Chapter 5211: It is indeed amazing

At this time, even Xuan Wuji couldn't help but have a look of deep horror on his face.

Although he is the master of Zhongzhou Earth Overlord level in the Ten Thousand Demons Interface and is a top figure in the Ten Thousand Demon Interfaces, but now he can't help but widen his eyes when he sees the Gate of Heaven displayed by Ye Feng. It seems that he never expected that Ye Feng actually possesses the legendary magic weapon of the Lord of Heaven.

However, Xuan Wuji was still not sure, so he couldn't help but ask.

Ye Feng smiled slightly at this time and said aloud: "Yes, Senior Xuan Wuji, this is the legendary Gate of Heaven. I got it when I was very weak in cultivation. I have never done anything special. It has a great effect, but now my magic has been cultivated to a very powerful level, so the power of the Gate of Heaven I use now is much more powerful than before, enough to suppress this dark demon that has crawled out of the grave and has turned into a corpse. The old monster of the clan, because the incomparable sacred light power in the Gate of Heaven can dispel the underworld aura from this old monster of the dark demon clan, greatly reducing his strength. "

Hearing what Ye Feng said, Xuan Wuji said excitedly: "This is definitely the best weapon to deal with creatures from the underworld and creatures with demonic attributes."

At this moment, Xuan Wuji was extremely happy, because he never thought that Ye Feng would have such a unique treasure that specifically restrained the creatures of the underworld, which would be of great help to them.

At this moment, Xuan Wuji and a group of royal seniors immediately launched a very violent attack.

Terrifying waves of destructive light erupted from everyone's body, all of which hit the old dark demon monster crawling out of the grave in front of them.

Boom!

At this moment, Xuan Wuji and a group of royal seniors attacked, causing the old monster of the dark demon clan to suffer serious injuries immediately.

If it had been before, they would not have been able to break through the defense of this old dark demon clan monster.

Because this old monster of the dark demon tribe has been tempered by the Yin Qi of heaven and earth for tens of thousands of years in the ancient tomb, and its scales have turned into green scales, which are very strong.

But now, all the defensive power of this old monster from the dark demon clan who has turned into a corpse has been weakened by Ye Feng using Heaven's Gate to disperse it.

So now this old monster of the dark demon clan can no longer resist the attacks from Xuan Wuji and a group of royal seniors.

Under the attack of everyone, this old monster of the dark demon clan was completely killed.

Uh-huh!

At this moment, Ye Feng followed everyone down instantly.

Wow!

Xuan Wuji reached out and grabbed it at this time, breaking the entire ancient tomb into pieces.

The true form of this old monster from the dark demon tribe was completely revealed.

It turned out to be a dark demon that looked like an eight-armed evil beast, but the scales on its body were all green, exuding a cold metallic luster, and had a very terrifying defensive power.

At this moment, Xuan Wuji seemed to have sensed something. He stretched out his hand to grab it, and actually grabbed a round ball with green light directly from the withered body of this old dark demon monster that had been dead for many years and had lost all its life and blood. bead.

This round bead is the size of a human head and contains a very terrifying Yin Qi.

At this time

At this time, even a very powerful person Xuan Wuji felt that his blood energy was being eroded while holding on to this green bead the size of a human head.

At this moment, Xuan Wuji immediately frowned slightly and couldn't help but said: "This is the core of the underworld creature condensed after the transformation of this old monster from the dark demon clan. The energy contained in it is all very terrifying. The energy of the underworld can corrode even my power. Ye Feng, I don't know if you can swallow this corrosive energy, it should be quite harmful."

Ye Feng grinned at this time and said loudly: "Senior Xuan Wuji, I can devour energy of any attribute in the world."

At this moment, Ye Feng naturally didn't hesitate at all. He opened his mouth and swallowed the green bead the size of a human head under the stunned gazes of many royal seniors around him.

"What??"

"this....."

At this moment, all the elders of the royal family saw Ye Feng's actions, and their faces suddenly showed horrified expressions.

Even Xuan Wuji was slightly stunned and said: "Ye Feng, you just swallowed such a highly poisonous thing? Are you sure this is okay?"

Ye Feng patted his belly at this time, smiled and said: "Of course, I am quickly digesting the underworld energy in this round bead, and the energy contained in it is still very majestic."

And just when Ye Feng was talking.

Boom!

Boom!

Ye Feng's body unexpectedly burst out with two powerful cultivation auras.

Ye Feng digested this round bead at this moment, and actually let his cultivation level break through two small realms in a row, from the fifth level of the Earthly Evil Realm to the seventh level of the Earthly Evil Realm. It can be said that the speed of this breakthrough is very fast. Soon, it also means that the energy contained in the core condensed in the body of this dark demon old monster is still very vigorous.

Ye Feng was naturally very satisfied at this time and said loudly: "It's really good."

Seeing what Ye Feng said and seeing Ye Feng's casual look, many seniors from the royal family around him couldn't help but shake their heads and smile bitterly.

There was an old man in a golden robe who couldn't help but smile bitterly and said: "This kid is really a genius."

Xuan Wuji also stared blankly, and then couldn't help but smile dumbly and said: "Ye Feng, you are indeed defiant."

Uh-huh!

At this moment, an elder from the royal family flew over not far away and said: "Your Majesty the Emperor, I discovered the location of the treasure house in the lair of the Dark Demon Clan, but I cannot open it."

Hearing what this senior member of the royal family said, the eyes of everyone present suddenly lit up.

Ye Feng's eyes also lit up.

However, Ye Feng also knew that all the wealth in the Dark Demon Clan's treasure house could not be given to him. After all, the main force this time was Xuan Wuji and a group of royal seniors.

But Ye Feng also knows that as an ancient race like the Dark Demon Tribe, it has accumulated a treasure trove for so many years. Even if he only gets a share of the pie, he will definitely gain huge rewards and make a fortune instantly.

At this time, Xuan Wuji stared at the old royal family member and said loudly: "Come on, take us there to see. The treasure trove accumulated by the dark demon clan for so many years must contain huge wealth! All those who participated in the battle this time Everyone has the right to share this huge wealth, including Ye Feng." At this time, even Xuan Wuji couldn't help but have a look of deep horror on his face.

Although he is the master of Zhongzhou Earth Overlord level in the Ten Thousand Demons Interface and is a top figure in the Ten Thousand Demon Interfaces, but now he can't help but widen his eyes when he sees the Gate of Heaven displayed by Ye Feng. Ye Feng grinned and said, "Senior Xuan Wuji, I can swallow any energy of any attribute in the world."

At this moment, Ye Feng naturally did not hesitate at all. He directly swallowed the green round bead as big as a human head in the stunned eyes of many old royal seniors around him.

"What?"

"This..."

At this moment, all the old royal seniors saw Ye Feng's actions and suddenly showed a look of horror on their faces.

Even Xuan Wuji was slightly stunned and said, "Ye Feng, you swallowed this poisonous thing directly? Are you sure it's okay?"

Ye Feng patted his stomach at this time and said with a smile, "Of course, I am now quickly digesting the netherworld energy in this round bead. The energy contained in it is still very majestic."

And just as Ye Feng was speaking.

Boom!

Boom!

Two powerful cultivation auras burst out from Ye Feng's body in succession.

Ye Feng digested the bead at this moment, and his cultivation broke through two small realms, from the fifth realm of the Earthly Demon Realm to the seventh realm of the Earthly Demon Realm. It can be said that the speed of this breakthrough is very fast, which also means that the core condensed in the body of this old monster of the Dark Demon Clan contains very vigorous energy.

Ye Feng was naturally very satisfied at this time and said aloud: "Really good."

Seeing Ye Feng say this, seeing Ye Feng's casual look, many old predecessors of the royal family around couldn't help shaking their heads and smiling bitterly.

An old strong man in a golden robe couldn't help but smile bitterly and said: "This kid is really a genius."

And Xuan Wuji was also stunned, and then couldn't help but smile dumbly, saying: "Ye Feng, you are really amazing."

Swish!

At this moment, an old predecessor of the royal family flew over not far away and said aloud: "Your Majesty, I found the location of the treasure house in the old nest of the Dark Demon Clan, but I can't open it."

Hearing this old predecessor of the royal family say this, everyone present suddenly brightened up.

Ye Feng's eyes lit up.

However, Ye Feng also knew that it was impossible for all the wealth in the Dark Demon Clan's treasury to be given to him. After all, the main force this time was still Xuan Wuji and a group of royal elders.

But Ye Feng also knew that the Dark Demon Clan was such an ancient race, and had accumulated a treasure house for so many years. Even if he only got a share, he would definitely be able to reap huge rewards and get rich instantly.

At this time, Xuan Wuji stared at the royal elder and said, "Let's go, take us over to see. The Dark Demon Clan has accumulated a treasure house for so many years, and it must store a huge amount of wealth! All the people who participated in the battle this time have the right to share this huge wealth, including Ye Feng."

Chapter 5212 Other Magical Weapons

Xuan Wuji said that Ye Feng was included at this time, of course, not because of partiality, but because he truly felt that Ye Feng had a right to share a share of this huge wealth.

Because at the last moment, Xuan Wuji and a group of old seniors of the royal family could not break the defense of the old monster of the dark demon clan who had already turned into a corpse.

In the end, if Ye Feng had not used the peerless treasure of the Gate of Heaven, everyone would probably have to temporarily withdraw from the nest of the dark demon clan and make long-term plans.

But with Ye Feng, Xuan Wuji and many old seniors of the royal family were able to completely kill the most powerful and terrifying old monster of the dark demon clan and completely eradicate the dark demon clan.

So at this time, when Xuan Wuji said this, the many old seniors of the royal family around him naturally had no objection.

Because they also knew that although Ye Feng's cultivation strength was a little worse than theirs, he was absolutely qualified to share a share of the treasure house of the dark demon clan.

At this time, Xuan Wuji did not hesitate at all. He brought Ye Feng and a group of old seniors from the royal family and immediately descended to the treasure house of the dark demon clan's lair.

At this moment, everyone immediately saw that a huge underground space appeared on the ground in front of them.

This underground space should have been dug out by the old strong man from the royal family who reported the situation before.

At this moment, everyone immediately saw that in the deep pit underground, there was an extremely huge golden gate.

The entire gate seemed to be made of pure golden iron. It exuded a cold metallic luster under the sunlight, giving people a very heavy and ancient feeling.

At this moment, the old strong man from the Great Xuan Dynasty who had just reported the situation could not help but say: "I used all my means, but I couldn't break this golden gate. It seems that this golden gate is made of a very special material. It is very likely that it is a special material tempered by the dark demon clan itself. It is too strong and cannot be opened at all."

Hearing what the old powerful man of the royal family said, Xuan Wuji nodded immediately and said, "Let me try to open it."

At this time, Xuan Wuji directly stretched out a hand and slammed towards the golden gate.

Boom!

But the moment Xuan Wuji's big hand hit the golden gate, it only made a huge roar, and there was no way to cause any damage to the golden gate.

"Huh?"

Seeing this scene, many old powerful men of the royal family around them all showed deep surprise in their eyes, as if they didn't expect that even a powerful existence like Xuan Wuji couldn't destroy the golden gate.

At this time, Xuan Wuji's eyes also showed a look of surprise, as if he felt that his face was a little embarrassed, and he immediately used his strongest inheritance, the Great Law of Life and Death of the Heavens!

At this moment, a huge black and white Tai Chi diagram suddenly appeared behind Xuan Wuji, representing the power of life and death, and the endless cycle of reincarnation.

Boom!

At this time, Xuan Wuji exerted the strongest power of inheritance, and the Tai Chi diagram condensed out slowly crushed towards the golden gate.

But what made everyone stare wide-eyed was that even if Xuan Wuji had exerted the strongest inheritance, the Great Law of Life and Death of the Heavens, the Tai Chi diagram condensed out could not crush the golden gate.

"What?"

Seeing this scene, many old royal masters present, including Xuan Wuji himself, suddenly became extremely ugly.

Because they never thought that even the power of a top master like Xuan Wuji could not destroy

this golden gate.

At this time, an old royal master could not help but sigh and said, "Can we only collect the treasure house, but have no way to get the wealth in it?"

At this time, many old royal masters showed disappointment on their faces.

Even Xuan Wuji, the emperor of the Great Xuan Dynasty, didn't know what to do for a while and felt it was very tricky.

At this time, Ye Feng suddenly said, "Why don't you let me give it a try?"

Hearing Ye Feng say this, everyone's eyes were all focused on Ye Feng, a little confused and surprised.

Because they couldn't deal with the old monster of the dark demon clan who had turned into a corpse before, it was only because of Ye Feng that they succeeded.

Now even Xuan Wuji's power couldn't destroy this golden door, could Ye Feng's power destroy it?

Everyone naturally didn't dare to believe it.

So at this time, many old and powerful royal family members looked at Ye Feng with doubts.

And Xuan Wuji seemed to have thought of something at this time, and immediately couldn't help but say, "Ye Feng, do you have other treasures that can break this extremely solid golden door?"

Xuan Wuji knew very well that Ye Feng's current power would definitely not be able to destroy this golden door.

But Ye Feng seemed to have a lot of treasures on him. Could it be that Ye Feng had other magic weapons?

Hearing Xuan Wuji's question, Ye Feng immediately grinned and said, "I really have a magic weapon that can destroy this golden door."

At this moment, after Ye Feng finished speaking, the golden ring on his finger immediately turned into a golden sword.

"Um?"

Seeing this scene, the powerful elders of the royal family couldn't help but be surprised.

#Every time verification appears, please do not use incognito mode!

He spoke up and said: "Can a long sword transformed from a ring be able to break through this golden door that even His Majesty the Emperor cannot destroy?"

At this moment, everyone saw the golden sword that Ye Feng took out, so casually, and naturally they were very suspicious.

At this time, Xuan Wuji seemed to have become accustomed to Ye Feng's various magical means, which could turn danger into safety, survive from desperate situations, and turn decay into magic every time.

Therefore, Xuan Wuji did not have any suspicion in his eyes at this time. Instead, he stared at Ye Feng with a hint of expectancy.

Xuan Wuji didn't say much.

At this time, Ye Feng was holding the golden sword, flying into the deep pit in the underground space, and standing on the golden gate.

At this time, the golden sword in Ye Feng's hand is naturally a token of the Celestial Clan. The Celestial Sword transformed from the Celestial Ring comes from a higher level of heaven and is the number one interface among all the worlds in this lower dimension." The strongest race in the "Heaven Realm", the peerless treasure left by the Celestial Clan.

Moreover, Ye Feng also learned a secret during his training. The Celestial Race is most likely not a race from the lower dimensions of the heavens and worlds, but a powerful race from the higher dimensions of the extraterrestrial world. .

Therefore, the Celestial Ring of the Celestial Clan is a peerless weapon from a higher cultivation dimension. The transformed Celestial Sword can cut through almost any of the strongest materials in the lower dimensional world, which is equivalent to a dimensionality reduction strike.

At this moment, Ye Feng didn't hesitate at all. He just held the God's Sword in his hand and stabbed towards the golden door.

And many seniors from the royal family around were staring at Ye Feng's actions, as if they wanted to see if a miracle would happen?

After all, this is a golden door that even top figures like Xuan Wuji cannot destroy. Can a golden sword that Ye Feng took out at random really break through this golden door?

And when everyone was concentrating on observing Ye Feng, the God's Sword in Ye Feng's hand actually pierced the entire golden gate without any hindrance.

Then under the horrified eyes of everyone, Ye Feng soon turned into the sword of the gods, cutting and shattering the entire golden gate.

"What?"

"Is it so easy and simple?"

"Just broke through the golden door?"

Seeing this scene at this time, many seniors of the royal family suddenly widened their eyes and couldn't help but said: "Ye Feng, this young man, why does he have so many treasures on his body? One after another, each one is more magical than the last." "

Hearing what the seniors of the royal family said at this time, Ye Feng laughed and said: "Don't be stunned, everyone, hurry up and enter the treasure house of this dark demon clan to share the wealth."

Hearing what Ye Feng said, many seniors of the royal family jumped into the underground space with great enthusiasm, followed the destroyed golden gate, and landed into the treasure house space of the dark demon clan.

Uh-huh!

At this moment, Xuan Wuji flew to Ye Feng's side from high in the sky. He couldn't help but patted Ye Feng's shoulder and said with a sigh: "Ye Feng, you are really the most beautiful person I have ever seen. Amazing and most powerful young man, as long as I give you time, it's definitely not impossible for you to surpass me in the future."

When Ye Feng heard what Xuan Wuji said, he smiled slightly and said, "Thank you, Senior Xuan Wuji, for your compliment."

Xuan Wuji sighed at this time, with a somewhat complicated look in his eyes, staring at Ye Feng, and said loudly: "A talent like you cannot stay in our Daxuan Dynasty forever. It is really our Daxuan Dynasty that The loss."

Xuan Wuji knew very well, and Ye Feng had already said that Ye Feng would not be able to stay in the Daxuan Dynasty forever in the future.

Ye Feng wants to go to heaven to pursue more powerful power, and finally enter the advanced spiritual dimension of the outside world to find his father and mother who have disappeared in the outside world.

Because family members will always be Ye Feng's ultimate concern.

At this time, hearing Xuan Wuji sigh, Ye Feng could not help but shake his head and smile, and said: "I will not leave the Daxuan Dynasty yet, senior Xuan Wuji, the half of the country you promised me, But it hasn't been given to me yet."

Hearing Ye Feng's half-joking tone, Xuan Wuji immediately couldn't help but raised his head and laughed loudly, saying: "Don't worry, I will definitely give you what I promised you. When the time comes, I will take you to our Daxuan From the dynasty's treasury, you can choose from all the wealth."

"Um?"

Hearing Xuan Wuji's bold and domineering words, Ye Feng also became interested. His eyes suddenly lit up and he said, "Okay, I will make a good selection when the time comes."

Ye Feng knew very well that the Daxuan Dynasty was not some ordinary big force on the land of Zhongzhou in the interface of ten thousand demons, but a super power at the overlord level standing at the top of the pyramid.

Ye Feng simply couldn't imagine how much wealth was stored in the treasury of such a hegemonic force.

If Ye Feng can choose all kinds of good things from the treasury at will, then for Ye Feng, it will definitely be no less than getting a huge treasure.

At this time, seeing that Ye Feng seemed to be fascinated by his thoughts, Xuan Wuji laughed, patted Ye Feng's shoulder, and said loudly: "Let's go, first go down and take a look at the treasure house of this dark demon clan.

#Every time verification appears, please do not use incognito mode!

There are some good things in it, but you can't just pick and choose what's in it. After all, our entire team works together, and everyone has the right to divide up this protected good thing. "

Hearing what Xuan Wuji said, Ye Feng immediately laughed and said: "Of course, I know this. Everyone has contributed, so naturally this treasure house should be divided equally. I am not as selfish as you think, senior Xuan Wuji. I He also has a fair heart."

Hearing what Ye Feng said, Xuan Wuji immediately smiled and took Ye Feng down to the treasure house.

At this moment, Ye Feng, Xuan Wuji and a group of seniors from the royal family officially entered the treasure house of the dark demon clan.

The first thing that catches the eye is the dense black iron armor specially made by the dark demons. They are all hanging on the surrounding walls and covering the entire underground space.

They look very cold and shocking, and they are full of... Hundreds of thousands of sets of extremely powerful dark armors.

At this time, an old royal family member who seemed to have studied the art of refining weapons immediately couldn't help but said in surprise: "These hundreds of thousands of black black iron armors, with a little improvement, can It becomes the armor of the soldiers of our Daxuan Dynasty, and it will definitely greatly enhance the strength of our soldiers of the Daxuan Dynasty."

Hearing what this senior member of the royal family said, Xuan Wuji immediately nodded and said, "Then these hundreds of thousands of sets of black black iron armor will be left to you to refine and improve. When the time comes, they will be equipped directly to us. On the warriors of the Daxuan Dynasty."

The old man of the royal family immediately nodded in surprise, and immediately put all the hundreds of thousands of sets of black black iron armor hanging on the surrounding walls into his storage ring.

When Ye Feng saw this scene, he didn't say much, because Ye Feng didn't have much interest in this so-called powerful armor at all.

Ye Feng's immortal body of the God is far beyond these so-called powerful armors.

These armors are only for ordinary practitioners to use, and can greatly enhance the combat effectiveness of ordinary practitioners.

But to Ye Feng, this kind of armor is nothing.

At this time, everyone continued to move forward, and soon, they came to the second secret room.

In the second secret room of this treasure house, everyone saw a very tragic scene.

I saw densely packed skeletons, human skeletons, and skeletons of other races in the wilderness forest, all piled up in this second secret room, forming a huge skeleton altar.

And in the middle of this huge skeleton altar, a crimson skull was still slowly rotating at this moment.

Seeing this scene at this moment, an elder from the royal family couldn't help but said in surprise: "The dark demons seem to be using the bones of many creatures to refine a very powerful evil magic weapon of the dark demons. , this crimson skull looks like it is soaked in blood. It is a very evil magic weapon of the dark demon clan. It is best to destroy it and not let it come out and harm the world. "

Xuan Wuji nodded slightly and was about to destroy it, but at this moment Ye Feng suddenly said: "Senior Xuan Wuji, this magic weapon should be a very powerful special magic weapon that the dark demons have worked hard to refine. , it's such a pity to be destroyed like this. My body's power can already contain the power of thousands of attributes in the world, so I can refine this magic weapon. Why not just let me refine this skull magic weapon? Just use it, it's not a waste." Click!

And when everyone was concentrating on observing Ye Feng, the God's Sword in Ye Feng's hand actually pierced the entire golden gate without any hindrance.

Then under the horrified eyes of everyone, Ye Feng soon turned into the sword of the gods, cutting and shattering the entire golden gate.

"What?"

"Is it so easy and simple?"

"Just like that, the golden door was opened?" .??.

Seeing this scene at this time, many seniors of the royal family suddenly widened their eyes and couldn't help but said: "Ye Feng, this young man, why does he have so many treasures on his body? One after another, each one is more magical than the last." "

At this time, everyone continued to move forward, and soon, they came to the second secret room.

In the second secret room of this treasure house, everyone saw a very tragic scene.

I saw densely packed skeletons, human skeletons, and skeletons of other races in the wilderness forest, all piled up in this second secret room, forming a huge skeleton altar.

And in the middle of this huge skeleton altar, a crimson skull was still slowly rotating at this moment.

Seeing this scene at this moment, an elder from the royal family couldn't help but said in surprise: "The dark demons seem to be using the bones of many creatures to refine a very powerful evil magic weapon of the dark demons. , this crimson skull looks like it is soaked in blood. It is a very evil magic weapon of the dark demon clan. It is best to destroy it and not let it come out and harm the world. "

Xuan Wuji nodded slightly and was about to destroy it, but at this moment Ye Feng suddenly said: "Senior Xuan Wuji, this magic weapon should be a very powerful special magic weapon that the dark demons have worked hard to refine. , it was such a pity that it was destroyed like this. My body's power can already contain the power of thousands of attributes in the world, so I can refine this magic weapon. Why not just let me refine this skull magic weapon? Just use it, it's not a waste."

Chapter 5214 The Third Secret Room

Hearing what Ye Feng said at this moment, Xuan Wuji's eyes suddenly showed a look of surprise, as if he did not expect that Ye Feng could actually refine and use this extremely evil dark demon's skull magic weapon.

At this time, Xuan Wuji didn't have any big objections, so he retracted his hand and did not continue to destroy the skull magic weapon.

Moreover, this skull magic weapon was originally a very powerful peerless treasure refined by the dark demons. Maybe Xuan Wuji really took action, but he might not be able to destroy this skull magic weapon.

At this time, a group of other powerful elders from the Daxuan Dynasty around them could not help but remind them: "Young man Ye Feng, you can tell at a glance that this skull magic weapon was made by very evil means. , has gathered the resentment and anger of many living beings. If you refine it rashly, it is likely to affect your mind, and this magic weapon is inherently evil. Are you sure you want to refine it into your body?"

When Ye Feng heard what these seniors of the royal family said, a hint of smile suddenly appeared in his eyes, and he said loudly: "Seniors, don't worry, magic weapons do not distinguish evil, only those who use them can distinguish evil. This skull magic weapon Although it is a very evil magic weapon refined by the dark demon clan, it will definitely not kill innocent people indiscriminately in my hands, but will play its due role. "

Hearing what Ye Feng said, the seniors of the royal family nodded immediately and said nothing more.

Because they knew that Ye Feng, a young man who seemed very easy-going, was actually a very determined person.

Since Ye Feng wants this skull magic weapon now, no one can stop him.

At this moment, everyone continued to walk towards the third secret room.

When they entered the third secret room, their eyes suddenly lit up.

Because this third secret room is filled with densely packed books.

All of these books are incredibly powerful legacies.

At this moment, an elder from the royal family took a look and couldn't help but said in surprise: "These inheritances are not only the inheritance of the Dark Demon Clan, but also the inheritance of other sects and races. Although the inheritance of the Dark Demon Clan We can't practice the inheritance, but we can definitely practice the inheritance of other races and sects."

Hearing what the elders of the royal family said, Xuan Wuji nodded slightly and said loudly: "It seems that the dark demons not only put their inheritance in the treasure house, but also burned and killed them in this land of Zhongzhou over the years. All the inheritances that have been looted and captured are piled here. Take all these inheritances back, improve them, and distribute them to the warriors of our Daxuan Dynasty for training. In this case, it will definitely improve the overall strength of our Daxuan Dynasty. There are huge benefits."

Hearing what Xuan Wuji said, many seniors of the royal family nodded and began to collect all the inheritance books in the third secret room.

At this time, Xuan Wuji looked at Ye Feng beside him, smiled and said: "Ye Feng, you can also choose the inheritance book you want, you can just hold it."

Ye Feng smiled slightly at this time and said: "Okay, let me take a look."

Buzz!

At this moment, Ye Feng's soul power directly covered the entire field, carefully reading the contents of each book.

In the end, Ye Feng chose the two most powerful inheritances, one from the dark demon clan and one from an unknown sect.

The first set of inheritance that Ye Feng chose, that is, the inheritance of the dark demon clan, is called "Dark Prison". This set of inheritance is a kind of inheritance that restrains the enemy. It can greatly affect the enemy's behavior during the battle. Power, and can also be used on escaping enemies, instantly trapping them in a dark prison.

The second set of inheritance that Ye Feng chose came from an unknown sect. It was called the "Holy Sword of the Sun". Once successfully practiced, this set of inheritance can communicate with the sun above the nine heavens. The Great Sun Holy Sword, which absorbs the power of the sun and condenses the power of the sun, has the sharpness of a sword and the extreme heat of the sun, and has very terrifying lethality.

At this moment, after Ye Feng selected these two sets of inheritances, he directly imprinted the secrets of the inheritance into his head. In this case, there was no need to hold the books. These books could be paid by the seniors of the Daxuan Dynasty. Into the storage ring.

At this moment, seeing the two inheritances chosen by Ye Feng, Xuan Wuji's eyes moved slightly, and he couldn't help but smile and said: "It seems that you have a very good sense. Both sets of inheritances are very good." It is a very rare inheritance. I have experienced this inheritance of Dark Prison when I was fighting a super strong man from the Dark Demon Clan. It is indeed very powerful. I was imprisoned by the Dark Demon Emperor back then, and in the end it was because of the darkness. The Demon Emperor used this set of dark prisons to trap me, and this set of Great Sun Sword Techniques should be the top power "Ten Thousand Swords Tianmen" that can be rivaled by our Ten Thousand Demon Interface Zhongzhou and our Daxuan Dynasty. "The Zhenzong inheritance is an extremely powerful inheritance technique that combines the power of heaven and earth with the way of the sword. If you practice it well, it will definitely greatly enhance your combat effectiveness."

Hearing Xuan Wuji's comments, Ye Feng immediately smiled and said, "Okay, I will definitely practice hard."

In fact, Ye Feng didn't need to practice hard at all. The moment Ye Feng imprinted the secrets of these two inheritances into his mind, he had already learned how to use them.

What Ye Feng has to do next is not to understand these two sets of inheritance, but to continuously exert the strongest power of these two sets of inheritance.

At this moment, Ye Feng didn't say anything, but continued to follow the crowd towards the fourth secret room of the treasure house.

The fourth secret room of this treasure house is the last secret room. I don't know what kind of good things are contained in it.

However, at this moment, Ye Feng has not seen any training resources that he can devour.

Logically speaking, there should be a lot of heaven and earth resources accumulated in the dark demon clan's treasure house.

However, it is also possible that the dark demons do not have the habit of accumulating heaven and earth resources. If they find the resources of heaven and earth, they may use them directly.

At this moment, everyone came to the fourth secret room and the last secret room.

But when they saw the scene in front of them, their eyes suddenly showed deep astonishment.

Because the fourth secret room of the treasure house turned out to be empty, with nothing in it.

This made everyone feel a little disappointed.

But at this time, Ye Feng seemed to have discovered something, and he immediately said: "Don't be disappointed, everyone, this fourth secret room, on the entire ground, seems to hide an ancient formation. Could it be the space formation method?" To some mysterious place?"

"Um?"

Hearing what Ye Feng said, everyone's eyes lit up. Hearing what Ye Feng said at this moment, Xuan Wuji's eyes suddenly showed a look of surprise, as if he did not expect that Ye Feng could actually refine and use this extremely evil dark demon's skull magic weapon.

Chapter 5215 Dark Palace

At this moment, after Ye Feng finished speaking, he walked directly to the last secret room.

Everyone followed and walked in.

However, at this time, many elders of the royal family looked towards the ground and found no traces of any special ancient formations.

So many seniors of the royal family immediately couldn't help but ask: "Ye Feng, you said there is an ancient formation on the ground of this last secret room. Where is it? Why can't we see it?"

Ye Feng smiled slightly and said aloud: "Only I can see it, and now, I will let you see it too."

After saying that, Ye Feng stretched out his hand and pressed it toward the ground.

Buzz!

At this moment, Ye Feng directly activated this ancient formation on the ground.

boom!

The next moment, the ground in the entire fourth secret room suddenly lit up with a formation, emitting very strong spatial fluctuations.

"Um?"

Seeing this scene, many seniors of the royal family immediately widened their eyes slightly.

Because they didn't know how Ye Feng silently discovered such a formation engraved on the ground in the fourth secret room.

Ye Feng smiled slightly at this time and said aloud: "I have a natural magical power called the Eye of Heaven and Earth, which can see through any formation under the sky. This formation is hidden very deep, but it still can't hide from me. This pair of eyes."

Hearing what Ye Feng said, the eyes of many seniors from the royal family were filled with deep wonder.

They stared at Ye Feng and couldn't help but say: "A peerless genius like you is absolutely rare in the entire world of monsters."

At this moment, Ye Feng was not proud when he heard the praises from these senior royal family members. He just smiled modestly and said, "It's just some ordinary abilities."

Hearing what Ye Feng said, the elders of the royal family present immediately couldn't help shaking their heads and laughing bitterly: "Ye Feng, what you said is really too modest. If Ye Feng has all the abilities you have shown, If you call it ordinary, then we, the so-called top senior figures in the royal family, really can't stand it."

At this time, Xuan Wuji said aloud: "Stop talking nonsense, let's directly enter the other space connected to this formation."

At this moment, everyone also saw that the formation activated by Ye Feng should be a space formation, which may lead to a mysterious space.

Ye Feng activated this formation at this moment, and naturally had no intention of teleporting there alone, because Ye Feng didn't know whether the place connected to this ancient formation would be very dangerous, so he took this group of people with him. It is the most correct choice for the top experts of the Daxuan Dynasty to explore the mysterious space connected by this ancient formation together.

At this moment, after Xuan Wuji's words fell, many seniors of the royal family nodded one after another, and their eyes showed deep expectations, as if they wanted to know that this ancient formation was so secretly imprinted on the Dark Demon. What kind of place is connected to the deepest area of the clan treasure house is so mysterious.

At this time, Ye Feng did not hesitate and followed the others directly into this ancient formation.

The space energy fluctuated, and everyone's figures immediately disappeared into the fourth secret room.

Along with a severe dizziness, everyone immediately saw that they had arrived in a very independent space.

There is darkness everywhere, and it looks like a very deep underground space.

And in the distance, there was a huge black mountain.

On top of this black mountain, a palace that looked ancient and dark, and seemed to have the architectural style of ancient times was built.

Looking at the dark palace on the black mountain in the distance, everyone subconsciously felt a deep fear in their hearts, even Xuan Wuji was no exception, feeling a very terrifying and fearful feeling.

An elder and powerful member of the royal family immediately couldn't help but said in surprise: "Your Majesty the Emperor, do we want to go and investigate? I feel that that dark palace seems to contain very great dangers, even if we stand so far away, I also felt a very scary feeling."

Hearing what the elder of the royal family said, Xuan Wuji nodded slightly and said, "That dark palace seems to contain a very terrible danger. If you rush to explore it, there may indeed be huge risks. But now that we've come, we can't just leave."

Ye Feng also felt a huge sense of crisis at this moment, but Ye Feng thought in his heart that there were so many top powerhouses present together, and there was also Xuan Wuji, a super big shot at the level of the controller of the overlord force of the Ten Thousand Demons Interface. , there shouldn't be any particularly terrible danger.

At this moment, Ye Feng was still inclined to investigate. He couldn't just leave this dark palace just because it seemed very dangerous. That would be too wasteful.

At this time, Xuan Wuji thought for a while, then looked at the group of powerful elders from the royal family in front of him, and said loudly: "Half of the people left here will guard the exit. If we encounter danger in the dark palace, the rest of you will Half of the royal family's elders and powerful men can be ready to meet us at the exit and escape from here at any time."

After hearing Xuan Wuji's arrangement, many of the elders of the royal family present nodded their heads, and then half of the elders of the royal family walked out and stationed themselves at the exit.

Xuan Wuji looked at Ye Feng and said loudly: "Ye Feng, you should stay at the exit with these seniors. Otherwise, there will be a terrible danger in the dark palace. I'm afraid you will arrive. Sometimes we may encounter unexpected events. After all, we may not have the energy to protect you in extremely dangerous situations."

Hearing this, Ye Feng smiled slightly at this moment and said: "It's okay, I have the giant spirit guards to protect me."

After finishing speaking, Ye Feng released the two giant spirit guards he carried with him from the space of his storage ring and guarded him.

These two giant spirit guards have become more and more powerful since Ye Feng used the ax of the giant spirit to activate the blood of the giant spirit. Their current cultivation strength is completely comparable to that of the elders of the royal family. The profoundness within it exists, second only to Xuan Wuji.

At this moment, seeing that Ye Feng had trained these two giant spirit guards to be so powerful, Xuan Wuji had a look of surprise in his eyes, and then he smiled and said: "Okay, then let's Let's go together and see what secrets there are in the dark palace on the black mountain, which is worthy of the dark demon clan to imprint a special formation and teleport here." At this moment, after Ye Feng finished speaking, he left directly. We arrived at the last secret room.

Everyone followed and walked in.

Chapter 5216 Dark Tentacles

At this time, after Xuan Wuji finished speaking, he took Ye Feng and half of the royal family seniors and immediately flew towards the huge black mountain in front of him.

When they flew around this black mountain, Xuan Wuji suddenly frowned and couldn't help but said: "This black mountain gives me a very terrifying feeling."

Hearing what Xuan Wuji said, Ye Feng's eyes moved slightly and said: "Senior Xuan Wuji, could it be that there is some very terrifying formation imprinted on this black mountain, or a forbidden spell from the ancient dark demon clan, so Did you pose a threat to Senior Xuan Wuji?"

Xuan Wuji shook his head and said aloud: "This feeling is very strange, but I can't judge what threat this black mountain gives me. After all, what is really important about this black mountain is the dark palace standing on the mountain. , but this black mountain also gives me a very scary feeling, no matter what, we should be careful."

At this moment, after Xuan Wuji finished speaking, he asked the more than a dozen seniors of the royal family around him to release their own power, forming an energy mask around everyone, protecting everyone within it. In this case, Only then can we prevent dangers that may arise at any time in the future.

At this time, Ye Feng nodded after being reminded by Xuan Wuji.

Although Ye Feng did not feel any danger from this black mountain, Ye Feng knew very well that his perception was not foolproof.

I am only very sensitive to the perception of some life fluctuations or energy fluctuations, but top figures such as Xuan Wuji, their cultivation base and creation, have some connection with the heaven and earth, so what they sense There may be more things than myself.

At this moment, Ye Feng also had two giant spirit guards guarding him, ready to launch attacks and defenses at any time.

Next, everyone quickly flew slowly towards the black mountain not far away.

And just when they came around the black mountains.

Boom!

Suddenly the whole mountain shook, and a line of light suddenly appeared on the surface of the mountain.

crack.

Dense black tentacles stretched out from every crack. There was an indescribable sense of weirdness and terror, and they rushed towards everyone in an instant.

Each black tentacle was extremely strong and possessed extremely terrifying destructive power. It instantly pierced the void and bombarded everyone.

Boom! !

Boom! !

At this moment, countless tentacles attacked the energy shield condensed around everyone, and huge roars immediately erupted.

Sure enough, Xuan Wuji's prediction was accurate. This black mountain itself is very terrifying and has strong attack power.

At this time, fortunately, Xuan Wuji asked many elders of the royal family to put up defensive masks in advance. Otherwise, everyone might have suffered at that moment, because the tentacles that suddenly stretched out were very fast. Like black lightning, they struck in front of everyone, unable to react at all.

At this moment, Ye Feng couldn't help but said: "Is there some kind of very scary monster living inside this black mountain? Could these black tentacles belong to that monster?"

Hearing what Ye Feng said, Xuan Wuji nodded, then looked at the group of royal seniors around him, and said loudly: "No matter what, we are all here now. Let's work together and rush towards the top of the mountain. You must carefully explore the things in that dark palace. Perhaps that dark palace contains the most precious things left by the dark demons. Otherwise, it would be impossible to solemnly place them in such an independent space, and there is also this one. The monsters in the black mountains guard you."

Hearing what Xuan Wuji said, many seniors of the royal family nodded one after another, and they all unleashed their strongest power to make the defensive light shield as strong as possible.

Everyone worked together to head towards the Black Mountain

Rush over to the top of Yue Mountain.

"You humans are so courageous that you dare to covet the treasures left by the great Dark Demon God."

At this time, suddenly an ancient voice sounded.

This ancient sound came from the inside of the black mountain. It sounded with ancient majesty and vicissitudes, giving people a feeling that their spirit was about to be crushed.

At this moment, Xuan Wuji couldn't help but said in surprise: "Sure enough, there is something very precious in that dark palace. It turned out to be the treasure left by the ancestor of the dark demon clan, the dark demon god. We must Got it, let me deal with the monsters in this mountain."

Uh-huh!

After saying that, Xuan Wuji rushed out of everyone's defensive circle and rushed towards the black mountain in an instant.

Xuan Wuji directly displayed his peerless inheritance, the great law of life and death.

The vitality of the world around him rioted, and a Tai Chi diagram of reincarnation of life and death was immediately condensed, guarding Xuan Wuji's rapid impact into the mountains.

Uh-huh! Uh-huh! Uh-huh!

Countless tentacles immediately attacked Xuan Wuji, but what kind of person Xuan Wuji was, extremely powerful, and the top big shot in Zhongzhou.

At this moment, he relied on the Tai Chi Diagram of Life and Death to resist the countless black tentacles.

Then a huge jade seal appeared in Xuan Wuji's hand. It turned out to be the imperial seal of the Great Xuan Dynasty. When held in the hand of Emperor Xuan Wuji, it could burst out with tremendous power.

Because Xuan Wuji could use the power of faith of hundreds of millions of people in the entire Great Xuan Dynasty in the imperial seal, he could bless Xuan Wuji with unparalleled power.

Boom!

At this moment, Xuan Wuji was shining all over, holding the imperial seal, as if the ancient human emperor had descended, and he rushed directly into the interior of the black mountain, fighting with the dark monster covered with countless tentacles.

At this time, a group of old seniors of the royal family rushed towards the dark palace on the top of the mountain with Ye Feng.

At this moment, Ye Feng looked at the old seniors of the royal family beside him, and couldn't help but say: "Let's go help Senior Xuan Wuji to deal with the dark monster together, otherwise I'm afraid Senior Xuan Wuji may be in danger."

An old and powerful man of the royal family immediately said: "The reason why His Majesty did this is to create an opportunity for us to go to the Dark Palace and get the treasures left by the Dark Demon God. If we go to help His Majesty, we may be bound by the dark monster in the black mountain."

Hearing these old seniors of the royal family say this, Ye Feng didn't say anything more, but nodded, and followed everyone to rush directly to the dark palace on the top of the mountain.

With Xuan Wuji holding back the dark monster covered with countless black tentacles, everyone no longer had any obstacles, and instantly landed on the top of the mountain and came to this dark palace.

But almost at this moment, everyone's eyes changed slightly, because at the door of this dark palace, there was actually a beautiful woman in a golden robe standing.

This woman in a golden robe looks extremely noble, with red pupils. She has a strange feeling and an unfathomable aura. She is definitely an extremely terrifying person.

At this moment, an old senior of the royal family couldn't help but say: "There are still masters guarding here. It seems that the treasures left by the dark demon god in this dark palace are absolutely terrifying and priceless. We must get them."

At this moment, after the old senior of the royal family finished speaking, he immediately looked at a group of other partners around him and said: "Let's go together with more than a dozen old guys to kill this strange woman in a golden robe guarding the dark palace. If we can't kill her, try to hold her back. Then Ye Feng, find an opportunity to test your special space wormhole technique, enter the dark palace, and find the treasures left by the dark demon god. Please!"

Chapter 5217 God's Right Hand

At this time, the voices of these seniors of the royal family were very solemn.

Obviously, they were also deeply aware that this enchanting woman in golden robes standing at the door of the dark palace was definitely an extremely unfathomable existence and a very terrifying and powerful person.

Therefore, a dozen powerful elders from the Daxuan Dynasty all handed over the final task to Ye Feng in an instant.

More than a dozen of them joined forces and immediately rushed towards the enchanting woman in golden robes.

Uh-huh!

At this moment, the enchanting woman wearing a golden robe suddenly stretched out a white palm.

The moment she stretched out this palm, it turned into a huge golden claw, covered with dense golden scales. It had very terrifying destructive power and attack power, and it immediately bombarded the first one. On the body of a powerful elder from the royal family who rushed over.

Buzz!

This powerful elder from the royal family immediately put up an energy shield, trying to resist. ??

Boom! !

But along with a huge roar, the powerful elder of the royal family was unable to resist the attack of the enchanting woman in golden robes. He was directly thrown backwards and spurted out a mouthful of blood in an instant.

"What?"

Seeing this scene at this moment, the other group of royal elders and powerful men showed deep horror in their eyes.

They seemed to have never imagined that this enchanting woman in golden robes could be so powerful.

With just one hand, a powerful elder from the royal family was instantly blown away.

Seeing this scene at this time, more than a dozen elders of the royal family immediately roared and broke out one after another. Their extremely powerful cultivation power moved towards the enchanting woman in golden robes.

However, the defense power of these powerful elders is really poor. Every time this enchanting woman in golden robe stretches out a

With his hands, he was able to blow away a powerful elder from the royal family in an instant.

"This won't hold back this enchanting woman at all."

Seeing this scene, Ye Feng immediately looked at the two Giant Spirit God guards beside him and said loudly: "You two have the blood of the Giant Spirit God, and your defense power is extremely amazing. You two should go over and help the elders of the royal family. Strong men, resist the monster woman in golden robes. As long as you two can resist the monster woman's attack, just let the elders of the royal family attack from a distance."

"Yes, young master!"

Hearing what Ye Feng said, the two giant spirit guards naturally did not hesitate at all. They immediately rushed forward, holding the huge ax in their hands, and instantly fought with this strange woman in golden robes.

These two giant spirit guards were originally the guardians of the small world of the Daxuan Dynasty, so he and the elders and powerful men of the royal family in the small world still knew each other and were quite familiar with each other. The cooperation between them The battle comes naturally without any obstacles.

At this moment, under the super strong defense of the two giant spirit guards, the attack of this enchanting woman wearing a golden robe finally lost its effect.

More than a dozen elders and powerful men from the royal family immediately retreated quickly, and then used various long-range methods to wildly attack the enchanting woman in golden robes, finally completely holding back this mysterious and powerful woman.

Buzz!

Ye Feng naturally did not hesitate at this time, and immediately used the space wormhole technique, directly passing through the battlefield and entering the dark palace.

The moment Ye Feng entered the dark palace, he was immediately slightly shocked by the sight in front of him.

I saw that in the entire dark palace, on the walls

However, the seal is engraved with dense symbols of the ancient dark demon clan, and it looks full of a desolate and sacred feeling.

And Ye Feng saw that in the middle of this dark palace, there was an altar made entirely of the bones of living creatures, which looked very strange.

And above this skeletal altar, at this moment, a huge palm that looked like it was covered with black scales was slowly floating, giving people a very solid and terrifying feeling.

This black palm is like the most terrifying palm in the world, capable of breaking everything.

At this moment, Ye Feng couldn't help but said in surprise: "Could this palm be a palm left by the Dark God, the ancestor of the Dark Demon Tribe? Is this a palm of the Dark God?" Right hand!"

Uh-huh!

At this moment, Ye Feng didn't hesitate at all, and immediately rushed forward, trying to identify whether the right hand of the Dark God was the palm left by the Dark God back then.

Buzz! .??.

And just when Ye Feng came to the big hand covered with black scales, suddenly a terrifying shadow of will appeared from the black palm.

Above this black palm, a huge dark will was formed.

This phantom of dark will stared at Ye Feng, his tone was full of sarcasm, and he said: "A humble human ant dares to covet the right hand of this god? It is really ridiculous. It just so happens that this god lacks a human body." The body of the human race, just think of yourself as the body of this god for the time being."

After saying that, the shadow of the dark god's will immediately rushed towards Ye Feng and entered Ye Feng's head in an instant.

Ye Feng didn't make any movement during the whole process, letting the god of darkness keep entering his head.

And almost in this black

The moment the shadow of the God of Darkness entered Ye Feng's head, he saw a shocking scene.

In Ye Feng's mind space, in the boundless void, at this moment, a majestic golden giant with a height of hundreds of thousands of meters was floating there.

This golden giant is naturally the incarnation of Emperor Chu's will.

At this moment, the will of the God of Darkness seemed to sense some terrifying aura, and he immediately couldn't help but said in horror: "What? How is this possible?? What's going on in the head of a little human ant like you?" There may be such a terrifying thing, which is the soul will of the supreme higher cultivation dimension. How is this possible?"

At this moment, the god of darkness immediately screamed in terror, trying to escape from Ye Feng's mind.

But at this time, the hundreds of thousands of meters of majestic golden giant will manifested by Emperor Chu directly stretched out a big golden hand, covering the sky and the sun, and instantly obliterated the shadow of the dark god's will. .

Then Emperor Chu directly swallowed the soul fragments after the phantom of the dark god's will was shattered. Emperor Chu's power once again increased a lot.

At this moment, Ye Feng smiled slightly. He heard the scream of the will of the God of Darkness in his mind, which meant that Emperor Chu had destroyed it.

Although this God of Darkness is a god-level existence, after all, he is just a living being in this low-level cultivation dimension. In front of a mysterious existence from a high-level cultivation dimension like Emperor Chu, he has no power to fight back and is simply demoted. Wei struck and was instantly wiped out.

At this time, Emperor Chu's voice rang in his mind: "Ye Feng, this hand should be the right hand left by the God of Darkness. You can directly fuse this right hand of the God of Darkness into your palm. , being able to burst out part of the power of the gods will be of great benefit to your overall strength. Your immortal body of the gods is enough to carry the power of the right hand of the dark god. "

Chapter 5218 Got it

A palm of a god is absolutely priceless and inestimable.

So at this time, the Emperor Chu naturally suggested that Ye Feng merge the right hand of the Dark God into his own palm, which would definitely be able to burst out a part of the power of the gods.

Hearing the suggestion of the Emperor Chu in his mind, Ye Feng's eyes were full of expectation, and he said, "Okay, then I'll give it a try."

Swish!

After that, Ye Feng stretched out his hand and grasped the black hand floating on the altar in front of him.

At this moment, the moment Ye Feng touched the right hand of the Dark God, he immediately felt a very terrifying dark energy hidden in the right hand of the Dark God.

Ye Feng felt the vastness of the ocean, and it can be expected that if the right hand of the Dark God is really merged into his palm, it will definitely burst out with earth-shaking and overwhelming power.

At this time, Ye Feng did not hesitate at all, and directly began to merge the right hand of the Dark God according to what the Emperor Chu said.

At this moment, Ye Feng merged the right hand of the Dark God into his own right hand.

Boom!

A terrifying energy fluctuation suddenly erupted inside Ye Feng's right hand and the right hand of the Dark God.

With the continuous fusion of the two, finally under Ye Feng's forced fusion, his right hand completely merged with the right hand of the Dark God.

Boom!

At the moment of successful fusion, a terrifying dark energy suddenly erupted from Ye Feng's right hand.

As long as Ye Feng's mind moved, his right hand could instantly transform into the right hand of the Dark God, exerting the great power of the ancient Dark God.

At this moment, Ye Feng immediately laughed and said, "This is really a great opportunity. The value of this right hand of the Dark God is immeasurable."

At this moment, after Ye Feng successfully merged, he looked at other places inside the dark palace to see if there were other treasures left by the Dark God.

At this moment, Ye Feng really saw other things.

Ye Feng discovered that in the deepest corner of the dark palace, there was an extremely huge black iron box.

This black iron box should contain the good things left by the God of Darkness.

At this moment, Ye Feng immediately walked over and wanted to open the black iron box.

But at this moment.

Boom!

The entire dark palace began to vibrate rapidly. The battle outside seemed to affect the stability of the dark palace. The entire dark palace seemed to collapse immediately.

At this moment, Ye Feng had no time to explore the black iron box. He directly put the black iron box into his storage ring and flew upwards instantly.

When Ye Feng exited the dark palace, the entire dark palace collapsed.

Ye Feng saw that the battle outside was already so fierce that it was a very terrifying situation.

There were several old and powerful royal family members who had suffered heavy injuries. Even the two giant spirit guards sent by Ye Feng, who had amazing defense, were injured at this time.

The situation was very serious, and the axe in his hand was broken.

At this moment, the attack of the enchanting woman in the golden robe was too fierce.

At this time, many old and powerful men of the royal family found that Ye Feng flew out of the dark palace, and they couldn't help but say: "Ye Feng, did you get the things?"

Ye Feng immediately nodded and said: "I got it, let's run."

Ye Feng also saw at this time that even if they joined together, they could not be the opponent of this enchanting woman in the golden robe.

So at this time, Ye Feng flew directly to the front and left here quickly with the old and powerful men of the Great Xuan Royal Family.

At this moment, the enchanting woman in the golden robe saw that the entire dark palace had completely collapsed, and everything inside had disappeared. She immediately said coldly: "What a bold human boy, you dared to steal the wealth left by our dark god. You will die today."

After that, the enchanting woman in the golden robe suddenly burst out with a dazzling black light.

She stretched out her hands, and a force of tens of millions of kilograms burst out directly, as if it could crack the entire sky.

Even many old-generation strong men of the royal family and the two giant spirit guards were suppressed by such a terrifying force and vomited blood quickly, as if their entire bodies were about to collapse.

Ye Feng also felt the crisis of falling, and immediately couldn't help but instantly activate his strongest means at present, the right hand of the dark god!

Boom!

At this moment, Ye Feng directly stretched out his right hand, and saw that Ye Feng's human palm suddenly expanded rapidly at this moment, and directly expanded into a dark big hand covering a radius of millions of kilometers, and instantly bombarded the front of the golden robed enchanting woman, and directly blocked all his attacks.

"What? The power is so strong?"

At this moment, seeing this scene, more than a dozen old-generation strong men of the royal family of the Great Xuan Dynasty around them suddenly widened their eyes, with a deep look of disbelief in their eyes.

Obviously, they never expected that this enchanting woman in golden robe, who even they could not fight together, would be directly blocked by Ye Feng's hand.

At this time, Ye Feng also had a look of surprise in his eyes. It seemed that he did not expect that the right hand of the Dark God that he had fused could burst out with such great power, but it also consumed a huge amount of his own power.

After Ye Feng used the right hand of the Dark God once, he had almost no power left. He immediately fled the scene with many powerful elders of the royal family and two giant spirit guards.

At this moment, the enchanting woman in golden robe did not continue to chase, but her eyes showed deep shock.

Immediately, the golden-robed woman's eyes showed a look of thought again, and she couldn't help but murmured, "This human boy has actually exerted the power of the great God of Darkness' right hand. Could it be that all this is the God of Darkness?" Sir's plan? He has now successfully obtained the body of this human race boy and lurked into the human race. Otherwise, it would be impossible to explain the power of the dark god's right hand. "

At this moment, this enchanting woman in golden robes probably couldn't believe that Ye Feng had suppressed the will of their great God of Darkness and successfully fused with the right hand of the God of Darkness. The palm of a god is absolutely priceless and immeasurable.

So at this time, Emperor Chu naturally suggested that Ye Feng fuse the right hand of the Dark God into Ye Feng's own palm, which would definitely unleash part of the power of the god.

After hearing Emperor Chu's suggestion in his mind, Ye Feng's eyes were filled with a hint of expectation and he said, "Okay, then I'll give it a try."

Uh-huh!

After saying that, Ye Feng directly stretched out his hand and took the black hand suspended above the altar in front of him.

At this moment, the moment Ye Feng touched the right hand of the Dark God, he immediately felt a very terrifying dark energy contained in the right hand of the Dark God.

Ye Feng felt the vastness of the ocean. From this, he could predict that if he really integrated the right hand of the Dark God into his palm, he would definitely be able to burst out with earth-shaking and overwhelming power.

At this time, Ye Feng did not hesitate and started to fuse the right hand of the Dark God according to what Emperor Chu said.

At this moment, Ye Feng fused the right hand of the Dark God towards his own right hand.

Boom!

A terrifying wave of energy suddenly erupted inside Ye Feng's right hand and the right hand of the Dark God.

With the continuous fusion of the two, finally under Ye Feng's forced fusion, his right hand was completely fused to create the right hand of the Dark God.

boom!

When the fusion was successful, a terrifying dark energy suddenly burst out from Ye Feng's right hand.

As long as Ye Feng has a thought, his right hand can instantly turn into the right hand of the Dark God, exerting the majestic power of the ancient Dark God.

At this moment, Ye Feng immediately laughed out loud and said: "This is really a great opportunity. The value of this right hand of the Dark God is immeasurable."

At this moment, after the fusion was successful, Ye Feng looked at other places inside the dark palace to see if there were any other wealth left by the God of Darkness.

At this moment, Ye Feng indeed saw other things.

Ye Feng discovered that in the deepest corner of this dark palace, there was a huge black iron box.

This black iron box should contain the good things left behind by the God of Darkness.

At this moment, Ye Feng immediately walked over and wanted to open the black iron box.

But this moment.

The entire Dark Palace began to shake rapidly. The fighting outside seemed to have affected the stability of the Dark Palace, and the entire Dark Palace seemed to be about to collapse in the next moment.

At this moment, Ye Feng had no time to explore the black iron box. He simply put the black iron box into his storage ring and flew upward instantly.

When Ye Feng exited the Dark Palace, the entire Dark Palace collapsed.

Ye Feng saw that the fighting outside had turned into a very terrifying situation.

Several powerful elders of the royal family have suffered heavy losses. Even the two giant spirit guards sent by Ye Feng, whose defenses are astonishing, are still injured at this time.

The situation was so serious that the ax in his hand was broken.

At this moment, the attack of the enchanting woman in golden robe was too fierce.

At this time, many senior members of the royal family discovered that Ye Feng flew out of the dark palace, and immediately couldn't help but said: "Ye Feng, have you got the thing?"

Ye Feng immediately nodded and said, "We got it, let's run."

Ye Feng also saw at this time that even if they unite together, they cannot be the opponent of this enchanting woman in golden robe.

So at this time, Ye Feng flew forward quickly, and left here quickly with the elders and powerful men of the Daxuan royal family.

At this moment, the enchanting woman in the golden robe saw that the entire dark palace had completely collapsed, and everything inside had disappeared. She immediately said coldly: "What a bold human boy, you dared to steal the wealth left by our Dark God. You will die today."

It instantly bombarded the front of the golden robed enchanting woman, and directly blocked all his attacks.

"What? The power is so strong?"

Seeing this scene at this moment, more than a dozen old masters of the royal family of the Great Xuan Dynasty around them suddenly widened their eyes, with a deep incredible look in their eyes.

Obviously, they never thought that this golden robed enchanting woman, who they couldn't even fight together, was directly blocked by Ye Feng's hand.

At this time, Ye Feng also showed a look of surprise in his eyes. It seemed that he didn't expect that the right hand of the dark god that he had merged could burst out such a great power, but it also consumed a lot of his own skills.

After Ye Feng used the Right Hand of the Dark God, he had almost no power left, and immediately fled the scene with many old royal strongmen and two giant spirit guards.

At this moment, the strange woman in the golden robe did not continue to chase, but her eyes showed deep shock.

Then, the golden-robed woman's eyes showed a thoughtful look, and she couldn't help but murmured, "This human boy actually used the power of the right hand of the great Dark God. Could it be that all this was the plan of the Lord of Darkness? He has now successfully obtained the body of this human boy and lurked in the human race. Otherwise, it is impossible to explain the power of the right hand of the Dark God that this human boy used."

At this moment, it is estimated that this strange woman in the golden robe could not believe that Ye Feng suppressed the will of their great Dark God and successfully integrated the right hand of the Dark God.

Chapter 5219 Animal Hide Scroll

At this time, Ye Feng and a group of elders from the royal family had completely left the black mountain and came to the entrance.

At this time, Ye Feng looked around and did not find Xuan Wuji's figure. He couldn't help but said, "Senior Xuan Wuji hasn't come back yet?"

The remaining half of the senior royal family who had been assigned to guard the exit immediately shook their heads.

At this moment, everyone looked a little worried, fearing that Xuan Wuji, the emperor of the Great Xuan Dynasty, would fall into that black mountain.

"I'll go back and check on the situation."

At this time, Ye Feng decided to go directly to find Xuan Wuji alone and wanted to rescue Xuan Wuji.

After all, ever since Ye Feng saw the powerful power of the Dark God's right hand that he had fused, Ye Feng felt that he could now compete with those top powerhouses.

Although every time he uses the right hand of the Dark God, his power will be exhausted instantly.

But Ye Feng's resilience is also very strong. After all, Ye Feng's body was fused with a spring of life, which could continuously provide Ye Feng with enough energy.

Therefore, Ye Feng felt that he was still capable of fighting against those top experts.

At this moment, Ye Feng was preparing to fly towards the black mountains again.

Uh-huh!

But at this moment, a middle-aged man in white clothes flew over from the direction of the black mountains ahead. It was Xuan Wuji.

At this moment, Xuan Wuji did not have any particularly serious injuries, but the Zhenguo Jade Seal in his hand was broken in half.

"Um?"

Seeing this scene, everyone had a look of horror in their eyes. From this, we can predict how fierce the battle between Xuan Wuji and the monster covered with countless black tentacles would be inside the black mountain. Even Zhenguo All jade seals are beaten

#Every time verification appears, please do not use incognito mode!

Half broken.

At this moment, Xuan Wuji immediately stared at Ye Feng. Before Xuan Wuji could ask questions, Ye Feng nodded and said: "We have succeeded."

"good!"

Xuan Wuji's eyes immediately showed a look of surprise, and he quickly led everyone, without saying anything, and quickly left this independent space, and returned to the dark demon clan's lair through the teleportation formation.

At this moment, without any delay, Xuan Wuji and the others immediately left the dark demon clan's lair and flew quickly towards the imperial city of the Daxuan Dynasty.

On the way back, many seniors of the royal family looked worried and couldn't help but say: "Your Majesty the Emperor, although we have eradicated the dark demon clan's lair, we didn't expect that there are still two people living in that independent space. There are two extremely powerful beings. One is a dark monster covered with black tentacles, and the other is a monster woman wearing a golden robe. Her cultivation strength is also extremely terrifying. If the two of them come out, they may take revenge on our great mystery. Dynasty."

Hearing what the seniors of the royal family said, Xuan Wuji also frowned, and then said aloud: "In any case, we have offended each other, so there is nothing to regret now, let's go back to In the Daxuan Dynasty, all the formations in the Daxuan Imperial City are activated to deal with the two ancient figures of the dark demon clan who may come next. "

Hearing what Xuan Wuji said, many of the elders and powerful men of the royal family nodded immediately.

Ye Feng couldn't help but laugh bitterly at this moment.

Unexpectedly, this time I went to the lair of the Dark Demon Clan. I originally wanted to eradicate the entire Dark Demon Clan. In this case, the threat of the Daxuan Dynasty would be eliminated.

There is no more.

Unexpectedly, the deepest part of the Dark Demon Clan's treasure house is actually connected to such an independent space.

Moreover, in that independent space, there are still two very terrifying figures among the dark demons. Even Xuan Wuji and a group of powerful elders from the royal family are no match.

At this moment, Ye Feng didn't want to say anything more, so he could only go back and make long-term plans.

...

Time passes quickly, like running water without leaving a trace.

Three days and three nights later, everyone returned to the imperial city of the Daxuan Dynasty.

But at this time, everyone's expressions were not filled with any joy, but with deep worries.

At this moment, Xuan Wuji directly distributed a group of senior figures from the royal family and stationed them in various places around the imperial city of the entire Daxuan Dynasty, activating the protective formations of the entire imperial city as if they were facing a formidable enemy.

After Xuan Wuji arranged all this, he called Ye Feng to his palace hall alone.

At this moment, Xuan Wuji stared at Ye Feng and said loudly: "Do you have any countermeasures?"

Ye Feng shook his head and said aloud: "The cultivation of the two ancient figures of the dark demon clan is indeed very terrifying, whether it is the monster with black tentacles all over the body, or the one in gold that we encountered later. The enchanting women in long robes are very terrifying."

Hearing what Ye Feng said, Xuan Wuji nodded slightly, his expression became serious, and he couldn't help but said: "No matter what, we have to deal with this crisis. What good ideas do you have?"

Ye Feng shook his head and said aloud: "There is no good way now. We can only improve our respective strengths as much as possible. Only in this way can we deal with the huge threat that may come."

#Every time verification appears, please do not use incognito mode!

Hearing what Ye Feng said, Xuan Wuji nodded, and then said expectantly: "Take out the wealth left by the Dark God that you got from the Dark Palace, and let's see what it is."

At this time, Xuan Wuji and Ye Feng were the only two people in the entire palace hall.

Ye Feng's eyes flashed slightly. It seemed that Xuan Wuji did not want to share the wealth left by the Dark God with other old predecessors of the royal family, because the crisis was very big now, and two strongest beings must be specially cultivated.

The ideal candidate in Xuan Wuji's mind was naturally himself, and the other was Ye Feng.

Because Xuan Wuji had heard on the way back that Ye Feng seemed to have merged with the right hand of the Dark God, and could exert part of the Dark God's divine power, which was very powerful.

So Xuan Wuji was ready to directly divide the wealth left by the Dark God with Ye Feng, perhaps to accumulate Ye Feng's cultivation to another stronger level.

At this moment, after Xuan Wuji finished speaking, Ye Feng did not hesitate at all and directly took out the treasure chest left by the God of Darkness that he had finally obtained from the Dark Palace.

This treasure chest was made of black black iron. Ye Feng did not hesitate at all and directly transformed into the Sword of the God of Heaven, and cut the iron box open with "click" and "click".

At the moment when this black iron box was opened, both Ye Feng and Xuan Wuji were stunned.

Because this black iron box did not contain the very precious heaven and earth cultivation resources imagined, nor did it contain any very ancient inheritance of the God of Darkness, nor did it contain any particularly powerful magic weapon of the God of Darkness.

Such a large iron box actually contained only a very ordinary-looking animal skin scroll?

Chapter 5220 The Place of Baptism of the Gods

At this time, both Ye Feng and Xuan Wuji looked at the small animal skin roll contained in the iron box with a hint of astonishment in their eyes.

Because they never expected that there were no cultivation resources or treasures in the iron box specially left by the God of Darkness. Only an animal skin scroll was left, which was really disappointing.

After all, in the minds of Ye Feng and Xuan Wuji, the black iron box contained must be extremely precious treasures or cultivation resources, but they did not expect that the result would be so unexpected.

At this moment, Ye Feng couldn't help but said: "Such an animal skin scroll was placed so solemnly in this black iron box, which is enough to show that this animal skin scroll is definitely not as simple as we imagined. But the God of Darkness stored it in this iron box very seriously, so let's open it and see what it is."

When Xuan Wuji heard what Ye Feng said, there was a look of expectation in his eyes, and he said, "Okay, let's take a look."

Uh-huh!

After saying that, Xuan Wuji stretched out his hand and took the animal skin roll in the black iron box into his hands.

At this moment, Xuan Wuji looked at it for a moment, his eyes suddenly lit up, and he couldn't help but said: "This seems to be a very ancient map, guiding a very mysterious place."

"Um?"

Hearing what Xuan Wuji said, Ye Feng also stepped forward and looked at the things painted on the animal skin scroll.

It was indeed an ancient mountain vein, which looked very complicated, and many of the mountain veins were marked with the ancient writings of the Dark Clan.

At this moment, Xuan Wuji seemed to have discovered something, and he couldn't help but said in surprise: "The map drawn on this animal skin scroll leads to the mysterious place, it seems to be the baptism place of the gods. , could it be that the God of Darkness became a god there?"

Hearing what Xuan Wuji said, Ye Feng's eyes suddenly showed a look of surprise, and he couldn't help but asked: "The baptismal place of the gods, where is that place? This is the first time I have heard of this name. "

Xuan Wuji's eyes became very vicissitudes of life, and he even had an inexplicable yearning, and he said aloud: "The baptismal place of the gods is the most mysterious place in the world, and in the ancient times, no matter which clan the strong man is, In the end, if you want to become a god-level existence, you must go to the baptism place of the gods and be baptized by the ancient gods before you can finally become a god-level transcendent existence. Therefore, what is guided in this animal skin scroll That mysterious place is most likely the baptism place where the God of Darkness became a god."

"Really?"

Hearing what Xuan Wuji said, Ye Feng's eyes suddenly lit up and he couldn't help but say: "Then if we master this animal skin scroll, we can find the place where the God of Darkness went when he became a god. The place of baptism of the gods."

Hearing what Ye Feng said, Xuan Wuji immediately nodded, then with a very serious face, he said: "Ye Feng, the baptism place of the gods has always been a legendary place. I didn't expect that we could get the specific details." Map, this matter is very secret, you must not tell anyone, because once this news is leaked, the entire Wanyao interface will be boiling, and it will definitely cause a great threat. "

Hearing what Xuan Wuji said, Ye Feng immediately nodded and said: "Okay, I know.

#Every time verification appears, please do not use incognito mode!

. "

At this moment, Ye Feng didn't hesitate at all. He immediately memorized the map in the animal skin scroll in his mind, and then burned the map in the animal skin scroll with fire.

Seeing this scene, Xuan Wuji nodded and said loudly: "Let's go directly to this baptism place of the gods now. Only the two of us will go. It's best for others not to know the news."

After Xuan Wuji finished speaking, he and Ye Feng immediately flew towards a certain direction of the Daxuan Dynasty Imperial City.

Ye Feng's eyes were full of deep expectations at this time.

You know, the place of baptism of the gods, even the top big man Xuan Wuji attaches such importance to it, so the place of baptism of the gods is definitely a place that contains huge opportunities and good fortune.

At this time, Ye Feng was naturally looking forward to it. He wanted to go to the baptism place of the gods to see if this place was as mysterious as the legend.

At this moment, Ye Feng guided Xuan Wuji to quickly shuttle around according to the map he had memorized in his mind.

At this time, Ye Feng followed the map in his mind and quickly brought Xuan Wuji to the final place guided by the map.

At this moment, the place the two of them came to had exceeded the territory of the Daxuan Dynasty, and had arrived at a very remote place in Zhongzhou, the interface of ten thousand monsters.

It is lined with green trees, surrounded by mountains, and the air is extremely fresh, like a primeval forest area.

At this time, Xuan Wuji looked around, and there seemed to be nothing surprising. He couldn't help but ask: "Ye Feng, is the final baptism place of the gods pointed to by the map right here?"

Ye Feng nodded, looked around, and said: "Since the place where the gods are baptized is a very mysterious place, even a legendary place, it must be very difficult to find. Let's look around carefully to see if there is anything special."

Hearing what Ye Feng said, Xuan Wuji nodded, thinking it made sense, and landed directly from the sky, and shuttled with Ye Feng in the forest below, wanting to see what was special about the area that the map in the animal skin scroll finally pointed to.

Soon, Ye Feng found some unusual places, and couldn't help but say: "Senior Xuan Wuji, look, the plants growing on the ground around here are actually emitting a faint golden light."

"Huh?"

Hearing Ye Feng say this at this moment, Xuan Wuji looked carefully, and suddenly found that the plants growing on the ground around him did emit a layer of faint golden light.

It's just that it's daytime and under the sunlight, this layer of faint golden light is not seen much.

But Ye Feng has good eyesight and discovered this special thing in an instant.

At this time, Xuan Wuji couldn't help but say, "What does this mean?"

Ye Feng smiled and said, "The faint golden light emitted by these plants seems to be a very ancient divine power, so we must have come to the right place. This is definitely the baptism place left by the gods. It seems that we have to dig up the ground in this area to see what is underneath. These plants are rooted under this piece of ground, so there must be something special hidden under the ground, which can allow these plants to absorb the breath of the gods and emit a faint golden light." At this time, whether it was Ye Feng or Xuan Wuji, looking at the small animal skin scroll in the iron box, they all showed a trace of astonishment in their eyes.

Because they never thought that there were no cultivation resources and treasures in this iron box specially left by the God of Darkness, only an animal skin scroll was left, which was really disappointing.

After all, in the minds of Ye Feng and Xuan Wuji, the black iron box must contain extremely precious treasures or cultivation resources, but unexpectedly, the result was so unexpected.

At this moment, Ye Feng couldn't help but say: "Such a beast skin scroll is placed so solemnly in this black iron box, which is enough to show that this beast skin scroll is definitely not as simple as we imagined. This is the Dark God's special solemn storage in this iron box, so let's open it and see what it is."

When Xuan Wuji heard what Ye Feng said, he also showed an expectant look in his eyes and said: "Okay, let's take a look."

Swish!

After that, Xuan Wuji directly stretched out his hand and took the beast skin scroll in the black iron box into his own hand.

At this moment, Xuan Wuji took a look at it, and his eyes suddenly lit up, and he couldn't help but say: "This seems to be a very ancient map, pointing to a very mysterious place."

"Hmm?"

Hearing Xuan Wuji say this, Ye Feng also came forward and looked at the things painted on the beast skin scroll.

It was indeed a bunch of ancient mountain and river veins, which looked very complicated, and many of them were marked with the words of the ancient dark clan.

At this moment, Xuan Wuji seemed to have discovered something, and couldn't help but said in surprise: "The mysterious place pointed out by the map drawn on this animal skin scroll seems to be the baptism place of the gods in the past. Could it be that the dark god became a god there?"

Hearing Xuan Wuji say this, Ye Feng's eyes suddenly showed a look of surprise, and he couldn't help but ask: "The baptism place of the gods, what is that place? This is the first time I have heard of this name."

Xuan Wuji's eyes became very vicissitudes, and there was even an inexplicable yearning. He said: "The baptism place of the gods is the most mysterious place in the world, and in ancient times, no matter which clan the strong man is, if he wants to become a god-level existence in the end, he must go to the baptism place of the gods and get the baptism of the ancient gods before he can finally become a transcendent existence of the god-level. So, the place pointed out in this animal skin scroll is The mysterious place is likely to be the place where the God of Darkness achieved the position of God. "

"Really?"

Hearing Xuan Wuji say this, Ye Feng's eyes lit up immediately, and he couldn't help but say: "Then we have this animal skin scroll, we can find the place where the God of Darkness went to when he achieved the position of God."

Hearing Ye Feng say this, Xuan Wuji nodded immediately, and then his face was very serious, and he said: "Ye Feng, the place where the gods were baptized has always been a legendary place. I didn't expect that we could get a specific map. This matter is very secret and must not be told to anyone, because once this news is leaked, the entire Ten Thousand Monsters interface will be boiling because of it, and it will definitely cause a great threat at that time."

Hearing Xuan Wuji say this, Ye Feng immediately nodded and said: "Okay, I know

Every time verification appears, please do not use the invisible mode!

."

At this moment, Ye Feng didn't hesitate at all. He immediately memorized the map in the animal skin scroll in his mind, and then burned the map in the animal skin scroll with fire.

Seeing this scene, Xuan Wuji nodded and said loudly: "Let's go directly to the baptism place of the gods now. Only the two of us will go. It's best for others not to know the news."

After Xuan Wuji finished speaking, he and Ye Feng immediately flew towards a certain direction of the Daxuan Dynasty Imperial City.

Ye Feng's eyes were full of deep expectations at this time.

You know, the place of baptism of the gods, even the top big man Xuan Wuji attaches such importance to it, so the place of baptism of the gods is definitely a place that contains huge opportunities and good fortune.

At this time, Ye Feng was naturally looking forward to it. He wanted to go to the baptism place of the gods to see if this place was as mysterious as the legend.

At this moment, Ye Feng guided Xuan Wuji to quickly shuttle around according to the map he had memorized in his mind.

At this time, Ye Feng followed the map in his mind and quickly brought Xuan Wuji to the final place guided by the map.

At this moment, the place the two of them came to had exceeded the territory of the Daxuan Dynasty, and had arrived at a very remote place in Zhongzhou, the interface of ten thousand monsters.

It is lined with green trees, surrounded by mountains, and the air is extremely fresh, like a primeval forest area.

At this time, Xuan Wuji looked around, and there seemed to be nothing surprising. He couldn't help but ask: "Ye Feng, is the final baptism place of the gods guided by the map right here?"

Ye Feng nodded, looked around, and said aloud: "Since the baptismal place of the gods is a very mysterious place, even a legendary place, it must be very difficult to find. We are all looking around carefully. Look around and see if there's anything special about it."

Hearing what Ye Feng said, Xuan Wuji nodded, thinking it made sense, and landed directly from high altitude. He and Ye Feng shuttled through the forest below, wanting to see what the map in the animal skin scroll finally pointed to. What is so special about the area?

Soon, Ye Feng discovered something unusual and couldn't help but said: "Senior Xuan Wuji, look, the plants growing on the ground around here are actually emitting a faint golden light."

"Um?"

Hearing what Ye Feng said at this moment, Xuan Wuji looked carefully and suddenly discovered that the plants growing on the surrounding ground were indeed emitting a faint golden light.

It's just that it's daytime and under the sunlight, this layer of faint golden light is rarely seen.

However, Ye Feng had very good eyesight and discovered this special feature in an instant.

At this time, Xuan Wuji couldn't help but said: "What does this mean?"

Ye Feng smiled slightly and said aloud: "The faint golden light emitted by these plants seems to be a very ancient divine power, so we must have come to the right place. This is definitely the baptism place left by the gods. , it seems that we have to dig up the ground in this area to see what is underneath. These plants are rooted under this ground, so there must be something special hidden in the space under the ground to allow them to grow. These plants absorb the spirit of the gods and emit a faint golden light."
