Chapter 5111 The mysterious man in black

Hearing what Ye Feng said at this time, Princess Qiqi naturally nodded quickly and said: "Ye Feng, you can rest assured, I will protect you and won't let anyone hurt you. Senior Wu Chang and the others live next door, and will come over to provide support at any time if there is any danger."

Ye Feng nodded and said, "Okay, you must be more cautious."

At this time, Ye Feng always felt that there was an inexplicable sense of crisis hanging over his heart.

But he didn't know where this sense of crisis came from, so Ye Feng solemnly asked Princess Qiqi to protect him.

Ye Feng didn't know if this sense of crisis was an illusion, but when he used the power of the Giant Spirit God's blood to sense the Giant Spirit God's Ax, he had to immerse himself wholeheartedly in this sensing state, so naturally he had no time to care about the outside world. situation, protective measures must be taken.

At this moment, Ye Feng nodded and directly took the fragments of the Giant Spirit God's Ax that he had obtained from the last golden coffin in the abandoned palace complex in his hands.

Buzz!

At this time, Ye Feng circulated the giant spirit god's bloodline in his body, stimulated the power of the giant spirit god's bloodline, and began to move the fragment of the giant spirit god's ax in his hand.

At this moment, as Ye Feng began to use his skills, the original power of the Giant Spirit God's bloodline in Ye Feng's body was immediately stimulated, and then continuously injected into the fragments of the Giant Spirit God's Ax in Ye Feng's hands. .

Buzz!

At this moment, the piece of debris immediately began to vibrate rapidly and continuously.

Ye Feng could immediately sense it at this moment. Through the fragment in his hand, he could echo the true body of the Giant Spirit God's Ax.

But at the critical moment when Ye Feng sensed it.

"boom!"

Suddenly, the void around Ye Feng exploded, and an extremely cold black sword suddenly thrust out of the void.

The one holding the sword is a mysterious man in black.

This mysterious man in black held the black long sword in his hand, like a ghost in the night, and stabbed him in front of Ye Feng in an instant. The sword was full of energy and was extremely determined.

It seemed that Ye Feng was going to be killed in an instant.

Ye Feng was sensing the fragments of this sudden change and was unable to react for a while.

At this moment, Princess Qiqi, who had been wary of her surroundings for a long time, suddenly shouted coldly: "Who dares to be so bold and dare to assassinate my friend Ye Feng!"

Almost at the next moment, an emerald-colored long sword appeared in Princess Qiqi's hand, which directly collided with the black long sword in the hand of the mysterious man in black.

Boom!

Along with a huge roar, such a powerful royal genius as Princess Qiqi was attacked and took more than ten steps back.

It has to be said that this mysterious killer is very powerful and terrifying, and Ye Feng's premonition was right, and a crisis has indeed arisen.

Because when Ye Feng was preparing to use the fragment of the Giant Spirit God's Ax in his hand, he had a vague premonition that a huge crisis would come, but he didn't expect it to come true. This also shows from the side that Ye Feng Today's perception ability has begun to develop in the direction of the mystery of time. It is very scary to be able to predict what may happen in the future.

At this time, although Princess Qiqi was repelled, her instant reaction still bought time for Ye Feng.

Uh-huh!

At this moment, Hei Wuchang, an old man who lives next door, rushed over in an instant and appeared directly in front of Ye Feng. He stretched out an old palm and smashed the black long sword to pieces. , and then directly caught the man in black in his big hands.

At this time, Ye Feng also reacted, quickly exited the induction state, stood up suddenly, looked at the man in black coldly, and said loudly: "Who are you, and why do you want to assassinate me?"

The mysterious black-clothed killer's eyes were full of shock and anger at this moment. It seemed that he did not expect that Princess Qiqi would be so vigilant, nor did he expect that such a powerful senior figure lived next door.

At this moment,

The mysterious man in black knew that there was no way to change the situation, so he opened his mouth and swallowed a poison, killing him instantly.

"What??"

Seeing this scene, Princess Qiqi's face suddenly changed, and she couldn't help but say: "This is definitely a death warrior who has been trained since childhood. Otherwise, it would be impossible to be so indifferent to his own life and commit suicide directly when he sees the mission failed. And died without letting us get any useful information."

At this time, Hei Wuchang, an older and powerful man, also had a look of surprise in his eyes.

He stared at the mysterious man in black who had been caught by him and committed suicide. There was a trace of doubt in his eyes, and he immediately asked aloud: "The technique practiced by this mysterious man in black has a kind of iron-blooded killing ability." The Qi is somewhat similar to the technique of the Black Armored Army, one of the ten imperial guards of our Daxuan Dynasty."

"The Black Armored Army's skills?"

At this time, hearing what Senior Hei Wuchang said, both Ye Feng and Princess Qiqi suddenly had a look of surprise in their eyes.

Princess Qiqi immediately couldn't help but said: "It seems that this mysterious man in black wants to assassinate Ye Feng. He is a death soldier sent by the commander of the Black Armored Army."

Hearing what Princess Qiqi said, Ye Feng also nodded, with a cold look in his eyes, and said loudly: "This commander of the Black Armored Army seems to be still evil-minded and wants to kill me, and even You deserve to send a mysterious killer to assassinate me and use such a despicable method."

At this moment, hearing the conversation between Ye Feng and Princess Qiqi, Hei Wuchang, an old man, suddenly showed a look of surprise in his eyes, and couldn't help but ask: "When did Ye Feng meet with the commander of the Black Armored Army?" Hatred?"

Princess Qiqi immediately said: "Senior Hei Wuchang, when we were in the palace before, just before you came to my palace, the son of the commander of the Black Armored Army wanted to kill Ye Feng because he was jealous of the close relationship between him and me. He killed Ye Feng, but was killed by Ye Feng. Even the top master of the Black Armor Army, the old man Baimei, was killed by Ye Feng. Therefore, the Commander of the Black Armor Army naturally wanted to completely kill Ye Feng. get rid of it

Revenge, but I stopped him at the time. Now that Ye Feng has left the palace and has come to the frontier wilderness outside, the commander of the Black Armored Army can naturally use these dirty assassination methods. "

When Hei Wuchang heard Princess Qiqi's explanation, he immediately nodded suddenly, and then said loudly: "It doesn't matter, even if the commander of the Black Armored Army sends out a

powerful killer, if he wants to assassinate Ye Feng, as long as I am here, He can't even succeed if he's around."

Ye Feng was also quite lucky at this time. Hei Wuchang, an old senior, was with their team. Otherwise, if he wanted to fight against the mysterious and powerful killer just now, he would still have to use some means, and he might even have to escape from here. .

After all, the mysterious man in black who just assassinated Ye Feng had a cultivation level two or three levels higher than Ye Feng. The sudden assassination was indeed very dangerous. Even if Ye Feng was unable to react for a while, maybe Will be hit hard.

However, such a powerful mysterious killer was crushed to death by Hei Wuchang with one hand. This shows that Hei Wuchang's strength is much more terrifying than Ye Feng imagined.

However, Hei Wuchang is one of the four guardians of His Royal Highness, so it is normal for him to have such powerful strength.

At this time, Ye Feng put the dead body of the mysterious black-clothed killer in front of him into his storage ring and said loudly: "These are small things. The most important thing now is to find the Ax of the Giant Spirit God. I I have just sensed the approximate location of the Giant Spirit God's Ax through the fragment in my hand. During this time, I asked the city lord to send some scouts to the wilderness forest area I sensed to see if I can I found some traces of the dark demons. If I can find them, it means that my induction is correct. The Ax of the Giant Spirit God must be in that area. "

Hearing what Ye Feng said, Princess Qiqi couldn't help but asked: "Can't you sense the specific location of the Giant Spirit God's Ax?"

Ye Feng shook his head and said aloud: "The distance is too far. I can only sense the general area. Unless I get closer and closer to the main body of the Giant Spirit God Ax, I can sense and determine the specific location."

#### Chapter 5112 Separate Actions

Hearing what Ye Feng said at this time, Princess Qiqi immediately nodded and said: "Okay, then let the city lord of this border city search according to the general area Ye Feng sensed. If you can Finding traces of the activities of the Dark Demon Clan should mean that the Ax of the Giant Spirit God is sealed there. After all, if the Dark Demon Clan wants to seal the Ax of the Giant Spirit God, they must dispatch extremely powerful Dark Demon Clan experts. Come and suppress the ax of the giant spirit god."

After Princess Qiqi finished speaking, the elder Hei Wuchang standing aside couldn't help but nodded and said loudly: "Her Royal Highness the Princess is right. The Ax of the Giant Spirit God was the most important weapon of our Daxuan Dynasty back then. The treasure has always been controlled by the great leader of the Giant Spirit God clan. In the end, the Giant Spirit God's ax was lost, but even if the Giant Spirit God's ax was lost, it was definitely the most powerful treasure among the overlord forces. , has the power of gods, so if the dark demons want to seal the ax of the giant spirit, they must send extremely powerful demons to be able to stably suppress the ax of the giant spirit. They want to destroy the giant spirit. The Ax of God is absolutely impossible."

Hearing what Hei Wuchang said, Ye Feng also nodded and said: "Okay, then let the city lord of this border city come to visit."

After finishing speaking, Ye Feng looked at the black armored guard standing guard outside the mansion, and immediately said: "Let your city lord come to our place, and tell him something important."

The black armored guard standing guard outside immediately clasped his fists respectfully and said loudly: "Yes, sir."

After saying that, the black armored guard standing guard immediately left the large mansion where everyone lived and flew quickly towards the city lord's mansion in this border city.

After waiting for a while, the city lord of this border city, dressed in very formal brocade clothes, came directly to the large mansion where everyone lived.

At this time, the city lord of this border city came to Princess Qiqi and said respectfully: "Your Highness the Princess summoned me. Is there anything important?"

Princess Qiqi immediately said: "Now that we have found the approximate area of the mission target, you need to send many investigators from your border city into the approximate area of the mission target that we sensed, and search for relevant information. If you can find traces of the dark demons, please notify us in time."

Hearing what Princess Qiqi said, the city lord of the border city immediately said respectfully: "Yes, Your Highness."

At this time, Ye Feng suddenly said: "Let's go together. In this way, we can get the news in time and act in time to avoid alerting the enemy."

Hearing what Ye Feng said, Princess Qiqi nodded quickly.

Hei Wuchang looked at the group of more than a dozen golden armored guards behind him and said, "We will also follow Ye Feng and Her Royal Highness the Princess to protect their safety."

At this time, Ye Feng suddenly shook his head and said, "This time we will act separately."

Princess Qiqi's eyes showed a look of surprise, and she asked aloud: "Why do we need to act separately?"

Ye Feng said slowly: "If we really find traces of the dark demons and find the specific location of the Giant Spirit God's Ax, then if we are all together, we can go directly to where the Giant Spirit God's Ax is.

The position may be blocked by a very large-scale strong Dark Demon Clan, because the Ax of the Giant Spirit God is a magical weapon among our human race, and the Dark Demon Clan will definitely send many strong Demon Clan to guard it, so if we act separately, we will discover the specific location of the Giant Spirit God's Ax. At that time, please invite Senior Hei Wuchang and Princess Qiqi. You can create a huge noise in a distant place and attract the Guardian Giant Spirit God's Ax. The attention of the powerful dark demons allowed them to attack you, and then I secretly lurked to the specific location where the Giant Spirit God's Ax was through the fragment induction alone to see if I could directly obtain the Giant Spirit God's Ax. "

Hearing what Ye Feng said, Princess Qiqi's eyes suddenly showed a bright color, and she said loudly: "Ye Feng, you mean to use the strategy of driving the tiger away from the mountain? In this case, we don't have to fight together directly. "

Ye Feng nodded and said with a smile: "That's what I mean."

Hei Wuchang also nodded at this time and said aloud: "In the wild forest outside, there must be extremely powerful existences of the dark demon clan. If we are all together, it is indeed not a particularly wise choice to attack together. , if, as Ye Feng said, the specific location of the Giant Spirit God's Ax is found, and the people on the other side of us make noise to attract the strong dark demons who guard the Giant Spirit God's Ax, then Ye Feng, you will be alone. , go in and steal the Giant Spirit God's Ax, this is indeed a better strategy."

At this time, after Hei Wuchang finished speaking, his old eyes stared at Ye Feng, showing a hint of admiration, and said loudly: "Little brother Ye Feng, he is indeed a peerless genius that His Highness the Crown Prince values very much. Not only is his cultivation powerful, but his methods are also powerful. The multitude, wisdom and strategy are also amazing."

When Ye Feng heard what Hei Wuchang said, he immediately smiled modestly and said, "It's just an ordinary strategy. Senior Hei Wuchang is ridiculous."

At this time, everyone no longer wasted time and started taking action directly.

Hei Wuchang and Princess Qiqi led a dozen golden armored guards, as the main team to attract the attention of the powerful dark demon clan, into the wild forest outside, following the people from the city lord's mansion.

Ye Feng, on the other hand, was alone and entered the wild forest. Through the fragments in his hands, he carefully sensed the specific location of the Giant Spirit God's Ax.

Before leaving, Princess Qiqi grabbed Ye Feng's hand and said very worriedly: "Ye Feng, you must be careful alone. You must be careful not only of the strong men of the dark demon clan, but also of the giant spirit gods." The ax itself may cause harm to you, after all, it is a magic weapon. "

When Ye Feng heard what Princess Qiqi said, he smiled slightly and said, "Don't worry, the Giant Spirit God's Ax itself shouldn't pose much danger to me. After all, I have successfully integrated the Giant Spirit God's bloodline. It has the same origin as the Ax of the Giant Spirit God. As for the strong men of the dark demon clan, if I really find the specific location of the Ax of the Giant Spirit God, I will send you a signal and you will be far away by then. Make huge noises everywhere, attracting the strong men of the dark demon clan who protect the Ax of the Giant Spirit God. Therefore, the ones who really need to pay attention to safety are you, Princess Qiqi, because you may be attacked by the top powerful dark demon clan who protect the Ax of the Giant Spirit God. "

When Princess Qiqi heard what Ye Feng said, she immediately smiled very confidently and said: "Ye Feng, don't worry, with Senior Hei Wuchang here, we will not be in danger. You are in danger only if you are alone. Be careful!" When Ye Feng said this, Princess Qiqi immediately nodded and said: "Okay, then let the city lord of this border city follow the general area that Ye Feng sensed. Go search. If you can find traces of the activities of the Dark Demon Clan, it should be able to show that the Ax of the Giant Spirit God is sealed there. Chapter 5113 Huge movement

At this time, when Ye Feng heard Princess Qiqi's worried words, there was a hint of warmth in his eyes.

Then Ye Feng nodded, smiled and said: "Let's act as soon as possible, so as not to alert the enemy."

Uh-huh!

After saying that, Ye Feng rushed directly into the wilderness and virgin forest in front of him alone.

Princess Qiqi followed Hei Wuchang, a dozen golden armored guards, and most of the people from the city lord's palace, and entered another area of the endless wilderness and primeval forest outside the city wall.

At this moment, after Ye Feng entered the primitive forest, he directly took out the fragments of the Giant Spirit God's Ax that he had obtained before, and began to sense it.

Ye Feng actually didn't expect the people in the City Lord's Mansion to find the specific location of the Giant Spirit God's Ax before he did.

After all, he owns the fragments of the Giant Spirit God's Ax, and his induction is naturally the strongest, so he may be the first to find out where the Giant Spirit God's Ax is.

Buzz!

At this moment, after Ye Feng exuded his own perception, combined with the fragments of the Giant Spirit God Ax in his hand, Ye Feng's induction of the Giant Spirit God Ax itself became even stronger.

Sure enough, the moment Ye Feng entered the wilderness and endless forest outside, he immediately discovered the strong fluctuations of the Giant Spirit God's Ax.

"Um?"

This made Ye Feng's eyes suddenly light up, and he quickly followed the fluctuation of the giant spirit god's ax that he sensed, and flew away in a certain direction.

Soon, Ye Feng passed through a large wilderness, and then passed through a large swamp shrouded in poisonous gas, and came to the primeval forest.

There are towering trees here, and there are towering mountains that reach into the clouds, arranged in the endless forest, giving people a very primitive feeling, as if they have come to the ancient land.

At this time, the direction Ye Feng sensed was a very ordinary-looking mountain.

You know, the mountains in the endless forest around here are tens of thousands of meters tall at every turn, but the fluctuation that Ye Feng sensed was in the small mountain in front that was only a few hundred meters high.

Ye Feng's eyes suddenly showed a look of surprise. He did not expect that the body of the Giant Spirit God's Ax would be sealed by the dark demons in such an ordinary mountain.

At this moment, Ye Feng didn't hesitate at all. He directly exuded his soul power and headed towards the ordinary mountain in front of him.

Ye Feng did not rush directly into this mountain, because Ye Feng knew very well that if the Dark Demon Clan could seal a magical weapon such as the Giant Spirit God Ax, then they would definitely send extremely powerful weapons in the future. The strong men from the dark demon tribe stay here to guard the ax of the giant spirit god.

Therefore, Ye Feng did not dare to act rashly at this time, but instead exuded his soul power and covered the front.

Buzz!

When Ye Feng's soul power touched the mountain in front of him, he immediately sensed a very powerful aura of the dark demons, hidden in that mountain, which made Ye Feng feel a frightening feeling for an instant. Feel.

Ye Feng immediately understood that, as he had guessed, there were very powerful dark demons living in this mountain, guarding the Giant Spirit God's Ax here.

Ye Feng naturally followed the previous plan at this time, directly

A bronze token was taken out.

This bronze token is a sound transmission token.

When Ye Feng spoke to the bronze token, Princess Qiqi, who was tens of thousands of meters away, could hear Ye Feng's voice.

At this moment, Ye Feng faced the bronze token in his hand and immediately said: "Princess Qiqi, I have found the specific location of the Giant Spirit God's Ax in advance. There is a very special place in this primitive forest. An ordinary mountain of several hundred meters, but I need you to create movement to attract the strong men of the dark demon clan in this mountain. In this way, I can move the tiger away from the mountain and enter that mountain to see if I can find and Obtain the Ax of the Djinn."

At this moment, after Ye Feng's words fell, Princess Qiqi's voice immediately came out from the bronze token in his hand: "Okay, Ye Feng, I understand, I will ask Senior Hei Wuchang to take action directly later, causing There is a huge movement. Senior Hei Wuchang's cultivation is very strong. He will definitely attract the strong men of the dark demon clan who live in the mountains there when he reveals his cultivation aura."

When Ye Feng heard what Princess Qiqi said in the bronze token, he couldn't help but nodded, with a look of expectation in his eyes.

Sure enough, not long after Princess Qiqi finished speaking.

Boom! !

In a certain direction not far away, a huge roar suddenly sounded, and the whole earth seemed to shake.

At this moment, Ye Feng suddenly saw a group of dozens of dark demons flying out of the mountain in front of him.

Among these dark demons, the most powerful one is a dark demon with eighteen black wings.

This dark demon with eighteen black wings immediately looked at the huge movement not far away and said loudly: "It seems that a super strong person from the human race has arrived here. Let's go over and take a look. We must We need to lure the super-powerful human race away from this area and not let him get close to this place."

At this time, after the strong men of the dark demon clan finished speaking, their horses flew quickly towards the direction where the huge movement came from.

They didn't even realize that there was a human boy like Ye Feng hidden around them.

At this moment, seeing all the dark demons leaving in groups, Ye Feng used his soul power to carefully sense and confirm that there were no strong dark demons in the mountain ahead. With his breath, his eyes suddenly showed a look of joy, and he flew quickly towards the mountain in front of him.

Uh-huh!

When Ye Feng arrived at this mountain, the fragment of the Giant Spirit God's ax in his hand began to rotate rapidly.

This is enough to show that the body of the Giant Spirit God's Ax in this mountain is here. Otherwise, it would be impossible for its fragments to produce such a violent reaction.

Ye Feng's eyes showed a look of ecstasy at this time, and he rushed directly into the mountain.

Ye Feng knows very well that now Hei Wuchang and the others are attracting the super powerful people among the dark demons to themselves, and he still needs to be faster. In this case, when he succeeds, he can send a signal to Hei Wuchang and the others to let Qiqi The princess and Hei Wuchang retreated as quickly as possible.

After all, Ye Feng has just sensed that the dark demon with eighteen wings is an extremely powerful existence. Hei Wuchang may not be the opponent of this super powerful dark demon. He may not be able to delay it for long. He has to speed up. Hurry, time waits for no one.

Chapter 5114 Dark Ore Vein

Swish, swish, swish!

At this time, Ye Feng immediately accelerated his speed and flew quickly towards the inner area of the mountain.

The moment Ye Feng entered this mountain, he immediately felt that his feelings were getting stronger and stronger.

This made Ye Feng even more certain that the body of the Giant Spirit God's Ax was definitely in this mountain, and he was definitely not mistaken. .???.??

Uh-huh!

At this moment, Ye Feng took out the fragment in his hand and carefully sensed the actual position of the Giant Spirit God Ax and where it was.

Soon, Ye Feng reached the foot of this mountain.

A cave appears here.

"Um?"

Ye Feng looked at this ordinary cave with a look of doubt in his eyes.

Could it be that the Ax of the Giant Spirit God was sealed in such a small cave?

"It feels a little strange..."

Ye Feng murmured, but since the fragment in his hand pointed to this place, there should be nothing wrong.

At this time, Ye Feng did not hesitate and walked directly into the ordinary cave in front of him.

Buzz!

But the moment Ye Feng walked in, he felt that his field of vision suddenly broadened.

I saw that inside the entire cave, a huge space formation was engraved, which suddenly expanded the internal space of the entire small mountain more than ten times, as if the entire interior of the mountain was a small space of its own.

At this moment, Ye Feng saw a huge ax with a length of tens of thousands of meters, floating in the inner space of this mountain.

This huge ax looks like it is made of black steel. It looks extremely deep, full of killing energy, and even has the blood of ancient demons stained on the surface of this ax.

, adding a ferocious air.

In ancient times, this was definitely an extremely terrifying killer weapon.

At this moment, Ye Feng saw that the huge body of the Giant Spirit God Ax was entangled with black silk threads.

However, Ye Feng observed carefully and suddenly discovered that those were not black threads, but energy nets composed of dark energy appearing under the surrounding mountains, trapping the entire Giant Spirit God Ax body. Stuck, unable to move.

At this time, Ye Feng possessed the blood of the Giant Spirit God and was able to form an inner connection with the Giant Spirit God's ax in front of him.

Ye Feng could sense that the Giant Spirit God's Ax had its own intelligence.

The Ax of the Giant Spirit God seems to be sending a distress signal to himself, the inheritor of the Giant Spirit God's bloodline.

Ye Feng immediately nodded, looked at the huge giant axe, and said, "Don't worry, I'm here just to save you."

At this moment, an old voice came out of the Giant Spirit God's Ax: "Young man, you are not a descendant of our Giant Spirit God clan, but why did you successfully fuse the blood of our Giant Spirit God clan? force?"

When Ye Feng heard that the Giant Spirit God's Ax actually spoke directly, he immediately couldn't help but clasped his fists and said loudly: "Senior, I got the recognition of your Giant Spirit God Clan's chief commander by chance. That's why he merged his original bloodline into mine."

Ye Feng was naturally lying at this moment, but now Ye Feng could only say this. He couldn't say that he had swallowed up all the bloodline power and energy of the leader of the giant spirit god clan.

Hearing what Ye Feng said at this time, the Giant Spirit God Ax seemed to think for a moment, and then came out

He said in a loud voice: "It seems that you are the destined person of our Giant Spirit God clan. Well, I hope you can rescue me. If you can rescue me, I can protect you as your personal weapon. I have The power of the ancient giant spirit god, and the material from which I was made is the strongest black iron in the world. "

Hearing what the Giant Spirit God Ax said at this moment, Ye Feng immediately nodded and couldn't help but said: "Then how should I rescue you, senior?"

The Giant Spirit God's Ax continued to make an old voice: "These black threads that trap me are all composed of the energy in the dark mineral veins under this mountain, so if you can give the dark mineral veins under this mountain to Destroy them all, then I can be saved."

Ye Feng's eyes lit up when he heard what the Giant Spirit God Ax said. Is there such a huge dark mineral vein hidden under this mountain?

The energy released can trap the Giant Spirit God's Ax, which shows how amazing the reserves of this dark mineral vein are.

It is estimated that the strong men of the dark demon tribe discovered such a huge dark mineral vein back then, and used this dark mineral vein to restrain the ax of the giant spirit god.

No wonder the Giant Spirit God's Ax is trapped in such a small mountain. Unexpectedly, there is something hidden under this small mountain, and there is actually a huge dark mineral vein.

At this moment, Ye Feng was about to rush into the dark mineral veins underground.

But at this time, the Giant Spirit God Ax quickly warned and said: "Young man, you must be careful. Although there are no strong men from the dark demon tribe stationed in the dark mineral veins, the dark mineral veins themselves are very scary places. Because the dark mineral veins evolved from the body of the most powerful person among the dark demons who died, it is very likely that dark ghosts will be born in the dark mineral veins, similar to the spirits of the mountain gods in our ordinary mountains.

In this way, these things are very weird and scary, and will erode people's soul and spirit, so be careful. "

At this moment, after hearing the reminder from the Giant Spirit God's Ax, Ye Feng grinned and said to his senior: "Don't worry, I have never been afraid of threats at the spiritual and soul level."

Uh-huh!

After saying that, Ye Feng didn't explain anything. He just jumped up alone and jumped directly into the dark mineral veins under the mountains in front of him.

The moment Ye Feng jumped in, the huge body of the Giant Spirit God's Ax floated high in the sky, and he said with some approval: "This young man deserves to be recognized by the commander-in-chief and has inherited the inheritance of our Giant Spirit." The giant spirit god bloodline of the god clan indeed has great courage and adventurous spirit."

At this time, Ye Feng had already entered the dark mineral veins underground.

Ye Feng discovered that everything around him was extremely dark without any light. It was like he had entered a black hole, and there was no way to escape from this endless darkness.

boom!

At this moment, Ye Feng didn't hesitate at all, and directly released the Devouring Domain, covering the surrounding area.

To destroy this dark mineral vein, it is very simple. Ye Feng only needs to use the Devouring Domain to swallow up all the dark energy in the entire dark mineral vein.

Not only can it disintegrate the dark energy of the entire dark mineral vein, but it can also swallow a large enough amount of dark power, which may greatly enhance its own power.

As for what the Ax of the Giant Spirit God said, the dark ghosts that may be born in this dark mineral vein will invade his spirit and soul, so Ye Feng is not afraid at all, and even hopes that the other party will take the initiative to invade, and then he will be in his head. The Emperor of Chu was directly destroyed, and he could also increase his spiritual and soul power, and also nourish the Emperor of Chu himself.

Chapter 5115 Special Token

Boom!

At this time, Ye Feng released his Devouring Domain, and he could immediately feel the dark energy in the surrounding dark mineral veins. It was indeed as huge as he imagined, and it was very advanced.

After Ye Feng swallowed it, he could immediately feel that his skill had been greatly improved.

For Ye Feng, the main mission this time is to rescue the ax of the giant spirit god, a magical weapon.

What makes Ye Feng feel very lucky is that the Giant Spirit God's Ax actually has its own name and wisdom, and can guide him to save him. In this case, it will be much easier for Ye Feng to operate.

At this moment, Ye Feng was frantically absorbing the energy from the entire dark mineral vein.

Every strand of dark energy absorbed by Ye Feng was like a wild dragon, directly injected into Ye Feng's Dantian.

At this moment, Ye Feng could immediately feel that his power was growing crazily at an incredible speed.

You know, this is a whole dark mine.

The power of these dark mineral veins is turned into threads, which can even lock magical weapons like the Giant Spirit God's Ax here.

This shows how terrifying the dark energy contained in this dark mineral vein is.

At this time, Ye Feng was naturally nourished by huge amounts of energy, and his power, aura, and cultivation realm were rapidly and continuously increasing.

But at this moment, several ghostly figures suddenly flew towards Ye Feng quickly.

Ye Feng pretended not to see it and continued to devour it.

Boom!

At this moment, several ghosts rushed into Ye Feng's head, and they immediately let out a sinister laugh: "I don't know where the brave human kid came from, how dare he go into the dark mine where our dark ghosts live?" I'm really tired of plundering resources and strength."

But the moment these eerie voices fell, suddenly Ye Feng's mind

# Every time verification appears, please do not use incognito mode!

An extremely intense crimson light burst out.

It was obviously Emperor Chu who took action.

"Ah!! What kind of existence is this? So terrifying? Even we can't resist it?"

The next moment, the frightened screams of these dark ghosts suddenly came from Ye Feng's head.

But they couldn't escape Ye Feng's head at all. Emperor Chu crushed them all and then swallowed them.

Ye Feng could feel that after Emperor Chu devoured these powerful ghosts that invaded from outside, his power seemed to become more and more unfathomable.

This made Ye Feng's eyes suddenly reveal a look of surprise. It seems that Emperor Chu can now devour the energy from the outside world to strengthen himself, but it will definitely require a soul body with powerful soul power like Dark Ghost to be able to give Chu Huang produces nourishment.

But this is a good thing. After all, the more strength Chu Huang recovers, the greater help it will be to Ye Feng, which can protect Ye Feng from mental and soul damage.

At this time, without the interference of the dark ghost, Ye Feng could devote himself to devouring the infinite dark energy in the entire dark vein.

The cultivation aura on Ye Feng's body immediately increased and broke through at an incredible speed.

The sixth level of Xuanling Realm!

At this time, Ye Feng's cultivation level was rising steadily, and his breakthrough speed was simply terrifying to the extreme.

This extremely fast sudden

Ye Feng was naturally extremely happy.

I didn't expect that on the way to rescue the Giant Spirit God's Ax, I would be able to get such a huge opportunity. I would encounter such a terrifying dark mine, which provided me with huge energy.

At this moment, Ye Feng had achieved a breakthrough in his cultivation, and his skills had also increased as never before.

Ye Feng looked around and found that almost the entire dark mineral vein had been swallowed up by him.

All the ores in the dark veins have faded, turning from black to white. They have obviously lost their dark energy, and these dark ores have turned into ordinary stones. .??.

At this moment, Ye Feng was preparing to leave.

But suddenly at this moment, Emperor Chu's voice came to mind: "Ye Feng, wait a moment. There seems to be some inexplicable fluctuation in the deepest part of this dark mineral vein. Go and take a look."

Hearing what Emperor Chu said in his mind, Ye Feng's eyes flashed fiercely.

Something that could make Emperor Chu take the initiative to look for it was definitely very extraordinary and very precious.

Ye Feng nodded immediately at this moment and landed directly towards the bottom.

When Ye Feng landed at the deepest point of this dark mine vein, Ye Feng found a very strange-looking token from a pile of rubble.

The shape of this token is a very special tortoise-shell shape.

On this black token, there is an ancient text written on it.

This text is not the text of the human race, but may be the text of the dark demon clan.

At this moment, Ye Feng could sense an ancient and prehistoric aura from this black token.

Ye Feng's eyes suddenly flickered, and he asked aloud: "Emperor Chu, what kind of token is this token?"

Emperor Chu shook his head at this moment, thinking in his mind

# Every time verification appears, please do not use incognito mode!

Hai Zhong said aloud: "I don't know what this token represents, but it is definitely very extraordinary, because I sensed a very familiar wave from this black token. It is not this lower dimension. The fluctuations in the world of cultivation come from the fluctuations in the world of higher cultivation dimensions in the outside world."

"Um?"

Hearing what Emperor Chu said, Ye Feng's eyes suddenly lit up.

Could it be that this black token comes from the extraterrestrial world, a world of higher cultivation dimensions?

And you must know that Emperor Chu also comes from the world of higher-dimensional cultivation, so he can sense the fluctuations of this special higher-dimensional cultivation world.

At this moment, Ye Feng nodded and said with a smile: "Keep this black token first, maybe it will come in handy in the future. Maybe this black token is the personal belongings of a super big shot. Token, maybe I can use this black token to command thousands of troops in the future."

At this moment, after Ye Feng finished speaking, he directly put the black token into his storage ring and put it away properly.

Uh-huh!

At this time, Ye Feng did not hesitate and flew directly from the surrounding dark mineral vein space towards the ground quickly.

When Ye Feng flew to the ground, the Giant Spirit God's Ax had already escaped.

The Giant Spirit God's Ax was tens of thousands of meters tall just now, but now it has become a normal size, as tall as a person.

At this moment, an old voice came out of the Giant Spirit God's Ax and said: "Young man, you are really the most amazing person I have ever seen. You are actually able to use a human body to absorb such terrifying energy. Dark energy is used to strengthen one's own power."

Hearing what the Giant Spirit God Ax said, Ye Feng's eyes flickered. It seemed that when he was swallowing and practicing just now, the Giant Spirit God Ax had escaped from the trap in the middle, but it did not disturb him, but was on the ground. Observe yourself silently.

Chapter 5116 There is no way to escape

At this time, after hearing what the Giant Spirit God Ax said, Ye Feng didn't explain much. He just smiled and said: "Since the dark mine has been completely destroyed by me, senior is now out of trouble. , then senior, please follow me back to the Daxuan Dynasty."

Hearing what Ye Feng said, Giant Spirit God Ax nodded and said, "Okay."

After saying that, Ye Feng immediately saw the Giant Spirit God's Ax, which automatically flew to his back and was carried on his back.

At this time, Ye Feng felt that there was no weight on the Giant Spirit God's Ax.

Obviously, the Ax of the Giant Spirit God has its own intelligence, which can reduce its own weight and relieve itself of pressure.

Otherwise, such a terrifying magical weapon like the Giant Spirit God's Ax, once it exerts all its power and weight, will definitely weigh as much as billions of stones and be able to crush mountains and rivers.

At this time, Ye Feng showed a joyful smile on his face. After all, the rescue of the Giant Spirit God Ax this time was unexpectedly successful.

Uh-huh!

At this moment, Ye Feng directly carried the Giant Spirit God's Ax on his back and flew towards the outside.

When Ye Feng left the cave and came outside, a terrifying aura suddenly locked onto Ye Feng in an instant. .??.

Ye Feng immediately saw that high in the sky above the mountain, a dark demon with eighteen black wings on its back was staring at him, with blue-red eyes flashing. The light gives people a very scary feeling.

At this time, Ye Feng could clearly feel that this dark demon with eighteen black wings on its back was probably four realms higher than his own cultivation level.

At this moment, Ye Feng immediately felt a huge sense of crisis.

This dark demon strong man with eighteen wings on his back, okay

# Every time verification appears, please do not use incognito mode!

Just like the most powerful dark demon warrior that Ye Feng had seen guarding this mountain before, he was indeed extremely powerful and terrifying. Even Ye Feng could not be his opponent. After all, he was four times taller than Ye Feng. At such a large level, Ye Feng could be killed with just one move.

At this moment, Ye Feng never expected that these strong men of the dark demon clan would come back so quickly. It seemed that the other party also realized that this was a plan to divert the tiger away from the mountain.

At this moment, Ye Feng looked around and found that Hei Wuchang and other powerful human beings did not appear here.

At this moment, when the dark demon warrior with eighteen black wings in the sky saw Ye Feng's appearance, he immediately smiled sarcastically and said, "Young boy, I didn't expect you to be like this. You dare to use the tactic of driving the tiger away from the mountain, and don't look now, your helpers are now trapped in a small area by our dark demons, and they will not be able to escape for a while. "

At this time, when he heard this dark demon with eighteen black wings say this, Ye Feng's eyes suddenly showed a deep look. It seemed that he did not expect that an old man as powerful as Hei Wuchang would be trapped in Trapped in a small area, unable to escape.

It can be seen that the strength of these dark demons is still very terrifying.

At this time, Ye Feng had no intention of fighting at all, because Ye Feng knew very well that he could not be the opponent of this super powerful dark demon.

Uh-huh!

At this moment, Ye Feng fled quickly towards the distance.

Seeing Ye Feng running away, this dark demon with eighteen wings on his back immediately

Ma just had a sarcastic smile on his face and said loudly: "Boy, you can't escape!"

Uh-huh!

After saying that, this dark demon simply spread the eighteen black wings on its back.

When each black wing is opened, it looks like a black cloud, covering the sky, giving people a very terrifying feeling.

The sun in the entire sky was blocked by eighteen huge wings, and the entire world immediately became dim.

At this moment, Ye Feng had a look of surprise in his eyes. This super-powerful dark demon was truly a terrifying existence. He was very fast and caught up with him in the blink of an eye.

Even if Ye Feng opens a space wormhole, he can't escape.

At this moment, with a cruel look in the eyes of this strong man from the dark demon race, he stared at Ye Feng who was running away below, and said coldly: "Boy, go to hell!"

After finishing speaking, the dark demon clan leader directly extended a hand.

One of his hands immediately turned into a dark claw that covered the sky and the sun, and it grabbed directly towards Ye Feng, as if he was going to crush Ye Feng's whole body in an instant.

Even Ye Feng felt this terrifying power. At this moment, his entire body was about to shatter.

But just when Ye Feng's whole body was about to be completely broken, the ax of the Giant Spirit God carried on his back suddenly shone brightly.

The next moment, the Giant Spirit God's Ax erupted with a terrifying force, and in an instant the dark claw stretching out from behind sent the sky-shielding claw flying backwards.

"What??"

Saw it at this moment

In this scene, the dark demon strongman who wanted to kill Ye Feng suddenly showed deep astonishment in his eyes, and said loudly: "Human boy, how could you, an ordinary ant like you, let the giant spirit do it?" The God's Ax works for you? He even protects you? This is impossible!"

At this moment, hearing this strong dark demon with eighteen black wings say this, Ye Feng's eyes suddenly showed a look of surprise.

Ye Feng did not expect that the power erupted from the Giant Spirit God's Ax would be so powerful that it could withstand the attack of this dark demon strongman.

But at this moment, the sound of the Giant Spirit God's Ax suddenly came to mind in Ye Feng's mind: "I have just escaped from the trap now, and my strength has not been fully restored. Moreover, in that battle, I was greatly injured." Damage, so my current strength is not enough to continue to use it. If I want to destroy this dark demon strongman with eighteen black wings on his back, I must rely on you, Ye Feng, to assist me. "

"Um?"

Hearing what the Giant Spirit God Ax said, Ye Feng's eyes suddenly showed a bright color, and he quickly asked: "Senior, if you need any help, just ask, as long as this dark demon strongman can be destroyed, I will Everything works together."

Ye Feng knew very well that it was impossible for him to defeat this powerful dark demon with eighteen black wings on his back. The opponent's cultivation level was four levels higher than his own.

But the Giant Spirit God's Ax actually said that with his assistance, he might be able to destroy the opponent.

In this case, it would be a great blessing for Ye Feng.

Not only can he destroy the huge threat of the dark demon strongman, but if the opponent is killed by him, the powerful skill contained in the opponent will definitely be unparalleled and huge nourishment for Ye Feng!

Chapter 5117 Great Bargain

At this moment, Ye Feng looked at the Giant Spirit God's Ax floating beside him, and couldn't help but ask: "Senior, how do you want me to cooperate with you? Just say it, as long as I can do it, I will definitely do it." I will do my best to eradicate this super powerful person from the dark demon clan."

At this time, the Giant Spirit God's Ax immediately said: "Now I need you to hold my ax handle, and then use all your strength to stimulate the power of the Giant Spirit God's bloodline contained in your body, and infuse it all into my body. In this way, the charm of the giant spirit spirit in my body can be activated. "

Hearing what the Giant Spirit God Ax said, Ye Feng didn't hesitate at all. He immediately nodded and said, "Okay, do everything as the senior said."

Buzz!

After finishing speaking, Ye Feng directly activated the Giant Spirit God's bloodline in his body, and injected all the energy in the Giant Spirit God's bloodline into the Giant Spirit God's ax in his hand.

Boom!

Almost at this moment, the bloodline power injected by Ye Feng was like a spark that ignited the entire wasteland. Suddenly, the entire Giant Spirit God Ax burst out with terrifying light.

"Um?"

Seeing this scene, Ye Feng's eyes suddenly revealed a look of astonishment. It seemed that he did not expect that he could casually activate the bloodline of the Giant Spirit God and inject some energy to make the Giant Spirit God's ax explode with such terrifying power.

At this moment, the Giant Spirit God Ax immediately said: "If an ordinary strong man urges me, even a strong man four or five realms higher than you, there is no way to make me explode in the most terrifying way. The power, but you are too special. You have the blood of the Giant Spirit God. To me, the Giant Spirit God bloodline is definitely the power that best suits my origin, so I can burst out with such terrifying power. "

boom!

Almost at this moment, with the blessing of Ye Feng's giant spirit god's bloodline, the entire ax of the giant spirit god's ax

# Every time verification appears, please do not use incognito mode!

The head immediately became extremely huge, reaching tens of thousands of meters in size, and then slashed fiercely at the strong dark demon with eighteen black wings in front of him.

When the ax struck down, the whole world seemed to be split open. The whole earth was shaking rapidly, and a huge crack began to appear, forming an abyss that could not be seen to the bottom.

Seeing this terrifying destructive power, even Ye Feng was stunned.

I didn't expect that the Giant Spirit God's Ax could burst out with such terrifying power. It was really amazing.

At this time, Ye Feng was very happy that he could rescue the Giant Spirit God's Ax.

The power contained in the Giant Spirit God's Ax is really terrifying. No wonder Princess Qiqi wanted to get the Giant Spirit God's Ax before. This kind of power is really terrifying.

At this moment, facing the ax of the giant spirit god, the powerful dark demon with eighteen black wings not far away, no matter how powerful he is, can't help but be horrified at this moment. He said aloud: "What?? You, a little human boy, can actually activate such a terrifying weapon as the

Giant Spirit God Ax, and even make the Giant Spirit God Ax explode to such a peak level Power? ? This is impossible, who are you?"

At this time, the dark demon strongman with eighteen wings on his back finally realized deeply that Ye Feng's identity was definitely very extraordinary, and he was not an ordinary human boy at all.

But by this time, it was already too late.

The ax of the giant spirit god burst out with such terrifying peak power that even the super strong man among the dark demons could not

After resisting, he was cut in half by the ax of the giant spirit god, and he was killed instantly.

"It's too strong..."

Seeing this scene, Ye Feng opened his mouth wide. It seemed that he did not expect that such a powerful person from the dark demon clan, who was four realms higher than himself, would be killed by the ax of the giant spirit god. .

At this time, it seemed that he saw Ye Feng's shocked expression. The Giant Spirit God's Ax immediately flew in front of Ye Feng, and said with a smile: "This is not my true peak power. We were here back then." Only with the great leadership of the Pulse can I fully mobilize all my power and explode with destructive power that is comparable to the level of those who control the overlord forces in Zhongzhou in the Ten Thousand Monsters Interface."

Hearing what the Giant Spirit God Ax said, Ye Feng immediately nodded, his eyes were very happy, as if he did not expect that he could get such a powerful magic weapon like the Giant Spirit God Ax.

At this moment, Ye Feng did not hesitate and rushed forward. When he saw the body of the super powerful dark demon that had been split in half, he instantly released the Devouring Domain, killing this super powerful dark demon. All the corpses of the deceased were shrouded.

Boom!

At this moment, a huge amount of energy was immediately absorbed by Ye Feng and injected into Ye Feng's Dantian.

Ye Feng's skill immediately began to break through at an incredible speed.

You must know that this dark demon super strong man is four realms higher than Ye Feng, so his energy is definitely like the vast ocean, giving Ye Feng immediate blessing of terrifying power.

At this moment, Ye Feng's cultivation aura broke through crazily at an incredible speed.

At this moment, Ye Feng's cultivation momentum finally stopped completely.

Ye Feng's cultivation level has also been improved to an unprecedented level, directly crossing an entire realm and breaking through to the half-step Xuanzhao realm above the Xuanling realm.

Xuanzhao Realm is an extremely terrifying realm. Once entering it, practitioners will be able to obtain the power of the legendary gods in the underworld, which can be used to temper the entire body and begin to transform from a mortal.

At this time, even if Ye Feng was only half-stepping into the Xuanzhao realm, he still sensed the mystery of this new and powerful realm.

Ye Feng could feel that his power was at least dozens of times stronger than before.

Buzz!

Ye Feng clenched his fists, feeling the surging energy all over his body, his eyes full of excitement.

This time I really got a big deal!

Relying on the power of the Giant Spirit God's ax, he killed the strong dark demon with eighteen black wings.

After all, if Ye Feng were alone, his own safety would not be guaranteed, let alone killing the opponent.

At this moment, the giant spirit god's ax floating aside looked at Ye Feng, his eyes full of wonder, and couldn't help but said: "Ye Feng, you are really the most magical and harmonious person I have ever seen. Incredible young man, he can even assimilate the dark energy of this extremely evil dark demon clan and become his own strength. This ability is simply a blessing to the heaven and the earth! "

Chapter 5118 Rescue Hei Wuchang

At this time, Ye Feng couldn't help but smile when he heard the praise from the Giant Spirit God Ax, and said loudly: "Now we can leave here directly."

The Giant Spirit God Ax nodded, and then flew directly to Ye Feng's back.

At this time, Ye Feng flew quickly towards the direction where Hei Wuchang and others were trapped.

For Ye Feng, the most important thing now is to help Hei Wuchang and others out of trouble, as well as Princess Qiqi and others.

In order to attract firepower, they were trapped in a small space not far away, and he had to rescue them.

You must know that not only has Ye Feng's cultivation strength been greatly improved, but the bloodline of the Giant Spirit God possessed by Ye Feng can activate the strongest original power in the Giant Spirit God's Ax.

Therefore, Ye Feng's current comprehensive strength can be said to be very powerful. Ye Feng naturally rushed to rescue Hei Wuchang and others.

At this moment, Ye Feng was flying and finally sensed a very violent energy fluctuation not far away. It should be a battle between strong men.

Ye Feng's eyes suddenly lit up and he flew over immediately.

When Ye Feng flew to a jungle, he saw Hei Wuchang, including Princess Qiqi, a group of more than a dozen golden armored guards, and many strong men from the city lord's palace, all trapped in a small open space.

All around, there were strong men from the dark demon clan wearing black armor.

These dark demons are obviously well-trained. Hundreds of dark demons can be superimposed together to form a formation, shrouding Hei Wuchang and other powerful people in it.

Even though Hei Wuchang's cultivation is extremely powerful and he is a powerful elder in the Daxuan Dynasty, but in the cooperative formation of hundreds of well-trained dark demon warriors, there is no way to escape for a while.

However, they were not in danger. After all, the most powerful dark demon with eighteen black wings went back to chase Ye Feng early.

At this time, Ye Feng naturally came to this open space without any hesitation.

At this moment, seeing Ye Feng arriving, Princess Qiqi immediately said in surprise: "Ye Feng, you are here!"

At this moment, Hei Wuchang, an elder and strong man, showed a trace of nervousness in his eyes, and said quickly: "Ye Feng, go back and get reinforcements! It's useless for you to come alone now. Hundreds of dark demon warriors are all well-trained, and are connected together using some special secret method to form this trapped formation, making it impossible for us to escape. They can't hurt us for a while. You alone cannot save us at all. The most correct thing you can do now is to return to the border city and inform us of the most powerful beings stationed around the Daxuan Dynasty to come and rescue us. "

Uh-huh!

But the moment Hei Wuchang finished speaking, Ye Feng suddenly pulled out the Giant Spirit God Ax from behind, then activated his Giant Spirit God bloodline and slashed hard with the axe.

Boom! !

At this moment, the giant spirit god's ax suddenly erupted with a bright divine light, directly forming a terrifying power light wave, which instantly tore the world apart and killed hundreds of dark demon warriors. The formation formed directly opened a hole.

"What??"

After seeing this scene, no matter the scene

# Every time verification appears, please do not use incognito mode!

The hundreds of powerful men from the dark demon clan were still Hei Wuchang. Princess Qiqi and a group of others suddenly widened their eyes.

Especially Hei Wuchang, an old and powerful man, he couldn't help but said in horror: "Ye Feng, is the ax in your hand the legendary ax of the giant spirit god? And you can actually burst out giant spirits. The most powerful power of the God's Ax, how is this possible? Does the Giant Spirit God's Ax recognize you as its master? "

At this moment, Hei Wuchang was naturally shocked and horrified to the extreme.

Because the Ax of the Giant Spirit God has always been synonymous with sacredness in the hearts of the royal members of the Daxuan Dynasty, it is the most powerful magical weapon.

Therefore, even in the eyes of an older and powerful person like Hei Wuchang, the Giant Spirit God's Ax is definitely a holy object.

But now that Ye Feng holds the Giant Spirit God's Ax in his hand, the earth-shattering power burst out. Naturally, the elders like Hei Wuchang are deeply shocked. It seems that they can't believe that such a young man like Ye Feng The young man was actually able to control the ax of the giant spirit god, and was even able to erupt with such earth-shattering terrifying power.

At this moment, Ye Feng did not hesitate at all, but laughed, directly holding the ax of the giant spirit god in his hand, he fiercely entered the group of hundreds of dark demon warriors in front.

At this time, the entire group formation of the dark demon warriors had been torn open by Ye Feng, so Hei Wuchang also found the right opportunity at this time to burst out the terrifying power that belonged to his elders.

Boom!

Boom!

The next moment, the entire field fell into endless chaos.

Under the crazy attacks of Hei Wuchang and Ye Feng, who was holding the ax of the giant spirit god, hundreds of strong men from the dark demon clan were all killed.

At this time, Ye Feng naturally did not hesitate at all, releasing the Devouring Domain and began to crazily devour the blood and energy of these killed dark demons.

Although these dark demons are not as powerful as the previous dark demons with eighteen black wings on their backs, their cultivation is also very good, and there are hundreds of them, so Ye Feng swallowed hundreds of them. After becoming a strong member of the Dark Demon Clan, he naturally gained huge amounts of energy.

At this moment, Ye Feng's cultivation skills suddenly began to increase rapidly and continuously at an extremely terrifying speed.

The cultivation aura on Ye Feng's body skyrocketed, and at a certain moment, he suddenly broke through the current bottleneck and reached the real first level of Xuanzao Realm!

At this time, a bright light suddenly appeared in Ye Feng's eyes.

After breaking through to the true Xuanzhao realm, Ye Feng could feel that his combat power had increased dozens of times.

At this moment, the Giant Spirit God's Ax floated to Ye Feng's back, and his eyes looking at Ye Feng were filled with deep amazement.

Even though he is an ancient and incomparable magic weapon and has seen countless geniuses, he has never seen such a terrifying devouring ability as Ye Feng, who can swallow all kinds of energy for his own use and quickly increase his cultivation power.

Ye Feng's breakthrough speed was like riding a rocket, it was really terrifying.

If he were an ordinary young genius, no matter how talented he was, he would have to meditate and practice for at least several years before he could make such breakthroughs.

But Ye Feng broke through an entire realm in just a few hours, which was really terrifying! At this time, Ye Feng couldn't help but smile when he heard the praise from the Giant Spirit God Ax, and said loudly: "Now we can leave here directly."

The Giant Spirit God Ax nodded, and then flew directly to Ye Feng's back.

At this time, Ye Feng flew quickly towards the direction where Hei Wuchang and others were trapped.

For Ye Feng, the most important thing now is to help Hei Wuchang and others out of trouble, as well as Princess Qiqi and others.

You must know that not only has Ye Feng's cultivation strength been greatly improved, but the bloodline of the Giant Spirit God possessed by Ye Feng can activate the strongest original power in the Giant Spirit God's Ax.

Therefore, Ye Feng's current comprehensive strength can be said to be very powerful. Ye Feng naturally rushed to rescue Hei Wuchang and others.

At this moment, Ye Feng was flying and finally sensed a very violent energy fluctuation not far away. It should be a battle between strong men.

At this moment, Hei Wuchang, an elder and strong man, showed a trace of nervousness in his eyes, and said quickly: "Ye Feng, go back and get reinforcements! It's useless for you to come alone now. Hundreds of dark demon warriors are all well-trained, and are connected together using some special secret method to form this trapped formation, making it impossible for us to escape. They can't hurt us for a while. You alone cannot save us at all. The most correct thing you can do now is to return to the border city and inform us of the most powerful beings stationed around the Daxuan Dynasty to come and rescue us. "

Uh-huh!

But the moment Hei Wuchang finished speaking, Ye Feng suddenly pulled out the Giant Spirit God Ax from behind, then activated his Giant Spirit God bloodline and slashed hard with the axe.

Boom! !

At this moment, the giant spirit god's ax suddenly erupted with a bright divine light, directly forming a terrifying power light wave, which instantly tore the world apart and killed hundreds of dark demon warriors. The formation formed directly opened a hole.

"What??"

After seeing this scene, no matter the scene

The hundreds of powerful men from the dark demon clan were still Hei Wuchang. Princess Qiqi and a group of others suddenly widened their eyes.

Especially Hei Wuchang, an elder and strong man, he couldn't help but said in horror: "Ye Feng, is the ax in your hand the legendary ax of the giant spirit god? And you can actually burst out giant spirits. The most powerful power of the God's Ax, how is this possible? Does the Giant Spirit God's Ax recognize you as its master? "

At this moment, Hei Wuchang was naturally shocked and horrified to the extreme.

Because the Ax of the Giant Spirit God has always been synonymous with sacredness in the hearts of the royal members of the Daxuan Dynasty, it is the most powerful magical weapon.

Therefore, even in the eyes of an older and powerful person like Hei Wuchang, the Giant Spirit God's Ax is definitely a holy object.

But now that Ye Feng holds the Giant Spirit God's Ax in his hands, the earth-shattering power explodes. Naturally, the elders like Hei Wuchang are deeply shocked. It seems that they can't believe that such a young man like Ye Feng can't believe it. The young man was actually able to control the ax of the giant spirit god, and could even erupt with such earth-shattering terrifying power.

At this moment, Ye Feng did not hesitate at all, but laughed, directly holding the ax of the giant spirit god in his hand, he fiercely entered the group of hundreds of dark demon warriors in front.

At this time, the entire group formation of the dark demon warriors had been torn open by Ye Feng, so Hei Wuchang also found the right opportunity at this time to burst out the terrifying power that belonged to his elders.

Boom!

Boom!

The next moment, the entire field suddenly fell into endless chaos.

Under the crazy attacks of Hei Wuchang and Ye Feng, who was holding the ax of the giant spirit god, hundreds of strong men from the dark demon clan were all killed.

At this time, Ye Feng naturally did not hesitate at all and released the Devouring Domain, and began to crazily devour the blood and energy of these killed dark demons.

Although these dark demons are not as powerful as the previous dark demons with eighteen black wings on their backs, their cultivation is also very good, and there are hundreds of them, so Ye Feng swallowed hundreds of them. After becoming a strong member of the Dark Demon Clan, he naturally gained huge amounts of energy.

At this moment, Ye Feng's cultivation skills suddenly began to increase rapidly and continuously at an extremely terrifying speed.

The cultivation aura on Ye Feng's body skyrocketed, and at a certain moment, he suddenly broke through the current bottleneck and reached the real first level of Xuanzao Realm!

At this time, a bright light suddenly appeared in Ye Feng's eyes.

After breaking through to the true Xuanzhao realm, Ye Feng could feel that his combat power had increased dozens of times.

At this moment, the Giant Spirit God's Ax floated to Ye Feng's back, and Ye Feng's eyes were filled with deep amazement.

Even though he is an ancient and incomparable magic weapon and has seen countless geniuses, he has never seen such a terrifying devouring ability as Ye Feng, who can swallow all kinds of energy for his own use and quickly increase his cultivation power.

Ye Feng's breakthrough speed was like riding a rocket, it was really terrifying.

If he were an ordinary young genius, no matter how talented he was, he would have to meditate and practice for at least several years before he could make such breakthroughs.

But Ye Feng broke through an entire realm in just a few hours, which was really terrifying!

Chapter 5119 Everyone listens to Ye Feng

At this moment, Ye Feng had broken through to the real first level of Xuanzhao Realm, and was naturally very happy.

This time I came to this border city to look for the Ax of the Giant Spirit God, and it was really a huge gain.

Not only did his cultivation skills improve so much, but he was also recognized by the ax of the giant spirit god, a magical weapon.

This made Ye Feng very happy.

After all, Ye Feng's search for the Giant Spirit God's Ax this time is mainly to get the recognition of the Giant Spirit God's Ax, so that the Giant Spirit God's Ax can help him replace the Imperial Jade Seal, and then after he obtains the Imperial Jade Seal, he can rescue the victims. The real emperor of the Daxuan Dynasty, Xuan Wuji, was trapped in a remote area.

At this moment, Ye Feng couldn't wait any longer. He looked directly at Princess Qiqi beside him and said loudly: "Princess Qiqi, since this mission has been completed and the Giant Spirit God's Ax has been successfully obtained, then Let's just go back to the palace."

Princess Qiqi nodded when she heard what Ye Feng said. After all, Princess Qiqi still admires Ye Feng for getting the Ax of the Giant Spirit God, so she naturally listens to Ye Feng in everything.

Because Princess Qiqi knew that Ye Feng might have become an indispensable figure in their Daxuan Dynasty since he successfully integrated the bloodline of the Giant Spirit God.

At this time, Hei Wuchang also nodded slightly, and everyone returned to the border city directly, preparing to leave here directly and return to the palace of the Daxuan Dynasty.

On the way back, Princess Qiqi still felt a little incredible and couldn't help but look at Ye Feng and asked: "Ye Feng, how did you successfully get the recognition of a magical weapon like the Giant Spirit God's Ax? You know, even my brother, the Crown Prince, would find it difficult for the Giant Spirit God Ax to recognize my brother, but Ye Feng, you did it just because of the Giant Spirit God bloodline? "

Hearing what Princess Qiqi said, Hei Wuchang, an older figure standing around, and a dozen golden armored guards also looked at Ye Feng curiously.

After all, they had never known Ye Feng very well before. They only knew that Ye Feng was the latest young genius acquired by His Royal Highness.

But now I didn't expect that Ye Feng, a seemingly ordinary young man, would suddenly do such an incredible thing.

Not only was the Ax of the Giant Spirit God rescued, but he was also recognized by the Ax of the Giant Spirit God.

After all, everyone has seen that Ye Feng killed the powerful men of the Dark Demon Clan just now. Ye Feng holds the Giant Spirit God Ax in his hand, and can burst out the true original power of the Giant Spirit God Ax. The lethality is almost comparable to that of Black Demon Clan. Impermanence.

So this naturally shows that the Giant Spirit God's Ax has completely recognized Ye Feng. Otherwise, it would be impossible to assist Ye Feng to explode such terrifying lethality.

At this moment, seeing the curious eyes of everyone looking over, Ye Feng smiled slightly and said: "Actually, it's nothing special. It's just because I successfully integrated the bloodline of the Giant Spirit God, so that the Ax of the Giant Spirit God can detect me. Maybe I have a huge connection with their lineage, so the Giant Spirit God Ax will recognize me and help me. "

Hearing what Ye Feng said, Hei Wuchang nodded slightly at this moment and said: "Originally, I thought Ye Feng, you were just an ordinary young genius, but now I feel, Ye Feng, you will definitely become the Crown Prince in the future. The most powerful right arm around you."

Hearing what Hei Wuchang said, Ye Feng just smiled secretly in his heart and didn't say much.

If Ye Feng puts himself and the real emperor

After Emperor Xuan Wuji's deal was revealed, he would share half of the entire Daxuan Dynasty. Hei Wuchang would probably be shocked to the point of being unable to speak.

But Ye Feng doesn't want to say so much now.

At this moment, Ye Feng just looked at the Giant Spirit God's Ax carried behind his back, and was very happy in his heart. This time he could finally get the Imperial Seal and rescue the real emperor Xuan Wuji.

For Ye Feng, the most important thing about coming to Daxuan Dynasty this time is to get the imperial seal and rescue the real emperor Xuan Wuji.

In this case, Ye Fengcai has hope that he can unite with the real emperor Xuan Wuji to fight against the dark demon emperor who is now pretending to be the emperor.

Moreover, only you know about this matter, and you must do it secretly. Telling anyone may alert others.

And just when Ye Feng was thinking secretly in his heart, everyone had returned to the border city.

At this moment, Hei Wuchang said: "Let's rest in the border city for one night and return to the palace tomorrow. After all, we are very tired from fighting against those dark demons in the wilderness and forest these past few days. If we rashly Returning to the palace, if you encounter some strong men intercepting you on the way, you may be confused and unable to deal with it. "

Hearing what Hei Wuchang said, Ye Feng nodded slightly and said, "Okay, let's rest for the night before leaving."

Ye Feng also happened to have a night's rest at this time to fully understand the new level of cultivation he had just broken through today.

At this moment, Princess Qiqi secretly came to Ye Feng's side, glanced at the Giant Spirit God Ax behind Ye Feng with some curiosity, and couldn't help but said: "Ye Feng, tell me secretly. "Have you forcibly refined the Giant Spirit God's Ax? That's why I listened to you."

Hearing what Princess Qiqi said, Ye Feng just stared for a moment, then shook his head and smiled helplessly, and said: "Of course not, the ax of the Giant Spirit God has its own intelligence, and I was called the Giant Spirit God by my predecessors. How dare I directly refine the ax of the Giant Spirit God?"

Hearing what Ye Feng said, Princess Qiqi suddenly showed a look of surprise in her eyes and said loudly: "You mean that the Ax of the Giant Spirit God has its own intelligence, can he communicate with you?"

Ye Feng nodded, smiled and said, "Of course."

When he said this, Ye Feng directly took the Giant Spirit God Ax behind his back into his hand, and then said loudly: "Senior, the girl in front of me is the only princess of the Daxuan Dynasty, Princess Qiqi. "

At this moment, after Ye Feng finished speaking, Princess Qiqi was very surprised that an old voice suddenly came out from the Giant Spirit God Ax: "Are they the descendants of that lineage? But I don't Sensing the aura fluctuations of any Giant Spirit God bloodline, it seems that the winning bloodline has completely abandoned the Giant Spirit God clan. "

Princess Qiqi heard what the Giant Spirit God Ax said, and her eyes immediately showed a nervous look. After all, the two royal families of the Daxuan Dynasty fought with each other and almost wiped out the Giant Spirit God clan. Who knows that this Giant Spirit God was Will the ax of the Giant Spirit God, the weapon of the great leader of a clan, be hostile to the current lineage of the Daxuan Dynasty?

But at this time, the Giant Spirit God's Ax said these words and didn't say anything more. Obviously too many years have passed, and the Giant Spirit God's Ax is a weapon, and there is not much love, hate, or grudges. The only person he trusts now is probably Ye Feng, his savior. At the same time, Ye Feng also contains the blood of the Giant Spirit God, so everything about the Giant Spirit God's Ax now depends on Ye Feng. At this moment, Ye Feng had broken through to the real first level of Xuanzhao Realm, and was naturally very happy.

At the same time, Ye Feng also contains the blood of the Giant Spirit God, so everything about the Giant Spirit God Ax now depends on Ye Feng.

Chapter 5120 Vicious

At this time, Ye Feng didn't say anything more. Instead, he sat down cross-legged in the courtyard and began to realize the powerful realm of cultivation he had just broken through today.

After all, Ye Feng has just broken through to a new realm, the first level of Xuanzhao Realm. Naturally, he must clearly sense the power that can be mastered in this new realm of Xuanzhao Realm and the connection between heaven and earth.

In this case, it can greatly help Ye Feng to exert his own strength.

At this moment, Ye Feng didn't hesitate at all, just closed his eyes and entered the cultivation state.

Seeing this scene at this time, Princess Qiqi, who was standing aside, could only say no more for fear of disturbing Ye Feng's practice.

After all, in the eyes of Princess Qiqi, Ye Feng is no longer the ordinary so-called royal guard he was when he first met her.

Ye Feng now has the attention of her brother, His Royal Highness, the Crown Prince, and has even successfully integrated the bloodline of the Giant Spirit God, and successfully gained recognition as a magical weapon, the Giant Spirit God's Ax.

Even the Giant Spirit God's Ax completely obeyed Ye Feng and not the members of their royal family.

So now in the eyes of Princess Qiqi, Ye Feng has already become a very important person, and Princess Qiqi does not dare to joke with Ye Feng too willfully.

However, Princess Qiqi was very happy when she thought that Ye Feng would still live with her in the future.

Because this time Ye Feng obtained the Giant Spirit God's Ax and achieved great success, Princess Qiqi knew very well that her brother, His Royal Highness, would definitely tie Ye Feng tightly to her side as a helper.

Therefore, Ye Feng will definitely have to live with Princess Qiqi in the palace of Daxuan Dynasty for a long time, which naturally makes Princess Qiqi very happy.

After all, Princess Qiqi has always had a high vision since she was born, but Ye Feng made her deeply aware of what peerless talent is.

In Princess Qiqi

# Every time verification appears, please do not use incognito mode!

In her eyes, Ye Feng has already become the ideal person in her heart.

However, Princess Qiqi did not tell the matter directly because she was too embarrassed and shy.

Princess Qiqi decided to wait. After Ye Feng and her relationship became closer, Princess Qiqi decided to tell Ye Feng what was in her heart.

At this moment, Ye Feng didn't know that Princess Qiqi next to her had so many thoughts in her heart.

Ye Feng was just practicing silently.

Because Ye Feng knows very well that if he wants to fight against the Dark Demon Emperor, his own cultivation level is nothing. He must seize every opportunity to improve his strength. Only in this way can he be able to fight against the Dark Demon Emperor.

Because Ye Feng knew very well that even if he got the imperial seal and rescued the real emperor Xuan Wuji, he might not be able to fight against the Dark Demon Emperor.

After all, Xuan Wuji was secretly suppressed by the Dark Demon Emperor and then trapped in a remote area.

At this moment, Ye Feng immediately fell into a state of cultivation.

Early the next morning, Ye Feng woke up from his cultivation state, opened his eyes, and stood up.

At this time, a smile appeared in Ye Feng's eyes, because after a night of refining and understanding, Ye Feng had been able to fully grasp the power of the new and powerful realm of Xuanzhao Realm, and his combat effectiveness had also been greatly improved.

Moreover, the Giant Spirit God Ax even transferred some power to Ye Feng, allowing Ye Feng's Giant Spirit God bloodline to be integrated deeper into his body.

At this moment, Ye Feng saw a group of people approaching not far away, it was Hei Wuchang and a group of golden armored guards.

Princess Qiqi was also standing in front of her.

Ye Feng immediately smiled and said: "Now that everyone is ready, we can go directly back to the palace of the Daxuan Dynasty."

Hearing what Ye Feng said, everyone present nodded.

Especially Princess Qiqi, she naturally wanted to return to the palace of the Daxuan Dynasty as soon as possible and meet her brother, the Crown Prince.

Because Princess Qiqi and Ye Feng successfully obtained the Giant Spirit God Ax this time, she naturally wanted to take credit as soon as possible and ask her brother to reward Ye Feng, a great hero.

Swish, swish, swish!

At this moment, everyone flew directly into the sky and flew quickly towards the Daxuan Dynasty palace area.

On the way, Princess Qiqi couldn't help laughing and said: "Ye Feng, this time when you return to the palace of the Daxuan Dynasty, you must let my brother give you a huge reward. This time you help our Daxuan Dynasty." The Dynasty found the Ax of the Giant Spirit God, which is a great achievement. "

Ye Feng heard what Princess Qiqi said at this moment. He hesitated for a moment, and then said loudly: "Senior Giant Spirit God Ax communicated with me last night. It seems that he does not want to stay in your Daxuan Dynasty. He Want to follow me?" .??.??

After Ye Feng finished speaking, an ancient voice immediately came out from the Giant Spirit God Ax: "Yes, now I only believe in Ye Feng who has the blood of the Giant Spirit God. I don't believe in anyone else."

At this moment, hearing the Giant Spirit God's Ax speak directly, Princess Qiqi immediately couldn't help but smile and said loudly: "Ye Feng is now helping my brother with His Majesty's side. Giant Spirit Senior God's Ax, if you want to follow Ye Feng, just follow Ye Feng. Anyway, Ye Feng is also in our Daxuan Dynasty."

Hearing what Princess Qiqi said, Ye Feng's eyes suddenly showed a look of surprise, as if he didn't expect that Princess Qiqi was quite generous.

# Every time verification appears, please do not use incognito mode!

After all, Ye Feng's original intention was to help Princess Qiqi find the Giant Spirit God Ax, and then let Qiqi Princess master the Giant Spirit God Ax. However, by chance, the person whom the Giant Spirit God Ax finally chose to follow was himself, so This made Ye Feng a little confused.

However, after seeing Princess Qiqi being so free and easy, Ye Feng didn't care anymore and wasn't so entangled. Instead, he smiled and said, "Princess Qiqi is right."

At this time, Hei Wuchang heard the conversation of several people on the side, his eyes flickered slightly, but he didn't say much.

In fact, Hei Wuchang did not want the Giant Spirit God's Ax, a magical weapon from the ancient days of the Daxuan Dynasty, to fall into the hands of an outsider like Ye Feng.

However, the Ax of the Giant Spirit God personally chose Ye Feng, and Hei Wuchang could not intervene. He could only wait until later to report to His Highness the Crown Prince and let His Highness make a decision.

At this time, Ye Feng was quite happy. This time he went to the borderland to cultivate and his strength was greatly improved. Now the ax of the Giant Spirit God still follows him. Ye Feng has the blood of the Giant Spirit God and can master the Giant Spirit God. The power erupted from the ax is very terrifying.

And as Ye Feng's cultivation continues to improve, the power that bursts out will definitely become more and more terrifying.

And just when Ye Feng was thinking secretly in his heart, suddenly when everyone was passing by a wilderness halfway, a total of nineteen black flags suddenly appeared in the surrounding void.

These nineteen black flags directly enveloped everyone, and then bursts of poisonous gas suddenly appeared in the void, trying to poison everyone to death in this space.

"What?"

Seeing this scene, Hei Wuchang's expression immediately changed, and he couldn't help but said:  
"This is an extremely vicious poisonous formation! Who would set up a poisonous formation here to kill us all? ? It's so vicious!"
