

Ancient 4771

Chapter 4771 Illusion and Illusion

At this time, hearing these big demons say this, Ye Feng and Hong Lian's expressions became gloomy.

At this time, these top monsters from the wilderness did not hesitate at all and flew over quickly, surrounding the two of them directly in the middle.

There are a total of five in this group of big demons. Each of them still retains some of the characteristics of the demon clan, but they are all very burly in shape. They are all men from the demon clan, so they look very fierce.

At this moment, one of the top demons with two purple-gold dragon horns should be from the Amethyst Dragon Clan in the wilderness. He didn't seem to recognize Ye Feng's identity. He just stared at Ye Feng and Honglian. , smiled coldly and said, "If you are wise, hand over all the good things you got from this ancient tomb. Otherwise, you will definitely die, although your cultivation aura seems to be quite good." "It's powerful, but if I want to kill you, it will only take a little effort at most. You will definitely not escape the fate of death."

Hearing this top demon with two purple dragon horns on his head say this, Honglian smiled coldly and said, "You dare to come to us for trouble, you are looking for death."

"Hahaha!"

Hearing what Honglian said, the top demons among the five surrounding wilds immediately burst out laughing, obviously feeling very disdainful of Honglian's words.

Boom boom boom boom...

At this moment, each of the big demons burst out with their extremely powerful cultivation aura. They were all powerful existences that surpassed the level of the Dao Sacrifice Realm, and were at the sixth level of the Dao Dao Realm compared to Ye Feng's current level. The sky is about to reach a whole higher level.

I have to say that these big monsters from the wilderness are indeed quite powerful.

Ye Feng was still thinking at this time. He didn't know if the teams from the Southern Barbarian Empire and the Blood Demon Dynasty had encountered these big demons from the wilderness. But even if they had encountered them, if they united together, they probably wouldn't be all attacked. Killing, not to mention that they may not be able to encounter these big monsters. After all, the route underground of this ancient tomb is really winding and complicated, and it is difficult to meet other people.

At this moment, Ye Feng just stared at the five big monsters in front of him and said coldly, "Honglian, don't talk nonsense to them anymore. Just take action and kill them all. Let's go to the last one now." The tomb where the wealth is buried is the most important."

Because Ye Feng knew very well at this time that there were so many big monsters from the wilderness under this ancient tomb, which meant that there were not only the five big monsters in front of him, but there must be other powerful monsters in the wilderness. They all entered this underground tomb.

Ye Feng and Hong Lian naturally had to speed up, otherwise it would be a big loss if someone else got there first.

At this moment, when Ye Feng directly said to take action, Hong Lian did not hesitate at all. Holding the red sword in his hand, he immediately charged towards a big demon in front of him.

The big demon that Hong Lian rushed over was covered in black scales. It was probably not the Sun God Clan or the Amethyst Dragon Clan in the wilderness, but most likely another overlord race.

This big demon with black scales all over his body, when he saw such a weak young woman like Hong Lian rushing towards him, he immediately laughed disdainfully and said, "You are such a weak girl, I can kill you with just one hand." You crush it."

After finishing speaking, this big demon with black scales all over his body stretched out a big hand.

That big hand immediately turned into a huge bear paw, which had very terrifying destructive power. The bear paw was covered with dense scales and seemed to be extremely strong.

Obviously, this seems to be a powerful demon from the powerful demon bear clan in the wilderness.

But just when this great demon strongman from the powerful demon bear clan felt that he could crush all the red lotuses with one hand in an instant, his eyes suddenly became extremely frightened.

He saw that Honglian had suddenly transformed from a frail young woman into a flaming phoenix burning with infinite flames. It had a very terrifying sense of oppression against him, a powerful demon of the Demon Bear clan.

At this moment, this big demon of the powerful demon bear clan couldn't help but screamed in horror, "This...how is this possible?? You are actually the legendary Fire Phoenix clan, one of our demon clans The royal family!"

This great demon of the powerful demon bear clan no longer had the domineering power it had before, but became extremely frightened because it came from the pressure of vision and blood.

At this time, this great demon of the powerful demon bear clan didn't even dare to move, and just stood there blankly.

But at the next moment, the great demon of the powerful demon bear clan suddenly discovered that when the fiery red phoenix came to his eyes, it turned into a red lotus again, and then stabbed directly with the red long sword in his hand. Entering his head, he couldn't react at all. This big demon of the powerful demon bear clan was completely killed.

Before he died, he realized that everything just now was a fantasy.

He stared at Hong Lian, a young and beautiful woman, and then realized that the other party was a super master who knew the art of fantasy. He was frightened and extremely shocked just now. The flaming phoenix just now was completely transformed. fantasy.

At this moment, in the eyes of other people around, no flame phoenix appeared at all. They just saw Honglian holding the crimson sword in his hand, and then flew to this powerful demon bear clan without any hindrance. In front of the big demon, the face of this powerful demon bear demon was full of horror. He was motionless and seemed to not know how to fight. He was directly pierced through the head by the red sword in Honglian's hand. Killed instantly.

At this time, several other big demons couldn't help but shouted in confusion and anger, "Powerful Demon Bear, what on earth are you doing? Why are you suddenly motionless??"

At this moment, Ye Feng, who was standing not far away, understood that at that moment, Honglian probably used the terrifying illusion technique to cast a terrible illusion on this big demon of the powerful demon bear clan, so that's why Let the other person suddenly freeze in place.

This kind of terrifying illusion could not even be noticed by Ye Feng at the beginning, and he could not break free, let alone such a powerful demon of the Demon Bear clan who specializes in cultivating the power of the body. Naturally, he was manipulated by Hong Lian with the terrifying illusion. It is so stubborn that it is impossible to break Honglian's illusion.

At this time, there was a look of surprise in Ye Feng's eyes. It seems that if he has time in the future, he can also learn this illusion technique. After all, his soul power and mental power are so huge. If he knows the illusion technique If so, it will indeed play a huge role at the critical moment of the battle.

Chapter 4772 Two moves

And while Ye Feng was thinking secretly in his heart, the remaining four great monsters in the wilderness immediately stared at Hong Lian with frightened eyes.

They never thought that a young woman like Hong Lian, who looked ordinary, could have such terrifying abilities.

Although they didn't know what happened at that moment, it was able to make the big demon of the powerful demon bear clan freeze on the spot at that moment, unable to move at all, which is enough to show that this Honglian's method is absolutely extraordinary. Weird.

At this moment, the four big demons rushed towards Ye Feng, and then said loudly, "First kill this boy who looks easy to deal with, and then concentrate on dealing with the red one with weird methods." Clothes woman."

At this moment, the four big demons charged towards Ye Feng first, bursting out their own extremely powerful cultivation auras, obviously preparing to pick an easy one to deal with first.

But the moment they came to Ye Feng, Ye Feng smiled and said, "If you think I am easier to deal with, then I can only say that you really underestimate me."

boom! !

After saying that, Ye Feng immediately burst out his extremely powerful inheritance, the Dragon's Claw.

At this moment, Ye Feng's palm began to expand rapidly, and then expanded into a huge golden dragon claw several kilometers long.

And you must know that the physical strength of Ye Feng's current Immortal Body of God has entered the first level of the new fifth stage from the fourth stage.

Therefore, Ye Feng's body strength has become much stronger.

So Ye Feng now displays the Dragon Claw, and the golden dragon claw it turns into has terrifying power and destructive power.

Ye Feng used the golden dragon's claw to strike forward fiercely. Among the four great demons, the powerful ones were a whole level higher than Ye Feng's cultivation level, but in Ye Feng's case, Under the attack of the dragon's claw, there was no way to resist it, and it was directly blown away.

The four big monsters were blown away in an instant, and then they spurted out a mouthful of blood, and suffered heavy injuries in an instant.

"What??"

"How can this be??"

The leader has two purple-gold dragon horns on his head

The big demon immediately couldn't help but exclaimed, "Why is this kid so scary? His cultivation level is obviously a whole level lower than ours, but his combat power is so exaggerated, this is simply impossible!"

At this time, the four remaining great monsters in the wilderness were simply doubting their lives.

They originally thought Hong Lian, the female swordsman in red, was very strange, so they planned to deal with an ordinary-looking young boy like Ye Feng first.

Unexpectedly, Ye Feng's strength is even more terrifying than Honglian.

Moreover, Ye Feng completely relied on his arrogant strength to knock them all away.

What's more, Ye Feng's cultivation level is a whole level lower than theirs, but his combat power is far beyond that of big monsters like them.

This made these four top monsters from the wilderness immediately feel dizzy after being beaten, doubting life, and even felt that they were hallucinating.

After all, Ye Feng, a young warrior who was a whole level lower than them, actually blew all four of them away with one move. This was really unbelievable, it was simply impossible, but now it is. It happened.

At this moment, these four top monsters from the wilderness couldn't help but stare at Ye Feng, and they all said in horror, "Boy, who are you? How can you have such a powerful person?" Are you a super genius secretly cultivated by the Southern Barbarian Empire? But even the top genius in the Southern Barbarian Empire cannot have such terrifying strength."

Hearing what these four big demons said, Ye Feng smiled slightly and said, "Before you die, it doesn't hurt to tell you my real name. I am Ye Feng."

"What??"

"Are you that Ye Feng??"

At this moment, when these four great demons from the wilderness heard Ye Feng say his name, their eyes immediately became extremely horrified.

Because they have heard all this time that in the wilderness, the sun

The two top overlord races, the God Clan and the Amethyst Dragon Clan, jointly hunted down two young men, one of whom was named Ye Feng.

At this time, several big demons finally understood why Ye Feng was so powerful. It turned out to be the Ye Feng who was so bold and dared to provoke the Sun God Clan and the Amethyst Dragon Clan.

You know, this Ye Feng dares to kill even the ninth prince of the Wang family, the Sun God Clan, the number one overlord race, let alone others.

"Run away!"

At this moment, the four top demons immediately ran away like crazy, trying to escape from here. .??.

But at this time, Ye Feng smiled slightly and said, "You can't escape."

Wanlong returns to his clan!

At this moment, Ye Feng immediately displayed another powerful inheritance from the Blood Demon Dynasty.

Under the stimulation of Ye Feng's huge skill, a total of ten thousand energy dragons composed of golden light immediately appeared in the void behind Ye Feng, bombarding towards the front.

Like a torrent of steel, it can crush everything!

The four top demons who were running away like crazy, even though they were extremely powerful and a whole level higher than Ye Feng, they could not stop Ye Feng's terrifying attack. They were directly condensed by Ye Feng. Tens of thousands of energy dragons flew backwards when they were bombarded. Their bodies exploded and they were completely killed.

Four top demons, die!

Ye Feng directly solved it with two moves!

At this moment, Honglian, who was standing not far away, immediately clapped his hands and said in admiration, "Ye Feng, your ferocious fighting power is really terrifying, and you are also a soul master. Others I can't deal with you through the spiritual level. I think if you grow to a certain level in the future, you can be said to be invincible, because your ability is simply omnipotent, whether it is the power of the body, inheritance, or spiritual and soul. Power is strong in all aspects."

Hearing Honglian's high praise, Ye Feng just smiled and said nothing more.

boom!

Then Ye Feng directly released the Devouring Domain without any hesitation.

The huge dark field directly enveloped the entire scene, covering the five top monsters among the slain Great Wilderness.

At this moment, Ye Feng immediately began to devour the powerful skills of the five great demons.

You must know that although the combat power of these five great demons is not as good as that of Ye Feng and Hong Lian, their cultivation level is a whole level higher than Ye Feng's current Dao Opening Realm, and they are great demons at the Sacrifice Realm level.

Moreover, this top-notch demon power from the Great Wilderness is still very powerful and advanced.

So at this moment, after Ye Feng devoured five great demons, he could immediately feel that his power had grown extremely fast again. His cultivation aura also began to break through rapidly at this moment.

boom!

The seventh heaven of Kaidao Realm!

boom!

The eighth level of the Kaidao Realm!

At this moment, Ye Feng once again broke through two heavens in a row, directly breaking through to the eighth heaven of the Dao Dao Realm, and was not far from the next realm.

This made Ye Feng's eyes immediately show a look of satisfaction.

These top monsters from the wilderness dare to provoke me, so they will become the nourishment for my cultivation.

At this moment, Honglian looked at Ye Feng and said loudly, "It seems that this time in this ancient tomb, we can't find the wealth with peace of mind, because there are so many great treasures from the wilderness mixed in." Demon, I estimate that some super strong people in the wilderness may have entered this underground tomb, and there are some super strong people that we cannot deal with. "

Ye Feng also nodded solemnly. After all, Ye Feng had been hunted down by the top powerhouses of the Sun God Clan and the Amethyst Dragon Clan before, and he knew that the dominant race in these wilderness was not as simple as he imagined.

This time, they were lucky enough to encounter these not-so-powerful monsters.

At this moment, Ye Feng immediately said, "Don't waste time. Immediately go find the last tomb where wealth is buried. Then go directly to the core area of this ancient tomb and find the most precious inherited wealth of the tomb owner. Leave this tomb quickly."

Chapter 4773 True Identity

At this time, after hearing Ye Feng's words, Honglian quickly nodded in agreement.

Immediately, Honglian took Ye Feng and left the scene quickly.

Under the leadership of Hong Lian, they soon passed through the winding passages and ordinary tombs, and finally came to the third and last tomb where wealth was buried that Hong Lian knew. Tomb chamber.

But what made their eyes look horrified was that the tomb had been broken open, and the door was already in a mess.

"Oops! Someone really got there first!"

Seeing this scene, Ye Feng immediately felt a thump in his heart and rushed in quickly.

Honglian followed closely behind and entered the tomb. .??.

Then the two people saw that the ground was intact, but the entire tomb was in a mess, and no one dug the ground.

This made the two of them breathe a sigh of relief.

Honglian immediately couldn't help laughing and said, "I guess it's very likely that the big monsters in the wilderness came here and turned this place upside down, but they probably couldn't have imagined the wealth in this tomb back then. , all are buried under the ground, and there are no good things in the tombs above the ground. "

Ye Feng nodded immediately, heaving a sigh of relief in his heart, and said, "Then hurry up and dig out the wealth in this tomb."

Honglian nodded, identified the direction, and then started digging with his crimson sword in the southwest corner of the tomb.

Wow!

As the soil flew, Ye Feng immediately saw that as Honglian dug, there were actually four boxes buried under the ground.

This made Ye Feng's eyes suddenly light up.

The things in the boxes that Ye Feng got from the other two tombs before were all very precious. Now four boxes suddenly appeared in this tomb. Naturally, Ye Feng was looking forward to it very much. The contents of each box What exactly is it packed with?

At this moment, Ye Feng looked at Hong Lian beside him and said with a smile, "It's still the old method, open the boxes one by one, and then give it to whoever needs the contents of the box more."

Guren nodded in agreement.

At this moment, Ye Feng continued to be in a defensive state, even put on a set of armor, and then opened the first box.

However, there was no trap in the first box. After Ye Feng opened it, his eyes suddenly froze.

\u003c

br\u003e Because what was contained in the first box turned out to be an ancient scroll.

Uh-huh!

At this time, Ye Feng took out the scroll, slowly unfolded it, and immediately saw a painting in it. The owner of this painting was a powerful and powerful woman who looked extremely beautiful.

But other than that, there's not much else.

This scroll has no energy fluctuations and seems to be just a very ordinary scroll of beauty.

Guren standing aside smiled and said, "I want this scroll."

Hearing what Hong Lian said, Ye Feng naturally wanted it, because this scroll was not of much use to him at all. After giving it to Hong Lian, he would give priority to whatever good things were in the next box.

What Ye Feng didn't see at this moment was that Hong Lian was staring at the person in the scroll he had just spread out, with a hint of complexity in his eyes.

At this moment, after Honglian accepted the scroll, Ye Feng could not wait to walk towards the second box, and then opened it directly.

Uh-huh!

But the moment Ye Feng opened the lid of the second box, a small red figure suddenly flashed out.

Ye Feng took a closer look, and his expression suddenly changed slightly.

Another corpse insect king!

It's actually hidden in this second box!

The moment he opened it, it rushed in front of him and exploded.

At this time, Honglian standing behind him seemed to be looking at the person in the scroll, his eyes lost in thought, so he didn't react for a while.

Before Honglian could eat the corpse insect king, the corpse insect king exploded directly in front of Ye Feng, turning into a highly poisonous crimson corpse gas.

At this moment, Honglian, who was not far away, couldn't help but change his face and said quickly, "Ye Feng, hurry up and get out of the way!"

However, Honglian's words were of no use, because Ye Feng's whole body had begun to turn red, and he was obviously poisoned.

At this moment, Honglian couldn't help but said with an ugly face, "Oh no, you have already breathed the corpse insect king and exploded."

You are now powerless to recover from the poisonous energy that was generated afterwards. "

But before Hong Lian could finish her words, Ye Feng suddenly shouted, "Life energy, explode for me!"

Boom!

At this moment, a very terrifying golden life energy burst out from inside Ye Feng's body.

The next moment, something magical happened. The poison that Ye Feng was exposed to was actually forced out of his body by this majestic and powerful life force.

Ye Feng's whole body returned to normal state again.

"What?"

Seeing this scene, Honglian immediately widened his eyes slightly, as if he never thought that Ye Feng could now use the power of his body and the energy of life to inject the poisonous zombie king's corpse energy. Directly forced out of his body.

This made Honglian's eyes suddenly reveal a look of deep astonishment.

Because few creatures can do this.

At this moment, Ye Feng smiled and said, "I absorbed the divine substances in the divine gold before, which gave me a large-scale breakthrough in physical strength. Therefore, my current life energy and physical constitution are enough to carry it." It's extremely poisonous to live with the corpse insect king."

At this moment, Ye Feng was talking, with a hint of surprise in his eyes.

Unexpectedly, his Immortal Body of God has entered a new fifth stage. Even if it is only the first level of the fifth stage, Ye Feng's life energy and physical strength have been qualitatively improved, making a huge leap.

At this moment, Honglian couldn't help but give Ye Feng a thumbs up.

At this moment, Ye Feng looked into the second box and immediately discovered the second box. In addition to the corpse insect king's trap, it also contained an ancient book.

When Ye Feng saw this scene, he immediately couldn't help but said in surprise, "Is it a set of peerless inheritance?"

Ye Feng said, stretched out his hand and picked up the ancient book in the second box. Sure enough, the cover had the four characters "Netherworld Realm" written on it.

Seeing this scene, Ye Feng's eyes suddenly revealed a look of deep surprise, and he said aloud, "This seems to be a peerless inheritance in a very special field, and the inheritance in the Netherworld is very strange. Is it the same as the Netherworld?" Is there an inseparable connection with the Emperor?"

When he said this, Ye Feng looked at Hong Lian beside him and couldn't help but ask, "Hong Lian, just tell me, who is the true identity of the owner of this ancient tomb? Why is he related to the Netherworld Emperor?" There are countless connections between them, and even the inheritance is so similar."

Hearing Ye Feng's question, Honglian immediately showed a hint of complexity on his face, and then slowly said, "Okay, let me tell you, anyway, we are almost approaching the core area of the ancient tomb. Sooner or later, you will You must also know that the owner of this tomb is the wife of the Nether Emperor."

"What?"

Hearing what Honglian said, Ye Feng immediately showed a look of astonishment in his eyes.

Ye Feng never thought that the mysterious owner of the tomb under the mine was actually the wife of the Netherworld Emperor.

At this time, Ye Feng suddenly remembered that Honglian's previous attitude towards the tomb owner seemed a bit strange. On the one hand, he said that the tomb owner was far inferior to the Netherworld Emperor, but sometimes Honglian inadvertently treated this tomb owner. It seems to be particularly appreciated.

At this time, Ye Feng couldn't help but stare at Hong Lian in front of him, with an inexplicable smile on his face, and said loudly, "Hong Lian, you must have been a confidante or little crush of Emperor Netherworld back then, right? That's why the jealous wife of Netherworld Emperor has

such an inconsistent attitude towards the owner of the tomb. One moment she said that she was not worthy of Netherworld Emperor, and the other moment she said that the owner of the tomb was very extraordinary, because the wife of Netherworld Emperor must be unparalleled. You have to admit that she is extraordinary, and you specifically participated in the construction of this tomb at that time, just to steal the various cultivation resources left by the tomb owner many years later. It seems that you were very jealous of this tomb owner back then. The wife of the Netherworld Emperor."

Hearing Ye Feng's words, Hong Lian's beautiful face suddenly showed a trace of helplessness, and said loudly, "Ye Feng, please stop guessing, I am not the confidante of the Netherworld Emperor. She's not a little fangirl, and she's not jealous of the Netherworld Emperor's wife."

When she said this, Honglian shook her head and said, "Don't guess, it happened tens of thousands of years ago. It doesn't make sense to say it now. It's better to focus on exploring the wealth in the ancient tomb of the Netherworld Emperor's wife." Bar."

When talking about this, Honglian glanced at the Nether Realm in Ye Feng's hand, changed the topic directly, and said, "This set of inheritance was one of the inheritances that the Nether Emperor's wife was most proud of back then. You should practice well. It is very powerful to be able to induce the ghost spirits in the underworld to fight for you."

Chapter 4774 Ordinary

Hearing what Honglian said, Ye Feng knew that the other party might not want to talk more about what happened back then, so Ye Feng didn't ask any more questions at this time.

At this time, Ye Feng just focused on the ancient book in his hand.

At this moment, Ye Feng began to look through it and began to understand this set of inheritance called the Netherworld.

Ye Feng's comprehension speed was very fast. In less than a few minutes, Ye Feng could already begin to use the inheritance of the Netherworld.

I saw Ye Feng using the Nether Realm at this time. The space and the earth around Ye Feng seemed to have suddenly turned into the underworld, exuding a gloomy atmosphere. At the same time, there were strange ghost spirits appearing around Ye Feng. in space.

In other words, Ye Feng has now been able to release part of the Netherworld, but the scope is still relatively small.

But even so, Hong Lian standing next to him suddenly widened his eyes, and couldn't help but said in horror, "Ye Feng, have you successfully cultivated this set of Netherworld realm? This How is it possible? Have you practiced the relevant inheritance before? That's why you practiced so fast."

Ye Feng immediately shook his head and said with a smile, "I have never practiced inheritance related to the Netherworld before. This is my first time to practice this special inheritance, but it seems to be very easy to practice. I After only a few minutes of meditation, I was able to initially form a netherworld realm around me. Although the realm is not particularly large and the area is very small, I can summon the netherworld heroes for my own use. "

hiss!

Hearing what Ye Feng said, ancient figures like Hong Lian couldn't help but take a breath of cold air, and deeply realized that Ye Feng's talent might be more terrifying than she imagined.

She has seen many talents before, such as Ye Feng's extremely powerful physical strength and huge spiritual and soul power, but now she has discovered another shining point and super talent in Ye Feng, which is comprehension. force.

Ye Feng's speed of understanding was really too fast.

It's incredibly fast, it's not like what humans can do.

At this time, Honglian stared at Ye Feng in front of him and was speechless for a long time.

At this moment, Ye Feng felt that there was nothing special about it, he just felt that it was very normal.

After all, Ye Feng has been practicing this way all along.

So at this time, Ye Feng just walked towards the third box, wanting to see what was inside the third box.

When Ye Feng came to the third box, he opened the third box without any hesitation.

"This is....."

The next moment, Ye Feng's eyes suddenly lit up.

What was contained in the third box turned out to be pieces of crystal stones shining with colorful light.

You can tell at a glance that these crystals are very high-grade and precious ancient energy crystals. Otherwise, it would be impossible to emit colorful light.

Because that colorful light represents the power of different attributes.

At this moment, Ye Feng couldn't help but look at Hong Lian beside him and said, "I want the energy crystals in this box. I'll give you the contents of the fourth box."

Guren nodded and said loudly, "Okay, I'm fine."

For this kind of energy crystal, Honglian actually doesn't need much, because what Honglian needs is something with the properties of the underworld.

At this time, Honglian walked towards the fourth box and opened the fourth box directly.

The next moment Ye Feng took a look, with a look of surprise in his eyes.

I saw that inside the fourth box, there was an insect nest like a hornet's nest.

Honglian's eyes immediately lit up.

He said aloud, "This is an insect nest specially designed to cultivate the corpse insect king. It is a good thing for me."

Hearing what Hong Lian said, Ye Feng couldn't help but nodded immediately and said loudly, "The Corpse Insect King is indeed a very powerful insect. The highly toxic corpse energy produced after

it explodes, even I was afraid of it at the time." It is irresistible, and it can have huge lethality when facing the enemy. "

Hearing what Ye Feng said, Hong Lian smiled and said, "I want this insect nest to cultivate the zombie king, not because I want the zombie king to deal with the enemy, but because my zombie body wants to. If I continue to evolve, I need to eat these zombie kings to continuously improve my zombie body. Having such a zombie king's nest means that I will have a steady stream of zombies that can improve my zombie body. of nourishment."

Hearing what Honglian said, Ye Feng immediately nodded, and then felt a little chilly.

After all, if such a beautiful woman wants to improve her physical strength, she needs to eat this weird and disgusting corpse insect king, which really makes people feel a little chilly.

However, Ye Feng didn't say much at this time. Instead, he released the Devouring Domain and began to devour the dozens of energy crystals he obtained from the third box.

These energy crystals should be energy crystals that could only be excavated in ancient times. They emit colorful light and represent different attributes of energy, which are of great benefit to Ye Feng.

"Buzz..."

At this time, Ye Feng felt a huge amount of energy injected into his body as he swallowed it.

boom!

At this moment, Ye Feng's cultivation aura immediately began to increase rapidly and continuously.

boom!

Open Dao Realm Ninth Heaven!

boom!

The Great Perfection of the Tenth Level of the Kai Dao Realm!

At this time, Ye Feng's cultivation level suddenly

After breaking through two more heavens in a row, he directly entered the Great Perfection of the tenth heaven of the Kai Dao Realm. There was only the last bottleneck left in the Sacrifice Realm above the Kai Dao Realm.

This made Ye Feng's eyes suddenly filled with deep surprise. He didn't expect that this time he came to this underground tomb, and his cultivation level improved so much in a short period of time.

It has to be said that these funerary objects left in the tombs of important people in this ancient era have very rich cultivation resources. They are all unique cultivation resources of that ancient era. Naturally, Ye Feng's cultivation level has been greatly improved. quick.

After all, ordinary cultivation resources are no longer able to rapidly improve Ye Feng's cultivation. Only those ancient and advanced cultivation resources can enable Ye Feng's cultivation to continue to achieve rapid breakthroughs.

After all, as Ye Feng's cultivation level enters a higher realm, the energy required for each breakthrough by Ye Feng is simply getting larger and larger. His body is like a bottomless pit, so only the most massive cultivation resources can It can make Ye Feng's skill cultivation grow rapidly and continuously.

While Ye Feng was thinking in his heart, Honglian had already put the corpse insect king's nest in the fourth box into his storage ring. It could be seen that Honglian was also very happy to get such a An insect nest that continuously produces corpse insect kings.

In any case, this time the two of them came to this ancient tomb and got huge benefits.

At this moment, Honglian suddenly looked in a certain direction and said loudly, "Next, we will go directly to the core area. However, the core area of this ancient tomb, when I participated in the construction of this tomb, there was no I don't have the qualifications to go in, so I don't know much about the core area of this ancient tomb. I hope that you and I, Ye Feng, can help each other to enter the main tomb of the owner of this ancient tomb. "

Hearing what Honglian said, Ye Feng immediately grinned and said, "Don't worry, I will definitely do my best."

Chapter 4775 Two Doors

Originally, Ye Feng entered this ancient underground tomb just to explore various cultivation resources.

Therefore, Ye Feng was naturally very interested in the core area of this ancient tomb.

After all, that is where the owner of the tomb really stacks his good things.

And Ye Feng now also knows that the owner of this tomb turned out to be the wife of the Netherworld Emperor back then. Therefore, to be the wife of such a peerless figure, the funerary objects left in their tombs must also be very precious and ancient.

At this moment, Ye Feng immediately followed Hong Lian and continued to move quickly through the entire underground tomb.

Honglian is very familiar with the entire ancient tomb.

In less than a moment, she had led Ye Feng through the winding tomb chambers and tomb passages, and finally arrived at the core area of this ancient tomb.

At this moment, a huge golden gate stood at the entrance to this core area.

Honglian said with a smile: "Passing through this golden gate, you will enter the core area of this ancient tomb. Now that this golden gate has not been destroyed, it means that the big monsters in the wilderness have not come here yet. Look, We are the first ones here."

Ye Feng looked at the golden door in front of him, and asked with some doubts in his eyes: "How to open this golden door?"

Guren smiled and said loudly: "It's very simple."

After finishing speaking, Honglian took out a golden token from his storage ring and placed it on the groove of the golden door.

Rumble...

The next moment, the golden door opened automatically with a burst of vibration and moved towards both sides.

Seeing this scene, Ye Feng's eyes suddenly showed a look of astonishment, and then a hint of surprise appeared on his face, and he said aloud

: "It turns out that Honglian, you have prepared everything. The tokens to enter the core area of this ancient tomb have been obtained in advance."

Honglian immediately smiled and nodded, and said loudly: "I have wanted to enter the core area of this ancient tomb for a long time. Naturally, I have prepared everything, otherwise I would not be here."

And just as Honglian was talking, the golden door in front of him had automatically opened to both sides.

At this moment, Ye Feng suddenly saw that after the golden door opened, a bottomless and huge passage appeared inside.

The walls on both sides of this passage are entirely made of bronze, exuding the atmosphere of the underworld, and are engraved with ancient totems, giving people a very strange feeling.

It feels like after entering this golden gate, walking along this bronze passage to the end, it is very likely that you will reach the underworld.

This made Ye Feng's eyes immediately reveal a hint of surprise.

The owner of this ancient tomb is indeed the wife of the Netherworld Emperor. She must have had a very deep understanding of the power of the underworld. The place where she was buried actually gave off a feeling like the underworld.

At this time, Honglian led Ye Feng directly into the bronze passage behind the golden gate.

At this moment, Ye Feng glanced at some ancient totems engraved on the two surrounding bronze walls, with a hint of surprise in his eyes.

What these ancient totems depict should be things that happened in ancient times.

In the carving above, there is a tall and majestic young man, and standing next to him is a man of extraordinary splendor.

The mistress should be the Netherworld Emperor and Netherworld Emperor's wife in the ancient era depicted in the totem.

They established an unprecedentedly grand country and were able to dominate the world in Zhongzhou.

In front of them, there were countless top powerhouses and masters, prostrate on the ground, surrendering to their majesty.

It can be seen from this that how powerful the Netherworld Emperor and Netherworld Emperor's wife were back then. They were able to command countless top powerhouses and masters and use them to build an eternal kingdom.

Ye Feng continued to walk and could see the totem pattern depicted on the ancient bronze wall. In the end, the Netherworld Emperor seemed to have fallen into some terrible state. His strength declined greatly, and he was eventually defeated by several top leaders in Zhongzhou. Big forces sneak attack.

In the end, the eternal kingdom established by Netherworld Emperor and Netherworld Emperor's wife was completely destroyed.

After seeing the end, Ye Feng was a little silent.

Unexpectedly, the secret of eternal life that Emperor Netherworld pursued so hard would eventually lead to his own death and the destruction of the eternal kingdom he had established.

At this time, Ye Feng suddenly thought of the secret about eternal life that he had found in the tomb of Emperor Netherworld.

The secret of eternal life that Emperor Netherworld finally left behind was a piece of paper with four words written on it: "The God of Death has eternal life." I don't know what that means.

At this time, Ye Feng was thinking secretly and found that Honglian had brought him to the end of the bronze passage.

There are actually two doors here.

A door is made of bronze, very simple and vicissitudes of life.

The other door was made of an unknown material, exuding the aura of the underworld, and there was something on the surface.

The bright red blood looked like the door to the underworld leading to a dead Jedi.

At this moment, Ye Feng couldn't help but look at Hong Lian beside him, and asked aloud: "Which door should we take?"

Honglian pointed to the very simple-looking bronze door on the right and said, "You go through this door."

Hearing what Honglian said, Ye Feng nodded slightly.

But the next moment, Ye Feng seemed to realize something, and couldn't help but said in surprise: "I'm going to go through this door? Do you mean you want to go through the other door?"

But before Ye Feng finished speaking, Hong Lian seemed to show a trace of excitement and excitement on his face, and he rushed directly into the terrifying-looking door to the underworld on the left that was stained with blood. In an instant, Just disappeared.

Ye Feng was about to reach out and grab Hong Lian's hand, but it was too late. Hong Lian's beautiful figure had disappeared into the door to the underworld.

Buzz!

And the next moment, the door to the underworld stained with blood suddenly disappeared in front of Ye Feng's eyes.

"this....."

Seeing this scene, Ye Feng immediately showed a look of astonishment in his eyes. He didn't expect Honglian to be so impulsive.

But now only the bronze door on the right is left, and Ye Feng can only walk towards the bronze door.

Ye Feng felt that since Honglian had been with him for such a long time, Honglian would not frame him for wanting to keep the treasure to himself.

Maybe there was something Honglian wanted privately behind the gate of the underworld, but Honglian didn't want others to know, including Ye Feng.

So at this time, Ye Feng could only walk towards the Bronze Gate, wanting to see if there were any good cultivation resources behind the Bronze Gate.

Chapter 4776 Underground Kingdom

Ye Feng never expected that Honglian would suddenly leave alone.

Unexpectedly, this Honglian would enter the gate of the underworld alone and directly filled with strange blood.

And that door suddenly disappeared.

Ye Feng can only enter the bronze door on the right now alone.

At this moment, Ye Feng stretched out his hand and slowly pushed open the bronze door.

The next moment, Ye Feng saw a very shocking scene.

After the bronze door opened, an abyss appeared in front of it.

Under the abyss, Ye Feng saw and built a huge underground country with various buildings.

In the middle area of the building under this huge abyss, stands a magnificent and boundless palace.
.??.

Ye Feng saw that the entire underground kingdom was just like the eternal and immortal kingdom built by Emperor Netherworld and his wife back then, full of vastness and immortality.

Ye Feng immediately saw that there seemed to be light shining in the middle palace.

Ye Feng immediately understood that behind this bronze door was the real main tomb where the wife of the Nether Emperor was buried. It was even more magnificent than the tomb of the Nether Emperor himself.

At this time, Ye Feng suddenly thought of what Honglian had told him before, that he should take the path of the Bronze Gate.

Ye Feng suddenly understood that maybe Honglian had already known that behind the bronze door was the main tomb where the wife of the Netherworld Emperor was buried, which he really needed. There were countless treasures and cultivation resources in it.

But Honglian walked through the other door without hesitation. Why?

What is hidden behind the other door?

And that door seems to be between reality and fiction...

Ye Feng suddenly had a terrible thought in his heart. Could it be that the strange door stained with blood leads to the underworld?

Could it be said that Honglian went directly to the underworld?

\u003e

But Ye Feng didn't think much about it.

Since Honglian did that, there must be a reason for her to do that, and Ye Feng couldn't control that much.

Uh-huh!

At this moment, Ye Feng jumped directly into the huge country under the abyss, hoping to find the countless wealth and treasures that the wife of the Nether Emperor left behind in this main tomb.

But the moment Ye Feng just jumped into the abyss, Ye Feng immediately felt a terrifying pressure, pressing on himself, directly pressing himself to the ground, unable to fly.

This made Ye Feng's eyes suddenly look astonished.

Unexpectedly, there was a forbidden air formation in the main tomb where the Netherworld Emperor's wife was buried.

With such a powerful cultivation level, he was unable to fly and was suppressed on the ground.

This shows how terrifying this forbidden air formation is.

But at this time, Ye Feng did not flinch, but continued to walk towards the tomb country in the underground abyss.

Ye Feng passed through each building and found that all of these buildings were very grand and majestic, giving people a feeling of vastness and atmosphere.

This made Ye Feng couldn't help but feel very confused. He didn't know why the tomb of Emperor Netherworld looked so mediocre, but the tomb of Emperor Netherworld's wife was built so luxuriously.

It was as if the wife of the Netherworld Emperor was the emperor who controlled the entire Netherworld Kingdom back then.

At this time, Ye Feng didn't think too much, but exuded his soul power, trying to find places where wealth might be hidden in the major buildings around him.

Although Ye Feng was above the abyss, he saw a strange light flickering in the palace in the middle of the building.

But Ye Feng can't do it for the time being.

There is no rush to go there directly, after all, no one is competing with him for these treasures now.

Ye Feng is still preparing to slowly search around, trying to get all the wealth stored in it, leaving no one behind.

Soon, Ye Feng sensed an energy fluctuation through his soul power, and immediately flew quickly towards a surrounding building.

When Ye Feng flew to the place where the energy fluctuations were emitted, he immediately saw that the building was a very ancient-looking temple.

However, Ye Feng was shocked to discover that there were mummies wrapped in white cloth buried in this ancient temple.

"this....."

Seeing this scene, Ye Feng's eyes showed a hint of coldness.

The energy fluctuation that Ye Feng sensed turned out to be a flower emitting a faint blue light that grew out of thousands of mummies.

This flower, like the legendary flower of the other side, represents death.

But at this time, Ye Feng didn't hesitate at all, and directly stretched out his hand, preparing to pick off the flowers of the other shore growing among thousands of mummies in this temple. .??.

After all, this Bianhua flower has absorbed the energy of thousands of mummies' corpses and accumulated enough medicinal power. After Ye Feng swallows it and absorbs it, he will definitely be able to greatly improve his own skills.

If Honglian followed Ye Feng here and saw Ye Feng doing this, he would definitely be shocked again.

Because Ye Feng, a living human being, could absorb all kinds of weird energy, it was really shocking.

But the moment Ye Feng had just picked off the flower of the other side, the whole temple suddenly shook.

Then Ye Feng saw thousands of mummies in the temple, all of which were resurrected at once.

The white cloth wrapped around the head fell off a little,

The rotting head was exposed, and the two eyes were emitting a faint green light. In an instant, he rushed towards Ye Feng crazily, trying to tear Ye Feng into pieces.

Seeing this scene, Ye Feng immediately understood that this flower of the other shore did not grow from these thousands of mummies, but that an ancient strong man used this flower of the other shore to suppress thousands of mummies, and he Now that the Bianhua flower is picked, it is equivalent to breaking the seal, and these thousands of mummies are resurrected in an instant.

After figuring this out, Ye Feng immediately twitched the corners of his eyes, and quickly ran towards the outside of the temple with the Bianhua flower in his hand.

Because Ye Feng sensed that the breath power of each of these thousands of mummies was many times stronger than his own. They were definitely the superpowers in the immortal kingdom established by the wife of Emperor Netherworld back then. They were wrapped into mummies, placed here as a burial companion.

The superpowers born in that ancient era were all very terrifying. Even if they became mummies, they were still very terrifying and lethal.

So Ye Feng naturally doesn't want to go head-to-head with these thousands of mummies. Anyway, he has already obtained the flower of the other side, so it would be best to just run away.

But the moment Ye Feng ran out of the temple, dozens of figures with terrifying auras descended from high in the sky.

Each of these figures is very burly, and they are all big monsters in the wilderness. Their cultivation is much stronger than the big monsters that Ye Feng and Honglian encountered before, and they are much stronger than Ye Feng's current cultivation. Because the realm has become stronger by two or three realms, Ye Feng cannot resist it at all.

A big demon saw Ye Feng running out of the temple, and immediately said majestically, "Boy, stop! Are you the boy who came here early? How did you find this place? What good did you get? Hand it over quickly, or we will destroy you! "

But now Ye Feng was in no mood to talk nonsense with these big demons who were threatening him. He just shouted, "Get out of here! Don't block me!!"

Chapter 4777 Serious Injury

After Ye Feng finished speaking, he immediately burst out with a terrifying force and bombarded directly forward.

At this moment, even though the dozens of big demons that descended were two or three realms higher than Ye Feng's cultivation level, they were unprepared and attacked by Ye Feng's sudden burst of power. Several big monsters were immediately blasted away.

Then Ye Feng immediately ran quickly towards the distance, and in the blink of an eye he was almost out of sight.

Seeing Ye Feng moving so quickly, the eyes of these dozens of big demons suddenly showed deep astonishment.

A big bear-headed demon immediately couldn't help but said, "This kid is so strong. The power that burst out in that moment was even hard for us to resist. But with dozens of us strong men united together, we will definitely be able to defeat him." I can kill that kid!"

After finishing speaking, these dozens of big demons discussed specific plans, directly preparing to arrest Ye Feng.

But the moment they started, thousands of mummies wrapped in white cloth suddenly rushed out of the temple behind them.

All of them had rotten heads, their eyes were emitting a strange green light, and they were roaring towards them crazily.

"This...what is this??"

"Why did so many weird mummies suddenly appear??"

At this moment, dozens of big demons stood on the spot, with deep fear in their eyes.

Because they sensed that these mummies were very terrifying.

At this time, a big demon couldn't help but suddenly realized and shouted, "I know! That kid must be avoiding these mummies, so he didn't fight us, and we have been wasted here for such a long time. All these mummies have escaped!"

At this moment, dozens of big demons immediately chased madly in the direction of Ye Feng, trying to escape from the pursuit of these mummies.

But they have been delayed here for a long time, and they are not as fast as Ye Feng.

\u003c

So thousands of mummies suddenly surrounded dozens of big monsters.

"hateful!"

Seeing this scene, the eyes of dozens of big demons immediately became extremely gloomy.

At this moment, Ye Feng had already run away.

Ye Feng doesn't want to care about what happened behind the scenes now.

I don't want to worry about dozens of big demons and thousands of mummies, who will win in the end.

Ye Feng just wants to get out of that place now. Whether it is thousands of mummies or dozens of powerful monsters from the wilderness, they are all very powerful existences for Ye Feng. It is Ye Feng who relies on himself now. What one person cannot resist.

So Ye Feng naturally had to hurry up and escape from there at this time.

At this moment, Ye Feng fled far away, and then hid in a small collapsed building.

At this moment, Ye Feng took out the flower of the other shore that he had obtained before.

At this time, Ye Feng could see that this flower of the other side exuded a faint underworld energy, but it contained a very rich energy fluctuation.

Seeing this scene, Ye Feng didn't hesitate at all, with joy in his eyes, he opened his mouth and swallowed the flower of the other side.

boom!

At this moment, Ye Feng immediately felt that a huge energy exploded in his body.

At this moment, the medicinal power transformed from the Flower of the Other Shore was poured into every inch of Ye Feng's flesh and blood, rapidly strengthening Ye Feng's power.

Ye Feng's previous cultivation had reached the tenth level of the Dao Opening Realm, and he was at a big bottleneck.

But now Ye Feng never thought that he would accidentally obtain such a high-level useless person as Flower of the Other Shore.

Bi's elixir greatly increased Ye Feng's skills once again.

"Boom!"

At this moment, an extremely powerful momentum burst out from Ye Feng's body.

Ye Feng successfully used the medicinal power of the Flower of the Other Shore to break through the bottleneck of the tenth heavenly perfection of the Kai Dao Realm, and directly stepped into the Half-Step Sacrifice Realm above the Kai Dao Realm!

At this moment, with the breakthrough, Ye Feng could clearly feel that his power had made a huge leap, and he was much stronger than the Great Perfection of the Tenth Heavenly Level of the Opening of the Dao Realm. ??

So even if he only broke through to the half-step Dao Sacrifice Realm and did not break through to the real first level of Dao Sacrifice Realm, Ye Feng is extremely happy now.

Because no one could have imagined that he could obtain such an ancient elixir as the Flower of the Other Shore in a place like this. It could contain such a huge medicinal power and allow Ye Feng to achieve so many breakthroughs in his own cultivation.

At this moment, after Ye Feng stepped into the half-step sacrifice realm, he became more confident in himself.

Even if you meet those big demons who were two or three realms higher than you before, the gap is not that big now, and you might be able to fight.

However, Ye Feng did not go back to look for the dozens of big monsters, because Ye Feng felt that even if dozens of big monsters and thousands of mummies were fighting now, it would be of no use and he would not get any benefits. , it is better to look for other chance creations in this ancient ruins first, and then go to the previous temple after a while to see if there are any corpses of ancient demons or mummies left, maybe you can pick up some.

At this moment, Ye Feng continued to emit his soul power and cover the surroundings.

Buzz!

Almost at this moment, Ye Feng's soul power spread over a wide area.

You know, Ye Feng's soul power has increased tremendously now. After all, when dealing with the souls of evil beasts sealed in ancient totems, Ye Feng devoured a lot of souls of evil beasts.

The soul fragments have greatly increased his soul power.

Therefore, Ye Feng's soul power now covers a much wider area.

So at this time, Ye Feng spread his soul power out in an instant, covering a huge area, and soon sensed several energy fluctuations.

This made Ye Feng's eyes suddenly show a look of surprise, and he quickly flew in a certain direction.

But just at the moment when Ye Feng flew out of the collapsed building.

Swish, swish, swish!

Suddenly three tall and towering figures rushed over from a distance.

These three tall and majestic figures are exactly three members of the dozens of big demons before.

They seemed to be scattered in a battle with thousands of mummies.

The cultivation levels of these three great demons are two entire realms higher than Ye Feng's current half-step sacrifice realm.

One big demon is a master at the Dao Realm level above the Dao Sacrifice Realm, while the other two big monsters are super masters at the Dao Fu Realm level above the Dao Sacrifice Realm and the Dao Enlightenment Realm!

Together, these three great demons can be considered a very terrifying force.

But now they look very embarrassed, and they all seem to be seriously injured.

One of the legs of a big demon was torn apart by some kind of sharp claws, and he could only stand on the ground on one foot.

The other two big demons also suffered serious injuries. One's heart was almost hollowed out, and the other's head was half missing, as if half of it had been eaten away by a mummy.

However, although they all suffered injuries, the cultivation realm of these three great demons was extremely powerful after all.

So at this time, they accidentally met Ye Feng, and his eyes immediately revealed the flames of anger, and he yelled, "It's all you, kid, who made us so embarrassed! Boy, we happened to meet him now, and the three of us I will tear you into pieces!"

Chapter 4778 Too many

At this time, when Ye Feng heard what these three big monsters said, his expression was very cold and he said, "When we were in that ancient temple before, if you hadn't seen a single human boy like me, you would have wanted to rob me." Even with my wealth, you won't get close to that ancient temple, and those mummies won't hurt you. You can only blame yourself for being too greedy for all this."

Hearing what Ye Feng said, the faces of the three big demons suddenly showed gloomy looks.

One of the big demons had a very ferocious look on his face, and said with a cold smile, "No matter what, your kid is dead today."

After saying that, the big demon immediately took out his weapon, which was a purple-gold hammer.

He was holding a hammer, and he was burly, like the legendary Thunder God of War, and he struck hard at Ye Feng directly.

Wow!

The moment the purple-gold iron hammer in his hand was blasted out, streaks of purple-gold thunder and lightning burst out, forming a huge power grid, covering everything around Ye Feng. Obviously, he didn't want Ye Feng to The wind ran away.

But at this time, Ye Feng didn't even think about escaping, but just smiled coldly and said, "If it were the three of you at your peak and in a state of complete victory, maybe I wouldn't be able to resist the combined efforts of you three big demons, but You are now seriously injured, not to mention that my current cultivation level has also reached new breakthroughs. You are now three defeated soldiers and still want to deal with me. I can only say that you are too stupid and are simply asking for your own death. "

Hearing what Ye Feng said, the big demon who took action immediately laughed out loud and said disdainfully, "Your kid's cultivation level is a full realm and a half lower than mine. How dare you say such arrogant words? It's simply ridiculous." I don't know whether to live or die! Let alone the three of us joining forces, I can kill this kid instantly even if I am alone."

After saying that, the big demon held the purple gold hammer in his hand and struck it in front of Ye Feng.

But at this time, Ye Feng's face was still very calm, and he stood there as if he was frightened.

At this time, seeing Ye Feng standing still, the other two big demons suddenly showed deep sarcasm in their eyes and said, "Look at this kid, he was directly hit by the terrifying thunder and lightning power of the Purple Gold Iron Hammer." I'm so scared, hahaha!"

But the moment the two demons finished speaking, Ye Feng, who was standing still, suddenly stretched out a hand.

Buzz!

That hand immediately turned into a huge golden dragon claw, covering a range of several kilometers, full of terrifying vigor and sharpness, and suddenly hit the huge purple-gold iron claw fiercely. On top of the hammer.

Boom! !

Almost at the next moment, accompanied by an earth-shattering roar, Ye Feng's golden dragon claw smashed the purple-gold hammer into pieces.

Then Ye Feng's huge dragon claw struck hard at the big demon in front of him.

This big demon had suffered heavy injuries and his heart was almost hollowed out. Now he was severely attacked by Ye Feng's golden dragon claw. He was beaten to pieces all over and died completely with a scream.

"What??"

Seeing this scene, the two big monsters behind them who were still watching the show suddenly widened their eyes with a look of deep horror.

They immediately stared at Ye Feng and shouted, "Boy, who are you? How could you have such terrifying power? Your cultivation level is obviously lower than ours."

How come the real combat power of several great realms is so powerful? How could a super-top genius like you appear in this southern barbarian land? "

At this moment, the two big demons could be said to be completely shocked by Ye Feng's terrifying fighting power, and they were stunned for a while.

At this time, Ye Feng had an indifferent smile on his face, and at the same time, there was also a smile of surprise.

Because Ye Feng discovered that his current combat power is indeed much stronger than before.

In particular, Ye Feng once again used the dragon's claws, a set of peerless inheritance, and his dragon claws were much more powerful than before.

Because Ye Feng's current immortal body's physical strength has been improved, and Ye Feng's current cultivation has also made a huge breakthrough, Ye Feng's comprehensive combat power has increased so much all at once.

At this moment, Ye Feng walked directly towards the two remaining demons.

These two big monsters are a whole level stronger than the first big monster Ye Feng killed before, but they are both seriously injured now, and after being hurt by the mummy, they were poisoned by the mummy's corpse poison. , so their current strength may be nearly twice weaker than at their peak.

At this time, Ye Feng naturally wanted to beat up the drowned dog.

Anyway, when these big monsters from the wilderness saw me for the first time, they wanted to threaten me and ask me to hand over all the wealth obtained from this ancient tomb, otherwise they would kill me.

Therefore, Ye Feng's current approach to dealing with them is to treat them in their own way.

Uh-huh!

At this moment, Ye Feng didn't hesitate at all and immediately charged towards the two big demons in front.

These two big monsters have a somewhat vague look in their eyes at this moment.

Yu seemed to be thinking whether to escape directly or fight against Ye Feng.

But the next moment, the two big demons looked at each other, with deep determination in their eyes.

A big demon couldn't help but said, "This kid is two and a half realms lower than us after all. I don't believe he can really defeat both of us."

The other big demon nodded quickly and said, "Then let's work together to kill this kid completely."

boom!

boom!

After finishing speaking, the two big demons immediately roared loudly, and they suddenly revealed their true bodies.

One is a lizard covered with black scales, which looks like an enlarged version of the Komodo dragon, full of a very terrifying and majestic feeling.

After the other big demon turned into its true form, it turned into a powerful demon bear. The bear's paws were as big as mountains. It looked very majestic and had a strong sense of oppression.

But Ye Feng showed no fear at this time and directly unleashed the strongest power of his immortal body.

You must know that Ye Feng's current immortal body of the God has evolved and entered the first level of the fifth stage of a higher level.

Therefore, Ye Feng's physical strength has greatly increased compared to before.

At this moment, Ye Feng fully stimulated the power of his Immortal God Body, and saw endless golden light bursting out from every inch of Ye Feng's flesh, flesh and bones, making Ye Feng's whole body immediately burst out with thousands of golden light. , like turning into a young god.

And Ye Feng continued to use the Dragon Claw inheritance, turning his two palms into huge golden dragon claws, and directly collided with the two behemoths rushing in front, without any fear. , extremely fierce!

Chapter 4779 Power of Domain

Boom! !

At this moment, Ye Feng and the two big demons could be said to have fully exerted their physical strength.

The bodies transformed by these two big monsters became two behemoths, possessing extremely terrifying destructive power.

But Ye Feng's two golden dragon claws also had terrible attack power, so after they collided, huge roars suddenly sounded on the field, resounding throughout the entire surrounding underground tomb space.

At this moment, Ye Feng didn't hesitate at all. He blocked the attacks of the two big monsters with two giant dragon claws, and then directly released Ten Thousand Dragons to Return to the Clan.

Boom! !

At this moment, the void behind Ye Feng began to boil.

While the energy was rolling, long golden dragons composed of energy condensed out of Ye Feng's back.

There were a total of ten thousand of them, bombarding the front directly.

The two big demons who were bombarded by ten thousand energy dragons, even if they turned into their own bodies, with a body as tall as a mountain and extremely high defense, it was still difficult to withstand the violent bombardment of ten thousand dragons released by Ye Feng at this time. fry.

"ah!!"

"ah!!"

Along with the screams, the two big demons were directly bombarded and their injuries became more serious.

You know, they were already seriously injured, and now they were attacked by such a powerful force as Ye Feng, and their injuries were even more serious.

At this moment, the two big demons who were two realms higher than Ye Feng, seeing how ferocious and terrifying Ye Feng's attack power was, finally did not dare to confront Ye Feng, with a look of horror in their eyes. Sexy, he quickly retreated.

Because they all know that in his heyday, Ye Feng cannot stop Ye Feng's attacks at all.

Seeing the two big monsters trying to escape, Ye Feng did not hesitate and directly used the powerful inheritance created by the Netherworld Emperor's wife that he had just learned before, the Netherworld Realm.

Buzz!

Almost at this moment, the moment Ye Feng released this netherworld realm, an energy field of the underworld suddenly appeared on Ye Feng's body, directly centered on Ye Feng and covering a one-kilometer radius. go.

Ye Feng has just cultivated the Nether Realm, and the area covered is not large, but a radius of one thousand meters is enough for Ye Feng currently.

Ye Feng's Nether Realm instantly enveloped the two big demons who were about to retreat and escape.

At this moment, the two big demons were shrouded in the Nether Realm, and they immediately discovered that their blood energy was rapidly dissipating, and a kind of energy from the underworld was frantically invading their entire bodies.

This made the two big demons suddenly show deep horror in their eyes.

As if they had fallen into the underworld, they felt that their entire spiritual souls would sink into the underworld forever.

"Um?"

Seeing this scene at this moment, Ye Feng's eyes showed a look of surprise. After all, this was the first time he had released the Nether Realm in actual combat. Before, he had just practiced and experimented casually.

Unexpectedly, after the Nether Realm envelopes the enemy, it can reduce the enemy's strength, causing the enemy's spirit and soul to fall into the energy field of the underworld and fall into a trance, which can greatly reduce the enemy's combat effectiveness.

At this moment, Ye Feng did not hesitate and continued to release other abilities in the Netherworld.

For example, summon ghost spirits from the underworld to attack the enemy.

At this moment, in the huge Netherworld realm, there was suddenly the energy of the Netherworld, forming Netherworld souls in various forms.

These ghost souls are all creatures in the underworld, but Ye Feng has now attracted them directly from the underworld. They are all in the state of ghost souls. There are skeleton warriors with long knives, and there are also majestic undead bone dragons, and some There are some special forms of underworld creatures that Ye Feng can't understand, such as the eight-headed Yin spirit snake, and the strange creature that looks like a ball of twists covered with barbs.

Anyway, all kinds of Netherworld spirits with different shapes were all condensed in the Netherworld realm, and they were frantically attacking the two big monsters who were about to escape.

These two big demons were already severely injured, but now they were shrouded in the Nether Realm and attacked by so many weird Nether creatures that specialized in attacking souls. They immediately screamed and felt huge pain. It was like being pulled into the underworld and suffering the torture of the underworld.

Uh-huh!

At this moment, Ye Feng didn't hesitate at all. He immediately rushed forward, pulled out the black broken sword from his back, and slashed forward, directly killing the heads of the two big monsters. Cut it off and kill them instantly.

"call!"

After killing these three monsters at this time, Ye Feng finally breathed a sigh of relief.

If these three great demons were all in their peak state, Ye Feng felt that no matter how many tricks he had, he might not be able to fight against these three top great demon experts in the wilderness who were two or three levels stronger than himself.

But now that they were entangled by thousands of mummies, all of them were seriously injured, and there were only three big demons together, so Ye Feng was naturally able to kill them all.

At this time, Ye Feng felt that the Netherworld realm he was practicing was becoming more and more powerful.

Ye Feng originally thought that the Nether Realm might not be of much use to such a powerful enemy, but now Ye Feng suddenly discovered that once the Nether Realm is released, the power of the realm can greatly reduce the enemy's various strengths. Still very powerful.

"boom!"

At this time, Ye Feng directly released the Devouring Domain and began to devour the blood and energy of the three demons he had killed.

Although these three great demons were seriously injured, the blood energy and skills contained in their bodies were still very powerful.

So after Ye Feng swallowed it at this time, he could immediately feel a huge amount of energy being absorbed into his dantian, rapidly strengthening Ye Feng's power.

Ye Feng's cultivation aura, at this moment, immediately started to rise again with the help of the energy of these three great demons!

"boom!"

The next moment, with almost no obstacles, Ye Feng broke through the current bottleneck of the half-step Dao Sacrifice Realm and stepped directly into the first level of the real Dao Sacrifice Realm!

And it goes far beyond that.

After all, those were three top-notch demon warriors whose cultivation levels were two or three realms higher than Ye Feng's. Their energy was so powerful that it was like a vast ocean.

"boom!"

Sacrifice to the second level of Dao Realm!

"boom!"

Sacrifice to the third level of Dao Realm! ! Boom! !

At this moment, Ye Feng and the two big demons could be said to have fully exerted their physical strength.

The bodies transformed by these two big monsters became two behemoths, possessing extremely terrifying destructive power.

But Ye Feng's two golden dragon claws also had terrible attack power, so after they collided, huge roars suddenly sounded on the field, resounding throughout the entire surrounding underground tomb space. ??

At this moment, Ye Feng didn't hesitate at all. He blocked the attacks of the two big monsters with two giant dragon claws, and then directly released Ten Thousand Dragons to Return to the Clan.

Boom! !

At this moment, the void behind Ye Feng began to boil.

While the energy was rolling, long golden dragons composed of energy condensed out of Ye Feng's back.

There were a total of ten thousand of them, bombarding the front directly.

The two big demons who were bombarded by ten thousand energy dragons, even if they turned into their own bodies, with a body as tall as a mountain and extremely high defense, it was still difficult to withstand the violent bombardment of ten thousand dragons released by Ye Feng at this time. fry.

"ah!!"

"ah!!"

Along with the screams, the two big demons were directly bombarded and their injuries became more serious.

You know, they were already seriously injured, and now they were attacked by such a powerful force as Ye Feng, and their injuries were even more serious.

At this moment, the two big demons who were two realms higher than Ye Feng, seeing how ferocious and terrifying Ye Feng's attack power was, finally did not dare to confront Ye Feng, with a look of horror in their eyes. Sexy, he quickly retreated.

Because they all know that in his heyday, Ye Feng cannot stop Ye Feng's attacks at all.

Seeing the two big monsters trying to escape, Ye Feng did not hesitate and directly used the powerful inheritance created by the Netherworld Emperor's wife that he had just learned before, the Netherworld Realm.

Buzz!

Almost at this moment, the moment Ye Feng released this netherworld realm, an energy field of the underworld suddenly appeared on Ye Feng's body, directly centered on Ye Feng and covering a one-kilometer radius. go.

Ye Feng has just cultivated the Nether Realm, and the area covered is not large, but a radius of one thousand meters is enough for Ye Feng currently.

Ye Feng's Nether Realm instantly enveloped the two big demons who were about to retreat and escape.

At this moment, the two big demons were shrouded in the Nether Realm, and they immediately discovered that their blood energy was rapidly dissipating, and a kind of underworld energy was frantically invading their entire bodies.

This made the two big demons suddenly show deep horror in their eyes.

As if they had fallen into the underworld, they felt that their entire souls would sink into the underworld forever.

"Um?"

Seeing this scene at this moment, Ye Feng's eyes showed a look of surprise. After all, this was the first time he had released the Nether Realm in actual combat. Before, he had just practiced and experimented casually.

Unexpectedly, after the Nether Realm envelopes the enemy, it can reduce the enemy's strength, causing the enemy's spirit and soul to fall into the energy field of the underworld and fall into a trance, which can greatly reduce the enemy's combat effectiveness.

At this moment, Ye Feng did not hesitate and continued to release other abilities in the Netherworld.

For example, summon ghost spirits from the underworld to attack the enemy.

At this moment, in the huge Netherworld realm, there was suddenly the energy of the Netherworld, forming Netherworld souls in various forms.

These ghost souls are all creatures in the underworld, but Ye Feng has now attracted them directly from the underworld. They are all in the state of ghost souls. There are skeleton warriors with long knives, and there are also majestic undead bone dragons, and some There are some special forms of

underworld creatures that Ye Feng can't understand, such as the eight-headed Yin spirit snake, and the strange creature that looks like a ball of twists and is covered with barbs.

Anyway, all kinds of Netherworld spirits with different shapes were all condensed in the Netherworld realm, and they were frantically attacking the two big monsters who were about to escape.

These two big demons were already severely injured, but now they were shrouded in the Nether Realm and attacked by so many weird Nether creatures that specialized in attacking souls. They immediately screamed and felt huge pain. It was like being pulled into the underworld and suffering the torture of the underworld.

Uh-huh!

At this moment, Ye Feng didn't hesitate at all. He immediately rushed forward, pulled out the black broken sword from his back, and slashed forward, directly killing the heads of the two big monsters. Cut it off and kill them instantly.

"call!"

After killing these three monsters at this time, Ye Feng finally breathed a sigh of relief.

If these three great demons were all in their peak state, Ye Feng felt that no matter how many tricks he had, he might not be able to fight against these three top great demon experts in the wilderness who were two or three levels stronger than himself.

But now that they were entangled by thousands of mummies, all of them were seriously injured, and there were only three big demons together, so Ye Feng was naturally able to kill them all.

At this time, Ye Feng felt that the Netherworld realm he was practicing was becoming more and more powerful.

Ye Feng originally thought that the Nether Realm might not be of much use to such a powerful enemy, but now Ye Feng suddenly discovered that once the Nether Realm is released, the power of the realm can greatly reduce the enemy's various strengths. Still very powerful.

"boom!"

At this time, Ye Feng directly released the Devouring Domain and began to devour the blood and energy of the three demons he had killed.

Although these three great demons were seriously injured, the blood energy and skills contained in their bodies were still very powerful.

So after Ye Feng swallowed it at this time, he could immediately feel a huge amount of energy being absorbed into his dantian, rapidly strengthening Ye Feng's power.

Ye Feng's cultivation aura, at this moment, immediately started to rise again with the help of the energy of these three great demons!

"boom!"

The next moment, with almost no obstacles, Ye Feng broke through the current bottleneck of the half-step Dao Sacrifice Realm and stepped directly into the first level of the real Dao Sacrifice Realm!

And it goes far beyond that.

After all, those were three top-notch demon warriors whose cultivation levels were two or three realms higher than Ye Feng's. Their energy was so powerful that it was like a vast ocean.

"boom!"

Sacrifice to the second level of Dao Realm!

"boom!"

Sacrifice to the third level of Dao Realm! !

Chapter 4780 What a talent

At this time, Ye Feng's aura of breakthrough cultivation finally stopped completely.

At this moment, Ye Feng's eyes were full of deep surprise. He didn't expect that he had broken through so many realms of cultivation.

You know, Ye Feng only swallowed three big monsters.

Ye Feng couldn't even imagine what level of cultivation his cultivation would reach if he could devour all the top monsters among the dozens of wild beasts that entered this underground tomb at the beginning.

But no matter what, now Ye Feng's cultivation has broken through to the third level of the Sacrifice Realm, which has made Ye Feng very happy.

Ye Feng could feel that his fighting power and skill had increased and improved unprecedentedly at this moment.

At this time, Ye Feng did not hesitate and left the scene immediately.

Ye Feng knew very well that these three top demons were all killed by him because they were seriously injured and there were not many of them.

If dozens of big demons unite together, I'm afraid there's nothing I can do.

So at this time, after Ye Feng swallowed his breakthrough, he did not become arrogant, but hurriedly left the scene.

Because Ye Feng knew very well that it was probably impossible for those thousands of mummies to kill all the dozens of powerful monsters, so Ye Feng felt that he should still silently look for various opportunities to improve his abilities. The cultivation level is relatively good.

At this time, Ye Feng's soul force sensed another energy wave, and Ye Feng immediately flew quickly in that direction.

Soon, Ye Feng flew to an ancient palace.

This palace is not the central palace of this underground country, but an ordinary palace.

But in such an ordinary palace, there stood a humanoid sculpture that looked like it was made entirely of gold.

When Ye Feng saw this human sculpture, he was immediately stunned.

Because this humanoid sculpture is the same as what I was here before

Among other tombs in the underground tomb, the woman in the picture found in a box was exactly the same. She was a gorgeous and beautiful woman.

Ye Feng immediately understood that the beautiful woman in the scroll, including the image of the woman carved in this sculpture, should be the wife of the Nether Emperor, the owner of this tomb.

At this moment, Ye Feng walked up to the golden sculpture and carefully inspected the sculpture, but found nothing special.

The energy fluctuations that Ye Feng sensed suddenly disappeared when they entered the palace.

This made Ye Feng's eyes suddenly show surprise.

Logically speaking, it should be impossible for one's own induction to be wrong.

After all, Ye Feng's soul power has now reached a certain terrifying level, and his perception is still very terrifying, and it is impossible to sense it wrong.

Buzz!

At this time, Ye Feng continued to exude his soul power and carefully searched every inch of the hall.

Finally, Ye Feng discovered that the energy fluctuations he sensed seemed to be emitted from the only golden sculpture in the palace. However, the energy fluctuations were emitted every once in a

while, and then disappeared suddenly, like It's like a living thing is breathing in the golden sculpture.

This made Ye Feng's eyes suddenly show curiosity. He directly stretched out his hand and touched the golden sculpture in front of him, wanting to carefully explore what kind of secrets this golden sculpture hidden.

But the moment Ye Feng touched the golden sculpture, cracks appeared on the surface of the golden sculpture, and then the golden color on the surface fell off like fallen leaves.

The surface of the entire sculpture turned completely from gold to pure black.

Then Ye Feng's eyes suddenly revealed a look of deep astonishment.

Because Ye Feng saw it, after the gold on the surface of the golden sculpture fell off, what was revealed was a zombie covered in black hair, which looked very evil and terrifying.

Ye Feng immediately retreated quickly.

But at this time, the black zombie suddenly opened its bloody mouth. The long fangs in its mouth were like steel knives and bit into Ye Feng's palm before he could step back. ??

This black zombie seemed to have wisdom when looking at Ye Feng, with an extremely ferocious look in his eyes.

But just the next moment.

"Click" sound!

This black zombie with a sinister smile suddenly screamed in pain.

Because his fangs bit Ye Feng's palm, which actually caused his own teeth to break.

At this moment, the black zombie stared at the part of Ye Feng's palm that was bitten by him. After Ye Feng's flesh and blood were broken, the golden hand bones exposed underneath were as strong as divine iron. .

Even the fangs of this black zombie are unable to crush that bone.

This black zombie stared at the golden bone in Ye Feng's hand, and immediately couldn't help but said in horror, "Aren't you the one sent by the Netherworld Emperor to kill all the people? Are you a human or something else?" Race? How can you have such strong bones? Are these bones specially made of some kind of divine iron and fused into your own bones?"

Hearing that the black zombie actually spoke, Ye Feng immediately showed a look of surprise in his eyes.

Unexpectedly, this zombie turned into a spirit, completely different from those irrational zombies.

Ye Feng immediately couldn't help but said, "Who are you? Why did you put yourself

Disguised in the statue of the tomb owner, the Netherworld Emperor's wife? What is your purpose? Why are you asking me if I am the person sent by the Netherworld Emperor to drive everyone away? Who should be killed? "

Hearing Ye Feng's question, the black zombie immediately smiled coldly and said, "You know a lot, you know that this ancient tomb is the tomb of the Netherworld Emperor's wife. To tell you the truth, I was the Netherworld Emperor's wife back then." The builder and person in charge of the tomb, I disguised myself as a statue in the tomb of the Nether Emperor's wife, just to escape the Nether Emperor's obliteration, because after the death of the Nether Emperor's wife, all the people who built her tomb, all I have to be wiped out by the Netherworld Emperor to prevent the location and information of this ancient tomb from being revealed. Of course, I have to leave a way for myself to survive. But how can I hide a transcendent existence like the Netherworld Emperor from his detection by ordinary methods? After searching hard in ancient books, I finally found a special method that allowed me to fake death for a short period of time, and then turn into a zombie without any fluctuations in life, disguised as a sculpture in this tomb. In this way If I do, I can hide it from the sky. Countless years later, when this old boy, the Netherworld Emperor, is dead and no one cares about this ancient tomb, I can revive again. It should have been your appearance just now. The energy of life in you, It gave this underground tomb a little more life, so it accidentally woke me up from my deep sleep."

When he said this, Ye Feng was surprised to find that the black zombie in front of him was covered with black hair. The zombie hair on his body slowly fell off, and then the image of an old man wearing black clothes was revealed.

Obviously, the old man in black was not a real zombie, but used a special secret method to temporarily transform himself into a zombie form and enter a state of suspended animation, hiding it from the underworld who wanted to wipe out all the people who built the tomb. Emperor.

"What a talent."

Ye Feng looked at the old man in black, his eyes suddenly showed a hint of emotion.

In the ancient times, these characters really had many methods and wisdom.
