Chapter 5221 Ancient Statue

After Ye Feng finished speaking at this time, Xuan Wuji and Ye Feng started digging the entire ground without any hesitation.

When they were digging maybe a few hundred meters underground, suddenly they hit something very solid.

Even Ye Feng's golden palm could not break the extremely solid thing buried in the soil.

"Um?"

After seeing this scene, Ye Feng and Xuan Wuji looked at each other, with a hint of surprise in their eyes.

Looks like they dug up something.

Sure enough, this underground place is very unusual.

At this moment, Ye Feng and Xuan Wuji immediately cleaned up all the soil around them.

After they cleaned up all the soil, they saw a very shocking scene. .??.

I saw a huge bronze statue buried underground.

The shape of this bronze statue is like the image of an ancient god. It does not have a specific face, but a vague face.

Seeing this scene at this moment, Xuan Wuji immediately said in surprise: "It seems that the place pointed in the animal skin scroll is correct. This statue is definitely an ancient statue. As long as this ancient statue is Once the statue is activated, we can teleport to the legendary baptism place of the ancient gods."

Hearing what Xuan Wuji said, Ye Feng couldn't help but nodded immediately, and asked very expectantly: "Then how do we activate this ancient statue?"

Hearing Ye Feng's question, Xuan Wuji's eyes suddenly showed a look of surprise, and then he couldn't help but said helplessly: "I don't know this, because the baptism place of the gods has always been a legend. I don't know exactly how to get into it."

Ye Feng nodded and said aloud: "Senior Xuan Wuji, you just said that as long as

By activating this ancient statue, you can enter the baptismal place of the gods. It seems that we need to find a way to activate this ancient statue sculpture first. "

Hearing what Ye Feng said, Xuan Wuji immediately couldn't help but nodded and said, "You're right. Let me input my mana into this ancient statue and see if it can be activated."

After saying that, Xuan Wuji directly stretched out his hand, pressed it on the surface of the bronze statue, and then directly input his own mana into the bronze statue.

Buzz!

At this moment, Xuan Wuji immediately felt a vast energy contained in this ancient statue, which almost completely sucked away his entire power.

At this moment, Xuan Wuji immediately broke out in cold sweat on his forehead, quickly retracted his hand, and couldn't help but said loudly: "I have no way to activate this ancient statue sculpture. It is really terrifying. The energy in it is very powerful." horrible."

Hearing what Xuan Wuji said, Ye Feng had no choice but to nod his head, and then said, "Let me give it a try."

When Xuan Wuji heard what Ye Feng said, he immediately couldn't help but shake his head and said loudly: "My huge skill just now was almost sucked dry by this ancient sculpture in an instant.

If you input the magic power rashly, maybe in a moment, He will be sucked into a mummy in an instant and die instantly."

Hearing what Xuan Wuji said, Ye Feng smiled slightly and said, "Maybe what this ancient statue needs is not the magic power of us ordinary practitioners, but a very rare divine substance."

For Ye Feng, divine substances can be released completely.

Because Ye Feng's God is not

The decayed body is related to divine matter, so Ye Feng's power contains divine matter.

But at this moment, when he heard Ye Feng say this, Xuan Wuji had a look of surprise in his eyes, and he was about to ask something.

But at this time, Ye Feng had already reached out and touched this ancient statue.

Buzz!

At this moment, Ye Feng didn't hesitate at all. He directly input his magic power, and deliberately activated some divine substances from his immortal body, integrated them into his own magic power, and injected it into the ancient creature in front of him. Among the sculptures.

Boom!

And almost at the moment when Ye Feng injected his magic power with divine substances into this ancient statue, the entire ancient sculpture was originally without any fluctuations, but now it suddenly began to vibrate rapidly and continuously.

At this moment, Ye Feng immediately felt a very terrifying great power, which was immediately emitted from the inside of this ancient sculpture.

Click! Click!

And at the next moment, the entire body of this ancient god sculpture split open, and a huge underground crack appeared.

This underground crack is extremely dark, like a dark abyss that leads to nowhere.

"Um?"

Seeing this scene, Ye Feng and Xuan Wuji looked at each other, both seeing the look of anticipation in each other's eyes.

Because they knew that the underground crack revealed by splitting the ancient statue in two should lead to the legendary baptism place of the gods.

At this moment, both of them took a deep breath, and then jumped into the underground crack.

The moment they jumped into the underground crack, the two of them immediately felt a huge gravity exerted on their bodies, causing their entire bodies to fall rapidly.

After they fell for half an hour, they finally stepped on the ground.

At this time, Ye Feng couldn't help looking around, and suddenly saw a very shocking scene.

I saw that it was a very dark underground space around, the sky was dim, and the surrounding land was very desolate and withered, which was completely different from the imagined place of baptism of the gods.

When Xuan Wuji saw this scene at this time, he couldn't help but said in a stunned voice: "In the ancient legends, the place of baptism of the gods is absolutely sacred. The whole space is absolutely full of infinite power of gods, and it is bright and sacred everywhere. But now we come to this place, why do we feel like hell, everywhere is desolate and lonely, all dead."

At this time, Ye Feng thought for a while, and couldn't help but say: "Could it be that the legendary place of baptism of the gods was destroyed after a huge turmoil, and it has become so desolate and withered now."

Hearing what Ye Feng said, Xuan Wuji nodded and said, "What you said is very likely. After all, in the ancient times, there was great chaos. The Baptism of the Gods was a place that many super powers wanted to rush into, so it is very likely that some kind of turmoil occurred in that year, destroying the entire Baptism of the Gods."

When he said this, Xuan Wuji felt a little sorry, but he couldn't help but said, "Let's explore the surroundings. Even if the Baptism of the Gods was destroyed in the ancient times, it is definitely more mysterious than other places. Let's look around and see if we can find some opportunities and good fortunes left."

Chapter 5222 Magical Weapons and Crystals

At this time, after Xuan Wuji finished speaking, he immediately separated from Ye Fengbing and flew quickly towards both sides of the baptism place of the gods, wanting to explore if there was anything good in it.

After all, although this place has been damaged in ancient times, it is still the baptism place left by the ancient saints. Even if it has been severely damaged, it is not like there are no good things left.

So at this time, both Xuan Wuji and Ye Feng were quickly exploring both sides, hoping to find training resources that would satisfy them.

Ye Feng chose the right side.

When Ye Feng flew quickly towards the right side of the baptism place of the gods, Ye Feng immediately saw densely packed skeletons appearing on the ground.

These skeletons should be the corpses left by the super strong men from the ancient times who entered this land of baptism of the gods. Now they are completely decayed, without any life and blood, which makes Ye Feng feel quite a pity, otherwise If so, if you devour the skills of one or two ancient superpowers, your own cultivation will definitely be improved unparalleled.

At this moment, Ye Feng didn't want to stay any longer and didn't want to waste time. After taking a cursory glance at the decayed bones of ancient powerful men piled on the ground, he continued to fly quickly to the right.

"Um?"

But suddenly when Ye Feng was flying, Ye Feng found something shining with golden light among a group of corpses.

At this time, Ye Feng's eyes suddenly showed a look of surprise, and he quickly flew down.

Among the pile of bones, Ye Feng opened up several bones and found a golden scepter buried in the ground.

This golden scepter was not damaged at all, which made Ye Feng's eyes suddenly show surprise.

This golden scepter was definitely the natal magic weapon of a super strong man in ancient times, and it was a very high-level treasure.

#Every time verification appears, please do not use incognito mode!

Otherwise, it would be impossible to keep it intact until now and not be destroyed in the chaotic battle that year.

"This is definitely a good treasure!"

At this time, Ye Feng naturally put the golden scepter into the storage ring without any hesitation.

This is a good thing. Whether you sell it or refine it yourself and use it, it will have a huge effect.

At this time, Ye Feng continued to fly to the right. Soon, Ye Feng found another storage ring on the finger of a corpse.

Ye Feng immediately flew down and took the purple-gold storage ring in his hand.

Buzz!

At this moment, Ye Feng immediately started to explore the storage ring.

The moment Ye Feng's spiritual power entered the storage ring, Ye Feng immediately saw that the space in this small storage ring was very large. It was obvious that this was a storage ring from ancient times. The space is very huge, and there are no treasures in it.

However, Ye Feng found a crystal stone emitting nine colors of light in the corner of the storage ring.

"Um?"

Seeing this scene, Ye Feng's eyes immediately lit up, and he took out the nine-color crystal stone from the storage ring and held it in his hand.

Ye Feng guessed at this time that in ancient times, the owner of this storage ring consumed almost all his training resources during the battle, but fortunately, a crystal that exuded nine colors of light was left behind.

Ye Feng could feel that this nine-color crystal had very pure energy.

It contains.

At this moment, Ye Feng didn't hesitate at all, he opened his mouth and swallowed the nine-color crystal stone.

Because Ye Feng has already investigated, this nine-color crystal is not a harmful thing, but an energy crystal that contains the energy of heaven and earth from a very ancient era.

At this moment, after Ye Feng swallowed it, nine-color light emitted from his body.

Obviously, this nine-color crystal was definitely a very precious energy crystal in ancient times, and it was very high-end. Otherwise, it would not emit nine colors of light.

Boom!

At this moment, after Ye Feng swallowed it, his skill level increased tremendously.

Ye Feng's cultivation bottleneck at the seventh level of the Earthly Evil Realm was immediately broken through quickly.

boom!

The eighth level of Earthly Evil Realm!

boom!

The ninth level of Earthly Evil Realm! !

At this moment, Ye Feng's cultivation reached two levels in a row, which immediately made Ye Feng's eyes reveal a look of deep surprise.

I didn't expect that a nine-color crystal stone I found randomly could improve my cultivation so much.

Ye Feng couldn't help but sigh. In the ancient times, the cultivation resources in the world were really very rich, and they were all very advanced. To be able to make so many breakthroughs in his cultivation level at once was enough to show that this How majestic is the energy contained in the small fist-sized nine-color crystal stone.

You know, if Ye Feng practices alone, then Ye Feng may have to practice for several years before he can absorb the vitality of heaven and earth and break through the two realms.

Unexpectedly, absorbing such a small nine-color crystal stone would cause me to break through...

#Every time verification appears, please do not use incognito mode!

Two small realms, breaking through to the ninth realm of Earthly Evil Realm.

Although Ye Feng was very happy, he couldn't help shaking his head and smiling bitterly.

You know, there are a total of 72 realms in the Earthly Evil Realm, so Ye Feng still has a long way to go if he wants to break through the Earthly Evil Realm and step into the Heavenly Gang Realm above the Earthly Evil Realm.

Sure enough, the Earthly Evil Realm is a very long realm as Xuan Wuji said.

However, because Ye Feng has received Xuan Wuji's help during this period, he has gone to so many special places, and the speed of his cultivation breakthrough is already very fast.

At this time, Ye Feng put away his inner thoughts and continued to explore the surroundings quickly.

So far, Ye Feng has not found the cultivation resources grown by the heaven and earth in this place of baptism of the gods.

The magic weapon and the nine-color crystal stone that Ye Feng found were all the wealth left behind after the fall of the ancient strongmen.

Ye Feng still wanted to obtain the resources bred between heaven and earth in the Baptism of Gods, because it was related to the gods and had the breath of the gods. It might not only improve his cultivation, but also contain divine substances, allowing his immortal body to continue to transform.

You know, Ye Feng's immortal body is still in the seventh level of the sixth stage, and it is still a long way from the tenth stage of great perfection, and the immortal body of the gods in the real state of great perfection. Ye Feng naturally wants to improve the level of his immortal body as soon as possible, so that Ye Feng's body strength will become stronger and stronger.

After all, Ye Feng's cultivation has improved very quickly during this period, but his physical strength feels a bit behind.

So Ye Feng naturally wants to find the resources of heaven and earth with divine substances in this place of baptism of gods to improve and transform the strength of his immortal body.

Chapter 5223 Big Black Crocodile

At this time, Ye Feng tried his best to expand his soul power and spread it around, trying to find the divine substance that could transform his immortal body.

Ye Feng knew very well that this place was the place where the gods were baptized. If some very good cultivation resources were born between heaven and earth, and they were stained with the breath of gods, they must contain divine substances.

So at this time, what Ye Feng wanted to find was naturally the cultivation resources of heaven and earth that contained divine substances.

Buzz!

At this moment, as Ye Feng's soul power spread and searched, Ye Feng suddenly found some very unusual fluctuations.

Ye Feng's eyes lit up, and he immediately flew quickly in that direction.

Soon, Ye Feng came to the vicinity of a quagmire in the wilderness.

Ye Feng saw that a huge quagmire appeared in front of him.

And in the middle of this quagmire, there grew a flower emitting golden light.

"Huh?"

Seeing this scene, Ye Feng's eyes suddenly showed a look of surprise.

It was the first time that Ye Feng saw a flower emitting golden light.

Ye Feng observed the entire quagmire at this moment and felt that there must be risks here, otherwise, it would be impossible for this golden flower to grow safely here.

However, Ye Feng had already sensed that the golden flower growing in this quagmire contained divine substances.

So at this time, Ye Feng was determined to get this golden flower.

Because it could enhance and transform his immortal body of the gods.

So at this time, Ye Feng didn't care whether there was any danger or not, and rushed directly to the middle area of the quagmire.

But just when Ye Feng had just flown halfway.

Boom!

Sure enough, just as Ye Feng expected, this seemingly calm quagmire contained great danger. The entire quagmire exploded in an instant, and a huge black claw immediately stretched out from the quagmire and attacked Ye Feng.

Ye Feng had already expected this scene at this moment, and immediately burst out the power of the immortal body of the gods, and directly stretched out a golden fist, colliding with this huge black claw.

Boom!

With a huge roar, the golden fist and the huge black claw collided directly.

The next moment, Ye Feng immediately felt a huge force transmitted to his fist, which made Ye Feng couldn't help but step back several steps.

However, this black claw did not hurt Ye Feng.

At this moment, Ye Feng immediately saw that in the mud, accompanied by a violent vibration, a huge black crocodile with a length of tens of thousands of meters appeared.

This black crocodile was covered with black scales and looked very strong. Moreover, his two black claws were made of the strongest steel in the world, with a very terrifying sharpness and strength.

This black crocodile, Ye Feng guessed, had such a powerful strength, and it was probably alive in ancient times, and it was very likely to be the ancestor of a crocodile.

This big black crocodile, with two eyes emitting a faint green light, stared at

Ye Feng's eyes seemed to be filled with surprise. He didn't expect that such a human boy, so small, like an ant, could burst out the huge power of millions of troops in his small golden fists. He was able to fight on par with him, the king of monsters who had survived for tens of thousands of years. This really shocked the black crocodile.

At this time, Ye Feng just smiled coldly and said, "It seems that the golden flower growing in the middle of the quagmire is just a bait. You, a beast, lurk in this quagmire in order to lure many powerful creatures to pick the flowers through this golden flower, so that you can rush out of the quagmire and hunt these lured creatures at any time."

Boom!

After Ye Feng finished speaking, he burst out with dazzling golden light and attacked the black crocodile.

In the collision just now, Ye Feng had already realized that the black crocodile was not as powerful as he imagined, so Ye Feng was not afraid now.

However, what Ye Feng didn't know was that his current strength was already very strong, so he felt that this black crocodile was not that strong.

If it was Ye Feng who had just arrived at the Zhongzhou land of the Wan Yao interface, he might have been killed by this black crocodile in an instant.

But now, Ye Feng has been training in the Zhongzhou land of the Wan Yao interface for such a long time, and has also experienced many things and obtained many opportunities and fortunes, which naturally makes Ye Feng's cultivation strength stronger and stronger.

Even if he encounters this kind of ancient evil beast that survived from ancient times, Ye Feng has no fear at this moment, and directly collides with the ancient evil beast, the black crocodile.

At this moment, Ye Feng did not hesitate at all, and directly took out the golden scepter he had obtained before.

This golden scepter is the first treasure that Ye Feng found in this place of baptism of the gods. It has not been damaged for countless years, which shows that it is extremely powerful and worth using.

Boom!

Ye Feng injected his own mana into the golden scepter in his hand, and the entire golden scepter immediately burst out with brilliant golden light, forming a golden shadow of an ancient evil beast directly in front of Ye Feng, and then fiercely It hit the big black crocodile in front of it hard, and a huge roar suddenly erupted.

As a result, in the next moment, the big black crocodile was defeated by the phantom of the ancient evil beast condensed by the golden scepter.

"good!"

Seeing this scene, Ye Feng immediately showed a look of surprise in his eyes. As expected, this golden scepter was very powerful.

Moreover, this golden scepter is not a very powerful magic weapon in itself, but the shadow of the golden evil beast it condenses is very powerful.

At this time, the big black crocodile immediately couldn't help but said in horror: "What? How is this possible? How could the magic weapon of the Ten Thousand Beast Immortals in ancient times, the Ten Thousand Beast Scepter, be in the hands of a boy from the human race like you?" In your hands, and you have exerted the original power in it, how can you, a human boy who is a practitioner of later generations, activate such a magic weapon from ancient times? Only a creature with the aura of the gods can activate the legacy of the gods from ancient times. The magic weapon!"

At this time, the big black crocodile could be said to be extremely shocked, even a little incoherent. At this time, Ye Feng tried his best to expand his soul power and spread it around, hoping to find the divine substance that could transform his immortal body.

Ye Feng knew very well that this place was the baptism place of the gods. If some very good cultivation resources were bred between heaven and earth, and they were contaminated with the breath of the gods, they must contain divine substances.

So at this time, what Ye Feng wanted to find was naturally the heaven and earth cultivation resources that contained divine substances.

Buzz!

At this moment, as Ye Feng's soul power spread and searched, Ye Feng suddenly discovered some very unusual fluctuations.

Ye Feng's eyes lit up and he immediately flew quickly in that direction. ??

Soon, Ye Feng came to a quagmire in the wilderness.

Ye Feng saw that there was a huge quagmire in front of him.

And in the middle of this quagmire, there was a flower growing with golden light.

Seeing this scene, Ye Feng's eyes suddenly showed a look of surprise.

This was the first time Ye Feng saw flowers emitting golden light.

Ye Feng observed the entire quagmire at this moment and felt that there must be risks here. Otherwise, it would be impossible for this golden flower to grow here safely.

However, Ye Feng has already sensed that the golden flowers growing in this quagmire contain divine substances.

So at this time, Ye Feng was determined to win this golden flower.

Because this can enhance and transform one's own immortal body of gods.

So at this time, Ye Feng didn't care whether there was danger or not, and rushed directly towards the middle area of the quagmire.

But just when Ye Feng was halfway through the flight.

Boom!

Sure enough, just as Ye Feng expected, this seemingly peaceful quagmire contained great dangers. The entire quagmire exploded instantly, and a huge black claw immediately stretched out from the quagmire. , attacking towards Ye Feng.

Ye Feng had expected this scene at this moment, and immediately burst out with the power of the immortal body of the god, stretched out his golden fist, and collided with this huge black claw.

This black crocodile has black scales all over its body and looks extremely strong. Moreover, its two black claws are made of the strongest steel in the world, with extremely terrifying sharpness and sturdiness. Spend.

Ye Feng guessed that this black crocodile had such great strength that it probably had survived to ancient times and was probably the ancestor of a crocodile.

At this time, after Ye Feng finished speaking, his whole body erupted with brilliant golden light and attacked the big black crocodile.

In the moment of collision just now, Ye Feng had already realized that this big black crocodile was not as powerful as he thought, so Ye Feng was not afraid now.

But what Ye Feng doesn't know is that he is actually very powerful now, so he feels that this big black crocodile is not very powerful.

If it were Ye Feng who had just arrived in Zhongzhou in the Ten Thousand Monsters interface, he might have been killed by this big black crocodile in an instant.

But now, Ye Feng has been practicing on the land of Zhongzhou in the interface of ten thousand monsters for such a long time, and he has also experienced many things and gained many opportunities, which naturally makes Ye Feng's cultivation stronger and stronger.

Even if he encountered this ancient evil beast that had survived from ancient times, Ye Feng did not have any fear at this moment. He directly collided head-on with the ancient evil beast, the big black crocodile.

At this time, the big black crocodile could be said to be extremely shocked, even a little incoherent.

Chapter 5224 Who is this person?

At this time, seeing the big black crocodile so shocked, Ye Feng's eyes showed a faint sneer, and he said: "No matter what, if you dare to sneak attack me today and want to hunt me, then I will kill you with my own hands." If you try to cure someone else's body, you will definitely die."

boom!

After finishing speaking, Ye Feng continued to use the golden scepter in his hand, bursting out with extremely powerful power.

This golden fisting staff, according to the big black crocodile, is a natal magic weapon refined by a strong man named Ten Thousand Beasts Immortal in the ancient age of gods.

Ye Feng pushed the golden scepter with all his strength to release the power of the ancient evil beast, and directly collided with the big black crocodile.

And at this moment, Ye Feng suddenly stretched out his right hand, and Ye Feng's right hand immediately turned into a big black hand that covered the sky and the sun.

It is the right hand of the God of Darkness that Ye Feng successfully fused before, which has the powerful power of the God of Darkness!

This is the palm left by the ancestor of the dark demon clan, the God of Darkness. Ye Feng successfully integrated it into his right hand. It naturally contains unparalleled power.

At this moment, Ye Feng's right hand of the God of Darkness exploded with all its power, containing part of the majestic power of the god, and directly hit the big black crocodile hard.

This big black crocodile was originally suppressed by the power of the ancient immortal in the golden scepter and retreated steadily. Now it was attacked by Ye Feng using the right hand of the God of Darkness. The entire body was suddenly exploded and shattered instantly. , there is no way to stop Ye Feng's power.

At this moment, Ye Feng saw a look of surprise in his eyes when he saw how easily he had killed the big black crocodile.

It seems that he did not expect that this big black crocodile that survived in ancient times would be so invulnerable.

But what Ye Feng doesn't know is that his own strength has now reached a very terrifying level, and the various methods he possesses are unimaginable by ordinary people.

Whether it is the golden scepter, the magic weapon of the ancient immortals, or the right hand of the God of Darkness, it is definitely a first-rate method.

, extremely powerful, it is impossible for ordinary people to have such means, that's why Ye Feng has such super fighting power.

Buzz!

At this time, Ye Feng naturally did not hesitate at all, and directly released the Devouring Domain, instantly covering the black crocodile that he killed in his Devouring Domain.

Boom!

At this moment, Ye Feng suddenly felt a very majestic blood energy, which was immediately injected into his Dantian. Ye Feng's skill immediately increased to the greatest extent!

boom!

The tenth level of Earthly Evil Realm!

boom!

The eleventh level of Earthly Evil Realm!

At this time, Ye Feng's cultivation suddenly broke through two small realms in a row, making Ye Feng's eyes suddenly reveal a look of deep surprise.

It seems that although this big black crocodile is not very powerful, the blood energy contained in its body is still very majestic.

But it's normal to think about it.

After all, this big black crocodile is a powerful evil beast that survived in ancient times. The energy contained in its body is naturally very terrifying.

At this moment, Ye Feng did not hesitate and continued to fly quickly towards the golden flower in the middle of the quagmire.

At this time, the big black crocodile was killed and there was no longer any threat.

Ye Feng successfully arrived in front of the golden flower, and then stretched out his hand to touch the golden flower.

Buzz!

At this moment, Ye Feng sensed it carefully and found that the energy contained in this golden flower was the divine substance.

At this moment, Ye Feng naturally did not hesitate at all, and immediately began to quickly release the Devouring Domain, absorbing the divine object in this golden flower.

quality.

At this moment, as Ye Feng absorbed the divine substance in the golden flower, Ye Feng could immediately feel the strength of his immortal body, and he immediately experienced rapid improvement and transformation.

As streams of divine substances merged into Ye Feng's body, Ye Feng's immortal body of the gods was slowly growing.

boom!

The sixth stage and the eighth floor!

At this moment, the strength of Ye Feng's Immortal Body of God immediately transformed by a level, which greatly improved Ye Feng's physical strength.

You know, even if Ye Feng's Immortal Body of God only breaks through a small level of a large stage, it means that Ye Feng's physique, strength and body strength will be greatly improved.

At this time, Ye Feng could naturally feel that his body and physical strength had undergone great transformation and growth.

At this time, Ye Feng also saw that the glittering golden flower in front of him suddenly withered away. Apparently it had lost all its divine substances, and this golden flower also withered directly.

At this time, Ye Feng did not stay too long, but continued to quickly investigate in other directions around him.

Although this golden flower only transformed his immortal body, it was also a great surprise for Ye Feng.

Because Ye Feng's Immortal Body of the God has not been improved for a long time.

And in addition, Ye Feng has now confirmed his own thoughts. In this land of baptism of gods, the cultivation resources grown between heaven and earth, such as these treasures of heaven and earth, are contaminated with the breath of ancient gods. They really contain hidden treasures. The divine substance allowed Ye Feng's immortal body to transform.

Buzz!

At this time, Ye Feng continued to expand his soul power and searched the surroundings, hoping to search as much as possible for the heavenly materials and earthly treasures grown in the heaven and earth in these baptismal places of the gods.

"I don't know Xuan Wuji before

#Every time verification appears, please do not use incognito mode!

Did you find anything good on the other side..."

At this moment, while Ye Feng was searching, he was secretly thinking about the situation on Xuan Wuji's side.

But now Ye Feng can't control that much. He will first finish exploring the area where the gods are baptized.

At this time, through his powerful soul power, Ye Feng once again sensed a very powerful energy fluctuation.

This kind of energy fluctuation is more than ten times stronger than the energy fluctuation of the golden flower that Ye Feng sensed.

This made Ye Feng's eyes suddenly reveal a look of deep surprise. Could it be that he was about to encounter a particularly high-level treasure of heaven and earth?

Otherwise, how could this kind of energy fluctuation be more than ten times stronger than the golden flower?

At this moment, Ye Feng naturally did not waste any time, and immediately flew quickly in the direction of the energy fluctuations emanating from the treasures of heaven and earth that he had just sensed.

When Ye Feng arrived at his destination, a look of astonishment suddenly appeared in his eyes.

Because Ye Feng saw a beautiful figure wearing a silver dress. She was a beautiful and young woman, extremely noble, standing in a wilderness not far away.

And on the ground in front of this beautiful woman in a silver dress, a huge green vine tree is growing at this moment.

The energy fluctuation emitted by this green vine tree is exactly the very strong energy fluctuation of heaven and earth that Ye Feng sensed. It is more than ten times stronger than the golden flower, and it must contain extremely rich divine energy. Sexual substances!

At this moment, Ye Feng was very curious and shocked because he did not expect that other masters would come in the baptism place of the gods.

I don't know who this mysterious woman in a silver robe is, but she can actually enter the baptismal place of the gods?

However, it is also possible that this silver-robed woman is a native creature in the baptism place of the gods. How ancient is that existence?

Chapter 5225: Immortal Gate of Immortality

At this time, Ye Feng stared at the mysterious silver-robed woman in front of him, with a trace of vigilance in his eyes.

Because Ye Feng knew very well that this mysterious woman in silver robes did not yet know her specific identity or whether she was an enemy.

At this time, Ye Feng walked slowly and quickly towards the big green tree, and couldn't help but ask: "Are you also very interested in this big green tree?"

Ye Feng wanted to judge at this time whether this mysterious woman in silver robe also came for this big green tree.

When Ye Feng said this, the mysterious woman in silver robes immediately stared at Ye Feng, and a terrifying pressure was immediately exerted on Ye Feng.

Buzz!

Ye Feng immediately felt himself at this moment, as if he had been completely seen through the whole secret. Ye Feng immediately showed a trace of astonishment in his eyes.

This mysterious woman in silver robe seemed to be quite mysterious just now, but now she felt extremely terrifying to Ye Feng.

Ye Feng immediately understood that this was an extremely terrifying existence. It might even be a super powerful existence that could destroy him with just one thought. It was countless times more powerful than Xuan Wuji!

"horrible!"

"What a terrifying strength!"

At this moment, Ye Feng immediately screamed secretly in his heart. He did not expect that he would accidentally meet such a terrifying and mysterious woman.

But Ye Feng couldn't help but be very surprised. He didn't know why he could encounter such a terrifying existence in this place where the gods were baptized.

At this moment, this mysterious woman in silver robe stared at Ye Feng, her face showed no fluctuation, and her beautiful face only had an expression of indifference, and she said loudly: "You little guy has good luck. You can enter this baptism place of the gods by mistake, but your cultivation is too weak. I advise you not to wander around casually, otherwise, you are very likely to suddenly be baptized by the gods. some terrible power

Obliterated instantly. "

Hearing what this mysterious woman in silver robe said, Ye Feng's eyes suddenly showed a look of surprise.

It seems that this mysterious woman in silver robe is not a vicious person, but she even kindly reminds herself.

At this time, Ye Feng couldn't help but said: "I came from the interface of ten thousand monsters, but I have never seen an existence that gives me such a terrifying feeling like my senior. Senior must be a powerful existence that transcends the interface of ten thousand monsters. Because even the top figures in the Ten Thousand Demons Interface feel as weak as ants in front of seniors."

Hearing what Ye Feng said, a faint smile appeared on the beautiful face of this mysterious woman in silver robe, and she said loudly: "You have extraordinary vision. You know that I am not from the interface of ten thousand demons. Yes, I am from In this heaven, the most powerful realm in all heavens, and I can tell you clearly that I come from the Immortal Sect of Heaven, you little guy is destined to me. I tell you where I come from. If the future is If you and I can meet again, maybe I can accept you as my disciple."

After finishing speaking, the mysterious woman in silver robe glanced at the big green tree, and then suddenly stretched out a white palm.

Buzz!

As she stretched out her palm, the big green tree shrank quickly, and finally turned into a small green tree, only the size of a palm, and fell into the hands of this mysterious woman in silver robe.

At this moment, this mysterious woman in silver robe glanced at Ye Feng, then jumped up and disappeared in an instant.

Seeing this scene at this moment, Ye Feng suddenly showed a helpless smile on his face.

This time, I didn't expect that someone would get there first.

But Ye Feng didn't dare to compete with this mysterious woman in silver robe.

After all, this is a mysterious and transcendent figure from the heaven. He seems to come from some immortal sect in the heaven. He seems to be a mysterious existence among the great transcendent forces.

However, Ye Feng was also very lucky that he did not encounter some extremely vicious existence.

If you meet some extremely vicious superpowers, maybe they don't like you, and they just think about it and kill you in an instant, that would be very unlucky.

Although Ye Feng did not get the big green tree, he saved his life after all, and the other party seemed to feel that he was destined to be with him, and said that he might accept him as his disciple the next time they meet.

This made Ye Feng couldn't help but shake his head and smile. He didn't know that he would be able to go to heaven only in the year of the monkey.

At this time, Ye Feng looked around and was about to leave. .??.

But at this moment, Ye Feng seemed to sense something, and he couldn't help but move his eyes, and immediately walked to the place where the big green tree was taken away just now.

At this time, Ye Feng looked down at the place where the big green tree took root, and a look of surprise suddenly appeared in his eyes.

Because Ye Feng discovered that there was a pile of golden sand in the ground where the green tree had taken root.

These golden sands seem to be very extraordinary.

Uh-huh!

Ye Feng immediately squatted down and stretched out his hand, touching the golden sand.

The next moment, Ye Feng's eyes immediately revealed a look of deep surprise.

Because Ye Feng sensed that this piece of golden sand actually contained a very rich divine substance.

Ye Feng suddenly understood at this time that the reason why the big green tree could grow so big was probably because it took root on this pile of very mysterious golden sand and absorbed the divine power from this pile of golden sand. Only with sexual substances can it grow into a special treasure of heaven and earth.

At this time, Ye Feng felt that

#Every time verification appears, please do not use incognito mode!

Before the mysterious woman in silver robe left, she did not take away this piece of golden sand. It seemed that the woman in silver robe was not very interested in this kind of golden sand. She was interested in the treasures of heaven and earth themselves.

But this gave Ye Feng an advantage.

Because what Ye Feng needs is divine substance.

The amount of divine matter in this golden sand pile may be even greater than the amount of divine matter in that big green tree.

Buzz!

At this moment, Ye Feng naturally did not hesitate at all, and immediately began to absorb the divine substance in this golden sand pile.

As the divine substance was absorbed by Ye Feng and integrated into Ye Feng's body, Ye Feng's body strength at the eighth level of the sixth stage rapidly increased again at this moment.

boom!

The sixth stage, the ninth floor!

boom!

The tenth floor of the sixth stage! !

At this time, Ye Feng absorbed the divine substance in the entire golden sand pile, and the strength of his Immortal Body of God directly broke through two levels, directly transforming and evolving to the sixth stage and tenth level of perfect state, making Ye Feng's physique The strength has been improved unparalleledly.

And when Ye Feng's Immortal Body of Heavenly God enters the sixth stage and reaches the tenth level of perfection, it means that Ye Feng is not far from the next brand-new stage, the seventh stage.

Ye Feng is very much looking forward to it. If his immortal body of the gods can transform to the seventh stage, he wonders whether he will be able to awaken another mysterious and powerful innate ability of the blood of the gods.

That will definitely be of great help to improve your overall strength.

However, Ye Feng also knows that it is very difficult to improve across a major stage.

But now I am in this baptism place of gods!

Perhaps, there is really a chance to let his immortal body of the gods completely break through the physical bottleneck of the sixth stage and enter the new seventh stage!

Chapter 5226: Principles of life

At this time, Ye Feng spread his soul power and continued to cover the surroundings, hoping to find more divine substances so that his immortal body of gods could continue to transform and grow.

But Ye Feng searched for a long time and found no special divine substance.

So this made Ye Feng feel quite disappointed.

But this time entering this place of baptism of the gods, Ye Feng has gained a lot of benefits, and he is contented.

At this moment, Ye Feng has finished exploring the area on his side and is ready to look for Xuan Wuji to see how Xuan Wuji is doing.

Maybe there is divine substance in the area Xuan Wuji is looking for.

And Xuan Wuji doesn't need the divine substance, so he might be able to give it to himself.

boom! !

But at this moment, suddenly there was a violent vibration not far away.

Ye Feng's eyes suddenly showed a look of surprise, and he quickly flew in that direction.

When Ye Feng came to the place where the vibration sounded, he immediately saw a rather shocking scene.

I saw that the mysterious woman in silver robes with extremely noble status whom I met before, who seemed to come from the Immortal Sect of Heaven, was lying on the ground at this time, seemingly in a coma.

"Um?"

Seeing this scene, Ye Feng's eyes widened slightly. He seemed to have never thought that such a mysterious and powerful woman from the heaven would be attacked by some kind of force and fainted.

At this moment, Ye Feng did not fly forward immediately, but stared at the surroundings carefully to see what was going on around him.

Because being able to knock such a mysterious and powerful woman unconscious with a direct attack is enough to show how terrifying the opponent of the mysterious woman in silver robe just now is.

However, Ye Feng observed for a long time and found no particularly powerful creatures or ancient existences around him. Ye Feng's eyes suddenly showed surprise and he flew over.

Ye Feng immediately saw that in front of the mysterious woman in silver robe, a huge hole appeared in the ground.

#Every time verification appears, please do not use incognito mode!

In this pit, an ancient mysterious bronze door appeared, which seemed to lead to a very mysterious space underground.

At this moment, Ye Feng saw that the bronze gate was engraved with countless ancient dense symbols. Each symbol was emitting black light, giving people an extremely evil feeling.

Moreover, the aura emitted by these black ancient symbols at this moment made Ye Feng feel that his entire body was about to be broken into pieces.

This made Ye Feng retreat quickly.

Ye Feng was extremely horrified. He just looked at the pothole outside the bronze gate from a distance and felt that his whole body was about to completely collapse.

I can't imagine how terrifying it would be if you were particularly close to this bronze gate.

At this time, Ye Feng looked at the mysterious woman in silver robe lying unconscious on the ground not far away, and immediately couldn't help but secretly guess what had just happened.

It seems that this mysterious woman in silver robes did not encounter a very terrifying enemy and was attacked and knocked unconscious. She should have been shocked by the power released by the ancient dark symbols engraved on the bronze door. He flew out and passed out.

It can also be seen from this that these black evil ancient symbols on this bronze gate are so terrifying. Even this superhuman figure from the Immortal Sect of Heaven was directly shaken and fainted.

Ye Feng immediately guessed that this mysterious woman in silver robe came to this place of baptism of the gods, probably because she wanted to find this bronze gate and wanted to enter a mysterious place under the bronze gate.

But she couldn't open the bronze door, and was bombarded by countless ancient evil black symbols on the bronze door and fell into a coma.

Ye Feng had this guess in his mind. After looking at the mysterious woman in silver robe lying on the ground, he didn't think he would die. After all, there was no danger around, and this mysterious woman in silver robe was not a vicious person.

, and also said that he was destined to have a good attitude towards himself, so Ye Feng naturally prepared to save people as much as he could.

In addition, Ye Feng knew very well that this mysterious woman in silver robes came from a transcendent power in the heaven and had a noble status. If he saved her, it would be considered as a good relationship for him to go to the heaven in the future. It comes in handy any day.

Uh-huh!

At this moment, Ye Feng simply carried the silver-robed woman behind his back and left here quickly.

Ye Feng quickly came to the surrounding mountains, found a safe valley, and placed the mysterious woman in silver robe on the ground.

At this moment, Ye Feng observed carefully and discovered that this mysterious woman in silver robes was not as graceful and luxurious as he imagined. On the contrary, in a coma, this mysterious woman in silver robes gave people a feeling of pity. Broken beauty.

At this time, Ye Feng released part of the life spring water to help this mysterious woman in silver robe restore the lost life energy.

Soon, the mysterious woman in silver robe opened her eyes.

"Um?"

She first showed deep surprise in her eyes, and then saw Ye Feng beside her, using the life spring to restore her vitality. This made the beautiful eyes of the mysterious woman in the silver robe suddenly reveal a look of surprise. It seemed that she did not expect that the one who saved her would be the little human boy she met before.

After all, in the eyes of this mysterious woman in the silver robe, Ye Feng, a human boy from the Ten Thousand Monsters Interface, was just like a small ant, but she did not expect that this little ant would save her.

At this moment, the mysterious woman in the silver robe suddenly stood up from the ground and said, "You and I are really destined to meet again."

Hearing what the mysterious woman in the silver robe said, Ye Feng took back the life spring, smiled slightly and said, "I just happened to hear the movement made by the senior not far away, so I hurried over to see the situation, but I didn't expect to see that the senior was unconscious."

Hearing what Ye Feng said, the mysterious woman in the silver robe nodded slightly, glanced at Ye Feng, and said: "You saved me, you are my savior, but I have to make one thing clear, if you want me to repay you with a very excessive request, such as asking me to marry you, then I will definitely not agree."

"Marry you?"

Hearing the mysterious woman in the silver robe say this, Ye Feng was stunned, and then felt a little ridiculous, and immediately smiled dumbly, shook his head, and said: "That's not the case, senior, you worry too much."

After that, Ye Feng stood up and prepared to leave.

"You're leaving just like that?"

Seeing Ye Feng was about to leave, the beautiful and noble face of the mysterious woman in the silver robe immediately showed a trace of surprise, and she said: "Don't you want me to give you something in return?"

When Ye Feng heard what the mysterious woman in the silver robe said, he immediately shook his head and said: "I just feel that I have a connection with the senior, and the senior has been kind to me before, and I happened to see the senior fainted. Rescuing the senior is just a piece of cake, and it can be regarded as a good relationship. Now that the senior has woken up, I should leave and look for the opportunity I want."

Seeing Ye Feng so free and easy, the beautiful eyes of the mysterious woman in the silver robe showed a trace of surprise, and her view of Ye Feng also changed dramatically.

Swish!

She suddenly came to Ye Feng's side, staring at him with her beautiful eyes, and said: "Even if you don't ask for anything in return, I will give you something in return. This is my code of conduct. You saved me, and I will definitely not let you save me in vain."

When she said this, the mysterious woman in the silver robe stretched out a white hand, grabbed Ye Feng's wrist, and immediately said: "Come on, I will take you to the most mysterious place of opportunity and good fortune in the Baptism of Gods. Not to mention a cultivator like you, even a cultivator like me who comes from a transcendent and powerful force in the heavens, if we can enter the most mysterious place of opportunity and good fortune in the Baptism of Gods, we can also get an unparalleled improvement."

Chapter 5227 Am I seeing things?

At this time, Ye Feng was still a little surprised. He did not expect that this mysterious woman in silver robes, who came from the heaven and was extremely noble, would actually choose to take him to find the most mysterious opportunity of the baptismal power of the gods.

At this moment, Ye Feng seemed to have thought of something, and immediately couldn't help but ask: "Is the most mysterious place of chance creation that the senior wants to go to, connected to that underground bronze door? place?"

Hearing what Ye Feng said, the mysterious woman in silver robes immediately nodded and said, "It seems that when you rescued me just now, you already saw the bronze door buried underground. Yes, this The most precious place created by the power of the baptism of the gods is under that bronze door. But I was a little negligent just now, and I was directly stunned by the ancient dark demon symbols engraved on the bronze door. , luckily you saved me."

When she said this, the face of this mysterious woman in silver robe showed great confidence, and she said loudly: "This time I am fully prepared, and I will never be attacked and knocked unconscious by the ancient symbols engraved on the bronze door." It's over."

When he said this, the mysterious woman in silver robe pulled Ye Feng and flew quickly in the original direction.

When they came to the place where they were unconscious just now, they immediately saw the bronze door, with dense dark ancient symbols engraved on the surface, still exuding an evil light, giving people a very scary feeling.

At this moment, Ye Feng couldn't even get close.

Buzz!

At this time, a pale white light suddenly emitted from the mysterious woman in silver robe, shrouding Ye Feng.

At this moment, Ye Feng immediately felt a very safe feeling, and the pressure from the dark symbol on the bronze door disappeared instantly.

At this time, Ye Feng

Finally, we were able to land not far from the bronze gate with this mysterious woman in silver robe.

At this moment, the mysterious woman in silver robe still looked quite solemn, and she stretched out a plain white palm.

Buzz!

The next moment, a small jade seal appeared in the palm of her hand with a flash of light.

This small jade seal is made entirely of white jade and looks very delicate.

However, Ye Feng knew very well that this seemingly ordinary little jade seal was definitely a very precious and priceless magic weapon. Otherwise, it would not have been released in such a solemn way by such a distinguished figure as the mysterious woman in silver robe.

Ye Feng didn't say much at this time, because he couldn't resist this bronze door with his own strength, so it was better to wait for the mysterious woman in silver robe to take action.

At this moment, after this small jade seal appeared in the palm of this mysterious woman in silver robe, she threw it directly towards the bronze door below.

The moment this small jade object was thrown out of the palm, it actually swelled up in the wind, directly above the entire sky, and expanded into a huge jade seal that was tens of thousands of meters tall.

Just like an ancient mountain made entirely of white jade, it crazily suppressed the bottom and bombarded the bronze door in the pit.

Boom!

At this moment, the huge jade seal, which turned into an ancient mountain, collided with the bronze gate, and immediately made a huge roar.

Voice.

Almost at the next moment, Ye Feng immediately saw this huge jade seal that had transformed into the size of an ancient mountain. It had unparalleled super power and crushed all the dark and ancient symbols on the surface of the bronze door. Come on.

"So strong!"

Seeing this scene, Ye Feng couldn't help but nodded slightly. This mysterious woman in silver robe was indeed very powerful. She was worthy of being a transcendent power from the heaven. As expected, her cultivation, methods, and magic weapons were all first-rate and powerful. .

Before, this mysterious woman in silver robes might have been a little careless, so she was shaken out by the dark ancient symbols on the bronze door and fell into a coma.

Otherwise, this bronze gate would not be able to block the attack of this mysterious woman in silver robe.

At this moment, watching the dark ancient symbols on the surface of the bronze doors shatter one by one, a trace of joy appeared on the beautiful face of the mysterious woman in silver robe.

This time she specially came from heaven to this place of baptism of gods, just to enter the mysterious place connected to this bronze gate.

But just when the huge jade seal shattered the dark ancient symbols on the surface of the bronze door, suddenly a stream of extremely dark gas emerged from the entire bronze door, covering the entire huge white jade seal. .

And with such an extremely dark gas covering the jade seal, the jade seal, which looked like an ancient mountain, lost its original power and could no longer destroy the dark ancient symbols on the surface of the bronze door.

"Huh? Not good!"

Seeing this scene, the mysterious woman in silver robe couldn't help but said aloud with a somewhat ugly look on her face: "This is the oldest

#Every time verification appears, please do not use incognito mode!

The old dark energy can corrode any living being and magic weapon in the world. It can cause the living being to die suddenly and suddenly, and it can also corrode and weaken even the most powerful magic weapon. "

At this moment, when he heard the woman in silver robe beside him say this, Ye Feng's eyes suddenly revealed a look of surprise, and he said loudly: "If you say so, senior has no way to control this jade seal and continue to destroy the seals engraved on the surface of the bronze door. of these dark ancient symbols?"

The mysterious woman in silver robe nodded immediately, with an ugly look on her beautiful face.

After all, this huge jade seal is the most powerful magic weapon in her hand. She originally thought it could erase the dark and ancient symbols, but she didn't expect that this bronze gate was still filled with so much corrosive dark gas in the ancient times. , a powerful magic weapon that can corrupt her.

At this moment, Ye Feng directly released the Gate of Heaven without any hesitation.

Buzz!

A huge door to heaven appeared above Ye Feng's head, and it immediately emitted brilliant white light, directly melting all the dark gas.

The huge jade seal can continue to destroy the dark ancient symbols on the bronze gate.

When Ye Feng saw this scene, he immediately smiled and said: "The pure and advanced power of light can indeed dispel these dark energies."

However, Ye Feng had just finished speaking. The mysterious woman in silver robes standing aside did not continue to pay attention to the bronze door. Instead, she stared at the portal composed of light power above Ye Feng's head for a moment. She couldn't help but Zhu was horrified and said: "What is this? This is the legendary Gate of Heaven. How come the most powerful treasure of our Lord of Heaven is in your hands? Am I right? This is incredible!"

Chapter 5228: Madness of the Heavens

At this time, even this mysterious woman in silver robe couldn't help but have a look of deep horror in her eyes.

Although she comes from a transcendent world in heaven, she has never seen the natal magic weapon of a legendary figure like the Lord of Heaven appear.

But now the gate of heaven really appeared in front of her eyes.

So at this time, this mysterious woman in silver robe was naturally very frightened.

At this time, Ye Feng smiled slightly and said aloud: "To be honest, senior, this is really the Gate of Heaven, but now our focus should be on that bronze gate."

Hearing what Ye Feng said, the mysterious woman in silver robes came back to her senses, nodded quickly, controlled the huge jade seal she had released before, and attacked the bronze door fiercely.

Finally, all the ancient symbols on the bronze gate were completely obliterated by the huge jade seal.

At this time, the mysterious woman in silver robes roared loudly, and the huge jade seal in her hand once again slammed towards the underground bronze door.

Boom!

Accompanied by a huge roar, the bronze door buried in the ground was finally completely shattered, revealing an extremely deep underground passage.

Seeing this scene, the mysterious woman in silver robe immediately looked at Ye Feng and said loudly: "You come to me, and we will go down together. If you are by my side, if you encounter great danger, I can protect you at any time. "

Hearing what the mysterious woman in silver robe said, Ye Feng didn't show any pretense. He immediately nodded and flew directly to the mysterious woman in silver robe, very close to her.

After all, Ye Feng knows very well that if the underground space under the bronze gate is really the most mysterious place in this baptism place of the gods, it must contain extremely huge dangers.

#Every time verification appears, please do not use incognito mode!

If there are some very terrible dangers that he cannot deal with, if this mysterious woman in silver robe is close, he can completely protect himself.

So at this time, Ye Feng naturally came to the side of the mysterious woman in silver robe, and the two of them descended quickly.

During the descent, the mysterious woman in silver robe couldn't help but stare at Ye Feng beside her, with deep surprise in her eyes.

After all, in her eyes, Ye Feng was just a very ordinary boy, an insignificant person in her eyes.

It's just that the two of them were quite destined, so they came together temporarily.

Unexpectedly, Ye Feng actually possesses the Gate of Heaven left by the Lord of Heaven. This is a treasure that only exists in legends in Heaven.

So at this time, the mysterious woman in silver robe naturally looked at Ye Feng with admiration.

However, the mysterious woman in the silver robe is not evil-hearted. She did not want to snatch the Gate of Heaven from Ye Feng. Instead, she reminded her and said: "Ye Feng, let me tell you something. With your qualifications and talents, in the future, You will definitely be able to successfully ascend from the interface of Ten Thousand Demons to the Heaven Realm. After you enter the Heaven Realm, I hope you will not use the Gate of Heaven easily. This Gate of Heaven is a magic weapon left by the Lord of the Heaven Realm. It contains endless mysteries. It is not just the power of light, but it may also contain the secret of the legendary death of the Lord of Heaven. If anyone in the entire Heaven knows the place where the Lord of Heaven fell, it will definitely cause countless super powers in the entire Heaven to go crazy, because The Lord of Heaven is the most powerful existence in the Heaven for tens of millions of years. The place where the Lord of Heaven fell must have left behind the peerless inheritance of the Lord of Heaven. Therefore, all the great transcendent forces have a peerless influence on the Lord of Heaven.

There is a rush of inheritance, as well as the infinite treasures and wealth left by the Lord of Heaven. These may be related to the Gate of Heaven, so if you enter the Heaven, be sure not to reveal the Gate of Heaven easily, otherwise, I guess you will Being hunted by all the major forces in the entire heaven. "

Hearing what this mysterious woman in silver robe said, Ye Feng's eyes suddenly revealed a look of surprise, and he couldn't help but said, "Is it so exaggerated?"

The mysterious woman in silver robe nodded very solemnly and said aloud: "It is definitely such an exaggeration, and it is not an exaggeration, because you have no idea what the status of the Lord of Heaven is in Heaven. The Lord of Heaven is the entire Heaven. The strongest existence recognized by thousands of races is the only legendary figure in the heaven for tens of millions of years. Therefore, once the Heaven's Gate, the natal magic weapon of the Lord of Heaven, appears, it will definitely cause the entire heaven to go crazy. "

When she said this, the mysterious woman in silver robe stared at Ye Feng and said loudly: "If what you met today was not me, but another strong man from heaven, I would probably wait until you reveal the gate of heaven. In an instant, even if you have become friends, I am afraid that he will not be able to bear the greed in his heart and will directly snatch the gate of heaven from you, or even kill you directly. "

Hearing what this mysterious woman in silver robe said, Ye Feng immediately nodded and said, "Senior, I believe this."

When he said this, Ye Feng couldn't help but stare at the mysterious woman in silver robes in front of him, and continued to say: "But senior did not try to snatch my gate to heaven. It seems that senior is very open-minded."

Hearing what Ye Feng said, the mysterious woman in silver robes couldn't help but smile and said loudly: "It has never been my code of conduct to bully the small with the big, and I will not do those things like chickens and dogs and thieves."

Right now

#Every time verification appears, please do not use incognito mode!

While the two were talking, they finally successfully landed at the bottom.

At this time, the two of them looked around, and immediately saw that the underground space under the bronze gate was full of darkness, and the vision was very poor.

But at this time, the mysterious woman in silver robes spoke out: "I found this place of baptism of gods in ancient records, a place that contains the greatest opportunities for creation, but I didn't expect it to be such a dark and desolate place. In my imagination, this place should be full of vitality and infinite wealth."

Hearing what the mysterious woman in silver robe said, Ye Feng couldn't help but said: "Before I came to the baptism place of the gods, I also felt that the baptism place of the gods must be full of the breath of the gods. They are all infinite cultivation resources of heaven and earth. However, I did not expect that after arriving at the baptism place of the Lord God, I did not find infinite wealth or countless treasures of heaven and earth. All I saw was a dilapidated and desolate place. Perhaps this place was the place where the gods were baptized. There was a terrible battle that almost destroyed everything."

Hearing what Ye Feng said, the mysterious woman in silver robe nodded and said: "There must have been a tragic battle here back then, which destroyed everything, but no one has ever opened this bronze door. It shouldn't be possible that there is nothing, it definitely contains great opportunities."

When she said this, the mysterious woman in silver robe immediately flew around quickly, trying to find the chance and good fortune contained in it.

Ye Feng quickly followed.

After all, Ye Feng doesn't dare to act alone now.

You must know that this is not an ordinary area where the gods baptize. This is a mysterious place under the Bronze Gate. There may be huge dangers hidden. It is safest to follow this super strong man from the heaven.

Chapter 5229: Frozen Land

At this time, Ye Feng and the mysterious woman in silver robes were nervously looking around, wanting to see if there was any great opportunity in this mysterious place.

Buzz!

Suddenly, at this moment, a special wave of energy was transmitted from a short distance away, making both Ye Feng and the mysterious woman in silver robes look at each other.

At this moment, Ye Feng seemed to see the weak energy fluctuations and instantly sensed it. The mysterious woman in silver robe couldn't help but said in surprise: "Oh? I didn't expect that your perception ability is so powerful. , my cultivation level is nearly a hundred realms stronger than yours, but I didn't expect that you could sense that weak energy wave at the same time as me. Your

perception is indeed a bit evil, it seems. I still underestimate you a little, but when I think about it, I think it's normal. After all, you are the successor of the Lord of Heaven recognized by the Gate of Heaven."

Hearing what the mysterious woman in silver robe said at this moment, Ye Feng immediately showed a smile in his eyes and said loudly: "My perception is strong, and it has nothing to do with my owning the Gate of Heaven. I From the very early days of my cultivation, my perception has been very unusual."??

Hearing what Ye Feng said, the mysterious woman in silver robe nodded slightly, without saying anything more, but quickly flew in the direction of the weak energy wave just now, and Ye Feng quickly followed.

When they arrived at the place where the energy fluctuations were emitted, they immediately saw a rather shocking scene.

I saw a huge ice sculpture appearing on the ground not far ahead.

What was sealed in this ice sculpture turned out to be a giant dragon covered with red scales.

This giant dragon covered with red scales has nine dragon claws. It seems to be a dragon beast from a very ancient era. It is powerful and ferocious, but it is sealed here by mysterious ice.

"Look ahead."

At this time, the mysterious woman in silver robe seemed to have seen something and immediately pointed towards the distance.

Ye Feng also looked into the distance, but it was completely dark.

Buzz!

At this moment, Ye Feng immediately stretched out his hand and released a ball of flame, which directly rose to the sky and illuminated the dim scene around him.

"This is....."

The next moment, Ye Feng immediately saw a shocking scene.

I saw a huge icy lake appearing on the endless land in the distance.

On top of this icy lake, not only the crimson dragon was frozen, but also many other ancient evil beasts were frozen, densely packed.

There are evil beasts with nine arms covered with silver scales, there are also ancient giants with one eye and a body that is tens of thousands of meters tall, and there is even a nine-winged phoenix that seems to be burning with flames. Frozen on this frozen lake.

In addition to these ancient beasts, Ye Feng saw other demons from ancient times, such as a big demon with thirty-six wings, holding a huge steel fork in his hand, which was several kilometers long. Majestic and tall, there is also a huge black snake with three heads and a snake body

#Every time verification appears, please do not use incognito mode!

It is more than 100,000 meters long, with a total of six pairs of inverted triangle snake eyes on its three heads. It looks extremely vicious...

Looking at everything in front of him at this moment, Ye Feng was a little shocked and speechless.

Even though the mysterious woman in silver robe came from heaven, she was shocked by what she saw.

The mysterious woman in silver robes couldn't help but said: "Something terrible must have happened here back then, so that these powerful ancient evil beasts were frozen into ice sculptures in an instant and sealed forever. exists here."

At this moment, Ye Feng couldn't help but said with some anticipation: "Can I break these ices into pieces and get the energy contained in the bodies of these ancient evil beasts?"

For Ye Feng, each of these evil beasts from ancient times possesses a huge amount of blood energy. If he could devour one of them, he would be able to increase his cultivation level unparalleledly.

When Ye Feng heard what Ye Feng said, the mysterious woman in silver robes immediately shook her head and said: "We can't take risks. We still don't know if these ancient evil beasts are still alive. If they are still alive, , once we break these ices from the outside, they will be resurrected. There are thousands of ancient evil beasts here with overwhelming strength. If they all resurrect, let alone me, they will be the giants of the heaven where I am. The big forces, the Immortal Sect, and all the top powerhouses are coming, and it's probably going to be quite a struggle."

Hearing what the mysterious woman in silver robes said, Ye Feng couldn't help but take a breath of cold air immediately. He didn't expect that the thousands of ancient evil beasts frozen here would be so terrifying.

But it's normal to think about it.

After all, this is the baptism place of the gods.

Those who were able to enter the baptismal place of the gods back then were definitely the top creatures on the land in the prehistoric era.

At this moment, Ye Feng looked at the thousands of ancient evil beasts that were frozen in ice, and couldn't help but said with some pity: "Each of these ancient evil beasts is equivalent to a treasure. It's a pity that there is no such thing." Way to get it."

The mysterious woman in silver robe stepped back slightly at this moment and said aloud: "It's better not to disturb these ancient evil beasts that are frozen here. If they really wake up, it will definitely be a disaster, and we will never be able to escape. , will all die in the hands of these ancient evil beasts."

Hearing what the mysterious woman in silver robe said, Ye Feng could only nod his head and said: "When I become very powerful in the future, I will definitely come back here."

Hearing what Ye Feng said, the mysterious woman in silver robes was stunned at first, then shook her head and smiled, and said loudly: "Even the leader of our Immortal Sect, I'm afraid he wouldn't dare to face thousands of people alone. Tens of thousands of the top ancient evil beasts from the prehistoric era."

After the mysterious woman in the silver robe finished speaking, she actually wanted to explore the depths of this icy lake and see what secrets there were that could freeze all these thousands of ancient evil beasts in an instant. here.

Ye Feng was also looking forward to it at this moment. He couldn't help but encourage him and said: "Senior, let's go in and take a look. We've come here, so we can't just leave. As long as we don't disturb these frozen people, we can't leave like this." The sealed ancient evil beasts should not be in much danger." At this time, Ye Feng and the mysterious woman in silver robes were nervously looking around, wanting to see if there was any great opportunity in this mysterious place.

Buzz!

Suddenly, at this moment, a special wave of energy was transmitted from a short distance away, making both Ye Feng and the mysterious woman in silver robes look at each other.

At this moment, Ye Feng seemed to see the weak energy fluctuations and instantly sensed it. The mysterious woman in silver robe couldn't help but said in surprise: "Oh? I didn't expect that your perception ability is so powerful. , my cultivation level is nearly a hundred realms stronger than yours, but I didn't expect that you could sense that weak energy wave at the same time as me. Your perception is indeed a bit evil, it seems. I still underestimate you a little, but when I think about it, I think it's normal. After all, you are the successor of the Lord of Heaven recognized by the Gate of Heaven."

Hearing what the mysterious woman in silver robe said at this moment, Ye Feng immediately showed a smile in his eyes and said loudly: "My perception is strong, and it has nothing to do with my owning the Gate of Heaven. I From the very early days of my cultivation, my perception has been very unusual."

Hearing what Ye Feng said, the mysterious woman in silver robe nodded slightly, without saying anything more, but quickly flew in the direction of the weak energy wave just now, and Ye Feng quickly followed.

When they arrived at the place where the energy fluctuations were emitted, they immediately saw a rather shocking scene. ??

I saw a huge ice sculpture appearing on the ground not far ahead.

What was sealed in this ice sculpture turned out to be a giant dragon covered with red scales.

This giant dragon covered with red scales has nine dragon claws. It seems to be a dragon beast from a very ancient era. It is powerful and ferocious, but it is sealed here by mysterious ice.

"Look ahead."

At this time, the mysterious woman in silver robe seemed to have seen something and immediately pointed towards the distance.

Ye Feng also looked into the distance, but it was completely dark.

Buzz!

At this moment, Ye Feng immediately stretched out his hand and released a ball of flame, which directly rose to the sky and illuminated the dim scene around him.

"This is....."

The next moment, Ye Feng immediately saw a shocking scene.

I saw a huge icy lake appearing on the endless land in the distance.

On top of this icy lake, not only the crimson dragon was frozen, but also many other ancient evil beasts were frozen, densely packed.

There are evil beasts with nine arms covered with silver scales, there are also ancient giants with one eye and a body that is tens of thousands of meters tall, and there is even a nine-winged phoenix that seems to be burning with flames. Frozen on this frozen lake.

In addition to these ancient beasts, Ye Feng saw other demons from ancient times, such as a big demon with thirty-six wings, holding a huge steel fork in his hand, which was several kilometers long. Majestic and tall, there is also a huge black snake with three heads and a snake body

It is more than 100,000 meters long, with a total of six pairs of inverted triangle snake eyes on its three heads. It looks extremely vicious...

Looking at everything in front of him at this moment, Ye Feng was a little shocked and speechless.

Even though the mysterious woman in silver robe came from heaven, she was shocked by what she saw.

The mysterious woman in silver robes couldn't help but said: "Something terrible must have happened here back then, so that these powerful ancient evil beasts were frozen into ice sculptures in an instant and sealed forever. exists here."

At this moment, Ye Feng couldn't help but said with some anticipation: "Can I break these ices into pieces and get the energy contained in the bodies of these ancient evil beasts?"

For Ye Feng, each of these evil beasts from ancient times possesses a huge amount of blood energy. If he could devour one of them, he would be able to increase his cultivation level unparalleledly.

When Ye Feng heard what Ye Feng said, the mysterious woman in silver robes immediately shook her head and said: "We can't take risks. We still don't know if these ancient evil beasts are still alive. If they are still alive, , once we break these ices from the outside, they will be resurrected. There are thousands of ancient evil beasts here with overwhelming strength. If they all resurrect, let alone me, they will be the giants of the heaven where I am. The big forces, the Immortal Sect, and all the top powerhouses are coming, and it's probably going to be quite a struggle."

Hearing what the mysterious woman in silver robes said, Ye Feng couldn't help but take a breath of cold air immediately. He didn't expect that the thousands of ancient evil beasts frozen here would be so terrifying.

But it's normal to think about it.

After all, this is the baptism place of the gods.

Those who were able to enter the baptismal place of the gods back then were definitely the top creatures on the land in the prehistoric era.

Chapter 5230 The Ten Great Gods

At this time, Ye Feng and the mysterious woman in silver robes entered the frozen land in front of them with great vigilance.

They shuttled among the huge ice sculptures and felt a very terrifying aura emanating from the inside of these ice sculptures.

This made the faces of Ye Feng and the mysterious woman in silver robes become very solemn.

It seems that these top ancient evil beasts that were frozen here are not completely dead and are still alive. They are just frozen in this ice land, so there is no way to break the shackles of these ice sculptures.

At this time, Ye Feng put away his desire to devour these ancient evil beasts.

Because these are not dead ancient evil beasts, but living ancient evil beasts.

Ye Feng even saw an ancient evil beast in a certain ice sculpture staring at him, and his eyes were moving as he moved.

This shows that these ancient evil beasts frozen in the ice sculptures are not completely dead. You can even see Ye Feng and the mysterious woman in silver robes walking outside the ice sculptures.

Ye Feng even retreated a little at this time.

After all, with his own cultivation, in the eyes of this top ancient evil beast, he is definitely as weak as a little ant.

Ye Feng couldn't help but say at this moment: "Senior, why don't we leave? I feel it's too dangerous. As long as an ancient evil beast breaks through the ice and rushes out, we will all die."

Hearing what Ye Feng said, the mysterious woman in silver robes couldn't help but reveal a faint smile in her eyes, and said loudly: "I saw that you were very brave and diligent just now, but I didn't expect that you had just entered this icy lake. , just scared."

Hearing what the mysterious woman in silver robe said, Ye Feng immediately grinned and said: "After all, my current cultivation level is still too weak. Although I am sometimes very adventurous and brave, I am not a fool. If I encounter some overwhelming danger, I still know how to leave as soon as possible."

Hearing what Ye Feng said, the mysterious woman in silver robe nodded and said: "It is indeed dangerous here, but according to what I just explored, it is impossible for these ancient evil beasts to break through the shackles of these ice sculptures. After all, they have been here for nearly a year." It has been thousands of years. If we could break through, we would have broken through the shackles of these ice sculptures long ago. It's okay. As long as we don't break these ice sculptures from the outside world, there will be no problem. Moreover, these ancient evil beasts have no way

to break through these ice sculptures. The restraints of the ice sculptures and our strength probably won't be able to directly destroy these ice sculptures."

Hearing what the mysterious woman in silver robe said, Ye Feng immediately nodded in agreement.

At this time, the two continued to move forward.

Finally, they arrived at the deepest part of this icy lake.

The next moment, the two of them saw an incredible scene.

I saw a huge pothole appearing in the deepest area of this icy lake.

And in the pit of this icy lake, a huge sword that looked like it was made of ice was stuck in the earth, exuding an extreme cold air.

"This is....."

Seeing this giant sword made of ice, the mysterious woman in silver robes couldn't help but said in surprise: "It seems that the legend is true. The most mysterious place in the baptismal place of the gods was that place that year." The legendary divine sword was really left here, and those thousands of

#Every time verification appears, please do not use incognito mode!

The top evil beast in ancient times was probably frozen in an instant because of the cold energy emitted by this sword. "

"What?"

Hearing this mysterious woman in silver robe say this at this moment, Ye Feng's eyes suddenly revealed a look of surprise, with a hint of horror in his eyes.

Because the cold air emitted by a sword can freeze thousands of top evil beasts from ancient times in an instant.

This is simply unthinkable!

How terrible is this?

In other words, it is clear how terrifying this ice giant sword is.

At this moment, Ye Feng immediately became very interested in this ice giant sword and couldn't help but asked: "Senior, who is this ice giant sword? With just a hint of cold air, it froze thousands of ancient top-level evil beasts that were almost as powerful as gods for tens of millions of years. It's really incredible."

At this moment, the mysterious woman in silver robe couldn't help but said: "This ice giant sword, if I guess correctly, should be Han, who was known as one of the ten god kings in the age of gods. The Ice God King's natal magic weapon is the Ice Divine Sword, and the Frozen Temple, one of the five major temples of the Immortal Sect where I am located, is said to have been the first-generation master of our Frozen Temple, who belonged to the Ice God King. The inheritor of the bloodline."

"Um?"

At this moment, when Ye Feng heard the mysterious woman in silver robes say this, a trace of surprise suddenly appeared in Ye Feng's eyes. It seemed that he did not expect that this mysterious woman in silver robes from the Immortal Sect of Heaven would actually be with this cold person. The Ice God Sword has such an origin.

At this moment, Ye Feng couldn't help but said: "Senior, is he the successor to the Frozen Temple, one of the five great temples of the Immortal Sect?"

The mysterious woman in the silver robe immediately shook her head and said, "The master of the Ice Temple, one of the five major temples of our Changsheng Xianmen, has been passed down to the twelfth generation. The current master of the Ice Temple is my master, and I am a disciple of the Ice Temple." "

"What?"

At this moment, hearing what the mysterious woman in the silver robe said, Ye Feng's eyes suddenly showed a look of astonishment.

Because Ye Feng never thought that this mysterious woman in the silver robe, who was a hundred realms higher than himself, was not the ruler of a transcendent force in the heaven as he guessed, but was just a disciple of one of the five major temples of Changsheng Xianmen.

If so, what a terrifying behemoth the Changsheng Immortals must be?

A disciple under the sect has such a terrifying cultivation?

Compared to the current I am actually more than a hundred realms higher?

This is really too outrageous!

However, Ye Feng also knew that being able to become a disciple of the Temple meant that the identity of this mysterious woman in silver robes was still very noble. She should be the highest-level disciple of the Temple among the disciples.

But even so, this still shocked Ye Feng a lot.

At this time, Ye Feng also had a new understanding of the strength of the practitioners in the heavens.

At this moment, Ye Feng couldn't help but say: "Senior, are you going to try to get that Ice Sword? But I don't know if there is a huge danger. After all, those ancient top-level evil beasts that were almost comparable to gods were instantly frozen by the ice sword of this Ice Sword." At this time, Ye Feng and the mysterious woman in the silver robe entered the frozen land in front of them very vigilantly.

They shuttled through the huge ice sculptures and felt a very terrifying breath emanating from the inside of these ice sculptures.

This made Ye Feng and the mysterious woman in the silver robe look very solemn.

It seems that these top ancient evil beasts that were frozen here in the past were not completely dead, and they still had vitality, but they were frozen in this icy land, so there was no way to break the shackles of these ice sculptures.

At this time, Ye Feng put away the idea of devouring these ancient evil beasts. .??.

Because these are not dead ancient evil beasts, but living ancient evil beasts.

Even, Ye Feng saw that the ancient evil beast in a certain ice sculpture was staring at him, and as he moved, his eyeballs were also moving.

This shows that these ancient evil beasts frozen in the ice sculptures are not completely dead, and they can even see Ye Feng and the mysterious woman in silver robes walking outside the ice sculptures.

Ye Feng even backed off at this time.

After all, his cultivation level is definitely as weak as a small ant in the eyes of such top ancient evil beasts.

Ye Feng couldn't help but say at this moment: "Senior, why don't we leave? I feel it's too dangerous. As long as an ancient evil beast breaks through the ice and rushes out, we will all die. "

Hearing what Ye Feng said, the mysterious woman in the silver robe couldn't help but smile and said, "Just now I saw you were very brave and diligent, but I didn't expect that you would be so scared just after entering this ice lake."

Hearing what the mysterious woman in the silver robe said, Ye Feng immediately grinned and said, "After all, my current cultivation is still too weak. Although I am sometimes very adventurous and brave, I am not a fool. When I encounter some irresistible dangers, I still know to leave as soon as possible."

Hearing what Ye Feng said, the mysterious woman in the silver robe nodded and said, "It is indeed dangerous here, but according to what I have just explored, these ancient evil beasts cannot break through the shackles of these ice sculptures. After all, they have been here for nearly tens of

It is estimated that our power cannot directly destroy these ice sculptures. "

Hearing the silver-robed mysterious woman say this, Ye Feng immediately nodded in agreement.

At this time, the two continued to move forward.

Finally, they came to the deepest area of this icy lake.

The next moment, the two saw a very incredible scene.

A huge pit appeared in the deepest area of this icy lake.

And in the pit of this icy lake, a huge sword that seemed to be made of ice was inserted into the ground, emitting an extreme cold air.
