

Ancient 4841

Chapter 4841 The greatest confidence

Ye Feng was actually a little shaken at this time.

Because he never thought that the leader of the Sun God Clan was such a super big shot. Ye Feng originally wanted to meet such a big shot after a long time, but he didn't expect that the other party would have discovered his traces so quickly, and in We have set up a dragnet here, just waiting to catch the turtle in the urn.

At this time, Ye Feng knew that the Sun Goddess was probably being monitored by her father, the leader of the Sun God Clan.

But there is nothing that can be done about it.

After all, although the cultivation of the Sun Goddess is quite powerful, it is still far behind compared to a super big man like the leader of the Sun God Clan.

At this time, Ye Feng didn't blame the Sun Goddess. After all, he and the other party had experienced something. Although they were not friends now, they were not enemies either.

At this moment, seeing the Sun Goddess being tortured like this, Ye Feng knew that the Sun Goddess probably did not intentionally expose her whereabouts.

At this moment, Ye Feng actually had some affection for the Sun God girl.

Because if the Sun Goddess really wanted to harm herself, she would definitely help her father deal with her.

But now that the Sun Goddess herself has been taught such a miserable lesson, it can be seen that there is probably a huge conflict between the Sun Goddess and her father, the leader of the Sun God Clan.

At this moment, Ye Feng immediately showed a cold smile on his face.

However, the patriarch of the Sun God Clan just smiled coldly at this time and said: "Ye Feng, what do I do and how to do it, it is not your turn to give me advice. I know that you have some talent, so I personally took action to get rid of you, but unfortunately you were lucky and did not die. This time, I set up a dragnet and no one dared to help you. You are dead. "

Hearing what the leader of the Sun God Clan said, Ye Feng immediately smiled coldly and said, "Then I'll tell you the truth, I don't need to escape this time, and I don't need help from others."

"Um?"

Hearing what Ye Feng said, the leader of the Sun God Clan immediately burst into laughter, his eyes full of deep sarcasm, and said loudly: "Boy, I think your brain is broken, you dare to say such arrogant words "

At this time, the Sun Goddess, who was locked in the void with a golden chain not far away, stared at Ye Feng and said loudly: "Ye Feng, run quickly, you can't be my father's opponent this time. It was me who harmed you,

If there is another life for us, I will definitely compensate you well. "

Hearing what the Sun Goddess said, Ye Feng immediately understood completely that his guess was right.

The Sun Goddess didn't know that she was being monitored by the leader of the Sun God Clan, so the Sun Goddess felt that she had harmed Ye Feng, which made Ye Feng feel good about the Sun Goddess.

But before Ye Feng could say anything.

Boom!

Suddenly, a terrifying power of fire appeared on the golden chain, burning and torturing the Sun Goddess, causing her to scream in pain again.

Seeing this scene, Ye Feng's eyes became even colder. He immediately stared at the leader of the Sun God Clan and said loudly: "To be so cruel to your own daughter, you are really a beast worse than a pig or a dog."

Hearing what Ye Feng said, the patriarch of the Sun God Clan showed no mercy in his eyes. Instead, he laughed cruelly and said, "I have many descendants. In my eyes, they are just tools. Sun If the goddess dares to betray me, then I will make her life worse than death and torture her to death. It's no big deal. The worst I can do is support another descendant to take the place of the Sun Goddess."

Hearing what the leader of the Sun God Clan said, Ye Feng immediately understood that this was an inhumane guy.

At this moment, Ye Feng didn't bother to talk nonsense anymore, but said loudly: "Don't worry, Goddess of the Sun, I will definitely rescue you."

"Ha ha ha ha!"

Hearing what Ye Feng said, the leader of the Sun God Clan immediately laughed disdainfully and said loudly: "Boy, what qualifications do you have to dare to say such a thing? I think even your own life is about to be lost, and you still want to save him?" Sun Goddess, do you still want to be a hero and save the beauty? You are really too naive!"

boom!

Almost at the moment when the patriarch of the Sun God Clan finished speaking, he suddenly stretched out a hand.

The attack of the leader of the Sun God Clan was very powerful and condescending. He just sat on the golden chair high in the sky with one hand stretched out.

Boom!

Almost at the moment when the patriarch of the Sun God Clan stretched out his hand, the sky and earth wind

The clouds changed, and a huge golden hand, burning with the flames of the sun, bombarded it from high in the sky in an instant, just like the palm of Tathagata Buddha, able to suppress everything.

Buzz!

At this moment, Ye Feng immediately felt a suffocating feeling.

If it were the previous Ye Feng, under this palm, he might not even be qualified to make a sound, and would be shot into pieces.

But now Ye Feng's cultivation has broken through two major realms in a row, and he has also received various opportunities.

At this moment, Ye Feng suddenly roared and said: "War Spear of Ten Thousand Beasts!"

Boom!

Ye Feng pulled out the war spear from behind, and the power of thousands of monsters burst out from the war spear, surrounding Ye Feng, helping Ye Feng increase his strength.

At this moment, Ye Feng held the Ten Thousand Beasts Battle Ax in his hand, and his whole body emitted bright golden light. He seemed to have become a young demon war god. He held the Ten Thousand Beasts Battle Spear in his hand and charged towards the sky. Go, actually directly collided with the big golden hand of the leader of the Sun God Clan.

Boom! !

At this moment, the entire field suddenly erupted with a huge roar.

Almost at the next moment, Ye Feng's expression suddenly changed, because he felt a very terrifying power from this big golden hand, which was transmitted to his whole body.

Even though his strength has been greatly improved, and he is still holding the peerless treasure in the hands of the most powerful man under the Lord of the Wilderness, the Ten Thousand Beast War

Spear, at this moment, he is still unable to resist this big hand, and is directly blasted from the sky. The earth smashed a large area of land.

However, Ye Feng did not die, but was slightly injured and stood up from the ruins.

Although he was defeated, Ye Feng's eyes did not show any signs of discouragement, but instead showed deep excitement.

Because if it were Ye Feng a few days ago, I'm afraid he would be instantly beaten to ashes by this big hand.

But today, at this moment, Ye Feng was able to resist this big hand with his own strength, and only suffered a slight injury, which naturally made Ye Feng feel deeply proud.

My own strength has made too many breakthroughs during this period of time.

But at this moment, seeing that Ye Feng was not caught

After one palm was killed, the patriarch of the Sun God Clan suddenly showed a look of surprise in his eyes, and couldn't help but said: "I didn't expect that this kid like you would have such earth-shaking changes in strength in such a short period of time. "

The Sun Goddess not far away widened her eyes slightly when she saw this scene, as if she didn't expect that Ye Feng, whom she hadn't seen for several days, would become as powerful as her.

But at this time, the Sun Goddess couldn't help but said in a very worried voice: "Ye Feng, run away quickly, leave me alone, you can't fight against my father."

At this moment, the patriarch of the Sun God Clan immediately smiled coldly and said: "Ye Feng, you kid, don't think that just because you can block one of my big hands, you can do whatever you want and be unscrupulous. Just now I was just an ordinary person. It's just an attack. I'll see how long you can resist. It just so happens that I'm a little bored now. Anyway, a dragnet has been set up here. You can't escape. So next, I will attack you again and again until I kill you. Break this kid into pieces, I want to see your most desperate look."

When he said this, the patriarch of the Sun God Clan once again blasted down a huge golden hand, like an ancient golden mountain, capable of shattering everything.

But at this time, Ye Feng suddenly looked around, looking at the ninety-nine and eighty-one mountains and rivers, and couldn't help but murmur to himself: "Today I will use the power of heaven and earth to see if I can defeat this Sun God Clan." The patriarch suppressed him."

Boom!

At this moment, Ye Feng directly activated the top-notch Feng Shui secret technique he had learned before.

The next moment, Ye Feng was able to mobilize the power of eighty-one mountains and rivers around him.

The moment Ye Feng came out of the ancient tomb, he did not run away immediately. Instead, he directly talked to the patriarch of the Sun God Clan. This was not because he was arrogant. The reason was because Ye Feng had learned top-notch Feng Shui secrets.

In this special place, Ye Feng was able to rely on the power of the surrounding mountains and rivers to fight against the enemy.

This is Ye Feng's greatest confidence.

After all, Ye Feng is not arrogant enough to rely on his own strength to fight against a super big man like the leader of the Sun God Clan.

But with the help of the ultimate feng shui mountains and rivers that the Lord of the Wilderness around him had arranged for his tomb, Ye Feng felt that he might really be able to fight against the top figures in the Wilderness like the leader of the Sun God Clan!

Chapter 4842 Mountain God's Blessing

At this time, Ye Feng began to use the Feng Shui technique of top mountains and rivers that he had learned, and began to mobilize the power of the ninety-nine and eighty-one ancient mountains around him.

You must know that the reason why the Lord of the Wilderness chose this place as the location of his tomb was because it was surrounded by ninety-eight mountains and rivers and the power of Feng Shui condensed from the general trend.

Even the top figures in the wilderness are unable to break through.

So at this time, the reason why Ye Feng dared to challenge a top figure like the leader of the Sun God Clan here was naturally because in addition to Ye Feng's own strength improving, there was another reason, which was because Ye Feng could mobilize eight people around him. The power of Feng Shui in the eleven mountains and rivers.

At this moment, as Ye Feng used the Feng Shui technique, mountain spirits appeared in the mountains around Ye Feng, which were completely condensed by the power of the mountain Feng Shui.

It's like mountain gods appearing one after another!

At this moment, Ye Feng used the most advanced Feng Shui technique to awaken the mountain spirit in each mountain range, which is what mortals call the "Mountain God".

This is a very special application of Feng Shui, which can activate the power of the spirits of heaven and earth for your own use.

The Feng Shui master who gave Ye Feng this set of top Feng Shui secrets before, Master Yi, was an ancient top Feng Shui master from the land of Zhongzhou.

When Master Yi left here, he summoned the mountain gods from several surrounding mountains to carry him away.

So at this time, Ye Feng used this top-notch Feng Shui technique to naturally awaken the power of the mountain gods in every surrounding mountain range.

So at this moment, all the ninety-nine and eighty-one mountains around Ye Feng began to have a shadow of will as towering as a mountain.

These shadows of will are the mountain gods in every mountain range.

At this moment, as mountain gods appeared in the surrounding mountains one after another, Ye Feng immediately felt that his power was gained.

Huge improvement.

These mountain gods can not only help Ye Feng deal with enemies, but also give Ye Feng strength.

At this moment, the aura of power in Ye Feng's body was growing like an explosion, and it was becoming more and more terrifying.

The moment the mountain god appears in each mountain range, Ye Feng's strength will increase by a part.

Seeing this scene at this time, the patriarch of the Sun God Clan in the sky immediately showed a look of surprise in his eyes, and couldn't help but said: "Oh? I didn't expect that your kid actually knows this extremely advanced and top-level Feng Shui technique. No wonder you were able to enter the ancient tombs below unharmed, but this can't save you. You want to fight against me with the power of some so-called ordinary mountain spirits? This is impossible!"

Almost at the moment when the patriarch of the Sun God Clan finished speaking, a golden scepter appeared in his hand.

The top of this golden scepter is carved with an ancient pattern, which is the pattern of a golden crow.

This seems to be a powerful treasure of the legendary Golden Crow clan, called the Golden Crow Scepter.

It was the Golden Crow Emperor who captured part of the original power of the sun from the nine heavens, and then collected the top materials of ancient gold to refine it into a scepter with infinite power.

At this moment, the patriarch of the Sun God Clan obviously began to pay attention to Ye Feng.

Although Ye Feng's Feng Shui skills he said on his lips had no meaning, he actually valued them very much in his heart.

Because no one knows better than the leader of the Sun God Clan, a top figure, how terrifying the power of the mountains and rivers formed by the ninety-nine and eighty-one mountains below is, and even he cannot break it.

So if Ye Feng really gets the power of the ninety-nine and eighty-one mountain spirits,

With the bonus, it might even be able to fight against him, the leader of the Sun God Clan.

So at this moment, the patriarch of the Sun God Clan did not hesitate and directly used such a powerful magic weapon as the Golden Crow Scepter.

At this moment, the leader of the Sun God Clan held the Golden Crow Scepter in his hand and swung it downwards.

boom! !

Almost as soon as he waved it out, the top of the Golden Crow Scepter in his hand immediately burst out with a bright and dazzling golden light.

In addition, even the sun high in the sky shed a piece of its brilliance in an instant, which perfectly blended with the Golden Crow Scepter in his hand, bursting out with a terrifying ray of sun light.

At this moment, it was like the sun falling from high in the sky, destroying everything.

The Golden Crow Scepter bloomed with the dazzling light of the sun and shed endless terrifying solar flames, as if it could shatter everything and burn everything.

At this moment, the nine-eyed black flame unicorn appeared next to Ye Feng. He couldn't help but said: "Master Ye Feng, this leader of the Sun God Clan is really terrifying."

Ye Feng nodded, and then said: "You and I will attack together later."

Ye Feng knew very well that the Nine-Eyed Black Flame Qilin was originally a descendant of the divine beast with the attribute of fire. It had some special effects against the Golden Crow Scepter of the same attribute, and now he had gathered the power of the spirits of ninety-nine and eighty-one mountains.

At this moment, Ye Feng and the nine-eyed black flame unicorn rushed towards the sky together.

The moment Ye Feng rushed out, a total of ninety-nine and eighty-one phantoms of mountain gods appeared behind him, helping Ye Feng to gain strength.

Boom! !

At this moment, the two collided together.

The entire field suddenly erupted with a terrifying roar.

The aftermath of the terrifying collision spread towards the surroundings. Even the Sun Goddess, who was tied up in the void, was affected by this terrifying collision at this moment. Her graceful figure was immediately affected by such a terrifying wave. The force of the collision caused it to fly far away.

However, the aftermath of this terrifying collision force also shattered the golden chains on her body. It can be said that the Sun Goddess was a blessing in disguise and escaped directly.

But at this moment, the Sun Goddess's eyes were full of deep nervousness, and she didn't know what the final result would be.

And just half an hour later, the energy light waves on the field finally completely dissipated.

At this moment, the entire surrounding land and mountains were shattered by the horrific collision just now.

The top feng shui land formed by ninety-nine and eighty-one mountains was completely destroyed.

However, at this moment, the leader of the Sun God Clan, who was sitting on the golden seat high in the sky, the top big man in the wilderness, was made to smoke by the terrifying energy collision just now. The Golden Crow in his hand The scepter was also blown away and stuck in the mountains and rivers not far away.

In particular, a huge blood hole appeared on his chest at this time, and the terrifying pain crazily stimulated the nerves of the patriarch of the Sun God Clan.

The face of this top man in the wilderness was full of shock, and he stared at the huge bloody hole on his chest in disbelief.

Because many years have passed since he became the leader of the Sun God Clan, and he has never suffered such a serious injury.

He could feel at this time that if he did not receive treatment, he might really die today.

Because the huge blood hole on his chest penetrated his entire body, the flesh, flesh and bones inside were broken and obliterated. The injury was too serious, and his vitality was declining at an incredible speed.

Chapter 4843 A remarkable achievement

At this time, the patriarch of the Sun God Clan was staring at the huge blood hole on his chest in disbelief. He never thought that the combined attack of Ye Feng and the nine-eyed black flame unicorn just now would be so terrifying. His body was destroyed, and he was directly punched through. The patriarch of the Sun God Clan immediately felt that his vitality was rapidly declining and losing, and he even almost died.

At this time, the eyes of the patriarch of the Sun God Clan were naturally filled with deep horror.

But at this time, being able to hurt the leader of the Sun God Clan, even though he relied on the Feng Shui power of the surrounding mountains and rivers, Ye Feng felt very uncomfortable in order to deal this damage.

At this moment, Ye Feng himself was seriously injured and dying. Although the bones in his body were not broken, most of his flesh and blood had been broken, and even the golden bones in the flesh and blood were exposed.

At this moment, Ye Feng could feel that all his strength had disappeared and he was unable to move at all, lying on the ground.

The nine-eyed black flame unicorn suffered the same damage as Ye Feng just now. At this time, its strength was also exhausted, and half of the unicorn horns on its head were broken. This shows that although the attack just now was very effective, it was successful. The patriarch of the Sun God Clan was seriously injured, but both Ye Feng and the Nine-Eyed Black Smoke Qilin were seriously injured.

However, Ye Feng's face was filled with deep excitement.

With the help of the power of the mountains and rivers, he finally seriously injured the leader of the Sun God Clan.

This is a remarkable achievement.

At this moment, during the battle, Ye Feng had put the piece of flesh and bone that fell from the Sun God Clan's patriarch's body into his storage ring.

This is the flesh, blood and bones of the leader of the Sun God Clan, a top figure in the wilderness. It is the flesh, flesh and bones left after the blood hole in the chest of the leader of the Sun God Clan was broken, and was collected by Ye Feng. Into his storage ring.

This is a huge tonic for Ye Feng.

So at the last moment, Ye Feng endured the horrific pain and put this piece of flesh and blood into his storage ring.

After all, Ye Feng has always been a person who does not suffer losses and cannot allow himself to suffer losses no matter what.

In any case, both sides were harmed this time. Ye Feng now wanted to escape quickly, but Ye Feng's face was very ugly when he realized that he could not move at all.

Ye Feng looked at the nine-eyed black smoke unicorn next to him and found that the opponent had also suffered heavy injuries. In order to deal such horrific damage just now, his strength was

exhausted and he could not move. Half of the unicorn horns on his head were broken. The appearance can be said to be very embarrassing.

At this moment, although the patriarch of the Sun God Clan was pale, he saw Ye Feng and the Nine-Eyed Black Flame Qilin lying on the ground unable to move. Although his life force was rapidly passing away and there was horrific pain all over his body, the Sun God Clan The clan leader's face immediately became extremely ferocious, he stared at Ye Feng, and shouted loudly: "I... I must kill this kid like you today! Otherwise, there will be endless troubles!"

The speed of Ye Feng's growth was really terrifying, and the various methods Ye Feng possessed made the leader of the Sun God Clan feel deeply fearful.

He knew that if Ye Feng continued to grow, he might be

After that, Ye Feng did not need to rely on any external force, but relied on himself alone to be able to compete with the top figures in the wilderness like him.

So at this time, the leader of the Sun God Clan did not run away immediately, but endured great pain and wanted to continue to take action and kill Ye Feng completely.

Uh-huh!

But suddenly at this moment, a beautiful and fragrant figure suddenly flashed to Ye Feng's side.

It turned out to be the Sun Goddess.

The Sun Goddess was hit by the aftermath of the collision just now, but in the end it was just the aftermath of the force and did not seriously injure the Sun Goddess. Moreover, the golden chain on the Sun Goddess was accidentally shattered, which was considered a blessing in disguise.

So at this time, the Sun Goddess immediately flashed to Ye Feng's side, directly taking Ye Feng and the nine-eyed black flame unicorn away from here.

But at this time, the patriarch of the Sun God Clan not far away immediately shouted angrily: "Sun Goddess, you have betrayed me once, are you still going to be rebellious today and rescue this Ye

Feng? What if? If you dare to do this, you will no longer be my daughter. As long as I see you, I will no longer show mercy or torture you, but will kill you instantly. "

Hearing what the patriarch of the Sun God Clan said, the Sun Goddess was already heartbroken and said coldly: "Ever since you tortured me to a terrible state, you are no longer my father in my mind. "

After saying that, the Sun Goddess quickly left here with Ye Feng and the Nine-Eyed Black Smoke Qilin. Before leaving, the Sun Goddess also took the Sun God Clan's patriarch's magic weapon, the Golden Crow Scepter, directly into her hands, and then Escaped from here quickly.

"you.....!"

Seeing this scene, the patriarch of the Sun God Clan immediately roared angrily, and then spat out a mouthful of blood in anger.

At this moment, the patriarch of the Sun God Clan can be said to be extremely angry and unwilling.

Originally, he was extremely angry after being beaten so badly by Ye Feng, but he didn't expect that the Sun Goddess would betray him again.

But this is also the result of his ruthlessness and unrighteousness, because he does not regard the Sun Goddess as his daughter at all, but only regards the Sun Goddess as a tool for use.

If the Sun Goddess dares to betray him, he can discard the Sun Goddess as a tool of use at any time, or even kill her.

That's why the Sun Goddess was so heartbroken that she saved Ye Feng and the Nine-Eyed Black Flame Qilin at the last moment and left here quickly.

He even took away the Golden Crow Scepter, the natal magic weapon of the leader of the Sun God Clan.

This made the leader of the Sun God Clan furious.

But at this time, the attack just now caused a bloody fight in his chest, and the leader of the Sun God Clan did not dare to pursue Ye Feng and others.

Because on the way to chase, it is very likely that you will encounter other ancient beasts or strong men from other races in the wilderness. When the time comes, you will see the leader of the Sun God Clan in such a seriously injured state, and you may not be able to directly kill him and beat him up. Reservoir Dogs.

So at this time, for the sake of safety, the leader of the Sun God Clan yelled angrily and left quickly.

He knew that returning to the headquarters of the Sun God Clan this time would probably cost countless people and take a long time to recover in order to make up for this serious injury.

Chapter 4844 Unique

The leader of the Sun God Clan did not continue to pursue him, which made the Sun Goddess breathe a sigh of relief.

But at this moment, the face of the Sun Goddess was full of worry.

Because Ye Feng is really injured now.

Although Ye Feng's attack this time had an amazing effect, piercing through the top figures in the wilderness such as the leader of the Sun God Clan, Ye Feng himself also consumed too much of his own power, and also It withstood the power caused by the most powerful magic weapon, the Golden Crow Scepter, used by the patriarch of the Sun God Clan at that time.

So at this time, Ye Feng can be said to be hemiplegic and in critical condition.

So the Sun Goddess was naturally very worried at this time.

The Nine-Eyed Black Flame Qilin beside him did not bear the brunt of the damage, so at this time it can be said that although the Nine-Eyed Black Flame Qilin was also seriously injured, it was not as serious as Ye Feng's injury.

Ye Feng had a wry smile on his face at this moment. Although he had caused huge damage this time and produced an amazing effect, the leader of the Sun God Clan had a bloody hole in his entire body. But the price Ye Feng suffered was also huge.

Ye Feng knew that with that last blow, all his power was poured into the leader of the Sun God Clan, and he and the Nine-Eyed Black Flame Qilin could be said to have endured the blows that the leader of the Sun God Clan used with the Golden Crow Scepter. out of harm's way.

Ye Feng knew very well that although he had various protective measures, if his bones were not the immortal bones of the gods, he would have been shattered into pieces, and it was not just as simple as being seriously injured and dying.

However, the reason why Ye Feng dared to bear all the power damage of the Golden Crow Scepter so boldly was because he possessed a reinforced iron bone that could not be broken, the Immortal Bone of the God.

This bone cannot be destroyed.

That's why Ye Feng dared to do something so bold

Behavior.

At this moment, Ye Feng's bones were not broken, but his flesh and blood were broken a lot.

At this time, Ye Feng immediately released the bloodline talent that he had awakened when his Celestial Clan bloodline entered the fifth stage, the Celestial Aura.

At this moment, a halo of colorful light suddenly appeared above Ye Feng's head.

Seeing this scene, the Nine-Eyed Black Flame Qilin immediately couldn't help but said in horror: "Oh no! A halo appeared on Lord Ye Feng's head! In ancient legends, this is a symbol of death! Could it be that Ye Feng Have you entered the legendary paradise now?"

Hearing what the Nine-Eyed Black Flame Qilin said, Ye Feng's face suddenly showed a stunned smile, and then he said aloud: "Don't talk nonsense, this is the halo of the god that specializes in treating injuries, not the halo above the head after ascending to heaven. That aura."

After saying that, Ye Feng released the halo of the God of God, and shed a colorful light.

The God's Halo, Ye Feng's current function, the first one is defense, and the second one is treatment.

So at this time, Ye Feng activated the God's Halo, and a colorful light immediately spread down, covering Ye Feng's whole body, and was quickly recovering from Ye Feng's injuries.

At this time, what could be seen with the naked eye was that the flesh and blood on Ye Feng's bones began to grow new flesh and blood under the illumination of the colorful halo.

Ye Feng's injuries and vitality are also continuing to recover.

After seeing all this, the Sun Goddess beside him suddenly said in a rather unbelievable voice: "Ye Feng, you really have many methods. Not only is your defense strong,

It's huge, your attack power is terrifying, and you can actually heal yourself. It's really amazing. You are simply an all-around talent. "

Hearing the praise from the Sun Goddess, Ye Feng immediately grinned and said loudly: "I do have a lot of abilities, but there is nothing I can do about it. From my practice to this day, I have encountered many life and death dangers. I want to continue to If you want to survive, you must continue to practice and explore various powerful methods to be able to practice steadily until today."

When he said this, Ye Feng also sighed with emotion. Ever since he entered the journey of cultivation, he seemed to have been busy running around and working hard. It was very difficult to really relax for a while, but this also created Ye Feng's This is an extremely powerful lifelong skill.

Whether it's attacking, defending, or healing himself, it can be said that Ye Feng is at the top.

Therefore, it is precisely because Ye Feng suffered so much suffering and danger that he developed this all-round ability.

At this moment, Ye Feng continued to activate the God's halo to recover from his injuries.

At this time, Ye Feng waved, looked at the nine-eyed black flame unicorn not far away, and said loudly: "You also come to my side, and accept the shining of this colorful light together, and you can continue to recover from your injuries."

Hearing what Ye Feng said, the Nine-Eyed Black Flame Qilin immediately ran over happily.

In fact, the Nine-Eyed Black Flame Qilin didn't touch Ye Feng's colorful light just now. He was afraid that Ye Feng would scold him.

But I didn't expect that Ye Feng would be so generous and take such good care of his subordinates.

This made the Nine-Eyed Black Flame Qilin identify with Ye Feng even more deeply.

At this moment, the nine-eyed black flame unicorn ran up to Ye Feng's side and was enveloped by the colorful light in the colorful halo. At this moment, as expected,

The nine-eyed black flame unicorn immediately widened its eyes.

Because he felt that when the seven-colored light shone all over his body, the Nine-Eyed Black Flame Qilin could immediately feel that his injuries were recovering rapidly.

And this kind of colorful light is completely different from ordinary treatment.

If it is an ordinary treatment method, such as swallowing some elixirs to treat injuries, it may only allow one's skills or internal injuries to be restored.

But under the shroud of this colorful light, the nine-eyed black flame unicorn can feel that all the flesh and blood in his body and the broken tissues in his body are recovering.

And the amazing thing is that the unicorn horn on his head that was broken just now is growing again at this moment.

This kind of colorful light has the power of regeneration, which is very powerful.

At this moment, the nine-eyed black flame unicorn stared at Ye Feng beside him, with an incredible expression in his eyes.

Even the descendants of ancient mythical beasts like the Nine-Eyed Black Flame Qilin could not help but speak out in horror at this moment: "Master Ye Feng's ability is really incredible. With the contact with Master Ye Feng, The longer the time passes, the more I can feel what Master Ye Feng has learned. It is as vast as the sea, and it is simply incalculable and elusive. The healing effect of this magical seven-colored light feels better than the legendary fountain of youth in our wilderness. The effect is even better."

Hearing what the nine-eyed black flame unicorn said, the Sun Goddess looked at the unicorn in surprise, and couldn't help but said: "I didn't expect that your six-eyed flaming unicorn would have such a chance to actually evolve. You became the Nine-Eyed Black Flame Kirin, but it is your luck and luck that you are now serving under Ye Feng. Ye Feng is different from anyone else. He is unique in this world. "

Chapter 4845 The only thing that remains unchanged

Hearing what the Sun Goddess said at this time, the Nine-Eyed Black Flame Qilin couldn't help but nodded. Looking at Ye Feng who was recovering next to him, he couldn't help but sigh and said: "Sun Goddess, you are right, Ye Feng The Lord is indeed a unique existence in this world. I have lived for so many years, and I have never seen such a magical person as Lord Ye Feng. He seems to be very weak, but in fact, once the power breaks out, it is simply earth-shattering and earth-shaking. "

At this time, the Sun Goddess was staring at Ye Feng, who was meditating and practicing with his eyes closed. There was a hint of fascination in his beautiful eyes.

The Sun Goddess looked down on Ye Feng at all at first, and regarded Ye Feng as a tool for her own use.

But as she continued to interact with Ye Feng, she discovered that Ye Feng's character was very good, affectionate and righteous. Although he was very cold and cruel to his enemies, he treated his friends and those who had helped him very favorably. .

Even under the pressure of his father, the leader of the Sun God Clan, a terrifying figure, Ye Feng always said that he would save himself.

That's why the Sun Goddess finally made up her mind to save Ye Feng and leave that dangerous place.

At this moment, Ye Feng suddenly opened his eyes and found that his injuries had almost recovered.

This made Ye Feng couldn't help but glance at the halo of the gods above his head, with undisguised surprise in his eyes.

Unexpectedly, when his Celestial Clan bloodline reached the fifth stage, the bloodline talent he awakened, the Celestial Aura, would have such a powerful effect.

At this time, Ye Feng couldn't help but look forward to it. If his Celestial Clan bloodline continues to advance to a higher stage, he might be able to awaken some extremely unique Celestial Clan bloodline talents.

At this moment, Ye Feng looked at the nine-eyed black flame unicorn beside him and found that the broken unicorn horn of the opponent had been completely regenerated and became complete.

At this moment, Ye Feng withdrew the halo of the god, and then looked at the sun goddess beside him. He couldn't help but show a look of gratitude in his eyes, and said loudly: "At the last moment, I couldn't move. Thank you for your help. Take me away."

Hearing what Ye Feng said, the Sun Goddess immediately couldn't help but shook her head, her beautiful eyes turned red, and she couldn't help but said: "Don't say that, Ye Feng, I was the one who hurt you in the first place, if not My words, my father, no, I am now

He no longer recognizes his father. He is a ruthless and unjust man. Let me just call him the patriarch of the Sun God Clan. If it weren't for me, the patriarch of the Sun God Clan would not have discovered Ye Feng's traces, and naturally he would not have come. Ye Feng, where you are. "

Hearing what the Sun Goddess said, Ye Feng immediately stretched out his hand, gently pressed the other person's mouth, and couldn't help but said: "Don't say that, you are also unaware, and you saved me in the end."

When he said this, Ye Feng smiled and said: "In any case, we are now friends of life and death, and we have become best friends, and you have now clearly seen how insidious and cunning the leader of the Sun God Clan is." His true face is that he is not worthy of being your father at all. You were born by him just to use you as a tool. "

Hearing what Ye Feng said, the Sun Goddess nodded immediately, with a hint of hatred in her eyes.

Seeing this scene, Ye Feng nodded with great satisfaction, then grinned and said loudly: "Anyway, this time I used the power of the entire mountain and river to directly severely injure the insidious and cunning leader of the Sun God Clan. I estimate that he has now returned to the headquarters of the Sun God Clan and must have entered a deep retreat. Otherwise, he will definitely be in danger of falling. Moreover, his retreat will definitely take a long time, regardless of worldly affairs. This is A good opportunity for us."

"good chance?"

Hearing what Ye Feng said, the Sun Goddess couldn't help but asked in surprise: "Ye Feng, what do you mean? Do you mean that while the patriarch of the Sun God Clan is in deep retreat, he will not come out to the world? Let's go back to the Sun God Clan and secretly seize all the power?"

Hearing what the Sun Goddess said, Ye Feng immediately smiled and nodded, and said loudly: "Sun Goddess, you are really smart. That's what I mean, that is, while the leader of the Sun God Clan is seriously injured, he must be there. During the deep retreat and recovery, we will not easily interfere with external affairs. Without such a powerful enemy, if we can return to the Sun God Clan, relying on your special identity as the Sun Goddess, we will definitely have the opportunity to seize the power of the entire Sun God Clan.

Power, when the power is in hand, even if the patriarch of the Sun God Clan is released, it will be of no use. "

Hearing Ye Feng's rather insidious plan, the Sun Goddess thought for a moment, and then couldn't help but said with some worry: "But now the entire Sun God Clan probably thinks that I am a traitor."

Hearing what the Sun Goddess said, Ye Feng immediately shook his head and said: "This action is just a private action of the leader of the Sun God Clan, so other people in the Sun God Clan must not know, and this time I Relying on the power of the mountains and rivers to severely injure the patriarch of the Sun God Clan, the patriarch of the Sun God Clan will definitely not tell it in public. When he returns to the headquarters of your Sun God Clan, he will definitely go into seclusion in secret, so I guess you No one in the Sun God Clan knows that such a huge thing has happened."

Hearing what Ye Feng said, the Sun Goddess' eyes suddenly lit up, and she said loudly: "Ye Feng, you are right, the leader of the Sun God Clan will definitely not tell such a serious matter, he will definitely do it secretly I will go into seclusion and strive to restore my injuries to peak condition before I continue to be born as if nothing has happened. Therefore, at this time, it is the best invasion state for the entire Sun God Clan without the supervision of the leader of the Sun God Clan. I will go back and take advantage of it now. With my identity, I might be able to seize the power of the entire Sun God Clan."

Ye Feng immediately nodded, glanced at the nine-eyed black flame Qilin beside him, and said loudly: "And this time, with me and Qilin, two secret powerhouses helping you, you, the sun goddess, have seized control of the entire Sun God Clan. The chances of gaining power will be even greater."

Hearing what Ye Feng said, the Sun Goddess nodded immediately, but then she couldn't help but said: "But in the Sun God Clan, in addition to the leader of the Sun God Clan, there are many other top figures in our Sun God Clan. The older generation of strong men are much stronger than our younger generation, and Ye Feng, without the help of the feng shui power of the mountains and rivers, your real strength is actually about the same as mine, and you will definitely not be able to fight against those older strong men of our Sun God Clan. "

Ye Feng's eyes immediately flickered, and then he said aloud: "Next, I am going to a place. Maybe I can borrow some powerful elders from that place to help us complete this time and help you capture the sun.

The plan of the gods to take control of the world. "

At this moment, Ye Feng said, his eyes suddenly revealed a hint of mystery.

The place Ye Feng was talking about was the headquarters of the anti-overlord alliance that Princess Linglong of the Peacock clan invited him to.

However, Ye Feng did not directly disclose this matter to the Sun Goddess at this time.

After all, there is a natural hostility between the anti-overlord alliance and overlord races like the Sun God Clan.

Therefore, Ye Feng did not say where he was going, which was the anti-overlord alliance created by the Peacock clan.

As for Ye Feng, he helped the Sun Goddess control the entire Sun God Clan and went to the anti-overlord alliance, hoping to use the support of the elders of the anti-overlord alliance.

Ye Feng's position actually changes at any time.

What Ye Feng wants to do is to mediate between these two behemoths, obtain training resources, and improve his own strength. This is what Ye Feng really wants.

As for whether Ye Feng supports the anti-overlord alliance or the overlord race like the Sun God Clan, this will change at any time based on Ye Feng's decision.

If the enemy, the leader of the Sun God Clan, controls the Sun God Clan, then Ye Feng must be completely hostile to the Sun God Clan.

But if this friend, the Sun Goddess, controls the Sun God Clan in the future, then Ye Feng and the Sun God Clan are no longer hostile.

For a long time, Ye Feng and the Sun God Clan have only had a personal feud with the current patriarch. Of course, if anyone from the Sun God Clan supports the patriarch, Ye Feng will not show mercy.

So, everything is changing.

But the only thing that remains unchanged is that Ye Feng wants to obtain various training resources to improve his strength.

After all, the ultimate goal of everything Ye Feng did was to strengthen himself so that he would have enough strength in the future to go to that mysterious and dangerous extraterrestrial world to find his father and mother.

At this moment, Ye Feng did not tell the Sun Goddess that the place he was going to was the Anti-Overlord Alliance. Instead, he directly took out the flesh and blood bones that had fallen from the body of the patriarch of the Sun God Clan, and then began to release the Devouring Domain. , began to devour.

Chapter 4846 With ease

It has to be said that Ye Feng's charm is still very great. In a short period of time, the Sun Goddess, the proud daughter of the Sun God Clan, became obsessed with Ye Feng.

Even when Ye Feng asked her to seize power among the Sun God Clan, the Sun Goddess was willing to take the risk and give it a try.

Originally, the Sun Goddess felt that she had offended the leader of the Sun God Clan and was no longer recognized by her father. She had even become a traitor in the eyes of the entire Sun God Clan leader.

Therefore, the Sun Goddess originally wanted to escape from the wilderness and live her life safely elsewhere.

But after what Ye Feng said, she made another decision in her heart, that is, to return to the Sun God Clan and take huge risks to seize the power of the Sun God Clan.

But this matter is actually an opportunity for the Sun Goddess herself.

If with the help of Ye Feng, the Sun Goddess can really seize the power of the entire Sun God Clan, then the Sun Goddess's life will reach a new peak.

At this moment, Ye Feng did not say where he was going or what kind of strong person he was looking for to help, but the Sun Goddess did not ask any more questions.

She knew that Ye Feng had his own plans and actions, so there was no need for her to ask any more questions.

At this moment, Ye Feng was concentrating on devouring the mass of flesh, flesh and bones he obtained from the Sun God Clan's patriarch. ??

You must know that the patriarch of the Sun God Clan is a descendant of the Golden Crow, and being able to become the patriarch of the Sun God Clan is enough to show how powerful this patriarch of the Sun God Clan is. Whether it is blood, bones, or life levels, he has evolved to the point where he is close to It's at the level of the ancient Golden Crow beast.

So at this time, Ye Feng devoured this mass of flesh and bones, and immediately felt the majestic energy, which was immediately injected into his body.

And what surprised Ye Feng was that this mass of flesh and bones actually contained divine substances, which should be the bloodline of the divine beast inherited from the ancient Golden Crow divine beast.

So at this time, Ye Feng's cultivation and the physical strength of the Immortal Body of the God are growing rapidly.

First of all, at this time, Ye Feng's cultivation level was rapidly and continuously making breakthroughs, because the blood energy provided by this mass of flesh and bones was so huge.

Ye Feng had just broken through the realm of cultivation not long ago, and he quickly and continuously broke through again.

boom!

The fourth level of the divine elixir realm!

boom!

The fifth level of the divine elixir realm!

boom!

The sixth level of the divine elixir realm!

boom!

The seventh level of the divine elixir realm! !

At this moment, Ye Feng's cultivation level directly broke through the fourth level of heaven, and directly broke through to the seventh level of divine elixir realm.

At this moment, Ye Feng's eyes suddenly showed deep excitement.

Because Ye Feng never thought that a small ball of flesh and bones could contain so much pure energy, which could improve his cultivation so much.

But Ye Feng also knew that this came from the flesh, blood and bones of the Sun God Clan's leader.

You must know that the power of the ancient divine beast Golden Crow contained in the flesh and bones of the Celestial Clan leader is naturally very powerful, allowing Ye Feng to achieve so many breakthroughs at once.

At this moment, Ye Feng couldn't even imagine how far his cultivation skills would grow if he could devour the entire body of a super powerful man like the leader of the Sun God Clan.

At this time, Ye Feng was increasingly looking forward to swallowing the leader of the Sun God Clan.

At this time, Ye Fengcong

The divine substance obtained from the blood of the descendants of the Golden Crow Divine Beast in this mass of flesh and bones also allowed Ye Fengtian God's immortal body to directly evolve from the fourth level of the fifth stage to the sixth level of the fifth stage.

This also made Ye Feng feel quite happy.

Sure enough, the patriarch of the Sun God Clan is worthy of being a super strong man at the patriarch level, and he contains a lot of divine substances in his body.

You know, some of the descendants of ordinary divine beasts don't even have divine substances in their bodies.

Only those who have cultivated to a very powerful level and awakened the bloodline of the truly ancient ancestors of divine beasts can produce divine substances in their own blood and flesh.

At this moment, Ye Feng's cultivation level has been greatly improved, and his physical strength has also increased. Ye Feng is naturally very happy, and his overall strength has improved a lot.

At this time, the Sun Goddess who was standing aside saw the changes that had occurred after Ye Feng was swallowed. She immediately said in amazement: "No wonder the leader of the Sun God Clan is trying every possible means to get rid of you. Your ability is really too great." It's amazing, it's terrifying, it's very scary."

At this time, Ye Feng glanced at the Sun Goddess beside him, grinned, and said loudly: "Don't worry, I won't devour my friends."

Hearing Ye Feng's joking words, the Sun Goddess couldn't help but shake her head and smile, and then asked: "Ye Feng, what should I do now?"

Ye Feng said aloud: "Now you go back to the Sun God Clan alone. I think there won't be much danger if you go back now. If there is really danger, you should hurry up and escape."

Hearing what Ye Feng said, the Sun Goddess immediately nodded, and then said loudly: "Ye Feng, then I will wait for you to come and help me in the Sun God Clan. I will also do some investigating during this time.

, what is the current power distribution and situation of our entire Sun God Clan. "

Ye Feng immediately nodded, and then took the nine-eyed black flame unicorn and flew quickly towards a certain direction in the wilderness.

The place where Ye Feng is going now is the Peacock Clan, the headquarters of the anti-overlord alliance.

The Anti-Hegemony Alliance is an alliance founded by the Peacock Clan, led by the Peacock Clan, and a dozen other races in the ordinary wilderness. Therefore, the headquarters of the Anti-Hegemony Alliance is naturally set up by the Peacock Clan, which takes the lead.

And the Princess Linglong who invited Ye Feng was the princess of the Peacock clan.

At this time, Ye Feng did not take the Sun Goddess there because he was afraid of causing unnecessary misunderstandings and troubles.

So at this time, Ye Feng asked the Sun Goddess to return to the Sun God Clan alone and wait for him.

Ye Feng went to the Anti-Hegemony Alliance this time. In addition to wanting to invite some other senior monsters from the Anti-Hegemony Alliance to help him, he also had a more important purpose, which was to build Princess Linglong and see if there was anything good. Training resources.

After all, Princess Linglong must pay for inviting Ye Feng to join the anti-overlord alliance.

Ye Feng naturally wanted to see if the Anti-Hegemon Alliance was sincere enough to let him join.

If there is no sincerity, then Ye Feng will turn around and leave.

If he is sincere, then Ye Feng does not mind joining this overlord alliance founded by the Peacock clan.

At this moment, the nine-eyed black flame unicorn on the side immediately grinned and said loudly: "Master Ye Feng is really powerful. He can mediate among the major forces in the wilderness with ease, and he can also use the power of the major forces. Resources for your own use."

Ye Feng smiled slightly at this time and said aloud: "Everything is to become stronger."

Chapter 4847 Peacock Clan

For Ye Feng, mediating among the major forces is naturally to further improve his cultivation and strength.

The Nine-Eyed Black Flame Qilin also knows this, so at this time, the Nine-Eyed Black Flame Qilin is actually quite happy inside.

After all, the master he chose Ye Feng was not a blind person, but a person full of wisdom. With such a master, the future would naturally be brighter and broader.

At this moment, Ye Feng said nothing more, but concentrated on flying quickly towards the direction of the peacock clan in the wilderness with the nine-eyed black flame unicorn.

Ye Feng was not familiar with Dahuang, but there was a nine-eyed black flame unicorn beside him.

This guy has been running rampant in the wilderness. He is the descendant of the ancient beast, so he is very familiar with the regional distribution of the entire wilderness.

Under the guidance of the Nine-Eyed Black Flame Qilin, Ye Feng and the Nine-Eyed Black Flame Qilin reached the edge of the Peacock Clan in less than three days.

At this moment, the two of them stopped on the top of a mountain.

At this time, the nine-eyed black flame unicorn looked towards a certain direction not far ahead and said loudly: "Master Ye Feng, the headquarters of the Peacock clan is in the valley ahead. In fact, I have been here before and wanted to steal I ate the Peacock Sacred Fruit of the Peacock Clan, but I didn't expect to be discovered by an older and powerful person from the Peacock Clan. Many powerful people from the Peacock Clan came out and almost beat me to death."

Hearing what the Nine-Eyed Black Flame Qilin said, Ye Feng's eyes suddenly showed a look of astonishment, as if he did not expect that the Nine-Eyed Black Flame Qilin would have such a scandal.

Seeing the astonishment in Ye Feng's eyes, the Nine-Eyed Black Flame Qilin immediately scratched the huge Qilin's head in embarrassment, and couldn't help but said: "Master Ye Feng, don't worry, I came here to steal it before. When I took some Peacock Sacred Fruit and ate it, I was still a six-eyed flaming unicorn. Now I transformed into a nine-eyed black flaming unicorn and changed my appearance, so I

Even now that I am in this peacock clan, even the people who kicked me out back then will not recognize me. "

Hearing what the nine-eyed black flame unicorn said, Ye Feng immediately nodded helplessly, and then said loudly: "You are a descendant of a divine beast, and you are reduced to stealing fruits from the peacock clan's base camp. What a shame."

Hearing what Ye Feng said, the Nine-Eyed Black Flame Qilin immediately smiled awkwardly, scratched his head, and said loudly: "Don't worry, Mr. Ye Feng, it won't happen next time."

Ye Feng nodded, and then said aloud: "If there is a chance this time, I will apply for the Peacock Sacred Fruit of the Peacock Clan for you, and I will have a taste of it myself."

Hearing what Ye Feng said, the Nine-Point Black Flame Qilin immediately gave Ye Feng a thumbs up and said, "Lord Ye Feng is wise."

And just as the two of them were chatting without saying a word, they had already approached the base camp of the Peacock Clan.

When they came to the entrance of the huge valley.

Buzz!

Suddenly there was a fluctuation in the void.

The next moment, a dozen demon guards wearing blue armor appeared in front of the two of them, directly surrounding Ye Feng and the nine-eyed black flame unicorn.

At this time, these dozen demon guards wearing blue armor should all be guards of the Peacock clan.

At this moment, when Ye Feng saw this scene, he immediately took out a token from his arms.

This token was one of her own tokens that Princess Linglong finally gave to Ye Feng when Ye Feng left the Blood Demon Dynasty in the Northern Territory with Princess Linglong.

At this time, Ye Feng took out Princess Linglong's token, which immediately caused a stir.

The dozen or so blue-armored guards in front of them, who were originally staring at him with eager eyes, all of a sudden stared at the token in Ye Feng's hand, their eyes a little surprised.

The leader is an extremely tall young man, but he has nineteen feathers on his head. He should be the top master among the guards of the peacock clan. His cultivation is even stronger than Ye Feng.

At this moment, the captain of the guard of the Peacock clan stared at the token in Ye Feng's hand and couldn't help but said: "Who is your Excellency? Why do you hold the token of our princess of the Peacock clan in your hand?"

Ye Feng immediately smiled slightly at this moment and said: "Take me directly to see Princess Linglong of your Peacock clan. I made an agreement with her before. I will come to the wilderness to discuss a very important matter with her. This matter concerns your Peacock clan and the anti-overlord alliance."

"Um?"

Hearing Ye Feng say the term Anti-Hegemony Alliance, the captain of the guard in blue armor immediately realized that the ordinary-looking young man in white in front of him was definitely an extraordinary guy.

Otherwise, how could it be possible to know about Princess Linglong and the Peacock Clan's creation of an anti-overlord alliance.

In fact, the Peacock Clan's creation of an anti-hegemon alliance was done secretly and was not made public, just for fear of arousing the fear and attention of the top overlord races such as the Sun God Clan and the Amethyst Dragon Clan.

So the anti-overlord alliance is actually something that the Peacock clan as a whole is doing in secret, but I didn't expect that the young man in white in front of me knew about it.

The captain of the blue-armored guard no longer had any doubts. He immediately nodded and said, "Okay, I will take you to see Her Royal Highness Princess Linglong."

After saying that, the captain of the guard in blue armor took Ye Feng and the nine-eyed black flame unicorn and walked quickly towards a certain direction of the peacock clan.

The Nine-Eyed Black Flame Qilin's huge and majestic Qilin body really occupies too much area, just like a hill, so for the sake of convenience, the Nine-Eyed Black Flame Qilin directly

transformed into a handsome man wearing black and red robes. The young man followed behind Ye Feng.

Nowadays, the nine-eyed black flame unicorn is no longer able to transform at any time like the previous six-eyed flame unicorn.

At this time, the captain of the peacock clan who was leading the way was still very shocked.

He could clearly sense how terrifying and vast the demonic aura on the ancient beast, the Nine-Eyed Black Flame Qilin, was.

Therefore, this ancient monster can recognize Ye Feng, an ordinary young man, as its master. This shows how terrifying and powerful Ye Feng, this young man in white, is. He can actually make the legendary nine-eyed black flame unicorn recognize him as its master. It is really It's incredible.

At this moment, Ye Feng didn't say anything. He just quietly took the nine-eyed black flame unicorn and followed the peacock clan's guard chief in front of him as he walked quickly towards the inner area of the peacock clan.

Ye Feng wanted to see Princess Linglong as soon as possible to discuss the matter.

After all, Ye Feng knew very well that it was actually a very risky thing for him to let the Sun Goddess return to the Sun God Clan alone.

Therefore, Ye Feng naturally does not want to spend too long in the Peacock Clan. As long as the cooperation is confirmed, Ye Feng will immediately go to the Sun God Clan, secretly help the Sun Goddess, and control the power of the entire Sun God Clan. This is the most important thing for Ye Feng at the moment. .

Because this is the only way to bring down a top figure like the patriarch of the Sun God Clan, and it is also the last way.

Chapter 4848 Coming

Support the Sun Goddess, take control of the entire Sun God Clan, and then overthrow the leader of the Sun God Clan. This is the best way Ye Feng can think of at the moment.

Although Ye Feng has grown stronger and stronger, he may be able to defeat the leader of the Sun God Clan in single strength in the future.

But Ye Feng also knows very well that his cultivation resources are currently in short supply. If he wants to grow into the leader of the Sun God Clan, a top figure in the wilderness, he still doesn't know that he will have to wait until the Year of the Monkey and the Moon of the Horse.

So Ye Feng now has a better and faster way to bring down the leader of the Sun God Clan in a short time, so Ye Feng naturally wants to try it.

Moreover, the leader of the Sun God Clan, a top figure in the wilderness and a descendant of the ancient Golden Crow beast, has cultivated to such a level. Ye Feng cannot even imagine that if he can devour the leader of the Sun God Clan, his own cultivation strength will be able to What a level it has been elevated to.

So Ye Feng naturally wanted to try this method.

And just when Ye Feng was thinking secretly in his heart, the captain of the peacock clan wearing blue armor who was leading the way had stopped.

At this moment, they had reached the deepest part of the valley in front of them.

At this time, Ye Feng suddenly saw an ancient stone plate appearing in front of him, standing on the ground.

This ancient stone plate is like a millstone placed horizontally on the ground, but it is very huge and has ancient patterns carved on it.

Ye Feng looked around and found that there were no buildings. He couldn't help but asked: "Brother of the Peacock Clan, where did you bring us? Why didn't I see any buildings of the Peacock Clan?" things or people."

The captain of the Peacock Clan, who was leading the way in a blue armored bodyguard, immediately smiled and said: "We, the Peacock Clan, live in a paradise of cave heaven, that is, an independent small world, that independent small world of cave heaven paradise. The entrance to the space is this ancient stone plate."

Uh-huh!

r\u003e

After saying that, the guard in blue armor took a step forward, and then disappeared into the stone plate in an instant, as if he had submerged himself into the stone plate.

"Um?"

Seeing this rather magical scene, Ye Feng immediately understood that this valley was just an entrance to the Peacock clan.

The real headquarters of the Peacock Clan is in a small independent world.

At this moment, Ye Feng looked at the nine-eyed black flame Qilin beside him, smiled and said: "Qilin, let's follow him."

The nine-eyed black flame unicorn immediately nodded, and the two of them instantly walked into the stone plate.

Buzz!

At this time, the moment Ye Feng touched the stone plate, he immediately felt as if he had entered a huge space passage.

When Ye Feng and the nine-eyed black flame unicorn beside him all entered the stone plate, they immediately felt like the world was spinning.

The next moment, a huge small world flashed before their eyes.

This small world feels very peaceful and peaceful. It is surrounded by endless fields, where the peacock clan members are working in the fields.

In addition, there are many ancient and towering buildings built on the land of this small world, which look very charming. They should all be buildings left by the ancient ancestors of the Peacock clan.

In addition, Ye Feng also saw groups of guards wearing blue armor, patrolling the entire small world around them.

Ye Feng immediately understood that this small world was the real headquarters of the Peacock clan.

and

At this moment, while Ye Feng and the Nine-Eyed Black Flame Qilin were watching around, the captain of the guard in blue armor who was leading the way was not far ahead, waving to them as if to let them pass.

Ye Feng immediately nodded and walked quickly forward with the nine-eyed black flame unicorn.

The captain of the guard smiled and said loudly: "Her Royal Highness the Princess should be in the central temple of our Peacock Clan, discussing something with some of the elders of our Peacock Clan. I will take you to see Her Highness the Princess now."

Ye Feng immediately nodded, smiled, clasped his fists and said, "Well done."

After finishing speaking, the captain of the guard wearing blue armor continued to shuttle through the entire small world with Ye Feng and the nine-eyed black flame unicorn.

Ye Feng still sensed a lot of very powerful ancient auras along the way. Even though Ye Feng has become so strong now, he still feels some ancient auras, which are much stronger than he currently is.

Ye Feng's eyes suddenly showed surprise.

It seems that although the Peacock clan is not the dominant race in the wilderness, it is definitely a first-class race. Otherwise, it would be impossible to have so many powerful top masters.

This gave Ye Feng a new understanding of the strength of the Sun God Clan.

As the overlord race, the Sun God Clan is also recognized as the number one overlord race in the entire wilderness. The super strong men and strength of the Sun God Clan must be many times more terrifying than the Peacock Clan.

This made Ye Feng suddenly murmur in his heart. Relying on the power of himself and the nine-eyed black flame unicorn to secretly help the Sun Goddess may not necessarily succeed in making the Sun Goddess dominate the Sun God Clan.

At this time, Ye Feng was even more determined that this time among the Peacock Clan, he must persuade or win over some of the elders and strong men of the Demon Clan among the Peacock Clan, and follow him.

He went to the Sun God Clan with him, secretly assisted the Sun Goddess, and won the power of the entire Sun God Clan.

Fortunately, Ye Feng still has the name card of Sun Goddess in his hand.

As the proud daughter of the younger generation recognized by the entire Sun God Clan, the Sun Goddess has a high status among the Sun God Clan and is one of the future heir choices.

Now that the leader of the Sun God Clan is seriously injured and dying, secretly in seclusion, it is a good opportunity for the Sun Goddess to shine.

At this time, while Ye Feng was thinking secretly in his heart, he and the nine-eyed black flame unicorn, followed by the guard of the peacock clan who led the way, had arrived at the central temple.

This central temple looks like an ancient castle from the outside, but there are many ancient demon totems of the Peacock clan carved on the surface, which seem to represent some different meanings.

In addition, the surface of this castle is actually very luxurious, with various energy crystals covering the entire surface. It looks like the entire castle is sparkling and very gorgeous.

Ye Feng couldn't help but want to dig out a few high-level energy crystals and devour them, but after thinking about it, he decided not to do such a thing.

Ye Feng calmed down at this time and followed the captain of the peacock clan in front of him who was wearing blue armor and walked directly into the castle in front of him, which was the central temple.

When Ye Feng and the Nine-Eyed Black Flame Qilin entered, Ye Feng saw at first glance that in this temple, in addition to some elders of the Peacock clan whom he did not know, there was a tall, graceful and beautiful young man. The woman, Ye Feng was naturally very familiar with, was Princess Linglong.

It seems that Princess Linglong has not forgotten the agreement she made with herself. She returned from the Northern Territory early to the Peacock Clan in the Wilderness, waiting for her arrival.

Ye Feng immediately smiled and said: "Princess Linglong, long time no see, I came as promised."

Chapter 4849 Sixth Elder

At this time, when she heard what Ye Feng said, Princess Linglong, who was standing in the main hall to discuss matters, immediately brightened up and looked in Ye Feng's direction.

The next moment, Princess Linglong walked up to Ye Feng in great surprise and couldn't help but said: "Master Ye Feng, you have indeed kept your promise. I have been waiting for you in our Peacock clan for nearly half a month. "

Ye Feng smiled and said: "I have actually experienced a lot in the wilderness during this period. I have already entered the wilderness, but I have only come to your peacock clan now."

Hearing what Ye Feng said, Princess Linglong seemed to understand the meaning behind Ye Feng's words, and couldn't help but ask: "What has Master Ye Feng experienced during this time?"

Ye Feng glanced at the many elders of the Peacock clan present, and then whispered: "We will discuss this in private. Now let's discuss your anti-overlord alliance." .???.??

When Princess Linglong of the Peacock Clan heard what Ye Feng said, she immediately understood. It is estimated that what Ye Feng experienced in the wilderness during this period was very unbelievable, and it would be better for outsiders not to know.

So at this time, Princess Linglong didn't ask any more questions. After all, she was a thoughtful woman.

At this moment, Princess Linglong just pulled Ye Feng to the middle of the hall, then looked at the dozen or so elders of the Peacock clan in the hall with a smile, and said aloud: "Let me introduce to all the elders, this... This is the Young Master Ye Feng that I have been telling all the elders about. He is the number one super genius in our Northern Territory. His strength is even more powerful than the Divine Son of the Ten Thousand Dragons Sect that I joined."

"Oh? Is this Mr. Ye Feng?"

At this time, many of the elders and powerful men of the Peacock clan present could not help but stare curiously at Ye Feng.

After all, although they are far away

Dahuang, but he still knows a lot about things in the Northern Territory.

The Ten Thousand Dragons Divine Sect is one of the three top overlords in the Northern Territory. The Divine Son of the Ten Thousand Dragons Divine Sect, Long Dingtian, is also a super genius whom the elders of the Peacock Clan have asked Princess Linglong to deliberately approach and win over.

Unexpectedly, Ye Feng, this ordinary-looking young man in white, was actually more powerful than Long Dingtian, the divine son of the Ten Thousand Dragons Divine Sect.

Long Dingtian's reputation has long spread throughout the Northern Territory, and even the elders and powerful men of the Peacock Clan have great regard for Long Dingtian, the divine son of the Ten Thousand Dragons Sect.

But now, Princess Linglong says that Ye Feng is more powerful than Long Dingtian, the divine son of the Wanlong Divine Sect. Naturally, many powerful elders are extremely curious about Ye Feng.

However, there are some strong men of the older generation who don't believe this.

Immediately, a middle-aged man in a red robe came out. He looked at Princess Linglong, smiled and said: "Princess Linglong, since you said that this Ye Feng is more powerful than Long Dingtian, the son of the Wanlong Divine Sect, It's awesome, so I'll give it a try to see if this Ye Feng is as powerful as you say."

Hearing what the middle-aged man in red robes said, Princess Linglong immediately couldn't help but said: "Sixth Elder, you are an elder of our Peacock clan, and your cultivation level is much higher than that of the younger generation. If you try to test Ye Feng, wouldn't you be a bit too bullying of us juniors?"

Hearing what Princess Linglong said, this middle-aged man in a red robe, the sixth elder of the Peacock clan, immediately grinned and said loudly: "Of course I will not use all my power, I will use this leaf Feng young man's strength to adjust my strength in real time

, It's just a test, it won't hurt Ye Feng. "

At this moment, the sixth elder said that he did not listen to the advice at all. He walked forward, looked at Ye Feng, grinned, and said loudly: "Boy, Princess Linglong of our Peacock clan said that you are very powerful. The number one super genius in the Northern Territory. Today I want to see if the number one super genius in the Northern Territory is as powerful as the rumors say. Although I am an older person, I will adjust my power appropriately when the time comes. If it hurts you, just use your strongest strength to attack me."

Ye Feng laughed at this time and said: "Since the sixth elder wants to test the strength of the junior, then the junior will naturally not refuse, but if the junior takes full action, it may destroy the entire central hall, so we still go out to compete. Just give it a try."

Hearing what Ye Feng said, the sixth elder of the Peacock clan was stunned for a moment, then laughed loudly and said: "What a good boy, you are talented and domineering. I admire you very much. If you are really strong Princess Linglong said that she is so powerful, so I can give you a hand."

Hearing what the sixth elder said, Ye Feng's eyes suddenly froze. He didn't seem to expect that the sixth elder of the Peacock clan, this extremely powerful senior figure, could speak so simply and directly. It seemed that he was a refreshing person.

However, Ye Feng really likes to deal with such cheerful people, without any evil intentions.

Ye Feng immediately burst into laughter and said loudly: "Since the sixth elder is giving this junior face, then the junior will naturally take action with all his strength to let the sixth elder know the junior's strength, and he is fully qualified to let the senior and I take over."

Hearing what Ye Feng said, the Sixth Elder also laughed loudly and said: "Good boy, if you like me, let's go out and have a fight."

\u003e

After finishing speaking, the Sixth Elder flew directly to the square outside the central hall, and Ye Feng followed.

The nine-eyed black flame unicorn couldn't help but whispered beside Ye Feng at this time: "Master Ye Feng, this sixth elder is a very powerful elder in the Peacock clan. Among the strong men who drove me away back then, There is this Sixth Elder, so I know that his methods are very powerful. Master Ye Feng's current cultivation level is definitely no match for this Sixth Elder."

Ye Feng smiled and said: "Of course I can't be the opponent of such an elder of the Peacock clan, but if he wants to suppress me easily, that's impossible."

Now Ye Feng's cultivation level has been upgraded to a very powerful level, far surpassing those of the younger generation.

So at this time, Ye Feng was naturally confident that he could fight with this so-called Sixth Elder.

And when Ye Feng was talking, Princess Linglong also hurriedly chased after her and couldn't help but said: "Master Ye Feng, you must be careful later. If you cannot block the Sixth Elder's attack, you must beg for mercy in time. , don't hold on."

Ye Feng laughed and said, "Princess Linglong, don't worry."

After finishing speaking, Ye Feng also walked towards the outside of the hall and came to the central square outside.

At this moment, a group of other elders of the Peacock clan in the main hall also became interested and walked out of the main hall one after another.

After all, Princess Linglong has been bragging about how powerful Ye Feng is during this period, so the big shots of the Peacock clan are very curious about Ye Feng, a young man, and want to know about Ye Feng, the number one super genius in the Northern Territory. , is Ye Feng, who violently beat up the son of the Ten Thousand Dragons Divine Sect, as powerful as the rumors say?

Chapter 4850 Not bragging

Uh-huh!

Ye Feng flew out of the central hall at this time and came to the square outside.

At this moment, the sixth elder of the Peacock clan, a middle-aged man wearing a red robe, was also standing there, not far from each other.

At this time, Ye Feng could clearly feel that this Sixth Elder was worthy of being a powerful elder among the Peacock clan. The vastness of the aura exuding from his body was as towering as a mountain, which made Ye Feng feel a sense of wonder at this moment. A depressing feeling.

Ye Feng immediately understood in his heart that maybe this sixth elder wanted to give him a blow.

However, Ye Feng's eyes at this time did not show any fear, but were filled with overwhelming will to fight.

Buzz!

At this time, Ye Feng's body also burst out with a terrifying fighting aura.

At this moment, Ye Feng's fighting aura directly broke through the suppression of the aura released by the sixth elder.

The Sixth Elder on the opposite side seemed to sense the terrifying fighting will emanating from Ye Feng, and he immediately burst into laughter and said loudly: "I already knew before you even took action, you are definitely not ordinary. You are actually able to use your terrifying will to fight to break through the invisible pressure in my aura. This is enough to show that your kid is very powerful and your will to fight is very strong. With such a terrifying will to fight, you kid, even now His cultivation is not as good as those of our elders, and he is destined to surpass us in the future."

Hearing the sixth elder's high praise, Ye Feng's eyes showed a look of surprise. It seemed that he did not expect that he had casually broken through the other party's aura, and it was really a bit surprising for the other party to praise him so much.

But what Ye Feng didn't know was how terrifying the pressure exuded by the Sixth Elder, a powerful elder of the Peacock clan, was.

For Ye Feng, this kind of coercion may be easily broken through through his own fighting will.

But if for its

His younger generation, including some so-called top geniuses, are difficult to break through the pressure of the powerful elders of the Peacock clan like the Sixth Elder. They even directly give up if they don't want to fight. thoughts.

Therefore, the Sixth Elder was naturally very appreciative of Ye Feng's display of such terrifying fighting will.

At this time, a group of elders of the Peacock clan who were watching not far away nodded their heads. It seemed that Ye Feng felt that Ye Feng was very good even before he made a move.

When Princess Linglong saw this scene, although she didn't know the reason behind it, she was sincerely happy for Ye Feng.

After all, Ye Feng was the top genius who she personally invited to join the anti-overlord alliance founded by the Peacock clan.

The better Ye Feng performs, the greater Princess Linglong's contribution will be to the entire Peacock clan and the entire anti-overlord alliance.

Previously, Princess Linglong had been strongly recommending Ye Feng to many senior figures in the Peacock Clan and the Anti-Hegemon Alliance. However, many senior figures did not believe that such a powerful young genius had appeared in the Northern Territory.

But now, at this moment, Ye Feng has proven his worth here today, and even before he takes action, many older people have already recognized Ye Feng.

At this time, the Sixth Elder stared at Ye Feng and said loudly: "Ye Feng, watch out, I'm going to take action. If you can't resist it, just say you can't resist it, and I will stop immediately."

Hearing what the Sixth Elder said, Ye Feng immediately nodded.

At this moment, Ye Feng naturally has no intention of giving up so easily. Although Ye Feng knows that he cannot be the opponent of the Sixth Elder now, Ye Feng still wants to try to unleash all his current strength. Is there any chance?

How powerful.

Although Ye Feng seriously injured the leader of the Sun God Clan before, he mostly relied on the power of the spirits of the eighty-one surrounding mountains.

Therefore, Ye Feng still doesn't know what kind of fighting power Ye Feng can unleash by relying entirely on his own strength.

So this time is just an opportunity.

Anyway, Ye Feng was not afraid of hurting the sixth elder of the Peacock Clan when he unleashed his cultivation and strength with all his strength.

Because the other party is an older and powerful person from the Peacock clan, and his cultivation level is dozens of realms higher than Ye Feng's current level.

So at this time, Ye Feng can naturally fight happily.

The Sixth Elder said nothing more at this moment, but stretched out a finger and pointed in Ye Feng's direction.

Buzz!

The moment the Sixth Elder stretched out his finger, his finger turned into a huge feather emitting nine colors of light.

These are the feathers of the peacock family.

At this moment, the Sixth Elder has obviously directly manifested the special power of his Peacock clan.

The main strength of the peacock clan lies in the nine-colored feathers on their bodies.

So at this moment, Ye Feng immediately saw a huge nine-color feather, like a mountain, pressing towards him.

This feather seemed light and airy, but the moment it appeared, it suddenly covered the entire sky, like an ancient sacred mountain, pressing down and capable of crushing everything.

Seeing this scene at this moment, Princess Linglong who was watching not far away couldn't help but exclaimed: "Sixth Elder, what are you doing? You actually used the powerful feather power of our peacock clan as soon as you came up."

The Sixth Elder immediately spoke out: "Princess Linglong doesn't

No need to worry so much, Ye Feng is not as weak as you think. "

Hearing what the Sixth Elder said at this moment, Princess Linglong had a look of surprise in her eyes.

But since the Sixth Elder said this, it means that the Sixth Elder must have his own plans.

At this moment, Princess Linglong stared at Ye Feng, who was standing on the field not far away, with a look of surprise in her eyes. It seemed that she did not expect that Ye Feng could be so valued by the Sixth Elder, and she directly asked the Sixth Elder to show it. The power of the nine-colored feathers, the strongest of their peacock clan.

At this moment, Ye Feng faced the fluttering feather, his eyes filled with unprecedented solemnity.

This feather was as heavy as an ancient mountain. At this moment, Ye Feng tried his best to stimulate the power of the immortal body of the gods. Ye Feng's body suddenly burst out with a bright golden divine light.

In addition, Ye Feng also released the powerful weapon he had obtained before, the Beast War Spear.

At this moment, Ye Feng was like a golden god of war, holding the Ten Thousand Beasts Battle Robe in his hand, surrounded by the souls of thousands of demonic beasts, directly attacking the huge feather pressed down from high in the sky.

boom! !

At this moment, Ye Feng burst out with his strongest strength and collided with the feather fiercely.

Boom!

At this moment, the entire field suddenly erupted with a huge roar that resounded throughout the sky.

The square on the ground, even if it was made by the Peacock Clan using very high-grade South China Sea Dark Iron Stone, was shattered inch by inch under the aftermath of this terrifying collision.

At this time, everyone watching around knew immediately. Ye Feng's previous statement that taking action in the central hall might shatter the entire central hall was completely correct. Ye Feng did not brag about his own strength.
