Chapter 5061 Go alone

At this moment, after Ye Feng learned the news, he still felt a little frightened.

Unexpectedly, I accidentally came into contact with this profound secret.

At this moment, Ye Feng suddenly understood why the underground fighting arena, a huge black market that was so chaotic and disorderly, could exist for so long in the imperial city of the Daxuan Dynasty.

It is estimated that the secret supporter behind this underground fighting arena must be the fake emperor of the current Daxuan Dynasty.

The Dark Demon Emperor, who pretended to be the Emperor of the Taixuan Dynasty, probably supported a group of upper-level underground fighting arenas, established this huge black market, and secretly searched for the most powerful demon clan in the past, the Dark Demon Emperor, in this cave. The heart of God.

If the Dark Demon Emperor fuses with the heart of the God of Darkness, Ye Feng feels that this Dark Demon Emperor will definitely become very powerful, and this Dark Demon Emperor may transform into a more terrifying existence.

By then, it is estimated that the Dark Demon Emperor will no longer have to hide his identity, and can directly reduce the entire Daxuan Dynasty to his slave force.

At this moment, Ye Feng thought of this and suddenly felt an inexplicable sense of urgency.

At this time, Ye Feng looked at the Demon Jiuyou in front of him and couldn't help but ask: "Senior, do you now know where the precious heart of the God of Darkness is?"

Mo Jiuyou's eyes flickered for a moment, then he nodded and said aloud: "I know where it is, but if you want to find the heart of the God of Darkness, I advise you not to look forward to it, because only the purest heart can be found." Only demons can get close to the heart of the God of Darkness, and it requires a very advanced life level to be able to fuse with the heart of the God of Darkness. Even I am not qualified to fuse with the heart of the God of Darkness, let alone you, a little Human

boy, I'm afraid that as soon as you get close to the heart of the God of Darkness, you will be instantly destroyed into ashes by the infinite power of darkness in the heart of the God of Darkness, and you will be killed on the spot."

Hearing Mo Jiuyou's words, Ye Feng suddenly smiled and said, "How can you know if it works if you don't try? I hope senior can take me to find the God of Darkness' key in this cave. heart."

Ye Feng's heartbeat was a little thumping at this time, because Ye Feng never thought that Mo Jiuyou, who was accidentally rescued by him, really knew where the heart of the priceless God of Darkness was. Location.

This is the Dark Lord controlling the entire underground fighting arena, looking for something that he has not found for many years.

I didn't expect that by chance, I might get it at any time by accident.

Hearing what Ye Feng said at this moment, Mo Jiuyou couldn't help but shook his head and said loudly: "Since you want to seek death, then I can't stop you, but let's agree in advance that if you really I am not responsible for being destroyed by the heart power of the God of Darkness. Although I promise to follow you for two years, I will not die with you. "

Hearing what Mo Jiuyou said, Ye Feng immediately laughed and said, "Senior, don't worry, I won't let you die with me."

After finishing speaking, Ye Feng urged directly and said: "Senior, please hurry up and take me to the place where the heart of the God of Darkness is."

Seeing Ye Feng's confident and even indifferent look, Mo Jiuyou suddenly felt a little strange.

Logically speaking, a top genius like Ye Feng would not die just like that.

However, Mo Jiuyou definitely did not believe that Ye Feng, a pure human youth with such a low cultivation level, could fuse with the heart of the supreme God of Darkness.

This is simply a fantasy and impossible.

But since Ye Feng insisted, Mo Jiuyou didn't say much at this time, but nodded and flew towards the outside of the ancient palace.

Ye Feng followed Mo Jiuyou.

When Mo Jiuyou and Ye Feng came outside the palace, Ye Feng immediately saw the black armored man Zhang Kai who had come with him before, waiting anxiously outside.

At this moment, Zhang Kai saw an extremely tall demon appearing next to Ye Feng, and immediately couldn't help but said in horror: "Brother Ye Feng, are you being threatened?"

At this moment, Zhang Kai was very anxious, because he could sense a terrifying pressure as towering as the ocean from Mo Jiuyou's body. This was a peerless strong man who could not resist, and the danger was extremely high.

But at this time, Ye Feng smiled under the stunned gaze of the other party, patted Mo Jiuyou on the shoulder, and said loudly: "Zhang Kai, you don't have to worry too much, this demon senior will not be harmful to us now. Yes, he is my good partner now."

Hearing what Ye Feng said at this moment, Zhang Kai couldn't help but widen his eyes.

He could clearly feel how terrifying the demon aura emanating from Mo Jiuyou was. This was definitely an ancient demon.

But I didn't expect that he would pay so much attention to a young boy like Ye Feng.

He saw it, Ye Feng patted Mo Jiuyou's shoulder casually, and Mo Jiuyou didn't show any displeasure on his face.

At this time, Zhang Kai could only secretly give Ye Feng a thumbs-up of admiration.

He knew that Ye Feng must have encountered something in the ancient palace, but no matter what, being able to meet the help of this ancient demon strongman was of great significance to them.

At this time, Ye Feng suddenly said: "Zhang Kai, I am going to a very dangerous place now. Ordinary people cannot get close to it. If you get close, you will definitely die directly, so I want to go there alone."

Ye Feng knew very well that once an ordinary practitioner like Zhang Kai got close to the heart of the God of Darkness, he would be instantly destroyed into ashes.

At this moment, when he heard what Ye Feng said, Zhang Kai nodded and said with a smile: "I understand. Next, I will explore the surrounding caves alone that are not too dangerous, and then I will wait for you when I go to the underground fighting place. I'll treat you to a meal in the evening, and then we'll go to the ancient civilization relics discovered in the underground fighting place. With the help of the senior next to you, Brother Ye Feng, let's go there. If you go to that ancient civilization ruins, you will definitely be able to kill everyone."

Hearing what Zhang Kai said, Ye Feng shook his head, smiled, and said: "Okay, then you wait for me in the underground fighting arena. When I finish my work, I will go over to meet you, and then we will go to the ancient civilization ruins together. Search for cultivation resources."

Chapter 5062 A trace of life fluctuation

Next, Zhang Kai left the scene and went to explore other places around him.

Because he knew very well that since the place Ye Feng said he was going to was very dangerous and he couldn't be taken with him, Zhang Kai would naturally not ask for anything more.

After all, in Zhang Kai's eyes, Ye Feng has gradually become synonymous with mystery and power. Zhang Kai will naturally not object to whatever Ye Feng says.

After all, Ye Feng is Zhang Kai's strongest partner now. He doesn't want to offend this partner. If he leaves him directly, it will be a huge loss.

Seeing Zhang Kai's obedience, Ye Feng nodded slightly. Zhang Kai was considered a good partner and would not interfere with his own affairs.

At this time, Ye Feng looked at Mo Jiuyou beside him and said, "Senior, we can go directly to find the heart of the God of Darkness now."

Hearing what Ye Feng said, Mo Jiuyou couldn't help but shook his head, as if he was very unconfident about Ye Feng's rash search for the heart of the God of Darkness.

Because even the super powerful among the demons like Mo Jiuyou, who was one of the three major commanders second only to the emperor in the demon empire at that time, did not dare to easily touch the heart of the God of Darkness, let alone fuse it with the Dark God. God's heart, not to mention that Ye Feng is just a human boy, and his cultivation level is many times weaker than that of Mo Jiuyou at his peak.

At this moment, Ye Feng did not explain anything, but let Mo Jiuyou lead the way.

Next, Mo Jiuyou walked in a winding way in front.

It has to be said that Mo Jiuyou is very familiar with the various geographical locations in this cave.

So under the leadership of Mo Jiuyou, Ye Feng quickly arrived at the most mysterious and profound place in the cave.

At this moment, Ye Feng saw a large underground spring appearing in front of him.

These underground springs appear to lead to a very deep place.

At this moment, Mo Jiuyou said: "Follow this underground spring, you can enter the deepest underground ocean in this cave. The heart of the God of Darkness you are looking for is in that underground ocean. Back then, His Majesty the Emperor of our Demon Empire was besieged by the ten top holy monks of the Buddhist and Taoist Sect. Our Emperor killed six of the top holy monks, but was also seriously injured and eventually disappeared into the underground ocean. This underground ocean is protected by the most powerful demon formation in our demon empire, so it is difficult for anyone to discover this place and break into it. Even the top holy monks who were left back then have no way to enter. This sea of darkness."

Hearing what Mo Jiuyou said next to him, Ye Feng immediately nodded, with a hint of sigh in his eyes.

Unexpectedly, such a shocking war would have happened in this cave back then.

At this moment, Ye Feng didn't say much, and just asked directly: "Then let's follow this underground spring to the sea of darkness."

Ye Feng and Mo Jiuyou were walking along this underground spring for half an hour. Suddenly, Ye Feng's vision became bright.

In the underground space ahead, a large black ocean suddenly appeared, looking very dark and deep.

At this time, Ye Feng couldn't help but said: "Is this the legendary sea of darkness?"

Mo Jiuyou nodded and said aloud: "Our Emperor suffered such serious injuries back then, and he probably wouldn't survive. As long as we find the place where he fell, we can find the God of Darkness who was fused by his heart."

Hearing what Mo Jiuyou said, Ye Feng immediately nodded, and then asked aloud: "Just now you said that this sea of darkness is guarded by the most powerful demon formation in your demon empire, then we Can I enter it directly now?"

At this time, Mo Jiuyou stepped forward and said, "Let me investigate."

Uh-huh!

After saying that, Mo Jiuyou stretched out a hand.

That hand directly transformed into a majestic black claw with a length of several kilometers, exploring the dark sea ahead.

The next moment, Ye Feng suddenly saw that black ancient symbols were emitting from the black claws of the Demon Jiuyou, spreading towards the surroundings, covering the entire sea of darkness.

When Ye Feng saw this scene, his eyes showed a look of wonder. This Demon Jiuyou had been trapped in that ancient palace for many years, but he didn't expect it to still have such power. It seems that once this Demon Jiuyou returns to its peak state, God knows how powerful he is. He is worthy of being one of the three commanders second only to the emperor in the Demon Empire. He is indeed a top powerhouse, but now his vitality and skill are consumed too much, so he is not that powerful. .

But Ye Feng believes that Mo Jiuyou is now completely out of trouble, and will definitely be able to return to his peak condition after slowly recovering. By then, he will be equivalent to having an extremely powerful top fighter, and it will be free of charge.

At this moment, Ye Feng was about to say something, but Mo Jiuyou suddenly looked a little nervous and seemed a little excited. He couldn't help but said: "The formation of this sea of darkness has disappeared, but during the investigation just now, I sensed a trace of life energy fluctuations. Could it be that His Majesty the Emperor is not completely dead yet?"

"Um?"

Hearing what Mo Jiuyou said at this time, Ye Feng let out a "cluck" in his heart.

Perhaps the ancient Demon Emperor of the Demon Empire has not died, which is a great joy for Mo Jiuyou, but this is bad news for Ye Feng.

After all, what Ye Feng wanted was the heart of the God of Darkness, a priceless thing, not a living demon emperor.

At this moment, Ye Feng's heart suddenly became a little tight, and he couldn't help but said: "Then let's go and take a look, to see if His Majesty, the emperor of your demon empire, is really not dead?"

At this moment, Ye Feng had no other choice but to take a look at the situation.

Mo Jiuyou naturally suppressed the excitement in his heart at this time and said quickly: "Okay, let's go over and take a look."

At this moment, Mo Jiuyou took Ye Feng and flew quickly in the direction of the life fluctuation he sensed.

The two of them were flying over the dark sea.

Soon, they came to the area in the middle of the dark sea. A huge vortex actually appeared on the entire dark sea.

This huge vortex covers tens of thousands of square meters. It looks very huge and gives people an unfathomable feeling.

At this time, Mo Jiuyou looked at the huge whirlpool of sea water below and said, "The trace of life fluctuation I sensed is under this whirlpool."

Ye Feng had no choice but to nod slightly, follow behind Mo Jiuyou, and jump directly into the ocean vortex below.

Chapter 5063 The Immortal Golden Body of Buddhism

When the two people entered the ocean whirlpool, a look of astonishment suddenly appeared in their eyes.

Because under this ocean vortex, it is not His Majesty the Emperor of the Demon Empire back then.

Instead, six corpses of monks covered in golden bodies were sitting under the ocean whirlpool. They looked like they had been dead for many years.

"Um?"

Seeing this scene, Ye Feng suddenly thought of something, and couldn't help but said in surprise: "These six golden monks, could they be the Buddhist and Taoist sect that you mentioned before?" A top holy monk, right?"

Ye Feng just heard from Mo Jiuyou that the demon emperor of the demon empire finally killed six of the ten top holy monks. Could it be that these six dead monks were all golden in front of him? ?

This made Ye Feng's eyes suddenly show a look of surprise, and then a look of deep surprise.

Because the top holy monk who was able to fight against the demon emperor had already cultivated the immortal golden body of Buddhism and possessed very terrifying and powerful power.

Even if it becomes a corpse now, it is still worth a lot of money.

The fluctuation of life energy that Mo Jiuyou sensed was actually not life energy, but the energy emitted by the Buddhist relics in the bodies of these six top holy monks, which contained the secret of life.

Ye Feng could clearly feel at this time that every monk's body contained a golden relic with huge energy.

Seeing the scene in front of him at this moment, Mo Jiuyou also had a look of astonishment in his eyes, and then he was a little disappointed.

After all, he originally thought that the emperor of their demon empire did not completely die and survived, but that was not the case now, and Mo Jiuyou could only sigh.

At this time, Ye Feng did not hesitate at all. He directly took out all the Buddhist relics among the six top holy monks, and then swallowed them directly.

"What are you doing??"

Seeing this scene at this moment, Mo Jiuyou next to him suddenly widened his eyes and quickly came to Ye Feng's side and said loudly: "You actually swallowed all six top-level Buddhist relics." In the stomach? You have to know that the power of your human race is completely different from the ancient holy power of Buddhism. If you eat six relics, you will definitely explode and die!"

But at the next moment, what shocked Mo Jiuyou's eyes was that Ye Feng swallowed six whole relics, and a piece of Buddha's light emanated from his body.

A huge amount of energy suddenly surged through Ye Feng's body.

"Varied?"

Seeing this scene, Mo Jiuyou was immediately dumbfounded. Even if he was a powerful demon from ancient times, he had never seen such a strange scene.

It seems that Ye Feng can fuse the power of Buddhism and fuse with six relics?

Seeing this scene, Mo Jiuyou's eyes widened slightly, as if he never thought that Ye Feng had such a special ability and could integrate the power of Buddhism and Taoism.

Mo Jiuyou seemed to have thought of something at this time, and suddenly couldn't help but said in surprise: "Ye Feng, no wonder you want to find the heart of the God of Darkness. Do you really want to fuse with the heart of the God of Darkness? Your special physical strength is simply incredible. I have never seen anyone like you."

At this time, Ye Feng had no time to answer Mo Jiuyou's words, because Ye Feng was now concentrating on integrating the energy of the six relics.

Ye Feng could feel a very huge amount of ancient Buddhist energy surging rapidly in his body.

Ye Feng could immediately feel that with the help of the energy of six top-level relics, his skills were growing at an incredible speed.

You must know that these six relics are not ordinary relics. They are relics bred by the top holy monks of ancient Buddhism who were able to fight the demon emperor.

So for Ye Feng, this was no less than swallowing up the power of six peerless experts at once.

Ye Feng's cultivation aura naturally grew and improved at an incredible speed.

A terrifying momentum. Immediately, Ye Feng's body began to grow and explode crazily.

At this time, Ye Feng's cultivation realm was simply improving and making breakthroughs like crazy.

Suddenly, from the first level of the spiritual wisdom realm, it suddenly skyrocketed and broke through to the great perfection of the tenth level of the spiritual wisdom realm!

Even Mo Jiuyou beside him was dumbfounded by this terrifying speed of improvement.

In the end, he couldn't help but said in extreme astonishment: "Ye Feng, what kind of ability do you have? You can actually integrate the energy of ancient Buddhist relics and improve your cultivation level so quickly. How can you do this? Isn't there any hidden danger in cultivation? Will it not cause instability in the future?"

Hearing Mo Jiuyou's question, Ye Feng grinned and said: "There have been no hidden dangers for the time being. On the contrary, I have been making great progress all the way. There have never been any problems with my devouring ability. On the contrary, there have been problems." My martial arts skills will become more and more powerful."

At this time, Ye Feng did not need to deliberately hide anything. After all, this Demon Jiuyou was extremely powerful and an ancient strong man. The more he marveled and admired himself, the more he would work for him wholeheartedly in the future.

At this moment, Mo Jiuyou finally began to pay some official attention to Ye Feng, a seemingly ordinary young man.

In Mo Jiuyou's previous eyes, Ye Feng was just a young man with some luck. He met him by chance and saved him.

But not long after that, I suddenly discovered that Ye Feng, a seemingly ordinary young man, had too many secrets hidden in him.

The more time he spent in contact with Ye Feng, the more Mo Jiuyou felt that Ye Feng's various methods and abilities were simply incredible.

Even in that ancient golden age of cultivation, Ye Feng's ability would definitely shock the world if it were available at that time.

At this moment, Mo Jiuyou fell silent slightly and said nothing more.

Ye Feng secretly smiled in his heart, guessing that Mo Jiuyou would definitely admire and obey him more and more this time.

At this time, Ye Feng looked at the corpses of six top holy monks in front of him, all of whom had been cultivated into immortal Buddhist golden bodies.

Ye Feng immediately asked aloud in his mind: "Emperor Chu, can these six immortal Buddhist golden bodies that are difficult to destroy be refined into my clones? If so, then I have six more. An extremely powerful clone that cannot be broken. In my actual battle, it can definitely exert huge attack power and defense power. Whether it is offense or defense, the six top-level Buddhist and Taoist golden bodies can definitely be greatly improved. My overall strength."

Chapter 5064 Shocked

For Ye Feng, now that he has encountered the immortal golden body of the top holy monk of the Buddhist and Taoist sects in six ancient eras, he naturally has to make full use of it.

Just swallowing the relics bred in their bodies is just a preliminary use.

In fact, what is truly precious to these six top holy monks is the immortal golden body of Buddhism that they have cultivated.

You must know that if you want to practice Buddhism and become an immortal golden body, these top holy monks have reached the peak level of the mysteries of Buddhism and the gathering of the energy of heaven and earth, so they can condense it even after many years. The immortal golden body of Buddhism that cannot be corrupted.

Although these Buddhist and Taoist golden bodies may not be as good as the ancient demon immortal body that Ye Feng obtained before, which is almost as good as the gods, they are still powerful enough.

The power and strength of these golden bodies will definitely defeat many so-called super strong people.

Therefore, Ye Feng feels that if he can find a way to refine all six Buddhist immortal golden bodies into his own clones, his overall strength will increase tremendously.

At this time, Emperor Chu in his mind heard what Ye Feng said. He was silent for a moment, and then said aloud: "If you want to refine these six immortal golden bodies of Buddhism, it is actually

very simple. That is, as long as you Ye Feng, you can use your own magic power to condense six relics in your body, and then fuse the six relics into six Buddhist immortal golden bodies to control them. Of course, the relics you condensed The six relics are not real relics, but the energy core condensed from your original mana and energy. This will greatly consume your mana, but it can serve as the core of these six immortal golden bodies of the Buddha. ”

Hearing what Emperor Chu said in his mind, Ye Feng's eyes suddenly lit up and he said, "Okay, then I'll give it a try."

Buzz!

After saying that, Ye Feng directly began to gather his mana and strength, and condensed six energy cores like radiant relics into his body.

Then Ye Feng integrated all six energy cores into the six precious Buddhist immortal golden bodies in front of him.

Almost at the next moment, something incredible happened to Mo Jiuyou standing next to him.

I saw the six immortal golden bodies of ancient Buddhism and Taoism that were sitting cross-legged on the ground and were completely dead. They stood up all of a sudden, and then they all lined up in a row in front of Ye Feng, as if they were like It's like being resurrected.

"Varied?"

This shocked Mo Jiuyou, because although Mo Jiuyou was one of the three major commanders of the demon empire at that time, he was still very concerned about these top holy monks of the Buddhist and Taoist sect who could fight with their demon emperor. Afraid.

But now these six Buddhist immortal golden bodies stood up directly in front of Ye Feng, which naturally shocked Mo Jiuyou.

But the next moment he seemed to understand something, and couldn't help but said incredulously: "Ye Feng, you...you actually refined all six immortal golden bodies of Buddhism into your clones? You can even control it. How is this possible when they are standing in front of you?"

Mo Jiuyou at this moment can be said to be extremely unbelievable, because he was a powerful figure in that ancient era, and he knew very well how powerful and powerful these Buddhist immortal golden bodies from the ancient Buddhist sects were. Even in death, one cannot be offended.

But Ye Feng directly refined all of them into his own clones, and in a short period of time, before Mo Jiuyou could even react, Ye Feng had already directly transformed these six Buddhist immortal golden bodies. If you control it, you can become your own clone.

Even if these immortal golden bodies of Buddhism were transformed into clones by Ye Feng, they still could not exert the skills and magical powers of the top holy monks of the Buddhist sect. However, it was only the physical power of the immortal golden body of Buddhism. It's enough to defeat ordinary strong men.

At this time, Ye Feng smiled slightly and said: "It's very simple. I can condense six energy cores at will and integrate them into the bodies of these six Buddhist and Taoist golden bodies, and then I can control them."

Hearing what Ye Feng said, Mo Jiuyou, even a powerful demon from the ancient era, couldn't help but stare at Ye Feng in amazement and said aloud: "You really know a lot, I still I have never seen such a defiant young man as you."

Because even an ancient strong man like Mo Jiuyou didn't know that he could control six Buddhist immortal golden bodies through this method.

Ye Feng didn't explain much about this.

At this moment, Ye Feng just looked at the six immortal golden bodies of Buddhism and Taoism standing in a row in front of him with a smile.

Ye Feng can clearly feel how much explosive power is contained in these six Buddhist immortal spiritual bodies.

After all, this is the body cultivated by the top holy monks among the Buddhist and Taoist sects, so it is naturally very terrifying.

At this time, Ye Feng put all six immortal golden bodies of Buddhism and Taoism into his storage ring. During the battle, he could release them instantly and attack his opponents in groups.

Moreover, the immortal golden body of Buddhism is a body cultivated by the top holy monks in ancient times. It is extremely strong, as if it is made of divine iron. It is difficult to destroy. Whether it is attack or defense, it will definitely be Ye Feng's strongest method. .

At this time, Ye Feng looked at Mo Jiuyou beside him and couldn't help but ask: "Then let's look for the corpse left by your demon emperor in this sea of darkness now. I must Getting the heart of the God of Darkness means a lot to me."

Ye Feng knew very well that if he could find the heart of the God of Darkness, whether it could be integrated into his body or not, it would be equivalent to solving a huge disaster for himself.

Because, now the Dark Demon Emperor, who pretends to be the emperor of the Daxuan Dynasty, is also secretly searching for the heart of the God of Darkness.

You know, Ye Feng came to the Taixuan Dynasty to deal with the Dark Demon Emperor who was now pretending to be the emperor of the Taixuan Dynasty.

If once the Dark Demon Emperor gets the heart of the God of Darkness and the fusion is successful, then the Dark Demon Emperor will become the strongest being in the entire Zhongzhou, and no one will be able to control him by then.

But if Ye Feng can get the heart of the God of Darkness, no matter whether he can successfully fuse the heart of the God of Darkness, as long as he holds this heart in his own hands, the Dark Demon Emperor will never be able to find it, which is equivalent to giving himself Solved a huge trouble.

So at this time, Ye Feng naturally wanted to find the body of the Demon Empire Emperor where Demon Jiuyou was as soon as possible to see if the heart of the God of Darkness still survived.

After all, according to Mo Jiuyou, the heart of the God of Darkness was fused into the body of the emperor of their demon empire.

Now that the emperor of the Demon Empire has died, the heart of the God of Darkness should still be fused with his corpse. As long as the corpse of the emperor of the Demon Empire after his death can be found, the heart of the God of Darkness can be found.

Chapter 5065 Greedy and ambitious people

Next, Ye Feng asked Mo Jiuyou not to waste any more time and hurry up to search in this sea of darkness to see where the emperor of their demon empire fell.

Mo Jiuyou said aloud: "Now in this ocean whirlpool, we have discovered the immortal golden bodies of six top holy monks who were killed by our demon emperor. This is enough to show that the place where they fought was It's nearby, so if the emperor of our Demon Empire has died, his body should be nearby."

When Ye Feng heard what Mo Jiuyou said, he immediately felt it made sense and couldn't help but said: "Okay, then let's explore the surrounding area together."

Buzz!

After saying that, Ye Feng exuded his soul power.

Mo Jiuyou, on the other hand, released his unique demonic senses and began to explore the surroundings.

They dispersed and explored the surroundings from the ocean whirlpool.

But just when they left the ocean whirlpool area, they entered the deep sea area of the dark sea.

Wow!

Suddenly, a wave of terror immediately attacked the two of them.

Behind this terrifying wave, a majestic black octopus with a height of hundreds of thousands of meters suddenly appeared in the deep sea area of the dark sea.

Under the dark sky, the behemoth's two eyes were glowing red, giving people a very scary feeling, like an indescribable monster demon hidden in the darkness.

Seeing this scene at this time, Mo Jiuyou couldn't help but said in shock: "It turns out that the guardian monster of His Majesty the Emperor has not completely died yet. This big black octopus is

the guardian beast of our Majesty the Emperor back then. The guardian monster is extremely powerful and has survived until now, but it seems that its strength has weakened a lot and it seems to have suffered heavy losses. "

Hearing what Mo Jiuyou said, Ye Feng felt a terrible sense of depression.

Because the majestic black octopus in front of it, which was more than 100,000 meters tall, was like a monster and a demon. The pressure it gave people was so terrifying that even Ye Feng felt the huge pressure.

Ye Feng immediately spoke up and said: "Since it was the guardian monster of the emperor of your demon empire, it means that the emperor of your demon empire must have fallen around here. In the deep sea area, we must go to the deep sea area! But! This monster is blocking us. Since you know him, go up and talk to him and see if you can convince him to let us enter the deep sea area."

At this time, Ye Feng could clearly feel that the power and aura emanating from this huge black octopus was really terrifying to the extreme. Ye Feng did not dare to confront it rashly, otherwise, he would definitely suffer huge losses, and even if you win, you will have to pay a huge price.

It just so happened that this big black octopus was the guardian monster of the emperor of the Demon Empire back then, and Mo Jiuyou was one of the three commanders of the Demon Empire back then. Maybe he still had some friendship with this big black octopus.

At this moment, Mo Jiuyou nodded and said, "I'll go talk to him."

Uh-huh!

After saying that, Mo Jiuyou immediately flew to high altitude, looked at the big black octopus standing tall in the deep sea area in front of him, and immediately said loudly: "Brother Octopus, we haven't seen each other for a long time."

The moment Mo Jiuyou finished speaking, the big black octopus made a majestic voice: "I didn't expect that the great commander who was so magnificent back then would now be reduced to the humble position of leading the way for a human boy. You want to plot against the emperor?" With the heart of the God of Darkness in His Majesty's body, this is absolutely impossible."

Hearing what the big black octopus said, Mo Jiuyou's face suddenly became extremely ugly. He couldn't help but said: "Don't you miss our friendship back then and insist on going against us? The demon clan back then The empire has completely collapsed, and it is no longer of much use to say anything. Now we can only make the most correct choice. Ye Feng saved me, so I naturally want to help him. This is my promise to him. "

Hearing what Mo Jiuyou said, the big black octopus immediately said: "Since you are determined to help this human kid, well, I don't want to have a conflict with this old friend of yours. You guys wait outside. In three days, I will let you enter the deep sea area."

Hearing what the big black octopus said, Mo Jiuyou was quite confused as to why he had to wait three days, but he still nodded and said, "Okay, then we will wait three days. "

"no!"

But suddenly at this moment, Ye Feng flew over from behind, stared at the big octopus in front of him that was as tall as a dark mountain, and said loudly: "He is stalling for time! My soul power senses terror, I can feel it We can see that a very terrifying energy of the God of Darkness is surging in the body of this big black octopus. This big black octopus must be merging with the heart of the God of Darkness, and we happened to encounter him. He is stalling for time and wants to completely destroy it! Fusion of the heart of the God of Darkness, that way, he will be invincible!"

"Varied?"

Hearing what Ye Feng said, Mo Jiuyou's expression suddenly changed. He couldn't help but stare at the big dark octopus not far away, and said in a very frightened and angry voice: "Is that so?"

At this moment, the big black octopus's face immediately became extremely ugly, but then he laughed loudly and said disdainfully: "Yes, the emperor is dead even if he is dead. The darkness fused with him is... The heart of God naturally wants to become mine. If the heart of the God of Darkness had not kept me alive for so many years, I would have died in the depths of this sea of darkness. After tens of thousands of years, I It is almost complete to fuse with the heart of the God of Darkness, but it's a pity that you disturbed me, so you will die completely, I will kill you all!"

Unexpectedly, this big black octopus turned out to be such an ambitious monster. He was not loyal to the Demon Empire at all. Instead, he chose to take out the heart of the God of Darkness from the body of his former master to save his own life. I want to merge myself into a powerful being.

At this moment, Mo Jiuyou immediately said angrily: "I thought you were a loyal person, but I didn't expect you to be a greedy and ambitious person!"

After finishing speaking, Mo Jiuyou's whole body suddenly erupted with a terrifying demonic energy, and he immediately charged in the direction of the big black octopus in front, trying to prevent the big black octopus from completely merging with the heart of the God of Darkness.

Ye Feng did not hesitate at this time. After all, time was tight, so he rushed over with Mo Jiuyou to jointly fight against this terrifying big black octopus!

Because once this big black octopus is completely fused with the heart of the terrifying God of Darkness, both of them will die.

Chapter 5066 It's too late

Boom!

At this time, Ye Feng and Mo Jiuyou all charged towards the huge black octopus.

Because for them, this is a life and death battle.

Once this big black octopus is successfully and completely integrated with the heart of the God of Darkness, this big black octopus will become as terrifying as the emperor of the demon empire where Mo Jiuyou was.

And you know, Ye Feng is also very interested in the heart of the God of Darkness.

Therefore, Ye Feng and Mo Jiuyou must kill this big black octopus no matter what the situation is.

Otherwise, it will be the two of them who die.

Because Ye Feng and Mo Jiuyou have accidentally learned that the big black octopus secretly took out the heart of the demon emperor's god of darkness and fused it into his own body, so the big black octopus will never let anyone know this secret. The two died happily.

At this time, the moment Ye Feng rushed out, he immediately released the clones of the six top-level Buddhist and Taoist golden bodies that he had just refined.

These six top-level Buddhist and Taoist golden bodies are powerful clones that Ye Feng has just refined, and they have very terrifying power.

And you must know that Ye Feng also has a more powerful clone.

So at this moment, Ye Feng released another terrifying figure that was tens of thousands of meters tall.

It is the immortal true form of the ancient demon!

At this moment, Ye Feng suddenly released so many extremely powerful clones, especially the immortal real body of the ancient demon, which was towering and terrifying, just like a dark giant.

Moreover, the six immortal golden bodies of Buddhism possess the powerful and special Buddhist power of ancient Buddhism. They are also naturally suppressive to creatures with dark attributes such as the big black octopus.

So at this time, even if Ye Feng didn't take action, just relying on his many clones was enough to rival an extremely powerful being. He could directly surround the big black octopus and then directly fight in a group.

Uh-huh!

At this time, Mo Jiuyou rushed to the sky and directly released the huge demon power.

Although Mo Jiuyou has consumed a lot of strength in the ancient years, he is now very weak and in a weak state.

But after all, Mo Jiuyou was one of the three major leaders of the Demon Empire.

Buzz!

At this time, Mo Jiuyou opened his mouth and sucked in fiercely, and the energy of heaven and earth within a radius of tens of thousands of kilometers was directly swallowed by him.

Then Mo Jiuyou relied on this huge power of heaven and earth to directly display an extremely terrifying demon inheritance: the disaster of the gods!

Boom!

At this moment, above Mo Jiuyou's head, the world was changing, and a huge black palm, like the palm of an ancient demon god, bombarded down from high in the sky.

This is a palm composed of pure dark energy, with a trace of the energy of the ancient demon god, and it seems to be able to bring disaster to all the gods in the world.

This set of inheritance was very terrifying, and it directly hit the head of the big black octopus.

Boom! Boom!

At this moment, even though this big black octopus was very powerful, it was suppressed and retreated steadily by Ye Feng and Mo Jiuyou's crazy attacks at the same time.

Even the big black hand condensed by Mo Jiuyou blasted a crack out of his head.

Moreover, the big black octopus could not attack the two of them because all of Ye Feng's clones surrounded the big black octopus, trapping him in it.

Especially the most majestic Immortal Demon's true form, which is a powerful body that is almost comparable to the gods. Its power is endless, so even ancient monsters like the black big octopus cannot break through the defense of the Immortal Demon's true form.

Moreover, the six ancient Buddhist immortal golden bodies that Ye Feng had just refined have the holy power of ancient Buddhism, so the attack of the big black octopus is of no use to all the clones of Ye Feng, because he has no use at all. Ye Feng's clone cannot be destroyed.

The big black octopus screamed in anger, stared at Ye Feng, and said loudly: "Rat, you dare to fight me head-on and hide behind your clone, you are considered a hero!"

Ye Feng laughed loudly at this time and said aloud: "My clone is also part of my strength. Why should I fight you head-on? As long as I win, it will be fine. The provoking method is useless to me."

Hearing Ye Feng's words, the big black octopus immediately understood that this seemingly young boy was not an easily provoked person, but a very sophisticated person who would do anything to win.

Next, Ye Feng controlled all his powerful clones and tried his best to trap the big black octopus in a small area, allowing Mo Jiuyou to release various powerful inheritances to attack the big black octopus.

Although Ye Feng's current cultivation level is considered very powerful among the younger generation, it is still far behind compared to such an ancient powerhouse.

But Ye Feng possesses extremely powerful clones. Even if he can only release the power of his body, he can still contain this big black octopus.

Coupled with Mo Jiuyou, an extremely powerful leader-level demon warrior, this big black octopus was unable to withstand it after all. Most of its body was broken into pieces, and it quickly fled towards the deep sea area.

"Can't let it escape!"

Seeing this scene, Ye Feng immediately controlled the immortal body of the ancient demon and the six immortal golden bodies of ancient Buddhism to form a row, blocking all the escape routes of the big black octopus.

At this time, a white bone burst out of one of Mo Jiuyou's palms, and a bone sword that was completely condensed from his own white bones grew directly on his palm.

At this time, Mo Jiuyou held the big sword that grew out of his own bones and slashed hard at the big black octopus.

Poof!

Almost at this moment, the big black octopus with only half its body left was in a weak state and could not resist Mo Jiuyou's big bone sword. It was split into two halves and was completely killed. No screams came out.

And at this moment.

"Crack!"

A black heart the size of a human head immediately fell from the body of the big octopus and floated on the sea.

This black heart looks like it is made of the most precious obsidian in the world, shining with the light of cold and sinister dark energy.

Ye Feng immediately understood that this was the heart of the legendary God of Darkness!

At this time, even though Ye Feng had gone through ups and downs, he could not suppress the excitement and excitement in his heart at this moment. He rushed forward to catch the heart of the God of Darkness.

But at this time, Mo Jiuyou, who was not far away, suddenly said: "Never touch the heart of the God of Darkness. There is a trace of the God of Darkness's will in the heart of the God of Darkness. You cannot resist the power of the God of Darkness." God's will!"

But when Mo Jiuyou reminded him, it was already too late. Ye Feng had already stretched out his hand and touched the heart of the God of Darkness.

boom!

And at this moment, Ye Feng's head suddenly roared.

I saw a shadow of the will of the God of Darkness, which was hundreds of thousands of meters tall. It was suddenly born in the heart of the God of Darkness, crushing Ye Feng's spirit and soul.

"Oops!"

Seeing this scene, Mo Jiuyou, who was not far away, immediately looked extremely sad, because he knew that Ye Feng was finished.

Chapter 5067 Never been afraid of anyone

At this time, in Mo Jiuyou's eyes, Ye Feng was finished, because Ye Feng had already touched the heart of the God of Darkness and was shrouded in the shadow of the supreme will of the God of Darkness in the heart of the God of Darkness.

This shows that Ye Feng's spirit and soul will be crushed by the shadow of the dark god's will later.

Mo Jiuyou knows very well that the God of Darkness is the strongest person in their demon world and a god-level existence.

The shadow of the will of the God of Darkness is like a dimensionality-reducing blow to any existence, let alone Ye Feng, who is just an ordinary boy.

I am afraid that even the countless gods in the heavens and worlds back then were definitely no match for the phantom of the will of the God of Darkness.

Because the God of Darkness is the only main god in the demon world, and is one of the ten most powerful people in the entire world, I am afraid that only the powerful people from the extraterrestrial worlds of higher dimensions can fight against the God of Darkness.

So at this time, Mo Jiuyou felt that Ye Feng was immediately finished, which made Mo Jiuyou feel a pity.

But at the next moment, something incredible happened to Mo Jiuyou.

boom!

At this moment, a bright crimson light burst out from Ye Feng's head.

Then these crimson divine lights turned into a majestic crimson giant of light that was hundreds of thousands of meters tall, and instantly shattered the shadow of the God of Darkness' will.

"Varied??"

Seeing this scene, Mo Jiuyou's eyes suddenly widened with deep horror in his eyes.

Because just now he thought that Ye Feng was finished and had completely fallen, but he didn't expect that Ye Feng's head still contained such a terrifying existence. He directly condensed a majestic giant of light with an extremely terrifying spiritual level. The power instantly shattered the shadow of the God of Darkness' will. This was simply unbelievable, because it was simply beyond Mo Jiuyou's imagination.

Mo Jiuyou knows very well that the God of Darkness is the main god in their demon world and is the strongest existence. Even among all the worlds, he is one of the ten strongest.

The phantom of the dark god's will is definitely a dimension-reducing blow to anyone.

But Ye Feng, a little boy, a mortal, an ant-like existence, actually has such a great will and spirit in his head that he can directly crush the shadow of the God of Darkness?

This is really a bit scary!

At this time, Mo Jiuyou suddenly came to Ye Feng, staring at the red giant of light condensed on Ye Feng's head, with deep horror and shock in his eyes, and even a hint of fear.

He spoke slowly: "Ye Feng, what kind of great existence exists in your head? It can actually crush the will of the God of Darkness. This is simply impossible!"

Ye Feng just grinned at this time and said loudly: "On the spiritual level, I have never been afraid of anyone."

At this moment, Ye Feng was actually a little surprised. He didn't expect that Emperor Chu had returned to such a level and could resist the shadow of the dark god's will.

Because you must know that the God of Darkness is not an ordinary god, but one of the ten most powerful beings in the world. He is the main god among the gods and the strongest existence.

Unexpectedly, Emperor Chu directly shattered the shadow of the God of Darkness' will in an instant. This was beyond Ye Feng's imagination.

Ye Feng originally thought that Emperor Chu might have to use some means to fight against the phantom of the Lord God's will like the God of Darkness, but he didn't expect that Emperor Chu would crush the God of Darkness's will in an instant.

This is enough to show that Emperor Chu has recovered too much now. Ye Feng can no longer guess what level of strength Emperor Chu has reached at the spiritual and soul level. Anyway, it is very terrifying.

At this time, after Emperor Chu shattered the phantom of the God of Darkness' will, he directly swallowed all the fragments of the phantom of the Dark God's will, and then returned to Ye Feng's head.

The whole world returned to silence.

At this time, Ye Feng's eyes showed a look of thinking. It seemed that Emperor Chu had returned to a very good state. He was able to directly swallow the enemy's will and soul fragments, which was similar to the way he swallowed the enemy's power, blood and energy. Wonderful, this should be of great help to Emperor Chu.

At this moment, Ye Feng didn't think much, but looked at the shocked and stunned Mo Jiuyou beside him, with a faint smile in his eyes.

After this wave, it is estimated that Mo Jiuyou will have a deeper respect for him, and he will definitely do his best to help him when the time comes.

At this time, Ye Feng was not wrong. After Emperor Chu transformed into a giant of light and destroyed all the shadows of the God of Darkness, Mo Jiuyou was incredulous to Ye Feng.

He felt more and more that the secret hidden in this seemingly ordinary young man was really terrifying.

Mo Jiuyou didn't take Ye Feng too seriously at first. He just felt that he would leave Ye Feng directly after helping Ye Feng for two years out of commitment.

After all, Ye Feng is just an ordinary human boy in his eyes.

But now Mo Jiuyou's eyes looked at Ye Feng, but they were full of deep respect and extreme awe.

Because even though Ye Feng's current cultivation level is not as strong as Mo Jiuyou's, and is even much weaker than Mo Jiuyou's, the potential and future achievements contained in Ye Feng's body make Mo Jiuyou feel frightened.

He felt that if Ye Feng could continue to grow and not die in the process, he would be able to become an incredibly powerful being in the future that he would find unbelievable.

At this moment, Mo Jiuyou took a deep breath and did not continue to ask any questions for fear of offending Ye Feng. Instead, he simply said: "Then let's leave directly now."

Ye Feng shook his head and said, "Wait a moment."

boom!

At this moment, Ye Feng directly released the Devouring Domain, covering the big black octopus that he and Mo Jiuyou had just killed together.

This big black octopus is a very powerful ancient monster, and the energy contained in his body is simply incomparable.

After Ye Feng swallowed it, he immediately felt that his cultivation skills had greatly increased.

boom!

At this moment, Ye Feng suddenly burst out with an extremely powerful cultivation aura, directly breaking through the tenth level of the spiritual wisdom realm and stepping into the half-step spiritual realm above the spiritual wisdom realm!

Spiritual Void Realm, this is a more powerful level of cultivation.

Ye Feng could feel that his strength was definitely dozens of times stronger than before, and his combat power also soared, which made Ye Feng naturally overjoyed.

At this moment, Ye Feng was staring at the heart of the God of Darkness he had just obtained, with a thoughtful look in his eyes.

Because Ye Feng wanted to try directly to see if he could integrate the heart of the God of Darkness into his body.

Chapter 5068 The Power of the Lord God

The heart of the God of Darkness is an extremely precious thing.

Even the Dark Demon Emperor who now pretends to be the emperor of the Daxuan Dynasty secretly cultivates the upper echelons of the underground fighting arena, and mobilizes everyone's power to enter this cave, hoping to find the heart of the God of Darkness.

Because the God of Darkness is one of the ten most powerful people in the entire world, he is the main god in the demon world and is one level more powerful than ordinary gods.

Once the heart of the God of Darkness can be successfully fused, it will be able to obtain part of the power of the Lord God, which is absolutely earth-shattering power.

However, Ye Feng also knows very well that if he fuses the heart of the God of Darkness, he may not be able to exert the power of the Lord God contained in the heart, because he is currently too weak.

But even if he could only use a trace of the power of the Lord of Darkness, the increase in Ye Feng's combat power would be extremely terrifying.

So Ye Feng naturally wanted to fuse the heart of the God of Darkness on the spot.

Ye Feng knows very well that his physique is very special and can accommodate any energy with thousands of attributes in the world, so he still has a chance to fuse with the heart of the God of Darkness.

At this moment, seeing that Ye Feng seemed to want to fuse with the heart of the God of Darkness, Mo Jiuyou, who was standing beside him, couldn't help but said in horror: "Ye Feng, don't be impulsive. Although you have a great will in your head and shattered the will of the God of Darkness contained in the heart of the God of Darkness, this does not mean that you can successfully fuse the heart of the God of Darkness itself, because the God of Darkness The dark energy contained in the heart is really terrifying, and the energy of the Lord God is not something that anyone can bear. Back then, the emperor of our Demon Empire was an unparalleled and powerful man. Even if he was that kind of existence, in the fusion back then, He almost died when he opened the heart of the God of Darkness, because the power of the Lord God contained in the heart of the God of Darkness is so terrifying that only an extremely terrifying body can carry this great heart. "

Hearing Mo Jiuyou's reminder, Ye Feng nodded and said aloud: "I know, but I have to try it anyway, otherwise this priceless thing can only be looked at but not used, which is really a bit What a pity."

Buzz!

After finishing speaking, Ye Feng didn't say anything more, but directly began to fuse the heart of the God of Darkness.

At this moment, Ye Feng immediately felt the endless dark energy, which was extremely advanced and boundless like the vast ocean, and instantly exploded in Ye Feng's body.

Ye Feng's whole body felt like it was completely broken!

But at this time, Ye Feng activated the power of the immortal body of the god.

And you must know that Ye Feng's bones are originally the immortal bones of the gods that have been completed and are indestructible.

Therefore, purely in terms of the carrying capacity of Ye Feng's body, it is not much weaker than some top powerhouses.

At this moment, Ye Feng quickly fused, pulling the heart of the God of Darkness towards his own heart.

The extremely powerful carrying capacity of Ye Feng's body made Mo Jiuyou beside him slightly stunned.

Because even Mo Jiuyou cannot withstand the wash of dark energy brought by the heart of the God of Darkness.

Because that is the power of the Lord God.

A trace of the power of the Lord God is enough to crack mountains and rivers and shatter the world.

At this moment, Mo Jiuyou could only say in admiration: "Ye Feng, you are really the most defiant human boy I have ever seen. Your body is almost comparable to the body of a top powerhouse. The strength of your body is indeed incredible, even more powerful than the blood of the emperors among our demon clan."

At this moment, Ye Feng had no time to listen to Mo Jiuyou's praise. Ye Feng was now concentrating on integrating the heart of the God of Darkness.

Boom!

At this moment, the power of the Lord in the heart of the God of Darkness was like a tide, frantically washing away Ye Feng's entire body.

Ye Feng suddenly discovered that fusing the heart of the God of Darkness would not only be of great help to his own heart, but also during the fusion process, the power of the Lord of Darkness released from the heart of the God of Darkness could also help Ye Feng The wind tempers your body, making it stronger and stronger.

At this moment, Ye Feng could feel that his physical strength had been greatly improved.

And in the end, the heart of the God of Darkness was completely integrated with his own heart.

Boom!

At this moment, Ye Feng's body suddenly erupted with a terrifying light of darkness.

Ye Feng felt as if his whole body had undergone an extreme transformation, as if he had transformed from a mortal into a god.

But Ye Feng knew very well that he had not become a god, he just had this illusion.

But no matter what, Ye Feng successfully fused the heart of the God of Darkness, which directly raised his strength level to a higher level.

Ye Feng could feel that his entire strength had been strengthened like never before.

At this moment, Ye Feng suddenly stretched out his hand and struck towards the ocean not far away.

boom! !

At this moment, the power of the God of Darkness burst out from Ye Feng's palm.

On Ye Feng's palm, a larger dark palm condensed directly, with a trace of the majestic power of the Lord God. It directly shattered the ocean with a radius of tens of thousands, and the seawater evaporated in an instant.

Seeing this terrifying attack, Ye Feng's eyes suddenly revealed a look of deep surprise.

It seems that once I use the power of the heart of the God of Darkness, I will be able to get a huge bonus to my strength.

However, Ye Feng also knows very well that the energy of the heart of the God of Darkness cannot be used casually, otherwise, he will be targeted by some super strong people, especially the current fake emperor of the Daxuan Dynasty. It's troublesome.

At this moment, Mo Jiuyou next to him suddenly showed a hint of horror in his eyes, and said loudly: "Ye Feng, I didn't expect that the heart of the God of Darkness could really allow you, a young human race, to successfully fuse directly. Well, this is really unbelievable, because even I, as the three commanders of the Demon Empire, could not fuse the heart of the God of Darkness, because this is too advanced for me, but I didn't expect Ye Feng You were able to fuse successfully.

It seems that I have to admire you. I thought you were just an ordinary boy before, but now in my eyes, you are definitely the most incredible human boy I have ever seen. "

At this moment, Mo Jiuyou was not deliberately complimenting Ye Feng, but was praising Ye Feng's talent and ability from the bottom of his heart, which was really incredible.

Chapter 5069 The inheritance of the emperor

At this time, after Ye Feng fused with the heart of the God of Darkness, his strength increased tremendously, which made Ye Feng naturally very happy.

At this time, since Ye Feng has obtained the most important thing in this cave, Ye Feng naturally did not take too many notes and said: "Then let's leave here directly now."

Hearing what Ye Feng said, Mo Jiuyou nodded at first, but then he seemed to have thought of something, and immediately couldn't help but said hesitantly: "I wonder if Ye Feng can give me a few more days, I In order to find the place where our demon emperor finally died, I want to put the remaining body of our emperor into my storage ring, take it out, and bury it properly. "

Hearing what Mo Jiuyou said, Ye Feng's eyes showed a look of surprise, as if he didn't expect that the other party was still such a loyal person.

Ye Feng immediately nodded, smiled and patted Mo Jiuyou on the shoulder, and said: "Since you have such thoughts, then go ahead and do it. I will wait for you here."

When Mo Jiuyou heard that Ye Feng agreed, he immediately said happily: "Thank you, Ye Feng, for understanding me."

In fact, Mo Jiuyou's cultivation strength is much stronger than Ye Feng, but now Mo Jiuyou is faintly dominated by Ye Feng.

After all, his previous promise to Ye Feng was just to follow Ye Feng and help Ye Feng, and he did not say that he would regard Ye Feng as his master.

But now, Mo Jiuyou actually showed awe to Ye Feng in words, and even asked for Ye Feng's consent when doing things. This shows that Ye Feng has revealed all kinds of mysterious and unpredictable trump cards in the past. , has been deeply impressed by Mo Jiuyou, an ancient powerful demon clan.

In Mo Jiuyou's eyes now, Ye Feng is no longer an ordinary young man with mediocre cultivation, but a super genius with a big secret in his body and unlimited future possibilities.

That's why Mo Jiuyou pays great attention to Ye Feng now, and even vaguely regards Ye Feng as his master, obeying Ye Feng's orders in everything.

At this time, Ye Feng was quite satisfied. It seemed that after this experience of the Sea of Darkness, he had completely convinced Mo Jiuyou.

Uh-huh!

At this time, with Ye Feng's consent, Mo Jiuyou flew around, trying to find the remaining body of the emperor of their demon empire, and wanted to take it out for a proper burial.

Ye Feng is not afraid of Mo Jiuyou leaving him, because Ye Feng knows that Mo Jiuyou can no longer leave him.

Next, Ye Feng waited for the return of Mo Jiuyou. In addition, Ye Feng was also constantly stabilizing the cultivation level of the half-step spiritual realm that he had just broken through.

Moreover, Ye Feng is also constantly exploring the heart of the God of Darkness that has been integrated into his own heart.

According to Mo Jiuyou, this God of Darkness is one of the ten most powerful people in the world. Among all the worlds where this great world of origin is located, he is definitely the top powerhouse and among the demon world. A god-level existence.

I am afraid that only powerful beings from the higher cultivation dimension of the outside world can fight against such a powerful person.

You must know that if you can become the most powerful person in the world where the origin world is located, even if you go to the higher cultivation dimension of the outer world, you will probably be considered a master.

At this moment, Ye Feng naturally felt that merging the heart of the God of Darkness was definitely his greatest opportunity at present, because he could use part of the power of the Dark God.

In the next few days, Ye Feng continued to stabilize his cultivation.

And in the early morning of the third day, Ye Feng finally waited for Mo Jiuyou.

Uh-huh!

Mo Jiuyou flew quickly from a nearby direction, holding a withered corpse in his hand. That should be the corpse of the Demon Empire Emperor.

Ye Feng was about to say something, but Mo Jiuyou's face was full of surprise and he said loudly: "Ye Feng, I found the remaining body of the emperor of our demon empire after his death, but I didn't expect that our emperor His Majesty's royal heritage actually exists in his storage ring, and we can all practice it."

"Um?"

When Ye Feng heard what Mo Jiuyou said, his eyes showed a look of surprise. It seemed that he did not expect that Mo Jiuyou would bring him such good news.

After all, you must know that the demon empire was a very huge force back then, and as the emperor of a demon empire, his inheritance is naturally earth-shattering.

At this time, Mo Jiuyou couldn't help but said excitedly: "Our Emperor's inheritance is definitely one of the best among our demon clan. Even if I was one of the three commanders of the demon empire, I am not qualified to practice the inheritance that belongs to the royal family. I didn't expect that after so many years, I would have the opportunity to see the true face of the royal family's inheritance."

At this moment, Mo Jiuyou said, he took out an ancient black book and opened it.

What is recorded in this book is the royal inheritance of the extremely powerful Demon Empire back then.

Mo Jiuyou spoke out at this time: "Ye Feng, you can actually fuse the heart of the God of Darkness, which means that you can completely practice the strongest inheritance of the royal family of our demon clan. This set of inheritance is called "Ten Thousand Dragons Black Demon Technique" ', once the cultivation is successful, you can absorb the black demon energy bred between heaven and earth, accumulate it in your body, and then condense one legendary ancient demon dragon after another. If you cultivate to the greatest perfection, In this state, once the Ten Thousand Dragons Black Demon Technique is used, a total of ten thousand ancient demonic dragons can be summoned from his body in an instant, which has extremely terrifying power and can destroy the world. "

Hearing what Mo Jiuyou said at this time, Ye Feng's eyes suddenly showed a trace of surprise. He did not expect that the inheritance cultivated by the emperor of the demon empire was so magical.

At this time, Ye Feng nodded immediately, stared at the black book in Mo Jiuyou's hand, and said loudly: "Okay, then let's practice together."

Ye Feng's original power can be transformed into power of any attribute at any time, so it is not difficult for Ye Feng to practice this set of Ten Thousand Dragons Black Magic Skills.

At this moment, Mo Jiuyou also nodded, and he and Ye Feng began to understand and practice together the inheritance of the Emperor of the Demon Empire.

This is a peerless inheritance among demons. After successful cultivation, it can definitely greatly enhance the strength of the two of them.

Mo Jiuyou, as one of the three leaders of the Demon Empire at that time, was originally an ancient and powerful Demon clan.

Ye Feng had the guidance of this ancient demon master, so he could easily understand all the secrets of the entire Wanlong Black Demon Art.

Even at the end, Ye Feng quickly understood this set of Ten Thousand Dragons Black Magic Technique through his own demonic understanding, which shocked Mo Jiuyou, who seemed not to have expected it. Ye Feng practiced this set of imperial inheritance of their demon empire faster than he, the great commander, could comprehend it.

Chapter 5070 A huge favor

At this time, Ye Feng successfully passed on the king's inheritance from the emperor of the demon empire, and completed all the black magic skills of Wanlong.

At this time, even Mo Jiuyou next to him, the former commander of the demon empire, was full of praise for Ye Feng and felt that Ye Feng's ability to comprehend was too evil.

After all, you must know that Mo Jiuyou is a regular member of the demon clan, but a strong demon clan from the ancient times.

But Ye Feng is just a human boy.

However, Ye Feng cultivated the imperial inheritance of their demon empire faster than Mo Jiuyou, which naturally surprised Mo Jiuyou.

He also felt more and more that Ye Feng was definitely an incredible existence, the most heaven-defying existence he had ever seen so far, probably not only unprecedented, but also unprecedented.

At this time, Ye Feng didn't think there was anything strange. After all, Ye Feng had always had this powerful ability to comprehend, so Ye Feng was used to it.

But what he didn't know was how outrageous and terrifying his speed of comprehension was to outsiders.

At this moment, Ye Feng successfully practiced the Ten Thousand Dragons Black Demon Art, and there was a hint of joy in his eyes.

Because this set of Ten Thousand Dragons Black Demon Technique is the inheritance of the emperor of the Demon Clan back then. It is very advanced and is a bit more advanced than any inheritance that Ye Feng has practiced before.

Therefore, Ye Feng can predict that if he uses this set of inheritance during the battle, his combat effectiveness will definitely be greatly enhanced.

At this moment, Ye Feng did not directly use the Ten Thousand Dragons Black Demon Technique, because Ye Feng had not accumulated enough dark demon energy yet, and even an ancient demon dragon had not been condensed.

This set of inheritance, if you want to exert its peerless power during the battle, you must continuously accumulate the dark demonic energy between heaven and earth in your daily practice, and condense ancient demonic dragons in your body. During the battle, through this set of inheritance, he released all the ancient magic dragons he had accumulated, producing extremely terrifying destructive power.

At this moment, Ye Feng just looked at Mo Jiuyou beside him and said, "Have you succeeded in enlightenment?"

There was a cold sweat on Mo Jiuyou's forehead, and he said aloud with some embarrassment: "I haven't succeeded in enlightenment yet, but I can continue to comprehend in my daily walking, and I will always succeed."

Ye Feng nodded and said loudly: "In that case, let's just leave here now without wasting time."

Mo Jiuyou immediately nodded, put the completely decayed corpse of the emperor of the Demon Empire into his storage ring, and buried it properly after leaving.

Next, the two left the Sea of Darkness area and walked out of the cave.

At this time, Ye Feng returned to the underground fighting arena, and suddenly felt like things were different.

Because before Ye Feng entered this cave, he was just an ordinary young man.

But now that Ye Feng has come out of this cave again, Ye Feng is completely different from before and has completely transformed, because Ye Feng's various methods and powers have been strengthened like never before.

Buzz!

At this time, Ye Feng exuded his soul power and wanted to find his former partner, Zhang Kai, the core member of this underground fighting arena.

This Zhang Kai will take Ye Feng to the ancient ruins discovered in the underground fighting place to explore the training resources.

Ye Feng is very clear that if he wants to continuously improve his status in the Daxuan Dynasty with the help of Long Zhantian, the heir of the champion Hou Mansion, he must make himself become more and more powerful.

In this case, Ye Feng has the qualification to approach the royal family of the Daxuan Dynasty, see if he can enter the palace, steal the imperial seal of the Daxuan Dynasty, and first steal the real emperor Xuan who is currently imprisoned in the Five Poison Sect. Wuji was rescued, and then he found a way to deal with the Dark Demon Emperor who was now pretending to be the emperor.

At this time, Ye Feng was secretly thinking that he soon found Zhang Kai.

Because Zhang Kai also said before that if he leaves the cave, he will wait for Ye Feng in the underground fighting arena.

Ye Feng found Zhang Kai in an inn in the underground fighting arena.

Zhang Kai was in the inn at this time, ordering a table of dishes and seemed to be waiting for someone.

Of course, it must be Ye Feng that he is waiting for.

Seeing Ye Feng appear at this time, Zhang Kai immediately burst into laughter and said loudly: "I knew that little brother Ye Feng, you would definitely be able to find me on your own initiative. Your perception is not that powerful."

When he first entered the cave, Zhang Kai had already seen Ye Feng's demonic perception ability, which could detect various hidden cultivation resources and dangers in advance.

Zhang Kai felt very magical at that time.

At this moment, Ye Feng smiled slightly, came to Zhang Kai, and said loudly: "Are you ordering this large table of dishes to entertain other guests?"

Zhang Kai immediately shook his head and said with a smile: "Of course I ordered it for you, little brother Ye Feng. Let's have a good meal and then set off directly to the ancient civilization ruins we discovered in the underground fighting place. "

Hearing what Zhang Kai said, Ye Feng immediately nodded and began to sit down and have a meal with Zhang Kai.

At this moment, Mo Jiuyou stood behind Ye Feng, still standing there quietly, seemingly not interested in these delicious dishes.

Ye Feng took a look and said, "Come over and eat with us."

Mo Jiuyou shook his head and said aloud: "I'm not very interested in this kind of ordinary food."

But after a while, Ye Feng insisted on letting Mo Jiuyou taste it. After Mo Jiuyou tasted a piece of food, his eyes suddenly lit up, and he immediately sat down next to Ye Feng and started to feast.

After all, Mo Jiuyou has been trapped in the cave for endless years, so he did not expect that the food and cuisine in the outside world have developed to such a delicious level. I have to say, it tastes really good!

At this moment, Ye Feng was secretly thinking that he had obtained the most precious heart of the God of Darkness in the cave. If the Dark Demon Emperor found out about this, he would probably be furious.

After all, the Dark Demon Emperor worked hard to secretly support the upper levels of the entire underground fighting arena, and mobilized countless core members to enter the caves to explore training resources, just to find where the heart of the God of Darkness is.

But he probably never thought that the heart of the God of Darkness, the most precious thing, had been completely obtained by Ye Feng, and even integrated into his body.

Thinking of this, Ye Feng couldn't help but chuckle secretly in his heart. He really got a big bargain this time, and it also greatly prevented the Dark Demon Emperor from increasing his strength and avoided huge future troubles. .

Ye Feng couldn't help but think in his heart that he would have to tell Xuan Wuji, the real emperor of the Daxuan Dynasty, about this matter and ask him to give him some reward and some peerless inheritance from the royal family of the Daxuan Dynasty. After all, this was considered his own. It helped the Daxuan Dynasty remain stable for the time being.

Because Ye Feng has no doubt that if the Dark Demon Emperor really gets the heart of the God of Darkness, the Dark Demon Emperor is already a top powerhouse, and then he gets the power of the Lord of Darkness contained in the heart of the God of Darkness, then the strength of the Dark Demon Emperor will expand to a very terrifying level.

By then, no one in the entire Daxuan Dynasty can suppress the Dark Demon Emperor. By then, the Dark Demon Emperor will definitely no longer hide his true identity, and will directly destroy all the top powerhouses and ancestors in the entire Daxuan Dynasty. They were all suppressed and obliterated, and they directly controlled the entire Daxuan Dynasty with thunderous means. Therefore, Ye Feng definitely helped the Daxuan Dynasty invisibly a great favor this time.
