Chapter 5051 Relics of Ancient Civilization

Hearing what Ye Feng said at this moment, the big man in black armor immediately wiped the cold sweat from his forehead and couldn't help but said: "Little brother, you are so powerful. I have already experienced it in the arena just now. How dare I come to trouble you? I came to you specifically to discuss something with you."

"Um?"

Hearing what the black armored man said, Ye Feng and Long Zhantian looked at each other, and then Ye Feng nodded slightly and said loudly: "Do you have anything important to discuss with me? And I'm just here for the first time, so for this I don't know much about the underground fighting arena, so I probably can't help you much."

Hearing what Ye Feng said, the big man in black armor immediately said: "Little brother has such great strength, and his temperament is not bad, so now as a core member of the underground fighting arena, I want to invite little brother. If you follow me, you can next explore an ancient civilization relic in the endless wilderness outside our imperial city. This is the place where our underground fighting arena was discovered. Organize the core members of our underground fighting arena to go explore. Many people will form a team, but because of my status, no one is willing to form a team with me, and I don't like other people. However, the ruins of ancient civilizations are very dangerous after all, so I still want to find a powerful helper to join me. Let's form a team together to explore the ruins of the ancient civilization. I think my little brother is a good candidate."

Hearing what this big man in black armor said, Ye Feng's eyes revealed a look of surprise. He seemed not to have thought that the other party would decide that he was a good partner just by fighting with him.

But I guess the other party also saw his incomparable strength and was impressed.

At this moment, Ye Feng smiled slightly and said: "What I lack most now is cultivation resources. If you can take me to explore the ruins of an ancient civilization, I would be quite interested."

Hearing what Ye Feng said, the big man in black armor couldn't help but stare blankly, and couldn't help saying: "I didn't expect that little brother is so powerful and lacks training resources. I thought

that little brother is from some super big family. Or a peerless genius-level existence among super powerful forces, who does not lack any training resources."

Hearing what the big man in black armor said, Ye Feng shook his head, smiled, and said, "I'm just a wandering warrior, and I'm currently living in my friend's house."

The big man in black armor immediately nodded and said with great admiration: "I have never convinced anyone in my life, but I am really convinced by you, little brother. Little brother does not have the support of any big force, relying on his own strength. It's really amazing to be able to cultivate your strength to the level it is today and have such a strong combat power."

At this time, after the black armored man praised Ye Feng, he immediately said: "If the little brother is interested, then don't go back today. I will treat the little brother to a meal in our underground fighting arena." , we will set off directly in the evening to go to the ancient civilization ruins, which should be opened soon. This ancient civilization ruins were discovered by the explorers of our underground fighting arena. Only the core members of our underground fighting arena can enter it and search for resources. However, After looting, half of the resources need to be handed over to the upper level of the underground fighting arena. This is the rule. "

Hearing what this big man in black armor said, Ye Feng immediately nodded and said: "That's for sure, this ancient civilization relic is your underground

The upper level of the fighting arena sent someone to discover it. Since they entered it to investigate, some of the resources obtained must be turned over. "

Hearing Ye Feng say this, the big man in black armor immediately showed joy on his face.

He was originally afraid that Ye Feng was an arrogant person and would not obey the rules of their underground fighting arena.

But now seeing Ye Feng being so sensible, the big man in black armor was very happy.

After all, he can invite a powerful young man like Ye Feng to join him and become a partner. After entering the ancient civilization ruins, whether it is to fight against the dangers in the ancient civilization ruins or to guard against the danger of sneak attacks from other strong men around him, It's of huge help.

At this time, Ye Feng glanced at Long Zhantian beside him, and said through a spiritual message: "This time, you don't want to go to explore the ruins of the ancient cultivation civilization. You now go back to the Champion Hou Mansion to consolidate it." Your own status, and try your best to improve your status among the champion princes. Only in this way can we have a chance to get close to the royal family of the Daxuan Dynasty. "

What Ye Feng said at this moment was a message transmitted by spiritual thoughts. Only Ye Feng and Long Zhantian could hear it, so the big man in black armor not far away could not hear the conversation between the two.

Hearing Ye Feng say this at this moment, Long Zhantian nodded immediately.

Long Zhantian knew very well that if they wanted to rescue the real emperor Xuan Wuji, they had to obtain the Imperial Seal.

And if you want to get the imperial seal, you must get closer to the palace of the Daxuan Dynasty.

But currently, as the illegitimate son of Long Zhantian, he cannot enter the palace.

Therefore, Long Zhantian must improve his status in the champion house. Only in this way can he have the opportunity and qualifications to enter the palace, look for opportunities, and obtain the imperial seal.

At this time, Long Zhantian left the underground fighting arena directly.

Ye Feng looked at the big man in black armor not far away, smiled and said, "Then I will stay in the underground fighting arena for the time being, and go to the ruins of the ancient civilization with you."

Hearing what Ye Feng said, the big man in black armor was naturally very happy. He immediately smiled and said: "We will set off again in the evening. If you need anything now, you can tell me at any time. I have been in the underground fighting arena." I have been around for more than ten years, and I am still a core member of the underground fighting ring, and I still have some privileges. Do you need me to arrange some beautiful fox demons for you, little brother? "

Ye Feng immediately shook his head and said, "I'm not interested at the moment. What I want most now is to get enough training resources to improve my cultivation strength."

Hearing what Ye Feng said, the big man in black armor immediately said: "I will take you to a special place in our underground fighting arena. That place can make money faster than participating in a competition."

When he said this, the big man in black armor seemed to have thought of something, and quickly asked: "By the way, you still don't know what the little brother's name is after talking about it?"

Ye Feng smiled slightly and said, "My name is Ye Feng."

The big man in black armor laughed, stretched out his hand, and said loudly: "My name is Zhang Kai. I hope I can have a good cooperation with little brother Ye Feng in the future. We really don't know each other without fighting." At this moment, when Ye Feng said this, the big man in black armor immediately wiped the cold sweat from his forehead and couldn't help but said: "Little brother, your strength is so powerful. I have already experienced it in the arena just now. How dare I still do it?" What trouble do you have? I came to you specifically to discuss something with you."

The big man in black armor laughed, stretched out his hand, and said loudly: "My name is Zhang Kai. I hope I can have a good cooperation with little brother Ye Feng in the future. We really don't know each other until we fight."

Chapter 5052 Catacombs

At this time, this big man in black armor named Zhang Kai introduced Ye Feng to each other very enthusiastically, and immediately wanted to take Ye Feng to a very special place in this underground fighting arena, where he could make money very quickly.

Ye Feng was also quite curious, wondering what kind of place this black armored man was taking him to.

However, this black armored man Zhang Kai is, after all, a core member of the underground fighting arena, so this Zhang Kai must be very familiar with the entire underground fighting arena.

So he said that money comes in very quickly from that place, so there must be no problem.

At this moment, Ye Feng did not hesitate at all, following Zhang Kai's back and walking quickly in a certain direction.

Ye Feng followed Zhang Kai through most of the underground fighting arena, and soon arrived at the deepest part of the underground fighting arena.

Ye Feng saw here that in the deepest part of the entire underground fighting arena, there were no buildings, but instead a deserted and dilapidated area.

Seeing this scene, Ye Feng's eyes suddenly showed a look of surprise, and he couldn't help but asked: "This place is so deserted, why did you bring me here? What kind of money can I get here?"

Hearing what Ye Feng said, Zhang Kai suddenly laughed and said: "Brother Ye Feng, you don't know this. The deepest part of our underground fighting is actually connected to a huge underground cave. This underground cave has naturally bred a lot of natural resources, including a variety of precious ores, as well as a variety of rare materials from heaven and earth, and even very magical cave creatures, many things. They can be sold at high prices in the black market of our underground fighting arena, but only the core members of our underground fighting arena are eligible to enter this cave, and there is no need to hand over part of the wealth to the upper levels of the underground fighting arena, because The upper level of the underground fighting arena also hopes that our core members can continue to explore what kind of things exist in the deepest part of this underground cave. However, so far, this underground cave has nothing but the various worlds bred by nature. Resources, it seems that nothing special has appeared yet, and I don't know what the upper levels of the underground fighting arena want us core powerhouses to discover, but in any case, I

We can get a lot of good things bred by heaven and earth from this underground cave, and they can sell them at high prices. However, this underground cave is also very dangerous. There are many strange ancient creatures living in it, all of which have special characteristics. Very terrifying attack power, and there are even many poisonous bugs. If you are not careful, even the strongest being may be killed by a sneak attack. "

Hearing what Zhang Kai said, Ye Feng suddenly nodded in surprise. He didn't expect that the deepest part of the underground fighting arena was connected to such a magical underground cave, which gave birth to so many ancient resources of heaven and earth.

This is definitely a good place for Ye Feng.

Ye Feng immediately said happily: "Okay, let's go in and search."

Zhang Kai, the big man in black armor, nodded immediately and led Ye Feng to a place on the barren ground in front of him.

At this moment, Zhang Kai took out his core member identity token and pressed it casually on a certain location on the ground.

Boom!

Next, the entire ground suddenly collapsed.

There seems to be a formation mechanism here, and only the identity tokens of the core members of the underground fighting arena can open this entrance.

At this moment, Ye Feng immediately saw that after the ground collapsed, the entrance passage to an underground cave appeared.

Ye Feng saw Zhang Kai jumping in and jumped in too.

Uh-huh!

When they quickly descended to the bottom, Ye Feng immediately saw that the entire underground space was very dim, but quite spacious. It was different from the narrow and dark underground space he imagined.

At this time, Ye Feng also saw that around this underground space, there were many underground passages that seemed to be naturally formed, leading to unknown places.

Black armored man Zhang

Kai immediately introduced with a smile: "This is one of the nine hundred and ninety-nine entrances to the underground cave. Very few people will enter from here, because there are not many resources here, but if we enter from here, we can avoid a lot of things." After all, the core members of our underground fighting arena sometimes fight with each other openly and secretly. This time I came here just to let little brother Ye Feng experience this underground cave, so I did not take you Ye Feng to a crowded place. , so as not to be disturbed by others."

Hearing what the black armored man Zhang Kai said, Ye Feng immediately nodded and said, "Then which passage should we take now to go deep into this underground cave?"

Zhang Kai looked around and said aloud: "I have never been to this place before. Just enter any passage. No one knows where each passage is connected to."

Ye Feng nodded, and he and Zhang Kai chose the fifth passage on the left and walked in.

The moment they walked in the passage, they immediately felt something was wrong.

There was a poisonous gas in the air that made everyone weak.

And the deeper you go, the stronger the poisonous gas becomes. ??

After sensing all this, Zhang Kai immediately said: "We can't continue to move forward in this passage. The place where the end of this passage is connected is most likely an underground swamp with highly toxic creatures and poisonous powers. "It's very dangerous."

Ye Feng nodded at this time.

Although Ye Feng is not afraid of the poisonous gas in the air, no one can guarantee that the poisonous gas at the end of the passage will be even more terrifying.

So I'd better listen to Zhang Kai's opinion. After all, Zhang Kai has been in the underground fighting arena for so many years, and his judgment on underground caves must be very accurate.

Ye Feng had just arrived, so naturally it was not easy for him to go on a rampage and take risks everywhere. After all, Zhang Kai was still with him.

Next, Ye Feng followed Zhang Kai back to the place where he had just come down from this passage, and chose another passage to walk.

This time, there was no poisonous gas in the passage, and there was no danger. Zhang Kai breathed a sigh of relief, and then said with a smile: "It seems that we have come to a relatively safe passage."

The place where this passage is connected , it is very likely that there are natural resources of heaven and earth bred by nature.”

Ye Feng followed Zhang Kai to the end of the passage, which turned out to be a small underground cave space.

In this underground cave, Ye Feng saw that many stalactites were covered with dense golden substances.

These dense golden substances are like pieces of golden scales, densely covered on the stalactites.

This made Ye Feng's eyes suddenly show a look of surprise. It seems that this underground cave is indeed a quite magical place. I don't know whether it was created by nature or by a powerful spiritual civilization that used great supernatural powers. Such a rare underground cave.

At this moment, Zhang Kai saw the dense golden substances growing on the surface of the stalactites, and immediately said in surprise: "We are so lucky to have discovered such a good place when we first arrived. The golden substances growing on the surface of these stalactites The dense golden scale-like substance is definitely a good material for refining weapons. It is an extremely high-grade material. If you take it out, it will definitely sell for a sky-high price in the weapon refining area of our black market. Those masters who are obsessed with refining weapons, When I see this kind of high-end and good materials bred by heaven and earth, I will definitely buy them at any price.”

Hearing what Zhang Kai said, Ye Feng immediately nodded in surprise. Money comes in very quickly here. If you are lucky, you can find valuable materials and make huge wealth in an instant.

Uh-huh! Uh-huh!

At this moment, Ye Feng and Zhang Kai did not hesitate at all, and quickly dug and collected the golden scale-like material on the entire surface of the stalactite.

Ye Feng just secretly thought that if he had the opportunity in the future, he would become a core member of the underground fighting arena. If he had nothing to do, he would mine in this underground cave and collect the natural resources of the world. If he was lucky, he would be able to accumulate wealth quickly.

Chapter 5053 I admire you so much

Next, Ye Feng and Zhang Kai directly divided all the golden scales in the stalactite cave equally.

According to Zhang Kai, these things are very precious and high-grade materials. If they can be taken out, they will definitely be sold at a high price, so Ye Feng also collected a lot.

Next, they picked all the high-grade materials on the entire stalactite surface.

Zhang Kai smiled and said: "We are really lucky this time. The first space we just entered has so many precious weapon refining materials. Brother Ye Feng, let's move on."

Ye Feng nodded, becoming more and more interested in exploring this cave.

There are several underground passages on the other side of this stalactite cave. The two chose the second passage on the left to go in.

Ye Feng also understood at this time that this underground cave was really a huge underground maze. It was not known whether it was naturally formed or was specially built by a powerful and ancient cultivation civilization.

But based on what Ye Feng saw about the surrounding environment, he immediately concluded that this place was probably formed naturally, because there were no traces of artificial construction at all.

The surrounding passages, including the stone walls, showed no signs of human construction at all, which made Ye Feng even more surprised by this underground cave.

It seems that the underground fighting arena is located here for a different purpose.

I don't know what kind of things are connected to the deepest part of this underground cave.

Because Zhang Kai also said before that the upper level of the underground fighting arena allows the core members of the underground fighting arena to collect various training resources in the underground caves for free and explore anywhere. It seems to be intentional, just to use all the cores. With the strength of the members, they want to explore all of this underground cave, and they seem to be looking for something.

However, Ye Feng didn't think too much. After all, compared with the behemoths like the underground fighting arena, he was absolutely as small as an ant. He was now honestly looking for various resources in this underground cave. , exchange it into money, and then buy the cultivation resources you need. Thinking too much about other things is not of much use.

At this moment, when Ye Feng was thinking secretly in his heart, Zhang Kai, who was leading the way, suddenly stopped and couldn't help but said: "I always feel that this underground passage gives people a very cold feeling. "Although there are no toxic gases in the air, I always feel a little scared."

Ye Feng nodded at this time and said aloud: "The deeper you go into this passage, there is indeed a sense of danger. Do we want to continue to exit here now?"

Zhang Kai glanced behind him and found that they had gone a long way and could no longer see the way they came.

Zhang Kai thought for a moment, and then said aloud: "Brother Ye Feng and I are both very powerful. If the two of us join forces, if we encounter any ordinary danger, there should not be any big crisis. , why don't we explore at the end of this passage and see what kind of place is connected to it. Sometimes, there may be not only dangers in a certain space in this underground cave, but also great opportunities. After all, the more dangerous the place, the more precious it is."

Hearing what Zhang Kai said, Ye Feng smiled slightly and said, "Okay, I don't have any objection anyway."

For Ye Feng, he actually wanted to explore whether there was any danger ahead.

But this time since I was new here, I mostly listened to Zhang Kai, an old core member.

Ye Feng decided that if he had a chance next time, he would also get the identity tokens of the core members of the underground fighting arena. Then he would enter the underground cave alone and use his huge soul power and incomparable physical strength to fight. Go and explore the underground caves properly.

At this moment, Zhang Kai didn't know Ye Feng's inner thoughts. Zhang Kai continued to walk forward, and Ye Feng followed beside him.

Next, the two of them felt more and more frightened, because the closer they got to the end, the more they felt cold all over.

Zhang Kai didn't want to continue leaving for a while, but when he saw Ye Feng's expressionless face, Zhang Kai immediately understood. He probably wanted to find out what was going on. After all, Ye Feng's strength was still above him. He thought of Ye Feng With such powerful and mysterious fighting power, Zhang Kai could only grit his teeth, keep moving forward without saying a word.

Half an hour later, they finally arrived at the end of the passage.

When they came out of this passage, the two of them immediately saw an incredible scene.

I saw that the connected place at the end of this passage turned out to be ancient tombs.

When the two people walked out of the end of the passage, they saw an underground space.

There are ancient tombs on the ground in this space, which look like mass graves.

There are many tombstones that have been obliterated in the ancient times. Apparently no one has come here for countless years. The atmosphere is eerily quiet, giving people a bleak feeling.

At this moment, Zhang Kai looked at the concentration of underground tombs in front of him, and couldn't help but said in shock: "What a bad luck! I didn't expect to come to a mass grave, which is probably the concentration of a certain cultivation civilization in ancient times. A place where the dead are buried."

Zhang Kai seems to be quite taboo about this aspect, thinking that it is a very bad sign that they accidentally came to a graveyard.

Seeing that Zhang Kai seemed to want to leave here as soon as possible, Ye Feng suddenly smiled and said loudly: "Since you are here, naturally you have to investigate carefully. Maybe some ancient powerful people are buried in these tombs. , Their burial objects are very precious."

Hearing what Ye Feng said, Zhang Kai, who was frowning, seemed to have another thought. His eyes immediately lit up and he said loudly: "Yes, being buried in such a deep place means that these tombs are None of them are simple, you might be able to get a lot of good things, you might get a variety of powerful treasures worn by strong men in ancient times, and you might even get some high-level elixirs left by ancient alchemists."

Seeing Zhang Kai's look like this, Ye Feng couldn't help but smile and shake his head. Although this Zhang Kai is a very evil man, he has a very simple and direct mind and has no thoughts. He said it casually, He just stayed, regardless of whether there was any danger.

Seeing that Zhang Kai was about to fly towards the tombs, Ye Feng stopped him and said: "Don't rush over there yet, let me feel if there is any danger. There is dense air between these tombs, maybe there will be danger." There are zombies."

Hearing what Ye Feng said, Zhang Kai immediately showed a look of surprise in his eyes, and then said in admiration: "I didn't expect that little brother Ye Feng, you can actually observe luck, look at Feng Shui, and identify whether there are I really learned a lot about the birth of zombies. I admire you so much, little brother Ye Feng!" Next, Ye Feng and Zhang Kai divided all the golden scales in the stalactite cave equally.

According to Zhang Kai, these things are very precious and high-grade materials. If they can be taken out, they will definitely be sold at a high price, so Ye Feng also collected a lot.

Zhang Kai seems to be quite taboo about this aspect, thinking that it is a very bad sign that they accidentally came to a graveyard.

Seeing that Zhang Kai seemed to want to leave here as soon as possible, Ye Feng suddenly smiled and said loudly: "Since you are here, naturally you have to investigate carefully. Maybe some ancient powerful people are buried in these tombs. , Their burial objects are very precious."

Hearing what Ye Feng said, Zhang Kai, who was frowning, seemed to have another thought. His eyes immediately lit up and he said loudly: "Yes, being buried in such a deep place means that these tombs are None of them are simple, you might be able to get a lot of good things, you might get a variety of powerful treasures worn by strong men in ancient times, and you might even get some high-level elixirs left by ancient alchemists."

Seeing Zhang Kai's look like this, Ye Feng couldn't help but smile and shake his head. Although this Zhang Kai is a very evil man, he has a very simple and direct mind and has no thoughts. He said it casually, He just stayed, regardless of whether there was any danger.

Seeing that Zhang Kai was about to fly towards the tombs, Ye Feng stopped him and said: "Don't rush over there yet, let me feel if there is any danger. There is dense air between these tombs, maybe there will be danger." There are zombies."

Hearing what Ye Feng said, Zhang Kai immediately showed a look of surprise in his eyes, and then said in admiration: "I didn't expect that little brother Ye Feng, you can actually observe luck, look at Feng Shui, and identify whether there are I really learned a lot from the birth of zombies. I admire you so much, little brother Ye Feng!"

Chapter 5054 A huge secret

As Zhang Kai came into contact with Ye Feng more and more, he felt more and more that there were too many secrets hidden in this mysterious young man.

Zhang Kai couldn't even help but asked: "Brother Ye Feng, are you really not from one of those super big families? If you relied on your own cultivation, how could you possibly have reached the powerful level you are now? And he has so many incredible abilities."

"Forehead?"

Hearing Zhang Kai's words, Ye Feng's eyes were stunned, and then he smiled slightly and said loudly: "I really didn't lie to you. At present, I am really just a casual cultivator, but I am temporarily living in the Daxuan Dynasty. My friend's home."

Hearing Ye Feng's affirmative answer, Zhang Kai could only nod his head and didn't ask any more questions.

Because no matter what, the more powerful and mysterious Ye Feng is, and the more methods he has, the greater the benefits will be to Zhang Kai.

After all, now he has invited Ye Feng as his partner. Whether it is exploring this cave or going to the underground fighting venue tonight to discover the ancient civilization relics, it will have huge benefits.

Buzz!

At this moment, Ye Feng exuded his soul power and headed towards the underground space in front of him, covering a group of graves on the ground.

Sure enough, Ye Feng instantly discovered that there were very obscure Yin energy fluctuations in the three tombs.

This shows that powerful and ancient zombies are very likely to be born among these three tombs.

Ye Feng immediately looked at Zhang Kai beside him and said loudly: "Be careful next, I have sensed that there are three graves in the graves in front, and there is a high possibility that zombies will be born. Let's focus on them then. "

Hearing what Ye Feng said, Zhang Kai nodded immediately.

But in fact, there is still some suspicion in his eyes, because in this extremely quiet tomb, it is not easy to accurately judge which tomb may have a zombie. This method sounds too bizarre and not easy. Make people believe.

However, Zhang Kai still remained vigilant at this time.

And just when they reached the middle of the tombs, they found the first tomb that Ye Feng pointed to.

Boom!

Suddenly the whole tomb exploded, and a zombie wearing cyan armor was completely shriveled up, but he was holding a black iron sword in his hand. His whole body was filled with gloomy energy, and his eyes were glowing with scarlet light. In an instant, he was facing the corpse. He slashed in Zhang Kai's direction.

Zhang Kai was immediately startled, but because Ye Feng reminded him, he remained vigilant.

So at this time, Zhang Kai didn't have any panic, he just held the black ax in his hand and slashed towards the zombie attacking him in an instant.

Boom!

The two collided and immediately took a few steps back from each other.

Then Zhang Kai held the black ax in his hand and shouted: "Blood Red Frenzy!"

Boom!

At this moment, Zhang Kai's body suddenly erupted into a blood-red frenzy, causing Zhang Kai's combat power to skyrocket.

He held the black ax in his hand, just like a barbarian warrior, and slashed hard at the zombie again.

Boom!

This time, the zombie was instantly split in half with the black ax in Zhang Kai's hand, killing him completely.

Seeing this scene, Ye Feng's eyes showed a look of surprise.

The blood-red frenzy inheritance practiced by Zhang Kai is actually a bit like a very ancient bloodline secret technique. During the battle, it can stimulate the power of one's own blood and form a blood-red frenzy, thereby giving oneself strength.

This inheritance method is quite magical, somewhat similar to Ye Feng's god halo.

Ye Feng's god halo sheds a ray of light, which can help Ye Feng heal his injuries, improve his defense and strengthen his combat effectiveness.

At this moment, I have to say that Zhang Kai is indeed a core member of the underground fighting arena. His fighting power is undoubtedly powerful. Although he is much weaker than Ye Feng, he is still very powerful, and in a completely desperate state, Zhang Kai unleashed the power of his berserker and was able to exert extraordinary combat effectiveness, not much weaker than Ye Feng.

However, in the duel field before, Ye Feng knocked Zhang Kai down with his first move, which made Zhang Kai feel in awe of Ye Feng and did not dare to continue fighting.

If Zhang Kai, who has the blood of a berserker, fights desperately, Ye Feng will still have to fight hard.

At this moment, after Zhang Kai killed the zombie, he immediately looked at Ye Feng beside him, gave a thumbs up, and said loudly: "This time I really obey you, little brother, Ye Feng, if you hadn't reminded me just now that zombies might be born in this tomb, and a powerful zombie suddenly appeared, I would have been unable to resist it, because I was not prepared at all. But after your reminder, little brother Ye Feng, I Keep alert, and sure enough a zombie jumped out."

At this moment, Zhang Kai was completely convinced by Ye Feng.

Ye Feng's magical methods and powerful strength gradually made Zhang Kai, the extremely arrogant berserker, feel deeply convinced and awed.

At this moment, Zhang Kai completely believed Ye Feng and no longer dared to doubt what Ye Feng said.

Ye Feng just smiled slightly at this time and said loudly: "Brother Zhang Kai, you don't need to compliment me like this. I just have better talent."

Hearing what Ye Feng said, Zhang Kai sighed and said: "I have been in the underground fighting arena for many years. I have met many young geniuses, and some of them are not even as good as Ye Feng." Little brother is nothing but very egotistical and boastful. But little brother Ye Feng, you have such powerful means and power, as well as many magical talents, but you can still be so humble and not arrogant. Brother, I am so lucky to have you as my friend."

Ye Feng just smiled slightly at this, and then said aloud: "Let's deal with the zombies in the other two tombs first, one for each of us, and then search these tombs to see if there are any remains left by the ancient powerful. Good stuff coming down."

"good."

Zhang Kai nodded immediately and walked quickly towards the second tomb.

Ye Feng walked towards the last grave he sensed.

As the two approached two graves.

Boom!

Boom!

The two tombs exploded almost simultaneously.

Ye Feng's induction was completely correct. Extremely ancient zombies were also born in the other two tombs.

What surprised the two of them was that the two zombies did not seem to be human. One was a monster and the other was a demon.

Although the body has shriveled up and turned into a zombie, the basic characteristics can still be seen.

"Um?"

Seeing this scene, both Ye Feng and Zhang Kai had a look of astonishment in their eyes.

Zhang Kai couldn't help but said aloud: "Who are buried in this tomb? How come there are all major races? It's really strange! It seems that there was a very big secret hidden back then."

Ye Feng's eyes flickered at this time. The cave connected to this underground fighting venue is indeed very mysterious and extraordinary. He doesn't know what the upper levels of the underground fighting venue want to find in this cave. , but one thing is certain, this cave contains huge secrets from ancient times.

Chapter 5055 100% Trust

At this time, Ye Feng didn't think much, he collected the zombie cores dropped by the three zombies, and then looked towards the surrounding graves.

After all, his current strength and cultivation are too weak. Compared with the upper levels of the underground fighting arena, he is like an ant. Therefore, Ye Feng is now concentrating on searching for the good things left by the ancient strong men that may be hidden in this tomb. is the most practical.

Zhang Kai was also searching from tomb to tomb. Soon, Zhang Kai found a golden round bead. His eyes lit up immediately and he couldn't help but said: "It seems to be a relic left by a strong Buddhist and Taoist man." , this thing will definitely sell for a high price."

Hearing what Zhang Kai said, Ye Feng quickly said: "Don't sell this thing yet. If I find other good things, I will exchange them with you. I really need this ancient thing that contains energy."

Hearing what Ye Feng said, Zhang Kai immediately nodded and said, "If little brother Ye Feng needs it, I can just give it to you."

After saying that, Zhang Kai actually threw the golden relic to Ye Feng.

Seeing Zhang Kai's actions, Ye Feng immediately showed a look of surprise in his eyes, and then smiled slightly.

It seems that Zhang Kai is a person worth making friends with because he is very sincere.

At this moment, Ye Feng also found a set of armor from a tomb that looked like it was made of blood-colored crystals. It was very ancient and had inexplicable power.

Moreover, the surface of this blood-colored armor is also imprinted with ancient runes. Once activated, it may be able to summon powerful power.

Ye Feng knew that Zhang Kai must be in great need of this kind of thing, because this set of blood crystal armor was definitely much more advanced than the set of black iron armor that Zhang Kai wore. Ye Feng also gave it to Zhang Kai directly.

Seeing Ye Feng's behavior, Zhang Kai immediately laughed out loud and said, "Brother Ye Feng, you are indeed a good friend worth dating."

Hearing Zhang Kai's words, Ye Feng smiled slightly and said, "We call this mutual benefit."

At this time, the two continued to search for all the good things left by the ancient powerful men in the entire tomb.

Next, Zhang Kai found another ancient long knife. This knife was engraved with ancient runes. After using magic power to activate it, this big knife would instantly skyrocket to a full 10,000 meters, as if it could cut the entire It was like the heaven and the earth were broken into pieces.

Zhang Kai's eyes suddenly revealed a look of surprise. Ye Feng was so right. This seemingly weird and ordinary graveyard actually contained many good things left by ancient powerful men.

Zhang Kai couldn't help but said happily: "This long sword is much higher than my axe. Now that I have got the blood crystal armor and this big sword, I feel that my overall strength is much higher than my axe." It improved many times in an instant."

You must know that the improvement of a practitioner's strength does not only rely on the improvement of his cultivation realm, or the increase of his inheritance, but also the improvement of his equipment, which is also a manifestation of the improvement of his overall strength.

At this moment, Ye Feng was also quite happy, because in addition to getting the zombie cores of the three ancient zombies, and the relics given to him by Zhang Kai, Ye Feng also found many corpses of ancient powerful people. The core that was bred contains good energy.

In addition, Ye Feng also dug out a box from a tomb. The box contained energy crystals that emitted colorful light. The energy contained was the energy of the ancient era. It was very pure, and Ye Feng was naturally very happy. He swallowed it all on the spot, using the zombie core, golden relics, and these energy crystals directly to turn them into his own power.

Buzz!

At this moment, Ye Feng's cultivation aura suddenly began to surge.

And Ye Feng's cultivation level also broke through instantly. From the previous half-step of spiritual wisdom realm, he broke through the big bottleneck and broke through to the true first level of spiritual wisdom realm!

With the breakthrough of Ye Feng's cultivation aura, Zhang Kai, who was standing aside, was a little shocked and couldn't help but exclaimed in amazement: "Brother Ye Feng, your inheritance is really amazing, isn't it? Being able to absorb energy from the outside world and use it to strengthen one's own skills is really incredible, even a little unbelievable. To be honest, I have never encountered such a heaven-defying inheritance. No wonder, little brother Ye Feng, you are relying on I am able to reach today step by step because I have such an incredible talent."

At this moment, Zhang Kai was extremely shocked by Ye Feng.

Because Ye Feng's devouring ability was revealed for the first time in front of an outsider like him, it really made Zhang Kai feel very magical and shocked.

Ye Feng just smiled slightly at this time and said: "Let's continue exploring this cave."

Zhang Kai nodded immediately.

At this moment, Zhang Kai was very glad that he could be associated with Ye Feng, a magical talent, and become a short-term partner.

Because Ye Feng's strength and methods are simply powerful and magical, he can help Zhang Kai a lot.

At this time, Zhang Kai and Ye Feng continued to explore the entire cave.

For them, it only took about half a day, and it was still early in the evening to go to the ancient civilization ruins found on the upper level of the underground fighting field. There was still a whole afternoon left, Ye Feng and Zhang Kai Naturally, I want to continue exploring the good things in the entire cave.

After all, they had already gained a lot in just half a day. The two of them had tasted the benefits and naturally wanted to continue exploring.

And with Ye Feng, a soul master, no matter how terrible the danger is, he can predict it in advance and prepare the two of them.

Ye Feng uses his soul power to sense all dangers around him. This is simply the best ability for exploring the cave.

Next, the two people left this tomb and continued to move towards other surrounding cave passages.

When they continued walking in the passage and reached the end of the passage, they immediately came to a land of lava.

A line of flaming lava appeared in front of them, blocking their way.

Zhang Kai immediately said: "It seems that this road is a dead end. Let's go back and advance through another channel."

At this moment, Ye Feng suddenly shook his head and said, "This lava seems to contain an extraordinary aura."

Hearing what Ye Feng said, Zhang Kai also had a look of surprise in his eyes, and couldn't help but ask: "What an extraordinary aura?"

At this moment, Zhang Kai no longer had the doubts he had before, but chose to completely believe Ye Feng.

Since Ye Feng said that this lava is not simple and has an extraordinary aura, it means that this lava definitely has good things. Zhang Kai now has absolute 100% trust in Ye Feng.

Chapter 5056 The Ultimate Secret

At this time, looking at the boiling magma in front of him, Zhang Kai still had some doubts in his eyes and couldn't help but ask: "Brother Ye Feng, what kind of aura did you sense in this piece of lava?"

Ye Feng observed it carefully and said aloud: "Actually, I'm not sure, but this underground lava is definitely not as simple as it seems. This is my intuition."

Upon hearing this, Zhang Kai immediately grinned and said loudly: "Since you, brother Ye Feng, are quite sure that there is something extraordinary in this molten magma, then we will go directly into it and explore it carefully."

For powerful practitioners like Zhang Kai and Ye Feng, this kind of ordinary lava will not do much harm to them. They can jump into it and explore the situation.

At this moment, Zhang Kai and Ye Feng jumped into the underground lava in front of them without any hesitation.

Wow!

And the moment they jumped into the lava river, the surrounding liquid flames immediately surged towards the two of them, seeming to want to melt the two of them into the lava.

Buzz!

But Zhang Kai suddenly put up a defensive mask, blocking out the surrounding molten metal.

And Ye Feng doesn't need a protective mask at all. Ye Feng's own physique is originally the extremely powerful immortal body of a god. This mere ordinary magma in nature will not cause any harm to Ye Feng.

"Um?"

Seeing this scene at this moment, Zhang Kai couldn't help but said in surprise: "I didn't expect little brother Ye Feng's physique to be so strong. No wonder when he was in the arena before, he could kill him with just one hand. I was defeated, little brother Ye Feng, the strength of your body is really incredible."

Ye Feng just smiled slightly at this time, and then said aloud: "Let's go to the deepest part of the lava and take a look. I feel that the closer we are to the deepest part of the lava, the stronger the flame power will be. There must be something hidden there." Something special."

Zhang Kai immediately nodded and said, "Okay, I'll follow you, little brother Ye Feng."

At this moment, the two of them descended towards the deepest part of the underground magma, and soon they were close to the deepest area of the magma.

At this time, Zhang Kai seemed to have seen something. He immediately couldn't help but pointed in a certain direction not far away in surprise, and said loudly: "Brother Ye Feng, you guessed it right. As expected, under the lava, there is There is an incredible secret hidden there. Look, there is a palace in the lava."

At this time, Ye Feng also looked in that direction, and sure enough he found a palace that looked like it was made of flame crystals. It was floating in the lava. It looked very magical, but also very strange.

After all, no one would have thought that an ancient palace would appear under this line of lava.

What kind of existence is this palace that actually appears in this harsh magma environment?

At this moment, Ye Feng became more and more aware that this cave was definitely a very unusual place, with dense passages connecting an area with various magical things.

Ye Feng couldn't help but look at Zhang Kai beside him, and asked aloud: "Do you know what the upper level of the underground fighting arena is looking for in this cave? I always feel that this cave is better than anyone can imagine. Everything in it is even more mysterious and terrifying."

Hearing what Ye Feng said, Zhang Kai couldn't help but smiled bitterly, shook his head, and said: "Although I am a core member of the underground fighting ring, to put it bluntly, I am just a coolie in the eyes of the upper levels of the underground fighting city. Therefore, I have no access to the core secrets. But this time I explored this cave with you, little brother Ye Feng. Compared with my previous explorations, I found all kinds of incredible places. These incredible places contain all kinds of secrets. This kind of chance creation, these things absolutely cannot be bred by nature, and I feel that it is not even a place that a spiritual civilization can create. I always feel that this cave was a very mysterious area back then. I don't know what happened. What, it's buried in the underground space."

Hearing this, Ye Feng couldn't help but nodded, with a thoughtful look in his eyes, and said loudly: "We must investigate clearly when we have the opportunity. Although our personal strength cannot compete with the upper levels of the underground fighting field, if we Being able to find out what kind of chance creation is the most precious in this cave, that is, what is the ultimate secret in this cave, that should be what the upper levels of the underground fighting arena are looking for. If we can get it in advance, then It's definitely a huge profit."

Hearing Ye Feng's bold words, Zhang Kai immediately couldn't help but smiled bitterly, shook his head, and said loudly: "There are many super strong people in the upper level of the underground fighting arena, and it is difficult for even them to find this cave. What is the ultimate secret in this vault, and we still have no clue what kind of existence this cave surface is, so I guess it will be very difficult to find the ultimate secret in this vault. "

When Ye Feng heard what Zhang Kai said, he just grinned and said, "As long as you work hard and search carefully, you can find it."

After speaking, Ye Feng did not continue to talk about this topic, but looked at the ancient palace under the lava, and said slowly: "When we approach this palace later, we must Be careful, because there may be great dangers in this palace. It is estimated that endless years have passed since this palace has been able to exist under this magma, so it must be very extraordinary. "

Hearing what Ye Feng said, Zhang Kai nodded quickly and said, "Okay, I understand this."

At this moment, Zhang Kai instantly activated the set of blood-red crystal armor he was wearing, which had extremely powerful defensive power.

Buzz!

At this time, Ye Feng also released his bloodline talent, the divine halo, and cast a defensive light shield.

Even when Ye Feng faced this mysterious ancient palace under the magma, he was fully prepared and maintained the utmost caution.

At this moment, after the two of them made all preparations, they approached the palace.

As the two people continued to get closer, the surrounding lava fire land became more and more terrifying.

At the end, when they were still nearly a hundred meters away from this ancient palace, Zhang Kai suddenly shouted and said: "Brother Ye Feng, I really can't bear it anymore. The closer I get to this palace, The power of the flames in the ancient palace is even more terrifying, and I feel like my whole body is being cooked."

At this moment, Ye Feng looked to the side and was shocked to find that Zhang Kai seemed to have endured huge fire pressure without knowing it. He was sweating all over and the armor on his body seemed to be melted.

Ye Feng didn't feel much at all. After all, Ye Feng's body was extraordinary and belonged to the Celestial Clan. In addition, Ye Feng's Celestial God aura was definitely not comparable to the defense of Zhang Kai's armor.

At this moment, Ye Feng was about to say something, but Zhang Kai said aloud: "Brother Ye Feng, it seems that I am not qualified to enter that ancient palace. I simply cannot bear the horror. "Fire Power, little brother Ye Feng, you can go in and investigate alone. I'll be waiting for you outside, so be careful."

Chapter 5057 Dry Bones

Hearing what Zhang Kai said at this time, Ye Feng's eyes suddenly showed a look of surprise. It seemed that he did not expect that Zhang Kai had considered the matter quite comprehensively. He knew that he himself could not withstand such a powerful burning power of flames, so Don't delay yourself and let yourself explore the ancient palace alone.

Ye Feng didn't show any pretense at this moment. He nodded immediately and said, "Okay, then I'll go check it out first. You wait for me outside."

Zhang Kai nodded and reminded him, "Be careful."

Now in Zhang Kai's eyes, Ye Feng is his most powerful partner.

If something unexpected happened to Ye Feng here, Zhang Kai would be much worse off when he went to the underground fighting place and discovered the remains of ancient civilizations.

Because if there is a powerful helper like Ye Feng, Zhang Kai will definitely have a lot of confidence to explore the ancient ruins civilization.

At this time, Ye Feng didn't say much, nodded, and flew quickly towards the palace floating in the deepest part of the magma.

Buzz!

When Ye Feng was about to approach this palace, even Ye Feng's extremely powerful physique and the protection of the god's halo felt a very terrible pressure coming on him.

Ye Feng felt that his whole body was about to burn.

Immortal body of God!

But at this moment, Ye Feng burst out with the powerful original power of the immortal body of the gods, and Ye Feng's whole body suddenly turned into the color of pure gold, as if it was made of gold.

In addition, Ye Feng also fully utilized the power of the protective mask of the God's halo.

At this time, after Ye Feng had done all this, he finally found that the pressure on himself was much less.

At this moment, Ye Feng's eyes showed deep surprise.

This ancient palace seemed even more incredible than I imagined.

Otherwise, it would be impossible for me to put myself under such huge pressure, and I would feel as if my whole body would be burned to ashes.

At this moment, Ye Feng endured the roasting and pressure of the terrifying flames and walked directly into the door of the palace.

When Ye Feng came to the door of this ancient palace, he immediately saw that the entrance to the palace was open, but there seemed to be an inexplicable force in the palace that prevented the molten material from flowing and pouring into the inner space of the palace.

Ye Feng stepped forward and entered the palace.

The next moment, Ye Feng immediately felt a sense of relief.

Because there is no magma inside the palace, nor is there any pressure from the power of flames.

This made Ye Feng's eyes suddenly show a look of surprise. It seems that this ancient palace is probably the place left by an ancient strong man with the flame attribute. The terrifying power of molten magma is used to protect this ancient palace. A palace.

Only by withstanding the pressure of the terrifying molten baking can one enter this ancient palace.

Ye Feng was walking in the inner space of the palace at this moment, looking around.

The next moment, Ye Feng suddenly saw that there were many symbols that Ye Feng could not understand engraved on the walls of this ancient palace.

These symbols are exactly the same as, or similar to, the symbols on the armor weapons that Ye Feng found and excavated from other places in this cave.

This made Ye Feng's eyes suddenly reveal a hint of surprise.

Ye Feng immediately started thinking.

It seems that in this cave, an extremely powerful civilization must have been born, so there are so many good treasures left behind.

Because both the weapons and magic weapons and the symbols engraved on the walls of this ancient palace are almost exactly the same. This shows that a very fixed ancient civilization must have been born back then, with its own unified words and symbols.

At this moment, Ye Feng suddenly understood. Perhaps the reason why the upper level of the underground fighting arena opened this cave was to mobilize everyone's strength to explore what was left over from the ancient civilization in the entire cave.

But for ordinary things, the upper levels of the underground fighting arena are probably not very interested.

What they are looking for may be the most precious thing of the mysterious ancient civilization in this cave.

The more Ye Feng thought about it, the more he felt that this was very possible.

This made Ye Feng reveal a hint of excitement in his eyes.

If you can find the most precious thing left by the ancient civilization in this cave one step ahead of time, you will make a fortune.

However, Ye Feng also knew very well that the underground fighting arena in the imperial city was a huge force, and even the royal family of the Daxuan Dynasty might have participated.

Even after they searched for this long time, they still couldn't find the most precious thing left by the ancient civilization in this cave, so Ye Feng felt that it would be very difficult for him to find it.

But now that Ye Feng knows this secret, he will naturally pay close attention to any movement in this cave.

Ye Feng is becoming more and more impatient to obtain the qualifications of a core member of this underground fighting arena. In this case, Ye Feng can legitimately come to this basement to look for things.

At this moment, after Ye Feng thought for a while, he decided to wait until he and Zhang Kai went back this time to ask Zhang Kai how to get and become a core member of the underground fighting arena.

At this moment, Ye Feng suppressed some of his thoughts and began to look for good things that might exist in this ancient palace.

And just when Ye Feng arrived at the deepest area of the ancient palace, he immediately saw a withered skeleton sitting cross-legged at the very front of the ancient palace.

And right in front of this dead bone, there are three boxes.

"Um?"

When Ye Feng saw this scene, his eyes immediately lit up.

This ancient palace was indeed a retreat place for a super powerful man, and it may also be a place of retreat.

This ancient powerful man left behind his wealth and inheritance, perhaps in those three boxes.

Ye Feng didn't hesitate and walked over immediately.

But just when Ye Feng was about to open the first of the three boxes.

Crunch, crunch...

Suddenly, accompanied by a hoarse friction sound, something strange happened.

I saw the withered skeleton in front of Ye Feng with his head slightly lowered. At this moment, he slowly raised his skull.

The two empty skull eyes actually lit up with green light, like ghosts, staring at Ye Feng in front of him for an instant.

hiss!

At this moment, when Ye Feng saw this scene, he immediately felt a chill rising from his heart.

Chapter 5058 A Prison

Uh-huh!

At this time, Ye Feng subconsciously retreated quickly, wanting to stay away from this weird skeleton.

Because this skeleton suddenly came to life again and definitely wanted to do harm to himself.

But the next moment, what surprised Ye Feng was that the skeleton that raised its head did not launch any attack on him, but instead just stared at him.

This made Ye Feng feel a little scared, and couldn't help but ask: "Senior, why are you staring at me all of a sudden? Is there anything special?"

At this time, Ye Feng felt that this suddenly resurrected skeleton might have something special to tell him.

If he just wanted to take away his own body, he would definitely have taken action long ago.

At this moment, after hearing the words Ye Feng asked, the resurrected skeleton suddenly spoke out.

He said slowly: "Young man, you are the only being who has come to this place of my incarnation in thousands of years, and you are a human race like me, which is very good."

When Ye Feng heard what the resurrected skeleton said, his eyes suddenly showed a look of surprise, and he said loudly: "Senior, do you have any special requirements? Why do you say that I am a special human being?"

The resurrected skeleton immediately smiled and said: "Because I was a human race back then, and my inheritance can only be practiced by the human race. I hope I can pass on my inheritance directly to you, and you can carry it forward."

Hearing what the resurrected skeleton said, Ye Feng's eyes suddenly lit up and he said: "Okay, since the senior is willing to pass on the inheritance to me, it is really a great honor for the junior."

Hearing what Ye Feng said, the resurrected skeleton sitting in front of him nodded and said loudly: "But if you want to pass on my inheritance to you, you need to collect all the symbols on the walls of this ancient palace. Erase it."

When Ye Feng heard this, his eyes suddenly revealed a look of surprise, and he couldn't help but ask: "Senior wants to pass on the inheritance to me, why do I need this junior to erase the symbols on the palace walls? Is there any special connection between them?"

The resurrected skeleton immediately spoke out: "Because each of these ancient symbols on the walls of this palace contains a part of ancient energy. As long as you take these ancient symbols off the walls, then If you send it to me, I will have enough energy to pass on my peerless inheritance to you, because I am too weak now to transmit the huge secret of the inheritance to you."

Hearing what the resurrected skeleton said, Ye Feng suddenly fell into silence.

The resurrected skeleton immediately asked: "What's wrong? Hurry up and do it. Don't you want my peerless inheritance?"

At this time, Ye Feng suddenly said: "These symbols on the walls of this ancient palace are probably specifically designed to suppress the seniors in these thousands of years. The seniors should not be the owners of this ancient palace. This ancient The palace is probably an ancient prison, specially used to imprison seniors. "

"you....."

Hearing Ye Feng's words at this time, the skeleton sitting in front immediately became a little unstable in tone.

Then his eyes suddenly showed a very frightening look of cruelty. He stared at Ye Feng for an instant and said loudly: "You do whatever I tell you to do! You kid actually dares to disobey me. Then I have no choice but to take action forcefully!"

Boom!

At this moment, the skeleton suddenly erupted with a terrifying wave of power, and then the entire skeleton body immediately expanded rapidly, directly expanding into a majestic skeleton giant with a length of several kilometers. He looked like an ancient god of the undead, with green undead flames burning in his eyes, which made him look very terrifying.

Seeing this scene at this moment, Ye Feng suddenly showed a sneer on his face and said loudly: "You really have no good intentions. You are using me to take off all the symbols on the walls of this ancient palace. In this case, you can completely break away from the seal and show your true strength, and I will definitely die by then."

Hearing Ye Feng's words, the tall skeleton immediately burst into laughter and said loudly: "Boy, do whatever I ask you to do. It's a pity that you don't know how to cherish the opportunity to live. So now I I'm going to kill you directly!"

But just when the tall skeleton was about to attack Ye Feng, suddenly all the ancient symbols on the walls of the ancient palace emitted a golden light.

Then each golden symbol flew out from the wall. In an instant, golden swords condensed and stabbed the tall skeleton fiercely, causing the tall skeleton to immediately feel pain. screamed.

"No! Don't! Tens of thousands of years have passed. Why can the symbols on the wall of this palace be transformed into the golden sword of Buddhism and Taoism? I'm not willing to accept it!!"

At this time, the tall skeleton screamed in pain, and a terrifying dark demonic energy erupted from his body, trying to fight against the golden sword turned into an ancient symbol.

But it's of no use.

The golden swords kept flowing, stabbing the tall skeleton crazily. The moment the tall skeleton was attacked, the whole person succumbed.

The skeleton, which was several kilometers tall, suddenly shrank again and turned into the small, half-dead skeleton, which fell to the ground.

After seeing this scene, Ye Feng's eyes revealed a look of surprise.

It seems that I don't have to escape. These golden symbols on the walls of this ancient palace can automatically suppress this ancient skeleton.

At this moment, Ye Feng stared at this ancient skeleton and sensed it carefully. He could find that when the other person released his power just now, the aura emanating from his body was a very evil demonic energy. It was not the so-called human race at all. .

Ye Feng immediately understood. It seemed that there were a large number of demons living in this cave back then. In the end, they were all exterminated by a mysterious Buddhist and Taoist sect and suppressed in this underground cave.

Ye Feng's thinking became a little clearer at this time. Could it be that this cave was a place where good and evil factions fought, a Buddhist and Taoist sect, and an evil demon clan.

Thinking of this, Ye Feng felt more and more that this might be a big possibility.

At this moment, Ye Feng instantly stared at the demon skeleton in front of him who was re-suppressed by Buddhist symbols. He couldn't help but said: "It seems that I guessed it right. This ancient palace is a prison. To suppress this evil ancient demon clan like you."

Chapter 5059 What a wonderful person

At this time, hearing what Ye Feng said, the ancient skeleton sitting on the ground in front of him fell silent.

This time he was no longer arrogant or threatening Ye Fengshi, because everything was doomed, and there was no way he could get out of the situation because he couldn't deceive Ye Feng.

At this time, Ye Feng suddenly smiled and said, "If you want to get out of trouble, I can actually help you."

Hearing Ye Feng suddenly say these words, the ancient skeleton couldn't help but sneered and said: "You are a very cunning boy. You seem to be honest, but in fact you have more thoughts than anyone else. Even I can't plot against you. If you want to save me, there's no way I can trust you."

Ye Feng immediately smiled and said: "Senior, why don't you believe this? In fact, if you want to get out of trouble, I can help you out, but you must promise me. After you get out of trouble, you must tell me the whole story." The secret of the crypt, and will help me for two years."

Hearing Ye Feng's words, the ancient skeleton immediately burst into laughter and said loudly: "It is impossible for me to surrender under the hands of a boy like you! I will not do anything for anyone. Even the group of holy monks from the Buddhist and Taoist sect were unable to conquer me."

At this time, hearing the harsh words of this ancient skeleton, Ye Feng could only shake his head and said: "Since the senior is so insistent, there is no other way. The junior has no choice but to leave here first."

When he said this, Ye Feng turned around and left, and then said aloud if he meant it: "It's just that after this junior leaves, it is estimated that no one will be able to come here for a while. After all, there are many people outside this ancient palace." The flame barrier is really terrifying, and only a junior with a strong physique can enter it. Once the junior leaves, I estimate that the senior will have to wait here for thousands, or even tens of thousands of years. By then, the senior will probably be gone. The oil is exhausted, and the last bit of energy may not be able to support the senior's survival for much longer. Alas, it is such a pity that a generation of heroes must die in this dark place..."

After Ye Feng finished speaking, he was ready to leave this ancient palace.

At this moment, when Ye Feng said these words, the ancient demon skeleton suddenly seemed to be touched. He said loudly: "Boy, wait!"

Ye Feng turned around and asked: "Senior, what's wrong?"

After a moment of silence, the ancient demon skeleton gritted his teeth and said, "Okay, I promise you that as long as you can save me, I promise to stay by your side and help you for two years."

When Ye Feng heard this, he immediately grinned and said: "Senior, this is the right choice, but before helping senior get out of trouble, senior you must swear a martial arts oath directly in front of junior and promise to help junior Two years, otherwise, the junior will not believe that the senior can concentrate on helping the junior for two years. "

Hearing what Ye Feng said, the ancient demon skeleton couldn't help but said: "Although I was a demon back then, since I made a promise, I will never break my promise."

Ye Feng remained unmoved and said: "Young people can only rest assured when they see your seniors swearing the martial arts heart oath in person, because once you violate the martial arts heart oath, the power of the laws of heaven and earth will bring down the inner demons. If you disrupt your practice, you will no longer be able to break through the realm, and you may even become possessed and die."

Hearing what Ye Feng said, the ancient demon skeleton finally couldn't help but nodded and said loudly: "You are such a good guy!"

After saying that, the ancient demon skeleton immediately raised his hand and said loudly: "I now swear a martial arts oath. After I get out of trouble, I will help you for two years. Within two years, I will never be able to help you." Other thoughts."

Hearing this ancient demon skeleton swearing a martial arts oath, Ye Feng said with a smile: "Okay, then the junior will help the senior out of trouble."

Ye Feng knew very well that it was very difficult for a super powerful ancient demon of this level to force him to obey him.

Ye Feng didn't even have the means to directly enslave his spiritual soul.

To enslave the opponent's spirit and soul like Long Zhantian did, one must be weaker than Ye Feng. Only then can Ye Feng forcibly enslave the opponent's spirit and soul.

It is very difficult to enslave a being who is more powerful than Ye Feng, let alone this ancient demon strongman, who was a super being who could fight against the Buddhist and Taoist saints in the past. It is basically impossible to enslave his spiritual soul. , and may even come back to bite you.

Therefore, Ye Feng strives for the conditions for himself to the greatest extent and allows the super powerful demon from this ancient era to help him for two years, which is already very profitable.

And the most important thing is that this ancient super-powerful demon clan existed at that time. He must know exactly where the ultimate secret is in this cave.

This is something more valuable to Ye Feng.

That's why Ye Feng chose to take risks and help this super-powerful demon get out of trouble.

Because the benefits this brings to oneself are absolutely huge.

At this moment, Ye Feng suddenly asked: "Senior, if I want to help you get out of trouble, can you just pick off the ancient symbols on the walls?"

The ancient demon skeleton not far away immediately nodded and said loudly: "Yes, take off all the ancient symbols on this wall and leave the rest to me. But these symbols are not It's easy to pick them off, because they are all symbols set by the ancient holy monks of the Buddhist and Taoist sects, but these symbols should not attack you as a human race, so you can give it a try."

Ye Feng nodded, walked directly to a wall, and then stretched out his hand to take off the symbols on the wall.

However, no matter how hard Ye Feng tried, he could not completely remove the symbols on the wall.

It's as if the symbols become part of the entire wall.

Seeing this scene, the ancient demon skeleton not far away couldn't help but shook his head and said loudly: "Although these ancient symbols will not attack you, a pure human race, but you want to take them off." It is also very difficult to take it off. It seems that I have no way out. "

At this moment, Ye Feng grinned and said, "I have other means."

After saying that, Ye Feng directly turned the golden ring on his finger into a golden sword, which was the sword of the gods.

Then Ye Feng directly held the Sword of the Gods, and with a "哐咚" sound, he chopped the wall into pieces. There was no need to remove the symbol at all, and he directly destroyed the entire wall. Then start from The problem is solved at the source.

Seeing this scene at this moment, the ancient demon skeleton not far away suddenly showed a look of surprise in his eyes and said loudly: "Oh? You have a lot of good treasures in your body. The material of this entire ancient palace was cast from the finest diamonds from the Buddhist and Taoist holy sect back then, and it was also blessed with the holy power of the ancient Buddhist and Taoist holy sect. I didn't expect that the golden sword in your hand could split the entire wall in an instant. Shit, I'm a bit underestimating a human kid like you."

Chapter 5060 The secret in the dark

At this moment, as Ye Feng used the God's Sword to smash the entire wall into pieces, the ancient symbols on the wall naturally lost their effect.

At this time, a very ancient and powerful force suddenly emerged from the suppressed demon skeleton.

The next moment, Ye Feng saw a shocking scene.

Buzz!

I saw that real flesh and blood began to grow out of thin air on this demon skeleton, covering the entire skeleton.

After the growth of flesh and blood is completed, meridians, skin, etc. begin to grow.

In the end, the entire skeleton actually regained its flesh and skin, turning into a demon more than two meters tall.

At this moment, Ye Feng stared at this tall demon and couldn't help but said: "Without the suppressive power of the ancient Buddhist symbols, the senior can directly return to his original body and state. It is really amazing. "

Ye Feng knew very well that it was very difficult to restore flesh and skin from an ancient skeleton to become like a normal person.

Because only one with immense life force can do this.

This also shows that this demon strongman must have been an extremely powerful being back then.

At this moment, when he heard what Ye Feng said, this ancient strong man who had become a demon again, he immediately said: "I have sworn a martial arts oath to help you for two years, and then I will follow By your side, by the way, my name is Mo Jiuyou, and I was one of the three major commanders of the entire underground demon empire, second only to His Majesty the Demon Emperor."

When Ye Feng heard what Mo Jiuyou said at this time, his eyes suddenly showed a look of surprise.

No wonder this powerful demon possesses such great power. It turns out that he was one of the three leaders of the entire underground demon empire, second only to the demon emperor. This status and strength are indeed incredible.

Ye Feng never thought that he would accidentally save this powerful ancient figure.

At this moment, Ye Feng stared at Mo Jiuyou in front of him, his eyes flickering. It seemed that he had really made a lot of money this time.

The strength of this Demon Jiuyou is absolutely terrifying.

Although he has lost a lot of power in the endless years, as long as he slowly recovers, the strength of Demon Jiuyou will become more and more powerful, and the upper limit of his cultivation level is very high.

At this time, Ye Feng seemed to have thought of something, and immediately couldn't help but ask: "By the way, senior, what I still want to know is, what kind of place was this cave back then? Because where I am now The Daxuan Dynasty, a very large force, sent many core members to the upper level of the underground fighting arena to explore various cultivation resources and treasures left over from ancient times in this cave. However, the upper level of this underground fighting arena, seem to be not interested in ordinary cultivation resources and treasures, they seem to be looking for something very precious, and they don't know what the most precious thing hidden in this empire is."

Hearing Ye Feng's question, Mo Jiuyou showed a look of memory in his eyes, and immediately couldn't help but said: "This cave was the base camp of our demon empire in the demon world, but I don't know why. It actually led to the siege of the first holy sect of Buddhism and Taoism. In the end, there was a fierce battle throughout the entire underground, and countless strong men of the Buddhist and demon sects fell. In the end, the entire glorious underground space turned into a lifeless place. , I guess what the upper levels of the underground fighting arena are looking for is the extremely precious and mysterious thing in the hands of the emperor of our Demon Empire."

Hearing what Mo Jiuyou said, Ye Feng's eyes suddenly flashed, and he couldn't help but ask: "What exactly did the emperor of your demon empire hold in his hands that caused such a big disaster? Even later generations have been searching for it for many years."

Mo Jiuyou thought for a moment, and then said slowly: "I don't know if you have heard that in our world, there were ten strongest people in the world, and they were the most powerful existences in the world. Including the Lord of the Heaven Realm, the Emperor of Light, and the Lord God of our Demon Realm, the God of Darkness."

When Ye Feng heard what Mo Jiuyou said, his eyes suddenly froze and he couldn't help but said: "I have never heard of this. This is the first time I heard that there are ten great people in all the worlds. The strongest."

Mo Jiuyou nodded and said aloud: "You are too young, and it is normal not to know this ancient secret. But what I want to tell you is that in the hands of the emperor of our demon empire, Among the ten strongest men, the heart of the God of Darkness, the heart of the God of Darkness, gave the emperor of our Demon Empire infinite lifespan and infinite power. If the Emperor of Light in Heaven hadn't secretly helped that Buddhist and Taoist sect, It is estimated that the Buddhist and Taoist sect causing trouble has been completely destroyed by our Emperor."

Hearing what Mo Jiuyou said, Ye Feng's eyes suddenly showed a look of shock. He never expected that such an earth-shattering thing would happen back then, and even involve one of the ten strongest people in all the worlds. The two are respectively the Emperor of Light in the Heaven Realm and the God of Darkness in the Demon Realm.

At this moment, Ye Feng couldn't help but said: "In other words, what the upper levels of the underground fighting arena are looking for may be the heart of the God of Darkness that your demon emperor fused back then, because that Represents infinite power."

Hearing what Ye Feng said, Mo Jiuyou nodded immediately, but then said with some confusion: "But whether it is the underground fighting field or the Daxuan Dynasty, they are all pure human forces. Even if they get the Darkness There is no way to fuse the heart of God, because only pure demon creatures can fuse with the heart of the God of Darkness and gain the power of the God of Darkness. Other major races, let alone the heart of the God of Darkness, can fuse with it. Even if it is close to the heart of the God of Darkness, it will be destroyed instantly by the dark supreme power of the God of Darkness."

He does not mean that.

Hearing Mo Jiuyou's question, Ye Feng seemed to have thought of something, and his eyes suddenly trembled.

Ye Feng now knows very well that although the Daxuan Dynasty is full of pure human strongmen, the current emperor of the Daxuan Dynasty is a dark demon emperor in disguise!

At this time, a bold idea came to Ye Feng's heart.

Could it be that the so-called upper echelon of the underground fighting arena, the supporter behind the underground fighting arena, is the Dark Demon Emperor who is now pretending to be the emperor!

The Dark Lord ordered the entire underground fighting arena to be explored in this cave in order to find the heart of the God of Darkness.

Because the Dark Demon Emperor is a pure demon, he can completely fuse with the heart of the God of Darkness.

And once the Dark Demon Emperor is fused with the heart of the God of Darkness, let alone in the Daxuan Dynasty, even in the entire land of Zhongzhou, there will be no one who can be the opponent of the Dark Demon Emperor, unless there is someone from the highest level of heaven. The super strong person in the interface has arrived.

At this time, Ye Feng never thought that he would accidentally understand this huge secret.
