

# Ancient 5041

Chapter 5041 Distinguished Person

Boom!

At this time, most of the ancient city walls of the entire small frontier city collapsed, and the entire scene was in chaos.

Because countless monsters and giant beasts are all rushing towards this small border city, wanting to completely destroy this city.

But at this time, suddenly the entire city wall lit up with veins of light.

The veins composed of these rays of light combined together to form a huge protective formation, temporarily guarding the entire ancient city and isolating the attacks of many monsters and beasts outside.

At this time, numerous demonic beasts exuded terrifying demonic aura, and they crashed crazily into the formation revealed on the ancient city wall, immediately making an earth-shattering roar.

The entire ancient city was shaking rapidly, as if the earth was falling apart.

However, the formations on the ancient city wall seemed to have been arranged by the powerful formation masters of the Daxuan Dynasty. Therefore, for a while, they actually withstood the continuous attacks of the monsters and monsters, making everyone in the entire city wall relax.

Uh-huh!

At this time, a middle-aged man in a golden robe, a little flustered, flew over quickly from the middle area of the city.

This person is the city lord of the border city.

At this moment, the city lord was a little shocked when he saw such a big scene.

In fact, this city lord is not that powerful a hero. He is just an ordinary person who was demoted to a frontier city and became the city lord. He originally wanted to spend his whole life in a frontier city in peace and stability, but he did not expect to encounter such a big change. .

So at this time, the city lord was also a little panicked.

But after all, he was a city lord-level figure in the Daxuan Dynasty, so he quickly calmed down

He came down and said quickly: "Everyone, quickly retreat from the city's teleportation formation and leave this city."

Hearing what the city lord said at this time, everyone had a look of astonishment in their eyes. It seemed that they did not expect that the city lord's first reaction was to evacuate the city, instead of finding a way to resist the attack of the monster monster.

At this time, a guard wearing silver armor, who should be the captain of the guard with a high status, came directly in front of the city lord. He couldn't help but clasped his fists and said: "City Lord, if we leave the guard without permission, we will withdraw from the entire city like this." The city will definitely suffer severe punishment from the upper echelons of the dynasty, and losing this city means that these monsters and monsters will penetrate deep into the hinterland near our Daxuan Dynasty. Many people will definitely encounter disasters by then, and The teleportation formation has not been repaired yet, and it will not be fully repaired until tomorrow morning."

Hearing what the silver armored guard said, the city lord immediately panicked and couldn't help but said, "Then what should we do now?"

At this moment, the silver armored guard suddenly said: "I saw two peerless geniuses just now. They are very powerful. They killed demons on the city wall. They were very brave. They must have extraordinary origins. We can ask for help." them."

When he said this, the silver-armored guard immediately pointed at the two young men not far away who were killing the werewolf monsters rushing up the city wall. One was dressed in white Shengxue, and the other was wearing a golden robe and had a noble temperament.

These two people are Ye Feng and Long Zhantian.

Obviously, the powerful strength of the two people instantly attracted the attention of everyone present, and also attracted the attention of the masters of the City Lord's Mansion, who felt that these two people were definitely very uncomfortable.

Fan, the origin is very mysterious.

So at this time, the silver-armored captain of the city lord's palace naturally suggested to the city lord that he should ask the two geniuses carefully, maybe he could solve this crisis.

At this moment, the very panicked city lord had no choice but to grab a life-saving straw. He quickly flew in front of Ye Feng and Long Zhantian, clasped his fists politely, and said loudly: "You two. Excuse me, young hero. Judging from the methods and abilities of the two young heroes, they must have extraordinary origins."

Long Zhantian smiled slightly at this time and said aloud: "Are you the city lord of this city? Hello, I come from the Champion House, and my father is the Champion House."

"What?" ??

Hearing what Long Zhantian said, both the city lord and the captain of the guard in silver armor were shocked, and then they were deeply ecstatic, and they quickly and respectfully said: "It turned out to be someone from It is such an honor for me, the noble young prince of the Marquis House in the Imperial City, to meet such a distinguished person as you."

"Um?"

Ye Feng glanced at the scene on the field, and there was a look of surprise in his eyes. It seemed that he did not expect that in the Daxuan Dynasty, a small heir of a marquis could have such a high status.

But it's normal to think about it. After all, the Champion Lord's status among many Lord Lords is probably at the top. Otherwise, it would be impossible to be named the Champion Lord, which represents the ultimate combat effectiveness.

Apart from that, this city is just a small border city. When you see the descendants of nobles from the dynasty, you will naturally be very frightened and respected.

At this time, Ye Feng didn't say much. After all, for the time being, he could only pretend to be a friend of Long Zhantian, so he was so huge in the Daxuan Dynasty.

Among the major forces, it was the most correct choice to let Long Zhantian take the initiative to speak. He only had to remain silent.

At this moment, Long Zhantian smiled slightly, looked at the frightened city lord in front of him, and immediately smiled and said: "City lord, the many demons and beasts in the wilderness outside are attacking the entire city crazily. I think. Running away now is definitely not the right choice."

Hearing what Long Zhantian said, the city lord immediately trembled and said quickly: "What the little Marquis said, the little Marquis said, it is indeed a very wrong choice to run away from the battle now. I was a little too much just now. We are panicking, we should defend the entire city and prevent the hinterland of our Daxuan Dynasty from being attacked by demons, but our current strength is really too weak, and there are not many masters in our entire border city. "

Long Zhantian suddenly smiled and said: "As long as you people in the city lord's palace can maintain the protective formation of the entire frontier city without interruption, as for fighting against the powerful beings among the demons, leave it to me and my friends. No problem."

At this moment, Long Zhantian looked at Ye Feng beside him and said with a smile: "City Lord, this friend of mine is the top genius in our Daxuan Dynasty. His strength and cultivation are much stronger than mine. With him here, there won't be any problems. As long as we work together, we can withstand the attacks of these monsters and beasts in the dark."

"What?"

Hearing what Long Zhantian said at this moment, the city lord of this city and the captain of the guard in silver armor all stared at Ye Feng who was standing next to Long Zhantian, with a deep look in their eyes. The look of horror.

They seemed to have never imagined that this ordinary-looking young man in white would be so highly praised by the young prince of the champion house. It was really unbelievable.

Chapter 5042 Unable to Resist

At this time, although the city lord and a group of guards of the city lord's palace behind him, especially the captain of the guard wearing silver armor, were staring at Ye Feng in disbelief, seeming to have some doubts about Ye Feng's strength.

But since Long Zhantian, the young prince, has said so, they naturally have no objections now, but said loudly: "Then I hope that these two peerless geniuses can help us resist this invasion of demons. In fact, as long as If we can kill some of the most powerful demon beasts in this part of the demon craze, the others will be defeated and unable to break through the formation of our city lord's palace, because this formation is one of the most powerful ones in our Daxuan Dynasty University Pavilion. The formation imprinted by the formation master is connected to the entire ground source heat pump, which can provide a steady stream of energy from the earth to replenish the formation. "

At this moment, when the city lord said this, Long Zhantian immediately nodded and said: "Okay, my friend Ye Feng and I will be responsible for helping you kill the most powerful group of monsters in the monster craze. It's up to you to maintain the formation of the entire city to resist the remaining ordinary monsters."

After finishing speaking, Ye Feng also nodded, without saying anything more, but soared into the sky, instantly bursting out with the powerful power of his immortal body.

Boom! !

At this moment, Ye Feng's body suddenly burst out with extremely bright golden light.

In the dark night, Ye Feng suddenly transformed from an ordinary young man into a frightening young god.

Uh-huh!

Ye Feng rushed forward and punched out with his golden fist, bursting out with overwhelming power. In an instant, he smashed into pieces a bull-headed demon covered in black scales in front of him.

You must know that the cultivation strength of this bull-headed monster is two levels higher than that of Ye Feng. It is definitely a first-class powerful monster near this border city, but it has almost no resistance. Ye Feng was A fist smashed it into pieces.

"hiss!"

"What? Such a powerful force??"

At this moment, everyone present saw this scene and couldn't help but gasped.

Because the strength shown by Ye Feng was really too powerful.

When Ye Feng and Long Zhantian killed those wolf monsters just now, they just used their own methods casually.

But now that he has reached a cooperation agreement with the people in the City Lord's Mansion, Ye Feng burst out with his true strongest fighting power, which naturally shocked everyone.

Even the city lord and a group of guards who had always doubted Ye Feng's true combat power had deep amazement in their eyes at this moment and said loudly: "He is indeed a powerful genius who is highly recommended by the young marquis. He is indeed extremely powerful. , so terrifying."

At this moment, Long Zhantian also rushed to Ye Feng's side, holding the golden halberd in his hand, and attacked the flame demon at the other end whose body was burning with flames.

At this moment, with the fate of the two top geniuses Ye Feng and Long Zhantian, the momentum of the group of powerful demons led by them suddenly weakened.

But at this moment, in the demon craze, a giant wolf demon with green steel needles all over his body suddenly said: "All the top demons gathered together and attacked the two powerful demons who were killing us. Human geniuses, these two human geniuses are definitely extremely powerful existences. They are likely to come from the core area of the Daxuan Dynasty. These two biggest threats must be killed before we can break through the entire world this time. The formation of the city."

Obviously, this giant wolf monster should be a leader-level monster in this monster craze.

He immediately

They discovered Ye Feng and Long Zhantian who were killing the top demons ahead.

At this moment, under the call of the giant wolf demon, a dozen of the most powerful demons gathered.

The cultivation strength of these monsters is very terrifying. They are three or four realms higher than the current cultivation levels of Ye Feng and Long Zhantian.

A dozen powerful demons, including the giant wolf demon as the commander, all rushed towards Ye Feng and Long Zhantian.

At this moment, the two of them suddenly felt tremendous pressure.

Ye Feng directly said: "Long Zhantian, you stop the other top demons first. I will get rid of the most powerful giant wolf demon. The hearts of the entire demon frenzy will be dispersed, and there will definitely not be any The momentum."

Ye Feng knew very well at this time that the most important thing for a demon frenzy like this to attack the entire border city was to kill the enemy leader. In this case, the commander and formation of the entire demon frenzy would be disrupted.

Hearing what Ye Feng said at this moment, Long Zhantian immediately nodded and said: "Master Ye Feng, you can safely fight against the most powerful giant wolf monster. The remaining group of top monsters, I can totally handle it."

After finishing speaking, Long Zhantian shouted directly: "True Dragon Frenzy!"

At this moment, Long Zhantian used a powerful inheritance from his father, Champion Houfu.

boom! boom! boom.....

I saw that Long Zhantian's whole body actually burst out with streaks of golden true dragon energy. Like clones, he was directly divided into more than a dozen, fighting with more than a dozen top demons gathered together. .

Ye Feng was very focused at this moment, rushing to the front of the real leader of the demon craze, the giant wolf demon.

At this time, Ye Feng stared at the giant wolf monster in front of him and said slowly: "Go back now, you still have hope of survival."

Hearing what Ye Feng said, the giant wolf demon immediately burst into laughter, his tone full of sarcasm, and said: "Young man from the human race, although you are powerful in battle, if you want to defeat others without fighting, this It's impossible, and although you are very powerful, you are still four realms behind me, not to mention that I am a descendant of the bloodline of the ancient Blue Wolf Demon God. I just haven't inspired my bloodline yet. It's just my power, once it's activated, you're no match for me."

When Ye Feng heard what the giant wolf monster said, he immediately couldn't help but shook his head and said coldly: "Okay, I want to see how you kill me with one move."

The giant wolf demon knew that Ye Feng was not simple, so at this time, he directly inspired his extremely powerful bloodline power.

Boom!

At this moment, I saw that the entire body of the giant wolf demon was originally about a hundred meters long, but at this moment it suddenly expanded rapidly and turned into a majestic giant human wolf that was tens of thousands of meters tall, standing under the dark night. It looked very terrifying and towering, as if one claw could tear the entire city to pieces.

Seeing this scene, many practitioners in the city couldn't help but said in horror: "It turned out to be the descendant of the ancient bloodline of the demon clan. This is terrible. This is not from our frontier city at all." Even if he has the strength to defend himself, that human boy is extremely weak against such a giant wolf that is tens of thousands of meters tall."

At this time, even the previous city lord couldn't help but regretted when he saw the terrifying and terrifying giant wolf of tens of thousands of meters: "I knew I should have retreated! This kind of demon descendant with the bloodline of the ancient demon god, if not The core power in the imperial city is coming, it's impossible to resist! It's too late to escape now!"

Chapter 5043 Crushing

At this time, the city lord of this border city obviously regretted it to the extreme, because he believed in Long Zhantian and Ye Feng too much, so he did not evacuate in time.

But now in the wilderness outside the city wall, a descendant of the giant wolf monster with the bloodline of the ancient monster god has appeared, and now he has activated the bloodline power of the ancient monster god, turning it into a monster with a height of tens of thousands of meters. The majestic giant wolf's true form has a very terrifying psychological depression on everyone.

So at this time, not to mention the city lord of this border city, all the other guards and practitioners felt a little regretful and should evacuate here in time, otherwise, their lives would not be saved.

But at this time, they had no way to evacuate and could only wait for their upcoming death with great regret.

At this moment, in the wilderness outside the city wall, Ye Feng stared at the giant wolf demon that was tens of thousands of meters tall. There was no fear in his eyes, but he said coldly: "Even if You are a descendant of the God of Demons, so you are of no use. On the contrary, the energy contained in a descendant of the God of Demons like you can be said to be a great supplement to me. "

After saying that, Ye Feng directly released the second clone of the Immortal Demon's true form. .??.

You know, Ye Feng's second avatar is very terrifying. It is the body of the first-generation Demon Emperor of the Demon Clan who came from the depths of the universe. It has long been indestructible.

So at this time, when Ye Feng released the immortal true form of the ancient demon, a towering body that could rival the giant wolf demon suddenly appeared next to Ye Feng.

Buzz!

At this moment, the aura of majesty and power exuded by the immortal form of the ancient demon was even more terrifying than that of the giant wolf demon, giving people an even more terrifying sense of psychological depression.

"What?"

Saw this scene,

Not to mention the strong men from the opponent's demon clan, even the strong human race inside the city wall, including a group of people from the City Lord's Mansion, all suddenly widened their eyes.

They seemed to have never imagined that Ye Feng, a young human race boy, would actually have such a powerful clone.

"Um?"

At this time, the giant wolf demon couldn't help but said in surprise: "I didn't expect that you, a small human race, could refine such a powerful second clone. It is very rare, but after all, it is just I guess your second clone won't be able to use all kinds of magical powers, so it's useless after all."

Hearing what the giant wolf monster said, Ye Feng just smiled indifferently and said, "Is it powerful? You can give it a try."

Hearing Ye Feng's provocative words, the giant wolf monster immediately shouted loudly and said: "You are too arrogant, just let me end your life!"

boom!

After saying that, the giant wolf demon rushed towards Ye Feng in an instant.

His giant wolf body, which was tens of thousands of meters tall, had an extremely terrifying sense of oppression. It was galloping across the earth, and the whole earth was shaking.

At this moment, the entire city seemed to be shaken and collapsed.

It can be seen from this that this giant wolf demon has activated the blood power of the demon god contained in his body, and what kind of terrifying power the giant wolf has now transformed into.

At this moment, even if Ye Feng released his second clone, many human cultivators in the city were worried about Ye Feng.

because they are not

I don't know if Ye Feng's second clone is just for good or not.

Boom!

But at the next moment, what shocked everyone to the extreme was that Ye Feng controlled the immortal form of the ancient demon and also charged towards the giant wolf demon.

And at the moment when the two collided, the ancient demon's immortal true body was like a devastation. It was like a dimensionality reduction blow, and it directly smashed half of the giant wolf demon's entire body with a fist.

"What??"

Seeing this scene, everyone was horrified to the extreme.

Because no one expected that the power of the second clone released by Ye Feng was beyond everyone's imagination. Not only was it not repelled by the giant wolf demon, it did not even appear to be evenly matched, but was directly crushed. It shattered most of the giant wolf demon's body into pieces like a devastating blow.

"ah!!"

At this moment, the giant wolf demon suddenly let out a huge scream. .???.??

Obviously, most of the giant wave demon's body was broken into pieces at this moment, and he felt extreme pain.

At this time, a dozen other top demons who were fighting Long Zhantian not far away saw this scene, and they all exclaimed in disbelief: "What?? How is this possible?? The giant wolf After the power of the demon god's bloodline was activated, it could crush everything. The second clone that was casually released by the human boy directly shattered most of the body? Isn't this even powerful? Incredible!"

At this moment, even the strong men on the demon side felt deeply unbelievable.

The giant wolf monster had most of its body broken into pieces at this time, but it was not completely dead.

After all, the giant wolf demon is a top-level demon with very tenacious vitality.

At this moment, the giant wolf monster stared at Ye Feng, and couldn't help but said in horror: "Human boy, who are you? Where did you get this second clone? Why? Could it be so powerful?"

When Ye Feng heard the incredible words of the giant wolf monster, he just smiled indifferently and said: "It doesn't matter who I am, what matters is that I just gave you a way to live, but you don't know whether to live or die, and you still want to come. Attack me and kill me, then I can only treat others in their own way. Today you monsters will not be able to leave, and you will all become my nourishment."

After saying that, Ye Feng directly controlled the immortal form of the ancient demon and completely attacked the giant wolf demon.

The giant wolf demon immediately roared: "Giant wolf scale shield! Bless the power of the ancient wolf god!"

At this moment, the scales on the giant wolf monster fell off directly from his body, and then a huge scale shield condensed on top of his head, which seemed to be able to withstand the power of heaven and earth.

But he couldn't resist the power of Ye Feng's ancient demon immortal body.

After all, you must know that Ye Feng's current cultivation level has improved a lot, so the power he exerts by controlling the immortal body of the ancient demon is much stronger than before.

And you must know that the level of the ancient demon's immortal true body is much higher than that of a mere giant wolf demon, so it is simply devastating.

Even the giant wolf scale shield released by the giant wolf demon, blessed with the power of the ancient wolf god, could not withstand the demonic claws of the ancient demon's unchanging true

form. It was directly torn into pieces, and then the entire giant wolf demon was His head was shattered by the bombardment.

Giant wolf demon, die!

Chapter 5044 Bloodline Furnace

Shocking!

Extremely shocking!

No one thought that Ye Feng, an ordinary-looking young man, could directly kill the giant wolf demon who was the leader of this demon craze after unleashing all his means and power.

You know, this giant wolf demon is not an ordinary demon, but a descendant with the bloodline of the ancient demon god. He even activated his own bloodline power of the ancient wolf god, but he still couldn't cause any harm to Ye Feng. The damage and obstruction were powerfully killed by Ye Feng.

Everyone stared at Ye Feng, staring at the human boy in white clothes and snow, with deep amazement in their eyes, and of course fear.

The ones who are frightened are naturally the remaining monsters.

The dozen or so top-level demons who were fighting Long Zhantian were all frightened at this moment, and they quickly fled away in fear.

But at this time, Long Zhantian naturally wouldn't give them a chance. He waved the golden halberd in his hand and condensed the dozen real dragon energies he released into a defensive light shield, which blocked the dozen or so people. All the top demons were blocked, preventing them from escaping.

Although Long Zhantian's strength is not enough to kill these top demons, it is more than enough to trap more than a dozen of these top demons.

Uh-huh!

At this time, Ye Feng rushed over instantly and punched out one after another.

Ye Feng's fist inspired the power of the Immortal Body of the God. It was a golden fist, like the most terrifying war spear in the world. Every punch blasted out could smash a top-level demon into pieces.

The entire night sky was instantly dyed red with the blood of demons.

At this time, Ye Feng killed all the top demons, and the entire demon frenzy dissipated.

Because their leaders have been completely killed by Ye Feng, it is estimated that they will not be able to continue to attack the city in a short time.

Because there is such a terrifying young man like Ye Feng.

At this time, the battle came to an end, and everyone within the city walls couldn't help but cheer.

As for the group of people in the City Lord's Mansion, their eyes showed deep wonder and shock.

Because at first they thought they were going to die in this city, but they didn't expect Ye Feng to be so powerful.

At this time, both the city lord and a group of powerful guards from the city lord's palace came to Ye Feng and Long Zhantian in an instant. They couldn't help but clasped their fists and said, "Thank you two peerless geniuses for helping me this time." , otherwise, our entire city may be destroyed. The destruction of the city is a small matter, but if these monsters and giant beasts enter the hinterland of our Daxuan Dynasty and do evil, it will be a big deal and will hurt many ordinary civilians. ”

At this moment, these people from the City Lord's Mansion were talking nicely. They were ready to retreat directly before, and even regretted trusting Long Zhantian too much. However, they did not expect that Ye Feng, whom Long Zhantian admired, really had such a talent. great power.

At this time, Long Zhantian was too lazy to talk nonsense with these people. He just said loudly: "You continue to strengthen the collapsed city wall and strengthen the formation to prevent others from taking advantage of the situation. Moreover, Ye Feng and I will do it early tomorrow

morning." I will leave this city. When the time comes, you will contact the core area of our Daxuan Dynasty and ask them to send more powerful people to stay here. "

Hearing what Long Zhantian said, a group of people in the City Lord's Mansion naturally nodded and bowed quickly and said: "What the little Marquis said is that we will do it right now."

At this moment, Ye Feng directly released his devouring domain in the battlefield, killing the giant wolf demon that he had killed before, as well as a dozen top demons who fought with Long Zhantian, all of them. Shrouded.

Their blood energy is very strong. After all, they are powerful in the depths of the wilderness.

The demon is a leader-level existence among demons, so the energy provided to Ye Feng is naturally very powerful.

The cultivation aura on Ye Feng's body immediately began to grow rapidly and continuously.

boom!

The eighth level of spiritual silence!

boom!

The ninth level of spiritual silence!

boom!

The tenth level of spiritual tranquility is perfect! !

At this time, Ye Feng's cultivation level has been greatly improved. He has broken through the third heaven in a row and reached the tenth level of spiritual silence. He will soon break through to the next powerful level of cultivation.

At this time, Ye Feng was naturally very happy. He did not expect that a few demon commanders could make such a breakthrough in his cultivation.

It seems that the energy contained in these creatures living on the land of Zhongzhou is very high-level, which can greatly increase their cultivation skills.

At this time, Ye Feng suddenly discovered that the trace of the ancient wolf god's blood contained in the body of this giant wolf demon was actually devoured by him, and it was actually able to strengthen his immortal body.

But this is also very normal. If Ye Feng's immortal body of gods wants to evolve, there are two ways. The first way is to absorb the divine substances born between heaven and earth, and the second way is to absorb some high-level incomparable materials. The power of his bloodline can evolve his immortal body.

It seems that the blood of the ancient wolf god contained in the body of this giant wolf demon is very advanced and can evolve his immortal body.

At this moment, Ye Feng's Immortal Body of the God obtained a trace of the blood of the ancient wolf god in the body of the giant wolf demon, and directly broke through from the fourth level of the sixth stage of the immortal body of the God to the fifth level of the sixth stage.

It has to be said that the evolution of the immortal body of the gods is an extremely slow process.

But one

Once it evolves, it means that the power of Ye Feng's body has been permanently improved.

At this moment, even if he only broke through one level, Ye Feng could feel that the power of his Immortal Body of God had been greatly enhanced, and the power of his body had become stronger.

And you must know that when Ye Feng entered the sixth stage of the Immortal Body of the Gods, he never had the talent to awaken the bloodline of the Gods in the sixth stage.

But now when Ye Feng's Immortal Body of God continues to evolve and reaches the fifth level of the sixth stage, Ye Feng can finally feel that the blood talent of his immortal body in the sixth stage seems to be awakening.

Buzz!

An inexplicable energy was born in the deepest part of Ye Feng's body and blood.

At this time, suddenly a huge furnace appeared in Ye Feng's body.

The next moment, Ye Feng immediately got the information about the sudden appearance of the furnace.

This is indeed the exclusive blood talent of the Celestial Clan awakened in the sixth stage of the Immortal Body of the Celestial God, called "Bloodline Furnace".

Once Ye Feng awakens the bloodline furnace, he can fuse and store any kind of bloodline power devoured and plundered from the outside in the bloodline furnace.

At that time, Ye Feng can instantly activate any plundered bloodline power and display its corresponding bloodline talent ability.

For example, Ye Feng has now plundered and obtained the bloodline power of the ancient wolf god of this giant wolf demon. Ye Feng used this bloodline power to not only enhance his immortal body, but also to store this trace of bloodline power in the bloodline furnace he awakened, if Ye Feng encounters an enemy next, during the battle, he can directly activate the power of the ancient wolf god's bloodline that he has obtained, and directly transform into the giant wolf monster just now. The body of the wolf god.

After receiving this information at this time, Ye Feng's eyes suddenly showed deep excitement. This kind of talent is really incredible!

Chapter 5045 Where does the courage come from?

Ye Feng never thought that in the sixth stage of the Immortal Body of the God, he would be able to awaken such a powerful talent, the Bloodline Furnace.

This can be described as a blessing that conquers the world!

Because every time Ye Feng plunders a high-level bloodline power from the outside, he can store it in the bloodline integration, and directly activate this bloodline power when he needs it, and display the corresponding bloodline talent ability.

For Ye Feng, this is simply a huge trump card.

Because this means that Ye Feng will receive all kinds of powerful blood inheritance in the future.

However, Ye Feng also knows that only extremely advanced bloodline power, such as the bloodline of the ancient wolf god contained in the body of this giant wolf demon, can be qualified to enter the bloodline furnace.

At this moment, Ye Feng not only made a huge breakthrough in his cultivation, but also gained the power and talent of the ancient wolf god's bloodline.

In the future, Ye Feng can also directly transform into the body of a wolf god like the giant wolf demon just now, possessing the incomparable power of the wolf god. This will be of huge benefit to Ye Feng's body.

Although Ye Feng possesses the extremely powerful body of the ancient demon's immortal body, it is only a second clone after all, a thing outside his body.

Ye Feng knows that the most important thing is that his own strength has been greatly improved. After all, you need to be strong to make iron.

Therefore, Ye Feng can turn into the body of the wolf god at this time, which is naturally a powerful trump card for Ye Feng.

But at this time, Ye Feng didn't say anything to the others. Ye Feng just quietly came back from the battlefield and returned to the city.

Ye Feng looked at Long Zhantian in front of him and asked, "Have everything been arranged?"

Long Zhantian nodded, pointed to a group of people in the city lord's mansion who were leaving, and said loudly: "I have told them what to do next, and there should be no demons who dare to attack this city now. , After all, Master Ye Feng, you were so powerful just now that you killed the top demons and wiped out all the demons at once, so I guess many demons will be afraid of this city and will not dare to invade in the short term. "

br

Hearing what Long Zhantian said, Ye Feng immediately nodded with great satisfaction.

With a network like Long Zhantian, it really saves me a lot of things when traveling in the Daxuan Dynasty.

After all, although Long Zhantian is an illegitimate son, he is still the heir of the Champion Houfu. Therefore, with such an identity as a young prince, he will be well treated anywhere in the Daxuan Dynasty.

At this moment, Ye Feng nodded and said: "After the formation is repaired tomorrow, we will go directly to the imperial city of the Daxuan Dynasty."

Long Zhantian nodded slightly and said, "Yes, Lord Ye Feng."

Next, everyone in the entire city is participating in repairing the collapsed city walls, striving to adjust the defense status of the entire city to the best state.

At this time, Ye Feng and Long Zhantian only need to take precautions around to see if there are any remaining demons lurking in the crowd.

Next, as expected, there were no problems, and the entire city became stable again.

Moreover, the city lord's palace has also contacted the core organization of the Daxuan Dynasty. When the time comes, the real strong men of the Daxuan Dynasty will come to the city and sit here.

At this moment, it was already light.

The formations in the city have been repaired.

Ye Feng and Long Zhantian disappeared into the teleportation formation amidst the gratitude of everyone in the city.

Buzz!

With a whirlwind of heaven and earth, in less than a moment, Ye Feng and Long Zhantian had been teleported hundreds of thousands of kilometers to the core of the super power of the Daxuan Dynasty, that is, the imperial city.

At this moment, Ye Feng and Long Zhantian opened their eyes. Ye Feng immediately saw an antique pavilion surrounding them. They were in a small pavilion.

Long Zhantian introduced with a smile: "This pavilion is located in the outer area of our Daxuan Dynasty Imperial City. It is specially used to transport pedestrians or core people coming from major border cities. We still need to walk for a while. Only then can we enter the inner core area of our Daxuan Dynasty Imperial City and reach the Champion House where I am."

Hearing what Long Zhantian said, Ye Feng immediately nodded and said with a smile: "It just so happens that along the way, we can take a look at the customs and customs of the entire Daxuan Dynasty imperial city."

Long Zhantian didn't say anything, and just left the pavilion with Ye Feng.

The moment they walked out of the pavilion, Ye Feng's vision suddenly became extremely wide.

The entire imperial city area of the Daxuan Dynasty was very vast. It was not just one city, but composed of many different cities and buildings, just like a large city complex.

The place where they were at this time was just a small subsidiary city in the outer area of the imperial city.

This made Ye Feng have to admire, this Daxuan Dynasty is indeed a powerful top dynasty, which can rival the super sect.

The entire imperial city area is probably comparable to the entire territory of some ordinary dynasties.

The imperial city of the Daxuan Dynasty was not just a city, but a complex of countless cities, so it looked very majestic and vast.

At this time, Ye Feng and Long Zhantian walked out of the small city in the outer area and walked towards the largest city in the middle.

When they came to the inner area of the core of the imperial city, they immediately saw a huge city wall that looked like it was made of gold, wrapping a core area.

That place was the imperial city of the Daxuan Dynasty.

At this time, Ye Feng could see through his eyes of heaven and earth that at the core of the imperial city of the entire Daxuan Dynasty, there was a huge golden dragon energy, reaching straight into the sky, which looked very shocking.

This golden beam of light,

Ordinary people can't see it, but Ye Feng's Eye of Heaven and Earth can see it very clearly.

This represents the luck and dragon vein energy of the entire Daxuan Dynasty.

Very powerful, very majestic.

This shows how prosperous the Daxuan Dynasty's national destiny is now. It can be said to be at its peak.

However, if Ye Feng looked carefully, he could still see that this huge golden pillar of luck was mixed with some faint black matter.

Ye Feng immediately understood. It was estimated that the Dark Demon Emperor disguised as the emperor of the Daxuan Dynasty had an inexplicable impact on the destiny of the entire Daxuan

Dynasty. It meant that among the seemingly prosperous destiny of the Daxuan Dynasty, there were other Hidden danger.

If it is not controlled, the entire dynasty will definitely collapse in the future.

However, Ye Feng has no way to stop anything at this time. Now Ye Feng's only goal is to become more and more powerful in the Daxuan Dynasty, find a way to steal the imperial seal, and rescue the real emperor who was imprisoned in the Daxuan Dynasty. Xuan Wuji, when the time comes, he will fight against the Dark Demon Emperor who is now disguised as the emperor.

At this moment, while Ye Feng was thinking secretly in his heart, Long Zhantian and Ye Feng had already arrived at the Champion Hou Mansion.

But before the two of them could enter, a group of young men wearing aristocratic costumes suddenly walked out of the Champion House.

The leader was a young man wearing a blue robe.

The first time he saw Long Zhantian, a look of surprise appeared on his face, and then he said sarcastically: "Long Zhantian, you are an illegitimate son who can't stand up to the stage, why did you suddenly come back?" Aren't you afraid of being beaten at will by us orthodox heirs? I remember that you were beaten very badly, almost to death, and could only survive outside. Could it be that you think your wings are hard now, so why? You dare to come back, but I observe that your cultivation aura is not growing very well. The younger generation in our Champion House is still the weakest. Where did you get the courage to come back suddenly? "

Chapter 5046 Long Qingyun

At this time, this young man in a green robe spoke in a very arrogant and condescending tone, giving people a very arrogant feeling.

At this moment, Long Zhantian was a little god and said to Ye Feng beside him: "This person is one of the top ten powerful geniuses in our Champion House, and he is also the orthodox descendant of our Champion House. He is called Long. Qingyun."

Hearing what Long Zhantian said next to him, Ye Feng nodded and said nothing more.

At this moment, Long Zhantian just looked at the extremely arrogant Long Qingyun in front of him, and couldn't help but said in a cold tone: "Although I am the illegitimate son of the Champion

House, the Champion House is mine after all. "Family, why can't I come back? And now that I have become stronger, if any of you bully me at will, don't blame me for being rude."

Hearing what Long Zhantian said, Long Qingyun suddenly laughed, and then said even more sarcastically: "Oh, Long Zhantian, Long Zhantian, I didn't expect you to become so tough all of a sudden. I don't know. Are you out of your mind? How far can you grow in a small place outside?"

boom!

After finishing speaking, Long Qingyun suddenly burst out with an extremely powerful cultivation momentum.

That kind of cultivation aura is two or three levels higher than the current cultivation level of Ye Feng and Long Zhantian.

"Um?"

This made Ye Feng's eyes reveal a look of surprise.

It seems that the Daxuan Dynasty is worthy of being a transcendent power in the land of Zhongzhou. Even if he is just a young man in a small champion house, his strength is very strong, much stronger than he imagined.

However, Ye Feng is not afraid. After all, Ye Feng's combat power is very powerful, and his true combat power far exceeds his own cultivation level.

At this moment, Long Qingyun burst out with his cultivation momentum, directly condensing a green dragon soul in the void behind him.

This green dragon soul immediately charged towards Long Zhantian

And go.

Long Qingyun immediately burst into laughter and said loudly: "Long Zhantian, let me test your current strength."

At this moment, facing the attack of the cyan dragon soul condensed by Long Qingyun, Long Zhantian did not show any fear. He directly took out his weapon from the storage ring, a golden halberd, and instantly exploded with his own weapon. The powerful cultivation power attacks forward.

Boom!

Along with a huge roar, the golden halberd in Long Zhantian's hand and the green dragon soul condensed by Long Qingyun collided directly.

The next moment, Long Zhantian actually resisted the cyan dragon soul, but he couldn't help but took several steps back. After all, Long Zhantian had been practicing in a small place like Wudu Sect, and it was indeed inferior to these people in the world. The orthodox heirs who cultivated in the Champion House did not receive the same level of training resources.

Moreover, it is impossible for Long Zhantian to be like Ye Feng, who possesses the heaven-defying devouring ability, capable of devouring any energy from the outside world to strengthen his cultivation power.

Therefore, Long Zhantian's background must be much worse. Being able to directly resist this cyan dragon soul already shows that Long Zhantian is very good.

At this moment, seeing Long Zhan innocently resisting the green dragon soul that he had condensed, Long Qingyun just showed a look of surprise in his eyes, and then he smiled coldly and said: "It seems that you Your talent is really good. As expected, even your father pays so much attention to you and sent you outside to practice secretly. However, this is of no use. Your identity is destined to be extremely humble in the future. You are only worthy of Being an external member of our Champion House will never allow you to enter the core circle of our Champion House."

boom!

At this time, after Long Qingyun finished speaking, he directly

He increased his strength and said loudly: "Just now it was just my momentum attack. I didn't expect you to resist it so hard. As soon as I take action, you will definitely lose."

After Long Qingyun finished speaking, he stretched out a hand and cast an extremely powerful inheritance.

Buzz!

One of his hands immediately turned into a cyan dragon claw and attacked Long Zhantian in an instant.

It seems that this Long Qingyun must have cultivated a very special kind of dragon inheritance, and it is estimated that he has also integrated the blood power of a blue dragon. Otherwise, it would be impossible to turn his palms into blue dragon claws, as if they were made of steel. It is extremely sharp and hard.

At this moment, Long Zhantian roared and rushed forward.

Long Zhantian has been secretly hidden outside for so many years, and he must have a lot of resentment in his heart. So this time he returned to the Champion Hou Mansion, and Ye Feng was by his side to help him. Naturally, Long Zhantian became a lot more courageous. .

Boom!

However, when Long Zhantian's golden halberd touched Long Qingyun's cyan dragon claw, it was directly shattered by Long Qingyun's cyan dragon claw.

Then Long Qingyun's green dragon claws directly attacked Long Zhantian. Long Qingyun's eyes even showed a cruel look, and he couldn't help but said: "Long Zhantian, today I will take your heart and see how you can survive. If you kill an illegitimate child like you, an orthodox heir like me will receive a little punishment at most, but there won't be any serious consequences. Long Zhantian, you came back today just to die. "

At this time, Long Zhantian also felt the death crisis and couldn't help but look at Ye Feng, who was not far away.

At this time, Ye Feng had long realized that Long Zhantian could not be Long Qingyun's opponent.

Uh-huh!

Ye Feng appeared next to Long Zhantian in an instant, then smiled slightly and said

Said: "Don't worry, this time with me here, no one can bully you."

After saying that, Ye Feng directly stretched out a hand.

The moment Ye Feng's hand stretched out, it turned into a big golden hand, like a majestic golden mountain, and directly collided with Long Qingyun's green dragon claw.

When Long Qingyun saw Ye Feng's move, he immediately couldn't help but said disdainfully: "Even Long Zhantian is no match for me. If you want to be crushed by me, where do you come from, a young boy who dares to attack me?" Take action? That's really daring! I'll kill you too!"

But at this time, when he touched Ye Feng's golden hand, Long Qingyun originally thought that his green dragon claws were enough to tear Ye Feng into pieces in an instant.

boom!

But the moment the cyan dragon claw touched the golden hand, a terrifying and majestic power was directly transmitted from the golden hand.

Long Qingyun's expression immediately changed. He felt that what his green dragon claw was touching was not a hand, but an extremely majestic ancient mountain, possessing incomparable power.

Click!

Click!

The next moment, Long Qingyun's green dragon claw was shattered inch by inch by Ye Feng's golden hand.

"ah!!"

At this moment, Long Qingyun immediately screamed, and he couldn't help but flew out, and one of his hands was directly destroyed by Ye Feng.

"What??"

"How can this be??"

At this moment, when Long Qingyun was surrounded by a group of other young masters from the Champion Hou Mansion, they couldn't help but shout in horror when they saw this scene: "Who is that young man in white next to Long Zhantian? How can he have such strong strength? He actually smashed Brother Qingyun's Qinglong Steel Claw. This is simply unbelievable. Who is this person?"

Chapter 5047 Thousands of Thoughts

quiet!

Deadly quiet!

At this time, everyone present fell into a dead silence.

Because no one expected that the extremely powerful Long Qingyun among them, such a super genius in the Champion House, would be slapped by a little-known boy and smash the Qinglong claws, and the whole person flew out and suffered Severely injured.

At this time, Long Qingyun endured the severe pain, looked at his broken palm, and struggled to stand up.

He stared at Ye Feng for a moment, with endless anger and horror in his eyes, because he never thought that Long Zhantian, an illegitimate son of a family who could not stand up to the public, would actually have such a powerful person next to him. Young genius.

Long Qingyun knew very well that Ye Feng, this ordinary-looking boy in white, was definitely an extremely terrifying guy.

So at this time, Long Qingyun stared at Ye Feng for a moment and couldn't help but said: "As an outsider, you dare to hurt me, a noble heir, to this extent. You are dead, you are absolutely dead." It's settled! Our Champion House will definitely judge you!"

At this moment, Long Zhantian suddenly burst into laughter and said aloud: "Ye Feng is my good friend and a good helper I brought back from outside this time. In the future, Ye Feng will also become our champion Houfu." "One of us, the younger generation's fight, the older generation of the Champion House never interferes, because this is an implicit rule. If you are not as good as others, you lose, and you will bear the consequences."

Hearing what Long Zhantian said, Long Qingyun's face suddenly became very livid, because what Long Zhantian said was correct, which is why Long Qingyun dared to kill Long Zhantian just now.

Because there is an unwritten rule in the Champion House, that is, if there is a conflict, the younger generation can fight with each other. If there are casualties, the older generation must not intervene and cannot use the big to bully the small. Therefore, the Champion House Only then can there be so many peerless geniuses.

Because there is no pressure from the older generation, the younger generation needs to rely on their own strength for everything.

At this moment, after being taught a lesson by Ye Feng,

, Long Qingyun stared at Ye Feng, and at the same time he stared at Long Zhantian, his eyes were cold and ugly.

Because this time he was really embarrassed and hurt so badly.

Long Qingyun didn't say anything in the end, but coldly said: "Long Zhantian, it seems that you are well prepared for returning to the Champion House this time. It's because the person who came here is unkind, but even if you find a powerful helper, It is absolutely impossible to fight against us orthodox descendants, our background is beyond your imagination. "

After saying that, Long Qingyun snorted coldly, not daring to take any more action, and angrily left the scene with a group of thugs around him.

At this moment, Long Zhantian looked at Ye Feng beside him, smiled slightly, and said, "Thank you Lord Ye Feng for taking action this time."

In front of others, Long Zhantian calls Ye Feng a friend, naturally because of Ye Feng's identity.

But when there were only two of them, Long Zhantian naturally called Ye Feng respectfully.

At this moment, Ye Feng smiled faintly and said aloud: "This Long Qingyun is nothing, but I can sense that there are many other powerful beings in the Champion House. Not only the younger generation, but also the older people are very scary. , the moment I walked into the Champion House, I could sense that many powerful auras were lurking in it. Moreover, this was just a Champion House. The entire imperial city of the Daxuan Dynasty had many princes, and Your Majesty, various nobles, including the most core and terrifying Daxuan Dynasty's palace, it seems that this time we come to the imperial city, it will be very difficult to get the imperial seal and rescue the real emperor Xuan Wuji. one thing."

Hearing what Ye Feng said, Long Zhantian couldn't help but nodded, his face a little heavy.

Obviously Long Zhantian also knew how difficult and difficult their mission was this time.

But Long Zhantian also

Knowing that if they succeed, rescue the real emperor Xuan Wuji, and eliminate the dark demon emperor who is now pretending to be the emperor, then Ye Feng will share half of the entire Daxuan Dynasty. This is definitely Huge wealth and great opportunities can definitely make Ye Feng's cultivation take off in an instant!

Ye Feng spoke up at this time: "There is no rush for the time being. Let's slowly grow and plot, and look for opportunities to see if we can steal the Royal Seal."

Hearing what Ye Feng said, Long Zhantian immediately nodded. Now he can only develop silently and see if he can find an opportunity to steal the Imperial Jade Seal.

And both of them knew very well that if they could successfully steal the Imperial Seal and rescue the imprisoned Emperor Xuan Wuji, they would not be able to solve all the problems.

Because the real emperor Xuan Wuji was able to be imprisoned back then, it shows how terrifying and powerful the Dark Demon Emperor is now disguised as the emperor. Even at his peak, Xuan Wuji may not be his opponent, let alone Xuan Wuji said he was in a weak state.

Therefore, stealing the Imperial Seal and rescuing Xuan Wuji, the real emperor, is only the first step. The second step is to destroy the Dark Demon Emperor of the Daxuan Dynasty who is now pretending to be the emperor.

However, Ye Feng also knew very well that if the real emperor Xuan Wuji could be rescued, Xuan Wuji could enter the depths of the Daxuan Dynasty and join forces with the elders in the royal family to deal with the fake.

In any case, the most important thing now is to steal the imperial seal.

At this moment, Ye Feng had a lot of thoughts in his mind, but then Ye Feng suppressed his thoughts, because it was still very early, and Ye Feng's strength was still weaker after all. After all, in such a transcendent power as the Daxuan Dynasty, among them, there are too many strong people with strength and foundation, too numerous to count.

While Ye Feng was thinking secretly in his heart, he followed Long Zhantian to the place where Long Zhantian lived.

This is a relatively remote house in the Champion House.

, but the environment is pretty good, with green grass all around, many precious trees planted, and the garden landscape design is also very good.

The surrounding houses are far apart and have a very low floor area ratio, so Ye Feng and Long Zhantian live here and usually plan some things without being eavesdropped by others.

At this time, Ye Feng and Long Zhantian walked into the house in front of them. Long Zhantian has not been back for many years, and this house is still reserved for him. This also shows that even though Long Zhantian is an illegitimate child, after all, he is the biological son of the Champion. In the Champion's Mansion, he must have a higher status and enjoy much better treatment than ordinary guards or foreigners in the Champion's Mansion.

At this moment, Long Zhantian took Ye Feng into the house. The two tidied up the house that was already covered with spider webs and settled in for the time being.

At this time, Long Zhantian looked at Ye Feng in front of him and couldn't help but asked: "Master Ye Feng, what is our next plan? Directly lurk in the palace to find out where the imperial seal is?"

Ye Feng shook his head and said loudly: "Don't alarm the snake for the time being. After all, the Dark Demon Emperor is more powerful than Senior Xuan Wuji. Although he is now afraid of some of the ancestors in the dynasty and does not dare to reveal his methods and identity easily. But we still have to pay attention. After all, we are still too weak to act rashly. The most important thing now is to obtain huge cultivation resources so that both of us can grow in cultivation and become stronger, so that we can have the opportunity to contact Go to the core circle of the palace and find out where the Imperial Seal is placed. "

Hearing what Ye Feng said, Long Zhantian seemed to have thought of something. His eyes immediately lit up and he said loudly: "I am an illegitimate child after all. I probably won't get any good training resources in the Champion House. But I know there is a place in the Imperial City that is very suitable for us to earn cultivation resources."

Ye Feng asked curiously: "Where?"

Long Zhantian smiled and said: "Underground fighting ground."

Chapter 5048 Arena

"Underground fighting arena?"

At this time, when Ye Feng heard what Long Zhantian said in front of him, there was a trace of surprise in his eyes. He seemed to have never thought that there was an underground city in such a magnificent and powerful imperial city as the Daxuan Dynasty. The fighting arena is such a dark and chaotic place.

Ye Feng can deduce from the words Long Zhantian said about the underground fighting ground. The underground fighting ground is definitely an arena where life and death can be fought. It is very cruel and bloody, but it is also estimated that huge benefits can be won. .

At this moment, Long Zhantian immediately smiled and said: "Now that we want to quickly obtain huge amounts of training resources, we can only go to the underground fighting field, because in the underground fighting field, as long as we participate in very cruel and bloody fighting If we let

people place bets in gladiatorial combat, we can get rich rewards, and Master Ye Feng, your cultivation is so strong that you have a huge advantage in battles at the same level."

When Ye Feng heard what Long Zhantian said, he said, "Okay, let's go take a look, but on the way, you can tell me the rules of this underground fighting arena."

Long Zhantian became interested immediately, and quickly took Ye Feng out of his residence, left the Champion Hou Mansion, and walked quickly towards the underground fighting arena.

On the way, Long Zhantian said aloud: "In the underground fighting arena, strong men of the same level of cultivation fight together, but high-level practitioners are absolutely not allowed to actively challenge low-level practitioners. However, if the low-level practitioners are If a cultivator feels that his fighting power is sufficient, a low-level practitioner can be allowed to declare war on a high-level warrior. Of course, he must bear the consequences himself. Master Ye Feng, your true combat power is very powerful. In the underground fighting arena, You can definitely challenge someone with a stronger cultivation level, and you can win several times your bet."

Hearing what Long Zhantian said at this moment, Ye Feng immediately nodded, basically understanding the rules of the underground fighting arena. \u003c

br\u003e

Long Zhantian continued to speak: "Moreover, the underground fighting arena not only contains bloody gladiatorial battles, the underground fighting arena is also recognized as the largest black market in our Daxuan Dynasty. There are many kinds of good things circulating in it, some of which are Things that can't even be bought openly are taboo."

Hearing what Long Zhantian said, Ye Feng nodded and said, "If you say so, I am becoming more and more interested in this underground fighting arena."

After finishing speaking, Ye Feng followed Long Zhantian through most of the buildings and arrived at the southwest corner of the Daxuan Dynasty Imperial City.

A small pavilion appeared here.

At this moment, Long Zhantian said aloud: "The underground fighting arena is entered from this small pavilion."

Ye Feng glanced at the pavilion in front of him. It was unremarkable at all, but there must be something else going on inside.

Ye Feng nodded and followed Long Zhantian in from there.

When the two of them walked in, they immediately saw that there was no one in the pavilion.

But on the last wall of this pavilion, there is a small door.

Long Zhantian walked over and opened the door. Ye Feng looked inside and saw a shocking scene.

Behind this small door, a huge underground space appeared.

The entire underground almost seems to have been hollowed out, and the area is very vast, almost like an independent underground city.

Long Zhantian smiled and said loudly: "Master Ye Feng, this dungeon is an underground fighting ground, and also

The number one black market in our Daxuan Dynasty, this place is frequented by many members of the royal family of our Daxuan Dynasty, and the identity of the person behind this underground fighting arena is very mysterious, even if The royal family of the Daxuan Dynasty would not stretch their hands here, so they are very free here. There is no need to have any scruples. Even if you have a conflict with someone, you can kill the other party on the spot, as long as you do not damage the buildings of the underground fighting arena. No one will care about the facilities, because it is a personal grudge. "

Hearing what Long Zhantian said, Ye Feng suddenly had a look of surprise in his eyes. It seemed that he did not expect that such a chaotic and disorderly dungeon would appear in a place with strict rules like the Daxuan Dynasty.

At this moment, Ye Feng nodded and said with a smile: "This kind of place may indeed have good opportunities for me. Let's go to the underground fighting ground to take a look first and see if we can participate in the underground fighting ground." What is the combat effectiveness of these so-called strong men?"

Although Ye Feng's real strength is very powerful, far beyond his current level of cultivation, this does not mean that Ye Feng can be arrogant.

Ye Feng's current cultivation base is still quite weak after all, so Ye Feng naturally wants to see what the situation is like first and will not take action blindly.

Because in such a transcendent power as the Daxuan Dynasty, there are too many people with strength and foundation, and there will also be powerful beings who can leapfrog and kill people, and their combat effectiveness is also very powerful.

At this moment, Long Zhantian nodded and led Ye Feng to walk quickly in a certain direction of the underground fighting arena.

Along the way, Ye Feng looked around and found that there were people from all walks of life here.

I'm afraid it's not just people from the Daxuan Dynasty, but maybe other big forces in Zhongzhou, or people from some small sects.

, will come here to pan for gold.

At this time, Ye Feng saw that there were actually slaves of various races sold here. For example, the slaves of the fox demon clan were all very beautiful, and many people would buy them back as concubines.

At this time, Ye Feng saw that there were many open-air auctions, where all kinds of strange treasures and rare treasures were being auctioned in full swing.

However, Ye Feng is currently short of money and doesn't have much money, so he resists the urge to go to these auctions to watch the excitement. He should go to the underground fighting arena to fight a few times to see if he can make some wealth, and then come over to these auctions to watch the excitement. Good things were auctioned there.

While Ye Feng watched silently, Long Zhantian, who was leading the way, suddenly stopped.

Ye Feng looked forward at this time and found that fighting places like arenas had been established on the ground in front of him.

In each arena, strong men with murderous intent were fighting each other, and the arena was surrounded by densely packed people.

Everyone in the audience was shouting crazily for the gladiator they had chosen, because if the gladiator they selected won, they would be able to earn huge returns.

Of course, under the control of agents in the underground fighting arena, a portion of these huge returns will be given to the gladiators who participate in life-and-death fights.

What Long Zhantian said about earning wealth was to let Ye Feng become a gladiator, enter the arena, fight with many strong men, and earn huge profits from the winner of each battle. This is the fastest way to earn money. The path to wealth.

And Long Zhantian feels that this is very suitable for Ye Feng, because Ye Feng's true combat power is very strong, far beyond his own cultivation level, and he has a great advantage in fighting in this kind of gladiatorial arena with clear rules.

#### Chapter 5049 Weak Challenger

At this time, Ye Feng nodded and said, "Okay, then I will participate in this arena and see if I can earn a huge fortune." For Ye Feng, the most important thing now is to get more cultivation resources as soon as possible, so that he can improve his skills and become stronger. In this way, there will be no big problem in the future in the Great Xuan Dynasty. However, if his cultivation strength has not been improved, it will be difficult for Ye Feng to continue to mix in the Great Xuan Dynasty, a place where masters and strong men are everywhere, let alone to plot the imperial seal, rescue the real emperor Xuan Wuji who is far away in the Five Poison Sect, and fight against the terrifying Dark Demon Emperor in the future. So Ye Feng's current task is very heavy, but Ye Feng cannot give up this task easily, because half of the wealth of the Great Xuan Dynasty is absolutely a huge temptation for Ye Feng. So Ye Feng will naturally not give up this hard-won huge opportunity. Ye Feng naturally wanted to do his best to improve his cultivation strength, rescue the real emperor Xuan Wuji, and let him return to the Great Xuan Dynasty. Then he would be able to share the Wanjiang Mountain of the Great Xuan Dynasty with him.

At this moment, Ye Feng suppressed many thoughts in his heart, looked at Long Zhantian beside him, and couldn't help asking: "By the way, to participate in this kind of battle in the arena, do you need to explain the situation to the person in charge of the entire underground arena in advance?"

Long Zhantian shook his head and said with a smile: "No trouble, if you want to challenge someone or want to join a certain arena, you can just wait until this battle is over and jump down directly."

When Ye Feng heard what Long Zhantian said, his eyes immediately showed a look of astonishment. He didn't expect that participating in the battle in this underground arena would be so casual, just jump down directly.

However, Ye Feng didn't say much, but began to look at the huge arena in front of the two of them at this time.

There were countless people shaking and shouting in the audience seats around, and two figures were fighting for life and death in the arena.

One was a middle-aged man in black armor, three or four meters tall. He didn't look like a pure human, but might have some ancient barbarian blood.

He held a black battle axe in his hand, and every move was full of a sense of opening and closing, giving people the impression of a ruthless killing machine.

His opponent was a young swordsman in white clothes. This young swordsman looked quite cool and had a very free and easy temperament. He held a green long sword in his hand, and every sword he stabbed out was full of murderous intent.

Ye Feng watched the battle between the two and nodded.

The strength of these two people is very strong, and their combat effectiveness is far beyond their realm.

The cultivation realm of these two people is at the same level, which is two realms higher than Ye Feng's current level.

Ye Feng didn't want to participate in a battle with the same realm as himself, because it was really boring.

Ye Feng is absolutely invincible in the same realm. The stakes won by participating in such a battle are not much. Only by challenging the existence of a higher level of cultivation can the participants earn more wealth and profits.

At this moment, when Ye Feng was thinking secretly in his heart, the winner had already been decided in the arena below.

After all, the attack power of the young swordsman was too low. He could not break the defense of the middle-aged man in black armor at all. At this time, he was directly split in half by the black axe of the barbarian strong man and died tragically on the spot.

This young swordsman is likely to be a powerful genius from a small sect who came here to train, but he did not expect to die here.

It must be said that the fate of life is really unpredictable.

At this time, the whole field suddenly burst into cheers.

Because there are too many spectators betting on the black armored strong man, after the black armored strong man wins, they will naturally be able to earn huge wealth and profits.

Swish!

At this moment, Ye Feng suddenly jumped and flew to the arena.

"Huh?"

"Who is this kid? His cultivation aura is two realms lower than the black armored man. How dare he go to this arena?"

At this moment, everyone saw Ye Feng jumping off the arena, and everyone's eyes showed deep astonishment.

Because they could sense that Ye Feng's cultivation aura was two realms lower than the cultivation level stipulated in this arena.

You know, many contestants who want to challenge across levels basically only dare to challenge those who are a few levels higher than themselves.

If you can challenge a higher realm, it is already a very incredible thing.

But now Ye Feng is directly challenging an existence that is two realms higher than himself. This naturally makes everyone in the audience feel very shocked and unbelievable. The whole arena suddenly rang with a burst of ridicule.

But at this time, Long Zhantian stood outside the duel arena, and his face was full of calmness.

Because he knew very well how fierce his master Ye Feng's fighting power was.

At this moment, thousands of people in the entire audience began to place bets.

However, they bet all their wealth on the big man wearing black armor, because no one believed that Ye Feng could win this fight. There was almost no suspense.

At this moment, Ye Feng was just standing in the arena, looking at the big man in black armor opposite.

At this time, the big man in black armor held the battle ax in his hand and stared at Ye Feng. His eyes were very wild, with a terrible murderous intention, and he said: "Boy, who gave you the courage?" If you dare to face a strong man like me directly, if you jump out of this arena, it means you are dead."

Ye Feng smiled slightly at this time and said aloud: "Who will win and who will lose, we can't tell yet."

Hearing what Ye Feng said, the big man in black armor immediately showed a laughing look on his face and said loudly: "Good boy, you are quite courageous, but even though you are the so-called peerless genius in the sect, My fighting power is strong, but with the advantage of two realms of cultivation, you will definitely not be able to block one of my moves. Moreover, my fighting power is also very strong. I am not an ordinary practitioner. I walked from a mountain of corpses and a sea of blood. from."

Uh-huh!

After saying that, the big man in black armor held the black ax in his hand and rushed towards Ye Feng in an instant.

A blood-red craze immediately erupted from his body, and he was really like an iron Shura, possessing super terrifying killing power, crushing towards Ye Feng.

At this time, facing the battle between the two people, no one in the audience even shouted, because everyone felt that this battle had no suspense. Ye Feng, a weak challenger, would definitely be defeated by the black armor. The big man killed him instantly.

Everyone placed bets on the black armored man to win.

But Long Zhantian followed Ye Feng's instructions and bet all his wealth, including one hundred thousand spiritual diamonds, on Ye Feng.

Chapter 5050 Earn Wealth

At this time, everyone in the audience placed bets on this battle.

In the auditorium, it was estimated that thousands of spectators placed their bets on the big man in black armor.

It is estimated that only Long Zhantian is pressing down on Ye Feng in the entire field.

Because the gap between the cultivation levels of Ye Feng and this big man in black armor is really too big. They are almost two realms apart. Moreover, many people don't know where Ye Feng comes from, so they think that Ye Feng is just a daring fool. He's just a kid, he will definitely die miserably.

At this time, the big man in black armor held the black ax in his hand and rushed in front of Ye Feng in an instant.

The blood-black craze surrounding this black-armored man filled his whole body with an unparalleled sense of power.

Obviously, this big man in black armor has practiced a very terrifying magic skill, which can greatly increase her entire attack power.

Ye Feng smiled slightly at this time and said: "You are indeed very powerful and your fighting ability is also very powerful, but it is a pity that you met me today."

After saying that, Ye Feng suddenly stretched out his hand.

Ye Feng's hand immediately turned into a huge golden hand, like an ancient mountain, full of unparalleled majesty and heaviness, and struck forward directly.

Boom!

At this moment, Ye Feng's big golden hand suddenly conveyed overwhelming power, which directly suppressed all the power surges in this black armored man.

Then under the horrified gaze of the other party, Ye Feng's golden hand possessed extremely terrifying pressure. It immediately smashed the black ax in the hand of the black armored man, and then completely smashed the black armored man. He flew backwards with a bang and lay on the ground not far away. He was severely injured in an instant and was dying.

"What??"

Seeing this scene on the field, the somewhat boring atmosphere in the audience was suddenly ignited, and countless people screamed in disbelief.

"What? How can this kid have such power?"

"The hand he stretched out just now turned into a big golden hand. Where did this kid get such a terrifying inheritance?"

"Could this young man be the heir of a hidden family? Otherwise, how could he have such a powerful physical strength!"

At this time, everyone present felt deeply horrified.

The entire field suddenly fell into a dead silence.

At this moment, the big man in black armor lying on the ground not far away did not die, but struggled to get up.

But at this moment, he stared at Ye Feng not far away with his eyes wide open, and said in disbelief: "No! How is this possible? How can you be so powerful? You are obviously lower than me. Two great realms, and my fighting ability is definitely not something ordinary people can challenge."

At this moment, this big man in black armor was extremely horrified and could not even believe what had just happened, but he was indeed defeated.

At this moment, Ye Feng smiled faintly and said: "If you continue to take action, I don't mind killing you directly."

Hearing what Ye Feng said, the big man in black armor suddenly trembled. He immediately understood that this young man in white clothes and snow was definitely an extremely terrifying existence. He was definitely not something he could fight against. The other party's identity was definitely Very mysterious.

At this moment, even this battle-hardened person

A big man in black armor suddenly had an inexplicable awe for Ye Feng.

He immediately clasped his fists and said loudly: "Thank you for showing mercy just now, otherwise I would have died. I lost this battle."

Seeing this big man in black armor admit defeat, everyone present suddenly had a look of deep astonishment on their faces.

They never expected that this big man in black armor, who was as fierce as a wild beast, would admit defeat directly in front of Ye Feng, an ordinary-looking young man, and also behave so docile and awe-inspiring.

Everyone immediately understood that this young man in white was definitely an extremely unfathomable existence.

"What a pity! I lost all my bets on this big man in black armor."

Suddenly some people in the audience couldn't help shaking their heads and sighing.

At this moment, Long Zhantian had a look of deep surprise on his face.

As expected, Lord Ye Feng easily suppressed and defeated this black armored man.

At this time, Long Zhantian only used one hundred thousand spiritual diamonds and earned three million spiritual diamonds in one fell swoop!

At this moment, Ye Feng flew directly to the edge of the duel field and came to Long Zhantian.

At this time, Long Zhantian held a storage ring and said loudly: "Master Ye Feng, I have just put all the wealth earned from this gladiatorial battle into the storage ring, a total of three million souls." Drill."

"Um?"

When Ye Feng heard what Long Zhantian said, there was a look of surprise in his eyes.

I didn't expect that a small battle could earn so much wealth.

But Ye Feng also knows that this

It was because he had just participated in this underground fighting arena and many people did not understand his strength, so they all bet on the big man in black armor. The odds were naturally very high.

Now that many people know their true strength, they will definitely be very cautious when placing bets.

But no matter what, earning so much wealth at once will definitely be of great help to Ye Feng.

At this moment, Ye Feng did not hesitate, and directly released the Devouring Domain, swallowing up the aura and energy of the three million spiritual diamonds in the storage ring.

Ye Feng's previous cultivation was perfect in the tenth level of the Spiritual Silence Realm, but now with the aura of heaven and earth contained in the three million spiritual diamonds, it is simply majestic, which directly makes Ye Feng's cultivation breakthrough instantly. The Great Perfection of the Tenth Level of the Spiritual Silence Realm, suddenly broke through to the half-step spiritual wisdom realm above the Spiritual Silence Realm!

At this moment, Ye Feng immediately felt that his power had increased tremendously.

Spiritual Wisdom Realm, this is a new and powerful level of cultivation.

When a practitioner enters the realm of spiritual wisdom, it means that the wisdom in his head begins to integrate with the aura of heaven and earth. Therefore, the realm of spiritual wisdom is an extremely mysterious and powerful level.

At this moment, Ye Feng has stepped into the realm of spiritual wisdom, and he can already feel that his spirit and soul have an inseparable connection with the aura of the entire world, which can give him extremely powerful power.

At this moment, Ye Feng was about to leave directly with Long Zhantian, but at this moment, suddenly the big man in black armor not far away flew out of the arena and actually said: "This little brother, don't leave yet. "

Ye Feng saw that the black armored man he was fighting with just now suddenly came over. He couldn't help but frowned and said, "What, you still don't admit defeat? Do you want to cause trouble for me?"
