Chapter 5101 His Royal Highness the Crown Prince

For Ye Feng, it would be very good if he could get to know His Highness the Crown Prince of the current Daxuan Dynasty.

Because Ye Feng's most important task when he came to the Daxuan Dynasty was to obtain the imperial seal and rescue Xuan Wuji, the real emperor of the Daxuan Dynasty.

At this moment, Ye Feng was thinking about whether to tell Princess Qiqi and the Crown Prince of the Daxuan Dynasty that their biological father, Xuan Wuji, the emperor of the Daxuan Dynasty, was not actually the one who is in the palace now. , but was imprisoned in a remote place far away.

Although Ye Feng wanted to tell all the secrets in his heart, Ye Feng felt that he should first see what kind of person this prince was.

If it was a timid and timid prince, then Ye Feng thought it would be better not to tell him, so as not to spoil the matter.

At this moment, Ye Feng was secretly thinking, following Princess Qiqi in front, he soon left this abandoned palace complex and returned to the palace.

The woman in white clothes in a soul state is also following beside her. No ordinary person can see her, only Ye Feng and Princess Qiqi can see her.

At this moment, the three of them were walking quickly towards the central area of the Daxuan Dynasty Palace.

For Princess Qiqi, she is now very eager to introduce Ye Feng to her brother, and then let her prince brother reward Ye Feng with a higher status than the royal guard. In this case, Princess Qiqi can be justified. He took Ye Feng to the borderland to kill those dark demons and see if he could find the legendary weapon, the Giant Spirit God's Ax.

At this moment, under the leadership of Miss Qiqi, the three of them had arrived in front of the prince's palace.

This palace in the royal garden is where the prince of the Daxuan Dynasty currently lives.

The moment Ye Feng walked into this palace, he immediately sensed many powerful and ancient auras around him.

Obviously, the prince of the Daxuan Dynasty is usually protected by many powerful elders. After all, he is the only son of the current emperor of the Daxuan Dynasty and the future heir of the entire Daxuan Dynasty. Naturally, the entire royal family attaches great importance to him.

It is estimated that even the Dark Demon Emperor, who is now disguised as the emperor, would not dare to kill the prince easily, otherwise, it will definitely cause a chain reaction.

Ye Feng also understood at this time why the Dark Demon Emperor wanted to find the heart of the God of Darkness from the underground space in the underground fighting arena, because the Dark Demon Emperor's own strength was not enough to conquer the entire Daxuan Dynasty. Take control.

After all, there are many other powerful elders in the Daxuan Dynasty. If he casually exposes his identity, he will definitely be attacked by a group of people, and it will not end well at that time.

At this time, Ye Feng was thinking secretly, and Princess Qiqi had already brought Ye Feng into the prince's palace.

Soon, Ye Feng saw a young man wearing a golden python robe in a palace.

This young man should be the prince of the Daxuan Dynasty.

The prince of the Daxuan Dynasty still looks very noble, giving people an emperor-like demeanor.

But at this time, the prince of the Daxuan Dynasty still had a look of worry on his face.

Obviously, this prince is not a good-for-nothing guy who only knows how to eat and wait for death, but a royal heir who truly cares about the world.

At this time, Ye Feng knew that this prince should be quite reliable even after just watching him.

At this moment, Princess Qiqi immediately brought Ye Feng to the palace, and then said with a smile: "Brother, today I recommend a very powerful talent to you, who will definitely be able to help you solve your problems."

Hearing Princess Qiqi's voice, the prince of the Daxuan Dynasty immediately couldn't help but reveal a wry smile on his face, and said loudly: "Qiqi, where did you find your friends today? Should I reward your brother?"

At this moment, the words of the Daxuan Dynasty Crown Prince made Ye Feng's eyes suddenly show a look of surprise. It seems that Princess Qiqi is usually a troublemaker, and likes to use her brother's status as the Crown Prince to reward his friends. .

Regarding this, Ye Feng also shook his head helplessly. This Princess Qiqi was really like a little girl sometimes, innocent and willful.

But at this time, Princess Qiqi's beautiful little face showed a hint of dissatisfaction, and she said loudly: "Brother, I really didn't lie to you this time. Ye Feng is really a talent. He Even in that group of abandoned palaces, the bloodline of the Giant Spirit God was found and the fusion was successful. "

"What?"

Hearing what Princess Qiqi said, the prince of the Daxuan Dynasty immediately showed deep shock and anger in his eyes, and couldn't help but said: "Xuan Qiqi! How many times have I told you, You can't enter that abandoned palace complex, it's extremely dangerous! And that's a taboo for all the orthodox royal members of our Daxuan Dynasty, why don't you listen?"

When he said this, the prince of the Daxuan Dynasty suddenly seemed to realize something. He immediately couldn't help but look at Ye Feng next to Princess Qiqi, and said loudly: "Who are you? Why did you lie to me? Sister? Don't you know that she is the princess of our Daxuan Dynasty?"

When Ye Feng heard the prince of the Daxuan Dynasty say this at this moment, his eyes immediately froze.

It seems that this prince thinks that he has deceived Princess Qiqi, an innocent girl.

At this moment, Princess Qiqi hurriedly said: "Brother, Ye Feng is not a liar, but a royal guard of our Daxuan Dynasty, and I saw with my own eyes that he has merged with the blood of the Giant Spirit God, and Ye Feng Ye Feng is not a descendant of the giant spirit god's lineage, but his cultivation inheritance is very special, so he can successfully integrate the giant spirit god's bloodline. "

After hearing what Princess Qiqi said, the prince of the Daxuan Dynasty finally looked at Ye Feng seriously, and couldn't help but said in surprise: "Oh? There are such magical people in the world who can fuse The bloodline of the giant spirit god that was so powerful back then?"

Princess Qiqi looked at Ye Feng at this time and couldn't help but said: "Ye Feng, you can use the power of the giant spirit god's blood to open my brother's eyes. Otherwise, there is no way my brother will believe me." , I think you are a liar."

When Ye Feng heard Princess Qiqi say this, he smiled slightly, looked at the prince of the Daxuan Dynasty in front of him, and said with a smile: "Since the prince wants to see the power of the giant spirit god's bloodline, then I can definitely I'll use it, but I'm afraid it will burst the palace."

The prince of the Daxuan Dynasty immediately waved his hand and said: "Let's go outside. If this Lord Ye Feng really successfully merges the bloodline of the ancient giant spirit god, he will indeed be a rare one." I will definitely reward you for your talent!" For Ye Feng, it would be great to meet the current crown prince of the Daxuan Dynasty.

Because Ye Feng's most important task when he came to the Daxuan Dynasty was to obtain the imperial seal and rescue Xuan Wuji, the real emperor of the Daxuan Dynasty.

At this moment, Ye Feng was thinking about whether to tell Princess Qiqi and the Crown Prince of the Daxuan Dynasty that their biological father, Xuan Wuji, the emperor of the Daxuan Dynasty, was not actually the one who was in the palace now. , but was imprisoned in a remote place far away.

The prince of the Daxuan Dynasty immediately waved his hand and said: "Let's go outside. If this Lord Ye Feng really successfully merges the blood of the ancient giant spirit god, he will indeed be a rare one." I will definitely reward you for your talents!"

Chapter 5102 Some panic

At this moment, the prince of Daxuan Dynasty took Ye Feng and Princess Qiqi and walked directly outside the palace.

Outside the palace is a huge open space and green lawn. This is an area belonging to the royal garden of the Daxuan Dynasty, so no one can disturb them.

At this time, the prince of Daxuan Dynasty stared at Ye Feng and couldn't help but said: "Ye Feng, this place is enough for you to exert the power of the giant spirit god's bloodline."

Ye Feng looked at the empty green grass around him, smiled and said, "That's enough." .??.

After finishing speaking, Ye Feng naturally did not hesitate at all and directly activated the blood power of the Giant Spirit God integrated in his body.

Boom!

At this moment, an extremely terrifying power of the Giant Spirit surged through Ye Feng's entire body.

The next moment, under the very surprised gaze of the Daxuan Dynasty Crown Prince, Ye Feng's whole body suddenly began to swell.

In just a short moment, Ye Feng swelled from a small human race into a gigantic giant-like body that was several kilometers tall.

This is the true form of the Giant Spirit God!

It also means that Ye Feng has really successfully integrated the blood of the God of Juling and can use the power of the blood of the Giant Spirit God.

Seeing this scene at this moment, the crown prince of the Daxuan Dynasty immediately revealed a look of deep amazement in his eyes. He couldn't help but look at Princess Qiqi next to him, and said with great admiration: "This time, you can You really brought me such a great talent, and finally you don't want to cheat me anymore."

Apparently, Princess Qiqi brought many so-called talents to meet her brother and asked for various rewards, but in the end, they all turned out to be like bastards.

But this time, I didn't expect that my sister would bring such an incredible young prodigy to me.

And according to Princess Qiqi, Ye Feng's origins are very innocent and there are no problems. He is a royal guard in the Daxuan Dynasty.

br

At this time, the prince of the Daxuan Dynasty stared at the giant spirit god's true form that was thousands of meters tall in front of him, and immediately couldn't help but said: "Brother Ye, take away your magical powers!"

Ye Feng nodded slightly at this time, which directly dissipated the power of the giant spirit god, and his whole body once again transformed from the giant body of several kilometers back to human size.

At this moment, Ye Feng walked up to the prince of the Daxuan Dynasty, smiled and said, "How is it?"

Hearing Ye Feng's question, the prince of the Daxuan Dynasty stared at Ye Feng, his eyes full of excitement, and said directly: "Awesome, it's really awesome. I wonder which family Brother Ye Feng comes from? Our Daxuan Dynasty There seems to be no such big family as the Ye family in the dynasty."

Ye Feng smiled slightly at this time and said aloud: "I have already explained this to Princess Qiqi. Sometimes ordinary families can also produce peerless geniuses."

Hearing what Ye Feng said, the crown prince of the Daxuan Dynasty was stunned for a moment, then burst out laughing. He couldn't help but patted Ye Feng's shoulder and said, "Okay, very good. Brother Ye is really generous. He is indeed a peerless genius. With Brother Ye's current methods and power, he is definitely a top-notch existence even among the younger generation in our Daxuan Dynasty. "

At this moment, after the prince of the Daxuan Dynasty finished speaking, he suddenly looked at Princess Qiqi beside him and said loudly: "Qiqi, there is nothing wrong with you here. You can go back and rest first."

Hearing what the prince of the Daxuan Dynasty said, Princess Qiqi quickly said: "Brother, we now know where the ax of the giant spirit god is, it is in the territory of our Daxuan Dynasty. In the deep mountains in the outer wilderness, the Ax of the Giant Spirit God must have been sealed by the dark demons, so I plan to go to the borderland with Ye Feng next to look for the Ax of the Giant Spirit God.

A magical weapon. If we can get the Ax of the Giant Spirit God, then having a magical weapon like the Ax of the Giant Spirit God to suppress the fate of our entire Daxuan Dynasty will definitely have a huge impact on our Daxuan Dynasty. s help. "

Hearing what Princess Qiqi said, the prince of Daxuan Dynasty immediately nodded and said: "Okay, I will also send some other masters to follow you at that time, but now you go back and rest as soon as possible. You must be tired."

Hearing what the prince of the Daxuan Dynasty said, Princess Qiqi immediately nodded, then looked directly at Ye Feng and said: "Ye Feng, after you have finished talking with my brother, come to where I live. I have some good things for you to look at, which will definitely help you improve your cultivation."

Hearing what Princess Qiqi said, Ye Feng's eyes lit up, he smiled and said, "Okay."

At this moment, Princess Qiqi left here directly.

At this time, Ye Feng looked at the prince of the Daxuan Dynasty in front of him and said, "If the prince has anything to say alone, you can say it directly now."

Ye Feng had already guessed that the reason why the prince of Daxuan Dynasty asked Princess Qiqi to leave here immediately was just to take her away. He probably had something very mysterious to tell him and did not want Princess Qiqi to know.

This matter may involve huge implications and be very dangerous. The prince of the Daxuan Dynasty seems not to want his sister to be involved in this matter.

At this moment, after hearing Ye Feng's straightforward words, the crown prince of the Daxuan Dynasty suddenly showed a hint of admiration in his eyes, and said loudly: "Brother Ye is indeed a peerless genius. Not only is his cultivation method extremely powerful, but he is also You are resourceful and resourceful. I know that a genius like you, Brother Ye, will never want to be a royal guard of our Daxuan Dynasty for the rest of his life."

Hearing what the prince of the Daxuan Dynasty said, Ye Feng nodded and said, "Does the prince want me to be promoted and make a fortune?"

The prince of the Daxuan Dynasty suddenly said: "In the future, you will no longer be among the royal guards, but stay directly beside me, help me, and assist me, because we are now facing a huge crisis in the entire Daxuan Dynasty. , I am probably the only one who knows about this matter at the moment."

When Ye Feng heard this, his eyes flickered, and he asked aloud: "What kind of huge crisis can make the prince so worried, and even I can see some panic."

The prince of the Daxuan Dynasty took a deep breath, as if to calm down his mood, and then said slowly: "I suspect that my father has colluded with the dark demon clan, because I once accidentally saw my My father is actually practicing the skills of the dark demon clan. No one knows about this. I am the only one who knows about it. But now that I have told you directly, Brother Ye, I absolutely trust you, Brother Ye, because I am too I need a genius to help me."

At this moment, when Ye Feng heard the prince of the Daxuan Dynasty say this, a look of astonishment suddenly appeared in his eyes.

But then Ye Feng understood that the prince of the Daxuan Dynasty might have just seen the Dark Demon Emperor practicing the demon skills, so he felt that his father had betrayed the human race and the Dark Demon Clan and had colluded.

But in fact, Ye Feng knew very well that the current emperor of the Daxuan Dynasty was no longer Xuan Wuji, but a dark demon emperor in disguise.

At this moment, Ye Feng suddenly said: "Prince, is there a possibility that the emperor of the Daxuan Dynasty is no longer your biological father, but a super strong man from the dark demon clan? Camouflaged?"

"What??"

Hearing what Ye Feng said at this moment, the prince of the Daxuan Dynasty suddenly widened his eyes, as if he did not expect that Ye Feng's guess was so bold.

Because of this idea, the prince of the Daxuan Dynasty had never considered it, but now that he heard what Ye Feng said, he suddenly felt that it was really possible!

Chapter 5103 I can flatter you

At this time, Ye Feng stared at the prince of the Daxuan Dynasty in front of him with a mysterious smile.

Because Ye Feng has now told the real secret to the prince of Daxuan Dynasty.

As for whether he believes it or not, that has nothing to do with him.

After all, Ye Feng had only just met the prince of the Daxuan Dynasty, and it hadn't been long.

Although the other party seems quite reliable, it does not rule out the possibility that he may escape from the battlefield.

So Ye Feng is only telling half of the secret now, that is, the current emperor of the Daxuan Dynasty is a dark demon emperor in disguise.

As for the fact that he knew the real emperor Xuan Wuji and knew where Xuan Wuji was trapped, Ye Feng was not going to say anything about it for now.

At this moment, Ye Feng just stared at the prince of the Daxuan Dynasty in front of him and said slowly: "Prince, can you help me get the imperial seal of your Daxuan Dynasty?"

"Um?"

Hearing Ye Feng suddenly say such a sentence, the prince of Daxuan Dynasty suddenly showed a look of surprise in his eyes.

He seemed to have never thought that Ye Feng actually wanted to get the imperial seal of their Daxuan Dynasty.

The prince of the Daxuan Dynasty immediately couldn't help but frowned and said loudly: "The Jade Seal of the Daxuan Dynasty is something that our Daxuan Dynasty uses to suppress a country's destiny. There is no way to give this kind of thing to you casually, even if it is me. Currently, I am not qualified to have access to the Imperial Jade Seal. Only my father is qualified to control the Imperial Jade Seal. Of course, my father may be a super powerful person from the dark demon clan in disguise. "

At this moment, the prince of the Daxuan Dynasty was speaking, and the look in his eyes became more and more solemn.

Because for the prince of the Daxuan Dynasty, if the current emperor of the Daxuan Dynasty is really a super strong man from the dark demon clan in disguise, then for the prince of the Daxuan Dynasty, it will definitely be a huge blow, and There is currently no way to deal with the impostor disguised as a super powerful person from the Dark Demon Clan.

Because even the prince of the Daxuan Dynasty is not qualified to question the identity of the current emperor.

Even if the prince of the Daxuan Dynasty asked for the support of some powerful elders in the royal family, there would be no hope because the prince could not prove that the emperor was a fake.

If the time comes to alert the enemy, the prince of the Daxuan Dynasty might even be targeted by the current impostor and be directly eliminated secretly.

At this moment, Ye Feng also understood the worries of the Daxuan Dynasty Crown Prince.

Ye Feng smiled and said: "In any case, now that we are in Ming Dynasty, the powerful dark demon who pretends to be His Majesty the Emperor does not know our true thoughts, so for the time being we should not be in any great danger, but the dynasty I must get this jade seal, it is related to the future destiny of your Daxuan Dynasty."

"Um?"

Hearing what Ye Feng said, the prince of the Daxuan Dynasty suddenly flashed his eyes slightly.

He suddenly felt that there might be something in Ye Feng's words.

The prince of the Daxuan Dynasty immediately stared at Ye Feng, looked at it carefully, and couldn't help but said: "Who is Brother Ye? It can't be as simple as a royal guard. Where does Brother Ye come from? "

Ye Feng smiled slightly at this time and said loudly: "Wait until the time is right."

Yes, I will definitely tell you, but now I ask the prince to trust me and help me get the Imperial Seal.
"

Hearing Ye Feng's affirmative answer, the prince of the Daxuan Dynasty immediately nodded and said: "Brother Ye, it is very difficult to get the Jade Seal of the Dynasty, because the Jade Seal of the Dynasty is now used by everyone in our dynasty. The elders guard the core of the dynasty. That core is the small world deep in the palace of our Daxuan Dynasty. Therefore, if you want to get the imperial seal, you must enter the small world and get the secrets of those powerful elders. Only by admitting it can you get the imperial seal."

Hearing what the prince of the Daxuan Dynasty said, Ye Feng not only did not feel stressed, but actually breathed a sigh of relief.

Because Ye Feng has always been worried that the Imperial Jade Seal is now controlled by the Dark Demon Emperor disguised as the emperor. In that case, it is estimated that he will not be able to obtain the Imperial Jade Seal.

But now that the prince said that the Royal Seal is still guarded by the elders in the royal family, it means that there is still a chance.

At this moment, Ye Feng was not in a hurry. After all, it would be a long process to obtain the imperial seal. He still had to become more powerful before he could be qualified to have more say among the royal family of the Daxuan Dynasty.

But now that he can reach the prince through Princess Qiqi, Ye Feng still feels very bright about his next path.

At this moment, the prince of Daxuan Dynasty seemed to have the same idea as Ye Feng. He stared at Ye Feng and said loudly: "Ye Feng, you still have to give full play to your super talent and become more and more powerful. , only in this way will you be qualified to have more say in our royal family. As the prince, although I can praise you, you must also have strong strength yourself, because your next goal is to win the dynasty. Yuxi, your competitors are not only the younger generation of the Daxuan Dynasty, but also the powerful men of all ages in the Daxuan Dynasty, who may hinder our plan. "

Hearing what the crown prince of the Daxuan Dynasty said, Ye Feng immediately nodded and said, "I know this. After all, you need to be strong to make iron."

The prince of Daxuan Dynasty nodded, then looked outside the palace and said loudly: "Ye Feng, next I will send some experts to accompany you and my sister Princess Qiqi to the borderland. I hope you can succeed. If we can find the Ax of the Giant Spirit God, we might be able to exchange the Ax of the Giant Spirit God for the Imperial Seal, because the Ax of the Giant Spirit God was also used by our Daxuan Dynasty back then. The most powerful treasure among the royal family is fully qualified to replace the imperial seal and suppress the fate of a country. "

Hearing what the crown prince of the Daxuan Dynasty said, Ye Feng's eyes lit up slightly, and then he said, "Okay, it won't be too late, I'll leave now."

The prince of the Daxuan Dynasty nodded and said loudly: "Okay, thank you Brother Ye for your hard work. By the way, is the emperor of our Daxuan Dynasty my biological father, or is he just like you, Brother Ye?" What he said is a fake, I will find out during this time. "

Ye Feng nodded, patted the prince on the shoulder, and said loudly: "Be careful, that one is really a fake, I didn't lie to you."

After saying that, Ye Feng turned around and left.

At this moment, the prince of Daxuan Dynasty stared at Ye Feng's leaving back, his eyes flickered, and he didn't know what he was thinking.

At this moment, the place where Ye Feng wants to go is naturally the palace where Princess Qiqi lives.

Chapter 5104 Black Armor Army

Ye Feng was actually completely blind to the terrain and geographical distribution of the frontier lands of the Daxuan Dynasty.

Therefore, Ye Feng's choice to follow Princess Qiqi to the frontier of the Daxuan Dynasty this time was naturally the most correct choice.

Because there were intelligence departments in the Daxuan Dynasty, and there were many powerful people who specially drew various terrain maps of the surrounding border areas.

Therefore, it would be of great help to Ye Feng if he could take Princess Qiqi of the Daxuan Dynasty and the masters sent by the prince to the border land.

Moreover, people from the royal family take Ye Feng to the border land. When they arrive at the border city, they can also mobilize the power of the entire city to find the ax of the giant spirit god and find the distribution locations and various movements of the dark demons outside the wilderness. .

At this moment, Ye Feng walked quickly towards the palace where Princess Qiqi lived.

When Ye Feng came to another palace in the royal garden, Ye Feng immediately saw a palace completely made of crystal appearing in front of him.

Seeing this palace, Ye Feng's eyes suddenly showed a look of surprise. It seemed that he did not expect that Princess Qiqi was quite fancy and made her palace so beautiful.

At this moment, Ye Feng walked directly to the door of the amethyst palace and was about to enter it directly.

Uh-huh!

But suddenly at this moment, a young man wearing black armor suddenly appeared in front of Ye Feng, holding a black long sword in his hand, directly blocking Ye Feng's path, Leng He said coldly: "Who is this thief? How dare you break into the residence of Her Royal Highness the Princess!"

At this time, Ye Feng's eyes showed a look of surprise, then he smiled slightly and said loudly: "I think you have misunderstood, I am a good friend of Princess Qiqi, and I came here to discuss some personal matters with Princess Qiqi. "

Ye Feng thought that this young man in black armor was the guard of Princess Qiqi's palace.

But at this time, the eyes of this young man wearing black armor immediately showed deep jealousy, staring at Ye Feng

, said aloud: "Who are you, kid, and you have the right to claim to be a good friend of Her Royal Highness the Princess? I want to see what qualifications you have to dare to say such a thing."

Boom!

Almost at this moment, the young man in black armor held the black sword in his hand and stabbed Ye Feng in an instant.

The cultivation aura of this young man in black armor is very powerful, even stronger than Ye Feng by a whole realm.

So at this time, his attack was very fierce, and he slashed down with a sword, even tearing the entire world to pieces.

Obviously, this young man in black armor was full of murderous intent towards Ye Feng and wanted to get rid of Ye Feng instantly.

Ye Feng's eyes also showed a cold look at this time. Unexpectedly, the other party wanted to kill him directly without saying a word or listening to his explanation. He wanted to put himself to death.

For such a person, Ye Feng didn't bother to talk nonsense at all. He just said coldly: "Although I don't know who you are, but you want to kill me, then I can only treat you as a human being." His body!"

Buzz!

Almost at this moment, Ye Feng stretched out a hand.

Ye Feng's hand immediately turned into a big golden hand, like the strongest and towering mountain in the world, and instantly struck the black sword in the hand of this young man in black armor.

Seeing this scene, the young man in black armor suddenly showed a sarcastic smile in his eyes, and couldn't help but said: "Hahaha, you are so naive, you dare to take my weapon with your bare hands? Mine Weapons, but my father personally collected high-grade black iron and helped me create a peerless weapon. It is so advanced that it can tear your palm into pieces in an instant. "

But just the next moment.

"

"Boom!"

What shocked the young man in black armor was Ye Feng's golden hand, which was so strong and terrifying that it directly shattered his long black sword into pieces.

Then under the horrified gaze of the young man in black armor, Ye Feng's big golden hand struck his chest in an instant.

boom!

The next moment, the young man in black armor immediately felt that his chest was not like being hit by a hand at all, but like being hit by an ancient mountain.

"Boom!"

The terrifying force rushed into his body overwhelmingly in an instant, causing the young man in black armor to scream in pain, and his whole body flew out in an instant, like a broken sack, and fell not far away. On the ground there, a large area of land was smashed and lay in ruins.

The black armor on his body had been completely broken, and many of the metal fragments of the armor had penetrated deeply into his heart, causing him immense pain. However, he did not die. It seemed that this young man in black armor still had vitality. Relatively tenacious.

At this moment, Ye Feng slowly walked towards the young man in black armor, his eyes were extremely cold and without any emotion, just like Shura in the dark night, and he slowly said: "Both of you and I have nothing to do with it. I know, you just want to kill me because of my few words, you think that Princess Qiqi and I are close, you are so cruel and ruthless, you will definitely die today!"

After Ye Feng finished speaking, the young man in black armor suddenly showed a look of deep horror in his eyes, and shouted in horror: "How is it possible? This is impossible! Why is your cultivation so strong?" How powerful is your cultivation level? It is impossible for such terrifying strength to appear. When did a peerless person like you appear among the royal family of our Daxuan Dynasty?

An incredible young prodigy? ? "

At this time, hearing the frightened words of the young man in black armor, Ye Feng just smiled faintly, his eyes were full of indifference, and said loudly: "You don't need to know so much, just die in peace."

Uh-huh!

After saying that, Ye Feng stretched out a finger, and the golden finger wanted to pierce the entire head of the young man in black armor instantly, killing him completely.

"Bold! You actually want to kill the son of our black-armored commander in the palace!"

Suddenly at this moment, a terrifying force suddenly invaded from a distance.

Ye Feng felt this terrifying power at this moment, but he did not retreat at all, but said very cruelly: "No one can save you, I said, go to hell!"

Poof!

At this moment, Ye Feng not only did not retreat, but instead accelerated his fingers. At the next moment, Ye Feng's golden fingers were like an extremely sharp golden spear, directly piercing the head of the young man in black armor. , causing him to die completely in a state of panic.

It is estimated that this young man in black armor never thought that Ye Feng would be so powerful, and that Ye Feng was so ruthless that he would be killed directly in the palace.

At this time, Ye Feng didn't hesitate at all and immediately looked in a certain direction not far away.

The person who attacked not far away was an old man wearing a white gown.

At this moment, when the old man in a white gown saw the dead young man in black armor on the ground, his old face immediately showed an extremely angry expression. He stared at Ye Feng and said loudly: "Baby, you're dead! Do you know who you killed? This is the son of the commander of the 'Black Armor Army', the top ten imperial guards in our Daxuan Dynasty palace! You deserve to be punished for killing him. Die, hurry up and follow me to receive your punishment! Otherwise, you will not be able to survive or die, and you will suffer endless torture!"

Chapter 5105 It's all a disaster

At this moment, after the old man in a white gown finished speaking, he walked directly towards Ye Feng.

The aura of cultivation emanating from his body was astonishingly two levels higher than that of Ye Feng.

It has to be said that this old man in a white gown is an extremely powerful senior figure. He should be the guardian of the son of the commander of the black-armored army who was killed by Ye Feng just now.

At this moment, Ye Feng gave a fierce cold smile and said loudly: "It is simply impossible for me to confess my guilt directly, and why am I guilty? What kind of son of the commander of the Black

Armored Army?" , indiscriminately, because of a little jealousy, he will kill me on the spot, I will naturally kill him! "This is self-defense!"

At this time, when Ye Feng heard what Ye Feng said, a cold smile suddenly appeared on the face of the old man wearing a white gown, and he said loudly: "Whether you were in legitimate defense or not, you killed the commander of our black-armored army. Son, that is a capital crime, follow me and confess your crime, I will destroy you first."

At this moment, after the old man in the white gown finished speaking, he stretched out a big hand and grabbed Ye Feng.

The palms of this old man in white gown are extremely skinny, but each finger is like a sharp spear, trying to pierce every acupuncture point of Ye Feng's body. In this way, Ye Feng's cultivation will be completely destroyed. .

Seeing how vicious the old man in the white gown was, Ye Feng immediately laughed out loud and said: "You are only two realms higher than me, but you dare to attack me? Then I will let you know what my real fighting power is. How powerful."

Boom!

At this moment, Ye Feng immediately inspired his extremely powerful cultivation power. .??.

At this moment, seeing the other party's aggressiveness, Ye Feng didn't want to hide anything anymore. He directly burst out with his strongest power, and then instantly displayed the Ten Thousand Dragons Black Demon Technique that he had practiced before.

Boom!

At this moment, huge ancient magic dragons burst out from Ye Feng's body.

Every ancient magic dragon possesses terrifying power.

Thousands of ancient demonic dragons surrounded the old man in white gown who was walking in front of him in a small space in an instant, and rushed towards the old man in white gown crazily.

Every ancient magic dragon has extremely terrifying power. The moment it collides with the old man in the white gown, it directly makes the other person feel huge pain, as if the whole body has been hit by a big hammer. The old man in the long gown couldn't help but spit out a mouthful of blood.

"What? How is this possible??"

The old man in the white gown immediately widened his eyes, as if he never thought that Ye Feng had such a powerful strength.

At this moment, the old man in the white gown was finally a little scared and wanted to escape from here.

Because he knew that this young man, who was two realms below him, was not as weak as he thought, but a peerless genius with astonishing combat power.

At this moment, the old man in the white gown knew that he had kicked the iron plate and immediately wanted to return and escape.

But at this moment, Ye Feng smiled coldly and said: "I want to escape now, it's already too late."

Boom!

At this moment, Ye Feng didn't hesitate at all, just

He stretched out a hand and fiercely grabbed the back of the old man in a white gown.

Ye Feng's hand immediately turned into a big golden hand in the void, and instantly hit the back of the old man in the white gown.

boom! !

A terrifying force burst out from Ye Feng's golden hand, sending the old man in white gown flying backwards.

"ah!"

At this moment, the old man in the white gown screamed in agony. All the bones in his back were shattered by Ye Feng's golden hand, and he lay on the ground, completely destroyed.

At this time, the old man in white gown stared at Ye Feng, who was walking slowly not far away. His eyes were full of deep horror, and he said loudly: "No! This is impossible!! For a young boy like you, How could you have such a strong power, and I don't know you at all? How could there be such a terrifying young genius like you in the palace of our Daxuan Dynasty?"

At this moment, the old man in the white gown felt very shocked and desperate.

Because he never thought that a guy like Ye Feng, who looked ordinary, could have such strong strength and combat effectiveness. This kind of combat effectiveness was really terrifying.

Because you must know that Ye Feng's cultivation is two levels lower than this old man in white gown.

But the old man in the white gown was still no match for Ye Feng. After Ye Feng displayed his extremely powerful inheritance, the power he unleashed instantly seriously injured the old man in the white gown.

At this moment, looking at Ye Feng walking step by step, like Shura in the dark night, without any emotion, the old man in white gown immediately screamed in horror and said: "Boy, you can't kill me, I I am the number one master under the commander-in-chief of the Black-armored Army. If you kill me, you will definitely completely anger the commander-in-chief of the Black-armored Army. Even if you have any helpers in the royal family of the Daxuan Dynasty, It won't have any effect, and we will definitely be hunted down by our Black Armored Army Commander, with no way to go to heaven and no way to go to earth!"

Click!

But before the old man in the white robe could finish all his threatening words, Ye Feng stepped forward directly, and with a golden palm, he crushed the neck of the old man in the white robe instantly, shutting him completely. The mouth is completely dead.

At this moment, Ye Feng's eyes were filled with a cold smile.

The old man in the white gown used the so-called commander of the black-armored army to threaten him, but it had no effect at all.

Ye Feng will not show mercy to any enemy who wants to kill him, because any enemy who wants to kill him will be a disaster.

Buzz!

At this time, Ye Feng did not hesitate at all, and directly released the Devouring Domain, swallowing up all the skills of the young man in black armor and the old man in white gown who were killed by him.

The cultivation strength of both of them is very good, and the skill contained in their bodies is also quite majestic.

So at this moment, after Ye Feng absorbed and devoured it, his cultivation level directly made a breakthrough.

Boom!

With a new and powerful momentum of cultivation bursting out from Ye Feng's body, Ye Feng's cultivation level once again made a breakthrough, successfully breaking through from the tenth level of the Lingxu Realm to the half level above the Lingxu Realm. Step into the Xuanling realm!

Chapter 5106 The Commander-in-Chief of the Black Armored Army

At this moment, after Ye Feng's cultivation breakthrough, he could immediately feel that his cultivation skills had grown tremendously.

Ye Feng could feel that his combat effectiveness had also been greatly improved.

After all, this was a breakthrough at a large level, a qualitative leap, and Ye Feng was quite happy.

I didn't expect that these two guys with such weak combat capabilities could provide themselves with so much energy, causing a direct qualitative transformation in their cultivation.

And just when Ye Feng was thinking secretly in his heart, suddenly a terrifying aura power descended from high in the sky, locking him in an instant.

Such a breath and power was like a deep mountain and sea, terrifying and majestic, making Ye Feng feel an extreme pressure at this moment.

The ground under Ye Feng's feet was cracking into pieces.

From this, we can imagine what kind of terrifying pressure Ye Feng is under now.

At this time, Ye Feng immediately looked in a certain direction not far away, and immediately spotted a tall middle-aged man wearing black armor, like a war machine, stepping directly into the void not far away. Come.

He also carried a huge steel sword on his back. The whole person looked very terrifying and had a terrifying sense of oppression.

Ye Feng immediately showed a trace of solemnity in his eyes. This middle-aged man wearing black armor gave Ye Feng the feeling of being absolutely terrifying.

Ye Feng couldn't detect the opponent's cultivation aura at all. What kind of realm he was in, and he didn't know how much higher than his own realm.

Anyway, Ye Feng could feel that the cultivation power of this middle-aged man in black armor was at least three or four realms higher than his own, and it was possible that it was even five realms higher.

Because Ye Feng was completely unable to detect the true cultivation aura of the other party, it was obvious how powerful the other party was and that he could not resist it at all.

Ye Feng became nervous for a moment.

But Ye Feng is not that afraid.

After all, you must know that Ye Feng's various methods are very powerful. Even if he cannot defeat the opponent, he can always escape by running away.

But Ye Feng did not escape now, because just now, Ye Feng sent a message to Princess Qiqi in the Crystal Palace next door and asked her to come out directly.

The next moment, before the middle-aged man in black armor could do anything to Ye Feng, a beautiful and graceful figure had already appeared next to Ye Feng, it was Princess Qiqi.

At this time, Princess Qiqi immediately looked at the middle-aged man in black armor who was locking Ye Feng not far away, and couldn't help but asked: "Commander of the Black Armored Army, why are you here in my princess's palace?" This is not the place for you to come, and why did you show such terrible murderous intention towards my friend Ye Feng? "

At this moment, after Princess Qiqi finished speaking, the middle-aged man in black armor opposite, who was the commander of the Black Armor Army, showed an extremely cold and angry expression on his face, and said slowly: "Your Highness, Princess, Please don't cover up your friend. This friend of yours just committed an attack on the spot outside your palace, killing my son and the number one master under my command, the old man with white eyebrows. He must pay for this.

cost. "

"What?"

Hearing what the Commander-in-Chief of the Imperial Guard said, Princess Qiqi suddenly had a look of astonishment on her face. She immediately stared at Ye Feng beside her, as if she didn't expect that Ye Feng would do such a bold thing.

Although Princess Qiqi is a noble princess, the commander of the Black Armored Army is also an extremely powerful figure in the palace. He controls the Black Armored Army, one of the top ten imperial guards, and his power is still very great, and his own The cultivation strength is also very terrifying.

At this moment, seeing Princess Qiqi's questioning expression, Ye Feng immediately explained slowly: "I was going to come to see you, Princess Qiqi, but I didn't expect that before I entered the palace, this so-called imperial guard The son of the commander-in-chief directly wanted to take action on me and wanted to get rid of me because he was jealous that I was a good friend of

Princess Qiqi. The other party had killed me, so I had to fight back. I didn't expect him to be too weak. Yes, I killed him in an instant."

Hearing what Ye Feng said, Princess Qiqi's eyes suddenly showed a look of astonishment, and then she couldn't help but look at the commander of the Black Armored Army not far away, and said loudly: "You have heard it, right? It was your son who took the initiative. He wanted to kill my good friend Ye Feng, so he resisted. This was self-defense. I think my friend Ye Feng did nothing wrong. "

"you.....!"

Hearing what Princess Qiqi said, the commander of the Black Armor Army suddenly showed a look of extreme anger in his eyes, and then said coldly: "Princess Qiqi, no matter what, even if my son is at fault, First of all, he shouldn't have killed my son directly."

Ye Feng immediately smiled coldly and said: "Your son is going to kill me. Should I stand still and let him kill me? Of course I will resist! As for killing your son on the spot, that one Can you blame your son for being so weak that he can't even block one of my moves?"

"you.....!"

Hearing Ye Feng's sophistry, the leader of the Black Armored Army suddenly showed an extremely angry look in his eyes, and a terrifying aura force burst out from his body, and he slowly walked towards Ye Feng. In the past, like a steel machine, it was going to crush Ye Feng to death completely.

Uh-huh!

But at this time, Princess Qiqi stood in front of Ye Feng for a moment and said loudly: "Commander of the Black Armored Army, this is my territory. I don't allow you to act arrogantly here. What's the matter? Go find the law enforcement agencies in our palace and let them convict Ye Feng!"

Seeing Princess Qiqi trying so hard to protect Ye Feng, the commander of the Black Armored Army looked extremely angry, but it was not easy to deal with Princess Qiqi directly.

After all, Princess Qiqi is an orthodox member of the royal family of the Daxuan Dynasty, and she is also the only daughter of His Majesty the current emperor.

At this moment, the commander of the Black Armored Army took a deep breath and suppressed the extremely strong murderous intention in his heart. He stared at Ye Feng and said slowly: "Boy, you will definitely die."

After saying that, the commander of the Black Armored Army turned around and left.

At this time, Princess Qiqi looked at Ye Feng beside her and breathed a sigh of relief, but still said with some worry: "Ye Feng, although I think what you did is not wrong, you are still a little too impulsive. , the commander-in-chief of the Black-armored Army is a powerful figure. If he goes to the law enforcement agency in our palace, he may put you in prison. As long as you enter the prison in our dynasty, the commander-in-chief of the Black-armored Army can have A hundred ways to kill you."

Chapter 5107 Three Treasure Chests

At this time, hearing Princess Qiqi next to him say this, Ye Feng suddenly showed a faint smile in his eyes and said: "Don't worry, as long as I tell the prince, the commander of the Black Armored Army will never think of joining forces. The Law Enforcement Hall operated behind closed doors and put me in jail."

Hearing what Ye Feng said, Princess Qiqi suddenly showed a look of surprise in her eyes, and then she couldn't help but smile and said: "Ye Feng, it seems that you have completely gained my brother's trust. If you really If you become an important person in the eyes of my brother, then as the prince, my brother can indeed prevent the law enforcement agencies from arresting you, because what you did is not wrong, and my brother will seek justice for you. "

Ye Feng nodded and did not continue to discuss the matter.

Because to Ye Feng, this kind of thing is just a trivial matter.

Although the commander of the black-armored army was very powerful, it was impossible for him to openly attack him in the palace.

As for the threat posed by the commander of the Black Armored Army, Ye Feng believed that once his cultivation strength breaks through one or two major realms, the other party will not be a concern.

The most important thing at this moment is to find the Ax of the Giant Spirit God.

Not only to help Princess Qiqi fulfill her wish, but more importantly, the prince also said before that if the ax of the giant spirit god, a magic weapon of the royal family back then, could be found, it could replace the imperial seal and suppress the fate of a country. , then I will have a legitimate reason to obtain the Imperial Seal.

At this moment, Ye Feng stared at Princess Qiqi in front of him and said loudly: "Princess Qiqi, let's leave the palace directly and head to the border to find the Ax of the Giant Spirit God. The sooner the better. "

When Princess Qiqi heard what Ye Feng said, she pulled Ye Feng and said with a smile: "Don't worry, we will set off tomorrow. I will show you some good things tonight, all specially prepared for you. "

After saying that, Princess Qiqi took Ye Feng and walked directly into her bedroom.

The moment he walked into the dormitory, Ye Feng's eyes suddenly showed a look of astonishment.

Because Ye Feng saw that there were three treasure boxes placed on the ground of Princess Qiqi's palace.

Each treasure box contains a variety of different cultivation resources.

The first treasure chest contained a set of silver-white armor, which seemed to be made of extremely high-grade mithril.

The second treasure box contained a furnace of more than a dozen golden elixirs. Each golden elixir was wrapped with a dragon totem condensed by the medicinal energy. It was obviously an exclusive alchemy elixir for the royal family.

The third treasure box contains an ancient book. This book seems to be an extremely powerful inheritance.

At this time, Princess Qiqi was very enthusiastic. She pulled Ye Feng to the front of the three treasure boxes, pointed to the first treasure box, and introduced it loudly: "Ye Feng, look at the silver armor in the first treasure box." , it is the giant spirit armor that our royal family seized from

the giant spirit god clan. It was cast by the great leader of the giant spirit god clan. The material used is the extraterrestrial meteorite on the Tianshan Mountains. It is very strong and contains the giant spirit. With the power of God, you have successfully integrated the bloodline of the Giant Spirit God. If you refine and use this set of Giant Spirit Armor, it will definitely help your overall strength gain an unprecedented bonus. "

After finishing speaking, Princess Qiqi pointed to the dozen pills in the second treasure box and said loudly: "These dozen golden pills are the treasures of our Daxuan Emperor."

The high-level elixir secretly made by the royal family contains not only the power of the dragon clan, but also the power of the destiny of our Daxuan Dynasty. The elixir cast together will definitely have a huge impact on improving Ye Feng's skills. help. "

After finishing speaking, Princess Qiqi pointed to the third treasure box and said aloud: "This book is a special inheritance of the Giant Spirit God family. The only copy I found is this one in the world. This inheritance has been banned by the upper echelons of our royal family because it is the inheritance of the rebellious giant spirit god family back then. However, I still found it because I think, This will be of great help to the Giant Spirit God bloodline you have, Ye Feng, and can fully help you unleash the power of the Giant Spirit God bloodline."

At this moment, after hearing Princess Qiqi's introduction, Ye Feng couldn't help but reveal a touch of emotion in his eyes.

This Princess Qiqi looks innocent and cute, but she is actually a very caring person. I didn't expect that she would be so caring to herself.

At this time, Ye Feng couldn't help but said: "Thank you Princess Qiqi for your concern."

When Princess Qiqi heard what Ye Feng said, a sweet smile immediately appeared on her beautiful little face, and she said loudly: "This time I am asking Ye Feng to follow me to such a dangerous place on the border. Naturally, you must take good care of it." I want to reward you Ye Feng, and Ye Feng is one of my few good friends, and now that you have the attention of my brother the prince, I naturally want to give you all the good things."

Hearing what Princess Qiqi said, Ye Feng smiled slightly and said, "Thank you very much for Princess Qiqi's love."

After Ye Feng finished speaking, he took out the giant spirit armor from the first treasure box and put it on.

Buzz!

At this moment, Ye Feng indeed sensed a strong connection and echo between this set of armor and his own Giant Spirit God bloodline. Ye Feng could use his own Giant Spirit God bloodline to strengthen the defensive power of this set of armor. Improve your comprehensive combat capabilities.

Then Ye Feng looked at the second treasure box and swallowed all the dozen or so pills.

Seeing this scene, Princess Qiqi suddenly widened her eyes and said quickly: "Ye Feng, these pills must be taken one by one, one pill a day, and they will be refined within half a month. You If you swallow it directly, you will explode and die."

Ye Feng grinned at this time and said: "Don't worry, my skill is very powerful, enough to contain the energy in these pills."

After saying that, under the shocked gaze of Miss Qiqi, Ye Feng instantly refined the power of a dozen golden elixirs.

With the help of such a huge force, Ye Feng's cultivation level suddenly broke through, and he directly stepped from the half-step Xuanling Realm to the real first level of Xuanling Realm!

"this....."

Princess Qiqi was stunned. She couldn't help but give a thumbs up and said, "Ye Feng, your refining speed is really amazing."

At this moment, Ye Feng was looking at the third treasure box.

The third treasure box contains the peerless inheritance of the Giant Spirit God clan back then.

Only practitioners with the bloodline of the Giant Spirit God can practice.

At this time, Ye Feng stretched out his hand and took the ancient book in the third box in his hand.

On the cover of this book, it is written "Four Sacred Techniques of Giant Spirits"!

Chapter 5108 Old Senior

"The Four Holy Skills of Giant Spirits?"

At this moment, Ye Feng stared at the big words on the cover of this book, with a hint of surprise in his eyes.

This set of inheritance is indeed tailor-made for practitioners of the Giant Spirit God's bloodline. It is indeed a technique specially created by the Giant Spirit God's family in the Great Xuan Dynasty.

At this time, Ye Feng could sense that this inheritance book was absolutely extraordinary and could greatly unleash the power of his giant spirit god.

You know, although Ye Feng successfully integrated the Giant Spirit God's bloodline, the only way Ye Feng can use the power of the Giant Spirit God's bloodline now is to release the original power of the Giant Spirit God's bloodline, allowing his entire body to expand directly and become The true form of the giant spirit god fights.

So this way of fighting is quite brutal and simple. .??.

But if he can practice the corresponding inheritance of the Giant Spirit God family, that is, the set of Four Holy Spirit Techniques in front of him, then Ye Feng will be able to fully unleash the power of his true Giant Spirit God bloodline.

At this moment, Ye Feng opened the ancient book in front of him. After looking at it carefully, his eyes suddenly lit up.

Once successfully practiced, this set of Four Holy Spirit Techniques can condense and summon four ancient holy beasts from heaven and earth, namely Qinglong, Divine Tiger, Suzaku and Xuanwu.

Once the four holy beasts in the world are successfully condensed, they will surround themselves with the giant spirit god's true body, allowing them to fully unleash the giant spirit god's monstrous

power. This is equivalent to giving the giant spirit god's true body more ancient power. The power of the four holy beasts.

Moreover, once the four ancient holy beasts are condensed, they can surround themselves as a protective force, they can also directly attack the opponent, and they can also increase the energy of the four holy beasts for their own giant spirit god.

I have to say that this set of skills is indeed very perfect and very suitable for Ye Feng's current use, because Ye Feng has just successfully integrated the bloodline of the Giant Spirit God and needs a matching skill to fully exert his giant power. The great power of the spiritual god's bloodline.

At this time, Ye Feng got this set of the four holy skills of the giant spirit. Naturally, he was very happy. Ye Feng

He even couldn't help but hugged Princess Qiqi next to him, and said with great gratitude: "Thank you, Princess Qiqi, for being so comprehensive for me."

At this moment, Ye Feng hugged her and let go, but Princess Qiqi's beautiful little face showed a hint of panic and shyness.

At this moment, Ye Feng immediately said: "Then we can go directly to the borderland early tomorrow morning."

Princess Qiqi nodded and said with a smile: "Ye Feng, you will stay in my palace tonight, and I won't arrange accommodation for you alone. Otherwise, it will be quite troublesome. There is no private room in this royal garden." 's residence."

Ye Feng nodded and said with a smile: "I can just practice in the main hall."

After saying that, Ye Feng sat cross-legged and started to practice the set of Four Holy Spirit Techniques he had just obtained.

At this moment, Ye Feng was able to sense the power of the four ancient holy beasts from the darkness between heaven and earth as he practiced.

The four ancient holy beasts are Qinglong, Shenhu, Suzaku and Xuanwu. As Ye Feng practices, the energy shadows of the four holy beasts appear faintly in the void around Ye Feng.

"Um?"

Seeing this scene, Princess Qiqi suddenly showed a hint of surprise in her eyes, as if she didn't expect Ye Feng to practice so fast.

After all, Ye Feng had just obtained this set of Four Holy Beasts of Giant Spirits. Unexpectedly, in just a few minutes, Ye Feng had already begun to successfully practice it, and was even able to condense the energy phantoms of the Four Ancient Holy Beasts around him. .

At this moment, Princess Qiqi was deeply impressed by Ye Feng's powerful talent. When she looked into Ye Feng's beautiful big eyes, she even showed a trace of obsession, like a little girl looking into her heart. Like a great hero.

...

...

Time passes quickly, like running water without leaving a trace.

In a blink of an eye, one night passed.

Ye Feng has also thoroughly practiced this set of Four Holy Spirit Techniques, and has been able to initially use the powerful power of this set of inheritance.

However, Ye Feng also knows very well that if he wants to fully unleash the full energy of the Four Holy Techniques of the Giant Spirit, there is currently no way.

Ye Feng only condensed the energy shadows of the four ancient sacred beasts. If the true bodies of the four ancient sacred beasts can be completely condensed, it means that Ye Feng's understanding of this set of the four sacred skills of the giant spirits is as high as It has reached the level of complete Dzogchen.

At this moment, Ye Feng opened his eyes, and a look of astonishment suddenly appeared in his eyes.

Because Ye Feng saw the beautiful figure of Princess Qiqi, sitting in front of him, staring at him.

Ye Feng couldn't help but asked in shock: "Princess Qiqi, couldn't you have been staring at me like this all night?"

When Princess Qiqi heard Ye Feng's question, she immediately showed a shy smile on her face. Then she couldn't help but smile sweetly and said, "Yes, isn't it possible?"

Ye Feng's eyes were stunned, and then he shook his head, smiled, and said, "Of course."

At this time, Ye Feng stood up, regained his concentration after spending the whole night, and said slowly: "Princess Qiqi, then we can leave directly now and go directly to the borderland. "

Princess Qiqi nodded.

When the two walked out of Princess Qiqi's bedroom, there were already more than a dozen young men in golden armor standing outside.

These dozen young men in golden armor had very strong cultivation strength, which was similar to Ye Feng's. It can be seen that they were all elites specially trained by the royal family and were top-notch masters among the royal guards.

Obviously, this group of people were sent by the prince to escort Princess Qiqi and Ye Feng to the border city to find the whereabouts of the Giant Spirit Axe.

At this time, in front of this group of more than a dozen golden armored guards stood an unfathomable old man, who seemed to be the leader.

This old man was dressed in black and looked very mysterious. Even Ye Feng couldn't see through his cultivation aura.

"Huh?"

This made Ye Feng's eyes suddenly reveal a look of surprise. Ye Feng guessed that the real cultivation strength of this old man in black was comparable to that of the commander of the black armor army who had to deal with him before, or even more powerful.

At this moment, when Princess Qiqi saw the old man in black, she couldn't help showing a surprised expression on her face, and then she said with a smile: "I didn't expect that Senior Hei Wuchang would come here in person to escort us to the border. Brother really spent a lot of money this time." After Princess Qiqi finished speaking, she immediately looked at Ye Feng beside her and explained with a smile: "Ye Feng, this Senior Hei Wuchang is one of the four guardians beside my brother. He is very powerful. He usually hides around my brother and protects his safety. I didn't expect that this time my brother actually invited one of his four guardians to come out." When Ye Feng heard what Princess Qiqi said, he immediately clasped his fists slightly and said with a smile: "Junior Ye Feng, meet Senior Hei Wuchang.

At this moment, upon hearing what Ye Feng and Princess Qiqi said, the old man in black, Hei Wuchang, immediately smiled and said, "His Royal Highness the Crown Prince has already told me what you are going to do. This time, His Royal Highness the Crown Prince also attaches great importance to what you are going to do, so he specially asked me to help you. After all, the endless wilderness and forests outside the borders, where the dark demons are active, are very dangerous. You young people may be in danger at any time, so His Royal Highness the Crown Prince asked me to follow him to protect your safety. After all, one of you is his most beloved sister, and the other is the young genius that His Royal Highness the Crown Prince values the most. His Royal Highness the Crown Prince will be relieved if I follow you to protect your safety."

Chapter 5109 Coming to the Frontier

After Hei Wuchang finished speaking at this moment, Princess Qiqi immediately nodded and said with a smile: "If a super strong person like you, Senior Hei Wuchang, follows us to the border land, we will find a giant this time. The Spiritual God's Ax is even more certain."

Hei Wuchang has obviously learned from the crown prince of the Daxuan Dynasty what Ye Feng and Princess Qiqi are looking for.

At this moment, Hei Wuchang immediately nodded and said: "The Ax of the Giant Spirit God was the treasure of the clan in another branch of our Daxuan Dynasty back then. It is an absolutely high-level divine weapon. If we can find the Giant Spirit God's Ax, The Spirit God Ax will have a huge effect on our entire Daxuan Dynasty."

When Princess Qiqi heard what Hei Wuchang said, she also nodded and said: "So this time we must try hard to find the Ax of the Giant Spirit God. According to the news that Ye Feng and I learned, the Ax of the Giant Spirit God is now owned by the Dark Demon." The clan is sealed in the endless

wilderness and forests outside the territory of the Daxuan Dynasty. The specific location is unknown. "

When Hei Wuchang heard this, there was a look of surprise in his eyes, and he said loudly: "If you don't know the specific location, then looking for the Ax of the Giant Spirit God is like looking for a needle in a haystack. After all, you have to know that the territory of our Daxuan Dynasty The endless wilderness and forests outside are almost endless, and there is no end at all. Even if a super strong person wants to travel through the entire endless wilderness and forests outside, it will take hundreds of years. It is very vast. "

When Princess Qiqi heard what Hei Wuchang said, she immediately smiled, with a look of confidence on her beautiful little face, and said loudly: "Senior Hei Wuchang, you don't need to worry about this. My good friend Ye Feng is also the same." The peerless genius that my brother values most now is recognized by the Giant Spirit God clan. He holds a fragment of the Giant Spirit God's Ax in his hand, and can directly sense the exact location of the Giant Spirit God's Ax."

"oh?"

Hearing what Princess Qiqi said, Hei Wuchang, the elder and powerful man sent by His Highness the Crown Prince, suddenly showed a look of surprise in his eyes and looked at Ye Feng.

Hei Wuchang looked at Ye Feng carefully, couldn't help but nodded, and said loudly: "This young man has faint signs of great luck. He is worthy of being selected by His Highness the Crown Prince. He is better than our Daxuan Dynasty." The so-called geniuses among the younger generation are indeed much more extraordinary."

When Princess Qiqi heard Hei Wuchang praising Ye Feng, she was naturally elated and very happy. She directly grabbed Ye Feng's hand and said loudly: "Of course, my good friend Ye Feng is the most powerful person I have ever encountered. Young genius."

Hei Wuchang saw that Princess Qiqi was not shy about holding Ye Feng's hand to show her closeness. The old man's eyes flickered slightly, but he didn't say much, but an intriguing smile appeared on his old face. , said aloud: "It is indeed our Daxuan Dynasty's luck that such a peerless talent can serve the royal family of our Daxuan Dynasty."

When Princess Qiqi heard what Hei Wuchang said, a trace of surprise suddenly appeared in her beautiful big eyes. She didn't seem to expect that Hei Wuchang and Ye Feng had just met not long ago, and she didn't expect that Hei Wuchang would praise and comment on Ye Feng so much. So high.

In fact, what Princess Qiqi didn't know was that Hei Wuchang was a super strong person among the elders. Not only was he extremely powerful, but his eyesight was also very powerful. He could tell at a glance that Ye Feng was not a genius, but had a person of great luck.

At this moment, Ye Feng smiled slightly and said aloud: "Now that we all know each other, let's go directly to the border land and find the Ax of the Giant Spirit God as soon as possible.

It is the top priority. "

Ye Feng is still very eager to find the Ax of the Giant Spirit God, because the Ax of the Giant Spirit God can replace the imperial seal and suppress a country's destiny.

At that time, through the relationship of the prince, we will see if we can enter the inner world of the royal family of the Daxuan Dynasty, and let the elders in the dynasty allow themselves to use the ax of the giant spirit god to replace the imperial seal, and temporarily borrow the imperial seal.

Hearing what Ye Feng said at this moment, Hei Wuchang and others nodded one after another, and the group left the palace secretly.

The group of people moved very fast. After leaving the palace, they quickly flew away from the imperial city and headed towards the borderland southwest of the Daxuan Dynasty.

With Hei Wuchang, an elder and strong man, there was no special danger along the way. After all, Hei Wuchang is one of the four guardians of the prince. He has extremely strong strength and is an elder figure with first-class combat effectiveness. Very powerful.

Ye Feng actually didn't expect that the prince would attach so much importance to this mission and directly sent all his guardians here.

However, Ye Feng thinks it is mainly because of the presence of Princess Qiqi. After all, Princess Qiqi is the only biological sister of the current prince, so she naturally takes her very seriously.

But in fact, Princess Qiqi is not weak, she is just not as good as Ye Feng.

Among her generation, Princess Qiqi can definitely be regarded as an extremely powerful female genius.

After all, Princess Qiqi, as the only princess in the Daxuan Dynasty, has grown up with a golden spoon in her mouth, and can get whatever cultivation resources she wants.

Therefore, despite the terrifying accumulation of resources of the Daxuan Dynasty royal family, Princess Qiqi is still very powerful, but her true combat effectiveness is still open to question.

At this time, Ye Feng was flying among the crowd, looking into the distance, and soon discovered a huge steel city appearing on the vast land in front of him.

Although this city is very large, it is not prosperous. Instead, pedestrians are in a hurry, giving people the feeling of a desolate frontier.

This steel city was naturally the most peripheral border city of the Daxuan Dynasty in the southwest plate.

The reason why everyone came here was because the fragment of the Giant Spirit God Ax in Ye Feng's hand sensed that the location of the Giant Spirit God Ax was in the wild forest in the southwest.

At this moment, Ye Feng did not hesitate and directly arrived at this border city with everyone.

Swish, swish, swish!

But the moment they arrived, a group of soldiers wearing black armor immediately surrounded everyone, thinking that some enemy had arrived and wanted to attack their city.

But when Princess Qiqi took out the token of her princess status, everyone was shocked and quickly said respectfully: "It turns out that Her Royal Highness is here!"

A black armored guard immediately said: "Everyone, please wait a moment, I will inform the Lord of the City!"

In fact, this kind of border city has been able to hold up. His status in the border area is very high. He can be said to be the local emperor. But when he meets a member of the royal family from the dynasty, especially the noble princess, he is absolutely respectful.

So at this moment, when the city lord heard the news of Princess Qiqi's arrival, he suddenly couldn't care less about enjoying himself in his city lord's mansion, and hurriedly rolled and crawled towards this direction.

Chapter 5110 Like a spring breeze

The city lord of this border city is a middle-aged man with a big belly, wearing a splendid robe, which seems a bit out of place with the entire solemn environment of the border city. At a glance, you can tell that the city lord of this border city is not a resolute and powerful man who guards the border, but Like a person who only knows how to eat, drink and have fun every day.

Seeing this scene, Princess Qiqi's face became a little ugly and she wanted to say something.

But Ye Feng smiled and said directly: "You are the city lord of this border city, right?"

The city lord of the border city immediately nodded respectfully and said loudly: "Several adults are here. Do you have any instructions?"

At this moment, Ye Feng smiled and said: "Next, we have to complete a very mysterious mission on the border. The news of our arrival must not be passed on. In addition, you must use all the power you can use." , to help us find our mission target."

Hearing what Ye Feng said, the face of the city lord of this border city suddenly became solemn, and he quickly said: "What the adults said, the villain must keep it in mind. As long as the villain can do it, he will definitely do it well." to assist you all in completing your mission." .??.

Hearing what the city lord of this border city said, Ye Feng immediately smiled and said: "Okay, now you can take us to live in this city first. If there is anything we need in the future, I will inform you directly. "

The city lord of the border city immediately said respectfully: "Yes, adults."

At this moment, the city lord of this border city took Ye Feng and others directly towards the depths of the city lord's mansion, and soon arranged for everyone to live in the extremely luxurious mansion.

During the whole process, Hei Wuchang and a group of more than a dozen golden armored guards didn't say much.

After all, they were only ordered by His Highness the Crown Prince to protect Ye Feng and Princess Qiqi, and would not interfere too much with the decisions of Ye Feng and Princess Qiqi.

As for Princess Qiqi, Ye Feng is the main character.

So in fact, the backbone of the entire team is now Ye Feng. Whatever Ye Feng says, that's what it is.

After everyone settled down, Princess Qiqi said with some confusion: "Ye Feng, the lord of this border city, you can tell at a glance that he is the kind of person who only knows how to enjoy himself. I was going to talk about him in detail before, but... I thought you were stopped by Ye Feng, why? "

Ye Feng smiled slightly at this time, looked at Princess Qiqi in front of him, and said loudly: "What kind of person the lord of this border city is is not important to us, and there is no need to reprimand him specifically. After all, what happens next We also need to rely on the strength of the entire border city to find news about the Ax of the Giant Spirit God. It is enough that he treats us respectfully. What kind of person he is on weekdays has nothing to do with us, as long as it does not affect us That's it for the task."

Obviously, Princess Qiqi was thinking from the perspective of the entire Daxuan Dynasty. When she saw this kind of city lord who only knew how to enjoy himself, she naturally wanted to reprimand him.

But Ye Feng doesn't want to find these troubles now. He just wants to make use of everything he can, and finding the Ax of the Giant Spirit God is the top priority.

As for whether this city lord is really talented and can control the entire border city, it is not what Ye Feng considers, and Ye Feng doesn't care about such trivial matters.

Princess Qiqi was obviously still a little unconvinced at this time, and couldn't help but said: "Okay, then I will listen to Ye Feng's arrangements for the time being.

These people who are greedy for pleasure care too much. After I find the Ax of the Giant Spirit God, I have to take good care of the city owners who are greedy for pleasure in border cities. "

Ye Feng smiled slightly, nodded, and said loudly: "It seems that Princess Qiqi is still very responsible for the entire Daxuan Dynasty. I appreciate this very much, but now we still don't let some small things hinder the progress of our plan. "

When Princess Qiqi heard what Ye Feng said, she immediately nodded, and then couldn't help but said with a smile: "Ye Feng, I usually see you acting vigorously and resolutely, but I didn't expect that you also have such a smooth side and consider things carefully. It's very comprehensive. Now that I think about it afterwards, it is indeed the case. If the city lord of this border city is reprimanded in person, he may become rebellious towards us. If he doesn't cooperate with us well and works hard every day, it will be quite troublesome. , and we cannot change the city lord at will. After all, we do not have this right. Only the current emperor, my father, is qualified to change the city lord of a large border city. "

Ye Feng nodded, smiled and said, "It's good that Princess Qiqi knows."

At this time, a guard wearing black armor suddenly walked over from outside the house where several people lived.

The guard wearing black armor immediately said respectfully: "Next, I will stand guard outside the residence of all the adults. If you need anything, you can inform me at any time, and I will Go and inform the Lord of the City."

Ye Feng smiled and said, "Okay, that's hard work."

Hearing Ye Feng's words, the black armored guard immediately said with fear and respect: "No hard work, no hard work! This is what we should do!"

At this moment, this lowly black armored guard's impression of Ye Feng suddenly changed for the better.

Originally, he thought that these adults from the center of the dynasty must all be arrogant and looked down on them, the guards on the frontier.

Unexpectedly, Ye Feng's attitude was very kind, and he put everyone on an equal footing. He did not appear to be condescending because of his humble status, but was very gentle and made people feel like spring breeze.

At this moment, Princess Qiqi stared at Ye Feng beside her. There seemed to be some confusion in her beautiful big eyes, and she said loudly: "Ye Feng, you are really a guy who is hard to see through. , Sometimes you are so superior that you can even kill the son of the commander of the Black Armored Army, but sometimes you are as gentle as a gentle scholar, making people feel like a spring breeze. "

Hearing what Princess Qiqi said, Ye Feng just smiled and didn't say much.

Because Ye Feng has always upheld the principle of treating everyone equally and not making any distinction based on the other person's identity.

As long as someone is kind to him, no matter what the other person's identity is, Ye Feng will treat them equally and express his kindness.

But if the other party wants to kill him or put himself to death, even if he is the King of Heaven, Ye Feng must treat him in his own way and use violence to counter violence.

At this time, Ye Feng seemed to have thought of something, and directly took out the fragments of the Giant Spirit God's Ax that he had obtained from the abandoned palace complex from the storage ring, and said loudly: "Princess Qiqi, You are around to protect me. Next, I will use the blood of the Giant Spirit God to activate this fragment and carefully sense the body of the Giant Spirit God's Ax. Where is the specific location? Once the location is determined, we can directly set out to search for it. "
