Chapter 4651 Castle

Obviously, this middle-aged man in black armor felt that Ye Feng looked ordinary, just a handsome-looking young man, and the fluctuations in his cultivation level did not seem to be as powerful as imagined.

Therefore, this middle-aged man in black armor suddenly felt that the reason why Ye Feng was so valued by the eldest princess was probably not because Ye Feng himself was very powerful or stunningly talented, but because Ye Feng came from a super scary person. 's big family.

In order to compete for the throne, Her Royal Highness the Princess is very interested in the super big family behind Ye Feng, and wants to win over Ye Feng to win over the super big family behind Ye Feng.

Thinking of this, the man in black armor became more sure of his guess. He felt that Ye Feng might really be like this.

However, Ye Feng didn't know what this middle-aged man in black armor was thinking, but even if Ye Feng knew this middle-aged man in black armor's guess that he was a child of a super big family, Ye Feng probably wouldn't care.

After all, Ye Feng has always lived his own life and cultivated his own way since he entered the cultivation path, and rarely cared about what others said.

So even if Ye Feng is misunderstood by this middle-aged man in black armor, and even if this man in black armor may look down on Ye Feng himself, Ye Feng probably won't care if he knows about it.

At this moment, Ye Feng just remained silent, following behind the middle-aged man in black armor, flying quickly towards a certain direction of the palace.

On the way, Ye Feng was actually thinking about why Her Royal Highness the Princess suddenly wanted to see him, and even sent experts twice in a row to invite him.

Is it to win over yourself?

But Ye Feng knew very well that in the Blood Demon Dynasty, or in the previous Royal Training Academy, he seemed to have never done anything earth-shattering, nor did he show off his powerful talents. He didn't know what the eldest princess wanted to see him for. What.

And when Ye Feng was thinking secretly, the middle-aged man in black armor who was leading the way suddenly said loudly: "Master Ye Feng, we have arrived."

At this time, Ye Feng immediately looked forward, and immediately saw the palace land in front of him, which was actually filled with dense trees.

Every tree is very tall and looks like a forest planted in the palace.

Compared with the small royal garden where the seventh prince was, it looked much more original and more shocking.

Ye Feng knew very well that planting such a primeval forest-like place in a place where land is so valuable in the palace must be very costly.

However, Ye Feng also knew that Her Royal Highness the Princess seemed to be a very powerful person among the princes and princesses of the entire Blood Demon Dynasty.

Although this eldest princess is a woman, she is much more powerful than some princes, very ambitious, and her status is very high and noble.

Therefore, it is reasonable for her to plant such a forest in a place like the palace, where every inch of land is precious, just for herself to live in.

After all, the more distinguished a person is and the more powerful he is, the higher the privileges he will enjoy.

At this moment, Ye Feng followed this

The middle-aged man in black armor walked into this primitive forest.

Ye Feng felt it immediately. The very good air hit his face. The fresh air with soil and leaves made Ye Feng feel refreshed.

Ye Feng suddenly discovered to his surprise that the air emanating from this primeval forest was not only very fresh, but also made Ye Feng feel that his spirit and soul had become much refreshed after taking a breath. I briefly forgot some of my distracting thoughts.

After sensing all this, Ye Feng suddenly showed a look of surprise in his eyes. He couldn't help but look at the middle-aged man in black armor who was leading the way, and asked aloud: "Are the trees planted in this primitive forest very special?" Is it unusual? It seems to have a special effect on the spirit."

Hearing Ye Feng's question, the middle-aged man in black armor immediately showed surprise in his eyes. He couldn't help but stare at Ye Feng beside him, with an approving smile on his face and said loudly: "Ye Feng Young Master is right. Young Master Ye Feng is really powerful. He immediately realized that the trees in this primitive forest are extraordinary. Yes, the trees in this primitive forest have different types. Most of the types of trees are very special. The rare ancient spiritual trees were personally excavated by Her Royal Highness the Princess from the vast wilderness at the edge of our northern region. Many special types of precious trees were planted here. They are of great benefit to the cultivation of warriors and their mental stability. , which allows cultivators to enter the state of cultivation to the maximum extent when living in this primitive forest. Moreover, many ancient tea trees of enlightenment are planted in this primitive forest. The smell emitted can make people enter the state of enlightenment instantly. This A primeval forest is a treasure in our palace, but now it is exclusively owned by Her Royal Highness, which shows how powerful Her Royal Highness is. "

When he said this, the middle-aged man in black armor looked at Ye Feng and said meaningfully: "Master Ye Feng, when you see Her Highness the Princess, I hope you can have a good chat with Her Highness. Let's talk, I know that Mr. Ye Feng, you seem to be working for the Seventh Prince now, but with all due respect, the Seventh Prince is the weakest among all the princes and princesses, and without any power or trump card, he will never be able to make a comeback, Ye A genius like Mr. Feng is really wasted next to the Seventh Prince. "

Hearing what the middle-aged man in black armor said, Ye Feng immediately smiled and didn't say anything more, just nodded.

At this time, the middle-aged man in black armor didn't say anything more. He knew that Ye Feng must have already known what he said.

In order to meet Ye Feng, Her Royal Highness the Princess invited her repeatedly and was so polite. It was definitely not just for a chat, but for deeper cooperation, and even to win Ye Feng into her camp.

So at this time, the middle-aged man in black armor naturally gave Ye Feng a vaccination.

Ye Feng didn't explain much, just nodded slightly.

At this moment, the middle-aged man in black armor led Ye Feng and continued to shuttle quickly through the primitive forest.

Finally, Ye Feng saw that a magical-looking castle-like building had been built in the middle of the primeval forest ahead.

The armored middle-aged man immediately spoke out: "Master Ye Feng, we are here. Her Royal Highness the Princess usually lives in this castle."

Chapter 4652 Think about it carefully

At this time, Ye Feng looked at the castle in front of him with a trace of surprise in his eyes.

Ye Feng could feel that this castle seemed to be made of a very special crystal stone and contained very rich energy.

As soon as Ye Feng approached this castle, he felt that the spiritual energy in the air was thicker and richer. With just a casual breath, one could feel an increase in power.

This made Ye Feng's eyes suddenly reveal a look of deep surprise.

This princess is really extravagant. She actually used such precious energy crystals to build such a castle for herself just for living in it. It can be said to be extremely luxurious.

From this we can also see how high the status of this eldest princess is in the palace of the Blood Demon Dynasty.

Not only did he have a virgin forest to himself, but he also used so many high-grade energy crystals to build himself such a huge castle.

Ye Feng was thinking secretly in his heart at this time, then looked at the middle-aged man in black armor beside him, and said loudly: "Should I go in directly? Or should I follow you in?"

The middle-aged man in black armor immediately smiled and said: "I am not qualified to enter. I can only stand outside the castle and obey the summons and orders of Her Royal Highness. Only those who are very important to Her Royal Highness are qualified. Go directly into Her Royal Highness's castle."

When he said this, the middle-aged man in black armor stared at Ye Feng in front of him and couldn't help but said: "Actually, to be honest, this is the first time I have seen a stranger directly enter the castle where Her Royal Highness lives. Even if the most noble eldest prince comes, Her Royal Highness the Princess will only let the eldest prince wait outside and will not let the eldest prince enter the castle where she lives, because it is the private residence of Her Royal Highness the Princess, but Ye Feng Young Master, you are an exception. So far, apart from Her Royal Highness's father and mother, who are the current Emperor and Queen, the only people who can enter the castle where Her Royal Highness lives are the Master whom Her Royal Highness respects most. "

Hearing what the middle-aged man in black armor in front of him said, Ye Feng suddenly showed a smile in his eyes and said loudly: "That's really an honor for me."

After saying that, Ye Feng walked quickly towards the dreamy castle in front of him.

When Ye Feng came to the gate of the castle, he immediately saw that there was not even a maid at the gate of the castle.

Seeing this scene, Ye Feng immediately understood. It is estimated that the princess has some kind of mysophobia and does not allow anyone to exist in the area where she lives for a long time, even the maid.

At this moment, when Ye Feng was thinking, suddenly a voice of a young woman with a hint of majesty sounded in the castle: "Ye Feng, don't hesitate, you can come in directly."

Hearing the voice of this majestic woman, Ye Feng's eyes flashed slightly, and then he nodded directly and walked into the castle in front of him.

When Ye Feng walked into the inner space of the castle, he immediately saw the inside of the castle, which was completely different from the dreamlike feeling seen outside.

If you look at the entire castle from the outside, it looks like a fairy tale princess castle.

But when Ye Feng walked into the castle, he did see a very majestic and magnificent scene.

The interior of this castle was built like the current Blood Demon Dynasty

Like the central hall where the emperor usually went to court to discuss state affairs, it looked very majestic and grand.

And at this moment, a beautiful and noble young woman wearing a pale pink dress was sitting on a throne at the top of the castle.

This throne is made entirely of pink crystals. It looks dreamy and majestic like a queen.

Seeing this contrasting scene, Ye Feng suddenly showed a look of deep surprise on his face.

It seems that Her Royal Highness the Princess really wants to compete for the position of the final emperor.

Although she is a woman, she still has huge ambitions.

Because the rules of the Blood Demon Dynasty did not say that the princess could not inherit the throne.

Therefore, even many princesses in the Blood Demon Dynasty are very ambitious and want to compete for the final throne.

Therefore, in the palace of the Blood Demon Dynasty, the fight for the position of the final emperor was naturally very dangerous and very involved, because all the princes and princesses were involved.

At this moment, Ye Feng walked to the middle of the castle, looked at the eldest princess sitting on the throne above, and immediately slightly cupped his hands and said, "Ye Feng, I have met the eldest princess."

Hearing what Ye Feng said, the eldest princess suddenly stood up from the throne, and then a rare smile appeared on her majestic and beautiful face, and she said loudly: "Ye Feng, you don't have to be so polite. Although this is the first time we have met, I deeply understand that your talent is greater than anyone else in our Blood Demon Dynasty."

Hearing what the eldest princess said, Ye Feng had a look of surprise in his eyes. He didn't seem to expect that the eldest princess of the blood demon royal family would study herself so deeply, as if she knew all her secrets and talents. Same.

This made Ye Feng a little puzzled.

After all, Ye Feng didn't do anything earth-shattering in the Blood Demon Dynasty, nor did he have too much contact with anyone.

And it is impossible for the Seventh Prince and others to tell others their secrets, let alone Her Royal Highness the Princess.

Because the seventh prince regarded Ye Feng as a treasure and was afraid that other princes and princesses would snatch Ye Feng away, he naturally wanted to keep it a secret.

However, Her Royal Highness the Princess seemed to know her very well, which made Ye Feng a little puzzled.

At this time, the eldest princess did not explain anything. She just smiled and said: "Don't worry about why I know that you have such a powerful and extraordinary talent. You just need to know that I invite you here alone this time. I don't ask you to do it now." Directly declare whether you are loyal to me, but I can give you time to think about it carefully. If you are willing to come to me, I can give you the best resources, but there is one thing you must obey. Whatever you are asked to do, you may not be as free and free as you are with the Seventh Prince."

At this moment, the eldest princess was speaking. Although her tone was full of temptation, it also put a shackles on Ye Feng.

Ye Feng was about to say something, but the eldest princess waved her hand and said loudly: "Ye Feng, don't refuse yet. I know you are an arrogant person. After all, it is normal for a top genius to be arrogant. But you can think about the pros and cons carefully. Although coming to me may restrict your freedom a little, the cultivation resources you will get are definitely beyond your imagination. You can think about it carefully. "

Chapter 4653 Special Party

At this moment, after the eldest princess finished speaking, she did not let Ye Feng express his position directly. Instead, he smiled slightly and said: "Keep what I just said in your heart and you can think about it carefully. But this time I invite The reason you came here is not to ask you to express your loyalty to me directly. I want to see you this time. In addition to getting to know you first, I also have an important purpose, which is to invite you and me to a special party. "

"Special party?"

At this moment, when Ye Feng heard what the eldest princess said, a look of surprise suddenly appeared in his eyes.

Ye Feng couldn't help but ask: "What kind of party is it? Does it require powerful geniuses to compete with each other?"

"Not that cheesy."

The eldest princess smiled slightly and said aloud: "It is not an internal gathering of our Blood Demon Dynasty, but an external gathering. The people attending this gathering include not only important figures of our Blood Demon Dynasty, but also people from the entire Northern Territory. Important figures, and even important figures from the Southern Barbarian Land, as well as mysterious beings in the wilderness, are the gathering of key figures in the relatively remote areas of our Ten Thousand Monster Interface, the Northern Territory and the Southern Barbarian Land. I would like to invite you to this gathering. A party, because I know that your talent is very strong and you are a top person among the younger generation. I invite you to be my dance partner for a short time to save other men from disturbing me. "

Hearing what the eldest princess said, Ye Feng's eyes suddenly showed deep astonishment, as if he did not expect that the eldest princess would invite him as her dance partner.

Because the eldest princess is very noble and doesn't seem to want to communicate much with other male geniuses, she wants to invite herself as her shield.

In response to this, Ye Feng just flashed his eyes slightly and was about to refuse, because Ye Feng is still thinking about going to the Tianxia Chamber of Commerce to find the young president of the Tianxia Chamber of Commerce, Shen Lan, to see if he can buy some good cultivation resources so that he can improve your cultivation strength as much as possible within half a month, so that you can more smoothly participate in the royal competition in half a month.

Because Ye Feng knew very well that the seventh prince attached great importance to the royal competition in half a month, so he tried his best to

do the best.

But just when Ye Feng was about to refuse, the eldest princess suddenly took out a spar the size of a human head from her storage ring and said with a smile: "This spar is my current storage ring." The most high-grade crystal inside, only a high-grade crystal vein with hundreds of millions of tons of reserves can produce this extremely rare crystal the size of a human head. The energy contained in it is extremely rich. I can give it to you as a gift. This time you and I go to the party."

Uh-huh!

At this moment, Ye Feng immediately stretched out his hand and took the head-sized crystal, which was full of infinite energy, into his hands, and then said aloud: "Okay, since Her Royal Highness the Princess is so flattering, then I will go there again and again. Why not?"

Seeing Ye Feng's money-obsessed look, Her Royal Highness the Princess showed an inexplicable smile on her beautiful face, and then said aloud: "This gathering will be held at the junction of our Northern Territory and Southern Barbarian Territory. In the wilderness, in an ancient temple, in addition to exchanging martial arts practices between the major forces and major domains, I also want to make more friends with young people or important figures from powerful forces, so we will do it tomorrow. Set off in the morning and arrive at the Great Wilderness Temple over there before tomorrow night. You can stay near the castle where I live for the time being. We can set off directly tomorrow morning. "

Hearing what the eldest princess said, Ye Feng nodded slightly. This party was just for one night. After the party came back, Ye Feng went to the Tianxia Chamber of Commerce to find the young president Shen Lan to discuss the purchase of cultivation resources. Not in a hurry.

It just so happens that I am staying at the place where the eldest princess lives tonight, so I can fully absorb the reward that the eldest princess just gave me.

In that high-grade crystal the size of a human head, Ye Feng sensed infinite energy in an instant, so Ye Feng agreed immediately. After all, this

It doesn't do any harm to you.

At this time, seeing Ye Feng agree directly, the eldest princess was very satisfied, nodded slightly, and then said loudly: "We will set off tomorrow morning, and you can stay here tonight."

After finishing speaking, the eldest princess looked in the direction outside the castle and said aloud: "Chief Guard, Ye Feng will stay with us today. Please take him for a walk around. If Ye Feng needs anything, just ask him. Everything we can satisfy him."

After saying that, the eldest princess sat back on the throne, closed her eyes, and seemed to be immersed in practice.

Ye Feng was surprised to see at this time that when the eldest princess was sitting on the throne and practicing, symbols of the rules of heaven and earth appeared around the eldest princess, surrounding the eldest princess, making the eldest princess look like a Like a mysterious and strong woman.

Seeing this scene, Ye Feng's eyes suddenly showed surprise. This princess seemed to be much more complicated and mysterious than he thought, because Ye Feng had never seen the strange phenomena that the princess had while practicing. Pass.

It is really amazing that some people can cause the symbols of the surrounding heaven and earth rules to rotate around themselves when they are practicing.

There is no way this is the inheritance of the Blood Demon Dynasty.

The Blood Demon Dynasty does not have such a high-level inheritance.

Ye Feng thought to himself, and then left the castle.

When Ye Feng walked out of the castle, he found that the middle-aged man in black armor who had brought him here before was waiting respectfully outside.

At this moment, when the middle-aged man in black armor saw Ye Feng coming out, he immediately smiled slightly and said loudly: "It seems that the discussion between Young Master Ye Feng and Her Royal Highness the Princess was okay. Otherwise, Her Royal Highness's tone would not be right. It may be that she feels quite happy, I haven't seen Her Royal Highness so happy for a long time."

Speaking of which

At that time, the middle-aged man in black armor stared at the young man in white in front of him. He couldn't help but show deep surprise in his eyes. He couldn't figure out what virtues and abilities Ye Feng had that could make the eldest princess His Highness pays so much attention to it and is so happy.

But at this time, the middle-aged man in black armor did not dare to ask any more questions. After all, this was a private conversation between Ye Feng and the eldest princess. If he asked, he would probably lose his head. After all, the status of the eldest princess was very high. Gao is also very resolute and has a good attitude towards Ye Feng because Ye Feng is so special.

At this moment, Ye Feng couldn't help but asked: "Chief Guard, I would like to ask, the eldest princess's cultivation inheritance does not seem to be the cultivation inheritance of the Blood Demon Dynasty. It is very magical. Her Royal Highness the eldest princess should Is it inherited from other places?"

Hearing Ye Feng's question, the middle-aged man in black armor immediately looked around, and then said in a low voice: "Mr. Ye Feng, you guessed it right, our eldest princess not only has a very noble status, but also has a mysterious secret. The unpredictable master makes Her Highness the Princess's cultivation very powerful and unfathomable. Her Highness's mysterious master has a very mysterious origin. I don't know where it comes from specifically, but I I have overheard Her Royal Highness mention it several times before. Her Royal Highness's mysterious master is not from the Northern Territory, nor from the Southern Barbarians, but from our Ten Thousand Demon Interface. The most glorious land of Zhongzhou seems to be the master of a super sect in the most glorious land of Zhongzhou among our demons. The mysterious master of Her Highness the Princess, every time she comes to our Blood Demon Dynasty, even if she is Our Emperor and Queen of the Blood Demon Dynasty are very solemn."

"Coming from the most glorious land of Zhongzhou in the world of monsters?"

At this moment, when Ye Feng heard the middle-aged man in black armor say this, he nodded suddenly.

No wonder the cultivation vision that Her Royal Highness had when she was practicing just now was so miraculous. The origin of her inheritance is indeed very extraordinary!

Chapter 4654 Because I had an epiphany

At this time, Ye Feng learned that the inheritance of this eldest princess was very mysterious. She actually came from the land of Zhongzhou, the most glorious place in the world of monsters.

Ye Feng finally understood why the eldest princess had huge self-confidence. It turned out that her vision was very high.

Moreover, her master came from Zhongzhou, the land of most glorious monsters, and his influence on the eldest princess must have been particularly profound.

You know, the Northern Territory is the weakest territory in the entire Ten Thousand Monsters interface, not even comparable to the Southern Barbarians.

Therefore, the eldest princess has a mysterious master from the land of Zhongzhou, and her status in the entire Blood Demon Imperial City will indeed be very high.

Ye Feng didn't say much at this time, he just asked aloud: "I will live in this primitive forest tonight. There is no need to arrange a room for me. I feel that the energy emitted by these trees in this primitive forest is Reiki is particularly beneficial to my practice."

Hearing what Ye Feng said, the middle-aged man in black armor immediately nodded and said with a smile: "You can satisfy whatever Master Ye Feng wants to do. This is the order of Her Royal Highness the Princess. "

Ye Feng nodded slightly.

At this time, the middle-aged man in black armor spoke up and said: "It's still early and we won't leave for the party until tomorrow morning, so I'll take Young Master Ye Feng to visit the primeval forest where our eldest princess lives. In fact, the castle where Her Royal Highness lives is in the

middle of the primeval forest. This primeval forest is very large, and there are even some special heaven and earth spiritual beasts in it, such as nine-colored deer and so on. "

Hearing what the middle-aged man in black armor said, Ye Feng immediately nodded and said, "Then just take me for a walk. I don't have anything to do now anyway."

After saying that, the middle-aged man in black armor immediately took Ye Feng around in the primeval forest.

Ye Feng saw the surrounding trees, which were so tall that they almost blocked out the sky and the sun, giving people a very quiet feeling.

After all, walking in the primeval forest gives people a very quiet feeling and a strong sense of privacy.

At this moment, while Ye Feng was shopping, he silently began to absorb the high-grade crystal the size of a human head that the eldest princess had just given to him in the storage ring.

Buzz!

At this moment, as Ye Feng absorbed it, a stream of very vigorous energy was injected into Ye Feng's dantian, rapidly strengthening Ye Feng's power.

At this moment, Ye Feng could immediately feel that the energy in this crystal was indeed very high-level and pure.

After Ye Feng absorbed it, his skill immediately increased tremendously. It is indeed the most precious energy crystal in Her Royal Highness the Princess's storage ring. It is not only large in size, but the energy contained in it is also very majestic and advanced.

I am afraid that only those very high-grade and huge spiritual stone veins can give birth to such a rare energy crystal.

After Ye Feng absorbed it at this time, the big bottleneck was immediately broken through.

The bottleneck of the half-step Divine Movement Realm is directly and completely broken through, and stepped into the true first level of the Divine Movement Realm!

Boom!

A powerful aura of cultivation suddenly burst out from Ye Feng's body.

This powerful cultivation aura suddenly burst out, causing the middle-aged man in black armor who was leading the way to have a look of deep astonishment in his eyes.

He immediately turned around and stared at Ye Feng, who was following him. His eyes showed deep astonishment, and he couldn't help but said: "Master Ye Feng, you... you just made a breakthrough in cultivation." ?"

Ye Feng immediately smiled and nodded, and said aloud: "Well, yes, I just broke through a big bottleneck, from the half-step divine movement state, to a direct breakthrough

Reaching the first level of the true divine movement realm. "

When Ye Feng heard what Ye Feng said, the middle-aged man in black armor immediately showed deep astonishment and shock in his eyes.

Because he never expected that Ye Feng would break through while wandering in the virgin forest.

After all, he didn't even see Ye Feng practicing or seeing what Ye Feng did, but he broke through directly, and he broke through to a big level.

This really shocked the middle-aged man in black armor to the extreme.

Because this middle-aged man in black armor has served Her Royal Highness the Princess for so many years, and he has never seen anyone as magical and exaggerated as Ye Feng.

Did you just break through while walking?

This is really an exaggeration!

At this time, the middle-aged man in black armor couldn't help but asked in shock: "Master Ye Feng, what's going on with you? Why did you suddenly break through? I didn't see you practicing or anything. "

Ye Feng smiled slightly, but naturally he would not tell the reason why he had the ability to devour. After all, in Ye Feng's eyes, this middle-aged man in black armor was just a passerby.

So at this time, Ye Feng just smiled slightly and said out loud: "Because I had an epiphany, I made a breakthrough."

"Because I had an epiphany?"

At this moment, hearing Ye Feng's light words, the middle-aged man in black armor couldn't help but take a breath of air.

Maybe Ye Feng just said it casually, but this middle-aged man in black armor really felt that Ye Feng might have really had an epiphany, so he suddenly broke through to a great realm, breaking through to the real first level of the Divine Movement Realm.

This is really a bit amazing and a bit scary.

Look at this middle-aged man in black armor

Zi looked at Ye Feng again, and suddenly felt that the ordinary-looking young man in front of him suddenly made the middle-aged man in black armor feel a deep and unfathomable feeling.

At this time, the man in the black armor suddenly felt that the reason why Her Royal Highness the Princess paid so much attention to Ye Feng was that maybe Ye Feng was really a rare and unique genius.

After all, he broke through while walking, which really shocked the middle-aged man in black armor.

He has never seen such a magical person, nor has he seen such a random and magical breakthrough method.

At this time, Ye Feng smiled slightly and was very satisfied with this breakthrough.

Unexpectedly, such a piece of energy crystal allowed me to break through the entire bottleneck and reach the true first level of the Divine Movement Realm.

At this time, Ye Feng stepped into a new level and could feel that his combat power had been greatly enhanced.

This made Ye Feng feel that his trip was not in vain.

Although it is a bit of a waste of time to accompany the eldest princess to the distant wilderness to attend that special party, the reward is already very good.

And just when Ye Feng was thinking in his heart, suddenly a huge roar came from a certain direction not far away.

The next moment, the middle-aged man in black armor who was questioning Ye Feng immediately changed his expression and said quickly: "Master Ye Feng, it seems to be the extremely ferocious wild beast captured by our eldest princess, I'm starting to go crazy again. I have to go over and take a look to make sure that the wild beast has not escaped from its prison, otherwise it will destroy the surrounding virgin forest, which will be troublesome. "

When Ye Feng heard what the middle-aged man in black armor said, his eyes moved slightly and he said, "Then I'll go with you to see the wild beast that even the eldest princess can't subdue. It looks very extraordinary. "

Chapter 4655 Can't do this

And when Ye Feng was talking, the middle-aged man in black armor couldn't help but smiled and shook his head, and said loudly: "Master Ye Feng, I advise you not to go, that ferocious beast is very dangerous. It's scary, if you get too close, you might get hurt by him."

Obviously, in the mind of this middle-aged man in black armor, Ye Feng is not a particularly powerful being after all, so he feels that Ye Feng may be in danger if he goes there.

So this middle-aged man in black armor advised Ye Feng not to follow him and watch the fun, otherwise he would not be able to explain to Her Royal Highness the Princess if he was in danger.

At this time, Ye Feng smiled slightly and said: "Don't worry, if I encounter danger, it is definitely not your responsibility. Is that okay?"

Hearing what Ye Feng said, the middle-aged man in black armor could only nod his head, because the roar of the ferocious beast was very loud, so the middle-aged man in black armor did not want to hesitate now, and immediately flew over quickly. Ye Feng quickly followed.

Soon, they arrived at their destination.

By this time, they had arrived at a deeper area of the primeval forest. ??

Ye Feng saw the virgin forest area ahead, and a huge canyon appeared in it.

In this canyon, a large bird with golden light all over its body is tied with countless black iron chains.

This big bird is radiating golden light, and every feather on its body seems to be made of pure gold. It looks very majestic and magical.

Moreover, Ye Feng also saw that this big golden bird actually had six wings on its back.

"Um?"

Seeing this scene, Ye Feng suddenly showed surprise in his eyes.

This is definitely a very extraordinary wild monster. Otherwise, it would not have such a magical appearance, and its ferocious aura is very terrifying.

At this moment, the middle-aged man in black armor immediately

He just couldn't help but said loudly: "Why does this six-winged golden roc suddenly want to roar like crazy? There is really no way, and it should be executed directly, but Her Royal Highness the Princess is reluctant to let it go."

When Ye Feng heard the middle-aged man in black armor say this, his eyes suddenly showed surprise.

Is this actually a roc bird?

Although it is not the most powerful golden-winged roc, it was a rare six-winged golden roc at that time. It is considered a very powerful existence among the roc clan. No wonder it has such a luxurious appearance and looks very noble. , but also exudes a fierceness.

At this time, Ye Feng saw a middle-aged man in black armor, commanding many strong men under the eldest princess, and frantically attacking the six-winged golden roc, trying to make him quiet down.

But this six-winged golden roc was still roaring and roaring, as if unwilling to be trapped here.

And those people's attacks were of no use to this six-winged golden roc.

Because the feathers on this six-winged golden roc are like scales made of the strongest divine iron in the world. Although everyone's attacks are also very powerful, when they attack this six-winged golden roc, they are covered in all the feathers. The golden feathers directly blocked it.

The feathers are like golden swords, all growing on the body, as if the six-winged golden roc is covered with golden armor, which has a very terrifying defensive power.

At this time, everyone suddenly had no choice. Some people wanted to report to Her Royal Highness the Princess.

But at this time, Ye Feng suddenly walked over.

"Is this kid crazy??"

Seeing Ye Feng walking over, everyone immediately

Some were shocked.

Especially the middle-aged man in black armor who brought Ye Feng here, quickly said: "Master Ye Feng, be careful! This six-winged golden roc is an out-and-out ferocious beast in the wilderness, very dangerous. It's terrifying. Even Her Royal Highness cannot tame it. Master Ye Feng, if you approach rashly, you will probably be killed instantly by this six-winged golden roc. This six-winged golden roc is very vicious."

But before the middle-aged man in black armor finished speaking, when Ye Feng walked in front of the six-winged golden roc, the six-winged golden roc suddenly became quiet, and then stared at Ye Feng with surprised and uncertain eyes. This boy in white.

Because the six-winged golden roc could feel at this time that Ye Feng's body exuded a terrifying aura like an ancient demon.

You know, the ancient Celestial Demon clan can be said to be the king among all the demon clans.

So at this time, the six-winged golden roc felt the majestic aura of the ancient heavenly demon emanating from Ye Feng, and was naturally a little surprised and a little scared.

At this moment, the aura of the ancient heavenly demon exuding from Ye Feng's body was naturally not emitted by Ye Feng himself, but by the female demon in Ye Feng's storage ring.

The female demon is a mysterious ancient demon among the ancient celestial demon clan, so the demonic aura of the ancient celestial demon exuded by the female demon naturally makes this six-winged golden roc feel very fearful.

At this moment, Ye Feng smiled slightly, looked at the six-winged golden roc in front of him, and said loudly: "Stop trying to struggle. No matter how hard you struggle or roar, it will be of no use. You will never be free. Maybe In the end, if you really anger the princess, she will kill you directly."

Hearing what Ye Feng said, the six-winged golden roc in front of him seemed to have figured it out and immediately became quiet.

And at this moment

, Ye Feng's eyes flashed slightly, and he said: "Six-winged Golden Peng, if you are willing to follow me, I can rescue you from the bondage, but the premise is that you must follow me. Effectiveness, of course I won't restrict your freedom too much, and I won't let you sign any slave contract. As long as you stay with me and do things in peace, maybe my cultivation will be improved very high in the future. , you are no longer needed, and you can regain your freedom."

Hearing what Ye Feng said, the Six-winged Golden Roc's eyes suddenly lit up. The human boy in front of him did not need to sign a slave contract. This is definitely great news for the Six-winged Golden Roc.

Because the reason why the eldest princess has been unable to tame this six-winged golden roc is to make the six-winged golden roc sign a slave contract with her. In this case, the six-winged golden roc will never be able to escape.

But following Ye Feng, there might be a chance for freedom in the future. As long as he doesn't sign a slave contract, this six-winged golden roc will naturally be very happy.

At this moment, the six-winged golden roc immediately nodded and made a human voice: "As long as you don't sign a slave contract, I am willing to stay with you temporarily. The aura of the ancient demon in you makes me very scared. Look, Come on, you are extraordinary enough to let me follow you."

"What??"

And at the next moment, under the shocked eyes of countless people, the six-winged golden roc actually bowed his head in front of Ye Feng, as if he was surrendering in front of Ye Feng.

Seeing this scene, the middle-aged man in black armor immediately widened his eyes with deep astonishment in his eyes. It seemed that he had never expected that Ye Feng seemed to have said a few words casually to make this angry man The incomparable six-winged golden roc was directly willing to accept Ye Feng as his master.

This is really incredible!

Because even the most magnificent princess cannot do this.

What's the matter?

Chapter 4656 Did a good thing

At this time, he saw the six-winged golden roc surrendering directly in front of Ye Feng, even lowering his head, acting very docile, completely different from the fierce and irritable look just now.

This made the middle-aged man in black armor completely puzzled, because in his heart, Ye Feng was an ordinary young man with average cultivation, but he never expected that Ye Feng could not only achieve breakthroughs while walking, but also achieve breakthroughs while walking. Even if he encounters such a ferocious beast as the Six-Winged Golden Roc, he can make the other party surrender in one fell swoop.

This made the middle-aged man in black armor feel deeply shocked and curious about Ye Feng.

Because he simply couldn't imagine how Ye Feng did it.

If Ye Feng were so powerful, he might be able to explain all of this.

However, Ye Feng's cultivation level seems not to be as powerful as expected, far behind Her Royal Highness the Princess.

Unexpectedly, Ye Feng could actually make this six-winged golden roc surrender to him instantly. This was something that not even Her Royal Highness could do.

At this moment, the middle-aged man in black armor came to Ye Feng's side. Looking at the very docile six-winged golden roc in front of him, his eyes widened slightly. It seems that he still can't figure out why Ye Feng can do this.

At this moment, Ye Feng just looked at the middle-aged man in black armor beside him, smiled slightly, and said loudly: "Since this six-winged golden roc is willing to follow me, let him escape."

Hearing what Ye Feng said, the middle-aged man in black armor suddenly showed a look of hesitation in his eyes, not knowing what to do.

At this time, Ye Feng smiled slightly and said: "It's a small six-winged golden roc. The eldest princess shouldn't be so stingy, right? After all, the six-winged golden roc is willing to follow me, but the eldest princess can't tame it. Let it go." It's wasted here, so let it have its due value."

Hearing what Ye Feng said, the middle-aged man in black armor finally nodded.

Because Her Royal Highness the Princess has said before, if

If Ye Feng wants anything, everything must be done to satisfy Ye Feng.

The Six-winged Golden Roc is indeed not a very precious thing in the primeval forest. After all, even the eldest princess cannot subdue this Six-winged Golden Roc, so she can only trap the Six-winged Golden Roc here just for entertainment.

So at this time, the six-winged golden roc is actually not that important. If Her Royal Highness the Princess is present, if Ye Feng wants it, Her Royal Highness will probably give it to Ye Feng.

Therefore, the middle-aged man in black armor did not report to the eldest princess at this moment. Instead, he looked at the group of masters around him and said loudly: "Then untie all the shackles on the six-winged golden roc."

"this....."

Hearing what the middle-aged man in black armor said, a group of masters under the eldest princess' command showed deep astonishment on their faces.

Someone couldn't help but said: "Master Guard, do you really want to do this? Do you want to release this extremely ferocious six-winged golden roc? If this six-winged golden roc suddenly does evil, we will not be able to stop it at all." Ah, it may cause a terrible destruction in the palace, which will be troublesome. We will never be able to bear this responsibility, and everyone will be dead. "

Hearing what this subordinate said, the middle-aged man in black armor suddenly hesitated. After all, he didn't know whether the six-winged golden roc was pretending to surrender to Ye Feng on purpose.

At this moment, Ye Feng smiled slightly and said, "Don't worry, it'll be no problem."

After finishing speaking, Ye Feng took out his God's Sword without waiting for anyone to say anything, and the ring in his hand turned into a golden sword.

"Crack! Click!"

Ye Feng held the Sword of God and directly cut off all the iron chains.

"What??"

"Such a strong iron chain was cut off casually by the golden sword in his hand. What kind of sword is this? Is it so sharp?"

Seeing this scene at this moment, everyone present, including the middle-aged man in black armor, suddenly widened their eyes. It seemed that they never thought that Ye Feng, an ordinary-looking young man in white, would actually have something in his hands. Mastering such a sharp magical weapon.

They knew very well that the iron chains that controlled the six-winged golden roc were all specially made from dark black iron, which was a very strong material.

Even many high-end weapons and magic weapons cannot destroy these iron chains.

After all, you must know that the Six-Winged Golden Roc is a very terrifying and ferocious monster in the wilderness, but it still has no way to break free from the shackles of these black chains. This shows how strong these black iron chains are.

But the golden sword in Ye Feng's hand cut off all these black iron chains in an instant.

At this moment, the six-winged Jinpeng saw this scene, with a look of astonishment in his eyes.

He suddenly understood that Ye Feng was definitely an extremely terrifying existence. The golden sword in his hand instantly cut off these black chains. In other words, if Ye Feng held the golden sword in his hand, , can also instantly cut off the golden feathers that this six-winged golden roc is proud of.

So at this time, although the Six-winged Jinpeng could feel that Ye Feng's cultivation aura was not as strong as his own, he knew that Ye Feng must be a very capable person.

So at this time, Six-Wing Jinpeng no longer dared to have any thoughts in his heart, but was prepared to follow Ye Feng honestly

.

At this moment, after Ye Feng cut off all the black iron chains, everyone breathed a sigh of relief.

Because they discovered that the six-winged golden roc did not suddenly riot, but followed Ye Feng obediently, like a little quail. This scene looked a bit funny.

Because Ye Feng is a very handsome young man, and he is followed by a huge and ferocious Golden Roc bird that is hundreds of meters tall. It follows Ye Feng obediently. This scene looks very... Has a sense of contrast.

At this moment, the middle-aged man in black armor immediately came to Ye Feng's side. He couldn't help but said with a smile: "Anyway, thank you Master Ye Feng for solving this disaster. Her Royal Highness has probably almost forgotten this." There is a six-winged golden roc, but this six-winged golden roc has been roaring and roaring in this primitive forest, which affects everyone's rest. So at this time, Mr. Ye Feng, if you can surrender this six-winged golden roc, it can be regarded as a gift to us. Everyone did a good job."

Hearing what the middle-aged man in black armor next to him said, Ye Feng immediately smiled, and then said aloud: "You don't have to take me around anymore. I will take the six-winged golden roc with me in this primeval forest." Just leave."

Hearing what Ye Feng said, the middle-aged man in black armor nodded immediately and left.

At this moment, the middle-aged man in black armor became more and more in awe of Ye Feng's attitude. He knew that Ye Feng must be an extremely mysterious figure, because the various methods Ye Feng displayed in a short period of time were simply shocking. People feel amazing.

At this moment, after the middle-aged man in black armor left, the six-winged golden roc suddenly looked at Ye Feng, and couldn't help but ask: "The terrifying evil power of the ancient heavenly demon emanating from you. Angry, why? I can clearly feel that you are a human being, not a demon."

Chapter 4657 Attraction

Hearing the question from the six-winged golden roc next to him, Ye Feng smiled slightly and said, "I don't want to explain this to you. You just need to know that I am very mysterious."

Hearing Ye Feng's straightforward words, the Six-Winged Golden Roc's eyes widened slightly, because no one had ever dared to talk to him like this before. After all, he was an extremely ferocious beast in the wilderness.

But thinking that Ye Feng was indeed a bit mysterious, and that he had already agreed to work with Ye Feng temporarily, the Six-Winged Golden Roc did not dare to say anything at this time, and just nodded slightly without saying anything more. ask.

Seeing this scene at this moment, Ye Feng suddenly smiled slightly. It seems that he has successfully suppressed the arrogance of this six-winged golden roc. In the future, it is estimated that this six-winged golden roc will be honest when he is by his side. Really.

At this moment, Ye Feng suddenly seemed to sense something and immediately looked in a certain direction.

The next moment, Ye Feng saw a very surprising scene. A small lake appeared in the primeval forest not far away.

And next to this small lake, there was a group of girls with light transparent wings growing on their backs.

Seeing this scene, before Ye Feng said anything, the six-winged golden roc standing next to Ye Feng suddenly said: "These are flower elves. Only special heaven and earth spirit flowers can give birth to such flower elves. Although I do not surrender under the command of the eldest princess, I have to say that the eldest princess is an extremely visionary person and is very capable. She built this primeval forest, in which many various kinds of things grew and were bred. Such a special race will be able to serve the eldest princess in the future."

Hearing what the six-winged golden roc beside him said, Ye Feng suddenly had a look of surprise in his eyes.

It seems that the reason why the eldest princess of the Blood Demon Dynasty spent so much money to dig out a lot of special spiritual trees and flowers from the wilderness and plant them here is not only to make her life comfortable, but also to In order to cultivate helpers of various races.

In this case, the eldest princess will have talents from various races under her command.

This kind of vision is better than that of other princes and princesses

It's indeed much higher.

At this time, Ye Feng didn't think too much, but looked at the huge six-winged golden roc next to him, and said loudly: "With your current cultivation level, it should be no problem for you to transform. With such a big body beside you, , seems a bit too eye-catching."

When the six-winged Jinpeng heard what Ye Feng said, he immediately nodded slightly, and then his entire huge body shrank quickly.

However, it did not turn into a human form, but turned into a small golden bird, standing on Ye Feng's shoulder, looking quite cute.

"this....."

Seeing this scene, Ye Feng's eyes suddenly showed a look of astonishment. It seemed that he did not expect that such a ferocious and domineering six-winged golden roc could turn into such a small golden bird, which looked so cute.

No one would have imagined that such a cute little golden bird could be a ferocious bird from the wilderness.

At this moment, Ye Feng walked directly towards the lake not far away and came to a group of flower fairies.

Ye Feng didn't say much at this time. He just sat cross-legged around the lake and began to practice slowly.

For Ye Feng, if there is no energy from the outside world, his cultivation will be very slow.

So at this time, Ye Feng did not directly activate the spiritual energy of heaven and earth and inject it into his body, because this basic cultivation method was too slow and meaningless for Ye Feng.

At this moment, Ye Feng was just breathing in the breath emitted by the spiritual trees in the entire primeval forest, and continued to understand the fragments of the world rules that he had integrated before.

Although the fragments of the world's rules are said to be integrated into Ye Feng's body, Ye Feng has not studied them carefully yet, so he can study them carefully now that he has time.

After all, practicing in this primeval forest

, smelling the aura emitted by the heaven and earth spirit trees can make your cultivation speed very fast, and your enlightenment speed will also become very fast.

At this time, Ye Feng fell into a state of cultivation, and the fragments of the world's rules were activated in Ye Feng's body.

In the space around Ye Feng, the power of rules appeared unexpectedly, surrounding Ye Feng, which was somewhat similar to the vision that Her Royal Highness had when she was practicing.

However, Ye Feng's power of real world rules is much higher than Her Royal Highness's symbolic power of heaven and earth.

At this time, a group of flower fairies with transparent wings on their backs were resting by the lake. At this moment, they sensed the very supreme power of the world rules in Ye Feng, and they couldn't help but have a deep look in their eyes. With a look of surprise, they hurriedly came to Ye Feng's side, as if staying by Ye Feng's side could sublimate and evolve their life levels.

The golden bird standing on Ye Feng's shoulder, the six-winged golden roc, also had a look of deep surprise in his eyes at this moment.

He never thought that Ye Feng could activate the power of the rules of heaven and earth with such a weak cultivation level. It was really incredible.

Time passed quickly, one day and one night passed.

In the early morning of the next day, Ye Feng stood up suddenly and felt refreshed. This made Ye Feng a little envious of the princess for being able to practice in this primeval forest every day.

But at this time, Ye Feng looked around and suddenly discovered a shocking scene.

All around him, he saw piles of different types of heaven and earth spirit beasts gathered around him.

The ones closest to me were a group of beautiful flower fairies.

Then a little further away, there is a nine-colored deer with a faint light all over its body.

There are many other spiritual beasts that Ye Feng can't even name.

These heaven and earth spirit beasts should all be special spirit beasts that live in this primitive forest. Unexpectedly, they were all absorbed by my own cultivation.

Led over.

Moreover, their faces showed a very drunken look, as if they had drunk wine and fell into a drunken state.

Seeing this scene, Ye Feng couldn't help but show deep astonishment in his eyes, and he didn't understand why.

At this time, the golden bird standing on the shoulder said aloud: "It was when you were practicing that you triggered the power of the world's rules, so that these heaven and earth spirit beasts could not help but come to your side, and you could sublimate their vitality. "

Hearing what the Six-Winged Golden Roc said, Ye Feng suddenly understood. It turned out to be related to his use of the power of the fragments of the world's rules to practice.

Ye Feng did not expect that the power of world rules generated by the fragments of world rules would be so attractive to these heaven and earth spirit beasts.

But it's normal to think about it.

These heaven and earth spirit beasts are originally special spirit beasts used by heaven and earth. The power of the world's rules can indeed sublimate their vitality.

Ye Feng didn't say anything at this time, but left here directly and walked quickly towards the castle where Her Royal Highness the Princess lived.

Today is the time for them to go to the borderland to gather.

Ye Feng has heard from the eldest princess before that this gathering will not only include special figures from the Northern Territory, but also important figures from the Southern Barbarians, and even mysterious beings in the wilderness.

The gathering place seems to be in an ancient temple in the wilderness at the junction of the Northern Territory and the Southern Barbarian Land.

Ye Feng knew that this trip might not be as simple as he imagined, not to mention that he had to pretend to be the male companion of the eldest princess, which would probably attract the envious and jealous eyes of many major forces and male geniuses in various major domains.

However, Ye Feng has already received a generous reward from the eldest princess, so he will naturally do his best and will not shrink from the battle.

What's more, the eldest princess's own cultivation level is already unfathomable. Maybe she won't have to take action herself when the time comes, and she can just cooperate with the eldest duke to star in the drama and just go through the motions.

Chapter 4658 Everyone is guessing

When Ye Feng came to the castle where the eldest princess lived, Ye Feng walked directly in.

The moment Ye Feng walked in, the eldest princess opened her eyes immediately on the throne at the top.

But the first thing the princess looked at was not Ye Feng, but the golden bird standing on Ye Feng's shoulder.

At this time, the eldest princess had obviously recognized the identity of the six-winged golden roc.

After all, the eldest princess learned from the most glorious land of Zhongzhou, so she may have a higher inheritance than anyone else in the Blood Demon Dynasty, and she is also more mysterious.

Moreover, the eldest princess is actually very familiar with the six-winged golden roc, so even though the six-winged golden roc has now turned into a golden bird, standing on Ye Feng's shoulders, the eldest princess recognized it instantly.

At this moment, the six-winged golden roc did not speak.

The eldest princess then looked at Ye Feng, with a slight smile on her face, and said loudly: "Ye Feng, it seems that you are very powerful, you have tamed this unruly six-winged golden roc." , let him follow you willingly."

Hearing what the eldest princess said, Ye Feng just smiled and said, "Because I didn't force him to sign a slave contract, I will give him his freedom in the future."

"Um?"

Hearing what Ye Feng said, the eldest princess immediately showed a trace of surprise in her eyes, and then couldn't help but said: "If you don't sign a slave contract with it, how can you guarantee that it will follow you sincerely? ? Maybe he'll stab you in the back."

Hearing what the eldest princess said, Ye Feng had not said anything, but the Six-winged Golden Peng had already spoken out: "I am not so shameless. You were so suspicious of me at that time, so you forced me to sign a slave contract, so I I have never surrendered to you, otherwise, I can help you."

Hearing what the Six-winged Golden Peng said, the eldest princess just smiled slightly and said aloud: "I am born with a suspicious character. I don't trust anyone except myself."

When she said this, the eldest princess did not say anything more in this regard, but looked at Ye Feng and said loudly: "The time is almost up, we can set off directly."

Ye Feng nodded, and then the eldest princess walked down from the throne above, walked to Ye Feng's side, and then said loudly: "You can just follow me from now on. "

After saying that, the eldest princess walked out of the castle and flew quickly in a certain direction outside.

Ye Feng quickly followed and couldn't help but ask: "Won't the eldest princess bring other masters there?"

Hearing Ye Feng's question, the eldest princess immediately showed a smile in her eyes and said loudly: "This party is a very private party. I will go directly to it and will not bring other irrelevant people. "Yes, so this time only the two of us will go there, and I won't bring any experts from the royal family."

Hearing what the eldest princess said, Ye Feng's eyes showed a hint of solemnity, and he said loudly: "What if someone threatens the eldest princess during the party? After all, no one can guarantee it. Does anyone want to I want to frame you secretly."

Ye Feng knew very well that a powerful figure like the eldest princess would most likely cause some people to secretly frame her or assassinate her.

Hearing what Ye Feng said, the eldest princess seemed to have a satisfied smile on her face, feeling that Ye Feng was really considering her sincerely.

Grand Duke

The Lord just smiled slightly and said aloud: "These are the rules of this special gathering. I can't break the rules. Even if there is any strong person who threatens me, I have the means to deal with it."

When talking about this, Ye Feng didn't give any more advice, because Ye Feng also knew very well that the eldest princess's inheritance came from the glorious land of Zhongzhou, the interface of ten thousand monsters. The eldest princess's own strength is indeed unfathomable, even if Ye Feng Feng is not sure how to deal with the eldest princess now, because Ye Feng cannot see through the depth of the eldest princess.

At this moment, Ye Feng didn't say anything more, just followed the eldest princess and flew quickly in a certain direction in the distance.

At this moment, the eldest princess took Ye Feng and quickly flew away from the primitive forest where they lived, and then flew towards the outside of the palace.

Along the way, they did not conceal their whereabouts, and instantly attracted the attention of many powerful people in the palace.

Many princes or princesses, even some of the prince's descendants, as well as some members of the Royal Academy of Cultivation, saw Ye Feng walking side by side with the eldest princess, and seemed to be talking quite intimately. Everyone immediately stared. Big eyes.

Because in everyone's minds, the eldest princess is definitely the most powerful figure of the younger generation in the entire Blood Demon Dynasty royal family.

Even the eldest prince, the most powerful among the princes, was quite in awe of this mysterious eldest princess.

But no one expected that a young man who seemed very strange would be following the eldest princess.

You should know that Ye Feng didn't know anyone in the Blood Demon Dynasty, and probably only those who knew the Seventh Prince knew that a character like Ye Feng existed.

Therefore, many people are speculating on what kind of identity Ye Feng is that can make the eldest princess so close to Ye Feng.

"Who is that boy? He was able to let the eldest princess take him in person, and he was still talking and laughing?"

At this moment, many people in the entire Blood Demon Dynasty's royal family are speculating on Ye Feng's identity.

Many younger generations feel envious and jealous. They are envious that Ye Feng can be appreciated by the eldest princess, and that he and the eldest princess are so close. It is really enviable.

At this moment, Ye Feng did not notice this. He just followed the eldest princess and walked silently.

But even if Ye Feng knew about these envious and jealous people, he probably wouldn't care, because Ye Feng was not afraid of the so-called envy and jealousy at all.

This time, Ye Feng even had the courage to follow the eldest princess to the wilderness of the border land to attend a private party. Ye Feng was not even afraid of the important figures in the southern barbarian land or the wilderness, let alone those in these small blood demon dynasties. These characters, Ye Feng naturally doesn't care.

At this moment, the eldest princess took Ye Feng and soon left the imperial city of the Blood Demon Dynasty.

After they flew out of the imperial city, the eldest princess looked at Ye Feng beside her and said, "We have to be more careful next. After leaving the protection of the imperial city, there is a high possibility that some hostile forces will appear. The assassination of the strong."

Ye Feng immediately said: "Princess, why don't you conceal your identity."

The eldest princess glanced at Ye Feng and asked aloud: "How to hide it?"

Ye Feng took out a set of black robes from his storage ring and said loudly: "Use this set of black robes to cover your whole body. I usually like to do this when hiding my identity."

Chapter 4659 Very difficult

Seeing what Ye Feng said, the eldest princess immediately smiled, shook her head, and said, "Forget it, I don't think it's necessary."

After saying that, the eldest princess flew directly forward.

Seeing this scene, Ye Feng could only shrug helplessly and follow the eldest princess.

They soon left the territory of the Blood Demon Dynasty and came to the relatively central area of the Northern Territory.

At this time, the eldest princess looked in a certain direction ahead and said aloud: "We are almost reaching the sphere of influence of the Demonic Sect. We will no longer be able to fly at high altitudes. Let's walk on the land, otherwise we will be too eye-catching." "

Ye Feng nodded. After all, if he wanted to go from the Blood Demon Dynasty to the border with the Southern Barbarians, he would definitely have to pass through the sphere of influence of the Demonic Sect.

But at this time, Ye Feng seemed to have thought of something and said aloud: "Princess, I think the Blood Demon Dynasty can provide some funds in the future to build some more convenient cross-teleportation formations, which can be directly transferred from the Imperial City of the Blood Demon Dynasty. Among them, he was instantly teleported to the borderland of the Northern Territory."

Hearing what Ye Feng said, the eldest princess immediately glanced at Ye Feng and said loudly: "The idea is good, but it is difficult to implement because our Northern Territory is controlled by three overlord forces, and our Blood Demon Dynasty is just one of them. First, if other forces do not cooperate, we have nothing to do. After all, after leaving the territory of our Blood Demon Dynasty, other northern regions are not within our jurisdiction, and we have no way to intervene. "

Hearing what the eldest princess said, Ye Feng immediately nodded. The eldest princess was telling the truth.

At this time, the eldest princess suddenly said: "If I can become the emperor of the Blood Demon Dynasty in the future, I will definitely not be as aggrieved as now. I will launch a war and destroy all the regions in the Northern Territory. It is included in the territory of my Blood Demon Dynasty. At that time, my Blood Demon Dynasty can become the only ruling force in the entire Northern Territory like the Southern Barbarian Empire in the Southern Barbarian Land. In this case, no matter what I want to do, there will be no Any problems, and it can also protect against threats from other domains."

Hearing what the eldest princess said, Ye Feng's eyes were slightly startled. The eldest princess's thoughts coincided with his own.

Ye Feng had previously thought that when he became the person in power behind the Blood Demon Dynasty, he would be able to use various powerful means to directly unify the entire Northern Territory.

However, Ye Feng is not as radical as the eldest princess. When Ye Feng really becomes the person behind the scenes of the Blood Demon Dynasty, Ye Feng will not directly launch a huge war. Ye Feng will first fight with the other two overlords of the Northern Territory. Force negotiations allowed them to choose to unite with the Blood Demon Dynasty.

Just when Ye Feng was thinking in his heart, the eldest princess beside him suddenly said: "Ye Feng, I can see that you are also very ambitious. The reason why you chose to serve by the Seventh Prince is I'm afraid it's just to make it easier for you to control the Seventh Prince and make him your puppet. You want to cultivate an emperor puppet so that you can secretly control the entire Blood Demon Dynasty for your own use."

What?

Hearing what the eldest princess said, Ye Feng was immediately startled. He didn't expect that the other party had seen through his long-planned thoughts.

Ye Feng's expression suddenly became a little uncertain.

This eldest princess is really deep in the city, and she can actually see through this.

But at this time, the eldest princess looked at Ye Feng, whose face was uncertain, and smiled slightly, and said loudly: "Ye Feng, I admire people like you very much, but your idea is really difficult to realize. Although we are bloody The Demon Dynasty is only one of the three dominant forces in the Northern Territory, but the background of our Blood Demon Dynasty is beyond your imagination. You want to train a useless seventh prince to become the future emperor of the Blood Demon Dynasty. I can only say that it is very difficult, even harder than reaching the sky."

Hearing the merciless blow from the eldest princess, Ye Feng just smiled and said without changing his expression: "Your Highness, there is no need to worry about this."

Hearing what Ye Feng said, the eldest princess immediately shook her head slightly and said loudly: "Ye Feng, your best choice is to be loyal to me. If I become the emperor of the Blood Demon Dynasty in the future, I will definitely reward you as our Blood Demon The greatest general of the dynasty, I will command you to command millions of soldiers."

Hearing what the eldest princess said, Ye Feng just smiled and didn't say much. Apparently he didn't want to make a decision on this topic for the time being.

The eldest princess saw that Ye Feng was silent and didn't care, because she knew that a top genius like Ye Feng was very rare not to mention in the entire Blood Demon Dynasty, even in the entire Northern Territory.

The eldest princess is willing to devote more energy and time to conquer Ye Feng and let Ye Feng work for her in the future.

Moreover, even if Ye Feng does not agree to the eldest princess in the future, she feels that becoming friends with Ye Feng is not a bad thing. Maybe she will need the help of Ye Feng as a friend in the future.

Therefore, the eldest princess feels that her attitude towards Ye Feng is slightly better now, and having more contact with Ye Feng will definitely be of great help in the future. ??

As for whether Ye Feng can support the seventh prince in the future, become the most powerful prince, and compete with her, the eldest princess, for the final throne, the eldest princess has not considered this at all.

Because she felt that the seventh prince was originally a prince who could not stand up to the wall. He had no foundation or strength. Ye Feng alone would not be able to become the future emperor.

And just as the eldest princess was thinking in her heart, they had already landed from high altitude and landed on the ground.

At this time, the eldest princess spoke up and said: "This is already the territory of the Demonic Sect. Next, we will rush on the road and do not attract the attention of the Demonic Sect. Otherwise, if the Demonic Sect knows that I, a member of the Blood Demon Dynasty, will The eldest princess came to the territory of the Demonic Sect and pointed out

Maybe the Mosha Church will make such a big move, after all, my identity is too special. "

Hearing what the eldest princess said, Ye Feng immediately nodded and said: "Okay, let's be more restrained. We shouldn't be discovered by the strong men of the Demonic Sect."

As Ye Feng said this, he thought of a beautiful figure in his heart, it was Nie Qianqian.

Nie Qianqian is one of the ten core disciples of the Demonic Sect, and her relationship with Ye Feng is very good.

Ye Feng knew that Nie Qianqian might be in the Demonic Sect now.

However, Ye Feng had no intention of looking for Nie Qianqian, because Ye Feng knew very well that it was most important to accompany the princess to the private party now.

Moreover, if he rashly went to the Demonic Sect, perhaps even before he saw Nie Qianqian, the powerful members of the Demonic Sect thought he was an enemy and attacked him directly.

At this moment, Ye Feng and the eldest princess were walking directly on the ground. Both of them had very strong cultivation, so even if they walked on the ground, they were very fast.

In less than a few hours, they had passed through most of the Demonic Sect's territory and were finally reaching the border of the Northern Territory.

At this time, Ye Feng was surprised to find that the location of the private party that the eldest princess was going to attend was not far from the entrance to the small world that he, the black market eldest lady Tang Youyou, the seventh prince and others had explored before.

The entrance to that small world is in a primeval forest at the junction of the Northern Territory and the Southern Barbarian Land.

Ye Feng immediately understood. It seemed that the primitive forest where the entrance to the small world of ancient ruins was located might be part of the vast wilderness that the eldest princess mentioned.

Ye Feng thought in his mind that if the party was over and he had time, he might be able to go to Tang Youyou, the eldest lady of the black market, and his good friend Ancient Demon to see how they were developing in the small world.

Chapter 4660 Under the Temple

Just when Ye Feng was thinking secretly in his heart, the eldest princess and Ye Feng had already flown into a vast forest.

At this moment, Ye Feng saw a huge temple built in the vast forest ahead. It looked very glorious and solemn, exuding an ancient atmosphere.

Seeing this scene, Ye Feng immediately understood. It seemed that the gathering place tonight was in this ancient temple.

Because the eldest princess also said before that the location of this special gathering is an ancient temple in the wilderness, which should be the temple in front.

And sure enough, at this time the eldest princess immediately said: "Ye Feng, our gathering place tonight is in the ancient temple in the primeval forest ahead. We arrived early, so we went in to rest first. Let's take a look. It is said that that ancient temple was built by the legendary Lord of the Wilderness in the Great Wilderness. Of course, the good things in it have long been divided up by many strong men and forces over the endless years, so Now there is only one empty temple building left, but even if it is just one building, it is said that practicing in this ancient temple will have the benefit of getting twice the result with half the effort. Now this ancient temple is occupied by a super powerful race in the wilderness. The one in control is the one hosting this party."

When Ye Feng heard this, his eyes showed surprise, and he asked aloud: "Which race in the wilderness is it?"

The eldest princess smiled slightly and said aloud: "You will know when the time comes."

While the two were talking, they had already arrived in front of the ancient temple in the primeval forest and landed directly.

At this time, Ye Feng was surprised to find that the entire ancient temple was completely empty, and not a single person was seen.

Seeing this scene, Ye Feng couldn't help but asked: "Did we come so early?"

The eldest princess will be there immediately

He smiled and said aloud: "The underground space of this ancient temple is very large. Someone should have arrived in advance, but it is in the underground space of this ancient temple."

When Ye Feng heard what the eldest princess said, a look of surprise appeared on his face. No wonder he saw an empty area around him. The original people were all under the ancient temple.

At this time, Ye Feng nodded slightly, then followed the eldest princess and walked towards the ancient temple in front.

At this moment, Ye Feng suddenly thought of something and said immediately: "Princess, since we are pretending to be practicing partners this time, why don't we get a little closer to avoid others' suspicion."

Hearing Ye Feng's question, the eldest princess's noble and beautiful eyes seemed to be slightly startled, as if she did not expect Ye Feng to ask such a question.

But at this time, the eldest princess couldn't help but glance at Ye Feng and said loudly: "Are you trying to take advantage of me?"

Ye Feng immediately shook his head and said loudly: "Since I worked for you this time and received a generous reward from you, I will definitely do my best, so I have to take all the circumstances into consideration. "

Hearing Ye Feng's righteous words, the eldest princess could only roll her eyes at Ye Feng and said: "It's not necessary for now. I will take the initiative when needed."

After saying that, the eldest princess took the next step and walked into the ancient temple ahead.

At this time, Ye Feng looked at the eldest princess's beautiful and noble back, and immediately grinned, without saying anything, and just followed her.

At this moment, when Ye Feng

When Ye Feng followed the eldest princess and walked into the ancient temple in front of him, he immediately saw that all the good things in this ancient temple had been robbed, and it was completely empty inside.

Even some of the ancient totems and murals on the walls were chiseled off and taken away directly.

"this....."

Seeing this scene, Ye Feng suddenly showed deep astonishment in his eyes.

The group of people who looted this ancient temple were really a group of bandits. Even the totems and paintings on the walls were smashed down and taken away. It was really an exaggeration.

Just when Ye Feng was sighing in his heart, the eldest princess suddenly looked at Ye Feng and said loudly: "Just go down the stairs in front."

Ye Feng nodded and followed the eldest princess to the end of the ancient temple.

There is indeed a rather secret-looking staircase here.

Immediately, Ye Feng followed the eldest princess down the stairs, and his vision suddenly became clearer.

I saw a huge underground space built underground under the ancient temple.

This underground space is mainly composed of three main halls.

In the middle of the three halls is a huge square.

Moreover, the surrounding walls of the underground space are all inlaid with extremely high-grade luminous pearls, exuding a fascinating and colorful light, which looks very psychedelic and very beautiful.

At this time, Ye Feng immediately saw that there were many people standing in the three main halls above the square in the underground space, resting or talking in them, and it was extremely lively.

Ye Feng was surprised to find that all of these people had different identities.

It's very extraordinary, because the aura it emits is very powerful.

Ye Feng also discovered that among these people were not only humans, but also other races.

Ye Feng even discovered several giant-like figures with a height of three to four meters, walking among the crowd. They should be the orcs from the southern barbarian land. Otherwise, they would not be so tall and conspicuous.

At this time, the eldest princess looked at Ye Feng beside her and said aloud: "Ye Feng, you follow me to the middle hall first. When I come here this time, in addition to being invited to attend this private party, there is a very important person to meet, because I have a very important cooperation with him, I want to go over and talk to him, you can follow me. "

When Ye Feng heard what the eldest princess said, he immediately nodded.

This time, since Ye Feng is pretending to be the eldest princess's training partner, he will do whatever the eldest princess says. Ye Feng can just follow the eldest princess.

However, when Ye Feng followed the eldest princess, he was also secretly exploring the auras of everyone in the underground space of the ancient temple.

Ye Feng discovered that most people's cultivation auras were stronger than his own, which made Ye Feng a little surprised. Moreover, Ye Feng's current cultivation strength was even among the elders in the Blood Demon Dynasty. , is also very high, but I didn't expect that there would be so many existences higher than my own cultivation level here.

It can be seen from this that this private gathering was indeed very secretive and very noble. They were all important figures from the Northern Territory, the Southern Barbarian Land and the Great Wilderness.

However, although most people have a higher level of cultivation than Ye Feng, it is not certain whether Ye Feng's true combat power is as high as Ye Feng's. After all, Ye Feng's combat power is not directly proportional to his level of cultivation. Ye Feng's true combat power is exaggerated. So strong.
