Chapter 5171 Not used yet

At this moment, after Ye Feng finished speaking, he was going to fly quickly towards the deep area of the shelter left by the ancient strong man.

For Ye Feng, those ordinary cultivation resources are of no use at all. Only those extremely high-level cultivation resources are useful, which can make Ye Feng make rapid progress.

Even if Ye Feng devours ordinary training resources, the increase in skill will only be a little bit, which is a complete waste of time.

After all, two and a half hours have passed since he entered this prehistoric ruins three hours ago, and only the last half hour is left.

This last half hour is very precious, and Ye Feng naturally wants to get as many more advanced cultivation resources as possible to strengthen his cultivation skills.

Because Ye Feng knew very well that the time he was brought into the monster forest and into this ancient ruins was completely unexpected by chance, so he must seize this precious opportunity to improve his abilities. Various means and cultivation strength.

Moreover, Ye Feng also has a plan, which is to use his efforts and strength during this period to deal with the ancient mysterious figure who was previously sealed in the underground cracks.

However, Ye Feng also knew that the ancient figure who was sealed in the crack seemed to have gained the power of immortality. Although his strength had not been enhanced, he was already completely immortal.

Therefore, Ye Feng knew very well that if he wanted to deal with this ancient big man in the underground cracks, it would be difficult to kill him completely.

But Ye Feng had to give it a try.

Not avenging a grudge is not a gentleman!

But the premise is that Ye Feng must get enough opportunities in the shelter left by this ancient powerful man, so that Ye Feng can have enough strength to deal with the ancient big man in the underground crack seal.

At this time, Ye Feng came to this area

In the deep area of the ancient strongman's shelter, formations emitting bright light were suddenly seen, covering the entire deepest area.

At this time, Ye Feng didn't hesitate at all. He just turned his eyes of heaven and earth and looked at the formations ahead.

At this moment, Ye Feng was able to see through the entire formation's operation.

It has to be said that Ye Feng's Eye of Heaven and Earth is indeed very magical and can see through the movement of any formation.

At this moment, Ye Feng walked quickly towards the formations in front.

When the ancient skeleton behind him saw this scene, he immediately couldn't help but remind him and said: "Master Ye Feng, do you want to explore for a while? I saw that you just took the first look and went straight to crack the formation. Fa, this is really too fast."

At this time, the little golden man glanced at the ancient skeleton, smiled faintly, and said, "Believe in Lord Ye Feng, Lord Ye Feng's magical abilities are beyond your imagination."

At this moment, the little golden man followed Ye Feng directly without any doubt or hesitation.

The ancient skeleton gritted his teeth at this time and followed Ye Feng.

At this time, Ye Feng took the first step and walked quickly towards the formations in front.

At this moment, when Ye Feng was about to come into contact with the formation, he still didn't make any movement and just continued to walk towards the formation.

When the ancient skeleton saw this scene, he immediately said in horror: "Master Ye Feng, don't you use some means to crack the entire formation? You have to walk in directly.

If you do, it will definitely trigger a counterattack from the formation, and then an extremely terrifying force will be produced, which will wipe you out! "

Hearing what the ancient skeleton said, Ye Feng just smiled lightly and said, "Don't worry, just follow me."

After finishing speaking, Ye Feng stepped directly into the formations in front of him, still without any movement.

At this time, the ancient skeleton was a little frightened when he saw this scene.

But the next moment, what shocked him was that Ye Feng walked among the ancient formations without any reaction at all.

These formations did not cause any attack damage at all, and were still peaceful.

In other words, Ye Feng used some very mysterious means to control all damage to the entire formation. ??

Of course, this was the inner thought of the ancient skeleton. What the ancient skeleton didn't know was that Ye Feng had already seen through all the operating context of the entire formation.

In other words, Ye Feng is now walking in the formation, and every step he takes is very clever. He can completely avoid all the damage in the entire formation, and every step he takes is in a very safe area.

If there is a formation master here now, he will definitely be shocked to see Ye Feng can do this, because Ye Feng can see through the essence of all formations, this ability can be said to be very terrifying.

At this moment, without any hesitation, Ye Feng passed through the protective formations and entered the deepest area of this ancient strongman's sanctuary.

When Ye Feng entered the inner space of this shelter, he was immediately shocked by everything in front of him.

Because Ye Feng saw that there was countless wealth piled up in the space inside this shelter.

All this wealth

These are all cultivation resources left by the super strong men in ancient times.

As the ancient skeleton said, this shelter was specially built by the ancient strong men to explore the entire silent land.

So at the beginning, these ancient strong men prepared a lot of cultivation resources and piled them in this shelter, so that they could continue to explore the secret of immortality in this silent land.

However, a catastrophe occurred that year, so the entire silent land was destroyed. Those ancient strong men probably died in that catastrophe. They also left a lot of cultivation resources piled here, which have not been used, but now they have all become Ye Feng's things.

Ye Feng naturally did not hesitate at this time, and immediately released a huge swallowing field, covering the cultivation resources in the entire ancient strong man shelter.

Rumble!

At this moment, a huge amount of energy was swallowed and absorbed by Ye Feng, and directly injected into Ye Feng's Dantian.

With the help of the cultivation resources left by these ancient masters, Ye Feng's cultivation power immediately gained incomparable strength and growth.

Ye Feng's cultivation aura immediately began to break through at an incredible speed.

Boom!

The second level of the cultivation realm!

Boom!

The third level of the cultivation realm!

Boom!

The fourth level of the cultivation realm!

Boom!

The fifth level of the cultivation realm!

Boom!

The sixth level of the cultivation realm!

Boom!

The seventh level of the cultivation realm! !

Chapter 5172 Bronze Treasure Box

At this time, Ye Feng's cultivation level directly broke through the sixth level of heaven, from the first level of the cultivation realm to the seventh level of the cultivation realm.

It has to be said that the training resources left by these ancient powerful men are really rich, allowing Ye Feng's skills to be improved like never before.

Ye Feng was naturally very happy at this time. It seemed that he had come to the right place this time when he followed the ancient skeleton to the shelter left by the ancient strong man.

At this time, Ye Feng did not hesitate and continued to exude soul power, trying to find if there were any other good things in the surrounding shelters.

However, Ye Feng searched and found no other good things, which made Ye Feng quite disappointed. He did not expect that the cultivation resources left in the shelter built by this group of ancient strong men were not as many as expected.

However, Ye Feng was very happy to be able to raise his cultivation level to the sixth level all of a sudden.

At this moment, Ye Feng did not hesitate. He looked at the ancient skeleton and the golden man beside him and said, "Let's leave directly."

The ancient skeleton suddenly said: "Wait a minute, I feel that this shelter established by many ancient powerful men cannot have so few cultivation resources. Let's continue to look for it."

When he said this, the ancient skeleton suddenly stretched out a bone palm.

A small light yellow token suddenly appeared in his bony palm.

The moment this light yellow token appeared, it turned into a small yellow villain and started running around.

Seeing this scene at this time, Ye Feng's eyes suddenly showed a look of surprise, and he couldn't help but said: "This token is quite magical. The yellow villain turned into by this light yellow token can Did you find some chance creations that ordinary people can't detect?"

When the ancient skeleton heard Ye Feng's question, he immediately nodded and said: "Yes, this token is a treasure hunting token from the ancient times. The little yellow man it turns into can sense very deep levels of treasure."

Ye Feng nodded and said aloud: "I hope it can find something good, but I have used my soul power to explore all the surrounding areas, but I haven't found anything. Let's see if I can find this treasure hunt token." Something I can't even find."

At this moment, after Ye Feng finished speaking, suddenly the little yellow man transformed from the treasure hunting token suddenly got into the soil in a corner not far away, and then seemed to be diving.

At this time, Ye Feng, the ancient skeleton and the little golden man all came to this place at once, looking at the little yellow man in front of them and watching the little yellow man dive quickly.

"boom!"

When the little yellow man dived for about several kilometers, he suddenly seemed to hit something very solid and made a crisp metal collision sound.

"Um?"

At this time, the crisp collision sound was heard, and several people present had a look of surprise in their eyes.

They understood that at this moment, the yellow villain, the treasure hunting token, had indeed found something good, hiding it under this shelter.

At this time, the ancient skeleton immediately said in great surprise: "Being able to be defeated by those ancient skeletons

#Every time verification appears, please do not use incognito mode!

The strong man was so solemnly and secretly buried thousands of meters below the shelter. What was buried underneath must be very extraordinary. "

At this time, Ye Feng also showed a trace of surprise in his eyes, as if he did not expect that he would find this treasure hunting token that he had not even detected with his soul power.

At this time, the little golden man touched his chin and said aloud: "The surface of the things buried under this shelter should be protected by a very special layer of material, and this material should be able to isolate the soul from detection. Therefore, Master Ye Feng did not detect it, but this treasure hunting token can use special power to find what is hidden under this shelter. "

At this time, Ye Feng didn't hesitate at all. He immediately turned the treasure hunt token into a yellow villain and pushed it aside, and then quickly cleaned up all the surrounding soil.

The next moment, Ye Feng suddenly saw a treasure chest made of bronze appearing several thousand meters below the ground.

This bronze treasure box looks very ancient and extraordinary. There are many ancient symbols engraved on the surface of the bronze treasure box. Ye Feng cannot understand these ancient symbols, but the ancient skeleton seems to understand a lot.

At this moment, the ancient skeleton couldn't help but said in surprise: "The surface of this bronze treasure box is all imprinted with the symbols and words of the demon clan in the ancient times, and it seems to be a very special green devil among the demon clan. A family."

"The Green Devil clan?"

When Ye Feng heard what the ancient skeleton said, a look of surprise suddenly appeared in his eyes, and he couldn't help but said, "Is the Green Devil clan very special?"

The ancient skeleton immediately nodded and said loudly: "Among the demon clan, the ten most powerful demon clans include the Green Demon clan. It is said that the Green Demon clan is born with the power of curse, so the Green Demon clan If the treasure chest left by the clan is opened directly, it may contain a very terrifying curse power, which is what I am worried about. "

Hearing the ancient skeleton say this, Ye Feng stopped opening the treasure chest, frowned, and asked: "Are you sure that this bronze treasure chest contains the curse power of the green demon clan in the past?"

In fact, Ye Feng is still quite afraid of this very strange curse power.

You know, when Ye Feng was practicing in the early days, he was infected with a very strange curse-like thing. Every time the curse occurred, Ye Feng's body would be covered with black hair and covered with all the life essence.

In the end, Ye Feng got a special thing that could compete with that curse, and finally eliminated that curse.

So at this time, Ye Feng is still very afraid of things like the curse power in this high-level interface.

At this moment, the little golden man couldn't help but say: "This bronze treasure chest is buried so solemnly in the deepest part of the shelter. It must be not so simple, but I personally guess that there should be no curse in this bronze treasure chest, because this shelter was built by the ancient strong men who entered the Land of Silence. They couldn't leave such a dangerous and cursed bronze treasure chest in the shelter of many strong men. So I think the bronze treasure chest is not the curse of the Green Demon Clan, maybe it is the peerless treasure of the Green Demon Clan!" At this time, Ye Feng's cultivation directly broke through the six heavens, from the first heaven of the Yangdao Realm to the seventh heaven of the Yangdao Realm.

It must be said that the cultivation resources left by these ancient strong men are really rich, which makes Ye Feng's skills unprecedentedly improved.

At this time, Ye Feng was naturally very happy. It seems that this time he followed the ancient skeleton to the shelter left by the ancient strong men. He came to the right place.

At this time, Ye Feng did not hesitate at all and continued to emit soul power to find out if there were any other good things in the surrounding shelters.

However, Ye Feng searched for a while and did not find other good things, which made Ye Feng quite disappointed. He did not expect that the cultivation resources left in the shelter built by these ancient masters were not as many as he imagined.

However, being able to improve his cultivation by a full six levels at once made Ye Feng very happy.

At this moment, Ye Feng did not hesitate at all. He looked at the ancient skeleton and the little golden man beside him and said, "Let's leave directly."

The ancient skeleton suddenly said, "Wait a minute, I feel that this shelter built by many ancient masters cannot have so few cultivation resources. Let's continue to look for it."

When he said this, the ancient skeleton suddenly stretched out a bone palm.

In his bone palm, a small light yellow token suddenly appeared.

The moment this light yellow token appeared, it turned into a small yellow man and began to run around everywhere.

Seeing this scene at this time, Ye Feng's eyes suddenly revealed a look of surprise, and he couldn't help but say: "This token is quite magical. Can the yellow man transformed by this pale yellow token search for some opportunities that ordinary people can't perceive?"

When the ancient skeleton heard Ye Feng's question, he nodded and said: "Yes, this token is a treasure-hunting token in ancient times. The yellow man it turns into can sense very deep treasures."

Ye Feng nodded and said: "I hope it can find good things, but I have used my soul power to explore all the surrounding areas, but I didn't find anything. Let's see if this treasure-hunting token can find something that I can't find."

At this moment, after Ye Feng finished speaking, suddenly the yellow man transformed by the treasure-hunting token drilled into the soil in a corner not far away, and then seemed to be diving.

At this time, Ye Feng, the ancient skeleton and the little golden man all came to this place at once, looking at the yellow man in front of them, watching this yellow man dive quickly.

"Bang!"

When the yellow man dived about a few thousand meters, he suddenly seemed to hit something very solid, and made a crisp metal collision sound.

"Huh?"

When the crisp collision sound was heard at this time, several people present showed a set of surprise in their eyes.

They understood that at this moment, the yellow man's treasure hunting token had indeed found something good, hidden under this shelter.

At this time, the ancient skeleton immediately said with great surprise: "It can be verified by those ancients

Every time it appears, please do not use the invisible mode!

The strong buried it so solemnly and secretly a few thousand meters below the shelter. The things buried below must be very unusual."

At this time, Ye Feng's eyes also showed a trace of surprise, as if he did not expect that this treasure hunting token had found something that his soul power could not detect.

At this time, the little golden man touched his chin and said, "The surface of the things buried under this shelter should be protected by a very special material, and this material should be able to block the detection of soul power, so Lord Ye Feng did not detect it, but this treasure hunting token can use special power to find the things hidden under this shelter."

At this time, Ye Feng did not hesitate at all. He immediately turned the treasure hunting token into a yellow man and moved it aside, then quickly cleaned up all the dirt around it.

The next moment, Ye Feng saw a bronze treasure chest appearing thousands of meters below the ground.

This bronze treasure chest looked very ancient and extraordinary. There were many ancient symbols engraved on the surface of the bronze treasure chest. Ye Feng could not understand these ancient symbols, but the ancient skeleton seemed to understand a lot.

At this moment, the ancient skeleton could not help but say in surprise: "The surface of this bronze treasure chest is engraved with symbols and words of the ancient demon clan, and it seems to be a very special green demon clan among the demon clan."

"Green Demon Clan?"

When Ye Feng heard the ancient skeleton say this, he immediately showed a look of surprise in his eyes, and couldn't help but say: "Is the green demon clan very special?"

The ancient skeleton nodded immediately and said: "Among the demon clan, the ten most powerful demon clans include the green demon clan. In the end, Ye Feng got a special thing that could compete with that curse, and finally dispelled the curse.

So at this time, Ye Feng was still very wary of the curse power in this high-level interface.

At this moment, the little golden man couldn't help but say: "This bronze treasure chest was buried so solemnly in the deepest part of the shelter. It must not be that simple, but I personally guess that there should be no curse in this bronze treasure chest, because this shelter was built by a group of ancient strongmen who entered the Land of Silence. They couldn't leave such a dangerous bronze treasure chest with a curse in the shelter of many strongmen, so I think the bronze treasure chest can't be the curse of the green demon clan, maybe it's a peerless treasure among the green demon clan!"

Chapter 5173: Vision is too low

At this time, Ye Feng's eyes flashed slightly after hearing the judgment of the little golden man, and then he looked at the ancient skeleton beside him and said: "Anyway, since we have found this bronze treasure chest, we can't just leave like this, we have to open it and take a look."

After that, Ye Feng directly released the power of his immortal body, maintained his state in a state where he could attack at any time, and directly opened the bronze treasure chest.

Almost at the moment when the bronze treasure chest was opened, nothing happened, and there was no strange curse power spreading from the bronze treasure chest to affect the people present.

"Hmm?"

Seeing this scene, the ancient skeleton couldn't help but breathe a sigh of relief.

It seems that things are not the same as he imagined, and the worst situation did not happen.

Because if there is really a curse power left by the green demon clan in this bronze treasure chest, then the people present will be infected by the terrible curse, which will be really terrible at that time, and the end will be very miserable.

At this time, Ye Feng looked into the bronze treasure chest, and a look of surprise suddenly appeared in his eyes.

Because there was no treasure in the bronze treasure chest, only a palm-sized heart placed in the bronze treasure chest, and it was still beating.

This heart was very special, because it was a green heart, and the surface of the heart was engraved with dense ancient symbols. .??.

"Hmm?"

Seeing this scene, Ye Feng's eyes suddenly showed a look of surprise, and he couldn't help but said aloud: "Is this heart the heart of the Green Demon Clan in ancient times?"

The ancient demon shook his head at this moment and said aloud: "It is definitely not that simple. This green heart may be the heart of a powerful person in the Green Demon Clan back then. Look at the surface of this heart, there are dense ancient symbols. These ancient symbols should not be engraved, but born. Only the most powerful existence in the Green Demon Clan can naturally grow so many dense ancient symbols on the surface of his heart."

The little golden man also showed a look of surprise at this moment, and said aloud: "Is this the heart of a demon emperor in the Green Demon Clan? It's just that it has been sealed here and has not been used. Could it be that the legend is true? It is said that a group of super strong people in order to fight against the strange power and irresistible existence in the life forbidden area of the Silent Land, they were in Hong Hunt down the leaders of various powerful races on the wasteland, and then seal their hearts, which can provide them with a constant supply of life energy to fight against the strange power in the entire life forbidden zone. "

Hearing what the little golden man said, the ancient skeleton nodded quickly and said, "I also heard this legend back then, because only the hearts of the leaders of the powerful races have a very huge vitality, which can fight against the strange power in the life forbidden zone of the Silent Land, allowing those ancient strong men to gain vitality continuously. "

Hearing what the little golden man and the ancient skeleton said, Ye Feng's face showed a deep joy, and he said, "In any case, this heart must be the heart of the strongest of the Green Demon Clan back then, and it has the ancient power of the Green Demon Clan. It would be a pity to swallow it directly. I want to merge it into my own body. In this way, maybe I can get the power of the Green Demon, the strongest of the ten demon clans in ancient times

Whenever verification appears, please do not use the invisible mode!

. "

After saying that, Ye Feng did not hesitate at all, and directly stretched out his hand, grabbed the heart of the strongest of the Green Demon Clan in the bronze treasure chest, and then directly slapped it into his heart and began to fuse.

You know, Ye Feng's physique is very strong, and can accommodate various attributes and terrifying power. In addition, Ye Feng's heart has also fused several other powerful hearts on the original basis during the continuous cultivation. Now it has fused the heart of the strongest of the Green Demon Clan, which naturally makes Ye Feng's vitality more tenacious and makes Ye Feng's vitality more magnificent.

Because the heart is definitely the source of a person's power, the stronger the heart, the stronger the strength and life source of the practitioner.

At this moment, Ye Feng naturally wants to fuse this extremely powerful heart of the strongest of the Green Demon Clan.

At this time, when Ye Feng fused this heart of the Green Demon Clan, he could immediately feel that the level of his heart had become higher, and the power and vitality provided were also more magnificent.

And most importantly, after Ye Feng successfully merged the heart of the strongest Green Demon, Ye Feng found that his bloodline and the bloodline of the strongest Green Demon in the heart were connected and merged, and Ye Feng once again gained a very powerful bloodline talent.

At this time, Ye Feng can fully exert the innate ability of the Green Demon at any time.

Buzz!

At this moment, Ye Feng's mind moved, and he saw that Ye Feng's body was suddenly covered with dense green scales. These green scales were like the strongest metal in the world, with an indestructible nature.

"What?"

When the little golden man and the ancient devil next to him saw this scene, their eyes suddenly showed wonder.

The little golden man couldn't help but said: "Congratulations to Mr. Ye Feng for gaining another innate ability of a powerful race. The green scales of the Green Demon clan were recognized as one of the ten strongest scales in our ancient times. , Otherwise, the green demon clan would not become one of the top ten races among the demon clan. "

Hearing what the little golden man said, Ye Feng immediately nodded with satisfaction, then withdrew his green scales and returned to his original appearance.

In times of danger, once Ye Feng activates the blood power of the green demon clan, he can cover his whole body with green scales, allowing him to be fully protected by the green scales, because this green scale is very strong, like a god. Made of iron.

At this time, the ancient skeleton couldn't help but exclaimed in admiration: "Master Ye Feng's ability is indeed very magical. Before, my vision was too low. It turns out that there are such magical people like Master Ye Feng in the world."

At this moment, Ye Feng is also very satisfied. The biggest gain this time is that in addition to the skyrocketing cultivation level, he also got such an extremely powerful heart of the strongest member of the Green Demon clan, which gave Ye Feng his life power. Even more powerful, it also gave Ye Feng or the bloodline talent of the Green Demon clan.

At this moment, Ye Feng's eyes suddenly showed a cold look, and he said: "Let's go, I only have the last quarter of an hour left in this ancient ruins, it's time to teach me a lesson." I want to swallow the ancient big man who was sealed in the underground crack. I want to see if I can kill that ancient big man now that my strength has been improved in all aspects. Even if he has immortality, he cannot die. , I want to kill him once too!"

Chapter 5174 Return

To Ye Feng, it was definitely an ungentleman not to take revenge.

Because Ye Feng was almost killed by the mysterious big man sealed under this place before, Ye Feng naturally had a deep murderous intention towards this ancient big man sealed under the underground crack.

Although the ancient skeleton said that the mysterious big man was probably a very terrifying existence in the ancient times, and had obtained the secret of eternal life and could never be wiped out, Ye Feng felt that he might be able to kill him.

Because he possesses the most unique devouring ability in the world, maybe his devouring ability can allow this ancient big figure in the underground cracks to be completely swallowed up by him.

But the premise is that Ye Feng can deal with this ancient big man who was sealed in the underground crack.

Uh-huh!

At this time, Ye Feng did not hesitate and flew quickly in that direction.

The little golden man and the ancient skeleton quickly followed.

For Ye Feng, he only has a short quarter of an hour to stay in this ancient ruins. All he has left to do is to take revenge.

At this moment, Ye Feng didn't hesitate at all, and soon arrived at the area of the sealed underground crack where he met the mysterious ancient figure.

Ye Feng immediately saw that there were still cracks on the ground.

However, the moment Ye Feng set foot in this place, an ancient voice suddenly sounded from under the cracks in the ground, saying: "Boy, I didn't expect you to come back again, but your cultivation has improved a lot. But this is of no use. For me, this short improvement is just a drop in the bucket. Do you still want to come back and fight against me? Then you are too naive!"

Hearing what the ancient big man under the ground said, Ye Feng's eyes suddenly showed a sneer, and he said loudly: "How will you know if you don't try."

After saying that, Ye Feng walked directly towards the underground crack.

But the ancient skeleton next to me

#Every time verification appears, please do not use incognito mode!

Gu Gu quickly warned: "Lord Ye Feng, this mysterious figure sealed under the underground crack is a very powerful existence in the ancient prehistoric era. He may be the old emperor of the demon clan. I think we should run away as soon as possible. Well, and this mysterious big man has also obtained the secret of eternal life, so don't try to fight him."

Hearing what the ancient skeleton said, Ye Feng just smiled faintly and said: "It is not a gentleman to retaliate if you have a grudge. I will always give it a try, and this guy is sealed in an underground crack. If I really can't defeat him, I will There is absolutely no problem in escaping."

After saying that, Ye Feng jumped directly into the underground crack.

When the little golden man saw this scene, he couldn't help but said: "We just wait here for Lord Ye Feng to return in triumph."

Hearing what the little golden man said, the ancient skeleton could only nod his head and didn't want to say anything more.

After all, in his heart, although Ye Feng is powerful and has magical methods, he is far from being the opponent of this mysterious figure in the underground crack seal.

While the little golden man was talking to the ancient skeleton, Ye Feng had already jumped into the huge underground crack.

At this moment, Ye Feng immediately saw that under the underground crack was a very large underground space, like a naturally formed grand canyon.

And in this underground canyon, a majestic giant with a height of tens of thousands of meters was locked and trapped in this underground canyon.

At this time, Ye Feng observed carefully that this giant-like figure was not a human race, but a demon race covered with black scales.

In other words, this is an ancient mysterious figure of the demon clan from ancient times.

At this moment, this ancient demon clan is wearing a huge black crown on top of his head. It seems that this

This mysterious big man was definitely an emperor-like existence among the demons in ancient times.

At this moment, Ye Feng did not hesitate and walked quickly towards the old demon emperor.

At this time, the eyes of the old emperor of the demon clan were shining with bright red light. He stared at Ye Feng and couldn't help but said: "I didn't expect that this kid like you has such great courage and dares to turn back to fight against me. "You are too brave, you are going to die."

Uh-huh!

After saying that, the old emperor of the demon clan stretched out a huge palm and grabbed Ye Feng.

This huge palm covered the sky and the sun, and seemed to be able to crush everything.

At this moment, Ye Feng released the prehistoric three-headed and six-armed Dharma form without hesitation.

Buzz!

At this moment, a huge three-headed and six-armed form appeared in the void behind Ye Feng, directly blocking the big black hand.

But the next moment, a ferocious smile appeared on the face of the old demon emperor, and he couldn't help but said: "It's not enough to block me with one hand."

After finishing speaking, the old emperor of the demon race immediately shouted loudly: "Thousands of demon species!"

Boom!

Almost at this moment, a jet-black demonic energy burst out from the body of the old demon emperor.

These demonic energy spread from his body to the surroundings, and directly condensed into flying demons with eighteen black wings on their backs.

These flying demons, holding black steel forks in their hands, smiled grimly, and rushed towards Ye Feng frantically. There were tens of thousands of them!

At this moment, Ye Feng did not hesitate at all, and immediately used another extremely powerful and peerless inheritance, the Golden Dragon Body Protection Divine Art.

Please do not use the traceless mode every time verification appears!

This is the peerless inheritance passed down to Ye Feng by Emperor Tianlong, the strongest demon in the Monster Forest.

The moment Ye Feng used the Golden Dragon Body Protection Divine Art, a terrifying force immediately burst out from his body, and a huge golden dragon was condensed directly around him.

This golden dragon was completely condensed by Ye Feng's skills, but it has the power and breath of the ancient five-clawed golden dragon.

So at this time, after Ye Feng condensed a golden dragon, this golden dragon immediately attacked the surroundings, and directly stretched out the golden dragon claws, which seemed to be made of steel, and madly tore apart the endless flying demons that rushed over.

These flying demons were also condensed by the old demon emperor with his own demonic energy.

So Ye Feng and the old demon emperor are now completely competing with each other in their respective power reserves.

You know, if it is a normal state, Ye Feng is not even one ten-thousandth of the old demon emperor.

But now millions of years have passed, and the old demon emperor has been sealed here for so many years, and his power has long been exhausted to a limit.

So at this moment, Ye Feng actually stalemates with the old demon emperor for a while, and he is not at a disadvantage.

"Hmm?"

Seeing this scene, the old demon emperor who was sealed in the underground canyon not far away couldn't help showing deep surprise in his eyes, and said aloud: "You, a human boy, your cultivation is so weak, but your power reserve is so powerful, how is this possible? But this is useless, I have obtained the power of immortality, you can never kill me! When your power is exhausted, I will eat you alive, and then I will obtain your life essence, and I can directly escape from this life restricted area, and roam freely in the world from now on, hahaha! It is the wrong choice for you to turn back!"

Chapter 5175: Only exists in legends

At this time, the old demon emperor who was sealed in the underground grand canyon spoke with a tone full of sarcasm.

Obviously, he simply does not believe that Ye Feng can directly kill him, an ancient and powerful figure, because he is not only powerful, but the most important thing is that he has obtained the secret of eternal life in the forbidden land of silence, so he will never Will not be killed.

At this moment, Ye Feng certainly knew this, but Ye Feng's eyes showed a deep cold look, without the slightest fear or entanglement, but said very firmly: "You will definitely die!"

boom! !

After saying that, Ye Feng instantly burst out his extremely powerful immortal body.

Ye Feng's whole body suddenly burst into brilliant golden light, with unparalleled power surging all over his body, and he rushed directly towards the direction where the old demon emperor was sealed.

At this time, Ye Feng used the three-headed and six-armed Dharma Realm to block the only palm that the old demon emperor could use, and used the Golden Dragon Body Protection Divine Art to transform into a golden dragon, which could resist the power of the old demon emperor. One by one, there are big flying demons.

So at this time, Ye Feng, alone, could instantly attack the body of the old demon emperor, hoping to completely obliterate the body of the old demon emperor.

At this time, when Ye Feng rushed in front of the old demon emperor, a bright red light suddenly shone in the eyes of the old demon emperor, and he actually began to perform a spiritual transformation technique, trying to Ye Feng was bewitched.

But at this time, Ye Feng shouted loudly: "Soul Giant!"

Boom!

At this moment, Ye Feng's soul power immediately began to burst out. A terrifying soul power directly shattered the mental bewitchment exerted by the old demon emperor.

"What?"

At this time, I saw that Ye Feng was able to directly break his mental bewitchment. The old emperor of the demon clan in the prehistoric era finally finally

#Every time verification appears, please do not use incognito mode!

I was completely shocked.

Because the various abilities that Ye Feng possesses are really incredible. Not only is his own strength extremely powerful, his life source is boundless, and his skill reserves are also very powerful, there is no way to fight against Ye Feng at the spiritual and soul level.

So at this time, the old demon emperor actually felt a rather fearful feeling in his heart.

At this moment, it was actually very difficult for Ye Feng to kill the old demon emperor.

Because this old demon emperor got the secret of eternal life.

The old demon emperor himself seems to understand this, so although the old demon emperor now feels that Ye Feng is a threat to him, the old demon emperor also knows that he has now become an immortal body and will never die. So he didn't panic too much, but looked at Ye Feng calmly and said: "I have obtained the secret of eternal life, and I have become completely immortal, so you will not kill me no matter what." of."

At this time, Ye Feng smiled coldly and said, "How will you know if you don't try?"

After saying that, Ye Feng rushed directly in front of the sealed old demon emperor and looked at the old demon emperor in the seal.

At this moment, the old demon emperor was trapped in the Grand Canyon by the seal of the Life Forbidden Zone, so he could not use more powerful power to fight against Ye Feng. He could only watch Ye Feng land in front of him. .

However, the old demon emperor still said confidently: "You can deal with me however you want, but you will never be able to kill me!"

At this time, Ye Feng instantly released the Devouring Domain without any hesitation.

style of writing!

At this moment, Ye Feng suddenly felt

It spread out an extremely dark devouring domain, covering everything around it. The old demon emperor who was sealed in the Grand Canyon was also enveloped in his own devouring domain.

"What is this?"

At this time, the old demon emperor who was enveloped by the Devouring Domain, although his power was not swallowed up all at once, he still felt for a moment that the dark domain released by Ye Feng was definitely different from what he imagined. It was a very terrifying thing, which made the old demon emperor instinctively feel a sense of extreme fear.

You know, this old demon emperor was really a powerful figure in the ancient times. He rarely felt fear because he was already at the top. Even when faced with beings of the same level as himself, he would not Will feel intimidated.

But at this time, for the first time, he felt a sense of fear from an ant-like person like Ye Feng.

At this moment, Ye Feng smiled coldly and said: "Enjoy my most special devouring domain." ??

Boom!

Almost at this moment, Ye Feng immediately burst out with the powerful devouring power of the Devouring Domain.

Boom!

Almost at this moment, Ye Feng immediately activated the terrifying devouring ability of the Devouring Domain with all his strength, directly trying to forcibly absorb all the power and blood from the body of the old demon emperor, and directly devoured it into his own body. In the body.

At this time, sensing that his own power and blood energy were being devoured and forcibly absorbed by Ye Feng, the fearless old demon emperor immediately widened his eyes, showing deep fear in his eyes, and said aloud: "What? How is it possible? How can the Great Devouring Taboo Technique that only exists in legends appear? This is a legendary thing, how is it possible!!"

At this time, Ye Feng heard the old demon emperor

When the emperor said this, a trace of surprise suddenly appeared in his eyes, wanting to know more secrets.

However, at this time, Ye Feng was about to ask something, but the old demon emperor did not seem to believe in his immortality at this time, because he encountered a more bizarre and terrifying devouring ability, which could devour everything in the world, including the power of devouring immortality.

So at this time, the old demon emperor suddenly became very frightened. He madly burst out his power and struggled violently in the seal, trying to get out of the predicament, not wanting to be swallowed up by Ye Feng.

At this time, Ye Feng instantly sensed that the entire seal had cracks under the fierce struggle of the old demon emperor, and it seemed to be completely broken.

"Not good!"

After sensing all this, Ye Feng's eyes changed slightly.

If the old demon emperor really struggled to break free from the seal, he would definitely not be his opponent at that time. He must find a way to completely destroy him before he breaks free from the seal.

At this time, Ye Feng did not hesitate at all and stimulated the extremely powerful Dark God Heart that he had merged with for the first time!

Ye Feng had merged this heart a long time ago, and he had not directly used the power of the Dark God Heart, because this kind of Dark God Heart, every time it was used, it might make his consciousness fall into a demonic state, which was very dangerous.

But at this moment, Ye Feng had no choice but to stimulate the power of the Dark God Heart.

You know, this Dark God Heart is very terrifying, much more terrifying than the heart of the green demon clan that Ye Feng had merged with before.

After all, the heart of the Dark God is something that even the Dark Demon Emperor, the fake emperor of the Great Xuan Dynasty, wants to obtain. It contains the supreme power of the "Lord God of the Demon Realm", one of the ten most powerful beings in the heavens and myriad worlds.

Chapter 5176 Very simple

In fact, sometimes Ye Feng himself never imagined that he possesses so many powerful means and treasures, including things owned by the top ten most powerful people in the world, and Ye Feng already has two of them.

They are the Gate of Heaven, the natal magic weapon of the Lord of Heaven, and the Heart of Darkness, the Lord of Demon Realm.

You must know that whether it is the Lord of the Heaven Realm or the Lord God of the Demon Realm, he is one of the ten most powerful people in the world.

In other words, Ye Feng has now received two good things from the ten most powerful people in the world.

At this moment, in addition to exerting the power of the heart of the God of Darkness, Ye Feng also manifested the Gate of Heaven, a powerful magic weapon that represents the attribute of supreme light, on his head.

This scene is incredible to the extreme.

Because Ye Feng stimulated the heart of the God of Darkness, the main god of the demon world, he exuded incomparable dark power. But at the same time, above Ye Feng's head, the Gate of Heaven exuded incomparable sacred light power, making Ye Feng The wind seems to have become an angel among devils, controlling the power of light and darkness at the same time, which has a very shocking visual impact.

At this time, seeing the two completely different attributes of power emanating from Ye Feng, the old emperor of the demon clan who was sealed in the Grand Canyon was immediately shocked to the extreme and couldn't help but cry out in horror. Said: "What, how is this possible? How can you master two completely opposite powers at the same time? And these two powers are the power of the strongest, this is impossible!"

This old demon emperor was an ancient figure millions of years ago, so he could be said to be well-informed. Naturally, he could feel in an instant that the power of light and darkness released by Ye Feng at this time were both The power of the strongest, so it has very terrifying power.

At this time, even the old emperor of the demon clan was suppressed in an instant. He was unable to resist the various means that Ye Feng possessed.

Ye Feng can now be said to have used all his cards.

Ye Feng knew very well at this time that if

#Every time verification appears, please do not use incognito mode!

If you can't deal with this old demon emperor in this way, then there is really no other way.

At this time, Ye Feng fully unleashed the dark power of the Heart of the Dark God and the light power of the Gate of Heaven, allowing Ye Feng to fuse the two completely different powers together to achieve the effect of one plus one greater than two.

Fortunately, Ye Feng used all his cards and completely suppressed the old demon emperor who was sealed in the Grand Canyon.

Then Ye Feng released the Devouring Domain to his heart's content and began to crazily devour the remaining power in the body of the old demon emperor.

Boom!

At this moment, Ye Feng immediately felt a huge amount of energy, which was immediately swallowed up by Ye Feng and absorbed into his Dantian.

Ye Feng's skill immediately began to grow rapidly and continuously.

boom!

The eighth level of Yang Dao Realm!

boom!

Ninth level of cultivation realm!

boom!

The tenth heavenly realm of cultivating the Tao is perfect! !

boom!

Reaching the Taoist realm in half a step!

boom!

Reaching the first level of Dao Realm! !

At this moment, Ye Feng could feel that his power had grown extremely powerfully.

At this time, the old emperor of the demon clan was also devoured and almost turned into a mummy.

At this time, the old demon emperor showed deep fear in his eyes, and said loudly: "Impossible! This is absolutely impossible! I have gained the power of eternal life, how could I die in your hands??"

But this

At this time, the old demon emperor had been devoured with only the last drop of blood left, so he was basically completely destroyed.

Ye Feng's eyes still had a hint of amazement at this time, and he said aloud: "If it were other strong people who had been devoured by me for such a long time, they would have been completely turned into ashes. How can you persist for such a long time?" , there is only a drop of blood left, and you are not completely dead yet. It seems that your immortality ability is still very good, but it is a pity that you met me, and my devouring ability just restrains your immortality ability. "

boom!

After Ye Feng finished speaking at this moment, he no longer hesitated and continued to explode the Devouring Domain, directly devouring the last bit of power of the old demon emperor, completely devouring it, without giving him any chance to be reborn.

At this time, Ye Feng finally breathed a sigh of relief, finally having completely resolved this huge threat. ??

Moreover, Ye Feng always felt in his heart that this old demon emperor did not have the ability to gain immortality at all. He just obtained a very powerful power in this forbidden area of life, so he was able to survive for such a long time. If this demon's If the old emperor really lives forever, his own devouring ability may not necessarily be able to devour him completely.

At this time, Ye Feng didn't hesitate at all. He just searched everywhere on the corpse of the old demon emperor to see if there was anything good left by the old demon emperor.

Sure enough, Ye Feng found a dark skeleton in the body of the old demon emperor.

This bone looks very strange, because all the imprints on this dark bone are densely packed demon symbols.

In addition, this dark skeleton also exudes a very evil power.

This power does not seem to have much to do with the old demon emperor himself.

Ye Feng saw this dark and evil bone

#Every time verification appears, please do not use incognito mode!

Bones, a look of surprise suddenly appeared in his eyes.

Could it be that this pitch-black bone was obtained by the old demon emperor from the outside world and then integrated into his body, instead of growing by himself?

Could it be related to this forbidden area of life in this silent place?

Ye Feng thought in his mind, picked up the dark skeleton and put it into his storage ring so that he could slowly explore it later.

At this moment, Ye Feng looked around and found nothing special, so he was ready to leave here.

But at this time, suddenly in the Grand Canyon not far away, dark tentacles suddenly stretched out from the seal, stretching directly towards Ye Feng, trying to wrap Ye Feng.

Obviously, after the death of the old demon emperor, the seal in the Grand Canyon sensed the aura of Ye Feng, a living creature, and continued to want to seal Ye Feng.

Ye Feng naturally left here quickly.

When Ye Feng ran out of the underground grand canyon, the little golden man and the ancient skeleton suddenly showed surprise in their eyes.

Uh-huh!

The little golden man immediately flew over and couldn't help but ask: "Has Lord Ye Feng solved it?"

Ye Feng nodded slightly, smiled and said, "It's very simple."

"Very...simple?"

Hearing what Ye Feng said, the ancient skeleton immediately opened his mouth wide, and his eyes were filled with deep shock.

Because the ancient skeleton was in ancient times, but I heard that the mysterious old demon emperor under the seal was famous.

Unexpectedly, this old demon emperor had survived for millions of years, and was even said to have the secret of eternal life, only to be wiped out by Ye Feng. It was really incredible!

Chapter 5177 Such a high evaluation

At this time, Ye Feng's eyes were full of satisfaction and he said loudly: "This old emperor of the demon clan is indeed very good. Even though millions of years have passed and there is not much power left, he is still It provided me with enough energy to further improve my cultivation."

At this moment, Ye Feng felt the incomparable power in his body and was naturally very happy.

This time when I came to this ancient ruins, I was really lucky. I encountered so many opportunities and fortunes, which made my cultivation level improve so much.

At this moment, the surrounding void suddenly shook.

Buzz!

An old figure appeared.

It turned out to be the lord of the forest.

The Lord of the Forest brought Ye Feng to this ancient ruins before, and his condition was still very good.

But at this time, the forest lord was full of injuries, and seemed to have suffered a huge disaster.

"Um?"

Seeing this scene, Ye Feng immediately couldn't help but said in surprise: "Senior Lord of the Forest, what's wrong with you? When you took me into the ancient ruins, you were fine. Why did you suffer in the void? Such a serious injury?"

Obviously, Ye Feng always thought that the Lord of the Forest was still lurking in the surrounding void, protecting him.

What he didn't know was that the Lord of the Forest had left him for nearly two hours.

At this moment, the Lord of the Forest immediately showed a wry smile on his face and said loudly: "Ye Feng, let's leave this ancient ruins as soon as possible. I just suffered a serious injury in a very mysterious place in this ancient ruins. You are injured, now I am unable to protect you, we must leave here as soon as possible, and the three hours are up, many terrifying monsters will awaken and move out in the ancient ruins, we must leave here as soon as possible. "

Hearing what the Lord of the Forest said, Ye Feng immediately nodded.

At this time, Ye Feng also had a look of surprise in his eyes. Why did the Lord of the Forest say that he could only survive in the prehistoric times?

#Every time verification appears, please do not use incognito mode!

The reason for staying in the ruins for three hours turned out to be that after three hours, all kinds of monsters in the ancient ruins would appear.

In other words, the three hours they entered the prehistoric ruins were the relatively safe time for the prehistoric ruins.

At this time, Ye Feng did not hesitate. He immediately supported the seriously injured forest master, took the little golden man and the ancient skeleton, and flew quickly towards the outer area of this ancient ruins, wanting to leave here as soon as possible.

Along the way, Ye Feng didn't ask where the forest lord had gone without him and suffered such serious injuries.

Because Ye Feng knew that this was the forest lord's own secret. If the forest lord was unwilling to tell him, then Ye Feng would not ask directly.

At this time, Ye Feng just supported the forest lord and flew quickly towards the outside of the ancient ruins.

With the little golden man and the ancient skeleton observing the surroundings, the group did not encounter any danger and successfully left the ancient ruins and entered the monster forest outside.

When they came to the entrance of the ancient ruins, Ye Feng saw that a group of big monsters from the monster forest, including the Heavenly Dragon Emperor and the Phoenix Queen, were still waiting at the entrance.

But at this time, when many big demons saw that their senior Forest Lord had suffered such serious injuries, they were all frightened and flew over quickly. They couldn't help but asked: "Senior Forest Lord, you What happened? Why did you suffer such serious injuries all of a sudden? "

At this time, Ye Feng hurriedly said: "Let's leave here quickly. There will be many monsters coming out of the ancient ruins soon."

Hearing what Ye Feng said, a group of big demons nodded one after another and helped the forest lord to enter the deepest safe area of the monster forest.

When they arrived at the safe area, the forest lord did not

He didn't say much, and he didn't talk about the serious injury he suffered. It seemed that this matter could not be exposed, and only the Lord of the Forest knew about it.

At this moment, the Lord of the Forest looked at Ye Feng, with some admiration in his eyes, and said loudly: "I didn't expect that Ye Feng, your cultivation level has improved so much in just a few hours since I left. It's really incredible."

Ye Feng smiled slightly at this time and said loudly: "This time, it is thanks to you, Senior Lord of the Forest, that you were able to take me into that ancient ruins, allowing me to get so many resources and blessings."

Hearing what Ye Feng said, the forest lord suddenly showed a smile of relief on his face and said loudly: "I didn't misjudge you. If you have a chance in the future, you can come to our monster forest at any time. If you have a chance, you can come to our monster forest at any time." If so, I can take you into the ancient ruins again."

Hearing what the Lord of the Forest said, Ye Feng immediately nodded and said, "Okay, if there is a chance in the future, I will come to the Monster Forest again."

Queen Feng came to Ye Feng at this time, with a hint of sigh on her beautiful face, and said loudly: "I didn't expect that little guy like Ye Feng, whom I accidentally met, could grow up to this point. At this level, he seems to be able to navigate the prehistoric ruins with ease."

Hearing what Empress Feng said, Ye Feng immediately smiled and said: "The ancient ruins are actually not as scary as imagined, but if the senior demons entered it, they might not be as capable as me. Because in the ancient ruins, one's own strength is critical and important, but it requires various magical means and abilities to safely explore various opportunities and fortunes in the ancient ruins. "

Ye Feng spoke at this time, with a hint of emotion in his eyes.

Because Ye Feng knew very well that if it weren't for the miraculous methods he possesses, he might have fallen into the ancient ruins long ago, let alone the various opportunities and fortunes he had obtained.

At this time, Ye Feng looked at the group of monsters in front of him.

#Every time verification appears, please do not use incognito mode!

Lin's great demons spoke out: "Seniors, thank you for taking care of me during this period. I need to leave here."

Hearing what Ye Feng said, Emperor Tianlong couldn't help but patted Ye Feng's shoulder and said with a smile: "We should be the ones thanking you, if you hadn't come here with the Ax of the Giant Spirit God" , we can't save the senior forest lord."

Hearing this, Ye Feng couldn't help but smile, and didn't say anything more. Instead, he clasped his fists and said loudly: "The green mountains will not change, and the green water will flow forever. We will meet again later."

Uh-huh!

After saying that, Ye Feng jumped up, left the scene, and flew quickly towards the outside of the monster forest.

The little golden man and the ancient skeleton quickly followed.

At this moment, many big demons looked at Ye Feng's leaving figure with sighs in their eyes.

Because they have never seen such a talented young man.

The Lord of the Forest also sighed with a sigh in his eyes at this time, and said loudly: "Perhaps our Monster Forest will still need to rely on this young man in the future."

"What?"

Hearing what the Lord of the Forest said, the group of big demons present couldn't help but have a look of astonishment in their eyes. They seemed not to have thought that the Lord of the Forest had such a high opinion of Ye Feng.

After all, in their eyes, although Ye Feng's talent is very powerful, after all, his cultivation is too far behind them. In their eyes, Ye Feng is just a young man, just a little guy.

But many great demons never expected that the Lord of the Forest would be so highly regarded.

At this moment, Ye Feng was alone, followed by the little golden man and the ancient skeleton, and was about to fly away from the monster forest.

At this time, Ye Feng concentrated on flying quickly towards the small place where Xuan Wuji, the real emperor of the Daxuan Dynasty, was trapped.

After all, Ye Feng's main purpose of coming out of the Daxuan Dynasty this time was to rescue Xuan Wuji.

Chapter 5178: Complete Escape

At this time, Ye Feng flew quickly in the direction where Xuan Wuji was trapped based on his ancient memories.

Ye Feng still remembered that the place where Xuan Wuji was trapped was a very remote edge area of Zhongzhou in the interface of ten thousand monsters, in a small sect.

At this moment, Ye Feng quickly arrived at this small sect, but Ye Feng did not directly disturb the people he knew in this small sect because Ye Feng did not want to alert the enemy.

Ye Feng went directly to the dungeon where Xuan Wuji was trapped.

At this moment, Ye Feng once again saw Xuan Wuji, the real emperor of the Daxuan Dynasty. He was still trapped in the dungeon of this small sect as at the beginning, with special black chains piercing his whole body. Look It was very miserable to go up there.

Ye Feng didn't hesitate at this time. He immediately stepped forward and couldn't help but said: "Senior Xuan Wuji, I keep my promise and come to save you again after many years."

Hearing Ye Feng's voice, Xuan Wuji woke up from his deep sleep.

Xuan Wuji opened his eyes and looked at Ye Feng in front of him. There was a trace of surprise in his eyes. It seemed that he did not expect that Ye Feng, a young man back then, would actually come back again. This was what Xuan Wuji wanted. Not expected.

Because although Xuan Wuji and Ye Feng reached a contract and promise at that time, Xuan Wuji, the emperor of the Daxuan Dynasty, was well-informed, so he didn't really believe that Ye Feng could really come back to save him.

But now, Ye Feng really appeared in front of him, which naturally made Xuan Wuji very surprised.

And what makes Xuan Wuji feel even more horrified is that the cultivation level of this very ordinary young man in front of him has been greatly improved. Compared with the first time he saw him, he has improved by a dozen realms.

The speed of this breakthrough really shocked Xuan Wuji.

Even though Xuan Wuji was the emperor of the Taixuan Dynasty and a powerful figure in the land of Zhongzhou, he was still very shocked when he saw Ye Feng's terrifying breakthrough speed with his own eyes.

Because for an ordinary cultivator, even some peerless genius, to break through a dozen major realms, I am afraid it will take decades, even hundreds, or even thousands of years of practice.

Unexpectedly, Ye Feng has made such huge progress in just one or two years, which is really incredible.

Even Xuan Wuji, the emperor of the Daxuan Dynasty, was extremely shocked.

At this time, Ye Feng's eyes showed a hint of smile, and he said loudly: "Senior Xuan Wuji, not only have my cultivation level been greatly improved, I have also successfully entered your Daxuan Dynasty. internal."

Hearing what Ye Feng said, Xuan Wuji couldn't help but nodded and said, "Have you seen my son?"

Ye Feng nodded, smiled and said: "Of course I have seen it, and the prince and I are now good friends, but now the Daxuan Dynasty is facing serious internal and external troubles, because of the

dark demon who pretended to be you, senior Xuan Wuji. Emperor, now in the Daxuan Dynasty, he secretly controls and controls many nobles and powerful figures in the Daxuan Dynasty, allowing them to use them for their own purposes. We don't dare to alert the snake because we don't know the internal affairs of the Daxuan Dynasty. In the small world, are there any powerful elders from the Daxuan Dynasty who are controlled by the Dark Demon Emperor?"

At this time, Xuan Wuji was quite surprised when he heard what Ye Feng said.

#Every time verification appears, please do not use incognito mode!

He nodded solemnly, with a very frightened and angry look in his eyes, and said loudly: "This Dark Demon Emperor is really so abominable, he actually tries to slowly infiltrate and control our entire Daxuan Dynasty. He What do you want to do?"

At this time, Ye Feng showed a calm expression on his face and said loudly: "What does he want to do? I think senior Xuan Wuji should also know very well in his heart. He just wants to be reborn under the shell of your Daxuan Dynasty. , so that he, the dark demon clan, can become the controller of the new generation of overlord-level forces in the land of Zhongzhou, because the dark demon clan has always been shouted at by everyone in the entire land of Zhongzhou, and the mainstream forces do not accept the dark demon clan at all. This Dark Demon Emperor may want to use your Daxuan Dynasty as the foundation to infiltrate the entire Dark Demon Clan into the entire Daxuan Dynasty, thereby making the Daxuan Dynasty a paradise for their Dark Demon Clan."
"

Hearing what Ye Feng said, Xuan Wuji nodded and said in a very solemn voice: "Did you bring the imperial seal?"

Ye Feng nodded and took out the imperial jade seal of the Daxuan Dynasty that he had obtained from the storage ring.

At this moment, the small dynasty jade seal was suspended in Ye Feng's hand, containing the very huge power of fortune of the Daxuan Dynasty.

At this moment, Xuan Wuji was very happy to see that the Zhenguo Jade Seal really appeared, and he directly started to use his own cultivation techniques.

Buzz!

At this moment, waves of golden aura surged out of Xuan Wuji's body.

That is exactly the aura of the emperor.

It directly enveloped the imperial jade seal in Ye Feng's hand.

And the Yuxi of the Dynasty obtained the source of power from Xuan Wuji, the real emperor of the Great Xuan Dynasty, and immediately burst out with a terrifying energy.

At this moment, the jade seal of the Great Xuan Dynasty burst out with waves of pure golden energy, instantly attacking the black chains on Xuan Wuji's body.

Click! Click!

Sure enough, just as Xuan Wuji said, only the imperial seal, a national treasure, can break the dark chains on his body.

At this moment, Xuan Wuji controlled the imperial seal and shattered all the black chains on his body.

Finally, Xuan Wuji was completely free!

At this moment, after Xuan Wuji got out of the control of the black chains, he slowly stood up.

Ye Feng immediately felt that a terrifying and huge ancient aura was emanating from Xuan Wuji, the emperor of the Great Xuan Dynasty. It was extremely terrifying.

However, this is also very normal. After all, Xuan Wuji, the emperor of the Great Xuan Dynasty, is an extremely terrifying existence. He is the real emperor of the Great Xuan Dynasty. He was a big figure in the entire Zhongzhou land in those days. His cultivation aura is naturally very terrifying.

It's just that Xuan Wuji was trapped here by the dark chains before, so all his life aura and cultivation aura were hidden and suppressed, so Ye Feng couldn't sense how powerful this Xuan Wuji's real power was.

But now Xuan Wuji was completely out of trouble, so after he released his cultivation aura without reservation, Ye Feng naturally felt a very terrifying aura.

Even though Ye Feng's cultivation had been incomparably improved and he had entered a new and powerful realm, Ye Feng felt that he was still very weak in front of Xuan Wuji, just at the level of a young man.

Chapter 5179 Reliable Person

But it's normal to think about it.

Although Ye Feng has worked hard to achieve so many breakthroughs in the past few years, compared with the real controller of the dominant force in Zhongzhou, he is still far behind.

Otherwise, Ye Feng would be able to dominate the entire Zhongzhou land.

But the reality is that there is still a big gap between Ye Feng and the real top figures in Zhongzhou.

Ye Feng sensed the terrifying aura emanating from Xuan Wuji at this moment, and felt that Xuan Wuji and the top monsters in the monster forest were probably at the same level of cultivation.

This made Ye Feng's eyes suddenly show surprise.

If the top demons in the monster forest are on the same level as Xuan Wuji, then we can see how terrifying the entire monster forest is.

After all, Xuan Wuji is not an ordinary person, but the emperor of the Daxuan Dynasty, the controller of a powerful force at the level of overlord of the entire Zhongzhou land. Such big figures are very rare.

But in the monster forest, there are more than a dozen top monsters who are comparable to those who control overlord forces like Xuan Wuji, which is really incredible.

At this moment, Ye Feng couldn't help but sigh, the monster forest is really a terrifying place, not to mention that above the top monsters, there is an even more terrifying forest lord.

Ye Feng has formed a good relationship with these top demons.

When you really can't survive in the future, maybe you can really go to the Monster Forest to retire.

At this time, Ye Feng dismissed some distracting thoughts in his mind. He saw that after Xuan Wuji escaped from the trap, he was frantically absorbing the vitality power from the surrounding world to recover his injuries and lost huge skills.

Seeing this scene, Ye Feng didn't say anything, but stood quietly beside him, silently protecting Xuan Wuji.

After three full days and three nights, Xuan Wuji finally stopped absorbing the energy of the surrounding world.

At this time, Ye Feng saw that Xuan Wuji's injuries had basically recovered, and his aura was unfathomable and hidden.

Ye Feng immediately stepped forward and couldn't help but smile and said: "Congratulations to senior for successfully escaping from the trap and returning to peak condition."

Hearing what Ye Feng said, Xuan Wuji shook his head with a wry smile and said loudly: "I am still far from the real recovery of my cultivation. Although I seem to have recovered on the surface, in fact, my internal injuries are very serious. Seriously, I have only recovered one percent of my strength."

"Um?"

Hearing what Xuan Wuji said, Ye Feng showed a look of doubt in his eyes and said: "Senior Xuan Wuji, a super strong person like you, logically speaking, once you are out of trouble and have no restraints, you can absorb the energy of the world. The energy will be able to recover itself soon."

Ye Feng knows very well that although the recovery ability of ordinary cultivators is not as exaggerated as his own, the cultivation of top big shots like Xuan Wuji, a super strong man, has already participated in creation and is connected to heaven and earth, so Xuan Wuji If Wuji gets out of trouble, he should be able to quickly regain the strength of his heyday.

At this time, Xuan Wuji shook his head, his eyes were quite forlorn, and he said loudly: "After I was trapped, the Dark Demon Emperor couldn't kill me, so he injected a lot of dark energy into my body. So although I am now free from the chains of darkness, my body and life essence are mixed with

#Every time verification appears, please do not use incognito mode!

I have absorbed a lot of dark energy. These dark energies are like maggots attached to my bones, constantly eroding the origin of my life, making it impossible for me to return to my peak state. Like an old man with a hidden disease, my recovery ability is far away. It's different from before, maybe I'll stop here in this life. "

Hearing what Xuan Wuji said, Ye Feng had a look of astonishment in his eyes, as if he didn't expect the situation to be so serious.

After all, Ye Feng has been counting on Xuan Wuji, a super strong man, to escape from trouble and follow him back to the Taixuan Dynasty, secretly helping him and the prince to deal with the current fake Dark Demon Emperor.

Unexpectedly, Xuan Wuji had such serious injuries and was far from being able to return to his peak condition.

This is how to do?

At this time, Ye Feng couldn't help but said: "Is there any way to get rid of the dark energy in your body, Senior Xuan Wuji?"

Xuan Wuji shook his head and said loudly: "There is no way at all, because these dark energies are like maggots attached to the bones. They have been deeply imprinted on the origin of my life and even entered my genes. This cannot be changed and cannot be reversed."

Hearing what Xuan Wuji said, Ye Feng also fell into silence.

If these dark energies are only initially integrated into Xuan Wuji's body, then Ye Feng can forcibly swallow them out through his own devouring ability.

But now, according to what Xuan Wuji said, the dark energy exerted on him by the Dark Demon Emperor has completely invaded the origin of his life, and even invaded his deepest genes. This is difficult to handle. This is something that even Ye Feng's devouring ability cannot absorb.

At this moment, Ye Feng was silent for a while and said: "Senior Xuan Wuji, I will take you to a place where there are many friends I know. Maybe they can find a way to help you. Now we will go back to the Daxuan Dynasty directly. It doesn't make any sense."

Hearing what Ye Feng said, Xuan Wuji showed a look of surprise in his eyes, and asked aloud: "Where are you going? Are the friends you know capable of helping me solve this problem?"

At this time, Ye Feng shook his head uncertainly and said: "I don't know, but they are the strongest group of existences I know. Maybe they have a way."

The place where Ye Feng wanted to take Xuan Wuji was the monster forest that Ye Feng had just left.

Originally, Ye Feng thought that it would take a long time for him to return to the monster forest.

But now, Ye Feng had to ask for help from the top monsters in the monster forest.

And this ancient forest lord, let's see if the forest lord has any way to cure Xuan Wuji's hidden disease.

Xuan Wuji didn't know the specific place Ye Feng was taking him to at this time, but now, as Ye Feng said, there was no need for him to return to the Daxuan Dynasty, because Xuan Wuji, who was in a weak state, returned to The Taixuan Dynasty couldn't help at all.

At this time, Xuan Wuji has been trapped for too long, so he is no longer as familiar with the outside world as before. At this time, he can only listen to Ye Feng, because Ye Feng has now obtained Xuan Wuji's truly heartfelt recognition.

After all, compared with the first time he met Ye Feng, Xuan Wuji found that the human boy in front of him had transformed too quickly, so Xuan Wuji naturally felt that Ye Feng was a very reliable figure. But it's normal to think about it.

Although Ye Feng has worked hard to achieve so many breakthroughs in the past few years, compared with the real controller of the dominant force in Zhongzhou, he is still far behind.

Otherwise, Ye Feng would be able to dominate the entire Zhongzhou land.

But the reality is that there is still a big gap between Ye Feng and the real top figures in Zhongzhou.

Ye Feng sensed the terrifying aura emanating from Xuan Wuji at this moment, and felt that Xuan Wuji and the top monsters in the monster forest were probably at the same level of cultivation.

This made Ye Feng's eyes suddenly show surprise.

If the top demons in the monster forest are on the same level as Xuan Wuji, then we can see how terrifying the entire monster forest is.

After all, Xuan Wuji is not an ordinary person, but the emperor of the Daxuan Dynasty, the controller of a powerful force at the level of overlord of the entire Zhongzhou land. Such big figures are very rare.

But in the monster forest, there are more than a dozen top monsters who are comparable to those who control overlord forces like Xuan Wuji, which is really incredible.

At this moment, Ye Feng couldn't help but sigh, the monster forest is really a terrifying place, not to mention that above the top monsters, there is an even more terrifying forest lord.

Ye Feng has formed a good relationship with these top demons.

When you really can't survive in the future, maybe you can really go to the Monster Forest to retire.

At this time, Ye Feng dismissed some distracting thoughts in his mind. He saw that after Xuan Wuji escaped from the trap, he was frantically absorbing the vitality power from the surrounding world to recover his injuries and lost huge skills.

Seeing this scene, Ye Feng didn't say anything, but stood quietly beside him, silently protecting Xuan Wuji.

After three full days and three nights, Xuan Wuji finally stopped absorbing the energy of the surrounding world.

At this time, Ye Feng saw that Xuan Wuji's injuries had basically recovered, and his aura was unfathomable and hidden.

Ye Feng immediately stepped forward and couldn't help but smile and said: "Congratulations to senior for successfully escaping from the trap and returning to peak condition."

Hearing what Ye Feng said, Xuan Wuji shook his head with a wry smile and said loudly: "I am still far from the real recovery of my cultivation. Although I seem to have recovered on the surface, in fact, my internal injuries are very serious. Seriously, I have only recovered one percent of my strength."

"Um?"

Hearing what Xuan Wuji said, Ye Feng had a look of doubt in his eyes and said: "Senior Xuan Wuji, a super strong person like you, logically speaking, once you are out of trouble and have no restraints, you can absorb the energy from the world. The energy will be able to recover itself soon."

Ye Feng knows very well that although the recovery ability of ordinary cultivators is not as exaggerated as his own, the cultivation of top big shots like Xuan Wuji, a super strong man, has already participated in creation and is connected to heaven and earth, so Xuan Wuji If Wuji gets out of trouble, he should be able to quickly regain the strength of his heyday.

At this time, Xuan Wuji shook his head, his eyes were quite forlorn, and he said loudly: "After I was trapped, the Dark Demon Emperor couldn't kill me, so he injected a lot of dark energy into my body. So although I am now free from the chains of darkness, my body and life essence are mixed with

I have absorbed a lot of dark energy. These dark energies are like maggots attached to my bones, constantly eroding the origin of my life, making it impossible for me to return to my peak state. Like an old man with a hidden disease, my recovery ability is far away. It's different from before, maybe I'll stop here in this life. "

Hearing what Xuan Wuji said, Ye Feng had a look of astonishment in his eyes, as if he didn't expect the situation to be so serious.

After all, Ye Feng had been counting on Xuan Wuji, the super strong man, to escape and follow him back to the Taixuan Dynasty, secretly helping him and the prince to deal with the fake Dark Demon Emperor.

But he didn't expect that Xuan Wuji would have such a serious injury and was far from recovering to his peak state.

What can I do?

At this time, Ye Feng couldn't help but say, "Is there any way to get rid of the dark energy in your body, Senior Xuan Wuji?"

Xuan Wuji shook his head and said, "There is no way at all, because these dark energies are like maggots attached to my bones, and have been deeply imprinted in the origin of my life, and even entered my genes. This cannot be changed or reversed."

Hearing Xuan Wuji say this, Ye Feng also fell into silence.

If these dark energies are only initially integrated into Xuan Wuji's body, then Ye Feng can still forcibly swallow them out through his swallowing ability.

But now according to Xuan Wuji, the dark energy imposed on him by these dark demon emperors has completely invaded his life source, and even invaded his deepest genes. This is difficult to deal with. This is a place that Ye Feng's devouring ability cannot absorb.

At this moment, Ye Feng was silent for a while, and said: "Senior Xuan Wuji, I will take you to a place where there are many friends I know. Maybe they can find a way to help you. Now there is no point for us to go back to the Great Xuan Dynasty directly."

Hearing what Ye Feng said, Xuan Wuji's eyes showed a look of surprise, and he asked: "Where to go? Do the friends you know have the ability to help me solve this problem?"

Ye Feng shook his head uncertainly at this time, and said: "I don't know, but they are the strongest group of existences I know, maybe they have a way."

The place where Ye Feng wanted to take Xuan Wuji was the Monster Forest that Ye Feng had just left.

Originally, Ye Feng thought that it would take a long time before he could return to the Monster Forest.

But now, Ye Feng had to ask for help from the top monsters in the Monster Forest.

There is also the ancient forest lord, let's see if the forest lord has any way to cure Xuan Wuji's hidden disease.

Xuan Wuji didn't know what place Ye Feng was going to take him to at this time, but now as Ye Feng said, there was no need for him to return to the Great Xuan Dynasty, because Xuan Wuji in a weak state could not help at all when he returned to the Taixuan Dynasty.

At this time, Xuan Wuji had been trapped for too long, so he was no longer as familiar with the outside world as before. At this time, he could only listen to Ye Feng, because Ye Feng had now been recognized by Xuan Wuji from the bottom of his heart.

After all, compared with the first time he met Ye Feng, Xuan Wuji found that the human boy in front of him had transformed too quickly, so Xuan Wuji naturally felt that Ye Feng was a very reliable person.

Chapter 5180 Seeking Help

At this time, Xuan Wuji didn't say much, but nodded, looked at Ye Feng in front of him, and said loudly: "Okay, I believe you, then you can take me to the place you want to go. "

Ye Feng nodded, and without saying anything directly, he took Xuan Wuji and left here.

The place Ye Feng wants to go is the monster forest.

Because the strongest existence Ye Feng knows so far is probably the group of top monsters in the monster forest.

At this moment, Ye Feng took Xuan Wuji and flew quickly towards the direction of the monster forest.

Ye Feng thought in his mind that the top monsters in the monster forest probably never thought that he had just left and would come back a few days later.

At this time, Xuan Wuji may have discovered that where Ye Feng was going, it turned out to be the monster forest. There was a hint of surprise in his eyes, and he said loudly: "Ye Feng, you know where you are going. What is it?"

Ye Feng nodded and said with certainty: "The place I want to go is the monster forest." .??.

"Um?"

When Xuan Wuji heard Ye Feng's confirmation, a look of astonishment suddenly appeared in his eyes, and he couldn't help but said: "Ye Feng, do you know that the monster forest is the most mysterious and terrifying place in our Zhongzhou land, where the survival There are many terrifying and taboo creatures, as well as invincible monsters. If they see humans like us, they will kill us all in an instant. Even when I was at my peak, I would not dare to easily enter the monster forest. This is a terrifying place. I am in an extremely weak state now, and Ye Feng, although your cultivation has improved a lot, you are still a younger generation. There is only one outcome for us entering the monster forest, and that is to be killed directly. "

When he said this, Xuan Wuji pulled Ye Feng and was about to turn around and leave, because he felt that Ye Feng was too young and didn't know what kind of terrifying place the monster forest was, and felt that Ye Feng was too impulsive.

But at this time, Ye Feng was about to say something, but suddenly a terrifying coercion suddenly appeared in the entire world.

The next moment, even Xuan Wuji felt a very fearful feeling.

He flashed to Ye Feng's side in an instant, his expression was very solemn, he looked in the direction ahead, his face was ugly, and he said loudly: "Oh no, we have attracted the attention of a peerless monster."

And at this time, the moment Xuan Wuji finished speaking, a majestic golden dragon with a height of more than 100,000 meters appeared in the sky, covering the sky and the sun, giving people a feeling that was simply terrifying to the extreme.

At this time, Ye Feng's eyes suddenly showed a look of surprise, and he was about to say something.

But Xuan Wuji quickly guarded Ye Feng behind his back and said in a very solemn voice: "It seems that we have encountered a very terrible crisis today, and it will be difficult to get out of this area."

And just when Xuan Wuji was facing a formidable enemy, suddenly the majestic golden dragon, which was more than 100,000 meters tall, flashed with light and turned into an extremely majestic young man.

At this time, this stalwart young man came directly in front of the two of them, with a faint smile in his eyes.

At this moment, Xuan Wuji felt like he was facing a formidable enemy and wanted to say something, but what shocked him to the extreme in the next moment was that this extremely stalwart young man, the terrifying peerless demon, actually looked at Ye behind him. Feng, with a kind smile on his face, said loudly: "Little brother Ye Feng, I didn't expect that we

We met again so soon. "

"What? Brother?"

At this time, when he heard what this peerless demon called Ye Feng, Xuan Wuji's eyes showed a look of astonishment for a moment.

It seems that I never expected that an invincible top demon would directly call a little human boy like Ye Feng his brother?

This is really incredible!

At this moment, even Xuan Wuji, the emperor of the Daxuan Dynasty, felt very shocked.

At this time, Ye Feng walked out from behind Xuan Wuji, looked at the stalwart young man in front of him, smiled and said: "Senior Tianlong Emperor, we haven't seen each other for a long time."

This majestic golden dragon, which is more than 100,000 meters tall, is none other than the Heavenly Dragon Emperor!

At this moment, although Ye Feng heard Emperor Tianlong calling himself little brother instead of calling himself little guy, Ye Feng still maintained basic etiquette and called Emperor Tianlong as senior.

After all, Ye Feng knew very well that the Tianlong Emperor was indeed an extremely terrifying guy and the most powerful top monster in the monster forest.

At this moment, Ye Feng did not hesitate and said directly: "Senior Tianlong Emperor, I am back again."

Emperor Tianlong looked a little surprised at this time and couldn't help but said: "Why are you back so soon? Who is this person next to you? I can feel that he has suffered serious injuries, but his cultivation is indeed very powerful "

At this moment, Ye Feng nodded and said: "Senior Tianlong Emperor, this one is the most powerful overlord force nearby, the Emperor Xuan Wuji of the Daxuan Dynasty."

"What?"

Hearing what Ye Feng said, even the Tianlong Emperor showed a look of surprise in his eyes, as if he did not expect that the person following Ye Feng was actually Xuan Wuji, the emperor of the famous Daxuan Dynasty in Zhongzhou.

At this time, Emperor Tianlong asked with some confusion: "The Daxuan Dynasty does not seem to have suffered any turmoil. The emperor of the Daxuan Dynasty, Xuan Wuji, should be cultivating safely in the dynasty now. Come to our monster forest." What to do?"

Hearing what the Tianlong Emperor said, Ye Feng shook his head and said loudly: "The current emperor of the Daxuan Dynasty, Xuan Wuji, is a counterfeit, disguised as a very terrifying Dark Demon Emperor, and the one beside me This middle-aged man is the real emperor of the Daxuan Dynasty, Xuan Wuji."

Hearing what Ye Feng said at this moment, Emperor Tianlong immediately nodded, seeming to understand something, and said loudly: "You came back so quickly so that we can help treat Xuan Wuji, the emperor of the Great Xuan Dynasty. ?"

Ye Feng nodded and said loudly: "Yes, now I have no one to turn to, I can only seek help from top seniors like you."

Hearing what Ye Feng said, Emperor Tianlong immediately smiled and said: "If Xuan Wuji comes alone, even if he is the emperor of the Daxuan Dynasty, he is not qualified for us to help him, but Ye Feng, since you If you ask for it, we will definitely help."

When he said this, Emperor Tianlong looked at Xuan Wuji and said loudly: "Let's go, follow us to the deepest part of the monster forest. Ye Feng, you are back. I think everyone else must be very happy. Senior Lord of the Forest After you left, I was full of praise for you. "

At this moment, Ye Feng smiled slightly and said, "Okay, let's go directly."
