### Chapter 4991 The Big Secret

At this moment, the Great Protector's eyes widened.

Because he never thought that the great elder of the inner sect, who in his eyes was about to reach the end of his life span, could fight so fiercely.

Therefore, the Great Protector determined that the Great Elder of the Inner Sect had definitely received earth-shattering opportunities during the half-month period when he was out. Otherwise, he would not have become so brave.

At this moment, the Great Protector suddenly had the intention to retreat. He stared at Ye Feng not far away, and couldn't help but said: "Great Elder of the Inner Sect, I admit that you are much stronger now than before, and I I don't want to continue fighting with you now. We won't be able to tell the winner for a while, so why don't we work together to carve up all the opportunities and fortunes in this small world ruins."

Hearing what the Great Protector said, Ye Feng suddenly burst into laughter, then his eyes turned cold, murderous intent spread, and he said loudly: "Great Protector, you have obviously fallen into a disadvantage, but you still have the nerve to say that you are on par with me? And if you want to cooperate with me, why didn't you say it earlier and waited until I beat you to the ground? What qualifications does a person like you have to cooperate with me? "

boom! !

After saying that, Ye Feng suddenly increased the power of Heaven's Gate.

Buzz!

At this moment, a bright white divine light suddenly burst out from the gate of heaven.

These are extremely pure powers of light, which can instantly corrode the poisonous scorpion that the Great Protector turned into, making his whole body weak and weak.

The Great Protector immediately shouted and said: "Great Elder of the Inner Sect, I'm afraid of you, please spare my life!"

At this time, the Great Protector couldn't help but bow his head in front of Ye Feng and wanted to admit defeat.

But Ye Feng's eyes were cold and ruthless, and he said loudly: "Spare your life, what's the use to me? You already have such a deep conflict with me, and you wanted to kill me just now, you I can't keep such a huge trouble, I want to eradicate it."

After saying that, Ye Feng directly suppressed the great protector with the Gate of Light, and then violently waved his golden fist as huge as an ancient mountain to smash the opponent to pieces in an instant.

At this moment, the Great Protector finally felt the danger of death that he had not seen for a long time. His face immediately showed a look of extreme horror. He couldn't help shouting and said: "Great Elder of the Inner Sect, spare my life, right?" You definitely have a huge role, I can tell you a great secret about our Five Poison Sect!"

"Oh? The big secret about the Five Poison Sect?"

At this time, Ye Feng's eyes suddenly showed a look of surprise and curiosity, and then he stopped instantly and stopped his big golden hand that was about to crush the head of the protector.

Seeing Ye Feng's big golden hand stop, the Great Protector immediately let out a long sigh of relief.

At this time, Ye Feng looked at the Great Protector in front of him and asked aloud: "What is the huge secret about the Five Poison Sect? Tell me directly. If you dare to play tricks on me, I will make you die in an ugly way." "

Hearing Ye Feng's threatening words, the Great Protector did not dare to hide it, and quickly said: "Great Elder of the Inner Sect, you have been practicing in our Five Poison Sect for many years, but the most distant era of our Five Poison Sect I guess you don't know the secret very well. It turns out that I don't know either, but the headmaster brother once revealed to me that it is said that our Five Poison Sect was established in this high mountain because the founder of the sect was deep in this high mountain. , a suspected god was found

The most important purpose of our Five Poison Sect's development here is not to expand the entire sect, but to protect the corpse of the suspected god, because the ultimate mission of each generation of our Five Poison Sect's leaders is to pass research The corpse of the god obtained the secret of eternal life, and then resurrected the founder of our Five Poison Sect. This is the ultimate mission of each generation of leaders left by the founder of our Five Poison Sect. "

"What?"

At this time, when Ye Feng heard the great protector in front of him say this, a look of uncertainty suddenly appeared in his eyes.

Ye Feng subconsciously felt that this great protector might be bragging.

But this great protector has a really good relationship with the current generation of headmasters of the Five Poison Sect. They were once brothers.

Therefore, the Great Protector addresses the Headmaster as Brother Headmaster, instead of directly calling him Master Headmaster like others.

At this moment, Ye Feng felt that what the great protector said might not be a joke.

If there really is a corpse of a god in a mysterious place in the Wudu Sect's base camp, and if Ye Feng gets it, it will definitely be a great opportunity, and an unprecedented opportunity.

At this time, Ye Feng's eyes became much more intense as he stared at the Great Protector.

At this moment, seeing the change in Ye Feng's eyes, the Great Protector was a little panicked, and quickly said: "This is when the Senior Brother and I were drinking, and the Senior Brother accidentally revealed it in a drunken state. Yes, maybe the head master himself didn't know that he told such a big secret when he was drunk at the time. I estimate that in the entire Five Poison Sect, only the head master and I know this secret now, because only everyone knows about this secret. It took a generation of head masters to find out, and I also knew it accidentally. Great elder of the inner sect, you must not reveal it, otherwise I will definitely die. Even if I don't die in your hands, I will die in the hands of the head master brother. in hand."

At this moment, hearing what the Great Protector in front of him said, Ye Feng suddenly dispersed all his strength, smiled slightly, and said loudly: "This is indeed great news for me. Of course I don't will be revealed."

Hearing what Ye Feng said, the Great Protector seemed to understand something and couldn't help but said: "Does the Great Elder of the Inner Sect want to steal the body of that god?"

The Great Protector knows very well that not everyone in the Five Poison Sect sincerely contributes to the sect.

Many people join the Five Poison Sect just because they want a place of refuge and more resources and power.

So now that he has learned such a huge secret, the Great Protector knows very well that Ye Feng cannot resurrect and send the ancestors to protect this secret for some reason, but will find a way to get the body of that priceless god.

The Great Protector knew this very well, so he told Ye Feng this secret in exchange for his own life.

At this moment, Ye Feng looked at the Great Protector in front of him, pondered for a moment, and then said aloud: "The secret you told me is of great value. I won't kill you for the time being, but you can't leave next. You must follow me, listen to my words, and then return to the Five Poison Sect headquarters to help me obtain intelligence information from the leader to see where the god's body is hidden."

This Great Protector and the current leader of the Five Poison Sect were once brothers and had a very good relationship. Therefore, perhaps we can use the Great Protector to steal the body of the god discovered by the legendary founder of the sect. Where is it? . At this moment, the Great Protector's eyes widened.

Chapter 4992 Holy Son Dragon Battles Heaven

At this time, in the eyes of the great protector, Ye Feng, the great elder of the inner sect, had already become synonymous with mystery.

Because the Great Protector felt deeply shocked in front of Ye Feng.

Ye Feng's strength is really too powerful.

Moreover, Ye Feng's various methods also dazzled the Great Protector.

So at this moment, the Great Protector used the huge secret of the Five Poison Sect to save his own life, so he naturally would not resist Ye Feng's order.

The Great Protector immediately stood in front of Ye Feng and said respectfully: "Next, I will respect you, the Great Elder of the Inner Sect."

Hearing what the Great Protector said, Ye Feng naturally nodded with great satisfaction, and then said loudly: "You made the right choice."

At this time, the Great Protector naturally nodded and bowed, and said in a flattering voice: "The Great Elder of the Inner Sect, you are so powerful. You have received huge opportunities and your

strength has undergone transformation. In the future, you will definitely be able to have a huge success in our Five Poison Sect. as."

Hearing what the Great Protector said at this time, Ye Feng immediately nodded with great satisfaction, and then said loudly: "As for the corpse of the god you mentioned, we will wait until we return to the sect to discuss this matter. Let's take a look now. Let's see if there are any other good things in this small world of ancient ruins."

When the Great Protector of the Five Poison Sect heard what Ye Feng said, he seemed to have thought of something, and immediately said: "The most precious place in this small world of ancient ruins is in the middle area of this small world, where there is a continuous Endless ancient palace complex, it is said that this ancient palace complex was the home base of the strongest cultivation civilization in this small world of ancient ruins. I estimate that our Five Poison Sect, and maybe even some powerful ones from other sects, They all went there."

Hearing what the Great Protector said, Ye Feng immediately became interested, with a look of deep curiosity in his eyes, and said loudly: "Okay, then we will go directly to this place."

In the middle area of the small world of ancient ruins, let's see what good things there are. "

For Ye Feng, ordinary chance creation is no longer of much interest.

Because Ye Feng's current cultivation level is already very strong and his skills are very advanced.

So now that we have come to this small world of ancient ruins, let's look for the best opportunity.

It just so happens that this great protector has been in these ancient small worlds for a long time and can guide him.

After all, the Great Protector should be the first batch of powerful people to enter this small world of ancient ruins, and Ye Feng only entered half a month later, so he is not very clear about many situations in this small world of ancient ruins.

Now I happen to have this great protector to guide me, which is very convenient.

Moreover, the cultivation strength of this great protector is also very strong, only a little weaker than Ye Feng, so this is definitely a good dog.

At this time, Ye Feng looked at the Enchantress beside him, smiled and said: "Let's go, follow the Great Protector to the middle area of this small world of ancient ruins."

At this moment, Enchantress' beautiful eyes were staring at Ye Feng, full of deep admiration.

Because in the eyes of Enchantress, the Great Protector is definitely an extremely powerful and powerful figure among the Five Poison Sects, with a very high status and noble status.

But he didn't expect that he would surrender to his master in the end.

At this time, Enchantress absolutely worshiped Ye Feng to the extreme.

Because she originally thought that her master had reached his twilight years and was lifeless, and he would probably only be able to take care of himself in the Five Poison Sect.

But I didn't expect

The master went out for a trip and came back half a month later. Suddenly his strength had undergone earth-shaking changes, and his mental outlook showed no signs of aging.

At this moment, Enchantress walked next to Ye Feng and leaned very close. She obviously regarded Ye Feng as her big supporter and must firmly grasp Ye Feng as her supporter. Ye Feng asked Enchantress to go Whatever you do, the Enchantress will probably do it willingly.

At this moment, Ye Feng just followed the Great Protector and flew quickly towards the middle area of this ancient small world.

Soon, they arrived at the middle area.

As expected, a continuous group of ancient buildings appeared in front of them, towering above the ground.

This area of buildings is densely packed, all gathered together, looking very grand and majestic, with no end in sight.

At this time, the Great Protector said: "Great Elder of the Inner Sect, the ancient building in front is what I call the most precious area in the middle of this small world of ancient ruins. If there is a very high-level area in this small world of ancient ruins, The chance of creation must be contained in that ancient continuous building."

Hearing what the great protector beside him said, Ye Feng immediately nodded.

But at this time, Ye Feng was about to move forward when he suddenly sensed the arrival of a certain aura and immediately looked in a certain direction.

The next moment, Ye Feng, including several people around him, immediately saw a giant dragon chariot made entirely of gold, slowly driving over from a distance.

On top of this golden dragon chariot stood a young man wearing golden armor.

This young man wearing golden armor looks very majestic and exudes

The power and aura are as majestic and boundless as the mountains, giving people a very strong sense of oppression.

Even Ye Feng now feels a kind of terrifying pressure, which is invisibly radiating from a distance.

At this time, seeing the young man wearing golden armor, the Great Protector standing next to him immediately showed deep surprise in his eyes, and couldn't help but said: "This is the Saint of our Five Poison Sect. My son, Long Zhantian, is very powerful, and his inheritance is very ancient. Unexpectedly, he also came out of the sect's retreat and came to this small world of ancient ruins. Now he is in a bit of trouble. I guess this Long Zhantian I also want to get the opportunity of this continuous building, which may conflict with us. "

Hearing what the Great Protector next to him said, Ye Feng glanced at the Holy Son of the Five Poison Sect, Long Zhantian, who was riding a golden dragon chariot in the distance. He couldn't help but said in surprise: "I see this Long Zhantian, it seems that the cultivation inheritance is incompatible with our Five Poison Sect. After all, the main inheritance of our Five Poison Sect is the inheritance of poison. I, including you, the Great Protector, all have the inheritance and methods

of cultivation, but This Long Zhantian seems to be different from our Five Poison Sect. The inheritance and power aura he cultivates have nothing to do with poison. "

When the Great Protector heard Ye Feng's question, he immediately couldn't help but said: "Because our Holy Son Long Zhantian of the Five Poison Sect has nothing to do with our Five Poison Sect. It is said that they are the same. The illegitimate son of a big shot in the super sect of our Zhongzhou land was placed in our Five Poison Sect and was temporarily practicing. He would not be taken back until Long Zhantian became very powerful. Because of Long Zhantian's identity It's quite special, so our entire Five Poison Sect, even the Supreme Leader, is polite to this Holy Son. This Long Zhantian's inheritance has nothing to do with our Five Poison Sect. Since his mysterious father."

Chapter 4993 Extremely weird

At this time, after hearing what the Great Protector said, Ye Feng's eyes revealed a look of surprise.

Unexpectedly, the young man standing on the golden dragon chariot not far away had such a great background. He had a father who came from a super powerful force, and he was only temporarily practicing in the Five Poison Sect.

Ye Feng immediately understood. It was estimated that the so-called Holy Son Long Zhantian was an illegitimate son, so it was inconvenient for him to grow up in the super power where his father was, so his father sent him privately to the Five Poison Sect. Among such a slightly lower-level first-class power, let him grow slowly, and when he grows to an extremely powerful level, he will be taken back to the original super power.

At this time, Ye Feng didn't comment much on this. He just looked at the great protector in front of him and said loudly: "Let's move on."

When the Great Protector saw Ye Feng's calm look, he immediately understood that Ye Feng didn't seem to understand the meaning of what he said.

The Great Protector couldn't help but said aloud, "Great Elder of the Inner Sect, what I said just now, I wonder if the Great Elder of the Inner Sect has understood the true meaning?" .??.

At this moment, Ye Feng couldn't help but curl up the corner of his mouth with a smile, and said loudly: "Great Protector, I know what you mean, tell me the true identity of this Holy Son Long Zhantian, don't you just want me to When you have a conflict with him, take a step back and avoid him. Otherwise, I can't bear the consequences."

Hearing what Ye Feng said, the Great Protector immediately breathed a sigh of relief and said quickly: "Elder of the Inner Sect, it's good that you know my painstaking efforts."

But at the next moment, Ye Feng suddenly grinned and said loudly: "Although I understand what you mean, I will not do what you said. This Long Zhantian has no grudge against me. I won't take the initiative to mess with him, but if he really takes the initiative to mess with me, I won't be polite to him. "

Hearing what Ye Feng said, the Great Protector immediately widened his eyes, and then couldn't help but sigh, shook his head, and said with a wry smile: "Great Elder of the Inner Sect, it seems that you still don't understand what I mean, or in other words, you You are a bit too confident. The true identity of Long Zhantian is too great and his background is terrifying. If there is any conflict with him, even if you, the Great Elder of the Inner Sect, can defeat this Long Zhantian, there is someone standing behind him. A behemoth."

Ye Feng laughed and said loudly: "I will never be intimidated by the so-called backer."

After finishing speaking, Ye Feng said nothing more, but urged the great elder to fly directly towards the continuous buildings in front of him.

Ye Feng's consistent principle is that I will not offend others unless they offend me, but if someone offends me, then Ye Feng will definitely eradicate it!

At this time, Ye Feng didn't say anything. He, the Great Protector and the Enchantress flew directly towards the group of ancient buildings in front of them.

Because this group of ancient buildings was very large, Ye Feng and the Great Protector did not encounter the Holy Son Long Zhantian who was coming from a distance.

This made the Great Protector feel relieved.

He was really afraid that there would be a conflict between Ye Feng and the arrogant Holy Son Long Zhantian, which would be troublesome.

After all, the Great Protector has now become Ye Feng's vassal, so he will naturally consider Ye Feng.

At this moment, Ye Feng, the Great Protector and others entered this group of buildings and soon discovered that there were more buildings around them than they could see from a distance.

They were in this ancient building, as if they were entering a vast maze, and they couldn't tell the left and right paths at all.

Ye Feng was too lazy to identify the direction at this time, but said aloud: "Let's just start from this place and search for all kinds of good things around."

The Great Protector immediately nodded, and then he couldn't help but said in admiration: "These surrounding buildings, after hundreds of thousands of years, are still so well preserved. It is really incredible. It seems that This small world of ancient ruins and the cultivation civilization established in this middle area are very extraordinary. "

Ye Feng nodded, then looked at the antique buildings around him, and couldn't help but said: "Although these buildings have not been destroyed, they are still standing here intact even after so many years, but this just shows that This group of ancient buildings may be extremely strange, because if it were a normal situation and the cultivation civilization here was destroyed, a very terrible melee would definitely occur and most of the buildings would be destroyed. , collapsed, but now all the buildings here are so well preserved without suffering any damage. It gives people the feeling that all the strong men in this glorious cultivation civilization were suddenly destroyed. It was like being hit by dimensionality reduction, and all of a sudden the world evaporated, all living things disappeared, leaving only this empty group of buildings. "

Hearing what Ye Feng said at this moment, the Great Protector's eyes were stunned, and then he felt an inexplicable strange feeling.

At this moment, Enchantress also showed deep fear in her eyes, because what Ye Feng said was really too scary.

Such a powerful cultivation civilization must have recruited many powerful disciples in ancient times, as well as various superpowers living here. There may be hundreds of thousands, or even hundreds of thousands of people living here.

But hundreds of thousands of practitioners disappeared from the world in an instant, leaving behind this intact but empty group of ancient buildings.

If you think about it deeper, it does feel more and more weird here.

At this moment, Ye Feng smiled slightly and said: "Don't think so much, continue exploring, there are already many powerful people from our Five Poison Sects here, and even powerful people from other large sects around. The killer will also come here, let's not waste time."

The Great Protector also nodded at this time, and then said aloud: "No matter what, let's get enough benefits first."

Hearing this, Ye Feng couldn't help but glance at the Great Protector.

The Great Protector seemed to understand Ye Feng's meaning immediately, and he nodded and said in a low voice: "If you find something good, show it to the Inner Sect Elder first. Whatever the Inner Sect Elder needs, everything that the Inner Sect Elder needs will be given priority to use by the Inner Sect Elder. I only dare to take things that the Inner Sect Great Elder doesn't need."

When Ye Feng heard what the Great Protector said, he immediately nodded with great satisfaction, and then he and everyone else started searching the surrounding buildings. At this time, after hearing what the Great Protector said, Ye Feng's eyes revealed a look of surprise.

Unexpectedly, the young man standing on the golden dragon chariot not far away had such a great background. He had a father who came from a super powerful force, and he was only temporarily practicing in the Five Poison Sect.

At this moment, Ye Feng smiled slightly and said: "Don't think so much, continue exploring, there are already many powerful people from our Five Poison Sects here, and even powerful people from other large sects around. The killer will also come here, let's not waste time."

The Great Protector also nodded at this time, and then said aloud: "No matter what, let's get enough benefits first."

When Ye Feng heard this, he couldn't help but glance at the Great Protector.

The Great Protector seemed to understand Ye Feng's meaning immediately, and he nodded and said in a low voice: "If you find something good, let it be shown to the Inner Sect Elder first. Whatever the Inner Sect Elder needs, everything that the Inner Sect Elder needs will be given priority to the Inner Sect Elder. I only dare to take things that the Inner Sect Great Elder doesn't need."

When Ye Feng heard what the Great Protector said, he immediately nodded with great satisfaction, and then he and everyone else started searching the surrounding buildings.

Chapter 4994 Get Out

Ye Feng and the Great Protector took Enchantress, and the first thing they came to was the first building.

This building looks very well preserved, like an ancient temple.

When the three of them entered it, they immediately discovered that in this ancient temple there were ancient golden Buddha statues that looked very noble.

These ancient Buddha golden bodies are entirely made of gold and look very noble.

However, what makes Ye Feng quite disappointed is that there does not seem to be any special ancient power contained in these ancient Buddha golden bodies, and he cannot devour them. This makes Ye Feng feel a bit regretful.

Because Ye Feng encountered an ancient statue from heaven before, which contained very pure power of faith. After Ye Feng devoured it and absorbed it, he received huge benefits and his skill increased a lot.

Therefore, Ye Feng now discovered that these ancient Buddha golden bodies did not contain the power of ancient Buddhism, nor the power of faith, which was naturally quite a pity.

But at this time, Enchantress seemed to have discovered something. She immediately couldn't help but point in a certain direction and said loudly: "Master, look, there seem to be many inlaid inlays on the roof of this ancient temple. Golden beads."

Hearing the Enchantress say this at this moment, Ye Feng and the Great Protector immediately looked over their heads.

Sure enough, the dome of this ancient temple was actually inlaid with golden beads.

But the next moment, the Great Protector's face suddenly changed, and he couldn't help but said: "These are not golden beads, but the golden relics of ancient Buddhist practitioners!"

"What?"

Hearing what the Great Protector said, the enchantress immediately revealed a look of deep shock on her beautiful face, and said loudly: "There are hundreds of golden beads inlaid on the entire roof, and they are actually all A relic cultivated by an ancient Buddhist master?"

At this moment, Ye Feng laughed loudly and said loudly: "This place is indeed a good place. There are so many good things hidden in any building you encounter."

Boom!

At this moment, Ye Feng didn't hesitate at all and just stretched out his hand to grab it.

, he scratched the roof of this ancient temple to pieces in one fell swoop, and then grabbed all the hundreds of golden relics inlaid on it into his own hands.

The next moment, under the horrified gazes of the Great Protector and the Enchantress beside him, Ye Feng opened his mouth and swallowed all the more than a hundred golden relics.

"What??"

Seeing this scene, the Great Protector was simply stunned, because no matter how powerful the being was, he did not dare to swallow more than a hundred relics cultivated by ancient Buddhist masters at once.

Because each relic contains extremely majestic and high-level Buddhist energy. If you swallow them all rashly, you will definitely explode and die.

Most cultivators, even senior figures like the Great Protector, will only find ways to refine the relics into pills that can be absorbed directly, or slowly absorb them one by one. .

Unexpectedly, Ye Feng opened his mouth and swallowed hundreds of relics.

Boom!

And at this moment, the moment Ye Feng swallowed more than a hundred relics, he immediately felt the terrifying Buddhist energy, which exploded in his Dantian, wildly impacting Ye Feng's half-step heart. The big bottleneck of the refining realm.

boom! !

Finally, at a certain moment, the power of ancient Buddhism in more than a hundred relics was so huge that Ye Feng suddenly broke through the current bottleneck in an instant, and stepped directly from the half-step mind refining realm to Achieved the true first level of the Heart Refining Realm!

At this time, the powerful aura erupted from Ye Feng's breakthrough in cultivation made the Great Protector and Enchantress standing around him unable to help but take several steps back.

Especially the Great Protector. He was originally at the same level of combat power as Ye Feng, and his cultivation realm was even three realms higher than Ye Feng's.

But now Ye Feng has just broken through a big bottleneck, and his cultivation level is still lower than him, but Ye Feng

The violent momentum that erupted at the moment of the breakthrough was like a vast ocean, giving the Great Protector a sense of fear for a moment.

This is enough to show that Ye Feng's true strength and cultivation are simply not proportional!

Moreover, the Great Protector also felt that Ye Feng's accumulation of cultivation skills had reached a very terrifying level.

The moment when Ye Feng's cultivation aura exploded, the Great Protector felt that Ye Feng didn't look like a human being, but like an ancient beast!

That kind of accumulation and accumulation of skill is really vast.

At this moment, Ye Feng opened his eyes, with a look of deep satisfaction in his eyes, and said loudly: "The power of ancient Buddhism contained in more than a hundred relics is really... Extremely powerful."

At this time, Ye Feng was naturally very satisfied with his breakthrough in cultivation.

I didn't expect that just after exploring this continuous ancient ruins, I would already have such a great opportunity, allowing my cultivation to break through to the true first level of the Heart Refining Realm.

Ye Feng could feel that his combat power had increased tremendously.

At this moment, Ye Feng looked at the Great Protector beside him and said, "Let's continue exploring other buildings."

The Great Protector also nodded quickly at this time, and several people continued to walk quickly towards the building next door.

When they entered the second building around, it was an ancient ancestral hall, but there was nothing good in it. A few people searched it and found nothing, so they continued to explore the surrounding area.

Finally, when they searched the sixth building, they made some gains.

The sixth building is a building that looks similar to an ancient Colosseum.

In this ancient Colosseum, Ye Feng and others discovered many mutilated corpses of ancient monsters left behind.

However, the corpses of these ancient monsters had long since decayed and turned into ashes, but there were still many bones left that could not decay even after time.

r\u003e

Ye Feng didn't like these bones at all, because there was no energy to devour them, and he didn't need to use the bones of these ancient monsters to refine any powerful weapons.

Because Ye Feng's own immortal body of a god is already powerful enough, comparable to magical weapons, Ye Feng would only be interested in some peerless treasures.

However, the Great Protector and the Enchantress were very happy and collected the bones and some damaged bodies of these ancient monsters.

These are all good things for them.

At this time, Ye Feng was carefully observing an ancient totem carved on the ground of the ancient Colosseum.

On the ground in the middle of this ancient colosseum, there is an ancient creature that looks like a demon but not a monster, a demon but not a demon, and a god but not a god.

This ancient creature does not look like a specific monster, but like a mysterious totem.

The reason why Ye Feng was attracted to this ancient totem was because the mark engraved on the ancient totem actually exuded an inexplicable mysterious power, which gave Ye Feng a very unusual feeling.

Could it be that this ancient totem contains some kind of special secret?

But when Ye Feng was observing.

Buzz!

Suddenly, a terrifying aura of power descended from a direction not far away.

Ye Feng and the Great Protector beside him, Enchantress, both looked up at the sky.

Several people immediately noticed that a stalwart young man wearing golden armor, stepping on the dragon chariot, suddenly arrived in this ancient Colosseum.

This person turned out to be the holy son of the Five Poison Sect, Long Zhantian, whom Ye Feng and others met before.

At this time, before Ye Feng and others could say anything, Long Zhantian stood on top of the dragon chariot. With his pale golden eyes, he looked at the people present with a condescending attitude, as if an emperor was speaking. Likewise, he must not be disobedient, and said slowly: "This place contains great secrets, which are not yours to get your hands on. Get out of this place immediately, otherwise, I will kill you without mercy."

Chapter 4995 Conceit and Inferiority  
overbearing!

Unparalleled dominance!

At this moment, Long Zhantian said such words indifferently, just like an emperor issuing an order, which mortals could only accept.

At this moment, even the Great Protector, who had always been very wary of Long Zhantian's identity, couldn't help but reveal a gloomy and ugly look on his old face.

The Great Protector stepped forward slightly at this time, still clasped his fists, and said aloud: "Long Zhantian, I know that you have an extraordinary status and a great origin, but after all, you are the Holy Son of our Five Poison Sect. As a member of the same sect, When we come to this small world of ancient ruins to find opportunities, we are always on a first-come, first-served basis. Isn't it a bit too overbearing for you to tell those of us who got there first to get out immediately?"

Long Zhantian's golden eyes glanced at the Great Protector indifferently, and suddenly said: "Who are you? Do you dare to say anything against me in front of me? Get out of my way!"

boom! !

Almost at this moment, Long Zhantian did not take action. The dragon chariot under his feet, and the golden dragon pulling the chariot, instantly sprayed out a golden beam of light.

It was like a long golden river, running across the sky, with terrifying scouring power. All of a sudden, the Great Protector was thrown upside down, spitting out a mouthful of blood, and fell to the ground hard, smashing it. A large area of land was buried in ruins, with no one knowing whether it was alive or dead.

"What??"

Seeing this scene, Enchantress's beautiful face immediately revealed a look of deep horror, and she couldn't help but say: "This Long Zhantian is so powerful?? The Great Protector is the most powerful among our Five Poison Sects. Among the top ten senior figures, Long Zhantian didn't even take action, and the mount that helped him pull the cart was blown away. It's really terrifying!"

At this moment, the Enchantress felt even more afraid of Long Zhantian, the nominal holy son of the Five Poison Sect.

The other party is simply unfathomable, worthy of his huge background!

At this moment, Ye Feng's expression was still very indifferent and calm.

When Long Zhantian saw Ye Feng staying so calm, he immediately couldn't help but smile in surprise, and then said loudly: "You are quite calm, but pretending to be calm is of no use. Hurry up and get out, or you will be killed too." kill."

At this time, Ye Feng suddenly showed a cold smile on his face and said loudly: "Long Zhantian, you are so brave. The Great Protector is a powerful figure in our Five Poison Sect, and his status is extremely high. How dare you? Beat him to death, you are committing a heinous crime."

"A heinous crime?"

Hearing what Ye Feng said at this moment, Long Zhantian felt as if he had heard the funniest joke in the world. A proud smile suddenly appeared on his face and he said: "To be honest, what are you so-called In my eyes, the guardian elder is just an ant. Even the entire Five Poison Sect is just an ant in a small place in my eyes. My origin and status are extremely noble. I am not from a remote place like you. The ants can imagine it."

Ye Feng heard Long Zhantian's very conceited words and saw the other party's arrogant posture. He suddenly laughed and said, "Your so-called noble status and noble origin are just a joke in my eyes." , you are just an illegitimate child born from the impulse of a big man. Even the big power you belong to cannot tolerate you and can only send you away.

To grow up in our Five Poison Sect, what kind of noble status do you have? In my opinion, it's just an ignoble existence. "

"You are presumptuous!"

Hearing Ye Feng's words at this moment, Long Zhantian seemed to be touched by Ni Lin. His originally noble and indifferent expression could no longer be maintained, but was filled with deep anger and violence. gas.

Because Long Zhantian has always boasted that he has an extremely noble status and does not put anyone in the Five Poison Sect in his eyes, but he actually has both pride and inferiority in his heart.

Because he is indeed just the illegitimate son of a big shot, unable to survive in the powerful influence of his biological father. He can only be forced to live an ignoble existence, growing up silently in the Five Poison Sect, and one day he will become extremely powerful before returning to the family behind him.

This incident has always been regarded as a great shame and deep inferiority in Long Zhantian's heart.

Therefore, he has always used great arrogance to hide his true inferiority complex.

Unexpectedly, Ye Feng said it in public, which naturally made Long Zhantian extremely furious, and he could no longer maintain his noble posture and self-confidence.

Long Zhantian's eyes were cold, and his golden eyes were like the eyes of gods. He stared at Ye Feng for an instant, releasing a huge sense of oppression, and said loudly: "The Great Elder of the Inner Sect, right? In the future, the Five Poison Sect will not There is no inner sect elder, because I will crush you hard."

After finishing speaking, the golden dragon pulling the dragon chariot under Long Zhantian's feet seemed to feel the anger of his master. He immediately roared and opened his mouth to spit out a terrifying golden beam.

This golden beam was dozens of times larger than the golden beam that killed the Great Protector. It was obviously extremely powerful.

But Ye Feng laughed loudly at this time and said: "An evil beast dares to take action against me, it is simply a matter of life and death!"

At this moment, Ye Feng, although pretending to be the Great Elder of the Inner Sect of the Five Poison Sect, has the self-confidence and domineering character of the elder of the Inner Sect to the fullest.

Without any hesitation, Ye Feng stretched out a hand in an instant. Ye Feng's hand immediately turned into a big golden hand, filled with unparalleled towering power, and attacked directly forward.

At this moment, Ye Feng's golden hand was terrifyingly solid and powerful, and it directly shattered the golden beam of light sprayed by the golden dragon into pieces.

Then the big golden hand slapped on the head of the golden dragon in an instant, with a "puff" sound, like a watermelon breaking. Ye Feng's big golden hand slapped the golden dragon's head to pieces, and the skull was broken. The fragments flew everywhere, his brains tumbled, and he opened his head directly, killing him instantly!

"What?"

Seeing this scene, Long Zhantian didn't even have time to react, and his mount was instantly killed by Ye Feng.

Long Zhantian knew very well that his mount was a golden dragon with the blood of the ancient nine-clawed Golden Dragon Emperor, but he did not expect to be killed by Ye Feng in an instant.

While Long Zhantian was furious, he was also deeply frightened of Ye Feng. He couldn't help but said: "How can you have such strong strength? Who are you? Inner Sect Great Elder, you How can such an old guy who is half dead suddenly have such great power? "This is impossible!"

Unparalleled dominance!

At this moment, Long Zhantian said such words indifferently, just like an emperor issuing an order, and mortals could only accept it.

While Long Zhantian was furious, he was also deeply frightened of Ye Feng. He couldn't help but said: "How can you have such strong strength? Who are you? Inner Sect Great Elder, you How can such an old man who is half dead suddenly possess such great power? This is impossible!"

#### Chapter 4996 The Spirit of Slavery

At this time, Long Zhantian had some doubts about life.

Because in his inherent impression, Ye Feng, the great elder of the inner sect, was already too old to look good, and half of his body was already buried in the ground.

Therefore, Long Zhantian didn't pay any attention to Ye Feng, the so-called great elder of the inner sect. He felt that Ye Feng was the same as the great protector and he would die if he attacked casually.

Unexpectedly, Ye Feng first blew the head of his golden dragon with one hand, killing his mount instantly.

Then the power Ye Feng burst out was as ferocious as the vast ocean, making it difficult for him to withstand it.

At this moment, Long Zhantian stabilized his mind, and immediately stared at Ye Feng coldly, and said loudly: "I didn't expect you, the great elder of the inner sect, to hide so deeply. It seems that I have underestimated you. But don't think that you can fight me like this. You have to know that I come from a mysterious super power, and almost all of my methods come from the transcendent power that stands high at the top of the pyramid. "

Ye Feng smiled at this time, without any fear at all, and said aloud: "Even if you come from the top super powers, you are just an illegitimate child who was secretly transferred to a small sect like the Five Poison Sect. There is hidden cultivation in it. I guess you won't get anything good from the so-called super power behind you. After all, you are just an illegitimate child and cannot be seen in the light. Don't pretend to be a tiger. "

Hearing what Ye Feng said, Long Zhantian's eyes suddenly showed a trace of violence, and he couldn't help but said: "I will let you see my true methods today!"

After saying that, Long Zhantian immediately shouted: "The power is hidden in the back!"

Boom! !

Almost at the moment Long Zhantian finished speaking, a huge mark appeared on his back.

This mark is like an ancient and incomparable divine seal, very mysterious and unpredictable, and it suddenly bursts out with an earth-shattering terrifying power.

At this moment, the divine seal on Long Zhantian's back emitted a brilliant golden divine light, and directly in the void behind Long Zhantian, a majestic golden giant with a height of more than 100,000 meters was condensed.

This golden giant is completely condensed by a combination of golden energy, and looks full of an unparalleled sense of oppression.

The majestic golden giant, which is hundreds of thousands meters tall, stands under the blue sky, as if it can hold the sky above its head and step on the earth, giving people an invincible feeling.

At this time, Ye Feng immediately felt a very strong sense of oppression.

Ye Feng immediately understood that the hidden power behind Long Zhantian should come from the super power he was born into. It might be the trump card that his father helped him imprint on his back. Only when he encounters a life-or-death crisis, can be stimulated.

At this time, Long Zhantian's face was full of arrogance, he stared at Ye Feng not far away, laughed loudly and said: "I have used this set of power to hide the divine seal, the inner sect elder, you can forget it No matter how powerful you are, you can't be my opponent. This kind of power that comes from the top super power in Zhongzhou will definitely be a dimension-reducing blow to small sects like you in remote places!"

Boom! !

Almost at the moment Long Zhantian finished speaking, he controlled the majestic golden giant of more than 100,000 meters condensed behind him and attacked Ye Feng directly.

At this moment, Enchantress was very frightened and said quickly: "Master, let's run away! This kind of power is too terrifying and suffocating!"

At this moment, Enchantress only felt that her whole body was about to be shattered by the oppression. Even though she was far away, and the target of the golden giant's attack was not Enchantress, Enchantress felt that her life and death was in crisis.

So at this time, Enchantress couldn't even imagine what kind of terrifying pressure her master was facing and enduring at this moment.

Ye Feng didn't have any fear at this time and said directly: "I will not retreat, because even if Long Zhantian activates his trump card, it will be of no use to me."

boom! !

Almost at this moment, Ye Feng directly displayed his Dzogchen Future Body talent that he had not used for a long time.

Boom!

At this moment, Ye Feng's cultivation aura that had been in the Heart Refining Realm for a whole day suddenly skyrocketed crazily, directly reaching the tenth level of the Heart Refining Realm, making Ye Feng's power gain hundreds or even thousands.

Double the increase!

Then Ye Feng used such a powerful reserve of skills to directly display the extremely powerful inheritance he had received before, the Ancient Ten Thousand Demons Art!

Uh-huh! Uh-huh! Uh-huh!

Uh-huh! Uh-huh! Uh-huh!

Almost at this moment, black figures suddenly emerged from Ye Feng's body.

These black figures are the clones of the ancient evil head that Ye Feng used to perform the Ancient Ten Thousand Demons Art.

Now Ye Feng's skill is very majestic, so using the Ancient Ten Thousand Demons Art can directly stimulate the maximum and perfect power of the Ancient Ten Thousand Demons Art.

So at this moment, Ye Feng had a total of ten thousand clones of the big devil!

At this moment, a total of ten thousand big demons rushed towards the direction of Long Zhantian in front, and suddenly collided with the majestic golden giant hundreds of thousands of meters tall.

You know, almost every one of these big demon clones condensed by Ye Feng has half of Ye Feng's combat power.

So a whole 10,000 clones of the great demon gathered together and blasted the golden giant so hard that he could not help but retreat quickly.

Even the golden giant condensed by the divine seal hidden behind Long Zhantian could not withstand the attack of Ye Feng's 10,000 clones of the great demon. After all, there is strength in numbers.

Seeing this scene at this time, Long Zhantian's face changed immediately, and he could not help but said in horror: "What kind of inheritance is this?? I have never seen such a powerful inheritance in the Five Poison Sect. It can actually split out a whole 10,000 clones at once, and the power of each clone is so strong? This is impossible!!"

At this moment, Long Zhantian's face became extremely ugly and gloomy.

Because he originally thought that he could definitely kill Ye Feng instantly by stimulating the hidden power on his back.

But he did not expect that the inheritance displayed by Ye Feng actually took advantage of the power of numbers to blast his golden giant back quickly, which made Long Zhantian feel extremely uncomfortable.

Because Long Zhantian's most proud trump card had no way to be used in front of Ye Feng.

Swish

!

At this time, Ye Feng rushed forward instantly, and suddenly burst out the power of the immortal body of the god.

The golden fist slammed into Long Zhantian's body, and Long Zhantian's entire body was pierced through in an instant

"Ah!!"

Long Zhantian immediately let out a shocking scream.

However, Long Zhantian was extremely powerful after all, and was three or four realms higher than Ye Feng, so he did not die completely.

But Ye Feng stopped at this time, and did not kill Long Zhantian directly, but his eyes flashed, and he stretched out five fingers at once, each finger, like golden steel, instantly pierced into Long Zhantian's skull, making a teeth-grinding piercing sound.

"Ah!!"

At this time, Long Zhantian immediately said in horror: "What are you going to do? Kill me! Give me a quick death!"

Ye Feng showed a strange smile on his face and said: "It's a pity to kill you, the special son of the Five Poison Sect. I want to control you and let you use me."

The Great Protector has been killed by this Long Zhantian, which indirectly destroyed Ye Feng's plan to secretly cooperate with the Great Protector to find and steal the body of the god in the Five Poison Sect.

So now Ye Feng did not kill Long Zhantian, just to completely control Long Zhantian and let this Five Poison Sect's son, who has a more special identity than the Great Protector, be used by himself.

So at this time, Ye Feng naturally has to use the means of a soul master to completely enslave the spirit and soul of this Long Zhantian.

Because this Long Zhantian is not as greedy for life and afraid of death as the Great Protector, and is very conceited and arrogant, so if you want to control him, it will definitely be useless to persuade him with words.

Therefore, Ye Feng could only use force to enslave the opponent's spirit and soul, making him his spiritual slave and completely obeying his orders, just like becoming his most loyal believer.

"In my name, I will save all living beings. They must obey my orders and believe in me..."

Ye Feng was talking nonsense at this time, and he madly burst out his huge soul power and injected it into the mind of Long Zhantian in front of him, completely enslaving Long Zhantian's spirit and soul!

Chapter 4997 Daxuan Dynasty

"ah!!"

At this time, Long Zhantian, the mysterious son of the Five Poison Sect, was screaming crazily. He had obviously suffered tremendous pain, and the expression on his face was distorted.

Even the enchantress who was watching from the side felt deep fear when she saw Long Zhantian's painfully twisted expression.

Because she is a master, this weird and cruel method makes the enchantress feel terrified.

At this time, the enchantress couldn't help but subconsciously take a few steps back, because the atmosphere at the scene was so terrifying.

It has to be said that forcibly enslaving the spirit and soul of another creature through the means of a soul master is indeed a very cruel method, which will make the enslaved creature feel great pain.

However, in Ye Feng's eyes, Long Zhantian is just a tool for him to use, so Ye Feng doesn't care about the other party's pain at all.

And Ye Feng knew that as long as the enslavement was completed, Long Zhantian would be freed.

Sure enough, just half an hour later, Long Zhantian, who had been screaming, suddenly stopped screaming.

At this time, Ye Feng also retracted his palm.

At this moment, Ye Feng stood with his hands behind his back, seemingly not worried about Long Zhantian counterattacking him.

And sure enough, almost the moment Ye Feng stopped his hand, Long Zhantian's painful and ferocious face suddenly became very calm.

At this time, under the unbelievable gaze of the Enchantress, Long Zhantian, who had just threatened to kill Ye Feng and then screamed in pain, at this moment actually bowed his hands deeply in front of Ye Feng and said loudly: "Before, I am so ignorant that I dare to offend Mr. Ye Feng. This is really my fault. From now on, I am willing to respect Mr. Ye Feng and obey Mr. Ye Feng's orders to repay my fault. Come to atone for your sins."

At this moment, when Long Zhantian said such words and was so respectful in front of Ye Feng, Yao Ji was instantly stunned.

At this time, Yao Ji suddenly noticed that Long Zhantian actually called his master Lord Ye Feng.

Could it be that Master's real name is Ye Feng?

In fact, it has not been long since Enchantress became her master to the Great Elder of the Inner Sect, so she does not know the specific name of the Great Elder of the Inner Sect.

After all, the Great Elder of the Inner Sect has been practicing in seclusion among the Five Poison Sects for many years, and many people don't know that such a powerful figure as the Great Elder of the Inner Sect exists.

So at this time, she was naturally very surprised when she heard Long Zhantian's words.

Unexpectedly, his master was called Ye Feng. This name sounded like the name of a young man.

However, Enchantress didn't think much about it. She was just deeply shocked by Ye Feng's methods. They were so powerful and worthy of being her master.

At this moment, Ye Feng nodded with great satisfaction.

Ye Feng looked at Long Zhantian, who had a peaceful and calm expression in front of him and was respectful and like a servant in front of him. A satisfied smile suddenly appeared on his face and he said loudly: "Okay, you will follow me from now on." Come on, help me."

Ye Feng was still very happy at this time. Although the Great Protector died, Long Zhantian was completely subdued by him, his spirit and soul were completely enslaved by him, and he became even more loyal to him.

Moreover, Long Zhantian's identity is much higher than that of the Great Protector, so Long Zhantian can fully assist Ye Feng in the Five Poison Sect to achieve Ye Feng's goals.

And Ye Feng also knew that if he killed Long Zhantian directly now, the mysterious big man behind Long Zhantian, that super powerful force would definitely come to his door, which would cause great trouble.

After all, if Ye Feng wants to find the corpse of the god obtained by the founder of the Five Poison Sect, he still needs to stay in the Five Poison Sect for a while, so Ye Feng naturally does not want to cause trouble.

Now it is the best choice to directly use the soul master's method to enslave Long Zhantian's spirit and become his most loyal slave.

Of course, the premise is that Long Zhantian has great utilization value. After all, his identity is special, and the next search for the body of the god requires a core figure of the Five Poison Sect like Long Zhantian to help him cooperate inside and outside.

Otherwise, Ye Feng didn't want to go to such trouble at all and would directly kill and devour it, becoming the nourishment for his own strength.

At this moment, Ye Feng released the devouring domain and directly devoured the golden dragon that was Long Zhantian's mount that he had killed before, as well as the dead Great Protector.

Buzz!

At this moment, Ye Feng gained the skills and vitality of the two powerful men. His strength immediately increased a lot, and the aura of cultivation on his body began to surge rapidly.

boom!

Heart Refining Realm Second Heaven!

boom!

Heart

Refining Realm Third Heaven!

At this time, Ye Feng's cultivation level directly broke through the two heavens, making Ye Feng naturally very happy.

At this moment, Long Zhantian, who was standing in front of Ye Feng, saw this scene and sighed sincerely: "Master Ye Feng is so powerful. This kind of weird and domineering devouring ability, even if the super person behind me No one from the big forces has ever practiced it. It is simply an inheritance that conquers the world. This kind of inheritance should not exist in the world because it is too heaven-defying."

At this moment, although Long Zhantian has his spirit and soul enslaved by Ye Feng and completely obeys Ye Feng's orders, this does not mean that Long Zhantian has become a fool. Long Zhantian still retains his the idea of autonomy.

But Long Zhantian was enslaved in spirit, so he respected Ye Feng from the bottom of his heart and obeyed Ye Feng's orders. It was as if he had become Ye Feng's most loyal believer and was completely brainwashed. He would never betray Ye Feng. wind.

At this moment, Ye Feng immediately smiled and said aloud: "My devouring ability is indeed quite incredible. Along the way, I have learned various powerful inheritances and awakened various magical talents. , but what ultimately helped me the most, and what has never been eliminated, is this ability to devour."

When he said this, Ye Feng seemed to have thought of something. He immediately looked at Long Zhantian in front of him and said, "By the way, what is your true identity? Whose illegitimate son are you? Who is your father?" Among the super powers in Zhongzhou? "

Hearing Ye Feng's question, Long Zhantian naturally had no reservations, smiled slightly, and said loudly: "My father is a top power near the Five Poison Sect that is comparable to the super sect, and the champion of the Daxuan Dynasty. The noble Marquis belongs to the aristocratic class of the Daxuan Dynasty."

"It turns out he is from the Daxuan Dynasty."

At this moment, Ye Feng suddenly had a look of surprise on his face.

When Ye Feng first came to Zhongzhou, he bought a booklet that roughly introduced the division of power in Zhongzhou.

Among them, it was introduced about the super sect, or super power, that now stands at the top of the pyramid in Zhongzhou.

Among them was the Taixuan Dynasty.

Unexpectedly, he met someone from the Daxuan Dynasty.

However, Ye Feng didn't have a deep impression of the Taixuan Dynasty, and he didn't have much interest in it.

Ye Feng is entering

Zhou Dadi's original idea was to use the token given to him by the eldest princess Dongfang Yue to directly enter the super sect of the Divine Phoenix Sect.

At this moment, Ye Feng immediately looked at Long Zhantian in front of him and said loudly: "Since you are from the Taixuan Dynasty, a super powerful force in the land of Zhongzhou, you should also know that the super sect of the Divine Phoenix Sect, specifically, Where is the location? Is it far from our place?"

Hearing Ye Feng's question, Long Zhantian immediately said: "Phoenix Divine Sect? That is a super sect close to Beihai, at the northernmost point of Zhongzhou, and we are at the southernmost point of Zhongzhou, very far away. If I go by Master Ye Feng's current cultivation level, I estimate that it will take several years to reach the super sect of the Divine Phoenix Sect."

"What?"

Hearing what Long Zhantian said, Ye Feng's eyes suddenly showed a look of astonishment.

He didn't expect that the Divine Phoenix Sect was so far away from him.

Unfortunately, I still want to rely on Dongfang Yue's token to enter the Divine Phoenix Sect.

It seems that the eldest princess, Dongfang Yue, was able to quickly reach the Divine Phoenix Sect through the endless and far-reaching distances by her master with his extraordinary magic power and means.

And Ye Feng has to walk for several years on his own, which is really a waste of time.

Ye Feng suddenly didn't want to go to the Divine Phoenix Sect at this time.

Long Zhantian seemed to understand Ye Feng's thoughts, and immediately smiled slightly and said: "Master Ye Feng is extremely talented and has a promising future. I can serve as an intermediary to introduce Master Ye Feng into the Daxuan Dynasty behind me. Although I am an illegitimate child now, but as long as I continue to become stronger, I can convince my father to take me back."

Hearing what Long Zhantian said, Ye Feng shook his head slightly and said, "Let's talk about this later. Now, the most important thing is to become successful among the Five Poison Sects. But no matter what, in the end, It is definitely necessary to enter the top super sects or super powers in the land of Zhongzhou, because that is where the most glorious and powerful power and inheritance are represented."

When he said this, Ye Feng suddenly stared at Long Zhantian in front of him and asked in a low voice: "By the way, do you know a very big secret of the Five Poison Sect? There is a god hidden in the Five Poison Sect. I need you to help me work inside and outside to find the body of this god. The reason why I still stay in the small sect of Wu Du Sect and never leave is because of this incident. "

#### Chapter 4998 Totem Seal

"The corpse of a god?"

Hearing what Ye Feng said at this time, Long Zhantian's eyes suddenly showed a look of surprise, and he couldn't help but said: "I didn't expect Lord Ye Feng to know such a thing not long after he came to the Five Poison Sect. A big secret."

Now, this Long Zhantian has been completely enslaved in spirit and soul by Ye Feng, so Ye Feng naturally passed on his true identity to this Long Zhantian.

This Long Zhantian knew all of Ye Feng's secrets, and also knew that Ye Feng was disguised as the inner sect elder of the Five Poison Sect, but was actually a young man who came to the land of Zhongzhou from a remote place.

Hearing what Long Zhantian said at this time, Ye Feng's eyes suddenly lit up and he couldn't help but say: "It seems that you also know about the corpse of the god. You are from the Daxuan Dynasty. It stands to reason that you know This is normal, but did you come to Wudu Gate specifically for the corpse of the god? "

Long Zhantian shook his head and said aloud: "The reason why I know this huge secret is because the leader of the previous generation of the Five Poison Sect accidentally mentioned this secret while chatting with me. It comes from a super powerful force like the Taixuan Dynasty, so the headmaster of this generation of Wu Du Sect felt that I would not be plotting the secrets of a small sect like Wu Du Sect, so in order to please me, he told me this secret. , but I was very interested in the corpse of the god before. My idea before was to completely grow up in the Five Poison Sect. Then I would forcibly seize the corpse of the god from the Five Poison Sect to help me become very powerful. Then I will return to the Daxuan Dynasty where my father lives, but now I have

become Lord Ye Feng's vassal, so if I get this god's body, I will definitely give it to Lord Ye Feng for use."

At this moment, Long Zhantian was speaking in a very pious tone, and everything he said was true, not to compliment Ye Feng, but entirely for Ye Feng's sake, because he has now completely become Ye Feng's spiritual slave. , is equivalent to Ye Feng's most loyal believer, and everything is based on Ye Feng's interests.

At this moment, Ye Feng was just very satisfied, nodded, and said loudly: "You are very good, but your current strength is not enough to forcibly capture the body of this god in the Five Poison Sect. We still need to slow down. Slow plot.

Long Zhantian nodded and said aloud: "Although the Five Poison Sect is nothing compared to the top super sects in Zhongzhou, after all, the Five Poison Sect is a sect that can be ranked as a first-class power in this area. , so the background is quite profound. As far as I know, the cultivation strength of the leader of the Five Poison Sect is at least three or four realms higher than mine, and six or seven realms higher than you, Lord Ye Feng. Great realm, so it must be very difficult to forcibly capture the body of a god in the Five Poison Sect, and the leader of the Five Poison Sect will definitely protect this god that has been passed down by the Five Poison Sect since ancient times. The location where the corpse is hidden, so if you want to know where the corpse of the god is hidden, you cannot use force. Otherwise, even if we can defeat the leader, the leader of the Five Poison Sect will probably also Will self-destruct in an instant to protect this secret."

Hearing what Long Zhantian said, Ye Feng frowned. It seemed that the situation was much more complicated than he imagined.

And this

At this moment, seeing Ye Feng frowning, Long Zhantian continued to say: "And the strongest one among the Five Poison Sects should not be the head master, because when I was practicing in the Five Poison Sects, I could always feel it faintly. A very terrifying aura lurks in the depths of the Five Poison Sect, so I guess that in the depths of the Five Poison Sect, there may be various very powerful senior figures of the Five Poison Sect since ancient times, so the foundation of the Five Poison Sect is still It's very profound, and it's still very scary for our younger generation of practitioners."

Hearing what Long Zhantian said at this time, Ye Feng immediately nodded and said: "Don't think so much for the time being. Our most important task now is to search for more cultivation resources in this small world of ancient ruins. , to improve my own strength, not only my strength must be

improved, Long Zhantian's strength must also be improved. Your improvement in strength will also be of great benefit to me, and the Divine Phoenix Sect is really too far away, far away in Beihai, so if I really want to choose to join a super power, I will most likely choose to enter the Daxuan Dynasty where you are. At that time, I may really have to rely on you to help me introduce myself to the Daxuan Dynasty for training.

Hearing what Ye Feng said, Long Zhantian's face was full of joy and he said: "If Master Ye Feng wants to enter the Daxuan Dynasty, when I am strong enough, I can completely defeat you, Master Ye Feng." After being introduced, Lord Ye Feng can pretend to be my good brother and enter my father's princely mansion together. In this case, Lord Ye Feng will have a formal status and practice in the Daxuan Dynasty. We The Taixuan Dynasty is one of the top superpowers in the southern part of Zhongzhou. It has a transcendent status and is the absolute overlord of a region. It has a very profound foundation and has countless strong people. There are even suspected members of the Taixuan Dynasty. There are also transcendent beings at the level of gods lurking."

Hearing what Long Zhantian said, Ye Feng's eyes lit up, and then he nodded and said, "We'll talk about this later. Let's first see what kind of secrets are hidden in the totems on the ground in this ancient colosseum." , when I was here observing the ancient totem on the ground of the ancient Colosseum, you came over and wanted to stop me from exploring this ancient totem. Do you know what kind of secrets are hidden in the ancient totem imprinted on the ground? ?"

When Long Zhantian heard Ye Feng's question, he immediately nodded and said, "I know this because before I entered this small world of ancient ruins, I had already bought some information about this ancient ruins from a mysterious businessman. The map of the world, as well as some places where chance is hidden, the ancient totem on the ground of the ancient Colosseum is actually an ancient seal. If you can unlock this seal, you can get what is sealed under this ancient totem. Chance creations, these chance creations, should have been the good things left by the cultivating civilization in this ancient ruins at that time. They were sealed here. It seems that they are still trying to revive them many years later, and then get these good things they once left behind. Things have made a comeback, but they seem to have been completely wiped out by some very mysterious and powerful force, and there is no possibility of recovery. "

When Ye Feng heard what Long Zhantian said, his eyes immediately showed joy, and he quickly said: "Then let's attack together and blast away the ancient totem seal on the ground of the ancient Colosseum. Take a look inside. What kind of good stuff is hidden in the seal?"

Chapter 4999 Super Fighter

At this moment, Ye Feng obviously couldn't bear it anymore and wanted to quickly smash the seal of this ancient totem to see what good things were hidden inside.

And Ye Feng asked Long Zhantian to take action together, naturally because Long Zhantian was very powerful.

In fact, Long Zhantian is not weak at all, and in fact, Long Zhantian is very strong.

It's just that he met the weirdo Ye Feng, so he was suppressed by Ye Feng.

Although Long Zhantian was an illegitimate son, his inheritance and bloodline came from the Taixuan Dynasty, a super power in the southwestern part of Zhongzhou.

Therefore, his inheritance and cultivation base are very profound, and when he unleashes his full combat power, he can almost equal Ye Feng.

It's just that Ye Feng has too many tricks, so he has the upper hand.

At this time, Long Zhantian nodded immediately, and Ye Feng directly bombarded each other with terrifying attacks.

Buzz!

Ye Feng stretched out a hand, and that hand immediately turned into a big golden hand, like a majestic golden mountain, and hit the ground of this ancient Colosseum fiercely.

Uh-huh!

Long Zhantian also took out a golden giant sword with a length of more than ten meters from the storage ring, held it in his hand, and stabbed towards the ground fiercely.

Boom! !

The two attacks together were very terrifying, directly shattering the entire ground.

Even the ancient totem was shattered into pieces by the blast.

Almost at the next moment, the entire ground collapsed immediately, and a huge pothole appeared.

But when Ye Feng and Long Zhantian looked inside, their eyes immediately revealed a look of astonishment.

I saw that there were no cultivation resources in the pit under the ancient totem seal, but an ancient demon that looked very majestic and tall was trapped.

This ancient demon should be a very high-level demon, with eighteen pairs of black wings growing on its back. It is very ancient and gives people a very terrifying aura.

Seeing this scene at this moment, Long Zhantian's eyes also showed a look of surprise, and he couldn't help but said in astonishment: "Master Ye Feng, what is sealed under this ancient totem does not seem to be any cultivation resources. But a very dangerous ancient demon."

Ye Feng also nodded at this time, and said with some regret: "I thought there would be abundant training resources, but I didn't expect it was just a big demon."

At this time, Ye Feng felt quite disappointed. After all, a big demon was not very powerful. Even if it was killed and devoured, it would not be able to provide him with much energy.

At this moment, seeing Ye Feng's disappointed expression, Long Zhantian who was standing aside couldn't help but said: "This ancient demon is locked and trapped here. I feel that it must be very extraordinary. Maybe this The great demons of ancient times can provide us with special information about the secrets of this small world of ancient ruins."

Hearing what Long Zhantian said at this moment, Ye Feng immediately nodded, and then jumped directly under the pothole with Long Zhantian.

At this time, Ye Feng and Long Zhantian

He walked quickly towards the ancient demon.

You know, both Ye Feng and Long Zhantian can be said to be heroes, geniuses among geniuses, and one of the most talented people.

Therefore, the coercion emanating from them is very terrifying. Even if this big demon is very ancient and very advanced, it cannot be the opponent of two extremely talented people.

So at this time, when Ye Feng and Long Zhantian were walking towards the big demon together, the ancient big demon in the pit immediately showed a trace of fear in his eyes and said: "Who are you and what do you want to do to me?"

Long Zhantian smiled slightly at this time and said aloud: "We have no other intention, we just want to get some news and secrets from you."

Hearing what Long Zhantian said, the big devil's eyes were very determined and he said loudly: "Impossible, I won't tell you anything."

Boom!

But in the next moment, Long Zhantian, who was smiling slightly, suddenly burst out with a terrifying attack.

He stretched out a foot, and the sole of a golden giant's foot was immediately condensed in the void behind him. It was completely composed of golden energy. It directly stepped on the body of this ancient demon and knocked this ancient giant into pieces. The demon was trampled directly to his knees on the ground.

Long Zhantian's face became very cold and domineering, and he said loudly: "I originally wanted to communicate with you politely and peacefully, but when I gave you the opportunity, you were useless."

When he said this, Long Zhantian said directly: "Hurry up and tell me and Master Ye Feng everything you know. You have been sealed underground for so many years. You must know about what happened to this ancient ruins back then." Why are you locked up here with all the powerful cultivation civilization that was born? And why did the cultivation civilization that was born in this ancient ruin suddenly seem to have disappeared from the world? What have they experienced? And this ancient ruin? Where is the most precious opportunity hidden in this small world?"

Hearing Long Zhantian's questions, Ye Feng stood aside with his hands behind his back, feeling very satisfied.

With a super thug like Long Zhantian here, Ye Feng doesn't have to worry about so much.

At this moment, the ancient demon was stepped on the ground by the golden soles transformed by Long Zhantian, but he still did not give in, but said very firmly: "I will not say anything I know. of."

When Long Zhantian heard this ancient demon say this, his eyes suddenly revealed a fierce look. He directly held the golden giant sword in his hand and instantly cut off the demon's two feet, and then cut off his legs. Both arms were also severed.

"ah!!"

The big demon immediately let out a scream of agony.

However, Long Zhantian's eyes were cold and ruthless, and he stretched out his two hands and quickly tore the wings of this big demon.

While tearing it apart, Long Zhantian said loudly: "Say it or not? If you don't tell it, I will torture you to death. No, I won't let you die. Instead, I will torture you non-stop."

Hearing Long Zhantian's words, he was like a tyrant. This ancient demon finally became frightened and said quickly: "I'll tell you, I'll tell you everything, give me a happy way to die." That's it, don't torture me anymore, I don't want to suffer this kind of pain anymore!" At this moment, Ye Feng obviously couldn't bear it anymore and wanted to quickly break the seal of this ancient totem to see what was inside. Hidden something good.

And Ye Feng asked Long Zhantian to take action together, naturally because Long Zhantian was very powerful.

In fact, Long Zhantian is not weak at all, and in fact, Long Zhantian is very strong.

It's just that he met the weirdo Ye Feng, so he was suppressed by Ye Feng.

Chapter 5000 The Ultimate Seal

At this time, under Long Zhantian's cruel methods, this ancient evil finally completely succumbed.

This ancient demon is not afraid of death, but he is afraid of this endless pain.

At this time, Ye Feng just smiled slightly, very satisfied with Long Zhantian's approach.

Long Zhantian is still a very good fighter and can save himself a lot of energy.

At this moment, Ye Feng just watched everything in front of him quietly and did not interfere, because Long Zhantian would take care of everything.

After all, Long Zhantian is the heir of a super powerful man, even if he is just an illegitimate child, his IQ will definitely not be low.

At this moment, Long Zhantian looked at the ancient demon begging for mercy because of pain, and immediately smiled with satisfaction, and then asked aloud: "Why are you sealed here?"

This time, the ancient demon no longer spoke harshly, but answered honestly, saying: "I was sealed here by a strong man from this ancient ruins cultivation civilization, because our demon emperor

came here, and later A series of changes occurred, making our demon clan and the ancient cultivation civilization here become enemies. "

"Emperor of Demons?"

Hearing this ancient demon say this at this moment, both Long Zhantian and Ye Feng had a look of surprise in their eyes.

Long Zhantian continued to ask: "So, the reason why the cultivation civilization of this ancient ruins was suddenly destroyed was because the demon king of your demon clan came and killed them all?"

The ancient great demon immediately shook his head and said loudly: "The demon emperor came not to kill the strong men of the ancient cultivating civilization, but to cooperate with them."

"Cooperate with them?"

At this time, even Ye Feng had a look of astonishment in his eyes, and couldn't help but say: "Since you are here to cooperate with the cultivation civilization of this ancient ruins, then why are all the powerful people of the cultivation civilization of this ancient ruins... They all disappeared from the world, weren't they all killed by your demon clan?"

The big demon immediately shook his head and said, "Of course not. The Demon Emperor, the commander of our demon clan, suffered serious injuries in the battle with an ancient god in the demon world and fled to this small world of ancient ruins. But our Demon Emperor is not a particularly evil person. He also has his own principles and will not kill innocent creatures wantonly. Therefore, in order to restore his power and resuscitate, when he is dying, he and this The controllers of the ancient cultivation civilization reached a cooperation, that is, we, the Demon Emperor, placed the most powerful magic weapon of our demon clan, the Demon's Nest, in the base camp of this ancient cultivation civilization. The Demon's Nest is a special kind of magic weapon. It can continuously absorb the continuous flow of spiritual energy from the surrounding world and the vital energy of all the powerful people in the entire ancient cultivation civilization, thereby constantly nourishing the seriously injured and dying body of our Demon Emperor, allowing our Demon Emperor to recover slowly, and It will not harm the lives of the powerful people in the entire ancient cultivation civilization."

When he said this, the ancient great demon suddenly sighed and said: "But there are unforeseen circumstances. Everything could have gone on in an orderly manner, but I didn't expect that our

Demon King would suffer from injuries due to the unexpected situation. It was so serious that he died directly in the Devil's Nest, and

After the death of our Demon Emperor, the artifacts in the Demon's Nest magic weapon became extremely evil without the suppression of the Demon Emperor. They even attempted to absorb all the powerful people from the entire ancient cultivation civilization into the Demon's Nest, kill them and use their blood essence to break the ultimate seal in the Demon's Nest. "

Hearing all this at this time, before Ye Feng could wait for Long Zhantian to say anything, he immediately grasped the key point and asked loudly: "Why do you want to break the ultimate seal in the Demon's Nest?"

The ancient demon's eyes suddenly showed a look of awe, and he said: "Because the magic weapon of the Demon's Nest contains an ultimate seal. In this ultimate seal, there is sealed an ultimate treasure that our demon clan has inherited since ancient times. Then It is an immortal body inherited from the ancient times. It is the immortal true body of the ancient demon left by the emperor of the first generation of demons in our demon clan! "

"The immortal true form of the ancient demon?"

At this time, Ye Feng and Long Zhantian looked at each other, and both saw the surprise in each other's eyes.

At this moment, the ancient great demon said aloud: "The Demon's Nest is not actually a special treasure, but the immortal true body of the ancient demon sealed in the Demon's Nest is the most valuable treasure of our demon clan. It's a precious thing. If our Demon King hadn't been able to unlock the ultimate seal and obtain that ancient demon's immortal true body, we might not have been severely damaged, because if we could have obtained that ancient demon's immortal true body, body, and sacrifice it to become your own clone, then even the ancient gods are no match for our Demon Emperor. Of course, the premise is that your own cultivation is strong enough to control the immortal true body of the ancient demon to exert its heyday. Strength, if the cultivation level is relatively low, even if the ancient demon's immortal true body is sacrificed and turned into his own clone, he will not be able to exert a particularly powerful force. Of course, it will definitely be much stronger than the ordinary clone, and it will be accompanied by the user As the cultivation level increases, the power of the Immortal Demon's true body will become stronger and stronger, because you must know that this Immortal Demon's true body is the immortal body cultivated by the first generation emperor of our demon clan. Even if the cultivation base is weak and unable to exert the true power of the Immortal Demon's true form, relying solely on the physical power of the Immortal Demon's true form is terrifying, because it is the body of a god from ancient times. "

When Ye Feng heard what the ancient demon said, he couldn't bear it anymore and said quickly: "Then take us to find the demon's nest quickly. It is definitely a very precious thing."

At this moment, Ye Feng naturally wanted the immortal true form of this ancient demon very much.

At this time, Long Zhantian also looked at the ancient demon in front of him and said: "Take us to find the Demon's Nest, and tell us how to unlock the ultimate seal and get the immortal demon sealed in it. True body, as long as Lord Ye Feng gets this ancient demon's immortal true body, I will no longer torture you and let you live. "

Hearing what Long Zhantian said, the ancient demon immediately trembled and said: "You can't go to the Demon's Nest. The weapon spirit of the Demon's Nest back then has probably completely awakened now, and it has obtained what it was back then." The life essence of all the powerful people in this cultivation civilization must have become extremely powerful, and it is still unknown whether this evil weapon spirit has broken the ultimate seal. If it does break through, it will get the ancient demon in advance. The true body of destruction will become as powerful as the gods if it takes up residence in the immortal true body of the ancient demon. If we go there, we will only die!" At this time, under Long Zhantian's cruel methods, this ancient demon will be killed! Finally gave in completely.

This ancient demon is not afraid of death, but he is afraid of this endless pain.

At this time, Ye Feng just smiled slightly, very satisfied with Long Zhantian's approach.

Long Zhantian is still a very good fighter and can save himself a lot of energy.

At this moment, Ye Feng just watched everything in front of him quietly and did not interfere, because Long Zhantian would take care of everything.

After all, Long Zhantian is the heir of a super powerful man, even if he is just an illegitimate child, his IQ will definitely not be low.

At this moment, Long Zhantian looked at the ancient demon begging for mercy because of pain, and immediately smiled with satisfaction, and then asked aloud: "Why are you sealed here?"

This time, the ancient demon no longer spoke harshly, but answered honestly, saying: "I was sealed here by a strong man from this ancient ruins cultivation civilization, because our demon emperor

came here, and later A series of changes occurred, making our demon clan and the ancient cultivation civilization here become enemies. "

"Emperor of Demons?"

Hearing this ancient demon say this at this moment, both Long Zhantian and Ye Feng had a look of surprise in their eyes.

Long Zhantian continued to ask: "So, the reason why the cultivation civilization of this ancient ruins was suddenly destroyed was because the demon king of your demon clan came and killed them all?"

The ancient great demon immediately shook his head and said loudly: "The demon emperor came not to kill the strong men of the ancient cultivating civilization, but to cooperate with them."

"Cooperate with them?"

At this time, even Ye Feng had a look of astonishment in his eyes, and couldn't help but say: "Since you are here to cooperate with the cultivation civilization of this ancient ruins, then why are all the powerful cultivators of this ancient ruins... They all disappeared from the world, weren't they all killed by your demon clan?"

The big demon immediately shook his head and said, "Of course not. The Demon Emperor, the commander of our demon clan, suffered serious injuries in the battle with an ancient god in the demon world and fled to this small world of ancient ruins. But our Demon Emperor is not a particularly evil person. He also has his own principles and will not kill innocent creatures wantonly. Therefore, in order to restore his power and resuscitate, when he is dying, he and this The controllers of the ancient cultivation civilization reached a cooperation, that is, we, the Demon Emperor, placed the most powerful magic weapon of our demon clan, the Demon's Nest, in the base camp of this ancient cultivation civilization. The Demon's Nest is a special kind of magic weapon. It can continuously absorb the surrounding spiritual energy of the world and the energy of all the powerful people in the entire ancient civilization, thereby constantly nourishing the seriously injured and dying body of our Demon Emperor, so that our Demon Emperor can slowly recover, and It will not harm the lives of the powerful people in the entire ancient cultivation civilization."

When he said this, the ancient great demon suddenly sighed and said: "But there are unforeseen circumstances. Everything could have gone on in an orderly manner, but I didn't expect that our Demon King would suffer from injuries due to the unexpected situation. It was so serious that he died directly in the Demon's Nest, and

After the death of our Demon Emperor, the artifacts in the Demon's Nest magic weapon became extremely evil without the suppression of the Demon Emperor. They even attempted to absorb all the powerful people from the entire ancient cultivation civilization into the Demon's Nest. , kill them and use their essence and blood to break the ultimate seal in the Demon's Nest. "

Hearing all this at this time, before Ye Feng could wait for Long Zhantian to say anything, he immediately grasped the key point and asked loudly: "Why do you want to break the ultimate seal in the Demon's Nest?"

The ancient demon's eyes suddenly showed a look of awe, and he said: "Because the magic weapon of the Demon's Nest contains an ultimate seal. In this ultimate seal, there is sealed an ultimate treasure that our demon clan has inherited since ancient times. Then It is an immortal body inherited from the ancient times. It is the immortal true body of the ancient demon left by the emperor of the first generation of demons in our demon clan! "

"The immortal true form of the ancient demon?"

At this time, Ye Feng and Long Zhantian looked at each other, and both saw the surprise in each other's eyes.

At this moment, the ancient great demon said aloud: "The Demon's Nest is not actually a special treasure, but the immortal true body of the ancient demon sealed in the Demon's Nest is the most valuable treasure of our demon clan. It's a precious thing. If our Demon King hadn't been able to unlock the ultimate seal and obtain that ancient demon's immortal true body, we might not have been severely damaged, because if we could have obtained that ancient demon's immortal true body, body, and sacrifice it to become your own clone, then even the ancient gods are no match for our Demon Emperor. Of course, the premise is that your own cultivation is strong enough to control the immortal true body of the ancient demon to exert its heyday. Strength, if the cultivation level is relatively low, even if the ancient demon's immortal true body is sacrificed and turned into his own clone, he will not be able to exert a particularly powerful force. Of course, it will definitely be much stronger than the ordinary clone, and it will be accompanied by the user As the cultivation level increases, the power of the Immortal Demon's true body will become stronger and stronger, because you must know that this Immortal Demon's true body is the immortal body cultivated by the first generation emperor of our demon clan. Even if the cultivation base is weak and unable to exert the true power of the Immortal Demon's true form, relying solely on the physical power of the Immortal Demon's true form is terrifying, because it is the body of a god from ancient times. "

When Ye Feng heard what the ancient demon said, he couldn't bear it anymore and said quickly: "Then take us to find the demon's nest quickly. It is definitely a very precious thing."

At this moment, Ye Feng naturally wanted the immortal true form of this ancient demon very much.

At this time, Long Zhantian also looked at the ancient demon in front of him and said: "Take us to find the Demon's Nest, and tell us how to unlock the ultimate seal and get the immortal demon sealed in it. True body, as long as Lord Ye Feng gets this ancient demon's immortal true body, I will no longer torture you and let you live. "

Hearing what Long Zhantian said, the ancient demon immediately trembled and said: "You can't go to the Demon's Nest. The weapon spirit of the Demon's Nest back then has probably completely awakened now, and it has obtained what it was back then." The life essence of all the powerful people in this cultivation civilization must have become extremely powerful, and it is still unknown whether this evil weapon spirit has broken the ultimate seal. If it does break through, it will get the ancient demon in advance. The true body of destruction will become as powerful as a god if it takes up residence in the immortal true body of the ancient demon. We will only die if we go there!"
