

## Ancient 4931

Chapter 4931 Standing still

"This Ye Feng is definitely dead!"

At this time, everyone present could not help but shake their heads and sigh when they saw Long Dingtian's terrifying attack power.

They know that this Long Dingtian's current cultivation strength has skyrocketed, and he has also obtained the peerless inheritance from the super sect in Zhongzhou.

Therefore, under this terrifying attack, even Ye Feng, the top genius who once dominated the entire Northern Territory, would be crushed under Long Dingtian's newly transformed strength.

But at this moment, everyone felt that Ye Feng would definitely be blown into pieces in an instant.

Ye Feng suddenly stretched out a finger.

Uh-huh!

Just this little finger, the moment it was stretched out, all the power on the field was frozen by this finger.

The great sword of light that was condensed by Long Dingtian and was tens of thousands of meters long was disintegrated inch by inch by Ye Feng's little finger, and then completely shattered.

In the end, under everyone's horrified eyes, under Long Dingtian's endlessly horrified eyes, Ye Feng's finger directly touched Long Dingtian's body, instantly piercing his heart and killing him in half. The body was all broken into pieces.

"ah!!"

At this moment, Long Dingtian couldn't help but screamed in agony, and said in horror: "No!! Ye Feng! How could you? How could you suddenly become so powerful? ?I do not believe!!"

However, at this time, Long Dingtian, whose body had been half broken into pieces, only had time to shout out an unwilling roar before dying, and then half of his body fell from the sky to the ground in an instant, killing him instantly.

"What??"

Seeing this shocking scene, countless people present suddenly widened their eyes and simply stood there dumbly.

Everyone seemed to be petrified, staring blankly at the scene just now.

At that moment, Ye Feng didn't use any powerful martial arts or explode at all.

What a powerful force.

Ye Feng just stretched out a finger slightly to disintegrate the attack of Long Dingtian's terrifying light sword, and even killed Long Dingtian instantly.

At this moment, everyone's eyes suddenly widened, as if they had not expected that Ye Feng now possesses such terrifying strength, which is simply too shocking.

After all, you must know that in the hearts of everyone before, although Ye Feng was very powerful, he was just a young man and could only dominate the younger generation in the Northern Territory.

But Ye Feng's sudden burst of power was simply a crushing and terrifying power, which naturally shocked everyone to the extreme.

At this moment, even the leader of the Ten Thousand Dragons Divine Sect suddenly showed a look of deep astonishment in his eyes. It seemed that he had never thought that Long Dingtian, the son of the god he valued very much, would be so fragile under Ye Feng's hands. Like straw, Ye Feng killed him casually.

"Um?"

At this time, the young man in black from Zhongzhou, who had been indifferent to everything before, had a look of surprise in his eyes. It seemed that he had not thought that he had made a mistake. This young man, Ye Feng, seemed to be more... It was much more powerful than he imagined.

But at this time, the young man in black suddenly said: "Your name is Ye Feng, right? You are a bit brave. This Long Dingtian is the genius I like. I want to bring him back to the super sect behind me." I was practicing, but I didn't expect you to kill him in an instant. You really pissed me off."

When Ye Feng heard what the young man in black said, he immediately laughed out loud and said: "So what if I piss you off? Do you think you are some extraordinary existence? You are just an ordinary person in the land of Zhongzhou. He's just a disciple, he can only come to a small place like ours in the Northern Territory to show off, so what kind of man is he?"

"What?"

hear

Ye Feng actually dared to say such arrogant and bold words. Everyone was shocked, as if they didn't expect Ye Feng to be so courageous.

The young man in black just now was stunned, as if he didn't expect that Ye Feng, a boy from the countryside, would dare to talk to him like this.

After all, in the eyes of this young man in black, all the cultivators in the Northern Territory are just a group of ants in his eyes.

But Ye Feng, a little ant, dared to say such arrogant words. The young man in black immediately laughed angrily and said loudly: "You are really brave, no wonder you dare to attack in public. Kill Long Dingtian, but I don't bother to take action against you."

After finishing speaking, the young man in black suddenly looked at the already furious leader of the Ten Thousand Dragons Divine Sect beside him, and said loudly: "Kill this little ant directly."

The main reason why the leader of the Ten Thousand Dragons Divine Sect did not take action all the time was because he was afraid of taking away the home of this young man in black.

Now that he had the consent of the young man in black, the leader of the Wanlong Divine Sect naturally looked at Ye Feng, and finally couldn't bear it anymore. He yelled angrily and said: "You little brat! How dare you kill us Wanlong?" The hope for the future of the Dragon God Sect, I will cut your kid into pieces today!"

Boom!

At this moment, the leader of the Ten Thousand Dragons Divine Sect immediately displayed his extremely powerful inheritance, the Ten Thousand Dragons Divine Art.

Boom! !

I saw a bright golden light immediately emerging from the head of the Ten Thousand Dragons Divine Sect. This golden light was directly in the void behind the head of the Ten Thousand Dragons Divine Sect, condensing a total of ten thousand golden dragons, roaring towards Ye Feng. go.

This scene of thousands of dragons roaring is really terrifying, as if it can destroy the entire earth.

It has to be said that the leader of the Ten Thousand Dragons Divine Sect is worthy of being the master of the overlord power in the entire Northern Territory. His strength is definitely at the top level in the entire Northern Territory.

The power he created when he took action simply made everyone

It was fear that was felt.

Countless people retreated for fear of harming Chi Yu.

At this time, someone couldn't help but sigh and said: "This Ye Feng is really the best among the generation, but after all, he is only the top genius among the younger generation. Facing the top big shots among the older generation like the leader of the Ten Thousand Dragons Divine Sect, , after all, it is still too weak, and it will probably be wiped out in an instant. "

At this moment, when everyone was sighing, Ye Feng suddenly stretched out a hand.

Buzz!

This hand immediately turned into a majestic golden hand measuring tens of thousands of meters, like an ancient mountain, bombarding towards the front.

Like the palm of a god, it crossed time and space, grabbed it, and directly crushed all the ten thousand golden dragons condensed by the master of the Ten Thousand Dragons Divine Sect.

Then, under the horrified gaze of the leader of the Ten Thousand Dragons Divine Sect, Ye Feng's big golden hand directly grabbed the leader of the Ten Thousand Dragons Divine Sect, a top figure among the elders, in his hand, as if he was holding a little chicken.

The leader of the Ten Thousand Dragons Divine Sect was still as weak as a straw in front of Ye Feng, but he was easily controlled by Ye Feng.

"What??"

"How can this be??"

"Oh my god! This is too exaggerated!"

Seeing this scene, everyone present could no longer bear the shock in their hearts, and they all couldn't help but scream in horror.

"What did I see?? How could this Ye Feng be so powerful??"

"Even if you kill Long Dingtian, even the leader of the Ten Thousand Dragons Divine Sect, a top figure in our northern region, is played by Ye Feng. This kind of strength is simply incredible!!"

"This Ye Feng is a freak, right? How did he practice and become so powerful??"

Everyone was so deeply shocked that they simply stood there, so shocked that they couldn't move. The whole place was completely silent!

Chapter 4932 Are you worthy?

quiet!

Deadly quiet!

At this moment, countless people in the entire field stared blankly at the figure of a young man in white clothes high in the sky, almost making their eyes fall out.

Because at this time, the most powerful figure in the North Territory in the minds of countless people, the leader of the Ten Thousand Dragons Divine Sect, was pinched by a golden hand stretched out by Ye Feng, just like a weak little chicken.

This scene was really shocking.

Because in everyone's minds, no matter how powerful Ye Feng was, he was still only a younger generation and could not possibly compete with the long-established top figures in the Northern Territory like the master of the Ten Thousand Dragons Divine Sect.

But the actual result was far beyond everyone's expectation.

Ye Feng, a young man, could simply hang up and beat up an old top figure like the leader of the Ten Thousand Dragons Divine Sect. .??.

In front of Ye Feng, the leader of the Ten Thousand Dragons Divine Sect was extremely weak, giving people a very strong sense of contrast.

So at this time, everyone was stunned and shocked.

"good!"

"too strong!"

At this moment, in the Imperial City of the Blood Demon Dynasty, many members of the Blood Demon Dynasty, including the Seventh Prince, suddenly shouted in excitement.

Originally, they thought Ye Feng came here just to die.

But Ye Feng has now exploded with such terrifying fighting power, which really made a group of members of the Blood Demon Dynasty extremely excited.

Because maybe Ye Feng can really change the fate of the entire Blood Demon Dynasty.

"However, there is still such a powerful young man in black. He is a transcendent existence from the real land of Zhongzhou."

But at this time, the royal members of the Blood Demon Dynasty thought of the previous

The face of the mysterious young man in black, originally excited, turned desperate again.

Because that young man in black from the land of Zhongzhou is an extremely terrifying existence, and his strength cannot even be measured according to common sense.

Even the most powerful emperor of the Blood Demon Dynasty was instantly killed by the young man in black from Zhongzhou.

This naturally made a group of members of the Blood Demon Dynasty feel deep despair and helplessness.

"I hope Ye Feng will be able to explode with more powerful power to compete with that young man in black from the land of Zhongzhou..."

At this moment, all members of the Blood Demon Dynasty were praying secretly in their hearts.

At this time, Ye Feng stretched out his golden hand and pinched the leader of the Ten Thousand Dragons Sect.

The head of the Wanlong Divine Sect looked extremely frightened and unbelievable. He couldn't help shouting: "Ye Feng, Ye Feng! How could you, an ordinary boy, have such a powerful power? How could your cultivation level improve so quickly? Moreover, your cultivation aura and mine are similar, but how could your strength be so many times stronger than mine? I don't even have the ability to resist in front of you. This is impossible!!"

At this time, Ye Feng was too lazy to talk nonsense with the leader of the Ten Thousand Dragons Divine Sect.

In the past, the leader of the Ten Thousand Dragons Divine Sect, the top figure in the Northern Territory, was a high-ranking existence.

But this so-called big shot, in Ye Feng's eyes now, is nothing at all, just ordinary.

So at this time, Ye Feng immediately started to tighten his golden hands,

He wanted to crush the leader of the Ten Thousand Dragons Divine Sect to death.

"Wait a minute."

But suddenly at this moment, the young man in black who had been watching indifferently not far away suddenly spoke up.

"Pfft!"

But before the young man in black could finish his words, there was a sound of broken flesh and bones, and Ye Feng's big golden hand crushed the leader of the Ten Thousand Dragons Divine Sect to pieces.

"you....."

Seeing Ye Feng do this, the young man in black immediately turned pale: "You...how dare you disobey me?"

Ye Feng shook off the blood in his hand, grinned, and said loudly: "Who are you? Why should I listen to you? This leader of the Ten Thousand Dragons Divine Sect, I can kill him if I want. You want to order me? You deserve it too ?"

"Presumptuous!" ??

At this moment, the young man in black couldn't bear it anymore, and immediately shouted: "Today, you will definitely die! Originally, I thought you had good qualifications, and I wanted to give you a chance to be loyal to me. I can lead you You go to the land of Zhongzhou, but now, this opportunity is gone, and you have to die!"

boom! !

At this time, a terrifying aura of cultivation suddenly erupted from the young man in black.

This kind of cultivation momentum is actually three realms higher than Ye Feng's current cultivation realm!

It has to be said that this young man in black comes from a super sect in the land of Zhongzhou. He has a profound foundation and very high cultivation skills. Moreover, he also has a peerless inheritance from the super sect in Zhongzhou.

But at this moment, Ye Feng is not false at all, because Ye Feng's background and inheritance are definitely no different than this young man in black.

You know, Ye Feng

He is not an ordinary young man from a remote rural area. Ye Feng has been blessed with good fortunes that ordinary people cannot even imagine.

"Ten Thousand Swords Sword Jue!"

"Chengfeng Yujian!"

The young man in black didn't want to say anything more at this moment. The only thing he wanted was to completely kill Ye Feng, a bold country boy. The inheritance he was displaying at this moment came from the Wanjian Tianmen of Zhongzhou, and its power was very terrifying. .

Boom boom boom!

At this moment, thousands of sword lights burst out from the young man in black, overwhelming the sky and hitting Ye Feng.

Every sword light is not an ordinary sword light, but a terrifying sword light with extremely penetrating power, which can instantly pierce mountains, penetrate the earth, and shatter the sky.

The young man in black is really powerful. With this move, even the strongest man from the Northern Territory will be killed.

Even Ye Feng's face turned serious for a moment, because the sword light seemed to be able to penetrate his immortal body.

"It seems that the land of Zhongzhou is more glorious and terrifying than I imagined. My immortal body of the God of Heaven can now conquer the Northern Territory without any rivals, but the strong men of the land of Zhongzhou can break through my physical defense. It seems that I will go to Zhongzhou in the future. Dadi, I still need to continue to find resources to continue to upgrade and evolve the strength of my immortal body."

Ye Feng was secretly thinking at this moment, this time he didn't use his body to bear the sword light in the sky.

Buzz!

At this moment, Ye Feng directly released the super magic weapon he had just obtained, the Holy Tower of Hundred Demons.

A small tower with sparkling light flew out of Ye Feng's head in an instant, and then quickly grew in size, becoming a giant tower like a copper wall and an iron wall, blocking Ye Feng's front.

Chapter 4933 Shocked to the point of numbness

The Holy Tower of Hundred Demons is a sacred object of the Sun God Clan, the first overlord race in the wilderness. It is an extremely terrifying super magic weapon.

Ye Feng obviously still attached great importance to this young man in black at this time, so he released the Hundred Demons Holy Tower as soon as he came up.

The Holy Tower of Hundred Demons swelled in the wind in an instant, turning into a giant steel tower as towering as a mountain. It was like an indestructible copper wall and iron wall, spanning in front of Ye Feng, and seemed to be able to withstand everything.

boom! boom! boom.....

At this moment, the thousands of sword lights released by the young man in black hit the Hundred Demons Holy Tower like raindrops, making huge roars.

However, the entire Hundred Demons Holy Tower can be said to be majestic and motionless, and the thousands of sword lights pose no threat to Ye Feng.

"What?"

Seeing this scene, the eyes of the young man in black not far away immediately changed slightly, and he couldn't help but said: "Impossible, the sword light I condensed has indestructible penetrating power. You are a remote person." How could a boy in the countryside possess such a solid and powerful magic weapon that could block my sword attack?"

Ye Feng looked at the other party's aloof look and immediately grinned and said loudly: "I will not only block your attack, but I will also kill you on the spot!"

Holy Tower of Hundred Demons!

At this moment, Ye Feng used all his strength to activate the power of the Hundred Demons Holy Tower.

I saw countless lights of power bursting out from the Hundred Demons Holy Tower, and a hundred small worlds condensed around the Hundred Demons Holy Tower, surrounding the Hundred Demons Holy Tower, which was extremely shocking.

The Holy Tower of Hundred Demons suppressed the young man in black on the opposite side. It was surrounded by the power of a hundred vast small worlds, and its power was terrifying.

"This is... a super magic weapon with world attributes!"

The disdainful look of the young man in black suddenly became extremely shocked.

But the next moment, a deep look of greed suddenly appeared in the eyes of the young man in black, and he said loudly: "Okay, okay! I didn't expect to encounter such a high-level super magic weapon in this remote place in the countryside. It seems that my luck is good. I will kill you today. Next, I don't want to waste time. I want to really show my true power. I must kill you quickly and snatch this precious super magic weapon with world attributes in your hand. "

"Destroy the sword!"

"God's punishment!"

boom!

At this moment, the young man in black displayed his unique inheritance that truly came from the land of Zhongzhou.

This is the secret of the destructive attribute in the sword, called the sword of destruction.

The moment he displayed the sword of destruction, the long sword in the hands of the young man in black seemed to be connected with the heavenly path in the entire sky.

Buzz!

Almost at the next moment, the wind and clouds in the sky changed, countless dark clouds gathered together, and a large black sword was condensed directly from the power of heaven.

This pitch-black sword, hundreds of thousands of meters long, was condensed high in the sky, just like the dark sword in the hands of the ancient dark gods, possessing ancient power and terrifying power.

This big sword is obviously condensed with the power of heaven and has the profound meaning of the great road.

It has to be said that this young man in black is indeed a young genius from the land of Zhongzhou, with his cultivation strength and means

, for the entire Northern Territory, it is definitely a dimensionality reduction blow.

It's no wonder that the emperor of the Blood Demon Dynasty was instantly killed by this young man in black with a sword.

But Ye Feng is not an ordinary person from the Northern Territory.

Ye Feng's cultivation opportunities and blessings he has always obtained are very miraculous, and they are definitely comparable to those geniuses in Zhongzhou.

So at this moment, Ye Feng's face remained unchanged in the face of this terrifying attack, but he continued to activate the Hundred Demons Holy Tower crazily to resist the attack of the young man in black's sword light.

Then Ye Feng put all his power into his left hand.

You know, Ye Feng's left hand was previously fused with an ancient and powerful palm.

It was a golden skull palm, the palm of an ancient super-big man. After it was cut off, it was refined into a forbidden weapon.

Buzz!

At this moment, Ye Feng's left hand immediately turned into a huge skeleton palm with a majestic height of tens of thousands of meters. It was also a golden skeleton palm, which was extremely shocking.

Ye Feng's left hand turned into a golden skeleton palm covering tens of thousands of meters, possessing monstrous power, and directly attacked the pitch black sword that descended from the sky.

At this moment, seeing this scene, the young man in black immediately burst into laughter and said disdainfully: "How dare you use the power of your own body to fight against the Great Sword that I condensed with a trace of the power of heaven, you You are so naive, your whole body will be pierced in an instant!"

But almost as soon as the young man in black finished speaking, something happened that made his eyes look horrified.

Because Ye Feng's golden skull palm actually blocked the Great Sword that landed from high in the sky.

The pitch black giant sword was caught in Ye Feng's golden skull palm and could not be found.

"What? How is this possible?"

Seeing this scene, the young man in black was completely shocked. He couldn't help but exclaimed: "What kind of existence is this palm of yours? It can actually resist the great avenue that I condensed and contains the power of heaven and earth." Sword? This is impossible!"

But at this time, Ye Feng roared loudly: "This sword of the great road you have condensed can be used by me. It can be regarded as treating others in their own way!"

boom!

After finishing speaking, Ye Feng's big golden skull hand actually grasped the huge black sword and slashed towards the young man in black not far away.

"No!!!"

Accompanied by the crazy and unwilling roar of the young man in black, Ye Feng's golden skeleton held the pitch black sword in his hand and slashed the young man in black instantly, killing him completely.

The young man in black is dead!

"hiss!"

Seeing this scene on the field, seeing the young man in black still bleeding like a man, countless people present couldn't help but take a deep breath.

Because of the terrifying fighting power that Ye Feng displayed one after another, everyone was shocked to the point of numbness by the waves of shock.

quiet!

Deadly quiet!

The whole place was completely silent at the moment. Only Ye Feng's domineering figure stood proudly in the sky, attracting the admiring and awed eyes of countless people. The whole place was completely silent at the moment. Only Ye Feng's domineering figure stood proudly in the sky, attracting the admiring and awed eyes of countless people.

Chapter 4934: Confiscating the house

"powerful!"

"too strong."

"Incredibly strong..."

At this moment, countless people present stared at the figure of a young man in white clothes high in the sky with deep shock in their eyes.

After all, Ye Feng instantly killed Long Dingtian, the top genius in the Northern Territory, and then crushed to death the top figure in the Northern Territory, the leader of the Wanlong Divine Sect, with one hand. In the end, even the young man in black from Zhongzhou was killed directly.

This kind of powerful strength indeed made countless people present feel an unprecedented shock.

"Our Blood Demon Dynasty is saved!"

At this time, the happiest people were naturally the group of royal members of the Blood Demon Dynasty in the imperial city.

Everyone's face was full of deep surprise and excitement.

Because they had all fallen into great despair and felt that the Blood Demon Dynasty must be dead today.

But suddenly a surprise force descended from the sky, Ye Feng's strong return, and the overwhelming strength he unleashed turned the tide and shocked the entire audience, leaving countless people in awe.

At this time, Ye Feng wasted no time and directly released the Devouring Domain, and began to devour a group of strong men who were killed by him, including the young man in black.

So this was a very majestic and powerful energy, which was swallowed up by Ye Feng and quickly expanded Ye Feng's power.

The other strong men were nothing at all, but the skill and energy contributed by the young man in black was absolutely powerful.

So at this moment, Ye Feng's cultivation skills suddenly began to skyrocket at an incredible speed.

"boom!"

The seventh heaven of the Mortal Realm!

"boom!"

The eighth level of mortal transformation!

"boom!"

The ninth level of mortal transformation!

"boom!"

The tenth heavenly realm of transformation into the mortal realm is complete! !

At this time, Ye Feng's cultivation suddenly reached the tenth level of the Mortal Transformation Realm, and finally stopped.

Ye Feng's eyes were naturally full of joy at this moment. He didn't expect that this young man in black had provided him with so much power and energy.

"It seems that the land of Zhongzhou is indeed extraordinary. A small disciple of a super sect is so powerful, and his skills are so pure and powerful. If it weren't for my unexpected encounters, I might not be able to defeat this young man in black today. "

Ye Feng was secretly thinking at this moment, and he was looking forward to going to the land of Zhongzhou more and more.

Ye Feng decided that he must participate in the assessment of the super sects in Zhongzhou to recruit disciples, and strive to enter a super sect.

"Fortunately, it was the young man in black who was killed in the Northern Territory. I am afraid that the so-called super sect Wanjian Tianmen behind him will not be aware of everything here."

Ye Feng thought secretly in his heart, and then landed directly under the imperial city of the Blood Demon Dynasty.

"Brother Ye! You are so awesome today!"

At this moment, the first one to run forward excitedly was naturally the Seventh Prince, Ye Feng's old partner.

The seventh prince's eyes were filled with deep excitement and excitement, because he never expected that Ye Feng, the ordinary young man he met that day, could actually grow to such a terrifying level. A realm of power that no one can fathom.

At this time, Ye Feng patted the seventh prince on the shoulder, smiled and said: "It's okay, everything is safe and stable, but it's a pity that the emperor is dead."

The Seventh Prince grinned and said: "It's okay, Brother Ye, your timely return has saved everyone else in our Blood Demon Dynasty royal family. Even if my father dies, he will definitely smile."

Hearing this, Ye Feng nodded slightly, then glanced around, and couldn't help but asked in surprise: "By the way, where is the eldest princess? I remember that the eldest princess's inheritance comes from the land of Zhongzhou, and there is a mystery of the land of Zhongzhou. Master, why didn't the eldest princess take action to stop the young man in black who is also from Zhongzhou?"

"Hey, it's a long story."

The seventh prince sighed and said: "As early as three months ago, Her Royal Highness the Princess left the Blood Demon Dynasty with a mysterious man from Zhongzhou and went to the land of Zhongzhou to practice. Otherwise, the Ten Thousand Dragons Divine Sect would not have dared to invade us. From the Blood Demon Dynasty."

When Ye Feng heard this, a look of surprise suddenly appeared in his eyes. It turned out that the eldest princess had left the Northern Territory and went to practice in a mysterious sect in Zhongzhou.

"Oh, right."

Suddenly at this moment, the seventh prince seemed to have thought of something. He took out a letter from his storage ring and said loudly: "Brother Ye, this letter was given to you by Her Royal Highness the Princess. She left it here with me before she left, saying that she would give this letter to you when you come back to the Blood Demon Dynasty."

"Um?"

Hearing what the seventh prince said, Ye Feng's eyes suddenly showed a look of surprise. He didn't expect that Her Royal Highness the Princess would leave such a letter to herself after leaving the Northern Territory.

Uh-huh!

At this moment, Ye Feng reached out and took the letter, and then put it into his storage ring. When no one was around, Ye Feng was ready to take a good look at it.

At this time, the Seventh Prince was very happy and said loudly: "Now that the crisis has been resolved, it is our Blood Demon Dynasty's turn next."

Ye Feng couldn't help but froze when he heard this, and asked: "It's our turn for the Blood Demon Dynasty, what do you mean?"

The Seventh Prince stared at a certain direction in the Northern Territory and couldn't help but said: "The Wanlong Divine Sect dares to do this to us, then our Blood Demon Dynasty will naturally have to treat others in their own way. Now Wanlong The strongest leader of the Shen Sect is dead, and the Son of God is also dead. Now is a good time to go to the Wan Long Shen Sect and beat up the lost dog. Let's go directly to the Wan Long Shen Sect to raid their homes!"

"Um?"

Hearing what the Seventh Prince said, Ye Feng's eyes immediately moved slightly.

I have to say that Ye Feng was a little moved when the Seventh Prince said this.

After all, you must know that the Ten Thousand Dragons Divine Sect is one of the three dominant forces in the Northern Territory.

The wealth contained in the Ten Thousand Dragons Divine Sect, accumulated over tens of thousands of years, is absolutely unimaginable and must be a huge amount of wealth.

Seeing that Ye Feng seemed to be moved, the Seventh Prince immediately said: "Let's rest for one night. Tomorrow, you, Ye Feng, will lead the team to ransack the homes of the Wanlong Shen Sect. All the wealth and resources obtained from the raids will be used as long as Ye Feng, whatever you like and need, leave it all in Ye Feng's hands. Whatever Ye Feng doesn't like, we, the Blood Demon Dynasty, will keep it."

When Ye Feng heard this, he couldn't help but smile slightly and said: "Okay, then we will set off early tomorrow morning."

At this time, Ye Feng said, his eyes showing a trace of expectation.

After all, it was the accumulation of tens of thousands of years by a hegemonic force, and it must have huge wealth. "powerful!"

"too strong."

"Incredibly strong..."

At this moment, countless people present were staring at the figure of a young man in white clothes high in the sky with deep shock in their eyes.

After all, Ye Feng instantly killed Long Dingtian, the top genius in the Northern Territory, and then crushed to death the top figure in the Northern Territory, the leader of the Wanlong Divine Sect, with one hand. In the end, even the young man in black from Zhongzhou was killed directly.

This kind of powerful strength indeed made countless people present feel an unprecedented shock.

"Our Blood Demon Dynasty is saved!"

At this time, the happiest people were naturally the group of royal members of the Blood Demon Dynasty in the imperial city.

Everyone's face was full of deep surprise and excitement.

Because they had all fallen into great despair and felt that the Blood Demon Dynasty must be dead today.

But suddenly a surprise force descended from the sky, Ye Feng's strong return, and the overwhelming strength he unleashed turned the tide and shocked the entire audience, leaving countless people in awe.

At this time, Ye Feng wasted no time and directly released the Devouring Domain, and began to devour a group of strong men who were killed by him, including the young man in black.

So this was a very majestic and powerful energy, which was swallowed up by Ye Feng and quickly expanded Ye Feng's power.

The other strong men were nothing at all, but the skill and energy contributed by the young man in black was absolutely powerful.

So at this moment, Ye Feng's cultivation skills suddenly began to skyrocket at an incredible speed.

"boom!"

The seventh heaven of the Mortal Realm!

"boom!"

The eighth level of mortal transformation!

"boom!"

Ninth level of mortal realm!

"boom!"

The tenth heavenly realm of transformation into the mortal realm is complete! !

At this time, Ye Feng's cultivation suddenly reached the tenth level of the Mortal Transformation Realm, and finally stopped.

Ye Feng's eyes were naturally full of joy at this moment. He didn't expect that this young man in black had provided him with so much power and energy.

"It seems that the land of Zhongzhou is indeed extraordinary. A small disciple of a super sect is so powerful, and his skills are so pure and powerful. If it weren't for my unexpected encounters, I might not be able to defeat this young man in black today. "

Ye Feng was secretly thinking at this moment, and he was looking forward to going to the land of Zhongzhou more and more.

Ye Feng decided that he must participate in the assessment of the super sects in Zhongzhou to recruit disciples, and strive to enter a super sect.

"Fortunately, it was the young man in black who was killed in the Northern Territory. I am afraid that the so-called super sect Wanjian Tianmen behind him will not be aware of everything here."

Ye Feng thought secretly in his heart, and then landed directly under the imperial city of the Blood Demon Dynasty.

"Brother Ye! You are so awesome today!"

At this moment, the first one to run forward excitedly was naturally the Seventh Prince, Ye Feng's old partner.

The seventh prince's eyes were full of excitement and excitement, because he never expected that Ye Feng, the ordinary young man he met that day, could actually grow to such a terrifying level now. A realm of power that no one can fathom.

At this time, Ye Feng patted the seventh prince on the shoulder, smiled and said: "It's okay, everything is safe and stable, but it's a pity that the emperor is dead."

The Seventh Prince grinned and said: "It's okay, Brother Ye, your timely return has saved everyone else in our Blood Demon Dynasty royal family. Even if my father dies, he will definitely smile."

Hearing this, Ye Feng nodded slightly, then glanced around, and couldn't help but asked in surprise: "By the way, where is the eldest princess? I remember that the eldest princess's inheritance comes from the land of Zhongzhou, and there is a mystery of the land of Zhongzhou. Master, why didn't the eldest princess take action to stop the young man in black who is also from Zhongzhou?"

"Hey, it's a long story."

The seventh prince sighed and said: "As early as three months ago, Her Royal Highness the Princess left the Blood Demon Dynasty with a mysterious man from Zhongzhou and went to the land of Zhongzhou to practice. Otherwise, the Ten Thousand Dragons Divine Sect would not have dared to invade us. From the Blood Demon Dynasty."

When Ye Feng heard this, a look of surprise suddenly appeared in his eyes. It turned out that the eldest princess had left the Northern Territory and went to practice in a mysterious sect in Zhongzhou.

"Oh, right."

Suddenly at this moment, the seventh prince seemed to have thought of something. He took out a letter from his storage ring and said loudly: "Brother Ye, this letter was given to you by Her Royal Highness the Princess. She left it here with me before she left, saying that she would give this letter to you when you come back to the Blood Demon Dynasty."

"Um?"

Hearing what the seventh prince said, Ye Feng's eyes suddenly showed a look of surprise. He didn't expect that Her Royal Highness the Princess would leave such a letter to herself after leaving the Northern Territory.

Uh-huh!

At this moment, Ye Feng reached out and took the letter, and then put it into his storage ring. When no one was around, Ye Feng was ready to take a good look at it.

At this time, the Seventh Prince was very happy and said loudly: "Now that the crisis has been resolved, it is our Blood Demon Dynasty's turn next."

Ye Feng couldn't help but froze when he heard this, and asked: "It's our turn for the Blood Demon Dynasty, what do you mean?"

The Seventh Prince stared at a certain direction in the Northern Territory and couldn't help but said: "The Wanlong Divine Sect dares to do this to us, then our Blood Demon Dynasty will naturally have to treat others in their own way. Now Wanlong The strongest leader of the Shen Sect is dead, and the Son of God is also dead. Now is a good time to go to the Wan Long Shen Sect and beat up the lost dog. Let's go directly to the Wan Long Shen Sect to raid their homes!"

"Um?"

Hearing what the Seventh Prince said, Ye Feng's eyes immediately moved slightly.

I have to say that Ye Feng was a little moved when the Seventh Prince said this.

After all, you must know that the Ten Thousand Dragons Divine Sect is one of the three dominant forces in the Northern Territory.

The wealth contained in the Ten Thousand Dragons Divine Sect, accumulated over tens of thousands of years, is absolutely unimaginable and must be a huge amount of wealth.

Seeing that Ye Feng seemed to be moved, the Seventh Prince immediately said: "Let's rest for one night. Tomorrow, you, Ye Feng, will lead the team to ransack the homes of the Wanlong Shen Sect. All the wealth and resources obtained from the raids will be used as long as Ye Feng, whatever you like and need, leave it all in Ye Feng's hands. Whatever Ye Feng doesn't like, we, the Blood Demon Dynasty, will keep it."

When Ye Feng heard this, he couldn't help but smile slightly and said: "Okay, then we will set off early tomorrow morning."

At this time, Ye Feng said, his eyes showing a trace of expectation.

After all, it was the accumulation of tens of thousands of years by a hegemonic force, and it must have huge wealth.

Chapter 4935 Real Name

In the evening, Ye Feng temporarily rested in the imperial city of the Blood Demon Dynasty.

The moonlight is like water, falling from the dark sky.

Ye Feng stood alone in the courtyard.

At this moment, Ye Feng looked up at the sky, thinking about his future trip to Zhongzhou.

But at this time, Ye Feng seemed to have thought of something and took out a letter from his storage ring.

There is still a faint fragrance above the letter.

This is the letter left by the eldest princess to Ye Feng.

Ye Feng was very curious as to what information the eldest princess would write in this letter to keep for herself. ??

However, Ye Feng has already guessed that it may be related to the land of Zhongzhou.

Because when the eldest princess left a month ago, she went to the land of Zhongzhou with her master from the super sect of the land of Zhongzhou.

At this moment, Ye Feng opened the letter without hesitation.

Snap!

But the moment Ye Feng tore open the letter, a seemingly ordinary bronze medal suddenly fell from the gap in the letter to the ground, making a crisp sound.

"Huh? What is this?"

Ye Feng looked confused, picked up the bronze medal from the ground, held it in his hand, and then looked at the letter in his hand.

A line of beautiful handwriting immediately fell into Ye Feng's eyes. It was the eldest princess's handwriting.

There is this paragraph written on it: "Ye Feng, when you see this letter, I should no longer be in the Blood Demon Dynasty. You are the most powerful genius I have ever seen, and your future is immeasurable. Moreover, you are also me. The only friend I am interested in in this life, I don't want you to choose to stay in a small place like the Northern Territory. The bronze medal in the letter is what I asked for from my master. You can go directly to the super sect of Zhongzhou, Phoenix. Shenzong, with this bronze medal, entered the Divine Phoenix Sect and became an official disciple. I hope that you and I can meet again in the Divine Phoenix Sect in the near future. "

The content of the letter is just a paragraph, but it contains a huge amount of information.

First of all, the eldest princess's master, the super sect from the land of Zhongzhou, Feng

The Divine Phoenix Sect, and is probably an important figure in the Divine Phoenix Sect, otherwise it would be impossible to have such a precious thing as a bronze medal, allowing people to join the Divine Phoenix Sect casually. After all, ordinary geniuses must go to the land of Zhongzhou and join the super sect. Participating in the once-a-decade assessment is not only dangerous and difficult, but also time-consuming and a waste of good time.

Secondly, the eldest princess obviously valued Ye Feng very much. When she went to Zhongzhou for a month, she left a personal letter to Ye Feng and asked for a bronze medal for Ye Feng that could directly enter the Zhongzhou Super Sect. , this is enough to show that the eldest princess is very interested in Ye Feng.

You know, after all, the eldest princess is a royal member of the Blood Demon Dynasty. She can actually leave this bronze medal that directly enters the Zhongzhou Super Sect to anyone.

If you are an ordinary person, you will definitely give priority to members of your own bloodline clan.

But the eldest princess still left this very precious bronze medal to Ye Feng. This shows that the eldest princess really values Ye Feng very much and is very moved by it.

As she said in her letter, Ye Feng is the only friend she has been attracted to in her life for so many years.

At this moment, Ye Feng looked at the entire letter and the bronze medal in his hand, with a rather warm look in his eyes.

This eldest princess of the Blood Demon Dynasty is a very aloof and strong woman, but she is indeed very kind to herself.

At this time, Ye Feng's eyes showed a very relaxed look.

Because Ye Feng originally had to find a way to participate in the once-a-decade assessment to recruit disciples jointly organized by the super sects in Zhongzhou, but now with the bronze medal left by the eldest princess for himself, he can directly enter Zhongzhou Among the super sects of the earth, to become a formal disciple, there is no need to participate in any so-called assessments, eliminating a lot of troublesome steps.

This is naturally an unexpected good thing for Ye Feng.

At this time, Ye Feng very solemnly handed over this letter and the bronze medal.

It was put into his own storage ring.

Ye Feng decided to go to the land of Zhongzhou to find the location of the Divine Phoenix Sect. Ye Feng actually didn't care much about which super sect he joined in the land of Zhongzhou.

As long as it is a super sect in the land of Zhongzhou, it is very powerful, has a very deep foundation, and can dominate the land of Zhongzhou.

Therefore, the Divine Phoenix Sect where the eldest princess belongs is a top-notch super sect in Zhongzhou and dominates the area. Ye Feng is naturally quite interested in joining it and has no shortcomings. ??

At this moment, after Ye Feng put the letters and bronze medals into the storage ring, he walked directly into the house and started to rest. After all, he had to go to the Wanlong Shenzong to search the house tomorrow.

Ye Feng decided to leave the Northern Territory and go to the land of Zhongzhou after the incident with the Ten Thousand Dragons Divine Sect was over.

However, Ye Feng also knows very well that on this trip from the Northern Territory to the land of Zhongzhou, he will pass through the dangerous wilderness and may also pass through other areas at the interface of ten thousand monsters. He may face a lot of dangers and difficulties, which may not be as difficult as taking the assessment. easy.

But Ye Feng feels that the experience along the way may be more conducive to increasing his strength than participating in the assessment.

Ye Feng decided that when he arrived at the Divine Phoenix Sect in the future and entered the Divine Phoenix Sect, he would definitely thank the eldest princess of the Blood Demon Dynasty in person. After all, the princess was indeed very good to him.

Although Ye Feng is a decisive person, he is also a person who knows how to repay kindness. Ye Feng will never be stingy in repaying those who are kind to him.

...

Time passes quickly, like running water without leaving a trace.

A night of silence.

Early the next morning, the seventh prince hurriedly led a group of royal guards wearing golden armor to the house where Ye Feng lived.

The Seventh Prince did not dare to rashly take many powerful men from the Blood Demon Dynasty to the Ten Thousand Dragons Divine Sect, just in case there were any powerful masters among the Ten Thousand Dragons Divine Sect.

Therefore, even if the leader of the Almighty Divine Sect has been killed by Ye Feng, the seventh prince will

A group of strong men from the Blood Demon Dynasty went to the Wanlong Shen Sect to raid their homes, and they would definitely take Ye Feng with them.

After all, with a powerful top genius like Ye Feng here, the Ten Thousand Dragons Divine Sect is not afraid of causing any trouble.

Moreover, the Seventh Prince also promised Ye Feng that all the cultivation resources and wealth in the Ten Thousand Dragons Sect would be given priority to Ye Feng.

At this time, the seventh prince immediately said to the house: "Brother Ye, get up, we are going to Wanlong Shenzong to raid the house!"

The seventh prince's tone was obviously very excited and excited.

After all, even if Ye Feng siphoned off all the high-end resources of the Ten Thousand Dragons Divine Sect and the Seventh Prince could only drink a little soup, he would still be making a fortune.

After all, the Ten Thousand Dragons Divine Sect is a top overlord force in the Northern Territory. It has accumulated tens of thousands of years of heritage and is definitely very rich.

At this time, Ye Feng heard the voice of the Seventh Prince, walked out of the room, smiled slightly, and said: "Okay, since the Seventh Prince is ready, let's set off."

After finishing speaking, Ye Feng and the Seventh Prince flew high into the sky with a group of royal guards wearing golden armor, as well as many strong men from the Blood Demon Dynasty who took the initiative to sign up.

On the way to the Ten Thousand Dragons Divine Sect, Ye Feng suddenly thought of something and couldn't help but look at the Seventh Prince beside him and asked aloud: "By the way, what is the real name of the eldest princess? I still don't know it." "In the future, when I go to the land of Zhongzhou, I may meet the eldest princess. It may be inappropriate to call her the eldest princess directly, so can the seventh prince tell me the real name of the eldest princess?"

When the Seventh Prince heard what Ye Feng said, his eyes suddenly changed slightly, and he said loudly: "Brother Ye, are you going to the land of Zhongzhou? What a pity! But there is no such thing as a banquet in the world, and this small piece of Northern Territory This place really cannot trap a fierce dragon like Brother Ye. As for the real name of Her Royal Highness the Princess, she is called Dongfang Yue. When you meet next time, Brother Ye will call her by her name directly. It is indeed safer. After all, in a place like Zhongzhou, there must be a peerless dynasty or empire that dominates one area, it is better not to call her princess casually, so as not to cause unnecessary trouble. "

Chapter 4936: Invincible

"Dongfang Yue?"

When Ye Feng heard the seventh prince say the name of the eldest princess, he nodded slightly and said with a smile: "It's quite a poetic name, but it is quite different from our image of the eldest princess as a strong woman."

Hearing this, the Seventh Prince couldn't help but smile, and couldn't help but say with emotion: "In the entire Blood Demon Dynasty, and even in the entire Northern Territory, among your generation, perhaps you are the only one who has the courage and qualifications to tease me, Brother Ye. Your Highness the Princess."

Ye Feng laughed and said nothing more.

Next, Ye Feng, the Seventh Prince, and a group of royal guards and powerful men from the Blood Demon Dynasty arrived at their destination in less than half a day.

On the vast land ahead, a huge mountain appeared, several kilometers long, majestic, boundless, and thick, reaching straight into the sky, giving people the feeling of reaching the end of the horizon. ??

Surrounding this most majestic main mountain are thousands of small mountains.

Ye Feng made a rough count at this moment and found that there were approximately 9,999 small mountains.

Including the largest main mountain in the middle, there are a total of 10,000 mountains.

Moreover, under every mountain, there is actually a dragon vein that exudes a faint golden light.

"As expected of the Ten Thousand Dragons Divine Sect, as the number one existence among the three top overlords in the Northern Territory, it is indeed very extraordinary and generous."

At this moment, Lian Ye Feng looked at the magnificent scene in front of him, and his eyes couldn't help but show a hint of admiration.

But this time, Ye Feng and others came to settle accounts after Qiu and ransack their homes.

"rush!"

At this moment, the seventh prince gave an order, and thousands of royal guards of the Blood Demon Dynasty wearing golden armor, all holding golden steel swords and golden shields in their hands, burst out with extremely powerful skills and energy. Heading towards the headquarters of the Ten Thousand Dragons Sect ahead

Impact away.

"Buzz!"

But just when everyone was about to approach the headquarters of the Ten Thousand Dragons Sect, bright golden light suddenly burst out from among the ten thousand mountains ahead.

"That is....."

The next moment, in the shocked eyes of everyone in the Blood Demon Dynasty, they saw a long golden dragon rushing out of every mountain.

Especially the most towering and majestic main mountain in the middle, a golden dragon with a height of tens of thousands of meters rushed out.

"Roar!!"

The whole field can be said to be roaring like thousands of dragons at this moment.

The long golden dragon, which gathered the power of ten thousand mountain dragon veins, charged towards a group of golden armored guards of the Blood Demon Dynasty. In one fell swoop, it smashed the extremely powerful Royal Guards of the Blood Demon Dynasty into pieces, and was unable to stop them at all. A horrific attack.

"This is the power of the general trend of heaven and earth."

An old and powerful man from the Blood Demon Dynasty who was standing next to the Seventh Prince couldn't help but exclaimed and said: "This should be the Ten Thousand Dragons Formation in the legend of the Ten Thousand Dragons Divine Sect. It is the founder of the Ten Thousand Dragons Divine Sect. A total of 10,000 mountains with natural dragon veins were moved from all directions in the entire Northern Territory, forming the foundation of the Ten Thousand Dragons Sect. "

Another senior figure from the dynasty also nodded and said in a very shocking voice: "Once the Ten Thousand Dragons Formation is activated, it will mobilize the power of ten thousand heaven and earth dragon veins to fight against the Ten Thousand Dragons Formation, which is equivalent to

fighting the entire world. The confrontation between the avenues cannot be resisted by human power.”

When the Seventh Prince heard this said by a group of senior figures around him, his face suddenly became a little troubled.

Looked up.

The great formation of ten thousand dragons is irresistible by manpower?

"Brother Ye..." The seventh prince looked directly at Ye Feng beside him.

Ye Feng smiled slightly at this moment and said slowly: "Since I stepped into the mortal realm, I am no longer a mortal. I can break the strength of ten thousand mountains with just one hand."

Almost at the moment Ye Feng finished speaking, a group of elders from the Blood Demon Dynasty around the scene widened their eyes slightly, as if they did not expect Ye Feng to say such arrogant words.

But at the next moment, something happened that subverted their understanding...

Ye Feng stretched out his left hand.

The next moment, Ye Feng's left hand immediately turned into a huge golden skull palm, which was tens of thousands of meters long.

The huge golden skeleton palm tens of thousands of meters high looks very visually impactful and possesses extremely terrifying power. It suppresses the palm from high in the sky towards the bottom.

Boom! ??

In the next moment, the golden skull palm transformed into Ye Feng's left hand seemed to have the power of an ancient god, and it directly smashed all ten thousand golden dragons into pieces.

boom! !

Then the golden skeletal palm struck hard on the light shield of the Ten Thousand Dragons Divine Sect's protective formation.

Click!

Click!

Almost at the next moment, the entire protective light shield of the Ten Thousand Dragons Formation seemed to be shattered, with cracks appearing.

Then under the shocked gazes of countless people, Ye Feng's golden skeleton hand suddenly fell, completely shattering the entire Wanlong Formation.

"Rumble..."

Ten thousand

A total of 10,000 mountains surrounding the Dragon God Sect were all collapsed at this moment.

The whole scene is like the end of the world, giving people a very strong visual impact and shock.

"It's really too strong!"

"This kind of power is comparable to the legendary gods..."

At this moment, a group of senior figures from the Blood Demon Dynasty around them widened their eyes when they saw the terrifying power unleashed by Ye Feng. Their eyes were full of deep wonder and shock.

The Seventh Prince laughed loudly and said, "Brother Ye, I am invincible!"

After saying that, the Seventh Prince directly led a group of royal guards from the Blood Demon Dynasty and a group of senior figures beside him, and immediately rushed into the headquarters of the Ten Thousand Dragons Divine Sect and began to attack crazily.

Uh-huh!

At this time, Ye Feng arrived in the direction of the back mountain of the Ten Thousand Dragons Divine Sect in an instant, because Ye Feng sensed that the treasure house of the Ten Thousand Dragons Divine Sect was hidden in the back mountain.

But when Ye Feng was about to break open the treasure house, suddenly a white-haired old man wearing ancient clothes walked out of the mountains.

The body of this white-haired old man was extremely shriveled, like a mummy, but it gave the impression that his withered body contained a majestic power that could overwhelm the world.

"Um?"

Ye Feng's eyes suddenly moved slightly, and he couldn't help but said: "It's such a strong power, such an ancient aura, even I can't resist it. You should be the ancestor of the Wanlong Divine Sect, but I'm afraid of young people, seniors." Even in the ancient times, my cultivation was unfathomable, but now my senior's blood is almost gone, and his strength is estimated to be only one-tenth of what it was at its peak. If my senior wants to stop me, I'm afraid he will have to pay a heavy price. cost."

Chapter 4937 The implications are huge

"Why should I stop you?"

Suddenly, the white-haired old man walking out of the mountains said this.

"Um?"

Hearing what the white-haired old man said, Ye Feng's eyes, which were filled with murderous intent, were slightly startled and asked: "Aren't you the ancestor of the Ten Thousand Dragons Divine Sect?"

The white-haired old man shook his head, with an inexplicable smile on his withered old face, and said: "You destroyed the Ten Thousand Dragons Formation of the Ten Thousand Dragons Divine Sect and released me. I have to thank you. I Of course I am not an ancestor of the Ten Thousand Dragons Divine Sect. I am an enemy of the Ten Thousand Dragons Divine Sect who has been imprisoned for tens of thousands of years. My name is Venerable Red Demon."

"Venerable Red Demon?"

When Ye Feng heard this, his eyes flickered.

Seeing Ye Feng's expression, the white-haired old man shook his head and smiled, and said: "Tens of thousands of years later, my name has long since disappeared in the northern cultivation world. It is normal for a young man like you not to have heard of it, but I have to sigh. There are so many talented people in the Northern Territory, and a small young man actually possesses such terrifying power."

Hearing this, Ye Feng couldn't help but smile and said: "Senior may have made a mistake. It's not that the Northern Territory has a large number of talents. The Northern Territory is still the same Northern Territory. It's just that I am more outstanding. The top combat power in the Northern Territory is now me."

"oh?"

When the Red Demon Lord heard Ye Feng's words, he couldn't help but stare blankly, and then he chuckled and said: "You are not humble as a young man, but it suits me. I don't like that kind of hypocritical person. "

When he said this, the Red Demon Lord suddenly said: "You are looking for the treasure house of the Ten Thousand Dragons Divine Sect."

Ye Feng nodded and said: "I came to the Ten Thousand Dragons Divine Sect just to find the treasure house of the Ten Thousand Dragons Divine Sect and to get tens of thousands of years of accumulation of the Ten Thousand Dragons Divine Sect. Why, seniors also want a share of the pie?"

The Red Demon Lord shook his head and said: "It's just some ordinary things. I'm not interested. I suffered a plot from Master Wanlong back then and was sealed and suppressed in the eyes of the Wanlong Formation for tens of thousands of years. I finally got out of trouble today." "

When he said this, the Red Demon Lord stared at Ye Feng for a moment, seeming to be thinking about something.

When Ye Feng saw this, he knew that the other party must have been a ruthless character back then and also an old devil.

Ye Feng immediately said: "If you can rescue the senior easily, the junior does not need anything in return from the senior. The senior can leave directly."

"snort!"

Hearing what Ye Feng said, the Red Demon Lord thought that Ye Feng was deliberately teasing him, and immediately snorted coldly and said: "You don't need to provoke me, kid. You saved me, so I won't be stingy. I'm just thinking about what to do." Is there anything I can give you in return? Don't worry."

"Forehead?"

Hearing what the Red Demon Lord said, Ye Feng's eyes immediately froze, and he dared himself to give this old devil a step down, but the other party misunderstood what he meant and thought that he was looking for him in return.

He is truly an old devil with a true temperament.

In this regard, Ye Feng didn't bother to explain anything, so he had to leave it to him.

At this moment, Ye Feng didn't care that the Red Demon Lord was thinking hard. Ye Feng simply stretched out a hand and blasted towards the back mountain.

According to the induction of Ye Feng's soul power, the treasure house of the Wanlong Divine Sect is hidden in this back mountain.

As for the other things in the headquarters of the Ten Thousand Dragons Divine Sect, Ye Feng didn't look down on them at all and just let the Seventh Prince clean them up.

boom!

The moment Ye Feng punched the mountain behind, a huge roar suddenly erupted.

But at the next moment, Ye Feng was very surprised that the back mountain was not damaged by his attack.

"Is it that strong?"

Ye Feng's eyes immediately revealed a look of deep surprise.

Because you must know that Ye Feng's current physical strength has reached a very terrifying level. Even some so-called magic weapons can only be shattered in front of Ye Feng's fists.

But now, the back of the Ten Thousand Dragons Divine Sect has withstood Ye Feng's attack without any damage. This naturally makes Ye Feng feel quite sad.

So surprised.

It seems that the Wanlong Divine Sect hid their treasure house very deep, and also used such strong materials to build a back mountain to protect the entire treasure house.

But Ye Feng did not flinch at this time, and directly stretched out his left hand.

Ye Feng's left hand is fused with a mysterious and ancient golden skull palm, which possesses the monstrous power of the ancient times.

The moment Ye Feng stretched out his left hand, his left hand immediately squirmed and turned into a golden skeleton palm tens of thousands of meters tall. It looked like the legendary Lord of the Undead. Like the palm of his hand, it has very terrifying power.

"boom!"

"Click, click!"

Under the bombardment of Ye Feng's golden skull palm, the back mountain in front, no matter how strong it was, was finally shattered inch by inch and collapsed directly at this moment.

Rumble... .??.

With the collapse of the entire back mountain, a treasure house made of pure gold was also revealed in Ye Feng's field of vision.

At this time, Ye Feng naturally looked at the treasure house of the Ten Thousand Dragons Sect with deep anticipation in his eyes, wanting to open it immediately to see how many good things were inside.

"This is??"

But suddenly at this moment, the Red Demon Lord who was thinking not far away suddenly stared at the left and right hands of Ye Feng, which had turned into a golden skeleton, and made a horrified voice: "You! What are you doing?" Is this golden skull palm your fused palm?"

When Ye Feng heard this, he couldn't help but nodded and said, "Yes, it's one of my fused palms."

The Red Demon Lord seemed to have seen something incredible, muttering to himself: "How is it possible, how is this possible, how is it possible for you, a young human race, to fuse this palm..."

Seeing that the other party seemed a little dazed, Ye Feng immediately became curious and couldn't help but ask: "Senior Red Demon, what is this golden skull palm?"

Xi, does Senior Red Devil know the origin of this golden skull palm? "

"I have no idea!"

Almost subconsciously, Venerable Red Demon said this.

But the next moment, the Red Demon Lord suddenly said with some panic: "Little friend Ye Feng, this palm involves a huge amount, it cannot be said, it cannot be said."

When he said this, the Red Demon Lord suddenly took out an ancient book from his storage ring and said: "This is the strongest inheritance in me. It is the ancient book left to me by my master. The inheritance, even I haven't fully understood yet, is the most valuable treasure in my body. I give it to you as a reward for saving my life."

The Red Demon Lord put the book into Ye Feng's hand, and then hurriedly left here. He seemed to be frightened by Ye Feng's golden skull palm.

But before leaving, the Red Demon Lord turned around slightly, took a deep look at Ye Feng, and then said: "In the future in the land of Zhongzhou, I hope that you and I can meet again by fate. By then, if you are still alive, Come down, I will tell you what kind of existence this golden skull palm is, and I will also take you to a great place of opportunity. In that place, only you who have this palm can able to enter."

After the words fell, the Red Demon Venerable left without looking back and disappeared at the end of the distant mountains.

Ye Feng was staring at his left hand at this time, with a hint of surprise and uncertainty in his eyes. It seemed that he did not expect that his golden skull palm could scare an old demon like the Red Demon Lord so much. Not light.

But Ye Feng is not a troubled person. He can just wait until he meets the Red Demon Lord next time and ask clearly. What is the so-called great place of opportunity that only he who has fused the golden skull palm can enter?

What kind of place would that be?

But it must have something to do with the golden skull palm that I accidentally fused.

Immediately, Ye Feng stopped worrying and focused once again on the treasure house of the Ten Thousand Dragons Sect in front of him.

Chapter 4938 Ten Thousand Dragon Fruits

But just when Ye Feng was about to check out the treasure house of the Ten Thousand Dragons Divine Sect, Ye Feng seemed to have thought of something and immediately raised his hand.

Ye Feng discovered that his hand was still stuffed with the peerless inheritance that Lord Red Demon had just given to him.

According to Venerable Scarlet Mo, this set of peerless inheritance is not a heritage created by Venerable Scarlet Mo himself, but a peerless heritage left to him by his master back then.

In other words, this set of inheritance is very precious.

You know, the Red Demon Lord himself is a great demon from the ancient era, very powerful.

Even now that only one-tenth of the strength is left, Ye Feng is very afraid.

Not to mention a demon from ancient times like the Red Demon Venerable, his master must be an earth-shattering figure. .???.??

Therefore, this set of peerless inheritance must be very extraordinary.

Ye Feng immediately opened the book and looked carefully. He immediately saw that this set of inheritance was indeed very precious and the secret of inheritance was very complicated.

After Ye Feng watched it carefully, he discovered that the final name of this inheritance was "The Ancient Ten Thousand Demons Secret".

Once he has practiced this set of ancient magic tricks, Ye Feng will be able to continuously gather the demonic energy in the surrounding world, and condense an ancient demon head into the inner world of his body.

Every demon is a top demon from ancient times.

In other words, once the Ancient Ten Thousand Demon Art is practiced to the end, the power of ten thousand top ancient demons can be condensed into Ye Feng's body.

Then once the Ancient Ten Thousand Demons Art is used, Ye Feng can instantly gain the power of 10,000 top demons from ancient times.

That kind of power is absolutely terrifying!

At this time, Ye Feng suddenly thought that the peerless inheritance of the Ten Thousand Dragons Divine Sect seemed to be able to condense the power of ten thousand giant dragons in an instant, attack the enemy, and the ten thousand dragons roared.

Ye Feng suddenly discovered that the inheritance of the Ten Thousand Dragons Divine Sect seemed somewhat similar to this set of ancient Ten Thousand Demons Secrets.

Perhaps the founder of the Ten Thousand Dragons Divine Sect referred to this set of inheritance before creating the peerless inheritance of the Ten Thousand Dragons Divine Sect.

At this moment, Ye Feng did not hesitate at all, and immediately began to imprint all the inherited secrets of this ancient set of Ten Thousand Demons into his mind, and then continued to comprehend and practice.

Next, Ye Feng began to search for the wealth in the treasure house.

Boom!

At this moment, Ye Feng casually stretched out a hand and directly smashed the golden door of the treasure house into pieces.

Then Ye Feng walked in directly.

Ye Feng discovered that this treasure house was built under the back mountain. The entire mountain was filled with space for the treasure house, which was very vast.

Ye Feng saw at first glance that there were very precious energy crystals, which should have been mined from very high-grade mineral veins. They were emitting colorful light and were all piled up in the entrance area of the treasure house.

Ye Feng naturally did not hesitate at all, he directly released the Devouring Domain and started to devour it.

Although these so-called high-grade crystals are cultivation resources in the Northern Territory, they are no longer particularly precious cultivation resources for Ye Feng at his current cultivation level.

But after all, there was a whole pile in front of me, like two small mountains.

Such energy crystals, after being absorbed, can still provide Ye Feng with a lot of energy.

Under the accumulation of huge energy of the two energy crystals, Ye Feng finally broke through the tenth level of the Mortal Realm that he had previously broken through, and stepped into the half-step God Realm above the Mortal Realm!

Buzz!

At this moment, after Ye Feng broke through to the half-step god realm, he immediately felt that every inch of his body's flesh, flesh and bones were filled with extremely majestic energy, making Ye Feng's whole body immediately That is to say, the combat effectiveness has soared.

As Ye Feng knew before when he stepped into the Mortal Transformation Realm, the Mortal Transformation Realm allows cultivators to start transforming from mortals, and then evolve towards the level of gods, gaining the great power of gods.

And above the mortal realm is the divine realm.

In other words, cultivators slowly become god-like beings.

At this moment, Ye Feng has stepped into the half-step god realm, which is equivalent to stepping into a new powerful realm. Naturally, his skill and combat effectiveness have skyrocketed.

Next, Ye Feng continued to move forward in the treasure house.

When Ye Feng walked to the middle area of the treasure house, he immediately saw that the Wanlong Divine Sect had piled many various magic weapons and weapons that had been made here.

However, these things, in Ye Feng's eyes now, are already very common. Ye Feng doesn't need them at all, so Ye Feng simply ignores them.

Then Ye Feng continued to move forward. In the deepest part of the treasure house, Ye Feng found three huge gold boxes placed on the ground.

When Ye Feng saw this, his eyes suddenly lit up.

These three boxes are entirely made of gold, and they are so huge. They are placed in the deepest part of this treasure house. It seems that these three gold boxes definitely contain the three most precious items among the dragon gods. something.

Ye Feng first walked towards the first gold box and opened it directly.

The next moment, Ye Feng immediately saw that the good thing contained in the first golden box turned out to be a fruit with a faint red light.

On the surface of this fruit, there is actually the totem of the ancient dragon clan.

"This seems to be the legendary Ten Thousand Dragon Fruit."

Suddenly Emperor Chu spoke in his mind and said: "This is a kind of fruit that has been poured with ten thousand dragon blood of different types. It condenses the power of ten thousand dragons. It is very useful for dragons or those who practice dragon inheritance." For cultivators, it has a huge effect and can make a person reborn. In other words, if an ordinary mortal eats this Ten Thousand Dragon Fruit, he may become a peerless master in an instant and possess the dragon clan. The overwhelming power."

Hearing what Emperor Chu said, Ye Feng naturally smiled happily and swallowed the Ten Thousand Dragon Fruit directly into his stomach.

Boom!

At this moment, as expected, a terrifying and majestic dragon energy exploded in Ye Feng's body, wildly increasing Ye Feng's power.

In addition, Ye Feng discovered that this Ten Thousand Dragon Fruit actually contains divine substances.

This naturally made Ye Feng's eyes reveal an unexpected surprise.

It seems that after the Ten Thousand Dragon Fruit absorbed the blood of ten thousand giant dragons, the divine substance was still bred in the fruit. In other words, Ye Feng's skill is now growing rapidly, and the physical level of the Immortal Body of the God is also increasing. In the process of continuous growth! But just when Ye Feng was about to check out the treasure house of the Ten Thousand Dragons Divine Sect, Ye Feng seemed to have thought of something and immediately raised his hand.

Ye Feng discovered that his hand was still stuffed with the peerless inheritance that Lord Red Demon had just given to him.

According to Venerable Scarlet Mo, this set of peerless inheritance is not a heritage created by Venerable Scarlet Mo himself, but a peerless heritage left to him by his master back then.

In other words, this set of inheritance is very precious.

You know, the Red Demon Lord himself is a great demon from the ancient era, very powerful.

Even now that only one-tenth of the strength is left, Ye Feng is very afraid. ??

Not to mention a demon from ancient times like the Red Demon Venerable, his master must be an earth-shattering figure.

Therefore, this set of peerless inheritance must be very extraordinary.

Ye Feng immediately opened the book and looked carefully. He immediately saw that this set of inheritance was indeed very precious and the secret of inheritance was very complicated.

After Ye Feng watched it carefully, he discovered that the final name of this inheritance was "The Ancient Ten Thousand Demons Secret".

In other words, Ye Feng's skill is now growing rapidly, and the physical level of the immortal body of the god is also increasing. In constant growth!

Chapter 4939 Dragon Princess

Boom!

At this moment, all the energy in the Ten Thousand Dragon Fruit was absorbed by Ye Feng.

Ye Feng's cultivation skills finally broke through a big realm again, directly stepping from the half-step of the divine realm to the real first level of the divine realm!

A breakthrough in a whole realm has made Ye Feng's combat effectiveness soar.

Ye Feng's eyes were naturally full of excitement and joy.

And what makes Ye Feng most happy is that not only his own cultivation has broken through to the first level of the true divine realm, but also entered this new powerful level.

More importantly, his Immortal Body of the God has directly transformed from the first level of the sixth stage to the fourth level of the sixth stage.

Suddenly it was upgraded to three levels!

This made Ye Feng's physical strength stronger and stronger than ever before.

It has to be said that this Ten Thousand Dragon Fruit is worthy of being poured with the blood of ten thousand different types of dragons. It contains the majestic dragon essence, and it also contains the dragon blood. The ancient divine substance has greatly evolved Ye Feng's immortal body, which is what Ye Feng is happiest about.

Because Ye Feng knew very well that if he looked carefully for the cultivation resources that could improve his cultivation skills, he could easily find them.

However, the divine substance that can allow one's immortal body to evolve and transform is very difficult to find, and is very rare in the entire world of cultivation.

Therefore, every time Ye Feng accidentally obtains divine substances and evolves the strength of his immortal body, it is Ye Feng's happiest thing.

Because Ye Feng knows very well that although his cultivation skills are a very important means to improve his strength, the immortal body of the God is his foundation.

Because Ye Feng's physical strength has been one of Ye Feng's trump cards since he started practicing.

Therefore, physical strength and the strength of the body are also one of Ye Feng's strongest trump cards.

Ye Feng can be said to be a trinity to improve his overall strength, through cultivation skills, soul power and

and the strength of the body.

No matter which of these three aspects is improved and evolved, Ye Feng's overall strength will be greatly improved.

Especially the strength of the body made Ye Feng's combat power explode during the battle.

At this moment, after Ye Feng absorbed the entire Ten Thousand Dragon Fruit, he continued to look towards the second golden box without any hesitation.

In the deepest part of the Ten Thousand Dragons Divine Sect, there are a total of three gold boxes placed.

The Ten Thousand Dragon Fruits in the first golden box are already so precious, and the second golden box must be even more precious.

Click!

At this time, Ye Feng opened the second gold box without any hesitation.

The moment Ye Feng opened it, he immediately saw a huge long knife appearing in the second gold box.

This long knife was not made of steel, but was actually made up of pieces of finely broken bones that were condensed together through some special means to become a big bone knife.

Ye Feng could see at this time that this long knife was composed of ten thousand bones. This made Ye Feng suddenly look surprised in his eyes and couldn't help but said: "This big knife, Could it be the treasures and weapons made from the bones of the ten thousand giant dragons that were poured into the Ten Thousand Dragon Fruit?"

Emperor Chu in his mind suddenly spoke: "You are right, this sword should be the Ten Thousand Dragons sword in the ancient legend. This Ten Thousand Dragons sword is made of ten thousand different types of dragons. Made of the hardest bones in the body, once this Ten Thousand Dragons

Sword is refined and its power is released, it can definitely explode with the power of ten thousand giant dragons in an instant, and its destructive power is astonishing. "

Hearing what Emperor Chu said in his mind, Ye Feng suddenly nodded excitedly. He didn't expect that he had accidentally obtained such a powerful weapon.

, Ten Thousand Dragons Sword, this is definitely the most powerful treasure among the Ten Thousand Dragons Divine Sect.

At this moment, Ye Feng didn't hesitate at all. He directly stretched out his hand and held it on the Wanlong sword.

But just when Ye Feng was about to refine this Ten Thousand Dragons Sword.

Boom!

Accompanied by a huge roar, an extremely terrifying force burst out from the blade of this Wanlong sword. It wanted to shake Ye Feng's palm away, but it seemed that he didn't want Ye Feng to refine it. transform it.

Seeing this scene at this time, Ye Feng smiled domineeringly and said loudly: "You are already an ownerless thing, you still dare to resist? Suppress it!"

Boom! !

At this moment, Ye Feng also released his extremely powerful cultivation power.

The powerful cultivation aura and power of the first level of the God realm that Ye Feng had just broken through suddenly surged out from Ye Feng's body and went directly towards the Wanlong sword in front of him to suppress it.

Boom!

The two forces collided with a loud roar, causing the entire mountain to tremble.

It has to be said that Ye Feng's current cultivation level has been improved to a new level, and his strength is much stronger than before.

So at this moment, Ye Feng suppressed the resistance of the Wanlong Broadsword on the spot and forcibly refined the Wanlong Broadsword, a peerless weapon.

At this moment, Ye Feng took control of the entire Ten Thousand Dragons Sword and could immediately sense that the Ten Thousand Dragons Sword was indeed composed of ten thousand different types of dragon bones.

Therefore, every time it is slashed, the power of ten thousand giant dragons can be unleashed.

This kind of power is blessed with a big sword, which is absolutely terrifying and can crush everything.

Ye Feng was naturally very happy and carried this Wanlong sword behind his back, ready to use it at any time.

Immediately, Ye Feng looked towards the third golden box in the deepest part of the Ten Thousand Dragons Divine Sect's treasure house and directly took it.

It's on.

The next moment, Ye Feng's eyes suddenly showed a look of astonishment.

Because Ye Feng saw that the last golden box did not contain weapons, training resources, or some peerless inheritance as he imagined.

The third gold box contained a young woman who seemed to be sleeping.

However, this young woman has two small crystal dragon horns on her head. She is definitely not a human being, but a dragon.

When Ye Feng saw this scene, he couldn't help but said in surprise: "This can't be a dragon girl, right? Only women from the dragon tribe can have two dragon horns growing on their heads, and

they are exuding... The breath coming out is not the breath of the human race, but the breath of the pure dragon race, and it is the breath of the dragon race from a very ancient era. Could it be that this is a dragon girl who survived from the ancient era? "

At this moment, Ye Feng was thinking in his mind that he wanted to find out whether the aura emanating from the other party was human or demon.

But at the next moment, the young woman with two dragon horns in the box suddenly opened her eyes, her eyes suddenly showed a deep look of vigilance, and the two small dragon horns immediately burst out. A piece of purple divine light shocked even a powerful master like Ye Feng, who couldn't help but take two steps back.

"Um?"

This made Ye Feng's eyes suddenly show surprise.

This woman is so powerful.

Ye Feng couldn't help but asked: "Are you a human race or a demon race?"

The young woman with two amethyst dragon horns on her head immediately stood up and said loudly: "I am not a human race, nor a demon race, I am the noble dragon princess of the ancient dragon world!"

"Princess of the dragon clan? From the ancient dragon world in the advanced cultivation dimension?"

When Ye Feng heard what the young woman said, his eyes immediately revealed a look of deep surprise. It seemed that he did not expect that this young woman's origins were so extraordinary, but why was she trapped in such a small place?

Chapter 4940 Three thousand clones

"You must be bragging."

At this time, Ye Feng just smiled and said: "You said you are from the Ancient Dragon Realm, but the Ancient Dragon Realm is a legendary world of advanced cultivation dimensions. As a dragon princess in a higher-dimensional cultivation world, you are like a god. It is simply impossible to be

so high up in the sky, overlooking all sentient beings, that we can be trapped in a small place like our Ten Thousand Demons Interface?"

Hearing what Ye Feng said, the dragon princess couldn't help showing a look of displeasure on her beautiful face, and said loudly: "Of course I'm not bragging, I really come from the ancient dragon world. Princess of the Dragon Clan, this is just one of my clones. My true self has split into three thousand clones in advanced cultivation, and I have experienced them in various worlds of cultivation dimensions."

"What?"

Hearing what the dragon princess said, Ye Feng's eyes suddenly showed a look of astonishment. He seemed to have never thought that the other party was actually a dragon princess from the ancient dragon world in a higher spiritual world. But this is just one of her three thousand clones.

Ye Feng couldn't help but asked: "So each of your clones has its own thought?"

The dragon princess nodded and said with a smile: "Of course, my mission is to practice in the so-called Ten Thousand Demons interface where I have descended, and to obtain all the cultivation inheritance and martial arts secrets in this entire interface. In this way, I will be able to I understand the power of the law more comprehensively."

Hearing what the dragon princess said, Ye Feng's eyes suddenly showed a look of surprise.

Immediately, a look of vigilance appeared in the beautiful eyes of this dragon princess, and she said loudly: "I told you so much because I saw that you saved me. I was killed by the elder of the Ten Thousand Dragons Divine Sect before. My ancestor was trapped in the eye of this Ten Thousand Dragons Formation. You saved me and you can be regarded as my benefactor. But I can only tell you so much. As for the others, I will also help you.

Not to you. "

After saying that, the dragon princess turned around and left.

When Ye Feng saw this scene, he didn't stop him.

But when the dragon princess walked halfway, she suddenly turned around and said loudly: "I didn't expect you to see me leaving like this, without asking me to give you enough in return. After all, you already know my identity. Noble, you can blackmail me."

When Ye Feng heard what the dragon princess said, he just said speechlessly: "Why should I threaten you? You are not my enemy."

Hearing what Ye Feng said, the vigilance on the face of the dragon princess seemed to fade a lot, and she couldn't help but say: "You are a good person."

Hearing what the dragon princess said, Ye Feng immediately grinned and said, "I'm not a very good person, but I'm not a bad person either."

When Ye Feng said this, the dragon princess seemed to have thought of something. She suddenly took out an amethyst token from her storage ring and said loudly: "This token can keep in touch with me. If you need any help in the future, you can call me at any time."

When Ye Feng heard what the dragon princess said, his eyes showed a look of surprise. He didn't expect that the other party was quite good.

At this time, Ye Feng immediately nodded and put the amethyst token into his storage ring.

At this moment, the dragon princess saw Ye Feng's seemingly dull expression and couldn't help but said: "It seems that my current cultivation level is not as strong as yours, but I am out of trouble now, with the help of what I have passed on. Various high-level people who came here

My cultivation speed will become very fast if I practice the inherited mysteries and cultivation methods of the dimension. Moreover, I should go to the land of Zhongzhou to find the most glorious cultivation area in the Ten Thousand Monsters interface, worship the super sect therein, and learn the inherited mysteries. , and then passed it back to my true self to help her understand the world's myriad avenues and countless inheritances, so as to cultivate and become the strongest self.  
"

Hearing what the dragon princess said, Ye Feng's eyes suddenly showed a look of surprise. It seemed that the dragon princess of the ancient dragon world was an extremely terrifying and powerful person. She actually practiced such a magical inheritance. Three thousand clones appeared in various worlds, acquiring various inherited mysteries, and then integrating them into one furnace.

At this moment, Ye Feng didn't say much, just nodded and said: "To be honest, I will also go to Zhongzhou next. I hope to see you again by chance."

Hearing what Ye Feng said, the dragon princess's eyes immediately brightened up, with a hint of anticipation in her beautiful eyes, and she said loudly: "Okay, you are also very powerful. I hope we will be in Zhongzhou next time." When we met, you and I have become more powerful than now, and I can tell you secretly, if your performance is amazing enough for me to take my fancy, maybe my myself will let me I will take you back to the Ancient Dragon Realm together and become a working being under my deity. When the time comes, you will really be like a carp leaping over the dragon gate, jumping from a lower dimension to a higher dimension of practice. It can be said to be a great opportunity. good fortune."

Hearing what the dragon princess said, Ye Feng smiled in surprise, and then said aloud: "See you soon."

After saying that, Ye Feng left here directly.

Seeing Ye Feng's leaving back, the dragon princess seemed to understand something. She immediately couldn't help but look at Ye Feng's back and said loudly: "I know you are an arrogant genius and don't want to be inferior to others.

Next, but you have to know that when you meet me, it means that you have the opportunity to go to a higher dimension of practice world, and even become a servant of the extremely noble dragon princess in the ancient dragon world. This is a dream that many people dream of. Big opportunity, but you don't understand now. When you arrive in Zhongzhou and come into contact with the records of the world of higher cultivation dimensions among some super powers, you will know what it means to go from a lower cultivation dimension to a higher cultivation dimension. What a glorious and glorious thing. "

...

But just as the dragon princess was speaking, Ye Feng had already walked further and further as her words fell.

Although what this dragon princess said could allow Ye Feng to jump directly into the world of advanced cultivation dimensions, Ye Feng was quite tempted.

But Ye Feng didn't find it interesting to be the subordinate of a dragon princess.

Ye Feng felt that with his own strength, one day he could break the shackles of this lower cultivation dimension world and enter a higher cultivation dimension world.

Moreover, the high-level cultivation dimension world that Ye Feng wants to go to first is not the ancient dragon world, but the extraterritorial world connected to the origin world.

That place was where Ye Feng wanted to go first.

Because his parents, including many seniors of the Ye family, went to that extraterrestrial world.

At this moment, Ye Feng left the treasure house of the Ten Thousand Dragons Divine Sect and returned to the headquarters of the Ten Thousand Dragons Divine Sect.

Ye Feng discovered that the Seventh Prince, together with a group of royal guards and masters, had already killed and surrendered all the members of the Ten Thousand Dragons Divine Sect's headquarters. They had almost dealt with them.

Ye Feng nodded and said, "Seventh Prince, now that things here are over, I think it's time for me to say goodbye."
