

## Ancient 4671

Chapter 4671 Join in the fun

Because the cultivation aura of this purple-armored middle-aged man from the Amethyst Dragon Tribe is three levels higher than Ye Feng's current level.

This gap in cultivation is really too big.

But before Ye Feng could say anything, the ancient demon standing next to him immediately shouted out: "What an Amethyst Dragon Clan! How shameless! You are an elder, and you dare to take action against my brother. This junior really doesn't understand any rules."

Hearing what the ancient demon said, the man in the purple armor of the Amethyst Dragon Clan immediately smiled coldly, holding the amethyst spear in his hand, filled with murderous intent, and said: "In the wilderness, I, the Amethyst Dragon Clan, are the rules. !"

After finishing speaking, this middle-aged man in purple armor from the Amethyst Dragon Clan stared directly at Ye Feng and said loudly: "In order to restore and repair the Taoist heart of our young master from the Amethyst Dragon Clan, you must come here now. In front of our young master, then kneel down and kowtow to him three times. If you can't do this, then don't blame me for forcing you to do it. "

Hearing what the middle-aged man in purple armor said, Ye Feng's face suddenly showed an extremely cold look.

At this time, the ancient demon just said: "Brother, I'm here to help you! I've been here for so long, and there's no excitement at all. I'm here to join in the fun, just to show off to those beautiful sisters from the wild race. Let's also show off my heroic figure!"

After saying that, the tall figure of the ancient demon took a step forward from Ye Feng, and then a terrifying aura of dark power suddenly erupted from his body.

boom!

At this moment, the ancient demon burst out with his incomparable strength, and his cultivation level was not much lower than that of the middle-aged man from the Amethyst Dragon Clan.

"What??"

This made everyone present suddenly look deeply horrified in their eyes.

When did such a powerful young man appear here again?

Because the young man transformed by the ancient demon is still very young.

At this moment, the eldest princess stood beside Ye Feng and couldn't help but asked in surprise: "Ye Feng, which race or power does your friend Ye Hei come from? Why is this like this? It's powerful, but I don't seem to recognize it, it looks very strange."

When Ye Feng heard the eldest princess asking this question, he immediately smiled and said, "He has no family and no sect, nor does he come from any big family. He is just a casual cultivator."

"Rogue cultivator?"

Hearing what Ye Feng said, the eldest princess's eyes suddenly showed surprise, as if she didn't expect that a casual cultivator could be so powerful.

The eldest princess immediately stared at the ancient demon's back, then nodded slowly and said loudly: "It's a pity that this kind of talent is just a casual cultivator. If you have a chance, Ye Feng, please help me persuade him." I persuade him to see if he can join my camp, and I can reward him and make him a distinguished figure in our Blood Demon Dynasty."

Hearing what the eldest princess said, Ye Feng immediately shrugged helplessly and said loudly: "Princess, why do you want to recruit everyone you meet to your side? Are you so lacking in strong men? "

Hearing what Ye Feng said, the eldest princess immediately smiled and said: "Of course, in the struggle for imperial power in the Blood Demon Dynasty, I am very lacking in strong people, and my vision and vision are not limited to the Blood Demon Dynasty. Dynasty, I will look at the entire Northern Territory in the future, and even compete in all the major territories in the entire Ten Thousand Monsters interface."

Hearing the eldest princess's domineering words, Ye Feng could only give the eldest princess a thumbs up and said: "Domineering, domineering."

The eldest princess stared at Ye Feng and couldn't help but said: "So Ye Feng, please help me persuade your friend Ye Hei to see if he can join me."

When Ye Feng heard what the eldest princess said, he immediately shook his head and said loudly: "I think he will definitely not join your army. He likes freedom and cannot be subordinate to others."

Hearing what Ye Feng said, the eldest princess didn't seem to have any mood swings. She just said loudly: "No matter what, I want to give it a try. This is an extremely talented person."

And just when the eldest princess said this, many people present were also speculating on the identity of the ancient demon. I don't know when such a stunningly talented young strongman appeared in their area again, and he was still with Ye The wind is a very familiar friend.

This made everyone even more unable to help but speculate as to what kind of existence Ye Feng was, why he was so powerful and why he had such powerful brothers and friends.

But while everyone was secretly guessing, the ancient demon had already flown high into the sky.

Two black wings actually grew out of his back.

This made everyone's eyes suddenly show surprise, and they were all guessing which clan in the wilderness the ancient demon belonged to.

The eldest princess is well-informed. At this time, she saw the two black wings transformed from the back of the ancient demon. She couldn't help but said: "Ye Feng, your friend Ye Hei, is he a demon with dark attributes?"

Hearing what the eldest princess said, Ye Feng's eyes suddenly showed a look of surprise. He didn't expect that the eldest princess's eyesight was quite good.

At this time, Ye Feng didn't say much. He just watched quietly to see if the ancient demon could defeat the purple-armored middle-aged man from the Amethyst Dragon Clan.

If he couldn't beat him, Ye Feng decided to step forward to help.

Although there is indeed a big gap in cultivation between him and this middle-aged man from the Amethyst Dragon Clan, Ye Feng can still give it a try if he really unleashes all his means and trump cards.

But now the ancient demon seemed to want to join in the fun and take action himself, so Ye Feng stayed put for the time being and stood where he was.

Because Ye Feng knew very well that the ancient demon should not be in danger, because the ancient demon was originally a very ancient and powerful existence. Now that he has come to the interface of ten thousand demons and cooperates with Tang Youyou, Tang Youyou should also I won't treat the ancient devil badly.

Therefore, the ancient demon should have obtained a lot of training resources during this period, and his strength must have recovered very well. He should be much stronger than when he just freed the ancient demon from the seal.

And just when Ye Feng was thinking secretly, the ancient demon had instantly charged towards the middle-aged man in purple armor from the Amethyst Dragon Clan in front of him. It was obvious that the ancient demon had a bad temper and he attacked directly. Too lazy to talk nonsense.

Chapter 4672 What is it?

When the ancient demon flew out, the aura it exuded was very terrifying.

Two black wings spread out from his back, and he instantly hit the middle-aged man in purple armor from the amethyst dragon clan.

Then the ancient demon directly stretched out a hand. On the way to grab it, his hand directly turned into a huge demon claw, full of extremely terrifying cutting ability, and it was ruthless in an instant. The fierce bombardment hit the head of this middle-aged man in purple armor from the Amethyst Dragon Clan.

Boom! !

At this moment, the man in the purple armor didn't hesitate at all. He just held the amethyst spear in his hand and attacked forward.

When the two collided, there was a huge roar.

The next moment, both of them felt a very terrifying force and took several steps back.

At this time, the ancient demon immediately showed surprise in his eyes and said, "Yes, it seems that you are definitely a super strong person among the Amethyst Dragon Clan."

But at this moment, he saw that his amethyst spear only blocked the ancient demon's black claws, and did not even destroy the ancient demon's black claws. This made the man in the purple armor suddenly change his eyes. Got gloomy.

Originally, he came here aggressively just to give Ye Feng a hard lesson, and then make Ye Feng kneel in front of the young master of their Amethyst Dragon Clan. In this way, the young master of the Amethyst Dragon Clan can regain his confidence and regain his confidence. Shape the heart of martial arts.

But now he never thought that Ye Feng would have such a powerful partner beside him.

At this time, the middle-aged man in purple armor looked a little uncertain. He immediately stared at the ancient demon and said with a hint of threat in his tone, "This is the grudge between me and Ye Feng. With you, Outsiders have nothing to do with it. I advise you not to meddle in other people's business. It's still too late to leave. Otherwise, if you continue to help Ye Feng, you will be the enemy of our entire Amethyst Dragon Clan. "

Hearing what the man in the purple armor said, the ancient demon suddenly stared blankly, then laughed loudly, and then said with contempt in his eyes, "So what if we are enemies of your Amethyst Dragon Clan? Who are you, the Amethyst Dragon Clan, and you dare to threaten me with it?"

"What? You...!"

At this moment, when he heard the ancient demon say this, the middle-aged man in purple armor immediately showed an extremely angry expression on his face.

He never imagined that not only would his threat be of no use to the ancient demon, but he would also be severely mocked by the ancient demon.

At this moment, when everyone around saw this scene, their eyes showed deep surprise. It seemed that they did not expect that the brother next to Ye Feng was so strong.

At this moment, the eldest princess standing next to Ye Feng in the back heard the ancient demon saying that the Amethyst Dragon Clan was nothing. This made the eldest princess suddenly happy and couldn't help laughing. He said, "Ye Feng, your friend is so courageous. You dare to mock the Amethyst Dragon Clan like this. You know, the Amethyst Dragon Clan is definitely the dominant race in the wilderness. Although it is not as good as the dominant race like the Sun God Clan, it is still It's a very powerful race, and there are countless super strong people among them."

Hearing what the eldest princess said, Ye Feng just smiled faintly, like the ancient demon, without any fear at all, and said loudly, "Don't talk about the Amethyst Dragon Clan, just

People from the Sun God Clan are here, and I don't have any fear. At worst, I just leave. When I become stronger, I will come back and wipe out their entire race. "

Hearing what Ye Feng said, the eldest princess immediately glanced at Ye Feng in surprise, as if she didn't expect that Ye Feng had such a dark side.

At this moment, the eldest princess did not say anything more, but looked not far away and said loudly, "Ye Feng, do you think this friend of yours can beat that middle-aged man from the Amethyst Dragon Clan?" You know, I know the middle-aged man from the Amethyst Dragon Clan. He seems to be the tenth super strong man among the Amethyst Dragon Clan. He is a strong dragon who has practiced for thousands of years among the Amethyst Dragon Clan. He is very powerful. , He has countless trump cards, and now he has not really shown his fighting power."

Hearing what the eldest princess said, Ye Feng smiled slightly and said, "Since my friend decided to join in the fun, it means that he must have the confidence to deal with that middle-aged man in purple armor."

While the two were talking, the ancient demon instantly shouted "Demon Soul Realm!"

boom! !

At this moment, the ancient demon suddenly burst out with terrifying dark light.

These dark lights directly enveloped the entire surrounding area of several kilometers, including the middle-aged man in purple armor opposite.

Then, in the surrounding void, demon souls that looked very evil appeared.

This is a very terrifying ancient demon soul that can carry out spiritual attacks on enemies.

Obviously, since the ancient demon knew that Ye Feng was a soul master, he also began to study the spiritual level of the soul, and actually created such a powerful inheritance in the demon soul field.

At this moment, countless demon souls immediately roared and charged towards the middle-aged man in purple armor.

At this moment, this middle-aged man in purple armor from the Amethyst Dragon Clan felt threatened, and immediately shouted "Purple Dragon Breaks the Sky!"

boom!

At this moment, the middle-aged man in purple armor jumped up and turned into a giant purple dragon. He broke through the Demon Soul Realm in an instant, and suddenly hit the ancient demon. The ancient demon was shattered by the direct impact.

At this moment, the ancient demon did not seem to expect that the other party would suddenly display such a powerful trump card and inheritance. However, the ancient demon was also prepared and immediately shouted "The true form of the devil!"

At this moment, the ancient demon seemed to begin to inspire the blood of its most powerful demon royal family.

The next moment, the ancient demon immediately grew in size and turned into a demon giant that could move tens of thousands of meters. It looked extremely ferocious, with black scales all over its

body, and two sky-covering demons. The sun-blocking devil's claws and eighteen black wings grow on the back, giving people a very noble feeling, but also full of a very evil feeling.

At this moment, the ancient demon turned into a giant of the demon royal family, and directly attacked the purple dragon that the middle-aged man in purple armor in front of him had transformed into.

Boom! !

Almost at the next moment, the entire field suddenly erupted with terrifying roars. The battle between the two was simply terrifying, causing unparalleled chaos. Everyone watching could not help but retreat to the three surrounding halls. Among them, I was afraid of being affected. When the ancient demon flew out, the aura it exuded was very terrifying.

You know, the Amethyst Dragon Clan is definitely the dominant

race in the wilderness. Although it is not as good as the dominant race like the Sun God Clan, it is still It's a very powerful race, and there are countless super strong people among them."

Chapter 4673 So domineering

Boom! !

At this time, the battle between the ancient demon and this middle-aged man in purple armor from the Amethyst Dragon Clan was like two extremely powerful gods fighting high in the sky.

The battle fluctuations they generated were simply terrifying to the extreme, shattering the entire surrounding ground into pieces.

Finally at some point.

Boom!

Along with a huge roar, a figure was directly bombarded from the sky.

When everyone took a closer look, their eyes suddenly showed horror. ??

The person who fell down at this time turned out to be the middle-aged man in purple armor from the Amethyst Dragon Clan.

When everyone saw this scene, their eyes showed deep astonishment, and they couldn't help but say, "This middle-aged man in purple armor is definitely among the top ten superpowers among the Amethyst Dragon Clan. But I didn't expect to be defeated on the spot by Ye Feng's partner. This kind of strength is really terrifying. "

At this moment, countless people felt deeply shocked.

Because no one thought that Ye Feng, a seemingly ordinary boy, was not only so powerful, but also that his companions were stronger than the last.

At this time, the ancient demon was flying high in the sky, with eighteen black wings flapping behind it, looking extremely intimidating.

At this time, the ancient demon stared at the middle-aged man in purple armor who was blasted to the ground. He immediately showed a ferocious smile on his face and said, "If you want to bully the small and bully my brother, then I'll beat you down and let you feel the feeling of being bullied."

Uh-huh!

After saying that, the ancient demon flew directly down from the sky, and then instantly landed in front of the middle-aged man in purple armor.

At this moment, under everyone's shocked eyes, the ancient demon stretched out a foot and stepped on the head of this middle-aged man in purple armor.

The middle-aged man in purple armor immediately felt huge humiliation, and shouted angrily, "You...are presumptuous!"

At this time, the ancient demon immediately grinned and said loudly, "You have already bullied the small ones, why can't you let me step on your head? I also want you to feel what it feels like to be bullied."

When he said this, the ancient demon immediately looked at Ye Feng, who was not far away, and said, "Ye Feng, are you happy now?"

At this moment, Ye Feng saw how domineering the ancient demon was, and immediately burst into laughter and said, "Thank you, brother, for venting my anger."

When he said this, Ye Feng stepped forward directly, looked at the middle-aged man in purple armor, and said loudly, "Sometimes if you want to stand up for your own people, you have to weigh your own strength. Don't think that in this world, You, the Amethyst Dragon Clan, are the strongest, and you may not be able to offend anyone you meet."

After saying that, Ye Feng stretched out a hand and snatched the storage ring of the middle-aged man in purple armor. He said, "You will not die for your sins, but all the wealth on your body must be To pay for it."

When he said this, Ye Feng directly kicked the seriously injured middle-aged man in purple armor away, and fell to the edge not far away like a dead dog.

At this moment, Ye Feng and the ancient demon shared the wealth of this middle-aged man in purple armor.

At this time, the ancient demon grinned and said loudly, "This Amethyst Dragon Clan is really...

So rich, this middle-aged man in purple armor actually contains so much wealth in his storage ring."  
"

Ye Feng was also a little surprised at this time, because the storage ring of this middle-aged man in purple armor actually contained mountains of cultivation resources.

In addition, there are many special things of the Amethyst Dragon Clan, such as some special weapons and armors, which are all made of extremely high-grade Amethyst and are very precious.

Of course, what Ye Feng wants most is the energy amethyst, which is the bet that Ye Feng got from the young master of the Amethyst Dragon Clan.

Ye Feng discovered that the storage ring of this middle-aged man in purple armor contained a lot of energy amethyst. Ye Feng naturally needed it very much.

At this time, Ye Feng immediately looked at the ancient demon in front of him and said, "Let's just share it equally."

The ancient demon also needs these training resources very much. After all, he is still far away from his original peak, so the ancient demon has obtained so many training resources and can continue to restore his strength to a stronger state. Naturally I am very happy.

At this time, the ancient demon and Ye Feng directly shared the cultivation resources of the middle-aged man in purple armor, and then both of them began to refine on the spot.

"this....."

When everyone saw this scene, their eyes suddenly showed astonishment. .???.??

Because no one expected that these two young men who came from nowhere would be stronger than the other, and they were so domineering that they even dared to steal the wealth of the Amethyst Dragon Clan.

They originally thought that even if the ancient demon defeated this middle-aged man in purple armor, he would definitely be afraid of the Amethyst Dragon Clan, the wild overlord race behind this middle-aged man in purple armor, and would not steal his wealth. At most, he would be humiliated. .

Unexpectedly, Ye Feng and the ancient demon directly snatched away all the wealth of this middle-aged man in purple armor, and even started using it on the spot.

At this moment, under the horrified eyes of everyone, Ye Feng didn't take it seriously at all. At this moment, Ye Feng directly absorbed the energy amethyst in the storage ring, and immediately gained a lot of energy. , Ye Feng's skill increased rapidly and fiercely again, and then the aura of cultivation on Ye Feng's body immediately increased steadily.

Ye Feng's cultivation level that he had just broken through was rapidly improving again at this moment.

It has to be said that this middle-aged man in purple armor has a little more wealth than the young master of the Amethyst Dragon Clan, and he is worthy of being one of the top ten superpowers among the Amethyst Dragon Clan.

boom!

The fourth level of the Divine Movement Realm!

boom!

The fifth level of the Divine Movement Realm!

boom!

The sixth level of the Divine Movement Realm!

boom!

The Seventh Heaven of Divine Movement Realm!

At this moment, relying on such huge cultivation resources, Ye Feng's cultivation suddenly broke through the fourth heaven and stepped into the seventh heaven of the Divine Movement Realm!

Ye Feng's breakthrough momentum was not deliberately displayed, so the people around him were far away and did not sense it.

But the eldest princess was very close to Ye Feng, and she could really feel the continuous breakthroughs and increases in Ye Feng's cultivation aura.

This made the eldest princess suddenly have a look of deep surprise on her face, because she had never seen anyone like Ye Feng, who could rely on external cultivation resources to achieve efficient energy conversion in a short period of time, allowing herself to His cultivation was able to break through so many in a short period of time.

This speed of cultivation is really weird and incredible!

Chapter 4674 Interested in you

At this time, the eldest princess stared at Ye Feng, who was not far away, with a strange look in her eyes.

Obviously, as she continued to contact and get along with Ye Feng, she discovered more and more that the secrets hidden in Ye Feng were simply endless. She would not be able to understand Ye Feng's complete secrets for a while. .

At this time, the eldest princess became more and more curious about Ye Feng.

Originally, she invited Ye Feng to come to this special gathering just to find a shield.

But now the eldest princess suddenly has a strong interest in Ye Feng himself.

...

At this moment, the central square is not far away.

Just when Ye Feng finished his training, the ancient demon beside him also absorbed all the training resources.

Although the ancient demon is not as efficient as Ye Feng in absorbing energy, the ancient demon has obviously recovered a lot of strength, because it can be seen from the aura of the ancient demon.

The aura of the ancient demon is now even more unfathomable than before.

At this moment, the ancient demon suddenly laughed and said aloud: "I really hope that this powerful man from the Amethyst Dragon Clan will come to our door later, and then we can suppress them and rob them of their wealth. "

Hearing what the ancient demon said, Ye Feng just grinned and said: "The only ones from the Amethyst Dragon Clan who came to the party this time are these two people, the young master of the Amethyst Dragon Clan and the man in the purple armor. , the other strong men from the Amethyst Dragon Clan may not be able to get here for a while."

Hearing what Ye Feng said, the ancient demon immediately sighed.

At this time, the eldest princess came over and couldn't help but smile and asked: "Ye Feng, why is your friend Ye Hei sighing?"

Ye Feng immediately smiled and said, "Because he has no one to rob him of his wealth."

Hearing what Ye Feng said, the eldest princess's eyes suddenly showed a look of astonishment.

Then the eldest princess shook her head slightly, looked at the ancient demon, and said solemnly: "Ye Hei, I heard Ye Feng said that you are a casual cultivator. It is really a waste for a talent like you to become a casual cultivator. Now, do you have any idea of working under me? In that case, I can give you whatever you need."

Hearing what the eldest princess said, the ancient demon just grinned and said loudly: "There's no need for this. I'm used to being alone."

After finishing speaking, the eldest princess immediately smiled and said: "I won't advise you much now. Anyway, I just want to tell you that if you have any ideas, you can come to me at any time."

When she said this, the eldest princess glanced at Ye Feng and said loudly: "You guys have probably ruined tonight's party. We can leave here directly."

Hearing what the eldest princess said, the ancient demon grinned and said: "It wasn't that we were screwed up, but that person from the Amethyst Dragon Clan. If he hadn't come to provoke Ye Feng, I won't teach him such a harsh lesson, but the lesson is worth it, because the storage ring on this middle-aged man in purple armor contains a lot of wealth."

Hearing what the ancient demon said, the eldest princess couldn't help but shook her head. At this time, she finally saw that this Ye

Black is like a robber.

While the three of them were talking, Tang Youyou, Miss Tang from the black market, also walked over from not far away.

At this time, Tang Youyou walked directly in front of the three of them, glanced at the eldest princess, then looked at Ye Feng and the ancient demon, and said loudly: "You two come with me when you have time. This time I will be in the small room." I have discovered a lot of secrets in the world, and I want to share them with you."

Hearing what Tang Youyou said, Ye Feng's eyes suddenly lit up, and he quickly followed the ancient demon and Tang Youyou in a certain direction not far away.

When Tang Youyou saw this scene, his eyes suddenly showed a look of success.

Obviously, Tang Youyou knew very well that Ye Feng was a money addict. As long as she said she found something good in the small world, Ye Feng would definitely follow her.

At this time, Tang Youyou glanced at the eldest princess with a provocative look.

Although the eldest princess is the most noble person in the hearts of many people, for a black market lady like Tang Youyou, she is not afraid of the other party's identity at all. Instead, she feels that the eldest princess and Ye Feng are so close. It gave Tang Youyou a sense of crisis.

At this moment, the eldest princess seemed to have seen Tang Youyou's slightly provocative gaze. She just smiled slightly without any emotional fluctuations at all, but she felt a little bit unhappy in her heart.

Originally, the eldest princess would not let herself have any negative emotions towards anyone or anything, because that would affect her judgment.

The only thing the eldest princess wants is the throne of the Blood Demon Dynasty and her grand ideals for the future.

But now when the eldest princess faced Ye Feng being temporarily taken away by others, she couldn't help but feel an inexplicable unhappy emotion in her heart. This made the eldest princess suddenly have a look of astonishment in her eyes.

When did you become so sentimental?

While the eldest princess was thinking secretly in her heart, Ye Feng, the ancient demon and Tang Youyou had already walked somewhere not far away.

At this moment, there was no one around, and Ye Feng couldn't help but asked: "Miss Tang, please tell me what secrets you discovered in the small world?"

Tang Youyou said with a smile at this time: "During this period, we have fully developed the small world, and we have indeed found a lot of good things. If Ye Feng, you are interested, you can follow us back to our black market and go to the entrance of the small world. Take a look at the established base, maybe there is something you need. If you need anything, I can directly make the decision and give it all to you. After all, you have been a huge help to us in developing the small world. "

Hearing what Tang Youyou said, Ye Feng's eyes revealed a hint of surprise, and he couldn't help but said, "Why are you so nice to me all of a sudden?"

After all, in Ye Feng's heart before, Tang Youyou, the eldest lady of the black market, had always put the interests of the black market first, but he didn't expect that he would take the initiative to give him things now. After all, during this period of time, he It did not help the black market develop that small world.

Hearing what Ye Feng said, Tang Youyou couldn't help but glance at Ye Feng and said, "Did I not treat you well enough before?"

When he said this, the ancient demon couldn't help but patted Ye Feng's shoulder and said loudly: "Ye Feng, can't you see it? Our Miss Tang is interested in you and wants you to become Her training partner." At this time, the eldest princess stared at Ye Feng not far away, with a strange look in her eyes.

Obviously, as she continued to contact and get along with Ye Feng, she discovered more and more that the secrets hidden in Ye Feng were simply endless. She would not be able to understand Ye Feng's complete secrets for a while. .

At this time, the eldest princess became more and more curious about Ye Feng.

Originally, she invited Ye Feng to come to this special gathering just to find a shield.

But now the eldest princess suddenly has a strong interest in Ye Feng himself.

...

At this moment, the central square is not far away.

Just when Ye Feng finished his training, the ancient demon beside him also absorbed all the training resources.

Although the ancient demon is not as efficient as Ye Feng in absorbing energy, the ancient demon has obviously recovered a lot of strength, because it can be seen from the aura of the ancient demon.

The aura of the ancient demon is now even more unfathomable than before.

At this moment, the ancient demon suddenly laughed and said aloud: "I really hope that this powerful man from the Amethyst Dragon Clan will come to our door later, and then we can suppress them and rob them of their wealth. "

Hearing what the ancient demon said, Ye Feng just grinned and said: "The only ones from the Amethyst Dragon Clan who came to the party this time are these two people, the young master of the Amethyst Dragon Clan and the man in the purple armor. , the other strong men from the Amethyst Dragon Clan may not be able to get here for a while."

Hearing what Ye Feng said, the ancient demon immediately sighed.

At this time, the eldest princess came over and couldn't help but smile and asked: "Ye Feng, why is your friend Ye Hei sighing?"

Ye Feng immediately smiled and said, "Because he has no one to rob him of his wealth."

Hearing what Ye Feng said, the eldest princess's eyes suddenly showed a look of astonishment.

Then the eldest princess shook her head slightly, looked at the ancient demon, and said solemnly: "Ye Hei, I heard Ye Feng said that you are a casual cultivator. It is really a waste for a talent like you to become a casual cultivator. Now, do you have any idea of working under my command? In that case, I can give you anything you need."

Hearing what the eldest princess said, the ancient demon just grinned and said loudly: "There's no need for this. I'm used to being alone."

After finishing speaking, the eldest princess immediately smiled and said: "I won't persuade you much now. Anyway, I just want to tell you that if you have any ideas, you can come to me at any time."

When she said this, the eldest princess glanced at Ye Feng and said loudly: "You guys have probably ruined tonight's party. We can leave here directly."

Hearing what the eldest princess said, the ancient demon grinned and said: "It wasn't that we were screwed up, but that person from the Amethyst Dragon Clan. If he hadn't come to provoke Ye Feng,

I won't teach him such a harsh lesson, but the lesson is worth it, because the storage ring on this middle-aged man in purple armor contains a lot of wealth."

Hearing what the ancient demon said, the eldest princess couldn't help but shook her head. At this time, she finally saw that this Ye

Black is like a robber.

While the three of them were talking, Tang Youyou, Miss Tang from the black market, also walked over from not far away.

At this time, Tang Youyou walked directly in front of the three people, glanced at the eldest princess, then looked at Ye Feng and the ancient demon, and said loudly: "You two come with me when you have time. This time I will be in the small room." I have discovered a lot of secrets in the world, and I want to share them with you."

Hearing what Tang Youyou said, Ye Feng's eyes suddenly lit up, and he quickly followed the ancient demon and Tang Youyou in a certain direction not far away.

When Tang Youyou saw this scene, his eyes suddenly showed a look of success.

Obviously, Tang Youyou knew very well that Ye Feng was a money addict. As long as she said she had found something good in the small world, Ye Feng would definitely follow her.

At this time, Tang Youyou glanced at the eldest princess with a provocative look.

Although the eldest princess is the most noble person in the hearts of many people, for a black market lady like Tang Youyou, she is not afraid of the other party's identity at all. Instead, she feels that the eldest princess and Ye Feng are so close. It gave Tang Youyou a sense of crisis.

At this moment, the eldest princess seemed to have seen Tang Youyou's slightly provocative gaze. She just smiled slightly without any emotion at all, but she felt a little bit unhappy in her heart.

Originally, the eldest princess would not let herself have any negative emotions towards anyone or anything, because that would affect her judgment.

The only thing the eldest princess wants is the throne of the Blood Demon Dynasty and her grand ideals for the future.

But now when the eldest princess faced Ye Feng being temporarily taken away by others, she couldn't help but feel an inexplicable unhappy emotion in her heart. This made the eldest princess suddenly have a look of astonishment in her eyes.

When did you become so sentimental?

While the eldest princess was thinking secretly in her heart, Ye Feng, the ancient demon and Tang Youyou had already walked somewhere not far away.

At this moment, there was no one around, and Ye Feng couldn't help but asked: "Miss Tang, please tell me what secrets you discovered in the small world?"

Tang Youyou said with a smile at this time: "During this period, we have fully developed the small world, and we have indeed found a lot of good things. If you are interested, Ye Feng, you can follow us back to our black market and go to the entrance of the small world. Take a look at the established base, maybe there is something you need. If you need anything, I can directly make the decision and give it all to you. After all, you have been a huge help to us in developing the small world. "

Hearing what Tang Youyou said, Ye Feng's eyes revealed a hint of surprise, and he couldn't help but said, "Why are you so nice to me all of a sudden?"

After all, in Ye Feng's heart before, Tang Youyou, the eldest lady of the black market, had always put the interests of the black market first, but he didn't expect that he would take the initiative to give him things now. After all, during this period of time, he It did not help the black market develop that small world.

Hearing what Ye Feng said, Tang Youyou couldn't help but glance at Ye Feng and said, "Did I not treat you well enough before?"

When he said this, the ancient demon couldn't help but patted Ye Feng's shoulder and said loudly: "Ye Feng, can't you see it? Our Miss Tang is interested in you and wants you to become Her spiritual companion."

Chapter 4675 Give you a slap first

Hearing what the ancient demon said at this moment, Ye Feng's eyes showed a look of surprise. It seemed that he did not expect that Tang Youyou was actually interested in him and wanted to become Tang Youyou's training partner.

Before Ye Feng could say anything, Tang Youyou couldn't help but rolled his eyes at the ancient demon and said loudly, "Ye Hei, why do you say it so directly? This makes me lose my face."

Hearing what Tang Youyou said, the ancient demon just grinned and said, "You have liked Ye Feng for a long time, but you have always been unwilling to say it yourself. Now I will say it for you. Isn't it just right? It saves the two of you." You are still talking nonsense here, which makes me tired. You can just talk about everything. Why are you being so reserved? I really don't understand the love between children of your human race. "

Hearing what the ancient demon said, Tang Youyou couldn't help but have a look of deep helplessness in her eyes. She never expected that the ancient demon could speak so directly.

At this moment, Tang Youyou looked at Ye Feng and suddenly became a little evasive.

If it were before, Tang Youyou might have faced Ye Feng openly, but now the ancient demon has spoken out his inner thoughts. Even though Tang Youyou is the eldest lady of the black market, she has always acted resolutely and decisively. But at this time, this extremely decisive black market lady has become a little evasive when it comes to the love between her children.

At this moment, Ye Feng's eyes were filled with deep astonishment, staring at Tang Youyou in front of him, not knowing how to respond.

Just when the atmosphere was getting awkward, suddenly a group of masters wearing golden armor walked directly from a certain direction.

The direction they were walking in was exactly where Ye Feng, Tang Youyou and the ancient demon were standing.

At this moment, the ancient demon immediately showed a cold smile in his eyes, and said loudly, "Those wearing golden armor should be masters of the Sun God Clan. They seem to be coming towards us."

Ye Feng's eyes revealed a look of surprise, and he said, "We don't seem to have provoked the Sun God Clan, but when I was with the eldest princess, I used words to mock the Ninth Prince of the Sun God Clan. Is it because of this incident?" But if it was because of this, they would have come to trouble us long ago, and they wouldn't have come to trouble me now."

Hearing what Ye Feng said, the ancient demon smiled and said, "It's probably because we gave a strong lesson to the strong men of the Amethyst Dragon Clan before, so I guess the people of the Amethyst Dragon Clan may have taken advantage of the sun." The Gods moved out and wanted to put pressure on us."

Hearing the ancient demon's guess, Ye Feng immediately nodded and said, "It's very possible. After all, you taught that middle-aged man in purple armor from the Amethyst Dragon Clan a terrible lesson just now, and it made him lose face." Wu Cun, maybe he will really find the Sun God Clan to regain the situation. After all, they are the dominant race in the wilderness, and they should usually have an alliance with each other. "

Hearing what Ye Feng said, the ancient demon immediately nodded. Then the ancient demon showed no fear at all on his face. Instead, he said with a look of fearlessness, "If the Sun God Clan's If people dare to interfere in such nosy matters, I don't mind giving them a severe lesson."

Ye Feng showed a solemn look in his eyes and said, "Let's take a look at the situation first. We can't be so impulsive all the time. After all, the Sun God Clan and the Amethyst Dragon Clan are the dominant races in the wilderness, and our current Our cultivation strength is not enough to deal with this overlord-level race, not to mention that we are still in the opponent's territory. We are now in the wilderness at the junction of the Northern Territory and the Southern Barbarian Territory. "

When Ye Feng said this, the ancient demon nodded slightly and said, "Let's see what they mean first."

While a few people were talking, a group of guards from the Sun God Clan in golden armor walked over not far away, and directly surrounded the three of them.

At this moment, a young man wearing a golden robe walked out from the crowd.

Ye Feng took a look and found that this young man was the ninth prince of the Sun God Clan who made him angry when he and the eldest princess were together before.

At this moment, the ninth prince of the Sun God Clan was staring at Ye Feng, with a hint of a cold smile in his eyes.

The ninth prince of the Sun God Clan immediately said, "This party is held by our Sun God Clan. Fighting is not allowed in the dance venue under the ancient temple where the party is held, but just now you actually made your own decisions." , fighting with the masters of the Amethyst Dragon Clan, this has violated the rules of our entire Sun God Clan, so now you have to follow me back to the Sun God Clan to be judged."

Hearing what the Ninth Prince of the Sun God Clan said, Ye Feng immediately said, "It was the masters of the Amethyst Dragon Clan who took the initiative to come to us, not us, so we were just acting in legitimate defense. Even if you want to find someone, you should look for the masters from the Amethyst Dragon Clan."

Hearing what Ye Feng said, the Ninth Prince of the Sun God Clan immediately said, "Even if they were the first to strike, you still had a very fierce battle here and destroyed many buildings and grounds here. This has violated the law." Our Sun God Clan's rules here are that you must come with us."

At this moment, the ninth prince of the Sun God Clan was talking, staring at Ye Feng with a cold expression.

Obviously, Ye Feng's previous anger at him had always been remembered in the heart of the ninth prince of the Sun God Clan, and he seemed to be looking for an opportunity to teach Ye Feng a lesson.

Now he just found the opportunity. As long as Ye Feng and the ancient demon follow them back to the Sun God Clan, the ninth prince of the Sun God Clan will let Ye Feng and the others know what cruelty is.

And just when the ninth prince of the Sun God Clan was making his own calculations, the ancient demon suddenly grinned and said, "Boy, who are you? What are the rules of the Sun God Clan? Do we have to abide by it?" "

Hearing the ancient demon say such words, the ninth prince of the Sun God Clan immediately widened his eyes, then stared at the ancient demon in disbelief, and said loudly, "You are so brave!"

Snapped!

But at this moment, the ancient demon immediately slapped the ninth prince of the Sun God Clan with his backhand. He slapped the ninth prince of the Sun God Clan away and fell to the ground, vomiting blood.

The ancient demon said directly, "How dare you threaten us for no reason? I'll give you a slap in the face first!"

Chapter 4676 Brazen attack

hiss!

At this moment, seeing this scene, countless people present widened their eyes and couldn't help but gasped.

No one thought that the ancient demon could be so domineering. Not only did he dare to teach the masters of the Amethyst Dragon Clan, he even slapped the Ninth Prince of the Sun God Clan.

After all, everyone knows very well that the Sun God Clan has a much higher status in the wilderness than the Amethyst Dragon Clan.

The Amethyst Dragon Clan can only be regarded as a first-class family in the wilderness, but the Sun God Clan is the truly dominant race in the entire wilderness, so no one dares to offend the Sun God Clan in the wilderness.

Because the consequences of offending the Sun God Clan will be very miserable.

But at this time, no one expected that the ancient demon would slap the ninth prince of the Sun God Clan without saying a word.

Ye Feng was stunned when he saw this scene, as if he didn't expect that the ancient demon would suddenly take action.

But then, Ye Feng laughed and said, "Well done. This ninth prince of the Sun God Clan has ulterior motives. He should be given a good slap to wake him up."

Hearing what Ye Feng said, the ancient demon immediately laughed. .??.

At this moment, everyone was deeply shocked as they watched Ye Feng and the ancient demon brothers say such words as if nothing had happened.

Because no one dares to do such a thing.

Even the super-powerful elders among the major forces would not dare to do this.

But the brothers Ye Feng and the ancient demon actually did it directly.

At this moment, among the crowd, there were young geniuses from other races in the wilderness. They couldn't help but said, "I estimate that after this party, the names of brothers Ye Feng and Ye Hei will spread." Throughout our entire northern and southern regions, in the entire southern barbarian and northern regions, it is estimated that these two brothers have become celebrities all of a sudden. After all, until today, no one has dared to confront the dominant race in the wilderness, and they have offended them all at once. There are two overlord races, one of which is the Sun God Clan as the ruling force."

Some people couldn't help but say, "This ninth prince of the Sun God Clan has always relied on his being a descendant of the Sun God Clan to dominate and bully young geniuses from other races and major forces. Many people have long seen that. He was unhappy, and so was I. This time, Brother Ye Hei just slapped him, which made me feel really good."

At this moment, it was obvious that the ninth prince of the Sun God Clan did not have a good reputation among the people, so he was slapped away by the ancient demon. Many people felt very happy inside.

However, at this time, some people were worried about Ye Feng and the ancient demon. They felt that the two brothers had now offended the two dominant races in the wilderness, and they would probably end up miserable. They might not even be able to get out of this ancient god. If you go to the temple, you will be killed directly on the spot.

At this time, while everyone was talking about it, the ninth prince of the Sun God Clan, who was slapped away, immediately stood up.

He covered his swollen face like a pig's head, and his eyes immediately seemed to be spitting fire. After all, when he and Ye Feng were fighting before, Ye Feng just mocked him with words, but now the ancient The devil directly

He slapped him and hit him directly. Naturally, the ninth prince of the Sun God Clan felt deep shame and anger.

At this moment, the ninth prince of the Sun God Clan immediately looked at the surrounding group of guards of the Sun God Clan wearing golden armor, and said loudly, "You all take action, kill Ye Feng and Ye Hei, these two people who don't know how high the sky is. The two brothers were all suppressed and put into the prison of our Sun God Clan. I will torture them to death!"

At this moment, the ninth prince of the Sun God Clan could be said to be extremely angry and felt huge shame, because he was the extremely noble ninth prince of the Sun God Clan, but he had just been slapped by an ancient demon directly in front of everyone. Being slapped away, this naturally made the ninth prince of the Sun God Clan extremely angry.

So at this time, he didn't want to say anything more. He wanted the powerful guards of the Sun God Clan around him to capture Ye Feng and the ancient demons.

At this moment, there were dozens of guards of the Sun God Clan wearing golden armor around them. They were all extremely powerful, and their cultivation levels were very high. After all, they were the organizers of this gathering, so the Sun God Clan was here in the ancient temple. Naturally, many powerful elite guards were arranged to maintain order.

At this moment, these powerful guards of the Sun God Clan rushed quickly towards Ye Feng and the ancient demon.

At this time, Tang Youyou was about to say something, but the ancient demon said loudly, "This is a matter between us brothers and has nothing to do with you, a woman."

After saying that, the ancient demon directly pulled Ye Feng and took a step forward.

I have to say that the ancient demon seemed a bit chauvinistic, but Ye Feng didn't say much at this time. This was indeed caused by him and the ancient demon, so naturally he and the ancient demon would solve it.

This moment.

Boom!

Boom!

Ye Feng and the ancient demon burst out with an extremely powerful cultivation aura.

At this time, Ye Feng and the ancient demon almost didn't hesitate at all, and they immediately burst out their extremely powerful cultivation powers and prepared to fight.

Because they all know very well that now the ninth prince of the Sun God Clan wants both of them to die, so it means that they have completely broken their skin.

So at this time, the two of them no longer had any taboos. They just exploded with their own powerful strength and prepared for a good fight, because no words were of any use now.

The only way is for his subordinates to meet Zhenzhang and see who is stronger.

Fortunately, this time, the ancient temple was very far away from the Sun God Clan and the Amethyst Dragon Clan in the wilderness.

This time, the powerful men of the Sun God Clan who came to the ancient temple, except for the ninth prince of the Sun God Clan as a representative figure, the others were a group of dozens of elite guards wearing golden armor.

So at this time, Ye Feng and the ancient demon were not afraid at all, and just took action brazenly.

Boom!

At this moment, the ancient demon was the first to attack. He stretched out two huge demon claws and attacked crazily forward.

Chapter 4677 Stop fighting

Boom!

Boom!

The claws of the ancient demon are still very terrifying and have terrifying sharpness.

So at this time, every time the ancient demon's claws attacked, it was able to send a golden armored guard of the Sun God Clan directly flying backwards.

But what surprised the ancient devil was that his devil's claws were unable to break the golden armors of these Sun God Clan's golden armored guards.

After all, you must know that the claws of the ancient demon are very terrifyingly sharp. Even some advanced weapons and magic weapons can be shattered by the claws of the ancient demon in an instant.

However, the armor of these guards of the Sun God Clan could withstand the claws of the ancient demon. Naturally, the ancient demon was very surprised.

Seeing this scene at this time, the ninth prince of the Sun God Clan not far away immediately laughed out loud, "You can't even break through the armor of our Sun God Clan's guards, how can you fight with me?"

"Pfft!"

But almost at the moment when the ninth prince of the Sun God Clan finished speaking, Ye Feng held the Sword of the God in his hand and directly cut the golden armored guard of the Sun God Clan in the front into two halves with a "click".

"What??"

Seeing this scene, the eyes of the ninth prince of the Sun God Clan, who had been very happy just now, suddenly widened.

He couldn't help but stare at the golden sword in Ye Feng's hand, and shouted in disbelief, "Ye Feng, where did you get this peerless magic weapon in your hand? There is no way for people like you to How can a humble cultivator from the Wu sect master such a powerful weapon? "

Obviously, the ninth prince of the Sun God Clan felt very unbelievable that Ye Feng controlled such a powerful weapon.

Because in the eyes of the ninth prince of the Sun God Clan, Ye Feng was the kind of villain who followed the eldest princess to this party.

Therefore, the ninth prince of the Sun God Clan felt that with so many elite guards of the Sun God Clan around him, he would definitely be able to take down Ye Feng and the ancient demon.

But I didn't expect that not only the ancient demon was so powerful, but Ye Feng was also so powerful.

Although Ye Feng's cultivation is indeed not as good as the ancient demons and these powerful guards wearing golden armor for the time being, Ye Feng actually has such a powerful weapon in his hands and can easily break through the armor of these golden armored guards.

At this moment, when the ancient demon saw this scene, he immediately laughed and said, "Ye Feng, let's join forces. I'm thick-skinned and have amazing defense. They can't hurt me at all, and Ye Feng The golden sword in your hand can easily break through their armor and defense. If you attack, we will definitely kill everyone if we work together."

"good idea."

At this time, Ye Feng immediately clicked, and then flew directly to the ancient demon's shoulders and stood on the ancient demon's shoulders.

At this moment, the ancient demon immediately activated the bloodline of his extremely powerful demon royal family.

I saw that the ancient demon immediately grew bigger again like last time and became a towering demon giant that was several kilometers tall, with eighteen black wings on its back.

At this time, a total of eighteen black wings were used by the ancient demon to guard Ye Feng's side.

As long as a golden armored guard attacks in front of them and wants to attack Ye Feng, he will be blocked by the eighteen black wings on the back of the ancient demon.

In other words, the eighteen black wings behind the ancient demon have simply become Ye Feng's most solid shield, helping Ye Feng resist extremely powerful attacks.

After all, you must know that the cultivation strength of these golden armored guards of the Sun God Clan is still very terrifying, almost comparable to the cultivation level of ancient demons, so Ye Feng wants to fight against dozens of super men who are two or three realms higher than himself. The strong man's attack is still very difficult.

But now with the protection of the ancient demon's eighteen black wings, Ye Feng can say that he no longer has any worries.

All he had to do was hold the God's Sword in his hand and keep slashing wildly.

Because the Sword of the Gods is now the only weapon that Ye Feng and the ancient demon can use to break through each other's defense.

At this time, Ye Feng was very happy that he could get the God Ring, a token of the God clan. The weapons he transformed into were so sharp that there was no way to resist them.

Ye Feng felt that as long as he did not reach the higher cultivation dimension, in the middle dimension of the world where the Great World of Origin is located, his Sword of God could be said to be the number one divine weapon, able to break through Open any defense.

At this time, Ye Feng and the ancient demon joined forces, and it could be said that they became a terrifying killing machine.

The physical strength of the ancient demon itself is very terrifying, and the eighteen wings on its back can protect Ye Feng, so these golden armored guards of the Sun God Clan cannot break through the defense of the two of them together.

But the God's Sword in Ye Feng's hand could easily cut and shatter the golden armor on each guard.

So in the ensuing battle, all the golden armored guards on the Sun God Clan's side were chopped to pieces by the Sword of the Gods in Ye Feng's hand.

At this moment, Ye Feng's attack was extremely ferocious, because he didn't need to think about his own defense at all, just a fierce attack.

So at this time, the golden armored guards of the Sun God Clan were complaining terribly.

Because they have no way to break through the defense methods displayed by the ancient demons, but the Sword of the God in Ye Feng's hand can chop down the golden armored guards of the Sun God Clan.

So at this time, everyone saw a very shocking scene. They saw a group of elite guards wearing golden armor from the Sun God Clan, being killed by Ye Feng like a melon and vegetables, killing nearly half of them.

At this time, the eyes of the ninth prince of the Sun God Clan, who had been so high-spirited just now, suddenly showed a look of deep panic.

Because he never expected that he had brought so many powerful golden armored guards from the Sun God Clan, but they still could not pose any threat to Ye Feng.

On the contrary, under the joint efforts of the two brothers Ye Feng and the ancient demon, more than half of the extremely elite armored guards of their Sun God Clan were killed.

At this moment, the ninth prince of the Sun God Clan immediately panicked and couldn't help shouting, "Stop fighting, stop fighting, retreat quickly!" Boom!

Boom!

The claws of the ancient demon are still very terrifying, with terrifying sharpness.

So at this time, every time the ancient demon's claws attacked, it was able to send a golden armored guard of the Sun God Clan directly flying backwards.

Chapter 4678 No taboos

Obviously, the ninth prince of the Sun God Clan also knew that even if they were outnumbered, they were no match for Ye Feng and the ancient demon.

But at this time, Ye Feng stood on the shoulders of the ancient demon, just stared at the audience coldly, and said loudly: "Ninth Prince of the Sun God Clan, you want to kill us, and now you want to stop the war. This is impossible. If you want to escape from the war circle, it is no longer possible for you to escape. "

After saying that, Ye Feng directly used the power of the void to make the ancient demon move much faster.

Then Ye Feng frantically slashed out the Sword of God in his hand.

boom! .??.

Every sword strike can kill a golden armored guard of the Sun God Clan.

Seeing this crazy scene, seeing this bloody scene, everyone present was shocked. They didn't expect Ye Feng and the ancient demon to be so bold, frantically harvesting these elite armored guards of the Sun God Clan. His life is simply lawless, with no taboos at all.

The ninth prince of the Sun God Clan was also pale at this time. Although there was anger on his face, his heart was full of deep fear.

Because the ninth prince of the Sun God Clan has always been self-centered, it can be said that he basically walks sideways in the wilderness.

But he didn't expect that this time, he kicked the iron plate and encountered a hard problem. He didn't listen to him at all, and even killed all the elite men under him.

This was really the first time that the ninth prince of the Sun God Clan felt a sense of uncontrollable fear.

At this moment, the ninth prince of the Sun God Clan immediately shouted: "Stop killing. If you kill all my elite armored guards, you will have formed an irreconcilable relationship with our entire Sun God Clan." grievances."

Ye Feng immediately laughed out loud and said: "You want to kill us. There are already irreconcilable grudges, so you just want to kill us."

Almost at this moment, Ye Feng directly displayed the treasure he had obtained before, the Ice Emperor Mirror.

\u003c

br\u003e Boom! !

At this moment, a large amount of terrifying cold air rushed out of the mirror, freezing the remaining golden armored guards of the Sun God Clan who were trying to escape.

Uh-huh!

Then Ye Feng rushed forward and slashed out with the God's Sword in his hand, directly killing all the remaining golden armored guards!

At this moment, dozens of the extremely powerful golden armored guards of the Sun God Clan could be said to have been completely wiped out.

Seeing this terrible scene on the field, everyone fell into a dead silence.

quiet!

Deadly quiet!

Obviously no one expected that Ye Feng would become so powerful after joining forces with the ancient demons, killing all the dozens of elite guards of the extremely powerful Sun God Clan.

What made people even more horrified was that Ye Feng and the ancient demon were actually so bold and killed all the guards of the Sun God Clan.

This completely offended the entire Sun God Clan.

It is estimated that Ye Feng and the ancient demons will encounter endless pursuit by the Sun God Clan in the future.

At this moment, the ninth prince of the Sun God Clan not far away was simply dumbfounded.

Because he never thought that all the powerful guards around him would die in the hands of Ye Feng and the ancient demon.

At this time, this was the first time that the ninth prince of the Sun God Clan felt fear. It was the first time that he felt like the shadow of death.

So at this moment, the ninth prince of the Sun God Clan immediately ran away crazily into the distance, trying to escape from this terrible place.

Because he knew that Ye Feng and the ancient evil

The devil is really the kind of ruthless person who has no taboos, and will not take into account his identity as the so-called ninth prince of the Sun God Clan.

At this time, when he saw the ninth prince of the Sun God Clan running away, Ye Feng immediately smiled coldly, and in an instant he circulated the power of the void. His whole person flashed behind the ninth prince of the Sun God Clan, and the sword of the god in his hand instantly assassinated him. go out.

"Pfft!"

Almost at the next moment, the ninth prince of the Sun God Clan didn't even have time to react. He was pierced through the back by the God's Sword in Ye Feng's hand, and was stabbed to the core.

"ah!!"

The next moment, the ninth prince of the Sun God Clan roared loudly, and immediately felt terrible pain, which spread from his heart to his entire body.

The ninth prince of the Sun God Clan immediately screamed in horror: "How dare you kill me??"

Ye Feng had an indifferent smile on his face at this moment, and said loudly: "So what if I kill you? Aren't you just a ninth prince of the Sun God Clan? Who are you?"

Hearing Ye Feng's domineering and terrifying words at this time, the ninth prince of the Sun God Clan completely regretted it.

There was anger, fear, and regret in his eyes.

He regretted offending Ye Feng and the ancient demon, a ruthless person who had no taboos.

At this moment, everyone present saw that Ye Feng actually pierced the body of the ninth prince of the Sun God Clan and killed him directly. Countless people felt deep fear.

No one thought that something like this would happen at tonight's party.

At this moment, the middle-aged man in purple armor from the Amethyst Dragon Clan not far away has also been watching.

It was he who found the Ninth Prince of the Sun God Clan and asked the Sun God Clan to help them with the Amethyst Dragon Clan. It happened that the Ninth Prince had a grudge against Ye Feng.

But this middle-aged man in purple armor from the Amethyst Dragon Clan, why didn't he

I never thought that Ye Feng and the ancient demon would be so bold. Not only did they kill all the guards of the Sun God Clan who stayed in this ancient temple, but even the Ninth Prince was killed by Ye Feng on the spot. .

This is truly earth-shattering.

It will definitely cause a big sensation in the entire wilderness.

It will even cause huge waves in the entire Northern Territory and Southern Barbarians.

Because the Great Wilderness is an independent region, there are many overlord races living in it, especially overlord races like the Sun God Clan. Even the overlord forces in the Northern Territory do not dare to provoke them.

At this moment, the ancient demon suddenly flew in front of the middle-aged man in purple armor from the Amethyst Dragon Clan not far away, grinned, and said aloud: "Have you seen enough after watching it for so long?"

After saying that, the ancient demon didn't even wait for the purple-armored middle-aged man from the Purple Gold Dragon Clan to say another word. He stretched out a huge demon claw and tore the purple-armored middle-aged man into pieces.

At this moment, everyone's eyes widened when they saw this scene, with deep dullness in their eyes.

Ye Feng and the ancient demon completely offended the two dominant races in the wilderness, the Sun God Clan and the Amethyst Dragon Clan.

Especially when Ye Feng killed the ninth prince of the Wang family of the Sun God Clan on the spot, the consequences were extremely serious.

At this time, the eldest princess did not expect that things would develop to this point.

However, the eldest princess still favored Ye Feng's side. She immediately flew in front of Ye Feng, grabbed Ye Feng's hand, and said loudly: "Get out of here quickly, there is no way to stay here any longer!"

Ye Feng nodded, and directly put the corpses of all the powerful Sun God Clan people who were killed by him, including the corpse of the middle-aged man from the Amethyst Dragon Clan, into his storage ring, and then he and the eldest princess went directly towards Fly quickly outside the ancient temple.

The ancient demon followed closely behind and flew out of the ancient temple.

Chapter 4679 Purple Dragon Claw

At this time, Ye Feng and the eldest princess flew directly outside the ancient temple, and no one dared to stop them.

Because everyone has seen the powerful fighting power of Ye Feng and the ancient demon, it is very terrifying.

At this moment, the ancient demon also flew outside the ancient temple.

At this time, Ye Feng looked at the ancient demon and asked, "What are your plans next? If you continue to stay in the wilderness, you may be chased by the Sun God Clan and the Amethyst Dragon Clan, which will be very dangerous." , why don't you follow me to the Blood Demon Dynasty? As long as you return to the Blood Demon Dynasty, the overlord races in the wilderness will not dare to continue to hunt us. "

When the eldest princess heard what Ye Feng said, her eyes lit up. She quickly looked at the ancient demon and said loudly, "Ye Hei, Ye Feng is right. You have completely offended the Sun God Clan and the Purple God Clan in the wilderness." Crystal Dragon Clan, so they will definitely pursue you endlessly. The best way for you now is to follow us back to the Blood Demon Dynasty in the Northern Territory. In this case, our Blood Demon Dynasty, as the overlord of the Northern Territory, will have great strength. It can completely prevent those wild races from setting foot in the territory of our Blood Demon Dynasty, and you will be safe."

Hearing what the two people said, the ancient demon was also thinking. After all, although he can now fight against some super strong men among these overlord races, he must know that the foundation of these overlord races is very deep, and it is not as simple as everyone imagines. .

Therefore, the ancient demon knew that his current strength was not enough to deal with the comprehensive siege of this overlord race in the wilderness.

So at this time, the ancient demon nodded slightly and said, "Okay, then I will temporarily follow you back to the Blood Demon Dynasty in the Northern Territory."

The eldest princess was very happy to hear what the ancient demon said, because she had always felt that although the ancient demon looked quite evil, he was a rare and peerless talent. Although he was a member of the demon clan, he was extremely powerful. , is the capable person that the eldest princess needs very much.

So the eldest princess has always wanted to

The ancient demons were recruited to serve for themselves, but the ancient demons were unwilling. But this time there was external pressure, so the ancient demons were willing to follow them back to the Blood Demon Dynasty. For the eldest princess, , there would be more time to convince the ancient demon to work for him.

But just when the three of them were preparing to leave here.

Suddenly, a huge purple dragon claw stretched out from a certain direction not far away.

boom!

This purple dragon claw was literally covering the sky and the sun, tens of thousands of miles in size, and it was grabbed directly from high in the sky.

"Buzz!"

At this moment, Ye Feng, the ancient demon and the eldest princess felt a very terrifying sense of oppression coming on themselves. They could not even move and were imprisoned in this space.

"No! This purple dragon claw must have been taken by the extremely powerful Purple Gold Dragon Lord among the Amethyst Dragon Clan. Otherwise, it would be impossible to possess such terrifying power!"

Hearing what the eldest princess said, the ancient demon showed surprise in his eyes and said loudly, "I didn't expect that even the most powerful leader of the Amethyst Dragon Clan, Lord Zijin Dragon, would take action directly. It seems that this time we have offended us." The Amethyst Dragon Clan is so ruthless that even a super big shot like the Dragon Lord takes action."

At this moment, Ye Feng frantically activated the power of the void, breaking the constraints of the surrounding space, and immediately flew towards the distance with the eldest princess and the ancient demon.

But at this moment, the huge purple dragon claw appeared among the three of them, grabbing at Ye Feng and the ancient demon.

big

The princess immediately spoke out, "Dragon Lord of the Amethyst Dragon Clan, I am the eldest princess of the Blood Demon Dynasty, and my master comes from the land of Zhongzhou. I hope you can let my two friends go this time."

Boom!

But at this moment, the huge purple dragon claw didn't say any nonsense at all. With a flick of his finger, the eldest princess was forcefully blasted far away.

Even a mysterious young powerhouse like the eldest princess has no resistance at all in front of the Purple Gold Dragon Lord of the Amethyst Dragon Clan. After all, this is the leader of a dominant race in the wilderness, and he is a super powerful person.

After blowing away the eldest princess in this moment, the purple dragon claw did not hurt the eldest princess. Obviously, although the dragon master of the amethyst dragon clan did not want to talk nonsense with the eldest princess, he also had to consider the eldest princess's identity, so he would not hurt her. This eldest princess of the Blood Demon Dynasty will only expel the eldest princess from this area.

What the Purple Dragon Claw really wants to do is to kill the ancient demon and Ye Feng.

At this moment, after the eldest princess was forced to leave this area, her eyes suddenly showed a nervous look. She did not expect that the dragon master of the Amethyst Dragon Clan would have such a strong murderous intention towards Ye Feng and the ancient demon.

"This is bad!"

The eldest princess's face immediately turned gloomy.

At this moment, the purple dragon claw no longer hesitated, releasing terrifying power and landing directly on top of Ye Feng and the ancient demon.

At this moment, Ye Feng and the ancient demon felt that their entire bodies were about to break apart.

The next moment, Feng He and the ancient demon frantically mobilized their own strength, trying to hold onto this purple dragon claw.

Boom! !

A terrifying roar suddenly sounded.

The purple dragon claw that covered the sky hit the tops of Ye Feng and the demon. However, Ye Feng and the ancient demon were not that weak anymore, so they successfully resisted the attack of this purple dragon claw. , but was still bombarded by a very terrifying impact.

"puff!"

"puff!"

They all spurted out blood one after another, and couldn't help but fly upside down into the wilderness not far away.

At this moment, everyone in the underground space of the ancient temple was attracted by this terrifying movement.

Everyone saw this horrifying scene and couldn't help but said in horror, "Oh no! I just said that these two brothers would end up very miserable. I didn't expect that the dragon master of the Amethyst Dragon Clan would take action directly." , seems to be shot from the headquarters of the Amethyst Dragon Clan thousands of miles away. Although this Amethyst Dragon Lord cannot be present in person because the distance is too far, he can actually manifest a creature from thousands of miles away. The purple dragon claw has such terrifying power, it's really terrifying."

At this moment, Ye Feng and the ancient demon spurted blood one after another and were blown away into the wild jungle not far away. At this time, Ye Feng and the ancient demon struggled to get up from the ruins, with horror in their eyes. .

The dragon master of the Amethyst Dragon Clan was indeed much more terrifying than they imagined.

And this is not the arrival of the Amethyst Dragon Lord himself, but the dragon claw he manifested thousands of miles away has such terrifying power.

It's so scary!

He is worthy of being the leader of the dominant race in the wilderness!

At this moment, Ye Feng and the ancient demon immediately did not dare to put up any resistance, and hurriedly fled towards the distance, wanting to leave here as soon as possible, because they knew that even if only the dragon master of the Amethyst Dragon Clan manifested a Dragon Claw also has the power to reach the sky and is not something they can resist temporarily, so they have to leave first.

Chapter 4680 Refuge

Ye Feng was running away at this moment and said loudly, "As long as we escape from the wilderness and enter the Northern Territory, these overlord races in the wilderness will not dare to manifest their power casually, otherwise it will cause two conflicts." A total war between regions."

The ancient demon also nodded quickly and fled towards the wilderness.

But at this moment, a majestic voice sounded, "You can't live without the wilderness."

Buzz!

Almost at the moment when this majestic voice fell, a golden defensive light shield suddenly appeared in the entire area around the wilderness, covering the entire edge area of the wilderness, completely isolating it. Routes in the wilderness and other areas.

"What?"

Seeing this scene at this moment, Ye Feng and the ancient demon's eyes suddenly showed a deep look of depression.

And some people couldn't help but exclaimed, "This is the solar energy protective mask! It's the super strong man of the Sun God Clan who took action! It's probably the Sun God Lord himself, because he had a son who died here, and he must have sensed it." Death of the Ninth Son."

Some people couldn't help but exclaimed in amazement and regret, "I originally thought that the two brothers Ye Feng and Ye Hei would be able to shock the entire north and south areas, but now they are probably going to die completely. The Dragon Lord of the Amethyst Dragon Clan and the Divine Lord of the Sun God Clan, the two top superpowers all took action, sealing off the entire

edge of the wilderness. They couldn't escape the wilderness, and these two young people couldn't escape!"

At this time, everyone present could not help but have deep horror in their eyes.

Because they never expected that the two young brothers Ye Feng and Ye Hei would provoke the two most powerful overlord races in the entire wilderness to take action this time.

The first is the Dragon Lord of the Amethyst Dragon Clan. Thousands of miles away, he manifests a purple dragon claw that covers the sky and the sun, possessing terrifying oppressive power.

Then, the leader of the Sun God Clan, the Sun God Lord, also manifested an extremely powerful method. He directly condensed a solar energy mask and blocked the entire wilderness area, allowing Ye Feng and the ancient The devil simply has no way to leave the wilderness area, and therefore cannot enter the Northern Territory and enjoy the protection of the Northern Territory.

So at this moment, everyone felt that Ye Feng and the ancient demon brothers were definitely dead.

Some people couldn't help but sigh and said, "These two are both peerless geniuses, especially that one Ye Feng. With such a weak cultivation level, he can possess such a powerful combat power. He is a rare genius throughout the ages. That's it." It's such a pity that he died."

Some people couldn't help but said, "Actually, when these two brothers completely offended the Sun God Clan and the Amethyst Dragon Clan, especially when Ye Feng directly killed the ninth prince of the Sun God Clan's royal blood, I had already expected that the Sun The God Clan and the Amethyst Dragon Clan would definitely take action, chasing them both to the sky and to the ground, but I just didn't expect that the leaders of these two overlord races would take action so quickly."

At this moment, everyone felt that Ye Feng and the ancient demon were definitely dead.

But at this time, Ye Feng and the ancient demon did not give up, and quickly rushed towards the edge of the wilderness.

When they came to a layer of golden light, Ye Feng directly used his most powerful force to attack.

The ancient demon also directly activated his own evil

The bloodline of the demon royal family turned into a demon giant with eighteen black wings, and also attacked the golden light shield crazily.

But the moment their attacks touched the golden light shield, the golden light shield began to emit waves of terrifying power of the sun's flames, neutralizing all their attacks.

The ancient demon was almost burned to ashes by the sun's fire because he was too close to the golden mask.

"hiss!"

This made the ancient demon immediately take a breath of cold air and said aloud, "This Sun God Lord is really powerful. He can actually use the power of the Sun God Fire. Even my current demon body cannot resist this." The burning of the sun's divine fire."

Ye Feng nodded solemnly at this moment. It seemed that they had no way to escape from this vast wilderness.

They were completely trapped in this vast wilderness!

At this moment, the purple dragon claws of the dragon master of the Amethyst Dragon Clan behind them attacked again, and the two of them were bombarded. Although they did not die completely, they still suffered heavy injuries.

At this moment, Ye Feng immediately said, "We can't go on like this, otherwise, sooner or later, the two of us will be killed by this purple dragon claw. Moreover, the Sun God Lord of the Sun God Clan, and Amethyst The Dragon Lord of the Dragon Clan is probably rushing here from among the clan, and when they arrive, we will not be able to escape at all. "

Hearing what Ye Feng said, the ancient demon's eyes suddenly showed a deep look of solemnity. He did not expect that the two dominant races, the Sun God Clan and the Amethyst Dragon Clan, would act so quickly, and they were two races. The person in charge took action personally.

For Ye Feng and the ancient demon, this is naturally like a dimensionality reduction blow.

Although Ye Feng and the ancient demon are now very powerful in cultivation, even comparable to many elders, but facing the leader of an entire overlord race and such super power, the two of them still seem a bit His background is too shallow and he is no match for such a powerful opponent.

At this time, the purple dragon claws, covering the sky and the sun, struck again, as if they could shatter the entire wilderness, which put Ye Feng and the ancient demon into deep trouble.

Because at this time, they had no way to escape to the Northern Territory or anywhere. They could only wait to die in the wilderness.

But at this time, the ancient demon seemed to suddenly think of something, and immediately said with bright eyes, "Ye Feng, let's go directly to the small world connected to the Great Wilderness. We can enter the cemetery of gods and demons in the small world. Maybe Able to escape with one's life."

"this?"

Hearing what the ancient demon said, Ye Feng couldn't help but said in astonishment, "You mean, we go directly to the cemetery of gods and demons in the small world connected to the wilderness? But that one in the cemetery of gods and demons The tomb guard seems not to have a good impression of us, and the tomb guard is also very scary. Maybe we will be targeted by the tomb guard again, and we will be in trouble if we are attacked from both sides. "

Hearing what Ye Feng said, the ancient demon immediately pulled Ye Feng and ran quickly towards the entrance of the small world in the wilderness, saying loudly, "It's time, don't worry about so much, we and the tombkeeper No one has any grievances, so he won't deal with us. Such a reclusive master won't be petty. As long as he doesn't drive us away, we will be safe. "
