At this time, hearing the Lord of the Forest say this, a group of top demons present showed a hint of surprise in their eyes.

It seems that the most important thing in this ancient ruins actually fell from the legendary heaven.

Just now, the Lord of the Forest also popularized the profound foundation of the heaven to everyone, so at this time, everyone has a very strong interest in this ancient giant tower.

At this moment, Ye Feng's eyes lit up slightly and he said, "I didn't expect that there would be a huge tower that fell from the sky here. It seems that there is a huge chance in it."

The Lord of the Forest nodded and couldn't help but said: "This ancient giant tower is probably an extraordinary existence in the heaven. Otherwise, the energy shield and seal that the giant tower randomly emits can actually surround this giant tower. A land of prehistoric ruins for tens of millions of years. In other words, this ancient giant tower is still a building tens of millions of years ago even in the heaven. "

When Ye Feng heard what the Lord of the Forest said, he couldn't help but said: "Is it just as simple as a building? If this ancient giant tower is just a building in the heaven, then it cannot have such terrifying power. Being able to bind this prehistoric ruins here for tens of millions of years, and also able to withstand the erosion of external forces, I personally feel that this ancient giant tower may be a super magic weapon in itself. "

Hearing what Ye Feng said, the forest lord's eyes suddenly changed slightly, and then he couldn't help but said: "I have never thought about this. I just regard this ancient giant tower as a certain place in the heaven." Special buildings built by super powerful forces store chance creations from heaven. But now that I heard what you said, Ye Feng, I also feel that this ancient giant tower itself may be a super magic weapon, but even I I can't even tell whether this ancient giant tower is a magic weapon, because I once secretly explored it."

When the Lord of the Forest said this, Ye Feng was a little stunned.

When Ye Feng came to the monster forest for the first time, the forest lord took him into the ancient ruins.

In those short few hours, the Lord of the Forest left for a while, probably coming here to secretly investigate this giant tower that fell from the sky.

At this moment, the Lord of the Forest suddenly looked at Ye Feng beside him and said loudly: "Ye Feng, your talents and abilities are incredible. Maybe you can echo the charm of this ancient giant tower. Come and feel whether this ancient giant tower is a super magic weapon."

Hearing what the Lord of the Forest said, Ye Feng smiled and said: "Let's enter this ancient giant tower first and get the chance inside first."

Hearing what Ye Feng said, the forest lord nodded, and then led everyone to fly forward quickly.

Soon, they came to this ancient giant tower.

At this moment, even if there are a group of top monsters in the monster forest, they are probably powerful beings in the interface of ten thousand monsters. They are first-class big shots. They can swallow thousands of mountains and rivers with their mouths, but this group of top monsters The big demon, in front of this ancient giant, felt a feeling of incomparable insignificance.

This ancient giant tower gives people a very heavy and terrifying pressure, as if they are facing a giant from ancient times.

At this time, the dozen or so top demons present could not help but say: "Senior Lord of the Forest, I feel that we cannot enter this ancient giant tower at all, because every time we get closer,

, the pressure on the body becomes heavier. "

At this moment, more than a dozen top demons were walking with difficulty. In the end, even the most powerful Tianlong Emperor and Phoenix Queen could no longer walk.

At this time, they were still dozens of meters away from that ancient giant tower.

Seeing this scene at this moment, the forest lord shook his head slightly and said loudly: "Your cultivation level is not able to resist such a strong pressure and enter it."

After the forest lord finished speaking, everyone saw a shocked scene. Ye Feng walked directly to the entrance of this ancient giant tower as if he was not under any pressure.

"Forehead?"

Seeing this scene, a dozen of the top demons suddenly had deep wry smiles on their faces.

Although their cultivation level is two levels higher than Ye Feng's, in terms of physical strength and real combat effectiveness, they are really far behind Ye Feng.

Seeing this scene at this time, the forest lord also showed a look of astonishment in his eyes, and then he couldn't help but shook his head and said with a smile: "Ye Feng, this kid, is really the most heaven-defying human cultivator I have ever seen. , looks delicate and delicate, but actually has a powerful body comparable to ancient evil beasts. "

Obviously, the Lord of the Forest has seen it at this moment. The reason why Ye Feng is so relaxed and can withstand the terrifying pressure emanating from the ancient giant tower is not just relying on his own cultivation, but relying on him. The terrifying strength of the body was able to withstand the terrifying pressure of this ancient giant tower that fell from the sky.

At this time, the forest lord didn't say much, but directly released his protective light shield and came to Ye Feng's side.

The Lord of the Forest could not help but exclaimed in amazement: "I still need to rely on my own huge power to condense a protective light shield,

to be able to withstand the pressure of this ancient giant tower. I didn't expect that Ye Feng could resist this terrifying pressure just by relying on his pure body strength. It's incredible. You know, those dozen top monsters are all inherited from the blood power of ancient evil beasts. The bodies of monsters are very terrifying, but compared with this human body, they are really far behind."

When Ye Feng heard what the Lord of the Forest said, he just smiled and didn't say much.

Because Ye Feng's immortal body of the gods has also been greatly improved during this period, he can completely rely on the pure body strength to withstand the pressure imposed on him by the ancient giant tower.

At this time, Ye Feng just said: "Let's go directly into the ancient giant tower and see if there are any good things."

After that, Ye Feng and the Lord of the Forest directly entered the interior space of the ancient giant tower.

Ye Feng immediately saw that there were a total of nine floors of space inside this ancient giant tower.

And what they entered at this time was the first floor.

In this first floor, there were densely packed ancient formations.

However, around these ancient formations, there were many ancient magic weapons hanging on the walls, as well as some boxes specially containing elixirs, and many rare treasures of heaven and earth that Ye Feng could not name, growing in the void inside many formations on the first floor.

Seeing this scene at this moment, the Lord of the Forest could not help but say: "I have been here twice, and each time I broke into some formations very dangerously and got some good things."

At this moment, Ye Feng instantly activated the Eye of Heaven and Earth, saw through these formations, and could not help but laugh and said: "This time I came, these formations can't stop us, and the things on this first floor can be looted."

Chapter 5242 Property Distribution

At this moment, Ye Feng activated the Eye of Heaven and Earth, and with the Lord of the Forest, he could shuttle around in the space of the first floor of this ancient giant tower without attracting the attacks of the ancient formations around him.

After sensing all this, the Lord of the Forest was full of admiration, and couldn't help but say: "Ye Feng, your ability is really amazing. You know, when I came here before, I was hurt by these powerful formations and almost died in a terrible formation. But Ye Feng, you don't need to fight against these formations at all. You can easily pass through these formations. It's incredible. I guess the owner of so many formations in the first floor of this ancient giant tower back then would be shocked if he saw you coming here today."

Hearing what the Lord of the Forest said, Ye Feng immediately grinned and said: "Find the good stuff first."

At this time, Ye Feng directly took a box with many ancient elixirs on a wall and opened it directly.

At this moment, Ye Feng immediately saw that the box was filled with a variety of ancient elixirs.

These elixirs were all different colors and looked very precious. They should be high-level elixirs refined by a powerful force in the past.

Ye Feng did not hesitate at this time. He directly opened the whole box, poured all the ancient elixirs in it into his mouth, and then swallowed them all.

At this moment, Ye Feng swallowed dozens of high-level elixirs from ancient times.

Boom!

Waves of powerful elixir energy were immediately generated in Ye Feng's body.

Ye Feng could immediately feel that waves of huge medicinal power were rapidly increasing his skills.

The aura of Ye Feng's cultivation suddenly broke through rapidly.

The 31st level of the Earthly Evil Realm!

Boom!

The 32nd level of the Earthly Evil Realm!

Boom!

The 33rd level of the Earthly Evil Realm!

At this moment, Ye Feng's cultivation level directly broke through the three heavens, and he was promoted from the 30th level of the Earthly Evil Realm to the 33rd level of the Earthly Evil Realm!

It must be said that Ye Feng's digestion ability is really strong, so even if the Lord of the Forest next to him is an ancient figure, at this time, seeing Ye Feng's very simple, direct and rough way of cultivation, swallowing pills directly to improve his cultivation, the old senior Lord of the Forest couldn't help shaking his head and laughing bitterly, and couldn't help but sigh: "Ye Feng's way of cultivation is really fierce!"

At this moment, Ye Feng did not hesitate at all and continued to fly quickly in other directions of the first floor.

With the assistance of the Eye of Heaven and Earth, Ye Feng can freely shuttle in the first floor full of terrible formations.

For Ye Feng, this ancient giant tower that the Lord of the Forest brought him to this time is really a good place.

After swallowing a box of pills that he found casually, he actually increased his power so much at once, breaking through three small realms in a row.

This is naturally a huge help for Ye Feng.

It seems that I really made the right decision to come to the Monster Forest this time.

At this moment, Ye Feng came to a wall again.

Hanging on this wall were some ancient magic weapons.

However, Ye Feng was not very interested in these things, after all, Ye Feng had already obtained the Ice Sword of the Ice God King, one of the ten ancient gods.

So Ye Feng was no longer interested in these ordinary magic weapons, and he smiled and said, "These things will be given to you, the Lord of the Forest."

After all, it was the Lord of the Forest who brought Ye Feng here, and Ye Feng couldn't let others go in vain.

At this moment, the Lord of the Forest smiled slightly and said, "Okay, then I'll take it."

The Lord of the Forest also knew that Ye Feng was not so interested in other things.

The only thing Ye Feng was interested in was the heaven and earth cultivation resources that could quickly improve Ye Feng's cultivation skills, or some ancient formations, or some energy-containing things.

Therefore, the Lord of the Forest and Ye Feng also tacitly agreed on a rule of property distribution, that is, Ye Feng should be given priority to use the resources of heaven and earth that contain energy, while other things, such as these ancient magic weapons, or some special equipment, can be directly given priority to the Lord of the Forest.

As for if they encounter some ancient and powerful inheritances, the two will definitely comprehend together.

Sure enough, Ye Feng came to the third wall and saw a lot of ancient books hanging on this wall.

Ye Feng looked carefully and immediately found two sets of the most advanced and powerful inheritances, called the Nine Heavens Emperor Dragon Art and the Hand of the Giant Spirit God.

The Nine Heavens Emperor Dragon Art is a very powerful imperial inheritance from ancient times, which should be a legacy created by the emperor of a super powerful dynasty.

In the process of practicing the Nine Heavens Emperor Dragon Art, practitioners can continuously absorb the dragon veins and dragon energy between heaven and earth to condense their own emperor dragon.

In the process of performing the Nine Heavens Emperor Dragon Art, the powerful power of this emperor dragon can be burst out.

As for the Hand of the Giant Spirit God, it is the inheritance left by the ancient giant spirit god.

Please do not use Incognito mode every time verification appears!

During the process of performing the skill, the practitioner's two hands can directly transform into the palms of the ancient giant spirit god, which possesses the great power of picking stars and moons, and breaking mountains and rivers.

You know, Ye Feng has the peerless weapon of the giant spirit god clan, the giant spirit god axe.

If Ye Feng can successfully practice this set of giant spirit god's hands, then when Ye Feng uses the two giant spirit god's hands to grasp the giant spirit god axe and attack the enemy, he will definitely be able to burst out with more terrifying power.

Ye Feng is very clear that no one in the Ten Thousand Monsters Realm can recognize his Ice Sword.

But after reaching the heaven, he can't easily use the Ice Sword, a weapon of the God King level.

Otherwise, as Su Xin, the mysterious woman in the silver robe who descended from the heaven, said before, if other super powers knew that he had a peerless treasure like the Ice Sword in his hand, he would definitely be hunted down by countless powers in the entire heaven.

So Ye Feng knew that if he entered the heaven next, it would be better not to use the Ice Sword for the time being, unless it was a critical moment.

In normal battles, some weapons that are more common and less eye-catching are used, such as the Giant Spirit Axe.

At this moment, Ye Feng was very interested in the two sets of inheritance, the Nine Heavens Emperor Dragon Art and the Giant Spirit Hand. He directly imprinted the inheritance mysteries of these two sets of inheritance in his head and began to comprehend them.

As for all the other inheritance books on the entire wall, Ye Feng directly asked the Lord of the Forest to take them.

After all, the Lord of the Forest still has a group of more than a dozen top monsters to cultivate, and these inheritances must be of great help to those top monsters.

Then Ye Feng and the Lord of the Forest found that the things in the entire first floor were almost looted, and the two looked towards the entrance of the second floor.

Chapter 5243 Big Nine Tower

At this time, the two of them flew directly towards the second floor of this ancient giant tower.

When they passed through the entrance and came to the second floor, they immediately saw a shocking scene.

I saw that the second floor of this ancient giant tower was filled with fierce flames, and the ground was covered with molten lava.

Seeing this scene at this moment, the Lord of the Forest couldn't help but said: "It seems that this ancient giant tower is really a super magic weapon from ancient times. It has its own space inside, and each floor is an independent Space, this second level is a place like a world of flames."

The Lord of the Forest has never entered the second level before, because his ability can only allow him to get some good things in the first level space, and there is no way to get through all the formations to the second level.

This time, with the help of Ye Feng's Eye of Heaven and Earth ability, he reached the second level.

The harsh environment on the second level surprised the Lord of the Forest.

At this moment, Ye Feng nodded slightly and said: "It seems that there is no chance of creation on the second level. Let's move towards the third level."

At this moment, Ye Feng directly led the Lord of the Forest through the entire flame space of the second level and arrived at the third level.

At this time, the two of them saw another shocking scene. They saw that there was still no wealth hidden on the third floor. The entire space on the third floor was not burning with fierce flames like the second floor, but was completely opposite. It was filled with a very cold air, freezing the entire earth.

When the two reached the fourth floor, they saw thunder in the sky.

When they came to the fifth floor, they saw that the entire fifth floor space was filled with tornadoes and huge winds. It seemed that the creatures that broke into it could be crushed into pieces in the hurricane in an instant.

Seeing this scene at this moment, the two of them did not continue to move upward, because the power inside was getting more and more terrifying, and they might die in this ancient giant tower.

At this time, Ye Feng and the Lord of the Forest both had serious expressions on their faces and exited the inner space of the ancient giant tower.

At this time, the Lord of the Forest seemed to have thought of something, and couldn't help but said: "In this ancient giant tower, each floor contains a very terrifying and powerful natural power between heaven and earth, and we monsters There seems to be some mention of the specific identity of this super magic weapon in the ancient records of the forest."

"Um?"

Hearing what the Lord of the Forest said, Ye Feng immediately became interested and couldn't help but said: "In the ancient records of the Monster Forest, what kind of magic weapon is this ancient giant tower?"

The Lord of the Forest spoke slowly at this moment: "It should be the legendary Great Nine Elements Tower."

"The Great Nine Elements Tower?"

At this moment, when he heard the forest lord beside him say this, Ye Feng's eyes suddenly showed a look of surprise, and he couldn't help but asked: "In other words, this ancient giant tower must be a super magic weapon, and it's an amazing super magic weapon."

The Lord of the Forest nodded, couldn't help sighing, and said aloud: "In the legend, the Great Nine Elements Tower is a treasure cast by a mysterious superpower in ancient times.

#Every time verification appears, please do not use incognito mode!

This Great Nine Elements Tower, if successfully refined, can release the most extreme attribute power between heaven and earth, and there are nine types in total. Each layer stores an ultimate natural power between heaven and earth, respectively. It is the ultimate power of the nine natural attributes of heaven and earth: metal, wood, water, fire, earth, wind, rain, thunder, and lightning. "

Hearing what the Lord of the Forest said at this moment, Ye Feng's eyes suddenly showed a look of surprise, and then he said eagerly: "Since this Great Nine Elements Tower is such a powerful magic weapon, then I will I also want to try to see if I can refine this ancient giant tower. If I can get this super magic weapon, it will be of great help to me. "

Ye Feng knew very well that he was about to go to the heaven. The Ice Divine Sword and the Gate of Heaven, the two most powerful magic weapons currently on his body, could not be used easily, otherwise it would cause disaster.

The only thing Ye Feng can currently use is the Ax of the Giant Spirit God. If he can get this so-called Great Nine Elements Tower, it will naturally be of great help to Ye Feng.

At this moment, Ye Feng and the Lord of the Forest exited the inner space of the ancient giant tower and came outside.

A group of big monsters gathered around and wanted to ask about the situation.

But the Lord of the Forest said aloud: "Everyone, be quiet for now and let Ye Feng try to refine this giant tower and see if he can succeed."

At this moment, when many big demons heard what the Lord of the Forest said, their eyes showed deep surprise. They looked at Ye Feng not far away, as if they did not expect that Ye Feng was not only looking for opportunities in the ancient giant tower, but also wanted to directly refine the entire giant tower. What kind of courage is this?

At this time, Ye Feng did not hesitate too much and walked directly in front of the big nine-line tower, then stretched out his hand and touched the ancient tower.

Buzz!

At this moment, Ye Feng immediately felt a vast aura of ancient vicissitudes, contained in this large nine-element tower.

Sure enough, almost at this moment, Ye Feng was able to determine that this ancient giant tower was not just a simple building, but a powerful magic weapon containing infinite energy.

At this moment, Ye Feng naturally did not hesitate at all, and immediately released his powerful magic power and injected it into this Great Nine-Line Tower, wanting to forcibly refine this magic weapon.

Boom!

However, at this moment, at the moment when Ye Feng forcibly refined it, this Great Nine-Line Tower immediately vibrated rapidly.

It surged with boundless energy, trying to resist Ye Feng's forced refining.

At this time, Ye Feng's eyes were fierce, and he immediately increased his mana output. At this moment, Ye Feng also took out the Ice Sword, the sword of the Ice God King, one of the ten ancient gods, and hung it directly above his head, madly releasing the terrifying power of the Ice God King to suppress this Great Nine-Line Tower and make this Great Nine-Line Tower obedient.

Sure enough, sensing the majesty and power of the ancient god king transmitted by the Ice Sword, the Great Nine Lines Tower suddenly became obedient and was successfully refined by Ye Feng.

Swish!

At this moment, Ye Feng stretched out his hand, and the huge ancient tower immediately shrank rapidly, and finally shrank to the size of a palm, and fell into Ye Feng's palm. At this time, the two of them flew directly to the second floor of this ancient giant tower.

When they passed through the entrance and came to the second floor, they immediately saw a shocking scene.

I saw that the second floor of this ancient giant tower was burning with fierce flames everywhere, and the ground was all molten.

Seeing this scene at this moment, the Lord of the Forest couldn't help but say: "It seems that this ancient giant tower is really a super magic weapon from ancient times. It has its own space, and each floor is an independent space. This second floor is a place like a world of fire."

The Lord of the Forest had never entered the second floor before, because his ability could only allow him to get some good things in the first floor space, and there was no way to pass through all the formations to the second floor.

This time, with the help of Ye Feng's Eye of Heaven and Earth, he came to the second floor.

The harsh environment of the second floor surprised the Lord of the Forest.

At this moment, Ye Feng nodded slightly and said, "It seems that there is no chance for the second floor. Let's go to the third floor."

At this moment, Ye Feng directly took the Lord of the Forest through the entire second floor's flame space and came to the third floor.

Seeing this scene at this moment, the two did not continue to move forward, because the power inside was becoming more and more terrifying, and they were afraid that they would die in this ancient giant tower.

At this time, Ye Feng and the Lord of the Forest both looked quite solemn and withdrew from the interior space of the ancient giant tower.

At this time, the Lord of the Forest seemed to have thought of something, and couldn't help but say: "In this ancient giant tower, each layer contains a very terrifying and powerful natural attribute of the world, and in the ancient records of our Monster Forest, there seems to be some mention of the specific identity of this super magic weapon."

Swish!

At this moment, Ye Feng stretched out his hand, and the huge ancient tower immediately shrank rapidly, and finally shrank to the size of a palm, and fell into the palm of Ye Feng's hand.

Chapter 5244 Key Points

At this time, Ye Feng tried to output his magic power and entered the big nine-line tower in his hand.

Buzz!

Almost at the next moment, the palm-sized Nine Elements Tower, urged by Ye Feng, flew directly to the sky. It suddenly rose up against the wind and expanded into a majestic giant tower with a length of several thousand meters. It seems to be able to suppress everything and shatter the world.

Moreover, when this large nine-element tower is activated, it is surrounded by nine different attributes of power, which can release the terrifying power of metal, wood, water, fire, earth, wind, rain, thunder, and lightning, causing extremely terrible damage to the enemy in an instant.

Seeing the scene in front of him at this moment, Ye Feng was very satisfied with the power of this Great Nine Elements Tower, and this Great Nine Elements Tower was not only an offensive magic weapon, but also a protective magic weapon.

For example, by activating the metallic element power in the Great Nine Elements Tower, an indestructible steel city wall can be formed around the Great Nine Elements Tower to protect Ye Feng.

At this moment, Ye Feng was very satisfied. He stretched out his hand to grab the Great Nine Elements Tower and directly took it back into his hand and put it into his body.

At this time, a group of top demons gathered around and said with great envy: "Congratulations, Ye Feng, for getting such a powerful magic weapon. This is the most precious thing among the ancient ruins."

At this moment, Ye Feng smiled slightly, looked at the Lord of the Forest, and said loudly: "Thanks to the Senior Lord of the Forest for bringing me here, not only did my cultivation level get a huge improvement, but also I got Such a powerful treasure."

When the Lord of the Forest heard what Ye Feng said, he immediately laughed and said: "We are helping each other. If it weren't for Ye Feng who took me through so many formations this time, I'm afraid I wouldn't have had to to so much wealth."

At this time, the Lord of the Forest distributed many powerful inheritances to a group of top demons present.

This group of top demons were naturally very happy to have received the inheritance from these ancient times, and they began to practice excitedly.

At this time, Ye Feng looked at the Lord of the Forest alone and asked: "Senior Lord of the Forest, I think it's time for me to leave and go to the heaven. I don't know how I can go to the heaven from the interface of ten thousand monsters?"

Ye Feng was naturally not very clear at this moment. How could he enter the heaven alone?

At this time, the Lord of the Forest said in a rather solemn voice: "If you want to ascend from the interface of ten thousand demons to the heaven, in addition to the super strong people in the heaven taking you directly through the interface channel, there is another one that is more adventurous. The only way is to go to the prehistoric swamp at the end of our interface of ten thousand monsters. Legend has it that in the prehistoric swamp at the end of our interface of ten thousand monsters, there is an ancient formation from the prehistoric era. It is possible to pass through that ancient formation from the prehistoric era. It can be transmitted directly to the heaven, but the wild swamp is a very dangerous place. If you go there, you must be extra careful. "

Hearing what the Lord of the Forest said, Ye Feng immediately nodded, couldn't help but smile helplessly, and said: "If only Su Xin, a mysterious woman in silver robes, could stay in the Wan Yao interface for a little longer. Just let her take me directly to heaven."

Hearing Ye Feng say this

Said, the Lord of the Forest's eyes flickered, and said loudly: "It seems that Ye Feng, you have already met the super strong people from the heaven. No wonder you are so confident about going to the heaven, but let the super strong people in the heaven directly It is not necessarily a good thing for someone to take you to the heaven. After all, the whole process is very simple, and there is no way for you to gain experience. If you go to the wild swamp at the end of our Ten Thousand Monsters interface, you might be able to get huge opportunities, and Using the ancient formations from the prehistoric era, when you are transported to the heaven, you will pass through a cosmic channel between interfaces. In this cosmic channel, there are radiations from various energy rays in the universe. These cosmic energy rays If radiation shines on you, your life essence may evolve, and it may even cause you to mutate your genes and awaken some very powerful innate abilities. This is a rare opportunity."

Hearing what the Lord of the Forest said, Ye Feng immediately showed a look of surprise in his eyes, as if he didn't expect such a thing to happen.

Ye Feng immediately nodded and said with a smile: "It seems that I did not let the strong man from the heaven take me directly into the heaven, but it was beneficial to me."

The Lord of the Forest nodded, patted Ye Feng's shoulder solemnly, and said aloud: "If you go to the heaven alone, you will pass through the prehistoric swamp at the end of our world of monsters, and then enter the universe through the ancient formation. Passage, the whole process, your strength may undergo earth-shaking changes. In this case, you will have more ability to protect yourself after entering the heaven. "

Hearing what the Lord of the Forest said, Ye Feng immediately nodded, couldn't help but clasped his fists, and said loudly: "Thank you, Senior Lord of the Forest, for your guidance. Otherwise, I'm afraid I would be really confused and don't know what to do." How to go to the heaven, and I may also miss the two key places of the prehistoric swamp and the cosmic passage that may improve my strength."

Hearing what Ye Feng said, the Lord of the Forest waved his hands quite freely, couldn't help but sigh, and said aloud: "If you make a difference in the heaven in the future, remember to come back to see me as an old man when you have nothing to do. Guys, and your great friends."

When he said this, the Lord of the Forest looked at a group of top demons who were practicing ancient inheritance not far away, and couldn't help but said: "If any of them has the ability in the future, maybe I will also suggest him to follow Ye Feng The path you have taken is to go to the heaven. After all, there are several of them who I am very optimistic about. Although their potential is not as good as Ye Feng's, they are already considered rare talents in our interface of ten thousand monsters in a hundred years. Maybe they can also Go to heaven."

Hearing what the Lord of the Forest said, Ye Feng immediately nodded. Instead of disturbing a group of more than a dozen big monsters practicing not far away, he said goodbye to the Lord of the Forest once again and flew directly into the sky, quickly He flew quickly towards the wild swamp area at the end of the Ten Thousand Monsters interface mentioned by the Lord of the Forest.

For Ye Feng, there is nothing left for Ye Feng to miss in the Ten Thousand Demons interface. Basically, everything has been dealt with. Even if there are some things that have not been dealt with, Ye Feng doesn't want to deal with them now.

Because Ye Feng has come into contact with Su Xin, a powerful being from the heaven, and knows that the heaven has an older inheritance, stronger power, and a larger transcendent force, Ye Feng can't wait to go to the heaven to pursue stronger power. , the resources of Wanyao interface can no longer satisfy the growth of Ye Feng's power. At this time, Ye Feng tried to output his magic power and entered the big nine-line tower in his hand.

Buzz!

Almost at the next moment, the palm-sized Nine Elements Tower, urged by Ye Feng, flew directly into the sky. It suddenly rose up against the wind and swelled into a majestic giant tower with a length of several thousand meters. It seems to be able to suppress everything and shatter the world.

Moreover, when this large nine-element tower is activated, it is surrounded by nine different attributes of power, which can release the terrifying power of metal, wood, water, fire, earth, wind, rain, thunder, and lightning, causing extremely terrifying damage to the enemy in an instant.

Seeing the scene in front of him at this moment, Ye Feng was very satisfied with the power of this Great Nine Elements Tower, and this Great Nine Elements Tower was not only an offensive magic weapon, but also a protective magic weapon.

For example, by activating the metallic element power in the Great Nine Elements Tower, an indestructible steel city wall can be formed around the Great Nine Elements Tower to protect Ye Feng.

At this moment, Ye Feng was very satisfied. He stretched out his hand to grab the Great Nine Elements Tower and directly took it back into his hand and put it into his body.

At this time, a group of top demons gathered around and said with great envy: "Congratulations, Ye Feng, for getting such a powerful magic weapon. This is the most precious thing among the ancient ruins."

At this moment, Ye Feng smiled slightly, looked at the Lord of the Forest, and said loudly: "Thanks to the Senior Lord of the Forest for bringing me here, not only did my cultivation level get a huge improvement, but also I got Such a powerful treasure."

When the forest lord heard what Ye Feng said, he immediately laughed and said: "We are helping each other. If it weren't for Ye Feng who took me through so many formations this time, I'm afraid I wouldn't have had to to so much wealth."

At this time, the Lord of the Forest distributed many powerful inheritances to a group of top demons present.

This group of top demons were naturally very happy to have received the inheritance from these ancient times, and they began to practice excitedly.

At this time, Ye Feng looked at the Lord of the Forest alone and asked: "Senior Lord of the Forest, I think it's time for me to leave and go to the heaven. I don't know how I can go to the heaven from the interface of ten thousand monsters?"

Ye Feng was naturally not very clear at this moment. How could he enter the heaven alone?

At this time, the Lord of the Forest said in a rather solemn voice: "If you want to fly from the interface of ten thousand demons to the heaven, in addition to the super strong people in the heaven taking you directly through the interface channel, there is another one that is more adventurous. The only way is to go to the prehistoric swamp at the end of our interface of ten thousand monsters. Legend has it that in the prehistoric swamp at the end of our interface of ten thousand monsters, there is an ancient formation from the prehistoric era. It is possible to pass through that ancient formation from the prehistoric era. It can be transmitted directly to the heaven, but the wild swamp is a very dangerous place. If you go there, you must be extra careful. "

Hearing what the Lord of the Forest said, Ye Feng immediately nodded, couldn't help but smile helplessly, and said: "If only Su Xin, a mysterious woman in silver robes, could stay in the Wan Yao interface for a little longer. Just let her take me directly to heaven."

Hearing Ye Feng say this

Said, the forest lord's eyes flickered, and said loudly: "It seems that Ye Feng, you have already met the super strong people from the heaven. No wonder you are so confident about going to the heaven, but let the super strong people in the heaven directly It is not necessarily a good thing for someone to take you to the heaven. After all, the whole process is very simple, and there is no way for you to gain experience. If you go to the wild swamp at the end of our Ten Thousand Monsters interface, you might be able to get huge opportunities, and Using the ancient formations from the prehistoric era, when you are transported to the heaven, you will pass through a cosmic channel between interfaces. In this cosmic channel, there are radiations from various energy rays in the

universe. These cosmic energy rays If radiation shines on you, your life essence may evolve, and it may even cause you to mutate your genes and awaken some very powerful innate abilities. This is a rare opportunity."

Hearing what the Lord of the Forest said, Ye Feng immediately showed a look of surprise in his eyes, as if he didn't expect such a thing to happen.

Ye Feng immediately nodded and said with a smile: "It seems that I did not let the strong man from the heaven take me directly into the heaven, but it was beneficial to me."

The Lord of the Forest nodded, patted Ye Feng's shoulder solemnly, and said aloud: "If you go to the heaven alone, you will pass through the prehistoric swamp at the end of our world of monsters, and then enter the universe through the ancient formation. Passage, the whole process, your strength may undergo earth-shaking changes. In this case, you will have more ability to protect yourself after entering the heaven. "

Hearing what the Lord of the Forest said, Ye Feng immediately nodded, couldn't help but clasped his fists, and said loudly: "Thank you, Senior Lord of the Forest, for your guidance. Otherwise, I might be really confused and don't know what to do." How to go to the heaven, and I may also miss the two key places of the prehistoric swamp and the cosmic passage that may improve my strength."

Hearing what Ye Feng said, the Lord of the Forest waved his hands quite freely, couldn't help but sigh, and said aloud: "If you make a difference in the heaven in the future, remember to come back to see me as an old man when you have nothing to do. Guys, and your great friends."

When he said this, the Lord of the Forest looked at a group of top demons who were practicing ancient inheritance not far away, and couldn't help but said: "If any of them has the ability in the future, maybe I will also suggest him to follow Ye Feng The path you have taken is to go to the heaven. After all, there are several of them who I am very optimistic about. Although their potential is not as good as Ye Feng's, they are already considered rare talents in our interface of ten thousand monsters in a hundred years. Maybe they can also Go to heaven."

Hearing what the Lord of the Forest said, Ye Feng immediately nodded. Instead of disturbing a group of more than a dozen big monsters practicing not far away, he said goodbye to the Lord of the Forest once again and flew directly into the sky, quickly He flew quickly towards the swamp area at the end of the Ten Thousand Monsters interface mentioned by the Lord of the Forest.

Because Ye Feng has come into contact with Su Xin, a powerful being from the heaven, and knows that the heaven has an older inheritance, stronger power, and a larger transcendent force, Ye Feng can't wait to go to the heaven to pursue stronger power. , the resources of Wanyao interface can no longer satisfy the growth of Ye Feng's power.

Chapter 5245: Primordial Swamp

For Ye Feng, his goal is very simple now, that is to go to the prehistoric swamp at the end of the Ten Thousand Monsters Interface and find the prehistoric ancient formation that can be directly teleported to the heaven.

In this way, Ye Feng can be directly teleported to the heaven through this prehistoric ancient formation.

And according to the Lord of the Forest, not only are there countless opportunities in the prehistoric swamp, but in the process of being teleported to the heaven through the prehistoric ancient formation, he will pass through a very special cosmic channel.

In the cosmic channel, during the process of being teleported, he may be able to receive radiation from various special energy rays from the universe, thereby making his physique stronger.

At this time, Ye Feng thought secretly in his heart that he had passed through a large area of the land of the Ten Thousand Monsters Interface and flew quickly towards the prehistoric swamp.

For Ye Feng, his only thought now is to go to the heaven as soon as possible.

Because only in the heaven can there be more huge cultivation resources, which can allow Ye Feng's cultivation speed to continue to grow rapidly.

At this moment, Ye Feng was moving very fast, because his cultivation had already reached a very powerful level. In the outer demon world, he was a first-class powerful existence.

So Ye Feng was now flying and running wildly on the land of the Ten Thousand Demon World, and he didn't need to worry about any so-called dangers, or passing by a certain area, and might encounter some powerful lords, etc.

Ye Feng rushed directly, without wasting any time, and flew quickly towards the end of the Ten Thousand Demon World.

On the way, the powerful aura released by Ye Feng made many so-called strong men in the Ten Thousand Demon World dare not come out to provoke Ye Feng.

So after nearly half a month of travel, Ye Feng finally arrived at the destination of this trip, which was the prehistoric swamp area.

This is already the end area of the Ten Thousand Demon World, and there is an endless swamp in front.

Please do not use the traceless mode every time verification appears!

On the ground, there is mud and various colorful and poisonous miasma everywhere.

As the Lord of the Forest said, the prehistoric swamp area is a very dangerous place.

But at the same time, the prehistoric swamp also contains a huge amount of cultivation resources.

For Ye Feng, this is naturally a place worth taking risks.

At this time, Ye Feng did not hesitate at all, and was ready to rush into this prehistoric swamp.

But at this moment, suddenly, a dozen practitioners wearing various costumes and armor flew over from a direction not far away.

This group of practitioners and Ye Feng's cultivation are similar, all in the Earthly Evil Realm.

They seem to be a small group, or a mercenary group.

At this moment, they saw Ye Feng was about to rush into the prehistoric swamp in front of them, and they couldn't help but remind him immediately: "This little brother, the prehistoric swamp is not

a place that can be explored casually. It is very dangerous. If the little brother rashly enters it, it is very likely that he will be killed by the extremely powerful swamp monsters in an instant, or even swallowed directly, and the end will be very miserable."

At this time, the one who spoke was a fat middle-aged man wearing red armor in the mercenary group.

Ye Feng heard the other party's kind reminder, and smiled and said: "Thank you for your reminder, but the danger in the prehistoric swamp is not a big threat to me."

Swish!

After saying that, Ye Feng did not stop his steps at all, but jumped directly into the prehistoric swamp and disappeared.

At this moment

Watching Ye Feng's back disappear in front of him, the middle-aged man in red armor couldn't help shaking his head and laughing, saying: "This young man is really impulsive. His cultivation is indeed extraordinary. He is about the same as us at a young age. He is a powerful existence at the level of the Earthly Evil Realm, but I guess he still underestimated the danger in the prehistoric swamp. It is very likely that he will soon be killed by the swamp monsters in the prehistoric swamp."

Hearing what the middle-aged man in red armor said, the other members of the mercenary group said: "Captain, don't worry about this young, impulsive and arrogant boy who doesn't listen to advice. Let him suffer some hardships in it, and he will know what it means to be a hero. If you don't listen to the old man, you will suffer. "

Hearing his teammates say this, the middle-aged man in red armor nodded and said, "Let's go. We don't have to worry about so much. I have already given this little brother a kind reminder. We should find the mysterious thing that the head of the Wang family wants us to find as soon as possible. As long as we can find that thing and bring it back to the head of the Wang family, we will be able to get the huge cultivation resources of the Wang family. At that time, our Red Fire Mercenary Group will definitely be able to break into a new world in the Swamp City. "

Hearing this middle-aged man in red armor say this, the other members of the mercenary group all showed deep excitement and expectation in their eyes.

This group of mercenary group masters immediately went deep into a certain direction in the prehistoric swamp in front of them, as if they wanted to find something very mysterious and good.

At this moment, Ye Feng didn't care what the mercenary group was going to do, because Ye Feng was not interested.

The only thing Ye Feng wanted to do now was to find the prehistoric ancient formation that could lead to the heaven in this prehistoric swamp as soon as possible.

At this moment, when Ye Feng entered this primordial swamp, he immediately

Every time verification appears, please do not use the traceless mode!

He immediately sensed a very ancient and vicissitudes of life, and it suddenly appeared around him.

Ye Feng immediately understood that this swamp was worthy of being called the primordial swamp. It was probably really an ancient area left over from the ancient primordial era.

Buzz!

At this time, Ye Feng did not hesitate at all, and directly spread his huge soul power, covering the surrounding area of several thousand meters, while looking for the primordial ancient formation that could lead to the heaven, and seeing if he could happen to encounter some very good opportunities.

Sure enough, not long after Ye Feng searched, Ye Feng's huge soul power suddenly discovered some unusual energy fluctuations.

Ye Feng immediately flew quickly in that direction.

In a swamp, Ye Feng saw a very holy colorful lotus, which was growing in a swamp in the distance, and it was really pure and unstained.

Swish!

At this moment, Ye Feng immediately rushed towards the colorful lotus.

Because of this colorful lotus, Ye Feng sensed a huge fluctuation of medicinal power from it.

This is definitely a very rare treasure of heaven and earth, with sufficient medicinal power.

But at this moment, when Ye Feng was about to approach this colorful lotus, the surrounding swamp suddenly exploded.

A green dragon that looked very ferocious suddenly rushed out from under the swamp mud, opened its bloody mouth, and bit directly at Ye Feng!

Obviously, this colorful lotus growing here is just a bait.

This ferocious green dragon used this colorful lotus to attract passing creatures, so that it could sneak attack and kill.

Chapter 5246 More valuable

However, Ye Feng had long expected this to happen. After all, such a very precious colorful lotus grew quietly here without any damage, so it must mean that there are sneak attackers in this quagmire. Otherwise, This colorful lotus cannot grow here safely.

So at this time, the moment the green dragon rushed out from under the quagmire, Ye Feng exploded into the Immortal Body of the God, and struck out fiercely with his golden fist, bursting out with overwhelming terrifying power.

Ye Feng's golden fist directly hit the body of the green dragon.

This green dragon is a very powerful monster in the swamp, but the moment Ye Feng's golden fist collided with him, a terrifying force immediately burst out.

Moreover, Ye Feng's golden fist was very strong, and it directly knocked the green dragon flying backwards, but it did not directly kill it in an instant.

"Um?"

Seeing this scene, Ye Feng immediately smiled in surprise and couldn't help but said: "Your skin is quite tough."

Hearing what Ye Feng said, the green dragon immediately roared angrily: "Damn human boy, you look ordinary, how could you be so powerful? Which big force did you come here from? ?"

Hearing the green dragon speak directly, Ye Feng was not surprised, but smiled slightly and said: "It doesn't matter where I come from. What matters is that you want to kill me in a sneak attack, then I can only kill you as a person." The way is to heal the person's body."

At this moment, Ye Feng did not hesitate at all, and immediately continued to rush forward, and then directly used the Hand of the Giant Spirit God that he had learned before.

Buzz!

Ye Feng's hand immediately turned into the palm of a giant spirit god. It was several kilometers in size and exuded the bright aura of the giant spirit god.

#Every time verification appears, please do not use incognito mode!

Then it was violently bombarded from high in the sky, like the palm of an ancient god, cutting through the time and space of the era, reaching here, capable of killing everything.

The green dragon sensed the power of Ye Feng Giant Spirit God's hand, and immediately roared crazily: "Toxic gas!"

At this moment, the green dragon sprayed out a very vicious green poisonous gas, which seemed to be able to corrode everything.

However, Ye Feng's Hand of the Giant Spirit God is not just a simple hand of the Giant Spirit God. The power of Ye Feng's body, the Immortal Body of the God, is also extremely terrifying. Therefore, under the strength of the Immortal Body of the God of Heaven and the power of the Hand of the Giant Spirit God, , this mere poisonous gas has no corrosive effect on Ye Feng at all, and is directly suppressed by Ye Feng and shattered.

Then the majestic giant spirit god's hand, which was several kilometers away, bombarded the green dragon, smashing it into pieces and killing it instantly.

It has to be said that Ye Feng's current strength can be said to have reached a new peak.

This green dragon is not weak. It can survive to this day in such a dangerous area like the wild swamp, which is enough to show how powerful this green dragon is.

But even so, he met Ye Feng and wanted to sneak attack and kill Ye Feng, but he still kicked the iron plate and was killed directly by Ye Feng quickly.

At this time, Ye Feng did not hesitate at all, and immediately released his huge devouring domain, and directly began to devour the green dragon.

That this green dragon can persist in Ye Feng's hands for such a long time also shows that this green dragon is actually very strong, so his cultivation level is very high, and the blood energy he contains is naturally

It's very powerful.

After Ye Feng absorbed it at this time, he immediately felt a very huge energy, which was immediately injected into his body, causing Ye Feng's skill to increase rapidly.

The cultivation aura on Ye Feng's body was rising again.

boom!

The thirty-fourth level of Earthly Evil Realm!

boom!

The thirty-fifth level of Earthly Evil Realm!

At this time, Ye Feng's cultivation level directly broke through two small realms, making Ye Feng very happy.

Unexpectedly, a small green dragon could make his cultivation level break through two small realms in a row, which is already very good.

At this time, Ye Feng looked towards the colorful lotus in the middle of the mud, and continued to release his devouring power, wanting to devour this colorful lotus directly to increase his own power. ??

But at this moment, a light suddenly shone among the colorful lotus flowers.

This piece of light formed a little girl with two transparent wings on her back.

"Um?"

Seeing this scene, Ye Feng's eyes suddenly showed a look of surprise, and he couldn't help but said: "I didn't expect that this rare treasure of heaven and earth would become a spirit, and condensed the shadow of my own will. This has already happened." She's a flower fairy."

At this moment, Ye Feng was right, this colorful lotus flower had become a spirit, and it had condensed its own flower fairy.

At this moment, the colorful lotus flower fairy immediately couldn't help begging for mercy and said: "Sir, please spare my life, please don't swallow me. I can guide you to various more valuable things in this swamp." resource."

Hua Fairy witnessed the entire battle between Ye Feng and the green dragon, so she knew very well that Ye Feng was an extremely terrifying figure, and that devouring ability was really terrifying.

At this time, when Ye Feng heard what the Flower Fairy said, there was a look of surprise in Ye Feng's eyes, as if he did not expect that this colorful lotus flower had its own consciousness.

Ye Feng nodded slightly and said: "Okay, then I will spare your life first, but you need to find more valuable training resources for me in this swamp. Don't try to lie to me, otherwise, I will swallow you up in an instant."

Hearing what Ye Feng said, the little flower fairy immediately trembled, and then said quickly: "It's your lord, I won't lie to you, as long as you can spare my life."

When Ye Feng heard what the colorful lotus flower fairy said, he immediately couldn't help but smile and said loudly: "It seems that you have your own consciousness. That green dragon is your accomplice. The two of you are specially used to Trap and kill some creatures who want to come here."

This seemingly holy colorful lotus is actually a cunning person.

When Ye Feng said this, the flower fairy couldn't help but said: "It was the green dragon that forced me to do this. I am just a little flower, and I don't want to harm anyone."

Hearing what Hua Fairy said, Ye Feng was noncommittal and just said: "I don't care what kind of person you are. You can take me to find good cultivation resources now. I can't stay in this swamp for too long." A long time, and one more thing, since you have grown up in this swamp all year round, do you know that there is an ancient formation from the prehistoric era in this swamp, which can lead to our world? The most advanced heaven among the worlds, do you know the information about this ancient formation? "

Chapter 5247: The Place of Death

At this time, when Ye Feng told the news about the ancient formation, the flower fairy couldn't help but said: "When I was a child, I heard about an ancient teleportation formation in the swamp, leading to Heaven, but I don't know the specific location of this ancient formation, but I can take you, sir, to go to some ancient people I know and ask them if they know about it."

Hearing what the Flower Fairy said, Ye Feng's eyes revealed a look of surprise. He couldn't help but smile and said, "I didn't expect that you, a little Flower Fairy, would actually know such an ancient person."

Hearing what Ye Feng said, the flower fairy flew out of the quagmire, then flew in front of Ye Feng, and said: "Sir, I will take you to meet the ancient people I know first. Characters, it's better to look for cultivation resources here first."

Ye Feng said aloud: "Of course I will look for cultivation resources first. I came to the prehistoric swamp and found the ancient formation. This is just the ultimate goal. During this period, I definitely want to get more cultivation resources to use. Strengthen my cultivation power."

Hearing what Ye Feng said, Hua Fairy immediately nodded, and then flew quickly in a certain direction.

Ye Feng is naturally not afraid of Flower Fairy lying to him at this time, because Ye Feng is now very powerful. From the battle between Ye Feng and the green dragon just now, it can be seen that Ye Feng's current strength is incomparable to the entire Ten Thousand Monsters. The interfaces all belong to the top level.

So even in this wild swamp, Ye Feng is not afraid of anything.

At this moment, Ye Feng followed behind Hua Fairy very boldly and confidently, flying in a certain direction.

Soon, the Flower Fairy flew to a huge mountain, and then said aloud: "Master Ye Feng, the first place I take you to is this mountain. There are many natural and earthly treasures growing in this mountain." , because it was a medicinal field planted by a very ancient person on this mountain. "

Hearing what Hua Fairy said, Ye Feng's eyes suddenly showed a look of surprise, and he couldn't help but said: "I didn't expect that in this wild swamp, there are actually medicinal fields planted by ancient people. It seems that back then, This wild swamp is very glorious."

Hua Fairy nodded immediately and couldn't help but said: "This swamp was originally a place with very strong spiritual energy in ancient times, so many ancient strong men gathered here to practice and survive here. However, the environment between heaven and earth changed drastically later, and the prehistoric swamp began to become common. The rich aura spread throughout the interface of ten thousand monsters, and because the prehistoric swamp was at the end of the interface of the interface of ten thousand monsters, The area may be torn apart by the power from the world on the edge of the interface at any time, so the prehistoric swamp has become an increasingly uninhabitable place. Many super strong people have left the prehistoric swamp, and only some of them have survived. Powerful creatures that existed in the prehistoric era still live here."

Hearing what Hua Fairy said, Ye Feng nodded, and then quickly flew towards the mountain without any hesitation.

When Ye Feng flew above the mountain, he saw a medicinal field covering several square kilometers growing on the top of the mountain.

Obviously, these were planted by ancient powerful men. Otherwise, it would be impossible for such a precious medicinal field to grow naturally. \u003c

At this time, Ye Feng saw that in this medicinal field, there were densely packed treasures of heaven and earth. They were all very precious treasures of heaven and earth. There were flowers that exuded bright red light, rice that was as big as a human head, and The golden light of corn and other rare treasures from heaven and earth.

For Ye Feng, that is definitely very useful.

So at this moment, Ye Feng brought Hua Fairy here and directly released his devouring domain, instantly covering the entire medicinal field.

Buzz!

At this moment, all the medicinal power of these excellent natural materials and earthly treasures in the entire medicinal field were directly drained. They were all swallowed up by Ye Feng and injected into Ye Feng's Dantian, rapidly strengthening Ye Feng. of skill.

Along with the withering of countless heavenly materials and earthly treasures in the entire medicinal field, Ye Feng's cultivation aura also rapidly and continuously improved at the same time.

The thirty-eighth realm of earthly evil!

At this moment, Ye Feng's cultivation level broke through three small realms in a row, and directly broke through to the 38th level of the Earthly Evil Realm. He was getting closer and closer to the real 72nd Great Perfection realm of the Earthly Evil Realm.

This made Ye Feng's eyes suddenly show a look of joy.

Unexpectedly, after devouring these heavenly materials and earthly treasures in a small medicine field, he could actually increase his cultivation skills so much. It seems that he came to the right place this time in the wild swamp.

At this moment, Ye Feng has Hua Fairy's guidance, and he is not in a hurry to find the location of the ancient formations. Instead, he wants to capture all the precious cultivation resources in the swamps, so that he can definitely create a more powerful one. Cultivation power.

Maybe I am in this wild swamp to see if I can break through the long realm of the Earthly Evil Realm.

At this moment, Ye Feng immediately looked at the Flower Fairy beside him, only to find that the Flower Fairy had a look of fear on her face.

Obviously, Hua Xianzi is also a treasure of heaven and earth. She just discovered that Ye Feng swallowed all the treasures of heaven and earth. Those treasures of heaven and earth withered and turned into fly ash, and the power of the medicine was drained. So at this time, Hua Xianzi naturally felt the same way, so she was very scared, fearing that Ye Feng would also devour her.

Ye Feng smiled slightly at this time and said aloud: "I am very satisfied with the place you brought me to. Don't worry, I will not devour you, as long as you can take me to find other places that are more valuable." If you are satisfied with your cultivation resources, I will finally let you go."

Hearing what Ye Feng said, Hua Fairy nodded. Although in Hua Fairy's eyes, Ye Feng was simply a very scary person, but now she had to obey Ye Feng and had to do things according to Ye Feng's orders.

At this time, the Flower Fairy said: "Master Ye Feng, I will take you to the place where an ancient powerful man sat and died. It is an ancient cave. Maybe that place can allow you to get more good things. That place I took the green dragon there before, but it was too weak to break into the cave, but you should have no problem with Master Ye Feng, after all, Master Ye Feng's various abilities and strengths are very powerful." At this time, when Ye Feng told the news about the ancient formation, the flower fairy couldn't help but said: "When I was a child, I heard about an ancient teleportation formation in the swamp, leading to Heaven, but I don't know the specific location of this ancient formation, but I can take you, sir, to go to some ancient people I know and ask them if they know about it."

Hearing what the Flower Fairy said, Ye Feng's eyes revealed a look of surprise. He couldn't help but smile and said, "I didn't expect that you, a little Flower Fairy, would actually know such an ancient person."

Hearing what Ye Feng said, the flower fairy flew out of the quagmire, then flew in front of Ye Feng, and said: "Sir, I will take you to meet the ancient people I know first. Characters, it's better to look for cultivation resources here first."

At this moment, all the medicinal power of the natural treasures that grew very well in the entire medicinal field was directly drained, and all of them were swallowed by Ye Feng and injected into Ye Feng's Dantian, rapidly strengthening Ye Feng's skills.

As the countless natural treasures in the entire medicinal field withered, Ye Feng's cultivation aura also rapidly and continuously improved at the same time.

The 38th level of the Earthly Evil Realm!

At this moment, Ye Feng's cultivation broke through three small realms at once, and directly broke through to the 38th level of the Earthly Evil Realm, getting closer and closer to the real great perfection of the 72nd level of the Earthly Evil Realm.

This made Ye Feng's eyes suddenly reveal a look of joy.

I didn't expect that after swallowing these natural treasures in a small medicinal field, I could actually increase my cultivation skills so much. It seems that this trip to the prehistoric swamp was the right one.

At this moment, with the guidance of the Flower Fairy, Ye Feng was not in a hurry to find the location of the ancient formation. Instead, he wanted to catch all the precious cultivation resources in the prehistoric swamp, which would definitely make him more powerful.

Perhaps he could see if he could break through the long realm of the Earthly Evil Realm in this prehistoric swamp.

At this moment, Ye Feng immediately looked at the Flower Fairy beside him, but found that the Flower Fairy was full of fear.

Obviously, the Flower Fairy was also a natural treasure. She just found that Ye Feng had swallowed all the treasures of heaven and earth. Those treasures of heaven and earth withered directly and turned into ashes. The medicinal power of the body was drained. So at this time, the Flower Fairy naturally felt a little empathy, so she was very scared, afraid that Ye Feng would swallow her up too.

Ye Feng smiled slightly at this time and said: "I am very satisfied with the place you brought me to. Don't worry, I will not devour you. As long as you can take me to find other places with more valuable cultivation resources and satisfy me, I will let you go in the end."

Hearing what Ye Feng said, the flower fairy nodded. Although in the eyes of the flower fairy, Ye Feng is simply a very scary person, but now she has to obey Ye Feng and must do things according to Ye Feng's orders.

At this time, the flower fairy said: "Master Ye Feng, I will take you to the place where an ancient strong man sits and dies. It is an ancient cave. Perhaps that place can let you get more good things. I have been to that place with the green dragon before, but it is too weak to break into the cave. However, Master Ye Feng, you should have no problem. After all, Master Ye Feng's various abilities and strengths are very powerful."

Chapter 5249 The legendary place

"Buzz buzz..."

At this time, as Ye Feng swallowed, huge amounts of medicinal power were immediately injected into Ye Feng's body, rapidly increasing Ye Feng's power.

You know, although it is just a fragment of the elixir, the medicinal power contained in it is still very huge.

After all, this is an elixir refined by strong men from the ancient swamps. The materials used are all very particular, and they are all precious and high-grade medicinal materials from the ancient times.

Therefore, the medicinal power contained in these pill fragments is naturally very high-grade and very pure.

After Ye Feng swallowed and absorbed it, Ye Feng naturally received a very good energy.

The aura of cultivation in Ye Feng's body immediately began to rise.

boom!

The thirty-ninth realm of Earthly Evil Realm!

boom!

The fortieth level of Earthly Evil Realm!

At this time, Ye Feng's cultivation level directly broke through two small realms in a row, which made Ye Feng very satisfied.

Because they were originally some damaged pill fragments, the energy in them was able to achieve a breakthrough in Ye Feng's cultivation, which was already pretty good.

At this time, Ye Feng continued to explore the storage ring of the owner of the cave in his hand.

"Huh? This is..."

Ye Feng suddenly discovered that in the cave owner's storage ring space, in addition to the pill fragments, there were also books.

Ye Feng looked through it and found that these ancient books were not inheritance, but diaries that recorded various ancient secrets. Most of them were the experiences and hearings of the owner of the cave.

Ye Feng immediately understood that the owner of the cave must have been a casual cultivator who liked to travel around the world, otherwise he would not have experienced such rich experiences.

This made Ye Feng immediately couldn't help but smile in surprise, and couldn't help but murmur to himself, "This cave master recorded his life experience until his death.

It is a good habit that can be evaluated by future generations. "

At this moment, Ye Feng thought of himself, "I have experienced countless experiences in my life since I started practicing cultivation. If it were recorded, it would be a legendary experience."

Flower Fairy suddenly spoke up: "Master Ye Feng, there seems to be some ancient information recorded on one wall of this cave."

Hearing this, Ye Feng threw away some distracting thoughts in his mind and immediately looked not far away. He immediately saw that a wall of the cave not far away was indeed filled with dense writing.

However, these words seemed to be from ancient times, and Ye Feng could not understand them at all.

But Hua Xianzi is also a treasure from the ancient times, and she actually knows these ancient characters.

Hua Xianzi's little face suddenly showed a look of surprise, and she couldn't help but say: "Master Ye Feng, what is recorded on this wall is a big secret about the swamp that was discovered by the owner of the cave. "

"A big secret in the swamp?"

Hearing this, Ye Feng couldn't help but show a look of surprise in his eyes, and couldn't help but ask: "You can understand the ancient writings on the wall, so what is this big secret?"

Hua Xianzi continued to read the ancient words on the wall, and the more she read, the more frightened she became. At the end, her cute little face revealed a look of deep horror, and she said aloud: "The master of this cave discovered the ancient swamp. The big secret is related to the legendary cave of gods and demons since ancient times."

"Cave of Gods and Demons?"

Ye Feng's eyes were a little confused and he couldn't help but ask: "Is this Cave of Gods and Demons famous?"

"certainly."

The Flower Fairy nodded, with a hint of awe in her little eyes.

There was a trace of fear again, and he couldn't help but said: "It is rumored that in the ancient prehistoric era, gods and demons were about to die, and they would go into the caves of gods and demons, never to come out again. The caves of gods and demons are ancient times. The final resting place of gods and demons."

"Cave of Gods and Demons..."

At this time, hearing what Hua Fairy said, Ye Feng suddenly showed a thoughtful look in his eyes, and said loudly: "I didn't expect that gods and demons in ancient times would walk into this so-called god and demon when they were approaching death. In the cave, is there something special in this cave of gods and demons that can allow gods and demons to continue their lives? "

Hua Xianzi shook her head and said aloud: "I don't know this, but most people think that the Cave of Gods and Demons is the recognized place of death for all gods and demons, so when they are about to die, they all go to the gods and demons. Demon cave, let yourself die peacefully in the cave of gods and demons."

Hearing what Flower Fairy said, Ye Feng couldn't help but shake his head and smile, and said loudly: "I think it's not that simple. If the Cave of Gods and Demons only represents the death place of gods and demons, then the ancient gods and demons Demons will not hesitate to enter the caves of gods and demons before they die, so I think the most likely possibility is that there is something special in the caves of gods and demons, or some very magical chance creation that can make these ancient gods and demons The devil gets a longer life inside."

Hearing what Ye Feng said, Hua Fairy shook her head and said: "But in the ancient times, the ancient gods and demons never came out after entering the Gods and Demons Cave, so the Gods and Demons Cave is definitely An extremely dangerous place, or a place of natural death."

Hearing what Flower Fairy said, Ye Feng nodded slightly and said loudly: "Does the record on this wall indicate the specific location of the Cave of Gods and Demons?"

Hua Xianzi couldn't help but said in astonishment: "Master Ye Feng, are you planning to think about it?"

Want to go to the cave of gods and demons? This is really too dangerous. "

Hearing what Hua Fairy said, Ye Feng smiled slightly and said: "I would like to go to that cave of gods and demons to see what kind of place it is that can make gods and demons die without hesitation. Entering it, there is definitely incredible opportunity."

Flower Fairy couldn't help but said: "But there may also be huge dangers."

Ye Feng shook his head and said: "Tens of millions of years have passed now, and the Gods and Demons Cave has been abandoned for nearly tens of millions of years. As the ancient times have passed, I guess there is nothing left in the Gods and Demons Cave." The danger is too great, and there may only be ruins left, so now that I have found this clue, I just want to go and take a look. "

Hearing what Ye Feng said, Hua Fairy had no choice but to nod her head, and according to the writings left on the wall, she flew quickly towards the Gods and Demons Cave with Ye Feng.

At this time, Ye Feng had his own thoughts in his heart. Ye Feng always felt that there might be an ancient formation leading to the heaven in the Cave of Gods and Demons.

Because the ancient gods and demons were about to die, they entered the caves of gods and demons without hesitation. It was definitely not to find a so-called resting place of death, because the ancient gods and demons definitely wanted to gain stronger power and a longer life. , then they can only leave the Ten Thousand Demons interface and go to a more advanced interface to pursue more powerful and advanced power to extend their lives.

So Ye Feng felt that maybe the ancient formation he was looking for was in that mysterious cave of gods and demons.

But of course, this is just Ye Feng's own guess, and he still has to go over to see what's going on.

And no matter what the situation is, this cave of gods and demons is a legendary place, and the value of exploring it in the past is still great.

Chapter 5250 God's Skeleton

For Ye Feng, this cave of gods and demons is definitely a place that contains huge resources and creation.

Now that Ye Feng knows the news, he naturally doesn't have any fear and naturally wants to investigate.

According to the information written by the ancient strongman on the wall, Hua Fairy took Ye Feng and quickly arrived at the area where the Gods and Demons Cave was located.

This place is already a very deep swamp, with towering trees growing everywhere, and the surrounding area is covered with dense jungle, making it look lush and green. ??

But Ye Feng knew that there was huge danger in this jungle, because it was already a very deep place in the swamp.

However, Ye Feng also knows very well that his current strength is definitely a first-class powerful existence in the Ten Thousand Monsters interface, not to mention that Ye Feng's overall strength has also improved a lot after entering the wild swamp.

So at this time, Ye Feng was not afraid and walked quickly in this dense primitive jungle, looking for the entrance to the Gods and Demons Cave.

At this moment, the flower fairy sitting on Ye Feng's shoulder couldn't help but said: "Master Ye Feng, the instructions written on the wall by the cave owner lead us here, but where is the specific entrance to the cave of gods and demons? Place, I don't know."

Ye Feng nodded and said aloud: "As long as I determine the approximate area, I can find the entrance to the Gods and Demons Cave."

When Ye Feng said this at this time, he was naturally not bragging, because Ye Feng had huge soul power and could search for very precise locations around him.

Therefore, if the entrance to the Cave of Gods and Demons is really in this area, it will definitely be found through a careful search with Ye Feng's powerful soul power.

Sure enough, when Ye Feng searched for nearly half an hour, Ye Feng suddenly sensed an inexplicable energy fluctuation, and Ye Feng immediately flew quickly in that direction. \u003c

When Ye Feng flew to a swamp, he immediately saw an ancient stone tablet standing in the middle of the swamp.

On this stone tablet, there are four big characters engraved, which are "Cave of Gods and Demons".

"Um?"

Seeing this scene, Ye Feng's eyes lit up and he couldn't help but say: "I didn't expect that the Cave of Gods and Demons actually exists in the world, and a stone tablet was specially erected here."

Hua Xianzi stared at the stone tablet at this time and said aloud: "This stone tablet should not be handed down from the ancient times. It should be placed here by the owner of the cave. I think the owner of the cave may not have thought about it. Sitting in his cave, he seems to want to refine a lot of elixirs so that he can reserve enough healing and recovery resources to explore the caves of gods

and demons. Otherwise, there is no way to explain his storage ring. There are so many elixirs that have not yet been refined.”

Hearing what Flower Fairy said, Ye Feng nodded and said: "It is very likely that the owner of the cave at that time was probably about to reach the end of his life and wanted to learn about ancient gods and demons and enter the cave of gods and demons. I was risking my future, but I didn't expect him to be sitting in his cave before the cultivation resource reserves were completed.”

At this moment, Ye Feng didn't hesitate at all. He took Hua Fairy and rushed towards the stone tablet quickly.

When they came to the top of the stone tablet, Ye Feng sensed a vague energy fluctuation, which should be the fluctuation of the formation, imprinted in this swamp.

Without any hesitation, Ye Feng directly injected his own magic power to activate this

Formation method.

boom! !

The next moment, as the entire formation lit up, Ye Feng was immediately transported to a very mysterious space.

Ye Feng opened his eyes at this time and found that he had appeared in an underground space.

This underground space is like an ancient underground city, with broken buildings everywhere, as well as the vast earth and sky.

Obviously, Ye Feng seemed to be transported to a small independent world.

Ye Feng couldn't help but said: "This should be the legendary cave of gods and demons. Unexpectedly, it turned out to be a small independent world. It seems that the owner who built this cave of gods and demons was definitely an extremely terrifying existence. Able to create a small world alone.”

Hearing what Ye Feng said, the flower fairy sitting on Ye Feng's shoulder immediately nodded and said loudly: "The ancient gods and demons entered this cave of gods and demons and disappeared. We searched carefully. If we can find the wealth left by ancient gods and demons, we will really make a fortune."

Hearing what Flower Fairy said, Ye Feng couldn't help but grin and said, "I hope we are lucky enough to find good things left by ancient gods and demons."

Hua Fairy nodded and said aloud: "Master Ye Feng, although your cultivation strength and methods are very powerful and magical, you must pay attention to possible dangers around you. After all, this cave of gods and demons is an ancient place. The legendary place is a place where ancient gods and demons would enter, so we must not take it lightly. "

Hearing what Hua Fairy said, Ye Feng immediately nodded.

At this moment, Ye Feng had already covered himself with his huge soul power.

As long as there is any disturbance in the surrounding area, Ye Feng will be able to detect it in an instant and react.

Therefore, Ye Feng actually has exclusive confidence in exploring this kind of ancient ruins.

Because Ye Feng knows very well that his huge soul power is more magical than any strong man, and can predict danger for himself in advance.

At this moment, Ye Feng walked quickly towards the inner area of the God and Demon Cave.

On the way, Ye Feng saw many dilapidated buildings around, but there was no need to explore, because these dilapidated buildings had completely collapsed, revealing the scenes inside, and there was no good stuff at all. Ye Feng could only walk quickly towards the deep area of the God and Demon Cave.

When Ye Feng walked halfway, he suddenly saw a faint light emitting from an ancient tower not far away.

"Huh?"

Seeing this scene, Ye Feng's eyes suddenly lit up, and he quickly flew in that direction.

When Ye Feng flew to the ancient tower, he immediately saw that there was a corpse in the tower.

The corpse had completely decayed, and the flesh and blood had turned into ashes, leaving only a skeleton.

But the bones of this skeleton were not white like ordinary people, but looked like bones made of glass crystals. They looked very beautiful, like a work of art.

Just now, Ye Feng saw the faint light emanating from the ancient tower from a distance, which was the light emanating from this glass skeleton.

At this moment, the flower fairy on Ye Feng's shoulder couldn't help but say in surprise: "This is definitely the skeleton of a god, otherwise it would be impossible for it to have not been broken for countless years, and it still emits a faint divine light."
