

## Ancient 4731

Chapter 4731 It's finally here

When Ye Feng heard what the Seventh Prince said, his eyes suddenly showed a look of astonishment and he wanted to say something.

But the silver armor on the side nodded seriously and said, "Indeed, with Ye Feng's charm, he may be able to capture the new generation goddess of the Ten Thousand Dragons Divine Sect."

When he said this, Yin Kai immediately stared at Ye Feng and continued to speak expectantly, "Ye Feng, if you can really capture this new generation goddess of the Ten Thousand Dragons Divine Sect, then we The Blood Demon Dynasty can be considered to be married to the Ten Thousand Dragons Divine Sect. By then, Ye Feng, you may become the link between our two overlords, and by then, Ye Feng, your status will be unparalleled. "

Hearing what Yin Kai said, Ye Feng couldn't help but shrugged helplessly and said, "I'm not very interested in this. The only thing I'm interested in is that after participating in this royal competition, , and win the training resources obtained by the top few."

Hearing what Ye Feng said, the Seventh Prince suddenly moved his eyes and said, "I don't know exactly what the reward of this royal competition is, but who can get it in the royal competition every year?" The top few will receive very generous rewards and training resources."

Silver Armor immediately nodded and said aloud, "I still remember the royal reward received by the top expert in the royal competition last year. It seemed to be a very powerful weapon. It seemed to be called the Black Gold Xuan Sword. It seemed to be our blood." The weapons forged by the Demon King's number one weapon refiner are very powerful."

Hearing what Yin Kai said at this time, Ye Feng was a little indifferent, because Ye Feng already had a very powerful weapon in his hand.

Whether it's the God's Ring or the black broken sword that Ye Feng got from the old tombkeeper, they are both very powerful.

Therefore, Ye Feng actually has no need for weapons for the time being.

Ye Feng couldn't help but ask at this time, "If you don't need this reward, can you turn it into something you need?"

r\u003e

Hearing what Ye Feng said, the seventh prince immediately nodded and said, "Yes, as long as you can rank in the top three in the royal competition, you are eligible to choose the training resources you need. However, if you rank in the top three Beyond the top three, there is no other way. The rewards outside the top three are basically fixed. Only the top three in the royal competition are qualified to take the initiative to ask for the rewards they need. "

Hearing what the Seventh Prince said, Ye Feng's eyes suddenly lit up, he nodded and said, "In that case, I am becoming more and more interested in competing for the top three."

For Ye Feng, the reason why he participated in this royal competition was not only to help the seventh prince save his face and build up his prestige, but also had a more important purpose, which was to obtain abundant training resources from this royal competition. .

Because there are rules in this royal competition that you cannot kill your opponents.

Moreover, Ye Feng was not so crazy as to kill innocent people indiscriminately just to devour them.

Therefore, Ye Feng participated in this royal competition mainly to obtain the top-ranking rewards and training resources.

After all, the Blood Demon Dynasty is the dominant power in the Northern Territory, so the Blood Demon Dynasty still has a very deep foundation and has a lot of cultivation resources.

These advanced cultivation resources are enough to quickly accumulate and improve Ye Feng's cultivation skills.

While Ye Feng was thinking secretly in his heart, the audience seats around the competition stage of the royal competition were already filled with densely packed people.

Ye Feng could sense at this moment that there were still many extremely powerful cultivation auras around him.

This shows that in this royal competition, all forces are extremely

Chang attached great importance to it, and the princes and princesses probably brought all the strongest top players and geniuses around them, just to compete for the top three in this royal competition.

And this time, there are also two other overlords from the Northern Territory who are eyeing it. The top geniuses from the Demonic Sect and the Ten Thousand Dragons Sect are all watching here.

So this time, many people within the Blood Demon Dynasty were prepared to let the powerful men under their command shine, and even slap the Demonic Sect and the Ten Thousand Dragons Sect in the face.

However, Ye Feng sensed it and found that the strength of the new generation of strong men within the Blood Demon Dynasty did seem to be a bit lacking.

Ye Feng did not detect any very powerful cultivation aura among the younger generation.

Even the powerful young geniuses from the Royal Training Academy of the Blood Demon Dynasty, Ye Feng sensed them and found that they were all very average.

And just when Ye Feng was thinking secretly in his heart, the entire royal competition finally began.

At this time, an old man wearing a golden robe suddenly appeared on the huge competition platform.

This old man in golden robe exudes a faint dragon spirit. Obviously, this old man in golden robe is definitely a very respected senior figure in the entire Blood Demon Dynasty, and is most likely an old imperial uncle.

At this moment, the old man wearing a golden robe looked at the entire audience, especially the masters from the Demonic Sect and the Ten Thousand Dragons Sect standing in the corner of the audience stage, and his eyes flickered slightly. .

Obviously, the masters of the Demonic Sect and the Ten Thousand Dragons Sect came here last year, embarrassing the entire Blood Demon Dynasty.

So this year, the old royal man in golden robes who presided over the entire royal competition still had a trace of embarrassment in his eyes.

At this time, the old man in golden robes who presided over the entire royal competition looked at

Looking at everyone present, a look of surprise suddenly appeared in their eyes.

Because this time he sensed that the young masters and geniuses within the royal family of the entire Blood Demon Dynasty had a lot more powerful auras than last year.

This is enough to show that there may be many extraordinary masters in this royal competition, who may be able to turn the situation around and teach the Demonic Sect and the Ten Thousand Dragons Sect a harsh lesson this year.

And just when the old man in golden robes who was presiding over the entire competition was thinking in his heart, the time for the entire competition had finally arrived.

"Boom..."

At this moment, a distant bell rang across the entire field.

At this moment, the old man in golden robes who presided over the competition immediately showed his signature smile, looked at the audience, and said loudly, "At this moment, I declare that the annual royal competition of our Blood Demon Dynasty is official. start."

Wow! !

Almost at the moment when the old host finished speaking, the entire venue suddenly fell into a boil.

Countless young masters, including those from the younger generation and the older generation, were suddenly in a state of excitement. Now they are gearing up and can't wait to show their strength.

At this time, everyone's eyes were actually focused on a middle-aged man at the top of the auditorium.

This middle-aged man was wearing a golden dragon robe and a black-gold flat crown on his head. He looked very majestic, and his cultivation aura was terrifying and surging.

This person is the emperor of the Blood Demon Dynasty!

Obviously, the annual royal competition is not just a show. The upper echelons of the royal family of the Blood Demon Dynasty still attach great importance to it. Even the current emperor of the Blood Demon Dynasty came here in person to observe the entire royal competition. the whole process.

Chapter 4732 Everyone's Attention

At this time, the emperor of the Blood Demon Dynasty still had a hint of helplessness in his eyes.

Because he can now feel that the other two dominant forces in the Northern Territory who came to the Blood Demon Dynasty royal competition this time, the great disciples of the Demonic Sect, and the divine son and goddess of the Ten Thousand Dragons Sect, are all very powerful young geniuses. , even much stronger than the younger generation and even the older generation of their Blood Demon Dynasty.

This naturally made the emperor of the Blood Demon Dynasty very helpless.

Of course, the Blood Demon Dynasty is still very powerful despite its comprehensive background. After all, among the royal family of the Blood Demon Dynasty, there are many royal ancestors who suppress the entire dynasty, making the power of the entire dynasty very stable.

However, the younger generation of the Blood Demon Dynasty is really inferior to the previous generation. This makes the emperor of the Blood Demon Dynasty even have some doubts about the management model of the entire Blood Demon Dynasty.

The emperor of the Blood Demon Dynasty could sense at this moment that the young geniuses within the royal family who participated in this Blood Demon Dynasty competition, including even

the strong men of the younger generation, were slightly better than last year, but the performance of the Blood Demon Dynasty was The emperor, after all, did not sense anything particularly powerful.

But just when the emperor of the Blood Demon Dynasty felt helpless, he suddenly seemed to sense a particularly secretive aura fluctuation somewhere in the auditorium, which made him a little confused.

The emperor of the Blood Demon Dynasty immediately looked somewhere in the auditorium and saw a young man in white clothes sitting in the auditorium.

The aura of cultivation emanating from this young man in white made the emperor of the Blood Demon Dynasty feel an unfathomable feeling. ??

This made the helpless look in the eyes of the Emperor of the Blood Demon Dynasty suddenly turn into a look of surprise, and then a look of interest appeared in his eyes.

He couldn't help but wonder in his heart, could it be that this year, among the core figures in the royal family of their Blood Demon Dynasty, a young genius with unparalleled brilliance finally emerged?

But at this time, the emperor of the Blood Demon Dynasty moved his eyes to the boy in white, and his eyes were slightly stunned.

Because the prince who this young man in white works for,

It turned out to be the last youngest son he paid the least attention to, the seventh prince.

This caused another look of doubt to appear in the eyes of the Emperor of the Blood Demon Dynasty.

Logically speaking, he felt that a young man with unfathomable cultivation must be very terrifying and a powerful genius with unparalleled splendor, but why would he sit with his most useless son?

This is where the emperor of the Blood Demon Dynasty was very confused.

Could it be that I sensed something wrong?

Isn't that boy in white unfathomable, just an ordinary boy?

But the emperor of the Blood Demon Dynasty was still somewhat confident in his own judgment.

So at this time, the emperor of the Blood Demon Dynasty had doubts about the true strength of the young man in white, and also had an inexplicable curiosity.

However, the real result still depends on the performance of the young man in white.

But no matter what, the emperor of the Blood Demon Dynasty had already remembered the boy in white beside the seventh prince and paid special attention to him.

At this moment, Ye Feng didn't know that he was noticed by the emperor of the Blood Demon Dynasty.

But even if Ye Feng knew about it, he probably wouldn't think it was a big deal.

After all, Ye Feng did not intend to hide his clumsiness when he participated in the royal competition this time. He just wanted to show his strong strength, win the top three positions, and obtain abundant training resources.

And he completely established the names of himself and the Seventh Prince.

At this moment, the senior member of the royal family who was standing on the competition stage, the old man in charge, immediately said, "The next competition will be based on the fact that everyone has the same serial number."

After finishing speaking, the old host took out the number tags one by one from his storage ring.

These number plates are all the same

Blocks of golden tokens are cast, and each golden token has a number on it.

At this moment, the old host waved his hand casually, and the golden tokens in his hand suddenly turned into streams of light and flew to the hands of all the contestants participating in the royal competition.

At this moment, Ye Feng immediately saw the number "six" written on the golden token flying to his hand.

At this time, Ye Feng immediately looked around, trying to find out who still had the token with the number six in his hand.

However, Ye Feng discovered that the masters in the audience around him did not have the number six token in their hands. It seemed to be somewhere else.

After all, the auditorium where Ye Feng and the Seventh Prince were sitting was in a corner, so it was quite normal that no master with the same number of tokens as Ye Feng appeared.

After all, only two people have the same number.

At this moment, the old host smiled and said, "For the first competition, contestants whose token numbers are all '1' are invited to enter the competition."

At this moment, after hearing what the old man in charge said, everyone looked around.

Uh-huh!

Uh-huh!

At this time, two figures suddenly appeared in the audience and flew directly to the competition stage.

They were a young man and a woman who looked quite a bit older.

They are masters under the third princess and the sixth prince respectively.

"boom!!"

At this moment, the two people immediately started fighting.

The aura of cultivation emanating from their bodies was much lower than that of Ye Feng.

Ye Feng's current cultivation realm is at the half-step path opening realm, and the cultivation auras of these two masters are two realms lower than Ye Feng's current half-step path opening realm.

Both of these two people are at the level of the Divine Movement Realm.

Maybe in general

In the eyes of ordinary people, this is already considered a very powerful master, but in Ye Feng's eyes now, it is nothing at all.

You know, Ye Feng is already capable of leapfrogging and fighting, let alone such a master who is lower than his own level, it is nothing at all.

So at this time, Ye Feng didn't have much interest in paying attention, but closed his eyes to rest.

But at this time, Ye Feng casually glanced around and suddenly discovered that people from the Murong family had also come here and were sitting somewhere in the auditorium.

Among them were several people he knew, including several top geniuses from the Murong family, Murong Xixi, Murong Tianjun and others.

However, Ye Feng observed carefully and did not find the Murong Changming whom he knew before.

It is estimated that the grievances between Murong Changming and the entire Murong family have not yet been completely compromised, so Murong Changming will not represent the Murong family in such a royal competition.

But at this time, Murong Xixi saw Ye Feng looking over, and immediately a surprised smile appeared on her beautiful face, and she quickly said, "Ye Feng, are you here to participate in the royal competition?"

The Murong family and the Seventh Prince were not far apart, but Murong Xixi's sudden voice was quite loud.

And the name Ye Feng she said immediately attracted the attention of everyone in the audience.

"What? Ye Feng??"

"Is he the bold young man who provoked the two dominant races in the wilderness?"

"He actually managed to escape from the wilderness and returned to our Blood Demon Dynasty?"

At this moment, everyone was suddenly surprised, and all their eyes quickly looked towards Ye Feng and the Seventh Prince.

After all, Ye Feng made a big fuss this time, and it can be said that he is famous in the entire Northern Territory.

So when Murong Xixi said Ye Feng's name, Ye Feng naturally attracted the attention of countless people immediately.

Chapter 4733 Take the stage to fight

At this moment, everyone's eyes were focused on Ye Feng.

Because Murong Xixi said Ye Feng's name, it naturally attracted the attention of countless people.

After all, the name Ye Feng is now very famous in the entire Blood Demon Dynasty and even in the entire Northern Territory.

Because the Great Wilderness has always been a place that people are very afraid of, but a young man like Ye Feng was so courageous and dared to cause such a big thing in the entire Great Wilderness area, and even killed the King of the Sun God Clan, the overlord race of the Great

Wilderness. The heir of Ye Feng, so naturally everyone was shocked and shocked by this young man Ye Feng.

So at this time, when everyone heard Ye Feng's name, they naturally looked in Ye Feng's direction. .???.??

At this time, Ye Feng naturally showed a hint of helplessness on his face.

Thinking that Murong Xixi had caused such a big commotion by calling him casually.

At this time, the entire fight between the two people on the stage did not attract everyone. Instead, they were all attracted by Ye Feng.

At this time, the two young masters who were fighting hard on the competition stage had a somewhat embarrassed look in their eyes at this moment.

Because the battle between them can be said to be very exciting, with various martial arts inheritance and methods emerging one after another, very gorgeous, but no one is paying attention. Now everyone is paying attention to Ye Feng alone.

At this time, seeing the eyes of countless people watching, Ye Feng couldn't help but have a rather helpless look on his face.

It seems that this time he and the ancient demon caused such a big commotion in the wilderness, which indeed made him a celebrity in the entire Northern Territory.

At this moment, the emperor of the Blood Demon Dynasty was sitting at the top, looking at Ye Feng in surprise, with a faint smile in his eyes.

At this time, he finally understood why he felt that this young man was so extraordinary.

, it turns out that this person turned out to be Ye Feng, the bold young man who caused a lot of commotion during this period.

The emperor of the Blood Demon Dynasty admired such a bold young man very much, because he had once broken into the wilderness when he was young and challenged the masters of the dominant race in the wilderness.

However, he is not as bold as Ye Feng. He actually dared to offend two generous overlord races at the same time, and he is also the top overlord race in the wilderness. In addition, Ye Feng even directly attacked under the spotlight. Killed the ninth prince of the Sun God Clan.

This behavior is really too shocking, and everyone is very shocked by it.

Because even some powerful men of the older generation may not dare to directly kill the royal blood descendants of the Sun God Clan, the number one overlord race in the wilderness, under the spotlight.

At this moment, Ye Feng looked around and found that everyone was looking at him. Ye Feng immediately walked towards the direction of the Murong family not far away.

Soon Ye Feng came to Murong Xixi.

Looking at this beautiful young woman from the Murong family, Ye Feng couldn't help but said helplessly, "Murong Xixi, you don't have to call my name directly in public. Such words have attracted so much attention. Quite embarrassing."

Hearing what Ye Feng said, Murong Xixi immediately couldn't help but lowered her head slightly, and said with some embarrassment, "Ye Feng, I'm sorry, I didn't know that your current name could attract so much attention."

When she said this, Murong Xixi looked at Ye Feng with a hint of admiration in her eyes.

After all, in the eyes of a young woman from such a big family, a peerless genius like Ye Feng

, is still so famous now, and has already become a prince charming in dreams.

So at this time, Murong Xixi's eyes looked at Ye Feng, naturally full of deep admiration and a hint of infatuation.

Moreover, Murong Xixi has a task given by the superiors of his family, that is, Murong Xixi gets closer and closer to Ye Feng. In this case, through Ye Feng, Murong Changming, a member of the Murong family, can be This strongest tribesman can bring back the Murong family and help the Murong family once again consolidate its position as the top family of the six great clans in the entire Blood Demon Dynasty.

So at this time, Murong Xixi became very excited when she saw Ye Feng.

And even without the instruction from the upper echelons of the family, Murong Xixi had no resistance at all to a top genius like Ye Feng, and completely regarded Ye Feng as the lover of her dreams.

At this time, Murong Xixi immediately stretched out her white little hand, took Ye Feng and sat down beside her, and then couldn't help but said, "Ye Feng, I didn't expect you to come to participate in the royal competition this time." After all, your cultivation is so powerful now, it would be a bit too bullying to participate in such a royal competition."

Murong Xixi knew clearly how terrifying Ye Feng was, better than anyone else.

Because Ye Feng and the young geniuses of the Murong family once entered the secret realm of the Murong family for trials, all the young geniuses of the Murong family knew how terrifying Ye Feng was. ??

Moreover, Ye Feng must have improved a lot in cultivation, strength and methods now that so much time has passed.

At this moment, another top genius of the Murong family, Murong Tianjun, was a handsome and handsome young man, extremely tall and tall, but he seemed a bit mediocre in front of Ye Feng.

Murong Tianjun showed a helpless smile at this time, Ye

The wind came to his side, and it could be said that it suppressed his halo all of a sudden.

However, Murong Tianjun was not unconvinced in his heart, because he also knew that Ye Feng was definitely a monster. In the entire Blood Demon Dynasty, and even in the entire Northern Territory, there was probably no one more monster than Ye Feng.

While Murong Xixi and Ye Feng were talking, the competition on the field had already ended for several rounds.

However, none of these competitions seemed to be as attractive as Ye Feng alone. Most people's eyes were still fixed on Ye Feng, as if they wanted to see through Ye Feng, this mysterious young man.

Because Ye Feng was not originally a native resident of the Blood Demon Dynasty, but came from a small place.

But a young genius who came from such a small place was able to gain such a great reputation in the entire Blood Demon Dynasty, and even now became a celebrity next to the Seventh Prince. Naturally, many people paid great attention to Ye Feng. .

At this moment, the old host on the stage suddenly said, "For the next battle, please invite the two masters with the number '6' to come and compete."

Hearing what the old host said, Ye Feng's eyes immediately moved, then he looked at Murong Xixi beside him, and said, "I won't talk to you anymore, I'm going to go on stage to fight."

At this moment, as Ye Feng walked towards the stage, countless people suddenly showed deep expectations in their eyes.

On the other side of the auditorium area, a stern young man holding a long sword stood up and walked towards the competition stage. He was obviously also wearing the number "6".

Some people couldn't help but say, "This Ye Feng is finally going to fight on stage, but he is a bit unlucky. As soon as he comes up, he meets the top masters in our Blood Demon Dynasty royal family. His opponents are among the top three of Her Majesty the Princess. The top genius master, Jian Rufeng, I wonder if Ye Feng has the ability to fight against this top swordsman of Her Majesty the Princess? "

Chapter 4734 So fragile

For many people, although the name Ye Feng is indeed very famous now, after all, there has been such a big commotion in the wilderness at the junction of the Northern Territory and the Southern Barbarians.

However, although this incident did make many people think that Ye Feng was a bold young man, but although Ye Feng's name was very famous, everyone did not know what kind of strength Ye Feng had.

Although Ye Feng killed the ninth prince of the Sun God Clan in the wilderness, many people think that Ye Feng is just brave, but his real strength is not that good.

After all, Ye Feng escaped from the wilderness after all, instead of fighting against the entire overlord race of the wilderness alone.

Therefore, many people feel that Ye Feng's strength is actually not as strong as imagined. ??

So at this time, Ye Feng was ready to compete on stage, and his opponent was the top three kendo masters under the eldest princess, Jian Rufeng, which naturally attracted the attention of many people.

Some people think that Ye Feng is probably no match for this Jian Rufeng. After all, this Jian Rufeng is a top master under the command of the most powerful princess of the younger generation of the Blood Demon Dynasty, and is a very powerful existence.

Even in the competition for the top five in the royal competition, they are all favorable candidates.

But now Ye Feng is so unlucky to meet such a powerful person as Jian Rufeng, although many people think that Ye Feng will soon be embarrassed in front of everyone in the audience.

After all, Ye Feng is now so famous. If he can't even fight against Jian Rufeng, it will definitely make people think that Ye Feng is just a person with a false reputation.

At this moment, Ye Feng didn't care about everyone's cynicism. Ye Feng just walked slowly to the competition stage, and then looked at his opponent in front of him this time, Jian Rufeng.

That was a very cold-looking young man, older than Ye Feng, and a strong man of the younger generation.

He held a dark long sword in his hand, looking like a swordsman.

The sharp edge and towering head give people a very extraordinary feeling.

At this moment, a group of dozens of top experts surrounding the eldest princess were all shouting loudly towards Jian Rufeng on the stage, "Jian Rufeng, teach this boy a lesson."

Obviously, the core experts around the eldest princess were very unhappy with the newcomer Ye Feng.

Because when the eldest princess met Ye Feng before, the eldest princess showed a very gentle and caring attitude, which made these core experts very unconvinced and felt that Ye Feng was not worthy of the princess's attention and treatment.

So at this time, they all wanted to see Ye Feng being taught a miserable lesson by Jian Rufeng.

At this moment, Jian Rufeng just nodded slightly to the dozens of core experts from the group of princesses in the audience.

Then Jian Rufeng looked at Ye Feng in front of him and said slowly, "Take action, otherwise you will have no chance to take action. Once my sword comes out of the body, you will have been defeated."

Hearing what Jian Rufeng said, Ye Feng immediately smiled and said, "My thoughts are the same as yours. Once I take action, you will lose, so you take action first."

Hearing what Ye Feng said, Jian Rufeng looked stunned at first, and then a hint of sneer appeared on his stern face, and he slowly said, "Since you are so ignorant, then Don't blame me for not giving you a chance to take action."

Clang!

Almost at the moment Jian Rufeng finished speaking, the long sword he was holding in his arms was immediately pulled out of its scabbard.

"boom!"

Almost at the next moment, a very terrifying sword light burst out from the scabbard. It was like

Just like Jian Rufeng's own name, the sword is like wind and cold is like iron.

This sword light was very fast, incredibly fast, like a bolt of lightning, it had already struck in front of Ye Feng.

At this moment, Jian Rufeng seemed to be stunned when he saw Ye Feng still standing there. He immediately showed a sneer in his eyes, and then a sneer on his face.

"It seems that I still overestimated Ye Feng. Ye Feng is really too vulnerable."

At this moment, Jian Rufeng was thinking secretly in his heart.

But at the next moment, Ye Feng, who was suddenly motionless, stretched out a palm.

Then two fingers directly clamped the long sword in Jian Rufeng's hand.

The next moment, Jian Rufeng suddenly realized with horror that his long sword could not move at all.

The sword that was originally a sword like the wind was almost piercing Ye Feng's eyes.

But at this moment, his sword was held between two fingers by Ye Feng, unable to move at all. .??.

At this moment, Jian Rufeng saw Ye Feng's two fingers, which had turned into golden fingers. They seemed to be like the fingers of ancient gods, possessing unparalleled power. The sword in Jian Rufeng's hand was simply Unable to move.

"not good!!"

At this moment, Jian Rufeng's expression suddenly changed. He finally understood that it was not that Ye Feng couldn't react, but that Ye Feng simply didn't bother to take action.

He just moved his fingers casually and clamped his sword.

At this moment, Jian Rufeng couldn't help but shouted in horror, "Heavenly Sword Divine Art!"

At this moment, Jian Rufeng was obviously frightened and started to display a very powerful sword inheritance.

But Jian Rufeng had just used this set of kendo inheritance for a moment.

Suddenly, Ye Feng just flicked his finger, and the long sword in his hand was shattered into pieces, turning into pieces of broken iron, which fell to the ground with a clanking sound.

"What??"

Seeing this scene, Jian Rufeng's originally stern face was finally unable to maintain his previous indifference and indifference.

Ye Feng casually flicked his finger, shattering every inch of his magic weapon.

This kind of power can no longer be described as terrifying, it is simply terrifying!

At this moment, Jian Rufeng's expression suddenly changed and he quickly retreated.

But the next moment, Ye Feng flicked his finger again.

boom! !

One of Ye Feng's fingers, possessing great power, directly hit Jian Rufeng's body, sending Jian Rufeng flying directly to the stage.

"puff!"

The next moment, Jian Rufeng spit out a mouthful of blood and suffered heavy injuries.

His face was slightly pale, and he stared at Ye Feng on the stage, still as calm as before, and immediately couldn't help but said in horror, "Such a strong strength, I lost!"

"What??"

At this moment, everyone present was simply shocked to the extreme.

Especially the dozens of top experts beside the eldest princess were simply stunned at this time.

Because Jian Rufeng is not an ordinary existence among them, but one of the top three among the dozens of top powerhouses around the eldest princess, and he is also a top swordsman who is mainly good at attacking.

But no one expected that Jian Rufeng would be so fragile and weak in front of Ye Feng. With just a flick of Ye Feng's finger, he was blown out of the competition platform.

This kind of strength is really terrifying, simply terrifying!

Chapter 4735 Peak of Life

At this moment, the core experts around the eldest princess who had just clamored for Jian Rufeng to teach Ye Feng a lesson, suddenly became extremely silent, with ugly looks, fear, and a look in their eyes. A look of shame.

They originally looked down on young people like Ye Feng, but now Ye Feng has humiliated them with his unparalleled crushing strength.

At this time, many of the experts around the eldest princess suddenly began to reflect.

Since they worked for the eldest princess, they have been welcomed everywhere, but now they were suppressed and slapped in the face so ruthlessly by Ye Feng, which made these masters suddenly understand that they still have a long way to go.

"There are people outside the world, and there is a sky outside the sky..."

At this time, many of the core masters under the eldest princess's command were igniting their fighting spirit to practice and become stronger again.

The eldest princess was keenly aware of this and immediately nodded with satisfaction.

At this moment, the eldest princess looked at Ye Feng on the competition stage, with a surprised expression in her eyes.

Ye Feng was indeed right. She was really terrifying. The eldest princess had become much stronger than when she first met Ye Feng.

This terrifying speed of cultivation made the eldest princess feel frightened.

You must know that the eldest princess's master comes from the land of Zhongzhou. He once told the princess about the cultivation of the peerless geniuses in the land of Zhongzhou, which opened the eyes of the eldest princess and was very shocking.

The eldest princess knows very well how powerful the real top geniuses in Zhongzhou are in their cultivation.

Therefore, the eldest princess doesn't care much about the Blood Demon Dynasty, even the Northern Territory, the Southern Barbarians, including the so-called young geniuses in the wilderness.

Because the eldest princess has long seen that the real brilliance is the top geniuses in Zhongzhou. They are the real dragons and phoenixes among people, the top geniuses.

But in this small Northern Territory, the eldest princess discovered another one who was not weaker than those true top geniuses mentioned by her master in the land of Zhongzhou, and that was Ye Feng.

Ye Feng is not only powerful, but the speed of his cultivation progress is so incredible that it even makes people feel a little scared.

At this moment, the seventh prince was a little nervous in the audience. After all, Ye Feng's opponent was the top three kendo masters next to the eldest princess, a powerful figure who had been famous for a long time.

Even Yin Kai couldn't help but said: "If I were to face this Jian Rufeng, I would probably be defeated by Jian Rufeng in an instant."

But in the nervous state of the Seventh Prince, Ye Feng instantly defeated a top kendo master like Jian Rufeng with just a flick of his finger.

This terrifying strength made the Seventh Prince go from being nervous to deeply excited.

At this moment, the seventh prince couldn't help but stood up in the audience, shouted and said: "Okay, great! In front of my Brother Ye, who dares to say that he is invincible? Undefeated?"

The seventh prince's words at this time naturally showed his inner excitement.

Obviously, the Seventh Prince was very proud of Ye Feng's incomparable strength.

Because the seventh prince has always been a low-ranking figure in the royal family competitions, no one is even willing to look at him.

Even the emperor of the Blood Demon Dynasty and his biological father did not want to see him, because he was indeed a useless prince.

But with Ye Feng's arrival, the Seventh Prince could be said to suddenly shine with great brilliance.

Because Ye Feng is now nominally under the command of the Seventh Prince, the stronger Ye Feng is, the higher the Seventh Prince's status in the entire royal family will be, and the possibility of inheriting the entire royal family in the future will be lower. The higher.

So at this time, the Seventh Prince was naturally extremely happy.

And the seventh prince obviously noticed that since Ye Feng showed such great strength, even the emperor of the Blood Demon Dynasty, who had always paid no attention to him, couldn't help but look at him a few more times at this moment. This made The seventh prince was naturally extremely excited.

At this time, the Seventh Prince could be said to have reached the pinnacle of his life in history.

At this time, Ye Feng didn't pay attention to the horrified looks that so many people were looking at him.

Ye Feng just felt that he had done a small thing casually and helped the eldest princess a favor.

Then Ye Feng walked slowly down from the competition stage and returned to the seventh prince's side.

At this time, Yin Kai's eyes looked at Ye Feng, already full of deep shock.

Yin Kai never expected that Ye Feng's strength would increase so much in this short period of time.

After all, when Yin Kai first met Ye Feng, Ye Feng's cultivation strength was only a little stronger than him.

But now, Ye Feng's overall strength is many times stronger than Silver Armor.

At this time, Yin Kai naturally felt a huge shock in his heart, and secretly decided in his heart that he would work hard to practice next, aiming to catch up with Ye Feng.

At this time, the seventh prince could not help but show deep excitement in his eyes. He quickly grabbed Ye Feng's palm and said with great excitement and joy: "Brother Ye, this time you are really the best." It gave me a real name, and I saw that the eyes my father looked at me just now were full of surprise and approval. It seems that my father has really begun to pay attention to me. "

Hearing what the Seventh Prince said, Ye Feng smiled slightly and said: "That's right. I came to participate in this royal competition this time. It was originally to reward the Seventh Prince for your name. I guess I won't be able to do it next time." The other princes and princesses dare to openly despise you, the seventh prince, but too much exposure also means that your next journey, the seventh prince, will be difficult.

It's getting harder and harder, and it's not as peaceful as before. "

Ye Feng said this, and the seventh prince couldn't help but nodded solemnly.

The Seventh Prince also knew that now that he had a top genius like Ye Feng beside him, it meant that the Seventh Prince might also want to compete for the final throne in the future.

So next, the princes and princesses will definitely no longer ignore the seventh prince, but will carry out various attacks and all kinds of overt and covert fights against the seventh prince.

However, the seventh prince suddenly showed a firm look in his eyes at this time, and said aloud: "I chose this path myself, otherwise, I would not have made friends with you, Ye Feng, so I am not afraid of what I will encounter next. Even if I am in danger, I will not regret my choice. I will not give up until I give it a try!

Hearing the Seventh Prince's firm words, Ye Feng immediately smiled, patted the other party on the shoulder, and said, "Don't worry, you won't be shattered to pieces."

After finishing speaking, Ye Feng sat down on the seat next to the Seventh Prince, closed his eyes, and began to rest with his eyes closed.

At this moment, when everyone saw this scene, they couldn't help but have deep horror in their eyes.

Because they never expected that Ye Feng's strength was much more terrifying than they imagined.

Even the top three kendo masters under the eldest princess, Jian Rufeng, could not last a single round in Ye Feng's hands and were easily defeated by Ye Feng.

Everyone has not even seen what methods Ye Feng used.

This also means that Ye Feng's true strength has not yet been fully revealed and is absolutely unfathomable.

No one could imagine how powerful it would be.

At this moment, many people's eyes were immediately fixed on Ye Feng, who was closing his eyes to rest, because they felt that Ye Feng might be the biggest dark horse in this year's royal competition, and even had the potential to compete for the top three. !

Chapter 4736 Melee Mode

"Finally, an interesting guy has appeared..."

At this time, in a corner of the audience, a young man in a golden robe spoke lightly.

This man is the son of God of Wanlong Sect, Long Dingtian.

At this time, he looked at Ye Feng not far away, and seemed to have a strange look.

Obviously, the son of God from Wanlong Sect did not take anyone seriously.

But Ye Feng's performance just now surprised him a little. He didn't expect that the Blood Demon Dynasty, which was generally weak in the younger generation, would have a very good talent in this year's royal competition.

However, Long Dingtian's eyes were still very arrogant. With a condescending look, he stared at Ye Feng in the audience not far away, smiled lightly, and said: "But compared to me, it's still far from enough. It seems that this year I can humiliate the face of the royal family of the Blood Demon Dynasty again."

Hearing what the son of God Long Dingtian said, the new generation of goddess of the Wanlong Sect standing next to Long Dingtian was a very young woman, who looked like she was only eighteen or nineteen years old.

At this moment, the goddess looked at the son of God Long Dingtian beside her with a hint of surprise, and couldn't help but say: "Son of God, you have received the true teachings of that

person. In your eyes, there is no opponent in the Northern Territory. I didn't expect that you have such a high evaluation of this young man named Ye Feng. It seems that Ye Feng is not bad in your eyes." Long Dingtian nodded slightly, then smiled and said: "After all, he is just good. If he fights with me, he will go all out. I estimate that I can defeat him within ten moves." ?? Hearing Long Dingtian say this, the goddess beside him couldn't help but show admiration in her eyes and said: "Wow! Son of God, you are so amazing!" At this moment, looking at the admiration of the young goddess beside him, Long Dingtian's pride was naturally greatly satisfied. Because this goddess is a new goddess, she naturally admires him, the son of God. So this time, Long Dingtian brought this goddess named Linglong to the Blood Demon Dynasty, just to let this new generation of goddesses see his power, so that they all obey him.

At this moment, Long Dingtian nodded slightly, then smiled and said: "It's still early, just watch the show slowly."

While the son of God and the goddess of Wanlong Sect were talking, Jun Wudao, the eldest disciple of the Demon Sect on the other side, stared at Ye Feng all of a sudden, and there seemed to be an inexplicable look in his eyes.

This eldest disciple of the Demon Sect, the cultivation strength is also unfathomable, but the look he gave Ye Feng seemed to have a special meaning of importance, which is different from the son of God and the goddess of Wanlong Sect.

Although Long Dingtian thought Ye Feng was good, he actually didn't take Ye Feng seriously at all.

But this eldest disciple from the Demon Sect, Jun Wudao, seemed to know Ye Feng very well, and the look he gave Ye Feng was full of an inexplicable look.

At this moment, Ye Feng didn't know that the disciples of the Demonic Sect and the Goddess of the Ten Thousand Dragon Sect from the other two top hegemonic forces in the Northern Territory were talking about him.

But even if Ye Feng knew, it probably didn't matter.

After all, for Ye Feng, he had no so-called intersection with the other young geniuses in these hegemonic forces, and Ye Feng didn't know them.

So Ye Feng didn't care how others talked about him.

Moreover, Long Dingtian didn't take Ye Feng seriously. If Ye Feng knew, he probably wouldn't be angry.

Because Ye Feng didn't take the other party seriously at all.

In the entire young generation of the Northern Territory, Ye Feng has ignored everyone.

No one can threaten Ye Feng.

The only thing Ye Feng still cares about now is those strong people of the young generation or the old generation.

And just when Ye Feng closed his eyes to rest, the first round of the battle on the entire duel stage had completely ended.

At this time, the old host immediately smiled and said: "The first round has been completely over. Now the second round of the entire royal competition has begun. The rules of the second round have changed from the past. This year, the second round of our royal competition is a melee mode."

"Melee mode?"

At this time, all the masters and strong men who participated in the competition showed deep surprise in their eyes when they heard the old host on the competition stage say this.

The old host smiled slightly and said: "Yes, it is a melee. That is, all the young talents or masters of the young generation and the old generation who have succeeded in the first round will now go to the competition stage and fight. Whoever can stand on the competition stage to the end and not be knocked down will be the final winner."

"Wow!"

Hearing the old host say this, everyone present was shocked to the extreme.

No one expected that this year's royal competition would have such a barbaric and brutal melee mode after the first round of eliminations.

This has never happened before.

In the previous Royal Competition, basically after each round, there would be another round of individual competition until the top three were selected.

But this time, it was unexpected that there would be a direct melee. All the core masters participating in the Royal Competition entered the competition arena and engaged in a chaotic battle.

You know, this kind of chaotic battle is very unfriendly to some people who lack comprehensive strength.

For some masters with good physical skills, they are very friendly, because they can constantly shuttle through every inch of space in the competition platform during the melee, thus avoiding the attacks of most people and staying until the end. .

\u003e

At this time, someone couldn't help but asked: "Senior, when will this melee mode end? After the melee all the way to the competition stage, are there still the last three people left?"

When the old man in charge heard this question, he immediately smiled, nodded, and said loudly: "That's right, the melee continued until there were only the last three people left on the competition stage. These three people are this royal competition. The top three, when the time comes, we will have a separate competition with each other to select the first, second and third place to receive your Majesty's reward."

Hearing what the old host said, everyone present nodded suddenly, and then there was a hint of surprise in their eyes.

Because no one expected that this year's royal competition would have such a melee mode, many people were caught off guard.

However, since it was the final decision of the royal family, everyone naturally did not dare to disobey, and they all flew towards the competition stage, preparing for this very difficult melee mode.

However, many people had expressions of surprise on their faces.

These people are basically a small group of experts who work together for the same prince, princess or prince.

In the melee mode, they can temporarily unite together to defeat the masters of other hostile forces, and then their small group will engage in the final duel.

It can be said that this melee mode has great benefits for small groups with large numbers of people.

For example, there are dozens of experts in the small group of experts around the eldest princess, all of whom are top experts.

And some princes or princesses may only bring four or five experts to compete.

So the disadvantage suddenly appeared.

But no matter what, since the royal competition is stipulated this year, no one can resist. At this moment, everyone is flying quickly towards the competition stage, preparing for a melee.

Chapter 4737 Group of Seven

At this time, with one person all on the stage, the entire stage suddenly seemed very crowded.

After all, the entire competition platform is only that big.

However, it is also possible that the upper echelons of the royal family of the Blood Demon Dynasty specially built the platform slightly smaller.

In this case, a person's comprehensive ability will be fully tested during the melee.

Because in the melee mode, it is not only a practitioner's attack ability that is tested, but also a practitioner's dodge ability, defense ability, and ability to cooperate in group attacks.

So this time, the royal competition turned the elimination round directly into a melee mode. Naturally, it was to pass this special test and select the most powerful comprehensive talents to contribute to the future Blood Demon Dynasty.

At this time, all the practitioners came to the competition stage, including Ye Feng.

Uh-huh!

The old host flew high into the sky and immediately said with a smile, "Now that all the contestants are on the stage, the elimination round of the Royal Competition has officially begun."

After finishing speaking, the old host waved his hand and continued, "Now you can take action. The last three people standing on the stage will be the final winners." ??

Boom!

Upon hearing the order from the old man in charge, the entire competition stage suddenly erupted with huge roars.

Each practitioner was attacking the surrounding masters, and the entire competition stage was immediately in chaos.

All kinds of powerful means and gorgeous moves were used.

It can be said that the entire competition stage is like a group of demons dancing wildly.

At this moment, the contestants who were not strong enough were quickly blown away from the competition stage. They could only leave in a very embarrassed state and were eliminated.

At this time, many small groups united together briefly.

For example, there are dozens of core masters around the eldest princess,

At this moment, a small group is formed, constantly attacking other enemies around them.

Moreover, the princes and princesses, as well as some masters from top families, all realized this and formed small groups one after another.

At this moment, seven people suddenly came to Ye Feng and said loudly, "Ye Feng, let's form a small group. We are the core masters under the Third Princess. Now you can form a small group with us, is it?" the best choice."

Hearing what these seven people said, Ye Feng just smiled and said, "I don't want to form a small group with anyone for the time being."

For Ye Feng, there is no need to form a group at all, it is better to be alone.

Moreover, Ye Feng also knew the plans of these seven people, and they must have wanted to drag him into their small group, so that they could rely on Ye Feng to protect them.

After all, the strength Ye Feng showed just now was very powerful.

At this moment, upon hearing Ye Feng's rejection, the eyes of these seven core masters immediately became a little ugly.

The leader was a young man wearing a blue robe. He immediately stared at Ye Feng and said loudly, "Although you are very powerful alone, you will definitely suffer a lot in the current group battle. If you don't join us, then we will have to join forces to defeat you first. In this case, we will have one less opponent in the future."

At this moment, this small group of seven people were quite angry when they saw Ye Feng rejecting their request.

Moreover, they felt that it was the best choice to knock such a powerful enemy like Ye Feng out of the arena first.

Because in the end, there can only be three masters standing on the stage.

So now many people's first choice is to unite their own small groups to deal with those entities with strong individual strength.

.

In this case, it will be of great benefit to their small group's future battles.

At this moment, in addition to this seven-member team, it is obvious that other small groups are also full of hostility towards Ye Feng.

Because they knew very well that if it was one-on-one, it would be impossible for Ye Feng to be his opponent. ??

So now taking advantage of the melee mode, their small group can temporarily combine together and use group attacks to defeat Ye Feng first. In this case, in the final one-on-one battle, there will be less of a dangerous person like Ye Feng.

At this time, the first group to take action was this group of seven.

Seeing that Ye Feng could not win over their small group, they planned to expel Ye Feng first.

Therefore, in the melee mode, the ones who suffer the most are those with strong individual strength.

They will first be targeted by various large and small groups to clean up these powerful individuals.

The extremely powerful single strength that Ye Feng showed just now naturally makes Ye Feng the primary cleanup target.

So at this moment, this small group of seven people directly surrounded Ye Feng.

Seeing this scene at this moment, everyone in the audience couldn't help but have surprise in their eyes.

Some people couldn't help but said, "Sure enough, the melee mode is really unfair to a single player. Although Ye Feng is very powerful as a single player, he has now encountered a small team of seven people. These seven people can They are all core masters, and their cultivation strength is very strong. I guess they will expel Ye Feng from the competition platform soon. It is a pity for a genius master like Ye Feng who has strong single strength. ”

At this moment, when everyone felt sorry for Ye Feng.

The seven masters in the small team of seven have already rushed towards Ye Feng.

boom! boom! boom.....

They each displayed their own incomparably powerful powers.

He wanted to expel Ye Feng from the competition platform.

But at this moment, Ye Feng suddenly burst out with a terrifying cultivation aura.

"Boom!!"

Ye Feng didn't even take action. The terrifying momentum was like forming a vast ocean. Around Ye Feng, it was bombarding crazily in all directions, killing seven small groups and seven masters at once. They were immediately knocked upside down and fell to the bottom of the competition platform.

"What??"

Seeing this scene, everyone who originally felt sorry for Ye Feng suddenly widened their eyes. It seemed that no one thought that Ye Feng had such a powerful strength.

"Just relying on the momentum of cultivation, the core masters in this small group of seven were blown off the competition platform?"

"What kind of terrifying strength is this?"

Some people couldn't help but marvel.

At this moment, Ye Feng seemed to have done a simple and convenient thing, and his expression remained unchanged.

Because the seven people in this small group may be very powerful masters in the eyes of others, but they are nothing in Ye Feng's eyes.

The cultivation of these seven people is a whole level lower than Ye Feng's current half-step Taoist realm. Naturally, they cannot stop Ye Feng's momentum.

Ye Feng didn't even need to make a move, he knocked the seven of them down to the Beidou platform.

Ye Feng didn't know that his casual actions caused huge commotion.

At this moment, many groups on the entire competition stage saw this scene, and their eyes widened suddenly. It seemed that they did not expect that Ye Feng was alone. He was as good as a large group, and his fighting power was so real. It's so astonishing that it can't be dealt with by human sea tactics.

At this moment, everyone around Ye Feng, whether individual contestants or groups, couldn't help but stay away from Ye Feng, for fear of angering Ye Feng.

Chapter 4738 Doesn't look like a human being

At this moment, the area around Ye Feng suddenly became much empty, because many people did not dare to approach Ye Feng at all.

The powerful cultivation that Ye Feng showed just now blew away the entire group of seven people. It was really shocking.

Because it was just relying on Ye Feng's momentum, Ye Feng didn't even make a move, he had such terrifying power that people didn't dare to approach him at all.

At this time, Ye Feng had a look of surprise in his eyes, as if he didn't expect that he had defeated seven people casually and made so many masters on the entire competition stage stay away from him, just like a mouse seeing a cat.

This made Ye Feng couldn't help but shake his head helplessly.

This kind of royal competition seems to be a bit too boring for me at the moment.

However, Ye Feng came here mainly to build a reputation for the Seventh Prince and obtain the final training resources.

So Ye Feng was sitting on the ground a little bored at this time, leaning against the railing of the competition platform, looking a little bored.

"this....." ??

Seeing this scene, many people in the audience immediately showed deep astonishment in their eyes, followed by deep wry smiles and astonishment.

Because they knew very well that everyone in the entire competition stage was engaged in a highly tense battle.

Unexpectedly, Ye Feng actually sat bored in a corner of the competition platform, leaning against the railing of the competition platform, looking quite bored but very comfortable.

This made many people feel very shocked.

Because comparing everything Ye Feng showed with the thrilling battle scene on the entire competition stage, the gap is really huge.

But at this time, after all, a group of dozens of people targeted Ye Feng.

It is the dozens of core masters around the eldest princess.

There are more than twenty of them, and their cultivation and aura are similar to that of Ye Feng. They are all strong men at the level of Kai Dao. There is even a whole realm stronger than Ye Feng's cultivation, Kai Dao. There are existences at the level of the Sacrificial Dao Realm above the realm.

More than twenty core experts around the eldest princess gathered together at this moment and came to Ye Feng.

A young woman standing at the front stared at Ye Feng and couldn't help but said, "Although I know that it is quite unfair for more than 20 of our top experts to come together to deal with you alone." , but Jian Rufeng was defeated so miserably by you, we always have to get this situation back, so now that it is a melee mode, we group together, we can only barely defeat you, and we have more than twenty top-level If a master defeats you alone, you probably won't be too embarrassed, so just accept this fate."

Hearing what the young woman said at this moment, Ye Feng had a look of surprise in his eyes.

Then Ye Feng suddenly stood up and said with a smile, "Then you go ahead and do it. It just so happened that the eldest princess also asked me to help her teach you arrogant guys a lesson. It just so happened that more than 20 of you came together. I don't have to teach anyone one by one."

"What?"

Hearing what Ye Feng said and Ye Feng's arrogant words, the more than twenty core masters immediately showed deep anger in their eyes.

A core expert couldn't help but said, "We are not the trash among the seven-person group you just knocked away. Each of us can fight against that seven-person group alone. We

Everyone's cultivation aura is stronger than yours. How can you fight against our more than 20 top masters? Although your fighting power is indeed very strong, under the group fight of more than 20 of us, you will definitely be defeated! "

After finishing speaking, Ye Feng smiled slightly and said, "Why are you talking so much nonsense? Let's just fight. This kind of royal competition is really boring, so it's better to end it as soon as possible."

Hearing what Ye Feng said at this moment, everyone couldn't help but said, "This Ye Feng is really arrogant! Facing more than twenty core masters gathered around the eldest princess, he actually dared to speak It's too arrogant to make such arrogant remarks."

At this moment, while everyone was thinking in their hearts, the eldest princess's more than twenty top masters all gathered together and attacked Ye Feng.

Apparently they didn't want to endure it any longer. ??

Because what Ye Feng said was really a bit too arrogant.

They wanted Ye Feng to know that although they could not match Ye Feng individually, but together, Ye Feng could not defeat them.

Boom! !

At this moment, more than twenty core masters all burst out with their extremely powerful power and attacked Ye Feng.

It has to be said that the more than 20 core masters around the eldest princess are indeed much stronger than the members of the previous seven-person group, and some are even a whole realm stronger than Ye Feng's current Half-Step Dao Opening Realm.

Therefore, under the attack of more than twenty core masters, everyone in the entire competition arena was immediately attracted by this terrifying scene.

When everyone saw more than twenty core masters dealing with Ye Feng, they all had deep horror in their eyes.

Some people couldn't help but said: "

This Ye Feng is really unlucky. "

But at this time, Ye Feng looked at the more than 20 cores that were attacking, with a faint smile on his hands and eyes, as if he didn't seem to be afraid at all.

The next moment, among the horrified eyes of countless people.

Uh-huh!

Ye Feng stretched out a hand directly.

Ye Feng's hand immediately expanded rapidly in the void and directly expanded into a big golden hand, weighing hundreds of millions of tons!

This big golden hand was like an ancient golden mountain. It was full of irresistible crushing power and directly suppressed all attacks from more than twenty core masters.

Then the big golden hand swatted them out one by one. The heavy power was impossible to withstand. More than twenty core masters did not even have time to react. They were directly slapped away by the big golden hand like a mosquito. After falling under the competition platform, he couldn't help but spit out a mouthful of blood and was in a state of embarrassment.

"What??"

Seeing this scene, countless people present were once again shocked.

If Ye Feng just relied on his momentum to blow away a group of seven people, it would only be surprising.

So this time, Ye Feng relied on a big golden hand to send more than 20 more powerful core masters flying to the bottom of the competition stage one by one. This made everyone feel not surprised, but deeply horrified. Desperate, simply stunned to the extreme.

At this moment, the chaotic battle on the entire competition stage suddenly became quiet.

Countless people stared at Ye Feng, who was standing in the corner of the competition platform not far away, with astonishment in their eyes. They seemed to think that this guy was ridiculously strong, too strong to be human!

Chapter 4739 First Place

quiet!

Deadly quiet!

At this time, everyone present fell into a dead silence.

Whether it was the audience in the auditorium or the people fighting on the stage, they all stopped their movements at this time, with deep horror in their eyes.

Because the strength shown by Ye Feng was really terrifying. He blew away all the more than 20 core masters at once, and he was also the most powerful 20 core masters under the eldest princess.

This kind of fighting power has exceeded everyone's imagination.

If Ye Feng had a very fierce battle with these twenty or so core masters just now, and then Ye Feng won tragically, then maybe it would make everyone feel better and feel that there might still be a chance to deal with Ye Feng.

But now, Ye Feng's crushing battle has made everyone feel deep despair.

Because judging from the strong strength Ye Feng has shown now, they have no way to fight against Ye Feng.

Because even if more than twenty of the most powerful core experts around the eldest princess united together, they were defeated instantly by Ye Feng casually. The word defeat cannot even be used to describe it. Ye Feng's behavior just now was simply... It's crushing, like swatting a mosquito.

So at this time, everyone was naturally heartbroken to the extreme, because they encountered such a monster like Ye Feng. Ye Feng was really too powerful, more powerful than anyone in the royal competition in previous years, and even more powerful. Much more.

So at this moment, even if all those participating in the royal competition are the top core experts in the Blood Demon Dynasty, they can't help but feel that there is no way to fight against Ye Feng.

So at this moment, even if Ye Feng didn't do anything, all the participants in these royal competitions were discouraged.

However, the royal competition will continue after all, and everyone continues to fight.

But Ye Feng can

Enough to be alone.

Because from now on, no one dares to provoke Ye Feng anymore.

At this moment, when Ye Feng saw the scene on the field, he could only shrug helplessly, and then continued to sit in the corner, leaning on the railing.

At this time, Ye Feng continued to close his eyes and rest, waiting for the final result.

Because to Ye Feng, this so-called royal competition of the Blood Demon Dynasty is really just like a game between children.

The reason why Ye Feng participated was just to complete his mission.

At this moment, time is slowly passing by as Ye Feng closes his eyes and rests.

...

Time passes quickly, like running water without leaving a trace.

Half a day passed in the blink of an eye.

Ye Feng finally opened his eyes.

Because at this time, there were only two people left on the entire competition stage.

These two people are a man and a woman. The man is wearing a black robe and looks tall and extraordinary, while the woman is wearing a pink dress. Although she looks a little weak and cute, her cultivation strength is indeed very powerful. , otherwise it would be impossible to stay at the end of the competition stage.

At this moment, the eyes of the two strongest masters looking at Ye Feng were full of helplessness.

At this moment, the old host in the sky said with a smile, "It seems that it is finally over."

At this time, the reason why the old man in charge had a smile on his face was not because the whole competition was over, but because this year, the royal family of their Blood Demon Dynasty had an extremely powerful monster like Ye Feng. Naturally, it made the blood The upper echelons of the Demon Dynasty were very happy.

Uh-huh!

At this time, the old man in charge landed directly from the sky, and then said loudly, "You three continue to compete to select the first, second and third place."

But just as the old host finished his words, the two men and one woman who finally stood on the stage couldn't help but smile bitterly and said, "Senior, I don't think there is any need to compete, Ye Feng It's definitely No. 1. We can't beat him at all. As for who is No. 2 or No. 3 among us, it doesn't make much sense anymore. The rewards are pretty much the same anyway."

Hearing these two experts say this, the old host immediately nodded, obviously agreeing with their views.

So there was no further competition. The three of them directly divided the first, second and third places.

Ye Feng is of course the well-deserved number one.

At this time, countless people present were shocked. They did not expect that such a terrifying existence as Ye Feng would appear in this year's royal competition. He did not give anyone a chance to resist and directly won the first place.

Even Ye Feng has become the number one before he has shown his truly powerful means and strength.

This is really incredible.

Moreover, Ye Feng is still the person beside the Seventh Prince.

So at this time, countless people's eyes were focused on the seventh prince.

They knew that from now on, the entire Blood Demon Dynasty's royal family would have another prince with unlimited potential.

That is the seventh prince.

In this instant, the seventh prince suddenly transformed from the most useless and insignificant prince to a very popular figure.

At this time, the seventh prince obviously noticed the glances from around him, which made the seventh prince's heart suddenly surge to the extreme.

He has never enjoyed this feeling of being in the spotlight.

It was Ye Feng who gave him such qualifications.

At this moment, the emperor of the Blood Demon Dynasty immediately smiled and said, "Not bad, not bad, you are all good this year."

However, although the emperor of the Blood Demon Dynasty said "you", his eyes were always fixed on Ye Feng. It was obvious that his praise was mainly directed at Ye Feng.

At this time, the emperor of the Blood Demon Dynasty came directly to Ye Feng and the other two second and third place masters, smiled and said, "You can just tell me what kind of rewards you need."

Ye Feng didn't hesitate at all, he was waiting for this moment.

Ye Feng said directly, "The reward I want is something that contains the energy of heaven and earth, or a very high-level elixir that can improve one's skill."

Hearing what Ye Feng said, everyone around him couldn't help but have a look of astonishment in their eyes.

Some people couldn't help but said, "Why does this guy want to improve his skills by taking pills like crazy? No wonder Ye Feng's cultivation level is improving so fast, but this has hidden dangers and will destroy his martial arts foundation." of."

"There is a hidden danger of wool!"

However, some people couldn't help but immediately retorted and said, "This Ye Feng's strength is so terrifying, and his combat power is so terrifying. If he has hidden dangers, how could he have such strong strength!"

After hearing what this person said, everyone fell silent.

At this moment, the emperor of the Blood Demon Dynasty nodded slightly and said, "Ye Feng, you are the first place in this year's royal competition. Whatever you want, I will try my best to satisfy you."

After finishing speaking, the emperor of the Blood Demon Dynasty thought for a moment, and suddenly he turned his palm, a light flashed in his palm, and a bead emitting a faint golden light appeared.

Chapter 4740 You don't dare

At this moment, Ye Feng's eyes suddenly lit up when he looked at the bead that exuded a faint golden light in the hand of the emperor of the Blood Demon Dynasty.

Because Ye Feng could feel at this moment that the energy contained in this light golden bead was very rich, and it gave Ye Feng a very pure feeling.

At this time, Ye Feng couldn't help but asked in surprise, "Is this something that contains the dragon vein energy of the Blood Demon Dynasty?"

When the emperor of the Blood Demon Dynasty heard what Ye Feng said, he immediately looked at Ye Feng with admiration, then nodded and said, "Yes, this is a piece of energy born from the royal dragon vein of our Blood Demon Dynasty." Although the Luck Dragon Bead is not a real Dragon Clan dragon bead, it is more precious than a real Dragon Clan dragon bead because it is the only Luck Dragon Bead born from all the dragon veins in our entire Blood Demon Dynasty. In ten years Only one can be born, which is very precious."

At this moment, when Ye Feng heard the emperor of the Blood Demon Dynasty say this, his eyes flashed slightly, and then his face naturally revealed a happy look without concealment.

Because Ye Feng knows very well how precious this kind of luck dragon ball that can only be born in ten years is.

Even among the royal family of the Blood Demon Dynasty, it is definitely considered a peerless treasure.

I didn't expect that the emperor of the Blood Demon Dynasty was quite good, so generous that he directly gave himself such a huge reward.

At this moment, everyone around saw this scene, and their eyes suddenly showed deep envy.

They know very well how precious this kind of destiny dragon ball that was born from the dragon veins of the Blood Demon Dynasty and the entire Overlord Dynasty is.

What is condensed in this small luck dragon ball is the essence energy of the entire dragon vein.

Whether it is used for practice or embedded in a weapon, it can greatly improve a person's skill or increase the power of a weapon. It can be said that this luck dragon ball is a rare treasure that can be encountered but cannot be found. It is impossible to obtain it at all, and only in a unified dynasty like the Blood Demon Dynasty can such an extremely high-level destiny dragon ball be born in the dragon vein.

At this moment, there were people around who couldn't help but said with great envy, "This Ye Feng probably really got the attention of His Majesty the Emperor this time, and actually allowed His Majesty the Emperor to give such a generous reward. I guess I will After the royal competition, this Ye Feng will definitely become a very noble figure in the entire Blood Demon Dynasty, and even become a celebrity in front of His Majesty the Emperor."

Some people couldn't help but say, "This time the Seventh Prince can get help from Ye Feng, which is equivalent to getting help from a Qilin talent. He is so lucky. This Seventh Prince is really lucky."

At this moment, the two second and third place players standing next to Ye Feng couldn't help but have deep envious looks in their eyes.

Because they knew very well that even if they won the first place this year, they probably would not be able to get the same treatment as Ye Feng and get this extremely precious and rare Luck Dragon Ball.

The reason why the Emperor of the Blood Demon Dynasty gave such a precious thing was because Ye Feng's value was so great that the Emperor of the Blood Demon Dynasty paid great attention to it and was able to receive such a generous reward.

Otherwise, if you were just an ordinary first place winner, you would never get such a precious reward.

At this moment, Ye Feng also knew how precious this luck dragon ball was, so he immediately clasped his fists slightly and said, "Thank you."

At this time, Ye Feng did not directly address the emperor as His Majesty, but the emperor of the Blood Demon Dynasty did not seem to care.

After all, in the world of martial arts practice, imperial power is sometimes not that important or authoritative in the eyes of truly top geniuses and top experts.

Therefore, the emperor of the Blood Demon Dynasty knew very well that a super-top genius like Ye Feng had transcended the category of ordinary genius, and it was normal for him not to fear the imperial power.

The emperor of the Blood Demon Dynasty was not angry because of this. Instead, he smiled slightly, patted Ye Feng's shoulder, and said loudly, "You are very good. You are the most talented genius I have ever seen. You can succeed in our Blood Demon Dynasty." If you work hard, you will have a promising future."

Hearing what the Emperor of the Blood Demon Dynasty said, everyone present widened their eyes, and an uproar immediately broke out across the entire venue.

Because no one expected that the emperor of the Blood Demon Dynasty would directly say that Ye Feng had unlimited potential under the spotlight. This was enough to show how much the emperor of the Blood Demon Dynasty valued Ye Feng.

Because the emperor of the Blood Demon Dynasty is the leader of such a hegemonic dynasty of the entire Blood Demon Dynasty. Even the emperor said that Ye Feng has a bright future, so Ye Feng will definitely have a bright future in the future, because with the emperor's support, who dares to provoke Ye Feng, who dares to stop Ye Feng's rise?

At this moment, everyone suddenly looked at Ye Feng with deep and extreme envy in their eyes.

However, there are also people who are very jealous of Ye Feng and can't help but whisper: "This Ye Feng, even though he is favored by the Blood Demon Dynasty, he has offended two of the top overlord races in the wilderness. Sooner or later, this Ye Feng will die."

Hearing someone say such words at this moment, many people around him couldn't help but look at that person with disgust, and couldn't help but say out loud, "Sure enough, jealousy can make a person completely different and have a bad mind. "

And while everyone was talking on the court, Ye Feng didn't care about other people's comments at all.

Ye Feng just took the Dragon Ball of Luck and walked slowly towards the audience.

But suddenly at this moment, a voice with a hint of contempt sounded, "Since this year's blood demon dynasty's royal competition has ended and the top three have been selected, as the representative of the Ten Thousand Dragons Divine Sect this time, I naturally, I want to compete with you. After all, we are all the dominant forces in the Northern Territory. It is also a good thing for the younger generation to compete with each other, right? Unless, you don't dare to compete with a top talent like me. "

At this moment, the moment these words fell, countless eyes present were looking in a certain direction.

Everyone immediately saw a tall young man wearing a golden robe, with a faint smile on his face at this moment.

This person is none other than Long Dingtian, the divine son of the Ten Thousand Dragons Divine Sect.

And the goddess Linglong of the Ten Thousand Dragons Sect standing next to him had a beautiful and moving smile on her face at this moment, and said loudly, "The top three in last year's blood demon dynasty royal competition, even the first place, They were all defeated miserably at the hands of the divine son of our Ten Thousand Dragons Divine Sect, who couldn't even block ten moves. I wonder if this guy named Ye Feng, who is number one in your Blood Demon Dynasty this year, can stop our Ten Thousand Dragons Divine Sect's attacks. Where are the ten moves of the Son of God?"
