Chapter 5231 Confused

At this moment, after hearing Ye Feng's reminder, the mysterious woman in silver robe was still a little uneasy.

Although the mysterious woman in silver robes comes from a transcendent power in the heaven, she is also an extremely precious disciple of the temple, and her cultivation strength is very terrifying.

But after all, this is the baptism place of the gods, and what she has to face is the Ice Divine Sword left behind by the legendary Ice God King.

Therefore, the mysterious woman in silver robe hesitated at this moment. If she did not operate properly and was frozen by the sword energy in the Ice Divine Sword, it would be very unlucky.

So at this time, this mysterious woman with silver creation also became a little hesitant.

But the next moment, the mysterious woman in silver robe couldn't help but said: "Since we have already come here, there is no way I can just retreat and leave here now. If I can get this Ice Divine Sword, It will definitely bring me unparalleled opportunities. This is the magic weapon left by the Ice God King, one of the ten ancient god kings. Moreover, I originally came from the Frozen Temple, one of the five temples of the Immortal Sect. If I can bring this Ice Divine Sword back, I will have a huge bargaining chip and can let my master recommend me to be the future successor of the Frozen Temple. Although the disciples of the Temple are very rare, they are mutually beneficial to each other. There is still competition."

At this time, after the mysterious woman in silver robe finished speaking, she slowly walked towards the ice sword in front of her.

For this mysterious woman in silver robes, this ice sword is really important to her, not only to improve her own cultivation strength, but also to improve her future status in the entire Immortal Sect. , all have huge benefits.

At this moment, Ye Feng was standing not far away, watching everything quietly.

Ye Feng did not follow the mysterious woman in silver robes, because Ye Feng had already seen how terrifying and powerful this ice sword was, so now Ye Feng naturally watched the actions of this mysterious woman in silver robes. , dare not approach easily.

After all, this mysterious woman in silver robes comes from the Frozen Temple, one of the five temples of the Immortal Sect. She is also a lineage passed down by the Ice God King. Maybe she can really be recognized by the Ice God Sword, and she If a passerby is automatically regarded as an enemy by the Ice Divine Sword and exudes a trace of Ice Sword Qi, then he will be frozen to death in an instant.

While Ye Feng was watching, the mysterious woman in silver robe had already arrived in front of the Ice Divine Sword.

At this moment, even if the mysterious woman in silver robes is very powerful, she will be a little excited and nervous for a while, and even have a trace of fear. Her palms are trembling slightly, and she is facing the ice sword in front of her. Slowly stretched out.

Buzz!

But suddenly at this moment, the Ice Divine Sword vibrated rapidly.

Seeing this scene, the mysterious woman in silver robes immediately became a little nervous in her eyes. She quickly continued to stretch out her hand and quickly grabbed the Ice Divine Sword.

boom!

But the moment she touched the Ice Divine Sword, a huge and boundless will immediately burst out from the Ice Divine Sword, directly knocking the mysterious woman in silver robes away.

And at the next moment, a huge and boundless shadow of will suddenly rushed out of this ice sword, condensing into a huge and boundless giant shadow, holding a long sword in his hand, which seemed to be able to tear apart. Split the entire sky.

Seeing this scene at this time, the mysterious woman in silver robes immediately said nervously and pleasantly: "Is this the will of the Ice God King, one of the ten great god kings in ancient times, manifested? It's incredible! I didn't expect that the ancient Ice God King didn't have

Completely fallen, a trace of his thoughts still exists in the Ice Divine Sword. "

At this moment, after the mysterious woman in silver robe finished speaking, she immediately looked at the incomparable shadow of the will of the gigantic Ice God King, and couldn't help but respectfully said: "Ancestor, I am the inheritor of your descendants. This time I have gone through all kinds of hardships to come here just to bring you, my ancestor, back to the world."

After the mysterious woman in silver robes finished speaking, the shadow of the Ice God King's will rushed out from the Ice Divine Sword. He didn't even look at the mysterious woman in silver robes, but stared at Ye who was watching not far away. Feng, then stepped directly towards Ye Feng.

At this moment, Ye Feng was a little confused.

Because Ye Feng never expected that the shadow of the will of this incomparable majestic Ice God King would not pay attention to his descendants, but instead walk towards a stranger like himself.

Moreover, Ye Feng knew very well that his current cultivation level was probably as weak as an ant in the eyes of such a majestic being.

Why is the other person walking towards me?

And just when Ye Feng felt very confused, something happened next that made Ye Feng even more confused.

I saw the shadow of the boundless will of the Ice God King walking in front of Ye Feng, and then stretched out his hand to suck the Ice God Sword that was stuck on the ground not far away, directly into his palm. Then it was sent directly to Ye Feng, seeming to indicate to Ye Feng to take the Ice Divine Sword.

"this....."

The scene that happened in front of him at this moment caught Ye Feng a little unprepared.

The mysterious woman in the silver robe who saw the whole process not far away, this disciple of the temple from the Changsheng Xianmen, a great power in the heaven, was also stunned for a moment, and a deep look of disbelief appeared on her beautiful face.

She was a little unbelievable, and didn't understand why the Ice God King was so great.

Please don't use the traceless mode every time verification appears!

Existence, actually took the initiative to give the Ice Sword to Ye Feng, an ordinary boy?

"Even if Ye Feng has the Gate of Heaven and is the inheritor of the Lord of Heaven, he wouldn't let the ten ancient gods take the initiative to give the sword."

At this time, the mysterious woman in the silver robe murmured, feeling very unbelievable.

Because the ten ancient gods were born in the prehistoric era, which is older than the Lord of Heaven.

So even if the Lord of Heaven is in front of the ten gods, he is definitely a junior, and it is not so that the Ice God King, a transcendent existence at the level of the ancient god king, will take the initiative to give the sword to Ye Feng.

The mysterious woman in the silver robe naturally racked her brains, but couldn't figure out why.

At this time, Ye Feng suddenly knew why.

Because the Chu Emperor in his mind said: "This Ice God King is trying to please you, or to please me in your head."

"What?"

Hearing the Chu Emperor in his mind say this, Ye Feng was stunned immediately, and then couldn't help but say in his mind: "Chu Emperor, does this Ice God King know you?"

Chu Emperor shook his head and said in his mind: "I don't know what my identity was back then, because I lost too much memory. Even though my memory fragments have been awakening, I still don't know what my true identity is."

Hearing the Chu Emperor in his mind say this, Ye Feng couldn't help but take a breath of cold air.

In any case, Chu Emperor's identity is definitely very high, ridiculously high.

Moreover, Chu Emperor descended from the higher cultivation dimension of the outer world to the lower cultivation dimension world where Ye Feng is now. He must have done something earth-shattering back then, otherwise, it would be impossible for the Ice God King, one of the ten ancient gods in this world, to please him so much.

Chapter 5232 Dedicated to Me

At this time, Ye Feng was still a little confused.

Because Ye Feng never thought that Emperor Chu could please the Ice God King, one of the top ten god kings, so favorably. This was really incredible.

Ye Feng actually already knows that Emperor Chu should come from the extraterritorial world, a world of higher cultivation dimensions.

But I didn't expect that Emperor Chu would have such a huge reputation in the world he is in now. Even the Ice God King, one of the ten great god kings in ancient times, encountered Emperor Chu and sensed Emperor Chu's aura. He could not help but send out his own divine weapons to please the Emperor of Chu.

At this time, the Ice God King suddenly sent a thought into Ye Feng's mind: "Please don't destroy me."

At this moment, the moment this idea entered Ye Feng's mind, the Ice God King stuffed the Ice Divine Sword directly into Ye Feng's hand, and then the entire shadow of his will moved toward the depths of the ice lake in the distance. Walked away and disappeared into the distance.

"Forehead?"

Seeing this scene, Ye Feng was immediately stunned.

It seems that the Ice God King is not only trying to please Emperor Chu, but is even terrified of Emperor Chu.

Emperor Chu also said with some doubts at this time: "I didn't do anything. Am I so terrible?"

Hearing what Emperor Chu said in his mind, Ye Feng showed a thoughtful look in his eyes and couldn't help but said: "Perhaps in the ancient times, you came from the outside world to this low-level cultivation world where I am. During that time, you did some earth-shattering things and became famous, or should I say, fierce, so the Ice God King, one of the ten ancient god kings, felt terrified after sensing your aura. "

Hearing what Ye Feng said, Emperor Chu fell silent slightly.

Ye Feng was also a little surprised at this time, because Emperor Chu had always been a gentle and mysterious existence in Ye Feng's mind. Ye Feng had rarely seen Emperor Chu's fierce and illustrious appearance, which made Ye Feng He immediately guessed that Emperor Chu was in ancient times,

#Every time verification appears, please do not use incognito mode!

Maybe he really is an earth-shattering big shot.

Whether it is in the world where he is now, or in the world of higher cultivation dimensions in the outer world, he is probably a very extraordinary existence.

At this time, Ye Feng was no longer entangled, but held the Ice Divine Sword in his hand, his eyes filled with deep surprise.

Because Ye Feng never thought that the peerless treasure of the Ice Divine Sword would eventually fall into his hands, and that it was given to him by the Ice God King on his own initiative. The mysterious woman in silver robes probably couldn't say much.

At this moment, a mysterious woman in silver robe walked over from not far away and came to Ye Feng. Her beautiful face was full of disbelief.

She stared at Ye Feng, with a trace of amazement in her beautiful eyes, and said loudly: "Ye Feng, Ye Feng, I didn't expect that you are a Crouching Tiger, Hidden Dragon figure, and you can actually make the great Han Bing God King, I have given you this Ice Divine Sword. It seems that your talent is higher than mine. Otherwise, the Ice God King would not take it seriously and would be willing to give you the Ice Divine Sword. "

Give it to me?

It should be dedicated to me!

Hearing what the mysterious woman in silver robe beside him said, Ye Feng secretly smiled and shook his head.

If she told the truth, this mysterious woman in silver robe would probably be so frightened that she could not speak.

This Ice God King did not value himself, but was afraid of himself, or feared his good friend Emperor Chu, so he dedicated the Ice God Sword to himself.

At this time, Ye Feng didn't say much, just noncommittal, nodded and said: "Then let's leave here directly?"

The mysterious woman in silver robe stared at the Ice Divine Sword in Ye Feng's hand at this moment, as if

She almost wants it very much, but her principles of life prevent her from taking anything by force.

Moreover, this was originally given to Ye Feng by the Ice God King, so it was hard to say much.

At this time, the mysterious woman in silver robe stared at Ye Feng and said solemnly: "Ye Feng, are you willing to follow me directly to the heaven? I use a special secret technique to allow you to

fly directly to the heaven with me. I strongly invite you to join the Frozen Temple of our Immortal Sect. You have been recognized by the Ice God King, and even asked the Ice God King to give you the Ice Divine Sword directly. With this, even if you are now If your cultivation level is still very low, you can also directly join our Frozen Temple and become a temple disciple. I think my master must be very interested in and attach great importance to you, because my master is the bloodline inheritor of the Ice God King. , I am just a disciple of the successor of the Ice God King, but I am not actually the true descendant of the Ice God King. My master is the true descendant of the Ice God King tens of millions of years later."

Hearing what the mysterious woman in silver robe said, Ye Feng couldn't help but shook his head and said: "Although I really want to go to heaven, I still have a lot of things to deal with in the Ten Thousand Demons interface. At the very least, I must first resolve the crisis in the Daxuan Dynasty where I am now."

Ye Feng knows very well that the Daxuan Dynasty has not completely eradicated the dark demons outside the wilderness.

The super powerful among the dark demons may come to the Daxuan Dynasty at any time and destroy the entire Daxuan Dynasty.

Moreover, Xuan Wuji's promise to give him half of the Daxuan Dynasty's wealth has not yet been fulfilled. Naturally, Ye Feng will not leave just like that.

What's more, before Ye Feng left, he planned to go to the Monster Forest to say hello to some of his old friends, such as Emperor Tianlong, Queen Phoenix, Venerable Black Ox and others before leaving, as well as the Lord of the Forest. There was an old man who was very kind to him, and Ye Feng was also planning to pay him a visit before leaving.

Hearing what Ye Feng said, the mysterious woman in silver robe immediately

#Every time verification appears, please do not use incognito mode!

He couldn't help but said aloud: "Okay, since you still have your own things to finish, I won't force you to follow me directly to the heaven now, but I hope that after you go to the heaven, you must go to the south area of the heaven. Immortal Sect, one of the three giants, you can go to the Frozen Temple to find me when the time comes, and I will help you join our Immortal Sect directly, without any assessment."

Hearing what the mysterious woman in silver robe said, Ye Feng immediately smiled happily and said, "Okay, thank you senior for your appreciation."

Ye Feng knew very well that he was an unknown person. After entering the heaven, he had no qualifications and no background. It would be very difficult to directly join a giant force in the heaven such as the Immortal Sect.

But now that the mysterious woman in silver robe is willing to introduce him, it will be much more convenient for him.

At this time, the mysterious woman in silver robe was about to leave directly, but she seemed to have thought of something, and suddenly turned back to look at Ye Feng, and said loudly: "By the way, I still want to remind you, the Ice Divine Sword in your hand Or the Gate of Heaven, they are all magic weapons of great figures in ancient times. This kind of thing is very likely to cause huge disputes in the heaven. It is estimated that few people in the Ten Thousand Demons interface where you are now can see the true identity of these treasures, but Once you enter the heaven, you must be careful to use the two super magic weapons of Heaven's Gate and Ice Divine Sword. Otherwise, it is likely to cause huge disasters, unless you join our Immortal Sect and have the honor of the Immortal Sect. As a disciple of the temple, some fierce casual cultivators or powerful men from other powerful forces will not openly come to snatch these super magic weapons from you. "

After the mysterious woman in silver robe finished speaking, she finally said: "By the way, I haven't told you my name for so long. My name is Su Xin."

Uh-huh!

As soon as the words fell, Su Xin's beautiful figure flew high into the sky and disappeared at the end of the sky in the blink of an eye.

Chapter 5233: Jaw-dropping

At this time, looking at the mysterious woman in silver robe disappearing from the back, Ye Feng showed a complicated look in his eyes, and secretly remembered the name Su Xin in his heart. This will have a huge effect on him when he goes to heaven in the future. Be your own guide.

At this moment, Ye Feng didn't hesitate and just left the icy lake area.

At this time, Ye Feng was traveling through the entire icy lake, looking at the ancient evil beasts frozen in the ice sculptures with a very longing look in his eyes.

Because if Ye Feng can devour these top ancient evil beasts, then Ye Feng will instantly gain unparalleled blood energy. Ye Feng can't even imagine how far his cultivation level will break through.

But now Ye Feng does not dare to smash these ice sculptures and release these top ancient evil beasts, because he cannot defeat them at all. There is no way to get the energy of these ancient evil beasts. On the contrary, he may be defeated by these top ancient evil beasts. The evil beast was killed instantly.

Even if Ye Feng now owns the Ice Divine Sword, it is of no use in his own hands, because although the Ice Divine Sword is the sword of the Ice God King, one of the ten ancient divine kings, with Ye Feng's current strength of cultivation, there is no way to exert the strongest power of the Ice Divine Sword, and naturally there is no way to deal with these ancient top evil beasts that may still be alive.

As for the shadow of the Ice God King's will just now, there is only a will left, and it doesn't have much effect.

At this moment, Ye Feng did not hesitate and left this area quickly, returning to the ordinary area where the gods were baptized.

At this time, Ye Feng flew quickly in another direction, wanting to see how Xuan Wuji, the emperor of the Daxuan Dynasty, was doing in another place.

But just when Ye Feng arrived at the area that Xuan Wuji was exploring, he immediately sensed a very strong energy fluctuation, which was transmitted rapidly from a certain direction in the distance.

"Um?"

Ye Feng's eyes suddenly showed a hint of surprise.

#Every time verification appears, please do not use incognito mode!

, it seems that there is a battle in the distance, I wonder if Xuan Wuji is in danger.

Although Ye Feng's cultivation level is much lower than Xuan Wuji's now, Ye Feng now holds a god-king level weapon like the Ice Divine Sword in his hand.

What's more, Ye Feng's previous right hand was fused with the right hand of the God of Darkness, so Ye Feng's current comprehensive strength is already comparable to Xuan Wuji.

At this time, Ye Feng immediately flew towards the direction of the energy wave he sensed.

When Ye Feng arrived at the destination where the energy wave was transmitted, he immediately saw a middle-aged man in white clothes, Sheng Xue, who was being besieged by three dark monsters covered with black scales.

The middle-aged man in white clothes and snow who was besieged was none other than Xuan Wuji.

At this moment, Xuan Wuji was in a valley and was attacked by three dark monsters.

Apparently, when Xuan Wuji was looking for opportunities nearby, he was stared at by these three dark monsters and wanted to kill Xuan Wuji directly.

After all, for these dark monsters, if a top human race expert like Xuan Wuji can be swallowed, it will definitely have a huge effect on these three dark monsters.

So at this time, Xuan Wuji was directly trapped in this valley by these three extremely powerful dark monsters, and there was no way to escape.

At this moment, Ye Feng saw this scene and immediately rushed over and landed in the direction of the valley.

But when Ye Feng just appeared, Xuan Wuji saw Ye Feng and immediately couldn't help but said: "Ye Feng, don't come over. Your strength can't help me at all. Leave as soon as possible. I may still be able to help you." A chance to escape."

Hearing what Xuan Wuji said, the three black men

Dark Warcraft also sensed Ye Feng's arrival in an instant.

One of the dark monsters with three black horns immediately burst out laughing and said: "A little human boy whose cultivation level is so much weaker than yours actually dares to come to rescue you? It's really ridiculous! I can kill this human kid instantly with just one finger!"

After the sound of this dark monster with three horns fell, it immediately stretched out a huge palm in the direction of Ye Feng, pressed a black finger towards Ye Feng, and immediately turned into Qingtian. Like a pillar, it possesses terrifying and powerless destructive power.

Seeing this scene at this moment, Xuan Wuji immediately shouted and said: "If you have the guts, just attack me. Bullying a junior is nothing!"

But at the next moment, what shocked everyone present was that Ye Feng also stretched out a hand fiercely.

Buzz!

Ye Feng's hand immediately turned into the right hand of the God of Darkness. It was boundless and huge. It directly collided with the black fingers of this dark monster, causing a huge roar.

Boom!

Then a terrifying force burst out from Ye Feng's palm, carrying a trace of the divine power of the ancient god of darkness. It directly smashed the finger of this dark monster into pieces, and blood spilled on the ground. .

This dark monster immediately couldn't help shouting: "What? How is this possible? This is absolutely impossible! How can you have such a strong power!"

At this moment, the other two dark monsters were also stunned. They seemed not to have thought that a small human ant in their eyes could burst out with such terrifying power.

At this moment, Xuan Wuji was also stunned. It seemed that he did not expect that Ye Feng's comprehensive strength had improved so much in a short period of time. It was really incredible.

#Every time verification appears, please do not use incognito mode!

discussion.

At this time, Ye Feng laughed loudly and said: "Senior Xuan Wuji, don't worry. Since I dare to rescue you, I must have my own confidence."

At this time, after Ye Feng finished speaking, the dark monster with three horns on its head immediately couldn't help but said angrily: "Boy, I was caught off guard by you just now. That's nothing. Now I I'm going to explode my power with all my strength. I can definitely kill this kid like you in an instant. It's just that your right hand seems to be fused with some very powerful palm. That's why your palm is so powerful. I just need to avoid it. Just the palm of your hand."

This dark monster with three horns on its head instantly burst out with terrifying dark demonic energy. In an instant, it launched a mighty attack towards Ye Feng, and it was a comprehensive attack that Ye Feng could not avoid at all.

At this moment, Xuan Wuji, who saw this dark monster launch a full-scale attack and was surrounded by two other dark monsters not far away, suddenly showed worry in his eyes.

But the next moment, what almost shocked Xuan Wuji was that Ye Feng suddenly took out a long ice sword, and then slashed forward fiercely.

Boom!

A terrifying cold wave immediately burst out from the ice sword, freezing the three-horned dark monster in an instant.

"What? What kind of magic weapon is this? It has such powerful ice power?"

At this moment, Xuan Wuji was shocked to the extreme. After all, even Xuan Wuji would not possess a magic weapon of this level.

At this time, the other two dark monsters also widened their eyes. They seemed to have never expected that this human kid who suddenly ran over looked like an ordinary ant. However, they did not expect that he could explode in such a terrifying way. The power is beyond everyone's expectation.

Chapter 5234 Don't Sigh

At this time, everyone in the audience was in shock.

Because no one thought that Ye Feng, an ordinary human boy, could actually unleash such a terrifying attack.

At this moment, Xuan Wuji immediately showed a look of deep surprise on his face.

Because the surprise that Ye Feng brought to him was really too great.

At this time, seeing their partner frozen by Ye Feng's sword, the other two dark monsters immediately fled away quickly.

Because they knew that the Ice Divine Sword in Ye Feng's hand was definitely an extremely terrifying magic weapon, and it was not something that creatures of their level could resist.

So at this time, the remaining two dark monsters naturally ran away like crazy, not wanting to be frozen by Ye Feng's sword like their companions.

At this moment, seeing the two dark monsters about to escape, Xuan Wuji burst out laughing and said, "This time it's my turn to surround you!"

boom!

Almost at this moment, it was naturally impossible for Xuan Wuji to let these two dark monsters escape directly. He directly released his extremely powerful inheritance, the great law of heaven and death.

Buzz!

I saw the void behind him twisting, and a huge Tai Chi pattern suddenly appeared, spinning slowly, exuding the power of reincarnation of life and death.

At this moment, the huge Tai Chi pattern of life and death instantly blocked the two dark monsters who wanted to escape directly, making it impossible for them to escape.

Uh-huh!

At this moment, Ye Feng rushed over from not far away, directly activated the Ice Divine Sword in his hand, and quickly waved the Ice Divine Sword in front of him.

Boom!

Another terrifying cold current burst out from the Ice Divine Sword in Ye Feng's hand. It seemed to be able to cover thousands of miles of land, directly freezing all the surrounding voids.

It has to be said that the Ice Divine Sword is indeed the magic weapon of Ice God King, one of the ten ancient god kings. It is indeed very terrifying.

#Every time verification appears, please do not use incognito mode!

Although the Gate of Heaven is also the natal magic weapon of the Lord of Heaven and is also very powerful, most of Ye Feng can only use the power of light in the Gate of Heaven to dispel the darkness and the atmosphere of the underworld.

But in terms of attack power alone, Heaven's Gate cannot compare to the Ice Divine Sword in Ye Feng's hand.

As for the God's Sword, it has a very powerful sharpness, but it cannot exert the destructive power of the weapon itself, so it cannot be of much help in battle.

Therefore, among Ye Feng's current offensive magic weapons, the strongest one is definitely the Ice Divine Sword he just got. It is really too powerful.

At this moment, Ye Feng continued to wave the Ice Divine Sword in his hand, and the terrifying wave of cold air directly froze the two dark monsters that escaped not far away.

Uh-huh!

At this moment, Ye Feng immediately rushed forward and couldn't help but said: "Senior Xuan Wuji, let's attack directly and kill these three dark monsters that are frozen in ice."

After all, Ye Feng's current cultivation strength is not that strong, so using the Ice Divine Sword, although he can freeze all three dark monsters, he cannot let them freeze to death directly in the ice sculptures. It is only temporary. Frozen them up.

At this moment, Ye Feng took out the Sword of the Gods and stabbed forward instantly, directly piercing the head of a dark monster that was frozen in the ice sculpture, killing it instantly.

At this time, Xuan Wuji also used his extremely powerful power to kill the other two dark monsters that were frozen in ice in an instant.

At this moment, Xuan Wuji looked at Ye Feng in front of him, with a deep and incredible look in his eyes.

He couldn't help but came to Ye Feng, patted Ye Feng's shoulder vigorously, and said loudly: "Ye Feng, you really impressed me this time, you are so awesome, I have never Seen like

Where did you, a defiant young man like you, get this sword in your hand? Did you get it from this baptismal place of the gods? It was so powerful that it instantly froze a dark monster of the same level as me with just one strike of the sword. This was really terrifying. "

Ye Feng smiled slightly at this time and said aloud: "Senior Xuan Wuji guessed it right. This ice sword was indeed obtained by me from the baptism place of the gods, and this long sword should come from A magic weapon in the hands of a super big man in heaven."

Hearing what Ye Feng said, Xuan Wuji couldn't help but take a breath of air.

Although Xuan Wuji is the controller of the overlord-level forces in the Ten Thousand Demons Interface and the emperor of the Daxuan Dynasty, he is definitely the top big shot in the land of Zhongzhou in the Ten Thousand Demon Interface.

But when he encountered the Heaven Realm, the most advanced cultivation interface among all the worlds, Xuan Wuji naturally felt very awe in his heart.

You must know that although the heaven is also in this lower cultivation dimension world, it is the most advanced interface in this lower cultivation dimension world. Although it is not as good as the higher cultivation dimension of the outer world, in today's world, it is absolutely It is the most advanced interface, which naturally makes Xuan Wuji very awed.

At this moment, Xuan Wuji couldn't help but said with emotion: "Ye Feng, your luck is really good. I have been practicing on the land of Zhongzhou at the interface of ten thousand demons for so many years, and I have never encountered anyone from Regarding the magic weapon from the heaven, I didn't expect Ye Feng to get such a powerful magic weapon from the baptism of the gods. You are really lucky."

Hearing what Xuan Wuji said, Ye Feng smiled slightly and said nothing. Instead, he directly began to release the Devouring Domain, devouring the dark monsters among the three ice sculptures that had been killed.

At this time, Ye Feng followed the swallowing, and the energy of very huge dark monsters was immediately injected into Ye Feng's body.

Ye Feng's cultivation skills immediately increased rapidly and continuously.

Ye Feng's cultivation aura also appeared at this moment.

#Every time verification appears, please do not use incognito mode!

Crazy climbs up in time.

Because you must know that these three dark monsters are not ordinary monsters, but top-level monsters that can fight at the same level as Xuan Wuji.

Therefore, the energy contained in their bodies was naturally very huge, giving Ye Feng an unparalleled amount of energy.

So at this moment, Ye Feng's cultivation aura immediately began to break through quickly.

boom!

The twelfth level of Earthly Evil Realm!

boom!

The thirteenth level of Earthly Evil Realm!

boom!

The fourteenth level of Earthly Evil Realm!

boom!

The fifteenth level of Earthly Evil Realm!

boom!

The sixteenth level of Earthly Evil Realm!

boom!

The seventeenth level of Earthly Evil Realm!

At this moment, Ye Feng's cultivation level broke through one after another, and he broke through six small realms at once, directly breaking through from the eleventh realm of the Earthly Evil Realm to the seventeenth realm of the Earthly Evil Realm.

It has to be said that this sudden speed is simply terrifying to the extreme.

However, Ye Feng couldn't help but shook his head, and said with a rather wry smile: "The big realm of Earthly Evil Realm is really long. There are seventy-two small realms. If I hadn't had enough luck, I would still be here. I don't know that it will take until the Year of the Monkey and the Horse Moon to have the opportunity to break through this long realm of Earth Evil Realm."

Hearing Ye Feng's bitter smile, Xuan Wuji beside him laughed, patted Ye Feng's shoulder, and said loudly: "Ye Feng, don't sigh, your breakthrough speed is already very fast. I was in When I was in the Earthly Evil Realm, in order to break through the seventy-two small realms, I went to the most dangerous and extremely cold place in the world of monsters. I fought bloody battles for thirty-two years before I finally broke through the seventy-two small realms of the Earthly Evil Realm. , rushed into the Tiangang realm above the Earthly Evil Realm. In just half a month, you have already reached the 17th realm of the Earthly Evil Realm. If this speed were spread, you would definitely be shocked. "

Chapter 5235 Half of the Treasure House

When Ye Feng heard Xuan Wuji say this, he laughed and said nothing more.

At this moment, Xuan Wuji was very happy and couldn't help but said: "Ye Feng, you have received such a huge opportunity this time, which has improved your overall strength so much. Now we are not afraid of the dark demon." Those super powerful people from the clan's lair have come to cause trouble for our Daxuan Dynasty."

Hearing what Xuan Wuji said, Ye Feng nodded, and then said loudly: "Did you find anything good in this direction of the baptism place of the gods?"

Xuan Wuji immediately nodded and said, "I have discovered a lot of good things, but they are definitely not as good as yours."

When Ye Feng heard what Xuan Wuji said, he couldn't help shaking his head, smiling, and said, "Let's go. Since the baptismal place of the gods has been looted by us, we can leave directly." .??.

Xuan Wuji nodded and said loudly: "We have been out for a long time this time, and it is really time to go back."

At this moment, Ye Feng and Xuan Wuji immediately flew towards the entrance of the baptismal place of the gods.

When they left the baptism place of the gods and returned to the land of the interface of ten thousand demons, they flew quickly in the direction of the Great Xuan Dynasty.

At this moment, Ye Feng suddenly said: "Senior Xuan Wuji, I guess I won't be able to stay in the Daxuan Dynasty for long. I may have to go to the Monster Forest to say hello to my old friends, and then Maybe we have to find a way to go to heaven."

"Um?"

Hearing what Ye Feng said, Xuan Wuji immediately showed a look of surprise in his eyes, then nodded slightly and said in a rather silent voice: "Okay, I understand."

Obviously, Xuan Wuji already knew that Ye Feng was going to heaven.

So when Ye Feng raised this matter, Xuan Wuji was not very surprised.

Because with Ye Feng's super talents and methods, the land of the Ten Thousand Demons Interface is not Ye Feng's stage after all. Ye Feng's real big stage is in the highest level of heaven.

At this moment, Xuan Wuji couldn't help but said: "But Ye Feng, you can wait a little longer before going to the heaven, because there are countless powerful people in the heaven, and it is extremely dangerous, and the transcendent forces in the heaven are huge and boundless, and you want to enter it. , it must be very difficult, after all, you come from a low-level interface, so you must think twice before you act."

Hearing what Xuan Wuji said, Ye Feng just smiled and said, "Okay, I understand."

In fact, Ye Feng was not very nervous or entangled in his heart, because Ye Feng met the mysterious silver-robed woman who claimed to be Su Xin by chance in the baptism place of the gods.

This woman named Su Xin is one of the three giant forces in the Southern District of Tianjie, a temple disciple of the Immortal Sect of Immortality.

Therefore, with this relationship, after Ye Feng enters the heaven, he can go directly to the southern area of the heaven and find the Immortal Gate of Immortality.

However, Ye Feng did not tell this matter because Ye Feng knew that this kind of thing was too far away for Xuan Wuji and there was no need to tell it.

At this time, Ye Feng just remained silent and followed Xuan Wuji quickly back to the Daxuan Dynasty.

What made the two men breathe a sigh of relief was that the super strong men in the dark demon clan's lair did not come to cause trouble for the Daxuan Dynasty. This made Xuan Wuji feel a lot more at ease.

Ye Feng said aloud: "They may have realized that the Daxuan Dynasty is not something they can provoke, and the dark demon clan's lair has been destroyed. Maybe they have gone away."

Hearing what Ye Feng said, Xuan Wuji nodded and said: "In any case, this time I also got a huge opportunity from the baptism place of the gods. As long as I stay in seclusion for a few years, My level of cultivation will be far beyond my current level. Even if the super powerful ones from the dark demon clan come over, I won't be afraid anymore."

Ye Feng nodded and felt relieved when Xuan Wuji said this.

At this moment, Ye Feng suddenly smiled and said: "Senior Xuan Wuji, maybe I will only stay in your Daxuan Dynasty for the last period of time. The promise made by senior Xuan Wuji back then should also be fulfilled."

Hearing what Ye Feng said, Xuan Wuji was stunned at first, then laughed loudly and said: "Okay, I will take you to the treasure house of our Daxuan Dynasty now."

After finishing speaking, Xuan Wuji took Ye Feng and soon arrived at the palace hall of the Daxuan Dynasty.

At this time, Xuan Wuji took out an ancient token and placed it on his golden seat.

Click!

The next moment, the entire golden seat quickly split in half from the middle.

Under the seat, a secret passage appeared.

"Um?"

Seeing this scene, Ye Feng's eyes suddenly showed a look of surprise, and he couldn't help but said: "It turns out that the treasure house of the Daxuan Dynasty was built under the dragon throne of you, the emperor."

Xuan Wuji nodded and said with a smile: "So unless I die or the entire Daxuan Dynasty perishes, no one can get the Daxuan Dynasty's treasure house."

At this moment, after Xuan Wuji finished speaking, he immediately took Ye Feng into the underground treasure house.

When Ye Feng entered the underground space, he immediately saw that a large part of the entire underground was hollowed out, and it contained all kinds of treasures from the Daxuan Dynasty, as well as various accumulated cultivation resources.

Xuan Wuji spoke out at this time: "I promised you back then that as long as you can help me return to the Daxuan Dynasty and kill the Dark Demon Emperor of the Dark Demon Clan, then I will share half of the Daxuan Dynasty with you. It's just that you are probably not interested in the empire of the Daxuan Dynasty, so you can directly take half of the wealth in the Daxuan Dynasty's treasury. This is what I promised you, and I will do it naturally."

Hearing what Xuan Wuji said, Ye Feng was naturally very happy and quickly started to make a choice.

Ye Feng did not look at those powerful magic weapons, because after obtaining the Ice Divine Sword, the natal magic weapon of the Ice God King, one of the top ten ancient god kings, Ye Feng was concerned about the magic weapon of a powerful force like the Great Xuan Dynasty in the interface of ten thousand demons. I'm not very interested in it anymore, it's definitely far inferior to the Ice Divine Sword.

Therefore, Ye Feng mainly chooses those cultivation resources that can improve his cultivation skills, such as the ancient evil beasts that many powerful men of the Daxuan Dynasty hunted outside, the core of the monster beasts in his body, and some mined within the territory of the Daxuan Dynasty. Precious mineral veins, these things are what Ye Feng needs very much.

There were also some high-level elixirs refined by the alchemy masters of the Daxuan Dynasty. Ye Feng took all the high-level elixirs into his pocket, and then started to devour them on the spot to use them to improve his cultivation power. When Ye Feng heard Xuan Wuji say this, he laughed and said nothing more.

At this moment, Xuan Wuji was very happy and couldn't help but said: "Ye Feng, you have received such a huge opportunity this time, which has improved your overall strength so much. Now we are not afraid of the dark demon." Those super powerful people from the clan's lair have come to cause trouble for our Daxuan Dynasty."

Hearing what Xuan Wuji said, Ye Feng nodded, and then said loudly: "Did you find anything good in this direction of the baptism place of the gods?"

Xuan Wuji immediately nodded and said, "I have discovered a lot of good things, but they are definitely not as good as yours."

When Ye Feng heard what Xuan Wuji said, he couldn't help shaking his head, smiling, and said, "Let's go. Since the baptismal place of the gods has been looted by us, we can leave directly." .??.

Xuan Wuji nodded and said loudly: "We have been out for a long time this time, and it is really time to go back."

At this moment, Ye Feng and Xuan Wuji immediately flew towards the entrance of the baptismal place of the gods.

When they left the baptism place of the gods and returned to the land of the interface of ten thousand demons, they flew quickly in the direction of the Great Xuan Dynasty.

At this moment, Ye Feng suddenly said: "Senior Xuan Wuji, I guess I won't be able to stay in the Daxuan Dynasty for long. I may have to go to the Monster Forest to say hello to my old friends, and then Maybe we have to find a way to go to heaven."

"Um?"

Hearing what Ye Feng said, Xuan Wuji immediately showed a look of surprise in his eyes, then nodded slightly and said in a rather silent voice: "Okay, I understand."

Obviously, Xuan Wuji already knew that Ye Feng was going to heaven.

So when Ye Feng raised this matter, Xuan Wuji was not very surprised.

Because with Ye Feng's super talents and methods, the land of the Ten Thousand Demons Interface is not Ye Feng's stage after all. Ye Feng's real big stage is in the highest level of heaven.

At this moment, Xuan Wuji couldn't help but said: "But Ye Feng, you can wait a little longer before going to the heaven, because there are countless powerful people in the heaven, and it is extremely dangerous, and the transcendent forces in the heaven are huge and boundless, and you want to enter it. , it must be very difficult, after all, you come from a low-level interface, so you must think twice before you act."

Hearing what Xuan Wuji said, Ye Feng just smiled and said, "Okay, I understand."

In fact, Ye Feng was not very nervous or entangled in his heart, because Ye Feng met the mysterious silver-robed woman who claimed to be Su Xin by chance in the baptism place of the gods.

Chapter 5236 Meeting an old friend

Boom!

At this time, Ye Feng immediately felt a huge and pure energy, which was swallowed up by himself and injected into his Dantian, causing his power to continue to grow at a very fast speed. .

You must know that these are the huge cultivation resources stored in the treasury of the Daxuan Dynasty, the dominant force in Zhongzhou in the interface of ten thousand demons, so they are all very high-level and will be of great help to Ye Feng.

The cultivation aura on Ye Feng's body at this moment immediately broke through at an incredible speed.

At this time, after Ye Feng's cultivation reached the twenty-third level of the Earthly Evil Realm, he finally stopped completely.

At this moment, Ye Feng could feel that his power was definitely dozens of times stronger than before.

At this moment, feeling this change in cultivation, Ye Feng was naturally very happy.

Unexpectedly, the cultivation resources in the Daxuan Dynasty were so huge, allowing him to achieve so many breakthroughs.

But at this time, Ye Feng couldn't help but said with emotion: "Thirty-six Heavenly Gangs and seventy-two Earthly Demons. These two realms are really huge. If you want to break through, you must go through a very long period of time." time."

Hearing what Ye Feng said, Xuan Wuji, who was standing aside, couldn't help but shook his head and said with a bitter smile: "Your breakthrough speed is absolutely unprecedented on the land of Zhongzhou where we have ten thousand demons. , this kind of breakthrough speed is really too fast. Even a genius like me had to fight in the extremely cold land for more than 20 years and experience for more than 20 years before I broke through the evil spirit. seventy-two small realms

, stepped into the Tiangang Realm, and you have already broken through to the 23rd level of the Earthly Evil Realm in just half a month. This speed is really unbelievable to the extreme. "

When Ye Feng heard what Xuan Wuji said, he immediately smiled and said, "Anyway, I would like to thank you, Senior Xuan Wuji, for keeping his promise and opening the Daxuan Dynasty's treasury, allowing me to obtain so many cultivation resources."

Xuan Wuji immediately laughed, patted Ye Feng on the shoulder, and said loudly: "You have saved our entire Daxuan Dynasty, and you have also saved me. These are all trivial."

When he said this, Xuan Wuji seemed to have thought of something, his expression became solemn again, and he said aloud: "You must be careful when going to heaven on this trip. If you feel that the pressure in heaven is too great, you can always return to us. Come to the Demon Realm and come to the Daxuan Dynasty, there will always be a place for you here."

Hearing what Xuan Wuji said, Ye Feng also nodded solemnly, smiled and said: "Thank you, senior Xuan Wuji, for your attention."

Uh-huh!

When he said this, Ye Feng jumped directly, left the Daxuan Dynasty, and flew quickly towards the monster forest.

Ever since he met the mysterious woman in silver robes who claimed to be Su Xin, Ye Feng's desire to go to heaven has become stronger and stronger.

Because in Ye Feng's life plan, he originally wanted to go to the heaven, obtain more powerful power, fulfill his promise to the Celestial Clan, find the descendants of the Celestial Clan, and hand over the Celestial Clan's tokens to the descendants of the Celestial Clan.

Then, after he has accumulated enough strength, he will go to the higher cultivation dimension of the outer world to find his father and mother.

At this time, Ye Feng was thinking that he had arrived at the monster forest.

Now Ye Feng's cultivation level has undergone earth-shaking changes from before, so Ye Feng's speed is very fast, and he arrives at the monster forest in the blink of an eye.

At this moment, Ye Feng did not hesitate and flew directly towards the core area of the monster forest.

But what makes Ye Feng feel very strange is that the more he flies towards the inner area of the monster forest, the more Ye Feng feels that the entire atmosphere of the monster forest seems to become very tense.

When Ye Feng came to the deepest part of the monster forest, a burly middle-aged man appeared immediately and couldn't help but said: "Who broke into our monster forest?"

At this moment, after the burly middle-aged man finished speaking, he immediately saw Ye Feng flying in front of him. When he saw Ye Feng's familiar face, he couldn't help but stare blankly, and then he expressed his surprise and joy. He said in a loud voice: "It turned out to be brother Ye Feng. I didn't expect you to come suddenly, and how your cultivation aura became so powerful. In just a few months, how could it seem like something happened? Just like the earth-shaking changes, I felt a very fearful aura from your body, so I didn't recognize you for a while, but I thought it was some super master of the human race who wanted to come to our monster forest to cause trouble. "

At this moment, Ye Feng walked over with a smile and said: "Senior Black Ox, long time no see."

This burly middle-aged man who suddenly flew out was none other than Lord Black Bull, one of the dozen top demons that Ye Feng was very familiar with before.

At this moment, Lord Black Niu sensed the very powerful aura on Ye Feng's body, and immediately said with a smile: "Let's go, I'll take you to meet your old friend."

After saying that, Lord Black Bull pulled Ye Feng and immediately landed in the deep area of the monster forest.

Ye Feng met his old friends in a pavilion on a mountainside not far away, including Tianlong Emperor, Phoenix Queen, Huangshu Zhenren, Red Snake and a group of top monsters.

At this time, Ye Feng immediately walked over with a smile and said loudly: "I haven't seen you for many days, but everyone is still as charming as ever."

At this moment, many top demons were very happy to see Ye Feng.

#Every time verification appears, please do not use incognito mode!

Because Ye Feng helped them rescue the forest lord of their monster forest, Ye Feng is an absolute good friend to these top monsters in the entire monster forest.

But at this time, Venerable Black Bull couldn't help but said: "Everyone, don't just chat with Ye Feng. You should carefully sense Ye Feng's aura. This guy's cultivation has undergone earth-shaking changes. I almost returned it just now." I thought it was some human super master who came to make trouble in our monster forest, but when I looked closely, it turned out to be Ye Feng, what a guy!"

At this moment, after Lord Black Bull finished speaking, many of the top demons present instantly sensed Ye Feng's cultivation aura, which was a thousand times stronger than when they first met.

"hiss!"

Sensing that the aura of cultivation on Ye Feng suddenly became so powerful, these top demons couldn't help but gasp.

Especially the Phoenix Queen, this beautiful demon woman walked up to Ye Feng and couldn't help but said with emotion: "When I first met Ye Feng, you were just an ordinary human being. Young man, we only need you because you have the ax of the giant spirit god, but I didn't expect that in just a few months, your cultivation has undergone such earth-shaking changes, even comparable to the top demons like us, you In the past few months, many practitioners have almost completed the hundreds of years of cultivation process, which is really incredible. "

Tianlong Emperor, a stalwart young man wearing a golden robe, also walked over at this moment and said with emotion: "Ye Feng is indeed the most powerful human super genius I have ever seen."

Ye Feng smiled slightly at this time and said aloud: "By the way, where is the Senior Lord of the Forest? I am here to prepare for a long trip, so I want to come and say hello to everyone, and I also want to consult the Senior Lord of the Forest for some information. "

Ye Feng came to the Monster Forest this time not only to say goodbye to these old friends, but also for the purpose of asking the Lord of the Forest, an ancient figure who has survived since the prehistoric era, to see how he can enter the Ten Thousand Monsters interface. In the heaven.

Chapter 5237 The seal is loosened

At this time, when they heard Ye Feng asked the Lord of the Forest, the faces of a group of top demons present turned a little ugly.

Seeing the changes in the faces of everyone present, Ye Feng immediately realized that something was wrong. He couldn't help but said with a change of expression: "What's wrong with the senior Lord of the Forest? Why do you all look so ugly?"

Hearing what Ye Feng said at this moment, several top demons present could not help but sigh.

Emperor Tianlong said very solemnly: "Senior Lord of the Forest comes from the ancient ruins. Senior Lord of the Forest has always been very nostalgic for the ruins of the ancient times. Therefore, a month ago, Senior Lord of the Forest completely recovered. After improving his own cultivation, he returned to the ancient ruins, seemingly looking for something very mysterious, but the result seemed to be that some very ancient seal was triggered, and the seal of the entire ancient ruins began to loosen. Many powerful ancient creatures living in the ancient ruins want to leave the ancient ruins and come to the outside world, and our monster forest is the first place to bear the brunt. In order to prevent the powerful creatures in the ancient ruins from invading the monsters, the senior forest lord Forest, so the Lord of the Forest took the initiative to enter the entrance to the ancient ruins not long ago, risking his own life, and wanted to rely on one person's strength to guard the entrance to the entire ancient ruins, and we were ordered by the senior Lord of the Forest, We are not allowed to go to the ancient ruins, so we don't know what happened to the senior forest lord now, but the senior forest lord should not have died. Otherwise, the powerful creatures in the ancient ruins must have invaded the entire monster forest. "

Hearing what Emperor Tianlong said, Ye Feng's face immediately became serious, and then he couldn't help but said: "You are so confused. The Lord of the Forest asked you not to take action because he was worried about your safety, but we can't just see helplessly an old man like the Lord of the Forest at the entrance of the ancient ruins, resisting the danger from the ancient ruins, we should help him resist the danger of the ancient ruins. "

Hearing what Ye Feng said, Emperor Tianlong immediately felt a little ashamed and said, "We don't dare to disobey the Lord of the Forest's order."

Ye Feng said loudly: "Let's go together to see what happened to the Lord of the Forest. If the Lord of the Forest blames you then, just say that I decided to take you there."

Hearing what Ye Feng said, a group of top demons present nodded their heads and said quickly: "Okay, if you lead the way with Ye Feng, I think the senior Lord of the Forest will not blame us."

This group of top demons all know very well that the Lord of the Forest, who is very majestic in their eyes, has a strong preference for Ye Feng, a young human race.

So if Ye Feng takes them there, the forest lord shouldn't blame them. ??

In fact, this group of more than a dozen top monsters had long wanted to go to the entrance of the ancient ruins to help the forest lord bear part of the pressure.

But there is really no way to disobey the Lord of the Forest's order, so they have always been very worried about the Lord of the Forest, but they dare not go there.

This time, since Ye Feng has made a decision and wants to take them with him, this group of more than a dozen top demons are all gearing up and saying: "Let's go together to resist the evil that wants to escape from the ancient ruins." Ancient creatures in the world."

Ye Feng nodded at this time, and immediately took a group of more than a dozen top monsters and flew quickly towards the ruins of the prehistoric era.

And this time

#Every time verification appears, please do not use incognito mode!

At this time, Ye Feng became very powerful, so he was able to sense the cultivation levels of many top demons, all of whom were in the Tiangang realm.

The strongest Tianlong Emperor and Phoenix Queen are both in the thirty-sixth realm at the end of the Tiangang Realm.

There is only one step left to break through to a more powerful cultivation realm above the Tiangang Realm.

It has to be said that the cultivation strength of these top demons is still very terrifying.

But now Ye Feng already has the power of cultivation comparable to these top demons.

Moreover, Ye Feng also has very powerful means in his hands. Whether it is the Ice Divine Sword, one of the top ten ancient god kings, which he just obtained before, or the Palm of the God of Darkness fused to Ye Feng's right hand, they all provide Ye Feng with powerful means. The extremely powerful power allows Ye Feng to explode with super lethality during the battle.

At this moment, Emperor Tianlong and Ye Feng stood side by side. Emperor Tianlong, an arrogant top demon, had to put away his arrogance in front of Ye Feng. Instead, he was very gentle and asked: "Ye Feng." Feng, what level is your true combat power? Although I can sense your cultivation aura, which is much lower than mine. It is the realm of the Earthly Evil Realm, and it is still a relatively early stage in the Earthly Evil Realm. However, it is obvious that your cultivation level is You are so much lower than me, but I feel a very fearful sense of crisis from you. What is going on? Ye Feng, where have you been during this time? Why did your cultivation suddenly grow so fast? And the overall strength has become so strong?"

Emperor Tianlong was actually very shocked in his heart. Although he was very polite to Ye Feng before, he mainly did it because Ye Feng saved the face of the forest lord of their monster forest.

But now Ye Feng's own strength and aura made the Tianlong Emperor very solemn.

At this time, facing the Tianlong Emperor's question, Ye Feng smiled slightly and said in a rather mysterious voice: "During this period, I did go to a very mysterious place, where I received huge resources. My cultivation strength, including all kinds of magic weapons, has been greatly transformed. That mysterious place is called the Baptismal Place of the Gods."

"What?"

"The baptismal place of the gods?"

At this time, when Emperor Tianlong heard what Ye Feng said, his eyes widened slightly.

Including a group of a dozen other big demons around them, their expressions suddenly became very shocked.

They are all the top monsters in the monster forest, so they naturally know where the baptismal place of the gods is.

At this time, Queen Feng couldn't help but fly to Ye Feng's side, with a look of deep curiosity on her beautiful face, and said loudly: "The baptismal place of the gods is a legendary place. I didn't expect it to be real." existence, Ye Feng, you have entered it."

Ye Feng nodded, and then said regretfully: "It's just that the baptism place of the gods no longer had the glory of the ancient times. It was almost completely destroyed by a war, so now the baptism place of the gods can It's said to be in ruins, but we can still get a lot of good things."

At this moment, when everyone heard what Ye Feng said, their faces showed deep surprise.

No wonder Ye Feng was able to make such a huge improvement in such a short period of time. Unexpectedly, Ye Feng actually went to the legendary baptism place of the gods.

And while everyone was talking, they had already arrived at the entrance to the ancient ruins deep in the monster forest. At this time, when they heard Ye Feng asked the Lord of the Forest, the faces of a group of top demons present turned a little ugly.

No wonder Ye Feng was able to make such a huge improvement in such a short period of time. Unexpectedly, Ye Feng actually went to the legendary baptism place of the gods.

And while everyone was talking, they had already arrived at the entrance to the ancient ruins deep in the monster forest.

Chapter 5238: Admiration

When everyone arrived at the entrance to the ancient ruins of the Monster Forest, they immediately saw an old figure floating in the void at the entrance to the ancient ruins.

However, this old figure had serious injuries all over his body, and he was obviously trying to hold on.

It seems that there are many terrifying forces in the prehistoric ruins space within the entrance, attacking this old figure.

This old figure is the lord of the forest. ??

At this moment, Ye Feng led a group of top demons and immediately arrived at the entrance of the ancient ruins.

Ye Feng hurriedly said: "Lord of the Forest, your injury is too serious and you need treatment as soon as possible."

Hearing Ye Feng's voice behind him, the forest lord suddenly became surprised. He couldn't help but turned around and said: "Why are you all here? Didn't I tell you not to come here? And Ye Feng, His cultivation is too weak, and he is not as good as you. He is simply in great danger, so you should leave quickly. "

But at this time, Ye Feng hurriedly said: "Senior Lord of the Forest, I came to the Monster Forest this time just to help you. Don't worry, my current strength is already very strong, and I will definitely not be weaker than the Tianlong Emperor." Others are even stronger than them in a sense, because I hold a peerless weapon in my hands."

Uh-huh!

At this moment, Ye Feng immediately entered the entrance of the ancient ruins, looked towards the inner space of the ancient ruins, and immediately saw an incredible scene.

I saw that the inner space of the prehistoric ruins was densely populated with ancient creatures, including ancient demons, ancient monsters, ancient giants, and some very ancient and terrifying races.

The super strong men of their race are frantically attacking the defense of the Forest Lord at the sealed entrance of the ancient ruins. They want to kill the Forest Lord, the guardian, so that they can rush out. Prehistoric ruins space

He can enter the outside world and plunder the world.

At this time, Ye Feng saw this scene and without any hesitation, he took out his Ice Divine Sword and directly injected his huge mana. In an instant, he activated the terrifying power of the Ice Divine Sword and directly faced it. Chopping away through the inner space of the prehistoric ruins.

Boom!

The moment Ye Feng slashed out, a very powerful ice energy burst out from the Ice Divine Sword in Ye Feng's hand, directly freezing all the land in front of him. .

At this time, Ye Feng naturally completely inspired the divine power of the Ice Divine Sword.

You must know that this Ice Divine Sword is the sword of the Ice Divine King, one of the ten ancient divine kings, so the power it unleashes is absolutely terrifying to the extreme.

At this moment, Ye Feng activated the terrifying power in the Ice Divine Sword, instantly freezing the powerful men in a large area of prehistoric ruins that rushed forward.

"What? The power of a sword is so terrifying?"

Seeing how powerful Ye Feng was at this moment, many of the top demons present, including the Lord of the Forest, suddenly showed deep astonishment in their eyes.

Although these top demons had already known that Ye Feng was extraordinary along the way, they never thought that Ye Feng's strength could reach such a level.

Moreover, the Ice Divine Sword in Ye Feng's hand was very extraordinary at first glance. It was definitely an extremely ancient and advanced weapon. Otherwise, it would not have been able to explode with such terrifying power.

At this time, the Lord of the Forest finally sensed the cultivation energy in Ye Feng.

The breath is much stronger than before.

Although he is not as good as the top demons such as Tianlong Emperor, Ye Feng relied on his solid martial arts foundation and majestic magic power, as well as the seemingly very ancient and powerful Ice Divine Sword in his hand, to burst out almost Comparable to the power of the Lord of the Forest.

At this moment, Emperor Tianlong and a group of top demons couldn't help showing deep emotion in their eyes.

Unexpectedly, in just a few months, in their eyes, this weak human boy had grown to a level that they were in awe of.

The Lord of the Forest also had a look of disbelief on his face. He seemed to have never thought that Ye Feng would be able to improve his cultivation by leaps and bounds in such a short period of time. Moreover, it was such a good opportunity that he actually got this extremely powerful ice attribute. The ultimate sword.

At this moment, the Lord of the Forest finally completely believed Ye Feng's words, knowing that Ye Feng was no longer the same person.

So at this time, the Lord of the Forest immediately said: "Then Ye Feng, you will help me here to guard the entrance to the entire prehistoric ruins. As long as I scare the ancient creatures in these prehistoric ruins and make them afraid. , then they will stay in the ancient ruins and never think about coming out again. "

Hearing what the Lord of the Forest said, Ye Feng immediately nodded and said: "Senior Lord of the Forest, don't worry. Since I have come to the Monster Forest this time, I will definitely help you solve all the remaining hidden dangers. In this case , I can leave the Ten Thousand Demons interface with peace of mind."

"What?"

Hearing Ye Feng say that he wanted to leave the Ten Thousand Demons interface, a group of top demons present showed surprise in their eyes.

The Lord of the Forest seemed to understand something, and immediately said, "Are you going to the Heaven Realm?"

Ye Feng

Hearing what the Lord of the Forest said, he immediately nodded and said, "Yes, the place I am about to go to is the Heaven Realm, because the Ten Thousand Monsters Interface is no longer enough to support the rapid improvement of my cultivation in the future."

At this moment, Ye Feng said this, and he was also a little emotional. He did not expect that he had unconsciously improved and become as powerful as these top big men in the Ten Thousand Monsters Interface.

At this time, hearing Ye Feng say this, a group of top big monsters around him all showed admiration in their eyes.

Because they did not expect Ye Feng's ambition to be so far-reaching.

If it were them, they would become the top super strong in the Ten Thousand Monsters Interface, and they would definitely open up their own caves, establish their own sects and forces, and thus dominate the world and become a superior person.

But they did not expect that Ye Feng was not satisfied with the small Ten Thousand Monsters Interface, and he would go to the wider Heaven Realm to pursue more powerful power, instead of coveting some so-called power in front of him.

At this moment, even the strongest existence among the top demons, such as Emperor Tianlong and Queen Feng, looked at Ye Feng with admiration.

Because whether it was Ye Feng's cultivation talent, Ye Feng's current powerful strength, or Ye Feng's lofty ambitions and tireless pursuit of powerful strength, they all made these top demons admire him.

At this moment, the Lord of the Forest also showed a trace of amazement in his eyes, staring at Ye Feng, and said: "Okay, then you will come with me to kill these ancient creatures who want to escape from the prehistoric ruins and bring disaster to the world. It just so happens that their blood energy can make your cultivation level increase again, and can help you lay a more solid foundation for cultivation before you go to the heaven. Now your cultivation level has become so powerful, and you have the help of peerless magic weapons. We don't have to guard the entrance of the prehistoric ruins now, follow me to kill into the prehistoric ruins!"

Chapter 5239 Very Special

At this time, Ye Feng's eyes showed a trace of surprise, as if he didn't expect that the Lord of the Forest actually believed in him so much, and directly changed from passive defense to active attack.

At this time, Ye Feng was naturally very much looking forward to it.

After all, the ancient creatures in these prehistoric ruins are all very powerful in cultivation, and they are all creatures born on the prehistoric land of ancient times, so the energy contained in their bodies is definitely very advanced and powerful.

If Ye Feng can kill and devour, he will definitely be able to continue to increase his cultivation.

Ye Feng is very clear that the great realm of the Earthly Evil Realm contains a total of 72 small realms.

If you want to break through this great realm as soon as possible, you must get enough energy to quickly upgrade yourself to the final level of the Earthly Evil Realm and break through to a new realm.

This time, Ye Feng came to the Monster Forest and accidentally encountered the crisis of the Monster Forest, which may become a huge opportunity for him.

However, at this time, Ye Feng still stretched out his hand and pressed on the shoulder of the Lord of the Forest, and said: "Senior Lord of the Forest, you have been defending here for a while and have been seriously injured. I will help you recover first." ??

Boom!

After saying that, Ye Feng directly outputted his huge mana and injected it into the limbs of the Lord of the Forest.

At this moment, the Lord of the Forest immediately felt that although Ye Feng's cultivation was relatively low, his power was so powerful that the old senior Lord of the Forest was very shocked. He couldn't help but say: "Ye Feng, your power reserve is really too terrifying. I feel that although you are in the Earthly Evil Realm, your power reserve is probably greater than those of the top monsters in our Monster Forest. You are really the most evil human cultivator I have ever seen."

At this moment, hearing the praise from the Lord of the Forest, Ye Feng's eyes suddenly showed a look of surprise, and then

After that, he couldn't help but laugh and said, "Let's go, let's take everyone to kill these ancient strong men who want to bring disaster to the world."

Boom!

At this moment, Ye Feng did not hesitate at all, and immediately burst out the power of his immortal body.

In an instant, Ye Feng was covered with golden light, like a young god, descending into the space of the prehistoric ruins.

In addition, Ye Feng also activated the right hand of the dark god that was fused in his right hand. Ye Feng's right hand immediately burst out with black and blue light, and the whole right hand also changed from a human palm to an extremely huge dark palm.

In addition, Ye Feng's left hand was holding the Ice Sword, the sword of the Ice God King, one of the ten ancient gods.

At this moment, Ye Feng absolutely burst out his most peak power, and frantically confronted and killed the endless ancient strong men who rushed over in the ruins of the gods.

Because Ye Feng knew very well that the ancient strong men born in these prehistoric ruins were all very powerful and could not be taken lightly.

So Ye Feng immediately burst out his strongest means at the beginning, which can be said to be full firepower.

At this moment, everyone saw Ye Feng's ferocious appearance, and their eyes showed horror.

Emperor Tianlong also joined the battle with a group of top monsters at this time.

The Lord of the Forest also gave it his all at this moment, leading these top monsters in the Monster Forest to frantically kill the ancient creatures in the prehistoric ruins.

These ancient creatures are very ancient and very powerful.

However, under the attack of Ye Feng, the Lord of the Forest and a group of top monsters, nearly half of the main forces were killed in an instant.

The ancient creatures and strong men in these prehistoric ruins finally felt afraid.

Because they never thought that the Lord of the Forest, who was already in danger, suddenly had so many helpers.

Especially the human boy, it was too terrifying.

In the eyes of these powerful men in the prehistoric ruins, Ye Feng was simply a combination of gods and demons at this moment, which was really terrifying to the extreme.

Ye Feng held the Ice Sword in his left hand, bursting out the power of the ancient God King, and his right hand turned into the palm of the God of Darkness. With one hand stretched out, he could cover the sky and the sun, and instantly shatter the defenses of all the powerful people in the prehistoric ruins.

Moreover, Ye Feng himself also burst into a dazzling golden light. This power was too terrible. He was simply like a killing machine that was invincible on the battlefield. Wherever he went, it could be said that no grass grew. No one dared to fight against Ye Feng.

Ye Feng's peak combat power at this moment was almost surpassing the Lord of the Forest.

After all, the old saying goes well, a random punch kills the master.

Although the Lord of the Forest is an old predecessor with rich combat experience, he is too old after all, and his blood and energy have been exhausted.

But Ye Feng is now in his prime, with amazing combat power, and he is braver and stronger with each battle.

In the process of fighting, Ye Feng also released his devouring field, quickly devouring and absorbing the blood and energy generated by the surroundings.

Each of these local warriors in the ancient ruins was a powerful race passed down from ancient times. After their death, the skills contained in their bodies were naturally very powerful. After Ye Feng swallowed them, he was still alive in the battle.

During the process, the strength of cultivation can be said to be growing continuously.

The 30th level of the Earthly Evil Realm! !

At this time, Ye Feng's cultivation broke through many small realms in a row, and directly upgraded to the 30th level of the Earthly Evil Realm, which greatly increased Ye Feng's cultivation skills and strength.

This made Ye Feng's eyes suddenly reveal a deep surprise.

This time when he came to the Monster Forest, he didn't expect to accidentally get such a huge opportunity. Not only did he save the crisis of the Monster Forest, but he also improved his skills so much.

At this moment, Ye Feng looked around and found that the powerful creatures in the prehistoric ruins had basically been killed.

At this time, Ye Feng immediately looked at the Lord of the Forest and couldn't help but said: "Senior Lord of the Forest, since the crisis is over, I should also say goodbye. But before leaving, I still want to consult you, Senior Lord of the Forest. I am alone, how can I enter the heaven from the Ten Thousand Demons Realm?"

When the Lord of the Forest heard what Ye Feng said, he immediately said: "Don't rush to leave. There is a very special place in the ruins of the gods. Before you go to the heaven, if you can get something there, it will definitely be of great help to your future."

Chapter 5240 The Falling Tower

When Ye Feng heard what the Lord of the Forest said, his eyes suddenly lit up and he became interested.

Ye Feng couldn't help but asked: "Senior Lord of the Forest, what is that very special place you mentioned? Is it in this ancient ruins?"

The Lord of the Forest nodded, and immediately said with a smile: "The reason why I caused the seals of the entire prehistoric ruins to loosen this time is because I got something good from that very special place, thus making the entire prehistoric ruins loose. The seal of the ruins has begun to loosen, but now we have killed almost all the top experts in the entire prehistoric ruins, so we should not have any big problems heading to that very special place. "

Hearing what the Lord of the Forest said, Ye Feng immediately nodded, and then said directly: "Then let's just go and take a look."

The Lord of the Forest nodded, took Ye Feng and a group of more than a dozen top monsters, and immediately entered the ancient ruins. ??

At this moment, a group of more than a dozen top demons following behind had quite excited looks on their faces.

Because they have never entered the prehistoric ruins, because the lord of the forest has always restricted them from entering it. After all, it is too dangerous here.

But now with the help of Ye Feng, he has joined forces with the Lord of the Forest to kill almost all the top experts in the ancient ruins, so there is probably no big danger in this ancient ruins now.

At this time, these dozen top monsters can finally enter the ancient ruins that they have longed for since childhood and take a good look at it.

At this moment, the Lord of the Forest was leading the way, while Ye Feng and a group of a dozen top demons were following behind.

At this time, everyone knew that Ye Feng might be leaving soon, and not only leaving the monster forest, but even leaving the entire Ten Thousand Monsters interface, heading to the mysterious and unpredictable No. 1 advanced interface in the heaven.

At this time, Emperor Tianlong couldn't help but said: "If I have the opportunity in the future, I will also go to the heaven."

Obviously, Emperor Tianlong was killed by Ye Feng

This kind of great ambition and courage also touched him, triggering his pursuit of stronger power.

Hearing Emperor Tianlong say this at this moment, Ye Feng smiled slightly and said: "Okay, if there is a chance in the future, let's meet in heaven."

Buzz!

The beautiful figure of Queen Feng also appeared next to Ye Feng at this moment. She couldn't help but stretched out her plain white hand, grabbed Ye Feng's palm, and said aloud: "I also hope to be like you, With such great ambitions, I might enter the heavenly realm with the Tianlong Emperor in the future, and I will look for you Ye Feng when the time comes."

Sensing the aura of the beautiful figure next to him, Ye Feng nodded slightly, looked at the noble and beautiful face of Queen Feng, and couldn't help but smile and said: "Okay, if there is a chance in the future, I will be in heaven." Waiting for you."

At this moment, Lord Black Bull and a group of other top demons also gathered around Ye Feng. They couldn't help but grinned and said, "Let's all go to the heaven to take a look. If we can create a

big force that belongs to us, it will be much more powerful and powerful in the entire heaven than in the small interface of Ten Thousand Demons. "

Hearing what Venerable Black Bull said, everyone burst out laughing.

The Lord of the Forest, who was leading the way, couldn't help but shake his head, and said helplessly: "What do you think of Heaven? Do you think it is a paradise you can go to casually? Heaven is a place filled with powerful people, with countless people. The advanced interface of terrifying creatures is vast and endless, and there are countless ancient creatures and races. Let alone you, even if I entered the heaven at my peak, I would not be considered a master, I could be regarded as a mediocre existence. "

"What?"

Hearing what the Lord of the Forest said, a group of top monsters who were laughing all looked at each other in confusion.

Because they didn't expect that the Lord of the Forest would have such a high opinion of Heaven, no?

However, they have never entered the heaven, and they really don't know what the heaven is like. They only know that the heaven is the legendary top-ranked interface in their world. It is vast and endless, with countless strong people.

When Ye Feng heard the Lord of the Forest say this, his eyes moved slightly and he couldn't help but said: "By the way, Senior Lord of the Forest, this time I come to see you. In addition to saying goodbye to everyone, I also have A more important reason is that I also want to ask you, Senior Lord of the Forest, how should I enter the heaven from the interface of ten thousand monsters? Listening to what the senior said just now, does it seem that the senior has entered the heaven before? Otherwise, it is impossible to enter the heaven? Very understanding."

The Lord of the Forest immediately shook his head and said loudly: "I don't know much about the heaven, and I have never been to the heaven, but in the animal skin scrolls passed down by my ancient ancestors, there are some records about the heaven. I have seen it before, so I naturally know more about heaven than you do, and I also know that heaven is very terrifying."

Hearing what the Lord of the Forest said, many of the top demons present couldn't help but nodded. It seemed that the heaven was much scarier than they imagined.

At this moment, Ye Feng's eyes became a little serious.

Because Ye Feng knows very well that although he is now comparable to the combat power of these top monsters present, his cultivation level is still far behind them, let alone compared with old seniors like the Lord of the Forest, Ye Feng is inferior More.

But I didn't expect that even seniors like the Lord of the Forest would be considered ordinary beings once they entered the heaven, not even experts.

This shows how profound the foundation of the heaven is.

However, Ye Feng thought of the mysterious woman in silver robes from the heaven whom he had accidentally met before. She seemed to be called Su Xin. She came from a giant force in the southern region of the heaven. Among the Immortal Immortal Sect, she was a temple disciple in the Immortal Immortal Sect. . ??

Her cultivation level was over a hundred realms higher than that of Ye Feng at that time, so Ye Feng actually already had some understanding of the overall situation in the heaven.

Now I hear the forest again

When the Lord of the Forest said this, Ye Feng couldn't help but said: "I hope that the very special place that you will take me to later, Senior Lord of the Forest, will allow my cultivation to continue to transform. In this case, I will go there at that time. Heaven is also more certain."

But Ye Feng actually doesn't have too many worries in his heart. After all, the more dangerous and resource-rich a place is, the faster Ye Feng will grow.

Although there may be huge dangers, Ye Feng has never been afraid of dangers.

Since Ye Feng started practicing, he has practiced for so many years, experienced so much, been to countless places, explored countless secret realms, been experiencing blood and fire, and been taking risks, so Ye Feng's courage It has been tempered and is as strong as a diamond.

Hearing what Ye Feng said at this moment, the Lord of the Forest immediately smiled and said: "Don't worry, even I can get huge benefits from the special place I want to take you to, let alone you. Your current cultivation level will definitely allow you to undergo a great transformation."

And just as the Lord of the Forest was talking, he suddenly stopped, looked forward, and said loudly: "We have arrived."

At this moment, both Ye Feng and a group of more than a dozen top demons around him were looking forward, and everyone immediately saw a very shocking scene.

I saw a huge pit in the slightly desolate land in front of me.

In the middle of this deep pit, there is a huge tilting tower stuck on the ground.

This deep pit seems to have been smashed out by this ancient giant tower.

At this moment, the lord of the forest looked with a kind of fervor that seemed to be pious, and couldn't help but said: "This giant tower is said to have fallen from the sky and hit here, so tens of millions Years have passed, and the reason why this ruins of gods have been preserved is because the energy of this giant tower protects the vast land around it, but at the same time, it also imprisons the creatures in this ruins of gods. "
