Chapter 4851 Holy Tree Crystal

Boom!

At this time, the roar on the field spread throughout the sky.

Everyone was looking forward to whether Ye Feng could block the sixth elder's terrifying blow.

After all, what the Sixth Elder had just unleashed was not an ordinary attack, but the power of the peacock clan's strongest natal feather.

That feather looks as light as a feather, but is actually as heavy as a mountain.

At this time, an elder of the Peacock clan couldn't help but said: "If the Sixth Elder's attack was ordinary, then this Ye Feng might be able to resist it, but the Sixth Elder used the strongest nine-color feathers on his body. Even the top geniuses of our Peacock clan, even the geniuses of the younger generation, cannot resist this power, let alone Ye Feng, who is so young."

Hearing what the elder of the Peacock clan next to her said, Princess Linglong's beautiful eyes showed a hint of worry.

For some reason, when she saw Ye Feng in danger, Princess Linglong suddenly felt a kind of worry that she had never felt before. Maybe Ye Feng was the person she solemnly invited, and she didn't want Ye Feng to represent her face. Characters appear in embarrassing or dangerous situations.

At this moment, when all the light dissipated, the roar finally dissipated.

Everyone immediately widened their eyes slightly and looked towards the field, wanting to see the final result.

At this moment, the entire ground in the square was shattered.

Ye Feng stood among the ruins, still holding a huge war spear in his hand, directly holding up the feathers that were blocking the sky and the sun in the sky.

Seeing this scene at this moment, everyone couldn't help but gasped.

An old man from the Peacock Clan couldn't help but said: "This Ye Feng really blocked the attack of the strongest natal feather of the sixth elder of our Peacock Clan? This Ye Feng's strength is really too strong! "

Seeing this scene, Princess Linglong couldn't help but said in surprise: "I knew that Young Master Ye Feng would definitely not let me down. Young Master Ye Feng's strength seemed to be even better than when I met him before. Much stronger."

Princess Linglong knew very well that if she had met Ye Feng in the Northern Territory before, Ye Feng's strength at that time would definitely not be as strong as it is now, but now Ye Feng has grown so much in a short period of time. Relying on his own strength, he was able to withstand the attacks of the Sixth Elder, a super powerful elder of the Peacock clan, which is really incredible.

At this moment, the Sixth Elder seemed to be shocked when he saw the scene in front of him.

Then the Sixth Elder burst into laughter and said loudly: "Ye Feng, you are really powerful, you actually blocked all the attacks of my strongest natal feather. It seems that Princess Linglong really did not misjudge you. With your strength, not to mention in the Northern Territory, even in the entire North and South areas of the Northern Territory, Southern Barbarians and Great Wilderness, you can definitely be regarded as the strongest among the younger generation. After all, among you younger generation, you can withstand This elder is a young genius who is destined to attack with feathers, and there is absolutely no way he can find another one."

Hearing what the Sixth Elder said, Ye Feng immediately smiled, with a trace of pride in his eyes.

After all, Ye Feng knew very well that this sixth elder was more than a dozen realms higher than his own, and it was already quite remarkable that he could withstand the ordinary attacks of his natal feathers.

If he were of the same age as Ye Feng,

People, let alone resist the attack of this feather, even the Sixth Elder could kill the other party casually.

At this moment, Ye Feng withdrew the Ten Thousand Beasts War Spear, and the Sixth Elder also dispersed the power of this feather.

At this time, the Sixth Elder immediately flew in front of Ye Feng, couldn't help but patted Ye Feng's shoulder, and said loudly: "Young man, you are very good. Not only is your temper to my liking, but you are also so powerful. , it seems that I really want to have sex with you."

Hearing what the Sixth Elder said, Ye Feng grinned and said, "Then I will call the Sixth Elder big brother."

Hearing that Ye Feng was so good at climbing up the pole, the Sixth Elder couldn't help but shook his head and said loudly: "You're welcome, kid, but I've already agreed, if you can compete with me, let me Satisfied, so what if we become brothers."

After finishing speaking, the Sixth Elder said with a smile: "Since we are going to become your eldest brother directly, I will become your eldest brother. Naturally, when the eldest brother meets you for the first time, he will give you some greeting gifts."

After finishing speaking, the Sixth Elder suddenly took out a crystal that looked like a six-pointed star from his storage ring.

The Sixth Elder immediately smiled and said: "This crystal stone is the essence of heaven and earth that can only be condensed from the sacred tree of our Peacock clan. The energy contained in it is the energy of the sacred tree of our Peacock clan. It is very powerful. It is also very pure. Ye Feng, if you hold this sacred tree crystal, it will definitely be of great help to your cultivation. It can subtly refine your skills and transform your body. "

Hearing what the Sixth Elder said, Ye Feng was immediately surprised and said, "Thank you, brother."

At this moment, a group of other elders of the Peacock clan who were watching not far away showed surprise in their eyes, as if they did not expect that the Sixth Elder would actually come up with such a valuable gift.

After all, you must know that even if you are an elder at the level of elders, if you want to get the essence of heaven and earth crystals condensed on the holy tree, you must make a huge contribution to the entire peacock clan in order to get the reward of the holy tree.

At this moment, an elder of the Peacock clan next to Princess Linglong couldn't help laughing and said: "It seems that the Sixth Elder really appreciates this Ye Feng this time, and he actually gave Such a valuable gift."

Princess Linglong couldn't help but nodded, with a look of surprise in her eyes.

After all, you must know that Princess Linglong, as a princess of the Peacock clan, has never received the heaven and earth crystals condensed from the holy tree since she was born.

This is a very precious thing for the entire peacock family.

At this time, Ye Feng was holding this six-pointed star-shaped heaven and earth crystal, with a look of surprise in his eyes.

Because the moment Ye Feng took over this piece of heaven and earth crystal, he immediately felt that it contained very terrifying holy power.

If you swallow it and absorb it, you will definitely be able to make a rapid breakthrough in your cultivation.

However, Ye Feng did not devour it on the spot at this time. After all, it would be better not to display this weird and domineering talent in front of outsiders for the time being.

At this moment, Princess Linglong hurriedly walked over, walked to Ye Feng's side, smiled and said: "Ye Feng, since you have proved your strength, then next, I think our Peacock clan These senior figures, including the members of the Anti-Hegemony Alliance, should not reject you, but will try their best to win over you."

Chapter 4852 Black Wind Mountain

Hearing what Princess Linglong said, Ye Feng just smiled and nodded, and said loudly: "This time I come to your Peacock clan to join the anti-overlord alliance. Of course, the premise is that you can give me enough benefits. and training resources."

Hearing Ye Feng's simple and direct words, Princess Linglong didn't feel embarrassed or anything.

After all, when Princess Linglong and Ye Feng discussed this matter before, Ye Feng had already made his needs clear.

And Princess Linglong also knew very well that if the Anti-Hegemony Alliance or their Peacock clan did not give Ye Feng enough benefits, then Ye Feng, the number one genius in the Northern Territory, would naturally not be able to contribute to the Anti-Hegemony Alliance in vain.

At this moment, Princess Linglong nodded immediately, and then said with a smile: "I will take you to meet the elders of our Peacock clan. They are basically the founders of the anti-overlord alliance. As long as they agree to give Ye Feng If you have enough cultivation resources, then there won't be any problems."

When Ye Feng heard Princess Linglong say this, he couldn't help but nodded.

At this time, Ye Feng gradually understood that most of the anti-overlord alliance mentioned by Princess Linglong was probably controlled by the Peacock clan.

The leader of the Peacock clan is the most important backbone of the anti-overlord alliance.

As for the dozen other races, although they have joined the anti-overlord alliance, they are probably all ordinary races in the wilderness, and are completely inferior to the races created by the descendants of a powerful mythical beast like the Peacock clan.

Therefore, the main power of the anti-overlord alliance is concentrated in the hands of the Peacock clan.

As long as the elders of the Peacock clan can agree, then there will be no problem with the anti-overlord alliance.

At this time, Ye Feng and Princess Linglong walked directly in front of a dozen elders of the Peacock clan not far away.

At this time, a group of elders from the Peacock clan were staring at Ye Feng with admiration in their eyes.

After all, when Ye Feng first came, they saw Ye Feng looking so young, and they didn't believe that he was the so-called number one genius in the Northern Territory with very strong strength.

But since the terrifying battle between Ye Feng and the Sixth Elder just now, everyone has understood that Ye Feng is definitely an extremely powerful person.

Not to mention in the Northern Territory, even in the wilderness, in the southern barbarian land, he is definitely the number one among the younger generation.

I am afraid that in the entire north and south regions, there will not be another young figure who can rival Ye Feng for his unparalleled splendor.

At this time, Ye Feng didn't say much, but looked directly at Princess Linglong beside him.

Because Princess Linglong will help her express her needs.

At this time, Princess Linglong hesitated for a moment, and then couldn't help but said to the dozen elders of the Peacock clan: "Elders, if you want Ye Feng to join our anti-overlord alliance, then you have to give Ye Feng is paid enough, I think this is what he deserves."

Hearing what Princess Linglong said, the dozen or so elders of the Peacock Clan immediately smiled and said loudly: "Of course, a top genius like Ye Feng, who is so amazing and talented, can join the anti-overlord created by our Peacock Clan. The alliance is definitely an honor for our entire anti-overlord alliance, and it is definitely what we should do to give Ye Feng enough training resources."

Hearing what these dozen elders of the Peacock clan said, Princess Linglong's eyes suddenly showed a look of joy, and she quickly looked at Ye Feng beside her.

Ye Feng also understood at this moment, and immediately smiled and clasped his fists and said: "Thank you very much, seniors. It is really an honor for the juniors that the seniors can value this junior so much."

Ye Feng finished speaking at this time

After that, an elder of the Peacock clan standing in the middle immediately couldn't help but said: "Ye Feng, although we can provide you with sufficient training resources, you still have to do some things to join our anti-overlord alliance. "

Ye Feng immediately smiled and said, "Of course."

Hearing Ye Feng's affirmative answer, the dozen or so elders of the Peacock clan couldn't help but nod.

At this time, the elder of the Peacock clan standing in the middle couldn't help but said: "Recently, a troublesome thing has happened in the territory of our anti-overlord alliance, and that is. On the edge of the territory of our anti-overlord alliance, there is a place called Black Wind Mountain. Several extremely powerful alien monsters have appeared. They are not the monsters in our wilderness. They are causing trouble. I hope you, Ye Feng, Being able to sneak into Black Wind Mountain and see if you can deal with those powerful foreign monsters is just a way to prove Ye Feng's ability to actually solve problems."

Hearing what this senior member of the Peacock Clan said, Ye Feng immediately understood. It was probably inconvenient for the Peacock Clan to take action against the outside demon clan, so as not to lay the foundation for disaster.

Letting myself, an outsider from the Northern Territory, take action was the best choice.

This is the same method as when the Southern Barbarian Empire asked Ye Feng and a group of strong men from the Northern Territory to open the Great Wilderness Prison.

Ye Feng immediately understood that the reason why the Peacock clan recruited him was probably partly because he was not only extremely powerful, but also partly because he was from outside the wilderness. It is more convenient to do things that arouse hatred in the wilderness without compromising the Peacock clan or the anti-overlord alliance.

Ye Feng immediately smiled and said: "Since the seniors think so highly of the juniors, then the juniors will set off to Heifeng Mountain tomorrow to check the situation."

hear

When Ye Feng said this, a group of elders from the Peacock clan nodded.

Then one of the older people looked at Princess Linglong and said with a smile: "Then let Princess Linglong take you, Mr. Ye Feng, to stay with our Peacock clan for one night, and we will also have the training resources that Mr. Ye Feng needs. We will let Princess Linglong be responsible for the selection. If Master Ye Feng has any needs, just tell Princess Linglong directly. "

Hearing what these elders of the Peacock clan said, Ye Feng immediately clasped his fists and followed Princess Linglong out of here.

When the two left, a group of elders from the Peacock clan looked at the Sixth Elder not far away, and couldn't help but ask: "Sixth, how strong is this young man named Ye Feng? You, Sixth, are you?" I should have known better when I took action in person just now."

At this moment, the Sixth Elder's face immediately became quite excited, and he said loudly: "This kid is the strongest young man I have ever seen. I estimate that if he practices for a few more years, he will be able to catch up with us. These old guys who have been practicing for thousands of years."

"What??"

Hearing such a high evaluation from the Sixth Elder, a group of elders of the Peacock clan present widened their eyes with undisguised shock. It seemed that they did not expect that the Sixth Elder had such a high opinion of Ye Feng, even Some exaggerated evaluations.

However, everyone believed the words of the Sixth Elder, because the Sixth Elder was very senior among the Peacock clan and had been practicing for thousands of years. He could not lie to everyone for no reason.

At this moment, a group of more than a dozen elders of the Peacock clan suddenly paid great attention to Ye Feng.

There was even an older person who couldn't help but say with a smile in his eyes: "Perhaps we can also arrange a marriage between Princess Linglong and Master Ye Feng. This Ye Feng is a hidden dragon. Waiting for the hidden dragon to come out of the abyss, the future will be brilliant!"

Chapter 4853 Right here

At this time, Ye Feng followed Princess Linglong and was walking towards the inner area of the Peacock Clan.

Princess Linglong smiled and said: "Mr. Ye Feng, please stay among our Peacock clan tonight. Tomorrow you will go to Black Wind Mountain with a few helpers to see the situation. This time it should be the elders of our Peacock clan." , a test for you, Mr. Ye Feng."

Ye Feng nodded, and then couldn't help but ask: "You have been among the Peacock Clan, do you know where those foreign demon clans in Black Wind Mountain come from, so that the upper echelons of your Peacock Clan can't help but ask. Dare to take action personally, but let me, an outsider, solve this problem."

Princess Linglong shook her head, with a trace of doubt in her eyes, and said aloud: "I don't know the specific identities of those foreign demon clans, but the forces involved are very difficult. Otherwise, our Peacock clan will It's impossible that the higher-ups won't take action personally."

Hearing what Princess Linglong said, Ye Feng immediately nodded, and then Ye Feng seemed to have thought of something, and couldn't help but said: "By the way, this time I come to your Peacock Clan, in addition to officially joining the Anti-Hegemon Alliance, There is another important thing I want to tell you, that is, I need to find a few powerful elders from your Peacock clan to follow me to the Sun God Clan."

"What?"

Hearing what Ye Feng said, Princess Linglong immediately widened her eyes slightly, as if she never thought that Ye Feng would go directly to the Sun God Clan.

Princess Linglong knew that Ye Feng was being hunted by the leader of the Sun God Clan. She immediately couldn't help but said nervously: "Master Ye Feng, you must not be impulsive. The Sun God Clan is the number one overlord in our wilderness. The strength of the race is very terrifying. There are many strong people in the clan. Not to mention the patriarch of the Sun God Clan, there are countless senior strong men in the Sun God Clan. They are estimated to be more than ten times stronger than our Peacock Clan. You are going directly to the Sun God Clan now, even if you take us, the Peacock Clan,

All the powerful elders among them have been brought over, but they are of no use and will be destroyed instantly by the Sun God Clan. "

Hearing what Princess Linglong said, Ye Feng grinned and said: "Princess Linglong, you have misunderstood. Of course, my going to the Sun God Clan is not an open declaration of war. That is undoubtedly seeking death. I am not a fool. I am going to the Sun God Clan on this trip. , is to support the Sun Goddess, the proud daughter of heaven who is currently ranked number one among the Sun God Clan, to win the position of the new clan leader."

"What?"

Hearing what Ye Feng said, Princess Linglong was shocked again and couldn't help but said, "When did you get involved with the Sun Goddess?"

Ye Feng smiled and said: "I have experienced a lot during this period, let me tell you one by one."

At this moment, in order to let Princess Linglong support him, Ye Feng told everything he had experienced during this period.

After hearing what Ye Feng had said at this time, especially when Ye Feng said that he had used the Feng Shui power of Master Shanchuan to seriously injure a powerful figure like the leader of the Sun God Clan, Princess Linglong immediately covered herself. Her mouth widened and her beautiful eyes widened, as if she couldn't imagine that the leader of the Sun God Clan, a legendary figure in the wilderness, would be severely injured by a young man like Ye Feng, even if he used the help of the outside world. The power is incredible.

At this moment, Princess Linglong couldn't help but said: "Ye Feng, you are so amazing!"

At this time, Princess Linglong said, her beautiful eyes staring at Ye Feng in front of her with a deep brilliance.

Princess Linglong has always been a scheming beauty. She is a member of the peacock clan.

The methods and vision of recruiting all kinds of young talents from outside are very high.

But this time, it was the only time that Princess Linglong felt such admiration and horror towards a young member of the opposite sex.

At this moment, Princess Linglong couldn't help but said: "Ye Feng, what you mean is that you are going to take some powerful elders to lurk in the Sun God Clan, secretly support the Sun Goddess, and overthrow the current Sun. The leader of the God Clan? In this case, the entire Sun God Clan will be able to be controlled by you secretly in the future. We, the Peacock Clan, may be able to unite with the Sun God Clan to deal with other overlord races and carve up the entire wilderness."

Hearing what Princess Linglong said, Ye Feng immediately nodded, and then suddenly said solemnly: "But this plan is too hidden. I am only telling you, you don't want to talk to other members of your Peacock clan. People say that no one else should know about this unless they are the elders who are willing to follow me to the Sun God Clan to assist the Sun Goddess."

Hearing what Ye Feng said, Princess Linglong immediately nodded and said solemnly: "Don't worry, I will not tell anyone else what Young Master Ye Feng said to me today. I will help Mr. Ye Feng find some powerful elders from our Peacock clan, and I will definitely choose these elders carefully."

Hearing what Princess Linglong said, Ye Feng immediately nodded, feeling very relieved.

After all, Princess Linglong is the princess of the Peacock Clan, and the powerful elders she has identified must all be trustworthy.

At this moment, Ye Feng breathed a sigh of relief, feeling that he had finally completed this matter.

Then Ye Feng couldn't help but smile and said: "By the way, Princess Linglong, now you can take me directly to the place where I choose the cultivation resources."

Well, this time when I go to the Sun God Clan, my own cultivation strength must be improved as much as possible. "

When he said this, Ye Feng suddenly glanced at the nine-eyed black flame unicorn beside him, smiled and said: "By the way, if you have any peacock sacred fruits of the peacock clan, give me some. This friend, the Nine-Eyed Black Flame Qilin, really likes to eat the holy fruit of your peacock clan."

Hearing what Ye Feng said, Princess Linglong immediately smiled and said, "Okay, this is no problem."

At this time, when he saw Ye Feng actually mentioning himself, and the nine-eyed black flame unicorn who had been following him silently, he suddenly became quite moved. He didn't expect that Ye Feng could still remember his needs. This made him feel very moved. The Nine-Eyed Black Flame Qilin became even more loyal to Ye Feng. He was definitely a master worth relying on and trusting.

At this moment, Ye Feng and the Nine-Eyed Black Flame Qilin followed Princess Linglong and soon came to the place where the Peacock Clan specially stores their cultivation resources.

A huge palace appeared here, and it was very majestic. There were two elders of the Peacock clan who looked very scary guarding the door. The aura of cultivation exuded by each of them was not much weaker than the previous six elders.

This made Ye Feng's eyes suddenly move. The background of the Peacock clan was also very terrifying.

It seems that I came to the Peacock Clan at the right time this time. I will definitely be able to find extremely powerful senior figures to follow me to the Sun God Clan.

If it were just Ye Feng and the Nine-Eyed Black Flame Qilin, Ye Feng would not have much confidence that he could assist the Sun Goddess in winning the position of the new generation leader of the Sun God Clan.

But now if Princess Linglong can really choose an extremely powerful senior figure from the Peacock Clan to follow her to the Sun God Clan, then Ye Feng's chances of winning will be much greater.

Chapter 4854 Worth 10 Million

At this moment, Princess Linglong brought Ye Feng and the Nine-Eyed Black Flame Kirin to this huge palace dedicated to storing cultivation resources.

Immediately, the two guardian elders in front of the palace opened their eyes, stared at Princess Linglong, and asked aloud: "Your Highness, what's the matter when you come here?"

At this moment, Princess Linglong took out a token from her storage ring, which was the token of the Anti-Overlord Alliance.

Princess Linglong smiled and said: "According to the orders of the elders in the clan, I came to take Ye Feng, the top genius in the Northern Territory who has recently joined our anti-overlord alliance, into the treasure house of the hall to find suitable training resources. As Ye Feng's reward for serving our Peacock Clan and the Anti-Hegemon Alliance."

Hearing what Princess Linglong said, the two guardian elders didn't ask any more questions. They just nodded and said, "The higher-ups in the clan have already informed us about this matter. You can go in directly to select cultivation resources." , but you can't choose too much, you can only choose resources worth ten million spiritual crystals."

Hearing what the two guardians said, Princess Linglong immediately nodded, smiled and said, "Okay, we understand."

The two guardian elders nodded at this moment, and then took out half of the tokens from each of them.

The next moment, the two half tokens come together to form a complete token. ??

Buzz!

Almost at the next moment, a ray of light suddenly rushed out from the complete token, shining on the treasure house door in front of it.

At this moment, the treasure house door opened instantly.

At this moment, Princess Linglong looked at Ye Feng, smiled and said: "Master Ye Feng, let's go in directly."

Ye Feng immediately nodded, and then followed Princess Linglong with the nine-eyed black flame unicorn.

when they enter this

For a moment in the treasure house of the main hall, Ye Feng was almost blinded.

At a glance, I saw a pile of energy crystals piled high in the treasure house of the entire hall.

However, these energy crystals are all energy crystals mined from very ordinary mineral veins. They are different from the sacred tree crystals that the Sixth Elder personally gave to Ye Feng before. I don't know how many times the difference is. Ye Feng doesn't have anything big. interest.

After all, Ye Feng's swallowing of these ordinary energy crystals has no big effect anymore, and his own skill cannot be improved much.

So this time Ye Feng entered the treasure house of the Peacock Clan, Ye Feng naturally wanted to obtain more advanced cultivation resources to quickly improve his cultivation skills.

At this moment, Ye Feng looked at Princess Linglong beside him and immediately couldn't help but said: "Princess Linglong, you also know that my current cultivation has reached this level. If I want to continue to improve my skills quickly, , I must have very high-end cultivation resources, and I also ask Princess Linglong to take me directly to the place where high-end resources are specially stored in this treasure house."

Hearing what Ye Feng said, Princess Linglong immediately smiled and nodded, and said loudly: "Ye Feng, don't worry, I will definitely not let you suffer."

When she said this, Princess Linglong walked quickly towards a certain direction of the treasure house.

Ye Feng quickly followed.

When Ye Feng followed Princess Linglong to the southwest area of the treasure house, his eyes suddenly showed deep shock.

I saw that there was actually a medicinal field planted in this treasure house in the southwest region.

The elixirs grown in this medicinal field,

All are very high-grade elixirs.

There are red trees with nine fruits, elixirs that look like ginseng fruits, Tianshan snow lins with eighteen petals, etc., all of which are very magical elixirs.

And Ye Feng could instantly feel the medicinal power contained in it, which was very powerful.

Ye Feng immediately couldn't help but asked: "These elixirs are all very noble treasures grown by your peacock clan. I don't know if I am qualified to enjoy these things."

Hearing what Ye Feng said, Princess Linglong couldn't help but nodded immediately, smiled and said: "Of course, the two guardian elders just said that you can obtain training resources worth ten million. The value of the natural materials and earthly treasures grown in the medicinal field is very high, but it is still within 10 million, so you can enjoy all the natural materials and earthly treasures in this medicinal field, but other things I Maybe you won't be able to get it. Originally, I planned to let you get a very powerful inheritance, which is the natal inheritance of our Peacock clan."

Hearing what Princess Linglong said, Ye Feng immediately said with great joy: "It is enough for me to get all the treasures of heaven and earth in this medicine field. As for the inheritance of your peacock clan, it must be very good." It's great, but you can't have it all, so I chose Yaotian."

For Ye Feng, the most important thing now is to quickly improve his cultivation skills.

As for some advanced inheritance, Ye Feng is not in short supply at the moment. After all, the inheritance Ye Feng has now is enough for his current cultivation level.

So at this time, Ye Feng naturally chose these heavenly materials and earthly treasures from inheritance and these.

After all, high-level inheritance can be found in many places, but high-level elixirs specially grown like this are very rare. Many places are

You can't even buy it if you want.

boom!

At this moment, Ye Feng naturally did not hesitate at all. He directly released his Devouring Domain and began to quickly devour the high-level elixirs grown in this medicine field.

Boom!

At this moment, Ye Feng immediately felt a very powerful medicinal energy being injected directly into his Dantian.

Ye Feng's current cultivation level immediately began to make breakthroughs with the help of this majestic medicinal power.

boom!

The eighth level of the divine elixir realm!

boom!

The ninth level of the divine elixir realm!

boom!

The tenth level of divine elixir realm is perfect! !

At this moment, Ye Feng's cultivation level suddenly broke through the third level of heaven, directly from the previous seventh level of divine elixir realm, to the tenth level of divine elixir realm.

This made Ye Feng's eyes suddenly reveal a look of deep surprise.

It seems that these high-level elixirs are of great benefit to improving one's cultivation level.

At this moment, Ye Feng did not hesitate and continued to take out the Holy Tree Crystal that the Sixth Elder had given to him personally.

This Holy Tree Crystal is an extremely high-grade energy crystal that is condensed from the essence of heaven and earth by the Holy Tree of the Peacock Clan.

Ye Feng naturally wants to strike while the iron is hot and see if he can completely break through the tenth level bottleneck of his current divine elixir realm by absorbing this extremely rare holy tree crystal.

At this moment, Ye Feng took out the Holy Tree Crystal. Without any hesitation, under the astonished gaze of Princess Linglong beside him, Ye Feng swallowed the Holy Tree Crystal with one mouthful. abdomen.

Chapter 4855 A place with harsh mountains and rivers

The Holy Tree Crystal is the fruit condensed from the unique Holy Tree among the Peacock Clan. It can also be called the energy crystal of the essence of heaven and earth.

The energy in it is very high-level, far beyond what ordinary crystals mined from veins can match.

So at this time, after Ye Feng swallowed this sacred tree crystal, he immediately felt a surge of pure energy that might be more powerful than the combined power of all the heavenly materials and earthly treasures in the entire medicine field. Suddenly it exploded in his entire body.

Ye Feng's cultivation aura that had just stopped was growing crazily again at this moment.

Just now, Ye Feng absorbed the medicinal power of all the heavenly materials and earthly treasures in that medicine field, allowing his cultivation level to reach the tenth level of Divine Pill Realm, Great Perfection.

At this time, Ye Feng struck while the iron was hot and swallowed the sacred tree crystal, allowing his energy to increase rapidly again.

The big bottleneck of Ye Feng Shen Dan Realm's tenth level of perfection, at this moment, under the energy impact of the terrifying heaven and earth crystals such as the Holy Tree Crystal, his bottleneck was finally completely broken through.

It is a direct breakthrough to the half-step virtual realm above the divine elixir realm! .??.

At this moment, Ye Feng's cultivation level broke through to a level above the Divine Pill Realm. Even if it was only half a step into the Void Realm, it allowed Ye Feng to touch a whole new level of cultivation level.

Ye Feng could feel that his strength had increased hundreds of times compared to before.

However, the energy of the Holy Tree Crystal can only allow Ye Feng to break through to the half-step of the Void Realm, and cannot break through to the real first level of the Void Realm.

But that's enough.

Ye Feng has already stepped into a new cultivation level of the Void Transformation Realm, and Ye Feng is already very satisfied.

At this moment, Ye Feng clenched his fists and could clearly feel that after his cultivation had broken through to the Half-Step Void Realm, he could feel that his skills, including combat effectiveness, had been incomparably improved.

At this time

Hou Yefeng looked at Princess Linglong beside him, and said happily: "After I broke through to the half-step into the virtual realm, my cultivation strength became even stronger. I will go to the Sun God Clan to secretly assist the Sun Goddess on this trip. I am sure It's even bigger."

Princess Linglong was very happy when she heard what Ye Feng said. After all, she invited Ye Feng to come to the anti-overlord alliance founded by the Peacock Clan. The stronger Ye Feng is, the happier Princess Linglong will naturally be as the inviter.

At this time, Princess Linglong suddenly seemed to have thought of something and said aloud: "By the way, Mr. Ye Feng, you just said that you want to find the elders in our Peacock clan to see who is willing to follow you to the Sun God Clan to secretly assist the Sun Goddess. , let me introduce a few to you now."

Ye Feng immediately nodded and said with a smile: "Thank you very much, Princess Linglong."

At this moment, Ye Feng was a little lucky. Princess Linglong took the initiative to invite him to join this anti-overlord alliance.

Now that he has entered the wilderness and has come to the Peacock Clan, if there was not an anti-overlord alliance here, the Peacock Clan probably would not have invited him over and given him such a high treatment.

So Ye Feng is very lucky to know Princess Linglong and let Princess Linglong invite him to the Peacock Clan.

Because Ye Feng knew very well that it would be very difficult to secretly assist the Sun Goddess by relying on the power of himself and the Nine-Eyed Black Flame Qilin.

But now if you can recruit a few powerful elders from the Peacock Clan to follow you to the Sun God Clan, then you will definitely have a better chance of winning.

Next, under the introduction of Princess Linglong, Ye Feng successfully recruited several senior figures from the Peacock clan.

There are three powerful elders of the Peacock clan, whose cultivation levels are higher than

Ye Feng is now several levels higher. He is an old monster who has been cultivating for thousands of years and is very powerful.

This made Ye Feng very happy.

With the help of these three powerful elders of the Peacock clan, his chances of winning will be even greater.

At this time, Ye Feng was naturally very satisfied with his visit to the Peacock Clan. He had gained a huge harvest.

Early the next morning, Ye Feng went directly to the Black Wind Mountain area in the wilderness.

Before Ye Feng leaves, he always has to complete the test that the Peacock clan imposes on himself.

This time going to Black Wind Mountain, Ye Feng directly brought the three elders who were recruited from the Peacock Clan.

Because Ye Feng has already told Princess Linglong that as long as he solves the foreign monsters in Black Wind Mountain, he will not return to the Peacock Clan's base camp to avoid trouble.

At that time, Ye Feng will go directly to the Sun God Clan.

So this time, Ye Feng took the three powerful elders of the Peacock clan with him.

At this time, the three elders of Kong and Que clan originally wanted to follow Ye Feng, but Ye Feng felt that this would attract too much attention.

After all, these three powerful elders are all old peacocks who have been practicing for hundreds or even thousands of years in the peacock clan. The aura of the demon clan on their bodies is very strong, as majestic and vast as the vast sea.

Therefore, Ye Feng felt that in order not to attract attention, Ye Feng asked these three elders of the Peacock clan to temporarily stay in his storage ring space to avoid unnecessary trouble.

After hearing Ye Feng's arrangement, the three elders of the Peacock Clan did not refuse, because they had put aside their status as seniors, helped Ye Feng with peace of mind, and obeyed all Ye Feng's orders.

Because Ye Feng has promised to them, as long as the three of them help

Ye Feng helped the Sun Goddess to win the position of the last patriarch of the Sun God Clan. When the time comes, Ye Feng will definitely let the Sun Goddess reward enough training resources from the Sun God Clan to the three elders of the Peacock Clan.

It is estimated that no one knows better than the three old monsters of the Peacock clan how abundant the training resources of the Sun God Clan, the most dominant race in the wilderness, are.

Therefore, these three powerful elders of the Peacock clan are very proactive and obey Ye Feng's arrangements.

Even though their cultivation levels are several levels higher than Ye Feng's, in front of a top genius like Ye Feng who combines wisdom and strength, they still maintain basic obedience and will not easily act like their predecessors.

At this moment, Ye Feng asked the three elders of the Peacock clan to stay in his storage ring temporarily. Ye Feng decided not to let the three elders of the Peacock clan take action until the critical moment, so as not to alert the snake.

At this time, Ye Feng just stood on the nine-eyed black flame unicorn, flying in mid-air, flying quickly towards the direction of Black Wind Mountain.

Soon, Ye Feng, led by the Nine-Eyed Black Flame Qilin, arrived at Black Wind Mountain.

In the jungle not far away, a huge black mountain suddenly appeared, surrounded by evil spirits and poisonous miasma of various colors.

The nine-eyed black flame unicorn immediately couldn't help but said: "Master Ye Feng, the black mountain in front is the Black Wind Mountain. It is surrounded by various poisonous miasmas, as well as various vicious poisonous insects, centipedes, and scorpions. , Octopus, etc. It is simply a barren place. I don't know why those alien monsters want to occupy such a spiritual place. It is really strange. I said that the old monsters of the Peacock clan are also Really, in such a barren place, Lord Ye Feng was sent to solve the problem, and there was nothing to be lost by directly occupying the place to those foreign monsters. In such a barren place, if you pay me to stay for one night, I Too lazy to stay."

Chapter 4856 Alien Monster Tribe

At this time, when he heard the complaints from the nine-eyed black flame unicorn beside him, Ye Feng smiled, looked at the Black Wind Mountain area not far away, which seemed to be a barren mountain and dangerous water, and said aloud: "Since the outside monster clan has chosen to This is our base camp, and the Peacock clan attaches great importance to this matter, which means that this Black Wind Mountain is definitely not as simple as you think."

Hearing what Ye Feng said, the Nine-Eyed Black Flame Qilin couldn't help but show a look of surprise in his eyes.

At this moment, the nine-eyed black flame unicorn looked solemnly towards the Black Wind Mountain area ahead, and its nine eyes seemed to begin to flash with a strange red light.

Suddenly, the nine-eyed black flame unicorn seemed to have discovered something, and couldn't help but said: "Huh? It seems a little different. In this seemingly barren place, I can faintly see a golden light shrouding it. Between the whole world and the sky, it seems that Black Wind Mountain is really an amazing place."

Hearing what the Nine-Eyed Black Flame Qilin said, Ye Feng looked at the Nine-Eyed Black Flame Qilin in surprise and couldn't help but said: "Qilin, I didn't expect that after you evolved to the level of the Nine-Eyed Black Flame Qilin, you could still be invisible. You can see the momentum and the power of Feng Shui between heaven and earth."

Hearing what Ye Feng said, the Nine-Eyed Black Flame Qilin couldn't help scratching his head immediately and said: "Master Ye Feng is joking. My little Feng Shui skills are nothing in front of Master Ye Feng. In fact, I I don't know anything about Feng Shui, I just used the blood talent in my nine eyes to see through some relatively nihilistic things."

When Ye Feng heard what the Nine-Eyed Black Flame Qilin said, he stared at the nine eyes on his face, thoughtfully, and then nodded.

When Ye Feng came outside the Black Wind Mountain just now, he had already seen it through his Feng Shui skills.

This Black Wind Mountain seems to be a barren place, but in the void space, there is a golden light beam shining directly into the sky, which looks very strange.

So Ye Feng knew that Black Wind Mountain was definitely a key place in the territory of the Peacock Clan.

It seems that the upper echelons of the Peacock clan sent themselves to Black Wind Mountain to deal with those foreign monsters. It may not be as simple as just driving away or killing those few foreign monsters.

It is very possible that this Black Wind Mountain

There are other secrets hidden in it that you need to solve by yourself.

Thinking of this at this time, Ye Feng became quite interested.

Could this Black Wind Mountain be a very ancient place left by the Peacock clan?

But it's so far away from the Peacock Clan's base camp, where could this be?

Ye Feng was quite curious, so he took the nine-eyed black flame unicorn and quickly landed at the foot of Black Wind Mountain.

After all, it might not be good to declare war directly at high altitude. After all, we don't know the details of the other party yet.

Ye Feng was still going to quietly walk into the Black Wind Mountain to explore the situation first.

If those external demon clans are too powerful, then I need to think of other ways.

But just when Ye Feng was about to land at the foot of Black Wind Mountain with the nine-eyed black flame unicorn.

Uh-huh! Uh-huh! Uh-huh!

Suddenly, several powerful demon clan men wearing black armor rushed out from the Black Wind Mountain.

However, these monster clan experts may be very powerful and powerful to other ordinary practitioners.

But for Ye Feng, who has improved his cultivation now, it is nothing.

Their cultivation is even a little weaker than Ye Feng's now, weaker by one or two realms, so naturally they are not taken seriously by Ye Feng.

However, at this time, Ye Feng did not directly kill him, but directly asked: "Who is the current owner of Black Wind Mountain? Ask him to come out and talk."

Now that he has been discovered, Ye Feng doesn't want to waste any more time and is ready to talk directly to the leaders of the foreign demon clan who occupy Black Wind Mountain.

If they can leave Black Wind Mountain obediently, then Ye Feng doesn't want to waste any more effort.

If they are unwilling, then Ye Feng

The only way to conquer this Black Wind Mountain is to use force.

Hearing what Ye Feng said at this moment, these powerful demon clan men immediately smiled coldly and said: "Today's Black Wind Mountain is no longer a land without an owner, but is owned by us. , the second master and the third master are occupied, you, a young man from the human race, dare to break into our Black Wind Mountain area, you are really looking for death. "

Hearing what these monster guards said, Ye Feng smiled faintly and said, "How dare a few little monsters be so arrogant in front of me."

After saying that, Ye Feng immediately flew towards the depths of Black Wind Mountain, wanting to find out directly who the three leaders of Black Wind Mountain were?

Because now that Ye Feng has been discovered, there is no need to hide anything anymore and go directly to talk to the current owner of Black Wind Mountain.

But just when Ye Feng was about to fly to the deep area of Black Wind Mountain, these demon guards wearing black armor immediately laughed out loud and said: "Human boy, you are really rampant!"

After saying that, they immediately flew towards Ye Feng, as if they wanted to arrest Ye Feng on the spot.

But at this moment, Ye Feng just said coldly: "A few little demons dare to block my way, get out of here!"

Boom!

At this moment, Ye Feng suddenly burst out with an extremely powerful cultivation aura.

Ye Feng didn't need to use his various methods or weapons at all. The aura on his body was enough to make these monster guards fly to the surroundings in an instant, and fell directly into the surrounding mountains. I don't know.

At this moment, Ye Feng just smiled faintly, and then flew towards the Black Wind Mountain below.

At this moment, in the Black Wind Mountain, many demon clans couldn't help but exclaimed: "The super masters of the human race are here! Go and inform the first master, the second master, and the third master!"

At this moment, Ye Feng laughed and said loudly: "You don't need to inform me, I will do it myself!"

After finishing speaking, Ye Feng directly stretched out a hand.

Buzz!

Ye Feng's hand immediately turned into a big golden hand, covering the sky. In one fell swoop, it shattered a large piece of rock halfway up Black Wind Mountain, and then revealed the space inside Black Wind Mountain.

Inside Black Wind Mountain, the interior of the mountain has been hollowed out, and a stone hall inside the mountain has appeared.

There are three monster clans in total in the Stone Hall, and the cultivation aura of each of them is extraordinary. Their cultivation level is not lower than that of Ye Feng, and is actually one or two realms higher than Ye Feng.

They were sitting in the main hall inside the Black Wind Mountain, drinking meat and wine.

But at this moment, Ye Feng stretched out this big golden hand and destroyed the entire mountain, revealing the three foreign demon clans in their main hall, which are the so-called big bosses, the second generation and the second generation of Black Wind Mountain. The boss and the third boss.

The faces of these three demon clans were all filled with shock at this moment, and they shouted angrily: "Which kid is so bold, he dares to attack directly at the door."

At this moment, the third leader among the three foreign demon clans is a leopard-headed demon clan wearing black robes.

A golden gourd suddenly appeared in his hand. He opened the lid of the gourd directly towards Ye Feng and said loudly: "Where did you come from, human boy? Look at the golden gourd in my hand. I will put you directly into it and imprison you!" "

Uh-huh!

Sure enough, just when the leopard-headed demon clan pulled out the cork of the golden gourd in his hand, a terrifying sucking force appeared between heaven and earth, trying to pull Ye Feng, including the nine-eyed black man next to Ye Feng. All the flame unicorns were collected into his gold-skinned gourd.

Obviously, this is a very rare and powerful magic weapon with spatial properties!

Ye Feng immediately understood that these three foreign demon clans indeed had extraordinary origins. Although their cultivation did not seem to be very powerful, the magic weapons and weapons in their hands were simply magical and powerful. It seemed that their origins were truly extraordinary. extraordinary.

No wonder even the Peacock Clan is unwilling to take action personally and wants to let themselves, the middlemen, solve the trouble.

Chapter 4857 It's really unreasonable

Boom! !

At this moment, the golden-skinned gourd in the hands of the leopard-headed demon clan immediately erupted with a terrifying suction force, sucking all Ye Feng and the nine-eyed black flame unicorn into it and melting it directly. It can be seen from this that this golden-skinned gourd How weird and scary the gourd is.

But Ye Feng naturally didn't want to be sucked into it, so at this moment, Ye Feng didn't hesitate and directly burst out the power of his immortal body.

boom! ! ??

At this moment, Ye Feng's whole body burst out with extremely bright golden holy light.

The next moment, Ye Feng's whole body immediately began to expand rapidly, and he immediately turned into a majestic golden giant with a height of several kilometers.

Ye Feng possessed extremely terrifying power at this moment. He immediately looked at the leopard-headed demon clan and said coldly, "I originally wanted to have a good talk with you to see if I can keep you safe." When we left the Black Wind Mountain area, we were all on our own terms, but I didn't expect that just after we met, you would directly use such a powerful and terrifying weapon to kill me. In that case, there was no need for me to hold back. "

boom!

After saying that, Ye Feng rushed towards the leopard-headed monster in front of him.

For Ye Feng, since he has become an enemy with the other party and has broken his face, and he originally wanted to drive away these three foreign monsters this time, Ye Feng did not hesitate at this moment and immediately did it. He burst out with the strongest power, relying on the terrifying and majestic power of his immortal body, to block the suction force of the golden gourd, and instantly punched the golden gourd.

Boom! !

The next moment, the two collided, and a terrifying roar suddenly erupted.

Ye Feng's golden fist was several hundred meters wide, and it directly hit the golden gourd, shattering it into pieces.

When the gold-skinned gourd exploded, a green liquid poured out, dripping down to the ground like concentrated sulfuric acid, directly corroding a large deep pit.

"Huh? What a poisonous magic weapon!"

Seeing this scene, Ye Feng's eyes suddenly turned cold.

It seems that if this leopard-headed demon clan really puts himself into this golden-skinned gourd, it is estimated that both himself and the nine-eyed black flame unicorn will be instantly corroded into a pool of blood by the terrifying corrosive liquid in the golden-skinned gourd.

These three foreign monsters are so cruel and terrifying!

At this moment, the Nine-Eyed Black Flame Qilin also shouted loudly in an instant, "Three little monsters dare to take action against Master Ye Feng. I, the Nine-Eyed Black Flame Qilin, am the first to disagree!"

boom! ! ??

At this moment, the nine-eyed black flame unicorn also burst out with the power that belonged to the offspring of his divine beast.

"Black flames destroy the world!!"

At this moment, the Nine-Eyed Black Flame Qilin immediately opened his mouth wide, and a terrifying black flame light pillar immediately spurted out from his mouth, which seemed to be able to burn everything, and suddenly bombarded the mountains ahead.

At this moment, the entire peak of Black Wind Mountain suddenly turned into a sea of fire.

You must know that this flame is not an ordinary flame, but a special and incomparable black flame inherited from the ancestral beast of the Nine-Eyed Black Flame Kirin.

Before

The flames of the six-eyed black flame unicorn are very terrifying, making the descendants of the Golden Crow divine beast like the Sun Goddess somewhat irresistible.

Not to mention that the six-eyed flame unicorn has now evolved into the nine-eyed black flame unicorn. Its flame power has turned into black flames, which is even more advanced and terrifying.

So at this moment, the three foreign monsters were enveloped in the black sea of fire in the mountain, and they immediately screamed as they were being grilled.

Among the three foreign monsters, the leopard-headed monster is only the third leader, while the top leader is a snake-headed monster with a very burly body.

The snake-headed demon clan immediately took out a green fan from the storage ring and fanned it in front of him. The surrounding flames were instantly extinguished by the cold wind released from the fan.

"What?"

Seeing this scene, the Nine-Eyed Black Flame Qilin was slightly dumbfounded and couldn't help but said, "Is this a high-level magic weapon with ice attributes? It can actually suppress the special black flame power of our Nine-Eyed Black Flame Qilin clan." "

At this moment, the Nine-Eyed Black Flame Qilin immediately looked at Ye Feng beside him, and said in surprise, "Master Ye Feng, I feel that these three foreign monsters must have very extraordinary origins, and they actually have many things in their hands." What a magical weapon that I have never seen before."

Hearing what the Nine-Eyed Black Flame Qilin said at this time, Ye Feng couldn't help but nodded, and then said in a low voice, "Anyway, now that we have promised the Peacock Clan to drive away three foreign monsters, then naturally We need to drive them away, and they actually want to show their murderous intentions towards us and want to kill us, so we can only treat them the same way as they do. "

After saying that, Ye Feng didn't hesitate at all and directly displayed the extremely powerful inheritance, Hand of the Emperor.

Buzz!

At this moment, the vitality of heaven and earth rioted above Ye Feng's head, condensing into a towering black hand.

This big black hand has the power of the underworld. It is the palm of the Netherworld Emperor, so it has a strong aura of death and anti-life energy.

So at this moment, Ye Feng used the hand of the emperor, and the hand of death with boundless power suddenly fell. The three foreign monsters, even if their cultivation level was one or two realms higher than Ye Feng, but There is no way he can be Ye Feng's opponent.

Even though the magic weapons in their hands were very magical, they could not withstand Ye Feng's extremely powerful frontal attack.

Boom! !

At this moment, the big hand of death bombarded down, and the three foreign monsters were directly blasted into the distance, smashing a large area of land and being buried in the ruins.

The second and third masters, who were relatively weak in cultivation, simply fell into a coma and did not know whether they were alive or dead.

As for the big boss, half of the snake's head was smashed, leaving only half of the head. But after all, he was a demon with tenacious vitality and did not die in a coma.

The big boss immediately couldn't help but said in horror, "How is this possible? You, a boy from the human race, should have come to such a deep place in the wilderness, and your strength is so terrifying. We are obviously better than you in cultivation." One or two realms higher, but I can't stand a single move in your hands, and we have so many magical treasures in our hands that we can't resist you. How is this possible? "

At this moment, the big boss is a little doubtful about his life. It seems that he has never seen a guy with such incredible fighting ability like Ye Feng. It is really unreasonable and unbelievable!

Chapter 4858 Ten Thousand Demons Temple

At this moment, the head of the family suddenly seemed to have thought of something, and immediately couldn't help but said, "You, a young human being, came here specifically to deal with

us. Are you sent by the Peacock clan? Because of this Black Wind Mountain is the territory of the Peacock clan, but they don't dare to do anything to us. Could it be that they want to kill people with a borrowed knife and let you, the middleman, deal with us. "

Hearing what the big boss said, Ye Feng's eyes immediately showed a sneer, and he said, "Don't worry about my identity, where I come from, and why I want to deal with you, because I have taken a fancy to this Black Wind Mountain. You three must have taken a fancy to something mysterious in this Black Wind Mountain, so you stationed here."

Ye Feng smiled coldly at this moment, and when he said these words, the master's face suddenly changed.

At this moment, Ye Feng said out loud, "Since you don't reply to my words, then I can only kill all three of you."

After saying that, ten golden feathers suddenly rushed out from Ye Feng's body.

It is exactly ten golden crow feathers!

All have terrifying penetrating power.

Like ten golden swords, they struck instantly from high in the sky and instantly pierced the heads of the two monsters who were unconscious, the second master and the third master, killing them instantly.

"you.....!" ??

The leader screamed in horror, "Boy, how dare you really kill us? Do you know our origins? We are from the most glorious Ten Thousand Demons Temple in Zhongzhou. You killed us." , you are going against the entire Ten Thousand Demons Temple, not to mention you, an ordinary human boy, even all the races in the entire wilderness, including those overlord forces, would not dare to offend our Ten Thousand Demons Temple in Zhongzhou. "

"Pfft!"

But before the master could finish his words, ten golden crow feathers rushed over in an instant, piercing through his entire body and killing him on the spot without any trace.

of hesitation.

Before he died, the headmaster's face was full of deep disbelief. It seemed that he did not expect that Ye Feng would really dare to kill him. After all, he had already told his noble origin.

At this time, Ye Feng smiled coldly and said, "How dare you use threats to deal with me? I naturally hate others threatening me."

If the big boss had just chosen to surrender to Ye Feng, then Ye Feng might still have saved his life, which would be of some use.

But the big boss wanted to threaten him before he died, so Ye Feng naturally felt that there was no room for negotiation, so he just took action to kill him forcefully.

As for these three foreign monsters, they are some kind of Ten Thousand Monsters Temple from the land of Zhongzhou. They may be a very powerful monster force, but Ye Feng is not afraid at all. Anyway, he is alone. He can leave whenever he wants, or stay if he wants. Just stay, there are no restrictions, and there is no need to be like the Peacock Clan. There is such a huge race to take care of, so they are timid in doing things, but Ye Feng doesn't need to.

Ye Feng has always been alone.

So this is why Ye Feng wanted to establish his own power in the early stage, but later decided that it was best to practice alone to improve his strength because he didn't have so many worries.

If you have your own sect, or some dynasty, etc. in the Northern Territory, then as the founder, you must be responsible for the power you created, and you must take the overall situation into consideration when doing things. It is inevitable that sometimes If you need to be cautious, you have to consider a lot.

But Ye Feng has never wanted to think too much. He just wants to have clear ideas and go his own way.

Therefore, Ye Feng has always insisted on self-cultivation. When he reaches a certain level of strength,

At a large level, one person can defeat thousands of troops, there is nothing wrong with it, and there is no need to think so much about doing things, which is really annoying.

If Ye Feng is alone, he doesn't need to think so much, he can just have clear thoughts.

At this time, Ye Feng released the Devouring Domain and devoured these three alien monsters. However, the strength of these three alien monsters was average. Ye Feng devoured it and his skill increased a lot, but he did not directly break through. After all, Ye Feng We are currently at the bottleneck of the Half-Step Virtual Realm, and we need to continue to accumulate energy before quantitative changes lead to qualitative changes.

At this moment, Ye Feng killed these three foreign monsters. The nine-eyed black flame unicorn beside him immediately couldn't help but said in surprise, "I didn't expect these three foreign monsters to have such great origins. It turned out to be the Ten Thousand Demons Temple from the land of Zhongzhou. No wonder they ignored the warning of the Peacock Clan. Even the Peacock Clan itself did not dare to deal with these three foreign monsters. Instead, they let you, Lord Ye Feng, as the middleman, handle this. Three scourges."

Hearing what the nine-eyed black flame unicorn beside him said, Ye Feng knew that the other party seemed to be a little afraid.

Ye Feng immediately couldn't help but asked teasingly, "Qilin, are you scared?"

When the Nine-Eyed Black Flame Qilin heard what Ye Feng said, he immediately straightened his chest and said quickly, "Master Ye Feng, what are you talking about! As a descendant of a divine beast, how could I be afraid of these so-called things?" An ordinary monster, I have the pride of a divine beast."

Hearing what the Nine-Eyed Black Flame Qilin said, Ye Feng immediately nodded, couldn't help but patted the opponent on the shoulder, and said loudly, "This is just right! You are the descendant of the divine beast. No matter how powerful these monsters are, the future The upper limit is definitely not as high as yours. As long as you work hard and practice like me, your future prospects are unlimited."

Hearing what Ye Feng said, the Nine-Eyed Black Flame Qilin immediately nodded.

But at this time, Ye Feng still asked curiously, "Do you know what kind of big force these three foreign demon clans from the land of Zhongzhou and the Ten Thousand Demons Temple where they are located are? Is it the overlord and controller in Zhongzhou? "

The Nine-Eyed Black Flame Qilin immediately shook his head and said, "I only know a little bit about this, I don't know much about it, but I can be sure that although this Ten Thousand Demons Temple has very terrifying strength, in Zhongzhou It is quite famous in the land, but it is not the controlling force in the land of Zhongzhou. After all, if the Ten Thousand Demons Temple is really the dominant force in the land of Zhongzhou, then they will not covet such a small one in the wilderness. The chance creation in the small Black Wind Mountain and the real overlord forces in the land of Zhongzhou are all beings at the top of the pyramid. They are so high up there that they simply look down on remote places like the Northern Territory, the Great Wilderness and the Southern Barbarians. In their eyes, we These territories are all so-called remote areas, and they are too lazy to come here. Only some so-called big forces in Zhongzhou who are not doing well may want to find some opportunities from these remote places to supplement their power foundation. "

Hearing what the Nine-Eyed Black Flame Qilin said, Ye Feng suddenly nodded suddenly, and then couldn't help but said, "By the way, it was a fate, I remembered, since this Black Wind Mountain was personally dispatched by the Ten Thousand Demons Temple." There are three powerful demon tribes stationed here, and they must have their luck. Let's go down and take a look."

The Nine-Eyed Black Flame Qilin also nodded very curiously, and said aloud, "I also saw the entire Black Wind Mountain just now. On the surface, it looks like a barren mountain and a dangerous place, shrouded in poisonous miasma, and poisonous insects are rampant. But if you can see through some illusions, this Black Wind Mountain There is a golden beam of light in Fengshan that shoots straight into the sky, and the luck and luck within it is absolutely extraordinary."

Hearing what the Nine-Eyed Black Flame Qilin said, Ye Feng immediately nodded, and then said with a smile, "Let's go down quickly and take a look at the real situation."

Chapter 4859 Black Iron Prison

At this moment, Ye Feng and the Nine-Eyed Black Flame Qilin quickly landed from high altitude.

The battle between Ye Feng and three alien monsters just now had already completely destroyed the surrounding land and mountains.

But at this time, Ye Feng suddenly discovered that among the ruins of the mountain, a bronze gate appeared across the ground.

"Um?"

Seeing this scene, Ye Feng couldn't help but said: "Could it be that there is a secret underground space under this bronze gate, and that fate is in this underground space?" .??.

The nine-eyed black flame unicorn immediately grinned and said, "Just blow it away and you'll find out."

Uh-huh!

After saying that, the nine-eyed black flame unicorn stretched out a unicorn claw and blasted towards the bronze door on the ground.

Boom! !

At this moment, the entire field suddenly erupted with a huge roar.

You must know that the Nine-Eyed Black Flame Kirin has now evolved into such an advanced state, and its cultivation strength is still very terrifying, definitely no less than Ye Feng, and even more powerful than Ye Feng in overall strength.

But its huge unicorn claws hit the bronze gate, but it was of no use. It just made a huge roar, leaving no trace on the surface of the bronze gate.

"What?"

This made the Nine-Eyed Black Flame Qilin immediately widen its eyes in shock, and couldn't help but say: "What a strong bronze door! Even my Qilin claws fused with the claws of immortality can't break it open. No wonder those three foreign demon clans have been stationed in Black Wind Mountain for so long and haven't broken open this bronze door, because this bronze door is simply not something they can break open."

Hearing what the Nine-Eyed Black Flame Qilin said, Ye Feng nodded slightly, and then took out the God's Ring.

Buzz!

The golden ring on Ye Feng's finger directly transformed into a golden sword, which was the sword of the gods.

Ye Feng held the God's Sword in his hand and quickly slashed at the extremely solid bronze door above the ground.

Click! Click!

Sure enough, the tokens left by the Celestial God Clan can be said to be eternal gods. The sword of the Celestial God transformed by the Celestial Clan has extremely terrifying sharpness. Although it cannot burst out the powerful power of the weapon, it is still sharp. The speed is enough to cut through everything.

Ye Feng held the God's Sword in his hand, and in less than a moment, he had chopped to pieces the extremely solid bronze door on the ground that even the unicorn claws could not break.

boom!

At this moment, Ye Feng blasted hard, shattering the already chopped bronze door into pieces and blasting it open.

At this time, Ye Feng immediately saw that after the bronze door was broken open, a huge pit and hole appeared under the ground.

There was actually rolling lava flowing underneath.

"Um?"

Seeing this scene, Ye Feng's eyes suddenly showed a look of surprise, and he said loudly: "Could it be that this piece of rolling lava was created by chance? But this is just a very ordinary underground lava. I didn't feel anything." The high-level energy and the power of fire in the lava are also very ordinary power of fire. Neither I nor the Nine-Eyed Black Flame Kirin will be of any use if you absorb it."

The nine-eyed black flame unicorn seemed to instantly sense some special things that even Ye Feng couldn't sense for a while. He couldn't help but said in surprise: "Master Ye Feng, wait a minute, the depth of this lava is , I felt a power of fire that was different from the lava itself."

Hearing what the Nine-Eyed Black Flame Qilin said, Ye Feng's eyes immediately lit up and he said loudly: "You mean, there are other things or some kind of creature hidden under this flame lava?"

Nine-eyed dark unicorn

He nodded and said aloud: "It should be, and this unusual flame breath makes me feel a little wary."

"Um?"

Hearing what the Nine-Eyed Black Flame Qilin said, Ye Feng suddenly showed a look of surprise in his eyes.

You must know that since the Nine-Eyed Black Flame Kirin has evolved into the most advanced Kirin state, his original power is very advanced and terrifying.

The aura that makes him feel fearful now is at least the same level of flame energy as the Nine-Eyed Black Flame Kirin.

Ye Feng couldn't help but said: "It seems that under this lava, there is either a peerless treasure with flame attributes, or a fire attribute creature of the same level as your nine-eyed black flame unicorn."

Hearing what Ye Feng said, the Nine-Eyed Black Flame Qilin nodded and said, "Master Ye Feng's guess should be correct. Then should we go down and take a look? I don't know if there is any danger."

Ye Feng thought for a moment and said: "Since you are here and you have broken open this bronze door, I will definitely not be willing to go down and take a look."

After saying that, Ye Feng directly took the nine-eyed black flame unicorn and quickly lurked under the lava.

Ye Feng is now considered to be an expert and daring person, and he also has the help of a descendant of a mythical beast like the Nine-Eyed Black Flame Qilin.

Therefore, Ye Feng was very courageous at this time. He jumped directly into the underground molten magma and swam quickly towards the depths of the magma.

Soon, Ye Feng and the Nine-Eyed Black Flame Qilin had sunk to the deepest part of the underground magma.

The next moment, Ye Feng was shocked to discover that deep in the underground magma, a huge black prison appeared.

This black prison should be made of some kind of black black iron. It can withstand the corrosion of the molten land and may not decay for thousands of years.

In this huge black iron prison, Ye Feng saw a

Very scary creature.

It turned out to be a big bird covered with black feathers, and each feather burned with black flames that were quite similar to the nine-eyed black flame unicorn.

This was the first time Ye Feng saw a big bird burning with black flames.

When the nine-eyed black flame unicorn looked at the creature imprisoned in the black iron prison, he couldn't help but exclaimed: "This is actually a very rare black flame phoenix!"

"Black Flame Phoenix?"

Hearing what the nine-eyed black flame unicorn beside him said, Ye Feng's eyes suddenly showed a hint of surprise.

You must know that the flames burning on the body of ordinary phoenixes are red, but the phoenix burning with black flames is very rare, even rarer than the unicorn burning with black flames.

The nine-eyed black flame unicorn immediately couldn't help but said: "Master Ye Feng, this black flame phoenix is absolutely very rare. Even in the age of the ancient gods, it is difficult to see such a phoenix burning with black flames. It is speculated that this dark phoenix either has a genetic mutation and changed from a red flame phoenix to a black flame phoenix, or it is possessed by a demon."

Hearing what the nine-eyed black flame unicorn beside him said, Ye Feng just shook his head and said: "I didn't feel any demonic energy from the aura emanating from this black flame phoenix. It should not be possessed by a demon. It should be a very unusual genetic mutation among the phoenix clan. The black flame phoenix produced is an extremely precious species. It is unknown who trapped it. It seems to be sleeping here and has not completely died. It seems that the three alien monsters, in order to get this black flame phoenix, it is very likely to bring back the Ten Thousand Demons Temple behind them to increase the foundation strength of the Ten Thousand Demons Temple. After all, this kind of big demon force really wants to find some special ones. The powerful ancient demon clan serves as the vassal and guardian of the great forces."

The nine-eyed black flame unicorn also nodded and said loudly: "Then should we awaken this black flame phoenix now? But if we awaken it, we may not be able to control this terrifying and powerful black flame phoenix."

Chapter 4860 has arrived

At this time, when Ye Feng heard what the Nine-Eyed Black Flame Qilin said, a hint of thinking appeared in his eyes.

In fact, the Nine-Eyed Black Flame Qilin is right to worry. If this Black Flame Phoenix is awakened rashly, with the opponent's ancient identity and the power of an extremely powerful mythical beast, even if Ye Feng and the Nine-Eyed Black Flame Qilin join forces, together, we may not be able to stop it, let alone directly control it.

So at this time, Ye Feng's eyes showed a trace of embarrassment.

But it would be a shame to leave like this.

After all, this time I came to Black Wind Mountain and finally discovered such a secret sleeping place of ancient special beasts. I couldn't just come over and take a look and then leave directly.

At this moment, the nine-eyed black-eyed unicorn seemed to have thought of something, and he couldn't help but said: "Master Ye Feng, since this dark phoenix is sleeping, can we use some more secretive means to let her continue?" She is in a sleeping state, and then we take her away secretly. When we become stronger, we can wake up this ancient beast. "

Hearing what the Nine-Eyed Black Flame Qilin said, Ye Feng immediately nodded and said, "There is only one way now."

At this moment, Ye Feng did not hesitate and stepped forward, ready to absorb the sleeping black flame phoenix into his storage ring.

But at this time, the nine-eyed black flame unicorn couldn't help but said: "Master Ye Feng, if you put it directly into the storage ring, will it wake it up?"

Ye Feng thought for a while, and then directly used his power, and it turned into the same power aura as the Black Flame Phoenix. Then he smiled and said: "My power aura is exactly the same as the Black Flame Phoenix now. I'm getting closer." In her case, if some operations are performed, she should not be awakened." ??

At this moment, seeing Ye Feng being able to transform and release the same aura of power as the Black Flame Phoenix, the Nine-Eyed Black Flame Qilin immediately widened his eyes, as if he did not expect that Ye Feng actually had such a magical method.

After all, the Nine-Eyed Black Flame Qilin has followed Ye Feng for so long, and this is the first time he has seen Ye Feng perform such a magical method, which directly transforms the power of his human race into the power of a special monster beast like the Black Flame Phoenix. .

This is really incredible!

After all, you must know that this black flame phoenix is different from the ordinary phoenix. It is a mutant species among the phoenix family.

Unexpectedly, Ye Feng could even disguise the power of the Black Flame Phoenix.

In fact, what the Nine-Eyed Black Flame Qilin didn't know was that the power Ye Feng released at this time with the same attributes as the Black Flame Phoenix was not a disguise, but real.

His skill has truly become the power of the Black Flame Phoenix.

Because Ye Feng's power can be transformed into the power of any attribute or race.

At this moment, Ye Feng's hands were burning with black flames, and he slowly approached the sleeping Black Flame Phoenix. As expected, he did not wake him up.

This made Ye Feng's eyes immediately reveal a look of joy, and then with lightning speed, Ye Feng directly put the sleeping black flame phoenix in front of him into his storage ring.

At this moment, Ye Feng immediately breathed a sigh of relief. Fortunately, the other party was not awakened.

At this time, Ye Feng glanced at the surrounding underground lava and said, "Let's just leave here."

The nine-eyed black flame unicorn immediately nodded, and then the two of them left the underground lava and returned to the ground again.

At this moment, looking at the broken ruins around him, Ye Feng shook his head and said loudly: "There will be no place like Black Wind Mountain in the future. The mountains here were all shattered in the battle just now."

The Nine-Eyed Black Flame Qilin spoke up with great expectation at this moment: "Lord Ye Feng, let's go to the Sun God Clan as soon as possible. If we can really help the Sun Goddess become the new generation leader of the Sun God Clan, we can make the difference between the previous relationship with Ye Feng and the Sun God Clan." Sir, if you kill the old patriarch that you have a grudge against, then we will immediately become the most noble person among the Sun God Clan, the number one overlord race in the wilderness, and we can be regarded as the founding fathers. The Golden Crow Divine Beast among the Sun God Clan has left many good things. This thing is of great benefit to us, the Nine-Eyed Black Flame Qilin Clan, and maybe we can continue to evolve my bloodline."

When Ye Feng heard what the Nine-Eyed Black Flame Qilin said, he couldn't help but asked in surprise: "Isn't the strongest level of your Qilin clan the Nine-Eyed Black Flame Qilin? Is there a stronger life and bloodline level?"

The Nine-Eyed Black Flame Qilin couldn't help but said: "The strongest one known to the world is the Nine-Eyed Black Flame Qilin, but at the deepest level of my bloodline inheritance, it has been recorded that the strongest among our Qilin clan is not the Nine-Eyed Black Flame Qilin. Qilin, but the legendary God-Eye Holy Fire Qilin."

"God's Eye Holy Fire Qilin?"

Hearing what the nine-eyed black flame unicorn beside him said, Ye Feng immediately nodded in surprise, and then said with a smile: "As long as our plan to go to the Sun God Clan succeeds, then you and I will have great potential." the benefits of."

And just as the two of them were talking, they had completely left the Black Wind Mountain area and flew quickly in the direction of the Sun God Clan.

At this moment, on the way to the Sun God Clan, Ye Feng was also silently observing the status of the black flame phoenix in the storage ring.

Seeing that the other party was still sleeping, Ye Feng suddenly breathed a sigh of relief.

Even the big forces from the most glorious land of Zhongzhou really want to get this black flame phoenix.

This shows how precious this black flame phoenix is.

Ye Feng naturally wanted to keep it by his side, maybe he could use it for himself in the future.

At this moment, Ye Feng observed it and determined that there was no possibility of any changes in the black flame phoenix for a while, so he immediately started to concentrate on his way.

...

Time passes quickly, like running water without leaving a trace.

Three days and three nights passed in the blink of an eye.

Ye Feng and the Nine-Eyed Black Flame Qilin passed through most of the wilderness area and finally arrived at the outskirts of the Sun God Clan's base camp.

At this time, the Nine-Eyed Black Flame Qilin couldn't help but asked: "Master Ye Feng, we are secretly helping the Sun Goddess this time. We shouldn't walk into the Sun God Clan's headquarters in a big way, right?"

Ye Feng said out loud at this time: "Let me contact the Sun Goddess."

When he said this, Ye Feng took out a golden token from his pet ring.

It was the identity token that the Sun Goddess had given to him before.

At this moment, Ye Feng directly activated the identity token and asked in front of the identity token: "Sun Goddess, how are you doing now? I have taken care of everything and have now arrived at the residence of your Sun God Clan. The outer area of the base camp."
