Chapter 4921 Completely in control

At this time, hearing what Emperor Chu said in his mind, Ye Feng's eyes suddenly lit up with a ray of light.

Ye Feng knew very well that being praised so highly by Emperor Chu was enough to show how terrifying and precious this single golden skull palm was.

After all, Ye Feng knew very well that Emperor Chu rarely showed high appreciation for anything.

But now, Emperor Chu has great appreciation for the power and origin of this golden skull palm. This shows that this golden skull palm must be a very extraordinary thing, perhaps even more powerful than the Sword of the Dead that he got before. Be awesome.

Moreover, the Sword of the Dead is only an external weapon, but this golden skeleton palm, Emperor Chu has just said, can be integrated into his own palm and become a part of his body, and can easily explode with monstrous power.

At this time, Ye Feng was naturally looking forward to it, and couldn't help but ask: "But as long as I get close to this golden skeleton palm, it will trigger its automatic attack. Just now, the overlord undead as powerful as the undead bone dragon, in this golden In front of the skeleton palm, it was crushed in an instant, and even the soul fire was instantly wiped out. The independent attack of this golden skeleton palm is also very terrifying. How can I get this golden skeleton palm and successfully integrate it into In the palm of my own hand?"

Hearing Ye Feng's question, Emperor Chu in his mind fell silent for a moment, and then said aloud: "Ye Feng, I don't know much about this. After all, there is no record of how to refine this gold in my ancient memory fragments. Skeleton Palm, so you have to try it yourself. Anyway, you have to find a way to control this golden skeleton palm first, and then talk about merging it into your own palm, step by step. "

Hearing what Emperor Chu said, Ye Feng could only nod. After all, Emperor Chu was not omnipotent. It was impossible to ask Emperor Chu about anything. Emperor Chu had the ability to solve it.

Sometimes most things still have to be

On their own.

Ye Feng didn't ask any more questions at this time, but carefully observed the golden skull palm around him.

Then Ye Feng slowly released his soul power, wanting to carefully explore the secrets contained in this golden skull palm.

Buzz!

But the moment Ye Feng's soul power touched the palm of this golden skeleton.

boom!

A terrifying roar suddenly appeared in Ye Feng's soul and rang in Ye Feng's mind.

The next moment, Ye Feng could immediately feel that there was a very strong soul will in the palm of this golden skeleton, wanting to get into his mind and control himself.

At this time, Ye Feng was not surprised but happy.

Because Ye Feng knew very well that if the palm of this golden skeleton did not have independent will control and automatically attacked others, then he would really have no way to start.

But now Ye Feng has discovered that there is a powerful ancient will in this golden skeleton palm, which means that this golden skeleton palm still relies on the control of the ancient will in it to attack.

In other words, Ye Feng now has a target to attack.

As long as the ancient will in this golden skull palm is obliterated, then he can completely control this golden skull palm.

At this moment, after Ye Feng's soul power discovered this, he almost didn't hesitate at all. He immediately burst out his extremely powerful soul power, and then directly condensed it.

A dark soul giant with a height of tens of thousands of meters gathered above his head.

A soul giant with a length of tens of thousands of meters, full of terrifying momentum and huge pressure, appeared suspended above Ye Feng's head.

This soul giant is Ye Feng's own soul state condensed from his current strongest soul power.

At this moment, Ye Feng condensed this soul giant and rushed directly in front of the golden skeleton palm.

Buzz!

Almost at the next moment, Ye Feng's soul giant rushed into the palm of the golden skeleton.

In the inner space of this golden skull palm, the soul giant transformed by Ye Feng immediately discovered that there was indeed a golden soul hidden in the inner space of this golden skeleton palm.

At this time, the golden soul couldn't help but said in horror: "What?? How could you, a little human boy, condense such a terrifying soul and soul??"

At this time, the golden soul stared at the majestic dark soul giant with a height of tens of thousands of meters that Ye Feng broke in, and was extremely horrified. .??.

At this time, Ye Feng immediately guessed that the golden soul was either the owner of the golden skull palm, or an ancient existence that temporarily inhabited the golden skull palm to preserve the soul.

It's a pity that this ancient golden soul met him.

Ye Feng was too lazy to talk nonsense at this time, and simply said: "Either surrender to me, or be destroyed by me."

Hearing what Ye Feng said, the golden soul immediately spoke angrily: "This golden skull palm, such a forbidden

I was the first to discover this taboo-like treasure, and no one can take it away! "

Hearing what the golden soul said, Ye Feng immediately smiled coldly and said: "If you say that, then there is no need to talk nonsense."

Ye Feng had already given this golden soul a chance, but the other party was very ignorant.

So at this moment, Ye Feng controlled the tens of thousands of meters of majestic dark soul giant that he had condensed, and immediately came in front of this golden soul, and bombarded it fiercely.

The golden soul didn't even have time to let out a scream, and was immediately obliterated by Ye Feng's dark soul giant.

This golden soul must have been a very powerful super strong man back then, but he was probably very weak at the soul level, so he always kept his golden soul in the palm of this golden skeleton.

But what he never expected was that Ye Feng was a powerful soul master and discovered his existence.

At this time, after Ye Feng destroyed the golden soul, he separated his own soul and lived in the palm of the golden skeleton.

Then Ye Feng's main spirit returned to his body.

At this time, Ye Feng opened his eyes and walked towards the huge treasure box.

This time, there was no more abnormal movement in the golden skull palm.

Because this golden skull palm has been completely controlled by Ye Feng.

At this moment, Ye Feng couldn't help but asked aloud in his mind: "Emperor Chu, I have completely controlled this golden skull palm, what specific method should I use to fuse it into my palm and become mine?" Part of the body? Only in this way can the monstrous power of this golden skull palm be more easily unleashed."

Chapter 4922 Fusion of the left hand

Ye Feng knew very well at this time that if he obtained this golden skull palm alone, its power would actually be limited.

But once he can fuse this golden skull palm into his own palm, that is to say, when this golden skull palm becomes part of his palm, then Ye Feng will be able to fully exert all the true power of this golden skull palm.

So at this time, Ye Feng was naturally eager to fuse this golden skull palm into his own palm.

But this golden skull palm is very special and strange. Even Ye Feng didn't know how to integrate this golden skull palm into his own palm for a while.

Therefore, Ye Feng could only ask Emperor Chu for help in his mind to see if Emperor Chu could do anything.

Hearing Ye Feng's question at this time, Emperor Chu immediately thought about it, and then said loudly: "If it were someone else, maybe I would search carefully to see if there are any records in this regard, but Ye Feng, you Unlike others, your body constitution can completely accommodate the power of any attribute, so you can use a very bold way to fuse this golden skull palm, that is, without using any other specific methods, simply and directly Yes, forcefully fuse this golden skull palm into your palm."

"What?"

Hearing what Emperor Chu said in his mind, Ye Feng suddenly had a look of astonishment in his eyes. It seemed that he didn't expect that Emperor Chu had been holding back for a long time before he could say such a sentence. .??.

However, Ye Feng thought about it carefully at this time and seemed to think that there was no other good solution. It would be better to be simple and direct.

Ye Feng immediately nodded and said, "Okay, then I'll give it a try."

After saying that, Ye Feng stepped forward directly, stretched out his hand, and took the golden skull palm in the huge treasure box in front of him into his own hand.

Buzz!

At this moment, Ye Feng could immediately feel the golden skull palm. It looked like it was only the size of a hand, but the weight in his hand was as heavy as a billion. It was as if what he was holding was not a palm but a palm. It is an ancient mountain.

With a power as strong as a mountain or a sea, Ye Feng's eyes suddenly revealed a look of deep surprise.

This golden skull palm is indeed an existence that even the Emperor of Chu values and appreciates very much. It is indeed an extremely special palm.

It is estimated that this golden skull palm was definitely the palm of an extremely terrifying person in ancient times. It was cut off and then refined into a magic weapon and treasure of this very rare palm type.

At this time, Ye Feng took a deep breath, no longer hesitating or wasting time, and just forcibly fused the golden skull palm in front of him towards his left hand.

Ye Feng did not fuse this golden skull palm with his right hand because Ye Feng was right-handed.

When the time comes to fight, when Ye Feng uses some powerful weapons such as the Sword of the Dead, Ye Feng needs to hold the Sword of the Dead with his right hand.

So when the time comes, if you fuse this golden skull palm with your right hand, it will overlap.

Therefore, Ye Feng fuses it with his left hand that does not hold weapons very much. In this case, his right hand can hold a powerful weapon to attack others, while his left hand can fully

By unleashing the power of the golden skull palm, it can be said that both hands are fully utilized.

When the time comes to fight, the weapon held in the right hand can burst out extremely powerful weapon power, and if the left hand successfully fuses this golden skull palm, the left hand can also burst out the ancient and majestic power in the golden skull palm. At that time, Ye Feng's true combat power will definitely be fully increased.

So at this time, Ye Feng looked very seriously and looked forward to it. If he could really fuse this golden skull palm, he didn't know how much power he could exert.

But the most important thing now is to see whether he can successfully fuse this golden skull palm.

Boom!

At this moment, as Ye Feng fused the golden skull palm towards his left hand, Ye Feng could immediately feel that there was a terrifying power like the roar of the ocean in the golden skull palm, which made Ye Feng's left hand , simply evolving from the palm of a mortal to the palm of a god.

At this moment, Ye Feng could feel that the energy contained in the palm of the golden skeleton was terrifying to the extreme. Even his currently extremely powerful Immortal Body of God could not contain the terrifying energy of the palm of the golden skeleton.

But at this moment, Ye Feng naturally would not give up and increased the intensity of fusion.

At this time, I saw the dry golden skull palm slowly merging into Ye Feng's left hand.

At this time, Ye Feng could clearly feel that his left hand was merging with the golden skull palm.

At this time, Ye Feng was very lucky that his Immortal Body of God had gained a whole stage of evolution before. Otherwise, if it were his left hand at the previous stage, it would definitely not be able to accommodate this golden skull palm. The left hand will definitely be stretched out.

But now the sixth stage of the immortal body of the gods is very hard, and it can finally withstand the power of the golden skull palm.

At this moment, the golden skull palm was completely integrated into Ye Feng's left hand, just like ice melting into water.

At this moment, Ye Feng could feel that his left hand seemed to have evolved and transformed from the deep level of the essence of life.

And at this time, when the golden skull palm was completely integrated into Ye Feng's left hand, it was equivalent to the golden skull palm directly becoming Ye Feng's left hand.

Ye Feng could clearly feel that his left hand contained a terrifying power.

When Ye Feng stretched out his left hand, it immediately turned into a dry golden color, but it contained an extremely terrifying power.

Ye Feng's eyes were filled with excitement. The power possessed by this golden skull palm was even more terrifying than Ye Feng had imagined.

However, at this time, Ye Feng did not immediately test the power of this golden skull palm, because this was a small underground space, and Ye Feng was afraid that the power would be too great and cause a collapse.

At this moment, Ye Feng stared at the huge treasure box in front of him with a look of expectation in his eyes. He didn't know whether the final inheritance of the undead monarch was in this huge treasure box.

Now that Ye Feng has obtained the Sword of the Undead and fused it with the Golden Skeleton Palm, if he can get the ultimate inheritance left by the Lord of the Undead, then Ye Feng will really gain a lot from this trip. Ye Feng knew very well at this time that if he obtained this golden skull palm alone, its power would actually be limited.

But once he can fuse this golden skull palm into his own palm, that is to say, when this golden skull palm becomes part of his palm, then Ye Feng will be able to fully exert all the true power of this golden skull palm.

Now that Ye Feng has obtained the Sword of the Undead and fused it with the Golden Skeleton Palm, if he can obtain the ultimate inheritance left by the Lord of the Undead, then Ye Feng will really gain a lot from this trip.

Chapter 4923 Boundless

At this time, Ye Feng no longer wasted time, he just stretched out his hand and opened the huge treasure box in front of him.

The next moment, Ye Feng immediately looked towards the interior space of this huge treasure box, and sure enough he found an ancient book, lying quietly in this huge treasure box.

In addition, there is a dead eyeball inside this huge treasure box that looks like a round bead.

This dead man's eyeball gave Ye Feng a very strange feeling, as it was pure gold.

Ye Feng only felt that this dead man's eyeball must be inseparable from the golden skeleton palm that he had just fused.

Because both are golden, and both exude a very frightening aura of death.

At this time, Ye Feng naturally picked up the golden dead eyeball and put it into his storage ring. He waited until he had time to study it carefully in the future, and maybe he could develop any special abilities.

At this time, after Ye Feng put away his dead eyeballs, what he cared about most was the ancient book placed in this huge treasure box.

Ye Feng picked up this ancient book, which had the words "Great Formation of the Dead Souls" clearly written on it.

Seeing the words written on this book, Ye Feng's eyes suddenly revealed a look of astonishment.

Could it be that this is not the inheritance left by the undead monarch?

Is it just some common formation among the undead clan?

This made Ye Feng a little disappointed.

At this time, Ye Feng was thinking, but Emperor Chu in his mind suddenly said in surprise: "I didn't expect that the undead god's formation, the most supreme of the undead clan, would appear here. Ye Feng, you have really found a treasure. This is much more powerful than the so-called inheritance of the undead monarch, because this is the holy formation of the entire undead clan, and it is recognized by the spiritual world as the strongest of the undead clan.

I didn't expect that the big taboo formation would appear here. What is recorded in this book should be the specific secrets and layout methods of the Death God Killing Formation. "

"What?"

Hearing what Emperor Chu said in his mind, Ye Feng's eyes widened slightly. It seemed that he did not expect that the undead spirit formation he had inadvertently obtained could be such a terrifying formation. It was the entire The most supreme taboo formation of the undead clan.

Ye Feng's eyes immediately became surprised.

Indeed, if this undead god formation is really the most supreme taboo formation of the entire undead clan, then the meaning and value it represents are indeed much more precious than the inheritance of a so-called undead monarch.

Because the inheritance of the Undead Monarch is limited to the level of the Undead Monarch, when Ye Feng reaches the level of the Undead Monarch in the future, the inheritance of the Undead Monarch will not be of much use value and significance to Ye Feng.

But this kind of undead god evil formation is the oldest and supreme formation of the entire undead clan. Ye Feng can use it at any time and it can play a great role.

And as Ye Feng's cultivation level increases, the power of the undead spirit formation becomes stronger.

At this time, Ye Feng couldn't help but said: "I once learned the art of Feng Shui from Master Yi from Zhongzhou, so it should be important for me to learn this supreme formation of the undead clan. It's not that difficult."

When he said this, Ye Feng directly opened the book in his hand that recorded the formation of the undead gods, but the result still made Ye Feng frown.

Because what is recorded in this book

There are so many mysteries about the Great Formation of the Undead and the Divine Evil that even Ye Feng's brain couldn't react for a while.

However, although it is very difficult to understand and learn, Ye Feng feels more and more happy, because the secret that can give him such a headache is enough to prove that this undead and evil formation is not a bragging of Emperor Chu, it is really extraordinary. It is very ancient and very powerful. It is the most supreme taboo formation of the undead clan.

Once you master this set of formations, when the time comes to deal with the enemy, setting up this formation will definitely allow Ye Feng to unleash killing methods that far exceed his own combat power.

At this time, Ye Feng imprinted all the secrets of the formations of the Necromancer Formation recorded in this book into his mind, so that he could slow down his practice and walking in the future. Learn slowly.

At this moment, Ye Feng looked at the empty treasure box with a look of satisfaction in his eyes.

This time in the 94th floor of the Hundred Demons Holy Tower of the Sun God Clan, I can say that I have gained a huge harvest.

Not only has his cultivation strength reached a new level, but his soul power has also skyrocketed.

In addition, he also obtained so many powerful weapons and inheritances, and even obtained the most supreme taboo formation of the undead clan, the great formation of the undead gods.

This should be the most precious thing to Ye Feng at the moment.

At this time, Ye Feng didn't hesitate at all and immediately left here, flying quickly towards the deepest part of the 94th floor of the undead space.

You know, Ye Feng has now directly killed the undead monarch, so in this 94th floor space, no undead can stop Ye Feng. Ye Feng reached the 95th floor smoothly.

When Ye Feng entered Bai Yao

After entering the ninety-fifth floor of the Holy Tower, there was a look of surprise in his eyes.

Because there does not seem to be any danger in the ninety-fifth floor of the Hundred Demons Holy Tower.

There are towering green trees growing all around, and there is green grassland on the ground. There is gurgling water in the distance, and there are green cattle and white deer on the waterside, hidden in the water.

At this time, Ye Feng saw this natural and peaceful scene, and even wondered whether this was the ninety-fifth floor of the Hundred Demons Holy Tower. Why was there no danger at all?

However, Ye Feng still remained vigilant. After all, the last few floors of the Hundred Demons Holy Tower were more difficult than each other, so Ye Feng naturally did not dare to take it lightly.

However, although Ye Feng remained vigilant, he did not encounter any danger when walking in this natural and peaceful forest. The ordinary animals were not aggressive at all, and they were all very peaceful and quiet.

After sensing all this, Ye Feng became more and more strange. Is the ninety-fifth floor of the Hundred Demons Holy Tower a place for people to take a break?

But in the next few hours, Ye Feng finally realized something was wrong.

Because when he was walking in the quiet forest on the 95th floor, he could never reach the end.

Even if Ye Feng flew high in the sky, he could not see the end at a glance.

The whole forest seemed endless.

In other words, Ye Feng could not find the entrance to the ninety-sixth floor.

The end of the ninety-fifth floor can never be reached.

This made Ye Feng's face change slightly, and he couldn't help but murmur, "Although this forest on the 95th floor is quiet and peaceful, it is boundless and has no end at all. It will make people trapped forever. On the ninety-fifth floor, is this the test of the ninety-fifth floor? "

Chapter 4924 Top Level

At this time, Ye Feng couldn't help but frown.

If it is a specific danger, then Ye Feng still has strong power to fight against it.

But now in this endless virgin forest, walking aimlessly, Ye Feng suddenly lost his direction and didn't know how to reach the ninety-sixth floor.

Because the end area of the ninety-fifth floor can never be reached.

At this moment, Ye Feng was thinking, could the primitive forest on the 95th floor of the Hundred Demons Holy Tower be a space where the formation evolved?

So at this moment, Ye Feng directly used the Eye of Heaven and Earth to look around, hoping to see through the true face of the primitive forest on the ninety-fifth floor.

But no matter how Ye Feng looked, he still found that the boundless forest on the 95th floor was real and not a fictional environment created by the formation.

This made Ye Feng suddenly become a little surprised.

Because this is a real world and environment, not a formation evolved to confuse you.

Ye Feng couldn't help but said: "Could it be that this 95th floor of space will never end? So for tens of thousands of years, no one from the Sun God Clan has been able to pass through the 95th floor?"

Ye Feng secretly thought in his heart and asked aloud in his mind: "Emperor Chu, how should I reach the end of the 95th floor and go to the 96th floor? I can't just walk aimlessly like this. Going down, it feels like we can't reach the end even if we walk for hundreds of years."

Emperor Chu was silent in his mind for a moment, and then said aloud: "Since this is a real boundless forest world, then you will never reach the end."

Hearing what Emperor Chu said in his mind, Ye Feng suddenly had a look of astonishment in his eyes, as if he didn't expect Emperor Chu to say such words.

But the next moment, Emperor Chu continued to speak: "But who stipulated that the entrance to the ninety-sixth floor is at the end of the ninety-fifth floor."

"Um?"

After hearing what Emperor Chu said, Ye Feng suddenly

As if he understood something, he immediately couldn't help but said with some surprise: "It seems that the test on the 95th floor is to test a cultivator's way of thinking, because before, on every floor of the Hundred Demons Holy Tower, I always found the entrance to the next floor in the end area of that floor, so I subconsciously felt that the entrance from the 95th floor to the 96th floor was also in

this 95th floor space. The end area of the 95th floor has fallen into an inertial thinking. In other words, the entrance from the 95th floor to the 96th floor is not necessarily at the end area of the 95th floor, because it can never reach the end. ”

Hearing what Ye Feng said, Emperor Chu immediately smiled and nodded in his mind, and said: "Ye Feng, go and see if you can find anything special in the boundless primeval forest on the 95th floor. If the space fluctuation can be found, it should be the entrance to the ninety-sixth floor."

Hearing what Emperor Chu said, Ye Feng immediately nodded excitedly. Ye Feng felt that there was a 90% chance that this was the case.

The entrance from the 95th floor to the 96th floor should not be at the end of the 95th floor, but in the middle of the virgin forest on the 95th floor, where he can reach it.

If this is really the case, then it means that both Ye Feng and Emperor Chu have guessed correctly.

In fact, this is not such a difficult test.

But sometimes people's thinking, once they form a fixed mindset, is difficult to change.

I have to say that Emperor Chu's thinking is still very strong.

Uh-huh!

At this moment, Ye Feng immediately flew quickly towards the middle area of this primitive forest.

Soon, Ye Feng came to the middle area of this primitive forest.

The trees here are towering, and the mountains and mountains span the sky and the earth, giving people a sense of ancient wilderness.

a feeling of.

Buzz!

At this time, Ye Feng exuded his soul power and moved towards the surrounding area, trying to find hidden spatial fluctuations.

Soon, Ye Feng found a cave near the middle of a huge mountain.

There are very strong spatial fluctuations in this cave.

Ye Feng sensed it in an instant, his eyes lit up, and he immediately walked into the cave.

The next moment, Ye Feng suddenly saw that there was an ancient teleportation formation on the ground of this cave.

This teleportation formation is shining brightly.

"Emperor Chu, you guessed it right. The ninety-fifth floor tests the change of thinking of the challenger. The entrance to the ninety-sixth floor is indeed in the middle of the forest, not in the primeval forest. At the end, it is estimated that after reaching the 95th floor, many passers-by wanted to go to the end area of the 95th floor, but they could not reach the end until they died, and they had no choice but to give up. " ??.

At this time, Ye Feng's eyes showed deep excitement. If Emperor Chu hadn't reminded him to change his thinking this time, he might have stopped at the ninety-fifth floor.

Because of this kind of thinking test, no matter how powerful you are, you can't break the constraints of inertial thinking.

At this time, Ye Feng did not hesitate and stepped directly into the ancient formation in the cave.

Buzz!

This formation was naturally a teleportation formation, which directly teleported Ye Feng to the ninety-sixth floor of the Hundred Demons Holy Tower.

When Ye Feng arrived at the ninety-sixth level of space, he immediately saw heavy snow and endless ice, freezing the whole world.

Ye Feng had just entered the ninety-sixth layer of ice and snow space, and immediately felt that all the blood in his body was about to be frozen.

boom!

At this time, Ye Feng did not hesitate at all. He used his huge blood energy to generate terrifying heat, preventing himself from being frozen by the ice and snow world on the 96th floor, and headed straight towards the depths of the 96th floor. Rush around the area quickly.

Soon, Ye Feng came to the end area of the 96th floor and saw an ancient teleportation formation. Ye Feng entered the teleportation formation and reached the 97th floor smoothly.

Next, although each floor of the Hundred Demons Holy Tower faced various extremely harsh environmental tests, Ye Feng was not afraid at all.

Because Ye Feng's body strength can be said to have transformed to an extremely terrifying level.

These harsh environments are enough to kill a powerful creature, but they pose no threat to Ye Feng at all.

Ye Feng relied on his powerful body like a mythical beast to endure these harsh environments and successfully reached the 100th floor, which is the highest floor of the Hundred Demons Holy Tower.

When Ye Feng reached the 100th floor, his eyes suddenly revealed a look of deep astonishment.

Because Ye Feng saw that the 100th floor, the highest of the Hundred Demons Holy Tower, was not a small world like other floors.

The 100th floor of the Hundred Demons Holy Tower is a very ordinary room-sized space, just like a very ordinary attic pavilion.

At this moment, Ye Feng was in the topmost pavilion of the Hundred Demons Holy Tower and saw an old man with his back to him, sitting on a seat engraved with ancient totems.

Ye Feng looked at the old man's back and couldn't help but ask: "Is the senior a member of the Sun God Clan? Or is he the guardian of the Hundred Demons Holy Tower?"

Ye Feng originally thought that there was countless wealth stored in the top floor of the Hundred Demons Holy Tower, and that he was going to make a fortune. However, he did not expect that inside the top floor of the Hundred Demons Holy Tower, there was only an old man sitting with his back to him, and there were many people around him. Ye Feng looked at it and saw that it was empty and even had a shabby feel, which made Ye Feng feel a little disappointed.

Chapter 4925 Get everything done

At this time, Ye Feng felt a little uneasy. He didn't know who the old man sitting on the ancient totem chair was.

If there really is an old and powerful man from the Sun God Clan sitting here, then I am afraid that I have no hope of getting the wealth left in the entire Hundred Demons Holy Tower.

Because Ye Feng knew that it was impossible for the Sun God Clan to let an outsider like himself get the biggest treasure in the Hundred Demons Holy Tower.

Although he is now considered an honorary elder among the Sun God Clan, he is still an outsider after all, and the honorary elder is just a name.

While Ye Feng was thinking secretly in his heart, the old man sitting on the seat in front did not move at all. He remained like that, sitting quietly with his back to Ye Feng.

This made Ye Feng feel a little strange, and he couldn't help but asked again: "Senior?"

However, after Ye Feng spoke again, the old man still did not respond.

This made Ye Feng's eyes suddenly show a look of surprise. .??.

Then Ye Feng seemed to have some guesses in his heart, and slowly walked towards the old man who was sitting on the chair with his back to him.

When Ye Feng walked up to him, he was immediately shocked to discover that this old man was not a living person, but a fallen strong man, a skeleton, sitting on this chair with his back to him.

This left Ye Feng speechless. He didn't expect that he had said so many words to a dead man.

At this time, Ye Feng didn't want to say anything more. Instead, he released his soul power and spread it around, regardless of the withered corpse.

Ye Feng exuded his soul power at this time, naturally wanting to find the huge wealth contained in the top floor of the Hundred Demons Holy Tower.

Because when Ye Feng first entered the Hundred Demons Holy Tower, he had already heard that there was an extremely rich chance of creation at the top of the Hundred Demons Holy Tower. The guardian of the Holy Tower also told him about this before. thing.

So Ye Feng is naturally one inch at this time.

He searched for every inch, but what made Ye Feng quite helpless was that at the end of his search, Ye Feng did not find any huge wealth at all.

Including the dead old man, Ye Feng also checked the other person's palm that had turned into bones and found no storage ring.

In other words, there is nothing on the 100th floor and the top of the Hundred Demons Holy Tower except this dead old man. There is no storage ring in this old man's hand.

"Happiness for nothing!"

This made Ye Feng feel discouraged. Could it be that the huge wealth contained in the 100th floor of the Hundred Demons Holy Tower was simply a lie.

At this time, Ye Feng suddenly felt that maybe so many people from the Sun God Clan were rushing into the Hundred Demons Holy Tower, hoping to reach the top of the 100th floor, but the 100th floor was just a status symbol, and There is no real wealth.

This made Ye Feng feel helpless. He didn't want any so-called honor or status symbol. What he wanted was a real reward.

At this moment, Ye Feng can only prepare to leave the Hundred Demons Holy Tower, because there is no good luck at the top of the Hundred Demons Holy Tower, so there is no need for him to stay.

However, Ye Feng is still very satisfied with his breakthrough this time. After all, he has obtained a lot of things in other levels of the Hundred Demons Holy Tower, and has gained a lot. After all, people must be content and contentment is always a happy thing.

But just when Ye Feng was about to leave, Emperor Chu in his mind suddenly said: "Ye Feng, don't leave in a hurry. The 100th floor of the Hundred Demons Holy Tower seems to be a very critical place. "

Uh-huh!

After finishing speaking, Emperor Chu suddenly flew out of Ye Feng's mind and transformed into a humanoid state composed of red light that was about the same size as Ye Feng.

At this time, Ye Feng looked at the figure in front of him that was completely composed of light, and couldn't help but said: "Emperor Chu, did you find anything?"

Emperor Chu nodded at this time and walked towards the surroundings.

Emperor Chu came directly in front of the dead old man's skeleton, and with a "pop" sound, he slapped the dead skeleton away and fell to the ground not far away.

When Ye Feng saw this scene, his eyelids twitched slightly.

If it were Ye Feng, he might still respect the corpse of the old man in the Hundred Demons Holy Tower of the Sun God Clan. After all, his relationship with the Sun God Clan was pretty good.

However, Emperor Chu seemed to have more no inhibitions than he did, and he waved away the bones of this old man who had no use value.

At this moment, Ye Feng suddenly discovered that after Emperor Chu slapped the old man away, Emperor Chu himself actually sat down on the seat engraved with ancient totems.

Ye Feng was about to ask something, but suddenly at this moment.

"Boom!!"

A terrifying force suddenly burst out from the chair, seeming to want to drive away Emperor Chu.

Emperor Chu smiled faintly at this time and said: "Now that I have discovered the key point, the Holy Tower of Hundred Demons is ours."

Uh-huh!

After finishing speaking, Emperor Chu suddenly stretched out a palm made entirely of light and patted the chair he was sitting on.

Boom!

A terrifying and boundless power suddenly burst out from Emperor Chu's palm and covered the surrounding area.

Ye Feng suddenly discovered at this moment that Emperor Chu was even more unfathomable than he imagined.

During the time that Emperor Chu was sleeping in his mind, he was definitely silently accumulating strength and restoring his strength.

force.

At this moment, the majestic ancient power erupted by Emperor Chu seemed to have shocked the power in this chair, and the entire chair became quiet again.

At this time, Emperor Chu suddenly stood up, looked at Ye Feng, smiled and said: "Ye Feng, you are sitting on this chair now, I have already taken care of everything for you."

"Um?"

Hearing what Emperor Chu said, Ye Feng just had a look of doubt in his eyes. He didn't know what Emperor Chu meant when he said everything was settled.

But at this moment, Ye Feng believed in Emperor Chu very much. He didn't ask any more questions, but walked to the chair obediently and sat down.

Buzz!

Almost the moment Ye Feng sat down, Ye Feng put his hands on both sides of the chair, and suddenly felt that he had a clear sense of control over every floor of the entire Hundred Demons Holy Tower.

Ye Feng's spiritual thoughts can enter every space of the Hundred Demons Holy Tower at any time and roam freely.

Even Ye Feng has a huge sense of control over the entire Hundred Demons Holy Tower.

At this moment, Ye Feng only felt that the entire Hundred Demons Holy Tower was no longer a place to break through, but a world-space attribute super magic weapon that merged into small worlds.

At this time, Ye Feng immediately understood something, and also understood what Emperor Chu meant by settling everything.

Ye Feng immediately stood up and looked at Emperor Chu who was completely composed of light beside him, and said very excitedly: "Emperor Chu, the Holy Tower of Hundred Demons is actually a super magic weapon with world space attributes? Emperor Chu, just help me get it done I have lost the entire Hundred Demons Holy Tower's own will to resist. Now the Hundred Demons Holy Tower belongs to me?"

Emperor Chu nodded slightly at this time, turned into a ray of light, flew into Ye Feng's mind again, and said aloud in his mind: "As for whether you can remove this super magic weapon, the Holy Tower of Hundred Demons, from the Sun God Clan safely. It's up to you to take it away."

Chapter 4926 Secretly pleased

Hearing Emperor Chu say this, Ye Feng suddenly showed a look of helplessness in his eyes.

That's right, although he now controls the entire Hundred Demons Holy Tower, a super magic weapon, through Emperor Chu.

But you must know that the Holy Tower of Hundred Demons is a sacred object of the entire Sun God Clan. If he just takes it away like this, Ye Feng knows very well that it will never be that simple and easy.

So at this moment, Ye Feng naturally felt that if he really wanted to take away the entire Hundred Demons Holy Tower smoothly, it would definitely not be as simple as he imagined, even if he now has complete control of the Hundred Demons Holy Tower. .

At this time, Ye Feng thought about it and flew out from the Hundred Demons Holy Tower.

The moment Ye Feng flew out, there was already a sea of people outside.

Almost thousands of members of the Sun God Clan gathered outside the Hundred Demons Holy Tower, staring at Ye Feng with deep shock in their eyes.

Seeing this scene, Ye Feng knew very well that it was very normal for him to win so much attention, because he was probably the first person in history to reach the top floor of the Sun God Clan's holy land, the 'Hundred Demons Holy Tower'.

At this time, Ye Feng ignored the admiring gazes of the fanatical Sun God clan members, and instead looked up at the sky.

Because Ye Feng saw it, an old man with an unfathomable aura appeared high in the sky.

This old man was wearing a shabby golden robe, but it gave people the feeling of being like a majestic sacred mountain, with a terrifying feeling that there was no end in sight.

Ye Feng immediately understood that this was a guy who was more terrifying than the patriarch of the Sun God Clan. He was most likely an old monster like a living fossil that had survived from ancient times among the Sun God Clan.

At this moment, Ye Feng immediately smiled slightly, looked at the old man wearing a golden robe, and said loudly: "Junior Ye Feng,

I've met seniors. "

This old man from the Sun God Clan is actually the ancestor of the Sun God Clan invited by the guardian of the Holy Tower.

At this moment, the ancestor of the Sun God Clan stared at Ye Feng and couldn't help but said: "Have you successfully passed through the 100th floor of the Hundred Demons Holy Tower and entered the top floor?"

Hearing what the ancestor of the Sun God Clan said, Ye Feng immediately nodded and said loudly: "Yes, this junior has passed all levels of tests and entered the top of the Hundred Demons Holy Tower. The hundredth layer."

Hearing what Ye Feng said at this time, the ancestor of the Sun God Clan seemed a little excited and couldn't help but said: "Then did you see anything on the top floor?"

Hearing what the ancestor of the Sun God Clan said, Ye Feng's eyes revealed a look of surprise, and he couldn't help but ask: "Didn't the seniors enter the top floor of the Hundred Demons Holy Tower?"

Hearing Ye Feng's question, the ancestor of the Sun God Clan immediately couldn't help but said in embarrassment: "The highest I have broken into is the ninety-fifth floor of the Hundred Demons Holy Tower, and I have never broken into the top floor. "

Hearing what the ancestor of the Sun God Clan said, Ye Feng was suddenly stunned. No wonder the ancestor of the Sun God Clan came here in person and wanted to see him. It turned out that he also wanted to know the number one secret of the Hundred Demons Holy Tower. What exactly is there on the 100th floor?

Ye Feng thought about it at this time, and had a plan in his heart. He immediately said aloud: "In the 100th floor of the Hundred Demons Holy Tower, there is a supreme will of your Sun God Clan. He has now taken me as the only one." A person who breaks into the top level is designated as his successor, so that

The supreme will of your Sun God Clan rewarded me with the entire Holy Tower of Hundred Demons. "

Ye Feng was naturally talking nonsense at this time, but Ye Feng felt that if he didn't say so, it would be difficult to fool these strong men of the Sun God Clan.

Sure enough, after hearing what Ye Feng said, the expression of the ancestor of the Sun God Clan changed at first. It seemed that he did not expect that the Holy Tower of Hundred Demons would now be rewarded to Ye Feng by a mysterious and unpredictable existence.

But the next moment, the ancestor of the Sun God Clan couldn't help but said excitedly: "You said that at the top of the Hundred Demons Holy Tower, there is a person with the supreme will of our Sun God Clan, who is the first generation of our Sun God Clan. Ancestor?"

Ye Feng nodded and said aloud: "That's right, he is the first generation ancestor of your Sun God Clan. He said that I have extraordinary talents and unlimited cultivation potential, and I also successfully broke into the hundredth demon tower. level, I passed the level directly, so he values me very much and wants to reward me with the entire Hundred Demons Holy Tower."

When he said this, for fear that the other party would not believe it, Ye Feng suddenly stretched out his hand towards the huge Hundred Demons Holy Tower.

Buzz!

Almost at this moment, the Holy Tower of Hundred Demons started to vibrate with a "rumbling" sound.

Then, under the shocked gazes of countless people, the Holy Tower of Hundred Demons transformed into a small pagoda and fell into Ye Feng's palm.

Seeing this scene at this moment, the entire Sun God Clan was immediately fried.

Countless members of the Sun God Clan were horrified and said: "Oh my god, what is going on? How could our Holy Tower be taken by Ye Feng, a human race??"

At this moment, the ancestors of the Sun God Clan all had a look of astonishment in their eyes, as if they did not expect Ye Feng to actually be recognized by the Hundred Demons Holy Tower.

Can.

Because the ancestors of the Sun God Clan knew very well that if what Ye Feng just said was a lie to him, then Ye Feng would not be able to control the Hundred Demons Holy Tower.

Because no one knows what kind of existence the Hundred Demons Holy Tower is like than the ancestors of the Sun God Clan.

Because in ancient legends, this Holy Tower of Hundred Demons does not belong to the Sun God Clan, but the first generation ancestor of the Sun God Clan. It is a super magic weapon obtained from a mysterious and mysterious place. For generations, the Sun God Clan has used it as a super magic weapon. This is why the Holy Tower of Hundred Demons is regarded as a holy place.

Therefore, Ye Feng would not have been able to control the entire Hundred Demons Holy Tower without the approval of the supreme powerful man in the Hundred Demons Holy Tower.

So at this time, the ancestors of the Sun God Clan felt that this was God's destiny.

At this time, seeing the change in the expression in the eyes of the ancestor of the Sun God Clan, Ye Feng immediately revealed a hint of smile deep in his eyes.

It seemed that the other party believed what he was saying.

In fact, among the highest levels of the Hundred Demons Holy Tower, there is no so-called will of the first generation ancestor of the Sun God Clan. Ye Feng relied entirely on the powerful power of Emperor Chu to suppress the independent will of the entire Hundred Demons Holy Tower. , so he was able to control this Holy Tower of Hundred Demons.

But Ye Feng can't tell the truth. In that case, he will become a tyrant, and the strong men of the Sun God Clan will definitely stop him.

But now after Ye Feng's nonsense, he successfully turned the plunder into the first generation ancestor of the Sun God Clan. He has chosen himself and become the one destined to control the Hundred Demons Holy Tower. In this case, the Sun God Clan's Naturally, the strong men had nothing to say.

"You are so witty as me!"

Ye Feng was secretly happy.

Chapter 4927 Meet again

At this time, Ye Feng was quite happy in his heart. He didn't expect that he would fool the ancestor of the Sun God Clan with just a few words.

But what Ye Feng didn't know was that the ancestor of the Sun God Clan was deceived because Ye Feng completely controlled the Hundred Demons Holy Tower. Otherwise, he would never believe what Ye Feng said.

Because Ye Feng still doesn't know what the status of the Hundred Demons Holy Tower is in the eyes of the entire Sun God Clan.

In the eyes of everyone in the Sun God Clan, including the ancestors of the Sun God Clan, the Hundred Demons Holy Tower is definitely the supreme holy object.

Therefore, Ye Feng can control the entire Hundred Demons Holy Tower, which will naturally make these people believe that Ye Feng has been recognized by the supreme will of the Hundred Demons Holy Tower, so he can control this Hundred Demons Holy Tower.

They simply couldn't imagine that Ye Feng could conquer the Hundred Demons Holy Tower with his own strength.

At this moment, Ye Feng looked at the Holy Tower of Hundred Demons in his hand that had become the size of a palm, his eyes were very surprised.

Unexpectedly, he actually controlled the entire Hundred Demons Holy Tower.

Ye Feng has broken into every floor of the Hundred Demons Holy Tower, and he clearly understands that this magic weapon is not an ordinary magic weapon, but a super magic weapon that integrates nearly a hundred small worlds. Once the power breaks out, it's enough to shock the world.

At this time, Ye Feng took the Holy Tower of Hundred Demons into his Dantian to warm it up.

At this time, Ye Feng looked at the ancestor of the Sun God Clan in front of him, smiled and said: "Since there is nothing else, I will leave here first."

This time Ye Feng came to the Sun God Clan, he had basically done everything he wanted to do, so Ye Feng naturally wanted to leave.

Because Ye Feng's cultivation strength has now risen to a very terrifying level, the entire northern region of the Ten Thousand Demons Interface is no longer of much interest to Ye Feng.

At this time, what Ye Feng wanted with all his heart was

It is to go to the truly glorious land of Zhongzhou in the interface of ten thousand monsters.

At this moment, Ye Feng is preparing to leave the Sun God Clan directly, return to the Northern Territory, and then find a way to join the once-a-decade assessment in Zhongzhou to see if he can enter the super power of Zhongzhou.

At this time, Ye Feng did not hesitate and walked directly towards the outside of the Sun God Clan.

Uh-huh!

But at this moment, a beautiful figure appeared in front of Ye Feng, it was the Sun Goddess of the Sun God Clan.

At this moment, the Sun Goddess stared at Ye Feng and couldn't help but said: "Ye Feng, I told you before, Zhongzhou Land conducts an assessment once every ten years to recruit disciples from the entire Ten Thousand Monsters interface. You should be able to go to participate?"

Ye Feng nodded and said: "Of course I will participate. Now there is nothing I need in the Northern Territory or the Southern Barbarian Land, or even in the edge areas of the Great Wilderness."

Hearing what Ye Feng said, the Sun Goddess immediately nodded solemnly and said loudly: "I will also take part in the once-in-ten-year assessment of Zhongzhou. I hope that we can all pass the examination and enter the super class of Zhongzhou." If we practice in a large sect, we can meet again and even become brothers and sisters."

Hearing what the Sun Goddess said, Ye Feng smiled slightly and said, "Okay, I hope we can meet again then."

Uh-huh!

After saying that, Ye Feng did not hesitate and flew directly into the distance, leaving the territory of the Sun God Clan in the blink of an eye.

The Sun Goddess looked at Ye Feng's leaving figure with a hint of reluctance in her eyes.

But the next moment, her beautiful face revealed

With a hint of determination, he then flew towards the inner area of the Sun God Clan.

The Sun Goddess is preparing to practice hard and improve her strength in this last period of time, and strive to pass the assessment of recruiting disciples once every ten years in Zhongzhou.

At this time, after Ye Feng left the Sun God Clan, he flew directly towards the Northern Territory.

At this time, Ye Feng's cultivation strength has been raised to a very terrifying level, not to mention that he also has various super magic weapons and peerless inheritance, so Ye Feng's comprehensive strength has been raised to a new peak state. Ye Feng could no longer be trapped.

Ye Feng didn't need to be careful at all when flying and walking in the wilderness, he just went on a rampage.

Occasionally, they strayed into the lair of some overlord evil beasts in the wilderness. Those overlord evil beasts sensed the terrifying aura of Ye Feng, like the abyss of the sea. These overlord evil beasts did not dare to provoke Ye Feng at all, and could only tremble in fear. Hiding in his lair, he didn't dare to offend Ye Feng for fear of being killed instantly by Ye Feng.

Ye Feng is no longer very interested in these weak creatures, so Ye Feng didn't bother to care about the overlord beasts that didn't provoke him along the way, and flew straight towards the North Territory.

But just when Ye Feng was about to leave the wilderness area.

boom!

Suddenly, a terrifying aura of destruction burst out from the void around Ye Feng.

The next moment, a purple-gold dragon claw directly hit Ye Feng's body, and a huge roar broke out, sending Ye Feng flying far away and falling hard to the ground.

At this moment, Ye Feng was a little disappointed. After all, he was suddenly attacked by a sneak attack. Even Ye Feng didn't react for a while.

However, Ye Feng did not

He didn't suffer any damage. This was due to Ye Feng's now extremely powerful Immortal Body of God, and also because Ye Feng's current cultivation skills had been fully increased.

However, this still made Ye Feng a little shocked and angry. He didn't expect that someone would secretly attack him, and he was such a powerful being.

Ye Feng took a closer look, and his eyes immediately showed a look of shock and anger, because the dragon claw that attacked him was a purple-gold dragon claw.

Ye Feng instantly thought of a big shot, the leader of the Amethyst Dragon Clan!

At this time, Ye Feng immediately thought of the grudge between the two.

Back then, the leader of the Sun God Clan was, of course, a demon disguised as the leader of the Sun God Clan. He joined forces with the leader of the Amethyst Dragon Clan to hunt him down. It seems that now the leader of the Amethyst Dragon Clan has not given up on chasing him.

Ye Feng looked at the void, and immediately smiled coldly and said: "Clan leader of the Amethyst Dragon Clan, I almost forgot about you. I didn't expect that you would suddenly attack me, so I can only blame you. You don't know how to live or die, and you have come to find me. If I don't kill you directly today, then I will not be a human being."

boom!

After saying that, Ye Feng suddenly burst out with a terrifying and boundless wave of power, and rushed directly into the void to find out the leader of the Amethyst Dragon Clan who had sneaked up on him.

The moment Ye Feng rushed into the void, the leader of the Amethyst Dragon Clan was indeed lurking in the void.

It was a middle-aged man wearing a purple robe, and one hand had turned into a huge purple-gold dragon claw.

At this moment, he stared at Ye Feng, with a horrified look on his face, and said loudly: "How is it possible?? You withstood my strongest dragon claw attack, and you didn't suffer any harm. What on earth are you doing?" How could he become so powerful in such a short period of time? "

Chapter 4928: More confidence

At this time, staring at Ye Feng's intact appearance, the leader of the Amethyst Dragon Clan was shocked to the extreme.

Because in the eyes of the leader of the Amethyst Dragon Clan, Ye Feng is still a young man after all.

But what the leader of the Amethyst Dragon Clan never expected was that Ye Feng's strength would now rise to this level, which was simply incredible.

Even senior figures like the leader of the Amethyst Dragon Clan were deeply in disbelief at Ye Feng's improvement in strength and called it impossible.

But the majestic and vast aura of cultivation that Ye Feng exuded at this moment, including the terrible sense of crisis that gave the leader of the Amethyst Dragon Clan, deeply stimulated the nerves of the leader of the Amethyst Dragon Clan, making his forehead even... There was a trace of cold sweat seeping out.

Because of Ye Feng's powerful aura, the leader of the Amethyst Dragon Clan felt a real threat.

When this great man in the wilderness faced Ye Feng again, he no longer had the domineering and calmness he had before, but his eyes were full of deep fear.

Even if the leader of the Amethyst Dragon Clan really wanted to get rid of Ye Feng, he had to admire Ye Feng's growth rate in his heart at this time. It was really terrifying.

At this time, Ye Feng didn't hesitate at all, and immediately rushed towards the leader of the Amethyst Dragon Clan, and said coldly: "Clan leader of the Amethyst Dragon Clan, let the two of us deal with all the old and new grudges from back then. Let's forget it together!"

boom!

Ye Feng stimulated the powerful original power of the immortal body of the gods, and his whole body suddenly erupted with a brilliant golden divine light, making Ye Feng feel as if he had transformed from an ordinary boy into a young golden god in an instant. , possessing extremely terrifying momentum and power.

"Dragon's Wrath!"

The leader of the Amethyst Dragon Clan did not hesitate. Knowing that Ye Feng's body was powerful, he jumped up and transformed into his true body, directly in the void.

A majestic amethyst dragon with a height of tens of thousands of meters was transformed into the sky.

This amethyst giant dragon has a terrifying aura. Its whole body is as if it is made of amethyst. Each dragon scale is shining with cold metallic luster. The two dragon horns are like steel spears piercing the sky, like the ability to tear apart. The sky is powerful and powerful.

"boom!"

Ye Feng was not afraid, and his whole body collided quickly, transforming into a golden giant tens of thousands of meters tall. His whole body seemed to be made of gold, and was filled with an unparalleled sense of power.

Boom! !

The next moment, the two behemoths started fighting in the void.

The golden giant and the amethyst dragon collided together. Every time they collided, a huge and earth-shattering roar broke out, resounding throughout the sky.

Countless lands, mountains, and swamps in the surrounding wilderness were all beaten to pieces.

Countless ordinary monsters and beasts, including those of the Great Wilderness Overlord Evil Beasts living around, were all scrambling to escape from the scene in panic.

"Boom!!"

Suddenly, an amethyst dragon fell from the sky and fell hard to the ground, smashing a large area of land and creating a huge pothole.

Uh-huh!

At this moment, the golden giant that Ye Feng transformed into struck down from high altitude and landed directly in front of the amethyst dragon. He stretched out two huge golden fists and struck the head of the amethyst dragon crazily and quickly.

Boom boom boom...

Under the terrifying attacks of Ye Feng's punch after punch, the two amethyst dragon horns of this amethyst giant...

, were all shattered into pieces by Ye Feng's golden fist.

"ah!"

The amethyst dragon let out a miserable scream, because the injuries it received were too serious and it could not withstand the crazy attack of Ye Feng's solid gold giant body.

In addition, the leader of the Amethyst Dragon Clan also felt deeply humiliated. The leader of the overlord race in his majestic wilderness was pushed to the ground and beaten wildly by a human boy. It was really a shame!

You know, less than a year ago, Ye Feng, a human boy, was nothing more than an ant-like existence in front of the leader of the Amethyst Dragon Clan. He could crush Ye Feng's life at any time.

But now, how long has it been?

It will take less than a year. .??.

Ye Feng has grown from a weak and weak thing like an ant to a powerful human race superpower!

The changes before and after were so fast and so great that the leader of the Amethyst Dragon Clan was naturally shocked to the extreme.

But at this time, the leader of the Amethyst Dragon Clan could not say anything more. Because of Ye Feng's continuous terrifying attacks, the leader of the Amethyst Dragon Clan had no ability to resist at all.

"Pfft!"

Finally, at the last moment, Ye Feng's mountain-like golden fist struck the head of the Amethyst Dragon Clan's leader, blasting the opponent's head directly.

The leader of the Amethyst Dragon Clan, died!

At this time, Ye Feng's eyes suddenly showed a trace of surprise. It seemed that he did not expect that he did not use any inheritance or means, and ended up killing the extremely powerful leader of the Amethyst Dragon Clan.

It seems that his current true cultivation strength is much stronger than he imagined.

At this time, Ye Feng naturally did not hesitate at all and directly

It was the Devouring Domain that was released and began to devour the power and energy of the leader of the Amethyst Dragon Clan.

You know, the leader of the Amethyst Dragon Clan is the leader of the second-ranked overlord race in the wilderness. He is a top figure in the wilderness, and his cultivation skills are terrifying and majestic.

So after Ye Feng swallowed it at this time, he immediately felt that his skill had increased tremendously.

"Boom!"

Powerful energy as powerful as the ocean was injected into Ye Feng's body.

Ye Feng's cultivation momentum immediately began to rise at an incredible speed.

"boom!"

The second level of mortal transformation!

"boom!"

The third level of mortal transformation!

"boom!"

The fourth level of the Mortal Realm!

"boom!"

The fifth level of mortal transformation!

"boom!"

The sixth level of mortal transformation! !

At this moment, Ye Feng's cultivation level suddenly skyrocketed to the fifth level, breaking through to the new sixth level of Mortal Realm.

At this time, Ye Feng's eyes suddenly showed a hint of excitement.

The leader of the Amethyst Dragon Clan is worthy of being the leader of the overlord race in the wilderness. As expected, his skills and energy are as powerful as the sea and as majestic as the abyss. It is really a great addition, and it has made Ye Feng's cultivation level rise so much. A lot, it can be said to be a huge gain.

Ye Feng was even lucky that the leader of the Amethyst Dragon Clan suddenly attacked him, otherwise he would not have been able to absorb so much power and energy to greatly increase his cultivation level.

The huge increase in cultivation strength naturally gave Ye Feng more confidence to go to the land of Zhongzhou at the interface of ten thousand monsters.

Chapter 4929 The dynasty is in danger

Ye Feng had unexpected gains at this time, and his cultivation skills had been greatly improved. Naturally, he was extremely happy, humming a little tune, and flew quickly towards the North Territory.

When Ye Feng finally left the wilderness and came to the northern land, he frowned slightly.

Because Ye Feng discovered that now the entire Northern Territory, for some reason, the entire sky was no longer calm, but filled with an extremely rich and murderous aura.

There were even waves of killing energy that directly condensed into thick dark clouds high in the sky, giving people a very depressing but also very chilling feeling.

"Could it be that something drastic has changed on the land of the Northern Territory?"

Ye Feng suddenly became wary.

However, Ye Feng is not that nervous. After all, Ye Feng's strength is no longer what it used to be.

Now, not only has Ye Feng's cultivation level been greatly improved, but his various methods, inheritance, and weapons and magic weapons have been improved by an unknown amount compared to when he was in the Blood Demon Dynasty in the Northern Territory.

After all, even the leader of the Amethyst Dragon Clan, the second dominant race in the wilderness, fell at the hands of Ye Feng. ??

This shows how powerful Ye Feng's combat power is now. It is absolutely comparable to, or even surpasses, the top figures in small domains such as the Northern Territory and the Southern Barbarians.

So now that Ye Feng has returned to the Northern Territory, even though he can see that the Northern Territory has undergone tremendous changes from a distance, he is not so nervous, but has a very relaxed mentality.

Uh-huh!

Ye Feng did not stay for too long and flew directly towards the territory of the Blood Demon Dynasty in the Northern Territory.

Ye Feng's idea is to return to his hometown in the Northern Territory, the Blood Demon Dynasty, and then through the connections of the Blood Demon Dynasty, the dominant force in the Northern Territory, he can participate in the assessment of recruiting disciples jointly organized by the Zhongzhou Earth Super Sect.

...

Time passes quickly, like running water without leaving a trace.

In a blink of an eye, half a day passed.

Ye Feng was extremely fast and had successfully reached the territory of the Blood Demon Dynasty.

But at this time, Ye Feng looked towards the central area of the Blood Demon Dynasty, and his eyes suddenly changed slightly.

Because Ye Feng saw that densely packed figures appeared in the central area of the Blood Demon Dynasty, surrounding the entire Imperial City of the Blood Demon Dynasty.

At this time, Ye Feng exuded his soul power, sensed it, and immediately sensed that the strong men surrounding the entire Blood Demon Dynasty Imperial City were all from another overlord force in the Northern Territory. Dragon God Sect.

In the northern land of the Ten Thousand Demons interface, there are three major overlord forces, the Blood Demon Dynasty, the Demonic Sect and the Ten Thousand Dragons Divine Sect.

The three hegemonic forces have always been in conflict with each other.

Unexpectedly, the Ten Thousand Dragons Divine Sect would bring so many powerful men to the Blood Demon Dynasty, and seemed to want to occupy the entire Blood Demon Dynasty.

Ye Feng still remembers that during the royal competition of the Blood Demon Dynasty, Long Dingian, the divine son of the Ten Thousand Dragons Divine Sect, was taught a terrible lesson by him.

Could it be that the Ten Thousand Dragons Divine Sect came to the Blood Demon Dynasty to cause trouble now just because they lost face last time?

But if it was just to save face, then the arteries and veins wouldn't be so big, right?

Ye Feng could see at this time that the Ten Thousand Dragons Divine Sect had come to the Blood Demon Dynasty, but there were thousands of them, and each one of them was not an ordinary warrior, but a being with extremely powerful cultivation.

Of course, these so-called overlords in the Northern Territory are now nothing in Ye Feng's eyes.

Ye Feng didn't sense the real threat to Ye Feng at all.

However, thinking that he is almost as good as the top big shots in the wilderness, Ye Feng feels that the Ten Thousand Dragons Divine Sect is a

Even if all the powerful people came at once, including the sect leader, they probably wouldn't pose much of a threat to themselves.

Ye Feng still has many friends in the Blood Demon Dynasty, and Ye Feng has always been taken care of by the Blood Demon Dynasty. So now that he sees that the Blood Demon Dynasty is in trouble, or even in danger, Ye Feng will naturally take action. Take care of it.

Uh-huh!

At this time, Ye Feng instantly flew towards the imperial city of the Blood Demon Dynasty, which was surrounded by countless powerful men from the Ten Thousand Dragons Sect.

And just when Ye Feng quickly approached the Imperial City of the Blood Demon Dynasty.

At this time, the entire imperial city of the Blood Demon Dynasty was in a gloomy state, and everyone's faces were filled with deep fear and despair.

Even the many powerful men in the royal family of the Blood Demon Dynasty had extremely ugly expressions on their faces.

At this moment, on the royal square of the Blood Demon Dynasty, a corpse was lying there.

This corpse is none other than the current strongest person in the Blood Demon Dynasty, the emperor of the Blood Demon Dynasty.

However, the emperor of the Blood Demon Dynasty, the strongest man, was already dead on the spot.

A super strong man invited by the Ten Thousand Dragons Divine Sect from Zhongzhou was killed directly on the spot.

Everyone's eyes were now focused on a young man dressed in black next to the leader of the Wanlong Shen Sect. He was carrying a dark sword and was holding his hands on his shoulders. His brows were full of indifference and he looked windy Qingyun's calm but condescending aloof attitude seemed to him that in his eyes, all the cultivators in the Northern Territory were nothing more than a group of ants, humble and humble.

But everyone looked at the young man in black with deep fear in their eyes.

Because just now, this young man in black from the land of Zhongzhou choked the emperor of the Blood Demon Dynasty with a sword, shocking the entire audience and making countless people tremble and fear.

The emperor of the Blood Demon Dynasty, who was the top powerhouse in the entire Northern Territory, was killed by this young man in black with a sword, without any ability to resist.

.

This terrifying strength made everyone extremely frightened and desperate.

Because such a powerful existence is simply a dimensionality-reducing blow to the entire Northern Territory, which is impossible to resist.

The hearts of everyone in the Blood Demon Dynasty were filled with deep powerlessness at this moment.

This young man in black was so strong, like a god descending from another world, that he overwhelmed everyone and left them breathless.

"The land of Zhongzhou is really brilliant. I don't know where the connections of the Ten Thousand Dragons Divine Sect came from. They actually invited such a young man in black who was as powerful as a god to suppress the Blood Demon Dynasty. Even the Demonic Sect chose to retreat from the whole sect. No. Asking about world affairs, today, I am afraid that the Blood Demon Dynasty is in danger..."

All the major forces and practitioners in the Northern Territory who were watching what was going on here couldn't help but sigh inwardly.

At this moment, standing next to the leader of the Ten Thousand Dragons Divine Sect was another young man, wearing a golden robe and looking majestic.

This person is none other than the divine son of the Ten Thousand Dragons Divine Sect, Long Dingtian.

Long Dingtian had a ferocious smile on his face at this moment, staring at the entire blood demon dynasty's royal family below, and said in a cruel tone: "Where's Ye Feng! That boy who made me so embarrassed! Let him get out of here!" ! Today I will let him die without a burial place!"

Faced with Long Dingtian's provocation and arrogance, everyone in the royal family of the Blood Demon Dynasty was furious.

Whether it is a group of princes or princesses, or civil and military officials and nobles, they all look angry, but they dare not speak out, because even the strongest man, the emperor, has been killed. Who among them dares to say a word? There is absolutely no escape from death.

At this time, the leader of the Ten Thousand Dragons Divine Sect stared at the royal family of the Blood Demon Dynasty, with a touch of arrogance on his face, judging fate like an emperor, and said loudly: "From today on, the Blood Demon Dynasty can be removed from the Northern Territory "

"Oh, is it so?"

But suddenly at this moment, a slightly cold and sneering voice suddenly sounded.

Chapter 4930 Very confident

"Um?"

Almost at the moment when the sneer sounded, everyone in the field immediately looked quickly in the direction of the sneer.

Swish, swish, swish!

Swish, swish, swish!

Suddenly, countless eyes on the entire field were focused in a certain direction.

The next moment, everyone immediately saw, not far away from the end of the sky, a young man in white clothes and snow, stepping from the clouds, looking very dashing.

"This is...Ye Feng??"

At this moment, everyone's eyes showed deep surprise. It seemed that they did not expect that Ye Feng, a young prodigy, would return when the Blood Demon Dynasty was at its most dangerous.

You must know that Brother Long, the number one genius of the Royal Training Academy in the Blood Demon Dynasty, when he saw that something was wrong, he secretly took the Royal Training Academy's most precious treasure, the Yin-Yang Universe Sword, and instantly escaped from the Blood Demon Dynasty and disappeared without a trace. May have fled elsewhere.

So when everyone saw the appearance of Ye Feng, the top genius, they were naturally surprised. It seemed that they did not expect that Ye Feng was not even the local genius of the Blood Demon Dynasty. Not only did he not escape, he also came back at the most dangerous time. It was really Everyone was surprised, but there was also a feeling of admiration in their hearts. .??.

Because of what Ye Feng did, no one here could do it. At the most critical moment of the Blood Demon Dynasty, he stood up and prepared to turn the tide.

"But this Ye Feng is just a young genius after all. The gap between him and the elders is too big, let alone the mysterious young man in black invited by the Wanlong Divine Sect from the land of Zhongzhou. When this Ye Feng comes back, It's just in vain."

At this moment, many people present could not help but sigh, knowing that relying solely on a so-called young prodigy would be of no use at all.

"Ye Feng!"

"Ye Feng actually appeared!"

At this time, in the imperial city of the Blood Demon Dynasty, many members of the royal family, including the Seventh Prince, as well as the top families of the dynasty, knew Ye Feng. They were very surprised to see Ye Feng come back, but There is still no hope in my heart, because this time the enemies of the Blood Demon Dynasty are too strong, so strong that it is suffocating.

At this moment, the seventh prince shouted loudly and said: "Brother Ye, I am very honored to be able to spend such a long time with you, but today is the death of my Blood Demon Dynasty. Brother Ye, you don't have to fly. A moth flies into the flames and your life is wasted. Run away! Remember to avenge me!"

It has to be said that the Seventh Prince, an old partner, still has a true friendship for Ye Feng. He deeply understands that today's Blood Demon Dynasty is doomed, so he does not want to see Ye Feng, an old friend, die fearlessly and sacrifice his life in vain.

At this time, Long Dingtian, the divine son of the Ten Thousand Dragons Divine Sect, who was not far away in the sky, immediately laughed out loud, with a cruel and ferocious tone, and shouted: "Ye Feng, since you have appeared, then I can't escape! Today I want you to pay back all the humiliation you gave me under the spotlight!"

After finishing speaking, Long Dingtian looked at the sect leader of the Ten Thousand Dragons Divine Sect beside him, and immediately changed his face and said very respectfully: "Sir, sect master, please help me seal all the surrounding spaces, don't let Ye Feng do this. The boy escaped. Today I will personally kill Ye Feng, this hateful boy.

A shameful apology! "

The head of the Wanlong Divine Sect had a faint smile in his eyes, and said aloud: "Okay, you take action personally, Longding God, you have been spotted by the inspection envoy of the super large sect 'Wanjian Tianmen' from the land of Zhongzhou. Before heading to Zhongzhou, I happened to deal with Ye Feng, your enemy of the day, which can be regarded as eliminating a martial arts demon you have always had. "

When Long Dingtian heard what the leader of the Ten Thousand Dragons Sect said, he immediately glanced in awe at the young man in black standing not far away with his hands behind his back, and said aloud: "With the peerless gift given to me by the Inspector, Inheritance, today I must completely defeat Ye Feng under the eyes of everyone, kill him, and regain all the self-esteem and confidence I lost in the royal competition!"

At this time, not far away, the young man in black who came from the land of Zhongzhou and killed the emperor of the Blood Demon Dynasty with one sword, the so-called Super Sect Inspector, immediately frowned and seemed to be impatient. Said: "Hurry up and deal with your martial arts demons, and then I will take action again and kill all the enemies of your Ten Thousand Dragons Sect, the Blood Demon Dynasty. After that, I will leave as soon as possible. I don't want to be here This little country place is a waste of time."

"Yes Yes Yes!"

Long Dingtian immediately said humbly, then he looked at Ye Feng not far away, with deep disdain and a sinister smile on his face, and said loudly: "Ye Feng, you are dead!"

boom!

At this moment, Long Dingtian's body suddenly erupted with a terrifying aura of cultivation.

That momentum was so vast, it was like a vast ocean or an endless abyss.

Everyone felt an extremely oppressive force at this moment, oppressing their hearts.

"This Long Dingtian's cultivation strength is really too powerful!"

"Yes! This divine son of the Ten Thousand Dragons Divine Sect is indeed a genius chosen by the Zhongzhou Earth Inspector. He is definitely dozens of times more powerful than he was during the previous royal competition!"

"Yes, this time Ye Feng is alone and he is probably going to die."

At this moment, many people present couldn't help but speak out, with pity in their tone, because everyone knew Ye Feng's talent, but after all, Ye Feng was just a young man from a small place and could not turn the tide. , the background is too different.

"The Ten Thousand Swords Sword Art, the first style!"

"Great Sword Technique!"

boom!

At this time, Long Dingtian was very confident, because his swordsmanship inheritance was very advanced and came from the super sect of the mysterious and glorious Zhongzhou land, Wanjian Tianmen.

So after Long Dingtian displayed this set of inheritance, his eyes looked at Ye Feng, filled with a condescending and aloof smile.

boom! !

At this moment, thousands of sword lights burst out from Long Dingtian's body, which condensed together to form a huge sword of light tens of thousands of meters long, which seemed to be able to cut through mountains and rivers, shattering Qiankun slashed directly in the direction of Ye Feng, as if it could destroy everything.

"Ye Feng, you are dead!"

Long Dingtian laughed ferociously, as if he had seen Ye Feng being chopped into pieces by his proud peerless inheritance from the Zhongzhou Super Sect. "Um?"

Almost at the moment when the sneer sounded, everyone in the field immediately looked quickly in the direction of the sneer.

Swish, swish, swish!
