Chapter 4941 Traveling through the wilderness

At this time, when he heard that Ye Feng said that he was leaving directly, the seventh prince's eyes suddenly showed a look of reluctance.

Because the Seventh Prince had heard from Ye Feng before that Ye Feng would soon leave the Northern Territory and go to Zhongzhou.

But all along, Ye Feng had various unfinished things, so he still stayed in the Northern Territory.

Now that the threat from the Ten Thousand Dragons Divine Sect has been completely resolved, Ye Feng proposed to leave at this time. The Seventh Prince knew that this was inevitable, but after all, there was a trace of reluctance in his eyes.

The seventh prince couldn't help but said: "Brother Ye, don't you stay for a few more days?" ??

Ye Feng shook his head, smiled and said: "There is no point in staying a few more days. Now that the biggest threat to the Blood Demon Dynasty has been eliminated, Seventh Prince, you can rest easy in the entire Northern Territory in the future. I am It's time to go to Zhongzhou. If you, Seventh Prince, encounter any great danger in the Northern Territory, you can contact me at any time and I will come from Zhongzhou to solve the crisis for you."

Hearing what Ye Feng said, the Seventh Prince was very moved. He couldn't help but patted Ye Feng's shoulder and said loudly: "Then I won't say anything more. Brother Ye, take care of yourself on this journey. I hope We will have the opportunity to meet again in the future."

Ye Feng smiled and said, "Of course there is a chance."

Uh-huh!

After saying that, Ye Feng didn't hesitate and jumped directly into the sky, then disappeared at the end of the sky in an instant.

Looking at Ye Feng's retreating figure, several senior figures from the Blood Demon Dynasty standing around the Seventh Prince couldn't help but sigh, and said aloud: "Master Ye Feng is going to Zhongzhou this time. Maybe he has huge potential." Risk, after all, the land of Zhongzhou is very glorious and full of powerful people. Even if Mr. Ye Feng is very powerful now, he may become mediocre in Zhongzhou. "

At this time, the seventh prince showed a faint smile in his eyes, and said loudly: "Even if Brother Ye is mediocre at first, he will definitely shake the entire Zhongzhou in the future, and even become famous.

I promote the entire Ten Thousand Demons interface because I believe Brother Ye can definitely do it. "

While everyone was discussing, Ye Feng, alone, had completely left the area of the Ten Thousand Dragons Sect and flew quickly towards the edge of the Northern Territory.

If you want to go to the land of Zhongzhou, you must go to the edge of the Northern Territory and pass through the wilderness area before you can enter the real land of Zhongzhou.

Ye Feng is already quite familiar with the wilderness area.

Therefore, Ye Feng did not encounter any obstacles along the way, and soon arrived at the edge of the Northern Territory.

At this time, Ye Feng stood on the edge of the Northern Territory and took one more look at the Northern Territory where he had experienced a lot of time. Then he no longer hesitated and strode into the wilderness.

The Great Wilderness is not just the small wild jungle at the junction of the Northern Territory and the Southern Barbarians. The entire Great Wilderness is very vast and connects several domains in the entire Ten Thousand Monsters interface.

The north of Zhongzhou is the great wilderness area.

As long as Ye Feng passes through this dangerous wilderness area, he can enter the land of Zhongzhou.

Ye Feng no longer needs to participate in the ten-year assessment of the major forces in Zhongzhou during this trip. With the token that the eldest princess Dongfang Yue left for him in the letter, he can directly enter the super sect in Zhongzhou where Dongfang Yue is located. Among the Divine Phoenix Sect.

So at this time, Ye Feng was directly preparing to enter Zhongchu Land, and went to find out where the headquarters of the Divine Phoenix Sect was.

At that time, with the token given to him by Dongfang Yue, he can enter it and become an official disciple of a super sect like the Divine Phoenix Sect.

At this moment, Ye Feng was walking in the wilderness, releasing his soul power and spreading it around.

Ye Feng

The reason why I did not use the cross-domain teleportation array, but chose to walk directly towards the land of Zhongzhou, was that I could practice myself along the way, and at the same time, I could encounter some good opportunities and fortunes, and improve my cultivation along the way. strength.

Although Ye Feng is in the Northern Territory, he can turn his hands into clouds and turn his hands into rain, and he can suppress the top super strong men in the Northern Territory.

But Ye Feng knew that his cultivation level was enough to dominate in the Northern Territory and belong to the top level, but in the land of Zhongzhou, he might not be that powerful.

After all, Ye Feng had already met a young man in black invited by the Ten Thousand Dragons Divine Sect from the land of Zhongzhou in the Blood Demon Dynasty in the Northern Territory.

The young man in black came from a super power in Zhongzhou, Wanjian Tianmen.

Therefore, Ye Feng knew very well how profound the foundations of these extremely powerful super sects in the land of Zhongzhou were.

Even if he is just an ordinary disciple under the sect, his cultivation level is very strong.

Ye Feng naturally restrained his arrogance and began to become vigilant.

After all, my own strength is in the land of Zhongzhou. It is very likely that a strong person will appear randomly and I will not be able to fight against him.

However, Ye Feng is not that unsure of himself. After all, Ye Feng's various cultivation bases, strength and methods are still very powerful. In the land of Zhongzhou, most of the masters should not be Ye Feng's opponents.

But no matter what, Ye Feng went to the Phoenix Divine Sect in the land of Zhongzhou. Naturally, he wanted to improve his cultivation strength as much as possible along the way. In this way, he would be able to take root in the super sect in the land of Zhongzhou. Being bullied by others.

At this time, Ye Feng was advancing rapidly in the wilderness.

In addition to rushing on the road, Ye Feng was also practicing the extremely powerful inheritance he had just received, the Ancient Ten Thousand Demons Art.

This set of ancient Ten Thousand Demons Secrets was given to Ye Feng by the Red Demon Venerable.

This Red Demon Venerable is a great demon from an ancient era. This set of inheritance was passed down by his master, so it must be very precious.

At this moment, Ye Feng was practicing the Ancient Ten Thousand Demons Secret while traveling quickly.

Uh-huh!

Suddenly at this moment, a huge hedgehog with spikes all over his body suddenly rushed out from the dense jungle around him.

This is a powerful demonic beast, possibly even the overlord of the surrounding demonic beasts. Its body is thousands of meters tall, and its body is covered with steel-like barbs that seem to be able to pierce everything.

At this moment, Ye Feng was not surprised but overjoyed. He immediately laughed and said, "Since you are here to provoke me, it's a good time to try the power of the Ancient Ten Thousand Demons Art."

boom!

Almost at this moment, Ye Feng instantly cast the Ancient Ten Thousand Demons Art.

Boom!

At this moment, Ye Feng's body suddenly erupted with black light, and then the shadows of hundreds of big demons condensed, and they rushed towards the huge hedgehog in front of him.

Boom! !

The phantoms of hundreds of big demons were completely composed of energy, but they had the power of the top big demons in ancient times. They directly smashed this giant hedgehog of the overlord monster into pieces.

"What a powerful destructive power!"

Seeing this scene, Ye Feng's eyes suddenly lit up.

This set of Ancient Ten Thousand Demon Techniques is indeed powerful. It can condense so many top ancient demons in an instant to attack the enemy.

And you must know that after practicing the Ancient Ten Thousand Demons Art to the end, it can condense the power of ten thousand top demons. This shows that this set of Ancient Ten Thousand Demons Art has great future potential.

Chapter 4942 Big Green Ox

At this time, Ye Feng did not hesitate at all, and directly released the Devouring Domain, swallowing up the blood energy of the huge hedgehog in front of him, which was smashed to pieces by hundreds of top demons condensed by the Ancient Ten Thousand Demons Art. .

Boom!

At this moment, Ye Feng immediately received a lot of blood energy, which directly caused Ye Feng's cultivation to break through and stepped into the second level of the God Realm!

Although it is only an increase in the first level, Ye Feng is already very satisfied. After all, this is just a monster overlord that he casually destroyed. It is already very good to be able to provide so much blood energy.

And these show from the side that the power of the Ancient Ten Thousand Demons Art is indeed powerful. If Ye Feng relied on his own strength to attack, he would probably be inextricable from this giant hedgehog. However, after releasing the Ancient Ten Thousand Demons Art, the condensed The power of hundreds of top demons came out and attacked wildly, instantly smashing the giant hedgehog to pieces.

Uh-huh!

At this time, Ye Feng continued to move forward, rushing towards the direction of Zhongzhou Earth.

This wilderness area was very vast, and Ye Feng felt that he would have to travel in a hurry, and it would take him half a month to reach the land of Zhongzhou.

But this is already very efficient. After all, Ye Feng still knows very well that the ten-year disciple assessment held by Zhongzhou Dadi may take nearly half a year, or even a year, to get out of the small world of the assessment. Stand out and get into super bulk.

But Ye Feng now only needs half a month to reach the land of Zhongzhou.

At this time, Ye Feng didn't hesitate at all, and immediately continued on his way quickly, traveling through the wilderness.

Although Ye Feng is now very powerful, there are still dangers. After all, as he gets closer and closer to the land of Zhongzhou, the monsters living in the wilderness are becoming more and more powerful.

There is even a vast wilderness

The demon there woke up from its slumber and almost killed Ye Feng.

Those demons live in the deepest part of the wilderness and are taboo-like existences. Even Ye Feng does not dare to provoke them easily now.

After all, the monsters and monsters living in the border area between the Northern Territory and the Wilderness are not that powerful.

But the closer you get to Zhongzhou, the more powerful the monsters living in the wilderness become.

There are some demons and monsters that Ye Feng does not dare to provoke easily.

However, Ye Feng has soul power that can be spread out for exploration, so Ye Feng has no dangers along the way, and will soon reach the edge of Zhongzhou.

That night, Ye Feng rested in the wilderness.

Ye Feng calculated the distance and time, and estimated that he would be able to reach the true territory of Zhongzhou in one day, that is, before sunset tomorrow.

But just when Ye Feng rested until midnight.

Buzz!

Suddenly, deep in the wilderness, there seemed to be some kind of terrifying roar, like rolling thunder.

"what's the situation?"

Ye Feng suddenly woke up from his sleep, looked up at the sky, and found that the entire sky was covered with dark clouds, and blue-purple thunder flashed in the dark clouds, casting a doomsday shadow over the entire earth.

At this time, Ye Feng heard that there seemed to be a thunderous sound in the depths of the wilderness.

Unlike the thunder of dark clouds in the sky, this sound is vaster and duller than ordinary thunder, but it is full of a heart-stopping feeling.

Ye Feng immediately

I just guessed that something terrible seemed to be happening in the depths of this wilderness at this moment.

Ye Feng immediately rushed towards the depths of the wild forest not far away, wanting to see what happened, maybe there was some chance.

On the way there, Ye Feng also discovered that there were many intelligent monsters in the wild forest, and even some demons were rushing towards the depths of the wild forest. I feel that in the depths of the wilderness, some incredible changes have occurred at this moment, and there may be huge opportunities.

This made Ye Feng's eyes suddenly show surprise.

In this vast wilderness, there are so many kinds of creatures living there, including monsters, demons, some monsters, and even some very rare elves, unicorns, earth dragons, etc., all of them. They are all rushing towards the depths of the wild forest, as if they want to compete for the opportunities between heaven and earth.

Ye Feng immediately understood that these monsters and monsters with intelligence, as well as various creatures, all wanted to draw opportunities and creations from nature to improve their life levels and become more powerful.

This is actually the same as human cultivation.

When human beings practice, they can find various cultivation resources, including understanding the way of heaven, creating various inherited mysteries, etc.

The various creatures in these wild forests have improved their strength and life level through opportunities from heaven.

At this moment, based on the actions of so many demonic creatures around him, Ye Feng judged that something incredible must have happened in the depths of this wild forest in the middle of the night, so it attracted so many creatures. go. ??

Ye Feng also shuttled in the darkness.

Soon, Ye Feng

We have reached the deepest part of the wild forest.

This is already the deep edge area.

Ye Feng saw that a huge lake appeared on the ground in front of him.

And in the lake, there is a majestic green bull that is tens of thousands of meters tall. On the bull's head, there are two huge steel-like horns that are thousands of meters long.

At this moment, this big green bull like a demon god was roaring up to the sky.

High in the sky, dark clouds piled up, and the light of blue-purple thunder and lightning bombarded down from the boundless sky, frantically attacking the big green bull with two giant steel horns that could pierce the sky.

When Ye Feng saw this, his eyes immediately showed surprise.

This steel giant-horned buffalo, which is tens of thousands of meters tall, is a big green bull. It looks very majestic, like a mountain, standing in the lake.

Moreover, this big green cow does not have green hair all over its body, but green scales, especially the two horns on the top of its head, which are several kilometers long and look as if they are made of steel. People have a very sharp and majestic feeling that can pierce the sky.

At this time, Ye Feng immediately judged that this big green bull was definitely a taboo-like top-level demon that lived in the depths of the wilderness. The overwhelming demonic energy was surging all over his body, making it feel very scary.

When people look at it from a distance, they feel depressed.

At this time, Ye Feng also understood that such a drastic change occurred in this depth, and it turned out that this big green bull of the top demon level was here to survive the thunder tribulation.

There were so many demons and evil beasts gathered around, probably all trying to covet the various precious remains left behind after the big green bull failed to cross the tribulation.

Chapter 4943 Purple Gold Tiger

At this moment, monsters with unfathomable auras are lurking in the surrounding jungles, waiting for the big green bull to die under the terrifying thunder and lightning disaster, and then seize the treasure left by the big green bull. Various broken body fragments.

Those things can be said to be a great tonic for these monsters. After they swallow them, they will definitely be able to greatly evolve their life levels.

Ye Feng was also hiding in a jungle at this time, carefully watching the big green bull fight against the thunder.

Ye Feng knew very well that this big green bull was definitely a very terrifying demon overlord-level creature. Otherwise, it would have been impossible to cause such a terrifying thunder catastrophe.

Ye Feng glanced at the monsters around him, and their eyes were full of greed.

Ye Feng knew very well that if this big green bull did not survive the thunder tribulation and died under the thunder tribulation of heaven and earth, the monsters lurking around would probably swarm up and carve him up. ??

But Ye Feng also knows that if this big green bull successfully survives the thunderstorm, the end may not be good.

Because no matter how powerful the monster is, even if it survives the thunder tribulation, it is at its weakest at the moment of passing through the thunder tribulation.

At this time, there must be a powerful demon secretly trying to kill the weak Daqingniu.

So Ye Feng knew that this big green bull had caused such a big noise this time through the thunder tribulation of heaven and earth.

And he didn't seem to invite helpers to help him protect the law.

Ye Feng knew that this big green bull, even though it was as terrifying as a demon god, would probably be very dangerous later.

However, Ye Feng has no ability to change anything. Ye Feng's current cultivation level is definitely not the strongest in the surrounding area.

So at this moment, Ye Feng did not act rashly, but stayed in the dark. If something really changed later, he might be able to get some benefits from the chaos.

At this moment, Ye Feng calmed down and continued watching.

Boom!

Boom!

At this time, an increasingly terrifying light of thunder and lightning appeared high in the sky, bombarding it crazily and hitting the big green bull.

"Roar!!"

This big green bull looked up to the sky and roared, its whole body emitting an extremely bright red-black light.

And in addition, the two horns of this big green bull that are several kilometers long, like giant horns made of steel, actually release a stream of lightning light with the same attribute, which can match the thunder and lightning in the entire sky. Tribulation echoes each other.

"Um?"

Seeing this scene, Ye Feng's eyes suddenly showed a look of surprise.

It seems that this big green cow is also a very extraordinary existence.

He is not only overcoming the catastrophe of heaven and earth, but also using the terrifying power of thunder in the tribulation of heaven and earth to temper his huge pair of horns.

Ye Feng immediately understood that this big green bull was an extremely crazy guy. He actually wanted to temper the two huge horns that were several kilometers long for himself during the catastrophe.

Ye Feng knew that these two horns were definitely the most terrifying weapons on the big green bull. They could withstand the bombardment of the thunder and lightning power of heaven and earth without any signs of being broken. Instead, they became stronger and stronger.

Ye Feng immediately understood that the reason why this big green bull caused such a big commotion through the thunder tribulation this time was to make the whole world's thunder tribulation even more terrifying and to help him refine his two Horns.

"What a crazy guy!"

Even Ye Feng couldn't help but sigh at this time.

This big green bull is usually a ruthless character.

Because a truly cruel character is not only cruel to others, but also

He is equally cruel.

At this moment, Ye Feng was watching in secret.

Finally, at the fourth watch, the sky suddenly became dark.

Because the dark clouds high in the sky dispersed and the thunder of thunder disappeared, the sky and the earth were no longer so bright.

The big green cow did not die in the heavenly tribulation, but successfully survived the thunderous tribulation.

Even the two steel-like horns on top of his head became huge again, from several thousand meters to almost ten thousand meters.

It can be seen that this big green bull has benefited greatly from this thunderstorm of heaven and earth, and has tempered its two horns as if they were made of divine iron.

At this time, Ye Feng glanced around and found that many weak demons had disappointment in their eyes.

Obviously, the big green bull was not killed by the thunder tribulation, which made many demons feel very sorry.

However, the second situation that Ye Feng guessed happened.

The moment when Da Qing Niu survived the thunder calamity of heaven and earth was when Da Qing Niu was at its weakest.

Buzz!

Suddenly, in the dark depths in the distance, a huge claw that seemed to be made of purple gold suddenly grabbed it.

This giant claw looks like a tiger's claw, but it is made of purple gold divine iron, and the color looks very magical.

The purple-gold tiger claws attacked crazily in the direction of the big green bull, full of terrifying killing power.

At this time, Da Qingniu suddenly showed a hint of golden light in his eyes, and he couldn't help but said: "Purple Gold Holy Tiger, I knew you wanted to sneak attack me at this time! What a sinister villain!"

Obviously, the Purple Gold Holy Tiger that Da Qing Niu mentioned was probably an existence of the same level as Da Qing Niu. He actually took action at the moment when Da Qing Niu was at his weakest after passing through the thunder tribulation, and wanted to kill Da Qing Niu. Kill.

Because in the heyday of Da Qing Niu, this Purple Gold Holy Tiger would definitely not dare to provoke top demons like Da Qing Niu.

So I took advantage of Daqingniu to attack Daqingniu when he was at his weakest after surviving the thunderstorm.

At this time, a very majestic voice came from the darkness: "Da Qing Niu, in this wild forest, these are the rules of survival, don't you know? The so-called insidiousness or not, it has no meaning. , the biggest significance is that we all need to become stronger and break the shackles and cages of heaven and earth."

Obviously, this majestic voice is that of the Purple Gold Holy Tiger.

"shut up!"

At this moment, the big green bull immediately shouted loudly, and the two horns on top of its head fiercely attacked the huge purple and gold tiger claw that it grabbed from the darkness.

Boom!

The entire field immediately erupted with a huge roar.

The next moment, the huge purple-gold tiger claws were blocked by the big green bull with its two huge horns, and they were stagnant in mid-air.

"Huh?"

In the darkness, the Purple Gold Holy Tiger made a confused sound, and couldn't help but said in admiration: "Da Qingniu, it turns out that you are not really simply overcoming the thunder tribulation of heaven and earth. It turns out that you are using the thunder tribulation of heaven and earth." The power of your two huge horns left behind by the ancient holy cow has been tempered. The power of your two horns is more than a little stronger than before. "

After saying that, the Purple Gold Holy Tiger did not retreat, but stretched out a huge Purple Gold Tiger Claw and attacked the rear of the Big Green Bull.

Obviously, Zijin Holy Tiger wanted to take advantage of Da Qing Niu's weakness this time to completely kill Da Qing Niu.

The Purple Gold Holy Tiger said coldly: "After I kill you, this stupid cow, and your two huge horns that are tempered and look like they are made of divine iron, I will sacrifice them and turn them into the strongest weapon in my hand. Just die in peace!"

Chapter 4944 No grass grows

At this time, it was obvious that the Purple Gold Holy Tiger was determined to kill this big green bull.

After he finished speaking, two purple-gold tiger claws attacked the big green bull, one at a time, as if they were going to kill the big green bull completely.

At this time, Daqingniu immediately displayed an extremely powerful demon inheritance.

Buzz!

I saw a bright blue divine light bursting out from the big green bull's body.

These cyan divine lights actually condensed into a set of armor-like protective light shields on the surface of the big green bull's body, which directly blocked the claws of the Purple Gold Holy Tiger.

"Huh? Qing Yuan Shield Technique?"

Seeing this scene at this time, Zijin Holy Tiger immediately said in shock: "I didn't expect that you survived a thunder tribulation and your strength increased so quickly? It seems that I will really finish you off today. Otherwise, when you have completely recovered from your weak state to your prime, I am afraid that no one will be your opponent in this wild southwest region." .??.

When he said this, the Purple Gold Holy Tiger completely revealed his true body from the darkness.

It was a tiger that looked like a mountain, with purple-gold scales all over its body. It felt like an ancient divine tiger, with a very terrifying sense of oppression.

At this moment, the two eyes of the Purple Gold Holy Tiger were surging with red light. He suddenly looked in a certain direction and said loudly: "I know you are watching in secret, but now, Dragon Blood Green Snake, don't look anymore. It's over, hurry up and help me to kill this big green bull, otherwise, there will be no place for you and me in the entire southwest region of the wilderness. "

"Are there any masters??"

At this time, hearing what the Purple Gold Holy Tiger said, many of the monsters and beasts watching present had deep astonishment in their eyes.

Rumble...

And at the next moment, accompanied by a huge earthquake, a large green snake with a length of more than 100,000 meters suddenly emerged from the depths of the forest.

This large snake, which is hundreds of thousands of meters long, gives people a very visual impact. It is covered with blue scales.

There are two pieces, and there are two huge horns like dragon horns growing on the top of the head.

Obviously, this is a snake monster that inherits the bloodline of the ancient blue dragon. It has very terrifying power and is also the dominant monster in the wilderness.

At this moment, the Purple Gold Holy Tiger and the Dragon-Blooded Green Snake actually wanted to join forces to completely kill the Big Green Bull.

At this time, Daqingniu's face finally became a little gloomy, and he couldn't help but said: "I didn't expect you two to have been lurking here for so long, just waiting for me to kill me when I was at my weakest. "

When he said this, Daqingniu suddenly looked at the Dragon Blood Green Snake and said loudly: "Are you really going to join forces with the Purple Gold Sacred Tiger to kill me? Have you forgotten that the two of us signed a contract back then? Agreement of non-aggression."

Hearing what the big green bull said, the dragon-blooded green snake was silent for a moment, and then suddenly said: "That was a thing in the past, and there is nothing we can do about it. After all, you are a top-level demon like us. , I know very well that in our realm, if we want to transform and evolve our life level and strength again, we must obtain the essence energy from the bodies of monsters of the same level, so that we can continue to transform and improve, so I can only choose to go with Zijin The Holy Tigers join forces."

At this moment, the voice made by the dragon-blooded green snake turned out to be a very mature female voice. It was obvious that this dragon-blooded green snake was a woman among demons.

At this time, the Purple Gold Holy Tiger laughed loudly and said: "Don't waste any more time, this big green bull is regaining its strength, hurry up and kill it!"

After saying that, the Purple Gold Holy Tiger immediately roared: "The tiger roars! The tiger god is coming!"

Boom!

At this moment, an extremely terrifying ancient demon power suddenly burst out from the Purple Gold Holy Tiger.

Buzz!

The next moment, a majestic figure covering hundreds of thousands of square kilometers suddenly appeared in the void behind the Purple Gold Holy Tiger.

It was an ancient tiger god, aloof and in charge of the life and death of thousands of demonic tigers in the entire world. He was a god among tigers.

At this moment, in order to kill the big green bull, the Purple Golden Holy Tiger obviously fully displayed its trump card.

That is to use the power of the ancient bloodline of the Purple-Gold Holy Tiger clan flowing in his body to communicate with the legendary Purple-Gold Holy Tiger clan's beliefs. The phantom of the Tiger God's will is used to attack the enemy, with the divine pressure and power of the ancient Tiger God. strength.

Seeing this scene at this time, the Dragon Blood Green Snake did not hesitate and instantly burst out with his strongest method.

The entire body of the dragon-blooded green snake began to transform, then transformed into a dragon and flew high into the sky.

Obviously, this is the dragon-blood green snake activating the blood of the ancient green dragon in her body. In a short period of time, she can transform into the green dragon form like her ancestors, possessing the powerful power of the ancient green dragon.

Boom!

At this moment, the powerful attacks of the Purple Gold Holy Tiger and the Dragon Blood Green Snake were all bombarded in front of the big green bull, with the power to destroy the world.

Even the many demons and various creatures in the wilderness who were watching around them retreated quickly for fear of harming Chi Yu.

Ye Feng also retreated slightly at this time, because Ye Feng also felt a feeling of destruction.

It has to be said that these three demons are definitely the most terrifying three top demon overlords in this wilderness area. They have the power to destroy the world and are many times more powerful than Ye Feng.

At this time, Ye Feng deeply understood. Sure enough, there are people outside the world, and there is a sky outside the world. Although he is already respected in the Northern Territory, even the top big shots in the Northern Territory can be killed by himself with a wave of his hand.

But when I came to the land of Zhongzhou, even if I just came to these wild areas near the edge of the land of Zhongzhou, there were still such terrifying demon overlords living there. It was really terrifying.

However, Ye Feng did not leave at this time, because he wanted to see what the outcome would be, and whether he could really get some great opportunities in the chaos.

good fortune.

Because Ye Feng knows very well that once something falls from the top of the demon overlord like him, even if it is just a fragment or a ball of damaged flesh and blood, it will definitely be extremely precious to Ye Feng. nice one.

At this moment, the attacks of the Purple Gold Holy Tiger and the Dragon-Blooded Green Snake came suddenly, and they were both the strongest forces of both sides. At this time, the Daqing Niu also felt a death crisis.

Daqingniu immediately opened his eyes wide and roared angrily: "You want me to die, so don't even think about it!"

boom! !

At this moment, Daqing Newton opened his mouth and spat out a round bead the size of a planet. Obviously, it was the inner elixir of the demon that Daqing Niu had cultivated for thousands of years.

The next moment, under the horrified gazes of countless demons, Da Qingniu actually detonated his demon inner elixir.

"boom!!!"

The entire field suddenly erupted with a terrifying wave of power.

The powerful demons slightly closer to the central battlefield were instantly turned into ashes in this terrifying explosion.

Even the dragon-blooded green snake and the purple-gold sacred tiger suddenly changed their expressions and shouted, "No, this old green bull is really trying his best!"

At this moment, the entire center of the explosion was enveloped by countless terrifying waves of destructive light, and no one knew what was going on.

The countless surrounding land and trees, as well as the watching demons and creatures in the wild forest, were all quickly destroyed, perished, and died by the horrific aftermath of the explosion.

"Run!"

At this moment, countless monsters did not dare to stay any longer, but fled madly towards the distance.

Even at this time, Ye Feng was instantly affected by the horrific aftermath of the explosion, feeling that his immortal body was about to be destroyed.

Ye Feng's expression changed drastically, and he quickly ran towards the distance, because the center of the explosion seemed to be destroying the world! It can be said that not a blade of grass can grow!

Chapter 4945 Tiger Bones

Ye Feng originally wanted to escape directly at this time. After all, the inner elixir released by the big green cow exploded, which completely destroyed the world.

Even those monsters more powerful than Ye Feng were lurking around, but their bodies were destroyed in an instant.

So at this time, Ye Feng naturally wanted to leave here to escape the destructive power of this terrifying explosion.

Because many demons had already fled quickly, and those that did not escape were leveled to the ground and directly destroyed.

But at this time, Ye Feng suddenly had an idea in his mind, that is, if he escaped, everything here would have nothing to do with him.

So at this moment, Ye Feng immediately showed a crazy look in his eyes, and directly took out the extremely powerful super magic weapon he had obtained before, the Holy Tower of Hundred Demons.

Although Ye Feng's current physical strength is still unable to withstand the destructive power produced by the explosion of the Great Green Ox inner elixir, Ye Feng believes that the Hundred Demons Holy Tower he obtained is an extremely ancient and powerful super magic weapon. The Demon Saint Tower can definitely resist the explosion of this terrifying top demon inner elixir.

So at this time, Ye Feng directly took out the Hundred Demons Holy Tower, and then directly entered a certain small world inside the Hundred Demons Holy Tower.

The Holy Tower of Hundred Demons was shrunk by Ye Feng into a small tower the size of a palm, lying on the ground, and no one would notice it at all.

At this time, Ye Feng stayed in the Hundred Demons Holy Tower and looked outside, with a look of horror in his eyes.

Because the aftermath of the destruction caused by the explosion of the Da Qing Niu inner elixir was simply terrifying to the extreme. It was like the end of the world was coming. The surrounding land and forests, as well as everything that could be seen, were all destroyed. Destroyed.

The whole land was completely devastated, and it felt like something terrible had happened here.

The war between gods and demons destroyed everything around them. Within a radius of hundreds of thousands of kilometers, there was literally no grass growing.

Seeing this terrifying apocalyptic scene, Ye Feng was very lucky. If he had not thought of hiding in the Hundred Demons Holy Tower at that time, he would probably have died in the aftermath of this terrifying explosion.

Fortunately, I was resourceful and took out the Holy Tower of Hundred Demons. In the Holy Tower of Hundred Demons, I could stay in the inner area of the explosion very safely, and I could also watch the situation outside in real time. Maybe I could still find something missing.

Because everything within a radius of hundreds of thousands of kilometers had been destroyed, the demons who were supposed to be lurking with him in an attempt to gain opportunities were all killed, injured, or driven out directly. this area.

This place is already deserted.

Uh-huh!

At this time, Ye Feng waited until all the aftermath of the explosion disappeared, and immediately flew out of the Hundred Demons Holy Tower.

At this time, Ye Feng lay on the ground and quickly crawled towards the central area, trying to sneakily see if he could find some good things left behind.

When Ye Feng came to the huge lake before, he found that the water in the entire lake had been evaporated long ago, and a dry river bed appeared.

What surprised Ye Feng at this time was that there was nothing around him.

Whether it was the previous top demon Da Qing Niu who was going through the thunder tribulation of heaven and earth, or the other two top demons that attacked Da Qing Niu later, the Dragon Blood Green Snake and the Purple Gold Holy Tiger, they all disappeared.

This made Ye Feng's eyes suddenly show surprise.

color.

Originally, Ye Feng secretly took a huge risk and used the Hundred Demons Holy Tower to stay here just to pick up leaks, but he didn't expect that everything disappeared. Could it be that they were all destroyed?

But you must know that the two top demons attacking Da Qing Niu are almost at the same level as Da Qing Niu. They would not have been completely destroyed by the direct explosion of Da Qing Niu's inner elixir, leaving nothing behind. Come on.

Even if there is only a ball of flesh and blood left, it is of great value to Ye Feng.

Ye Feng was a little unwilling to wander around quickly at this time, and released his soul power to explore the surroundings.

Ye Feng's decision was still very correct. He relied on the Holy Tower of Hundred Demons to stay in the central area of the explosion. For a while, there would be no other powerful demons to compete with Ye Feng.

So at this time, Ye Feng could explore alone with full concentration and peace of mind.

Finally, Ye Feng sensed an inexplicable energy fluctuation, his eyes suddenly lit up, and he flew quickly in a certain direction.

The next moment, Ye Feng was slightly shocked by the scene in front of him.

I saw a huge skeleton appearing behind a broken mountain.

This huge skeleton is in the shape of a tiger and is tens of thousands of meters tall. However, all the flesh and blood on the skeleton has disappeared, leaving only a dry skeleton here.

"this....."

Ye Feng immediately understood that this skeleton was probably the Purple Gold Holy Tiger!

Unexpectedly, the explosive power of Daqingniu's inner elixir was so terrifying, destroying all the flesh and blood of the Zijin Holy Tiger who bore the brunt, leaving only such a skeleton, which completely killed him.

At this time, Ye Feng felt a little pity, because not a single piece of flesh and blood was left on the tiger bones.

However, the entire tiger bone skeleton of this purple golden holy tiger is definitely very precious and priceless. After all, it is the skeleton of a top demon. Therefore, if this skeleton is used to refine some powerful magic weapons in the future, it will definitely be able to refine the most powerful magic weapon. Top notch treasure.

At this time, Ye Feng naturally accepted it and directly put the priceless purple-gold sacred tiger skeleton into his storage ring.

At this moment, Ye Feng was preparing to leave.

But suddenly a very surprising voice sounded:

"I didn't expect that in the center of this explosion, such a weak human boy like you could survive. How did you do all this? Because it is completely impossible."

The words that suddenly came to mind at this moment made Ye Feng feel a creepy feeling immediately.

Ye Feng immediately turned around, and immediately saw a huge green snake that stretched hundreds of thousands of meters long, standing behind him, but its whole body was broken, and even in some places, the entire snake could be seen. of spine.

This huge green snake was none other than the dragon-blooded green snake that had previously teamed up with the Purple Gold Holy Tiger to kill the big green bull. It was a top-level demon-like existence and was definitely a ruthless opponent.

So at this moment, Ye Feng immediately felt the overwhelming murderous intent covering his body, almost crushing his entire body to pieces!

"Oh no, this big green snake is not dead!"

Ye Feng's face immediately became very ugly. Although the opponent suffered heavy injuries, he was not completely dead. Even if a top-level demon was seriously injured, its power was terrifying!

Chapter 4946 The Secret of the Demon God

At this time, Ye Feng stared at the dragon-blooded green snake in front of him, staring at the huge snake body that was hundreds of thousands of meters long, and couldn't help but said: "Senior, you want to kill me." Kill?"

Hearing what Ye Feng said, the dragon-blooded green snake showed a cold look in its eyes, but the next moment the dragon-blooded green snake seemed to sense something, and couldn't help but say: "Since you can survive, it means that you are absolutely He is not an ordinary person. He must have great opportunities, great fortune and very powerful treasures. Now I want you to help me kill the big green bull just now. As long as you can help me kill the big green bull, then I will Let you go and let you go safely."

Hearing what the Dragon-Blooded Green Snake said, Ye Feng couldn't help laughing immediately and said loudly: "Senior seems to think too highly of junior. That big green bull is a top-level demon even more powerful than senior. , and I'm just a little human boy, how can I kill that big green bull?"

Dragon Blood Green Snake immediately spoke out: "That big green bull just exploded his inner elixir, and was seriously injured by the destructive power generated by the explosion of his inner elixir. Now his injuries are worse than I'm still serious. If you use the powerful treasure that can resist the explosion damage just now to assist me, you will definitely be able to kill the big green bull."

Hearing what the dragon-blooded green snake said, Ye Feng's eyes suddenly flickered, and then he said, "Okay, I can give it a try with senior."

Hearing Ye Feng's straightforward agreement, Dragon Blood Green Snake seemed to have a hint of surprise in his eyes.

But the next moment, the dragon-blooded green snake said coldly: "Next, you should follow me. Don't even think about running away, otherwise, I will kill you in an instant."

After saying that, the Dragon Blood Green Snake flew quickly towards a certain direction in the deserted land not far away, and Ye Feng also followed.

At this time, Ye Feng was thinking about whether to escape from here.

In fact, if Ye Feng wants to escape, there is absolutely no way

Ignore the threat of the Dragon Blood Green Snake, because Ye Feng can instantly use the space wormhole to escape from here.

But at this time, Ye Feng felt that this might be a huge opportunity for him.

After all, although the tiger bones of the Purple Gold Holy Tiger have been obtained by himself, it is just a skeleton after all. It has no great effect. At most, it can allow Ye Feng to refine some powerful magic weapons in the future.

But if he could assist in killing the seriously injured big green bull, he could always get a piece of the pie.

At this time, Ye Feng secretly calculated in his heart and followed behind the Dragon Blood Green Snake.

But Ye Feng also knew that this dragon-blooded green snake was also a ruthless character, so maybe after he killed the big green bull, the other party would also kill him to silence him.

But Ye Feng still wanted to give it a try.

At this moment, Ye Feng had already thought of many possible situations and silently planned his response.

So this time Ye Feng followed the Dragon Blood Green Snake, not because he was threatened, but mainly because Ye Feng was confident that he could escape instantly, so Ye Feng naturally wanted to see if he could get a piece of the pie.

Soon, Ye Feng followed the Dragon Blood Green Snake to a place with numerous mountains deep in the wild forest.

This should be a very deep area in the wilderness, and the places destroyed after the explosion of the inner alchemy no longer include this area.

Looking at the rolling mountains not far away, the Dragon Blood Green Snake couldn't help but say: "That big green bull should have been lurking in this mountain range after it escaped just now."

After the dragon-blooded green snake finished speaking, he immediately exuded his incomparable terror.

The spiritual thoughts of the top demons were heading towards the entire mountain range ahead.

At this time, the Dragon Blood Green Snake immediately sensed something and rushed directly towards a certain mountain range.

"Wow!"

At this moment, the dragon-blooded green snake opened its mouth and spat out a green venom, which was sprinkled on a towering mountain range not far away. ??

Wow!

Almost immediately, something horrifying happened.

I saw that the huge mountain range was completely corroded by the fierce venom of the Dragon Blood Green Snake.

When the entire mountain eroded, Ye Feng immediately saw that in the inner space of the mountain, a huge green cow was lying there, seemingly recovering from his injuries.

"Damn it! You weren't killed by the explosion!"

At this moment, seeing the dragon-blooded green snake, the big green cow suddenly woke up from its recovery state.

The dragon-blooded green snake came to the door, and the big green bull immediately showed a look of deep shock and anger in his eyes. He rushed out from the depths of the mountain range and wanted to escape from here.

But at this moment, the Dragon Blood Green Snake immediately waved its huge snake body hundreds of thousands of meters long and bombarded directly forward.

A snake tail immediately hit the big green bull like a mountain, hitting the opponent until it choked.

At this time, the Dragon Blood Green Snake looked at Ye Feng who was not far away, and said loudly: "Use the powerful treasure you just used to resist the explosion of the inner elixir to prevent this big green bull from escaping. Otherwise, we will chase him." Not on it."

Ye Feng didn't hesitate at this time and immediately released the Hundred Demons Holy Tower.

Almost the moment Ye Feng released this treasure, whether it was a big green ox or a dragon-blooded green snake, all of a sudden

My eyes widened.

Daqingniu immediately couldn't help but said: "What? This is actually the most supreme treasure of the demon god of our demon clan, the Holy Tower of Hundred Demons. How could it be in the hands of such a little human kid?"

At this moment, when Ye Feng heard these two top demons say such words, his heart immediately "thumped".

Ye Feng never thought that the Holy Tower of Hundred Demons that he accidentally obtained would surprise such a terrifying top demon.

At this moment, Ye Feng suddenly secretly said "Not good" in his heart.

Sure enough, the next moment the two top demons burst into laughter.

Especially Daqingniu, he couldn't help but said: "Dragon-Blooded Green Snake, what are we arguing about here? Let's just join forces to kill this kid and snatch the Hundred Demons Holy Tower from him. Among the Hundred Demons Holy Tower The chance creation and the secret of becoming an ancient demon god contained in the Holy Tower of Hundred Demons are many times better than the two of us killing each other and devouring each other to evolve. "

Hearing what Da Qingniu said at this moment, Ye Feng's expression changed drastically, and he ran away from here without any hesitation.

At this time, Dragon Blood Green Snake also smiled slightly and said: "Da Qingniu, you are right, as long as we kill this human boy and get the secret of becoming a demon god in the Hundred Demons Holy Tower, we still have Why do we need to kill each other?"

Buzz!

After saying that, the dragon-blooded green snake opened its mouth and spit out a piece of green light, which suddenly solidified all the surrounding space.

Even Ye Feng was suddenly imprisoned in place, and the space wormhole could not be released.

"What?"

After sensing this, Ye Feng's expression suddenly changed. The methods of these top demons were much more terrifying than he imagined.

Chapter 4947 Unable to refuse

At this moment, seeing the dragon-blooded green snake confining Ye Feng, the big green cow laughed loudly, relaxed completely, and stopped running away. He came directly to the dragon-blooded green snake and stared at it. Looking at Ye Feng, who was imprisoned not far away, his eyes were full of greed, and he said loudly: "This Hundred Demons Holy Tower contains the secret of becoming a demon god. I didn't expect that we could get it without any effort. Really It's God who cares for us."

Uh-huh!

After saying that, the big green bull flew directly towards the imprisoned Ye Feng, as if he wanted to kill Ye Feng in an instant.

Ye Feng's heart sank to the bottom at this time. This time he really underestimated the terrifying strength and methods of these top demons.

But just when Ye Feng felt that he was certain to die, the dragon-blooded green snake suddenly opened its mouth. Two venomous snake fangs that were several kilometers long, and instantly bit Ye Feng, who was moving toward Ye Feng. The wind walked over the body of the big green cow. .???.??

Daqingniu had completely relaxed his vigilance at this time, and did not expect that the dragon-blooded green snake behind him would actually take action against him.

Therefore, the big green bull did not put up any resistance at all, and was directly bitten by the dragon-blooded green snake, and his body was instantly poisoned and died!

Before he died, his eyes widened, as if he couldn't believe it. He had agreed to get the Holy Tower of Hundred Demons together and understand the secret of becoming a demon god, but he didn't expect that the dragon-blooded green snake would kill him in a sneak attack.

Seeing this scene at this moment, Ye Feng couldn't help but show deep horror in his eyes.

This dragon-blooded green snake is really a ruthless character!

Ye Feng couldn't help but said: "Senior Dragon Blood Green Snake, are you planning to take over the Holy Tower of Hundred Demons for yourself? You are really ruthless. Just now you said you would cooperate with this big green cow, now you are going to kill him directly Killed."

When the Dragon Blood Green Snake heard what Ye Feng said, his eyes were very indifferent, but the next moment something unexpected by Ye Feng happened.

The dragon-blooded green snake suddenly withdrew the green divine light around it, and the confined space around it instantly dissipated, and Ye Feng resumed his actions.

At this moment, Ye Feng's eyes suddenly showed surprise, as if he didn't expect the Dragon Blood Green Snake to let go of him.

The dragon-blooded green snake spoke slowly: "I have no grievances with you, and there is no need to kill you. It was just my delaying strategy just now, just to make this big green bull relax its vigilance, because I and this A big green bull is a real mortal enemy. Back then, he killed hundreds of my disciples for his own selfish desires. This revenge is finally avenged. "

When he said this, the Dragon Blood Green Snake stared at the Hundred Demons Holy Tower above Ye Feng's head and said loudly: "I am not as shameless as you think. This Hundred Demons Holy Tower, I will not forcefully take away the powerful people." But I can use your irresistible conditions in exchange for one month of use of the Hundred Demons Holy Tower. One month is enough for me to understand the secrets in it. When I succeed in understanding, I will use the Hundred Demons Holy Tower for one month. The Demon Saint Tower will be returned to you."

Hearing what the Dragon Blood Green Snake said, Ye Feng's eyes suddenly showed a look of surprise, and then he couldn't help but said: "What is the condition that senior said that I can't refuse?"

There seemed to be an inexplicable look in the Dragon Blood Green Snake's indifferent eyes, and then he said aloud: "I inherit the bloodline of the ancient green dragon, and I am the queen of the Green Snake clan. If you are willing to let me have the Hundred Demons Holy Tower, I can practice enlightenment for a month. Within this month, I can practice with you for free and let you absorb my Dragon Blood Green Snake top demon essence, which can transform your cultivation and life level. I am sincere enough. Bar?"

\u003c

br\u003e "Practice with seniors for free?"

Hearing what the dragon-blooded green snake said, Ye Feng suddenly showed a hint of astonishment in his eyes, as if he didn't expect that the other party would pay such a high price.

After all, you must know that this dragon-blooded green snake is a top-notch demon, a high-ranking queen-level existence. Unexpectedly, he would spend a month to practice with himself for free in order to use the Hundred Demons Holy Tower. He also allowed himself to absorb the dragon energy power of her top demon.

At this time, Ye Feng naturally said without any hesitation: "Okay, then it's settled."

Indeed, what the Dragon-Blooded Green Snake said was correct, that is, the conditions proposed by the Dragon-Blooded Green Snake were indeed irresistible, so Ye Feng naturally agreed.

After all, having the opportunity to practice with a queen-level figure among such top demons is a great thing that can only be met but cannot be asked for.

Although it was only a month, it was enough for Ye Feng to benefit a lot.

When Ye Feng agreed, the dragon-blooded green snake smiled slightly. Suddenly, in a burst of light, the hundreds of thousands of meters long dragon-blooded green snake transformed into a cold and beautiful woman wearing a blue robe.

At this time, the dragon-blooded green snake walked up to Ye Feng, and its cold and beautiful temperament made people feel a little moved.

The dragon-blooded green snake spoke slowly: "Then you should follow me and return to the place where I live."

Uh-huh!

After saying that, the beautiful and noble figure of the Dragon Blood Green Snake moved slightly and flew directly to the sky, flying quickly in a certain direction.

At this time, Ye Feng instantly put the big green cow that had died of poison and fell on the ground into his storage ring.

Obviously, this big green bull that died of poisonous hair was also a gift given to him by the Dragon Blood Green Snake. Otherwise, the Dragon Blood Green Snake must have put away the big green bull himself.

But it's normal to think about it. If the Dragon Blood Green Snake can really understand the secret of becoming a demon god from the Hundred Demons Holy Tower, then the corpse of a big green cow doesn't seem to have much value. Give it to Ye Feng As a meeting gift, it seems that the Dragon Blood Green Snake is sincere enough.

At this moment, there was deep joy in Ye Feng's eyes. Unexpectedly, the development of things was once unbalanced, but the result turned out to be a sudden turn of events, which turned into a scene that he did not expect.

After all, Ye Feng felt just now that he had been targeted by two top demons and would die without a burial place.

Unexpectedly, the situation changed so dramatically in an instant.

It seems that this dragon-blooded green snake can be regarded as an upright demon, which is different from what I imagined. Otherwise, the other party can rely on its powerful power to control or obliterate itself and obtain the Holy Tower of Hundred Demons.

But the other party didn't do this.

This made Ye Feng's favorability towards Dragon Blood Green Snake improve a lot. This is a top-level demon with principles.

At this moment, Ye Feng did not hesitate. While flying behind the beautiful and cold woman transformed by the dragon-blood green snake, he began to secretly devour the blood of the big green bull top demon in the storage ring. energy.

Buzz!

At this moment, Ye Feng could immediately feel that his whole body's strength was growing at an incredible speed. At this moment, Ye Feng could immediately feel that his whole body's strength was growing at an incredible speed.

Chapter 4948 Snake Den in the Mountains

"Boom!"

At this time, along with Ye Feng's devouring, the blood energy and demon essence in the body of Da Qingniu, the top demon, were quickly injected into Ye Feng's dantian.

However, the inner elixir of the big green bull finally exploded in the previous fight, so the energy contained in the body of the big green bull was not as much as Ye Feng imagined.

But it has a lot more energy than swallowing ordinary powerful creatures.

After all, this big green bull is the top demon in the depths of the wilderness.

So at this time, Ye Feng received a very huge demonic energy, which immediately caused a huge increase in his cultivation aura.

"boom!"

The third level of the realm of gods!

"boom!"

The fourth level of the realm of gods!

"boom!"

The fifth level of the realm of gods!

"boom!"

The sixth level of the realm of gods!

"boom!"

The seventh heaven of the realm of gods! !

At this time, the growth of Ye Feng's cultivation aura finally stopped completely.

"Breaking through the fifth heaven!"

Ye Feng's eyes were still filled with joy at this moment.

After all, Ye Feng just wanted to get a piece of the chaos in the beginning, and he would be very satisfied if he could get a piece of flesh and blood from a top demon like Daqingniu.

In the end, Ye Feng directly obtained all the body and energy of the entire Da Qing Niu.

It can be said that there was a huge harvest!

"Huh? Why did your cultivation realm suddenly break through so quickly?"

At this moment, the beautiful and noble woman in the form of a dragon-blooded green snake who was leading the way had a trace of surprise in her eyes, and couldn't help but say: "How did you achieve such a sudden breakthrough?" The entire fifth heaven."

The dragon-blooded green snake was obviously very surprised, so she couldn't help but ask.

Ye Feng grinned at this time and said: "Senior, I don't know why he suddenly broke through the fifth heaven. Maybe he was following senior and very close to him, so he could sense from behind him. The top-level secrets and power, that's why I suddenly made so many breakthroughs."

"Forehead?"

Hearing Ye Feng's nonsensical words, even the top demon like Dragon Blood Green Snake would be speechless for a moment.

She knew very well that Ye Feng was just covering up.

However, at this time, the Dragon Blood Green Snake did not ask further, because she and Ye Feng were not very familiar with each other, so if she asked too many questions at this time, it might arouse Ye Feng's resentment.

After all, the Dragon Blood Green Snake originally felt that Ye Feng was just an ordinary human boy. After assisting her in killing the big green bull, she would let Ye Feng leave directly.

But Ye Feng actually controls the Hundred Demons Holy Tower, and judging from Ye Feng's training, Ye Feng is definitely an unusual person.

Dragon Blood Green Snake thought about it for a moment, and then couldn't help but ask: "Are you a super sect from the land of Zhongzhou?"

Ye Feng shook his head and said aloud: "I came from the Northern Territory, and the reason why I passed through this wilderness area is to go to the land of Zhongzhou, worship among those super sects, and get stronger inheritance and more abundant cultivation resources.

."

Hearing what Ye Feng said, Dragon Blood Green Snake showed a hint of surprise in his eyes.

There seemed to be an inexplicable look in her pair of beautiful and noble eyes, and then she said aloud: "You have been able to practice to the current level from a small place like the Northern Territory, and you have mastered such magical means, even The Holy Tower of Hundred Demons has taken the initiative to recognize you as its master. You must be extraordinary. I don't believe that you are just from a small place like the Northern Territory."

Ye Feng couldn't help but spread his hands and said: "It's really like this. There is no need for the juniors to deceive the seniors in this regard, and I am not originally from the Northern Territory, but a smaller place under the Northern Territory. "

"Um?"

Hearing what Ye Feng said, Dragon Blood Green Snake's eyes flickered, and then he didn't ask any more questions. He just nodded and said loudly: "In any case, everything you have shown now is enough to qualify you." I value you very much, so if you are interested, within a month, you can consider whether to join the place where I live. There is also a force I created about our snakes, called the Snake Clan. Alliance, and I am the leader of the entire Snake Alliance, known as the Queen. As long as you join our Snake Alliance, I will train you as the person I value most."

Hearing what the Dragon Blood Green Snake said, Ye Feng's eyes flickered slightly, and then he said with a smile: "This... we'll see about it then."

In fact, Ye Feng knew very well that if he could join the force created by the Dragon-Blooded Green Snake and have such a top-notch demon supporting him behind his back, then he could be said to be the most powerful person in this vast wilderness.

But Ye Feng also knew very well that although this dragon-blooded green snake was a top-level demon and the power it created must be very huge, it was ultimately not as good as those super sects that stood at the top of the pyramid in Zhongzhou.

There are countless super strong people in the super sect, and they have hundreds of thousands of years of accumulation. The foundation must be extremely deep, so Ye Feng still wants to enter a place with a higher upper limit, that is, to join those super sects in Zhongzhou.

Seeing that Ye Feng fell silent after saying this, Dragon Blood Green Snake didn't ask any more questions. After all, she couldn't change Ye Feng's choice.

...

Time passes quickly, like running water without leaving a trace.

In the blink of an eye, half an hour passed.

Dragon Blood Green Snake took Ye Feng and finally arrived in front of a mountain range deep in the wilderness.

This mountain range is surrounded by more than a dozen mountains, forming a land of mountains and mountains deep in the wilderness.

At this moment, Ye Feng saw that there were many strong snakes living in this mountain range.

Moreover, there are all kinds of different snakes swimming on the ground, such as bungaras, cobras, ironheads, vipers, and dragons that are about to turn into dragons, etc.

Obviously, this place is like a snake nest. Almost all snake-like monsters in the wilderness gather here.

Ye Feng admired this dragon-blooded green snake for being able to gather all the snakes in the wilderness together.

However, this dragon-blooded green snake inherits the bloodline of the ancient top blue dragon, so the dragon-blooded green snake's strength and future training limit are very high. It is not surprising that she can do this.

After all, among a certain type of monsters in the wilderness, the higher the bloodline, the higher the status. The dragon-blood green snake has the bloodline of the ancient green dragon, and it is very likely that it can transform into a real green dragon in the future. Therefore, many snakes, for This queen with noble blood is naturally willing to surrender.

Chapter 4949 A complete breakthrough

At this moment, Ye Feng followed the Dragon Blood Green Snake and landed directly on this mountain.

At the top of this mountain, there is a piece of flat land, as if the top of the entire mountain has been flattened, leaving a large open space.

On this open space on the top of the mountain, a huge palace was built.

The entire palace is entirely made of a very special kind of amethyst. Under the sunlight, it exudes a very noble crystal light, giving people a magnificent feeling.

At this time, Ye Feng and Dragon Blood Green Snake walked directly into this hall.

Dragon Blood Green Snake looked at Ye Feng in front of him, smiled and said, "I can use the Hundred Demons Holy Tower for a month."

Ye Feng nodded. This was the cooperation between the two people before, so Ye Feng was not stingy. He directly took out the Holy Tower of Hundred Demons from his storage ring, and then handed it to the Dragon Blood Green in front of him. snake.

At this time, even if the Dragon Blood Green Snake is the top demon, its strength is terrifying, and it has survived for countless years, but at this time, when she saw the Holy Tower of Hundred Demons, she still couldn't suppress the excitement and excitement in her heart. It was so beautiful. There was a hint of surprise on Noble's face, and he quickly took the Holy Tower of Hundred Demons into his slender white palms.

At this time, the Dragon-Blooded Green Snake couldn't help but sigh and said: "I hope that within a month, I can understand the secret of the demon god from the Hundred Demons Holy Tower. In that case, how many demons of the same kind can be devoured than me? All have huge benefits."

Hearing what the Dragon Blood Green Snake said, Ye Feng grinned and said: "Anyway, I am going to the land of Zhongzhou and entering the super sect to practice, so I am not in a hurry, so if the seniors can't comprehend it within a month, It's not a big deal for seniors to continue to comprehend for a month."

Hearing what Ye Feng said, Dragon Blood Green Snake's beautiful eyes showed a hint of surprise, as if she didn't expect Ye Feng to be so big.

square.

This made the Dragon Blood Green Snake's favorability towards Ye Feng improve a lot.

At this moment, the Dragon Blood Green Snake said very solemnly: "No matter what, my promise to you will definitely come true. Now during the time when I am enlightening the Holy Tower of Hundred Demons, you are sitting next to me. Follow me to practice, and I will actively transfer some of my top demon energy for you to absorb. In this case, it will have huge benefits for the improvement of your entire body, including the growth of your cultivation skills. "

Hearing what the Dragon Blood Green Snake said, Ye Feng was naturally impatient and said quickly: "Okay, then I will start practicing with the seniors."

For the entire next month, Ye Feng and Dragon Blood Green Snake practiced silently in this hall.

Ye Feng has indeed gained a lot of benefits from the Dragon Blood Green Snake, absorbing a lot of the energy of top demons, which has made Ye Feng's cultivation skills greatly improved in this month.

From the seventh heaven of the divine realm that he had just broken through before, he broke through again continuously and reached the tenth heaven of the divine realm.

Ye Feng was naturally very happy.

After all, in just one month, I have made so many breakthroughs. This efficiency is really too high.

However, this kind of opportunity is rare, so Ye Feng must seize it.

Seeing Ye Feng's breakthrough in cultivation so quickly, the Dragon Blood Green Snake seemed to have figured something out. Her beautiful eyes were fixed on Ye Feng beside her, and she couldn't help but said: "The one who was heading to the place where I live before On the way, your cultivation level suddenly broke through the fifth level. You must have secretly swallowed up all the energy in the corpse of the big green cow.

That's why your cultivation level has broken through so quickly. "

Hearing what the Dragon Blood Green Snake said, Ye Feng smiled awkwardly, and then said aloud: "Yes, senior guessed it right, but this ability is quite special, so I didn't tell senior directly at that time and lied. , please forgive me, senior."

Hearing what Ye Feng said, the Dragon Blood Green Snake nodded slightly and said, "It's nothing. I'm not such a narrow-minded person. Everyone has their own secrets. It's normal not to tell them."

When he said this, the Dragon Blood Green Snake took a good look at Ye Feng and couldn't help but said: "You are the most amazing human youth I have ever seen. Not only do you have a treasure in your possession, but your cultivation methods are also so magical. , or even called it a demon. You must know that even our demon clan cannot be like you, wantonly devouring the power of other living beings to improve your own skills. However, this ability is quite special and quite powerful. Yes, no wonder you were able to grow from a small place to where you are now. It turns out you have such weird and domineering abilities."

Hearing what the Dragon Blood Green Snake said, Ye Feng just grinned and said nothing more.

At this moment, a third eye suddenly appeared on the white forehead of the Dragon Blood Green Snake.

This third eye, if you look carefully, is not actually an eye, but an ancient symbol of the demon clan.

Seeing this scene, Ye Feng's eyes moved and he quickly asked: "Senior, did you learn anything from the Hundred Demons Holy Tower?"

The dragon-blooded green snake nodded, with a hint of excitement on his beautiful and noble face, and said aloud: "I have figured out the secret of the demon god in the Hundred Demons Holy Tower, and it is all in the center of my eyebrows. Among the ancient demon symbols revealed, this demon symbol represents the potential to become a demon god. I estimate that I will have to be in seclusion for thousands of years.

It's a good idea to understand this demonic symbol. "

Ye Feng immediately widened his eyes slightly and said loudly: "Thousands of years of seclusion? This is too long."

The dragon-blooded green snake didn't take it seriously, but showed deep confidence on his face, and said loudly: "Thousands of years, even for our demon clan, are extremely long, but once I get out of seclusion, I can Directly achieve the body of a demon god."

Hearing the confident words of the Dragon Blood Green Snake, Ye Feng took a slight breath.

This dragon-blooded green snake is worthy of inheriting the bloodline of the ancient blue dragon. His comprehension is indeed extraordinary. Not only is he extremely powerful now, he has become a top-level demon, and his future is boundless.

At this time, Ye Feng immediately smiled and said: "Then junior will congratulate senior in advance."

The Dragon-Blooded Green Snake nodded, sent the Holy Tower of Hundred Demons to Ye Feng, and said aloud: "This is the biggest opportunity I have ever encountered in my life. After all, if I just rely on myself, I want to become a legend. It is probably impossible to become a demon god in this life, but Ye Feng has brought this possibility to me, so I must thank you very much. "

When he said this, the Dragon Blood Green Snake suddenly walked up to Ye Feng, leaned very close, and said loudly: "Ye Feng, in order to thank you for giving me the possibility of becoming a demon god, I will give you A great blessing."

After saying that, the Dragon Blood Green Snake suddenly spit out a small green bead.

This cyan bead is the inner elixir of this top demon! Contains infinite demonic energy!

The dragon-blooded green snake spoke out: "Ye Feng, you absorb the energy in my inner elixir. This is my most original power. I will use my most precious inner elixir to help you transform the current tenth level of the divine realm." Let's overcome this big bottleneck and completely break through it!"

Chapter 4950 Entering retreat

At this time, when Ye Feng heard what the Dragon Blood Green Snake said, a look of astonishment suddenly appeared in Ye Feng's eyes. It seemed that he didn't expect that the other party was so generous, and actually spit out all her inner elixirs. He wanted to let himself directly Absorb her most original demonic energy.

You know, the energy contained in the inner elixir of a top demon is very terrifying.

Even though the inner elixir spit out by the Dragon Blood Green Snake is only the size of a palm, the demonic energy contained in it is absolutely endless, just like the vast ocean.

So at this time, Ye Feng was naturally overjoyed.

It seems that I really did the right thing this time by helping this dragon-blooded green snake. This is simply a great opportunity for me.

So at this moment, since the other party was so generous, Ye Feng naturally didn't show any pretense, he just nodded fiercely, and then immediately began to release the devouring domain, devouring the majestic energy in the inner elixir of the dragon-blooded green snake demon. energy.

You must know that Dragon Blood Green Snake is a top-level demon, and the energy contained in the inner elixir is very advanced, very powerful, and of very high quality.

Therefore, even if Ye Feng just released the Devouring Domain and devoured it for a while, he immediately felt infinite energy injected into his body, making the power in his Dantian suddenly stronger than ever before.

The huge bottleneck of the perfection of the tenth level of the God Realm was instantly broken in front of the terrifying inner elixir source power of this top-level demon, directly breaking through to the half-step Lord Realm above the God Realm!

And it goes far beyond that.

Because Ye Feng just swallowed it for a while.

So at this moment, Ye Feng continued to devour.

Boom!

Finally, at a certain moment, Ye Feng broke through the bottleneck again and entered the first level of the real Lord Realm!

At this time, after Ye Feng's cultivation reached the first level of the Lord Realm, he immediately felt his own power.

and combat effectiveness have increased unprecedentedly.

At this moment, Ye Feng's face immediately showed a look of deep ecstasy.

This time I really gained a lot!

At this moment, the Dragon Blood Green Snake saw that Ye Feng had broken through to the first level of the true Lord Realm, and took back his inner elixir.

At this time, Ye Feng saw that the Dragon-Blooded Green Snake did not have any pale color on his face at this moment, which was enough to show that he had absorbed so much energy, allowing himself to directly break through a great realm, and it probably did not cost the Dragon-Blooded Green Snake either. How much original power.

It can be seen that this dragon-blooded green snake is worthy of being at the level of a top-level demon. Its power is too powerful, so it has not been affected by the absorption of so much energy.

Ye Feng secretly marveled in his heart. This dragon-blooded green snake is already so powerful. If he becomes a demon god through enlightenment in the future, Ye Feng cannot even imagine how powerful it will be.

I'm afraid that after this dragon-blooded green snake has been in seclusion for thousands of years and became a demon god, and entered the land of Zhongzhou, it is estimated that the super sects in the land of Zhongzhou will also treat the dragon-blooded green snake as a guest.

At this moment, Ye Feng felt that he was suddenly hugging a super big thigh, that was the Dragon Blood Green Snake.

After all, he and the other party have gone through such a period, and the relationship between the two of them will definitely be very good when they meet again in the future.

At this time, Ye Feng immediately clasped his fists and said loudly: "This time, I really want to thank the senior for his help. The junior's cultivation level can break through so quickly. This junior will go to the land of Zhongzhou. With such a With an extremely powerful cultivation realm, you will naturally have a lot more confidence."

Hearing what Ye Feng said, Dragon Blood Green Snake smiled slightly, and then said aloud: "This time you also helped.

I have a lot, otherwise, I wouldn't be so generous. "

In fact, what Dragon Blood Green Snake said was true. If it weren't for Ye Feng this time, she wouldn't be able to kill Da Qing Niu, her mortal enemy.

And the biggest help is that the Hundred Demons Holy Tower obtained by Ye Feng allowed the dragon-blooded green snake to understand the secrets of the demon gods. The future has a bright future and no longer has to struggle.

That's why the Dragon Blood Green Snake was so generous to Ye Feng.

At this time, the Dragon Blood Green Snake looked at Ye Feng, with a very solemn look in its beautiful and noble eyes, and said loudly: "You continue to comprehend the Holy Tower of Hundred Demons, even though you are a human race, But if you can understand the secrets of the Demon God from the Hundred Demons Holy Tower, it will also be of great help to your practice."

When Ye Feng heard what the Dragon Blood Green Snake said, he suddenly asked: "Since the seniors have figured out the secrets of the demon god, why not teach them to the juniors directly? In this case, the juniors can directly obtain the secrets of the demon gods. If you don't, you don't have to work so hard to understand the secrets of the demon gods from the Hundred Demons Holy Tower."

Hearing Ye Feng's words, the Dragon Blood Green Snake seemed to be stunned, and then couldn't help but smile and said: "This won't work, because the mystery contained in the secret of the demon god is too huge. It's too complicated. Even I have just comprehended the initial demon symbol and it is imprinted in my mind. Therefore, I have not fully understood the secret of the demon god. I have only grasped the beginning of the demon god's secret. So I just said that I will have to stay in seclusion for thousands of years before I can fully understand the secrets of the demon gods. I can't directly teach you the secrets of the demon gods now, because I haven't fully understood it myself. It will take thousands of years. "Retreat to enlightenment."

Ye Feng was stunned when he heard what the dragon-blooded green snake said. He didn't expect it to be so complicated. No wonder the dragon-blooded green snake said she would stay in seclusion for thousands of years.

At this moment, Ye Feng could only nod his head, and then said aloud: "Okay, I will remember what senior said. I will definitely understand and use the Hundred Demons Holy Tower well in the future."

Dragon Blood Green Snake nodded, and then said aloud: "By the way, I told you before, in this month, you can think carefully about whether to join the force I created. If you are willing to join me, if so, I can train you as the person I am closest to and most valued."

Ye Feng shook his head and couldn't help but smile and said: "The junior understands the kindness of the senior, but the senior will soon be in seclusion for thousands of years, and he probably doesn't have much time to train and manage me. Me, I can't get much here, so I think it's more suitable for me to go to the land of Zhongzhou and worship among the super sects of the human race, because there are the super inheritance of the human race and various heritage and traditions from the ancient times. Cultivation resources, and I am afraid that I will disturb the seniors' retreat practice."

Hearing what Ye Feng said, the Dragon Blood Green Snake immediately nodded and said: "What you said makes sense. At first, I didn't expect that I could really understand the secret of the demon god. Now that I have figured it out, it still takes thousands of years of seclusion, so if you stay here with me, there is really no room for improvement. It is indeed the wisest choice for you to go to the land of Zhongzhou and worship those super sects with profound foundations. Well, I will no

longer advise you. Well, when we meet again in the future, when I achieve the level of demon god, I will give you a great opportunity."

After saying that, the dragon-blooded green snake jumped up and disappeared directly into the hall.

The last voice came: "I will now officially enter seclusion. You can go directly to the land of Zhongzhou. I will no longer keep you."

Hearing this, Ye Feng nodded, clasped his fists towards the main hall, and said loudly: "Anyway, thank you for taking care of me during this time, senior. I will leave now and see you again later."
