

## Ancient 5141

Chapter 5141 Red Dragon Combat Body

Boom!

At this time, when Ye Feng swallowed this red crystal, he could immediately feel the drop of ancient red dragon's blood contained in the entire red crystal, and it instantly exploded in Ye Feng's body. Ye Feng was infused with extremely terrifying energy.

However, the pressure Ye Feng endured was also extremely huge. At this moment, Ye Feng felt that his entire meridians were about to completely expand and break.

In addition, Ye Feng also felt a very terrifying burning force, as if the meridians, flesh and blood inside his entire body, as well as the internal organs, were all being burned to ashes.

Ye Feng's eyes were immediately startled.

At this time, Ye Feng suddenly understood that this drop of ancient red dragon's blood contained extremely terrifying fire energy.

It seems that the ancient red dragon is a dragon with a flame attribute, but Ye Feng is not afraid of it, because Ye Feng's own physique is already very powerful, and he is the immortal body of a god, so Ye Feng can fully withstand the power contained in this drop of blood. The terrifying dragon energy and flame energy.

At this moment, Ye Feng could immediately feel a terrifying energy surging through his entire body.

Ye Feng naturally did not hesitate at all, and directly released the Devouring Domain, quickly devouring such a huge amount of energy.

Boom!

At this moment, Ye Feng's body suddenly burst out with powerful aura of cultivation.

At this moment, Ye Feng's cultivation was infused with energy from this drop of ancient red dragon's blood, and he quickly and continuously broke through.

boom!

The sixth level of Jiuding Realm!

boom!

The Seventh Heaven of Jiuding Realm!

boom!

The eighth level of Jiuding Realm!

At this moment, Ye Feng's cultivation suddenly broke through the third level of heaven, which can be said to have been greatly improved.

And this is just cultivation level

#Every time verification appears, please do not use incognito mode!

breakthrough.

Ye Feng successfully integrated the bloodline power of the ancient red dragon, and then was able to directly stimulate the ancient red dragon's innate ability.

At this moment, Ye Feng decided to try it out.

Boom!

At this time, as Ye Feng activated the blood power of the red dragon that he successfully integrated into his body, pieces of red scales suddenly grew on Ye Feng's body, covering the entire surface of Ye Feng's body. Everything is covered.

Then Ye Feng seemed to have turned into a dragon-blooded warrior, giving people a very ferocious feeling.

Including Ye Feng's hands, they were covered with red scales.

Ye Feng could feel that these crimson scales had extremely terrifying solid defense and attack power.

Moreover, the crimson scales growing on Ye Feng's hands were extremely sharp, as if they could tear any solid thing apart in an instant.

In addition, Ye Feng's red scales all over his body began to burn with red flames, giving the impression that a humanoid flame dragon was born.

"What? This is..."

At this moment, seeing Ye Feng suddenly transforming into this form covered with crimson scales, the woman known as the Red Snake immediately showed deep surprise in her eyes and couldn't help but exclaim. He said loudly: "This is the legendary red dragon battle body!"

"Red Dragon Battle Body?"

Hearing what Red Snake said, many other strong men around the scene couldn't help but have a look of surprise in their eyes, and asked aloud: "Venerable Red Snake, what kind of physique are you talking about the Red Dragon Battle Body?" , is it very rare?"

Red Snake nodded and said aloud: "Only the most authentic and pure seeds inherited from the bloodline of the ancient red dragon

Only then can he successfully cultivate the red dragon fighting body, but this Ye Feng is a human race, why can he successfully cultivate the red dragon fighting body? "

At this moment, Ye Feng shocked everyone present.

Because Ye Feng not only achieved a breakthrough in his cultivation, he was actually able to refine such majestic dragon blood power in an instant. Unexpectedly, he also understood the orthodox inheritance body of the ancient red dragon, which is the red dragon fighting body.

Even Red Snake has not yet successfully cultivated the Red Dragon combat body.

At this time, there was a trace of surprise in Ye Feng's eyes. After all, Ye Feng himself did not expect that he could inadvertently succeed in cultivating such a special physique.

Moreover, Ye Feng could feel that his whole body was covered with red dragon scales, which gave him extremely powerful defense. Moreover, the red scales on his hands were terrifyingly sharp and could tear anything into pieces in an instant.

In addition, the red scales on Ye Feng's body are still burning with fierce flames. It is obvious that the red dragon battle body allows Ye Feng to possess the brute strength of the ancient red dragon, and at the same time, it also possesses the energy of the flame attribute of the ancient red dragon.

Ye Feng was naturally very happy at this time. It seemed that he had completely successfully integrated the blood of the ancient red dragon.

As for the red dragon battle body, this is the innate ability of the ancient red dragon bloodline.

At this moment, Ye Feng dispersed the red dragon battle body, hugged his fists to the red snake very happily, and said loudly: "Thank you, senior red snake, for the gift."

Hearing what Ye Feng said, Red Snake seemed to react. He couldn't help but smile and said: "You are really the most amazing little guy I have ever seen. I never expected that such a peerless genius like you could emerge from the human race." , it seems that the land of Zhongzhou will still be dominated by the human race in the future."

Hearing what Red Snake said, Ye Feng's eyes flashed slightly, but he didn't say much.

At this moment, the woman in colorful clothes continued to look at the next big shot, appearing

#Every time verification appears, please do not use incognito mode!

He said in a loud voice: "It's your turn to give Ye Feng a gift."

This third figure is a burly man with a black giant sword on his back. He does not look like a monster in the form of a monster, but rather like a kendo ascetic monk among the human race.

But the aura emanating from him was indeed that of a monster.

Ye Feng was also looking forward to it, not knowing what kind of things the other party would give him.

At this time, this burly man with a huge black sword on his back suddenly looked at the woman in colorful clothes, couldn't help but smile helplessly, and said loudly: "Feng Hou, you also know that I usually practice hard on the sword of the human race, and I have never I went out to look for opportunities and treasures, so I really didn't have anything good to offer."

When the woman in colorful clothes heard what the burly man with a huge black sword said, she immediately smiled and said loudly: "Venerable Black Ox, are you a bit too stingy to say this? Don't be a human race like Ye Feng." In front of this little guy, you are embarrassing the top groups in Monster Forest."

Hearing what the woman in colorful clothes said, this burly man with a huge sword on his back, a monster and strong man called the Black Bull Lord, immediately couldn't help but stretched out his big hand, scratched his head, and said loudly: "Feng Finally, it's not that I'm stingy, I really don't have anything good to show for people to laugh at."

When he said this, the Black Oxen Venerable seemed to have thought of something, and suddenly he couldn't help but his eyes lit up, and he said loudly: "By the way, although I don't have anything good, but my ancient sacred cow's true essence Strength is of great benefit to human cultivators. I can help this little guy perform skill initiation and also improve his cultivation. Doesn't this little guy just want to improve his cultivation strength? This is very important to me. It's a piece of cake."

Hearing what Lord Black Niu said, the woman in Caiyi was startled at first, but before the woman in Caiyi could say anything, Ye Feng spoke up expectantly: "Senior Black Niu is willing to help me

with my skills. In terms of empowerment, that's really great! This is definitely a great gift for the juniors!"

#### Chapter 5142 Body Protection Magic

Hearing what Ye Feng said at this time, the woman in colorful clothes showed a hint of surprise in her eyes, as if she did not expect that Ye Feng would accept the power initiation from Venerable Black Bull.

At this moment, the woman in colorful clothes immediately couldn't help but remind her: "Ye Feng, the power practiced by this black bull master is not something ordinary people can bear. It is the power of a very ancient black sacred bull. If he forcibly gives it to you, you may not be able to withstand the terrifying demonic energy, which will conflict with the human essence in your body. In that case, it may cause damage to your entire body."

Hearing the reminder from the woman in colorful clothes, Ye Feng just smiled slightly and said: "Senior, don't worry, I can digest the energy of Senior Black Ox, there is no need to worry."

Seeing Ye Feng's confident look, the woman in colorful clothes had no choice but to say nothing and nodded.

At this time, Ye Feng looked at Venerable Black Bull, smiled and said: "Senior, you can give me the power initiation directly. I am very much looking forward to how much power senior can give me."

Hearing what Ye Feng said, Lord Black Niu immediately grinned and said, "Don't worry, I will definitely take care of you."

After saying that, Lord Black Ox stretched out a hand. The moment he stretched out his hand, it immediately turned into a huge black ox hoof, which directly pressed on Ye Feng's head. above.

"Boom!"

At this moment, a terrifying energy, a pure and incomparable monster power, was immediately injected into Ye Feng's body.

Buzz!

At this moment, Ye Feng's entire skill was making rapid and continuous breakthroughs at an incredible speed.

At this moment, Ye Feng could feel that his skill was undergoing a huge transformation.

Waves of extremely powerful cultivation momentum immediately appeared in Ye Feng's body.

#Every time verification appears, please do not use incognito mode!

Breakthrough quickly and continuously.

boom!

Jiuding Realm Ninth Heaven!

boom!

The tenth heavenly perfection of the Nine Cauldron Realm! !

In less than a short moment, Ye Feng's cultivation level has broken through two heavens in a row, directly reaching the tenth level of Jiuding Realm.

At this time, it can be said that it is very difficult for Ye Feng to continue to make breakthroughs in his cultivation.

Because it is a breakthrough in the entire big bottleneck.

But at this moment, Venerable Black Bull laughed loudly and said: "The absorption ability of your little guy is really terrifying, so I will help you to break through your big bottleneck."

Boom!

At this moment, Lord Black Bull released an even greater amount of monster power, all of which was injected into Ye Feng's body.

Boom! !

At this moment, Ye Feng's big bottleneck suddenly broke through, and he directly broke through from the tenth level of Jiuding Realm to the first level of Huntian Realm above Jiuding Realm! !

At this moment, Lord Black Bull retracted his palm.

At this time, even Lord Black Niu couldn't help but take a breath for a while, looked at Ye Feng in surprise, and said loudly: "This kid is really strange, with such a low cultivation level, to break through a big bottleneck, it actually consumes so much energy, which makes me feel a little tired, old Niu. This kid's martial arts foundation is really too strong. Otherwise, at such a low level, he can break through a whole big bottleneck. , it's impossible to consume so much energy."

At this time, when I heard the Lord Black Bull say this, the superpowers transformed by a group of other monsters around me were all eyes.

There was a look of surprise in God's eyes, as if he didn't expect that Ye Feng's cultivation could break through several levels, and even Lord Black Ox among them seemed to be struggling. It was really shocking.

At this time, Ye Feng's eyes were full of ecstasy, because Ye Feng never expected that this Black Bull Lord would actually empower himself with so many huge cultivation levels, allowing him to directly break through to the first level of the Huntian Realm. It can be said that Ye Feng is very happy with this new powerful realm.

At this time, Ye Feng looked at the woman in colorful clothes not far away and couldn't help but said: "This time I really want to thank you, Senior Feng Queen."

At this moment, Ye Feng already knew that this woman in colorful clothes was called the Phoenix Queen by many other powerful monsters.

At this moment, Queen Feng's beautiful eyes showed a trace of smile, staring at Ye Feng, and said loudly: "You are the person chosen by the ax of the giant spirit god. This time I have promised to

give you a huge reward." By chance, I will definitely not treat you badly. After all, you still need to convince the Giant Spirit God Ax to help us. "

Ye Feng nodded at this time, grinned, and said loudly: "Don't worry, the Ax of the Giant Spirit God has promised me. As long as you don't do anything to harm me, there will be no problems."

Hearing what Ye Feng said, Queen Feng showed a look of joy in her eyes and said loudly: "Have you agreed to the Ax of Giant Spirit God? That's really great. Of course, this matter will not harm Ye Feng, we only need to use the will of the Giant Spirit God in the Giant Spirit God's Ax to break a very terrifying seal."

After finishing speaking, the woman in colorful clothes continued to look at the next group of monsters transformed into super strong men, and said loudly: "You should all give Ye Feng your own gifts."

The next group of super strong men nodded one after another and gave Ye Feng one after another.

#Every time verification appears, please do not use incognito mode!

nice one.

There are powerful weapons, strong armors, some very special ancient crystals, etc.

However, what makes Ye Feng quite disappointed is that the other powerful men did not give many training resources that could improve his cultivation.

But since the gifts given by these superpowers must be very precious, whether they are weapons or armor, they are all very high-end.

At this moment, Ye Feng thanked everyone one by one.

Finally it was the turn of the last person, the young man in golden robe who had transformed into the giant dragon with nineteen heads.

At this time, Ye Feng also knew the name of the other party. The young man in golden robe who was transformed into a giant dragon with nineteen heads was called Tianlong Emperor. He was an extremely powerful figure and could be said to be the top among this group of monsters in the forest. The most powerful existence among monsters.

She is on the same level as Queen Feng, the woman in colorful clothes who met Ye Feng.

At this moment, the Tianlong Emperor stared at Ye Feng, with a very curious look in his golden eyes, and said loudly: "This is indeed the first time I have met a human boy with such incredible talent like Ye Feng, but... Your cultivation is still too weak after all, so I'll give you a set of magical body-protecting skills, and this set of skills will have a mutual blessing effect with the red dragon combat body that you just successfully integrated."

After finishing speaking, the Heavenly Dragon Emperor stretched out his hand, and golden light flashed in his palm, and a golden dragon scale appeared.

This piece of golden dragon scale is engraved with dense small characters, which is a set of extremely powerful inheritance. It is probably the body protection inheritance created by the Tianlong Emperor himself.

At this moment, Ye Feng took it and immediately saw this set of inheritance called "Golden Dragon Body Protection Divine Technique".

Chapter 5143 Seems to have succeeded

This set of inheritance is called the Golden Dragon Body Protection Divine Art. Ye Feng probably belongs to the dragon clan's inheritance, and may have been created by the Tianlong Emperor himself.

So at this time, Ye Feng immediately smiled, clasped his fists, and said loudly: "Thank you, Senior Tianlong Emperor, for the gift."

Emperor Tianlong nodded slightly at this time, and then said aloud: "This set of inheritance was created by me personally. It contains the secret of the ancient five-clawed golden dragon. As long as you can cultivate it successfully, you can condense it from the void. The energy shadow of a five-clawed golden dragon emerges to protect yourself. Coupled with the red dragon combat body that you have successfully integrated and cultivated before, your strength will be enhanced dozens or even hundreds of times. This will have a great impact on your combat effectiveness. It has a huge improvement effect."

Hearing what the Heavenly Dragon Emperor said, Ye Feng's eyes suddenly showed a look of surprise. He seemed not to have thought that the inheritance of the Heavenly Dragon Emperor could actually bless the red dragon combat body that he had successfully cultivated before.

At this moment, Ye Feng immediately nodded and said: "Okay, thank you, Senior Tianlong Emperor, for your guidance. I will slowly understand it next."

After saying that, Ye Feng directly imprinted the secret inheritance of the Golden Dragon Body Protection Divine Technique recorded on this golden scale into his mind.

After a little understanding, Ye Feng directly tried to start using it.

Buzz!

Almost at this moment, a golden shadow suddenly appeared in the void around Ye Feng.

This golden shadow is in the shape of a golden dragon, directly surrounding Ye Feng.

Ye Feng immediately felt that this golden dragon could provide him with extremely huge defense power.

"What?"

Seeing this scene at this time, Emperor Tianlong couldn't help but show a look of astonishment in his eyes, and said loudly: "Ye Feng, have you...succeeded in your cultivation?"

Ye Feng nodded slightly at this time and said loudly: "It seems to have been successful."

"Forehead?"

Hearing what Ye Feng said, the superpowers transformed by the many monsters present widened their eyes. It seemed that they did not expect that Ye Feng would succeed in practicing this set of inheritance in an instant. It was really incredible. .

At this moment, Ye Feng didn't say much, but smiled slightly and said loudly: "I haven't fully understood it yet, it's just a preliminary understanding. Don't be so excited."

Hearing what Ye Feng said, many powerful men transformed by monsters all stared at Ye Feng, with deep astonishment in their eyes, as if they did not expect that Ye Feng had such a strong understanding ability.

Venerable Black Bull, who had given Ye Feng a power initiation before, couldn't help grinning at this time and said loudly: "Ye Feng, this kid is really powerful. In just a short moment, he took down the golden dragon body protection of the Tianlong boss. The Divine Art was directly practiced successfully. You must know that this set of inheritance, even Sister Red Snake, the inheritor of the dragon clan with the blood of the ancient red dragon, took three full years to complete this set of golden dragons. I didn't expect Ye Feng to successfully comprehend the Divine Body Protection Technique in just a short moment. This is really incredible."

Hearing what Venerable Black Bull said, a look of helplessness suddenly appeared on the face of the charming woman Red Snake. It was obvious that she was embarrassed by being said so in public.

But she also had to marvel at Ye Feng's ability to understand, it was really incredible.

This is the Heavenly Dragon Emperor

#Every time verification appears, please do not use incognito mode!

At this moment, he couldn't help but said: "Ye Feng, I didn't expect that you have so many special abilities. Not only can you refine the energy of the outside world so quickly, but you can also comprehend the inheritance of various attributes so quickly. , you are really like the most perfect cultivator created by God, without any shortcomings at all, you are truly a martial arts genius!"

At this time, Emperor Tianlong couldn't help but praise Ye Feng so much.

It can be seen that everything Ye Feng showed at this moment made the top figures in the monster forest like Tianlong Emperor feel very appreciated.

At this moment, Ye Feng smiled slightly and couldn't help but said: "Since the seniors have given me such a generous gift, then I will definitely let the Giant Spirit God Ax cooperate wholeheartedly with the seniors to solve the problem of the seniors. problem."

Hearing what Ye Feng said, Queen Feng immediately showed a happy smile on her face and said, "Okay, let's take you to the sealing place first."

After finishing speaking, Tianlong Emperor and Phoenix Queen took the lead, and many powerful monsters followed behind, protecting Ye Feng in the middle, and flew quickly towards the deepest part of the wild forest.

Along the way, Ye Feng sensed that there were many extremely terrifying auras in the deep areas of this wild forest. It should be that some very powerful monsters were lurking in the deepest part of this forest.

However, most monsters would not dare to provoke this group of people.

Ye Feng was also very curious at this time. He didn't know how these big shots in the form of monsters gathered together.

Because in Ye Feng's impression, many monsters in the wild area outside are independent and do not form groups with other monsters at all.

Even if there were, it would only be two or three together at most.

But this was the first time for Ye Feng to see a dozen of the top powerful monsters gathered together, and it seemed to have formed a group similar to a group organization, which really made Ye Feng feel very curious.

When there is a chance, Ye Feng must ask how this group of super powers gathered together and why they gathered together.

At this moment, Ye Feng felt that it might be related to the seal they wanted to break.

At this time, Ye Feng immediately took the Giant Spirit Axe behind him and said, "Senior Giant Spirit Axe, I have received many generous gifts from these super powers in the depths of the Great Wilderness Forest. I hope you can go all out to help them break that ancient seal next."

Hearing what Ye Feng said, an old voice came out of the Giant Spirit Axe, saying, "Don't worry, Ye Feng, as long as I can do it, I will try my best."

Now the Giant Spirit Axe can be said to no longer belong to the treasure of the Great Xuan Dynasty, but is equivalent to Ye Feng's personal treasure. Almost everything is listened to by Ye Feng and follows Ye Feng.

At this moment, when Ye Feng and the Giant Spirit Axe were talking, many super powers suddenly stopped.

At this time, Ye Feng looked forward, and there was a look of surprise in his eyes.

Because Ye Feng saw that the end of the large forest in front of him was actually a snowy field with thousands of miles of ice. There was heavy snow in the sky, and the ground was covered with ice for tens of thousands of miles. It looked very shocking.

Ye Feng never thought that the end of this hot and wild forest was actually connected to such an endless snowy field.

Chapter 5144: In the Glacier

At this time, Ye Feng looked at the snow-covered grassland not far away and couldn't help asking: "Senior Fenghou, is the ancient seal you mentioned in this piece of ice and snow?"

Hearing what Ye Feng said, Fenghou nodded, then glanced at Emperor Tianlong beside him and said: "Let's go directly."

Emperor Tianlong also nodded at this time, and took a group of super strong men transformed by monsters, and instantly flew quickly towards the middle area of this piece of ice and snow.

When Ye Feng entered this piece of ice and snow, he immediately felt that the temperature in the air was very low, as if it had reached absolute zero.

Even though Ye Feng's immortal body of the gods was very strong, at this moment he couldn't help feeling that his flesh and blood were about to be frozen into ice, and even his entire spirit and soul were about to be frozen.

Ye Feng immediately showed a look of surprise in his eyes. The temperature of this piece of ice and snow had dropped to a very terrifying level, and even the intangible things such as human spirit and soul could be frozen.

At this time, Ye Feng saw that the bodies of the super strong men around him also had some frost on them, and it was obvious that they were also resisting this terrifying cold.

This extremely cold place can be said to be extremely harsh.

At this time, seeing that Ye Feng did not release any protective divine light, but directly relied on his own body strength to withstand the extreme cold power, the strong men who were transformed from monsters around him all showed surprise in their eyes.

Especially the Black Bull Master who had given Ye Feng the power before, couldn't help showing a deep astonishment on his rough face, and said: "Ye Feng, what is your body made of? How can it be so strong? You are a human. The human body can't bear the invasion of the extreme cold force in this piece of ice and snow. How did you do it? Even my ancient black bull body can barely withstand the extreme cold in this piece of ice and snow. Ye Feng

# Every time the verification appears, please don't use the traceless mode!

You are really shocking."

At this moment, after the Black Bull Master's voice fell, the other monster masters around couldn't help but nodded.

There were several monster-transformed masters who couldn't help staring at Ye Feng, with deep surprise in their eyes.

Because even their extremely powerful monster bodies can hardly resist this extreme cold force, and they need to constantly circulate the blood energy in their bodies to continuously dispel the extreme cold air that invades their bodies.

But Ye Feng, like them, does not need to release any body-protecting divine light or perform any body-protecting skills. He can resist such a cold breath by relying on the strength of his own body, which really makes many strong people feel amazed.

At this moment, Ye Feng smiled slightly and said, "My body strength is also very special among the human race, so it is quite strong, so I can withstand the extreme cold in this ice and snow."

The Phoenix Queen smiled slightly at this time and said, "Why are you all so surprised? Before, whether Ye Feng swallowed the heart of the mineral vein, or directly refined and fused the blood of the ancient red dragon, or received the initiation of the huge power of the Black Bull Venerable, he never showed any abnormality, nor did he explode and die. From that time, I knew that Ye Feng's body strength was absolutely strong and terrifying, otherwise, it would be impossible to do all this."

Hearing what the Phoenix Queen said, many super strong people around nodded and felt that it was very reasonable.

At this moment, Ye Feng and everyone have come to the area in the middle of this piece of ice and snow.

There appeared a huge glacier mountain here. The whole mountain was condensed by ice. It looked very shocking and pierced the sky,

giving people a very strong visual impact.

At this moment, Ye Feng immediately showed a look of surprise in his eyes, and asked: "Is that ancient seal in this glacier?"

The Queen of Phoenix nodded at this time, and even the Emperor of the Dragon had a solemn look in his eyes, and said: "Ye Feng, step back a little, and wait for me to open this glacier first."

Swish!

After saying that, the Emperor of the Dragon suddenly flew high in the sky, and the whole person began to expand rapidly, and turned directly into his original body, turning into a towering and boundless giant dragon with nineteen heads, exactly the same as the nineteen-headed giant dragon

that Ye Feng encountered when he was chased by the old generation of the royal family of the Great Xuan Dynasty.

This Emperor of the Dragon was indeed formed by the terrifying huge creature before.

At this moment, the giant dragon body that covered the sky and the sun appeared in front of everyone, with nineteen heads growing, looking very shocking.

At this moment, Ye Feng's eyes showed a trace of shock.

This Tianlong Emperor is indeed the strongest among all the monster masters. He is indeed an extremely powerful figure. After it transformed into its original form, this giant dragon body with 19 heads was so majestic that it gave people a very shocking visual impact. It was even as big as a glacier.

At this time, after the Tianlong Emperor transformed into his original form, he stretched out a golden dragon claw that covered the sky and the sun.

The golden dragon claws seemed to be made of steel. Under the sunlight, they shone with a cold metallic luster, giving people an extremely sharp feeling.

boom!

At this moment, the Heavenly Dragon Emperor transformed into his true form, stretched out his huge golden dragon claws, and grabbed the glacier directly.

Boom!

#Every time verification appears, please do not use incognito mode!

\u003e

Almost at the next moment, the entire glacier was shattered.

"Rumble..."

As the entire glacier collapsed, Ye Feng suddenly saw a very shocking scene.

A huge golden altar was actually revealed in the glacier.

This golden altar is as big as a mountain, and its entire body seems to be made of gold.

On the surface of the altar, every area is engraved with densely packed ancient characters. They are not human characters, nor do they look like monster characters. They look very ancient and vicissitudes of life, with a taboo-like atmosphere.

At this moment, Ye Feng immediately understood that what these monsters transformed into superpowers wanted him to help was to break the seal on this altar.

Ye Feng couldn't help but look at the Phoenix Queen beside him, and asked aloud: "Senior Phoenix Queen, what is sealed in this golden altar? Why do you want to break the seal of this altar?"

Ye Feng always felt that this huge golden altar, which was as huge as a mountain, gave people a very terrifying feeling, as if there was some peerless demon sealed inside.

Could it be that these monsters want to release some peerless demons to cause harm to the world?

At this moment, after hearing Ye Feng's question, Queen Feng seemed to understand what Ye Feng was thinking, and immediately smiled softly and said: "Ye Feng, don't worry, we are not vicious people. You should have been able to tell from the time you spent with us. Of course, there is no peerless demon sealed up in this golden altar, nor will it happen that we release it and cause chaos in the world. This is impossible. Yes, because we are not killing innocent people indiscriminately, we are all a group of cultured and civilized ancient monsters. "

Hearing what Queen Feng said, Ye Feng couldn't help but ask: "Then what is sealed in this golden altar that makes you so eager to break the seal?"

Chapter 5145: Lord of the Forest

At this time, hearing Ye Feng's question, Queen Feng's eyes became quite solemn, and she said loudly: "What is sealed in this golden altar is the master of our monster forest back then. The most powerful existence in the monster forest."

"What?"

Hearing what Empress Feng said, Ye Feng's eyes suddenly showed a look of surprise. It seemed that he had never expected that the superpowers transformed by these monsters would actually seal the seal that was about to be broken. The strongest and oldest existence in a monster forest, the Lord of the Forest.

At this moment, Ye Feng finally understood why these dozen of extremely powerful monsters could gather together.

Because usually in the depths of such a wild forest, these top-level monsters must all be the overlords of one party. It is difficult to gather together. At most, they are in groups of three or five. It is difficult to gather more than a dozen top-level monsters at once. monster.

But they all gathered together to accomplish the same goal, which was to resurrect the most powerful forest lord in this monster forest. No wonder they were able to gather together. At this time, Ye Feng finally felt enlightened. .

But at this moment, Ye Feng didn't say much, as long as the people they resurrected were not the kind of extremely evil people who could do evil and harm the world.

It is very normal for these monsters and monsters living in the monster forest to want to resurrect the most powerful forest lord among them. After all, they also want to maintain the safety of the entire monster forest and resurrect the forest lord. The Lord's words can give them a huge backer.

At this moment, Ye Feng immediately nodded and said, "How should I operate the Giant Spirit God's Ax?"

Hearing what Ye Feng said, Emperor Tianlong said slowly: "As long as you let the will of the giant spirit god in the ax of the giant spirit god come out, you can directly attack this golden altar, because it was sealed back then. we blame

#Every time verification appears, please do not use incognito mode!

This golden altar of the Lord of the Forest in the Forest of Creatures is protected by the will of an ancient god. Therefore, if we want to break this seal, we cannot do it on our own, because although we are very powerful, we are still far from reaching it. The levels and souls of ancient gods are not strong enough. Only the will of ancient gods like the Giant Spirit God can resist the will of another god in this golden altar. "

Hearing what the Tianlong Emperor said, Ye Feng immediately nodded, directly facing the Giant Spirit God Ax in his hand, and said: "Senior Giant Spirit God Ax, then you can inspire the Giant Spirit God's will and break it. Open the seal in this golden altar."

The Giant Spirit God's Ax nodded slightly at this moment and flew directly into the air from Ye Feng's hand.

Buzz!

At this time, after the Giant Spirit God's ax flew high into the sky, a ray of light suddenly burst out from the small axe.

This ray of light directly condensed a towering and boundless giant figure in the entire sky, full of unparalleled pressure.

This giant figure is the phantom of the Giant Spirit God, and it is also the Giant Spirit God's will evolved from the Giant Spirit God's Ax. It is the will of the ancient gods, and it has extremely terrifying majesty.

Buzz!

At this moment, after the will of the ancient giant spirit god contained in the ax of the giant spirit god appeared, a group of more than a dozen monster-shaped superpowers around them, even if their cultivation levels were very terrifying, could not help themselves at this moment. I felt a huge sense of oppression coming from my spirit and soul.

Because no matter how powerful their cultivation is, they are still far from reaching the level of gods.

So at this time in giant

Under the pressure of the spiritual god's will, everyone naturally feels very heavy.

However, Ye Feng does not feel any pressure, because Ye Feng is now the nominal owner of the Giant Spirit God Ax, so he will not let his weapon put pressure on him.

Buzz!

At this time, the moment the giant spirit god's will appeared, he stretched out a huge hand that covered the sky and bombarded the golden altar in front of him.

The ancient giant spirit god represented absolute power in ancient times, possessing unparalleled brute force. Therefore, the will of the giant spirit god also inherited the belief and power of the giant spirit god, with its big hands that cover the sky and the sun. It hit the golden altar hard and made a huge roar.

Click, click, click!

Almost at the next moment, cracks appeared on the surface of the entire golden altar. .??.

After seeing this scene, a group of powerful monsters standing high in the sky suddenly showed deep surprise in their eyes.

Even the top powerhouses like Tianlong Emperor and Phoenix Queen showed joyful expressions on their faces.

Because they had worked hard for so long, they could not cause any damage to this golden altar.

But now, with the will of the ancient giant spirit god, he can break the sealing power exerted by another god on this golden altar.

At this moment, Ye Feng also breathed a sigh of relief.

If the will of the giant spirit god cannot break the seal of this golden altar, then he will have received everyone's benefits in vain, which would be really embarrassing.

Fortunately, the will of the giant spirit god was strong enough, and he blasted away the seal guard of the golden altar with one punch.

At this moment, with the entire golden altar appearing

#Every time verification appears, please do not use incognito mode!

The cracks completely shattered, and a skinny old man suddenly appeared in the space inside the golden altar.

The old man's body was dry like withered bark, and he looked very old, without any breath of life.

But this old man gave others a very terrifying feeling, just like a peerless demon emperor appeared.

At this time, Ye Feng could feel that this skinny old man's cultivation strength was probably dozens of realms higher than his own, and was much stronger than the super strong men transformed by all the monsters present. He was worthy of being the forest lord who ranked first in the entire monster forest.

Swish!

At this moment, the Giant Spirit God Axe flew back into Ye Feng's palm.

At this time, Ye Feng looked at the Phoenix Queen beside him and couldn't help but say: "The seal of the golden altar has been completely broken, right?"

The Phoenix Queen was very happy at this time and said quickly: "Indeed, the seal of the golden altar has been completely broken!"

After that, the Phoenix Queen, the Dragon Emperor, and more than a dozen other super strong men who were transformed from monsters all flew quickly towards the direction of the golden altar.

At this time, Ye Feng did not follow directly, because it was no longer his business. Ye Feng chose to stay where he was and watch the development of things to see if these people could save the Lord of the Forest.

Because Ye Feng just took a look from a distance and found that the Lord of the Forest could be said to have been completely dried up, almost losing all his life breath, and might have died. Even if the seal was broken, it might not be possible to completely save and revive the Lord of the Forest.

But he had already fulfilled his obligations, and no matter how things developed next, it had nothing to do with him.

Chapter 5146 Resurrection

While Ye Feng was watching, the Phoenix Queen, the Heavenly Dragon Emperor and a group of powerful monsters had all returned to the broken golden altar not far away.

They came to the body of the seemingly dead forest lord, their eyes looking a little ugly.

Because they can't feel any breath of life anymore.

But at this moment, a terrifying energy fluctuation suddenly emitted from the body of the forest lord.

"this....."

At this moment, all the super strong men sensed such a terrifying aura emanating from the body of the Lord of the Forest, and their expressions suddenly became extremely surprised.

A super big man like Tianlong Emperor couldn't help but said excitedly: "It seems that the Lord of the Forest is not completely dead. There is still a trace of life. Let's all give him too much mana quickly."

After saying that, the Heavenly Dragon Emperor directly stretched out a hand, pressed it on the withered old man of the forest lord, and then directly injected his endless mana from the huge dragon clan.

At this moment, a group of super strong men, including Phoenix Queen, Lord Black Ox, Red Snake, and Zhenren Huangshu, all stretched out their hands and pressed on the surface of the Lord of the Forest's body, transitioning to the Lord of the Forest's huge body. The demonic power.

At this moment, the superpowers transformed by the group of monsters present are rapidly and continuously outputting their demon power, injecting it into the body of the old man revealed after the golden altar was broken, trying to This lord of the forest was completely resurrected. .??.

But with their input, the forest lord only exuded a terrifying aura, and there were no other changes after that.

In other words, there is no way for the forest lord to be resurrected by relying on the power of these top demon clan powerhouses.

"What?"

"how so?"

At this time, the eyes of many powerful demon clan men showed deep ugly expressions.

Even if it is the Phoenix Queen or the Tianlong Emperor, this

#Every time verification appears, please do not use incognito mode!

The two strongest people in the group also had ugly looks on their faces at this time.

Because they never expected that they had paid so much, waited for so long, and worked so hard for so long, and succeeded in breaking the golden altar. However, they did not expect that the Lord of the Forest was in a half-dead state and could not completely destroy it. recovery.

At this time, everyone's eyes were very ugly.

But at this moment, Ye Feng saw this scene not far away, and couldn't help but fly in front of everyone, and said loudly: "Maybe there is something in me that can revive this senior Lord of the

Forest. , but I can't guarantee that I can definitely revive him. I just said that seeing how sad you are, I want to give it a try. After all, the seniors are very kind to the juniors."

Hearing what Ye Feng said, the surrounding group of demon clan experts showed surprise in their eyes, as if they did not expect that Ye Feng would say such a thing.

In fact, these top powerhouses of the demon clan did not believe Ye Feng's words.

Maybe Ye Feng had shown extremely powerful cultivation talents or some very magical methods in front of them before, but if he wanted to save an ancestor-level figure like the Lord of the Forest, it would not be possible with powerful cultivation talents. .

At this moment, Venerable Black Niu couldn't help but patted Ye Feng's shoulder, sighed, and said: "Ye Feng, you don't need to comfort us anymore, we are not young anymore, we don't need the comfort of a kid like you. , if you want to resurrect the forest lord, you must have extremely terrifying and huge demon energy life force, otherwise, it will be of no use at all. Ye Feng, although your kid is indeed very talented, and I also admit that you are very powerful, but you Your cultivation is a dozen realms behind us, let alone the Lord of the Forest. The gap is really huge, and your power has no effect at all. "

When Ye Feng heard what Venerable Black Niu said, he immediately grinned and said loudly: "Who said I want to use my own

I have the strength to save the Lord of the Forest. I have something good in me. "

After finishing speaking, Ye Feng directly took out the life spring water that he had previously refined into his body.

At this moment, a puddle of water suddenly appeared in Ye Feng's hand.

This pool of water is the spring of life.

At this moment, the moment the spring of life in Ye Feng's hand appeared, the eyes of many powerful monsters around him suddenly showed deep surprise.

Because they also felt the very strong life energy from the water of life in Ye Feng's hands, and this life energy was very magical, giving it a feeling of resurrection from the dead.

At this moment, Emperor Tianlong seemed to have thought of something, and immediately couldn't help but grab Ye Feng's hand and asked aloud: "Is this the legendary spring of life?"

When Ye Feng heard what Emperor Tianlong said, a look of surprise suddenly appeared in his eyes, and then he said loudly: "Senior Emperor Tianlong really has good eyesight, this is the spring of life."

"What? This is actually the legendary spring of life?"

At this moment, many of the top demon clan experts present around them suddenly widened their eyes, as if they did not expect that Ye Feng actually held such a magical thing as the spring of life in his hands.

After all, you know, the Fountain of Life only appears in legends, but it is incredible that Ye Feng actually mastered the Fountain of Life.

After all, in the eyes of everyone, although Ye Feng has recently shown a very good talent for cultivation, in fact, in the eyes of many top demon clan masters, Ye Feng is still just a young man, just a junior figure, so they don't think that Ye Feng can really save the Lord of the Forest, but just think that Ye Feng is comforting them.

But they never thought that Ye Feng could actually take out such a magical thing as the Fountain of Life.

At this moment, the Phoenix Queen's beautiful face also showed a trace of surprise, and then couldn't help but exclaimed in admiration

# Every time verification appears, please do not use the invisible mode!

Said: "I'm afraid the luckiest thing in my life is to meet a young man like Ye Feng."

After the Queen of Phoenix finished speaking, Ye Feng laughed and said: "Senior Queen of Phoenix, you are too kind. I have also received many benefits from the seniors, so I naturally have to do something."

After that, Ye Feng did not hesitate at all and directly released the Spring of Life, dripping the Spring of Life directly on the body of the Forest Lord who was sitting on the ground in front of him.

Buzz!

At this moment, the Spring of Life in Ye Feng's hand actually began to merge into the body of the Forest Lord.

After obtaining the source of the terrifying life force of the Spring of Life, the breath of the Forest Lord really began to slowly revive.

After sensing the fluctuation of this breath, many top demon clan masters present suddenly showed deep surprise on their faces.

Before, their eyes were very ugly, because they could not revive the Forest Lord at all, but they did not expect that Ye Feng's use of the Spring of Life would have such a huge effect and directly revive the Forest Lord.

At this moment, as Ye Feng continued to release the fountain of life, the Lord of the Forest suddenly opened his eyes, revealing a pair of extremely deep eyes, giving people a feeling of unfathomable depth.

At this moment, the Lord of the Forest instantly stared at Ye Feng who was releasing the fountain of life in front of him, with a trace of admiration in his eyes, and said aloud: "I already know everything just now. Although I am in a state of suspended death, I can sense everything outside. I didn't expect that you little guys could find a little guy smaller than you, and this little guy smaller than you is so magical. Not only does he master the axe of the giant spirit god, he can control the will of the giant spirit god and break the seal of the golden altar, but he also has such a magical thing as the fountain of life on him, which really made me recover from the state of suspended death. You are attentive, and you are also very lucky to meet such a magical little guy."

Chapter 5147 Special Place

At this time, the Lord of the Forest fully recovered, opened his eyes, and even stood up.

On his body, the huge aura just now disappeared. Instead, there was no aura at all, giving people a very unfathomable feeling.

At this time, everyone knew very well that the Lord of the Forest had completely recovered. Otherwise, he would not be able to control the concealment of his aura.

At this moment, the Lord of the Forest looked at Ye Feng in front of him, with a hint of surprise in his eyes, and couldn't help but said: "You, this human boy, are the most incredible human boy I have ever seen. Not only are his cultivation methods very powerful, but he also possesses such precious things as the spring of life. If there was no spring of life, I probably would not be able to fully wake up today, because the powers of little guys like the Tianlong Emperor and the Phoenix Queen It's not enough for me to wake up completely."

Hearing what the Lord of the Forest said at this moment, Ye Feng smiled slightly and said loudly: "Emperor Tianlong, Queen Phoenix and other seniors have given me great benefits before, so naturally I will spare no effort. I can help them and resurrect you, the forest lord, so that the entire monster forest will no longer be invaded by foreign enemies. I personally think it is very good. After all, I can feel that all the seniors are highly educated and civilized. The powerful monsters are different from those vicious monsters who only know how to plunder and destroy."

Hearing Ye Feng say this, everyone present laughed.

They were also obviously very proud of their actions.

At this time, the forest lord stared at Ye Feng with a smile and said, "I wonder if you, little guy, would like to live in our monster forest in the future?"

"Um?"

Hearing what the Lord of the Forest said, the surrounding Heavenly Dragon Emperor and Phoenix Queen, as well as the Black Oxen Venerable, all nodded.

They stared at Ye Feng and couldn't help but said: "Yes, Ye Feng, you can stay in our monster forest. There are many various cultivation resources in our monster forest, which is very suitable for you to concentrate on practicing here. And Now that the Lord of the Forest has fully recovered, and with us seniors here, you will definitely not have any problems in your future cultivation."

Hearing this group of top monsters transformed into superpowers say this, Ye Feng's eyes actually showed a hint of excitement.

But Ye Feng knew very well that he still had an important task ahead, and he had to rescue Xuan Wuji, the real emperor of the Daxuan Dynasty.

And now the Dark Demon Emperor is disguised as the emperor in the Daxuan Dynasty, posing a huge threat to the future of the entire Daxuan Dynasty. Ye Feng must resolve this crisis.

Because Ye Feng had previously promised to Xuan Wuji, the emperor of the Daxuan Dynasty, that he would help him solve the crisis of the entire Daxuan Dynasty. Since he had made a promise to others, Ye Feng would naturally not ignore what he promised.

After all, Ye Feng has always been a person who keeps his promises.

As long as you have promised, you will definitely do it.

Of course, if he really couldn't do it, there was nothing Ye Feng could do.

Ye Feng can only try his best and try his best.

At this moment, Ye Feng thought for a moment, and then said aloud: "I can stay with you for a while, but I still have my own things to deal with, so I shouldn't be able to do anything in the future."

#Every time verification appears, please do not use incognito mode!

There is a way to live in the Monster Forest. Of course, after I finish all my matters, if there is still time, I will continue to live in the Monster Forest for a while and catch up with everyone. "

For Ye Feng, although a group of powerful people such as Tianlong Emperor, Phoenix Queen, and Black Bull Lord were all transformed into monsters, Ye Feng never thought that they were those extremely evil existences, but a group of very kind monsters and powerful people. them.

For Ye Feng, his relationship with them is already quite close.

Hearing Ye Feng say this at this moment, everyone had a look of regret in their eyes.

After all, this young man, Ye Feng, has brought a lot of fun to their group, so these seniors actually hope that an energetic young man can join their group.

But since Ye Feng refused, it was hard for them to say anything.

At this moment, the forest lord smiled very relievedly and said loudly: "Ye Feng has his own plan, we don't need to interfere."

When he said this, the Lord of the Forest looked in a certain direction and said aloud: "Ye Feng, this time you revived me, it was almost entirely your own fault. Follow me now, and I will take you there." A very special place to perhaps express my gratitude to you."

Hearing what the Lord of the Forest said, Ye Feng's eyes revealed a look of expectation, and he couldn't help but nodded and said, "Okay."

After saying that, the Lord of the Forest flew quickly in a certain direction, and Ye Feng also followed.

At this moment, when they saw the Lord of the Forest flying in a certain direction with Ye Feng, the Tianlong Emperor, Phoenix Queen, the Black Oxen Venerable and other powerful monsters all showed surprise in their eyes.

Emperor Tianlong couldn't help but said: "Senior Forest Lord, you want to take this little guy Ye Feng to the most special place in our monster forest? This is really rare. There is only Senior Forest Lord in that place. People can enter, but no one else is allowed to enter."

At this time, Queen Feng's eyes also showed a curious look, and a trace of smile appeared on her beautiful face. She couldn't help but said: "Maybe this time we can take advantage of Ye Feng's light and go into the most special place to see one look."

When many super strong men heard what Queen Feng said at this moment, their eyes showed a trace of anticipation, and they quickly said: "Then let's go and join in the fun."

Hearing what everyone said, a very calm big man like Tianlong Emperor couldn't help but show curiosity in his eyes, and said loudly: "Okay, then let's go over and take a look. Actually, I want to go there. I've been thinking about this special place for a long time."

"Hahaha!"

At this time, seeing the usually calm and serious Tianlong Emperor saying this, everyone burst out laughing, and then followed in groups behind the Forest Lord and Ye Feng.

The Lord of the Forest seemed to be in a good mood because of his resurrection, so many superpowers followed behind him, but he did not stop him.

He would definitely stop it before, but this time, perhaps because of Ye Feng, he did not stop it, but let everyone follow behind by default.

Seeing this scene, the Tianlong Emperor and a group of super powerful people behind them all looked at each other, with a hint of surprise in their eyes. At this time, the Lord of the Forest fully recovered, opened his eyes, and even stood up.

On his body, the huge aura just now disappeared. Instead, there was no aura at all, giving people a very unfathomable feeling.

At this time, everyone knew very well that the Lord of the Forest had completely recovered. Otherwise, he would not be able to control the concealment of his aura.

At this moment, the Lord of the Forest looked at Ye Feng in front of him, with a hint of surprise in his eyes, and couldn't help but said: "You, this human boy, are the most incredible human boy I have ever seen. At this time, seeing the usually calm and serious Tianlong Emperor saying this, everyone burst out laughing, and then followed in groups behind the Forest Lord and Ye Feng.

The Lord of the Forest seemed to be in a good mood because of his resurrection, so many superpowers followed behind him, but he did not stop him.

He would definitely stop it before, but this time, perhaps because of Ye Feng, he did not stop it, but let everyone follow behind by default.

Seeing this scene, the Tianlong Emperor and a group of super powerful people behind them all looked at each other, with a hint of surprise in their eyes.

Chapter 5148: Primordial Relics

At this moment, Ye Feng followed the forest lord and soon came to the deepest area of this primitive forest.

At this time, Ye Feng suddenly saw a huge lake in front of him.

This lake is very vast, covering almost hundreds of thousands of kilometers in radius. It gives people the feeling that there is no end in sight, but this is indeed a lake, not an ocean.

The entire lake is very calm, with endless calm as far as the eye can see.

At this time, a look of surprise suddenly appeared in Ye Feng's eyes. Could it be that the special place the Lord of the Forest mentioned was this endless calm lake?

At this moment, Ye Feng clearly noticed a group of top demons such as Tianlong Emperor and Phoenix Queen. Their eyes looked at the endless calm lake in front of them with a hint of expectation.

There was a look of surprise in Ye Feng's eyes. It seemed that this was the special place that the Lord of the Forest said. Otherwise, it would be impossible for this group of top monsters to show such expectant expressions.

Ye Feng was a little curious. He didn't know what was hidden in this calm lake, which could actually make this group of top demons with earth-shattering cultivation expect such things.

At this moment, the Lord of the Forest smiled slightly and said aloud: "Ye Feng, the special place I want to take you to is in this lake. Please sense it carefully to see if you can sense anything special. breath."

Hearing what the Lord of the Forest said, Ye Feng's eyes suddenly showed a look of surprise, and then he couldn't help but nodded and said: "Okay, senior is going to test me, so I'll take a closer look and see. See if you can feel anything special."

After saying that, Ye Feng directly emitted his own induction power and started sensing.

However, Ye Feng did not sense any special aura.

At this time, Ye Feng calmly released his

#Every time verification appears, please do not use incognito mode!

Use your huge soul power to sense it.

You know, when Ye Feng uses his soul power to sense, his perception will definitely be enhanced dozens of times, or even hundreds of times.

Sure enough, the moment Ye Feng exuded soul power and covered the endless lake, Ye Feng suddenly sensed a very special aura.

That kind of breath is like the breath of ancient times, giving people a sense of vastness and endlessness.

After sensing all this, Ye Feng's eyes suddenly moved, and he couldn't help but look at the forest lord beside him, and said loudly: "Senior, I sensed some special aura."

Hearing what Ye Feng said, the forest lord's old eyes showed a look of surprise, and then he couldn't help squinting and said with a smile: "Tell me, what kind of breath did you sense?"

Obviously, the forest lord was very surprised that Ye Feng sensed a special aura.

After all, he just said it casually, but he didn't expect Ye Feng to actually sense something.

At this moment, Ye Feng said truthfully: "This junior sensed an ancient and wild atmosphere from this calm lake, giving people the feeling that there is a hidden world under this lake. Just like the vast prehistoric world."

"Um?"

Hearing what Ye Feng said, a group of top demons standing around widened their eyes slightly, as if they did not expect that Ye Feng actually sensed it.

Seeing the expressions of many big demons, Ye Feng immediately understood and felt that he was right.

At this moment, the Lord of the Forest glanced at the group of top demons such as Tianlong Emperor and Phoenix Queen behind him.

, couldn't help laughing and said: "Did you see? This little guy is much more powerful than you all. When I brought you here for the first time, you and Ye Feng were about the same age. But you can't sense anything."

Hearing what the Lord of the Forest said, the top demons, including the Heavenly Dragon Emperor, Phoenix Queen, Black Oxen Venerable and others, all had rather ashamed expressions on their faces.

The Lord of the Forest can be said to be the enlightenment teacher of this group of top monsters, so now that the teacher says this, they naturally feel a little ashamed.

But at this time, Lord Hei Niu, a rugged man, couldn't help but grinned and said in a very carefree voice: "We can't compare with little brother Ye Feng. Ye Feng, this little brother, is really too unbelievable." Yes, it's normal not to be as powerful as him."

Hearing what Venerable Black Bull said, many of the top demons couldn't help laughing.

At this moment, the Lord of the Forest looked at the endless lake in front of him, and then said slowly: "Yes, this lake was not a lake back then, but an ancient relic left from the ancient prehistoric era. The ruins are now submerged by floods and turned into this endless lake. Ye Feng, this special place I want to take you to is the ancient ruins under this lake, but you can't grow in it. The exploration of time, because there are many terrible creatures living in this ancient ruins, I can only let you search the outer area of this ancient ruins for three hours. Within three hours, you can move around freely. Look for the chance and good fortune contained in it, I can only protect you for three hours, and after three hours, we must leave."

Hearing the Lord of the Forest say this, Ye Feng's eyes suddenly showed a look of surprise. He didn't expect that there were only three short hours to search for the opportunity.

However, being able to

# Every time verification appears, please do not use the invisible mode!

to enter this ancient ruins, Ye Feng has already felt very lucky. After all, even the top monsters such as Emperor Tianlong or Queen Feng are very much looking forward to this ancient ruins, so it is enough to show how precious and ancient this ancient ruins is.

At this moment, Ye Feng directly followed the Lord of the Forest to fly towards the lake in front.

The ancient ruins are under this lake.

At this time, the group of monsters behind him did not move.

Ye Feng couldn't help but ask: "Aren't you coming with us?"

The Lord of the Forest shook his head and said: "They can't enter the ancient ruins of this lake for the time being, because it's not time yet."

Hearing the Lord of the Forest say this, Ye Feng nodded immediately.

A group of top monsters watching the excitement behind them also showed disappointment in their eyes.

But there was no way, after all, the Lord of the Forest had told them in detail about the horror and danger in this ancient ruins.

Since the Lord of the Forest said that it was not yet time, it meant that it was really not time, and they could only continue to wait.

However, at this time, the Black Bull Venerable looked at Ye Feng and laughed and said, "Brother Ye Feng, when you come back, you must tell us what the ancient ruins under the lake look like? We have been curious for a long time."

Ye Feng immediately smiled and said, "When I come back, I will share with you what the ancient ruins below look like."

Just after Ye Feng finished speaking, the Lord of the Forest suddenly grabbed Ye Feng's shoulders, and instantly rushed into the lake below, quickly lurking and descending towards the ancient ruins deep at the bottom of the lake.

Chapter 5149 Crystal

Buzz!

As the two of them descended rapidly, Ye Feng immediately saw that at the bottom of the lake, there was an endless stretch of ancient ruins.

Many buildings have completely collapsed, but there are also many buildings standing underground, which are very towering and majestic, giving people the feeling that they were just built here.

At this moment, the closer Ye Feng got to this ancient ruins, the more he felt a sense of pressure coming from deep in his heart.

Obviously, this ancient ruins is not only a place of ruins, but also contains many terrible creatures. Otherwise, it is impossible for the Lord of the Forest to only let Ye Feng stay here for three hours, and not let the Tianlong Emperor Wait for a group of big monsters to come here.

There must be something very terrifying existing in this ancient ruins.

At this moment, Ye Feng did not hesitate at all, and immediately said: "Senior Lord of the Forest, do I want to directly enter this ancient ruins now?"

The Lord of the Forest nodded.

At this time, the Lord of the Forest directly took Ye Feng down to the ancient ruins below.

When Ye Feng fell into the prehistoric ruins space below, he immediately saw that there was no water around him.

Obviously, there is an inexplicable force in the space around this ancient ruins, which excludes all the water in the entire lake, creating a space of its own underneath.

At this moment, the Lord of the Forest looked around and said aloud: "Your range of activities is limited to a radius of 100,000 kilometers. You cannot go to other deeper places. Otherwise, what will happen? A terrifying taboo monster, even I may not be able to save you."

Hearing what the Lord of the Forest said was so serious, Ye Feng immediately nodded and said loudly: "I will definitely keep your senior words in mind and won't run away."

#Every time verification appears, please do not use incognito mode!

"

The Lord of the Forest nodded, and then the whole person disappeared into the void.

Ye Feng knew that the Lord of the Forest was hiding in the void around him, protecting him.

At this time, Ye Feng didn't care about anything. Without any hesitation, he just flew around, trying to find good things in this ancient ruins.

Buzz!

At this moment, Ye Feng was directly emitting his huge soul power, covering the surrounding area.

Soon, Ye Feng sensed a very special energy fluctuation.

Ye Feng immediately flew quickly in that direction.

When Ye Feng came to the place where the energy fluctuations appeared, he immediately saw pieces of amethyst-like crystals growing on the ground.

These amethysts do not emit any special light, but they emit a kind of energy fluctuation that makes people feel very intoxicated.

At this time, Ye Feng walked directly to where the amethyst was and squatted down, wanting to take a closer look at what the amethyst was like.

Boom! !

But the moment Ye Feng stretched out his hand and touched the amethyst, the whole earth suddenly began to shake rapidly.

"what's the situation?"

Ye Feng didn't hesitate at this time. His eyes immediately showed surprise and he flew high into the sky.

When Ye Feng flew to a very high altitude, he finally saw it.

The ground beneath his feet shook, and a huge monster appeared.

At this time, Ye Feng also saw that the amethyst crystals that emitted energy fluctuations that he sensed were not grown from heaven and earth, but something similar to scales that grew out of a huge monster.

At this time, Ye Feng saw this monster. It looked like an ancient dinosaur, with two thick hind legs, standing upright on the ground.

The back of this huge dinosaur is covered with dense amethysts.

At this moment, when this huge monster revived, it immediately roared to the sky at Ye Feng.

The sound waves of that sound were full of terrifying energy fluctuations, as if they were about to shatter the entire world.

"Let's go!"

Uh-huh!

At this moment, before Ye Feng could react, the Lord of the Forest suddenly appeared next to Ye Feng, grabbed Ye Feng's shoulders, and immediately flew quickly in a certain direction, and soon he was far away from here. .

At this moment, Ye Feng suddenly understood that this dinosaur monster whose back was covered with amethysts was absolutely impossible for him to fight against. Otherwise, the Lord of the Forest would not suddenly appear and take him away.

At this time, after the Lord of the Forest took Ye Feng away from here, he immediately couldn't help but said: "Ye Feng, when you explore this ancient ruins, you must stay away from such terrifying ancient monsters. The ancient monsters have survived from the prehistoric era. They are very terrifying and extremely powerful, so be sure not to get close to them."

Ye Feng nodded immediately, with a helpless look in his eyes, and couldn't help but said: "I didn't even think about it.

#Every time verification appears, please do not use incognito mode!

I realized that the energy fluctuation I sensed was actually a crystal growing from a huge monster. "

After Ye Feng said this, the Lord of the Forest nodded and said with a smile: "It's okay. No matter what, if you encounter irresistible danger, I will try my best to come out of the void to protect you."

Ye Feng nodded, and then couldn't help asking curiously: "Why do you have to hide in the void?"

The Lord of the Forest immediately said: "Because I can't stay outside for a long time. If I stay outside this ancient ruins for a long time, my breath will cause the induction of many powerful creatures in this ancient ruins, and it may attract very terrifying creatures at that time, but Ye Feng, your cultivation is still very weak now, and it will not attract the attention of some powerful creatures. It's just right to slowly explore good things in this ancient ruins, but it is limited to three hours, because after a long time, other powerful creatures will also sense you as an outsider."

After the Lord of the Forest finished speaking, the Lord of the Forest disappeared into the void again.

Buzz!

Ye Feng continued to emit soul power at this time.

However, this time Ye Feng carefully sensed the energy fluctuations around him, whether it was the fluctuations of powerful creatures or the fluctuations of the cultivation resources of heaven and earth.

Next, Ye Feng continued to shuttle through the ancient ruins with dense ancient buildings according to his own perception.

Ye Feng only had three hours now, so he was naturally very anxious. After all, he couldn't come here in vain. This was an opportunity given to him by a big man like the Lord of the Forest. He must grasp these three hours and try to get more good things in this ancient ruins in a short time.

Chapter 5150 Exclusive

At this time, Ye Feng exuded his soul power and continued to cover the surrounding area, trying to find other resources.

But at this moment, Ye Feng did not detect any fluctuations through his soul power. Instead, he sensed a very violent battle fluctuation, which was being transmitted rapidly from a certain direction.

"Um?"

After sensing all this, Ye Feng's eyes suddenly showed a look of deep surprise. It seemed that he did not expect that there were powerful creatures fighting in this ancient ruins.

Ye Feng was naturally very curious and flew quickly in that direction.

When Ye Feng arrived at the destination where the battle wave was emitted, a look of astonishment suddenly appeared in his eyes.

Ye Feng immediately saw that on a hillside in front of him, a huge golden centipede appeared, with a length of more than 100,000 meters. It was fighting a hedgehog covered with sharp thorns.

This hedgehog, whose body was covered with sharp thorns, was more than 100,000 meters tall. At this time, it started a fierce close-quarters fight with the golden centipede.

The golden centipede is extremely poisonous. It seems to want to directly break the defense of the giant hedgehog in front of it and poison it from the inside.

However, this hedgehog is covered with sharp thorns and scales made of steel, so the golden centipede will be unable to break the defense of this huge hedgehog for a while.

Boom! !

Two behemoths were fighting madly.

Their cultivation strength is very terrifying. Ye Feng sensed it carefully and found that the cultivation aura of these two huge creatures was a dozen realms higher than his own. They were almost the same as the Tianlong Emperor and Phoenix Queen. level exists.

This made Ye Feng's eyes suddenly reveal a look of deep astonishment. This ancient ruins is indeed a place that even the lord of the forest is very afraid of. Sure enough,

#Every time verification appears, please do not use incognito mode!

It is a very scary place, and every creature you encounter is so powerful.

At this time, Ye Feng suddenly thought of the dinosaur monster with amethyst scales on its back that he had encountered before.

The dinosaur monster with its back covered with amethysts was probably more terrifying than these two behemoths. It was probably thirty or forty levels higher than Ye Feng. That's why the Lord of the Forest took Ye Feng anxiously. Walk.

At this time, Ye Feng discovered that the Lord of the Forest did not appear directly, which showed that the Lord of the Forest judged that Ye Feng should be able to escape on his own.

But Ye Feng did not escape at this time, but chose to lurk in the surrounding void, quietly and secretly watching the battle between these two behemoths.

A huge golden centipede and a huge hedgehog covered in sharp metal thorn scales were fighting fiercely.

However, the two behemoths would not be able to tell the winner for a while, and Ye Feng only had three hours.

So Ye Feng was a little anxious at this time.

After all, the reason why Ye Feng stayed here and secretly watched the fight between the two behemoths was because he had some selfish motives of his own.

Ye Feng wanted to see whether he could get some benefits from watching these two behemoths suffer losses.

And just when Ye Feng was secretly anxious, the situation on the battlefield suddenly changed.

The huge golden centipede actually bit the tail of the huge green hedgehog in one go.

The next moment, a violent toxin was injected into the body of this giant hedgehog by the golden centipede.

That one hundred thousand meters

Although the giant hedgehog's body was covered with strong scales and sharp thorns, his tail was bitten by a golden centipede, so he was poisoned, and his entire movement suddenly slowed down.

At this time, the hundreds of thousands of meters long golden centipede directly surrounded the entire body of the giant hedgehog, and then began to bite the other weak parts of the giant hedgehog's body crazily.

Although the huge hedgehog has a strong fighting power, it was poisoned by the golden centipede at this time. For a while, there was no way to resist, and it could only watch as it was completely killed by the giant centipede.

"pity!"

Seeing this scene, Ye Feng's eyes suddenly showed a look of disappointment.

Originally, he thought that these two behemoths could fight each other, but in the end they would both lose and he would benefit.

However, there is often a huge difference between reality and ideals. .??.

At this moment, Ye Feng could only leave here temporarily. After all, it was impossible for him to fight against the golden centipede in its prime state.

But just when Ye Feng was about to leave.

Boom!

A piece of ground not far away that was originally calm suddenly completely cracked and collapsed.

Then a huge beetle covered with golden spots, also with a majestic height of more than 100,000 meters, roared in an instant and charged towards the golden centipede not far away, which was more than 100,000 meters away. In an instant, it looked like a mountain. The same bang hit the big golden centipede, sending the big golden centipede flying backwards.

"Um?"

Seeing this scene at this time, Ye Feng's eyes suddenly lit up. He did not leave here directly, but continued to observe secretly.

I didn't expect things to turn around.

Boom!

# Every time verification appears, please do not use the invisible mode!

At this time, the newly appeared giant beetle and the golden centipede continued to fight together.

The battle between the two behemoths was simply devastating.

The two behemoths were very powerful, so they left the scene quickly during the fight.

The golden centipede had no chance to devour the giant hedgehog that he had killed before.

At this time, watching the two behemoths leave, Ye Feng's face suddenly showed ecstasy.

Because this meant that he could enjoy the giant hedgehog that had been killed alone.

At this time, Ye Feng couldn't help but sigh. He didn't expect that this piece of prehistoric ruins was so dangerous, and extremely terrifying creatures might appear at any time.

Swish!

So at this time, Ye Feng naturally didn't hesitate at all, and immediately flew in front of the giant hedgehog to prevent other creatures around from being attracted by the bloody smell after the giant hedgehog died.

Ye Feng immediately took out the Sword of God and peeled off all the sharp thorns and solid scales on the giant hedgehog in front of him.

Because these sharp thorns and scales can withstand the bites and attacks of the golden centipede, it is enough to show that the material is very solid and is a precious material for refining powerful magic weapons.

Then Ye Feng directly released the Devouring Domain and began to devour the entire giant hedgehog.

You know, this giant hedgehog is more than 100,000 meters tall, and the cultivation of this giant hedgehog is more than a dozen realms higher than Ye Feng.

Therefore, the blood energy provided by this giant hedgehog to Ye Feng is so terrifying and huge that Ye Feng can instantly feel that his skills are growing rapidly at an incredible speed.
