Chapter 5251 The Ninth Young Master

At this time, Hua Fairy was naturally very happy when she saw the skeleton of this god.

But after observing it carefully, she suddenly said with some disappointment: "However, there is no wealth left on this god's skeleton, and this skeleton has been almost worn away in the long years. It only emits a faint light, so I guess it doesn't have much value, which is a pity."

Hearing what Flower Fairy said, Ye Feng just squatted down, stretched out his hand and touched the skeleton of the god, and his eyes suddenly lit up.

Because Ye Feng discovered that there was indeed no hidden divine energy left in this god's skeleton.

But the skeleton of this god is, after all, the body of the god back then, so his bones contain a lot of divine substances.

This naturally made Ye Feng extremely happy.

Because what Ye Feng's immortal body of the gods needs most is this divine substance.

Because the divine substance is absorbed into Ye Feng's body, it can continuously and rapidly increase Ye Feng's physical strength. .??.

At this time, Ye Feng naturally did not hesitate at all, and immediately began to quickly absorb the remaining divine substances in the god's skeleton.

Buzz!

At this moment, Ye Feng immediately felt the strength of his immortal body, which was growing rapidly.

Previously, the strength of Ye Feng's Immortal Body of the Gods had been raised to the tenth level of the sixth stage of perfection. He was only one step away from breaking through to the seventh stage and awakening a brand new blood talent of the Gods.

Therefore, Ye Feng naturally hopes that he can break through to the seventh stage, a new stage at this time.

When Ye Feng absorbed all the divine substances in the god's skeleton, the god's skeleton immediately lost all its weak divine light, completely withered and turned into dust. .

Because the remaining divine substance in this god's skeleton had been completely absorbed by Ye Feng, it was naturally destroyed automatically.

However, Ye Feng obtained all the divine substances in this god's skeleton at this time, and completely allowed his immortal body to successfully evolve to the seventh stage, a brand new stage, and entered the seventh stage.

The first level of the stage!

At this moment, as Ye Feng's Immortal Body of the God entered the seventh stage, a new level, Ye Feng's talent of the God Clan bloodline in the seventh stage also began to awaken.

Ye Feng could feel at this moment that an inexplicable new terrifying power was produced in his body.

That's divine energy!

The talent of the Celestial Clan bloodline that Ye Feng awakened in the seventh stage turned out to be Celestial Energy, which was called "God's Blessing" in ancient times.

In other words, during the battle, Ye Feng can absorb the divine energy from the gods at any time from the dimensions of ancient myths and legends, and use it to strengthen his fighting ability and improve his fighting talent.

This made Ye Feng's eyes suddenly reveal a look of surprise, because this could once again give Ye Feng's comprehensive combat power a qualitative improvement.

Moreover, Ye Feng can draw the power of gods from the mysterious dimension of mythology.

This means that Ye Feng has truly made his immortal body of the gods almost the same as that of the real gods back then.

The reason why the ancient Celestial Clan was so powerful, and even became the number one overlord race in the heavens for a time, is because the Celestial Clan can receive the energy and blessings of the Celestial Gods from the mysterious dimension of mythology. It feels like I have been blessed by God.

At this time, Ye Feng never thought that in the seventh stage, he would awaken the power that could attract the ancient gods in the mythical dimension space and hold it in his body.

As long as Ye Feng activates "God's Blessing", he can receive the blessing of God's power in a short period of time, greatly improving his combat ability.

This talent can be said to be very powerful, and it exists entirely for fighting.

At this moment, Ye Feng was naturally very happy. He did not expect that he would receive such a huge opportunity just after entering this cave of gods and demons.

at this moment

, Ye Feng is even more looking forward to exploring this cave of gods and demons.

Moreover, after Ye Feng's immortal body entered the seventh stage, a new level, it was not just as simple as awakening his bloodline talent, but Ye Feng's physical strength also made a qualitative leap.

Ye Feng now estimates that his body strength is hundreds of times stronger than when he was on the tenth level of the sixth stage!

This is the benefit of a whole major stage leap, which has allowed Ye Feng's physical strength and body strength to increase hundreds of times. .??.

Although Ye Feng's cultivation level is still at the fortieth level of the Earthly Evil Realm, Ye Feng's overall strength has become many times stronger than before due to the crazy increase in the strength of the God's Immortal Body.

At this moment, Ye Feng immediately walked out of the ancient tower and continued to emit soul power, covering the surrounding area in an attempt to find other resources.

The Hua Fairy who was following along saw the skeleton of the god, which was sucked into fly ash by Ye Feng. Immediately, a look of deep astonishment appeared on her face. She seemed not to have expected that Ye Feng would be like this. The ability is so incredible that not only can it directly devour living beings, but even the remaining power in the skeleton of this god who has been dead for who knows how many years can be absorbed by Ye Feng.

This made Hua Xianzi feel even more mysterious and afraid of Ye Feng.

Ye Feng, a seemingly ordinary human boy, did not expect to have such a terrifying devouring talent.

This would probably frighten Ye Feng's enemies in any world.

At this moment, Hua Xianzi was becoming more and more in awe of Ye Feng.

At this time, Hua Fairy immediately said: "Master Ye Feng, according to the ancient records of our Hua Fairy clan, the greatest chance creation that may be contained in the Gods and Demons Cave should be in the middle area of the Gods and Demons Cave. We can directly Just walk towards the middle area."

"Um?"

Hearing what Hua Fairy said, Ye Feng's eyes suddenly showed a look of surprise.

Because when she first entered the Cave of Gods and Demons, the Flower Fairy did not reveal this secret.

\u003e

But now that he has spoken out, it seems that he was shocked by his actions just now and did not dare to hide anything.

Ye Feng was naturally very satisfied with this. He followed the Flower Fairy's prompts and quickly flew towards the center of the cave of gods and demons instead of searching aimlessly.

...

And just as Ye Feng flew towards the middle area of the Gods and Demons Cave, in another area of this independent small world of the Gods and Demons Cave, there was a sudden fluctuation in the space.

Buzz! Buzz!

Two mysterious figures appeared.

They were a noble young man wearing a golden robe, and a sinister old man wearing black clothes.

The noble young man in golden robe looked around and said with some surprise: "Is this the so-called cave of gods and demons? There are ruins everywhere. It is completely inferior to even a small place in our heaven. I didn't know that my father asked me to come here. What are you doing? Is there really that legendary treasure here?"

The sinister old man beside him saw that this young man seemed a little impatient, and immediately smiled faintly, and said loudly: "Nine Young Masters, don't be impatient, this cave of gods and demons is the only way for all low-level interfaces to pass through if they want to enter our supreme heaven. Lu, that legendary treasure may really be here. Anyway, this is the arrangement of the palace master. Ninth Young Master should honestly search for that thing in this cave of gods and demons. If it is found, what will happen to Ninth Young Master in the future? Our Great Demon

God Sect has huge benefits, and it also has huge benefits for the palace master. Perhaps, the palace master can be directly promoted from the Demon King Palace to the Demon Emperor Palace and become the new palace master of the Demon Emperor Palace. When the time comes, the Ninth Young Master The status will also increase.”

"Um?"

Hearing this, the noble young man in golden robe couldn't help but said in surprise: "Is that thing really that powerful? It seems that my father values me very much by asking me to come here to search for it. Don't worry, the Cave of Gods and Demons is currently in the interface of Ten Thousand Demons. In the low-level interface, most of the practitioners in the Cave of Gods and Demons are from the low-level interface of the Ten Thousand Demons Interface. They are just a bunch of ants. Meeting these low-level practitioners will just satisfy my desire to kill. Okay. Kill these low-level practitioners just in time to refine my latest magic weapon, the Blood Seal of Ten Thousand Demons."

...

Chapter 5252: Gear of Destiny

At this time, Ye Feng did not know that the powerful men from the Great Demon God Sect from the heaven had descended into the space of the God and Demon Cave.

But even if Ye Feng knew about it, he probably wouldn't have too much fear.

Because even if Ye Feng couldn't defeat these powerful men from the heaven, he had the space attribute talent, so he still had no problem escaping.

At this time, Ye Feng flew quickly towards the middle area of the God and Demon Cave according to the guidance of the Flower Fairy.

When Ye Feng came to the middle area of this cave of gods and demons, he immediately saw a shocking scene. .??.

I saw that in the middle area of this cave of gods and demons, there was a broken sky city suspended high in the sky.

However, most of the buildings in this sky city have collapsed and cracked, so it looks like a ruins floating in the sky.

Uh-huh!

At this time, Ye Feng didn't hesitate at all and immediately flew high into the sky quickly.

The cave of gods and demons that Hua Fairy mentioned may contain the greatest opportunities for creation, and it should be this broken sky city.

At this moment, Ye Feng naturally did not hesitate and flew towards the sky city that had been reduced to ruins. He wanted to see if there was any good luck left in this sky city.

For Ye Feng, he will definitely go to heaven in the future.

But before that, Ye Feng naturally wants to get more opportunities to improve his overall strength. In this way, after Ye Feng enters the heaven, he will have enough abilities to protect himself.

At this time, when Ye Feng flew high into the sky, he immediately felt that there was an energy barrier outside the ruined sky city.

However, this energy barrier is also formed by the formation in the Sky City, so it is of no use to Ye Feng at all.

#Every time verification appears, please do not use incognito mode!

any hindrance.

Ye Feng directly operated the Eye of Heaven and Earth, saw through the movement trajectory of the entire energy mask, and entered the city in the sky unscathed.

The moment Ye Feng entered the ruins of Sky City, his eyes were first fixed on a hall that exuded golden light.

This hall is the only one that is still intact among the surrounding ruins, and it also exudes a bright golden light.

From this we can see that this hall is absolutely extraordinary.

Ye Feng naturally did not hesitate at all, and immediately flew quickly in the direction of the hall.

When Ye Feng came to this golden hall, he immediately saw a sculpture of an ancient god standing in this golden hall.

This ancient god sculpture looks very extraordinary because it is densely engraved with symbols.

At this moment, Ye Feng couldn't help but look at the flower fairy on his shoulder and asked aloud: "Do you recognize these dense symbols engraved on the surface of this ancient god sculpture?"

Hua Fairy shook her head at this time and said aloud: "I don't know this, because this is a divine text from ancient times. No one can understand it except ancient gods and demons. However, according to the ancient records of our prehistoric swamp, In a golden hall in this cave of gods and demons, the secret of becoming a god is engraved on the surface of a statue. Perhaps the dense symbols engraved on the surface of this ancient statue are the secret of becoming a god. "

"The secret to becoming a god?"

Hearing what Hua Fairy said, Ye Feng's eyes suddenly revealed a look of surprise, and then he stared with interest at the densely engraved surface in front of him.

Sculptures of ancient divine symbols.

If the divine symbols on the surface of this statue really contain the secret of becoming a god, then for Ye Feng, it is definitely a great opportunity.

At this time, Ye Feng and Hua Xianzi didn't know what the symbols on the surface of the statue meant, because they couldn't understand them at all.

But Ye Feng felt that maybe after he arrived in heaven, someone would be able to recognize the divine symbols on the surface of this statue.

So at this time, Ye Feng didn't hesitate at all. He directly put the statue of the god with mysterious symbols engraved on its surface into his storage ring.

At this time, Ye Feng continued to look quickly in other directions inside the hall.

But there is nothing good in other places in this hall.

But at this time, Ye Feng seemed to sense some inexplicable energy fluctuations, and immediately raised his head slightly and looked up into the sky.

"This is....." ??

The next moment, Ye Feng immediately saw that at the top of the hall, there was a huge gear that looked very ancient hanging.

This gear is not rotating at this moment, but it gives people a very weird and terrifying feeling.

At this time, Ye Feng could subconsciously feel that the huge gear hanging above the hall was definitely something extraordinary.

The next moment, Ye Feng did not hesitate and immediately flew towards the top of the hall.

Ye Feng quickly took down the huge gear.

This huge gear was held in Ye Feng's hand at this moment, and it was spinning slowly.

At this moment, Ye Feng even felt his own destiny, which seemed to have quietly changed.

Every time verification appears, please do not use the invisible mode!

"Huh?"

This made Ye Feng's eyes suddenly reveal a look of astonishment, and he said aloud: "This gear is actually related to the legendary power of destiny? The power of destiny is the most mysterious power in ancient times."

At this moment, hearing Ye Feng say this, the flower fairy seemed to have thought of something, and immediately couldn't help but said in horror: "This gear, couldn't it be the destiny gear in the ancient legend? It is said that the last batch of ancient gods and demons in our Wan Yao interface, united to create a super magic weapon, which is the destiny gear. Not to mention in our Wan Yao interface, even in our entire world, even in the heaven, it is definitely a famous super magic weapon."

At this moment, hearing the flower fairy say this, Ye Feng's eyes suddenly revealed a look of surprise, as if he didn't expect that the ancient gods and demons in the legend, the super magic weapon finally created, was actually the destiny gear hanging above this hall.

At this moment, Ye Feng was still quite shocked, because this was a magic weapon related to the power of destiny, the strongest power in ancient times. It was definitely not just a magic weapon, and it was likely to affect his entire destiny.

This was a mysterious and special thing. It was not just used for defense and attack like ordinary magic weapons. It was related to the power of destiny.

Just as Ye Feng was silently watching the gear of destiny in his hand.

Boom!

Crack!

Suddenly, the door of this golden palace was directly shattered by a violent force.

Then two figures suddenly walked in from outside.

They were a noble young man in a golden robe and a sinister old man in black.

These two people were the ninth young master and the old man in black from a certain super power who came here from the heaven!

Chapter 5253 Arrogance

At this time, looking at the two people who suddenly appeared outside the door, Ye Feng's eyes suddenly moved and his pupils shrank slightly.

Because Ye Feng could feel that the aura of cultivation exuded by these two people was very different, and they were definitely not strong men who could be born from the interface of ten thousand demons.

Ye Feng immediately couldn't help but said in surprise: "You two are not native creatures of the Ten Thousand Demons interface, but come from a stronger interface?"

Hearing what Ye Feng said, the Ninth Young Master suddenly showed a look of surprise in his eyes, and then he couldn't help but smile and said: "Your perception is pretty good, but it's a pity that you met us today, a It is really your greatest misfortune that the ants got the legendary Wheel of Destiny, because this Wheel of Destiny is what we are looking for."

At this moment, after the Ninth Young Master finished speaking, he walked slowly towards Ye Feng, looking at Ye Feng as if he were looking at an ant.

He didn't even let Ye Feng take the initiative to hand over the gear of destiny, and then spared Ye Feng's life.

He was very indifferent and regarded Ye Feng as an ant. He just wanted to trample Ye Feng to death, and then take the gear of destiny from Ye Feng's hand.

This is an extreme disregard for life! .??.

At this time, Ye Feng could feel that the strongest among the two people was the old man in black. The aura of cultivation on his body was unfathomable and he could not resist it at all.

But this Ninth Young Master is only a young man after all, and he is much weaker than Su Xin, a disciple of the temple who came from the heaven before. He is only three realms higher than himself currently.

At this moment, Ye Feng had a decision in his mind.

First, Ye Feng asked Hua Fairy to enter his storage ring to avoid danger in the subsequent process.

Then without any hesitation, Ye Feng directly installed the gear of destiny into his storage ring.

"Um?"

Seeing Ye Feng make such a move, the Ninth Young Master immediately smiled mockingly and said: "Even an ant dares to disobey me. It seems that I will kill you in advance."

When he said this, the Ninth Young Master flew directly towards Ye Feng, as if he felt that Ye Feng was already a fish on his chopping board and could be slaughtered by him.

At this moment, the old man in black who was watching all this not far away did not make the slightest move.

After all, in his eyes, he also felt arrogantly that although the Ninth Young Master was not a very powerful young figure in their heaven, he could definitely kill anyone in this world of monsters.

So the old man in black didn't make any moves. He just stood there and watched everything in front of him, with an indifferent smile on his face.

Because for them, when they come to the interface of Ten Thousand Demons, they are like precious nobles coming down from the higher interface. Facing low-level cultivators like Ye Feng, they feel a kind of natural arrogance and contempt in their hearts.

At this moment, Ye Feng did not make any move, because Ye Feng's plan was to kill the Ninth Young Master with one blow and then leave here instantly.

Because Ye Feng had already sensed it just now, the Ninth Young Master suddenly burst out with super power without any defense from the opponent, and should be able to kill the opponent.

As for the old man in black who is watching not far away, his strength and cultivation are too unfathomable, Ye

The wind was no match.

Ye Feng did not run away immediately, because Ye Feng felt that the Ninth Young Master regarded him as an ant, and if he wanted to trample him to death, he would always burst out with angry shouts to let the other party know that he was not easy to mess with.

So Ye Feng did not run away immediately, but prepared to teach the other party a harsh lesson.

At this time, the Ninth Young Master was almost in front of Ye Feng. With an arrogant smile on his face, he slowly stretched out a hand, as if he was ready to crush Ye Feng to death like an ant.

"boom!!"

At this time, Ye Feng instantly burst out with his strongest cultivation power, and then directly used the bloodline talent and God's blessing that he had awakened when his Immortal Body of God entered the seventh stage.

A terrifying divine energy was immediately generated in Ye Feng's body, directly boosting Ye Feng's combat power to an unprecedented level in an instant.

At this moment, Ye Feng madly unleashed his strongest fighting power, and with lightning speed, he immediately attacked the Ninth Young Master who was already close to him.

The moment Ye Feng burst out his strongest power, the old man in black who was watching not far away, whose originally indifferent and arrogant expression suddenly became very frightened and angry, quickly shouted out. Said: "Ninth Young Master, be careful, this kid is not as simple as he looks!"

But at this time, everything was already too late, because in the eyes of the Ninth Young Master, Ye Feng was just an ant, so the Ninth Young Master wanted to kill Ye Feng without any precautions.

So all this gave Ye Feng the opportunity to attack and kill in a sneak attack.

At this moment, Ye Feng burst out with terrifying power, surging out from Ye Feng's golden fist, almost penetrating the entire void and shattering the surrounding space.

The next moment, in the horrified and disbelieving eyes of the Ninth Young Master, Ye Feng's golden fist was unstoppable. In his horrified expression, it directly penetrated his entire body, draining all his life force directly. Just crushed!

"Ah!!"

At this moment, accompanied by a shocking scream, the Ninth Young Master from a super power in the heaven was directly beaten and seriously injured.

Ye Feng put the seriously injured Ninth Young Master into his storage ring at this moment, and then immediately used the space wormhole. Before the old man in black not far away could react, he completed all this, and then immediately used the space wormhole to shuttle to the distance.

"No! Damn it!"

At this time, the old man in black not far away immediately let out a shocking roar, and then released a boundless and terrifying power like the ocean. In an instant, it covered the entire sky and pressed towards the direction where Ye Feng was running away, like an angry god.

Ye Feng felt the cultivation aura released by the old man in black behind him, and immediately couldn't help but change his face.

Because the power of the cultivation aura emanating from this black-clothed old man is probably no less than that of Su Xin, the temple disciple from the heaven that Ye Feng met before. He is many times stronger than himself at present, and he is simply not his opponent.

Ye Feng can only desperately escape from here.

Fortunately, he severely injured the arrogant Ninth Young Master and temporarily trapped him in his storage ring, which is a bargaining chip. At this time, looking at the two people who suddenly appeared outside the door, Ye Feng's eyes suddenly moved, and his pupils shrank slightly.

Because Ye Feng could feel that the cultivation aura emanating from these two people was very different, and they were definitely not strong people that could be born in the Ten Thousand Demons Interface.

Ye Feng couldn't help but say in surprise: "You two shouldn't be native creatures of the Ten Thousand Demons Interface, but from a stronger interface?"

Hearing what Ye Feng said, the Nine Young Master's eyes suddenly showed a look of surprise, and then couldn't help but laugh and said: "Your perception is good, but it's a pity that you met us today. An ant got the legendary gear of destiny. It's really your greatest misfortune, because this wheel of destiny is what we are looking for."

At this moment, after the Nine Young Master finished speaking, he walked towards Ye Feng slowly, looking at Ye Feng as if he was looking at an ant.

He didn't even let Ye Feng take the initiative to hand over the gear of destiny, and then spare Ye Feng's life.

He just treated Ye Feng as an ant very indifferently, and directly wanted to step on Ye Feng to death, and then take the gear of destiny from Ye Feng's hand.

This is an extreme disregard for life!

At this time, Ye Feng could feel that the strongest of the two was still the old man in black, and the aura of cultivation on his body was unfathomable, and he couldn't fight against it at all.

But the Ninth Young Master was only a young man after all, and was much weaker than the previous disciple of the Temple, Su Xin, who came from the Heaven Realm. He was only three realms higher than himself.

Ye Feng made a decision in his heart at this moment.

First, Ye Feng asked the Flower Fairy to enter his storage ring to avoid danger in the following process.

Then Ye Feng put the gear of fate into his storage ring without any hesitation.

"Hmm?"

Seeing Ye Feng make such a move, the Ninth Young Master immediately laughed sarcastically and said, "An ant dares to disobey my will. It seems that I have to kill you in advance."

When he said this, the Ninth Young Master flew towards Ye Feng lightly, as if he felt that Ye Feng had already been a fish on his chopping board and could be slaughtered at will.

At this moment, the old man in black who was watching all this not far away did not move at all.

After all, in his eyes, he also arrogantly felt that although the Ninth Young Master was not a very powerful young man in their Heaven Realm, he could definitely kill anyone in this world of all monsters.

So the old man in black did not make any move. He just stood there and watched everything in front of him with a cold smile on his face.

Because for them, coming to the Ten Thousand Demons Realm was like precious nobles coming down from a higher realm. Facing a low-level cultivator like Ye Feng, they had a natural arrogance and contempt in their hearts.

At this moment, Ye Feng did not make any move, because Ye Feng's plan was to kill the Ninth Young Master with one blow and then leave here instantly.

Because Ye Feng had just sensed that the Ninth Young Master himself suddenly burst out with super strong power when the other party was not prepared, and should be able to kill the other party.

As for the old man in black who was watching not far away, his strength was too unfathomable.

Feng could not be his opponent at all.

Ye Feng did not run away immediately, because Ye Feng felt that the Ninth Young Master treated him like an ant and wanted to step on him directly. He always had to burst out with angry shouts to let the other party know that he was not easy to mess with.

So Ye Feng did not run away immediately, but prepared to teach the other party a severe lesson.

At this time, the Ninth Young Master was almost in front of Ye Feng, with an arrogant smile on his face, slowly extending a hand, as if ready to press Ye Feng to death like pressing an ant to death.

"Bang!!"

At this time, Ye Feng instantly burst out his strongest cultivation power, and then directly displayed the blood talent awakened by his immortal body entering the seventh stage, the blessing of God.

A terrifying energy of the gods was immediately generated in Ye Feng's body, which directly gave Ye Feng's combat power an unprecedented blessing in an instant.

At this moment, Ye Feng madly burst out his strongest combat power, and with a lightning speed, he immediately killed the Nine Young Master who was approaching him.

And at the moment when Ye Feng burst out his strongest power, the black-clothed old man who was watching not far away, originally indifferent and arrogant, suddenly became very angry, and hurriedly shouted: "Nine Young Master, be careful, this kid is not as simple as he looks!"

"Ah!!!"

At this moment, accompanied by a shocking scream, the Ninth Young Master from a super power in the heaven was directly seriously injured.

Ye Feng put the seriously injured Ninth Young Master into his storage ring at this moment, and then immediately performed the space wormhole. Before the black-clothed old man not far away could react, he completed all this, and then immediately used the space wormhole to shuttle to the distance.

"No! Damn it!"

At this time, the old man in black not far away immediately let out a thunderous roar, and then released a boundless and terrifying power like the ocean, which instantly covered the entire sky and pressed towards the direction where Ye Feng was running, like an angry god.

Ye Feng felt the aura of cultivation released by the old man in black behind him, and immediately couldn't help but change his face.

Because the aura of cultivation exuded by this old man in black is probably no less than that of Su Xin, the temple disciple from the heaven that Ye Feng met before, and is many times stronger than himself at present, and it is impossible for him to be his opponent.

Ye Feng can only desperately escape from here now.

But fortunately, he severely injured the arrogant Ninth Young Master and put him into his storage ring to temporarily trap him, which is considered a bargaining chip.

Chapter 5254 Blocking the Small World

At this time, Ye Feng's plan could be said to be successful, as he seriously injured the Ninth Young Master who came from the advanced interface.

Although he didn't kill it directly in the end, he severely damaged it and put it into his own storage ring space.

Moreover, Ye Feng knew that the old man in black who was chasing him from behind must also know that he had not completely killed the Ninth Young Master. This old man in black should not kill him.

Because the Ninth Young Master is in his hands, he can crush the Ninth Young Master to death at any time, which is a huge bargaining chip.

At this moment, as expected, the old man in black behind him released huge power and aura, chasing after Ye Feng like an ancient god.

At this time, the old man in black did not take action directly, but immediately couldn't help but make a majestic voice and said: "You, a low-level practitioner with a low-level interface, hurry up and hand over the Ninth Young Master safely, otherwise , you will definitely die."

When Ye Feng heard the majestic voice of the old man in black behind him, he immediately smiled coldly and said: "You are going to kill me as soon as you come up. Naturally, I will treat others in their own way. , People like you who are so-called superior cultivators who speak with a sense of superiority sometimes have to experience the counterattack of so-called ants like us."

Hearing what Ye Feng said at this time, the old man in black couldn't help but said angrily: "You are such a sharp-tongued boy, but you dare to speak harshly when you are about to die. Do you know that you have angered me?" What kind of people are we? We come from the heaven, and we are noble beings from the Great Demon God Sect, a powerful force in the heaven. And the Ninth Young Master you just seriously injured is a noble young master-level figure in the Demon King Palace, a subordinate of our Great Demon God Sect. , you are simply committing a capital crime."

When Ye Feng heard what the old man in black said, he didn't have any fear at all. Instead, he laughed loudly and said, "I don't care what your identity is, as long as you mess with me, you must pay the price!"

#Every time verification appears, please do not use incognito mode!

"you.....!"

Hearing what Ye Feng said, the old man in black who was chasing behind him immediately couldn't help but show an extremely angry look on his face.

He never thought that even though he had revealed his noble identity, the lowly cultivator in front of him would dare to disobey his will in this way, which really made the old man in black feel the overwhelming anger.

The old man in black immediately shouted: "Arrogant boy, you will die!"

boom!

After finishing speaking, the old man in black directly cast a very powerful inheritance, which should be a super inheritance from the heaven.

I saw a very terrifying dark gas erupting from the old man in black. These dark gases actually condensed into a huge black skull in the entire sky. It opened its bloody mouth and headed directly towards Ye Feng swallowed it, and Ye Feng's whole body was immediately covered in the skull.

Seeing this scene, Ye Feng immediately exploded with the power of the Immortal Body of the God, and directly punched out the golden fist fiercely.

Boom!

The moment Ye Feng's golden fist struck the black skull, it was as if it had hit the strongest steel in the world. It made a metallic sound, but it did not shatter the dark skull.

It has to be said that the cultivation of this old man in black is much stronger than that of Ye Feng. He can trap Ye Feng in an instant with any method he uses.

Seeing this scene, the old man in black who was chasing behind him immediately burst into laughter and said loudly: "Little

Son, you are trapped by my black skull. You are dead. An ant is an ant. There is no way you can escape from the hands of a powerful person like me. "

Buzz!

At this moment, Ye Feng instantly used the space wormhole and teleported out.

"Um?"

Seeing this scene, the old man in black who was chasing behind him immediately widened his eyes and couldn't help but said: "What? In such a low-level cultivation world, someone can actually comprehend spatial teleportation." Practitioners of inheritance, this is simply impossible. The means and power of space attributes are very rare even in our heaven. Boy, who are you? "

Hearing what the old man in black said, Ye Feng just smiled coldly and didn't respond at all. Instead, he kept using space wormholes to escape quickly.

Ye Feng knew very well that the cultivation of this old man in black was too terrifying, and he could not be his opponent at all. Now he could only run away quickly.

Anyway, the Ninth Young Master had been seriously injured by his sneak attack and was trapped in his storage ring. Ye Feng had taken a huge advantage and naturally wanted to escape from here immediately.

As Ye Feng quickly and continuously condensed space wormholes one after another, Ye Feng fled the scene directly.

The old man in black could only stay there and rage.

"Damn boy, you can't escape!"

He lost the aura of tracking Ye Feng, and immediately displayed a more powerful inheritance.

Buzz!

I saw that the black gas coming out of the black old man became more and more intense, and then directly formed a huge black prison, which actually sealed the entire space of the God and Demon Cave.

#Every time verification appears, please do not use incognito mode!

At this moment, the old man in black couldn't help but say: "Damn low-level cultivator boy, I have now blocked the entire world of God and Demon Cave. You can't escape from this small world. When I search this land inch by inch, I will definitely find you. You will die!"

Just after the old man in black blocked the entire world of God and Demon Cave, Ye Feng clearly felt that the surrounding space barrier was like steel, indestructible, and he really had no way to leave this small world of God and Demon Cave.

After Ye Feng sensed all this, his eyes suddenly sank.

However, Ye Feng didn't have too much fear, because Ye Feng didn't need to return to the Ten Thousand Demons interface.

This time, Ye Feng came to this God and Demon Cave to find the ancient formation, which could directly enter the heaven through a cosmic channel.

So as long as he could find the ancient formation in the God and Demon Cave before the old man in black caught him and teleported directly to the heaven, Ye Feng's crisis would be resolved instantly.

As for whether he would be hunted down by the old man in black and the so-called Great Demon Sect behind the Nine Young Master after arriving in the heaven, that would be something to consider later, and Ye Feng didn't need to think so much now.

What Ye Feng needed to do now was to find the ancient formation in the God and Demon Cave that led to the heaven as soon as possible.

At this moment, Ye Feng seemed to have thought of something, and immediately took out the Nine Young Master who was seriously injured by him from the storage ring, threw him directly on the ground, and said coldly: "You came from the heaven and came to the small world of the God and Demon Cave. You should be very familiar with the God and Demon Cave. Do you have a map of the God and Demon Cave? Hand it over to me quickly, I want to find the ancient formation in the God and Demon Cave that leads to the heaven."

Chapter 5255: Replace You

Hearing what Ye Feng said at this moment, the Ninth Young Master, who was lying on the ground seriously injured like a dead dog, felt deeply ashamed.

Because in his eyes, Ye Feng was just an ant that he could crush to death at any time.

Unexpectedly, Ye Feng was able to burst out with such terrifying power at a critical moment, directly injuring him so hard that he didn't even react at all.

At this moment, the Ninth Young Master stared at Ye Feng, his eyes full of viciousness, and said loudly: "You, a humble boy, dare to sneak attack on me. All my methods, inheritance and magic weapons have not been used yet, and you are The sneak attack resulted in a serious injury. If we can, we will fight in an upright manner."

Hearing what the Ninth Young Master said, Ye Feng burst out laughing and said loudly: "You treat me like an ant and want to trample me to death. Now that you have reached this point, you still want to follow me." Are you too naive to fight openly and honestly? You seem to be just a flower in a greenhouse and don't know the dangers of the world."

Snap!

After Ye Feng finished speaking, he stepped hard on the chest of the Ninth Young Master.

The Ninth Young Master's chest was attacked by Ye Feng before, and a bloody hole was made directly. The wound had begun to rot. At this time, Ye Feng stepped on it, and the terrifying pain stimulated the Ninth Young Master crazily. The master's brain nerves made the Ninth Young Master immediately scream in pain. .??.

Ye Feng was very satisfied when he saw this scene, and then said aloud: "Don't think that I will give you a happy death. If you don't listen to me, I will keep torturing you and not let you die happily. I won't let you live a good life."

Hearing Ye Feng's words, which were as cruel as the words of a demon, the Ninth Young Master suddenly felt an inexplicable fear towards this ant in his eyes.

He knew that this handsome-looking young man was an extremely terrifying and ruthless figure.

At this moment, Ye Feng said aloud: "I ask you again, do you really know where the ancient formation from this cave of gods and demons leads to the heaven is? You'd better answer me honestly."

Hearing what Ye Feng said, the ninth young master of the Demon King Palace of the Great Demon God Sect couldn't help but said: "I don't know this. I am also following my protector, that is, the old man in black, through us. The formation of the Great Demon God Sect came to this cave of gods and demons, wanting to find the legendary gear of destiny, and dedicate this gear of destiny to my father on his birthday. In this way, I can get my father's If you pay attention, you will gain more status in the Great Demon God Sect."

Hearing what the Ninth Young Master said, Ye Feng suddenly showed a look of surprise in his eyes, and said loudly: "Aren't you Young Master? Why do you feel that you are not favored at all? You still need to work hard to find it." Only by dedicating your baby to your father can you gain a good status."

Hearing what Ye Feng said, the Ninth Young Master immediately smiled coldly and said: "My father has nine children, and I am ranked ninth. Of course I will not be favored. Our Great Demon God Sect is a very cruel place. , He has no strength and his status is not high enough, so naturally he does not have good resources and status."

Hearing this, Ye Feng couldn't help but nodded in agreement, and said aloud: "Your strength is indeed quite weak. I was surprised just now that a young master-level figure from the heavens has such a strong cultivation level."

#Every time verification appears, please do not use incognito mode!

It's really rare to be so weak. "

"you.....!"

Hearing what Ye Feng said, the Ninth Young Master immediately shouted angrily: "Kill me! Don't insult me like this!"

Hearing what the Ninth Young Master said, Ye Feng smiled faintly and said: "Since even you don't know whether there is an ancient formation in this cave of gods and demons, it seems that the hope I have found is also very high. Miao Mian, I can only use your guardian to go to heaven."

"What do you mean?"

Hearing what Ye Feng said, the Ninth Young Master immediately said angrily: "It is absolutely impossible to ask my guardian to help you go to heaven. Even if you treat me now Well, there is no chance of sending me back safely. I will never forgive you for the crime you committed against me."

Hearing what the Ninth Young Master said, Ye Feng grinned and said loudly: "No, no, no, I think you misunderstood. You are going to kill me. How could I save you and keep you safe?" Sent back? I want to replace you."

"What? Replace me?"

Hearing what Ye Feng said and seeing the strange smile on Ye Feng's face, the Ninth Young Master felt an extreme chill in his heart for no reason, and he couldn't help but said in fear: "You ...What are you going to do?"

At this moment, Ye Feng showed a mysterious and weird smile on his face, and said loudly: "What do I want to do? Didn't I tell you? I want to replace you, as long as I become you, and then find your Protector, he can take me directly to the heaven through your Great Demon God Sect's method."

After finishing speaking, Ye Feng directly released the Devouring Domain in the eyes of the other party with great fear, swallowing up all the energy, energy and skills of the Ninth Young Master.

Although this Ninth Young Master's combat power is not very good, his cultivation level is three levels higher than that of Ye Feng, so the energy he provides is still very abundant.

After Ye Feng swallowed it, the cultivation aura on his body immediately broke through three small realms and entered the forty-third realm of the Earthly Evil Realm!

At this time, after Ye Feng devoured the opponent into flying ashes, he directly used his own skills to become the appearance of the Ninth Young Master, and his cultivation skills also completely transformed into the Great Demon God Sect practiced by the Ninth Young Master. No one can see any flaws in his demonic skills.

Because Ye Feng's cultivation skills can transform into power of any attribute in the world, this is a special ability that no one has, so Ye Feng can perfectly disguise himself as anyone.

At this time, Ye Feng also picked up the storage ring that the Ninth Young Master had dropped on the ground and put it on his finger.

From the Ninth Young Master's storage ring, Ye Feng obtained the natal inheritance practiced by the Ninth Young Master. It is a kind of demonic inheritance in the Great Demon God Sect, called "The Demon King's True Body Art".

Ye Feng still needs to practice this inheritance to avoid exposing his disguised identity.

After all, he is now pretending to be the Ninth Young Master, and he must learn everything about him, including inheritance and the like.

Moreover, this set of inheritance originally came from a major force in the heaven, and its level is not low. Ye Feng can also enhance his own strength after practicing it, which can be said to kill two birds with one stone. Hearing what Ye Feng said at this moment, the Ninth Young Master, who was lying on the ground seriously injured like a dead dog, felt deeply ashamed.

Because in his eyes, Ye Feng was just an ant that he could crush to death at any time.

Hearing what Ye Feng said, seeing that there seemed to be a smile on Ye Feng's face, Seeing some strange smiles, the Nine Young Master felt an extreme chill in his heart, and couldn't help but said in fear: "You...what are you going to do?"

At this moment, Ye Feng showed a mysterious and strange smile on his face, and said: "What am I going to do? Didn't I tell you? I want to replace you. As long as I become you and find your protector, he can take me directly to the heaven through the methods of your Great Demon God Sect."

After that, Ye Feng released the devouring field in the other party's terrified eyes, and swallowed and absorbed all the blood energy and skills of the Nine Young Master.

Although the Nine Young Master's combat power is not very good, his cultivation realm is three realms higher than Ye Feng, so the energy he provides is still very abundant.

After Ye Feng swallowed, the cultivation aura on his body immediately broke through three small realms and stepped into the 43rd realm of the Earthly Evil Realm!

At this time, after Ye Feng devoured the opponent into ashes, he directly activated his own power and turned into the appearance of the Ninth Young Master, and his cultivation power was completely transformed into the magic power of the Great Demon God Sect that the Ninth Young Master practiced. No one could see any flaws.

Because Ye Feng's cultivation power can be transformed into any attribute of power under the sky, which is a special ability that no one has, so Ye Feng can perfectly disguise himself as anyone.

At this time, Ye Feng also picked up the storage ring that the Ninth Young Master dropped on the ground and put it on his finger.

From the storage ring of the Ninth Young Master, Ye Feng got the life inheritance that the Ninth Young Master practiced, which is a magic inheritance in the Great Demon God Sect, called "Demon King True Body Art".

Ye Feng still needs to practice this set of inheritance, so as not to expose his disguised identity.

After all, he is now pretending to be the Ninth Young Master, and he must learn everything about him, including inheritance.

Moreover, this set of inheritance originally came from a powerful force in heaven, and its level is not low. Ye Feng can enhance his strength by practicing it, which can be said to be killing two birds with one stone.

Chapter 5256 Return to Heaven

At this moment, Ye Feng completely transformed into the appearance of the Ninth Young Master, and the cultivation skills contained in his body also became the demonic skills of the Great Demon God Sect that the Ninth Young Master cultivated.

At this moment, Ye Feng is no longer any different from the previous Ninth Young Master.

At this time, Ye Feng had learned from the memory of the Ninth Young Master that the real name of the Ninth Young Master was Mo Wushuang.

And the protector of the Ninth Young Master is the old man in black, whom Mo Wushuang usually calls Mr. Shen.

At this moment, Ye Feng was very happy after learning this useful information.

Because now that he has completely disguised himself as the Ninth Young Master, he is no longer afraid that the guardian will kill him.

And as long as Ye Feng can disguise himself perfectly, he may be able to follow Mr. Shen and enter the heaven directly from the God-Demon Cave through the method of the Great Demon God Sect.

At this moment, Ye Feng did not hesitate. After pretending to be the Ninth Young Master Demon Wushuang, he directly practiced the Demon King's True Body Technique, which was the Demon Wushuang's destiny.

At this time, having prepared everything, Ye Feng immediately rushed out of the area and flew quickly in the direction of the old man in black.

Soon Ye Feng saw that Mo Wushuang's protector, the old man in black, Mr. Shen, was floating on a mountain not far away. He seemed to be sensing something. He should be sensing where Ye Feng was. .

But at this time, the old man in black saw Ye Feng flying over from not far away. Of course, now Ye Feng had disguised himself as the Ninth Young Master. When the old man in black saw his Ninth Young Master returning, he couldn't help but There was a look of deep surprise in his eyes, and he said aloud: "Ninth Young Master, have you returned safely? Where is that hateful boy?"

At this time, the old man in black naturally did not doubt Ye Feng's identity, because Ye Feng's disguise can be said to be the most perfect in the world.

Not only can he change his appearance

#Every time verification appears, please do not use incognito mode!

His appearance and body shape can become another person, and he can also completely transform his cultivation skills and life origin into other life origins.

Therefore, Ye Feng's disguise is absolutely unprecedented and unprecedented. It is simply perfect.

Even the old man in black couldn't see through Ye Feng's disguise.

What's more, Ye Feng still has the means and abilities of the soul, so when Ye Feng devoured the Ninth Young Master Demon Wushuang, he had already used the soul search method at the soul master level to retrieve all the main memories of this Demon Wushuang. Out.

Therefore, it can be said that Ye Feng's current disguise is completely impeccable.

He also knows everything Mo Wushuang knows.

If Ye Feng does not have the means of a soul master and cannot use the soul search method to find out the information that Mo Wushuang knows, in that case, Ye Feng is just a disguise in body and skill, and may also show his flaws.

But now that Ye Feng knows everything Mo Wushuang knows, it is impossible for his identity to be discovered.

At this time, Ye Feng disguised himself as the Ninth Young Master Demon Wushuang. Without any hesitation, he immediately flew in front of the old man in black and said with a smile: "Mr. Shen, that boy is just this Ten Thousand Demon Interface He is just a low-level practitioner, and he actually tried to control me through some special means and make me work for him, but I killed him directly. I was seriously injured by his sneak attack before, but I didn't After reacting, when I really reacted and slowly recovered my strength, I killed the kid directly when he wasn't paying attention. After all, his cultivation level was three levels lower than mine. , If it weren't for the sneak attack, he would have been crushed to death by me. "

Hearing what Ye Feng said, this old man in black

Naturally, there was no doubt, because the old man in black never thought highly of a low-level practitioner like Ye Feng with a low-level interface.

What he couldn't have imagined was that Ye Feng had already secretly disguised himself as the Ninth Young Master Demon Wushuang, and even dared to return to deceive him into trusting him.

At this time, the old man in black nodded and said loudly: "Did that boy get the gear of destiny?"

Ye Feng nodded and took out the gear of destiny from the storage ring.

Seeing this treasure, the old man in black immediately said happily: "When the Lord's birthday party is held, Ninth Young Master, if you can present this gear of destiny, the Lord will be very happy. Yes, by then the Ninth Young Master's status among the many descendants of the Lord of the Palace will also be steadily improved."

Hearing what the protector said, Ye Feng smiled slightly and said, "I hope father will be satisfied with this treasure."

This gear of destiny does not have much effect on Ye Feng.

Ye Feng has imprinted the secret of the power of destiny in this gear of destiny on his martial arts heart.

Therefore, the destiny gear itself is no longer particularly important to Ye Feng.

What is truly precious about the gears of destiny is the mystery of the power of destiny contained within them.

Ye Feng has already understood it.

Therefore, if this wheel of fortune is given directly to the master of the Demon King's Palace, Mo Wushuang's father, it might really improve his status.

When the time comes that I am in the Great Demon God Sect, I may be able to secretly steal various cultivation resources from this super powerful force.

Ye Feng's main goal is to enter the heaven, seek stronger power, fulfill his promise to the gods, and finally enter the higher cultivation dimension of the outer world.

Please do not use the traceless mode every time verification appears!

So Ye Feng does not necessarily have to find the mysterious woman Su Xin in the silver robe who met him before and join the Changsheng Xianmen.

This Great Demon God Sect is also one of the giant forces comparable to the Changsheng Xianmen in the heaven.

This information was learned by Ye Feng from Mo Wushuang's memory.

In the southern area of the heaven, there are a total of three giant forces, and the Changsheng Xianmen and the Great Demon God Sect are one of the three giant forces.

It's just that one is a fairy sect force and the other is a demon sect force, and they don't interact with each other.

Since Ye Feng has now disguised himself as the ninth young master and can deceive everyone, then he may be more handy in the Great Demon God Sect.

After all, the identity of being the offspring of the master of the Demon King Palace, one of the three major demon palaces in the Great Demon God Sect, can indeed allow Ye Feng to obtain good rights and resources at the beginning.

This might be a better start than entering the Immortal Gate of Immortality.

Just as Ye Feng was thinking secretly, the old man in black said: "Since the things have been found, then Master Nine, we can directly leave the Cave of Gods and Demons and return to the heaven."

When he said this, the old man in black grabbed Ye Feng's shoulder and took out a small token from his storage ring.

Buzz!

I saw that this token immediately released a terrifying space fluctuation.

Seeing this scene, Ye Feng's eyes suddenly showed a look of surprise.

I didn't expect that the means of the Great Demon God Sect were so magical. The cross-border teleportation formation was engraved on a small token, allowing the old man in black and the previous Master Nine to teleport directly to the Cave of Gods and Demons from any location, and then teleport back.

It must be said that these giants and forces in the heaven are still very profound.

Chapter 5257 Deliberately Finding Trouble

Buzz!

At this moment, accompanied by a violent space fluctuation, Ye Feng and the old man in black completely left the cave of gods and demons and were directly teleported to the heaven.

When Ye Feng opened his eyes, he found that they had appeared in a black forest.

In the distance of this black forest, there were mountains.

Among these layers of mountains, each peak stood a black building.

The whole mountain and land exuded a very strong dark atmosphere.

Among the layers of mountains in the distance, the countless buildings all represented a huge force located here.

Ye Feng knew that there was the base camp of the Great Demon God Sect.

At this time, the old man in black took Ye Feng and flew quickly towards the direction of the Great Demon God Sect in the distance.

When they arrived at the Great Demon God Sect, Ye Feng sensed it slightly, and his face suddenly changed.

This Great Demon God Sect is indeed a super power in the heaven, and it is indeed terrifying.

Because Ye Feng just sensed that there were countless strong men in this Great Demon God Sect, and many terrifying auras made Ye Feng feel creepy for a moment, and he didn't know how many times stronger he was.

And you have to know that this Great Demon God Sect, like the Changsheng Immortal Sect, is only one of the three giant forces in the southern area of the heaven.

According to the memory of the Ninth Young Master Mo Wushuang, Ye Feng learned that in the heaven, the southern area is just an area with relatively weak comprehensive strength in the vast interface of the entire heaven.

The area with the deepest foundation in the heaven is said to be in the east, which is called the Eastern Shenzhou.

And the Eastern Shenzhou is connected to the only endless ocean area in the heaven.

And in the endless ocean, there are countless ancient cultivation civilizations and ancient ocean races.

So the place with the deepest comprehensive foundation in the heaven is the Eastern District composed of the Eastern Shenzhou and the Endless Ocean.

As for the South District, North District and West District, although the comprehensive foundation is also very terrifying, it is definitely worse than the Eastern District composed of the Eastern Shenzhou and the Endless Ocean.

When verification appears every time, please do not use the invisible mode!

After learning about the vast structure of the entire heaven, Ye Feng is more looking forward to the entire heaven.

Sure enough, if he wants to pursue stronger power, he must enter the heaven.

And Ye Feng knows that he must become the most powerful in the heaven, and he may be qualified to enter the high-level cultivation dimension of the outer world.

Although Ye Feng can now go to the end of the world of the origin of the heavens and the worlds and enter the high-level cultivation dimension of the outer world, it may be very dangerous.

So Ye Feng has always been worried about his father and mother. At that time, they entered the outer world for the sake of the Ye family and searched for the ancestors of the Ye family. They may encounter great dangers and even life-threatening situations.

So Ye Feng has been working so hard to become stronger and finally enter the outer world.

Because if he does not become the most powerful and enter the outer world, then after entering the outer world, he will probably be very weak. At that time, even if he finds the whereabouts of his father and mother, he will not be able to protect them.

Therefore, Ye Feng tried his best to become the strongest existence in the world of the lower dimension, and then go to the higher dimension of the outer world. In this way, he might have a stronger ability to protect himself and others.

Just when Ye Feng was thinking secretly in his heart, the protector Shen Lao brought Ye Feng to the base camp of the Great Demon God Sect.

There are countless ordinary disciples in the Great Demon God Sect, but the most distinguished are the members of the three major demon halls.

The three major demon halls are the Demon Emperor Hall, the Demon Emperor Hall and the Demon King Hall, each one is more powerful than the other.

Although the Demon King Hall is the lowest among the three halls, it is definitely more precious than ordinary disciples or ordinary elders.

So Ye Feng is now pretending to be Mo Wushuang. Although he is the ninth offspring of the master of the Demon King Hall and is not very favored, his identity is there after all.

So when Ye Feng returned, many ordinary disciples in the Great Demon God Sect saw Ye Feng wearing the special costumes of the young master of the three halls, and they all showed deep awe in their eyes.

Because even if Ye Feng is the weakest and least favored ninth young master in the Demon King's Palace, he is much more noble than ordinary disciples and elders.

Not to mention that Ye Feng is accompanied by an extremely powerful protector, which naturally makes many ordinary disciples of the Great Demon God Sect look at him with awe and envy.

Ye Feng sensed this awe and smiled secretly in his heart.

It seems that his choice to disguise himself as Mo Wushuang, the ninth young master of the Demon King's Palace, and come to the Great Demon God Sect was right.

Not only can he follow the protector Shen Lao directly to the heaven so easily, but he also entered the super power of the Great Demon God Sect and easily obtained such a noble identity.

In a super power like the heaven, the more noble and special the identity, the more abundant the rights and cultivation resources will be.

This may be much better than going to the Changsheng Immortal Sect and becoming an ordinary disciple.

Although the mysterious woman in the silver robe, Su Xin, had promised him that she could directly become a disciple of the Ice Temple, one of the five major temples of the Changsheng Immortal Sect.

But the premise is that Ye Feng must show the Ice Sword he got in front of the master of the Frozen Temple to prove his specialness.

The Ice Sword in Ye Feng's hand is too special. Ye Feng knows that once he shows the Ice Sword, he may really become a distinguished disciple of the Temple in the Frozen Temple of the Immortal Sect of Immortality, but this peerless treasure in his hand will definitely be exposed. At that time, there may be countless crises from the light or the dark. It is definitely not as comfortable as he is now pretending to be the ninth young master of the Demon King Palace of the Great Demon God Sect, and he also enjoys the same noble rights.

While Ye Feng was thinking secretly in his heart, the protector Shen Lao brought Ye Feng to the area of the Demon King Palace.

Ye Feng saw,

Every time verification appears, please do not use the invisible mode!

The Demon King Palace is worthy of being one of the three palaces. The place occupied by the Demon King Palace can be said to be a very central area in the base camp of the Great Demon God Sect.

There are many spiritual trees and spiritual herbs planted here. Through their breathing, the spiritual energy released is very rich. It can be said that practicing here is twice the result with half the effort.

Swish!

But before Ye Feng could take a closer look, a young man in golden armor suddenly flew over from not far away.

This young man in golden armor had a sinister look in his eyes. He flew directly in front of Ye Feng. He seemed to have a trace of disdain in his eyes and said, "Ninth brother, I heard that you went to the God and Demon Cave for your father's birthday banquet. What good things can there be in a place of opportunity and fortune in a low-level interface? Ninth brother, you are really getting worse and worse. Even for your father's birthday, you go to such a low-level place to find some low-level treasures, and you dare not go to the place of opportunity and fortune in the heavenly realm around our Great Demon God Sect. You are really a shame to our Demon King Palace."

At this moment, the moment this young man in golden armor came in front of Ye Feng, he directly mocked Ye Feng, the ninth young master of the Demon King Palace.

Ye Feng immediately learned from Mo Wushuang's memory that this young man in golden armor was the seventh son of the master of the Demon King's Palace, that is, the seventh young master Mo Tianyuan, who had always looked down on Mo Wushuang, the ninth son.

At this moment, before Ye Feng could say anything, the seventh young master Mo Tianyuan immediately continued to speak coldly: "Ninth brother, the treasure you got from the God and Demon Cave this time that you want to present to your father, hurry up and take it out for me to see. I will reluctantly help you identify this low-level treasure to see if it will arouse your father's interest, so that you won't make a fool of yourself at the birthday banquet and lose the face of our Demon King's Palace, because there will be many distinguished guests at that time."

Hearing what the seventh young master Mo Tianyuan said, Ye Feng smiled faintly and said: "So you deliberately made trouble just to see the treasure I got from the God and Demon Cave. I see that you said so much, not because you are disdainful, but because you want to get the treasure I found in the God and Demon Cave. You also know that the treasure of the gear of destiny is very precious."

Chapter 5258: Fierce Competition

Hearing what Ye Feng said at this time, the eyes of the Seventh Young Master Demon Tianyuan suddenly showed a gloomy look.

Then he smiled coldly and said aloud: "Ninth brother, I didn't expect you to be so bold now and dare to directly question my decision. It seems that I didn't beat you enough before."

At this time, Ye Feng learned from the memory of the Ninth Young Master that the Seventh Young Master Mo Tianyuan had always liked to suppress him, the Ninth Young Master.

So at this moment, Ye Feng would not obey at all, but directly resisted and said: "Mo Tianyuan, if you want to fight, then just take action, don't talk here and talk nonsense. "

"What?"

Hearing what Ye Feng said, the seventh young master Mo Tianyuan suddenly showed an incredible look in his eyes, and then said angrily: "Mo Wushuang, I didn't expect you to dare to call me by my name. It seems that you are really too courageous, so I will teach you a lesson for my father who doesn't know how high the sky is."

boom! ??

After finishing speaking, Mo Tianyuan immediately burst out with a huge aura of cultivation.

This Mo Tianyuan's cultivation level is astonishingly four or five realms higher than Ye Feng's current level.

I have to say that this Motianyuan is still very powerful and can definitely be regarded as a master among the younger generation.

But at this time, Ye Feng did not retreat, but took a step forward.

At this moment, the old man in black, the protector standing by, couldn't help but said: "The Ninth Young Master, the Seventh Young Master is very powerful. You are no match at all, so you should beg for mercy."

Obviously, although this old man in black is the protector of the Ninth Young Master and has very strong cultivation, he does not dare to take action against Mo Tianyuan, the Seventh Young Master, let alone stop Mo Tianyuan, the Seventh Young Master.

#Every time verification appears, please do not use incognito mode!

At this time, Ye Feng smiled faintly and said, "Let him take action. I want to see if Mo Tianyuan dares to beat me to death."

Hearing what Ye Feng said at this time, Mo Tianyuan's eyes flashed fiercely, and he said coldly: "Mo Wushuang, although I dare not beat you to death directly, I will give you a lesson and a beating." It's okay to be half dead."

There was no emotion on Ye Feng's face at this time. He knew that the nine children of the Lord of the Demon King's Palace basically had the same father but different mothers. Moreover, for cultivation resources, the many heirs also competed with each other, so they There is no so-called brotherhood between them at all, some are just using each other or suppressing each other.

This is the cruelty of a demonic force like the Great Demon God Sect.

However, in the vast land of heaven and among the many super powers, competition is very fierce and very involution.

Therefore, whether it is a fairy sect force or a demonic force such as the Great Demon God Sect, competition is basically very cruel.

At this moment, Ye Feng didn't say much, but directly used Mo Wushuang's natal inheritance, the Demon King's True Body Art.

This set of inheritance is Mo Wushuang's natal inheritance, and Ye Feng had already learned it when he was pretending to be the Ninth Young Master.

If Mo Wushuang performed it himself, it probably wouldn't have much power.

After all, Mo Wushuang has always been the lowest-ranked young master in the Demon King's Palace, so even if he has a more noble status, he does not usually get many training resources, and many of the training resources are provided by his half-brothers and sisters. They snatched it away directly.

Especially this Seventh Young Master

The main demon Tianyuan had previously snatched many of Mo Wushuang's training resources. Ye Feng could read this in Mo Wushuang's memory.

So at this time, Ye Feng also wanted to treat others in his own way.

Although in the Great Demon God Sect, the heirs of these nobles cannot be killed casually, otherwise, it is likely to cause huge trouble.

But the other party didn't dare to kill him.

As long as their lives are not harmed, it is perfectly fine for them to fight each other and rob each other's wealth.

Even if the master of the Demon King's Palace knew about it, he would not care about such a trivial matter.

Because in the Great Demon God Sect, the rules are very cruel. Everyone competes with each other. Whoever is not strong enough will be robbed. It is very normal.

At this moment, Ye Feng directly used the Demon King's True Body Technique.

The old man in black who was standing aside showed a trace of nervousness in his eyes.

Because he knew that the Ninth Young Master had always been relatively weak and could not possibly be the opponent of the Seventh Young Master Demon Tianyuan.

However, the moment Ye Feng displayed the Demon King's True Body Technique, a majestic ancient Demon King's true body, which was several kilometers tall, was immediately condensed behind Ye Feng. It possessed majestic and vast power, giving people a very... A terrifying sense of depression.

"What? The Ninth Young Master has actually cultivated the Demon King's True Body Technique to such an extent that in an instant he can condense the true form of the ancient Demon King, which is thousands of meters tall and has a terrifying pressure?"

At this time, the old protector in black, Mr. Shen, who was standing not far away, had a look of shock on his old face.

At this moment, he seemed to have thought of something, and immediately couldn't help but feel excited.

Murmured in surprise, "It seems that the Ninth Young Master has been hiding himself. This time, after the Ninth Young Master obtained the gear of destiny and presented it to his father, his status will be greatly improved, so he no longer hides his weakness, but begins to show his edge."

The old man in black thought secretly at this time, thinking that the Ninth Young Master Mo Wushuang had been disguising his strength before, showing weakness to the enemy, so that he could develop silently.

However, he probably never thought that the real Ninth Young Master Mo Wushuang had already died in that distant world of the God and Demon Cave.

The current Ninth Young Master is Ye Feng.

However, even if the old man in black racked his brains, he would not have thought that his Ninth Young Master would be disguised by Ye Feng.

Because Ye Feng's cultivation skills and life origin, and even the inheritance of cultivation, are perfectly synchronized with Mo Wushuang, so no one can see this layer of disguise.

At this moment, Mo Tianyuan said with a cold smile: "Mo Wushuang, I didn't expect you to really dare to fight with me. It seems that the lesson I taught you last time was not enough. This time I must beat you half to death. The gear of fate on your body belongs to me after all. Only I can get my father's favor. I will never allow you to take my favor away."

Boom!

At this moment, Mo Tianyuan immediately took out a black long sword. As he chanted a spell, the surface of the black long sword suddenly lit up with blue spell symbols.

This black long sword directly burst out with tremendous power. On the blade, a huge blade light of several thousand meters long rushed out instantly, and instantly chopped towards Ye Feng's direction, with the power to destroy the world.

Obviously, this is a very advanced weapon with terrifying destructive power.

Chapter 5259: Seizing the Storage Ring

But at this time, facing the huge and earth-shattering sword light that was slashing at him, Ye Feng's eyes showed no fear, but instead were full of fighting intent.

At this moment, Ye Feng frantically activated his huge mana, and fully exploded Mo Wushuang's natal inheritance, the Demon King's True Body Art.

At this moment, the thousands-meter-long majestic and huge Demon King's true form condensed behind Ye Feng suddenly rushed forward quickly, directly colliding with the huge batch of cut down swords.

Boom!

The entire field suddenly erupted with a huge roar, the battle fluctuations were terrifying, and the destructive power was astonishing.

The next moment, what made the seventh young master Mo Tianyuan's eyes widen was that his extremely powerful sword did not smash the Demon King's true body condensed by Ye Feng. Instead, the Demon King's true body used his hands to smash his high-level The incomparable sword was caught directly, and even Mo Tianyuan could not continue to make the next cut.

"What? How is this possible??" .??.

At this moment, Mo Tianyuan's eyes suddenly revealed a look of deep horror.

He couldn't help but look at Ye Feng and said in disbelief: "This is impossible!! How could your cultivation strength suddenly become so strong? When I taught you a lesson half a month ago, you condensed The Demon King's true body is only a hundred meters in size, and its power is very limited. But now you can actually condense the majestic Demon King's true body, which is thousands of meters tall, in an instant, and even has such terrifying power. This is absolutely impossible. ! It's impossible for you to improve so much in just half a month in the Cave of Gods and Demons!"

When Ye Feng heard Mo Tianyuan's incredible voice, he immediately couldn't help but smile mysteriously and said: "How do you know that I didn't get any huge opportunities in the Cave of Gods and Demons, so that I became like this? powerful."

Hearing what Ye Feng said at this moment, Mo Tianyuan seemed to have thought of something and immediately

He couldn't help but said: "It must be the Gear of Destiny! It is a magical treasure like the Gear of Destiny that has given you such a powerful ability. Otherwise, it would be impossible to explain that your cultivation strength suddenly became so powerful. "

At this time, when the old man in black not far away heard what Mo Tianyuan said, he couldn't help but have a look of doubt in his eyes, because in a short period of time, he really couldn't explain why the Ninth Young Master Mo Wushuang suddenly became So powerful.

At this time, the old man in black stared at Ye Feng's figure, with a thoughtful look in his eyes.

At this moment, Ye Feng looked at the seventh young master Mo Tianyuan in front of him and said coldly: "How did I become so powerful? There is no need to explain to you. You just need to know that from now on, if you If you still want to cause trouble for me, then think carefully about your own strength, and don't lose your wife and lose your troops when the time comes!"

Boom!

Almost at the moment when Ye Feng's words fell, Ye Feng directly activated the Demon King's true body. The majestic and majestic Demon King's true body, which was thousands of meters tall, stretched out a huge black palm and took the Demon Tianyuan into his hands in an instant. The black sword was blown away by the bombardment.

Then in Mo Tianyuan's horrified eyes, the Demon King's true form directly pinched Mo Tianyuan's entire body in his huge palm, and then squeezed it tightly, causing Mo Tianyuan's seven orifices to start bleeding. It was obvious that he had suffered suffered huge damage.

"ah!!"

This made Mo Tianyuan immediately scream in pain and couldn't help but scream.

At this time, Ye Feng smiled coldly and said: "I am the same as you, I will not kill you, but I will treat you in the same way as the other person.

I'll beat you to death, and all your wealth will be in my hands. "

Almost at the moment Ye Feng's words fell, Ye Feng flew over directly, looked at Mo Tianyuan in front of him, which was held in the big black hands of the Demon King's true form, and then expressionlessly took out the two storage items on Mo Tianyuan's fingers. The ring was snatched away directly.

As the seventh young master of the Demon King's Palace, Mo Tianyuan had a lot of cultivation resources, and he actually used two storage rings to store his wealth.

At this time, Ye Feng naturally snatched all the two storage rings.

"No!!!"

When Mo Tianyuan saw this scene, he immediately screamed out in anger and pain: "Mo Wushuang, this is the wealth I have worked hard to accumulate for several years. This time I want to dedicate it all to my father. How dare you If you rob my wealth, you will put me to death. Give it back to me!"

"Back to you?"

Hearing what Mo Tianyuan said, Ye Feng laughed loudly and said: "Are you a child? You want me to return the wealth to you? You are too naive! You beat me half to death before Did you ever think so when you took away my wealth?"

Hearing what Ye Feng said, Mo Tianyuan immediately showed an extremely humiliated and angry expression on his face, but he had nothing to say, because he knew that the Mo Wushuang in front of him seemed to be a different person. It was so powerful and decisive in killing that it gave him a feeling of fear.

Especially when he saw the fierce light in the other person's eyes, it seemed that if Mo Tianyuan said one more word, he had no doubt that the Mo Wushuang in front of him would really kill him directly, regardless of any consequences.

At this moment, Mo Tianyuan shut up all of a sudden, obviously scared by the beating.

At this time, seeing

Mo Tianyuan seemed to be scared, Ye Feng smiled coldly, and suddenly flew in front of Mo Tianyuan.

Then Ye Feng stretched out his hand, patted Mo Tianyuan's face, smiled indifferently, and said: "Mo Tianyuan, I will teach you a profound lesson today. In the future, when you see me, Mo Wushuang, in the Great Demon God Sect, you should bow your head and be a human being."

Swish!

After saying that, Ye Feng directly snatched the two storage rings from Mo Tianyuan, and instantly flew quickly in the direction of his residence and left the scene.

And the protector, the black-clothed old man Shen Lao, also followed Ye Feng and left the scene at this moment.

At this time, the real body of the Demon King dissipated, and Mo Tianyuan broke free from the restraints, fell straight down from the sky, fell to the ground, and directly spit out a mouthful of blood.

This time, he really lost both his wife and his army. Not only did he suffer a heavy blow, but his self-confidence also suffered a huge blow. Even his storage rings were all taken away. It can be said that he was penniless in an instant.

Mo Tianyuan's face was extremely pale at this time, and his expression was a little dazed.

Because he never thought that the Ninth Young Master Mo Wushuang, who was still begging for mercy from his men half a month ago, suddenly became so powerful and decisive, which made him, the Seventh Young Master, feel terrified.

However, at this time, Mo Wushuang seemed to have thought of something, and suddenly a cold smile appeared in his eyes, and then he left the scene.

At this moment, Ye Feng had returned to his residence with Mo Tianyuan's two storage rings.

According to the memory of the Ninth Young Master Mo Wushuang read by the Soul Searching Method, Ye Feng came to his residence, which was a large mansion in the garden, where he lived alone. This was the privilege of the descendants of the Lord of the Demon King's Palace, and they did not need to live together with other ordinary members or disciples.

Chapter 5260: The Power of Destiny

At this time, Ye Feng walked into the big house where he lived. Without any hesitation, he directly took out the two storage rings that he had snatched from the seventh young master Mo Tianyuan.

Buzz!

At this time, Ye Feng released his spiritual thoughts and explored the two storage rings in Mo Tianyuan's hands.

The next thing that made Ye Feng's eyes light up was that there were a lot of cultivation resources in Mo Tianyuan's storage ring. There were a total of nine energy crystals that emitted light of different colors. They should be what Mo Tianyuan usually received from the Great Demon God Sect. The cultivation resources were used for his own cultivation, but it was a pity that they were snatched away by him.

There is also a very precious thing, which turns out to be a Tianshan Snow Lotus that exudes nine colors of light.

This nine-color Tianshan Snow Lotus is definitely a very high-level existence among the treasures of heaven and earth. It is very likely that Mo Tianyuan, the seventh young master, wants to dedicate this precious gift to his father, the master of the Demon King Hall. However, Ye Feng snatched it away.

Ye Feng was naturally very happy at this time. The seventh young master Mo Tianyuan came to provoke him, but instead he robbed him of his wealth.

These must be good things that Mo Tianyuan has been looking for for a long time.

Buzz!

At this time, Ye Feng did not hesitate, and directly released the Devouring Domain, and began to devour the cultivation resources contained in the Demon Tianyuan Storage Ring.

The most precious among them are naturally nine extremely high-grade energy crystals and a Tianshan Snow Lotus that exudes nine-color light. Of course, there are also some other cultivation resources. Ye Feng is all enveloped in his devouring domain.

Boom!

At this moment, a stream of good energy was immediately swallowed and absorbed by Ye Feng, and injected into his Dantian, causing Ye Feng's cultivation aura to begin to break through quickly and continuously.

boom!

The forty-fourth level of Earthly Evil Realm!

boom!

The forty-fifth level of Earthly Evil Realm!

boom!

The forty-sixth level of Earthly Evil Realm!

boom!

The forty-seventh level of Earthly Evil Realm!

At this moment, Ye Feng's cultivation level suddenly broke through four small realms in a row, directly breaking through from the previous 43rd realm of Earthly Evil Realm to the 47th realm of Earthly Evil Realm.

And it was just the cultivation resources in the hands of Mo Tianyuan, the seventh young master, that allowed Ye Feng to make so many breakthroughs at once, which made Ye Feng's eyes suddenly reveal a look of deep surprise.

Sure enough, the energy stored in these cultivation resources in the heaven is very advanced and of very high quality, so Ye Feng can quickly break through his own cultivation level.

If the Tianshan Snow Lotus or Energy Crystal obtained by Ye Feng were only bred from a low-level interface like the Ten Thousand Demons Interface, it would definitely only be able to break through a small realm at most.

But now these things allowed Ye Feng to break through four small realms at once, which can be said to be very fast.

At this moment, Ye Feng seemed to sense something. He suddenly looked in a certain direction outside the mansion and said loudly: "Mr. Shen, do you have anything special to say to me? I see that you have been observing me. "

Hearing Ye Feng's voice, the guardian Shen immediately appeared in the house and walked towards Ye Feng.

At this time, Mr. Shen showed a trace of doubt in his eyes and said loudly: "Seventh Young Master, Demon Tianyuan's cultivation is very powerful. I didn't expect that the Ninth Young Master could directly defeat him in an instant, and even robbed him of his body." Wealth, has the Ninth Young Master been hiding himself? Otherwise, it would be impossible to suddenly

Suddenly became so powerful. "

When Ye Feng heard what the protector Mr. Shen said at this time, he knew that the other party had some doubts about his identity. After all, the strength he suddenly showed was indeed shocking.

And this protector, Mr. Shen, can be said to be the most familiar with the Ninth Young Master Mo Wushuang, because firstly, he always protects Mo Wushuang, and he has watched Mo Wushuang grow up step by step.

At this moment, Ye Feng is not panicking, because his disguise is very perfect. Even if Mr. Shen has doubts, he will never doubt his identity. What he doubts may be why he suddenly became so powerful. What happened to him? What a chance.

Ye Feng had naturally prepared his words at this time, and immediately said with a smile: "Because I realized the legendary power of destiny from the gear of destiny I got. It is the power of destiny that makes my The overall strength has undergone such a huge change."

Destiny is the most mysterious and mysterious force in the world, and it is the most perfect way to explain one's own changes.

"What?"

When Ye Feng heard what Ye Feng said, the guardian Shen's eyes suddenly revealed a look of deep horror, and he couldn't help but exclaimed: "Ninth Young Master actually understood the legendary power of destiny? This is really unbelievable. The power of destiny contained in the gear of destiny is the most precious thing among this treasure. Even the Lord of the Palace will probably spend decades, even hundreds of years, to understand destiny. Didn't the Ninth Young Master realize the power of destiny within the gears in such a short period of time?"

Ye Feng nodded at this time and said with a smile: "Maybe the Wheel of Fortune chose me, because I don't know why I suddenly realized the power of destiny in the Gear of Destiny, which made my overall strength... I have undergone tremendous changes, otherwise I would not be able to

"Can beat the Seventh Young Master Mo Tianyuan."

After hearing what Ye Feng said, the protector Shen Lao finally nodded in amazement.

At this time, he finally understood why the Ninth Young Master Mo Wushuang suddenly became so powerful.

It turned out that he got the choice of the Gear of Destiny.

Because the Gear of Destiny, even in the heaven, is a very legendary treasure.

So this time they took great risks and descended from the heaven to the Cave of Gods and Demons, just to find the Gear of Destiny.

Because the Gear of Destiny is so precious, it is the most mysterious thing forged by the gods and demons in the Ten Thousand Demons Interface back then.

You know, the Gear of Destiny and some big figures in the heaven now may even be Some connection.

Because some of the big figures in the heaven now seem to have become gods and demons from some low-level interfaces, and then entered the heaven to cultivate and become big figures.

So the importance and uniqueness of the gear of destiny are very precious.

At this time, the guardian Shen Lao hesitated and couldn't help but said: "Master Jiu, since the gear of destiny has taken the initiative to choose you, Master Jiu, then Master Jiu had better not offer the gear of destiny to the Lord of the Palace, because if the gear of destiny is left in your hands, it may play a greater role and will also be of great use to the future growth of Master Jiu."

Hearing what the guardian Shen Lao said, Ye Feng immediately smiled and said: "It doesn't matter. Anyway, I have already comprehended the most precious power of destiny in the gear of destiny, so this thing is dispensable to me and has no great value. If I give it to my father this time, maybe it can greatly improve my status."
