Chapter 4721 Half Heir

At this time, Ye Feng quickly arrived at the treasure house of the World Chamber of Commerce according to his memory from last time.

But at this time, Ye Feng discovered that there were still two guards from the Tianxia Chamber of Commerce standing at the door of the treasure house.

After seeing Ye Feng, these guards actually knew Ye Feng, but this time Ye Feng was not accompanied by Shen Lan, the young president of the World Chamber of Commerce, so the two guards stepped forward directly, preparing to take Ye Feng away. Feng stopped him and asked about the situation.

Wow!

But suddenly at this moment, the extremely heavy door of the treasure house opened automatically.

"this....."

Seeing this scene, the two guards immediately showed a look of surprise in their eyes, and then couldn't help but said: "It seems that Mr. Ye Feng and the senior guardian of our Tianxia Chamber of Commerce treasure house have made an appointment, and the door will automatically open." Turning it on means that the senior guardian is already waiting for you, Mr. Ye Feng, so Mr. Ye Feng, you can go in directly. "

Hearing what these guards from the World Chamber of Commerce said, Ye Feng immediately nodded slightly and walked in.

At this time, Ye Feng entered the treasure house. Without any hesitation, he walked directly through the large area where various things were piled up and came to the deepest part of the World Chamber of Commerce treasure house, a small room.

At this time, Ye Feng immediately saw that in this small room, the mysterious old man who was the treasure trove guardian of the World Chamber of Commerce was still sitting inside.

At this time, he saw Ye Feng coming over. The old guardian immediately smiled and said: "In just a few days, your young man's cultivation has increased so much. It seems that you have been very extraordinary in these few days." The place."

When he said this, the old guardian seemed to sense something, and suddenly his face changed slightly, and he suddenly appeared in front of Ye Feng.

Before Ye Feng could even react, the old guarding man stretched out an extremely dry palm and touched Ye Feng's heart, as if he was sensing something.

At this moment, before Ye Feng could react, the old guardian had left Ye Feng's presence again and sat on the chair in the middle of the room.

At this time, the face of the old guardian seemed to become quite strange. He stared at Ye Feng, then smiled slightly and said loudly: "It seems that I was not wrong the first time. You are indeed very extraordinary. You can actually The perfect integration of the Netherworld Emperor's inner elixir into one's own heart is really the most magical scene I have ever seen. Even the ancient great powers in Zhongzhou today may not dare to do so after obtaining the Netherworld inner elixir. , and you don't have the ability to integrate the Netherworld's inner elixir into your heart, but you, a young man, have done it."

"What?"

At this moment, Ye Feng's expression suddenly changed when he heard what the old man who was the guardian of the treasure house said.

Ye Feng never expected that the old guardian would sense the Netherworld elixir fused in his heart in an instant.

At this moment, Ye Feng's expression immediately changed.

This old guardian man suddenly sent a message to ask him to come over. He probably just wanted to give guidance to his talented junior at the beginning.

But now when the old guardian saw him in person, he directly sensed the inner elixir of the netherworld fused in Ye Feng's heart, which was enough to show that the identity of this old guardian was absolutely mysterious, and he might have come from outside the Northern Territory. The land of Zhongzhou.

At this time, Ye Feng couldn't help but asked: "Senior's identity should be very mysterious. He may even come from Zhongzhou, the most glorious place in the world of monsters. I don't know why senior suddenly came to our northern region. In this small ordinary chamber of commerce in the Imperial City of the Blood Demon Dynasty, I took the initiative to become the guardian of this world chamber of commerce, and also hid myself in such a dark place in the deepest part of the treasure house without caring about worldly affairs. Why on earth is this?"

At this time, Ye Feng felt that the old guardian knew about his Netherworld inner elixir, and the old guardian did not steal his Netherworld inner elixir, so Ye Feng became bolder and asked directly what was in his heart. doubts.

at this time

Hearing what Ye Feng said, the old guardian man immediately smiled, and then said loudly: "I will show you something, and you will know."

After finishing speaking, the old guardian suddenly stretched out his hand to grab it, and the ground beneath his feet suddenly shattered.

Then something like a golden tentacle was grabbed out by the old guardian.

"This is not some golden tentacle!"

At this moment, Ye Feng immediately discovered something. He stared at the golden tentacles in the old man's hands and couldn't help but said: "This seems to be completely composed of golden energy. I sensed the energy fluctuations of luck. Is this... yes....."

At this time, the old guardian man immediately laughed and said: "You, a young man, really have extraordinary experience. Yes, this is the dragon's energy that is completely condensed from the fate of the Blood Demon Dynasty. The reason why I put myself Hidden in the treasure house of this small chamber of commerce is because when I ran from Zhongzhou to the Northern Territory, I happened to come to the imperial city of the Blood Demon Dynasty and accidentally explored the underground of this local treasure house built by the World Chamber of Commerce. , there is

actually a small dragon vein derived from the dynasty dragon vein in the palace of the Blood Demon Dynasty. I can silently absorb the small dragon vein energy extending from the main dragon vein here every day. , can restore my skills that were lost when I was chased. When my skills are fully restored, I will leave here. "

Hearing what the old guardian said, Ye Feng immediately showed a look of surprise in his eyes.

No wonder this old guardian man has such a powerful cultivation power, but he ends up staying in the treasure house of the World Chamber of Commerce in obscurity. He has not shown his face for so many years. It turns out that he is trying to restore his strength. .??.

Because it happens that this treasure house contains the energy of a small dragon vein derived from the main dragon vein of the Blood Demon Dynasty Palace. It is estimated that even the upper echelons of the Blood Demon Dynasty's royal family are not aware of this.

I have to say that this old guardian is indeed very mysterious.

Ye Feng seemed to have thought of something at this time, and immediately couldn't help but said: "

Just now, senior said that you escaped from Zhongzhou to the Northern Territory. No wonder senior was able to sense the Nether elixir fused in my heart. The Nether Emperor also existed in Zhongzhou back then. "

Hearing what Ye Feng said, the old guardian man immediately smiled, and then said aloud: "If you put it this way, we are all half descendants of the Netherworld Emperor. You have obtained the Netherworld inner elixir of the Netherworld Emperor, and in my hand, It possesses the natal magic weapon among the three treasures left by the Netherworld Emperor, the Six Paths of Reincarnation."

"What?"

At this moment, when Ye Feng heard what the old guardian said, his eyes widened immediately and he couldn't help but said: "The Six Paths of Reincarnation Diagram, the natal magic weapon of Emperor Netherworld, is actually in the hands of the senior?"

The old guardian immediately smiled and nodded, and said loudly: "It was because I obtained the Six Paths of Reincarnation that I was hunted down by countless forces in Zhongzhou. In the end, I

was seriously injured and carried the Six Paths of Reincarnation. , completely fled the land of Zhongzhou, came to your northern region incognito, and stayed in a dark basement of the imperial city of this small blood demon dynasty for decades. "

When he said this, the old guardian stared at Ye Feng, his eyes seemed to be filled with a hint of expectation, and said loudly: "Since you, a young man, have perfectly integrated... The Netherworld Emperor's Netherworld inner elixir shows that you must be somehow connected with the Netherworld Emperor. Maybe you can help me find out the secrets of the Six Paths of Reincarnation."

When Ye Feng heard what the old guardian said, he couldn't help but ask: "Isn't the Six Paths of Reincarnation Diagram the magic weapon of the Netherworld Emperor? It can explode with extremely powerful magic power. What other secrets can there be in the Six Paths of Reincarnation Diagram?"

Suddenly the old man's eyes flashed slightly, and then he smiled mysteriously and said aloud: "The secret of eternal life that Emperor Netherworld traced back then is hidden in the Six Paths of Reincarnation. Only a few people know about it. I It's one of them."

"What?"

Hearing what the old guardian said, Ye Feng's eyes suddenly showed deep shock.

Chapter 4722 Entering the Picture Scroll

At this time, Ye Feng could be said to be deeply shocked by the old guardian.

Because Ye Feng never thought that the Six Paths of Reincarnation was not only in the body of the guardian old man, but also the most mysterious secret of eternal life that Emperor Netherworld pursued back then actually existed in this Six Paths of Reincarnation.

At this moment, Ye Feng stared at the old guardian in front of him with a hint of surprise in his eyes, feeling that he must be very extraordinary.

At this time, Ye Feng did not hesitate and said directly, "Since senior is so generous and willing to share with me the secret of eternal life hidden in the Six Paths of Reincarnation Diagram left by Emperor Netherworld, then I am definitely willing to help senior." Go check it out."

At this time, Ye Feng knew very well that if the old guardian man was a vicious person, he would probably be dead by now, and the Nether elixir fused in his heart would have been directly snatched away by this old man.

But the other party did not snatch away his Netherworld Alchemy, but chose to tell him all the secrets, and then invited him to explore the secret of eternal life in the Six Paths of Reincarnation Diagram.

Therefore, Ye Feng felt that this old guardian man should be of good character.

At this moment, hearing that Ye Feng agreed, the old guardian was also quite happy.

Because he originally thought that Ye Feng was just a promising junior, and then the old guardian asked Ye Feng to talk alone. In fact, he wanted to accept Ye Feng as his disciple and pass on his legacy.

Because he didn't know whether he would perish after returning to Zhongzhou again.

If he dies, at least he can find someone to pass on his legacy to, and maybe he can help him get revenge in the future and help him kill the enemies who were chasing him back then.

But now, the old guardian discovered that Ye Feng could perfectly integrate the Netherworld Emperor's Netherworld elixir.

This made the guardian old man understand immediately, Ye Feng secretly

There must be an inseparable connection with the Netherworld Emperor, otherwise, it would be impossible to integrate the Netherworld inner elixir.

Therefore, the old guardian felt that Ye Feng becoming his disciple might have lowered Ye Feng's status a bit too much.

After all, there are two of them now. One of them has obtained the Six Paths of Reincarnation Chart, the natal magic weapon left by the Netherworld Emperor, and the other has been fused with the Netherworld Emperor's Netherworld inner elixir. Therefore, the two of them can even be

regarded as brothers, because they are both considered to be the Netherworld Emperor. Half of the descendants.

So at this time, the old guardian was ready to share the Six Paths of Reincarnation Diagram he had obtained with Ye Feng.

After all, for the old guardian, he is also very interested in the secret of eternal life hidden in the Six Paths of Reincarnation Diagram.

And in addition, the old guardian knew that Ye Feng's cultivation was not as strong as his for the time being. If Ye Feng really had any selfish motives, the old guardian would be able to stabilize the entire situation.

So at this time, the old guardian openly revealed his secret and invited Ye Feng to explore the Six Paths of Reincarnation together.

At this moment, the old guardian didn't hesitate at all. He took out an ancient picture scroll and slowly spread it out.

Ye Feng immediately saw that in this picture scroll, there was a scene of six reincarnations. It looked very vicissitudes of life, giving people a feeling that it was really six reincarnations.

Ye Feng immediately understood that the scroll that the old guardian took out at this time should be the scroll of the Six Paths of Reincarnation.

At this time, Ye Feng didn't hesitate at all, and immediately asked, "Then how should we explore the secrets of this Six Paths of Reincarnation Diagram?"

The old guardian immediately smiled and said, "This

A diagram of the Six Paths of Reincarnation was the natal magic weapon of the Nether Emperor back then. It contains unparalleled power. Moreover, this diagram has its own space. We can just go in. "

Uh-huh!

After saying that, the old guardian simply let go of the Six Paths of Reincarnation Diagram in his hand.

Then this picture scroll was floating in mid-air.

Next, the old guardian directly grabbed Ye Feng's shoulders and jumped up. The two of them turned into a stream of light and entered the space in the picture scroll in front of them.

At this moment, Ye Feng immediately saw that they had arrived in the inner space of the Six Paths of Reincarnation Diagram.

At this moment, in the deepest room of the Tianxia Chamber of Commerce's underground treasure house, there is only one picture scroll floating in the air, which looks quite strange.

At this moment, Ye Feng followed the old guardian and entered the Six Paths of Reincarnation.

At this time, Ye Feng could see that the sky and the earth were connected in front of him, and the power of six reincarnations formed an entire scene, as if fused between this piece of heaven and earth. As long as he entered that scene, people seemed to experience Reincarnation.

Ye Feng didn't even dare to get close to that place. .??.

The old guardian said, "Don't be afraid. This is not the real place of the Six Paths of Reincarnation, but the scene of the Six Paths of Reincarnation simulated in the Six Paths of Reincarnation Diagram. If we want to find the secret of eternal life in the Six Paths of Reincarnation Diagram, we must experience it." A six-path reincarnation, but don't worry, I have almost complete control over the six-path reincarnation diagram now, and I can help you not to get lost in the six paths of reincarnation. "

Hearing what the old guardian beside him said, Ye Feng nodded, and then followed the old guardian and walked quickly towards the space of six reincarnations ahead.

When they arrived, Ye Fengli

Ma felt that his entire soul, including his body, was about to be disintegrated, as if it was being forged all over again.

This made Ye Feng's eyes suddenly reveal a look of deep surprise.

This is indeed the natal magic weapon forged by the Netherworld Emperor back then, and it is indeed terrifying.

But at this time, Ye Feng suddenly discovered that the inner elixir of the netherworld fused in his heart actually produced an inexplicable energy fluctuation when he was close to the six-path reincarnation space in the six-path reincarnation diagram, which he could ignore. The damage caused by the power of six reincarnations.

Buzz!

At this moment, Ye Feng's body suddenly emitted a faint black light, allowing Ye Feng to be independent of the Six Paths of Reincarnation space and able to see through and analyze the secrets of the entire Six Paths of Reincarnation.

"this....."

Seeing this scene, the old guardian man standing next to him suddenly showed a look of surprise in his eyes, and said excitedly, "Has the Netherworld Alchemy fused in your heart reacted?"

Ye Feng immediately nodded and said with some surprise, "As expected, they are all things left by the Netherworld Emperor. They should be able to sense each other. I can feel the Netherworld inner elixir in my heart, and the Netherworld elixir emanating from it." The power of the emperor can protect me from the harm of the power of reincarnation in the six realms of reincarnation."

"What? That's great!"

Hearing what Ye Feng said, the old guardian immediately said, "If you can be protected from the harm of the Six Paths of Reincarnation Space, then you can enter the depths of the Six Paths of Reincarnation Space created in the Six Paths of Reincarnation Diagram and explore it carefully. , what is hidden in it? Maybe the secret of eternal life is in the deepest part of the Six Paths of Reincarnation Space. Even I, the refiner of the Six Paths of Reincarnation Diagram, cannot do this.

Only a body like you with the power of the Netherworld Emperor can , can withstand the damage of the six paths of reincarnation.”

Chapter 4723 The secret of eternal life

At this moment, the old guardian man was talking, and then he said with a hint of sigh in his tone, "No wonder I have never been able to enter the deepest area of the Six Paths of Reincarnation. Maybe it's because I don't have the power of the Netherworld Emperor." power, so there is no way to withstand the damage of the power of the six reincarnations, and cannot enter the deepest part of the six reincarnation spaces to explore the secrets. I think that if the Nether Emperor really found the secret of eternal life and hid the secret of eternal life, In the Six Paths of Reincarnation Diagram, it must be hidden in the deepest part of this Six Paths of Reincarnation space.”

Hearing what the old guardian said, Ye Feng immediately couldn't help but show a look of astonishment in his eyes, and said loudly, "Senior, you mean to let me enter the deepest part of this six-path reincarnation space alone to see what's inside." ?”

When the old guardian heard what Ye Feng said, he immediately smiled and said, "Of course, although I have refined the entire Six Paths of Reincarnation Diagram now, I don't have the power of the Netherworld Emperor, so I can't let myself enter." Even if you take me with you to the deepest part of the Six Paths of Reincarnation Space, you probably won't be able to do anything about it, because you only have your own body to enjoy the protection of the Nether Emperor's power, so I can't enter the deepest part, and only you have the ability.”

Hearing what the old guardian said, Ye Feng's eyes showed a look of surprise.

Then Ye Feng nodded and said, "Okay, then I will enter the deepest part of this six-path reincarnation space and take a look."

In fact, there is not much danger in this kind of thing. After all, Ye Feng's heart is fused with the most essence of the Netherworld Emperor's Netherworld elixir, allowing Ye Feng to possess the power of the Netherworld Emperor. Therefore, Ye Feng actually enters this six-path reincarnation space. What a danger of too much.

Uh-huh!

At this time, Ye Feng didn't say anything more, but instantly flew towards the six-dimensional reincarnation space ahead that connected the entire sky and earth.

At this moment, the old guardian was standing outside the Six Paths of Reincarnation Space, watching Ye Feng fly towards the depths of the Six Paths of Reincarnation Space.

At this time, the eyes of the old guardian man were filled with a look of deep expectation, because the three most precious things left by the Netherworld Emperor, the Netherworld Jade Seal, the Six Paths of Reincarnation Diagram and the Netherworld Inner Pill, could already become the entire world. Demon interface all day

It is a peerless treasure that everyone is vying for, not to mention the secret about eternal life that the Netherworld Emperor finally discovered, which must have been created by supreme chance.

Therefore, this old guardian man is naturally looking forward to receiving this supreme opportunity.

At this moment, while the old guardian outside was expecting and waiting, Ye Feng had already flown into the Six Paths of Reincarnation Space, flying towards the deepest area of the Six Paths of Reincarnation Space.

Buzz!

The moment Ye Feng entered the Six Paths of Reincarnation space, he immediately felt that his whole spirit and body seemed to have experienced the baptism of the Six Paths of Reincarnation, and his whole person seemed to be constantly entering reincarnation.

However, the Nether elixir fused in Ye Feng's heart at this moment immediately burst out with the power of the Nether Emperor, causing black light to emit from Ye Feng's surroundings.

Moreover, in the void around Ye Feng, there was even a faint shadow of the majestic will of the Netherworld Emperor, which possessed supreme majesty and protected Ye Feng from the harm of the six reincarnation forces around him.

At this moment, Ye Feng was concentrating on flying quickly towards the deepest part of the Six Paths of Reincarnation Space.

With the protection of the Nether Emperor's power, Ye Feng's journey can be said to be very smooth, and he will not be harmed by the power of reincarnation in the six realms of reincarnation space.

Soon, Ye Feng finally reached the deepest area of the Six Paths of Reincarnation Space.

But at this time, Ye Feng saw a shocked scene.

The deepest space of the six realms of reincarnation was actually empty. Ye Feng searched carefully and finally found a slightly messy piece of paper in a slightly dim corner of the space.

On this paper, Ye Feng saw four words. The fonts were vigorous and powerful, as if they could penetrate the paper, burst out, and tear the world apart.

Ye Feng

He immediately understood that these must be these four words written by Emperor Netherworld back then.

After Ye Feng looked at it carefully and repeatedly, he found that the entire paper really only had these four words, and there was nothing else. It was completely blank. This made Ye Feng suddenly have an inexplicable look on his face.

Then Ye Feng directly took this piece of paper, left the deepest space area of the Six Paths of Reincarnation, and returned to the outside.

At this moment, when Ye Feng came out of the Six Paths of Reincarnation Space, the old guardian waiting outside was already impatient and asked quickly, "What did you see inside?"

Ye Feng took out the piece of paper at this time, sent it to the old guardian, and then said loudly, "Senior, you will know it by yourself."

At this time, the old guardian man took the paper in Ye Feng's hand and read out the four words written by the Nether Emperor on it: "The God of Death has eternal life."

"The God of Death is immortal? This..."

At this moment, looking at these four words written on the paper, even the old guardian was stunned and couldn't help but said, "What does this mean?"

Ye Feng shook his head and said aloud, "I don't know either, but I found this slightly messy piece of paper in the deepest part of the Six Paths of Reincarnation Space. These four words should have been written by the Netherworld Emperor."

The old guardian nodded and said aloud, "I recognize the font of Emperor Netherworld. It was indeed written by him, but are these four words the secret of eternal life he found? The eternal life of the God of Death... What is the eternal life of the God of Death... ..I don't understand..."

At this time, the old guardian seemed to have a trace of disappointment in his eyes.

When Ye Feng heard the old guardian saying this, there was a look of surprise in his eyes.

The old guardian man accidentally said that he actually knew the font of Emperor Netherworld. This was enough to show that the old guardian man must have had an inexplicable relationship with Emperor Netherworld back then, and maybe they both knew each other.

But at this time, Ye Feng

I didn't ask any more questions because there was no need to ask so many questions.

At this moment, Ye Feng said loudly, "Senior, let's go out directly."

The old guardian nodded, and then he and Ye Feng left the inner space of the Six Paths of Reincarnation Diagram and returned to the treasure house of the Tianxia Chamber of Commerce outside.

At this moment, the old guardian man took the Six Paths of Reincarnation Diagram into his body, then looked at the note in his hand, gave it to Ye Feng, and said aloud, "These four words, including the paper itself, must have something." It's a special secret. You put this piece of paper on your body. You possess the Netherworld Emperor's Netherworld inner elixir. Maybe one day you will be able to unintentionally understand the meaning of the four words on this note. The God of Death is immortal. Does it mean that death is eternal life? But aren't death and eternal life opposite? Why is death the secret of eternal life?"

At this moment, the old guardian kept murmuring, seemingly caught in an inexplicable tangle.

At this time, Ye Feng took the piece of paper with the four words "Death Eternal Life" written on it. However, he did not put it into his storage ring, but kept it in his mind.

Ye Feng said aloud in his mind, "Emperor Chu, can you understand the meaning of the immortality of death written on this note? What does this have to do with the secret of eternal life?"

Emperor Chu nodded slightly in his mind and said aloud, "Okay, I will study it carefully when I have time. I am also very interested in the secret of eternal life."

After finishing speaking, Emperor Chu fell silent.

At this time, Ye Feng looked at the old guardian in front of him who seemed to have fallen into a daze, and said loudly, "Senior, please think about it slowly, I will leave first, and I will come to visit my senior when I have time next time." "

After Ye Feng finished speaking, the old guardian ignored Ye Feng at all, because he had fallen into a violent mental state.

"Is this old man going crazy because of this?"

Seeing this, Ye Feng thought to himself, and then he could only shake his head helplessly, and then left here directly.

Chapter 4724 From the heart

At this moment, after Ye Feng left the treasure house of the Tianxia Chamber of Commerce, he came directly to the headquarters of the Tianxia Chamber of Commerce.

At this time, Ye Feng discovered that Shen Lan was walking towards him from a certain direction in front.

Shen Lan walked up to Ye Feng, with a hint of smile in her delicate and beautiful eyes, and asked aloud, "Ye Feng, are you going to see that old man in the treasure house of our World Chamber of Commerce again?"

Ye Feng nodded, smiled and said, "Yes."

Shen Lan immediately said aloud, "The identity of that old man must be very mysterious. Does he want to take you as his disciple?"

When Ye Feng heard what Shen Lan said, his eyes suddenly showed a look of surprise, and then Ye Feng understood. It was estimated that at the beginning, the old man really wanted to accept him as his disciple.

Because when I met the old guardian for the first time, the old guardian said that he was very good and had great talents.

But unexpectedly, when Ye Feng entered the ancient tomb under the barren mountain, he accidentally fused the Netherworld Emperor's Netherworld elixir and became another kind of existence. Therefore, the old guardian did not mention this matter again. .

But at this time, Ye Feng knew that he couldn't talk to Shen Lan about things like this with the old guardian.

Moreover, the old guardian is in the treasure house of the Tianxia Chamber of Commerce, using part of the dragon vein energy derived from the dragon veins of the Blood Demon Dynasty to restore his own strength. Ye Feng feels that he should help the old guardian keep this secret secret.

After all, this old guardian guy is pretty good to me.

So at this time, Ye Feng immediately nodded and said, "Yes, this old man has a mysterious origin and very terrifying cultivation, so he thinks I am very good and wants to accept me as his disciple."

Hearing what Ye Feng said, Shen Lan immediately smiled and asked, "Do you agree, Ye Feng?"

Ye Feng smiled slightly and said aloud, "I don't agree for the time being, but in the future I will

Will consider it. "

Hearing what Ye Feng said, Shen Lan didn't feel that strange. After all, Ye Feng's talent was very powerful, and Shen Lan knew it very well.

Therefore, ordinary strong men may not be qualified to become Ye Feng's master, so it is normal for Ye Feng to consider it.

Although the old guardian seemed to be extremely mysterious and very powerful, to Ye Feng, he might not be that powerful.

At this moment, Ye Feng did not continue to say anything on this topic, but said, "By the way, Miss Lan, have the things I gave you before been auctioned off?"

Shen Lan nodded, took out a lot of wealth from the storage ring, handed it to Ye Feng, and said with a smile, "All the wealth from the auction is here, I came here specially to get it for you."

Looking at the wealth, Ye Feng immediately smiled and said, "It seems the sales are pretty good."

When he said this, Ye Feng took away the wealth and said, "I think I should go. The royal competition is about to begin. I guess the seventh prince is also anxious for me to go back now, just in time to take a look." What is the specific situation of the Royal Competition, and I also want to know what kind of strength the participants in the Royal Competition have. "

Hearing what Ye Feng said, Shen Lan immediately nodded, and then said with a smile, "I have now found a very powerful inheritance from the inventory of our Tianxia Chamber of Commerce, and I am practicing it. After this time under the barren mountains, I After investigating ancient tombs, I know that my own strength should be greatly improved in order to be able to secure my position as the young president of the entire World Chamber of Commerce in the future. So if there is anything I don't understand about cultivation, I will Come here to see Mr. Ye Feng. The two of us can have a private discussion. Mr. Ye Feng, this is our

You have not forgotten the agreement between us. "

Ye Feng smiled and said, "Of course I haven't forgotten it. If you have any questions about practice, you can come to the seventh prince's residence and come to me directly at any time. I will guide you carefully."

Hearing what Ye Feng said, Shen Lan immediately showed a trace of gratitude on her face. She quickly walked up to Ye Feng, stretched out her jade-like hand, grabbed Ye Feng's palm, and said, "Can it really be the greatest luck in my life to meet such a peerless person like Mr. Ye Feng, who is so approachable and doesn't dislike me for being just an ordinary girl from a small business association."

What Shen Lan said at this time was actually from the heart, not to compliment Ye Feng.

Because Shen Lan knew very well that under normal circumstances, it would be almost impossible for a peerless person like Ye Feng to have a relationship with an ordinary girl like her from an ordinary chamber of commerce.

Because Shen Lan knew very well that although she was the young president of the World Chamber of Commerce, compared with the top big forces and big families, she was really just an ordinary girl.

If an ordinary girl like me met a super genius from a big family or a big force, let alone a top genius like Ye Feng, or even an ordinary genius from a big family, she would probably not be able to understand her at all. An ordinary girl like Shen Lan, the so-called young president of an ordinary chamber of commerce, looks down upon her.

But Ye Feng has always communicated with Shen Lan from an equal perspective, so at this moment Shen Lan naturally feels that it is the greatest luck in her life to get to know such an approachable super genius like Ye Feng. Perhaps your own destiny will change because of knowing Ye Feng.

At this time, he saw Shen Lan directly grabbing his palm, seemingly very excited, while Ye Feng had a look of surprise in his eyes, as if he did not expect that he would have such a big impact on Shen Lan.

However, Ye Feng just smiled slightly and said

He said, "As long as you work hard, you will be extraordinary in the end."

After saying that, Ye Feng took out his hand and walked directly outside the headquarters of the Tianxia Chamber of Commerce.

At this time, Ye Feng did not hesitate and walked directly through the bustling crowd in the entire imperial city to the entrance of the palace.

At this time, Ye Feng walked directly into the palace and walked quickly towards the residence of the seventh prince.

But before Ye Feng could return to the place where the Seventh Prince lived, a beautiful and cold figure had already appeared not far from him.

It's the eldest princess!

Obviously the eldest princess had her own spies throughout the palace. As soon as Ye Feng entered the palace, the eldest princess had already received the news that Ye Feng had returned.

At this time, the eldest princess immediately came to Ye Feng.

This beautiful, noble and powerful man had a look of deep worry in his eyes at this time. He quickly pulled Ye Feng away from here and walked towards the small primeval forest of the palace where Dalu lived.

Soon, Ye Feng came to the castle in the virgin forest where the eldest princess lived.

At this time, the eldest princess's beautiful eyes suddenly revealed a deep look of amazement. She stared at Ye Feng and said loudly, "Ye Feng, I didn't expect that you actually escaped from the wilderness. It's all my fault." Taking you to the wilderness once, you encountered such a huge danger. "

When Ye Feng heard the eldest princess say this, he immediately smiled and said, "At the last moment, the eldest princess was willing to stand up for me. I am very grateful."

Hearing what Ye Feng said, the eldest princess immediately became a little angry and said, "These wild races are really too domineering. I have already moved out the Blood Demon Dynasty behind me. They don't take it seriously at all and just kill me." They were defeated. Sooner or later, I will lead the dynasty's army to level the entire wilderness!"

Chapter 4725 The arrival of that day

At this moment, the eldest princess said these words, her tone filled with a deep sense of murder.

Obviously, the eldest princess was extremely angry that the overlord races of the wilderness did not give her face this time in the wilderness.

After all, the Blood Demon Dynasty is one of the three dominant forces in the Northern Territory, and the eldest princess is also the most powerful second-generation figure in the Blood Demon Dynasty.

Therefore, the Amethyst Dragon Lord of the Overlord Race of the Great Wilderness didn't even pay attention to the eldest princess at that time, and simply forced the eldest princess to retreat. This naturally made the eldest princess very angry and held a grudge in her heart.

Hearing what the eldest princess said at this moment, Ye Feng showed a cold smile on his face and said, "There is no need for you to take action, eldest princess. When my cultivation reaches a very high level, I am going to flatten those two overlord races of the wilderness by myself. As for the other races of the wilderness, they will not provoke me and I will not care about them. But the two overlord races of the Sun God Clan and the Amethyst Dragon Clan are already under my control. It is on the must-kill list. If the other overlord races in the wilderness don't fight against me, I won't bother to care about them. If the other overlord dragon races dare to join forces with the Sun God Clan and the Amethyst Dragon Clan to fight against me, then I will be alone. I want to challenge the entire wilderness."

"A single person takes on the entire wilderness?"

Hearing what Ye Feng said at this moment, the eldest princess's eyes suddenly showed a bright color.

She stared at Ye Feng, with a hint of amazement in her beautiful eyes, and said loudly, "Ye Feng, you are really the most talented super genius I have ever seen, and you are also the most promising super genius. Ye Feng, Seriously, let's work together and become the strongest being in the Blood Demon Dynasty."

Hearing what the eldest princess said, Ye Feng grinned and said, "But the Seventh Prince and I have made an agreement, so I guess there is no way to join the eldest princess's camp for the time being. I just hope that in the future we will not be above the court." Just target each other."

hear

When Ye Feng said this, the eldest princess suddenly showed a rather disappointed look in her eyes.

She had always wanted to recruit Ye Feng into her employ, but Ye Feng seemed to want more freedom, so he could only cooperate with the Seventh Prince.

Ye Feng actually had a very simple idea at this time, that is, if he joined the eldest princess's camp, it might be more helpful to him, but what Ye Feng wanted was not just more help, what Ye Feng wanted was It's total freedom, total control over everything.

But next to the extremely ambitious eldest princess, it was impossible for him to do this.

Only by cooperating with the seventh prince, the most ordinary prince, can I have the greatest say and the freedom in the future.

So at this time, Ye Feng once again rejected the eldest princess's invitation.

At this time, the eldest princess seemed to have thought of something, and suddenly asked, "By the way, Ye Feng, your brother Ye Hei should have escaped from the wilderness like you. Where is he now? I have been thinking I want to recruit him under my command."

Hearing what the eldest princess said, Ye Feng immediately smiled and said, "Ye Hei has been training alone in the entire Northern Territory. Now I don't know where he is."

Hearing what Ye Feng said, the eldest princess immediately nodded and said, "I will send people to find him to see if he is willing to join me."

When she said this, the eldest princess suddenly looked at Ye Feng in front of her. She couldn't help but smile and said, "Ye Feng, you yourself are unwilling to join me and be imprisoned and free by me, but I want to win over your brother Ye Feng." Black, you shouldn't stop this

Me? "

Hearing what the eldest princess said, Ye Feng shrugged indifferently and said, "As long as you can convince Ye Hei to join you, I will definitely not interfere. That is his freedom."

When he said this, Ye Feng said, "Princess, it's almost time. I should go back. The royal competition is about to start. I want to prepare in advance and understand the basic situation of the royal competition."

Hearing what Ye Feng said, the eldest princess immediately nodded, and then suddenly seemed to think of something, and said loudly, "I am looking forward to this royal competition. In my eyes, the previous royal competitions are It's just like a child playing house. Sometimes I won't even participate in the royal competition, but this time, I will definitely call all the powerful geniuses around me to participate in the royal competition and let them compete with Ye Feng. , a blow to their self-confidence."

Hearing what the eldest princess said, Ye Feng's eyes were slightly stunned, and he couldn't help but said in shock, "There are so many super geniuses and strong men under the eldest princess, why do you need me to break their confidence? This should be It's a bad thing, after all, if it destroys their confidence too much, it will make their martial arts mentality unstable."

Hearing what Ye Feng said, the eldest princess immediately couldn't help but smile, shook her head, and said loudly, "Ye Feng, you don't know how powerful these guys usually think they are, so they are all very proud. No one takes them seriously. This kind of mentality is particularly bad. After all, the strongest among the strongest has the strongest among them, and every mountain is higher than the next. So it would be the best thing to dampen their confidence this time, especially Being defeated by a young genius like you can remind them that their strength is not enough, and they need to work harder to improve their strength before they can continue to serve me. They have slowly begun to slack off over the years. complete

After all, not everyone is as ambitious as Ye Feng. After becoming strong, they still want to become even stronger. The talented and powerful people under my command began to become arrogant and even arrogant after enjoying great power and treatment. I began to slack off in my own practice, becoming content with the status quo and unwilling to make progress. "

Hearing what the eldest princess said, Ye Feng was stunned for a moment, and then he had to admire the eldest princess's thinking and the way she trained her subordinates, who were very far-sighted.

At this time, the eldest princess continued to speak out, "Besides, in this royal competition, maybe I will play myself, because I want to fight Ye Feng to see how powerful you are, Ye Feng." "

At this moment, the eldest princess was speaking with a hint of curiosity in her eyes. After all, she knew that Ye Feng must have had many means to escape from such a dangerous wilderness at that time. .

Ye Feng heard the eldest princess say this at this moment, and there was a look of surprise in his eyes. It seemed that he did not expect that such a beautiful and noble person as the eldest princess would actually want to fight with him personally.

However, Ye Feng had already known before that the eldest princess was not only surrounded by many talented and powerful people, she was also very powerful herself.

And you must know that the eldest princess's inheritance is not an ordinary inheritance, not even an ordinary inheritance among the blood demon dynasty in the Northern Territory, but an inheritance from a super powerful force in Zhongzhou, the most glorious interface among ten thousand demons.

So Ye Feng knew that the eldest princess's own strength was also unfathomable.

At this moment, Ye Feng immediately nodded with a smile and said, "Okay, then I will wait for that day to come. If the eldest princess wants to play in person, then I will naturally have to experience the eldest princess herself." Strength."

Chapter 4726 I knew it

In fact, Ye Feng still attaches great importance to the eldest princess's own strength.

After all, Ye Feng knew very well that the eldest princess's inheritance did not come from the Blood Demon Dynasty, but from the most glorious land of Zhongzhou at the interface of ten thousand demons.

For the land of Zhongzhou, many practitioners in the Northern Territory may not have much knowledge. After all, many practitioners in the Northern Territory may never have contact with the land of Zhongzhou in their lives. Most people only know that the land of Zhongzhou is a very glorious place. .

And to be honest, Ye Feng didn't have much impression or understanding of the land of Zhongzhou at the beginning, but now, Ye Feng is still deeply touched by the horror of the land of Zhongzhou.

After all, the most legendary person in the Ten Thousand Monsters interface for all eternity, the Netherworld Emperor, died young in the land of Zhongzhou. He was hunted down by the three top powers in the land of Zhongzhou, and thus fell.

Of course, it was also because Emperor Netherworld's strength declined greatly after he found the secret of eternal life, so he was taken advantage of.

But it is enough to show how powerful the land of Zhongzhou is, with countless strong people.

Not only are there three top-level forces, but all major giant forces are also standing on that land.

As for some people who want to ask, why do so many powerful forces in Zhongzhou not invade other areas of the Ten Thousand Demons Interface, such as the Northern Territory, the Southern Barbarians, the Eastern Territory, etc.

The real reason is that the big forces in Zhongzhou simply do not care about the cultivation resources in these remote areas.

The resources of the land of Zhongzhou are the richest in the entire interface of ten thousand monsters, and the aura of heaven and earth is also the richest. Ancient ruins, including the chance creations left by various ancient powerful men, are almost all buried deep in the land of Zhongzhou.

So they didn't bother to invade other remote places.

At this moment, Ye Feng was thinking in his mind as he said goodbye to the eldest princess and walked quickly towards the residence of the seventh prince.

When Ye Feng returned to the entrance of the main hall where the seventh prince lived, he immediately saw the guard Yin Kai standing next to the seventh prince.

Yin Kai was standing at the door of the hall at this time. When he saw Ye Feng coming back, his eyes widened slightly, and then he shouted excitedly into the hall: "Your Highness, the Seventh Prince, Ye Feng is back, come out quickly!"

Hearing Yin Kai's exaggerated performance, Ye Feng's eyes suddenly showed a look of astonishment. It seemed that many people did not know that they had secretly returned to the Northern Territory Blood Demon Dynasty from the wilderness.

Even the heirs of the royal family, such as the Seventh Prince, would probably not know about his return for a while.

But this is also very normal. After Ye Feng secretly returned to the Northern Territory from the wilderness, he entered the imperial city of the Blood Demon Dynasty and followed Shen Lan and a group of other people in the team directly into the underground tombs to investigate. The tomb of the Netherworld Emperor.

So many people don't know that it's normal for them to come back, after all, such a long time has passed.

It is estimated that many people have thought that they died in the wilderness. After all, they were attacked and pursued by the leaders of two overlord races in the wilderness at the same time. Not to mention the younger generation like Ye Feng, even those in the Northern Territory Many strong men of the older generation would probably die on the spot if they were pursued by the leaders of such a dual overlord race.

Therefore, many people feel that both Ye Feng and Ye Hei have been completely killed.

So at this time, Ye Feng suddenly appeared in the palace, which naturally surprised many people.

Even if it is big

The princess was very surprised that Ye Feng could escape before. After all, if it were herself, she would not have the confidence to escape from the wilderness area.

At this moment, Yin Kai saw Ye Feng, appearing directly in front of him. Naturally, he was very shocked and excited, and he quickly wanted to inform the seventh prince in the hall.

At this time, the Seventh Prince heard the shouts of the silver armor outside and immediately ran out of the hall.

The moment he saw Ye Feng, the Seventh Prince was obviously very excited. He immediately came to Ye Feng, grabbed Ye Feng's hands, and said loudly: "Brother Ye! I knew it! I knew you You won't fall so easily! You are indeed back!"

At this time, the seventh prince was extremely happy and excited.

After all, many people felt that Ye Feng had died in the wilderness, and no one could escape the pursuit of the two leaders of the overlord race.

Because that kind of top overlord is really terrifying.

But Ye Feng is now back alive, so the Seventh Prince naturally feels that his backer is back.

After all, the only person the Seventh Prince can rely on in the royal competition this time is Ye Feng.

If Ye Feng really died in the wilderness, it would definitely be a huge loss to the seventh prince, and it would even cause the seventh prince to be unable to recover from the fall and be completely submerged in the battles in the court.

But Ye Feng is back, which means that the Seventh Prince can be tough again.

At this moment, the seventh prince looked at Ye Feng in front of him and couldn't help but said: "Brother Ye, you shouldn't have followed the eldest princess to attend that kind of party in the ancient temple in the wilderness. That kind of party seems to be an everyday event. , but it is actually very dangerous. It's all my fault that I didn't warn you in advance. If you went there in a daze, you would definitely provoke some powerful forces in the wilderness. After all, I know your character, Brother Ye. Your character is upright and not afraid. Power, so if those people from the dominant race of the wilderness bully you, you will definitely not tolerate the situation for a while, but will directly respond with an eye for an eye and a tooth for a tooth. "

Obviously, the seventh prince knew Ye Feng's character very well. He knew that if Ye Feng went to the wilderness and encountered injustice, or was bullied and oppressed by others, he would definitely rise up and resist.

Sure enough, Ye Feng did just that, and the consequences were so great that the entire Northern Territory was shaken.

After all, it is estimated that only two young men, Ye Feng and Ye Hei, have been able to be hunted down by the leaders of the two top overlord races in the wilderness at the same time for so many years.

Moreover, Ye Feng finally escaped, which is expected to completely shake the entire Northern Territory. Ye Feng's name is expected to spread throughout the Northern Territory in an instant, even to the Southern Barbarians, and even the entire wilderness area.

At this moment, Ye Feng smiled slightly and said aloud: "Seventh Prince, don't worry, I will not die so easily. Since I entered the path of cultivation, I don't know how many powerful enemies I have encountered. I had a near-death experience, but I survived. I am born with great luck and will not fall so easily. If one day I really fall completely and die completely, then I can only blame my luck. It's over, God doesn't care about me anymore."

Hearing Ye Feng's seemingly teasing words, the Seventh Prince immediately burst into laughter, looked at Yin Kai, and said loudly: "Yin Kai, go to the most high-end restaurant in the center of the imperial city and order wine, meat and food. I want to stay drunk with Brother Ye tonight! It's a great thing that Brother Ye can come back, so we must celebrate it!" In fact, Ye Feng still values the eldest princess's own strength.

After all, Ye Feng knew very well that the eldest princess's inheritance did not come from the Blood Demon Dynasty, but from the most glorious land of Zhongzhou at the interface of ten thousand demons.

For the land of Zhongzhou, many practitioners in the Northern Territory may not have much knowledge. I'm going to have a good time with Brother Ye tonight without getting drunk! It's a great thing that Brother Ye can come back, so we must celebrate it!"

Chapter 4727 Come and observe

For the Seventh Prince, Ye Feng's return is naturally a shot in the arm. The Seventh Prince can be said to be very happy now.

Because Ye Feng can now be said to be the supporter of the Seventh Prince. After all, the Seventh Prince is a very weak prince in the entire Blood Demon Dynasty. It can be said that he is the weakest prince among the many royal princesses competing for power.

If Ye Feng did not support him behind him, the seventh prince knew his fate very well, and would probably become a victim in the process of competing for the throne among the princes and princesses in the future.

So when the Seventh Prince saw that Ye Feng had returned safely, and it seemed that his cultivation strength had improved so much, it naturally made the Seventh Prince extremely happy.

When Yin Kai bought the food and wine, the Seventh Prince and Ye Feng drank immediately.

Yin Kai, on the other hand, sat aside and ate silently.

At this moment, while the seventh prince was eating, he couldn't help but asked happily, "Ye Feng, you are really amazing. Although you narrowly escaped death this time, your name is the best in our entire northern region." It has completely started. Even among our Blood Demon Dynasty, he has become a first-rate legend. After all, no one has dared to provoke the dominant race in the wilderness for so many years. So Ye Feng, you are the first person today. At least among the

younger generation, you have become the most prestigious person. In this royal competition, it is estimated that many people have not fought with you, and they will definitely be scared by you and their legs will become weak and they will not dare to fight, hahaha. "

Hearing what the Seventh Prince said, Ye Feng immediately smiled and said, "Actually, it's not that exaggerated. After all, facing the pursuit of two wild overlord races this time, all I can do is run away. If one day I To be able to face off against the two dominant races in the wilderness and not fall behind is to be truly powerful. "

Hearing what Ye Feng said, the seventh prince immediately gave a thumbs up and said loudly, "Brother Ye's thoughts are indeed different from ordinary people. He is indeed a hero among men."

At this moment, even Yin Kai couldn't help but look at Ye Feng, with a look of admiration in his eyes.

The silver armor was still there before

She was particularly unconvinced with Ye Feng, but now Yin Kai admires Ye Feng more and more and is more and more convinced.

Because when Ye Feng faced the powerful bullying of the Great Wilderness overlord race, not only did he not be timid, but he went to great lengths to kill the royal blood of the Sun God Clan.

In addition, Ye Feng also successfully escaped from the wilderness. Even now, Ye Feng said that his future ambition is to fight alone against the two dominant races in the wilderness.

This kind of ambition, this kind of mentality, this kind of vision can be said to be unprecedented.

Even many senior figures, and even the aristocratic scions of some super powerful forces, do not have this kind of courage, not to mention that Ye Feng is still alone, with no power behind him.

At this moment, Ye Feng smiled and said, "As long as I manage enough cultivation resources and I can continuously improve my cultivation strength, then these are not problems. The so-called overlord race of the wilderness, in the face of absolute strength , they are just a bunch of clowns."

Hearing what Ye Feng said, the Seventh Prince immediately couldn't help but said, "Brother Ye, since you need training resources so much, then Brother Ye must pay great attention to this royal competition, fight well, and strive to win." If you get one of the top five seats in the annual royal competition, you will definitely receive great attention from your father. You can even be rewarded and become a true noble in our Blood Demon Dynasty and gain tremendous training. Resource rewards, although Brother Ye, you are already very powerful, but you must know that those who can participate in the Royal Competition are not only the young geniuses next to the princes and princesses, but also the strong elders can participate. The Royal Competition There is no age limit, so Brother Ye may encounter people with very high cultivation levels, so Brother Ye must be cautious. "

When Ye Feng heard what the Seventh Prince said, he immediately nodded, smiled and said, "Don't worry, Seventh Prince, I'm not that kind of person."

An impulsive person will not be too arrogant. Although my current cultivation strength has improved a lot, I will not be arrogant because of it. My father once said something back then that I have always remembered in my heart. Those who practice the path will always maintain the heart of a disciple. "

Hearing what Ye Feng said, the Seventh Prince and Yin Kai were stunned for a moment, and then carefully recalled Ye Feng's words, and they suddenly felt like they were about to have an epiphany.

At this moment, the Seventh Prince couldn't help but said out loud, "Brother Ye is truly a top genius. Every word and every word contains the great principles of cultivation."

At this time, Yin Kai was completely convinced by Ye Feng and said, "Now I finally know why Ye Feng is so powerful, and your cultivation level can improve so fast. It turns out that you have such a mentality, and you will always take care of yourself." Treating your achievements as your own and being able to move forward forever is such a powerful mentality that even I can't do it."

The Seventh Prince couldn't help but nodded at this time, and said loudly, "Many strong people, after their cultivation reaches a certain level and become powerful figures in a certain big force, they start to slack off on their cultivation. Enjoy it." Power and status bring all kinds of enjoyment and enjoyment, but no matter how powerful you are, Ye Feng, I feel that you will always maintain an upward heart and pursue stronger strength and a more glorious place."

At this moment, the seventh prince said, looking at Ye Feng with complicated eyes, and seemed to be stimulated by the drink, he couldn't help but said, "Actually, I have understood for a long time, Brother Ye, you can't be in our blood." The Demon Dynasty will not even stay in the Northern

Territory for long. A super-top genius like you is destined to belong to Zhongzhou, the most glorious land of our Ten Thousand Demons."

Hearing what the Seventh Prince said at this time, Ye Feng looked at him in surprise, as if he did not expect that the Seventh Prince, an ordinary useless prince, would have such a realization.

At this time, Ye Feng smiled slightly, patted the Seventh Prince on the shoulder, and said

He said, "I won't go to the land of Zhongzhou for the time being. My work in the Northern Territory has not been completed yet. Moreover, even if I go directly to the land of Zhongzhou now, I will be nothing more than cannon fodder. There are countless strong people in the land of Zhongzhou. My current cultivation level may be The Northern Territory is pretty good, but by the time I get to the Zhongzhou Territory, I'm probably just an ordinary practitioner. Only after my cultivation in the Northern Territory becomes stronger will I consider going to the Zhongzhou Territory."

After saying that, Ye Feng couldn't help but asked: "By the way, this royal competition will start in a few days. The teams participating in the royal competition, except for the princes and princesses of the Blood Demon Dynasty, In addition, will the six top sects participate?"

The seventh prince nodded and said loudly, "Brother Ye, you think of the royal competition a bit too simply. The royal competition not only involves princesses and princes, but also powerful people from top families, and even many princes and nobles. As well as all the powerful people around the princes with different surnames will participate, and even many powerful sects in the territory of our Blood Demon Dynasty will also participate, so this is a grand event for our entire Blood Demon Dynasty. If we can compete in the royal competition If you stand out, you will instantly become a celebrity in the entire Blood Demon Dynasty, and even attract the attention of other top powers in the entire Northern Territory."

Hearing what the Seventh Prince said at this time, Ye Feng suddenly nodded in confusion.

At this time, Yin Kai was eating a piece of meat and suddenly couldn't help but asked, "His Royal Highness the Seventh Prince, what do you think of this year's royal competition? The other two top powers in the Northern Territory, the Demonic Sect and the Wanwan... Will the Dragon God Sect send strong men and geniuses to observe? Maybe they will challenge the top geniuses selected by our Blood Demon Dynasty through the royal competition. I remember Jun, the core disciple of the Demonic Sect last year. Wu Dao', and the divine son of the Wanlong Divine Sect, 'Long Dingtian', taught the top few geniuses and strong men selected by our Blood Demon Dynasty's royal family a miserable lesson, causing our royal family to lose a lot under the spotlight. To save my face, I will

probably do the same thing again this year, just to deliberately disgust us, but it's true that our Blood Demon Dynasty hasn't produced such a top-notch genius in many years, alas."

Chapter 4728 Pay more attention to it

Hearing Yin Kai's sigh at this time, the Seventh Prince immediately couldn't help but pat Yin Kai's shoulder, then looked at Ye Feng, smiled and said, "We will definitely not let those two top powers succeed this year. This year we have Ye Feng."

Hearing what the Seventh Prince said at this time, Yin Kai's eyes immediately brightened, and he quickly stared at Ye Feng and said loudly, "Indeed, Ye Feng's cultivation strength is really too strong. I think this time the royal family will In the competition, maybe we can win the first place."

Hearing what Yin Kai said, the Seventh Prince was naturally very happy. He immediately laughed and said, "Then we wish Brother Ye can win the first place among the royal emperors."

Next, the three of them immediately started drinking and eating.

The entire seventh prince's living place was originally very deserted, but now that Ye Feng has joined, it can be said that the three of them are often together, eating and drinking, which is quite lively, adding to the rather cold living hall of the seventh prince. There was a smoke of fireworks.

Time passes quickly, like running water without leaving a trace.

In a blink of an eye, the day of the royal competition has arrived.

On this day, Ye Feng walked out of his house.

Outside, the seventh prince was wearing formal python clothes, and Yin Kai was wearing silver armor and carrying a long silver knife on his back, looking quite serious.

Both of them looked very solemn.

Because today is the day of the royal competition, they all take it very seriously.

However, Ye Feng seemed quite relaxed.

At this time, Ye Feng walked out of his house and walked directly in the direction of the Seventh Prince and Yin Kai.

At this time, the Seventh Prince looked at Ye Feng with a trace of solemnity in his eyes, as well as a trace of expectation and excitement, and said loudly, "Brother Ye, today is the royal competition. Brother Ye, today we can Whether you become famous all over the world depends on your performance."

Ye Feng nodded slightly at this time, then looked at Yin Kai and said loudly, "Brother Yin Kai will also participate in the royal competition."

Yin Kai shook his head at this time and said loudly, "I will not participate in this year's royal competition. It all depends on your performance, Ye Feng."

Hearing what Yin Kai said, Ye Feng had a look of surprise in his eyes. It seemed that he did not expect that Yin Kai, as the most talented young genius next to the Seventh Prince, would not participate in the royal competition this time.

At this time, Ye Feng didn't say much because it was a personal choice. Yin Kai probably felt that his participation in the royal competition this time did not have much meaning.

After all, the Seventh Prince already has a top genius like Ye Feng participating. If Yin Kai participates, it will be like soy sauce. It doesn't mean much. It is better not to participate in this royal competition and practice silently. Keep a low profile and bide your time.

At this moment, the seventh prince quickly took Ye Feng's hand and walked quickly towards a certain direction of the palace. He smiled and said, "Brother Ye, you must perform well in this royal competition. My future depends on you."

Ye Feng smiled and patted the Seventh Prince on the shoulder and said, "Don't worry, there shouldn't be any big problem."

In fact, for Ye Feng now, in the entire Blood Demon Dynasty, the younger generation definitely has no rivals.

Then there is the young generation

, the middle-aged generation and the older generation of strong men, these are the opponents that Ye Feng needs to be concerned about.

However, in the royal competition of the Blood Demon Dynasty, it is naturally impossible to allow such an extremely ancient character to participate. An old monster who has been practicing for thousands of years comes out to participate in this kind of royal competition.

However, the old monsters who have practiced for thousands of years are all powerful figures among the major forces. They have great power and high status. There is no need for them to participate in a royal competition.

Competitions like the Royal Competition are mainly for young people to become famous and get training from the Royal Family.

In fact, many of the older generation of powerful men do not need to participate in this kind of royal competition, because they have already obtained the rights, status, and training resources they want.

So, after all, this is a stage for newcomers.

Of course, sometimes there may be some young, middle-aged, or even older people entering this competition.

For example, some strong people who are late bloomers may not be very powerful when they are young, but when they are older, they suddenly have an epiphany and become very powerful. This is also possible.

At this moment, Ye Feng, the Seventh Prince and Yin Kai were walking on the road. They were walking in the palace and saw many other teams around them, all of them walking quickly towards the central area of the palace.

Obviously, these teams should all be important figures in the royal family. They may be a princess or a prince, or a prince, as well as heirs of nobles. They are walking in groups towards the middle area of the palace. , obviously going to participate in today's royal competition.

After all, the royal competition is still a very well-known event in the entire Blood Demon Dynasty. Many people will participate and attach great importance to this kind of royal competition.

At this time, not many people paid attention to the seventh prince and Ye Feng beside him.

After all, the seventh prince is the most useless prince, so many people don't pay attention to him at all.

Although Ye Feng's reputation has passed through the incident in Dahuang, many people have known that there is such a bold young man as Ye Feng.

But many people have heard of Ye Feng, but they don't know what Ye Feng looks like, and many people don't know that Ye Feng is currently working for a useless prince like the Seventh Prince, so many people don't care about the Seventh Prince at all. There are three people in this team.

The Seventh Prince would have been very angry and a little inferior to others if he had been ignored before.

But now the seventh prince didn't feel anything at all, and even had a confident smile on his lips.

Because he knew that Ye Feng's performance in the royal competition would definitely shock countless members of the royal family.

At this moment, Ye Feng was just silently exuding his soul power, exploring the cultivation auras of the crowds of people around him.

Ye Feng has not sensed anything more powerful than himself until now. From this point of view, he is indeed very powerful now. At least among the younger generation of the royal family of the Blood Demon Dynasty, he is already considered to be the top one. exists.

However, in the end, Ye Feng still noticed several quite powerful middle-aged men, as well as some unfathomable elders, which made Ye Feng take this royal competition seriously. Hearing Yin Kai's sigh at this time, the Seventh Prince immediately couldn't help but pat Yin Kai's shoulder, then looked at Ye Feng, smiled and said, "We will definitely not let those two top powers succeed this year. This year we have Ye Feng."

Hearing what the Seventh Prince said at this time, Yin Kai's eyes immediately brightened, and he quickly stared at Ye Feng and said loudly, "Indeed, Ye Feng's cultivation strength is really too strong. I think this time the royal family will In the competition, maybe we can win the first place."

Hearing what Yin Kai said, the Seventh Prince was naturally very happy. He immediately laughed and said, "Then we wish Brother Ye can win the first place among the royal emperors."

Next, the three of them immediately started drinking and eating.

The entire seventh prince's living place was originally very deserted, but now that Ye Feng has joined, it can be said that the three of them are often together, eating and drinking, which is quite lively, adding to the rather cold living hall of the seventh prince. There was a smoke of fireworks.

Time passes quickly, like running water without leaving a trace.

In a blink of an eye, the day of the royal competition has arrived.

On this day, Ye Feng walked out of his house.

Outside, the seventh prince was wearing formal python clothes, and Yin Kai was wearing silver armor and carrying a long silver knife on his back, looking quite serious.

Both of them looked very solemn.

Because today is the day of the royal competition, they all take it very seriously.

However, Ye Feng seemed quite relaxed.

At this time, Ye Feng walked out of his house and walked directly in the direction of the Seventh Prince and Yin Kai.

At this time, the seventh prince looked at Ye Feng, with a trace of solemnity in his eyes, and a trace of expectation and excitement, and said loudly, "Brother Ye, today is the royal competition. Brother Ye, today we can Whether you become famous all over the world depends on your performance."

Ye Feng nodded slightly at this time, then looked at Yin Kai and said loudly, "Brother Yin Kai will also participate in the royal competition."

Yin Kai shook his head at this time and said loudly, "I will not participate in this year's royal competition. It all depends on your performance, Ye Feng."

Hearing what Yin Kai said, Ye Feng had a look of surprise in his eyes. It seemed that he did not expect that Yin Kai, as the most talented young genius beside the Seventh Prince, would not participate in the royal competition this time.

At this time, Ye Feng didn't say much because it was a personal choice. Yin Kai probably felt that his participation in the royal competition this time did not have much meaning.

After all, the Seventh Prince already has a top genius like Ye Feng participating. If Yin Kai participates, it will be like soy sauce. It doesn't mean much. It is better not to participate in this royal competition and practice silently. Keep a low profile and bide your time.

At this moment, the seventh prince quickly took Ye Feng's hand and walked quickly towards a certain direction of the palace. He smiled and said, "Brother Ye, you must perform well in this royal competition. My future depends on you."

Ye Feng smiled and patted the Seventh Prince on the shoulder and said, "Don't worry, there shouldn't be any big problem."

In fact, for Ye Feng now, in the entire Blood Demon Dynasty, the younger generation definitely has no rivals.

Then there is the young generation

, the middle-aged generation and the older generation of strong men, these are the opponents that Ye Feng needs to be concerned about.

However, in the royal competition of the Blood Demon Dynasty, it is naturally impossible to allow such an extremely ancient character to participate. An old monster who has been practicing for thousands of years comes out to participate in this kind of royal competition.

However, the old monsters who have practiced for thousands of years are all powerful figures among the major forces. They have great power and high status. There is no need for them to participate in some royal competition.

Competitions like the Royal Competition are mainly for young people to become famous and get training from the Royal Family.

In fact, many of the older generation of strong men do not need to participate in this kind of royal competition, because they have already obtained the rights, status, and training resources they want.

So, after all, this is a stage for newcomers.

Of course, sometimes there may be some young, middle-aged, or even older people entering this competition.

For example, some strong people who are late bloomers may not be very powerful when they are young, but when they are older, they suddenly have an epiphany and become very powerful. This is also possible.

At this moment, Ye Feng, the Seventh Prince and Yin Kai were walking on the road. They were walking in the palace and saw many other teams around them, all of them walking quickly towards the central area of the palace.

Obviously, these teams should all be important figures in the royal family. They may be a princess or a prince, or a prince, as well as heirs of nobles. They are walking in groups towards the middle area of the palace. , obviously going to participate in today's royal competition.

The Seventh Prince would have been very angry and a little inferior to others if he had been ignored before.

But now the seventh prince didn't feel anything at all, and even had a confident smile on his lips.

Ye Feng has not sensed anything more powerful than himself until now. From this point of view, he is indeed very powerful now. At least among the younger generation of the royal family of the Blood Demon Dynasty, he is already considered the top one. exists.

However, in the end, Ye Feng still noticed several quite powerful middle-aged men, as well as some unfathomable elders, which made Ye Feng take this royal competition seriously.

Chapter 4729 I was shocked all of a sudden

At this time, Ye Feng followed the Seventh Prince and soon arrived at the middle area of the palace.

At this time, Ye Feng suddenly saw that a huge competition platform was built on the ground in front of him.

This competition platform should be built temporarily. This shows that the mobilization ability of the entire Blood Demon Dynasty is still very strong. In just a few days, such a huge competition platform was built and placed in the palace. On the middle square.

In this case, many young strong men or strong men of the younger generation can fight in it.

Moreover, Ye Feng also saw that very ancient formation patterns were engraved around the competition platform.

The pattern of this formation can strengthen the solidity of the entire martial arts stage.

Because you must know that this royal competition will definitely have many top talents fighting with the top young generation, and even the older generation of strong men.

Therefore, the destructive power caused by this kind of battle is still very terrifying. Even a competition platform made of particularly strong materials is very likely to be easily destroyed during the battle.

Therefore, the Blood Demon Dynasty invited the formation masters from the entire royal family to imprint very ancient formations around the competition platform, which greatly improved the solidity of the entire competition platform.

At this moment, Ye Feng, followed by the seventh prince and Yin Kai, walked directly to the auditorium around the competition stage and sat down somewhere, waiting for the official start of the royal competition.

The Seventh Prince only brought two people, Ye Feng and Yin Kai, a total of three people, so they did not attract many people's attention.

After all, you must know that there are many other powerful princesses or princes, as well as some princes, as well as entire teams of some big families, but there are dozens or even thousands of people.

This is enough to show how huge the royal family of the entire Blood Demon Dynasty is, and how dense the various small groups and forces are.

At this moment, Yin Kai couldn't help but said, "This year is the same as in previous years, no one is paying attention to us."

seven

The prince immediately smiled and patted Yin Kai's shoulder, and said loudly, "But this year we are different. With Brother Ye here, we will definitely shine."

And just as the Seventh Prince was speaking, a figure of a beautiful, noble and charming woman suddenly walked over not far away.

It turned out to be the eldest princess.

There are dozens of strong men standing behind the eldest princess, and most of these dozens of strong men are masters.

There are young masters and there are masters of the younger generation.

Obviously, these masters trained by the eldest princess are all very powerful and have very profound knowledge.

At this moment, Ye Feng immediately sensed that the young masters he saw behind the princess, or the masters of the younger generation, were still very powerful, and some were even much higher than his own.

However, whether the actual combat effectiveness is as strong as that of Ye Feng still needs to be tested in actual combat.

At this moment, the seventh prince did not expect that the eldest princess would take the initiative to walk towards them.

However, the seventh prince is also very self-aware. The eldest princess definitely did not come here to meet him, a useless prince, but definitely because of the super genius Ye Feng.

So at this time, the seventh prince was also very sensible. He looked at Ye Feng beside him and said, "The eldest princess is here to see you."

The seventh prince is actually not very familiar with the eldest princess. Although they are both royal children in the Blood Demon Dynasty, the eldest princess is the most powerful person, while the seventh prince is just a useless prince with no power at the bottom. .

Therefore, the seventh prince can be said to be very reserved and even a little awed in front of the eldest princess.

After all, the eldest princess's aura is too strong.

At this moment, the eldest princess was followed by dozens of people.

The super master came directly in front of Ye Feng, the Seventh Prince and others.

The eldest princess glanced at the seventh prince, smiled and said, "Seventh prince, you are so lucky to be able to get the help of a top genius like Ye Feng, which makes me very envious."

Hearing what the eldest princess said at this moment, the seventh prince's eyes suddenly revealed a look of deep surprise.

He did not expect that the eldest princess would take the initiative to talk to him, and even said that he made him envious. This made the seventh prince even more surprised about the relationship between the eldest princess and Ye Feng. He did not expect that the eldest princess would actually treat Ye Feng. Such attention.

After all, in the eyes of the Seventh Prince, although Ye Feng is quite powerful and famous now, he is probably not a particularly well-known figure among the entire Blood Demon Dynasty royal family.

Although Ye Feng made such a big noise in the wilderness before, many people have heard of Ye Feng's name, but they only think that Ye Feng is a young man who is brave, and do not think how powerful Ye Feng is.

After all, Ye Feng fled the wilderness in a hurry in the end, rather than killing people in the wilderness.

But the seventh prince never expected that the eldest princess would pay so much attention to Ye Feng.

At this time, the seventh prince couldn't help but look at Ye Feng beside him, and asked aloud, "Ye Feng, you went to the ancient temple in the wilderness to attend that upper-class party. Did the eldest princess and you have a talk?" Very happy? I think the eldest princess seems to know you very well."

Hearing what the Seventh Prince said, Ye Feng's eyes moved slightly, and then he immediately smiled, patted the Seventh Prince on the shoulder, and said loudly, "This time I went to the ancient temple in the wilderness, a lot of things happened. I and I The eldest princess has also experienced a lot of things together, so she understands me quite well. "

The seventh prince's eyes immediately moved, and then he couldn't help but ask, "What have you experienced together? It seems that the eldest princess is quite close to you, which is very rare."

Ye Feng immediately shrugged and said casually, "The eldest princess wanted to invite a dance partner, so she chose me. I attended the party in the ancient temple of the wilderness and always stayed with the eldest princess. They even held hands and danced together."

"What??"

Hearing Ye Feng say this at this moment, not to mention the Seventh Prince, even Yin Kai who was standing aside, his eyes widened suddenly, and his eyes were filled with deep astonishment.

They never thought that Her Royal Highness, the most magnificent and noble princess, would secretly become so close to Ye Feng and even invite Ye Feng to a private party to become their dance partner.

This news was so shocking that the Seventh Prince and Yin Kai's eyes suddenly widened and they couldn't recover for a long time.

The seventh prince had no doubt that if this news spread, the entire Blood Demon Dynasty would be severely shaken.

After all, the eldest princess has always been in the minds of many people, and she is definitely a noble and goddess-level figure.

Moreover, the identity of the eldest princess is very special. She is not only the eldest princess of the Blood Demon Dynasty, but her master comes from a super sect in Zhongzhou, the most glorious

land among all demons. Therefore, in the eyes of many people, the eldest princess is definitely a That kind of incomparable, untouchable goddess figure.

But such a noble goddess secretly went to a private party with Ye Feng, and even held hands and danced together.

This kind of news was so exciting that both the Seventh Prince and Yin Kai were stunned.

At this moment, Ye Feng felt that this incident was normal and there was nothing surprising about it.

Ye Feng just looked at the eldest princess at this time, smiled and said, "The eldest princess really has a profound knowledge. The dozens of masters beside her are all among the best. It seems that the eldest princess is the best in this royal competition." The name is inevitable."

Chapter 4730 The New Generation of Goddess

Hearing what Ye Feng said at this moment, the eldest princess smiled slightly and said, "I don't pay attention to other people at all. I only have eyes for you, Ye Feng."

Hearing what the eldest princess said, Ye Feng didn't say anything yet, but the eyes of the dozens of top experts beside the eldest princess changed slightly.

They are all the most powerful beings around the eldest princess. They are super masters carefully trained by the eldest princess. Some even take the initiative to join the service of the eldest princess, so they are all pretentious and think that they are very powerful.

At this time, hearing that the eldest princess spoke so highly of Ye Feng, the dozens of masters behind the eldest princess were naturally a little unconvinced. Their eyes were all looking at Ye Feng, filled with a vague sense of war. meaning.

At this moment, Ye Feng immediately felt the fighting spirit of the dozens of top masters behind the eldest princess.

Ye Feng immediately couldn't help but smile helplessly. It seemed that the eldest princess was deliberately stimulating the top masters behind him, so that when the time came to fight with him, he would be more courageous.

At this time, the eldest princess looked at Ye Feng and said aloud: "Ye Feng, I look forward to your performance in the entire royal competition. Without you, it would be impossible for me to participate in such an uninteresting royal competition. Than."

After saying that, the eldest princess turned around and left.

Before leaving, the dozens of top experts behind him all looked at Ye Feng, their eyes filled with hostility and a condescending feeling.

Because in the minds of these masters, they are the strongest, and they feel that Ye Feng is just a young man with a false reputation.

Although Ye Feng has made a huge noise in the wilderness recently, many people think that Ye Feng is just brave, and being brave does not mean that he is strong.

At this moment, the eldest princess left, and the seventh prince also saw some clues about the matter, and couldn't help but said: "Brother Ye, I think the eldest princess suddenly came to visit us for a purpose. She seems to be for I am using you, Brother Ye, to deliberately make the top experts around her feel motivated to compete."

When Ye Feng heard what the Seventh Prince said, he immediately nodded.

In fact, Ye Feng has always had a good impression of the eldest princess. After all, although the eldest princess sometimes insists on her own identity and wants people to serve under her, when the critical moment comes, she is still reliable.

Moreover, the eldest princess indeed has a very good attitude towards capable super-top geniuses, and is not as condescending and domineering as everyone imagined.

But the only thing that Ye Feng felt a little bad about was that the eldest princess especially liked to take advantage of people.

For example, the last time the eldest princess invited Ye Feng to attend a high-class party in the Great Wilderness Temple, it was to use Ye Feng as a shield.

For example, this time, the princess clearly took advantage of Ye Feng, treating Ye Feng as a knife, a knife that wanted to destroy the majesty of the dozens of top masters behind him.

So the main reason why Ye Feng doesn't want to join the eldest princess's camp is also because of this reason. Sometimes the eldest princess's palace is too deep, and she is not as straightforward as the seventh prince.

At this time, Ye Feng didn't say much. He just nodded slightly and said, "In any case, let's wait here for the royal competition to begin."

And just as Ye Feng was talking, the silver armor beside him suddenly looked in a certain direction and couldn't help but said: "Seventh Prince, Ye Feng, look, this year is indeed the same as in previous years. Our Northern Territory Masters from two other top forces have also arrived, namely the Demonic Sect and the Ten Thousand Dragons Divine Sect."

Hearing what Yin Kai said at this moment, Ye Feng and the Seventh Prince couldn't help but look in a certain direction.

They immediately saw that at the top of the auditorium, not far away from a relatively noble stand, stood several figures who were incompatible with the surrounding Blood Demon Dynasty royal family. They must be from the other two top big names in the Northern Territory. The core figure of the force.

At this moment, Yin Kai looked at a young man wearing a black robe on the highest stage of the auditorium, and couldn't help but said in surprise: "That one is Jun Wudao, the great disciple of the Demonic Sect, no?" Thinking that the Demonic Sect has brought their most powerful disciples here this year, it seems that they still want to compete with the top few in our Blood Demon Dynasty royal competition this year."

The Seventh Prince nodded at this time, then looked at the other group of people standing next to the Demonic Sect, and couldn't help but said: "Sure enough, the Wanlong Divine Sect brought their divine son Long Dingtian here again this year. You see, that young man wearing a golden robe is none other than Long Dingtian, the divine son of the Ten Thousand Dragons Divine Sect. Last year, it was this Long Dingtian who directly and powerfully defeated the number one expert in the Royal Competition of our Blood Demon Dynasty. Let us The royal family of the Blood Demon Dynasty has lost face under the spotlight. It seems that the Ten Thousand Dragons Divine Sect wants to repeat its old tricks this year and humiliate our Blood Demon Dynasty once again. "

At this moment, Ye Feng looked at the masters of the Demonic Sect and the Ten Thousand Dragons Sect not far away, with a trace of surprise in his eyes.

The Demonic Sect and the Ten Thousand Dragons Divine Sect are worthy of being among the other two top overlords in the Northern Territory. As expected, the masters brought by them are all very powerful. Even Ye Feng is a little confused about Jun Wu, the great disciple of the Demonic Sect. Tao, and the depth of cultivation and strength of Long Dingtian, the divine son of the Ten Thousand Dragons Divine Sect, seem to be very powerful beings.

At this moment, Ye Feng seemed to have thought of something, and immediately looked towards the group of people from the Demonic Sect.

However, Ye Feng was quite disappointed that Nie Qianqian, the core disciple of the Demonic Sect whom he knew, was not among them.

It seems that Nie Qianqian did not come to participate in this royal competition.

But it's normal. Although Nie Qianqian is one of the top ten core disciples in the Demonic Sect, she is not considered a top-level being. Her cultivation is not strong enough and she is not qualified to come here. It is also normal.

"Huh?"

At this time, Yin Kai seemed to have seen something, and immediately couldn't help but said: "Look, look, there is another beautiful woman wearing a golden dress standing next to Long Dingtian, the divine son of the Wanlong Divine Sect. She looks like a fairy. I don't seem to know who this one is. Is she the newly promoted goddess of the Wanlong Divine Sect? Otherwise, she is not qualified to stand in that place."

The Seventh Prince also looked over, and immediately couldn't help but said in surprise: "She is probably the new generation goddess of the Wanlong Divine Sect. She has such an extraordinary temperament, and she is also wearing a special golden dress with thousands of carvings on it. The most noble Ten Thousand Dragons Totem of the Dragon God Sect is definitely the goddess of the Ten Thousand Dragon God Sect. She must have just been selected. I didn't expect that the Ten Thousand Dragon God Sect would pay so much attention to the royal competition this time and brought all the sons and goddesses here. I don't know if the Son of God and the Goddess are a couple. Otherwise, with Brother Ye's unparalleled temperament, we might be able to capture the heart of this Goddess of the Ten Thousand Dragons Sect." At this moment, Ye Feng heard. Having

said that, the eldest princess smiled slightly and said loudly: "I don't pay attention to other people at all. I only have eyes for you, Ye Feng."

Hearing what the eldest princess said, Ye Feng didn't say anything yet, but the eyes of the dozens of top experts beside the eldest princess changed slightly.

They are all the most powerful beings around the eldest princess. They are super masters carefully trained by the eldest princess. Some even take the initiative to join the service of the eldest princess, so they are all pretentious and think that they are very powerful.
