Chapter 5091 Small Family

For Ye Feng, this Qiqi girl does not know what her true identity is, but this Qiqi girl seems to have great power, and her identity is quite mysterious. She even has access to many forbidden areas in the Daxuan Dynasty palace. All can be entered directly.

Therefore, Ye Feng is naturally making excuses with this Qiqi girl, and wants to use this Qiqi girl to find the Imperial Seal.

Ye Feng actually did not believe that this Qiqi girl could take the initiative to find the Imperial Jade Seal and give it to him, but this Qiqi girl still had great power, so Ye Feng could completely use the Qiqi girl's rights and privileges to find the Imperial Jade Seal. Where exactly.

At this moment, Ye Feng immediately began to walk into this shabby-looking pavilion with the Qiqi girl.

At this time, Miss Qiqi said aloud: "Ye Feng, watch out, I'm going to take action, but I will hold back a little bit and won't hurt you."

Hearing what this Qiqi girl said, Ye Feng laughed happily and said, "Don't worry, attack me with all your strength, and you won't hurt me."

At this time, Ye Feng could already sense that this Qiqi girl's cultivation level was much higher than his own. She was indeed very good, but it was basically impossible to hurt Ye Feng.

Although this Qiqi girl is a level higher than Ye Feng in cultivation, Ye Feng's extremely powerful fighting power can completely suppress this Qiqi girl with one move.

However, Ye Feng did not tell this matter. After all, he had to save some face for the other party. He would also rely on the identity and power of this Qiqi girl to find the imperial seal.

At this time, Miss Qiqi saw that Ye Feng seemed to be quite confident, and immediately couldn't help but said: "My cultivation level is a whole level higher than yours, and my inheritance is our Great Mysterious The inheritance of orthodoxy in the dynasty is extremely powerful, so you must be careful when I take action. "

Hearing what Miss Qiqi said at this time, Ye Feng felt in his heart that this Miss Qiqi had a good heart.

At this moment, Ye Feng did not hesitate and said directly: "Just take action."

Miss Qiqi nodded, and then instantly activated her inheritance.

Ye Feng didn't know what this inheritance was exactly, but the moment Miss Qiqi ran this inheritance, waves of golden aura immediately surged around her body.

These golden auras were actually connected with the surrounding power of luck, and they directly condensed into long golden dragons, surrounding this Qiqi girl.

Almost at the next moment, every golden dragon rushed towards Ye Feng in an instant.

There were more than a dozen golden dragons with extremely destructive power. They attacked in front of Ye Feng instantly, making Ye Feng feel a huge pressure for a while.

But at this time, Ye Feng did not panic, but directly stretched out a hand.

Buzz!

Ye Feng's hand immediately turned into a big golden hand, like an ancient mountain, with terrifying power and sturdiness. It could instantly squeeze the dozens of golden dragons that rushed over. became shattered.

These dozens of golden dragons originally had very terrifying attack power, but the moment they collided with Ye Feng's golden hand, it was as if they had touched an ancient mountain. They were simply destroyed by a tree.

"What?"

Seeing this scene, Miss Qiqi's beautiful eyes suddenly revealed a look of deep astonishment.

She never thought that Ye Feng, who was a level lower than herself, would have such strong power.

However, Miss Qiqi is very smart. She immediately saw that Ye Feng did not exert any inheritance or power just now, and relied entirely on the pure power of his body.

This made Miss Qiqi even more shocked. She couldn't help but said: "Ye Feng, what kind of body refining technique are you practicing? You can actually cultivate your body to such a terrifying level, and you can forcefully It is simply impossible to withstand the collision of the golden dragons that I have condensed. These golden dragons like mine are enough to instantly obliterate strong men who are a level higher than me. But I didn't expect that you could resist with just one hand. Living?"

At this time, Miss Qiqi suddenly felt that Ye Feng was definitely not an ordinary rookie guard.

Miss Qiqi showed a rather cunning look, stared at Ye Feng, looked at her carefully, and said loudly: "Ye Feng, which big family do you come from? To be able to become the royal guard of our Daxuan Dynasty, you must be Various channels and relationships are needed, but there doesn't seem to be a big family called the Ye family in our Daxuan Dynasty."

Hearing what Miss Qiqi said, Ye Feng smiled slightly and said: "Our Ye family is relatively small in the Daxuan Dynasty and is not really a big family, so Miss Qiqi, you are deep in the palace and don't listen. Yes, it's normal. After all, the families you've heard of, Miss Qiqi, must be big, first-rate families. It's normal for there to be super geniuses like me in small families."

Hearing what Ye Feng said, Miss Qiqi immediately nodded. Ye Feng was right. The families that Miss Qiqi knew were indeed first-class big families.

In fact, in the Daxuan Dynasty, there were many small families that were not very popular. In the eyes of ordinary people, those small families might be considered relatively big families, but in the eyes of Miss Qiqi, she could not even hear about those small families. I have never heard of it. It is possible for a small family to produce a super genius. This has happened before. After all, noble families sometimes produce noble children.

At this time, Miss Qiqi stared at Ye Feng and said loudly: "Since you are so powerful, much stronger than I imagined, there is a place I have always wanted to go to, but I didn't dare to go alone. , my brother won't let me go, saying it's too dangerous, but with Ye Feng as a powerful helper, I think we can explore that place."

Hearing what Miss Qiqi said, Ye Feng couldn't help but said, "I may not have that much time."

Miss Qiqi immediately smiled slyly and said loudly: "If you accompany me to adventure in that place, I will quickly find a way to get the Imperial Seal to you."

"Um?"

Hearing what Miss Qiqi said, Ye Feng's eyes immediately lit up and he said, "Okay, where are you going to take risks? Of course I will risk my life to accompany the gentleman."

Girl Qiqi immediately curled her lips and said loudly: "It's only right to risk your life to accompany the beauty!" For Ye Feng, this girl Qiqi didn't know her true identity, but this girl Qiqi seemed to have power. It's quite big, and its identity is quite mysterious. It can even directly enter many forbidden areas in the Daxuan Dynasty's palace.

Therefore, Ye Feng is naturally making excuses with this Qiqi girl, and wants to use this Qiqi girl to find the Imperial Seal.

Ye Feng actually did not believe that this Qiqi girl could take the initiative to find the Imperial Jade Seal and give it to him, but this Qiqi girl still had great power, so Ye Feng could completely use the Qiqi girl's rights and privileges to find the Imperial Jade Seal. Where exactly.

Ye Feng's hand immediately turned into a big golden hand, like an ancient mountain, with terrifying power and solidity. It could instantly squeeze the dozens of golden dragons that rushed over. became shattered.

These dozen golden dragons originally had very terrifying attack power, but the moment they collided with Ye Feng's golden hand, it was as if they had touched an ancient mountain. They were simply destroyed by a tree.

Chapter 5092 Abandoned Palace

It has to be said that although this Qiqi girl has a good heart, she is also an eccentric girl, and even a little unruly and narcissistic.

But Ye Feng would not spoil her.

Therefore, this Qiqi girl has a very good attitude towards Ye Feng.

As she said, this was the first time in the entire Daxuan Dynasty palace that she encountered someone like Ye Feng who did not obey her orders. However, this not only did not make Miss Qiqi angry, but she felt very The novelty, even the secret pleasure of being rejected.

At this time, Miss Qiqi immediately said: "Then you come with me now."

Ye Feng nodded.

In fact, Ye Feng was also very curious as to where this Qiqi girl wanted to take him to explore.

However, as Ye Feng walked along, he suddenly discovered that the place where Qiqi girl wanted to go was not outside the palace or the imperial city, but was still wandering around the palace.

Seeing this scene, Ye Feng couldn't help but said: "Aren't we going outside the imperial city?"

When Miss Qiqi heard what Ye Feng said, she immediately tilted her head, smiled, and said, "Why do you want to go outside the imperial city?"

Ye Feng couldn't help but said: "You said you wanted to explore a very dangerous place. My subconscious thought was to explore the wilderness outside the imperial city."

Girl Qiqi immediately smiled mysteriously and said: "This dangerous place is in the palace, but it is a restricted area and ordinary people cannot enter it because it is said that there are very taboo secrets hidden in it. I have always wanted to enter it. , because I'm too curious, but I don't have the guts to go in alone, and my brother doesn't allow me to go in, but now since Ye Feng is so powerful, let's go in and explore together."

Hearing what this Qiqi girl said, Ye Feng's eyes immediately flashed.

Because Ye Feng suddenly felt that this seemed to be quite heavenly.

A real girl is still very adventurous at heart.

But at this time, since Ye Feng had already agreed to this Qiqi girl, he naturally did not refuse. Instead, he smiled and said, "Okay, then I will accompany you to take a look."

At this time, Miss Qiqi was even more happy when she heard Ye Feng's firm words. She quickly stretched out her white hand, patted Ye Feng's shoulder, and said with a smile: "Ye Feng, you really are. A very good person, just follow me from now on, I guarantee that you will enjoy the good food and drink spicy food."

Hearing what Miss Qiqi said, Ye Feng was a little dumbfounded and didn't say much.

At this moment, Miss Qiqi and Ye Feng had arrived at a rather secret place in the palace.

Ye Feng looked around and found that it seemed to be an abandoned palace complex.

Many buildings in this abandoned palace complex are dilapidated, but they have not collapsed, but are very well preserved.

However, these buildings are very old, and they even feel like the architectural style of the Daxuan Dynasty hundreds of years ago.

This made Ye Feng's eyes suddenly reveal a look of surprise.

It seems that the status of this Qiqi girl is indeed extraordinary. She can enter such an ancient place in the palace of the Daxuan Dynasty.

After all, this kind of place is probably a restricted area where no one is allowed to enter.

Ye Feng couldn't help but guess that this Qiqi girl was probably a person with a very high status in the Daxuan Dynasty, and was probably a member of the royal family.

At this moment, Ye Feng didn't say much because Miss Qiqi didn't tell her her true identity. Ye Feng didn't want to ask more questions and respected the other party's choice.

At this moment, Miss Qiqi brought Ye Feng to the entrance of this ancient abandoned palace area, and then her eyes revealed a rather fearful look.

Seeing this scene, Ye Feng felt a little surprised.

Because Miss Qiqi's previous impression on Ye Feng was that of a unruly and willful little girl who was fearless and fearless. She had the feeling of a female devil in the Daxuan Dynasty.

But now Ye Feng saw that for the first time, this Qiqi girl's beautiful big eyes showed a look that seemed to be fearful.

This made Ye Feng even more curious about this abandoned palace complex.

At this moment, the graceful figure of Qiqi girl suddenly approached Ye Feng, and couldn't help but whisper: "Ye Feng, don't be afraid later, and don't leave me alone, otherwise I will definitely be scared to death because this abandoned palace complex is very dangerous and weird."

After hearing what Miss Qiqi said, Ye Feng finally couldn't help but asked, "The architectural style of this abandoned palace complex seems to be the same as that of hundreds or thousands of years ago, and it is different from the current palaces of the entire Daxuan Dynasty." The other magnificent styles are completely different. Where is this place? "

Ye Feng was a little embarrassed at this time. After all, although Ye Feng was powerful and had many methods, he encountered some unstoppable terrifying crises in some restricted areas of such a top overlord force. Ye Feng was still very worried. Hard to resist.

At this time, Miss Qiqi suddenly whispered in Ye Feng's ear: "It is said that this abandoned ancient palace complex was the place where traitors from our Daxuan Dynasty royal family lived. These traitors were also members of the royal family, but Those who wanted to seize the imperial power were all killed by the second generation emperor of the Daxuan Dynasty. However, they were the royal family after all, so the place where they lived was not directly destroyed, but completely sealed off.

Look up, among this group of abandoned palaces, it is said that there are huge treasures from the royal family back then, but it seems that Ah Piao may appear among them. "

Ye Feng asked in surprise: "What is Ah Piao?"

A rather frightened look appeared on Miss Qiqi's face, and she whispered, "It means ghosts. It seems that there are often haunted places here."

"Forehead?"

At this moment, after hearing what Miss Qiqi said, Ye Feng first showed a look of astonishment in his eyes, and then couldn't help but shake his head and smile.

If it is a very terrifying strong man or monster, then Ye Feng may not be able to fight against it.

But Ye Feng is not afraid of so-called hauntings and ghosts at all, because you know, Ye Feng is a soul master himself, half human and half soul.

Moreover, in Ye Feng's head, there is the great god in front of the soul of Emperor Chu.

At this time, Ye Feng felt a lot more relaxed in his heart. He just smiled and said: "Okay, let's go in directly. Don't worry, since Miss Qiqi trusts me so much and is so good to me, why don't you Find the imperial seal for me, and I will definitely protect you, Miss Qiqi."

Hearing what Ye Feng said, Miss Qiqi had a look of surprise in her eyes, as if she didn't expect Ye Feng to be so courageous.

However, the more courageous Ye Feng became, the more courageous Miss Qiqi became.

After all, Miss Qiqi did not dare to enter this abandoned palace alone.

But with a bold person like Ye Feng here, Miss Qiqi became bolder and said directly: "Okay, let's go in directly."

After saying that, Miss Qiqi approached Ye Feng directly and stayed next to Ye Feng, as if she could find some sense of security in this way.

Chapter 5093 Branches

At this time, Ye Feng and Miss Qiqi were walking among the abandoned palaces.

Miss Qiqi looked around very cautiously, as if she was afraid that a terrible ghost would suddenly appear somewhere.

But Ye Feng didn't care.

Buzz!

Ye Feng exuded soul power at this time, covering the surrounding area.

As long as there is any movement, Ye Feng can detect it in an instant and then make a response strategy.

It has to be said that Ye Feng's soul detection ability is truly incredible, and he can discover things that no one else can.

And you must know that Ye Feng's soul power is emitted invisibly, so the enemy cannot feel it.

After walking for a while, they reached the middle area of this abandoned building.

At this time, Ye Feng saw many decayed corpses lying in the surrounding palaces. Most of these corpses had decayed and only had skeletons left. They looked quite terrifying, and Miss Qiqi couldn't help but Getting closer to Ye Feng again.

This made Ye Feng couldn't help but shake his head and smile. This Qiqi girl looked fearless, but in fact she was very timid.

Ye Feng couldn't help but guess what the true identity of this Qiqi girl was.

And just as Ye Feng was thinking secretly in his heart, Miss Qiqi suddenly exclaimed: "Ye Feng, look at that abandoned palace."

At this moment, Ye Feng quickly looked in the direction that Miss Qiqi said, and immediately saw a corpse that was more than ten meters tall lying in the ancient palace.

This corpse has completely turned into white bones, and the flesh and blood have been corroded, but you can still feel a very shocking feeling from this giant-like corpse.

A look of surprise suddenly appeared in Ye Feng's eyes, and he couldn't help but ask: "How could there be such a corpse of a giant that doesn't look like our human race in this ancient palace complex? Miss Qiqi, what did you say before? This is not to say that this abandoned palace is not the residence of other races, but that the royal family of another lineage of the Daxuan Dynasty was wiped out due to rebellion. Therefore, it stands to reason that the corpses in this abandoned palace complex are, they should all be the corpses of the royal family of the Daxuan Dynasty, but why is there such a huge corpse here? "

Hearing what Ye Feng said at this moment, Miss Qiqi did not answer directly, but started thinking.

Then she seemed to have thought of something, her eyes became more and more excited, and she couldn't help but said aloud: "Is the legend true?"

Ye Feng saw Miss Qiqi looking so excited and couldn't help but ask: "What legend is true?"

Miss Qiqi said slowly: "I once heard my brother accidentally mention that there was a branch among the royal family of our Daxuan Dynasty back then. This branch was even much stronger than the main line today, but that royal family It is difficult for branch lines to produce offspring, because that branch line inherits the most powerful and precious bloodline of the Giant Spirit God in ancient times. Although each one is very powerful, there are very few people in the clan, so they were eventually wiped out by the main line of our current Daxuan Dynasty. Well, that lineage back then mainly fought for the entire Daxuan Dynasty on the battlefield, because all of them had the blood of the Giant Spirit God. During the battle, they could transform into the ancient giant clan and possess the power of the Giant Spirit God. Therefore, the entire The body is very huge. After some have completely awakened the bloodline of the giant spirit god, they can even manifest the true body of the giant spirit god.

It has the majestic power to move mountains, reclaim seas, and shatter heaven and earth. "

Hearing what Miss Qiqi said, Ye Feng's eyes suddenly showed a look of surprise.

At this time, Ye Feng became more and more interested in the opportunities hidden in this abandoned palace complex.

Unexpectedly, among the royal family of the Daxuan Dynasty, another lineage that attempted to rebel and seize power inherited the bloodline of the ancient giant spirit god. No wonder they were so bold and wanted to seize the real imperial power.

It seems that they are no longer satisfied with fighting on the battlefield for the entire Daxuan Dynasty for generations, and want to obtain the ultimate power.

But because there were too few members, it ultimately failed.

It seems that the Daxuan Dynasty still attaches great importance to this lineage, and probably misses it a lot. After all, these tribesmen with the bloodline of the Giant Spirit God must have great fighting power.

Therefore, after the Daxuan Dynasty wiped out all the rebels, it did not completely destroy this place, but sealed it into a restricted area and prohibited others from entering.

At this moment, Ye Feng couldn't help but his eyes lit up, and he said loudly: "It turns out that what Miss Qiqi wants to find is the power of the giant spirit god's bloodline that has been inherited since ancient times."

When Miss Qiqi heard what Ye Feng said, she immediately curled her lips and said loudly: "I don't want the power of the Giant Spirit God's bloodline. If I fuse the power of the Giant Spirit God's bloodline, then my whole body will become A giant that's more than ten meters tall is really ugly."

"Forehead?"

Hearing what Miss Qiqi said, Ye Feng immediately showed a look of astonishment in his eyes.

After all, in the world of spiritual practice, both men and women want to gain powerful power, and appearance does not matter.

Unexpectedly, this Qiqi girl hated herself so much that she would become ugly, and would even reject the extremely powerful bloodline of the Giant Spirit God.

But thinking that this Qiqi girl was an innocent girl, Ye Feng thought it was normal.

After all, this kind of girl has no thoughts, and her status is extremely high. She probably won't have to worry about becoming stronger without various training resources, so she really doesn't need to fuse the blood of the Giant Spirit God in order to become stronger, so that she has a certain probability of making herself stronger. His body directly expanded by more than ten meters.

At this time, Miss Qiqi said: "I want to take an adventure here. In addition to curiosity, I also have an important purpose, which is to see if the royal family with the blood of the Giant Spirit God who rebelled against our main line has any What kind of good treasure is left behind? I once heard my brother accidentally say that the leader of this lineage once built a uniquely powerful weapon for their lineage, called the Ax of the Giant Spirit God. According to legend, If anyone can get the Ax of the Giant Spirit God, he can use the power of the ancient Giant Spirit God, which is enough to split the heaven and earth and reshape the world. So I especially want to get the legendary Ax of the Giant Spirit God, because I want to save my brother's life. Share some worries and relieve the pressure on the entire Daxuan Dynasty. The pressure from the invasion of dark demons on the border is particularly high now, and I want to help. "

Hearing what this Qiqi girl said, Ye Feng's eyes suddenly flashed.

If this Qiqi girl knew that the current Emperor of the Daxuan Dynasty was a fake Dark Demon Emperor, I don't know how shocked she would be.

But of course Ye Feng would not tell this secret directly. After all, he and this Qiqi girl had just met, and they were not yet familiar with each other.

And Ye Feng will not tell this secret easily. After all, the fewer people know, the safer the entire plan against the Dark Emperor will be. At this time, Ye Feng and Miss Qiqi were walking among the abandoned palaces.

Miss Qiqi looked around very cautiously, as if she was afraid that a terrible ghost would suddenly appear somewhere.

But Ye Feng didn't care.

Hearing what this Qiqi girl said, Ye Feng's eyes suddenly flashed.

If this Qiqi girl knew that the current Emperor of the Daxuan Dynasty was a fake Dark Demon Emperor, I don't know how shocked she would be.

But of course Ye Feng would not tell this secret directly. After all, he and this Qiqi girl had just met, and they were not yet familiar with each other.

And Ye Feng will not tell this secret easily. After all, the fewer people know, the safer the entire plan against the Dark Emperor will be.

Chapter 5094 Ancient Text

At this time, since Ye Feng already knew that this abandoned palace complex was the royal family of the Daxuan Dynasty that had the blood of the Giant Spirit God, Ye Feng became even more interested in this place.

Because Ye Feng knows very well that if he can obtain the inheritance and blood of the Giant Spirit God left by this branch, and smelt it into his body, it may be able to help his physique and regain a more powerful true form. The power of the body is the true body of the Giant Spirit God.

However, Ye Feng was also quite interested in that extremely powerful weapon, the Ax of the Giant Spirit God.

After all, although Ye Feng now holds the God's Sword in his hand that can cut all things in the world, he has no way to exert the powerful power of the weapon and can only use the sharpness of the God's Sword itself.

Therefore, Ye Feng knew that if he could obtain an extremely powerful ancient weapon, his powerful magic power would definitely be able to fully stimulate and bring out the inherent power of the ancient weapon itself, causing destructive power that would destroy the world.

But Ye Feng also knew that Miss Qiqi was also very interested in the Giant Spirit God Ax, and she was the one who brought him here.

So if the Giant Spirit God's Ax is really found by then, it won't be a big deal to give it to this Qiqi girl.

After all, Ye Feng can't be too selfish.

After all, it was Miss Qiqi who gave herself such an opportunity to enter the abandoned palace complex.

Therefore, Ye Feng's main focus now is on finding the bloodline of the Giant Spirit God.

At this moment, Ye Feng stared at the corpse of the ancient giant in the abandoned palace not far away. Although it had completely decayed, leaving only a huge skeleton more than ten meters long, Ye Feng still refused to give up and spoke out. Said: "Let's go take a look inside the abandoned palace and see if we can find the legendary bloodline of the Giant Spirit God from the huge skeleton."

Hear Ye Feng

Having said that, Miss Qiqi showed a look of surprise in her eyes and said: "Ye Feng, do you still want to fuse the bloodline of the Giant Spirit God? This is very difficult and almost impossible to do. , because only we, the royal family, are qualified to fuse the power of the ancient giant spirit god's bloodline, and Ye Feng, you belong to a foreign race, so it is basically impossible to merge with the giant spirit god's bloodline. "

Hearing what Miss Qiqi said, Ye Feng grinned and said, "There are so many impossible things in this world. How do you know it's impossible if you don't try?"

At this moment, after Ye Feng finished speaking, he walked quickly towards the abandoned palace.

At this time, Miss Qiqi quickly followed Ye Feng and walked towards the abandoned palace.

When they entered the abandoned palace, Ye Feng quickly walked up to the ancient giant's corpse.

At this moment, Ye Feng could see that the corpse of this ancient giant had completely decayed, with not even a trace of flesh and blood left, which made Ye Feng feel very regretful.

But at this time, Ye Feng still squatted down, stretched out his hand to touch and sense it carefully, and detected whether there was any breath of the giant spirit god's blood on the skeleton.

However, what made Ye Feng a little disappointed was that he could not find any bloodline of the giant spirit god from the giant's skeleton, not even a trace of bloodline.

In this regard, Ye Feng could only sigh. It seemed that he could only continue to search.

But at this time, Ye Feng suddenly discovered that the bones of this dead giant were extremely strong, and his god could not help but

The golden hand transformed from the decayed body cannot be destroyed.

So at this time, Ye Feng felt that the skeleton itself was a very precious thing, so Ye Feng directly put the giant skeleton into his storage ring.

This skeleton will definitely be of great use in the future, or Ye Feng can take it directly to the black market in the underground fighting arena in the Daxuan Dynasty Imperial City, and it will definitely be able to sell it for a good price.

At this moment, Ye Feng explored the abandoned palace again, and suddenly found dense writing on a certain wall of the abandoned palace.

However, these characters were very old and Ye Feng did not recognize them.

The girl Qiqi standing aside suddenly said: "This is the oldest text of our Daxuan Dynasty. I didn't expect so many of them to appear here."

When Ye Feng heard what Miss Qiqi said, there was a look of surprise in his eyes, and he asked aloud: "Can you understand these ancient characters?"

Miss Qiqi nodded and said: "When I was young, I once learned some, but in the end because these ancient characters were too obscure and difficult to understand, I gave up studying, but I still know most of them. Yes, these words seem to describe some sources and records about the bloodline of the Giant Spirit God. In addition, these words also seem to describe this abandoned palace, which seems to have a big secret, but I can't understand the latter part. Understand."

When Ye Feng heard what Miss Qiqi said, he couldn't help but ask: "What's the big secret?"

Miss Qiqi shook her head and said: "I told you, I can't understand the last part of the text, but the last part of the text is extremely sloppy, as if time is very tight. Maybe this big secret has some inexplicable meaning."

of great danger. "

When she said this, Miss Qiqi looked at Ye Feng, blinked her beautiful big eyes, and asked aloud: "Are we going to continue to explore this abandoned palace complex?"

Ye Feng grinned at this time and said loudly: "We are already here, so naturally we have to continue exploring."

Hearing Ye Feng's affirmative answer, Miss Qiqi was also excited. Her delicate and beautiful little face also showed a very expectant look, and she said loudly: "Okay, then let's continue the adventure, Ye Feng, you It's really a bit bold, but I appreciate your boldness."

At this moment, Miss Qiqi and Ye Feng walked out of the abandoned palace and continued to walk quickly towards the deep area of the palace complex.

Both Ye Feng and Miss Qiqi want to continue exploring this abandoned palace complex.

What Miss Qiqi wants is the most powerful ancient weapon back then, the Ax of the Giant Spirit God.

Ye Feng, on the other hand, wanted to fuse the ancient royal family's giant spirit god bloodline so that he could gain the power of the ancient giant spirit god's true form.

Because you must know that among Ye Feng's awakened gods' talents, the sixth-stage bloodline furnace allows Ye Feng to fuse any powerful bloodline, thus bursting out the terrifying power of any powerful bloodline.

Therefore, both of them are extremely interested in continuing to explore this abandoned palace complex.

But just as they continued walking in this ruined palace complex, suddenly a strange sinister laughter suddenly came from an abandoned ancient courtyard not far away, like an evil spirit laughing in the dark, which made Qi Qi The seventh girl was so frightened that her face turned pale.

She quickly grabbed Ye Feng's arm and said with some fear: "Ye Feng, did you hear any weird noises?"

Chapter 5095 Opposition

At this time, when he heard the girl Qiqi next to him say this, Ye Feng immediately showed a look of surprise in his eyes, looked at the abandoned mansion not far away, and said aloud: "I also heard a spooky sound. Laughter, let's go over and take a look."

"ah?"

Hearing what Ye Feng said, Miss Qiqi immediately turned pale with fright. She couldn't help but said: "Ye Feng, do you really want to go to that abandoned ancient courtyard that is extremely dangerous? Then you might There is a terrible evil spirit."

Ye Feng immediately smiled and said loudly: "If it is other terrifying existence, maybe I will be very afraid, but if it is the so-called evil spirit, it is the soul of a person after death, no matter how powerful it is, , I'm not afraid either."

Hearing what Ye Feng said, Miss Qiqi's eyes suddenly revealed a look of surprise, and she couldn't help but ask: "Ye Feng, why are you always so confident?"

Ye Feng laughed and said aloud: "Because I am really not afraid."

After saying that, Ye Feng walked directly towards the abandoned mansion.

Although Miss Qiqi didn't want to go to that weird place, since Ye Feng had gone there, she followed him. After all, Miss Qiqi didn't want to stay where she was, so she would feel safer with Ye Feng. Some.

At this time, when Ye Feng walked into the abandoned mansion, the two of them immediately saw that there was nothing in the abandoned mansion. There was only withered grass growing on the ground. The buildings in the mansion were There are also spider webs all over it. Apparently there have been no traces of human existence here for a long time and it has been abandoned for thousands of years.

At this time, Miss Qiqi became even more frightened and couldn't help but said: "Ye Feng, what on earth was that low laughter coming from just now? Why is there nothing in this house?" .??.

Ye Feng smiled slightly at this moment and said, "Isn't she just standing there?"

After finishing speaking, Ye Feng pointed to an abandoned wall in this large mansion.

The direction of the angle.

But at this time, Miss Qiqi looked at the corner and couldn't help but asked with some confusion: "I didn't see anything, it was empty there."

Ye Feng smiled slightly and said aloud: "Because she is a soul, of course you can't see it, only I can see it."

"What?"

Hearing what Ye Feng said, Miss Qiqi looked at the empty corner and was so frightened that she hid behind Ye Feng.

Because Ye Feng's words were really creepy.

At this moment, Ye Feng was looking at the empty corner. In Ye Feng's eyes, it was not empty there, but a soul standing there.

This soul is a female soul wearing plain white clothes.

The low laughter just now should have come from this female soul.

Obviously, this female soul wants to scare away Ye Feng and Miss Qiqi.

But she probably never expected that Ye Fengtian, who was not afraid of anything and was a soul master, would just come to her door.

At this moment, Ye Feng looked at the girl Qiqi next to him and couldn't help but said: "You don't have to be so afraid. If this female soul was really powerful and wanted to harm us, she would have taken action long ago. She deliberately made that weird low laugh just to scare us away, which meant she couldn't beat us."

After saying that, Ye Feng directly moved the eyes of the soul.

Buzz!

A third eye immediately appeared between Ye Feng's eyebrows.

The moment Ye Feng's third eye appeared, a burst of energy suddenly emitted from Ye Feng's third soul eye.

The bright light of soul shines forward.

The next moment, the female soul invisible to ordinary people was completely revealed under the light of Ye Feng's soul.

At this time, even ordinary practitioners like Miss Qiqi could see a female soul wearing white plain clothes appearing in the abandoned corner space not far away.

At this moment, Ye Feng stared at the woman in white clothes who was in a state of soul, and said loudly: "You want to scare us away, are you afraid that we will hurt you? Or do you think there is a treasure hidden in this abandoned mansion?"

Hearing what Ye Feng said, the woman in white clothes in a soul-like state suddenly showed deep surprise in her eyes.

She stared at Ye Feng and said loudly: "I didn't expect to meet such a young soul master after so many years, and there is always an aura about you that scares me, but I can't tell what it is. What."

Hearing what the woman in white said, Ye Feng's eyes flickered slightly.

It is estimated that the aura of death that the woman in white felt in her soul state should be the Emperor Chu in her head.

After all, Emperor Chu was almost like an emperor at the soul level, and was extremely powerful.

At this moment, Ye Feng didn't say much, just smiled slightly and said: "You have no ill intentions towards us, and naturally we will not deal with you directly, but I need to explore this ancient mansion, because We came to this abandoned palace complex to find the wealth and blood of the Giant Spirit God."

Hearing what Ye Feng said at this moment, the woman in white clothes who was in a state of soul couldn't help but shook her head and said loudly: "Everything was completely destroyed in the turmoil that year. You are here." I couldn't find anything."

Girl Qiqi this

At this moment, he couldn't help but stand up, looked at the woman in white in a soulful state, and asked aloud: "Were you also a member of that branch of our Daxuan Dynasty royal family back then?"

Seeing Miss Qiqi, the woman in white clothes who was in a state of soul couldn't help but smile slightly and said loudly: "Yes, I was a member of the branch of the Daxuan Dynasty that had the bloodline of the Giant Spirit God."

Seeing the calm and indifferent look of this soul-like woman in white, Miss Qiqi asked curiously: "Don't you hate our lineage?"

The woman in white shook her head and said loudly: "It has been thousands of years, and the past has long been forgotten. Moreover, when the leaders of our lineage wanted to rebel and seize power, there were many opponents in our lineage. And I am a member of the opposition, because we are all members of the royal family of the Daxuan Dynasty, and there is no need to live and die against each other. It is just a pity that the leader of our lineage was too radical at that time, which killed himself and others. Killed us all, alas."

Hearing what the soul-like woman in white said, Qiqi's beautiful big eyes showed a trace of surprise, as if she didn't expect that the other party would actually say such words.

At this time, Miss Qiqi even sympathized with the woman in white who was in a state of soul.

She couldn't help but walked over, wanting to continue the conversation.

At this time, Ye Feng determined that the woman in white was not a big threat in her soul state. Regardless of the conversation between the two women, she just exuded soul power and searched this ancient mansion.

Ye Feng felt that there must be something good in it, but the woman in white in the soul state was just hiding it.

But since the other party didn't say anything, Ye Feng could only investigate on his own.

If she had found something good on her own initiative, the woman in white would probably have nothing to say in her soul-like state.

Chapter 5096 Giant Corpse

It has to be said that Ye Feng's skills as a soul master are indeed very miraculous. Under Ye Feng's extremely powerful soul power, he finally found some quite mysterious things from this ancient mansion. Strange stuff.

Ye Feng found a bronze door under a stone in the deepest part of this ancient house.

This bronze door is carved on the ground, and it seems that there is something mysterious hidden underneath.

Seeing that Ye Feng found this bronze door, the woman in white clothes who was talking to Miss Qiqi not far away suddenly showed a look of astonishment on her face. It seemed that she didn't expect that Ye Feng could really do it. Find incredible things in this mansion.

At this time, Ye Feng looked at the woman in white who was in a state of soul not far away, and couldn't help but said: "I'm sorry, it's useless for you to lie to me, because I can find things that ordinary people can't find."

The woman in white clothes in a soulful state floated in front of Ye Feng at this moment, looked at the bronze door on the ground, and couldn't help but said: "I didn't lie, I really don't know what's going on in this ancient house." There is also such a bronze door, but before I died that year, my father once told me that even after death, the soul will always stay in this house, and it is best not to let people approach this house, but I did not I don't know what the specific reason is, is it related to this bronze door?"

Hearing what the soul-like woman in white said, Ye Feng's eyes showed a look of surprise, as if he didn't expect that the other party really didn't know that there were good things hidden in this ancient house.

At this moment, Ye Feng nodded and said loudly: "We will know after taking a look."

After saying that, Ye Feng didn't care whether the soul-like woman in white agreed or not, he just stretched out his hand to open the bronze door.

But the next moment, Ye Feng discovered that it was difficult to open the bronze door because it was too heavy.

At this time, Ye Feng directly inspired the power of the immortal body of the god.

Ye Feng's hand suddenly turned into a big golden hand, with terrifying destructive power, and directly bombarded the bronze door.

But just the next moment.

Boom!

Ye Feng's golden hands were unable to destroy this bronze door.

You must know that Ye Feng's big golden hand is the immortal body of the god, and has extremely terrifying destructive power. However, the moment it hits the bronze door, it cannot shake the bronze door at all, and even leaves a trace on the bronze door. , there is no way to do it.

This made Ye Feng's eyes suddenly reveal a look of astonishment.

Because you must know that Ye Feng's golden hands are extremely powerful, enough to crush existences that are one or two realms higher than himself, and can even smash some extremely advanced magical weapons with his bare hands.

But I didn't expect that this bronze gate looked ordinary, just an entrance gate. I didn't expect it to be so strong.

Seeing this scene at this moment, the woman in white clothes standing aside in a state of soul couldn't help but said: "This bronze door should be left by the strong men of our giant spirit god clan back then. After coming down, my father knew the truth, but he was already dead. We were

The Giant Spirit God bloodline has extremely powerful weapon refining skills. This bronze door is most likely made of bronze collected from the ancient sacred mountains, so ordinary people cannot destroy it. Mr. Ye Feng, you Although it is extremely powerful, there is probably no way to destroy this bronze door and discover the secrets hidden within it. "

Hearing what the soul-like woman in white said, Miss Qiqi trotted over from a short distance away, looked at Ye Feng, and couldn't help but said: "Ye Feng, don't worry, wait until we get out of this abandoned palace. Among the group, if you find the extremely powerful magic weapon 'The Ax of the Giant Spirit God', you will definitely be able to split open this bronze door."

Hearing what Miss Qiqi said, Ye Feng smiled slightly and said, "No need to go to such trouble."

After saying that, Ye Feng took out the Sword of the Gods without any hesitation.

Uh-huh!

Ye Feng held the God's Sword in his hand and immediately slashed directly at the bronze door in front of him.

Click click click!

Almost at the next moment, what shocked the two women present was that the ordinary-looking golden long sword in Ye Feng's hand was so sharp that it directly chopped down the extremely strong bronze door in front of him. into pieces.

Uh-huh!

At this time, Ye Feng jumped directly into the underground space under the bronze gate to see what good things were hidden underground.

After all, Ye Feng knew very well that such a bronze gate was specially set up in such an ancient house. The underground space under this bronze gate must be extraordinary.

Sure enough, the moment Ye Feng jumped into this underground space, he immediately saw a very shocking scene.

I saw that the entire underground space was very vast, completely different from the narrow space I imagined.

The entire underground space is extremely huge. On the ground of this underground space, there is actually the corpse of an ancient giant that is several kilometers tall.

The giant corpse that Ye Feng and Qi Qi saw in one of the abandoned palaces was only a dozen meters tall.

But in this underground space, there was actually the corpse of an ancient giant that was several kilometers tall.

This is really shocking.

So at this time, Ye Feng couldn't help but said in surprise: "This giant, in the ancient times, was definitely the most powerful existence among your Giant Spirit God bloodline clan."

At this moment, the woman in white clothes who was in a soul state was also a little dumbfounded. It seemed that her father had asked her soul to stay here after her death, and the one she was guarding was the body of the leader of their giant spirit god lineage.

At this time, Miss Qiqi couldn't help but said in shock: "This is really unbelievable. A person with the blood of the giant spirit god can actually cultivate his body into a majestic body thousands of meters long after practicing to the end. Giants."

At this moment, looking at this dead, majestic giant several kilometers tall, several people present were in inexplicable shock.

The next moment, Ye Feng's face showed a look of ecstasy, and he rushed forward, preparing to use the sword of the gods to cut open the corpse of the ancient giant and obtain the blood of the giant spirit god contained in it. Chapter 5097 The Power of the Giant Spirit God

For Ye Feng, he came to this abandoned palace on this trip. Since he knew that the bloodline of the ancient giant spirit god was contained here, Ye Feng naturally wanted to get it.

So at this time, Ye Feng didn't hesitate at all. He held the Sword of God in his hand and was about to cut open the ancient giant's body.

But at this time, the woman in white clothes who was in a state of soul suddenly flew to Ye Feng's side, and couldn't help but said loudly: "This is the body of our great commander, you can't destroy it, it will desecrate his soul. "

At this moment, Ye Feng heard the woman in white clothes in the soul state say this. Without any hesitation, he directly cut the skin of the ancient giant in front of him with a "click" with the God's Sword in his hand.

The next moment, Ye Feng immediately stretched out his hand, released the Devouring Domain, and began to devour.

The body of this ancient giant is still very well preserved, so it still contains good blood energy.

After Ye Feng absorbed it, he immediately felt that he not only absorbed the blood power of the giant spirit gods, but also received a very sufficient blood energy.

Boom!

The blood energy like a vast ocean was immediately swallowed up by Ye Feng and injected into his Dantian.

As Ye Feng devoured it, the entire body of the ancient giant, which was several kilometers tall, gradually shriveled up.

Seeing this scene at this moment, the eyes of the woman in white, who was in a state of soul, suddenly showed a look of shock and anger, as if she did not expect Ye Feng to be so bold.

But at this time, she couldn't stop Ye Feng at all, she could only watch it all happen.

Because Ye Feng's body exuded a huge soul pressure, the woman in white clothes in this soul state did not dare to deal with Ye Feng.

Because she knew very well that if she dared to stop Ye Feng even a little bit, she would probably lose her soul in the next moment.

So at this time, the woman in white in this state of soul can only watch helplessly.

Staring at Ye Feng, he drained the body of the ancient giant in front of him.

At this moment, Ye Feng immediately felt that his power was growing at an incredible speed.

boom!

The eighth level of the spiritual void realm!

boom!

The Ninth Level of the Spiritual Void Realm!

boom!

Great Perfection in the Tenth Level of the Spiritual Void Realm!

At this moment, Ye Feng's cultivation level directly broke through the third level of heaven and received a huge improvement.

In addition, the most important thing for Ye Feng is naturally to obtain the bloodline of the Giant Spirit God.

You know, once Ye Feng obtains some very powerful bloodline power, he can fully stimulate the original energy of this bloodline.

So at this time, after Ye Feng obtained the bloodline of the Giant Spirit God, he could burst out the original energy of the Giant Spirit God bloodline at any time.

At this moment, Ye Feng did not hesitate and directly activated the blood power of the giant spirit god that he had just merged with.

Boom!

At this moment, energy as powerful as the ocean surged in Ye Feng's body.

The next moment, under the shocking gazes of the soul-like woman in white and Miss Qiqi beside him, Ye Feng's entire body immediately began to expand rapidly and continuously.

In the end, Ye Feng simply expanded on the spot and became a towering giant several thousand meters tall. His whole body was shining with divine light and contained the energy of the giant spirit god.

Seeing this scene at this moment, both the woman in white and the girl Qiqi in the soul state suddenly widened their eyes. They seemed to have never thought that Ye Feng could really integrate the blood of the giant spirit god.

, or even directly transformed into the true form of the Giant Spirit God on the spot.

At this time, the woman in white clothes who was in a state of soul couldn't help but said: "Is Young Master Ye Feng a descendant of our lineage? Was he a survivor of the turmoil that year and returned here?"

At this moment, in the mind of the woman in white, Ye Feng has become the only surviving descendant of their lineage.

Girl Qiqi's eyes widened at this time, because Ye Feng had previously said that he could fuse the blood of the Giant Spirit God. At that time, Girl Qiqi didn't take it seriously, but she didn't expect that Ye Feng could actually do this. everything.

At this time, Miss Qiqi couldn't help but stare at Ye Feng, took a good look, and then asked with some confusion: "Ye Feng, who are you? Why can you fuse the blood of Juling Mountain? Are you really As the white-clothed sister said, are you a descendant of the clan that owned the bloodline of the Giant Spirit God in our Daxuan Dynasty? Otherwise, it would be impossible for you to integrate the bloodline power of the great leader of the Giant Spirit God? , and can even directly transform into the true form of the Giant Spirit God. This requires extremely high talent, and it is impossible for foreigners to do it. "

Hearing the questions from Miss Qiqi and the woman in white, Ye Feng just smiled faintly and said: "It doesn't matter who I am. What matters is that I successfully integrated the bloodline of the Giant Spirit God. From now on, I have The power of the Djinn."

At this moment, after hearing Ye Feng's ambiguous answer, both the girl Qiqi and the woman in white were guessing in their hearts that Ye Feng was definitely the only giant spirit god who survived the turmoil. Otherwise, it would be impossible to integrate the bloodline power of the great commander so easily, or even directly activate the bloodline of the Giant Spirit God, and become the true form of the Giant Spirit God, possessing the ancient and majestic power of the Giant Spirit God.

At this moment, the woman in white was very happy, as if she saw that there was a descendant of their lineage.

Still alive naturally made her very happy. Even her previous dissatisfaction with Ye Feng completely disappeared. Instead, she began to look at Ye Feng with eyes full of doting, as if she was looking at her own son. .

At this time, Miss Qiqi stared at Ye Feng with a look of surprise and uncertainty in her eyes.

Because before, she thought that Ye Feng was just an ordinary rookie guard with a relatively strong talent, so he had extremely strong strength. But what she never expected was that Ye Feng could successfully integrate the blood of the Giant Spirit God, and even It directly expanded into a majestic giant spirit god that was several kilometers tall. This made Miss Qiqi feel more and more mysterious about Ye Feng's true identity.

At this moment, Ye Feng instantly dissipated the power of the giant spirit god's true body and became the size of a normal person again.

At this time, Ye Feng suddenly looked at Miss Qiqi next to him, smiled and said: "Miss Qiqi, the Giant Spirit God Ax you want is not here. We can leave directly and take a look. Is there any magic weapon you want hidden in other places in this palace complex?"

Now Ye Feng has obtained the most precious bloodline of the Giant Spirit God, and the fusion has been successful. With the power of the Giant Spirit God, Ye Feng's overall strength has been greatly improved, so Ye Feng is naturally very happy and wants to help Qi Feng Miss Qi also looks for the Ax of the Giant Spirit God that Miss Qiqi wants.

After all, everything he has now is because Miss Qiqi helped him come here. Ye Feng is naturally not a person who knows his kindness without repaying it, so at this time, Ye Feng really wants to help Miss Qiqi find the Giant Spirit God. ax to express my gratitude.

At this moment, Miss Qiqi was very moved when she saw Ye Feng taking the initiative to help her find the Ax of the Giant Spirit God. She couldn't help but patted Ye Feng on the shoulder. Her beautiful big eyes were filled with joy and she spoke. Said: "Ye Feng, you are really a guy who values love and justice. I have very few friends, but I definitely recognize you as my friend!"

Chapter 5098 The echo in the dark

At this time, Miss Qiqi didn't hesitate at all and just pulled Ye Feng to leave this ancient house and walk outside.

Because when Miss Qiqi entered this ancient palace complex, what she wanted most was the legendary magical weapon, the Ax of the Giant Spirit God.

At this moment, the woman in white clothes in a state of soul suddenly said: "Even if Mr. Ye Feng is not a descendant of our Giant Spirit God clan, he must have a special fate with our Giant Spirit God clan, so next I want to Following you, Mr. Ye Feng, the reason why I am in this ancient mansion is to protect the bodies of our group of commanders. This is what my father asked me to do back then. Now the bodies of the commanders have been given to you by Mr. Ye Feng. Once it is sucked dry, it will no longer have any protective value, so there is no point for me to stay in this ancient mansion, so I want to leave with you now."

"Um?" .??.

Hearing what the soul-like woman in white clothes said, Ye Feng's eyes suddenly showed a look of surprise. It seemed that he did not expect that the soul-like woman in white clothes would follow him.

At this moment, Ye Feng suddenly smiled and said: "I have no objection to this matter. If you are willing to follow me, then you can follow me."

At this time, Miss Qiqi was also very happy. She quickly walked over, took the hand of the woman in white, and said loudly: "It would be great if Sister Bai Ling comes with us."

Obviously, Miss Qiqi and the woman in white clothes who were in a spiritual state had already chatted quite familiarly before, and both parties were originally from the same royal family of the Daxuan Dynasty. The two beauties, the older one and the younger one, naturally had a great time chatting with each other.

Ye Feng also smiled slightly when he saw this and said nothing more.

After all, this woman in white doesn't pose much of a threat to him, and she doesn't have much hostility towards him, so it doesn't matter if she follows him.

According to the name of Miss Qiqi, Ye Feng already knows that this woman in white is called Bai Ling, and her identity should be very special in ancient times. Otherwise, it would be impossible to protect the entire Giant Spirit God clan here with her soul. corpse.

Next, several people walked out of this ancient house. Ye Feng directly exuded soul power and covered the surrounding area, hoping to help Miss Qiqi find the most powerful weapon of the Giant Spirit God clan, the Giant Spirit God's weapon. ax.

But at this time, Ye Feng exuded his soul power and explored the surroundings. There was no way to detect any aura of the Giant Spirit God's Ax, not even the slightest energy fluctuation of the divine weapon.

This made Ye Feng's eyes suddenly reveal a look of helplessness. He couldn't help but look at Miss Qiqi beside him and said loudly: "Miss Qiqi, I'm really sorry, even if I used my most powerful probing methods, There is no way to help you detect the exact location of the magical weapon, the Ax of the Giant Spirit God."

When Miss Qiqi heard what Ye Feng said, she also had a look of disappointment in her eyes.

But at this time, Bai Ling, the woman in white who had been standing silently by the side, suddenly spoke up and said: "Master Ye Feng can use the power of the giant spirit god's bloodline that he has fused with to sense the giant spirit god. The power of the ax fluctuates because the ax of the giant spirit god, a magical weapon, was cast by our commander personally collecting stones from the ancient sacred mountains. It contains the energy of the ancient giant spirit god and can be closely related to the bloodline of the giant spirit god. "

At this moment, when he heard the woman in white say this, Ye Feng's eyes suddenly flashed.

Dao looked surprised, as if he didn't expect that the woman in white would actually advise them.

After all, in Ye Feng's heart, this woman in white was another destroyed branch of the Daxuan Dynasty, so he would definitely feel resentful towards Miss Qiqi's current orthodox lineage.

Unexpectedly, the other party did not have any resentment and would actually help them. This was something Ye Feng did not expect.

At this time, Miss Qiqi said with a smile: "Thank you, Sister Bai Ling."

At this time, Ye Feng nodded, directly stimulating the blood of the giant spirit god in the body he had just fused, and directly began to sense everything around him.

Buzz!

Sure enough, the moment Ye Feng activated the blood of the Giant Spirit God in his body, Ye Feng immediately felt a special energy fluctuation.

It was a kind of weapon fluctuation.

This kind of fluctuation cannot be detected by Ye Feng's soul power, but Ye Feng can have a long-distance connection with it through his own bloodline of the Giant Spirit God.

At this moment, Ye Feng's eyes immediately lit up and he quickly flew towards a certain direction of the abandoned palaces.

Miss Qiqi's eyes lit up when she saw Ye Feng suddenly moving.

She knew that Ye Feng must have discovered it, so he suddenly flew in that direction.

Uh-huh!

Miss Qiqi also quickly followed.

As for the woman in white, she naturally followed the two of them.

Half an hour later, Ye Feng finally flew to the deepest part of this abandoned building complex.

There are not many buildings here anymore, but every building is very well preserved, unlike the collapsed palaces in the previous outer area.

At this time, Ye Feng walked directly to a building that looked like a giant tower.

At this moment, Miss Qiqi couldn't help but asked: "Ye Feng, is the aura fluctuation of the Giant Spirit God Ax you detected in this giant tower?"

Ye Feng nodded and said: "According to the induction of the Giant Spirit God's bloodline in my bloodline, the Giant Spirit God's Ax should be in this giant tower, but I don't know if there is an ancient danger inside."

Miss Qiqi said very firmly: "Even if there is danger, I must go in and get the Ax of the Giant Spirit God. Now our entire Daxuan Dynasty is facing serious internal and external troubles. I am going to get the Ax of the Giant Spirit God." After that, he went directly to the border land and killed those dark demons all over the mountains and plains. These dark demons were really abominable. They all deserved to die for doing evil, burning, killing and looting in the border cities of our Daxuan Dynasty. "

Seeing that Miss Qiqi was showing a fierce and ferocious killing attitude, Ye Feng's eyes revealed a look of surprise.

After all, in Ye Feng's eyes, Miss Qiqi had always been a wild and capricious young lady, but he never expected that she would also have such a side that was concerned about the country and the people.

At this time, Ye Feng immediately nodded and said with appreciation: "Okay, as long as I have the ability, I will help you get the Ax of the Giant Spirit God. Then we will go to the border together to kill those dark demons." clan."

For Ye Feng, killing the dark demons and absorbing the powerful dark energy of the dark demons allows Ye Feng to draw powerful power to strengthen himself. At this time, Miss Qiqi didn't hesitate at all and just pulled Ye Feng to leave this ancient house and walk outside.

For Ye Feng, killing the dark demons and absorbing the powerful dark energy of the dark demons allows Ye Feng to draw powerful power to strengthen himself.

Chapter 5099 Eyeball

At this moment, Miss Qiqi walked directly into the giant tower in front of her without any hesitation.

Ye Feng was naturally following Miss Qiqi at this time. After all, Ye Feng had promised Miss Qiqi to help her find the Ax of the Giant Spirit God.

So at this time, Ye Feng is by Miss Qiqi's side. If he encounters some danger, he can completely rescue Miss Qiqi.

At this moment, the woman in white clothes in her soul state has not entered this giant tower, and seems to have an inexplicable fear of this giant tower.

At this time, when Ye Feng and Miss Qiqi walked into the giant tower, they immediately saw a shocking scene.

I saw that the entire interior of the giant tower had collapsed, and all the floors were broken.

But in the middle of the giant tower, there is a huge tomb.

This tomb is entirely made of gold, giving it a very noble yet terrifying feeling.

At this time, Miss Qiqi was very surprised and couldn't help but said: "I wonder whose tomb this tomb belonged to back then?"

Ye Feng said slowly at this time: "The bloodline of the Giant Spirit God that I merged is causing huge fluctuations at this moment. I feel that this tomb must have been an extraordinary member of the Giant Spirit God family in your Daxuan Dynasty. The grave of a big shot, otherwise, it would be impossible for my Giant Spirit God bloodline to have such a big fluctuation."

Hearing what Ye Feng said, Miss Qiqi immediately nodded and said, "Ye Feng, is the Giant Spirit God's Ax that you sensed in this tomb?"

Ye Feng nodded and said, "Just inside the tomb."

At this moment, Miss Qiqi walked directly towards the largest tomb.

Ye Feng, on the other hand, followed beside her, alert to possible changes around him.

But both of them seemed to be a little worried.

When they walked in front of this golden tomb, they were not attacked by any hidden dangers around them, nor were there any protective formations or the like.

Uh-huh!

At this moment, Miss Qiqi took out an emerald sword, which should be her natural weapon.

Miss Qiqi holds the emerald sword in her hand, directly intending to split open this golden tomb.

Click! Click!

But at this moment, the entire golden tomb suddenly cracked with cracks on its surface.

Then, as the two of them looked at each other in shock, the golden tomb burst open on its own, revealing the scene inside.

The two people immediately saw that after the golden tomb opened, an old man wearing white clothes appeared inside.

This old man is not a real human being, he seems to be an ancient puppet.

At this moment, the old man puppet opened his eyes and made a mechanical voice: "I didn't expect that after so many years, someone would be able to integrate the bloodline power of our clan's giant spirit god and successfully sense the... The Ax of the Giant Spirit God is here."

When he said this, the old man's puppet was always staring at Ye Feng.

At this moment, Ye Feng glanced at the girl Qiqi next to him, and then slowly said to the old puppet: "Senior is a puppet, right?"

The old man in white nodded, and then said aloud: "The Ax of the Giant Spirit God you want is not here, because this most powerful divine weapon that followed our great commander to fight has been lost in the Great Xuan Dynasty. The mountains in the wilderness outside should have been sealed by the ancient dark demons, so if you want to find the Ax of the Giant Spirit God, you must go to the mountains outside the wilderness where the dark demons live to find it. As for what you are looking for The fluctuations detected by the Giant Spirit God's Ax are only a small fragment of the Giant Spirit God's Ax here."

Uh-huh!

After finishing speaking, the old man in white suddenly stretched out his hand, threw a piece of metal fragment to Ye Feng, and then said loudly: "Through this piece of Giant Spirit God's

With the fragments of the ax, you can find the real Giant Spirit God's Ax. Put this fragment on top of the Giant Spirit God's Ax, and the Giant Spirit God's Ax will be complete, able to burst out the majestic power of the ancient Giant Spirit God. . "

After finishing speaking, the divine light in the eyes of the old man in white suddenly dissipated, and he fell to the ground with a "bang". It was obvious that his strength had been exhausted, just to convey the message.

"Um?"

Seeing this scene, Ye Feng had a rather astonished look in his eyes, as if he didn't expect that the Giant Spirit God's Ax was not here.

When Miss Qiqi heard what the old puppet man said, her eyes showed a look of astonishment, and then she felt a little disappointed.

After all, Miss Qiqi went all out to explore here and took huge risks, just to get the magical weapon of the Giant Spirit God's Ax, so as to help her brother solve his problems.

But since there is no ax of the giant spirit god here, there is no way.

At this moment, Ye Feng patted Miss Qiqi on the shoulder, smiled and said: "When we go to the deep mountains in the borderland, I will help you find the Ax of the Giant Spirit God."

Hearing Ye Feng's words, Miss Qiqi's beautiful big eyes suddenly revealed a deep and bright color, and she said loudly: "Thank you, Ye Feng!"

At this moment, Ye Feng seemed to have discovered something. He suddenly said "Hey", then walked to the middle of the golden tomb that had been split and disintegrated, and carefully searched among the fragments.

When Miss Qiqi saw this scene, she also walked over, wanting to see what Ye Feng was looking for.

Soon, Ye Feng found a round bead among the fragments of the golden tomb.

This round bead is only half the size of a fist, but it looks like it is made of the most advanced jadeite in the world, giving people a very noble and advanced feeling.

At this moment, Miss Qiqi couldn't help but asked in surprise: "Ye Feng, why are you looking for a small round bead?"

r\u003e

Ye Feng sensed it carefully, and then suddenly said with joy: "This round bead and the blood of the giant spirit god fused in my body have a strong reaction. This is not a simple bead." The round bead is an eyeball of the giant spirit god back then!"

"What?"

Hearing what Ye Feng said, the girl Qiqi who was standing aside immediately showed an expression of astonishment. Then she stared at the round bead that Ye Feng was looking for in front of her with some disbelief. She couldn't help but feel disbelief. He said aloud: "Is this actually the eyeball of the giant spirit god? It's incredible! This is something from the god! Ye Feng, you have

the blood of the giant spirit god, you can't sense it wrong, this giant eyeball The eyeballs of the spiritual god's body don't know what kind of terrifying and majestic power it can erupt.”

At this moment, Miss Qiqi was very shocked and sincerely happy for Ye Feng.

Because the stronger Ye Feng is and the more methods he has, the greater the benefits will be to her.

After all, Ye Feng is one of her few good friends and a trustworthy partner.

At this moment, Ye Feng was overjoyed. Unexpectedly, he found the eyeballs of the giant spirit god among the ruins of the golden tomb.

It seems that this golden tomb is specially used to bury this eyeball.

But the old man who was a puppet just now probably ran out of power and fell to the ground before he could finish his words.

Fortunately, Ye Feng's perception was strong, otherwise, he might have missed the eyeballs of this giant spirit god.

After all, you must know that a real god, even a drop of blood on his body, is as heavy as billions of stones and contains great divine power. Falling from a high altitude, it is enough to smash thousands of mountains and rivers, let alone the body of a real god. part of it.

Ye Feng knew very well that if this Giant Spirit God's eyeball could be integrated into his own eyeball, then he would have the power of the Giant Spirit God's eyes!

It is unimaginable for a mortal to have the eyes of a god!

Chapter 5100 Second Princess

At this time, since he had obtained such a precious eye of the giant spirit god, Ye Feng naturally did not hesitate at all and just wanted to fuse this eye of the giant spirit god into his own eyes. In that case , he can possess the power of the giant spirit god's eyeballs.

You know, Ye Feng has successfully integrated the bloodline of the Giant Spirit God, so it is not that difficult to fuse the eyeball of the Giant Spirit God.

Uh-huh!

At this moment, Ye Feng directly inserted the eyeball into his own eye, and then directly began to use his own skills to fuse.

During the fusion process, a towering shadow of a giant spirit god even appeared in the void behind Ye Feng. It was tens of thousands of meters in size and looked very majestic, giving people a sense of majesty from the ancient era of gods. pressure.

Even the girl Qiqi standing next to her couldn't help but take a few steps back.

Just the aura of the Giant Spirit God emanating from Ye Feng was enough to make this Qiqi girl feel very heavy.

At this time, Miss Qiqi stared at Ye Feng, her beautiful big eyes filled with deep incredulity.

Because this was the first time that she had seen such a heaven-defying talent like Ye Feng, who could find the bloodline of the Giant Spirit God in such an abandoned ancient palace complex and successfully fuse it, and also wanted to fuse the eyes of the Giant Spirit God.

And just when Miss Qiqi was secretly amazed, Ye Feng had successfully fused with the eyes of the giant spirit god.

At this moment, Ye Feng's right eye has successfully fused with the eyeball of the Giant Spirit God just now.

Buzz!

At this time, Ye Feng opened his eyes. Ye Feng's right eye was as deep as the deep sea and as broad as the sky, and it also contained inexplicable and majestic power. This was the power of the Giant Spirit God.

Ye Feng's thoughts moved slightly at this moment.

Uh-huh!

Suddenly, a light blue laser burst out directly from Ye Feng's right eye. Like the sharpest long sword in the world, with a "puff", it instantly pierced the ground in front of him, piercing through the entire ground. To a place tens of thousands of kilometers beneath the earth.

"Um?"

Seeing this scene, even Ye Feng couldn't help but sigh in admiration.

The eyes of the giant spirit god are indeed part of the body of the god back then, containing the energy of the giant spirit god.

Even though Ye Feng's current level of cultivation is not that high, the laser power that Ye Feng's eye instantly bursts out is enough to penetrate tens of thousands of kilometers of earth and kill powerful men several levels higher than Ye Feng in an instant.

After Ye Feng completed the fusion at this time, the girl Qiqi standing aside said happily: "Ye Feng, your strength has become much stronger again!"

Ye Feng immediately smiled slightly at this moment and said loudly: "This time, I would like to thank you, Miss Qiqi, for bringing me to this place. Otherwise, I would not have been able to successfully integrate the bloodline of the Giant Spirit God, and even get Got such a precious eye of a giant spirit god."

Hearing what Ye Feng said, Miss Qiqi immediately patted Ye Feng's shoulder, smiled and said: "You are my best partner, of course I will help you, and I have said before, as long as If you follow me from now on, I will definitely take you to delicious food and drink."

Ye Feng heard at this moment that Miss Qiqi

Saying this, his eyes flickered for a moment, and then he couldn't help but ask: "Miss Qiqi, can you tell me your true identity now?"

Hearing Ye Feng's sudden question, Miss Qiqi was stunned for a moment, and then her beautiful little face showed a trace of hesitation, but in the end she nodded and said: "Okay, let me tell you.

My true identity is that I am the second princess of the entire Daxuan Dynasty, and my brother is the current crown prince of the Daxuan Dynasty. "

"Um?"

Hearing what Miss Qiqi said, Ye Feng's eyes were slightly startled, as if he didn't expect that the other party had such a high status.

In fact, Ye Feng had already guessed before that this quirky girl must have a very high status. Otherwise, it would be impossible for her to move in and out of the Daxuan Dynasty casually.

Moreover, when Ye Feng fought with Miss Qiqi before, the inheritance that Miss Qiqi practiced was a very orthodox royal inheritance.

Therefore, Ye Feng had long guessed that this Qiqi girl was probably a member of the royal family of the Daxuan Dynasty, the daughter of a certain prince, or a princess.

Unexpectedly, Miss Qiqi turned out to be the only princess in the entire Daxuan Dynasty, and the second orthodox royal princess!

And her brother is the future successor of the Daxuan Dynasty, who is now His Highness the Crown Prince.

Nowadays, in the entire royal family of the Daxuan Dynasty, the emperor only has two heirs, namely the prince and the second princess. This is actually very rare.

At this moment, Ye Feng stared at Princess Qiqi in front of him, with an inexplicable look in his eyes.

At this time, Princess Qiqi was staring at Ye Feng in front of her, seeming a little uneasy, as if she was afraid that if she revealed her true identity, Ye Feng might be in awe of her, and then behave differently from others. Same thing, be careful what you say and what you do.

However, Princess Qiqi was overthinking it. Ye Feng was still the same as usual at this time. He couldn't help but grinned and said loudly: "I didn't expect you to be the only princess of the Daxuan

Dynasty. No wonder you have so many privileges. , even the abandoned palaces of the Giant Spirit God clan can come in directly, and no one can stop you. "

Hearing what Ye Feng said, Princess Qiqi smiled sweetly and said: "Ye Feng, let me take you to see my brother, His Royal Highness. He will definitely be very interested in talents like you, and I My brother seems to be suffering from internal and external troubles now. I don't know what happened, but I see that my brother is always very sad, and I don't know what he is worried about. Maybe you, a talented person like Ye Feng, can help me. My brother solves problems."

Hearing this, Ye Feng's eyes flickered at this moment.

If you can get to know His Highness the Crown Prince of the current Daxuan Dynasty, it will definitely be of great help to you in obtaining the imperial seal.

Moreover, he was originally a helper on the side of the orthodox royal family of the Daxuan Dynasty. After all, he had an agreement with the real emperor Xuan Wuji.

At this moment, Ye Feng immediately nodded, looked at Princess Qiqi in front of him, and said loudly: "Okay, then Miss Qiqi, please take me to see your brother."

Seeing that Ye Feng looked so calm and indifferent, and did not become frightened because of his identity or the identity of his brother, Princess Qiqi immediately showed a hint of appreciation and happy smile on her face, and said aloud : "Okay, I will take Ye Feng to see my brother now." At this time, since he had obtained such a precious eye of the giant spirit god, Ye Feng naturally did not hesitate at all and just wanted it. Fuse this giant spirit god's eye into your own eye, that way, you can have the power of the giant spirit god's eyeball.

You know, Ye Feng has successfully integrated the bloodline of the Giant Spirit God, so it is not that difficult to fuse the eyeball of the Giant Spirit God.

Saying this, his eyes flickered for a moment, and then he couldn't help but ask: "Miss Qiqi, can you tell me your true identity now?"

"Um?"

Hearing what Miss Qiqi said, Ye Feng's eyes were slightly startled, as if he didn't expect that the other party had such a high status.

In fact, Ye Feng had already guessed before that this quirky girl must have a very high status. Otherwise, it would be impossible for her to move in and out of the Daxuan Dynasty casually.

Moreover, when Ye Feng fought with Miss Qiqi before, the inheritance that Miss Qiqi practiced was a very orthodox royal inheritance.

Therefore, Ye Feng had long guessed that this Qiqi girl was probably a member of the royal family of the Daxuan Dynasty, the daughter of a certain prince, or a princess.

Unexpectedly, Miss Qiqi turned out to be the only princess in the entire Daxuan Dynasty, and the second orthodox royal princess!

And her brother is the future successor of the Daxuan Dynasty, who is now His Highness the Crown Prince.

Nowadays, in the entire royal family of the Daxuan Dynasty, the emperor only has two heirs, namely the prince and the second princess. This is actually very rare.

At this moment, Ye Feng stared at Princess Qiqi in front of him, with an inexplicable look in his eyes.

At this time, Princess Qiqi was staring at Ye Feng in front of her, seeming a little uneasy, as if she was afraid that if she revealed her true identity, Ye Feng might be in awe of her, and then behave differently from others. Same thing, be careful what you say and what you do.

However, Princess Qiqi was overthinking it. Ye Feng was still as usual at this time. He couldn't help grinning and said loudly: "I didn't expect that you are the only princess of the Daxuan Dynasty. No wonder you have so many privileges. , even the abandoned palaces of the Giant Spirit God clan can come in directly, and no one can stop you. "

Hearing what Ye Feng said, Princess Qiqi smiled sweetly and said: "Ye Feng, let me take you to see my brother, His Royal Highness. He will definitely be very interested in talents like you, and I My brother seems to have some internal and external troubles now. I don't know what happened, but I

see that my brother is always very sad, and I don't know what he is worried about. Maybe you, a talented person like Ye Feng, can help me. My brother solves problems."

Hearing this, Ye Feng's eyes flickered at this moment.

If you can get to know His Highness the Crown Prince of the current Daxuan Dynasty, it will definitely be of great help to you in obtaining the imperial seal.

Moreover, he was originally a helper on the side of the orthodox royal family of the Daxuan Dynasty. After all, he had an agreement with the real emperor Xuan Wuji.

At this moment, Ye Feng immediately nodded, looked at Princess Qiqi in front of him, and said loudly: "Okay, then Miss Qiqi, please take me to see your brother."

Seeing that Ye Feng looked so calm and indifferent, and did not become frightened because of his identity or the identity of his brother, Princess Qiqi immediately showed a hint of appreciation and happy smile on her face, and said aloud : "Okay, I will take Ye Feng to see my brother now."
