out yet? Do you really want me to invite you out? If you let me invite you, If you come out, I won't be so polite."

And the moment Ye Feng finished speaking, a burst of space fluctuations suddenly appeared on that wall.

Buzz!

Then a small figure wrapped in a green robe emerged from the wall.

This figure looks very small, and is wrapped in a green robe.

At this time, Ye Feng stared at the little figure wearing a green robe, smiled and said: "You should have arranged this place for raising corpses, right?"

The little figure in green robe nodded, and then said: "But this zombie king was not cultivated by me. I had already discovered this corpse when I came here. After absorbing the energy of the yin energy of heaven and earth, He is about to become the zombie king. I arranged this corpse-raising place to only facilitate this process.

."

"Is it a little girl's voice?"

At this time, everyone heard the voice of this little figure wearing a green robe, and their eyes showed deep surprise.

Then they saw this little figure wearing a green robe, lifting the hood on his head, revealing the face of a very delicate little girl, who looked very pure and flawless.

But at this time, the eyes of this little girl wearing a green robe were emitting a strange green light, giving people an evil feeling.

Everyone immediately understood that this was definitely not an ordinary little girl, but most likely some kind of very scary creature that had transformed into the image of a little girl.

At this moment, Tang Youyou immediately whispered to Ye Feng: "Ye Feng, be careful. I feel that this little girl is very evil."

Ye Feng nodded slightly, smiled and said, "Since I can discover her disguise, I won't be confused by her various illusions."

When he said this, Ye Feng looked at the little girl wearing a green robe.

Ye Feng knows very well that this little girl is definitely not an ordinary person. The fact that she can know such a special ability and method of arranging a place for raising corpses is enough to show that this little girl is a very strange existence.

At this time, Ye Feng was thinking about how to deal with this little girl who looked very strange.

But just when Ye Feng was thinking, this little girl in a green robe suddenly said privately in Ye Feng's mind: "My name is Xiaobei, I have no hostility towards you, and I am not someone who confuses the world." Monster, I just got lost in this little interface and can't find my way home. Can you help me find my way home? I can do anything to repay you."

Chapter 4622 Habitat

This girl named Xiaobei sent a private message to Ye Feng in Ye Feng's mind. No one else present could hear it. Only Ye Feng heard this message.

But at this time, Ye Feng's eyes showed some hesitation.

Because Ye Feng is very clear about the existence of a place where corpses can be arranged. Even though this girl seems to be very innocent and flawless, Ye Feng also knows that this must be a girl with an extraordinary status, and her methods are extremely weird. Able to cultivate the legendary zombie king.

However, Ye Feng also knows that this kind of person, if used properly, can also bring him considerable benefits. .??.

After all, Ye Feng might not be able to achieve some of this little girl's abilities.

So at this time, Ye Feng thought for a while, and then said slowly: "Okay, I can promise you to follow me for the time being. You help me do things, and I will help you find your way home."

After finishing speaking, the little girl seemed to have a hint of joy in her eyes. She quickly flew to Ye Feng's side, then stretched out her little hand, took Ye Feng's palm, and said loudly: " Then we are partners now."

Seeing what Xiao Bei said, Ye Feng immediately showed a look of surprise in his eyes, as if he didn't expect this little girl to be so familiar.

But it doesn't matter to Ye Feng. Anyway, Ye Feng feels that he can completely suppress this Xiao Bei.

After all, although this Xiao Bei has very weird abilities, Ye Feng is also a powerful soul master, and is not afraid of any conspiracy this Xiao Bei has. However, the conspiracy theories, Ye Feng and these are just his own guesses. Maybe the other party is really very sincere. Be by your side.

But at this moment, I saw Xiao Bei, following directly beside Ye Feng, and seemed to be very close to Ye Feng. Everyone around him suddenly showed deep astonishment in their eyes.

Didn't seem to think of it

Such a weird little girl who can arrange a place to raise corpses, Ye Feng actually wants to become her partner.

At this moment, Tang Youyou couldn't help but came to Ye Feng's side and said loudly: "Ye Feng, you have to think about it again, this little girl is really weird."

Ye Feng smiled slightly and said aloud: "Don't worry, if she wants to make any conspiracy, it will have no effect or meaning to me. My soul power is much stronger than hers."

In fact, the reason why Ye Feng is willing to let Xiao Bei follow him is mainly because the other party has very mysterious abilities and may be able to help him in the future. This will also be of great benefit to the improvement of his overall strength.

After all, sometimes having a reliable partner by your side is indeed very helpful, and it is much better than sometimes fighting alone.

So at this time, Ye Feng chose to make this strange girl with a mysterious identity suddenly appear as his partner.

Of course, Ye Feng would have to investigate for a while before he would eliminate his guard against her.

At this moment, seeing that Ye Feng had already decided to make Xiao Bei his partner, no one said anything more. After all, this was Ye Feng's own decision.

Tang Youyou did the same and didn't offer any more advice, but she also knew that Ye Feng had his own plans.

Next, everyone was ready to leave here directly.

But at this moment, the little girl Xiaobei wearing a green robe suddenly said: "Ye Feng, under this mountain, there is a natural underworld spiritual vein. Maybe you are very interested."

"Um?"

Hearing what Xiao Bei said, Ye Feng's eyes suddenly lit up, and then he couldn't help but said: "Is there a spiritual vein from the underworld buried under this mountain?"

Xiao Bei immediately nodded and said: "Otherwise, a zombie king would not be born here. This underworld spiritual vein actually does not contain much energy. After you swallowed it, Ye Feng, there will be no If it has too big an effect, it will only increase your cultivation level by one or two heavens at most."

Hearing what Xiaobei said, Ye Feng couldn't help but ask: "What do you mean?"

At this time, Xiao Bei had an embarrassed smile on his face, and then said aloud: "Ye Feng, can you dig out this spiritual vein from the underworld, and then put it into your mind, so that I can enter you?" In my mind, I want to survive in this underworld spiritual vein. If I want to continuously restore my strength, I must absorb the breath of this underworld spiritual vein. Otherwise, my vitality will continue to wither. This is why I have been withering for so many years. They are all living in seclusion in this mountain."

Hearing what this mysterious girl Xiaobei said, Ye Feng's eyes suddenly showed surprise. It seemed that he did not expect that such a girl would need to absorb the breath of the underworld from the underworld's spiritual veins to gain vitality.

This caused Ye Feng to speculate a lot about the true identity of this mysterious little girl.

This mysterious girl is definitely an extremely mysterious existence.

Ye Feng couldn't help but ask in his mind: "Emperor Chu, what kind of identity do you think this Xiaobei is."

Emperor Chu was silent for a moment, and then slowly said aloud in his mind: "I'm not sure for the moment, but what is certain is that her identity is very unusual. She may come from a higher cultivation dimension, because her life

The level, I just casually explored, is very mysterious and hazy, and contains a very noble aura. "

Hearing what Emperor Chu said, Ye Feng immediately felt at ease. It seemed that it was very promising for Xiao Bei to follow him and become his helper.

"boom!"

At this moment, Ye Feng immediately nodded, and directly let the Panlong clone, stretched out two golden dragon claws that covered the sky, quickly emptied the entire mountain, and finally grabbed it from the ground. An underworld spiritual vein emerged covering several kilometers.

This spiritual vein exudes a faint green light and has an aura of the underworld, which is different from ordinary spiritual veins, but Ye Feng can completely accommodate this kind of power.

Uh-huh!

So at this moment, Ye Feng directly took this underworld spiritual vein into his mind.

Then the mysterious girl Xiaobei turned into a ray of light and entered Ye Feng's mind space.

When Xiaobei entered Ye Feng's mind space, he landed directly on the spiritual veins of the underworld, treating this place as his own habitat.

However, Xiao Bei glanced at the red giant floating in another direction in Ye Feng's mind, and a hint of surprise suddenly appeared in her eyes, but she didn't ask any more questions or explore more.

Seeing this scene, Ye Feng immediately understood that Xiao Bei's identity was indeed mysterious, and she was not even afraid of Emperor Chu in her mind.

And when Ye Feng was thinking about it, Tang Youyou beside him said aloud: "Now that everything here has been completed, let's leave here and go find the Seventh Prince. We should also leave this ancient ruins. world."

Chapter 4623 Magical Ability

Ye Feng couldn't help but asked at this time: "How should we contact the Seventh Prince? After all, I don't have his exclusive messenger token with me. I forgot to get it from him. Otherwise, now I can contact the Seventh Prince instantly. Prince."

When Tang Youyou heard what Ye Feng said, she glanced at Nie Qianqian beside her and said, "Nie Qianqian has always worked for the Seventh Prince, so Nie Qianqian should have the means to contact the Seventh Prince instantly."

Sure enough, when Nie Qianqian saw everyone's eyes, she smiled slightly and said loudly: "Don't worry, I have always been in contact with the Seventh Prince, but he has not responded to me in the past few days. I don't know what happened. But I still have a special guidance token that can lead us."

After finishing speaking, Nie Qianqian took out an jade token from her storage ring.

Then Nie Qianqian directly input some of her mana into the jade token.

Uh-huh!

The next moment, the emerald token automatically flew into the air, and then flew quickly in a certain direction.

Seeing this scene, Nie Qianqian immediately said: "We just need to follow this token. This token will guide us to the current location of the Seventh Prince."

Everyone nodded, and then followed the emerald token and flew quickly in a certain direction in this small world of ancient ruins.

While chasing this jade token, Ye Feng asked aloud in his mind: "Xiao Bei, can you tell me where you are from now?"

Xiaobei shook his head at this time and said aloud: "I don't remember where I come from."

"What?"

Hearing what Xiaobei said, Ye Feng suddenly had a look of astonishment in his eyes, and couldn't help but said aloud in his mind: "You don't even remember where you come from, how do you want me to help you find your way home?" ?"

Xiaobei smiled slightly, with a hint of gentleness on his face.

Smiling, he said aloud: "As long as my strength can continue to recover, my memory can also continue to recover. When the time comes, I will remember where my home is, and then Ye Feng, you can send me back. By then I will definitely I will let my family repay you well."

Hearing what Xiaobei said, Ye Feng immediately shook his head helplessly. He originally thought he had found a very powerful partner, but now it seems that this is actually a lost little girl who has lost her memory. It seems that she has no idea about herself. I don't know much about his abilities.

However, Ye Feng was prepared to ask.

At this time, Ye Feng continued to ask aloud in his mind: "Xiao Bei, what abilities do you have now?"

Xiaobei thought for a moment, and then said aloud in his mind: "My current ability is to use some very special powers between heaven and earth. For example, the corpse raising place I created is not something I know how to arrange. The specific place to raise corpses is that I can use various mysterious powers in the world to automatically form an auxiliary formation for what I want to do.

For example, I want to cultivate the zombie king quickly so that By shaping it, I can mobilize all kinds of mysterious powers in the surrounding heaven and earth to form a heaven and earth formation that can help the zombie king grow, which is what you call the place where corpses are raised. "

At this moment, hearing what Xiaobei said in his mind, Ye Feng's eyes showed deep surprise. He didn't expect that Xiaobei had such a magical ability and could mobilize all kinds of energy in the world at will. , forming various heaven and earth formations that are helpful for what she wants to do.

This ability is really too magical.

Even though Ye Feng was a soul master, he was still shocked by Xiaobei's magical ability.

This represents the arbitrary control of the energy of heaven and earth!

At this time, Ye Feng couldn't help but said: "Is this your talent?"

Xiaobei nodded and said, "I was born with this. Although many of my memories have faded, I know this ability subconsciously. It should be my talent."

At this moment, even the Emperor Chu in his mind fell silent slightly and said nothing more.

Ye Feng nodded slightly at this time and didn't ask any more questions.

At this moment, the jade token flying ahead had stopped in front of a huge palace.

This palace seems to be the largest palace among the surrounding ancient ruins.

Seeing this scene, Nie Qianqian couldn't help but said loudly from the front: "The Seventh Prince and a group of senior powerful people in the royal family should be in this hall, and the Emerald Token guided them here."

Tang Youyou nodded and said aloud: "Then let's go in quickly to find the Seventh Prince. I want to gather the entire team together quickly and leave this small world of ancient ruins. I am a little

worried about the powerful practitioners in the Southern Barbarian Land. , are attacking the core powerhouses of our black market who are guarding the entrance to this small world of ancient ruins."

Hearing what Tang Youyou said, Nie Qianqian nodded immediately, and then led a group of elders from the Demonic Sect into the magnificent hall in front of her.

Ye Feng, Tang Youyou and a group of senior experts from the black market also quickly followed.

"That is....."

When everyone arrived at this majestic hall, they immediately saw a shocking scene.

I saw that the seventh prince was tied to an altar in the middle of the hall by dry-looking branches.

And a group of other powerful elders from the royal family were also tightly tied to this altar with these dry branches.

\u003e They all closed their eyes, their faces were pale and without any color, and they seemed to have fallen into a deep sleep.

At this moment, in this altar, a slowly beating heart is actually absorbing the power of everyone.

Seeing this scene, Nie Qianqian's eyes were suddenly startled, and she couldn't help but said: "No wonder I have sent messages to the seventh prince in the past few days, but he has not responded. It turns out that they have been forcibly tied up here and fell into a deep sleep. "

Ye Feng frowned and said aloud: "I can sense that their life breath is very weak."

After finishing speaking, everyone came directly to the altar.

But not before they could rescue the Seventh Prince and others.

Swish, swish, swish!

Dry branches suddenly protruded from the ground around the altar and flew quickly towards the crowd, forming a dragnet that seemed to surround everyone who was approaching.

boom!

Tang Youyou immediately took out a red long sword and slashed forward.

when!

But the moment her long sword touched these dry branches, it made a sound like a metallic roar.

The crimson flying sword in her hand was obviously very advanced, but it was unable to harm these dry branches at all.

"Um?"

Seeing this scene, everyone immediately understood that the seventh prince and a group of senior royal family members were trapped here. Apparently they were unable to resist these dry branches that looked like they were made of divine iron, and they were all trapped around the altar.

Tang Youyou immediately said with a rather ugly face: "The beating heart in this altar should be some kind of very weird existence that wants to absorb the vitality of all the creatures around it and use it to resurrect it. Own!"

Chapter 4624 Don't touch it

Swish, swish, swish!

Swish, swish, swish!

Each branch looks like it is made of the strongest metal in the world, very strong.

Even the red flying sword in the hands of Tang Youyou, the eldest lady of the black market, was unable to leave any damage on this dry branch. .??.

Obviously, the creatures in this small world of ancient ruins are all very advanced and powerful, much more powerful than everyone imagined.

These branches should be powerful protective plants cultivated by the heart's original owner. They guard a heart here and capture the creatures close to it to provide vitality to the heart.

Obviously, the Seventh Prince and a group of senior powerful men from the royal family came here at that time. The net formed by these branches was all tied around the altar, and then slowly absorbed the Seventh Prince and a group of senior powerful men from the royal family. Their vitality is used to provide vitality to this heart.

At this moment, Ye Feng didn't hesitate at all. He took out the God's Ring and turned it into the God's Sword, and started to kill the surrounding people.

These dry branches were still attacking Ye Feng. They did not understand that the sword of the gods in Ye Feng's hand was terrifyingly sharp.

Click!

Click!

And at the next moment, the golden sword body of the God's Sword in Ye Feng's hand burst out with bright light, directly cutting off the dry branches one by one.

The weapons in the hands of a group of senior strong men around them, including core young strong men like Tang Youyou and Nie Qianqian, could not cause any harm to these dry branches.

But under the chopping of the God's Sword in Ye Feng's hand, these dry branches were as fragile as tofu and were cut off one by one.

At this moment, the branches around the altar seemed to sense the crisis, and they all rushed towards Ye Feng, as if they wanted to kill Ye Feng, the biggest enemy who held the Sword of God.

Because Ye Feng is the only one who can hurt these dry branches.

But at this moment, Ye Feng just smiled indifferently.

If it was before

Ye Feng, perhaps facing the overwhelming branches, would definitely be extremely panicked.

But now Ye Feng's cultivation has broken through to the fifth level of Yuanxinjing, and Ye Feng's various methods and abilities have been upgraded to a level comparable to those of the elders.

So Ye Feng is not afraid of these so-called weird branches now.

Uh-huh!

At this moment, Ye Feng directly released his ancient coiled dragon clone.

Boom!

A majestic golden dragon with a height of more than 100,000 meters suddenly appeared around Ye Feng, blocking all the dry branches rushing towards him.

After all, the ancient Coiling Dragon clone is so majestic and huge that it is like a golden mountain, guarding Ye Feng around Ye Feng.

Then Ye Feng held the golden sword of the gods in his hand and moved forward indomitably, like a peerless sword god, charging forward and frantically cutting off dry branches one after another.

Soon, Ye Feng had already rushed in front of the Seventh Prince and a group of powerful elders from the royal family.

The next moment, the sword in Ye Feng's hand flashed.

Click!

Click!

Along with several broken sounds, all the dry branches tied to the bodies of the Seventh Prince and a group of senior royal family members were cut off by Ye Feng.

The next moment, it was like the seal was released. The Seventh Prince and a group of powerful people from the royal family immediately woke up.

But at this time, their eyes were full of fear.

When they saw Ye Feng saving them, they immediately said in surprise: "Ye Feng, you are finally here! We entered this hall by mistake before, thinking that there was some treasure in this altar, but we didn't expect that it was surrounded by a All the dry branches that could not be cut off were tied up, and the moment they were tied to the altar, we were forced into a deep sleep, but our consciousness was still awake.

The moment we entered this hall, we sensed your presence. "

At this time, the Seventh Prince also stared at Ye Feng and said happily: "After all, Ye Feng, you are the most powerful!"

At this time, Ye Feng nodded, looked at the altar in front of him, and said: "Such an evil altar, just destroy it."

Boom!

Almost at the next moment, Ye Feng had no inhibitions. He held the God's Sword in his hand and slashed hard at the altar in front of him.

Click!

At this moment, no matter how strong the altar was, it was unable to withstand the sharpness of Ye Feng's sword, and was directly split in half by Ye Feng.

In the end, the gestating heart was also split in half.

"ah!!"

And almost at the moment Ye Feng split the heart in half, an earth-shaking scream suddenly sounded from the heart.

Obviously, it really contains the will of an ancient powerful man.

However, this heart was split in half by Ye Feng, and the ancient strong man was completely killed.

At this moment, Ye Feng did not hesitate at all, and directly began to release the Devouring Domain to absorb the blood energy in this heart.

This heart has been conceived here for so many years, and its blood energy is still very terrifying.

After Ye Feng swallowed it, he immediately felt a very majestic blood energy injected into his Dantian, causing Ye Feng's momentum to begin to rise.

boom!

Yuan Xinjing Sixth Heaven!

boom!

Yuanxinjing seventh heaven!

At this moment, Ye Feng's cultivation was regarded as breaking through two heavens in a row, from the fifth heaven of the Yuanxin Realm to the seventh heaven of the Yuanxin Realm.

This shows how huge the blood energy this heart provides to Ye Feng.

\u003c

This made Ye Feng also have a look of surprise in his eyes. He seemed to have thought that this small heart contained so much energy, which made his cultivation level suddenly reach the second level.

Ye Feng immediately understood that the owner of this heart was definitely an extremely terrifying and peerless strong man. Otherwise, his heart would not have been able to provide him with so much energy and skill. However, Ye Feng was also aware of this at this time. I am not interested in who the owner of the heart was.

At this moment, Ye Feng just looked at everyone present and said aloud: "Now that everyone is safe and gathered together, let's just leave this small world of ancient ruins. Tang Youyou also said just now, Nanman It is very likely that the powerful practitioners in the land are attacking the core powerhouses guarding the entrance to this small world. We must hurry over and take a look. "

After the seventh prince and a group of elders from the royal family regained their strength, they all nodded and said loudly: "It is indeed time to leave this small world of ancient ruins. Although the exploration has not been completed, I think it is We have gained a lot and encountered so many dangers once we came in. We cannot continue to explore, otherwise, our lives may be in danger. After we go out this time, we can prepare again and continue to explore inside. "

Tang Youyou shook his head and said aloud: "The next time we enter this small world of ancient ruins, we will gather all our strength to officially develop this small world of ancient ruins."

Hearing what Tang Youyou said, Ye Feng's eyes flashed slightly, and suddenly he said: "Miss Tang, I can remind you that any place in this small world of ancient ruins can be developed, but tens of millions of Don't touch the deepest place in this small world called the Cemetery of Gods and Demons, that place is very scary."

Hearing what Ye Feng said, Tang Youyou's beautiful eyes showed a trace of surprise. She knew that Ye Feng must have experienced something terrible in the cemetery of gods and demons, otherwise it would be impossible for Ye Feng to be like this. Super geniuses are all so fearful.

Tang Youyou nodded immediately and said very solemnly: "Okay, I remember."

Chapter 4625 Deep Ambition

Although in this small world of ancient ruins, Ye Feng also experienced many different types of dangers.

But Ye Feng felt that the most terrifying and unfathomable thing in this small world should be the gravekeeper in the cemetery that he and the ancient demon met before.

That gravekeeper, that white-haired old man, was really terrifying. Even a ferocious existence like an ancient demon would avoid the gravekeeper just like a mouse meets a cat.

So at this time, when he heard that Tang Youyou said that the entire black market, including the royal family represented by the Seventh Prince, might join forces to formally develop this small world of ancient ruins in the future, Ye Feng naturally wanted to remind him.

After all, Ye Feng felt that if he really offended the tombkeeper in the cemetery of gods and demons, not to mention Tang Youyou and a group of senior experts from the black market, I am afraid that even the top experts in the entire Blood Demon Dynasty would be defeated. Even though they are here, they are not necessarily the rivals of the tombkeeper.

After all, the tombkeeper is a transcendent being who has lived from the ancient age of gods to today, and can freely shuttle among the tombs of gods and demons, guarding the entire tomb of gods and demons. From this, we can imagine how powerful that tombkeeper is. Terrible, how terrifying, if you are not strong, there is absolutely no way to do this.

That was the first truly super-ancient figure from the ancient times that Ye Feng had encountered in so many years.

At this moment, Ye Feng didn't say anything. Instead, he looked at everyone present and said, "Then let's leave here."

Tang Youyou nodded immediately, and then everyone gathered together again and flew towards the small world of ancient ruins.

For them, this time they entered this small world of ancient ruins in advance and explored the basic situation first. The task was considered completed. It was probably for some of the more dangerous places or less dangerous places in this ancient ruins.

Fang has almost explored everything.

So at this time, everyone naturally chose to leave this small world.

The group of people moved very quickly. In less than three days, they had returned along the original route and returned to the entrance to this small world.

At this time, looking at the space vortex in front of them, everyone stepped in one after another.

Buzz!

The next moment, along with a violent spatial fluctuation, everyone's figures suddenly disappeared into this small world of ancient ruins.

At this moment, when everyone opened their eyes again, they immediately saw that they had appeared outside the small world and returned to the interface of the Ten Thousand Monsters at the junction of the Northern Territory and the Southern Barbarian Land, surrounded by endless virgin forests. .

Before they entered this ancient ruins, the entrance to the small world was in a primeval forest at the junction of the Northern Territory and the Southern Barbarian Land.

At this moment, the entire team appeared for a moment, and suddenly the core experts of the black market flew over and said with great anticipation: "Miss, there are a group of seniors, how are you exploring in this small world?" How are you doing?"

At this moment, Tang Youyou breathed a sigh of relief when he saw that there seemed to be no special situation among the core experts of the black market.

Originally, when Tang Youyou was in the small world, he was worried that the black market core experts who were guarding the entrance outside would be attacked by the powerful practitioners of the Southern Barbarians. But now it seems that this is not the case. Naturally, let Tang Youyou do this. A young lady from the black market breathed a complete sigh of relief.

After all, she was in the small world before

Inside, I was always worried that something bad would happen, but it seemed fine now.

At this time, Ye Feng smiled and said: "I met the powerful practitioners of the Southern Barbarians in the small world of ancient ruins before. They seemed to have entered the small world a long time ago, so I concluded at that time, It should be that these powerful practitioners in the southern barbarian land have mastered another entrance to that small world."

"Another entrance?"

Hearing what Ye Feng said, Tang Youyou's face changed slightly, and then he said aloud: "If you put it this way, in developing this small world of ancient ruins, there will be strong men under the Southern Barbarian Empire in the Southern Barbarian Land competing with us. This is terrible. It's not a good thing, we need to speed up."

Ye Feng nodded, and then stopped caring about this matter. After all, in this small world, except for the cemetery of gods and demons, which was still somewhat attractive to Ye Feng, the rest did not have much appeal to Ye Feng.

Of course, in the end, Ye Feng did not find the daughter left by the senior Ice Emperor through the induction of the Ice Emperor Mirror, which made Ye Feng quite disappointed.

But Ye Feng looked at Tang Youyou beside him at this time and said loudly: "Miss Tang, when your black market develops this small world in the future, I hope you can help me find out if there is an Ice Emperor in that small world. 's daughter.

Hearing what Ye Feng said, Tang Youyou immediately nodded and said with a smile: "Ye Feng, don't worry, if I find the daughter of that senior Ice Emperor, I will definitely train her well. But having the bloodline of a super ancient powerhouse, once his Ice Emperor bloodline is activated, he will contribute a super genius to our black market."

When Ye Feng heard what Tang Youyou said, he immediately nodded with a wry smile.

Tang Youyou thought

All of them are looking for powerful geniuses for the entire black market, but Ye Feng also strongly agrees with this.

Because if we can really find the daughter of the senior Ice Emperor, it will be a very good future for her to become the target of Tang Youyou's training.

At this moment, Ye Feng glanced at the surrounding virgin forest, then looked at the Seventh Prince beside him, and said loudly: "Then let's leave here. The things here have been basically completed. For the next follow-up development, I will I won't participate anymore."

Hearing what Ye Feng said, the seventh prince immediately nodded, and then couldn't help but show a complicated look on his face, and said loudly: "This time, it is really all thanks to you, Brother Ye, otherwise, I I don't know how many times I have died in this small world of ancient ruins."

Hearing what the seventh prince said, several senior members of the royal family around him had embarrassed looks on their faces.

Originally, they were the protectors of everyone, but in the end, Ye Feng had surpassed them, and Ye Feng became the real protector.

In response, Ye Feng just smiled slightly and said: "Now Nie Qianqian and I are working by your side, the Seventh Prince. This is what we should do, and I also got a lot of good things from this small world of ancient ruins."

Hearing what Ye Feng said, the Seventh Prince immediately patted Ye Feng's shoulder and said in a very solemn voice: "Brother Ye, as long as you help me with all your strength, in the future, I will get more success among the royal family of the entire Blood Demon Dynasty. With more status, I will definitely give you what you deserve. Even in the future, if I become the emperor of the Blood Demon Dynasty, then Brother Ye, you can be on an equal footing with me and become the most noble national master in our Blood Demon Dynasty. figure!"

At this moment, the seventh prince's tone was very sincere and full of deep ambition.

Chapter 4626 Stay

When Ye Feng heard the seventh prince's words, he showed a solemn smile in his eyes and said: "Seventh prince, with your words, I feel relieved, but you can also rest assured, as long as If you are sincere to me, then I will definitely help you sincerely."

When he said this, Ye Feng glanced at Nie Qianqian standing next to the Seventh Prince, smiled and said: "Nie Qianqian, what are your plans next? Will you continue to be in the Blood Demon Dynasty, or will you follow a few demons? The senior who taught me returned to the Demonic Sect?"

Regarding Nie Qianqian's identity, it is actually quite embarrassing. After all, she is the core disciple of the Demonic Sect, and the Demonic Sect and the Blood Demon Dynasty are currently two major forces in a hostile state in the Northern Territory. It can be said that they are a bit incompatible with each other, and they all want to compete for their own territory.

So this time, in order to explore this small world of ancient ruins, the Seventh Prince gathered a large enough team and specially invited Nie Qianqian, a core disciple of the Demonic Sect. He probably really had no choice.

After all, most of the super geniuses in the Blood Demon Dynasty, including many powerful geniuses in the Royal Martial Arts Academy, are basically controlled by other princes or princesses.

As the last prince of the Blood Demon Dynasty, the Seventh Prince was already very weak, so naturally he could not recruit any super geniuses. He could only take the wrong approach and recruit Nie Qianqian, who came from the core of the Demonic Sect, the sworn enemy of the Blood Demon Dynasty. disciple. .??.

However, the seventh prince is now extremely proud of his decision. Of course, he is not proud of recruiting Nie Qianqian, but he is glad that he got to know Ye Feng through Nie Qianqian, and introduced Ye Feng, a peerless top man, through Nie Qianqian. of transcendent genius.

The seventh prince knew very well that Ye Feng's talent and strength were definitely no worse than anyone else in the Blood Demon Dynasty.

Even the elders of the royal family around the Seventh Prince now have extremely high evaluations of Ye Feng. They simply regard Ye Feng as the most exciting and stunning figure in the future Blood Demon Dynasty. .

Therefore, the Seventh Prince now naturally attaches great importance to Ye Feng, even more than himself.

Because Ye Feng may be his greatest hope to become the emperor of the entire Blood Demon Dynasty in the future.

At this moment, the seventh prince glanced at Tang Youyou and said with a smile: "When this small world of ancient ruins is officially developed in the future, I will arrange for people from the royal family to connect with you, so I will leave now."

Tang Youyou nodded, then looked at Ye Feng and asked: "Ye Feng, do you want to leave with the Seventh Prince and the others?"

Ye Feng nodded and said with a smile: "I am here now and there is nothing special to do. I am going to go back with the Seventh Prince and the others."

Tang Youyou heard this and suddenly said: "Ye Feng, why don't you stay and stay in this place for a while? I want to eliminate the secret surveillance of some practitioners from the Southern Barbarians around me. I may need your help." Help, but don't worry, I won't let you help me in vain, and I will give you enough reward when the time comes."

Hearing what Tang Youyou said, Ye Feng's eyes showed a look of surprise. It seemed that he did not expect that Tang Youyou would specifically want to stay here to help her eradicate those powerful practitioners in the southern barbarian land.

In fact, there is no need for Tang Youyou to keep Ye Feng

Yes, because there are many strong people in the black market, but Tang Youyou still stayed with Ye Feng. Perhaps it was because Ye Feng was very powerful, but of course it might also be for other reasons.

After all, Tang Youyou has always had a special feeling for Ye Feng.

Originally, Tang Youyou thought of Ye Feng as just an ordinary young man, but now that she has experienced the experiences in the small world of ancient ruins, Tang Youyou attaches great importance to Ye Feng, and even wants to take Ye Feng as his own. I already have the feeling.

This young lady from the black market has a bit of a strong woman mentality after all. She seems to want to take Ye Feng under her command. Of course, it cannot be said that she is under her command. It should be said that Ye Feng will work for the black market together with her. Potency.

But Tang Youyou also knew that Ye Feng was a super-top genius, probably much more powerful than the entire Blood Demon Dynasty, and even some of the young geniuses in the entire Northern Territory.

So she knew that Ye Feng was an extremely aloof person.

Although everyone saw that Ye Feng seemed to be quite gentle, Tang Youyou knew very well that Ye Feng was absolutely aloof and arrogant at heart.

Therefore, Tang Youyou knew very well that it would be extremely difficult to conquer Ye Feng and become his left shoulder and arm, working together for the black market.

But Tang Youyou has a strong female personality, and she will definitely not give up Ye Feng, a super-top genius, so now she wants to keep Ye Feng and cultivate a relationship and relationship with Ye Feng. In this case, You can gradually conquer Ye Feng.

Ye Feng didn't know that Tang Youyou had so many inner thoughts and plans at this time. Ye Feng just thought that maybe Tang Youyou had seen his strength in the small world, so he wanted to stay with him to be more stable. After all, his current situation The strength is already comparable to these ordinary elders in the black market.

So at this time, Ye Feng is also happy to kill some practitioners in the southern barbarian land here, or in this primitive forest, he may be able to find some powerful ancient beasts to devour, and continue to improve his skills.

After all, Ye Feng thought about it and now that he is following the Seventh Prince back to the Blood Demon Dynasty, there seems to be nothing else to do for a while.

Ye Feng thought about it at this moment, nodded and said: "Okay, then I will stay in this border land with Miss Tang for the time being."

Hearing Ye Feng agreed, Tang Youyou was naturally very happy and said quickly: "That's great."

At this moment, Nie Qianqian glanced at Tang Youyou and seemed to be thinking about whether Tang Youyou had other ideas for leaving Ye Feng alone.

Nie Qianqian wanted to stay with Ye Feng at this time, but an elder figure from the Demonic Sect next to her was urging Nie Qianqian that they should return to the Demonic Sect because they had been out for too long this time.

Nie Qianqian had no choice but to nod her head and follow a group of senior figures from the Demonic Sect to leave this borderland.

But before leaving, Nie Qianqian came to Ye Feng and said affectionately: "Ye Feng, when you return to the palace, you must inform me. I will come directly from the Demonic Sect. Meet you, Ye Feng, you must know that we are both working for the Seventh Prince now, and we will be the closest partners in the future. "

Chapter 4627 Showdown

At this moment, Ye Feng was a little confused when he heard Nie Qianqian's words that seemed to have other inexplicable meanings.

So Ye Feng still nodded, smiled and said: "Okay, I will leave from the border area and return to the palace of the Blood Demon Dynasty. I will definitely inform you."

At this time, after receiving Ye Feng's assurance, Nie Qianqian left with satisfaction. A group of senior figures from the Demonic Sect also followed Nie Qianqian and left here.

At this time, the Seventh Prince and a group of senior members of the royal family also hugged Tang Youyou and said loudly: "This time, I would like to thank Miss Tang for choosing me, the most miserable prince."

Tang Youyou glanced at the Seventh Prince and said with a smile: "For the Seventh Prince to pay so much attention to Ye Feng, this is enough sincerity."

Hearing what Tang Youyou said, the seventh prince's eyes were slightly startled, and then he couldn't help but smile bitterly.

He knew that the main reason why Tang Youyou was willing to cooperate with him was because of Ye Feng.

But the Seventh Prince was also happy, after all, Ye Feng was now on the same side as him.

The seventh prince immediately looked at Ye Feng, patted Ye Feng's shoulder hard, then held Ye Feng's hand, and said with great anticipation: "Ye Feng, I'm waiting for you in the palace."

After finishing speaking, the seventh prince left the place directly with a group of senior members of the royal family.

In the blink of an eye, the whole border land, this mountain in the endless virgin forest, only many members of the black market were left nearby.

At this moment, Tang Youyou ordered several senior experts from the black market to return to the Black Market headquarters of the Blood Demon Dynasty and mobilize more experts and a large number of teams to prepare for the official development of this small world of ancient ruins.

After all, according to Ye Feng's guess, there is another entrance to this small world of ancient ruins, which is controlled by some strong men under the command of the Southern Barbarian Empire in the Southern Barbarian Land, so they must seize the time.

We need time to develop this small world of ancient ruins, lest it be occupied by the strong men of the Southern Barbarians in the future.

At this time, Ye Feng suddenly seemed to have thought of something. He looked at Tang Youyou beside him and said loudly: "Before you develop this small world, you can contact an ancient demon in this small world in advance. Maybe he I can cooperate with your black market and develop this small world faster."

Tang Youyou couldn't help but say: "The local demons in this small world will definitely not cooperate with us outsiders."

Ye Feng smiled and said: "It doesn't matter, that ancient demon is a friend I made in the small world. I'm your guarantee. It's no problem. He is extremely powerful."

When he said this, Ye Feng said directly: "Then I will directly contact the ancient demon now. I will directly contact my friend and ask him to come out. Then I can cooperate with you. Anyway, I can't do it for the time being." Stay in this borderland."

After saying that, Ye Feng took out a communication token directly from his storage ring, then threw it into the space vortex above the mountain and entered the small world.

At this time, Tang Youyou saw Ye Feng's actions and immediately said in surprise: "I didn't expect that Ye Feng, in this small world, not only received many opportunities and blessings in a short

period of time, but also cultivated. Because his strength has improved so much and he has made so many powerful friends, this ancient demon, according to your description, should be very powerful. After all, someone who can be seen by you and can be called a friend must be very powerful. Very powerful.”

Hearing what Tang Youyou said, Ye Feng immediately laughed and said: "Of course, even I want to call that ancient demon

Call him senior. He was sealed in an altar for many years. I rescued him, so we became friends every year. "

When he said this, Ye Feng glanced around and said loudly: "Then where should we start now to eradicate those practitioners of the Southern Barbarians who are peeking around here?"

Ye Feng actually doesn't have a good attitude towards these practitioners in the southern barbarian land.

After all, when these practitioners from the Southern Barbarian Land encountered people from the Northern Territory in the ancient ruins, they were trampled on like ants. Therefore, when they met these practitioners from the Southern Barbarian Land and wanted to plot against this small world, Ye Feng Naturally, there won't be any politeness. ??

After all, the Northern Territory and the Southern Barbarian Land have been rivals since ancient times. Ye Feng is now regarded as a person from the Northern Territory on the interface of ten thousand monsters. When he encounters the practitioners of the Southern Barbarian Land, he naturally regards them all as enemies.

At this time, Tang Youyou said aloud: "When I came out, I had already asked the spies in the black market to search for those secretly hidden practitioners in the Southern Barbarian Land. We just wait for news about them."

When talking about this, Tang Youyou pointed to an open space under the mountain and said loudly: "Let's stay here for the time being."

Uh-huh!

After finishing speaking, Tang Youyou jumped directly from the top of the mountain and landed in an open space in the underground forest.

Next, Tang Youyou took out the capsules one by one from the storage ring, and then threw them forward.

The moment these capsules landed on the ground, it seemed as if there was a space inside them. Houses appeared one after another and landed directly on the ground.

"Space capsule?"

Seeing this scene, Ye Feng's eyes revealed a look of surprise.

\u003c

br\u003e These members of the black market are indeed very well prepared. It seems that they have long thought about the entrance to the small world at this border and have been stationed here for a long time.

Uh-huh!

At this time, Ye Feng also flew down from high altitude and landed in front of a house.

Tang Youyou smiled and said: "Ye Feng, we have worked hard in the small world for so many days, so let's take a good rest. I just have something special to ask you."

Ye Feng nodded and said: "Okay, then let's wait for news from your black market spies and wait for the ancient demon to come out."

After saying that, Ye Feng walked directly into the room.

Tang Youyou also followed Ye Feng and walked into the house.

At this time, Tang Youyou stared at Ye Feng in front of him and said bluntly: "Ye Feng, the reason why I left you alone is because I want you to help us eradicate these practitioners who are lurking in the southern barbarian land. There is another important purpose, that is, I want to invite you to build the entire black market with me. My father values you so much that he handed over all the inheritance tokens to you. During this time, I also got to know you. This kind of extraordinary talent that is beyond ordinary people. If you fight side by side with me and work in the black market together, my father will also focus on cultivating you in the future. And I discovered that I seem to like you slowly. I don't know. Are you lacking a training partner now? If you agree to my conditions and work with me in the black market, I am willing to be your training partner and agree to any request you have at any time."

At this time, Tang Youyou's words were very direct and sincere, and it was like a showdown directly in front of Ye Feng.

When Ye Feng heard this, a look of astonishment suddenly appeared on his face. It seemed that he did not expect that Miss Tang would actually say such words. Ye Feng really did not expect it.

Chapter 4628 Let me introduce you

At this time, listening to Tang Youyou's straightforward words, Ye Feng showed a look of helplessness on his face.

After all, Ye Feng never thought that Tang Youyou, the cold and noble Miss Tang, would actually say such a thing.

If these words were said to a normal genius, that genius would probably be ecstatic in an instant.

Because not only can he get Tang Youyou, the cold and noble young lady of the black market, and win the beauty back, but he can also share the huge power of the entire black market.

But Ye Feng was actually not that happy or excited about this, and even felt a little uneasy in his heart.

After all, Ye Feng's current level of cultivation is almost comparable to that of ordinary senior experts in the black market, and his vision is different.

Moreover, Ye Feng's goal has never been limited to such a low range. Ye Feng's goal is a higher world of cultivation latitude.

So at this time, Ye Feng naturally thought for a moment, then smiled helplessly and said: "Miss Tang, although we are partners and friends, I don't think we have reached the level where we can practice together. The close relationship between partners."

Hearing what Ye Feng said, Tang Youyou's pair of beautiful and cold eyes did not show any disappointment. After all, Tang Youyou seemed to have guessed that Ye Feng would refuse.

But at this time, Tang Youyou just smiled slightly and said, "Ye Feng, no matter what, I very much hope to do something with you."

Hearing what Tang Youyou said, Ye Feng immediately smiled and said, "Aren't we going to do things together now?"

While the two were talking, a member of the black market suddenly walked over outside the house.

This member of the black market did not enter the house, but clasped his fists outside the door and said loudly: "I'm reporting to the eldest lady and Mr. Ye Feng, in the small world, suddenly a man covered with clothes ran out.

The mysterious figure in the black robe had an unfathomable aura. We did not act rashly because he did not attack us directly. He seemed to be looking for something. "

Hearing what the black market member said, Ye Feng's eyes lit up and he said, "It seems that my friend has come out."

After saying that, Ye Feng walked directly outside the house.

Tang Youyou, on the other hand, followed Ye Feng.

At this time, Tang Youyou still had a look of disappointment deep in his eyes.

After all, her conditions did not impress Ye Feng. This made Tang Youyou, who had always been a strong woman, naturally feel a little disappointed, but her eyes did not look discouraged. Instead, she stared at Ye Feng's back, the look in her eyes getting more and more... Becoming more determined.

Tang Youyou has the character of a strong woman. If she can't do something, she will keep doing it until she succeeds.

So at this time, Tang Youyou looked at Ye Feng's back, her eyes full of fighting spirit. She must make Ye Feng her closest partner.

At this time, Ye Feng left the house and looked directly in the direction of the mountains.

Sure enough, Ye Feng saw the ancient demon at first sight.

The figure wrapped in a black robe was the ancient demon. He must have received his message and came out of the small world directly.

At this moment, Ye Feng immediately smiled and said: "Brother Devil, we meet again."

Seeing Ye Feng below, the ancient demon flew down and came directly in front of Ye Feng. He patted Ye Feng on the shoulder and said loudly: "Ye Feng, why are you sending me a message all of a sudden?" ? Something special?

? "

Ye Feng suddenly looked at Tang Youyou behind him and said with a smile: "Brother Demon, let me introduce to you. The person behind me is the eldest lady of the black market in our Ten Thousand Demon Interface Blood Demon Dynasty, Tang Youyou , now she is specifically responsible for developing the small world of ancient ruins where you are. The reason why I sent a message to you is to introduce you to this young lady of the black market. I think you may be able to develop that small world in the future. Cooperate in the process. After all, the black market is huge and there is help from the royal family. And Brother Demon, you are a powerful native creature in the small world, so if you cooperate, you will definitely be able to better develop that small world. Getting what each other wants can also make development more efficient, because the powerful practitioners of the Southern Barbarian Land are also at another entrance and seem to be preparing to develop a small world. They may encounter some troubles in the future. So your cooperation can be said to be a strong alliance. ”

After hearing Ye Feng's simple description, the ancient demon immediately understood what Ye Feng meant. It turned out that Ye Feng was looking for business for him.

After all, Ye Feng also knows very well that the ancient demon has just escaped from the seal, and its strength is far from restored, so cooperating with others is the best choice, so that he can restore his strength as soon as possible and become powerful again.

When Ye Feng said this, Tang Youyou also showed a hint of surprise in his eyes, staring at the tall figure wrapped in a black robe.

She never thought that the friend Ye Feng mentioned was actually an ancient demon.

Because Tang Youyou can now clearly feel that the aura emanating from this figure wrapped in black robes is definitely a pure demonic aura, and it should also be the aristocratic aura among demons, very noble.

At this time, Tang You

Dao didn't have any stage fright. He smiled slightly and said: "Senior Demon, Ye Feng is right. I really want to cooperate with the local strong people in this small world to develop this small world together. This will be of great benefit to the future of our black market." It will be of great help to my development tasks. I wonder if Senior Demon is interested in this?"

When the ancient demon heard what Tang Youyou in front of him said, he immediately grinned and said loudly: "Since it was introduced by Ye Feng, there must be no problem. I believe Ye Feng."

After finishing speaking, the ancient demon looked around and said loudly: "You only have so many people now? I guess it's not enough."

Tang Youyou said with a smile: "Senior Demon doesn't need to worry about this. Next, our black market base camp will send a steady stream of strong men, and there will also be members of the royal family who will come over to develop that small world together, so our comprehensive In terms of background, Senior Demon doesn't need to worry. Senior Demon will only need to assist us in exploring and stationing in that small world. After all, we are not very familiar with the terrain of the small world. I can guarantee that Senior Demon will give you sufficient remuneration and resource allocation. "

The ancient demon immediately nodded and said, "Okay, no problem."

When he said this, the ancient demon looked at Ye Feng, couldn't help but patted Ye Feng's shoulder, and said loudly: "Ye Feng, you can do it. You still remember me after you leave the small world. Please give me some advice." benefit."

Ye Feng immediately burst out laughing and said, "Of course I will always remember you, Brother Devil."

When he said this, Ye Feng suddenly pulled the ancient demon aside, and then asked in a low voice: "Brother Demon, please help me evaluate what level of cultivation we have reached before we can compete with that god and demon cemetery. The tombkeepers confront each other and plot the wealth of the ancient gods and demons in the entire cemetery of gods and demons?"

Chapter 4629 Southern Barbarian Beastmaster

Hearing Ye Feng's question at this moment, the ancient demon suddenly flashed his eyes, and then stared at Ye Feng in front of him. He couldn't help but smiled helplessly and said: "You kid still hasn't given up on the gods and demons." The cemetery is a great place."

Hearing the ancient demon's seemingly teasing words, Ye Feng immediately smiled and said: "The Cemetery of Gods and Demons is a mysterious and unpredictable place, where countless ancient gods and demons are hidden. Of course I will not give up on the cemetery of gods and demons. Although the guardian of the cemetery of gods and demons is very scary and powerful, I believe that as long as I continue to practice and reach a certain level of strength, I can always fight against that guardian."

Hearing what Ye Feng said, the ancient demon immediately nodded and said with a smile: "If someone else said this, I would definitely sneer at it, and even think that he is daydreaming, but Ye Feng, you kid said this After all, I think you can definitely do it."

Obviously, in the eyes of the ancient demon, Ye Feng is definitely that kind of extremely terrifying young genius. If Ye Feng does not die young in the future and keeps making such rapid and powerful progress, Ye Feng may really be able to fight against that kind of genius in the future. The gravekeeper of the cemetery of gods and demons.

At this moment, Ye Feng seemed to have thought of something, and immediately smiled and said: "By the way, since you have come out of the small world this time, just stay with me for the time being. In this case, we may hunt next time." You can also help by killing some powerful practitioners in the southern barbarian land, just to show your sincerity in cooperating with Tang Youyou, the black market lady."

The ancient demon chuckled and said aloud: "You said that when it comes to strategies or plans, I am definitely not better than others, but when it comes to killing powerful enemies, then I have absolutely no problem. I was born to kill. "

When he said this, the ancient demon glanced at Tang Youyou who was not far away, and couldn't help but said: "Boy Ye Feng, this girl is quite good, and she has good looks.

Moreover, her status is so high, and it seems to me that she has inexplicable trust in you. To believe in you is to directly cooperate with me, a devil. I think it is quite good for the two of you to become spiritual partners. "

Ye Feng immediately shook his head and said: "I'm not very interested in this for the time being. I'd better improve my cultivation strength as much as possible."

When he said this, Ye Feng's eyes suddenly became a little vague and distant, and he couldn't help but said: "Brother Demon, you said that in the world where we are, in all the major dimensions of cultivation, Is it a low cultivation dimension, or a medium cultivation dimension? It's definitely not a high cultivation dimension."

Hearing what Ye Feng said, the ancient demon immediately stared blankly, as if he didn't expect that Ye Feng would suddenly say such words.

The ancient demon thought carefully, and then said aloud: "The center of the universe we are in is the declining world of origin, and then there are the major higher cultivation interfaces, such as the world we are in now. The demon interface is a well-ranked existence among advanced cultivation interfaces. Of course, it cannot be compared with the top ones. The first one is the legendary heaven, but even if it is the first heaven, it is only our cultivation dimension after all. The so-called advanced cultivation interface in it is nothing more than the real advanced cultivation dimension. Compared with the real advanced cultivation dimension, the world master of the small world I was in before, even if it integrates the fragments of world rules, is very terrifying and cannot Resisting the terrifying killings of powerful men from the higher dimensional world is simply a dimensionality reduction blow. Therefore, the latitude of our world where all the heavens and worlds are located is definitely not as good as the higher dimensions, but it is probably not too weak. I Sleep

Yes, maybe our universe belongs to a medium-dimensional world. "

Hearing what the ancient demon said, Ye Feng immediately nodded.

Ye Feng suddenly thought of the first universe where he first practiced, the new universe.

Perhaps the first universe he was in at the beginning belonged to a relatively lower dimension.

After entering the second universe, this universe should belong to a medium dimension.

The outer world connected to the end of the origin world should belong to a brand new higher-dimensional world.

At this moment, when Ye Feng was thinking secretly in his heart, Tang Youyou, who was not far away, suddenly heard a report from a strong man at the core of the black market, and couldn't help but change his face slightly.

Tang Youyou immediately walked towards Ye Feng and said with a serious expression: "Our spies in the black market have discovered some situations. There are mysterious practitioners in the Southern Barbarians, who seem to be beast masters. Practitioners, they seem to be gathering some powerful ancient beasts in the surrounding primeval forests, hoping to form a tide of beasts, attack our stationed place, and snatch our entrance. Now they are preparing, and they seem to have gathered. There are many ancient beasts in that area of the forest not far away."

"Beast Controller?"

Hearing what Tang Youyou said at this time, Ye Feng's eyes showed a look of surprise. It seemed that he did not expect that among the practitioners in the southern barbarian land, there were actually very rare beast masters, and there seemed to be a group of beast masters. There are many ferocious beasts gathered in this primeval forest, trying to form a tide of beasts and attack the place where the black market is stationed at the entrance.

Tang Youyou said nervously: "Ye Feng, now we

The core experts from the black market haven't arrived yet, and no experts from the royal family have been sent over. After all, this is the junction of the Northern Territory and the Southern Barbarian Land. It's too far away from the imperial city of our Blood Demon Dynasty. It would be better for them to come over at least. In a few days, if the group of beast masters from the southern barbarian land successfully launched a beast tide, I estimate that our station will not be able to last

for so many days, so we can only take the initiative and go deep into the primeval forest to look for those beasts. The trace of the beast master interferes with and destroys their evil plans. "

Hearing what Tang Youyou said, Ye Feng nodded slightly and said: "Then we will take the initiative. Anyway, the main reason why I stay here this time is to help you deal with those practitioners in the Southern Barbarian Land. There just happen to be demons now. Brother is also here. Brother Devil is very powerful. Although Brother Devil's cultivation is far from returning to its peak state, Brother Devil is currently much stronger than me. "

"Um?"

Hearing what Ye Feng said, Tang Youyou's eyes immediately stared at the ancient demon in surprise. It seemed that he did not expect that this ancient demon clan was so powerful.

After all, Ye Feng will not tell lies. Ye Feng said that this ancient demon is more powerful than him, which shows that this ancient demon is really terrifying.

This made Tang Youyou relax a little, but he was still quite solemn and nervous. He said aloud: "Ye Feng, let's not waste time and follow the spy from our black market to the depths of the primeval forest. , look for traces of those beast masters in the Southern Barbarians. Their plan is so evil and cruel. They actually want to launch a terrifying tide of beasts and trample us all into pieces. I don't know who these beast masters are. The practitioners among the ordinary forces in the Southern Barbarian Land are still the practitioners of the beast control division under the Southern Barbarian Empire, but no matter what, we need to secretly eradicate these scourges! "

Chapter 4630 Overlord level evil beast

After Tang Youyou made up his mind, he took several senior black market experts who were still on the scene, as well as Ye Feng and the ancient demon to follow, and everyone flew directly towards the deep area of the primitive forest.

The beast control masters who had previously explored these southern barbarian lands, and the black market spies who were secretly operating in the primeval forest, quickly led everyone to the deeper areas of the primeval forest.

This place is far away from the Black Market's station in the Border Land. This area is probably considered to be the area of the Southern Barbarians.

But at this time, everyone was very determined. They must get rid of those beast masters who secretly want to cause trouble. Otherwise, when they really gather many ancient beasts and form a

beast tide, even if the black market Many of the core powerhouses rushed over from the Blood Demon Dynasty's headquarters, and they probably wouldn't be able to resist them.

So the best way now is exactly what Tang Youyou said, to take the initiative and kill all the beast masters in the southern barbarian land and the ancient beasts they gathered.

Ye Feng is actually quite interested in this task. After all, if these beast masters in the southern barbarian land really gather many ancient beasts in the primeval forest, then for Ye Feng, it can be said that it is for him. Sending a wave of nutrients for cultivation improvement.

Therefore, Ye Feng was naturally very positive about this action.

The ancient devil doesn't care. Now that he has cooperated with Tang Youyou, the eldest lady of the black market, through Ye Feng's introduction, he will naturally participate in what the black market wants to do.

Moreover, the ancient demons are still very interested in this kind of primitive forest in the interface of ten thousand demons, because the primitive forest stores a lot of natural resources of heaven and earth. If some special cultivation resources are found, it will also be helpful for the ancient demons to restore their strength. Huge benefits.

Tang Youyou was standing next to several strong men from the black market at this moment.

These powerful elders all entered that place with Tang Youyou before.

An experienced senior figure in the small world of ancient ruins.

At this time, they discovered that there was an ancient demon following Ye Feng, and their eyes showed surprise. They did not expect that Ye Feng not only improved his cultivation so quickly in the small world of ancient ruins, but also made friends with him. Such a powerful existence.

These senior figures in the black market are not young people like Tang Youyou. They have a much more sinister vision, and they can clearly feel that this ancient demon covered in black robes is an extremely terrifying guy.

Many older people in the black market are even worried about whether Tang Youyou will encounter backlash if he cooperates with this ancient demon. After all, in everyone's inherent impression, this ancient demon is very treacherous and cunning. .

But since this ancient demon was introduced by Ye Feng, these elders in the black market finally felt a little more relieved. After all, they believed in Ye Feng's vision.

It can be said that Ye Feng has now become a reliable figure in the minds of many older people in the black market.

Buzz!

At this moment, the soul power emitted by Ye Feng spread towards the surroundings.

Although there is a black market spy leading the way, there may still be many dangers in this primeval forest.

And there is no guarantee that this black market spy will be noticed by the beast control masters in the southern barbarian land during the previous investigation.

At that time, these beast control masters in the southern barbarian land will use their tricks and set up some traps around them, which may be waiting for their black market team to step into the trap.

These are all possible.

After all, Ye Feng knows very well that these beast control masters must be powerful practitioners in the southern barbarian land, and they are not

Not only is his cultivation strong, but the spiritual power of the beast control master is also very huge. Although it is not as good as a pure soul master like Ye Feng, he can still spread his mental power around to detect any situation and fluctuations like Ye Feng.

Therefore, the black market spies have most likely been discovered during the investigation.

Ye Feng told Tang Youyou this idea at this moment. When Tang Youyou heard what Ye Feng said, his face became serious.

Then Tang Youyou suddenly looked at the black market spy in front of him and asked aloud: "Chen Jiu, how far away is the place where the beast masters summoned the ancient beasts from now? I feel that we are already in this area now." It's been a long walk in the primeval forest."

The black market spy named Chen Jiu immediately clasped his fists and said: "I'm telling you, young lady, that group of beast masters from the Southern Barbarians are in a valley not far ahead, and they have gathered a lot of ancient beasts. They These ancient beasts summoned are all overlord-level beasts in the primeval forest. There are evil beasts with silver armor and eight arms, birds covered with golden feathers, and earth-yellow earth dragons hundreds of meters tall... It's simply Just like war beasts, all they summoned are overlord evil beasts, because these overlord-level evil beasts can drive countless other ordinary beasts to form a huge beast tide, which can crush everything. "

Hearing what the black market spy said, Tang Youyou nodded immediately, and then said aloud: "If you put it this way, we are not too far away from the valley where the beastmasters of the Southern Barbarians gather wild beasts. Okay, let Ye Feng lead the way for the last part of the journey, just tell us the approximate location."

Hearing what Tang Youyou said, the black market spy immediately nodded, not daring to disobey the order and stood beside everyone.

Ye Feng nodded slightly at this time. He knew very well that the purpose of Tang Youyou doing this was to allow him to give full play to his soul.

The master's ability covers the surrounding area with huge soul power, and can detect various traps and movements at any time.

After all, Ye Feng's guess just now is extremely possible.

These beast control masters in the southern barbarian land may have discovered the previous spies from the black market and are waiting for them to trap them.

So now letting Ye Feng explore various situations at the front is the safest choice.

The ancient demon didn't seem to care much at this time, with a very relaxed expression on his face.

Because the ancient demon was very terrifying, much more powerful than Ye Feng, so this hunting was actually like a small thing for him.

Seeing the ancient demon's relaxed expression, Tang Youyou immediately shook his head and couldn't help but said: "Senior Demon, don't underestimate those practitioners in the Southern Barbarian Land. The Southern Barbarian Region is better than our entire Northern Territory. The overall strength is much stronger, so the practitioners in the southern barbarian land, especially the extremely special beast masters, have countless methods and are very dangerous. Don't underestimate the enemy. "

The ancient demon immediately grinned and said loudly: "Okay, I understand."

However, seeing the ancient demon smiling like this, he didn't seem to take it to heart, which made Tang Youyou helplessly shake his head helplessly.

But she also knew that such an ancient and powerful figure as the ancient demon was indeed very proud.

Anyway, Tang Youyou has already warned him, which can be regarded as fulfilling his responsibility.

At this time, Tang Youyou's greatest hope actually lies in Ye Feng.

Uh-huh!

At this time, Tang Youyou's beautiful figure came directly to Ye Feng's side, walking side by side with Ye Feng, and getting very close. Tang Youyou said aloud: "Ye Feng, have you noticed any traps ahead?"
