

## Ancient 4881

### Chapter 4881 Dark Energy

At this moment, a stream of extremely terrifying dark energy immediately enveloped Ye Feng's entire body. In an instant, it had completely enveloped Ye Feng's entire body.

At this moment, Ye Feng could immediately feel that all the pores in his body were being rapidly invaded by this dark energy. His whole body was about to be directly assimilated by this terrifying and ancient dark energy. .

"No! This dark energy is like a terrifying parasite. It wants to parasitize me as a host!"

At this time, Ye Feng suddenly showed deep surprise in his eyes.

At this time, Ye Feng finally understood why the abyss troll just dared to use the dark power of this demon's ancient totem pole to temper his body on the ground, but did not dare to directly use this ancient totem pole. The demon totem pole was taken out from the depths of the ground. It turned out that the demon totem pole had such terrifying parasitic energy. .??.

This weird dark energy turned Ye Feng's whole body into darkness immediately.

At this moment, Ye Feng almost subconsciously burst out the original power of his immortal body.

Boom!

At this moment, inside Ye Feng's body, from the depths of his flesh and bones, a brilliant golden light burst out, possessing immortal power. It blasted away the dark energy that was about to invade Ye Feng. He killed Ye Feng's body.

But at this moment, the dark energy that was blasted out of Ye Feng's body was like a dense group of parasites. It suddenly combined into a huge dark skeleton warrior in front of Ye Feng, and fiercely attacked Ye Feng. He attacked fiercely, seeming to seriously injure Ye Feng, and then continued to parasitize Ye Feng.

But at this moment, Ye Feng immediately released the god's bloodline talent that he had awakened in the fifth stage, the god's halo.

Buzz!

At this moment, Ye Feng's head immediately lit up.

A bright halo.

A piece of colorful light shone from the halo, forming a colorful mask of light, protecting Ye Feng's entire body in the colorful mask of light.

Boom!

The huge skeletal warrior formed by the dark energy attacked Ye Feng, and directly collided with the colorful light shield, and was immediately shaken by a very terrifying force and flew backwards.

"Huh? You were knocked away so easily?"

Seeing this scene, Ye Feng suddenly showed a hint of surprise in his eyes.

It seems that the mask of colorful light formed by his own god halo naturally suppresses the huge black skeleton warrior composed of dark energy. Otherwise, it would be impossible for the opponent to be blown away so easily.

So at this time, Ye Feng didn't hesitate at all. He rushed forward, and then activated the seven-color power of the god's halo above his head to form a huge long knife in his palm.

Ye Feng held the long knife emitting colorful light in his hand and slashed at the skeleton warrior made of black energy in front of him.

Click!

Sure enough, the colorful light of the god's halo has a natural suppression on this very special and weird combination of black energy.

After discovering this at this time, Ye Feng immediately laughed out loud, and directly released a large piece of colorful light from the god's halo, and then directly enveloped the black energy in the colorful light, forming a prison. Then he absorbed it into his body.

Ye Feng couldn't help but said: "This black energy is so weird, only my god can

Only the colorful light of the halo can restrain it. If it is other enemies, even very powerful beings, it is estimated that when they encounter this black energy, they will suddenly feel like they have encountered a very terrible poisonous insect. This can be regarded as my A killer weapon. "

At this time, Ye Feng naturally used the colorful light to imprison this very strange and powerful black energy in the prison formed by his own colorful light, and put it into his body, so that he could release it to deal with the enemy at any time.

At this time, Ye Feng continued to look at the totem pole of the demon clan buried under the ground, and suddenly discovered that when the black energy was trapped by Ye Feng, the totem pole of this ancient demon clan, on the surface, The black luster disappeared.

Uh-huh!

Then Ye Feng stretched out his hand, and there was no more black energy to attack Ye Feng. Instead, Ye Feng was able to have a vague connection with the ancient totem pole of the demon clan.

Ye Feng immediately understood that the reason why the ancient totem pole of the demon clan could not be excavated before was probably because of the strange and terrifying black energy.

Now the evil black energy has been imprisoned by Ye Feng with colorful light, so at this time, this ancient totem pole of the demon clan can be conquered by Ye Feng as a magical weapon.

At this moment, Ye Feng naturally no longer hesitated, but instantly released his huge mana and input it into the ancient totem pole in front of him.

Boom! !

Ye Feng's mana was as majestic as the sea, all poured into the ancient totem pole of the demon in front of him, and the ancient totem pole was immediately activated.

I saw an extremely bright divine light burst out from the ancient totem pole.

These divine lights condensed around the totem pole in an instant

Ancient trolls of different shapes appeared, surrounding the entire ancient totem pole, looking very majestic and vast.

Seeing this scene, Ye Feng suddenly showed surprise in his eyes, and couldn't help but said: "It seems that this ancient totem pole was really a very powerful magical weapon of the Abyss Troll clan, or something called As a treasure, I have now inspired the power of this ancient totem pole, and I can actually awaken the soul of the abyss troll imprinted in this ancient totem pole, and it is not just one abyss troll, but the souls of different forms of abyss trolls. Soul power, it seems that I have really gained a treasure."

At this moment, Ye Feng was naturally very happy. Not only was he able to obtain the terrifying trump card of dark energy, but he also obtained an ancient totem pole of the Abyss Troll clan. It can be said that Ye Feng has gained a huge harvest. The overall strength has been greatly improved.

At this time, Ye Feng no longer hesitated and left here directly, and then expanded his soul search range to find the old patriarch of the Sun God Clan.

Now Ye Feng has the confidence to confront the seriously injured old patriarch of the Sun God Clan head-on.

But just when Ye Feng flew out of the cave of the abyss troll, suddenly a woman wearing a blue gown and holding a blue sword happened to pass by.

The moment this beautiful woman in green shirt saw Ye Feng, her eyes immediately showed astonishment and she said loudly: "It's you!"

This beautiful green-shirted woman turned out to be one of the dozen or so top geniuses from Zhongzhou.

When Ye Feng saw this scene, there was almost no hesitation. When he saw that the other party was alone, he just said nothing and stretched out a palm. The palm immediately turned into a huge golden hand, covering the sky, directly bombarding this beautiful woman in blue clothes, trying to kill her instantly!

Chapter 4882 Wanjian Tianmen

Obviously, now that he has recognized the identity of the other party, he is one of the dozen geniuses from the land of Zhongzhou, so even if the other party is a beautiful woman, Ye Feng will not hesitate at all and just go to death. With your hands, you must kill the opponent directly, otherwise, it will definitely be your biggest disaster in the future.

After all, Ye Feng had completely lost his relationship with these top geniuses from the land of Zhongzhou before under that ancient tomb, so Ye Feng knew that there would be no room for maneuver and could only kill him.

At this moment, when the beautiful woman in green shirt from the land of Zhongzhou saw Ye Feng suddenly attacking her, she immediately said coldly: "It's you, a thief from the countryside. !"

At this moment, after the beautiful woman in blue clothes among the dozen top geniuses from Zhongzhou finished speaking, the ice blue sword in her hand suddenly burst out with thousands of green sword lights, directly in front of her. A large formation composed entirely of cyan sword light was formed, instantly blocking Ye Feng's golden hand.

Boom! !

The collision between the two immediately erupted with a terrifying roar, and then both of them couldn't help but take several steps back.

At this moment, this beautiful woman in green shirt from the land of Zhongzhou stared at Ye Feng and said in great surprise: "You are a cultivator in the countryside, but why do you have such strong power? My current cultivation level is clearly three levels higher than yours, but you are able to tie with me. This is simply impossible, but it happened to you. You, a thief, do have some abilities. By means."

When he heard this beautiful woman in green clothes from the land of Zhongzhou say this, Ye Feng immediately said coldly: "Don't call me a thief. You entered the underground tombs and wanted to

get the ancient tombs." Isn't all the master's wealth a thief like me? Moreover, the cultivation resources in the world can only be obtained by those with strength. It is a matter of first come, first served. I arrived at the palace hall under the ancient tomb first and got the things in it. I have become a thief? You are so hypocritical!

"you.....!"

Hearing what Ye Feng said, this green shirt is absolutely beautiful

For a moment, the woman didn't know how to refute Ye Feng.

At this moment, the beautiful woman in green clothes snorted coldly and said: "No matter what, your cultivation level is so much lower than mine after all. You can't fight against me just by relying on the strength of your body. Since we met today, let's end it."

Uh-huh!

After saying that, the beautiful woman in green clothes instantly jumped up and flew high into the sky. The ice blue sword in her hand suddenly burst out with thousands of bright sword lights, forming a huge sword. Formation, heading towards Ye Feng's shroud.

Ye Feng couldn't help but said in surprise: "Using swords as a formation, it seems that the great forces in Zhongzhou are really extraordinary, and they can actually develop such a powerful method."

This was the first time Ye Feng encountered a swordsman. He was able to instantly condense his sword light into a terrifyingly powerful formation, forming a sword formation. This was a very impressive method.

However, Ye Feng is not afraid at this time, because Ye Feng's Immortality of God has now entered a new sixth stage, so Ye Feng's body is very powerful, and these sword lights with terrifying attack power cannot harm him at all. To Ye Feng.

"The true form of the god!"

Ye Feng shouted loudly, and his whole body began to expand rapidly, his skin turned golden, and he immediately turned into a majestic golden giant with a height of tens of thousands of meters. He turned into the true form of the Celestial Clan, and then punched him hard. He bombarded the sword formation composed of thousands of cyan sword lights that descended from high in the sky.

Click! Click!

The penetrating power of those sword lights was astonishing, and they were enough to pierce an ancient mountain in an instant. However, in front of Ye Feng's huge golden fist, each of the green sword lights was shattered by the blast, just like broken glass.

Then Ye Feng's huge golden fist was like a majestic and boundless ancient golden mountain, carrying immortal power and light, and directly suppressed it in the air.

Coming down, the bombardment hit the top of the head of the beautiful green-clothed woman from the land of Zhongzhou in front of her, as if her head was going to be shattered directly.

"Qingyuan Armor!"

But at this moment, a set of green armor, like armor made of jade, appeared on the body of this beautiful woman in green clothes, even her head was completely covered.

Boom!

Ye Feng's huge golden fist struck the armor-clad head, and a huge roar suddenly erupted.

But at the next moment, Ye Feng's golden fist did not shatter the cyan armor that looked like it was made of jade, but directly sent the opponent flying backwards.

Uh-huh!

At this moment, Ye Feng immediately rushed forward, grabbed the opponent's entire body with both hands, and pulled hard. Terrifying power exploded in Ye Feng's hands. Amidst the opponent's painful screams, Ye Feng directly tore him apart. It broke in two and died instantly.

boom!

At this time, Ye Feng directly released the Devouring Domain and began to devour the skill and blood energy of this beautiful woman in blue.

It has to be said that this top genius cultivation level from the land of Zhongzhou is still very terrifying.

After Ye Feng devoured it, his cultivation level at the ninth level of the Transformation Realm immediately reached the perfection of the tenth level of the Transformation Realm.

"Um?"

But this made Ye Feng's eyes suddenly reveal a look of deep astonishment.

Originally, Ye Feng thought that devouring all the skills and blood energy of this extremely powerful top genius in Zhongzhou would allow him to break through to the Condensing Dao Realm above the Void Transformation Realm.

Even if you can't break through to the true Condensing Dao Realm, you can at least break through to the Half-step Condensing Dao Realm.

Unexpectedly, he only broke through to the tenth level of the Void Realm and reached the Great Perfection.

Ye Feng immediately understood. As his cultivation level has improved to such an advanced and powerful level, it seems that the energy required for each breakthrough is becoming more and more powerful.

"

My current body is becoming more and more like a bottomless pit..."

Ye Feng couldn't help but teased himself helplessly.

But at this moment, no matter what, Ye Feng was very happy after finally killing this top genius in Zhongzhou who was a huge threat.

After all, his cultivation level was three realms weaker than the opponent's, but under the attack of Ye Feng's extremely powerful physical power, the opponent simply couldn't withstand it, and was finally killed by Ye Feng.

However, Ye Feng also knew that this was because the opponent was a sword cultivator, so his body strength was relatively weak.

If you encounter that kind of comprehensive talent, then Ye Feng will still have a very difficult time.

At this time, Ye Feng no longer stayed around and left here quickly.

In any case, this time in the deep area of the Hundred Thousand Mountains, meeting so many young generation geniuses from the land of Zhongzhou also gave Ye Feng a new understanding of the power of the land of Zhongzhou.

I have to say that the land of Zhongzhou is really terrifying and has profound knowledge. It seems that before going to the land of Zhongzhou, I still need to improve my cultivation level a little more before I can go to the more glorious land of Zhongzhou and find more powerful power.

And not long after Ye Feng left, a dozen figures suddenly arrived here.

They felt the breath of death around them, and their expressions suddenly changed.

These dozen figures are the top geniuses in Zhongzhou.

They immediately shouted angrily and said, "It must be that thief who actually killed Junior Sister Ruoyan! We must find that kid and cut him into pieces and pieces! Otherwise, we, Ten Thousand Swords, will Tianmen, as the top super sect in Zhongzhou, won't it be laughed at by everyone from now on? We, the elite disciples of the outer sect of the Zhongzhou super sect, are actually being fooled by this little brat from a remote place!"

"Yes, we must find that boy and cut him into pieces!"

A group of other young geniuses from Wanjian Tianmen around them were all making murderous noises at this time.

#### Chapter 4883 Underground Cave

Ye Feng didn't know that after he killed the beautiful woman in blue shirt, more than a dozen young geniuses from Zhongzhou suddenly arrived there.

And Ye Feng didn't know that the forces in Zhongzhou where these young geniuses came from were not ordinary forces, but the super sect of Zhongzhou that stood at the top of the pyramid, Wanjian Tianmen.

It has to be said that Ye Feng is quite unlucky. Before he went to the land of Zhongzhou, he had already provoked disciples from one of the top super sects in the land of Zhongzhou, the 'Ten Thousand Swords Tianmen', in the vast mountain area of 100,000 mountains. .

But even if Ye Feng knew the origin of the other party, coming from a top sect like Wannian Tianmen, Ye Feng probably wouldn't have any hesitation.

Because these people provoked him, violated his interests, and wanted to kill him, Ye Feng naturally treated them in his own way.

What Ye Feng has always been least afraid of is the so-called threats.

Because Ye Feng believed that as long as he was given enough time and resources, he could grow into an existence that would make any so-called big force tremble.

Ye Feng believes that he possesses such a powerful talent. If he can continue to grow in the future, he will definitely be able to compete with any existence and any so-called big force in the world with his own strength.

It is definitely not an exaggeration to say that the power of one person can control eternity alone!

At this moment, after Ye Feng left the killing place, he released his powerful soul power and quickly searched the surroundings for the aura of the old patriarch of the Sun God Clan. .??.

After all, Ye Feng went deep into the deepest and most dangerous area of the Shiwan Mountain this time, not just for this ancient tomb, or for his grudges with the young geniuses like Zhongzhou Dadi.

His most important goal was to find traces of the old patriarch of the Sun God Clan, and see if he could be eliminated in one fell swoop before he had fully recovered from his previous injuries.

Ye Feng knows very well that the old patriarch of the Sun God Clan may not be the most powerful existence among the Sun God Clan. After all, among the most dominant race in the wilderness, the Sun God Clan, there must still be more terrifying old monsters, but that is not the case. It is an existence like a living fossil. It is impossible to take action without the crisis of genocide.

In any case, the old patriarch of the Sun God Clan can become the patriarch of the entire generation of the Sun God Clan. His cultivation strength is still very terrifying, but he is probably still seriously injured now.

If Ye Feng could discover the other party's traces and use some means, he might be able to kill him in one fell swoop.

At this moment, Ye Feng no longer thinks about other things, but concentrates on fully erupting his powerful soul power, spreading towards the surroundings, trying to find the breath of the Golden Crow.

Because of the aura of the Golden Crow, only the old patriarch of the Sun God Clan can emit it here.

At this moment, Ye Feng's speed was still very fast. After all, his cultivation level had been greatly improved this time, and his physical strength had also evolved unparalleled.

Therefore, Ye Feng has become much stronger than before, both in terms of speed and detection ability.

At this time, Ye Feng continued to explore, and finally his hard work paid off. Ye Feng found a trace of the Golden Crow's aura, which was actually in an underground cave in the most dangerous area of the Shiwan Mountain.

Ye Feng's eyes suddenly showed a look of surprise. Looking at the huge underground hole on the ground in front of him, he couldn't help but murmured to himself in surprise: "How could the old patriarch of the Sun God Clan go deep into this kind of thing?" Negative

Do you practice in a dark underground cave? "

Ye Feng's eyes were a little hesitant at this time. After all, this kind of underground cave is probably very huge and spreads all over the underground space. It may be the lair of some kind of very scary demon.

So at this time, Ye Feng was a little hesitant whether to risk going deep into it.

But since the aura of the Golden Crow appeared here this time, Ye Feng naturally wanted to investigate.

If the old patriarch of the Sun God Clan is really practicing in seclusion in this underground cave, then he must find a way to kill him completely.

So at this time, Ye Feng can be said to be full of murderous intent towards the old patriarch of the Sun God Clan. Ye Feng can no longer bear the existence of such a huge threat, and is slowly recovering from his injuries. Once the old patriarch of the Sun God Clan is completely recovered from his injuries, will be an unparalleled threat to himself, even greater than those young geniuses from Zhongzhou.

Uh-huh!

Upon thinking this, Ye Feng didn't hesitate at all and immediately jumped into the underground cave and went deep into the underground cave.

The moment Ye Feng jumped into this underground cave, he immediately sensed that the air in this underground space was very cold and contained a terrifying demonic nature.

This made Ye Feng suddenly become alert.

It seems that this underground space is not as simple as I imagined. It is probably a place where a very terrifying demon clan lives.

But this also made Ye Feng feel very confused. Why is the old patriarch of the Sun God Clan here in such a dangerous monster's lair?

After Ye Feng took advantage of the general situation of the mountains and rivers to seriously injured the old patriarch of the Sun God Clan, the old guy should have gone to a very safe place when he was seriously injured, but he did not expect to be in such a dangerous demon cave. This made Ye Feng Feng felt quite strange.

After all, this demon cave feels very scary to Ye Feng, not to mention the seriously injured old patriarch of the Sun God Clan, who is definitely more dangerous.

So this is where Ye Feng is very confused.

But Ye Feng did sense just now that deep underground in this demon cave, the aura of the Golden Crow clan remained in it, so Ye Feng felt that the ancestors of the Sun God Clan must find a very secret place to avoid those demons. The old patriarch of the Sun God Clan had encountered an accident and was seriously injured by the powerful demon in the demon cave, killed him, and brought him back to the demon cave.

After all, in the deepest part of the Hundred Thousand Mountains, in these dangerous areas, those terrifying demons are inherited one by one, and they are not much weaker than the Sun God Clan.

"Could it be that the old patriarch of the Sun God Clan was really captured, killed, and eaten by the demon in this cave?"

Ye Feng was thinking rather wickedly at this time.

However, Ye Feng felt that the old patriarch of the Sun God Clan was such a powerful and cunning man that he would not be fooled by some monsters.

But no matter what, it would be better for Ye Feng to find it himself.

So at this time, Ye Feng restrained all his aura, and even stopped the fluctuation of blood energy in his body, making himself an existence that no one could see the depth of, and then moved towards the depths of this underground demon cave. , hurried over quickly, wanting to see what was going

on inside, and to see if the old patriarch of the Sun God Clan was among them. Ye Feng didn't know that after he killed the beautiful woman in blue shirt, more than a dozen young geniuses from Zhongzhou suddenly arrived there.

Chapter 4884 A guess

As Ye Feng quickly went deep into the underground cave, Ye Feng felt more and more that the deeper the underground cave went, the richer the demonic energy became.

This is enough to show that there are really many powerful demons living in this underground cave, and there may even be a demon's lair here.

But at this time, Ye Feng did not rashly provoke the powerful demons in this underground cave.

Although Ye Feng is now very powerful, after all, this underground cave is not like the cave where the abyss troll lived before.

In the past, the abyss trolls were just for survival, but in this underground cave, Ye Feng sensed a lot of terrifying auras, and there must be many monsters entrenched here.

So Ye Feng naturally had to keep a low profile at this time.

After all, his purpose this time is to find the old patriarch of the Sun God Clan. If Ye Feng is swarmed by countless monsters and chases him, he will definitely be unable to resist it. He may even alert the snake, who may be in retreat in a mysterious place in this underground cave. The old patriarch of the cultivating Sun God Clan will not be in good shape by then, so Ye Feng naturally wants to maintain his own strength and try not to attract the attention of other monsters.

However, Ye Feng could not completely hide himself after entering this underground cave. Just when Ye Feng had just passed the intersection of an underground cave underground passage, suddenly the surrounding walls exploded.

An earth-type demon hidden in the wall, whose body looked like it was made of stone, immediately charged towards Ye Feng. .???.??

Ye Feng looked at the stone man at this moment and punched him out.

Because Ye Feng could feel that this stone man monster did not seem to be as powerful as he imagined, it was just an ordinary monster.

So Ye Feng didn't even use any powerful ability, he just clenched his fist and blasted it.

go out.

Ye Feng's golden fist was like the most terrifying spear in the world. It had terrible piercing power and penetrated the stone man's body in one go.

But the next moment, the stone man was still rushing towards Ye Feng, because this stone man seemed to have no heart and was a very magical and special earth demon.

At this time, Ye Feng smiled coldly and said: "It's really stubborn."

After saying that, Ye Feng stretched out his hand, spread his fingers, and each finger turned into a golden pillar, crushing the stone man and monster in one fell swoop.

Snap!

As a result, at the next moment, a bead exuding a rich earthy color fell from the broken body of the stone man and monster.

Ye Feng's eyes immediately moved and he couldn't help but said: "It's actually a soil spirit bead?"

Ye Feng did not expect that this stone-man demon with poor strength and cultivation would actually breed a rare earth spirit bead in his body.

Wow!

The next moment, Ye Feng didn't hesitate at all. He opened his mouth and swallowed the earth spirit bead.

Buzz!

At this moment, Ye Feng's skill suddenly increased, but it was not enough for Ye Feng to break through the current bottleneck of the tenth level of the Void Transformation Realm, but it also increased Ye Feng's skill a lot.

Ye Feng knew that as long as he continued to accumulate skills, he would definitely break through sooner or later.

So at this time, Ye Feng didn't care that his skill just increased a little.

Yes, I'm still quite happy.

Ye Feng continued walking towards the depths of this underground cave.

As Ye Feng continued to walk, Ye Feng could feel more and more that there was a very frightening aura deep in the underground cave.

Ye Feng suddenly became very vigilant.

If Ye Feng felt that the depth of this underground cave made him afraid before, now it is not just fear, but also makes Ye Feng feel a creepy and terrifying feeling.

At this moment, Ye Feng suddenly showed a look of surprise in his eyes. It seemed that he did not expect that in this seemingly ordinary underground cave that he accidentally encountered, there was an existence that made him feel so scared. Absolutely He is a very scary demon, otherwise, it would be impossible for him to feel like this.

This made Ye Feng suddenly want to exit this underground cave to explore.

Because this time I came to look for the old patriarch of the Sun God Clan, but there was no need to risk my life just to find the old patriarch of the Sun God Clan.

Just when Ye Feng was hesitating, Ye Feng suddenly saw a group of demon warriors wearing black armor walking through an underground passage not far away.

Ye Feng suddenly showed a look of astonishment in his eyes. ??

I saw these demon warriors wearing black armor holding iron ore with golden light in their hands.

When Ye Feng saw these iron ores, his eyes immediately revealed a look of surprise. These iron ores emitting a faint golden light obviously contained the power of the sun's essence. Otherwise, it would be impossible to emit such a strong golden light.

Moreover, this kind of iron ore that is fused with the essence of the sun is found throughout the wilderness.

Only the Sun God Clan can use it.

Other races have no use value for this kind of ore at all.

So at this time, Ye Feng immediately thought of the old patriarch of the Sun God Clan.

This made Ye Feng couldn't help but have a rather shocked expression on his face.

Because Ye Feng suddenly thought of a guess.

Could it be that the old patriarch of the Sun God Clan is practicing in seclusion in this underground cave? Not only will he not be chased by demons, but there may be a powerful demon helping him.

Because Ye Feng felt that the iron ore with the essence of the sun in the hands of these demon warriors was probably specially sent to the ancestors of the Sun God Clan for use.

Ye Feng had this idea in his mind, and immediately felt that this idea was very possible, and he was afraid that his guess was true.

Because it seems reasonable when I think about it. After all, the old patriarch of the Sun God Clan, as the patriarch of the number one overlord race in the wilderness, must have made many powerful helpers in his daily life.

Maybe there is a powerful demon in the deepest area of the 100,000 Mountains, who is a friend of the old patriarch of the Sun God Clan, so the old patriarch of the Sun God Clan will go deep into the depths of the 100,000 Mountains to practice in seclusion instead of staying in Cultivation within the Sun God Clan.

When Ye Feng thought of this possibility, he immediately had a plan in mind. A cold smile appeared on his face, and he approached the group of demon warriors who were transporting the sun's essence iron ore.

Ye Feng's idea now is very simple, that is, don't alert others for now, first find a way to get into this group of demon warriors, and follow them to deliver this batch of iron ore containing the essence of the sun. Maybe he can touch the sun. The old patriarch of the God Clan.

#### Chapter 4885 Underground Kingdom

At this time, Ye Feng quickly approached the group of teams escorting the iron ore containing the essence of the sun.

The way for Ye Feng to sneak in is very simple, that is, Ye Feng's skills can completely transform into the skills and aura of these demon warriors.

So Ye Feng came behind the team of demon warriors, knocked out the last lone demon warrior, and then transformed his own skills and blood energy into the demon's blood energy, and then Ye Feng knocked out the demon warrior. The armor of the demon warrior he knocked unconscious was taken off and put on his body. In this way, Ye Feng completely blended into the demon warrior team.

This demon team was huge, with hundreds of demon warriors united together, so the last lone demon warrior was knocked unconscious by Ye Feng, and no demon warrior noticed at all, because Ye Feng's entire process Very fast, very secretive, not sloppy at all.

At this moment, Ye Feng blended into the team of demon warriors and didn't ask any questions. Instead, he silently followed the entire team and walked quickly towards the deepest part of the demon cave.

When Ye Feng followed this group of monsters to the deepest part of the underground cave, he suddenly felt that his vision suddenly became brighter.

I saw that in the deepest part of this underground cave, a huge underground space was opened up.

On the land of this underground space, ancient buildings were built, which looked like an underground kingdom.

Ye Feng could feel that there was a very terrifying demon lurking in this underground kingdom, which made Ye Feng feel terrified at this moment.

Ye Feng immediately understood that this underground cave was just like what he imagined. It was home to a very terrifying demon and even established an underground demon kingdom.

This made Ye Feng pay more attention to the entire Great Wilderness Hundred Thousand Mountains area. It seems that this dangerous area in the deepest part of the Hundred Thousand Mountains is indeed more terrifying than he imagined. There are many terrifying demons from the ancient era entrenched in it, and there are also Such a huge demon kingdom was established.

No wonder even people from the land of Zhongzhou rarely come to the wilderness, because the wilderness is endless, and the demons contained in it are really countless and terrifying.

At this moment, Ye Feng was thinking secretly in his heart, and then followed this group of demons and continued walking towards this underground kingdom.

Soon, Ye Feng came to an ancient castle in this underground kingdom.

But at this time, the entire team suddenly stopped, and Ye Feng also stopped.

At this moment, a young man wearing a golden robe suddenly walked out of the castle.

The young man in a golden robe glanced at the group of monsters in front of him, and immediately said: "Put the iron ore containing the essence of the sun where it is. You can go directly now and leave here."

Hearing what the young man in golden robes said, the hundreds of demon warriors present nodded their heads, placed the iron ore containing the essence of the sun in their hands on the ground, and then turned around and left.

When Ye Feng saw this scene, although he was very curious about whether the old patriarch of the Sun God Clan lived in this castle, Ye Feng did not dare to reveal his true identity rashly now, so he had to do as the young man said, and Like other demon warriors, they put the iron ore containing the essence of the sun in their hands.

on the ground, then turn around and walk away.

When Ye Feng left, he turned around slightly and saw that the young man had put all the iron ore into the storage ring, then opened the door of the castle and walked in.

Ye Feng glanced at the moment when the castle door opened, but unfortunately, Ye Feng did not see anything special, which made Ye Feng a little disappointed.

However, Ye Feng has already made a plan. When the moon is dark and the wind is high tonight, and there is no one around, he will lurk here alone to see if the person living in this castle is the old patriarch of the Sun God Clan.

While Ye Feng was thinking secretly in his heart, Ye Feng followed a group of demon warriors and left the underground kingdom again and headed outside.

Ye Feng didn't know where the team was going, but Ye Feng still went with it. After all, Ye Feng was not familiar with everything here. If he left the team rashly, he wouldn't know where to go for the time being, and he would probably be lost in an instant. Exposing his identity, Ye Feng could only bite the bullet, remember the way he came, and then follow this group of demon warriors towards the outside of the underground kingdom.

When Ye Feng left the underground kingdom, he followed the team back to the passage of the underground cave.

Ye Feng understood at this time, it is estimated that this group of demon warriors specializes in mining iron ore that contains the essence of the sun, and has almost no time to rest.

This made Ye Feng suddenly feel a bit shocked in his heart. He didn't expect that this group of demon warriors were also working hard. They were just hard laborers who were not allowed to rest.

At this time, Ye Feng followed this group of demon warriors, passed through the winding passages of the entire underground cave, and finally came to another place in the underground cave.

This is a relatively deserted part of the underground cave. There is nothing around it, but there is a huge pit.

In the pit, there are pieces of ore shining with golden light.

These should be iron ores, and they are iron ores that contain the essence of the sun.

Ye Feng didn't care at first. He planned to wait until the whole team rested at night, then return to the underground kingdom and the castle to see if the old patriarch of the Sun God Clan who lived there was the one he had been searching for.

But Ye Feng didn't care at first, but suddenly at this moment, the entire iron mine containing the essence of the sun suddenly began to vibrate.

The surrounding group of demon warriors were a little panicked and hurriedly said: "Run quickly! Something terrible must have happened inside this iron ore that contains the essence of the sun."

After saying that, a group of demon warriors all left quickly.

But at this moment, after all, several demon warriors had no time to escape, and were instantly sucked into the inner space of the iron ore by the terrifying suction force generated by the iron ore in front of them, including Ye Feng.

Ye Feng was actually capable of resisting this terrifying suction, but at this moment, Ye Feng suddenly sensed that the inner area of the iron ore seemed to contain some very large and terrifying aura.

Ye Feng knew that the place where such natural resources were born must be very extraordinary, so Ye Feng followed the trend, without resisting the suction, and was directly sucked into the inner space of the iron ore, just in time to see Take a look at what's inside. Could it be that a mineral mountain spirit was born in this iron ore vein?

Chapter 4886: My Lord

And just when Ye Feng was thinking secretly in his heart, Ye Feng found that the world was spinning and he had been sucked into the inner space of the iron ore.

At this moment, Ye Feng suddenly saw that he fell into a small space inside the iron ore.

It's like a secret room, surrounded by iron ore walls, like a small cubic space inside an ore vein.

At this moment, several other demon warriors were sucked in.

The moment they were sucked in, their eyes showed deep fear, and they screamed in horror: "This terrible monster in the iron ore has once again captured the sacrifice." , is going to eat us."

Seeing this scene, Ye Feng's eyes showed a look of surprise, as if he didn't expect that these extremely ferocious demons would show such fear.

And just when Ye Feng was thinking in his mind, suddenly a terrifying golden flame suddenly appeared on the surrounding iron ore wall. It had terrifying burning power and was slowly baking this... Small space.

Ye Feng only felt that the small space inside the mine where he and these demon warriors were located was like an alchemy furnace.

As for himself and a few demon warriors, they are the raw materials being refined.

At this moment, Ye Feng could see that several demon warriors around him, because of their relatively weak cultivation, were directly roasted into a blackened piece when the golden flame appeared, and died instantly.

When Ye Feng saw this scene, his eyes immediately revealed a look of surprise. It seemed that his guess was wrong. This iron ore was not the spirit of an iron ore mountain that was born inside.

Because if it is the mountain spirit of the Iron Ore Mountains, it is impossible to display such a terrifying golden flame power. Even my own immortal body of the gods feels a huge threat and is about to melt.

At this time, Ye Feng immediately stood up, looked at the small space around him, and said loudly: "Who is your Excellency? Why are you lurking in this iron ore, roasting the bodies of these demon warriors, as if you are trying to refine something? Evil elixir? Are you some kind of evil alchemist lurking here who specializes in capturing these lone monsters to refine evil elixirs?"

Ye Feng

The moment the words fell, an ancient and majestic voice suddenly sounded throughout the inner space of the iron ore: "Nonsense! I didn't refine any evil elixir, I just wanted to burn these monsters

to death. In order to I let out a bad breath, but you have not been burned to death by my golden flames so far. It seems that you are a very powerful demon. The demon kingdom sent you such a powerful demon to mine here. It is really a waste of natural resources. It seems that I have to go through some extra tricks to burn this extraordinary monster like you to death."

Hearing the voice from inside the mountain range say this, Ye Feng's eyes suddenly moved and he couldn't help but say: "From the tone of senior, it seems that he has a grudge against the demon kingdom in this underground cave?"

The moment Ye Feng's words fell, the mysterious being inside the mine immediately laughed, but there was a bit of sadness in the laughter, and said loudly: "Not only do I have a grudge against this demon kingdom, I simply hate them to the core! I want to kill them!" Only by annihilating their entire demon kingdom can the anger and hatred in my heart be quelled!"

Hearing what the mysterious being inside the mountain range said, Ye Feng showed a rather surprised look in his eyes, and couldn't help but said: "Senior, you have actually misunderstood me. I am not a member of this demon kingdom. On the contrary, I just like my predecessors, I have conflicts with this demon kingdom."

After saying that, Ye Feng directly dissipated his disguised skills and aura, and directly turned into human aura and life energy.

And the moment Ye Feng transformed his power, the golden flames around him suddenly stopped.

The mysterious being inside the mine seemed silent for a moment, and then said with some uncertainty: "You are not from that demon kingdom? You are a pure human boy. How is this possible? This underground cave is very heavily guarded, and the terrain it's so complicated that it's difficult for outsiders to find the place where they sealed me. How did you get here?"

"Um?"

After hearing such a long paragraph from this mysterious existence, Ye Feng obtained a lot of shocking information.

It turns out that this mysterious existence was used by the demon kingdom

A powerful seal, trapped here.

Ye Feng couldn't help but asked: "Who is the senior? Why are you trapped here by that demon kingdom? And that demon kingdom only sent some very ordinary demon warriors to mine the mineral veins here. Why is that? They seem to I don't want to kill you completely."

Hearing Ye Feng's question, this mysterious being was silent for a moment, and then slowly said: "Since you are destined to me, it doesn't matter if I tell you. The reason why they trapped me here is not directly They killed me just to make full use of me. They wanted the solar essence energy naturally emitted from my body to gradually evolve the entire huge underground mine into an iron ore vein containing the sun's essence. They mined these The iron ore containing the essence of the sun is a special demon cultivated by their demon kingdom in order to maintain their existence. That demon disguised myself as me, entered the wilderness, secretly controlled the entire Sun God Clan, and secretly helped this demon continuously. The Kingdom obtains the resources and wealth of the Sun God Clan. It's so shameful that I have been trapped here, letting the entire Sun God Clan be controlled by that hateful guy."

"What??"

At this moment, after hearing the words of this mysterious existence, Ye Feng seemed to understand something, his eyes widened immediately, and he couldn't help but said: "Senior, can't he be the leader of the Sun God Clan? In other words, he is the real patriarch of the Sun God Clan! And the old patriarch of the Sun God Clan I met before was a powerful demon disguised as a senior. "

Hearing Ye Feng's words, the entire iron ore vein suddenly began to shake violently. It seemed that the mysterious existence was very shocked and excited, and even a little speechless.

At this time, Ye Feng suddenly understood why the old patriarch of the Sun God Clan did not go into seclusion among the Sun God Clan to recover from his injuries, but traveled thousands of miles to recover from his injuries in such a dangerous demon kingdom deep in the Hundred Thousand Mountains. Such a needless move, It turns out there is a reason.

It turns out that the old patriarch of the Sun God Clan whom Ye Feng met before was disguised as a powerful demon, so he suffered huge losses before returning to his home base, which is the underground demon kingdom, to practice in seclusion.

As for this monster

Why the devil is able to maintain and possess the power of the Sun God Clan is because the real patriarch of the Sun God Clan is imprisoned here and is forced to continuously absorb the power of the Sun God Clan by the demon to maintain the demon disguised as the patriarch of the Sun God Clan. Only with the power of the essence of the sun can the powerful demon in the demon kingdom continue to disguise himself as the patriarch of the Sun God Clan, secretly controlling the entire Sun God Clan, and helping the demon kingdom obtain the cultivation resources of the entire wilderness.

At this time, Ye Feng suddenly understood why the old patriarch of the Sun God Clan had previously regarded his biological daughter, the Sun Goddess, as a tool and flag for his own use, without any affection at all.

It turned out that the old patriarch of the Sun God Clan had been transferred to another party a long time ago.

Now on the surface, the old patriarch of the Sun God Clan is actually disguised as a demon from the depths of the Hundred Thousand Mountains.

The real patriarch of the Sun God Clan is trapped deep in this iron ore vein, constantly being drained of the sun's essence power.

Thinking of this, Ye Feng felt dizzy for a moment. He didn't expect that the real situation would be like this.

But at this time, Ye Feng also felt a kind of ecstasy in his heart. He unexpectedly met the true patriarch of the Sun God Clan. If he could save the true patriarch of the Sun God Clan, then the disguise that was a huge threat to him would The powerful demon who has become the leader of the Sun God Clan is nothing to be afraid of.

Even I don't have to work hard to help the Sun Goddess compete for the position of the clan leader. If I save the true patriarch of the Sun God Clan and return to the Sun God Clan, then I will instantly become a guest.

As soon as he thought about this, Ye Feng immediately said loudly to the people around him: "Senior, your biological daughter Sun Goddess and I are good friends. I didn't expect that someone is pretending to be you and has been secretly controlling the entire Sun God Clan. It's really infuriating. , it just so happened that I came here today and met senior. It was destined that we would meet. I don't know how I can rescue senior, and then we will go together to eradicate the impostor pretending to be senior. ! That impostor was seriously injured by me using the Feng Shui power of the mountains and rivers, now is a good opportunity to eradicate him! "

## Chapter 4887 Ninety-nine

After Ye Feng finished speaking, the entire mine suddenly fell into silence.

Then the voice of the mysterious being, the real leader of the Sun God Clan, rang out again: "It's not that I look down on you, it's just that your current cultivation level is too weak. Did you really seriously hurt that impostor? What should I do? I think it's a bit unlikely."

When Ye Feng heard what the leader of the Sun God Clan said, he immediately smiled and said: "Because I am still a Feng Shui master, and I have mastered the extremely powerful Feng Shui secret technique. The reason why I was able to seriously injure that impostor before, it is because I took advantage of the feng shui power of the extreme mountains and rivers where an ancient tomb is located, and the power of the majesty between heaven and earth, that I severely damaged it. To be honest with my predecessors, this time I specifically entered the deep area of the Hundred Thousand Mountains, and even I tracked down this underground cave in order to take advantage of the fact that the impostor pretending to be you, senior, was seriously injured and eradicate him in one fell swoop. However, I didn't have much confidence before, but now if I can remove senior from this If he is rescued from the seal, the two of us working together will be able to completely eliminate the counterfeit, and even completely eliminate the demon kingdom in this underground cave to avoid any future troubles. "

At this time, Ye Feng spoke in a rather harsh tone.

Hearing what Ye Feng said, the leader of the Sun God Clan, who was sealed somewhere in the mine, immediately became a little excited and said, "You actually know such advanced Feng Shui secrets. , it seems that I have underestimated you as a junior, but since you can become good friends with my daughter Sun Goddess, it is enough to show that your qualifications are very extraordinary, because my eldest daughter has a very high vision, and few people have People of the same age are looked down upon by him, let alone becoming his good friends."

After finishing speaking at this time, Ye Feng quickly asked: "Senior, how can I rescue you from the seal of this mineral vein? I also have a lot of research on formations, senior, please believe me. "

Hearing what Ye Feng said, this member of the Sun God Clan who was trapped deep in the mine veins

The clan leader finally nodded, and then said aloud: "Okay, if you can really rescue me and help me get revenge, then when you return to the Sun God Clan, you will be our Sun God Clan's biggest benefactor, and also me. My savior, you will enjoy the same great power as me in our Sun God Clan."

Hearing what the patriarch of the Sun God Clan said, Ye Feng felt happy in his heart, but on the surface he still remained humble and said: "I am good friends with the senior's daughter, the Sun Goddess. This time, since I met my senior, he was If we are trapped here, we should rescue our seniors."

Hearing Ye Feng say this, although he knew that Ye Feng was deliberately being modest, what he said was still very satisfying.

The patriarch of the Sun God Clan immediately burst out laughing and said, "You are a good boy. If there is a chance in the future, it would be a good story to marry my daughter and form a martial arts partner."

Hearing what the leader of the Sun God Clan said, Ye Feng had a look of surprise in his eyes, and then he shook his head helplessly without saying anything more.

At this moment, the patriarch of the Sun God Clan said loudly: "Young man, what is your name?"

Ye Feng immediately said: "My name is Ye Feng."

The patriarch of the Sun God Clan said loudly: "Ye Feng, look to the right of your small space. There is a formation eye there. If you really understand the formation, then you can control this formation." A formation eye came to the core of the formation where I was trapped. I am now trapped in the core of the formation and cannot move. I can only guide you to me, but it is very dangerous. I don't know if you Willing to take risks to save this old guy like me."

Ye Fengli

Ma just laughed loudly and said, "Why don't you dare?"

After finishing speaking, Ye Feng looked directly in the direction pointed by the patriarch of the Sun God Clan.

Sure enough, somewhere on the right wall of this small space, Ye Feng used the Eye of Heaven and Earth and saw a shining light group, which was an eye of this formation.

This formation has not only one eye, but countless eyes. Otherwise, it would be impossible to trap such an earth-shattering figure as the leader of the Sun God Clan.

However, as long as Ye Feng can control this formation eye, he can freely shuttle through the formation.

This is Ye Feng's personal ability, which is very powerful.

So at this moment, Ye Feng didn't hesitate and came directly to the formation eye, then stretched out his hand and touched the formation eye.

The patriarch of the Sun God Clan secretly reminded: "Be careful, otherwise, if you are not careful, you may be killed by the entire formation. I am the body of the Golden Crow and possess the ancient Golden Crow." The bloodline power of the divine beast, so I can withstand the power of this formation, but your current cultivation is still relatively weak and you cannot bear it."

Hearing the reminder from the leader of the Sun God Clan, Ye Feng immediately grinned and said, "Senior, don't worry, just leave everything to me."

Buzz!

After saying that, Ye Feng used his power to activate the Feng Shui power of the surrounding mineral veins, and then directly activated the formation eye in front of him.

Following a burst of energy fluctuations, Ye Feng's entire body suddenly disappeared in front of this formation eye. Instead, through this formation eye, he was teleported to the core of the entire formation.

The core of this formation is in the deepest part of this mine.

The moment Ye Feng came here

, I immediately saw that here is a huge underground cave.

High above this underground cave, there are a total of ninety-nine black chains, tied to a flying ancient golden crow.

This Golden Crow is very huge and very ancient, giving people a sense of vast vicissitudes of life.

This is the leader of the Sun God Clan!

He is the true identity of the patriarch of the Sun God Clan!

At this moment, Ye Feng immediately felt the vastness of the opponent's aura, which was much stronger and larger than that of the counterfeit. It was definitely much more powerful than that of the counterfeit.

If that impostor didn't have the support of an entire demon kingdom in the underground cave, he wouldn't be able to pretend to be the leader of the Sun God Clan.

At this moment, Ye Feng immediately looked at the huge golden crow tied high in the sky and said, "Senior, I'm here."

Seeing that Ye Feng really appeared in front of him, this golden crow, the leader of the Sun God Clan, suddenly showed a look of surprise in his eyes, and then he couldn't help but said in admiration: "You young man, As expected, your ability is incredible. I'm curious about where you come from. But being able to be my daughter's friend shows that your status is also very extraordinary. Which race of young genius are you?"

Ye Feng smiled and said: "Senior, I am not a genius in the wilderness. I come from the Blood Demon Dynasty in the Northern Territory. But there is no need for us to talk nonsense now. I'd better hurry up and rescue senior."

The patriarch of the Sun God Clan shook his head and said aloud: "The ninety-nine black chains that tie my body are the king of the demon kingdom. He used the meteorite gold to fuse the strongest of our demon interfaces. Made of black mountain black iron, let alone a young man with your level of cultivation, even the weapons in the hands of the top experts in the wilderness with my level cannot break this chain. "

Chapter 4888 Go directly

Obviously at this time, the patriarch of the Sun God Clan still lacks the confidence to escape from this seal.

Because the chain that trapped his entire Golden Crow body could be said to be very strong and impossible to destroy.

Even a big shot in the wilderness who is on the same level as the leader of the Sun God Clan is absolutely impossible to possess a magic weapon that can destroy this black chain.

So at this time, seeing that Ye Feng's cultivation level was so low, the patriarch of the Sun God Clan naturally felt that Ye Feng was unlikely to be able to break the black chains tied to his body.

After all, it is difficult to have a magic weapon that can destroy these black chains in the entire wilderness, let alone a young man like Ye Feng. .??.

But at the next moment, a golden sword suddenly appeared in Ye Feng's palm, and he slashed forward.

Click! Click!

The next moment, the golden sword in Ye Feng's hand suddenly cut off all the black chains on the leader of the Sun God Clan.

"What??"

The patriarch of the Sun God Clan's eyes widened slightly at this moment. It seemed that he had never thought that Ye Feng actually had such a sharp weapon in his hands. The black chains on his body were chopped into pieces in an instant and turned into pieces. Pieces of broken iron chains fell to the ground.

At this moment, the patriarch of the Sun God Clan couldn't help but stare at the young man Ye Feng in surprise, and couldn't help but say: "It seems that I still underestimated you."

Ye Feng grinned and said: "It just happens that I have this kind of weapon in my hand that can cut off strong chains."

At this moment, Ye Feng seemed to be quite relaxed and casual as he spoke.

But the patriarch of the Sun God Clan stared at the golden sword in Ye Feng's hand, his eyes showing deep shock.

Because he knew very well that the golden sword in Ye Feng's hand

The long sword has such terrifying sharpness, which is enough to show that this golden long sword is definitely a very terrifying weapon, and it is definitely not as simple as Ye Feng said.

But no matter what, now that Ye Feng can cut off all the black chains on his body, the leader of the Sun God Clan is very happy.

The patriarch of the Sun God Clan originally thought that he would be trapped in the depths of this iron ore vein forever for the rest of his life, fearing that he would never see the light of day. However, fate allowed him to meet a magical young man like Ye Feng, who could help him. Get out of the seal.

Because Ye Feng not only knew the secrets of Feng Shui, but also the art of formations, and even held such a powerful golden long sword weapon in his hand, which naturally shocked the patriarch of the Sun God Clan deeply.

The patriarch of the Sun God Clan stared at Ye Feng and felt that if this young man was given time, he would definitely become a powerful figure in the future.

Thinking of this, the patriarch of the Sun God Clan looked at Ye Feng without the previous contempt. Even the seniors looked at the younger generation much less. He completely treated Ye Feng as an equal to himself. of. "

Ye Feng didn't think much about it at this time. He just wanted to quickly rescue the real leader of the Sun God Clan, and then go together to destroy the counterfeit who had a grudge against him, and even destroy the entire underground cave. Demon kingdom.

After all, he already has conflicts and hatred with this demon kingdom, so it is the safest way to destroy them all.

So when Ye Feng met the leader of the Sun God Clan in this iron ore vein and was trapped here, he naturally wanted to rescue him without hesitation.

at this time,

The golden sword in Ye Feng's hand is naturally the Sword of the Gods, which is the token of the God Clan.

It has to be said that the God Sword is indeed a very sharp weapon. Although it cannot burst out with earth-shattering weapon power, the terrifying sharpness alone has benefited Ye Feng endlessly.

At this time, the Heavenly Sword did not disappoint Ye Feng, and soon cut off all the ninety-nine black chains tied to the leader of the Sun God Clan.

At this moment, when all ninety-nine black chains were cut off, a terrifying power like the blazing sun surged up on the Golden Crow high in the sky.

That kind of power, as vast as an abyss and as majestic as the ocean, made Ye Feng unable to help but take several steps back at this moment.

This made Ye Feng's eyes suddenly show surprise.

This true patriarch of the Sun God Clan is indeed more terrifying than he imagined.

The power in him was that of the real Golden Crow Divine Beast, which was far more pure and powerful than the previous fake.

At this time, Ye Feng stared at the Golden Crow high in the sky and said quickly: "Senior, please don't get angry for the time being and send out such a majestic power. Otherwise, it is very likely to alert the snake and cause an uproar in this underground cave demon kingdom. Notice."

Hearing what Ye Feng said, Jinwu immediately nodded and flew down from the sky.

When it flew in front of him, the huge Golden Crow had already transformed into a middle-aged man wearing a golden robe in a burst of light, but his hair was full of white.

Obviously, this true leader of the Sun God Clan has been trapped here for so many years and has consumed so much of the original power of the Golden Crow that his hair has turned white.

Ye Feng couldn't help but said: "Senior needs to recover for a period of time before going to the demon again."

Looking for trouble in the Demon Kingdom? "

The patriarch of the Sun God Clan immediately shook his head and said coldly: "Back then, I was fighting an ancient demon god deep in the Hundred Thousand Mountains, so I gave the demon kingdom in this underground cave the opportunity to take advantage of people's danger. I was captured and brought back. Although there are powerful demons in this demon kingdom, there is no danger. I have escaped. Even if my injuries have not fully recovered, it is not something that a small demon kingdom can resist. "

Hearing what the leader of the Sun God Clan said, Ye Feng's eyes suddenly showed a look of surprise.

It turns out that the leader of the Sun God Clan was taken advantage of by the demon kingdom in this underground cave because he fought with a demon god deep in the mountain.

It turns out that the leader of the Sun God Clan was not as defeated as he thought, and he would not have been directly controlled by a demon kingdom in an underground cave in its heyday.

Ye Feng immediately nodded and said: "Since senior has such confidence, let's go directly to the demon kingdom."

After Ye Feng finished speaking, the leader of the Sun God Clan immediately nodded, with a hint of murderous intent in his eyes, and the entire surrounding mineral veins condensed into a layer of frost.

It has to be said that the true patriarch of the Sun God Clan is indeed extremely powerful in cultivation. Just a thought of killing is enough to freeze the world and trigger changes in the general trend of the world.

Ye Feng yearned for this powerful state in his heart, and he didn't know when he would be able to cultivate to such a powerful level.

But no matter what, this chance to rescue the true patriarch of the Sun God Clan is undoubtedly a huge blessing for me. It can not only solve my current urgent need to deal with the counterfeit, but also help me. The future also has huge benefits.

Chapter 4889 So earth-shattering

At this time, Ye Feng didn't hesitate at all and just led the way from the front.

Previously, Ye Feng followed the group of mining demon warriors and walked in this underground cave for a long time, and he already had a very clear understanding of the complete route.

So at this time, Ye Feng knew exactly how to return to the demon kingdom in the underground cave.

Under the leadership of Ye Feng, Ye Feng and the patriarch of the Sun God Clan soon arrived at the entrance of this underground kingdom.

At this time, a series of ancient buildings suddenly appeared in front of Ye Feng, standing on the ground.

The entire underground space of this underground cave was dug out to a large area, and an underground demon kingdom was built. ??

At this moment, when the leader of the Sun God Clan, who was standing next to Ye Feng, saw this scene, his eyes suddenly showed a cold smile, and he said loudly: "Finally, I am here again."

After finishing speaking, the patriarch of the Sun God Clan suddenly jumped up and flew high into the sky.

Then his whole body turned into a golden crow again, and a bright golden light bloomed from his body, and then he appeared high in the sky as if he had turned into a sun.

And a sudden scene caused all the demons in the entire demon kingdom to run out of their respective places of residence and look up at the sky.

Looking at the golden sun that suddenly appeared in the sky, many demons showed deep horror in their eyes.

Some demons couldn't help but said: "What's going on? How come a sun appears in our underground space?"

However, some powerful demons had extraordinary eyesight and saw clearly the real scene in that ball of golden light. They couldn't help but shouted in horror: "That's not the sun! That's a terrifying Golden Crow! Oh no! That old Golden Crow got out of trouble." "

At this moment, all the demons in the entire demon kingdom suddenly became horrified and extremely frightened.

\u003e But just when they were about to escape, the Golden Crow body transformed into the leader of the Golden Crow clan suddenly burst out with a bright golden light.

Uh-huh! Uh-huh! Uh-huh!

Then countless golden light waves turned into divine beams that were like golden swords. Like a volley of thousands of arrows, they burst out from high in the sky and struck towards the entire demon kingdom.

Boom! Boom! Boom!

At this moment, all the land and buildings in the entire demon kingdom were pierced by golden beams of light.

The whole earth is shattered.

Many buildings in the demon kingdom also collapsed.

At this moment, Ye Feng saw this scene from a distance and couldn't help but sigh.

The leader of the Sun God Clan is truly terrifying in his cultivation. Once he takes action, it will be so earth-shattering.

Almost in just a few breaths, most of the buildings and demons in the entire underground cave and the demon kingdom have been killed.

At this time, a voice that was extremely frightened and angry came out from the depths of the demon kingdom: "How is this possible? How can a golden crow like you escape from the trap?"

The moment he finished speaking, a majestic black figure like a mountain appeared in the depths of the demon kingdom.

It was a huge demon with a majestic height of more than 100,000 meters. There were eight pairs of wings on its back. Each pair of wings was covered with black scales. When opened, it seemed to be able to cover the sky and the sun. The two demons' eyes are like red lanterns, emitting a strange red light, giving people the impression that they are like a huge vampire appearing from behind the demon kingdom.

Apparently, this one has eight pairs of big black wings

The demon is a demon with very ancient bloodline, and he is also the king of the entire demon kingdom.

At this moment, the king of the demon kingdom, this ancient great demon, was awakened. He woke up from his deep sleep, spread out eight pairs of huge demon wings, covered the sky and the sun, and charged directly towards the leader of the Sun God Clan. Go, it seems that he wants to fight against the leader of the Sun God Clan.

The leader of the Sun God Clan immediately said coldly: "Red-eyed Demon Ancestor, you came just in time. I was attacked and sealed by a villain like you before. Today I want you to die without a burial place!"

Boom! !

At this moment, a terrifying battle suddenly broke out in the entire sky.

The terrifying and chaotic aftermath of the battle shattered all the buildings in the surrounding underground kingdom to pieces.

At this moment, Ye Feng wasted no time and immediately took advantage of the chaos to rush into the entire chaotic demon kingdom, quickly harvesting the lives of each demon.

And all the demons that were previously killed by the leader of the Sun God Clan were enveloped in his own devouring domain.

Wherever Ye Feng passes, it can be said that not a single blade of grass grows. ??

All the demon's blood energy was absorbed by Ye Feng.

Although the cultivation of these demons is relatively ordinary, you must know that this is a huge demon kingdom, so there are enough demons devoured by Ye Feng.

Ye Feng's skill suddenly increased at an incredible speed.

With the accumulation of so much blood energy, Ye Feng's current bottleneck in the tenth level of the Transformation Realm has begun to loosen up.

Suddenly at some point.

Boom! !

Ye Feng's body suddenly erupted with a terrifying aura of cultivation.

Ye Feng's Xiu

Because, Ye Feng's big bottleneck finally broke through at this moment, directly breaking through to the Half-step Condensation Realm above the Void Transformation Realm!

At this moment, Ye Feng achieved a breakthrough in his cultivation, and it was a breakthrough in a major bottleneck, which allowed Ye Feng's cultivation skills, including various comprehensive strengths, to be unparalleledly improved.

It has to be said that although the ordinary demons in these demon kingdoms are not very powerful, the energy provided by so many demons is also very huge, allowing Ye Feng to break through very quickly.

At this moment, after Ye Feng's cultivation had broken through to the half-step Condensation Realm, his eyes naturally revealed a look of deep surprise. This time, he really saved the right person.

But just when Ye Feng continued to prepare to harvest other ordinary demons and continue to grow his cultivation base.

Suddenly a very surprised but angry voice sounded: "It's you, little brat!"

Ye Feng immediately looked in the direction of the sound, and immediately saw a familiar figure.

It was the counterfeit patriarch of the Sun God Clan who had a life-and-death feud with Ye Feng before!

At this moment, Ye Feng stared at the impostor, and immediately showed a cold smile on his face, and said loudly: "I didn't expect that you, a monster, would be so bold, daring to pretend to be the leader of the Sun God Clan, in the wilderness. It stirs up trouble and makes the world uneasy! I must settle our previous grudges! Today is the day you die!"

Hearing what Ye Feng said, this fake monster who had previously pretended to be the leader of the Sun God Clan immediately burst into laughter and said loudly: "Originally, I thought of finding you in person and killing him directly, but I didn't expect you. The boy is here. Your cultivation has indeed improved a lot, but it is still far behind me. What's more, you are still on the territory of our demon kingdom and have no external power at all. You can use it. This time, I will definitely kill this hateful boy like you!"

Chapter 4890 This time

At this moment, this fake demon who had previously disguised himself as the leader of the Sun God Clan was staring at Ye Feng with extreme hatred and murderous intent.

Because he blames all the current failures on Ye Feng. If it weren't for Ye Feng, he might still be able to turn his hands into clouds and rain among the Sun God Clan.

But the sudden appearance of Ye Feng disrupted all his plans. Not only did he suffer serious injuries, but his disguise was also exposed. Ye Feng even rescued the real leader of the Sun God Clan.

So all this naturally made this fake demon feel very angry, and he wanted to kill Ye Feng immediately.

But at this time, Ye Feng's eyes also had unfathomable killing intent.

Because the fake demon had chased Ye Feng so miserably that he almost died.

So at this time, when the two met, it was natural that they were enemies, and they were extremely jealous.

Boom!

Boom!

At this moment, both bodies suddenly erupted with terrifying power, and their auras rushed towards both sides.

At this moment, Ye Feng directly burst out with the extremely powerful cultivation momentum that he had just broken through, and his whole body burst into brilliant golden light.

But the golden light emanating from Ye Feng's body was not the golden light of the Sun God Clan's fire attribute, but the power of the immortal body of the gods, which was much more terrifying than the Sun God Clan's golden light and flame.

At this moment, Ye Feng turned into a golden little giant and charged forward. With every punch and kick, he could burst out with tremendous power.

The counterfeit demon opposite also revealed his true form at this time.

He turned out to be a fire demon whose whole body was burning with flames. No wonder he could disguise himself as the leader of the Sun God Clan.

At this time, this flame demon was burning with golden flames, and there was even a crimson flame crown on top of his head, making him feel very noble.

And at this moment, the flame demon grabbed hard and pulled out a huge sword burning with flames from under the earth.

At this moment, this flame demon was holding a giant flame sword and a flame crown on its head, like a demon in flames, heading towards Ye Fengzhen to kill him.

This flame demon had suffered heavy losses before, so even if his cultivation was four or five realms higher than that of Ye Feng, there was nothing he could do to Ye Feng for a while.

Ye Feng's golden fist contained the terrifying power of the immortal body of the gods. He punched it out hard, shattering the flame sword in the hands of the flame demon into pieces.

"What? How is this possible??"

Seeing this scene, the flame demon's eyes widened immediately. He seemed to have never imagined that Ye Feng had such a powerful body. It was stronger than when he encountered Ye Feng for the first and second time. I don't know how much stronger it is.

The flame demon immediately stared at Ye Feng in surprise, and couldn't help but said in horror: "What kind of existence are you, kid? How could you have such a strong power? In such a short period of time, Xiu Your overall strength has improved so much, and I can feel that your entire body has undergone a qualitative transformation and change. How did you do it? "This is incredible!"

At this time, it can be said that this flame demon is even doubtful about life.

Because the power that Ye Feng unleashed was really too shocking.

You must know that although this flame demon has suffered serious injuries before, it is still an extremely powerful existence. After all, it can disguise itself as a leader-level existence of the Sun God Clan.

Therefore, the strength of this flame demon itself is still very terrifying. Even if Ye Feng's cultivation level has improved so much, he cannot be his opponent.

But he suddenly discovered that Ye Feng was enough to fight against him even if he did not rely on outside power, but only relied on his own strength.

At this time, the flame demon suddenly stared at Ye Feng's huge golden body, and couldn't help but said in horror: "I understand! You have always been using the power of your body to fight against me. , no wonder you are so powerful. It turns out that the power of your body has undergone a qualitative transformation, and it seems to have improved to a higher level of life. How did you do it? How could you, a human, have such a stronger body than us demons? The whole family is still scary."

At this time, the flame demon could be said to be extremely shocked, because he never thought that Ye Feng could cultivate such a strong body as a human being.

At this time, Ye Feng just smiled coldly and said: "No matter what, you must die today."

Ye Feng and this flame demon pretending to be the leader of the Sun God Clan have met three times so far.

For the first time, Ye Feng was hunted down like a lost dog.

The second time, Ye Feng relied on the power of mountains and rivers, feng shui, and barely managed a draw with the flame demon, hurting both sides.

This time, Ye Feng will never allow the other party to escape again!

It must be completely eradicated!

At this moment, Ye Feng felt quite relieved that he had rescued the real patriarch of the Sun God Clan. Otherwise, even if he found the flame demon and the counterfeit, he would not be able to kill him.

Because in this demon kingdom, there is also an extremely terrifying red-eyed demon ancestor.

But now that the leader of the Sun God Clan is dragging along the extremely powerful king of the Demon Kingdom, the Red-Eyed Demon Ancestor, Ye Feng has the time and confidence to specifically deal with this flame demon.

"kill!!"

At this moment, Ye Feng roared loudly and unleashed the terrifying power of the God's Immortal Body with all his strength.

Ye Feng's whole body suddenly burst into brilliant golden light.

Ye Feng's entire body expanded rapidly again, directly expanding to a majestic height of tens of thousands of meters. Every move and every move contained the power to destroy the world, which gave people a very terrifying feeling.

At this moment, Ye Feng did not hesitate and attacked the flame demon crazily.

Although this flame demon is also very terrifying, under the attack of Ye Feng's even more terrifying golden body of the Immortal God, he was beaten back steadily, and even the flame crown on his head was broken by Ye Feng. piece.

"ah!!"

At this time, the flame demon felt extremely humiliated and yelled crazily, trying to fight against Ye Feng, but in the end he was determined but powerless.

In the end, the flame demon was hit hard by Ye Feng's golden fist, which shattered more than half of its body and was completely killed.

This fake person who pretended to be the leader of the Sun God Clan finally fell completely and died in the hands of Ye Feng. At this moment, this fake demon who had previously disguised himself as the leader of the Sun God Clan was staring at Ye Feng with extreme hatred and murderous intent.
