Chapter 5161 The Arrogant Demon

At this moment, Ye Feng still had a hint of surprise in his eyes, as if he didn't expect that such a weak-looking little girl would survive from the goblin clan.

But at this time, the little golden figure floated to Ye Feng's ear, and couldn't help but whisper: "The only surviving girl of the goblin clan must have a very extraordinary identity, and it is definitely not as simple as it seems on the surface. If she is allowed to step in in the future, Once you enter the cultivation path and grow up normally, you will definitely develop extremely terrifying cultivation talents. After all, the goblins were one of the most powerful races in ancient times, and their vitality was very tenacious."

Hearing what the little golden man next to him said, Ye Feng nodded. Since the phantom of the goblin clan had already said that, he could get the wealth in the entire treasure house, but he also had an obligation, that is, to take good care of the only person in the goblin clan. The little girl who survived.

Ye Feng stared at the girl from the Goblin clan in front of him at this moment, and couldn't help but ask: "What's your name?"

The girl from the Goblin clan couldn't help but said: "Brother, my name is Ruoshui."

"Ruoshui?"

When Ye Feng heard the little girl in front of him say this, he nodded slightly, smiled and said, "Your name is quite poetic."

After saying that, Ye Feng directly pulled the girl from the goblin clan in front of him named Ruoshui to his side and said: "Don't worry, I will take you out. Since you have enjoyed the goblin clan, The wealth in the treasure house, then I will definitely protect you, but when you become more powerful, I hope you can be independent. After all, I can't take care of you for a while. "

Hearing what Ye Feng said, Ruoshui's beautiful little face immediately showed a look of gratitude and said loudly: "Thank you, brother."

Ye Feng smiled slightly at this time and said aloud: "My name is Ye Feng."

Ruoshui nodded quickly and said, "Brother Ye Feng."

It seems that Ruoshui was taught in ancient times, before he fell into a deep sleep, that he must be polite and basic to please those who would save him in the future.

Ye Feng nodded slightly at this moment, and did not say anything more, but continued to look at the wealth left by the goblin clan in the secret room.

At this moment, Ye Feng looked at the third box and opened it directly.

Pills exuding a strong medicinal fragrance suddenly appeared inside.

\u003e These elixirs are not all the same, but elixirs of different colors, and the medicinal smells they emit are also different. They seem to be different types of elixirs.

These elixirs should all be high-grade elixirs refined by the goblins in ancient times.

After all, the little golden man also said before that although the goblin clan is not a race with very terrifying combat power, it is definitely a master-level existence when it comes to refining weapons and alchemy.

At this moment, Ye Feng didn't have any hesitation. No matter what kind of elixir it was, as long as it contained medicinal power and energy.

So at this time, Ye Feng directly released his Devouring Domain and began to cover the hundreds of pills in the box with the Devouring Domain, and began to devour them quickly.

Boom!

At this moment, a huge amount of medicinal power was immediately swallowed and absorbed by Ye Feng, and all of it was injected into Ye Feng's Dantian. Ye Feng's skill immediately began to grow rapidly and continuously.

The fifth level of the Divine Infant Realm! !

At this time, Ye Feng's cultivation level suddenly surpassed so many heavens in a row, making Ye Feng's eyes suddenly reveal a look of deep joy.

It seems that these goblins are indeed masters of alchemy. The ancient elixirs they refine are all very precious, and the medicinal power and energy contained in them are very majestic.

At this moment, Ruoshui saw that Ye Feng had swallowed all the elixirs and turned them into his own energy. She couldn't help but reveal a wry smile on her beautiful little face and said loudly: "Brother Ye Feng, these elixirs are all high-level elixirs with various functions accumulated by our goblin clan. They can work wonders under certain circumstances. Unexpectedly, Brother Ye Feng was just like an ancient evil beast, swallowing jujubes. It would be a waste to turn all these elixirs into energy, but as long as Brother Ye Feng is happy, that's fine."

Hearing what Ruoshui said, Ye Feng laughed and couldn't help but

He touched the other party's hair and said loudly: "Brother Ye Feng, I am not very interested in the effects of various elixirs, because my recovery ability is already very strong and I don't need the healing effects of these elixirs. , I just need these pills to provide me with enough energy."

When he said this, Ye Feng continued to look at the next treasure box.

At this moment, Ye Feng was too lazy to watch one by one. He just stretched out his hands and raised them fiercely into the sky.

Almost at the next moment, all the treasure chest lids in the entire secret room opened automatically, and were opened directly by Ye Feng with invisible power.

At this moment, each box revealed the wealth contained in it.

Many boxes are basically filled with some cultivation resources between heaven and earth, as well as some elixirs refined by the goblin clan, including some powerful weapons.

These things are extremely high-level and of great value to Ye Feng.

At this moment, Ye Feng first released the Devouring Domain, and directly devoured and absorbed the things in the boxes with the cultivation resources of heaven and earth.

Buzz!!

Almost the next moment, Ye Feng immediately received another huge energy supplement.

At this moment, Ye Feng's cultivation aura suddenly broke through again.

Divine Infant Realm Seventh Heaven!

Divine Infant Realm Tenth Heaven Great Perfection! !

At this time, Ye Feng's cultivation was directly promoted to the Divine Infant Realm Tenth Heaven Great Perfection under the accumulation of wealth accumulated by the goblin clan.

This is equivalent to breaking through from the first level of the early stage of the Divine Infant Realm to the tenth level of the Divine Infant Realm, which has made Ye Feng's skill reserves and combat effectiveness unprecedentedly improved, which is simply a thousand times increase.

Ye Feng's eyes were naturally ecstatic at this time

Every time verification appears, please do not use the traceless mode!

He was so lucky to meet the little golden man this time, and he was able to find opportunities and fortune in this ancient ruins.

The wealth of this goblin clan is indeed extremely rich, which is beyond his imagination.

After Ye Feng devoured all the resources of heaven and earth with energy, he collected all the weapons and armor, as well as some advanced inheritances of the goblin clan.

Because Ye Feng will take over and take care of, and help the only remaining member of the goblin clan, the little girl Ruoshui, to help her embark on the path of cultivation, which can be regarded as completing his obligations to the goblin clan.

At this moment, Ye Feng glanced at the little golden man beside him and said, "Let's go. The wealth of the goblins has been plundered. There is no need to stay any longer. Time is running out."

Ruoshui hurriedly followed Ye Feng at this time, fearing that Ye Feng would abandon her directly after plundering the wealth of the goblins, because she was no longer of much use.

But what made Ruoshui happy was that Ye Feng seemed to have some sense of responsibility.

At this moment, Ye Feng directly reached out and held Ruoshui's fair little hand, smiled slightly, and said, "Let's go, let's go directly."

But just when Ye Feng was about to take a few people out, suddenly five or six burly and strong men rushed in from outside the secret room. Each of them was full of demonic energy, but there was no primitive aura. They were obviously the big monsters in the monster forest outside the primitive ruins. It is estimated that they also entered this primitive ruins to find opportunities.

However, these big monsters are much weaker than the top big monsters such as Phoenix Queen and Tianlong Emperor that Ye Feng had encountered before, but they are also very powerful, and are two or three realms higher than Ye Feng's current cultivation.

At this moment, these big monsters saw Ye Feng and the empty secret room, and immediately showed deep shock and anger on their faces.

A big monster with a hideous scar on his face immediately stared at Ye Feng, and said in a cold and arrogant tone: "Good boy, I didn't expect to arrive at the treasure house of the goblin clan's nest before us. It seems that you also have an ancient map of the goblin clan's nest, but since we have encountered it, you are unlucky. Now kneel down obediently and give all your wealth and the beautiful little girl beside you. We can consider sparing your life, but you need to become our slave to survive."

Chapter 5162 Killing One by One

At this time, Ruoshui, a little girl from the goblin clan, showed a trace of fear in her eyes and hurriedly hid behind Ye Feng.

Because she was really afraid that Ye Feng would hand over this girl who had no use value.

At this time, the eyes of this group of big monsters who entered the ancient ruins from the outside were full of arrogance.

Because they have sensed that Ye Feng's cultivation level is two or three levels lower than theirs, and only Ye Feng has the strength.

And these big demons are very powerful, with five or six of them, so they are not afraid of Ye Feng at all. They feel that Ye Feng is already a piece of fish on the chopping board, ready to be slaughtered by them.

At this moment, the big demon with the ferocious scar on his face, his burly body like an iron tower, slowly approached Ye Feng.

He stretched out a palm as big as a cattail leaf fan, grabbed it towards Ye Feng, and said coldly: "Boy, since you are unwilling to kneel down, then let me crush you directly."

Uh-huh!

But suddenly at this moment, Ye Feng stretched out a palm.

Ye Feng's palm immediately turned into a golden palm, and he directly grabbed the palm of this burly and strong demon, making this demon unable to move.

At this moment, Ye Feng had an indifferent smile on his face, staring at the big demon in front of him, and said calmly: "If you want me to catch him without mercy, it depends on whether you have the strength."

"What? How is this possible?"

At this time, this extremely powerful demon stared at Ye Feng's golden palm with incredible eyes, and couldn't help but said: "You are just a little human kid, how can you have such a strong body?" With such force, I can't even move my hands."

At this moment, Ye Feng smiled indifferently and said aloud: "You are not just

#Every time verification appears, please do not use incognito mode!

It's as simple as not being able to move. "

Poof!

Almost at this moment, Ye Feng's golden palm suddenly was like a golden lightning, which suddenly pierced the heart of the big demon and penetrated its entire body from front to back, causing the big demon to immediately It just let out a howl of pain and completely killed it.

"What??"

The sudden change shocked all the big demons present. It seemed that they did not expect Ye Feng to be so bold and powerful, and he killed the big demon in an instant.

At this moment, seeing Ye Feng's ruthless tactics, Ruoshui, a girl from the goblin clan who was hiding behind Ye Feng, suddenly showed deep fear in her eyes.

The girl stared at Ye Feng with some fear in her eyes, because she did not expect that Ye Feng, the seemingly gentle elder brother, could have such cruel methods.

At this moment, the little golden man glanced at Ruoshui, a girl from the Goblin clan next to him, and said calmly: "If you want to survive in this crazy world, it's best to learn not to have feelings."

Hearing what the little golden man said, Ruoshui, a girl from the Goblin clan, seemed thoughtful. Looking into Ye Feng's beautiful big eyes, the trace of fear just now dissipated a lot.

At this time, Ye Feng looked at the remaining big demons and said coldly: "You are all going to die!"

These big demons actually dared to ask Ye Feng to hand over his wealth, and to ask Ye Feng to kneel down and become their slave. Of course, Ye Feng would not agree, and he would also treat him in his own way, and treat these things in his own way. Kill all the big monsters.

At this moment, Ye Feng charged directly towards the big demons in front, very fast.

These big demons immediately understood that Ye Feng was definitely not a good person.

But at this time, they felt that if four or five big demons joined forces, they might be able to deal with Ye Feng.

After all, Ye Feng's cultivation aura was two or three levels lower than theirs.

A big demon with a green horn on its head immediately yelled and said: "This kid must have killed the sixth brother in a sneak attack just now. Let's join hands quickly and we will definitely be able to kill this kid. When the time comes, All the wealth of the Goblin clan he obtained belongs to us!"

boom! ??

boom! ??

boom! ??

After finishing speaking, all the remaining five great demons burst out their own extremely powerful cultivation powers and displayed their own powerful methods.

A big demon held a golden ax in his hand, slashing towards Ye Feng like a god of war.

The other big demon was burning with green flames, giving people a very terrifying feeling.

There is also a big demon whose hand turned into a huge, towering bear paw covered with scales, like a mountain, capable of crushing everything.

The five big demons all frantically released their extremely powerful power and attacked in the direction of Ye Feng, hoping to burst out their strongest power in an instant and kill Ye Feng completely.

At this time, Ye Feng also felt the threat. Naturally, without any reservation, he directly burst out the most powerful immortal body of the gods, and also activated various powerful ancient god-level bloodlines fused in his body, such as ancient The bloodline of the red dragon, the bloodline of the earth dragon, the bloodline of the poisonous dragon, etc., give Ye Feng blessings

#Every time verification appears, please do not use incognito mode!

The talents and powers of various god-level bloodlines.

Ye Feng's fighting power was unprecedentedly improved and exploded at this moment.

Boom! !

Next, Ye Feng fought and collided with the five big monsters in an instant.

Boom! !

In the entire secret room, extremely terrifying battle fluctuations immediately occurred, and the entire earth was shaking.

It must be said that although Ye Feng's cultivation was much weaker than these big monsters, Ye Feng's real fighting power was absolutely terrifying, so in the end Ye Feng killed every big monster one by one, and all of them were killed by Ye Feng.

At this moment, Ye Feng laughed and said: "Sure enough, my cultivation has been unprecedentedly improved. Even five extremely powerful big monsters are not my opponents. I killed them all."

At this moment, Ye Feng's eyes were full of joy. His cultivation strength and skill reserves finally got a huge improvement in this trip to the monster forest.

Buzz!

At this moment, Ye Feng did not hesitate at all and directly released the Devouring Domain, enveloping all six great monsters present in his dark domain and devouring them quickly.

"Boom!"

A powerful blood energy was immediately injected into Ye Feng's Dantian, allowing Ye Feng's skills to grow rapidly.

Boom!

At this moment, Ye Feng's body suddenly burst out with a terrifying aura of cultivation.

After Ye Feng's cultivation had just broken through to the tenth level of the Divine Infant Realm, he had once again completely transformed and suddenly rushed into the Half-Step Cultivation Realm above the tenth level of the Divine Infant Realm!

Chapter 5163: The Land of Silence

Ye Feng's current cultivation level has grown tremendously, and his strength has also improved a lot, which naturally makes Ye Feng very happy.

Because for Ye Feng, his cultivation base is still relatively weak in the entire land of Zhongzhou in the interface of ten thousand monsters.

But this time, Ye Feng has gained a huge accumulation of skills in this ancient ruins, and his various strength methods have also grown tremendously. Ye Feng is naturally very satisfied.

At this moment, Ye Feng didn't hesitate at all. He just looked at the little golden man next to him and Ruoshui, a girl from the goblin clan, and said with a smile: "Let's leave directly."

Both Xiaojin and Ruoshui nodded.

Especially Ruoshui, a girl from the goblin clan. She has always had a natural fear of this ancient ruins. So at this time, Ye Feng wants to take her away from this ancient ruins. Ruoshui naturally agrees with her heart. .??.

Because the area of the ancient ruins was a nightmare for Ruoshui, the only surviving girl of the goblin clan.

So Ye Feng is now taking her away from the ancient ruins. Ruoshui is directly following Ye Feng, trying to leave this place that scares her.

At this moment, Ye Feng did not hesitate at all. He took the little golden man and the girl Ruoshui from the goblin clan and flew quickly towards the secret room of the goblin clan.

Soon, they left the goblin clan's lair and returned to the ancient ruins.

At this time, Ye Feng was surprised to discover that Ruoshui, a girl from the goblin clan, although she did not have any cultivation skills, she could actually breathe air normally in such a harsh environment like the ancient ruins.

You must know that the environment in this prehistoric ruins is very harsh everywhere, with various toxic gases in the air and strong radiation produced under the earth.

Ordinary people entering the prehistoric ruins, even if they do not encounter some terrifying monsters, will be instantly killed by the direct impact of toxic gases in the air and strong magnetic radiation emitted from the earth all the time.

But Ruoshui, as an ordinary girl without any cultivation, was able to withstand the harm of such a harsh natural environment between heaven and earth, so Ye Feng was naturally very surprised.

At this time, the little golden man seemed to see the surprise in Ye Feng's eyes, and immediately smiled slightly and said loudly: "Master Ye Feng, I said before, Ruoshui is the last remaining member of the goblin clan. The status of the tribe must have been very extraordinary. Even if she didn't have any cultivation, her goblin clan's physique was absolutely terrifying and could not be matched by ordinary people. "

Hearing what the Little Golden Man said, Ye Feng immediately nodded and said nothing more. Instead, he took Ruoshui, a girl from the goblin clan, and the Little Golden Man and flew quickly towards the outer area of the swamp in the ancient ruins. .

Soon, they left this area.

At this time, Ye Feng looked at the little golden man next to him and asked aloud: "Now I have about an hour left. Look around to see if there are any other greater opportunities nearby. I estimate that one Hour is only enough for us to explore the last chance creation, so don't talk to me about the ordinary chance creations. We must choose the biggest chance creation place among the last opportunities. "

Hearing what Ye Feng said, the little golden man immediately nodded and carefully

After thinking for a while, something suddenly seemed to come to his mind, and he couldn't help but said aloud: "By the way, the largest chance creation nearby is a very scary place called the Silent Place. The name of this Silent Place sounds like it is very ordinary, but it is actually a very strange and terrifying place. Even in the ancient prehistoric era, this silent place was definitely a very terrifying life restricted area in the prehistoric era, even if some ancient emperors or emperors entered it. I'm afraid it will be difficult to get out of there."

"Um?"

When Ye Feng heard what the little golden man said, he immediately showed a look of astonishment in his eyes. He couldn't help but shook his head and said: "There is no way I can explore such a terrifying place with my current cultivation level."

The little golden man immediately shook his head and said loudly: "Master Ye Feng, don't panic, this place of silence was indeed a very terrifying restricted area of life in the ancient prehistoric era, but now that millions of years have passed, the place of silence has some of the weird and terrifying things in it may have dissipated. It would be a pity not to explore it. After all, many emperors and emperors from ancient times died there, and there may even be people suspected of being at the level of gods. Existence, fell in it, so if we can find the things left behind by those ancient emperors or emperors, or even gods after their fall, we will definitely become rich overnight. Therefore, the Silent Land itself has no chance, but in ancient times in that era, the things left by the strong men who fell in it are huge amounts of wealth."

"Um?"

Hearing what the little golden man said at this moment, Ye Feng's eyes flashed fiercely.

Ye Feng admitted that he was a little moved by what the little golden man said.

At this moment, Ye Feng thought for a moment, then nodded and said loudly: "Even if there were any weird and terrifying things in that silent place back then, millions of years later, maybe they would be completely destroyed and destroyed like the goblins. Dissipated."

When he said this, Ruoshui, a girl from the goblin clan who was standing aside, heard a trace of sadness in her beautiful big eyes when she heard Ye Feng's words.

At this moment, Ye Feng looked at Ruoshui beside him and couldn't help but said: "Next, I and the little golden man are going to that weird and terrifying restricted area of life, the place of silence, so you stay with me. It would be very dangerous."

Hearing what Ye Feng said, Ruoshui, a girl from the Goblin clan, immediately showed panic on her beautiful little face. She quickly stretched out her white little hand, grabbed Ye Feng's palm, and said anxiously: "Brother Ye Feng, are you trying to drive me away?"

Ye Feng immediately smiled and shook his head, stretched out his hand to gently brush the other person's soft hair, and said loudly: "Of course not, I mean you stay in my storage ring space for the time being. In this case, Whatever danger is out there won't hurt you."

"oh oh!"

Hearing what Ye Feng said, Ruoshui immediately breathed a sigh of relief, and the panic and paleness on his beautiful face disappeared.

At this moment, Ye Feng opened his own space ring and put Ruoshui, a girl from the goblin clan, into his storage ring space, so that she could stay in it temporarily, which was the safest.

At this moment, after Ye Feng finished all this, he immediately looked at the little golden man beside him, with a look of eagerness in his eyes, and said loudly: "Let's go, let's go to the restricted area of life, the place of silence, hoping that we can Find the good things left behind by the ancient emperors after they died. Chapter 5165: Strange Power

Wow!

At this moment, headless corpses covered with green insects crawled out from the cracks in the ground, like a tide, covering the direction of Ye Feng, as if they wanted to Ye Feng's whole body was submerged and directly obliterated.

At this moment, the little golden man standing on Ye Feng's shoulder immediately couldn't help but said in horror: "Master Ye Feng, we'd better run away quickly. I didn't expect that millions of years have passed in this silent land. , the weird and terrifying things in it still exist."

Hearing what the little golden man said, Ye Feng couldn't help but ask: "Are the weird and terrifying things in this forbidden area of life in this silent land, these headless corpses covered with green bugs?"

The little golden man shook his head and said loudly: "It's far more than that. These are just one of the many incarnations of the weird. In this silent place, the weird power will transform into all kinds of very terrible and indescribable horrors. Used to obliterate the creatures that enter this silent land, even the ancient emperors and emperors are sometimes unable to resist such strange things. "

Hearing what the Little Golden Man said at this time, Ye Feng couldn't help but nodded immediately and said loudly: "I understand, these things are indescribable and terrifying things, and ordinary practitioners have no way to fight against them, even if Even the emperors and emperors of the ancient times were unable to fight against it, but I am different, I am a master of both soul and martial arts."??

Buzz!

After saying that, Ye Feng directly burst out his extremely powerful soul power and covered the surrounding area.

At this moment, Ye Feng actually saw the true appearance of these green insect corpses.

Ye Feng couldn't help but said: "These headless corpses are not as scary and weird as they look at all. The true appearance of these headless corpses covered with green bugs is actually a very weird energy. scene."

Hearing what Ye Feng said, the little golden man couldn't help but show a look of surprise in his eyes, and said loudly: "But what I clearly saw were countless headless corpses covered with green bugs."

Ye Feng shook his head and said aloud: "That is a scene seen by normal people, including the scenes seen by the ancient emperors and emperors, but I am extremely talented, a fellow soul martial artist, and my eyes of heaven and earth can see through any illusion. , these are not real, but are transformed into an inexplicable energy, but they are probably also fatal, let me fight against them. "

Buzz!

After saying that, Ye Feng directly used his soul power to condense a huge black soul giant behind his back, and then attacked the large headless corpse.

Boom!

At this moment, the dark soul giant condensed by Ye Feng was able to crush those headless corpses.

"What?"

Seeing this scene, the little golden man also had a look of astonishment in his eyes, and couldn't help but say: "I have heard before that practitioners who enter the land of silence have no way to deal with the restricted area of life in the land of silence. He could only be harmed passively when he fought against the strange powers. But he didn't expect Lord Ye Feng to be able to condense

such a soul giant to fight against these strange powers. This is really unbelievable, because the most terrifying thing in the Silent Land is, When you encounter these weird things, you have no way to fight against them, because they are not on the same level of power at all, but Lord Ye Feng can actually fight against these weird existences, which is really amazing and incredible. "

#Every time verification appears, please do not use incognito mode!

Ye Feng also had a hint of surprise in his eyes at this moment. He didn't expect that he could really fight against these strange existences with his soul power.

It seems that this place of silence possessed a very strong power at the soul level, which transformed into various strange beings and killed the practitioners who entered the place of silence.

But after all, Ye Feng is gifted, a fellow soul practitioner, and his soul power is super powerful, so he can fight against the things transformed by these weird powers.

At this moment, Ye Feng used his huge soul power to condense the soul giant to obliterate and crush all these weird headless corpses.

At this time, Ye Feng was finally completely relieved. This place of silence did not seem to be that dangerous to him.

At this time, the little golden man also understood that Ye Feng's special method could fight against the strange power in the restricted area of life in the Land of Silence. He immediately became happy and said quickly: "Master Ye Feng, since you have the ability to fight against these strange forces, we can then explore the opportunities and fortunes in this silent land. After all, many ancient emperors and emperors, and even creatures as powerful as gods, entered this piece of life. In the forbidden area, in order to pursue the legendary immortality and find eternal power, many ancient superpowers have fallen in this silent place, and we are slowly looking for them."

Hearing what the little golden man said, Ye Feng immediately nodded and said, "Okay."

After saying that, Ye Feng continued to walk quickly on the land of silence.

At this time, the little golden man seemed to have thought of something and said aloud: "I feel that the strange power in this silent land has become much weaker. Otherwise, with Master Ye Feng's

current cultivation and strength, even if he has the soul level It is impossible to crush the things manifested by those strange powers so easily."

Ye Feng looked around, nodded and said loudly: "If it were just an attack on the soul level, the ancient emperors and emperors, each with a spirit as strong as steel, would not be completely defeated after entering this place of silence. "

The little golden man nodded and said aloud: "Perhaps the huge disaster in the prehistoric ruins destroyed most of the Silent Land, so the Silent Land, a restricted area of life, became fragile. The strange power is also much weaker than before, allowing Master Ye Feng to fight against it. "

Ye Feng nodded and said loudly: "This is a good thing."

While the two were talking, the little golden man suddenly seemed to see something, and couldn't help but say: "Ahead is the core area of the Silent Land, the middlemost area of the Silent Land. I guess back then, Many ancient emperors and emperors died there, and it is said that there are secrets that can allow practitioners to achieve eternal life."

At this time, after the little golden man finished speaking, Ye Feng nodded quickly and said loudly: "I am not interested in whether there is any secret of eternal life in the core area of this silent land. What I am interested in is finding those ancient people. The wealth left by the ancient emperors and emperors."

Uh-huh!

After finishing speaking, Ye Feng did not hesitate at all and rushed directly into the central core area of the Silent Land ahead.

"This is....."

Almost at the next moment, Ye Feng saw a scene that made people feel numb. Wow!

At this moment, headless corpses covered with green insects crawled out from the cracks in the ground, like a tide, covering the direction of Ye Feng, as if they wanted to Ye Feng's entire body was submerged and directly obliterated.

At this moment, the little golden man standing on Ye Feng's shoulder immediately couldn't help but said in horror: "Master Ye Feng, we'd better run away quickly. I didn't expect that millions of years have passed in this silent land. , the weird and terrifying things in it still exist."

Hearing what the little golden man said, Ye Feng couldn't help but ask: "Are the weird and terrifying things in this forbidden area of life in this silent land, these headless corpses covered with green bugs?"

The little golden man shook his head and said loudly: "It's far more than that. These are just one of the many incarnations of the weird. In this silent place, the weird power will transform into all kinds of very terrible and indescribable horrors. Used to obliterate the creatures that enter this silent land, even the ancient emperors and emperors are sometimes unable to resist such strange things. "

Hearing what the Little Golden Man said at this time, Ye Feng couldn't help but nodded immediately and said loudly: "I understand, these things are indescribable and terrifying things, and ordinary practitioners have no way to fight against them, even if Even the emperors and emperors of the ancient times were unable to fight against it, but I am different, I am a master of both soul and martial arts."

Buzz!

After saying that, Ye Feng directly burst out his extremely powerful soul power and covered the surrounding area.

At this moment, Ye Feng actually saw the true appearance of these green insect corpses.

Ye Feng couldn't help but said: "These headless corpses are not as scary and weird as they look at all. The true appearance of these headless corpses covered with green bugs is actually a very weird energy. scene."

Hearing what Ye Feng said, the little golden man couldn't help but show a look of surprise in his eyes, and said loudly: "But what I clearly saw were countless headless corpses covered with green bugs."

Ye Feng shook his head and said aloud: "That is a scene seen by normal people, including the scenes seen by the ancient emperors and emperors, but I am extremely talented, a fellow soul martial artist, and my eyes of heaven and earth can see through any illusion. , these are not real, but

are transformed into an inexplicable energy, but they are probably also fatal, let me fight against them. "

Buzz!

After saying that, Ye Feng directly used his soul power to condense a huge black soul giant behind his back, and then attacked the large headless corpse.

Boom!

At this moment, the dark soul giant condensed by Ye Feng was able to crush those headless corpses.

"What?"

Seeing this scene, the little golden man also had a look of astonishment in his eyes, and couldn't help but say: "I have heard before that practitioners who enter the land of silence have no way to deal with the restricted area of life in the land of silence. He could only be harmed passively when he fought against the strange powers. But he didn't expect Lord Ye Feng to be able to condense such a soul giant to fight against these strange powers. This is really unbelievable, because the most terrifying thing in the Silent Land is, When you encounter these weird things, you have no way to fight against them, because they are not on the same level of power at all, but Lord Ye Feng can actually fight against these weird existences, which is really amazing and incredible. "

#Every time verification appears, please do not use incognito mode!

Ye Feng also had a hint of surprise in his eyes at this moment. He didn't expect that he could really fight against these strange existences with his soul power.

It seems that this place of silence possessed a very strong power at the soul level, which transformed into various strange beings and killed the practitioners who entered the place of silence.

But after all, Ye Feng is gifted, a fellow soul practitioner, and his soul power is super powerful, so he can fight against the things transformed by these weird powers.

At this moment, Ye Feng used his huge soul power to condense the soul giant to obliterate and crush all these weird headless corpses.

At this time, Ye Feng was finally completely relieved. This place of silence did not seem to be that dangerous to him.

At this time, the little golden man also understood that Ye Feng's special method could fight against the strange power in the restricted area of life in the Land of Silence. He immediately became happy and said quickly: "Master Ye Feng, since you have the ability to fight against these strange forces, we can then explore the opportunities and fortunes in this silent land. Uh-huh!

After finishing speaking, Ye Feng did not hesitate at all and rushed directly into the central core area of the Silent Land ahead.

"This is....."

Almost at the next moment, Ye Feng saw a scene that made people feel numb.

Chapter 5166 Three Heads and Six Arms

At this time, when Ye Feng walked into the central core area, a scalp-numbing scene appeared.

I saw skeletons lying everywhere on the ground in this core area.

These skeletons seemed to be those powerful men from the ancient times who had ventured into this land of silence. They entered the core area of this land of silence and were completely killed.

For Ye Feng, if it were the Silent Land in the prehistoric era, with Ye Feng's current cultivation level, he would not be able to enter the core area of the Silent Land at all.

But now that millions of years have passed, most of the strange power in the Land of Silence has dissipated and it has become less terrifying, so Ye Feng was able to come here.

At this moment, Ye Feng naturally walked into the core area of the center without any hesitation.

First, Ye Feng came to the ancient skeletons and wanted to check whether there were any treasures such as storage rings left on these skeletons.

But Ye Feng discovered that most of the corpses that fell here were basically completely decayed, with no life energy left in them.

In addition, the storage rings they carried were basically turned into ashes in millions of years. .??.

After all, that was millions of years. It was so long that even the storage ring was wasted in endless years.

At this moment, Ye Feng did not hesitate and continued to explore each corpse.

At this time, the little golden man also flew out from Ye Feng's shoulder and quickly explored the other corpses around him.

Because they came to this strange and terrifying place of silence just to get the wealth left by the ancient powerful who died here.

However, what makes Ye Feng quite disappointed is that these ancient powerful men

#Every time verification appears, please do not use incognito mode!

The corpses themselves have already decayed, and the storage rings, some wealth, and magic weapons left behind on their bodies have all completely decayed over the long years.

At this time, the little golden man suddenly said in surprise not far away: "Master Ye Feng, I found a corpse with good things left on it."

"Um?"

When Ye Feng heard this, his eyes suddenly lit up, and he immediately flew quickly in the direction of the little golden man's shout not far away.

When Ye Feng came to the place where the little golden man was, Ye Feng immediately saw the little golden man, staring at a corpse with a very special shape.

This corpse has a very strange shape. The main body is in human form, but it has three heads and six arms.

The little golden man couldn't help but said: "This seems to be a very powerful race in the prehistoric era, with three heads and six arms."

"A clan with three heads and six arms?"

At this time, when Ye Feng heard what the little golden man said, a look of surprise suddenly appeared in his eyes.

This was the first time Ye Feng heard that there was a clan with three heads and six arms in the world, because Ye Feng's impression of three heads and six arms was a very powerful ancient magical power, but he never expected that there were people born with three heads and six arms.

At this moment, the little golden man nodded and said loudly: "Yes, in the ancient times, on this vast land, there did exist a tribe with three heads and six arms. This race is very magical. Babies are born with three heads and six arms. Moreover, the body constitution is different from ordinary people, and as they grow older, the people of the three-headed and six-armed clan will become stronger and stronger, and even begin to possess

The divine power of the ancient three-headed and six-armed gods, so the three-headed and six-armed clan on the ancient prehistoric land were definitely extremely powerful beings and born warriors. Therefore, in our ancient prehistoric era, the three-headed and six-armed clan were on the entire prehistoric land. It is definitely a powerful and powerful race, but it is a pity that after the great disaster that year, the entire prehistoric land became a ruin. Now millions of years have passed, and in the long years, the three-headed and six-armed race has completely disappeared. The only traces left are the corpses of the three-headed and six-armed super strong men who entered this silent place, and they are still left here. "

At this moment, when the little golden man was talking, Ye Feng discovered that although the body of this super powerful man with three heads and six arms had been completely turned into bones, one of his fingers that had turned into bones had... There is a purple-gold ring that looks quite dazzling.

This purple-gold ring seems to be very luxurious, which also shows that the super strong man of the three-headed and six-armed clan must have been very extraordinary. Otherwise, it would be impossible to have such a luxurious storage ring.

At this moment, Ye Feng discovered that the storage ring had not been completely worn and decayed.

Ye Feng was naturally very happy at this moment. He quickly took off the purple-gold storage ring from the corpse's bone finger, then took it directly into his hand and began to explore.

Buzz!

Almost the moment Ye Feng's consciousness entered the purple-gold storage ring, Ye Feng's eyes suddenly showed a look of ecstasy.

Because this purple-gold storage ring actually contains many good things.

There is a metal book that looks like it is made of black metal. It should be some kind of special inheritance or secret technique.

#Every time verification appears, please do not use incognito mode!

There is also a pile of stones emitting white light, piled in the corner of this storage ring space.

In addition, Ye Feng also saw that in this storage ring, there were many wooden shelves with different types of special armors hanging on them. There were six sets of armors in total.

The first set of armor was made entirely of amethyst.

The second set of armor is entirely made of flame metal.

The third set of armor looked like it was made of some very special black metal, and it also exuded a fearful dark evil spirit.

Several other sets of armor are also made of various materials with different special attributes and powers.

These six sets of armor should all be very high-end and powerful. They were used by the super strong men of the ancient three-headed and six-armed clan. Ye Feng was naturally very happy to get these things.

This time it was really a big harvest, I found a good thing left by a super strong man with three heads and six arms.

At this moment, Ye Feng naturally did not hesitate at all and first took out the pile of stones that exuded an opalescent light.

"This is....."

When the little golden man saw the pile of stones emitting pale white light appearing in Ye Feng's hand, he immediately said with bright eyes: "This is the best energy crystal that can only be bred in ancient times! In the ancient prehistoric times, In the era, only the top figures from some particularly powerful races were qualified to enjoy the use of these top-quality energy crystals for cultivation. I didn't expect that there were so many left in this storage ring. For you, Lord Ye Feng, then But it's an absolutely good thing, because all it contains is high-level energy bred in the ancient prehistoric era, which can bring about huge transformations in the practitioner's skills!"

Chapter 5167: Old Voice

At this time, Ye Feng looked at the energy crystals emitting pale white light in his hands, and his eyes suddenly revealed a look of deep surprise.

Because Ye Feng never thought that these energy crystals turned out to be very high-grade energy crystals from the ancient times. The energy contained in them was very powerful and very high-end.

At this moment, Ye Feng looked at the little golden man and said loudly: "Then you can protect the surroundings for me. I will swallow up and absorb all these top-quality energy crystals to increase my power."

For Ye Feng, as long as he gets this kind of natural resource from the world that can enhance his own power, it is naturally the best choice to devour them all as soon as possible.

The little golden man nodded immediately and floated around Ye Feng, alert to possible situations around him.

At this time, Ye Feng began to instantly release his Devouring Domain, and began to devour the top-grade energy crystals that he had obtained from the storage ring of this super powerful man with three heads and six arms.

"Rumble..."

At this moment, a huge amount of energy was immediately injected into Ye Feng's dantian, rapidly increasing Ye Feng's power.

Ye Feng's skill immediately increased unparalleledly at this moment.

After all, these energy crystals are all energy crystals bred between heaven and earth in the ancient prehistoric era millions of years ago. They are naturally very high-grade, and the quality of the energy contained in them is also very high.

At this moment, along with Ye Feng's devouring, the cultivation aura on Ye Feng's body immediately began to break through rapidly.

Ye Feng's cultivation was previously at the bottleneck of the Half-Step Dao Cultivation Realm, but now with the help of a large number of high-level energy crystals from the prehistoric era, Ye Feng's cultivation level suddenly broke through, directly breaking through the Half-Step Dao Cultivation Realm. This big bottleneck has broken through to the real first level of the Taoist Realm!

At this time, Ye Feng's cultivation level broke through to the first level of the Dao Cultivation Realm, so he was naturally very happy.

Because for Ye Feng, the most important thing now is to improve his cultivation as much as possible. Only in this way can he

#Every time verification appears, please do not use incognito mode!

It can increase one's own cultivation foundation, enable one to survive in the land of Zhongzhou in the interface of ten thousand monsters, and gain more power.

At this time, Ye Feng did not hesitate and took out the ancient metal book from the storage ring.

This metal book, just as Ye Feng guessed, is really a very powerful and peerless inheritance of the three-headed and six-armed clan, called "The True Body of the Three-Headed and Six-Armed Dharma".

When the little golden man saw the book in Ye Feng's hand, he couldn't help but said in surprise: "Congratulations to Mr. Ye Feng for getting the most powerful and unique inheritance of the three-headed and six-armed clan! This ancient three-headed and six-armed Dharma form is said to be three-headed and six-armed. The peerless inheritance created by the ancestors of the family is very powerful. If the cultivation is successful, a prehistoric three-headed and six-armed Dharma body can be cultivated. It has very terrifying ancient power and is overwhelming. Moreover, I also believe in this kind of inheritance. You can practice."

Hearing what the little golden man said, Ye Feng's eyes suddenly showed a look of surprise, and he said: "If you practice, can you also display strong combat effectiveness?"

The little golden man nodded, smiled and said: "Of course, I am actually more powerful now than I was then, with greater potential, because back then I was just a wandering soul without a specific body, but now, I Over the course of millions of years, I merged with the life source bead of an ancient giant at the god level and completely merged together. This life source bead became my body, so I am now Having such an advanced and powerful body and cultivating various inheritances can greatly enhance my combat effectiveness. After I get out of this ancient ruins, I can also help you fight, Lord Ye Feng."

The little golden man said this at this time because he was actually afraid that after Ye Feng left this ancient ruins, he would directly think that he had no use value and would devour him directly.

After all, along the way, Xiao Jin

People saw that Ye Feng was very eager for all kinds of energy, and he was really afraid that Ye Feng would swallow him up.

At this moment, Ye Feng just smiled slightly, but had no such thoughts.

Ye Feng just said aloud: "Okay, then let's understand and practice together."

For Ye Feng, this little golden man can be regarded as a friend of his now, so Ye Feng will not devour the little golden man directly, Ye Feng will only have murderous intention towards the enemy.

At this moment, Ye Feng directly opened the inheritance book that recorded the true form of the prehistoric three-headed and six-armed Dharma, and then began to imprint the inheritance secrets in it into his mind, and let the little golden man also begin to understand the inheritance in it. Mysteries.

For Ye Feng, understanding this inheritance is very simple. As long as all the traditional mysteries are imprinted in his mind, Ye Feng will soon be able to practice and use this set of peerless inheritance.

At this time, Ye Feng imprinted all the secrets of inheritance into his mind, and then started to try to use them.

Buzz!

Almost at this moment, in the stunned eyes of the little golden man, the power of heaven and earth behind Ye Feng suddenly began to condense, and a majestic golden giant with a height of tens of thousands of meters was directly condensed!

It can be seen that this golden giant has three heads and six arms. Each head is burning with golden flames. Each of the six arms also holds six different ancient weapons.

This is the true form of the three-headed and six-armed Dharma from ancient times!

Unexpectedly, Ye Feng successfully condensed it in an instant, and it also exuded the majesty and power of ancient times.

In other words, Ye Feng has completely understood this inheritance.

The little golden man was so stunned that he couldn't help but said in horror: "It's only been a few seconds, right? Master Ye Feng has already passed on this powerful inheritance of a set of three heads and six arms to Shensu. It succeeded, and even directly condensed a prehistoric three-headed and six-armed Dharma form composed of the energy of heaven and earth.

#Every time verification appears, please do not use incognito mode!

? This is incredible! Even in that prehistoric era millions of years ago, in that golden age of cultivation, it was impossible for someone as evil as Lord Ye Feng to appear. "

Hearing what the little golden man said, Ye Feng just grinned and said: "I have been quite good at understanding from the very beginning of my cultivation."

Hearing what Ye Feng said, the little golden man immediately gave a bitter smile and said, "If Master Ye Feng can only be regarded as quite good, then the others are really mediocre among a group of mediocre people."

Hearing the admiration of the little golden man, Ye Feng did not say anything more. Instead, he took out the six sets of powerful armors with different attributes that were refined by the three-headed and six-armed clan in the storage ring, and refined them all into in his own body.

With a thought, he can have different armors cover his body during the battle, giving him strength.

After doing all this at this time, Ye Feng looked around, smiled and said: "Let's continue searching. The things left by the ancient powerful here are really priceless."

The little golden man nodded and said aloud: "Of course, those who can enter the core area of the Silent Land are definitely the most powerful men in the prehistoric era. The things on their bodies are naturally priceless treasures. "

And just when the two of them finished speaking, they were about to continue looking for any good things left by other ancient powerful men.

Click, click, click!

Suddenly the ground not far away cracked.

However, this time there were not corpses crawling with green bugs running out from under the ground, but an old voice came from the cracks: "I didn't expect that millions of years have passed, but here... There will be living creatures again, God helps me! After so many years, the seal of the life forbidden area has weakened to the lowest level. Now I just need to eat you, a human boy with strong blood, to gain a trace of life force. , I will be able to completely escape from this restricted area of life, hahaha!"

Chapter 5168: One step further

At this moment, the old voice coming from the underground crack was very arrogant and cruel. It wanted to swallow Ye Feng, a living creature, directly, and then restore some of its own vitality to break the seal.

Therefore, it can be judged that the owner of this old voice should be an extremely terrifying guy in the ancient prehistoric era. He is a vicious existence. He has been trapped in this life restricted area for millions of years and has not escaped the seal.

At this moment, Ye Feng immediately judged all this. Without any hesitation, he quickly retreated and wanted to leave this dangerous place.

Although Ye Feng did not sense the cultivation strength of the owner of this old voice, the owner of this old voice was able to survive in the seal of the life restricted area for millions of years. It can be imagined that the other party's cultivation must have reached a terrifying level, so Ye Feng almost did not hesitate to leave here quickly.

Rumble!

However, at this moment, a huge black palm suddenly stretched out from the crack in the ground, covering the sky and the sun, and grabbed Ye Feng directly.

The surface of this black palm is covered with dense black scales, which gives people a very terrifying feeling.

Obviously, the owner of this old voice trapped under the seal is an extremely terrifying monster of dark attributes, otherwise, it is impossible to have such a huge palm covered with black scales.

At this time, when this huge black palm appeared, Ye Feng immediately felt a very terrifying pressure on his body.

Ye Feng only felt that his whole body was about to be completely shattered at this moment. ??

At this moment, Ye Feng immediately understood that his guess was right. The owner of this old voice was definitely an extremely terrifying existence back then. Otherwise, it would be impossible to be trapped in this underground seal for millions of years without completely falling.

At this moment, Ye Feng naturally did not hesitate at all, and directly burst out the power of his extremely powerful immortal body of the god.

Even, Ye Feng put all the six sets of high-level armor that he had obtained from the three-headed and six-armed clan on himself.

With the protection of six sets of armor, Ye Feng successfully resisted the pressure of the black hand.

However, the black hand covered with scales still grabbed Ye Feng, like an ancient dark mountain, pressing down from the sky, leaving Ye Feng with nowhere to hide.

At this time, the old voice in the underground cracks sounded again: "Hahaha, kid, don't think about escaping, because you must become my blood food, so that I can restore some vitality and open the seal that is about to break."

At this moment, Ye Feng's eyes suddenly showed a look of shock and anger. He didn't expect that after millions of years, the seals in these life restricted areas have become so weak that these ancient big men who were sealed back then can directly stretch out a hand to deal with outsiders.

Ye Feng didn't hesitate at this time, and directly activated the extremely powerful

Every time verification appears, please don't use the traceless mode!

Ancient inheritance, the true body of the prehistoric three-headed and six-armed Dharma.

Boom!

Almost at the moment when Ye Feng performed this set of inheritance, the energy of heaven and earth in the void behind Ye Feng suddenly surged.

Buzz!

Almost at the next moment, a majestic three-headed and six-armed Dharma body with a length of tens of thousands of meters appeared directly in the void behind Ye Feng, full of incomparable majesty, and directly blocked the huge black hand.

"What?"

At this moment, seeing Ye Feng blocking his black hand, the ancient big man in the underground crack couldn't help but say in surprise: "Huh? You kid can actually display the strongest inheritance of the three-headed and six-armed clan, the original three-headed and six-armed Dharma body? How is this possible? You kid is obviously a very ordinary human teenager, how can you have the strongest inheritance of the three-headed and six-armed clan?"

At this moment, the owner of this old voice, this big man who was sealed underground, must have a very wonderful face, because he probably never thought that Ye Feng practiced this extremely powerful ancient inheritance and could resist his black big hand.

At this moment, the ancient big man who was sealed underground immediately understood that he probably had no way to catch Ye Feng and eat him directly, because Ye Feng had the ability to resist one of his hands.

And now he is sealed deep underground and can only stretch out one hand.

So at this time, this ancient big man is completely silent.

At this moment, Ye Feng had no intention of fighting the other party and was ready to escape.

Although the other party wanted to kill him, Ye Feng knew that if he burst out all his strength now, he could only fight against one hand of this ancient great man, and it was impossible to fight against this ancient great man himself.

At this moment, Ye Feng was going to leave here directly.

But suddenly at this moment, the ancient big man in the underground crack couldn't help but said: "Young man, don't leave yet. If you can help me, rescue me from the seal, I can give you endless opportunities and blessings."

Hearing this ancient big shot suddenly say this, his tone full of temptation, Ye Feng smiled coldly and said, "I will not cooperate with someone who wants to kill me."

After saying that, Ye Feng instantly used Space Wormhole and left here without any hesitation.

Because Ye Feng knew very well that cooperating with this ancient big shot would be tantamount to seeking skin from a tiger.

At this moment, seeing Ye Feng leaving here without hesitation, the ancient big man in the underground cracks couldn't help shouting angrily and said: "Damn it, damn boy, damn it! I am I'll catch you eventually and skin you alive!"

At this time, when he heard the ancient big man in the underground crack behind him shouting such words, Ye Feng showed a cold smile on his face, looked at the little golden man beside him, and said slowly: " Next, we will continue to explore this ancient ruins. If I can improve my cultivation strength, maybe I can counterattack the mysterious big man in the underground seal!"

Chapter 5169: Give You a Share

For Ye Feng, this ancient big man in the underground cracks dared to take action against him and wanted to use himself as his blood food to escape the seal. Ye Feng had naturally already included this ancient big man in his list. On my must-kill list.

Although this mysterious figure in the underground seal is very powerful, Ye Feng is confident that as long as he is given time to find more opportunities and his cultivation strength has been further improved, he will definitely be able to kill this ancient mysterious figure. .

After all, the opponent is still trapped in the seal and can only stretch out one hand and exert the power of one hand.

Ye Feng, on the other hand, is completely free, so as long as Ye Feng can continue to increase his cultivation, he will naturally have strong confidence in being able to deal with this ancient big man in the underground seal.

Buzz!

At this time, Ye Feng didn't hesitate at all. He immediately spread out his huge soul power and covered the surroundings. He wanted to find other ancient strong men in this silent land and see if there were any ancient fallen ones. The strong ones are left with the opportunity.

At this time, Ye Feng's huge soul power was released, and his search ability was very strong, so in less than a few minutes, Ye Feng found the body of an ancient strong man.

This corpse has completely decayed, just like other ancient powerful men encountered before.

But Ye Feng discovered that there was a storage ring on this ancient corpse.

This storage ring does not look as gorgeous and dazzling as the previous purple-gold ring of the super powerful three-headed, six-armed clan. However, this ring is still not completely decayed, indicating that there are still good things in it.

Ye Feng does not expect to be able to encounter as much wealth as the super strong men of the three-headed and six-armed clan every time. As long as he has good opportunities, Ye Feng is already satisfied.

At this time, Ye Feng did not hesitate and came directly to the ancient corpse, wanting to take out the storage ring from him.

#Every time verification appears, please do not use incognito mode!

Wow!

But at this time, suddenly this ancient corpse, with only the skeleton left, suddenly stood up, looking very strange.

Ye Feng immediately couldn't help but said in surprise: "I didn't expect that the skeleton here is still alive?"

boom!

At this time, Ye Feng immediately burst out with his extremely powerful soul power, condensing a dark soul giant behind him, and directly attacked the skeleton standing in front of him.

Because this skeleton can stand up, it means that it must be the power of divine thoughts that supports him.

And the power of divine thoughts is also the power of soul.

Therefore, Ye Feng knew that using soul-level attacks was the most effective and direct method now.

At this moment, Ye Feng condensed his soul giant and attacked the skeleton.

But just when Ye Feng was about to attack, the ancient skeleton suddenly said: "Sir, have mercy on me, I am not the divine mind of this ancient powerful man. I am just a small remnant in this silent place." The soul is attached to the skeleton of the corpse of this ancient powerful man. I suddenly stood up, not to deal with you, but to ask for help, and to ask you to take me away from this place of silence."

When Ye Feng heard what the ancient skeleton said, a look of surprise suddenly appeared in his eyes. He seemed not to have thought that the other person was not the remnant of the original owner of the corpse, but a weak spiritual thought attached to this ancient skeleton. On top of the corpse of the strong man.

At this moment, Ye Feng felt very curious and immediately couldn't help but said: "If you want to ask me to take you out of this silent place, then you have to give something."

Hearing what Ye Feng said, this ancient

The old skeleton nodded immediately, came to Ye Feng, and couldn't help but said: "Of course I will pay."

After finishing speaking, the ancient skeleton pointed in a certain direction not far away and said loudly: "There is a very mysterious underground cave not far away. That underground cave was once the place to enter this silent place. It was a shelter for many ancient powerful men. Back then, a very large team of powerful men united together and entered the Land of Silence to find the secret of eternal life. They built a shelter in the Land of Silence at that time. I know where the shelter is, not far away in that direction."

"Um?"

Hearing what this ancient skeleton said, Ye Feng's eyes suddenly lit up.

If we can really find the shelter established by the group of ancient strong men who entered the Land of Silence, we will definitely be able to get many good things left by the ancient strong men.

Ye Feng didn't hesitate at this moment, and immediately couldn't help but said: "Then let's go quickly."

The ancient skeleton immediately nodded and flew quickly in that direction.

At this time, Ye Feng glanced at the little golden man sitting on his shoulder and asked aloud: "Is what this ancient skeleton said worth believing? Could it be a trap?"

The little golden man spoke out at this moment: "Don't worry too much. The many traps in this silent place have become very weak over millions of years, and the ancient skeleton itself has not It's not powerful. If he really wants to lure us into a trap, he can detect it in advance and kill this ancient skeleton directly. "

Hearing what the little golden man said, Ye Feng nodded and thought it was right.

Because Ye Feng possesses huge soul power.

If the ancient skeleton took himself to that shelter

, if it is a trap, Ye Feng can detect it in advance through his soul power.

At this moment, Ye Feng thought of this and was completely relieved. He followed the ancient skeleton leading the way and flew in that direction quickly.

A quarter of an hour later, the ancient skeleton finally stopped.

At this moment, Ye Feng saw that a small hillside appeared in front of him.

But on this hillside, there is a mine like a mine.

Uh-huh!

At this time, the ancient skeleton jumped directly into the mine and said: "The shelter of those ancient strong men is here."

Hearing what the ancient skeleton said, Ye Feng followed him and couldn't help but ask: "Why are you so familiar with this shelter? You should have been here before. Don't you go explore the opportunities yourself? Good luck? Why are you waiting for me to come here and bring me here?"

Hearing what Ye Feng said, the ancient skeleton immediately spoke out: "Because there are many ancient formations in this sanctuary. It was the ancient strong men who stayed to guard this sanctuary, even if there are millions of them, Years have passed, and these ancient formations are still very powerful. I can only explore some very peripheral areas of this shelter. The deep areas are guarded by various powerful formations. There is no way for me to enter. Just now I Seeing that Your Excellency was able to condense an extremely huge soul giant shows that Your Excellency has done a lot of research on the soul, and will definitely be able to completely solve those ancient formations, so I brought Your Excellency here, hoping that Your Excellency can explore it. Maybe I can get a share of the chance creation in the deepest area of the entire sanctuary."

Hearing what the ancient skeleton said, Ye Feng laughed and said aloud: "If this is really the case, that would be great. Don't worry, as long as you lead the way sincerely, I have found a huge opportunity and I will definitely share it with you. A piece of cake."

Chapter 5170 The Price of Eternal Life

Ye Feng no longer hesitated at this time, and followed the ancient skeleton and jumped directly into the mine on the hillside.

The next few people fell quickly.

When he fell to the bottom, Ye Feng immediately saw that the underground space connected to the entire mine was completely devastated, with broken traces everywhere.

Seeing this scene, Ye Feng couldn't help but have a look of surprise in his eyes. He looked at the ancient skeleton beside him and asked aloud: "Are you sure this is the work of those ancient strong

men who entered the land of silence?" The shelter you built feels like a battlefield, with everything being shattered."

Hearing what Ye Feng said, the ancient skeleton immediately said: "Because there was a disaster in the entire ancient land. This ancient ruins, including the forbidden land of silence, were all damaged by that terrible disaster. , so the strange power in the Silent Land has become much weaker. Otherwise, with Master Ye Feng's current ability, I'm afraid he still wouldn't be able to enter the Silent Land and explore freely."

Hearing what the ancient skeleton said, Ye Feng nodded and said, "I know this, and the little golden man also told me."

When he said this, Ye Feng suddenly thought of something, and immediately couldn't help but asked: "By the way, let me ask you something. Since you are active around here, you should also know that it is not far from here. Is there a very ancient figure sealed in a crack in the ground? "

Hearing what Ye Feng said, the ancient skeleton couldn't help but show a look of surprise in his eyes, and said loudly: "It seems that the Lord has already been to that place, and has even met the ancient big man. Yes, yes, there is indeed a very powerful ancient figure sealed under the crack in the ground. However, I am not very familiar with it, but I have heard that he should be a very powerful and well-known figure in our prehistoric ruins. It seems to be from ancient times. An old emperor of the demon empire. The old emperor of the demon empire was about to end his life at that time, so he came to this silent place to find the secret of eternal life. He seemed to be the only one who succeeded and really found eternal life. The secret has survived for millions of years and still remains, but the price of his eternal life is that he will be forever sealed in this forbidden area of life, and he will never be able to escape, and he seems to have become a slave to the entire restricted area of life. "

Hearing what this ancient skeleton said, Ye Feng's eyes suddenly showed a look of surprise. He didn't expect that the mysterious big man he met had such a powerful identity. He was an old emperor of a demon empire, and he was really has discovered the secret to eternal life.

But he only gained eternal life, and his power didn't seem to get stronger. He was trapped in the restricted area of life in this silent place forever, and became a slave of the restricted area of life for millions of years. I have to say, this is quite sad. . .??.

But he survived after all, and the restricted area of life also suffered the disaster of the entire prehistoric ruins, so it became very weak. This also gave the old emperor of the demon empire an

opportunity to escape. No wonder this demon The old emperor of the empire wanted to devour Ye Feng so much.

He has been trapped here for millions of years, and he definitely wants to come back to the world. Moreover, he has also obtained the secret of eternal life and can live in the world from now on.

at this time,

There was a hint of solemnity in Ye Feng's eyes. It seemed that he had underestimated the mysterious figure.

This old emperor of the demon empire is definitely a very troublesome guy.

And if he really got the secret of eternal life, then the old emperor of the Demon Empire would not be able to erase it, because he is already immortal.

At this moment, Ye Feng didn't think much and said, "Let's first see if there are any good things left by the ancient powerful people in this shelter."

The ancient skeleton nodded and said loudly: "This shelter left by many ancient strong men must have a lot of resources, because at that time, a group of super strong men entered the Silent Land and fought with them. To confront and fight against the strange forces in the Land of Silence, they brought huge cultivation resources from the outside world and piled them up in this shelter, which made it convenient for them to replenish resources at any time, restore their strength, and then continue to fight against the strange forces in the Land of Silence. There is confrontation."

When the ancient skeleton said this, he pointed to the surroundings and said loudly: "My strength is too weak and there is no way to pass through the protective formations left by those ancient strong men, so I can only explore some of the periphery area, but Master Ye Feng's soul power is so powerful that he should be able to pass through those formations easily."

Hearing what the ancient skeleton said, Ye Feng nodded, then showed a slight smile on his face, glanced at the ancient skeleton, and said loudly: "I didn't expect you to know the soul master so well. The soul power is strong and can easily pass through the formation."

Hearing what Ye Feng said, the ancient skeleton smiled slightly and said: "I also studied a soul master back then, but my talent was limited. It only allowed me to break away from my rotten body, and then let my Once the soul is independent, there will no longer be anything powerful that can be achieved through cultivation."

Hearing what this ancient skeleton said, Ye Feng suddenly had a look of surprise in his eyes.

It turned out that this ancient skeleton was once a living creature in ancient times, but his body was about to decay, so he concentrated on studying the soul master so that his soul could separate from the body and exist independently.

Then in the endless years, his soul possessed the body of an ancient strong man and was able to survive until today.

It has to be said that this ancient skeleton still has some tricks up its sleeve, and he can think of using this method to extend his life for so many years.

This is somewhat similar to the Little Golden Man, but the Little Golden Man is not attached to the corpse of an ancient strong man, but merged with the life source pearl of an ancient giant by chance.

At this moment, Ye Feng immediately looked at the little golden man and the ancient skeleton beside him, and said with a smile: "I can see it, each of you has special skills."

Hearing what Ye Feng said, the little golden man and the ancient skeleton laughed and said nothing more.

At this time, Ye Feng looked around and said aloud: "Since you have been active in this peripheral area, it seems that you have obtained all the opportunities and creations in this peripheral area, so there is no need to explore anything in this peripheral area. Let's go directly to the inner area of the shelter guarded by the formation to see what good things those ancient powerful men left behind." Ye Feng no longer hesitated at this time, following this ancient skeleton. Jumped directly into the mine on the hillside.
