Chapter 4821 I fought with him

Boom!

At this time, the huge six-eyed flame unicorn was burning with terrifying flames, as if it could cover the sky and the earth and burn everything.

Moreover, the six huge eyes of this flaming unicorn are blooming with a very terrifying flame light at this moment, which seems to be able to burn everything.

At this moment, the six-eyed flame unicorn discovered that the precious fruits produced by the nine-petal flame flower that he had cultivated and guarded for so many years had been stolen by the two people, and he was naturally very angry with them. .??.

At this time, the Sun Goddess didn't know what it meant. She immediately couldn't help shouting back and said: "Six-eyed Flame Kirin, we didn't steal the fruit of your nine-petal flame flower, but I absorbed the nine-petal flame flower." It's just all the medicinal power of the petals."

Hearing what the Sun Goddess said, the six-eyed flame unicorn immediately shouted angrily and said: "You two thieves have sucked up all the life essence of the nine-petal flame flower that I carefully cultivated. No matter what, you two will definitely die, this beast will swallow up all the blood and energy of you two, so that it can make up for your sins!"

At this moment, the six-eyed flame unicorn screamed angrily, and then waved four huge hooves. Each hoof was like a pillar that shook the sky. With every step, the entire earth shook violently.

Ye Feng immediately looked at the Sun Goddess beside him, and said with some guilt: "Sun Goddess, what should we do now? There is no way we can defeat this six-eyed flame unicorn."

At this time, the Sun Goddess also had a gloomy look on her beautiful face, and she said aloud: "Even at my peak, I can only be at par with this six-eyed flame unicorn, let alone that I am seriously injured and dying now. , and I did not get the fruit of the nine-petal flame flower just now, I didn't get much energy at all, and I didn't recover much strength at all."

When he said this, Ye Feng felt a little guilty and did not dare to look at the Sun Goddess beside him, fearing that he would be exposed.

But at this time, the sun goddess

She didn't doubt Ye Feng, after all, she probably wouldn't have thought at all that Ye Feng had directly obtained the fruit of the nine-petal flame flower in such a short period of time, and even swallowed it directly, letting the sun goddess could not sense any breath of the fruit produced by the nine-petal flame flower at all.

At this moment, the Sun Goddess couldn't help but said angrily: "Which god damned thief actually stole the fruit of the nine-petal flame flower before we came to this valley. No wonder I just said that after I absorbed the power of the nine-petal flame flower, it didn't have much effect at all. It turned out that most of the energy of the nine-petal flame flower was used to condense fruits. "

Hearing the words of the Sun Goddess next to him, Ye Feng's eyes suddenly twitched slightly, but Ye Feng did not say anything more, but said expressionlessly: "Then what should we do now? I feel We can't escape."

And just as Ye Feng was talking, the flames all over the sky had formed a huge flame prison, covering the entire valley area within the scope of the flame prison.

Buzz!

At this moment, Ye Feng immediately felt as if his whole body was on fire, filled with a feeling of heat.

At this time, Ye Feng stopped, and the Sun Goddess also stopped, because the road ahead was already shrouded in a prison of flames.

The flames all over the sky turned into a prison, trapping them in the sea of fire, with no way to escape.

At this moment, the eyes of the Flame Goddess also showed a hint of determination and cruelty, and she said loudly: "This six-eyed flame unicorn is so hateful, so aggressive, I will fight him!"

After finishing speaking, the Sun Goddess suddenly opened her mouth and spat out nine golden feathers. Each golden feather was

A brilliant golden flame light bloomed, possessing terrifying burning power.

A total of nine golden feathers were spat out by the Sun Goddess, and then floated above her head.

At this moment, Ye Feng immediately showed a hint of surprise in his eyes. He quickly stared at the nine golden feathers and couldn't help but said: "It turned out to be nine feathers of the ancient Golden Crow beast!"

Ye Feng had obtained a Golden Crow feather before, and he knew deeply how precious and powerful this feather was, which was transformed from the real ancient mythical beast Golden Crow. It was very powerful, and the flames released from it were The power is enough to burn the sky and destroy the earth.

At this moment, the nine golden crow feathers released from the head of the Sun Goddess were directly arranged to form a special mysterious formation, and they suddenly charged towards the six-eyed flame unicorn in front.

Boom!

At this moment, the two collided together, and a terrifying roar broke out.

"Deng Deng Deng!"

At this moment, the Sun Goddess couldn't help but take several steps back. A trace of blood overflowed from the corner of her mouth, and her face became much pale.

Not far away, the entire head of the six-eyed flame unicorn was suddenly inserted into its body by nine golden crow feathers.

Then I saw the six-eyed flame unicorn immediately frozen in place, unable to move.

He immediately yelled and said: "You hateful witch, what did you do to me?"

The Sun Goddess looked very pale at this time, but with a sneer on her face, she said loudly: "I used nine golden crow feathers to seal all your spiritual veins. You can't exert any power now, or even move. It's hard to even move. If you dare to forcefully break the seal of these nine golden crow feathers, your meridians will be messed up and you will die!"

Hearing what the Sun Goddess said, these six-eyed flames

Qilin immediately couldn't help but said in shock and anger: "You witch is from the Sun God Clan. Are you the Sun Goddess of the Sun God Clan?"

When the Sun Goddess heard what the six-eyed flame unicorn said, she immediately smiled coldly and said: "Yes, I am the most talented Sun Goddess of the younger generation of the Sun God Clan. How about it? If you know what I am doing, just bow your head obediently. Be my mount and I'll let you go."

Hearing what the Sun Goddess said, the six-eyed flame unicorn immediately laughed out loud and said disdainfully: "If you were in peak condition, then I might run away immediately, but I can feel that you are seriously injured and dying. A golden crow feather is your last resort, right? You're dead!"

Uh-huh!

After saying that, the six-eyed flame unicorn suddenly opened its mouth and spit out a terrifying pillar of flame light, attacking towards the Sun Goddess.

The six-eyed flame unicorn immediately shouted and said: "This is the original flame inherited from my bloodline. It can burn everything into ashes. Sun Goddess, even if you are a descendant of the Golden Crow clan, you will definitely die!"

At this moment, there is an extremely huge round bead in the flame beam emitted by the six-eyed flame unicorn.

That is the inner elixir of the six-eyed flame unicorn!

Apparently in order to kill the Sun Goddess, this six-eyed flame unicorn even vomited out his own inner elixir, activating the original flame power in the inner elixir to kill the Sun Goddess.

After all, the Six-Eyed Flame Kirin is now unable to move its body and can only spray out its inner elixir to kill the Sun Goddess.

As long as he kills the Sun Goddess, the nine golden crow feathers inserted into his body will lose their effect, and he can return to normal.

Moreover, the Six-Eyed Flame Kirin laughed ferociously and said: "When I kill you, the witch, and eat you, the descendant of the Golden Crow, my bloodline will continue to transform and evolve. Maybe I can evolve into The nine-eyed black flame unicorn like my ancestor!"

Chapter 4822 Crazy once

At this moment, the six-eyed flame unicorn was speaking, his eyes full of greed.

The inner elixir he spit out, the flames released formed a sea of fire, and was about to burn directly in front of the Sun Goddess.

At this time, the Sun Goddess immediately looked at Ye Feng beside her, and couldn't help but said: "Ye Feng, please help me resist this flame. I have now sealed this six-eyed flame unicorn with nine golden crow feathers. body, but I don't have any other power."

When Ye Feng heard the Sun Goddess say this, his eyes suddenly flashed, but he did not take action immediately.

At this time, Ye Feng was thinking in his mind whether two tigers could fight each other, both sides would suffer, and then he would get an advantage.

But at this time, the Sun Goddess seemed to see through Ye Feng's thoughts. When she saw Ye Feng's hesitation, she immediately couldn't help but said angrily: "Don't think so much, if you want to see us both lose, then we will lose." If you want to reap the benefits, then your calculation is wrong. Now this six-eyed flame unicorn is at its peak state. I used nine golden crow feathers to temporarily seal his body for a while. If you watch it spit out... The flames of the inner alchemy burned me to death. This monster escaped, and you will die next. You can't defeat this six-eyed flame unicorn. Now you are the only one who can help me and resist the fire released by his inner alchemy. Only with the damage of the flames can I completely seal this six-eyed flame unicorn with the nine golden crow feathers, and then we have a chance of winning."

Hearing what the Sun Goddess said, Ye Feng immediately nodded.

In fact, Ye Feng also sighed in his heart. If the two were evenly matched, then he would be happy, and he might be able to reap the benefits.

But now the Sun Goddess is seriously injured and dying. She is unable to resist the attack of this six-eyed flame unicorn, so Ye Feng can no longer sit back and watch, and can only choose to take action.

At this moment, although Ye Feng's cultivation is far inferior to that of the Six-Eyed Flame Kirin, it should not be too big to deal with the sea of fire created by the inner elixir spewed out by the Six-Eyed Flame Kirin.

of the problem.

At this moment, Ye Feng directly inspired the power of the immortal body of the god and rushed towards the sky.

Buzz!

Ye Feng's whole body suddenly burst into bright golden light, helping him resist the terrifying power of fire.

At this moment, seeing Ye Feng actually rushing into the sea of fire, the eyes of the six-eyed flame unicorn that was sealed in place not far away suddenly revealed a look of deep astonishment, and said loudly: "You are such a How can an ant-like guy withstand the burning power of my original flame? This is impossible!"

Originally, in the eyes of this six-eyed flame unicorn, Ye Feng, who had been following the Sun Goddess, was a little person that he didn't pay attention to at all.

Because Ye Feng's cultivation aura was at a much lower level than him, he never took Ye Feng seriously, thinking that Ye Feng was just an insignificant little ant.

The main thing he has to deal with is the Sun Goddess.

Unexpectedly, at this critical moment, Ye Feng, a guy he had regarded as an ant before, would become a key figure in reversing the situation.

At this moment, the six-eyed flame unicorn could only watch Ye Feng's whole body shining with golden light, resisting the burning power of the sea of fire, and rushed directly to the inner elixir of the six-eyed flame unicorn in the sea of fire.

At this moment, the six-eyed flame unicorn immediately screamed and said: "What do you want to do? Do you want to plot the inner elixir of this divine beast? You, an ant-like boy, dare to approach my inner elixir, my inner elixir, my The temperature on the inner elixir is tens of thousands of times stronger than the power of the flames released in the sea of fire. As soon as you get close to my inner elixir, you will be burned to ashes!"

Hearing what the six-eyed flame unicorn said at this moment, the Sun Goddess could not help but speak out.

: "Ye Feng, don't try to touch the inner elixir of this six-eyed flame unicorn. What he said is not an exaggeration. The temperature in his inner elixir is indeed tens of thousands of times higher than the temperature of the surrounding sea of fire. You will definitely be burned to ashes if you get close. Even I don't dare to get close to this inner elixir. Now you just need to help me resist the attack of this sea of fire and hold on for a while. Then leave it to me. You must not take risks, lest you injure your life and disrupt my plans!"

Hearing what the Sun Goddess and the Six-Eyed Flame Kirin said, Ye Feng suddenly stopped.

At this moment, seeing Ye Feng listen to her advice and stop, the Sun Goddess immediately breathed a sigh of relief.

She was really afraid that Ye Feng would suddenly go crazy again at this time.

But at the next moment, the Sun Goddess suddenly showed a look of astonishment in her eyes, because she found that Ye Feng started to move again, slowly walking towards the six-eyed flame unicorn's inner elixir.

At this moment, Ye Feng himself could feel that the inner elixir of this six-eyed flame unicorn was indeed very terrifying. The power of the flames on the inner elixir was higher than the average temperature in the sea of fire released by the inner elixir. Tens of thousands times more.

Even though Ye Feng's Immortal Body of God has been promoted to the fourth level of the fifth stage, at this time, he still feels that he has no way to resist the flame power of the inner elixir body. He just feels that his immortal body of God is about to melt.

Although it was very dangerous and terrifying, Ye Feng suddenly thought that this might not be an opportunity for him.

Under normal conditions, it would be impossible for such a ferocious and powerful six-eyed flame unicorn to spit out its inner elixir on its own initiative.

Now that its body cannot move, it is forced to have no choice but to spit out its inner elixir to deal with the Sun Goddess.

So Ye Feng naturally thought that this might be a great opportunity for him to forcibly seize the Six Yang Flame Kirin Inner Pill.

complete

Unexpectedly, we must know that the inner elixir of an ancient monster contains the most essential energy of the ancient monster, which contains an estimated half of the ancient monster's power.

Therefore, if Ye Feng can really get the inner elixir sprayed out by this six-eyed flame unicorn, then after swallowing it, Ye Feng feels that his skill will increase explosively.

This naturally made Ye Feng excited, and even made Ye Feng a little crazy.

So at this time, Ye Feng naturally showed a crazy look in his eyes, directly activating the power of his immortal body.

In addition, Ye Feng also used the innate ability of the fifth stage of his Celestial Clan bloodline, the Celestial Aura.

Buzz!

At this moment, a halo of colorful colors suddenly appeared above Ye Feng's head.

It's the halo of the gods!

Among the abilities that Ye Feng can currently explore in God's Halo, the first is treatment, and the second is defense.

So at this time, Ye Feng released the halo of the gods, and a piece of colorful light was shed from the halo of gods, forming a seven-colored light energy mask, which had super defensive power and surrounded Ye Feng.

At this moment, Ye Feng immediately felt that the power of fire emitted by the inner elixir caused much less damage to him.

This made Ye Feng's eyes suddenly reveal a look of joy.

Then Ye Feng also used the Nether Armor, using the dark and cold aura of the underworld to condense a set of thick armor, covering his whole body.

After making all preparations, Ye Feng also activated the Nether elixir fused in his heart to release part of the power of the Nether Emperor, thus strengthening Ye Feng's physique again.

Therefore, under the triple insurance, Ye Feng dared to approach the inner elixir sprayed out by the six-eyed flame unicorn, wanting to go crazy once more.

Chapter 4823 A whole realm

At this time, whether it was the Sun Goddess or the six-eyed flame unicorn, their eyes widened when they saw Ye Feng actually starting to touch the huge inner elixir.

The six-eyed flame unicorn immediately burst into laughter and said loudly: "Sun Goddess, I originally thought that your helper was a very smart person, but I didn't expect that he turned out to be such a stupid boy. As long as he touched my The inner elixir will be burned to ashes in an instant, and you, the Sun Goddess, will die next, hahaha!"

Hearing what the six-eyed flame unicorn said, the Sun Goddess's beautiful eyes revealed a trace of gloominess, as if she did not expect Ye Feng to be so impulsive.

She was originally afraid that Ye Feng would go crazy, but she didn't expect that Ye Feng would actually go crazy.

The Sun Goddess immediately made her final struggle and shouted loudly: "Ye Feng, don't touch the inner elixir of the six-eyed flame unicorn. This ancient monster is too high in level and its cultivation is several times stronger than yours." In the great realm, even I can't resist the power of fire contained in his inner elixir. You have to know that I am a descendant of the Golden Crow clan. I can't even compete with the power of the original flame in his inner elixir, let alone you. No matter how many methods you have, you just need to help me resist the damage from the surrounding fire sea. You don't need to worry about anything else. "

But the moment the Sun Goddess finished speaking, Ye Feng ignored the Sun Goddess at all and rushed directly in front of the inner elixir spit out by the six-eyed flame unicorn, stretched out his hands and grabbed it.

Seeing this scene, the Sun Goddess couldn't help but sigh heavily. She knew that Ye Feng was finished and would be burned to ashes.

But at the next moment, what made the Sun Goddess's eyes change was that after Ye Feng grabbed the inner elixir of the six-eyed flame unicorn with both hands, it was not burned to ashes.

Although a terrifying fire power erupted from the huge inner elixir, capable of burning all things, there was no way to burn Ye Feng to ashes, and it was actually resisted by Ye Feng's various methods.

This makes the sun goddess look

He suddenly showed a look of deep astonishment. He didn't seem to have thought that Ye Feng was really so powerful. He used various methods with such a weak cultivation level to kill a high-level ancient monster like the Six-Eyed Flame Kirin. The original flame power in the inner elixir was resisted.

At this moment, the Sun Goddess couldn't help but said: "I really underestimated this boy."

At this moment, the six-eyed flame unicorn on the other side, who was laughing loudly with disdain in his eyes, now widened his eyes, as if he couldn't believe that Ye Feng, a weak and ant-like existence, could actually be able to withstand the burning of the original flame power in his inner elixir.

At this moment, the six-eyed flame unicorn couldn't help but screamed: "What kind of existence are you, kid? How could you be able to withstand the origin of my inner elixir at such a weak cultivation level?" Burning with the power of fire, this is impossible!"

At this moment, Ye Feng smiled coldly and said, "Nothing is impossible in this world."

Immediately, Ye Feng did something that horrified both the Sun Goddess and the Six-Eyed Flame Kirin.

That is, Ye Feng opened his mouth all of a sudden and swallowed the inner elixir of the six-eyed flame unicorn in front of him in an instant.

"What??"

Seeing Ye Feng do this, both the six-eyed flame unicorn and the sun goddess suddenly widened their eyes, as if they never thought that Ye Feng could do such a bold thing.

Originally, they were very shocked when they saw Ye Feng approach the inner elixir with both hands and it was not burned to ashes.

Unexpectedly, Ye Feng did something that made them even more horrified. He directly swallowed such an inner elixir that could burn all things.

abdomen.

After all, you must know that the internal organs of the human body are very fragile, but they cannot withstand the burning of such a terrifying flame. Even the Sun Goddess dare not directly swallow the inner elixir of this six-eyed flame unicorn.

At this moment, the Sun Goddess was so shocked that she didn't know what to say.

The six-eyed flame unicorn opposite also widened his eyes, as if he didn't know what to do.

"puff!"

And at the next moment, the six-eyed flame young man spat out a mouthful of blood, and then said with disbelief and horror on his face: "Impossible! You kid has actually begun to digest the inner elixir of this divine beast. The connection between this divine beast and the inner alchemy is broken!"

At this moment, Ye Feng has begun to frantically devour and absorb the flame evolution energy contained in this inner elixir.

At this time, Ye Feng's eyes were filled with deep excitement.

Because you must know that this six-eyed flame unicorn is an extremely terrifying existence.

This six-eyed flame unicorn is an overlord-level beast in this vast wilderness. Otherwise, it would not be possible for the Sun Goddess to be so afraid.

Therefore, the inner elixir swallowed by Ye Feng naturally contains extremely powerful energy, and is the agglomeration of all the flame essence of the entire Six-Eyed Flame Kirin.

At this moment, Ye Feng could immediately feel the flame energy rolling like a vast ocean, surging in his limbs.

Ye Feng instantly felt that his power was growing crazily at an incredible speed.

At this moment, with the help of the advanced inner elixir of this six-eyed flame unicorn, all of Ye Feng's cultivation bottlenecks began to rapidly and continuously break through and climb up, and the improvement in cultivation was like an explosive growth.

boom!

The first level of Tianyang Realm!

The second level of Tianyang Realm!

The fourth level of Tianyang Realm!

The fifth level of Tianyang Realm!

Boom boom boom boom...

Finally at the end, Ye Feng's cultivation level directly broke through to the first level of Shenyang Realm above Tianyang Realm! !

At this moment, Ye Feng's cultivation base made rapid and continuous breakthroughs, and he broke through an entire realm in a row, making Ye Feng's cultivation strength an unparalleled evolution.

At this time, Ye Feng could feel that after he digested and swallowed the inner elixir of the six-eyed flame unicorn, his power was growing at an incredible speed.

Moreover, Ye Feng could feel that his combat power had improved so much with his cultivation, and a huge leap had occurred all of a sudden.

At this time, Ye Feng's eyes suddenly showed deep excitement, and then he laughed loudly and said: "My cultivation level has improved so much all of a sudden, thanks to you two."

After finishing speaking, Ye Feng's eyes suddenly showed a hint of domineering and coldness, and then he shouted loudly: "The true form of the emperor!"

boom!

At this moment, Ye Feng's entire body suddenly expanded rapidly, and then turned into a black giant, tens of thousands of meters tall, standing tall and towering, full of terrifying momentum.

It is the true form of the Netherworld Emperor!

At this time, Ye Feng's cultivation level suddenly improved so much. When he turned into the true form of the Netherworld Emperor, his combat effectiveness and strength naturally became countless times stronger.

At this moment, Ye Feng was freed from all restraints and stepped into the wilderness, with the blue sky above his head. He first looked at the six-eyed flame unicorn, smiling coldly and with evil intentions in his eyes.

Chapter 4824: Turning against guests

At this moment, Ye Feng's cultivation has broken through a whole realm, and he has also directly released the true form of the Netherworld Emperor. This makes Ye Feng's momentum and strength naturally expand to an extreme at this moment.

So at this time, Ye Feng had no fear at all when facing the seriously injured Sun Goddess and the six-eyed flame unicorn.

If it were the Sun Goddess or the six-eyed flame unicorn at its peak, Ye Feng would never be able to fight against it.

Even if Ye Feng has broken through an entire realm now, he probably won't be able to fight against it.

But now the Sun Goddess can be said to be seriously injured. The six-eyed flame unicorn is now sealed in place by nine golden crow feathers, and the inner elixir that the six-eyed flame unicorn has condensed half of its power has been devoured by herself.

Therefore, without the most precious inner elixir, the natural aura of this six-eyed flame unicorn also became extremely weak.

It can be said that the Sun Goddess and the Six-Eyed Flame Kirin were originally top masters, but now they can be said to be seriously injured.

Ye Feng has now broken through a whole realm and turned into the true form of the Netherworld Emperor. He is naturally extremely powerful. In front of two top masters, he doesn't need to be afraid of anything anymore.

Now Ye Feng has truly become the leader of this battle.

So at this moment, Ye Feng's eyes suddenly showed a deep cold look, and he walked directly in front of the six-eyed flame unicorn.

At this moment, the six-eyed flame unicorn was still sealed in place by the nine golden crow feathers. He stared at the huge Nether Emperor's true form transformed by Ye Feng, with a look of deep shock and anger in his eyes, and spoke out. Said: "The damn boy actually swallowed my inner elixir. When I get out of trouble, I will cut your boy into pieces and smash his bones into ashes!"

Boom!

But the moment the Six-Eyed Flame Kirin finished speaking, Ye Feng stretched out a hand and directly blasted the Six-Eyed Flame Kirin into the ground.

Then Ye Feng stretched out a foot and stepped on the huge head of the six-eyed flame unicorn on the ground. He smiled coldly and said, "You are no longer qualified to yell at me. Those who know better will recognize me as Lord."

The reason why Ye Feng didn't want to kill this six-eyed flame unicorn was mainly to find the location of the ancient tomb of the Lord of the Wilderness.

The Old Man of Ten Thousand Beasts said before that the Lord of the Wilderness is a nine-eyed black flame unicorn, and this six-eyed flame unicorn just said that the nine-eyed black flame unicorn seems to be his ancestor.

Therefore, Ye Feng felt that this six-eyed flame unicorn must know about the burial place of the nine-eyed black flame unicorn, the lord of the wilderness.

However, Ye Feng couldn't say it to his face now, so he had to subdue this six-eyed flame unicorn first.

At this moment, being stepped on by Ye Feng, the six-eyed flame unicorn immediately let out a roar of anger and shame: "Boy, something like an ant dares to step on me now, I will definitely I'm going to kill you, ah ah!"

Boom!

Boom!

But at this time, Ye Feng just mechanically stepped down, then stepped down again, blinding three of the six-eyed flame unicorn's eyes.

Ye Feng's fierce and ferocious look at this moment made this six-eyed flame unicorn immediately feel the fear of death.

He was really afraid that Ye Feng would go crazy and would trample it to death.

At this time, the six-eyed flame unicorn couldn't stand the horrific pain and the threat of death, and immediately shouted out: "I lost! I surrender! I am willing to surrender to you, as long as you don't kill me That's it!"

Hearing that the six-eyed flame unicorn softened, Ye Feng naturally showed a trace of satisfaction in his eyes, and said loudly: "Then give me one of your souls, and stay by my side from now on. "

Ye Feng has now swallowed the inner elixir of the six-eyed flame unicorn, so if he devours the six-eyed flame unicorn himself, the effect will not be that great anymore. It is better to let it surrender to him, and it can still play a huge role.

After all, the strength of this six-eyed flame unicorn is still very terrifying.

Moreover, the Old Man of Beasts is missing, and Ye Feng still needs to rely on this six-eyed flame unicorn to find the burial place of the Lord of the Wilderness.

Hearing what Ye Feng said at this time, although this six-eyed flame unicorn was very angry and unwilling, in order not to be killed by Ye Feng, the six-eyed flame unicorn

Yan Qilin could only struggle and nodded, dedicating one of his souls to Ye Feng.

At this moment, Ye Feng grabbed the soul of this six-eyed flame unicorn, trapped it in his soul, and then said aloud: "Okay, since you sincerely gave me a soul, from now on you will become Under my command."

Ye Feng knew very well that as long as he could control part of the six-eyed flame unicorn's soul, he would not be afraid of the other party betraying him, because he could know the six-eyed flame unicorn's inner thoughts at any time through this soul.

And as long as this soul is detonated, the six-eyed flame unicorn itself will suffer huge damage, even death.

At this moment, the six-eyed flame unicorn could only nod unwillingly, and then followed Ye Feng's side, watching Ye Feng's lead.

At this moment, he saw that Ye Feng had directly subdued the six-eyed flame unicorn, an ancient evil beast, and the sun goddess not far away had a look of deep horror in her beautiful eyes.

She never expected that Ye Feng could reverse the situation in a short period of time, and also put everything on the field under his control. This really shocked the Sun Goddess. It seemed that there was no To think that Ye Feng, a young man like an ant, could do all this in a short period of time, it requires great courage and wisdom to be able to do it.

At this time, the Sun Goddess looked at Ye Feng, who was not far away, and found that Ye Feng had turned into his original human size and flew quickly towards him.

At this moment, the Sun Goddess couldn't help but said: "Ye Feng, what do you want to do?"

At this time, even the Sun Goddess, a most magnificent goddess-level figure in the Sun God Clan, felt a little nervous at this moment.

Because she is now seriously injured and dying, and Ye Feng has now directly subdued the six-eyed flame unicorn, Ye Feng is now fully qualified to control his own destiny, and has turned his back.

At this time, the six-eyed flame unicorn followed behind Ye Feng, staring at the Sun Goddess with its huge eyes, and couldn't help but said greedily: "Master Ye Feng, why don't you let me eat this Sun Goddess? I just want to eat it." If I have this descendant of the Golden Crow clan, my bloodline will be

After a huge improvement, if I can transform into a nine-eyed black flame unicorn like my ancestor, I will definitely be able to help Master Ye Feng in the battle. "

Hearing what the six-eyed flame unicorn behind him said, Ye Feng just glanced at him lightly and didn't say much, obviously disagreeing with him.

This made the Six-Eyed Flame Qilin's eyes suddenly show a look of disappointment, but he did not dare to say anything more, after all, his destiny now lies in Ye Feng's hands.

At this moment, Ye Feng just stared at the Sun Goddess in front of him, smiled slightly and said: "I remember you asked me before, if our cooperation ends in the future, will we become mortal enemies who kill each other, and I have already I have answered your question. Whether we become mortal enemies depends on your attitude towards me, Goddess of the Sun. I know that you have no intention of killing me, but it is impossible for me to continue to help you regain your strength in the future, and just now I need to take away the nine golden crow feathers as the price for forcing me to do things during this period."

At this moment, Ye Feng said, a hint of cunning appeared in the depths of his eyes.

Ye Feng did not want to kill the sun goddess. After all, the other party did not have any killing intention towards him, but just wanted to force him to help her regain her strength.

Moreover, Ye Feng also has a deep plan in his heart, which is to use this Sun Goddess and this rebellious boy to kill his biggest enemy among the Sun God Clan, the current leader of the Sun God Clan, a peerless figure.

Ye Feng knew very well that based on his current speed of cultivation, he would not be able to kill the leader of the Sun God Clan head-on until he had practiced until the year of the monkey.

Therefore, some more covert methods can be used, such as using the Sun Goddess, an internal figure of the Sun God Clan, to fight for power and gain, and perhaps let the Sun Goddess kill the leader of the Sun God Clan.

At this moment, Ye Feng was thinking and put away the nine golden crow feathers inserted on the top of the flame unicorn's head. Together with the other golden crow feather he had obtained before, there were ten golden crow feathers in total, which were all very precious treasure.

At this time, Ye Feng seemed to have thought of something. He looked at the Sun Goddess in front of him and said, "By the way, hand over the secret of the sealing formation you used to form with these nine golden crow feathers."

Chapter 4825 Gained freedom

When Ye Feng said this, the Sun Goddess looked very unhappy, because Ye Feng was simply aggressive now.

But at this time, I thought of Ye Feng's incomparable strength, and that Ye Feng had conquered the six-eyed flame unicorn. There was no way to deal with Ye Feng anymore, because the Sun Goddess was still seriously injured.

At this moment, the Sun Goddess could only take out a book with a rather gloomy expression, threw it to Ye Feng, and said loudly: "The method of using the Golden Crow Feathers is recorded in this book."

Ye Feng got the book, and his eyes immediately showed joy.

Because Ye Feng knew very well that every Golden Crow feather contained the divine power of the ancient mythical beast Golden Crow. When so many Golden Crow feathers are combined together and used special techniques, the power released is very powerful.

Ye Feng had also seen before that when the Sun Goddess was seriously injured and dying, she used nine golden crow feathers to form an ancient formation, which was able to temporarily seal the six-eyed flame unicorn at its peak, blocking it in place and unable to move. This shows how powerful this method is. When combined with the Golden Crow Feathers, it is extremely powerful.

At this time, Ye Feng immediately looked through this book and imprinted the secret of the sealing formation formed by using the golden crow feathers into his mind, so that he could understand and use it at any time.

Ye Feng now has a total of ten Golden Crow feathers on his body, so Ye Feng's use of Golden Crow feathers to seal enemies is also a trump card.

At this moment, Ye Feng got everything he wanted, and then he said with a smile: "Next, I'll ask the Sun Goddess to clean out the flame soul that you left in my Dantian. You'd better do it obediently. , This will be good for both of you and me. When we meet again in the future, we can still get along well with each other. After all, there is no big personal grudge between you and me, and I don't want to cause trouble to myself and establish a relationship like you. Such a powerful enemy, the only grudge between me and your Sun God Clan is with your arrogant and domineering

Hu's clan leader has a personal grudge. If innocent people don't intervene, I don't want to kill innocent people indiscriminately. "

Hearing what Ye Feng said, the Sun Goddess could only nod her head, and helplessly cleared out the flame soul left in Ye Feng's dantian.

At this time, Ye Feng was finally completely free. He immediately looked at the six-eyed flame unicorn beside him and said, "Let's go."

But just when Ye Feng turned around, the Sun Goddess suddenly said: "Ye Feng, wait a minute."

At this moment, Ye Feng turned back to look at this magnificent and beautiful sun goddess, and couldn't help but ask: "What's wrong? Is there anything else?"

At this moment, Ye Feng was speaking, secretly maintaining a vigilant defensive state, for fear that the sun goddess would regret it midway and want to die with him.

But Ye Feng thought too much. It was impossible for the Sun Goddess to suddenly go crazy like someone like him.

At this time, the Sun Goddess just took out a token from her storage ring, then handed it to Ye Feng, and said loudly: "This is my personal token. If you have a chance in the future, you can come to the Sun God Clan." Find me, and this token can transmit messages. Since you think we can become friends, if something happens in the future, I can contact you through this token."

Hearing what the Sun Goddess said, Ye Feng's eyes showed a look of surprise.

The reason why Ye Feng said that just now was mainly because he wanted to use the Sun Goddess as his target to deal with the leader of the Sun God Clan. Unexpectedly, the other party actually wanted to be friends with him.

Ye Feng's eyes flashed slightly at this moment, but he didn't say much.

Well, I just took over the summons token, and there was still a faint fragrance on it.

Ye Feng immediately put it away and said with a smile: "Okay, see you again in the future."

After saying that, Ye Feng turned around very resolutely and left here with the six-eyed flame unicorn.

Looking at Ye Feng's disappearing back, the Sun Goddess didn't know why, but there was no anger or resentment in her heart, but a hint of loss and helplessness.

She originally thought that she could completely control Ye Feng, but she did not expect that Ye Feng's wisdom and ability were far beyond the imagination of the Sun Goddess.

At this moment, the Sun Goddess realized deeply that it was impossible for a person like Ye Feng, the son of a true dragon, to be used by others. Such people were destined to respect themselves and were destined to shine in the future.

At this moment, the Sun Goddess also accepted the reality and flew directly in a certain direction, hoping to return to the Sun God Clan as soon as possible.

This time she suffered heavy losses in the battle with the Old Man of Beasts. She must quickly return to the Sun God Clan's headquarters to restore her strength. She must stay in seclusion for at least six months and a year before she can completely recover from her injuries.

Just after the Sun Goddess left, Ye Feng took the six-eyed flame unicorn to a relatively remote jungle.

At this moment, there is no one around.

Ye Feng immediately stared at the six-eyed flame unicorn in front of him, and then said slowly: "You said before that your ancestor was a nine-eyed black flame unicorn, is it true?"

When the six-eyed flame unicorn heard Ye Feng's question, he immediately nodded and said: "Yes, Lord Ye Feng, my ancestor is the top nine-eyed black flame unicorn, but my ancestor is already more than ten years old." It existed thousands of years ago, so it has completely disappeared now."

Hear the six-eyed flame unicorn

Lin said this, and Ye Feng smiled slightly and said: "If you say so, you should know that your ancestor should be the only master of this wilderness."

"What?"

Hearing Ye Feng's question, the Six-Eyed Flame Qilin's face suddenly changed. It seemed that he did not expect that Ye Feng actually knew the biggest secret of their clan.

Seeing the change in the face of the six-eyed flame unicorn, Ye Feng knew that he had guessed correctly. This six-eyed flame unicorn must know where the ancient tomb of the nine-flame black flame unicorn, the lord of the wilderness, was buried.

So at this moment, Ye Feng exuded a terrifying aura, covering the six-eyed flame unicorn in front of him, and said slowly: "Tell me, tell me where your ancestor, the nine-eyed black flame unicorn, is buried. Wherever I go, I'm going to look for opportunities."

Hearing what Ye Feng said, the Six-Eyed Flame Qilin's expression suddenly became a little uncertain, but then he smiled helplessly. His destiny was now in Ye Feng's hands, and there seemed to be nothing he couldn't say. .

The six-eyed flame unicorn immediately nodded and said: "I do know where the tomb of my ancestor is, but it is a very majestic and dangerous place where the general trend of heaven and earth condenses. I want to enter the ancient tomb of my ancestor. Among them, it is basically impossible. Not to mention your current cultivation level, Mr. Ye Feng, even if I am at my peak state, plus the sun goddess, it is impossible to break through the protection of the mountains and rivers and enter me. Among the ancient tombs of our ancestors, perhaps only the arrival of a top-notch leader-level power from a dominant race like the Sun God Clan can forcibly break through the feng shui that protects the mountains and terrain of that place and enter the ancient tombs, so I advised Ye Feng Sir, you'd better not think about the ancient tombs of my ancestors for the time being. It's impossible for you to enter, and I can't help you, because I can't enter myself. Otherwise, I would have gone in and collected the remains of my ancestors. All the wealth of our family has been obtained."

Chapter 4826 The General Trend of Mountains and Rivers

The six-eyed flame unicorn spoke at this time, with a fear-like tone in his tone.

It has to be said that the words of such an extremely ferocious ancient evil beast can be filled with fear, which is enough to show how terrifying the mountains and rivers formed by the place where the Lord of the Wilderness, the nine-eyed black flame unicorn is buried, are. The descendants of ancient mythical beasts can be buried in it.

At this time, Ye Feng heard what the six-eyed flame unicorn said, and his face did not fluctuate much. He just said lightly, "Although my cultivation strength is not as good as yours, I still have the ability to see Feng Shui and change the general trend of mountains and rivers." With some skill, I might be able to break through the landscape at the entrance to your ancestor's ancient tomb."

Hearing what Ye Feng said at this time, the eyes of the six-eyed flame unicorn suddenly showed a look of uncertainty.

He stared at Ye Feng, as if to determine whether Ye Feng was joking.

Because he has already said that an ancient beast like himself cannot break through the blockade of Feng Shui of the mountains and rivers, let alone a human with such a weak cultivation level as Ye Feng.

Although the Six-Eyed Flame Qilin now recognizes Ye Feng as its master and even calls him "Lord Ye Feng", in the Six-Eyed Flame Qilin's heart, he actually doesn't think highly of Ye Feng.

The reason why he surrendered to Ye Feng was just because Ye Feng took advantage of others' danger to subdue him.

So at this time, the six-eyed flame unicorn couldn't help but once again asked with some uncertainty, "Master Ye Feng, I didn't dare to enter that place in its heyday. I ventured into it once before and was almost killed. The energy of heaven and earth condensed by the mountains and rivers was instantly destroyed, so I dare not enter that place again." ??

Hearing what the six-eyed flame youth said, Ye Feng smiled slightly, patted the other party on the shoulder, and said, "Stop talking nonsense, take me there quickly, I'm not a fool, if I really don't have the ability, I won't go in and die in vain."

The six-eyed flame unicorn immediately muttered and said, "Master Ye Feng, don't let me take the lead when the time comes. I can just be cannon fodder."

When Ye Feng heard what the six-eyed flame unicorn said, he immediately smiled angrily and said, "Luckily you are the descendant of an ancient beast, why are you so cowardly?"

The six-eyed flame unicorn said aggrievedly, "Because I went there once and almost died. Not to mention that my inner elixir has been refined by you, Master Ye Feng. My strength is less than half of the usual."

Ye Feng immediately smiled and said, "I have a way to enter the ancient tomb of your ancestor. If we successfully enter it, not only will I be able to benefit, but you, the orthodox successor of the Nine-Eyed Black Flame Kirin, will definitely be able to benefit even more." , when the time comes, let alone a mere inner elixir, your bloodline may be passed down through your ancestors.

The thing evolved into a nine-eyed black flame unicorn. "

Hearing what Ye Feng said, the six-eyed flame unicorn had no choice but to believe it once.

And he had no way to resist Ye Feng's decision. After all, his life was now in Ye Feng's hands.

So at this time, the six-eyed flame unicorn said nothing more, nodded, and said directly, "Master Ye Feng, stand on my back, I will take you there."

Ye Feng's eyes immediately showed a look of expectation, and he jumped up and stood on the six-eyed flame unicorn.

The next moment, the surrounding land and mountains began to move, because the six-eyed flame unicorn's huge and majestic body had already soared into the clouds and flew into the air.

At this moment, Ye Feng stepped on the six-eyed flame unicorn, with his hands behind his back. He felt very good looking at the flame unicorn under his feet, which was thousands of meters tall and burning with flames all over his body.

Because this six-eyed flaming unicorn is the descendant of the ancient mythical beast, and now it has become his mount, Ye Feng naturally feels very impressive and domineering.

At this moment, Ye Feng didn't say anything more, but stood quietly on the back of the six-eyed flame unicorn.

At this time, Ye Feng looked at the rapidly retreating mountains, jungles, and mountains and rivers around him, and a feeling of who was in charge of the ups and downs of the vast earth suddenly arose in his heart.

However, Ye Feng clenched his fist slightly, because Ye Feng knew very well that his current cultivation level was not enough to dominate the entire land, and he needed stronger power.

But everything is going in the right direction.

Ye Feng fell into a very dangerous situation before, being coerced by the Old Man of Beasts, and then controlled by the Sun Goddess. But in the end, Ye Feng relied on his great courage and great wisdom, and amid the confrontation and planning of a group of powerful creatures, he He found a way to survive and even controlled a powerful ancient beast like the six-eyed flame unicorn.

Ye Feng naturally felt a heroic feeling in his heart at this time.

And just when Ye Feng was thinking secretly in his heart, the huge and majestic body of the six-eyed flame unicorn under his feet suddenly stopped high in the sky, and then his huge head looked down and said, "Master Ye Feng, We have arrived, and below is the final burial place of my ancestor, the Nine-Eyed Black Flame Qilin."

At this moment, when Ye Feng heard the six-eyed flame unicorn at his feet say this, his eyes suddenly moved slightly, and then he looked down, and then his expression suddenly showed a look of shock.

Because Ye Feng saw it, it was exactly what the six-eyed flame unicorn said. The mountains and rivers below were very terrifying.

On the vast land below, there are actually ninety-nine and eighty-one mountain ranges surrounding a single point in the center.

Ye Feng couldn't help but said in surprise, "This is actually the ultimate imperial mountain and river Feng Shui situation. A total of ninety-nine and eighty-one huge mountains have formed an excellent Feng Shui tomb. No wonder you can't enter the ancient times of your ancestors." In such a scene in the tomb, let alone you, I am afraid that even the top figures from the great wilderness overlords such as the Sun God Clan will be unable to do anything for a while. "

When he said this, Ye Feng smiled faintly and said, "But I have a way to enter it, and it will not destroy the landscape pattern here. In other words, if we enter it, we will look for your ancestor Nine Eyes Black The wealth left by Yan Qilin, if there are strong people from outside, they will also be unable to enter, and they can only forcefully break through this landscape. "

Hearing what Ye Feng said, the six-eyed flame unicorn suddenly showed a look of astonishment in his eyes. Then he glanced at Ye Feng on his back and couldn't help but muttered, "This young boy from the human race really has something." This kind of ability?"

In this regard, the Six-Eyed Flame Kirin is still deeply suspicious, because even some top Feng Shui masters cannot safely pass through the extreme landscape formed by the ninety-nine and eighty-one mountains and enter the ancient tombs underneath. among.

But at this moment, Ye Feng didn't care how the six-eyed flame unicorn under his feet muttered or didn't believe in himself. Ye Feng just went his own way and slowly took off from the back of the six-eyed flame unicorn, and then Slowly descending towards the bottom. ??

The six-eyed flame unicorn quickly followed Ye Feng, and couldn't help but remind him, "Master Ye Feng, you must be careful. Once you approach the ultimate landscape and feng shui area formed by the ninety-nine and eighty-one mountains, you will be affected by the energy of heaven and earth." A total of ninety-nine and eighty-one dragon vein spirits were condensed to attack, and I almost died last time under the siege of the nine nine-nine and eighty-one dragon vein spirits formed by mountains and rivers. "

At this time, Ye Feng heard the reminder from the six-eyed flame unicorn and just nodded slightly without any fear in his eyes.

Because Ye Feng had previously received the inheritance from an ancient top Feng Shui master, Master Yi, from the land of Zhongzhou, and obtained a set of top Feng Shui secrets.

So facing such a difficult and dangerous ninety-nine and eighty-one mountain ranges, condensed into a place with the ultimate feng shui mountains and rivers, Ye Feng was not that nervous.

As long as Ye Feng observes for a while, Ye Feng can find a loophole in the general trend of mountains and rivers, and then install it.

Enter it completely.

At this moment, Ye Feng ran the Feng Shui inheritance secret book he had obtained from the top Feng Shui master before, and then opened his Eye of Heaven and Earth, which can see through all formations, to provide assistance.

After all, the tomb land composed of mountains and rivers under the feet at this time is not a real formation, but a land of nature's miraculous creation composed of the heaven and earth mountains, mountains and rivers and various feng shui forces, so even if Ye Feng has With the eyes of heaven and earth, there is no way to see through the flaw among the mountains and rivers Feng Shui masters at the entrance of this tomb without the cooperation of the top Feng Shui techniques.

At this time, Ye Feng continued to observe and activated his Feng Shui skills, and finally found a gap. He immediately pulled the six-eyed flame unicorn beside him and charged downwards.

"Master Ye Feng doesn't want it!"

At this moment, the six-eyed flame unicorn was startled by Ye Feng's actions, and he quickly screamed and tried to struggle.

But at this moment, Ye Feng used all his strength, pulled the six-eyed flame unicorn, rushed into the gap, and entered the bottom in an instant.

The six-eyed flame unicorn was a little dumbfounded at this time.

The attack he imagined condensed by the spirit of the mountains did not come. The entire ninety-nine and eighty-one mountains were very calm and waveless, without any attack energy.

"this....."

The six-eyed flame unicorn's eyes widened immediately. When he came back to his senses, he found that Ye Feng had already led him to stand at the bottom of the mountain.

Here is already the entrance to the tomb.

There is a huge stone tablet in front of it. The four characters "Lord of the Wilderness" are written on the stone tablet, which is full of ancient vicissitudes of life.

When the six-eyed flame unicorn saw everything in front of him, he was suddenly excited and complicated. Looking at Ye Feng beside him, he was completely convinced by Ye Feng.

Although Ye Feng's cultivation strength has not yet reached a very high level, the various methods Ye Feng has shown have already made this six-eyed flame unicorn somewhat unimaginable.

Not to mention, Ye Feng still has a long time to grow in the future. Even the six-eyed flame unicorn cannot predict how far he can go.

At this time, the six-eyed flame unicorn, an ancient beast, felt Ye Feng's unfathomable power for the first time.

This also made the Six-Eyed Flame Qilin's unwillingness and contempt for Ye Feng disappear a lot.

At this moment, Ye Feng ignored the six-eyed flame unicorn beside him and just walked towards the huge stone monument, wanting to see how to enter the real ancient tomb.

Chapter 4827 Sigh secretly

At this time, Ye Feng slowly walked to the huge stone tablet in front of him.

This stone tablet, with the four characters "Lord of the Wilderness" written on it, exudes an awe-inspiring ancient and wild atmosphere.

At this moment, even if Ye Feng was just standing in front of this stone monument, he felt the weight of history coming to his face, as if he was being oppressed and kneeling on the ground.

However, at this time, Ye Feng's Immortal Body of the Gods immediately burst out with a majesty belonging to the God Clan, and was able to withstand this terrifying pressure and aura.

However, the six-eyed flame unicorn following Ye Feng couldn't bear the pressure from the bloodline and majesty of his ancestors. He suddenly made a "plop" and knelt down on the ground with four hooves. .

At this time, Ye Feng glanced at the six-eyed fire-eyed unicorn, with a faint smile in his eyes.

The main reason why Ye Feng brought this six-eyed flame unicorn here is because this six-eyed flame unicorn is the descendant of this nine-eyed black flame unicorn.

This nine-eyed black flame unicorn, as the lord of the wilderness back then, must be extremely dangerous in his ancient tomb.

If you bring a descendant of the six-eyed flame unicorn into an ancient tomb, it might be able to play a wonderful role at a critical moment.

After all, it is impossible for the Nine-Eyed Black Flame Qilin to kill all his descendants.

And in addition, Ye Feng now has complete control over this six-eyed flame unicorn.

Therefore, Ye Feng brought the six-eyed flame unicorn into this ancient tomb. If he got any chance, the strength or bloodline of the six-eyed flame unicorn could be transformed and improved, which would be of great benefit to himself.

After all, Ye Feng now controls the fate of this six-eyed flame unicorn. The more powerful the six-eyed flame unicorn becomes, the greater the benefits will naturally be to Ye Feng and can help him fight.

The strength of this six-eyed flame unicorn itself is still very terrifying, and it is on the same level as the Sun Goddess.

At this time, Ye Feng looked around and found that there was no trace of anyone else coming here. He immediately understood that it was estimated that Old Man Beasts had not come here.

It seems that after the battle between the Old Man of Beasts and the Sun Goddess, he was seriously injured again. I don't know where he is now, but he must not have come here anyway.

In response, Ye Feng could only sigh slightly and shook his head.

I originally thought that Old Man Beasts could obtain the inheritance and wealth of the Nine-Eyed Black Flame Kirin, the Lord of the Wilderness.

This allowed his body of beasts to undergo a huge transformation and challenge the entire Sun God Clan.

But now, due to a strange combination of circumstances, he has become the person who finally came to the ancient tomb of the Lord of the Wilderness.

Uh-huh!

At this time, Ye Feng stretched out his hand and touched the stone tablet engraved with the four characters "Lord of the Wilderness", trying to sense how to enter this ancient tomb.

But at this time, Ye Feng sensed it and found nothing special.

There seems to be no special formation in this stone tablet that allows people to enter ancient tombs.

Do you really have to blow up the ground in front of you?

Ye Feng thought secretly in his heart.

At this time, Ye Feng immediately looked at the six-eyed flame unicorn beside him, and couldn't help but ask, "What do you think?"

The six-eyed flame unicorn immediately stared at him and said loudly, "Even Master Ye Feng, you can't do anything. What can I do?"

Ye Feng shook his head and said with a smile, "You are the descendant of the Nine-Eyed Black Flame Qilin, the Lord of the Wilderness. Logically speaking, you should have the key to opening this ancient tomb."

Hearing what Ye Feng said, the six-eyed flame unicorn immediately thought for a moment, and then said with some uncertainty, "Should we use the most old-fashioned method of bleeding to open the ancient tomb ruins of our ancestors?"

Hearing what the six-eyed flame unicorn said, Ye Feng smiled and said, "You can give it a try."

The six-eyed flame unicorn immediately shook his head and said loudly, "My ancestor should not have used such an old-fashioned method to seal his ancient tomb. Only the blood of future generations can open his ancient tomb. This is really a bit It's so cliché."

Hearing what the six-eyed flame unicorn said, Ye Feng didn't say much.

At this moment, the six-eyed flame unicorn felt that he had nothing to do anyway, so he might as well give it a try.

Uh-huh!

At this time, the six-eyed flame unicorn walked directly to the ancient stone tablet, and then forced out a drop of his own blood and dripped it on it.

The six-eyed flame unicorn originally had no plans for the next moment, but the moment his blood dripped on this stone tablet.

Boom!

The entire stone tablet began to vibrate rapidly.

"Um?"

Seeing this scene, the Six-Eyed Flame Qilin couldn't help but said in shock, "I didn't expect that the ancestor would actually use such an old-fashioned method to seal his ancient tomb."

Seeing this scene at this time, Ye Feng's eyes lit up. It seemed that he had made the right decision by bringing the six-eyed flame unicorn here after careful calculation.

If the six-eyed flame unicorn hadn't come here, it would have been very difficult for Ye Feng to find the entrance to the ancient underground tomb, and there would be no way to start.

Ye Feng's guess was correct. As a descendant of the Lord of the Wilderness, this six-eyed flame unicorn must still have its unique role even after hundreds of thousands of years have passed.

At this time, Ye Feng and the six-eyed flame unicorn both backed away slightly, watching the stone tablet vibrate rapidly.

Click!

At this moment, the stone tablet of the Lord of the Wilderness suddenly cracked from the middle.

As the stone tablet cracked, a spatial crack appeared in the middle.

At this moment, Ye Feng sensed an ancient energy fluctuation from the crack in space.

Ye Feng's eyes suddenly moved and he said, "It seems that if you want to enter the ancient tomb of your ancestor, the nine-eyed black flame unicorn, you have to pass through this space crack. This is a space door."

Hearing what Ye Feng said, the six-eyed flame unicorn immediately nodded and followed Ye Feng into the space crack.

The next moment, the two of them disappeared into the cracks in space.

And just the moment their figures disappeared, an old figure suddenly flashed out not far away.

It turned out to be the Old Man of Ten Thousand Beasts!

At this moment, Old Man Beast stared at the disappearing figures of Ye Feng and the six-eyed flame unicorn, with a hint of calculation in his eyes. He couldn't help but murmured, "I knew this boy was very lucky. After all, he was the first to enter this ancient tomb. I followed him all the way, and unexpectedly, I made it through the mountains and rivers safely and arrived here. "

After Old Man Beasts finished speaking, with a hint of excitement in his eyes, he also got into the crack in space.

Buzz! !

And just after the figure of Old Man Beast disappeared, nine golden suns suddenly appeared high in the sky.

The light emitted by these nine golden suns actually condensed into a huge golden throne.

On this huge golden throne, sat a majestic figure who looked like the Sun God Emperor in the sun.

This person turned out to be the patriarch of the Sun God Clan!

He was one of the two top powers who had previously hunted down Ye Feng with the leader of the Amethyst Dragon Clan.

The leader of the Sun God Clan actually came here!

However, he did not have time to follow Ye Feng's back, pass through the Feng Shui blockade of the mountains and rivers unharmed, and enter underneath.

But at this time, the leader of the Sun God Clan just smiled coldly, "I will let you search for wealth in the ancient tomb of the Lord of the Wilderness first. After you come out, I will catch you all. All the wealth belongs to me." Seat!"

When he said this, the patriarch of the Sun God Clan suddenly stretched out a palm.

Buzz!

The space not far away fluctuated.

A golden prison trapped a beautiful woman inside.

This beautiful woman turned out to be the seriously injured Sun Goddess!

At this moment, the beautiful face of the Sun Goddess was full of fear.

The patriarch of the Sun God Clan stared at the Sun Goddess and said coldly, "I didn't expect my daughter to be a white-eyed wolf. She knew that this Ye Feng and I were mortal enemies, but she still wanted to be friends with this Ye Feng. It's really This is ridiculous! When I kill Ye Feng, I will teach you this unfilial daughter a lesson! Although you are the most amazing and talented young person in our Sun God Clan, you dare to disobey me. I don't mind completely destroying you and supporting another descendant who is completely devoted to me!"

When the Sun Goddess heard what the leader of the Sun God Clan said, her heart sank completely, and her face was full of deathly gray.

Because she knew that everything she did was actually seen by her father, the patriarch.

Now she was imprisoned by the leader of the Sun God Clan. Facing such a top power in the wilderness, the Sun Goddess felt deeply powerless.

Moreover, the Sun Goddess felt that Ye Feng would probably die in front of the leader of the Sun God Clan.

"Ye Feng, it was me who harmed you and exposed your whereabouts..."

The Sun Goddess sighed secretly in her heart at this time, having already accepted her fate of dying.

Chapter 4828 Immortal Claw

Ye Feng didn't know that so many changes had taken place in the outside world.

Not only was the Old Man of Beasts following him secretly, but the leader of the Sun God Clan, a big shot in the wilderness who was chasing him back then, could not enter the tomb guarded by the mountains and rivers, but he had also set up a dragnet outside, waiting for him. Come out and catch them all.

At this time, Ye Feng just brought the six-eyed flame unicorn into the ancient tomb of the Lord of the Wilderness.

At this moment, when Ye Feng passed through the cracks in the entire space with the six-eyed flame unicorn, he immediately felt the surrounding world and space changing rapidly.

When they came to their senses, they found that they were already standing on an extremely empty stone path.

This stone path connects to the end of the void in the distance, and is surrounded by endless void.

The space under this stone path is also void, giving people the feeling that there is only this stone path left in the entire world.

At this moment, Ye Feng saw many ancient totems engraved on this stone path.

Although Ye Feng cannot understand it, Ye Feng knows that these ancient totems should represent the glorious past created by the Nine-Eyed Black Flame Qilin.

The six-eyed flame unicorn following Ye Feng saw the ancient totem on the stone path at this time, and his eyes filled with tears. He couldn't help but said, "It seems that our clan has inherited the glorious past since ancient times." And secrets completely exist. These totems record in detail how the ancestor of our clan, the nine-eyed black flame unicorn, created the first demon nation in the wilderness and how glorious it was to command the entire wilderness. With one person, he can control all the resources in the entire wilderness. During the glory days, even the land of Zhongzhou would not dare to invade the wilderness easily. "

Hearing what the six-eyed flame unicorn beside him said, Ye Feng's eyes suddenly showed a look of surprise, and then he couldn't help but nodded, and said loudly, "Being able to control the entire wilderness with one person's power, being able to If you can do this, your ancestor is really powerful and deserves to be called the only Lord of the Wilderness.

I estimate that many of the so-called overlord races in the wilderness today are not as good as one-tenth of the demon kingdom created by your ancestors. Moreover, I think many overlord races are also looking for this ancient tomb, but they are still found by me. Entered it early. "

At this time, Ye Feng said, then looked at the end of the stone path and said, "Then let's go directly to the end of the stone path. I think your ancestor's tomb remains should be on this stone path." The place where the void ends."

The six-eyed flame unicorn standing next to him immediately nodded. While looking at the ancient totems and patterns engraved on the stone path, he sighed and followed Ye Feng towards the end of the stone path.

But just when they reached the middle area of this arch-bridge-like stone path.

Boom!

Suddenly the surrounding void began to boil.

Uh-huh!

Then a black beast claw that covered the sky and the sun suddenly grabbed it from the surrounding void. It had the power to shatter the world and bombarded directly in the direction of Ye Feng and the six-eyed flame unicorn.

"Um?"

When Ye Feng saw this scene, he couldn't help but said in surprise, "Is there still an extremely powerful flame unicorn living in the depths of the void?"

But at this time, when the six-eyed flame unicorn standing next to him saw this scene, he couldn't help but said, "This doesn't seem to be the claw of a living unicorn, but a very powerful treasure in the legend of our clan." , called the 'Eternal Claw', is a super powerful magic weapon that our Nine-Eyed Black Flame Qilin ancestors fused together with the claws of all beasts. "

"Claw of the Immortal?"

Hearing what the six-eyed flame unicorn beside him said, Ye Feng

His eyes suddenly revealed a look of curiosity, and then he couldn't help but said, "It turns out that it is such a powerful treasure refined by your ancestors. No wonder it is so powerful. Let me try to see if I can give this treasure to you." Conquered."

Hearing what Ye Feng said, the six-eyed flame unicorn immediately couldn't help but shook his head and said, "This immortal claw is made by our ancestor, the nine-eyed black flame unicorn, using the claws of all beasts. It is specially It is used by our Qilin clan. Lord Ye Feng, if you use this claw of immortality, it will not be very powerful. The correct way to use it is to fuse it with the special Qilin claw of our Qilin clan and use it through us. Only by activating the Qilin blood can the power of the Immortal Claw be fully unleashed."

"oh?"

Hearing what the six-eyed flame unicorn said, Ye Feng immediately nodded, smiled and said, "Then I will see if I can subdue this claw of immortality, and then let you use it."

Hearing what Ye Feng said, the six-eyed flame unicorn immediately widened its eyes slightly, and then said in surprise, "Will Sir Ye Feng really give this kind of treasure to me?"

Ye Feng smiled and patted the other party's shoulder, and said loudly, "Since it can play a greater role in your hands, integrating it into your Qilin claws is naturally the best choice. You and I are one now." On the ship, as you become stronger, I can also get more help. After all, I have many enemies

in this wilderness, especially those from the top overlord races in the wilderness, the patriarchs of the Sun God Clan and the Amethyst Dragon Clan. My mortal enemy.”

Hearing what Ye Feng said, the Six-Eyed Flame Kirin immediately laughed and said, "Don't worry, Lord Ye Feng, as long as I can really successfully fuse the Claw of Immortality, my strength will definitely be raised to a whole new level. Even if my inner elixir is gone now, as long as I fuse the Claw of Immortality and use the Claw of Immortality, an extremely destructive magic weapon refined by our ancestors back then, my Qilin Claw will be able to compete with the Claw of Immortality. The claws merge into one, one claw

Its power can definitely destroy the heaven and earth and tear the sky into pieces. "

Hearing what the six-eyed flame unicorn said, Ye Feng immediately nodded, then looked at the huge black claw grabbed from the void, rushed directly into the sky, and a black broken sword appeared in his hand, and then activated The power of gods and demons in the black broken sword burst out with a golden and black sword light that was tens of thousands of meters long, and violently collided with the giant black claw.

Boom! !

The entire field immediately erupted with a huge roar.

It has to be said that Ye Feng's current cultivation has been upgraded to a new and powerful level of cultivation, the first level of Shenyang Realm, and his strength has indeed increased a lot.

Moreover, Ye Feng also has various powerful weapons and inheritances in his hands. Ye Feng's comprehensive strength has naturally improved qualitatively.

Now Ye Feng's comprehensive strength, even if it cannot reach the peak of the Sun Goddess and the Six-Eyed Flame Kirin, is definitely half of what they were at their peak.

So at this time, facing this lonely claw of immortality, Ye Feng directly resisted it.

After all, this Immortal Claw is not integrated into a Qilin's claw. Without the owner's urging, it only relies on the remaining power of the Immortal Claw to attack. Naturally, its power is not that strong.

At this moment, Ye Feng released ten golden crow feathers in an instant, using the special formula given to him by the Sun Goddess. The ten golden crow feathers immediately rushed into the void in a special direction, taking that one The huge black claw was sealed in the void and would be unable to move for a while.

Then Ye Feng immediately looked at the six-eyed flame unicorn behind him and shouted, "I have temporarily sealed this immortal claw in the void, and then you will have to fuse it yourself!"

The six-eyed flame unicorn immediately said with great joy, "Thank you Lord Ye Feng for your help!"

Chapter 4829 The Kingdom of Monsters

Uh-huh!

At this time, the six-eyed flame unicorn suddenly flew high into the sky and came to the huge black claw blocked by ten golden crow feathers.

At this moment, the eyes of the six-eyed flame unicorn suddenly showed deep excitement.

Because it can feel that the power contained in this huge black claw is very close to the original power of their flame unicorn clan. Obviously, this huge claw may be the lord of the wilderness, the nine-eyed black flame unicorn. What is left behind is a gift passed down to one's descendants.

Because when the six-eyed flame unicorn approached this huge black claw, Ye Feng suddenly discovered that this huge black claw, this immortal claw, no longer had the power to continue attacking.

After sensing all this, Ye Feng was quite surprised and took back the ten golden crow feathers.

At this time, without the seal of the ten Golden Crow Feathers, the Immortal Claw was still suspended quietly in the void without any movement or attack.

Obviously, this immortal claw has sensed the blood aura of the six-eyed flame unicorn, so it became quiet.

The Immortal Claw just now suddenly appeared from the void around the stone path and attacked Ye Feng. I am afraid that it sensed that Ye Feng, an outsider, had entered it, so it attacked Ye Feng. ??

But now, the Six-Eyed Flame Qilin, the descendant of the Nine-Eyed Black Flame Qilin, has come here and sensed the aura of the origin, so he naturally became quiet.

Seeing this scene, Ye Feng's eyes suddenly showed a smile. It seems that this time he decided to bring this six-eyed flame unicorn here, which was a very correct choice.

Because having the Six-Eyed Flame Qilin, the descendant of the Lord of the Wilderness, by his side, it would definitely be very convenient at times when exploring this ancient tomb.

For example, the current Immortal Claw can fuse the six-eyed flame unicorn into its own unicorn claws to enhance the power of its unicorn claws.

At this moment, Ye Feng is very satisfied with this, because the Six-Eyed Flame Kirin is now loyal to Ye Feng, and Ye Feng controls the fate of the Six-Eyed Flame Kirin, so the strength of the Six-Eyed Flame Kirin has been improved. For Ye Feng, It also has huge benefits, it is equivalent to having a super fighter.

At this time, the Six-Eyed Flame Qilin was worthy of being the descendant of the Nine-Eyed Black Flame Qilin, the Lord of the Wilderness, and he easily integrated the Immortal Claw into his own Qilin Claw.

Originally, the claws of this six-eyed flame unicorn were red, but now after being fused with the claws of immortality, the claws of this six-eyed flame unicorn have directly turned into a pitch black color, with a cold metallic luster, giving people the feeling of being... It smells very destructive.

At this moment, the six-eyed flame unicorn was immediately overjoyed, and quickly flew down from high altitude. He couldn't help but look at Ye Feng, and said with a smile: "Thank you Lord Ye Feng for the reward, otherwise, I would not have been able to enter our In the ancient tomb of my ancestors, I got such a powerful claw of immortality. I can feel that if I grab it with one claw, it will be many times stronger than before. "

At this time, when he heard the six-eyed flame unicorn say this, Ye Feng just smiled and patted the other party's shoulder, and said loudly: "When the time comes, you can work harder when you help me fight.

It's not in vain that I cultivated you. "

After Ye Feng finished speaking at this time, he left here with the six-eyed flame unicorn and flew quickly towards the end of the stone road.

When the two figures disappeared, the figure of Old Man Beasts suddenly appeared on the spot.

The old man of all beasts glanced at the place where the Immortal Claw appeared just now, his eyes flashed slightly, and he rushed directly into the void, as if he wanted to see if he could find other good things in that void.

At this moment, Ye Feng brought the six-eyed flame unicorn to the end of the stone path.

A huge bronze gate appeared here, like a natural moat, blocking all the way ahead.

At this moment, Ye Feng looked at the six-eyed flame unicorn beside him and said, "Still the old way, put a drop of your blood on it."

The six-eyed flame unicorn immediately nodded, and then forced out a drop of his unicorn blood, dripping it on the huge bronze door in front of him.

Boom!

Almost at this moment, what surprised Ye Feng and Six-Eyed Flame Qilin was that the bronze door in front of them was really activated by the blood, and slowly opened on both sides.

At this moment, Ye Feng and the six-eyed flame unicorn walked directly into the bronze gate, and immediately saw a very grand scene.

Behind this bronze gate, an endless group of ancient buildings appeared.

It feels like this is an underground kingdom!

Seeing this scene, the six-eyed flame unicorn immediately couldn't help but said in horror: "This seems to be the demon kingdom in the wilderness created by our first generation ancestor, the nine-eyed black flame unicorn. Unexpectedly, He actually accompanied our ancestor and was buried in his ancient tomb. He has been sleeping underground for so many years without being born. No wonder many people want to find the relics of the ancient demon kingdom established by the Lord of the Wilderness. But I couldn't find it. It turned out that the Lord of the Wilderness had taken it into his own tomb. "

At this time, Ye Feng saw the magnificent ruins of the demon kingdom in front of him, and couldn't help but show a hint of wonder in his eyes.

Back then, this nine-eyed black flame unicorn was indeed an extraordinary figure. He established an immortal and glorious demon kingdom on the endless territory of the wilderness, and he indeed had the strength and means to reach the sky.

At this moment, Ye Feng looked at the vast and continuous ruins of the demon kingdom, his eyes suddenly filled with deep anticipation, and said loudly: "Hurry up and enter the ancient ruins of the demon kingdom, and look for any traces. There is nothing good, but I believe that there must be a lot of treasures and wealth passed down from the ancient times. Otherwise, the Lord of the Wilderness would not have been able to bury the ancient ruins of the entire demon kingdom with his companions here. Deep underground."

At this moment, after Ye Feng finished speaking, his eyes were filled with excitement, and he exuded his soul power, covering the surrounding area.

For Ye Feng, entering the ancient tomb of the Lord of the Wilderness to find wealth is the only opportunity that Ye Feng can currently seize. He must make good use of this opportunity and use his strength once again. Elevate to a new level, and then you won't have to be afraid of the so-called big shots in the wilderness. Uh-huh!

At this time, the six-eyed flame unicorn suddenly flew high into the sky and came to the huge black claw blocked by ten golden crow feathers.

At this moment, the eyes of the six-eyed flame unicorn suddenly showed deep excitement.

Chapter 4830 Golden Trunk

As Ye Feng exuded his soul power, Ye Feng immediately sensed a very strong energy fluctuation, surging everywhere in the surrounding area.

This made Ye Feng immediately widen his eyes slightly.

Originally, Ye Feng felt that even if he exuded soul power, it would still be very difficult to find good things.

After all, this ancient ruins of the demon kingdom is so huge and so wide that it will definitely take a long time to search.

But what Ye Feng never expected was that he could find various energy fluctuations when his soul power was emitted casually, which really surprised Ye Feng.

At this time, Ye Feng immediately flew towards the direction of the first energy wave he sensed with very excited eyes.

The six-eyed flame unicorn was following Ye Feng obediently at this time.

The six-eyed flame unicorn's eyes were still full of joy at this time.

Because his Qilin claws have now become immortal claws, and they are much more powerful than before.

So at this time, the six-eyed flame unicorn is actually satisfied.

Next, he just needs to follow Ye Feng obediently and look for various resources to create fortune.

Because of what happened to the Six-Eyed Flame Qilin, he already knew very well that if Ye Feng really had a chance to create something suitable for him, he would definitely not treat a Flame Qilin with an orthodox bloodline like him badly.

At this moment, Ye Feng quickly came to the place where he had just sensed the first energy fluctuation.

Ye Feng immediately saw that there were ruins here. It should be that a palace collapsed back then.

But at this time, Ye Feng suddenly discovered a completely golden tree trunk among the ruins of the collapsed palace.

Seeing this scene, Ye Feng's eyes suddenly moved.

The energy fluctuations that Ye Feng sensed were emanating from this golden trunk.

"Could it be some kind of very special ancient tree?"

At this time, Ye Feng was thinking secretly in his heart. He just stretched out his hand to pull out this section of the golden tree trunk to see what kind of plant it was. It was probably some very special spiritual plant from ancient times. Emitting such powerful energy fluctuations.

But just when Ye Feng stretched out his hand, he had not yet touched the golden tree trunk.

Uh-huh!

Suddenly, from behind the golden tree trunk, a silver krait covered with dense business cards sprang out.

This is a very venomous snake.

An ordinary strong person will be poisoned and die instantly if he is contaminated with a little bit of poison.

At this moment, the silver snake bit Ye Feng's finger.

Ye Feng didn't even have time to react. He only felt pain in his fingers and immediately felt the terrible poison. It spread all over his body. Ye Feng felt that his whole body was powerless at that moment, like it was as if he suddenly fell to the ground.

But at this time, Ye Feng reacted in an instant, and directly activated the power of the immortal body of the gods crazily, and released the special inheritance of the fifth stage of the god clan bloodline he had awakened, the god aura.

Buzz!

A colorful halo appeared above Ye Feng's head, shedding colorful light.

The God's aura not only has defensive power, but also has healing properties.

So at this time, Ye Feng released the god's halo, and he could immediately start to treat the poison he had suffered.

At this time, Ye Feng immediately felt that he felt much better.

At this moment, Ye Feng looked at the Bungarus snake biting his finger, a cold light flashed in his eyes, he crushed the Bungarus snake to pieces with force, and then devoured its blood and energy, but only a little bit. It's just blood energy.

This bungara snake mainly uses sneak attacks to poison powerful enemies through its highly toxic poison.

Ye Feng felt that, let alone himself, even if a huge beast like the Flame Kirin came here and was bitten by this silver snake unexpectedly, he would probably die from the poison.

At this time, Ye Feng saw that there were many skeletons buried in the grass around this golden tree trunk, as well as many huge skeletons of ancient beasts. Apparently, they were all killed by a sneak attack by this silver krait snake, and then it became the food of this bugar snake.

This made Ye Feng's eyes suddenly reveal a look of emotion. He didn't expect that a small silver krait snake could poison so many behemoths and ancient beasts. It really did kill one thing after another.

However, this bungara snake mainly relied on sneak attacks and poison, but Ye Feng was not afraid of either of these.

Ye Feng was able to resist even the violent toxins of the Corpse Insect King.

After all, the immortal body of Ye Fengtian has now evolved to the fourth level of the fifth stage. The power of the body and the energy of life are very terrifying. Ordinary toxins, or some very advanced and strong toxins, are very harmful to Ye Feng. It has no effect at all. Ye Feng can fight against this strong toxin at any time, and can also directly treat it.

At this time, Ye Feng casually crushed the dangerous Bungarus snake to death, and then directly pulled out the golden trunk.

Ye Feng knew that this golden trunk must be an extraordinary treasure, attracting so many behemoths. When they came here, they wanted to get this golden trunk, but they were all attacked and killed by this silver krait snake. .

At this time, when Ye Feng pulled out the golden tree trunk, a look of surprise immediately appeared in his eyes.

Because Ye Feng saw that this golden trunk was not a plant as he imagined, but seemed to be part of some kind of magic weapon.

At this time, Ye Feng's eyes suddenly showed a look of surprise.

But at this time, the six-eyed flame unicorn beside him looked at the very strange golden branch in Ye Feng's hand, and immediately couldn't help but exclaimed, "Master Ye Feng, this golden tree trunk, it is very similar to a certain super magic weapon recorded in the books passed down by our family, but this section of the tree trunk seems to be just a part of that magic weapon."

"Um?"

Hearing what the six-eyed flame unicorn said, Ye Feng couldn't help but immediately moved his eyes and asked, "What magic weapon is it?"

The Six-Eyed Flame Qilin recalled for a moment, and then said aloud, "It seems to be a Buddhist magic weapon that our ancestors snatched from a mysterious Buddha. It is called the Nine-Colored Miaoshu. It is said to be a magic weapon born from the growth of the most magical tree in the world. , it can emit the ancient nine-color mana light, which can greatly weaken the enemy's magic weapon or its own power. It is a very special treasure." As Ye Feng emitted his soul power, Ye Feng suddenly became aware of it. I sensed a very strong energy fluctuation, surging everywhere in the surrounding area.

This made Ye Feng immediately widen his eyes slightly.

Originally, Ye Feng felt that even if he exuded soul power, it would still be very difficult to find good things.
