Chapter 5031 Can't Fall

At this moment, when Ye Feng heard the Flame Ancestor and the Ice Ancestor ask this question, he didn't explain much. He just smiled and said, "These things have nothing to do with you."

Uh-huh!

After saying that, Ye Feng just wanted to leave here. He didn't want to talk nonsense with the Flame Ancestor and the Ice Ancestor.

After all, the most important thing for Ye Feng now is to quickly find the corpse of the god, and then leave the small sect of Wudu Sect directly, because there seems to be no special meaning in continuing to hang out here. There are many The training resources can no longer meet Ye Feng's current use.

At this moment, seeing Ye Feng leaving directly, the Flame Ancestor and the Ice Ancestor did not stop them, because they had just met the mysterious tombkeeper in black, so for these sudden appearances in this ancestral land, Even if the Flame Ancestor and the Ice Ancestor are all Supreme Elder level beings, they would never dare to provoke them.

At this time, they could only watch Ye Feng leave.

At this moment, after Ye Feng left the ancient city, he flew directly towards the outside of the ancestral land.

Soon, Ye Feng left the land of his ancestors and returned to the inner world.

At this time, Ye Feng came out of the Ancestral Land and entered the small world. He immediately flew towards the center of the small world inside the Five Poison Sect.

Because Ye Feng wants to find the current generation of leaders of the Five Poison Sect Elders as soon as possible, and then let the soul of the first generation of leaders in his mind command the current generation of leaders to activate the power of the entire internal small world. , to help you find the corpse of the god. In that case, the efficiency will definitely be very high. ??

At this moment, Ye Feng was moving very fast, and in a blink of an eye, he arrived at the central hall of the small world inside the Five Poison Sect.

Here, Ye Feng once again met the leader of the Five Poison Sect Elders.

At this time, Ye Feng still had murderous intentions in his heart. After all, the leader of this generation of elders used himself as a pawn in an attempt to resurrect the first generation of leader, which really screwed him up. If it hadn't been for someone With Emperor Chu here, I guess he was really in trouble this time.

but

Now, Ye Feng himself does not have the strength to directly kill the leader of the elder group. At most, he can find a way to control him.

At this moment, Ye Feng asked aloud in his mind: "The first generation of leaders, you only have a soul body left. How can you control the current generation of leaders of the Elder Group?"

The soul body of the first-generation leader immediately said aloud in his mind: "This is very simple. As the first-generation leader of the elder group, I have already left a kind of ability in my successor's bloodline that can make people... I control their spells at all times, otherwise, do you think that the leaders of each generation of elders will be so loyal to find various suitable containers for me to revive me? "

Hearing what the soul of the first generation leader said in his mind, Ye Feng's eyes suddenly showed a look of astonishment, and then he nodded and said with great appreciation: "You are indeed a wily and scheming ancient figure. "

At this moment, after Ye Feng finished speaking, he directly said: "Then it is up to you to control the next generation of leaders of the Five Poison Sect Elder Group."

The first-generation leader in his mind immediately burst into laughter and said aloud: "Don't worry, Lord Ye Feng, just leave this to me."

Ye Feng was naturally very satisfied at this moment. After all, it is good for evil people to have their own way.

It is estimated that the elders of the Five Poison Sect never imagined that not only were they not possessed by the first generation of elders, but they also controlled the first generation of elders, thereby controlling the elders of this generation.

At this moment, Ye Feng was alone and walked directly into the central hall in front of him.

When Ye Feng walked in, he saw a very majestic figure sitting on a golden seat at the top of the central hall just like the first time he came here disguised as the ancestor of the Excalibur.

At this moment, the moment Ye Feng appeared in the hall, the leader of the elder group immediately

With a look of surprise in his eyes, he stared at Ye Feng and said, "Who are you, this young man? Why did you come to me all of a sudden?"

At this moment, Ye Feng suddenly grinned and said, "I am the ancestor of the Divine Sword."

"What?"

Hearing what Ye Feng said at this moment, the leader of the Five Poison Sect's elder group seemed to realize something. He was immediately shocked, and then suddenly there was a cold murderous intention in his eyes, and he said loudly: "It turns out that The Divine Sword Ancestor did not kill you, you actually killed the Divine Sword Ancestor and even pretended to be the Divine Sword Ancestor. Then I will kill you with my own hands. Your strength is completely in my eyes! It's nothing."

At this moment, after the leader of the elder group finished speaking, overwhelming power and aura suddenly burst out from his body, and his cultivation level was actually five or six levels higher than Ye Feng.

If Ye Feng relied on himself, even if he tried his best, even if he released the immortal form of the ancient demon, it would be difficult to fight against this extremely powerful elder leader.

But now Ye Feng stood there, motionless, but said very calmly: "I bet you can't kill me."

After finishing speaking, a huge shadow suddenly appeared behind Ye Feng.

Buzz!

This huge shadow is the soul of the first generation leader that Ye Feng brought back from the ancient city in the land of his ancestors.

At this moment, the moment the soul body of the first-generation leader appeared, he immediately stared at the current leader of the elder group and said loudly: "My descendants, when they see me, don't you kneel down quickly? What will you do in the future? Listen to Master Ye Feng."

At this moment, seeing the shadow of the first-generation leader behind Ye Feng, the leader of the elder group immediately showed a look of deep horror, and couldn't help but exclaimed: "What? You are really We arrived at that mysterious place and brought back the soul of the first generation leader of our elder group. But first generation leader, why do you want to listen to this?"

As for a boy? This is impossible! "

At this moment, Ye Feng smiled slightly and said: "Nothing is impossible in this world, everything is possible."

Hearing what Ye Feng said, the face of the leader of the veteran group suddenly became uncertain, and then his eyes suddenly showed a deep and ruthless look, and he said loudly: "Damn it, I will not give in. For you! The first generation leader, even if you are the ancestor of our elders, if you betrayed our Five Poison Sect and turned to an outsider, then I will never obey you, and I will kill you all. , especially you, the first generation leader, your soul body must contain the biggest inheritance secret among our Five Poison Sect elders. After I capture your soul body, I will torture you crazily and torture you. If all the secrets and inheritance in my body are squeezed out, I will become the strongest being in the Five Poison Sects, and it is not impossible for me to even lead our Five Poison Sects into the ranks of super sects in the future!"

At this moment, the leader of the Five Poison Sect Elder Group was speaking, his tone full of ruthlessness and domineering, and he also had huge ambitions.

But just when he was about to take action, the soul of the first generation leader standing behind Ye Feng suddenly showed an inexplicable smile on his face and said loudly: "You are too naive."

"Buzz buzz..."

After saying that, the first-generation leader suddenly began to chant an ancient spell.

Almost at the moment when this incantation was chanted, the entire body of the extremely powerful leader of the Elders suddenly began to become weak and weak, and then with a "bang", he fell to the ground, his whole body falling to the ground. His body was unable to move, and seemed to be controlled by some mysterious force.

Sensing all this at this moment, the leader of the elder group who was high-spirited and ambitious just now suddenly became extremely ugly. He couldn't help but said in anger: "What?? Hidden in my bloodline There is such an ancient and terrible curse? No! My grand mission has not yet begun, I cannot fall here!"

Chapter 5032: Attacking the Big Bottleneck

At this time, the ambitious leader of the Elders roared crazily, his tone full of unwillingness.

But at this time, it is of no use anymore.

Because in his body, the curse placed by his ancestors has completely taken effect.

Therefore, no matter how powerful the leader of this elder group is, he is completely unable to resist under the control of the first generation leader at this moment.

Seeing this scene at this moment, Ye Feng grinned and walked directly in front of the leader of the elder group.

Snapped!

Ye Feng stretched out his foot, stepped on the opponent's face, and said indifferently: "I thought you were a good leader before, but I didn't expect you to be so cruel to the ancestor of the Divine Sword, and wanted to kill the Divine Sword Ancestor. The Sword Ancestor, as a sacrifice and a container, made him fall into a trap where he was almost certain to die. If I hadn't been clever, I might have fallen into the hands of an old guy like you." .??.

Hearing what Ye Feng said, the leader of the elder group immediately spoke out without fear: "Kill or behead, please do as you please."

Hearing what the leader of the elder group said, Ye Feng showed a strange smile in his eyes and said loudly: "No, no, no, it would be such a waste to kill you directly. I should treat you fully." use."

After finishing speaking, Ye Feng suddenly stretched out a hand, spread his fingers, and grabbed the top of the head of the leader of the elder group.

Buzz!

At this moment, Ye Feng directly released the Devouring Domain.

Almost at the next moment, the originally fearless eyes of the leader of the Elders suddenly revealed a look of deep fear, and he said loudly: "What are you doing, kid? Are you absorbing the skills I have practiced for hundreds of years? What? ? This is impossible! What kind of terrifying technique are you practicing?"

At this moment, the leader of the elder group can be said to be extremely frightened.

Originally, he was not afraid of death, because if Ye Feng killed him directly, it would only take a second, and he would not feel the pain at all.

\u003c

br\u003e But Ye Feng continued to devour and plunder his skills through the Devouring Domain, including devouring his vitality, making the leader of the Elder Group watch his entire body gradually wither away, which made him feel extremely horrified.

At this time, Ye Feng did not hesitate at all and increased his engulfing volume, regardless of the other party's horrified roar.

In the end, under the extremely frightened eyes of the other party, Ye Feng simply swallowed up all the skills and life of the leader of the elder group.

The other party directly became a mummy.

At this moment, Ye Feng gained the power that the leader of the Elder Group had cultivated for hundreds of years.

Ye Feng's skill also increased tremendously at this moment.

Originally, Ye Feng's cultivation was currently at a major bottleneck at the tenth level of the Soul Condensation Realm.

If he practiced normally, Ye Feng would probably have to practice for several years before he could completely break through this bottleneck.

But now, with the immense skill and energy of the leader of the Elder Group, Ye Feng suddenly broke through the bottleneck and stepped into the half-step spiritual silence state above the tenth level of the Condensation Realm!

At this time, Ye Feng could feel that the energy in his body had not been completely refined.

In other words, using the remaining energy, Ye Feng may be able to continue to attack the bottleneck of the Half-Step Spiritual Silence Realm, a new realm.

Boom! !

At this moment, Ye Feng did not hesitate at all, using the energy of the leader of the elder group that had not yet been fully refined to continue to crazily attack the bottleneck of his own cultivation.

Finally at some point.

"boom!!"

Ye Feng's body burst out with a huge and terrifying aura.

Ye Feng's cultivation realm has finally completely broken through and entered the true first level of spiritual silence, which is half a step above the spiritual silence realm!

At this time, after Ye Feng's cultivation had broken through to the first level of the true Spiritual Silence Realm, he could clearly feel that his entire skill reserve was many times greater than before.

Moreover, his combat effectiveness has improved unprecedentedly.

At this time, Ye Feng's eyes were filled with deep satisfaction.

The leader of the veteran group is worthy of being an elder. He has used all the skills he has cultivated for hundreds of years for himself. He has strengthened his strength and allowed himself to successfully break through an entire realm and reach a new level above the Condensation Realm. The realm of spiritual silence is the first level of heaven.

At this time, the soul body of the first-generation leader standing behind Ye Feng had a look of deep disbelief in his eyes, and he couldn't help but said aloud: "I didn't expect Lord Ye Feng to practice such a weird thing. There are even some terrifying inheritances, no wonder Master Ye Feng has been able to grow from a small place to the level he is today."

At this moment, the soul body of this first-generation leader is deeply aware that Ye Feng is definitely a terrifying existence that cannot be provoked, not to mention that there is a person from a higher cultivation dimension in Ye Feng's head. The supreme will is really terrible.

At this time, the soul of the first-generation leader immediately made a silent decision in his heart. From now on, he must listen to Master Ye Feng in everything, otherwise, he will probably die miserably.

At this moment, Ye Feng smiled slightly and said aloud: "First generation leader, you have done a good job this time, but next I need you to do me a favor, which is to activate the entire small world within the Elder Group. With the combined efforts of all of them, I was able to find the body of a god that was obtained by the founder of the Five Poison Sect. This body of a god is very important to me."

Ye Feng knew very well how precious the corpse of a god was, it was absolutely priceless. \u003c

br\u003e

The immortal true form of the ancient demon that Ye Feng had obtained before was unable to compete with the gods. He only said that he was about to catch up with the gods, but he could still burst out with tremendous power.

Such a powerful body allowed Ye Feng to refine into a second clone, giving Ye Feng a very strong overall strength and bursting out with terrifying power.

Therefore, Ye Feng is naturally very interested in the corpse of the real god.

Because if Ye Feng can also get the corpse of another god and refine it into his third clone, then Ye Feng will have two terrifying clones, both with incomparable power, unimaginable. At that time, to what level will Ye Feng's comprehensive strength rise to?

So at this time, Ye Feng was naturally looking forward to the corpse of the god and wanted to get it as soon as possible.

At this moment, hearing Ye Feng's request, the soul of the first-generation leader immediately nodded and said loudly: "Next, I will announce that I, the first-generation leader, have completely returned. Everyone in the world must submit to my command, obey my orders, and help you, Master Ye Feng, find what you need."

After finishing speaking, the soul body of this first-generation leader suddenly expanded his entire soul form, starting from the entire hall and rising rapidly, and his figure suddenly grew hundreds of times.

At this moment, in the eyes of everyone in the small world within the Five Poison Sect Elder Group, a towering figure suddenly appeared in the direction of the main hall.

Although this figure is only a soul body, it exudes a terrifying majesty.

And the next moment, this huge soul body said something in front of everyone, causing the whole small world inside the elder group to completely explode.

I saw the huge soul body, making a majestic voice to the entire small world: "Senior group, your first generation leader is back!"

Chapter 5033 Looking for trouble

"What??"

"That huge soul body is actually the first generation leader of our elder group. How is this possible?"

"After tens of thousands of years, the first generation leader has returned. Yes, this breath is definitely the breath of the ancestor of our authentic Five Poison Sect Elder Group leader!"

...

At this moment, the entire small world inside the Five Poison Sect was simply in a state of meltdown.

Countless powerful people, including the old Supreme Elders, all flew out of their retreats and looked toward the middle of the small world inside.

Everyone stared at the huge and majestic soul figure high in the sky, with deep horror and shock in their eyes.

Because no one thought that the elders of the Five Poison Sect, the first generation in charge, who had disappeared for tens of thousands of years, would return again, and with such a tough attitude, they would manifest directly in the central hall of the inner small world. Revealing the huge soul body of one's true self is tantamount to announcing it to the world.

This is really shocking!

At this time, many powerful people in the small world within the Five Poison Sect Elder Group, whether they are ordinary disciples or those supreme elders who have practiced for many years, are a little frightened at this time, and they hurriedly move towards the central hall. Flying quickly in the direction.

Because at this time, the first generation of their elders is back, which means that their ancestors are back.

Therefore, the supreme elders in the small world within the elder group, including many other powerful disciples, etc., all swarmed and flew quickly towards the central area, wanting to meet their ancestors and the first generation leader. .

At this moment, in the central hall, Ye Feng looked at the huge soul body of the first-generation leader standing directly under the sky from inside the hall, with a look of surprise in his eyes. It seemed that he did not expect that this first-generation leader The person in charge was so upright, and directly revealed his soul body, in such a high-profile manner, in front of the powerful people in the entire inner small world.

However, Ye Feng didn't say much. After all, this method is the simplest and most direct. It can allow the first-generation leader to establish his prestige in a short time, and make everyone surrender to him and help him find the one. The corpse of a mysterious god.

At this moment, Ye Feng sat down on the golden throne in the hall without any hesitation.

After all, it seems that the first generation leader of the Elder Group has returned to command the entire Elder Group, but in fact, Ye Feng is behind it and is the instigator behind the scenes.

At this moment, Ye Feng felt that he just had to sit on the throne in the central hall and wait silently for the final result. Everything that followed would be left to the first generation in charge, and there would be no problem.

However, Ye Feng felt that nothing would happen next, but sometimes trouble would come to his door automatically.

Just when the first-generation leader revealed his soul body and called on all the strong men of the entire elder group to find the body of the god, suddenly a group of menacing strong men descended directly on the inner world.

Ye Feng looked into the distance in the main hall and saw that the group of people rushing over in the distance turned out to be the headmaster of the outer area of the Five Poison Sect and a group of elders under the headmaster.

At this moment, Ye Feng suddenly

Suddenly, he sensed that the leader of the Five Poison Sect was hiding deeply, and his cultivation aura was many times stronger than when he was exposed to it before, almost comparable to the leader of the Elder Group.

This made Ye Feng's eyes suddenly reveal a look of surprise. It seems that this headmaster is also a scheming figure. He has always been showing weakness to the enemy and hiding himself, but now it is estimated that the body is being searched by the entire group of elders. The corpse of the god was disturbed.

At this moment, Ye Feng was sitting in the main hall, and the soul body of the first-generation leader standing aside couldn't help but said: "Master Ye Feng, the leader of the Five Poison Sect's generation seems to be leading the way. Many strong men came to look for trouble. After all, the elders of our Five Poison Sect and the leaders of the external area have always been in open and covert fights. I was also suppressed by the leaders of the external area. Of course, That is the first generation leader of the Five Poison Sect, the founder of the Five Poison Sect."

At this moment, when he heard the first-generation headmaster next to him say this, Ye Feng immediately nodded slightly and said loudly: "Let's see what they mean by coming here first."

"Yes, Master Ye Feng."

At this time, the first-generation leader immediately nodded.

In fact, the first-generation leader still needs to rely on Ye Feng's power, because the first-generation leader is now in the state of a soul body and cannot exert such powerful strength.

However, the first-generation leader did not have too much worry, because he deeply understood how terrifying, how powerful, and how unfathomable Ye Feng's methods were.

Moreover, Ye Feng had previously devoured the leader of the elder group of the Five Poison Sect, and his cultivation skills had skyrocketed. Even if the leader of the Five Poison Sect comes with a group of strong men now, he may not be able to completely suppress Ye Feng. .

While Ye Feng was talking to the first-generation leader, outside the hall, the leader of the Five Poison Sect rushed in with a group of elders from outside areas.

At this moment, the moment the headmaster of the Five Poison Sect came in, he immediately stared at the top of the hall, with a hint of surprise in his eyes.

Because he saw that the first-generation leader of the Elders, such an ancient figure, was standing next to a young man. This was enough to show how extraordinary this boy was, and that even the first-generation leader was like this. of groveling.

At this time, the leader of the Five Poison Sect stared directly at Ye Feng and couldn't help but said: "Who are you? Why can we, the first generation leader of the Five Poison Sect's elders, obey your orders? Trouble our entire Five Poison Sect?"

Hearing what the headmaster of the Five Poison Sect said, Ye Feng smiled slightly and said aloud: "I didn't bring trouble to your Five Poison Sect, I just wanted to find something. If I find it, I will leave you Five Poison Sect immediately. Door."

Hearing what Ye Feng said, the headmaster of the Five Poison Sect's eyes immediately turned gloomy, and he couldn't help but said: "The thing you are looking for should be the founder of our sect. The corpse of the god we obtained is the greatest treasure of our entire Five Poison Sect. No one else is allowed to get involved with it. If you want to continue looking for it, then I can only kill you directly!"

"Hahaha!"

Hearing what the headmaster of the Five Poison Sect said, Ye Feng immediately laughed out loud, his eyes became lowered, and he said loudly: "You want to kill me? Then try it and see what happens in the end. Who is killing whom? "What?"

"That huge soul body is actually the first generation leader of our elder group. How is this possible?"

"After tens of thousands of years, the first generation leader has returned. Yes, this breath is definitely the breath of the ancestor of our authentic Five Poison Sect Elder Group leader!"

.....??.??

At this moment, the entire small world inside the Five Poison Sect was simply in a state of meltdown.

Chapter 5034 Internally

At this time, after Ye Feng finished speaking, the headmaster of the Five Poison Sect immediately turned very cold and couldn't help but said: "You are just a young man. I don't know what means you have. The soul of the first generation leader who can command our Five Poison Sect Elder Group, but I can sense your cultivation level. It is extremely powerful among the younger generation, but it is three or four realms lower than me. I don't I don't know where you got your confidence, how dare you challenge me?"

Hearing what the headmaster of the Five Poison Sect said, Ye Feng just smiled faintly and said: "You don't need to talk so much nonsense. I just need to see the truth. In fact, there is no big grudge between you and me, but if you dare If you prevent me from finding the body of that precious god, I will have no choice but to be ruthless."

Hearing what Ye Feng said, the headmaster of the Five Poison Sect suddenly showed a cold murderous intent in his eyes, and said: "Okay, then I will see how powerful your methods are."

Boom! !

After saying that, the headmaster of the Five Poison Sect burst out with an extremely powerful cultivation momentum.

It has to be said that the leader of the Five Poison Sect is indeed a powerful figure, and his cultivation strength is not much weaker than that of the previous elders of the Elder Group. .??.

Boom!

At this moment, the leader of the Five Poison Sect burst out with extremely powerful cultivation power, directly attacking Ye Feng.

Ye Feng glanced at the soul body of the first-generation leader next to him and said loudly: "Help me suppress this leader of the Five Poison Sect. If he dies, you will be the only one in the entire Five Poison Sect from now on." "

Hearing what Ye Feng said, the soul body of the first-generation leader immediately brightened up and said loudly: "Yes, Master Ye Feng."

After saying that, the soul body of the first-generation leader immediately burst out with extremely powerful soul power.

Although he now has no actual body, he knows many taboo techniques of the Five Poison Sect, which can be exerted through the soul body, such as some ancient curse techniques and so on.

Buzz!

\u003e

At this moment, the soul body of the first-generation leader instantly launched a very terrible curse.

This curse technique can bind people in place.

Although the soul body of the first-generation leader could not exert the power of his heyday, the moment he issued this curse, the leader of the Five Poison Sect was still restrained even if he was not directly bound to the place and unable to move. It greatly interferes with one's own mobility.

Uh-huh!

Ye Feng seized this opportunity and immediately rushed in front of him, holding the Sword of God in his hand, and slashed hard.

However, the leader of the Five Poison Sect was powerful after all, and managed to avoid this sword with great difficulty.

At this moment, the leader of the Five Poison Sect shouted: "Ten Thousand Poisons Prison!"

Wow!

Almost at this moment, a very terrifying poisonous gas burst out from the head of the Five Poison Sect. In an instant, a huge poisonous gas prison condensed around Ye Feng, trapping Ye Feng among them.

Even if Ye Feng's current cultivation strength has been greatly improved, there is still no way to break through this poisonous prison at this moment.

Seeing this scene, the leader of the Five Poison Sect immediately burst into laughter and said loudly: "Young man, although you are powerful, your background is still much worse than that of an older person like me."

At this moment, Ye Feng instantly released the immortal form of the ancient demon.

Boom!

At this moment, the majestic figure of the ancient demon's immortal form flew out of Ye Feng's storage ring, and then expanded rapidly, directly bursting the surrounding poisonous prison. Come.

At this moment, Ye Feng immediately said coldly: "My methods are beyond your imagination."

After saying that, Ye Feng controlled his second avatar, the immortal true form of the ancient demon, and instantly charged towards the headmaster of the Five Poison Sect.

At this moment, after seeing the power of the ancient demon's immortal form released by Ye Feng, the leader of the Five Poison Sect couldn't help but exclaimed: "Previously, the great elder of the inner sect and the ancestor of Duyun... During the battle, such an extremely powerful demonic body was also released. It turns out that you are actually the Great Elder of the Inner Sect in disguise. I asked you why the Great Elder of the Inner Sect suddenly became so powerful. It turns out it is you. This thief has sneaked into our Five Poison Sect and wants to destroy our entire Five Poison Sect!"

Hearing what the headmaster of the Five Poison Sect said, Ye Feng immediately said calmly: "I don't want to destroy your entire Five Poison Sect, I just want to collect some price. As for the inner sect, The great elder wanted to kill me, so naturally I wanted to kill him."

At this moment, after Ye Feng finished speaking, he directly controlled the immortal form of the ancient demon and madly attacked the leader of the Five Poison Sect.

Rumble...

At this moment, the headmaster of the Five Poison Sect was unable to withstand the power of the ancient demon's immortal true form, and was beaten back steadily.

Because you must know that the ancient demon's immortal true body was almost comparable to the existence of the gods back then. Even if it can only exert the power of its body now, it is not something that a young practitioner like the headmaster of the Five Poison Sect can resist, let alone It is said that Ye Feng's current cultivation strength has been greatly increased, and the power of the second clone he controls will naturally become stronger.

So at this time, the leader of the Five Poison Sect was beaten to a very embarrassing state, not to mention that the first-generation leader secretly imposed various curses that could affect his fighting ability.

At this moment, the headmaster of the Five Poison Sect looked at the group of elders following behind him, and immediately shouted: "You

What are we still doing? Hurry up and help me along! "

At this time, when the headmaster of the Five Poison Sect said this, a group of elders following behind him all looked hesitantly.

After all, what they are fighting now is the first generation leader of their Five Poison Sect Elder Group, who is considered their ancestor.

At this time, the soul body of the first-generation leader standing next to Ye Feng immediately looked at those powerful elders and said loudly: "If you dare to help this guilty leader, then you will If you go against me, if you all leave here now, I will reward you heavily when I take charge of the entire Five Poison Sect."

Hearing what the first-generation leader said at this moment, the elders all felt as if they had received an amnesty, and directly said: "Thank you, ancestors, for your understanding."

After finishing speaking, these elders stopped helping the leader of the Five Poison Sect and quickly left the hall, pretending that nothing happened in the hall.

"What??"

Seeing this scene, the headmaster of the Five Poison Sect immediately spat out a mouthful of blood in anger.

He seemed to have never imagined that the first generation leader would have such a high prestige in the minds of the descendants of the Five Poison Sect cultivators.

Seeing this scene, Ye Feng nodded with great satisfaction.

If he were to fight against the leader of the Five Poison Sect alone, then for the Five Poison Sect, it would be like an invasion from a foreign enemy. These elders would fight to the death and besiege him, and it might be really hard for him then.

But now that he has tied the first-generation leader of the Five Poison Sect Elders to his own warship, it becomes a struggle within the Five Poison Sects.

As long as the unstable factor of the current generation leader of the Five Poison Sect is killed, the entire Five Poison Sect will not interfere with his actions, because he has the first generation leader to support him, which is justified.

Chapter 5035 Bringing good news

Boom!

The pressure of the ancient demon's immortal true form can be said to be terrifying to the extreme.

Even if the leader of the Five Poison Sect is a very powerful elder, he is completely unable to withstand the attack from Ye Feng's control of the immortal demon's true form at this time.

And the most terrible thing is that the group of helpers brought by the leader of the Five Poison Sect, the elders from the outside area, have all fled the scene directly, and are not willing to help the leader of the Five Poison Sect.

After all, the leader of the first-generation elder group next to Ye Feng, an ancestor-level figure, put too much pressure on the elders of the Five Poison Sect.

When they faced the ancestors of the Five Poison Sect, they naturally chose to obey without any hesitation.

After all, the leaders of the Five Poison Sect of this generation still don't have much majesty in front of the real ancestors of the Five Poison Sect.

At this time, seeing the scene on the field, Ye Feng showed deep satisfaction in his eyes.

This time, I chose to bring the soul body of the first generation leader of the Five Poison Sect back to the Five Poison Sect, which can be said to have provided me with huge help.

After all, many powerful people in the Five Poison Sect will definitely choose to listen to their ancestors when they see their ancestors return.

"No!"

"I'm not willing to die in the hands of a kid like you!!"

At this moment, the leader of the Five Poison Sect had been forced to retreat by the immortal form of the ancient demon. He was vomiting blood and was extremely embarrassed.

Because the leader of the Five Poison Sect, no matter how powerful his cultivation strength and attack methods are, it is impossible to harm the immortal body of the ancient demon, which is almost comparable to the body of a god.

So as long as Ye Feng keeps hiding behind the immortal form of the ancient demon and does not confront the headmaster of the Five Poison Sect, then the headmaster of the Five Poison Sect will have nothing to do with Ye Feng.

Because the ancient demon's immortal true form is simply

It was like a huge shield that stood in front of Ye Feng and could withstand any damage for Ye Feng.

And in addition, you must know that the soul body of the first-generation leader next to Ye Feng is also secretly casting various curses on the head of the Five Poison Sect, making the head of the Five Poison Sect complain. Unbearable.

At this moment, seeing the headmaster of the Five Poison Sect yelling unwillingly, Ye Feng showed a cold smile on his face, without any mercy, and said: "Since you were against me, In one moment, your fate is sealed."

Uh-huh!

After saying that, Ye Feng directly used the space wormhole, and he suddenly flashed behind the headmaster of the Five Poison Sect.

The leader of the Five Poison Sect didn't even have time to react, because he was being restrained by the immortal form of the ancient demon right in front of him, so Ye Feng suddenly used the space technique to appear behind him. The leader of the Five Poison Sect couldn't even react. Before he could react in time, Ye Feng held the God's Sword in his hand and pierced his body directly.

"ah!!"

At this moment, the headmaster of the Five Poison Sect couldn't help but scream, and his whole body felt endless pain, which spread from his heart throughout his body.

His heart was stabbed.

The leader of the Five Poison Sect could feel that his life force was rapidly passing away.

But he couldn't stop this from happening.

At this time, Ye Feng swung the God's Sword in his hand once again, splitting the leader of the Five Poison Sect in half, killing him instantly.

Buzz!

The next moment, Ye Feng did not hesitate at all, and instantly released the Devouring Domain and began to devour the Five Poison Sect Master.

Teach the cultivation skills.

You must know that the headmaster of the Five Poison Sect is a powerful being comparable to the leader of the current generation of the Elder Group, so the skills and energy provided by the headmaster of the Five Poison Sect are definitely a great tonic for Ye Feng, who is going crazy. Ye Feng's powerful skill allowed Ye Feng's cultivation aura to rapidly and continuously break through again.

boom!

The second level of spiritual silence!

boom!

The Third Heaven of Spiritual Silence Realm!

boom!

The fourth level of spiritual silence!

boom!

The fifth level of spiritual silence!

boom!

The sixth level of spiritual silence!

boom!

The Seventh Heaven of Spiritual Silence Realm! !

At this time, Ye Feng's cultivation momentum finally stopped completely.

At this moment, Ye Feng clenched his fists and could feel the vast power like the vast ocean surging through his limbs and every inch of his blood and flesh.

After Ye Feng devoured the entire Five Poison Sect's master's skills at this time, his cultivation level directly broke through the sixth heaven, and directly broke through to the seventh heaven of the Spiritual Silence Realm, which gave Ye Feng a huge improvement.

Ye Feng was naturally very satisfied at this time.

The soul body of the first generation leader of the Five Poison Sect standing aside looked at everything in front of him with a look of deep amazement in his eyes.

Because Ye Feng has made so many breakthroughs in cultivation in a short period of time, the speed of this breakthrough can be said to be simply incredible.

And the most important thing is that even the first generation leader of the Five Poison Sect was deeply shocked by Ye Feng's devouring ability.

This kind of talent can

The power is really terrible.

At this moment, Ye Feng smiled faintly, looked in a certain direction not far away, and suddenly his eyes moved slightly.

Two figures flew over not far away.

It turned out to be Long Zhantian and the high-level demon that Ye Feng had conquered before.

At this time, Ye Feng suddenly asked: "You two are here, do you bring good news?"

Long Zhantian smiled slightly and said quickly: "That's right, during this period of time, with the efforts of all the powerful men and supreme elders in the small world within the entire Elder Group, we finally found the founder of the Five Poison Sect. The body of the god that was found was located, but that place was shrouded by an ancient seal. Even the most powerful elder in the small world inside the Five Poison Sect could not break the seal. I guess it was. The seal set by the founder of the Five Poison Sect."

When Ye Feng heard what Long Zhantian said, he immediately nodded slightly and said, "Take me directly to that place, and I will take a look for myself."

"good."

Long Zhantian immediately turned around and flew quickly in a certain direction in the distance, and Ye Feng followed.

The soul body of the first generation leader of the Five Poison Sect was also following Ye Feng quickly at this moment, flying quickly in a certain direction in the distance.

Because the first generation leader of the Five Poison Sect Elders was also very interested in the corpse of the god obtained by the founder of the sect.

However, the first generation leader of the elder group knew very well that since Ye Feng had taken a fancy to this god's corpse, he had no hope and did not dare to have any thoughts in his heart.

The first-generation leader felt that if he worked for Ye Feng honestly in the future, he could still become the leader of the entire Five Poison Sect, ruling the elder group and the external area, which was already very good.

Chapter 5036 The Big Secret

Ye Feng was very fast. He followed Long Zhantian and soon arrived at the place where the god's body was hidden.

This is already the easternmost place in the small world within the Elders, almost to the edge of the small world.

The interface barrier on the edge of the small world appeared ahead.

If you pass through it again, it will be a turbulent flow of void.

No matter how powerful the existence is, it is very likely that he will be killed in the turbulence of the void, and it is said that the demon of the void lives in the turbulence of the void, which is very terrifying.

At this time, Ye Feng saw a huge ancient tomb appearing in front of him under the interface barrier.

This ancient tomb feels very extraordinary, as the entire body is made of steel.

But at this time, the outer part of this ancient tomb had been bombarded by many strong men of the Elders and shattered, and a seal emitting black light appeared inside.

At this moment, Long Zhantian immediately said: "Master Ye Feng, the body of the god you want may be under this red seal."

Hearing what Long Zhantian said, Ye Feng immediately nodded and said: "This seal is a bit strange. It actually gave me a very dark feeling, as if it was a very evil formation. Even back then, The founder of the Five Poison Sect probably wouldn't be able to lay out such a dark-attributed demonic formation."

At this time, the leader of the elder group who was standing next to Ye Feng and followed him also showed a look of surprise in his eyes and said loudly: "I have dealt with the founder of the Five Poison Sect, and he has practiced It is absolutely impossible for our inheritance to lay out such a dark formation with evil attributes."

Hearing what the first-generation leader next to him said, Ye Feng immediately nodded and said: "Anyway, let's go in and take a look."

After saying that, Ye Feng stepped forward and wanted to break the formation.

However, the first-generation leader couldn't help but remind him: "Master Ye Feng, be careful. This dark formation looks very weird and evil. Maybe

There is great danger. "

Ye Feng smiled slightly at this time and said loudly: "Any formation in front of me is inescapable."

At this moment, after Ye Feng finished speaking, he directly used his talent of Eye of Heaven and Earth.

Ye Feng was able to see through the entire formation immediately.

Uh-huh! Uh-huh! Uh-huh!

At this moment, Ye Feng stepped forward and pointed his finger at the formation in front of him, pointing at certain special positions.

Click!

Click!

Almost at the next moment, with Ye Feng's casual attack, the evil and terrifying formation in front of him suddenly shattered inch by inch.

"What??"

Seeing this scene, everyone present, including many elders of the elder group, including the first generation leader of the elder group, suddenly widened their eyes. It seemed that they had never thought that they had attacked them for a whole time. The terrifying dark formation that had lasted for half a month turned out to be so fragile in front of Ye Feng.

This method is really incredible.

At this moment, Ye Feng smiled slightly and didn't care about the shocked looks from everyone, because Ye Feng was used to it.

Uh-huh!

At this time, Ye Feng instantly fell from the sky.

Long Zhantian, senior demons, and the first-generation leaders of the elder group also followed.

A group of other supreme elders were also preparing to follow.

But at this time, the first-generation leader said loudly: "You don't need to go in, just guard outside."

Hearing what the first generation leader said, many elders of the elder group

They all clasped their fists and said loudly: "Yes, the master in charge."

After finishing speaking, the group of elders did not continue to follow, but guarded outside this ancient tomb.

At this moment, the reason why the first-generation leader did not let these supreme elders come down was naturally to keep it secret.

Because the next body of the god is what Ye Feng wants to get, it is naturally the best choice to prevent these supreme elders from the Elder Hall from entering.

At this moment, only the core figures Ye Feng, Long Zhantian, the senior demon, and the first-generation leader entered the underground tomb. .??.

The moment they entered the underground tomb, they immediately saw a very shocking scene. At the same time, this scene was also very shocking.

Because there are no corpses of any gods in the ancient tombs.

There was only a tall, skinny middle-aged man, trapped in the space of this ancient tomb by chains condensed by dark energy.

Moreover, this tall, skinny man was not completely dead yet, and there was still a trace of life in his body.

"this....."

Seeing this scene, Ye Feng's eyes suddenly showed a look of astonishment, and he said: "This is not the corpse of the god, but a peerless strong man imprisoned here. Could it be that the corpse of the god is just a lie, and the real purpose is Is it to imprison this extremely powerful man?"

Hearing Ye Feng say this, Long Zhantian suddenly seemed to see something. He couldn't help but stare at the face of the tall, thin middle-aged man in front of him, and said in horror: "What? How is this? possible??"

Seeing Long Zhantian's violent reaction at this time, both Ye Feng and the first-generation leader of the Five Poison Sect Elders beside him couldn't help but asked in surprise: "Long Zhantian, what's the matter?" Why are you so surprised all of a sudden?"

Long Zhantian uses this time

Pointing at the tall middle-aged man who was trapped by countless dark chains in front of him, his voice was trembling, and he couldn't help but say: "He looks almost exactly the same as the emperor of our Daxuan Dynasty, His Majesty Xuan Wuji. "

"What??"

Hearing what Long Zhantian said, Ye Feng suddenly had a look of astonishment in his eyes.

The Daxuan Dynasty was the only super sect-level top power in the entire southern area of Zhongzhou.

At this time, Ye Feng couldn't help but said: "Are you sure he looks exactly the same as the Emperor of the Daxuan Dynasty? But the Daxuan Dynasty is the only top transcendent power in the surrounding area. The emperor of the Daxuan Dynasty, As the leader of a top force, as high as a master, how could he be reduced to being imprisoned here? Moreover, if the emperor of the Daxuan Dynasty disappeared, the strong men of the Daxuan Dynasty would definitely dig deep. We also need to find their Emperor, but there seems to be no movement from the Daxuan Dynasty."

At this time, Long Zhantian couldn't help but said in fear: "But now our emperor of the Daxuan Dynasty is in the imperial city of the Daxuan Dynasty. He has never left, but someone exactly like him appears here. Man, what is going on?"

While several people were discussing, the mysterious tall middle-aged man who was trapped by countless dark chains in front of him suddenly raised his head slightly, and actually made an extremely weak voice, saying something that made everyone present... A sentence that was extremely shocking: "I am Xuan Wuji, the emperor of the Daxuan Dynasty, and the emperor who is now in the imperial city of the Daxuan Dynasty is disguised as the Dark Demon Emperor under the dark abyss..."

"What??"

At this moment, when the tall middle-aged man in front of them said this, everyone present was shocked to the extreme, because they actually heard such an earth-shattering secret!

If this news spreads, it is estimated that the entire Zhongzhou will be in an uproar!

Chapter 5037 Half of the Country

quiet!

Deadly quiet!

At this moment, the entire field fell into a dead silence.

Because this news is so exciting.

The tall, middle-aged man in front of him, who looked extremely embarrassed and miserable, turned out to be the legendary emperor of the Daxuan Dynasty, who was as aloof as a god.

At this time, Ye Feng couldn't help but look at Long Zhantian beside him, and asked aloud: "Are you sure you saw it correctly?"

Long Zhantian shook his head and said aloud: "Although I am the illegitimate son of the champion of the Daxuan Dynasty, when I was young, I once had the opportunity to enter the court of the Daxuan Dynasty with my father. "I have seen with my own eyes that the Emperor of the Daxuan Dynasty looks exactly like the man in front of me, so I think he is not lying."

At this time, Long Zhantian's tone was still trembling. Unexpectedly, the emperor of the Daxuan Dynasty, which was at its peak, turned out to be a dark demon emperor disguised as an extremely evil one under the dark abyss.

This is really beyond everyone's imagination.

At this moment, Ye Feng also frowned.

Not only did Ye Feng not feel happy at this time, but he felt that he had been inadvertently involved in a huge conspiracy and whirlpool.

A game that exists at this level is definitely not something that a small practitioner like myself can intervene in.

But at this time, Ye Feng was already involved, so there was nothing he could do.

Ye Feng just stared at the tall middle-aged man in front of him and said slowly: "How can you prove that you are really the legendary figure of the Daxuan Dynasty today?"

The tall middle-aged man who was trapped by the dark chains in front of him slowly raised his head, stared at Ye Feng, and couldn't help but said: "Young man, you are really too weak, too weak..."

Hearing what the tall middle-aged man in front of him said, the senior demon standing by was a little unhappy. He couldn't help but said angrily: "Our family's Ye Fengda

People have unlimited potential. Maybe their current cultivation level is nothing in your eyes, but they will definitely be able to flourish in the future. "

Hearing what the senior demon said, the tall middle-aged man who was trapped by the dark chain immediately couldn't help laughing and said: "I didn't expect that as a senior demon of the demon clan, you would treat this ordinary boy. It's very rare to be so obedient."

At this moment, Long Zhantian suddenly took a step forward, clasped his fists and said loudly: "If the senior is really the real emperor of the Daxuan Dynasty, His Majesty Xuan Wuji, then this matter is really too serious for us. Shocked, with our cultivation and status, there is no way we can interfere in this kind of thing."

Ye Feng glanced at Long Zhantian beside him and understood what the other party meant. He probably turned a blind eye to this matter and continued to seal the place again.

But Ye Feng's eyes flickered slightly at this moment.

Because this matter may be a huge opportunity for me.

Because the tall middle-aged man in front of him is really the emperor of the Daxuan Dynasty, Xuan Wuji. The Xuan Dynasty is such a transcendent power.

But it is definitely very difficult to control such a super big man.

And now in the eyes of this super big shot, Ye Feng is just an insignificant young man.

Therefore, Ye Feng must first prove his ability.

At this moment, Ye Feng stared at Xuan Wuji, the emperor of the Daxuan Dynasty in front of him, and said slowly: "I know that in the eyes of seniors, I am just an inconspicuous young man, but I want to tell seniors The most important thing is that if seniors can pay attention to me and cooperate with me,

Then the senior will definitely have a chance to return to the Daxuan Dynasty and get rid of the enemy of the senior, which is the Dark Demon Emperor who is now pretending to be the senior. "

Hearing what Ye Feng said, Xuan Wuji showed a look of surprise in his eyes, stared at Ye Feng, and said loudly: "I didn't expect that an ordinary young man like you would say such domineering words. , but there is some appetite for me, but let alone your current cultivation level, even if you are a hundred times stronger than you are now, there is still no way to help me release these dark chains that lock me, it is the Dark Demon Emperor The most original energy is condensed. Let alone you, even me at my peak can hardly break these chains. "

Ye Feng smiled slightly at this time and said aloud: "Don't worry about this. When I slowly become stronger, I will rescue you one day, but the premise is that I rescue senior, but can senior provide me with anything in the future?" Some conveniences."

Hearing what Ye Feng said, Xuan Wuji's eyes seemed to become serious. He suddenly felt that the seemingly ordinary boy in front of him had a sense of confidence and mystery that ordinary people did not have.

Moreover, it seems that the other party is not talking big words, but is really seriously discussing cooperation with himself.

Xuan Wuji stared at Ye Feng at this time and said slowly: "I temporarily believe that you will be able to save me in the future. If you can really help me return to the Daxuan Dynasty and kill the Dark Demon Emperor who is pretending to be me, , so that I can become the emperor of the Daxuan Dynasty again, and I can give you half of the country of the Daxuan Dynasty!"

Share half of the country!

At this time, when they heard Xuan Wuji's words, not to mention Ye Feng himself, Long Zhantian, senior demons, including the first-generation leader of the Elder Group standing around, all stared wide-eyed. eyes.

Because they know very well that the Daxuan Dynasty is a transcendent power at the top level in the entire Zhongzhou land, and is an overlord-level existence. It is definitely the most powerful in the south of the entire Zhongzhou land.

The top being at the top of the pyramid.

If you can get half of the territory of the Daxuan Dynasty, it means that you can be on an equal footing with the emperor of the Daxuan Dynasty, and jointly enjoy the vast scope of rule and unlimited wealth and resources of the entire Daxuan Dynasty.

At this moment, Ye Feng also took a deep breath, stared at Xuan Wuji in front of him, and said slowly: "Okay, since senior is so sincere, then I will try my best to help Senior regained his strength and even got out of trouble."

Hearing what Ye Feng said, Xuan Wuji, who was trapped in the ancient tomb by countless dark chains, suddenly smiled softly and said aloud: "I didn't expect that I would say such a solemn statement to a young boy like you. Even I find it unbelievable. Maybe this is my destiny."

Indeed, in the eyes of a big man like Xuan Wuji, today's Ye Feng can only be regarded as an ant even if it is said that he is looked up to by a young boy.

But for some reason, seeing Ye Feng say such righteous words, Xuan Wuji felt an inexplicable feeling of trusting him instead of feeling ridiculous.

This made Xuan Wuji himself feel a little strange.

It seemed as if the young man in front of him was destined to save him.

This made Xuan Wuji couldn't help but shake his head.

When did you become so sentimental?

After all, he is the emperor of the Daxuan Dynasty, a man of influence in the entire Zhongzhou land, and the well-deserved overlord of the southern region of the Zhongzhou land.

Unexpectedly, we would reach such a solemn cooperation agreement with a young boy as weak as an ant in a small remote place.

It really made Xuan Wuji feel a little bit dumbfounded afterwards.

But at this moment, Ye Feng was very serious and began to observe the surroundings, as if he wanted to think of a way to see if he could rescue Xuan Wuji.

Chapter 5038 Imperial Seal

At this time, Ye Feng looked around and found that there seemed to be nothing special in the entire ancient tomb.

Obviously, if you want to rescue Xuan Wuji, the real emperor of the Taixuan Dynasty, you must destroy all the dark chains on his body.

At this time, Ye Feng stepped forward and reached out to grab the black chain on Xuan Wuji's body.

But the next moment Ye Feng discovered that the black chain was extremely strong, beyond his imagination.

When Xuan Wuji saw Ye Feng's expression, he immediately couldn't help but shake his head and smile, and said: "I have already said that even if you are a hundred times stronger than you are now, you will not be able to rescue me because of these black chains. , even when I am at my peak, it is difficult to destroy it."

Ye Feng nodded at this time and said aloud: "I just want to try it to see how strong this black chain is."

Uh-huh!

At this moment, Ye Feng thought for a moment, took out the Sword of God, and wanted to destroy the black chain.

when! !

But the moment the God's Sword struck the black chain, there was a sound of metal colliding.

"Um?"

This made Ye Feng's eyes suddenly reveal a look of surprise.

This was the first time he encountered something that even the God's Sword could not destroy.

Xuan Wuji immediately shook his head and said loudly: "Even the magic weapon of my peak period, the wheel of life and death, cannot destroy this black chain, because this black chain is between reality and reality, and is not It is not a simple solid, but a black chain composed of solid and energy. It is condensed from the original power of the terrible Dark Demon Emperor. Therefore, no matter how powerful your weapons are, Ye Feng, there is no way to destroy this black chain. The only The way to destroy this black chain is to get the imperial jade seal that the Dark Demon Emperor is currently refining day and night in our Taixuan Dynasty.

, can all the dark chains on my body be destroyed, so that I can escape from the trap and regain my freedom, because the Imperial Jade Seal was disguised as my Dark Demon Emperor, and it has been continuously refined, and has merged with the Dark Demon Emperor. Part of my own original power, coupled with the power of faith of all of us in the Daxuan Dynasty, from this combination of dark original power and infinite power of faith, can the strongest power burst out and put me on my body. The dark chains were broken. "

Hearing what Xuan Wuji said, Ye Feng's eyes suddenly showed a hint of thinking, and he couldn't help but said: "It is very difficult to get the imperial seal of the Daxuan Dynasty. After all, it is the imperial seal of a dynasty. , must be placed in the most central palace of the entire dynasty, and perhaps the Dark Demon Emperor disguised as you, Senior Xuan Wuji, may be guarding the dynasty's jade seal every day, which can be said to be as difficult as climbing to the sky."

Hearing what Ye Feng said, Xuan Wuji smiled slightly and said: "So it's very difficult for me to get out of trouble. It's not that I didn't believe that you, a young man, didn't have the ability. It's just that this matter is too difficult and too difficult." Difficult."

Ye Feng suddenly nodded at this time and said loudly: "No matter how difficult it is, as long as there is a glimmer of hope, then I will do it. After all, I am very much looking forward to half of the country that Senior Xuan Wuji promised me."

Hearing what Ye Feng said, Xuan Wuji suddenly laughed and said: "Okay, then I will see if you have the ability to get half of my Daxuan Dynasty. Anyway, I have been imprisoned here for too long. It's time, and I happened to meet a young man like you, Ye Feng, maybe this is fate."

Ye Feng nodded at this time, then looked at Long Zhantian beside him, and said loudly: "What we have to do now is to go to the Daxuan Dynasty and enter the Daxuan Dynasty. Only in this way can we have a chance to obtain

The imperial jade seal of the Daxuan Dynasty to this day. "

Long Zhantian couldn't help but nodded at this time and said aloud: "Although this matter is very difficult, if you find a way, you might be able to get it, and Lord Ye Feng's talent is very extraordinary, and along with his cultivation As your strength continues to improve, your chances of obtaining the Imperial Jade Seal will also increase."

Ye Feng nodded. It seemed that this time he would have no choice but to go to the Daxuan Dynasty.

At this moment, Ye Feng looked at Xuan Wuji, the real emperor of the Daxuan Dynasty who was trapped by countless dark chains in front of him, and said: "Senior Xuan Wuji, then we are heading to the Daxuan Dynasty, and you will stay here for the time being. , I will ask the first-generation leader of the Five Poison Sect to guard this place and prevent the news from leaking out. "

Xuan Wuji nodded and said aloud: "If you have any difficulties, come back to me at any time. Maybe I can help."

Hearing what Xuan Wuji said, Ye Feng immediately nodded.

Ye Feng knew very well that although a big man like Xuan Wuji was trapped here miserably, he was the real emperor of the Daxuan Dynasty after all. He knew many secrets of the entire Daxuan Dynasty very well, but now he met him for the first time. , the other party will definitely not trust you so much and will not tell you everything.

However, as he spends some time in the Daxuan Dynasty and gets closer to the Imperial Seal, Xuan Wuji will definitely trust him more and more and will definitely provide him with a lot of key information.

At this moment, Ye Feng didn't say anything. He looked at Long Zhantian beside him and said, "Then let's leave directly."

"Wait a moment."

Suddenly Xuan Wuji spoke up at this time.

Uh-huh!

Then I saw two golden rays of light burst out from his eyes, and all of a sudden

Submerged into Ye Feng's body.

The next moment, Ye Feng suddenly saw that a golden dragon totem-like pattern appeared on his arm, but it soon disappeared under the skin.

At this time, Ye Feng was a little surprised and couldn't help but asked: "Senior, what is this?"

Xuan Wuji smiled slightly and said aloud: "This is the orthodox original mark of our Daxuan Dynasty royal family. I will imprint this mark on your arm, and you will have the most orthodox royal mark of our Daxuan Dynasty royal family. In this case, when you encounter some difficulties in the Daxuan Dynasty in the future, this royal mark will emerge. Many people in our royal family know this royal mark, which represents the most orthodox inheritance. When the time comes, it will definitely I value you very much. Of course, if there are some traitors who betray our Daxuan Dynasty and take refuge in the pretender of the Dark Demon Emperor, they will definitely try to get rid of you, the most orthodox inheritor. In any case, this Daxuan Dynasty's most important person The orthodox inheritance mark is equivalent to a talisman for you, but it must be used appropriately and cannot be revealed casually, otherwise it may attract the attention of interested people. "

Hearing what Xuan Wuji said, Long Zhantian seemed to understand something, and couldn't help but said in amazement: "With such a move by His Majesty the Emperor, Lord Ye Feng can have one more person in the royal family of the Daxuan Dynasty. Among them, there is a privileged amulet, because many people may think that Lord Ye Feng is the legitimate heir of the royal family left outside."

Hearing what Xuan Wuji and Long Zhantian said, Ye Feng also nodded and said: "With such an amulet, it will indeed be a lot easier to move in the Daxuan Dynasty in the future, but seniors, don't worry, I won't I feel free to use this royal seal. After all, my strength is too weak at the beginning, so it's better to keep a low profile."

Xuan Wuji nodded at this time and said loudly: "You go ahead and let me see what the abilities of you young people are like."

Chapter 5039 Encroaching step by step

Hearing what Xuan Wuji said at this time, Ye Feng immediately nodded and left the underground tomb with a group of high-level demons.

When they came out, Ye Feng looked at the first generation leader of the Five Poison Sect in front of him and said loudly: "From now on, this place will be all handed over to you. You must guard this ancient tomb well. If Senior Xuan Wuji has anything, If necessary, we must satisfy him."

Hearing what Ye Feng said, the first generation leader of the Five Poison Sect naturally nodded and bowed, and said loudly: "Master Ye Feng, don't worry about this, I will definitely guard and keep the secrets here, and Xuan If Senior Wuji wants any life-restoring cultivation resources, I will definitely mobilize the power of the entire Five Poison Sect to find them, and I will definitely satisfy him."

At this moment, the number one person in charge of the Five Poison Sect was so excited that he did not expect that there was such a mysterious and powerful superhuman figure sealed in their Five Poison Sect.

The first generation leader of the Five Poison Sect knew very well that if he showed more courtesy now, if Xuan Wuji could return to the Daxuan Dynasty and become the emperor in the future, then the entire Five Poison Sect might skyrocket and become extremely glorious. .

This is an extremely big backer!

At this time, the first generation leader of the Five Poison Sect was naturally very excited.

At this time, Ye Feng looked at the high-level demon beside him and said loudly: "Next, you will practice in the Five Poison Sect, and by the way, assist the first-generation leader to guard this place."

The senior demon immediately clasped his fists and said, "Yes, Lord Ye Feng."

Ye Feng looked at Long Zhantian beside him and said, "The two of us can go directly to the Daxuan Dynasty."

Long Zhantian nodded, and then said aloud: "If I go to the Daxuan Dynasty now, my current strength has not been raised to a strong level. I may return to the Champion House where I am, and I will not be able to let Ye Feng Adults are valued."

Ye Feng immediately laughed and said: "It doesn't need to be taken seriously, as long as it allows me to sneak into the Daxuan Dynasty and have a legitimate identity to act in the Daxuan Dynasty."

When Long Zhantian heard what Ye Feng said, he immediately said: "Of course there is no problem with this. I will say when the time comes, Lord Ye Feng is a peerless genius I met outside and is my good friend. Good brother, in this case, Lord Ye Feng, you can legitimately join our Champion House and become my helper. Lord Ye Feng will pretend to be my staff, but this will wrong Lord Ye Feng."

Hearing what Long Zhantian said, Ye Feng laughed, patted the other party on the shoulder, and said loudly: "This plan is very good. I will become your staff. In this case, my identity will be justified. What is there to feel wronged about?" of."

Uh-huh!

After saying that, Ye Feng glanced around, and then he and Long Zhantian flew directly to the sky, flying quickly towards the direction of the Daxuan Dynasty.

Ye Feng and Long Zhantian traveled very quickly, crossing mountains and seas, crossing most of the desert areas, and finally arrived at the frontier of the Daxuan Dynasty.

Ye Feng looked forward and immediately saw a continuous ancient city wall on the ground in front of him.

The ancient city wall is very majestic and towering, giving people a feeling of grandeur and majesty.

Long Zhantian immediately spoke out and said: "This is the frontier land of the Daxuan Dynasty. As long as we use the teleportation formation in the city on the frontier land, we can teleport to the core imperial city of our Daxuan Dynasty. , I can go to the Champion House where I am, but after all, my identity is the illegitimate son of the Champion House. Although my father treats me well, once I return to the House, I will definitely be bullied and pressured from all aspects. "

Ye Feng laughed, patted Long Zhantian on the shoulder, and said loudly: "I will help you deal with these so-called bullying and oppression when the time comes."

At this moment, Ye Feng couldn't help but ask: "Is it necessary to use the teleportation formation to go to the imperial city of the Daxuan Dynasty?"

Long Zhantian nodded and said aloud: "The land of Zhongzhou is vast and endless.

, Daxuan Dynasty, as the top transcendent power in Zhongzhou, has a very vast territory and a very large area. If we rush from the borderland to the imperial city in person, it will probably take about half a year to walk. "

"What?"

Hearing what Long Zhantian said, Ye Feng couldn't help but have a look of astonishment in his eyes. He didn't seem to have thought that the land of Zhongzhou was so vast, nor did he expect that the top super-bulk-level overlords in the land of Zhongzhou would actually control the land. Such a vast territory.

You know, Ye Feng and Long Zhantian's current cultivation strength is very high, they are peerless geniuses, and their speed is very fast.

But even so, Long Zhantian still said that they would have to travel for nearly half a year.

Indeed, this large area is terrifying.

No wonder you have to use teleportation formations in the cities on the frontier to teleport to the imperial city, otherwise half a year will be wasted.

At this moment, Ye Feng nodded, and soon followed Long Zhantian to the border city.

At this time, the two people came to the gate of the city and were about to enter. However, at this time, a guard wearing black armor who was guarding the city immediately stopped the two people and said loudly: "In recent times, there have been many people outside the city. The demon disguised himself as a human and sneaked into the city, we need to check the identities of the two of them."

Hearing what the guard said, Ye Feng and Long Zhantian nodded.

Long Zhantian asked aloud: "How to check?"

The guard wearing black armor said loudly: "Just use the demon detection token in my hand to get closer to you two."

Uh-huh!

After finishing speaking, the guard in black armor immediately took out a black token and approached the two of them.

When he put the two tokens on the heads of Long Zhantian and Ye Feng, the tokens suddenly glowed pale white.

Seeing this scene, the guard in black armor seemed to be relieved and said:

"Both of them are pure human beings and can enter the city."

Seeing this scene at this moment, Long Zhantian was a little curious and couldn't help but asked: "When I came to the border city half a year ago, I didn't seem to have heard of any demons disguised as humans and entered the city. Could it be that? Recently, demons have resurrected in the wilderness outside the city and want to invade the territory of our Daxuan Dynasty? "

Hearing Long Zhantian's question, the guard in black armor couldn't help but sigh and said: "Young Master is right. There have been many monsters in the wilderness recently. I don't know why they are all able to learn very good skills." The exquisite art of camouflage, disguised as a human race, entered the frontier cities of our Daxuan Dynasty, plundered various cultivation resources, and made people miserable. If it hadn't been refined by the master of the university pavilion of our Daxuan Dynasty, With this special token that can detect the aura of demons, I am afraid that many of our border cities have been completely destroyed. "

Hearing what the guard in black armor said, Long Zhantian nodded immediately, and then looked at Ye Feng beside him. Both of them understood that maybe the Dark Demon Emperor was pretending to be the Emperor Xuan Wuji. Cooperating with the demons in the wilderness outside, they want to bring down the entire Daxuan Dynasty, thereby dividing all the wealth, cultivation resources, and luck of the entire Daxuan Dynasty.

However, the Dark Demon Emperor must still be wary and dare not go to war. After all, although the Emperor Xuan Wuji of the Daxuan Dynasty has been secretly imprisoned in the Five Poison Sect, and his life or death is unknown, there are still many super strong people in the Daxuan

Dynasty. There are also many powerful generals, various powerful princes, and many ancestor-level elders in the royal family.

Therefore, the Dark Demon Emperor is now pretending to be an emperor. He probably does not dare to do bad things openly and openly. Instead, he cooperates with the demons in the wilderness outside and gradually encroaches on the entire ancient and huge country of the Great Xuan Dynasty.

At this moment, Ye Feng and Long Zhantian guessed the reason, but they didn't say much. After all, this matter involved too much.

It is estimated that only two people know that the current high-ranking Emperor of the Daxuan Dynasty is disguised as a terrifying and evil Dark Demon Emperor.

Chapter 5040 Siege at night

At this time, Ye Feng and Long Zhantian didn't say much, but walked directly into the border city.

However, when they were about to inquire about the teleportation formation in this border city and wanted to teleport to the Daxuan Dynasty Imperial City area, they were told by the formation guardian of the teleportation formation that the entire teleportation formation had been used too frequently recently. , some problems occurred, and maintenance was required overnight before it could be used again the next morning.

After hearing this reply, Ye Feng and Long Zhantian had no choice but to temporarily stay in the border city for one night, waiting to use the teleportation array the next day.

When night came, the entire sky suddenly became dark. .??.

In this frontier place, nights often seem very desolate and lonely.

At night, although everyone lives in the city, many people can hear that in the wilderness outside the city wall, there seem to be many demons and beasts roaring and roaring in the darkness, giving people a very scary feeling.

The entire frontier city is not as prosperous as the core city in the inner area. At night, there is no lively entertainment at all. Instead, the streets of the entire city are deserted. Everyone stays in their rooms and dare not go out. .

At this moment, in a certain inn, Ye Feng and Long Zhantian lived in the wing of the inn labeled "9527".

At this moment, Ye Feng looked at Long Zhantian in front of him and was carefully asking about some basic common sense in the imperial city of the Daxuan Dynasty, as well as the basic situation of the Champion House where Long Zhantian was located.

After chatting for a while, Ye Feng was still quite shocked at this time.

Because he heard from Long Zhantian that the cultivation strength of even the young people in the Champion House was much higher than them.

It has to be said that the Daxuan Dynasty is worthy of being the top power at the super sect level at the top of the pyramid in the entire Zhongzhou. The practitioners among them are really profound and there are many strong ones.

But the more this happened, the more Ye Feng looked forward to it, because it represented a more powerful force.

Measurement and inheritance are within the Daxuan Dynasty.

By officially joining the Daxuan Dynasty, I will definitely be able to gain stronger power, more training resources, and an older and more powerful inheritance.

While the two were chatting, suddenly there was a scream outside.

"ah!!"

It seems that someone has encountered a terrible crisis.

At this moment, Ye Feng and Long Zhantian heard the screams in the wing room, and immediately couldn't help but walked quickly outside the inn.

When they came outside the inn, they found that many practitioners in the side rooms couldn't help but walk out.

But the ordinary residents in the border cities stayed at home quietly, not daring to come out and take a second look.

Those who come out are basically powerful practitioners.

At this time, everyone suddenly saw a very cruel scene.

On the city wall in the distance, a soldier from the Daxuan Dynasty wearing black armor was torn in half by an upright human-wolf demon. The entire ancient city wall was immediately stained red, and it looked very... of cruelty.

At this time, a cultivator immediately couldn't help but said: "They are the human wolf clan among the demons! They disguise themselves as humans, and at night in our city, they will turn into human wolves, and they will sneak attacks and kill people in the city. elite soldiers to weaken the protective power of our entire border city."

And the moment the practitioner finished speaking, another scream suddenly rang out.

I saw that the elite soldiers standing every 100 meters on the entire city wall were unexpectedly attacked and killed by a man-wolf demon in the darkness.

entire

In an instant, almost all the soldiers guarding the city wall fell.

Seeing this scene, some cultivators in the crowd couldn't help but exclaimed: "Oh no! There will definitely be countless demons attacking the city tonight. Otherwise, these human and wolf clan hidden in the city will not be able to survive." They may suddenly kill the killers, and they are getting rid of the guards on the city wall, providing the demons in the wilderness with the conditions to attack the entire city. "

At this moment, the moment the practitioner's voice fell, many practitioners in the crowd rushed towards the city wall quickly, wanting to help the soldiers of the Daxuan Dynasty guarding the border cities and kill those who suddenly appeared. Werewolf monster.

After all, they are now in this border city, and they understand the meaning of death.

If these elite soldiers guarding the city are all killed by these monsters, then the monsters in the wilderness outside will take advantage of the opportunity to invade the entire border city. By then, the entire border city will be reduced, and then those who live in the city will Practitioners will definitely encounter a very miserable death.

So at this time, many practitioners took action.

Ye Feng and Long Zhantian looked at each other and flew quickly towards the ancient city wall.

After all, Long Zhantian himself was a noble scion of the Daxuan Dynasty and had a strong sense of belonging to the Daxuan Dynasty.

And Ye Feng now has a close connection with the Daxuan Dynasty. After all, if he can help Xuan Wuji, the real emperor, return to the Daxuan Dynasty, then Ye Feng will also own half of the Daxuan Dynasty.

In other words, half of the Daxuan Dynasty's future belongs to Ye Feng.

Ye Feng naturally had to guard this property well.

At this time, Ye Feng and Long Zhantian both rushed towards the city wall quickly.

Long Zhantian just took it out

A golden halberd came and slashed directly at the man-wolf demon who was sneaking up on an elite soldier of the Great Xuan Dynasty on the wall in front of him.

Bang!

But the moment the golden halberd in Long Zhantian's hand struck in front of the human-wolf demon, the human-wolf demon suddenly stretched out two wolf claws.

Those two wolf claws seemed to be made of steel, and they actually blocked Long Zhantian's golden halberd.

Long Zhantian's golden halberd was a powerful treasure that Long Zhantian obtained from the champion's palace, but it could not split the wolf's claws in the hands of this human-wolf demon. It was as if it was made of extremely strong steel.

Seeing this scene, Long Zhantian suddenly showed a look of astonishment in his eyes and said loudly: "These are definitely not ordinary monsters. These human-wolf monsters are the elite among monsters, the masters among masters. Their level They are all tall and very powerful. It seems that this time is really a sneak attack that has been prepared for a long time. They want to completely eliminate the entire border city's guard force in the dark night and provide conditions for the monsters in the wilderness outside to attack the city. ”

And almost at the moment Long Zhantian's words fell, what made all the practitioners in the entire city who were helping the elite soldiers fight against the man-wolf demons change their expressions was that the originally peaceful wilderness outside suddenly started to shake.

Immediately, everyone saw a very shocking scene. They saw densely packed demons, as well as many monsters and monsters with a height of several hundred meters and several kilometers, emerging from the endless wilderness and heading towards the border city. They are running madly here, seeming to want to capture and destroy the entire border city.

"Oops! There are actually demons attacking the city!"

"Why are we so unlucky? The demon siege didn't come sooner or later, but now it's here."

At this moment, when many practitioners in the city wall saw this scene, their eyes showed deep fear and despair.
