

## Ancient 5001

Chapter 5001 Deep in the Starry Sky

At this moment, the ancient demon said, his face full of fear.

Obviously, his fear of the evil spirit was from the bottom of his heart.

At this time, Long Zhantian looked at Ye Feng beside him, as if asking Ye Feng's opinion.

After all, Long Zhantian did not dare to make such a difficult decision privately, because the ancient demon must know how terrifying the evil spirit born in the demon's nest is.

At this moment, Ye Feng thought carefully, and then said: "The immortal body of the ancient demon is too precious. It is the immortal body cultivated by the first generation of the emperor of your demon clan. If I can get it and refine it into my clone, then my comprehensive strength will be incomparably improved, which will definitely be of great benefit to me in the Zhongzhou land of the entire demon interface in the future."

When he said this, Ye Feng's meaning was very clear, that is, he must go to the demon's nest in the middle of this ancient ruins world to find the immortal body of the ancient demon in the ultimate seal of the demon's nest.

At this moment, Long Zhantian was not surprised to hear that Ye Feng had made such a decision.

After becoming Ye Feng's believer, Long Zhantian and Ye Feng could be said to have telepathy.

He knew very well that his master had experienced countless dangerous situations since he began to practice, and he could almost say that he had always escaped danger.

Moreover, when facing difficulties and crises, this master rarely chose to escape, but would choose to take risks bravely.

At this time, Long Zhantian stared at the terrified ancient demon in front of him and said, "Take us to the demon's nest. Once we get to the demon's nest, you can leave." Hearing that Long Zhantian was going to let him go, the ancient demon nodded happily and said, "Okay, it's a deal. I'll take you

to the demon's nest, but I can't go in. I'll be scared to death if I go in." Seeing the demon's terrified look, Ye Feng immediately shook his head helplessly and said, "I didn't expect that you, a high-level demon of the demon clan, would be so timid." The ancient demon heard what Ye Feng said and immediately He just couldn't help but smile bitterly and said, "This human lord, I'm not a coward, but because the Demon's Nest is the sacred object of our demon clan. The evil spirit born from the sacred object of our demon clan is absolutely terrifying. Even the emperor of our demon clan has no way to resist it. However, after so many years, it is very likely that the evil spirit did not finally unlock the ultimate seal in the Demon's Nest and fell in the Demon's Nest. This is also possible. Anyway, I hope you two lords have good luck." While the ancient great demon was talking, he brought Ye Feng and Long Zhantian to a place close to the Demon's Nest. As for the disciple of the inner gate elder disguised by Ye Feng, Yao Ji, Ye Feng asked Yao Ji to leave here directly because it was too dangerous. Yao Ji's cultivation was too weak and she was not qualified to participate in such things. Ye Feng asked Yao Ji to return to the Five Poison Sect as soon as possible to help him find out about the hidden body of the god in the Five Poison Sect in advance. At this time, Ye Feng and Long Zhantian followed the ancient demon and soon came to a huge building.

This building is very strange and very different from ordinary buildings.

This building is like a huge metal disc, standing horizontally on the ground, looking like a metal flying saucer from the depths of the starry sky.

Seeing this scene, Ye Feng's eyes suddenly showed a look of surprise, and he said aloud: "Is this the demon's nest of your demon clan? It is not the same as the building image I imagined."

The ancient demon nodded immediately and said aloud: "In fact, we are not the demon clan in the ordinary demon world. The demon clan of our lineage comes from the depths of the starry sky and belongs to the demon clan in the universe. This demon's nest is also a means of transportation for our demon clan to cross the interstellar universe."

Hearing the ancient demon next to him say this, Ye Feng immediately He looked at him in surprise, and then he didn't waste any more time and said, "Just take us in."

When the ancient demon heard what Ye Feng said, his face turned pale with fear, and he said, "Just now, the human master said that I can leave directly after I bring you here."

Ye Feng nodded slightly, looked at Long Zhantian beside him, and said, "Let's go in."

Long Zhantian nodded, stood beside Ye Feng, and the two of them walked quickly towards the demon's nest in front. .??.

And the ancient demon had already been scared away from here quickly.

However, the ancient demon did not run far, but lurked in a nearby building.

Because the ancient demon felt that these two human teenagers were definitely extraordinary.

You know, the ancient demon has been sealed in the ancient totem seal for many years, and now he is alone in this ancient ruins

small world.

He decided in his heart that if these two human races could really get the immortal true form of the ancient demon in the demon nest of their demon clan, it would mean that these two human race teenagers were extremely terrifying existences. The ancient great demon decided to follow these two A tribal boy.

At this moment, Ye Feng and Long Zhantian had already walked into the devil's nest that looked like a metal flying saucer in front of them.

The moment they walked in, they immediately saw that the Devil's Nest was extremely dark. There were black spider webs everywhere, and there were many ancient corpses lying on the ground. In some places, corpses were even piled up into mountains. However, these corpses have basically decayed and lost all their life essence.

Ye Feng immediately understood that what the ancient great demon said before was the evil weapon spirit born in this demon's nest, which had attracted all the strong men in this ancient ruins cultivation civilization to this place and sucked them dry. All their life essence was used to strengthen their own strength, in an attempt to break the ultimate seal in this demon's nest, so as to obtain the ultimate treasure of the demon clan in the ultimate seal, the immortal true form of the ancient demon, so that this evil weapon spirit could Taking up residence in the immortal true form of this ancient demon, he became a god-like existence.

Long Zhantian glanced around and couldn't help but said: "Master Ye Feng, it's so quiet here. It seems that the evil weapon spirit did not successfully obtain the immortal body of the ancient demon. Otherwise, when we come in, For a moment, I could sense a very terrifying power, but I didn't feel it."

Ye Feng nodded and said aloud: "I estimate that the evil weapon spirit of the Demon's Nest is lingering in one of these places at this moment. Let's be careful. After all, it is a demon clan from the depths of the starry sky. It cannot be underestimated."

Chapter 5002 Remote Control

At this moment, Ye Feng still pays some attention to this demon clan from the depths of the starry sky.

After all, this is a powerful race that was able to destroy the entire ancient cultivation civilization.

And according to what the ancient great demon said before, this Demon's Nest is the spirit weapon born from the sacred object of their demon clan. It is extremely evil and extremely powerful, and Ye Feng naturally needs to pay attention to it.

However, Ye Feng was not too worried.

After all, if the evil weapon spirit in the Demon's Nest does not finally break the ultimate seal and obtain the very precious immortal immortal body of the ancient demon, then this evil weapon spirit will not be in the physical state after all, but in the form of a weapon spirit. The void state of existence.

To the Emperor Chu in Ye Feng's mind, this was nothing at all.

So Ye Feng wasn't that worried at this time.

What's more, Ye Feng now has a super thug like Long Zhantian beside him.

You know, Long Zhantian comes from the nearby top power, the Daxuan Dynasty, so Long Zhantian's power is naturally very powerful.

At this moment, Ye Feng and Long Zhantian were walking slowly in the inner area of the Demon's Nest, carefully exploring the situation inside the Demon's Nest.

They saw chaotic battle scenes and mountains of ancient corpses.

Buzz!

At this time, Ye Feng exuded his huge soul power and spread towards the surroundings, trying to detect the unusual aura of power.

And at the moment when Ye Feng released his soul power.

Boom!

A huge roar suddenly came from a certain direction not far away.

boom!

And almost at the next moment, Long Zhantian immediately burst out with a powerful cultivation momentum, directly releasing it on his back.

hidden power.

"Buzz!"

At this moment, a golden giant with a towering height of tens of thousands of meters appeared in the void behind Long Zhantian.

It is the power hidden in Long Zhantian's back.

Obviously, Long Zhantian felt a huge threat, so he instantly activated the hidden power on his back and condensed this golden giant.

Uh-huh!

Almost at the moment when all this was completed, there was a roar not far away, and an ancient demon with sharp black thorns rushed over.

This ancient demon looks very scary, very ancient, and feels very ferocious, and his power is indeed terrifying.

This ancient demon with black sharp thorns all over his body suddenly stretched out a huge demon claw, which was green and shiny, as if it was made of steel. In an instant, it grabbed Ye Feng and Long Zhantian, trying to grab them both. People are torn apart in an instant.

However, Long Zhantian had already been prepared. The golden giant behind him rushed forward and collided with this ancient demon covered in black thorns.

Boom!

When the two collided, a huge roar suddenly erupted.

At this moment, the golden giant couldn't help but take several steps back.

The ancient demon whose body was covered with sharp thorns was also prevented from attacking.

At this moment, Long Zhantian stared at the ancient demon covered with sharp thorns in front of him, and couldn't help but said: "Master Ye Feng, could this ancient demon be the evil weapon spirit in this demon's nest?" ? But the evil weapon psychic

It should be the state of the soul. "

Ye Feng shook his head and said aloud: "It should be an ancient demon controlled by an evil weapon spirit to sneak attack and attack us. That evil weapon spirit must be hiding in the dark and dare not confront us head-on."

Ye Feng spoke at this time, and charged directly towards the ancient demon with sharp thorns all over its body in front of him, and said loudly: "Suppress this ancient demon first, and then ask him where the evil weapon spirit is. place, as long as we capture the evil weapon spirit of the Demon's Nest, then we can find the place where the ultimate seal of the Demon's Nest is located, and see if we can rely on our strength to break the ultimate seal and obtain the Demon's Nest. The immortal true body of the ancient demon sealed in the ultimate seal."

And while Ye Feng was talking, Ye Feng had already inspired the immortal body of the God.

Buzz!

I saw one of Ye Feng's hands immediately turned into a big golden hand, like a towering steel mountain, attacking the ancient demon in front of him whose body was covered with sharp thorns.

Boom!

Boom!

Boom!

Each of Ye Feng's attacks was filled with terrifying power. Coupled with Ye Feng's powerful golden hands, he was able to defeat this ancient demon.

What's more, beside Ye Feng is Long Zhantian, who controls the golden giant to attack.

Therefore, under the suppression of the powerful combat power of the two top geniuses, this ancient demon covered with sharp thorns was completely suppressed at once, and was finally released by Ye Feng's golden hands and Long Zhantian's golden... The giant was oppressed and knelt on the ground.

"Roar!!"

At this moment, this ancient demon covered with sharp thorns roared crazily, but there was no any use.

The power of Ye Feng and Long Zhantian is really overwhelming.

So no matter how hard this ancient demon struggled, it was of no use.

At this moment, Ye Feng smiled coldly and said: "You should be the evil weapon spirit hiding somewhere in this devil's nest, secretly controlled and sent to assassinate us, please tell me quickly Where is the evil spirit that controls you?"

When the ancient demon heard what Ye Feng said, a strange smile suddenly appeared on his face, and he said loudly: "I didn't expect you two to be so powerful in cultivation. I thought they were just ordinary young geniuses. I didn't expect you to be." The top geniuses will just wipe out all of you. With your extremely advanced life essence, you might be able to open the ultimate seal in the Demon's Nest that I have been unable to open for thousands of years."

Hearing what the ancient demon in front of him said at this moment, Long Zhantian couldn't help but said: "Are you the evil weapon spirit?"

But at this moment, Ye Feng seemed to sense something, and his expression immediately changed, and he hurriedly said: "Long Zhantian, let's retreat quickly. This ancient demon is a puppet controlled by the evil weapon spirit remotely. He is Deliberately asking us to suppress this puppet so that it will explode!"

Almost at this moment, before Ye Feng could finish his words, the ancient demon in front of him suddenly erupted with a terrifying aura of power, and Zhenzhen actually self-destructed!

The self-destruction of an ancient demon whose cultivation strength was comparable to Long Zhantian's power was simply devastating and terrifying.

Boom! !

In an instant, the light of destruction directly enveloped Ye Feng and Long Zhantian who were very close at hand, crazily destroying their bodies and everything!

Chapter 5003 Caught

Boom! !

At this moment, the entire field suddenly erupted with a terrifying roar.

The infinite destructive power surrounded Ye Feng and Long Zhantian, destroying their bodies crazily.

This time, both Ye Feng and Long Zhantian underestimated their enemies.

Unexpectedly, the evil spirit of this Demon's Nest could be so cunning and ruthless, using the body of such a powerful ancient demon to attract two people, attracting them to the body of this ancient demon, thus making this The ancient demon exploded directly, destroying the two of them instantly, and then used their extremely advanced life essence to break the ultimate seal.

Obviously, this evil weapon spirit in the Demon's Nest has not given up breaking the ultimate seal in the Demon's Nest for so many years, and has been working hard. It is estimated that now it is only the last moment.

Therefore, the arrival of Ye Feng and Long Zhantian gave this evil weapon spirit a chance.

Boom!

At this moment, in the terrifying light of destruction, Ye Feng exploded his immortal body of the gods with all his strength.

Because Ye Feng didn't even have time to use any weapons. ??

Long Zhantian, on the other hand, quickly blocked the golden giant he had condensed in front of him in the moment of destruction.

At this time, Ye Feng's immortal body of the God suffered considerable damage due to the terrifying self-destruction and destructive power, and could not help but fly out.

The golden giant in front of Long Zhantian was destroyed, and more than half of his skin, flesh and bones were damaged.

At this time, Ye Feng was also seriously injured.

Both of them fell to the ground, motionless.

At this moment, when the evil weapon spirit observing in secret saw this scene, a look of deep surprise immediately appeared on his face, and he quickly flew out of the void.

He came out and transformed into a demonic form composed entirely of black light, walking towards Ye Feng and Long Zhantian who were lying on the ground.

At this time, the evil weapon spirit saw two top geniuses lying on the ground. It seemed that they had been seriously injured by the power of the ancient demon's self-destruction and were dying.

The evil weapon spirit immediately laughed very proudly and said aloud: "Two childish boys dare to fight against a ten thousand year old monster like me. They are really looking for death. My plan and the city are ruined. How can it be you guys?" Naive children can see through it!"

When he said this, the evil weapon spirit immediately came to Ye Feng and Long Zhantian, wanting to kill them both completely.

But suddenly at this moment.

Boom! !

A terrifying power suddenly burst out from Ye Feng's body.

Ye Feng's body was covered with golden light, as if he had transformed from a dying boy into a young god in an instant. He directly released his huge soul power and assisted physical attacks to turn this evil weapon composed entirely of black light. The spirit was directly enveloped in his own attack and could not escape.

"What??"

At this moment, the evil weapon spirit that Ye Feng jumped up to directly attack was actually trapped by Ye Feng's power.

He immediately screamed in disbelief and said: "How is this possible? Boy, you are obviously seriously injured and dying, how could you suddenly release such a powerful peak power?"

Ye Feng laughed loudly at this time and said aloud: "I was just about to be attacked by the destructive power of the ancient demon's self-destruction, and my injuries were serious.

Heavy, but I was lying on the ground, and I had already secretly used the spring of life in my body to help me recover from all my injuries, but I didn't move, just lying on the ground, waiting for you to come and collect our bodies. , to catch you off guard, this is what I call doing the same to others, and I will use the trick you just made just now. "

At this moment, Ye Feng laughed loudly, his tone full of excitement, and finally caught this evil weapon spirit.

At this time, Ye Feng looked at Long Zhantian, who was lying on the ground next to him. He was indeed dying and seriously injured.

Ye Feng quickly pulled Long Zhantian up, and then injected some life spring water into Long Zhantian's Dantian.

Buzz!

Long Zhantian received some power from the spring of life, and his injuries immediately began to recover.

Visible to the naked eye, Long Zhantian's damaged skin, flesh, and bones were beginning to reorganize, and finally healed directly.

Long Zhantian immediately said respectfully: "Thank you Lord Ye Feng for the reward."

Ye Feng nodded slightly at this time, then looked at the evil weapon spirit in front of him that was controlled by the light of his power, smiled coldly and said: "Now it's time to settle the score with the evil weapon spirit in the Demon's Nest. "

At this moment, Long Zhantian showed a cruel smile on his face and said loudly: "Leave it to me to help Lord Ye Feng do the torture. I am very experienced in this aspect."

Ye Feng nodded, and then asked Long Zhantian to torture this evil weapon spirit.

For the next few hours, Ye Feng heard the extremely painful screams of the evil weapon spirit.

It has to be said that this evil weapon spirit is still very determined and was tortured by Long Zhantian in various ways.

Neither gave in.

However, Long Zhantian had too many ways to torture people, almost hundreds of them.

So the evil weapon spirit was tortured until night, and finally its defenses were completely broken, and it finally gave in.

At this moment, Long Zhantian came to Ye Feng with the evil weapon spirit that had surrendered, and asked the evil weapon spirit to kneel in front of Ye Feng and accept the lecture.

Ye Feng looked at the evil weapon spirit in front of him at this moment and asked aloud: "Where is the ultimate seal of this Demon's Nest? Take us there directly. Also, the ultimate seal of this Demon's Nest is in your hands." After so many years of hard work, how long will it take to completely break it open? Tell the truth, otherwise, I will let Long Zhantian continue to torture you for seven days and seven nights."

Hearing what Ye Feng said, the evil weapon spirit immediately trembled with fear, because he really didn't want to experience all kinds of cruel and painful torture methods.

The evil weapon spirit immediately said: "I will take you to the place where the ultimate seal of the Devil's Nest is located. As for how to break the ultimate seal, you must sacrifice the life essence of a steady stream of creatures to break the ultimate seal. seal."

At this moment, while several people were walking, Ye Feng said aloud: "This small world of ancient ruins is completely empty. Where did you ask me to find so many living creatures for you? Apart from this method, what else is there? Is there any other way to break the ultimate seal?"

The evil weapon spirit thought for a moment, and then said aloud: "Besides this method, there is indeed another method, but this other method is almost impossible to achieve."

When Ye Feng heard what the evil weapon spirit said, he gave him a slap and said loudly: "You are already a prisoner, and you are still whining. It is a waste of time. Don't be pretentious and speak up quickly. "

Chapter 5004 Try refining

At this time, he was slapped by Ye Feng. This evil weapon spirit immediately became honest and did not show off. He directly said: "In addition to sacrificing the life essence of a large number of living beings, if you want to break this demon's power, There is another way to achieve the ultimate seal of the Devil's Nest, which is to refine the entire Devil's Nest and make the Devil's Nest your own magic weapon. In this way, you can control various things in the Devil's Nest, and naturally you can Break the ultimate seal in the Demon's Nest."

Hearing what this evil weapon spirit said, Ye Feng's eyes suddenly showed a look of surprise.

Long Zhantian, who was standing beside him, couldn't help but said: "It must not be that easy to refine the Demon's Nest. Otherwise, you, the weapon spirit, must have refined the entire Demon's Nest long ago. nest."

When the evil weapon spirit heard what Long Zhantian said, he immediately nodded and said loudly: "The Demon's Nest is a sacred object of the entire demon clan. Even if I am the weapon spirit of the Demon's Nest, during such a long process, It's impossible to truly refine and control the entire Demon Nest, let alone outsiders, so this method is basically impossible, so I didn't propose it alone."

At this moment, hearing what the evil weapon spirit in the Demon's Nest said, Ye Feng showed an expression of eagerness to try, and said loudly: "Then let me give it a try. There are some things that I don't want to try." How do you know?"

Hearing what Ye Feng said, the evil weapon spirit couldn't help but said: "It's not that I look down on the two human adults, but this kind of thing is simply impossible, because you have to know that I am the leader of all demons. The weapon spirit of the nest, when I used the life essences of so many powerful people in this ancient cultivation civilization, they were not able to help me refine the entire Demon's Nest, because the Demon's Nest has its own will. It was the first generation of Demon's Nest. It was left behind by the emperor, so it was impossible for the first generation of demon emperors to satisfy their will and control the entire demon nest. Even the subsequent dozen generations of demon emperors were unable to achieve true refining. And control the entire Demon's Nest, because the Demon's Nest was refined by the first-generation emperor of our starry sky demon clan, and the immortal true body of the ancient demon of the first-generation emperor is sealed in it, so I want to refine the entire Demon's Nest. The Devil's Nest must be approved by the will of the first generation Devil Emperor, but even I can't do this, let alone other foreigners."

Hearing what this evil weapon spirit said at this moment, Long Zhantian also frowned slightly, looked at Ye Feng beside him, and said loudly: "Master Ye Feng, I guess this evil weapon spirit is not lying about these words. , It's impossible for us to refine this Demon's Nest."

Ye Feng smiled slightly at this time and said aloud: "I still say the same thing, how will you know if you don't try?"

After finishing speaking, Ye Feng looked at the evil weapon spirit in front of him and said, "Where is the core area of the Demon's Nest that you want to refine? I'm going to give it a try."

Hearing what Ye Feng said, this evil weapon spirit could not stop anything. He could only nodded and led Ye Feng to walk quickly in a certain direction.

Long Zhantian followed.

Long Zhantian couldn't help but whispered: "Master Ye Feng, if you are not sure, don't try it easily, otherwise there may be serious consequences of being swallowed up by the evil forces in the Demon's Nest."

Hearing Long Zhantian's reminder, Ye Feng immediately nodded and said: "If there is really no way to refine the Demon's Nest, I will definitely disconnect in time."

While the two were discussing in low voices, the evil weapon spirit leading the way had stopped.

At this time, this is already a relatively deep place inside the Demon's Nest.

At this moment, something that looked like a console made entirely of black crystal appeared on the ground.

At the top is a huge nine-sided crystal ball.

At this moment, looking at this black nine-sided crystal ball, the evil weapon spirit said: "This is the main console that controls the entire Demon's Nest, and it is also the core of the entire Demon's Nest. If you want to refine the entire Demon's Nest, To reach the nest, you must pass through this nine-sided crystal platform."

Hearing what the evil weapon spirit said, Ye Feng nodded, looked at Long Zhantian beside him, and said loudly: "While I am refining the entire Demon's Nest, help me keep an eye on this evil weapon spirit. Don't Let him do something strange."

Long Zhantian immediately spoke out and said: "Don't worry, Lord Ye Feng. This evil weapon spirit has been trapped by Lord Ye Feng's power now. I'm guarding him, and there is no problem at all."

Ye Feng nodded, then walked directly to the crystal stage, stretched out a hand and placed it on the nine-sided crystal ball.

Buzz!

Almost the moment Ye Feng pressed his palm on the crystal ball, Ye Feng immediately felt a very vast demonic energy contained in the entire Demon's Nest.

The entire Demon's Nest felt to Ye Feng like a reserve station storing countless demonic energies.

At this moment, Ye Feng expressed this feeling, and the evil weapon spirit next to him immediately widened his eyes slightly, and said loudly: "I didn't expect that you, a human boy, could feel the entire Demon's Nest so clearly. state, this is simply impossible, but this is only a slight induction, and it cannot be far from refining the entire Demon's Nest, let alone controlling the entire Demon's Nest, but you are right about one thing, we The Devil's Nest of the Demon Clan is indeed the energy reserve of the Demon Clan. Each generation of Demon King is born in the Demon's Nest. By absorbing the demonic energy in the Demon's Nest, they grow their own strength and transform. Become a true king."

Hearing what the evil weapon spirit said at this time, Ye Feng immediately nodded excitedly.

If you can control the entire Demon Nest, you can not only unlock the ultimate seal and obtain the immortal body of the ancient demon, but you can also absorb the energy of the deep space demon clan stored in the entire Demon Nest. For Ye Feng, this is something very worthy of attention.

At this moment, Ye Feng immediately cut off contact with the outside world, completely calmed down, exported his magic power, and entered the Demon's Nest, trying his best to control and refine the entire Demon's Nest.

But suddenly at this moment.

Boom!

The entire Demon's Nest suddenly erupted with a terrifying roar.

Almost at the next moment, in front of Ye Feng, Long Zhantian and the evil weapon spirit, a demonic giant with a movement of several kilometers appeared in the inner space of the Demon's Nest!

But this demon giant exists in an illusory state.

The evil weapon spirit suddenly knelt on the ground with a pop, kowtowed and said loudly: "See the first generation Demon Emperor!"

Chapter 5005 The First Generation of Will

Buzz!

This demon giant is extremely majestic and huge. Although it is in an illusory state, it feels like a real demon giant appearing on the field, which makes Ye Feng and Long Zhantian have a very special feeling. Terrible feeling of depression.

At this moment, when they saw the evil weapon spirit, they knelt down and said that this demon giant was the identity of the first-generation Demon Emperor. Ye Feng and Long Zhantian immediately understood that this should be the one in the Demon's Nest back then. A giant figure formed by the will of the first-generation Demon King.

At this moment, Long Zhantian couldn't help but want to walk forward, as if he wanted to prevent Ye Feng from taking risks.

Ye Feng waved his hand and said: "It turns out to be the first generation will of the Demon Emperor, but no matter how powerful its will is, it does not pose any threat to me."

What Ye Feng said now was not because he was arrogant or conceited, but because Ye Feng really had this confidence.

First of all, Ye Feng's own soul power is very huge, because Ye Feng is a powerful soul master.

In addition, there is a big boss-level figure in Ye Feng's head, that is Emperor Chu.

The mysterious and unpredictable Emperor Chu is extremely terrifying when it comes to souls.

So at this moment, Ye Feng could not feel any fear even if he faced the phantom of the will of the first-generation Demon King.

At this time, Ye Feng just stared at the phantom of the Demon King's will manifested in front of him, and said slowly: "Are you the first generation Demon King in this Demon's Nest?"

Hearing Ye Feng's question, the phantom of the Demon King's will that appeared in the middle of the Demon's Nest space immediately made a majestic voice: "Yes, I am the first generation of the Demon clan. Emperor, who are you? Why do you have such power to come to the Demon's Nest and wake me up from my endless sleep?"

I heard about this Demon King

Will Shadow said this, and Ye Feng smiled slightly and said: "Because I want to refine and control the entire Demon's Nest, and I want to break the ultimate seal of the Demon's Nest and get the one sealed in it. The immortal true form of the ancient demon."

"Forehead....."

Hearing Ye Feng directly express his inner thoughts, Long Zhantian was a little dumbfounded. He seemed to have never expected that Ye Feng could be so simple and direct. He told the shadow of the will of the first generation Demon Emperor that he wanted to covet. The purpose of your Devil's Nest and the Immortal True Form of the Ancient Devil.

This is tantamount to a direct showdown.

At this moment, sure enough, after hearing what Ye Feng said, the first-generation Demon King was stunned for a moment, then became a little angry, and suddenly a terrifying killing intent broke out,

overwhelming, like It was the vast sea that enveloped Ye Feng, and he said loudly: "Human boy, you are so brave! You dare to plot the wealth and treasures of our deep space demon clan, and you also put your greed in this seat You said it directly in front of me, you are simply seeking death!"

Hearing what the first-generation Demon Emperor said, Ye Feng immediately smiled and said: "The reason why I dare to say it directly and simply is because I have the confidence. If you want to kill me, Then it depends on whether you have the strength."

Almost at the moment Ye Feng finished speaking, Ye Feng directly asked Emperor Chu to help him in his mind.

Because even if Ye Feng is a soul master with huge soul power, he probably won't be able to fight against such a terrifying existence as the first-generation Demon King from the deep space demon clan.

So at this time, Ye Feng simply asked Emperor Chu to take action.

At this moment, Emperor Chu nodded in his mind.

Then it appeared outside Ye Feng's body.

Buzz!

At this time, under the shocked gazes of Long Zhantian and the evil weapon spirit, a giant made entirely of crimson light suddenly appeared in the void behind Ye Feng.

The moment this crimson giant of light appeared, the soul pressure it exuded was not much worse than that of the first-generation Demon Emperor.

And more importantly, the crimson giant revealed by Emperor Chu was directly attacking the phantom of the will of the first-generation Demon Emperor, and actually wanted to fight the phantom of the first-generation Demon Emperor's will.

"What??"

Seeing this scene, the evil weapon spirit knelt on the ground and was stunned.

Because he has never seen anyone who dared to directly challenge the will of the first generation Demon Emperor. .??.

That is absolutely audacious!

But at this time, when the phantom of the will of the first-generation Demon Emperor saw Emperor Chu appear, it seemed to have seen something very terrifying, and it immediately couldn't help but said in horror: "What? How is it possible? You are from that place? How could you appear in the body of an ant..."

However, before the Demon King's Will Shadow could finish speaking, Emperor Chu had already shattered the first generation Demon Emperor's Will Shadow into pieces.

Obviously, Emperor Chu's attacks and power at the soul level were still overwhelming.

Anyway, Ye Feng has not seen anyone who can resist the soul level of Emperor Chu so far.

Therefore, even the shadow of the will of the first generation emperor of the deep space demon clan has no way to fight against a soul-level freak like Emperor Chu.

The moment Emperor Chu revealed his true form, he directly destroyed the will of this first-generation emperor without even saying a word.

Neither was fully said.

"How can this be....."

Seeing the scene in front of him at this moment, the evil weapon spirit who was still kneeling on the ground was stunned, shocked, and his eyes widened.

Because in his mind, the supreme and majestic first-generation emperor of the demon clan was actually killed by the red giant of light that emerged from Ye Feng's head.

Shocking!

Extremely shocking!

At this time, even Long Zhantian was shocked.

He never thought that Ye Feng actually had such a terrifying trump card in his head. Once he made a move, it would be such a thunderous force, crushing the will of the first generation Demon Emperor.

At this moment, after Emperor Chu defeated the will of the first-generation demon emperor, he turned into a red light again and returned to Ye Feng's head.

At this time, without the obstruction of the will of the first generation Demon King, Ye Feng successfully directly refined and controlled the entire Demon Nest, and found the location of the ultimate seal.

At this time, Ye Feng's eyes were filled with deep expectations, and he immediately said: "Let's go! Let's break the ultimate seal! Let's see how powerful the legendary immortal ancient demon's true form is. power."

Hearing what Ye Feng said at this time, Long Zhantian was also very excited. He followed Ye Feng and walked quickly towards the inner area of the Demon's Nest.

The evil weapon spirit also opened its mouth in shock and followed the two of them mechanically.

Because at this time, Ye Feng refined the entire Demon's Nest and became the master of the Demon's Nest, so he naturally became the master of the Demon's Nest's weapon spirit.

So at this moment, this evil weapon spirit can only follow Ye Feng obediently, and will have to obey Ye Feng's orders in the future.

Chapter 5006 The refining process

At this time, Ye Feng had completely refined and controlled the entire Demon's Nest, and he was naturally able to understand the various distributions of the entire Demon's Nest.

So at this moment, Ye Feng was able to sense where the ultimate seal was in the Demon's Nest.

At this time, Long Zhantian was following behind Ye Feng, his eyes filled with deep excitement.

Because even if Long Zhantian comes from a super power like the Daxuan Dynasty, he is naturally very excited and excited to witness the immortal body of an ancient demon that has been passed down from the age of gods.

At this time, the weapon spirit of the Devil's Nest followed Ye Feng and couldn't help but said: "It seems that you are destined to come here and get the immortal true body of the ancient devil, otherwise if so, it cannot be explained that as a human being, you possess such heaven-defying abilities."

Ye Feng glanced at the weapon spirit of the Demon's Nest next to him, just smiled faintly, and said aloud: "There is no destiny, it's just that I am strong. If my strength is not strong enough, then I will not be able to do it today no matter what. If you don't get the immortal true form of the ancient demon, you will even kill him directly and become a sacrifice for the entire Demon Nest."

At this time, Ye Feng said that he did not take action to obliterate the artifact spirit of the Demon's Nest, because now Ye Feng has completely controlled the entire Demon's Nest, so the artifact spirit of the Demon's Nest does not need to be wiped out. It has been taken care of. was controlled by Ye Feng.

Ye Feng might be able to help him by keeping this artifact spirit from the Demon's Nest.

Just as Ye Feng was thinking about it, he had already reached the deepest area of the Demon's Nest.

A huge ancient wall appeared here.

On this wall, there is an ancient totem engraved.

Ye Feng didn't recognize this totem and couldn't even describe the shape and appearance of this totem in words.

Ye Feng just saw that this totem seemed to be composed of all kinds of very weird and terrifying monsters.

At this time, Ye Feng didn't want to care so much. He directly controlled all the power in the Demon's Nest and began to attack the ultimate seal.

Boom!

At this moment, Ye Feng mobilized the power of the entire Devil's Nest and directly condensed black beams of light, which wildly bombarded the ancient totem engraved on the ancient wall in front of him.

Boom!

Along with a huge roar, the ancient totem on the ancient wall suddenly began to break apart quickly.

Seeing this scene, the weapon spirit of the Devil's Nest standing next to Ye Feng immediately couldn't help but sigh with a look in his eyes, and said loudly: "Although I am the weapon spirit of the Devil's Nest, but I have no right to mobilize the power of the entire Demon Nest. I can only use the life essence of outside creatures to destroy this ultimate seal. But now, Master Ye Feng, you control the entire Demon Nest and wipe out the first generation of demons. The emperor's will, now the entire Demon's Nest is completely under the control of Master Ye Feng. Master Ye Feng mobilizes the power of the entire Demon's Nest and attacks the ultimate seal crazily. Naturally, he can break the ultimate seal, because Even each generation of Demon Emperor cannot fully control the Demon Nest, because the consciousness of the first generation Demon Emperor who resides in the Demon Nest can only be controlled by the will of the first generation Demon Emperor. Complete control of the entire Demon's Nest, but Master Ye Feng

The man was even more powerful and directly wiped out the will of the first generation Demon Emperor. "

At this moment, the weapon spirit was talking, and Ye Feng had already used the entire power of the Demon's Nest to completely smash the ancient totems on this wall.

Boom!

At this moment, with a huge roar, the ancient wall in front of him collapsed.

Almost at the moment this ancient wall collapsed, a huge underground cave was revealed behind it.

In this underground cave space, a shocking giant corpse lies in it, giving people a very strong visual impact.

This giant is the immortal true form of the ancient demon left behind by the first generation Demon King!

This ancient demon's immortal true body is covered with black scales, and there are huge black wings covering tens of thousands of meters on its back. It feels like the legendary demon god, immortal and immortal. , which is very shocking.

At this time, Ye Feng, Long Zhantian and the weapon spirits from the Demon's Nest all walked into the space in front of them one after another.

The weapon spirits in the Demon's Nest were all staring at the immortal form of an ancient demon in front of them with eyes full of surprise.

Because even though the artifact spirit of the Demon's Nest has always existed in the Demon's Nest, he has never seen the immortal true form of the ancient demon left behind by the first-generation Demon Emperor. Now he can finally see the true form. Tolerate.

At this time, Ye Feng sensed it, his eyes full of surprise.

Because Ye Feng sensed it, although this ancient demon's immortal true body had lost its vitality, its mere body still contained explosive power. Once this majestic power burst out, it would absolutely turn the world upside down and crush mountains and rivers.

Ye Feng knew very well that the immortal true form of this ancient demon was definitely more terrifying and powerful than what the ancient demon had said before, and the power contained in it was almost comparable to that of gods.

At this time, Ye Feng did not hesitate at all. He immediately looked at Long Zhantian and the spirit of the Demon's Nest beside him and said, "You two protect me. I want to refine this immortal body of the ancient demon on the spot."

Long Zhantian immediately said, "Don't worry, Lord Ye Feng. Just refine this immortal body of the ancient demon. Leave the rest to me."

The spirit of the Demon's Nest seemed reluctant. After all, it wanted to get the immortal body of the ancient demon the most.

Because once the spirit of the Demon's Nest got the immortal body of the ancient demon, it would be able to merge with the immortal body of the ancient demon and become a very powerful existence.

However, now that Ye Feng has completely controlled the entire Demon's Nest, the spirit of the Demon's Nest can only dispel its inner thoughts and choose to follow Ye Feng honestly. In this way, it will not be directly wiped out by Ye Feng.

At this moment, Ye Feng did not hesitate at all. He immediately stretched out his hand and pressed it on the top of the head of the Immortal Body of the Ancient Demon. Then he directly output his mana and injected it into the body of the Immortal Body of the Ancient Demon, wanting to merge with the power of the Immortal Body of the Ancient Demon. Then Ye Feng separated a part of his spirit and the spiritual imprint and imprinted it in the head of the Immortal Body of the Ancient Demon, thus completing the entire refining process.

Chapter 5007 The huge benefit

Boom!

At this moment, Ye Feng's powerful mana surged out from Ye Feng's palm crazily, and quickly poured into the head of the immortal demon in front of him.

At this moment, Ye Feng had a profound connection with the immortal true form of this ancient demon.

Ye Feng could more clearly feel how terrifying the power contained in the immortal body of this ancient demon was.

Although the vitality has disappeared, and the demon's mana has also disappeared, but just the power of the body, the power of the body, it is also an explosion-like feeling.

Once this ancient demon's immortal true body is able to be used, it will be able to burst out with majestic power that can move mountains and reclaim seas.

At this moment, Ye Feng became even more excited. He continued to increase the output of his magic power, and separated a part of his soul directly into the head of this ancient demon's immortal form.

Finally, after several hours, Ye Feng successfully completed the entire refining process.

The entire refining process went very smoothly, and there were no problems. .??.

After all, Ye Feng has refined such a powerful body several times before, so Ye Feng is very experienced in this aspect and makes almost no mistakes.

At this moment, Ye Feng controlled the entire ancient demon's immortal body, and immediately took back his power. Then, in the shocked eyes of Long Zhantian and the weapon spirits of the Demon's Nest, Ye Feng faced directly in front of him. The immortal true form of the ancient demon said loudly: "Wake up."

Almost at this moment, the giant's eyes, which were the immortal true form of the ancient demon that had been silent for tens of millions of years, suddenly opened, and a pair of golden pupils appeared.

"Buzz!"

As the immortal true form of the ancient demon opened its eyes, a majestic power aura that destroyed the world and destroyed the world, as if it were the ancient prehistoric era, spread out all of a sudden, making Long Zhantian and the weapon spirits of the Demon's Nest all endure. I couldn't help but take several steps back.

Long Zhantian couldn't help but said in horror: "This kind of body is really...

..."

At this time, Long Zhantian stopped talking. It was obvious that he could no longer use any language or adjectives to describe this terrifying and majestic feeling.

In the end, Long Zhantian could only say: "It's really... too fierce!"

At this time, Ye Feng did not hesitate at all and directly controlled the body of the immortal demon in front of him, and suddenly stood up in the entire underground cave.

This ancient demon's immortal true form is more than 100,000 meters tall. After standing up, it looks like a soaring mountain, towering above the earth, giving people a very strong visual impact.

At this moment, Ye Feng felt a very strong feeling of control.

In Ye Feng's perception, the current immortal form of the ancient demon is definitely like his own arms and thighs, which he can command at will.

Because this ancient demon's immortal true body has become Ye Feng's second clone after being imbued with a soul mark by Ye Feng.

Therefore, Ye Feng commanding this immortal demon's true form is as convenient and convenient as commanding his own arms and thighs.

With just a thought, you can directly control this ancient demon's immortal form and perform any action.

This is many times simpler and more efficient than a puppet who doesn't share his mind.

Because Ye Feng and this ancient demon's immortal true body are completely connected mentally, and he can make this ancient demon's immortal true body make any move at any time.

At this time, after sensing all this, Ye Feng could be said to be extremely excited.

Because this time I got a huge advantage and gained huge wealth.

Whether it is the Demon's Nest itself or the immortal true form of this ancient demon, it is

For Ye Feng, those are definitely priceless treasures.

The Demon's Nest itself contains a very large amount of demonic energy, which allows Ye Feng to absorb these high-level demonic energies on a regular basis and use them to strengthen his own skills and practice.

The Demon's Nest itself is also a huge space container that can store all kinds of things and can also span the interstellar universe, which shows that the Demon's Nest itself is very strong and difficult to destroy.

Apart from that, the biggest gain is of course the immortal true form of the ancient demon.

This ancient demon's immortal true body has now become Ye Feng's second clone.

Even if you don't have any vitality and magic power, and you can't use the magical powers of the demon clan, just relying on the power of your body, it is still extremely terrifying!

"Congratulations to Lord Ye Feng, congratulations to Lord Ye Feng!"

Long Zhantian couldn't help but clasped his fists and said loudly.

At this time, the weapon spirit of the Demon's Nest couldn't help but said: "Congratulations to Master Ye Feng for successfully obtaining the priceless treasure of the Immortal Demon's True Body. From now on, Master Ye Feng's strength will be greatly improved." Earth-shaking changes."

Ye Feng nodded slightly at this time, smiled and said: "This ancient demon's immortal form is indeed very terrifying and very powerful."

At this time, Ye Feng put the immortal form of the ancient demon into his storage ring so that he could release it at any time during battle.

At this moment, Ye Feng looked at Long Zhantian beside him and said, "Let's go out directly."

Long Zhantian nodded, followed Ye Feng, and the two walked out of the devil's nest.

At this moment, after Ye Feng and Long Zhantian walked out of the Demon's Nest, Ye Feng looked at the Demon's Nest in front of him, which looked like a flying saucer in the universe, and directly stretched out his hand.

Buzz!

The next moment, Devil's Nest is directly fast

It shrunk, and finally shrank to the size of a palm, falling into the palm of Ye Feng's hand.

Ye Feng said to the Demon's Nest: "Item Spirit, please stay in the Demon's Nest for the time being. Help me control everything in the Demon's Nest and obey my orders at any time."

Qi Ling of the Demon's Nest suddenly said respectfully in the Demon's Nest: "I will obey Master Ye Feng's order."

At this moment, Ye Feng put this Demon's Nest into his storage ring, then took a deep breath, with uncontrollable excitement in his eyes.

This time I really got a huge benefit!

At this moment, Ye Feng looked at Long Zhantian beside him and said aloud: "Since I have obtained the greatest opportunity in this small world of ancient ruins, we can leave directly and return to the Five Poisons. Inside the gate, let's see how to find the corpse of the god that was obtained by the founder of the Five Poison Sect."

You know, the immortal true form of the ancient demon is only close to the gods. In fact, it is still not as good as the real gods, but it is already so terrifying and powerful.

From this, you can imagine what great value a real god's body contains!

Ye Feng naturally wanted to get it very much.

Long Zhantian spoke out at this time: "As long as we search carefully, we will definitely be able to find the body of the god among the Five Poison Sects. If it doesn't work, I'll see if I can contact my

father and ask him to come from the Daxuan Dynasty. From the prince's mansion, send me some strong men from the super powerful forces to assist us."

Ye Feng immediately shook his head and said loudly: "This matter is too involved. You must not let the father behind you know about it. Otherwise, it is likely to cause unnecessary trouble. After all, even those powerful people from super powerful forces will not know about it." He must be very greedy for the corpse of a god."

Hearing what Ye Feng said, Long Zhantian nodded quickly and said, "What Master Ye Feng said is that my consideration was too one-sided."

Chapter 5008 Ancestor Poison Cloud

At this time, Ye Feng and Long Zhantian were talking as they flew quickly towards the entrance of this small world of ancient ruins.

Because of the chance creation in this small world of ancient ruins, including the greatest treasure, the Demon's Nest and the immortal true form of the ancient demon sealed in the Demon's Nest, all have been obtained by Ye Feng.

So Ye Feng has now obtained the most valuable good things in this small world of ancient ruins, and has almost collected other cultivation resources. Ye Feng naturally wants to leave this small world of ancient ruins, and does not want to continue to waste time in this place. .

Because Ye Feng's current cultivation level is already very high, ordinary cultivation resources can no longer satisfy Ye Feng, so Ye Feng naturally will not waste time here, but chooses to take Long Zhantian and leave here quickly.

But now the two of them have just walked out of the Demon's Nest and put the Demon's Nest into the storage ring.

Uh-huh!

Suddenly a figure appeared not far away.

It turned out to be an ancient evil.

It was the ancient evil that was threatened by the two men before.

At this moment, the ancient demon immediately said in shock: "Two human adults, I didn't expect that even the Demon's Nest was captured by you. This is really incredible!"

At this moment, seeing this ancient demon appear again, both Ye Feng and Long Zhantian had a look of surprise in their eyes, as if they did not expect that this ancient demon who had been severely punished by them before would not only Instead of running away, he stayed here waiting for them.

Ye Feng's eyes became interested, and he couldn't help but smile and said, "Why are you still here? Aren't you afraid of the two of us?"

Hearing what Ye Feng said, the ancient demon immediately knelt down in front of the two of them in astonishment, kowtowed fiercely and said: "I have been sealed for tens of millions of years." , now I have nothing to rely on in this world, I am all alone, and I am still a big devil. If I go out, I will definitely be yelled at and beaten by everyone, so I saw that the two human adults have such powerful abilities, Although I am a high-level great devil, I am now willing to work with two people

The purpose of kowtowing in front of the clan elders is to be able to follow the two adults and serve them. "

"Forehead?"

Hearing what this high-level demon said, Ye Feng's eyes suddenly showed a look of surprise.

Long Zhantian smiled slightly at his side, looked at Ye Feng, and said loudly: "Master Ye Feng, this high-level demon has extraordinary blood and is also very knowledgeable. It's better to keep it. Maybe he can do it in the future." It will be a great help to you to become Lord Ye Feng."

When Ye Feng heard what Long Zhantian said, he nodded slightly and said, "Okay, then let him follow us."

Although this high-level demon is not very powerful, he still has great potential in the future.

As long as he can stimulate the power of his high-level demon blood, he can transform and become very powerful, and he will be a good fighter in the future.

At this moment, Ye Feng looked at the high-level demon in front of him, smiled and said: "Get up, follow us from behind, and do things for me."

When the senior demon heard that Ye Feng agreed, he immediately said happily: "Thank you for your appreciation, sir!"

At this time, the senior demon walked directly behind Ye Feng and stood with Long Zhantian.

At this time, the senior demon also saw that among the two human adults, Ye Feng was still the main body, because Long Zhantian also looked at Ye Feng's head.

Whatever Ye Feng says, that's what it is.

So this high-level demon immediately understood that Long Zhantian was also Ye Feng's follower.

This made the senior demon even more shocked by Ye Feng.

Because the high-level demon had already experienced Long Zhantian's powerful strength and cruel methods before.

A top genius like Long Zhantian, who is so arrogant and arrogant, is so powerful and his methods are so cruel, he is willing to follow

Being next to Ye Feng and looking up to Ye Feng is enough to show how terrifying Ye Feng's strength is, so that a top genius like Long Zhantian, who is arrogant and arrogant, is willing to stay in Ye Feng's body. As a vassal.

The high-level demon can't even imagine it at this moment!

And just when the senior demon was secretly amazed, Ye Feng, with Long Zhantian and the senior demon, had arrived at the entrance to the small world of ancient ruins.

At this moment, Ye Feng seemed to have thought of something, and immediately took out a set of large black robes from his storage ring, threw it to the high-level demon behind him, and said loudly: "Your identity, After all, you are a little sensitive, so you cover yourself with this black robe so that no one can see your appearance. "

Hearing what Ye Feng said, the senior demon immediately said: "Thank you, Master Ye Feng, for this set of black robes."

At this moment, after the senior demon finished speaking, he directly put on this set of black robes on himself.

At this time, the high-level demon was shrouded in black robes. As long as he didn't take action or reveal his demonic aura, no one would be able to discover that there was an ancient demon under the black robe.

At this time, when Ye Feng saw this scene, he nodded with satisfaction, and then led Long Zhantian and the high-level demon into the entrance teleportation array of this small world of ancient ruins.

Buzz!

Following a violent spatial fluctuation, the three figures immediately disappeared into this small world of ancient ruins.

The next moment, the three of them opened their eyes, and they had returned to the mountains outside the Five Poison Gate of the Ten Thousand Demons Interface.

At this moment, after taking a look at the dense jungle around him, the high-level demon standing aside suddenly said with great emotion: "I have been locked in the dark space for tens of millions of years, and I can finally come out again." It's so exciting to breathe in the free and fresh breath of nature between heaven and earth."

The high-level devil at this moment is not pretentious, but really comes from the heart.

emotion.

Because he was locked in a dark space for tens of millions of years, he was probably going crazy due to suffocation.

Now that I can follow Ye Feng out of this small world of ancient ruins and come to the real big interface, I am naturally very happy and excited.

Ye Feng glanced at the high-level demon beside him and didn't say much.

The reason why Ye Feng wanted to accept this high-level demon as his thug was naturally because Ye Feng wanted to plot the corpse of the god in the Five Poison Sect.

It may be difficult to support yourself alone, so gathering more helpers will definitely be of great benefit.

Uh-huh!

And just as Ye Feng was thinking in his heart, a fiery red figure suddenly flew over not far away.

This is a beautiful young woman, who is actually Ye Feng's disguise as the disciple of the inner sect's great elder, the Enchantress.

At this moment, Enchantress seemed to have very nervous eyes.

However, when she saw Ye Feng and others appearing at the door of the teleportation station, she immediately showed a look of joy on her beautiful face. She quickly flew over and said respectfully: "Master, you have finally emerged from the small world of ancient ruins. Out!"

When Ye Feng saw Enchantress in a hurry, he couldn't help but asked in surprise: "What happened to make you so worried?"

Ye Feng was secretly thinking at this time, could it be that his identity was exposed?

But the next moment, Enchantress spoke out: "Master, something bad has happened. You killed the third elder in the small world of ancient ruins. The third elder's master is also a member of our Five Poison Sect elders." A supreme elder, called Ancestor Duyun, learned about your killing of the third

elder through some secret method. Now this Ancestor Duyun has led many strong men under his command and made us the Master of the Five Poison Sects. The cave where you live was directly destroyed, and they threatened that Master, if you go back, you will be brought to justice and thrown into the prison of the Five Poison Gates, where you will be tortured to your heart's content! Master, what should I do? Why don't you go back and hide outside."

Chapter 5009 What is it?

At this time, when Ye Feng heard what the Enchantress said, Ye Feng's eyes immediately turned cold and he couldn't help but said: "How dare you smash my living cave? Doesn't this Poisonous Cloud Patriarch not want to live? ?"

Hearing what Ye Feng said, Yao Ji immediately changed her face and said quickly: "Master, this Patriarch Duyun is the Supreme Elder of our Five Poison Sect Elders, and the elder of our Five Poison Sects. Group, that is a group of existences that are more advanced than the leader. Each of them is a supreme elder who was a famous strong man of the Five Poison Sect in the past. In the end, he chose to practice quietly in the deep space of the Five Poison Sect and became The Supreme Elder is the core senior figure in charge of the entire Five Poison Sect. Therefore, even if Master, you are the Great Elder of the inner sect, in front of the Supreme Elder of our Five Poison Sect elder group, you are not that powerful. So I am anxious to come to the entrance of this small world of ancient ruins, wait for Master to come out, and then tell Master about this, Master, you can hide outside. "

Ye Feng immediately smiled and said: "No need to hide, go directly to see if this Poison Cloud Ancestor is really as powerful as you say."

Hearing what Ye Feng said, the Enchantress' face suddenly became very ugly. After all, she really needed Ye Feng as a supporter and didn't want to see Ye Feng die.

If Ye Feng is really imprisoned by Ancestor Duyun and enters the prison of the Five Poison Gates, then everything about Enchantress will be gone. That's why Enchantress is so worried about Ye Feng. In fact, she is more concerned about her own safety. Benefit.

At this moment, Ye Feng looked at Long Zhantian and the senior demon beside him, and said, "Let's go to the Five Poison Gate to take a look."

Long Zhantian showed no fear at all, his face was very calm, and he followed Ye Feng.

The three of them flew quickly towards the Five Poison Gate.

As for the enchantress who was standing there, she suddenly became very shocked when she saw that her master, including the others around her, were so calm.

Enchantress is among the Five Poison Sects, but she knows very well how powerful and powerful the Supreme Elder among the Five Poison Sects' elders is.

When it comes to the Elder Group, all the disciples in the Five Poison Sect will probably subconsciously feel very scary and fearful.

But his master and several of his friends didn't seem to be afraid at all.

Enchantress could only bite the bullet and follow behind Ye Feng and others.

At this moment, Ye Feng, along with Long Zhantian and the high-level demon, had returned to the Five Poison Sect.

The cultivation strength of the high-level demon was actually very strong, but he was suppressed by the two freaks Long Zhantian and Ye Feng.

This time, Ye Feng just asked the senior demon to test his strength.

At this moment, Ye Feng, along with Long Zhantian and the high-level demon, had arrived at the Five Poison Sect.

At this time, Ye Feng came directly to his place of residence.

Sure enough, the cave on the mountainside had been smashed to pieces, and there were several young disciples guarding it, seemingly waiting for Ye Feng's return.

At this time, Ye Feng suddenly appeared here. These disciples guarding Ye Feng Cave Mansion should all be under the command of the Ancestor Duyun. Their expressions suddenly changed, and then they hurriedly sent out signals.

At this time, I saw Ye Feng and

Without stopping them from transmitting the signal, these disciples became bolder, because Patriarch Duyun came over immediately after seeing the signal.

At this moment, these disciples under Duyun Ancestor immediately stared at Ye Feng and said coldly: "Inner Sect Great Elder, you are so brave, you dare to enter the small world of ancient ruins. After killing the third elder, don't think that no one knows about it because you killed the third elder in the ancient ruins. Our master, Ancestor Duyun, has already learned that you killed the third elder through a secret spell. Regarding the elder's matter, you'd better plead guilty and be imprisoned in our Five Poison Sect's prison for five hundred years, and declare your allegiance to our ancestors. In this case, maybe our ancestors will spare your life. "

Hearing what these disciples said, Ye Feng immediately burst out laughing and said, "Who is Patriarch Duyun?"

The reason why Ye Feng is so confident at this moment is naturally because Ye Feng's strength has increased too much in the small world of ancient ruins this time, and he has a lot more trump cards.

What's more, there are two super thugs, Long Zhantian and Senior Demon, beside him. Ye Feng naturally has no fear.

At this time, hearing Ye Feng say such arrogant words, the disciples who were arranged by the Duyun Ancestor to guard the cave were naturally very surprised and said angrily: " Great Elder of the Inner Sect, you are so brave!"

Uh-huh!

But the next moment, Ye Feng suddenly stretched out his hand and waved, and a terrifying force and vigor burst out, directly blowing away the young disciples who were scolding Ye Feng and directly hitting them. On the mountain not far away, a large piece was smashed into pieces, and then it was buried in the ruins. Life or death is unknown.

"You are so brave!"

But suddenly at this moment, a very majestic old voice sounded.

The next moment, surrounded by hundreds of young disciples, an old man wearing a luxurious golden robe descended directly from the sky.

This old man looks like a child with fair hair and a fairy-like air, which is somewhat incompatible with the style of a demon sect like the Five Poison Sect.

However, this old man's old eyes exuded an evil red light, giving him an eerie feeling.

This person is the master of the third elder, one of the supreme elders among the elders of the Five Poison Sects, Patriarch Duyun!

At this moment, Patriarch Duyun stared at the disciples who were buried in the ruins not far away. Then he looked at Ye Feng and couldn't help but said: "Inner Sect Great Elder, you know these disciples. You are a disciple of my ancestor, and you dare to hurt them. You are really audacious. I originally wanted to talk to you politely today, but it seems that there is no need to be polite. I want to treat you like this. The daring elder of the inner sect was directly suppressed and thrown into prison. "

Ye Feng laughed loudly at this time and said loudly: "Old man, you smashed my cave and you dare to say anything polite to me? Today you want to suppress me and put me in jail. Isn't that right? It's possible, because the one who was suppressed in the end was definitely you, the old guy!"

"Arrogant!"

Hearing what Ye Feng said, Ancestor Duyun immediately said coldly: "It seems that we Supreme Elders have not taken action for too long. You new juniors in the sect have forgotten what fear and awe are. Awe." At this time, Ye Feng's eyes suddenly turned cold when he heard the Enchantress say something like this. He couldn't help but said, "How dare you destroy my cave? Ancestor Duyun doesn't want to do this. Are you alive?"

Hearing what Ye Feng said, Yao Ji immediately changed her face and said quickly: "Master, this Patriarch Duyun is the Supreme Elder of our Five Poison Sect Elders, and the elder of our Five Poison Sects. Group, that is a group of existences that are more advanced than the leader. Each of them is a supreme elder who was a famous strong man of the Five Poison Sect in the past. So I am anxious to come to the entrance of this small world of ancient ruins, wait for Master to come out, and then tell Master about this, Master, you can hide outside. "

Ye Feng immediately smiled and said: "No need to hide, go directly to see if this Poison Cloud Ancestor is really as powerful as you say."

Hearing what Ye Feng said, the Enchantress' face suddenly became very ugly. After all, she really needed Ye Feng as a supporter and didn't want to see Ye Feng die.

If Ye Feng is really imprisoned by Ancestor Duyun and enters the prison of the Five Poison Gates, then everything about Enchantress will be gone. That's why Enchantress is so worried about Ye Feng. In fact, she is more concerned about her own safety. Benefit.

Long Zhantian had no fear at all, his face was very calm, and he followed Ye Feng.

The three of them flew quickly towards the Five Poison Gate.

As for the enchantress who was standing there, she suddenly became very shocked when she saw that her master, including the others around her, were so calm.

Enchantress is among the Five Poison Sects, but she knows very well how powerful and powerful the Supreme Elder among the Five Poison Sects' elders is.

When it comes to the Elder Group, all the disciples in the Five Poison Sect will probably subconsciously feel very scary and fearful.

But his master and several of his friends didn't seem to be afraid at all.

Enchantress could only bite the bullet and follow behind Ye Feng and others.

Regarding the elder's matter, you'd better plead guilty and be imprisoned in our Five Poison Sect's prison for five hundred years, and declare your allegiance to our ancestors. In this case, maybe our ancestors will spare your life."

Hearing what these disciples said, Ye Feng immediately laughed out loud and said, "Who is Patriarch Duyun?"

The reason why Ye Feng is so confident at this moment is naturally because Ye Feng's strength has increased too much in the small world of ancient ruins this time, and he has a lot more trump cards.

What's more, there are two super thugs, Long Zhantian and Senior Demon, beside him. Ye Feng naturally has no fear.

At this time, hearing Ye Feng say such arrogant words, the disciples who were arranged by the Duyun Ancestor to guard the cave were naturally very surprised and said angrily: "Great Elder of the Inner Sect, you are so brave!"

Uh-huh!

But the next moment, Ye Feng suddenly stretched out his hand and waved, and a terrifying force and vigor burst out, directly blowing away the young disciples who were scolding Ye Feng and directly hitting them. On the mountain not far away, a large piece was smashed into pieces, and then it was buried in the ruins. Life or death is unknown.

"You are so brave!"

But suddenly at this moment, a very majestic old voice sounded.

The next moment, surrounded by hundreds of young disciples, an old man wearing a luxurious golden robe descended directly from the sky.

This old man looks like a child with white hair and a fairy-like air, which is somewhat incompatible with the style of a demon sect like the Five Poison Sect.

However, this old man's old eyes exuded an evil red light, giving him an eerie feeling.

This person is the master of the third elder, one of the supreme elders among the elders of the Five Poison Sects, Patriarch Duyun!

At this moment, Patriarch Duyun stared at the disciples who were buried in the ruins not far away. Then he looked at Ye Feng and couldn't help but said: "Inner Sect Great Elder, you know these disciples. You are a disciple of my ancestor, and you dare to hurt them. You are really audacious. I originally wanted to talk to you politely today, but it seems that there is no need to be polite. I want to treat you like this. The daring elder of the inner sect was directly suppressed and thrown into prison. "

Ye Feng laughed loudly at this time and said loudly: "Old man, you smashed my cave and you dare to say anything polite to me? Today you want to suppress me and put me in jail. Isn't that right? It's possible, because the one who was suppressed in the end was definitely you, the old guy!"

"Arrogant!"

Hearing what Ye Feng said, Ancestor Duyun immediately said coldly: "It seems that we Supreme Elders have not taken action for too long. You new juniors in the sect have forgotten what fear and awe are. Awe."

Chapter 5010 The vassal takes action

At this time, after Patriarch Duyun finished speaking, a young man wearing black armor suddenly walked out from among the group of young people in front of him.

This young man in black armor is very tall and towering, giving the impression that he is standing there like an iron tower, with a very deep sense of oppression, like a ruthless war machine.

At this moment, this young man wearing black armor and holding a golden battle ax immediately said disdainfully: "Ancestor, this so-called great elder of the inner sect is just a frail old man. , There is no need for you, ancestor, to take action personally, the disciples can directly kill this arrogant inner sect elder."

At this moment, this young man wearing black armor spoke very domineeringly, and was obviously very powerful. He was probably a powerful being who had been practicing in the inner world of the Five Poison Sect with Ancestor Duyun.

At this time, the young man in black armor stepped forward and stared at Ye Feng opposite.

At this moment, Ancestor Duyun smiled faintly and said loudly: "Okay, then I will leave this inner sect great elder to you to deal with. I really don't bother to take action against such a small character."

The young man in black armor nodded immediately, his eyes full of wildness, and stared at Ye Feng not far away for an instant. A ferocious smile suddenly appeared on his face, and he said loudly: "Although you are The great elder of the inner sect of the Five Poison Sect, but the real foundation and powerful existence of the Five Poison Sect are in the inner small world. You dare to kill the third elder. The third elder is my most beloved junior brother. The ancestor thought If I want you to pay the price, then I will beat you to a disability first, and then slowly torture you, so that you will

know how miserable the consequences will be for offending members of our Duyun Ancestor lineage."

At this moment, Ye Feng was about to say something. The high-level demon next to him was wrapped in a black robe and suddenly let out a rather low voice.

Shen's voice: "Master Ye Feng, this young man wearing black armor does not need Master Ye Feng to take action personally. Just let me deal with it."

At this moment, when Ye Feng heard what the senior demon said, he looked at him in surprise. He didn't expect that this senior demon could actually use the wind to steer the ship.

After all, it would be disrespectful for Ye Feng to fight directly with this young man in black armor.

It would be best to let the high-level demons under Ye Feng take action.

Ye Feng nodded at this moment and said: "Okay, then you can go over and fight with him."

At this time, Ye Feng stood firmly behind him, looking at the Duyun Ancestor through the air.

Obviously, Ye Feng has already placed himself on the same level as Patriarch Duyun.

At this moment, Ancestor Duyun immediately snorted coldly and said aloud: "I didn't expect that a small elder of the inner sect has a lot of face. He didn't take action himself, but sent someone under his command to take action. Look. You are very confident in your subordinate, but you will know later that there is no use in pretending. "

And the moment Patriarch Duyun finished speaking, his disciple, the young man wearing black armor, suddenly burst out with his extremely powerful cultivation aura, and charged directly towards the high-level demon in front of him. And go.

This young man wearing black armor, as the top disciple of Ancestor Duyun, has very terrifying cultivation strength and methods.

At this moment, his face was full of confidence and he showed a ferocious smile.

He said aloud: "How dare you stand up for the Inner Sect Great Elder? You must know that your value as a disciple of a small Inner Sect Great Elder is far inferior to that of a disciple of an ancestor like me. , I will let you know how big the gap is between us."

Boom! !

Almost as soon as the young man in black armor finished speaking, he held the golden ax in his hand and immediately slashed towards the high-level demon.

The big golden ax in his hand burst out with brilliant golden light, condensing into an extremely sharp axe-blade light, which seemed to be able to cut the entire heaven and earth in half. It seemed that everything in the world was about to fall under this axe. , was chopped into pieces. ??

But at this moment, the high-level demon suddenly burst out with a terrifying demonic energy, and then a demonic claw covered with black scales stretched out directly from under the black robe, which also expanded in an instant. , turned into huge claws made of steel, and directly collided with the golden axe.

Boom! !

The entire field suddenly erupted with a huge roar.

The big golden ax struck the devil's claw, but it didn't break the devil's claw. Instead, it was blocked by the high-level devil.

"What? How is this possible??"

Seeing this scene, the young man in black armor, who had been so confident just now, was suddenly shocked to the extreme.

Even the group of disciples under Ancestor Duyun behind him, including Ancestor Duyun himself, all had deep surprises in their eyes.

Because the person fighting against this young man wearing black armor now is not Ye Feng himself, but one of Ye Feng's disciples.

☹️ A small disciple can actually fight to a tie with a young man wearing black armor. This is enough to show how terrifying Ye Feng is. He has such a profound background that he does not need to take action. A vassal under his command, You can fight against the eldest disciple of Ancestor Duyun.

So this naturally made everyone present feel deeply surprised. They did not expect that a small inner sect elder could have such a powerful existence.

At this moment, this young man wearing black armor felt huge shame. After all, he had said before that he could directly kill Ye Feng, the great elder of the inner sect.

But now, he didn't even touch the corner of Ye Feng's clothes, and was directly blocked by one of Ye Feng's subordinates. Naturally, the young man in black armor who had bragged before felt deeply ashamed.

The young man in black armor immediately stared at the high-level demon and said loudly: "I didn't expect you to be a foreigner with such sharp and strong claws, but this does not mean that you can fight against me. Once the true means and inheritance are released, the power they unleash will definitely be beyond the imagination of a little person like you!"

"Golden War God's Ax!"

Almost at that moment, the young man in black armor directly activated the defensive power of the golden ax in his hand.

boom!

I saw a huge golden light burst out from inside the big golden axe, and directly in the void behind the young man in black armor, a majestic golden giant with a height of several kilometers was condensed.

This golden giant also held a larger ax in his hand, just like the law of heaven and earth, giving this young man in black armor an unparalleled power boost!
