

Ancient 5011

Chapter 5011 It's hard to accept

At this time, the power released by this young man in black armor was exactly the power contained in the peerless magic weapon in his hand.

So he directly condensed a towering golden giant in the void behind him, with unparalleled power.

At this moment, the fighting power of the young man in black armor was incomparably strengthened.

The golden giant dharma image behind him gave this young man in black armor an extremely powerful strength bonus.

At this moment, this young man in black armor flew directly to the high altitude, and actually condensed with the heaven and earth laws he had condensed, and then held a huge golden ax that was several kilometers long in his hand, and once again Attacking towards the high-level demon.

This time, the demon's claws of the high-level demon could no longer withstand the terrifying power of heaven and earth, and were sent flying backwards.

"Hahaha!"

Seeing this scene, the young man in black armor burst out laughing and said disdainfully: "I unleashed my true power, and a little guy like you really can't resist my attack, because you don't have any power at all. "

At this moment, the senior demon climbed up from the ruins not far away. The black robe on his body was also in pieces, revealing his body as a demon.

At this moment, the senior demon also showed a ferocious smile on his face, and said loudly: "In this case, I don't have to hold back."

Boom! !

At this moment, the high-level demon no longer concealed his identity and unleashed the power of his demon clan with all his strength.

I saw that the entire body of the high-level demon was rapidly expanding.

The high-level demon obviously no longer held back at this moment, and directly inspired the power of his ancient demon's original bloodline, which directly caused his entire body to expand into a majestic demon giant with a height of tens of thousands of meters.

This demon giant's body was covered with black scales, as if it were made of steel, and there were eighteen black wings growing on its back.

When each wing is spread out, it blocks out the sky and the sun, instantly giving people a sense of oppression as dark clouds press over the sky.

At this time, the high-level demon turned into an ancient demon giant, and its combat power and endurance also skyrocketed unparalleled.

At this moment, the high-level demon transformed into a demon giant and charged towards the young man in black armor, possessing terrifying power.

Boom boom boom!

At this moment, the high-level demon turned into a demon giant, waving the demon claw in his hand frantically.

His devil's claws have become several kilometers long. Each devil's claw seems to be made of the strongest steel in the world. Under the sunlight, it shines with a cold metallic luster and has a terrifying Ruggedness and sharpness.

The crazy attack made the golden giant transformed into a golden giant from the young man in black armor unable to withstand the attacks, and was retreating steadily after being attacked.

"What??"

Seeing this scene on the field at this moment, Patriarch Duyun and a group of young disciples under his command suddenly showed deep horror in their eyes. It seemed that they did not expect that the strongest among their disciples in their lifetime. The eldest disciple, that is, the young man in black armor, after releasing all his trump cards and power, was unable to resist Ye Feng, the vassal of the inner sect's great elder.

This is really unbelievable and difficult for everyone to accept.

At this moment, Ancestor Duyun saw his eldest disciple being beaten back by the high-level demon. Ancestor Duyun suddenly felt that he was losing face, and he directly stretched out a hand towards the high-level demon. Attack away.

Ancestor Duyun said cruelly: "I'm just a clown, I'll die immediately!"

You know, the cultivation strength of Patriarch Duyun is very terrifying. After all, he is five

An ancestor-level figure in the Poison Sect.

So the moment his attack broke out, the high-level demon couldn't resist it no matter how powerful it was.

Because the cultivation strength of this Duyun Ancestor is estimated to be a full six or seven realms higher than that of the high-level demon.

At this moment, the hand of the Poison Cloud Patriarch stretched out and turned into a poisonous hand, which was tens of thousands of meters long and covered the sky, as if it could suppress the heaven and the earth.

At this moment, the entire body of the senior demon was about to collapse.

But at this moment, Ye Feng suddenly snorted and said: "Ancestor Duyun, when our subordinates are fighting, you, an ancestor-level figure, take action, are you a bit bullying the small ones?"

Uh-huh!

After saying that, Ye Feng also took action boldly without any fear.

Ye Feng also stretched out a hand at this moment. His hand immediately turned into a big golden hand, possessing majestic power and eternal sturdiness. It directly collided with the poisonous hand of Patriarch Duyun. Together.

Boom! ! ??

The two big hands collided with each other, which directly produced a terrifying roar, like thunder in the sky and earth, which suddenly caused many surrounding mountains to be shaken and shattered.

The collision between the two turned out to be evenly matched.

"What?"

Seeing this scene, the group of young disciples around Ancestor Duyun suddenly widened their eyes.

Even Ancestor Duyun himself had a look of surprise in his eyes, as if he did not expect that Ye Feng, a small elder of the inner sect, could really fight against him.

After all, everyone just felt that Ye Feng, the great elder of the inner sect, was just putting on airs and pretending to be tough. In fact, his own strength was much worse than that of the Duyun Ancestor.

But now it seems that the fighting power of Ye Feng, the great elder of the inner sect, is equally terrifying.

"This...how is this possible??"

At this time, a young disciple behind Duyun Ancestor couldn't help but said in horror: "The cultivation aura of this inner sect great elder is obviously three or four realms lower than our

ancestor, but his How can you compete with our ancestors in combat power? This is simply impossible!”

At this moment, Ancestor Duyun’s eyes were also a little gloomy.

After all, in the eyes of Ancestor Duyun, ordinary elder-level existences like Ye Feng were nothing more than ants.

But now, Ye Feng was able to confront him face to face, which naturally made Ancestor Duyun very embarrassed.

At this moment, the roar caused by the random collision between Ye Feng and Du Yun Ancestor caused a huge commotion, shaking the entire Five Poison Sect.

Uh-huh! Uh-huh! Uh-huh!

At this moment, many powerful men and disciples from the Five Poison Sects, including some big shots, all paid attention secretly.

Thousands of disciples of the Five Poison Sects, as well as some elders and even many powerful and influential figures, suddenly gathered around them. They all flew over and looked at everything in front of them with bewildered eyes.

"What happened? How come the supreme elders of the elder group like Patriarch Duyun came out of the small world space deep in the sect, and even took action in person."

"His opponent seems to be the unknown Great Elder of the Inner Sect, but how can an ordinary person like the Great Elder of the Inner Sect be the opponent of Patriarch Duyun."

"The attacks between the two just now seemed to be a draw. This is really incredible. When did that mediocre inner sect elder become so powerful? He can actually challenge the supreme elder."

At this moment, the thousands of disciples of the Five Poison Sect and many powerful men who were attracted around them looked at everything in front of them with expressions of surprise.

However, no one intervened in all this, because it was not an invasion by external enemies, but a conflict between internal characters, so everyone naturally watched the show quite leisurely.

Chapter 5012 Must die

At this moment, everyone who came from all over the Five Poison Sect to watch the excitement was talking about it.

Because in the outer area of the Five Poison Sect, the Supreme Elder of the Elder Group appeared, which was a big deal.

Moreover, the Supreme Elder took action himself, which was even more explosive news.

Therefore, many characters from the Five Poison Sect rushed over.

More and more people gathered around.

In other words, the battle between Du Yun Ancestor and Ye Feng has directly become the most anticipated event in the Five Poison Sect.

At this time, I was worried that my master would not be able to defeat the supreme elder like Ancestor Duyun. At this moment, I was standing in the crowd, looking at my master's majestic figure. Zu was simply shocked.

At this moment, Ye Feng showed a faint smile in his eyes, looked at Ancestor Duyun not far away, and said loudly: "Ancestor Duyun, if you dare to bully a small one with a big one, then today in front of everyone's attention, Now, I will completely defeat you, even kill you, to let everyone know that you old guys who bully newcomers must pay the price."

At this time, Ye Feng knew very well that if he were an outsider, he would definitely be attacked by everyone in the Five Poison Sects, even if the Poison Cloud Ancestor was wrong.

But now, Ye Feng is pretending to be the inner sect elder of the Five Poison Sect. In other words, the current conflict between Ye Feng and the Poison Cloud Ancestor is an internal conflict within the Five Poison Sect, so no one will intervene. With all this, Ye Feng can naturally deal with the Poison Cloud Ancestor.

This was also due to the fact that Ye Feng used the identity of the Inner Sect's Great Elder to disguise himself as the Inner Sect's Great Elder and enter the Five Poison Sect. Otherwise, everything would be difficult to operate.

At this moment, after Ye Feng finished speaking, Ancestor Duyun not far away suddenly showed a cold smile in his old eyes, and said loudly: "Don't think that you blocked any of my random attacks.

I feel that I can compete with me. I am a supreme elder, but you are just an ordinary inner elder. Your status and mine are very different. "

Hearing what Ancestor Duyun said, Ye Feng just laughed and said loudly: "Don't use status to suppress me. It's of no use. Strength is the king. Let our subordinates see the truth."

After Ye Feng finished speaking at this moment, he didn't want to talk nonsense anymore, because the only thing he could do now was to take the initiative and use his strength to suppress the whole audience and convince everyone.

At this moment, Ye Feng directly burst out his immense power reserve.

Even though Ye Feng's cultivation level is now a full four or five realms lower than that of the Duyun Ancestor, Ye Feng's skill reserve is really too strong.

So at this moment, when Ye Feng exploded with all his skills, the aura he exuded was not much weaker than the aura of Ancestor Duyun.

This is the benefit of having a deep foundation of skill. You can, at a relatively low level of cultivation, explode into power that far exceeds your current level of cultivation.

The reason why Ye Feng dared to challenge the Duyun Ancestor was because of his extremely powerful skills.

Even if the opponent is so much higher in cultivation level than himself, Ye Feng can still fight against him.

Boom! !

At this moment, Ye Feng unleashed the power of his immortal body with all his strength. Ye Feng's whole body immediately erupted into golden light, as if a young golden god had descended, and charged directly towards Ancestor Duyun.

Ancestor Duyun immediately shouted loudly: "Toxic Domain!"

show

Of course, Ancestor Duyun has already practiced the extremely poisonous field, a unique inheritance of the Five Poison Sects, and has practiced it very perfectly.

The moment he released the poisonous field, the thickness and toxicity of that poison could cause all living creatures in the world to wither and die in an instant.

Even though Ye Feng's physique was very strong, he felt a little weak at this moment. It was obvious that the toxicity was too terrifying.

At this moment, Ye Feng also quickly released the poisonous field he had cultivated to compete with the poisonous field of the poisonous cloud ancestor.

The results proved to be very effective. The moment Ye Feng opened up a poisonous field around him, he could clearly feel that the poisonous field of the Poison Cloud Ancestor had reduced its pressure on him.

Ye Feng immediately grinned and said loudly: "Ancestor Duyun, I can do the methods you know, but you can't do the methods I know."

Boom!

At this moment, Ye Feng rushed directly in front of the ancestor of Duyun. His golden fist was like a mountain made of gold. It was towering and heavy, full of terrifying impact and destructive power. He directly and fiercely aimed at Duyun. The ancestor himself attacked and left.

Ancestor Duyun immediately shouted loudly: "Poison Warrior!"

Almost at this moment, the poisonous gas in the poisonous field around Ancestor Duyun suddenly condensed into thousands of poisonous warriors in front of him, and they rushed towards Ye Feng in an instant. He wanted to beat Ye Feng to death.

But Ye Feng's golden fist has unparalleled destructive power, and in an instant, it smashes the many poisonous warriors who came from the group fight.

Ye Feng's fist was like a sharp golden war spear. It was blasted out at this time. It was like entering an uninhabited land, and all obstacles could not withstand it.

Blocked by Ye Feng's golden fist, they were all smashed into pieces and turned into ashes.

It has to be said that Ye Feng's attack was very fierce and ferocious. Even the ancestor of Poison Cloud quickly retreated at this moment and shouted: "The ancient poisonous god Dharma!"

At this moment, even the ancestor of Duyun began to use his powerful trump card and no longer dared to look down on Ye Feng, a junior figure.

At this moment, a towering and majestic dark figure with a height of more than 100,000 meters appeared immediately behind the Duyun Ancestor.

This dark figure is the Dharma Appearance of the ancient poisonous god, which can make the poisonous attribute methods and powers cultivated by the Poisonous Cloud Patriarch himself unparalleled and strengthened.

At this moment, the ancient poisonous god Dharma behind Ancestor Duyun directly attacked Ye Feng.

The majestic and towering body of the Dharma, which is more than 100,000 meters tall, has the power of a god.

"Boom!"

At this time, Ye Feng was completely blown away, without any resistance at all.

Seeing this scene, Ancestor Duyun immediately burst into laughter and said loudly: "There is no way a junior like you can be my opponent. You should just accept death."

Seeing this scene at this moment, everyone present couldn't help but shook their heads and sighed, and said loudly: "After all, the Supreme Elder among the elders is the most powerful. This is a fact recognized by our Five Poison Sect. The inner sect It is really difficult for a new person like the Great Elder to challenge an older person like the Supreme Elder and there is no way he can resist. "

At this moment, everyone felt that Ye Feng, the great elder of the inner sect, would definitely die if he offended a supreme elder like Ancestor Duyun.

Chapter 5013 There is no way

At this moment, Ye Feng was directly blasted backwards by the extremely poisonous Dharma Form condensed by the Poison Cloud Ancestor, smashing into a large mountain and being buried in the ruins.

In everyone's mind, Ye Feng was certain to die.

Some people even couldn't help but laugh sarcastically and said: "A small inner sect elder dares to confront the Supreme Elder of our Five Poison Sect who lives in a small world. He is really too naive. Sure enough, Poison Once Patriarch Yun released his trump card and power, the power he unleashed killed the inner sect elder in an instant. "

At this time, the senior demon was also frightened and couldn't help but want to say something.

But Long Zhantian beside him was very calm and said: "Don't be so nervous. Not everyone can imagine Master Ye Feng's ability."

Boom!

And almost at the moment Long Zhantian finished speaking, the ruins not far away suddenly exploded. ??

Ye Feng's figure immediately rushed out from the ruins.

At this moment, Ye Feng's clothes were a little torn, but he had not suffered any serious injuries, but his momentum had weakened a bit.

Everyone saw this scene with surprise in their eyes.

Some people couldn't help but said: "This great elder of the inner sect seems to have practiced a very special body technique, making his body very strong, even if he withstood the poisonous god's appearance from the poisonous god ancestor." Attacked, no harm was done."

Hearing someone say this, a group of young disciples behind Ancestor Duyun immediately couldn't help but sneer and sarcastically said: "So what if he wasn't harmed? After all, he is no match for our ancestors. As long as our ancestors continue to take action." , we will definitely be able to suppress and kill this inner sect elder instantly."

At this moment, everyone felt that Ye Feng could not be the opponent of Patriarch Duyun.

At this time, Ye Feng's eyes were very calm, staring at the Duyun Ancestor not far away, and said loudly: "Duyun Ancestor, since you

Now that I have used my trump cards, there is no need for me to keep anything. "

boom! !

Almost at this moment, Ye Feng did not hesitate and instantly released the immortal true body of the ancient demon that he had obtained from the Demon's Nest and refined into his clone from the storage ring. .

Boom!

When Ye Feng released the immortal form of the ancient demon, everyone present was shocked by this huge figure.

Because the immortal true body of the ancient demon was almost catching up with the god-like body back then. It was the immortal body cultivated by the first-generation demon emperor of the demon clan from the deep space of the universe, so it was very majestic.

A huge black figure, like a dark giant from ancient times, appeared. It was covered with metal scales that looked like it was made of divine iron, and it was hundreds of thousands of meters tall. It gave people the feeling that a demon god had arrived. .

"What? What kind of existence is this body? Why does it give me the feeling that my whole body is about to be compressed and broken!"

At this moment, everyone present was shocked.

Even the ancestor of Duyun opposite him opened his eyes slightly at this moment, and couldn't help but said with some surprise: "How did you, a junior like you, get such a terrifying body?"

At this time, Ye Feng just looked very indifferent and ignored the Duyun Ancestor's question because it was not necessary at all.

At this moment, Ye Feng just controlled this terrifying ancient demon immortal body, and immediately rushed towards the Poison Cloud Ancestor crazily.

The immortal true form of the ancient demon, like a dark mountain, possesses boundless majestic power, rushes forward, and directly

It collided hard with the huge poisonous god Dharma condensed by the ancestor of Poison Cloud.

Boom!

When the two collided, an earth-shaking roar suddenly erupted, shaking the surrounding mountains and earth into pieces.

At this moment, even the Poison God's Dharma condensed by an elder like Ancestor Duyun was bombarded by Ye Feng's clone and quickly retreated. It could not stop Ye Feng's clone at all. strength.

Because you must know that Ye Feng's clone is not an ordinary clone, but an immortal and immortal real body of an ancient demon, so it has the power of the body of the first-generation Demon Emperor.

No matter how powerful the Poison Cloud Ancestor is, the Dharma he has condensed is completely composed of poisonous gas and energy, and it is impossible to compete with the real immortal body of an ancient demon.

At this moment, Ye Feng did not hesitate at all, and immediately continued to control his clone, frantically suppressing the poisonous god's Dharma condensed by the Poison Cloud Ancestor.

"Impossible! This is absolutely impossible!!"

At this moment, looking at the statue of the poisonous god that he had condensed, and being attacked by Ye Feng's second clone, it was quickly retreating, unable to withstand it at all, the ancestor of Duyun suddenly doubted his life.

Because you must know that the biggest trump card of Ancestor Duyun is the poisonous god's Dharma that he has condensed after practicing for thousands of years.

In order to condense the dharma of the poisonous god, the ancestor of Poyun spent a lot of money and burned a lot of his own life essence and blood, so that he could have a trace of contact with the legendary poisonous god of a higher dimension. Let the God of Poison send a trace of his original power to help Ancestor Duyun condense this Poison God's Dharma.

The reason why Ancestor Poison Cloud possesses such powerful strength is that the poisonous god's Dharma that he has condensed definitely plays an important role.

because

Ancestor Duyun's own strength and methods are actually not that powerful, but relying on the poisonous god's Dharma that he has condensed, he can challenge existences that are several realms higher than himself.

So when Patriarch Duyun just released this poisonous god's Dharma, he felt that he would definitely be able to get rid of Ye Feng, the little inner sect elder, in an instant.

But he probably never would have imagined that the second clone Ye Feng had refined was even more powerful than the poisonous god's Dharma that he had worked so hard to condense.

At this time, the ancestor of Duyun immediately said in horror: "This is impossible! What kind of existence is your second clone? Where did you get such an advanced body?"

When Ye Feng heard the question from Patriarch Duyun, he didn't bother to respond at all. Instead, he said coldly: "It doesn't matter where I got this powerful clone. What matters is that you will die today." "

Uh-huh!

After saying that, Ye Feng flew directly to stand on top of the ancient demon's immortal form, and then charged towards the Poison Cloud Ancestor with all his strength.

Boom!

Accompanied by bursts of terrifying roars, the Poison God's Dharma condensed by the Poison Cloud Ancestor was shattered every inch by the bombardment.

The ancient demon's immortal true body is simply terrifying and indestructible with its physical power!

Ancestor Duyun was beaten and retreated quickly. He vomited blood and his hair was scattered. He even couldn't help shouting angrily, but all of this was of no use. The power of the ancient demon's immortal body was too great. It's so scary, there's no way to resist it!

"hiss!"

"I didn't expect that the great elder of the inner sect would hide so deeply and have such a strong trump card!"

At this moment, everyone present couldn't help but take a breath of cold air, feeling the power of Ye Feng, and their eyes showed deep shock.

Chapter 5014: Settlement with me

I have to say that the Immortal Demon's true form is really powerful and terrifying.

Once Ye Feng is released, the Poison Cloud Ancestor has no power to resist.

At this moment, everyone on the field was in deep shock and shock.

Because Patriarch Duyun, the extremely powerful elder of the Five Poison Sect, was beaten to the point of retreat by Ye Feng. He even vomited blood and was extremely embarrassed.

"ah!!"

At this moment, the Duyun Ancestor was beaten so hard by Ye Feng in front of everyone's attention. It can be said that he felt huge humiliation.

He screamed like crazy, but it was of no use, because Ye Feng's ancient demon immortal body was really too powerful and terrifying.

Therefore, the ancestor of Duyun, even if he is an existence at the Supreme Elder level, cannot resist Ye Feng. He is beaten to a pulp by Ye Feng, and is finally blasted into a jungle not far away, smashing a large area of land, and lying in the ruins. among.

At this moment, all the bones in the Duyun Patriarch's body were about to be completely broken, and he suffered huge injuries.

Because the ancestor of Duyun was shocked to discover that any of his attacks would be of no use to Ye Feng's second clone.

What he didn't know was that because Ye Feng's second clone was the immortal body of an ancient demon, this terrifying ancient body was naturally immortal.

Ancestor Duyun wanted to destroy the immortal true form of the ancient demon, but he was still a little too immature.

At this moment, Ye Feng stood on top of the tall and majestic ancient demon's immortal form, like a king in the darkness, looking down at the world, making everyone feel a deep shock and fear.

At this moment, Ye Feng stared at the severely injured Ancestor Duyun who was lying in the ruins. He immediately burst into laughter and said loudly: "Ancestor Duyun, I have told you a long time ago that you must be the last person to die. "

br

Uh-huh!

After saying that, Ye Feng quickly jumped up, rushed in front of Ancestor Duyun, and punched out hard, hoping to kill Ancestor Duyun directly in front of everyone's attention.

Ye Feng doesn't have so many taboos. Killing the Poison Cloud Ancestor will not only eliminate a big problem for himself, but also absorb the opponent's majestic skills that he has practiced for thousands of years, which will definitely increase his cultivation strength. growth of.

But at this moment, Ye Feng had just rushed in front of Ancestor Duyun and wanted to kill Ancestor Duyun.

Buzz!

Suddenly, a majestic figure appeared in the sky not far away, sitting on a dark golden throne, appearing between heaven and earth, and a huge light pillar appeared, covering the figure.

This incomparably majestic figure made a majestic voice and said: "Keep people under my command. After all, Ancestor Duyun is an ancestor of our Five Poison Sects. He is the core figure of the entire Five Poison Sects and the mainstay. Don't Because of some minor conflicts, I killed Patriarch Duyun. The loss was too great. Great Elder of the Inner Sect, stop it quickly."

But at the moment when the words fell, Ye Feng didn't pause at all, didn't hesitate at all, and still punched out fiercely.

"Pfft!"

Under the gaze of everyone, with the shocked eyes of countless people, Ye Feng smashed the horrified head of Duyun Ancestor with one fist, like a watermelon being broken.

Ancestor Duyun died!

"What??"

"Did you really kill Patriarch Duyun??"

At this moment, countless people were shocked.

Because you have to know that the majestic figure just now is the current apparent leader of the Five Poison Sect, the Master.

But when the headmaster came and everyone spoke, Ye Feng still didn't care at all and killed the ancestor Duyun. It really shocked everyone and felt Ye Feng's arrogance and boldness.

At this moment, the headmaster of the Five Poison Sect suddenly arrived, his eyes a little gloomy.

Because he didn't expect that a big shot like himself, who was in charge of the situation, would speak out, but the great elder of the inner sect would not listen to him and still kill the ancestor Duyun.

At this time, the headmaster of the Five Poison Sect slowly stood up from the dark golden chair. The aura of cultivation on his body was terrifying to the extreme. It was overwhelming and even more terrifying than the ancestor of Poison Cloud.

Even Ye Feng felt a huge pressure at this moment.

The leader of the Five Poison Sect stared at Ye Feng and said loudly: "Inner Sect Great Elder, the fight between you is just a small internal conflict. There is no need to fight to the death. Why don't you listen to me? Put the poison Ancestor Yun was killed."

Ye Feng smiled slightly at this time, put the body of Patriarch Duyun into the storage ring, and then said slowly: "Headmaster, you don't know, this Patriarch Duyun smashed my cave and threatened to kill him." I will directly destroy him and imprison him for five hundred years. This is already an eternity, why should I keep him alive? "

When the headmaster of the Five Poison Sect heard what Ye Feng said, his face suddenly became a little uncertain, and then he couldn't help but said: "Great Elder of the Inner Sect, I know that you have received a lot of opportunities since you went out. , became very powerful, but this Poisonous Cloud Ancestor can only

We are considered a relatively weak group of ancestor-level figures, but there are stronger beings standing behind them. If you do this, we will form an opposition between the external forces of our entire Five Poison Sect and the elders of the internal small world. , when the time comes, the ancestors of the entire elder group will definitely be dissatisfied with our external area, and as the leader of the external area, I will definitely bear the brunt. "

Hearing what the Headmaster of the Five Poison Sect said at this time, Ye Feng just smiled faintly and said, "Headmaster, don't worry, if the ancestors of our elder group in the small world deep inside the Five Poison Sect are really angry. , If you want to cause trouble in our outer area, just blame it on me, the great elder of the inner sect, and let them come to me directly to settle accounts. "

After finishing speaking, Ye Feng waved his hand, as if he was too lazy to say anything else, and left the scene directly with Long Zhantian and the senior demon.

At this time, seeing Ye Feng walking away so casually and gracefully, everyone present had deep sighs in their eyes.

They never thought that in the ordinary area outside the Five Poison Sect, there would be such a demonic and heaven-defying figure as the Great Elder of the Inner Sect. He was so terrifying that he dared to kill a Supreme Elder from the Elder Group in public. Such an ancestor-level figure.

At this time, seeing Ye Feng leaving so easily, although the headmaster of the Five Poison Sect felt that he was losing face, he couldn't say much at this time.

After all, Ye Feng's strength, especially Ye Feng's second avatar, which was a towering figure like a dark giant, made the leaders of the Five Poison Sect feel an oppressive feeling.

So now that Ye Feng's comprehensive strength has increased to this level, even the leader of the Five Poison Sect does not dare to offend a powerful person like Ye Feng casually. He can only remain silent for a moment with a gloomy face, and then leave. on site.

Chapter 5015 Improvement and Leapfrogging

At this time, Ye Feng and the headmaster of the Five Poison Sect had already left the scene.

But everyone present has not left yet, and seems to be still thinking about everything that happened just now.

After all, what happened just now was really shocking.

You know, Patriarch Duyun is the supreme elder among the elders.

Even the weakest group of supreme elders are ancestor-level figures.

This kind of character is usually like a dragon but never comes to an end. Once he appears, it will definitely be a sensation.

Such an ancestor-level figure appears in the outer area of the Five Poison Sect. He is definitely an object of respect and worship by countless people, and is a belief-like existence.

But this time, Ye Feng directly killed Ancestor Duyun, which shocked everyone deeply.

At this time, Ye Feng, with the senior demon and Long Zhantian, had left the scene and returned to his place of residence.

Although the cave of Ye Feng, the great elder of the inner sect, had been smashed into pieces by Patriarch Duyun and his disciples, with Ye Feng's current magical power, he quickly rebuilt the entire cave from the ruins, and More brilliant than what was built before.

At this moment, Ye Feng took Long Zhantian and the high-level demon into his cave.

At this time, Ye Feng looked at Long Zhantian and the high-level demon in front of him, and said loudly: "Our purpose now is to find out the body of the god that was searched by the founder of the

Five Poison Sect back then. , we must get the body of that god before we leave here and go to the Daxuan Dynasty. "

Now Ye Feng has basically determined that if he really wants to join a super power in the future, going to the Daxuan Dynasty near the Five Poison Gate is the wisest choice.

Because Long Zhantian was originally the illegitimate son of the champion of the Daxuan Dynasty, with Long Zhantian's network, Ye Feng could easily enter a super powerful force like the Daxuan Dynasty.

Because Ye Feng knows very well,

If you want to enter the super powerful forces in Zhongzhou, or those super large sects, you must pass a very strict assessment.

Ye Feng is not afraid that he will fail the test. After all, Ye Feng is very capable, but it will waste a lot of time.

Often, this kind of assessment for top powers may last for half a year, or even a year.

Ye Feng didn't want to waste time.

Therefore, entering the Daxuan Dynasty behind Long Zhantian is currently the most convenient and correct choice for Ye Feng.

The reason why Ye Feng wants to join the super sects and big forces is of course for stronger inheritance and stronger power.

But before that, since Ye Feng learned that there was a corpse of a god hidden in the Five Poison Sect, Ye Feng definitely wanted to get such a priceless good thing.

After all, Ye Feng had seen the power of the ancient demon's immortal form before, how terrifying it was, and easily suppressed older people like Patriarch Duyun.

So if he can get a corpse of a god and find a way to sacrifice it into his third clone, then Ye Feng will have another extremely powerful trump card.

When Ye Feng said this, Long Zhantian's eyes flickered and he said, "I have been coming to Wudu Sect for many years, and I have exchanged many secrets with the headmaster of Wudu Sect before. information, if you want to guess where the corpse of the god of the Five Poison Sect is hidden, I think it is very likely to be hidden in the deepest small world of the Five Poison Sect, because there are various secrets of the Five Poison Sect over the ages. It is the safest place in the Five Poison Sect where the powerful elders practice in seclusion, so if the corpse of the god really exists, it will definitely be in the inner small world of the Five Poison Sect. "

Hearing Long Zhantian's inference, Ye Feng nodded slightly and said: "Your guess is very possible, but if you want to enter the inner world of the Five Poison Sect, you don't have to do it."

Know what is required. "

Long Zhantian smiled slightly and said aloud: "With your ability, Master Ye Feng, it is actually very simple to enter the inner world of the Five Poison Sect."

"oh?"

Hearing what Long Zhantian said, Ye Feng said curiously: "What method should be used?"

Long Zhantian said slowly: "Lord Ye Feng can perfectly disguise himself as various powerful beings, so if there is an elder from the small world inside the Five Poison Sect who comes to trouble Lord Ye Feng, Lord Ye Feng will You can lead the Supreme Elder who is looking for trouble to a duel in a deserted place, kill him secretly, and disguise yourself as the Supreme Elder who is looking for trouble, and then you can enter the inner world of the Five Poison Sect. , when the time comes, just make up a lie to fool the other people in the Five Poison Sect, and then announce to the outside world: The Inner Sect's great elder is dueling with a certain supreme elder in the elder group in a secret place, and the result is The great elder of the inner sect was killed, and only the supreme elder of the elder group came back. In this case, Lord Ye Feng can perfectly disguise himself as a new identity. "

Hearing what Long Zhantian said, Ye Feng's eyes lit up and he said, "This is indeed a good idea."

At this moment, Ye Feng's eyes were very satisfied. Sure enough, he kept Long Zhantian's life and served him, which had a huge effect.

Not only can he think of various ways for himself at critical moments, but with Long Zhantian's network, it will also be very convenient for him to enter the super power of Daxuan Dynasty in the future.

Next, Ye Feng did not take the initiative to search for the body of the god, because he and Long Zhantian both felt that if the founder of the Five Poison Sect really got the body of a god, then it must be hidden in the Five Poison Sect. In the inner small world at the core of the door.

Because there are many supreme elders of the Five Poison Sect's elder group, practicing in seclusion and sitting there, it is very safe. ??

In the next few days, Ye Feng practiced silently in his place of residence.

And Ye Feng

Without wasting any time, after settling down and settling down, he immediately began to devour the blood and energy of the Duyun Ancestor he had killed before.

You must know that the cultivation strength of this Duyun Ancestor is very terrifying, a full four or five realms higher than Ye Feng's current level.

If it weren't for Ye Feng's second clone, the Immortal Demon's true form, he wouldn't have been able to defeat the Poison Cloud Patriarch.

However, whether it is a clone or inheritance, they are all Ye Feng's methods after all, and they can be regarded as part of Ye Feng's comprehensive strength.

"Rumble..."

At this moment, as Ye Feng absorbed the skill and energy of Ancestor Du Yun, waves of energy as vast as the ocean were immediately injected into Ye Feng's body.

Ye Feng's skill is skyrocketing, and the cultivation aura of the third heaven of the Heart Refining Realm that he had entered before immediately began to rise steadily at this moment!

"boom!"

The fourth level of the Heart Refining Realm!

"boom!"

The fifth level of the Heart Refining Realm!

"boom!"

The sixth level of the Heart Refining Realm!

"boom!"

The Seventh Heaven of Heart Refining Realm!

"boom!"

The eighth level of the Heart Refining Realm!

"boom!"

The ninth level of the Heart Refining Realm!

"boom!"

The tenth heavenly perfection of the Heart Refining Realm! !

"boom!"

Half-step to the Soul Condensation Realm! !

At this moment, Ye Feng's eyes suddenly showed deep excitement!

Unexpectedly, an Ancestor of Duyun could actually let his cultivation level break through a full eight levels in one fell swoop!

He directly crossed over the entire realm of the Heart Refining Realm and rushed into the half-step Condensation Realm above the Heart Refining Realm!

This is simply a huge improvement and leap!

Chapter 5016 Act as planned

At this moment, Ye Feng's cultivation level has been greatly increased, and he has made a crazy breakthrough, reaching the half-step Condensation Realm, directly crossing a large realm.

This naturally made Ye Feng very excited and happy. He did not expect that Patriarch Duyun, the supreme elder of the Five Poison Sect, would have such a strong reserve of skills and such vast blood energy. Ye Feng simply got a big advantage.

At this moment, Ye Feng was looking forward to the abilities of the other supreme elders in the small world elder group within the Five Poison Sect.

However, Ye Feng does not kill innocent people indiscriminately. As long as those supreme elders do not provoke him, Ye Feng will not directly kill and devour them without any reason.

Ye Feng's rule of thumb has always been that if others don't mess with him, then he won't mess with others either.

But if someone dares to provoke me and wants to kill him, then he will not be polite. Not only will he kill the enemy, but he will also make full use of it to directly devour the opponent's hard-earned skills and blood energy to strengthen himself. .

At this time, after Ye Feng broke through to the half-step Condensation Realm, he could immediately feel that his cultivation, skills and energy had all increased unparalleled.

At this moment, Ye Feng did not go out of his residence directly, but stayed in his cave, silently stabilizing his strength.

After all, the leader of the Five Poison Sect also said before that the Duyun Ancestor he killed was just the weakest group of existences among the Supreme Elders in the small world inside the Five Poison Sect. .??.

Therefore, Ye Feng is still a little afraid of the supreme elders of the Five Poison Sect's elder group.

But now Ye Feng's cultivation level has been improved again and he has broken through to the Half-step Soul Condensation Realm, so Ye Feng's confidence is also much greater.

At this moment, in addition to stabilizing his own cultivation strength, Ye Feng also continued to refine the second avatar he had refined, the immortal true body of the ancient demon, striving to more fully master this ancient demon. The immortal true body exerts its more powerful power.

And then Ye Feng silently continued to stabilize his cultivation and

And while practicing various methods, Ye Feng suddenly sensed a very terrifying aura, which immediately arrived outside his cave.

Ye Feng, who had his eyes closed, suddenly opened them and walked quickly outside his cave.

When Ye Feng came outside, a thin old man carrying a golden sword was already standing outside the cave.

At this time, Long Zhantian and the senior demon were blocking the old man.

But this thin old man with a golden sword on his back didn't pay attention to the high-level demon at all. He was just quite afraid of Long Zhantian. After all, Long Zhantian's identity was very special.

At this time, the thin old man with the golden sword on his back just stared at Long Zhantian and said slowly: "This matter is an internal matter of our Five Poison Sect. You, an outsider, had better not get involved, although I know that you have an extraordinary background, but after all, you are just a junior. If you dare to stop me, I will not kill you, but I will definitely teach you a lesson. "

At this moment, when the thin old man with the golden sword on his back said this, a trace of anger suddenly appeared on Long Zhantian's face, and he was about to say something.

But Ye Feng walked out of the cave and said, "Long Zhantian, please step back and I'll talk to him."

At this time, Ye Feng had already guessed that this thin old man with the golden sword on his back should be a powerful elder from the elder group in the inner world of the Five Poison Sect who came to his door.

After all, he killed the ancestor of Duyun, which can be said to be a very sensational event.

It is impossible for the elders in the small inner world not to send people over to cause trouble for themselves.

And the moment Ye Feng finished his words, Long Zhantian suppressed his anger and slowly retreated to

On both sides.

Seeing this scene, the thin old man opposite with a golden sword on his back showed a look of surprise in his eyes.

Because as an elder among the Five Poison Sects, he knew the origins of Long Zhantian very well.

Although Long Zhantian is only the illegitimate son of the champion of the Daxuan Dynasty, his status is also very extraordinary.

He was very surprised as to why Long Zhantian, an aloof person with high self-esteem, would submit to Ye Feng, a small inner sect elder, and obey Ye Feng's words so much. This was really unreasonable.

But at this time, the thin old man with the golden sword on his back did not think too much. He just stared at Ye Feng with very sharp eyes, like two sharp swords, and said loudly: "Inner Sect Great

Elder, you You are so courageous that you dare to kill the Supreme Elder among our elders. Don't you know that this is a huge sin?"

At this time, when he heard the thin old man with the golden sword on his back say this, Ye Feng just smiled faintly and said: "I didn't take the initiative to provoke Patriarch Duyun. It was him who wanted to kill me for his apprentice." If a person is destroyed, then I can only treat him in his own way. I can't just stand there and wait for Ancestor Duyun to kill me, right?"

Hearing what Ye Feng said, the thin old man with the golden sword on his back immediately snorted and said: "It was indeed the ancestor Duyun who started this matter, but you shouldn't kill him directly, Duyun Ancestor Yun is the mainstay of our Five Poison Sect, and he is an ancestor-level figure. Killing him will be a huge loss to our Five Poison Sect, and you will have to pay the price for it."

Ye Feng immediately burst into laughter and said loudly: "If I was the one who was killed before, then you would definitely not say that. Stop talking such hypocritical nonsense. If you have the guts, just come and kill me."

"you....."

Hearing Ye Feng's powerful words at this time, the thin old man with the golden sword on his back immediately showed a trace of anger on his face, and endured

He couldn't help but said: "You are too arrogant. Do you really think that you are invincible just because you killed Ancestor Duyun? Ancestor Duyun is the weakest among the elders of our internal small world. One of them, and I am one of the top ten. Let me tell you my name. I am the ancestor of the Divine Sword. Five hundred years ago, I was already the number one master in the outer area of the Five Poison Sect. "

Ye Feng's eyes flickered slightly when he heard what the thin old man with the golden sword on his back said.

Indeed, Ye Feng could feel a very terrifying and depressing aura from this divine sword ancestor.

Moreover, the opponent is a swordsman who attacks very terrifyingly, and is indeed very powerful.

But Ye Feng didn't have any fear.

After all, Ye Feng now has the biggest trump card, which is the immortal form of the ancient demon.

Coupled with Ye Feng's own strength, he is definitely not afraid of these ancestor-level figures.

Even though this Divine Sword Ancestor is much more powerful than the Duyun Ancestor, Ye Feng's cultivation skills also increased tremendously after devouring the Duyun Ancestor.

Ye Feng just smiled coldly at this time, and was about to act according to his plan, and said aloud: "Ancestor of the Divine Sword, since you came to trouble me specially, it seems that a fight between us is inevitable, but you and me The destructive power of fighting is too strong for a powerful man of this level. The last battle between me and the Duyun Ancestor destroyed most of the building areas of the Five Poison Gates. This time, in order not to affect others, you and I will People go directly to fight deep in the inaccessible mountains outside our Five Poison Sect."

Hearing what Ye Feng said, the ancestor of the Divine Sword looked at Ye Feng in surprise, and then couldn't help but said: "It seems that you are quite loyal to our Five Poison Sect, and you are afraid of destroying the foundation of our Five Poison Sect. , but even so, you killed the Ancestor Duyun and completely angered the powerful figures in our group of elders. What he meant was that you must die, so no matter what, I will kill you today, but your I accepted the proposal and we went to fight deep in the jungle outside."

Chapter 5017 Full Attack

Uh-huh!

At this moment, the moment the Divine Sword Ancestor finished speaking, he immediately flew quickly towards the jungle outside the Five Poison Gate not far away.

Seeing this scene, a smile appeared on Ye Feng's lips as if his plan had succeeded.

At this moment, Long Zhantian looked at Ye Feng beside him and couldn't help but said: "I hope Lord Ye Feng can come back soon, and we will go to the inner world of Wudu Sect to find the body of the god."

Hearing what Long Zhantian said, Ye Feng immediately nodded, smiled and said: "When I come back again, I will be the ancestor of the Divine Sword."

At this moment, Ye Feng was very confident in himself.

Although this Divine Sword Ancestor is very powerful, it is not as terrifying as imagined.

It seems that the leaders of the elders of the small world within the Five Poison Sect still look down upon themselves, the great elder of the inner sect, and have not sent the most powerful Supreme Elder to kill him.

He probably felt that the Divine Sword Ancestor, the tenth-ranked being, was enough to kill Ye Feng, the great elder of the inner sect.

But it is estimated that the leader of the Five Poison Sect's elder group would never have thought that Ye Feng had such a terrifying talent as devouring ability.

After Ye Feng devoured the poisonous cloud ancestor that he killed, his cultivation level instantly increased dramatically.

As for the second clone, the Immortal True Body of the Ancient Demon, there is almost no upper limit to its strength.

As long as the user Ye Feng's own cultivation skills continue to increase, the power unleashed by the immortal demon body Ye Feng controls will also increase accordingly.

In other words, Ye Feng's overall strength is many times stronger now than when he just killed the Duyun Ancestor a few days ago.

Not only has his own strength become stronger, Ye Feng's second clone has also become much stronger.

So at this time, Ye Fenghe

The dragon fighting genius has such confidence.

Uh-huh!

At this moment, Ye Feng no longer hesitated, and jumped up, quickly rushing towards the high mountains outside the Five Poison Gate.

For Ye Feng, the most important thing now is to kill the Divine Sword Ancestor as soon as possible, and then disguise himself as the Divine Sword Ancestor and enter the inner world of the Five Poison Sect.

Soon, Ye Feng and the Divine Sword Ancestor both flew to the deep areas of the mountains outside.

There are towering trees everywhere, surrounded by endless forests, and there is no sign of human activity.

Obviously, this is already the off-the-beaten-path duel location that Ye Feng needs very much.

So at this time, Ye Feng didn't hesitate at all and immediately stopped, then landed and stood under a towering tree.

At this moment, the Divine Sword Ancestor also landed.

At this time, the ancestor of the Divine Sword did not hesitate at all. He stared coldly at Ye Feng not far away, and said slowly: "Inner Sect Great Elder, you are indeed a talent, but it is a pity that you have offended him. Among our Five Poison Sects, the group of people you should not offend the most is the group of elders composed of the Supreme Elders. Now that you have directly killed Patriarch Duyun, you have violated the interests of our group of elders, no matter how talented you are. , it is of no use, you will definitely die by my sword today, I will carry your head to see the leader of our elders. "

Hearing what the ancestor of the Divine Sword said, Ye Feng's expression did not change at all, but was still very calm, and just said slowly: "Since it is a fight to the death, there is no need to talk so much nonsense, just take action. "

Hearing Ye Feng's powerful words, the Excalibur Ancestor's eyes suddenly showed a look of surprise, and then he couldn't help but shook his head and smiled, and said loudly: "You are indeed a talent, and your courage is very commendable. But you have a fatal flaw, that is, you are too arrogant and conceited, and do not put anyone in your eyes. You have to know that Ancestor Du Yun is ten times weaker than me. If Du Yun is Ancestor Yun can't block my sword in front of me, so now you should know how powerful I am, and the reason why I waste so much words is because I admire your talent very much, I can give you a chance now. If you are willing to surrender to me,

become my sword servant, work and serve me, then I can intercede for you in front of the person in charge of the pension group and spare your life. ”

Hearing what the Divine Sword Ancestor said, Ye Feng immediately laughed out loud and said: "It turns out that after spending so many words, you just want me to become your slave and help you work hard. Excalibur Ancestor, you can Give up this idea and let our men see the truth."

Boom!

Almost at the moment when Ye Feng finished speaking, Ye Feng did not hold back at all and directly released his powerful second clone, the immortal true form of the ancient demon, from the storage ring.

Buzz!

At this moment, the immortal true form of the ancient demon, which was more than 100,000 meters tall, was like a dark giant from the Hades era, full of the majestic power of the ancient era. It suddenly burst out from Ye Feng's storage ring. Coming out and standing between heaven and earth, it gives people a very shocking feeling.

At this moment, Ye Feng directly controlled the immortal body of the ancient demon and charged towards the ancestor of the divine sword in front.

And Ye Feng himself exploded the power of the immortal body of the god with all his strength, and his whole body also bloomed with brilliant golden divine light, holding in his hand

With the powerful magic weapon obtained before, the Holy Tower of Hundred Demons, he fiercely attacked the ancestor of the Divine Sword.

Ye Feng didn't hold back at all when he came up. He used all his killing moves, all of which were his powerful trump cards. He released all his power without reservation and attacked the ancestor of the Divine Sword.

Because for Ye Feng, this time he had to kill the Divine Sword Ancestor before he could disguise himself as the Divine Sword Ancestor and enter the inner world of the Five Poison Sect.

Therefore, Ye Feng had no reservation at all and attacked with all his strength.

Boom! !

Under Ye Feng's terrifying storm-like attack, even though the Divine Sword Ancestor looked confident just now, his expression suddenly changed. He directly pulled out his golden sword, and instantly displayed a set of The inheritance of peerless swordsmanship.

"Divine swordsmanship!"

Boom!

Almost at the moment when the ancestor of the Divine Sword displayed this set of inheritance, the golden long sword in his hand rushed to the sky involuntarily, and then instantly transformed into thousands of golden long swords. The light of the sword, like arrows all over the sky, quickly struck towards Ye Feng.

Every ray of golden sword light has terrifying penetrating and cutting power. Even if Ye Feng possesses the extremely powerful Immortal Body of the God, he quickly retreats from the attack at this moment. He only feels that his whole body is About to be pierced.

However, the immortal true form of the ancient demon was extremely powerful after all, and it was able to withstand the attack of the golden sword light in the sky, and also offset a lot of damage for Ye Feng.

The immortal true form of the ancient demon quickly rushed in front of the ancestor of the divine sword. The towering demon hand covering tens of thousands of meters fiercely bombarded the ancestor of the divine sword with the power to destroy the world. Terrifying power!

Chapter 5018 Approach him

Boom! !

At this moment, the demonic hand of the ancient demon's immortal true form, covering tens of thousands of meters, struck down from high in the sky.

No matter how powerful it is, it will probably be crushed to pieces by the hand of this demon on the spot.

But at this time, the Divine Sword Ancestor is worthy of being the top ten supreme elders among the elders, and is extremely powerful.

At this thrilling moment, he directly displayed a set of very amazing swordsmanship inheritance.

"The Ancient Great Sword Technique!"

boom!

At this moment, the golden sword he held in his hand began to expand rapidly, and it expanded into a golden sword that was more than a thousand meters in size.

This golden giant sword, like the Optimus Pillar standing tall on the sky and the earth, instantly blocked the demonic hand of the Immortal Demon's true form, making it impossible for the demonic hand of the Immortal Demon's true form to continue. Pressing downwards.

"Um?"

Seeing this scene, Ye Feng's eyes suddenly showed a look of surprise.

It seems that this ancestor of the Divine Sword is indeed much more powerful than imagined, otherwise he would not be sent by the leader of the elder group to suppress him.

For Ye Feng, it seems that if he wants to kill this divine sword ancestor, he still needs to spend more methods.

But Ye Feng is not afraid.

Because I still have many tricks that I haven't used yet.

"The Ancient Ten Thousand Demons Secret!"

At this moment, Ye Feng once again displayed this extremely powerful inheritance that he had practiced before.

Boom boom boom!

At this moment, Ye Feng's body suddenly burst out with clones of the ancient demon, tens of thousands of them, rushing toward the ancestor of the Divine Sword overwhelmingly.

Ye Feng does not expect these ancient demon clones who are only half as powerful as himself.

It can hurt the ancestor of the divine sword, but as long as these tens of thousands of ancient demons can interfere with the battle of the ancestor of the divine sword, it is enough.

After all, Ye Feng's main attack method is still the immortal form of the ancient demon.

Swish, swish, swish!

Swish, swish, swish!

At this moment, a total of 10,000 ancient demons immediately charged towards the ancestor of the Divine Sword, charging rapidly around the ancestor of the Divine Sword.

Although the cultivation strength of these ancient demons is far less than that of Ye Feng's ancient demon immortal body, they are still half of Ye Feng's own cultivation and strength.

Therefore, under the attack of ten thousand ancient demons, the Excalibur Ancestor was also beaten to a point where he was unable to withstand the attack.

Although the Divine Sword Ancestor could not be harmed, the Divine Sword Ancestor was also shaken by the attack amidst the fearless charge and attack of ten thousand ancient demons, which greatly interfered with his fighting state.

"Damn it!"

At this time, the Divine Sword Ancestor suddenly shouted, his tone full of anger, but also helpless.

Because Ye Feng's various attack methods are indeed incredible, very powerful, and very magical.

At this moment, the powerful ancestor of the Divine Sword Ancestor was being attacked by Ye Feng's various means.

At this moment, the ancestor of the Divine Sword once again displayed a set of extremely powerful skills: "Sword God Domain!"

Uh-huh! Uh-huh! Uh-huh...

At this moment, in the void around the ancestor of the Divine Sword, streaks of extremely bright golden sword light suddenly appeared.

These golden sword lights actually condensed into a phantom like an ancient sword god.

Enveloping the ancestor of the Divine Sword, it was actually able to protect the ancestor of the Divine Sword from harm from the outside world.

The clone of the ancient great devil condensed from Ye Feng's Ancient Ten Thousand Demons Art is only half of Ye Feng's cultivation level. Although it is very powerful, it cannot break through the phantom of the sword god condensed around the ancestor of the divine sword. guard.

This is a protective field inheritance.

At this time, the ancestor of the Divine Sword immediately burst into laughter and said loudly: "Great Elder of the Inner Sect, you are just a junior after all. Your inheritance and methods are simply not comparable to those of an ancestor like me."

It has to be said that this Divine Sword Ancestor is indeed very powerful, and he is an ancestor-level figure with many methods. Even though Ye Feng has almost exhausted all his cards, he still has no way to threaten this Divine Sword Ancestor.

At this moment, Ye Feng said aloud in his mind: "Emperor Chu, I have basically used all my methods. I can only draw a tie with this ancestor of the Divine Sword. Next, I need your help, Emperor Chu. The focus is on attacking the spirit and soul of this divine sword ancestor."

Hearing what Ye Feng said, Emperor Chu in his mind immediately said: "As long as you can get close to the ancestor of the Divine Sword, I can deal a fatal blow to his spirit and soul, but you need to be very close to him. That's it."

Hearing what Emperor Chu said, Ye Feng immediately nodded.

At this moment, Ye Feng relied on his own means and was unable to kill the Divine Sword Ancestor, but he could hold him in place.

At this moment, Ye Feng continued to use the Immortal Demonic Body of the Ancient Demon to suppress the peerless weapon of the ancestor of the Divine Sword, and then used the Ancient Ten Thousand Demons Art to interfere with the fighting state of the ancestor of the Divine Sword so that he could not escape anywhere.

Uh-huh!

Then Ye Feng immediately charged towards the Divine Sword Ancestor.

At this time, I saw Ye Feng rushing over by himself

, the ancestor of the Divine Sword immediately said coldly: "You have used all your methods, but you still can't suppress me now. When your power is exhausted, you will die."

When Ye Feng heard what the Divine Sword Ancestor said at this time, he didn't bother to respond at all. He just continued to erupt the immortal body of the god and rushed towards the Divine Sword Ancestor's direction quickly.

The phantom of the Sword God of the Divine Sword Ancestor could not withstand the attack of Ye Feng's body, and was quickly approached by Ye Feng.

The ancestor of the Divine Sword laughed loudly and said: "Even if you get close to me, it will be of no use. If you fight me at close range, as a sword cultivator, I can definitely destroy your body in an instant."

But the moment the Divine Sword Ancestor finished speaking, Ye Feng did not continue moving forward, but stopped where he was and said in his mind: "Emperor Chu, do it!"

boom! !

Almost at the moment Ye Feng finished speaking, Emperor Chu in Ye Feng's head burst out with terrifying soul attack power.

At this moment, a red light suddenly burst out from Ye Feng's head, like an indestructible crimson sword, piercing directly into the head of the ancestor of the Divine Sword.

"ah!!"

At this moment, the laughing face of the Divine Sword Ancestor suddenly became stiff, and he let out an earth-shattering scream in an instant.

He was bleeding from all his orifices in an instant, and he screamed in great horror and pain: "What?? What kind of attack method are you using?? Ah!! I feel like my spirit and soul are going to be destroyed! Impossible! ! You are actually a legendary soul master, and your soul attack is so terrifying. How is this possible? Who are you? You can't be the original great elder of our Five Poison Sect! Why are you parasitic on the Inner Sect Elder? "

Chapter 5019 The plan succeeded

At this moment, the Divine Sword Ancestor could be said to be extremely frightened and in extreme pain.

Because he never thought that Ye Feng's ultimate method would be an attack at the soul master level.

Moreover, this kind of soul attack is very terrifying. It is definitely not an ordinary soul master, but a very terrifying soul master.

So at this moment, the Excalibur Ancestor was naturally horrified to the extreme. He originally thought that he would win, but he didn't expect Ye Feng to be able to burst out such a terrifying soul attack at the critical moment. This made the Excalibur Elder Zu felt deeply unbelievable and unbelievable.

So he naturally screamed in horror at this time, feeling that Ye Feng could not be the real elder of the inner sect.

Because the ancestor of the Divine Sword knows very well that it is very strange for an ordinary inner sect elder among the Five Poison Sects to suddenly become so powerful, let alone display such a terrifying soul now. The attack made the ancestor of the Divine Sword feel even more incredible.

So at this moment, he concluded that the Inner Sect Great Elder in front of him was definitely an external strongman wearing the skin of the Inner Sect Great Elder who came in disguise.

It has to be said that the ancestor of the Divine Sword is still very smart, but it is a pity that he has no way out now.

Because the damage that Emperor Chu had just caused to the soul of the ancestor of the Divine Sword was definitely a fatal blow.

The ancestor of the Divine Sword could feel at this time that his vitality was rapidly declining.

He shouted wildly and unwillingly: "Heaven wants to destroy my Five Poison Sect!!!"

At this time, the ancestor of the Divine Sword suddenly understood that this inner sect great elder was not simply in conflict with their group of elders. This mysterious strong man disguised as the inner sect great elder must have something even more terrifying when he came to their Five Poison Sect. and deep purpose.

At this time, the ancestor of the Divine Sword roared unwillingly, and then the whole person suddenly fell from the sky. With a "bang", he fell hard to the ground, smashing

A large area of land was shattered.

Although the ancestor of the Divine Sword did not suffer any physical damage, his spirit and soul had been directly destroyed by Emperor Chu at that moment using extremely terrifying methods, so he was already considered a living dead and was naturally completely lost. life.

Ye Feng's eyes were full of excitement at this time.

It seemed that Emperor Chu's attacks were more powerful than before.

Unexpectedly, the spirit and soul of an older figure like the Divine Sword Ancestor could be forcibly destroyed by a casual attack from Emperor Chu.

Ye Feng immediately understood that although he was constantly getting stronger, Emperor Chu was also recovering silently.

boom!

At this time, Ye Feng did not hesitate at all and immediately released the Devouring Domain, directly covering the entire Divine Sword Ancestor in front of him.

You know, the Divine Sword Ancestor is much more powerful than the Duyun Ancestor whom Ye Feng killed before, ten times more powerful, so the skill reserve of the Divine Sword Ancestor is naturally more powerful.

And if Emperor Chu hadn't been here this time, Ye Feng probably wouldn't have been able to kill the ancestor of the Divine Sword. He could only draw a tie with him and restrain each other.

At this moment, Ye Feng released the Devouring Domain and began to absorb the skill and energy of the ancestor of the divine sword.

"Rumble..."

In an instant, waves of terrifying skill energy like a vast ocean were immediately absorbed, swallowed directly by Ye Feng, and injected into Ye Feng's body.

Ye Feng could immediately feel that his cultivation skills were rapidly and continuously growing.

You know, Ye Feng's current cultivation level is at a level

A big bottleneck, he is in the half-step soul condensation state.

However, under the terrifying accumulation of skills of the ancestor of the Divine Sword, Ye Feng's cultivation level suddenly broke through, and he directly broke through the bottleneck of the Half-step Condensation Realm, and completely entered the first level of the real Condensation Realm!

And it goes far beyond that.

Because the ancestor of the Divine Sword still has most of the energy that has not been refined yet.

Ye Feng continued to devour, and his skill was simply improving at an incredible speed.

boom!

The second level of Condensation Realm!

boom!

The third level of Condensation Realm!

boom!

The fourth level of Condensation Realm!

boom!

The fifth level of Condensation Realm!

boom!

The sixth level of Condensation Realm! !

At this moment, Ye Feng's cultivation finally stopped completely.

The ancestor of the Divine Sword not only helped Ye Feng break through half of the bottleneck, but also rushed directly to the sixth level of the Condensation Realm, a new level of cultivation!

At this moment, after Ye Feng's cultivation broke through to the sixth level of Condensation Realm, he could immediately feel that his skill and combat effectiveness had improved many times compared to before.

And you must know that as Ye Feng's own cultivation skills become stronger and stronger, his second clone, the immortal demonic body, will also become stronger and stronger.

Because the Immortal Demon's true form was able to fight the legendary Ancient God at its peak.

Therefore, it can be said that there is almost no upper limit for the strength of the ancient demon's immortal body.

As long as Ye Feng's cultivation strength continues to grow, the power he exerts to control the immortal demon's true form will become stronger and stronger.

even arrived

Finally, Ye Feng can also transfer part of his mana to this ancient demon immortal body, so that this ancient demon immortal body can not only exert the majestic power of his own body, but also can even display the ancient demon immortal body. The innate abilities and magical means possessed by the demon clan in the universe and the starry sky.

At this time, Ye Feng was very satisfied and stood up.

This time he killed the ancestor of the Divine Sword, and he gained a huge harvest.

Uh-huh!

At this moment, Ye Feng reached out and grabbed the golden sword in the hand of the ancestor of the Divine Sword.

Although this golden long sword is not as good as Ye Feng's Divine Sword, now that Ye Feng wants to disguise himself as the Divine Sword Ancestor and enter the inner world of the Five Poison Sect to find the body of the god, then he must take this The sword of the ancestor of the Divine Sword was carried on his back to prevent others from suspecting him.

Moreover, Ye Feng also needs to understand the inheritance practiced by the ancestor of the Divine Sword. After all, if Ye Feng disguises himself as the ancestor of the Divine Sword and needs to take action, he will definitely be able to use the methods of the ancestor of the Divine Sword and not his own inheritance. , otherwise, the secret will definitely be exposed.

So next, Ye Feng obtained the two major inheritances that the ancestor of Divine Sword had previously displayed from the storage ring of the ancestor of Divine Sword, namely the ancient giant sword technique and the realm of the sword god.

These two sets of inheritances are very ancient, and they are peerless inheritances in swordsmanship. It is estimated that it will take at least several decades for ordinary people to practice. However, Ye Feng's comprehension power is so demonic that he has imprinted the secrets of these two sets of inheritances in just a few moments. With it in mind, you can start to use it.

Buzz!

Then Ye Feng began to change his various life auras and appearance, directly becoming the ancestor of the Divine Sword.

At this time, a living counterfeit of the Divine Sword Ancestor was born.

Ye Feng's face showed a smile that his plan had succeeded, and he immediately flew quickly in the direction of the Five Poison Sect.

Chapter 5020 The small internal world

At this moment, Ye Feng has fully disguised himself as the ancestor of the Divine Sword.

After all, this time, Ye Feng asked the Excalibur Ancestor to have a duel alone in an inaccessible place outside, just to secretly kill the Excalibur Ancestor, then fully disguise himself as the Excalibur Ancestor, and then return to the Five Poison Sect.

In this case, Ye Feng can disguise himself as the ancestor of the Divine Sword and lurk into the inner world of the Five Poison Sect openly.

After all, there are many supreme elders in the small inner world of Wudu Sect, and each of them is very powerful.

If Ye Feng did not enter in disguise, it would probably be very difficult and difficult, let alone inspecting the body of the god.

So the genius of Long Zhan finally came up with such a way. ??

As long as a certain elder among the elders dares to challenge Ye Feng and kill Ye Feng, then Ye Feng can secretly kill him and disguise himself as the other party's identity, thereby infiltrating the inner cells of the Five Poison Sect. Inside the world.

But this time, the battle between Ye Feng and the Divine Sword Ancestor has actually been spread.

After all, both of them are now important figures in the Five Poison Sect, so the battle between them will definitely attract a lot of attention.

However, the battle between them took place deep in the jungle outside and was inaccessible. No one knew the specific details of the battle.

So when Ye Feng pretended to be the ancestor of the Divine Sword and returned to the Five Poison Sect, many people saw that the ancestor of the Divine Sword had returned, but the great elder of the inner sect was missing. They immediately understood that the elder of the inner sect was probably killed. During the duel between the elders and the ancestor of the Divine Sword, the great elder of the inner sect had been killed by the ancestor of the Divine Sword.

At this moment, someone in the Five Poison Sect couldn't help shaking his head and laughing, and said aloud: "I know that no matter how powerful the Great Elder of the Inner Sect is, he is only an elder in the outer area of our Five Poison Sect, and he will not be able to fight against him after all."

Our Five Poison Sect's most authoritative elder since ancient times, the elder of the inner sect randomly sent out an extremely powerful elder to kill the great elder of the inner sect."

At this time, many people in the Five Poison Sect could not help but sigh. Apparently, they felt that such a powerful figure as the Great Elder of the Inner Sect had finally appeared in their outer area, but in the end, nothing happened.

France versus the Elders.

Some people couldn't help but sigh, but others sneered and sneered.

But no matter what, this battle finally came to an end.

In the end, the elders won, and the elders further strengthened their authority in the entire Five Poison Sect.

But what everyone doesn't know is that the current Divine Sword Ancestor is no longer the previous Divine Sword Ancestor, because the current Divine Sword Ancestor is Ye Feng in disguise.

At this moment, Ye Feng returned directly to the residence of the inner sect elder.

Long Zhantian and the senior demon were waiting in the cave where they lived. When they saw the return of the ancestor of the Divine Sword, they were wary at first, and then seemed to have discovered something. They immediately said very happily: "Congratulations. Lord Ye Feng successfully killed the Divine Sword Ancestor and became the Divine Sword Ancestor."

Ye Feng, who was disguised as the Divine Sword Ancestor at this time, suddenly showed a satisfied smile in his old eyes, and said loudly: "Long Zhantian, the idea you gave me this time is very good."

After finishing speaking, Ye Feng glanced around and continued to speak: "There is no need to stay in this place where the great elder of the inner sect lives. You two can follow me into the inner small world. Please help me find the corpse of the god obtained by the founder of the Five Poison Sect."

Hearing what Ye Feng said, Long Zhantian and the senior demon immediately nodded.

At this time, Ye Feng said aloud: "You two following me directly will definitely make people suspicious. After all, I have now disguised myself as the ancestor of the Excalibur. You two will stay in the storage room first." In the ring space, I will release you two after I have stabilized myself in the inner world of Wu Du Sect."

When Long Zhantian and the senior demon heard what Ye Feng said, they immediately nodded.

Buzz!

and

At this moment, Ye Feng stretched out his hand and directly put Long Zhantian and the high-level demon into his storage ring.

Uh-huh!

Then Ye Feng flew alone and quickly towards the inner world of the Five Poison Sect.

But before Ye Feng reached the inner world, suddenly the headmaster of the Five Poison Sect appeared.

The leader of the Five Poison Sect seemed to have a somewhat gloomy expression at this moment. He stared at Ye Feng in front of him and couldn't help but said: "Ancestor of the Divine Sword, you really killed the great elder of the inner sect in our outer area. Really? That was a talented person. Killing him like this is a huge loss to our Five Poison Sect."

Hearing what the headmaster said, Ye Feng, the disguised Divine Sword Ancestor, naturally smiled indifferently and said, "You must pay the price for offending our elders."

After saying that, Ye Feng ignored the headmaster of the Five Poison Sect and was too lazy to waste time, so he directly entered the inner world of the Five Poison Sect.

Seeing how arrogant the ancestor of the Divine Sword was, the leader of the Five Poison Sect looked a little angry, but in the end he didn't say much.

After all, he, the leader, is only a visible representative of the Five Poison Sect.

The real controllers of the Five Poison Sects are actually a group of elders composed of countless powerful elders since ancient times. ??

At this moment, Ye Feng left the outer area and entered the inner world of the Five Poison Sect.

With the identity token of the Divine Sword Ancestor, Ye Feng quickly passed through a space gate and entered a very mysterious small world.

This small world is the place where the powerful elders of the Five Poison Sect finally chose to practice in seclusion. It is also the headquarters of the Elder Group.

Buzz!

After Ye Feng passed through the door of space and entered this small world, he immediately saw this small world. In fact, the area is not that big. It can't even be regarded as a small world, but can only be regarded as a larger independent cave. That's all.

Ye Feng could see the end of this small world at a glance.

\u003e

However, there are thousands of strong elders living in it, which is more than enough, the space is large enough.

At this moment, Ye Feng saw that the small world was surrounded by various mountains floating in the void, as well as floating palaces, giant towers, pavilions, etc.

Every place should be a place of cultivation for an older person.

At this time, Ye Feng followed the identity token of the Divine Sword Ancestor and quickly sensed the residence of the Divine Sword Ancestor.

It turned out to be a huge mountain like a long sword, standing in the void.

This mountain exudes a very strong sword energy, giving people a very sharp feeling.

Uh-huh!

Ye Feng flew over immediately.

When Ye Feng arrived at the mountain where the ancestor of the Divine Sword usually practiced in seclusion, hundreds of young geniuses wearing white uniforms suddenly flew out of the mountain and stood in front of Ye Feng. In front of him, he clasped his fists respectfully and said, "Welcome Master!"

When Ye Feng saw the scene in front of him, his eyes were stunned for a moment, and then he showed joy.

Unexpectedly, the ancestor of the Divine Sword would still be so dedicated, recruiting so many disciples to practice and teach in this small world.

I really got a big deal.

Because there are so many young geniuses, Ye Feng can completely use these free labor when he searches for the body of the god.

Uh-huh!

Just as Ye Feng was thinking about it, a middle-aged man wearing black armor suddenly flew over not far away.

When the middle-aged man came to Ye Feng, he immediately clasped his fists and said loudly: "See the ancestor of the Divine Sword. The ancestor of the Divine Sword has returned successfully. It seems that he has killed the insignificant elder of the inner sect. , The leader hopes that you, the ancestor of the divine sword, can bring the head of the great elder of the inner sect to the Temple of

the Elders to meet. The leader seems to have something special to ask you, the ancestor of the divine sword, saying that you must let the ancestor of the divine sword. Go there yourself.”
