Chapter 4681 Just one sentence

Hearing what the ancient demon said, Ye Feng nodded immediately. There was only one way now.

However, Ye Feng couldn't help but asked: "Who is more powerful, the tombkeeper in the cemetery of gods and demons, or the leader of the dominant race in this wilderness?"

When the ancient demon heard Ye Feng's question, he immediately shook his head and said: "I don't know either, but I think the tombkeeper can live from the age of the ancient gods to today. His strength is absolutely terrifying, even if it's me. At his peak, he was like a child in front of the tombkeeper, so I feel that even the leader of the Sun God Clan or the Amethyst Dragon Clan may not be able to deal with the tombkeeper, and we don't have any now. The only other way to escape is to take refuge in the cemetery of gods and demons."

Hearing what the ancient demon said, Ye Feng immediately nodded, said nothing more, and concentrated on escaping.

At this time, Ye Feng still felt very lucky. Fortunately, the entrance to the small world they developed before was in the wilderness area, so they could enter the small world from the wilderness.

Otherwise, they really have nowhere to go at this time.

Because the entire edge of the wilderness has been covered by the Sun God Lord of the Sun God Clan with a solar energy mask, they have no way to escape from the area where the wilderness is located, so they can only enter that small world.

This ancient temple is still very close to the entrance of that small world, so at this time, even if there is a purple dragon claw attack from the dragon master of the Amethyst Dragon Clan behind him, Ye Feng and the ancient demon will be in a very short time. Inside, we have passed through a large wilderness area and finally arrived at the entrance of that small world.

At this time, there were still many core black market experts guarding the entrance of this small world. However, Ye Feng and the ancient demon did not say anything and just rushed into the entrance of this small world and entered the small world. .

Ye Feng and the ancient demon did not remind this

These strong men in the black market, because the overlord race in the wilderness wants to hunt down only the two of them, so even if the super strong men from the Sun God Clan and the Amethyst Dragon Clan come here, they will not do anything to these core strong men in the black market. something.

After all, this is the base for the black market to develop the small world, and the black market is also a very special existence in the entire Northern Territory, so these wild overlord races will not offend the black market easily.

At this moment, Ye Feng and the ancient demon entered the small world and immediately flew quickly towards the cemetery of gods and demons.

Ye Feng and the ancient demons had experienced in this small world before, so they were very familiar with the terrain distribution of this small world, so they quickly found the direction of the Gods and Demons Cemetery and came directly to the Gods and Demons Cemetery. 's edge zone.

At this moment, Ye Feng and the ancient demon suddenly saw ancient tombs appearing on the ground in front of them.

Each of these tombs is the cemetery of gods and demons from ancient times.

The entire cemetery of gods and demons is still the same as when they first came, mysterious and vicissitudes of life, as if there is no passage of time here, it is an eternal place.

At this moment, Ye Feng and the ancient demon did not hesitate and rushed directly into the cemetery of gods and demons, flying quickly towards the depth of the cemetery of gods and demons.

What surprised them was that when they entered the cemetery of gods and demons, the previous tombkeeper did not come out to drive them away.

However, this made Ye Feng feel a little guilty, and he couldn't help but said, "Do you think the tombkeeper has left here or is dead?"

The ancient demon couldn't help but shook his head immediately and said loudly: "Of course not,

During this time, I cooperated with the black market to develop this small world. I have never seen the tombkeeper leave this small world. Moreover, as the guardian of the entire cemetery of gods and demons, this tombkeeper cannot leave here casually. He will never leave. in the cemetery of gods and demons. "

Hearing what the ancient demon said, Ye Feng immediately nodded. Now there is no other way but to choose to stay in this cemetery of gods and demons. At least the cemetery of gods and demons can give the two of them some sense of security.

Next, the two of them stayed in the cemetery of gods and demons, waiting silently.

Suddenly at this moment, the two of them looked outside the cemetery of gods and demons, and immediately discovered two very terrifying auras sweeping in from the sky.

A breath is like a golden sun, full of infinite terrifying power, as if it can burn the sky.

There is also a breath of a giant purple dragon, which is hundreds of thousands of meters long, covering the sky and the sun.

Obviously, these two are the Sun God Lord of the Sun God Clan and the Purple Gold Dragon Lord of the Amethyst Dragon Clan.

They actually entered the small world directly to hunt down Ye Feng and the ancient demon.

At this moment, they saw two powerful and terrifying superpowers flying over from a distance. Ye Feng and the ancient demon could not help but reveal a trace of nervousness in their eyes.

They looked around and found that there seemed to be no movement in the cemetery of gods and demons. This made the two of them murmur inwardly, wondering if the tombkeeper was in the cemetery of gods and demons.

At this moment, outside the cemetery of gods and demons, the Sun God Lord and the Amethyst Dragon Lord have manifested their respective figures.

The Purple Gold Dragon Lord did not turn into a human form, but retained his original body. He was a purple dragon with a length of more than 100,000 meters, with purple scales all over his body, and two dragon horns, like It is made of amethyst and is very majestic.

Rong, it feels very scary, just like seeing the purple dragon in ancient myths and legends.

The Sun God Lord is a middle-aged man who looks extremely tall. He is exuding bright golden light. There is a sun floating above his head, and there are hundreds of sun halos behind him, which gives people a very... It is so sacred, as if the ancient gods have descended.

It has to be said that these two are the top powerful beings in the wilderness. They are the ceiling of combat power in the wilderness. They are very terrifying. Just their aura can make mountains collapse.

At this moment, the two big men came to the edge of the cemetery of gods and demons. They wanted to continue moving forward, but they seemed to have discovered something and couldn't help but stop.

At this moment, the Purple Gold Dragon Lord stared at Ye Feng and the ancient demon in the cemetery of gods and demons, and immediately made a majestic voice and said: "You two had better come out and capture them immediately, otherwise, I will kill them." You will be tortured to death slowly, but if you come out directly, I can reward you with a happy death."

Hearing what the Purple Gold Dragon Lord said, the ancient demon immediately grinned and said, "If you have the guts, come in and challenge me."

"you....."

Hearing the ancient demon's teasing words, the Purple Gold Dragon Lord immediately showed a hint of anger on his face.

He is a super big shot in the wilderness, but he was teased by a little devil, which naturally made this big shot feel very angry.

At this time, the Sun God Lord stared closely at Ye Feng deep in the cemetery of gods and demons, and said loudly: "You killed my ninth son, and you must pay the price with blood. This is related to our Sun God Clan. of majesty and glory."

Ye Feng said nonchalantly: "I'm just like my brother, just one sentence, if you have the guts, come in."

Chapter 4682 Gravekeeper

At this moment, seeing Ye Feng and the ancient demon looking indifferent, the Sun God Lord and the Purple Gold Dragon Lord immediately showed a trace of ugly look in their eyes.

They never thought that these two young people were destined to die, but in the end they found such a special place.

Because both the Sun God Lord and the Amethyst Dragon Lord can now sense the cemetery of gods and demons in front of them, which seems to contain a very terrifying aura.

That kind of terrifying aura made them all feel very scared.

Although they are the top powers in the wilderness, they still feel a feeling of fear that they have not experienced for a long time in front of the cemetery of gods and demons.

At this time, the Sun God Lord and the Amethyst Dragon Lord both fell into silence.

Although now Ye Feng's words to the ancient demon are very unpleasant, making both the Sun God Lord and the Purple Gold Dragon Lord want to completely kill these two young people.

But they were still very afraid of the very ancient cemetery of gods and demons in front of them.

Because they are all very powerful and powerful figures, their perception is much more terrifying than that of ordinary people.

So at this moment, they could feel that there was an aura in the cemetery of gods and demons ahead that made them feel very fearful.

Although this cemetery of gods and demons seems to be very peaceful now, it actually hides a frightening atmosphere.

At this time, the Sun God Lord and the Amethyst Dragon Lord looked at each other, as if seeking each other's opinions.

After all, both of them are overlord-level leaders in the wilderness, so they value their lives more and are naturally more concerned about possible crises.

After all, Ye Feng and the ancient demon can be said to be barefoot and not afraid of wearing shoes.

At this moment, seeing the two ancient big shots discussing something with each other outside, Ye Feng did not waste any time.

In a matter of seconds, all the corpses of the powerful men he had killed in the ancient temple were released from the storage ring, including the ninth prince of the Sun God Clan, and Ye Feng devoured them on the spot.

"you....."

Seeing this scene, the Sun God Lord not far away, including the Amethyst Dragon Lord, suddenly showed deep anger in his eyes.

They never expected that Ye Feng would actually start to devour the energy of the two strong men of the wilderness race in front of him. This was really a slap in their face.

No matter how kind-hearted these two ancient figures are, and no matter how deep the city is, they can't help the anger in their hearts at this time.

Because Ye Feng's blatant behavior was really too presumptuous.

At this moment, the Sun God Lord immediately looked at the Purple Gold Dragon Lord next to him and said, "You go over and test the water first. If there is any danger, I will help you later."

Hearing what the Sun God Lord said, the Amethyst Dragon Lord was stunned for a moment, as if he didn't expect that the Sun God Lord would let him enter the Gods and Demons Cemetery to test the waters first.

This made the Amethyst Dragon Master feel a little unhappy.

But the Sun God Lord is the strongest being in the wilderness after all, so at this time, the Amethyst Dragon Lord had no choice but to do as he was told.

Uh-huh!

At this moment, the majestic purple dragon body of the Amethyst Dragon Lord, which was hundreds of thousands of meters long, rushed directly into the cemetery of gods and demons, and charged directly in the direction of Ye Feng and the ancient demons.

At this moment, Ye Feng didn't even have time to swallow it, and immediately retreated quickly with the ancient demon.

At this moment, the Purple Gold Dragon Lord

The hundreds of thousands of meters long purple dragon body it transformed into has completely entered the cemetery of gods and demons, but it does not seem to be in any danger.

This made the Amethyst Dragon Master's eyes suddenly show deep excitement, and he laughed loudly and said, "You two boys are dead. This God and Demon Cemetery is just a bluff."

Seeing that there was really no danger at this time, Ye Feng and the ancient demon suddenly sank to the bottom of their hearts.

They never expected that the tombkeepers in the Gods and Demons Cemetery would not directly fight against the Amethyst Dragon Lord who rashly invaded the Gods and Demons Cemetery.

At this moment, Ye Feng immediately looked at the ancient demon beside him and said, "It's better to run quickly."

The ancient demon nodded immediately, and the two of them prepared to leave the cemetery of gods and demons quickly.

But just when the two were about to leave.

Uh-huh!

Suddenly, a mysterious old man wearing a gray robe suddenly appeared in front of the two of them. .??.

It was the old tombkeeper they met before!

At this moment, Ye Feng and the ancient demon immediately widened their eyes slightly, and then their eyes showed deep surprise.

The old gravekeeper finally appeared.

At this time, Ye Feng immediately said, "Senior, there is an extremely powerful Dahuang clan invading the cemetery of gods and demons. Senior, please take action to protect the sacred cemetery of gods and demons."

Hearing what Ye Feng said, the tombkeeper immediately glanced at Ye Feng and said nothing more.

This glance made Ye Feng feel a little embarrassed.

But at this time, Ye Feng could only rely on the tombkeeper.

At this moment, what pleased Ye Feng and the ancient demon was that the tombkeeper had no intention of standing idly by.

At this moment, the tombkeeper suddenly turned around and looked at the hundreds of thousands of meters long amethyst dragon master rushing forward, and then slowly stretched out a hand.

The gravekeeper looked like an old man who was dying, without any strength, weak and old.

But the moment he stretched out his hand, a majestic and boundless black hand, filled with unparalleled vastness and coercion, appeared high in the sky in an instant, like an ancient black mountain, able to strike. Break everything.

At this moment, the amethyst dragon master hundreds of thousands of meters long, covered by this big black hand, seemed to have turned into a small snake, and was directly covered by this one. His big black hand was blasted backwards. In an instant, he was blasted outside the cemetery of gods and demons, and fell hard to the ground outside. The scales on his body were beaten to pieces, and even his body was broken into pieces. One of the amethyst dragon horns on the dragon's head was broken.

"ah!"

At this moment, the Amethyst Dragon Lord immediately screamed in pain, quickly looked at the tombkeeper, and said with horrified eyes, "Who are you? How come you exist in such a small world?" Such a powerful creature, this is impossible! How could such a terrifying existence like you be born in this small world?"

However, the tombkeeper didn't speak. He just stood there with his hands behind his back, as if he didn't want to talk nonsense at all.

At this moment, the Sun God Lord also had a look of uncertainty in his eyes, staring at the tombkeeper.

However, the Sun God Lord did not leave. Instead, his whole body bloomed with extremely bright sun light. He seemed to have turned into a sun god and rushed towards the cemetery of gods and demons, as if he wanted to challenge the tombkeeper.

Chapter 4683 How powerful

At this moment, the Sun God Lord unleashed the terrifying power of the Sun God Fire. He seemed to have turned into an ancient Sun God, descending directly into the cemetery of gods and demons.

It has to be said that the Sun God Lord is worthy of being the leader of the number one overlord race in the wilderness, and is much more powerful than the Amethyst Dragon Lord.

At this moment, the vast light of the sun emitted by the Sun God Lord illuminated the entire sky and dyed the land thousands of miles into the color of pure gold.

At this moment, even Ye Feng and the ancient demon who were standing deep in the cemetery of gods and demons felt the power of the Sun God Lord, and suddenly felt that their whole bodies were on fire. .??.

Even though they were so far apart and still protected by the aura of the cemetery of gods and demons, Ye Feng and the ancient demon felt as if their whole bodies were about to be broken.

At this moment, the two of them looked at each other, with deep horror in their eyes.

The ancient demon couldn't help but sigh and said, "This Sun God Lord is really powerful. He is worthy of being the leader of the Sun God Clan, the number one overlord race in the wilderness. He is indeed very powerful."

Ye Feng also nodded in agreement.

At this time, Ye Feng also felt the power of the Sun God Lord, which was much more terrifying than he imagined. He was indeed a leader-level existence in the wilderness.

At this time, the ancient demon even couldn't help but muttered, "I wonder if the old man, the tombkeeper, can beat the Sun God? The tombkeeper is old and has lived for so many years. His strength is not as strong as at his peak, but this Sun God Lord is in his prime and is at his strongest."
"

Ye Feng said aloud at this time, "Now I can only hope that the senior tombkeeper can be more helpful."

At this moment, Ye Feng and the ancient demon suddenly showed a deep look of solemnity in their eyes, looking forward.

At this time, the tombkeeper saw the sun god's body glowing with golden light, and seemed to finally pay more attention to it, but he did not panic.

Buzz!

The tombkeeper still stretched out a big hand, but this time he stretched out both hands. Two towering black big hands suddenly appeared in the sky, full of unparalleled power, and they suddenly overwhelmed the Sun God Lord. The whole person clasped his hands together, as if he wanted to swat the sun god to death like a mosquito.

But at this moment, the Sun God Lord immediately shouted, "Sun God, give me power!"

At this moment, even a peerless power like the Sun God Lord couldn't help but burst out with his strongest bloodline power when facing the old man guarding the tomb.

Buzz!

The next moment, he was actually connected to the sun high in the sky of this small world.

The world power of this small world gave this Sun God Lord incomparable energy.

Seeing this scene, Ye Feng couldn't help but exclaimed, "This is the use of the power of the world's rules! It seems that the Sun God Lord has reached the level where he can truly control and use the power of the world's rules."

You must know that Ye Feng and the ancient demon were lucky enough to fuse some fragments of the world's rules. Even if they can only use some of the power of the world's rules, the combat effectiveness of Ye Feng and the ancient demon can soar.

Not to mention an existence like the Sun God Lord who can directly and completely use the power of world rules.

\u003e

The destructive power he caused was naturally even more terrifying.

So at this time, Ye Feng immediately became worried about the old man who guarded the tomb.

After all, if the old tombkeeper cannot defeat the Sun God Lord, then he and the ancient demon may really be killed by these two overlords in the wilderness.

So at this moment, both Ye Feng and the ancient demon suddenly became very nervous.

But at this time, the old tombkeeper seemed not as weak as Ye Feng and the ancient demon imagined.

At this moment, although the Sun God took the initiative to use the power of the world's rules, the Sun God's light on his body suddenly shone dozens of times.

The old tombkeeper also increased his strength at this moment.

His big black hands became more majestic and vast, like the palms of ancient gods, and they all of a sudden continued to attack crazily in the direction of the Sun God Lord.

The Sun God Lord immediately felt tremendous pressure at this time.

The moment each black palm of this old tombkeeper struck him, the Sun God Clan felt that more than half of the sun light on his body was shattered by the bombardment.

In the end, the Sun God Lord was even unable to continue to support the operation of his power.

At this time, the Sun God Lord finally looked at the old man who was the tombkeeper, with a look of deep horror in his eyes.

This was the first time for the Sun God Lord to encounter such a terrifying existence.

Even though he has dominated the wilderness for so many years, he has never seen such a terrifying existence in the northern and southern barbarian lands.

At this moment, the Sun God Lord immediately understood that this old tombkeeper was definitely an extremely terrifying and ancient figure. Otherwise, he would not have such terrifying strength.

The old man who was the tombkeeper did not use any powerful inheritance. He just used a very simple hand, and then another hand, to continuously bombard the front. It was a completely

arrogant physical attack, making all the laws of this Sun God Lord more powerful. The inheritance is all under these two huge and towering black hands, which makes it look weak.

Finally, the old tombkeeper sent the Sun God Lord flying backwards.

At this moment, the Sun God Lord couldn't help but spit out a mouthful of blood and fell back directly outside the cemetery of gods and demons.

At this moment, the Sun God Lord's eyes suddenly became extremely gloomy.

Seeing this scene, Ye Feng and the ancient demon suddenly showed deep surprise in their eyes.

The ancient demon immediately shouted excitedly and said, "He is indeed a tombkeeper who survived from the age of ancient gods. He is indeed so terrifying!"

Ye Feng also had a look of deep surprise on his face at this time. After all, the old man who was the tombkeeper was fighting against the strongest overlord level existence in the two great wastelands. One of them was the strongest overlord like the Sun God Lord. But they still sent the two opponents flying backwards, and even suffered serious injuries.

At this time, Ye Feng finally understood how powerful this tombkeeper was.

Fortunately, when they first came here and wanted to steal the wealth from the tombs of gods and demons, they did not confront the tombkeeper. Otherwise, the tombkeeper would probably be able to kill them with just one finger. Two of them were killed.

Chapter 4684 Find another way

At this time, Ye Feng naturally felt very lucky.

But at this moment, the Sun God Lord, who was blasted outside the cemetery of gods and demons, wiped the blood from the corner of his mouth, and his eyes were full of deep gloom.

He stared at the tombkeeper in the cemetery of gods and demons, and his face was very ugly.

The Sun God Lord immediately couldn't help but said: "Old man, I know you are very strong, but the aura of death in you is also very strong. If I guess correctly, every time you attack, it should

consume a lot of you. My Shouyuan, you are not far away from death, so you should stop meddling in your own business. These two young people have nothing to do with you. Why should you protect them? As long as you hand these two young people over to me, I will I won't disturb your rest here anymore."

Hearing what the Sun God Lord said at this moment, Ye Feng and the ancient demon both showed deep astonishment in their eyes.

Because they never thought that every time the old tombkeeper took action, his lifespan would be consumed.

This is something Ye Feng and the ancient demon could never imagine.

Unexpectedly, the tombkeeper was willing to spend his life to fight against these two overlords in the wilderness for them.

At this time, Ye Feng and the ancient demon looked at the old tombkeeper in front of them, and felt moved in their hearts.

Although they knew that the old man who guarded the tomb was on the surface to protect the entire cemetery of gods and demons from being invaded, he was actually helping the two young people.

Unexpectedly, the old man who was the tombkeeper did not blame them for wanting to dig up the tombs of ancient gods and demons in this cemetery of gods and demons. Instead, he now helped them. Maybe this was fate.

At this moment, Ye Feng immediately looked at the old tombkeeper in front of him and said loudly: "Senior, please don't take action again. The ancient demon and I escaped directly. It should be no problem. They can't catch up with us. "

Hearing what Ye Feng said, the old man who guarded the tomb didn't say anything at all. He just looked at the Sun God Lord in front of him, without saying a word, and stretched out another hand.

Buzz!

This hand above the sky transformed into a big black hand, even more majestic and terrifying, full of unparalleled power, just like the dark mountains of ancient times, able to suppress

Overwhelm everything.

The towering and boundless hands fiercely bombarded it from high in the sky, causing such terrifying power that even the Sun God Lord felt a shadow of death at this moment.

At this moment, the Sun God Lord immediately understood that there was no way that the tombkeeper could retreat.

So at this moment, the Sun God Lord couldn't help but said angrily: "Old man, if you use your power without any scruples, sooner or later you will consume yourself to death!"

After saying that, the Sun God Lord and the Amethyst Dragon Lord quickly left here.

However, they did not stay away from the small world, but chose to stay in this small world, staring at the entire cemetery of gods and demons from outside, as if they were ready to wait and see, waiting for Ye Feng and the ancient demon to come out.

The majestic voice of the Sun God Lord not far away immediately sounded: "You two boys, if you don't want to be killed by me, stay in the cemetery of gods and demons forever."

Obviously, the Sun God Lord and the Purple Gold Dragon Lord did not leave completely, but chose to stay outside, staring closely at the Gods and Demons Cemetery, waiting for Ye Feng and the ancient demons to come out.

They didn't believe that Ye Feng and the ancient demon would stay in the cemetery of gods and demons forever.

At this time, the threat was temporarily gone, and Ye Feng and the ancient demon breathed a sigh of relief.

At this moment, Ye Feng and the ancient demon walked towards the old tombkeeper, wanting to say some words of thanks.

But at this time, the old man who guarded the tomb just glanced at the two of them lightly, and his entire figure disappeared immediately. No one knew where he went or where he was.

Seeing the old tombkeeper who suddenly disappeared in front of him, the ancient demon immediately showed a wry smile on his face and said loudly: "It seems that this senior doesn't bother to talk to us."

Ye Feng shook his head and said aloud: "Maybe this senior doesn't like to talk. It's not that he disdains. If he doesn't, it's because he doesn't like talking.

He would not take action brazenly and repel the two powerful overlords in the wilderness. "

When the ancient demon heard what Ye Feng said, he immediately nodded.

At this time, Ye Feng wasted no time and immediately began to release the Devouring Domain, and began to devour the skills and blood energy of the powerful Sun God Clan and Amethyst Dragon Clan that had not been devoured just now.

Boom!

At this moment, Ye Feng immediately felt a huge amount of blood energy, which was immediately injected into his Dantian, causing Ye Feng's skill to increase rapidly and continuously at this moment.

You know, the corpses of the strong men from the wilderness races that Ye Feng collected were all elites.

Especially the dozens of golden-armored guards of the Sun God Clan are simply extremely powerful, and the purple-armored middle-aged man from the Amethyst Dragon Clan, as one of the top ten superpowers among the Amethyst Dragon Clan, is naturally very powerful. Vigorous.

So at this moment, after Ye Feng absorbed all the blood energy of these strong men, he immediately felt the endless energy, which was immediately injected into his body, allowing Ye Feng's skills and cultivation aura to immediately It just started to rise rapidly and continuously.

boom!

The eighth level of the Divine Movement Realm!

boom!

The Ninth Level of Divine Movement Realm!

boom!

The tenth heavenly perfection of the Divine Movement Realm! !

boom!

Half step into the Tao Fusion Realm!

boom!

The first level of Rong Dao Realm!

boom!

The second level of Fusion Dao Realm! !

At this time, Ye Feng's cultivation level suddenly broke through so much, directly breaking through to a new and powerful realm above the Divine Movement Realm, the Fusion of Dao Realm!

And he also directly broke through to the second level of Fusion Dao Realm!

This made Ye Feng's skill and cultivation level immediately increase a lot.

And Ye Feng can feel that after breaking through a whole realm, his combat power is better than before.

How much stronger.

At this moment, Ye Feng immediately revealed a look of deep surprise in his eyes.

The blood energy of these strong men among the overlord races of the Great Wilderness is really high-level and rich, allowing them to gain so much skill and thus break through so many realms of cultivation.

At this time, Ye Feng immediately looked in the direction not far away and found that the ancient demon seemed to be looking for something.

Ye Feng immediately walked over and couldn't help but ask: "What are you looking for?"

The ancient demon immediately grinned and said loudly: "Now that the Sun God Lord and the Amethyst Dragon Lord, the two leaders of the wilderness overlord race, are guarding outside, it is simply impossible for us to escape from this small town through the original road. World, we can only use this cemetery of gods and demons to see if there are other passages that can bypass the Sun God Lord and the Amethyst Dragon Lord who are watching here closely. We can't stay in this cemetery of gods and demons for the rest of our lives. Among them."

Hearing what the ancient demon said, Ye Feng immediately nodded and said: "That's right, even if my cultivation has broken through so much now and seems to have become very powerful, but between the Sun God Lord and Zi In the eyes of a top big shot like Lord Jinglong, it probably doesn't matter at all."

Since Ye Feng witnessed the battle between the Sun God Lord and the old man of the Tomb Keeper just now, Ye Feng deeply understood that he was still far behind compared with the top powerhouse in the North and South Areas of Wan Yao Interface.

At this time, Ye Feng knew that the ancient demon was right. They had to find other ways to leave here. They could not stay in this cemetery of gods and demons for the rest of their lives.

Because Ye Feng knows very well that there is no way for him to grow to a level comparable to the top power level of the Sun God Lord in a short period of time.

So the most correct choice now is to find another way to escape and stay away from here.

As long as they can leave the Great Wilderness area and return to the Northern Territory and the Blood Demon Dynasty, these generous overlord races will not dare to cause trouble to them again.

Because these overlord races can only walk sideways in the wilderness. If they go to the Northern Territory or the Southern Barbarian Land, they will definitely not be able to be so unscrupulous.

Chapter 4685 Familiar breath

At this time, Ye Feng and the ancient demon were quickly looking for other ways to leave the small world of the Gods and Demons Cemetery.

At this moment, they were wandering around in this cemetery of gods and demons, trying to find the most suitable escape route that could bypass the surveillance of the two dominant races outside.

Because both of them knew very well that no matter how fast their cultivation levels improved now, they would never be able to compete with the Sun God Lord and the Amethyst Dragon Lord, the two rulers of the Great Wilderness Overlord Race, for a while.

So at this time, finding other ways to escape became the first choice for the two of them.

At this moment, the ancient demon looked at Ye Feng and said loudly, "Ye Feng, let's work separately. Otherwise, the efficiency of searching other escape routes will be too slow."

Hearing what the ancient demon said, Ye Feng immediately nodded and said, "Okay, let's work separately. If we can find a suitable escape route, we will notify each other."

The ancient demon nodded immediately, and then left a sound transmission token. After that, the ancient demon flew quickly in the other direction.

At this time, Ye Feng was flying in the opposite direction.

The two of them immediately began to shuttle through the entire cemetery of gods and demons.

Ye Feng knew very well that this time in the cemetery of gods and demons, the old tombkeeper had helped them a lot, so at this time Ye Feng did not expect the old tombkeeper to help them stay away from here, because there were two overlord seeds outside. The person in charge is watching with eager eyes, and I am afraid that even the old man who guards the tomb cannot do this.

It is already a very remarkable achievement for the old man, the gravekeeper, to be able to defeat two top powers in his twilight years.

Buzz!

At this moment, Ye Feng exuded his soul power and continued to explore the surroundings.

But Ye Feng hasn't found another escape route yet.

Suddenly Ye Feng sensed a very familiar and close aura, which came from a certain direction not far away.

After Ye Feng sensed this very familiar and close atmosphere, a look of astonishment suddenly appeared in his eyes.

Because Ye Feng couldn't figure out why in this cemetery of gods and demons that had existed for countless years, an aura that was very familiar and close to him suddenly appeared.

Uh-huh!

However, Ye Feng didn't hesitate at all, and immediately flew quickly in that direction, wanting to see what kind of aura could make him feel so familiar and close.

Soon, Ye Feng arrived at the location where the aura was emanating.

At this moment, Ye Feng immediately saw that the place that exuded an aura that made him feel very familiar and close was a seemingly lonely tomb.

This tomb looked very simple, not as grand as the tombs of other ancient gods and demons, but Ye Feng sensed a majestic and boundless feeling from it.

Ye Feng immediately came to the tomb, with a look of uncertainty in his eyes.

Because Ye Feng could feel at this time that there seemed to be an ancient will under the tomb that wanted to communicate with him.

Ye Feng immediately couldn't help but exuded his soul power, trying to communicate with the mysterious being in the tomb, and asked aloud, "Who is the senior? Call the junior over, do you have anything to tell me? I feel like I am with The aura exuded by the seniors is very familiar and close."

After Ye Feng used his soul power to communicate at this moment, a very ancient voice immediately sounded in his mind: "Nian

Young man, are you from the human race or from our deity race? Why do I feel that you have the aura of both the Celestial Clan and the Human Race? "

Hearing the ancient voice in his mind at this moment, Ye Feng suddenly had a look of deep astonishment in his eyes.

Ye Feng never expected that he would meet a senior from the Celestial Clan in front of a grave in this cemetery of gods and demons.

At this time, Ye Feng immediately couldn't help but said, "Senior, to tell you the truth, I merged with the immortal bone of a god by chance, so I gradually transformed into the aura of the god clan, but my essence Still a human race."

Hearing what Ye Feng said, the ancient existence in the tomb immediately fell silent.

At this time, Ye Feng only showed a trace of uncertainty in his eyes, not knowing what the other party would do to him.

But since the other party is in the tomb now, he is probably dead, with only a will left.

If the will and thought of this ancient Celestial Clan wants to be detrimental to him, he has nothing to fear.

After all, he has the extremely powerful existence of Emperor Chu in his mind.

But at this time, Ye Feng's worries can be said to be unnecessary.

Because the ancient thought in the next tomb continued to say, "Since you were able to fuse one of the strongest immortal bones of our Celestial Clan by chance, it seems that your blessing is very deep. This Now that I have met a young junior like you, it is fate, so I will finally give you some help."

After he finished speaking, the tomb began to shake.

Wow!

Then a pure golden skeleton emerged from the tomb and stood in front of Ye Feng.

At this time, Ye Feng stared at the golden skeleton in front of him, with a look of deep astonishment in his eyes.

Unexpectedly, this senior of the Celestial Clan would have such a pure golden skeleton left behind.

At this moment, the will in the tomb continued to say, "I have been dead for countless years in that war of gods. Now that I have met a young man like you, you can be regarded as half a descendant of our Celestial Clan." , our Celestial Clan members are really rare, so I will definitely help you. This skeleton is my immortal skeleton from back then. It contains a lot of divine substances. You can completely absorb it to improve yourself. The power of the immortal body of the gods."

Hearing what the strong man from the Celestial Clan in the tomb said, Ye Feng's eyes suddenly revealed a look of deep surprise. He didn't expect that the other party would be so considerate of the descendants of the Celestial Clan and would help him like this.

Ye Feng immediately clasped his fists in joy and said, "Thank you, senior, for the gift."

Ye Feng knew that this kind of chance could only come by chance, and it was estimated that only a senior of the Celestial Clan could be buried in the cemetery of gods and demons.

At this time, Ye Feng didn't hesitate at all and immediately began to absorb the golden skeleton in front of him.

This golden skeleton was the immortal skeleton left by this strong man of the Celestial Clan. It contains a lot of divine substances unique to the Celestial Clan, because the cultivation of the Celestial Clan must absorb the divine substances from the outside world. Ability to continuously improve one's own strength.

The mysterious woman from the Celestial Tribe whom Ye Feng met before, You Lian, was able to sleep for millions of years without decaying by constantly absorbing the divine substance from a jade pendant.

At this moment, Ye Feng did not hesitate and began to absorb the divine substance in this golden skeleton to strengthen his immortal body.

Chapter 4686 Bloodline Talent

Wow!

At this time, as Ye Feng absorbed it, the golden skeleton in front of him suddenly contained a golden divine substance, which was immediately injected into Ye Feng's body.

Ye Feng immediately felt the huge divine substance integrated into every inch of his body.

Ye Feng's Immortal Body of the God immediately began to improve rapidly.

You know, for a long time before, Ye Feng did not find divine substances to improve his immortal body.

But even so, Ye Feng's Immortal Body of God is still extremely powerful, enough to fight against many powerful beings.

Just relying on physical strength, Ye Feng can fight beyond the level.

However, this time with the help of the powerful elders of the Celestial Clan in this age of gods, Ye Feng is naturally even happier. After absorbing this golden bone, his immortal body of the Celestial God will definitely be able to continue to surge.

Previously, Ye Feng's God's Immortal Body had been promoted to the ninth level of the third stage. At this moment, after Ye Feng absorbed the divine substance in this golden skeleton, the God's Immortal Body immediately continued to improve rapidly.

boom!

The tenth floor of the third stage!

The first floor of the fourth stage!

The second level of the fourth stage!

The third level of the fourth stage!

The fourth stage of the fourth stage!

The fifth stage of the fourth stage!

The sixth level of the fourth stage!

The seventh level of the fourth stage!

At this time, Ye Feng's explosion of body power finally stopped.

At this moment, Ye Feng's eyes suddenly showed deep excitement.

Unexpectedly, he absorbed the golden bone of this ancient powerful man from the Celestial Clan.

After losing his body, Ye Feng was able to obtain so much divine material that his Immortal Body of God jumped directly from the ninth level of the third stage to the seventh level of the fourth stage.

It can be said that this is a huge progress.

At this time, Ye Feng could feel that the strength of his entire body, the hardness of his flesh and bones, had become much stronger.

Ye Feng could feel that his whole body was filled with endless power, which meant that Ye Feng's immortal body of the gods had grown unparalleled.

Ye Feng's physical strength is stronger than before.

Moreover, Ye Feng could clearly sense that when he entered the fourth stage of the Immortal Body of the God, Ye Feng could feel that there seemed to be some kind of change in his bloodline.

The bloodline of his own Celestial Clan has actually evolved special and incomparable magical powers at this moment.

This is a bloodline talent unique to the Celestial Clan.

Ye Feng suddenly stretched out his hand at this time, and the space in front of him fluctuated rapidly.

Then a dark space passage that looked like a space wormhole actually appeared.

"this....."

Seeing this scene, Ye Feng immediately showed a look of deep astonishment in his eyes. He couldn't help but said in surprise, "I didn't expect that after my immortal body of the gods entered the fourth stage, I would awaken the power of the gods." With an extremely special bloodline talent, the space wormhole, I can create a long-distance space wormhole, allowing me to enter from one end, and then cross thousands of miles of space without anyone noticing, and come out directly from the other end."

At this moment, Ye Feng's eyes suddenly showed an extremely bright look.

I didn't expect that I would awaken such a special bloodline talent in the fourth stage of the Immortal Body of the God.

Ye Feng immediately thought that he could make use of this spatial impulse now.

, used to escape.

At this time, Ye Feng couldn't help but show deep excitement on his face.

After all, Ye Feng never thought that after the fourth stage of the Celestial Clan bloodline in the Celestial God's Immortal Body, he would be able to awaken the special bloodline talent belonging to the Celestial Clan.

Ye Feng couldn't help but wonder at this time, if he reached the fifth or sixth stage, would he also awaken different types of blood talents unique to the Celestial Clan?

And just when Ye Feng was thinking about it, the strong will of the Celestial Clan in the tomb immediately said, "It seems that your talent is really good. It was awakened in the fourth stage." An

extremely special blood talent of our Celestial Clan. I was able to awaken this special blood talent only after I reached the sixth stage of cultivation."

Hearing what the powerful Celestial Clan man in the tomb said, Ye Feng's eyes suddenly showed a look of surprise, and he couldn't help but say, "If you say that, I will enter the fifth stage of the Immortal Body of the Celestial God in the future, or In the sixth stage, you can also awaken a special blood talent of the Celestial Clan."

The strong man from the Celestial Clan in the tomb nodded immediately with his will and spirit, and said loudly, "That's right."

Hearing the will of the powerful Celestial Clan person in the tomb say this, Ye Feng was immediately very surprised. Then he couldn't help but hugged his fists at the strong Celestial Clan person in the tomb and said, " In any case, thank you for the gift, senior. If senior had not given me this golden skeleton, then I am afraid that the immortal body of the gods would not have been able to progress so far, let alone awaken a special and incomparable person in the fourth stage. The bloodline talent of the Celestial Clan."

Ye Feng knew very well that when he was in the first, second and third stages of the Immortal Bone of the Gods, he did not awaken the very special blood talent of the Gods, but only strengthened the power of his body.

But in the fourth stage, a special clan of gods suddenly awakened

Exclusive bloodline talent, space wormhole.

Therefore, Ye Feng felt that this might be related to the special divine substance he absorbed from the golden bones of this powerful Celestial Clan man.

Because the divine substances Ye Feng absorbed before were all very ordinary divine substances.

But this time, what was absorbed came from the divine substance accumulated by an ancient strong man of the Celestial Clan for many years.

Therefore, it may be precisely because of absorbing this very special and advanced divine substance that Ye Feng was able to awaken a very special bloodline talent, the space wormhole, in the fourth stage of the Immortal Body of the God.

Moreover, this space wormhole is an ability that Ye Feng needs very much at present. It allows Ye Feng to create a mysterious space passage and allow him to escape from a long distance.

Hearing what Ye Feng said, the strong will and spirit of the Celestial Clan in the tomb immediately couldn't help laughing and said, "I'm not sure about this, maybe it's really because of this, because our Celestials The God Clan is really too mysterious. Even if I practiced for millions of years, I still could not finally cultivate our Celestial God Body to its most perfect state, and I could not detect the bloodline of our Celestial Clan. How mysterious is it, young man? , I hope you can discover the true secret of our Celestial Clan's bloodline in the future, and make our Celestial Clan's reputation resound throughout the world once again."

Hearing what the strong man from the Celestial Clan in the tomb said, Ye Feng immediately nodded very solemnly and said, "Senior, don't worry, I will definitely work hard to cultivate the power of the Celestial Clan."

And just as Ye Feng was talking, an inexplicable aura suddenly appeared next to him.

Ye Feng immediately looked to his side, his eyes suddenly startled.

The figure of the old man who was the tombkeeper, dressed in coarse linen, mysteriously appeared next to him at some point. He didn't know what he wanted to do.

Could it be that the old tombkeeper misunderstood him and dug out a golden skeleton from this tomb?

Chapter 4687 Very strange

At this time, Ye Feng thought that the old man who was the tombkeeper might have misunderstood his possibility. He immediately couldn't help but twitch the corner of his mouth, and then looked at the skeleton beside him that had been sucked into white by him, and immediately said something. He said, "Senior Gravekeeper, please don't misunderstand me. I did not dig out this skeleton from the grave myself. It was the senior of our Celestial Clan in this grave who communicated with me with his will and mind. It was given to me voluntarily."

When Ye Feng finished speaking, he immediately looked at the old tombkeeper in front of him with a trace of anxiety in his eyes.

After all, this old gravekeeper is very powerful and can single-handedly defeat the Sun God Lord and the Amethyst Dragon Lord, the two most terrifying overlords in the wilderness.

So Ye Feng knew that this old man who was the tombkeeper was an extremely terrifying existence.

Moreover, Ye Feng and the ancient demons were in the cemetery of gods and demons before, trying to dig some tombs of gods and demons, but they were expelled by the old tombkeeper.

So Ye Feng was naturally a little worried at this time.

At this moment, after hearing what Ye Feng said, the old man who guarded the tomb finally spoke up, making a hoarse and ancient voice, "I know that it was the boy from the Celestial Clan in this tomb who took the initiative to give away his bones. For you."

"A boy from the Celestial Clan?"

At this moment, Ye Feng's eyes widened when he heard that the old man guarding the tomb actually called the powerful Celestial Clan man in the tomb "boy".

Is the old man who keeps the tomb so ancient?

Ye Feng had heard before that the strong men of the Celestial Clan in this tomb had been practicing for millions of years.

In other words, the strong man from the Celestial Clan in this tomb was an old monster who had been practicing for millions of years.

But this old monster who has been practicing for millions of years is just a young boy in the eyes of the old man guarding the tomb.

Ye Feng couldn't help but feel very horrified in his heart. What kind of existence was this old man who was the tombkeeper?

Can you live so long?

If you put it this way, this old tombkeeper was already a very ancient figure in the age of the gods.

After the Age of Gods ended, both gods and demons fell, but the old man who was the tombkeeper still lived to this day.

This is simply a transcendent figure who can span the long river of time.

After all, both gods and demons are dead, but the gravekeeper is not dead and is still alive today.

And just when Ye Feng was thinking secretly, the old man who was the tombkeeper glanced at Ye Feng and said, "Are you from the Celestial Clan?"

Ye Feng shook his head. In front of such an ancient figure, Ye Feng decided that it would be better to be honest.

So at this time, Ye Feng answered directly and said, "Senior Tombkeeper, this junior is not the real Celestial Clan, but when he was young, he merged with a Celestial Clan by chance and has become the best among the Celestial Clan. The strong bones of the Immortal Bones of the Gods, so I slowly transformed my physique and flesh into the true immortal body of the Gods."

Hearing what Ye Feng said, the old man who guarded the tomb looked at Ye Feng in surprise and couldn't help but said, "I didn't expect that you could successfully fuse the immortal bone of a god with such a weak cultivation. It seems that Your original physique is very extraordinary, otherwise, it would be impossible for you to be fused with the immortal bone of a god."

Hearing what the old tombkeeper said, Ye Feng immediately nodded, and then said loudly, "When I fused the Immortal Bone of the God, my physique was indeed very special compared to other people."

The old man who was the tombkeeper stared at Ye Feng at this moment, and then said slowly, "Although your current physical strength has gradually turned into a true god's body, I can still detect the difference in your physical body back then. Bloodline, is it Hongmeng?"

Bloodline? "

Hearing what the old tombkeeper in front of him said, Ye Feng's eyes widened slightly and he couldn't help but said, "It's been so many years. I didn't expect you, senior tombkeeper, to still be able to see it. It's really incredible." ”

Ye Feng said at this time, he was still very surprised in his heart. He didn't expect that the Hongmeng bloodline that he came from a small place could be noticed by this old man who was the tombkeeper.

But at this time, the old man who guarded the tomb said something that shocked Ye Feng.

The old man guarding the tomb said slowly, "The reason why I can sense the breath of Hongmeng blood hidden in the deepest part of your body is because the same young man with Hongmeng blood came to the Gods and Demons Cemetery back then. That young man He is more extraordinary than you, and I admire him very much. I even gave him some advice, and he is considered to be half of my disciples. However, that boy is very arrogant. He does not look as elegant as you and respects his seniors. That boy seems to call himself Ancestor Hongmeng, so now that tens of thousands of years have passed, I still remember that boy particularly well."

"What??"

At this moment, when Ye Feng heard the old man who was the tombkeeper in front of him say this, his face immediately showed a look of deep shock, and then he felt a complicated feeling of wonderful fate.

Ye Feng couldn't help but said in surprise, "Ancestor Hongmeng, that was the most amazing and talented elder of the Ye family in the world of origin that I came from tens of thousands of years ago, but in the end he disappeared in the world of origin. At the end of the world, it seems to have entered a higher-dimensional extraterrestrial world. Our Hongmeng ancestor of the Ye family also came to the interface of ten thousand monsters? Did he also enter this small world and meet you, the tombkeeper? "

At this moment, Ye Feng was speaking with a hint of excitement in his tone.

Because Ye Feng felt that this feeling of fate was really amazing.

Many years ago, the Hongmeng ancestor of my Ye family actually

Back then, I also went through the same cultivation path I have now.

This feeling is very wonderful.

At this moment, when Ye Feng said this, the old man who was the tombkeeper showed a look of surprise in his eyes, and couldn't help but said, "I didn't expect you to be the descendant of that boy? But that boy is indeed very extraordinary. He can It is normal to give birth to an equally extraordinary descendant like you, and you are a bit more blessed by chance than that boy back then, because you actually fused the strongest immortal bones of the gods. That kid didn't have such a chance, However, he created his own Hongmeng Avenue, which has transcended the scope of bloodline. Bloodline is no longer important to him, and the boy's future is also unlimited. Unexpectedly, he went to the world connected to the end of the origin world. The higher-dimensional extraterrestrial world is extremely dangerous, but he still went there. It seems that he didn't listen to my advice and practiced in the origin world honestly, slowly waiting for the world rules of the origin world. Another revival."

Hearing what the old tombkeeper in front of him said, Ye Feng's eyes showed deep surprise.

The fate in this world is really wonderful.

At this moment, Ye Feng is actually following the cultivation path of Hongmeng Ancestor.

The two reunited across time and space tens of thousands of years later.

This really made Ye Feng feel a very complicated but wonderful feeling in his heart.

At this moment, after learning that Ye Feng was actually a descendant of Hongmeng Ancestor tens of thousands of years later, the old man's attitude towards Ye Feng seemed to have softened a lot, and his eyes were filled with an elder-like look. kindly look.

After all, Patriarch Hongmeng seemed to have left a deep impression on the old tombkeeper, and even Patriarch Hongmeng was considered to be half a disciple of the old tombkeeper.

So at this time, when looking at Ye Feng, the old man who was the tombkeeper had a gentle and kind look that he didn't have before.

Chapter 4688 Broken Sword

At this time, Ye Feng also had a complicated and wonderful feeling in his heart.

Unexpectedly, the ancestor of my Ye family, Ancestor Hongmeng, had also been to this small world, and even entered this cemetery of gods and demons, and met the old man who was the tombkeeper.

This made Ye Feng naturally feel a special feeling in his heart.

However, at this time, Ye Feng did not ask the old tombkeeper to help him deal with the Sun God Lord and the Amethyst Dragon Lord who were watching covetously outside because of this relationship.

After all, the old tombkeeper had helped him and the ancient demon defeat the leaders of the two overlord races, which was already the greatest help to Ye Feng.

Otherwise, Ye Feng and the ancient demon would have died in the hands of the Sun God Lord and the Amethyst Dragon Lord.

Moreover, Ye Feng knew that the old tombkeeper had lived to this day. He was already very old and had a strong aura of death in his body. Every time the old tombkeeper took action, it seemed that he needed to consume a certain amount of longevity before he could explode. Such a powerful force.

Therefore, Ye Feng didn't want the old tombkeeper to continue to take action. Otherwise, the tombkeeper might really die because his longevity was insufficient.

At this time, Ye Feng secretly decided in his heart that if he can find some good things that can increase his longevity in the future, he must bring them to the Gods and Demons Cemetery and give them to the old gravekeeper to help him increase his longevity and be able to live longer. Live for a while.

At this moment, it seems that he saw Ye Feng's inner thoughts. The old tombkeeper immediately smiled and said, "You don't have to worry about my longevity. I can absorb all the gods and demons in this cemetery of gods and demons." The aura of gods and demons permeating the cemetery can make me immortal, but I cannot leave the cemetery of gods and demons. Once I leave the cemetery of gods and demons, I may be eroded by time. "

Hearing what the old gravekeeper said, Ye Feng suddenly showed a look of surprise in his eyes, and couldn't help but said, "I didn't expect that the Gods and Demons Cemetery can help you, senior, not be eroded by time."

The old gravekeeper nodded immediately, and then said loudly, "So I can't help you outside the cemetery of gods and demons."

Ye Feng immediately smiled and said, "Senior, you were able to help me and the ancient demons to defeat the leaders of the two overlord races. We are very grateful. This is a huge life-saving kindness. We I will always remember it in my heart. As for how we can escape from this small world, I have a way now. "

At this moment, Ye Feng's method is very simple, that is, to use the very wonderful blood talent of the Celestial Clan that he has just awakened, the space wormhole.

Ye Feng can use the space wormhole to secretly escape from the cemetery of gods and demons, but this requires the help of the old tombkeeper.

At this moment, Ye Feng looked at the old gravekeeper in front of him and said, "Senior, I have now awakened the talent of spatial impulse, which allows us to move directly from the space of the cemetery of gods and demons without anyone noticing." I can travel thousands of miles and come out of a space thousands of miles away. However, when I run the space wormhole, I would like to ask senior to help me hide the space fluctuations caused by it. Otherwise, it will be exposed by the outside world. The Sun God Lord and the Amethyst Dragon Lord are aware that the specific location of my space wormhole will definitely be blocked by them, as long as they are not aware of what I am doing.

Wherever the breath of spatial impulse created is located, then they will never be able to stop us. "

You must know that the blood talent of the Celestial Clan awakened by Ye Feng, the space wormhole, is different from ordinary space channels.

If it is just a space channel created by an ordinary teleportation formation, or a space channel opened by an ordinary strong person, it can be cut off if it encounters top powers such as the Sun God Lord and the Amethyst Dragon Lord.

But the space wormhole that Ye Feng awakened completely opened up a passage in the deep space.

Therefore, even the top powers in the wilderness such as the Sun God Lord or the Amethyst Dragon Lord have no way to cut off Ye Feng's space wormhole from the middle.

At this moment, the old man who was the tombkeeper immediately nodded and said, "It doesn't matter, it's just a small matter. When you have the urge to open up a space, just let me know."

When he said this, the old man who guarded the tomb knew that Ye Feng was a descendant of his half-disciple, Hongmeng Ancestor, and seemed to pay great attention to Ye Feng.

At this moment, the old man who was the tombkeeper thought about it, and suddenly a black broken sword flew out of his sleeves, gave it to Ye Feng, and said, "You and I are destined, and this black broken sword will... I give it to you. It contains the power of ancient gods and demons. I used the power of gods and demons in the cemetery of gods and demons to cast the long sword. However, when I was halfway through casting, I ran out of materials, so I had to cast it. A broken sword came out. This kind of material is very rare, even in higher dimensions. So even if it is just a broken sword, it is definitely comparable to any magical weapon in the world, not to mention that it contains Millions of years of divine and demonic power in the cemetery of gods and demons."

Hearing what the old gravekeeper in front of him said, Ye Feng's eyes widened slightly and he stared at the broken black sword in front of him, his eyes immediately revealing a look of deep surprise.

Unexpectedly, this senior tombkeeper would actually give him such a peerless weapon that he had worked so hard to forge.

You must know that this black broken sword is made of rare materials that are difficult for even the senior tombkeepers to obtain. This kind of material is rarely found even in higher cultivation dimensions, which is enough to illustrate the power of this black broken sword. The body is very extraordinary.

Moreover, this black broken sword also contains the power of the gods and demons in the tomb of gods and demons that the old man who kept the tomb has absorbed over the years, and it was fused together to form this broken sword.

This shows how precious this black broken sword is.

Ye Feng immediately took the black broken sword, clasped his fists and said, "Thank you, senior."

The old man who guarded the tomb just waved his hand and didn't seem to care.

Ye Feng felt quite happy at this time, as he had benefited from the honor of Hongmeng Ancestor.

After all, the ancestor of Hongmeng must have left a deep impression on the old tombkeeper back then, and was even half a disciple of the old tombkeeper. Otherwise, it would be impossible for the old tombkeeper to treat himself so favorably tens of thousands of years later. .

At this moment, Ye Feng holds the black broken sword in his hand, and he can clearly feel that the small sword body contains the power of gods and demons like a vast ocean, as if a sword can cut through the mountains and rivers of heaven and earth. At this time, Ye Feng also had a complicated and wonderful feeling in his heart.

Unexpectedly, the ancestor of my Ye family, Ancestor Hongmeng, had also been to this small world, and even entered this cemetery of gods and demons, and met the old man who was the tombkeeper.

At this moment, Ye Feng holds the black broken sword in his hand, and he can clearly feel that the small sword body contains the power of gods and demons like a vast ocean, as if a sword can cut through the mountains and rivers of heaven and earth.

Chapter 4689 I miss you very much

At this time, Ye Feng held the black broken sword in his hand, and his eyes were naturally very happy.

I didn't expect that I could get such a powerful weapon for free from this old tombkeeper.

Ye Feng could clearly feel the boundless power of the gods and demons contained in this sword body, surging like an angry sea.

At this time, Ye Feng once again thanked the old tombkeeper in front of him, and then said, "I will first look for the ancient demon I am looking for elsewhere."

The old man who was the tombkeeper immediately smiled and nodded and said, "I'll just take you to find him."

Uh-huh!

After saying that, the old tombkeeper grabbed Ye Feng's shoulders directly, and then Ye Feng immediately saw the entire environment around him, moving and jumping quickly.

Soon Ye Feng saw that the ancient demon appeared in front of him, seeming to be exploring something.

This made Ye Feng immediately look surprised in his eyes and said, "It seems that the senior's control over the entire cemetery of gods and demons has reached a level of proficiency, and he can even change his position in the entire cemetery of gods and demons instantly. " ??

When the old gravekeeper heard what Ye Feng said, he immediately nodded and said, "It can be said that I have become one with the entire cemetery of gods and demons. No, I can't say that I have become one. It should be said , I am already part of the cemetery of gods and demons."

When Ye Feng heard what the old man at the tomb guard said, he immediately nodded in amazement.

The fact that the old gravekeeper can survive to this day is indeed inseparable from the entire cemetery of gods and demons.

It can be said that the old man who keeps the tomb and the cemetery of gods and demons are mutually successful.

The old gravekeeper can protect the entire cemetery of gods and demons in the cemetery of gods and demons, and the cemetery of gods and demons in turn bestows the old gravekeeper with infinite longevity and eternal life.

And just when Ye Feng was thinking secretly in his heart, the old tombkeeper took Ye Feng directly to the side of the ancient demon.

Just like when the old tombkeeper suddenly appeared next to Ye Feng, the ancient demon was immediately startled.

The ancient demon looked at the old man who was the tomb keeper who suddenly appeared next to him, and his eyes immediately showed fear, as if he was afraid that the old man who was the tomb keeper would suddenly come to trouble him.

But the ancient demon suddenly saw Ye Feng next to the old tombkeeper, and immediately became relaxed.

He knew that Ye Feng was probably coming to find him.

However, the ancient demon was very surprised. He didn't understand why Ye Feng was able to convince the old man who was the tomb keeper, and actually took him directly to find him.

But at this time, the ancient demon didn't ask any more questions. He knew that if there was time, Ye Feng would definitely tell him.

At this time, the ancient demon just said, "Thank you, senior, for bringing my brother Ye Feng to me."

The old man who was the tombkeeper just glanced at the ancient demon, and then said aloud, "Ye Feng, if you succeed in opening up the space, you can open it now. I will use the aura of the entire God and Demon Cemetery to help you hide the wormhole in the space." The specific location of this end."

Hearing what the old tombkeeper said, Ye Feng immediately smiled and said, "Thank you, senior tombkeeper."

At this moment, hearing the conversation between the two, the ancient demon was confused. He couldn't help but look at Ye Feng and asked, "Ye Feng, what's going on? Why did you suddenly open a wormhole in space?" Really? That can only be done by an extremely powerful person."

Ye Feng smiled slightly and said, "Before, I accidentally met a senior from our Celestial Clan. He used his golden bones to help my Celestial God's immortal body evolve, so I awakened a kind of Celestial Clan." My special bloodline talent allows me to directly open long-distance space wormholes to avoid the two top enemies in the wilderness.

Super powerful exploration. "

Hearing what Ye Feng said at this time, the ancient demon immediately stared blankly, then laughed loudly and said, "That's great, Ye Feng, hurry up and open up the space wormhole. I've been thinking about it for a long time." Let's leave here. Although there are many good things in this cemetery of gods and demons, I don't dare to dig them out. It makes me feel very uncomfortable."

When he said this, the ancient demon secretly glanced at the old tombkeeper. Obviously, if the old tombkeeper hadn't been here, the ancient demon would have dug up some ancient artifacts in this tomb of gods and demons. It is the tomb of gods and demons, and there must be good things in it.

Ye Feng just nodded slightly at this time, and then directly used the blood talent of the Celestial Clan that he had just awakened, the space wormhole. .???.??

Buzz!

At this moment, the space in front of Ye Feng immediately began to vibrate rapidly.

A dark vortex began to spin.

Ye Feng is opening up a long-distance space wormhole.

At this moment, the old tombkeeper also started to move.

The old man who was the tombkeeper simply stretched out a big hand, and then covered the area where Ye Feng was standing with the special aura of the Gods and Demons Cemetery, making the two dominant races in the wilderness look at him with eager eyes. The person in charge has no way of detecting the spatial fluctuations here.

Under the cover of the old tombkeeper, Ye Feng successfully opened up a 30,000-mile space wormhole.

As long as they enter from one end of the space wormhole and come out from the other end, they can cross thirty thousand miles in an instant. They are probably almost at the exit of the small world, and they will have enough time to escape.

At this moment, Ye Feng looked at the ancient demon beside him and immediately said, "Let's go directly into this space wormhole."

The ancient demon also looked at it with amazement.

Seeing everything in front of him, he couldn't help but give Ye Feng a thumbs up and said loudly, "Ye Feng, you are really the most powerful talent I have ever seen. I have never seen anyone with all kinds of abilities like you." "Super genius."

Hearing what the ancient demon said, Ye Feng just grinned and said, "In the future, you will see more and more of my various monster talents."

Hearing Ye Feng's unmodest words, the ancient demon immediately burst into laughter, then patted Ye Feng's shoulder and said, "Ye Feng, let's go directly."

Ye Feng nodded, then looked at the old gravekeeper in the cemetery of gods and demons, and couldn't help but said, "Senior, if I have time in the future, I will come to visit you in the cemetery of gods and demons. Thank you senior for this time." Help, otherwise, our brothers would definitely not be able to escape death."

When the ancient demon heard what Ye Feng said, he quickly hugged his fists towards the old tombkeeper and said, "Senior's kindness, we will definitely remember it, and if there is an opportunity in the future, we will definitely repay him."

When the old man who guarded the tomb heard what the two said, he just nodded slightly.

Then the old man who was the tombkeeper suddenly looked at Ye Feng and said loudly, "If you have the opportunity in the future, you will go to the extraterrestrial world connected to the end of the origin world. If you see your elder Ancestor Hongmeng again, When the time comes, give him a message for me, saying that if nothing happens, come back to the Cemetery of Gods and Demons to see this old man. I miss him very much. "

Hearing what the old man at the tomb guard said, Ye Feng's eyes immediately moved. It seemed that the Hongmeng ancestor was indeed very important in the heart of the old man at the tomb guard.

Ye Feng immediately nodded and said, "Okay, if I have the opportunity to meet the Hongmeng ancestor of our Ye clan, I will definitely tell him what the senior said."

After saying that, Ye Feng didn't hesitate anymore and walked directly into the entrance of the space wormhole with the ancient demon, and disappeared in an instant.

Chapter 4690 Experience it

The moment Ye Feng and the ancient demon entered the space wormhole, Ye Feng immediately saw that the entire surrounding space wormhole was filled with void turbulence.

At this moment, the two of them were at the deepest level of space.

You must know that the space channels opened by ordinary strong people are only shallow areas in the space.

But the space wormhole opened up by Ye Feng's awakened bloodline talent is a deep area of space.

Therefore, even the leaders of the two wild overlord races who were staring at the cemetery of gods and demons outside were unable to detect Ye Feng and the ancient demon who were walking quickly in the space wormhole.

The only thing they could detect might be the spatial fluctuations produced when Ye Feng opened up a wormhole in space.

But that kind of spatial fluctuation has been covered up by the powerful means of the old tombkeeper.

So at this time, the two top powers from the wilderness were still staring at the entire cemetery of gods and demons. Little did they know that Ye Feng and the ancient demon had secretly traveled tens of millions of miles and came to tens of millions of miles. Places away from home.

At this time, Ye Feng and the ancient demon ran out of the space wormhole. Immediately, they could see two extremely powerful top powers, the Sun God Lord and the Amethyst Dragon Lord. They were still in the direction of the Gods and Demons Cemetery, seeming to be waiting. .

Seeing this scene, the ancient demon immediately smiled and said loudly: "Ye Feng, I don't know how long these two old guys will guard here. I hope they will stay here."

Ye Feng hurriedly said: "Let's leave here as soon as possible to avoid a long night and many dreams."

When the ancient demon heard what Ye Feng said, he immediately nodded, and the two of them flew quickly towards the exit of this small world.

Ye Feng and the ancient demon were very fast. In a blink of an eye, they arrived at the exit of the small world and flew out directly.

when

The moment Ye Feng and the ancient demon flew out, they immediately saw the base established by the black market outside, which was still intact.

Obviously, the patriarch of the overlord race of the Great Wilderness, even the leader of the Great Wilderness, would not dare to casually destroy the base established by the black market.

At this moment, Ye Feng and the ancient demon did not say hello to Tang Youyou's people in the black market base.

Ye Feng and the ancient demon immediately flew quickly towards the outside of the wilderness, wanting to completely leave the wilderness area.

When they came to the edge of the wilderness, they saw the solar energy mask cast by the Sun God still covering the entire edge of the wilderness.

But the Sun God Lord is no longer in the wilderness area, but has entered the small world, so the current solar energy mask is much less powerful than before.

Therefore, under the joint attack of Ye Feng and the ancient demon, a hole was directly opened, and they completely walked out of the wilderness.

At this time, the moment they stepped into the Northern Territory, the Sun God Lord in the small world seemed to sense something, and immediately couldn't help but yelled in shock and anger: "How is this possible? Those two ants are like Boy, how did you slip away from us?"

Obviously, at this moment, the Sun God Lord sensed that the solar energy mask was destroyed, and immediately guessed that Ye Feng and the ancient demon had probably completely left the wilderness area.

At this time, the Sun God Lord glared angrily at the old gravekeeper in the Eye Demon Cemetery, and then quickly left this small world with the Amethyst Dragon Lord.

When they returned to the wilderness area, they could only roar angrily in the direction of the Northern Territory.

Roar.

But now, Ye Feng and the ancient demon have completely left the wilderness area and have arrived in the center of the Northern Territory.

Here, these top powers of the Great Wilderness race do not dare to enter the Northern Territory casually.

After all, there are still three overlord forces in the Northern Territory.

If big figures in the wilderness such as the Sun God Lord and the Amethyst Dragon Lord rashly enter the Northern Territory, it will definitely trigger an all-out war between the Northern Territory and the Great Wilderness. ??

This kind of consequence is not something that the leaders of their two dominant races can bear.

So at this time, the Sun God Lord and the Amethyst Dragon Lord could only look at the distant backs of Ye Feng and the ancient demon in the Northern Territory, and shouted angrily: "Even if we can't enter the Northern Territory, we will send other powerful I will secretly enter the Northern Territory and hunt down you two humble boys!"

At this moment, Ye Feng and the ancient demon are walking in the central area of the Northern Territory.

They clearly heard the huge roar coming from the edge of the wilderness.

Hearing this roar, the ancient demon immediately grinned and said loudly: "It seems that these two old guys, the Sun God Lord and the Amethyst Dragon Lord, are very angry now. It's really great."

Hearing what the ancient demon said, Ye Feng also nodded, and then there was a hint of coldness in his eyes: "When I become truly powerful, I will go to the wilderness and kill these two old guys. A complete kill."

The ancient demon also had a murderous look in his eyes at this moment, and said loudly: "Of course, when we brothers truly possess the top level of powerful cultivation, we must enter the wilderness and kill these two old guys. If the Sun God Clan and Amethyst Dragon Clan behind them dare to help these two old guys, then their entire base camp will be wiped out.

, just in time to rob them of all their wealth. "

The ancient demon spoke very simply and directly, and was also very domineering. It was obvious that the ancient demon was holding back his anger.

Ye Feng nodded at this moment, and then didn't say anything more. Instead, he looked at the ancient demon beside him and said loudly: "You should follow me back to the palace of the Blood Demon Dynasty now. The eldest princess looks like She has always wanted to recruit you into her employ."

The ancient demon couldn't help but shook his head and said: "How could I succumb to others, even if that person is the eldest princess of the blood demon dynasty, that's not okay. I feel that I am still alone in the entire North. Let's get some experience in the domain. I think I won't get any improvement in my cultivation if I go to the Blood Demon Dynasty, and I don't want to become someone else's subordinate."

Hearing what the ancient demon said, Ye Feng's eyes moved slightly, as if he did not expect that the ancient demon did not want to return to the Blood Demon Dynasty with him, but was preparing to practice alone in the Northern Territory.

However, Ye Feng respects the other party's choice.

Ye Feng immediately nodded at this moment and said: "Okay, let's say goodbye here. This is already the junction of the territory of the Blood Demon Dynasty and the territory of the Demonic Sect. If you want to If you practice in the entire Northern Territory, you can circle the entire border of the Demonic Sect from here, and then travel throughout the Northern Territory. "

The ancient demon immediately nodded, looked at Ye Feng beside him, stretched out a hand, patted Ye Feng's shoulder, and said loudly: "When I have almost enough strength, I will go to the Blood Demon Dynasty." Looking for you in the imperial city."

After saying that, the ancient demon wasted no time and jumped directly, turning into a black shadow and disappearing at the end of the land in the Northern Territory.

Ye Feng did not waste any time at this moment and flew directly towards the imperial city of the Blood Demon Dynasty.
