Chapter 5191 How to develop

Hearing what Ye Feng said, the wry smiles on the faces of the two giant spirit guards immediately disappeared and were filled with deep surprise.

Because they knew that Ye Feng, who possessed the Giant Spirit God's Ax, might really have the ability to help them continue to develop the Giant Spirit God's bloodline in their bodies, so that their cultivation would continue to be greatly improved.

At this moment, the two giant spirit guards were really in awe and gratitude to Ye Feng. They quickly knelt on the ground and said, "I swear to be loyal to the young master to the death."

Hearing the two giant spirit guards expressing their loyalty, Ye Feng was very satisfied and said: "Get up quickly, let's leave here directly, otherwise, we may be attacked by the dark demons under the Dark Demon Emperor. Found."

Hearing what Ye Feng said, the two giant spirit guards nodded one after another, followed Ye Feng, and flew directly to the sky.

At this moment, the prince looked at Ye Feng, secretly gave a thumbs up, and couldn't help but said: "Congratulations to Ye Feng, you have gained two loyal and powerful guards. These two giant spirit guards are here on our campus. Among the Xuan Dynasty, they are definitely the most powerful ones. With their protection, Ye Feng, your overall strength will be improved unparalleled. "

Ye Feng nodded, smiled and said: "This will be of great help to us in the future against the dark demons in the entire Daxuan Dynasty, as well as the dark demon emperor."

Hearing what Ye Feng said, the prince also nodded. As long as the strong people who can help them are willing to join them, it will naturally be of great benefit to them in their fight against the Dark Demon Emperor.

At this time, Ye Feng did not hesitate and led everyone to fly towards the outside of this small world quickly.

When they arrived at the palace, Xuan Wuji couldn't help but said: "Ye Feng, should we continue to lurk in the prince's living hall, or should we leave the entire Daxuan Dynasty and find a place to stay outside?"

Hearing what Xuan Wuji said, many of the elders and powerful men around him had expressions of surprise in their eyes. It seemed that they did not expect that the emperor of their Daxuan Dynasty would actually ask Ye Feng about his next plan. This made them have high expectations for Ye Feng. I took a few glances.

Because Xuan Wuji attaches so much importance to Ye Feng, it means that Ye Feng must be very unusual.

At this moment, Ye Feng did not hesitate and said: "It's best for us to find a place to stay outside now. Only in this way can we slowly develop our strength, and the elders and strong men, as well as me, will need to continue to develop the bloodline power of the two giant spirit guards to make them stronger. This will take time and a stable environment. If we are in the palace of the Daxuan Dynasty, we are likely to be attacked by the dark demon. The emperor's men can monitor it."

Hearing what Ye Feng said, Xuan Wuji immediately nodded and said, "What you said makes sense, but if we all leave the palace directly, it will definitely arouse suspicion."

Ye Feng nodded, looked at the prince, and said loudly: "Next, the prince needs to continue to stay in the palace, control the movements of the Dark Demon Emperor, and try to prevent the Dark Demon Emperor's subordinates from suspecting that they heard us. "

Hearing what Ye Feng said, Xuan Wuji's eyes showed a nervous look and he said, "It will definitely be very dangerous for the prince to be alone in the palace."

Obviously, Xuan Wuji was also worried about his son.

#Every time verification appears, please do not use incognito mode!

\u003e But when the prince heard what his father said, he immediately said firmly: "Father, don't worry about me. I have absolutely no problems in the palace. If you can't even accept this test, then How can I inherit my father's position and manage the entire Daxuan Dynasty in the future?"

After hearing the prince's firm words, the worry in Xuan Wuji's eyes disappeared and turned into a look of relief.

Xuan Wuji came to the prince, couldn't help but patted the prince's shoulder, and said loudly: "You have really grown up now, it is really great, okay, you will stay in the palace from now on, I believe in your ability to handle everything."

When it came to this, Xuan Wuji directly left the palace area of the Daxuan Dynasty with Ye Feng, a group of senior powerful men from the royal family, and two giant spirit guards, and even left the Daxuan Dynasty. The Imperial City came to the wilderness outside.

The prince chose to stay in the palace of the Daxuan Dynasty. In this way, the prince, Ye Fengxuan Wuji and others could coordinate internally and externally, and keep abreast of the internal situation of the entire Daxuan Dynasty at any time.

At this time, the prince stayed, and Ye Feng and Xuan Wuji left the imperial city of Daxuan Dynasty with a group of elders from the royal family.

They chose a wilderness area not too far away as their base.

At this moment, Ye Feng looked at the endless wilderness around him and said: "Let's dig a hole underground and build a temporary underground residence. If it is above the ground, it would be a bit too eye-catching."

Hearing what Ye Feng said, Xuan Wuji immediately nodded.

Then everyone started working together, and soon dug through the entire underground space and established an underground temporary residence.

At this moment, Xuan Wuji arranged a group of dozens of powerful elders from the royal family in the underground living space.

Ye Feng met Xuan Wuji alone.

Xuan Wuji asked, "How should we develop next?"

Xuan Wuji actually didn't know what to do now, so he could only ask Ye Feng for his opinion.

After such a long time of getting along, Xuan Wuji already knew that Ye Feng was a genius with both wisdom and strength.

At this moment, Ye Feng looked around and said, "Senior Xuan Wuji, you will be responsible for mobilizing the action of these old-generation masters and let them go around to find many cultivation resources. In this way, you can help you improve your strength, and I can also get more cultivation resources to improve my own strength. This will be of great use for the next fight against the Dark Demon Emperor."

Hearing what Ye Feng said, Xuan Wuji immediately nodded and said, "Okay, I will take many old-generation masters of the royal family to explore the nearby cultivation resources."

Ye Feng nodded and said, "I will be responsible for developing the giant spirit bloodline of the two giant spirit guards."

Hearing what Ye Feng said, Xuan Wuji immediately nodded and went over to arrange and mobilize the action of those old-generation masters.

And Ye Feng called the two giant spirit guards to him.

At this moment, the two giant spirit guards were looking at Ye Feng with a hint of nervousness and expectation, because they knew that Ye Feng was going to develop the giant spirit bloodline in their bodies.

Chapter 5192 Ancient Tomb

Uh-huh!

At this moment, Ye Feng didn't hesitate at all. He directly took the Giant Spirit God's Ax behind him into his hands, and then Ye Feng exerted his power to activate the Giant Spirit God's Ax.

Buzz!

At this moment, Ye Feng directly revealed the will of the Giant Spirit God in the Giant Spirit God's Ax.

Almost at the next moment, a majestic shadow of the giant spirit god's will, which was tens of thousands of meters tall, appeared in front of Ye Feng.

Although the two Giant Spirit God guards were also extremely tall, with a height of more than ten meters, they looked like ants in front of the phantom of the Giant Spirit God's will.

At this time, Ye Feng did not hesitate and said directly: "Next, let the will of the giant spirit god in the ax of the giant spirit god help you completely activate the bloodline of the giant spirit god in your body."

Hearing what Ye Feng said, the two giant spirit guards were naturally very excited and said: "Thank you, young master, for the reward!"

At this time, Ye Feng just looked at the phantom of the Giant Spirit God's will revealed by the Giant Spirit God's axe, and said: "Please help these two Giant Spirit God guards transform their bloodlines and inspire the power in their bodies. The true potential of the giant spirit god's bloodline."

Hearing what Ye Feng said, the shadow of the Giant Spirit God's will revealed in the Giant Spirit God's Ax immediately nodded, and directly stretched out a huge palm, covering the two Giant Spirit Gods. Above the guard's head.

"boom!"

At this moment, a stream of very pure power of the Giant Spirit God was directly injected into the bodies of the two Giant Spirit God guards.

Almost at the next moment, the two Giant Spirit God guards immediately sensed a very terrifying power of the Giant Spirit God that had the same origin as them, and it merged into their bodies, making the two Giant Spirit God guards immediately feel themselves. The essence of life seems to be beginning to change.

And at this moment, the two Giant Spirit God guards also discovered that their bodies were moving

#Every time verification appears, please do not use incognito mode!

The rapid expansion actually changed from the majestic size of more than ten meters before to the majestic size of several hundred meters. It looked like they had turned into two ancient little giants.

"Um?"

At this moment, when Ye Feng saw this scene, his eyes showed a look of satisfaction.

After the bloodlines of these two giant spirit guards were completely activated, their entire bodies suddenly expanded dozens of times.

In addition, their strength, cultivation, and physical strength have been enhanced unparalleledly.

At this moment, after the two giant spirit guards were transformed, their faces suddenly showed deep excitement and joy.

At this moment, they all came to Ye Feng at once, knelt down on one knee, and said excitedly, "Young Master, we have completely transformed. We can feel that the blood of the giant spirit god in our bodies has been transformed. Completely activated."

At this time, Ye Feng didn't hesitate at all and immediately put the Giant Spirit God's Ax back on his back.

At this moment, Ye Feng looked at the two giant guards of the giant spirit god who were hundreds of meters tall in front of him, and immediately said with great satisfaction: "Let the shadow of the will of the giant spirit god in the ax of the giant spirit god... , after helping you transform your body and bloodline, your strength has increased dozens or even hundreds of times. Next, I hope you can work for me to fight against the dark demons in the Daxuan Dynasty. "

Hearing what Ye Feng said, the two giant spirit guards naturally nodded and said, "Yes, young master."

Uh-huh!

At this moment, Xuan Wuji, who was not far away, suddenly flew over and said loudly: "Ye Feng, come and take a look. Several of our seniors from the royal family are here.

While digging around for heaven and earth cultivation resources, I suddenly discovered an ancient tomb. This ancient tomb was in the wilderness. I didn't know whose tomb it belonged to, but there was a very terrifying formation in it, guarding the main entrance of the entire tomb. This ancient formation, even the many seniors of our royal family, cannot forcefully break into it, so I feel that this tomb must be very extraordinary, but we cannot break through that protective formation. I can ask Ye Feng to go over and take a look. "

Xuan Wuji had seen before that Ye Feng had special research on formations and could pass through various formations without any damage.

So at this time, Xuan Wuji encountered such a difficult problem and immediately thought of coming to Ye Feng for help.

Although Ye Feng is just a young man in the eyes of many powerful people, and his cultivation is far less powerful than theirs, Ye Feng's various abilities are very magical, so the first thing Xuan Wuji thinks of is Ye Feng, who wants to bring him Ye Feng went over to take a look.

At this moment, Ye Feng was naturally very happy when he heard that many powerful elders from the royal family had discovered an ancient tomb in the wilderness.

Because the tomb protected by such a terrifying formation is definitely the tomb left by a great figure in ancient times, and there must be a lot of wealth left by that great figure in ancient times.

At this time, Ye Feng naturally wanted to take a look, maybe he would be able to get a huge opportunity, which could improve his strength again.

This will be of great help to the Dark Demon Emperor who will fight against the Daxuan Dynasty in the future, as well as the powerful Dark Demon clan.

And Ye Feng also knew very well that this time against the Dark Demon Emperor of the Daxuan Dynasty would definitely be a very difficult task.

So if one's cultivation strength can become stronger, one's situation will be safer in the future.

After all, no one knows whether this operation will fail.

Ye Feng has made all preparations.

Ye Feng is not so confident and arrogant as to think that they will definitely succeed in fighting against the Dark Demon Emperor.

Deep in Ye Feng's heart, he actually has an estimate of failure.

So Ye Feng naturally tried his best to improve his strength during this preparation period and became stronger and stronger.

So at this time, Ye Feng naturally did not hesitate at all, and directly followed Xuan Wuji and flew quickly towards the ancient tomb discovered by many old royal masters.

When Ye Feng arrived at the entrance of the ancient tomb, Ye Feng's eyes suddenly showed a look of surprise.

I saw a large area of ancient ruins appeared on the entire ground. In the middle area of this ancient ruins, many old royal masters dug out a large underground space.

At this time, Ye Feng could clearly feel that an ancient and vicissitudes of life was emanating from this underground ruins.

Ye Feng could even smell a breath of power from the ancient times in the air.

"Hmm?"

This made Ye Feng's eyes suddenly reveal a look of surprise, and he couldn't help but say: "The owner of this ancient tomb is probably from the ancient times. I sensed a primitive breath from the air around me."

Hearing what Ye Feng said, Xuan Wuji's eyes suddenly revealed a look of amazement, and he said: "Your perception is really very powerful. This ancient tomb is indeed handed down from the ancient times, because we found the age of the construction of this tomb on the tombstone of this ancient tomb, which is hundreds of thousands of years away from today, so we really want to open this ancient tomb. There must be a very valuable opportunity in it."

Chapter 5193 The Third Channel

Hearing what Xuan Wuji said at this time, Ye Feng immediately nodded and said, "Don't worry, I can see through any formation and pass through it safely."

Xuan Wuji nodded immediately and landed from high altitude with Ye Feng.

At this moment, Ye Feng saw dozens of seniors from the royal family standing at the entrance of this ancient tomb.

Obviously, these royal seniors were mobilized here to break through the protective formation of this ancient tomb, but they were unsuccessful.

At this moment, Ye Feng walked in front of this formation and directly operated the Eye of Heaven and Earth.

Buzz!

At this moment, Ye Feng immediately saw through the operation of this formation.

At this time, Ye Feng naturally did not hesitate and walked quickly towards the ancient formation guarding the tomb in front.

"Um?"

Seeing Ye Feng walking directly towards this formation, a group of seniors from the Daxuan Dynasty royal family around him suddenly showed deep astonishment in their eyes.

An old royal man wearing a golden robe immediately couldn't help but said: "Young man, are you going to walk directly towards that formation like this? You will be killed instantly!"

Hearing what this senior member of the royal family said, Xuan Wuji just smiled and said, "Elders, just believe Ye Feng. Since he did this, he must be sure of it."

Hearing what Xuan Wuji said, these seniors of the Daxuan Dynasty royal family all stared at Ye Feng not far away with a look of surprise in their eyes, wanting to see if Ye Feng was really like Xuan Wuji. It's so magical.

At this moment, after Ye Feng walked into the formation, he did not cause any counterattack from the formation. Instead, he walked very safely in the formation.

"What?"

Seeing this scene at this time, a group of powerful elders from the royal family of the Daxuan Dynasty around them all had expressions in their eyes.

#Every time verification appears, please do not use incognito mode!

They looked deeply surprised, as if they did not expect that a young man like Ye Feng, whose cultivation level was so much lower than theirs, could really pass through the entire ancient formation unharmed. This is really very surprising. Incredible.

At this moment, Ye Feng did not hesitate at all. After passing through the entire formation, he immediately looked in the direction behind him and said loudly: "Everyone just follow my trajectory into the formation. It will definitely not happen." Being attacked by the formation."

Hearing what Ye Feng said, Xuan Wuji and a group of seniors from the royal family nodded.

They followed Ye Feng's footsteps and trajectory, passed through the entire formation, and finally arrived at the inner area of this ancient tomb.

At this moment, Ye Feng could see that there were ancient passages inside this ancient tomb.

The reason why Ye Feng asked these powerful men from the Daxuan Dynasty to follow him was because this ancient tomb was left over from the prehistoric era, so it must be extremely dangerous, not just as simple as the formation.

So if you encounter some very terrifying dangers, then these super strong men of the Daxuan Dynasty can protect themselves.

At this moment, Ye Feng said aloud: "Which passage should we take?"

Hearing Ye Feng's question, a group of royal seniors present looked hesitant because they didn't know which passage to take.

Xuan Wuji said aloud at this moment: "There are three passages here. Let's divide our troops into three groups. Let's explore each passage. We can't miss any opportunities left behind."

Hearing what Xuan Wuji said at this time, a group of royal seniors present nodded in agreement.

Xuan Wuji glanced at the dozens of royal seniors around him and said aloud: "Elders, you are divided into two groups and go separately.

There are two passages, and Ye Feng and I walk through the third passage alone. "

Hearing what Xuan Wuji said, the group of seniors from the royal family did not refuse. They divided into two groups and walked into the two passages.

As for the third passage, Xuan Wuji chose to enter alone with Ye Feng.

Ye Feng is also very satisfied with this arrangement, because Ye Feng knows very well that this kind of ancient tombs spread from the ancient prehistoric era definitely contains very terrifying dangers. If he is alone, there is definitely no way to detect it. of.

But now that Xuan Wuji, a powerful figure, is on the side to protect his own safety, it is definitely very good for Ye Feng.

At this time, Ye Feng and Xuan Wuji walked into the third passage alone and walked quickly towards the end of the passage.

At this moment, Ye Feng saw that there were many ancient texts engraved on the walls of this passage.

Xuan Wuji also noticed it and said aloud: "These words seem to be the words of the ancient demon clan, but I don't recognize them. Ye Feng, do you recognize them?"

Ye Feng said aloud: "I don't know him either."

Hearing what Ye Feng said, Xuan Wuji immediately smiled in surprise and said rather teasingly: "There are things you don't know about in this world."

When Ye Feng heard what Xuan Wuji said, he immediately grinned and said, "I do have many methods, but I can't be omnipotent."

When he said this, Ye Feng suddenly discovered the ancient demon characters on the wall, which were actually emitting a faint light at this moment.

And these words actually began to become distorted.

"Huh?"

Seeing this change, Ye Feng's eyes immediately changed slightly, and he couldn't help but say: "This ancient tomb must have undergone some inexplicable changes because of our entry."

Xuan Wuji also saw this change at this time,

Every time verification appears, please do not use the invisible mode!

I immediately said: "It seems that we have to speed up. There must be some special changes in this ancient tomb, which may be extremely dangerous."

Ye Feng nodded, and immediately flew quickly with Xuan Wuji in the direction of this passage, wanting to reach the end of this passage as soon as possible to see what was there.

It must be said that this passage is very long. Half an hour later, Ye Feng and Xuan Wuji finally came to the end of the third passage.

The moment they walked out of this passage, they immediately saw a very shocking scene.

At the end of the third passage, a huge underground palace appeared.

In this huge underground palace, there is a golden coffin. All the surrounding buildings, decorations and layouts look extremely luxurious.

At this moment, Ye Feng immediately stared at the golden coffin in the huge palace and said, "Senior Xuan Wuji, it seems that the passage we chose is the right one. It is connected to the tomb of the owner of this tomb. This golden coffin should be the place where the owner of this tomb was buried. Should we go and take a look?"

Xuan Wuji nodded and said, "Of course we have to take a look."

At this moment, Xuan Wuji's tone was full of confidence. After all, Xuan Wuji has now completely recovered to his peak state. And you know, Xuan Wuji is not an ordinary strong man, but the controller of the overlord-level forces on the land of Zhongzhou in the Ten Thousand Demons Interface. He is a generation of heroes, and his strength is very terrifying.

Ye Feng naturally believed in Xuan Wuji's strength at this time, and immediately nodded, and walked quickly with Xuan Wuji towards the golden coffin in the palace in front.

Creaky! Creaky!

However, just as they stepped into this underground space, the lid of the golden coffin began to vibrate, as if something terrible was about to run out of the coffin.

Chapter 5194 Embryo

At this moment, watching the golden coffin shake rapidly, the lid of the coffin seemed to be opened by some powerful force.

Both Ye Feng and Xuan Wuji had a look of surprise in their eyes, as if they did not expect that the owner of this ancient tomb handed down from the prehistoric era was still alive.

Xuan Wuji said aloud at this time: "Maybe the corpse has transformed."

Ye Feng nodded and said, "Let's stay away."

Xuan Wuji shook his head, smiled and said, "It's not necessary."

After saying that, Xuan Wuji walked quickly towards the golden coffin.

When Ye Feng saw this scene, his eyes flickered and he followed directly.

I have to say that if Ye Feng was alone, he would definitely act cautiously.

But Xuan Wuji is very confident in his own strength, because Xuan Wuji is very powerful and is the most powerful figure in Zhongzhou, second only to ancient figures like the Dark Demon Emperor.

Therefore, Xuan Wuji, as an unparalleled hero, was naturally not afraid of these things and walked quickly towards the vibrating coffin.

Buzz!

At this moment, Xuan Wuji also exuded an extremely terrifying aura.

This terrifying aura is like a vast ocean, like a mountain. It is very majestic and majestic, giving people a heavy and boundless feeling.

At this time, Ye Feng naturally gained confidence and followed Xuan Wuji directly towards the golden coffin.

For Ye Feng, now that he has a super strong man like Xuan Wuji by his side, Ye Feng is naturally much more courageous.

At this time, Xuan Wuji looked at the coffin that was still shaking rapidly in front of him, smiled slightly, and said loudly: "It seems that there is no strong person in the corpse in this coffin, because if the strong person in the coffin turns into a corpse, he will definitely He instantly opened the lid of the coffin and attacked us, but until now, this strong man who has transformed into a corpse has not broken through the shackles of the coffin, which means that the owner of this coffin is either very weak, or has not completely transformed into a corpse, but has just transformed into a corpse. Part of it, so its strength is very weak, but we broke into the tomb in advance, so it woke up early. "

Hearing what Xuan Wuji said at this time, Ye Feng immediately nodded and said: "I agree with you, senior Xuan Wuji. I also feel that if this coffin is really the corpse of the ancient powerful man, The corpses must have rushed out of the coffin long ago and wanted to kill us all, but now, the coffin is still shaking, which explains the problem. "

At this time, Ye Feng couldn't help but asked: "Senior Xuan Wuji, are we going to forcefully open this golden coffin now?"

Hearing Ye Feng's question, Xuan Wuji smiled slightly, with strong confidence in his eyes, and said loudly: "Of course."

Uh-huh!

After saying that, Xuan Wuji stretched out his hand and instantly lifted the lid of the coffin.

And at the next moment, Ye Feng and Xuan Wuji both had a look of astonishment in their eyes at what was inside the coffin.

Because the coffin was not what they had guessed, it was the corpse of an ancient powerful man who had transformed into a corpse. What was placed in the coffin turned out to be an embryo of an unknown race that seemed not yet fully mature. \u003c

#Every time verification appears, please do not use incognito mode!

br\u003e

This embryo seems to have been gestating in this coffin. The vibration of the coffin just now means that the embryo is vibrating.

Xuan Wuji's eyes suddenly showed a look of surprise at this time, and he said loudly: "No wonder this golden coffin vibrated so weakly, and even the lid of the coffin could not be opened. It turns out that what was gestated in this coffin was just an embryo."

Hearing what Xuan Wuji said, Ye Feng's eyes were full of doubts as he stared at the embryo in the golden coffin, and asked: "Senior Xuan Wuji, logically speaking, the golden coffin should be from this ancient tomb. The owner is the corpse left behind by a super strong man from the prehistoric era. How come this golden coffin contains such an embryo that seems to have not yet fully matured? I don't know which race the embryo is placed in? There is something really strange among the golden coffins."

At this time, Xuan Wuji suddenly squatted down and looked around the golden coffin. His eyes suddenly showed a look of surprise, and he said loudly: "Ye Feng, come and see."

When he said this, Ye Feng's eyes were full of curiosity. He squatted down and looked around.

"these are....."

Ye Feng immediately discovered that around the embryo and on the coffin wall, there were fragments that looked like the skin of some kind of creature piled up around it.

Seeing this scene, Ye Feng couldn't help but take a breath of air, stared at the embryo, and said aloud: "Senior Xuan Wuji, could this embryo be the owner of the ancient tomb, which has undergone hundreds of thousands of years of transformation? , constantly shedding, thus gaining new life, right?"

Hearing what Ye Feng said, Xuan Wuji nodded, his eyes became interesting, and he said aloud: "In the ancient times, many powerful people could not live forever, so they came up with other ways to make themselves able to live forever." Surviving for hundreds of thousands of years means continuous transformation, which means continuous rebirth, allowing new embryos to be born from the old corpses, so that continuous transformation can be completed. "

Hearing what Xuan Wuji said, Ye Feng said aloud: "But in this case, it is equivalent to the rebirth of an embryo, which is equivalent to a new life. There should be no memory of the previous generation."

Hearing what Ye Feng said, Xuan Wuji nodded and said aloud: "If it is just a new embryo, then there must be no memory of the previous life, but the owner of this ancient tomb must have left something behind. , when his new embryo appears, it can be infused with the memories of the past, so that he will be completely reborn. "

When he said this, Xuan Wuji looked around and suddenly discovered a very ancient-looking crystal ball hanging on the roof of the golden coffin.

At this moment, Xuan Wuji smiled slightly and said: "The truth is revealed. This ancient tomb should be the place where the owner of the tomb chose to re-gestate a new embryo, and his memory should be stored in this golden coffin. in the crystal ball."

After Xuan Wuji finished speaking, he immediately reached out his hand, and in an instant he picked off the crystal ball hanging on the roof and held it in his hand.

At this moment, a golden light flashed in Xuan Wuji's eyes, he stared at the crystal ball in his hand, and said loudly: "You should be the crystal ball stored in the memory of the owner of the ancient tomb. The owner of the ancient tomb, stop pretending to be stupid. You are stunned, just speak directly, your life and death are in my hands now."

Chapter 5195: Tomb Master

Hearing Xuan Wuji say this at this moment, Ye Feng's eyes flashed slightly.

And at the next moment, an ancient voice actually came out of the crystal ball: "It seems that you are a peerless figure among future generations. Otherwise, it is impossible to know so much and be able to break through what I have set." "Ancient Formation."

"Um?"

At this time, Ye Feng, who was standing next to Xuan Wuji, heard an ancient voice coming from the crystal ball, and a look of surprise suddenly appeared in his eyes.

Sure enough, as Xuan Wuji said, this crystal ball really contains the memory of the owner of the ancient tomb.

And his embryo was conceived in a golden coffin.

Ye Feng had to lament that the strong men in ancient times tried to find ways to live forever, but there were really endless ways to do it, each one more miraculous than the last.

Just like the owner of this tomb, he separated his memory from his corpse, and then used some special method to gestate a brand new embryo in his corpse through hundreds of thousands of years of transformation. When the embryo is completely grown up, and then injects the memory into this embryo, it is equivalent to him being reborn.

Unfortunately, the owner of this ancient tomb was unlucky. Xuan Wuji and Ye Feng broke into it before his latest embryo was completely gestated.

At this moment, Xuan Wuji smiled slightly and said loudly: "We have no enmity and I will not kill you just like that."

Hearing what Xuan Wuji said, the memory of the owner of the ancient tomb in the crystal ball could not help but breathe a sigh of relief. He was really afraid of meeting a very evil person, so he killed him directly and then took away his embryo.

After all, his embryo is extremely precious. It is a brand new embryo conceived by him when he cultivated a very powerful immortal golden body. The talent is very high, equivalent to the innate holy body.

#Every time verification appears, please do not use incognito mode!

At this moment, Xuan Wuji said with a smile: "But since I am here, you must give me some benefits. If you can give us benefits that satisfy us, then not only will I not destroy you, but I will also help you." You, let this embryo grow and mature quickly, and then help you inject memories into this embryo, allowing you to be reborn tens of thousands of years in advance and live another life."

Hearing what Xuan Wuji said, Ye Feng secretly smiled in his heart. Senior Xuan Wuji really used a carrot and stick policy. He first threatened the owner of the ancient tomb and then promised him benefits. This kind of Strategies can be said to be very useful.

At this moment, the owner of the ancient tomb in the crystal ball couldn't help but laugh bitterly and said loudly: "My life is in your hands, I have to agree to whatever you say."

When talking about this, the memory of the owner of the ancient tomb in the crystal ball continued to say: "The reason why I can realize my rebirth plan here is because underneath this ancient tomb is a gathering of ancient heaven and earth dragon energy. Only special places can give birth to my brand new embryo. If you can help me mature the embryo in advance and let me be reborn, then I will not need the ninety-nine and eighty-one dragon energy gathering points under the tomb. Yes, you can use it directly."

Hearing what was said in the crystal ball, Xuan Wuji and Ye Feng's eyes suddenly lit up.

Unexpectedly, there were ninety-nine and eighty-one heaven and earth dragons gathering under this ancient tomb. No wonder the owner of this tomb chose such a place to give birth to his new embryo. It was indeed a blessed place.

At this time, Xuan Wuji immediately

He nodded and said aloud: "Okay, no problem, then the deal between us will be considered a deal."

After finishing speaking, Xuan Wuji seemed to have thought of something, and suddenly said: "After you are reborn, you should be able to grow quickly, become very powerful, and be able to use the powerful inheritance of the ancient prehistoric era. I hope you can Pass on your peerless inheritance to my little brother Ye Feng. I don't need your inheritance because I have my own way of cultivation, but my little brother Ye Feng is still in the growth period of cultivation. A set of peerless inheritance from the ancient prehistoric era. For him, it can definitely greatly enhance his strength. The reason why we were able to come in this time was that he also played a key role in helping us shuttle through the ancient formation. "

Hearing what Xuan Wuji said, the owner of this ancient tomb would naturally not refuse to agree, because now his life was in Xuan Wuji's hands, and Xuan Wuji also agreed to him, which could help him mature his embryo in advance. Letting him be reborn tens of thousands of years in advance is a relatively cost-effective deal.

So at this time, the owner of this ancient tomb immediately agreed and said: "Of course, after all, I have no right to bargain now, and the conditions you gave me have already made me very satisfied, and I have nothing to say. "

The owner of this ancient tomb should actually feel lucky. If he encountered some extremely vicious people who came here, they would probably destroy his memory and seize this embryo with unlimited potential. It is possible to create a second clone.

Xuan Wuji can deal fairly with him, which is already considered very good.

After all, in the world of martial arts practice, there are too many dangerous things.

People like Ye Feng and Xuan Wuji still have a fair heart.

Every time verification appears, please do not use the invisible mode!

In fact, there are very few.

At this moment, Xuan Wuji did not hesitate at all, and immediately said with a smile: "Okay, I will go into the underground of this ancient tomb with Ye Feng to see if there are ninety-nine and eighty-one dragon qi. When we successfully use the ninety-nine and eighty-one dragon qi, I will help you to make your embryo mature as soon as possible so that you can be revived."

Hearing Xuan Wuji say this, a voice came out of the crystal ball immediately: "Of course, I won't lie to you. If I lie to you now, isn't it the same as seeking death? The underground of this ancient tomb is really a paradise, gathering ninety-nine and eighty-one heaven and earth dragon qi."

At this moment, Xuan Wuji just nodded, took Ye Feng, and the crystal ball in his hand, and quickly landed towards the underground space of this ancient tomb.

At this time, Ye Feng immediately saw that in the underground space of this ancient tomb, he really passed through layers of underground rocks and finally came to the place where dragon qi gathered.

At this time, Ye Feng saw a very shocking scene. He saw that in the entire dark underground space, from the endless rocks, there were actually golden dragons extending continuously.

These golden dragons were not real dragon creatures, but condensed from dragon energy, and they were all composed of energy.

There were a total of ninety-one golden dragons, which were completely condensed from the dragon energy between heaven and earth. They were entangled together and gathered at this point underground in the ancient tomb.

Seeing this scene at this time, even a peerless figure like Xuan Wuji couldn't help but show a look of admiration in his eyes, and said aloud: "This is indeed an excellent place. Whether it is a tomb after death or a place to establish a sect, it will definitely be favored by heaven."

Chapter 5196 Mysterious Blue Giant

Hearing what Xuan Wuji said, Ye Feng also nodded. After all, Ye Feng also learned the art of Feng Shui back then, so he could naturally see the mystery of this place with very good Feng Shui at a glance.

At this time, the memory of the owner of the ancient tomb in the crystal ball couldn't help but say: "Since I didn't lie, then you should also fulfill your promise and help my brand new embryo mature and grow up as soon as possible. , and then transplant my memory into this embryo, so that I can regain my life."

Hearing the voice in the crystal ball, Xuan Wuji nodded, then looked at Ye Feng beside him, smiled and said: "Ye Feng, then you can make good use of and absorb the entire ninety-nine-eight years here underground. The energy of eleven heaven and earth dragon energy, this should be able to greatly enhance your strength. I will take this crystal ball up there to help him restore his life."

"Um?"

Hearing what Xuan Wuji said, Ye Feng's eyes revealed a look of surprise and he said, "Senior Xuan Wuji, doesn't he need these heaven and earth dragon energy?"

Xuan Wuji shook his head and said with a smile: "In my realm, I can find the dragon veins and dragon energy between heaven and earth at any time and capture them. Moreover, my current cultivation is strong enough and I don't need to get these dragon energy from heaven and earth anymore." It doesn't have much effect on me anymore, but it still has a huge effect on you, Ye Feng, who is in the growing stage." .??.

Uh-huh!

After saying that, Xuan Wuji quickly flew towards the ground with the crystal ball in his hand, and soon left the underground space.

At this time, Ye Feng stopped being pretentious, and without any hesitation, he directly released the Devouring Domain, covering the entire ninety-nine and eighty-one heaven and earth dragon energy emitting bright golden light in front of him, and began to swallow them directly.

At this time, with the devouring, Ye Feng could feel that huge amounts of pure energy were immediately injected into his body, causing Ye Feng's cultivation skills to increase at an incredible speed. Continuously improving.

Ye Feng's skill and cultivation began to grow immediately.

It has to be said that the energy contained in the Dragon Qi of Heaven and Earth that was born between Heaven and Earth is really powerful to the extreme. After Ye Feng swallowed it, his cultivation level has broken through so much, which naturally makes Ye Feng very happy.

This is no less than letting Ye Feng swallow all the power of a super strong man!

At this moment, Ye Feng was directly preparing to leave here.

But suddenly at this moment, Ye Feng suddenly remembered the voice of Emperor Chu in his mind: "Ye Feng, don't leave in a hurry. Since this place has given birth to such a magical ninety-nine and eighty-one dragon energy entanglements, Together, it means that there must be a very special place in this underground space. If you search carefully in this underground space, you might be able to find something special. "

Hearing what Emperor Chu said in his mind, Ye Feng's eyes suddenly revealed a look of surprise. Then he couldn't help but nodded and said, "Okay, then I'll look for it."

For Ye Feng, Emperor Chu's words are generally very important. Since Emperor Chu judged that ninety-nine and eighty-one dragon auras were produced here, it means that there must be other secrets in this underground space, maybe someone This very special thing caused the energy of ninety-nine and eighty-one dragons to be generated between heaven and earth.

At this time, Ye Feng was told by Emperor Chu that he was even looking forward to it, so he started searching quickly.

At this moment, Ye Feng was directly exuding his huge soul power, covering the surroundings, trying to find something special.

Soon, Ye Feng suddenly found something very mysterious among the rocks underground.

It was an iron sign that looked like it was cast from black iron, deeply embedded in a large piece of very solid rock.

Ye Feng took out the iron plate directly and couldn't help but said: "Emperor Chu, could the special thing you mentioned be this iron plate? I looked around and found nothing. There's just such an ordinary-looking iron sign."

Hearing what Ye Feng said, Emperor Chu in his mind nodded and said aloud: "It should be this iron sign. Please pay attention carefully."

Take a look and see if there is anything special about this iron sign. "

Hearing what Emperor Chu said, Ye Feng immediately nodded and looked carefully at the iron sign in his hand.

At first glance, this iron sign looks like a very ordinary sign, and it seems to be no different from other things.

Moreover, there seems to be no special symbols or words on the surface of this iron sign, and nothing is recorded on it.

So Ye Feng felt for a moment that there was nothing worth discussing about this iron brand.

Perhaps the dragon energy between heaven and earth cannot be attracted by this iron sign.

But the moment Ye Feng touched the iron sign with his soul power, Ye Feng suddenly saw that there was a vast space hidden in the iron sign.

In the vast space of this iron sign, there is a towering cyan giant that is hundreds of thousands of meters tall.

This cyan giant should be a state of soul level, not a physical entity.

Ye Feng's eyes were immediately filled with deep shock.

In this small and ordinary iron plate, there actually exists a mysterious cyan giant with a soul state of hundreds of thousands of meters!

Ye Feng did not know the origin of this cyan giant, nor did he know whether this cyan giant still had consciousness.

Anyway, Ye Feng knew very well that this iron plate was definitely an extraordinary thing, mysterious to the extreme.

Moreover, Ye Feng sensed a breath from the heaven from the cyan giant who seemed to be in a deep sleep in the inner space of this iron plate.

The heaven is the highest level interface among all the heavens and worlds in this low-level dimension.

Ye Feng immediately had some guesses. Could this iron plate come from the heaven, and the cyan giant with a full hundreds of thousands of meters in the vast space inside the iron plate be a mysterious existence in the heaven?

Thinking of this at this time, Ye Feng tried to communicate with this cyan giant with soul power.

But what Ye Feng touched was just a vast and endless feeling, and he couldn't contact the majestic blue giant with hundreds of thousands of meters.

In other words, this blue giant is now in a self-enclosed state, and he has no way to communicate with it.

Thinking of this, Ye Feng temporarily withdrew his soul power, and then solemnly put the iron plate into his storage ring. After slowly exploring it in the future, he might be able to awaken the blue giant in the iron plate.

Ye Feng felt that this iron plate might be the most critical opportunity for him this time.

You know, the dragon energy of heaven and earth in this place has already appeared in the ancient prehistoric era.

If these dragon energy of heaven and earth are really caused by this iron plate, then it means that the age of this iron plate is even older and more ancient than the prehistoric era.

What kind of ancient era is that?

Ye Feng thought of this and decided not to tell anyone about the news of the iron plate. This is his own secret, otherwise, it is likely to cause unnecessary trouble.

And Ye Feng will definitely go to the heaven in the future.

Because Ye Feng not only has a promise to the last generation of the patriarch of the Celestial God Clan, but also wants to go to the heaven to find the descendants of the Celestial God Clan and return the ring of the Celestial God Clan to the Celestial God Clan.

In addition to this promise, if Ye Feng wants to enter the outer world of the higher cultivation dimension, then he must enter the heaven, which is the first interface of the lower cultivation dimension where he is currently.

Because only the heaven can provide Ye Feng with the most powerful power, so that Ye Feng has enough strength to go to the outer world of the higher dimension.

Therefore, Ye Feng told Xuan Wuji before that he would definitely not stay in the Ten Thousand Demons interface for too long in the future.

So this is also the reason why Xuan Wuji is very relieved about Ye Feng.

Because he is really afraid that Ye Feng will really grow up and rob the entire Great Xuan Dynasty.

But Ye Feng had already given Xuan Wuji a shot of prevention, saying that he did not look down on the so-called Great Xuan Dynasty at all, and his vision was in the heaven, in the higher dimension of the outer world.

At this moment, Ye Feng solemnly placed the iron plate in his storage ring, then left here directly and flew quickly towards the ground of the ancient tomb.

Chapter 5197: Surrounded

When Ye Feng came to the ground of the ancient tomb from the underground space, he immediately saw a surprising scene.

I saw a young man wearing a silver robe standing in front of Xuan Wuji.

This young man is very handsome and tall, giving people a feeling of deep nobility.

Obviously, Ye Feng immediately understood that the tall young man in silver robes who suddenly appeared should be the owner of this ancient tomb, a very powerful being in the ancient times.

At this moment, it was obvious that Xuan Wuji used his powerful magic power to help him recover his original body and regain his life.

At this time, the tall young man in silver robe looked at Ye Feng, and immediately smiled and said: "Hello, I am the owner of this ancient tomb, but it has been hundreds of thousands of years since the prehistoric era. So there is no need to discuss my past anymore. Now, Xuan Wuji has helped me restore my original body and live again. Xuan Wuji gave me a name, called Xuan Wu Nian, which means not thinking about the past. Embrace the future with peace of mind, from now on my name will be Xuan Wu Nian, and I will follow Xuan Wuji."

Hearing what the young man in silver robes said, Ye Feng had a look of surprise on his face, then looked at Xuan Wuji, smiled, clasped his fists and said, "Congratulations to Senior Xuan Wuji for getting such a powerful one." A helper."

Ye Feng knew very well that Xuan Wu Nian was a very powerful figure in the ancient times. If he could help Xuan Wuji, Xuan Wuji would be helped by a super strong man who was comparable to him in the future.

At this moment, Xuan Wu Nian smiled slightly, came to Ye Feng, and said: "According to the agreement between Xuan Wuji and I, my peerless inheritance will be given to you for free."

When he said this, Xuan Wu Nian stretched out a finger and touched it directly between Ye Feng's eyebrows.

Buzz!

Almost at the next moment, a very huge secret of inheritance was immediately injected into Ye Feng's mind.

This set of inheritance is called Silver Dragon Technique, and it is an extremely powerful inheritance created by Xuan Wuji back then.

After understanding this set of Silver Dragon Techniques, you can use your own blood energy to condense an ancient silver dragon with physical attack and damage, which is very terrifying.

At this moment, when Xuan Wunian's fingers touched Ye Feng's forehead and passed on the secret of Ye Feng's inheritance, Xuan Wunian seemed to sense something, and couldn't help but asked curiously: "Young man, there seems to be some kind of special aura in your head. Can I check it out?"

At this time, Xuan Wu Nian didn't have any bad intentions. He just suddenly sensed that Ye Feng seemed to be in the sea.

#Every time verification appears, please do not use incognito mode!

There was some very mysterious aura, and I subconsciously wanted to explore it.

But just at the moment Xuan Wu Nian subconsciously wanted to enter Ye Feng's mind.

Boom! !

A huge and boundless golden light suddenly burst out from Ye Feng's head, sending Xuan Wu Nian flying backwards, and instantly fell hard to the ground not far away.

At this time, Ye Feng's whole body was shining with golden light, and his treasure appearance was solemn, giving people a very sacred feeling.

However, after Xuan Wu Nian was blown away, the golden light quickly converged and entered Ye Feng's mind.

Obviously, the aura that Xuan Wu Nian sensed just now was the aura of Emperor Chu in Ye Feng's mind.

And what kind of mysterious and terrifying existence is Emperor Chu?

Therefore, even if Xuan Wu Nian was an ancient figure, he didn't detect anything at all and was directly blown away.

At this time, Ye Feng couldn't help but smiled, shook his head, and said loudly: "You can't enter my head casually, otherwise, your life will be in danger."

Hearing Ye Feng's words, Xuan Wu Nian immediately got up from a short distance away and said with some horror: "What a terrifying and supreme power!"

At this moment, Xuan Wuji, who was standing aside, also had a hint of surprise in his eyes.

At that moment, when the golden light burst out from Ye Feng's head, Xuan Wuji also sensed a supreme terrifying power existing in Ye Feng's head.

This was the first time Xuan Wuji knew this secret.

At this time, Xuan Wuji immediately understood that Ye Feng might be more complicated than he imagined.

However, Xuan Wuji didn't ask any more questions at this time, because this was Ye Feng's secret.

At this moment, Xuan Wuji immediately smiled and said: "Since everything here has been explored, let's leave directly."

Ye Feng nodded, his eyes filled with satisfaction.

This time, both Ye Feng and Xuan Wuji can be said to have achieved huge gains.

Ye Feng absorbed a total of ninety-nine and eighty-one dragon energy from heaven and earth, allowing his cultivation to reach the tenth level of Dao Realm, Great Perfection.

In addition, Ye Feng also got a mysterious iron sign that was suspected to come from the heaven, which contained a majestic cyan giant hundreds of thousands of meters tall. This was definitely a great opportunity, and Ye Feng could say that it was definitely a gain.

Full.

And Xuan Wuji also got the following of Xuan Wunian, a super strong man from the ancient prehistoric era, and he also got a huge helper, who played a huge role in Xuan Wuji.

It can be said that both of them gained a lot and left this ancient tomb very happily.

When they walked out of the ancient tomb, Xuan Wuji sent a message to the powerful elders of the royal family who walked into the other two passages, telling them to come out directly.

When a group of dozens of senior royal family members came out, they all sighed a little and said loudly: "We found nothing in those two passages, nothing."

At this moment, Xuan Wuji smiled slightly and said, "Don't worry, Ye Feng and I found the most critical opportunity in the third channel."

When he said this, Xuan Wuji looked at the young man in silver robe beside him and said loudly: "Let me introduce to you elders. This person is called Xuan Wunian. He is the helper I just got. His cultivation Because of his strength, if he continues to grow, he will definitely be able to compete with a peerless powerhouse like me. In the future, I hope that the elders can teach him well and make him stronger and stronger."

Although Xuan Wuji has just awakened, the new embryo he has given birth to has great potential. As long as he slowly and continuously practices, he will become stronger and stronger. After all, he is a figure from the ancient prehistoric era.

At this time, Xuan Wuji waved his hand and said loudly: "Let's return to the settlement."

At this moment, everyone nodded and flew quickly towards the underground settlement they were digging.

But on their way back, Xuan Wuji's expression immediately changed.

Because he saw that the location of their settlement ahead seemed to be shrouded in black aura.

Xuan Wuji immediately couldn't help but said with a change in his eyes: "Could it be that the Dark Demon Emperor has found our place of residence and is here to encircle and suppress us?"

Among the people's settlements, there are also some weaker elders who are practicing in seclusion and guarding the settlements.

There are also two giant spirit guards trained by Ye Feng.

At this moment, Ye Feng's face became quite solemn, and he said aloud: "Senior Xuan Wuji, don't worry too much. I have helped the two giant spirit guards following me to completely activate the giant spirits in their bodies." The Spiritual God bloodline is more powerful than before, so if the Dark Demon Emperor hadn't come in person, there shouldn't be much danger. "

Hearing what Ye Feng said, Xuan Wuji immediately nodded, but still speeded up.

#Every time verification appears, please do not use incognito mode!

speed.

Everyone immediately arrived at their residence.

When they just approached the settlement, they saw, as expected, a group of guards wearing black armor, surrounding the entire settlement, and also displayed an evil demon formation, covering the entire settlement. The settlement seemed to want to wipe out the remaining strong men of the older generation in the settlement.

However, the two giant spirit guards of the bloodline developed by Ye Feng, with their majestic bodies of several hundred meters, are supporting the buildings of the entire settlement. It is very difficult to resist the demon formation. After all, they are surrounded by There were tens of thousands of black armored guards living there.

Xuan Wuji recognized these black armored guards at a glance. They turned out to be the royal guards of their Daxuan Dynasty. However, these royal guards were exuding black gas at this moment, and their eyes were pitch black. Apparently, he has been completely assimilated by the dark energy of the Dark Demon Emperor and turned into the demon clan's imperial guard.

Seeing this scene at this moment, Xuan Wuji was naturally extremely angry and shouted: "Dark Demon Emperor, you have gone too far, I will kill you completely!"

At this moment, Ye Feng sensed it and found that there was no aura of the Dark Demon Emperor around. Apparently, the Dark Demon Emperor's men discovered that there seemed to be traces of royal members of the Daxuan Dynasty living here, so they temporarily surrounded the place. .

Thinking of this, Ye Feng immediately looked at the angry Xuan Wuji beside him and said loudly: "Senior Xuan Wuji, let's hurry up and wipe out all these dark demons. It is estimated that the dark demon emperor has not yet After receiving the news, they only initially discovered this settlement, so they temporarily surrounded the settlement. We quickly dealt with them and then moved the settlement. This place has been exposed and we cannot stay any longer. "

Hearing what Ye Feng said, Xuan Wuji immediately nodded and suppressed the anger in his heart, because Xuan Wuji knew very well that now was not a good time to officially start a war with the Dark Demon Emperor.

So at this moment, Xuan Wuji immediately led a group of elders from the royal family and Xuan Wu Nian, rushed forward, and fought directly with a group of dark demon guards.

As for Ye Feng, he also rushed into the battlefield, directly released the Devouring Domain, and began to devour the blood and energy of the beheaded dark demon guards.

The current situation does not require Ye Feng to take action on his own. Xuan Wuji and a group of elders from the royal family are all top figures. It is enough for them to fight. He does not need to take action at all and can just sit back and enjoy his achievements.

The battle with the Dark Demon Emperor is imminent, and Ye Feng will naturally not waste any good opportunity to improve his strength.

Chapter 5198 Temporary resting place

Boom!

At this time, as Ye Feng swallowed huge amounts of blood energy, it was immediately absorbed into his Dantian. Ye Feng's cultivation skills immediately increased at an incredible speed.

After all, you must know that those killed around you are the elite guards of the Daxuan Dynasty who have been assimilated by dark magic. The cultivation strength of these strong men who have been assimilated by dark energy is very terrifying, and even more so What's more, they are now injected with the original power of the Dark Demon Emperor.

So after Ye Feng swallowed it, he could naturally feel that his skill had been greatly improved.

Ye Feng's cultivation aura is growing rapidly. ??

Previously, Ye Feng's cultivation level had been promoted to the tenth level of Dao Realm, Great Perfection.

But with the injection of such a huge amount of blood energy, Ye Feng's cultivation level instantly achieved a breakthrough. He directly broke through the bottleneck of the Great Perfection and stepped into the realm of the tenth level of the Dao Realm, which is above the Great Perfection. Half a step to the small Zhoutian realm.

The realm above the Dao realm is the Little Zhoutian realm. This is a new and powerful level of cultivation. It is very terrifying. It means that the practitioner is connected to the entire Zhoutian and can use the power of the entire Zhoutian. .

At this moment, after Ye Feng's cultivation reached the half-step Little Zhoutian realm, he could immediately feel that his power had increased by hundreds of times.

This naturally made Ye Feng's eyes reveal a look of deep surprise.

I didn't expect that Xiao Zhou Tianjing was so powerful. Just half a step to Xiao Zhou Tianjing caused such a huge transformation in my cultivation power.

If he could step into the Great Zhoutian Realm, which is above the Small Zhoutian Realm, then Ye Feng felt that his true combat power might be able to compete with the top powerhouses on the land of Zhongzhou in the Ten Thousand Demon Interface.

And just when Ye Feng's cultivation level broke through, the entire battlefield was over.

Because Xuan Wuji and a group of elders from the royal family are really too strong, there is no big problem in dealing with these Dark Demon Emperor's men. It can be said that they can crush each other to death.

At this moment, Ye Feng looked at Xuan Wuji and said loudly: "Senior Xuan Wuji, let's leave here as soon as possible. After all, the location here has been exposed. It is estimated that after the Dark Demon Emperor gets the news, he will send troops directly here. He will even come in person."

Hearing what Ye Feng said, Xuan Wuji nodded and said: "You are right, now we must move our position."

When he said this, Xuan Wuji looked at the group of senior royal figures behind him and said loudly: "Everyone, please pack up and take away all the things you have placed in this settlement. Let's find the next place to stay."

At this moment, a powerful elder from the royal family couldn't help but angrily said: "Your Majesty the Emperor, let's just go back and fight to the death with the Dark Demon Emperor. It's really frustrating to run around like this."

Obviously, although these powerful elders of the royal family are very old, they still have the passion to kill the enemy.

At this time, Xuan Wuji immediately shook his head and said: "Don't be too impulsive. After all, the Dark Demon Emperor is very powerful now, and he has many powerful assimilated helpers under him, so we can't We can confront the Dark Demon Emperor casually, otherwise, we may suffer heavy losses. We should still follow what Ye Feng said, hide first, and then search for it.

#Every time verification appears, please do not use incognito mode!

Various opportunities around us are created to enhance our own strength. Only in this way, after accumulating to a certain extent and becoming stronger, can we showdown with the Dark Demon Emperor and officially launch a war. "

Hearing Xuan Wuji's words, this group of dozens of powerful elders from the royal family still felt angry and wanted to impulsively fight with the Dark Demon Emperor, but after thinking about it carefully, what Xuan Wuji said It is correct, and Ye Feng is also very cautious in his consideration. Now he is looking for a place to live in the surroundings, settling down temporarily, and looking for various cultivation resources in the surrounding world to improve the overall strength of everyone. This is indeed The most correct choice.

So at this time, a group of dozens of elders and powerful men from the royal family no longer said anything, but nodded one after another, and continued walking directly towards the deep area of this wilderness with Xuan Wuji Ye Feng.

Soon, they came to a primitive forest connected to this wilderness, found a mountain peak without any living creatures, and settled down directly.

This mountain is very huge and has great strategic depth, so it is very suitable for everyone to use as a temporary foothold.

Moreover, this virgin forest looks very vast, and it is estimated that it contains a lot of cultivation resources, which can be used by everyone to find various resources in the world and increase their own strength.

At this moment, everyone settled down again, and Xuan Wuji led a group of senior experts into this primitive forest to look for cultivation resources.

They are all the top experts in Zhongzhou, so they are not too afraid of this primitive forest, so they just go to find some resources for cultivation.

Because they have dozens of top powerhouses united together, it is estimated that no one can stop their pace.

At this time, Ye Feng was temporarily staying in this mountain settlement, practicing with peace of mind the peerless silver dragon technique that Xuan Wu Nian, a figure from the ancient prehistoric era, taught him for free.

As for the two giant spirit guards, they did not go out to search for resources in the world, but stayed by Ye Feng's side to protect Ye Feng.

In addition, the two giant spirit guards had just been activated by Ye Feng with the ax of the giant spirit god, so they are now recuperating quietly and working hard to understand the power of their blood. This is the most correct choice.

Buzz!

At this moment, when Ye Feng was comprehending this set of Silver Dragon Techniques, he immediately sensed that the dragon energy power in the surrounding world was attracted to him and was being continuously injected into Ye Feng's body. among.

"Um?"

This made Ye Feng's eyes suddenly reveal a look of surprise.

Unexpectedly, this set of Silver Dragon Techniques can not only allow you to condense an ancient silver dragon during the battle, and exert the majestic power of the ancient silver dragon to deal with the enemy. In addition, in running this During the Silver Dragon Art, it seems that I can also use this set of inherited secrets to invisibly attract the dragon energy of the world around me, absorb the energy of the dragon energy of the world, and strengthen my cultivation power.

This was something Ye Feng didn't expect.

Sure enough, this person who survived from the ancient times had very magical methods and inheritance. No wonder he could come up with such an outrageous way to give himself a new life hundreds of thousands of years later.

Ye Feng was naturally very happy at this time. He continued to run the Silver Dragon Technique and quickly absorbed the dragon energy from the surrounding heaven and earth to strengthen his own skills. Boom!

At this time, as Ye Feng swallowed huge amounts of blood energy, it was immediately absorbed into his Dantian. Ye Feng's cultivation skills immediately increased at an incredible speed.

After all, you must know that those killed around you are the elite guards of the Daxuan Dynasty who have been assimilated by dark magic. Various opportunities around us are created to enhance our own strength. Only in this way, after accumulating to a certain extent and becoming stronger, can we showdown with the Dark Demon Emperor and officially launch a war. "

After hearing Xuan Wuji's words, this group of dozens of old-generation strong men of the royal family, although they still felt angry and wanted to fight with the Dark Demon Emperor very impulsively, but after thinking carefully, what Xuan Wuji said was correct, and Ye Feng's consideration was also very cautious. Now it is indeed the most correct choice to find a place to live in the surrounding area for the time being, settle down temporarily, and find various heaven and earth cultivation resources around to improve the comprehensive strength of everyone.

So at this time, a group of dozens of old-generation strong men of the royal family did not say anything more, but nodded one after another, and continued to walk directly to the deep area of this wilderness with Xuan Wuji and Ye Feng.

Soon, they came to a primeval forest connected to this wilderness, and found a mountain where no creatures lived and lived directly.

This mountain is very large and has a great strategic depth, so it is very suitable for everyone to be a temporary foothold.

Moreover, this primeval forest looks very vast, and it is estimated that the cultivation resources contained in it are also very many, which can be used for everyone to find various heaven and earth resources in it and strengthen their respective strengths.

At this moment, everyone settled down again. Xuan Wuji led a group of old masters into this primeval forest to look for cultivation resources.

They were all top masters in Zhongzhou, so they were not too afraid of this primeval forest, so they went to look for cultivation resources in a grand manner.

Because dozens of top masters united together, it was estimated that no one could stop their pace.

At this time, Ye Feng was temporarily in the settlement of this mountain, practicing the silver dragon art that Xuan Wunian, an ancient figure from the prehistoric times, had taught him for free.

As for the two giant spirit guards, they did not go out to look for resources in the world, but stayed by Ye Feng's side to protect him.

In addition, the two giant spirit guards had just had their blood activated by Ye Feng with the giant spirit axe, so it was the most correct choice for them to rest and try to comprehend their blood power.

Buzz!

At this moment, when Ye Feng was comprehending this set of silver dragon skills, he immediately sensed that the dragon energy in the surrounding heaven and earth was attracted by him and was continuously injected into Ye Feng's body.

"Hmm?"

This made Ye Feng's eyes suddenly reveal a look of surprise.

Unexpectedly, this set of silver dragon skills can not only allow him to condense an ancient silver dragon in the process of fighting, and exert the great power of the ancient silver dragon to deal with the enemy, but also, when running this silver dragon skills, he seems to be able to use this set of inheritance secrets to invisibly attract the dragon energy in the surrounding heaven and earth, absorb the energy of the dragon energy, and strengthen his own cultivation power.

This is something Ye Feng did not expect.

Sure enough, this person who survived from the ancient times, the means and inheritance he mastered are very magical. No wonder he was able to come up with such an outrageous method to give himself a new life after hundreds of thousands of years.

Ye Feng was naturally very happy at this time. He continued to practice the Silver Dragon Technique, quickly absorbing the dragon energy from the surrounding heaven and earth to strengthen his own skills.

Chapter 5199 The decisive moment

Ye Feng is now at the bottleneck of half-step Little Zhou Tian Realm, and is in urgent need of a breakthrough. Ye Feng naturally absorbs the dragon energy between heaven and earth as quickly as possible to break through his bottleneck.

But after all, Ye Feng still underestimated the energy he needed to break through the big bottleneck every time. Even if Ye Feng ran the Silver Dragon Art and absorbed a lot of dragon energy between heaven and earth, he still didn't have the big bottleneck of the half-step Small Zhoutian realm. Way to break through.

However, Ye Feng is not discouraged. After all, as long as he continues to accumulate strength, one day he will be able to break through the bottleneck of the Half-Step Little Zhoutian Realm and truly step into the powerful realm of the Little Zhoutian Realm.

At this moment, when Ye Feng was practicing the Silver Giant Dragon Art, the two Giant Spirit God guards beside him were also receiving guidance from the Giant Spirit God ax in Ye Feng's hand.

Ye Feng asked the will of the giant spirit god in the ax of the giant spirit god to guide the training of the two giant spirit god guards, which can make the two giant spirit god guards more powerful.

Now, under the training of Ye Feng, the comprehensive strength of the two giant spirit guards has become many times stronger than before, almost comparable to those of the elders and powerful men in the royal family.

And Ye Feng is confident that as long as he gives himself time to continue to train these two giant spirit guards, he will definitely be able to fully activate the maximum potential of the giant spirit blood in their body blood, making these two giant spirit guards more powerful than the royal family. It is possible that those strong men of the older generation will be even stronger.

While Ye Feng was thinking secretly in his heart, Xuan Wuji and a group of elders from the royal family hunted many powerful monsters and found many strange beasts in the deep areas of this primeval forest. The rare fruit came back happily.

At this time, Ye Feng came directly in front of everyone, looking at the full harvest, his eyes showed excitement.

Sure enough, as soon as these top powerhouses took action, the most powerful evil beasts in this primitive forest were unable to withstand the siege of these top powerhouses, and were all hunted down.

There are earth dragons covered with silver scales, and mysterious big birds covered with feathers made of gold. In addition, there are dinosaur beasts with three heads, all of which look very powerful and powerful. ancient.

In normal times, these evil beasts are probably the dominant evil beast overlords in this primitive forest. They usually dominate and conquer territory everywhere.

But this time they were unlucky. They encountered Xuan Wuji and a group of elders from the royal family who forced the sect to join forces and kill them all.

At this time, Xuan Wuji looked at Ye Feng, smiled and said: "We hunt these ancient evil beasts in the forest just for you, Ye Feng. I know that Ye Feng, you need the energy of these powerful creatures in the world. It is used to improve your cultivation. Your cultivation has improved so fast,

and your combat power is amazing. If it can help you enter the Great Zhou Heaven Realm, I think you will be able to compete with top powerhouses like us."

Hearing what Xuan Wuji said, Ye Feng was very grateful and said: "Thank you, senior Xuan Wuji, for always considering me."

At this time, Ye Feng said such words of gratitude, not because he was deliberately complimenting Xuan Wuji, but because Ye Feng was really grateful.

After all, Xuan Wuji has always considered him since he followed Xuan Wuji, including before taking the initiative to give him ninety-nine and eighty-one pieces of heaven and earth dragon energy, asking Xuan Wunian to teach him for free the extremely powerful and peerless inheritance of the prehistoric era. , as well as helping him hunt down so many powerful evil beasts this time, etc., this all shows that Xuan Wuji really attaches great importance to Ye Feng.

At this time, Ye Feng did not hesitate at all, and directly released the Devouring Domain, which began to cover dozens of extremely powerful ancient evil beasts present.

Boom!

At this moment, a huge amount of energy was immediately swallowed up by Ye Feng and absorbed into his Dantian.

At this moment, Ye Feng saw a group of other seniors from the royal family, as well as Xuan Wuji, all using the other cultivation resources they had found.

At this time, Ye Feng did not hesitate at all and concentrated on devouring the blood and energy of his ancient evil beast.

At this time, Ye Feng could immediately feel that his skill reserve had increased tremendously.

At this moment, Ye Feng's cultivation momentum was immediately growing at an incredible speed.

Boom!

Finally, at a certain moment, Ye Feng's cultivation skills accumulated to a powerful level, and he suddenly broke through. From the half-step of the Small Zhoutian Realm, he successfully broke through to the first level of the Small Zhoutian Realm!

After sensing this change at this moment, Ye Feng immediately showed deep excitement in his eyes.

This time, with the help of the energy of dozens of ancient evil beasts, I finally completely broke through my biggest bottleneck. It was really a huge progress.

At this time, Ye Feng could feel that after he broke through to the real first level of the Little Zhou Heaven Realm, Ye Feng's power had increased hundreds of times.

At this time, Ye Feng could feel that he was much stronger than before.

At this time, Ye Feng also saw not far away, the cultivation resources that Xuan Wuji and a group of royal seniors had explored, which also greatly improved their skills.

Uh-huh!

At this time, Xuan Wuji suddenly flew in front of Ye Feng, his eyes were very solemn and he said: "Maybe we can take action."

Hearing what Xuan Wuji said, Ye Feng thought for a moment, and then

Then he nodded and said loudly: "We have accumulated enough, maybe we can really take action against the Dark Demon Emperor."

Hearing what Ye Feng said, Xuan Wuji also nodded, then looked at the group of seniors from the royal family behind him, and said loudly: "It's time for us to take revenge. During this time, we are hiding here and there and developing silently. Now that we have accumulated enough strength, we may be able to officially declare war on the Dark Demon Emperor."

Hearing what Xuan Wuji said, this group of seniors from the royal family, although they were already very old, were still excited, and they immediately said: "Your Majesty, let's go directly to fight against the Dark Demon Emperor."

Hearing what these seniors of the royal family said, Xuan Wuji was also full of confidence and said: "Let's leave directly and go to the Daxuan Dynasty Palace."

"Okay! Take back our territory!"

Hearing what Xuan Wuji said, a group of elders from the royal family roared and flew quickly towards the imperial city of the Daxuan Dynasty.

At this time, Ye Feng led two giant spirit guards, followed behind Xuan Wuji and a group of senior royal family members, and flew quickly towards the imperial city of the Daxuan Dynasty.

Ye Feng was actually a little nervous at this time. After all, no one knew how powerful the Dark Demon Emperor was, not to mention that the Dark Demon Emperor might also have very powerful helpers.

After all, the Dark Demon Emperor has now come to the Daxuan Dynasty and must have assimilated many powerful people. In addition, he must have also brought many extremely powerful beings from the Dark Demon Clan behind him.

So at this time, Ye Feng was naturally a little worried.

However, Ye Feng did not feel afraid at this time, because Ye Feng knew very well that this was the decisive moment of life and death for the entire Daxuan Dynasty, and there was no retreat at all!

Chapter 5200 The most advanced

At this moment, when Ye Feng was thinking secretly, everyone was about to arrive at the imperial city of the Great Xuan Dynasty.

At this time, even many old predecessors of the Great Xuan Dynasty royal family became a little nervous.

Although they were all excited, they also knew that this was a battle of life and death, so everyone took it very seriously.

Buzz!

At this time, Xuan Wuji, the emperor of the Great Xuan Dynasty, had an unprecedented cold and murderous look in his eyes, and his aura was like a vast ocean.

Obviously, Xuan Wuji had waited for this day for too long.

Back then, he was secretly defeated by the Dark Demon Emperor and imprisoned in a small place, in the dark for many years, so Xuan Wuji had always been extremely frustrated.

Now he has escaped and restored his peak strength, and has received the help of so many old and powerful royal family members, so now Xuan Wuji can be said to be full of murderous intent, and naturally he is particularly eager to fight with the Dark Demon Emperor.

Not only for the entire Great Xuan Dynasty, but also for his own personal grudges.

At this moment, Xuan Wuji brought a group of old and powerful royal family members and instantly descended on the palace of the Great Xuan Dynasty.

Boom!

Xuan Wuji was full of divine light, looking at a certain direction of the palace below, and shouted: "Dark Demon Emperor, come out and die quickly!"

At this time, Xuan Wuji's tone was full of infinite domineering, and there was also a terrifying murderous intent.

At this time, as Xuan Wuji's voice fell, the entire imperial city of the Great Xuan Dynasty suddenly became boiling.

Everyone looked quickly up at the sky.

Because no one expected that such a thing would happen in the royal family of the entire Great Xuan Dynasty.

At this time, Xuan Wuji said to the entire imperial city of the Great Xuan Dynasty: "Don't be afraid, don't be confused, because the emperor of the Great Xuan Dynasty is now a dark demon emperor in disguise, and I, Xuan Wuji, am the real emperor. This time, I am back with many old and powerful members of the royal family.

The imperial city is to eliminate these dark demons who attempt to infiltrate our Great Xuan Dynasty royal family."

After Xuan Wuji's voice fell, many residents in the imperial city and palace of the entire Great Xuan Dynasty suddenly showed deep horror in their eyes. It seemed that they had never expected that the seemingly peaceful imperial city of the Great Xuan Dynasty would be so undercurrent, and even the emperor of the Great Xuan Dynasty was disguised by the dark demon emperor.

However, everyone was relieved that this time, fortunately, the real emperor of the Great Xuan Dynasty returned with a group of old predecessors of the royal family.

At this time, many residents in the imperial city of the Great Xuan Dynasty all ran out of their homes to watch this huge change.

Boom!

At this moment, a huge dark aura suddenly rushed out of the palace.

That was the aura of the Dark Demon Emperor disguised by the Great Xuan Dynasty.

At this moment, Ye Feng and everyone saw that in the thick black gas gushing out of the palace, a tall middle-aged man in a dark golden robe appeared.

The skin of this middle-aged man was pitch black, but his pupils were pure gold. He looked noble but dark.

This person was definitely the Dark Demon Emperor disguised as Xuan Wuji.

At this time, the Dark Demon Emperor was slowly floating in the huge black gas of the palace.

At this moment, the Dark Demon Emperor's golden pupils stared at Xuan Wuji standing in the sky not far away. A trace of mocking smile appeared in his eyes, and he said: "Xuan Wuji, I was defeated by you back then. I didn't expect you to dare to come back and make trouble for me. Even if you tell everyone the truth now, it will be useless, because I have almost controlled most of the forces of the Great Xuan Dynasty, and I have secretly carved a huge demon formation in the entire imperial city. Once this demon formation is completely activated, the infinite demon energy will

envelop the entire imperial city of the Great Xuan Dynasty. Everyone in the imperial city of the Great Xuan Dynasty, no matter how powerful they are, or ordinary residents, will be assimilated by the demon energy of this demon formation and become our dark demons. At that time, the entire Great Xuan Dynasty will be reborn and become the empire of our dark demons."

Wow!

Hearing the Dark Demon Emperor say this, everyone in the entire imperial city was terrified to the extreme.

They wanted to escape from the imperial city frantically.

But at this time, the Dark Demon Emperor just laughed sarcastically, and suddenly stretched out a hand, directly activating the demon formation he had secretly engraved in the entire imperial city.

Boom!

Almost at this moment, under the entire imperial city, a surge of dark demonic energy suddenly surged out.

Boom!

At this moment, such a dark demonic energy that emerged from the ground directly enveloped the entire huge imperial city.

At this time, no one could escape the demon formation of the entire imperial city.

At this moment, the Dark Demon Emperor laughed loudly in the sky, and said ambitiously: "From today on, the entire Great Xuan Dynasty will become my world."

At this moment, after hearing what the Dark Demon Emperor said, Xuan Wuji said coldly: "Today is the day you die."

The Dark Demon Emperor laughed loudly and said: "If you hadn't come, maybe this day would have been delayed for a while, but if you came early, I had nothing to hide, so I just activated the entire emperor in advance. The ancient formations in the city just make this day come faster."

Hearing what the Dark Demon Emperor said, Xuan Wuji said nothing more, but instantly burst out with his incomparable strength and peerless heritage.

At this moment, Ye Feng immediately felt that an extremely terrifying and destructive aura erupted from Xuan Wuji's body.

Ye Feng's eyes suddenly revealed a deep expression.

With a look of surprise, Ye Feng felt Xuan Wuji's full power at close range for the first time.

When Ye Feng and Xuan Wuji acted together before, Xuan Wuji basically didn't really unleash all his power.

But this time facing the Dark Demon Emperor, Xuan Wuji could be said to have unleashed all his strength to fight the Dark Demon Emperor to the death.

So at this time, Ye Feng sensed the true power of Xuan Wuji, which was indeed terrifying to the extreme. He was worthy of being the most powerful figure in Zhongzhou in the entire world of monsters.

At this moment, the Dark Demon Emperor also smiled coldly and said: "Xuan Wuji, I was able to defeat you back then, and I can still defeat you today. This time, I will not hold back anymore, I will completely defeat you. "Kill you."

Xuan Wuji laughed loudly and said aloud: "You couldn't kill me back then, you could only imprison me, let alone now."

Boom!

Almost at this moment, Xuan Wuji immediately displayed his extremely powerful inheritance, the great law of life and death.

Boom!

At this moment, the power of life and death between heaven and earth formed a black and white Tai Chi diagram, which appeared above Xuan Wuji's head.

Xuan Wuji was like a god. He rushed in front of the Dark Demon Emperor in an instant and punched out with a force of tens of millions. The entire void was about to collapse and the avenue was wiped out.

boom!

The Dark Demon Emperor was not weak at this time, and instantly burst out his true form of the Demon Emperor.

I saw that the Dark Demon Emperor immediately expanded directly on the spot and became a majestic dark giant with a height of tens of thousands of meters, and collided with Xuan Wuji in an instant.

Boom!

The battle between the two is really terrifying. After all, they are the top figures in Zhongzhou in the entire Ten Thousand Monsters interface.

The battle between them can be described as earth-shattering. The whole scene was extremely chaotic. Countless divine lights flashed crazily. The entire sky was about to collapse. The scene was terrifying!
