

## Ancient 4741

Chapter 4741 Sweating a lot

At this time, whether it was Long Dingtian, the divine son of the Ten Thousand Dragons Divine Sect, or Linglong, the goddess of the Ten Thousand Dragons Divine Sect, their words were filled with a hint of ridicule.

Obviously, the first place in the previous royal competitions of the Blood Demon Dynasty could not survive ten moves at the hands of Long Dingtian, the divine son of the Ten Thousand Dragons Divine Sect.

So now they naturally feel very disdain for the Blood Demon Dynasty.

Even though the strength Ye Feng showed just now was quite powerful, he was not taken seriously by Long Dingtian.

Because Long Dingtian is the divine son of the Ten Thousand Dragons Divine Sect, and the secrets within him seem to be very mysterious. He is not just the divine son of the Ten Thousand Dragons Divine Sect.

Therefore, Long Dingtian's cultivation strength is very terrifying.

At this moment, upon hearing the words of the Goddess Linglong of the Ten Thousand Dragons Divine Sect, many people from the Blood Demon Dynasty present showed traces of anger in their eyes.

Because the words of the Goddess Linglong of the Ten Thousand Dragons Divine Sect not only mocked the top three masters in the royal competition, but also mocked all the younger generations of the entire Blood Demon Dynasty, believing that the younger generation did not have masters at all. It cannot compare with the other dominant force in the Northern Territory, the Ten Thousand Dragons Divine Sect.

So at this time, everyone clenched their fists and looked at Long Dingtian and the goddess Linglong with eyes full of deep anger.

But they dare not speak out in anger.

Because these two people are indeed very terrifying, and they are the most powerful existences in the Ten Thousand Dragons Divine Sect in tens of thousands of years.

Especially the Son of God Long Dingtian. The first place in last year's royal competition was defeated by Long Dingtian within ten moves, which deeply shocked everyone.

At that time, after the first royal emperor won the first place, everyone cheered and shouted, feeling that a peerless genius had appeared in their Blood Demon Dynasty.

But Long Dingtian defeated the number one player within ten moves, and even destroyed him on the spot, making everyone angry.

, but it's unbelievable to the extreme.

Because Long Dingtian is really strong, incredibly strong.

Many senior figures in the royal family are not necessarily Long Dingtian's opponents.

So at this time, Long Dingtian appeared again, which naturally made many people nervous.

Even though Ye Feng showed great strength before, Long Dingtian's strength is also very terrifying, so many people are not sure whether Ye Feng can fight against Long Dingtian.

At this time, the emperor of the Blood Demon Dynasty also looked a little unhappy. After all, last year, it was Long Dingtian, the divine son of the Ten Thousand Dragons Sect, who casually defeated the royal family of the Blood Demon Dynasty with an absolutely arrogant and condescending attitude. The first place in the competition.

Therefore, this matter naturally made the emperor of the Blood Demon Dynasty lose his face.

This means that the younger generation of the Blood Demon Dynasty is simply not as good as the Ten Thousand Dragons Divine Sect.

So at this time, the emperor of the Blood Demon Dynasty looked at Ye Feng and couldn't help but asked, "Ye Feng, are you sure you can fight against this Long Dingtian?"

Now that Ye Feng has shown his incomparable strength, the emperor of the Blood Demon Dynasty naturally wants Ye Feng to represent the entire Blood Demon Dynasty and confront Long Dingtian, the peerless genius of the Wanlong Divine Sect, to let them know The Blood Demon Dynasty is not all trash.

At this moment, seeing the emperor of the Blood Demon Dynasty's serious eyes, Ye Feng nodded immediately, smiled and said, "This is Long Dingtian, the divine son of the Ten Thousand Dragons Sect, who speaks so arrogantly, teach him a lesson, that's right." It should be."

"What??"

Hearing what Ye Feng said, everyone present was in an uproar.

No one expected that Ye Feng would say such domineering words.

After all, you must know that Long Dingtian defeated last year's number one ranking in the Blood Demon Dynasty royal competition within ten moves.

And now another year has passed. As the divine son of the Ten Thousand Dragons Divine Sect, Long Dingtian, his absolute cultivation strength has improved a lot this year compared to last year.

So at this time, many people found it hard to believe that Ye Feng said such domineering words.

But at this time, the Seventh Prince shouted in the distance, "Brother Ye, show your true strength and let them know that you are the most attractive genius in the Northern Territory!"

At this moment, the seventh prince obviously could no longer suppress his inner anger and excitement, and wanted Ye Feng to take action with all his strength.

At this time, Ye Feng looked at the excited Seventh Prince not far away, nodded immediately, and then jumped directly to the competition platform.

At this time, Ye Feng waved to Long Dingtian not far away and said, "Come here."

Hearing Ye Feng's light words, Long Dingtian's eyes revealed a hint of ugliness.

He did not expect that his condescending and aloof attitude would be directly responded to by Ye Feng's light words.

So at this time, Long Dingtian jumped directly to the competition stage with a hint of gloom in his eyes, then stared at Ye Feng opposite him, smiled faintly, and said, "Since you are so bold, then I'll teach you a lesson."

Hearing what Long Dingtian said at this time, Ye Feng just smiled slightly, as if he was not afraid at all.

Ye Feng just moved towards

He walked in the direction of Long Dingtian, and then said slowly, "Let's take action."

At this moment, Ye Feng can also feel that Long Dingtian, the divine son of the Ten Thousand Dragons Divine Sect, is indeed a powerful figure. The aura of cultivation in his body is two realms higher than Ye Feng's current Half-Step Dao Opening Realm. It is a powerful existence at the Enlightenment Realm level above the Dao Opening Realm and the Dao Sacrifice Realm.

This Long Dingtian is indeed a man of the young generation in the Northern Territory. He is indeed very powerful.

However, in Ye Feng's eyes, there was not that much fear.

At this time, Ye Feng felt that the gap between himself and Long Dingtian was not as big as imagined.

But at this time, everyone present was not optimistic about Ye Feng at all.

Because first of all, the gap in cultivation between the two is really too big.

Secondly, Long Dingtian is not an ordinary strong man, but the divine son of the Ten Thousand Dragons Divine Sect. He is an extremely talented person who also possesses strong combat power.

After all, in last year's royal competition, everyone had seen the terror and power of Long Dingtian.

So at this time, many people are very nervous.

Even though the strength that Ye Feng showed just now was very powerful, meeting a veteran genius like Long Dingtian naturally made everyone sweat for Ye Feng.

At this moment, the stunningly beautiful goddess of the Ten Thousand Dragons Divine Sect, Linglong, standing in the audience, had a hint of smile in her beautiful eyes, and said aloud, "I don't know that this Ye Feng is in the hands of the Son of God." How many moves can my subordinates hold on to? I guess, maybe twenty moves."

At this time, hearing the slightly dismissive words of the goddess Linglong of the Ten Thousand Dragons Divine Sect, the seventh prince in the audience immediately couldn't help but muttered, "This goddess with a soft mouth is actually young and beautiful. Sooner or later, Brother Ye will take care of him." about you!"

Chapter 4742 It's almost over

At this time, the entire field suddenly fell into silence and silence.

Because everyone was very nervous, staring at the duel between the two people on the competition stage.

At this time, Long Dingtian's eyes showed a trace of coldness, he stared at Ye Feng opposite him, and said loudly: "Look at me defeating you within ten moves, Ye Feng, although you are indeed bleeding. The younger generation of the Demon Dynasty are very powerful, even comparable to some of the older masters, but in front of me, the most talented person in the entire Northern Territory, you are nothing."

boom! !

After saying that, Long Dingtian suddenly burst out with an extremely powerful cultivation aura.

That was a powerful aura of cultivation at the level of the Dao Realm that surpassed the Dao Opening Realm and the Dao Sacrifice Realm!

At this moment, the moment Long Dingtian released his momentum, the shadow of an extremely tall golden giant composed entirely of momentum and the energy of heaven and earth automatically appeared in the void behind him.

The face of this golden giant is exactly the same as Long Dingtian, and it looks like a huge virtual shadow of his true self.

At this moment, when everyone saw this scene, they couldn't help but some people said in horror: "Is this the true form of martial arts condensed by the rules of heaven and earth?! This Long Dingtian is already in the realm of enlightenment. It's really incredible to have condensed the true body of martial arts according to the rules of heaven and earth!"

Among the crowd, some elders also said in great amazement: "This Long Dingtian is worthy of being the divine son of the Ten Thousand Dragons Divine Sect, and also worthy of being the most talented person standing on the first step in our entire Northern Territory. It is indeed so terrifying. Before we even take action, the momentum alone has already triggered the surrounding rules of heaven and earth, and condensed a martial arts true body. He is even stronger than last year, and not even a little bit stronger. It is really unbelievable. It is estimated that in the future, our entire Northern Territory The strongest person of the next generation is this Long Dingtian."

At this moment, everyone was deeply shocked by Long Dingtian.

Because what Long Dingtian showed casually was enough to shock everyone.

At this moment, everyone is even less optimistic about Ye Feng.

Because Long Dingtian's cultivation strength and methods are really terrifying.

But at this time, Long Dingtian discovered that there was no fear on Ye Feng's face, but a still very indifferent expression.

At this time, Long Dingtian's eyes showed surprise. He stared at Ye Feng and said loudly: "Don't you feel afraid when you see such a powerful force like mine? In other words, you are still scared. Standing there, at a loss?"

When Ye Feng heard what Long Dingtian said, he immediately grinned and said, "You think too highly of yourself. You are not as strong as you think."

After saying that.

Boom!

Ye Feng's body also burst out with a terrifying aura.

Then Ye Feng didn't hesitate at all, and directly burst out the power of the God's Immortal Body, charging forward.

The power of Ye Feng's immortal body burst out, turning Ye Feng's entire body into the color of pure gold.

The power of the Immortal Body of the God released by Ye Feng makes Ye Feng look like a little sun at this moment, emitting a golden light that makes people feel like a young golden god. Fighting, conquering.

At this moment, Ye Feng could feel that his power was very powerful, and he was directly attacking Long Dingtian in front.

At this time, Long Dingtian also instantly sensed the extremely powerful cultivation power and momentum released by Ye Feng. There was a look of surprise in his eyes, and he couldn't help but said: "I didn't expect you to be special. The physique can actually release such powerful golden power, but it is of no use. "

Almost at this moment, Long Dingtian stretched out a hand.

Buzz!

As he stretched out his hand, the martial arts true body composed of thousands of meters of majestic rules of heaven and earth condensed behind him also stretched out an illusory big hand and bombarded Ye Feng.

At this moment, everyone around the competition platform couldn't help but take several steps back.

Even though they were far away, they all felt that the moment this illusory hand fell, the whole world felt like the sky had fallen, with an endless sense of oppression.

Some people couldn't help but exclaimed in amazement: "It's hard to imagine what kind of terrifying pressure Ye Feng is under now."

But at this time, Ye Feng went up against the sky and punched out hard.

Boom! !

The next moment, Ye Feng's golden fist and the illusory big hand collided together, and an earth-shattering roar suddenly sounded across the entire field.

"Click, click..."

The terrifying sounds and destructive light waves caused the entire surrounding earth to shatter inch by inch.

"What??"

Almost at this moment, Long Dingtian saw Ye Feng's golden fist, which actually had extremely terrifying power, and directly smashed his illusory big hand into pieces.

This terrifying attack power made the divine son of the Ten Thousand Dragons Sect suddenly reveal a look of deep surprise in his eyes, as if he did not expect that Ye Feng actually contained such terrifying power in his body.

But at this time, Long Dingtian was surprised and immediately said coldly: "Ye Feng, it seems that I have underestimated you, but if you think you can fight me in this way, then you are too naive. Yes, I just used my martial arts true body casually, now I am going to do it for real, and your fate will be either to be crippled by me, or to be beaten to death by me.

"

Almost at the moment Long Dingtian finished speaking, Long Dingtian immediately shouted: "The Ancient Divine Dragon Art!"

boom!

At this moment, Long Dingtian displayed a very powerful inheritance.

He actually jumped up and turned into a golden dragon in mid-air. It had extremely terrifying power and bombarded Ye Feng directly.

The golden dragon transformed by Long Dingtian has extremely terrifying power, and it looks very majestic and ferocious.

At this time, everyone couldn't help but gasp.

Some people couldn't help but say: "This set of inheritance is so mysterious that Long Dingtian has actually learned it. It seems that the Wanlong Divine Sect has spent a huge price to cultivate this divine son."

At this time, everyone's eyes moved towards Ye Feng.

They were thinking whether Ye Feng could resist the golden dragon transformed by Long Dingtian.

Because this can be said to be Long Dingtian's special skill, it is Long Dingtian's most powerful inheritance, the Ancient Divine Dragon Art.

At this time, there was an old man with extraordinary eyesight in the crowd who seemed to have discovered something. He immediately couldn't help but said in horror: "This Long Dingtian can transform into a golden dragon with just one leap. This is no longer something that a simple ancient divine dragon art can do. Could it be that the rumors are true? The Ten Thousand Dragon Divine Sect salvaged an immortal Dragon God bone from under the 10,000-meter seabed of an ancient ocean. Let this Long Dingtian was integrated into his body, so he was able to instantly transform

into a golden dragon with the power of the ancient dragon god. If this was really the case, it would be terrible! This kind of power of the ancient dragon god is not. Mortals can resist it!"

At this moment, the graceful goddess Linglong of the Ten Thousand Dragons Divine Sect standing in the auditorium had a faint and beautiful smile on her face and said aloud: "The Son of God actually used the Ancient Divine Dragon Art? It seems like this The battle is almost over."

Chapter 4743 Back to original form

Obviously at this time, the goddess Linglong of the Ten Thousand Dragons Divine Sect was very confident, and she worshiped the divine son of their Ten Thousand Dragons Divine Sect to the extreme.

Now seeing that the divine son of their Ten Thousand Dragons Sect has directly displayed his special skill, the Ancient Divine Dragon Art, he naturally feels that Ye Feng will be defeated in an instant.

Because the goddess Linglong of the Ten Thousand Dragons Divine Sect knew very well that once Shenzi Long Dingtian displayed this set of destiny inheritance, it would mean that Shenzi Long Dingtian was now completely serious.

No one could stop Long Dingtian from attacking in a serious state.

Not to mention Ye Feng, a master of the younger generation, even the many older masters in the royal family cannot be the opponent of Long Dingtian in a serious state.

That's why at this moment, the goddess Linglong said something very domineering and full of contempt.

But at this time, everyone present had deep horror in their eyes.

Because they could feel that Long Dingtian, who had turned into a golden dragon, had the majesty and power of the ancient dragon god, and was indeed irresistible.

At this moment, even the many seniors of the Blood Demon Dynasty royal family who were watching on the competition stage stood up all of a sudden, feeling the terrifying pressure, and their eyes showed horror.

An elder member of the royal family couldn't help but said, "This divine son of the Ten Thousand Dragons Divine Sect, Long Dingtian, is really a peerless genius that is rare to see in a million years. He actually successfully integrated the Ten Thousand Dragons Divine Sect and salvaged it from the bottom of the sea." The bones of the immortal dragon god that he said, and he also successfully cultivated the ancient dragon art to the state of great perfection, and directly transformed into the appearance of the ancient dragon god, which is really terrible. "

At this moment, the emperor of the Blood Demon Dynasty could not help but say, "Ye Feng, if you feel that you can't resist, just retreat quickly. It is not shameful to lose. You must not be destroyed by Long Dingtian." , Otherwise, our Blood Demon Dynasty will really suffer huge losses."

Obviously, at this moment, the emperors of the Blood Demon Dynasty felt the power of Long Dingtian, and for Ye Feng

Feeling worried.

Because once Ye Feng is abolished, it will be a huge loss to the Blood Demon Dynasty.

After all, Ye Feng is the most powerful young talent born in the Blood Demon Dynasty since ancient times.

So at this time, even if the emperor of the Blood Demon Dynasty felt that Ye Feng would give up, it would be better than Ye Feng being abolished.

At this time, even the Seventh Prince, who had always been very confident in Ye Feng, felt deeply worried at this moment, with a nervous look in his eyes.

Because the power of the golden dragon transformed by Long Dingtian is really terrifying, with the power of the ancient dragon god.

But at this time, Ye Feng stood on the spot, his eyes filled with deep and surging fighting spirit.

At this time, Ye Feng could indeed feel that the strength of Long Dingtian was very terrifying, and the golden dragon he transformed into also had the majesty and power of the ancient dragon god, which was very terrifying.

But at this time, Ye Feng didn't hesitate at all and just frantically stimulated the power of his immortal body.

At this moment, Ye Feng also fully stimulated the power of the immortal bones of the gods that he had fused.

Buzz!

I saw that Ye Feng's whole body expanded rapidly, directly expanding into a majestic golden giant with a height of several thousand meters, possessing extremely terrifying power.

His whole body exuded bright golden light, like a huge sun.

The majestic golden giant thousands of meters tall that Ye Feng transformed into had an unparalleled sense of power, and it directly collided with the golden dragon towards the front.

Boom!

Boom! !

The entire field suddenly erupted with huge roars.

The golden giant transformed by Ye Feng and the golden dragon transformed by Long Dingtian actually fought together, and they were evenly matched.

"What??"

Seeing this scene, countless people present widened their eyes. It seemed that they had never imagined that Ye Feng could turn into such an extraordinary golden giant and be able to fight against the golden dragon that Long Dingtian transformed into. .

You know, the golden dragon transformed by Long Dingtian is not just a simple golden dragon, but also has the power of the ancient dragon god.

At this moment, Long Dingtian turned into a golden dragon and found that he was blocked by Ye Feng's golden giant. He immediately couldn't maintain his previous domineering power and said in horror, "How is this possible?" ? ? The golden dragon I became is not an ordinary dragon, but the golden dragon I transformed into by activating the bones of the immortal dragon god that I fused with the power of the dragon god. How can a mortal resist the power of the Dragon God? This is impossible!"

At this time, when Ye Feng heard what Long Dingtian said, he just smiled coldly and said, "There are so many impossible things in this world. You are just a frog in the well. There is nothing impossible in this world." of."

After saying that, Ye Feng fully activated all the power of his immortal bones.

The golden giant that Ye Feng turned into had unparalleled terrifying and arrogant power. He directly grabbed the tail of the golden dragon that Long Dingtian turned into, and then moved towards the ground crazily and quickly. whip.

"boom!"

"boom!"

"boom!"

At this moment, the entire field suddenly erupted with huge roars. The entire ground was shaking, and even the entire competition platform was shattered into pieces.

Come.

Finally, Ye Feng suddenly turned Longding Tiansuo into a golden dragon and tore it into two halves.

"ah!!!"

At this moment, Long Dingtian immediately let out a scream of extreme pain.

The next moment, Ye Feng stepped hard on the dragon's head.

Click!

Almost at the next moment, the dragon horns on the head of the golden dragon transformed by Long Dingtian were completely crushed by Ye Feng's kick.

Then Ye Feng kicked the golden dragon hard and flew it far away.

This giant golden dragon fell into the ruins in an awkward manner, and with a flash of light again, it turned into Long Dingtian himself.

At this time, it was obvious that Ye Feng had directly beaten Long Dingtian back to his original form!

"What??"

Seeing this scene at this moment, countless people present were shocked.

Uh-huh!

Even the emperor of the Blood Demon Dynasty stood up all of a sudden and stared blankly at the scene in front of him.

Because Ye Feng's strength is really terrifying.

At this moment, Linglong, the goddess of the Ten Thousand Dragons Sect who had spoken very contemptuously and arrogantly just now, suddenly showed a look of deep astonishment on her beautiful face, and then a look of deep fear.

Because she never thought that the brave Son of God in her heart would be directly defeated by an unknown young man like Ye Feng, and that he would be brought back to his original form from the golden dragon state.

This is really incredible!

This kind of strength is simply terrifying and terrifying to the extreme!

Even the goddess Linglong of the Ten Thousand Dragons Divine Sect felt deeply shocked all of a sudden, and her heart could not calm down for a long time.

Chapter 4744 Dragon Bone

quiet!

Deadly quiet!

At this moment, the goddess Linglong of the Ten Thousand Dragons Sect could be said to be extremely shocked.

Originally, in her heart, Long Dingtian, the divine son of their Ten Thousand Dragons Sect, was definitely the most outstanding genius in the Northern Territory.

It can be said that once Long Dingtian displays his special skills, everyone will definitely surrender before him.

But Ye Feng just relied on his incomparable strength to knock Long Dingtian down.

Even Long Dingtian turned into a golden dragon through the bones of the immortal dragon god that he fused, but Ye Feng finally beat him back to his original shape.

So at this time, Linglong, the goddess of the Ten Thousand Dragons Divine Sect, looked at Long Dingtian, who was lying half dead on the ground, and the dream in her heart was suddenly shattered.

The tall, majestic and invincible image of Long Dingtian in her heart before suddenly turned into nothingness in an instant, and everything was shattered.

At this time, the goddess Linglong suddenly stared at Ye Feng not far away, and saw Ye Feng's appearance in white clothes and snow.

The exquisite and beautiful eyes of this goddess of the Ten Thousand Dragons Divine Sect suddenly revealed a look of admiration.

It must be said that Linglong, the goddess of the Ten Thousand Dragons Sect, can be said to be a very transformative person.

Although she looks very beautiful and is very young, she seems to be a girl who completely worships the strong.

So after Long Dingtian was defeated by Ye Feng, the goddess Linglong suddenly felt deep admiration and love for Ye Feng, an extremely powerful talent.

At this time, Ye Feng didn't know this. Ye Feng just looked at the body of the golden dragon not far away that he had just torn into half, and it was still on the ground.

This made Ye Feng's eyes suddenly move slightly.

It seems that the golden dragon transformed by Long Dingtian did not simply transform into a golden dragon, but actually expanded through the expansion of bones and flesh, and finally turned into a golden dragon.

So now Long Dingtian was beaten to his original form, seriously injured, and lying on the ground not knowing whether he was alive or dead.

But the other half of his body, the golden dragon that was torn apart by Ye Feng, was still lying in the ruins not far away.

Uh-huh!

Ye Feng immediately rushed over and put the half of the golden dragon's body directly into his storage ring.

At this moment, Ye Feng immediately felt that this half of the golden dragon's body contained very majestic power, and Ye Feng's eyes suddenly revealed a look of deep surprise.

At this moment, Ye Feng did not hesitate at all. He put the half of the dragon body into the storage ring, and then immediately flew back to the competition stage, as if nothing happened.

It is absolutely impossible for Ye Feng to return this half of the dragon body to Long Dingtian.

At this moment, among the ruins not far away, Long Dingtian slowly climbed up from the ruins.

He looked extremely embarrassed at this moment, his hair was disheveled, and he looked like he had suffered a serious injury.

At this moment, Ye Feng immediately smiled and said: "Didn't you just say that you can defeat me within ten moves? But the person who loses the most seems to be you."

When he heard Ye Feng say this, Long Dingtian immediately had a look in his eyes.

Deeply ugly.

He never thought that Ye Feng could be so powerful.

The power of the golden giant that Ye Feng turned into just now was really terrifying. Even the golden dragon that Long Dingtian turned into just now couldn't resist it.

Even in the end, a keel was torn off by Ye Feng, so Long Dingtian was knocked back to his original shape.

At this time, Long Dingtian immediately stared at Ye Feng and said loudly: "Give me back that Dragon God's bone. If I don't have that Dragon God's bone, my entire Dragon God's skeleton will be completely destroyed." If it is incomplete, it will affect my future cultivation."

Hearing what Long Dingtian said, Ye Feng suddenly showed a faint smile in his eyes and said loudly: "The dragon bone that I knocked off can be regarded as my trophy. It is impossible for me to Give it back to you."

Hearing what Ye Feng said, Long Dingtian's face immediately turned extremely ugly.

But Long Dingtian did not continue to look at Ye Feng's knocked-off keel, because now the eyes of everyone in the audience looking at Long Dingtian were full of sarcasm and sneer, which made Long Ding Tian suddenly felt ashamed and ashamed, and couldn't stay any longer.

At this moment, Long Dingtian immediately ran away in embarrassment into the distance, preparing to leave dejectedly.

Before leaving, Long Dingtian looked at Linglong, the goddess of the Ten Thousand Dragons Divine Sect not far away, and said loudly: "Linglong, let's go back quickly, don't stay here anymore."

But what made Long Dingtian's eyes suddenly become extremely ugly and gloomy was that the goddess of the Ten Thousand Dragons Sect, Linglong's beautiful face showed a trace of rejection, and said loudly: "Son of God, you Let's go back first. I plan to continue living in the palace of the Blood Demon Dynasty for a while. I want to chat with Ye Feng, a great genius, and make friends."

"What??"

Hearing what the goddess Linglong said, Long Dingtian's expression suddenly became extremely ugly, and his eyes revealed an extremely gloomy look.

But at this time, Long Dingtian didn't want to say anything more, because he felt that he had been defeated so completely that he could no longer stay.

So at this time, Long Dingtian left the scene immediately.

At this time, the Seventh Prince shouted excitedly in the crowd: "Brother Ye is invincible! Brother Ye is too invincible!"

At this time, hearing the Seventh Prince's roar, the whole field immediately fell into a boiling.

Someone couldn't help but excitedly said: "My Blood Demon Dynasty finally avenged the previous shame this year and beat the Son of God of the Ten Thousand Dragons Sect into a mess. My Blood Demon Dynasty can finally stand up."

At this moment, most people are still very excited and happy, and proud of Ye Feng.

Maybe only a few people feel more jealous of Ye Feng.

So someone whispered in the crowd: "This Ye Feng is so bold that he angered the two dominant races in the Great Wilderness. Now he beat Long Dingtian so badly. I guess the Ten Thousand Dragons Sect will focus on Ye Feng in the future. This Ye Feng will definitely die miserably in the future!"

However, this jealous voice was soon drowned in the enthusiastic and noisy crowd.

Countless people in the audience crowded towards Ye Feng, wanting to talk to him face to face, expressing their admiration and excitement for him! Silence!

Deathly silence!

At this moment, Linglong, the goddess of Wanlong Sect, was shocked to the extreme.

Originally, in her heart, Long Dingtian, the son of the gods of their Wanlong Sect, was definitely the most outstanding genius in the Northern Territory.

It can be said that once Long Dingtian displayed his unique skills, he would definitely make everyone surrender in front of him.

But Ye Feng relied on his own powerful strength to knock Long Dingtian down.

Even Long Dingtian turned into a golden dragon through the bones of the immortal dragon god that he had merged with, but was beaten back to his original form by Ye Feng in the end.

So at this time, Linglong, the goddess of Wanlong Sect, looked at Long Dingtian lying on the ground half-dead, and her dream was shattered in an instant.

The image of Long Dingtian as a tall and invincible person in her heart suddenly turned into nothingness, and was shattered.

At this time, the goddess Linglong suddenly stared at Ye Feng not far away, and saw Ye Feng's extraordinary appearance in a white dress that was whiter than snow.

The beautiful eyes of the goddess Linglong of the Wanlong Divine Sect suddenly revealed a trace of admiration.

It must be said that the goddess Linglong of the Wanlong Divine Sect is a person with a strong ability to change.

Although she looks very beautiful and very young, she seems to be a girl who completely worships the strong.

So after Long Dingtian was defeated by Ye Feng, the goddess Linglong suddenly felt a deep admiration and love for Ye Feng, a very powerful talent.

At this time, Ye Feng didn't know this. Ye Feng just looked at the body of the golden dragon that had just been torn in half by him not far away, and it was still on the ground.

This made Ye Feng's eyes move slightly.

It seems that the golden dragon that Long Dingtian turned into was not simply transformed into a golden dragon, but really expanded through bones, blood and flesh, and finally turned into a golden dragon.

So now Long Dingtian was beaten back to his original form, seriously injured, lying on the ground, his life or death unknown.

But the other half of his golden dragon body that was torn apart by Ye Feng was still lying in the ruins not far away.

Swish!

Ye Feng immediately rushed over and put this half of the golden dragon's body directly into his storage ring.

At this moment, Ye Feng immediately felt that this half of the golden dragon's body contained a very majestic power, which made Ye Feng's eyes suddenly show deep surprise.

At this moment, Ye Feng did not hesitate at all, put this half of the dragon body into the storage ring, and then immediately flew back to the arena, as if nothing had happened.

Ye Feng would never return this half of the dragon body to Long Dingtian.

At this moment, in the ruins not far away, Long Dingtian slowly climbed up from the ruins.

He looked extremely embarrassed at this moment, with his hair disheveled, and he obviously suffered a serious injury.

At this moment, Ye Feng immediately laughed and said, "Didn't you say that you could defeat me within ten moves? But it seems that you are the most defeated."

Hearing Ye Feng say this, Long Dingtian immediately showed a deep ugly look in his eyes.

He never thought that Ye Feng would be so powerful.

The power of the golden giant that Ye Feng turned into just now was so terrifying that even the golden dragon that Long Dingtian turned into just now could not resist it.

In the end, Ye Feng even broke a dragon bone directly, so Long Dingtian was beaten back to his original form.

At this time, Long Dingtian immediately stared at Ye Feng and said, "Give me back the dragon god bone. If I don't have it, my entire dragon god skeleton will be completely incomplete, which will affect my future cultivation." Hearing what Long Dingtian said, Ye Feng immediately showed a faint smile in his eyes and said, "The dragon bone that I knocked off is my trophy. I can't give it back to you." Hearing what Ye Feng said, Long Dingtian's face immediately became extremely ugly.

But Long Dingtian did not continue to look at Ye Feng's knocked-off keel, because now the eyes of everyone in the audience looking at Long Dingtian were full of sarcasm and sneer, which made Long Ding Tian suddenly felt ashamed and ashamed, and couldn't stay any longer.

At this moment, Long Dingtian immediately ran away in embarrassment into the distance, preparing to leave dejectedly.

Before leaving, Long Dingtian looked at Linglong, the goddess of the Ten Thousand Dragons Divine Sect not far away, and said loudly: "Linglong, let's go back quickly, don't stay here anymore."

But what made Long Dingtian's eyes suddenly become extremely ugly and gloomy was that the goddess of the Ten Thousand Dragons Sect, Linglong's beautiful face showed a trace of rejection, and said loudly: "Son of God, you Let's go back first. I plan to continue living in the palace of the Blood Demon Dynasty for a while. I want to chat with Ye Feng, a great genius, and make friends."

"What??"

Hearing what the goddess Linglong said, Long Dingtian's expression suddenly became extremely ugly, and his eyes revealed an extremely gloomy look.

But at this time, Long Dingtian didn't want to say anything more, because he felt that he had been defeated so completely that he could no longer stay.

So at this time, Long Dingtian immediately left the scene.

At this time, the seventh prince shouted excitedly in the crowd: "Brother Ye is invincible! Brother Ye is so invincible!"

At this time, hearing the seventh prince's roar, the whole place immediately fell into a boil.

Someone couldn't help but said excitedly: "This year, our Blood Demon Dynasty finally avenged its shame and beat the Divine Son of the Ten Thousand Dragons Sect into a state of disgrace. Our Blood Demon Dynasty can finally be strong."

At this moment, most people were still very excited and happy, and felt proud of Ye Feng.

Maybe only a few people felt more jealous of Ye Feng.

So someone in the crowd whispered: "This Ye Feng is so bold that he has angered the two dominant races in the wilderness, and now he has beaten Long Dingtian so badly. I guess the Wanlong Divine Sect will also focus on Ye Feng in the future. This Ye Feng will definitely die miserably in the future!"

However, this jealous voice was quickly drowned in the enthusiastic and noisy crowd.

Countless people in the audience crowded towards Ye Feng, wanting to talk to Ye Feng face to face and express their inner admiration and excitement for Ye Feng!

Chapter 4745 Secret Team

At this time, Ye Feng was attracting everyone's attention.

Because for Ye Feng, now that he has defeated Long Dingtian, the divine son of the Ten Thousand Dragons Divine Sect, it can be said that Ye Feng's fame has suddenly started.

You know, before Ye Feng defeated Long Dingtian, Long Dingtian had always been the most outstanding genius in the entire Northern Territory.

Therefore, Long Dingtian was completely defeated by Ye Feng, and even left in embarrassment, which naturally made Ye Feng's status reach its peak.

At this moment, everyone was rushing towards Ye Feng, wanting to talk to Ye Feng to show their inner excitement.

At this time, even the goddess Linglong of the Ten Thousand Dragons Divine Sect couldn't help walking towards Ye Feng, smiling and saying: "Ye Feng, I didn't expect that we all underestimated you, but you are so powerful."

At this moment, looking at the graceful and extremely beautiful goddess Linglong of the Ten Thousand Dragons Divine Sect in front of him, he did not leave with Long Dingtian, but stayed here and even greeted himself. Ye Feng suddenly had a look in his eyes. A look of astonishment.

I guess Long Dingtian would be furious if he found out.

But at this time, Ye Feng felt it didn't matter.

Ye Feng just asked aloud: "Why didn't you leave here with the divine son of your Ten Thousand Dragons Divine Sect?"

When the goddess of the Ten Thousand Dragons Divine Sect heard what Ye Feng said, she immediately smiled and said, "Just because I am the goddess of the Ten Thousand Dragons Divine Sect does not mean that I have no freedom. No one can ask me to do anything I want to do." , not even Long Dingtian."

At this moment, Linglong, the goddess of the Ten Thousand Dragons Divine Sect, was obviously not interested in the person she worshiped before, Long Dingtian.

What she is really interested in now is Ye Feng.

At this time, Ye Feng obviously discovered this and immediately couldn't help but shook his head.

This is from the Ten Thousand Dragons Divine Sect

The goddess Linglong is really a wallflower.

In this regard, Ye Feng didn't say much. He just looked at the emperor of the Blood Demon Dynasty not far away and said with a smile: "It seems that I performed well this time."

Hearing what Ye Feng said, the emperor of the Blood Demon Dynasty suddenly showed deep joy in his eyes. He quickly walked to Ye Feng, couldn't help but patted Ye Feng's shoulder, and said loudly: "You The performance this time was indeed very good. I still remember how arrogant Long Dingtian was last year. After defeating the young genius who ranked first in the Royal Competition of our Blood Demon Dynasty, he also destroyed him. It can be said that it is a good sign for our Blood Demon Dynasty. The biggest humiliation of the Demon Dynasty, but this year, Ye Feng, you completely defeated the Dragon Dingtian, and even knocked off one of his dragon bones, causing his cultivation to suffer heavy losses. This is very important to our Blood Demon Dynasty. It can be said that it is a reprieve from the past and has once again established the majesty of our Blood Demon Dynasty."

Hearing what the emperor of the Blood Demon Dynasty said, Ye Feng immediately nodded.

At this time, Ye Feng couldn't help but said: "Now that things here are over, I should leave."

At this time, Ye Feng could not wait to return to the place where the seventh prince lived, and study and refine the two precious things he had obtained.

The reward for the first place in this royal competition is a Dragon Ball of Luck.

There is another precious thing, which is naturally the Dragon God's bone that was knocked off Long Dingtian's body.

These two things are all good things for the current Ye Feng, and they can greatly increase Ye Feng's cultivation strength.

So Ye Feng can't wait to return to his place of residence now.

land.

But at this time, the Emperor of the Blood Demon Dynasty seemed to have thought of something, and immediately said: "By the way, in half a month, our Blood Demon Dynasty will send a very secret team to the Southern Barbarians to follow The Southern Barbarian Empire is talking about a cooperation. I hope you can join this team. After all, after this royal competition, you can now be said to be the strongest top genius in our Blood Demon Dynasty and a representative of the younger generation. I hope you can Join this team and go to the Southern Barbarian Empire."

"Um?"

Hearing the emperor of the Blood Demon Dynasty say this, Ye Feng's eyes suddenly revealed a look of surprise.

I didn't expect that the emperor of the Blood Demon Dynasty would let himself join such an important team.

Because Ye Feng knew very well that he could let the Blood Demon Dynasty secretly send a team to the Southern Barbarian Empire in the Southern Barbarian Land to discuss cooperation, which is enough to show that this mission must be very mysterious and very important.

Unexpectedly, the emperor of the Blood Demon Dynasty would ask him to join this team in half a month to discuss cooperation with the Southern Barbarian Empire, because he now represents the strongest fighting force of the entire younger generation of the Blood Demon Dynasty.

Regarding this, Ye Feng wanted to think about whether he should go or not.

After all, Ye Feng felt that the Southern Barbarian Empire was too dangerous. After all, it was close to the wilderness. There was a chance that the dominant race in the wilderness would know his whereabouts and come to hunt him down.

But at this time, the emperor of the Blood Demon Dynasty immediately smiled and said: "Ye Feng, this team is very mysterious and everything needs to be kept secret, so your whereabouts will not be leaked. The main purpose is to negotiate and cooperate with the Southern Barbarian Empire. Develop an ancient mineral deposit at our border. I hope you will join this team. I am also afraid that the Southern Barbarian Empire will propose a competition with the people of our Blood Demon Dynasty.

When the time comes, you can fight on behalf of our entire younger generation. With your strong combat power, you will definitely not be afraid of the young geniuses of the Southern Barbarian Empire. And after you join this team, I didn't ask you to do this task for nothing. I will give you a generous reward. You can follow me directly. I will take you to the royal library of our Blood Demon Dynasty. You can choose any two sets of powerful inheritances from the royal library of our Blood Demon Dynasty. The inheritances are the strongest inheritances collected by our entire Blood Demon Dynasty, and they are definitely not ordinary. "

When Ye Feng heard the emperor of the Blood Demon Dynasty say this, his eyes lit up slightly, and then he nodded immediately and said: "Okay, I can join this team in half a month and go to the Southern Barbarian Empire, but , I want to get some more reward, can you give me another Luck Dragon Ball? This thing has huge energy and is of great benefit to me. I believe that the Emperor must have more than just that Luck Dragon Ball in your hand. "

"You kid..."

At this time, the emperor of the Blood Demon Dynasty couldn't help but shook his head and smiled, and then said loudly: "You really know how to speak when you find the time, but I agreed. I do

have a Luck Dragon Ball, which I planned to use to train the eldest prince. Yes, I'll give it to you now."

While Ye Feng was discussing with the Emperor of the Blood Demon Dynasty, suddenly a young man wearing a black robe slowly walked over not far away.

The aura of cultivation in this young man is very unfathomable. He is actually the great disciple of the Demonic Sect, Jun Wudao, one of the three dominant forces in the Northern Territory.

He had been silent just now, but he didn't expect that he would take the initiative to come over now.

"Um?"

When everyone saw this scene, they couldn't help but look surprised in their eyes.

Could it be that Jun Wudao, the great disciple of the Demonic Sect, also wanted to challenge Ye Feng?

Chapter 4746 Final destination

At this time, countless people's eyes were focused on Jun Wudao and Ye Feng.

They wanted to know whether Jun Wudao, the great disciple of Moshu Sect, also wanted to challenge Ye Feng.

Some people couldn't help but whisper, "Maybe there will be another exciting battle later. I don't know who is more powerful, Jun Wudao or this Ye Feng. Although Ye Feng powerfully defeated Long Dingtian, the son of the Wanlong Divine Sect, but Jun Wudao is an extremely talented person in the Moshu Sect and is the great disciple of the Moshu Sect. "

Everyone also knew very well that Jun Wudao was also a very powerful being, no weaker than Long Dingtian.

But at this time, because Ye Feng's previous power to crush Long Dingtian was too strong, many people felt that Jun Wudao could not be Ye Feng's opponent. Ye Feng is now one of the three dominant forces in the entire Northern Territory. The younger generation is the undisputed number one.

But at this time, the battle scene that everyone expected did not happen. Jun Wudao came to Ye Feng. He did not say that he wanted to fight Ye Feng, but stared at Ye Feng with a faint smile on his face. He said in a loud voice, "Ye Feng, my sister said that you are a very powerful being, a peerless genius that is rare throughout the ages. I didn't believe it at first, but after seeing it with my own eyes today, especially after seeing your battle with Long Dingtian, I I know what my sister said is right, you are indeed a rare and unique genius."

Hearing Jun Wudao say this, Ye Feng's eyes showed a look of surprise. After all, Ye Feng and this Jun Wudao seemed to have never met before.

Ye Feng couldn't help but asked, "I wonder who your sister is?"

Jun Wudao smiled and said, "Her name is Nie Qianqian, and she said she has a very good relationship with you." .??.

"Nie Qianqian?"

Hearing Jun Wudao say this at this moment, Ye Feng suddenly showed a look of astonishment in his eyes, and then couldn't help but said in surprise, "Nie Qianqian never mentioned to me that she has such a distinguished brother. , but my relationship with Nie Qianqian is indeed quite good, and we have experienced a lot together."

When he said this, Ye Feng was a little confused and couldn't help but ask, "Why is Nie Qianqian Jun Wudao?"

My sister, you don't have the same last name as her? "

Jun Wudao smiled and said, "We are second-generation relatives, and I am her cousin. However, among a family, we are the only two who can become core disciples in a dominant force like the Demonic Sect. So I have always treated her as my real sister. This time I came to the Blood Demon Dynasty specially to participate in this royal competition. My purpose is different from that of the Divine Son of the Ten Thousand Dragons Sect. I just came to see my sister. What kind of existence is the said sweetheart Ye Feng? Is he qualified to be my sister's future practice partner? But today I saw you, you are very qualified to be my sister's practice partner. I also I feel relieved."

"What?"

Hearing Jun Wudao say this, Ye Feng's eyes suddenly showed a look of astonishment.

When did she become Nie Qianqian's sweetheart?

But at this time, Ye Feng didn't say much, because Ye Feng was going to wait until the next time he saw Nie Qianqian to ask him, what did Nie Qianqian say about her to her brother?

At this moment, Jun Wudao didn't say much in this regard. He just looked at Ye Feng, smiled and said, "Actually, I really want to have a fight with you and compare, but the purpose of my coming today is just to see you, I don't want to hurt the friendship. Let's discuss it next time we meet. If there is a chance, we will meet more often in the future, because for people like you and me, the future is destined to belong to that glorious one. In the land of Zhongzhou, even the Ten Thousand Monsters Interface cannot trap eternal wizards like you and me. This high-level interface, the 'Heaven Realm', which ranks first among all the worlds, is the final destination for people like you and me."

Uh-huh!

After saying that, Jun Wudao jumped up and disappeared from the scene completely.

Seeing this scene, Ye Feng had a look of surprise in his eyes. Jun, the great disciple of the Demonic Sect,

Wu Dao, I didn't expect that he had such lofty ambitions and was very confident in himself, even more confident than Long Dingtian. It was a kind of confidence that came from the bottom of his heart.

However, although this Jun Wudao is a demonic figure, even though it is the first time we meet him, he seems to have a pretty good character.

At this time, the emperor of the Blood Demon Dynasty came over, looked at Ye Feng, and then at Jun Wudao, the eldest disciple of the Demonic Sect who was leaving. He immediately smiled and said, "Ye Feng, what are you doing now?" You are really the strongest being among the younger generation in our entire Northern Territory. Even the top geniuses among the other two overlord forces, one was defeated by you, and the other did not dare to fight you when he saw you. , and left directly, it was really amazing."

When he said this, the emperor of the Blood Demon Dynasty immediately took out a golden bead from the storage ring.

It's just another dragon ball of luck.

The emperor of the Blood Demon Dynasty handed the second Luck Dragon Ball directly to Ye Feng, and said with a smile, "Ye Feng, this is your reward. Come on, follow me to the royal library now. Take care of yourself." Choose two sets of the top inheritance of our royal family."

Ye Feng nodded and prepared to leave here with the emperor of the Blood Demon Dynasty.

But at this time, a beautiful and noble figure walked over not far away.

It is the eldest princess.

The eldest princess came to Ye Feng at this time, with a look of deep amazement in her eyes, and said loudly, "Ye Feng, your strength is really beyond my imagination, even more than I originally imagined." Much stronger, but no matter what, thank you for being able to do me a favor this time, and teach the arrogant guys under my command a lesson, letting them know that there are people outside the world, and there is a sky outside the sky. I think they will fight tooth and nail next time. Practice and work for me."

Hearing what the eldest princess said, Ye Feng just nodded with a smile and said, "It doesn't matter, it's just a small favor."

The eldest princess nodded, and then she seemed to have thought of something, and said aloud, "Originally, I was thinking about this royal wedding."

Bi, I want to compete with you, but seeing your strong fighting ability, I think it's better to forget it, it's unnecessary, I will definitely not be able to beat you. "

At this moment, even the eldest princess couldn't help but feel deeply shocked and amazed by Ye Feng's fighting power.

However, Ye Feng stared at the eldest princess at this time, and his eyes did not look down upon it, because Ye Feng knew very well that the eldest princess's inheritance was not the inheritance of the Northern Territory, but came from the land of Zhongzhou, the most glorious place in the world of monsters, and from someone in the land of Zhongzhou. Related to a super bulk.

Therefore, Ye Feng feels that the eldest princess's true strength must be very mysterious and powerful, and is not as simple as everyone imagines.

The reason why the eldest princess said this was just to give herself face in front of everyone.

Ye Feng knew very well at this moment that the eldest princess was probably the most mysterious and powerful being among the younger generation in the entire Northern Territory.

However, Ye Feng didn't say much. He just said, "Will the eldest princess join this secret team and go to the Southern Barbarian Empire?"

When the eldest princess heard what Ye Feng said, she shook her head and said loudly, "I won't go. The second-generation descendants of our dynasty are not suitable to participate in this kind of thing. In order to prevent the Southern Barbarian Empire from controlling us, the royal descendants, So as to blackmail our Blood Demon Dynasty and give up more benefits."

"Forehead?"

Hearing what the eldest princess said, Ye Feng's eyes showed a look of astonishment, and he couldn't help but said, "Are there such rogues in the Southern Barbarian Empire?"

When the eldest princess heard what Ye Feng said, she immediately smiled and shook her head, and said loudly, "Sometimes things between the dynasty and the empire cannot be thought through personal cognition and thinking. Everything is for profit."

When Ye Feng heard what the eldest princess said, he immediately nodded.

At this moment, the emperor of the Blood Demon Dynasty not far away was already waving to Ye Feng, urging Ye Feng to follow him to the royal library, select two sets of peerless inheritances, and quickly give Ye Feng the reward. It seems that he is afraid that Ye Feng will regret not joining the secret team heading to the Southern Barbarian Empire this time.

## Chapter 4747 Above the Eighth Floor

At this time, Ye Feng did not hesitate anymore and followed the emperor of the Blood Demon Dynasty and walked quickly towards a certain direction of the palace.

When Ye Feng followed the emperor of the Blood Demon Dynasty to his destination, Ye Feng immediately saw a huge pavilion built on the ground of the palace in front of him.

This pavilion has a total of eighteen floors, with three characters "Collection Pavilion" written on it.

This should be the most precious place in the entire blood demon dynasty's royal family. It is a place dedicated to storing the strongest inheritance of the entire royal family.

Ye Feng could immediately sense that there was a lot of terrifying ancient aura in this library. It should be that the elders of each generation of the Blood Demon Dynasty royal family were practicing here and guarding the entire library.

Because this is the foundation of the entire Blood Demon Dynasty and the foundation of the entire Blood Demon Dynasty.

Because practitioners can be produced continuously, but peerless inheritance is difficult to generate. Only through the accumulation of generations can we accumulate so many peerless inheritances in the library.

And so many peerless inheritances can allow ordinary practitioners to become powerful beings after practicing, and become the mainstay of the entire Blood Demon Dynasty.

Therefore, the most precious place in the entire Blood Demon Dynasty is probably the eighteenth floor library.

At this time, the emperor of the Blood Demon Dynasty took Ye Feng directly into the library.

The emperor of the Blood Demon Dynasty smiled and said: "I guess you don't care about the inheritance on the first few levels, but only the bloodline heirs of our Blood Demon Dynasty can enter the inheritance above the ninth level, so I will take you there directly The eighth floor."

When Ye Feng heard the emperor of the Blood Demon Dynasty say this, he immediately nodded, and the two of them went directly to the eighth floor of the library.

At this time, Ye Feng immediately saw that there were rows of bookshelves in the eighth floor space, and there were many books placed on each bookshelf.

At this moment, the emperor of the Blood Demon Dynasty looked directly at Ye Feng, smiled and said: "Ye Feng, you can now directly choose the eighth level.

The inheritance inside is the strongest inheritance that our blood demon dynasty royal family can provide to children who are not of our own bloodline. "

Hearing what the Emperor of the Blood Demon Dynasty said, Ye Feng immediately nodded, with a hint of expectation in his eyes, and then began to quickly search for the inheritance Ye Feng wanted among the rows of bookshelves on the eighth floor. .

Ye Feng would definitely look down on ordinary inheritance.

What Ye Feng wants is that kind of very ancient or very advanced inheritance, so that he can give full play to his current strongest combat power.

Although ordinary inheritance in Ye Feng's hands can also exert power beyond martial arts inheritance, it does not add much to Ye Feng's combat effectiveness.

Only a more advanced and ancient peerless inheritance can give full play to Ye Feng's combat power to its greatest effect.

But at this time, after Ye Feng walked around, his eyes showed a hint of disappointment.

Because Ye Feng basically looked down upon the inheritance in the eighth-level library. It could be said that they were all very ordinary inheritances.

But of course, this may be for Ye Feng, but for others, the inheritance in this eighth-level library must be quite powerful.

At this time, Ye Feng could only look at the emperor of the Blood Demon Dynasty beside him honestly, couldn't help but smile helplessly, and said loudly: "The inheritance in the eighth floor library is relatively ordinary in my eyes. He Pingping, there is no use for me to practice."

"What?"

Hearing what Ye Feng said, the emperor of the Blood Demon Dynasty immediately showed a hint of astonishment in his eyes, and couldn't help but said: "The inheritance on the eighth floor of the library is from our Blood Demon This is the strongest inheritance that a dynasty can provide to children who are not of its own clan. Even many of the royal training academies in our Blood Demon Dynasty are

The geniuses among them are very eager to come to the eighth floor of the Library Pavilion and get the qualification to select these ancient and powerful inheritances. "

The emperor of the Blood Demon Dynasty said, suddenly feeling that Ye Feng might be telling the truth and was not deliberately teasing him.

Because the emperor of the Blood Demon Dynasty had seen Ye Feng's powerful and terrifying combat power before, perhaps these so-called powerful inheritances were really ordinary and ordinary existences to Ye Feng.

At this time, the emperor of the Blood Demon Dynasty was suddenly in trouble.

Because he promised Ye Feng to choose two sets of unique and powerful inheritances that he was satisfied with.

But now Ye Feng didn't see anything.

This is a bit difficult to handle.

At this time, he saw that the emperor of the Blood Demon Dynasty was somewhat silent. Ye Feng also knew that his matter might have made it difficult for the emperor of the Blood Demon Dynasty to deal with it.

"Is it difficult to do it? Then don't do it!"

Although Ye Feng wanted to say this in his heart to complain, after all, he had a cooperative relationship with the current emperor of the Blood Demon Dynasty.

So at this time, Ye Feng immediately smiled and said: "I don't want two sets of peerless inheritance. As long as the emperor gives me two more luck dragon balls, they are of the same value."

Hearing what Ye Feng said, the emperor of the Blood Demon Dynasty immediately couldn't help but twitch the corner of his mouth slightly, and said loudly: "Do you think that the Dragon Balls of Luck are just cabbage on the roadside? Is there such a thing as there is? Of course not. It may take ten years for a Luck Dragon Ball to be born from the dragon veins of our dynasty, and many seniors of the royal family in our Blood Demon Dynasty still need the Luck Dragon Ball to extend their lifespan, including myself, who sometimes need Qi. Luck Dragon Balls are used for training, not to mention that our Blood Demon Dynasty still has so many royal blood descendants who need the cultivation of Luck Dragon Balls, so the consumption of Luck Dragon Balls is still very large. I really only have two left in my hand. The Luck Dragon Balls are now in your storage ring."

When speaking of this, the Emperor of the Blood Demon Dynasty gritted his teeth, and then said aloud: "Let's do this, I will take you to the floors above the eighth floor of the library. Although it is not open to outsiders, only It is only open to the bloodline heirs of our Blood Demon Dynasty, but there is nothing we can do now. I will tell the uncles in the library, and there should be no problem. After all, you are the strongest genius in the history of our Blood Demon Dynasty. Cultivating you can be regarded as a contribution to our Blood Demon Dynasty itself. "

Hearing the emperor of the Blood Demon Dynasty say this, Ye Feng's eyes revealed a look of surprise.

Unexpectedly, the emperor of the Blood Demon Dynasty would eventually make such a choice to take him to the place of inheritance that only heirs of the royal family could go.

Ye Feng knew that the pavilion above the eighth floor must contain the true essence of the Blood Demon Dynasty.

Unexpectedly, the emperor of the Blood Demon Dynasty would eventually be willing to take him up there.

It seemed that the emperor of the Blood Demon Dynasty valued him very much for joining this mission to the Southern Barbarian Empire.

However, Ye Feng also knows that in the recent years of the Blood Demon Dynasty, the strength of the younger generation has been particularly weak.

Now that a peerless genius like Ye Feng has finally emerged, he will definitely be sent into the team to show off his power in the Southern Barbarian Empire. In this case, the majesty of the Blood Demon Dynasty can be promoted.

That's why the Emperor of the Blood Demon Dynasty paid so much attention to Ye Feng, not only because Ye Feng himself was extremely powerful, but more importantly because Ye Feng's joining the team on this mission to the Southern Barbarian Empire could win the greatest victory for the Blood Demon Dynasty. Prestige.

At this moment, Ye Feng didn't say much, just nodded. Naturally, he was very willing to follow the emperor of the Blood Demon Dynasty into the higher level of the library, hoping to obtain a more powerful and ancient inheritance.

Because Ye Feng knew very well that the library above the eighth floor contained the blood demon dynasty's truly precious secrets that could not be passed on to the outside world.

#### Chapter 4748 Inheritance

At this moment, Ye Feng followed the emperor of the Blood Demon Dynasty and walked quickly towards the eighth floor of the library.

Soon, they arrived directly at the ninth floor.

Ye Feng glanced around slightly, and his eyes suddenly lit up.

The ninth level of inheritance is already much more advanced than the eighth level.

This made Ye Feng couldn't help but reveal an inexplicable look of helplessness in his eyes. It has to be said that the royal family of the Blood Demon Dynasty is still very cunning. They don't put their most precious inheritance secrets below the eighth floor just for fear of His imperial power could not be consolidated.

But at this time, Ye Feng didn't say anything. After all, it was very normal for the Blood Demon Dynasty to set such rules.

After all, in order to stabilize his imperial power, he had to do this. Otherwise, if the blood demon dynasty's peerless inheritance was casually learned by outsiders, the foundation of the blood demon dynasty would collapse.

At this time, Ye Feng glanced around and read all the inheritance secrets on the ninth level.

In the end, Ye Feng chose two sets of inheritances that he was very satisfied with.

Because the emperor of the Blood Demon Dynasty said that above the eighth level, starting from the ninth level, no matter which level it is, the inheritance of the Blood Demon Dynasty is of the same level. It does not mean that the higher the level, the higher the inheritance. .

Only those below the eighth floor are divided in this way.

Therefore, Ye Feng has already found two ancient and powerful inheritances that he is very satisfied with on the ninth level.

They are called "The Return of Ten Thousand Dragons" and "The Dragon's Claw" respectively.

These two sets of inheritances are both very powerful inheritances.

The two sets of inheritances that Ye Feng found on the ninth level were not only very advanced, but also suitable for him.

Ten Thousand Dragons Return to the Sect is a kind of group attack martial arts inheritance. Once used, it can use the power of the surrounding world and rules to condense

The tens of thousands of dragons gathered together from the rules of heaven and earth are like thousands of dragons galloping, like an army of dragons, capable of bursting out with crushing power and damage. It can be said that this is a mass damage attack inheritance. , at the right moment, has a huge effect.

The Dragon's Claw is a legacy with extremely terrifying single-target attacks. Once Ye Feng uses the Dragon's Claw, he can completely turn one of his hands into a giant dragon's claw, which can

cover several kilometers. , or even a distance of tens of thousands of meters, as if the ancient dragon really stretched out a claw, capable of scratching everything.

And you must know that Ye Feng's Immortal Body of God makes Ye Feng very strong. Ye Feng's golden hands are already very powerful, with terrifying pressure and heavy crushing force, so Ye Feng After practicing the inheritance of the giant dragon's claw, his golden hands turned into the claws of a majestic golden dragon tens of thousands of meters long, empowering the dragon's power. It can be seen that once Ye Feng uses this dragon's claw, Claws, how terrifying it would be.

So Ye Feng finally chose these two sets of inheritance.

According to the emperor of the Blood Demon Dynasty, these two inheritances are peerless inheritances created by an elder member of the royal family of the Blood Demon Dynasty.

Coincidentally, the emperor of the Blood Demon Dynasty also chose these two sets of inheritances for practice.

At this time, after Ye Feng got these two sets of inheritance, he was naturally very happy and quickly prepared to leave.

The emperor of the Blood Demon Dynasty couldn't help but said: "Ye Feng, all the rewards have been given to you. Don't forget to join our Blood Demon Dynasty's envoy to the Southern Barbarian Empire in half a month."

Ye Feng immediately nodded, waved his hand, and said, "Don't worry, I'll remember it."

After saying that, Ye Feng flew directly towards the residence of the Seventh Prince.

When Ye Feng returned to the residence of the Seventh Prince, the Seventh Prince and Yin Kai were already waiting in the house.

At this moment, the Seventh Prince couldn't help but asked curiously: "Brother Ye, why did my father find you alone just now?"

Ye Feng smiled and said: "There is nothing to hide. Your father wanted me to join the team that sent envoys to the Southern Barbarian Empire. In order for me to agree to join the team, he took me to

the library of your Blood Demon Royal Family. Inside, two sets of high-level inheritances were selected as rewards.”

When he said this, Ye Feng took out the two Luck Dragon Balls from his storage ring and prepared to devour them, which might enhance his own strength.

After all, this kind of luck dragon ball was only born in the blood demon dynasty's dragon veins every ten years. It is very rare and contains the essence of the dragon veins for ten years.

At this moment, even the Seventh Prince and Yin Kai stared at the Luck Dragon Ball in Ye Feng's hand with envy in their eyes.

Because even the eldest prince among the second-generation descendants of the Blood Demon Dynasty is not qualified to enjoy this precious luck dragon ball. Only when the emperor of the Blood Demon Dynasty is very happy and Long Yan is overjoyed, will he be rewarded. .

At this moment, the Seventh Prince couldn't help but nodded and said loudly: "Brother Ye, it must be very dangerous for you to go to the Southern Barbarian Empire. After all, the Southern Barbarian Empire is the largest overlord in the entire Southern Barbarian land. Command the entire Southern Barbarian land, and I have also heard that this trip to the Southern Barbarian Empire is mainly to discuss cooperation in the development of an ancient mineral deposit at the junction of our Blood Demon Dynasty and the Southern Barbarian Empire, so there will definitely be quarrels over the distribution of interests. , there is no guarantee that the strong men of the Southern Barbarian Empire will do anything to your envoy team.

hand. "

Ye Feng nodded, smiled and said: "Since I have received generous rewards from your father, I will definitely join this team."

When he said this, Ye Feng suddenly remembered that when he was exploring the ancient tomb of the Netherworld Emperor, a white-haired zombie who could perform illusions disguised himself as a red-clothed female swordsman from the ancient witch clan of the Southern Barbarian Empire. , returned to the Southern Barbarian Empire. I wonder if I can see the red-clothed female swordsman transformed from this weird white-haired zombie in the Southern Barbarian Empire this time.

At that time, Ye Feng, the female swordsman in red, had her head bitten off before her eyes and died in the pool under the tomb.

But after Ye Feng ran out of the tomb, he found that the female swordsman in red was still not dead, and had been successfully disguised as a white-haired zombie.

At that time, Ye Feng did not expose the white-haired zombie on the spot. After all, he had no cooperative relationship with the Southern Barbarian Empire, and there was no need to get rid of this scourge for the Southern Barbarian Empire.

Maybe this white-haired zombie can become his helper in the Southern Barbarian Empire.

After all, Ye Feng knew very well that even if the Blood Demon Dynasty cooperated with the Southern Barbarian Empire to develop an ancient mineral deposit, the two were after all major forces in two different regions, the Northern Territory and the Southern Barbarian Empire, and there would still be a high possibility of conflict in the future.

Even now, the behemoth Southern Barbarian Empire is eyeing the entire Northern Territory.

At this moment, Ye Feng was thinking secretly in his heart, and without any hesitation, he returned directly to his house and began to devour the two Luck Dragon Balls given to him by the emperor of the Blood Demon Dynasty.

Going to the Southern Barbarian Empire on this trip, as the seventh prince said, must be inexplicably dangerous. Naturally, he must seize the time to continue to improve his cultivation strength in order to be able to deal with all crises that may come at any time in the future.

Chapter 4749 Far ahead

Buzz!

At this time, Ye Feng directly released the Devouring Domain and began to devour the two golden Luck Dragon Balls in his hand.

These two luck dragon beads are all very precious dragon beads that can only be born in ten years from the dragon veins of the Blood Demon Dynasty. The energy contained in them is still very huge.

Even though each Luck Dragon Ball is only the size of a fist, the energy contained in it is absolutely surging, as powerful as the vast ocean.

So at this time, when Ye Feng started to devour, he immediately felt a steady stream of dragon vein energy, which was immediately injected into his Dantian, rapidly increasing his power.

At this moment, Ye Feng's cultivation aura and realm, which had been dormant for a long time, began to rise again.

You must know that Ye Feng's current cultivation level is just stuck at the half-step path opening level. This is a big bottleneck and is very difficult to break through. .??.

Therefore, Ye Feng has not yet broken through this half-step path opening realm.

But now Ye Feng has swallowed these two Luck Dragon Balls. The extremely rich power of Dragon Veins and Luck contained in the two Luck Dragon Balls is a pure and high-level energy, which directly makes Ye Feng, the big bottleneck, improve his cultivation. The realm was suddenly broken through.

Boom!

At this moment, Ye Feng's body suddenly burst out with a huge aura of cultivation.

That is the momentum of breakthrough!

At this moment, Ye Feng's cultivation level has successfully broken through the half-step of the Dao-Opening Realm and entered the true First Level of the Dao-Opening Realm!

At this moment, Ye Feng immediately felt that his combat power increased dozens of times with the breakthrough in cultivation realm.

This made Ye Feng's eyes suddenly reveal deep excitement and excitement.

But this is also very normal.

After all, this breakthrough is not an ordinary small-level breakthrough, but a breakthrough of half a big realm.

It can be said that Ye Feng's current cultivation strength is worse than

There has been a qualitative change in the past, because it has broken through to the first level of the true Dao Realm.

You must know that Ye Feng's current cultivation strength is already at a very high level among the entire Blood Demon Dynasty.

Even if we don't talk about combat power, we just talk about cultivation level. Ye Feng is now at a level far ahead!

So at this time, Ye Feng's face naturally showed a trace of smile that could not be suppressed.

With the help of the two Luck Dragon Balls, Ye Feng's cultivation finally broke through this bottleneck that had been stuck for a long time and entered the true first level of the Dao Opening Realm.

This is of great significance to Ye Feng.

After all, you must know that Ye Fengke will join the secret initial team of the Blood Demon Dynasty in half a month and head to the extremely dangerous Southern Barbarian Empire.

Therefore, the faster Ye Feng's cultivation strength improves now, the more helpful it will be for Ye Feng to go to the Southern Barbarian Empire.

After all, one's own strength is the real king.

Although Ye Feng knew that the emperor of the Blood Demon Dynasty would definitely send several seniors from the extremely powerful royal family to follow this team to the Southern Barbarian Empire.

But Ye Feng also knows that sometimes it is not very reliable to rely on others, and the most important thing is that he is strong.

That's why Ye Feng didn't have any hesitation at all, and he didn't feel any reluctance to part with it. He just swallowed the two Luck Dragon Balls and successfully broke through to the first level of the true Dao Dao Realm.

At this moment, Ye Feng's aura of breakthrough in cultivation was not concealed at all.

The Seventh Prince and Yin Kai, who were still chatting outside, sensed the extremely powerful aura of cultivation in the hall, and their eyes suddenly showed deep horror.

Then Yin Kai couldn't help but shook his head and smiled, and said helplessly

Said: "I used to regard Ye Feng as my goal and work hard to catch up, but now I find that if I regard Ye Feng as my goal, I probably won't be able to catch up in my lifetime. Ye Feng's cultivation talent is really too evil. Not only is his combat ability It is extremely powerful, and the level of cultivation has improved so quickly, which is simply contrary to common sense. "

The Seventh Prince also nodded seriously and said, "Logically speaking, generally speaking, if your cultivation level breaks through quickly, your accumulation will not be enough. If your foundation is relatively weak, your combat effectiveness will be relatively weak. But Brother Ye is just the opposite. The faster he breaks through, the more powerful his combat effectiveness becomes."

When he said this, the Seventh Prince couldn't help but shake his head, smiled hoarsely, and said, "Brother Ye can only be described as a 'freak', but this is a good thing. The stronger Brother Ye is, the more important he is to me." Big help."

When he said this, the Seventh Prince glanced at Yin Kai beside him, and suddenly said meaningfully, "Yin Kai, if you have a chance, you should ask Brother Ye for advice. Maybe you can get some true information from Brother Ye. It will also be of great benefit to your practice."

Hearing what the Seventh Prince said, Yin Kai's eyes immediately froze, and then he couldn't help but said, "His Royal Highness, the Seventh Prince, do you mean to ask me to worship Ye Feng as my disciple?"

Hearing what Yin Kai said, the Seventh Prince immediately nodded slightly, then couldn't help but sigh, and said aloud, "Actually, I knew from the beginning that a super genius like Brother Ye, who is so unparalleled in brilliance, will definitely be the best in the future. He is no longer in our Blood Demon Dynasty, so if you can learn some good inheritance from Ye Feng in Silver Armor, it will be

of great help to you or me. It just so happens that Brother Ye is now If you are still in our Blood Demon Dynasty, go and learn more.”

Hearing what the Seventh Prince said, Yin Kai could not help but stare blankly and said, "If Ye Feng wants to leave, where can he go? Our Blood Demon Dynasty is already a major force at the level of overlord in the Northern Territory." Well, if Ye Feng can really support His Highness the Seventh Prince to ascend the throne in the future, then Ye Feng can be said to be

One person is inferior to ten thousand people. "

When the seventh prince heard what Yin Kai said, he immediately shook his head and said, "You are wrong. If Brother Ye can support me to ascend to the throne, I feel that I am the one who is inferior to one person and superior to ten thousand people." People, and the one who really stands at the top and enjoys the most power is Brother Ye, but if he can really help me and become the next generation emperor of the Blood Demon Dynasty, then I have no complaints about it, and I know that Brother Ye has great ambitions , a small blood demon dynasty cannot hold him back, and he probably doesn't have much ambition for this kind of power.”

When he said this, the seventh prince sighed and said, "So Yin Kai, you are my most trustworthy and longest-lasting helper. I still hope that you can become the backbone of the entire Blood Demon Dynasty and around me in the future." "

Hearing what the Seventh Prince said, Yin Kai immediately nodded very solemnly and said, "I know His Highness the Seventh Prince, I will work hard to practice and humbly ask Ye Feng for advice."

The seventh prince nodded, then couldn't help but look in the direction of the main hall, and immediately couldn't help but shake his head and gave a bitter smile.

He knew very well that Ye Feng helped him mainly so that he could get help from the cultivation resources of the entire Blood Demon Dynasty in the future.

Once Ye Feng reaches a higher level of cultivation, he will definitely leave the Blood Demon Dynasty, or even leave the entire Northern Territory, and go to the most glorious land of Zhongzhou. There is no doubt about this. The Seventh Prince is not a fool, so he understands it very well. at this point.

But before Ye Feng left, the Seventh Prince naturally wanted Yin Kai to learn from Ye Feng. Not to mention learning all the inheritance, as long as he could learn part of Ye Feng's inheritance and talent, even if it was only one-tenth of Ye Feng's power and talent, then Silver Armor will definitely become the backbone of the entire Blood Demon Dynasty in the future, and will also become the strongest being around the Seventh Prince.

It has to be said that the Seventh Prince now values Ye Feng to the extreme, and worships and respects him to the extreme.

Chapter 4750 The Goddess Visits

At this time, Ye Feng was in the main hall, observing his next thing.

The two Luck Dragon Balls had been completely devoured by Ye Feng.

What Ye Feng wants to do now is to study the Dragon God bone that he knocked off from Long Dingtian, the son of the Wanlong Divine Sect.

Uh-huh!

At this moment, Ye Feng turned his hand, and the bone in the storage ring suddenly appeared in Ye Feng's hand.

Ye Feng's eyes lit up immediately.

This bone is no ordinary bone, but the bone of an ancient dragon god.

According to the old seniors of the royal family of the Blood Demon Dynasty, the immortal dragon god bones that Long Dingtian fused were fished out from the bottom of a very dangerous and deep ocean by the upper echelons of the Ten Thousand Dragons Divine Sect. The bones of the dragon god.

Therefore, only after the fusion of Long Dingtian can he have the power of the Dragon God, which is extremely powerful.

But he was quite unlucky to meet such a weirdo like Ye Feng.

Otherwise, he can really stand out among the younger generation in the Northern Territory.

It's a pity that Ye Feng, a genius like this, is even more powerful than him.

At this time, Ye Feng looked at the Dragon God's bone in his hand, which was emitting a faint golden light, and was thinking about how to use this Dragon God bone.

Do you also want to integrate it into your own body?

But Ye Feng didn't think it was necessary.

His own Immortal Bones of the Gods are already the strongest bones in all the worlds.

You know, the Celestial Clan is also suspected to come from another higher cultivation dimension outside the world where the great world of origin is located.

It is very likely that it comes from the outer world connected to the end of the world of the origin world.

Therefore, Ye Feng felt that there was no need to fuse this dragon god's bone.

At this time, Emperor Chu in his mind said aloud, "Ye Feng, since this bone is the Dragon God's bone,

head, then there must be very rich divine substances in it, which can greatly enhance your immortal body. You can try to break this Dragon God bone. The divine substance should be contained in this Dragon God bone. in the bone marrow. "

Hearing Emperor Chu in his mind suddenly say this, Ye Feng's eyes suddenly lit up.

Divine substances were something Ye Feng needed very much. Unexpectedly, Emperor Chu actually said that this Dragon God bone might contain very rare divine substances.

But when I think about it, it seems reasonable.

After all, this is not the bone of an ordinary dragon, but the bone of an ancient dragon god.

A dragon that can cultivate into the realm of gods is naturally very powerful, otherwise it would be impossible to be revered as a dragon god.

Therefore, Emperor Chu's guess that the bones of this dragon god contained divine substances that could only be found in gods was absolutely not groundless.

Uh-huh!

At this moment, Ye Feng didn't hesitate at all. He took out the black broken sword and wanted to split the dragon god's bones.

Boom! !

But when the black broken sword in Ye Feng's hand struck the dragon god's bones, it only made a roar, but it was unable to break the dragon god's bones.

This golden bone exuding a faint golden light was still very strong, which made Ye Feng's eyes suddenly reveal a look of surprise.

Immediately, the God's Ring in Ye Feng's hand transformed directly into the God's Sword.

A golden sword appeared in Ye Feng's hand.

Ye Feng knew the sharpness of the God's Sword.

Things from the Celestial Clan are a dimensionality-reducing blow to any interface in the universe where the Great World of Origin is located.

Because the Celestials come from a higher spiritual dimension, from the outside world.

.

Therefore, this sword of the gods can definitely cut off anything natively born in the world where the origin of the world is.

At this moment, Ye Feng held the God's Sword in his hand and directly slashed hard at the Dragon God's bone in front of him.

Click!

Sure enough, the next moment, the God's Sword did not disappoint Ye Feng. The blade was very sharp, like cutting tofu, directly cutting the huge dragon body bone in half.

The next moment, Ye Feng's eyes suddenly lit up, and he saw that there was actually a thick pile of golden liquid stored in the Dragon God's bones.

These golden liquids are definitely very thick divine substances.

Unexpectedly, Emperor Chu was right. The marrow of the Dragon God's bones indeed contained a lot of rare divine substances.

At this moment, Ye Feng didn't hesitate at all, he just knocked on the bones and sucked out the marrow, eating all the marrow inside the dragon's body bones. ??

The next moment, the divine substance contained in the bone marrow was directly integrated into Ye Feng's body.

Ye Feng's immortal body of the gods, at this moment, rapidly and continuously integrated, evolved and improved due to the accumulation of divine substances.

The original strength of Ye Feng's Immortal Body of the Gods has been upgraded to the seventh level of the fourth stage, and he has even awakened the fourth stage of the God Clan's bloodline talent, Space Wormhole.

At this time, Ye Feng absorbed the divine substance in the bones of the Dragon God. His Immortal Body of the God suddenly surged from the seventh level of the fourth stage, and directly became

stronger and upgraded to the third level of the Fourth Stage of the Immortal Body of the God. At the tenth level, it is immediately perfect!

With just one final step, Ye Feng can enter the new fifth stage of the Immortal Body of the God.

At this time, as Ye Feng's immortal body of the gods entered the fourth stage of the tenth level of perfection, Ye Feng could immediately

You can feel that your physical strength has grown and improved like never before.

Ye Feng only felt that infinite power was contained in every inch of his flesh and bones. He didn't even need to use any inheritance methods. He could burst out with monstrous power at any time, and could smash everything with a pair of iron fists.

At this time, Ye Feng was very happy. He did not expect that the Dragon God's bone knocked from Long Dingtian's body contained so much divine material, which could be said to greatly improve his immortal body.

At this time, Ye Feng couldn't help but murmured, "I wonder if when the Immortal Body of the Gods completely enters the fifth stage, I will awaken a different bloodline talent exclusive to the Gods..."

Ye Feng knew very well that this kind of bloodline talent would be of great help to his cultivation strength.

Therefore, Ye Feng is very much looking forward to the exclusive Celestial Clan bloodline talents that he can awaken if he can enter the fifth stage of the Celestial Immortal Body.

And just when Ye Feng was thinking secretly in his heart, suddenly a voice came from outside.

It was the voice of the Seventh Prince, "Brother Ye, have you finished your cultivation? A guest is coming to visit you. This guest has a very special identity. Even I didn't expect that she would come to you alone to see you."

When Ye Feng heard the voice of the Seventh Prince outside, his eyes immediately froze.

Who alone will come to visit me in my place of residence?

Could it be that the emperor sent someone to let him join the team and prepare to set off for the Southern Barbarian Empire?

However, the envoy to the Southern Barbarian Empire will not depart so soon after half a month.

But when Ye Feng walked out of his room and saw the person coming, his eyes suddenly froze.

The person who came was not a royal expert sent by the emperor of the Blood Demon Dynasty to urge him to join the team, but a slim, graceful young woman who turned out to be the goddess Linglong of the Ten Thousand Dragons Sect.
