Chapter 4691 Interception

For Ye Feng, although he gained a lot during this trip to the wilderness, he also provoked the leaders of the two overlord races in the wilderness.

Therefore, it is the safest choice for Ye Feng to quickly return to the imperial city and palace of the Blood Demon Dynasty.

Because even in other places in the Northern Territory, it is quite unsafe.

Ye Feng knew that top-level powerful beings such as the Sun God Lord and the Amethyst Dragon Lord would definitely not be able to rashly enter areas outside the wilderness, otherwise it might trigger an all-out war between the two areas, and the consequences would be too serious. , it is not something that a clan leader of a certain race like them can bear.

But they may send other slightly more ordinary top powerhouses from the Sun God Clan or the Amethyst Dragon Clan into the Northern Territory to hunt down Ye Feng.

So at this time, Ye Feng naturally flew towards the imperial city of the Blood Demon Dynasty very quickly.

Ye Feng knew that he and the ancient demon might have become celebrities in the entire north and south areas.

Because two young men offended two dominant races in the wilderness at the same time, and even escaped death, it would definitely shock the entire Northern Territory and Southern Barbarians, and even the entire wilderness.

So at this time, Ye Feng felt that he still had to return to the palace as soon as possible and settle down for a while first.

No matter how arrogant the Great Wilderness Overlord Race is, they will never dare to attack the Imperial City Base Camp of the Blood Demon Dynasty in the Northern Territory. .??.

However, Ye Feng feels that the overlord race in these wilderness is indeed very domineering. Previously, the eldest princess wanted to step forward to protect herself, but was driven away by the Amethyst Dragon Lord in an instant.

Ye Feng recorded this hatred in his heart. When his cultivation reaches a certain level of power, he will definitely invade the wilderness and let these overlord races know that he is not easy to mess with.

And just when Ye Feng was thinking secretly in his heart, suddenly Ye Feng was on his way, only to find that there was someone stepping on the end of the earth.

A very burly young man came.

This young man who looked extremely burly gave Ye Feng a very scary feeling.

Because Ye Feng could feel a vast and endless aura of cultivation from the other party's body.

But what surprised Ye Feng even more was that there was a pointed purple dragon horn on the top of this burly young man's head.

Seeing this scene, Ye Feng suddenly showed a look of surprise in his eyes and said loudly, "You are not a practitioner from our Northern Territory, you come from the wilderness."

At this moment, Ye Feng already had some guesses in his mind.

This burly young man who suddenly came from the far end of the earth is definitely a super master of the Amethyst Dragon Clan!

When Ye Feng heard what Ye Feng said, this burly young man immediately showed a faint smile on his face and said, "That's right, I come from the Amethyst Dragon Clan of the Great Wilderness. This time you let us in the Great Wilderness." The overlord race has lost its face, and you must be completely killed in order to wash away the shame of our great overlord race, and to allow our generous overlord race to consolidate its majesty and status. "

Hearing what this burly young man said, Ye Feng's eyes were filled with a very cold look, and he also had a very surprised look.

Unexpectedly, the overlord race of the Great Wilderness moved so quickly, sending such a powerful being into the northern land to intercept their return.

Ye Feng knew that the leader of the Great Wilderness Overlord Race could not come to the Northern Territory in person.

Because once a big shot of that level rashly enters the Northern Territory, he is willing to

It will definitely cause an all-out war between the entire Great Wilderness and the Northern Territory, and the consequences will be very terrible. Even the leaders of the Great Wilderness Overlord Race cannot bear such serious consequences and responsibilities.

Therefore, they could only send strong men from the overlord race who were not too conspicuous to intercept Ye Feng.

Obviously, this burly young man is the first strong man among the Great Wilderness Overlord Race to find Ye Feng first. He comes from the Amethyst Dragon Clan.

At this time, Ye Feng could feel the cultivation aura on the other party's body, which was two entire realms higher than his current level.

You know, at Ye Feng's level of powerful cultivation, even if he is in the same realm and is one level stronger, the gap in combat power is very large, let alone two realms higher than Ye Feng.

So at this time, Ye Feng naturally felt a heavy pressure.

But Ye Feng is not a vegetarian. After all, Ye Feng's fighting ability can be said to be the best among his generation.

So at this time, Ye Feng did not run away directly, but stared at the burly young man in front of him with a very solemn expression.

At this moment, this burly young man slowly walked towards Ye Feng, with a condescending look on his face. ??

He stared at Ye Feng and said aloud, "That friend of yours, Ye Hei, is not here? It seems that you are dead today. Originally I thought he was my biggest enemy, but I didn't expect that this time I would only meet him. you alone."

Hearing this burly young man say this, Ye Feng suddenly showed a look of surprise in his eyes. It seemed that the other party wanted to kill him and the ancient demon alone.

In the eyes of this burly young man, the ancient demon is the strongest enemy, and Ye Feng is just a young man with average cultivation.

r\u003e

After all, the super strong man from the Amethyst Dragon Clan was killed by an ancient demon, and Ye Feng could only be regarded as a support at that time.

So at this moment, this burly young man from the Amethyst Dragon Clan of the Wilderness didn't take the current Ye Feng seriously at all.

At this moment, the burly young man immediately smiled faintly, stared at Ye Hei, and said loudly, "Anyway, since I met you first, I will crush you to death first, and then go to find Ye Hei." , although the reputation of you two brothers has spread throughout the north and south areas, I will end it today, and my reputation will spread throughout the world today. "

At this time, the burly young man spoke and charged directly towards Ye Feng.

He has a very strong sense of oppression, and the cultivation aura on his body is extremely vast, which is two levels higher than Ye Feng's current level. He is indeed a super master.

And he has the blood of a dominant race like the Amethyst Dragon Clan, so he is naturally very terrifying.

Ye Feng had never fought against a truly powerful person from the Amethyst Dragon Clan before, but had only fought against the young master of the Amethyst Dragon Clan.

However, the young master of the Amethyst Dragon Clan is just a genius of the younger generation, and is nothing in Ye Feng's eyes.

So at this time, Ye Feng still felt huge oppression when he met this truly strong man from the Amethyst Dragon Clan.

After all, the ancient demon was the main force in killing the purple-armored middle-aged man from the Amethyst Dragon Tribe before, and Ye Feng was just assisting from the side.

But Ye Feng was not afraid at this time, because he wanted to see what level of combat power he had now after continuing to improve his cultivation in the cemetery of gods and demons, and whether he could fight against this person who was two full times higher than himself. A burly young man from the Amethyst Dragon Clan of a large realm.

Chapter 4692 Don't want to delay anymore

At this moment, this tall and burly young man stared at Ye Feng with a condescending look in his eyes.

Because Ye Feng was nothing in his eyes, just an ordinary person he killed casually.

Because this tall and burly young man's main target is the ancient evil.

So at this time, this tall and burly young man rushed towards Ye Feng and stretched out a hand.

The moment he stretched out his hand, it turned into a purple dragon claw with terrifying destructive power, grabbing towards Ye Feng.

It must be said that this tall and burly young man was indeed very contemptuous of Ye Feng's attack method. He simply scratched out Ye Feng with one claw, seeming to tear Ye Feng's whole body into pieces.

At this moment, Ye Feng did not hesitate at all, and immediately received the power of the immortal body of the god.

You must know that Ye Feng's current immortal body of gods has absorbed the divine substance from the golden bones given to him by the senior of the gods and demons in the cemetery of gods

and demons. The strength of his immortal body of gods has increased a lot, directly improving Reached the seventh floor of the fourth stage.

Therefore, the physical strength of Ye Feng's Immortal Body of God has increased dramatically.

Uh-huh!

At this moment, Ye Feng stretched out a fist, and his fist immediately turned into pure gold, with a very terrifying impact.

Seeing this scene, the tall and burly young man immediately smiled coldly and said in a very contemptuous voice, "Boy, I just stretched out my hand to deal with you because you are like an ant in my eyes. Same thing, but I didn't expect that not only did you not use any powerful inheritance method to resist my hand, but you also wanted to fight me with just one fist. Do you think too highly of yourself? "

When Ye Feng heard the tall and burly young man say this, he just smiled lightly and said, "Whether you think highly of yourself or not, you will know next."

Boom! !

Almost at that moment, Ye Feng's golden fist hit the purple dragon claws of this tall young man from the Amethyst Dragon Clan.

At this moment, the entire field suddenly erupted with a huge roar.

Ye Feng could immediately feel that the purple dragon claws of this tall and burly young man had very terrifying power and very high hardness. He was definitely a very powerful super master among the Amethyst Dragon Clan, otherwise it would be impossible. With such a strong body.

However, while Ye Feng's eyes were filled with surprise, the tall and burly young man opposite him suddenly revealed a look of deep surprise in his eyes, and couldn't help but say, "I didn't expect that a little golden fist from you, a kid like you, would... It's really incredible that you can really resist my dragon claw. After all, your cultivation is two realms weaker than mine. For a practitioner like you, I can kill the opponent with just one finger. Crushing to death, I didn't expect you to block my fist. It's a bit unbelievable, but you will still die after all."

Boom!

At this moment, the tall and burly young man did not hesitate at all and just forced himself towards Ye Feng without giving Ye Feng a chance to retreat.

However, Ye Feng had no intention of retreating at all.

At this time, Ye Feng frantically stimulated the power of his immortal body, and Ye Feng's whole body suddenly burst into bright golden light.

Then Ye Feng's whole body turned into a golden god of war made of pure gold, possessing terrifying power. He was able to beat that tall and burly young man on a par with just the power of his body.

This made this super master from the Amethyst Dragon Clan immediately reveal a look of deep astonishment in his eyes. He seemed to have never thought that Ye Feng had such a powerful body and could attack each other without falling behind. wind.

At this time, the tall and burly young man finally stared at Ye Feng, with a trace of attention in his eyes.

This time, he originally thought that Ye Feng was just a little follower beside Ye Hei. After all, Ye Feng's cultivation level was too low.

But I didn't expect Ye Feng to have such a strong fighting power at such a low level of cultivation. This is really incredible.

If you put it this way, Ye Feng's potential may be even greater than Ye Hei's.

At this moment, this tall and burly young man immediately stared at Ye Feng, with undisguised fear in his eyes and a strong murderous intention.

Because he knew that if Ye Feng was allowed to grow up, the future would be extremely terrifying.

At this time, the tall and burly young man stared at Ye Feng and said loudly, "You are indeed very powerful. You have a special physique and are two levels lower than me. In my eyes, you are just an ant, but you can withstand the attack of my purple dragon claw. It seems that you are a rare talent. If you grow up in the future, I may not be able to suppress you. But today I happened to encounter you, so I must strangle you. In the cradle, otherwise it will be a disaster for my entire wilderness race in the future."

At this moment, this tall and burly young man immediately shouted "Purple Lightning Divine Claw!"

Boom!

At this moment, this tall and burly young man finally fully displayed his powerful inheritance method, and he no longer wanted to delay it any longer.

Because he found that he had no way to gain the upper hand due to his physical strength.

Ye Feng's physical strength was really too strong, which made this tall and burly young man deeply surprised.

So at this time, this tall and burly young man decided not to hide it anymore, and directly used his extremely powerful methods to completely suppress Ye Feng.

This is a very powerful inheritance that seems to involve the bloodline talents of the Amethyst Dragon Clan.

At this moment, this tall and burly young man stretched out two hands, and those two hands immediately turned into two purple dragon claws that covered the sky and the sun, very huge and majestic.

Moreover, the two huge purple dragon claws looked like they were made of purple magical iron. They were very strong and shone with a cold metallic sheen.

In addition, what is very strange is that between these two huge purple dragon claws, there is actually a purple thunder and lightning prop with destructive waves.

Obviously, this is the extremely powerful blood talent of the amethyst dragon clan displayed by the burly young man, making his dragon claws very terrifyingly sharp, and at the same time possessing destructive fluctuations of purple thunder and lightning. At this moment, Ye Feng felt a terrible feeling that his body was about to be destroyed. At this moment, this tall and burly young man stared at Ye Feng with a condescending look in his eyes.

Because Ye Feng was nothing in his eyes, just an ordinary person he killed casually.

At this moment, Ye Feng felt a terrible feeling that his body was about to be destroyed.

Chapter 4693 Power Light Group

At this time, Ye Feng immediately knew that this tall and burly young and middle-aged man from the Amethyst Dragon Clan should have started to fight seriously. Otherwise, it would be impossible to display such a powerful force. It seemed that he was really a must-kill for him. Heart.

At this moment, Ye Feng didn't hesitate at all, crazily stimulating his extremely powerful cultivation skills, and then instantly displayed his extremely powerful methods.

Uh-huh!

At this moment, Ye Feng took out the broken black sword that he had obtained in the cemetery of gods and demons before. ??

This black broken sword seems to be in very bad shape. It is a broken long sword.

But Ye Feng knew very well that this was a peerless treasure forged by the mysterious old man who was the tombkeeper in the cemetery of gods and demons. It contained the energy of gods and demons that had been accumulated in the cemetery of gods and demons for many years.

So at this moment, Ye Feng held the black broken sword in his hand, and saw an extremely terrifying divine and demonic power burst out from the sword body.

A golden ball of light and a black ball of light appeared around the black broken sword in Ye Feng's hand, spinning rapidly.

The golden light group should represent the power of God.

The black light group represents the power of ancient demons.

So at this moment, Ye Feng held the black broken sword in his hand, directly stimulating the ancient energy of gods and demons in it, and instantly slashed forward fiercely, directly fighting with this tall and burly man from the Amethyst Dragon Clan. The purple dragon claws in the young man's hands collided together.

Boom! !

At this moment, there was a terrifying roar on the field.

At this time, the tall and burly young man immediately gave a cold smile and said sarcastically, "Boy, your cultivation level is two levels worse than mine. I am now using my strongest bloodline power. I The dragon claws contain the purple lightning thunder that is full of destructive power. You dare to fight against me with just this broken sword in your hand? "

But before the tall and burly young man could finish his words, the hand in Ye Feng's hand

The black broken sword suddenly burst out with terrifying divine and demonic power, and instantly chopped the tall and burly young man's entire body and sent him flying backwards.

Even the purple dragon claw in the hand of this tall and burly young man was suddenly bombarded by the divine and demonic power of the black broken sword in Ye Feng's hand, causing cracks to appear.

Click, click, click!

Even the next moment, the entire purple dragon claw will be completely shattered.

"What??"

After sensing all this, the tall and burly young man immediately showed deep horror in his eyes.

He never thought that the black broken sword in Ye Feng's hand, which looked very bad in appearance, would have such terrifying power. Even the purple dragon claw in his hand was almost broken by the blast.

So at this time, this tall and burly young man suddenly showed a look of deep horror in his eyes, because he never thought that Ye Feng, who was just an ant in his eyes, could actually burst out with such a powerful force. .

At this moment, this tall and burly young man stared at the black broken sword in Ye Feng's hand.

He saw two completely different groups of power surrounding the body of the black broken sword.

One group is golden power, and the other group is pitch-black black power.

These two power light groups gave this black broken sword extraordinary terrifying power.

At this moment, the tall and burly young man immediately understood that Ye Feng was not as powerful as he was just now. It was only because of the black broken sword in his hand that he was able to confront him head-on.

At this moment, the tall and burly young man stared at Ye Feng, with a ferocious smile on his face, and said loudly, "Now that I know your methods, then I will kill you

Give him a complete kill and snatch the peerless sword in your hand. "

Almost as soon as this tall and burly young man finished speaking, he suddenly displayed a more powerful inheritance method.

Thunder God Network!

At this moment, this tall and burly young man knew the power of the black broken sword in Ye Feng's hand. He didn't even get close to Ye Feng. Instead, he displayed his extremely powerful thunder and lightning power in the distance, directly above Ye Feng's head. On the ground, a grid of lightning power was formed, shrouding Ye Feng.

This is a ranged attack.

It must be said that this tall and burly young man is very smart and very decisive.

He knew that if he fought with Ye Feng up close, he would never have the upper hand, so he remotely controlled this terrifying thunder grid, surrounded Ye Feng, and electrocuted him to death.

At this moment, Ye Feng knew that he could not fight this tall and burly young man. After all, he might not be able to resist the opponent's long-range attacks. After all, the gap was two big realms.

When attacking at close range, you can completely rely on the power of your immortal body, including the power of the black broken sword in your hand, to compete with him.

But now that the magic duel was held remotely, Ye Feng knew that for the time being, he could not be the opponent of this burly young man who was two realms taller than himself.

So at this moment, Ye Feng immediately activated his god's immortal body and entered the fourth stage, awakening the god's bloodline talent, the space wormhole.

At this moment, a space wormhole appeared in front of Ye Feng, and Ye Feng directly got into it, successfully avoiding the destructive damage of the thunder grid bombarded from high altitude.

"What??"

Seeing this scene, the burly young man not far away immediately widened his eyes slightly. He never expected that Ye Feng could enter the deep void to avoid the damage of lightning in the original space. .

But before the burly and tall young man could carefully explore where Ye Feng was hiding, suddenly there was a spatial fluctuation behind him.

At the other end of the space wormhole, Ye Feng set it directly on the back of this tall and burly young man.

So after Ye Fengshen came out, the tall and burly young man had no time to react. He was directly chopped on the top of his head by Ye Feng from behind with the black broken sword in his hand.

But at this moment, the tall and burly young man was two realms higher than Ye Feng after all, so at this moment of life and death, he simply turned his head away and did not let Ye Feng's sword strike. Above the head.

Ye Feng's sword struck directly on the shoulder of this tall and burly young man. In an instant, with a "puff", one of the tall and burly young man's arms was cut off directly.

At this moment, the tall and burly young man screamed in pain.

But he stared at Ye Feng crazily and yelled, "Boy, you were able to sneak up on me so unnoticed. Unfortunately, I escaped the fatal blow. I will definitely take more precautions next time. You It can't hurt me anymore."

But the moment the tall and burly young man finished speaking, Ye Feng smiled coldly and said, "This broken sword in my hand is not an ordinary sword. As long as it hits you, even if it doesn't

kill you, If your head is cut off, you will also be dead, because the power of gods and demons in this sword has entered your body. "

"What??"

Almost as soon as Ye Feng finished speaking, the tall and burly young man's expression immediately changed.

At this moment, he discovered that two completely different light groups of divine and demonic power had entered his body and were frantically damaging and destroying every inch of his flesh and bones.

"No! Impossible!"

At this moment, the tall and burly young man's face suddenly changed, and his eyes showed deep fear.

Chapter 4694 Satisfactory results

At this time, the tall and burly young man could immediately feel the power of gods and demons running wildly through his body, constantly destroying his flesh, flesh and bones.

After sensing all this, this super master from the Amethyst Dragon Clan finally panicked.

Because things have reached a level beyond his control.

Originally, in his eyes, Ye Feng was just an ant. He didn't even put Ye Feng in his eyes at all, but only the ancient demon.

He was just planning to kill Ye Feng, but now it turned out that Ye Feng caused him huge serious injuries.

This strong contrast made this burly young man from the Amethyst Dragon Clan feel how terrifying Ye Feng was.

So at this time, the burly young man of the Amethyst Dragon Clan immediately realized that it was impossible for him to deal with Ye Feng now.

Because the light group of gods and demons in Ye Feng's black broken sword just now entered his body and was frantically destroying and destroying his vitality.

At this time, this burly young man from the Amethyst Dragon Clan no longer had the energy to deal with Ye Feng.

What he thought about at this moment was to escape from here quickly.

As a result, at this moment, this burly young man from the Amethyst Dragon Clan immediately turned around and flew madly in a certain direction in the distance, obviously wanting to leave here completely.

At this time, Ye Feng would naturally not let go of this burly young man from the Amethyst Dragon Clan who came to hunt him down. Ye Feng would definitely beat up the drowned dog.

At this moment, Ye Feng is no longer afraid of this burly young man, because this burly young man from the Amethyst Dragon Clan is being rapidly destroyed by the power of gods and demons in his black broken sword. Already seriously injured.

At this time, Ye Feng had a chance to kill this burly young man from the Amethyst Dragon Clan.

Uh-huh!

So at this moment, Ye Feng immediately rushed towards the direction where the burly young man was escaping, trying to kill him.

At this moment, Ye Feng even directly used the Ice Emperor Mirror that he had obtained before.

Buzz!

A mirror appeared above Ye Feng's head, floating in the air. A terrifying cold air rushed out of it, attacking forward, causing the burly young man's feet to freeze immediately. .

But at this moment, this burly young man was, after all, a super strong man from the extremely powerful Amethyst Dragon Clan, the dominant race in the wilderness.

So he immediately broke free from the shackles of these ices and continued to escape.

At this moment, Ye Feng continues to stimulate the exclusive talent of his Celestial Clan bloodline, the space wormhole.

Uh-huh!

At this moment, Ye Feng quickly shuttled through the void, so unnoticed that this burly young man had no way to avoid Ye Feng's pursuit.

In the end, the burly young man immediately yelled crazily, "Boy, you chased me so hard. Since you are unwilling to let me go, let's die together!"

Buzz!

At this moment, the burly young man suddenly burst out with an extremely bright bloody light.

Obviously, he wanted to blow himself up, blow up Ye Feng directly, and want to die together with Ye Feng.

For a burly young man who is a peerless expert in the wild overlord race, once he self-destructs, the power produced will definitely be far greater than his current combat effectiveness.

Even if Ye Feng possesses the immortal body of a god, he may not be able to avoid the power of this self-destruction all at once.

At this moment, Ye Feng wanted to stop it, but it was too late.

This tall and burly young man from the Amethyst Dragon Tribe had completely exploded like a bomb.

Almost at this moment, Ye Feng immediately felt the power of the terrifying explosion, which even destroyed his entire body.

Ye Feng's eyes suddenly showed nervousness. He didn't expect that this burly young man from the Amethyst Dragon Clan would be so ruthless. Maybe this is the reason why poor enemies should not be pursued, because before a strong man dies, You definitely want to pull another person into the water as much as possible.

Obviously, this burly young man from the Amethyst Dragon Clan knew that it was impossible for him to escape, so he wanted to drag Ye Feng to die with him.

But at this moment, Emperor Chu in his mind suddenly said, "Ye Feng, use your awakened blood talent of the Celestial Clan to release the space wormhole, and use the space wormhole to kill this burly young man who has self-destructed." Shrouded in the deep void inside the space wormhole, in this case, the outer space will not be affected, and you will not be affected. "

Hearing what Emperor Chu said in his mind, Ye Feng's eyes immediately lit up, he nodded quickly, and then instantly used his bloodline talent, Space Wormhole.

But this time, Ye Feng did not enter the space wormhole by himself. The space wormhole released by Ye Feng directly enveloped the burly young man of the Amethyst Dragon Tribe who was self-destructing in the space wormhole.

Inside the space wormhole is a deep void that cannot affect the existing space outside where Ye Feng is at this time.

So at this moment, the burly young man could be said to have died in vain.

He exploded in the deep void chaos

In the flow, it could not cause any harm to Ye Feng at all.

At this moment, Ye Feng also entered the space wormhole and found that the burly young man had self-destructed and disintegrated, but a lot of blood energy was still left behind.

Ye Feng's face immediately showed a look of joy, and he quickly released the Devouring Domain and began to devour the remaining blood energy left behind after the burly young man of the Amethyst Dragon Tribe blew himself up.

Although it is only a remnant, you must know that the cultivation level of this burly young man is two levels higher than that of Ye Feng.

Therefore, even the remaining blood energy after his self-destruction was swallowed by Ye Feng and gained a huge increase in strength.

At this moment, Ye Feng immediately felt a very deep energy, which was immediately injected into his body.

Ye Feng could immediately feel the aura of his cultivation, and it immediately began to rise steadily.

boom!

The third level of Rong Dao Realm!

boom!

The fourth level of Rong Dao Realm!

At this moment, Ye Feng's cultivation reached two levels in a row, leaving a hint of joy in Ye Feng's eyes.

However, Ye Feng also knew that if he had been able to prevent this burly young man from self-destructing and swallowed up all the blood and energy of this burly young man, then his cultivation breakthrough would definitely not be just a breakthrough to the second heaven. .

After all, the other party is two levels higher than himself.

But Ye Feng was already satisfied.

This time, with such a weak cultivation, I was able to resist this super master from the Amethyst Dragon Clan, and even forced the opponent to self-destruct. Moreover, my cultivation also achieved a breakthrough to the second level. This is already very satisfying. The result is over!

Chapter 4695 Completely Famous

Uh-huh!

At this time, Ye Feng left here immediately without any hesitation.

After being intercepted by this burly young man from the Amethyst Dragon Clan, Ye Feng realized more and more that he had better hurry back to the palace of the Blood Demon Dynasty and stay there for a while first.

Because Ye Feng knew very well that these wild races were moving so fast, there might be other super masters from the overlord race who were chasing him and the ancient demons.

Therefore, his current cultivation and strength are not enough to resist these endless superpowers from the wild race. Therefore, Ye Feng feels that he should hurry back to the palace of the Blood Demon Dynasty and take good care of himself first. Let's talk about accumulating my own cultivation foundation.

After all, he had caused such a big disaster in the wilderness this time, so he had to settle down for a while first.

However, Ye Feng was worried about the ancient demon at this time.

After all, the super masters among the wild races who came to hunt him down were all so powerful.

If it were one or two, maybe the ancient demon could handle it.

But if a group of super masters from the wild overlord race come to hunt down the ancient demons, even if the ancient demons are very powerful, they may be in danger by then.

But now the ancient demon has completely stayed away from Ye Feng, and he doesn't know where he is training in the Northern Territory, so Ye Feng can only pray that the ancient demon can avert the danger.

But Ye Feng also knew that the ancient demon was originally an ancient demon from hundreds of thousands of years ago. His methods and strength were very mysterious and unpredictable. He couldn't guess it, so he didn't have to worry so much.

Ancient demons don't die that easily.

After all, in that era, the ancient demons were not killed, but could only be sealed in an ancient space.

Therefore, the vitality of ancient demons is still very tenacious.

I'd better improve my strength first.

At that time, if the ancient demon is really in danger, he can rush over to rescue his brother.

At this time, Ye Feng thought secretly in his heart, and then quickly flew in the direction of the Blood Demon Dynasty.

Along the way, Ye Feng finally encountered no other interceptions from the super masters of the Great Wilderness race.

After all, this place is close to the imperial city of the Blood Demon Dynasty, so even the overlord race in the wilderness probably would not dare to rush to send powerful beings close to the base camp of the overlord force in the Northern Territory.

On the fourth day after Ye Feng left the wilderness, Ye Feng finally arrived at the imperial city of the Blood Demon Dynasty.

Looking at the towering city walls and familiar buildings in front of him, Ye Feng actually felt a sense of security in his heart.

Uh-huh!

At this moment, Ye Feng immediately flew forward and arrived at the gate of the Imperial City of the Blood Demon Dynasty.

At this time, Ye Feng walked directly into the imperial city.

When Ye Feng walked safely into the imperial city of the Blood Demon Dynasty, he immediately heard countless people in the imperial city discussing himself, as well as the ancient demon Ye Hei.

This made Ye Feng's eyes suddenly reveal a look of deep surprise.

Because the words Ye Feng heard were all related to him.

Everyone is discussing that there are two peerless geniuses in their Blood Demon Dynasty in the Northern Territory, and these two peerless geniuses are simply fearless existences. They dare to go to the wilderness to cause trouble, and even kill the overlord of the wilderness. The descendants of the Wang family made everyone very excited, because the overlord races in the wilderness were extremely ferocious and often invaded.

The land of the Northern Territory was being burned, killed, and looted, so Ye Feng and Ye Hei's wave of attacks simply gave everyone in the Northern Territory a bad breath.

This is something Ye Feng didn't expect. It seems that he and the ancient demon Ye Hei are really famous in the Northern Territory.

But being too famous is not a good thing.

Because it is very likely that he has been noticed by all the powerful people in the entire Blood Demon Dynasty.

In this case, it would still be very challenging for him to assist the Seventh Prince in his fight for the final throne.

Because Ye Feng knew very well that if he followed the seventh prince in obscurity and helped him, he could avoid a lot of unnecessary trouble.

But now that he has become a high-profile figure, he will definitely be targeted by many people.

At this time, Ye Feng seemed to be a little preoccupied. He walked through the endless crowd of people in the entire imperial city and walked quickly towards the palace.

Although Ye Feng and the Ancient Demon are already famous, few people know the true identity of Ye Feng and the Ancient Demon.

They only knew that there were two young people, two brothers, who made a huge noise in the wilderness, so Ye Feng was not recognized by anyone along the way.

After all, Ye Feng seems to be just an ordinary young man. It is difficult for anyone to connect Ye Feng with the legendary figure who is making a lot of noise now.

At this moment, Ye Feng was about to reach the palace, but suddenly he was stopped by someone in front of him.

When Ye Feng saw this person, his eyes suddenly showed a look of surprise, and he asked loudly, "Who are you? Why did you stop me? Are you here to target me?"

Ye Feng knew very well at this time that he was probably the assistant beside the seventh prince, which would attract many other princesses and princes in the palace.

The focus is between.

So at this time, Ye Feng felt that there might be other princes or princesses who were targeting him.

However, the young man in black armor standing in front of him just smiled slightly and said loudly, "Your Excellency, you must be Mr. Ye Feng, right? He looks exactly the same as the one in the portrait given to me by the Young President. The Young President asked me to wait. Here, we are waiting for Mr. Ye Feng to return, because the young president wants to meet Mr. Ye Feng alone. "

Hearing what this young man said, Ye Feng's eyes suddenly showed a look of surprise, and he couldn't help but said, "Are you from the World Chamber of Commerce?"

The young man in front of him immediately nodded and said, "Master Ye Feng, please come with me. Our young president wants to see you. She said she had an agreement with you before and asked you to meet alone. "

Hearing what the young man in front of him said, Ye Feng immediately nodded, with a sigh in his eyes.

Ye Feng originally accompanied the eldest princess to attend a party at the ancient temple in the wilderness. He planned to come back the next day and went directly to Shen Lan, the young president of the Tianxia Chamber of Commerce, to see if the Tianxia Chamber of Commerce had the training he needed. resource.

After all, in half a month, I will represent the seventh prince to participate in the royal competition among the royal families of the Blood Demon Dynasty. It is naturally a good thing to improve my cultivation level.

But I didn't expect that when I followed the eldest princess to the ancient temple in the wilderness, so many things happened and I was wasted for many days.

But at this time, there was a look of surprise in Ye Feng's eyes. It seemed that Shen Lan, the young president of the World Chamber of Commerce, had long expected that he would secretly return to the imperial city of the Blood Demon Dynasty, and had already sent someone Wait for yourself here.

Shen Lan, the young president of the Tianxia Chamber of Commerce, seems to be just a very delicate and beautiful young woman, but she has a very deep city and strategy.

Chapter 4696: Very good at being a good person

At this time, Ye Feng didn't hesitate at all and just followed the young man and walked quickly towards the headquarters of the Tianxia Chamber of Commerce in the Imperial City.

For Ye Feng, going to see the Young President Shen Lan this time was also something that had been agreed before, so Ye Feng naturally would not refuse.

Moreover, Ye Feng is now in trouble with the two dominant races in the wilderness, and may be in danger at any time, so Ye Feng feels that he just needs to find the young president of the Tianxia

Chamber of Commerce to see if there are any good cultivation resources to buy, which can make him His cultivation base continues to improve.

At this moment, Ye Feng quickly followed the young man to the headquarters of the Tianxia Chamber of Commerce.

At this time, the young man took Ye Feng into the Tianxia Chamber of Commerce and left directly.

Ye Feng walked towards the upstairs of Tianxia Chamber of Commerce.

When Ye Feng walked to the ninth floor, he immediately saw the young president Shen Lan standing there in a rather hidden room on the ninth floor.

At this time, Shen Lan saw Ye Feng appearing in front of her, and immediately smiled very happily and said loudly, "Master Ye Feng, you have now become a well-known figure in the entire Northern Territory. Even among the Southern Barbarians, there are probably many People admire your behavior, because the overlord race in the wilderness, whether it is our northern region or the southern barbarian land, do not dare to provoke you, but Ye Feng, you alone, and your brother, are directly related to the wilderness. The overlord race faced off, and even killed a descendant of the Wang family from the Sun God Clan, and you didn't have anything to do and just left the wilderness area. I guess that there is a mysterious person standing behind you. Unexpected ancient existence."

Hearing what Shen Lan said in front of him, Ye Feng had a look of surprise in his eyes. He didn't expect that Shen Lan, the young president of the Tianxia Chamber of Commerce, could guess that there was an ancient demon standing behind him. The presence.

Of course, that ancient existence did not support Ye Feng and the ancient demon. It was just that Ye Feng and the ancient demon took the initiative to enter the cemetery of gods and demons and received help from the old man guarding the tomb.

At this time, Ye Feng did not intend to explain anything in this regard. Ye Feng just smiled and said, "I came to you this time, mainly because I want to know if there is anything good in the inventory of your World Chamber of Commerce." With my cultivation resources, I have now provoked the two dominant races in the wilderness, and many people are chasing me, so I think that the most important thing is that I should quickly improve my cultivation strength. "

Hearing what Ye Feng said, Shen Lan, the young president of the Tianxia Chamber of Commerce, couldn't help but glance at Ye Feng, and said with a hint of anger in his tone, "Master Ye Feng, I

said before, you can Calling me Miss Lan directly and calling me Young President all the time seems too unfamiliar. "

At this time, when he heard Shen Lan, the young president of the Tianxia Chamber of Commerce in front of him, said this, Ye Feng smiled slightly, nodded, and said, "Okay, Miss Lan."

Shen Lan seemed to be very satisfied when she heard Ye Feng call him that, and then she couldn't help but said, "I specially invite you, Mr. Ye Feng, to come over this time. In addition to wanting to trade some cultivation resources with Mr. Ye Feng, I also want to A very important thing is that I hope Mr. Ye Feng can join the team of our Tianxia Chamber of Commerce to explore an ancient tomb. I know that Mr. Ye Feng has many means, so this time I specially

Mr. Ye Feng was invited to the Tianxia Chamber of Commerce just to discuss this matter. "

Hearing what Shen Lan said in front of him, Ye Feng's eyes flashed slightly and he became interested.

After all, Ye Feng knew that this kind of ancient tomb that was highly valued by large chambers of commerce must be the tomb of a very ancient person. Otherwise, it would not have attracted such attention.

So at this time, Ye Feng immediately asked, "What kind of big tomb is it? Where is it?"

Shen Lan immediately said aloud, "I don't know the details of this. It was discovered by my father, the president of our Tianxia Chamber of Commerce, in a very remote green rainforest in the Northern Territory. That big tomb should be No one has entered it yet, so no one knows how dangerous it is, but it must be very precious. "

Ye Feng nodded, and then asked aloud, "Did your World Chamber of Commerce explore an ancient tomb to get something from it?"

Shen Lan immediately nodded and said aloud, "In addition to you, Mr. Ye Feng, we have also recruited some other strong men, as well as our own strong men from the Tianxia Chamber of Commerce, and we will form a team together to go to that piece of green. Among the ancient tombs in the rainforest, that tomb is said to be very strange and mysterious. It is different from the tombs of ordinary strong men. It contains many incredible and terrifying things. What our World Chamber of Commerce wants to get is that one. The special thing left by the tomb owner of the ancient tomb. Regarding that special thing, I can't tell you directly, Mr. Ye Feng, for the time being. It needs to be

kept secret. We only need this special thing. If there are some others in the ancient tomb It's a good treasure, Mr. Ye Feng, you can take it directly."

Hearing what Shen Lan said in front of him, Ye Feng's eyes suddenly showed a look of surprise.

Unexpectedly, the Tianxia Chamber of Commerce was so cautious and assembled a team to explore the ancient tomb in the green rain forest. They wanted nothing but a special thing left by the owner of the ancient tomb.

It seems that this special thing is very precious.

However, Ye Feng didn't ask any more questions, just nodded and said, "Okay, I'm still very interested in exploring the tomb of such an ancient powerful man, not to mention, what can be obtained from that ancient tomb." Some treasures."

Shen Lan immediately smiled and said, "In addition, we will also give you a generous reward, Mr. Ye Feng."

When he said this, Shen Lan immediately walked towards a certain direction of the Tianxia Chamber of Commerce, smiled and said, "Master Ye Feng, please follow me, I will take you to the inventory of our Tianxia Chamber of Commerce first." See if there are any cultivation resources you need. If so, I can give you a 30% discount on them in my own name."

Hearing what Shen Lan said in front of him, Ye Feng immediately showed a look of surprise in his eyes, and then a look of joy.

This Shen Lan does have two skills in doing business, and he can also invisibly bring the relationship between the two parties closer.

At this moment, Ye Feng is naturally quite happy. After all, his wealth is limited. If there is a 30% discount, it means that Ye Feng can use the same wealth to purchase more cultivation resources.

I have to say that this Shen Lan is very good at life. At this time, Ye Feng didn't hesitate at all and just followed the young man and walked quickly towards the headquarters of the Tianxia Chamber of Commerce in the Imperial City.

For Ye Feng, going to see the Young President Shen Lan this time was also something that had been agreed before, so Ye Feng naturally would not refuse.

I have to say that this Shen Lan is very good at life.

Chapter 4697 Half-step book

At this time, Ye Feng followed Shen Lan and finally arrived at the inventory of the Tianxia Chamber of Commerce.

Ye Feng immediately saw a huge treasure house in front of him, surrounded by many guards in black armor guarding it.

Obviously, this is the place where the Tianxia Chamber of Commerce specifically stores various cultivation resources, various treasures and auction items in the Chamber of Commerce, otherwise it would not be heavily guarded.

However, at this time, under the leadership of Shen Lan, the young president of the Tianxia Chamber of Commerce, Ye Feng successfully arrived at the inventory door of the Tianxia Chamber of Commerce.

At this moment, Shen Lan smiled and said loudly, "Master Ye Feng, just go in directly with me. If you need any cultivation resources or treasures, I will give them to you at 30% off the estimated price of our World Chamber of Commerce." "

Hearing what Shen Lan said, Ye Feng immediately nodded and said happily, "Thank you so much, President."

For Ye Feng, since he has met Shen Lan, it doesn't matter if he takes advantage. Therefore, Ye Feng is still very happy at this moment, being able to purchase the training resources he needs at a 30% discount.

Ye Feng thought in his heart, hoping that the treasure house of the World Chamber of Commerce would have a lot of training resources that he needed.

Although the World Chamber of Commerce is not the largest chamber of commerce in the Imperial City of the Blood Demon Dynasty, it is still considered an above-average first-class chamber of commerce, so the auction items or some training resources stored in the treasure house should not be that small.

While Ye Feng was thinking in his heart, Shen Lan looked at the group of black armored guards standing at the door of the treasure house in front of him and said, "Open the treasure house."

"Yes, Young President."

Hearing Shen Lan, the young president, say this, the guards in black armor all nodded.

They each took out a damaged token from their hands, and then finally put them together to form a complete token.

Later, someone placed the token on the door of the treasure house.

Boom!

The next moment, the bronze gate of the entire treasure house was estimated to be

Weighing several billion tons, it slowly opened towards both sides.

Seeing this scene, Ye Feng immediately nodded slightly.

The World Chamber of Commerce seems to attach great importance to the way of sealing the treasure house. They actually ask each guard to hold a damaged token fragment in their hands and combine them together to open the treasure house of the World Chamber of Commerce.

In this case, it can be prevented to a large extent from someone secretly stealing the token and opening this treasure house.

At this moment, as the protection door opened, Shen Lan looked at Ye Feng, smiled slightly, and said, "Master Ye Feng, follow me."

Ye Feng nodded and followed Shen Lan directly into the treasure house of the World Chamber of Commerce.

The moment Ye Feng walked in, there was a hint of shock in his eyes.

I saw that the treasure house of the World Chamber of Commerce was very large, giving people the feeling of arriving at an ancient palace.

Placed and piled around, there are all kinds of treasures and things.

Ye Feng immediately saw that there were many high-level magic weapons hanging on rows of shelves, emitting bright light.

There are also many inherited books, which are also stacked on bookshelves, but they are arranged in order and hierarchy and placed on each bookshelf.

Ye Feng was not in a hurry to look for various cultivation resources for the time being. Ye Feng first went to take a look at the places with powerful magic weapons.

However, Ye Feng is quite disappointed. Although these magic weapons may be relatively advanced in the eyes of others, they are indeed nothing in his own eyes.

Not to mention the black broken sword that the old man who kept the tomb guard gave to him before. It was a real peerless artifact, containing the power of gods and demons. It could completely defeat these so-called senior soldiers in front of him.

device.

Even the Ice Emperor Mirror that Ye Feng had obtained before could hardly keep up with his own cultivation pace, it was much more advanced than these weapons.

So at this time, Ye Feng left the weapon area with a rather disappointed look in his eyes.

Seeing this scene, Shen Lan immediately smiled and said, "Mr. Ye Feng, these magic weapons may be nothing in your eyes, but they are still rare treasures that are difficult to grab at auctions. I can only say that Ye Feng Mr. Feng, your vision is too high, but that's normal. The treasures and magic weapons needed by a top genius like you are naturally very high-end. It's normal that you don't like these auction items from our World Chamber of Commerce. "

Hearing what Shen Lan said next to him, Ye Feng couldn't help but smile and said, "I'll go and see if there are any good and powerful martial arts inheritance in the inheritance area in your World Chamber of Commerce treasure house."

Hearing what Ye Feng said, Shen Lan immediately led Ye Feng to the bookshelf stacked with inheritance books. She smiled and said, "You don't need to read the previous ones. They are all low-level inheritances. Even I They all look down on you, let alone you. You can focus on the six books on the last row of bookshelves. Those six books are currently the most advanced inheritance secrets collected by our Tianxia Chamber of Commerce. Prepare to read them tonight. The auction has started, but since Mr. Ye Feng is here, I will let you take a look first. If you like it, you can buy it in advance and you won't have to go to the auction. "

Hearing what Shen Lan said, Ye Feng immediately nodded, with a hint of happiness in his eyes.

It seems that this is the privilege of being able to get to know the young president of the Tianxia Chamber of Commerce. You can choose what you need in advance before the auction, and then buy it directly. In this case, you don't have to compete at the auction. You can save yourself a lot of money.

Of course, the premise is that he can get the attention of the World Chamber of Commerce, and Ye Feng obviously has this qualification.

At this time, Ye Feng was thinking secretly, and then

Start looking at the six heritage books on this bookshelf.

Ye Feng flipped through several books carefully and couldn't help but shake his head. In fact, the level of these inheritance books was still very good, but in Ye Feng's eyes, it was nothing.

Seeing Ye Feng shaking his head like this, Shen Lan, who was standing next to him, could only wave his hands helplessly, as if to say that our World Chamber of Commerce only has so many good things. If you really don't like it, So forget it.

Ye Feng had already read the last book at this time. Looking at the secrets of inheritance recorded in this book, Ye Feng suddenly showed a look of surprise in his eyes and couldn't help but said, "This set of inheritance seems to be only half a book. But the secrets of inheritance recorded in it seem to be very powerful."

Hearing what Ye Feng said, Shen Lan glanced at half of the book in Ye Feng's hand, nodded immediately, and said loudly, "This inheritance is something that we, the Tianxia Chamber of Commerce, got ourselves, and it was not entrusted to us by anyone to auction. This half of the book seems to have been brought back by our World Chamber of Commerce in advance from the ancient tomb we were going to. The person who brought it back said that the ancient tomb was very strange and terrifying. A strong man, but in the end they all turned into monsters that were neither human nor ghosts, and some turned into blood corpses. Only one person escaped in a hurry and brought back half of the book, so our World Chamber of Commerce That's why we attach great importance to that ancient tomb. This time we invited many powerful people and assembled a team to continue exploring that ancient tomb."

Hearing what Shen Lan said, Ye Feng's eyes showed a look of surprise. It seemed that the ancient tomb was indeed very strange. It could actually turn people who entered the tomb into monsters or bloody corpses.

However, the half book of this inheritance in his hand has already made Ye Feng feel the huge secret of inheritance, which is enough to show that this set of inheritance is very powerful.

Ye Feng immediately took the half of the book and said, "I bought this half of the book. As for the other half, I will follow you into the tomb and search for it myself."

Chapter 4698 Often in poverty

At this time, the half book inheritance that Ye Feng received was called the Nine Saints Boxing Technique. It was a very ancient and special boxing technique. When used, it could activate the power of the ancient Nine Saints and burst out with overwhelming power.

However, there is currently only half of it, and Ye Feng can only learn half of the inheritance. If he wants to get the other half, he probably has to go into the weird ancient tomb to find it.

At this moment, Ye Feng was quite interested in this ancient tomb.

Because according to Shen Lan, the young president of the Tianxia Chamber of Commerce, several strong men sent by the Tianxia Chamber of Commerce at that time entered this ancient tomb and did not go deep. They only obtained this in the peripheral tombs of the ancient tomb. A set of inheritance is already so advanced and powerful.

It is hard to imagine how precious the things contained in the deepest area of this ancient tomb are.

At this time, Ye Feng suddenly thought of what Shen Lan said before. They were not afraid of trouble this time and specially organized a team to explore into this ancient tomb in order to get a piece of information left by the owner of this ancient tomb. Something very special.

It seems that the Tianxia Chamber of Commerce must be quite familiar with this ancient tomb and has done a lot of investigations.

However, Ye Feng didn't ask any more questions at this time, because he knew that this kind of thing must be an internal secret of the Tianxia Chamber of Commerce. Even if he asked Shen Lan, she probably wouldn't say anything more.

At this time, Ye Feng took this half-step book called Nine Saints Fist Technique and continued to walk towards the inner area of the treasure house of the World Chamber of Commerce.

Next, Ye Feng immediately saw that within the treasure house of the World Chamber of Commerce, there were indeed a lot of cultivation resources, including a lot of very precious elixirs and medicinal materials, as well as a lot of minerals mined from the veins. High-grade crystals, these high-grade crystals contain the power of different attributes.

This made Ye Feng very happy, and he immediately said, "I want all these things that contain the energy of heaven and earth, including these medicinal materials, those heavenly materials and earthly treasures, and some mined from the mineral veins."

of high-grade energy crystals. "

Hearing what Ye Feng said, Shen Lan immediately nodded. She also knew that Ye Feng had cultivated a very special inheritance that could directly absorb energy from the outside world and use it for herself.

So at this time, Shen Lan made a rough estimate of the price, and then gave a rough price. After discounting it by 30%, Ye Feng felt that it was a very good deal, so naturally he paid happily on the spot.

Then Ye Feng directly released the Devouring Domain, covering these cultivation resources, ready to swallow, refine and use them on the spot.

"Buzz buzz..."

At this moment, Ye Feng immediately felt a huge amount of energy, which was immediately injected into his body. Ye Feng's cultivation aura immediately began to continue to break through.

boom!

The fifth level of Rong Dao Realm!

boom!

The sixth level of Fusion Dao Realm!

boom!

The seventh level of Fusion Dao Realm!

boom!

The eighth level of Fusion Dao Realm! !

At this time, Ye Feng's cultivation aura suddenly broke through the fourth level of heaven, directly from the fourth level of Fusion Dao Realm to the eighth level of Fusion Dao Realm.

This made Ye Feng's eyes suddenly reveal a look of deep surprise. He didn't expect that the cultivation resources contained in the treasure house of the World Chamber of Commerce were quite good. After letting himself devour them, he could improve his cultivation so much. .

At this time, Ye Feng looked at Shen Lan beside him and found that Shen Lan was staring at him with a very surprised look.

Ye Feng immediately couldn't help laughing and asked, "What's wrong?"

Shen Lan couldn't help but praise,

He said aloud, "Master Ye Feng, your ability is really amazing. It is the most incredible ability I have ever seen. You can absorb energy from the outside into your body and quickly convert it into your own power. This is really incredible."

When Ye Feng heard what Shen Lan said, he couldn't help but shook his head and said helplessly, "But this also makes me often poor, because as long as I have money, I will buy training resources and then improve My own cultivation power is not enough for me no matter how much I practice, so I can only fall into the repeated search for cultivation resources. "

Hearing what Ye Feng said, Shen Lan couldn't help but roll her eyes at Ye Feng and said loudly, "If I had your ability, Mr. Ye Feng, I would laugh so hard that I couldn't sleep. Money is something external to the body. It can only improve myself." Cultivation of strength and making oneself stronger is the way to go."

Hearing what Shen Lan said, Ye Feng glanced at Shen Lan in surprise. He suddenly discovered that this woman seemed to be very strong.

However, Ye Feng didn't say anything at this time, but continued to walk quickly towards the deepest area of the treasure house.

Because Ye Feng saw that there was actually a small space in the deepest area of the treasure house.

When Ye Feng came to this small space, a look of surprise suddenly appeared in his eyes.

Because he discovered that what was stored in this small space was not the treasure or cultivation resources he imagined, but an old man in black sitting cross-legged.

The old man in black robes was sitting there as if he had passed away.

But just when Ye Feng was approaching, the old man suddenly opened his eyes, and an unparalleled terrifying aura immediately locked onto Ye Feng, making Ye Feng feel an overwhelming sense of oppression.

At this time, Shen Lan came to Ye Feng's side and said with a smile, "This is our day."

The strongest elders in the Lower Chamber of Commerce are the guardians who specifically guard our treasure house and protect the entire treasure house. "

Hearing what Shen Lan said, Ye Feng immediately nodded, and then said to the old man in black clothes, "Excuse me."

After saying that, Ye Feng was about to turn around and leave.

But at this time, this old man in black clothes suddenly said, "Young man, you are very good."

"Um?"

Hearing the treasure trove guardian of the World Chamber of Commerce in front of him say this, Ye Feng looked at the old man in black clothes in surprise, and then couldn't help but say, "Thank you for the compliment, senior."

After saying that, Ye Feng turned around and prepared to leave.

But at this time, the old man in black clothes continued to speak, "If you have time in the future, come here more often. You are a very good young man. We can chat alone if you have time."

After finishing speaking, the old man in black clothes simply closed his eyes and continued to sit here.

Seeing this scene, Ye Feng had a strange look in his eyes. The old man's words seemed a bit inexplicable.

But at this time, Ye Feng didn't ask any more questions. He just clasped his fists and said, "Okay, if the junior has a chance in the future, come over and have a chat with the senior."

Ye Feng felt that it would be good to chat with such an old-timer with such profound and unpredictable cultivation, as it could improve his martial arts state of mind and perception.

At this time, Ye Feng no longer hesitated and just followed Shen Lan towards the outside of the treasure house.

However, on the way, Ye Feng couldn't help but asked, "Miss Lan, who is this old senior? I feel that his cultivation is very unfathomable. Logically speaking, an ordinary chamber of commerce like yours, the Tianxia Chamber of Commerce, should not be qualified." Invite such a terrifying old monster to take charge of the treasure house?"

Chapter 4699 People in the team

Logically speaking, you are not qualified to invite such an old monster to take charge of the treasure house?

At this moment, hearing Ye Feng's rather direct but realistic words, Shen Lan, as the young president of the Tianxia Chamber of Commerce, suddenly showed a trace of embarrassment on his face.

Although what Ye Feng said seemed a bit ruthless, it is true that their Tianxia Chamber of Commerce is not a big chamber of commerce in the entire imperial city of the Blood Demon Dynasty, and can only be regarded as an ordinary chamber of commerce above average.

But at this moment, Shen Lan didn't care about Ye Feng's straightforward words. Shen Lan also showed a trace of doubt on his face and said, "This old senior took the initiative to find our Tianxia Chamber of Commerce. As long as For a very small remuneration, he helped us control the treasure trove of the entire Tianxia Chamber of Commerce. Originally, my father was worried that this old man wanted to take advantage of the good things in the treasure trove of our Tianxia Chamber of Commerce. But in the end, when we thought about it, we felt that our idea was quite ridiculous. Yes, after all, the cultivation strength of this old senior is simply unfathomable. It feels comparable to the top figures in the top chambers of commerce, but he is willing to come alone to the treasure house of our world chamber of commerce to sit here. How could he covet us? What about the things in the treasure house of the Tianxia Chamber of Commerce? After all, even you, Ye Feng, don't like those things. That old man must also look down on them even more. So my father agreed to let this old man sit in the treasure house of our Tianxia Chamber of Commerce. , I don't know the identity of this old man, he seems to be a casual cultivator, and he suddenly came to our Tianxia Chamber of Commerce. "

Hearing what Shen Lan said, Ye Feng's eyes showed a hint of surprise. He seemed to have never expected that this old monster would take the initiative to come to an ordinary chamber of commerce like the Tianxia Chamber of Commerce and ask to sit here.

This made Ye Feng's eyes suddenly show a trace of surprise. He didn't understand why such an old monster, such a mysterious big man, suddenly came here to be the guardian of an ordinary chamber of commerce.

However, Ye Feng didn't think much about it, because Ye Feng felt that maybe this old man might have some relationship with the ancestors of the World Chamber of Commerce for more than ten generations, so it was not impossible to come here to repay his kindness.

At this moment, Ye Feng didn't dwell too much on this issue. After all, it didn't have much to do with him.

As for the old man who said that he would talk to him about spiritual matters when he had time, Ye Feng thought that he could listen to where this old man came from.

At this moment, Ye Feng just said aloud, "Since I have purchased all the cultivation resources in the treasure house and my cultivation has improved a lot, we can now go directly to the ancient tomb you mentioned. Well, I want to see if that big tomb is as weird and scary as you said."

Hearing what Ye Feng said, Shen Lan immediately nodded and said, "I will take you to meet the people in the team now, so you can get to know them in advance."

When Ye Feng heard what Shen Lan said, he immediately nodded.

At this time, Ye Feng, led by Shen Lan, quickly arrived at the central hall of the Tianxia Chamber of Commerce.

At this time, Ye Feng immediately saw a group of guards wearing black armor, dozens of them, gathered in the central hall.

The identities of these guards wearing black armor should be powerful guards carefully trained by the Tianxia Chamber of Commerce.

This time, dozens of elite guards were brought into the ancient tomb, which was enough to show that the World Chamber of Commerce attached great importance to exploring the ancient tomb this time.

In addition, Ye Feng also saw three figures in different clothes on the other side.

Among these three people, one is a very heroic-looking woman with a very mature appearance. She carries a fiery red sword on her back and looks like she should be a very powerful female swordsman.

The second person was an old man who looked very skinny. This old man was wearing a Bagua robe, holding an ancient compass in his hand, and carrying a mahogany sword on his back. He looked quite strange.

The third person was a young man who looked a little sullen. This young man was wearing a very simple white gown and carried a heavy-looking golden sword on his back.

This golden long knife looks very ancient, it seems to be some kind of special weapon, and it is very old.

These three people should be the helpers invited by the Tianxia Chamber of Commerce from other places to explore that ancient tomb.

Of course, Ye Feng was the fourth person invited.

At this time, Shen Lan brought Ye Feng to the central hall, and many people's eyes immediately focused on Ye Feng.

The female swordsman carrying the fiery red sword looked at Ye Feng with a hint of interest in her mature and charming eyes.

The old man wearing Bagua robe glanced at Ye Feng and stopped paying attention.

As for the silent young brother, who was carrying an ancient-style golden sword on his back, he didn't even look at Ye Feng. He just lowered his head, seeming to be thinking about his own affairs, or in a daze.

As for the other group of black armored guards from the Tianxia Chamber of Commerce, they all quickly stood up, looked at Shen Lan, and respectfully clasped their fists and said, "Young President, you are here."

Shen Lan nodded, looked at the group of people in the audience, and said loudly, "Let me introduce to you. The young man in white next to me is called Ye Feng. He is the top genius in our Blood Demon Dynasty. Maybe he has There may not be any special means to explore that kind of ancient tomb, but its combat power is extremely strong. This time I specially invited Ye Feng to help us. Now that everyone is here, let's go directly. "

After Shen Lan finished speaking at this time, he led everyone to fly towards the outside of the blood demon dynasty's imperial city.

Ye Feng's eyes showed a look of surprise. He didn't expect such a dangerous action. Shen Lan, the young president, would personally follow them and be the leader this time.

At this time, Ye Feng also joined the team.

Everyone immediately walked out of the headquarters of the Tianxia Chamber of Commerce and walked towards the outside of the imperial city.

When they walked out of the gate of the imperial city, Shen Lan, the young president of the Tianxia Chamber of Commerce, immediately took out a Qiankun bag and put a group of people, including Ye Feng, into the Qiankun bag.

Uh-huh!

Then Shen Lan flew quickly towards a certain direction in the distant wilderness alone.

Going to explore the ancient tomb this time is a very secretive matter for the World Chamber of Commerce, so if there are too many people acting together, it may cause other chambers of commerce to follow them secretly.

So Shen Lan decided to temporarily put everyone in the Qiankun Bag, and went to an ancient tomb alone, and then released everyone when they got there. In this case, their whereabouts would be more secretive and they would not be easily discovered. Logically speaking, you are not qualified to invite such an old monster to take charge of the treasure house?

Chapter 4700 Grand Situation

Ye Feng and a group of people in the team stayed in the Qiankun Bag for about half an hour before being released.

At this time, everyone flew out of the Qiankun Bag and immediately discovered that the surrounding area was already a barren land.

At this moment, Shen Lan stood at the front, staring at a barren mountain in the distance.

At this time, everyone saw this barren mountain, which seemed ordinary.

But Shen Lan turned around and said loudly, "The entrance to the ancient tomb is under this barren mountain. No one would have thought that there is an extremely mysterious thing hidden under such a small barren mountain in the wilderness." The tomb of the ancient powerful man."

Hearing what Shen Lan said, several people present nodded.

And the dozens of guards from the Tianxia Chamber of Commerce in black armor followed closely around Shen Lan, seeming to be Shen Lan's protectors. ??

At this moment, Ye Feng, the female swordsman with the red sword on her back, the old man wearing Bagua clothes, and the young brother who looked silent and seemed very introverted, all came to Shen Lan's side. Staring at that small barren mountain.

At this time, the old man in Bagua robe held the ancient compass in his hand and looked at the barren mountain land not far away. There seemed to be a strange color in his eyes. He couldn't help but said, "Huh? This is a small barren mountain around." , there are actually nine mountains stretching tens of thousands of kilometers, like nine mountain dragons, surrounding this barren mountain. This is the feng shui of the legendary and supreme "Nine Dragon Gongzhu", which is buried in this large tomb The owner of the tomb was definitely an earth-shattering existence during his lifetime. Otherwise, it would be impossible for him to have such great power to change the terrain of the entire mountain and rivers, and make his tomb place become such a situation where nine dragons defend one bead."

Hearing what the old man next to him wearing Bagua clothes said, several people present couldn't help but glance at the old man in surprise, as if they didn't expect that the old man had such great research on Feng Shui.

At this moment, Shen Lan immediately looked at the old man wearing Bagua clothes, smiled, clapped his hands, and said loudly, "Senior is indeed the top Feng Shui master in our northern region. The first thing he saw when he came here was Such an ancient and grand terrain situation emerged. Yes, a group of people from our Tianxia Chamber of Commerce also passed by here accidentally to transport a batch of goods. As a result, they suddenly discovered such an ancient and grand mountain and river terrain, so our Tianxia Chamber of Commerce The people of the Chamber of Commerce determined that there must be a very ancient and terrifying tomb under this small barren mountain guarded by nine mountains and dragon veins. Finally, our Tianxia Chamber of Commerce sent several strong men to fight on the barren mountain. A small burglar wanted to go in to investigate the situation, but the result was shocking. The few strong men who entered had a miserable end. One turned into a monster covered with black hair, and the other turned into a monster. There were blood corpses covered with skinless bodies, and another one was crazy and

went insane. Only the last person was left. In a panic, he grabbed half of the inheritance book and escaped from the mysterious tomb under the barren mountain. "

When Ye Feng heard what Shen Lan said at this time, his eyes moved slightly. It seemed that the only trophy of the first wave of investigators from the World Chamber of Commerce was the half-step inheritance book called Nine Saints Fist Technique that he had just bought.

At this time, hearing what Shen Lan said was so weird and terrifying, several people present

They all felt a cold feeling on their skin.

But at this time, the female swordsman carrying a fiery red sword immediately said boldly, "It is probably because the so-called strong men sent by your World Chamber of Commerce are too weak, that's why they are so Unfortunately, our team is all strong, and there is also a Feng Shui master, so there should be no problem among us. "

At this moment, the old man in Bagua clothes, who was called a Feng Shui master, suddenly looked at the silent young brother.

This Feng Shui master seemed to know this young brother. He couldn't help but asked, "Brother, do you think this tomb can be easily entered?"

When Ye Feng saw this scene, he looked at this silent young brother in surprise.

This young brother was dressed simply and carried a golden ancient sword that looked very ancient. He seemed quite mysterious. I didn't expect that even the Feng Shui master would pay so much attention to this silent young brother.

After all, Ye Feng had just heard from Shen Lan that this old man wearing Bagua clothes was the top Feng Shui master in the entire Northern Territory and had extremely advanced research on tombs. Therefore, such a big shot would still ask this question. The opinions of the young brother who heard the sound are enough to show that the identity of this young brother who carries a golden ancient sword on his back must be very mysterious, and he has special research on tombs, which represent strange and terrifying places.

At this moment, this silent young brother who looked very introverted slightly touched the golden ancient sword on his back, then stared at the barren mountain not far away, and looked at the nine

surrounding mountains. Like a dragon-like mountain, he slowly said, "This tomb is very mysterious and dangerous, but it is worth exploring. There may be great opportunities and good fortune."

Hearing what the young brother said, the Feng Shui master, the old man in Bagua clothes, immediately nodded, looked at Shen Lan beside him, and said, "Young President, let's go down directly."

At this time, Shen Lan nodded immediately, and then led everyone directly to the small barren mountain.

At this time, everyone immediately saw that at the top of the hillside, a small hole appeared, which seemed to be connected to the underground. There were many messy traces of fighting around it.

Seeing this scene, Shen Lan couldn't help but smile bitterly and said aloud, "Those people who turned into monsters and blood corpses ran out of the underground tombs and started biting other people crazily. Let's... Killed them on the spot."

When everyone heard what Shen Lan said, they felt nervous for some reason.

After all, this kind of weird and ancient tomb has been buried underground for so many years. No one knows how large it is or how many weird things are inside, so naturally everyone is quite nervous.

At this moment, Ye Feng's eyes became more and more curious. It seemed that this tomb was much more mysterious than the various tombs that he and Uncle Scar had explored in the past.

I don't know what kind of existence this tomb owner was back then, and he secretly buried himself in such a remote corner where no one would find him. He didn't seem to want anyone to discover this tomb, but he also built such a grand burial world for himself. .
