

Ancient 4631

Chapter 4631 Worrying too much

Ye Feng sensed it carefully at this time, and then said aloud: "I don't sense any traps ahead for now, but it won't necessarily happen next. Anyway, we have to be careful."

Tang Youyou naturally nodded and said: "That's for sure. After all, our spies in the black market are not very strong in cultivation, so when they investigate these powerful beast masters in the southern barbarian land, they might It will be discovered by some powerful beast masters."

While the two were talking, everyone continued to move forward for a while, and finally they were approaching the valley.

But until they reached the edge of the valley and lurked for a while, Ye Feng didn't find any traps.

Ye Feng immediately couldn't help but said: "It seems that I am worrying too much."

Tang Youyou nodded and said loudly: "In any case, Ye Feng, if you can consider this, it means that Ye Feng is very cautious. The absence of traps does not mean that your thinking is meaningless. If there are traps, you The consideration comes in handy."

Ye Feng nodded slightly, and then looked towards the valley not far away. Sure enough, the next moment, everyone saw that there were many ancient beasts with huge sizes standing in this valley.

Each of these ancient evil beasts is very towering, and their cultivation aura is very terrifying.

Sure enough, as the spy in the black market said, the ancient evil beasts in these valleys are all overlord-level evil beasts. There are eight-armed evil beasts covered with silver scales, and some covered with golden feathers. Terrifying birds, and ancient earth dragons hundreds of meters tall.

In addition, there are many other ancient beasts, all of which should be overlord-level beasts living deep in this primeval forest. However, now they are all controlled by these powerful beast masters from the deepest parts of the primeval forest. He was captured and then tamed to become a beast under his own control.

In this valley, around these powerful beasts

, a total of six or seven figures in blue robes stood.

These figures in blue robes, including men and women, old and young, should be the beast masters of the Southern Barbarians.

At this moment, they seemed to be still using the beast-controlling staffs in their hands to attract other ancient beasts in this primeval forest.

Obviously, these beast masters from the southern barbarian land have not yet noticed the people from the northern region who are approaching here.

At this time, after Tang Youyou saw this scene, he immediately couldn't help but look at Ye Feng beside him, and asked aloud: "Ye Feng, what should we do now? What kind of plan should we implement? Do we want to camp tonight? In the jungle around this valley, plan your attack carefully."

Ye Feng smiled and said: "I have just sensed that these beast masters are indeed quite powerful. The ancient beasts they have tamed are also very powerful, but they are not as terrifying as I imagined, so we Just attack now."

"Attack directly?"

Hearing what Ye Feng said, Tang Youyou suddenly had a look of astonishment in his eyes.

But before Tang Youyou could say anything, Ye Feng looked at the ancient demon beside him, grinned, and said, "Just go ahead."

Boom!

At this moment, the ancient demon couldn't bear it any longer, and a terrifying aura of cultivation suddenly erupted from his body.

"What a terrible smell!"

When the ancient demon burst out his momentum, a group of black market experts at close range, including Tang Youyou, immediately felt the ancient demon's power.

The old demon seemed to have turned into a great demon king from ancient times, possessing extremely terrifying power.

At this time, Tang Youyou finally understood why Ye Feng said that the ancient demon was much more powerful than Ye Feng himself. It seemed that this was true.

The power and momentum that the ancient demon erupted at this time was simply terrifying to the extreme. It felt like there was a dark ocean hidden in the body of this ancient demon. Once such terrifying momentum erupted, , simply possessing a majestic power that can overwhelm the rivers and oceans.

At this moment, the ancient demon rushed directly to the sky and grabbed the valley with one hand.

Boom!

At this moment, a huge black devil's claw condensed high in the sky, and it actually had the power of law.

Obviously, after the ancient demon fused the fragments of the world's rules, like Ye Feng, he had mastered the power of part of the rules.

At this time, he actually used the power of the law, combined with the vitality of heaven and earth, to condense the black devil's claw that covered the sky and the sun. It had extremely terrifying power, and it suddenly bombarded it from high in the sky.

Boom!

The black devil's claws covered several kilometers in radius and struck down directly, blasting two overlord-level ferocious beasts in the valley to pieces at once, namely the one covered with silver scales. The eight-armed evil beast, and the majestic ancient earth dragon that was hundreds of meters tall.

Before they could even react, they were blasted into pieces by the ancient demon with its devil's claws, killing them instantly.

After all, the ancient demon's attack was too fast and too terrifying. It was so fast and accurate that it naturally killed two ancient beasts in an instant.

"What??"

"Killed two overlord-level ancient beasts at once??"

At this moment, when everyone present saw this scene, their eyes suddenly showed deep horror.

Because they never expected that the ancient demon would be able to explode with such terrifying power and destructive power, which was beyond everyone's expectations.

After all, the ancient demon had been silently following Ye Feng and the crowd. Everyone knew that this was an ancient demon and it was probably quite powerful. However, they did not expect that it was so powerful that it could be killed in an instant. Two ancient beasts at the level of overlords were found.

Of course, this is the effect of a sneak attack, but it is enough to show how powerful the ancient demon is.

At this moment, Ye Feng laughed loudly and said: "I just said that after the demon brother joined us, our team's strength has greatly increased."

After saying that, Ye Feng also instantly released the Ice Emperor Mirror that he had obtained before.

Uh-huh!

A mirror appeared above Ye Feng's head, and terrifying ice energy suddenly burst out, surging toward the bottom, freezing a dozen top beasts in an instant.

In this valley, in addition to those very terrifying overlord-level ancient beasts, there are also many top-level beasts, which the beast masters of the Southern Barbarians have worked hard to find from the primeval forests during this period.

"Who is it? How dare you destroy so much of our hard work in an instant! How audacious!"

At this moment, I saw many overlord beasts and top beasts, which were either smashed to pieces or frozen. The beast masters of the Southern Barbarians in the valley immediately showed shock and anger on their faces. With an extreme expression, he quickly looked up to the sky.

Chapter 4632 Not alone

At this moment, these beast masters saw the ancient demon and Ye Feng high in the sky, with astonishment in their eyes.

Because one of them was dealing with a very ferocious-looking ancient demon, while the other was a green-looking human boy in white.

The combination of these two people looks very weird no matter how you look at it.

But to deal with them together at this time is really puzzling to this group of beast masters in the southern barbarian land.

So at this moment, these beast masters from the southern barbarian land immediately said angrily and doubtfully: "Who are you two? Why did you suddenly attack us?"

But before Ye Feng could say anything to the ancient demon, Tang Youyou rushed out from the surrounding valleys with several senior experts from the black market, and said coldly: "You Southern Barbarians The beast control masters are so vicious that they actually want to arouse the beast tide in the entire primeval forest and completely destroy the base of our northern black market stationed at the entrance to the small world. If you want to kill all of us, we will naturally Take action in advance!"

"What? Are you from the black market? Have you discovered our plan?"

At this moment, the beast masters in the southern barbarian land suddenly widened their eyes slightly. It seemed that they had never thought that they had secretly tamed various ancient beasts in the primeval forest during this period, in order to trigger A terrifying beast tide could completely

destroy the black market's headquarters here, but unexpectedly, their plan was discovered by the people of the black market.

At this moment, one of the beast control masters in the southern barbarian land couldn't help but said: "You people in the black market are all very smart, and you discovered our plan in the primeval forest so quickly. , but even if you take the initiative to attack, it will be of no use. They were just a sneak attack, so they killed several ancient beasts we have tamed in an instant, but you must know that the beasts we have tamed are far more than these, huh, Let you see the terror of our beast masters today!"

Almost at the moment when the beastmaster from the southern barbarian land finished speaking,

, he suddenly raised a scepter in his hand.

Buzz!

This scepter immediately burst out with bright blue light.

And at the next moment, a huge formation lit up on the ground of the entire valley.

The moment this formation appeared, the entire valley immediately emitted a huge roar.

"Boom!"

Along with the terrifying vibration, a huge gap opened in the ground of the entire valley.

After this huge gap opened, an ancient beast with dozens of heads appeared under the entire earth.

Each ancient beast is hundreds of meters tall and majestic, and they are obviously overlord-level beasts.

"What?"

Seeing this scene, everyone present couldn't help but show surprise in their eyes.

Even Tang Youyou, including Ye Feng and others, showed deep surprise in their eyes. It seemed that they did not expect that these beast masters in the southern barbarian land were busy doing important things. They had tamed these ancient beasts at the level of overlords. , there are not as few as they seem on the surface, there are actually dozens of ancient beasts, all of them are at the overlord level, sealed under the earth of this valley, waiting to be used next.

At this moment, a group of strong men from the black market surrounded the valley, so these beast masters had to open the seal of the valley and release all the ancient beasts they had tamed.

At this moment, a huge roar of beasts suddenly sounded throughout the valley.

"Roar!!"

The roar of beasts filled the sky resounded throughout the valley, shocking everyone present.

pole.

"I didn't expect that these southern beast masters could secretly tame so many overlord-level ancient beasts!"

A strong man from the black market couldn't help but speak out, with an exclamation in his tone.

Each ancient beast is from a different race. They look very majestic and majestic, and their ferocious aura is almost gushing out. It spreads around like a vast ocean, making everyone feel the ferocious aura rushing towards them. .

At this moment, the beast control masters from the Southern Barbarians laughed loudly, looked at everyone present, and said loudly: "Are you afraid now? You should hurry up and surrender obediently. In this case, Maybe I can save my life."

Hearing what these beast masters said, Ye Feng's eyes did not show any fear at all, but his eyes lit up.

Unexpectedly, these beast masters had tamed so many beasts here, including dozens of ancient beasts.

This is a huge tonic for Ye Feng.

Because the blood energy contained in the body of each ancient beast is extremely majestic, Ye Feng cannot even imagine that if he swallowed the blood energy of dozens of overlord-level ancient beasts at once, his skill would be so great. How much it will grow.

Moreover, these beast masters can be said to have saved Ye Feng a lot of things.

Because if Ye Feng went to the primitive forest to find these ancient beasts to kill and devour, it would probably take a long time.

But these beast masters found all these overlord-level ancient beasts scattered throughout the primeval forest, tamed them, and imprisoned them here. This was a great gift to Ye Feng.

So at this moment, facing the arrogance of these southern beast masters, Ye Feng just smiled lightly and said: "Not only am I not afraid, but I am getting more and more excited."

Almost at the moment Ye Feng's voice fell, Ye Feng

It is a direct explosion of the power of his immortal body.

Boom!

At this time, Ye Feng's body suddenly burst out with brilliant golden light.

Ye Feng's whole body seemed to have turned into a young golden war god, instantly rushing down from the sky and rushing towards the valley below.

Seeing this scene, the eyes of the beast masters from the Southern Barbarians suddenly showed deep astonishment.

A beast master immediately said in disbelief: "Boy, you rushed over here alone, do you really want to die? If we have dozens of overlord-level ancient beasts united together, we can be as powerful as any other." The torrent of steel is enough to crush everything."

Boom!

At this moment, these beast control masters directly ordered the dozens of ancient beasts to attack Ye Feng crazily, trying to trample Ye Feng to death under the iron hooves of dozens of ancient beasts.

Boom! !

But in the next moment, what shocked the beast control masters in these southern barbarian lands was that Ye Feng's whole body seemed to be made of pure gold at this moment, possessing terrifying power and a solid body. To the extreme, he was able to withstand the attacks of dozens of ancient beasts.

The sharp claws, huge iron hooves, and towering bodies of those ancient beasts bombarded Ye Feng's body, but they only made a muffled sound, unable to shake the power of Ye Feng's body at all.

Instead, Ye Feng's punch exploded the head of an ancient overlord-level beast.

Ye Feng's golden fist has terrifying power and astonishing destructive power.

"What??"

Seeing this scene, the few beast masters from the Southern Barbarians who were so arrogant just now opened their eyes wide, and couldn't help but exclaimed in horror: "Why do I feel that we are facing... It's not a person, but a humanoid beast!"

Chapter 4633 Panic

Shocking!

Extremely shocking!

Ye Feng's extremely powerful physical strength simply conquered the hearts of everyone present.

Whether it was the strong men in the black market on Tang Youyou's side or the beast masters in the southern barbarian land opposite, their unbelievable eyes were fixed on Ye Feng at this moment, staring at this man who was exuding brilliance at this moment. A golden war-god-like young man.

Everyone understands that Ye Feng's terrifying physical strength is almost comparable to that of the cubs of mythical beasts from ancient times.

At this time, the beastmasters immediately panicked.

Because what they are most proud of is the extremely powerful overlord-level beasts they have tamed.

But this time they discovered that these overlord-level beasts couldn't even break through Ye Feng's defense. How could they fight?

So at this moment, a beast master immediately took out a crystal ball from the storage ring, and then muttered something.

Buzz!

Almost at the next moment, a curse burst out from the crystal ball. It was an attack at the soul level, and it suddenly hit Ye Feng's direction.

The beastmaster from the southern barbarian land immediately smiled coldly and said loudly: "No matter how powerful this kid's body is, his soul defense will never be able to escape the damage of my curse."

Obviously, this beast master feels that the power of Ye Feng's body is so terrifying, so Ye Feng's spiritual and soul power must be very weak.

But he had completely miscalculated.

Because Ye Feng's soul power is too powerful.

Boom!

At this moment, two rays of soul light suddenly appeared in Ye Feng's eyes, shattering the power of the curse that flew over.

"What??"

Seeing this scene, the beast master from the Southern Barbarian Land who had smiled coldly just now couldn't help but show deep astonishment in his eyes.

He never thought that Ye Feng was not only so terrifying with his physical power, but also so powerful with his soul power. It was very rare that he could break through the power of his curse in an instant.

You must know that the cursed power of this beast master in the southern barbarian land has always been his biggest weapon to attack the enemy. It can kill the enemy invisibly, because this kind of attack at the spiritual and soul level is very difficult to defend against.

But now he suddenly discovered that the power Ye Feng possessed was beyond his imagination.

Ye Feng not only possesses an extremely powerful body, but his attacks at the soul level are also very terrifying.

It's simply impeccable!

So at this moment, these beast control masters in the southern barbarian land simply felt that they had encountered a monster, and they did not dare to fight against Ye Feng anymore. They quickly turned around and fled from here.

But at this moment, the ancient evil had already taken action.

Boom!

A huge demonic claw was grabbed instantly from high in the sky. The terrifying power burst out from the demonic claw, and all of a sudden the beast masters of the Southern Barbarians who were about to escape were captured. The whole body was broken into pieces.

At this moment, these beast control masters in the southern barbarian land immediately let out earth-shaking screams.

"No!!"

They yelled wildly and angrily, but to no avail.

The ancient demon would not show mercy and would capture them one by one and break their bodies into pieces.

, completely killed.

At this time, everyone was shocked when they saw this scene.

Whether it was the elders of the black market or Tang Youyou, the eldest lady of the black market, their eyes widened slightly, as if they did not expect that Ye Feng and the ancient demon could actually exert such a powerful force.

These beastmasters had tamed so many terrifying beasts, including dozens of overlord-level ancient evil beasts, and they were all killed by the two of them working together.

You know, this is a very difficult thing.

But in front of Ye Feng and the ancient demon, it was a piece of cake.

"boom!"

At this moment, Ye Feng did not hesitate at all, and immediately released the Devouring Domain, and began to devour the blood energy of all the practitioners of the Southern Barbarians present, as well as the beast energy skills of dozens of overlord-level ancient beasts.

You know, these ancient beasts are all overlord-level beasts, so the blood energy contained in their bodies is very rich.

After Ye Feng devoured dozens of beasts at once, he could immediately feel that his power was increasing at an incredible speed.

The cultivation aura on Ye Feng's body naturally began to rise steadily.

boom!

The eighth level of Yuanxinjing!

boom!

Yuan Xinjing Ninth Heaven!

boom!

The tenth heavenly perfection of Yuanxinjing! !

At this moment, Ye Feng's cultivation level directly broke through to the tenth level of Yuanxin Realm, Great Perfection.

Ye Feng's cultivation skills immediately experienced an unparalleled increase.

This made Ye Feng's eyes immediately reveal a look of deep surprise.

Unexpectedly, entering this primeval forest and hunting the beast masters of these southern barbarians this time, they could actually obtain the blood energy of so many ancient beasts, which suddenly increased Ye Feng's social skills a lot.

At this moment, Ye Feng immediately looked at the ancient demon not far away happily and said: "Brother Demon, if you need anything, you can just take it."

The ancient demon smiled slightly, picked up the storage rings of these beast masters in the southern barbarian land, and then said loudly: "The things stored in the storage rings of these beast masters are still important to me. It's quite useful. Moreover, I suddenly became very interested in the beast masters. I also want to study this. It just so happened that these beast masters from the Southern Barbarians sent me a lot of inheritance books. "

Ye Feng nodded slightly at this moment, and then looked at Tang Youyou not far away. He seemed to see the other person's dazed look, and immediately grinned and said: "Miss Tang, now for this friend I introduced Are you very satisfied? There will be absolutely no disadvantages in developing that small world with him in the future. On the contrary, it will have unparalleled benefits. And you must know that if the cultivation strength of my demon brother is not completely restored, He has completely returned to his peak form and will probably be even more terrifying."

Tang Youyou nodded immediately. After this battle, she also understood how powerful the ancient demon was, and he could definitely be called a super master.

At this time, Tang Youyou seemed to have thought of something, and immediately couldn't help but said: "We'd better leave here as soon as possible. After all, this is the activity range of so many beast masters. Maybe after their death, the people of the Southern Barbarians will The big forces will send even more terrifying powerful men here to investigate the reasons for the death of these beastmasters. Let's just leave this place as soon as possible."

Chapter 4634 Power Whirlpool

Obviously at this time, Tang Youyou was still very worried that other super powerful people from the Southern Barbarians would come here.

After all, these beast masters are too precious. Even in the Northern Territory, these beast masters are definitely guests of all major forces.

Therefore, these beast masters must have a very precious status in the Southern Barbarian land, whether they were trained by the Southern Barbarian Empire or not.

So at this time, Ye Feng and the ancient demon joined forces to kill all the beast masters at once, which naturally made Tang Youyou worried about terrible revenge later.

Ye Feng nodded and said, "Indeed, it's better to leave now."

Ye Feng also has a deep understanding of the powerful practitioners in the southern barbarian land, so it is the safest and safest choice to leave for now.

After all, their mission has been completed this time, and there will be no more crises at the entrance to the small world where the black market experts are stationed in the short term. ??

The ancient demon smiled slightly at this time and said loudly: "If those powerful practitioners from the southern barbarian land come to trouble us, I will let them know what cruelty is."

Hearing what the ancient demon said, Tang Youyou couldn't help but smiled bitterly and shook his head.

This ancient demon is indeed very powerful and very confident, but there are still too many powerful practitioners in the Southern Barbarians, so now we cannot just go head-to-head with the strong men in the Southern Barbarians.

At this moment, under the leadership of Tang Youyou, everyone quickly left the valley and destroyed the place.

Soon, they returned to the entrance to the small world where the black market was stationed.

This is the junction of the Northern Territory and the Southern Barbarian Land.

At this moment, Tang Youyou and a group of people suddenly saw a large number of strong men wearing black market clothes flying from the high sky in the distance.

When Tang Youyou saw this scene, his eyes immediately lit up and he said loudly: "It seems that the core experts of our black market have arrived. This time, my father has sent many experts from the base camp of the black market. Look, I came here to build a base for the entrance to this small world, because there are so many resources in that small world, and I can continuously collect a lot of wealth. "

Ye Feng also nodded at this time. That small world, which Ye Feng had entered before, does contain a lot of cultivation resources. If it is well developed, it can indeed allow the black market and even the royal family of the Blood Demon Dynasty to gain huge benefits. of wealth.

At this time, the ancient demon glanced at Ye Feng and said loudly: "Ye Feng, will you stay here forever? We can look for other cultivation resources in this primeval forest together and hunt down those ancient beasts. "

Ye Feng shook his head and said aloud: "I have been delayed here for a long time this time. I should go back directly to the palace of the Blood Demon Dynasty. After all, now that I have agreed to help the seventh prince to help him fight for the throne of the royal family, If I have the right to do so, I will definitely fulfill my promise."

Hearing what Ye Feng said, the ancient demon seemed to have a look of disappointment in his eyes. After all, he still wanted to practice with his brother Ye Feng in this borderland.

After all, they knew each other in the small world, and it was Ye Feng who rescued him from the seal, so the ancient demon was probably the only one in the world who trusted and was close to Ye Feng the most.

But at this moment, the ancient demon also

Without saying anything else, he just patted Ye Feng on the shoulder and said loudly: "Okay, since you have your goal, then go pursue it. If you have the opportunity, come here, and we two brothers can have a good time catching up with the past."

Ye Feng nodded, smiled and said: "There must be a chance. After all, the development of the small world this time is jointly developed by the royal family represented by the Seventh Prince and Tang Youyou, a black market lady. Next, I will say Maybe he will follow the Seventh Prince here."

Hearing what Ye Feng said, the ancient demon immediately nodded and said with a smile: "When the situation here stabilizes and my strength returns to its peak, I will go to the palace of the Blood Demon Dynasty to find you."

Ye Feng immediately smiled and nodded, and then said aloud: "But before you come to me, contact me in advance, and I will arrange an identity for you. Otherwise, with your identity as an ancient demon clan, you will not be able to enter the Blood Demon Dynasty. As for the palace, it will probably be immediately besieged by many superpowers from the Blood Demon Dynasty."

The ancient demon immediately nodded, grinned, and said loudly: "I would like to meet the so-called top experts of the Blood Demon Dynasty for a while."

Hearing such arrogant words from the ancient demon, Ye Feng just smiled and said nothing more. This is the character of the ancient demon, fearing nothing.

At this moment, Ye Feng looked at Tang Youyou and said loudly: "Miss Tang, since I have completed the hunting mission here for you, I will leave here directly. I am very happy this time. One hunting mission can improve my cultivation so much. If you have such a good opportunity in the future, you can contact me and I can rush over immediately to help you hunt down these powerful practitioners in the southern barbarian land. "

For Ye Feng, hunting down these practitioners from the more powerful southern barbarian land is indeed a good task, because Ye Feng can get a lot of powerful people's energy to absorb and devour, so that he can quickly improve your own skills and cultivation.

Hearing what Ye Feng said at this time, Tang Youyou smiled and said: "Okay, if there is a chance, I will definitely inform you."

When he said this, Tang Youyou suddenly looked in a certain direction not far away and said loudly: "Ye Feng, are you ready to leave here right now? Don't you want to stay for a while?"

Ye Feng shook his head and said, "I have been here for a long time."

After Tang Youyou heard this, he could only nod his head and said: "I can't go back to the imperial city of the Blood Demon Dynasty with you now, because I still have to be in charge of the construction of the base here. I hope that the people here The base can be established as soon as possible. I will contact you when I return to the imperial city. Then you can come to the black market and we will have a good chat. "

"good."

Ye Feng immediately nodded, then no longer hesitated, and jumped directly into the sky, flying quickly towards the direction of the Blood Demon Dynasty.

Looking at Ye Feng's leaving back, there seemed to be a trace of reluctance in Tang Youyou's beautiful eyes, but she knew that she had her own affairs now, and Ye Feng also had his affairs, so the two of them couldn't stay together all the time, we can only wait for the next chance to meet.

At this time, Ye Feng was concentrating on his way, flying quickly towards the palace of the Blood Demon Dynasty. He was going to find the Seventh Prince first, and first find out who the Seventh Prince's opponents in the royal family were now, so that he could also be mentally prepared. After all, there are crouching tigers and hidden dragons in the palace of the Blood Demon Dynasty. Even Ye Feng needs to be more cautious in the power whirlpool of such a huge dynasty.

Chapter 4635 Arrogant

Ye Feng's speed was very fast. In just a few days, he had passed through most of the land in the Northern Territory and finally arrived outside the imperial city of the Blood Demon Dynasty.

Ye Feng saw that there was a huge ancient city standing in front of him, surrounded by a sea of people and people coming and going, giving people a very prosperous feeling.

Seeing the bustling scene in the entire imperial city, Ye Feng even felt like he couldn't get back to his senses.

Because before, in that primeval forest, in that small world of ancient ruins, it was basically empty, desolate, and deserted. .??.

But after arriving in the imperial city of the Blood Demon Dynasty, Ye Feng saw so many people, so lively and full of fireworks, that Ye Feng naturally felt a strong sense of contrast.

At this moment, Ye Feng shook his head slightly and walked directly into the imperial city.

At this moment, Ye Feng did not look too much at the entire imperial city, and walked quickly towards the palace in the center of the imperial city.

Because what Ye Feng wants to find now is the seventh prince.

The seventh prince returned to the palace early after leaving the small world of ancient ruins.

At this moment, Ye Feng came to the palace and wanted to go directly to find the seventh prince.

But the moment Ye Feng entered the palace, he was suddenly stopped by a middle-aged man wearing golden armor.

Ye Feng glanced at the middle-aged man wearing armor. The cultivation aura on his body was at the same level as his own, and he was both a practitioner at the Yuanxinjing level.

But at this time, Ye Feng's eyes were very relaxed.

If Ye Feng had encountered a strong man of this level before, he would probably have thought that he was definitely the core strong man in the palace.

But Ye Feng's idea is also correct.

This middle-aged man wearing golden armor is indeed a very powerful being in the palace, and can be said to be the mainstay of the Blood Demon Dynasty.

But now, this kind of thing in the Blood Demon Dynasty Palace

A powerful man of this level is nothing in front of Ye Feng.

At this time, Ye Feng just asked very calmly: "Is there something wrong, sir?"

Seeing that a young man like Ye Feng actually spoke to him like this, the middle-aged man wearing golden armor had a look of displeasure in his eyes.

He couldn't see the aura of cultivation in Ye Feng at all, he just felt that Ye Feng was just a young man who didn't know how high the sky was.

But thinking of the order he had received, the middle-aged man in golden armor didn't say much. He just said, "Your name is Ye Feng, right? Her Royal Highness the Princess wants to see you."

When Ye Feng heard this, there was a look of surprise in his eyes.

Princess?

Ye Feng himself did not know this eldest princess of the Blood Demon Dynasty.

In response, Ye Feng just shook his head and said, "I have other things to do now and don't have time."

After saying that, Ye Feng was about to leave.

"presumptuous!"

At this moment, the middle-aged man in golden armor couldn't help but reveal a majestic look in his eyes, and said loudly: "Boy, I have tolerated you for a long time. For a top master like me in the palace, They are all so rude. You are just a young man and a core member of the Royal Academy of Cultivation. Her Royal Highness the Princess wants to see you and asked me to come and invite you in person. You are sincere enough. How dare you refuse directly?"

When Ye Feng heard what the middle-aged man in golden armor said, his eyes turned cold and he said loudly: "Do I still need your consent for anything I do? And we have just met for the first time. , it seemed like he was giving me a commanding tone, which made me very unhappy."

After saying that, Ye Feng directly said

leave.

"you.....!"

Seeing Ye Feng actually leaving, the armored man in golden armor immediately showed a furious look in his eyes and said loudly: "Boy, you are too arrogant! You must follow me today!"

boom!

At this moment, the man in the golden armor suddenly burst out with an extremely powerful cultivation aura, which was impressively powerful at the sixth level of Yuanxinjing!

This kind of cultivation is definitely regarded as a master-like existence in the palace of the Blood Demon Dynasty.

Uh-huh! .??.

At this moment, this middle-aged man wearing golden armor rushed towards Ye Feng, trying to force Ye Feng back to see the eldest princess.

But at this moment, Ye Feng waved his hand fiercely and shouted coldly: "Buy it!"

After saying that, Ye Feng's body suddenly burst out with a monstrous aura of cultivation, which spread around like a vast ocean. The middle-aged man in golden armor who wanted to capture Ye Feng suddenly He just couldn't help but was blown away by Ye Feng's momentum, and fell hard to the ground not far away. He even couldn't help but spit out a mouthful of blood.

"What??"

The middle-aged man wearing golden armor immediately felt deep fear at this moment, and couldn't help but said in horror: "This is impossible! This is actually the cultivation level of the tenth level of Yuanxinjing. Aura, and we are in the same realm, how could he blow me away in an instant with his aura? How terrifying is this guy's cultivation strength? How incredible is his combat power? "

At this moment, the middle-aged man in golden armor immediately widened his eyes, his eyes full of deep incredulity.

At this moment, the middle-aged man in golden armor obviously realized instantly that Ye Feng was an extremely terrifying existence.

\u003e At this time, he couldn't figure out why such a defiant young man came out of their Blood Demon Dynasty. He didn't even know him yet.

After all, Ye Feng can only be regarded as an ordinary core member in the Royal Training Academy, and he doesn't seem to have any too brilliant deeds.

Therefore, this middle-aged man wearing golden armor had a very dignified and condescending attitude toward Ye Feng at first.

Because he had never heard of someone like Ye Feng.

But he never thought that Ye Feng, a young man, would have such a terrifying level of cultivation, strength and fighting power. It was really unbelievable.

Even though this middle-aged man in golden armor from the Blood Demon Dynasty is a commander-level existence in the Blood Demon Dynasty's palace and serves the most noble princess in the Blood Demon Dynasty, he feels deeply at this moment. of fear.

Because the aura Ye Feng showed at that moment made him feel that this young man was as terrifying as a wild beast.

At this time, seeing Ye Feng's retreating back, the middle-aged man in armor immediately showed deep fear, deep helplessness and a wry smile on his face.

I really messed up this time.

I guess I will be given a good scolding by Her Royal Highness the Princess.

"I should be more respectful to this young man. After all, being able to have Her Royal Highness the Princess personally send me to invite him definitely shows how extraordinary this young man is. I'm still a little arrogant."

The middle-aged man in golden armor immediately couldn't help but murmured, but in his heart he was thinking about how to make up for the relationship with Ye Feng.

After all, he did not dare to tell Her Royal Highness the matter, otherwise, he knew that he would definitely be severely punished.

So now he can only think of ways to repair the messed up relationship with Ye Feng, and successfully invite Ye Feng to Her Royal Highness the Princess.

Chapter 4636 Silver Armor

At this time, after Ye Feng knocked away the middle-aged man in golden armor, he continued to walk quickly towards the residence of the seventh prince in the palace.

Ye Feng didn't bother to care about this middle-aged man in golden armor. As for the eldest princess wanting to see him, Ye Feng didn't know why, but he more or less guessed it.

It is estimated that now that he has become the helper of the Seventh Prince, the princes and powerful princesses in the entire Blood Demon Dynasty will definitely pay attention to him.

After all, every prince and princess wants to compete for the position of emperor of the Blood Demon Dynasty in the future, so if their opponents suddenly appear with inexplicable helpers, they will definitely investigate.

However, Ye Feng has always been relatively low-key in the Blood Demon Dynasty, so when he went to the Murong family where Murong Changming lived, he showed off some of his extremely powerful talents.

Therefore, Ye Feng felt that these so-called princesses and princes knew too little about him. Otherwise, the subordinates sent by the eldest princess would not be so condescending to him.

But Ye Feng didn't care, so he gave this middle-aged man in golden armor a lesson and left.

At this moment, Ye Feng was just walking quickly towards the place where the seventh prince lived.

Soon, Ye Feng came to the place where the seventh prince lived.

However, when Ye Feng arrived at the main hall where the Seventh Prince lived, he did not sense any of the Seventh Prince's aura, but Ye Feng still walked in to take a look.

Uh-huh!

But suddenly, at this moment, a young man wearing silver armor stood in front of Ye Feng, and then said coldly: "Who are you? Why did you trespass on the seventh prince's residence?"

Hearing what the young man in silver armor said, Ye Feng smiled slightly and said, "My name is Ye Feng, and I am the assistant of the Seventh Prince."

"You are the top genius that the Seventh Prince mentioned, Ye Feng?"

At this moment, the young man wearing silver armor suddenly showed a trace of surprise in his eyes.

This young man wearing silver armor is actually

There is a very powerful young man next to the Seventh Prince, and he is also a super genius, but he has been working under the Seventh Prince and has not joined the Royal Training Academy.

During the time when the Seventh Prince came back, this young man in silver armor heard countless times that the Seventh Prince said that the top genius was named Ye Feng.

Therefore, this young man wearing silver armor has always been very curious about Ye Feng, and at the same time, he is still a little dissatisfied. He does not believe that someone of his generation can be so defiant, and feels that the Seventh Prince is too exaggerated. Ye Feng's strength is innate.

So at this time, after meeting Ye Feng, this young man wearing silver armor naturally took a good look at Ye Feng.

However, he looked carefully and found that the cultivation aura on Ye Feng's body was indeed a bit unfathomable, and it turned out to be the tenth level of Yuanxinjing.

At this time, the young man wearing silver armor couldn't help but said: "My name is Yin Kai, and I am the strongest man of the younger generation next to the Seventh Prince. Like you, I have the tenth level of Yuanxinjing." The aura of perfect cultivation, but I feel that you are indeed stronger than me, because this is a feeling of fear in the subconscious, but I still want to fight with you, not that I am targeting you, but that I really I really want to know how powerful you are, Ye Feng, whom the Seventh Prince has praised so much these days, and whether it is really what the Seventh Prince said."

Hearing what the silver armor in front of him said, Ye Feng's eyes suddenly revealed a look of surprise, and then he couldn't help but smile, nodded, and said: "Okay, since you are the strong man next to the Seventh Prince, Then I will give you a chance to challenge. It just so happens that the Seventh Prince is not here right now, and I don't have anything else to do."

After saying that, Ye Feng just stood there and said slowly: "Yin Kai, you can take action directly, otherwise, you will have no chance to take action."

Hearing what Ye Feng said, the silver-armored man suddenly showed a look of dissatisfaction in his eyes, and said loudly: "No matter your strength,

How is your strength? Anyway, I only know one thing. You are very confident, and you can say such confident words, but sometimes being too confident in yourself often means that your strength is not very good. "

boom! !

Almost at the moment Yin Kai finished speaking, Yin Kai immediately burst out with his extremely powerful cultivation power.

I have to say that this silver armor is worthy of being the number one superpower of the younger generation next to the Seventh Prince, and he is still very powerful.

The momentum of his cultivation immediately formed a violent hurricane around him, destroying many surrounding buildings.

Uh-huh!

At this moment, the silver armor immediately rushed towards Ye Feng, with an extremely terrifying impact.

At this moment, a silver long knife even appeared in the silver armor's hand, with the power to cut the sky and the earth, and slashed towards Ye Feng.

But at the next moment, what shocked Yin Kai was that Ye Feng only stretched out two fingers in the face of his terrifying attack.

Then Ye Feng's two fingers turned into golden fingers and directly clamped the knife in his hand.

Then Yin Kai discovered in shock that his hands holding the long knife could not move at all.

Ye Feng's two fingers clamped his long knife. It was as if the long knife was suppressed by two towering ancient mountains. There was no way to move it.

At this moment, the violent cultivation aura on Yin Kai's body immediately completely dissipated.

A deep wry smile suddenly appeared on Yin Kai's face, and he said loudly: "I lost."

Ye Feng smiled and said: "I can feel that you still have many methods that you have not yet used."

Silver Armor immediately shook his head and said loudly: "There is no need to use it anymore, because it is meaningless. With my fierce knife, you clamped me with just two fingers, and I couldn't even move." , how can we fight this?"

At this moment, Yin Kai immediately stared at Ye Feng in front of him, his eyes

There is a deep feeling of shock in it.

Because Ye Feng was a little younger than him, and their cultivation levels were at the same level, he didn't expect that Ye Feng's combat power was so much stronger than him, and he couldn't see through Ye Feng's specific level at all.

At this time, Yin Kai couldn't help but said: "But I will continue to work hard to practice in the future. My silver giant bloodline has not been completely activated and awakened. After it is awakened, I will challenge you."

Ye Feng smiled and said, "You are welcome to challenge at any time."

When talking about this, Ye Feng suddenly asked: "Where did the Seventh Prince go, and why hasn't he come back yet?"

There was also a look of doubt in Yin Kai's eyes, and he said aloud: "Logically speaking, the Seventh Prince should be back by now, but it's a bit strange that he hasn't come back for so long."

When Ye Feng heard what the silver armor said, he immediately had some bad premonitions in his heart and quickly asked: "What did the Seventh Prince do just now?"

Yin Kai immediately spoke up and said: "The seventh prince just went to a large store in our imperial city called "World Chamber of Commerce" with a businessman in the imperial city to buy some treasures. He said he wanted to select some high-end treasures. , to welcome Ye Feng back, so to be honest, I was quite jealous of you before. After all, for so many years, I have always been the young genius that the Seventh Prince valued most, but now I have become Ye Feng, But after the battle just now, I am no longer jealous, because your strength and talent are indeed much better than mine, but I will not admit defeat..."

At this moment, while the silver armor was chattering, Ye Feng said loudly: "The Seventh Prince has not come back for so long, so he is probably in danger."

"In danger?"

When Yin Kai heard what Ye Feng said, his eyes suddenly showed a look of surprise, and then he couldn't help but shook his head and said: "It shouldn't be possible, the seventh prince brought an elder and powerful person from our royal family with him. "

Ye Feng shook his head and said: "There are many strong people in the Blood Demon Dynasty, and there are also many strong people outside the Blood Demon Dynasty. Let's go to the World Chamber of Commerce and look for the seventh prince directly."

Chapter 4637 World Chamber of Commerce

Hearing what Ye Feng said, the silver-armored man also had a look of doubt in his eyes, and said loudly: "The Seventh Prince went out this time and has indeed not been back for a long time, so let's go over and take a look, so we can rest assured. "

Ye Feng nodded, and then said: "Yinkai, please lead the way. I don't know where the Tianxia Chamber of Commerce is in the imperial city."

Yin Kai nodded and immediately said: "I know the location. I have been to the Tianxia Chamber of Commerce once before. I will take you there."

Uh-huh!

After saying that, Yin Kai held the knife in his hand and flew towards the imperial city area outside the palace with Ye Feng.

Ye Feng also quickly followed.

At this time, along the way, Yin Kai was praising Ye Feng for his strength, which made Ye Feng couldn't help but shake his head with a wry smile.

The most powerful man of the young generation next to the Seventh Prince was just caught in a knife by himself, but he was so praised by him that Ye Feng never expected.

But I have to say that this Yin Kai can be said to be a talker. He kept talking without stopping, which made Ye Feng even a little annoyed after hearing it at the end.

But finally, the two of them arrived at the destination of their trip, the World Chamber of Commerce. ??

At this time, Ye Feng saw a huge building appearing in front of him.

It was a huge pavilion with nine floors. It looked very splendid and majestic, even more majestic than some buildings in the palace. It was enough to show that the background of this World Chamber of Commerce must be very profound.

At this moment, Yin Kai and Ye Feng came directly to the door of the Tianxia Chamber of Commerce.

There were several guards at the entrance of the Tianxia Chamber of Commerce, but when they saw Yin Kai's silver armor and his extraordinary aura, they immediately couldn't help but said respectfully: "The two distinguished guests came to our Tianxia Chamber of Commerce and wanted to buy some treasures. Or attend today's auction?"

Upon hearing what the two guards said, Yin Kai immediately took out a token from his storage ring, placed it in front of the two guards, and then said aloud: "I am a young man under the command of the Seventh Prince. The strongest man of the generation, Silver Armor. As far as I know, the Seventh Prince should have come to your Tianxia Chamber of Commerce three hours ago, and a core figure of your Tianxia Chamber of Commerce seemed to be going to pick some precious treasures, but to Now that the Seventh Prince has not returned, I want to find out why."

Hearing what Yin Kai said, the guards' eyes immediately showed respect, and they said loudly: "Okay, let's report it."

After saying that, the guards went directly in to report.

Seeing how normal these guards were, Yin Kai couldn't help but said with some confusion: "Ye Feng, I think you are a little too worried."

Ye Feng shook his head and said aloud: "These guards are just the most ordinary guards of the World Chamber of Commerce. What kind of inside story can they know? Even if the seventh prince has an accident in the World Chamber of Commerce, they don't know."

While Ye Feng and Yin Kai were talking, the guard who had just gone to report had already walked out with a middle-aged man wearing a red robe.

This middle-aged man in a red robe, when he saw Ye Feng and Yin Kai, especially when he saw Yin Kai, he immediately

He said rather politely: "It turns out to be Mr. Yinkai. I am the vice president of the Tianxia Chamber of Commerce. Shen Gui. Mr. Yinkai came here this time to find the seventh prince. But as far as I know, the seventh prince is here." He left our Tianxia Chamber of Commerce an hour ago, and seems to have left the Imperial City to go to a place outside the Imperial City for something particularly important. "

"What?"

After hearing what the vice president of the World Chamber of Commerce said, both Ye Feng and Yin Kai's expressions suddenly changed.

At this time, Yin Kai finally realized that something might have happened to the Seventh Prince. Otherwise, it would have been impossible for him to come back after so long.

At this moment, Ye Feng immediately asked Yin Kai to continue asking some important questions. After all, although Ye Feng is now very powerful in cultivation, he and Yin Kai have been hanging around in the imperial city and palace of the Blood Demon Dynasty for many years. Compared with the strongest young man next to the Seventh Prince, he was still far behind.

Therefore, it is the most appropriate time for Yin Kai to ask questions at this time, and the other party will definitely tell you everything.

At this time, Yin Kai immediately nodded, then looked at the vice president of the Tianxia Chamber of Commerce in front of him, and said loudly: "Who did His Highness the Seventh Prince leave your Chamber of Commerce with?"

The vice president of the Tianxia Chamber of Commerce immediately spoke out: "His Royal Highness the Seventh Prince left our Tianxia Chamber of Commerce together with the young president of our Tianxia Chamber of Commerce. They went to a place outside the imperial city. The place they went to seemed like It's a wilderness outside our imperial city. It seems that our young president discovered something special in that place and wanted His Highness the Seventh Prince to go explore it with him. They all brought senior experts with them, so the two of them Don't worry so much, sir, nothing unexpected will happen."

Hearing what the vice president of the World Chamber of Commerce said, Yin Kai glanced at Ye Feng, as if waiting for Ye Feng's decision.

Ye Feng immediately spoke up and said: "Vice President, please take us to find the Seventh Prince and the Young President of your World Chamber of Commerce. It has been so long, I think it is necessary to go and see them. Is there any danger?"

Hearing what Ye Feng said, the vice president of the World Chamber of Commerce looked a little confused, as if he didn't know what kind of person Ye Feng was.

But at this time, Yin Kai said impatiently: "Vice President, you can do whatever Ye Feng says."

Hearing what Yin Kai said, the vice president of the World Chamber of Commerce immediately nodded and said, "Okay, since you two insist, I will take you there."

When he said this, the vice president of the Tianxia Chamber of Commerce walked directly into the chamber of commerce, took out an ancient map, and then came out again and said loudly: "We, the Tianxia Chamber of Commerce, were at an auction before. An ancient map was collected. Through this ancient map, the young president of our Tianxia Chamber of Commerce found an ancient cave hidden somewhere in the wilderness outside the deserted city. She wanted to invite the seventh prince. Your Highness, let's explore that ancient cave together."

When Ye Feng heard what the vice-president said, he immediately nodded solemnly and said: "Ancient caves like this in the wilderness are usually left by super powerful people in ancient times. They are very special." It's so dangerous, hurry up and take us there to take a look."

The vice president of the Tianxia Chamber of Commerce no longer hesitated at this time, nodded, and directly led the two of them to fly quickly towards a certain wilderness outside the imperial city.

Chapter 4638 Dark Creatures

At this time, Ye Feng and Yin Kai were following behind the vice president.

Ye Feng couldn't help but asked: "By the way, Vice President, how could you, the young president of the World Chamber of Commerce, think of using the seventh prince, the weakest prince, to explore the treasure left by that ancient powerful man? Cave?"

"Forehead....."

Hearing what Ye Feng said, the corner of Yin Kai's mouth twitched slightly.

Ye Feng actually said directly in front of outsiders that the seventh prince they worked for was the weakest prince.

Although this is true, it cannot be said directly.

It's so embarrassing!

When the vice president of the Tianxia Chamber of Commerce heard what Ye Feng said, he couldn't help but twitch the corners of his eyes.

I didn't expect that a young man like Ye Feng could speak so directly. He was so simple-minded.

The vice president of the Tianxia Chamber of Commerce does not know Ye Feng and does not know what kind of identity Ye Feng has.

But Ye Feng actually directly said that the seventh prince was the weakest prince in the Blood Demon Dynasty. The vice president of the World Chamber of Commerce suddenly felt that Ye Feng's emotional intelligence was too low.

He estimated that if this guy was by the Seventh Prince's side, even if he worked for the Seventh Prince, he would probably be the one who was the most alienated from the Seventh Prince, because

he really couldn't speak. He was like an idiot and didn't know how to compliment a distinguished prince. .

At this time, the vice president of the Tianxia Chamber of Commerce didn't know how to answer Ye Feng's question.

Ye Feng felt a little strange and couldn't help but asked: "What's wrong? Is there anything inconvenient to say?"

Hearing what Ye Feng said, the vice president of the Tianxia Chamber of Commerce could only say helplessly: "I don't know much about this. It seems that at a royal banquet before, the young president and the seventh president of our Tianxia Chamber of Commerce We already know the prince, and our young president of the Tianxia Chamber of Commerce seems to think that the seventh prince is very

It often has the value of support, so it has a very good business relationship with the Seventh Prince. That's why our young president invited the Seventh Prince to explore the ancient cave together, because our World Chamber of Commerce is in the imperial city of the Blood Demon Dynasty. Among them, there is not a particularly big chamber of commerce. It is very difficult to catch up with other princes or princesses. The seventh prince is the prince chosen by our young president, because the seventh prince is now just like Mr. Ye Feng. As I said, he is a slightly weaker one among the many princes, so the young president of our World Chamber of Commerce thinks this is a good opportunity to establish a relationship with the royal family of the Blood Demon Dynasty. After all, our World Chamber of Commerce wants to become a prince in the future. A larger chamber of commerce will definitely need to have royal supporters behind it. "

Hearing what the vice president of the Tianxia Chamber of Commerce said, Yin Kai's eyes did show a look of surprise. It seemed that he did not expect that the young president of the Tianxia Chamber of Commerce could take such a long-term view, knowing that the seventh prince was now She is the weakest among all the princes and princesses in the entire blood demon dynasty. She still wants to have a good relationship with the seventh prince, looking at the future.

It has to be said that the young president of the World Chamber of Commerce is still very courageous. He wants to take a gamble and bet that the seventh prince will become the strongest among all the princes and princesses in the future.

In this case, the young president of the Tianxia Chamber of Commerce who had helped the seventh prince could rely on the strength of the seventh prince to become the largest chamber of commerce in the entire imperial city.

After thinking about this at this moment, Yin Kai finally understood why the seventh prince always liked to come to the Tianxia Chamber of Commerce to buy things. It turned out that there was such a mutual cooperation and support relationship between the seventh prince and the young president of the Tianxia Chamber of Commerce. .

At this moment, Ye Feng is not very interested in this aspect. Now Ye Feng just wants to know

Was the seventh prince in danger?

And just when everyone was talking about this, the vice president of the World Chamber of Commerce had already brought Ye Feng and Yin Kai to the ancient cave indicated on the map.

The next moment they immediately saw a huge pothole appearing in the wilderness in the distance, with a lot of soil piled up around it.

Obviously, this ancient cave has been found by the Seventh Prince and the young president of the Tianxia Chamber of Commerce, and they have even dug into it.

At this time, Yin Kai couldn't help but said: "Ye Feng, do we want to go down directly?"

Ye Feng nodded and said, "Of course I have to go down."

The vice-president of the Tianxia Chamber of Commerce just couldn't help but said: "I'll go down with you. Now that you're telling me, I'm a little worried that our young president of the Tianxia Chamber of Commerce may also have encountered some dangers in this ancient cave. " ??

It has to be said that the cultivation strength of the vice-president of the World Chamber of Commerce is still very powerful. After all, he is the vice-president of a large chamber of commerce and an elder-level figure in the Imperial City of the Blood Demon Dynasty.

At this moment, Ye Feng nodded, then jumped up and jumped down first.

Yin Kai and the vice president of the Tianxia Chamber of Commerce jumped down.

As they fell, they soon landed at the bottom of the underground pit.

The next moment they saw that most of the buildings in the ancient cave had collapsed, and there were messy traces of battles around them.

When Yin Kai saw this scene, he couldn't help but said: "I guess the seventh prince and the young president of the Tianxia Chamber of Commerce must have encountered some obstacles when they came here. It is very likely that they were left behind by the owner of the ancient cave. That's why there are so many traces of battle."

Uh-huh!

And just as Yin Kai was talking, a black shadow suddenly came out of the surrounding ruins.

That turned out to be a vampire bat as tall as a person!

This is a very evil dark creature that specializes in sucking human blood. It looks very ferocious and terrifying.

Clang!

But in the next moment, Yin Kai, as the strongest man of the younger generation next to the Seventh Prince, was naturally very fast, and he drew his sword and slashed forward.

The silver long knife in his hand had terrifying sharpness and impact. It instantly split the base of the vampire bat that had just approached into two halves, staining the spot with blood.

It has to be said that Silver Armor is still very powerful. Although he seems to be quite weak when facing Ye Feng, but taken alone, Silver Armor's strength is definitely ranked among the younger generation of the entire Blood Demon Dynasty.

Even some figures from the older generation are probably no match for Silver Armor. They are worthy of being the strong men of the younger generation that the Seventh Prince valued most before Ye Feng arrived.

Yin Kai couldn't help but say at this time: "I didn't expect such an evil vampire bat to exist in this ancient cave."

Ye Feng also frowned and said aloud: "Let's rush towards the depths of this ancient cave. I always have an inexplicable feeling that this ancient cave may not have the Seventh Prince and your World Chamber of Commerce. The young president thinks so simply, this ancient cave feels like the lair of a dark creature."

"What?"

Hearing what Ye Feng said, the old man wearing a red robe, the vice president of the Tianxia Chamber of Commerce next to him, immediately showed a nervous look in his eyes and said quickly: "Then let's go over and take a look. The young president can't have any accidents!"

Chapter 4639 Bat Lair

At this time, Ye Feng should take the first step and move forward in this cave.

Yin Kai and the vice president of the Tianxia Chamber of Commerce also walked to both sides of Ye Feng, staring at the environment of the ancient cave around them with vigilant expressions.

Because in the ruins just now, a vampire bat as tall as a person suddenly appeared, which made people feel very scary.

Moreover, Ye Feng said just now that he could feel that this ancient cave didn't look like a place where ancient powerful people left their wealth, but rather a home of dark creatures.

So everyone became very cautious.

At this moment, Yin Kai, the strongest man of the younger generation next to the Seventh Prince, also realized that something was wrong, and couldn't help but said: "Ye Feng, what do you think the Seventh Prince would be like if he encountered something in this ancient cave?" Something unexpected happened, what should I do?"

At this moment, Yin Kai was naturally very worried.

Because he is the strongest person of the young generation beside the Seventh Prince and has been working for the Seventh Prince for a long time, so he has some feelings for the Seventh Prince.

And after the seventh prince is gone, it will definitely have a huge impact on Yinkai's future.

Ye Feng glanced at the silver armor next to him at this moment, and couldn't help but said: "The Seventh Prince and the Young President of the World Chamber of Commerce, this time entering this ancient cave, they did not come alone, but They are all strong men of the older generation with their own powers. If they are protected by the strong men of the older generation, their lives should not be in danger. "

Hearing what Ye Feng said, Yin Kai and the vice president of the Tianxia Chamber of Commerce beside him nodded.

At this time, they could only hope that the elders brought by the seventh prince and their young president were strong enough to protect these two young men.

At this time, Ye Feng flew forward quickly, and Yin Kai and the vice president were also following Ye Feng.

At this moment, both of them had vaguely touched Ye Feng

Seeing him as the leader, he followed Ye Feng.

Because since Ye Feng entered this ancient cave, all his judgments have been very correct.

Yin Kai knew that Ye Feng was very powerful and was the most important person to the Seventh Prince.

And the vice president of the Tianxia Chamber of Commerce, when he saw the extremely arrogant Yin Kai, became very submissive in front of Ye Feng, he immediately understood that Ye Feng was definitely not as simple as he imagined. An extremely important figure next to the Seventh Prince.

Otherwise, it would be impossible for Yin Kai, an extremely arrogant guy, to be so obedient to Ye Feng.

So at this time, the vice president of the World Chamber of Commerce looked at Ye Feng with a look of deep curiosity.

He couldn't understand who this seemingly ordinary young man in white was, and why he had never heard of such a person in the palace of the Blood Demon Dynasty.

After all, as the vice-president of the Tianxia Chamber of Commerce, he must keep all the important figures in the royal family in his mind while wandering around in the entire imperial city that needs an imperial dynasty.

But he had never seen such a powerful person as Ye Feng.

But Ye Feng seemed so important in front of Yin Kai, which naturally made the vice president of the World Chamber of Commerce very curious and very surprised.

At this moment, Ye Feng didn't care about the thoughts of the people around him. He just focused on flying quickly towards the deep area of this ancient cave.

Boom!

Suddenly, when they were passing through a passage, the surrounding walls exploded, and several vampire bats were as tall as two people, and they were even covered with

The black scales appeared, and they immediately charged towards the three of them.

Uh-huh!

Yin Kai didn't hesitate at this moment. He held the long knife in his hand and immediately slashed forward.

The silver long knife in his hand was so terrifyingly sharp that it directly split a vampire bat that was two people tall into two halves.

The vice president of the Tianxia Chamber of Commerce on the other side of Ye Feng, as an older figure, is also very powerful. He looks elegant and seems to be a very elegant middle-aged man, but

there is something in his hand. A hammer with a length of more than ten meters beat a vampire bat to death and smashed it into pieces in an instant!

I have to say that the vice president of the World Chamber of Commerce is still very powerful.

At this time, Yin Kai couldn't help frowning and said: "The further you go towards the deep area of this ancient cave, the more powerful these vampire bats seem to be. Both of these vampire bats It has grown to be as tall as two people, and its body is covered with dense black scales. It is obviously much more advanced than the vampire bat we encountered when we first entered this ancient cave. Could it be that the depths of this ancient cave are , is really as you said, Ye Feng, the home of a dark creature. In that case, the Seventh Prince and the young president of the World Chamber of Commerce, even with the protection of the powerful elders, may have really encountered something unexpected. "

"Crow's Mouth."

At this time, Ye Feng glanced at Yin Kai and said loudly: "You can stop talking and move forward with peace of mind to find the Seventh Prince."

Hearing what Ye Feng said, Yin Kai had no choice but to shut his mouth.

At this time, seeing Ye Feng speaking so rudely, the vice president of the Tianxia Chamber of Commerce was even more shocked.

Because in his eyes, Yin Kai, the number one young powerhouse next to the Seventh Prince, was very aloof and arrogant.

He didn't obey anyone in the royal family, but he didn't expect that in front of Ye Feng, he didn't say anything after being reprimanded by Ye Feng.

This really made the vice president of the World Chamber of Commerce feel very strange and surprised. He was even more curious about Ye Feng's identity.

At this moment, Ye Feng put the corpses of these vampire bats into his storage ring, secretly devouring the blood energy of these vampire bats.

However, these vampire bats were very weak. If Ye Feng swallowed them, they would only increase his power a little bit, but they were not of much use. Ye Feng couldn't help but shake his head.

However, as the old saying goes, a drop of water can penetrate a stone. As long as you accumulate slowly and continuously, even if you accumulate a little bit each time, quantitative changes will eventually lead to qualitative changes.

Just as Ye Feng was thinking about it, they were finally reaching the deepest area of this ancient cave.

Suddenly they broke into an underground space in the deepest part of this ancient cave, where a huge underground palace appeared.

At this moment, everyone saw a very shocking scene.

I saw densely packed vampire bats, some small and some big, all of them extremely ferocious.

At this moment, these densely packed vampire bats are all lying around the underground palace in the distance. There are also many vampire bats flying high in the sky, giving the impression that this place is like a vampire bat nest. Same.

At this moment, in the hall ahead, a woman with eyes emitting a strange red light and looking extremely evil seemed to be a bat queen in the form of a terrifying vampire bat. At this moment, she was actually absorbing a powerful elder from the royal family. of blood.

The seventh prince and the young president of the Tianxia Chamber of Commerce were being tied up and thrown to the ground with fear in their eyes.

Chapter 4640 Bat Queen

At this time, what Ye Feng didn't expect was that the young president of the Tianxia Chamber of Commerce turned out to be a young woman who seemed to be somewhat elegant.

But Ye Feng didn't think much about it at this time. He just looked at the palace not far away. He looked at the seventh prince and the young president of the Tianxia Chamber of Commerce who were lying on the ground and tied up. There was a trace of thinking in his eyes. It seemed that Thinking about how to rescue these two people.

After all, there are densely packed vampire bats around that underground space, and each of these bats is very terrifying. They are not ordinary bats, but bats that have been cultivated into spirits.

Not to mention that there was a bat-queen-like woman in the underground palace who looked unfathomable.

So at this time, Ye Feng was thinking about how to safely save the seventh prince and the young president of the Tianxia Chamber of Commerce.

After all, if he attacks rashly, the terrifying Bat Queen might kill the Seventh Prince and the Young President of the World Chamber of Commerce on the spot, which would be more of a loss than a gain.

But before Ye Feng could say anything more, the two people beside him rushed out.

Whether it was Yin Kai or the vice-president of the Tianxia Chamber of Commerce, when he saw the Seventh Prince and the young president of the Tianxia Chamber of Commerce tied up in the palace by Wuhua Da, he could not bear it any longer and actually rushed towards them quickly. And go.

At this time, Ye Feng saw how impulsive these two people were and couldn't help but shake his head.

But at this time, since Yin Kai and the vice president of the Tianxia Chamber of Commerce had already rushed out, Ye Feng didn't think much about it and just followed the two of them out. ??

At this moment, the silver armor was glowing with bright silver light, and the silver long knife held in his hand had terrifying power and was slashing directly forward.

boom!

Suddenly, a terrifying silver sword light erupted directly from the long knife in the silver armor's hand. In an instant, a dozen vampire bats in front of him were directly split in half.

And Yin Kai's proactive attack immediately

It attracted the attention of countless vampire bats around this underground space, and suddenly there was a dense roar.

Terrible vampire bats, even bats several hundred meters in size, all swarmed towards the silver armor.

At this moment, Silver Armor was suddenly surrounded by countless vampire bats.

Although Yin Kai is the strongest young man next to the Seventh Prince, Yin Kai is not as strong as the real elders after all, so at this moment, he was surrounded by so many vampire bats. Naturally, Yin Kai was in a hurry.

At this moment, Ye Feng instantly released the fire attribute flame power that he had practiced before.

boom!

At this moment, Ye Feng's body suddenly burst out with flames of different colors, spreading towards the surroundings, burning all the vampire bats that rushed over first to a blackened state. , fell from a high altitude.

Obviously, these vampire bats are dark creatures, so they are very afraid of the power of fire.

At this moment, Ye Feng relieved Yin Kai, and Yin Kai immediately said: "Thank you!"

Silver Armor knew very well that it would be difficult for him to break through the defense of these vampire bats alone.

So at this time, Yin Kai could only follow Ye Feng and couldn't help but say: "Ye Feng, let's join hands and rush to the underground palace to save the seventh prince."

At this moment, the vice president of the Tianxia Chamber of Commerce had to come to Ye Feng's side, because it was difficult for him to deal with the dense surging vampire bats on his own.

After all, there are thousands of vampire bats, and they are not ordinary bats, they have become spirits through cultivation.

The vampire bats are quite powerful. Thousands of vampire bats are all surging together. Even strong men like Yin Kai or the vice president of the Tianxia Chamber of Commerce are difficult to fight against for a while. The group of vampire bats were like a torrent of steel, and they were a little helpless under the attack.

At this moment, Ye Feng nodded immediately, and then inspired the power of the immortal body of the god.

Boom! !

At this moment, Ye Feng's body suddenly burst out with brilliant golden light.

Ye Feng's entire body turned into the color of pure gold. He charged towards the sky. He didn't need to use any magic weapon or various inheritance methods at all. It was just the simple and crude power of the body, a punch. Another punch struck out.

Ye Feng's whole body was glowing with bright golden light, and his golden fists contained terrifying destructive power. Every punch struck out was like the sharpest spear in the world being struck out, shattering into pieces in an instant. A large number of vampire bats.

No matter how powerful the vampire bats are, even those that have grown to several hundred meters, at this moment, under the attack of Ye Feng's two golden fists, they explode into pieces of blood mist.

At this time, Ye Feng secretly swallowed some blood energy, and was suddenly surprised to find that his skill increased a lot.

After all, these vampire bats are really the bats in the lair, and their skills and blood energy are very advanced and powerful.

After Ye Feng kills and devours it, he can greatly improve his skills. ??

And while Ye Feng was frantically killing these vampire bats, Yin Kai and the vice president of the Tianxia Chamber of Commerce behind him couldn't help showing deep shock on their faces.

You must know that with their own powerful magic weapons, it is difficult for them to break through the large siege of vampire bats in front of them.

But Ye Feng did not use any magic weapon or weapon at all. The pure power of his body was able to explode with such terrifying power and such terrifying damage. It was really shocking.

The vice president of the Tianxia Chamber of Commerce immediately couldn't help but exclaimed in amazement: "Master Ye Feng is as ferocious as a humanoid beast. Every part of his body is the most terrifying weapon in the world. This kind of The power of the body is too strong. Mr. Ye Feng must have some kind of very advanced and special powerful physique. Otherwise, it would be impossible for him to have such a powerful force."

Silver Armor couldn't help but nodded at this time. At this time, he finally understood why Ye Feng could clamp his fierce knife with two fingers. It turned out that the power of Ye Feng's body was so terrifying.

Silver Armor even felt that the power of Ye Feng's body was probably even more powerful than if he inspired his Silver Giant bloodline in the future.

And just as they were thinking about it, Yin Kai and the vice-president did not hesitate at all, and quickly followed behind Ye Feng, who was like a golden god of war, to assist Ye Feng's attack.

Soon, the three of them broke through the siege of a group of vampire bats and finally rushed to the underground palace.

At this time, the Bat Queen in the underground palace, who had been absorbing the blood of an elder of the royal family just now, slowly stood up, and a hint of coldness suddenly appeared in her strange red eyes. , said loudly: "You are so brave, you dare to break in here, you should be the companions of these human races, but you are of no use here, you will all become the food of this queen!"

When she said this, the Bat Queen immediately stared at Ye Feng, appeared and said: "Especially you, the power of the body is too powerful, the golden blood is so noble, I seem to be able to see it It contains extremely high-level vitality and bloodline power, which will definitely be of great benefit to me. I can't help but want to eat you, you human boy!"
