

## Ancient 4871

### Chapter 4871 Evil Practitioner

At this time, Ye Feng solemnly put the golden seeds into his storage ring, and then continued to walk towards other tombs underground in this ancient tomb.

For Ye Feng, it is already very good to be able to find some missed opportunities and fortunes behind the tomb robbers this time.

Ye Feng no longer dares to expect to get the real wealth left by the owner of this ancient tomb.

When Ye Feng came to the seventh tomb, he once again saw that the environment in the tomb here had become very chaotic. It did not have the clean and empty feeling like other tombs. .??.

This made Ye Feng immediately understand. It seemed that there was no danger in some tombs, so the group of people who got there first could loot all the wealth in the tombs that were not in danger, even a hair. It was greedy not to stay.

Some tombs are messy. They must have experienced fierce battles, so sometimes some things are left behind.

But what makes Ye Feng very confused is that he has not seen any corpses, not even blood stains.

This made Ye Feng's eyes show deep surprise, and he didn't understand why this happened.

It stands to reason that Ye Feng has already passed through many tombs, and there are traces of tragic battles in many of the tombs, but it is not as if not a single corpse was left behind, and even some blood stains were not left behind.

Could it be that the person who entered this ancient tomb was really just one person, not a group of people?

Or a group of people entered it, but the dead body may have been taken away by their companions and taken back for burial.

Ye Feng thought in his mind that this might be possible.

Then Ye Feng didn't bother to think about these meaningless questions anymore and continued to walk quickly towards the depths of the tomb.

Now that those who have arrived first have been identified, they may have opened up the entire underground tomb space, so Ye Feng doesn't need to pay more attention and just rush forward.

When Ye Feng

When he arrived at the eighteenth tomb, his eyes were slightly startled.

Because a brand new corpse finally appeared in these eighteen tombs.

This made Ye Feng's eyes suddenly show a hint of surprise, and he quickly flew forward to examine the body carefully.

The results of the inspection surprised Ye Feng.

This corpse was in a very miserable state of death. All its flesh, blood, internal organs and bones had been hollowed out, leaving only a human skin lying on the spot. In the dim environment of this underground tomb, it looked quite strange. Weird and terrifying.

What surprised Ye Feng was that the body, which had only one piece of human skin left, was actually filled with dense insects.

That's why Ye Feng saw this corpse the moment he entered the tomb. It was bulging because the human body was filled with very weird bugs.

Uh-huh!

At this moment, Ye Feng immediately picked out a bug and watched it carefully.

This bug is covered with golden scales, and each bug is about the size of a finger.

When Ye Feng took the insect in his hand, the insect immediately opened its fangs and tried to bite off Ye Feng's fingers.

Click!

But at this moment, when the insect's fangs bit Ye Feng's fingers, Ye Feng's skin was like a steel plate poured with molten iron. The insect could not bite Ye Feng's skin at all, but instead used its fangs to bite Ye Feng's fingers. Bit into pieces.

At this moment, Ye Feng suddenly showed surprise in his eyes.

Because after the insect's tooth was broken, golden liquid immediately flowed out of the wound.

"This is....."

Ye Feng is careful

Under the induction, the golden liquid flowing out of the insect's wound turned out to be a divine substance!

The divine substance actually exists in liquid form in the body of this bug.

You must know that the divine substance Ye Feng absorbed before can be said to be the attribute power hidden in the bloodline of some high-level divine beasts. It is a very nihilistic power.

But here Ye Feng discovered that the divine substance actually materialized into a golden liquid.

Ye Feng's eyes suddenly revealed a look of deep horror. He never thought that the bodies of these seemingly ferocious and disgusting insects were all filled with divine substances.

This made Ye Feng both surprised and happy. He couldn't help but guess that this ancient tomb was the tomb of an important person from the Celestial Clan?

Because I am afraid that only the Celestial Clan has this ability to raise such bugs that are full of divine substances.

Ye Feng also understood at this time that no corpses, including blood stains, had been found in other tombs before. It was very likely that they were eaten by this weird insect full of divine substances.

At this moment, Ye Feng didn't hesitate at all. Naturally, he looked overjoyed and released his Devouring Domain, covering all the special and weird bugs on the ground in his Devouring Domain.

At this moment, these strange bugs were immediately fixed on the ground, unable to escape Ye Feng's control.

These weird bugs were not very powerful, so Ye Feng subdued them casually.

This made Ye Feng have another question in his mind. Although these insects were very precious and full of divine substances, they were not very powerful in combat. How did they deal with the strong men who could break into this ancient underground tomb?

After all, those who have the ability to enter this ancient underground tomb must be stronger than Ye Feng.

"It seems like an insect farm.

land. "

Emperor Chu in his mind suddenly spoke up and continued: "These weird bugs filled with divine substances are not used for fighting, but are mysterious existences in ancient tombs. They use this ancient tomb as a breeding ground for insects." The purpose of cultivating these bugs may be the same as Ye Feng, in order to absorb the divine substances produced by these bugs when they mature."

When Ye Feng heard what Emperor Chu said, his eyes suddenly revealed a look of deep surprise. He couldn't help but change his face and said: "Emperor Chu, you mean that this ancient tomb is a trap, specially designed to lure strong tomb robbers." The owner of the ancient tomb died, but he

left behind many traps to secretly kill the tomb robbers and feed their corpses to the insects he cultivated in an attempt to resurrect him? "

Hearing what Ye Feng said, Emperor Chu nodded in his mind and said: "It is possible, and the possibility is very high. It is estimated that the owner of this ancient tomb did not completely die back then, but left such a person full of The ancient tomb is a temptation, attracting outsiders, entering it continuously, being killed by the traps or the mechanisms and various means left by the owner of the ancient tomb, and then feeding these insects full of divine substances, this ancient tomb It is very likely that the owner of the tomb wants to use these special bugs to be reborn countless years later. The owner of the tomb who can so skillfully breed these bugs full of divine substances and needs divine substances to resurrect is likely to be a tomb owner. He is a member of the Celestial Clan, but this method is really weird and vicious. He is probably an evil practitioner among the Celestial Clan. Ye Feng, you have to be careful. You have a Dacheng state fused into you. The Immortal Bone of the God is the only one in the world. Through the Immortal Bone of the God, you have cultivated your whole body into the flesh and blood of the God clan. It is also full of divine substances, equivalent to a large insect. 'If you are discovered by this tomb owner, this evil cultivator from the Celestial Clan will most likely go crazy and devour you at all costs!'"

Chapter 4872 The end of the tomb

Hearing Emperor Chu say this, Ye Feng suddenly felt a cold feeling in his heart.

Although Ye Feng has never been afraid of any so-called danger, if he really faced a very special evil cultivator from the Celestial Clan who had the same origin as himself, then Ye Feng would still have some fears in his heart.

However, at this time, Ye Feng was not so scared that he ran away directly. He was just alert and had to be more cautious next time.

Ye Feng couldn't help but say at this moment: "Since the owner of this ancient tomb has set so many traps to kill these tomb robbers who can't help but seduce into this ancient tomb, it means that the owner of this ancient tomb He must have suffered huge injuries back then and was either in a state of suspended animation or half-dead. Otherwise, the owner of this tomb, the evil cultivator of the Celestial Clan, must have personally taken action to kill these tomb robbers who entered the tomb. "

Hearing what Ye Feng said, Emperor Chu in his mind immediately couldn't help but nodded and said loudly: "Ye Feng, what you said makes sense, but even if the owner of this ancient tomb cannot take action on his own now, it will be very difficult. After all, he must be able to consider that in countless years, someone will find this place and enter it. However, someone will get there before you and enter it in advance, which is equivalent to helping you step on the thunder in advance. In this case, you are safe. a little."

Ye Feng nodded, then smiled and said: "Then I will continue to move forward and see who this evil cultivator of the Celestial Clan is. Is it as scary as he imagined? And the evil cultivator of the Celestial Clan is If the person wants my immortal bones, then in turn, I also need the divine substance contained in his body."

At this moment, Ye Feng said that he directly absorbed all the divine substances from the bodies of the insects that only the magical Celestial Clan could keep in front of him, and then integrated them into his own body.

Buzz!

At this moment, the strength of Ye Feng's Immortal Body of God was once again improved from the previous sixth level of the fifth stage, directly to the seventh level of the fifth stage.

A whole level of improvement made Ye Feng's eyes quite happy.

After all, you must know that just a few dozen insects on the scene can increase the strength of your immortal body by a whole level.

Ye Feng couldn't even imagine that if he could get all the bugs raised by the owner of this ancient tomb, the divine substances in thousands of bugs would definitely allow his immortal body to evolve tremendously. .

Maybe it can be promoted to the sixth stage above the fifth stage of the Immortal Body of the God.

When the time comes, you might be able to awaken an extremely powerful talent exclusive to the bloodline of the Celestial Clan.

By that time, if Ye Feng can really do all this, Ye Feng's overall strength will be improved unparalleled.

Even if Ye Feng's cultivation level has not improved, once the power of his Immortal Body of God reaches a new level of the sixth stage, it will definitely enhance Ye Feng's physical strength unparalleled.

By then, just relying on the strength of his body, Ye Feng may be able to crush existences that are two or three realms higher than his current cultivation level.

So Ye Feng suddenly felt that this might be a huge opportunity for him to crazily improve his strength.

At this moment, Ye Feng not only did not feel that the evil cultivator of the Celestial Clan was very dangerous, but instead felt that the other party was a huge treasure to him.

After all, Ye Feng now has the strength of his heyday, and the owner of this ancient tomb, the evil cultivator of the Celestial Clan, may be in a state of serious injury and dying.

So if we look at the actual situation, we are still in a favorable position.

So at this time, Ye Feng believed even more in himself, maybe he could really get unlimited information from this ancient tomb.

Unparalleled luck has allowed his immortal body to transform to a new level of power.

Ye Feng felt that if his Immortal Body of God could really transform from the fifth stage to the brand new sixth stage in a short period of time, maybe he could rely on the power of his body and some of his other methods to fight with It is not a confrontation between the old patriarch of the Celestial Clan in its heyday.

At this moment, Ye Feng was thinking secretly in his heart, and his footsteps were getting faster and faster, rushing towards the deep area of this ancient tomb.

Next, Ye Feng passed through the tombs one after another. Ye Feng discovered that the deeper he went, the more chaotic the environment in the tombs was, which showed that the closer to the end, the more dangers there were in the tombs.

Along the way, Ye Feng encountered several more corpses, all wearing ancient clothes. He didn't know if they were strong men from the wilderness, but they might also be strong men from the land of Zhongzhou.

After all, the other end connected to the deepest part of the Hundred Thousand Mountains of the Great Wilderness is the land of Zhongzhou where the interface of ten thousand monsters is the most glorious.

Ye Feng discovered that the clothes worn by these corpses were different from those in the Northern Territory, the Great Wilderness, and the Southern Barbarians. .??.

Therefore, Ye Feng judged that maybe this group of strong men came from some super power in Zhongzhou and came here to find the countless wealth left by the owner of the ancient tomb.

After all, the owner of this tomb is related to the Celestial Clan, so naturally many powerful forces will flock to it, hoping to find precious wealth from it.

After all, the Celestial Race was known as the strongest race in the world back then.

While quickly heading towards the deep area of this ancient tomb, Ye Feng continued to discover a lot of good things.

Among them was a spear that looked like it was made of ancient stone, but after Ye Feng input his magic power, the stone on the surface of the spear immediately fell off, and a silver spear appeared, which was bigger than Ye Feng's previous one. The Ten Thousand Beasts War Spear obtained seems to be still powerful.

To be stronger makes Ye Feng very happy.

In addition, Ye Feng also got a set of cloaks. This set of cloaks is engraved with countless patterns and totems of monsters. It should be the robe of beasts left by an ancient race. After putting it on, once By stimulating power, the souls of the monster beasts imprinted on the patterns on the beasts' robes can be resurrected to form a scene where thousands of monster beasts help them attack, with terrifying group lethality.

Moreover, among the corpses Ye Feng encountered along the way, there were many strange insects.

Ye Feng absorbed their divine substances and allowed the physical strength of his immortal body to once again evolve from the seventh level of the fifth stage to the eighth level of the fifth stage.

At this moment, Ye Feng could clearly feel that his body strength had become much stronger in this short period of time.

At this moment, when Ye Feng came to the ninety-sixth tomb, he finally came to the end of the tomb.

When Ye Feng walked out of the last tomb, he immediately saw a very magnificent scene.

I saw the ruins of a vast underground kingdom appearing outside. What hit me was the weight of history and the vicissitudes of time, making Ye Feng feel as if he had arrived in an ancient country countless years ago.

However, the ancient ruins of this underground kingdom have been completely destroyed.

Buzz!

"Um?"

At this time, Ye Feng suddenly felt a wave of energy, and his eyes were suddenly startled.

Because there seem to be living beings fighting somewhere in the ancient ruins of this underground country.

Ye Feng immediately understood that those who were fighting must be the first batch of people to get there first.

Uh-huh!

The next moment, Ye Feng naturally did not hesitate at all, and immediately flew quickly in the direction of the battle wave, wanting to see which group of people got there first.

Chapter 4873 Zhongzhou Genius

Uh-huh!

At this time, Ye Feng quickly flew towards the place where the energy wave of the battle originated.

When Ye Feng came to the place where the battle was taking place, he immediately saw a dozen young men and women wearing ancient costumes being surrounded by a group of zombie warriors wearing bronze armor.

This group of zombie warriors wearing bronze armor should all be strong men under the command of the tomb owner. After they died, they turned into zombies and wore special bronze armor. Their defense power was amazing.

And the cultivation aura of those dozen young men and women was actually three or four realms higher than Ye Feng's current cultivation.

"What a strong cultivation level!"

This made Ye Feng's eyes suddenly reveal a look of astonishment and shock. .??.

You know, let alone in the Northern Territory, even among the more powerful Southern Barbarians and the Great Wilderness, it is impossible for a younger generation to appear so much stronger than myself.

Not to mention the younger generation, even among the older generation, there are very few who are three or four levels stronger than Ye Feng's current level.

But this group of young men and women are generally three or four realms higher than Ye Feng.

So Ye Feng immediately judged that these dozen young people were definitely from the land of Zhongzhou.

Because only the land of Zhongzhou, where the world of monsters is the most glorious, can it be possible to breed and give birth to such a powerful young man.

The cultivation resources and cultivation system there are much more advanced than those in remote places like the Northern Territory.

At this time, Ye Feng also saw that the clothes worn by these young men and women were very ancient, similar to the ancient clothes hidden on the corpses he had seen in other tombs.

Ye Feng immediately understood that this was the same group of people. These people were the same people who entered the ancient underground tomb chambers one step ahead of themselves.

Ye Feng knew that the other party must be a young and powerful genius from a certain big force in the land of Zhongzhou. Somehow he found the tomb of this mysterious powerful man and entered it, hoping to get the remains of the owner of the tomb. wealth.

Ye Feng felt that the other party was probably a young disciple from a big force in Zhongzhou, who formed a team and came here to explore and experience.

If it were for the Northern Territory where Ye Feng was currently located, the young disciples would probably be limited to the Northern Territory for training.

However, the disciples under the great transcendent forces in the land of Zhongzhou are all very powerful in cultivation. They are enough to reach any place in the entire interface of ten thousand monsters for exploration and experience.

Regarding this point, Ye Feng once heard a rumor when he was in the Southern Barbarian Empire. For some reason, a very powerful top genius from the land of Zhongzhou came to the Southern Barbarian Empire and almost killed all the previous emperors of the Southern Barbarian Empire. In the end, it was the emperor of the Southern Barbarian Empire who gave one of the most precious treasures in the Southern Barbarian Empire to the super genius from the top master in the land of Zhongzhou, which calmed the turmoil.

It can be seen that the cultivation base of these young geniuses from the land of Zhongzhou is simply terrifying to the extreme, and they are much stronger than the elders in remote places.

This makes Ye Feng yearn even more for the land of Zhongzhou in the interface of ten thousand monsters. No wonder the land of Zhongzhou is called the most glorious place in the interface of ten thousand monsters. Sure enough, the cultivation resources there are more abundant, and the geniuses and talents born there are There are simply countless strong ones.

Ye Feng was thinking secretly in his heart at this time, and then sneakily approached the place.

At this time, Ye Feng saw that there were thousands of bodies

Zombies wearing bronze armor are besieging these dozen mysterious young geniuses from Zhongzhou.

Ye Feng didn't know these dozen mysterious young geniuses from Zhongzhou, so Ye Feng felt that there was no need to intervene.

Moreover, these dozen young geniuses came from the land of Zhongzhou. They were originally stronger than me, three or four realms stronger than me, so I couldn't get involved at all, and even if I went, I would die.

So at this time, Ye Feng was naturally preparing to take advantage of the thousands of zombie warriors wearing bronze armor who were besieging these young geniuses from the land of Zhongzhou. Ye Feng was alone and quickly moved towards this underground kingdom. Fly quickly to the central area of the ancient ruins.

Ye Feng now understood that these dozen young geniuses should have pushed all the way to this place, and as a result, they angered all the bronze zombie warriors stationed in the entire ancient ruins.

So now the extremely powerful battle fluctuations of these dozen young geniuses have attracted all the zombie warriors.

Ye Feng happened to be unattended now and flew quickly towards the center.

Because if there are really good things and treasures in this underground tomb, then they must be in the royal palace at the center of the ruins of this ancient kingdom.

At this moment, Ye Feng was very fast, flying crazily towards the palace hall of the ancient ruins in the center.

Because Ye Feng knew very well that if he didn't take advantage of the chaos now to plunder the most important treasure in the palace, and waited for a dozen top geniuses to solve all the bronze zombie warriors, then he would have no chance to get the final and greatest treasure. of wealth.

After all, those dozen or so powerful geniuses from the land of Zhongzhou were all three or four realms higher than me in cultivation, and even

There are beings who are five realms higher than me.

A dozen such terrifying strong men united together would probably be a bigger threat than the old patriarch of the Sun God Clan at its peak.

So at this time, Ye Feng naturally took advantage of a dozen young geniuses being trapped by thousands of bronze zombie warriors, and he took advantage of the chaos and reaped the benefits.

Ye Feng soon came to the palace area in the center of the ancient kingdom's ruins. Most of the entire palace had collapsed, but it could still be seen that the decorations and internal buildings were very luxurious and majestic, exuding an ancient and noble atmosphere.

However, Ye Feng was not in the mood to appreciate the characteristics and charm of these buildings now, and instead rushed directly into the collapsed palace hall.

The first thing Ye Feng saw was that there was a huge mahogany coffin in the middle of the palace, hiding a shriveled corpse with skin like gold foil.

Ye Feng immediately sensed that this shriveled corpse was definitely a cultivator of the Celestial Clan, and although the other party's corpse had shriveled up, the skin was still like gold foil. This shows that this cultivator of the Celestial Clan was Because it has reached a very terrifying level, its body, physique, and strength must have evolved to a very advanced stage. Otherwise, it would be impossible for the corpse to show such abnormality after death.

At this moment, Ye Feng couldn't help but fly quickly towards the mahogany coffin, hoping to get all the divine substances left in the body of the tomb owner, the evil cultivator of the Celestial Clan, to use for evolution. His own divine body.

But on the way, Ye Feng also covered his surroundings with his soul power to detect possible huge dangers at any time. After all, Ye Feng didn't think he could get the true form of this ancient tomb owner so easily.

Chapter 4874 Unparalleled Leap

For Ye Feng, if the owner of this ancient tomb is really an ancient evil cultivator from the Celestial Clan, it will be of great help to Ye Feng.

Because if Ye Feng's physical strength can evolve to a new stage now, then Ye Feng's comprehensive strength will be improved unparalleled.

Just as Ye Feng had guessed before, if his Immortal Body of God can break through and evolve from the current fifth stage to the brand new sixth stage, then Ye Feng will be able to crush him just by relying on the strength of his body. A powerful existence three or four realms higher than himself.

This is not a joke or an exaggeration, but a real situation that may occur.

After all, the Immortal Body of the God is the first body in the world, and every stage of its transformation is extremely terrifying.

So at this time, Ye Feng walked to the side of the mahogany coffin with a nervous and excited expression.

During the whole process, the danger that Ye Feng expected did not appear. Instead, Ye Feng came to the mahogany coffin very quietly.

At this moment, Ye Feng really looked inside the mahogany coffin, and his eyes suddenly showed a hint of excitement.

Because the person lying in this coffin was an ancient strong man from the Celestial Clan.

Because Ye Feng immediately felt that the majestic divine substance contained in the other party's shriveled corpse was many times more abundant than the divine substance in the insects that Ye Feng had absorbed before.

At this moment, Ye Feng had almost no hesitation. He stretched out a hand and quickly grabbed the corpse in the coffin, hoping to directly absorb the very precious divine substance contained in the corpse. .

But just at the moment Ye Feng stretched out his hand and touched the corpse.

Boom!

A terrifying golden light suddenly appeared on this corpse.

Appeared in the body's head.

Then this golden light directly condensed into the appearance of a person, and suddenly it penetrated into Ye Feng's head, letting out an evil and ferocious laugh: "Hahaha, I didn't expect that after countless years, I would be able to touch... When a boy from the Celestial Clan came here, boy, your body from the Celestial Clan will be mine from now on. I don't have to resuscitate my own body at all. Your body is worse than my body. Be strong."

After saying that, the owner of this ferocious voice, who was obviously the soul of the owner of this ancient tomb, was lying in ambush here, waiting for Ye Feng to approach, and then seize Ye Feng's body.

Because the owner of this tomb has sensed that although Ye Feng's physical strength is not as good as he was back then, the bones fused into his body are the only one in the world, the only immortal bone of a god in all the worlds. , which is simply priceless.

So at this moment, the owner of the tomb did not hesitate at all. He directly lured Ye Feng here without imposing any obstacles on Ye Feng. Then, when Ye Feng relaxed his vigilance the most, he suddenly got into Ye Feng's body. In Feng's head, Ye Feng's entire body was taken away.

At this time, Ye Feng was naturally shocked. He did not expect that the other party would be so insidious and cunning.

But what Ye Feng is least afraid of is attacks at the soul level, especially when the opponent's soul enters his head.

Almost at the next moment, Emperor Chu in Ye Feng's head immediately manifested into a red giant of light, possessing terrifying power, and instantly attacked the evil cultivator of the Celestial Clan who wanted to seize Ye Feng. Above the soul.

"ah!!!"

At this moment, the evil of this Celestial Clan

The cultivator immediately let out a scream and couldn't help shouting in horror: "Boy, what kind of existence is this foreign soul in your head? How can it be so terrifying?? Even mine Even the gods and spirits can't resist him, it's impossible!"

At this moment, Ye Feng only had a sneer on his face. Ye Feng had never seen anyone who could confront Emperor Chu at the spiritual and soul level.

So at this time, Ye Feng already knew the result, so at that moment, the soul of this evil cultivator of the Celestial Clan entered his head. Ye Feng did not block it at all, and did not even care, because Emperor Chu It is the most solid backing in my head.

At this time, Emperor Chu in his head said: "Being able to block my first blow is enough to show that you are a very good cultivator of the Celestial Clan, but you can't block my second blow, because When I attacked you for the first time, most of your soul's power was damaged by me."

Almost at the next moment, under the horrified gaze of the evil cultivator Yuanshen of the Celestial Clan, in the space of Ye Feng's head, the red giant of light transformed by Emperor Chu had the power to destroy the world, directly. It severely shattered the soul of this evil cultivator of the Celestial Clan into pieces in an instant.

At this moment, a piece of soul fragments exploded in Ye Feng's head, all of which were the soul fragments formed after the soul of the evil cultivator of the Celestial Clan was shattered.

At this moment, after Ye Feng absorbed it, his soul power also increased tremendously, from the previous level of 71 million to 75 million. Suddenly, Ye Feng's soul power The intensity increased by four million, which really surprised Ye Feng. He didn't expect such a gain.

The enhancement of Ye Feng's soul power also greatly improved Ye Feng's comprehension ability.

Uh-huh!

At this moment, Ye Feng no longer hesitated, quickly stretched out his hand, touched the corpse of the owner of the tomb, and quickly absorbed all the divine substances in his body.

The physical strength of Ye Fengtian God's immortal body is growing rapidly and continuously.

At this time, Ye Feng could feel that everything in his immortal immortal body was undergoing an incredible transformation and change from its essence.

At this time, Ye Feng could feel that his immortal body and the strength of his body were growing at an incredible speed.

This cultivator of the Celestial Clan had already cultivated his Celestial Body to a very strong level, so even after he died, the divine substance contained in the body was never dissipated and was very mellow. After Ye Feng absorbed it , the Immortal Body of the God on the eighth level of the fifth stage immediately began to improve rapidly.

boom!

The ninth floor of the fifth stage!

boom!

The fifth stage and the tenth level are complete!

boom!

The first floor of the sixth stage! !

At this moment, with the breakthrough of a terrifying physical momentum, Ye Feng's Immortal Body of God finally completely transformed, directly transforming into a brand new sixth stage! !

At this moment, Ye Feng's eyes immediately revealed a look of deep surprise, and his pupils turned into pure gold at this moment.

When Ye Feng's immortal body entered the sixth stage, Ye Feng felt that all levels of his life, including the power of his body, had made an unparalleled leap.

Ye Feng clenched his fists and felt the blood energy surging like the roar of a long dragon, surging through his limbs and every inch of flesh and blood, as if one punch could smash a ten thousand-foot mountain!

Chapter 4875 Crushed

Ye Feng could naturally feel at this time that the power of his entire body had made a qualitative leap, and was definitely thousands of times stronger than before.

That's right, it's thousands of times more powerful. It's really such an exaggeration.

Because this is a breakthrough in a whole large stage, not just a small level breakthrough.

Therefore, after the immortal body of the God of Heaven has completely evolved and transformed from the fifth stage to the sixth stage, Ye Feng's entire body strength is comparable to that of an ancient beast.

The ancient giant beast can shatter the sky with a roar and shatter the earth tens of thousands of miles around with a single palm.

Ye Feng now also possesses this majestic power.

The physical power contained in Ye Feng's seemingly small human body is absolutely comparable to the terrifying and earth-shattering power of ancient beasts.

It has to be said that the Immortal Body of the God is indeed the most powerful and powerful body in all the worlds!

Ye Feng didn't even dare to imagine that if his immortal body of gods evolved and improved to the final tenth stage, or even transformed into the true tenth stage of great perfection, Ye Feng didn't dare to imagine what the power of his body would be like. to what extent.

I'm afraid the legendary power of holding the sun and moon in one's hands, picking up stars, and tearing the world apart can be achieved.

At this time, Ye Feng is still very yearning for the future of the immortal body of the gods.

At this time, when Ye Feng's cultivation has completely transformed to a new level of the sixth stage, in addition to the terrifying evolution and improvement of his body's power, Ye Feng can also feel the influence of his Celestial Clan bloodline. Deep down, something seems to be about to evolve.

Ye Feng immediately understood that the thing that was about to evolve was definitely a brand new blood talent awakened after his Immortal Body of the Gods entered the sixth stage. It was a talent exclusive to the God Clan.

Ye Feng was very much looking forward to it at this time. He didn't know what kind of evil abilities his sixth-stage god-without-bloodline talent would awaken.

But it's not clear yet

evolved.

Ye Feng felt that his body constitution would have to continue to improve a few levels in the sixth stage before he could fully activate the sixth stage exclusive bloodline talents hidden in the Celestial Clan's bloodline.

Ye Feng is not in a hurry. Anyway, after absorbing all the divine substances from this evil cultivator of the Celestial Clan, Ye Feng has gained huge benefits and gains.

The evolution of the God's Immortal Body has improved Ye Feng's cultivation by two or three major realms, and is much more precious.

Because divine matter is something that can be encountered but cannot be sought.

As for his cultivation skills, as long as he has cultivation resources, Ye Feng can continuously improve.

But the divine substance is really unique, and you really have to rely on luck to come across it.

This time, while Ye Feng was looking for the old patriarch of the Sun God Clan, he accidentally came to the ancient tomb of this mysterious and powerful man. He really gained a lot.

And just when Ye Feng was thinking secretly in his heart, suddenly there was a violent energy fluctuation in the distance.

Ye Feng instantly looked quickly in a certain direction not far away. Sure enough, he found a group of more than a dozen young geniuses with extremely powerful auras, wearing ancient costumes. They should be from the land of Zhongzhou, all heading towards Flying over quickly in his own direction.

And around them, there was a dense and continuous flow of zombie warriors wearing bronze armor.

This made Ye Feng's eyes suddenly reveal a look of surprise.

It seemed that these dozen top geniuses from Zhongzhou could not deal with all the bronze zombie warriors, so they ran towards this direction, as if they wanted to get the good things in the palace first.

It's a pity that the good things in the palace have been given to me.

So at this moment, Ye Feng didn't hesitate at all and immediately ran towards the distance quickly.

I don't want to get into any more trouble with these people.

After all, I am not familiar with the other party. The other party comes from the land of Zhongzhou, and each of them is three or four realms stronger than me. There are even transcendent beings who are five realms stronger than me.

Even if Ye Feng's current Immortal Body of God has entered a very powerful level, Ye Feng easily does not want to collide with the opponent rashly.

So at this time, Ye Feng was naturally preparing to leave here quickly.

But just when Ye Feng was about to leave here, among the dozen or so top geniuses from Zhongzhou, a young man wearing a blue robe immediately looked at Ye Feng and couldn't help but exclaim in horror. He said in a loud voice: "Damn it, there was a thief who came to this palace in

advance while we were fighting these bronze zombie warriors and stole everything. This kid is ready to run away now. We must not let him escape."

Hearing this young man wearing a green robe say this at this moment, a group of a dozen other top geniuses present suddenly showed angry looks on their faces.

One of the young women wearing a pink dress, holding an icy blue sword in her hand, immediately said coldly: "The clothes this boy is wearing are completely different from ours. They are definitely not the same." We cultivators in Zhongzhou are most likely disciples of a small force in the Great Wilderness area. He did not dare to meet us head-on, so he sneaked behind us and stole the wealth in this palace in advance. He must It's really abominable to catch him, torture him, and extract all the wealth he got from him, and on top of that, kill him directly."

At this moment, these young geniuses from the land of Zhongzhou are all speaking very cruelly and domineeringly.

Obviously, as disciples of the top power in Zhongzhou, they naturally look down on young practitioners from other remote areas.

So at this time, I saw Ye Feng secretly sneaking up the people in the palace hall behind his back.

All the good things were given to him. These top young geniuses who came from the land of Zhongzhou were extremely angry at this moment, and they all had extremely terrifying intentions to kill Ye Feng.

"I'll take action and kill this kid instantly!"

At this moment, the young man wearing a blue robe who spoke first screamed crazily, and a silver-white steel knife appeared in his hand. He pointed it at Ye Feng's back and slashed it fiercely. One knife.

Boom! !

At this moment, as the young man in a blue robe struck out with his sword, an earth-shattering sword light instantly burst out from the steel sword in his hand, directly tearing through the entire sky, with an incomparable terrifying effect. Its killing power seems to be able to destroy everything.

At this moment, the young man in a green robe immediately smiled and said very confidently: "This guy's cultivation level is three levels lower than mine. I can cut across three thousand meters with my sword in the air. It's enough to crush his entire body into pieces."

But almost at the moment when the young man finished speaking, Ye Feng suddenly turned around and stretched out a palm.

Click!

The palm of his hand immediately turned golden, and he crushed the destructive and terrifying huge sword light in the air.

"What??"

Seeing this scene, the eyes of this young genius in a blue robe, this extremely arrogant young man from Zhongzhou, suddenly widened, and his face was filled with a deep expression of disbelief.

He seemed to have never imagined that in his eyes, this ant-like young man in a remote place had such terrifying power, and he crushed his sword light with his bare hands.

At this moment, the expressions of a dozen other top geniuses also changed, and they couldn't help but say: "This kid is very weird, we must catch him, torture him, and ask him all the secrets." come out!"

Chapter 4876 Horrified eyes

Boom! !

At this time, this group of top geniuses from the land of Zhongzhou all burst out with their own extremely powerful cultivation power, and instantly chased Ye Feng in the direction of his escape, with thousands of bronzes behind them. Zombie warriors are hunting them.

Because now they originally wanted to avoid those thousands of bronze armored zombie warriors, rob the good things in the palace hall, and leave here directly after getting them.

But I didn't expect that someone would get there first.

At this moment, Ye Feng, who was escaping at the front, was filled with joy.

Sure enough, these top geniuses from Zhongzhou did not get the good things in the palace.

Everything in the palace hall was given to me.

At this time, Ye Feng naturally fled here quickly.

At that moment, although Ye Feng's move shocked everyone, in fact, a gap was opened in the palm of Ye Feng's hand.

These top geniuses from the land of Zhongzhou are indeed much stronger than the strong men in these remote places, so their power is very terrifying.

Even Ye Feng's newly improved physical strength was somewhat unstoppable.

But Ye Feng was already very satisfied.

After all, you must know that if the physical strength of Ye Feng's Immortal Body of God had not evolved to the sixth stage just now, it is estimated that the sword just now, the terrifying sword light of a top genius who is three realms higher than himself, would have destroyed his entire body. Shred instantly.

But now, Ye Feng's physical strength has directly transformed from the fifth stage of the God's Immortal Body to the sixth stage, leaving Ye Feng with only a crack on his palm. At this time, Ye Feng is still very satisfied.

Now, just relying on the strength of his own body, he is enough to compete with a strong person who is three realms higher than himself. It is really unbelievable.

Thinking.

No wonder those top geniuses from Zhongzhou were all shocked.

After all, they come from the land of Zhongzhou, and they are looked down upon by these practitioners in remote places.

But Ye Feng's move just now really shocked everyone.

It can be seen from this that Ye Feng's physical strength is so incredible that these top geniuses from the land of Zhongzhou are deeply shocked.

At this time, Ye Feng naturally ran away like crazy.

After all, if he were just a top genius who was three realms higher than himself, then Ye Feng might be able to fight against him relying on the physical strength of the Immortal Body of the God that had just evolved into the sixth stage.

But now, there are more than a dozen top geniuses from the land of Zhongzhou. Each of them has a cultivation level three or four realms higher than his own, and there are even those who are five realms higher. So at this time, Ye Naturally, Feng didn't dare to delay, but escaped from here as quickly as possible.

However, Ye Feng underestimated these super geniuses from the land of Zhongzhou after all. Their cultivation was very strong, and their methods and magical powers were also extremely powerful.

Almost at the moment when Ye Feng hesitated, they were almost chasing behind Ye Feng.

The young man in a blue robe who made the first noise immediately shouted: "Good boy, I finally caught up with you. I must let you die without a burial place for daring to steal our wealth." , everything on you belongs to us after all!"

After finishing speaking, this young man wearing a green robe, a top genius from the land of Zhongzhou, was an entire level higher than Ye Feng.

Throughout the three realms, the aura on his body was extremely terrifying.

He held the silver steel knife in his hand at this moment, with a deep greed in his eyes, and rushed behind Ye Feng in an instant. The steel knife in his hand stabbed Ye Feng's back fiercely. It seemed to pierce Ye Feng's whole body instantly and break Ye Feng's heart.

when! !

But when this young man in green robes from the land of Zhongzhou stabbed Ye Feng's back with the steel knife in his hand, there was no sound of flesh-penetrating, but the sound of metal colliding.

Seeing this scene, the eyes of this young man in green robe from the land of Zhongzhou suddenly widened, and he couldn't help but said in horror: "How is this possible? The steel knife in my hand was personally helped by Master. The powerful magic weapon I refined is enough to pierce any solid thing in the world, but I didn't expect that it can't even pierce the body of a kid like you. How is this possible?"

At this time, the steel knife in his hand stabbed Ye Feng's back, just like stabbing on a copper wall. This young man wearing a blue robe from the land of Zhongzhou felt deeply shocked and unparalleled. of horror.

Because of Ye Feng's physical strength, he really felt a little incredible. Even if he came from the land of Zhongzhou, he had never seen a young person with such a powerful body among the big forces in the land of Zhongzhou.

At this time, the young man in a green robe finally lost all contempt in his eyes, but was filled with deep fear. He couldn't help but stare at Ye Feng and shouted: "You will never do this." Who are you, a genius cultivated in such a remote village? How could you have such great strength?"

At this time, it was obvious that this young man wearing a green robe from the land of Zhongzhou felt that Ye

There is no way that Feng is a local cultivator from a remote rural area. Otherwise, he would not have such a strong physical talent.

At this time, Ye Feng smiled coldly, turned his head sharply, didn't bother to talk nonsense at all, and just stretched out a hand.

At this moment, Ye Feng inspired the immortal body of the God to enter a new sixth stage of powerful power.

Ye Feng's hand, almost at this moment, expanded into a golden hand as big as a millstone, filled with terrifying power, and suddenly struck hard at the man in the green robe. On young geniuses.

boom!

At this moment, a terrifying and huge power burst out from Ye Feng's big golden hand. It had extremely terrifying and destructive power. It suddenly destroyed the entire body of the young man wearing a blue robe in front of him. It was penetrated by a blast.

"ah!!"

At this moment, the terrifying pain crazily stimulated the nerves of the young man wearing a blue robe, causing him to immediately scream in agony.

The young man couldn't help but screamed in horror: "How can you be so powerful?? And you know that I come from the glorious land of Zhongzhou. The forces behind me are not something you can provoke. How dare you Kill me on the spot?"

Hearing what the young man wearing a green robe said, Ye Feng immediately laughed and said: "You have wanted to kill me and rob me of my wealth from the beginning. I have a chance, of course. I want to kill you completely. I don't care what so-called Zhongzhou land you come from or what super power you come from. If you dare to provoke me, you will only die."

After saying that, Ye Feng stretched out his hand and crushed the opponent's entire head in an instant under the horrified gaze of the opponent!

Chapter 4877: Calm down

"What??"

"This kid actually killed Senior Brother Duan directly??"

At this moment, the other top geniuses from Zhongzhou who were present suddenly showed a look of deep horror in their eyes.

They seemed to have never imagined that Ye Feng would be so ruthless in killing, crushing the head of this young genius in a blue robe and killing him instantly.

Everyone was shocked.

On the one hand, he was shocked by Ye Feng's iron-blooded killing.

On the other hand, he was shocked by Ye Feng's incomparable strength.

These dozen or so top geniuses from Zhongzhou were so stunned by Ye Feng's attack and such a ruthless scene that they actually stopped chasing Ye Feng for a while.

Uh-huh!

And Ye Feng directly put the body of the young man in a blue robe into his storage ring, and then jumped a few times and left the scene.

At this time, everyone showed fear in their eyes.

Because they originally regarded Ye Feng as a weak young man from a remote village, but they did not expect that the power of Ye Feng's body was so terrifying. It was like a supreme body created by gods and demons, with terrifying sturdiness and incomparable strength.

Even the top genius in a blue robe who was three levels higher than him was unable to hurt Ye Feng, and his head was crushed by Ye Feng's hand.

At this moment, even the top geniuses in the crowd who were four realms higher than Ye Feng's cultivation level did not dare to take action for a while, for fear of being crushed by the terrifying power of Ye Feng's body.

After all, no one is sure that they can deal with a being like Ye Feng who has such terrifying body power.

Although they have many means and countless spells,

, but it can't hurt Ye Feng's iron-like body, so how can he fight?

At this time, everyone had a look of uncertainty in their eyes, and they did not dare to continue chasing Ye Feng.

But at this time, thousands of bronze-armored zombie warriors from behind immediately caught up with them.

A dozen of the top geniuses from the land of Zhongzhou were all a little angry and quickly fled in another direction.

They didn't dare to provoke Ye Feng anymore, for fear that Ye Feng would suddenly go crazy and kill the other geniuses among them, which would be bad.

After all, no one wants to become the dead soul of Ye Feng.

At this moment, Ye Feng saw this group of top geniuses from the land of Zhongzhou in the distance. They seemed to be suppressed by his own methods. They actually fled in another direction and stopped chasing him. Feng's face suddenly showed a look of laughter, very cheerful.

My current body constitution has been upgraded to a new sixth stage. It indeed has extremely terrifying power. It is like an immortal body created by gods and demons. It has unparalleled power. Even these top geniuses from the land of Zhongzhou do not dare to do it. Provoked yourself.

At this time, Ye Feng was very happy. He could get the divine substance from the corpse of an ancient cultivator of the Celestial Clan in this ancient tomb. Otherwise, it would be impossible for him to fight against these top geniuses from Zhongzhou. After all, they His cultivation strength is still very terrifying.

At this time, Ye Feng took out the corpse of the top genius from Zhongzhou that he had killed in a panic, and then directly released the Devouring Domain

, began to devour the skill and blood energy contained in the corpse.

Boom!

At this moment, a very huge amount of energy was immediately injected into Ye Feng's body.

Ye Feng could immediately feel that his skills were improving at an incredible speed.

After all, you must know that this young man in a green robe is not weak, but a top genius from the land of Zhongzhou. His cultivation is three levels higher than Ye Feng.

Therefore, after Ye Feng swallowed it at this time, he naturally gained a very huge amount of energy.

Ye Feng had never broken through the half-step into the Void Realm. At this moment, under the impact of this terrifying force, he suddenly broke through and directly broke through to the first level of the Void Realm!

And it goes far beyond that.

This young man wearing a green robe still has more than half of his skills that have not been digested.

Ye Feng continued to absorb it at this time, and finally Ye Feng's cultivation aura began to break through again and again.

boom!

Realm of Transformation to the First Level!

boom!

The second level of the Void Realm!

boom!

The third level of the Void Realm!

boom!

The fourth level of the Void Realm! !

At this moment, Ye Feng's cultivation finally broke through the fourth level of the Void Realm directly and continuously, which shocked Ye Feng himself.

I didn't expect that a small top genius from the land of Zhongzhou could actually increase his skill so much.

But it's normal to think about it.

After all, right

Fang comes from the most glorious land of Zhongzhou.

Ye Feng was guessing at this time that this young man wearing a blue robe, who came from the land of Zhongzhou, must come from a very large force, otherwise he would not be so powerful.

After all, Ye Feng had seen it before. The strong demon clan from other forces in Zhongzhou didn't seem to be as powerful as imagined.

But these dozen geniuses are so terrifying, so they are definitely not from ordinary forces in the land of Zhongzhou. They may come from the top forces that control the land of Zhongzhou.

Ye Feng thought to himself, and then immediately left here and flew quickly towards the outside of this ancient tomb.

Because Ye Feng has now obtained the most precious thing in this ancient tomb, which has completely transformed his body power.

Now, even if Ye Feng meets the old patriarch of the Sun God Clan, he dares to confront him head-on without resorting to outside power.

At this time, Ye Feng was naturally very happy and left here quickly. He wanted to go out to find the old patriarch of the Sun God Clan and eradicate him as soon as possible before he could return to his peak strength.

Originally, Ye Feng came to the deepest part of the Hundred Thousand Mountains to strengthen and hide the old patriarch of the Sun God Clan. However, Ye Feng now has such a chance and good fortune, allowing his immortal body of gods to enter the new sixth world. At this stage, the combat effectiveness of the body's power is simply off the charts. Ye Feng naturally does not need to carry out the previous plan. Instead, he will directly find the seriously injured old patriarch of the Sun God Clan and find a way to kill him directly.

In this case, there will be no risk when the Sun Goddess competes for the position of the last clan leader among the Sun God Clan. She can directly and slowly compete for the next generation of clan leaders without having to worry about the sudden return of the old clan leader and disrupting Ye Fenghe. The Sun Goddess' plan.

Chapter 4878 Abyss Troll

Ye Feng was very fast, and he left the underground ancient tomb in a blink of an eye.

Although Ye Feng did not get all the good things from this underground ancient tomb, being able to absorb all the divine substances in the body of the owner of the ancient tomb in the palace hall was the biggest gain for Ye Feng.

After all, those top young talents from the land of Zhongzhou probably wanted the immortal body of this very rare Tianshen cultivator, but in the end, he got it. It can be said that he was very lucky and gained a lot.

Swish!

At this moment, Ye Feng rushed out of the ancient tomb and directly left the location of this mountain and river situation, and flew quickly to other dangerous areas in the deepest part of the Ten Thousand Mountains, trying to find where the old patriarch of the Sun God Clan was.

For Ye Feng, the purpose of this trip was to deal with the old patriarch of the Sun God Clan. Whether he could kill him or not, he had to have a conclusion with the other party.

Buzz!

At this moment, Ye Feng released his magnificent soul power and covered the surroundings. On the one hand, he was looking for the old patriarch of the Sun God Clan, and on the other hand, he avoided more than a dozen top talents from the Zhongzhou Land who might come out of the ancient tombs.

After all, the top ten talents from the Zhongzhou Land were still very terrifying when they joined together. If it was one-on-one, Ye Feng was not afraid. After all, he had just tested that the strength of Ye Feng's body was enough to suppress the strong who were three or four realms higher than himself.

At this moment, Ye Feng was just about to release his soul power and explore the surroundings to see if he could find the breath of the old patriarch of the Sun God Clan.

But just when Ye Feng just released his soul power.

Boom!

A huge black palm, covered with black scales and black hair, suddenly grabbed it from an abyss not far away.

At this moment, Ye Feng could immediately feel that the breath emitted from this black big hand was very terrifying, which was comparable to those top talents from the Zhongzhou Land, and even stronger than those top talents.

Ye Feng immediately understood that the owner of this black hand must be a very terrifying demon.

Ye Feng suddenly thought of the golden octopus that reminded him when he entered the deepest area of the Hundred Thousand Mountains. There are many terrifying monsters living in the deepest part of the Hundred Thousand Mountains, and even the Abyss Trolls are lurking in it.

So at this time, Ye Feng naturally understood that the owner of this black hand must be an Abyss Troll living in the deepest part of the Hundred Thousand Mountains.

Because only the palm of the Abyss Troll is so huge and has such a terrifying power.

At this moment, Ye Feng did not retreat, but with a look of eagerness in his eyes, he directly stretched out one of his hands.

Ye Feng wanted to see if he could directly fight against the legendary Abyss Troll when he entered the brand new sixth stage of the Immortal God Body.

Ye Feng did not use any means, but directly fought against the opponent with pure body strength.

At this moment, as Ye Feng stretched out a hand, Ye Feng's hand immediately turned into a huge golden hand with terrifying power.

At this moment

, Ye Feng's golden hand had super powerful power, and it collided with the black hand in an instant.

Boom! !

At this moment, the collision between the two immediately caused a terrifying roar.

Along with this roar, Ye Feng instantly felt that his entire palm was shaken by a huge force all over his body, and Ye Feng couldn't help but retreat several steps.

But the next moment, the black hand that was grabbed from the abyss was also knocked back by Ye Feng's golden hand.

Seeing this scene, Ye Feng immediately laughed and said, "The abyss troll is just like this."

Boom!

At this moment, Ye Feng burst out the terrifying physical strength of the immortal body of the god with all his strength, and Ye Feng's body suddenly burst into a terrifying and dazzling golden light.

At this moment, Ye Feng fully stimulated the power of the immortal body of the gods, and then the whole person expanded rapidly, and expanded directly into a golden giant with a height of tens of thousands of meters.

After Ye Feng became a golden giant with a height of tens of thousands of meters, he rushed directly into the abyss.

Since Ye Feng had just tested it, this abyss troll seemed to have no big difference with his immortal body of the gods, so he just wanted to see if he could hunt down this abyss troll who wanted to sneak attack him.

However, at this moment, Ye Feng was wrong. In fact, this abyss troll did not want to sneak attack Ye Feng. After all, the cultivation breath and life energy fluctuations emanating from Ye Feng were not strong. This abyss troll just wanted to grab a small piece of food to satisfy his appetite.

But Ye Feng was unexpectedly a tough guy, and he kicked the iron plate.

Boom!

At this moment, Ye Feng rushed directly into the abyss. Ye Feng's golden giant with a height of tens of thousands of meters bloomed with a dazzling divine light under the abyss, directly illuminating the entire dark abyss.

Ye Feng immediately saw at the next moment that there were little devils living under this abyss.

But these little demons are nothing, they are very weak. The really powerful ones are the abyss trolls entrenched in a cave in the deepest part of the abyss.

This is a true super strong man of the troll clan. His cultivation level is four realms higher than that of Ye Feng, and he is also an abyss troll famous for his physical strength.

However, Ye Feng did not have any fear at this moment. Instead, he controlled the majestic golden giant body tens of thousands of meters and charged towards the abyss troll.

When the abyss troll saw Ye Feng rushing over, he immediately couldn't help but said in horror: "I thought it was just a small human being, but I didn't expect it to be the legendary Celestial Clan, and

he had cultivated the Celestial Body At such a terrifying level, being able to go head-to-head with us abyss trolls is really awesome.”

When he said this, the abyss troll immediately yelled and said: "Fellow Taoist, there is no need to be so angry. We are all special beings between heaven and earth. It is not easy to cultivate to this level. Don't make mistakes because of small mistakes." Da, I just recognized the wrong person. I thought that fellow Taoist was just an ordinary human being. Since fellow daoist is such a high-level creature of the Celestial Clan, there is no need for us to face each other in life and death. I can give this cave to fellow daoist, and I will give you a dark crystal that took three hundred years to condense under the abyss. As an apology, how about you don't fight me? "Ye Feng was very fast and left in a blink of an eye. This underground ancient tomb.

Although Ye Feng did not get all the good things from this underground ancient tomb, being able to absorb all the divine substances from the corpse of the owner of this ancient tomb in the palace hall was already the biggest gain for Ye Feng. .

After all, those top young geniuses from the land of Zhongzhou probably wanted the immortal body of this very rare Celestial Clan cultivator, but in the end they got it by themselves. It can be said that they were very lucky and gained a lot. .

Uh-huh!

At this moment, Ye Feng rushed out of the ancient tomb, directly left the location of the mountains and rivers, and flew quickly towards other places in the dangerous area in the deepest part of the Hundred Thousand Mountains, hoping to find the Sun God Clan. Where is the old patriarch?

For Ye Feng, the purpose of this trip is to kill the old patriarch of the Sun God Clan. No matter whether he can be killed or not, he must have an end with him.

Buzz!

At this moment, Ye Feng released his majestic soul power and covered the surrounding area. On the one hand, he was looking for the old patriarch of the Sun God Clan, and on the other hand, he avoided a dozen Zhongzhou landmen who might have come out of the ancient tombs. top talent.

After all, those dozen of top geniuses from Zhongzhou are very scary together. If one on one, Ye Feng is not afraid. After all, it has been tested just now. The power of Ye Feng's body is enough to suppress those taller than him. He has reached three or four great realms of powerhouses.

At this moment, Ye Feng was just about to release his soul power and explore the surroundings to see if he could find the aura of the old patriarch of the Sun God Clan.

But at the moment when Ye Feng released his soul power.

Boom!

A huge black hand, covered with black scales and black hair, was suddenly grabbed from an abyss not far away.

At this moment, Ye Feng could immediately feel that the aura emanating from this big black hand was very terrifying. It was comparable to, and even stronger than, the top geniuses from Zhongzhou. .

Ye Feng immediately understood that the owner of this big black hand must be a very terrifying demon.

Ye Feng suddenly thought that when he entered the deepest area of the 100,000 Mountains, the golden octopus reminded him that there were many terrifying monsters living in the deepest areas of the 100,000 Mountains, and even some The abyss troll clan lurks among them.

So at this time, Ye Feng naturally understood that the owner of this big black hand was definitely an abyss troll living in the deepest part of the Hundred Thousand Mountains.

Because only the palm of the abyss troll is so huge and has such terrifying power.

Ye Feng did not flinch at this moment, but instead stretched out one of his hands with a hint of eagerness in his eyes.

Ye Feng wanted to see if his immortal body, which had entered the new sixth stage of the gods, could directly confront the legendary abyss troll.

Ye Feng did not use any means, and directly fought against the opponent with pure physical strength.

At this moment, as Ye Feng stretched out a hand, Ye Feng's hand immediately turned into a huge golden hand, possessing terrifying power.

this moment

Suddenly, Ye Feng's big golden hand was extremely powerful, and it collided with the big black hand in an instant.

Boom! !

At this moment, the two collided and immediately erupted with a terrifying roar.

Along with this roar, Ye Feng felt it instantly, and his whole palm was suddenly shaken by a huge force. Ye Feng couldn't help but take several steps back.

But the next moment, the big black hand grabbed out from under the abyss was suddenly knocked back by Ye Feng's big golden hand.

When Ye Feng saw this scene, he immediately burst into laughter and said loudly: "The Abyss Troll is nothing more than that."

Boom!

At this moment, Ye Feng unleashed the terrifying physical power of the Immortal Body of the God with all his strength, and Ye Feng's whole body suddenly burst into terrifying brilliant golden light.

At this moment, Ye Feng used all his strength to stimulate the power of the Immortal Body of the God, and then his whole body expanded rapidly, directly expanding into a majestic golden giant with a height of tens of thousands of meters.

After Ye Feng turned into a golden giant tens of thousands of meters tall, he rushed directly into the abyss.

Since Ye Feng had already tested it just now, and there didn't seem to be much difference between this abyss troll and his immortal body, he just wanted to see if he could hunt down this abyss troll that wanted to sneak attack on him.

But at this moment, Ye Feng thought wrong. In fact, this abyss troll did not want to sneak attack Ye Feng. After all, the cultivation aura and life energy fluctuations emanating from Ye Feng were not strong. This abyss troll was just aboveboard. I just want to grab a small piece of food to satisfy my appetite.

But I didn't expect that Ye Feng was a tough guy and he kicked the iron plate.

Boom!

At this moment, Ye Feng rushed directly into the abyss. Ye Feng's majestic golden giant tens of thousands of meters bloomed under the abyss with a bright divine light, directly illuminating the entire dark abyss.

Ye Feng immediately saw at the next moment that there were little devils living under this abyss.

But these little demons are nothing, they are very weak. What is really powerful is the abyss troll entrenched in a cave in the deepest part of the abyss.

This is a true super strong man of the troll clan. His cultivation level is four realms higher than that of Ye Feng, and he is also an abyss troll famous for his physical strength.

However, Ye Feng did not have any fear at this moment. Instead, he controlled the majestic golden giant body tens of thousands of meters and charged towards the abyss troll.

When the abyss troll saw Ye Feng rushing over, he immediately couldn't help but said in horror: "I thought it was just a small human being, but I didn't expect it to be the legendary Celestial Clan, and he had cultivated the Celestial Body At such a terrifying level, being able to go head-to-head with us abyss trolls is really awesome."

When he said this, the abyss troll immediately yelled and said: "Fellow Taoist, there is no need to be so angry. We are all special beings between heaven and earth. It is not easy to cultivate to this level. Don't make mistakes because of small mistakes." Da, I just recognized the wrong person. I thought that fellow Taoist was just an ordinary human being. Since fellow daoist is such a high-level

creature of the Celestial Clan, there is no need for us to face each other in life and death. I can give this cave to fellow daoist, and I will give you a dark crystal that took three hundred years to condense under the abyss. As an apology, how about you don't fight me? "

Chapter 4879 You want to harm me

At this time, when Ye Feng heard what the abyss troll said, there was a look of surprise in Ye Feng's eyes, as if he didn't expect that the other party was so cowardly.

Being chased by myself into this lair, not only did I not fight to the death with myself, but I actually said such very weak words.

This made Ye Feng couldn't help but naturally showed a very strange expression on his face, as if he didn't expect that a legendary abyss troll would be so cowardly.

At this moment, Ye Feng couldn't help but said: "I have never thought that the abyss trolls could be so cowardly."

Hearing what Ye Feng said, the abyss troll was not angry. Instead, he grinned and said, "I'm not a coward. I'm following my heart."

When he said this, the Abyss Troll suddenly stood up from his lair.

This abyss troll is also very huge, worthy of the troll clan. When he stands up, he is almost as tall as the tens of thousands of meters tall golden giant that Ye Feng has now transformed into.

One gold and one black, the two giants stood together at this time.

The abyss troll immediately stretched out a black palm several kilometers long, patted Ye Feng's huge golden shoulder, and said with a smile: "Your Excellency is also a strange species of heaven and earth, a descendant of the Celestial Clan. We are all heaven and earth." It is a very rare creature in this world, and it is not easy to practice, so there is no need for us to face each other in life or death. It was just a small misunderstanding just now. I thought you were just an ordinary human being, so I wanted to capture it for food. I didn't expect you to be so extraordinary. , With a human body, he has cultivated into the physique of the Celestial Clan, which is amazing."

Wow! .??.

When he said this, the abyss troll violently grabbed a stone shining with black light from under the ground, and then said loudly: "This stone is the only thing that took three hundred years to condense into this dark abyss." The dark crystal has very high-level and majestic dark energy, which is of great benefit to my cultivation. But now, as an apology, I give this rare dark crystal to you, fellow Taoist. After all, the world is brighter for you. "

Seeing the abyss troll's understanding, Ye Feng seemed to have no plans to take action.

But at this time, Ye Feng suddenly stared at the abyss troll in front of him, and suddenly shouted: "You are just pretending to compromise, you want to harm me!"

After finishing speaking, Ye Feng suddenly crushed the dark crystal handed to him by the abyss troll.

Wow! .??.

Almost at the next moment, there was no majestic dark high-level energy in the dark crystal, but a burst of poisonous black gas suddenly emerged, forming the shape of a skull, and instantly moved towards Ye Feng. Bite away.

Ye Feng shouted loudly at this moment: "God's halo!"

Buzz!

At this moment, a huge halo appeared above Ye Feng's head, shining colorful light, which immediately blocked the skull formed by the condensed black poisonous gas.

At this moment, the abyss troll in front saw this scene and immediately couldn't help but exclaimed: "I didn't expect your perception to be so terrifying."

After saying that, the abyss troll didn't look like he had compromised just now. Instead, he suddenly showed a sinister and cunning expression in his eyes, and he stretched out his hand in an instant.

His five fingers suddenly turned into five long black steel knives, which suddenly ripped towards Ye Feng, seeming to tear Ye Feng's whole body into pieces.

But this moment

, Ye Feng directly stimulated the powerful power of the immortal body of the god, and clenched one hand into a fist.

The golden fist, like a golden ancient mountain, had terrifying solidity and terrifying impact. It instantly hit the five black steel knives transformed from the five fingers of the abyss troll.

Boom! !

At this moment, the entire field suddenly erupted with a terrifying roar.

The terrifying sound waves shattered the surrounding abyss, and the many weak little devils watching were suddenly shattered into pieces.

This kind of collision can be said to be very terrifying.

Almost at the next moment, Ye Feng immediately felt a terrifying power, which was immediately transmitted to his fist.

But Ye Feng can resist it. After all, Ye Feng has now become the true form of the Celestial Clan, a majestic golden giant tens of thousands of meters tall. His power is very majestic, and the power of his body has been fully utilized. come out.

It has to be said that after Ye Feng's body power entered the sixth stage of the God's Immortal Body, even if it was only the first level, it was very terrifying and it was a qualitative leap.

Ye Feng relied on the true form of the god to go head-to-head with this abyss troll.

At this moment, Ye Feng immediately smiled coldly and said: "As expected of the abyss troll clan, they are indeed treacherous."

After saying that, Ye Feng stretched out a big hand and slapped the abyss troll on the head.

Click!

At this moment, Ye Feng's big golden hand had terrifying power. It created a crack in the head of the abyss troll and almost shattered his head into pieces.

At this moment, the Abyss Troll couldn't help but roared angrily: "Damn boy! You are so cautious! And you are so powerful! How can you, a human being, cultivate into such a powerful Celestial Clan true form? This can't be God!"

The abyss troll was completely suspicious of life at this time. It seemed that he had not thought that he was so unlucky to meet such a defiant human boy like Ye Feng.

At this time, Ye Feng no longer hesitated and immediately transformed the god ring on his finger into a golden sword that was several kilometers long.

The golden giant that Ye Feng transformed into held a golden sword. It was like a golden god of war from ancient times. It had terrifying power and slashed forward fiercely.

The abyss troll immediately shouted: "Abyss Dark Shield!"

Buzz!

Countless abyssal black energy suddenly erupted from his body, condensing into a huge black shield, enough to block the monstrous flood.

But the several-kilometer-long golden sword in Ye Feng's hand was so terrifyingly sharp that it fiercely split the black shield in half.

Click!

Then he split the entire body of the abyss troll hiding behind the black token into two halves.

"ah!!"

Almost at the next moment, the abyss troll immediately let out an earth-shaking scream of pain.

He probably never thought that the golden sword in Ye Feng's hand was not an ordinary sword, but a peerless magic weapon turned into a token of the Celestial Clan. It was terrifyingly sharp and could cut everything instantly. At this time, when Ye Feng heard what the abyss troll said, there was a look of surprise in Ye Feng's eyes, as if he didn't expect that the other party was so cowardly.

Being chased by myself into this lair, not only did I not fight to the death with myself, but I actually said such very weak words.

This made Ye Feng couldn't help but naturally showed a very strange expression on his face, as if he didn't expect that a legendary abyss troll would be so cowardly.

At this moment, Ye Feng couldn't help but said: "I have never thought that the abyss trolls could be so cowardly." .??.

Hearing what Ye Feng said, the abyss troll was not angry. Instead, he grinned and said, "I'm not a coward. I'm following my heart."

When he said this, the Abyss Troll suddenly stood up from his lair.

This abyss troll is also very huge, worthy of the troll clan. When he stands up, he is almost as tall as the tens of thousands of meters tall golden giant that Ye Feng has now transformed into.

One gold and one black, the two giants stood together at this time.

The abyss troll immediately stretched out a black palm several kilometers long, patted Ye Feng's huge golden shoulder, and said with a smile: "Your Excellency is also a strange species of heaven and earth, a descendant of the Celestial Clan. We are all heaven and earth." It is a very rare creature in this world, and it is not easy to practice, so there is no need for us to face each other in life or death. It was just a small misunderstanding just now. I thought you were just an ordinary human being, so I wanted to capture it for food. I didn't expect you to be so extraordinary. , With a human body, he has cultivated into the physique of the Celestial Clan, which is amazing. "

Wow!

When he said this, the abyss troll violently grabbed a stone shining with black light from under the ground, and then said loudly: "This stone is the only thing that took three hundred years to condense into this dark abyss." The dark crystal has very high-level and majestic dark energy, which is of great benefit to my cultivation. But now, as an apology, I give this rare dark crystal to you, fellow Taoist. After all, the world is brighter for you. "

Seeing the abyss troll's understanding, Ye Feng seemed to have no plans to take action.

But at this time, Ye Feng suddenly stared at the abyss troll in front of him, and suddenly shouted: "You are just pretending to compromise, you want to harm me!"

After finishing speaking, Ye Feng suddenly crushed the dark crystal handed to him by the abyss troll.

Wow!

Almost at the next moment, there was no majestic dark high-level energy in the dark crystal, but a burst of poisonous black gas suddenly emerged, forming the shape of a skull, and instantly moved towards Ye Feng. Bite away.

Ye Feng shouted at this moment: "God's halo!"

Buzz!

At this moment, a huge halo appeared above Ye Feng's head, shining colorful light, which immediately blocked the skull formed by the condensed black poisonous gas.

At this moment, the abyss troll in front saw this scene and immediately couldn't help but exclaimed: "I didn't expect your perception to be so terrifying."

After saying that, the abyss troll didn't look like he had compromised just now. Instead, he suddenly showed a sinister and cunning expression in his eyes, and he stretched out his hand in an instant.

His five fingers suddenly turned into five long black steel knives, which suddenly ripped towards Ye Feng, seeming to tear Ye Feng's whole body into pieces.

But this moment

, Ye Feng directly stimulated the powerful power of the immortal body of the god, and clenched one hand into a fist.

The golden fist was like a golden ancient mountain, possessing terrifying solidity and terrifying impact. It instantly hit the five black steel knives transformed from the five fingers of the abyss troll.

Boom! !

At this moment, the entire field suddenly erupted with a terrifying roar.

The terrifying sound waves shattered the surrounding abyss, and the many weak little devils watching were suddenly shattered into pieces.

This kind of collision can be said to be very terrifying.

Almost at the next moment, Ye Feng immediately felt a terrifying power, which was immediately transferred to his fist.

But Ye Feng can resist it. After all, Ye Feng has now become the true form of the Celestial Clan, a majestic golden giant tens of thousands of meters tall. His power is very majestic, and the power of his body has been fully utilized. come out.

It has to be said that after Ye Feng's body power entered the sixth stage of the God's Immortal Body, even if it was only the first level, it was very terrifying and it was a qualitative leap.

Ye Feng relied on the true form of the god to go head-to-head with this abyss troll.

At this moment, Ye Feng immediately smiled coldly and said: "As expected of the abyss troll clan, they are indeed treacherous."

After saying that, Ye Feng stretched out a big hand and slapped the abyss troll on the head.

Click!

At this moment, Ye Feng's big golden hand had terrifying power. It created a crack in the head of the abyss troll and almost shattered his head into pieces.

At this moment, the Abyss Troll couldn't help but roared angrily: "Damn boy! You are so cautious! And you are so powerful! How can you, a human being, cultivate into such a powerful Celestial Clan true form? This can't be God!"

The abyss troll was completely suspicious of life at this time. It seemed that he had not thought that he was so unlucky to meet such a defiant human boy like Ye Feng.

At this time, Ye Feng no longer hesitated and immediately transformed the god ring on his finger into a golden sword that was several kilometers long.

The golden giant that Ye Feng transformed into held a golden sword. It was like a golden god of war from ancient times. It had terrifying power and slashed forward fiercely.

The abyss troll immediately shouted: "Abyss Dark Shield!"

He probably never thought that the golden sword in Ye Feng's hand was not an ordinary sword, but a peerless magic weapon turned into a token of the Celestial Clan. It was terrifyingly sharp and could cut everything instantly.

Chapter 4880 Black Pillar

At this time, the abyss troll obviously underestimated the power of the golden sword in Ye Feng's hand.

He never imagined that the golden sword in Ye Feng's hand was not a weapon condensed by random power, but a peerless magic weapon transformed from the only token passed down from ancient times by the Celestial Clan.

So at this moment, the entire huge body of the abyss troll was cut in half by the golden sword in Ye Feng's hand, and he was completely killed.

At this moment, Ye Feng saw that after the abyss troll was killed, the two halves of its body suddenly fell to the ground, and it could no longer die.

And Ye Feng was surprised to find that the abyss troll that was cut off by the golden giant sword had its soul cut into pieces.

Ye Feng immediately stared in surprise at the peerless magic weapon that was transformed into a token of the Celestial Clan in his hand. It seems that the Sword of the Celestial God can not only cut off the enemy's body in the physical state, but also can cut off the enemy in the void state. The Yuanshen is indeed the token of the Celestial God Clan, and it is indeed terrifying.

boom!

At this time, Ye Feng did not hesitate and immediately released the Devouring Domain. After splitting the Abyss Troll in half, the huge body was suddenly enveloped in his Devouring Domain.

"Rumble..."

Almost at the next moment, the majestic energy contained in the abyss troll's body was immediately absorbed by Ye Feng, and then injected into Ye Feng's dantian, rapidly increasing Ye Feng's power.

At this moment, Ye Feng's cultivation level that he had just broken through once again made a crazy breakthrough.

You know, although this abyss troll has similar cultivation level to the top genius from Zhongzhou whom Ye Feng killed before, the body of the abyss troll is much larger than that top genius.

Therefore, the skill and blood energy contained in the body of the abyss troll are very terrifying, just like the vast ocean.

After Ye Feng absorbed it, his cultivation momentum immediately began to rise steadily.

The aura of cultivation that just broke through once again

Crazy surge.

After all, the blood energy contained in this abyss troll is really terrifying and majestic, as tall as the abyss.

It has to be said that this abyss troll was very unlucky. It met such an incredible talent like Ye Feng and wanted to sneak attack and kill Ye Feng, but was killed by Ye Feng in return. It can be said that Ye Feng was fulfilled.

The skills he had cultivated for so many years were all used as Ye Feng's wedding clothes. They were absorbed by Ye Feng and became Ye Feng's power.

The cultivation aura and realm of Ye Feng's body continued to break through rapidly and continuously at this moment.

boom!

The fifth level of the Void Realm!

boom!

The sixth level of the Void Realm!

boom!

The Seventh Heaven of Transformation Realm!

boom!

The eighth level of the virtual realm!

boom!

The ninth level of the Void Realm! !

At this moment, Ye Feng's cultivation level suddenly broke through so much, and he directly broke through to the ninth level of the Void Realm. It was an unparalleled improvement, and Ye Feng's entire strength suddenly increased hundreds of times.

Ye Feng could feel that his cultivation skills were much stronger than before.

Ye Feng's power has simply reached an unparalleled leap.

At this moment, Ye Feng clenched his fists, feeling as if the power of the ocean was surging through every inch of his flesh and blood.

Ye Feng felt that if he inspired the true form of the Celestial Clan now, he would become a towering golden giant tens of thousands of meters tall, enough to move mountains, sky and sea, and chase the stars and the moon.

At this moment,

Ye Feng returned to human size, then carefully released his soul power, and began to explore the cave under the abyss where the abyss troll lived.

Ye Feng felt that the other party had lived here for thousands of years, so it must be very extraordinary, and maybe there were other opportunities and fortunes there, so he naturally wanted to search for it.

After all, there is absolutely no way that the lair of a legendary abyss troll is completely empty.

Buzz!

At this moment, Ye Feng naturally did not hesitate at all and quickly released his soul power to cover the surrounding caves under the abyss, searching carefully not to miss any inch. I want to find out if there are any other good things in this underground abyss cave.

After all, this is the place where the abyss troll has been living. It is impossible for it to find a very ordinary place to live. After all, this kind of abyss troll is a strange species in the world, and the place where he lives will definitely be very extraordinary.

Sure enough, at the moment when Ye Feng released his huge soul power to explore, Ye Feng immediately felt an unusual energy fluctuation, which was being transmitted from under the earth where the abyss troll lived.

Ye Feng's eyes suddenly showed a look of surprise.

Could it be that there is something else buried under the ground?

Wow!

At this moment, Ye Feng didn't hesitate at all. He immediately stretched out his hands and his hands immediately turned into golden palms. Like two golden excavators, he quickly dug deep into the ground. past.

Finally, Ye Feng dug three thousand feet underground.

A "ding" sound!

Ye Feng's two golden palms seemed to have touched something extremely solid, and they suddenly made a clear roar like a metal collision.

"Um?"

This made Ye Feng's eyes suddenly show surprise.

After all, you must know that Ye Feng's current immortal body is very terrifying. Even if Ye Feng's hands are only with ordinary digging strength, they are enough to break everything.

But under the ground, I don't know what could block the golden palms of these two gods. It must be very extraordinary. Ye Feng immediately dug around quickly and cleared away all the surrounding soil.

Almost at the next moment, a very magical object appeared in front of Ye Feng.

This is a very old looking black pillar.

The surface of this black bead is engraved with many ancient demon totems, which gives people a very vicissitudes and ancient feeling, and seems to contain some kind of very terrifying ancient power in nature.

Ye Feng immediately felt a very majestic dark power from this demon totem pole.

Ye Feng immediately understood that the reason why this abyss troll stayed here was that it could continuously absorb the dark energy from this ancient demon totem pole day and night, and use it to temper his troll body, so this abyss troll Trolls are so powerful.

Ye Feng's eyes immediately lit up, and he stretched out his hand to touch the surface of the demon totem pole. He wanted to carefully sense what kind of existence this demon totem pole was, and

what kind of power it was. The magic weapon with dark attributes is also the magic weapon used by ancient trolls to worship the sky in ancient times.

boom!

But at this moment, when Ye Feng stretched out his hand and touched the demon totem pole, he immediately sensed a terrifying dark power, which immediately invaded his entire body, trying to If you want to cover Ye Feng's whole person, you must use dark energy to completely assimilate and obliterate Ye Feng!
