Chapter 5071 In the wilderness

For Ye Feng, this time in this cave, he accidentally met Mo Jiuyou, the commander of the demon empire at that time. It can be said that he definitely took a big advantage and got the heart of the God of Darkness in advance. , integrated into his own body.

But Ye Feng also knows very well that this does not mean that he can do whatever he wants, and he will definitely win.

Because Ye Feng knows very well that his biggest shortcoming now is his lack of foundation and his inability to compete with the powerful ones among the top transcendent forces in the Ten Thousand Demon Interface Zhongzhou Dadi.

Therefore, the most important thing for Ye Feng now is to use every opportunity to improve his cultivation strength. Otherwise, Ye Feng would not come to the underground fighting arena, let alone go to the ancient civilization site with Zhang Kai.

At this moment, Ye Feng was silently calculating his next plan.

Half an hour later, when the three of them had finished eating all the dishes, Ye Feng and Zhang Kai took Mo Jiuyou with them, left the underground fighting arena, and quickly headed outside the imperial city of the Daxuan Dynasty. fly away.

When the three of them left the imperial city of the Daxuan Dynasty, Zhang Kai couldn't help but look at Ye Feng beside him and said: "Brother Ye Feng, the endless wilderness outside the imperial city is very dangerous. It's much more dangerous than you think, so we must be careful."

Hearing what Zhang Kai said, Ye Feng immediately nodded. Ye Feng knew very well that Zhang Kai probably felt that although his cultivation was very good, he was still too young and was afraid that he might be impulsive sometimes.

In this regard, Ye Feng just smiled slightly and didn't say much. He didn't care much about this, because not to mention that his current cultivation level was very powerful and his perception was very terrifying. Just talk about the Demon Jiuyou next to him. It is absolutely impossible for a strong person to be the opponent of Mo Jiuyou.

However, Ye Feng also knows very well that Mo Jiuyou consumed a lot of life energy in the ancient years, so Mo Jiuyou's strength is not as strong as imagined now.

Ye Feng feels that he still has to find a way to improve Mo Jiuyou's strength as soon as possible, so that Mo Jiuyou can restore his peak cultivation strength as soon as possible. In that case, Ye Feng can really be regarded as having a super power. Expert help.

So this time when he went to the ruins of ancient civilization, Ye Feng decided that he not only had to consider himself and look for all kinds of training resources he needed, but he also had to look for more training resources needed by Mo Jiuyou.

At this time, Ye Feng looked at Mo Jiuyou who was following him, and asked aloud: "If you want to continuously restore your original strength, what kind of training resources do you need? What resources do you demons need to restore your strength?" , it should be very special."

Hearing this, Mo Jiuyou's eyes flickered for a moment, then nodded, and said loudly: "I can't use ordinary cultivation resources, such as those energy crystals or energy veins, I have no way to use them. To absorb this energy, what I need is very strong demonic energy, or resources related to demons."

Hearing what Mo Jiuyou said, Ye Feng nodded and said: "Okay, if there is a chance and I find what you need in that ancient civilization site, then you can tell me directly and I will try my best. Help you fight for it."

Hearing what Ye Feng said, Mo Jiuyou nodded immediately and his eyes flashed slightly.

At this time, Mo Jiuyou suddenly discovered that Ye Feng was not only the kind of person who only took advantage of others, but also thought about his partners.

Mo Jiuyou knows very well that if he is a normal person, he will definitely not help him like this, because the stronger Mo Jiuyou is, the easier it will be to escape Ye Feng's control.

But Ye Feng still did this, to help Mo Jiuyou improve and restore his cultivation strength, which made Mo Jiuyou's eyes suddenly reveal a look of deep admiration.

Ye Feng's mind is not comparable to that of ordinary people.

While Mo Jiuyou was thinking secretly in his heart, Zhang Kai, Ye Feng and Mo Jiuyou had already arrived at a deeper place in the wilderness.

At this time, there were large forests, ancient swamps, and even deserts all around, all gathered together, giving people a sense of chaos in time and space.

Ye Feng couldn't help but said: "I didn't expect that the environment in the wilderness outside would be so harsh. Sometimes there were terrible swamps, sometimes dangerous forests, and sometimes they were in the lifeless desert. "

Zhang Kai immediately grinned and said: "Brother Ye Feng, it seems that you really haven't been out much. Although your cultivation is strong, you are not as good as me in this aspect. I came out to practice. Many times, chaotic terrain like this is very common, because there are various creatures and races living in the wilderness outside. Some races will subtly transform the surrounding terrain and environment into something suitable for their survival and habitation. area, so you will experience various different terrains in a short period of time, which represent certain races and creatures with specific attributes of the survivors in this area."

And just when Zhang Kai was talking.

Boom!

Suddenly, the desert ahead exploded.

A white-bone scorpion that was several kilometers in size suddenly rushed out from the ground of the desert.

The terrifying scorpion tail hook behind it was several kilometers long, as if it were made of steel.

And above the hook tip in the front is a pitch black area, which obviously contains poison!

At this time, this big white-bone scorpion was obviously a very powerful poisonous insect in the desert. It sensed the presence of the three people and instantly woke up from its deep sleep. It rushed out from the desert underground and wanted to kill the three people.

At this time, Zhang Kai laughed and said aloud: "This big white-bone scorpion looks very scary, but in fact it is not strong. The three of us have hidden our true cultivation aura, so we are not afraid of this insect. The dead come to provoke us and use us as food."

Boom!

Almost at the moment Zhang Kai finished speaking, Zhang Kai jumped up, holding the steel sword in his hand, and immediately slashed forward.

Zhang Kai followed Ye Feng in the cave and got a lot of benefits. Not only did his equipment and armor get a new look, but his weapons were also improved.

The steel sword in his hand is a powerful weapon left behind by an ancient cultivation civilization.

Boom!

Almost at the next moment, the steel sword in Zhang Kai's hand split the several-kilometer-long white-bone scorpion in half in an instant.

"Um?"

When Ye Feng saw this scene, he immediately nodded slightly. It seemed that Zhang Kai was indeed very familiar with various situations in the wilderness. This big white-bone scorpion looked a bit bluffing, but it was actually not powerful.

At this moment, Zhang Kai immediately looked at Ye Feng and Mo Jiuyou behind him, grinned and said loudly: "You see what I said is right, this big white-bone scorpion only looks scary, but it is not powerful at all. "

"careful!"

But suddenly at this moment, Ye Feng seemed to sense something, and immediately rushed in front of Zhang Kai, lifted Zhang Kai up in one fell swoop, and flew into the air with a "swish" sound.

Wow!

Almost at the next moment, the ground that Zhang Kai was standing on suddenly collapsed. A golden centipede, hundreds of meters long, suddenly emerged from the desert, opening its bloody fangs. I took a big mouthful, but I didn't eat anyone, but I ate a mouthful of yellow sand.

If Ye Feng hadn't lifted Zhang Kai up and flew into the air just now, Zhang Kai would have been chewed up and eaten by this golden centipede in an instant.

"What a danger! There is actually a poisonous insect hiding in the dark!"

Zhang Kai was so frightened at this time that he couldn't help but said in anger: "It seems that this big golden centipede and the big white-bone scorpion just now are hunting together. The big white-bone scorpion is responsible for attracting attention, and the big golden centipede The centipede is lurking under the desert, ready to attack at any time!"

At this moment, Zhang Kai was so frightened that he broke into a cold sweat, and then couldn't help but look at Ye Feng beside him, and said with great gratitude: "Fortunately, little brother Ye Feng, you have strong perception and saved me in an instant, otherwise, I might have been chewed up now!"

Chapter 5072 White Snake

At this time, Zhang Kai was extremely scared, because the golden centipede just now might have swallowed him up in an instant.

The dense golden fangs in the bloody mouth seemed to be made of steel, and could definitely chew Zhang Kai into pieces in an instant.

Even if Zhang Kai was wearing very powerful armor, he could not resist the sharp teeth of this terrible poisonous insect.

At this time, Ye Feng and Zhang Kai were flying in the air. Looking at the roaring golden centipede below, Ye Feng immediately stretched out a hand.

Buzz!

At this moment, Ye Feng's hand suddenly turned into a golden hand, like a towering mountain bombarding from the sky.

Boom!

Ye Feng's golden hand had terrifying power and oppression, and in an instant, it smashed the roaring golden centipede into pieces.

Next, Ye Feng swallowed the blood energy of the golden centipede and the white bone scorpion that was just killed, but his cultivation did not make a substantial breakthrough.

Because the power of these two poisonous insects was too weak, the blood energy they provided was very little, which only increased Ye Feng's skills a little bit, and there was no way to make Ye Feng's cultivation have a qualitative breakthrough.

At this time, Ye Feng just thought it was a small episode, and followed Zhang Kai, taking Mo Jiuyou, and continued to fly not far ahead.

Soon, under the leadership of Zhang Kai, the three finally came to the entrance of the ancient civilization site found in the underground fighting field.

This is a huge basin, and an ancient bridge appeared under the basin.

Many members of the underground fighting field appeared around the bridge, wearing black armor, fully armed, guarding here.

Swish!

Zhang Kai immediately flew over, took out the token of his core member, and asked some questions.

Seeing the token of the core member, the guards of the underground fighting field guarding the entire ancient bridge let them go.

Zhang Kai took Ye Feng and Mo Jiuyou and walked directly to this ancient bridge.

At this moment, Ye Feng asked in confusion: "How can we enter the ancient civilization site?"

Zhang Kai smiled and said: "I have already asked clearly. This ancient bridge was a formation bridge back then. As long as you pay a certain fee, you can activate this formation bridge and enter the ancient civilization site. The ancient civilization site is an underground space buried under this basin, but this underground space is an independent space like an independent small world."

Hearing Zhang Kai's words, Ye Feng nodded immediately.

And Zhang Kai had obviously paid the fee during the inquiry just now.

So at this time, the three of them saw the entire ancient bridge and began to vibrate.

Buzz!

Accompanied by a violent space fluctuation, the figures of the three people suddenly disappeared on the ancient bridge.

When the three people opened their eyes again, they immediately saw that they had come to an independent small world.

At this moment, the place where they were standing was a swamp full of poisonous gas.

The moment the three entered, Zhang Kai took a breath of swamp gas and immediately felt that his whole body was a little weak.

This made Zhang Kai hold his breath immediately.

Ye Feng and Mo Jiuyou did not react much, because Mo Jiuyou was originally an ancient demon, very powerful, and Ye Feng had a strong physique of the immortal body of the gods, and ordinary poison gas had no effect on him.

So the two of them breathed freely without any harm.

At this moment, Zhang Kai looked around and found that the entire swamp was full of mud, and there were vines that seemed to be able to connect to the sky. It looked very chaotic and very primitive.

Seeing this scene, Zhang Kai couldn't help but say: "It seems that we have been teleported to a very harsh environment. Logically speaking, this kind of ancient civilization ruins should be composed of ancient and dilapidated cities. It seems that we have to get out of this harsh environment first and find the real location of the ancient civilization ruins in this small world. There are good things left by the ancient civilization there, but someone must have gotten there first, so we can't waste time and have to hurry up." Hearing Zhang Kai's words, Ye Feng naturally didn't hesitate at all. He nodded and followed Mo Jiuyou to fly quickly in a certain direction around him, wanting to leave this swamp with a harsh environment. But just when they were just taking action. Boom! Suddenly, a swamp not far away suddenly exploded, and a big snake covered with white scales, several thousand meters long, rushed out of the swamp in an instant, opened its bloody mouth, as if to swallow all three people. Swish! At this moment, Zhang Kai was still brave, and immediately raised the steel sword in his hand and chopped forward.

Bang!

But when the two collided, Zhang Kai's steel sword was instantly blown away by the white scaly snake, and Zhang Kai couldn't help but fly backwards and hit the ground.

Zhang Kai grimaced in pain and couldn't help but say: "This snake is so strong!"

Ye Feng immediately took action at this time.

I saw Ye Feng stretching out a hand, and that hand turned into a big golden hand, with terrifying coercion and power, as if an ancient mountain had bombarded this big snake.

Boom! !

But the two collided and made a huge roar.

Ye Feng's big golden hand did not directly smash the big white snake. Instead, Ye Feng felt his palm vibrate.

"Um?"

This made Ye Feng's eyes suddenly show a look of surprise, and he couldn't help but said: "I didn't expect that this big white snake has such a strong defense."

Mo Jiuyou stood beside Ye Feng at this time and said slowly: "This big white snake seems to contain a trace of the blood of the ancient white dragon in its body, so it has very powerful power. This is an ancient white snake." Relics, it seems that this small world of ancient ruins civilization is a very extraordinary existence. An extremely powerful cultivation civilization must have been born back then. Otherwise, there would be no ancient relics living in it. "

When Ye Feng heard this, his eyes suddenly lit up and he said, "If there is a trace of the blood of the ancient white dragon in the body of this white snake, it will be of great use to me."

Ye Feng's immortal body of the gods requires the power of this very ancient bloodline to evolve.

At this moment, Mo Jiuyou seemed to think that Ye Feng could deal with this huge white snake, so he did not take action directly, and Ye Feng did not let Mo Jiuyou take action. After all, fighting such a powerful beast could also train Ye Feng. combat experience.

At this moment, Ye Feng began to use the Ten Thousand Dragons Black Demon Technique, just in time to test whether this set of peerless inheritance from the demon emperor was powerful.

While Ye Feng was on his way, he had already absorbed a lot of the demonic energy from heaven and earth, and condensed two ancient demonic dragons into his body, so Ye Feng must still have some power when he uses this inheritance now.

Chapter 5073 White Dragon Bloodline

Boom!

Boom!

The moment Ye Feng displayed this set of Ten Thousand Dragons Black Demonic Skills, two huge ancient magic dragons rushed out from Ye Feng's body. They roared and roared, and in an instant they rushed towards the big white snake in front of them. Impact away.

You must know that Ye Feng's own skills are very powerful, so when he uses the Ten Thousand Dragons Black Demon Skill, the two ancient demon dragons released have unparalleled impact.

Seeing this scene at this moment, Mo Jiuyou, who was standing next to Ye Feng, had a look of surprise in his eyes. It seemed that he did not expect that Ye Feng could practice this set of inheritance so fast.

During the short journey, they had absorbed so much demonic energy from heaven and earth and condensed it into two ancient demonic dragons.

You must know that Mo Jiuyou has not only failed to condense any ancient demon dragon, but is still constantly comprehending the secrets of this inheritance and has not yet fully mastered it.

But Ye Feng has already condensed two ancient magic dragons.

And you must know that Mo Jiuyou's cultivation strength is much stronger than Ye Feng, and he is a strong demon from the ancient times.

So seeing this scene at this time, Mo Jiuyou felt a little ashamed. He felt that he was far behind Ye Feng, especially in terms of understanding inheritance, which made Mo Jiuyou feel ashamed.

At this time, after two ancient demon dragons rushed out of Ye Feng's body, they directly bombarded the white snake in front.

It has to be said that the two ancient demon dragons condensed by Ye Feng are very powerful and worthy of being the peerless inheritance of the demon emperor back then.

The two ancient demonic dragons had the powerful power of the dragon clan, and they suppressed the big white snake in an instant.

At this time, Ye Feng's eyes suddenly showed a look of satisfaction.

It seems that this set of inheritance is much more powerful than I imagined.

Boom!

As expected, the two ancient demonic dragons killed the big white snake in a group fight.

Ye Feng didn't even need to do it himself.

This made Ye Feng's eyes suddenly filled with surprise. This time it seemed that this set of inheritance was even more incredible than he imagined.

The moment the Ten Thousand Dragons Black Demonic Skill is used, it can release the independent will of the ancient demonic dragons one after another, and can automatically attack the enemy. You only need to watch the show from the side.

This discovery immediately revealed a look of deep surprise in Ye Feng's eyes. It seemed that the set of inheritance he received this time was much more magical than the various inheritances he had received in the past.

You know, Ye Feng has also practiced this powerful inheritance of group attack attributes before, but most of them were just a momentary bombardment and then dissipated directly.

However, the ancient demon dragon condensed by Ye Feng has no way to dissipate. The moment it is released, it is like turning into a real dragon, which can fight with the enemy until its own energy is exhausted.

At this time, Ye Feng took the two ancient demon dragons back into his body and was very satisfied with the fighting power of the two ancient demon dragons.

At this time, Ye Feng decided that he would quickly condense one ancient magic dragon after another. In this case, when the number of Ye Feng's ancient magic dragons condensed to a certain level, for example, hundreds of ancient magic dragons could be released at once. Demonic dragon, that scene was absolutely terrifying, equivalent to the enemy being attacked by hundreds of ancient dragons in an instant.

Not to mention, after practicing this set of Ten Thousand Dragons Black Demonic Skills to its final state of perfection, you can condense a total of ten thousand ancient demonic dragons into your body.

At that time, once this set of inheritance is used, all ten thousand ancient dragons will rush out. The scene will be absolutely terrifying, and I am afraid that any enemy will be frightened by it.

At this moment, Ye Feng walked to the place where the big white snake had fallen, and directly released the Devouring Domain and began to devour the big white snake.

The blood energy of this big white snake is still very abundant. After Ye Feng swallowed it, he immediately gained a very huge amount of energy. Ye Feng's skill immediately began to increase rapidly.

Boom!

At a certain moment, Ye Feng's body suddenly burst out with a powerful aura of cultivation. With the help of the blood energy of this white snake, his cultivation level directly broke through from the half-step spiritual realm before and stepped into the realm. Achieved the true first level of spiritual realm!

At this time, Ye Feng's eyes naturally showed surprise. He didn't expect that this big white snake didn't have much fighting power, but its blood energy was so powerful.

It seems that the ruins of this ancient cultivation civilization are more extraordinary than I imagined, and can actually give birth to such a powerful creature.

At this moment, Ye Feng also absorbed the blood power of the ancient white dragon contained in the white snake. Mo Jiuyou's guess was correct. The reason why this white snake is so powerful is that it contains so much rich energy. It's because the power of his bloodline is extraordinary.

This big white snake has inherited a trace of the blood power of the ancient white dragon. In the ancient times, the ancient white dragon was almost comparable to a god-like existence. Therefore, after the blood power of the ancient white dragon was absorbed by Ye Feng, he allowed himself The immortal body of the god evolved.

Previously, Ye Feng's immortal body of the gods was on the fifth level of the sixth stage. At this moment, after Ye Feng absorbed a trace of the blood of the ancient white dragon in the body of the white snake, he directly let his immortal body of the gods move from the sixth stage to the fifth level. The fifth level, the sixth stage of evolution and promotion to the seventh level!

And you must know that the Celestial Clan bloodline talent that Ye Feng awakened in the sixth stage of the Immortal Body of the Celestial Being is the Bloodline Furnace, which allows Ye Feng to directly activate and display the power of any bloodline he plundered, and the corresponding bloodline talent ability.

So at this time, after Ye Feng absorbed this trace of the blood of the ancient white dragon, not only did his immortal body of gods evolve and improve, but Ye Feng also gained the innate magical power of the ancient white dragon.

At this moment, Ye Feng was seen slowly activating the blood power of the ancient white dragon in his body.

Buzz!

Almost at the next moment, along with a violent fluctuation, I saw in the void behind Ye Feng, a majestic white dragon with a height of more than 100,000 meters. It was in an illusory state and appeared immediately, blessing Ye Feng. The terrifying power of the ancient white dragon.

"Varied?"

Seeing this scene at this time, Mo Jiuyou standing beside him, including Zhang Kai who fell to the ground not far away, all suddenly widened their eyes.

Zhang Kai stared at the majestic white dragon silhouette of more than 100,000 meters that appeared in the void behind Ye Feng, and couldn't help but said in horror: "Brother Ye Feng, what's going on with you? Are you also the inheritor of the ancient white dragon?"

Chapter 5074 The guy who defies heaven

At this time, Zhang Kai was obviously shocked to the extreme. It seemed that he did not expect that Ye Feng had such a means to summon the shadow of the ancient white dragon's will to give himself strength.

This is obviously beyond Zhang Kai's imagination.

At this time, Mo Jiuyou, who was also a little stunned just now, seemed to have discovered something, and couldn't help but said: "Ye Feng, have you absorbed the blood of the ancient white dragon in the body of the big white snake just now? That's why you can use the shadow of the ancient white dragon's will to give yourself strength?"

It has to be said that Mo Jiuyou is indeed a super strong man in the ancient times. His vision is indeed not comparable to that of Zhang Kai. In an instant, he saw the essence of the matter clearly and discovered Ye Feng's secret.

At this moment, Ye Feng immediately smiled and said: "Yes, after I swallowed the blood energy of that big white snake just now, I extracted a trace of the ancient white dragon's blood from his blood and merged it into my own body. Among them, this allows me to activate the blood power of the ancient white dragon, so that the shadow of the ancient white dragon's will appears and gives me strength. This is an innate magical power of the blood power of the ancient white dragon, which I can use directly. "

"hiss!"

Hearing what Ye Feng said, both Mo Jiuyou and Zhang Kai couldn't help but take a deep breath, and then looked at Ye Feng in admiration.

The two of them probably never thought that they could meet such a heaven-defying guy.

You know, if it is other ordinary practitioners, the most they can do is sell the flesh and blood of the big white snake, or take out the valuable materials from the big white snake in exchange for money, or directly eat the meat of the big white snake, thus increase some of your own blood energy.

But what about Ye Feng?

Ye Feng was able to directly absorb all the power from the white snake's body, directly strengthening his cultivation skills without any loss.

And in addition, what is even more outrageous is that Ye Feng can directly bless and fuse the blood of the ancient white dragon contained in the body of this big white snake into his own body, and can directly use the blood of the ancient white dragon. The power of blood.

This is really incredible!

Even a strong man from the ancient era like Mo Jiuyou felt that Ye Feng's ability should not exist in the world because it was too unbelievable.

Even though Mo Jiuyou has lived for so many years, he has never seen such an incredible ability as Ye Feng.

At this moment, Ye Feng's eyes showed a hint of smile, and he said loudly: "Let's go, we can leave here directly and see what treasures are hidden in the ruins of the ancient cultivation civilization in this small world."

After hearing what Ye Feng said, Zhang Kai reacted and said quickly: "That's right, let's leave this swamp as soon as possible. The environment here is really too bad. We can't waste time. After all, since it has been half a month since we discovered the ruins of this ancient cultivation civilization in the underground fighting arena. Now that we are here, we must be far behind others. We should hurry up, otherwise others will take away all the good things. "

Ye Feng nodded, followed Zhang Kai, and took Mo Jiuyou with him, and immediately flew quickly towards the outside of this harsh swampy place.

Along the way, it seemed that they were affected by the bloody smell of the big white snake being killed. No powerful beasts appeared in this swamp that dared to challenge Ye Feng and the others.

Soon, the three of them left this swamp and came to

outside area.

When they walked out of this swamp, they immediately saw an endless stretch of barren desert outside.

At the end of the desert, there seemed to be faint outlines of ancient buildings.

"Um?"

Seeing this scene, Zhang Kai's eyes immediately lit up and he said loudly: "The ruins of that ancient civilization must be at the end of this desert."

Ye Feng nodded, and the three of them continued on their way without saying anything else.

When they passed through a large area of desert and finally came to the end of the desert, they saw an endless stretch of ancient buildings towering over the earth. .??.

Many powerful practitioners have appeared around, all heading towards the group of ancient buildings.

This group of ancient buildings is spread over a vast area, seemingly stretching for tens of thousands of miles. Even if tens of thousands of people come here to explore, they probably won't be able to explore them all in a while.

Seeing this scene, Zhang Kai immediately brightened his eyes and said: "It seems that we are not too late. Many people have just arrived. It is estimated that they were transported to this small world, and they are all more or less. They were transported to some very harsh environments, such as the swamps we experienced before. They went through many dangers before they were able to get out of the harsh environment, which took a lot of time. It was definitely not as smooth as us. After all, Brother Ye Feng, you are too strong."

Zhang Kai knew very well that because among the three of them, both Ye Feng and Mo Jiuyou were extremely powerful beings, they were able to easily leave that swamp with a harsh environment.

If he is a core member of other underground fighting arenas with a similar cultivation level as Zhang Kai, maybe he

It will be very difficult for them to leave that harsh environment.

After all, this time, if Ye Feng and Mo Jiuyou had not followed Zhang Kai alone into the small world of ancient civilization ruins and the harsh environment of the swamp, he would probably not be able to fight against the big white snake. If they could escape in a hurry, then they wouldn't be able to leave the swamp so quickly.

Thinking of this at this time, Zhang Kai's eyes suddenly showed a hint of joy.

He was very fortunate to be able to come to this ancient civilization site with Ye Feng and Mo Jiuyou this time, so that Zhang Kai could get great help.

Because Zhang Kai knew very well that without Ye Feng and Mo Jiuyou, he might have died in that swamp, let alone come here to explore the ruins of ancient civilization.

At this moment, Ye Feng didn't know that Zhang Kai was thinking so much. Ye Feng just stared at the group of ancient buildings stretching for tens of thousands of miles not far away, with expectation in his eyes, and said loudly: "We Hurry up and enter the ruins of this ancient civilization and explore if there is anything good."

Zhang Kai nodded and said aloud: "But we also need to pay attention to sneak attacks by other strong men. After all, in such an external area, even those who can enter the ruins of this ancient civilization are the core members of our underground fighting arena, but they are not It does not mean that they will live in peace. If we find something very precious, it is very likely that others will be jealous and attack us to steal the treasure. "

When Ye Feng heard what Zhang Kai said at this time, he immediately nodded, with a cold look in his eyes, and said loudly: "Don't worry about this, my perception is very strong, and few people can succeed." Attack us, and if anyone dares to attack us, I will let him know what cruelty is."

Chapter 5075 Blocking the Road

At this moment, Zhang Kai nodded immediately after hearing what Ye Feng said.

This seemingly ordinary and gentle boy is actually an extremely powerful being, and he is definitely a ruthless person.

Zhang Kai firmly believed in this.

So at this time, Zhang Kai was naturally very relieved about Ye Feng.

Next, Zhang Kai took Ye Feng and Mo Jiuyou directly into the group of ancient buildings stretching for tens of thousands of miles ahead.

The moment they entered, several big men in black armor suddenly jumped out.

The faces of these big men are very fierce, and the aura of cultivation exuding from their bodies is a whole level higher than that of Ye Feng.

It has to be said that the core members of these underground fighting arenas are all very powerful.

At this moment, Zhang Kai couldn't help but frowned and said loudly: "Brothers, we are all core members of the underground fighting. What's so special about you suddenly jumping out to block our way? Is there anything? If nothing happens, please step aside."

Hearing what Zhang Kai said, the fierce men who surrounded a few people immediately burst into laughter.

One of them, a big man in black armor holding a golden sword in his hand, walked up directly and seemed to be the eldest brother of this group of people.

The big man in black armor immediately said: "If you want to enter this continuous group of buildings to find cultivation resources, you must obtain our consent and pay some tolls."

"What? Tolls?"

Hearing what this big man in black armor said, Zhang Kai's eyes suddenly showed a look of shock and anger, and then he couldn't help but said: "Who are you? What qualifications do you have to collect our tolls? Who stipulates this ancient rule?" Civilization sites require tolls."

Hearing what Zhang Kai said, this group of men in black armor with fierce faces immediately laughed and said:

"Of course we have stipulated it ourselves. If anyone dares not to pay tolls, we will directly beat him to disability."

After saying that, the big man in black armor with the golden sword in his hand suddenly took action and charged directly in the direction of Zhang Kai.

Click!

Poof!

The golden sword in his hand was obviously a very powerful weapon. It actually split the armor Zhang Kai was wearing into pieces. Then Zhang Kai flew backwards and suffered heavy injuries.

It has to be said that the reason why this group of people dare to forcefully collect tolls here is that they are obviously very powerful.

There was a huge scar on Zhang Kai's entire chest, blood was flowing out, and he suffered heavy injuries.

"Um?"

When Ye Feng saw this scene, his eyes suddenly turned cold and he said aloud: "I didn't expect that among the core members of the underground fighting arena, there would be people with bad conduct like you. I didn't want to explore the cultivation resources, but instead If you forcefully plunder the wealth of your fellow sect members here, then you will all die!"

After finishing speaking, the eyes of the fierce-faced armored men suddenly showed a look of astonishment, and then they laughed loudly and said: "Boy, who are you? You dare to say such arrogant words? It seems that The second person we want to cripple is you!"

boom!

But at this time, Ye Feng suddenly displayed the Ten Thousand Dragons Black Magic Skill.

Boom!

Boom!

Almost at the next moment, two majestic ancient magic dragons rushed out of Ye Feng's body.

Every ancient magic dragon contains huge and extreme power, and it is directly bombarded.

The group of black armored men in front of them made them all fly backwards in an instant, vomiting blood.

"What??"

"So powerful??"

At this time, this group of five black armored men who wanted to forcefully collect tolls couldn't help but have deep horror in their eyes.

Because they never thought that the most ordinary-looking young boy among the three people would have such a powerful strength, which was beyond their expectations.

At this moment, the five black armored men immediately wanted to escape from here in fear.

Because they realized that Ye Feng, a young boy who looked ordinary, was definitely a being with extremely terrifying strength and was not something they could fight against.

But just when they were about to turn around and flee, Ye Feng controlled two ancient magic dragons and entangled all five of them.

"No!!!"

Then in their horrified eyes, the five people were instantly torn to pieces and strangled to death by two ancient demonic dragons!

boom!

At this time, Ye Feng released the devouring domain and devoured the blood and energy of these five people. Two powerful cultivation auras immediately erupted from his body.

At this moment, Ye Feng actually broke through the two heavens in a row and entered the third heaven of the spiritual void realm!

At this time, Ye Feng sensed the aura of his breakthrough in cultivation, and a look of surprise suddenly appeared in Ye Feng's eyes. It seemed that he did not expect that these five fish-like figures could actually improve his cultivation so much.

But just now Ye Feng also sensed that the five black armored men blocking the road were actually a level higher than his own, but their actual combat power was pitifully weak.

At this moment, Ye Feng couldn't help but shook his head and said loudly: "These people are a whole level higher than me in cultivation, but I didn't expect that their real combat power is so weak."

Mo Jiuyou suddenly came to Ye Feng's side and couldn't help complaining: "It's not that they are weak, it's that you are too strong. You have to know that you used Ten Thousand Dragons Black Demon as soon as you came up. Kung Fu is such a terrifying and peerless inheritance. You have to know that the Ten Thousand Dragons Black Demon Kung Fu is a top-level inheritance that many leaders of super powers cannot obtain. It is the royal and peerless inheritance of our demon emperor back then. You use this terrifying His ultimate move will naturally cause huge damage to these five powerful men."

When he said this, Mo Jiuyou seemed to have thought of something, and couldn't help but said in admiration: "Ye Feng, your skills are really powerful. You just killed that big white snake. Just now." After using this set of inheritance, I didn't expect that you can still use the Ten Thousand Dragons Black Demon Technique against these five powerful men, and it seems that you can still unleash it many times. Your skill is really too powerful. You know, this ultimate level of peerless inheritance, even after I successfully practice it, it is impossible to use it twice at the same time in a short period of time. "

Hearing what Mo Jiuyou said, Ye Feng couldn't help but grin and said, "I am born with very powerful skills."

At this time, Ye Feng also understood that it was not that the opponent was weak, but that the power blessed by his own inheritance was too strong, so he killed the five black armored men in an instant.

After all, the energy provided by these five black armored men to Ye Feng allowed Ye Feng to break through the sky twice in a row, which is enough to show that these five black armored men are not weak in themselves. They are first-class strong men. It is a pity that they met Ye Feng is such an incredible existence.

At this time, Zhang Kai struggled to fly over from not far away, and couldn't help but said: "They deserve to die. They dare to block our way and want to forcibly collect our wealth. They really deserve to die!"

Chapter 5076 Underground Tomb

At this moment, Zhang Kai naturally hated these people who were blocking his way.

Because these people who blocked the road just now taught him a terrible lesson.

And Zhang Kai hates the fact that iron cannot become steel.

Because the ancient civilization relics discovered in the underground fighting site this time contain many treasures and wealth handed down from ancient civilizations.

However, these strong men, who are also core members of the underground fighting arena, not only did not take the initiative to search for good things in those ancient ruins, but instead collected tolls here and bullied their fellow sects. This is really abominable.

Although Zhang Kai, as a core member of the underground fighting arena, fights for himself most of the time, Zhang Kai has always lived in the underground fighting arena, so he actually has some sense of belonging to the underground fighting arena.

Now seeing the core members of these underground fighting arenas forcibly bullying others, Zhang Kai was naturally very angry.

At this time, Ye Feng just nodded, smiled and said: "Let's go, these are just some small fish, don't let them affect your mentality."

Hearing what Ye Feng said, Zhang Kai immediately nodded.

At this time, Zhang Kai was even more grateful that he could know such a monster like Ye Feng.

Without Ye Feng to lead the way, it would be difficult for Zhang Kai to move forward in this ancient civilization site.

Whether it was the harsh environment or the threats from other strong men, Zhang Kai felt a deep and huge crisis.

Zhang Kai never thought that there would be so many bad situations in the ancient civilization ruins this time. If he hadn't brought Ye Feng and Mo Jiuyou with him this time, Zhang Kai would have had no choice but to escape from here, let alone go looking for it. What a treasure.

At this time, Ye Feng didn't say much, but took Mo Jiuyou and Zhang Kai into the group of ancient buildings in front of them.

Buzz!

At this time, the moment Ye Feng walked into this group of ancient buildings, he directly emitted the energy fluctuations that his huge soul power could exist.

Because if there are some very precious things in these ancient buildings, then they will definitely emit very strong energy fluctuations.

At this moment, Ye Feng is naturally making full use of his soul power to explore. In this aspect, even Mo Jiuyou, who is much stronger than Ye Feng, will never be able to surpass Ye Feng.

Because Ye Feng's soul power is much stronger than the perception of many superpowers.

Soon, Ye Feng's soul force discovered a very strong energy fluctuation, and he immediately flew quickly in that direction. Zhang Kai and Mo Jiuyou naturally followed Ye Feng and flew in that direction.

A moment later, Ye Feng had arrived in front of a dilapidated ancient palace.

Most of this ancient palace has collapsed, and the outside is covered with dirt. It is deserted and no one has been here at all.

Because at first glance, this place is a dilapidated place with nothing.

The contents inside had probably been looted in those ancient times.

But when Ye Feng came here, he seemed to take it seriously.

Zhang Kai was a little confused and couldn't help but asked: "Brother Ye Feng, this palace has collapsed for a long time, and looking from the outside to the inside, it seems to be bare inside, and there is nothing good at all."

Ye Feng smiled slightly at this time and said aloud: "Some good things cannot be seen through human eyes. They need to be perceived deeply."

At this moment, after Ye Feng finished speaking, there was no

Without hesitation, he immediately walked into this dilapidated palace.

Mo Jiuyou also followed Ye Feng and didn't say much. After all, Mo Jiuyou actually didn't have much interest in these so-called ancient civilizations. He was one of the three commanders of the demon empire in the ancient times. , is very powerful, and actually doesn't have much interest in ordinary cultivation resources.

The reason why he followed Ye Feng this time was mainly because of his promise to Ye Feng, to follow Ye Feng and help Ye Feng.

At this moment, Zhang Kai followed Ye Feng with a hint of interest in his eyes.

Since Zhang Kai had experienced so much with Ye Feng, it can be said that he has already believed in Ye Feng for a long time. So now that Ye Feng felt that there were good things in this dilapidated ancient palace, Zhang Kai didn't ask any more questions. Just follow Ye Feng to see what mystery is inside.

After all, this palace is outside, and it seems to be a shabby place without any good things.

At this moment, Ye Feng walked into this ancient palace. According to the perception of his soul power, there seemed to be some very mysterious energy fluctuations underneath this palace.

Moreover, this energy fluctuation was quite strong, making Ye Feng very curious about what kind of good things existed in this seemingly dilapidated palace.

At this time, Ye Feng walked into the palace, suddenly squatted down and pressed his hands on the ground.

"Um?"

Seeing this scene, Zhang Kai's eyes showed a look of surprise, and he put his ears to the ground, as if he wanted to hear what was going on under the ground.

However, he listened for a long time and found nothing.

At this time, Ye Feng suddenly said: "There is an ancient formation under this palace, but this formation is caged by a very secret energy.

It's covered, and ordinary people can't detect it at all. If it weren't for my strong perception, I probably wouldn't be able to detect the fluctuations of the formation here. "

After saying that, Ye Feng directly turned his eye to move the world and looked down at the entire palace, wanting to find out how to unlock this formation.

Because Ye Feng felt that this formation seemed to be binding and hiding something very precious.

Sure enough, under the observation of Ye Feng's Eye of Heaven and Earth, all the hidden things were revealed in front of Ye Feng without reservation.

boom!

Ye Feng saw through the entire formation and directly stretched out his hand to smash the formation.

Almost the next moment.

Boom!

The entire ground suddenly collapsed completely.

After the ground of this ancient palace collapsed, a small underground space appeared.

At this time, Zhang Kai seemed to have discovered something among the rubble. He immediately couldn't help but said in surprise: "There seems to be an ancient tomb in this collapsed underground space. Whose tomb is this?" ? Why would someone build a tomb under such a dilapidated palace, and even use a special formation to hide this tomb? "

At this time, Ye Feng's eyes also showed a look of interest, and he said loudly: "I have gone through all the trouble to bury this tomb here. It seems that there must be a big shot from the ancient times buried in it."

After saying that, Ye Feng walked directly into the small tomb, followed by Mo Jiuyou and Zhang Kai.

But the moment they entered the underground tomb, their eyes showed a look of astonishment.

Because they saw that there were no ancient burial objects or treasures in this small tomb, only a cold corpse that seemed to be very young, lying in an ancient gold coffin.

Chapter 5077 Big Brother

At this time, seeing this scene on the field, Zhang Kai who was standing aside couldn't help but said: "I originally thought it was the burial place of a big shot, with a lot of wealth and treasures, but I didn't expect it was just an ordinary person. There is nothing in the human tomb, and the corpse does not emit any particularly large energy fluctuations. It should be just an ordinary person, and he does not wear any precious decorations. "

Hearing what Zhang Kai said, Ye Feng also looked a little confused, because this tomb place also had a formation on it, specially hidden under this inconspicuous collapsed palace.

After doing so much, it's just the grave of an ordinary person?

This is a little unreasonable.

At this moment, Mo Jiuyou, who was standing aside, had been silent, but at this time he suddenly said: "This is not a corpse. I feel that there are very obscure life fluctuations in this so-called corpse." "

"Um?"

Hearing what Mo Jiuyou said, Ye Feng and Zhang Kai suddenly had a look of surprise in their eyes.

Ye Feng didn't realize that there was still a trace of life on this corpse. It wasn't that Ye Feng's perception was not as good as Mo Jiuyou, but that Ye Feng's attention was just on exploring whether there were any treasures around. Mo Jiuyou was not very interested in ordinary cultivation resources, so he had time to explore and sense this corpse.

At this time, the three of them all walked into the golden coffin, but the next moment, what made their eyes look even more astonished was that the young corpse lying in the golden coffin was the corpse of a young woman, but it was not There are no legs, but a snake-like tail.

"Um?"

Seeing this scene, Zhang Kai couldn't help but said in shock: "It's the legendary snake-people clan. Could it be that this ancient civilization relic was the snake-people clan back then?"

Established? "

Ye Feng also had a look of surprise in his eyes at this time. Unexpectedly, this ancient cultivation civilization relic was not left by the human race, but by the snake people.

You must know that in the ancient times, the snake people were a very powerful race that crossed the interface of ten thousand monsters. On the ranking list of ten thousand monsters in the interface, the snake people can definitely be ranked in the top one hundred. I thought that there were traces of the snake people here.

It seems that this ancient cultivation civilization must have been established by the snake people.

This made Ye Feng and Zhang Kai reveal deep excitement in their eyes.

Originally, they thought that this ancient cultivation civilization site might just be left by a very ordinary human race, but they did not expect that it was left by the legendary snake-man clan that could rank among the top 100 on the list of all races in the Ten Thousand Demons Interface.

This shows that this place definitely contains the treasures of the snake people.

At this moment, Ye Feng didn't hesitate at all. He immediately looked at Mo Jiuyou beside him and said, "Are you sure this young woman from the Snake Tribe still has the breath of life?"

Mo Jiuyou nodded and said aloud: "I will never perceive a mistake, because I have also been sleeping for tens of thousands of years, and I am very familiar with this state of suspended animation. This young woman from the snake-people clan should be in a state of suspended animation." A state of suspended animation. As long as it is triggered by some external energy, it will wake up, but I don't know how to wake up this young woman from the snake family. "

Ye Feng thought about it for a moment, then nodded and said, "Then let me try it."

Buzz!

At this time, Ye Feng did not hesitate and directly activated the life spring in his body.

This spring of life was obtained by Ye Feng a long time ago. It can continuously restore his injuries and heal his damaged body during the battle.

But now Ye Feng wants to try using this magical spring of life to see if he can revive this young woman from the Snake Tribe who is in a state of suspended animation.

At this moment, Ye Feng walked up to the golden coffin and stretched out his hand.

Wow!

The next moment, a special spring water surged out of Ye Feng's fingers.

It is the fountain of life.

When Mo Jiuyou saw this scene, his eyes showed a hint of surprise, as if he did not expect that Ye Feng would have such a rare treasure on his body.

Zhang Kai didn't know the spring of life at this time, so he couldn't help but look at Mo Jiuyou beside him, and asked aloud: "Senior, what kind of water does brother Ye Feng use?"

Mo Jiuyou said slowly: "It is a very special life spring water that can help seriously injured creatures return to their prime state. Moreover, if your arm is cut off or a leg is broken during the battle, Yes, if you cover it with the spring water of life, it can help you grow back your original bones and flesh."

"What?"

Hearing Mo Jiuyou's explanation, Zhang Kai's eyes suddenly showed a look of astonishment, and then he couldn't help but said in admiration: "Brother Ye Feng is really mysterious. Not only is his cultivation and strength inheritance very He is so powerful and heaven-defying that he never expected to have such treasures from heaven and earth in him. This spring of life can be said to be the most miraculous treasure from heaven and earth that I have ever seen.

It's so precious, I'm afraid it's hard for those ancient powers to have this kind of spring of life. "

Hearing what Zhang Kai said, Mo Jiuyou nodded and said: "Even our Demon Empire did not have the spring of life. If His Majesty, the emperor of our Demon Empire, had obtained the spring of life, the refining If it is transformed into his own body, he will not die from the siege of a group of Buddhist and Taoist saints, because the life spring can help the user quickly recover from injuries at any time. As long as he is not wiped out in an instant, he can slowly pass through. The fountain of life to heal, heal and rejuvenate to your peak state."

While the two were discussing, Ye Feng showed a hint of surprise in his eyes, and then he said with some disappointment: "I can't seem to be able to kill this young woman from the snake-man clan even with the spring of life. Wake up, this young woman from the snake people who was secretly buried here must have an extraordinary identity. If she can be rescued, she will definitely be able to show us where the snake people's treasures were. "

Hearing what Ye Feng said, Mo Jiuyou, who was standing by, couldn't help but said: "If you pour more life spring water, it stands to reason that you can save the life. After all, the life spring water is a very magical existence, isn't it? Not enough? Add more."

And when Mo Jiuyou was talking, Ye Feng's eyes suddenly moved.

Because Ye Feng saw that the young woman from the Snake clan who was lying peacefully in front of her suddenly moved slightly with her tightly closed eyes.

Immediately, this young woman from the Snake Tribe suddenly opened her beautiful eyes. She saw Ye Feng staring at her for the first time, and then she said very simply: "Are you my savior? My father said that the first person I saw when I woke up was my savior and told me to obey him in everything. Big brother, what is your name? "

Chapter 5078 Huge help

At this time, when they heard this young woman from the Snake clan say this, not to mention Ye Feng, even Mo Jiuyou and Zhang Kai, who were standing next to Ye Feng, had a look of astonishment in their eyes.

None of them seemed to have expected that the young woman from the Sheren clan who had awakened in the coffin would actually say such words.

At this moment, this Snake Tribe woman named Xiaoya has a pair of beautiful big eyes, which gives people a very innocent feeling. She seems to be a girl who does not care about the world.

Ye Feng thought for a moment, and then said aloud: "Hello, my name is Ye Feng. I came here accidentally. I didn't expect to wake you up early."

Hearing what Ye Feng said, Xiao Ya immediately nodded and said, "It's not unintentional. Daddy told me back then that the person who can revive me is my destined savior. From now on, Xiao Ya will follow Brother Ye Feng. Xiaoya will do whatever Brother Ye Feng says. This is destiny."  
"

Hearing what the girl said, Ye Feng was a little bit dumbfounded. He didn't expect that he had saved such a very innocent-looking girl.

At this moment, Ye Feng nodded and did not dwell on anything, but asked aloud: "By the way, Xiaoya, what was your status in your snake-man clan back then?"

Ye Feng vaguely felt that this snake girl named Xiaoya was definitely not a simple existence.

At this moment, hearing Ye Feng's question, Xiaoya walked out of the coffin, came to Ye Feng, and said loudly: "My father was the leader of the snake clan, but he suffered a disaster, and he took me away. Being sealed underground in advance allowed me to survive safely to this day, but our entire snake-man clan might have been wiped out in that disaster."

When she said this, Xiaoya, a girl from the snake tribe, suddenly showed a trace of sadness in her eyes.

Ye Feng nodded and patted

He patted the other party's shoulder and said loudly: "Don't worry, now that you are alive, it means that there is still hope for your snake people."

When he said this, Ye Feng suddenly asked: "Where are the treasures and wealth of your snake people? Can you take me there? Maybe that place has the inheritance of your snake people, and what your father left behind." Something for you."

Hearing what Ye Feng said, Xiaoya suddenly showed a very surprised expression and said loudly: "Brother Ye Feng, how did you know? Daddy told me long ago before sealing me. After I wake up, let me go to the secret inheritance place of the snake people. There are things left by my father in that place, which can allow me to regain the divine power of the snake people. "

Hearing what Xiaoya said, Ye Feng's eyes suddenly lit up, and then he said, "Okay, then take me there as soon as possible."

Ye Feng did not expect that Xiaoya's plan coincided with his own.

When Mo Jiuyou and Zhang Kai saw this scene, they both had surprised smiles on their faces.

It seemed that this time they really had no idea where to find it, and it took no effort at all.

Unexpectedly, under the small palace, I found the daughter of the snake clan leader.

This Xiaoya, as the daughter of the snake-people clan leader, must know a lot of inside information and be able to lead them directly to the snake-people clan's most precious heritage treasure.

At this time, Ye Feng nodded, sensed it, and found that Xiaoya didn't have any power, just like a mortal.

This made Ye Feng couldn't help but show a look of surprise in his eyes, and asked aloud

: "Xiaoya, as the daughter of the leader of the snake-people clan back then, why don't you have any skills? Logically speaking, your snake-people clan can be ranked among the top 100 powerful races in the ranking list of the ten thousand monsters interface. Isn't it that you are not willing to train the daughter of a patriarch like you?"

Hearing what Ye Feng said, Xiaoya immediately shook her head and said: "My power was very powerful back then because I inherited the power of the most orthodox ancient snake god of the snake people. But in that disaster Among them, my father deprived me of my divine power and sealed it in the inheritance place of our snake-man clan, because only in this way can I avoid the pursuit of those terrifying and powerful men back then. I can only become As a mortal, sleeping underground, those terrible and powerful men cannot find me. That's why my father told me that after I woke up, my father asked me to go to the inheritance place in order to regain what I had been deprived of back then. A divine power."

Hearing what Xiaoya said, Ye Feng's eyes suddenly showed a look of surprise, and he said loudly: "Okay, I understand."

At this time, Ye Feng took Xiaoya, followed by Mo Jiuyou and Zhang Kai, out of the underground space and returned to the ground.

At this time, Ye Feng seemed to have thought of something, and immediately looked at Xiaoya beside him, and said loudly: "You stay by my side, otherwise you may be in danger. After all, you don't have the magic power yet." Back to you, you are now as weak as a mortal."

"Uh-huh."

When Xiaoya heard what Ye Feng said, she immediately nodded obediently, stretched out a small white hand, took Ye Feng's palm, and followed Ye Feng very intimately. It seemed that everything was going well with Ye Feng. Wind dominates.

Seeing this scene, Zhang Kai immediately grinned and said: "Brother Ye Feng, don't you do this this time?"

Not only did I receive great opportunities, but I also received a beautiful woman in my arms. "

Hearing Zhang Kai's rather teasing words, Ye Feng immediately shook his head helplessly and said nothing more.

Xiaoya seemed to sense something at this time, and said aloud: "Brother Ye Feng, I have sensed the specific location of the inheritance place that my father left for me. Let's go directly in that direction."

Ye Feng nodded, with a look of joy in his eyes, and said loudly: "In this case, we don't need to find where the inheritance place is. I didn't expect you to be able to sense it directly."

Xiaoya nodded, looked around, her eyes seemed to show a trace of sadness, and said loudly: "I didn't expect that the place where our snake people were so glorious back then would turn into such a ruin now."

Ye Feng smiled slightly at this time, patted the other party's shoulder, and said loudly: "When you regain your divine power, you may be able to rebuild the glory of the snake people in this ruins."

For Ye Feng, now that he had inadvertently saved the daughter of the leader of the snake clan, he could help her find the power of inheritance and gain divine power.

This is also a great help to myself.

In addition, if there are any good training resources, Ye Feng can also share them.

After all, this Xiaoya had just said that she regarded herself as her savior and would listen to herself in the future.

So for Ye Feng, helping Xiaoya is also helping himself.

Because if Xiaoya regains her divine power, or even really re-establishes the snake-people clan in these ruins, it will be of great help to Ye Feng's future.

Chapter 5079 It's amazing

At this moment, Ye Feng pulled Xiaoya, Mo Jiuyou and Zhang Kai, and walked quickly towards the inheritance place that Xiaoya sensed.

For Ye Feng, helping Xiaoya is also helping himself, so Ye Feng naturally did not refuse and took Xiaoya to the inheritance place to help Xiaoya regain her divine power.

Moreover, the inheritance place of the snake people might contain very rich cultivation resources. For Ye Feng, that is a good place.

At this moment, Xiaoya's feeling is very strong, and several people will soon be close to the inheritance place.

When several people actually arrived at this inheritance place, there was a hint of surprise in their eyes.

Because the place of inheritance that Xiaoya sensed was in the most remote place among the thousands of miles of buildings.

The place is overgrown with grass and there are not even many buildings, it just looks like an abandoned and desolate place.

Seeing this scene at this time, Zhang Kai couldn't help but asked: "Little girl, is this place really the most important inheritance place of the snake people?"

Hearing what Zhang Kai said, Xiaoya nodded with certainty and said, "My father was afraid that other people would discover this place, so he specifically chose the place of inheritance in an abandoned place where no one paid attention."

When he said this, Ye Feng asked aloud: "Xiaoya, do you have a way to open the inheritance place? I can't sense anything special around here even with my powerful soul power."

You know, under the palace where Xiaoya was hiding before, Ye Feng's soul power could sense the energy fluctuations of the formation, but here, Ye Feng could not sense any energy fluctuations.

Xiaoya smiled slightly at this time, nodded, and said loudly: "Of course I have a way to open the inheritance place. I only need to use the most orthodox blood of our snake people to open it."

After saying that, Xiaoya stretched out a small white hand and released a drop of blood, which dripped on an already yellowed step in front of her.

This step was made of stone, and it looked like a collapsed wall. But when Xiaoya's blood dripped on this broken stone step, there were unexpectedly very precious lines on the surface of the stone. The golden network began to shine.

Buzz!

Almost at the next moment, the entire stone steps began to shake rapidly.

Then the entire ground began to collapse.

In the rather surprised gazes of several people, the entire ground collapsed, and a very secret underground passage appeared.

"Um?"

Seeing this scene, Zhang Kai couldn't help but exclaimed in admiration: "The snake people are worthy of being ranked among the top 100 in our ten thousand monster interface ten thousand clan rankings, and they can actually pass the bloodline secret technique. Hiding in such a secret place, even the powerful soul power of Brother Ye Feng cannot be detected, it is really magical. "

Xiaoya couldn't help it anymore at this time, and quickly took Ye Feng's hand and said loudly: "Brother Ye Feng, let's go in directly. This underground is the inheritance place left by my father. If we can enter the inheritance In this land, I will be able to regain the divine power of the snake people, and I will no longer be so weak, and I can help Brother Ye Feng a lot."

Ye Feng naturally did not hesitate at this time. He nodded quickly and followed Xiaoya, walking quickly towards the underground passage.

Mo Jiuyou and Zhang Kai also followed suit.

When they arrived underground, they immediately saw that the entire underground space was not very wide, just like a small basement.

But in this basement, there is a huge ancient sculpture with a human body and a snake tail. It also holds a snake staff in its hand. It looks very majestic and has great majesty.

Xiaoya immediately showed deep piety in her eyes and said loudly: "Brother Ye Feng, this is the ancient snake god that our snake people have always believed in. It is he who has given our snake people a long life." Yuanhe's powerful divine power."

After finishing speaking, Xiaoya looked around, as if she wanted to find something.

Suddenly, Xiaoya's beautiful eyes lit up, and she ran quickly towards a certain direction in the underground stone room. Soon he came to a wall.

There is a groove on this wall, and inside the groove is a round bead that emits golden light.

Xiaoya immediately said excitedly: "Brother Ye Feng, this is what my father left for me back then. My father deprived me of all my divine power and sealed it all in this sealing crystal. "

Buzz!

After finishing speaking, Xiaoya directly stretched out her white hand and pressed it on the round bead.

Buzz!

Almost at the next moment, streams of very powerful golden energy rushed out from the ball, directly covering Xiaoya's entire body.

At this moment, several people present could see the golden energy, as if it were alive, merging with every inch of flesh and blood in Xiaoya's body.

Buzz!

At this moment, Xiaoya suddenly

A mortal suddenly began to become more and more powerful, growing to the point where his final cultivation aura was even much more powerful than Ye Feng's current level.

"It's amazing."

This made Ye Feng's eyes suddenly show surprise, and then he couldn't help but exclaimed: "The snake people are indeed a very powerful race in the past, and they can be ranked at the top of the list of all races. Xiaoya is so young, but she has such powerful divine power in the past. It is worthy of being a race blessed by the ancient snake god." Mo Jiuyou said slowly at this time: "The snake people were indeed a very large race in the past. They believed in the ancient snake god in a certain advanced cultivation dimension, so every snake person has a part of the power of the snake god, not to mention that this little girl is the daughter of the patriarch of the snake people. She is an orthodox descendant. The divine power contained in her body is naturally very powerful. Ye Feng, since Xiaoya has recognized you as her savior, you can assist Xiaoya more in the future and help her rebuild the snake The human race, that will bring you Ye Feng the support of a huge race. "

Ye Feng nodded, but then couldn't help but shook his head with a bitter smile, and said: "But the snake people have been wiped out in that era."

Mo Jiuyou immediately smiled and said: "The snake people can't have only that lineage. As long as this little girl can restore the orthodox divine power of the snake god given to her by the ancient snake god, then she can call on the snake people living in other places in the entire Wan Yao interface to gather here and rebuild the glory of the snake people. "

Hearing what Mo Jiuyou said, Ye Feng's eyes lit up, and then nodded and said: "This is a good direction for development."

When he said this, Ye Feng looked around and said: "Let's also see if there are any treasures and wealth left by the snake people around. "

Chapter 5080 Demon Sealing Monument

Hearing what Ye Feng said, Mo Jiuyou and Zhang Kai, who were standing aside, couldn't help but look around, trying to find the cultivation resources and wealth they needed.

Mo Jiuyou didn't have much interest in such ordinary cultivation resources before. He thought that this ancient civilization relic was just a very ordinary ruins place, and Mo Jiuyou was one of the three major commanders of the Demon Empire at that time. one.

An ancient strong man like him would naturally look down upon ordinary cultivation resources.

But since he learned that this ancient civilization relics place was the place where the snake people stayed, Mo Jiuyou naturally became interested.

After all, the snake-men clan is definitely one of the most powerful races in the world of monsters.

The Snake people must have a very rich heritage.

At this time, Zhang Kai couldn't help but sigh and said: "Snake people are such a huge race. I don't know what kind of disaster they encountered back then. The entire army was annihilated, and all the bases of the entire race were destroyed. , I don't know which powerful force did it." ???.

Ye Feng heard what Zhang Kai said at this time, his eyes flickered slightly, and he said: "I will ask Xiaoya about this when the time comes. After she has received the inherited divine power, I will ask her carefully. After all, Xiaoya will be here next." If Ya wants to continue to establish the foundation of the entire snake-people clan here, he may have to face the enemies who destroyed the entire snake-people clan in the future."

At this time, Ye Feng suddenly felt a sense of urgency.

After all, Ye Feng didn't think at first that the enemies of the Snake People might still be alive. If those enemies saw that the Snake People still had such a "fire" in Xiaoya, they would definitely try their best to destroy Xiao Ya.

At this moment, Mo Jiuyou was silent for a moment, and then said aloud: "Ye Feng, the powerful force that was able to destroy the snake people back then must have been very terrifying. I think you should not assist Xiaoya in establishing the entire clan for the time being. As for the foundation of the snake-people clan, let Xiaoya stay with you first, and then we can discuss restoring the foundation of the snake-people clan after she becomes strong enough."

Ye Feng nodded after hearing Mo Jiuyou's suggestion.

Buzz!

Immediately, Ye Feng emitted soul power and covered the surrounding area.

Soon, Ye Feng discovered some energy fluctuations from a wall not far away.

Ye Feng walked over and immediately saw many crystals emitting purple light growing on the wall.

Seeing this scene, Ye Feng immediately understood that this should be the energy amethyst cultivated by the snake people.

Buzz!

At this moment, Ye Feng did not hesitate, and directly released the devouring domain, stretched out his hand and pressed it on the energy amethyst, and began to absorb the energy in it.

The power contained in this energy amethyst is very advanced and powerful. It is a treasure left by the snake people. Ye Feng immediately felt a huge amount of energy, which was swallowed up by himself and absorbed into his dantian. He was rapidly Strengthening Ye Feng's skills.

Ye Feng's cultivation aura immediately began to grow.

boom!

The fourth level of the spiritual realm!

boom!

Fifth level of spiritual void realm!

At this moment, Ye Feng's cultivation level unexpectedly broke through two levels in a row, making Ye Feng's eyes suddenly reveal a look of surprise.

You know, Ye Feng's current cultivation level is already very high, and the energy required for each breakthrough is very huge.

Unexpectedly, such a small piece of amethyst could actually make Ye Feng's cultivation reach two levels in a row.

This made Ye Feng have to sigh, the snake people clan was really brilliant back then, otherwise it would not be possible to leave such high-level treasures.

At this moment, Zhang Kai found a set of armor completely made of black gold in a ruins not far away, including a helmet.

This set of black gold armor is obviously a high-end armor built by the snake people back then, and it has very strong defensive power.

Zhang Kai immediately took off the broken armor on his body with a smile, and then directly put on this brand new set of black gold armor, including the helmet, on himself.

At this moment, Zhang Kai felt as if he had turned into a cold fighting machine.

Zhang Kai immediately grinned and said: "This set of armor is really too advanced. I feel that after wearing this set of armor, I will become very resistant to beatings."

Hearing what Zhang Kai said, Ye Feng just laughed and said, "Congratulations on finding what you need."

At this moment, Mo Jiuyou seemed to have discovered something, and couldn't help but said in surprise: "Ye Feng, come and take a look, there is an ancient demon-sealing stele here."

"Demon Sealing Monument?"

Ye Feng heard Mo Jiuyou's call and immediately walked over.

When Ye Feng came to Mo Jiuyou, he immediately saw a huge black stone tablet appearing on the ground at the deepest point of the underground stone chamber.

There is an ancient symbol engraved on this black stone tablet. This ancient symbol represents something that Ye Feng cannot understand.

Zhang Kai also walked over and couldn't help but ask: "Senior Mo Jiuyou, what exactly is this demon sealing tablet you mentioned?"

Ye Feng had some guesses at this time, but he did not directly express his guesses because Ye Feng wanted to hear what Mo Jiuyou discovered.

At this time, Mo Jiuyou's expression seemed to be a little...

He said solemnly and slowly: "In ancient times, this kind of stone tablet was specially used to seal very scary dark creatures. In other words, under this stone tablet, there may be a very scary dark creature sealed. , but I'm not sure about this, I'm just guessing."

Hearing what Mo Jiuyou said, Ye Feng nodded and said: "I just sensed it a little bit, and I can indeed sense a very huge dark energy surging under this stone tablet. I estimate that it destroyed the entire The roots of the snake people should be a very terrifying and powerful dark race."

Zhang Kai heard what the two said and saw that their expressions were very serious, so he fell silent for a while and did not dare to say anything more.

At this time, Mo Jiuyou said aloud: "After that little girl accepts all the divine powers in the inheritance, we will leave here as soon as possible. This ancient civilization site is an ominous place."

Ye Feng also nodded at this time, not daring to rashly explore the possible dark creature sealed under this stone tablet.

At this moment, the three of them all walked back and forth from the stone tablet, walking towards the direction where Xiaoya accepted the inheritance.

But just when they were about to turn around and leave, something unexpected happened.

Click! Click!

I saw cracks appearing on the surface of the Demon-Sealing Monument just now, and it seemed that it would be completely broken in the next moment.

"not good!"

Seeing this scene, Ye Feng's face immediately changed slightly, and he quickly said: "Hurry up and get out of here! I can feel a very terrifying dark energy, and it is about to surge out. Compared with Mo Jiuyou, your power is Much more powerful! It seems that the leader of the Snake People clan not only left a legacy in this place of inheritance, but also seemed to have used this special place of inheritance to seal a beast that destroyed the entire Snake People clan. The terrifying dark creature!"
