Chapter 4831 Enemy or Friend

Hearing what the six-eyed flame unicorn said, Ye Feng's eyes suddenly showed a look of surprise.

I didn't expect that I would stumble upon part of such a powerful treasure.

But Ye Feng didn't know where the remaining part was.

But since the Six-Eyed Flame Kirin said that this treasure was a very ancient and advanced treasure obtained by his ancestors back then, it must be extremely powerful.

At this time, Ye Feng directly put this section of the golden tree trunk into his storage ring, and then Ye Feng decided to see if he could find other parts next, and put the so-called Nine-Colored Wonderful Tree into the Buddha. The supreme treasure of Tao is completely combined.

At this time, Ye Feng was still very happy. He accidentally discovered such a high-level treasure fragment, which can be said to be a huge gain.

However, Ye Feng was quite disappointed that he did not find anything good that could directly improve his cultivation level.

Buzz!

At this moment, Ye Feng continued to emit his soul power, covering the surrounding area, trying to find stronger energy fluctuations.

Soon, Ye Feng flew quickly towards the location where the second energy wave emitted.

When Ye Feng flew to the second location, he did see a scene that made Ye Feng's eyes change slightly.

I saw the figure of a familiar old man standing in front of a garden. All the plants planted in this garden are very high-grade ancient elixirs, and they also bear a lot of fruits, exuding a strong medicinal fragrance. .

But Ye Feng saw the old man of all beasts standing there.

That familiar old figure is none other than the Old Man of Ten Thousand Beasts.

Ye Feng never thought that after the battle between the Old Man of Beasts and the Sun Goddess, he would actually come to the ancient tomb of the Lord of the Wilderness while being seriously injured.

But the power of feng shui that protects this ancient tomb, even if it is Ye

You have to observe the wind for a long time before you can enter it.

Even the patriarchs of the dominant races in the wilderness would find it difficult to pass through the terrifying mountains and rivers and the power of Feng Shui to enter this ancient tomb.

But at this time, Ye Feng seemed to have thought of something, and immediately couldn't help but exclaimed, "Old Man of Beasts, did you get into this by following me secretly?"

Hearing Ye Feng's voice, the old man of all beasts turned around slightly, smiled and said, "Ye Feng, I am indeed right. You are a person with great luck, and you have finally become the first People who arrived at this ancient tomb, so I had an early vision and left a breath mark on you. As long as your breath appears near the ancient tomb of the Lord of the Wilderness, I will sense your breath, so I followed you and followed your movement path, winding into this ancient tomb. "

Hearing what the Old Man of Ten Thousand Beasts said, Ye Feng looked a little uncertain. He didn't expect that the Old Man of Ten Thousand Beasts was so cunning. He secretly followed him and memorized all his movements through the entire mountains and rivers. Then he entered this ancient tomb safely.

At this time, Ye Feng didn't know whether the other party was an enemy or a friend. After all, he and the old man of all beasts were not really friends. It was just that Ye Feng was coerced at that time to help the old man of all beasts regain his strength.

However, this Old Man of Ten Thousand Beasts was pretty good to Ye Feng. The two of them could not be considered friends, but they were not considered enemies either.

But at this moment, facing so many precious elixir fruits, it's hard to tell whether they are friends or foes.

At this time, Ye Feng didn't say much, he just said, "It seems that Senior Ten Thousand Beasts, you want to work with me to snatch the elixirs planted in this garden."

And fruit? "

When Old Man of Beasts heard what Ye Feng said, his eyes flashed, and then he said, "Since I have discovered so many elixirs and fruits in this garden, I naturally want to rob them."

Ye Feng smiled and said, "Senior's injury probably hasn't fully recovered yet."

Hearing what Ye Feng said, Old Man Beasts immediately smiled faintly and said, "Oh? It seems that you want to fight me. Then I want to see what level your current cultivation level has reached. How dare you challenge an old-timer like me."

boom!

After saying that, Old Man Beasts suddenly rushed towards the garden not far away, wanting to quickly harvest those elixirs and fruits.

Ye Feng is naturally in great need of the high-end elixirs and fruits grown in this garden.

So at this moment, Ye Feng was naturally rude and immediately shouted loudly, "Old Man of Beasts, let's have a fight."

Boom!

At this moment, Ye Feng directly burst out with the powerful cultivation aura of the first level of Shenyang Realm that he had broken through before.

Ye Feng's body suddenly erupted with brilliant golden light, and Ye Feng instantly rushed towards the old man of beasts, with extremely terrifying power and impact.

At this moment, sensing the huge aura of Ye Feng's cultivation, the old man of Wanshou couldn't help but show a look of astonishment in his eyes, and said loudly, "Ye Feng, how can you break through so fast? In just one short moment, I haven't seen you for two days, and your cultivation level has actually broken through a whole realm? If it were a normal person, it would take ten or eight years of hard work to achieve it, but you kid has suddenly broken through it. You did it in two days, what kind of monster are you?"

Even the Old Man of Ten Thousand Beasts was overwhelmed by the speed of Ye Feng's improvement in cultivation at this time.

Shocked.

After all, in just one or two days, you can directly improve your entire realm. This is really incredible.

Even though Old Man Beasts had seen Ye Feng's various magical talents and abilities before, he was still shocked by Ye Feng's powerful cultivation at this time.

However, Old Man of Beasts is a strong man after all, so after being shocked at this moment, Old Man of Beasts immediately reacted and quickly pulled out an ancient picture scroll and wrapped it in the direction of Ye Feng.

On this picture scroll, there are pictures of various beasts, tigers, white lions, brown bears, dinosaurs, megalodons, golden apes, etc. The pictures of various animals and monsters are all engraved on this picture scroll. above.

This is the powerful magic weapon of the Old Man of Ten Thousand Beasts, the Ten Thousand Beasts Picture Scroll.

The moment the Old Man of Ten Thousand Beasts was released, the various ferocious beasts in the Ten Thousand Beasts Scroll immediately turned into souls and attacked Ye Feng.

But at this moment, Ye Feng directly used the ten golden crow feathers he had obtained before.

Each Golden Crow feather is like a golden sword, full of terrifying sharpness and piercing power, which can directly crush the souls of beasts.

Then the six-eyed flame unicorn beside Ye Feng was not idle at this time. He directly manifested his majestic true body, which was tens of thousands of meters long, and directly stretched out the unicorn claws, exerting the power of immortal claws. Terrifying power.

Buzz!

A huge Qilin claw covering more than ten thousand miles struck towards Old Man of Beasts. The terrifying power made Old Man of Beasts feel a frightened feeling all of a sudden.

The old man of all beasts immediately couldn't help but exclaimed, "What?? You actually surrendered a six-eyed flame unicorn! This six-eyed flame unicorn has a cultivation level so much higher than yours. How could he surrender to you?" How can this be??"

Chapter 4832 Not in vain

At this time, Old Man Beasts could be said to be very shocked, because he did not expect that in just a few days, Ye Feng's cultivation level would directly rise to a whole level and become so powerful.

And besides that, what shocked him the most was that Ye Feng actually subdued a six-eyed flame unicorn.

The old man of all beasts is not an ordinary person. He knows very well that the six-eyed flame unicorn, a very special ancient monster, regards himself as the descendant of the divine beast. They are all very noble and aloof. How can they be inferior to others? .

But Ye Feng did it and made this six-eyed flame unicorn serve Ye Feng loyally.

At this moment, even if Old Man Beast is an old senior and an old monster who has lived for many years, he feels a deep emotion at this time. Sure enough, a hero comes out of a boy.

At this time, although the Old Man of Ten Thousand Beasts was sighing in his heart, the mana in his hand did not stop, but instead activated the Ten Thousand Beasts Scroll he released.

boom! boom! boom!

At this moment, all kinds of ancient beasts continued to rush out of the Ten Thousand Beasts Scroll, each one roaring and roaring, and their strength was terrifying.

But at this time, under the attack of Ye Feng's ten golden crow feathers, the ancient beasts were directly disintegrated.

Moreover, the six-eyed flame unicorn's huge unicorn claws, fused with the claws of immortality, had extremely terrifying power, and they also fiercely bombarded the old man of beasts himself.

At this moment, the old man of all beasts immediately shouted: "The immortal body of all beasts!"

Facing a true descendant of a mythical beast like the Six-Eyed Flame Kirin, Old Man of Beasts did not dare to be too big. After all, Old Man of Beasts has not fully recovered his strength, so he must take it seriously.

At this moment, the old man of all beasts directly displayed his most powerful immortal body of all beasts.

Buzz!

I saw the old man of beasts immediately began to expand rapidly, and then directly expanded into a huge monster giant. The monster giant was composed of countless demon clan body parts, and also had incomparable brute force. It actually collided with the six-eyed flame unicorn.

Boom! !

A terrifying roar suddenly erupted in the entire void.

At this moment, Ye Feng saw the opportunity and immediately rushed to the garden not far away. He instantly released the Devouring Domain and began to crazily devour all the elixirs and fruits around him.

Now that he meets the old man of all beasts again, he is no longer a friend, but an enemy, so Ye Feng will naturally not be polite at all. The Devouring Domain he released will consume all the elixirs and fruits in the entire garden. It's all shrouded in it.

At this moment, many elixirs and fruits that were originally extremely bright suddenly withered quickly.

Obviously, their vitality and the potency of the elixir were quickly devoured by Ye Feng at this moment.

At this moment, with the six-eyed flame unicorn and ten golden crow feathers resisting the old man of all beasts and the magic weapon of the old man of all beasts, Ye Feng naturally has time to devour the elixirs and fruits grown in this garden.

These things should be high-grade elixirs and fruits from ancient times that were grown under the command of the Lord of the Wilderness.

After Ye Feng swallowed it, he could immediately feel his own power.

Then it broke through quickly and continuously again.

boom!

The second level of Shenyang Realm!

boom!

The third level of Shenyang Realm!

boom!

The fourth level of Shenyang Realm! !

At this moment, Ye Feng's cultivation suddenly broke through the third level of heaven, directly from the previous first level of Shenyang realm to the fourth level of Shenyang realm.

It has to be said that Ye Feng's breakthrough speed is really fierce.

After sensing all this, the old man of Wanshou not far away knew that he no longer had the ability to obtain the elixirs and fruits in the garden, as they had all been devoured by Ye Feng.

Therefore, the old man of all beasts did not want to bring trouble to himself, so he laughed quite freely and said loudly: "Ye Feng, you young man, I am indeed right. It is true that the waves in front push back the waves in the back, and heroes emerge from youth."

After saying that, the old man of all beasts jumped up, and his entire figure immediately exited the area, disappearing in a certain direction of the distant ruins, and disappeared in the blink of an eye.

The six-eyed flame unicorn immediately wanted to chase after the old man of beasts, but Ye Feng said loudly at this time: "No need to chase."

Ye Feng knew very well that Old Man of Beasts was very powerful, and even if he was seriously injured, he was not easy to deal with.

And Ye Feng also knew that Old Man of Beasts must still have all kinds of powerful trump cards that he has not yet used. After all, there is no need for Old Man of Beasts to fight against himself for some elixirs and fruits.

So at this time, Ye Feng naturally told the six-eyed flame unicorn not to chase and kill the old man of beasts, because it was meaningless and could not kill the old man of beasts.

However, Ye Feng's eyes were full of excitement at this time, not only because he had obtained the elixirs and fruits in the entire garden, but he also felt elated.

Because in the past, Ye Feng could only be coerced to serve under the command of the Old Man of Beasts and help the other party, but this time, Ye Feng truly relied on all his own strength and his own methods to fully fight against the Old Man of Beasts and become invincible. place.

Although Old Man of Beasts was seriously injured, you must know that Ye Feng was as weak as an ant in front of Old Man of Beasts who was seriously injured.

However, after this period of hard work, Ye Feng's cultivation has improved by leaps and bounds, and he has also conquered a super thug like the Six-Eyed Flame Kirin, so naturally Ye Feng's overall strength has been greatly improved.

Relying on the help of the six-eyed flame unicorn, Ye Feng and his own strength were able to draw a tie with the seriously injured Old Man of Beasts. No one could do anything to anyone. This naturally made Ye Feng feel very proud and felt that he The efforts during this period have not been in vain, and my overall strength has made a qualitative leap.

At this moment, Ye Feng looked towards the direction where the Old Man of All Beasts was escaping not far away, and then said aloud: "I guess what this Old Man of All Beasts wants most is the inheritance and real wealth left by the Lord of the Wilderness, but these I must get the things, and you also need these things left by your ancestors, the Six-Eyed Flame Qilin. There must be an opportunity for you to transform into the Nine-Eyed Black Flame Qilin."

Hearing Ye Feng's words, the six-eyed flame unicorn was also very excited and looking forward to it, and then he said with murderous intent: "If that old guy continues to fight against us, I will fight even if it's Kill this old guy! Remove all obstacles for Lord Ye Feng!" At this time, Old Man Beast was very shocked, because he did not expect that Ye Feng's cultivation level would directly improve in just a few days. A whole big realm has been reached and it has become so powerful.

And besides that, what shocked him the most was that Ye Feng actually subdued a six-eyed flame unicorn.

Hearing what Ye Feng said, the six-eyed flame unicorn was also very excited and looking forward to it, and then he said with murderous intent: "If that old guy continues to fight against us, I will fight even if it's Kill this old guy! Remove all obstacles for Master Ye Feng!"

Chapter 4833 What happened?

Hearing what the six-eyed flame unicorn said, Ye Feng just showed a look of satisfaction in his eyes.

In fact, the Six-Eyed Flame Qilin complimented Ye Feng and obeyed Ye Feng so much not only for Ye Feng's consideration, but also for his own consideration.

Because as long as Ye Feng can control everything, the six-eyed flame unicorn will definitely get more things.

Ever since Ye Feng took the initiative to give the Immortal Claw to the Six-Eyed Flame Qilin and fused it into his Qilin Claw, the Six-Eyed Flame Qilin was completely convinced by Ye Feng.

He knew that this was a person who knew rewards and punishments clearly, so the Six-Eyed Flame Qilin naturally wanted to consider Ye Feng wholeheartedly now.

Because the more things Ye Feng gets, the more good things the Six-Eyed Flame Qilin will definitely be able to get.

At this moment, Ye Feng continued to fly quickly towards the direction of the next energy wave with the six-eyed flame unicorn.

Soon Ye Feng came to the third location, where an inland lake appeared. ??

Ye Feng saw a giant beast covered with golden scales lying in the middle of the lake, with half of its huge body exposed above the lake.

At this time, Ye Feng's eyes suddenly showed a nervous look.

Because such a huge golden beast lying in the lake must be a very terrifying beast.

But at this time, the six-eyed flame unicorn standing next to Ye Feng suddenly said: "Master Ye Feng, this golden ancient beast seems to be dead."

"Um?"

Hearing what the six-eyed flame unicorn beside him said, Ye Feng's eyes suddenly showed a look of surprise, and then he couldn't help but sense it carefully, and sure enough he felt a very strong aura of death.

At this time, Ye Feng's eyes immediately revealed a look of deep astonishment. He seemed to have never imagined that such a golden giant beast with extraordinary temperament lying on the lake turned out to be a dead giant beast. .

But this made Ye Feng even more happy.

Because if you say that, you don't need to fight intensely to get the energy contained in the body of this golden beast.

At this moment, Ye Feng naturally didn't hesitate at all, and rushed forward, releasing the Devouring Domain, covering the golden giant beast.

At this moment, Ye Feng stepped forward and saw that this golden beast seemed to be a huge crocodile, but it was several thousand meters tall. It looked very majestic and huge, just like a golden tower. The mountains are the same, but now they are dead in this lake.

There is a huge bloody hole on the top of the head of this huge golden crocodile. It must have been pierced through the head by some very terrifying sharp weapon.

This made Ye Feng couldn't help but look at the six-eyed flame unicorn beside him, and asked aloud: "It seems that the demon kingdom created by your ancestor, the nine-eyed black flame unicorn, must have experienced some very terrible things." Due to the attack of the forces, it perished and was buried with your ancestors in this ancient tomb. "

The Six-Eyed Flame Qilin couldn't help but nodded at this time, and then said with some regret: "My ancestor was so powerful back then. He cultivated the bloodline of the Qilin clan to the most extreme level of the Nine-Eyed Dark Qilin, and also created I didn't expect that such an immortal demon kingdom would still face the crisis of destruction. I didn't know what happened to my ancestor when he became the Lord of the Wilderness.

What happened was able to turn the immortal demon kingdom he created into ruins. "

Hearing what the six-eyed flame unicorn said, Ye Feng couldn't help but said: "Perhaps he has provoked the big forces in Zhongzhou. Otherwise, there would be no way that such a powerful force would appear in the entire Ten Thousand Monsters interface, which could destroy what your ancestors created. The immortal kingdom of the demon clan in the great wilderness was directly destroyed."

When the Six-Eyed Flame Qilin heard Ye Feng mention the land of Zhongzhou, a hint of fear appeared in his eyes involuntarily.

Obviously, whether in the Northern Territory, the Southern Barbarians, or in the Great Wilderness, when they heard about Zhongzhou, the most glorious land of Ten Thousand Monsters, they all felt a sense of awe and fear from the bottom of their hearts.

At this moment, seeing the fearful look in the eyes of the six-eyed flame unicorn, Ye Feng just smiled faintly and said: "If we are lucky this time, you can transform into a nine-eyed flame unicorn. Then we will go to the land of Zhongzhou. , there is no need to be afraid of the big forces in Zhongzhou."

Hearing what Ye Feng said, the Six-Eyed Flame Qilin couldn't help but smile bitterly and said: "Master Ye Feng, you are really too optimistic. Even if I evolve to the level of the Nine-Eyed Black Flame Qilin, it is impossible to fight against it. Those great transcendent forces and transcendent beings in Zhongzhou."

When Ye Feng heard what the six-eyed flame unicorn said, he just smiled slightly and said: "You don't have to grow up in other people's ambitions to destroy your own prestige. As long as you have a heart that will always become stronger, one day you will be able to face those things you once had. The so-called transcendent great power or transcendent figure who is in awe."

Hearing what Ye Feng said, the six-eyed flame unicorn immediately nodded, and then said loudly: "Anyway, with Master Ye Feng here, I will definitely become stronger and stronger."

The current six-eyed flame unicorn can be said to admire Ye Feng's strength and methods to the extreme, so he couldn't help but begin to flatter him as he spoke.

Ye Feng didn't care about this, he just looked at the huge golden crocodile in front of him and started to devour it.

Boom!

At this moment, waves of terrifying blood energy were immediately injected into Ye Feng's Dantian, rapidly strengthening Ye Feng's power.

At this moment, Ye Feng immediately felt the aura of his cultivation, and it immediately increased rapidly and continuously at an incredible speed.

Because you must know that this golden crocodile is thousands of meters tall and majestic, so after Ye Feng swallowed it, he naturally gained a huge amount of blood energy.

At this time, Ye Feng's cultivation aura naturally began to rise.

boom!

The fifth level of Shenyang Realm!

boom!

The sixth level of Shenyang Realm!

At this time, Ye Feng's cultivation level suddenly broke through two levels in a row. Ye Feng's eyes naturally revealed a look of surprise. He didn't expect that he accidentally encountered a dead ancient behemoth and could still obtain such a result. Much energy.

Ye Feng couldn't help but sigh, he really came to the right place.

The immortal demon kingdom created by the nine-eyed black flame unicorn was destroyed due to some terrible reasons, but it left behind various opportunities and resources and wealth.

At this time, Ye Feng was increasingly looking forward to the good things he might get in this ancient tomb ruins, which would definitely bring his strength to a higher level. Hearing what the six-eyed flame unicorn said, Ye Feng just showed a look of satisfaction in his eyes.

In fact, the Six-Eyed Flame Qilin complimented Ye Feng and obeyed Ye Feng so much not only for Ye Feng's consideration, but also for his own consideration.

Because as long as Ye Feng can control everything, the six-eyed flame unicorn will definitely get more things.

The sixth level of Shenyang Realm!

At this time, Ye Feng's cultivation level suddenly broke through two levels. Ye Feng's eyes naturally revealed a look of surprise. He didn't expect that he accidentally encountered a dead ancient behemoth and could get such a result. Much energy.

Ye Feng couldn't help but sigh, he really came to the right place.

The immortal demon kingdom created by the nine-eyed black flame unicorn was destroyed due to some terrible reasons, but it left behind various opportunities and resources and wealth.

At this time, Ye Feng is increasingly looking forward to the good things he may get in this ancient tomb ruins, which will definitely bring his strength to a higher level.

Chapter 4834 Divine Weapon

At this time, Ye Feng was preparing to leave here with the six-eyed flame unicorn.

But suddenly at this moment, under the lake bottom of the golden beast that was swallowed by Ye Feng, a terrifying momentum suddenly burst out.

Boom! !

At this moment, the entire lake exploded.

Ye Feng's eyes were immediately startled, and he quickly retreated with the six-eyed flame unicorn.

The next moment, among countless waves, Ye Feng saw a shocking scene.

I saw a spear carved with countless ancient totems. It was made of bronze and looked like it had the vicissitudes of ancient times. It rushed out from the bottom of the lake.

At this moment, this bronze spear carved with countless ancient totems was suspended in the sky, and the souls of ancient monster beasts rushed out of it. ??

Each of these ancient monster souls looks very terrifying, and each of them is an ancient monster that was only bred in ancient times.

Seeing this spear at this time, Ye Feng was suddenly shocked and couldn't help but said: "This must be a very powerful spear, maybe some kind of very advanced weapon from ancient times."

When the six-eyed flame unicorn saw this unique bronze spear, he immediately couldn't help but exclaimed: "This seems to be the legendary spear recorded in the books of our family, called Ten Thousand Beasts War Spear! This seems to be the natal weapon in the hands of my ancestor's Nine-Eyed Black Flame Kirin, the first warrior under his command, the 'Thunder Demon King'. It is the war spear that my ancestor refined from the essence of all beasts. It is very powerful and powerful. Horrible, the materials used to create this Ten Thousand Beasts War Spear were collected from the ancient bronze sacred mountains. Only then can such a powerful Ten Thousand Beasts War Spear be created. Once this Ten Thousand Beasts War Spear is activated with magic power, it will It is a group attack magic weapon that can unleash the soul power of thousands of monsters."

I heard the six-eyed flame unicorn say this

Said, Ye Feng's eyes suddenly showed a look of surprise.

Ye Feng never thought that such an extremely powerful ancient magic weapon was buried under the bottom of the lake.

Ye Feng suddenly thought that the blood hole that appeared on the head of the golden crocodile he had just swallowed should have been pierced by this Ten Thousand Beasts War Spear.

At this time, Ye Feng looked at the six-eyed flame unicorn beside him and said, "You wait here while I conquer this Ten Thousand Beasts War Spear."

Hearing what Ye Feng said, the six-eyed flame unicorn immediately said: "I'm here to help Lord Ye Feng recover this weapon."

At this moment, the six-eyed flame unicorn directly activated the immortal claw fused in one of his unicorn claws.

The unicorn claw immediately turned into a huge black claw that covered the sky and the sun, and bombarded the Ten Thousand Beasts War Spear suspended in the sky not far away.

At this moment, the Ten Thousand Beasts War Spear was able to actively attack, and it turned into a terrifying huge war spear, which instantly bombarded the huge black claw extended by the six-eyed flame unicorn.

Boom! !

A huge roar suddenly sounded across the entire field, and the billowing sound waves spread towards the surroundings, immediately shattering the surrounding mountains and rivers.

At this moment, Ye Feng took advantage of the six-eyed flame unicorn to restrain the Ten Thousand Beasts War Spear with its immortal claws, and rushed forward, stimulating the power of the immortal body of the god.

Ye Feng's palm suddenly turned into pure gold and he held it on the Ten Thousand Beasts War Spear.

At this moment, Ye Feng immediately sensed it. The Ten Thousand Beasts War Spear immediately vibrated rapidly and continuously, making Ye Feng somewhat unable to grasp the spear for a while.

At this moment, Ye Feng could sense that this Ten Thousand Beasts War Spear contained a terrifying power in the entire spear body, as if thousands of evil beasts were sealed in this war spear and exploded. The power of thousands of orcs.

At this moment, Ye Feng finally understood why this spear was called the Ten Thousand Beasts War Spear. It seemed that the power of thousands of ancient evil beasts was sealed in this spear. Otherwise, it would not be possible. It may have such great power.

However, the more powerful the Ten Thousand Beasts War Spear resisted, the happier Ye Feng became. ??

Because this means that the power of this beast war spear is absolutely terrifying.

If I can completely refine this Ten Thousand Beast War Spear, my overall strength will definitely be greatly improved.

At this moment, Ye Feng no longer hesitated, relying on the six-eyed flame unicorn to suppress the Ten Thousand Beasts War Spear with its immortal claws, outputting his mana crazily, entering the Ten Thousand Beasts War Spear, and preparing to quickly refine this The war spear of all beasts.

At this moment, Ye Feng did not hesitate at all, and immediately burst out with the power of his extremely powerful Celestial Clan. The golden mana was injected into the Ten Thousand Beasts War Spear in his hand. Ye Feng was fighting with the most original power of the Ten Thousand Beasts War Spear. Do a counterbalance.

As long as he can completely suppress the original resistance force in the Ten Thousand Beasts War Spear, Ye Feng can completely refine and control this Ten Thousand Beasts War Spear.

Boom! !

Suddenly at a certain moment, Ye Feng opened his eyes, with deep excitement in his eyes.

Because at this moment Ye Feng has completely controlled this Ten Thousand Beasts War Spear.

this one

In an instant, the six-eyed flame unicorn also sensed all this and retracted its unicorn claws.

At this moment, the Ten Thousand Beasts War Spear also turned into an ordinary bronze spear, held in Ye Feng's hand.

But at this moment, when Ye Feng held the bronze spear in his hand and blasted forward.

Boom!

I saw that among the ordinary and very calm bronze spears, the totems of ancient ancient evil beasts suddenly flashed out, turning into thousands of ancient evil beasts, merging into the light of this

bronze spear, It has the power to destroy everything and seems to be able to pierce everything and break anything solid.

At this moment, Ye Feng immediately laughed out loud and said: "This Ten Thousand Beasts War Spear is definitely no less than the Immortal Claw you fused with the six-eyed flame unicorn before."

The six-eyed flame unicorn couldn't help but say at this time: "Congratulations to Lord Ye Feng for getting such a magical weapon. Your overall strength has reached a new level."

Ye Feng immediately nodded with great satisfaction and carried the Ten Thousand Beast War Spear on his back, ready to use it at any time to attack powerful enemies.

At this time, Ye Feng looked at the six-eyed flame unicorn beside him, and said aloud: "Since we have almost found the chance creation in the outer area, we can now go directly to the core place where your ancestors are truly buried."

The six-eyed flame unicorn immediately nodded, looked in a certain direction not far away, and said loudly: "The final burial place of my ancestor should be in the central palace of this ancient ruins of the demon kingdom."

When he said this, the eyes of the six-eyed flame unicorn were full of expectation and nervousness, because he was not sure whether there was anything in the place where his ancestors were buried that could allow his bloodline to evolve to a more advanced level.

Chapter 4835 Blessing Power

At this time, Ye Feng took the six-eyed flame unicorn and flew quickly towards the center of the ancient ruins of the demon kingdom.

At this time, Ye Feng looked at the six-eyed flame unicorn beside him, and seemed to see the other person's nervous look. He immediately smiled and patted the other person's shoulder, and said loudly: "As long as your ancestors are buried, If there is really something that can evolve your bloodline, I will definitely give it to you first."

Hearing what Ye Feng said, the six-eyed flame unicorn immediately showed joy in his eyes and said quickly: "Thank you, Lord Ye Feng."

Ye Feng nodded. He still attached great importance to the six-eyed flame unicorn. After all, it was a descendant of an ancient beast with the orthodox unicorn bloodline.

If this six-eyed flame unicorn can really evolve into the nine-eyed black flame unicorn, then Ye Feng knows that he will have a powerful assistant comparable to the Lord of the Wilderness back then. ??

Because this six-eyed flame unicorn is already very powerful. If the bloodline can continue to evolve and become a nine-eyed black flame unicorn, and if he continues to practice, he may really be able to reach the terrifying level of his ancestors.

You know, his ancestor was the Lord of the Wilderness who unified the entire Wilderness area.

If Ye Feng really has a super strong man at the level of the Lord of the Wilderness to work for him, then Ye Feng's comprehensive strength will be raised to a whole new level.

Ye Feng deeply understood that if he wanted to fight against these overlord races in the wilderness, he would not be able to do it on his own for the time being.

I don't know how long it will take until I truly grow into a top-notch powerhouse capable of sweeping everything.

But crisis may be looming.

Therefore, Ye Feng naturally wants to use everything he can, including external help.

This six-eyed flame unicorn is a helper that Ye Feng values very much.

At this moment, while Ye Feng was thinking secretly in his heart, he brought the six-eyed flame unicorn to the center of the ancient ruins of the demon kingdom.

A towering palace area appeared here, which looked very majestic and vast.

At this time, Ye Feng's eyes showed a look of relief.

Because Ye Feng saw that there were no traces of fighting or damage to the formation in the palace area.

Obviously, the Old Man of Ten Thousand Beasts, or some other powerful people who might come here, did not arrive here. He and the six-eyed flame unicorn were the first people to arrive in this central area.

However, Ye Feng also knows that the Old Man of Ten Thousand Beasts is probably still elsewhere in this ancient ruins, looking for other opportunities to restore his strength.

After all, the old man of all beasts must also know very well that even if he comes to the central palace area in advance, there is no way to enter the palace.

Because only those who hold the Six-Eyed Flame Kirin, the descendant of the Lord of the Wilderness, may be qualified to enter this central palace.

At this time, Ye Feng looked at the vast palace in front of him, walked to the gate, and found a huge formation that enveloped the entire palace area.

Even though hundreds of thousands of years have passed, it still exudes very powerful energy fluctuations.

Even if it is

Ye Feng felt a threat at this moment.

Ye Feng did not directly use powerful force to destroy this protective formation, because Ye Feng was afraid of destroying some things in the palace, and he might not be able to break this formation, and it would be thankless then. It's better to let the six-eyed flame unicorn beside you give it a try.

After all, Ye Feng brought the Six-Eyed Flame Kirin with him, which can be said to be the most correct choice. When he first entered this ancient tomb, he had the Six-Eyed Flame Kirin use blood to identify its owner, and he easily entered this ancient ruins tomb. in.

So at this time, Ye Feng looked at the six-eyed flame unicorn beside him, smiled slightly, and said loudly: "You continue to try and see if you can use the power of your blood to open the central area of this final palace."

Hearing what Ye Feng said, the six-eyed flame unicorn immediately nodded, and then directly forced out a drop of his own blood and dripped it on the gate of the palace in front of him.

But this time, there was no response from the palace gate.

The six-eyed flame unicorn immediately said helplessly: "Master Ye Feng, it seems that I have run out of luck. Finally, I want to enter the palace where my ancestors are buried. I'm afraid it's not that simple. I can just use my blood. It can be turned on."

Ye Feng nodded, and then slowly held the Ten Thousand Beasts War Spear, an extremely powerful weapon that he had conquered before, in his hands from behind.

According to the Six-Eyed Flame Qilin, this Ten Thousand Beasts War Spear was definitely one of the first-class magical weapons in the demon kingdom created by the Lord of the Wilderness, and it was in the hands of the most powerful person under the Lord of the Wilderness. The natal weapon is a powerful weapon forged by the Lord of the Wilderness personally collecting ancient sacred copper.

"Buzz!"

At this time, Ye Feng directly input his golden mana into the Ten Thousand Beasts War Spear in his hand, and used all his strength to activate this powerful weapon.

Boom! !

At this moment, the calm bronze spear in Ye Feng's hand suddenly burst out with brilliant light.

Almost at the next moment, accompanied by huge roars, the phantoms of extremely ferocious ancient monsters rushed out from the Ten Thousand Beasts War Spear in Ye Feng's hand, surrounding the Ten Thousand Beasts War Spear in Ye Feng's hand. Beast war spear.

At this moment, Ye Feng felt that all the strength in his body was also injected with the power of thousands of monsters, and his combat effectiveness suddenly increased a lot.

"Um?"

This made Ye Feng's eyes suddenly reveal a look of deep surprise.

Ye Feng originally thought that the Ten Thousand Beasts War Spear was very powerful in itself, but he did not expect that when he used the Ten Thousand Beasts War Spear, this weapon could give the user the power of thousands of ancient monster beasts.

So at this moment, Ye Feng's combat power continued to skyrocket after being assisted by thousands of monsters. It actually directly increased Ye Feng's combat power dozens of times than before!

After discovering this, Ye Feng immediately laughed out loud: "I really got a good weapon!"

At this moment, after Ye Feng finished speaking, his eyes immediately became as sharp as a knife. He held the Ten Thousand Beasts War Spear in his hand and instantly struck hard at the formation guarding the palace in front. The Ten Thousand Beasts War Spear in his hand The spear burst out with a monstrous light, as if it could penetrate everything and tear everything apart! At this time, Ye Feng took the six-eyed flame unicorn and flew quickly towards the center of the ancient ruins of the demon kingdom.

At this time, Ye Feng looked at the six-eyed flame unicorn beside him, and seemed to see the other person's nervous look. The Ten Thousand Beasts War Spear in his hand The spear burst out with monstrous light, as if it could penetrate everything and tear everything apart!

Chapter 4836 The power of faith

Boom! !

At this moment, when the Ten Thousand Beasts War Spear in Ye Feng's hand touched the formation guarding the palace, the entire formation immediately shook tremendously.

The Ten Thousand Beast War Spear in Ye Feng's hand was already very destructive, and coupled with Ye Feng's powerful Celestial Clan's unique golden mana, it even strengthened the power of this attack.

So at this moment, the entire palace hall began to shake.

Seeing this scene at this moment, the six-eyed flame unicorn standing below couldn't help but show a look of astonishment in his eyes, and said quickly: "Master Ye Feng! We can't fight anymore. If we fight again, the whole person will be killed." The entire palace is about to be destroyed. I can see that there are cracks in the buildings of the entire palace. The attack just now by Master Ye Feng was too fierce. Although the entire formation was not broken, the terrifying power was transmitted to the formation. In the middle of the attack, the palace that was built by my ancestors and protected by the formation was shaken to the point of being shattered."

Hearing what the six-eyed flame unicorn said below, Ye Feng's eyes showed a deep look.

Originally, Ye Feng did not force the attack and asked the six-eyed flame unicorn to test whether the formation could be opened with unicorn blood.

But the result was a failure.

Ye Feng's idea at the time was to try not to use force, otherwise, it might destroy the entire palace, and it might also destroy the wealth buried in the entire palace, such as some very high-level elixirs, or some luck.

But Ye Feng's eyes were filled with deep determination at this time, and he said loudly: "If we don't use force to break this formation now, we will get nothing and can only wait outside." .?? .

Hearing what Ye Feng said, the six-eyed flame unicorn looked very anxious at this time, but there was nothing he could do.

There is no way to unlock the gates and protective formations of this palace. They can only be solved by force.

Although Ye Feng has the eye of heaven and earth and can see through the context of the formation, in addition to the formation, there are also the entire buildings outside the palace.

and the guarding of the gate.

Therefore, Ye Feng can only use force to break through the formation and the protection of the building.

Because this kind of protection is not only nihilistic things like formations, but also physical things like buildings. It can be said to be a means of protection that combines reality and reality.

Even Ye Feng could only enter it with brute strength.

Boom! !

At this moment, Ye Feng launched another attack.

At this moment, Ye Feng's whole body erupted with brilliant golden light. He held the Ten Thousand Beasts War Spear in his hand. He looked like the legendary God of War had arrived. The power that burst out could be said to be earth-shattering and shining. In all directions, the whole world is shaking.

At this moment, the six-eyed flame unicorn immediately flew high into the sky and stretched out a unicorn claw, displaying the power of the Immortal Claw.

An extremely huge black claw also bombarded down from high in the sky, frantically bombarding the imperial city's protective formation and the protection of the buildings outside the imperial city.

At this time, it was obvious that the six-eyed flame unicorn also decided to attack the palace hall together with Ye Feng.

Ye Feng spoke up at this time: "Even if some buildings are destroyed, there is nothing we can do. We can't just wait outside. We can't pick up the sesame seeds and lose the watermelon."

The reason why Ye Feng was so anxious to break through the defense and enter the palace at this time was actually because he was afraid of the Old Man of Beasts.

Although the Old Man of All Beasts has not come here yet, Ye Feng cannot guarantee that the Old Man of All Beasts is lurking somewhere in the surrounding darkness.

Therefore, Ye Feng naturally wanted to invade the imperial city as soon as possible, and could not let the old man of beasts come to take advantage in the end.

At this moment, Ye Feng continued to explode with powerful power, using his

The power of the war spear of all beasts.

Boom! !

Under the double attack of Ye Feng and the six-eyed flame unicorn, no matter how strong the palace's protective formations and buildings were, they were shattered by the attacks of Ye Feng and the six-eyed flame unicorn.

Boom!

Finally, the entire formation was completely shattered.

The protective wall buildings on the outside of the imperial city that were combined with the formation were also blasted with a crack.

Uh-huh! .??.

At this time, Ye Feng and the six-eyed flame unicorn were finally able to enter the palace.

At this moment, Ye Feng ran quickly towards the inner area of the palace hall.

The six-eyed flame unicorn also followed behind Ye Feng. Many buildings around him collapsed during the fierce attack just now.

But Ye Feng has no intention of looking for what may be hidden in these ordinary buildings. What Ye Feng wants is the huge wealth hidden in the palace hall that was truly left by the Lord of the Wilderness.

At this moment, Ye Feng and the Six-Eyed Flame Qilin were very fast and finally completely entered the central palace hall.

The moment they entered, they immediately saw a very shocking scene.

In the middle area of the entire palace, a majestic sculpture of a middle-aged man was built.

This stalwart middle-aged man was wearing the clothes of an ancient emperor and had an amethyst flat crown on his head. He looked full of overlord's aura.

Moreover, in the hands of this stalwart sculpture of a middle-aged man, there is also a huge long sword made entirely of metal.

"This huge sword is not a sculpture..."

This made Ye Feng's eyes suddenly move, and he couldn't help but said: "Is this a real weapon?"

Hearing what Ye Feng said, Liu Yan beside him

The Flame Qilin seemed to have thought of something, and immediately couldn't help but exclaimed: "This huge sculpture should be the ancestor of our clan back then, the one who cultivated and became the Nine-Eyed Black Flame Qilin." Lord, the long sword in his hand should be the natal magic weapon of the Lord of the Wilderness, the Sword of the Emperor. However, according to the records in the ancient books of our family, the Emperor's Sword in the Lord of the Wilderness is not a very powerful weapon. It is something that carries the fate of all the demons in the entire demon kingdom. Just like the previews in some cultivating dynasties, it is a symbolic instrument that carries the luck and represents the rise and fall of the entire demon kingdom. "

"oh?"

Hearing what the six-eyed flame unicorn said, Ye Feng's eyes suddenly lit up, and he quickly flew to the sky, stretched out his hand, and touched the surface of the huge emperor's sword in the hands of the sculpture.

Buzz!

Almost at this moment, Ye Feng immediately sensed that this emperor's sword did not have such powerful killing power, and it was far inferior to the Ten Thousand Beast War Spear in his hand that was specially used for attacking.

But the sword body of this emperor's sword actually contains a very strong pure energy.

That is the power of luck and the accumulation of faith.

At this time, Ye Feng couldn't help but said with emotion: "I didn't expect that after so many years, the Emperor's Sword still contains so much power of faith from the demon kingdom. This is very pure. The energy."

After finishing speaking, Ye Feng naturally did not hesitate at all, and directly began to devour the power of luck and faith stored and accumulated in this emperor's sword.

These are the purest energies of the immortal demon kingdom created by the Lord of the Wilderness!

At this time, the six-eyed flame unicorn is also looking for something that can transform his bloodline based on the induction of his own bloodline. After all, whether he can evolve into the strongest nine-eyed black flame unicorn state depends on whether he can find it here today. By chance.

Chapter 4837 Not a thing

At this time, as Ye Feng continued to absorb the power of luck and faith in the Emperor's Sword, Ye Feng immediately received a very large amount of pure energy, which was injected into his Dantian.

At this moment, Ye Feng could immediately feel that his cultivation aura was growing rapidly and continuously at an incredible speed.

Ye Feng's cultivation level that he had just broken through had broken through again at this moment.

boom!

The seventh level of Shenyang Realm!

boom!

The eighth level of Shenyang Realm!

boom!

The ninth level of Shenyang Realm!

boom!

The tenth level of Shenyang Realm is complete! !

At this moment, Ye Feng's cultivation level suddenly broke through the fourth level of heaven, directly breaking through to the perfect state of the tenth level of Shenyang realm.

At this time, Ye Feng immediately revealed a look of deep surprise in his eyes. He didn't expect that this emperor's sword that had passed so many years still contained such majestic luck and faith energy, which made Ye Feng's cultivation even more difficult. For breaking through so much.

And when Ye Feng was secretly surprised, a scream suddenly rang out not far away.

Ye Feng immediately woke up from his cultivation state, quickly looked in a certain direction not far away, and immediately saw a shocking scene.

I saw the six-eyed flame unicorn, and at this moment, it was shrouded in a blood pool in the palace hall.

The blood in the blood pool covered his whole body, causing the six-eyed flame unicorn to immediately scream in fear: "Master Ye Feng, come and save me! I am imprisoned by the blood demon in this blood pool. "It feels like all the blood in my body is being drained."

Hearing what the six-eyed flame unicorn said, Ye Feng immediately rushed over.

Ye Feng knew that the six-eyed flame unicorn was probably looking around while he was devouring the power of luck and faith in the emperor's sword.

See if there is anything left by his ancestors that can enhance his bloodline ability.

Unexpectedly, he accidentally fell into this strange blood pool.

Ye Feng walked over and found that there was a skeleton behind the entire blood pool.

As the six-eyed flame unicorn was imprisoned in the blood pool and its blood was drained, the skeleton behind the blood pool actually began to grow pieces of flesh and blood from the seams in the skull bones.

"Um?"

Seeing this scene, Ye Feng's eyes suddenly turned cold, and he couldn't help but said: "This thing your ancestors left for you is not to improve your bloodline ability, but to drain you of future generations." blood, resurrecting himself."

At this time, Ye Feng never thought that the Nine-Eyed Black Flame Qilin, the ancestor of the Qilin clan, could be so vicious.

No wonder the Six-Eyed Flame Qilin was able to enter this ancient tomb unobstructed and use his own bloodline to enter it. It was a little too smooth. He didn't expect that there would be such a terrible trap in this last place.

At this moment, Ye Feng suddenly shouted and said: "Your ancestors were really cruel to your descendants."

Hearing what Ye Feng said, the six-eyed flame unicorn also shouted angrily and said: "My ancestor is really not a thing! He actually wants to use our descendants to realize his resurrection conspiracy."

At this moment, Ye Feng laughed loudly and said: "Fortunately, I am here."

Uh-huh!

After saying that, Ye Feng rushed forward, grabbed the six-eyed flame unicorn with one hand, and immediately pulled the six-eyed flame unicorn out of the confinement of the blood pool.

six eyes flame

The Qilin seemed to be stuck in a quagmire in the blood pool. The more he struggled, the tighter he was restrained. However, Ye Feng possessed extremely powerful brute force, which was directly the power of the immortal body of the God of Heaven. This six-eyed flame Qilin was The huge body was forcefully pulled out of the blood pool.

At this moment, the six-eyed flame unicorn had lost a lot of weight. It was obvious that he had sucked a lot of blood just now. He couldn't help but curse loudly and said: "My ancestor is really not a thing! It's really abominable!"

At this moment, Ye Feng suddenly looked at the blood pool not far away and found that all the blood in the blood pool actually formed a huge bloody giant.

This bloody giant felt very evil and ferocious. He immediately charged towards Ye Feng and the six-eyed flame unicorn, trying to kill them both.

At this time, Ye Feng instantly held the Ten Thousand Beasts War Spear in his hand, bursting out with extremely powerful power.

boom!

I saw among the beasts' war spears, a spear light that could tear the heaven and earth suddenly rushed out. It had terrifying sharpness and impact, and it pierced the head of the bloody giant at once.

But at this moment, the bloody giant seemed to have not suffered any damage at all. He quickly regrouped the blood hole pierced by Ye Feng, and then continued to attack Ye Feng and the six-eyed flame unicorn. And go.

When Ye Feng saw this step, he couldn't help but said: "This bloody giant is probably difficult to kill with physical means. Six-eyed flame unicorn, now it's up to you to kill this bloody giant. This The blood giant is probably a ball of natal blood essence left by your ancestors. Over the course of countless years, you have become a blood demon. As long as you can completely absorb this blood giant with the six-eyed flame unicorn, your bloodline will definitely evolve."

Hearing what Ye Feng said, the six-eyed flame unicorn said with some fear and uncertainty: "Ye Fengda

Man, I can't beat this bloody giant at all. Besides, a lot of my blood energy was absorbed just now, and I'm even weaker now. "

Ye Feng immediately laughed and said, "Of course I will help you win the battle."

Buzz!

After saying that, Ye Feng directly activated the power of the Netherworld Alchemy in his heart.

Boom!

At this moment, a terrifying source of power from the Netherworld Emperor was injected into Ye Feng's limbs.

Ye Feng's whole body immediately expanded rapidly, directly expanding into a majestic black giant with a height of tens of thousands of meters.

This is exactly the true form of the Netherworld Emperor that Ye Feng displayed, which directly turned him into the Netherworld Emperor's true form for a short time, possessing part of the power of the Netherworld Emperor.

At this moment, Ye Feng directly bombarded the bloody giant.

The huge black hand, coupled with the tens of thousands of meters of the majestic Nether Emperor's real body, directly suppressed the blood demon giant composed of blood in the blood pool, unable to move.

At this moment, Ye Feng's pair of lantern-sized eyes emitting scarlet light instantly stared at the six-eyed flame unicorn behind him, and said loudly: "It's now! I have suppressed this blood demon giant, hurry up and absorb it." The original power of this blood demon giant."

Hearing what Ye Feng said, the Six-Eyed Flame Qilin was immediately overjoyed and said loudly: "Thank you Lord Ye Feng for the reward!"

After saying that, the six-eyed flame unicorn rushed directly in front of the suppressed Blood Demon Giant, opened its big mouth, and began to quickly swallow the blood essence of the Blood Demon Giant.

Ye Feng looked at this scene with a look of expectation in his eyes. He had tried his best. Whether this six-eyed flame unicorn can evolve into the most advanced nine-eyed black flame unicorn depends on this opportunity.

Chapter 4838 Underground Stone Road

"Gulu!"

"Gulu!"

As the six-eyed flame Qilin swallowed the bloody giant one by one, the six-eyed flame Qilin immediately felt that the blood and veins in his body were burning.

He felt very hot power, surging through his body. ??

The six-eyed flame unicorn immediately couldn't help but said in surprise: "Master Ye Feng, after I ate this bloody giant, I really felt that my bloodline was transforming at an incredible speed."

The six-eyed flame unicorn spoke at this time, his tone full of excitement.

Because he saw the hope of evolution.

At this time, Ye Feng smiled and said, "You can slowly refine and evolve your bloodline here. I'll take a look around."

Buzz!

After saying that, Ye Feng transformed into his own body size and walked towards the blood pool just now.

At this moment, the blood pool was empty.

After all, the blood just turned into a bloody giant, which has been completely swallowed by the current six-eyed flame unicorn.

But at this time, Ye Feng was paying attention to the skeleton sitting behind the blood pool.

Ye Feng saw just now that when the blood pool absorbed the blood of the six-eyed flame unicorn, fresh flesh and blood began to grow among the bones of the skeleton.

This is enough to show that this skeleton is most likely the skeleton left by the Nine-Eyed Black Flame Kirin, the Lord of the Wilderness.

At this moment, Ye Feng stepped forward and wanted to observe.

But suddenly at this moment.

Uh-huh!

From the lowered skull, a faint green light of the soul suddenly rushed out, and instantly struck towards Ye Feng's head.

Ye Feng felt this scene instantly, but his eyes smiled slightly, and there was no obstruction at all. He directly let the spirit of the nine-eyed black flame unicorn enter his head, as if he was not afraid of the other party taking away his body. \u003c

br\u003e

And at the next moment, as expected, the moment the spirit of the nine-eyed black flame unicorn entered Ye Feng's head, a scream suddenly came from Ye Feng's head.

That was the scream of the nine-eyed black flame unicorn!

Emperor Chu had already taken action in Ye Feng's head and destroyed the spirit of this nine-eyed black flame unicorn.

At this moment, Ye Feng immediately felt that his soul power had increased.

But at this time, Ye Feng was more concerned about the skeleton sitting in front of him on the ground, which seemed to have a mechanism.

Snap!

Ye Feng immediately waved his hand and slapped the skeleton aside, sending it flying away.

Then Ye Feng looked at the ground where the skeleton was sitting just now, and immediately discovered that there was a ring on the ground.

Uh-huh!

Ye Feng stretched out his hand, grasped the ring, and pulled it hard.

Boom!

At this moment, the entire ground collapsed.

Ye Feng immediately saw it, and an underground stone passage appeared in front of him.

It is unknown where this underground stone path leads, but Ye Feng guesses that it is likely to lead to the place where the nine-eyed black flame unicorn buried his wealth.

After all, Ye Feng did not see a storage ring on the finger of the skeleton, so it means that this nine-eyed black flame unicorn, the Lord of the Wilderness, hid his wealth under the palace, possibly using the art of mechanism. .

Ye Feng looked at the six-eyed flame Qilin not far away who was working hard to evolve his bloodline at this time, and immediately said: "Qilin, I will enter this underground passage to take a look, and you can safely refine the blood here. giant."

The six-eyed flame unicorn immediately nodded. It was too late to say anything at this time, but he concentrated on transforming himself.

own blood.

When Ye Feng saw this scene, he immediately stopped caring about the six-eyed flame unicorn and walked into the underground passage he had just opened.

As Ye Feng continued to walk in the underground passage, Ye Feng soon came to an underground space below the ground.

The moment Ye Feng entered this underground space, his eyes were almost blinded by the light. ??

I saw piles of treasures piled up in this underground space. Some of these treasures were weapons, some were energy crystals, and some were peerless elixirs, but they all exuded a bright light and were obviously very extraordinary. Otherwise, it would not be possible to emit such a dazzling light.

At this time, Ye Feng immediately widened his eyes slightly and couldn't help but sigh, "After the Lord of the Wilderness died that year, he piled countless treasures in the underground space of his ancient tomb."

At this moment, Ye Feng suddenly understood. I am afraid that the trap just now was really left by the Lord of the Wilderness for his descendants. The purpose was to absorb the life energy of the descendants, use it to resurrect himself, and then use the trap he had prepared in advance. These treasures have restored their original strength.

It's a pity that the Six-Eyed Flame Kirin followed Ye Feng into this ancient tomb this time, and Ye Feng has various powerful methods. Otherwise, it is estimated that the Six-Eyed Flame Kirin was really tricked by his ancestors.

At this moment, Ye Feng naturally did not hesitate at all and simply accepted the treasures accumulated in the underground space.

Buzz!

First, Ye Feng released the Devouring Domain and began to devour the peerless elixirs, energy crystals, and some rare and exotic fruits that could provide energy for him.

At this moment, Ye Feng suddenly felt a huge amount of energy injected into his body.

You know, these things were specially prepared by the Lord of the Wilderness to restore his strength after his resurrection, so they are all good things.

After Ye Feng devoured it at this time, Shenyang

There is almost no obstacle to the bottleneck of the Great Perfection of the Tenth Heavenly Realm. In an instant, it breaks through suddenly and directly breaks through to the half-step Divine Pill Realm above the Divine Sun Realm!

And this is far from enough, the energy has not been completely absorbed.

So at this time, the cultivation bottleneck of the Half-Step Divine Pill Realm was once again broken through, directly reaching the first level of the Divine Pill Realm!

At this time, Ye Feng was surprised to find that there were still a lot of energy-rich things left by the Lord of the Wilderness.

Ye Feng naturally continued to devour it and directly used it on the spot to enhance his own strength.

The aura of cultivation in him was once again rising steadily.

boom!

The second level of the divine elixir realm!

boom!

The third level of the divine elixir realm! !

At this time, Ye Feng's cultivation breakthrough finally stopped completely.

At this moment, even Ye Feng couldn't help but sigh. These things left by the Lord of the Wilderness really have a great nourishing effect, allowing his cultivation to not only break through the entire bottleneck at once. , and also continuously broke through to the third level of the divine elixir realm, a new level of cultivation.

Ye Feng could feel that his skill and fighting power had definitely increased hundreds of times compared to before!

Ye Feng even felt confident at this time that he could fight the Sun Goddess or the Old Man of Beasts at their peak!

And you must know that what Ye Feng swallowed just now was only something with energy left by the Lord of the Wilderness.

In addition, the Lord of the Wilderness also left many other good things, such as some very high-end weapons and armors, and of course books piled in the corners, all of which are high-level inheritances.

Ye Feng immediately walked over, ready to explore the various inheritances that the Lord of the Wilderness had practiced back then. There must be some that he could use.

"This time I really made a fortune!"

At this time, Ye Feng was very surprised.

Chapter 4839 Successful evolution

At this time, Ye Feng directly took the piles of inheritance books into his hands and looked through them one by one to see which inheritances were the most powerful and suitable for his cultivation.

Although there are dozens of these inherited books, all of which were left behind by the Nine-Eyed Black Flame Qilin, the Lord of the Wilderness, not all of them are suitable for Ye Feng to study.

After all, Ye Feng's level has been improved now. It is not a particularly powerful inheritance. Ye Feng feels that practicing it is of no particular use.

After all, Ye Feng either doesn't practice. If he wants to practice, he must practice the most powerful inheritance. Otherwise, it will be a waste of his energy.

At this moment, Ye Feng kept making choices, and finally selected two sets of extremely powerful advanced inheritances. They are both very suitable for Ye Feng to learn and use now, and should be able to greatly improve Ye Feng's overall strength.

The two sets of inheritances that Ye Feng chose at this moment should be the natal inheritances of the Lord of the Wilderness. They are the "Slaughter of the Sky Demon Book" and the "Nine Heavens of Demons".

These two sets of inheritances are both extremely powerful martial arts inheritances left by the Lord of the Wilderness. They are the two most powerful sets of inheritances that Ye Feng selected from dozens of inheritance books.

Ye Feng felt that after practicing these two inheritances, he would definitely be able to increase his strength a lot.

The first set of these two inheritances, the Demonic Book of Slaughtering the Sky, is a very special book-like inheritance. Once the Demonic Book of the Slaughtering Sky is used, an extremely ancient book will instantly condense above Ye Feng's head. The book is a book from the demon clan, called the Sky-Slaying Demon Book, which can help Ye Feng improve his overall combat power. It is somewhat similar to the aura of the gods awakened by Ye Feng's bloodline in the fifth stage.

However, the effect of the God's halo is definitely greater, and the Heaven-Slaughter Demon Book can form various demonic powers to protect Ye Feng, and it is a kind of book-type guardian inheritance.

As for the second set of inheritance that Ye Feng chose, the Nine Heavens Demon Dafa, it is

This kind of group attack martial arts inheritance.

According to the mysteries recorded in the books, once Ye Feng has practiced this Nine Heavens Demon Technique, he can instantly condense terrifying demons in the entire void, forming a demon frenzy and bombarding towards the front. It has extremely powerful destructive power.

At this moment, after Ye Feng got these two top-level inheritances, he was naturally very happy. He had all these two sets of inheritances imprinted in his mind and could understand them at any time.

At this time, Ye Feng obtained these two top-level inheritances, and after practicing them, he also included other inheritances in his storage ring.

After all, these are the good things left by the Lord of the Wilderness. If they are taken out and auctioned in some large chambers of commerce, they will definitely fetch sky-high prices, so Ye Feng will naturally not waste them.

At this time, after Ye Feng got so many inheritance books, he looked towards the direction of the weapons piled not far away.

At first glance, there is no weapon worthy of Ye Feng's liking. After all, Ye Feng has already got the most powerful weapon in the demon kingdom created by the Lord of the Wilderness, the Ten Thousand Beast War Spear.

Therefore, Ye Feng no longer likes many other weapons.

As for the Lord of the Wilderness's own natal weapon, the Emperor's Sword, it is just a symbolic instrument like a jade seal, and the energy of luck and faith in it has been swallowed up by Ye Feng.

But at this time, Ye Feng suddenly saw that among the pile of weapons, there was a very long golden tree trunk, which was definitely the same as the golden tree trunk that Ye Feng had obtained before.

At this time, Ye Feng's eyes suddenly lit up. This should be the remaining part of the golden tree trunk.

According to the Six-Eyed Flame Kirin, the body of this golden tree trunk is a very wonderful treasure called the Nine-Colored Wonderful Tree.

Once the Nine-Colored Wonderful Tree can be successfully reassembled, the nine-colored light released by this set of magic weapons can greatly weaken the enemy's power, including the power of the enemy's weapons. It is a very special and good treasure with weakening properties.

So at this time, when Ye Feng saw the remaining part of the Nine-Colored Wonderful Tree, he was naturally very happy. He quickly flew forward and took the remaining part of the trunk directly into his hands.

Then Ye Feng took out the golden trunk of the Nine-Colored Wonderful Tree that he had obtained before.

The moment Ye Feng put the two tree trunks together in his hands, the entire Nine-Colored Tree was finally completely complete.

Buzz!

At this time, the Nine-Colored Wonderful Tree is like a dry trunk, but it feels very ancient and magical.

At this moment, Ye Feng held the complete version of the Nine-Colored Wonderful Tree and waved it fiercely in front of him.

Buzz!

At this moment, a piece of nine-colored light was immediately emitted from the Nine-Colored Miaoshu, like a nine-colored long river, rushing towards the front quickly.

At this time, Ye Feng tried to use the Nine-Colored Wonderful Tree to brush towards the pile of high-end weapons in front of him.

The nine-colored light brushed onto the weapons, and Ye Feng immediately saw that the weapons that were originally emitting bright light suddenly dimmed a lot.

At this moment, Ye Feng could immediately feel that the quality of these weapons that he had brushed with the Nine-Colored Wonderful Tree had dropped a lot.

Naturally, the power also dropped rapidly.

This made Ye Feng's eyes suddenly show surprise.

But then, Ye Feng sensed that the weapons that were brushed by the nine-color light recovered again after a brief decline in quality and power.

This made Ye Feng's eyes flash slightly. It seemed that the Nine-Colored Miaoshu could not permanently damage these magic weapons. It could only suppress the enemy's power and the power of the weapons in a short period of time.

But that's enough.

After all, in a life-and-death battle, just a few moments can already determine who the final winner is.

At this time, Ye Feng was naturally very surprised. He reassembled the nine-color wonderful tree into a complete body and put it into his storage ring very solemnly.

At this time, Ye Feng got all the good things left by the Lord of the Wilderness and left this underground space in an instant.

When Ye Feng walked up from the underground space, he found that the six-eyed flame unicorn not far away had nine eyes growing out of his face at this moment, and the fiery red flames on his body turned into pitch black at this moment. The color is like an ink-like flame, burning violently, giving people an even more unfathomable feeling.

At this moment, Ye Feng didn't hesitate at all, and immediately said happily: "Qilin, have you successfully evolved into the nine-eyed black flame unicorn like your ancestors?"

At this time, I heard Ye Feng's voice, the six-eyed flame unicorn, oh no, it should be called the nine-eyed black flame unicorn now. He immediately said very excitedly: "Yes, Master Ye Feng, the blood hidden in that bloody giant is The essence of blood is exactly what my ancestors left behind. It contains a lot of the most primitive blood energy of our Qilin clan. It has completely evolved my blood. I did not expect that I would finally be able to evolve into a Nine-eyed black flame unicorn!"

Chapter 4840 Setting up a dragnet

At this time, seeing the six-eyed flame unicorn in front of him successfully evolve into the nine-eyed black flame unicorn, Ye Feng was naturally very happy.

Because for Ye Feng, the fact that this six-eyed flaming unicorn can become a nine-eyed black flaming unicorn will definitely make this unicorn's own strength undergo a huge transformation and improvement.

So Ye Feng was naturally very happy.

Because for him, this is equivalent to providing himself with a very powerful assistant. ??

If he encounters a powerful enemy in the future, this nine-eyed black flame unicorn will definitely be able to provide Ye Feng with very powerful help.

Seeing the joy in Ye Feng's eyes, he never imagined that when he came to the place where his ancestors were buried, he would have a special chance to transform himself from a six-eyed flame unicorn into a unicorn. The most advanced nine-eyed black flame unicorn in the clan has become the figure his ancestors were.

Of course, the current Nine-Eyed Black Flame Qilin is definitely not as powerful as the Lord of the Wilderness back then. After all, this is just his bloodline and life level. He has transformed and evolved into the Nine-Eyed Black Flame Qilin, but if he wants to become as powerful as his ancestor, the Lord of the Wilderness Despite the existence of the Nine-Eyed Black Flame Qilin, he still has to continue to practice hard.

However, being able to evolve into a nine-eyed black flame unicorn has brought about earth-shaking changes in the strength of this unicorn.

After all, you must know that before, the Six-Eyed Flame Kirin itself was a very powerful ancient monster, able to fight with the Sun Goddess at her peak. Now that his life level and level have been upgraded to the Nine-Eyed Black Flame Kirin, his strength has naturally improved a lot. cut.

But at this time, although the nine-eyed black flame unicorn's life level has evolved and its strength has been improved, the eyes he looked at Ye Feng were full of deep awe.

Because not only Ye Feng's various methods, but also the cultivation aura and strength exuded by Ye Feng now have made the Nine-Eyed Black Flame Qilin feel deeply fearful.

You know, in just a few days

Before, in the eyes of this unicorn, Ye Feng was still a young tribal boy that he looked down upon.

But now, Ye Feng has grown into a being that even after he evolved, he felt a little in awe.

At this time, the Nine-Eyed Black Flame Qilin couldn't help but secretly guess in his heart, what level of cultivation Ye Feng's current strength had reached, which actually made him feel deeply afraid.

At this time, Ye Feng didn't say much. He just smiled faintly, looked in a certain direction not far away, and said loudly: "Since we have found all the resources and creation left by your ancestors, let's You can leave here directly."

The nine-eyed black flame unicorn immediately nodded and walked not far away with Ye Feng.

But just as the two of them were leaving, an old figure suddenly appeared around them.

It turned out to be the Old Man of Ten Thousand Beasts.

But at this time, the once all-powerful old man of beasts, this old monster, looked at Ye Feng's retreating back and couldn't help but sigh with emotion in his eyes.

He had actually been lying in wait in secret just now, hoping to sneak attack Ye Feng and the Nine-Eyed Black Flame Qilin and get the wealth left by the Lord of the Wilderness.

But when Ye Feng and the Nine-Eyed Dark Kirin met, the old man of Wanshou discovered that the original Ye Feng had become a being that was somewhat difficult for him to fight against.

You know, a short period of time ago, in the eyes of Old Man Beasts, Ye Feng was just a young boy who he could threaten and control at any time.

But now a short period of time has passed, and Ye Feng has grown into a being that even the Old Man of Beasts is very afraid of.

At this moment, Old Man Beast knew that he could not confront Ye Feng.

Resist, otherwise you will definitely die.

Because Old Man of Beasts knows very well that although Ye Feng and him seem to be friends or enemies now, once Old Man of Beasts wants to take action against Ye Feng, Ye Feng will definitely be merciless and regard Old Man of Beasts as an enemy, , beheaded completely.

So in the end, Old Man Beasts held back and did not take action.

Because he knew that even if he took action, he might not be able to deal with Ye Feng. Instead, he might be killed by Ye Feng.

At this time, Old Man Beast also accepted the reality, and he was still looking for some other ordinary opportunities in the ancient ruins left by the Lord of the Wilderness.

At this moment, the old man of Wanshou thought for a while, and then disappeared here.

In fact, Ye Feng's powerful soul power had long sensed the Old Man of Beasts, but Ye Feng did not rush to deal with this old monster. After all, Ye Feng didn't know how terrifying the other party's trump card was, and it might hurt both parties.

So when Ye Feng saw that Old Man Beasts didn't take the initiative to attack him, Ye Feng didn't bother to care about this old monster.

At this moment, Ye Feng took the nine-eyed black flame unicorn and flew quickly towards the ancient ruins of the Lord of the Wilderness.

Because Ye Feng was going to go directly to the depths of the wilderness to find Princess Linglong of the Peacock clan in the anti-overlord alliance.

Because Ye Feng had promised Princess Linglong before that as long as he had time, he could go into the depths of the wilderness to find Princess Linglong, just in time to see what kind of place the anti-overlord alliance created by the Peacock Clan was like. .

At this time, Ye Feng led the nine-eyed black flame unicorn and moved forward quickly, and soon arrived at the entrance to the ancient ruins of the Lord of the Wilderness.

But the moment they walked out of the space crack at the entrance, they saw a shocking scene.

I saw a thick energy mask condensed by the sun's flames appearing in the entire sky, covering the entire surrounding mountains and rivers.

And high in the sky, on a golden seat, a tall and majestic man was sitting there. Ye Feng took a closer look, and his eyes suddenly revealed a look of shock and anger.

This tall and majestic figure is the patriarch of the Sun God Clan.

It was the patriarch of the Sun God Clan that Ye Feng had angered during the gathering in the wilderness.

At that time, in order to prevent themselves from growing up, the patriarch of the Sun God Clan and the patriarch of the Amethyst Dragon Clan, the two super-big figures, did not hesitate to break the agreement between the major domains and went directly to hunt down themselves, chasing themselves and Ye Hei very hard. awful.

In the end, if the old man who was the tombkeeper hadn't saved him, Ye Feng might have passed away to the west by now.

So at this time, enemies are extremely jealous when they meet.

Ye Feng never thought that the leader of the Sun God Clan actually knew that he was looking for resources and creation in the ancient tomb of the Lord of the Wilderness, and had already laid a dragnet here, waiting for him to come out.

However, Ye Feng also knew that the reason why the other party did not personally enter the ancient tomb to hunt him down must be because of the protection of the feng shui power of the surrounding

mountains and rivers, which even the leader of the Sun God Clan could not do for a while. Break open.

At this time, Ye Feng suddenly saw the Sun Goddess not far away. Her hair was disheveled and her face was pale due to torture. She was locked in the void by a golden chain and could not move.

When Ye Feng saw this scene, he immediately understood. It seemed that the Sun Goddess was being monitored by the leader of the Sun God Clan.

Ye Feng couldn't help but said: "It's no wonder that you are the biological father of the Sun Goddess, but you tortured your own daughter so miserably, you are so vicious!"
