Chapter 4891 Forbidden Treasure

At this moment, Ye Feng also showed a happy look in his eyes. After tossing and plotting for so long, he finally killed his biggest enemy.

I have to say that this flame demon was quite unlucky to have provoked such a heaven-defying existence as Ye Feng.

Otherwise, he is probably still peacefully enjoying life among the Sun God Clan.

Buzz!

At this moment, Ye Feng didn't hesitate at all. He immediately released his Devouring Domain and began to devour the flame demon he had killed in front of him.

Although this flame demon had suffered heavy injuries before, the energy contained in its body was still very terrifying.

Boom! !

At this moment, after Ye Feng swallowed it, he immediately felt a huge amount of energy, which was immediately injected into his body. Ye Feng's skill immediately increased at an incredible speed. .

Ye Feng's current cultivation level is at the half-step condensation level, which is a big bottleneck.

So at this time, with the help of the terrifying power of this flame demon, Ye Feng's cultivation aura suddenly broke through. .??.

Boom!

Along with a terrifying momentum, it burst out from Ye Feng's body and spread in all directions.

At this moment, Ye Feng's cultivation finally completely broke through the Half-step Condensation Realm and entered the true first level of Condensation Realm.

And it goes far beyond that.

Because this flame demon is a very ancient demon.

After all, being able to pretend to be the patriarch of the Sun God Clan is enough to show how terrifying his cultivation is.

Therefore, the skill and blood energy he contained were much more powerful than Ye Feng imagined.

At this moment, after the demonic essence of this flame demon helped Ye Feng break through the current bottleneck, there was still undigested energy, still surging in Ye Feng's dantian.

r\u003e

Ye Feng continued to absorb, and his skill level was once again achieved a breakthrough.

Boom!

Condensing Dao Realm Second Heaven!

Boom!

The third level of the Condensing Dao Realm! !

At this moment, when Ye Feng's cultivation continued to grow by two levels and entered the third level of Condensing Dao Realm, he finally stopped.

At this time, Ye Feng clenched his fists and felt the huge surging power crisscrossing his body.

At this time, Ye Feng could feel that his strength had increased hundreds of times compared to before.

At this moment, Ye Feng broke through to a new level of cultivation in the Condensing Dao Realm, and also broke through to the third level of the Condensing Dao Realm, which immediately increased Ye Feng's combat power by hundreds of times.

At this time, high in the sky, the patriarch of the Sun God Clan was fighting fiercely with the Red-Eyed Demon Ancestor, both of whom were equally matched.

Of course, if he were the leader of the Sun God Clan at its peak, he would probably be able to easily kill the red-eyed demon ancestor instantly.

But now the patriarch of the Sun God Clan is trapped in that iron ore vein. The solar energy has been continuously absorbed from his body for so many years. Therefore, the patriarch of the Sun God Clan is now in an extremely weak state, but he can still fight against this red-eyed demon ancestor. up and down.

At this time, Ye Feng immediately said: "Senior, let me help you deal with this red-eyed demon ancestor."

In this demon kingdom, other ordinary demons are not to be feared at all. The only threats are the flame demon disguised as the patriarch of the Sun God Clan, and the king of this demon kingdom, the red-eyed demon ancestor.

After Ye Feng shouted at this time, the patriarch of the Sun God Clan couldn't help but said: "Ye Feng,

This red-eyed demon ancestor is very powerful, and it is not something you can participate in at your current level. You should wait below while I deal with this red-eyed demon ancestor. "

Ye Feng immediately said: "Senior, my current cultivation level has reached a new breakthrough, and as senior is the main force, it should be no problem for me to assist in the attack."

Hearing what Ye Feng said, the patriarch of the Sun God Clan sensed it and found that the cultivation aura on Ye Feng's body had indeed increased a lot.

He couldn't help but said in surprise: "I didn't expect you to break through another big realm in this short period of time, and every time you break through a big realm, your combat power seems to be much higher than that of ordinary cultivators. , after an ordinary cultivator breaks through a big realm, his combat power may only increase by a dozen or dozens of times, which is already very good. But I didn't expect that your combat power will increase by thousands or hundreds of times. In this way, you Now we can take part in the battle between us."

Hearing what the leader of the Sun God Clan said, Ye Feng immediately smiled and said, "I'm here!"

boom! !

At this moment, Ye Feng burst out with the powerful cultivation aura of the third level of the Condensing Dao Realm.

At this moment, Ye Feng also sensed that the cultivation level of the red-eyed demon ancestor who was fighting against the leader of the Sun God Clan was five or six realms higher than his own. It was indeed not something that he could fight alone. I am afraid that only the leader of the Sun God Clan could fight against him. Only the clan leader can resist.

Of course, the patriarch of the Sun God Clan is now in a weak state, so there is nothing he can do about the red-eyed demon ancestor for a while.

But Ye Feng felt that if he joined and assisted from the side, he might be able to turn the tide of the battle around. ??

After all, sometimes the two are in balance, and all it takes is a straw to overturn the balance.

And Ye Feng may be the straw that overwhelms the balance of the battle.

Uh-huh!

this moment

Ye Feng rushed up, and the huge demon, the Red-Eyed Demon Ancestor, immediately smiled disdainfully and said: "A small human, an ant-like existence, dares to participate in a battle between big people like us, I will just kill him You were killed instantly."

After finishing speaking, two crimson beams of light burst out from the eyes of the red-eyed demon ancestor. They seemed to be able to penetrate everything and had terrifying destructive power. They suddenly hit Ye Feng's face.

At this moment, Ye Feng shouted: "The Immortal Body of the God! The Halo of the God!"

At this moment, Ye Feng fully stimulated the power of his immortal body, and even displayed the aura of the god.

Buzz!

A halo appeared above Ye Feng's head, casting a colorful light, forming a defensive light shield.

Then Ye Feng relied on his tens of thousands of meters tall golden giant's immortal body to actually block this crimson light.

"What?"

Seeing this scene, the red-eyed demon ancestor suddenly said with quite surprised eyes: "You are a human ant who is five or six realms lower than me. You should have been killed instantly by my eyes. I didn't expect you." You are able to withstand the crimson light beam in my eyes. It seems that I have underestimated you, but it is of no use. Since you are forcing me so much, I will risk serious injury and death by using this That forbidden treasure will kill you all."

After saying that, the red-eyed demon ancestor suddenly cracked his head.

From the crack in his head, a nineteen-petal black lotus that looked antique but was full of magical nature rushed out.

Seeing this thing at this moment, the patriarch of the Sun God Clan immediately changed his face and couldn't help but said in horror: "Ye Feng! Come to me quickly! This is a very terrifying magical weapon among the demon clan. , World-Destroying Lotus!"

Chapter 4892 Determination

At this time, this black lotus that looked very scary was obviously a very scary thing.

Even the leader of the Sun God Clan, a top figure in the wilderness, saw his face change very quickly, and he quickly asked Ye Feng to come to his side.

At this moment, Ye Feng also instinctively sensed a very terrible danger to his life. He immediately nodded and came to the patriarch of the Sun God Clan. He couldn't help but asked: "Senior, what is this?" Is the World-Destroying Lotus really that scary?"

The patriarch of the Sun God Clan immediately nodded and said: "This kind of world-destroying lotus can only grow in the Asura Hell, in the most evil Sea of Death, by absorbing a hundred thousand ferocious souls. This terrifying black lotus came out, so this world-destroying lotus is indeed a very terrifying thing. However, this red-eyed demon ancestor wants to release the full power of this world-destroying lotus, at the expense and cost to himself. It is also very large. After all, if you want to activate this world-destroying lotus and exert its power to destroy the world, the red-eyed demon ancestor must consume nearly half of its life energy to activate this world-destroying lotus."

Hearing what the leader of the Sun God Clan said, Ye Feng couldn't help but nodded in surprise immediately, with a trace of solemnity in his eyes.

After all, Ye Feng did not expect that the red-eyed demon ancestor would be forced to such an extent that he wanted to consume nearly half of his life energy to destroy himself and the leader of the Sun God Clan.

After all, for the king of a demon kingdom like the Red-Eyed Demon Ancestor, once he consumes half of his life energy, it is estimated that he will have to lurk for at least nearly a thousand years before he can completely return to his peak state.

So at this time, Ye Feng couldn't help but said: "Senior, let's get out of here quickly."

The patriarch of the Sun God Clan immediately shook his head, with a look of determination and iron-blooded killing in his eyes, and said loudly: "Since I have been rescued this time and escaped,

then I must kill this red-eyed demon. Zu, completely destroy this villain who plotted against me when I was seriously injured. Ye Feng, please leave here first."

Ye Feng immediately shook his head and said loudly: "Since the seniors are staying, the juniors must also stay and take a good look at whether this world-destroying lotus is as scary as the legend says." .??.

Hearing what Ye Feng said, the patriarch of the Sun God Clan was stunned at first, as if he didn't expect Ye Feng to have such courage. Then the patriarch of the Sun God Clan immediately laughed and said: "Okay! You kid is really angry with me! Then we will stay and fight against this red-eyed demon ancestor together. We must kill this demon completely, otherwise it will be a huge threat to the entire wilderness and our entire Sun God Clan."

Hearing what the leader of the Sun God Clan said, Ye Feng immediately nodded, with a hint of determination in his eyes, and said: "We must eradicate it completely, otherwise, it will pose a huge threat to us."

Ye Feng also knew very well at this time that by killing the flame demon and devouring it, he had offended the entire demon kingdom, so he took this opportunity to completely kill the king of the demon kingdom. It is indeed the best choice.

Because in this case, there will be no future troubles.

So at this moment, Ye Feng also determined that he must

The determination to kill the king of this demon kingdom.

At this time, Ye Feng did not hesitate at all. He directly released the halo of the god, emitting colorful light, and then enveloped his entire surroundings in a mask of colorful light, forming a powerful defensive mask.

At this time, he seemed to sense the colorful light emanating from the god's halo, which seemed very magical. The patriarch of the Sun God Clan immediately couldn't help but said in surprise: "Oh? I didn't expect you to be able to release such a light. Magical defensive light mask, I can feel that the quality of this colorful light is very high, and the defensive power must be very strong. "

Hearing what the patriarch of the Sun God Clan beside him said, Ye Feng immediately nodded with a smile and said: "This is my natural talent. This seven-colored light shield not only has defensive capabilities, but also has recovery capabilities. , and it can also enhance my combat attributes."

Hearing what Ye Feng said, the patriarch of the Sun God Clan immediately nodded, and then said: "But just relying on your seven-colored light shield cannot resist the world-destroying lotus released by this red-eyed demon ancestor."

After finishing speaking, the patriarch of the Sun God Clan suddenly flew out golden feathers.

Ye Feng took a closer look and immediately said in surprise: "This is the Golden Crow Feather."

The patriarch of the Sun God Clan nodded, smiled and said: "I have refined a thousand Golden Crow feathers on my body. Each Golden Crow feather is a feather transformed from the real ancient divine beast Golden Crow. In our case, The Sun God Clan, inherited to this day, has the power of the ancient divine beast Golden Crow, which is extremely defensive and can be used as an offensive weapon. "

Ye Feng nodded immediately at this time.

Because Ye Feng had also obtained several golden crow feathers before, which had extremely terrifying lethality, just like golden swords.

At this moment, the patriarch of the Sun God Clan suddenly released a thousand Golden Crow Feathers, which directly surrounded the patriarch of the Sun God Clan himself and Ye Feng standing next to him in a circle made entirely of golden feathers. Among the large cocoons formed.

And almost at the moment when this large cocoon composed of golden crow feathers appeared, the red-eyed demon ancestor not far ahead had completely detonated the world-destroying lotus in his hand.

Boom! !

At this moment, the entire World-Destroying Lotus exploded, forming a terrifying explosion aftermath that spread around, as if it could destroy the world.

The entire underground space was bombarded and was trembling violently, as if the entire earth would collapse in the next moment.

The destructive power of this explosion was so terrifying that it almost destroyed half of the Demon Kingdom.

Seeing this horrific damage, even the top figures in the wilderness would be frightened.

After all, this kind of destructive power is really terrible.

It has to be said that this red-eyed demon clan spent a huge price to detonate this world-destroying lotus in order to completely obliterate Ye Feng and the patriarch of the Sun God Clan.

At this moment, after detonating the World-Destroying Lotus, the red-eyed Demon Ancestor immediately looked towards the distance, his eyes filled with expectation, as if he wanted to see the blown-up bodies of Ye Feng and the leader of the Sun God Clan. . At this time, this black lotus that looked very scary was obviously a very scary thing.

Even the leader of the Sun God Clan, a top figure in the wilderness, saw his expression change very quickly, and he quickly asked Ye Feng to come to his side.

At this moment, after detonating the World-Destroying Lotus, the red-eyed Demon Ancestor immediately looked towards the distance, his eyes filled with expectation, as if he wanted to see the blown-up bodies of Ye Feng and the leader of the Sun God Clan. .

Chapter 4893 Background

At this time, the Red-Eyed Demon Ancestor really wanted to see the scene where Ye Feng and the patriarch of the Sun God Clan had been blown to pieces by the World-Destroying Lotus.

But the next moment, his expression turned extremely ugly.

After the aftermath of the World-Destroying Lotus explosion dissipated, there was no blown-up corpse of Ye Feng or the leader of the Sun God Clan.

The large cocoon made of golden crow feathers not far ahead had been mostly blown into pieces.

However, Ye Feng and the patriarch of the Sun God Clan were somewhat safe among them, and they did not seem to have suffered much damage.

"What? How is this possible??"

This scene made the red-eyed demon ancestor immediately widen his eyes. It seemed that he had never imagined that he had consumed half of his life energy to cause such a terrifying attack, but it did not hurt the opponent at all.

At this time, the patriarch of the Sun God Clan smiled coldly and said, "The heritage of our Sun God Clan's divine beasts is beyond your imagination."

At this time, Ye Feng was actually a little shocked inside. At the moment when the World-Destroying Lotus exploded, Ye Feng clearly felt that the entire world seemed to be directly wiped out by this destructive energy.

However, Ye Feng had to admire the foundation of the Sun God Clan, which was indeed very terrifying. The patriarch of the Sun God Clan had a thousand feathers from the Golden Crow Divine Beast, so he successfully withstood the terrifying destructive power of the World-Destroying Lotus.

If there were not a thousand golden crow feathers, three layers inside and three outside, wrapped into a big cocoon to protect the two people, it is estimated that even if the two people were a few levels stronger, they would have been killed by the explosion of the World-Destroying Lotus just now. The destructive power produced destroyed the souls of those who were bombarded.

At this time, Ye Feng looked at the leader of the Sun God Clan next to him and immediately couldn't help but breathed a sigh of relief and said, "Senior, we blocked the power of this terrifying World-Destroying Lotus."

The leader of the Sun God Clan seemed to be relieved at this time. After all, he was now in a weak state.

, if the thousand Golden Crow feathers he released just now cannot withstand the destructive power of the World-Destroying Lotus, then his life may really be in great danger.

Fortunately, the Golden Crow's feathers were extremely strong. Although most of the feathers were blown up and the losses were quite heavy, they were able to block the terrifying destructive power produced by the World-Destroying Lotus at that moment.

So at this time, the patriarch of the Sun God Clan immediately showed a relaxed look on his face, looked at the incredible red-eyed Demon Ancestor not far away, smiled and said: "The heritage of our great wilderness overlord race, far away It's far beyond what a little demon king like you can imagine."

Uh-huh!

After finishing speaking, the patriarch of the Sun God Clan jumped up and transformed directly into a huge golden crow high in the sky, which was tens of thousands of meters tall and spread its wings.

The golden wings, like the wings of the sky, can cover the sky, like a golden sun falling from the sky, and instantly hit the red-eyed demon ancestor not far away.

At this moment, the red-eyed demon ancestor was unable to resist the terrifying power of golden flames.

After all, the Red-Eyed Demon Ancestor had already consumed nearly half of his life energy in order to detonate the World-Destroying Lotus.

In addition, he had already consumed a lot of energy fighting against the leader of the Sun God Clan.

So at this time, the Red-Eyed Demon Ancestor finally could no longer resist, and was bombarded by the power released by the Sun God Clan's patriarch after he turned into his true form, and fell from the sky.

Boom! !

The body of the red-eyed demon ancestor directly hit the ground, causing the entire ground to shake rapidly, and the entire world

The world began to shake, which shows how terrifying this collision was, causing the Red-Eyed Demon Ancestor to suffer unparalleled damage.

At this moment, the leader of the Sun God Clan rushed down from the sky, wanting to completely deal with the red-eyed demon ancestor and kill it completely.

But at this moment, Ye Feng immediately said: "There is no need for the seniors to do this little thing. The juniors can just do it for me."

Uh-huh!

After saying that, Ye Feng was very fast and rushed directly to the ruins area where the red-eyed demon ancestor hit the ground not far away.

At this time, seeing how fast Ye Feng was, the patriarch of the Sun God Clan nodded and said nothing more.

After all, the leader of the Sun God Clan was very confident in the attack just now and had definitely severely injured the Red-Eyed Demon Ancestor, so Ye Feng was definitely not in danger. .??.

At this time, the leader of the Sun God Clan immediately spoke out: "Little friend Ye Feng, I leave the severely injured and dying red-eyed demon ancestor to you. Kill him completely. I will destroy the entire demon kingdom now. Let any demon go, otherwise, it may be a potential threat to our Sun God Clan, because if these demons are not killed, a very terrifying demon king may be born among them. "

Hearing what the patriarch of the Sun God Clan said, Ye Feng suddenly showed a look of surprise in his eyes. The patriarch of the Sun God Clan must have been a super ruthless person back then, so decisive in his killing.

Ye Feng was naturally unable to stop the decision of the leader of the Sun God Clan at this time. He could only nod his head and concentrate on his own affairs.

The reason why Ye Feng wanted to kill the red-eyed demon ancestor alone was of course because he took a fancy to the blood energy contained in this demon king's body.

After all, you must know that this red-eyed demon ancestor is the king of the entire demon kingdom.

As the king of a demon kingdom, it is completely conceivable how majestic and terrifying the Red-Eyed Demon Ancestor's power is. It is four or five realms higher than Ye Feng's current realm.

So at this time, Ye Feng would naturally not let go of this sweet potato.

Uh-huh!

At this moment, Ye Feng came to the ruins, and soon found the figure of the red-eyed demon ancestor in a pile of smoking rubble.

At this time, the entire huge demon body of the Red-Eyed Demon Ancestor was lying on the ground. The eighteen pairs of black wings on his back had been shattered in the previous attack. Nearly nine pairs of wings had been shattered. The remaining black wings were also bloody. of.

Moreover, the entire body of the Red-Eyed Demon Ancestor was burned to pieces by the unique Golden Crow flames of the Sun God Clan. He looked very miserable, with only his last breath left.

Seeing Ye Feng walking towards him at this moment, his eyes full of greed, the Red-Eyed Demon Ancestor immediately said in horror: "You...what are you going to do, you human ant?"

Ye Feng stepped forward, smiled coldly, and said: "Of course I want to use your last remaining heat, let your demonic essence and energy become my most powerful cultivation."

Buzz!

After saying that, under the horrified gaze of the other party, Ye Feng released the Devouring Domain and immediately enveloped the Red-Eyed Demon Ancestor, and then madly devoured and absorbed the demons contained in the body of the Red-Eyed Demon Ancestor. energy.

The demonic energy of this red-eyed demon ancestor was very terrifying and majestic. Almost at this moment, a demonic energy like a vast ocean was swallowed and absorbed by Ye Feng.

"No!!!"

Amid the horrifying screams of the demon king, the Red-Eyed Demon Ancestor, Ye Feng quickly devoured the opponent's demon energy and crazily increased his own power!

Chapter 4894 Scepter Portal

Boom!

At this moment, a stream of extremely terrifying energy was immediately injected into Ye Feng's dantian, rapidly increasing Ye Feng's skill and cultivation aura.

Ye Feng's cultivation level at the third level of the Condensing Dao Realm, which he had just broken through, rapidly and continuously increased again at this moment.

Moreover, the growth of cultivation this time was even more violent and rapid than last time.

Because you must know that what Ye Feng is devouring now is not an ordinary demon, but the king of the demon kingdom, the king among demons.

The energy and demonic origin contained in his body are naturally very terrifying and majestic, like the ocean. ??

The cultivation aura on Ye Feng's body immediately began to break through at an incredible speed.

It can be said that this is the biggest opportunity that Ye Feng has encountered so far.

After all, if it were Ye Feng himself, it would be impossible to fight against this extremely powerful red-eyed demon ancestor.

But with the help of the leader of the Sun God Clan, the king of this demon kingdom, the Red-Eyed Demon Ancestor, was seriously injured, and was missed by Ye Feng.

Ye Feng has now swallowed up all the skills of a peerless strong man at once, and it is also the energy of a very advanced demon.

So at this moment, Ye Feng's cultivation aura immediately began to surge and surge rapidly.

boom!

The fourth level of the Condensing Dao Realm!

The fifth level of the Condensing Dao Realm!

The sixth level of the Condensing Dao Realm!

boom!

The seventh level of the Condensing Dao Realm!

The eighth level of the Condensing Dao Realm!

Ninth level of Condensing Dao Realm!

Great Perfection at the Tenth Level of the Condensing Dao Realm! !

\u003e

At this moment, Ye Feng's cultivation level could be said to rise as fast as a helicopter, allowing Ye Feng's cultivation level to directly break through the seventh heaven in a row, directly breaking through to the current state of perfection in the tenth heaven of the Condensing Dao Realm.

At this time, Ye Feng's skill had increased horribly by hundreds of times.

Although he did not break through the great realm of Condensing Dao Realm in the end, Ye Feng was very satisfied to be able to break through directly from the early stage of Condensing Dao Realm to the tenth heavenly perfection in the later stage of Condensing Dao Realm.

At this moment, Ye Feng looked around and found that the entire demon kingdom had been killed by the leader of the Sun God Clan, and everything was destroyed.

Seeing this terrifying scene, it was like the end of the world. Ye Feng naturally sighed very much. The leader of the Sun God Clan was really terrifying.

At this moment, Ye Feng, adhering to the mentality of not wasting, directly released a huge devouring field, covering the entire field with the blood and energy of all the slain demons, all of which converged in the direction of Ye Feng, and even formed a huge bloody vortex, concentrated in the direction of Ye Feng.

All the blood and energy were spinning and swallowed by Ye Feng into his body.

At this moment, the patriarch of the Sun God Clan clearly felt this drastic change, and immediately looked in the direction of Ye Feng in surprise.

When he saw the scene that Ye Feng was devouring, his eyes suddenly revealed a look of deep surprise, as if he did not expect that Ye Feng actually practiced such a domineering and weird technique.

However, the leader of the Sun God Clan just glanced at Ye Feng in surprise at this time and didn't say much.

Because the leader of the Sun God Clan knew very well that Ye Feng could never be treated like an ordinary young man.

so

Even though Ye Feng's current cultivation level is much lower than that of the patriarch of the Sun God Clan, the patriarch of the Sun God Clan still treats Ye Feng as an equal.

At this time, Ye Feng did not hesitate at all and quickly absorbed and swallowed all the blood energy in the entire demon kingdom.

At this moment, Ye Feng's energy increased rapidly and continuously again.

boom! !

Suddenly at a certain moment, Ye Feng suddenly burst out with a terrifying aura of cultivation.

At this moment, Ye Feng's entire cultivation level completely broke through the bottleneck of the tenth level of the Condensing Dao Realm, and directly broke through to the half-step Heavenly Dao Realm above the Condensing Dao Realm!

At this time, after his cultivation had broken through to half a step of the Heavenly Dao Realm, Ye Feng had stepped into a new and powerful level of the Heavenly Dao Realm.

Ye Feng could immediately sense that the Heavenly Dao Realm was indeed a magical realm and an extremely powerful realm. .??.

Ye Feng only felt that all the attribute powers he was cultivating now were vaguely connected to the legendary rules of heaven.

This is the special feature of the Heavenly Dao realm. It can echo the power of Heavenly Dao in the entire world, so that it can activate a trace of the power of Heavenly Dao rules during attacks and battles, and has a very terrifying killing power.

At this time, Ye Feng was naturally very happy. This time he came to the demon kingdom in this underground cave and not only rescued a great helper, but also allowed himself to absorb the energy

of so many powerful demons, allowing him to break through to a brand new level. A powerful level, half a step to the realm of heaven.

At this time, Ye Feng was naturally very lucky to have come to this underground cave to explore. He did not expect that a series of so many things happened that made his cultivation level break through so much.

At this time, Ye Feng looked at the patriarch of the Sun God Clan not far away and found that the Sun God Clan

The patriarch of the clan was observing something deep in the demon kingdom with a serious face.

Ye Feng's eyes moved with curiosity on his face, and he immediately flew towards the leader of the Sun God Clan.

Soon Ye Feng came to the patriarch of the Sun God Clan. At this time, the patriarch of the Sun God Clan had a solemn look in his eyes and was observing a black scepter buried deep in the earth of the demon kingdom.

This black scepter is like a huge demonic pillar, buried deep in the earth. There are also many forest bones hidden around it. There are thousands of white bones buried in it. around this black scepter.

At this moment, after the entire demon kingdom was destroyed, the black scepter began to emit a dark light.

This black light actually condensed into a faint portal above the black scepter.

From the depths of this looming portal, it seems that there are extremely terrifying creatures coming out.

Seeing this scene at this time, Ye Feng couldn't help but said: "Senior, what is going on?"

The patriarch of the Sun God Clan stared at the huge looming portal formed above the black scepter, and said with a very solemn expression: "The demon blood generated after the entire demon kingdom was destroyed seems to have triggered this ancient black scepter. A door leading to a mysterious world has been condensed. That mysterious world has countless ferocious and

terrifying creatures. If we want to rush out urgently, we must prevent this looming door from completely taking shape. Once this door is completely formed, , countless ferocious creatures came out of it, then the entire wilderness will be destroyed. As the patriarch of the generous overlord race, I cannot watch this kind of devastation happen. I must prevent this disaster. These demons are really It's so abominable, secretly trying to contact the ferocious creatures in a mysterious and terrifying world."

Chapter 4895 Unable to Stop

At this time, hearing the solemn words of the leader of the Sun God Clan, Ye Feng couldn't help but said: "Then how to prevent this huge portal from truly condensing and forming? Let's attack it directly and destroy it. In this way Ok?"

The patriarch of the Sun God Clan shook his head and said aloud: "It's not that simple. The mysterious world connected by this door is a very terrifying high-dimensional world of practice. The creatures living in it are very terrifying and ferocious, and this... The fan portal is between the reality and reality of our world of monsters and the high-dimensional world it connects to. The power of our dimension cannot destroy the power of the high-dimensional world."

Hearing what the patriarch of the Sun God Clan next to him said, Ye Feng was immediately a little dumbfounded and couldn't help but said, "What should we do?"

The patriarch of the Sun God Clan solemnly said: "Only high-dimensional things can destroy high-dimensional things, but this huge portal, the high-dimensional world connected to it, doesn't know how high it is. This is a bit bad."

At this time, after the leader of the Sun God Clan finished speaking, he seemed a little unwilling to give in, and immediately burst out the original power of the extremely powerful Golden Crow Divine Beast in his body.

Immediately, golden crow feathers appeared in his hand, all shining with bright golden light, like sharp swords that rushed forward in an instant.

Boom! ! .??.

But the golden crow feathers, the terrible mythical beast feathers that can penetrate everything, attacked the huge portal one after another, making huge roars, but they were unable to destroy the portal, and only made a blast. Just a roar.

"Um?"

Seeing this scene, the patriarch of the Sun God Clan suddenly showed a hint of ugliness in his eyes.

Sure enough, as he guessed, this portal contains part of the power of the higher-dimensional world of cultivation, so all the things and powers of the Ten Thousand Demons interface where he is located cannot destroy it. After all, there is no thing in the low-dimensional world. Methods to compete with things in the high-dimensional world.

At this moment, the patriarch of the Sun God Clan immediately fell into deep silence.

At this time, Ye Feng's eyes suddenly moved and he said, "Maybe you can try the god ring in my hand."

At this time, Ye Feng was thinking secretly, and immediately activated the god ring in his hand, which turned into a golden sword.

Ye Feng knows very well that although the Celestial Clan is the number one race in the entire universe, its headquarters is in the highest level of the universe.

However, Ye Feng had seen the origin of the Celestial Clan during his previous practice. I am afraid it is not that simple. The real origin of the Celestial Clan should also come from a higher level of cultivation dimension.

Therefore, the God's Sword transformed from the God's Ring of the God's Clan can be regarded as something from the high-latitude world of cultivation, and may be able to destroy this portal.

Ye Feng knew very well that even the Gate of Heaven, the most precious treasure of the Lord of Heaven, would probably not be able to compete with the portal formed by a black scepter.

Because although the Gate of Heaven is a treasure of the Lord of Heaven, it still belongs to Heaven after all, and belongs to the lower-dimensional cultivation world of all heavens and realms. Therefore, it is not as advanced as the token of the Celestial Clan in Ye Feng's hand.

After all, the Celestial Clan originated from a truly high-level cultivation dimension. They just wandered into the heaven of the lower-level cultivation dimension where the big world of origin is located and took root. That's why they are considered by many people to be gods.

The tribe is the strongest native race in the heaven.

In fact, the Celestial Clan really comes from a higher spiritual dimension.

Ye Feng held the golden sword in his hand at this moment and immediately rushed towards the huge portal in front.

Seeing this scene, the leader of the Celestial Clan wanted to say something, but suddenly he remembered that Ye Feng had used this golden sword to cut off all the iron chains on his body.

At this time, the patriarch of the Sun God Clan stared at the golden sword in Ye Feng's hand, and immediately showed a look of uncertainty in his eyes. He couldn't help but thought in surprise, "Could it be that the golden sword in this guy's hand is... A thing from a higher dimension? Otherwise, how could it have cut off all the ninety-nine chains on my body just by relying on its own sharpness."

And just when the leader of the Sun God Clan was filled with doubts, Ye Feng, holding the golden sword in his hand, had already arrived in front of this huge portal.

At this moment, Ye Feng could feel that this huge portal was really connected to a very terrifying higher-dimensional world.

Ye Feng has even seen that deep inside this looming huge portal, there is a giant black claw covering hundreds of millions of miles. It seems that it wants to break away from the shackles of the world and descend into the lower dimensional world of the Ten Thousand Demon Interface. Slaughter the living beings.

Because in the eyes of some creatures in the higher-dimensional world of cultivation, perhaps this small world in the lower-dimensional world is just an ant-like existence in their eyes. They can kill as much as they want and ignore any rules.

Ye Feng was even more determined at this time. He must destroy this door. Otherwise, this door may be completely condensed. Not to mention other terrifying creatures, it is what Ye Feng saw vaguely just now. That giant black claw covering hundreds of millions of kilometers was enough to destroy the entire Ten Thousand Monsters interface in an instant.

At this moment, Ye Feng broke out in a cold sweat. These creatures from the higher-dimensional world of cultivation were indeed terrifying, much scarier than he imagined.

It seems that your plan to go to the extraterrestrial world should not be too impulsive for the time being. After all, the extraterrestrial world is a high-latitude world, which must be very terrifying.

Ye Feng suddenly became worried. His father and mother had been so reckless in searching for the ancestors of the Ye family and entered the high-level cultivation world of the outside world. There would definitely be huge dangers.

However, Ye Feng has no choice now. He can only pray that his father and mother will not be in danger in the outside world, and then look for them when he becomes stronger and enters the outside world.

At this time, Ye Feng was thinking in his heart, and then he held the Sword of God in his hand, and without any hesitation, he slashed it down in the air in an instant.

Boom! !

At this moment, accompanied by a huge roar, the God's Sword in Ye Feng's hand struck the door frame of the gate, making a huge roar.

This time, it was rare that the sword of the gods did not cut the door into two pieces with overwhelming force, but was blocked by the door frame.

After all, you must know that when Ye Feng used the Sword of God to chop anything before, it was chopped to pieces.

But this time, this huge portal blocked the Sword of God in Ye Feng's hand, causing Ye Feng to immediately have a look of astonishment in his eyes.

Could it be that even the sword of the gods cannot destroy this portal and prevent the disaster from coming?

Chapter 4896 Higher Will

At this time, Ye Feng was also slightly dumbfounded. Even his sharpest sword of the gods could not destroy this huge portal that was about to be condensed into shape.

Ye Feng fell into silence at this time.

The patriarch of the Sun God Clan not far away also fell into silence.

Are they going to watch helplessly as the entire huge portal condenses and takes shape, and then the extremely terrifying creatures in it break free from the mysterious high-dimensional world of practice, enter the interface of ten thousand monsters, and kill people wantonly?

At that time, I am afraid that even the interface master of the Ten Thousand Demons Interface and the most glorious top forces in Zhongzhou will not be able to resist the creatures from a higher latitude space, right?

But at this time, Ye Feng had a flash of idea, and suddenly thought of a possibility in his mind, and immediately couldn't help but look at the black scepter under the huge portal.

Ye Feng couldn't help but look at the patriarch of the Sun God Clan not far away, and said aloud: "Senior, since this huge portal is condensed by the black scepter left by this demon kingdom, then how can we If this scepter is destroyed, can it indirectly destroy the cohesion of the entire space portal?"

The patriarch of the Sun God Clan shook his head and said: "I'm afraid this black scepter comes from the world of high-level demons. Not to mention that it can't be destroyed. Even if it is destroyed now, it will be of no use because the black energy in it is This huge portal has been formed that cannot be destroyed. Unless we can control this black scepter and actively let this black scepter take back the black energy, but this black scepter can only be controlled by the purest demonic power. I am the leader of the Sun God Clan, and I inherit the pure Yang power of the divine beast Golden Crow, but Ye Feng, you are completely human power, so there is no way to control this black scepter."

At this time, the patriarch of the Sun God Clan couldn't help but sigh, while Ye Feng's eyes flashed fiercely, a rather mysterious smile appeared on his face, and he said loudly: "Senior, that's not necessarily the case."

r\u003e

Uh-huh!

After saying that, Ye Feng immediately flew to the black scepter below.

At this time, the patriarch of the Sun God Clan also had a look in his eyes. Is there really anything Ye Feng can do?

Uh-huh!

The patriarch of the Sun God Clan immediately flew to Ye Feng's side, wanting to see what Ye Feng meant.

At this moment, Ye Feng stretched out his hand and grabbed the black scepter directly.

And the moment Ye Feng stretched out his hand, Ye Feng immediately activated his original power, directly transforming into pure demonic power.

Black light suddenly appeared on Ye Feng's body, exuding a black aura, and he completely turned into a monster.

"What? How is this possible?"

At this moment, the patriarch of the Sun God Clan widened his eyes slightly. It seemed that he had never expected that Ye Feng would suddenly change from a pure human boy to a pure demon in front of him. Same.

At this moment, the patriarch of the Sun God Clan even reached out and grabbed a trace of the black energy emanating from Ye Feng's body. He sensed it carefully, and then his eyes suddenly trembled, and he couldn't help but said: "That's right, this is pure demonic energy, it's not disguised at all. How is this possible? Ye Feng, you are a human being!"

At this time, the leader of the Sun God Clan was extremely shocked, because he never thought that Ye Feng had such a heaven-defying ability, directly transforming his own power into pure demonic power.

This is different from other people's disguises.

Some practitioners can disguise themselves as the auras of various major races and various cultivation attributes, but after all, it is just a disguise. If the origin is involved, it is still his own power.

But Ye Feng completely turned his own original power into the power of other races.

This ability is truly incredible to the extreme.

Even the leader of the Sun God Clan, a top figure in the wilderness, a well-informed, thousands of years old monster, felt that Ye Feng's ability was really unbelievable and unbelievable.

At this moment, Ye Feng did not hesitate at all. He directly transformed his original power into the power of the demon. Then he stretched out his hand, grabbed the black scepter, and began to want to control it. Black scepter.

At this moment, Ye Feng could sense that the power contained in this black scepter was very ancient, like a magic weapon that had existed since ancient times.

This black scepter is not just a simple magic weapon, but a sacrificial weapon that can communicate with an ancient advanced interface.

At this moment, Ye Feng directly used his pure demonic power to communicate with the higher will in the black scepter. .???.??

At this time, Ye Feng could sense that there was a very ancient will in the black scepter, which should come from the higher dimensional world connected by the huge portal in the sky.

This higher will told Ye Feng that if Ye Feng could promote the success of the cohesion of the entire huge portal, this higher will would help Ye Feng achieve the strongest demon state.

However, Ye Feng has no interest in the temptation of this higher will at all, because Ye Feng is now communicating with this ancient black power.

The staff is to prevent the portal from condensing.

So at this moment, Ye Feng simply ignored the temptation of the higher will from the higher world. Instead, he madly injected the power of the demon he had become, began to completely refine and control the black scepter, and then directly The black energy released from the black scepter was forcibly disconnected.

At this moment, the huge portal in the sky began to decay without the black energy provided by the black scepter.

The huge portal that was about to take shape immediately began to become weak.

Seeing this scene, the patriarch of the Sun God Clan standing aside immediately said very happily: "Ye Feng, you succeeded, you really succeeded! You can actually control this black scepter and open this huge portal. It dissipated directly."

At this moment, Ye Feng also sensed the higher will communicating with him in the black scepter. He was very angry and wanted to kill Ye Feng.

But there is Emperor Chu in Ye Feng's head. At the level of will and soul, Ye Feng is not afraid of anything at all.

So Ye Feng was very bold at this time. He just laughed and said loudly: "You want to come from the demon world of higher dimensions to our interface of ten thousand demons. This is impossible, so you should give up. Bar."

After saying that, Ye Feng directly severed the connection with the higher will in the black scepter, pulled out the black scepter from the depths of the ground, and then completely dissipated the huge portal in the sky.

At this time, the patriarch of the Sun God Clan looked at the black scepter in Ye Feng's hand and couldn't help but said: "Ye Feng, congratulations on obtaining the most supreme magical weapon among the demon clan, this black scepter." The scepter must come from the high-level demon world communicated by the portal just now!"

Chapter 4897 Honorary Elder

At this time, the patriarch of the Sun God Clan was full of praise for the various abilities and methods displayed by Ye Feng.

Because the patriarch of the Sun God Clan is a top figure in the wilderness, in fact, in many years, he has encountered various peerless geniuses and so-called top geniuses from various major races.

But compared with Ye Feng, these top geniuses and geniuses he had seen in thousands of years seemed too mediocre.

Because the means and abilities that Ye Feng possesses really amaze the leader of the Sun God Clan.

Ye Feng also had a hint of surprise in his eyes at this moment, as if he didn't expect that he could refine and control this black scepter so easily.

However, Ye Feng also knew very well that his own magic power was already very powerful, not to mention that Ye Feng himself had turned his own power into pure demonic power, so he could quickly and completely control this black scepter.

Ye Feng could feel at this time that the power in this black scepter was very terrifying. It was a very majestic power of demons. If it was just used as a weapon, it would definitely be a peerless weapon, capable of erupting with extremely terrifying power. able.

But it's definitely more than that.

Because when Ye Feng was refining the black scepter just now, he accidentally communicated with a very ancient and advanced higher will in the black scepter.

That higher will should come from the portal that the black scepter condensed just now, leading to the high-dimensional demon world.

So Ye Feng naturally felt at this time that this black scepter was definitely more than just a magic weapon.

With this black scepter in his hands, he was actually able to communicate with a mysterious big figure in the world of advanced monsters in higher dimensions. This was an opportunity that ordinary people simply could not get.

However, Ye Feng had previously rejected the temptation of the higher will and directly disconnected the portal, which might have angered the higher will.

Ye Feng knew very well that the higher will that communicated with him would never give up so willingly.

As long as you carry this black scepter with you, you will find yourself sooner or later

.

But Ye Feng doesn't want to destroy this black scepter directly now.

The first reason is that this black scepter was originally a very powerful treasure. It would be a pity if it was destroyed directly.

The second reason is a deeper reason, that is, maybe one day, Ye Feng will need to rely on the help of big figures from the higher dimensional world.

Perhaps then, Ye Feng can use this black scepter to communicate with the mysterious big man in the higher-dimensional demon world and ask him to help him. Of course, the price is that he may have to help the mysterious big man open a channel to enter the interface of ten thousand monsters. .

However, this road is Ye Feng's last resort. Ye Feng will not take this road until the moment of life and death, because the price must be very high.

Ye Feng didn't say much at this time. He just completely refined the black scepter into his body so that he could release it to deal with the enemy at critical moments.

At this moment, Ye Feng looked at the patriarch of the Sun God Clan next to him and said loudly: "Senior, since the things here have been completed, we can leave here directly and return to the Sun God Clan. This time we will have no time to leave. Too long."

Hearing what Ye Feng said, the patriarch of the Sun God Clan couldn't help but nodded, with a look of relief in his eyes.

Because the patriarch of the Sun God Clan has been trapped deep in the Hundred Thousand Mountains in the wilderness for many years. He has always been depressed. However, he did not expect that this time he accidentally met a genius like Ye Feng and made him Rescued, otherwise, he would still be trapped deep in the extremely cold iron ore vein, never to see the light of day.

Thinking of this, the patriarch of the Sun God Clan couldn't help but look at Ye Feng beside him, patted Ye Feng on the shoulder, and said loudly: "It's true that a hero comes from a young boy."

When talking about this, the Sun God Clan's

A golden light suddenly appeared on the clan leader's body, and a huge golden spirit boat condensed directly in front of the two people, and then he said loudly: "Ye Feng, let's go together."

Ye Feng nodded, and he and the leader of the Sun God Clan jumped onto this huge golden spirit boat.

Uh-huh!

The next moment, the golden spirit boat rushed towards the distance, turned into a stream of light, and disappeared at the end of the distant sky.

...

Time passes quickly, like running water without leaving a trace.

For three days and three nights, the two of them were on the road.

There were no surprises along the way, and finally we completely returned to the territory of the Sun God Clan.

At this moment, Ye Feng followed the leader of the Sun God Clan and returned to the Sun God Clan.

After feeling the aura of the leader of the Sun God Clan, there were several very ancient strong men from the Sun God Clan among the entire Sun God Clan. They immediately rushed over and said

with surprise in their eyes: "Mr. Patriarch, you are finally back. , you have disappeared for a while, and we have always been worried about your safety. We have been searching in the depths of the wilderness for a long time, but we have not found any trace of you, the clan leader. "

At this time, many members of the Sun God Clan flew out one after another.

Because they had all heard that the patriarch of the Sun God Clan had disappeared for nearly half a month. He seemed to be fighting a demon deep in the wilderness, and his whereabouts were unknown.

Of course, the previous one was a fake and disappeared for half a month. Many people didn't know the truth. In fact, their real clan leader had disappeared for several years.

In any case, this time the leader of the Sun God Clan finally returned, which naturally made them very happy, and the entire Sun God Clan was cheering.

At this moment, the Sun Goddess flew out from her residence not far away. When she saw the arrival of the leader of the Sun God Clan, her face immediately turned pale.

Because Ye Feng's plan before was that Ye Feng would enter the Hundred Thousand Mountains behind the wilderness alone.

, found traces of the patriarch of the Sun God Clan, and sealed him up secretly.

But now the leader of the Sun God Clan suddenly arrived, causing the Sun Goddess to panic to the extreme.

But at the next moment, what made the Sun Goddess's eyes become extremely shocked was that she found Ye Feng standing next to the patriarch of the Sun God Clan, and it seemed that the two were talking happily.

"this....."

This made the Sun Goddess a little confused, and she stood there in shock.

At this time, Ye Feng immediately flew towards the Sun Goddess, walked to her side, and whispered: "The matter has been successfully resolved, don't worry so much, the leader of the Sun God Clan in front of you is the real one." Patriarch, I didn't recognize your daughter before. That ruthless person is just a fake. I will explain this to you in detail later. "

Hearing Ye Feng's words at this time, the Sun Goddess couldn't accept so much shocking information for a while, and could only stand there blankly.

At this time, Ye Feng returned to the patriarch of the Sun God Clan and said in a low voice: "Senior, everything we have encountered, including the counterfeit before, I think it is better not to say it, otherwise it will shake senior. The authority among the Sun God Clan."

The patriarch of the Sun God Clan immediately nodded and said: "Ye Feng, you are still thoughtful. Let the matter be buried in secret forever. Next, I will take good control of the entire Sun God Clan."

When he said this, the patriarch of the Sun God Clan suddenly looked at everyone present, and then announced something that shocked everyone to the extreme.

The patriarch of the Sun God Clan suddenly looked at Ye Feng beside him, and said to all the elders and clan members of the entire Sun God Clan: "This time I was able to return safely from the depths of the wilderness, thanks to the people beside me. A little brother named Ye Feng, Ye Feng will be an absolute guest in our Sun God Clan from now on. I will make Ye Feng an honorary elder of our Sun God Clan from now on. He can enjoy all the rights of the elder level in our Sun God Clan, and also No responsibility is required."

Chapter 4898 Once in ten years

"What? Honorary elder??"

At this time, when they heard the leader of the Sun God Clan announce this matter, everyone present showed deep shock in their eyes.

They didn't know Ye Feng, a young man. Several older people knew Ye Feng because they had met the Sun Goddess before when she brought Ye Feng back to the Sun God Clan.

Before, they thought that Ye Feng, a young man, was just a very ordinary friend of the Sun Goddess, but they did not expect that Ye Feng would actually be praised by the leader of the Sun God Clan, and this was not just praise, but also praise. Otherwise, the patriarch of the Sun God Clan would not have announced Feng Yefeng as the honorary elder of the Sun God Clan in public.

You know, the honorary elder is a fat man.

If you are an ordinary elder of the Sun God Clan, although you have great power, you must stay in the Sun God Clan, contribute your strength to the Sun God Clan, and bear the responsibility of protecting the Sun God Clan.

But the honorary elder is equivalent to the position of an elder who does not need to bear any responsibility at all and does not need to contribute to the Sun God Clan.

In other words, Ye Feng has become an honorary elder of the Sun God Clan. He can enjoy all the rights of the Sun God Clan's elders, but does not need to stay in the Sun God Clan and be restrained like the ordinary elders of the Sun God Clan, and work for the Sun God Clan. Fight and give your strength.

Ye Feng does not need to do anything at all, he only needs to enjoy the rights of the elders of the Sun God Clan.

Therefore, the honorary elder is a fat man, and it is a very rare reward.

Even many good friends from the Sun God Clan or outside the Sun God Clan cannot become honorary elders among the Sun God Clan.

Only those who have made great contributions to the Sun God Clan, or if the Sun God Clan wants to win over an earth-shattering figure, will they allow others to become the honorary elders of the Sun God Clan.

At this moment, everyone was naturally shocked. It seemed that they did not expect that the patriarch of the Sun God Clan would actually make a seemingly ordinary young man an honorary elder of the Sun God Clan. This was a big deal.

At this time, even the Sun Goddess was extremely shocked.

this one

The proud daughter of the Sun God Clan looked at Ye Feng and then at the patriarch of the Sun God Clan who was chatting beside Ye Feng. In her heart, she was wildly guessing what Ye Feng had done during the period when she disappeared. ? The patriarch of the Sun God Clan actually valued Ye Feng so much.

At this time, Ye Feng himself, the person involved, also had a look of surprise in his eyes. It seemed that he did not expect that the patriarch of the Sun God Clan would be so generous and directly made himself an honorary elder of the Sun God Clan. This is definitely a surprise for Ye Feng. Huge opportunities are created.

Because Ye Feng knew very well that the Sun God Clan, as the number one overlord race in the wilderness, how rich the resources and foundation of the entire race were.

Having become an honorary elder of the Sun God Clan, he will be able to use and mobilize any elder-level rights, and he does not need to pay or fight for the Sun God Clan. In other words, this is a huge right that is free of charge. This is naturally Ye Feng was very surprised.

However, this time, he rescued the true leader of the Sun God Clan from the endless seal, allowed him to see the light of day again, and also killed the counterfeit, so he had made a huge contribution.

The patriarch of the Sun God Clan made himself an honorary elder, which seemed quite reasonable.

It's just that this matter cannot be said in public. After all, the Sun God Clan has been controlled by an impostor in the past few years. If it is said out, it will naturally shake the authority of the real clan leader.

So at this moment, although many tribesmen did not understand why Ye Feng deserved to become an honorary elder of the Sun God Clan, the patriarch of the Sun God Clan did not seem to intend to explain. He just announced the matter and then looked at Ye Feng, He smiled and said: "Next, I will stay in seclusion among the Sun God Clan for a period of time. You are now the honorary elder of our Sun God Clan. If anything happens next, you can fully enjoy the rights of the elder level. If there is anything wrong, If you understand, you can ask the Sun Goddess directly."

After finishing speaking, the patriarch of the Sun God Clan suddenly stretched out his hand and grabbed it with the help of heaven and earth

The power of vitality condensed into a golden token.

It is the token of the honorary elder!

The patriarch of the Sun God Clan sent it to Ye Feng's hands. Then the patriarch of the Sun God Clan looked at a few senior figures and said, "Follow me, I have something important to tell you."

After finishing speaking, the patriarch of the Sun God Clan left the scene with several elders of the Sun God Clan.

Uh-huh!

At this moment, the Sun Goddess flew in front of Ye Feng. Looking at the honorary elder's token in Ye Feng's hand, she couldn't help but said in surprise: "Ye Feng, congratulations to you. To be able to become the honorary elder of our Sun God Clan, it seems that I still underestimated you. This time you went out and not only solved a huge crisis, but also got such huge rights. You have to know that although I am a younger generation of the Sun God Clan A leader, but compared with an honorary elder, my status is still much lower. After all, I still belong to the younger generation, but if Ye Feng holds the token of an honorary elder, your status and rights are absolutely absolute among our Sun God Clan. It's very big, even bigger than me, the so-called sun goddess."

When Ye Feng heard what the Sun Goddess said, he immediately grinned and said loudly: "I didn't expect that the leader of your Sun God Clan would be so generous and reward me with an honorary elder's token."

The Sun Goddess nodded, then looked around, and couldn't help but say aloud: "But no one knows what's going on. The patriarch suddenly made you an honorary elder. I guess many people are very envious and jealous. Hate, someone may even target you secretly, so you should be careful in our Sun God Clan."

Ye Feng nodded, and then said aloud: "Now that the crisis has been resolved, I won't be able to stay in your Sun God Clan for long until I finish using my status as an honorary elder and get enough training resources. , I will leave your Sun God Clan."

Ye Feng didn't feel embarrassed when he said such words at this time, because he had indeed helped the Sun God Clan a lot, finding their real leader and eradicating the previous impostor, so Counts

He has made a huge contribution to the Sun God Clan. Using his status as an honorary elder to obtain some resources and rewards is very reasonable and there is nothing wrong with it.

The Sun Goddess didn't say much, she just nodded and said, "Ye Feng, are you leaving soon?"

There seemed to be a hint of disappointment in the beautiful eyes of the Sun Goddess at this time, as if she didn't expect Ye Feng to be ready to leave here so soon.

Originally, the Sun Goddess still wanted to win the position of clan leader with Ye Feng, and they might have to get along with each other for a long time.

But now that the real clan leader is back, the Sun Goddess no longer needs to compete for the clan leader, and Ye Feng will leave soon.

At this moment, seeing the beautiful face of the Sun Goddess who seemed to be reluctant to give up, Ye Feng suddenly smiled and stroked the other party's green hair, and said loudly: "The Great Wilderness and the Northern Territory are so close. If you have the opportunity, you can come to the North Territory from time to time and discuss cultivation matters with me."

Hearing what Ye Feng said, the Sun Goddess nodded immediately, but the next moment the Sun Goddess seemed to have thought of something, and couldn't help but said: "By the way, Ye Feng, you said before that you would definitely go to Zhongzhou in the future. , after all, that is the most glorious place in our Ten Thousand Demons Interface. During this time, I heard an elder from the Sun God Clan say that the assessment for Zhongzhou Land to recruit disciples in the entire Ten Thousand Demon Interfaces every ten years is about to begin. Maybe we can all participate by then, and maybe we can pass the exam and enter the same sect in Zhongzhou, and maybe we can become brothers and sisters."

Hearing what the Sun Goddess said, Ye Feng's eyes showed a hint of surprise. It seemed that he did not expect that the land of Zhongzhou would recruit disciples from the entire vast land of Ten Thousand Monsters.

However, the opportunity to take the assessment once every ten years is indeed rare.

Ye Feng nodded and said loudly: "When I return to the Blood Demon Dynasty in the Northern Territory, I will also learn about this matter. If there is such an assessment, then I will definitely participate. This is to enter the land of Zhongzhou. A very legal way, and it can also join the top

super sects in Zhongzhou, which is a good thing for me, and it is also the best way for me to integrate into Zhongzhou as soon as possible. "

Chapter 4899 Hundred Demons Holy Tower

At this time, the Sun Goddess was very happy when she heard that Ye Feng said that he might participate in the assessment of recruiting disciples in Zhongzhou once every ten years.

After all, after the various encounters and experiences she had with Ye Feng during this period of time, the Sun Goddess has long regarded Ye Feng as her best friend.

Even, in the heart of the Sun Goddess, the proud daughter of the Sun God Clan, she had an inexplicable and ignorant feeling for Ye Feng. Perhaps even the Sun Goddess herself did not realize that she just simply did not want to be with him. Ye Feng became a stranger from then on and never saw each other again.

Therefore, the thought that Ye Feng and Ye might take part in the assessment in the future, enter the super sect in Zhongzhou, become brothers and sisters, and continue to practice and live together, naturally makes the Sun Goddess very excited and happy.

At this moment, Ye Feng did not realize this. He just stared at the beautiful and noble face of the Sun Goddess in front of him, smiled and said: "By the way, since the crisis this time has been solved, Then I will let the strong men I brought with me leave."

The Sun Goddess nodded and said: "Let's go, Ye Feng, I will take you to see them."

"good."

Ye Feng nodded and followed the Sun Goddess to fly quickly towards the deep area of the Sun God Clan.

In the residence of the Sun Goddess, Ye Feng once again met the three powerful elders who had followed him from the Peacock Clan to the Sun God Clan.

These three elders of the Peacock Clan originally followed Ye Feng to the Sun God Clan, secretly helping Ye Feng and assisting the Sun Goddess in his bid to be the next generation leader of the Sun God Clan.

But now that the real patriarch of the Sun God Clan has returned, it seems that if these three elders of the Peacock Clan continue to stay here, they will be of no use, and will instead cause others to worry.

So at this time, Ye Feng once again saw these three elders of the Peacock Clan, and directly said apologetically: "Three seniors, the situation is now stable, and the three seniors no longer need to be in the Sun God Clan. , I didn't expect things to change like this, so the three seniors should return to the Peacock clan."

Hearing what Ye Feng said, the three elders of the Peacock Clan were not unhappy. Instead, they said politely: "Little friend Ye Feng now has such a deep friendship with the overlord of the Sun God Clan, and even... He has become an honorary elder of the Sun God Clan. His status is probably higher than that of ordinary elders like us. Little friend Ye Feng does not need to be so polite. After all, things are unpredictable. We will set off tomorrow to leave the Sun God Clan and return to Peacock. A family."

Ye Feng immediately clasped his fists and said loudly: "After the three seniors go back, please tell you Princess Linglong of the Peacock Clan that the patriarch of the Sun God Clan and I have a very good relationship now, and that the Sun God Clan will not be in the wilderness in the future. By continuing to dominate, all major races can continue to coexist peacefully."

Hearing Ye Feng's assurance, the three elders of the Peacock clan were very happy. They thanked each other with fists in their hands, and then left together.

At this time, Ye Feng also had a satisfied smile on his face, seeming to be very satisfied with the result.

Because it turns out that the atmosphere in the wilderness is so tense, mainly because the guy who pretended to be the leader of the Sun God Clan wanted to provoke fights and chaos in the entire wilderness, so that their demon kingdom could benefit from it.

But now, Ye Feng has killed the counterfeit and brought back the real leader of the Sun God Clan.

In the entire wilderness, there will be no more disputes, and the so-called anti-overlord alliance has no meaning. It just happened to resolve the matter peacefully.

What Ye Feng values more now is of course the once-in-ten Zhongzhou assessment that the Sun Goddess mentioned.

If you have the opportunity to participate in the recruitment assessment of the disciples jointly organized by the super sects in Zhongzhou, you may be able to directly join the super sects in Zhongzhou, the most glorious interface among all demons.

This is naturally the most convenient way to enter the cultivation world of Zhongzhou.

Ye Feng was about to leave the wilderness and return to the Blood Demon Dynasty in the Northern Territory, so he could consult about this matter.

For ordinary cultivators in the Northern Territory, Southern Barbarians, Great Wilderness and other lands, or some small sects, they may not be exposed to such high-level information.

But the Blood Demon Dynasty where Ye Feng is currently located is definitely qualified to have access to such information.

At this time, Ye Feng glanced around and asked with some confusion: "Where has the Nine-Eyed Black Flame Qilin gone? Why haven't you seen him until now?"

The Sun Goddess next to her shook her head and said: "Before Ye Feng comes back, the Nine-Eyed Black Flame Qilin has left our Sun God Clan a few days ago, saying that he is going to find a place in the wilderness to find the source of blood deep in the wilderness. The ancient call has not come back yet."

"The ancient call deep in the bloodline?"

Hearing what the Sun Goddess said, Ye Feng's eyes showed a trace of surprise. It seemed that he did not expect that the nine-eyed black flame unicorn would hear the ancient call deep in his bloodline.

Ye Feng thought for a while, then smiled and said: "Since the Nine-Eyed Black Flame Qilin has such a good destiny, let him go. This is his fate."

Today's Ye Feng is more free and easy than before.

Because he has already seen clearly that the fate of the world and the future of an individual are determined with every peck and drink.

At this moment, Ye Feng took out a golden token from his arms, which was the honorary elder token of the Sun God Clan.

Ye Feng stared at the pure gold token and said with a smile: "Sun Goddess, now that I hold this honorary elder token, how can I maximize my benefits?"

The Sun Goddess and Ye Feng have been the closest friends for a long time, so naturally they always think about Ye Feng.

The Sun Goddess pointed at the center of the Sun God Clan and said aloud: "Ye Feng, before you leave the wilderness, use this honorary elder token to break into the Hundred Demons Holy Tower that our Sun God Clan has handed down since ancient times. It feels like the most rewarding thing."

"The Holy Tower of Hundred Demons?"

Ye Feng's eyes were a little confused and he couldn't help but ask: "Where is that place?"

The Sun Goddess smiled mysteriously, with a look of admiration in her beautiful eyes, and said: "That is the most noble place of our Sun God Clan. It can be said to be the holy land of our Sun God Clan. It has the most amazing and talented young genius and A peerless strong man will enter the Hundred Demons Holy Tower once in his lifetime. As long as the higher the level he breaks into, the higher his achievements will be after coming out of the Hundred Demons Holy Tower. When my father entered the Hundred Demons Holy Tower, he broke He broke the highest record of our Sun God Clan and broke into the ninety-sixth floor. He was only four floors away from the top 100 floors. He was astonished at the time and eventually became the current leader of our Sun God Clan, with great authority. The Great Desolation has been shaken for thousands of years, Ye Feng, you hold the Honorary Elder Token, which can be exchanged for a chance to enter the Hundred Demons Holy Tower. I think this is of great significance to you. "

Chapter 4900 Questioning and Disdain

The Holy Tower of Hundred Demons is a towering giant tower with a hundred floors in total, like a pillar of heaven, reaching into the sky, standing in the central area of the Sun God Clan.

When Ye Feng followed the Sun Goddess here, he immediately discovered that the area around the Hundred Demons Holy Tower was filled with people, all of whom were members of the Sun God Clan.

This shows how popular this Hundred Demons Holy Tower is.

Obviously, the Holy Tower of Hundred Demons is like a holy land to all the people of the Sun God Clan.

At this time, the Sun Goddess looked at Ye Feng beside her and said: "Ye Feng, the danger in the Hundred Demons Holy Tower is huge, but it contains peerless opportunities. According to people who have entered the Hundred Demons Holy Tower, the danger in the Holy Tower of Hundred Demons changes at any time, and the opportunities and fortunes also change at any time. There are ancient demon clan inheritances, ancient demon clan powerful weapons, the essence of the great demon inner elixir, and even sealed mythical beast eggs. , that's why I most recommend Ye Feng to come to the Hundred Demons Holy Tower, because I feel this is the most suitable right for you to use the honorary elder token."

At this time, Ye Feng looked at the Sun Goddess beside him, with a trace of gratitude in his eyes, and said loudly: "Thank you for thinking so much about me."

What Ye Feng said at this time naturally came from the heart, because the Sun Goddess had indeed thought very carefully about herself. Not only did she tell herself about the once-in-ten-year assessment of Zhongzhou in the future, but she also brought her the most precious treasure of the Sun God Clan. Holy land, Holy Tower of Hundred Demons.

At this time, Ye Feng no longer hesitated and walked directly towards the Hundred Demons Holy Tower standing on the ground in front of him.

But just when Ye Feng walked to the Holy Tower of Hundred Demons, an old man wearing a white robe suddenly appeared in front of Ye Feng and said indifferently: "You are not from this clan. You are not allowed to enter the Hundred Demons Holy Tower of our Sun God Clan."

Uh-huh!

The Sun Goddess not far away immediately flew over and couldn't help but said: "Senior Guardian of the Holy Tower, Ye Feng is an honorary elder personally canonized by my father. The honorary elder token in his hand should be qualified to enter. One hundred demons holy tower."

"Oh? Honorary elder?"

A trace of surprise suddenly appeared in the eyes of the guardian of the holy tower. It seemed that he did not expect that Ye Feng, an ordinary-looking young man, was actually the honorary elder of their Sun God Clan.

But the golden honorary elder token in Ye Feng's hand is a real token, not a fake.

Although the guardian of the Holy Tower was a little reluctant, he could only nod his head and said: "Okay, since he is the honorary elder of our Sun God Clan, it means that this young man has made great contributions to our Sun God Clan. He can There is only one chance to enter the Holy Tower of Hundred Demons, and I think this little brother seems to be a pure human aura. Humans entering the Holy Tower of Hundred Demons will be targeted by the will of the ancient demons in the Holy Tower, which is dangerous. Bigger, are you sure you won't get any luck from entering the Hundred Demons Holy Tower? Instead, you will lose your life in vain."

Hearing the words of the guardian of the holy tower who didn't seem to believe in his own strength, Ye Feng just smiled slightly and said: "Thank you, senior, for your kind reminder, but I feel that if I break into this hundred demon holy tower, I shouldn't be afraid of it." It will be life-threatening. After all, the patriarch of the Sun God Clan is full of praise for my talent."

Since he is looked down upon by others, Ye Feng will naturally not be modest and tell the truth.

"oh?"

When the guardian of the holy tower heard what Ye Feng said, his eyes showed a look of surprise, and then he said with a half-smile: "Okay, then I want to take a look, whether you, a young man, are as good as You are so talented as you said yourself."

At this time, while the guardian of the Holy Tower was talking to Ye Feng, many members of the Sun God Clan had gathered around.

After all, whether it was the Sun Goddess standing next to Ye Feng or the sudden appearance of the guardian of the Holy Tower, the eyes of many Sun God clan members present were attracted.

At this moment, everyone looked at Ye Feng with surprise in their eyes.

"It's him! It's the human boy who was previously awarded the position of honorary elder of our Sun God Clan by the patriarch! It seems his name is Ye Feng!"

A member of the Sun God Clan recognized Ye Feng's identity and immediately couldn't help but exclaimed.

"That's right, it's that Ye Feng. The clan leader doesn't know what happened, but he actually made this young boy the honorary elder of our Sun God Clan. It's really incomprehensible. He seems to be just an ordinary person. He is just a strange young man, how can he be so virtuous?"

There were also members of the Sun God Clan who made some unhappy noises. They seemed to be very unhappy that Ye Feng, an ordinary young man, had become the honorary elder of their Sun God Clan.

There were people from the Sun God Clan around who said with envy and hatred: "This Ye Feng must be a pretty boy. He probably deceived the favor of our Sun God Clan Goddess. That's why the Clan Chief made him an honorary elder. This position is definitely It was the goddess who applied for Ye Feng."

"Yes, it must have something to do with Lady Goddess. Didn't you see Lady Goddess and Ye Feng standing very close and acting very intimately? The two of them must be having an affair."

"The patriarch is too arbitrary and too partial. For the sake of his own daughter, he made a pretty boy an honorary elder of our Sun God Clan. It's really speechless!"

...

At this moment, the surroundings suddenly rang with the voices of many members of the Sun God Clan.

Hearing these gossips, the fair and beautiful face of the Sun Goddess suddenly showed a trace of anger, and couldn't help but said: "Ye Feng, these people are so hateful, I will help you explain it to them, you He was named an honorary elder because he saved the patriarch."

"Need not."

When Ye Feng saw the Sun Goddess turning around, he grabbed her plain little hand and said with a smile: "There's no need to explain to them. It's not necessary. They will know later why I am qualified to become the honorary elder of the Sun God Clan."

After saying that, Ye Feng turned around and walked into the towering Hundred Demons Holy Tower in front of him.

"What?? This pretty boy actually entered the most dangerous Hundred Demons Holy Tower of our Sun God Clan?"

"He came here just to break into the Holy Tower? This kid...doesn't he want his life?"

"Haha, it's just a pretense. This pretty boy will definitely die if he enters the Holy Tower. He is playing with fire!"

...

At this moment, there was a burst of exclamations on the field, but most of them were voices of doubt and disdain.

"This kid is dead."

Many people had a playful look in their eyes as if they were watching a good show. The Holy Tower of Hundred Demons is a towering giant tower with a hundred floors in total, like a pillar of heaven, reaching into the sky, standing in the central area of the Sun God Clan.
